Those words come out in a pleasurable cry. Shuri holds onto the back of her lover's head to entice him to go down further inside. His lips smack against her and bring more pleasure. Every second she feels pleasure creeping up her body. Until the moment where it comes.

Harry hits the pleasure centers just right. Shuri's juices flow out and lubricate her center. The Princess indulges herself in the mouth of the handsome young wizard who so expertly munches her out. He hits all of the right notes and the pleasure just causes the rush to go over her.

The second Harry pulls out, Shuri grabs onto his wrist and coaxes him over. She spreads her dark thighs to show Harry the smooth flesh ready for him. She does a pretty good job at displaying what she wants.

"Get that cock over me and give me a royal fucking."

"Patience, Princess."

The demand ensures that Harry will slow down and keep riling up the Royal. Shuri breaths in deep as she thirsts for him and his cock between her thighs. Harry's fingers dart against her and inflame her wet opening. Shuri closes her eyes. The denial frustrates her and also excites her.

The beginning of the next round starts with Harry grinding his cock head against her. Shuri tries to lift her legs up and draw Harry inside of her. The big cock dangling closer to Shuri's entrance only lights her on fire. Harry's fingers cup Shuri's breasts and gives them a very supple squeeze.

"You want this now, don't you?"

"If you please."

"Please helps."

It does indeed when Harry drives deep inside of the royal's tight pussy. The first few inches inside of her sets Shuri ablaze with pleasure. Her legs move up to grip the back of Harry's thighs. He
slides into her and fills up Shuri completely with the immense length.

"Fuck, you've never had anything like this. You're going to cry if I pull out, won't you?"

"NO!"

Harry smiles and slides his cock out of Shuri. He gets far enough to prompt panicked breathing. Harry brushes against the center of her tight core and makes Shuri's eyes just glaze over in pleasure.

Back into her Harry goes and her tight walls snugly grab him. Harry pushes into her and holds it. His hands move to caress her body. Shuri moves over to put her breasts in perfect position. Harry takes a dark-nipple into his mouth and sucks on it before moving over the tasty flesh on the other breast with his hand.

The alternating between left and right breast causes Harry to taste Shuri. The Princess pushes her hips up off of the bed and takes more of Harry inside of her. She moans underneath Harry. Harry worships her chest and allows her hands to massage the back of his head.

One cannot deny how good and tight Shuri's snug center feels. Harry pulls almost all the way out and back into her. She takes his cock with ease and every inch of it going inside feels like heaven. Shuri clutches and milks his probing prick with every motion.

The body language shows that her orgasm is near. Harry decides to toy with her and lifts Shuri up off of the bed. He slams her into the bed while driving his cock into her.

The orgasm hits and Shuri can't believe it. Her nails dig into Harry's back from the pleasure. She breathes heavily in Harry's ear.

"Keep going! Ride...don't slow down!"

Harry fills Shuri up with his length. Every inch of him just slides deeper into Shuri's womanhood and causes her to almost black out with the pleasure. Only determination and pride causes her to hold on. The feel the touch massaging not only the outside of her body, but also going into the very depths.

Her legs lift in the air and Harry runs his hands down them. The supple flesh gets a nice workout and Shuri feels the tension just build through her body. Harry fills that tension and eases it with deeper penetration. His balls repeatedly dance onto Shuri's thighs and get her closer and closer to the edge.

"You want it all, don't you, baby?"

"Mmm, yes, pound me! Pound me! Make me cum all over that big cock! I wish I had this a long time ago."

The smack of flesh upon flesh drives Harry deeper inside of her. Shuri's legs lock on at a point where Harry just needs to keep feeling her up while fucking her.

"We'll make up for lost time."

The depths Harry drives into her causes the pleasure to ripple through every crevice of Shuri's delightfully wonderful body. Harry can tell how close he is. How close he is to driving himself into Shuri and making her just clamp down harder on his cock. He pulls almost all the way out and drives himself into her.
"WE WILL!"

The rush coming from her allows Harry to slide in deeper. He gets closer than before. Harry leans in and lavishes Shuri's body with kisses and caresses. The reward leads to her pussy hugging him and trying to milk him. Strength and will-power allows Harry to give the Princess what she desires.

The thrusts bury deeper inside of Shuri and feed her wet cunt with Harry's throbbing hard cock. He pulls almost out of her and drives inside of her. Shuri holds onto Harry and moans in his ear the deeper he pushes inside of her. The deeper he goes, the more she feels lust just building over her loins.

"I want...I want this! Fuck me as hard as you can!"

The wizard's not one to back down and he fucks Shuri into the bed. The sheets become entangled in the both of them. Orgasm after orgasm chains through Shuri. Each one fueling her deepest, most lustful desires the further Harry smashes into her. The deeper he goes, the more Shuri clings onto him.

The end will be amazing. It will be wonderful. Shuri holds on for the ride as he not only brings pleasure to every inch of her body but gets inside of her mind. Harry's face disappearing inside of her sweaty chest in time with the battering thrusts sends Shuri over the edge.

Shuri breaths in and gets closer. His balls, so full of rich cum, dance against her. The strong children they can have only tips Shuri over the edge and makes sure she pushes Harry deep inside of her. There's no turning back. Shuri desires something really great from her.

She hisses in Harry's each and all of the pleasure pops like a cork. Harry's inside of her as far as he can go.

"I want you! I need you! I need all of you."

The tension both of them feel is about ready to bubble over. Shuri rises up off of the bed to take his cock easily inside of her. They match each other with Harry's balls growing more tense. She can feel his muscles yearning to have the release. Shuri tightens her grip around him to give Harry the release he craves.

"Fuck! I can't get enough of that tight! Fucking hot! Princess...Pussy!"

"I need you to cum right now. I'm on fire just thinking about it!"

Nails grip Harry to tighten his own grip against Shuri's luscious thigh.

"You're in luck."

Their sexual growls and moans mix in the air with Harry battering her pussy. The sex-crazed woman underneath Harry coaxes him to the edge. Harry repeatedly drives his cock into her. The Royal beneath him experiences pleasure given Harry's length plasting her deep in her tightest hole. She hangs onto the edge before Harry finally loses it inside of her.

The rush of Harry's seed spilling inside of Shuri's scorching center fills her up. Harry holds her down on the bed and repeatedly works her over with feverish thrusts. The balls repeatedly slap down onto her and fill her up. The release inside of her feels good.

Shuri closes her eyes when Harry sends his seed inside of her. This little alliance started out of necessity and ends with her getting the thrill ride of a lifetime.
To be honest though, Shuri's thinks her pleasure is quite necessary. White blasts of light shoot against her eye from Harry finishing her off.

The end comes with Harry pulling outside of her. A satisfied smile spreads over Shuri's face the moment he finishes. He sticks around after the fact which wins some points for her.

End.

Winter Wonderland
(Caitlin Snow and Elsa)

Two beautiful women are on the bed. One of them is Caitlin Snow, the meta-human known to the press as Killer Frost, although that name is still a leftover from the time where she lost her mind. Harry recalls it like it's yesterday. Caitlin went completely insane until Harry performs his magic on her. And then, Elsa, sits at the bed. The two women wear absolutely nothing, other than three strategically placed icicles. One hanging over each nipple and third hangs over the woman's crotch.

A very erotic sight greets Harry when the two women are licking popsicles. Elsa's tongue darts over the popsicle in a more subdued way. Caitlin, on the other hand, has less shame. She shoves the popsicle into her mouth and deep-throats it. Elsa's nipples push out from the other side of the icicle which covers it. Caitlin turns her attention to Harry who stands in the doorway.

"Good afternoon, ladies."

"Hello, Harry, "Caitlin comments. "Oh, have you been working out?"

"We're just enjoying a nice popsicle, "Elsa comments. "They're homemade….you want a taste?"

Harry moves over and takes a taste of the popsicle that Elsa's eating. Just as Harry suspects, it tastes like Caitlin. Caitlin pulls the popsicle out of her mouth and offers the Elsa tasting popsicle to Harry.

"Mmm. How very generous of you. You've brought us a nice big popsicle for us to enjoy as well."

Caitlin's hand palms Harry's crotch and his cock sticks out from the other side of the fabric.

"You'll find this one doesn't melt in your mouth as easily," Harry tells her.

"I'm more interested in the nice creamy filling inside," Caitlin says.

Elsa walks over towards Harry and undoes the buttons of his shirt. Her icicles smash onto the ground and Elsa's perfect breasts press against Harry's body. She runs down him.

"Oh, you don't mind losing a few layers, do you?" Elsa asks.

"Of course not. As you know, the cold never bothered me, anyway." Elsa rolls her eyes ever so slightly. She pushes her fingers down between Harry's legs. She grabs his pump balls and squeezes them.

Like the perfect sexual goddess, Caitlin Snow descends to her knees and takes Harry's hard cock deep inside of her mouth in one shot. Her lips seal around Harry. Harry looks down into Caitlin's shining blue eyes. Her blonde hair frames her face and the pale skin gives her the look and feel of a delicious ice nymph.
"I want a taste!"

Elsa sticks out her lips in a pout. Caitlin shifts over to the side and then climbs onto the bed. Her legs spread and Harry leans down to kiss her stomach. His lips work their way down Caitlin's body and then starts to kiss into her body.

"Oh, you liked how Elsa's popsicle tasted, didn't you?"

The only response Harry gives was his tongue shoving into Caitlin's warm snatch. The minty ice cream taste coming from her pussy makes Harry dive down inside of her.

Elsa grabs ahold of Harry's ass and shoves more of his cock inside of her mouth. The Queen pulls away and makes out with Harry's swelling cock head. Her tongue darts around his length, giving his cock a tongue bath. Elsa holds her hands around Harry and then shoves his hard cock deep into her mouth.

"Suck on that popsicle!" Caitlin cheers hips bucking up and down.

Harry dives between Caitlin's thighs and never quite has enough of her tasty center. Her legs wrap tight to hold Harry's face when he eats her out. His free hand grabs Elsa's head and gives her the royal treatment. His big cock keeps sliding between her warm lips.

Determination fills Elsa's eyes. She intends to suck all of Harry's cum out and feast on it before he fucks her and Caitlin. The Ice Queen throws her mouth around Harry's cock and sucks on it. Her cheeks hallow out when Harry pushes his cock deep into her mouth.

"Oh, fuck, taste me! Oh you magnificent bastard! Make me a sopping mess with that...amazing fucking...TONGUE!"

Caitlin howls at the last word and Harry keeps on her. Her warm pussy takes Harry's tongue inside of her. She opens up so Harry's tongue dances deeper inside of her. Every spot drives her further and further over the edge. Caitlin's nipples stick up high in the air. Harry pulls away from her, leaving Caitlin with a sense of loss.

"Getting close," Harry informs Elsa.

The woman on her knees redoubles the effort and sucks on Harry's massive prick as hard as possible. Harry forces his cock deep inside of Elsa's throat when it retracts and expands. He loses it and spills cum into Elsa's mouth.

Elsa hangs onto his balls and clenches with her cooling fingers. Her warm mouth wraps around his hard cock with her hand pumping in unison.

Harry pulls away from Caitlin's pussy. Elsa stands up to her feet with a mouth full of cum. She crawls over Caitlin. Caitlin opens her mouth and this allows Elsa to push her lips onto Caitlin's mouth and push the cum into her. The two of them kiss each other and share the cum.

Both ladies lay on top of each other. Their pussies open up for Harry to do what he wishes to them. He leans on in and rakes a finger against their backs and causes them to shiver. He can have his choice of which one of his lovely wives to fuck now.

Elsa buries her face into Caitlin's chest and sucks on her nice, big tits. The hard nipples make a perfect destination for Elsa's mouth. A hard cock head pushing against her warm lips.

"Oh, decisions, decisions."
Harry finally makes the juice and goes balls deep into Elsa. Elsa bites down onto Caitlin's nipple in response and causes a chain reaction of pleasure.

Despite the fact that Harry's inside of Elsa, his balls start slapping Caitlin. Caitlin moans and groans the harder Harry's full sac hammers her entrance. He touches her clit a couple of times when he shits ever so slightly. It sends chills through Caitlin's body, something which most certainly would not be possible with the weather.

"Oh, you fucking tease!"

Harry smiles and runs his hands over Elsa's sexy back. She pulls herself up.

"Harry! I'm feeling good!" Elsa breaths.

"Let it go."

"Let it go, let it go, let it go!" Caitlin chants from underneath Elsa.

Elsa almost has a snappy retort for Caitlin. Only to feel her walls tightening around Harry's massive phallus, ad him going into her. Those balls keep dancing against Elsa. She sizes up around Harry and then cums around his cock. Harry pushes into her and rides out her orgasm.

She lets it go and the feeling of Elsa tightly milking him makes Harry re-double his efforts to hold back. He pushes deep inside of Elsa while pushing her face into Caitlin's chest. This has a chain reaction of Caitlin crying out in pleasure.

Then, once Elsa's orgasm ends, Harry slides his cock out of her. It dances on Caitlin's warm opening. He holds her thighs apart and shoves his cock into her body. Her warm pussy lips suck Harry in.

"Someone's eager," Harry groans.

Harry pushes his hard cock inside of her warm pussy. Caitlin's legs wrap around Harry's back and holds him inside of her. Her hips push up to meet Harry.

"You have no idea," Caitlin breaths in his ear. "And I'm always eager for you."

Every bit of her pussy takes Harry inside of her. Harry pulls himself back and drives deep inside of Caitlin's warm pussy. He pulls almost all the way out and then teases Caitlin. His hands rest on Elsa's backside before driving a finger inside of her pussy to make sure she's alert.

Elsa's eyes glaze over from the hell of an orgasm. She realizes Harry's fucking Caitlin right behind her and then she feels his fingers graze her. Those fingers bring her enough pleasure to be satisfied. Caitlin moans deep and then bucks up. She almost rockets Elsa off of her. Elsa rolls to the side to allow Harry to be open and start fucking Caitlin's tight pussy hard.

"YOU MOTHERFUCKER!"

"Guilty as charged," Harry tells her.

Caitlin's warm walls close around Harry's cock at the reminder of his debauched activities. She closes around him and then releases his hard cock. Harry plants his throbbing hard cock inside of her overflowing quim. He pulls out of Caitlin and slams down inside of her.

"Take my pussy! Slam into it. Stretch it out! Make me your own personal cock slave! Oh, god,
suck my tits! Suck my perfect tits! I love the way your mouth is….MPH!"

Elsa crouches down onto Caitlin's face and grows a large hunk of ice from her pelvis. Ass pointing towards Harry and Elsa peering down into Caitlin's eyes, she grins when pushing the ice cock deep into Caitlin's cock.

"Choke on that. You want to use that nasty mouth. Use it for something constructive!"

Harry hammers Caitlin's pussy just as hard as Elsa forcefully face-fucks Caitlin's face with her ice cock. The kinky woman underneath him only clutches against him hard. Harry pulls his hard cock out of her and drives himself back into her. His big balls keep bouncing.

Lust burns every inch of Caitlin's skin. Elsa takes control and makes Caitlin's mouth her own personal fuck hole. The Queen's hands clutch the side of Caitlin's face.

"Take my cock like it's your job, bitch!"

Harry hammers Caitlin harder at Elsa's dirty mouth. Her perfect ass juts out for Harry to grab. The inviting little hole makes Harry have a pretty good idea where he wants to go next. He leans closer to Elsa and pushes her tongue into her pussy.

"Tickles!" Elsa yelps.

Harry keeps doing and buries himself face-first between Elsa's meaty cheeks while also fucking Caitlin nice and hard. Caitlin wraps herself around him. Icicles form on her nipples which grow wider. Harry buries his face down onto Caitlin's chest and sucks himself into the cleavage. He feels Caitlin siphoning off his endless supply of body heat.

"That's hot," Harry groans.

"You naughty bitch, draining our husband's heat!" Elsa yells. "Maybe I should give you something to really drain!"

Caitlin understands her role to get her mouth filled constantly with Elsa's ice cock. She looks up high into Elsa's eyes which sparkle with pleasure. Harry's cock driving into her puts Caitlin's attention temporarily on that. Then, Elsa reclaims the attention by forcefully ramming her cock, now with two ice balls slamming into Caitlin's face repeatedly.

Closer Harry reaches. Caitlin's cavern opens up to be coated with cum. The sorcerer pulls out of her with a large cock slamming inside of her tight quim. He pulls out again and pushes himself down inside of her. He repeatedly stretches and works Caitlin up to another edge.

"Cum for me, Cait," Harry breaths.

Only, Caitlin allows Harry to call her that name, without severely consequences. Harry's big balls tease her. She receives a hard face fucking from Elsa. Those balls start to melt and the cock weakens. Even though Elsa can just grow a new one and face-fuck Caitlin all of the same, which turns Caitlin on.

Harry spears his hard cock deep inside of Caitlin's tight pussy. His balls strain and then contract before blowing his load into Caitlin. The three lovers cum together, with Elsa's cock melting in Caitlin's mouth all of the same. Caitlin gets a mouth full of Elsa's melting juices and a pussy full of Harry's cock.

Elsa throws her head back with a moan. She enjoys Caitlin's tongue lapping her up the rest of the
way. Each swipe of the tongue brings new feelings to Elsa.

"Come here."

Crawling over towards him brings Elsa closer to Harry. She reaches him and clutches Harry's cock, moist and damp with Caitlin's juices. Elsa leans closer towards him and takes Harry's cock in her mouth and sucks it. She makes sure Harry is full and ready to go.

A second cock pushes against her asshole just seconds before Elsa is ready to climb onto Harry's cock. Two nice breasts push against her breath and a cool breath.

"Time for me to return the favor."

Elsa's entire mind turns completely numb. Harry pulls Elsa onto his lap and lines his huge cock up with her juicy pussy. He descends Elsa down the pole and starts to bring her warm pussy down onto Harry's hard cock when Caitlin slips into her from behind.

The perfect body of Queen Elsa pushes between Killer Frost and the Dragon. Her eyes flash over with pleasure when the double stuffing fun only increases. One cock burying between her accommodating asshole, moist and ready from Harry's actions earlier. And the other, belonging to her hero, her husband, driving deep inside of her body.

"Elsa, baby, I love your pussy," Harry breathes.

"It's missed your cock inside me," Elsa purrs in his ear. "DAMN IT, SNOW!"

Caitlin nibbles on the back of Elsa's neck. She pushes a strand of hair away from Elsa's face and then sucks her ear while driving her big icy cock into Elsa's warm asshole. The delicious body of the Ice Queen melds under her.

"Such language," Caitlin taunts her.

Moans come from Elsa from the process of being stuffed by two large members on both of her entrances. "You can go fuck…yourself."

"No, I'd rather fuck you."

Those breasts keep pushing against her. Elsa's own breasts brush Harry's chest. His hands come from underneath and keep touching Elsa. Elsa's entire body rocks up and down on Harry. Harry moves into her and shoves twelve inches of hard cock inside of her tight pussy.

"And I'm going to fuck you hard," Harry tells her. "All into the night. And all night long. I bet you'd like that then, wouldn't you?"

"YESSS!" Elsa moans out.

She can't hold it back. Elsa can't just help, but let it go and cum all over Harry's big cock. She pushes forward and Caitlin joins her. Her asshole pushes apart the deeper Caitlin shoves into her from behind. Fingers keep dancing all over her body from behind.

"Baby, keep cumming," Harry tells her. "Just cum for me again. You know you want it."

Elsa does want it, she wants to cum and cum hard all over Harry's cock. The double-penetration of both of her holes and also Caitlin shoving her digits into Elsa's mouth makes Elsa lose it completely. She throws her head back and almost bumps into Caitlin's face. Caitlin smiles and
kisses her.

The wild and untamed look Elsa undertakes only makes her more desirable for Harry. Her entire body thrashing and being sandwiched between himself and Caitlin makes her really hot. And her arms wrapping around his body, her legs twisting and turning makes things really pleasurable.

Caitlin loses herself first inside of Elsa's tight ass. She rides the train all the way to the end point of the station. Caitlin also gives her a hearty spanking and makes her scream out in pleasure. Caitlin pulls out of Elsa and slams into her ass one more time. Dribbling juices coats Caitlin's leg.

Now, Harry and Elsa stand alone. Elsa turns her full attention to Harry. Her legs wrap around Harry's ass when he drives her down onto the bed. Her hair flies all around the room. A small blast of snow and ice kicks into the air. Elsa's mouth hangs open.

"You're so beautiful," Harry groans.

Elsa smiles and takes her husband's thick cock on a repeat and on a loop. Those balls dance and push against her. Elsa throws her hips up off of the bed and keeps moaning. Harry attacks her breasts, her neck, and then runs his hands down her legs. Hundreds of small touches brings Elsa over to the edge and then Harry drags her all the way.

Harry pushes deep inside of Elsa and she clutches hard around him. He pulls almost out of Elsa and then drives deep inside of her body. Elsa throws her hips up and then goes back down all the way. She keeps milking Harry until he’s about ready to explode inside of her.

"Now, it's your turn to let it go."

The sexy breathy voice of his wife spurs Harry on. His hard cock drives on a loop. Caitlin's hand strokes his balls when they rise up all the way out of Elsa and slams down into her.

Finally, without any further pause, Harry drives his cock inside of Elsa. Elsa clutches Harry and makes sure no cum leaves her. Harry plants his thick cum into her. He feels the rush and the pleasure of a well-earned release. Harry pulls back out of her and then rocks into her.

Elsa's words fade away to loud and endless moans. She makes sure Harry does not leave her body. Stars shoot from the woman as the fresh snow covers their inner chambers. Right as Harry covers Elsa's womb with something else white and sticky.

Caitlin smiles and crawls over. One look at the temptress shows Harry she wants more.

"I know that big cock of yours has a few more rounds in it," Caitlin answers. "And when Anna and Jesse get back from their shopping trip, we can have some real fun."

No arguments can be made especially when Caitlin's mouth works against Harry's cock to bring him up the rest of the way. She squeezes Harry's thick balls.

Elsa joins them after catching her bearings in a display which heats up the ice palace.

End.

The Right Emotions (Sophie Roper)

Another Blog Exclusive Chapter featuring Mandy from 24. Head to the Blog Exclusive Chapter Page in the usual way, it's titled "Tread Lightly."

And now let the shameless smut commence.

The Right Emotions (Sophie Roper from Harry Potter)

A wisp of mist fires through the wand out of the fifth-year Gryffindor. Sophie Roper wants to scream. How can something so weak be so draining? The truth is, while she's most certainly not within the top ten students of her year, Sophie's still an above average student. Yet, she's performing under her expectations when trying to master this Patronus spell.

The brunette slides her glasses up the bridge of her nose and tries to concentrate again.

Every single time, a Dementor pops into her mind. Sophie remembers them from her third year at Hogwarts. Every time she walked past them during that time, the most horrible memories are brought to light. Sophie remembers the day her father died, the day her grandmother died, and pretty much everything tragic that ever happens to her.

"It's fine. Try again. Most adults don't master it."

Sophie's lips curl into a frustrated grimace. The leader of the DA, Harry Potter, stands behind her. There were others who mastered the Patronus Charm much faster, and Sophie takes it as an insult as she does not.

"You really need to focus on a happy memory," Harry says. "And they really need to have a strong emotional connection."

"I'm focusing!" Sophie yells. "How are you able to perform this damn spell when you were thirteen and I'm struggling with it? I mean, witches are supposed to mature at a higher rate than wizards, so technically I'm five years older than you or something like that."

Harry just gives her a reassuring smile. "It took me forever to master it. And I didn't truly master it until I was in a situation where I had to master it."

"Right, a hundred Dementors," Sophie says. She shivers. "I really hope that I never have to fight down a hundred Dementors. That's pretty awful."

"It's bad," Harry agrees. "You just got to take a deep breath. Calm down. Focus. I'm here with you. Just think about the strong emotions. It needs to have felt strong, something that you will remember for a long time."

"You mean like a first kiss or something?" Sophie asks with a roll of her eyes. "Please, like that's going to happen. I mean, I'm kind of a spaz, and I'm pretty sure a lot of the boys just avoid me on general principle because I don't know when to shut up…"

Harry spins her around and then kisses her. It's completely out of the blue. Sophie's mind almost shuts down from the fact that Harry Fucking Potter is kissing her. She can't register her surprise due to his tongue being completely busy with her mouth.
His hand slips up her skirt. Sophie squeals in his mouth. A bed appears in the middle of the Room of Requirement. The two pull apart as Sophie falls back onto the bed. She pinches herself to see if she's not dreaming. Fortunately, she's really not.

"Well, the room does give us what we require," Sophie says. "So, that's a strong emotion, but maybe you can give me something stronger...."

Harry pulls her panties down. As expected, she's already wet and excited, Harry leans down and puts his lips on her nether region. Sophie's legs spread for Harry to get inside of her lips. Harry plants his tongue deep inside of her and starts eating her out. Sophie's eyes flood over when Harry goes down on her.

"Harry!" Sophie shouts while bucking her hips up. "Eat me! Eat my pussy! I want you to eat it all up! Oh, damn it, I can't....I want your tongue deep inside me."

His tongue pushes against the very vocal girl and makes her gush all over his face. The emotions spike through her and Harry enjoys the taste of her pussy. She's not the first fine female of the DA that Harry samples and gives the proper motivation. And her legs feel very nice. Perfect, soft legs, encased in stockings, Harry cannot wait to have them wrapped around him.

Sophie's hips rise up and hit Harry in the jaw. She holds down the back of Harry's head and enjoys his face burying between her thighs. A warm slurp brings her tingling juices up. Harry laps her up and makes her thrash on the bed with a never-ending loop of moans.

He makes her completely cum all over his face. Sophie's legs wrap around Harry's neck as her pussy gushes completely. She comes down and drops on the bed. Sophie sits up with a dazed smile and reaches across the bed. She undoes Harry's pants and pulls them down to reveal his huge cock. Her eyes bug out for a second.

"Well, this is a happy memory," Sophie manages while smacking her lips together with desire dancing through her body. "I want this cock deep in my mouth. Do you mind?"

"Help yourself," Harry tells her.

Sophie leans in and touches her warm lips against Harry's cock head. His fingers guide her down onto his cock. The first few inches work into her mouth until the point where Sophie chokes. She whips back and Harry holds her face. Sophie guides her lips down onto Harry's cock.

"Easy does it," Harry says. "Have a nice taste."

A loud suck follows as Sophie makes a very vocal production of blowing Harry. Her nails scrap down against his balls while sucking him in and releasing him. Harry grabs the back of her head and then guides himself into her mouth. Sophie pulls back and licks his hard cock.

"It tastes great," she says. "I've always imagined you'd be big. But, I never thought it would feel this good. I have to suck your cock dry."

Harry guides Sophie down onto him. She takes his entire staff into her mouth and sucks it. Harry holds onto her and keeps working into her. The beautiful sight of her face working into wonderment the deeper she sucks his cock makes Harry grunt and work himself into her mouth.

The size of Harry's manhood stretches out her mouth. Sophie's cheeks hollow out the further and harder Harry drives his cock into her warm and inviting mouth. She moans the deeper Harry pushes inside of her and then pulls all the way out of her.
He repeats the thrusts on multiple levels. Harry grabs her hair and digs his fingers into her scalp. He repeats the thrusts and drives his cock deep inside of her mouth. Sophie wraps her lips and then goes as far as she dares on him. Harry guides her all of the way through this erotic trip.

One final ram and Harry spills down her throat. Sophie jumps up just in time to get the never-ending rush of cum down her throat. Harry holds tight and keeps shooting his cum into her throat. A couple more sucks bring Sophie to the edge. She hungrily sucks him down.

"Delicious."

Sucking him off makes her wet, and she knows the best way to entice him. Sophie licks the strand of cum from her lip and looks Harry in the eyes. She undoes her blouse and drops it down to reveal her chest in a lilac bra. She takes the bra off and drops it down.

Harry attacks her breasts and starts sucking on them. Sophie's moans only increase the deeper Harry sucks on them. His fingers keep dancing down her belly and then pulls away from her.

"I love how you suck my breasts. Ohh! I've never felt this good. I wonder when that big cock will be nice and ready for you to fuck me!"

A single leg lifts up and grinds up and down on Harry's cock. Sophie rubs his cock and makes sure it's nice and big. He rubs it down her leg and then moves over her. He holds Sophie's hips and then lowers himself into her. His big cock pushes open her moist lips and works deep inside of her.

"HARRY!" Sophie yells.

"Let's make some memories," Harry says. "Happy memories."

"Wet Happy Memories?" Sophie asks.

Harry just smiles and shoves more of his cock into her body. Her tight cunt squeezes him hard. It finally lets go of Harry until he shoves it back into her again. They are working with each other. Harry's fingers dig into her legs. He rises up and drives his cock into her tightening cunt again.

The pleasure cascades through Sophie's mind. She grabs onto Harry, legs wrapping around him. Harry pulls almost all the way out of her and drives himself into her. He slows down the thrusts making Sophie long for even more. His thick balls repeat their dance all over her warm thighs.

Twelve inches of thick meaty cock presses into her slit. Harry pulls out of her almost all of the way.

"Please," Sophie begs him. "Don't make me beg."

"But, that's half the fun?"

Harry drives his cock deep inside of her. She grabs onto his wrist and gives it a tight squeeze. He pulls out of her and allows his thickness to dance over her slit for several more minutes. Harry comes ever so close to entering her. Then he does.

Sophie clutches him. Her glasses dangle from her face from the force that he's fucking her with. Harry levitates the glasses off of her. She might not be able to see his well, but Sophie certainly feels his touch and his cock burying deep inside of her body. His thick balls slap against Sophie and make her rise up even further. She takes his cock in hard and deep with Harry working into her.

"Time for you to bring it to the next level."
She makes a musical squeal of delight. Harry's fingers dance down her legs as they tighten around him. The build-up inside of her rises to a peak before crashing down. Harry rams himself into her. Her milking pussy clamps around his cock.

"It's so good! Thank you!"

"Don't thank me yet," Harry tells her. "The best is yet to come."

Sophie wonders what he could mean by that. She quickly figures it out when Harry lifts her legs up. He spears her cunt on a repeated loop to use the back of her legs for leverage. Her tight little pussy receives an intense workout. Every time Harry presses down on her, Sophie's entire mind goes completely wild.

Harry holds deep onto his lover. He repeats his actions to shove his thick prick inside of her womanly hole. Sophie squeezes his cock and releases him. Every time she touches his cock, it feels very intense. Harry drives himself down into her with his balls slapping her thighs.

"SOOO GOOD!" she squeals in delight.

The long ride to the orgasm train crashes her down on the bed. Sophie pumps his sizeable prick deep inside of her cunt. Every inch of it spreads her out. Sophie burns what happens to memory. This is going to make a Patronus for the ages if she has everything to say about it. Harry touches her in a way she never thought possible. Yet, also in a way which Sophie always dreams he might have. Then again, what witch past the age of puberty didn't have her share of sex dreams with the Boy-Who-Lived as the star?

"You're amazing! You're the best! Oh, I don't know how you even stop the bad guys! I mean, women should be jumping your cock all day! Every day! Ooh, fuck! You can't...FUCK! FUCK! POUND ME INTO JELLY! TAKE THAT BIG COCK AND DRIVE MY BRAINS OUT OF MY FUCKING SKULL!"

Harry smiles at her very vocal declaration and keeps hammering Sophie. Sophie clutches Harry around the wrist and releases him. Her moans only redouble and increase the deeper Harry pushes inside of her. His balls grind against her and build the heat in her body.

A squeeze brings Harry further into her. Sophie's mouth opens and while the words are about to form, she can't quite get them out. Two balls dribble against her harder and faster. Sophie's fingers drive into his back and incite Harry's deeper intrusion into her.

"Sooo good!" Sophie purrs. "It's true what they say about powerful wizards. Speak softly and wield a big wand!"

A smile just passes over Harry's face. He keeps fucking her tight pussy as hard as humanly possible. She clenches him and moans out. It's so good she's almost going to pass out from the lust.

"Go ahead, and cum for me," Harry tells her. "Squeeze my cock. Make it feel good."

"Yes! I will!"

Sophie tightens her grip on his big cock. She releases it just so it can slide out only to slam back into her. Those thick balls keep dancing all over her thighs. Sophie digs her nails into the back of her lover.

Durable skin comes in handy otherwise Sophie will claw him up like a feisty kitten. His balls slap deep into the witch the further he plunges into her. He pulls out of her and drives deep inside of
her. Sophie holds onto him and squeezes her legs around him.

"It's your turn, lover boy," Sophie breaths. "Come on, I can feel how heavy they feel. I want you to cum in me! Make me that happy memory!"

Harry rams his cock into her at a super speed. She screams and moans the further Harry pushes inside of her tightening cunt. He knows all of the right buttons to push to drive Sophie completely nuts. He blows a lock of hair back and kisses her on the side of the ear which makes results in endless gushing all over his cock.

Finally, all good things come to a close. Harry holds it out as long as he is able to.

"I want you to focus on this moment during your next cast, Sophie."

Sophie doubts she'll be able to cast or think straight today. Regardless, Harry hammers her hard and draws out her latest and greatest orgasm. She closes around him and releases Harry's big cock.

He drains his balls into Sophie's tight pussy. He grabs onto her and drives deep inside of her warm cunt. Sophie clutches him and drains the contents of his balls into her.

"I hope that this helps."

Sophie smiles when Harry pulls out of her. She burns the image to memory. It will fuel her dreams and Patroni for some time to come.

**Next Chapter:** 2/23/2018.
Curiosity hits Stephanie Brown when she enters the elevator leading up to the top level of the Clocktower. Barbara never calls them unless it's urgent, normally going over her intel in the radio. She dresses in a purple tank top, a black leather jacket, and a pair of tight leather pants which fit around her tight backside like a second skin. The nineteen-year-old college Freshman stops and turns to her companion.

Steph pushes a strand of blonde hair away from her face and comes face to face with the dark-haired girl near her. Cassandra Cain dresses in a pair of skin-tight leather pants and a tight black tank top which shows her toned body off quite nicely. The scars on her do not detract, even though they tell a sinister story about her tortured upbringing.

"Why do you think Babs wanted up here?"

"See soon."

Cass isn't someone of many words. She prefers action even after learning to speak. Steph shrugs at her best friend's words and she pushes the button open.

The second the two of them enter the room, they see Barbara Gordon's back to them. It takes them a second later to realize the sexy redhead is bouncing up and down. Another second before they realize that she's riding the cock of someone who is sitting on one of the few empty spots on the desk not covered by computer equipment or folders.

Steph opens her mouth in awe.

"Um...is this...yeah!"

She notices the long cock sliding into Barbara's tight pussy with ease. The blonde crime fighter feels a pleasure dance over her body. She cannot help and just watch the cock belonging to the man slide in and out.

Stephanie almost blanks out when she realizes who the cock belongs to. The Dragon, Harry Potter, one of the most prominent crime bosses in Gotham City. He holds Barbara's hips down and spears her tight pussy onto his cock.

"Babs! He's…"

"So big I know!"

Barbara bounces up and down to enjoy the feeling of this cock inside of her. Her two young charges stand in the doorway. Harry reaches to her chest and squeezes her breasts. The jiggle in his hands with Harry pulling his hands away when he has it.

So much pleasure builds up in Barbara's body. Harry hits all of the right notes and makes her just drop down onto him.

"F-fuck!"
Those words come from Stephanie who is torn between walking away and watches. Barbara's underneath some kind of spell with the big cock going inside of her body.

"Cass...we should...."

Cass's hands slip against Steph's waist and slip her hands behind to remove Steph's coat. She slides a hand down Steph's stomach and makes the blonde squirm in her touch.

"Relax."

It's hard to relax. Cass's hand drips into the tight spot in her leather pants. Cass works them down a little bit to get access to her pussy.

Something presses against Steph's back. Cass's nipples harden and dig into her back. Steph finds it very hard to think rationally with Cass's talented fingers working their way down between her legs. She bites down on her tongue and releases a moan.

"Cass...we really...."

"Yes, we should. You'll thank me."

A single finger digs into Steph's honey pot. The bubbly blonde crime fighter thanks, Cass already. The finger digs into her and opens her up to what's to come.

The throbbing cock sliding into Barbara reminds Steph what's to come. Her nipple hardens and Cass slips her hand underneath it. She pinches Steph's stiff nub and makes the overflow come over her.

Cass feels the pleasure building in Steph along with the desire building inside of her. She slides the finger as far deep into Stephanie as humanly possible. Steph's eyes reflect in the computer monitor. Cass's sweet manipulation of her increases and then pulls almost all the way out.

Despite what's happening, Cass wants some relief as well.

Harry holds onto Barbara's waist when she pushes down onto him. Her pussy stretches onto his cock. The energy the first Batgirl shows when bouncing on him makes him feel really good. He slides his way into her warm folds.

"Cum for me, again."

Barbara hangs onto Harry's shoulder. She succumbs to him in a few seconds. The moment she drives down onto him it's like everything just hits her all at once.

The overflow of cum allows Harry to bury himself in her. She holds him tight, hoping that he does not pull out. Barbara notices Steph and Cass indulging in each other which increases her excitement.

Barbara tenses around him. She cannot believe how hard he can get and how deep he can go. He repeats his thrusts into her at a rapid-fire pace. He slows down at certain points and speeds up at certain spots as well. All about driving himself into Barbara and making her spent on his staff.

What starts as a partnership of convenience becomes so much more. Barbara repeats her rising and dropping onto Harry's might rod. She fills up her pussy and then pulls almost all the way off of him. She repeats her actions.
Harry feels her up all over. Barbara moans into his mouth when the two of them kiss. Her hips grind against his. He puts a hand on her lower back and sends jolts of electricity through her body.

The moment they slow down, Harry pulls away from Barbara. He slowly kisses up her shoulder, to her neck, and then to the air. His free hand moves to her breast and squeezes it hard. She drives down onto him and takes him inside of her.

"Call them over. It's their turn to play."

"Cassandra...Stephanie...come over here."

Stephanie is about ready to drop down to her knees to eat out Cass. Cass stops her mid-movement. She pulls up Steph and pulls her into an aggressive kiss.

The moment they pull apart, Cass wraps her arm around Steph's waist.

"Let's go."

They do not need telling twice. Being up close and personal to the scent of Harry and Barbara intermingling together cause the young women to be spellbound. Cass reaches out and squeezes Barbara's ass.

Harry yanks them on in and parts their thighs. His fingers find their tight pussies. He starts fingering Cass and Steph while fucking Barbara and fucking her hard.

Steph's mind turns to mush from Harry burying his fingers in her scorching pussy. His fingering makes her feel so alive. He knows all of the right ways to touch her.

"My...my...this is...I shouldn't..."

"You should because it feels good."

He pulls Steph closer to him with now both of the younger Batgirls riding his fingers while Barbara keeps riding his cock. Harry's manhood gets closer and closer to the edge.

"It won't be long."

Cass's body heats up when she envisions Harry's cock inside of her. She can't hold back with her desire.

"Cum in her. I want to see it drip out!"

The usually subdued Cass becomes more animated by the tick. Seeing her eyes burn with passion while she grinds onto them prompts Harry to go as deep inside of Barbara as humanly possible.

Both Steph and Cass cum all over his hands repeatedly. Harry drives his cock up into Barbara's tight pussy with a magically enhanced grip on her waist despite both of his hands being busy. His balls size up and he knows that it's not going to be long.

“One more time before three." 

Almost in sync, all three women cum at the same time. Steph and Cass gush over his hands. Harry repeats his thrusts into Barbara and stretches her completely out before the tension in his balls rises. Every second of arousal hit him right now.

Harry plants his seed into Barbara. She clamps down onto him on another orgasm to feel the seed
inside of her. They meet each other with Harry sending spurt after spurt into Barbara's wet pussy. She closes down onto him and breaths out.

The end comes and Harry removes his hands from Cass and Steph. They clutch onto the desk to prevent from falling to the floor. Watching their still wobbling knees, Harry slides his fingers into Barbara's mouth. She sucks Cass juices off of his fingers and it follows by Steph's juices.

The last few spurts make Harry sputter to a stop. He holds Barbara onto him and pulls her completely away.

Barbara takes about three steps before dropping into her computer chair.

"Steph."

Stephanie's eyes flash over.

"Get to work."

The older woman spreads her legs to show Stephanie what she wants. Like an obedient dog, and perhaps one in heat, Steph dives to Barbara. She licks Barbara's tight tummy and leans down. Steph's excited licks bring her closer and closer. A firm hand grasps a hand full of blonde hair.

Stephanie Brown buries her face between the dripping hot folds of Barbara Gordon and licks the overflow of cum. Her addiction solidifies the moment the cum hits her mouth.

Meanwhile, Cass strokes Harry's cock up to a rock-hard erection.

"It's good to see you again, Cassandra."

Cass just smiles and works the length to full mast. She knows how to manipulate the nerves just right. She makes Harry stand up completely. Her warm lips part enough to take his head to tease him. Her hand works down the base in time with her soft, slow sucks.

Harry looks down at Cass's smoldering gaze when she sucks him. The girl can bring a man to his knees in a number of ways. This is one of the more pleasurable skills the world-class sessions.

"Guess your mother taught you a couple of more...useful things."

The reminder of her mother only draws Cass's mouth deeper onto his cock. More of the length slowly slip into her. She still gives Harry a very pleasurable rubdown on the base of his cock and his balls while rubbing him. Her finger traces patterns down the base and leaves several pleasurable caresses.

"Good girl!"

Barbara throws her battered pussy up into Steph's mouth. Making her drink Harry's cum from her pussy is one of the better ideas she has. Barbara cannot do anything other than grab her nipples and squeeze them. She rotates her finger around her breasts and allows her to moan to just increase.

The sucking, slurping, and general pleasure brings Barbara's juices to flow into her.

"Do a good job, and I'll reward you. You wouldn't want to disappoint me, would you, Stephanie?"

Steph murmurs a "no" before she drives down into her. She wants to be rewarded by her mentor and keeps lapping her up.
Cass's mouth comes off of Harry. She turns around and bends over the desk on the other end of the room. In a flash, Harry locks onto her. He parts Cass's thighs and slides his manhood against her lips.

Penetration soon follows with Harry's mighty rod finding its way against Cass's tight womanhood. She gushes from the manhood. The warmth closing around his cock makes it difficult for Harry to remove. She's so tight.

"Guess we're going to have to loosen you a bit, baby girl."

Cass closes a nail on the table and Harry pulls out of her. He grabs her legs and pulls her up to the leg. Cass's feet scrape against the table while Harry holds the underside of her legs. Harry starts slow with the thrusts and then kicks up the pace with more thrusts.

The force driving inside of her legs stimulates a pretty prolific reaction from Cass. Both in screams and the trickle of juices from her. Harry reaches down the back of her leg and stimulates some of the nerve endings which send a wave of pleasure through her body.

"More!"

Not one to let someone down, Harry does it. He can feel Cass tense around him already. He works his cock into her tight cunt. He pulls almost all the way out and drives into her as much as possible.

He drops her and allows Cass to bend down the ground. Her hands touch the ground. Harry holds her in the perfect position to fuck her.

The blood rushes to Cass's head when Harry spears himself into her. He lightly traces patterns against the scars on her back which sends a pleasurable warmth through her body. It shows how he sees them as not a disfigurement, but an integral part of who Cassandra is.

Stephanie shifts positions to straddling Barbara's hips. The two girls enter an aggressive make-out session with each other. Barbara is a bit more aggression, down to the experience she has over the younger girl. Barbara parts the back of Steph's head and keeps kissing her.

Their pussies grind together. Barbara's larger breasts dwarf Stephanie's still nice and perky ones. They kiss each other and put a show for Harry while he drives into Cass.

The show is something Harry appreciates.

"It will be your turn so, Ms. Brown."

Her mind racks with worry and also anticipation. Stephanie wonders how that big cock will fit inside her. Suddenly, she feels something brush against her.

"Don't worry, we'll get you ready."

By some slight of hand, Barbara now has a strap-on cock grinding against Stephanie's opening. She cannot help and spread her legs so Barbara can slip her cock inside of her.

The synthetic cock slides into Steph. She works her young womanly hips down onto her while wrapping tightly around Barbara's.

"It's….

"Relax and let it slide. Don't try and pull away, just relax. Take deep breaths."
Steph’s warm lips part and Barbara’s now inside of her. This fake cock, almost the size of Harry, sends waves through her. And Barbara’s mouth also gives her pleasure by sucking on her neck and nipples.

*I'll be dropping by the time Harry gets..ahold of me."

Speaking of Harry, he presses Cass against the windows looking out to Gotham City. Well, no one can see Cass from the outside, but she can look down. Look down just as Harry caresses her athletic body at every single angle.

Harry works her over. She can feel him, getting closer. The size of those balls when they swell makes Cass bubble with excitement. She pushes her nails against the wall and breaths.

"Closer."

He pulls out of Cass and with another move submerges inside of her. On a loop, Harry drives into her. He builds up momentum in both himself and in her. He rubs her shoulders and suckles the back of her neck, her earlobe, and anything Harry is able to reach.

"Please...please...I want you to…"

"Finish?"

"Mmm hmmm!"

"We're almost there, Cass."

"YES!"

Steph's the one who lets out this squeal of excitement from the other end of the room. Harry realizes she comes to the realization that he's about ready to blow a load in Cass and that means it's her turn with him.

It's amazing how someone can go from reluctant to wanting him so bad. Harry's fingers dip against Cass's nipples and tug on them. He sinks into her and gets closer, closer, closer to the end. His balls repeat their smacks down onto Cass.

Finally, it becomes even too much for a sexual stallion like Harry Potter to bare. His manhood pushes into her.

"Feel it!"

Cass takes him inside of her. She tightens around him and almost feels like the end is coming. She wants to milk every single last drop from those balls until they fill her pussy up.

Another thrust and the warmth of Harry's potent load hit her. Cass tries to recall if she made the proper precautions for receiving such a virile load inside. Harry's muscular body rams against hers the further he enters her. Repeating and endless thrusts light Cass up with every inch.

Harry plants his seed into her with a gushing rush. He cannot help and drive deeper into Cass. She leans almost all to the ground. Harry clutches the back of her legs to both hold her up and drives into her depths. He pulls out and slams into her with repeating slams.

Steph turns to drive herself down onto Barbara's cock while facing Cass and Harry. The visual of Harry's immense cock sliding between Cass's tight walls sends the blonde over the edge. She licks
her lips. Waiting, and not very patiently either, for her turn to occur.

The last few thrusts send her pussy overflowing. Harry plants his rod into Cass as Steph and to a lesser extent, Barbara watch.

The very second Harry finishes up inside of Cass, he pulls out and allows her to drop down to the ground. Her overflowing pussy and tight asshole stick up in prominence.

Steph removes herself from Barbara and runs across the room. She practically leaps into Harry's arms and attacks him with kisses. She peppers the side of his face, mouth, chest, ear, and anything else she can reach with her mouth.

Her strong, but soft feeling, legs wrapped around Harry. His manhood swells and strikes her on the side of the thigh. Harry holds her firmly.

"Slow down. You don't want to burn yourself out."

Harry waves his hand and slides some of the furniture together. A shift causes them to mold together into a very comfortable looking bed for them to have their fun on.

"Nice...very nice...and I don't want to slow down. Not for you."

She grinds down onto Harry's big cock and tries to guide it into her opening. They drop down and see the magically created pillows and sheets just to kick up in the air. Harry puts a finger on her back and sends tremors to her.

Steph tightens the grip of her legs around Harry's waist and slides a little bit down his cock. She bites down onto her lips on the pleasure. Harry reaches the underside of her breast and squeezes it in response.

"Oooh!"

"This is the first time you've had a nice big cock inside you, isn't it?"

Steph never has anything this big inside of her. His cock spears her tight center and stretches her out to the point where she feels like there's no room inside of her. She rises and falls to take more of him inside of her with several deep, pushes. Inch by inch Harry's cock shoves inside of her.

"It feels...really good!"

"I'm glad it does. You've felt nothing yet."

Harry drives into her in a way where the juices flow. Steph tightens her legs around his hips. Harry turns her over onto the bed and slides on top of her. His cock goes between her legs and even the slightest touch puts her on a hair trigger. He pulls away from Steph and goes back into her. She grabs onto Harry's neck and pulls him close.

"You make me so hot."

Cass pulls herself onto the bed to see the show. Watch as Harry pushes into Steph. Watching her best friend get a huge cock inside of her sends a tremor through Cass.

A finger slips into Cass's anal passage and makes her jolt up. Barbara presses her breasts against Cass's lower back and her lips to her upper back and mid shoulder blades. Her hands mold Cass's ass and send her into fits of pleasure.
"I can't wait to have this nice tight ass. Are you going to give it to me?"

A trickle of warm oil flows from Barbara's fingertip. She sticks it deep inside of Cass's backside and causes her to clamp down onto the bed. She breathes in pleasure with Barbara working into her.

Barbara lubes up both her tool and Cass's tight rear hole. She pulls out and pulls Cass onto her lap so they both can get the view.

"This ass is built for fucking. Isn't it?"

"Yes."

Barbara sucks the side of Cass's neck and causes her to clench down on the wrist. She works the dildo deep into Cass's tight rear hole. Barbara rubs her own clit when the pleasure of hitting Cass's asshole becomes stronger for her. She slurps the back of her neck.

A long thrust causes Steph's body to howl in pleasure. She pushes Harry inside of her. The powerful man slows down his thrusts and feels up her young body. He brings sensations into her.

"Harry. I need...I need this. Please...keep fucking me."

"Relax...it will feel good in the end."

Harry drives into her wet pussy. Steph creaming all over his cock excites Harry and makes him drive into her. The slightest touch to her sensitive nipple just sets Steph's body on fire. He leans in and nibbles her neck to make Steph just lose it even more.

Every moment passes with Harry repeating his actions in very long and very deep thrusts. He keeps smacking Steph on the thighs with as deep as he can go.

"Fuck me! Fuck me senseless!"

"Won't take too long."

Harry builds up his momentum with several long thrusts. He massages Steph's outer thigh to bring her deeper and deeper to the end. Deeper to her most spectacular orgasm yet.

Steph clutches his arm and breathes into his ear. Every one of her dirtiest, naughtiest dreams comes true for the youngest of the three girls. Steph's deepest, dirtiest desire to feel this handsome crime boss just working her over brings her over.

"I...I want this so badly! Please let me cum! I need to cum! I want to…"

"In time!"

Harry slows down the tempo and makes Steph thirst for him. He gives her a thrust every thirty seconds. His body touches hers and sends the fire all through them.

Finally, Harry triggers the rush. He pulls out of Steph and drives deep into her. His balls slap her on the thighs and makes her buck up to meet him. She claws on his back like an animal in heat.

"Go ahead. Let it go, baby girl."

The term of endearment makes Steph's pussy clench around him. She feels like a naughty girl taking the cock of this powerful man inside of her smoldering folds.
Harry rides her all the way to a gushing climax. He pulls almost out of her and drives further into her. His finger darts between her and makes Steph just lose it all over her. He pulls back out of her and drives deep inside to continue the ride of all rides. She closes around on his.

The hungry moans spur Harry on. He rises and falls with repeated thrusts. The sensation of Steph's tight pussy clamping down on him sends warm feelings. He touches her sides and then feels her legs. She clamps down on him and finally ends this ride with an orgasm.

Harry rides her all the way to a very spectacular ending. He pulls out of her and leaves Steph dripping all over the bed. He rubs his fingers over.

The visual of Cass getting a dildo in her ass from Barbara shows a great visual. Little droplets of cum hanging from her pussy.

A small smile pops over Harry's face when turning Steph over.

"You know what to do."

She dives into Cass's warm pussy and eats her out while Barbara assfucks her. Cass's eyes glare down at her when she licks her.

Harry puts his hands on Steph's back and she parts her thighs. A very crisp feeling enters Steph the second Harry slides his cock inside of her. The intrusion stretches her completely out. Harry pulls from her and drives into her.

The thrusts start slow and pick up momentum very soon. He holds the underside of Steph's breasts and squeezes them to send fire through her loins. Harry pulls out and slides into her.

The nice visual of Cass getting her ass fucked by Barbara and her pussy eaten by Steph while Harry fucks Steph paints a pretty beautiful picture. Barbara's eyes follow the process while running her fingers down Cass's erect nipples.

"Aren't you glad I called you here?"

The mutterings of pleasure for the younger girls fill the room. Barbara closes her eyes and pushes deep into Cass. Watching Steph's very able tongue get to work makes Barbara feel the rise of excitement through her body.

Speaking of excitement, Steph clenches down onto Harry the further he works her from behind. His swinging balls keep hitting her at the right angles and send flares of energy through her. She can feel how full they are and how much she wants it. Harry's fingers skim her body.

The light touches seem to just manifest new desires deep into Steph. Harry pulls himself from her and buries deeper inside of Steph. His balls keep dancing against her and just send flares over her body.

Harry leans down and watches the three women indulge in each other in various ways. It just makes him want to drive deeper into Steph and stretch her out all the way to the point where she cannot take any more.

He slams deep inside of Steph and pulls almost all the way out of her. Harry plants several more thrusts. Her tight teenage pussy clamps down hard and milks him. The nerve endings show that he's getting close.

"Get ready."
That whisper sends shivers down Steph's spine. Not to mention an increased tension between her legs. Something that only one thing in the world can fill, the very same thing which spears inside her. Harry makes his motions hard and fast, very deep inside of her.

Harry holds onto her tit and squeezes it. He's so close she can feel it. Steph's tongue laps up Cass on instinct. Cass stroking her hair triggers her in more ways.

Finally, finally, Harry buries himself and his seed deep inside of the dripping wet nineteen-year-old crime fighter. Her blonde hair swings wildly the second she comes up from Cass.

"OOOHH!"

The screams follow with Harry driving deep into her. His hands rapidly hit all of the points of Steph and keep driving inside of her. His cum fires into her at a rapid-fire rate.

The second Harry paints her insides white with cum. Steph blacks out. She lays between Cass's legs with a steady breath coming from after Harry finishes up inside of her.

Barbara digs her fingers inside of Cass's tight center and drives them inside alongside her cock in Cass's ass. The slap of Barbara's hand over her clit brings those musical sounds the second Cass cums all over her.

Second pass with Barbara pulling away from Cass. She licks her fingertips clean and smiles.

The next movement brings Harry and Barbara eye to eye.

"Guess we're all alone."

Barbara turns around and wiggles her ass at Harry. Harry leans over and fingers her pussy while leaning in to lick her asshole. His tongue darts inside of her and makes Barbara close her fist around the bedsheets.

The sensation of Harry's tongue measuring his thrusts inside of her in vibration sets Barbara completely off. Harry moves his free hand down the front of her body.

"There's no place I'd rather be then back here."

The large cock pushes against Barbara's back opening. She grinds her butt cheeks against him and leans back in a whisper.

"You go ahead and take it, big boy."

Harry's manhood works its way into Barbara's tight asshole. She pulls back onto his cock and pushes down. Ass first goes Harry's cock and it makes him feel so good to be inside of her warm tight back passage again. Her anal muscles work him over slowly at first.

Then they speed up and work him over to try and swell his cock and balls to the point of bursting. Harry strokes Barbara's nipples and tugs on them. She moans the deeper Harry slams his cock inside of her. Harry pulls away from her and buries it in her ass.

Her pussy overflows. Barbara runs a hand down her body and feels up her clit. Harry pushes her hand away and strokes her clit even more. Barbara takes him in her ass while he takes her pussy.

"You never had a chance from our first meeting."

Harry switches his grip to paw Barbara's ample chest and get her motor running. He slides as far
into her as humanly possible and pulls out of her. His cock tip brushes her ass and sends Barbara's desire shooting over the edge. Harry clutches her nipples between his fingers and pulls on them.

"No. Never!"

Foggy pleasure enters Barbara's mind and bombards her just as much as Harry's cock does. He goes deep inside and pulls almost all the way out. His balls smack Barbara's asshole as it parts for her.

The fun increases as Steph and Cass recover long enough. Both lovely ladies take turns lavishing Barbara's pussy with their tongues.

"Go ahead...lick her pussy dry. She likes it just as much as she likes a cock in her ass. My cock in her ass!"

Barbara cannot deny this, any of this. Cass sliding her tongue into the point where she almost overflows makes Barbara just blister with excitement. Steph switches and licks with her own technique. Both work rather well.

Speaking of working well, Harry's cock most certainly works well inside of her. Her tight asshole receives a good pounding. Harry edges closer inside of her. Barbara's nails dig into Harry's leg when he keeps working over her.

It's the way it should be. The Original Batgirl getting a cock up her ass from this stud. The two younger ones taking turns licking her pussy.

Harry edges his way deeper inside of Barbara. The visual of Barbara's body writhing over his cock while Steph and Cass lap up her juices is a pretty thrilling one.

"I'm going to give you my seed, Ms. Gordon. I hope you're ready to take it."

"YES!"

She's more than ready to take everything Harry dishes out to her. He plants his cock deep inside and pulls out. Back into her ass with a fluid flurry. Harry's balls come close to edge over the top. He pulls out from her and slides inside of her one more time.

Finally, finally, everything breaks and Harry sends his seed into Barbara's waiting bowels. Her strong anal muscles milk his cum into her ass.

The moment Harry finishes riding Barbara's ass to his end he pulls out of her. She falls back onto the bed.

Cass and Steph look at Barbara's gushing hole. Their mouths water with lust. Steph and Cass silently compete who is going to go in next.

The battle is one by Cass and she gets a prize by sucking Harry's cum from Barbara's anus. Not to be outdone, Steph licks Barbara's pussy.

Harry swoops in to finger the exposed pussies of both of the younger girls. Steph and Cass react to him as the heat surrounds.

The night goes on with Harry having the pick about what girl he'll have next. Their training ensures they will be able to go for a long time.
End.

There's a real world Breeding Ground lemon added to the blog with Beyonce. Check it out if you're into that sort of thing, or feel free to go on your life if you don't. It's called "Cornered" and it's in the Real World Breeding Ground Page linked to this profile.

**Captain's Duties (Angelina Johnson from Harry Potter).**

An urgent note before breakfast implores Harry Potter to meet Angelina Johnson out in the Quidditch Locker rooms after dinner. Harry hopes this meeting does not really take long at all. He sweeps down to the courtyard and then onto the Quidditch pitch. The doors already opening and Angelina's waiting for him.

Harry takes extra note of what she's wearing. It's not the normal Hogwarts robes, but rather a tight silk robe which hugs her body. And she does have an amazing body, with round breasts almost threatening to spill out of the top, a tight toned stomach, a thick juicy ass, and legs which entice anyone who gets a hint of them. Angelina offers Harry a smile.

"Thank you for coming," Angelina says. "I know how busy you are this year, but there's a problem. Your outbursts… I'm honestly worried about them."

"It's because of Umbridge…"

"I know," Angelina says. "I'm not too happy about her either. NEWT year and all that, the Ministry's being vindictive on purpose. Not many of us can say much though. I don't think they'll kick you out. I think that Umbridge is trying to make you quit."

"Why don't you think that they'd kick me out?" Harry asks.

"Well, you're the Boy-Who-Lived for one thing," Angelina says. "Do you not think any of the other magical schools across Europe would snap you up in a heartbeat? If only to rub it in Fudge's fac. ."

Harry cannot help and smile. Angelina implores him to sit down on the bench. Her hands press against Harry's back and start rubbing against his shoulders.

"Let's get those robes off."

Angelina slides those robes off and rubs Harry's neck and shoulders. She leans closer towards him with a smile dancing on her lips.

"I'm not sure if you're aware of this, but it's my duty as your Captain to make sure you make it to the pitch in one piece. I know how wound up you must be with everything, and I'm pretty sure that it's not helping how a lot of people think you're lying. I want to ask you a question, but it's kind of personal. It's the kind of thing that I need you know."

Her hands relax Harry rubbing down his arms and rubbing them. The floral scent of her perfume fills Harry's nostrils and relaxes him. Angelina's warm lips close in closer to the back of his ear.

"How's your sex life?"
This statement causes Harry's eyebrows to shoot up. Angelina pulls away from him for a minute.

"A powerful wizard like you should be getting a lot of sex to release the tension," Angelina says. "I figured there would be no shortage of volunteers who would help the Boy-Who-Lived relieve his tension."

"You'd be surprised," Harry says. "They….well I think Hermione has a few words with people who get close."

"And yet she doesn't get any herself?" Angelina asks.

"She….well she hasn't made any moves in that direction," Harry tells her.

Angelina sighs her answer. Hermione means well a lot of the time, but she has a lot of common sense blindspots. And one is the disservice she's doing Harry by protecting them.

"Well as your Captain, I need to take a more direct influence on your health, "Angelina says. "And we're going to do that right now."

Angelina drops her robe and Harry's eyes widen when he gets a nice look at what's underneath. Her large breasts almost spill out of the cups of the very skimpy bra. Her thong covers pretty much everything that needs to be covered. Angelina's massaging hands start working over his legs and then moving over to grab his cock.

"It doesn't take much, does it?" Angelina asks.

"No," Harry grunts with her fingers stroking her. "But, you're fucking hot."

"Thank you for the compliment," Angelina tells him. "You're not too bad looking yourself and you're packing something that I wouldn't expect. Let's get that cock out of your pants."

Angelina removes Harry's pants and his underwear. She could do it with magic. Really though, that takes all of the fun out of it. Angelina clutches her hand around Harry's massive prick and rubs him up and down to the point where his cock rises. Then it falls, slapping the palm of Angelina's hand. Angelina closes her hand around Harry's throbbing cock and releases him.

"I wonder if you've had dreams about this," Angelina says. "Have you thought of me or Katie or Alicia like this? Have you thought of us stroking your big cock?"

Harry cannot deny he has. Angelina's fingers wrap around Harry and squeeze him. She springs his cock back and forth against her hand before stroking him. Angelina tightens her fist around Harry and pumps him hard and fast. His fingers stroke her and then Angelina pops her lips around him before releasing him.

"Go ahead. Touch them."

He does more than touch them. Harry pulls Angelina's bra off and unleashes her round tits for his consumption. His hands grip the underside of them and give them a very rough squeeze. Angelina moans when Harry touches her. She turns around and allows his hands to explore without discrimination.

"This is a very stressful job," Angelina breaths. "And I'm sure if I help you, you can help me a little bit."

Harry tugs on her nipples. Angelina's perfectly round and squeezable ass moves inches of her face.
A lovely shapely amount of chocolate skin is only covered with a thong. Harry pushes his fingers against Angelina and rubs her in pleasure. Angelina's nipples harden against his other hand.

"Baby, that's it," Angelina breaths. "You're a natural. We shouldn't keep such a gift locked up."

Harry daringly spanks her ass. Angelina lustfully growls in his direction.

"Do it again, sweetie! Spank my ass. Put some bruises on my big ass!"

Another swat on her ass and Harry's cock swells with more lust. He's very close to entering Angelina from behind. An inch away from getting inside of her, rubbing against her wet lips, and getting inside of her body, Harry's ever so close to driving into her.

"Fuck me hard," Angelina begs him.

Harry squeezes her tits in hand and realizes what she's asked of him. Angelina presses her hands on the bench in front of him. Harry sits on the bench for a minute before standing. His cock lines up.

"Go slow," Angelina tells him. "We have plenty of time."

She wants to savor this moment of having Harry's bare cock sliding between her wet walls. Angelina is ready to get a workout. His hard cock works its way inside of her tight womanhood and then pulls all the way out.

Harry wants to savor the next moment as well. His cock lines up for Angelina and then he pushes himself inside of her tight pussy. His fingers grab her thick ass and give it a very hard smack. Her skin ripples when Harry is all over her body.

The Quidditch Captain bends down and takes the cock of her Star seeker in her. His big cock pushes deep inside of her warm body.

"Grab them!" Angelina howls. "Oh, grab them! Grab my big tits! Squeeze them! Make them yours!"

Harry does all of this and so much more. His hands are all over Angelina's wonderful breasts. He grabs them and releases them in his hand. His balls keep making their mark. His continuous thrusts bring himself deep inside of Angelina's warm pussy. She snags him and releases him.

The time of her life reaches a fever pitch. Angelina never knows she'll feel this good. Harry knows how to hit all of the right buttons and drive her completely beyond mad with lust and pleasure. His fingers travel and start to touch Angelina in all of the places which she wants to.

Her grip almost slips on the bench. Harry holds her up and rams himself of her. His thick cock drives deeper inside of Angelina before pulling out completely. His cock slams into her body and stretches her pussy out. He pulls out of her and then drives all the way back inside of her.

"Oh, take me and make me your cock slave," Angelina mewls with lust burning through her body. "I need this big fucking cock. I've never wanted anything more in my life!"

"I can see that," Harry tells her. "Oh, Angelina, I don't think I can hold out much longer."

'It's fine!" Angelina yells. "Don't pull out!"

Having a powerful wizard cum inside a witch gives her a power boost, especially one as powerful as Harry. She needs the boost being Quidditch Captain on top of it being NEWT year. Harry's
hands stroke and manipulate Angelina's body until the point where she clamps down hard and demands his seed.

Harry's unable to hold back much longer. He sends a shower of cum inside of her pussy. His balls clench and release a never-ending flood of his sticky seed before pulling out of her. The sexy woman reaches between her legs and grabs onto Harry's cock before squeezing him. She releases Harry's cock.

Angelina turns herself around to sink on her knees. Her breasts push against Harry's legs. Angelina reaches in and grabs Harry's thick cock and slides it between her breasts. Angelina clamps her breasts between Harry's hard cock and slides it all the way down. Harry holds onto her breasts and slides his cock deep inside of her cleavage. He pulls out of her and works his cock inside of her clamping heat one more time.

"I bet you enjoy my tits," Angelina tells him with a smoky smile on her face.

Boy does Harry ever enjoy those tits. So much delicious dark flesh ensnares him, it's insane. His feeling grabs Angelina's tits and slips between them. His balls smack them.

It takes little time for Harry's cock to harden up completely. Angelina releases his cock from her tits. Her hand twists his manhood which causes him to groan. Angelina pulls herself up and then gives him an aggressive kiss in time with stroking his cock.

Harry wraps a hand over Angelina and takes control of her beautiful muscular body. The hot and passionate make-out session between Captain and Seeker continues. Angelina's wet heat moves over to seek out Harry's manhood.

The two join each other. Angelina spears his cock inside of her body.

"Oh! Good!" Angelina yells. "Don't you like being in my pussy?"

"I love it," Harry groans. "Shit, Angelina. Your pussy feels so good. I just love how it's sucking my cock in."

She wants him to love even more. Angelina pushes her wet walls down onto him and releases his cock. The springing effect of his cock slapping against her wet slit continues to spur Angelina on. She tightens the grip around Harry and releases him. Her moans increase, getting more audible every time she drives down onto him. His thick prick spears inside of her body.

"I know you love it," Angelina purrs in his ear. "I love it too."

Her bouncing breasts summon Harry. Harry squeezes them and buries himself face first into them. Angelina's hands grab Harry on the back of his head and push him down into her breasts. Angelina tugs on Harry's hair and gives him a smile when she keeps sliding down on him.

The muscles, very tense, begin to relax. Harry pushes up and slaps his balls against Angelina. Her beautiful body keeps bouncing and Harry wishes he has more hands to fully explore. The athletic woman takes Harry into her pussy. Every single drop and the contrast of Harry's cock disappearing between Angelina's dark thighs before spearing into her pussy makes things even more.

"You've helped me," Angelina breaths. "Come on! Suck them! Make them yours."

He does make them his. Electricity rushes down her body. Harry's fingers dip down to touch a spot on the underside of her leg. The shivers keep flowing through Angelina. This combines with her juices coating Harry's cock and the shoving of his massive girth inside of her pussy feel really good
Indeed.

"It's perfect," Angelina mewls with the heat increasing through her body.

Harry agrees one hundred percent of the way how perfect it is. He drives deep inside of Angelina's warm pussy and then pulls completely out. The friction brings him in deep.

No matter how much Harry longs to cum, he wants to bring Angelina to the edge first. He doubles back this time.

The self-control this time around is something Angelina finds commendable, but at the same time, it drives her completely nuts. She longs for Harry's cum inside of her. Harry holds her legs up and drives her down onto his thick prick.

The warmth of her pussy clutches him. Harry's very close to letting it go. His balls continue to slap her. Angelina drives her warm pussy down and holds onto Harry. Her clutching brings Harry far inside of her and releases her with multiple fluid attacks.

"Let it go," Angelina encourages him with a hungry mewl in his ear. "Go for it! Cum inside me! I need you! I need you now!"

Harry plants his hard rod inside of her body. He wants to let her go first. Angelina's body arches in the most beautiful way and gives Harry access to all of those parts of her. Ass, breasts, legs, they all get a full massaging. Her pussy gets the top workout. Those balls strike her thighs.

All good things reach their climax. Harry holds back on her and plants himself inside of Angelina. He pulls almost all the way out and then slides his cock into her. She squeezes Harry and releases him with another pump. Harry holds tight against her and then spills his cum inside of her body.

Angelina clutches him. She doubles down to make sure she does not leave a drop of cum unfilled inside of her. It's hard not to lose one's mind.

Harry's cock leaves Angelina's wet pussy. He smiles. Angelina rolls back in a daze. A single fingernail locks sight on Harry.

"After our normal practice, I expect you back here for a one on one meeting," Angelina tells him. "Do you understand?"

"Of course, Captain," Harry tells her.

Now that Angelina's gotten a taste, she wants a bit more. It should not be hard to convince Katie and Alicia to join them.

'Should have done this years ago,' she thought while checking out Harry's muscular body as he got dressed.

Thanks to everyone for all of the hits/favorites/follows/kudos/comments and I'll see you for the next chapter on Wednesday. Thanks for Reading.

The Good Life(Power Girl and Wonder Woman)

The Good Life(Diana/Wonder Woman and Karen Starr/Power Girl from DC Comics)

There is only one thing better than waking up to one hot mouth pleasuring a person, and that is two hot mouths pleasuring them. Harry wakes up to this feeling to the soft, warm mouths of the two powerful heroines. They were the minimal amount of clothing possible. Transparent bras which shine through in the light and thong panties, along with garter belts and stockings. Karen Starr, the buxom blonde, favors white, while Diana, the gorgeous Amazon Princess, dresses in black.

"You two know how to make my morning wonderful."

Diana's lips press against the edge of Harry's cock. Karen runs her fingers down the length while Diana sucks the head.

"You deserve a good wake-up call, husband," Karen tells him. "And we haven't had a chance to play for a long time, have we?"

Harry smiles the second Karen goes down between his legs and squeezes his balls. She moves back for a little bit. Diana's lips curl around Harry and release his cock head with a small pop. Just a slight tease, nothing more, and nothing less which is to work Harry completely up.

Their tongues race up Harry's cock. Karen and Diana enter a competition to see who can cover Harry's cock in the most spit in the shortest amount of time. Harry guides their beautiful mouths all over his cock and then jerks up.

"I think I've won," Diana tells him.

"Take your reward, Princess," Karen tells her. "I'm sure I can keep myself occupied, or Harry can."

"Get over here," Harry orders her.

Karen moves back and straddles Harry's chest. Her large breasts smash against Harry's upper thighs which causes his cock to lurch up. Diana catches the cock in her hand and squeezes it.

A couple more powerful squeezes of Harry's cock excites him before Diana descends down. Her dark hair tickles Harry's balls when she lowers down with all of the grace one expects from the Amazon Princess. Her mouth pops around him and releases Harry with a few delicious blows.

Karen's warm pussy works against Harry's mouth. His presses against Karen's lower back.

"Eat up," Karen says. "Put your tongue right in my cunt and eat my pussy like only you can!"

Harry grabs her ass and fondles the back of her legs. Harry drives his tongue far into Karen's wet pussy and makes circles around it. He groans and feels the pleasure of her warm thighs moving down into her.

"You fucking magnificent bastard! Eat me out! Use that tongue to make me fucking cream on your face. That's it!"

Not to be outdone, Diana takes Harry pretty deep in her throat and releases his cock. Diana swirls her tongue several times around the base and pops it back into her mouth. The Amazon pogos her
mouth up and down Harry's generous fuck stick. She squeezes his balls and appreciates how much cum they are full of. Diana pulls almost all the way out and then brings her wonderful lips around him again.

The pleasure of Karen rubbing her pussy and ass all over his face and Diana's wonderful lips taking his cock into her mouth makes Harry's excitement only grow. He touches the back of Diana's hair and then spears her throat with a few more thrusts. She pops around his cock and releases him.

Karen palms her tits and lets the flesh jiggle before releasing them. She enjoys Harry's tongue working into her wet pussy. Her legs wrap around the face of her very able lover before releasing them.

"Cum in Diana's mouth," Karen encourages him. "Make that Amazon take a full dose of her cum. You have enough cum in those balls to drown a woman! Choke that bitch! Choke her!"

Karen's rolls her neck back when Harry drives his tongue down into her warm womanhood. Her body shivers the further Harry goes into her. He makes her pussy nice and wet for the eventual cock slipping into her.

Diana takes her prize. Glops of seed spill into Diana's throat. She sucks him with grace and precision. The warmth of her lips never leaves Harry's cock until his full bounty spills out.

The Amazon rises up and swallows his cum. She pulls back on him and then straddles Harry. Diana leans in and kisses Karen on the lips. Their kiss intensifies in passion. Diana slips herself out of her panties and then brushes her stocking clad legs against Harry.

"I have to have this cock," Diana says moments after breaking the kiss with Karen. Her lips are swollen, both of them. "I can't believe I've lived without it for so long."

Diana's warm lips slide around Harry's prick and engulf them. Her moist canal clamps down onto Harry's cock and releases him. The Amazon drives her pussy all the way down to a certain point and releases Harry.

Karen slides back so Harry gets a complete view of Diana bouncing upon him. Her wet pussy clamps down onto Harry and releases him. Harry moves over to touch her ass. He grabs it and Diana lets out a content growl of pleasure.

"Grab my ass!" Diana encourages him. "Make it yours!"

Harry smacks Diana on her ass and she rises even higher. Her beautiful body, a true vision of art, descends on his cock. Her pussy stretches perfectly to accommodate Harry's massive cock. Harry's body warms up at the pleasure of being driven in a sheath of warm heat.

A couple pushes against Diana's nipples make them extremely hard. Diana throws her head back and enjoys the touches. Harry's big cock rises up the bed to meet her. He's fully and completely inside of her. The Amazon woman takes the cock of her god as it always meant to be.

"This is how it's meant to be," Harry tells her. "My cock inside of your body. It's perfect! It feels good!"

"Yes!" Diana yells. "It does! Plow me with that big cock! Make me your personal cock sleeve!"

Harry allows Diana to pull out of him to make on her hands and knees. The sorcerer positions himself directly behind Diana and aims his cock against her dripping wet slit before pushing inside of her. Diana's tightness takes Harry in again and releases him.
The force Harry pumps his love muscle into Diana sends tremors through her. She looks up just in time to see Karen hovering in the air.

"I bet you want a taste of this. Don't you?"

A finger dripping in Karen's honey traces around Diana's mouth. Diana opens her mouth further to scream and Karen shoves her fingers into her. She jams them deep into Diana's throat and makes her suck them just as hard as her pussy is sucking Harry's cock inside of her.

"Suck them!" Karen orders Diana. "Suck my fingers!"

Harry holds onto Diana's waist and plows his big cock inside of her tight body. Her pussy stretches just enough for Harry to go deep inside and then pull out. The snug wet tightness wraps around Harry.

His hands are all over Diana's body and touching her in all of the places to make her excitement increase. Harry's fingers grip her tits and release them. Harry molds her in all the right ways.

"Fuck," Harry breathes. "You're so tight! You're so fucking hot! Are you going to cum again? I bet you are!"

Harry rams his cock deep into Diana and rides out her orgasm. He marvels at the stamina of an Amazon Warrior as he drives his cock into her body.

"Good," Karen tells him. "Fuck her, drain your balls into her again. So I can eat the cum out of her and then you can fuck me. I bet you'd like that, wouldn't you?"

The thoughts of what Karen intends to do to him fuels Harry on. He plunges his cock into Diana's tight sheath and releases it. Harry pulls almost all the way out of her and drives his hard cock inside of her body one more time. He clutches Diana on the underside of her breasts and gives them a nice squeeze.

"Fuck her silly first!"

Harry moves all over Diana. She's an active participant in this game. Her vaginal walls close in and stretch over Harry's cock. He drives himself balls deep inside of her. They smack against Diana and show how close he is to cumming inside of her.

Karen rocks back above her two lovers. Her fingers dance against a wet gaping opening. It longs for cock, Harry's cock.

The end comes closer than ever before. Harry holds Diana's chest in his hands and releases her. The deeper Harry plunges into her, the closer he gets to a very spectacular ending. He shoves his massive cock into Diana and pulls almost all the way out of her.

"Fuck her!" Karen moans. "So you can fuck me!"

Harry drives his cock deep inside of Diana. Every single muscle of her body ripples from the attack Harry gives her. His big bloated balls continue to slap against her.

"You feel them, don't you? Every muscle tensing up! They crave release. You want that one moment where you're going to let things go. Where you're going to feel it go through your body and you're going to gush all over my cock. That's what you want, isn't it? That's what you need."

Diana consents with a nod the deeper Harry rams his cock inside of her body. His cock driving
deep into her office makes Diana tense up and explode. His love muscle opens up her wet tunnel and prepares it to inject into her body.

"Give me your gift," Diana breaths.

The Princess prepares her womb for his holy seed to go inside of her. Harry holds onto her body and continues to work himself to the edge. His balls dance against her wetness and go deeper, closer to exploding inside of her. He pulls the tip of his cock out and then drives himself deep inside Diana.

The mutual release wraps up with Harry spilling his seed inside of Diana. Hands push onto her back for leverage as he drives himself into Diana. His balls keep slapping against her and then Harry pulls out of her before driving his big cock inside of her body.

Diana drops down onto the bed. Her pussy oozes with an overflow of seed the deeper Harry rams his big cock into her.

"You like that! You like being filled up! I bet you like being good and fucked."

"Yes!" Diana yells. "YES!"

Harry hammers Diana's pussy until he's completely drained. The very second Harry pulls out of her, Karen dives herself between Diana's molten thighs and starts to eat the juices which drain from Diana.

Karen buries her face between Diana's thighs and starts eating her out. The Kryptonian's powerful tongue causes several yelps of pleasure to come from the Amazon Princess. Karen drags her tongue around Diana's wet pussy.

Diana's entire body curls up onto the bed. Karen touches all of the right spots and makes her pussy vibrate underneath the tongue. Karen pulls back and keeps lapping up the juices from Diana. Her breasts receive an attack from Karen. She grabs Diana's chest and releases them. Those breasts mold like clay in Karen's hands and Diana gives a shrieking moan to show her pleasure.

A finger slips against Diana's ass a few seconds later and then Karen pulls it out. She turns around and then crawls over towards Harry. Karen grabs Harry's cock and lifts it up. Her blue eyes burn with lust when staring at Harry's cock. She wraps her tongue all the way around it and then pulls it out to cause it to spring.

"Your cock," Karen purrs with a squeeze of said muscle. "My breasts. That's a marriage made in heaven. Wouldn't you say?"

Harry cannot necessarily argue with his beautiful wife. His cock slides between Karen's large chest mountains. She swallows him up into her cleavage. Karen drives herself all the way down to his cock and releases him. Her tongue dances over Harry's cock head and pulls all the way back from him.

The friction Karen's breasts bring against Harry's cock lights his loins on fire with lust. He holds onto Karen and presses her chest together before releasing them. Karen holds herself up and down with her breasts grinding against every inch of Harry's flesh.

"I love this," Karen tells him. "I love a nice big cock burying deep in between my chest. It's really good. Am I making you feel really good?"

"Always!" Harry groans. "Keep doing it……"
"Oh, I better be careful," Karen breaths. "I would hate to clean up the mess of your thick, juicy cum splattering all over my tits. It dripping down onto the bed. That would make a sticky mess. I would have to bring Diana over to help me clean it up. Have her suck the cum off of my breasts!"

Karen slides her big tits down to Harry and takes his cock between them. Harry holds himself back and tries not to lose the pleasure. His balls twitch from the pressure her big bouncing breasts are putting on him. Harry holds her breasts tight against his cock and pushes his manhood between her gorgeous breasts. Harry pulls almost out of her cleavage and shoves himself between her chest.

"I love the fact you can't help yourself," Karen moans. "You're going to make a big mess."

"And I'm going to watch you suck my cum off with your mouth," Harry tells her. "Get ready, here he comes."

Karen does not hold on as long without the thought of Harry being able to reload about as fast as he shoots. Glops of white seed splatter her chest and also her face. Harry's divine gift rockets into the air and keeps painting Karen's face. Her big tits wrap around his cock and make sure to drain him down to the last drop. They hit his balls and rub all over his shaft and head.

Feeling his cock twist inside of her cleavage is a very nice feeling, and one Harry enjoys. He splatters Karen's chest and face. The seed soaks into her breasts and rolls down.

"Diana, if you would."

Diana throws herself into Karen's chest and starts sucking on them. The erotic sight makes Harry's cock twitch despite getting a nice working over. Karen guides Diana face first into her chest. Diana sucks the seed hanging off of Karen's stiff nipples.

"Keep sucking, get it all off," Karen breaths.

She pops a strand of the cum hanging from her face around her finger. Karen slips the digit into her mouth while maintaining eye contact with Harry. She eye-fucks him while following the progress down to Harry's very erect and throbbing cock.

Seconds later, Karen shoves Diana onto the bed and she ties up the Amazon Princess in her own lasso. Diana's eyes bug open. Karen attacks her body with kisses and caresses and drives her completely insane.

"You enjoy being tied up and me having my way with you, don't you?" Karen asks Diana with a very wicked smile crossing her face. "You're nothing, but a submissive bondage princess, aren't you?"

The lasso compels Diana to tell the truth. "Yes!"

Karen rewards Diana with more touches. The thought of Karen molesting Diana sends her over the edge and causes a flood to appear on the bed. Karen keeps touching her body and pays special attention to Diana's back passage. Karen wiggles a finger inside of it and pulls back almost all the way before making her moan.

"You want a dildo rammed in your ass while I ride Harry's cock?" Karen asks her.

"YES!" Diana yells.

A dildo jams into Diana's ass. Karen uses a swift little magical charm to work the dildo slowly into Diana's ass. Her asshole becomes lubricated thanks to the charm and works its way into her.
Diana's mouth hangs open when her anal passage receives a good working over.

"Don't think I've forgotten about you, stud."

Karen stretches her long muscular leg out and then wraps her toes around Harry's cock to make sure it's nice and hard. She releases Harry with a spring. Karen throws herself at Harry. Large breasts crushing against his muscular chest are a fit.

"I didn't forget about you," Harry tells her.

The lovers indulge in each other. Electricity surrounds both of them a second before Karen moves over and then drops down onto Harry. She takes his cock inside of her wet canal and stretches out almost all the way. Harry holds Karen's back and guides her up and down on him.

"Good to see that!" Karen shouts while driving her tight pussy down onto his hard cock.

Harry holds her lower back. Karen ascends and descends on him to suck his cock into her body. He pushes her. Karen arches back to give Harry access to her chest. It's an instinct for anyone to go out of it and Karen's husband stimulates the pleasure centers.

The throbbing piece of manhood slides deep into Karen. Her tight core scorches as warm as the sun which empowers her. Harry grabs her breasts and squeezes them hard. Karen rises up all the way and smashes her wet pussy down onto him.

She cums hard and tightens around Harry's cock. Karen's warm pussy grabs him. Juices pool around Harry and allow Karen to keep bouncing onto him. Her breasts smack Harry in the face. Harry holds onto them and makes them his own. He has a lot of ground to cover, but he makes it work. The constant, never-ending stimulation of Karen's breasts make her feel really good.

Twelve inches of fake cock ram into Diana's ass about as hard as Harry's twelve inches of real cock bury itself into Karen's pussy. Diana cannot move due to being tied. She can only feel the pleasure burying inside of her. Her pussy burns with longing and the need to be touched.

"She likes the gift that I gave her," Karen breaths.

"So, do you like your gift as well?"

"Always!" Karen yells.

She pulls Harry off of the bed with legs wrapping around him. They descend back down onto the bed. Karen drives down into Harry's pelvis. Her pussy tightens around his very big cock. The energy of her powers will heal her and make Karen very excited.

"I bet you can take my cock all day," Harry says. "But, that will be greedy."

"Oh, honey, I love being greedy with your cock!" Karen mewls. "I love feeling my pussy gobble out this perfect big fuck stick. I love how much we're frustrating Diana right now."

Diana cannot even say she's not being frustrated. The lasso she's bound with compels her to tell the truth. And the dildo burying inside of her tight ass compels her to do cream the bed one more time.

Karen's eyes glisten over with lust. She really is having the time of her life fucking herself silly on Harry's big cock. She wants to hold on for as much as possible. So many orgasms, so little time, and now she wants Harry's seed burying inside of her body.
"Keep it up!" Karen moans. "Don't you stop! Oh, you better not fucking stop! I want to feel you inside of me. Bury your cum inside of me! I need it!"

"In time, you will," Harry tells her. "Just feel that tension release. It feels good."

"IT DOES!"

Karen slams herself down onto Harry as hard as possible. Her moist walls clamp down onto Harry to release his throbbing muscle. Every time she wraps around him, there's a pretty amazing feeling. And Harry peering over Karen's shoulder to see the look of lust burning on Diana's face only makes him feel better yet.

Many minutes burn past with Karen monopolizing every inch of Harry's cock she can. His balls keep slapping her on the thighs. The deeper Harry goes the more he succumbs to Karen's tight, warm friction. Her wet walls clamp down and release him.

All good things must come to the end, even though Karen's willing to milk this for as long as possible. Harry's not letting her off of the hook without one more good climax before he reaches his. Karen accepts it and enjoys the feeling of Harry making her toes curl.

The next action buries Harry's seed into Karen. She sucks it up and his orgasm triggers another one. Karen's hands grip on Harry's back and shoulder the further she slides down onto him. Her wet walls tighten around Harry before releasing him with a great gush of fluids.

The two pull away from each other and take a second to recover from their mutual orgasms. Karen falls back onto the bed with a smile. She turns around and eyes Diana with a smile.

"I'm not finished with you."

A finger slips inside of Diana's pussy to join the dildo in her ass. Their morning fun has just begun.

Personally, they're all glad for three day weekends.

End.

Thanks to everyone for all of the hits/favorites/follows/kudos/comments and I'll see you for the next chapter on Friday. Thanks for Reading.

Next Chapter: 3/2/2018.
Lesson Number One(Arya and Sansa Stark)

Up in the quarters of one of the most powerful Lords of the land Sansa Stark awaits for her prize. She sits on the bed, wrapping her young nubile body in nothing other than satin bed sheets. She hears a few footsteps coming up the steps and waits for the person on the other end to come up.

The door opens and Sansa smiles.

"It's about time you showed up....Arya?"

It's not Lord Hadrian Peverell, or Harry as a select few know him, rather it's Sansa's younger sister. The eighteen-year-old woman looks at Arya who stands in the room with a shocked expression on her face. Sansa finally finds it within herself to respond to the obvious question.

"What are you doing here?"

The question fires back around on the other end from Arya.

"What are you doing here? You're up here...in Lord Peverell's room? And you're not wearing anything?"

Everything clicks in Arya's mind. The way Sansa sneaks off several times. It just fails to click until now.

"You've been sneaking off with him! You've been sleeping with him! Sleeping with Lord Peverell like some kind of common harlot? I can't believe this...you realize what would our parents think about this?"

A smile crops over Sansa's face. If only Arya knew what Sansa knew.

"There's nothing common about me. And that still doesn't answer the question about what you're doing up here."

"He's my tutor...just as he was yours...and it's obvious he's educating you in other manners, beyond what mother's paying him for, I should note."

Sansa breaks out into a smile which causes Arya to give her the nastiest look she can muster.

"Perhaps, you're just jealous you haven't qualified for the advanced lessons. And there was no need to meet him in his private quarters for a simple lesson."

"You're deflecting."

"No, you're deflecting."

Arya steps back from her sister for a second only to run into someone strong and firm. Arya puts her hand on the firm bicep of Hadrian Peverell which causes her to freeze and turn around into those enchanting eyes which make women throughout the lands weak in the knees.

"Well, both of the Stark sisters here at once. This is very interesting, isn't it?"
"You've been sleeping with my sister. For how long?"

"About a year would you say?"

"Best year of my life."

Arya cannot believe they act so casual about this. She turns around only to feel the young lord's arms wrap around her.

"Lord Peverell, I don't….this is….this is just….you deflowered my….."

"I know what I did. And you're old enough to get the same thing. If you're willing and able."

The arms slip away from around Arya. Hadrian Peverell, or Harry Potter as he's known in his own time period, gives the sixteen-year-old woman a smile. Arya's nipples harden behind her top.

"Maybe she thinks that she could not match my standards."

That one comment from Sansa causes Arya to throw her arms around the young lord's neck and smash her lips onto his with a kiss. Her hands work around Harry's neck and fingernails dig in.

The kiss continues for several minutes, with Harry bringing Arya over onto the bed. Her hands start fumbling with his clothes.

Taking pity on her younger sister, Sansa rises up and helps Harry out of his shirt. Both sisters rub the man's muscular chest and start working down his abs, getting closer to his belt.

The handsome lord's belt comes up, and one eighteen-year-old redhead and a sixteen-year-old brunette relieve Harry of his elegant silken shorts. Twelve inches of Harry's manhood comes out in front of them. Arya's eyes widen for a second.

"Sansa, why don't you demonstrate to your sister how this is done?"

"Yes, I'll show her how a common harlot sucks cock."

It sounds so elegant coming from her mouth. The sensual redhead moves in and engulfs Harry's cock with her mouth in one fell swoop. Sansa runs her nails down Harry's back and then moves between his legs. She grabs ahold of his balls and squeezes them.

Inch by inch, Sansa works Harry's cock into her mouth. It takes a while to get down a tempo, but over the months, she gets it down pat. And more importantly gets Harry's cock down her sweet little throat.

Harry watches Sansa work her mouth over his cock and also sneaks a look to Arya who wears a dazed little smile at what's going on. The young woman's dancing fingers move into position and caress Harry's balls from underneath him. She pulls away and gropes his balls to make Harry feel really good. He drives deep into her.

Arya's mouth opens and shuts. The size of Hadrian's prime organ sliding in and out of Sansa's warm mouth tells her what she wants. She wants that, she wants that in her mouth and in other parts of her.

The second Sansa leaves Harry, it causes his cock to dance and slap her in the face. The older sister coos loudly before giving Harry a parting kiss on the tip.

"Think you can handle that?"
Arya takes Harry's cock in both hands and starts squeezing it. She wraps her pouty lips around Harry's head and takes it into her mouth. For a second, Arya feels like she's going to choke on it. Harry holds the back of her head and guides her inside.

By some miracle, Harry's down all the way down her throat. In some of the best and most amazing ways possible. Harry's working his stiff shaft deep into Arya's tight throat. He pulls almost all the way out of her throat and drives back into her. His thick balls dance against Arya's chin and make her moan the deeper she descends on his manhood.

"Good. Suck my cock. Suck it like it's your job. Like it's your calling."

It's Arya's calling. Lord Peverell's mighty cock shoves deeper down her throat. She sees her sister kneel down to cradle the young lord's balls and squeeze them. Then Sansa's hot mouth begins sucking his balls and Arya cannot help and feel a little bit turned on by the entire spectacle.

Everything goes down as it intends. Harry works his manhood as far into Arya's tight throat as humanly possible. Those bloated balls swing and slap her chin. He pushes almost all the way out and then drives into her mouth, her tight throat, on a constant and never-ending loop.

"Get ready to receive your gift."

Sansa just grins and pops her mouth off of Harry's balls. She squeezes them tight and releases them.

"You're going to enjoy this. You're going to love his cum in your mouth."

No doubt about this enters Arya's mind the second she slides down Harry's ample manhood. She sucks him in deep and pulls almost all the way out. She keeps bobbing up and down on Harry's cock. He holds onto the back of the head and uses her throat as his own personal fuck hole.

Harry clenches onto the back of Arya's head and begins firing his seed down her throat. Several spurts hit Arya and she pauses before sucking down his seed. Arya's hand falls onto his balls and she squeezes them with hunger dancing in her delicious eyes.

There's no question about it, the blowjob is a very enjoyable experience and once which Harry just has to hold on to. Being in her tight mouth.

"You're a natural."

"It runs in the family."

Harry slides as far into Arya's throat as he can go and finishes. The last few spurts paste the younger sister in the face and leave a mark on her.

A second passes and Sansa reaches in to scoop the dripping cum off of Arya's face. She pops it into her mouth.

For some reason, Arya finds this sexy as hell. Feelings she ignores bubbles over to the surface and she takes a deep breath.

"Why don't you help your sister out of her clothes?"

"Stand."

Arya pulls herself up and Sansa stands behind her, embracing her from behind and undoing the front of her clothes. Inch by inch, Sansa reveals Arya's breasts. A firm set of breasts, a flat stomach,
wide hips with the perfect ass, a tiny strand of hair shaven on her pussy in the shape of a lightning bolt scar. Sansa stops here and rubs her sister between her thighs.

"That's a pretty telling mark."

"S-shut up!"

Sansa smiles and turns her sister around. Both sisters stand naked and beautiful before their lord. They meet in a kiss which Arya actually sparks. She aggressively kisses Sansa with anger and lust, shoving her tongue into her older sister's mouth.

The kiss returns with fire and Harry watches the show. He moves over to join them and places his hands on their firm rears. He squeezes them. Arya's arse pushes into Harry's hand very nicely and he could play with the arse of the teenager all day. The ageless lord smiles when looking at them.

They move away from each other and Harry slides a finger each between their warm pussy lips.

Arya cannot describe the feeling in words. It's like the best thing in the world hitting her at all of the right points. Hadrian holds a sixth sense into where to pleasure her. The fact her sister, who should be used to such pleasure from the young lord, feels the same thing sparks her on.

"You're both ready to go for me. Good because I'm ready for you."

The foot-long object of their lust hits both of the sisters hard between their legs. Harry finger bangs both of them for a minute and causes them to cling onto the edge of the bed which he backs them up against.

He pulls out and leaves them panting on the bed. Harry tastes their juices. Sansa's sweet as always and Arya has more of a spicy kick to it, fitting of her somehow.

"Perhaps I should show my baby sister how this cock should be taken properly."

Without waiting for his reply, Sansa throws herself off of the bed and kisses Harry, hard. His manhood brushes against her entrance as they both crash onto the bed. Sansa turns around and allows Harry to firmly plant his hands on Sansa's ass. She slides into position when facing Arya.

Watching the large cock slip between her sister's narrow, tight, lips, inch by inch causes a fire to spread through Arya. Her sister mounts Harry and rides him like a prized force.

Sansa slides herself all the way down onto Harry's cock and pulls almost all the way back from him. Inch by inch she takes Harry inside of her. She moans out in lust and it causes her flesh to sizzle the second Harry touches her. He pulls back from her and then runs a finger down her back.

"Deeper! Deeper! Deeper!"

It goes deep inside of her and causes Sansa to scream in pleasure.

"Oh! Daddy! You're splitting me in half!"

Arya's eyebrows raise a fraction of an inch at what she calls Lord Peverell. Perhaps it's some naughty kink or perhaps it's something more.

"I love how you drive my cock into you...this is how you became my Daddy, isn't it? Isn't it? When you held down my mother and gave her your cock....and she could not take enough...not until she was good and pregnant with me?"
Sansa drives down onto Harry and rides his cock. She goes wild bouncing up and down on him. Her red locks fly in the room. She bites down on her lip and makes eye contact with Arya.

"I love treating my girl right."

The fact they act as if they're father and daughter, it turns Arya on. A small nagging part of her wonders if it could be true. No one knows Lord Peverell's true age, although whatever it is if he is old enough to be Sansa's father, he ages very nicely.

Arya realizes she cannot entertain the thought of the scandal, but it just turns her on.

She's three fingers deep inside of herself and working herself over to an orgasm.

"Yes, Daddy! More Daddy!"

Those screams of lust bring Sansa to front and center. Harry watches the delightful young woman bouncing up and down on him. He reaches up and squeezes Sansa's bouncing arse. She howls as his cock goes deeper and deeper inside of her.

"Give your sister... a turn."

"In a minute. You're close. We wouldn't want it to be cut short. Would we? Daddy?"

Harry's cock throbs the further he pushes deep into Sansa's warm overflowing cunt. He pulls almost all the way out of her and then drives deeper into her. His balls smack her constantly, over and over again until Harry's about ready to lose it.

He closes around Sansa's chest and drives her down onto his cock. Finally, finally, it happens. Harry shoots his seed deep inside of Sansa.

Arya buries her fingers deep inside. Hadrian's cum drips out of Sansa's warm pussy and makes Arya want him, want him so badly right now. She breathes in and out on the bed.

A second passes and Harry pulls all the way out of her. He climbs onto the bed and climbs on top of Arya. Her young body just melts underneath Harry's touch.

"So are you really...you know?"

"Hard as a rock because of you?"

To demonstrate, the young lord brushes his cock down the front of Arya's body. He ends up between her legs. She reaches said legs up and wraps her feet around his ass.

"No, Sansa said...you...you're..."

"Arya, can I tell you something?"

Harry leans forward and whispers in the younger sister's ear.

"Join me, Arya, I am your father."

Pop culture reference from the future, although a misquoted one, is likely to fly over the heads of the younger sister. Arya's eyes snap open and she breathes. Harry takes her right breast in his left hand and squeezes it.

"So, Hadrian, are you ready to fuck me?"
"Only if you do one favor for me."

"Yes?"

"Call me Daddy."

"Yes….Daddy!"

With one push, Harry pushes his cock into the sixteen-year-old pussy underneath him. He deflowers her and quickly eases her pain, taking it on as his own. He pushes deep into her.

Arya hears the first time hurts and she does feel a sharp stabbing pain for a second. The pain gives way to pleasure of the best kind. Pleasure which rocks her body and stimulates her senses. Pleasure which continues the deeper and harder Lord Peverell rides her body.

The deeper he goes into her, the more Arya submits to him. He stuffs his cock inside without any way to go. Arya breaths in pleasure and lets out a light moan. Hunger dances in her eyes the deeper Harry pushes into her and pulls almost out of her.

"It feels so good! Fuck me harder my l...Daddy! Daddy! How could you leave your little girl without a proper cock?"

Harry slides between her legs and gets a touch of her snug pussy. He pulls almost all the way out and drives in deeper and harder. His balls slap against her the further he goes in.

"I'm correcting it now, baby girl."

"Break me on your cock like you did Sansa! Like you did my mother...and like you must have done to every other woman who you laid eyes on! That fancied your interest! Take me! Break me! Make me yours!"

Arya receives a heavy pounding from Harry. She takes more of him inside her than the younger sister thinks possible. His hands move all over her and he just does not fuck her pussy. He stimulates every inch of her body. Several small little jolts of pleasure come up over her before the big one.

"This feels good! Harder! Fuck me like you would fuck a whore! You're going to fuck your own daughter like you fuck a whore!"

Sansa moves over across the bed. She's still a bit rough from the pounding Harry gives her. Watching Harry's cock slide deep into her younger sister makes Sansa feel more alive than before. A moan comes out of the back of her throat as she slides closer than before.

She holds her finger against her front entrance sliding one inside and Sansa follows it up with a second finger inside of her. The show of Harry driving in and out of Arya gives Sansa all the fuel necessary to go over the edge with constant waves of pleasure.

The deeper Harry slams into Arya, the more she clings onto him. Harry pulls out of her and then moves Arya over to her side. He grinds against Arya's shapely bum before squeezing her.

"Daddy! Don't tease me."
"It's half the fun baby girl."

A shiver spreads over Arya as he calls her baby girl. It most certainly sparks something great inside of her. Harry guides his manhood closer to her entrance. The first few inches pop inside of her before Harry slides completely out of her. He drives deep into her.

Harry closes his nails against Arya's ass and squeezes her. He pulls almost all the way out of her and drives his cock deep inside of her.

"Daddy! Yes, Daddy!"

"Look at that. She's begging for your cock. Just like some common harlot."

Those words Arya said early get thrown back into her face. She grits her teeth and is about ready to say something in response. At least until Harry zeroes in on a spot on the back of her neck and slides as deep into her as humanly possible. Harry holds her waist and drives further inside.

Every second she makes and every move Arya makes causes Harry to drive deeper inside of her. He holds onto Arya's waist and pushes into her.

Harry wraps tightly around the lovely sixteen-year-old and spears her pussy. Arya's scorching hole clamps down around Harry the deeper and further he plants inside of her. Harry holds it for a second.

"Cum for Daddy."

"Yes!"

He makes Arya feel great. Great, so good, her pussy gets a heavy slamming. Hadrian stretches her out and makes Arya close onto his hand. She breathes out in the most sensual way possible. This position allows him to fully press up against her body from behind when he's fucking her.

His hands move to her ass and make Arya feel naughty. Those throbbing balls striking her wet thighs and also flicking her clit makes Arya lose it completely. She squeezes down upon him.

"YES!"

Arya screams out one more time and Harry spills his seed inside of her. The warm and fast spurts allow Arya to completely let go of herself. She grabs Harry's wrist tightly and pulls him closer to her. He slams into her tight pussy from behind with the discharge getting more and more prominent the more Harry launches into her.

Several warm blasts of cum later and Harry feels the pleasure of release. The soft shudder of pleasure Arya gives him shows she enjoys it just as much.

"Thanks, Daddy."

A long second paces as Harry rolls over. Sansa crawls over onto the bed and straddles her younger sister's hips. An impish grin goes over her face.
"And that was just lesson number one."

The hint of more lessons to come fuel the fire. Sansa plays a bit with her younger sister, pressing their chests together, and making out in the most heated way possible.

Harry sits waiting for his moment where he can join in.

Thanks to everyone for all of the hits/favorites/follows/kudos/comments and I'll see you for the next chapter on Sunday. Thanks for Reading.

End.

A squeeze of Harry's thigh partially wakes him up. A soft, delicate hand rubbing up and down on his hardening cock wakes him up the rest of the way. He comes face to face with a pair of bright blue eyes belonging to a woman with blonde hair. Her juicy lips coat in dark lipstick which she lightly brushes against his cock. She dresses in a black thong and nothing else when licking and sucking on Harry's cock.

A second woman, a red-haired bombshell with green lipsticks, wearing only plant leaves over the naughty bits, attacks Harry's cock as well. The blonde, Harley Quinn, and the redhead, Poison Ivy, team up for an all-out assault on Harry's cock and balls. Two of Gotham City's most notorious lick him with lovely hands, tongues, and mouths working Harry over. Harley bobs her head all the way down to the base with the lipstick coating the base of Harry's cock and stretching it into her mouth.

"It's time for you to wake up, lover," Ivy breaths all over his balls. "And it's time for us to milk you of your seed."

"If you earn it," Harry tells them.

The seductress smiles and kisses Harry's balls. She sucks them hard to release those balls from the mouths of the villainess. The two of them work over his cock with the chemicals from the lipstick excreting from it on all ends.

Harley hums a tune when sucking on his long cock. She makes several long swipes of her lips and then darts her tongue against the length of his cock. She pulls out and gives him a squeeze.

Ivy takes a taste next to her amazing cock-sucking bringing Harry's cock to its full hardness. Her soft hands work over his balls. Her cheeks bulge from the sheer girth of Harry driving inside of her.

"You two keep it up," Harry groans.

The two women pull away from him and start to paint down from the head of his cock all the way to the base of it. Their fingers keep gripping him. The double-team oral assault makes Harry's balls swell up hard with Ivy squeezing him and manipulating his balls. Her ministrations cause him about ready to cum.

Both women half-seal his cock in their lips and form a kiss. They work over his muscular legs and balls with several sensual rubs. Harry's balls ache and demand to release the cum into their waiting mouths. He pushes deep into them, with a few thrusts driving into Harley's mouth and another couple of thrusts into Ivy's mouth. He drives deep and hard into both of their lovely mouths.

"FUCK!" Harry groans.

One hand full of blonde hair and one hand full of red hair drives Harry deeper into their mouths. His balls tense up before spilling his immense load into Ivy's warm and waiting mouth. Her mouth
slides all the way down the cock and inhales him to drain his cum into her mouth and hard.

Ivy smiles and sits up. She grabs Harley the second they two break apart and they share a sensational kiss between the two of them.

Harry sits up and is not an observer for long. He grabs a handful of Harley's bubble butt and gives her a squeeze. His hands roll over the breasts of the two devious bombshells. Harry decides to get a bit more.

"I'm going to fuck both of you until you can't stand," Harry says.

"Well, of course, you are," Ivy tells her.

"Why don't you warm up your Harley?"

Harry smiles and pins Harley down onto the bed. He tears the criminal's thong off and reveals her dripping wet pussy. Harley spreads her legs nice and far for Harry. He leans down and licks her pussy hard and fast which gets her screaming out with lust.

Ivy grins at her lover and partner before diving down to suck on Harley's nipples and kiss down the edge of her neck. Her attentions make Harley twist and shake on the bed. Her thighs open up even more.

Right on top as always, Harry climbs on top of Harley. Her deliciously milky thighs spread apart just in time for Harry to lower into her. His balls, throbbing once again, match Harry's hard cock. Harry opens the wet pussy hole and shoves a finger deep inside of her.

Twelve inches of Harry's massive cock stuffs Harley's ready pussy fully.

"Fuck me raw!" she yells them. "Treat me like I'm a fucking Bludhaven prostitute!"

Harry grabs Harley's chest and roughly handles it. He rises up and drives twelve inches of his hard cock deep inside of her wet pussy. The warm canal tightens around Harry and squeezes it.

"You're already soaking wet, and you're cumming even more," Harry breaths. "I wonder if some of that lipstick seeped into your brain."

"NO!" Harley yells. "I'm just a slut who needs to be fucked!"

Harley gasps when Ivy wraps some plant vines around her face. One of them works its way down into her mouth and around her throat. Ivy smiles when leaning towards Ivy.

A muffled shriek comes from Harley brought about by a second vine grinding up against her asshole to open it up.

"She's such a kinky bitch," Harry breaths. "I can feel how much her pussy's tightening up when a plant vine is ramming into her ass."

Ivy just smiles a second later and manipulates Harley just as well as Harry's hard cock stuffs into her hot pussy. She rolls back on the bed and runs her hands over her flat stomach, ample breasts, and juicy thighs. The juices coating her makes the thighs of Gotham City's most notorious coat all over her.

The pleasure ramps up in Harry. He drives his hard cock deeper into Harley before pulling out of her. Every time Harry drives into her, her pussy muscles squeeze him tightly. He watches right
above him as the vines hoist Ivy up onto a makeshift platform.

"Aren't you going to eat your greens?"

"Gladly," Harry tells her.

He dives between the spread thighs of the seductress. Harry eats out Poison Ivy while fucking Harley. The two wet, and eager pussies pushing onto Harry's upper and lower heads ramps up the pleasure through his body.

The moans coming from her female lover makes Harley all hot and bothered despite being gagged by the plant vine. Harry rises up and drives his huge cock into her body. He touches her in so many great places and brings her orgasm up to a higher and more intense level.

"Oooh, Harry, right there!" Ivy moans out with his tongue

Harry drives his tongue inside of Ivy's snatch and makes her cum all over his face. He repeats the process a couple more times. He also makes sure to put a hand down Harley's inner thigh and run down it before shoving his hard cock inside of her!

The end rapidly reaches to a close and Harley's cunt closes its way around Harry's massive rod. He pulls almost out of her and buries himself in her.

He's cumming, cumming hard, and Harley accepts his seed spilling inside. His massive balls clench and start spilling inside of her warm pussy.

The squeezing of her warm pussy sends a never-ending flood of sticky seed flooding inside of Harley's closing pussy. She releases and squeezes him until all of the cum drains down out of her body to the very last drop.

Harry pulls out of her and then pulls back from Ivy's pussy. Immediately, Ivy dives down and takes Harry's cock into her mouth. Her hand wraps around Harry's cock and pulls it up. She kisses down from the tip of the head to make sure his cock is erect and ready.

With one graceful movement, Ivy turns around and sits on Harry's lap. The vines wrap around Harley and lift her up on the bed. Harley almost protests this sudden elevation until the vines caress her body naughtily. Two of them wrap around her nipples and tug them.

"Such a kinky slut," Ivy comments.

Harry drags Ivy onto his lap. Her warm pussy lips caress his cock. Harry decides it will not be the best time to slip inside of her. He grabs Ivy's breasts and squeezes them. She moans out and Harry kisses the back of her neck before moving up to her ear.

"It takes one to know one."

The maneuvering fingers keep tracing up and down Ivy's inner thighs. She parts her thighs when Harry leans back on the bed. Ivy mounts Harry's bent right leg while his left leg extends on the bed. She swipes between Harry's legs and squeezes his balls.

"Yes, but you know you enjoy it."

Ivy rubs his cock up and down to the point where she's close to entering him.

"Yes, Pam, I do."
One of the less than handful of people Ivy will allow using her birth name. Her wet pussy opens up and takes Harry's monster of a cock inside of her. It only takes a few seconds before Ivy feels rather full and stuffed of his manhood. She lowers down and then rises up before driving herself down onto him.

"Fuck me hard, Harry," Ivy breathes hard and hungrily.

Two strong and skilled hands find their way onto her ass and give them a very firm squeeze. Ivy rises and drops down onto him and takes as much of Ivy's juicy ass as humanly possible. He squeezes and releases her ass to make Ivy rise up and drop all the way down onto him.

Harley watches the show from her position on the bed. The vines keep her occupied just enough not to be entirely frustrated. All she wants more than anything else is Harry's cock deep inside of her.

Twelve inches of meaty cock shoves deep inside of Ivy's pussy. She rises up and drives down onto him with repeating movements. Her wet pussy clamps down onto Harry and releases him. She tightens the grip around Harry with the massive thrust inside of her making Ivy feel so good. Those balls hit her as hard as possible.

"I know to push your buttons. And I'm pushing them all right about now."

His fingers dance over Ivy's body and condemn her to a very pleasurable encounter. Skilled and steady hands stroke Ivy's breasts and pull on them. Harry squeezes them and makes her bounce down hard. His balls push against her with her body rising.

Harry holds back the desire he feels, as strong as it is, to cum inside of her.

"Oh, damn, you're almost too much! Damn it, you're going to milk me dry."

"I thought I made my intentions clear."

Harry shoves a single finger into Ivy's ass to cause her to rock up and down. More of Harry's meaty prick shoves into her and fills her all the way up. Harry pulls completely out of Ivy and then shoves himself into her. His big balls keep slapping against Ivy's thick ass from behind while fucking her hard.

She's the one who cums just as hard as she intends to make Harry cum. He rams into her. Ivy clamps down on him before pulling all the way out of her before shoving deep inside of Ivy. She releases Harry with each pump inside of her body.

"Yes, and I've made mine clear as well."

Harry's all over her body and drives his cock inside of her with each touch. He runs all over her body and nibbles down onto her. She breathes in rises and falls for Harry to grab out and squeeze. He's pressed against her back down and licking the back of her neck to bring those excited thoughts to Ivy's head.

He lets her go and lets her cum with a couple more pushes. Harry pulls almost all the way out of her and shoves his massive prick inside of her. He pulls out and goes into her again. Harry puts her into an entire loop of pleasure and makes her cum.

Then, much to Ivy's disappointment, Harry pulls out of her. Suddenly, the vines shoot up and wrap around Ivy. They bind her to the bed just as much as they bind Harley next to her.
Harry reaches over and has his pick of which lovely set of breasts he has to squeeze. They want to be naughty and play with him, well Harry can make just as much. Their eyes flood over when Harry tests his luck and keeps playing with them. Firm breasts, juicy thighs, and thick asses receive the full benefit of Harry's squeezing and pleasuring from his fingers.

"I bet the two of you want me to fuck your brains out until you pass out."

Harley and Ivy cum all over the bed. The vines caress their pussies and make sure they are nice and wet. Ivy's lost control for the simple fact Harry's taken control.

A hardening, red, cock slaps against both of their faces. One cock brushes against Harley's warm lips. Harry pulls away from her and slides his cock away from her. He rolls his cock head into Pamela's mouth with the vine retracting from her. Ivy swipes her tongue against him until Harry's done and pulls away.

Harry weighs his options. Face-fucking both of them is a very appealing option. He has other ideas in mind for both of them. His fingers brush down their cleavage and make both of them thrash up and down on the bed. Harry comes close to touching them. Harry rubs their pussies hard, his right hand all over Harley's and his fingers all over Ivy's.

Both beg for him, unable to say anything due to Harry pushing his fingers into their mouths and making them lick the juices which come from to other.

"Oh, you magnificent bastard!" Harley moans. "Take that cock and fuck me again!"

"No, I need it," Ivy breaths.

Harry runs down their thighs with dancing fingers and drives them both completely nuts. He lingers closer towards Ivy and shoves his cock inside of her.

Harley almost protests at least until Harry drives his magic down into her core.

"Both of you are going to cum at the same time," Harry tells her. "And you're going to feel the force of each other's orgasms."

And Harry feels the grip of both tight, warm pussies clamping down on him. He speeds up the thrusts. Every movement brings him closer to the edge. The enhanced arousal and the chemicals in their lipsticks make Harry's cock bloated and his balls heavy.

"Oh, you beautiful bitches," Harry groans with a hard push inside of Ivy's tight pussy. "I can't wait to cum inside of you, inside of both of you."

He feels up their bodies and their moans are his rewards. Harry pushes back up out of her and drives his cock inside of her. Ivy clamps down onto his hard cock.

Her seductive breathing is the downfall of most men. Harry manipulates her body and makes her muscles squeeze. And he does the same thing to Harley to double Ivy's pleasure. Harry rises up completely and drives his thick prick deep inside of Ivy's pussy.

"Let's give Harley her turn."

Harley squeals in delight and then squeals for other reasons when Harry's cock finds its way between her thighs and then slides deeper into her gushing hole. It's very easy for Harry to ram his
hard cock inside of her wet pussy. He rises up and drives balls deep into her.

Each smack of those bloated balls makes Harley wish she can wrap her legs and arms around Harry to keep the cock from leaving her. Unfortunately, the vines wrap around her wrists and ankles and leave her sprawling for Harry to fuck. And fuck she does. She moves what little the vines allow her.

Ivy's pussy bubbles over just as Harley's arousal continues. Both lovers increase their lust with Ivy's pheromones mixing with Harry's to increase the arousal of all parties in the air.

Harry switches in and out of their pussies. The two felonious females work his hard cock over. Harry pulls out of Ivy after a couple dozen pumps inside of her. Then he switches to Harley and drives his big thick cock inside of her bubbling pussy while grabbing her bubbly ass as he drives down inside of her.

The moans intermingle through the air. Harry switches back and forth between both of them and fucks two of the most dangerous women in Gotham City.

"I guess you can be humbled by someone," Harry tells her.

"Next time," Ivy warns him weakly.

Harry smiles when her voice lacks the necessary conviction. His balls size up at her next orgasm. Ivy clamps down onto him the deeper Harry pushes inside of her.

"Spring is here."

Those beautiful words turn Harry into a rapid-fire blur when he forcefully fucks Ivy's tightening cunt. He pulls out of her and then drives himself down inside of her. His balls ache the further he pushes inside of her warm cunt. He rises up and drives down inside of her. Something has to give and Harry knows it's coming.

All three lovers cum together at the same time, with Harry filling Ivy's overflowing pussy inside of her. The sexy criminal rolls her hips up to meet the driving cock of her lover.

Seconds later, Harley receives a hard cock of her own inside of her. Harry has enough cum left over to make Harley. Her legs free just enough to wrap around Harry and squeeze him. Harry pumps his cock inside of her with the final blasts of cum spilling inside of her.

Harry's eyes burn with white fury as his body works through the arousal from Ivy and Harley's lipstick and sends several jet blasts of cum into Harley. He has to drive into Ivy and Harley at least four more times, separately, to finally drain his balls.

Harry pulls back to survey his handiwork, with both Harley and Ivy falling back onto the bed sheets with wide smiles.

"So, Red, would you say that's a successful heist?" Harley asks.

The river of cum flowing between Harley and Ivy show that this is a successful heist indeed.

End.

**Next Chapter:** 3/6/2018.
A loud squeal comes from Pansy Parkinson when she's hurled on the bed. The front of her uniform top is torn off with a green bra poking out. Her skirt is rolled up and her stockings are sliding about her leg. Shoes fly off on the floor as the hands of her partner are all over her. He's grabbing every inch of her body, chest, ass, legs, and then smashing his lips onto hers with a dominating kiss. Pansy's mouth opens wide to accept his tongue into her mouth. The two lovers fight for domination with Harry Potter winning the battle one hundred percent of the way.

She chokes on his tongue, with Harry grabbing the back of her head. Pansy enjoys his fingers gripping and squeezing her jaw as he forces his tongue into her mouth and down her throat. Pansy holds onto the back of his hair and kisses him even more deeply.

"You were asking for it all those years, weren't you?"

His cock's now out of his pants. Twelve inches of prime magical meat slaps Pansy hard across the face which leaves both a small bruise and a smear of her makeup. Harry stands in from of her and swings his cock. It smacks her on the mouth.

"Yes, Potter, I'm asking for your cock," she tells him. "A slut like me needs a big cock like yours to make her whole again. And to fill her holes."

Harry grabs Pansy by the back of her head and forces his cock down her throat without any warning. He chokes Pansy out with his throbbing hard cock. Her mouth stuffs full as Harry pulls back and then drives himself into her. He repeats the thrusts while burying himself deep into Pansy's throat. Pansy opens up her throat to take as much of Harry's cock as possible down it.

"Mmm," Pansy moans around his cock.

Her hands grip Harry's back ever so slightly and take a throbbing thrust down it. His balls smack against her chin as Harry keeps working himself deep into her throat.

"You are a natural born cock sucker. You're nothing but a stupid slut who is born to have a cock rammed down your throat."

Her loud pops continue to increase in volume and frequency. Pansy loves cock down her throat and she cannot get enough of Harry. Harry rams her mouth with his cock. Her eyes bulge out the deeper Harry crams her throat with his hard cock.

Harry holds onto the back of Pansy's head and uses her throat to pleasure himself. His massive meat missile rises and falls to ram down Pansy's throat. Her tongue brushes him several times. Harry works the back of her head and face-fucks her.

Pansy holds onto his ass and enjoys the feeling of a good big cock driving down into the back of her throat. He pulls out of her and touches her lips off to one side and then drives deep into her mouth again. Pansy cherishes every single day.

"It's your lucky day, whore," Harry growls. "You're going to get a big sticky load of cum down your fucking whore throat. It's nothing less than you deserve."
Pansy knows she deserves it and she keeps sucking Harry. The loud sounds being made keeps bringing Harry's balls to the edge. Pansy squeezes them and then releases them. She squeezes Harry's balls a couple more times to weigh the immense amount of cum stored inside of them, ready to seed the back of her throat.

Harry pushes himself to the brink and crams his cock into Pansy's clutching throat. He smacks those balls against her chin with a repeated series of thrusts. His hand's loop into the back of her head the deeper Harry drives his cock into her mouth.

"Fuck here it comes, Parkinson. Good job."

His cum shoots into her mouth, in such a volume that Pansy assumes he's done and releases. For her trouble, she gets a face full of cum which smears down her face and dribbles down her neck.

Harry's shooting cock paints her face. He looks down at Pansy the way he imagines her being. On her knees with cum shooting in her face as she jerks off a man's cock.

Then, Harry shoves her down onto the back and tears her top off the rest of the way. Pansy's breasts pop out and her nipples are stiff as rocks. His fingers tweak Pansy's nipples and release them to cause a moan to fill the air. Harry roughly hands Pansy's body, going down from her breasts to attacking her inner thighs.

"Turn over so I can see that ass."

Pansy obliges Harry. Her ass is nice, thick, and round, and more than a handful for Harry to grab. He reaches out to grab Pansy's juicy butt and mold it into his hands. Her thighs spread almost on instinct. Harry's not quite ready to screw her brains out just yet.

He picks his belt and spanks Pansy on the ass.

"Yes, Daddy!" Pansy yells before thinking about it. "Spank your slutty little girl before you fuck her."

"You're just a slut," Harry tells her. "And your my personal cock sleeve. Every day, if I summon you, you better be here. And you better be here to take my cock wherever I want to put it."

One finger shoves into Pansy's tight cunt. He groans when he feels how tight she is.

"You must take a potion to keep yourself this tight," Harry groans. "I'm afraid when I'm done with you, no potion is going to ever give you the illusion of purity ever again."

He finger-fucks Pansy and then pulls out. Harry forces Pansy to taste his finger and get it wet. Then he slides it down her body and drives it into her.

Harry's swinging cock slaps Pansy roughly on the ass as he drives his finger inside of her. Pansy is hot and bothered and wants one thing. The cock touches her clit one time as she moves around. Harry forces her down on the bed and grinds against her pussy and ass but does not pull the trigger.

The touches and the tormenting of Harry's never-ending sexual attack on her body is really riling Pansy up. He's touching her in all spots and making her lose her sense of herself. Harry grabs onto her and then squeezes her ass.

"Fuck me," Pansy pleads with him. "I need your cock."

"I know you do," Harry says.
His arm wraps around Pansy and then rolls down to be just underneath her throat. Pansy's excitement bubbles to the surface at the dangerous position he's in. His hands move down a bit lower as Harry aims himself at her. His cock parts her walls and then slides inside of her with one slide of it.

Twelve inches of cock find their way inside of Pansy's tight, willing, snug pussy. Harry pulls almost all the way out of her and drives his cock inside of her one more time. Her walls tighten their grip on Harry and Harry pulls out of her before driving into her.

Her pussy accommodates for Harry. Harry is all over Pansy's body now, marking what belongs to him, and every inch of the dark-haired vixen's frame belongs to him. Harry's holding his hands all over Pansy's body and driving deep inside of her while she's on her hands and knees.

"Oh, fuck, I don't think I'd ever be the same! Your cock's so good! SOOO FUCKING!"

Harry drags his nails down her back and then reaches up to roughly grab her hair. Harry holds onto two hands full of Pansy's hair. Enough force and it would come off in his hands. The thought of having her hair ripped out in the act of sex only turns Pansy on ever so slightly more. Harry buries his cock inside Pansy and pulls almost all the way out before driving his manhood inside of her body.

Her tight pussy closes down on Harry's throbbing hard rod. Harry pulls almost all the way out and then drives inside of her again. His rapid-fire thrusts continue to build the necessary momentum and drive Pansy completely over the edge. He's working her to the orgasm.

Then Harry pulls out of her. Pansy wonders what madness this is. She's so close to losing her mind and cumming, and yet Harry stops it.

"Not yet."

Harry hoists her up and moves her across the room to the wall. Several chains pop out of the wall. They hook Pansy's ankles and wrists. Harry walks over towards her and rubs his cock against her juicy center. She's in the act of being entirely frustrated before Harry drives his cock inside her once again.

She clutches Harry's love muscle as tight as possible. Harry's pounding her into jelly against the wall. She can't wrap her legs or arms around him due to being chained to the wall. All she can do is sit back and enjoy the hard, efficient, fucking she's getting. Harry takes her body without any restraint, not that Pansy's going to give her much resistance.

"I take what I want. And when I want it."

Pansy appreciates that a lot. His hands grab her ass as it pulls away from the wall. The grip Harry puts on her ass only puts him closer to driving his thick cock inside of her tightening cunt. Harry pulls out pretty much all the way and then drives himself into her one more time. His balls keep smacking her the deeper he goes. And he can go pretty deep and pretty far with the right momentum.

"Now, you're going to cum. Only if you beg."

"Please, Master," Pansy breaths. "Let your little slut servant cum. She can't take it anymore."

Harry lets go and allows Pansy the release she so craves. And Harry's cock craves driving into Pansy just as deep as well. His balls repeat their never-ending assault on her wet thighs. They smack down on her and leave those delicious little marks all over her. Harry holds back against her
and slams his cock inside of her tight body. She holds him and releases him with several more pumps.

"It's nothing less than you deserve," Harry informs her with a grunt. "Keep cumming for me. It's good for you."

"Yesss!" Pansy howls with delight. "It's good…it's very good!"

Harry holds onto her to spike his cock into her. Pansy's body reacts to him.

"For being such a good girl, I'm going to free your legs."

"Thank you, Master."

The second the legs are free, Pansy's legs come out. She wraps them around Harry's waist the deeper he shoves inside of her. Harry pulls out of her almost all the way and slides his cock into her wet pussy. The length of Harry's cock drives inside of her one more time.

Harry grabs her legs just as roughly as possible. Said legs squeeze him tightly. Harry runs all over her legs and enjoys the feeling of her very soft flesh. He grabs onto it and Pansy squeezes him the deeper Harry drives inside of her body. He pulls back almost all the way and drives his cock deep inside of her. Harry holds onto Pansy's back and drives his huge cock inside of her with a couple more solid thrusts.

"Fuck!" Pansy yells in his ear. "Fuck! Fucking hammer me with that big cock, Master."

The next level of deep fucking continues with his cock driving deep inside of Pansy. Her wet pussy grabs Harry's cock hard and pumps it. Harry holds onto her back and fills her up several times over. Pansy keeps moaning in his ear, encouraging him to go on. And Harry indulges himself in her slutty, willing body.

"You have a body built for fucking, Parkinson."

"Thank you, Master," Pansy moans in his ear.

Harry's cock rams deep inside of her body. He's about ready to treat Pansy as his own personal cum dump, and she can't wait for it. Her inner muscles grip onto Harry's big thrusting cock. He goes in deep and then pulls almost all the way out of her before driving inside of her body.

"A great body," Harry tells her by rolling his hands up and down. "Go ahead. You have my permission."

The puppet master pulls his strings and the puppet reacts. She cums all over Harry's big cock and saturates it. Harry plunges himself deeper inside of her. Every thrust brings Pansy closer to her own thrill ride. Harry holds back and then slams inside of her. His balls repeat their dance against her.

All good things wrap up pretty soon, and Harry's drilling of Pansy is one of those things. His balls throb about ready to meet their critical mass. He drives into Pansy's willing and squeezing cunt. She milks him like it's her job and now it is because it is now.

"Almost there," Harry breathes. "Maybe one day I'll let you bare my daughter….but you haven't earned that right, slave."

Pansy vows to be good enough to earn the right to carry her new master's child. Instantly, his cock works its way inside of her tight pussy on a repeating loop. She can feel the tension rising and the
tension rises in her body as well. Both of them are going to cum together.

A few more thrusts bring Harry into the depths of Pansy. Then, he gives way and cums along with her. His balls start shooting and spraying into Pansy.

Pansy's entire body heats up with pleasure the second Harry explodes inside of her. His balls release their load and fire inside of her. Pansy throws her hips up practically absorbing Harry's cum inside of her tight pussy. Harry holds on and plows her until she can hardly see straight. He keeps working her over all the way to the edge and then drags her a few steps beyond.

"Thank you."

Harry works into her, seeing white spots from the thrill of pleasure. Pansy keeps holding onto him and does not let out for a single second. Harry wants to finish inside of her. His cum drips from her on the few final drives into her. Her legs collapse from underneath even though the chains still hold her up.

Without another word, Harry pulls away from Pansy. He puts his clothes back on.

"Master?"

"Someone will be by eventually to get you down," Harry says. "I have other appointments to keep."

Harry reaches down to squeeze her inner thigh and then pull away. He leaves Pansy hanging on the wall. Dried up cum stuck to her sweaty face, completely naked, and droplets of cum falling from her raw pussy to the ground show evidence of what has happened tonight.

Another bitch broke in and it was long overdue as far as Harry's concerned.

End.

Transfer( Sylvanas Windrunner from World of Warcraft)

Red curtains surround a bed. Sylvanas Windrunner bites down on her lip and awaits to see what fate comes to her. She taps her finger a couple of times on the edge of the bed. She rocks back and forth with the breathing growing deeper and not to mention more frustrated. The frustration cultivates a whole lot more.

"Hello."

The attractive blonde elf looks up. The man of her dreams appears before her. She pushes her hands on her legs and stares up at the handsome gentleman.

"I'm Harry Potter. And I've freed your soul."

She realizes it instantly. Sylvanas takes a deep breath and keeps her gaze fixated on the young man before her. So many thoughts cross through her mind. She supposes there's only one thing to say in a situation like this.

"Thank you. It's...but why am I here?"

"For certain reasons of balance, a token must be given for such an act. It's not much, but..."

Before these words come out, Sylvanas bounces up to a standing position. She throws her arms around Harry's neck and proceeds to kiss the daylights out of him. She cannot be more happy with this token.

Harry wraps his arms around the waist of the nubile creature. It is almost too easy at times. He pushes his fingers all over her lower two enter a very intense makeout session.

She breaks free of them. A small amount of saliva connects their lips. Sylvanas puts her hand on Harry's shirt and unbuttons the first couple of buttons. An impish grin spreads over the face of the sexy elf.

"I don't even think you would need to perform anything for me. I would have given you much for free."

She dives in for more kisses. It does not mean that she shall not show her gratitude. Harry looks very pleased with her.

Harry helps her out of her corset top and her pants. Slowly unveiling her body. Her nice round, perky breasts, her flat stomach, her shapely ass, and long legs. Not to mention the smooth surface between her legs. Lips just about ready to part.

"First, I'm going to get to taste you."

The elf nods with a smile. Sylvanas drops down onto the bed while the man of her dreams crawls
between said legs. He encircles her warm hole and pushes a finger into her depths. Then a second finger, following a third finger. Finally, Harry's deep inside of her and working her over.

Sylvanas lifts her hips up and brings them down to the bed. Harry leans into her and laps up a tiny bit of the juices coming from between her legs. Harry pulls her and swirls his tongue against her warm slit. He pulls back a couple more times and leaves her in a very prominent daze.

It makes her feel so good to feel this. Harry's all inside of her and making her feel anything he can do for her. His tongue darts against her lips and goes back in.

Harry eats out Sylvanas and allows the juices to flow into his mouth. She's pent-up with something. Lust, aggression, whatever you want to call it. Harry's in there, and he continues lapping up everything from the inside of her warm hole. He pulls out completely.

"Delicious."

Sylvanas wants to gaze at Harry of all of his glory. She notices the bulge just threatening to poke out on the other side of his pants. A stammer and a race of her heart rate occur. Sylvanas wants him in every single way possible. She locks onto his manhood and hunger just darts through her eyes.

"I want you. So badly."

"And in time, you will have me."

Harry pulls down his pants and reveals the object of her desire. Sylvanas pops her lips free and smiles. She cannot help and put her hand on Harry's twelve inches. Just making sure it grows in her hand.

"Why don't you sit back and enjoy the fun?"

She cannot wait for Harry to be inside of her. A void she never feels before spreads between the legs of the elf. The creature's beautiful thighs part.

Harry plants several kisses down her body. The feeling of her soft skin underneath his hands encourages him to go further down. To kiss and to toy with every single inch of beautiful flesh. She certainly is something and Harry wants to bring her the pleasure that he feels she deserves. A nice long tug on her nipples brings her completely to life. Harry leans down and takes one hard nipple into her mouth before sucking on it.

Sylvanas rises up off of the bed. Harry's all over her body. The one thing she wants though is being denied to her. Visions of Harry sinking between her folds enters her mind.

"Please. I wish to thank you. And I want you to thank you in the oldest way that nature allows. You know I want this. You know how much I need this. So, if you could please give it to me."

Harry holds himself against the edge of her entrance. He almost slides against her hole. The first few inches travel into the depths of Sylvanas. She closes her eyes.

"There's so much for me to give you. Are you ready?"

"I am."

The warm feeling between her thighs needs fulfillment. Needs something. Harry leans in and runs a hand through her blonde hair. He almost sinks inside of her and pulls back completely.
She shivers on the bed. Sylvanas locks her legs onto Harry's back and pulls him in. This time he drives completely inside of her. Taking his manhood into her smoldering hot depths is a treat which she cannot deny.

Harry works deep inside of her. He gets his entire length inside of her. Stuffing this beautiful woman fully and watching the look of awe and energy on her face makes Harry just think he can handle anything. Handling her is the best.

"Ride me until I can't take no more!"

Harry massages and kisses on her legs. They feel smooth as the rest of her. Her tightening walls caress him in response. Every inch of Harry he pushes into her is another great adventure. He pulls back from Sylvanas and drives as deep into her as humanly possible. His swinging balls crack down onto her thighs.

"I….I can't….this feels so good."

"I'm glad. Just let it happen."

She does let it happen. Harry's hand rests on her chest. Every now and then, it cups and releases her heaving bosom. Sylvanas receives the time of her life. The pleasure ride, the thrill of Harry sinking his way into her and pulling almost all the way out of her. Flesh smacking upon flesh.

The rise of heat through her body makes Sylvanas feel more alive then she has in a long time. That dastardly reminder in her head tells her she's not been alive for a long time, not truly.

The woman beneath him pulses with need. He legs kick up into the air as Harry gives Sylvanas the attention she craves. Working her completely over to the point where she edges closer.

"I made the right decision."

"Yes! And I can never thank you enough."

She flexes against him, trying to give Harry the thrill of his life. Obviously, the Master of Death has been inside of many willing women. Her pussy is very tight and feels very good. The approach of her orgasm is something which Harry needs to ride out, in more ways than one. He smacks his hard balls down onto her and sends her almost over the edge with multiple waves of pleasure.

Sylvanas pulses underneath Harry's body. Harry pulls almost all the way out of her and drills deep inside of the sexy elf. Sweat drips down from her body.

Time passes by with Harry's strokes just pushing into her. He bends down and caresses her body. Every time he touches her, it brings a fresh wave of enjoyment all over Sylvanas. It makes her jump up to take even more of Harry inside of her. His swinging balls crack down on her. Harry pulls almost all the way out of her and sinks down completely on her. Filling her up and emptying her up in due course.

"I need...I need this. I need this so badly."

Harry holds onto her hips and rams deep into her. He's now so far into her body, it stretches her. It makes Sylvanas stretch out completely.

"Go ahead. Like you never have before. I know you want your release. Every inch of your body racking, burning with need. You feel the pleasure and the need to please the only thing which ever makes you feel good. Don't you? Don't you?"
"Yes!"

She screams this word out completely. The truth is, there's so much pleasure in her body. Harry gives her pretty much every ounce of pleasure. Every drive deep into her brings a fresh feeling of desire through Sylvanas. He drops down onto her. The full weight of his balls just slams down onto her womanly thighs. He pulls completely from her and goes deep into her. So deep it almost hurts her to think about it.

"Cum for me. Cum for me now."

She obeys him. A river, a dam from inside of Sylvanas. An increasing amount of pleasure, endless and fulfillment explodes from her body.

The second Harry drives into her and rides her so deeply, it's like new life is being brought to her. That thought causes another one to cross over the mind of the sexually-starved woman thrashing on the bed.

Harry pulls back and gives her some time to recover. Some time to relax and an ample amount of time for her to pull back. Harry flips Sylvanas over onto the bed and puts his hands on her lower back. He feels up her back and then goes over to touch her ass.

She's almost face down on the bed. Harry can take her in any way he wants. She wants him to. Sylvanas really wants him to. The hard push against the back of her leg makes her jolt up.

"No. I want you facing me when I finish."

Sylvanas turns around and is now straddling Harry's lap. Harry watches the awe and the hunger explode through her eyes the second she drives down onto him. Her wet hole closes down onto Harry. Harry reaches a hand down against her ass and squeezes it hard. He releases it from his grip.

"How do you like that? How does it make you feel?"

"So good!"

She bounces up and down. The view of her dancing breasts entices Harry. Entice me so much he grabs the perky wonders in his hands and holds down onto them. Cupping and releasing her flesh only makes Sylvanas bounce higher. Take more of him inside of her.

"I'll give you anything you want. Thank you! Thank you! If you would like to breed me, I would sacrifice my womb! Anything for a token of gratitude for me."

The beautiful hybrid these do may create entices Harry. He pushes a bit further into her body and sends Sylvanas over the tipping point. She cannot resist him and he cannot resist her. It's a codependent relationship which shows just how much both lovers entice each other. He pushes a hand on her bouncing chest and bombards her with touches.

Sylvanas throws her head back and moans out to the heavens. She thanks whatever divine party who gave her this gift, and this second chance. Harry fulfills all of her desires. Some conscious and some subconscious.

"I can't believe this feels so good."

"Well, believe this."

Harry nibbles the side of her neck. More sexual fire explodes through Sylvanas. She cannot help
and drive herself down upon Harry. The sound of wet flesh cracking together proves to be music to her ears. The sexual symphony kicks up a couple more notches. Harry presses his finger against the edge of her nipple and pulls on it, going in hard and releasing her with passion dancing in his eyes.

"I believe it! I believe….I believe it!"

The higher she bounces, the more Harry plants into her. She tightens her grip on him. The release is almost there and almost at hand.

"Yes. It feels good to believe. It feels even better to feel. Doesn't it?"

"Mmm...yes baby."

And hopefully baby, her lust-addled mind thinks. By giving her new life, it's only fair that Sylvanas gives Harry new life. In the oldest way possible. Every second his finish concludes Sylvanas thinks of his powerful cum coating her insides. She prepares herself to be impregnated by the spawn of this powerful wizard.

Sylvanas drives her nail into the back of Harry's neck and takes a deep breath. He bombards her warm womanhood with multiple deep thrusts.

Harry edges ever so closer. He wishes to let her feel this moment. The friction burning between both of them makes Harry's excitement. She squeezes down onto him.

"Our time is almost here. I hope you're ready to carry another one of my daughters. They are all as beautiful as their mothers. This one will be stunning."

"But they will be only as stunning when they have their father's...eyes."

"They all do."

Sylvanas cannot say she's more pleased to hear this particular statement. She jams herself down onto Harry. Every desire bred deep into her is about ready to come unfolding.

The unbearable paradise of her tight womanhood is about to bear fruits. Harry hammers her wet hole until the point where he cannot go anymore. He brings himself a couple of steps forward, spearing her. Her warm tightness.

"My womb for my soul. A fair trade, wouldn't you think?"

"Agreed."

Harry fondles her breasts and releases them. Sylvanas cannot help and hold down on him. His massive cock spears its way into her deep hole several times. Making her explode with an overflow of lust.

Finally, it happens on Harry's end. He spills his essence inside of her womb. The potent essence splashes against her fertile womb. Harry holds her down and makes sure every single last drop fires into her body.

The circle completes somehow with Sylvanas taking his heavy load into her body. Every last drop explodes into her body and keeps filling her up. She cannot do anything other than hold on for a hell of a long ride. She scratches a nail down his shoulder and moans enticingly in his ear.
The end comes as it normally does. Sylvanas drops all the way down and raises up to meet Harry. To run her warm folds all the way down his cock and push it into her. He enters new depths when filling her up all the way to the point where his conclusion is inevitable.

"Finally."

Sylvanas smiles when pulling away from her. She cannot help and feel full. She rubs her belly. The second she turns around, Harry's hands push onto her back.

"Do you think we're done?"

"I hoped we weren't."

Harry plants several kisses all over the body of his freshly impregnated lover. Their daughter's heritage will be delightful.

Thanks to everyone for all of the hits/favorites/follows/kudos/comments and I'll see you for the next chapter on Sunday. Thanks for Reading.

End.
Bright light flickers in on the office. An attractive blonde school girl wearing a sailor outfit kneels on the floor in front of the handsome older man. The sixteen-year-old licks her lips and smacks them together when the handsome man approaches her on the floor. He leans down and touches the side of her face before pushing her up to a half standing position.

"You enjoy it, don't you?"

She opens her mouth and receives a very passionate kiss from the man in question. His tongue darts against the edge of her mouth before pulling back away from her. She lets out a soft sigh the more the handsome young man in front of her attacks her mouth.

"You enjoy being your teacher's pet, don't you?"

"Yes, sir."

Usagi Tsukino's mind explodes into primal lust the second her lover moves her closer. His muscular arms wrap around her body and squeeze tightly around it. He covers her mouth with one of the most intense kisses ever. Her knees knock together as her lover pushes her back onto the desk. She rises up and parts her stocking clad legs. A single hand dances up her leg and moves closer to her feminine region.

A smile of triumph fills over Harry Potter's face. He rubs her between her thighs and smiles. He, as he expects, wears no panties underneath her skirt. Harry pulls his fingers away from her as he has the girl at least ten years his junior panting and squirming for more of his fingers.

"And you don't wear panties. And your pussy is just begging to be touched."

"And you take good care of your pet," Usagi breaths with a hunger dancing in her eyes.

Her sixteen-year-old pussy lips react to the touches. His fingers work inside and then pull almost all the way out. Usagi keeps rising her hips up off of the table and then dropping them down. Her lips bite together with intense pleasure cascading through her body.

"Of course," Harry tells her. "That's what you want, isn't it, honey?"

Usagi nods in eagerness. Harry pushes his fingers deep inside of her warm cavern. She squeezes him and Harry just adds more stimulation to her. He sends her young body on a thrill ride. Harry always enjoys a teenager who is very eager to please their master. He pulls out of her and then shoves his fingers into her body.

"Sir, you're going to make me cum!"

"I know."

The confidence filling his voice throws Usagi's hips up to meet his probing fingers. Every time he touches her, it thrills the younger girl. It makes her pussy squeeze tight around him. She increases the sounds and undoes the front of her suit to rub her breasts. She teases herself with touches the deeper he pushes inside of her.
Harry reasserts his dominance over the younger girl by kissing her lips and then sucking on the bottom one. He bites down on her and she squeals in delight before he pulls away from her moist lips. He kisses her neck and increases the excitement. The flow between her legs intoxicate Harry and hardens his rod inside of his pants.

Usagi rolls her head back and moans loudly. Harry finger-bangs the younger girl to the edge and then drags her just a little bit more. He works her over with repeating thrusts which increase her orgasm and nearly causes her to black out from the pain.

She comes back to life with the sound of Harry's belt unclinking.

"Ms. Tsukino, I think you know what to do now."

Her perfect cock sucking lips part. Harry holds the back of her head and guides his thick meat spear into her tiny mouth. Her eyes bulge when Harry eases his cock into her. Her warmth pops around his head and Harry pulls back before working more of his tool inside of her.

Usagi receives a huge dose of cock burying into her mouth. Her cheeks stretch and she coughs around his cock. Despite this discomfort, determination to please her teacher overrides pretty much everything. Harry grabs the back of her head and drills her tiny, tight, oral hole.

"You have a mouth built for sucking cock. Go ahead and take it into your cute little mouth. Make those warm lips do their work, shove your hot little tongue underneath my length! Show me how much you enjoy being the teacher's pet."

The loud popping sound around Harry's cock makes his loins rise up. He shoves as much cock into Usagi's mouth as could fit inside of her tight oral hole. Harry pulls away from her mouth and shoves about as much as possible into her. His balls slap her chin the deeper Harry pushes inside of her.

Harry grunts when shoving as much of his cock into her tight mouth as possible. It's a never-ending round of worship. Usagi holds onto his thigh and reaches between his legs to squeeze his balls. Harry rewards her with her exploring by stroking the back of her neck. She tilts back and takes a full cock all the way down her throat.

The balls slapping Usagi's chin show her how much cum Harry intends to pour down her throat. The older man makes her work for it. She grabs Harry's balls and starts milking them while popping his cock out of her mouth briefly enough to do a full tour with her tongue. Then without any prompting, she slips his cock back into her mouth.

A warm seal of lustful sucking enhances Harry's desire. He holds onto the back of Usagi's head and pushes his cock inside her.

"Get ready."

These words beckon Usagi not to waste a single drop of cum. Harry rams into the sixteen-year-old's warm mouth and spills his cum down her throat. The thick and juicy flood of seed flows without any regard to how much can fit into her mouth. She holds onto his ass and takes as much as she can.

Harry holds onto Usagi and appreciates her young mouth sucking him beyond dry. His balls slap her face and Usagi hungrily milks his cock with her perfect tight lips. Harry pumps his sticky warm cum down her throat and fills up her mouth in an attempt to choke her with the most insane amount of cum possible.
"Good, excellent," Harry tells her.

Usagi releases her mouth from him. She sticks her tongue full of cum out of her mouth and then moves it back in to swallow it. She makes sure to lock eyes with Harry when she does this.

In a blink of an eye, Harry pushes Usagi back to the desk and bends her over the desk. Her wet pussy lips stick out ready to accept Harry's cock. She squeals and squirms underneath him as Harry pulls out so he can attack her nice firm breasts underneath her shirt.

"Sir!" Usagi breaths. "Please."

Harry slaps his huge cock against her warm lips and then edges himself closer to slipping inside of Usagi's tight pussy. The sixteen-year-old student's nails clutch against the desk and Harry pulls her back to lean into her ear.

"Remember, you've asked for this."

These words follow Harry's meat spear plunging inside of Usagi. He fills her completely up with the first few inches. The brushing of fingers down the student's back makes her squirm. Harry pulls out of the girl and then drives his huge cock into her.

"I love how you school girls are just so eager for cock. Good thing you have a teacher who thinks the best of his students, wouldn't you agree? I give you the right amount of one on one attention."

Usagi nods in response. She appreciates the attention he gives her. His big meaty cock shoves inside of her tightening pussy. He works her over and stretches her completely out. Usagi's mouth hangs open and she practically drools at the attention.

"And the discipline you crave as well."

A loud spank connects with Usagi's tight ass. She squeals and Harry spanks her again. The spans only make her pussy tighten around him. Harry plunges his cock into her tightening pussy and almost pulls out of her. He drives down into her and brings her to the desk as hard and as far as he can go.

"And you enjoy everything I give you," Harry tells her. "And you, more importantly, enjoy when I tell you to cum."

She tightens around him. It's the magic trigger which makes the entire world go around and makes Harry's throbbing cock to plunge into her. He smacks his thick balls against the back of her head and shows Usagi just how fast he loads. Every now and then, Harry bedazzles her with a new touch and tweaks her body in ways which Usagi only care barely imagine.

The thrilling sensations of Usagi's tightening walls stroking Harry's bare cock only gets him even further. He works deeper inside Usagi and drives her into the desk. She moans louder with Harry holding onto her with repeating thrusts. They go deeper and faster and drive her beyond insane.

"Go ahead. Cum for me."

Usagi's happiness increases when her teacher increases the thrilling sensations cascading through her body. Her toes curl up and her nails brush against the desk. She pumps her wet walls around Harry's massive rod and then he pulls out of her before sliding into her one more time.

"Good. Good pet. I think that earns you a reward."
Harry leaving her is not what Usagi thinks is a reward. Yet, she feels there's something else, more than meets the eye going on here. Usagi saunters over with a heavy-lidded expression on her face. Harry motions for Usagi to drop down onto his lap and then he holds her. His hand slides her up a leg and positions her on him.

She slips over his cock and then drops all the way down to the base. Usagi's ass bounces against his balls. She rises and falls on him. He wraps his arms around her and the carnal exchange continues.

"It's so much bigger when I'm on top."

Usagi tries to control the tempo of the sex. Unfortunately, she remembers the lessons Harry taught her before. Just because she's on top, it does not necessarily mean she's in control. And Harry reminds her of this while guiding her to bounce down onto him.

"I fucking love your tight pussy," Harry breaths in her ears. "And I wonder how many times I can make you cum today before you pass out. Should we go for the record?"

The sexy sailor scout drives her pussy down onto the massive cock of her teacher. The older man makes her feel so good. And he knows the right buttons to push.

Harry smiles and enjoys the lovely sounds escaping Usagi. He receives a thrill at bringing her to pleasures which no boy can bring her and not too many men either. Harry knows she's his now and will do anything if it means not displeasing him. Her eyes fade over before letting out the most thrilling scream of pleasure.

"And that's another mark. You're going to be really tired after today. But, you'll go to sleep smiling."

"YES! YES! YES!"

The two meet each other. Harry rams his hard fuck rod deep inside of Usagi and she pulls completely away from him. Usagi slides all the way down onto him and releases his hard cock with multiple drops and rises. Usagi tightens around him and releases his cock from her snug grip. Harry holds onto her back and guides her down inch by inch until he's balls deep inside of her.

Her body shakes and Harry dives down to lick her hard nipples. Harry attacks the chest of the teenager and she moans hungrily. He sucks and blows on her breasts to drive her to a lustful and never-ending orgasm. She clamps down on him and releases him.

Usagi slows down her bouncing. Harry takes pity on her and then lays her down on the desk. He climbs over her and shoves his cock into her quivering pussy. She wraps her legs around him.

"Stay with me. Or you might find yourself not liking your next punishment."

The firm hand Harry takes with her makes Usagi shiver but also inspires her. Harry works his cock into her body. Usagi's foggy recollections come to light of how good it feels when Harry makes her feel and how bad it is when she displeases Harry. He fills her with his cock.

"Make me feel good," Usagi moans in Harry's ear. "Sir, you make me so wet. I can't stand it. I think I'm going to cum ago."

"No. You will cum again."

And Usagi does cum again. Her walls expand and contract around Harry to pump his massive rod
inside of her. She can feel him, all over her. Their bodies aligning properly for this next orgasm. Usagi rises high and Harry guides her all the way down until she can resume their exercises.

"Well, I don't think I need to give you any extra homework this time. But, be warned, this might put you in the advanced class."

Harry speeds up his thrusts and gives Usagi back to back orgasms. Her pussy snatches his cock and squeezes it. Harry gets very close to almost popping and releasing his seed into her body.

"You get an O."

The double meaning of Harry's words brings a smile to Usagi's face and she cums one more time. Harry rides her orgasm until it's his turn and finally, Harry's coming close to finishing inside of her.

Harry enjoys Usagi for as much as he can. Her young nubile body rushing with the sexy shine of sweat and arousal puts Harry completely beyond the pale. He slams deep into her and then pulls out before rocking her insides one more time. Harry rubs his cock against her wet opening and then sticks her full of his massive prick.

Then, it happens, Harry explodes and fills up her pussy with his cum. Usagi wraps her legs around Harry's waist to accept the rush coming from him. Harry relishes her warm pussy stroking his bare cock and sucking all of the cum out of it before he finishes off inside of her.

Usagi tapers off with Harry finishing off cumming inside of her. He pulls away and kisses her on the forehead before moving her over to the study to rest and recover.

"Same time next Friday."

She looks forward to it.

Enough For Two (Patil Twins)

I've got another blog exclusive chapter, this time a Real World Breeding Ground chapter featuring Kate Upton. Head to the Real World Breeding Ground link and check it out if you want to, or don't. It's titled "Poolside."

And now, let the Shameless Smut Commence.

Enough For Two (Padma and Parvati Patil)

A heart-stopping sight greets Harry Potter the moment he returns from a long day. And it's a sight which many men welcome.

Two attractive Indian twins sit in the middle of his bed wearing next to nothing. Parvati is about an inch taller than her sister with a larger bust, not that Padma's small by any means. She dresses in a skimpy gold bikini top which sparkles in the air. She wears a tight golden thong as well which only barely covers what needs to be covered, and from certain angles, you can see her. Her lips shine brightly with the blue lipstick she's wearing.

Padma, on the other hand, favors a red model and she wears about as much material, which is to say she wears next to nothing on the bed. Her lips curl into a popping smile when she looks across the room towards Harry. Out of the twins, it's in Harry's personal opinion that Padma has the more shapely bum. Her lips shine brightly with the vibrant purple shade of lipstick and matching nails as well. Both of them have a tin of strawberries and a bowl of whipped cream.

"Harry!" Parvati calls over to him. "Why don't you sit down? You must have had a rough day?"

Harry sits down on the bed. There's no warning with Parvati laying her head on Harry's lap. Padma reaches in and then grabs her sister a strawberry. The strawberry slides into Parvati's mouth.

"We're glad you're home," Padma says. "We were getting a bit lonely without you and now that you're here everything is better now."

Padma goes to get Harry a strawberry as well. The strawberry slips and falls into Parvati's cleavage. Without missing a beat, Padma takes the strawberry and slips it into Harry's mouth. Harry enjoys the exotic taste of the strawberry. Padma runs her tongue over Harry's lips and pulls back.

"You got some whipped cream over your mouth," Padma says nonchalantly.

Parvati just smiles and then rises up. She puts her hands on Harry's thighs and then moves up to him. Harry grabs her by the back of the head and kisses Parvati on the mouth. She opens her mouth and gets a full sweep of Harry's tongue inside of her mouth.

The steamy display between her sister and lover causes Padma to heat up and not just because of the warmth of the summer. The second Parvati comes up for breath, Padma pounces and kisses Harry. Harry holds his arm around Padma and gives her a long and lustful kiss.

The two connect with each other with a delicious kiss. Parvati decides to head to Harry and kisses the back of his neck. She works his shirt buttons open and his tie off.
Harry's trapped between two lovely twins, with their twins smashing against his back and chest repeatedly as they cover him with kisses.

"We are almost out of cream," Parvati tells her sister. "It's a good thing Harry brought us some more."

She has his cock out of his pants and then Parvati moves in. Harry's cock stands up straight and Padma shifts out of the way. Parvati pushes her lips down onto Harry's big cock and smothers him in an airtight grip. Harry clutches the back of her head.

"Shit, Parvati," Harry groans.

Padma cups Harry's big balls and leans down to kiss them. She leaves purple lipstick marks all over his balls before sliding up to kiss the part of the length which Parvati cannot put in her mouth. She keeps kissing and sucking at Harry with his cock shifting all inside of her mouth.

These two delicious twins show their intention of tag teaming Harry's cock and who is Harry to say no. They have it standing up in the air with them licking on either end. The Patil Twins meet in the center of his cock and kiss him all the way down his cock. Their tongues dance down Harry's length and make it rise in the air. Their fingers caress and stroke him.

"I bet you can't take him in your throat," Parvati says.

Padma's always up for a challenge and her sister egging her on with a challenge only makes her want to go in for the kill. She grabs Harry's length and guides it between her lips.

"Your mouth feels so fucking good," Harry grunts. "Good job, Padma, suck me…oh, fuck!"

She's pleased that Harry's praising her while sliding twelve inches into her mouth. Well, not all of it fits, but Padma thinks she deserves at least an exceeds expectation. She gags on his cock the deeper she moves it in.

"Nose, breath through it," Parvati tells her sister.

Parvati joins her sister between Harry's legs and sucks on his balls. The blue lipstick marks intermingle with the purple ones. Both of these lovely girls leave their mark on Harry and make him grunt. Padma slides Harry out of her mouth and then buries him deep into her throat.

The loud sucking riles Harry up to the point where he knows there's nothing stopping him now. Padma forms a tighter seal around his cock and practically inhales it. Then he fills Parvati's skilled hand, something that he's familiar with. All of the times Lavender and Parvati gave him handjobs under the table made stomaching Divination a bit more bearable.

"Padma, get ready!" Harry yells.

Parvati comes up from Harry's balls and is ready to take over from her sister if she cannot handle the explosion of cum. Her cheeks hollow out and release. Harry is deep inside of her and about to paint the inside of her mouth and her throat.

The explosion occurs and Padma thinks she's done after the first few rushes of cum. She takes a shot right in the face which causes her to roll back in surprise. Parvati moves in to take over and help catch the rest of Harry's cum from her mouth.

"How can one man cum that much?" Padma asks.
Parvati smiles and looks her sister in the eye. "Magic."

Padma is about to protest that not really answering anything. Parvati moves in for the kill, grabs Padma by the hair and shoves her tongue deep into her sister's protesting mouth with a kiss. Parvati dominates her with a very sultry and very hungry kiss. All Padma can do is lean back and take the full blast of her sister's tongue.

Now, Parvati turns around and sees Harry's cock is ready to go. She teases him by wrapping her toes around him.

"Can't keep a good wizard down?" she asks.

"You know it."

Parvati unclips her bra and allows Harry full view of her large breasts. Well, large unless you compare then to Susan or Megan or Daphne or Lavender, but still, Parvati feels very confident in the size of her chest. And Harry moves in for the kill. His hands and mouth are all over her breasts. Parvati loses her panties in no time.

One wide-eyed look follows from Padma the second she watches her sister mount the big cock. Parvati slides her wet pussy down onto Harry and rotates her hips around his manhood to take him all inside of her.

"Yes! FUCK YES! I MISSED THIS COCK!"

Now she's going to share it with her sister, which is going to make it all that the sweeter. Parvati's tight pussy engulfs Harry's cock the deeper he pushes inside of her. Harry wraps his arm around her as she bounces up and down.

The door flings open and Padma's wide eyes look at a large toy which is shaped like a cock. Come to think of it, it resembles Harry's cock. Padma holds the dildo in her hand and then slides it down her body.

Harry closes his eyes and feels his cock sliding down Padma's body at the same time as Parvati takes him deep into her pussy. Harry holds his fingers against her and runs down her body. Every inch the body of both beautiful sisters makes Harry hunger for more. And he does hunger for more, just as much as Parvati hungers for his cock.

"I always feel empty without you," Parvati tells him. "Fuck me…fuck my brains out!"

Harry holds onto Parvati. She turns slightly before Harry grabs her ass and pushes her back down. Parvati rises up and drives Harry back inside of her. Another wet pussy beckons Harry and calls his name. The sinister siren song fills the air as Harry lurches up deeper into Parvati.

The cock gripping in Padma's hand seems to have a mind of its own. She slides it down her wet opening and a slight whimper fills her body. The manhood enters her body and drives Padma completely mad with lust. She pulls it almost out of her and then slides it into her body. A constant and never-ending thrust of the dildo brings her completely over the edge with pleasure.

"Oooh, mmm!" Padma breaths.

A nice view of her sister bouncing on Harry's cock inspires Padma's imagination. She wants to ride Harry's cock or maybe have him pin her down on the bed to stuff her tight pussy full of his cock. Padma's imagination runs wild with images of Harry spewing his load inside of Parvati and then Padma crawling between her sister's thighs. In, Padma's mind's eye, she eats the cum from Parvati
as Harry fills her up constantly from behind.

All of these images make Padma drive the dildo into her. The cock reacts to its assault.

Determination and stamina tend to be the two attributes Harry prides himself on the most. He is going to need them to outlast Parvati and her tight pussy, along with Padma and her pleasure. The charm connects what's happening to the dildo to Harry's mind and it sends more sensations just blasting all over his cock. And his cock blasts into Parvati's center.

"It's so good!" Parvati moans. "Oh, suck my tits. They're all for you, Harry! My hero, take my breasts!"

Harry squeezes the chest of the delicious witch. Parvati smacks down onto him with her riding growing even more heavy and intense. She is really going to town on him and stretching her pussy out on his cock. Harry rolls his hands over her body and makes her moan more lustfully than ever before in his ear.

"It's all mine," Harry tells her. "Cum for me."

A tight clenching her pussy around Harry's cock makes her cum as hard as humanly possible. Harry slides deep into Parvati. The double clench of two pussies aches Harry's balls. Her persists in spite of a never-ending assault. He keeps driving inside of Parvati and slaps his balls against her.

Padma's head snaps back when she slams the toy into her. It's almost as if it stretches her out in new ways. Nothing is going to beat Harry. Her imagination fuels all the way towards what Harry's doing to her sister and imaging her do it to her.

The next time Parvati tightens around him, Harry loses it. He rides out her orgasm before sending one of his own inside of her body. Harry falls back onto the bed for a second. Parvati rocks forward and takes his cock and his cum. The seed spills inside of her body with a constant back and forth push.

Parvati releases and squeezes Harry to drain every last drop of cum possible from his balls. It's a long and intense ride. She manages to hold on to the end and well past it as well.

She descends back onto the bed. The moment Parvati drops onto the bed, she sees Padma crawling across the bed. Padma licks her lips when seeing the river of cum.

"There's where Harry put all of his cream," she says.

"Help yourself," Parvati says.

Gladly, Padma helps herself. She takes one of the strawberries and rubs it against the cum spilling from Parvati's thighs. She turns to make sure Harry sees her watch her eat that cum-coated strawberry. Padma slides it into her mouth, rolls her head back and lustfully moans.

She dips two more strawberries into Parvati's sopping cunt to give them the nice taste of Harry. She pops them into her mouth and gives them a long, seductive eating session. Harry's cock rises and Padma turns around to make sure her ass sticks in the air. Harry spanks it and then lifts up Padma by her legs in a wheelbarrow position. Her face drives down onto the bed between Parvati's legs.

"Your turn."

Those words open up the door and Padma's pussy for Harry to drive his big cock inside of her. He's
inside of her and working her over. Harry's hands are now pushing against Padma the deeper he plunges into her. His balls keep smacking her and ramping her excitement up to a new fever pitch.

Parvati spreads her thighs for Padma to eat her pussy out. Her tongue hangs out of her mouth the deeper Padma plunges inside of her wet and willing cunt.

Harry has to say, seeing one sister indulge herself in the other is a beautiful sight. And it is a sight which Harry has been a part of, with many pairs of sisters. He explores Padma's tight cunt while running down her legs. His fingers push away, cup her breasts, and then release them before moving all the way back down her body.

Intensity is felt around every corner. Padma's getting one of the best and most vigorous workouts a girl can ever get and she's pretty damn pleased about it. Harry fulfills her deepest, desires and fills her up.

Parvati's eyes shift back with the pleasure. Her sister's perfect, beautiful, mouth works on her. Padma is no novice at eating pussy that is for certain. She keeps shifting back on the bed the deeper Padma goes. And she moans into her core which causes Parvati to shake underneath her.

"Show your sister how much you love her," Harry says with a squeeze of encouragement.

Fire returns back form Padma's clenching core. She takes his cock inside of her with a never-ending wave of greed. Every inch becomes a territory for exploration as well. The increasing heat drives Harry inside of her. His big balls keep smacking her on a constant basis.

The thrusting slows down just enough for Padma to register how far Harry's going inside of her. Then he speeds up the thrusts to push into her.

"You're close," Harry tells her.

Padma rocks back to get more of Harry's cock inside of her. It's a never-ending push of her. His manhood slides between her tightening walls and then go back out again.

"Cum for me."

Padma obeys Harry's words and tightens around him. Harry holds onto her and then slides all the way inside of her body. The snug tightness keeps pushing around Harry's rock hard rod until she's finished losing it. Her body slacks a little bit and Harry brings it back to life by touching her in all of the right spots.

"A little break," Harry tells her.

He pulls out of Padma and teases her for the next few minutes. Then, he jams his huge cock inside of her body to stretch her out completely. Over and over again, Harry pounds Padma's pussy.

"Don't forget about me."

Padma will never dream of leaving her sister out of the fun and games. She snacks on Parvati's juicy cunt and makes the drippings just fall into her mouth. Parvati hoists her hips up and Padma goes down on her with more hunger than ever before.

One more thrust breaks Padma's stride. She moves into the position where she and Parvati are face to face with each other on the bed. Harry leaves Padma's tight pussy to allow the two sisters to get in position for the steamiest make-out session possible. Padma and Parvati clutch each other going mouth to mouth and tongue to tongue with each other.
"Perfect."

Harry's fingers caress their dripping lips and get a double heaping of Patil pussy. He has the choice of which twin to stuff full of his cock. It's just a matter time and position. He presses his fingers on Padma's back and slides his cock deep inside of Parvati's pussy.

Parvati clutches Harry. It's like greeting an old friend over again. Padma's kisses worship her body as Harry drives his cock into her. He pushes in a few times before sliding out.

Now, Harry's on top of Padma. He drives himself into Padma and drives her on top of Parvati. The two twins gush and squirm the harder Harry drives down into Padma.

Flesh smacks against flash as Harry alternates himself between both twins. They accept everything he has to give to them. Every last inch of Harry's cock slides into Padma's pussy for a few rounds until she's about ready to cum. Then he slides out and finds herself gripping tight.

"Whose pussy is tighter," Parvati breaths.

"Mine," Padma pipes up.

Parvati grabs her sister's hair and digs her nails in. "Wasn't asking you, I was asking Harry."

"Too close, got to test things out."

Harry spears his cock inside of Parvati's snug canal for a while. She clings to him and makes sure to get as much out of the time as possible. Padma's ass so close to his face and hands doubles Harry's fun. He is having a lot of fun with the pussies sucking him in and Harry driving them to an orgasm before he switches back, forth, and around.

All good things build to their climax eventually. Both Patil twins benefit from Harry's actions. Dripping wet stretched, pussies show evidence of how hard they are stuffed. And yet, they keep taking him in, ready for more.

Harry's a blur alternating between one twin, grabbing anything he can on the way in. Breasts, thighs, asses, hair, everything becomes a place for Harry to touch and to grab on.

Eventually, Harry reaches the end. Padma and Parvati, he loses track of which pussy he's in now. All Harry cares about is the feeling of those tight gushing cores grabbing him. There's a lot of heat surrounding his cock when Harry goes back and forth.

Both twins explode at the same time. The bond between magical twins increases the pleasure factor by about ten times because it bombards them with a constant loop.

"My turn."

One thing is for certain; exactly which pussy sets Harry is off is unclear. Both Patil sisters end the night with their pussies full. Cum bubbles from their cunts as Harry pulls away from them.

He surveys his handwork with both twins lying on top of each other. Smeared lipstick, sweaty faces, and big smiles show how good this feels.

Harry slides back with Parvati and Padma cuddling up to him. The trio drifts to sleep with the promise of more fun to come.
Thanks to everyone for all of the hits/favorites/follows/kudos/comments and I'll see you for the next chapter on Friday. Thanks for Reading.

There's a Breeding Ground Blog Exclusive Chapter featuring Claire Bennet from Heroes titled "Limit Break." Check it out at the usual locations, the Blog Exclusive Chapter page available on the page link.

The doors to her bedchambers swing open and Lara Croft steps inside. Her hair drips wet after being fresh out of the shower. It's necessary to wash the muck and the grime after a long day's work off of her.

She turns over her shoulder to see the gentleman walking down the hallway and entering the room. Lord Hadrian Peverell, known as Harry to a small number of close friends and family, steps into the room. The sorcerer formerly known as Harry Potter joins her in her room.

Lara puts a hand on her hip and smiles at him.

"We've had a satisfactory day."

"And an even better night."

Hadrian steps closer to the lovely woman. Lara steps in and gets him with an explosive kiss. There are no words. She's all worked up after today and after her shower, she primes herself to get down and dirty. Her hands run through the back of the young noble wizard's unruly hair and kisses him ever so deeper. Their tongues meet together with Lara pushing against him and Hadrian returning the favor.

He slips off her robe after breaking the kiss to reveal Lara standing before him in slinky lingerie. Lace makes her body pop out. She looks rather lovely in this position. Her nice firm breasts and fit body on full display. A thong snugly fits over her tight ass and sheer stockings cling to her legs.

"I don't know about you, but I'm ready to go."

Lara grins at him and puts a hand on the crotch of his pants.

"Well, I'm all for uncovering priceless artifacts. And while this is not an artifact….it is priceless nevertheless."

She fishes his cock out of his pants with one movement. It's hardening by the second. Lara's soft hand rubbing it makes him even harder. Hadrian's green eyes peer down at her with a smile.

Lara, with grace and poise, puts Hadrian's cock into her mouth and starts to suck on it. He puts his hands on the back of the head and guides himself back into her throat.

The tight warm mouth of the Tombraider is heaven to the noble wizard. Harry groans while he threads his fingers against the back of Lara's head and pumps his way past her lips and deep into her throat. A loud smack of flesh on flesh echoes from Hadrian pulling out of her mouth and shoving himself all the way back inside of her.

"Mmm..mmmm!"
The moans of her tight mouth wrapping around him and sucking him bring a fresh desire to Hadrian. He pushes deeper into her.

"You're very talented in many ways, Lady Croft."

She responds by cradling his balls and giving them a firm squeeze. A hearty push between her lips sends his cock into the back of her throat.

Lara thrills his loins for several minutes before pulling away from him. She gives his cock one last lick.

"I wouldn't dare squander a single drop."

Hadrian chuckles at his lover as she rises up to her feet.

"Trust me, there's plenty where that comes from."

Without any warning, Hadrian pulls down her top to reveal Lara's amazing breasts. They stand before him to be sucked. He takes the invitation and buries his face between her breasts.

"I love your insatiable appetite...luv."

Hadrian grins through the valley of her cleavage. He sucks and licks every inch of her. Bringing Lara closer to an early rush of juices. He cannot help and allow his hands to roam free and make sure to please not only her breasts but every inch of her luscious body.

Lara wants him to pleasure her. She wants his mouth all over her breasts and lavishing them with so much attention. Lara can barely hold herself together with anything else other than the thought of him pleasuring her. She takes her fingers against the back of his head and moans. The deeper he dives into her chest, the more energy just cascades between the two of them. Lara's fingers dance down upon the back of his head.

"Hadrian! Oooh! That's good...that feels so good!"

He slips her thong down and exposes her wet pussy. It brushes against the tip of his cock. Lara wants him to be inside of her. She moves ever so closer to Hadrian and ever so closer to his manhood.

Hadrian holds his hand against the back of Lara's back and goes to squeeze her ass. She squeals. Hadrian switches from sucking one breast to the other.

"We're so close! I need to be fucked. Badly."

The two meet with the delicious sexual friction. Hadrian grabs Lara's hips and forces her down onto his cock. Inch by inch, the invader splits Lara upon. She clutches onto his shoulder with balance.

"That's the ticket! Right there! We should do this more often! Ohhh...I forgot how big you are."

He splits Lara completely in half. Hadrian shoves as much of his manhood deep inside of Lara. He splits her almost in half on his massive cock.

The lovely Tomb Raider bouncing up and down on his prick sends jolts of pleasure. Her warm body pressing against his encourages Harry's constant exploration of her. Lara leans back to allow Hadrian to suck on her warm tits. It feels so good to be nestled within her warm cleavage and
attacking her nipples in such a way.
"More….more...luv."

Lara breaths in and out. Her soft cooing in his ear and encouragement to drill her harder makes Hadrian do just that. His manhood spikes further and further into her.

"Hadrian...ooooh...baby...keep doing that….keep touching me like that!"

Hadrian keeps up his measured touches on Lara's body. The sweat building from the sexy young explorer makes Hadrian want to just hammer her harder and faster. Her thighs slap up and down on his balls, causing a groan to come out. He slows down to allow the pleasure spread through her body.

It all centers at Lara's loins. He zeroes in on her firm chest, sucking her warm nipples to the point where Lara's close to losing it. She's almost already lost it given the attacks he performs on her chest. Hadrian folds his hands over her nipples and squeezes them.

"More...more….I need more baby."

Lara pushes him completely inside of her. His big cock stretches her womanhood in ways which just make her tingle. Her dark locks frame her face in a very seductive way. She bounces up and down on him.

He motorboats her breasts and makes Lara almost delirious with pleasure. His hands hook on the underside of them as well and suck her cleavage until she almost enters a delirious state of pleasure.

A squeeze to her ass sends Lara into a completely different realm. She shoves down onto his manhood and pulls completely away.

"F-fuck!"

"Yes, luv."

Hadrian looks up from her cleavage just long enough. She breaths and moans all over. Lara's body receives several caresses which cause a miniature orgasm to hit her about every ten seconds. The big one comes about three minutes later and rocks her entire body.

A tightening feeling around his cock only causes Hadrian to smash Lara deeper and deeper. She works around him and her writhing body holds on for what is going to be a hell of a ride. She ensnares his shoulder and gives a moan in response when going down on him pretty much all the way.

"I want...oooh I want this...so badly."

Lara wants this so badly and Hadrian's going to give it to her. He pounds her pussy for several minutes and never once breaks his momentum. The beautiful sound of flesh smacking upon flesh echoes through the night.

Hadrian works himself closer to the bring. He slows down just enough to let Lara experience her climax. Her writhing body and the glow it gives off shows how much she loves it.

"You must be getting close. Oh, those big balls...they need a release. Let me relax you...let me get that big load off of your mind….right inside of my nice...tight…pussy!"
Every word, Lara flexes her walls around Harry's invading pole. He holds on, despite the inviting feeling of Lara's loins coaxing him in. He wants to make the pleasure last.

"After you, my dear later."

The look on Lara's face is unrestrained sex personified. Hadrian knows his options are to keep driving himself into her and ride her out, perhaps to his own end.

The exploration of every nook and cranny of Lara's lovely body makes her completely wild. She bounces further onto Hadrian and smacks her thighs down onto the point of his balls. He shoves herself into her and explores her.

Her sexy face covers with warm, powerful kisses. Then her neck, her beautiful neck, and then Hadrian switches gears. He spends time sucking Lara's breasts. She screams when he kisses her breasts.

Hadrian lifts one leg in the air and turns her, while still fucking her. The back of her leg receives a constant, all-out barrage of kisses. Hadrian's warm mouth touches every inch of her and makes Lara just explode all over his manhood. She cannot hold out on him for a second.

Lara's entire body shakes all over. His hands and mouth stun her.

"You're having so much fun, aren't you? I can make you come over and over again. You want to feel your body racked with pleasure."

"I want you...to spill inside me though."

Her pleading voice only makes Hadrian drive himself into her harder. Her legs balance on his shoulders and his hands move underneath her ass to squeeze it. Hadrian thrusts his way into her. The thrusts become way too many for Lara to count. Each one is about six or seven tiny orgasms leading up to one big one.

Lara's fit body gets taken completely over the edge and she loves how this feels. Loves how every single moment Hadrian edges closer. She loses track how many times she came.

The way it should be, the way it is right now.

The truth is, Hadrian's a lot closer than before. He holds back and reinforces his will despite feeling Lara's ass, legs, and breasts while sinking himself into her pussy. The Tombraider squirms and creams all over his cock. Hadrian buries himself in her depths and pulls almost all the way out before sliding back inside of her tight hole one more time.

"Luv...close...close...ooooh...close!"

Hadrian picks up the pace and continues his long trip to the edge. Lara's entire body looks as if she's about ready to break down. He holds onto her chest.

"I'm close...but one more time."

"Oh, I swear you intend to break me."

"Don't know what you could mean, Lady Croft."

"Of course you don't, Lord Peverell!"

Her voice gets higher at these words. Hadrian drives deeper inside of Lara. The deepest he can go.
The furthest he can go inside of her lovely body. Her wet pussy clamps down on him.

Lara's legs spread out wide, practically doing the splits to allow him to go deep into her. He rests against her body. Hammering her ever so closer to the end. Hadrian groans at the warm feeling surrounding him.

"You're about ready to finish me off."

"Good, because you spoiled my shower."

"We'll just take another one."

Hadrian drives deep inside of her body and lets Lara quiver on the bed. He holds on for the ride and sends his big throbbing cock deeper inside of Lara. He pulls almost all the way out and hits her.

A bubbling feeling hits his balls. He's so close. So close, Hadrian feels it building up in his body.

"I'm close!"

"FINISH INSIDE ME!"

No need to be told twice, Hadrian rides his orgasm to his natural conclusion. His balls slap against her and discharge in her finally. The warm feeling of release thrills every inch of Hadrian's body. He spills inside of Lara.

The first blast of seed inside of her is something she earns well, in Lara's opinion. The lovely lady wraps her womanhood around him and clenches around him. He rides her pretty much all the way to the end and causes her body to close up on him. Lara squirms and thrashes on the bed, letting out her pleasure in several cascading waves.

"Ooooh…baby!"

The pleasure rocks Lara. He spills a massive load into her and blasts her completely full of seed. Lara wraps her legs around him and sends him spilling into her even more. The massive discharge of his seed inside of her brings Lara to a very pleasurable end, several steps beyond anything she dreams.

His orgasm lasts a long time and guides her through two more of her own. Lara clenches onto him tight and makes sure not to squander a single drop.

"Told you I didn't want to waste…it!"

She thrashes. The wave of pleasure, stronger than anything else, hits Lara. He finishes pounding her, not once losing momentum until he's done.

"That you did."

Hadrian pulls away from Lara. He leaves the cum dripping from her pussy. The cock hardening sight of Lara scooping his seed from her snatch and eating it makes him smile.

Lara slides off of the bed. She looks over her shoulder with a grin.

"So, how about that shower?"

Hadrian's off of the bed and he shoves Lara up against the wall. He pushes against her body and
rubs his cock against the back of her leg.

"Maybe later...right now I want to fuck you again."

"Oooh...right against the wall. Too bad you weren't with me earlier...that could have been more exciting."

Hadrian spreads her legs and sinks back into her. Lara screams in pleasure as Hadrian fills her pussy and fucks her.

She's certain they will make it to the shower, eventually.

Next Chapter: 3/18/2018.
A thick cloud of steam feels the room as Lena Oxton, the heroine known as Tracer, steps into the room. Her top half wears a tight white shirt snugly fitting the fabric around her breasts. The shirt comes up to expose her toned stomach and then comes down just in time to meet some obscenely short shorts. She strips off the shirt and then drops down face first on the stone bench. She breaths heavily and enjoys the sensation of the steam.

Two hands roll down onto the back of her shoulder. Tracer smiles at the very familiar touch hit her shoulder. Shivers roll down her spine.

"Hello, luv," Tracer says in a breathy voice. She looks over her shoulder with a smile.

Harry Potter sits down on the bench right next to her. Lena realizes he's wearing nothing other than a towel. Nothing other than a towel covers his muscular body. Harry brushes his fingers against the back of her neck and leans down to kiss her on the lips.

"Relaxing?" Harry asks.

"Mmm, it's been a long day," Lena tells him.

She rises up from this position and then moves over to crawl onto his lap. Her bare breasts shine with the sweat from the steam. Harry touches her waist and shifts his grip to the underside of Lena's breasts. He leans in and kisses her on the lips. She returns the kiss with equal hunger.

Harry holds the heroine in his arms and kisses her several times. The steam from the steam room gets even hotter. Lena's shameless grinding up and down against his cock jolts the towel. Harry makes no effort to correct her attempts to jolt the towel off him.

"And you've brought me something to help relieve my stress," Lena tells him. "But, I should help you a little bit, shouldn't I?"

Lena's ass cheeks roll over Harry's cock. A groan escapes from his lips as Harry holds onto her nipples and twists them hard. Lena pops her lip open.

"My beautiful Tracer, I'm here to give you what you want."

He slides down her shorts and reveals her pussy dripping wet. Harry teases her and rolls his finger down her slit. She reaches over and strokes and yanks on his cock. It hardens even more. The monster smacks Lena's thigh with and causes her to coo.

"I want your cock. I want it inside me!"

Tracer's warm cunt drags against Harry's squeezes her waist and she lowers onto him. Those two juicy tits smack against Harry's face. He grabs Tracer's jiggling tits and squeezes them. She eases almost all the way down onto him to drive Harry's cock inside of her body.

"That's it!" Tracer screams.

She bounces up and down on his cock. Harry takes her breasts in hand and squeezes them. Lena,
Tracer, shows a great deal of energy when driving down to him. He grabs her waist to slow her down as to not burn her out.

Lena throws herself down onto him and buries her wet pussy around his cock. Harry grabs her and pushes her up and down. He squeezes Lena's ass and makes her squeal in it.

"Baby, I fucking like you playing with my ass. Keep it up, keep grabbing my ass. Spank it, do whatever you want to with it."

Harry jiggles her cheeks in his hand and encourages her continued rising and falling. Two huge balls connect with her wet pussy. She lets it go with liquids draining down her body. Harry slides deep into her core. She sticks to him and releases him.

Lena's body flares up with pleasure. He touches her in all of the right places and drives all the way down on Harry's massive cock. She clamps down on him and releases him. Harry's big balls strike her hard and send her pleasure into overdrive.

"You're making me so wet I can fucking flood a desert! Oh, keep fucking me. So fucking much!"

"You're really strained," Harry tells her. "Let me help you release that tension."

Tension releases in a flood all over Harry's cock. Tracer's tight cunt stretches around him and then snaps around him as snug as ever. Harry rolls over her body and makes her keep dropping down onto him. She smacks down onto him. Tracer squeezes and releases him.

A rapid series fire of thrusts buries Harry's cock into her body. Harry pulls out of her almost all of the way and drives his big meaty prick into her body. Tracer moans in his ear and keeps encouraging him. His fingers dance against her. Harry grips her breasts and releases them.

She's fucking herself silly on Harry's stiff rod. Tracer bounces up and down and rides his body. Her back arches back and pushes her breasts into prominence. Harry squeezes Lena's tits and makes her scream in his ear. She bounces up and down on him.

Harry's thick balls keep driving against her warm thighs. His massive cock slides out her and then buries into her. She tightens around him.

"Going to cum for me, handsome," Lena breaths. "I bet I can make you cum before my next time."

A grin passes over Harry's face and he fucks Tracer relentlessly. She's going to pay for her boldness. Harry sticks his cock into her wet vice and pulls it out. He rams it into her again. Her body bounces onto Harry's cock and allows his bloated balls to stick against her.

"Don't make promises you can't keep."

Tracer makes no apologies for not being able to keep that promise. She just feels so good with Harry releasing those hands around Lena's tits and releases them. She moans deep into Harry's ear when bouncing on his cock. She repeats her actions with lust just exploding through her loins.

The next few minutes pass with Harry repeatedly sticking his cock inside of Lena's clutching cunt and she releases him. Harry pounds her silly before pulling almost all the way out of her. He strikes that sweat note and gets her to cum one more time.

He's a machine and will not stop fucking her until she blacks out. Lena holds his cock between her wet walls and gives him another squeeze before releasing him. A constant moan passes through her body.
"I'll keep it this time, I swear."

Harry just smiles at her and gives her bouncing tits a nice squeeze. The rush of arousal explodes through her body. Harry sinks into her to enjoy the sensation of her walls melting him. Sweat combines to leave a heavenly shine between both sides. Harry tugs on her nipples and makes her squeal in delight.

Determination pushes through her body the deeper and harder Tracer falls on him. His hard cock throbs inside of her. Harry works his fingers into her thick ass and rams himself into her hard. Their flesh smacks together with Harry pulling out of her and then driving himself out of her.

She leaks all over him until Harry spills his seed inside of her. Tracer's neck rolls back before she rides Harry and spills as much of his cum into her waiting womb as possible. Lena turns and drops onto his cock to constantly drive his cock inside of her.

The warmth surrounding his cock makes Harry spill inside of her. He rises up and keeps driving himself into her pussy. She holds on and makes sure there's not a single drop of pussy.

"Lovely."

She pulls away and purposely shoves her ass into Harry's face almost as if she's asking like it. Tracer wiggles her ass and then rolls her fingers down her thighs. She digs a combined helping of cum out and pops the fingers into her mouth with a few sucks.

The loud and lustful moans with Tracer eating her meal only brings Harry's harder and stiffer. Finally, he grabs her waist and pushes her against the wall. She gives a surprised squeal and Harry assaults her body before driving his cock into her.

"Oh, you're feeling fucking kinky today aren't you?"

Harry's hands remain perfectly planted on Tracer's ass when he drives into her. His big balls keep smacking against the back of her thighs. She continues to take his cock. Lewd sounds of encouragement only spur Harry on the harder and faster he drives inside of her. He holds his nails against Tracer's nipples and gives them a very firm squeal. She unloads her wetness all over his invading prick. Harry holds onto her and drives himself into her with a few more hard pumps.

"I can feel it," Harry growls in hear ear. "I can't wait to be inside your ass."

"Why wait?" she asks. "It's here…take it! Take it!"

She grinds against him as Harry pulls out. The steam increases in the room. Harry brushes his cock against her hot open. She feels like a furnace about ready to drag him inside. Tracer hunches over while touching the floor. She looks over her shoulder with a half-cocky, half-arrogant smile.

"Go ahead, I can take it!"

"Famous last words."

The cock slides into her lubricated hole. She rocks back onto him. Lena moans when grinding and bumping against him. His cock keeps pushing into her and then pulling almost out of her. It stretches out her asshole the deeper Harry drives into her.

Harry loves being inside of her tight fucking ass and more importantly slapping it. His hand leaves a huge part of it. Tracer's toes curl and her hips rock back. She responds with a musical mewl the deeper Harry slams into her ass. His throb with lust.
He feels up her body. Most importantly her breasts which react to Harry's touch. Harry reaches underneath her thighs and lifts her up. Tracer presses her feet against the wall before rocking back and slamming her ass down onto Harry's flesh rod. Drool drips down her lip which intermingles with the sweat.

"Going to lose yourself? Thought you could handle the heat, Dragon?"

"Oh, I can handle your heat, Tracer."

Harry slams into her tight ass. Her nice booty squeezes him and he squeezes it back. Harry plants his thickness deeper inside of her tight ass. He holds onto her tight and drives himself into her. He repeatedly makes sure his cock buries inside of her. His hands shift up her thigh and start to stroke her.

"That's what I'm talking about, luv. Bugger me senseless."

"Well, you would have to have the sense, to begin with."

The rough anal fucking continues just as Tracer likes it. She wants to bring out the best in Harry so he can give her a nice rough shagging. It's the best way to conclude a day's off. Harry pulls out of her and then drives his big cock deep into her anus one more time.

Harry appreciates how hard Lena works for her ass. It's made to fuck. The shapely posterior molding in his hand reacts to his touch. Harry works himself into her tight butt and then pulls all the way out. His hands move over to stroke her toes knowing how sensitive she is there and more importantly how hard he can get her to cum.

The concentrated attack her toes sent Lena off with an explosion. Harry repeats his actions to bury more of his cock inside of her. Her eyes heavily lid over with Harry rolling all over her and touching her body.

Lena bends over the wooden bench next. Harry spanks her ass to punctuate his thrusts. She is about as subtle as a porno with the noises she makes the deeper Harry goes inside of her. Her ass flexes and gives his cock a workout. Harry plants his thickness inside of her.

"I love being balls deep inside of your perfect ass," Harry groans when pulling back and driving down into her. "You're going to make me cum. I can't hold back."

"Babe, it's time. Put that cum right between my cheeks where it belongs!"

The constant milking of his aching prick between the cheeks of the heroine makes Harry more engorged the further he plants it into her. He holds on just long enough to make sure Lena's the one who cums first.

Now, Harry Potter plants himself deep into Tracer's ass and explodes. A creampie explodes between her ass cheeks the deeper Harry releases his seed inside of her. He pulls almost all the way out of her and anoints her cheeks with his seed.

Tracer descends to the ground and drops down. The naughty smile on her face shows she's not done. She reaches over and licks around Harry's cock. Her hand moistens and then rubs him up and down before slipping him into her mouth.

Harry rocks back from Tracer driving herself face down onto his cock. Those expressive eyes widen the deeper Tracer shoves him down into her mouth. Harry grabs her head and starts rocking out.
The steams not the only thing which makes them build up a sweat. Harry allows Tracer to clean his cock so they can go a few more rounds.

A grab of Harry's balls shows how much cum he has. Tracer pulls herself up and then leans back on the bench.

"Tracer open for business, Mr. Dragon, sir," she tells him with a small smile.

Harry walks over and prepares to fuck the cockiness right out of her. They have plenty more left in the tank with this delightful test of stamina. Harry plunges deep inside of her and Lena grabs onto him with her legs as they enter another debauched round of sex.

The sound of smacking balls against thighs fills the room the further Harry drives into her. An endless chain of orgasms makes the next few moments a blur for Tracer although she thinks it's delightful. Harry makes her day by fucking her cross-eyed.

Who cares how much time passes when you're feeling so good? Harry doubts anyone does as he indulges himself in Lena's sweet young pussy. Soon something has to give and she will be there every step of the way. She takes his cock and he takes in her nubile body in return.

They climax at the same time with more cum overflowing from Lena. Harry's not too far from reloading and fucking her until she can't go anymore.

**Qualifications(Hermione Granger)**

**Qualifications(Hermione Granger from Harry Potter)**

---

A nervous expression passes over Hermione's face when she steps in front of the classroom. She dresses in a button up white blouse with the first couple of buttons undone. Her tie hangs down enticingly against the cleavage her blouse shows. The plaid skirt she rises up and shows her lovely legs covered in a pair of white stockings. A pair of glasses slide slightly down the bridge of her nose and her hair ties back in a ponytail. Hermione sits down on the dress while crossing her legs.

"Ms. Granger. Thanks for coming."

"I wouldn't miss this meeting for the world, Professor Potter," Hermione says. "I think that I've put in the work necessary to become the Head Girl and I'm confident that I can excel to the standards this school expects for their leaders."

Harry smiles at the girl. "Well, your resume and your qualifications speak well for yourself, Ms. Granger. However, I do have a couple of concerns about whether or not you're completely qualified. Grades are just one element to what makes a good Head."

"Sir, I can do whatever you want me to," Hermione says. "I've been working for this for seven years. Just let me prove myself. I want to do good for this school, sir."

Those green eyes lock onto Hermione's from the other side. She shivers from the sheer force of presence Harry Potter gets her. She cannot help and stare into those eyes because they are hypnotic.

"I wonder if you're willing to do anything, truthfully," Harry tells her. "Are you completely dedicated and qualified to be the Head Girl of my school?"

"Yes, sir," Hermione says. "I will do whatever you want me to. You just tell me."

"Kiss me."

Hermione gives the slightest pause, but only for a second. She moves closer to Harry and locks lips with the handsome Headmaster. His fingers lock against Hermione's back and then kiss her. His hand shifts down to grope her ass every so slightly and then run down the side of her legs.

She goes from being a reluctant party in this kiss to really enjoying the kiss. And Harry really pushes his tongue into her throat. Hermione accepts his tongue like a good little submissive. Harry really holds himself around her and then pushes back from her.

"It's a start," Harry says. "Your kiss got me intrigued."

Hermione's eyes dart down to come face to face with the huge bulge in Harry's pants. Her hand reaches out on instinct and starts to rub it.
"That looks painful," Hermione says. "Why don't I help you out of those pants, sir?"

She pulls Harry's pants down after he nods. Those boxers stretch out and show that Harry is either well endowed or keeps a rather large beater's bat in his trousers. Hermione pushes against Harry's mighty endowment and pulls them down. His lengthy spear shoots out of nowhere and comes just inches away from striking Hermione in the face. Hermione catches it in her hand.

"Prove yourself," Harry tells her.

"Sir?"

"Prove your skills as the Head Girl," Harry says. "I want you to see if you are worthy of being a good head and the only way to do that is to prove that you can give good head."

Those eyes widen and Hermione wonders how in the world she can fit that huge cock inside of her mouth. She endeavors to try and drop down to the ground. Hermione wraps her hands around Harry's massive length. She barely fits it in her hand when pulling up and down on it. The cock springs back and strikes Hermione against the lips.

"Take it all in, Ms. Granger."

"You're so big, Professor," Hermione says in awe.

She grabs on Harry's cock and then slides it against her lips. She tastes the first few inches of his cock head and it slides a bit deeper into her mouth. Harry holds the back of Hermione's head and eases the length closer to her lips. Her throat opens up and willingly takes the cock in her throat which almost chokes her out. Harry holds onto the back of Hermione's head and then thrusts deep into her throat.

Finally, Harry's cock submerges inside of Hermione's mouth a good portion of the way. She opens and closes her lips around his hard cock. It pushes into the back of her throat.

The delightful sounds of Hermione gagging on his prick only spurs Harry on to shove his length into the back of her throat even further. She takes a good portion of his length.

"You may be qualified yet, Ms. Granger," Harry tells her. "Keep sucking on my cock. I want to feel your warm mouth until I'm ready to give you your gift."

Hermione reaches her hand up and cups his balls. The heavy weight of the throbbing balls in her hand makes Hermione only more excited to feel his cum burying down her throat.

Harry holds onto her ponytail while driving into her face. Her glasses dangle and Harry pushes them back onto Hermione's face. Twelve inches of thick cock pushes deep into the back of Hermione's mouth. She stretches around Harry and releases him.

"I'm getting close," Harry says. "Good girl. Keep squeezing my balls."

Her warm mouth clamps down onto Hermione. She takes him deep into her throat as much as possible. Thankfully, a little charm allows her throat to expand just enough to take more of Harry's cock while her throat remains throat.

The soon to be head girl proves she's worthy of that moniker by giving Harry head. Harry pushes his way deep inside of her mouth and finally, there's too much warmth for him to handle.

Splatters of semen rocket down Hermione's mouth. She thinks she's done after the first few blasts.
Harry's still erupting cock slips out of her mouth and hits Hermione directly in the face, covering her chin and glasses with obscenely thick globs of cum.

"And I don't have anything to wipe them off with," Hermione bemoans.

"Proper Head Girls improvise."

Hermione nods and slides her glasses off. She locks eyes to Harry and then slurps Harry's seed off of her glasses. Her tongue slides against the glasses and cleans them off while she maintains a steady level of eye contact to Harry.

Harry keeps his eyes on the slutty student on her knees. Hermione feeds on his cum which brings his cock up completely and ready to go. Another button on her blouse comes undone, purely by accident of course. More of Hermione's large breasts threaten to spill out of her shirt for Harry's consumption.

"All clean."

Without another word, Harry tears her blouse off from the rest of them. Hermione jumps back in astonishment with Harry pulling her bra off. Hermione's breasts pop out. They are nice, round, and perky, not to mention more than a handful. His hands cup Hermione's large knockers and give them a squeeze.

"You have nice breasts," Harry tells her. "I'm going to make them mine."

"Sir, what does this have to do with me being Head Girl?" Hermione asks.

The question fades away with Harry grabbing her chest. Hermione whips her head back as Harry now reaches his free hand down to her skirt and slides it down. Her black panties reveal themselves. They soak out to the crotch with Harry pulling them down to reveal her wet bare pussy.

"That's beautiful."

Hermione makes a delightful sound when Harry shoves his fingers deep inside of her. His cock slaps against Hermione's thigh to make her jump up in pleasure. Her thighs part, even more, to feel his cock rubbing against her. Harry pushes her down onto the best.

Every inch of Hermione's lovely body calls out to him. Her leg lifts up to wrap around Harry. Harry holds forward and cups her chest to jiggle them.

"And to answer your question, I need to test the suppleness of your breasts and make sure there are no endowment enhancement spells on them," Harry tells her. "Large natural breasts are a sign of magical prowess and I need my Head Girl to be able to be stronger than the rest."

Hermione's eyes glaze over with Harry's strong hands working over her breasts. A couple of touches drive her completely nuts. Her legs open and she wants Harry's cock.

"Fuck, I'm so wet," Hermione breaths.

"Language," Harry tells her with a smile.

Those balls are now grinding up against her along with his cock. Hermione cannot believe he's riling her up this much. Her pussy calls out for the hard fucking she thinks it deserves. Harry manipulates her breasts.
Every inch of Hermione's body obeys Harry's touch. Hermione rolls her hips back up off of the bed. The tip of his cock comes an inch away from sliding against Hermione's hole before pulling completely out of her. Harry holds her back onto the bed.

"I'm going to fuck your pretty little brains out."

"We'll be here for a while then, sir," Hermione says.

"Confidence. A good attribute!"

The fact Harry abuses his authority to get her in this position only serves to turn Hermione on. His hard cock slides against Hermione's wet entrance and this time takes the deeper plunge onto him. Her eyes bug out at the size. There's no part of her insides which are untouched by at least a part of Harry's cock and to her, it's one of the best feelings in the entire world.

"Good!" Hermione mewls in Harry's ear. "It's really good!"

Her nails dig deep into Harry's wrist the further he slides against her. Hermione's moist opening opens up and then takes his cock inside of her. Harry grunts when filling up Hermione.

Hermione's stocking clad legs wrap around Harry's waist and then slide down. Her shoes come off and her soft souls dig into Harry's ass. Harry holds onto her and plunges down into her body. She fills completely up on Harry's cock with his balls slapping against her.

"You're willing to withstand anything," Harry says. "You are well on your way to being Head Girl."

"Good to know, sir," Hermione lets out. "Oh, bloody hell, this feels so good!"

Harry slams his cock deep inside of her body. Her breasts dance enticingly and Harry reaches over to grab the chesty witch. Her third magical maturity ends up treating Hermione to something special, large supple breasts and a nice juicy butt, delicious curves as far as the eyes can see. Beautiful sensual legs, curly brown hair, and eyes which glaze over in passion.

Hermione truly turns into the beautiful butterfly after spending most of her life as an ugly caterpillar. His thick cock works its way inside of her tightening cunt. She clenches around Harry and he pulls pretty much all the way out of her. Twelve inches of meaty cock drives inside of her body.

"Feels so good! It feels so go very good! I'm going to cum!"

Her handsome headmaster drives his thick rod down inside of her clutching pussy. Every time Harry touches her, it brings more lustful moans from Hermione. She succumbs to the only authority which is worth following. Harry's monster of a cock, which burrows its way into Hermione's snatch and releases her with a series of loud and passionate moans.

"One more time," Harry tells her.

"Mmm, yeah baby," Hermione agrees with her mouth hanging halfway open in drool. "Stuff my pussy full of that big cock and wreck me!"

Harry does as the lady asks and pounds her tight cunt. Her stretching wet pussy ensnared his cock in a warm and willing sheath. He leaves marks down on Hermione by the force of his balls. She rises up, each curve more enticing than the last. Harry holds her nipples and pinches them.
A breath lets out of Hermione as her pretty pussy receives an endless pounding. Harry's balls keep drilling her and making her rise up. The hunger only increases all over her rising form. Her tightening cunt clutches Harry and releases him.

"Go ahead and let it out. Don't you dare hold back."

Hermione obeys her Headmaster and gives a sensual scream from him. Harry slows down the tempo just enough for her to feel every second of her orgasm. The cascading waves crash down on Hermione and drive Harry deep inside of her.

Her back presses against the desk. Hermione's most certainly going to feel sore in the morning considering the rough fucking into the desk. She cares very little about this because this feels so good. Hermione's arms and legs wrap around Harry to keep the handsome Headmaster fucking her pussy and fucking it hard.

"Don't hold back either," Hermione breaths.

Nails dig into Harry's back. She's like an animal in heat. The only thing that matters is Harry's cock, which is an attitude which will serve her very well. Harry pulls out of her and rubs her tender lips before driving deep inside of Hermione. The large cock slams deep into Hermione and makes her hips shoot up. Harry holds her hips and repeatedly plows her down onto the ground.

"Fuck me hard!" Hermione yells.

"What do you think that we're doing?"

"Sir, I want you to treat me like your own personal cum dump," Hermione breaths. "Oh, my pussy, it's yours. My tits, my ass, anything that you can grab. It's also yours. I'll give myself to you anytime! Anytime you want to stick that fucking cock in something, I'll let you stick it anywhere!"

"Deadly words, Ms. Granger," Harry warns her.

They slam together on the desk. Her jiggling breasts receive a full assault from Harry and his mouth. His hands clutch her chest and give them a very nice squeeze. Hermione rolls her hips back up off of the desk and takes them.

Hermione shakes all over with the effects of a well-earned orgasm. Every roll and every touch drives Hermione constantly through the edge. She is not sure how much more she can retake. Determination, with a little help of magic, spurs Hermione on.

Twelve inches of well-endowed manhood spikes its way.

"I'm getting close," Harry warns her.

"Keep going," Hermione says. "Put your cum inside me. I need a real man's cum inside of my pussy! Please, sir!"

Harry rams his hard cock deeper inside of Hermione and stretches her completely out. Her thighs shake the further Harry plows inside of her. He receives a lurch and then smashes deep inside of Hermione. The glasses dangle off of her face, her hair comes out of her ponytail, and a constant look of arousal just plasters her face.

She looks dead sexy and really fuckable. And Harry just has to fuck her. She allows Harry to use her pussy as his own personal cum dump and Harry feels foolish if he turns down such an enticing offer. Twelve inches of hard cock slides in and releases his cum into her body.
Hermione clutches his back and a constant barrage of cum spills inside of her body. Her insides tingle and two more orgasms and the start of a third one greet Hermione as Harry keeps filling her up.

It oozes out of her even after Harry pulls out of her.

"You more than meet our qualifications, Ms. Granger. I expect you in my office every night at nine."

"I'll be there, sir," Hermione says with a smile.

Hermione sits up and wraps her arms around Harry's neck and leans in with a kiss.

"So, Harry, what are doing tomorrow night?" Hermione asks.

"The same thing we do every night, Mia," Harry tells her.

The name Harry only is allowed to call her causes Hermione to break into a smile. "Try and take over the world?"

"No," Harry tells her. "Fuck your brains out until you're a drooling mess. Given that you're still coherent, I guess I'm going to have to try again."

Hermione gives Harry a cheeky grin. "Troz."

End.

Thank you for all of the favorites, follows, comments, views, and kudos, and I'll see you on Friday for the next chapter.

A slight groan comes from the beautiful blonde woman as she wakes up. It takes Penny several minutes to regain her composure and realize what's going on here. The handsome man she lies on top of tells her the story. Her ample bosom smashes in the chest of the man.

The blue walls offer tranquility and the view from the hotel room shows her a nice view of a set of mountains. On a chair lie her clothes, which Penny half expects to be thrown out of the window after last night's fit of passion. She clutches around the bed sheets on the elegant, king size bed.

"Good morning, beautiful."

"Hey, handsome."

Penny racks her brain for a name. The events of the last evening come back to her. Really good sex is the first thing which pops into her mind. The most amazing sex in the entire world actually which drives Penny beyond mad with pleasure. She takes a couple of breaths and presses her hands to his chest.

"Good morning indeed….Harry, isn't it?"

It's a shot in the dark through the haze Penny feels.

"Very good, Penny. Last night was amazing...although I'm pretty sure that it's about time for us to…"

Without any words, Penny attacks Harry's lips with a hungry kiss. Her large chest pushes against his muscular one. Despite the fact that Penny feels last night should be a one time deal, she cannot help and make sure her hazy memories match up to the reality of the situation. Perhaps it's just the ego in her.

She yanks back the covers and reveals the muscular form of this man. Penny eats up the eye candy with hunger dancing in her eyes. He's built like a Greek God and she eyes his cock with a hunger dancing in his eyes.

"Well….I think that last night….last night was about as good as I remembered...but I should verify. The real question is...was it good for you?"

Penny swipes a hand down and grips Harry's throbbing hard manhood. She pulls it up and allows it to drop down. His eyes turn towards her with a smile crossing his face.

"Why don't you find out?"

Penny squeezes his manhood and releases it. His balls call her along with his cock. The woman wraps her warm wet lips around him and starts sucking his cock.

The depths his cock goes into the back of Penny's throat causes Harry to smile a lazy smile. He puts his hands down on the back of her head and guides his manhood further into her mouth. Penny shows some amazing skills with her mouth and tongue.
"Yes, that's as good as I remember. You have a wonderful mouth, honey."

Penny doubles down on her cock sucking and slurps his manhood to the point where it pushes deep inside of her mouth. Harry grabs the back of her head and slides further into her mouth. Penny gags on his manhood for a second before staying the course and sucking him harder and harder than ever before.

She gains a lot of momentum on his manhood. She pulls out and leaves a trail of salvia dangling down his manhood. A push around his cock and balls shows just how much Penny desires him. She pops her lips together and hungrily drags her tongue all over him until his cock stands straight up at attention for her to suck even more.

"I'm sure that's good but….I want something else."

Penny climbs onto his hips. There's a hole which needs to be filled, in the literal and figurative sense of the word. She aims his manhood against her lips. They ache with need and they ache for him. They ache for the desire to take Harry deep inside of her body.

A groan follows with Harry sliding his manhood deep into Penny's wet, tight, pussy. The feeling of her snug walls wrapping against him is good. Harry grabs onto her hips to make sure more of him slide into her. His big balls slap against her wet pussy and make her moan out in delight.

"That's...good. That's really fucking good! Harry, you're filling me up so fucking much I think I'm going to...explode!"

Harry slides his manhood into Penny and stretches her warm pussy out on his throbbing hard cock. She closes her eyes and establishes a momentum which allows her to squeeze and release his cock. Her enticing body bounces up and down on Harry's manhood. She squeezes him and releases him with several more fluid pumps.

A finger pushes deep inside of Penny's chest and squeezes it hard. Penny bites down on her lip and slams his cock deep inside of her warm and inviting hole. She holds on for a hell of a ride, rising and falling on his big, throbbing hard cock. She cannot get enough of him inside of her.

Penny slides her walls around him. They grip his manhood. He's not even close to breaking. In fact, he grabs her hips and pounds away at her pussy. Penny bites down on her lip and releases it with pleasure just dancing in her eyes. Harry holds one nipple and squeezes it to make her moan. Her moans grow only more sensual the deeper she drives him into her.

"Do it again! Touch me again!"

Harry sits up to squeeze Penny's breasts. She throws herself back and moans with pleasure. Harry's touching her all over and making her body just shiver with delight. His hands-on approach to pleasuring her make this a pretty good concentrated attack on her. He pulls away from Penny and causes her to release her breath in a pant. Her entire body rises and falls, smacking down onto Harry's thick balls.

The indulging of this sexy young woman makes Harry just smile. It always gives him a rush. He plants his cock into her, making sure she keeps riding it.

"You're...good...as....damn it!"

Those words come out of her mouth at a very measured moan. Harry clutches Penny's chest and squeezes it. She rolls her hips down his cock and releases it. She stretches onto his manhood and pumps it deep inside of her body. The loud smack of her hips moving up and down at a rapid rate
edges both of them closer.

Harry knows when to hold back and when to make a woman thirst for it. His thrusts slow. Penny tries to drive herself down onto him. She loses it, slowly, and surely. He teases her body and makes Penny go wild with pleasure. She hammers his cock with her gushing wet hole. It feels very good to have him balls deep inside of her and stretching her pussy completely out in this endless fever.

"Harry...don't...don't...don't do this!"

"What..this?"

He grabs Penny's ass and drives her down onto his manhood. Every inch of his manhood slams into her and makes Penny ooze with lust. She cannot hold back from him. All she can do is keep pounding his manhood because it feels so good. His hands brush all over her body.

The view of Penny riding him makes Harry edge closer. He puts his hands on her chest and channels a tiny bit of magic through her nipples. The look on Penny's face shows just how much that makes her lose all sense of herself. She moans wildly and pounds his cock with her pussy.

"Whatever you're doing...do it again! Do you hear me? Do it again!"

Penny drives down onto him and rides Harry almost all the way to the breaking point. He holds back on her and keeps attacking her chest. His fingers caress the fleshy globes and release them. Penny's hard nipples slip into Harry's mouth, primed and ready to be sucked.

In the meantime, Penny goes on a magical thrill ride, holding onto his manhood. She stretches out onto Harry and releases him. She moans in his ear, loudly, and hangs on for what proves to be a hell of a ride. Harry's not going to break anytime soon which makes her enjoy this ride even more.

It hits her, the big one. Penny's entire body feels that rush, a high which cannot be described by mere words. It's just the pleasure hitting every single last nerve ending in her body. Harry plants his hard cock into her body and continues to work her over.

Harry makes Penny close in on him and release him. His throbbing organ going into her is a good feeling. He wants to make it last so he pulls out of Penny.

"Dude...are you..."

He flips Penny over onto her hands and knees. Harry wraps his arms around her and feels up her amazing body. She breathes in and out with each touch. Harry stimulates a pleasure center on her body in an entirely new way.

Penny's lips call for him and Harry's manhood throbs. He knows that there's one place he needs to be and that's balls deep in this lovely young woman. His release is going to come sooner rather than later.

Harry puts a hand on her chest and releases her breast. Penny sends out a very pleasurable moan from his touch. He squeezes her chest and releases it to make Penny drip wet.

"You just can't get enough."

The rush filling her body shows Penny she cannot get enough of this. She longs for his tongue and every time he touches her, it's very refreshing in several ways. Harry pushes his hands on her chest and guides himself into her.
Once again, the fulfillment hits Penny. He stretches her out and gives her that rush beyond everything ever. Harry spears her pussy over and over again. He fills it, almost empties it, and fills it again. The rush spreading through Penny's body and allowing her loins to clutch him makes this a hell of a moment for her.

Harry holds onto her waist and spears her tight body. He's getting a lot out of this as well. Her body reacting to his in such an alluring manner makes Harry excited and makes him want to drive himself into her more.

"Closer. You must be getting closer."

"I am….I really am. Pound me! Drill my tight pussy! Oh, fuck...that feels so good! I can barely….I can barely hold on."

"Well, try."

Penny's eyes glaze over. Her hands slip off of the bed and she falls chest first onto it. Harry holds onto her hips and drives into her. His massive balls swing and crack against Penny's thighs to send her further into a fit of pleasure. Harry holds on for the best ride possible and makes her body react to him.

He slams into her tight, wet hole. Reaching the edge himself. He closes in and makes Penny's body warm up. The fact this beautiful woman releases herself with so much reckless abandon is a very good feeling. He takes his cock inside of her and spears the ever living daylights out of her.

Penny breathes in and out. Her body reacts very nicely to him. She knows that he's almost there. His heavy balls slap him.

"You know you want to cum inside me. Don't you?"

Penny clutches his manhood and releases it. A deep breath follows from Harry's rapid and deep pounding into her. She wants him and his essence in the worst way. Consequences are not something which crosses Penny's mind, only pleasure. He pushes into her.

Their bodies become one in this rapid-fire dance of lust. Harry holds on tight for her and spears her womanhood. He pulls out and sends Penny into another fit of pleasure. He pulls her up so she's on her knees while railing away at her. Harry pounds Penny and feels up her body. The sweaty and sensual form of this woman urges Harry along to the finish line.

Eventually, the sizing up in Harry's muscles shows that he reaches his breaking point.

"Last chance. For me to pull out."

"Never!"

Harry slides his manhood into her. He runs a finger over her neck and nibbles down on it. Harry pulls completely out of her and keeps ramming her pussy until neither can hold on any longer. The end hits them both.

The warm load spills into Penny.

"Oh, damn it, that feels so good."

Releasing his load inside of a beautiful and willing woman is always the best moment. Feeling her cry for his essence to drain into her womb just makes this all that more intense.
Penny hangs on for the last few blasts. The ride slows down with Penny getting every last drop. Her entire body sings with the pleasure of release and then more. He rides her at a rapid-fire rate until slowing down finally.

Both take some time to catch their collective breath. Harry wraps his arms around her and plants a couple of kisses on the back of her neck. This stops at the back of her ear which Harry whispers into.

"So, do you remember now?"

A throb in her pussy almost distracts Penny. She manages to respond to him.

"Well, you might have to remind me again later."

He pulls out her and smiles. Penny falls back with her legs spreading and the river of cum spilling. It's an enticing invitation and one Harry needs to follow up on.

End.

Thank you for the views, follows, favorites, kudos, and reviews. I will see you on Sunday for the next chapter.

Two warriors circle each other. One of them, the green-eyed wizard known as Harry Potter, decides to enter the habit of fighting without his shirt on. This is kind of distracting for his opponent. Then again, turnabout is fair play, as Astrid Hofferson decides to fight in this battle with a skin-tight pair of black pants which look almost painted on and a top which is tied in the center. Her cleavage and toned tight stomach is on display. She shifts with a smile, the ponytail flipping against her face.

"Are you ready to yield?" Astrid asks him.

"Are you?" Harry asks her.

The two circle around each other. Astrid makes her way to move her opponent. Harry spins around and blocks her attack. He grabs her shoulders and then pushes her back against the wall. The two of them are almost close to touching lip to lip with each other. Harry pulls back from Astrid and leaves her breathing against the wall.

She charges Harry one more time. Harry simply is not there with the punches. She turns around and blocks him. Astrid uses Harry's leverage to flip him onto the ground. She jumps on top of him to straddle Harry. Astrid leans down with a satisfied smile crossing her face. Her breasts almost spill out of her top when she takes a good look at Harry.

"I have you! I wonder what I'm going to do with you."

Harry shifts their position and she turns around. The tall warrior lands on her feet. Harry rushes her from the other side. Both grapple with each other. Neither really gets the upper hand on the other. Astrid's bends her knees in an attempt to push back and to hold Harry back several feet.

Astrid finally gets behind Harry and puts her hands on his chest. She decides to run her hand down and then grab his crotch to cause him to shuffle a little bit.

"What's the matter?" Astrid asks. "Didn't see that one coming, did you?"

To get the upper hand, Astrid squeezes his crotch hard. Harry only offers a small groan before Astrid takes him down to the ground. She puts Harry in body scissors, wrapping her long beautiful legs around his muscular chest. Astrid grinds into his back to hold him down.

"Are you going to try and make me submit?" Harry asks her.

"I just might," Astrid tells him.

His cock pops out of his pants and Astrid catches it. It's starting to harden and Astrid helps him the rest of the way. A couple of small strokes brings his cock up. She closes her fist around it and gives it a pull.

Any attempt to break free is stalled due to the fact Astrid has his cock in her hand and is squeezing it tightly. Harry grunts at the actions given by this talented woman.

"A true warrior takes control in any way they can," Astrid says.
She slips her boot off and the raises her bare foot to rub it against Harry's cock head. The friction of her soft bare foot grinding his cock makes Harry enter a severe mental fog. He groins when her toes wrap around the head of his cock and tugs on it in time with her hand.

Astrid smiles at her moment of triumph. Her toes curl around his cock and tugs on it. The fact his cock swells up with lust is very obvious.

"You should have known better than to engage me, little brother," Astrid teases him. "And now, big sis is going to take control and teach you a lesson."

"You really think you're in control," Harry groans.

She smiles and takes the boy she considers her little brother around the cock and gives it a squeeze. Astrid grabs Harry's massive cock and stretches it in her hand. She keeps working it with her hand and her tongue. She leans in and plants kisses on the back of Harry's neck.

Harry feels a tension rising up between his balls. Astrid closes her toes around him and releases Harry's cock with her warm foot. Her other boot slips off and then Harry's cock is now sandwiched between both of Astrid's beautiful soles. She strokes his cock up and down it, causing friction to build into it. Her toes and soles work the tip and her hand works the shaft.

"Oh, you're so big," Astrid purrs. "Just more for me to dominate."

Astrid rubs her feet against Harry and builds him up. She pulls her feet away from him and then squeezes the base of his cock to stop him from exploding all over the place.

"Good boy," Astrid tells him. "But, we're just beginning to have fun."

She pushes Harry back down onto the ground and stands over him. Harry's eyes see her bare foot hover over his face. The scent of her foot only makes Harry's cock throb extremely hard. He has a weakness for beautiful feet, especially after they've been in battle and have the right scent.

Slowly, her pants pull down and Astrid reveals her neatly trimmed pussy which is a little bit wet. Her tight ass comes out for him as well. Astrid decides to lower herself down on Harry's face.

"You must be hungry after a long day," Astrid teases him. "Don't worry, brother, big sis has you taken care of. Eat up."

Harry grabs her ass and buries his face in her pussy. Astrid grinds back on his tongue as Harry eats her pussy completely up. His tongue most certainly goes deeper than her fingers can. Astrid throws her head back and gives a very soft and hungry moan. She keeps working over his face, coating it with her juices.

That tongue dances in her pussy. Astrid tries not to lose to it, after taking the early advantage. She puts her fingers to her lips and sucks on them hungrily before running them down her leg and moistening them with the juices from her pussy which dribble onto Harry's chin. She brings them back up into her mouth and then sucks on them very hard as well.

"Good!" Astrid breaths. "Very good! Keep eating my pussy! Put your tongue right where it belongs! You love pleasing your big sister, don't you?"

Harry grabs the back of her legs and goes down to taste the warm juices. They only harden his cock and then the next thing he knows, he feels Astrid's hand wrapping around his hardening fuck-stick. Every third pump, her foot brushes against his cock and then she squeezes him.
Efforts get re-doubled every time Harry drives his tongue into Astrid's pussy. It feels so good to have him eating her out. Astrid only says about the minimal amount.

"Good boy," Astrid praises him. "You know what you're doing. You're going to get rewarded now."

Harry squeezes her and buries his tongue deep inside of her. She gushes all over his face. Astrid grinds her pussy into Harry's face with the juices flowing very freely all over it. Harry tongues her and then pulls all the way out of her with a couple more swipes.

The next thing Harry knows, Astrid crawls away from him. She rubs her juices over his face and laps them up like a hungry kitten. Astrid lines Harry's jaw with kisses and then pulls away from him. She turns around and grabs his cock before squeezing it hard.

"I have something else you would like."

Astrid's breasts popping out of her top is like the dinner bell for him. Harry dives into her chest and then starts sucking and licking her breasts. He canvases everything, every inch of her delicious tits. Harry grabs her breasts and releases them with a squeeze. He needs to be buried within her warm cleavage.

The hunger in the younger boy causes Astrid to receive a wave of lust through her body. Harry holds her chest and releases it with a squeeze. He's now between her breasts. Astrid, without really thinking about it, grabs Harry's cock and releases it.

"Good job," Astrid praises him. "That's good…you know how to please a woman. Make her feel everything she needs to feel."

Harry's fingers brush down her spine while sucking her breasts. The tremors hit Astrid something fierce. She tries not to lose it despite the fact Harry really is feasting on her tits and making her want to lose her mind. Harry cups her chest and releases it.

Now his cock extends hard and there's only one place it should be. Harry motorboats Astrid's chest and makes her throw her head back. The constant and never-ending assault of her breasts drive Astrid to the brink and beyond. Her pussy longs for one thing.

Then, without warning, Harry throws her down onto the ground. He's on top of her, and then grinds his cock against her warm entrance.

"Sis, a true warrior plays the long game," Harry tells her. "He spends time lulling his opponent into the false sense of security before going in for the kill."

Those last few words couple with his cock head rotating over Astrid's entrance. It excites her how well this is played, and now she wants Harry's throbbing cock inside of her.

"I didn't get a chance to cum earlier," Harry said. "And now, I believe there's only one place where my cum could go."

"Fuck me!" Astrid demands of him.

"Maybe," Harry says. "Or maybe I should shove my cock in your mouth and make you choke on it?"

"My pussy's nice and warm, Harry," Astrid breaths. "It's so hot, so wet, and I'm so horny. Please, little brother, stuff me full of my big cock. And show me how you're a strong warrior."
Harry lines up his cock with Astrid and pushes his cock into her wet hole with ease. He fills her up with her walls wrapping around his big cock. Harry pulls almost out of her and pushes into her. Her legs wrap around Harry, a bit less snug than before, and Harry responds by touching her legs.

"Oh! You have grown up!" Astrid screams. "Fuck me! Fuck me until I can't remember your own name. Make me yours!"

"You are mine," Harry tells her. "Always have been, always will be."

Yes, Harry was her number one boy, or man rather, yes, he's all man now. Harry's snaps Astrid away from her trip down memory lane to receive a huge slam of his hard cock into her body. Astrid tightens herself around Harry and releases him. Her moan only increases the further Harry rams into her. He pulls away from her and drives his hard cock into her wet pussy several times.

"Yes!" Astrid encourages him. "Oh, yes! YES! FUCK ME!"

Harry holds Astrid down on the bed and rams his cock deep inside of her tight pussy. She stretches around him and releases him. Harry pulls out of Astrid and leaves her hanging after a moment.

"Why did you stop?"

"Turnabout is fair play," Harry tells her. "And now, I want you on your hands and knees."

Astrid rolls over onto her hands and knees. Harry's cock bumps into her thigh. Maybe it's her overactive imagination, but Harry's just grown bigger.

'Must be the dragon blood inside of him,' Astrid thinks.

His throbbing cock sticks inside of Astrid's pussy and stretches her completely out. Harry holds onto her waist and pumps himself inside of her. His balls smack Astrid's thighs and then he pulls out before driving his hard cock into her one more time.

Astrid's tightening walls squeeze Harry and release him. He pulls nearly out of her and shoves his cock further inside of her. Every single inch of it enters her pussy. Harry runs his hands over and grabs her swinging breasts. Harry loves how she's so tall because it just gives him that much more skin to explore.

Lust boils through Astrid's blood. She wants to be taken hard and for Harry to fuck her into the ground. And amazingly enough, Harry does it. She always enjoys this moment. Her little brother's not so little cock buries her from behind. His hands grip her and then ram into her tight body from behind.

"Are you going to let me cum this time?"

Her voice is so small and demure that it almost melts Harry's heart to deny her a second orgasm. He pulls out of her almost all the way and decides to take pity on her. Sparks of light shoot over Harry's hands and enter Astrid's body. Her tight core grips Harry and releases his love muscle with a couple of pumps. His balls rest against Astrid's thigh.

The rush of warmth spreads all over Astrid. Harry drives into her and makes her cum all over his cock. The tightness of her walls milk him. She appreciates how fast he stuffs her and how deep he can go. He's balls deep inside of her tight pussy and she loves every inch of him.

Harry holds onto her and fucks her hard without any abandon. Astrid gives about as good as she receives and milks his cock. Harry holds back.
"Oh, you're so tough to break," Astrid breaths. "And even after I let all that cum build up in your balls. Don't you want to cum in my pussy? I bet your balls hurt! Because I made them hurt! What are you going to do about that?"

He responds by roughly fucking Astrid in the way she likes. He leaves marks all over her body, both by his swinging balls, and his mouth and hands. Harry fucks Astrid into the ground. She's now lying face-first into the dirt with Harry pulling on her ponytail and shoving his cock deeper inside of her body.

Despite the fact Harry does have increased stamina, he knows there's a time for him to explode and he will put his cm between Astrid's thighs where it belongs. Harry holds her up and rams into her. His balls throb and there's only one place to go.

They climax at the same time. Astrid milks Harry of his seed. It fires and paints her walls white before soaking into her womb. Harry rides out both of their orgasms until they are content.

Astrid's goofy smile spread across her face. She turns around and then cups Harry on the cheek.

"Love you, little brother."

"Love you, big sis."

The two adoptive siblings share a kiss with each other before Astrid pulls herself up and walks back with Harry so they can get cleaned up because it must be getting close to lunch.

They might be a little late with Astrid soaping up Harry's naked body and Harry returning the favor. Still, it's the thought that counts.

End.

Thanks for the views, favorites, follows, kudos, and reviews, and a brand new chapter set to drop on Tuesday.

Three individuals sit around a lush and lavish hotel room. Harry Potter, Daphne Greengrass, and Tracey Davis look over a set of documents which had been drawn up. Daphne, wearing her best silky blouse, skirt, and stockings combination, smiles when taking a good long look at the document. The buxom blonde purses her lips and reads it from front to back.

"So, is it good?" Tracey asks her.

The brunette opts for a more casual look, with a button up black shirt and a pair of jeans which stretch over her ample ass and long lovely legs. One also notices a collar on Tracey's neck, although one might mistake it for a choker device. Daphne just hums and flips through the documents one more time.

"It's perfect," Daphne says. "It's everything that I've ever wanted and more. This could be the beginning of us breaking up the circle jerk Malfoy and his cronies have over all of the businesses in our world. And also...do you really think that we can pull this off? The first human run bank in the magical world in centuries?"

"The last time it didn't so well," Tracey chimes in.

Harry recalls from his research it did not go that well. "The goblins are not too fond when their territory is threatened. If someone else handles the gold, well it's not like they can rack up the fees. They enjoy the feeling of having humans by the balls."

Both witches shudder in response. Daphne puts pen to paper, given this agreement is between her and Harry. Tracey is only here to serve as a witness.

"That makes perfect sense, almost too much," Daphne tells her. "Well, I think this deal went pretty well. Why don't we say we have a toast?"

A bottle of champagne and three glasses come out. The champagne enters the glasses instantly. Harry passes them around to Daphne and Tracey and the three raise their glasses.

"Here's to good business and a more lucrative future," Daphne says with a raise of her glass.

"And a lot less Albino ferrets," Tracey adds.

They can all toast to that. The glasses clink together before all of them drink. A few drinks later and Daphne decides to kick her shoes off and swing her legs onto the bed. Her stocking clad legs brush against Harry's lap. He turns his attention towards her. He puts a hand on her leg.

"I think you figured where this meeting was going to end tonight."

Daphne's bra disappears sometime over the last couple of minutes and the top of her blouse unbuttons to reveal two very nice and supple breasts. Harry thinks Daphne's large chest is a national treasure and the rest of her is a sight to behold as well.
The two lovers meet lips in a sizzling kiss. Daphne puts the back of her hand on Harry's head and they prepare to exert themselves. Harry wins the battle, not that Daphne minds, and works his tongue deep into her throat. A handful of hair clutches in Harry's hand when he moves her into position.

Daphne sucks on Harry's tongue the second it buries into her mouth. He pins her down on the bed.

Tracey swoops in to unbuckle Harry's pants and also she removes his shirt as well. There's nothing other than a pair of boxer shorts which Tracey teases as well. Her chocolate locks brush against Harry's neck when her warm lips worship his back.

With a daring smile, Tracey tips some of the champagne on Harry's lower back. She drags her tongue against it and then sucks it off of his back. Some of it dribbles down even more and Tracey swipes her tongue, pulling down Harry's boxer shorts all of the way.

The beautiful tongue working the champagne off of his back causes Harry to twitch. Daphne grabs his cock through his pants and she turns him over onto the bed. Both Daphne and Tracey pin Harry down to the bed. They hold him into position and then with one movement release his cock out into the open. Twelve inches of prime meat comes out for them both.

"It's about as large as you said," Tracey says.

"Naturally," Daphne says.

The two girls move to Harry's cock and then start using their hands to rub his cock and massage Harry's balls. The feeling causes pleasure waves to spike over Harry. Daphne and Tracey stick their tongues out and pet the length of Harry's cock. Their beautiful tongues, lips, and hands cause a swelling feeling to increase in Harry's cock.

Daphne takes the champagne and pours it over Harry's chest. Both beautiful young women move in and then start licking the champagne from Harry. Their tongues feel so good. Tracey and Daphne suck on Harry's nipples while his hands move down.

Tracey's jeans fade from her body and appear on the edge of the table. A lacy green thong clings to her body. Harry makes quick work of Daphne's skirt and shows a blue thong of the same color. The two girls suck and lick him and Harry returns the favor.

"Nice and tight," Harry tells them.

"And saved up for your big cock," Daphne purrs at Harry while moving down to worship his abs.

Tracey's attempts shift down to kiss Harry's inner thigh. She brushes her nose against his cock. Harry driving a finger in her only encourages Tracey and her deviant behavior. She takes things up a couple more notches with several long kisses.

A nice rock hard rock ready to be mounted and fucked stands in the air.

"Tracey, get over onto my face," Harry says.

"Remember, he's a Parselmouth," Daphne answers her.

Tracey's oozes with arousal at the reminder from Daphne. She wastes no time in scrambling over. Her panties fling cleanly off and she stands up. Harry looks up at her juicy thighs and they form a seal on either side of Harry's face. Harry grabs her ass and begins digging his tongue inside of her wet pussy.
The big cock in the air entices Daphne something fierce and causes her to lick her lips. The hunger is something which builds strength in her. She approaches Harry and puts a hand on his cock.

Daphne moves over and with one fell drop puts herself down onto Harry's cock. She tries very hard to maintain dignity and not be a cliché and yell out how he's so big. No matter how true the statement is. Daphne's pussy loosens underneath the massive girth of Harry's swollen and very big cock.

She throws her hips back down and rises almost all the way up. Daphne cranks her warm pussy lips up and down on Harry. The hunger pressing through her body only doubles from what she's doing. Daphne rolls her head back and then drives down onto them.

"He's the fucking best!" Tracey yells out.

Daphne is not going to argue. She motions for her pet to lean forward. Tracey's shirt comes undone. Her breasts, while not comparable to Daphne's, are still nice and firm, and Daphne thinks it would be rude not to indulge them with a nice little squeeze.

The two women on his face and cock lean in to kiss each other. Harry holds Tracey's ass and slides a finger inside of it. She reacts to how Harry can expect.

The snug and delicious tightness of Daphne's pussy makes Harry's entire world go very nicely. This is the perks of dealing in business with such beautiful witches. Harry's hand's maneuver around Tracey.

Tracey, on the other hand, gets driven full of tongue and receives pleasures in ways she can not imagine. Fireworks literally go off in her mind with Harry repeatedly swiping his tongue against her. A couple of fingers dig into Tracey's leg and she moans out as loud as possible.

"Fuck," Tracey breaths.

"Yes, soon enough," Daphne says. "Have your fun, then I want to watch our boy toy's face as he cum's."

Harry frowns despite eating Tracey's pussy. He says nothing right now, and not just on the account of having so much delicious cunt in his mouth. He laps up all of the juices and makes Tracey trash and moans. Her warm thighs keep caressing Harry's face.

A river of juices shoots all over Harry's face. Tracey slides off and lands back onto the pillows. Her entire body has never felt more alive after the never-ending rush. Her insides tingle with pleasure and so much more.

"Let me clean up my pet's mess."

Daphne presses herself on Harry's muscular chest. Her large breasts squash onto his chest. Harry wraps his arms around her. Daphne moves in to lap up the juices. All while grinding her cunt against his cock. She squeezes Harry as hard as possible to milk his throbbing member and releases him. The juices continue to build up over his cock the further she moves down.

Then, Harry flips her over onto the bed and pins Daphne down. Daphne's eyes widen with Harry's cock pulling out of her. Never has she felt such a frustrating loss. The vacancy of Harry's cock leaving her pussy causes Daphne to groan. Harry digs his head against her warm lips and makes her try and lift up to meet his cock.

"I'm here," Harry tells Daphne. "Are you ready for my cock?"
Daphne nods in confirmation. She's more than ready for Harry's cock to be back in her, where Daphne personally feels it belongs. Harry drives his massive head against her slick opening and then pulls all the way back.

"You better fuck me."

"So demanding."

Harry spreads her legs and squeezes Daphne's thighs. His balls slap them and it causes a growl coming from her along with Daphne swiping her nails into Harry's back.

"Forgive me, my lord, I forgot myself for a minute," Daphne tells him.

Harry just smiles. "No need to call me, 'my lord'. Not when master will do just as well."

The thick cock drives into Daphne and she yells out. He puts most of it inside of her and then pulls it out. Despite the rush she feels from the huge cock driving into her, Daphne's feeling of emptiness only increases. Harry reaches up and grabs her chest, and squeezes them.

Every inch of Daphne's large natural chest becomes a platform for Harry to grab and hold onto. He pumps his way between Daphne's thighs. His huge balls repeatedly slap down onto Daphne's thighs. Harry pulls out almost all the way and spends a moment taunting Daphne with the prospect of his cock.

"Fuck me hard!" Daphne moans in his ear.

Her hands massage his body. Harry plows his thick cock into Daphne and then causes a ripple effect against her.

Tracey watches Daphne finally get dominated and it's a sweet feeling. Given all of the times Daphne's bent her over and dominated her with a cock, Tracey feels vindication that finally someone is strong enough. Watching her Mistress being fucked senseless is the forbidden fruit. Tracey rubs her warm cunt lips and then moves her to caress her chest.

Harry slams his way into Daphne. He's fully aware of Tracey moaning and groaning when getting herself off. Harry holds up Daphne's legs and bangs away into her tight pussy. One of the most beautiful girls in his year screams like a banshee while being fucked by him.

"You knew you were always going to be mine, didn't you?" Harry asks.

Daphne's eyes flash over from the orgasm. She tries to hold on and regain some state of coherence and control. Neither of which is happening right now. Her slick walls pump Harry's cock inside of her. He rides out her orgasm with a flourish. Those balls tempt Daphne with a good seeding. Harry plows into Daphne.

She stretches out nicely on Harry's cock. Her legs, ass, and breasts, all over her feels perfect and belongs to Harry now. Harry pumps his cock into her. Each moment drags him all that much closer to exploding inside of her. Daphne's snug pussy rises up to engulf his entire cock and then releases him.

"Go ahead, don't slow down."

Daphne's eyes glaze over. She can feel his orgasm coming and not a moment too soon. Harry's fingers grab her leg and massage it. Each time he exits and reenters her body, Daphne pushes her hips completely up off of the bed to meet Harry. Harry slides almost out of her and then plunges
his big cock inside of her with a repeated series of thrusts. His massive balls repeatedly strike Daphne down upon her tender hot flesh.

Harry holds back down and then rises up. He's so much closer. Harry allows his orgasm to ride out to its natural conclusion inside of Daphne's welcoming pussy. Her heat engulfs Harry and he has no desire to relieve it.

"Ready or not."

One final grunt follows with Harry sending his cum inside of her body. Daphne holds her nails against his back and thrusts up to meet Harry. Harry plows his thick cock deep inside of Daphne the further he plants his seed deep inside of her welcoming body.

Daphne holds onto Harry with a sensual moan deep against his cock. Her wet walls clamp all the way down onto his hard cock the further he slides and drives himself into her.

She hangs onto Harry to drain the last few drops of cum into her. Several drops ooze out of her pussy the second Harry pulls out. He allows Daphne to drop down onto the bed.

Tracey's eyes widen when Harry turns his attention to her and more importantly her lips. Those juicy lips point to the perfect thing to suck cock and Harry enjoys the look of awe on Tracey's face. He slaps his half-hard cock against her lips. Tracey gets the hint and puts her lips around Harry's cock.

"Good, suck my cock like it's your job."

It's not really a job, more like an unexpected pleasure. Tracey works over his cock like a high-priced Knockturn Alley whore. She paints numbers, letter, small runic symbols over his cock with her swiping tongue. Tracey stimulates all of the endings and Harry grips her by the back of her hair.

Tracey's already ready to go and soon, Harry is ready to go. He flips Tracey over onto the bed. She lands face first into a pillow. Harry maps a course on her body which ends between her thighs and inside of her pussy. His fingers tempt her.

"Wet little pet," Harry tells her.

"Please, Master Harry, fuck your kinky little slut's brains out," Tracey begs him.

She slides into the role she's born to be very nice. Harry holds his hands against Tracey's thighs and rubs her pussy lips. The second he meets her pussy, he has to get inside of her. And Harry does bury inside of her.

Daphne weakly levitates her bag and looks for a potion which will add to the fun. It's hard to concentrate on Harry plowing his cock deep inside of Tracey's gushing pussy. He pulls out and the turns over to the side. His legs wrap around Tracey as they lay face to face on their sides. Harry holds Tracey's leg up and spears himself into her hole.

"Hold that pose, I'll be with you."

Turns out she needs two potions. Another is a very powerful drug which increases her stamina. The other, Daphne slips into her mouth after the first. Daphne groans when feeling the changes go through her. Her pelvis rises and a large throbbing cock with a matching set of balls full of cum grows to her.
A very familiar feeling visits Tracey next. Daphne's large breasts in combination with a large throbbing cock brushing against her asshole. Daphne makes Tracey take a potion which restores her virginity again and again after each session, mostly so Daphne can gain the pleasure of taking Tracey's innocence over and over again.

"Did you really think we will end this night without having two cocks inside you, pet?" Daphne asks. "You like my cock and you like it in my ass."

The potion might only last an hour before it fades away in a very spectacular motion.

Harry looks up at Daphne with her new addition and Tracey's asshole opens up. Daphne adds just enough lubrication not to be too cruel and to be able to slide it.

Both Daphne and Harry make a Tracey sandwich. Her delicious sweaty body becomes the meet as Daphne drives herself into her asshole.

"You two do this often?" Harry asks.

"Normally not a guy with us," Daphne says. "Congratulations, you're worthy enough."

A bombardment of intense sensations fills Tracey up with so much pleasure. Both of those massive cocks drive into her holes on all ends. It makes a girl want to scream in excitement or at least cream herself. Both Harry and Daphne know the way to her.

Harry constantly pushes into Tracey. Her legs are wrapping around him. He only slams into Tracey hard when he watches Daphne rubbing her large breasts, which seem to have only grown larger thanks to the potion that's given her a not so little addition between her legs.

"Common side effect," Daphne says. "Want a taste?"

Daphne shifts back a little bit to allow Harry to lean over Tracey's shoulder and indulge himself in Daphne's generous bosom. His mouth clamps on her nipples and already jets of warm milk go out. They invigorate Harry's body.

The fact Harry Potter feeds off her breasts causes Daphne's cock to throb. She takes out her aggressions on Tracey's tight and willing ass. Which is just as well because since they were thirteen, Tracey's ass belongs solely to Daphne Greengrass. Little has changed over the past several years.

Tracey's eyes glaze over from the constant influx of pleasure. Both sides keep working against each other. Harry sucks on Daphne's breasts while driving himself into Tracey. His hands roam all over her legs and it's something that drives her over the edge.

All good things come to an end sooner or later. Daphne drives her huge cock into Tracey's clenching rear end and then pulls almost all the way out before slamming it inside of her. Her balls and cock explode, quite literally, leaving a gooey mess of juices all over Tracey's ass.

Tracey clutches and milks Harry's massive cock. Harry holds onto her and sends his big cock between Tracey's lustful thighs. He holds onto her and keeps going as much as possible.

Daphne rolls back to allow Harry to roll Tracey onto her back and drive deep inside of her pussy. Those large balls slap against her. Daphne leans in and licks Harry's length and balls as it slides of Tracey.

All good things reach their end. Harry plants his seed into Tracey's clutching pussy. He fills her up
with a very large load. The warmth of her makes Harry's nerve endings sing as he keeps spilling seed inside of her.

Daphne rolls over onto her back and watches Harry fill up Tracey with a never-ending shower of seed. It makes her pussy throb and wants another round with Harry tonight, no matter how sore her thighs now feel.

A sticky ass and even stickier pussy is the end result for Tracey. Tracey only can lie comfortably on her side after they are done with her.

All three lovers lay in wait for the next opportunity to make the move.

The Long Con(Buffy Summers)

There's a blog exclusive chapter featuring Narcissa Malfoy and Lucretia Malfoy, the OC Older "Malfoy Sibling" called "Worthwhile Arrangement." Feel free to check it out.

The Long Con(Buffy Summers from Buffy the Vampire Slayer)

"I've finally got you."

A wide grin passes over the face of one Buffy Summers the second she pins him down onto the ground. The Slayer stands over the top of him, wearing a tight pair of black leather pants, a white tank top, and carrying a wooden staff in her hand. She wears one of the biggest and most diabolical smiles when standing over the gentleman in question.

The handsome vampire, the Black King, Hadrian Peverell, just grins at Buffy.

"So, the Black King….I wonder how strong you are now that I have you?"

"I don't know, Ms. Summers, you tell me. You're standing there, gloating but I don't think you truly know what to do with a man of my caliber. Because you've been playing in the minor leagues."

"I got you! I don't know….I've got you."

Buffy crouches down and straddles Harry's hips. Those eyes shine down onto his very playfully, when she grinds up and down against him.

"I wonder if the rumors are true…."

"Well, you're right here and you're not going to get another chance to verify them. So you might as well find out?"

Buffy nods in confirmation. She leans in and undoes his shirt. His muscular chest comes out in front of her. Buffy rubs his chest and her grin only doubles when feeling how firm he is underneath her hands. He's going to be so much fun.

She leans down and grabs his face before crushing his lips with an aggressive kiss. Her tongue shoves into the back of the Black King's throat. The powerful vampire returns with vigor, putting his hands on the back of Buffy's head.

The Slayer finds herself tongue deep into a makeout session with the powerful vampire.

Playing this game of cat and mouse with the Slayer is a very fun one, and the aggression she kisses him shows just how much of an attraction she holds.

Buffy straddling his hips and getting a nice look at her fit body hardens Hadrian. He knows, she knows, how hard he gets due to the fact that Buffy grinds her womanhood up against his manhood through his pants.

She breaks the kiss and nibbles on his lip in response. Buffy slips back and takes off her boots, and then her socks. Hadrian gets a nice look at her beautiful feet, perfect and soft with sexy toes and smooth soles. High aches make her feet mouth-watering.

"You like my feet, don't you? I knew you were a perverted bastard."
Buffy stands up so she can rub the sole of her foot through the crotch of Hadrian's pants. He gets so hard that it looks like he's just seconds away from tearing through the pants.

She watches the immense size, far bigger than any human, grow and grow.

"Mmm...are my feet making you hard...perhaps you would like to feel my foot on your bare cock....after all, you are my prize...and I can do anything that I want to."

"Yes, Slayer, if you really think so."

Hadrian remains cool and she undoes his pants. His bare cock comes into the air. Buffy strokes the length of his cock with the toes of her right foot, in turn with stroking the underside of his balls with her left foot. Buffy sits down between his legs.

The next move causes Buffy's elegant feet to wrap around his cock and start stroking him. She makes several long strong with her sexy feet, her perfect juicy feet which cause Hadrian to get even harder by the second. Buffy knows exactly how to hit him, how to strike all of the right notes.

His hips rise up to meet the inside of Buffy's soles.

"How do you like that, foot boy?"

A dark desire pushes into Buffy's eyes. She cannot wait to stroke his cock, suck it, ride it until she drains the vampire of every drop of cum in his balls. The thought of killing him fades from the Slayer's mind.

Buffy pulls off her shirt and sits at between his legs with nothing but a bra from the waist up. She pumps his cock for a few minutes before pulling back. The groan causes a wicked grin to spread over Buffy's face.

"Oh, what's the matter? Need to cum?"

A squeeze of his cock results in Hadrian's hips jumping up. Buffy smiles and positions her mouth at the edge of his manhood. His cock looks so juicy and she can see a small trickle of fluid coming off of the head. Buffy tastes it and needs even more of it in her life.

She squeezes and then dives in to start to suck Hadrian off. Her throat muscles relax in an instant to allow Buffy to take Hadrian completely into the back of the throat.

"A woman of...many talents."

Buffy resolves to show the feared Black King just how talented she is. She sucks his manhood and releases his cock from between her lips. Hadrian puts his hands on the back of Buffy's head and keeps guiding himself deeper into her mouth. She releases him with a couple of very prominent sucks.

Hadrian closes his eyes and enjoys the inside of the Slayer's mouth. Her beautiful eyes lock onto his when giving him the blowjob to end all blowjobs. She works his balls with her hands while sucking his cock.

After a long time, Buffy pulls Hadrian from her mouth. She licks his cock like a lollipop and then goes down to suck his balls. A few more sucks before Buffy returns to sucking on his cock.

This pattern lasts for a while. Hadrian closes in on his orgasm. His hands reach over and caress the back of Buffy's head. He rubs the back of her hair and neck which only encourages Buffy to piston
down onto him.

Despite the desire to taste his cum, Buffy still wants to make him wait. She pulls back and squeezes the base of his cock roughly to stave off his orgasm.

"Not, yet, vampire. I'm so horny, I need my pussy eaten and I need it eaten now."

Buffy tears off her pants to reveal a sexy lacy thong. She moves over and crouches down onto Hadrian's face. She holds onto one of the trees for balance, her thong shifting to the side. Her wet pussy in front of Hadrian's face.

His lips nibble her nether entrance and send Buffy spiraling over the edge. Her nipples harden from behind her bra. Buffy tries not to lose it.

His tongue is more dangerous than his bite. Hadrian slips between Buffy's puffy lips and eats her out. The Slayer grinds herself up and down on Hadrian, breathing in pleasure. She cannot do anything more than ride Hadrian's face. Her juicy thighs keep smacking down on him on a constant basis.

She never lets up from this position, only taking more of Hadrian between her thighs. He grabs her hips and sinks her down onto his face. Hadrian vibrates his tongue against the walls of her pussy and goes deeper into her body with one pressing movement.

"Fuck! Eat my fucking pussy! You're amazing! You're the fucking best."

The best, better than the rest, the Black King prides himself on his good pussy eating skills. Buffy's now at a disadvantage. She leans in and reaches for his throbbing cock to try and gain some measure of control. It's an interesting battle of wills and one the Black King relishes.

It's a game, he enjoys playing with Female Slayers. And Buffy's warm mouth extends forward and envelopes his cock.

Buffy rewards Hadrian's world-class pussy eating by sucking him off. The two pleasure the other with their mouths. Their mutual orgasms begin to build on a constant basis. Buffy swirls her tongue all the way around Hadrian's manhood and then pulls back out of him.

Her pussy receives a pounding from the tongue of this god among men. Buffy breaths in and lets out her next breath. Hadrian swipes in and around her pussy, making her sweat even more. This lovely sweat sends Buffy to her tipping point and several steps behind. Her nipple hardens and needs relief. She presses a finger against it and moans to the heavens.

She cums all over Hadrian's face. Buffy, once again denies him and pulls away from him.

"Oh, did you really not think this was going to end in one way?"

Buffy puts the wooden stake into her hand and rests the tip of it against his chest while she straddles him once again.

"I'm going to drain you of every single last drop. And you're going to why I'm the woman who slew the Black King."

"I hear a lot of talk and not a whole lot of action, Ms. Summers."

Buffy squeezes his cock, with the stake in her other hand. She puts his cock at her entrance and rubs her warm lips against him. Buffy bites down on her lower lip and lets out a light squeal.
Then, she drops down onto him and so much of his massive girth fills up her tight tongue body. Her snatch clamps down onto him and takes him inside of her body.

"That's not all of it, Ms. Summers. I expected better."

"Oh, you cocky bastard, you have no idea what I'm about to do to you."

Buffy spreads her legs and then sinks down onto him. Every inch of him splitting inside of her warm pussy makes Buffy hunger for more. She slaps down onto his balls the deeper he pushes into her. She fills up on his manhood, biting down on her lip in the most sensual manner.

"That's it, Ms. Summers. Give in. You know how much you want this, don't you?"

The Slayer responds with a nod, hungering even more for him and his large cock. She cannot help and take the whole lot of it between her legs. She pumps his cock deeper and with more prominence into her body. Buffy Summers clamps down on him and releases him.

The powerful vampire grabs onto Buffy's hips and drives the Slayer down onto him. Buffy's grip against her weapon loosens. She drops it to put both hands on his torso and grind down onto him.

Every inch pierces Buffy's body, far deeper than anything before. The Slayer nibbles down on her lip and releases his cock from between her warm walls. She moans out in the most sensual manner, grinding and dropping onto him. Her flesh smacks harder and faster down onto him.

"Buffy...damn....girl....fucking ride that cock."

She just grins at him in response, sliding her warm walls all the way down onto him. Her wet center clutches him and releases Hadrian. Her body shivers the deeper she takes him into her. Her wet surface walls grind all the way down onto him and clench him.

"Keep riding it...damn it, Buffy!"

Buffy rises and drops onto her lover. He stretches her out and makes her feel good. The warmth of her body allows her to finally drop the final article of her clothing, her bra.

"I'm going to cum...you're like some kind of sex machine or something...just made to fuck women, deep and hard...aren't you?"

"Yes....Ms. Summers, that's what I am. Why don't you really let loose."

The Slayer rises and falls down onto her powerful lover. He pierces her walls and gets all the way inside of her.

"Suck my tits!"

That command causes Hadrian to sit up just enough to be level with Buffy's perky breasts. He leans in and pushes his face between them.

Buffy unglues, and then she feels something sink into her breasts. His mouth...his fangs...but before Buffy can take any step to stop him, a pleasurable energy fills her body. A warmth which demands she sink down on his big cock and take it as far inside of her as possible.

"It's too easy sometimes."

A swirling sensation enters Buffy's body.
"It's through...."

"Oh, the neck is nice and fun...and I'll leave you a little love bite there...but...tell me Slayer, do you really think that you had the advantage on me?"

Buffy finds her heart beating even faster. She's not fully turned, although she becomes more addicted to this man.

"Turning you into a vampire would be useless. You see, I'm more than just a mere vampire. As you're finding out right now...but you are a useful asset...and you know a few more useful assets for my cause."

She does nothing other than ride her. Buffy's adrenaline shoots through the roof. She thinks that if she stops riding this cock, then she might collapse dead.

"I love how you bounce on my cock. How you did not think to kill me, but you decided to have some fun. Do you do that with all of your prey, Buffy? Or were you just so backed up that you easily became my prey."

He touches her all over. Buffy tries to fight this, but why fight something that feels so good? He's in her body.

"I've planted a seed in your mind and now, I'm going to plant a seed elsewhere. My daughters are among the most lovely in the world, I can assure you. And with you as her mother, she will be as well."

Buffy pants and clenches on his manhood even harder. Her earlier dominance seems like a distant memory. Sure she might still be on top.

Hadrian bombards her body with so much pleasure that Buffy thinks it may be criminal.

"Fuck....I shouldn't have gone after you...."

"Well, if you would have brought Ms. Lehane, I just would have had you both tonight. But, I guess I'm going to have to wait a little bit longer. Guess I'm going to have to have a little...Faith."

The thought of her and Faith taking the same cock, Faith being humbled, that just sets Buffy off and makes her ride him with even more vigor. His balls slap against her warm entrance the deeper and faster he drives himself into her.

"Closer, Buffy. I'm getting closer. Can you feel it? I know you can feel it."

"Yes....I'm feeling it.....am I ever feeling it."

Buffy clamps down on him. Hadrian keeps driving into her tight body and knows that end is here.

"And thank you for leaving a build up behind. Most women get too greedy for wanting to taste me. It makes it a bit boring after a while."

He casually pinches Buffy's nipples and sucks them. Her body reacts so immensely to every one of his touches, it's almost absurd. Buffy rides him like a stallion until the very last minute.

Hadrian shoves his cock into her and starts blasting her insides. His essence immediately hits the inside of her wall, blasting her eggs with his seed.

A sense of another daughter beginning her journey to life inside of the sexy Slayer makes Hadrian
smile. She will be amazing, as his lover.

Buffy collapses onto his chest and pants. It's rare that she's out of breath, but the Black King always has a tendency to achieve the impossible.

End.

Thanks for favorites, follows, views, kudos, and comments and I'll see you on Tuesday for the next chapter.

Marvelous View(Carol Danvers)

Carol Danvers stands out to overlook the vastness of space. Her long flowing blonde hair clips back into a ponytail which allows her beautiful, full, feminine face to be shown. She has soft looking facial features, but it has deceptive strength within it. Her lips stick out in fullness with beautiful bright blue eyes shimmering in the darkness. She wears a uniform which clings to her body. The SWORD agent steps in and notices a very familiar face to the side door. One of the top government agents of the DEO comes over to drop over some information in Abigail Brand's office. Carol finds herself jealous of her younger sisters, because they get to work with Harry Potter on a constant basis.

"Hey!" Carol yells.

"Carol!" Harry calls for her. "I see that you're back from your mission."

"Just got back from it a few hours ago," Carol tells him. The two cross the room. "So, were you able to find something on the DEO's end?"

A small reprimanding smile passes over Harry's face. "Agent Danvers, I'm afraid that's classified information, only shared between the heads of the two departments. I'm just passing on the message. Rest assure, I'm sure you'll be briefed of it at the earliest possible opportunity."

Carol shifts a hand against Harry's wrist and pulls him in tight. "Surely you must have some kind of idea."

"If I did, I can assure you it is given in complete confidence," Harry tells her.

She wraps an arm around Harry's waist and eases her hand down to grab his ass. A small squeeze brings Harry's full attention to Carol.

"Are you sure you don't want to tell me?" she asks. "Are you sure there's not anything that I can do to convince you?"

Harry gives her a small smile. "Agent Danvers, I'm afraid this is unprofessional conduct not becoming of…"

Her moist lips engulf Harry's with a very powerful and forceful kiss. Carol hates to wait for something she wants so much and she spent the last six weeks cooped up in an isolated ship for a mission which did not go anywhere substantial. One could almost see how frustrated Carol is. She grabs the side of Harry's face and forces her tongue into his mouth. Harry holds the back of Carol's head and dives himself deeper into her mouth. Carol drags her tongue back and forth inside of him.

The two fall onto the desk. Carol undoes Harry's pants with ease and pulls out his big cock. It's already hardening and Carol pumps it.

"This doesn't look too professional either, Agent Potter," she teases him with a few more pumps. "I guess I'm going to have to convince you to let me on the details."

Carol really does not care about the details. She just enjoys the taste of Harry's cock. Carol's lips open to engulf the tip of the head. She misses the taste and just feels more envious of Alex and
Kara who likely get to taste Harry's cock several times a week while Carol's cooped up on some ship in the vastness of space. Hell, there are times where Carol kisses them and she tastes Harry's semen all over their lips.

A tight grip wraps around the back of Carol's head and works her warm mouth down onto his rod. Carol rises up all the way and shoves her mouth down onto him. She pulls his cock out of her mouth and then licks him from the head all the way down to the base.

"And you're nowhere near close to cracking, are you?" Carol asks him. "Are you?"

She squeezes his balls hard. Harry enjoys the feeling of Carol's strong, but soft, hands working over his balls. Her fingernails rake him slightly and then Carol leaps down to tease the tip of his cock with her mouth and tongue. She swirls it around and brings it back around.

"I'm going to have to bring out the secret weapon," Carol tells him while unzipping her suit. "Two of them actually."

Two large breasts sit firmly on Carol's chest. Carol holds Harry's thick cock up and then runs her finger down it. The suit is unzipped all the way to Carol's navel and Harry wishes she goes a bit further. Regardless though, Carol shoves his cock between her tits and puts Harry into a heavenly grip.

"Mmmm!" Carol breaths. "Love that cock, smashed between my tits. Kara and Alex aren't exactly here yet."

"Well, give Kara a few years," Harry reminds Carol.

Carol smiles and runs her hands down Harry's legs before gripping his balls. The thought of Power Girl's big tits smashing against hers as they make out is very exciting. Carol's warm tongue bathes Harry's head and then pulls out of him before smashing her tits against his throbbing cock one more time.

Harry enters Carol's squeezing cleavage. His balls are about ready to give way. Carol grips the underside of those balls.

"Not yet," Carol says with a wink and releases him. "I think you remember how good it tastes."

Carol undoes her zipper and reveals her wet pussy for Harry. She's not wearing any clothing underneath that tight bodysuit and why would she. Her strong muscular legs spread for Harry and Harry moves between them. He kisses Carol's navel and then moves down to start kissing her.

"Good, eat me out," Carol tells him. "Show me what I've been missing."

Harry shoves his tongue inside of Carol and starts devouring her juices. He goes about as deep as he could, pushing his face into Carol's pelvic region. She eggs Harry on by stroking and tugging on the back of his hair. Harry pulls back and then drives back down.

"Get me nice and wet so your big cock is going to slip in me nicely. That's good! That's very good! Keep licking me! Lick me like it's your fucking job!"

Her nails dig into Harry's scalp. Every lick brings her closer towards the edge. Harry knows this and doubles down his efforts.

Abigail Brand's desk shakes as Carol rocks herself back onto it. It amuses Carol how the reason Harry came here, the sealed files from the DEO, lay forgetting on the floor. She does not care to be
honest. Harry eats her out on her bosses desk and causes Carol to shoot her hips back to cum hard all over Harry's face.

The very second Harry rises up from Carol's pussy, she attacks him. A very long and involved tongue kiss starts between the two of them. Carol's nails scrap against Harry's face when she drives him down onto the desk. Weeks and weeks of perverse sexual lust bubbles over within Carol. She pulls away from Harry and leaves a strand of saliva between their lips before driving back down to kiss Harry one more time.

"You know if Brand walks in now, you're going to have some explaining to do."

A squeeze of Harry's cock brings his attention back to Carol. She strokes his cock hard and positions herself towards the edge. Carol teases herself by bringing Harry's cock head into her opening and brings it out.

"You're just going to have to fuck her brains out so hard she forgets it."

Carol is not ready to fuck herself silly on Harry's cock. She turns around and makes sure her ass pokes out while sliding his cock between his legs.

"Enjoying the view?" she teases him with a wiggle of her ass.

"It's simply marvelous," Harry tells her.

A squeeze of her ass punctuates just how much Harry thinks of Carol's perfect ass. He spanks it and causes a smile to spread over her face. His nails dig into Carol's thick rear and releases her before the point of his cock comes close to teasing her womanhood.

"You want this pussy?" Carol asks him. "Go ahead and take it, baby."

Harry works his hands against her lower back and sinks his cock deep inside of her. Carol takes him inside without any problems. His hard cock enters her warm body as Carol grinds onto him. She puts her hands on the desk and allows Harry to sit up to fuck her from this position. Their legs cross over each other and opens the door for Harry to run down the back of her legs.

Finally, Harry's inside of her and Carol thinks it's not a moment too soon. All of the strength summons from her pussy and closes around Harrys hard rod. He pushes into her one more time.

"I've missed your cock," Carol breaths.

"Well, I've missed your pussy."

Harry's fingers hit a sensitive spot on the back of Carol's leg before driving himself deep into her. His balls slap Carol against the thighs on a constant and repeating loop. He can feel them fill up with Carol working her walls against him. She's about ready to cum and Harry's there to greet her pussy as it does.

Twelve inches of big cock shoves deep into Carol's warm sheath and triggers her into cumming. Both lovers make the desk slide across the floor. Carol's now looking outside of the window into space with Harry repeating his thrusts inside of her.

Those balls just keep getting better and fuller of cum. Harry plants his cock repeatedly on an endless loop into Carol's tightening vice. He pulls out of Carol and shoves himself into her. She stretches over his cock and releases it back with a soft springing effect.
Harry stands on the desk before driving down into Carol when she's on her hands and knees. This position allows Harry to fill her body. He grabs her hair and pulls it slightly. It comes undone from the ponytail and flings into Carol's face. Harry rams her pussy with his cock and pulls all the way out of her.

He fills her up and then makes Carol feel empty. She grabs onto the desk.

"Harder!" Carol yells. "Wreck my pussy! Remind me why you're my man!"

He slams deep into Carol and stretches her warm pussy out. Her tightness snaps around Harry and releases it. Harry is cock harder inside of her snug pussy. He pulls almost all the way out of her and drives deep into Carol with a few more thrusts.

"Good," Harry grunts. "You feel so good."

Those fingers dance against her breasts and drive Carol to the edge of lust. Her tight pussy snugly grabs him and releases him. His cock pushes deep inside of her.

"Getting closer?" Harry pauses and rams himself deep inside of Carol. He pulls almost out of her and then drives into her.

"In a minute," Harry grunts.

"Pull out," Carol tells him. "I want to ride your cock."

Harry consents to her request and pulls out of her. She turns around and mounts the edge of Harry's cock. His thick cock pushes against her lips. Carol descends down with her legs wrapping around him. Harry puts his fingers against her back and guides her down onto him. The heat of her pussy closes down around Harry the second she drives deep down onto him. She fills up on Harry.

"That's a hell of a ride!" Carol yells.

Her large breasts bounce up and down for Harry. Two fingers brush against her nipples, grip them tight, and release them. Carol's marvelous tits bounce up and down. Harry cups them hard and squeezes them. Carol pops his cock out of her and then drops down onto him.

The huge organ squeezes between Carol's wet thighs. She releases him with several hard pumps driving Harry deep and hard inside of her. His balls slap against Carol when he rises up from the desk to meet her. The two join each other together.

Carol bites her lip for a second and then throws her head back. Harry throws himself into her chest and starts sucking her tits. Carol clutches the side of Harry's head and guides his face into her breasts. His big balls keep slapping against her and remind Carol how nothing makes her feel better.

"Hold out for long enough," Carol breaths.

Harry doubles down on his stamina while driving inside of her. He keeps smacking against Carol's firm thighs while driving into her. Their thighs become a blur the deeper and harder Harry rams into her.

Every moment Carol spends connecting to Harry makes her feel really good. His fingers touch the underside of Carol's breasts. He squeezes them and makes them his in every single way. Harry
sucks on her nipple while grabbing her ass. She bounces harder and faster upon the mighty rod underneath her. Carol clamps down onto his cock and releases him with a few very tight pumps.

"Get closer," Harry breaths. "I'm almost there."

"So am I! Think you can hang on for a little bit longer, stud."

Harry's fingers dig against Carol's firm ass and then plants deep inside of her. His cock slides out of her body and then back into her. Every time he connects with her, his balls lurch up just a tiny bit more. Carol releases Harry's cock and then shoves down onto him.

"For you, always."

Their bodies shine with sweat. Harry indulges himself in every single lovely curve of her body. Harry releases Carol from his grip and makes her scream in pleasure. Their bodies meld together on the desk.

Carol rises to her peak and goes into another erotic feeling. Her tightness works his cock over inside of her. Harry works into her and touches the one sweet spot on her leg which sends Carol over the edge.

Her explosive pussy splashes Harry's cock. The deeper Harry goes, the harder he plants inside of her body. His balls ache up as the slick liquids bring him completely inside of her. He goes very deep and pulls out. Harry rams deep inside into her body and then pulls out of her.

"Your turn."

Harry just smiles and keeps driving Carol down onto her. Her wet pussy holds onto Harry and then releases him. Harry's balls keep driving into her and then pulling all the way out of her. He rams into her with his balls swelling. He can't hold out much longer especially in Carol's wet pussy.

The buxom blond bounces higher and buries Harry's face in her tits. She leans in.

"Time for you to cum. I need your cum. You can feel how nice and warm my pussy is. It's going to feel good to cum inside it! Wouldn't you think?"

Harry's cock pumps into her body and releases seed into her body. The wizard keeps planting his seed inside of her body. Each blast of white hot seed fires into her body the second Carol pulls away from him.

The dribbling seed comes out over Abigail Brand's desk. Carol swipes her tongue against the desk and licks it dry. She squeezes Harry's cock and is pleased to see it's not soft.

"Your boss should be coming up at any moment."

"I know," Carol says before planting her lips on the head of his cock and the cycle continues anew.

It's good to be back.

Cornered and Taken (Rebekah Mikaelson)

There's a new blog exclusive chapter featuring Alice from Alice in Wonderland called "Down Another Hole". It can be found on the blog exclusive chapter page linked to profile pages.

Cornered and Taken (Rebekah Mikaelson from the Vampire Diaries)

Rebekah Mikaelson moves carefully to the edge of a grand ballroom. It's a high class mansion where she feels it's just expensive by standing here. She chews on her lower lip. Her blonde ponytail flips elegantly into place and her attractive face shows her natural beauty. The black dress hugs every curve and every contour of her body. Rebekah swings her arms and moves ever so closer to the person she seeks out or rather someone who will know."

"Excuse me?"

A woman wearing a red dress turns towards her. Her dark hair is sleek and elegant. She smiles at Rebekah who feels a bit of a tingle coming down on her.

"You wish to seek the Black King?"

Her mouth hangs open for a second. Rebekah finally finds the ability to formulate sentences after the next few seconds. "How did you know?"

"I know. Women come here seeking him. They seek something that they cannot get from no other men. And they are not disappointed when they are here."

It's all well and good, but Rebekah has questions. "Where can I find him? Sorry, but I need to know."

The mysterious brunette puts a finger on her lips and shushes her for a second. There's something about her which is oddly familiar. Come to think about it, no it can't be, Rebekah refuses to even entertain the thought.

"Child, my sweet child, he will find you."

Rebekah cannot make heads or tails out of these words. The mysterious brunette vanishes as quick as she arrives and leaves Rebekah with more questions than she does answers. And this particular statement makes her lips curl in frustration.

She moves a fraction of an inch forward and notices an elegant balcony. It overlooks a beautiful garden from outside. The fresh air increases her excitement. She moves outside to notice there's not only a garden, but a pool. The scent of the followers outside refreshes her.

"Hello, Rebekah."

A sudden voice breaks her from the thoughts and the sensations. A tall dark-haired man with vibrant green eyes, broad shoulders, and a body which would make many men envious stands before her. He dresses completely in black and Rebekah finds herself face to face with this handsome man.

"You've come to see me. But careful, you might get more than you've bargained for."
"The Black King?" she asks. "You're... you know where she is, don't you?"

"If it's a beautiful woman under my thrall, I have a good idea," he says. "And please, no need to formal when we're about to be on a more intimate basis. By name is Harry."

It clicks in Rebekah's mind. Harry Potter, the famous Tech-Guru, is the Black King. She can't believe her eyes and there's a moment where she struggles to find the right words. Harry's strong arms wrap around her. The scent of the flowers weaken Rebekah's resolve and cause her inhibitions to just melt away.

She's merely doing the things she wants to do if consequences were not in order. Their lips meet together. The moment his lips touch hers, they sizzle her body. There's a sweet taste coming from his lips. Something secretes from his lips and makes Rebekah's knees turn to absolute jelly. She breathes in his mouth and Harry allows her tongue to dance inside. More of this wonderful tastes picks up on her tongue.

Harry scoops her up in his arms and moves her over to the balcony wall. Much like every other woman who meets his gaze and his tongue, she becomes putty in his hands. Giving women enjoyment and satisfaction is a reward beyond all measure for Harry. He holds onto her back and then lightly squeezes her ass which results in a moan coming from her body.

"Harry," Rebekah mewls in his ear. "I want you. So badly."

Her dress comes up to reveal her firm thighs. Harry's fingers dance against her. She's still wearing her tight black dress and now Harry works more of it up her body. A pair of blue satin panties underneath the dress causes Harry to break out into a grin. His fangs reveal themselves very slightly in the smile.

"They're beautiful," she breathes.

Harry smiles and gives her another kiss. He bites the side of her neck which causes Rebekah to shiver underneath the touch. He has a hand between her legs and he starts playing with her wet cunt. Harry pulls back from her and allows her to start breathing with burning lust.

Her pussy aches and wants something. Rebekah's lips curl into a dirty grin. Her eyes flash with a stare of lust, the only thought is pleasing her king and making sure that her lips are around this big cock. Harry's throbbing hard cock sticks out for Rebekah to slide her hand around and squeeze it.

"I know what you want. So why don't you pay tribute? Worship your new king."

Rebekah drops down to the ground and wraps her mouth around his big cock. Harry holds the back of her head and shoves about as much cock as possible down into her throat cavity. Rebekah's mouth surrounds his cock. She slurps on his manhood the further Harry drives himself deep inside of her mouth and throat.

"Mmm!" she moans for him.

"It's yours to take as you wish," Harry says. "For tonight, you can suck and fuck my cock in any way you desire my new pet."

She tingles once more at Harry's cock working down her throat. Rebekah seals her lips around Harry's big cock and releases it. Harry clutches tight and drives his cock into her mouth. She likes it, likes how twelve inches strike the back of her throat and fill her mouth up.

Rebekah holds his cock deep into her throat cavity. Harry repeatedly shoves twelve inches of meat
down her throat on a repeated movement. He pulls almost out of her and rubs her lips before slamming inside of her tight throat.

"Good girl. You deserve a reward."

She squeezes Harry's balls and they are so big and swollen. Rebekah brushes her fingers against Harry's balls and kept sucking him hard. Harry fills her mouth up with so much cock it almost stretches Rebekah's throat. He pulls almost out of her and then drives into her throat.

The final few pushes causes Harry's balls to twitch and then to shoot the cum down into her throat. Harry splatters her throat full of so much cum it causes her to choke on it.

Harry paints Rebekah's beautiful face with a couple more blasts of semen. His cum drips down her face, her cheeks, and her warm lips.

Once Harry's done, Rebekah rises to her feet, hand grabbing his cock and balls. She turns around and slowly pulls down her panties. Rebekah puts her hands on the railing overlooking the garden. Her thighs spread to show Harry what she wants.

She's far from the first girl who trusts Harry enough to fuck her over the railing of the balcony. Harry decides to toy with Rebekah and her body. He moves over and kisses the back of her neck. This causes the vixen's toes to curl the further Harry works his hand down her front. Rebekah holds in her breath and lets out a deep moan. Harry holds himself against her back and prepares her for the next step of their fun.

"I'm ready."

Harry teases her dripping slit for a couple of minutes. He relines his hardening cock against Rebekah's wet pussy. Harry rotates his cock head against her which caused to grasp the railing and let out a moan. Harry slips her dress down to open up her chest to be grabbed. And this only excites her even more.

"There's only a bit inside you. Just make you think when the entire thing is inside of you."

Rebekah's pussy aches and she wants Harry inside of her. His fingers brush against her and lights her up. A nibble on her neck leaves a lasting mark which excites Rebekah. His rotating cock rolls against her womanhood and threatens to enter her all of the way.

Finally, Harry has her ready and willing to go. He slides twelve inches of large cock inside of her slick canal and pulls almost all the way out before slamming himself into her body. The tightness of her pussy wrapping around her feels as good the first time as it does the second time.

Rebekah's legs wobble. Harry holds onto her and pushes her against the balcony. The potential of her being fucked all the way to her grisly demise causes Rebekah to explode. His fingers grab her tightly and squeezes her tight butt to gain moment before driving his cock inside of her.

"Succumb. You know this is your destiny to be filled by my cock. You can't live without the pleasure. You've never felt so good."

Rebekah cannot lie. She's never felt this good and fulfilled. His cock keeps pounding away at her. He fills up her pussy completely and then slides out most of the way. The moment the empty feeling truly hits her, Harry slides back into Rebekah.

She clutches Harry very hard to prevent the loss from happening on a constant basis. Harry puts his hands on her lower back and continues to drive inside of her.
"You just let it go. You feel your release. You know how good it feels. You know what no matter what you can't help, and feel so good."

Rebekah's not going to lie she's never thought anything in her life would ever feel this good. She wraps her warm cunt around Harry and gives him a squeeze. She flushes over with the railing slightly wobbling from the force. Harry holds onto her to prevent her sliding.

Her toes slide over the edge and Harry pulls her back before slamming her against the railing. She holds on for dear life the deeper that Harry fucks her.

"It's the ultimate thrill. The ultimate release, the thrill that every single thrust is going to bring you just closer to your edge. Your final edge."

Rebekah's orgasm edges up from the depths Harry goes inside of her. She never thinks anything will feel so good. Harry's balls strike her thigh and leave bruises all over it. It just shows how full he is.

"It's great!" she moans.

He knows how to touch all of her buttons and hit all of the right spots. Not to mention his face shoves against her neck and nibbles down on it. He tastes the sweat rolling down on it. Harry's hands cup underneath of her. He tugs on Rebekah's nipples and squeeze it.

"The human body has a countless enough of points to cause both pain and pleasure depending on where you hit them. And how often you hit them."

A finger digging into her lower back causes Rebekah's pussy to become a pump. She contracts and squeezes his cock. A single lock of her hair flips and lands down to touch her cheek. It sends tremors down her body. The deeper Harry plants his cock into her body the more pleasure points he touches.

Harry pulls out of her and Rebekah almost falls over the railing. Harry catches her at the last minute, spins her around, and makes sure they face side by side.

"Exciting, isn't it?"

She nods with Harry holding his swollen head against her. Rebekah arches herself back against the rail her legs snaking up to him. Her pussy calls out for Harry.

Harry attacks Rebekah. A lick behind her ear starts the fire. Her body becomes just one constant hot spot for pleasure. Harry's dangling his cock and brushing it against her belly button which causes her hips to jolt up. His cock moves around and smacks her in the clit which causes her to dig her nails into his back.

"Fill me," Rebekah breaths. "I'm so wet!"

"I know you are. I could smell your arousal from across town. That's how horny you are."

Rebekah takes his word for it about as easily as taking his cock inside of her. Twelve inches plant their way deep inside of her clutching pussy. Harry holds onto her lower back and drives his big cock into her body. He holds onto her and rolls his hips in a constant state. He pulls pretty much all the way out of her and drives his big cock inside of her tight hole.

Harry fills up his newest lover with his cock. Her body contorts and the fact she hangs onto him like he's her lifeline only makes him feel good. Her beautiful neck rolls back and Harry attacks it
with a fury. Rebekah digs her nails against Harry's back and encourages him.

"Fuck me like an animal."

"You are one in the sack."

"Mmm hmm!"

Rebekah grinds her nails against him when the two fuck each other hard. Harry wins the battle of wills and domination. The Black King takes his newest concubine hard and continues the mating process. Rebekah hurls her hips up and meets him.

Every touch, every thrust, every flicker, every bit of contact, sends Rebekah spiraling into an erotic zone. She plants her hips up to his body the further Harry drives deep inside of her. He keeps ramming her.

Had she not been so out of it, Rebekah would realize she's floating in mid-air and Harry rams his cock into her. There's no longer a railing where it once been. Her legs snake around Harry and squeezes his cock tight with her cunt.

A sexy blonde vampire wrapping her legs around Harry's waist, tightening her pussy around his cock, and moaning in his ear is what it should have been. Rebekah's nails clutch Harry's bicep and make Harry's big cock push into her body. Their hips roll together the deeper Harry jams inside of her tight pussy. Harry pulls completely out of her and then drives inside of her.

"Harry! Harry!"

She chants her master's given name as he fucks her. Rebekah's body turns and twists in mid-air with Harry giving her the fill of cock.

"We're getting closer."

Soon the cycle will close and Rebekah will have everything she needs. She forgets the reason she sought out the Black King in the first place. All she wants his cock and his powerful seed baptizing her womb, claiming her forever.

"I need you," she breaths. "Don't pull out until you're done. Please."

"Please helps."

Harry drives himself into her tight pussy and makes the sheath in question clamp down onto his throbbing rod. He pulls almost all the way out of her and drives into her. His balls release their seed into her.

Rebekah holds her hands onto his lower back and takes his cock inside of her. His rope of semen splashing her inside grows her addiction towards him. His hands grabbing her back leave their mark on her. They meet each other with their juices intermingling.

The sweet sensation of release follows the moment Harry drives his cock all the way inside of her. Rebekah throws her hips up to him and squeeze his cock until Harry finishes spilling inside of her. She moans in his ear and clings onto him until she has her fill of Harry.

They descend down to the couch overlooking the balcony. Rebekah cannot remember if it's there before. Does it really matter? All she feels the need to do is snuggle against her new king until he wants to take her again.
And she hopes he does.

'And another one,' a voice comments.

'Indeed, my dear Katherine.'

End.

Worshiping Their Idol(Sam, Alex, and Clover)

Worshipping Their Idol(Alex, Sam, and Clover from Totally Spies)

Many times during the past, Harry never has any shortage of beautiful women at his feet or rather at his crotch. And today, Harry has three of them join them. They wear pretty much nothing. It is amazing how these situations happen with regularity. Harry rolls with it most of the time and enjoys the feeling of their eager tongues, hands, and mouths worshipping him.

The brilliant blonde spy, Clover, rolls her tongue down the head of his cock to attempt to worship her idol. She takes Harry deep into her mouth and sucks him hard. One of her teammates and friends, a delicious brown-skinned brunette named Alex, licks the length of his huge cock. And the third of the lovely young spies, Sam, a sultry redhead, takes Harry's balls into her mouth and gives them a tongue lashing.

"Team work is perfect to achieve your goals," Harry tells them.

Clover pops Harry's cock into her mouth and shows him how much she wants to accomplish with her team work. Sam and Alex work over his balls, taking one in each of their lovely mouths. The trio working him over sends a rush towards Harry's balls. He grabs the back of Clover's head and guides her down his cock. She gasps the deeper Harry pushes.

"I think I can handle him better," Alex tells her.

Clover pulls away and gives her friend one of those side glances as if to tell her to prove it. The seductive spy jumps in and wraps her warm lips around the head of Harry's cock and further works him down into her mouth. Her hand clutches Harry's balls and releases them.

"Your mouth is pretty warm," Harry groans. "Work that cock, Alexandra. Work it like it's your job."

She obeys his words, with Sam and Clover getting on either of Harry to lavish his body with warm, hungry kisses. They take turns sucking the back of his neck and then dive deep down to kiss him on the mouth several times. They feel up Harry's muscular chest and squeeze his biceps.

Alex works more of Harry's pole into her mouth. She grows a bit tense as his length really pushes her mouth to the limits. Wanting a taste of the greatest spy that ever lived puts her.

"Oooh!" Sam moans.

Harry slides a finger into her tight cunt and makes her whip her head. Clover receives a nice fingering as well. Both girls lean in to suck on Harry's nipples while he works their pussies. He adds a second finger to each and drives them completely nuts. Their tight pussies grip Harry's fingers.

"If you're getting tired," Harry breathes.

Alex in no way wants to slow down. She takes him deep and hard into her mouth. Her warm mouth releases her prey and then comes back around. More popping around Harry's cock makes it rise and be ready for her. Alex pulls away and then drags her tongue from the head all the way down to the base.
Waves of pleasure rip through Sam's body. Harry leans back to kiss her on the neck and suck the flesh before pulling back to do the same thing to Clover. His skilled fingers, the same fingers which turn many women to jelly, get sisters to turn on brothers, mothers to turn on sons, wives to turn on husbands, employees to turn on employers, brings Sam this much closer to the edge. Harry rockets her off and pulls his fingers out.

Clover's head snaps back and she tastes Sam's pussy form Harry's fingers. She gives a loud "mmm."

Alex redoubles her efforts to get Harry to cum and starts squeezing and milking his balls with increased desperation. Her mouth grows tired, and yet she persists in sucking his cock.

He finishes Clover off and feeds her pussy juices to Sam. She registers her obvious delight with a smile on his face. After Harry gives her the opportunity to feast on her friend's pussy juices, Harry turns his attention to Alex. Both of his hands place on the back of her head.

"You've done good work. That deserves a reward."

Alex doubles her efforts and keeps squeezing his balls. The hunger only builds through her body the further her mouth slides down and releases Harry's mighty cock. She forms an air tight seal around it. Harry works the inside of her mouth and then pulls completely out of her before shoving more of his length inside of her mouth. Alex snaps her mouth back and slurps Harry's head around the edge before he rams it into her mouth nice and tight.

The rush of cum to follow splatters Alex's mouth full of the seed. She tries to keep it in. Harry pushes deep into her and pulls almost all the way out, allowing some of the cum to spill onto her chin and dribble down into her chest.

Sam crawls forward, eager to please, and grabs Harry's cock before squeezing it. She tongues Harry's massive prick and it rises to touch her lips. Harry holds the back of her head and allows her to tongue it.

Clover moves over and grabs Alex by the face. Alex jumps up until Clover guides her down and shoves her tongue inside of Alex's mouth. The two girls kiss each other with lust burning through their buddies. Alex holds Clover down onto the bed with a nice leg sweep.

"You're so big," Sam breaths. "I need you right now."

"You wouldn't be the first," Harry tells her.

Sam decides to turn around and mount Harry's lap so she can face the sinful display her two friends are getting into. Her body heats up with primal lust entering her from the top of her head all the way down to the tips of her toes. Sam pushes her warm lips over Harry's head and comes an inch away from dropping down onto him. Harry wraps around her waist and the first few inches of his cock.

"Just relax and let it slide in."

A kiss on the back of her neck and ear makes Sam's descent a little bit easier. Harry kisses her body and runs down, rubbing his fingers over her nipples. The first few inches of his length sliding inside of her wet pussy makes Sam feel like she's playing with fire.

Alex throws her head back and watches Sam rising and falling. The look on her face causes a tingle to spread through Alex's body.
"Clover, that's...that's not fair!" Alex yells.

Clover rubs her clit and causes the right amount of pressure to build in her loins. She slides a finger deep inside of Alex and causes her thighs to clamp down around her wet pussy.

Sam's entire body rises with warmth and drops down onto Harry's big cock. She holds on and then pushes Harry deep inside of her body. Harry fills her completely and makes her feel so good. The fact his hands cup her ass and then move over to touch all over her body.

Sweet scents fill the air as Harry guides his young lover to a very pleasurable orgasm. He tries not to make it happen too fast. He wants Sam and the other girls when he gets to them to feel it. He grinds himself against her entrance after slipping out. Seconds later, Harry's back in. And deep inside of her.

Sam's fingers curl against Harry's strong bicep. She keeps rising and falling on him. Her wet pussy clamps down onto Harry and releases him. The warm and lovely milking motion brought forth by her brings Sam closer to her orgasm.

Alex throws her hips off of the bed and moans. Clover munches on her pussy and drives her completely over the edge. Her words fade out to loud moans.

"Harry, Harry, so good!"

"Clover!" Alex moans.

Clover laps up the juices from her partner. Her sexy pussy shines brightly. Clover understands a duty to get Alex nice and wet, ready for Harry to take his big cock and slide it inside of her. The pleasure only builds up inside of Alex on the bed when she throws her hips completely up.

"Good, cum for me," Harry tells her. "Go ahead, Samantha, just let yourself relax. Let yourself be free. You'll be more relaxed. You love how I'm touching you, don't you?"

"Mmm, hmm," Sam manages to let out with moans only increasing.

Harry holds his hands around her waist and shoves about as much cock into her as possible. Sam's tight pussy engorges on Harry's meaty prick the deeper he pushes inside of her. Harry slides into her and pleasures her young body.

"It feels sooo good!" Sam moans. "I can't help...oooh!

She moans even louder the deeper Harry pushes into her. The sounds of her two partners indulging in each other makes Sam rise up and down onto him. He pushes his balls against her entrance and she sees how full them are. She cums, hard and stretches her wet pussy around his cock.

Clover forcefully fingers Alex and drives her completely to a fit of pleasure. She kisses Alex's juicy nipples and moves down her stomach to lick the arousal. They two lustfully indulge in each other. Sam making a lot of lovely noises behind them only prompts them to go that much faster.

Harry drills Sam's tight pussy and pulls almost all the way out. She closes down onto him and milks his pole.

"This is your last chance to let me pull out," Harry tells her.

"No, I need...you," Sam breathes.
Her body tingles the further Harry drives into her body. This was like all of her wet dreams coming true, only in the real world. Harry's fingers push against Sam's nipples and release her in a lustful explosion. She keeps driving down onto him.

Everything reaches its end point some time and Harry's end point comes pretty fast. His thick rod pushes deep inside of Sam's tightening pussy and then pulls almost all the way out of it. It drives into her one more time and sends the rush of cum firing into her. Harry holds around her waist and sinks his massive cock with repeating thrusts inside of her.

"Harry, oh, Harry!" Sam yells at the top of her lungs.

It's so good to feel her pussy fill up with cum. The insides of her walls receive a blast of warm seed and drive her completely over the edge. Sam lurches forward until Harry brings her back in and slams his hard cock into her. He finishes the job before letting her go.

Sam collapsing on the bed with Harry's cum spilling between her thighs is like the dinner bell ringing for Clover. She rushes over and dives between Sam's legs to start eating her put. Sam's body shakes and she puts her hands on the back of Clover's head. Not to push her away, no to continue this encouragement of debauched behavior.

"Harry."

Alex's seductive gaze shooting over her shoulder and ass sticking up in the air makes Harry go over. She rises up on her hands and knees. Harry stands over and leans down to touch her body. A handful of juicy tits makes the young spy squirm underneath Harry's grip.

"I'm horny," Alex breaths. "You know what to do, mmm?"

"Well, I could tell you or I could show you."

Harry performs a great deal of sinful magic with his fingers. Alex pushes her thighs apart and releases them. A finger drives deep inside of her and then pushes out. She's ready and wet for his cock. Harry lines himself up and shoves himself deep inside of Alex.

"YOU'RE SO BIG!" Alex moans.

"And you're so tight," Harry tells her. "Perfect match."

Alex has no room for argument and she only has just enough room to fit his cock inside of her. Every single inch of Harry touches Alex's walls while working inside of her. He pushes and then pulls out. Harry buries about as much of his cock deep inside of her warm pussy as he can manage.

"Yes, yes!" Alex breaths with hunger dancing in her eyes. "Take me, and make me yours! Please!"

He rolls his fingers up over her body and takes her on a never-ending thrill ride. Harry pulls almost out and then shoves his hard cock into her closing snatch. Harry pulls completely out of her and drives his big cock inside of her body one more time. It sends tremors down her.

Sam rolls her hips up to meet Clover's mouth. The suction like effect makes her aching pussy sing with pleasure and lust. Sam slides her fingers against the back of her head and makes Clover really drive in deeper.

Clover enjoys the taste of Sam's pussy. Her hand also slides behind her and finger fucks herself. A second set of fingers push the first of her.
The double effect of Harry burying himself balls deep in Alex's pussy while Alex being finger deep into Clover's drives everyone to a new height, and the thought for pleasure only doubles because of one simple fact. Clover is also tongue deep in Sam's tasty twat as well.

"All three of you are going to cum for me."

Not a question, rather Harry gives the statement as a matter of fact. He pulls almost out of Alex and shoves himself into her. His hard cock rams deep into her wet pussy.

All three girls cum from the stimulation they receive. Also, it becomes obvious why Harry's so successful. He's able to get into their heads and pleasure them on a deeper level.

Harry smells the arousal through the air and keeps holding onto Alex. Her nipples shake and Harry takes control of them. He pulls almost away from Alex and buries his big cock into her closing pussy. Harry rolls his hands over Alex's body and then back inside of her.

"Go ahead. One more time. Cum for me."

The release coats Harry's rod the further he shoves into Alex. He slaps her thighs with his big balls and gets a visual reaction.

"Harry!" Alex breaths. "How can anything feels so good?"

"Because, I know what girls like you want and need."

Harry drags his fingers down Alex's nipples and drives his big cock inside of her. Alex is now licking Clover just as fluidly as Clover licks Sam. Sam's audible moans push Harry on and cause him to drive into Alex.

He gets ever so closer with each tick of the clock and each push into Alex. He runs his hands over the body of the sensual girl. Her moans are like sheer music for Harry the deeper he drives into her.

Alex's entire roller coaster ride comes up to a new height and crashes her down on the rocks. More pleasure than she can handle rocks her body. Harry pulls almost all the way out of her and slams his big cock into her tightening vice. He pulls out almost completely and does it again. He enters a loop of pulling out, rubbing his cock against her, and driving himself deep inside of her.

"One more time," Harry tells her.

The dark-skinned beauty throws her head back the further Harry drives into her. Alex sticks with Harry every single moment he drives into her. She almost collapses onto the bed. Harry pulls her hair back and hammers her hard from behind.

He strains to hold back and to ride her latest orgasm to his own. Alex clenches Harry hard. Harry pushes into her and buries himself deep into the snug twat of the woman. He pulls almost all the way out and buries more of himself inside of her.

"I know you want this," Harry groans. "Time for you to lose it one more time. And then you're going to get your reward."

Alex longs for it. He pulls almost out of her and stuffs his mighty staff into her clenching pussy. Alex closes her nails onto the bed and allows Harry to pull out before she sucks him into her. His balls come close to releasing their payload inside of Harry.
One final push and Harry loses his cum inside of her. Repeating thrusts splash the essence into Alex's waiting pussy. Harry spends a few more moments indulging in her delightful curves. He gives her ass a spank and Alex throws her head back to moan in lust.

Clover pulls away from Sam just as Harry pulls out of Alex. Clover moves over and shoves her chest in Harry's face. Harry grabs her and squeezes her chest. Her eyes heavily lid over and the moan increases. Harry tugs on her nipples and makes her moan even more. His stiff cock pokes out and hits her in the thigh.

"You're hard again?" Clover asks. "You're like the freaking Energizer bunny, I swear."

"Well," Harry tells her with a smile and pulls Clover in close. "This wouldn't be the first time one of my lovers compare me to a rabbit."

The two lovers move closer together and Clover mounts Harry. His cock brushes against her opening and Harry eases her in to lower her warm pussy over the tip of his cock head. Clover bites down on her lip and works his stiff prick inside of her.

Clover thinks both Sam and Alex were right because of their cries of pleasure. This big organ fills her completely up. Golden hair frames the beautiful face and drives her down onto him. She pushes down onto his pelvis with her fingers grabbing his torso. Clover slides up and brings herself down.

She takes his cock deep into her. The warmth surrounds Harry's big cock and then releases it. Harry cups her tits and then releases them. Clover wiggles down onto him and takes more cock into her tightening pussy. She rises up and drops all the way down for Harry to fill Clover completely up.

Now, she's really getting into it and more importantly getting a full dose of Harry's cock. Clover rises up and drops down onto him. Harry grabs onto Clover and works her warm pussy down onto him. Clover tingles and then drops all the way down into her.

"Fuck! Fuck me!" Clover yells. "I want that big cock inside me!"

The sorcerer pushes deep into her wet pussy and then pulls out of her. Harry's balls slap against her. Harry touches her all over and causes her to moan. Harry pulls his fingers against her nipples and releases them from his grip. Clover tightens around him and releases him.

Harry grabs her and shoves more of her pussy down onto her. The two of them keep joining each other. Clover bounces up and down on Harry, each time showing sparks of energy. Her bouncing body drives down onto Harry's big cock and works him deep inside of her.

Clover keeps rising and drops even harder with each push of Harry's cock inside of her warm body. The snug core clamps down onto Harry and releases him. Harry rocks his cock inside of her tight pussy and pulls out of her. Clover greedily drops herself down onto his cock.

"HARRY!" she yells.

Harry grabs onto her chest and tempts her. She keeps rising and dropping at a rapid rate. Her body sizes up. Harry pulls her down and have their bodies press together. Harry runs his hands over her body and she does the same thing with his. Clover worships Harry's body and takes him inside of her. Each push, each drop, it drives her completely insane.

She cums hard around Harry's rod. Harry rolls her over. Clover wraps her legs around his ass and encourages him to drive his meaty spear into her. Harry pushes deep into her and engulfs the body of his lover. Harry pulls almost out of her and slams his throbbing cock into her wet canal. Harry
pulls out and then drives into her. Clover clamps down onto Harry and holds onto him.

Harry's all over her body. The other two girls stir back to life right next to him. Clover clutches Harry tightly and allows his throbbing rod to penetrate her to the never-ending depths. Harry rolls his fingers over her leg and drives deep into her body.

"Go ahead, and let it go."

Harry guides Clover to a roller coaster ride. Fingers grind over her large flesh bags and prompt her to cum harder than ever before. Clover rises up almost all the way out of the bed and then crashes down onto it. Harry's all over her body and making her work for her next orgasm. And she loves it, the feeling of Harry driving deep inside of her.

She cums and Harry plants his cock into her tightening pussy. She releases him and then Harry's back into her. Her snug walls and delicious body beckon Harry on. Sweat coats Clover's body. Her moans indicate she wants even more.

Two huge balls marking her thighs makes Clover rise up. She digs her nails into Harry's back. Cock rises up and drops down into her. Harry has a big cock and more importantly knows how to use it. Harry works his cock against her opening and then pulls almost all the way out of her. His fingers dance against her nipples and pull out of her almost completely before dropping down onto her.

Clover's body rises up with pleasure. Harry feels it and also takes a moment to skim the thighs of Alex and Sam while the two women lay side by side, waiting for their turn to occur.

Harry pushes his cock into Clover. She squeals in his ear and Harry pulls away from him.

"Oh, you stud, please, keep doing that."

He keeps running his cock into Clover all night long. Her wet snatch wraps and tightens around Harry. He pulls away and pushes into her. He feasts on Clover's ample chest and drives her completely to the edge.

Clover's body heats up with increasing desire. Harry's balls keep working their way to the edge. It's only a matter of time before Harry finishes off inside of her.

Time passes, and several orgasms before Harry explodes. He shoots his seed inside of Clover's opening pussy and pulls completely out of her. Harry drives his cock into her several times and finishes up. The sweet sensation of release fills Clover's body up. Their loins connect together and it feels so good for Harry to finally finish.

Harry pulls out of her just seconds before Sam and Alex start to tag team his cock. His massive manhood rises up for more as their eager young mouths lavish worship on their hero.

'Good thing I cleared my schedule.'

Thanks for all of the favorites, follows, views, comments, and kudos and I will see you on Tuesday for the next chapter.
A shiver runs down Fleur's spine in turn with the finger running down her spine. She wears nothing other than a transparent blue bra, a skimpy blue thong, and stockings along with a garter belt to match. Her hands now latch behind her head as the figure behind her keeps working her over. She cannot see anything due to being magically blindfolded, but this just amplifies the other sensations.

"Not bad for a leetle boy, eh?"

Harry will tease her about that until the day she dies, Fleur feels. And given Veela, even those who just are part Veela, live for a long time, she will live for a long time. She feels Harry's cock dancing against her opening, wet and willing to receive him. Harry leans in and kisses the side of Fleur's neck.

A couple of tiny sucks on Fleur's neck brings her moans of pleasure. Harry rolls his palms down to clutch the underside of her breasts and release them with more fluid squeezes. Every single inch of Fleur's delicious body is here for him to play with. Her ass sticks out in the air and Harry gropes it tight. She responds in a very favorable way to that. Harry moves over and unclips her bra.

The cool air hitting Fleur's breasts result in her nipples standing up completely. Harry pushes his fingers against her nipple and gives it a very firm squeeze. His cock slides against her.

Veela always zero in on the most strong mate they can find. Fleur's happy to have found Harry before the others could sink their teeth in. There's just something about his Aura which is strong and overpowering. She understands how most mortal men and many women feel around her. How they are overwhelmed, and how she becomes putty in her hands.

His gripping on her breasts makes her.

"See, I have power over you. The mighty Veela reduced to a whimpering kitten."

"My love!" Fleur purrs in delight. "You know you want to take this big cock and ram it into my tight pussy."

"I do," Harry says. "And I'll do it in due time."

Harry notices Fleur attempting to use a small bit of her allure to drive Harry under. He admires her cheek which is why he spanks Fleur's tight ass. She shakes her ass and Harry takes the invitation by swatting it again. Her warm asscheeks stick out and they are ready for Harry to have some fun.

"You want my nice big cock inside you. You want me to fuck you so hard you don't remember your own mother's name anymore, do you?"

"YES!"

Harry taunts her and makes sure to travel around her body. Fleur's large breasts pop out for Harry to mold in his hands. They respond to his squeezing before Harry lines up his cock with her.

Enough teasing because Harry's rock throbs. He slides inside of Fleur and pushes himself inside of
her warm snug center. Harry holds onto her breasts and rolls his thumbs against her stiffening nipples. Harry holds himself back and drives himself deep into Fleur.

He goes balls deep into Fleur. Harry licking the back of her neck causes an explosion of lust to come all over her.

"You know I like that!"

"I know how to push all of your buttons."

Harry slides his nail down to her belly button and then turns his finger ever so slightly. Fleur closes ranks around him at the hyper stimulation of her sensitive navel. Harry pushes forward and takes in the sweet scent of Fleur’s hair. It seems like the most exotic flower able to draw Harry into her.

Fleur rocks herself back on the bed. She's now on her knees completely with Harry pushing into her back. He drives his cock inside of her warm body and pulls completely out of her. His cock tip brushes against her entrance and he teases going into her.

A double-handed grab on the back of Fleur's head forces her down onto the bed. She smashes face-first into the pillow and Harry drives his cock inside of her body. He works away at her never once breaking his momentum. He knows that he has Fleur right where he wants her. Her tight pussy grabs him.

Harry holds onto Fleur and shoves inside of her body.

A second passes and Harry looks over his shoulder. He notices his mother, Lily, standing at the doorway. She grins and puts a finger to her lips. Lily drops her robe to reveal a black corset, thong, and stockings which make her look dead sexy. Her green eyes shine with mischief as a strap-on cock swings from her pelvis.

Harry knows what his mother wants to do and he is going to endeavor to give her that, right after he gives Fleur an orgasm. He holds onto Fleur and shoves inside of her body.

A second passes and Harry looks over his shoulder. He notices his mother, Lily, standing at the doorway. She grins and puts a finger to her lips. Lily drops her robe to reveal a black corset, thong, and stockings which make her look dead sexy. Her green eyes shine with mischief as a strap-on cock swings from her pelvis.

Fleur's entire body heats up and then drops down to another level. Harry plants his cock inside of her. Each thrust sends ripples through Fleur's body and sends her to a nice orgasm which drives her completely into a mindless step.

Sticky honey coats around Harry's cock. He performs a charm which gives Fleur the sensation of his cock still being inside before discreetly pulling out.

Lily grabs Harry's huge prick in her hand and leans down. The temptress drags her tongue from the tip of Harry's cock all the way down to the base and swirls around. She pops the cock into her mouth.

Harry grits his teeth to avoid alerting Fleur to Lily's presence. It's hard due to Lily cleaning his cock with her talented tongue and mouth.

Once done, Lily pulls Harry's cock out and plants her lips onto it. She then moves over and lines up her own cock with Fleur's wet opening. She slides deep inside of her.

"HARRY!"

Lily does not correct Fleur right away. She slowly maneuvers her hands down to touch Fleur's waist and move up to grope her breasts roughly.

It takes Fleur several seconds to come to the conclusion that the hands cupping and squeezing her tits are more soft and feminine than her husband's. A small amount of hair tickles the back of her
neck while the figure leans in.

"Hello, honey."

"Mrs. Potter!" she yelps.

Lily gropes her tits and causes her to cum like she's never cum before. Fleur goes over the edge and Lily shows the girl how she knows how to push all of her buttons just as well as Harry can.

"No need to be so formal. Call me, Lily. I think we know each other well enough for you to have that right."

The talented older witch causes Fleur to clench hard around her. The deeper Lily slides into Fleur, the more she moans loudly. It's an amazing feeling with Fleur feeling every touch from Lily. It shows that good fucking comes naturally in the family.

"I figure that since you're part of the family, I should get a chance to experience what my son raves about. And to be honest, you're all of what I expected."

Harry follows the progress of his mother dominating his wife and driving her down onto the bed. Lily spears Fleur's tight center and makes her moan. Lily grabs Fleur's long hair and tugs on it before roughly fucking her. This causes Harry's big cock to throb and harden.

Lily smiles and points at Fleur's mouth. Her lips open up in a wide "O" and Harry imagines his cock sliding in it. There's no need to imagine it though. He walks over and aims his cock near Fleur's perfect mouth. The heat draws her in.

Even if she's blindfolded, Fleur can still feel Harry's cock edging towards her mouth. Her hands only snap undone so she can grab onto Harry's lower back and guide his cock into perfect position. Harry holds the back of her hair and plunges his big cock.

"Suck my son's cock like it's your job," Lily says. "Who needs a Knockturn alley whore when you have a Veela bitch who is born to suck cock?"

Those fingers roam their way all over Fleur and cause her to explode into a never ending rush of pleasure. She cannot help and think that she does not want the pleasure to end. Lily gives her so much.

A sneaky little charm causes Fleur's orgasms to become more intense. Every time she climaxes it becomes a little bit more vibrant. Lily shoves herself into Fleur and pulls all the way out of her to ride her clenching pussy.

"Fleur, I'm going to cum in your mouth," Harry says.

"You better swallow my son's cum or you won't be getting any dinner tonight," Lily tells her.

Lily's skilled hands make Fleur's submission even that more likely. She could not fed off either of them due to their power. Both of them at the same time, and Fleur just decides to sit back and enjoy being fucked. Harry's huge cock drives down her throat.

"She's a deep-throat goddess, Mum," Harry groans.

"I'm sure she is. I bet when she was being a sassy bitch to you, you dragged her into the corridor, forced her down to her knees, and shoved that cock into that tight little hot mouth of hers. And she sucked it like it was her job."
Lily squeezes Fleur's breasts so hard that milk begins to squirt out.

"Didn't he, Princess?"

Fleur recalls how Harry took her and it started just as much as Lily did. Their pheromones together resulted in some incredible sex. They drew many other women in their bed, from witches to vampires to aliens to Amazons and everything else in between them.

Harry face-fucks his lovely wife. His huge cock shoves down her throat with constant thrusts. His balls grow heavy and Fleur takes one of her hands to squeeze them.

"They're so big, aren't they?"

Lily spears Fleur's tight cunt and pulls almost all the way out of her. Her hands now stroke Fleur's body and makes it heat up. She enters a mind shattering orgasm from Lily working her over.

The sight of his mother molesting his wife makes Harry's huge balls throb. Fleur milking them at the same time along with her very succulent lips sucking on his big prick eases Harry ever so closer to an orgasm. He clutches the back of her hair and rams his throat as hard as he potentially can. Harry pulls out of her mouth and rams himself into her mouth to send his cum firing into her.

Fleur cums at least three times from Lily's efforts. Her eyes glaze over, and yet she still appreciates Harry driving his cock into her mouth. The taste of his magically potent seed fires up her arousal.

Lily rides out Fleur's orgasm and then pulls out of her. Harry pulls away from Fleur and Lily rolls the panting Veela over onto the bed. The blindfold flings off so she can see what they are doing. Both Harry and Lily dive into Fleur's breasts and start sucking on them. They drink the milk lactating from Fleur's nipples from her arousal.

"The best thing about Veela is that you'd never go hungry," Lily concludes. "Oh, poor baby. Your cock is so hard and swollen."

Sure enough Harry's cock rises up and Lily wraps her hand around it. It springs back. Lily extends it up and then pulls her thong down to reveal her dripping shaved pussy.

"Don't worry. Mummy will take care of it."

Lily mounts onto Harry's cock. Harry wraps his arms around his mother's beautiful body. Lily presses against him and rubs her warm pussy lips down across his cock. Harry groans and can feel every inch of his body.

"Mum, you're so fucking hot," Harry says.

"I know," Lily tells him with a couple of nipples. "Remember when you had your first naughty dream? How your cock was nice and swollen, and how I came in here and made it feel all better."

"Yes," Harry groans.

Lily shifts herself against Harry's big cock. Her wet pussy grinds against him. Harry takes control and drives his cock into Lily's pussy.

"Such a big boy you are!" Lily moans in Harry's ear. "I guess you are a motherfucker, aren't you, Harry?"

Harry wraps his hands around his mother's firm ass and squeezes it. She bounces down onto his
cock and slides her wet pussy against him.

Fleur shudders in a deep breath. There are times where she wonders what kind of family she married into, but it is pretty hot. And it's not like Veela should throw any stones going down the incest train.

"Fuck!" Fleur moans.

Lily grabs Harry's cock and releases it. Her pussy remains tight after her children and she bounces up and down on Harry's big cock to take it inside. The warm and snug cavern grabs onto Harry. Lily holds onto her son as he moves in to pull down her corset top and expose Lily's gigantic breasts.

They are large and round, and ready for Harry to attack. He pushes his face into the ample tit flesh and causes Lily to cry out in delight.

"You're making me cum!"

Harry decides to do his duty as a son and keep his mother cumming and cumming hard. He returns the place where he came from. There's no place like home.

Lily grabs onto her son's shoulder and pushes herself down onto his cock. Warm and wet thighs clasp together. She can feel his balls swelling underneath her body. Lily clutches onto Harry and moans the deeper she rides his body. His face is now in his chest.

"Go ahead, Harry. Knock your mother up in front of your wife!"

Fleur's pussy clenches against her fingers at the thought of Harry creating a taboo child right in front of her. She drives her fingers inside of her cunt and then pulls out. The honey bubbling over her from this forbidden encounter increases the lust Fleur feels.

Mother and son join together in an unholy union of pleasure. Lily tightens her grip around Harry. Her heritage makes it so her pussy remains tight as ever, in addition to keep her mouth. Lily throws her neck back and gives Harry access to sucking on her neck.

"Everyone is going to know you marked your mother, Harry."

Harry shows how little he cares by latching his mouth down on Lily's neck and sucking her even further. Lily's eyes glaze over the deeper Harry plants his hard cock inside of her body. She tightens around him and releases him.

"Are you getting close, baby?" Lily asks.

"Yes," Harry groans.

"You never could resist my pussy," Lily tells him with a smile.

"As if you could resist my cock."

Lily smiles when her son drives his cock into her. She cannot resist such a work of art to be perfectly honest. Her entire mind just goes on an emotional roller coaster ride the deeper Harry shoves himself into her body. Lily tightens her hold on Harry and releases him with a loud cry of pleasure.

"No, I never could," Lily agrees. "Always the best! Better than the rest!"
Lily tightens her grip around Harry as he pounds into her. His balls keep driving into her thigh and threaten to explode to unleash their unholy reward into her.

Both mother and son cum together. Lily sucks his cum into her womb. Their bodies press together with Lily feeling a tingle at the thought of draining her son's big balls into her body.

His mother's tightening pussy keeps closing around him and milking his cock for all of his seed. Lily brushes his hair over to his face and makes out with him while draining the last few drops of balls from him.

Fleur's pussy feels like it's on fire and she keeps rubbing it on the bed. She moans and thrashes on the bed. Her nipples shoot milk like up a geyser because of the arousal she feels. She pulls her honey soaked fingers and licks them dry while going back to stimulating herself.

Lily smiles and staggers back onto the bed. Her thighs spread and there's an entire river of cum flowing from her thighs and onto the sheet.

"Crawl over there and eat my cum out of my mother's pussy."

This statement snaps Fleur out of her pleasure induced haze. She turns around and slowly crawls over there. Harry's firm command ensures her obedience. She climbs over onto Lily and brushes her thighs.

"Dig in, darling," Lily advises her.

Fleur throws herself into Lily's pussy and eats Harry's gift out of it. She's well aware of Harry's hands all over her body and she knows what's going to come next.

"It's tempting, isn't it?" Lily asks with a tremor going through her body. "Take her spoiled ass hard."

Harry pushes his finger into Fleur's tight back entrance and it squeezes him. Heat comparable to a furnace pushes out of her.

"Both holes are inviting."

"Remember the charm," Lily says. "You don't have to choose."

He performs the spell necessary and one large cock becomes two. Harry spends a couple of seconds compensating for the extra mass below his waist. One cock lines up against Fleur's pussy and the other lines up on the other side of her tight anus.

"Damn, Fleur, this is going to feel fucking good."

Fleur cannot concur on the account of her mouth being preoccupied with eating a nice helping of MILF pussy underneath her. Two large cocks, both belonging to Harry, works into her on asshole and the other sides against her pussy lips to work inside of her.

"Fuck! Fleur!"

Harry jams his two cocks into the tight body of the horny Veela underneath her. Her wet pussy clamps down onto one and her tight ass forms a seal around the other. Harry jams himself into both of her holes and stuffs her completely full of them.

"Use your tongue more," Lily says. "I know you're not a Parselmouth, but I'm sure that... right
there!"

Fleur's entire body becomes fog-bound with pleasure. And Harry puts the hold on her to fuck her hard on both ends. Both cocks drive into her all the way.

Harry experiences double the pleasure of a tight ass and a snug pussy at the same time. He has to hold back even though both sets of his balls throb and want to spill their juices into her.

The charmwork Lily performs earlier on Fleur is still in play and the intensity of her climaxes only increase. This makes her holes wetter, hotter, and more sensitive. And Harry jams himself into them making sure she rides down the train to the orgasm.

Despite the overflow of pleasure, the Veela shows her stubborn persistence in taking those cocks while eating Harry's cum out of his own mother's pussy.

"Fill her holes with your seed," Lily breaths.

"Still with me?"

Fleur's hand clutches Lily's thigh and squeezes it. Harry smiles as she still shows signs of life. He keeps working his way into her with both of his cocks about ready to burst and about ready to seed Fleur.

Every inch of Harry blazes onto fire the further he shoves his added cocks into Fleur's body. He holds onto her lower back and sinks into her with his big cocks pushing inside of her body. They are fit to burst and Fleur's tightening holes make them get that much closer to bursting.

One final push and his balls explode to send two very large loads into them. Harry's regenerative properties in his body allows him to hold two full loads of cum in two separate sets of balls without too many problems. And he fills Fleur up with his seed.

Her ass and pussy bubble with seed. The hyper-stimulation reduces Fleur into a mess of cum, sweat, and drool. The only life left in Fleur results in her clutching Harry and milking him in every drop of cum inside of her.

Lily smiles and rolls Fleur over. Her son does not cancel the charm which suits Lily just find. She takes one cock into her hand to stroke it and the other cock into her mouth to suck it.

Harry's not done and why would he be? Fleur's out for the count, but he's sure she's not completely done just yet. She just needs some time to recharge. Lily's mouth alternates between both of his cocks giving him double the pleasure. She moves at a swift speed which nearly puts certain speedsters to shame.

Not done, not yet, not by a longshot. Harry prepares for the next stage of tonight's debauchery.

End.

Testing Her Luck(Felicia Hardy/Black Cat)

Dressed to kill is a pretty good description to describe Felicia Hardy. The snug little black dress allows all of her curves just to pour into it. The dress just stops beneath her thighs and one can get a good look at Felicia's undergarments if they feel so bold enough. She wears a pair of black leather boots, although not for long. She makes a show of unzipping her boots and taking them off underneath the table.

Felicia's eyes turn to the handsome young gentleman across from her on the table. This gentleman looks particularly good enough to eat, even beyond the food which is on the menu. Felicia licks her lips, temptation visiting the woman the very second she lingers on the face of the handsome man in front of her.

"I believe we can get this deal done tonight...but why not mix a little business with pleasure?"

Felicia rests her foot on the chair in front of Harry. She slides it down, making sure to look him dead in the eye without blinking. Without any indication of sliding her foot across the side of his leg and moving it up towards his crotch from underneath the table. She goes further and furth to the promise land.

A smile crosses over the young sorcerer's face. She really does enjoy playing this game. Well, Hadrian Peverell, or Harry Potter as many knew him before, knows how to play this game nicely. He remains cool and moves in to start eating his dinner. Felicia does so as well.

"I believe we can make this deal work, Ms. Hardy. It's for a good cause. Charity."

"Yes, and when we join together, our prospects will both rise."

Felicia grinds the soul of her foot against the crotch of the man of her dreams. A swelling fills his pants when she teases him with her stocking clad.

"I believe people will notice that our companies will rise and then our profits will swell."

Those words cause Felicia to grin and she makes a movement to unbuckle Harry's pants. He helps her out just a tiny bit and it takes only mere seconds before Hadrian's completely out. His stiff prick comes out into the air to play and for Felicia to pleasure with her soft, sensual toes.

Twelve inches of manhood brushes against the bottom of Felicia's foot. She cannot resist the swell of this big piece of fuck meat and the thought of what it might be like to be inside of her sends another thrill through Felicia's body.

She puts her right foot alongside of the other end of Hadrian's stiffing pole and strokes away at him. Felicia's strong legs allow her to keep up with the pumping.

Accidentally, on purpose, Felicia allows a piece of chicken to fall down the front of her dress.
"Clumsy me."

Hadrian's eyes fully lock on her and Felicia digs the chicken out of her cleavage. She slowly eats it and savors the flavor while grinding her feet down his length. The swelling makes him only increase and double the lust he's feeling. Wanting this sweet young thing pleasuring him underneath the table in every single way possible.

A hand moves underneath the table and touches Felicia's leg. She smiles at him.

"I believe we can make an explosion when the two of us join together. We can get ahead of the competition by getting our connection off to the right foot."

Those words from Felicia continue to showcase her accelerated pushing around the handsome young man's cock. Feeling him between her soles makes Felicia just grow even more hungry. Her nipples stick out from the front of her bra.

"Damn it"

Felicia's fork slips from her hand and it clatters to the table. She pulls away from him.

"Let me get that."

The next thing Hadrian sees, is Felicia disappearing underneath the table. Seconds pass before hands crawl down beneath his leg and trace patterns. One of the patterns leads Felicia up. Her warm breath hits his stiffening cock at a very obvious angle underneath the table just seconds before Felicia dives in.

Felicia wraps her mouth around Hadrian and sucks him underneath the table. Having the sensations of having his cock sucked on without seeing the woman involved in the sucking just adds to the pleasure. A groan follows from the powerful businessman and his stiffening rod.

Showing what a pro she is, Felicia takes as much of his endowment down her wet oral hole as possible. The woman's talents show themselves. Soft warm lips and a tight throat become the destination for Hadrian's engorged prick. He puts his hands on the table, resisting the urge to pull back. Just enjoying the feeling.

"Doctor Peverell...what happened to your lady friend?"

Without missing a beat, the handsome man responds, to the waitress asking, giving her a panty-moistening smile in the process.

"She lost a a contact."

The waitress raises an eyebrow and hears the soft moaning from underneath the table. She's a pretty blonde, although a bit nervous and less forward than Felicia. It takes her a couple of minutes to realize what's happening.

Trying to make a scene will more likely get her fired then to get Hadrian Peverell kicked from this establishment. And the louder the hums and the moans get, the more the young Waitress allows her imagination to run wild.

"Right...well...if she needs any help in finding her...contact...you know...I'll be a few tables over."

She grows red in the face. Hadrian just smiles and watches her leave. Cute little ass on her, perfect to bend over and fuck for a couple of rounds.
He focuses all attention on Felicia and the fact she just edges his cock. The woman takes his thick slab of meat down her throat and slobbers all over it, giving him the messiest and most pleasurable blowjob possible.

"You're well on your way to finding that contact."

Felicia apparents to understand what he means. Her face presses into Hadrian's leg and she hums on his manhood, sucking him completely up and then pulling almost all the way away. The balls slap against her chin just prior to the explosion that happens.

The pent up release fires in Felicia's mouth. Hadrian reaches underneath the table and finally touches the back of her head to ease his cock deep into Felicia's mouth. The loud slap of balls against chin makes Felicia just finish him off. The few more loud sucks echo.

The minute she comes up, Hadrian waves a finger and pulls Felicia up to his lap. The fact she's not wearing anything underneath her dress is obvious when their loins touch together.

Hadrian smiles at Felicia and puts a hand on her ass to guide her ever so closer to him.

"I believe there's much that we can gain from a merger. Wouldn't you agree, Ms. Hardy?"

"Yes...I think we should merge right now. I don't think I can wait another minute."

He's already as hard as a rock. The fact she's with such a stud makes her loins just dampen and crave for more of him. Felicia mounts the tip of his cock and slides it slightly inside of her, but he pulls back.

"Patience. Good things come to those who wait. It wouldn't be a good thing if we blew our load much too soon."

A groan follows from Felicia with Hadrian putting his hands on her lower back. Her hot thighs continue to part. She grabs onto his hand and puts it on the top of her breast. Said breast spills out of her top and finds its way into his hand. Hadrian molds the flesh in his hand.

Felicia's eyes glaze over from the pleasure before going back into the conversation at hand.

"I just want to make sure we get in deep when we explore all of our options."

A small smile shows how much Harry enjoys this. His hands comb the top of Felicia's round tits and releases them with a squeeze. The Black Cat parts her thighs in an instant and almost takes Harry all the way inside of her. He's right between Felicia Hardy's sexy legs and almost inside of her body.

The tip causes a light hiss to come through her teeth. Felicia leans in and puts her mouth to Hadrian's ear.

"You teasing bastard."

Hadrian puts a hand on Felicia's back and pulls her in closer. The throbbing cock aims to the entrance of her scorching slit and pushes against her. The two finally join together with Hadrian squeezing Felicia's ass just seconds before she drops down onto him.

A cock of a real man enters inside of her body. Felicia cannot help but get turned on with the massive manhood going into her body. Felicia tilts back and moans with Hadrian cupping her chest and then feasting on it.
The thrusts bury repeatedly in her warm cavern. Felicia holds on for the ride, taking more of Hadrian inside of her. His thick balls slap on her thighs and gives her a pretty good view of arousal. Hadrian humps against her body and Felicia grinds against them.

Both breasts pop from Felicia's dress. They enter the open. Felicia digs her nails in to allow the pleasure to commence. Several warm sucks rocks her body.

Harry grins through his breast sucking. He can find himself between Felicia's breasts for days on end and pleasure her. A hand brushes down Felicia's back and causes her to moan the deeper and deeper Hadrian slams into her. Their bodies combine together as one.

"Cum for me."

Hadrian just smiles at her and squeezes Felicia's nipples.

"Not until I feel those tight walls clamp down. I know how good that this is making you feel. Seeing is believing."

The sexual charge between their loins only heats up what they're doing. The dress is only barely on her body.

The very really thought of someone walking past the curtain with Hadrian drew up and seeing them like this only serves to turn Felicia on. The thought of having sex in public is one of her major kinks and to have Hadrian indulge her like he is is really a turn on at this point. The thickness of his rod ramming into her body sends Felicia's tight loins around him and releasing his cock. A moan follows through her body.

"Fuck me. Fuck me hard."

Hadrian is only too happy to oblige her and keep ramming into her. Her scorching hot hole is just an outlet for his pleasure. He makes her feel more alive than ever before and repeatedly rams her hard.

"Mmm, so good…"

"It's going to be good when I feel that box tighten around me when you cum."

Felicia reacts to the simplest of touches. She knows how to make him feel good and be made to feel good in return. Thick swollen testicles give Felicia a pretty good preview of what's to come.

Determination floods through the eyes of the woman. What turns into a dinner to get her mother off of her back to be more involved in the charity work at the Hardy Foundation turns out to be more more. Hadrian cups her ass and sends Felicia into fits of pleasure.

"Closer."

She nods and hangs on to her lover. The feeling of those thick balls slapping against her and threatening to spill juices only encourages Felicia to move on.

She looks like a very naughty angel, riding him all way to the end. Hadrian hooks onto her hips and makes sure she drives down onto him. Her warm tongue flies out of her mouth. Sensual moans ensure Hadrian speeds up to the end. He edges himself closer and closer, pounding Felicia.

Felicia puts her hands on the table while leaning back. Her legs slightly edge up for Hadrian to drive into her. The hammering of his thick balls into her body makes Felicia just moan out in
pleasure.

"After you."

She clamps down onto him and the force of which she milks his tool feels very good. Hadrian sinks himself deeper and faster into her, with the friction speeding up until the point where he can take no more. He has to let it go and does with a loud powerful grunt.

The first few blasts of seed fill Felicia with vigor. The slick clamping of her pussy draws more seed into her. Felicia wiggles and writhes onto him, her breasts bouncing with more vigor. Harry fails to curb his lust for them, squeezing Felicia's bouncing tits and releasing them from his hands.

Felicia's body shudders to a stop but he's not done yet. A few more pumps send more cream into her. Felicia peers down at her body and sees the cum trickling down between her legs.

Turning over, Felicia bends over the table to reach for a napkin to clean off with. The firm hands on her hips and the re-hardened cock sliding against her legs snaps Felicia back to the conversation.

"I bet you want more of this."

"Oh, honey, if you're ready to go, I'm ready to take."

"That's what I like about you. Always a go-getter...always able to do what is necessary to seal the deal."

The deal is sealed for the second time of the two lovers joining together. The curtain almost parts way and the thought of someone coming around the corner to watch them only makes Felicia's loins tighten. This sexual stallion is going and pounding her.

Hadrian loves watching Felicia's big thick ass bounce while fucking her. He drives deeper and deeper inside of her to hear the moans. The feeling of her lovely body just causes her to breathe.

"You really are in this for the long haul. No worries, for this deal I'm all in."

To demonstrate, he presses against her. Burying as much cock inside of her body, going as far as he can go. Hadrian's massive spear works into Felicia and causes her to moan.

She gets the good hard pounding that a woman like her craves. Hadrian's there for every touch. The rumors about him are most likely true, and maybe even slightly understated given how good he's making her feel. She's so full and cannot help and flex her warm muscles around him.

Hadrian drives deeper inside of her. He rides Felicia through two small orgasms, easing off, and goes back in for the third big one. It's a formula which rarely fails, given a woman a couple of small eruptions before going to the big one. He enjoys feeling Felicia close down onto him.

"You're getting wetter. I wonder how wet you would be if you had other eyes on you."

"You wouldn't...."

Despite those words of protest, Felicia closes ranks. Hadrian has no desire to make this public, at least not now. But, he does enjoy riling Felicia up and enjoys fucking her extremely hard from behind. He rides her scorching slit out completely and pulls from her. A deep ram drives Hadrian further and fast inside of her.
Felicia pants in pleasure. The build up inside of her body becomes more intense. There's a feeling about how every single orgasm she receives before is just a prelude for what's to come now. There's no chance for her to be disappointed for Hadrian gives her everything.

"And now for the main event."

She can hardly wait. It's the big one, the one she's been waiting for for a long time. Hadrian squeezes Felicia's ample posterior for leverage and rides her out to the end. Hadrian edges her until finally the dam inside of her bursts. The wet walls close around Hadrian and push him.

Now, it's time, for what he's been waiting for. Hadrian rides her, the tightening of his loins being even more prominent. Hadrian keeps up and keeps fucking her until the final tightening of his loins hit and his orgasm follows.

Hadrian explores her body and fills up her pussy with a thick explosion of cream. The time feels just as good as the first. Her hungrybox gobbles Hadrian's hard cock until he pulls completely out.

He helps her up and a wave of his hand fixes Felicia's dress. The evidence of the fact she's well fucked is sealed thanks to a well-placed charm.

"So, how would you like to return to my penthouse so we can finish our discussions?"

Felicia smiles at him. What was left if dinner sits on the table, cold and forgotten.

"There are other positions I'd like to explore."

She leans in, pressing her body against him and starts grinding, seeing if she can get riled up again.

One would think she would lose a little steam after getting fucked hard twice. Still, Felicia being ready for more makes him smile. Hadrian respects a woman with a strong sexual appetite.

End.

Thanks for the favorites, follows, kudos, views, and comments and I'll see you on Sunday for the next chapter.
Moonlight fills the room, the only light filling the room other than the flickers from scented candles. Candles lit by magic which means they will not go out, unless the caster of the spell loses her concentration and she has no intention of doing such a thing.

A sensual woman sits in the center of the bed. Her platinum blonde hair hangs loose down her back with violet eyes shimmering. A nice purple slip clings to her body. The crotchless panties, purple stockings, and garter belt all add. The Charmcaster waits patiently for her guest to arrive. She rocks back and forth a tiny amount on the bed and hums a tune.

It's not midnight yet, but you can't blame a girl for being anxious. The pan of melted chocolate and the tin of strawberries appears right next to the Charmcaster. She holds her neck back and breaks out into one of those knowing smiles.

"Ten, nine, eight, seven…"

Her countdown stops when the candles flicker and the drapes whip in the breeze. Charamcaster peers forward when the handsome wizard appears in the bedroom. He most certainly knows how to make an entrance. Harry steps across the room where Charmcaster stares him in the eyes.

"You're early," she tells him. "You must be famished after such a long trip. How about a bite to eat?"

"Oh, I'm here to feast," Harry tells her.

Charmcaster smiles and takes a large spoon to stir up the melted chocolate. It is more than ready. She draws the spoon and takes her time licking the chocolate off of it to ensure she maintains eye contact with Harry. Her eyes lock onto his and Harry drops down onto the bed next to her.

Without another word, Charmcaster takes one of the strawberries and pops it into the plate of chocolate. She swirls the chocolate around it. She pops the strawberry up and makes sure Harry's eyes lock onto her tongue while she licks the excessive chocolate off of the strawberry. Her lips form a tight seal around the berry before popping it into her mouth.

Harry smiles and she takes a strawberry out of the tin. She swipes the strawberry inside of the chocolate and causes some of it to splatter out onto her leg. Harry grabs a second strawberry and runs it across her leg.

"We wouldn't want to leave a mess, would we?" Harry asks.

She smiles and Harry eats the strawberry. She feeds him a second one. The two alternate between feeding each other strawberries, while moving closer. Harry's hand moves closer to Charmcaster's warm thigh and he gives her a very soft squeeze. The firmness of Harry's hand against her thigh makes Charmcaster smile.

"We know why I'm here," Harry says. "Darling Hope, you are tantalizing tonight. I think I can just eat you up."

Chocolate drips from Harry's lips. Hope appreciates the control his allure has over her. He swipes a
single finger against the edge of Harry's mouth. Harry grabs and kisses her. The kiss returns with equal fire.

The tin and the plate land firmly on the floor to give them the entire bed to play with. Harry rolls his hand over Hope's leg and stretches it out while moving down to her neck and kissing her. Hope's fingers dig into the back of Harry's legs.

"I've wanted this for too long," Hope tells him. "Please, Harry, I'm wet for you."

Harry notices it and notices the arousal coating Hope's deliciously perfect lips. He drags a nail against it and teases her opening for a second.

A smack of Harry's throbbing cock connects with the side of Hope's leg. Hope bites down on her lip with a very light moan. Harry holds her leg up and rubs a hand down the side of it. Hope throws her head up off of the bed with Harry's hard cock dancing against her wet opening. She parts her thighs to get as much of Harry as humanly possible burying inside of her pussy.

"Harry, fuck me," she begs him.

"In due time."

Harry enjoys riling up his lovely servant. The pleasure coming from her makes his cock throb nice and hard. He bumps himself against her wet and waiting entrance. Harry pulls back an inch or two from her and then comes close to tempting her again.

The straps of Hope's slip come down and her breasts pop out. The ample pale globes come into the air, the nice violet colored nipples are a dark contrast from her skin tone. Harry pulls his fingers against then and rubs them. Hope thrashes on the bed. Harry performs his devilish magic to rile her up and he's not even close to being inside of her. Harry pushes against Hope and then pulls almost all the way back from her. His cock bumps against her entrance almost sliding inside of her.

"Fucking hell, Harry," Hope mewls underneath him.

He pulls away and kisses at her neck, chest, stomach, and everything else he can. The Charmcaster thrashes on the bed. Her pussy demands attention and instead Harry kisses her thighs. Harry's tongue swipes down Charmcaster's leg, kissing all the way over her left leg and then going back to her right leg. Harry moves back and forth, with a constant push of his tongue down inside of her.

"I want that cock inside me."

"In due time, my love," Harry tells her.

It causes a tingle and a rise of pleasure every time Harry refers to her in that term of endearment. It makes her feel special and make her feel like nothing in the world matters other than Harry. He gives her the stability that Hope's long since lacking through her life.

Harry brushes against her warm pussy, holding against her body. He's an inch away from sliding inside of her body and he pulls out of her.

"Are you ready?"

"I've been ready," Hope tells him. "I want you inside me. Don't make me beg you."

"It's cute when you beg me though."
True or not, Hope craves that big cock sliding inside of her body. She pushes up to meet Harry. Harry is not quite ready to give her what he wants. He teases it going inside of her, but does not quite pull the trigger, which leaves Hope breathing heavily and wanting so much more than what Harry's going to give her right about now.

Twelve inches of big throbbing cock stick close to Hope. Finally, Harry takes the plunge and shoves his mighty rod inside of her.

A burn of pleasure fills Hope as Harry works his way into her slowly, but surely. He rises up the heat inside of her body. She does not care, as long as her lover is inside of her. Hope holds her hips up completely as those strong powerful hands are all over her body and now his lips as well. Hope holds her hands on Harry's back and allows him to stick his big cock inside of her wet core.

"Finally, all good things come to those who wait."

It's a very good thing Harry's driving himself into Hope. She's waited a very long time for him to be inside of her and now she's more than reaping the benefits of a huge cock driving inside of every single last inch of her wet pussy. Hope holds onto Harry, clutching his cock, and moaning hungrily in his ear.

Several deep thrusts plant himself further inside of Hope's clutching pussy. She clings onto him, almost fearing his cock slipping through her body. Harry pushes his fingers down her thighs and keeps up the repetition of the thrusts inside of her. Several long and slow ones, followed by some short and quick thrusting, with all of them bringing Hope to the edge.

"And I think you're going to feel your arousal bubble over to the surface," Harry tells her. "It's time for you to cum for me."

Harry's big cock pushes deep inside of Hope's clenching canal. He rides out her orgasm with all of the fever one would expect from Harry.

A small break allows Hope to catch her breath. Harry brushing against her and then running his hands all over her legs gets her motor reviving back up. It's off to the races one more time with Harry going in deep inside of her. His balls keep slapping Hope's wet thighs the further and faster he goes inside of her.

Harry submerges himself deep inside of her pussy. Her breasts call for him and Harry attacks those as well. His furious groping of her chest as he fucks her makes Hope scream in pleasure.

"Oh, you stud, you're so strong, make me feel so good!"

Harry plows deep inside of Hope. His large cock presses against her slick walls. She pumps him and threatens to drain him of his seed. Harry holds her hips and drives himself down into her on the bed. His hard balls keep impacting her thighs the harder and faster Harry goes inside of her.

"Harry," Hope purrs in his ear. "Shit. You feel really good. I don't think there's any room left in me right now."

"As there should be."

Deep thrusts cause Hope's stomach to bulge thanks to how deep Harry is inside of her. He pulls almost out of her and then comes out of her.

"Do you want to ride my cock?"
Of course she does! Hope moans in increasing excitement in Harry's ear the deeper Harry plunges his big throbbing cock inside of her wet canal. Harry holds himself against her with rapid thrusts. The further Harry plows deep inside of her, the more Hope clenches his hard cock.

He pulls out of Hope and then crawls back. Harry drops down onto the pillows. He reclines on his elbows with his cock on the bed.

Hope seductively crawls across the bed to him. She puts a single hand on Harry's massive prick. It stretches up and Hope pulls herself up to him.

"I've been practicing something special for you, my love," Hope breaths.

Her wet pussy grinds against him. It's slicker than ever before, but that's not the magic trick Hope wants to perfect. She holds her breasts out and makes sure Harry's eyes direct their attention to them.

Closing her eyes tight, Hope's chest expands several times its normal size. Her pussy also grows more sensitive and her ass also swells. Her big bubble butt smacks against Harry's. The charm's side effect allows her to have a permanent fuck-me look etched in her eyes.

"Go ahead," Hope breaths. "Take these bad boys."

She sticks out her porn-star quality tits in Harry's face. Harry holds onto her chest, breasts which are soft and supple as they are large in his hand. Harry buries himself face first. He loses himself in the immense cleavage of his eager lover.

Hope rolls her neck back and moans ever so slightly. Harry buries his face between her cleavage. Her breasts grow more sensitive to Harry's touching. He palms the edge of them and Hope throws her head back.

A hand finds Hope's juicy posterior and gives it a squeeze. Her pussy clutches Harry when he smacks her booty. Her enhanced assets were his to use and abuse in any way he sees fit.

Harry enters enhanced warmth the deeper he drives himself inside of Hope's warm and willing pussy. He holds onto her and fucks the daylights out of her.

"You're so good," Hope breaths. "Oh, I'm sure you make all of the girls cream themselves just by looking over your cock. Especially that brat, Tennyson, I'm sure she just turns into a slut for your cock."

Hope rides up and down on Harry's big cock. Her large ass repeatedly smacks against his balls. Harry holds her chest and gives it a squeeze. His head disappears between her breasts and then he pulls out to cover her body with kisses and love bights.

Every touch brings Hope closer to the big one. Her pussy tightens around Harry's generous prick. He's all over her body.

"You're going to cum for me and you're going to enjoy it," Harry tells her.

Those matter of fact words. Hope swears for a minute that Harry goes extra arms because of how fast Harry is going inside of her. It does not matter the reason, all it matters is Harry's all over her body in the best way possible and pleasuring her from every single angle.

"Baby, it feels so good," Charmcaster breaths in his ear with a nibble on said ear.
She wants to be filled up and seeded with his cum. Harry once again takes a long tour of her enhanced body. Hope throws her head back and moans.

Every touch of her body brings Hope closer to the edge and Harry feels her body getting close to bursting in pleasure. Harry holds his hands onto her thighs and keeps ramming his thick prick inside of her juicy slit. Harry pulls almost all the way out of her and drives himself back inside of her with constantly thrusts.

Those balls reach their final destination as close as possible. Hope clutches Harry's big meaty prick the further he spears inside of her body. He pulls almost out of her.

Everything ends at some point and Harry drives himself against her. Hope cums so hard around his cock that milk squirts out of her swollen enhanced breasts. Harry laps up the milk which only causes her sensitive pussy to clench harder on her.

Hope makes quite the racket with Harry plowing inside of her body. Her handsome lover really knows how to appreciate every inch of her body and drive himself into her. So much cum spills inside of her body, it's obscene.

"Our daughters will be beautiful," Hope breaths in his ear.

"Considering their mother, they will be perfect," Harry tells them.

Her body sizes up and sucks all of his seed inside of her body. Harry finishes emptying his virile cum inside of her fertile womb.

He pulls out of Hope and her body returns to her normal, but still quite alluring, proportions. The two drops down onto the bed. Harry runs a hand in her head.

"Until we meet again," Hope says. "I'll cherish the nights."

"I'll be back tomorrow," Harry says.

"Then I'll count the seconds."

End.

Next Chapter: 4/17/2018
Roaming hands roll all over Hestia's body. The Auror and member of the Order of the Phoenix shifts at the young man feeling up her body and stimulating her, even though her robes. Hestia opens her mouth just in time to accept Harry's tongue deep inside of her. His mouth engulfs hers with a long and enhanced kiss.

Harry finds himself rather happy that his charms are working on this older woman and what he feels even through the robes makes him think it is going to be a fun encounter. He detaches himself through Hestia's lips and then kisses her ear and the side of the neck. Those sounds of pleasure only cause Harry to re-double his efforts in making Hestia squirm underneath his hands.

"We shouldn't really be doing this," Hestia manages in a soft voice.

Harry reaches behind her and grinds his hips against hers. Hestia returns the favor doing about as much grinding as possible. They keep kissing each other with their pleasure enhancing and becoming even greater.

"You can tell me to stop at any time. The question is do you want me to stop?"

More kisses pepper the side of Hestia's neck. She slides his robes off and marvels at his toned arms. She keeps kissing him and feeling up his arms. The two move around and land perfectly, or about as perfectly as possible on the bed. Harry returns the favor and pulls off Hestia's robes. Her supple breasts stretch out a black tank top and she wears a pair of nice tight pants underneath her robes. Her body is the right combination athletic and curvy.

Two nipples sticking out from underneath her top betrays the desire Hestia feels for her soon to be lover. Harry touches the nipples and causes her to jump up.

"I'm not hearing any disagreement."

Harry yanks the tank top off of her. Hestia cannot believe this teenage wizard is driving her completely insane by touching and teasing her breasts. She hates to admit it, but Harry pushes all of the right buttons and drives her completely insane with lust. His fingers dart down between her thighs and start rubbing through her pants.

When joining the Order of the Phoenix, Hestia hopes to both do something good and also add a tiny bit of added excitement to her life. Unfortunately, she has very little chance to do either. This guard job with Harry Potter is about the most thrilling thing she has and the perks are also great as well.

Harry puts a hand on the back of the older witch. He spent the better part of the summer refining his technique with the various girls and women around his neighborhood. If he is to spend a part of his year at the Dursleys, he's going to make the most of it. Many frustrated teenage girls and housewives, many of them the siblings and mothers of the boys who harassed him back at primary school, give Harry the perfect test subjects. It started the summer after his third year and continued over this summer.

Especially now that Harry has a lot of frustration to work out and there are a lot of willing and wet cunts to help him work it out. The fact the other men in the neighborhood are sexually inadequate
works to Harry's favor.

"We can stop at any time."

"Does this look like I want to stop?"

Hestia yanks Harry's shirt off. His normally unruly hair becomes that more unruly. Hestia marvels at the rock hard abs and chest of the teenagers. The fact she's about ready to have some taboo fun with the Boy-Who-Lived only moistens her knickers even more.

The older woman worshipping Harry makes his cock throb in his pants. He tries to make it cool. Hestia undoes Harry's jeans and then pulls him out. His boxer shorts go next and Harry's big cock comes out.

"Looks like my cousin's old clothes have some use."

The things which are kept under wraps. Hestia leans down to feel Harry's large cock. She holds her tongue down at the tip and gives Harry a long and loving lick all the way down to the base.

No matter how much Hestia wants to taste and have full run of Harry's cock, she wants something else even more. She wants the cock burying inside of her and making her feel good. Hestia turns herself around and wiggles her pants down.

Harry's eyes go wide as a thong only covers Hestia's thick juicy ass. Her bra comes undone and she slowly turns around with a seductive smile on her face. She removes her arm and shows two perfectly round breasts. They might not be as large as her younger sister, Megan's, but they are still quite a handful and Harry needs to go in. He reaches in and cups Hestia's chest before kissing her neck.

One hand full of cock finds the prize Hestia seeks. She and Harry become an entangled mess of limbs, lips, and tongues. Harry holds her body up and without another word, slides the fabric protecting her pussy to the side. He takes Hestia to the side of the bed and she almost slides off.

Harry holds her as she hangs over the side of the bed and rubs his cock against her opening. Hestia fires a dirty smile Harry's way.

"I need that cock inside me," she tells him. "Please, Harry, fuck me."

"Does it get you wet to see that we could get caught?" Harry asks.

"Yes!" she yells. "Now put that big teenage cock in my tight snatch! It's been too long since someone who can get it done fucks me."

The more powerful the wizard, the more efficient the wand, or so the stories go. Harry rubs his hands all over Hestia's moist thighs and riles her up. His thick cock head dances against Hestia's opening and comes preciously close to driving inside of her.

Hestia swings her thighs apart and the first couple of inches of cock caress her opening. Her tongue hangs out in thinly veiled delight the second Harry comes close to entering her. Harry pulls away from Hestia and then grinds up against him.

"A gentleman shouldn't tease a lady."

Harry raises an eyebrow. "Well a lady shouldn't enjoy it so much."
Hestia enjoys it so very much. His large cock touches her opening and is about a second away from sliding inside of her. About a quarter of his length slides inside of her to already make Hestia enjoy the juicy thickness.

Harry savors every second of this pussy. Her tight body is a treat to behold. She might not be able to change her body into any form like the Order guard he seduced and fucked last week, but still it feels really good. His throbbing hard cock slides into Hestia's body and makes her clamp down onto his hard cock.

"YES!"

He's amazing and makes sure to keep touching her body while driving his cock inside of her. Her face receives a caressing and then several long kisses before Harry moves down to cup her breasts. Nibbles on her neck drive Hestia completely insane with a growing lust.

Their hips move together going on and off of the bed. Harry drives twelve inches of himself down into her tightening hole. Harry puts his fingers against her side and keeps working into her.

"There's only half of it," Harry tells her. "Are you sure you're woman enough to take all of it?"

Hestia grabs his back and makes sure he pushes down into her. Their bodies collide together. If she thought Moody's drills were a workout, she's felt nothing yet. And surely, she's getting drilled in a different way tonight. The lengthy cock slides a bit more inside of her.

Harry finds himself now completely sheathing inside of her body. He holds himself up and drives down onto her. He watches her chest rise and fall. Those nipples are deliciously perky.

"Your sister took it all," Harry tells her.

"Megan?" Hestia asks. "You fucked Megan."

"Among other Hufflepuffs," Harry tells her. "They felt bad about the entire Triwizard thing and turning on me, so they decided to make it up to me. And it was amazing. Your sister has a great ass along with a nice rack. I'm not sure if you ever noticed."

Hestia notices. Megan passes very nicely as a seventeen or eighteen year old girl, despite being only fifteen. The thought of Harry doing the same thing, pinning her sister down, and fucking the shit out of her.

"And there's your other sister," Harry says. "Gwenog. I wonder if she would like to go on a broomstick ride with me."

"I'm sure…it can be arranged," Hestia says.

"I know she's busy," Harry says. "And I wonder if the rumors are true about the lesbian orgies in the Harpy Lockeroom."

Hestia remembers asking one time and her step-sister only gives her one of those very wicked smiles. She clutches onto Harry's back the deeper he plunges inside of her.

"Don't know!" Hestia moans.

"Oh, I think I better let you cum now."

It's like a lock to a dam breaks open. Hestia clutches Harry's love muscle. He slides deep inside of
her with a couple of long pushes. His balls smack her tender thighs the deeper onto her.

Her gushing pussy caresses every inch of Harry's cock. The pleasure ramps on and the depth of his penetration also ramps up. He holds Hestia and causes her to do a handstand on the floor to avoid landing on her head. Her legs still fold against the bed.

Harry drives himself into her tight pussy. The blood rushing to Hestia's head only causes the lust to increase. Hestia cannot do anything other than moan and shift against him. His cock keeps working deeper and deeper inside of her body.

"Again? Already?"

His newest fuck puppet gets her strings yanked on. Hestia holds onto Harry's big cock and cranks down onto him. Twelve inches of throbbing hard cock slams deep inside of her and fills her completely up to a new level. Harry never wants to let up on her tight pussy.

Hestia's eyes glaze back a fraction of an inch. Harry really drives himself down inside of her. His hard cock finds its way inside of her to touch new depths.

Harry slaps his thick balls against her warm thighs and makes Hestia moan. He yanks her back onto the bed and pins her down before drilling inside of her.

"You're getting off on being dominated by a teenager. You're getting fucked by someone who hasn't even sat his OWLs yet. But that's how you like it, you dirty old witch?"

To be fair, there's only about an eight year gap in between the two of them, but logic flies out the window the second Harry drives his cock inside of Hestia. She enjoys being dominated by a much younger man especially one who knows what he's doing. Her entire body sizes up and she knows nothing will ever compare.

"And you know something, you could have stopped me at any time. You can do magic. But I can't."

Hestia disagrees he can't do magic. The magic he does on her body is more than enough to rile her up. Harry keeps pounding away at her and making Hestia's entire body hit a new level. His fingers are now on her legs which spread wide and go high.

"I hope you and Tonks come by more often. And I know that Fleur's joined the Order as well. She owes me."

"I'll see what I can do about arranging a visit," Hestia says.

Harry smiles, he has a pretty good idea what's going on thanks to pretty much seducing the information out of Nymphadora. He gets a few more tidbits getting another one of the guards, a man named Mundugus, drunk as a skunk thanks to a bottle of vodka Dudley and his Gang acquired, and Harry swipes from under Dudley's floorboard. Dudley can't accuse Harry of stealing it, without revealing to his parents that he's been drinking and doing drugs.

His hard cock drives deep inside of Hestia and brings her to another rapid orgasm. The thought of humiliating his old tormenters by taking their sisters, mothers, and the girls they like, really gets Harry turning out. And another older woman melting underneath his touch makes Harry go.

"One more time, and then it's my turn."

Hestia's cunt twitches at the thought of Harry not only cumming inside of her, but potentially
impregnating her. She thinks about telling him to pull out. The orgasm causes all logic to shut down her mind.

Besides, just because Harry cums inside her, doesn't necessarily mean she's going to get pregnant. And the power boost of being seeded by a powerful wizard more than outweighs the wrists.

"Yes, baby, those balls must hurt." Hestia breaths. "Why don't you cum in me? Please, I need your cum."

Her walls tighten along with her legs wrapping around Harry's hips. She makes sure Harry does not drag himself too far from the prize.

Harry does not have any intentions of pulling away, not when his huge cock is this close to driving inside of her body. The wizard pushes deep inside of her wet pussy. The tight clutch of his cock against her body makes Harry grown the further and faster he drives his big cock inside of her wet pussy. Harry holds onto her hips and slams his big cock as far as he can go inside of tight cunt.

Finally, his balls give way to the pleasure of her tight cunt. Harry holds on and rams inside of Hestia. He fills her up with seed, splattering the inside of her walls.

The magically potent seed fills up Hestia pretty much all the way. Hestia's hands grab onto Harry's back to slide his cock deep inside of her wet pussy.

"YES!"

Harry agrees with her scream of pleasure. He sees stars driving deep inside of her wet pussy. Harry's massive balls slap deep against her the further he slides inside of her wet pussy. Harry holds his cock deep against her deep gushing slit the further and harder he slams inside of her body.

Hestia drops down onto the bed. Hestia's stretched out and dripping cunt is well fucked after Harry gets through with her. He pulls away from her with a very obvious smile on his face.

"I better be going," Hestia says. "Patrol changes in twenty minutes."

She gets her clothes on and cleans up enough to be presentable. She turns around and walks across the room to give her young lover a kiss.

"Unless plans change, I'll be back same time on Saturday."

Harry squeezes her ass and deepens the kiss the two of them share.

"I'll be ready."

"Good."

Hestia leaves and she knows she'll be sleeping with dreams of Harry Potter ravishing her. And there are few worse thoughts to go in her head.

Rewarding Days(Hera and Aphrodite from Greek Mythology)

A lavish bed and the hands and mouths of two lovely goddesses is the reward for Harry. Aphrodite rubs his abs and kisses down them while Hera wraps her arms around the back of his neck and kisses them. They know how to treat him to a good time.

The love goddess, Aphrodite, breaks out into a wicked grin. She puts her hand on the underside of Harry's manhood and strokes it. She makes sure her talented fingers swell his manhood and rise it straight to the top. Harry groans at the feeling of her soft hand around him.

"Relax love, and let ups make you feel so good."

Aphrodite slips Harry's manhood between her warm lips and sucks them. The divine gentleman feels those plump, juicy lips, sliding down his pull and pleasuring him. He looks down at Aphrodite's eyes and views the fire, the warmth, and everything which goes along with her. He knows she's going to pleasure him and make him feel so good. Her mouth repeatedly and endlessly pops around his cock, filling her mouth up and emptying it in an instant as well.

Hera's not about ready to be outdone. She pushes her lips around Harry and rubs his chest. She feeds Harry a couple of grapes which he eats. The Queen of the Goddesses grins at him.

"I think we're going to have some fun right now...when she gets done having hers."

"We can have plenty of fun. Give me your pussy."

Hera just smiles and slips off her robes to reveal her divine body. Nice round breasts, a tanned body, flat stomach, a tight pussy, long legs, and a juicy ass, one can see that Hera's a pinnacle of all women. She climbs on top of Harry's face, thighs spread before lowering down on his face.

Aphrodite watches from her position of pleasuring Harry's loins with her mouth and hands. The view of Hera's dripping hot core dropping down on Harry's tongue and taking him inside of her wet pussy is extremely intense. Aphrodite cannot help and fondle her nipple when watching it.

The pleasure dancing through Hera's eyes makes Aphrodite speed up on her cock sucking. She hungers for this piece of manhood in her mouth and makes sure to pleasure his nerve endings in a way that no other women.

Intense feelings rise from Harry while Aphrodite works him over. The goddess is the perfect partner for this powerful sorcerer. She works over every second point of his cock, stimulating it. Making Harry swell further and faster in her mouth, grabbing onto the back of Aphrodite's head when sinking down her throat. His balls repeatedly smack her on the point of the jaw and she moans to take as much cock into her mouth as possible.

She's an amazing cock sucker. Harry exerts his will to create a invisible set of hands and forces Aphrodite to deep throat his cock as far as possible. She's not one to miss a beat, taking a much of Harry into her mouth as possible.
Then there's the sweet pussy he's feasting on. He cannot wait to be inside of either of the goddesses. Hera's juices trickle down him and this Queen of all women submitting to him and longing for his tongue just makes Harry throb in Aphrodite's mouth while she keeps going down on him.

Aphrodite's hand against his balls, rubbing it with her soft palms, sends Harry's body into a pulse of endless pleasure. He knows the end is reaching, the deeper and faster he drives himself into Aphrodite's tight throat. His balls slap against her.

Harry groans and Aphrodite merely just doubles down. She works his pole, flexing her throat muscles against it. It's like he's in a super tight pussy, receiving a hell of a working over. Harry cannot resist Aphrodite's throat for a mere minute. He just keeps working into her, keep driving into her throat until his balls finally decide to give way and send their bounty just spilling into Aphrodite's waiting throat.

A few blasts of seed follow and coat the back of Aphrodite's throat. She sucks him down, drinking from the divine fluids. The love goddess shows how adept she is to making a person's climax be second to none. She drains Harry's balls of their precious fluid before pulling up.

"The thing is...that won't be down for too long, my love."

Harry keeps sucking away at Hera's lovely pussy and he can feel his body strengthen even more when he feeds on her divine juices.

The next thing he knows, Aphrodite's buxom breasts encase his cock and start rubbing it up and down. The amazing tit job from the spectacular goddess is something else. Images flash into Harry's mind of how she's worshipping his pole with her wonders. She really is all women and extremely special. Harry can feel her all over him.

"Let's get that cock nice and hard so I can milk it dry again."

Aphrodite smiles and rises up. Hera slides down, breathing heavily after getting her pussy so completely and utterly fucked. She's panting in pleasure.

Then, Aphrodite turns herself so Harry to see her thick, juicy, ass. Aphrodite sinks down onto his cock, and begins riding it reverse cowgirl style.

Aphrodite's inner muscles pump Harry and make the pleasure just build through his body. Harry raises up and gets a good look at Aphrodite's bouncing ass. Images of the love goddess fondling her breasts when she fucks Harry's throbbing rod enters the mind of this young man.

She cannot help and drive herself down. Her warm box squeezes Harry and releases him. The pleasure just builds, going further and further as his cock slides deeper and faster into her. His balls slap down onto her hips and sends a jolt of pleasure all over him.

Harry cannot resist what's in front of him. He cannot resist this sexy woman among woman bouncing on his cock.

"Keep it up! I can fuck you all night."

Aphrodite slides away from him, turns around, and sinks down on his cock. Her perfect breasts place in front of Harry's sight to fondle and suck. Both actions which he did.

"Oh, I knew you could baby. You were born to fuck. You were born to please!"
Harry's manhood splits Aphrodite's warm center apart. The moans of Hera as she watches the love
goddess go to town on the manhood in front of her. Aphrodite rubs her hands down Harry's chest
and then leans down to kiss on him, stroking his hair as well. She lifts his head up and makes sure
it's between her breasts.

No intention to go anywhere, Harry keeps sucking on Aphrodite's ample chest and squeezing her
ass. He groans when the energy builds up within him. His throbbing hard balls crack against
Aphrodite's thighs the deeper and faster he drives into her. He cannot resist her and she cannot
resist him.

An intense speed follows, with Harry sliding deep inside of her.

Hera's on the bed and touching herself at the love goddess just relentlessly fucking herself on
Harry's big cock. She wants a piece of it, rubbing her body over and over. The view of Aphrodite's
greedy lips just taking Harry in on a constant basis make Aphrodite hunger.

A portal opens and magical tentacles come out. Hera looks up to find two of the tentacles ensnare
her arms. Her pussy only gets wetter when a third wraps around her leg and opens the end to reveal
a cock which is about the same size and shape of Harry's manhood.

Harry looks over his shoulder briefly with a smile which causes Aphrodite's loins to twitch. Right
before the tentacle slides into her and starts to fuck her silly.

"Too much!"

"Oh, we're just getting started. Your husband hasn't attended to your needs for a very long time."

Hera growls and agrees. Zeus has spent a lot of time chasing down soccer moms and desperate
house wives, therefore she's been forced to deal with his bullshit and a few of his bastard sons. It's
long overdue how Hera's gotten a stud to call her own.

Aphrodite works the pole like she would expect. Her soft velvety walls open and close, milking
every single last inch of Harry when she slides all the way down. She pounds her pussy at the edge
of his pole.

"Oh, you're dripping for me. The goddess of love is dripping for a mortal."

"Honey, there's nothing mortal about you."

Without another word, Harry slams deeper and deeper inside of her. Aphrodite's aching thighs
receive an amazing pounding and her womanhood just drips and gushes, clamping down onto him.
She closes ranks around his cock and releases him from her grip.

She's working away at his manhood and edging Harry ever so closer to that big explosion. His balls
slap down onto Aphrodite's pleasantly warm thighs. He cannot resist sliding inside of her and then
almost pulling out of her. He's deeper and faster inside of her. The friction building between both of
them is a pretty intense feeling. Harry cannot resist going deeper and deeper inside of her, working
her body over.

Aphrodite is trying to suck his cum from his balls. Harry pushes himself forward and wants to do
everything in his power to make this goddess cum.

"Oh, I can feel you drip even more. You're so hot. Cumming all over my cock."

"It's a prize which I need! Keep pounding me! I feel those big balls aching for release. Don't stop
until we reach the end."

The harder Harry pounds Aphrodite, the harder the tentacle cock he conjured pounds Hera. The Queen of Goddesses never thinks she would be in the position to be rightfully fucked by the tentacles going in her body. And yet, there's just something about this which feels so right she cannot describe it by mere words. Only the pleasure she receives by having such manhood spiking deeper and deeper inside of her body.

Aphrodite's riding of Harry in front of her and watching Harry's endowment split open Aphrodite and bring her pleasure only makes Hera's blood boil. The second she takes the chance, she wants Harry inside of her.

The body of Aphrodite shakes when putting her hands on Harry's chest and riding him until he reaches his conclusion. This stud gave her so many orgasms, Aphrodite hates having to share him at all. Still, it's her domain to help spread the love and Harry has plenty of love to spread. Her thighs slap repeatedly down onto Harry and keeps working his tool into her body. She builds up an insane amount of momentum, the deeper and deeper Harry shoves himself into her warm body. Taking his cock makes Aphrodite just spill her juices all over his thick pole.

The second she pulls up, she only does so to drop down.

"It's time my love."

"Yes it is."

Harry's up and into her chest, grabbing her ass, and driving her hips down onto him. This alluring combination of Aphrodite squeezing his pole while she rides him makes him feel really good. It sends a swell of energy through his loins, one which Harry cannot hold back from delivering.

He keeps drilling her until the point where the tension in his body just rises. His loins demand release and Harry achieves release inside of Aphrodite.

The two divine lovers climax together.

"Oh, great Hera!"

Hera just gives Aphrodite a sardonic grin at her use of the lovely Diana's favorite declaration. The tentacle inside pulls out and leaves Hera panting and ready for the real thing.

In the meantime, Harry finishes up his ride, slamming himself deep into Aphrodite and stretching her out. Her womanhood closes in on him.

"It's amazing. You're the best."

"I know….I know."

Harry pumps her nipples and is rewarded by a refreshing drink of tasty goddess milk. Harry devours the warm milk from the nipples and that causes Aphrodite's body to flex and release his manhood several times.

She gets put through the gauntlet before Harry's complete. Satisfied, the two pull away.

Hera rolls over onto the bed, ass presented on the bed. Legs spread, dripping from the denial she has gotten earlier.
"What would I say if your husband is watching what I'm doing to you?"

A twitch comes from Hera's wet pussy the very second Harry moves in behind her. She's on her hands and knees now to allow Harry to touch all of her.

"I would have to say, that gets me hotter than ever before."

Harry just smiles and rubs his hands over the goddess's body. His throbbing cock comes close to piercing her warm lips. A push brings him deep inside of her.

She's so tight, it almost hurts, even after getting loosened up. And Harry's been inside both Athena and Artemis, who were both virgin goddesses before being fucked. Being inside Hera, is an entirely new level of tight. Her warm womanhood clamps down onto him and squeezes him.

"You haven't gotten the attention a woman like you deserves for a long time. Have you?"

"YES!"

Hera lets out those words in a very solid moan. He's deep inside of her and ramming away, working her wet hole as deep and fast as possible. Those big throbbing balls just keep bouncing at her and leaving their mark on Hera. He pulls away from her and slides deeper inside of her. Making sure her wet hole stretches out the faster and further Harry rams himself into it. He bounces back on her, slapping her warm womanhood with his balls.

A finger pushes on the underside of Hera's nipple and he squeezes it. Hera starts drooling in more ways than. Harry's all over her body and just working her over. The size of those balls slapping against her makes Hera stunned.

She cannot believe this divine man is pushing deeper and faster into her. The friction building between them is extremely intense and makes Hera pant. She feels like someone who is running a marathon. Harry's ramming away at her, thrusting his big manhood into her warm depths. She presses her walls against him and releases him. Harry pulls almost all the way out of her and slides deeper into Hera's perfectly tight core.

Hera clamps down and releases Harry several times over. She craves his touch and also how deep he's going inside of her. Harry holds onto her ass and then releases it only to spank it.

This action catches Hera off guard, but her pussy throbs with pleasure from Harry's hand smacking against her round ass cheek.

"You getting off on that? You enjoy me smacking your ass."

"Mmm..yes...yes baby."

Harry pulls back his hand and smacks Hera on the ass a couple more times. He thrusts deeper and deeper inside of Hera. The friction builds in his body the deeper he goes into Hera. He cannot resist her by any means necessary.

"I'm going to make you cum...but on my terms. The question is."

Harry moves in and pulls Hera up so he can whisper in her ear. He still grinds against her and makes the goddess just wine in pleasure.

"How much do you want it?"
Harry sucks the pulse point of Hera's neck and fondles her breasts. She looks up to see Aphrodite watching her with a smile and rubbing her pussy. This just makes Hera even more excited with the pleasure cascading through her body.

"Badly. I want this...badly."

"I'm sure you do."

Harry pushes his hand on the underside of Hera's breast and squeezes it very hard. She moans out loud and enjoys Harry working her nipple, fondling it and releasing it.

"Oooh, this is fucking great. This is the best! You're the best!"

Hera repeatedly drives her warm walls down onto her man. She keeps squeezing and release him between her legs. Trying to pump his immense load out and into her pussy.

Harry shows her that it's not going to be that easy. He lifts her up by the legs in a wheelbarrow like motion and rams himself into her. He slides into her body with ease. Every twitch of her pussy clamps down onto him. She climaxes hard and the juices just keep flowing. Allowing Harry to plant into her body.

He slides into Hera with ease. Every time he enters her body, her pussy clamps down onto him and releases his massive tool. Joy just hits Harry completely hard the deeper and deeper he goes into Hera from this position. He's ramming away on her dripping hot pussy. Each thrust edges Harry ever much closer to an amazing climax. His balls slap down on her and makes him feel that moment. Feel the burn.

Harry closes in on her and Hera cannot hold back for him. Her tightening walls send a flare of intense energy through Harry's loins the deeper and deeper he slides into her. His balls repeatedly and endlessly hit her at a certain point, making Hera just scream for more.

The muscles flare up, each orgasm on Hera's part feeding Harry. She's sopping wet and Harry cannot help and indulge himself in her. Her body becomes a lightning rod, reacting and squirming pretty much every single time Harry touches her. Harry touches her a lot.

"It's about time, isn't it? How many more times I can I make you cum. Underneath the eyes of your husband, remember?"

A loud roar of thunder from above causes Hera's loins to clamp. The fact she's getting fucked hard by this man who is not her husband and Zeus can do nothing about it makes Hera's entire body just experience waves of pleasure. The ways which become more prominent the deeper Harry buries himself into her.

She cannot resist him for very much longer. Harry holds pretty much all of the cards in pleasuring her body.

"Time for you to experience all of what we did today at once."

Hera realizes what he means.

"Great...me!"

Aphrodite just cracks a smile and rubs one at the image of Harry relentlessly fucking Hera under the eyes of a captive Zeus. His balls repeatedly and endlessly drum to her.
Hera's beginning to feel it, feeling the burn of several orgasms backed up at once. Endless pleasure waves shoot through her body. It calls for more touches from Harry.

Harry delivers it. Delivers the pleasure from her body. Sexual growls come from the man just pounding her senseless into the bed. If he's not holding Hera up to the legs, she would have collapsed into a dripping heap a very long time ago. Those balls slap Hera and come ever so closer in unleashing their bounty.

"It's my turn."

She clutches onto him tight, not wanting to waste a second. Harry's deep inside of her and fucking her. Hera feels much better than ever before and she's going to feel even better.

"I'm going to knock you up with Zeus watching."

Harry squeezes Hera's thick ass and works away at her. His balls ache and demand their release. Hera just calls for him and she's not going to let go until every last drop of essence squeezes from Harry's balls.

All three of them finish at the same time. Harry's bounty bursts, ramming deep into Hera. He rides out his pleasure. Enough seed spills inside of Hera to breed an entire pantheon of goddesses. Her sweaty body contorts when Harry keeps working into her up until the very last drop.

Hera can almost feel herself being knocked up by the powerful sorcerer. Her body glows from the immense amount of magical essence just blasting into her body at all potential angles. Harry sends her on a roller coaster ride, up until the very point where he finishes her off.

His cock leaves Hera's warm pussy and causes her to drop down onto the bed. Hera breaths in and breaths out. There's so much pleasure in her body. She basks in the afterglow.

A second after Harry leaves Hera, Aphrodite pounces him. It's not too long before Harry's ready to go again.

It's going to be long and hot night of worship, but Harry's willing to go the distance.

Thanks for the favorites, follows, views, kudos, and comments, and I'll see you on Sunday for the next chapter.
Circumventing Destiny (Raven and Terra)

Raven stops short of the front entrance to the chamber. She pretty much has to talk herself into going in due to the simple fact that what she's about to do requires her to swallow a huge amount of pride. The sands of time run out though as her father looms near and she's rapidly running out of options.

The doors swing open and Raven steps inside. She comes face to face with a figure which causes her to open her mouth wide in surprise. The blonde haired girl is very familiar to Raven as a former teammate of the Teen Titans. Raven's fists clench when looking at her.

"Terra," Raven growls.

Terra wears a skin tight black bodysuit to hug every single newly developed curve she has. Raven does not recall her ass and chest being this prominent since the traitor apparently died.

"Aren't you going to ask me how I'm alive?" she asks.

"The thought did cross my mind," Raven says.

"Enough."

A very strong and powerful voice forces Raven to turn around. A figure descends the steps with a physique which appears to be chiseled out of granite. Raven stops to stare at the man with his dark hair and green eyes. It's the person she's searching for, but she has no idea the mystic can be so handsome. Terra just smiles knowingly which causes Raven to adopt a very stoic look on her face.

"You're him. You're Harry Potter."

She says the voice in such conviction it comes across as a statement and not a question. The figure in front of her just breaks out into a smile and crosses the room to join her.

"Yes, I'm Harry Potter," he tells her. "And to answer your question, Terra is here because I've rescued her. She's not the only one and I think you might be in need of some rescuing."

"My father is coming," Raven says. "Time is running out. If I don't find a way to stop him, then the Earth is doomed."

Harry motions for Raven to walk up to him. She does and Terra watches as Raven comes up to him.

"Swallow a lot of pride to get here? Well, I think my master is going to have to swallow something else in a minute."

"I've felt your father coming for a long time," Harry says. "You were born to be a portal to bring him to Earth. He tricked your mother into conceiving you under false pretenses. They did everything they could to prepare you, but as the days approach you can feel him creeping into you."

Raven nods and she sees it coming. She walks over and unclips her cloak. It falls to the ground to
reveal Raven's sexy body covered in a black leotard. She reveals her arms and legs coated in runic symbols. Harry touches one of the symbols which causes Raven to jump up. There's goosebumps coming on her arm.

"And now, you see the problem," Harry tells her. "To stop your father, the portal is going to have to be destroyed."

"So, you're going to have to kill me?" Raven asks.

She resigns herself to this fact. She could not do it herself. Did she really come here for assisted suicide?

"Oh, there's more than one way to destroy a portal," Terra tells him. "The symbols on your body, they only work if the vessel is pure and untainted."

Raven processes what Terra just said.

"No one is able to get close enough to me to do anything like that," Raven says. "My magic kicks in, I get into a panicked state. There's this boy…who tried to get fresh with me. When he touched me, I sealed him in a pocket dimension."

"Yes, well I'm not just anybody," Harry tells her.

Harry takes a step over and wraps his arms around Raven. Her mind shuts down and her emotions start panicking at the thought of being so close to him. Harry wraps an arm around her and kisses her. Raven gives a gasp as Harry deepens the kiss.

His body feels so warm against hers. Raven's toes curl in her boots and her entire body feels so much lust. One kiss takes a lot out of her. Her tender lips become assaulted by Harry's touch. She breathes in very heavily.

"Empaths," Terra tells him. "All they need to have is a little motivation and their emotions become easy to control."

"So you've learned."

Raven sits down on the bench unable to believe her good fortune. His lips should be registered as deadly weapons. She snaps out of it and suddenly ropes tie around her to bind her to the chair. Being bound like this does not cause Raven to panic like she fears. Instead it makes her bubble with excitement.

Terra undoes Harry's shirt and the gets on her tiptoes to kiss him on the lips. His hands move into perfect position to cup her backside and give it a very tight squeeze. She's very pleased to enjoy her master. She sits him down on a bed which appears out of nowhere.

After ensuring that Raven's eyes are exactly where they should be, Terra undoes Harry's pants and causes his cock to come out. It already swells up big and proud. Terra wraps her hand around the base of Harry's prick and tugs on it to make sure it grows just a little bit more. She pumps Harry up and down.

"Go for it."

Terra curls her fingers against Harry and squeezes his cock. Harry jumps up to meet the palm of her hand. Terra rubs his throbbing erection to increase the heat both sides feel. Terra's tongue sticks out and she turns making eye contact with Raven.
The bound Raven feels the ropes just get a little bit tighter around her. Terra's tongue dances against Harry's cock and moves over to squeeze his balls. His cock is so big and balls are so full of cum. Raven dreams of having the cock drive into her body and fill her up until it spurts and fills her up.

Harry rests his hand on the back of Terra's head and guides her working mouth down to the base. Harry holds his fingers deep down onto her scalp. She keeps one eye on Raven and the other on Harry. Her mouth encases Harry and releases him.

Terra digs her nails into the thighs of her powerful master. Her tongue keeps darting against him and then she pulls his cock all the way out. She flicks it to make sure Raven sees the cock dripping with salvia. Then, Terra, with a slutty smile, wraps her lips all the way around Harry's cock and sucks him hard all the way down to the base. Her fingers clasp his balls.

A small vibration coming from her hand stimulates his balls. Harry shoves his cock into Terra's mouth and roughly face-fucks her.

"About ready to earn your reward," Harry hisses.

Terra clutches his balls and happily fills her throat with his cock. He keeps working away at her mouth and Terra keeps sucking him with a happy smile on her face.

One thrust brings a splatter of cum down Terra's waiting throat. He holds onto the back of her head and sends more splatters into her mouth. Some of the cum goes down her throat, and a few small droplets come out of her nose. There's plenty of seed in her mouth.

Terra rises up to her feet and moves over to Raven. She shamelessly peers at Raven's erect nipples. Raven's pale skin becomes a bit more colorful.

"Red's a good look on you," Terra tells her.

She grabs Raven's cheeks and slides her cum-coated tongue against Raven's mouth. Raven opens up and Terra gives Raven a very sloppy kiss. Cum and salvia slips into Raven's mouth. Terra grinds against Raven before pulling back away from her.

She ever so briefly flips a vibrating finger against Raven's clit which forces her to jump up.

"Master, I don't think she's quite ready yet," Terra says.

She moves over and undoes the zipper of her cat suit. Terra's not wearing a single stitch of clothing underneath it. Her nice supple breasts, tight toned stomach, thick juicy ass, and long legs are display. One look at Terra's smooth cunt shows that the only hair on her body is on the top of her head.

"And I'm ready for you."

"Come here."

Harry's words cause Terra to sink down onto her lap. His erect cock pokes her in the back and Terra just smiles when rotating her hips all over Harry. Harry wraps an arm around Terra's waist and holds her in position. His cock comes ever so close to dancing against her nether lips.

"Take me while she watches."

Terra sits in the hot seat for Harry's massive cock to slide its way inside of her welcoming pussy.
Harry holds her arms and then pushes her down onto his lap.

A deep intake of breath comes from the other end of the room. Raven's gaze falls onto Harry's cock when Terra pushes herself down onto it. She moves up to see the bouncing, jiggling breasts, and then the look of pleasure. All of Raven's body becomes a conduit for pleasure. No matter how much she wills herself, she cannot break free of the ropes. All Raven can do is wait and watch and see what is going to happen next.

Terra works her hips down onto Harry. His hands find their way to the back of her neck and the to her front. She arches back so Harry can touch and squeeze her breasts. Her body shakes and she cums all over Harry's invading cock. This causes Harry to slide deeper inside of her.

"Fucking hell, luv," Harry breaths. "You're the best."

"I aim to please," Terra tells him with a small smile on her face.

The throbbing hard cock smashes into Terra's wet pussy. Her cunt tightens around Harry and releases him. His fingers grip Terra and wiggles down onto him. Terra holds herself down on his cock and squeezes him. Her tight ass wiggles and Harry spanks it a couple times.

"You can really satisfy us for fucking days!" Terra yells. "Baby, I'm going to cum again."

"Don't hold back."

The silk tightness of her body clenches down onto him. She makes sure to allow Raven to see how deep his cock penetrates. Her eyes and mouth hangs open as the former dour girl now enters a state of extreme lust. She's just another sex-crazed girl who craves the only thing in the universe that matters.

Harry clutches Terra's tits and pushes her down onto his lap. Her slick slit clamps down onto Harry the further he pushes deep inside of her. Harry leans in and nibbles her neck which makes her moan in pleasure. His fingers brush against nipples and makes her groan and moan.

"Time again?"

It is time for Terra to cum again. Her slick center clamps all the way down onto Harry and releases his cock. Juices spill all over Harry's cock and start to coat his balls. He shoves his way back inside of her and pulls pretty much all the way out of her. His balls slap Terra on the thighs the deeper Harry pushes.

"Good," Harry groans. "It's going to be my turn soon, and hers as well."

Raven's eyes snap back when she's brought into the conversation. She can hardly wait to get nice and fucked by Harry. His big cock slams further inside of her body and stretches her out completely. Is it just her imagination or are those ropes getting even tighter?

Not her imagination her pussy gets wet and there's only one thing to put it out.

Terra slams herself down onto the mighty cock of the man who owns her and she owes her life to. He tugs and squeezes at her nipples. A small amount of drool pops out of the side of Terra's mouth on the constant and never ending pushing back and forth that Harry delivers.

"Harry, I'm close again," Terra breathes. "Are you?"

"Yes," Harry tells her.
Raven thanks any god that will listen that they are close because if Terra's done, that means she's close to getting Harry's big cock rammed inside of her tight virgin pussy. More images enter Raven's mind about her being deflowered, her innocence being ripped away from her.

"Yes, finish her," Raven breaths. "My virgin pussy needs your cock."

The very sensual and powerful sounds of lust coming out of Terra's sweet mouth makes Harry just drive his hard cock deeper and further into Terra. Her pussy closes ranks around Harry the further he pushes inside of her. Eventually, all good things come to an end.

First, Terra's climax reaches and she tightens around Harry's cock. He rides out her orgasm much to her delight before cumming inside of her. His warm seed splashes all around her and fills her up completely.

Harry drives deep inside of Terra. She clenches and releases him to make his seed spill into her body. He buries his face in her neck which makes her coo in delight. The sounds coming from her make Harry excited the further he rams inside of her.

The second Harry pulls out of Terra, he puts his full attention on Raven. He waves a hand and the ropes come off, along with Raven's clothes. Her beautiful body with large full breasts, a toned stomach, long legs, and an ass which is made for grabbing and fucking comes out.

Raven crosses the room and throws her legs around Harry's body. Harry smiles when putting her down on the bed.

"You haven't had anything yet until Master has eaten your pussy," Terra says as she absent mindedly swirls a glop of cum around her finger.

The attention of the half-demon becomes directed to Harry's tongue and lips and her legs spread. Harry smiles as a purple hair pokes out to cover her cunt.

"Carpet matches the drapes I see."

Harry's fingers brush against her pussy opening. Every small touch he gives to Raven sends electricity through her body. The writhing girl experiences brand new emotions the likes of which she's never felt in her life.

The next play sends Harry's tongue dancing against her warm lips. Raven's thighs part further and she moans. Her nipples come up hard and tight. She looks up just in time to see Terra join their fun by cupping Raven's tits and sucking on them.

"I've always wanted to suck on these," Terra tells her. "But, I didn't want to get sealed in a pocket dimension."

Raven's hips jump up to meet Harry as his tongue tastes her throbbing pussy. "Don't...test your luck."

The duel sensations of Harry eating her out and Terra motorboarding her tits drive Raven completely and utterly insane. Their mouths, their tongues, their hands, everything drives Raven completely and utterly mad with explosive lust.

Harry comes up from Raven and she drops on the bed panting in pleasure. Raven's eyes look up to Harry and her thighs spread for him. She maintains eye contact with Harry.

"Could you...tie me up again?"
Raven rolls over onto her front side to stick her ass on the bed. Harry smiles and waves his hand. The ropes wrap around Harry's body.

The power swirling around Raven's body obviously may prevent what is going to happen next. Harry works himself against her with the runes burning frantically all over her body. The stroking and tender fingers all over Raven's body cause her to explode with lust.

Harry swings his big cock against her wet pussy and then pushes against her nether lips. Raven's thighs part pretty much all the way for Harry.

"This might hurt a little. But it's going to be worth it."

"Go ahead."

Raven's too far in to chicken out right now. She feels his big cock dancing against her entrance and about ready to open her up. The minute that cock breaks past her barrier, Raven will finally be free. Every single nerve ending of her body burns with agony and her powers flare up.

Never the less, Harry drives his way past her barrier. Pain shoots through Raven's body and also freedom, freedom from her father's pull. She can hear a scream of agony with Harry burying his cock into her tight pussy. A dam of repression breaks in Harry.

The moment the initial pain leaves, Harry finds himself in one of the tightest, wettest, and warmest pussies ever. Raven's body squirms in the ropes the deeper he penetrates her.

"Fuck me like an animal!" Raven yells out. "Drive your big cock in me and spoil me for life!"

Terra rubs her pussy watching the normally stoic Raven turn into a shameless dirty slut while in heat. Something else comes out in mid-air and runs down Terra's thighs.

"And for the record, I always wanted to do this to your tight pussy."

A tentacle works its way up Terra's thighs. The slimy magically conjured appendage swirls around Terra and rubs against her. Her hips pump up to meet the tentacle as it keeps going inside of her and then it pulls out before ramming back in.

Harry drills Raven hard from behind.

"Don't be afraid to feel new emotions. Just let your mind go where it needs to be and your body will feel so good."

"Don't worry….I'm not!" Raven yells. "Oh god!"

She clamps down on the hard cock driving into her body almost afraid to relinquish her grip around it. Whatever happens is going to happen. Harry cups Raven's supple tits and then pushes his fingers against them. He leaves her breasts for a minute.

"Don't stop!"

Harry slaps Raven's ass and squeezes it hard. He keeps planting his cock inside of her tight cavern. The heat combining both of them scorches them like an inferno. Yet, neither wants to hold up.

"You're going to cum with a cock in you for the first time. How does that make you feel?"

"Like I've never been more alive."
As Harry promises, his hard cock slips inside of her wet pussy and then pulls almost all the way out before spiking himself inside of her. His cock pushes inside of her body and Harry pulls almost all the way out of her before driving inside of her body.

Terra finds the tentacles on the bed driving into her holes. One rams into her mouth, the other in her ass, and another deep inside of her pussy. The slimy liquids lubricate her and make her feel really good. A pulse of magic from across the room twists her breasts.

The lust from the both lovely ladies fuel Harry on. He's pretty certain that Raven will be a return to his chamber, even after her portal problem is fixed. His cock swells when he drives into it.

Harry almost can hear Trigon raging in the distance about his plans being spoiled. And Harry spoiling his daughter. He rams away in the bound and tied Raven to drive his cock inside of her tightening pussy.

"Cum inside me!" Raven yells. "I need it in me!"

"Well, look on the bright side. Your father loses a portal, but gains a granddaughter. Too bad he'll never see her grow into a lovely young woman."

Raven clutches her pussy around Harry's cock. He fills her up in every possible way the deeper he plunges inside of her. Her womb, young and fertile, prepares to receive Harry's virile seed.

Harry's cock drives deep inside of Raven and fills her up with his essence. Ropes shoot into Raven's body and he can sense her growing arousal and excitement of being knocked up by Harry. Harry holds onto her and drives himself into Raven.

The impregnation is necessary to make sure Raven's completely lost to Trigon. He sinks into Raven to make sure a few more blasts of seed spill into her body. He can feel the warmth and the boost of power coming from impregnating such a powerful woman.

Harry lets Raven drop and turns to a drooling Terra with cum splattering out of her holes.

He picks up Raven's communicator and makes contact to another one of his lovers.

"Hey, Kory, I took care of it. If you want to come up here now, that would be great."

End.

Next Chapter: 4/24/2018

Thanks for the favorites, follows, kudos, views, and comments. I'll see you on Friday for the next chapter.
The day after that time of the month passes with the first rays of sunlight coming up. Lillian Moon shifts away from her bed. It pleases her greatly the only hair on her body is now on the top of her head which makes her smile. Her vibrant brown-eyes open up. A gentle breeze goes through the window and even that stimulates her.

After the transformation Lillian enters a state of hyper-sensitivity. It does not take much to trigger her in the few days leading up to the full moon and the few days leading up to the full moon. She takes a minute to survey the damage on the bed.

The backboard of the bed receives the benefit of clawmarks. The sheets become rip as well and there are teeth marks and salvia in the pillow which she bit down. Hair on the bed puts Lillian in position to clear things out. The worst part of the transformation is the shedding all over the bed sheets.

The handsome young man lying in her bed causes a look of mischief to spread through Lillian's face. Harry Potter, the hero and savior to many witches and magical creatures the world over, lays in her bed. He's completely naked and his erect cock calls to Lillian.

She succumbs to the siren song and gives Harry a long kiss on his lips. Harry shifts in the bed for a second. Lillian moves down and kisses the side of his neck. She sucks on his neck long and hard and keeps worshipping Harry. Her nails drag down his body.

Harry keeps her company through the tough part of the werewolf transfiguration. He often jokes he may be a closet furry because of what they get up to. Some of the Muggleborn girls in Harry's collective clue in her and she appreciates the joke.

More warm kisses coat Harry's body. Lillian seeks her prize after teasing herself. Her lips, plump and perfect for sucking cock, slide around the manhood sticking up in the air. Lillian holds his hips and drops her mouth down onto him.

The head of Harry's cock hits the back of Lillian's throat as she sucks Harry into her mouth. Lillian closes her throat around him and releases Harry into the back of her throat. Lillian's warm eyes watch for any signs of movement. Her breasts brush up against the hair on Harry's legs which rockets tingles through her.

Lillian deep-throats his cock with lingering animal instincts putting that part of her in the driver's seat. She releases his cock between her lips and plunges it down into her mouth.

"My, what nice lips you have."

The smile appears on Lillian's face. Harry's conscious now. She sucks him for a few more seconds and hopes he enjoys the very warm wake up call. She pulls herself up and grips the underside of Harry's cock. Her hand pumps him which causes his cock to swell even more. A naughty tongue circles around Harry's crown.
"All the better to suck your cock with, my dear."

Lillian pushes her mouth down onto him. She does her best impression of a vacuum cleaner and sucks Harry completely hard. His cock disappears into the back of her throat as it opens up. The desire to mate and be bred by Harry only increases Lillian's desire.

"Fuck, Ana, you're going to have a bunch of angry witches pissed at you if you keep this up."

"Oh, because I suck your balls dry. Don't worry, there's more where that comes from. There always is."

She squeezes his balls and then brings Harry deep into her throat one more time. Her cheeks bulge out from having the cock inside of her mouth. She can feel Harry's cock swelling and about ready to expand. She milks his balls.

The combination of a warm mouth and skilled hands end up being the end of Harry's resistance for this morning. He clutches the back of Lillian's head and drives his cock deep inside of her mouth. His thick balls slap against her chin as hard as possible.

Harry rockets his load into the back of her throat. Lillian enjoys the divine treat shooting its way down her gullet and she hums when driving her warm lips down onto him. The hunger flashes through her eyes when she keeps sucking Harry.

A pop follows and Lillian allows Harry's half-softened cock to fall over. She climbs on top of Harry with a primal look on her eye. The predator prepares to devour her prey and she kisses Harry on the jaw. Harry's hands roam all over her back.

The slightest touch brings Lillian over the edge of pleasure. Harry knows it and happily exploits her horniness. He digs his nail into the side of Lillian's neck which causes her to shiver and milk to leak out of her breasts.

Harry zeroes in on her still swollen breasts. A pinch of her nipple causes more milk to spill out.

"Damn it! Are you trying to drive me insane?"

The somewhat innocent and at the same time very calculating smile follows from Harry. His mouth latches onto Lillian's nipple and he sucks it. The taste of her warm milk pours out of Harry's mouth. He runs his finger down to her back.

"Harry! You have to have mercy because you're going to drive me completely mad."

Lillian howls when a naughty finger slides down her back and slips into her pussy. Harry just brushing against the entrance causes her unrest and moist thighs. His finger actually rooting around inside of her combining with sucking on her swollen nipples drives Lilian completely beyond the edge.

"Fuck! Fuck! Oh fuck!"

Harry sucks on her throbbing hard nipple and Lillian throws her head back. His fingers keep digging against her back and then rooting around inside of her pussy.

Lillian rolls over onto her back. Harry smiles at her and leans into her ear.

"The predator becomes the prey. Fitting and unfortunately, predictable."
The reason why Harry can tame her during the transformation becomes evident. He nibbles on Lillian's earlobe which causes her entire body to flare. Her nerve endings burn because of the hyper-sensitivity post transformation. Harry's touches flare her up like a marathon session of wild sex. His mouth latches onto the side of her neck and Lillian thrashes down on the bed.

Harry holds tight onto her breasts and milks them with his hands. Her breast milk shoots up out of the air. Harry catches the warm milk in his mouth.

A large container levitates and lands on the bed. Harry twists her nipples and causes Lillian to thrash down upon the bed. He collects a container full of her warm tasty breast milk.

"Turn over."

Harry flips Lillian over on the bed. Her full ass sticks firmly in the bed and her pussy is wet and swollen, ready for insertion. Harry tips the container of milk onto her back and covers her entire end with it.

"Sweet Morgana's cunt."

"Her cunt is sweet. But not the one I'm intending to take today."

Harry attacks her back with torturously long licks to drink the milk off of her back. Her nerve-endings become very aware of what he's doing to her. She cums all over the bed and more milk shoots out of her. Harry's hands join his mouth and tongue seconds later.

"You bastard!"

"I know," Harry says. "I am."

He teases her pussy with many slow and long caresses. He can get inside of there at any time. She's more than wet and ready. The thrill of the chase and the thrill of riling her up makes Harry excited. He leans to the back of Lillian's neck and nibbles the back of it.

"Fuck!"

That magical word comes out of Lillian's mouth before she can help herself. Harry's hands roam everywhere they should be. She can't even process what is going on right now.

"Being a wolf you should appreciate the hunt is all about the chase and it makes the reward all that much sweet."

Her pussy juices so much Lillian swears it can flood an entire desert. His fingers are now all over her and touching her in the spots which drive her nuts when she's not coming off of a post transfiguration. Now it's complete legalized torture and yes it feels so good.

Harry's cock aches for her just as much. She's gotten off more than enough and it's time for Harry to get off. Harry slides into Lillian.

"Fuck, what a nice tight pussy you have."

Lillian's mind snaps back into life. "All the better…for you to fuck…my dear!"

She's barely coherent. Harry slides his large rod inside of her. There's literally no room for her to breath. His cock buries deep inside of her body. He pulls her up off of the bed and then clutches her breasts. He still milks her breasts while fucking her.
Harry's fingers coat with Lillian's breast milk. It only inflames his desires to throw all passion to the wind and drives his cock deep inside of her tightening ass. Harry holds onto Lillian and smashes her ass with a series of thrusts, going deep and hard inside of her tight anus.

"Keep fucking me!" Lillian calls to him. "I want you to keep fucking me! Don't slow down!"

"I won't! You're mine! And I'm going to leave you feeling this until the next full moon."

She does not doubt Harry for one single second. A nice warm taste of her own breast milk only causes more to leak from Lillian's nipples. Harry pushes his cock deep inside of her and jolts her back to the conversation of it. He torments Lillian with more touches and more caresses.

The finger brushing against her tight asshole sends Lillian into jolts of pleasure. Harry pushes her down onto the bed. Lillian does not rip this pillow in half like she did the other night although it comes pretty close. Harry buries his huge cock inside of Lillian's tightening pussy and pulls almost all the way out. His balls smack against Lillian hard with multiple powerful thrusts.

"Good," Harry tells her. "Hold on!"

Lillian agrees she will hold on for the very last moment. Harry's all over her body and really making her lose all sense of everything. Her entire life flashes before her very eyes the deeper Harry plunges inside of her. Stars flash through her mind as Lillian enters a pretty large orgasm.

"I think that I know where I want to put my cum."

Harry pulls out of Lillian and it's almost like she's being cut off from pleasure. Harry pulls Lillian up and she straddles his lap. The second Harry's cock pushes against her asshole she freezes up.

"Please! Not there! It always drives me nuts when you do it any other time of the month. Please don't stick your big cock in my sensitive asshole. I don't want you ripping me apart and making me feel better than I've ever felt before!"

A dazed smile flashes over Lillian's face with Harry lining himself up for her. Her tight asshole prepares for penetration and there's only one place where it could be. Harry holds his fingers to her and his cock against her back entrance.

"I have to. Your ass is just too delicious to pass up."

The first inch of Harry's cock parts her backside. Lillian holds onto the back of his neck and howls the second he enters her. His cock sliding inside of her ass almost makes her black out from the pleasure. Harry stays the course and eases his cock inside of her.

Her tight asshole becomes the new home of Harry's cock. Lillian's magic recognizes the need and lubricates her asshole for Harry to slide back in there. Despite her asshole being well lubricated, it does not mean it's any less sensitive for Harry's intrusion.

He keeps driving his big cock inside of her from behind. Harry assaults Lillian's jiggling breasts. They just dance in front of them and drive him mad with lust. She has a nice set normally. The transfiguration pumps then up to a level which is simply amazing.

Harry assaults her breasts in time with her ass. Two of the most sensitive parts of her are sexually bombarded. Harry's fingers turn and twist on Lillian's large breasts. She moans deeply and in pleasure the further Harry works over her swollen nipples.

"Don't slow down! No matter what."
No danger in doing that! Harry slams his cock inside of her ass. Her warm tight back passage holds onto Harry's cock and releases him. Harry holds onto her and keeps working his way inside of her body. Harry pulls almost out of her and teases her.

Flares of erotic energy blast every fiber of Lillian. Her body soaks with sweat, arousal, and milk, along with drool dripping from her mouth. Harry's cum will find a new home in her ass and anywhere else she wants to put it. Her anal muscles clench against Harry.

A feeling blasts through her next almost like a second cock slides into her pussy. She looks up at Harry who just flashes her a knowing smile.

Magic really can do wonders sometimes. Two cocks, or at least the feeling of two cocks, double-penetrate Lillian. Harry holds her head and then kisses down on her neck.

One spot on the side leads to increase pleasure. Harry zeroes in on it to make Lillian gush. The double feeling of pleasure against her two nice warm holes.

"Ana! I'm close."

"I am too," she manages in a heightened breath.

The number of orgasms long since have been lost track. Lillian cares very little about that. All she cares about is receiving Harry's large and sticky load inside of her. She keeps working him over. Lillian holds onto him and those balls come very close to cumming.

Harry shoves his cock into her tight asshole and cums deep inside of her asshole. His seed spills into her and makes Lillian thrash and jerk around him on. He sees the bright light pop in his eyes from releasing in her tight and delicious ass.

Several more orgasms flash through Lillian's body. She becomes a depraved mess of bodily fluids after Harry finishes up in her ass.

'Worth it.'

Lillian slides away from Harry. Despite being fucked hard and fast, an empty feeling spreads through her body. She turns over onto her hands and knees.

Her warm mouth wraps around Harry's big thick cock and she decides to do her duty and clean-up her mess.

Harry smiles at the display in front of him. Somehow Harry figures he would be in for a long morning to tame Lillian's post-transformation urges.

End.

Thanks for the favorites, follows, views, kudos, and comments and I'll see you on Friday for the next chapter.
Power is something that Harry did not understand when he was younger and more naive. When older and more inclined to understand the various powers of the universe, Harry enjoys the power. He knows that many people respect someone who can get things done.

Speaking of getting things done, Harry gazes down upon the two women who kneel before him. One, a beautiful green skinned woman who looks like she may be seconds away from killing anyone who crosses him. The other, a ravishing redhead, with a body built for skin, poured into a tight black jumpsuit. Each inch of her entices anyone who gazes upon her more than the last.

"Just who are you?"

"My name is Har-Zod. And I don't even have to ask who you are. You are Natasha Romanova, the Black Widow, and you are Gamora, the Deadliest Woman in the universe."

A wave of his hands causes the chains around their necks to snap up and cause both women to lead forward. They start breathing heavily.

"No. You're a myth. You….

Harry just smiles at Gamora and leans completely forward.

"I'm more than that. I've become more than what the world I helped save and then destroy thought me to be. They thought they could control me. But I showed them."

The two women land on the bed and much to their surprise, Harry unhooks the collars from them and throws the chains down onto the ground. The Black Widow in particular wonders why he did such a thing because someone, especially someone of his his caliber, would not toss away a tactical advantage like this.

"What are you doing?"

"I'm here to make you an offer. You are two of the most beautiful and dangerous women in the universe. There are other threats, and they will get more dangerous. I've been recruiting some people, but there will be others."

Harry leans closer towards them.

"Join me?"

Gamora sits bolt upright and looks him dead in the eye.

"Join you? After you had us in chains."

"I had to make sure you were compromised by him. And you weren't...thankfully. But, now, that I have you...we can really get down to business."
Everyone comes back to the Black Widow. The explosions, the battles, the hell on Earth, and the
dangerous force which comes down upon them. Then, the hooded figure who pulls her out of a
very tight spot. She turns to him, with a raised eyebrow.

"I think we should hear him out."

Gamora raises an eyebrow.

"You realize who his father is?"

"And you realize who yours is?"

That causes Gamora to silence in an instant. Those words coming from Har-Zod make her silent.
He removes his robes and drops down onto the bed. A sleeveless shirt and a pair of shorts only
gives them the slightest hint. Gamora's blood rushing.

"I'll make you a deal. If I can't leave both of you satisfied, then you can do what you wish to me. I
won't fight back."

Black Widow just smiles and studies him. She really thinks this might be a good time. Natasha
jumps in and kisses the handsome man on the lips. He returns the kiss, wrapping his arm around
her. The game of tonsil hockey they play, with Natasha pressing herself against his body, increases
with each passing moment.

Despite her attempts to maintain a cool and crisp composure, Gamora finds herself just a tiny bit
distracted by what happens. The view of this powerful man's hands running down the sultry body
of the Black Widow makes her hot and if she's honest, a bit jealous. Of course, jealous for who,
really depends on what's perspective of the situation.

Harry pulls away from Natasha and she smiles. She drops to her knees without warning and pulls
off his pants. While Natasha does so, Harry beckons Gamora to come up. Gamora does not wait a
moment of time and kisses Harry on the lips. Her tongue smashes down his throat.

Natasha analyzes the piece of pipe she has to work with at this very moment. Big and thick,
throbbing hard, and she cannot help and run her thumb against the veiny cock. She prepares to
open her throat up to him and push him down into the depths.

Hunger and lust burn through the Black Widow when she takes her savior's cock down her throat
and sucks it extremely hard. The stretching of her throat allows him to enter the back of her throat.
Har-Zod pushes down and puts one hand on the back of her head.

The other hand moves down Gamora's body and undoes her outfit to reveal her dripping wet pussy.
Harry slides a finger into it and pleasures her on the bed.

Gamora closes her eyes tight. She tries not to succumb, but unfortunately for her, submission is
near. There's no one who can withstand the pleasure of Har-Zod for long.

"I will have you moaning beneath me by the end of the night."

The declarative and confident admission gets Gamora a bit wetter for this. She's not going to lie.
Harry situates himself and leans down to kiss her nether lips. Gamora lets out a sigh of relief.

Harry knows how to pleasure this woman. A tongue dances down Gamora's warm slit and causes
her to shudder. He has her right where he wants her and he's not about to let up, not for a second.
Harry darts against her and allows Gamora to shift up a tiny bit. Her pussy oozes underneath his
swirling tongue.

A squeeze of his ass makes Harry not able to forget the Black Widow and what she's doing to him. She's introducing amazing pleasures to his southern region. Worshipping his long pole and making him feel really good. The Black Widow's body is made for seduction and kicking ass. Harry knows she will be one of the best recruits.

He buries his face between Gamora's legs while Natasha sucks his manhood. She keeps darting her tongue around it and hitting all of the nerve points on Harry's cock which only increases his pleasure. Her hand cups his balls and fondles them.

The amount of cum building in Harry increases. Natasha cups his balls and releases them, the hunger just burning brightly through her eyes. She darts her tongue all around him and keeps sucking his cock. Speeding up the actions, Natasha drives him deeper and further into her mouth.

"Mmm."

Those wonderful sounds build up, with Natasha hungering even more for his manhood. Natasha pulls back and starts swirling her tongue around him before backing up and sucking him off some more. The redhead minx continues to go down on him and eases Harry closer and closer to his climatic point.

Harry holds onto Natasha's hair and pounds her sweet little mouth as hard as possible. She slurps his massive cock and releases him with a fluid motion. The rapid fire rate he works into her, while continuing to lap up Gamora's tasty pussy, makes this a pretty good feeling.

The explosion almost is near and Harry cannot help and come very close to popping. He puts his hand on Natasha's head and shoves more of his cock down her throat. His balls smack her in the chin and Harry pulls out before driving more of his cock down her throat.

"Mmm...mmmm..mmm!"

Gamora joins with the moaning. She cannot resist Har-Zod anymore. He's an able gentleman and more than able to please both of them.

'Cum.'

This word hisses in Gamora's pussy and makes her body tense up before sending her juices rushing over on Har's face. He sucks them up and makes her trash down upon the bed. Nipples standing up at attention and begging to be pleased.

Harry pulls away from Gamora and diverts his full attention to the Black Widow. He rigorously pounds her mouth and makes the Black Widow moan underneath his big, throbbing cock. It shoves repeatedly down her throat and chokes out the beautiful woman. His balls slap against her and drives the Black Widow further to the edge.

"Mmm...mmmm." 

"That's right. You're going to get your reward now. You've done such a good job, sucking my hard cock. It feels good for you, doesn't it? Feels nature."

Natasha finds herself slowly becoming addicted to the piece of meat sliding down her throat. She hums and deep throats Harry a few more times. Rocking herself back and forth down on her, Harry repeatedly drives his cock slower and slower into her mouth, until the very point where his balls just threaten to burst.
A loud grunt follows with Harry sending the seed burying into the back of her throat. Harry shoves his cock all the way down her throat and drains his balls into it. He hangs on for the ride.

Harry pulls out and leaves the Black Widow with a mouth full of seed which she swallows. Harry pulls her up to a standing position and uses his heat vision to burn her body suit off. He only causes the fabric to disappear, leaving the Black Widow there in all of her glory.

"Your cock is hard again."

"Well, who wouldn't be hard when seeing you naked? You are delicious, my dear."

Large round breasts, a tight stomach, wide hips perfect for grabbing onto and driving into her nice tight pussy, and said pussy which drips wet. Not to mention her juicy legs. Harry positions Natasha down onto the bed next to Gamora.

"Why don't you two women cement your new sisterhood with each other?"

Instantly, Gamora understands what Har-Zod means and cements their new partnership with a long and passionate kiss. Natasha returns said kiss with fire, and presses her round breasts against Gamora's. Tongues, hands, bodies, they all meld together. Gamora gets into this instantly, shoving her tongue into Natasha's mouth and getting the remains of Harry's cum.

Natasha pulls away from the green-skinned Guardian and smiles.

"Wouldn't you like both of us to pleasure you hard body?"

Harry sits down between Gamora and Natasha and both lovely, and strong women, pleasure him with caresses and kisses. They toy with his muscles, but obviously they find the best interest in the muscle between his legs. A few seconds later, Harry just smiles.

"You want to see a magic trick?"

The power within Harry allows his body to adapt to many circumstances. He shows both Natasha and Gamora one of these adaptions, as his pelvis expands slightly to accommodate a second cock and set of balls which grows out of thin air.

Gamora's mouth opens up suddenly when she views two throbbing hard cocks, standing up straight. She managed to take a few seconds to catch her breath.

"That can't be real?"

A sultry smile appears on Natasha's face when she puts her hand on the manhood of the powerful god among men.

"It feels real."

Natasha pumps Har's second cock a few times and makes it swell up completely. She leans down upon him and wraps her warm lips around his cock. She gives it the full experience, tasting it for around a minute. The minute Natasha finishes it up, she pulls off of him.

"It tastes real."

Natasha cannot help and imagine both of these cocks sliding into her holes and pounding the daylights out of her, after Gamora's done.

"Help yourself, there's plenty to go around."
Both women climb onto his legs and straddle a cock apiece. They turn to each other, sitting on the side of Harry. Natasha grabs Gamora's head and shoves her talented tongue down the Guardian's throat before rubbing her womanhood down onto Harry.

Harry enjoys the sensation of two really tight pussies wrapping around each of his cocks. The added nerve endings pulses energy of the best kind through his body. Natasha's box and Gamora's working in complete harmony with each other, bouncing up and down upon him.

The powerful young man feels pleasure. He could create duplicates and fuck as many women as he wants, but growing a second cock and watching both women bounce upon them while fondling and kissing each other, that's a pretty amazing feeling as well. Harry vigorously slams into their holes.

"Who is your man?"

"You...are!"

Gamora buries her face into Natasha's chest and sucks on her nice juicy breasts. This visual makes Harry break out into a smile. The closer and closer Natasha pushes Gamora into her chest, the hornier the beautiful woman gets. Going down on her, sucking her breasts.

It excites Natasha as well get get the beautiful guardian to suck on her tits. She tries to overstimulate Gamora's mind, so she can have Harry all to herself. Natasha's more than confident with her endurance and training, she can outlast the woman in question.

Although, Harry gives her a hell of a run for her money. He works her pussy out, stretching it to the brink of pleasure. Her wet core expands and releases, trapping Harry's phallus in there. She closes her walls down upon him and lets out a very deep breath of pleasure the faster Harry goes down in there. The mighty cock drives faster and faster into her body, stretching her out completely and allowing Natasha to scream to the heavens in pleasure.

Harry enjoys the intermingling moans of both women. His hands stretch past the normal reach of a man and he fondles their breasts and squeezes them. He moves around to cup their asses and they squeal in excitement. His cocks move like a well-oiled machine, driving into both lovely women.

Black Widow leans in and attacks Gamora with a vigorous series of kisses, trying to help Harry overstimulate her body. Gamora holds on for as long as possible.

"You might break soon."

Gamora tries to hold on with fierce determination. Harry's manhood pleases her tight body in a way which she never experiences in her life. It touches her in all of the right spots and sends her pleasure driving over the edge. Natasha's bravado may be on point.

It will not stop Gamora from holding down. Pumping her womanhood around this cock and trying to get Harry to cum inside of her, before she blacks out.

Harry feels Gamora closing down upon his second cock. These magically grown cocks do not have the durability or resistance of Harry's natural manhood. Although, he's been known to be a bit better in these circumstances. He keeps driving his manhood as far and fast into Gamora's greedy holes, making her feel really good.

"You're...something else. Aren't you?"

Those words just come out of her just as Harry thrusts deep inside of her. He's inside of her and making Gamora's mind go overboard with pleasurable sensations. She clamps down and releases
him, trying to hold on for the distance.

Black Widow pinches her nipples and over stimulates Gamora's body. She cannot have known that Gamora's nipples were a particularly sensitive point. The moment Gamora betrays their sensitivity, she does it again and again until the very point where her body ripples over the edge.

"Oooo."

Harry works himself closer and closer to the edge. His manhood slides deep into Gamora with the cock he's born with sliding into Natasha's greedy cunt. She clamps down onto him and refuses to let go. Both of the women fondling each other, with Natasha winning that particular battle of domination spurs Harry closer to the edge.

Only one cock explodes and that's the magically grown one. The first blasts of warm seed splatters Gamora's body and injects her.

The cum starts flowing and keeps flowing. Every time Harry blasts Gamora's walls with his seed, she shakes a little bit. She cannot resist the overflow of seed spilling into her body. The sound of his thick balls cracking down against her when he achieves release makes Gamora clamp up onto her. Her muscles work to a fever, bouncing up and down.

The magical cum entering her body changes Gamora's life. Her stomach swells from the amount of seed spilling into her body. Harry hammers her to the end and she loses all sense of herself. The only thing which matters right at this moment is giving and receiving pleasure.

Harry finishes up on Gamora, the magically created cock disappearing.

Natasha releases Harry's natural cock and causes it to throb, demanding the release it's not achieved. The Black Widow smiles as Gamora falls back on the bed. A river, a flood of cum, just bursting from her pussy. Her swollen stomach shows there's far more and Natasha leans in to make sure Gamora's out for the count.

She turns and grabs Harry by the cock, now getting her full attention. Harry just smiles.

"You really think that you're in control, don't you?"

An invisible finger brushes down Natasha's spine and stops just short of giving her full release. It reminds her of who is control of this sex.

"I bet you want me to grow another cock and fuck both of your slutty holes at the same time."

"I would enjoy that...master."

She says this word while squeezing his cock. Harry puts his hand on her ass and cups it. He spanks it a couple of times before shoving Natasha down onto the bed. He pins her down and gets on top of her. The second cock grows once again and Harry rubs them against her holes.

Magically, oil lubricates Natasha's back passage. Some invisible force, likely the same one which brushed down her spine, loosens her up again.

"You want my full attention? Be careful what you just wish for."

Harry grabs onto Natasha's hips and lines up with both of her holes. Magic allows him to circumvent what should be sexually possible many times because he can wrap the fabric of reality itself. He lines up for her pussy and her ass as well. Both holes call for them, showing just how
greedy they are and how hungry Natasha is for Harry's cocks.

Harry slides his natural cock deep into her ass and buries the second cock inside of her pussy. The cock, which she denied release to, pounds Natasha in her ass like it owes her money. His second cock buries deeper and deeper inside of her wet womanhood.

"My cocks aren't the only thing I can grow more of?"

Harry grows four extra arms and allows them to move down to grab every inch of Natasha's body. Her legs, ass, and breasts all get molested by Harry's extra hands. It allows him to attack more points of pleasure at the same time, something which Natasha registers her appreciation with, with moans.

"Damn...what man can..compete?"

"Here's the thing...no man can. You should feel good that I've chosen you."

Any woman chosen by Harry to receive pleasure feels lucky, at least they should. He punishes Natasha's ass and pussy with his synchronized cocks driving into her at rapid fire rates. Sweat pours down Natasha's face and her jiggling breasts appear before him.

"I can also give you the one thing that they denied you. And you know what I mean. I can fix your biology to give you what you desire."

Natasha dares not dream, but the fact he can potentially impregnate her, despite shutting the door on that option, excites her. She clenches down on his cock.

"How about I give you beautiful twin girls?"

Natasha smiles and encourages him.

"Better get to it, then."

Harry speeds up faster, with the Black Widow clamping down onto him. The thought of being knocked up despite being denied children due to the experiments on her, it makes the woman more than excited. Harry shoves his manhood deeper and deeper inside of her, ramming his cock inside of her body.

Natasha breaths in and breaths out, moaning the faster Harry drives into her. She can feel the changes inside of her body already. Her womb preparing itself to accommodate the powerful man's children. With a cock in her ass and one ramming deep into her, about ready to fertilize her womb. She feels reborn in some ways.

Another large push drives Harry deeper into Natasha. His balls are about ready to seed Natasha and make all her dreams come true.

"Go ahead...cum inside me...make me the mother of your daughters."

Harry repeatedly and endlessly into her body. His balls slap down onto her and make Natasha just scream in pleasure. It's almost time for Harry to finish her off and himself off, at least her pussy.

A grunt follows and Harry breeds the Black Widow with his virile seed. His essence splashes into her, making it more powerful and her womb extremely fertile, ensuring that Harry knocks her up.

He'll keep her nice and secure on his ship during the duration of her pregnancy. For the people on
Earth, it will be like she's not gone at all given the time duration. Plus his ship has the equipment to deal with any complications, should there be any.

Harry pushes her legs up on the air and now with one cock left, he focuses on pounding Natasha's ass. He buries his manhood deeper and deeper inside of her. His balls slap down onto him onto the back of her legs. Harry knows it will not be too long.

He enjoys the feeling of Natasha's ass closing him on him and releasing his cock. He comes ever so close to the breaking point, the point where he's going to explode inside of her. He gifts Natasha with the feeling of cumming one more time before he finally reaches his own breaking point.

His balls tense up and he spills his seed into her warm asshole. The feeling of release in Natasha's tight back passage makes Harry feel really good.

He closes his eyes and finishes up business with the Black Widow. She lays on the bed, with a fresh glow and a smile on her face. The best sex of her life concludes and the gift greater than the sex grows inside of her.

"Thank you."

A second passes when Harry pulls out of the Black Widow and he notices Gamora on the bed, rigorously fingering herself. He cleans up and goes to tend to her.

There's other women on this ship Harry intends to tend to, but that can wait for another time. Harry spreads Gamora's legs and gives all of his focus to her before sinking his cock inside of her.

"I told you I'd be having you moan underneath me."

Gamora sees her lover is a man of his word and prepares to receive another round of heavy love making. She has him all alone. Playing the long game works out for her in the end.

It works out for her very nicely.

End.

Next Chapter: 4/29/2018

Thanks for the favorites, follows, kudos, views, and comments and I'll see you on Sunday for the next chapter.
Business and Pleasure(Ultrawoman and Black Siren)

Stick around after this milestone chapter(250) for some talk on the future of this series and about how many more chapters I plan for this to go.

Business and Pleasure(Dinah Laurel Lance(Earth-Two)/Black Siren and Kara Zor-El(Earth Three)/Ultrawoman)

Harry Potter grew his empire through several cities. He rules with an iron fist and any criminals who cause trouble are swiftly eliminated by his enforcers. Most people know by now not to screw with him. There's always a fair few who make his life a bit more interesting though.

Speaking of one of his enforcers, one of them steps through the door. Dinah Laurel Lance of an alternate earth, better known as Black Siren, is a sight to see wearing nothing but a black jacket and a pair of fishnet stockings. She makes her way over to Harry's desk and clears off a space right in front of him.

"Good afternoon, boss."

Harry smiles at her. "Good afternoon, my devious Siren. Did you enjoy the present that I got you?"

"Oh, yes, Ms. Smoak," she says with a devious grin on her face. "She was causing you problems. I put her in her place. She's a spoiled brat who deserves it for a long time coming."

A smile flickers over Harry's face. Felicity Smoak thought she was dealing with an ordinary criminal when she tried to hack Harry's network. Harry shows her differently. He could kill her, but with an asset like that, it would be inappropriate to throw her away. Black Siren is more than happy to help teach the hacker some proper obedience and Harry's more than happy to let her.

"She's getting used to taking it in the ass. She's not crying like a bitch anymore."

Black Siren decides to undo a little bit of her jacket to drive home the point she's not wearing anything.

"I threw her down and took her slutty body. For such a strong and empowered woman, she can be a fucking slut. I took her ass."

A soft fishnet clad foot grinds against Harry's foot.

"She screams how this isn't right. It's rape. Well, maybe…but that's what makes it so fun."

She grinds her foot against Harry's crotch and makes him harden even more. Black Siren moves in and starts whispering what she's done to her new little pet.

"And she screams like a little bitch when I take her in the ass from behind. I gave her the potion to restore her anal virginity and took her again. I kept taking her ass again and again, and each time she became a little more willing, a little more docile. I think she enjoyed getting raped in her ass if you can believe that?"

Black Siren pushes her toes against Harry's hard cock and then it's out of his pants. It stands in the air with her fingers stroking her cock.
"And then, I made her go down on me. She has such a good mouth. It's much better for eating my pussy than for her to spew the bullshit. I don't know how Queen put up with her without smacking that bitch in the mouth. But, I put her in her place, her place where she belongs. Underneath my body with me sitting on her face. Gagging on my pussy."

A hard pumping continues with Black Siren's toes curling over her.

"I'm glad you're enjoying her, "Harry tells her.

"Yes, I still have to break her a little bit more, but we've made progress. Now every time I enter the room, she turns around and bends over the table. I whip her ass for being such a slut before fucking it!"

She keeps up her aggressions on Harry's cock. Black Siren gets even hotter thinking about what she's done to Felicity Smoak.

"About the only thing she's good for is being my little toy. And I'll break her to be nothing other than the perfect sex pet. About the only thing she'll be saying is 'Yes, Mistress Siren' and 'Please, Mistress Siren, let me eat your pussy', and 'Mistress Siren, take my ass. It belongs to you!'

Harry's balls ache even more. He can feel the teasing continue. Black Siren returns her face.

"Glad you're having a lot of fun."

Black Siren smiles and pulls her feet away from him. Harry rises up to the desk and undoes the jacket a little bit more.

"What's the use of working if you can't find some kind of fun with your job?"

Harry rips the fishnets and exposes her bare crotch which drips with arousal. His fingers dance against the Black Siren's crotch and she moans. Her moans only cause Harry to drive his fingers in.

The window opens and another beautiful blonde steps into the room. Her hair shines like gold into the light. She dresses in a very tight black top with a silver "U" on it and a black skirt which resembles more of a belt than a skirt along with high heel black boots. A coat of black lipstick overs her mouth and makes her look extremely sexy. Her curves threaten to bust out of the outfit.

"Ultrawoman! So nice of you to join us."

Kara Zor-El of Earth Three sees Black Siren on the desk. She will not let that slut manipulate anything of her Harry's time. It's bad enough she has to share him with her Earth-One and Earth-Two counterparts, and in time, Harry will collect the other versions of Kara through the multiverse.

"Siren."

She smiles at the woman and then rips her jacket off to reveal the Black Siren's big pierced tits. The nipple rings jangle when her body rises and falls.

"I was just telling our boss how I broke Felicity Smoak."

Ultrawoman just smiles at her and squeezes Black Siren's breasts. She's a pinnacle of female beauty, all of Harry's employees in his crime syndicate are. She shares a very aggressive kiss with Black Siren. Being Harry's left and right hand, there's always been a professional rivalry.

The next step was for Ultrawoman to grab onto Harry's cock and shove it into her mouth. She does
her best impression of a vacuum cleaner when sucking her man's cock.

Black Siren flattens her hands behind her on the desk and Harry drives his fingers deeper into her pussy. She throws her hips up and moans the further that Harry plants his digits inside of her. He buries deep to the depths and makes her hips shoot up.

Harry holds the back of Ultrawoman's head. Her hair wraps into his fingers as he face-fucks her with one hand while fingering Black Siren the other hand. The evil alternate counterparts of Supergirl and Black Canary, two other women Harry beds, enter this threesome of mutual self-pleasure.

"It's time for your end of the week bonus."

The meaty spear shoves into the back of Ultrawoman's throat. She chokes on his cock which is how she likes it. Harry plants himself into her mouth. An explosion of cum coats the inside of her mouth with Ultrawoman throwing her neck back and earning a double dose of seed for her pleasure.

Black Siren falls back onto the desk. A smile crosses her face as their boss comes onto the desk. Black Siren decides to throw her legs, ripped fishnets and all, over Harry's hips. Their bodies join each other with Harry reaching in to grab Black Siren's chest.

"I want this. I want this cock. And I always get what I want."

Harry decides to length out her pleasure. They kiss each other madly and with passion. Black Siren rubs herself against Harry to increase the heat between both of them. She spreads her thighs and aims Harry's massive prick directly in front of her opening hole.

She always gets what she wants and Black Siren descends down onto his cock. It fills her body. Black Siren is a dom for most of the other girls in Harry's collective save a couple. With Harry, however, she gleefully and willfully submits to his cock.

The warm snatch of the beautiful criminal makes Harry just rise up and fall down onto the ground. He plants his hard cock inside of Black Siren's sweet snatch. She pumps and releases him.

"Ride that cock like the slut you are."

"Yes, I'm the Boss's number one cock slut. Got a problem with that, Ultrabitch?"

"You're wrong, Slut Siren."

Harry gives them a gentle warning. "Ladies."

Ultrawoman watches the rippling effect of Black Siren's thick rear end rising and descending on her. That hole opens so much. Ultrawoman decides to slip her finger into Black Siren's back passage when it rides up.

It takes only seconds for Black Siren to realize how Ultrawoman has her finger sticking up in her ass. She's not a Felicity who submits to some woman fucking her anus. But at the same time, Black Siren cannot deny how really good this feels.

Harry can feel the tension building in Black Siren's body. He pushes himself up inside of her. She throws her head back with a reinforced ball gag appearing in her mouth. The gag blocks her scream which could destroy half of Harry's office building.
Black Siren recalls the last time she destroyed Harry's office by screaming, he took the repair cost out on her ass. And speaking of ass, Ultrawoman's now licking hers. The combined feeling of a tongue in her ass and a cock inside of her pussy makes Black Siren almost lose it.

"It's time for you to cum."

She needs very little prodding. Black Siren's passionate moans only bounce over the ball gag in her mouth. Harry's cock goes deep into her depths and fills up her body. Her tightening pussy grabs onto Harry and releases him the deeper he shoves inside of her.

Ultrawoman withdraws her tongue from Black Siren's ass. "I think she likes this. She's ready to take your cock in her ass, boss."

Allowing Black Siren to finish lists number one on the priority list. Allowing a woman to finish does a remarkable job increasing company morale and is simply best for business. Black Siren bounces on his cock and moans. Harry's hands find their way to her ass and he tests it out. Black Siren keeps driving her wet pussy down onto his throbbing cock and takes more of him inside of her.

"She is ready."

A smile passes over Harry's face the very second he pulls away from Black Siren. He turns her around so she's mounted on his lap. His thick cock slips into her warm and willing asshole. Ultrawoman's spit does a pretty good job in lubricating it.

Ultrawoman strips off her top to reveal her round breasts. They rapidly catch up on Power Girl which makes her extremely happy and confident that one day she's going to be able to dominate that bitch in a battle of the breasts. Ultrawoman pushes herself tit to tit with Black Siren and kisses her through the ball gag. Several more dominating kisses to the neck, to the breasts, and to the stomach follow.

"You enjoy that? You're going to enjoy this?"

A large strap on cock comes out from underneath Ultrawoman's skirt almost out of nowhere. Black Siren wonders how she's able to hide such a monster under such a short skirt. The mystery of life will have to wait because Ultrawoman slides into Black Siren.

Two of the most powerful people on this planet sandwich Black Siren between them. Her body melts as she becomes the meat in a sandwich between Ultrawoman and the Dragon.

Harry's all over Black Siren's sultry body. Each touch causes her body to contort. He looks up to see Ultrawoman's sexy body engulfing Black Siren's. Sweat combines between the two them.

"Let's keep making a Siren sandwich, boss."

Ultrawoman's suggestion holds a lot of merit. Harry slams his cock into Black Siren's beautiful ass. He slides into it. His aura and powers stimulate her nerve centers and make this even greater.

Black Siren throws her head back. Her face contorts into a never ending wave of pleasure the further Harry plants his thick cock inside of her ass. He grabs ahold of her and smacks her ass. Black Siren clutches onto his cock and feels him inside of her.

"That slutty little pussy is going to cum for me," Ultrawoman says. "You can't help but being a kinky little Nympho. I bet you enjoyed having your fun with someone who would take it up the ass. Because, deep down you're nothing other than a submission little Siren Slut."
Ultrawoman drives her cock inside of Black Siren and dominates her pussy while Harry does the same to her ass. One look inside of Black Siren's eyes indicate she loves it.

"Sweet Dinah Laurel, too bad I can't hear your screams."

Their bodies meld together. All three of them reach their peaks pretty much at the same time. Black Siren's heat turns up the further Ultrawoman drives inside of her. Their thighs smack together in the sounds of sex and pleasure.

"Both of you ladies are treasures. Good thing I rescued you from your worlds."

They agree. Their lives without Harry had been without a purpose. The rocket ship of Kara's cousin exploded before reaching Earth and Black Siren's sister and boyfriend snuck behind her back on a ship which they got killed at sea. Seeing their alternate counterparts was an experience, although to be honest, Sara's still hot no matter what Earth they're on. And Harry did work some magic to pull her Sara out of time moments before she died and give her a new life on this Earth.

So, she does hold that debt of gratitude to him. Black Siren's pussy clamps around Ultrawoman's tight snatch and she releases her juices all over them.

Ultrawoman's body heats up and she has to lose it just as much. She still needs Harry's cock inside of her so she wears the Black Siren down so they cannot be interrupted.

Harry's partners in crime cum at about the same time with Harry sliding himself into Black Siren's ass and working her over until she cums on a constant basis.

Then, he shoot his load into Black Siren's ass. She has an ass which deserves to be cum all over and inside. Harry plants his cock deep inside of her and keeps filling her up with his seed. He holds onto her and rides her out to a very spectacular conclusion.

Black Siren drools from the other side of the ball gag in her mouth and almost drops down onto the desk. She turns around and Ultrawoman licks the cum dribbling off of her legs.

A sound of handcuffs come in and Black Siren looks up at Ultrawoman who just smiles at her. A very obvious "bitch, you're going to pay" type of look comes over her. Ultrawoman just smiles and positions herself to Harry and kisses him.

A cleansing spell freshens Harry's cock and also restores it to full mast. He and Ultrawoman make out like it's no one's business on the desk. Their hands rub against each other's flesh while Harry forces Ultrawoman down on the desk and gets on top of her. His cock rubs against her body.

"I'm so horny now. I need to be fucked."

Ultrawoman's legs reach around and pull Harry by the lower back closer to her. She adds one more word which drips in seduction and sin.

"Badly."

She looks at Harry who looks down at her with a smile. He rubs his cock against Ultrawoman's entrance. She spreads her legs for Harry. Her luscious tits rise up for Harry's attention. He descends down into her with his face going firmly into her tits as deeply as his cock enters her.

Harry holds on for the ride and makes those delicious screams come out the further he plunges inside of her. He makes sure Ultrawoman's luscious legs wrap around his waist. Harry drives deep inside of her warm canal the further he pushes inside of her body.
A frustrated moan comes from the ballgag. Black Siren watches helplessly frustrated while Ultrawoman and the Dragon go at it on the edge of the desk. She almost slides off the edge of the desk. Harry pierces his cock inside of her gushing cunt.

Black Siren's handcuffed and is left with no means of relief. Ultrawoman, the bitch she is, forces her to watch Harry's cock pierce a pussy that does not belong to Black Siren.

What pisses her off the most is this is about the same thing she's planning on doing to Felicity when she's a bit more trained. Handcuff the dorky blonde bitch and force her to watch Black Siren take Harry's cock in all of her holes while she's frustrated constantly and unable to get off. The fact Black Siren's shoved into the similar position of such a natural bottom whore like Felicity Smoak makes her angry and aroused at the same time.

Fully aware of what she's doing to Black Siren's psyche, Ultrawoman just moans louder.

"Oh! Harry! You're cock fills me up so much. Come on, show your slutty little enforcer what she needs to take to rise to the top of the organization."

"And only way you can get to the top is by first spending time on the bottom, Ms. Potter."

The reminder of how she adopted Harry's last name as her civilian identity on this world and the fact that most of the world thinks they are siblings adds a kink which gets Kara's motor revving. To be fair, they're only cousins, technically speaking, removed by two Earths, but that's another story for another time.

"Yes! Fuck me! Fuck me! FILL MY FUCKING PUSSY! FILL MY PUSSY WITH THE COCK THAT BLACK SIREN WON'T BE GETTING!"

Black Siren's look says it all. She mentally calls Ultrawoman ever single dirty name in the book.

Harry smiles, Black Siren will be getting treated to something soon, once she starts choking for it. It's just a matter of patience and teaching her a lesson. Harry pins his prey down onto the desk and drives his cock inside of her. Their bodies connect together with the heat rising between both of them.

"Oh, you've worked so hard this month. You deserve everything that you're getting."

He makes sure both of them hover in the air directly above Black Siren. Ultrawoman's body twists and turns in the air with each thrust bringing Harry ever so closer to the edge.

Ultrawoman closes down onto Harry's thick cock and releases him from her grip. Her tight pussy pumps Harry's big cock the deeper he plunges inside of her. He holds onto her hips to work his long thrusts inside of her. Ultrawoman grabs ahold of his back and gets what she's come for.

Black Siren tries to snap free of the handcuffs. They design to hold the strongest of meta-humans so they hold her pretty well. All she can do is watch Harry's cock pull out of Ultrawoman. All twelve inches slide their way inside of her and stretch out the girl above her head. Small drops of Kara's juices spill onto her face.

"We're so close. We're almost there."

Harry plants his cock into her from above. Ultrawoman's back bends and her legs wrap around Harry's shoulders when he plunges into her. It's an amazing feeling. Her hair comes out to brush Black Siren's standing nipples from high in the air and make the woman just shiver.
"Make me cum. Make me feel so good. And then I'll make you so happy."

Harry plants his throbbing cock inside of her. He's reaching the end. The frustration showing on Black Siren's face only makes Harry fuck Ultrawoman harder and faster. He's all over her body and makes her moan.

The rising of pleasure spreads through every inch of Ultrawoman's body. She heats up and gushes all over his throbbing hard cock. Harry plants inside of her and makes sure she falls down onto the bed next to Black Siren. The descent allows Ultrawoman to moan in Black Siren's ears.

Harry splatters his seed inside of Ultrawoman's snug pussy. He shoves inside of her and makes her just spurt all over him. Their juices mix together. In a very nice combination with Harry riding her until they both see stars.

Ultrawoman's satisfied smile spreads over her face. Harry finishes filling her up with his cock and spilling every last drop of seed inside of her body.

Handcuffs unclick, a ballgag slides out, and Black Siren pops up out of the desk. She pounces Harry and gives him a sloppy, hungry kiss, attacking every single inch of his body. The two of them almost roll off of the desk. Black Siren sends Harry back against the wall until he reverses it.

His cock rises up to the occasion once again. He holds Black Siren's hips and drives his cock inside of her. Her pussy's sopping wet and it makes it very easy to have his cock inside of her.

"Give me the hard fucking I need for all of the hard work I've put in."

"Oh, for hard work you do deserve to be worked hard."

Harry fills up Black Siren with his cock. She bites down on his shoulder to stifle a scream which would cost billions of dollars. Her muffled moans only make this even hotter the deeper he pushes inside of her.

The two lovers go at it with Ultrawoman preparing to make her move the next time the Black Siren puts her guard down. Watching her body thrash with lusty screams and big pierced tits bouncing before Harry fondles them is the most natural thing in the world.

Black Siren enters sheer auto-pilot and allows Harry to keep filling her. She is glad her boss can go and keep going all night long. It's one of the many perks of working with him.

Harry allows her orgasm to flow freely. Black Siren clutches onto him and almost knocks a filing cabinet over onto the black. Harry clutches her tightly and keeps pushing inside of her.

Ultrawoman shoves her toes into Black Siren's mouth while hovering above her on the air. This does a good job in stifling her screen. Black Siren looks on with a surprised look. She sucks Ultrawoman's toes unable to resist her sweet tasting feet.

Another push into Black Siren signifies the passing of time. She's cum several times. The erotic stimulation of Dinah sucking on Kara's toes from above only makes Harry want to take Black Siren's tight pussy even more. Her tight pussy closes in on Harry and milks him.

"Time to let that lust that's been building up."

Juices just flow out of Black Siren. Her sinful body just pushes down onto Harry and takes more of his cock inside of her on a constant basis.
The third time she cums is the moment where Harry prepares to fill her up. His balls slap against her wet and powerful thighs the further Harry drives inside of her.

Black Siren holds onto him. His cock swells inside of her. Every inch of him fills her up and makes her just moan around Ultrawoman's toes.

"Get ready. Here it comes."

Harry drives his huge cock inside of her body and fills her completely up with his massive manhood. His balls slap against her the deeper he slides inside of her. They swell and release their fluids.

Black Siren thrashes onto the ground. She returns to wrapping her arms around her boss's waist and her legs as well. He pumps her so full of cum that it drips out. Black Siren only cares about getting that cum buried deep inside of her.

The two share in this moment with each other with Harry pumping Black Siren full of excessive amounts of cum. Well, excessive if you were a prudish bitch who wouldn't be going anywhere near a real man's cock anyway. It's perfect for Black Siren.

She falls down onto the ground and lands. She sits on the floor with cum spilling from between her legs. It takes Black Siren a moment to collect her thoughts and realize there's a fourth person in the office.

"That's a good look for you, sis."

End.

Next Chapter: 5/2/2018.

Two hundred and fifty chapters is a lot of shameless smut. There's still some more content that I have written in the can that I have yet to most, and there's the Friday chapters through the rest of the year which will take me slightly over three hundred hundred chapters. Still, two hundred and fifty chapters posted is a whole lot of shameless smut. Even more when you consider all of the blog exclusive stuff that I posted which is vast.

And no matter what, every story has a limit. Granted, a story like this can go on for as long as the author wants until they get sick of it. And then one day they will stop posting chapters and go "thanks for reading everyone, hope you have a pleasant day." There's no real ending in place.

And this story has been my golden goose so to speak, where it's been the most popular story. I know, smut sells, I'm as shocked as you are. Over fifteen months ago, the group of self appointed moral guardians known as Critics United thought they would target the Breeding Ground for extinction. Fifteen months later, I'm still standing.

The plan as of right now is another hundred chapters to take me to a three hundred and fifty chapters. Which, if you look, is the exact number of chapters Ascension Book Two had.

Granted, when I reach my milestone, there's a pretty good chance that I'll look at things and go...yeah, maybe I'll do fifty more to take me to a round four hundred. We'll see how things go. I
though about going for five hundred at once point, but I decided against it.

Admittedly, plans can change.

Regardless, thanks for all of the reading. I say we got around a year of content left, maybe slightly more, maybe a little less.

Thanks for the Favorites, Follows, Views, Kudos, and Comments and I'll see you on Wednesday for the next chapter.
The beautiful sight of two amazing women worshipping his body brings a smile to Harry's face. A sexy blonde and a sultry redhead kiss away at his body. Their kisses get closer and closer to his stiffening manhood the more they move over him.

The blonde, Lucy Heartfilia, wears a lacy set of lingerie which barely holds back her natural assets. She smiles when kissing her man on the thigh and moves over to worship his cock with her mouth.

Not to be outdone, the redhead, Erza Scarlet, dresses in a black set of lingerie which barely keeps her considerable assets from pouring out. Her hand rests on the underside of Harry's manhood and she strokes it while Lucy kisses and licks the head. Both women quickly move their mouths and tongues over his manhood.

"Good. You girls are amazing."

Lucy sucks the head of his cock and the pleasure of having her man grow and swell her mouth full of cock causes a tingle. Erza joins her in the worship and the fact they share the same cock makes Lucy wet between the thighs. She cannot wait to have Harry's long pole jamming up inside of her.

Erza licks the part of Harry's manhood which Lucy cannot shove into her mouth. She moves in and cups his balls. She gives him a smile and kisses them. Feeling how full of cum they are only just spices Erza's interest up. She lands another kiss between his legs and sucks his balls a little bit more. Her mouth rolls over them and sucks them harder and faster.

"Good...good...you feel so good right now!"

Erza and Lucy both respond with grins and continue to worship their man. They take turns sucking his cock and speeding up on their actions.

The actions of Erza lean towards the more deliberate side, while Lucy is more fast and fanatical with her blowjob. Both women most certainly have their own smile, something which Harry appreciates. Their tongues, hands, and lips work in perfect harmony to send a warm feeling rumbling up through Harry's loins. Those eyes widen in lust and they keep going down on him.

Lucy senses her man about ready to blow a load in her mouth. The lovely young blonde sucks and slurps on him, making loud noises. She intends to taste his seed. She doubles down, making sure to throat him.

The combination of Lucy throating Harry and Erza sucking on his swollen testicles makes this a very amazing feeling. He pushes his hands on the back of her head.

"Damn it, Lucy."

Lucy just grins through the blowjob and lingers for a few more seconds. She sucks Harry off completely, until the cum rockets down her throat in several long and powerful spurts. Harry holds onto the back of her head and grinds his hands against it, shooting blast after blast of seed straight down her throat.

His fingers slide completely off and leave a panting Lucy to rise up. She moves and face Erza.
"Sorry, you didn't get any."

"I'm taking some right now."

Both women enter a steamy liplock and Erza's tongue digs into Lucy's mouth to capture some of Harry's seed from it. Their hands feel over each other's body, cupping their asses and fondling their breasts. They moan in great hunger.

Harry's prick hardens in an instant. He thinks about which of them he's able to get. He decides on Erza and rips her panties off to reveal her wet pussy. Without any further pause, he jams his cock inside of her.

Erza yelps through the kiss, as she falls forward, pinning Lucy underneath her while Harry fucks away at her. He slides into her, drilling his throbbing hard cock inside of her pussy.

Harry takes advantage of the perfection position both women are in. He fondles Lucy's tits and then Erza's as well. Both of them scream in pleasure. He switches between light gentle caresses and powerful squeezes. Their bodies heat up.

He grabs Erza's hips and pistons away at the sultry redhead. Watching her face fall between Lucy's perky globes and watching her suck on said globes encourages Harry to do more. He buries inside of her, his balls swinging repeatedly and striking her on the thighs.

"Just wait. When I'm done with her, I'm going to fuck you as well."

Every now and then, Harry's big balls hit Lucy's clit. She closes her eyes and thinks about the pleasure. The pleasure of having her sexy body pounded. Just like Erza's being hammered right now. She can barely see Harry when he disappears of Erza but the thought's getting her wet.

"Oooh...Harry….I'm cumming now!"

"That's it, baby. Cum for me."

Erza's walls tense up and squeeze on point. She milks Harry's manhood. The deeper he shoves into her, the more force she milks him with. Harry holds on tight to Erza and rocks her body completely and quickly. His swinging balls slap down onto her and make her body just size up with endless amounts of pleasure.

"Cum for me. Cum for me good."

She's comes very hard. Harry slides as far into her as possible. Feeling the powerful walls on the redhead.

"I want to ride you...please."

Harry accommodates her. Erza turns around, breasts pressing against her lover's chest. She drops down onto him and takes his cock into her body.

The second time he enters her completely is as amazing as the first. Erza ensnares him with her legs. Harry grabs her and pushes her down.

Watching the bouncing redhead beauty just driving on his cock reminds Harry of one simple fact. You might take a redhead to bed, but you never truly sleep with one around. Erza's shining eyes matching his own. Harry takes her chest and makes her feel so good. Pulses of magic ripple through Erza and make her drip.
"It's so good! I'm so wet for you! I'm so horny for your big cock."

"Mmm…I am too. My pussy is so empty right now."

Lucy fingers herself. Sweat rolls down the face of the smoking hot blonde minx. She rolls her hips up repeatedly and images Harry ramming his cock into her in several different positions. Until her pussy is stretched out and dripping with his cum. Damn, Lucy would like that. She would love that.

Harry makes sure to drive Erza down to a certain point. Her walls clamp down a little bit, tensing up on Harry and releasing him several times over. He holds onto her backside and pumps deeper inside with each push. Erza bites down on her lip and releases it with a very passionate moan.

"Good….fuck...this is...the best!"

She cannot say much more other than moan out in pleasure. Harry's repeatedly driving his cock into her body and making Erza just sing for more. The pleasure of his balls beating down on her thighs makes Erza drool in more ways than one.

Lucy going to town on herself at the edge of the bed, her hair hanging off the side of the bed, breasts rising up and down, and legs spread when she moans, that's a great feeling as well. Erza tightens her grip around Harry and repeatedly drops down onto him.

"I think I better help her."

"You're such a loving person. Go help her...give her a bit of relief."

Erza crawls over and finds herself between Lucy's lovely thighs. She drops down and eats out the blonde. Lucy's soft legs rubbing against the side of her neck, an elegant foot traveling down her shoulder only makes Erza more hot.

Harry finds his hands pressing on the sweaty and sexy back of Erza Scarlet. He motions for the perfect position and then drives his big cock into her. Her tightness clamps down onto him, making Harry just groan out in pleasure. Inch by inch he drives into her, allowing the warmth and the friction to build as much as humanly possible.

"Oh, Erza. Keep eating her out. It's so hot."

The sorcerer rubs pretty much every single nook and cranny of Erza's body. He slaps his balls against her wet pussy and makes her jump up in pleasure. The powerful lord knows exactly how to make his ladies feel so good.

Pleasure shooting through Erza's loins cause them to tighten and clamp down onto the big rod repeatedly smashing inside of her body. Harry slides back almost all the way and cups her breasts before releasing them.

His fingers grip the undersides of Lucy's feet and start massaging them as well. This simple action results in an immense amount of pleasure for to Lucy. She thrashes, with her juices coming up and painting Erza's face.

"Mmm...I bet she looks sexy with my cunny juices all over her face."

Harry cannot disagree. He's balls deep inside of Erza and working her to the end. Despite the fact he wishes to go the distance with both of these lovely women, Harry cannot hold back for too much longer.
He opens the door for the most spectacular orgasm yet. Erza buries her face and tongue into Lucy and Harry rewards her by riding her orgasm completely out.

Buckets full of cum splatter into Erza's body. The powerful sorcerer anoints her womb with blast after blast of the contents of his balls.

Erza collapses down on the bed, just barely able to keep licking the juices trickling off of Lucy's thighs. Harry finishes using her as his own personal cum dumpster before pulling completely out of her.

The second Harry leaves Erza, is the exact instant where Lucy pounces on top of him. Her breasts press against his muscular chest and her legs hook around his hips.

"Do you love my nice big tits rubbing against your strong chest? Oh, I can feel how much you love it."

Harry's cock stretches up and brushes against Lucy's soft navel which causes her to smile. She speeds up the rubbing of her breasts against his body. Briefly, she shoves Harry's head in the middle of her ample chest and makes Harry motorboat her. The second he pushes away, she leans back and pushes him back onto the bed.

"You see how beautiful I am. How I can take that cock and do wonderful things? Just lay back and I'll make you feel so good, sweetie. I promise."

Lucy rubs her vaginal lips against Harry's manhood and teases it. She wiggles down onto him. She's so dripping wet there's really no need for anything. Erza's good job shows itself when Lucy drops down and takes Harry's manhood deep inside of her wet pussy. Hunger brushes through her body the very second she drops down onto his manhood. Her wet pussy clamps down onto him.

The warm grip of Lucy grabbing onto his cock and releasing it sends pleasure down Harry's body. She slowly bounces, teasing both Harry and herself at first. The minute she speeds things up, is the very moment where Harry's lust for this situation only increases. His big balls slap Lucy's thighs and work their way inside of her. He pulls almost all the way out of her and drives back into her. The depths Lucy plunges just shows how much she wants this. She bites down on her lip and releases it with pleasure cascading in her eyes.

"Oh, grab my hips and drive me down. That's it! Fuck my pussy! Fuck it good!"

Lucy devolves into a series of moans and whimpers which makes her resemble a porn star. Harry grabs onto Lucy and shoves his big cock deeper and deeper inside of her. He stretches Lucy completely out and makes her tighten around him. She releases him with a pleasurable scream of lust.

Being inside of Lucy's warm sheath sends pulses of pleasure through Harry. He redoubles his effort to hold back, even though this beautiful body is leading him along, taunting him. Her wet pussy drops down onto him and sends Harry flaring up deeper and deeper inside of her.

Lucy slips a finger into her mouth and it looks like the sexiest thing ever. Watching the blonde minx suck on her digits and then start rubbing her breast with a free hand sends Harry driving into her. Her body is built for sex and for sin. Harry rams a bit deeper inside of her.

She bends down, brushes a lock of hair away from his face. Lucy keeps pumping his manhood while edging closer to him. Her lips move onto the side of his ear.

"You know I have what it takes. And you know you can give me what you want. Right now. Like
Lucy clamps down onto him and releases his iron hard cock from between her soft walls. She repeatedly milks his rod, getting more and more pleasure from him. The deeper Lucy sinks down onto him, the better this feels. The constant and never ending rising and dropping makes Harry get closer.

"Baby...go in deep. Fuck that tight pussy. Give me my cream."

Harry spears himself into Lucy and causes her to breath heavily. The young busty blonde woman impales herself onto her. The sexpot looks so much more amazing when driving her wet pussy down onto his cock.

"Give it to me. Give it to me you handsome bastard! Fuck my pussy right and cum inside of it. You know you want to."

"You're such a bad girl..."

Harry pulls out of Lucy and she protests.

"Why wouldn't you want to keep fucking me?"

With force, Harry flips her over and shoves her down on the bed so she's sticking up ass first. Harry spanks Lucy's tight ass and causes her to squeal.

"Because, you're such a bad girl. Do you want me to fuck you into the bed?"

"Yes!"

"Do you really?"

"YES!"

Harry roars and rams into her body. He takes out his aggressive of this sexy woman. He pulls her up off of the bed by the arms. He hangs onto her by one arm and grabs her chest and squeezes it. He does not bother to be gentle. Not that Lucy has a problem with that, judging by the sounds of content she makes.

"Squeeze my titties. I love how you treat me like I'm your bitch! Fuck your bitch...fuck her hard!"

Lucy yelps like a puppy dog when Harry drives himself into her. He fucks Lucy into the bed. The springs begin to creak the deeper and deeper Harry rams into her.

Erza views the entire show with shady eyes. Her pussy throbs from Harry being inside of her but she cannot help and brush a finger against her slit. She collects the juices and sighs. A strand of cum breaks out and she samples the taste of herself and Harry together.

Harry grabs ahold of Lucy's ample ass cheeks and spears into her. Every sound of his balls cracking against her fine body makes Harry throb even more. Lucy takes his cock inside of her without any room to spare.

The force Harry stuffs his cock into her pussy makes Lucy pulse. The heat surrounding him increases the faster and faster Harry drives inselty into her. She can feel it throbbing inside of her and there's not a single inch of room inside of her pussy to spare.

The balls grow bigger, swelling to almost cartoonish levels, the faster Harry drives into her. He can
feel Lucy's sweet pussy clamping down onto him and releasing him. Harry holds onto her and drives faster into her body. Her wet pussy calls for him and calls for Harry to empty his balls.

"Ready?"

"Almost there...you first."

Harry twists her nipples and this proves to be the straw which broke the camel's back. Lucy holds onto his manhood and pumps it. His balls repeatedly slap against her and taunt Lucy with how much cum they hold. They hold a lot and she cannot wait to have every single last drop on her.

The highly aroused blonde moaning and craving his every last touch makes Harry repeatedly drive inside of her. His balls size up and prepare to unleash their bounty. He clutches Lucy's lovely cheeks and drives down into her repeatedly.

Finally, it happens, Harry unleashing the motherload of all orgasms into Lucy. He splatters the contents of his balls inside of the lovely woman.

Lucy clutches onto the sheets and gives a passionate cry. Harry bottoms out and keeps cumming inside of her which seems like several minutes. She takes a deep breath and sighs when the final blast enters her.

The sweet sensation of release visits Harry just seconds as he pulls his cock from Lucy. He leaves her to collapse on the bed, with his seed staining her thighs and the sheets underneath him. Her upturned ass jiggles from the sex aftermath.

Erza sits up and moves over. She puts a hand on Harry's cock and strokes it with a big smile on her face.

"My turn."

"Of course."

With these two, Harry feels like he's in for a very productive afternoon.

End.

The MILFs of May 2018 kicks off with Samantha Arias/Reign from Supergirl, in a chapter titled "Override". It's on the blog at the usual spot.

And on a note of the chapter that you're about to read, I didn't really plan for it to be posted on Star Wars day. It's just one of those things that worked out nicely.

Leia walks down the hallway like a woman on a mission. She knows it's a very calculated risk what she plans on doing, which has the potential to blow up in her face in the most spectacular way. The elegant black dress hugs against her body. Leia wants to make the best impression with him.

He's a wild card, but could be a valuable ally. Leia steps into the room and comes across the handsome gentleman, working out shirtless. The beads of sweat hangs against his chest. Leia appreciates the look of his muscles, he's fit and well made.

Hadrian Peverell, the General, turns his attention to Leia. If the rumors are true, he's as well formed beneath the belt as he is above it.

"Early, I like it."

"Given the circumstances I figure that I would make a good impression."

Leia steps forward. He puts on a silk shirt which makes her feel a bit disappointed. Leia shakes her head and moves forward to extend her hand.

"I don't think a woman of your nature can make anything other than a good impression."

"There would be some that would disagree with you, General."

Harry leans in and kisses Leia on the top of her hand. He pulls back and grins at her.

"It's customer to offer a lovely lady a drink. Or really anyone."

Leia finds herself sitting down next to Harry. Her legs cross over and she sees that his attention draws for them to a fraction of the second. Then, he pours the drink for both of them. Harry drinks it first, which shows Leia that it is not something that she needs to fear to drink.

Besides, it would be rude to decline. Leia drinks from the cup and finds that it really hits the spot.

"I admit that I'm concerned about how close the rebels are hovering to the edge my kingdom."

"They...only require sanctuary for a few days."

Harry surveys the lovely woman over the top of his glass.

"Given them sanctuary is the right thing to for them. But is it for me? I've spent the last several years rebuilding this planet. It would be reckless to put it in peril."
"But, surely you have defenses against a potential attack?"

"Now, do you really expect me to tell you all of my secrets?"

Hadrian leans over to refill his drink. Inadvertently he brushes against Leia's thigh which causes her to shiver in response.

"I do admit that I'm sympathetic towards your plight. But, I have to be realistic. My people have been through a lot. They were wiped out when their planet was blown up due to a core instability which they were warned of. And yet their council choose to ignore."

Believe her, Leia holds the utmost of sympathies.

"Do you wish..for payment? Because I'm sure I can arrange something...if you really want us. They are desperate, you can get anything that you want."

"Giving someone a blank check? That might be a bad idea, given you don't know what I'd ask for."

Leia finds herself stumped for a second. The powerful man's green eyes lock onto hers and stun Leia for a brief second. A few seconds pass before Hadrian leans closer to her.

"I want something tangible that I can hold. A gesture of trust. You want these people to be safe. You want them to succeed. Are you willing to give up something to make it happen?"

"I don't understand….."

"You're a strong woman and I respect what you've done. However, even the strongest woman have needs. I can see your eyes wandering and your mind wandering. You want to know if the stories are true. The number of women from many races which I've invited into my bed. You want to see if it's true. You want to see if the stories of their pleasure are accurate."

"You...you can't be..."

"I'm very serious. But, it's a choice. I'm not going to force your hand."

Hadrian pulls himself up to her feet. Leia finds herself in a mixture of emotions. There's multiple thoughts going through her mind right now.

"I will offer you sanctuary, if you give me something in return. Do you think it's a coincidence that I asked you and only you to meet with me today?"

He stands up to face Leia. Leia stands up true. Logic says she should run for the door, but instinct says another thing entirely. Hadrian reaches over to grab her hands. She does not pull away.

"You can leave or you can stay. I'm offering you the choice."

He relinquishes the grip on Leia's hands. Leia clings onto his hands and pulls Harry closer towards her.

"I accept your proposal."

The deal seals with a kiss and it's an explosive one. The shirt Hadrian wears today comes off completely with Leia rubbing her hands down his chest and abs. She unbuckles his pants and then drops them down to the ground.

"You don't waste time?"
"I have to verify if these rumors are true."

Hadrian's massive manhood stands up at attention. Leia grips it in the palm of her hand and squeezes it. A soft sigh follows when she molds it in the palm of her hand. Hadrian leans in and kisses Leia before taking the bottom of her dress and stripping it off.

She wears very elegant, silk undergarments underneath. Her body is simply amazing, nice high-firm breasts, a tight flat stomach, wide hips perfect for grabbing, and legs which stretch on for days. Combined with her beautiful hair which Hadrian runs his hand through and sexy face which Hadrian appreciates, she's sexy.

Hadrian reaches over to a panel and activates a hidden wall. He and Leia make their way to the bed in it instantly. It's a sizeable bed, fit for many parties to be able to sleep on it.

The two drop down on the bed, with the kiss lingering with each other. Leia's aggression and desire hits full force with Hadrian running his hands over her body. He touches her in all of the best ways possible.

The moment his hand lands on her ass, Leia yelps out in pleasure. Hadrian makes a mental note for that one and continues to kiss away at Leia. Suckling her lips and making her horny as hell when he goes to town on her mouth. Hadrian sends the tongue train down her throat.

Hadrian pulls away from her and strips Leia of her bra and panties. Her wet pussy comes out, with the right amount of hair sticking of it. A sweet little landing strip.

"I hope you don't mind. I have to taste all of my women."

"Not at all."

Hadrian kisses her body, lingering at her belly button which causes a sensitive yelp to come out of Leia. Hadrian drops down between her thighs and begins to devour her. Leia puts her hands on the back of Hadrian's head and starts to massage the back of the head.

She's really getting into it, with Hadrian devouring her pussy and eating out her out. Leia puts her hands on his head and guides his face between her thighs. The juices just come out of it, allowing Hadrian to go down further and faster, slurping her all the way.

"I….oooh."

Hadrian swirls his tongue inside of her and pulls it almost all the way out. The sweet juices spilling from her core allows Hadrian to roll into her. Leia's entire body shakes underneath him.

Leia cannot believe this and the fact this is just done by his tongue is making her giddy with anticipation. She wonders if this is all a well calculated scheme to get between her legs. Well if it does, it's working. It's working very nicely, with Hadrian pushing tongue first and swirling around her womanhood.

"Keep eating me. Please, I need your tongue."

She gushes from the ways his tongue touches her inner folds and goes deep into her. Leia's imagination runs wild. The fact that she is eaten out just like this makes her heat only increase.

Hadrian smiles, another woman explodes to his tongue. His fingers dance against her when he climbs up. He lays on top of Leia's body and goes skin to skin with her. She looks into his face with a dazzling smile.
Leia grabs the back of his head and pushes him down onto her mouth. The powerful man and the strong woman enter a heavy and steamy makeout session with each other. Leia gives about as good as she receives. Her fingers dance against her. Hadrian is all over her body, touching her.

This perfect woman, another one that Hadrian takes into his bed, is about ready to give herself to him. He teases her a little bit. His cock brushes against her taut belly while a hand reaches in. Hadrian alternates, cupping Leia's breasts and making her breath. A series of rapid fire kisses down the side of her neck and then to her ear.

His hot breath hitting her ear causes Leia's legs to spread a little bit more. She plans to spread as far as they can stretch, if only to get his big cock buried inside of her.

"Tell me what you want and it will be yours."

A light tweak of Leia's nipples makes her sit bolt upright. Hadrian kisses her on the side of the neck and makes Leia's heart just stammer with more beats per minute. Hadrian swirls his finger against her and releases her nipple. Grabbing ahold of it and squeezing it tightly.

"I want you...I want you so badly."

Hadrian pushes his cock against her warm entrance and prepares to slide inside of her. Leia opens up her womanhood for the intrusion.

"I want you inside me. Don't leave me hanging."

A gentle squeeze of her legs encourage Leia to spread them. Hadrian sees how much she's willing to give. And she gets a lot out in return.

Hadrian lowers himself into Leia and stuffs her pussy completely full of his rod. Every inch is like a new feeling of pleasure, just building inside of Leia. Her tight loins close ranks around Hadrian and push against him. Hadrian pulls almost all the way out of her and drives into her body.

Those balls slap against Leia and causes her to unleash a very soft moan in response. Hadrian pushes his finger against her and hits the right button. He pushes down against her.

Leia arches her back to accept this long and rigorous fucking. Hadrian's deep inside of her, as deep as any man can go. As deep as any man should go. Those balls constantly and endless drop down onto her. Filling Leia with both his cock and a sense of rapidly climbing anticipation what's going to happen.

Hadrian works her over. He can feel it building. Hadrian wants to stretch this one out. The look etched on her beautiful face shows just how good this feels for her. It feels about as good for Hadrian, feeling her silken walls clamping down on him and releasing him from her pussy prison.

Another push and Leia just grabs onto him, squeezing his waist in delight. She cannot resist the depths which he pushes inside of her. The heights of which he rises and then drops. Smacking his thick balls down onto her thighs and making her just shake underneath him.

"You feel the pleasure. You feel the warmth. No feeling beats that."

"YES!"

Leia cries out this word, clamping down onto him. There's nothing that beats that feeling. Absolutely nothing, as Hadrian picks up the pace off of the back of the first orgasm. He's like a machine, the longer he goes, the more efficient he is.
Her pussy stretches out, with Leia tightening around him. She feels the beads of sweat rolling over her neck. The pleasure of a good job well done. Her entire body just becomes a lightning rod for sex. The endless and rigorous pounding which makes her feel so alive.

Hadrian lifts up one leg and shifts the position. He elevates himself so he can drive into Leia even deeper. His balls rise and swell with more pleasure.

Leia closes her eyes and feels the build up in his balls. Every time they slap against her thighs, they feel a little bit bigger.

"You will give me the payment that I desire, Leia. But, first why don't you get something out of the deal?"

The orgasm, far more intense that any she's ever felt before, hits Leia. She feels a very amazing rush through her body. Hadrian holds onto her hips and drives deep inside of her. The loud slapping against her makes it feel even better. Her legs drop against Hadrian and squeezes his waist.

"You're better than I thought."

"I'm always glad to exceed someone's expectations."

Hadrian pulls out of Leia prior to the next finish. Leia, getting what he wants, rolls over. Her ass, enticing as it is, sticks up into the air. Hadrian puts his hands on Leia's firm butt and then drives himself into her one more time. He works his cock into her hard and fast the rest of the way.

The tension in his balls come close to releasing themselves in her. He holds on tight to Leia, wrapping around her waist and burying himself into her repeatedly. He comes closer, closer.

Leia's womb opens up for Hadrian's seed to spill inside. His virile seed splashes into her fertile womb. And once he starts cumming, the floodgates remain open for the next several minutes. The blasts cause her stomach to swell and her breasts to dance as well.

Hadrian finishes riding her, filling her up with his cum. Leia closes her eyes, how can one man hold so much cum in his balls? She keeps cumming over and over, determined to squeeze more cum out of his balls.

A finger drives into Leia's ass during the last few pumps and she feels the inside of her asshole smeared with oil and loosened up. Hadrian pulls his cock out of her when he's done and slaps it against her oily ass.

"This is what we call paying with interest."

"I understand."

Hadrian spins Leia around so he can see the look in her eyes when he shoves his cock up her ass.

"How is it still hard?"

Almost some magical force, Leia's back hole opens up just enough. She bites down on her lip. A small amount of pain shoots through her, and then pleasure. Hadrian drives himself deep into Leia and makes her feel really good. He pushes deep and fast into her.

Hadrian slides his cock deep inside of Leia's ass and pulls almost all the way out. His big thick balls crack against her. He makes her tighten and release her thick butt cheeks against him. Making Leia just moan in pleasure the further Hadrian drives into her.
"Oooh, I can't believe it feels so good."

"You don't really know what you like until you try it. But, to be honest, the moment I saw you from behind, I knew that I'd like this nice juicy ass."

The earliest intrusion into her tight back passage is nothing compared to what Hadrian's doing to her now. He repeatedly and endlessly hammers her tight back hole from behind.

Harry closes his eyes, feeling so good being inside of the sweet ass of Princess Leia. He keeps relentlessly driving her. He can think of very few things which could make this better. The fact she's gushing up a storm just adds to the fun and games, with Hadrian rapidly entering her from behind and driving his big cock down into her tight and snug little hole.

Leia bites down on her lip. It's just more than his cock driving down her ass. That's good. But, the fact is that his hands move right where they need to be.

"I'm losing it."

"I can see that."

His fingers jam deep inside of her and ride her pussy. It's almost like a second cock is driving into her front hole while the real deal drives into her back hole.

All good things reach their end. Hadrian coaxes one more orgasm out of Leia before his balls start to bubble. Her ass is just too great to hold back for long. It takes an inhumane effort to do so. Hadrian just appreciates his stamina with exactly how deep he drives into her.

Finally, a matching cream pie enters her ass from Hadrian's balls rocketing off. He tightens his grip on Leia's firm cheeks and buries blast after blast of seed inside of her. Sliding his manhood into her until the point where he completely and utterly loses himself.

Leia almost collapses back. Hadrian hangs onto her and pulls her forward to ride her ass to the end of the line.

His balls finally finishing releasing. Leia takes in a deep breath like she's run a leaves her and there's a part of her which is disappointed to feel him leave.

Now that payment is out of the way, it's time to head down to business.

"How much time do you want?"

"How much time are you willing to give?"

"Well, after that performance, I daresay that you have a little extra credit with me."

Hadrian cups her ass with one hand and face with another. The saliva hanging down her lip. It's time to see where their relationship heads from here. It could be the beginning of something great.

End.

Thanks for all of the favorites, follows, reviews, kudos, and comments. I'll see you next Friday

Fun for the Family(Lily+Potter Twins)

There's another MILFs of May chapter, featuring Hermione Lodge from Riverdale entitled "Risky Business" pick it up at the usual destination.

Fun for the Family(Lily Evans-Potter and Amanda and Emily Potter)

Harry puts his hands on the back of the heads of the two very lovely young women on kneeling. They happen to be his younger sisters. Amanda wears some slinky black lingerie which barely covers her assets and Emily wears some light blue lingerie which barely covers her. The difference between them is Amanda cuts her hair a slight bit shorter.

And Amanda takes her brother's cock out of her pants and starts to suck on it. She attacks her brother's long, thick cock with vigorous sucks, repeatedly running her tongue over it and shoving his manhood into her mouth. Amanda opens her mouth and swallows his manhood, hard and fast.

Harry puts a hand on the back of Amanda's head and guides her in. He can feel Emily's warm lips move up. She fondles his balls and smiles.

"Mandy, don't hog it. I want to put it in my mouth."

Amanda gives her sister a wicked grin and pulls away.

"Think you can handle it?"

"Of course I can."

The competitive spirit between sisters is alive. The twins switch so Harry enters Emily's mouth. He grabs the back of her long hair for added leverage.

The feeling of his cock going between his beautiful younger sister's lips feel amazing. The seventeen year old wizard pumps his cock into the sixteen year old mouth of his beautiful sister. Emily's expressive green eyes stare up for Harry. Harry just smiles and puts his hands on the back of her head.

Amanda stands up and pulls her panties to the side. She pops a thumb into her mouth and then an index finger. She drags it down her body and slides a finger between her thighs. She makes sure Harry gets a pretty good look at the finger driving in between her legs.

"Mmm...that's the spot...right there."

Amanda slides her finger into her and then a second finger, really making sure Harry keeps his eyes on Amanda. She fingers herself with swift movements. Harry's eyes follow.

Harry returns his attention to Emly, face-fucking her tight little mouth. Emily hums around his cock, taking more and more of his meat into her mouth. Harry enjoys the feeling.

After a while, the twins switch, and gives Harry a pretty good feel of their styles. Amanda is fast and vigorous, and Emily's is slow and sensual. Feeling both of the twins work their mouth over his cock for moments on in, sucking him and squeezing his balls feels good.
At one point, Amanda and Emily take turns planting kisses from Harry. They meet with a sensual kiss on the tip of his cock. His manhood just twitches from the impact.

"Take my cock and suck it. Suck your brother's cock like it's your job."

Emily returns to sucking him. Amanda pushes her hand against Harry's balls and squeezes them.

"Guess I love my job them."

Amanda's between Harry's legs and sucking on his bloated balls. They feel really good. Amanda holds her tongue against his balls and swirls her tongue onto it. She pops her lips around him and keeps sucking on him. Making sure he feels so good from what her mouth is doing.

The combined efforts of his sexy twin sisters bring Harry's loins to ache with an approaching release. He rides out the last few minutes of this in Emily's mouth. Grabbing the back of her head and slamming his cock deep down her throat. His balls slap against her and make Emily's jaw ache.

Damn if it's not worth it, to taste every single last drop of her brother's cum. Amanda helps her out by milking his balls only for the end to come.

An explosion sends the magically powerful cream in Emily's mouth. Harry holds onto her and forces her to look her in the eyes. Amanda's fingers slide between Emily's legs while Harry face-fucks her. Amanda's other hand milks Harry's balls.

All of it feels really good. Harry slides his manhood further and further into his sister's throat. He switches on, pasting Amanda in the face, before driving the cock into her eager mouth.

The loud and sensual slurping which follows shows just how much Amanda enjoys sucking on her brother's big cock. She takes it down her throat and the cum which follows.

Both Amanda and Emily are left with a mouth full of seed and dripping wet with arousal and sweat.

"Not bad."

The door opens up and Lily steps into the room. She dresses in an open bath robe with very racy red lingerie, which only scarcely covers as covering. She moves in and grabs Harry's manhood before pulling him over.

"I should show you two girls how it's really done."

Lily leans in and gives her son a greeting of a very passionate kiss. Their lips smack together loudly with Lily feeling up her son's muscular body without any shame. The muscle jutting out between his legs and smacking Lily in the thigh is the one which catches her interest.

She drops to the ground and worships her son's cock with the tip of her tongue.

"Mum, you're the best."

Lily just smiles and drags her warm lips around her son's hard cock. It's a well practiced dance between the two. Lily slides her tongue repeatedly down and around Harry's manhood. It is sopping wet with her spit before she drives her mouth down onto him.

"Oh, Mum, suck my cock. Watch Mum suck my cock, girls."

Amanda and Emily watch with their mouths opened. They see Lily put both of them to shame by the way she covers every inch of Harry without even missing a beat. Her throat expands to take his
large cock. Her hands loop around Harry's ass and grab onto it tightly.

Emily speaks for both of them.

"That's hot."

"Yeah."

Amanda turns to her sister and attacks her with a very hungry opened mouth kiss. Amanda returns the fire, kissing Emily back, going tongue on tongue with each other.

Harry views his mother's beautiful face. He keeps ramming into her. She's not one to give up so easily at the prize she wants. And the prize she wants is firmly inside of her mouth and going down her throat.

"You always such a good cock, Mum. I swear, the others have a lot to live up to if they're going to be as good as you are with your hot mouth, brilliant tongue, and throat."

An ego boost comes from Lily at her son's assessment of the matter. She puts a firm grip on his back and slides her tongue all the way down to the base of his cock. She can sense her daughters indulging in each other. Lily will deal with them later, right now, she focuses on the prime piece of meat going between her lips and down her throat.

Amanda shoves her sister down on the bed and climbs up. She positions her pussy on Emily's face and makes her tongue just drive in. Emily gasps the second her sister is on her.

"Eat my pussy."

Emily complies. She does not do so without vigorously hammering Amanda's pussy with her tongue. Amanda squirms back and forth, pushing her thighs against Emily's face.

On the other end, Harry grabs the back of Lily's head. He can feel a burst of pleasure coming up from his loins. It will not be too long before Harry pops in Lily's perfect mouth. Her lips continue to work their way around Harry and give him an ultimate amount of pleasure.

She cups his balls and Harry leans in to his thrusts. Repeatedly burying himself into Lily's mouth and causing the pleasure to build within him. His balls come closer and closer to popping.

"Mum, you're so good. You're going to finish me off a lot quicker than Mandy and Emmy together."

Harry casts a look on his sisters. They bury themselves into a sixty-nine position, although they are not too busy to listen Harry.

"Guess they're going to have to pick up their games."

Despite Lily's mouth being full of her son's cock, she would have to agree. Harry hangs on to her and keeps driving his manhood into her. His balls swing and slap Lily on the face. She clings up and grabs his balls to give it the extra added incentive to pop and lose everything into her mouth.

Harry loses it, shooting his seed deep into Lily's mouth. He coats the back of her throat, holding on tight and repeatedly driving himself into her. His hands rest on the back of Lily's head, continuing his massive pummeling of her tight mouth and throat.

A few seconds later, Harry pulls away from Lily and causes her to swallow his cum like it's the last
meal on Earth.

"Yummy."

Lily steps over to the bed and pries her daughters apart. A stern look flashes through Lily's eyes.

"Play nice."

Lily rams her fingers down into the wet cunts of her daughters. She shows who the dominant female in this family is by forcing Amanda and Emily to submit to her finger.

A burning fire erupts through Amanda’s body. Emily normally gives her what she wants and then some more. However, Lily, she's at an entirely new level.

Emily bites down on her lip and then screams out. She cannot resist submitting to her own mother.

Harry smiles at the erotic visual of his sisters squirming on the bed. He moves behind Lily and strips off what little clothing he has. With Lily's hands tied up, this allows Harry unrestricted access to pleasuring his mother's beautiful body.

Not that she would push away anyway. Harry's hands move everywhere, rubbing between Lily's moist thighs and making her let out a pleasurable scream. Two fingers slip deep into Lily's gushing womanhood, and then a third finger rolls into her, rocking her entire body. Lily closes her eyes and snaps back to life from what Harry's doing to her. And it turns out that Harry's doing a whole lot to her, with how he just pleasures her body.

Harry decides to have some fun with Amanda and Emily. His stretch reaches from across the bed. An invisible force caresses their nipples and makes Amanda and Emily scream out in delight.

"Harry...you should fuck us already!"

"So demanding, aren't they?"

Amanda and Emily flip over on the bed. Their juicy butts stick up in the air. Lily conjures a paddle and rubs their asses with smiles.

"What have I told you about patience?"

Lily spanks the asses of both of her daughters. A mixture of yelps of pain and cries of pleasure rupture through the room.

The next time, Harry dives in and grabs Emily's ass. He pushes her down onto the bed, his hard cock against her body.

"Please, fuck me."

Lily forces Amanda up onto her hands and knees to squeeze her. A charm adds a strap on to Lily, lubricated and ready to slide into her.

"Do you want me to fuck your slutty little hole, baby girl?"

"Mum, I'm dying...."

"Answer your mother."

Amanda's hair grows a few inches out so Lily can grab onto it to get the twin's attention.
"YES, MUM! I WANT YOU TO FUCK MY SLUTTY PUSSY!"

Lily rewards her daughter by slamming inside of her. She fucks Amanda doggy-style, giving her a perfect position to grab onto every inch of her.

Harry bounces his balls against Emily and pushes her into the bed. Every movement into her, sends Harry super-thick balls slapping into her. Amanda lets out a very pleasurable yelp and Harry goes into her faster and further. He pulls Emily up a little bit and turns it so he can balance her on his lap.

This serves two purposes. To feel up Emily's sexy teenage body while she bounces on his cock and to make her watch as Lily drives her dildo into Amanda's pussy.

Emily's getting a strong sense of satisfaction. Not from Harry working her pussy and touching her in all of the right spots. That did feel really good. Watching Amanda getting dominated and made into a mewling bitch by their mother, it makes Emily all hot and bothered.

She does not really focus too long on this. Harry is giving it to her hard and fast, and Emily directs her full attention to her brother. The full attention of what's deep inside of her.

Harry groans when feeling up his sister's sweet body. His balls repeatedly dance against Emily. Her pussy feels so tight and snug around him. He leans in and nibbles her neck to cause Emily to lose it.

She unleashes an entire river flow of juices to allow Harry deep inside. His balls crack against Emily and make sure she's feeling good.

Lily takes no prisoners in fucking her daughter's pussy. Amanda is not complaining about it. Her soft, but slutty sounding, moans encourages Lily to go on. Her hands move onto Amanda's hips and ram deep inside of her body. His balls crack against her, repeatedly sliding into her body.

"Mum! You're so hot."

Lily pulls out and then turns Amanda over. Amanda's legs spread from the moment she drops. Lily drops down onto her daughter and assaults her mouth with an extremely aggressive kiss. Tongue on tongue action, with Lily forcefully working her tongue deep inside. Amanda grabs the back of her head, and then kisses her mother back.

A loud smack echoes from Lily driving her cock deep into her daughter's pussy and riding her. The magically conjured phallus hits Amanda.

"It's a shame that I haven't gotten the charm work right so I can knock up other women through it."

Amanda's pussy clenches at the taboo thought of being magically knocked up by her own mother.

"Guess, we're going to have to settle for your brother knocking you up agani. Oh, I felt that, you kinky little bitch."

Lily grabs Amanda's nipple and squeezes it. She performs a swift charm and causes Amanda's breasts to swell until milk oozes out of them.

"Just a sign of things to come."

"Oh, sweet fuck!"
Lily sucks the warm milk from Amanda's magically enhanced breasts.

"Looks like fun."

Harry does the same thing to Emily. Now she faces him, her large breasts bouncing against him. Harry cups the underside of her Anime quality tits and buries his face between them. Emily closes her eyes and can do nothing other than let her brother feed off of the magically created milk oozing from her nipples.

Both Harry and Lily suck the breast milk from their partners while fucking them.

"Time for me to give you a birthday surprise, sis."

Emily realizes the spell and its potency is likely to knock her up. Harry grips her and Emily lets out a couple of soft moans. Harry's deep inside of her and really going to town on her pussy. His balls continue their path between her legs, stretching Emily out.

He's going to come in her pussy and shoot his seed into her womb and knock her up. And instead of fighting him, Emily grabs onto his thick slab of meat and clamps down onto her.

"She wants it. And I'm going to give her to. Just think, there won't be any charms needed for these breasts pretty soon."

Emily wiggles her hips down onto her big brother and squeezes him with her sexy legs. She wants him, she wants him so badly, to knock her up with his daughter. Emily grabs his neck and forces him down.

The feeling of a taboo baby about ready growing into her makes Emily excited. He shoves his prick deep into inside of her, with his balls smacking against her.

"Knock me up. Please."

Lily slows down her rough fucking of Amanda properly enjoy the show. She senses the magic in the air, about Harry's balls about ready to send in the fluids which would knock Emily up.

"Please."

"Of course. Here it comes."

Emily drools at the very thought. She's about ready to get her brother's gift. Emily tightens around him and keeps him close. Harry's mouth lowers onto her sensitive breast to add for even more pleasure.

Harry buries himself into Emily and sends his seed just blasting into her. His thick balls repeatedly fire their endless load into her. The loud smack of flesh hitting flesh brings Emily down onto him. Emily clamps down onto Harry and releases his cock from in between her silken walls.

"YES!"

A massive amount of cream shoots into her. Harry's sperm races inside of Emily and fertilizes her legs. She clings onto her brother, making sure.

The feeling of Emily eagerly offering herself to get knocked up makes Harry's balls just rise and fall against her thighs. He smacks her hard and then pulls out of her.

Harry smiles and moves over. Amanda jumps over towards him and pulls him on top of her. She
makes sure her breasts push against Harry's chest.

"My turn. Please."

Amanda's pussy throbs. She cannot take it anymore. Besides, Emily got a daughter, so Harry should give her one. Harry lowers inside of her and the two lovers join each other.

"Mmm, how did that feel?"

Emily jerks back to life and finds her mother lovingly stroke her hair.

"Really good. I can feel a connection to him."

Lily absent mindedly fondles her daughter's breasts and kisses her. Emily opens her mouth and closes it.

"Yes, baby. It feels good. Your brother is special. And you were made for him."

Emily wonders about that statement. A finger slides into her pussy to prevent her from asking questions. Watching Lily extract it and suck the juices from her finger causes a tingle to spread through Emily. She rubs her swollen stomach in a very absent minded member.

Amanda grabs Harry and pushes him into her. Harry holds onto her and fucks her the way that she likes it, like an animal. Amanda growls when Harry pulls almost all the way out of her and teases it.

"Tell me how much you need my cock, Mandy."

"Har, I need it bad."

"Of course you do."

Inside of her again he goes. Amanda tightens her walls around him and makes sure Harry's deep inside of her. Hitting all of her buttons and making her rise up before dropping back down onto the bed. The body of his sister wriths completely underneath Harry and allows him to rise up and drive down into her.

Amanda closes her legs around him and moans into his ear. Harry's touching her in all of the best ways and making her feel so good. His hand cup her breasts and release them. She gets the cock she craves.

Harry enjoys his sister, and not for the first time. Amanda's sweet walls wrap around him. Harry puts a hand on her chest and releases it. Another trickle of warm milk comes out of her from the after effects of the charm. Harry leans in and sucks Amanda's nipple to bring her closer to the edge.

"Oh, am I making you cum? Is sucking on your slutty tits making you cum?"

"You know they are."

Harry pounds down onto Amanda and slides deep into her. Her wet pussy clamps down and releases his thick cock. Harry rolls his hips down onto Amanda.

"I wonder how big and swollen they will get when I knock you up. Maybe, I'll give you a set of twin girls of her own."

Thanks to Harry's powerful magic, it will automatically shift to give them genetic diversity. Then
again, magic generally gives you a few generations before the problems start setting in. Otherwise, the purebloods would not be so pure. Harry thinks about his sweet sister.

Further down the bed, Lily kisses Emily's lips and makes her daughter quiver underneath her touch. Lily moves down and sinks a tongue between Emily's sweet lips. She rattles her tongue inside of Emily's hot snatch and keeps pushing in and pulling out to the point where she drives Emily completely nuts. Emily puts her hands on the back of her mother's head.

"More, Mum. Keep eating my pussy. You eat it so good. That's where Harry gets it, huh."

"Yes...baby...I taught your brother everything he knows about eating pussy...by using mine."

Lily pinches her daughter's clit and allows a sweet little sound. The teenager on the bit wriths. Lily pulls herself up and then rolls her hips up and down onto her, riding Emily into the bed. Emily tightens her legs around her mother. The burst of magic increases what the two of them are feeling.

Harry gives Amanda the sweet skin on skin contact she craves. His sexy sister moans underneath Harry the deeper and deeper he drives into her. Amanda closes her walls against Harry and releases them from her loins. She moans and grabs onto his back.

"Just a little bit more...just a little bit more. Just further...pound my pussy further! Oooh, Harry you're making me feel so good."

No man could make her feel as good as her big brother. Not that Amanda's interested in any other man other than Harry. Why go for the rest when you can have the best and Harry is simply the best. His balls crack against Amanda's thighs and her warm center clamps down onto him. Harry pulls her nipples up and sucks on them so hard.

Amanda falters underneath him. Harry spreads her legs far and buries inside of her. There's no room inside of her snug pussy and Amanda screams out further. Harry buries deep inside of her and then pulls almost all the way out of her, before driving his cock and slapping his balls onto her.

"It's....fucking...good."

"Yes, it is. Are you going to cum one more time for me, baby sister?"

"Hey, Emily's the baby in this set..."

"By like a second!"

Lily's tongue drives into Emily and she makes sure Emily busies herself with her pussy. When Amanda's certain her mother and sister enter a stunning sixty-nine position, she just has to get the last word.

"Still counts!"

Amanda cannot have any more argument other than Harry. Harry's big balls keep taunting her and leaving marks on her thighs. He holds her down on the bed and fucks Amanda raw. Her tight pussy cannot hold back any more. The pleasure cascading through her increases the deeper and the further Harry plants himself into her.

"Knock me up. For the love of...just knock me up!"

"You've got it!"
Harry speeds up his thrusts and really gets Amanda going wild for him. Every movement his sister makes as she creams underneath Harry's plunging thrusts only speeds him up. The sense of power and control Harry holds along with how good he's making her feel and he's the only one that can make her feel very good, makes Harry drop down completely into her. His balls slap against her thighs.

Amanda tightens around on him. Her legs wrap around her brother's ass to pull him in. They become one right before they truly become one. Harry's balls tighten and shoots the warm fluids down into her. His seed fills her body and shoots into her womb.

A sigh of content makes Harry feel really good. He feels himself knocking up his sister. He rides her all the way to the end, driving his big cock into Amanda's wet womanhood. He releases her from his cock and allows her to drop down onto the bed.

The second Harry pulls away from her, Amanda collapses, dripping with sweat, drool, and other bodily juices. Harry leans down and kisses her lips, something which she eagerly returns.

Harry brushes his hand over Amanda's stomach, so swollen with cum right about now. He feels her stomach and brings a kiss down onto the tip of her belly button which causes Amanda to shudder.

With both Amanda and Emily breathing heavily from their encounters, Lily and Harry meet each other. It's very much time for the main event.

"Just lie back, baby, and relax."

Harry does and Lily climbs on top of him. She turns around and gives Harry a view of her perfect ass. Lily bounces her ass back and forth while grinding on his cock. His sexy as hell mother toying with him like that causes Harry's cock to swell and be perfect to slip into Lily.

The second Lily knows her son's cock is rock hard and screaming for entrance, she bites down onto her lip and drops down onto Harry.

"It's so big. You need to give Mummy all of it. You need to give Mummy all of your cock."

He pulls almost all the way out of Lily and grabs her hips. He spears deep into Lily and feels her warm thighs on him. She takes all of his cock, like a goddess who is made for sex. Built to wrap her snug and warm walls around Harry, to make his testicles just sing in an amazing amount of pleasure.

Harry holds onto her chest and drives deep into her. His balls hit Lily at the right point and makes her just throw her head back, moaning and playing with her tits. She pulls out of Harry and teases the tip of his cock with her wet walls before sinking down onto him.

"Mum, you feel so good."

"And you feel so good too, baby. I can ride this cock all day long. Mmm, you're going to make me cum."

"I want to see your pretty face when you cum."

Lily smiles and shifts her position. She leans down, hands on Harry's toros when she rides him. Her beautiful breasts bounce up and down for Harry.

"Seems to me that you want to see something other than my face, honey."
Lily's breasts do entice Harry, and they would entice anyone. His eyes fall onto the bouncing melons. He does more than look at them, Harry touches them and squeezes them. Lily breaths in and moans in response. Harry touches her and makes her feel so alive. Her tightness closes around on him and releases him.

The first flow of his mother's juices hits him. Harry doubles his efforts to drive deeper and deeper into his mother. Repeatedly sending her womanhood around his cock and then releasing him. She moans very hotly around him and then undoes herself from around him.

"It's good...it's really good...keep it up. Don't stop. Don't stop fucking me until my womb is full of your potent seed!"

Harry does not intend to stop fucking his mother until she joins the twins, good and knocked up. He sends his throbbing balls against against her thighs. Lily puts her hands against his chest and rocks in. She puts her hands on Harry's head and leans him forward.

She's rewarded with her actions with Harry motorboating her breasts. Harry slides deep inside of her and rams his big cock into her tight body. He pulls almost all the way out of her and then slides deeper and faster into her body. Lily clamps down onto him, making her wet walls just close and open around him.

"Baby, go ahead...go as far as you need."

They're now in a position where Harry's sitting up and Lily bounces on Harry's lap facing him. Lily extends her fingers out to her daughters on both sides, a handy little charm stretching them out a bit further and fingering them while she fucks her son. The moans and sexual sounds made by all three of her children gets Lily off.

A squeeze of his cock shows Harry just how much further he needs to go. He keeps fucking his mother. Slamming into the cunt which brought him into this world makes it feel like he can go home again. Lily leans down and kisses her son's neck, giving him a hickey in response. She keeps sucking and moaning on his neck, kissing him.

Harry leans back a slight bit only to put his face into the perfect position to assault his mother's breasts. His hands squeeze her chest and releases it. Lily closes and releases him, the juices just flowing down from the tip of his cock all the way down to the base.

She buries more of Harry inside of her, taking his cock into her and releasing him. Harry feels so close and demands his mother's full attention for the last few minutes of this hot encounter.

"You're making me wet."

"Just so much easier to slide my cock into you and knock you up."

"Mmm..do it baby. Give me another daughter."

Lily feels younger with her son, even beyond the regressed aging of witches. She drops down onto Harry and milks his cock, determined to not squander a single drop. She will not be left out after Harry knocked up both Amanda and Emily with his seed, she wants it, son and every single last drop he has in her.

They join each other, with Lily closes around him and releases his cock from her confines. She cannot resist and she just loses it all over her son.

"Shit, Mum, I can't hold back."
"Don't baby. Just let it go. Just cum inside me, please."

Harry grunts and does so, shooting his seed into Lily. Lily crashes down onto him and tugs on his cock, allowing every single last drop of his dripping cum to shoot into her body and fill her up.

Lily slides up and down on him, making sure he's all the way inside of her. Harry plays with her breasts and just makes her job that much more easier.

Another pumping of cum brings Harry's third potent load of the evening into his third family member. Lily releases him the second his cum is done.

Then, she slides down to suck his cock with Amanda taking his right ball and Emily taking his left ball. Watching the three beautiful redheads and their stunning green eyes makes Harry throb and ready to unload again.

End.

Next Chapter: 5/14/2018.

Thanks for all of the favorites, follows, views, comments, and kudos and I'll see you on Monday for the next chapter.
A long rainy night takes place outside and Harry Potter finishes wrapping up the notes he made on a case. A knock on the door brings him out of his thoughts. Harry's not one to avoid answering the door so he bounces up and opens the door.

He comes across a very surprising person on the other end of the room. A beautiful blonde with dazzling blue eyes stands on the end of the door. Her face looks like one of an angel and she wears a yellow raincoat which extends down past her knees. She wears a pair of boots as well.

"Mind if I come in."

"Well, Veronica Mars, what do I owe the honor?" Harry asks.

Veronica smiles and enters the room. "I think I'm the one who owes you the honor. Without your help, I would have never been able to crack it. And now a monster is behind bars where he belongs."

"I feel like we should all help each other uncover the mysteries of life," Harry tells her. "And when those mysteries are who a serial killer of children, you have to act."

She smiles and agrees. Veronica steps into the room and undoes her raincoat. It drops to the ground to show Veronica wearing a tight corset top, a lacy black thong, and a pair of sheer stockings. She takes her boots off to show Harry all of the stockings.

"Yes. We should help each other. Especially when someone has been working hard."

One delicious leg lifts up with the foot brushing against Harry's pants. Her soft stocking clad foot pushes against Harry's crotch and then lightly nudges him to fall down onto the chair. Veronica balances herself on the coffee table.

"You work hard, and I don't think you get the proper appreciation," Veronica says. "The cops hate you."

"Only because I do their jobs better than they ever could," Harry says. "To be fair, they don't have the resources that I do."

A soft smile and nod follows Veronica sitting down on the coffee table. She rubs her foot up and down Harry's leg. Her stocking clad foot rubs to his stomach and then rubs around his crotch.

"And you have been working hard," Veronica tells him. "Look at how stiff you are. Poor thing."

She says this with a small seductive voice while also undoing his pants. A nice piece of male endowment comes out of his pants. Veronica smacks her lips together. The handsome man is packing something nice for her to wrap her toes around and pump them.

"So, do you like my feet?" she asks him.

"Yes," Harry tells her. "They're quite lovely."

"I figured you would," Veronica tells him with a soft smile etching down over her face. "They're so
nice and soft rubbing alongside your big cock, aren't they?"

Harry holds his cock up and down with Veronica rubbing her toes down him. Her soft stocking clad feet form a sandwich around his gigantic big cock.

"You know something, sometimes I need some relief as well," Veronica says to him. "But, it's hard these days, and I've been burned so many times. What I really need is some nice, no strings attached sex. I'm pretty sure you're used to that though, aren't you?"

"Yes," Harry tells her.

She continues her unashamed foot job on Harry's big cock. Veronica's eyes follow the progress of his cock when it swells underneath her. She keeps applying the necessary amount of friction with her soft soles to let Harry rise up. Harry puts his hands on her ankles and rubs them which results in Veronica shifting against him.

"That's what I've always wanted," Veronica tells him. "But, I want more and I know you want more as well."

Harry's hand slides up her leg and feels it up. Veronica only speeds up the pumping of his cock. Now she slides her big toe against the length of Harry's cock. Harry slides his fingers down her thigh and then pushes to her pussy. Veronica rotates her hips while sliding her feet down onto her.

It's what she really wants. This god among men rubs her through her panties and builds up a rise of arousal. Veronica turns her hips around with her thong pulling down from her. Her wet pussy lips come out and Harry touches her wet pussy. His finger slides deep inside of her and then pulls out of her.

"Touch my pussy! It's what I want! I need your big fingers jamming inside of my nice tight pussy!"

Veronica increases the friction of her foot job while Harry rubs her thighs and then works into her pussy. She can feel the build-up expanding his cock. Veronica knows what to do and how to pump his cock. Her legs raise up and down, showing how strong and toned they are.

"I'm going to cum," Harry groans.

She wants Harry to cum all over her feet and legs. Veronica spends as much time as possible working Harry over. She keeps pumping him and causing Harry's length to just swell between her soles. She slides down to the base and pumps him all the way. Her feet work him over.

The magical sensation of Veronica's soft soles shoots Harry's cum all up into the air. His seed spills all over her feet and shoots up into her legs.

Veronica pulls away from Harry with cum dribbling down her legs and feet. She leans in and straddles Harry's lap. She grinds her bare pussy against Harry's cock. Her nails dig into the back of Harry's neck. Veronica nibbles on his lip before giving Harry a very aggressive and passionate kiss.

Harry lifts her up off of the ground. She molests his tonsil with her tongue. Harry gives as good as he receives and decides to play her tame. The two lovers increase with their lustful activities. Harry backs Veronica against the wall. The bookshelf shakes from the impact of her body smashing against the wall.

Eyes widen with Harry holding her hands up. He kisses the side of Veronica's neck and makes her lose it in her.
"I just need a man who takes control and gives me what I want," Veronica tells him. "And I what I want is that nice big cock of yours in between my thighs and inside of my pussy."

"You've come to the right place."

Harry slides down her top and reveals Veronica's nice perky tits. Her nipples stand very erect and Harry dives down into them to feast on her chest. Veronica holds her hands against the back of the head.

"Worship my tits," she hisses in his ear. "Oh, this is great, baby! I'm glad I mustered up the courage to come here."

"You shouldn't be intimidated to come here. Stop by any time. I can help you."

Veronica grins in response, if half of the rumors were true, than Harry helps out many women. It does not matter though who he helps out in the past. What matters to Veronica is being helped out by him in the now and helping his cock inside of her wet and ready pussy. Veronica spreads her legs and is more than ready to go.

"Fuck me!" she yells in his ear.

Harry holds her up onto the wall. Veronica's nice legs wrap around his body. She squeezes his ass and moans in his ear. Harry slides his cock down, touching her toned stomach, and shifts his way down into her wet pussy. He is teasing her and making Veronica shift and squirm against him on the wall. Harry dives in and attacks her lips with multiple long kisses.

Veronica's body heats up and wants Harry's cock inside of her. The fact it's not inside of her yet causes her to showcase some very obvious frustration.

"I want that cock inside me and I want it inside me now," Veronica tells him. "You're not going to leave me hanging. You know I hate to be left hanging."

"So, I've heard," Harry tells her.

"So, get that cock in me and leave it in me!"

Her hips push up and the first couple of inches of Harry's cock enter her. Harry scoops up Veronica in his arms and she hangs her legs against him. His cock slips inside of her body and fills her up completely. Harry drives her against the wall and his cock inside of her.

"ABOUT TIME!"

Veronica hits a brand new high pitch with her voice. Harry slams his big cock inside of her tightening pussy. He pulls pretty much all the way out of her and drives his huge cock inside of her body. Harry holds onto her hips and pushes deep inside of her.

She whips back against the wall. Her tight pussy closes ranks against Harry. Harry pulls back out of her and drives inside of her. His balls slap against her tender thighs. Veronica holds onto him and moans in his ear. Her stocking clad legs rubbing against him only makes Harry want more.

Harry pushes her back against the wall and touches her body all over. He keeps burying his cock inside of her body.

"You're so beautiful," Harry tells her.
"Did you want to fuck me before today?" Veronica asks.

"Well, I've had thoughts," Harry says. "But, I wanted to keep things professional….."

Veronica grabs Harry's back and digs her nails in.

"Well, business overs are over. Time to show what you wanted to do me all of this time."

His big cock splits her in half the deeper he drives inside of her. He's running his hands all over her body. Harry leans in and kisses Veronica's neck to suck it. Veronica holds her hand down his back and makes sure he does not leave her any time soon.

Harry regrets not throwing her down on his desk and fucking her sooner. And given the way she reacts to him, she would have consented to it. Of course, making her way just unleashes a greater sexual beast inside of Veronica Mars. Her clenching pussy and clawing nails drives Harry deep inside of her body. Her tight pussy closes ranks around Harry the further and harder he shoves her down.

"Harry! Harry! Oh, this is amazing! I don't think you could even fit a feather inside me right now! I'm so full! Fuck me against the wall and split my pussy in half!"

He hammers Veronica into the wall. Her hair comes undone from the ponytail it is. Harry runs his fingers through her hair. It's so silky smooth with a lovely lemony scent to it. Harry's scent of Veronica and her growling arousal causes him to drive deeper inside of her.

Veronica tightens her grip onto Harry's big cock. The rush of cum coats his cock and only allows Harry to slide deeper and with more ease inside of her. Veronica holds the back of his neck and shoves her tight walls against him.

"You'll get my repeat business. Five stars."

"Six in Japan."

Veronica raises her eyebrow.

"Inside joke," Harry tells her.

She does not have too much time to think about it. Harry slides his big cock deep inside of the horny blonde detective. Every time his cock enters her it fills her up completely. Veronica throws her hips up the deeper Harry pushes his hard cock into her slippery wet pussy.

"I don't care as long as you're inside me."

Harry pounds away at her and drives her hard cock inside of her wet pussy. Veronica squeezes his manhood the second Harry pulls out of her. His balls smack her harder and faster to show her how full they are for her.

She wants to squeeze every last drop of cum out of Harry's raging balls. He pushes inside of her and drives his cock into her. Another clench of her pussy and Harry runs his fingers, ripping her stockings off.

"I'll send you the bill," Veronica teases him.

Harry gets her soft bare legs underneath the stocking. They are smooth and sensitive to the touch. Harry notes how much she squeals and clutches his back with her nails when he touches her legs.
Harry does it over and over again to drive Veronica over the edge.

Finally, she cums one more time and this opens the door for Harry to thrust inside of her. He fills her pussy up with so much cum that it's obscene.

Veronica moans and thrashes against her. She's about as subtle her with her lust as a badly dubbed hentai. The nymphomaniac detective twists her pussy against Harry's massive rod the deeper he plunges inside of her tightening pussy.

She almost collapses down on the ground. Harry pulls her up, scoops him up into his arms, and walks her over to the couch. She nuzzles against his neck.

"I bet this couch gets a lot of business."

The second they drop down, Veronica kisses him and rubs up against Harry like a cat in heat. The two enter a very steamy makeout session. Veronica's never felt so alive and she has to keep kissing the lips of the older handsome private investigator.

The two continue their heated session with neither giving up on the other. Harry's hands find Veronica's ass and squeezes it. She shakes her firm butt against his hands and the feeling of his hands all over her ass excites her.

The next play causes Veronica to shift around and mount Harry in a reverse cowgirl style. Her pussy grinds against his cock which is now re-hardened.

"Time to ride you to the finish and put you to bed," she tells him. "How do you like that, stud?"

"I think you're overly-confident, Ms. Mars."

"We'll see, Mr. Potter."

Veronica brushes he warm pussy against Harry's throbbing hard cock. She needs his cock inside of her like a baby needs its mother's milk. It's only necessary for survival. Veronica teases her sensitive lips against his cock before sliding down onto him.

The tightness of her pussy and her ass bouncing presents Harry with a combination of different sensations. She rolls her neck back and moans when bouncing on him. Harry grabs Veronica's back and then touches her in all of the places which he knows drives her completely nuts.

A fire builds up inside of Veronica and the only way the fire can be fought is with Harry's big and thick cock sliding inside of her warm and wet pussy. She closes ranks against him and squeezes Harry with her tightness. Harry pushes up from the bed and drives his cock inside of her tight body.

"YES!"

Veronica shifts her wet pussy down onto his throbbing cock and pulls it almost all the way out of her. She closes down against Harry and then releases him. She works over his love muscle with all of the worship it deserves. Veronica feels how strong and muscular Harry's legs are and gets excitement.

The flexibility Veronica showcases when taking his cock inside of her and riding him makes Harry's excitement only grow. He holds his fingers deep against Veronica's rib cage and kisses the side of her neck. Veronica shifts her body up and down to bounce higher and faster on Harry.

"I'm going to fuck you all night long."
Harry responds by grabbing Veronica's hands and squeezing them tight. Her soft fingers intertwine with his. Veronica squeezes his hard cock and releases it. Her slick pussy grabs onto him and releases his cock. Veronica holds onto him and pumps her pussy down onto his hard cock.

She gets closer. Closer to releasing her wet pussy juices onto his big cock with Harry tightening his fingers against Veronica's and pulling back on her. She throws her hair back with sweat rolling down her body. She works up a hell of a sweat when working him over.

Her warm snug pussy grabs Harry's cock and milks him very hard. Harry pushes his cock deep inside of her wet center and pulls completely out of her. Veronica buries her wet pussy down onto him, sweat rolling down her shoulder as she leans back and looks over her shoulder.

"Veronica, my dear, I think you just my lose it."

His hands find their way on her body in ways which Veronica's almost certain they cannot reach. Logic loses out in the game of life to pure unbridled lust.

"Those hands are weapons of mass seduction."

Okay just a little bit corny, but still, Veronica cannot expect to offer anything too intelligent the further Harry drives inside of her body. His cock drives inside of her and pulls completely out.

Several more exchanges bring Harry's balls up to throbbing levels. He holds his hands around Veronica and drives down onto her wet pussy. Veronica squeezes her pussy around his cock and releases it to pump his big cock inside of her body.

"Keep going," Veronica says in hunger. "Oh, I think that I might…come here more often."

"Stop by any time."

Veronica hits the peak at the roller coaster and it comes crashing down all the way from there. Her body releases so much pent up sexual energy it's almost obscene. She holds herself against Harry's cock and releases her juices all over his big cock.

"I'll keep that in mind," Veronica breaths. "And I think you're ready to cum. Aren't you, big boy?"

Fucking herself silly on Harry Potter's legendary cock, the one which leaves women with ruined panties and just ruined in general, is a perfect way to relieve some stress. His touches are all over her body and condemning Veronica to certain demise by a thousand orgasms. Breasts, clit, ass, and legs all receive a full court press.

There are far worse ways to go.

Harry slides into her wet pussy and enjoys the feeling of her tight pussy. He pulls out of her and drives his balls against her tender thighs. He slams inside of her and the explosion starts.

Both cum together with stars flashing between their eyes. Veronica keeps up Harry by milking Harry's cock all the way to the end.

Harry fills her up with a couple of groans.

"Keep with me to the end."

He rides out her orgasm and she milks his own. Veronica shows what a considerate girl she is not letting any drop of cum go to waste.
Multiple orgasms follow on the part of Veronica as she feels drained and yet satisfied. She finishes pumping the last drop of cum after Harry's body. The cream pie he leaves behind causes her pussy to leak.

She pulls away from Harry and drops onto his muscular chest. Veronica smiles and leans in to kiss Harry's lips.

Harry wraps his arm around her and kisses her again. They keep kissing and feeling each other up. This sends another spark.

There are many sparks to come as Veronica's not done with Harry just yet, and Harry's not done with her either.

The storm continues to rage on ignorant to the two lovers.

End.

Next Chapter: 5/18/2018.

Thanks for all of the favorites, follows, views, kudos, and comments and I will see you Friday for the next chapter.
MILFs of May continue with Hermione's mother, Charlotte, joining things in. Head to the Blog Exclusive Chapter Links on my profile page.

Also, as you may know, Breeding Ground is ending at least Chapter 350. Therefore, if you want to get requests in, you should do it now, and you can do so by clicking on the One and Only Breeding Ground Topic linked to this page. There's an entire boatload of suggestions that I have potentially, but you never know unless you try. June 24th, 2018 is the absolute last day you can get suggestions in, on the One and Only Breeding Ground suggestion topic because things are wrapping up after that. It's likely ending at 350. There’s a chance it can go to 400, although not the biggest chance right now. Things may change when I have to make that final decision in February. Still, giving everyone fair warning to get their suggestions in. There's a large pool and you are competing with a lot of people, but you never know until you try, right?

And now, let the shameless smut commence.

After watching their quest get taken off, Neena Thurman, better known as Domino, and Hadrian Peverell, better known as the Dragon, smiles as they look at the bag of money their employer left. Neena licks her lips and turns to her partner with a smile on her face.

"I would have to say today is another successful day. Wouldn't you say, partner?"

Domino bends down in her tight body suit, it stretching against her perfectly shaped ass. The material fits against her like a second skin and gets his attention very nicely.

"I would say today's a perfect day. Better make sure it's all day."

"Well, you know what happens when someone stiffs me."

Harry puts his hands around the waist of Domino and makes her smile.

"So, how long has that gun been loaded?"

She turns around, dark eyes twinkling with mischief. She blows a solo curl away and leans closer towards him. The front of her bodysuit unzips and her rich cleavage pops out.

"You just couldn't wait until we got back to base so we can split the take, couldn't you?"

Domino rolls her finger down Harry's chest and moves closer to his abs where she stroke sit. A hand reaches down his pants and then pulls back to place on his chest.

Hadrian cups her cheek and pulls her in a little closer. Neena's face lights up.

"You know I couldn't. We were on that stake out for a long time. You know what happens when I don't have sex for a long time."
Neena knows all too well and she's about ready to feel the benefits of a sex starved man. Her partner shoves Domino against the wall and roughly kisses her. She returns the kiss with an equal amount of aggression, digging her nails into Hadrian's cheeks. She feels what he's packing through his pants and she cannot wait to get her hands on it.

Along with her mouth, cunt and anything else. Hadrian grabs a handful of Neena's ass and makes her just rise up in pleasure. Mouth to mouth, tongue to tongue, lip to lip, both of them increase their lust with each other, kissing with a heightened amount of passion. The passion only increases the more they push their tongues into each other.

Instantly, the handsome man pulls away and rips Domino's body suit off of the rest of the way. Her breasts bounce out into the light and Hadrian attacks it.

"Insatiable little Dragon, aren't we?"

Hadrian smiles and cups the underside of the beauty's breasts and cause them to bounce. Neena gives him the most sultry, the most seductive sounds and moans. She squirms underneath his hands, the more he pushes forward. The more he pleasures her, Neena can hardly stand it. Yet, she has to stand it for he will have her right here, right where he wants er now.

"Mmm..kiss me...on those lips...and maybe those lips later."

"Of course….I would love kissing you on those lips."

Her suit comes off, leaving Neena in nothing other than a thong and a pair of boots. Hadrian removes the thong and reveals her wet pussy. Her slit drips and Hadrian leans in to kiss her belly button before sliding her up onto the box and crouching down between her legs.

Domino puts her hands on the back of the head of her handsome lover. He eats her out and does it so about as good as anything else. He's simply the best at what he does and Domino would not trade him for the rest.

"Work that tongue, honey...show me why you're the best in the world at what you do, and it's so very nice!"

His hands roll over Domino's hips as he makes her with her nether lips. He feels up her soft, but strong, legs. He cannot wait to have them wrapped around him when Domino drives down onto his cock until both of them cannot take no more. Right now, he trades against the edge of the slit, folding his tongue in and out and making Domino pant.

Every inch of Domino's body rockets to the top with arousal. She pinches her nipples and rises up. Her free hand moves down to press onto the back of the neck of her man, to encourage him to drive in ever so deeper.

He slips that tongue inside of her and edges her ever so closer to the peak. The mercenary mutant takes a deep breath the further Harry comes in and goes out, taking her completely and utterly over the edge.

"So, good. So good, eat that fucking pussy! Devour my nethers! Fucking shove that tongue in there, you son of a bitch!"

Hadrian is not going to let her down for very long. He keeps going to town on Neena and causes her to just break down. His hands lock onto the back of her head and causes her to moan even more. He's inside of her, slurping her juices up and then pulling all the way out of her.
He offers Neena a kiss and she takes one, hungrily assaulting his mouth with her tongue. She presses mouth to mouth, lip upon lip, sucking her own juices.

Without another word, Neena jumps off of the box and jumps into Hadrian's arms. The Dragon and Domino suck face with each other, their hands moving against each other. Their bodies entering the dance of lust which drives most people.

The barrier of clothing is not going to do though however. Domino drops down and tears Hadrian's pants off with an animalistic fury in her eyes. She cups his cock and presses it against her hand. Squeezing and releasing Hadrian's cock, he moans. Their lips mold against each other, with their tongues shoving against each other and then pulling almost all the way back from each other.

Hadrian's cock pops out of his pants and Neena grabs onto him.

"My, sir, what a big gun you have? Are you going to shoot me? It looks loaded."

Neena humps her slit against the tip of Hadrian's manhood and causes a groan to fill his body. He holds onto her back and slides Neena a little bit further.

Domino wraps her arms around him and another kiss. Her breasts go against Hadrian's strong, muscular chest. She does not remember taking his shirt off, but Domino's not going to ask too many questions about logistics when she's about ready to get laid. Hadrian puts a hand on the back and guides Domino ever so closer to him. Her wet pussy closes in on him, about ready to come down onto the tip of his cock.

"Here it comes. Are you ready?"

"Born...ready for this cock."

She lets out a slight squeal and Hadrian slides inside of her. The tip of his cock buries right onto the point of her wet pussy, allowing him to slide into her. Domino drops down onto Hadrian, shoving more of his massive man pole deep into her wet pussy.

"Fuck...fuck me. Fuck me hard!"

Domino now has the cock burying inside of her, without a place to go. Hadrian pulls onto her and shoves his cock inside of her tight hole. Their bodies connect.

Hadrian slides three of the boxes together and transfigure them into a soft mattress for them to both crash down onto them. Domino balances on him.

"A man this handy with his hands should be celebrated."

Hadrian reaches in and cups her chest, allowing Domino to rise up and drops down onto the throbbing cock of her partner. She bites down on her lip and looks like the sexiest thing in the world when rising and dropping onto Hadrian. Their skin meets together.

Now, Hadrian shoots up inside of her, feeling the insides of her. She's about ready to pop all over his cock. Hadrian touches her body, grabbing onto Domino's thick ass and making sure she explodes onto him. Her body shakes all over, with Hadrian feeling the benefits of her pussy tightening and releasing blasts of juices down onto his cock.

"That's really good. Really good."

Domino finds herself unable to say much more thanks to the fact that Hadrian now muzzles his
face into her chest and motor boats the hell out of her tits. Neena's wet box clamps down onto the manhood and slides almost all the way down onto her. Her sexy box clamps and releases down onto him.

The emerald-eyed sorcerer smiles when feeling the sexy mutant bounce onto him. Her enticing body just makes Hadrian want to drive into her. He shoves deeper into Neena, her tight walls clamping down onto her.

"I'm going to make that gun of yours go off inside of me."

Neena flexes her walls around him and then pulls away from him. She shoves Hadrian back onto the mattress and positions herself a second later. Her wet walls slide against Hadrian's manhood, and then drops down onto him. His thick cock inserts deep into Neena's tight pussy and she bounces onto him.

The reverse cowgirl ride kicks up, with Hadrian getting the visual show of Domino's sexy bubble butt bouncing up and down the deeper she drops down onto him. She's as thick as hell and Hadrian magically extends his arms a little bit past where they should go just so he can grab it.

Magic really is fucking amazing that time. He lays back, while touching her ass and watches as Domino bounces on him. Her wet pussy tightens around him and snaps back around wet walls clamp around him and releases him. The hunger dances around her eyes.

Hadrian shoves his big cock as far into her as possible and makes Neena clench down onto him. She works over his love muscle inside of her tight box. The honey keeps spilling out and allowing Hadrian to slide deeper and deeper.

"Fuck, I can't wait to feel this pussy cum all over my cock again. You know you can't resist me for too long."

An invisible finger strikes her clit at the right point. Domino thinks he's right, with her burning insides clamping around him. She gushes all over him, coating him from the tips to the toe.

She bends down and in three breaths, Hadrian's out of her, inside of her, and grabbing all over her body while fucking Domino doggy style. He slaps his balls against her thighs, leaving the most unnecessary marks possible. And yet, the marks are very necessary in some ways. In many ways, to feel Hadrian deeper and deeper inside of her, to feel his testicles slapping against her.

"Deeper...deeper...fuck me like the animal that I am."

"You are an animal, taking my cock in your hole like this. Enjoy my finger back there, you horny bitch?"

"Yes....I'm the horny bitch! I'm the horny bitch...fuck me...fuck me!"

Hadrian rams his cock as deep into Domino as humanly possible, his balls slapping against her from behind. He puts his hands on Domino, squeezes her ass, before slapping it on a constant basis. Lust shoots through Domino's loins the deeper Hadrian rams himself into her.

"I want more of this. I need more than this. I need you to fuck me. Fuck my tender pussy! Stretch it the fuck out! Come on, baby! You can do it, you can fuck me just like this! I want you to fuck me...just like this!"

Hadrian smashes the beautiful mutant and causes her to hang onto the makeshift mattress. His balls swing and keep striking Domino at all of the right points.
"You're getting close. Make your shot!"

"I always make my shot."

Neena clamps down onto him and allows herself to hit a gusher. It's just that his cock is inside of her so deep that it's really doing a number on her psyche. He's inside of her head, inside of her cunt, stretching and fucking her deep, all while smacking her ass and leaving marks all over it.

"After you though. I want to feel you pop against my cock. I want feel your slick juices."

Getting his wish brings a smile to the Dragon's face, while he sinks his big throbbing cock into Domino's box. Her juice box milks him and allows Hadrian's balls to repeatedly smack down on her. He leaves a mark on her thighs the faster and deeper he shoves himself into her.

"We're getting close, aren't we?"

"Yes...baby...we're close. Why don't you cum with me?"

"I don't mind if I do."

Hadrian bottoms out in Domino and he feels the release. He keeps feeling up her sexy body. Domino responds by moaning loudly until taking a full load of Hadrian's balls.

He groans at the sweet sensation of release, feeling his orgasm reach it's tipping point. He clutches onto her hips, perfectly built for fucking, and rams deep inside of her.

More and more of his cum splashes into Domino. She feels her womb filled up with seed and causing her belly to balloon. Hadrian holds onto her and rides her out the rest of the way.

"Just one quick question."

Hadrian stops and rests against Domino. Both of them look up to see Deadpool standing in the corner, smoking a cigarette.

"How did you get here?"

"Plot hole?"

Hadrian pulls Domino onto his lap and she gives Deadpool one of those looks.

"Just one simple question, really more of a general inquiry. What version of Domino is this? Is this the classic comic version? Or is this the version of Domino from my new movie, Deadpool 2, out in theaters now. Because, no offense, but you weren't being very speci....aaaaahhhhh!"

That scream comes from Deadpool being blasted to a plate glass window and falling onto the concrete below with a nasty splat.

"I'm okay!"

Domino just shakes her head and drops down resting her tits Hadrian's thighs.

"So, where were we?"

"I don't know."

Hadrian scoops her breasts up and puts them on his lap. His cock slides into her cleavage.
"What do you think?"

"Still got another shot in you, huh?"

Hadrian's cock swelling up to full mast answers Domino's question in a hurry.

Thanks for your favorites, follows, views, kudos, and comments and I'll see you Monday.
The latest installment of the MILFs of May hit with Catelyn Stark of the Game of Thrones. You can find it through the Blog Exclusive Chapter archive and it's called "Stairway of Sin". Head over there to check it off.

"It appears that you've lost your pants, Detective."

Elisa Maza's lips curl into a smile. She currently sits on her lover's lap while facing his body. All she wears is a dark black tank top and a pair of black panties which do little to conceal her assets. Harry's hands move all over her body and he teases her with a very long kiss to the side of her neck. His lips assault her pulse point.

"It's not that much of a mystery why, Mr. Potter. They warned me about you. How quick your hands are on. And how I should keep my eyes on where they are heading at all times!"

Elisa's eyes cloud over a second later with lust. Harry's hands reach down to her lower back. The flesh revealing itself allow his fingers to stroke against her flesh.

Harry smiles at the tautness of her flesh rolling over her. He shifts his aggressions and affections to Elisa's tight ass and gives it a very nice squeeze. She registers a delightful squeal and Harry kisses her on the lips. He moves his aggressions down to her neck.

A warm feeling appears in the pit of Elisa's body. A fire which can only been clenched to one thing. She undoes Harry's shirt and tears it ever so slightly.

"Is this police conduct, Detective?"

"I believe it's worth it so I can investigate the matter properly," she tells him.

Elisa pushes him back and they land on the bed. Harry's muscular chest, abs, and arms are for her disposal and her consumption. Elisa greedily eats up the eye candy and does more than just visually run her eyes down him. She worships Harry's body with kisses.

Harry smiles, he does have a gift of getting himself into these situations. The swelling in his pants shows his eagerness and her lips and hands attack Harry's body. The mixed race detective decides to get bold and suck on Harry's nipples before kissing his abs.

A small stream of salvia leaves itself on Harry's abs.

"And it appears you have a concealed weapon, Mr. Potter," she tells him. Her fingers brush against his crotch but do not take the dip to go inside. "I better proceed with caution to make sure it doesn't go off."

She pulls the boxers down Harry's waist and causes his cock to spring out into the air. Twelve inches of pulsing meat greets Elisa. She puts her hand around him and moves down to clasp the base.

"This thing is well loaded. I wonder what you're intending to do with it."
"Be careful around the trigger," Harry says. "You touch it in the right way and it can be pretty sensitive."

Elisa grabs his base and jerks him off. She leans down. Beautiful lips parting causes Harry's cock to swell even more and reach her lips. Her juicy mouth wraps around Harry's aching pole. Elisa slides down almost all the way and takes his cock into her mouth.

Her face descends and Harry looks to see the dirty look in her eyes. Only one thing could be occur.

"Is this…investigation really necessary….Detective?"

Elisa's mouth pops off of him. A messy trail of salvia drips down his cock.

"Yes, Mr. Potter. I would have to say it's quite necessary. And your cooperation would be very much appreciated. I need to figure out the range of the weapon that you're making. And how many shots…it can fire…and how fast you can reload it."

She jerks him up and down. Elisa's fingers wrap around Harry's cock as she tugs it. She moves in with a taste of his cock and it's a hell of a long taste. She spends time sampling his cock. It's like a drug, addictive, and she just cannot wait to have more of his large cock sliding into her mouth.

Harry wraps his hand around the back of Elisa's head and pushes her mouth down onto him. The fingers grab around Harry's balls and pump them. Her warm and pleasant mouth sends feelings of electricity down his crotch. She certainly knows how to suck a cock, especially his cock. Her mouth molds with Harry holding his hands against the back of her head and pushing her down.

"I think you're getting close to finding out!"

Her efforts are completely redoubled. Harry wraps his hands against the back of her head. Elisa closes her throat down on Harry's cock and releases him.

The dam bursts and Elisa prepares to take a huge load of cum into her mouth. She milks his balls with her hand to ensure the payload blows into her mouth. Elisa slides down onto his base and her cheeks bulge out to show how much cock is being taken into her mouth.

Harry finishes cumming into her mouth. A small amount of cum dribbles out of her mouth. Elisa catches the driplet on her finger and slides it deep into her mouth. She locks eye contact with Harry and makes sure he watches her drink his cum.

"It turns out it is a very addictive taste," she says. "So the rumors are true. You are producing a highly addictive drug which leaves women hopelessly helpless."

Elisa squeezes his cock and balls.

"And hopelessly satisfied."

Another squeeze brings Harry's cock up into full mast. Elisa's nipples poke out from her shirt. Harry decides to do his civic duty and help the fine detective out of her top. Her large full breasts come out. Her nipples poke into the air. Harry pushes himself into her chest and starts devouring her chest.

Elisa throws her head back to allow Harry to dive deep into her chest. His huge hands squeeze Elisa's breasts and prompts even further moans from her. Harry's all in deep in her chest and sucking on them.
"I thank you for your cooperation, and I think….."

Her panties come off and Harry's fingers dance down her dark thighs. Harry slides a finger deep into Elisa's tight box.

"Well, I don't think you could conceal any weapons in there, Detective. There would be barely enough room."

"Feelings can be deceiving!" Elisa lustfully moans in his ear.

Harry's second finger slips inside of her pussy. He allows the attractive woman to drop down onto the bed. Detective Elisa Maza's body thrashes underneath Harry's fingers the further he pumps into her. Her thighs close around him and drips a few droplets of honey onto his fingers.

"I can see that. And I'm sure in time I can make the fit a bit bigger. The proper amount of lubrication is necessary to slide really big weapons into really tight holes."

Elisa's hips throw back off into his hands. His fingers dance against her.

"They say…they say….."

Harry's fingers reach into her smoldering hot depths. Elisa's hips rise up and down at a rapid fire rate to take more of Harry's fingers inside of her.

"What do they say. Mmm? Detective?"

Elisa experiences a rush beyond anything she's ever felt in her entire life and that's pretty much saying something great. Her eyes close tight with the feeling rising through her body. Her nipples harden at the thought of what Harry would do to her next and he can do pretty much anything he wishes.

"They say you're good with your tongue."

"And you want to properly investigate by getting a first hand account."

Harry's tongue licks down from her cleavage and then all the way down to her belly button. He makes a one way trip to the prize he seeks. Elisa's scorching honey pot demands his tongue service her. He pets the outer lips before taking the plunge.

The tongue is pretty much as advertised. Elisa's grabs the back of Harry's head. He knows what he's doing and most importantly he knows where to set her off. Harry Potter may just be the most dangerous man in the world with his ability to manipulate the body of his lovers and pick out the spots which render them weak to his affections.

Harry tastes the gorgeous detective underneath him. Her warm thighs close down onto Harry's face. Harry runs all over her inner thighs and then moves from her gushing pussy. He nibbles on her clit. The moan coming from Elisa shows pretty much how much she likes that.

Elisa's warmth pumps all over her body and around the area of her thighs with Harry attacking her pleasure centers with a concentrated assault. Every slip of his tongue through her body makes Elisa's pussy flow and overflow. He digs down into her and gets her nice and wet.

Then comes the explosion and Elisa just giving into the pleasure. She pants heavily when Harry eats her all the way through one orgasm and leads her to another.
"That kind of pleasure should be illegal."

"Good thing for you it isn't."

Harry collects some of her juices and allows Elisa to clean his fingers. The satisfied moans coming from the woman are pretty good.

"You've gotten something you want. I'm going to get something that I want now."

He cups Elisa's pussy and makes her entire body shiver. The fire in her belly scorches even higher. She lifts her hips up to try and get herself into position. She spreads her legs on the bed and Harry just smiles and climbs on top of her.

His muscular chest touching her breasts causes the passion to increase over Elisa. Every time he touches her brings a new fresh feeling into Elisa which she cannot previously understand. He flickers a finger over Elisa's face and brushes a solo strand of hair out of it.

"I'm here. And I'm going to take what I want."

Their lips smash together with a passionate kiss. Harry enjoys riling up women and the one squirming underneath him. She finally wraps her legs around him.

"Go ahead and take me," Elisa says. "I'm begging you to take me!"

Harry's throbbing cock head pushes against Elisa's wet pussy lips. Her legs tighten their grip around Harry's waist and slide over his ass. His hands push down onto her chest and start devouring her tits. She throws herself up into him and the two meet in the center.

The moment of them meeting together sends sparks through their collective beings. Elisa squeezes Harry in tight as more of his cock enters her body. He makes sure that she feels every inch sliding inside of her deep cavern. Elisa shifts herself against Harry's hard cock.

He rises up and pushes deep inside of her. Harry buries more of his engorged length inside of her tight pussy. Elisa closes herself around Harry and releases his big cock. It's only done so he can firmly drive it into her. Those balls smack against her body.

"Come on, stud. I want to see what you really got."

Harry's hands move all over her body to touch her. It's just more than Harry driving his cock inside of her. His talented hands and mouth also worship Elisa's body. The sweat shimmering from her body only increases as she pumps his cock with her tight walls.

She's so tight and so addictive. Harry slides into her and feels the snug grip around him. Elisa works out for her job. Harry can feel it with every touch of her firm body pushing against his. Her tight inner muscles grip his cock and make it a very snug fit.

It's always a good thing that Harry's able to adapt. He runs his fingers down her and then lifts himself up to plunge her down onto the bed.

"Mmmm!"

Elisa's entire world revolves around getting fucked at the moment. And Harry can go and go. He's not even close to cumming, she can fell it. Yet, she is and Harry guides her pleasure to make sure she gets the most of it. He slows down just enough to make her feel the moment.
The moment passes with Elisa exploding her juices all over Harry's massive cock. His throbbing manhood drives deep inside of Elisa's warm canal. He stretches her and pushes almost all the way out of her. Harry drives in with a repeated and never ending series of thrusts.

"Take me!"

Elisa clutches Harry's back and makes him drive deep inside of her body. She just soaks in the hot feeling of flesh upon flesh. Two firm bodies pushing together and meeting in the age old dance of passion. All pretext dropping, the only thing which is sex.

"You are a drug."

He is a drug alright, with all of the nasty side effects. Well unless you consider satisfaction, soreness, and a desire for more as side effects and the jury is still out on them what. Elisa clutches him tight into her and he fills her body with more thrusts.

Harry enjoys her wrapping around him and moaning in his ear. He slows down just enough to feel the pleasure of her pussy walls closing on his breeding rod.

The itch Elisa never really acknowledges becomes fulfilled by the magnificent man above her. Harry's slowing down his thrusts to make her feel the pleasure of her orgasm.

"Don't stop until you're done," Elisa tells him.

Harry throws her legs up into the air and hammers inside of her body. Every time Harry's cock parts her walls it's like divine pleasure is being introduced into her body. Harry holds himself back and then drives his cock deep inside of her warm pussy.

"DON'T STOP!" she screams.

He rams his big cock inside of her pussy. Every time Harry enters her it is like a never ending roller coaster ride of pleasure. Elisa matches his strokes with Harry driving inside of her. She sees stars from one certain spot.

Harry works his way into her. Her tight pussy walls hug his length and make sure that it's going to drop the huge load of cum he's building out. Harry's fingers push against her breasts and sent her body into a state of convulsions. Harry slows her down and rubs his hands all over her body.

Several tiny tremors cause the dam of pure lust to break in Elisa's body. She feels his cock stretch down into her and he pulls pretty much all the way out of her. Harry drives his cock deeper inside of her warm pussy. He pulls out and then drives inside of her with a constant series of thrusts.

"We're getting closer."

A light nibble on her jaw brings Elisa back into the conversation. His muscular body and large cock really does a number on her psyche. All Elisa can do is take the full brunt of it.

Her thighs close around Harry's hard cock. The well-practiced dance of Harry driving inside of her allows another well-earned orgasm to pass over her body.

Harry buries himself deep and rides out her orgasm. Her milking vaginal muscles end up being the catalyst.

"The second shot always has more of a punch."
Elisa hardly can wait. His cock keeps filling up her tight pussy. Harry pulls completely out of her and then drives himself deep inside of her body. Two throbbing hard balls connect to her warm thighs. Harry pulls out and then plunges back in.

"So good!" she agrees with a very satisfied moan passing through her body.

"I know. I aim to please."

His cock drives deep inside of her body. Elisa knows that he's about ready to reach the end and she's going to be there with him pretty much every step of the way. Her tightening pussy closes around Harry and she braces herself for the payload.

Elisa Maza and Harry Potter climax simultaneously in an explosion of lust and bodily fluids. Harry slams his cock into Elisa's milking pussy and spills himself into her. His muscles tense and tighten when firing the build-up into her and coating the inside of her walls with his milky wet fluids.

The sweet sensation of release builds up and allows Harry to fire his seed inside of her wet pussy. He pulls out of her.

Sweat pours down the dark face of the detective. The feeling of really good sex cannot be beaten by a whole lot, especially when it's done by a god like Harry Potter. A smile passes over her lips. She still feels a buzz in her body and she sits up with a smoky smile on her face.

"I may have further questions for you Mr. Potter. And be warned, there is a probe that's going to be deeper."

"Looking forward to it, Detective Maza."

End.

Next Chapter 5/23/2018:

Thanks for your favorites, follows, kudos, comments, and views, and I'll see you on Wednesday for the next chapter.
Doors to an apartment bedroom swing open and the lights flicker on. The beautiful detective, Kate Beckett, enters the room, wearing a trench coat which stretches down to her mid-thighs. Her stockings and high heels are visible. She makes her way over to see the handsome young man at the end of the bed. His green eyes lock onto her with a smile. He's wearing nothing but a pair of silken shorts which shows off his hard and hot body, which Kate can melt butter all over.

"Hello, Harry."

She gives him a smile and walks over. Kate leans down and puts her hands on him. She moves closer to his ear with a seductive tone in her voice.

"Have you been a good boy or a bad boy?"

The handsome younger man smiles and leans closer to Kate.

"I'm most certainly guilty of making you wet thinking about me."

A second passes and Kate and Harry kiss each other. They make out, with tongues pushing against each other. Kate locks her hand on the back of her young lover's head and forces her way down his throat. Harry hangs onto the back of her head and then softly merge lip to lip with each other.

"Mmm...guilty of that...stud."

Kate runs her hand down Harry's chest to his abs, feeling them up. The sultry detective drops her coat to reveal sheer black nightie, thong, and stockings underneath, along with her heels. She lifts one of her legs onto the bed and puts her heel covered foot on Harry's leg. She slowly slips her heel off and rubs her foot down onto him.

"And you're guilty of getting hard."

Kate copies of the action with her other foot, teasing Harry with her soft foot. Harry groans at the feeling of his cock straining in his pants. She moves back and leans towards him, hand on his abs. She puts her right hand on his abs and her left hand to his inner thigh squeezing it.

"Looks like someone wants to come out and pay."

Her sexy voice makes Harry jump and his cock almost poke out.

"Why don't we let him out of his cage?"

Kate leans in and pulls Harry's pants down. She reveals his thick and long cock. Kate straddles his lap, pushing is cock against her flat stomach. She leans in and kisses him.

Harry puts his hands on the back of Kate's luscious dark hair and makes out with her. He always loves older women because they know what they need to do to get down and dirty. While Harry's broken in his fair share of virgins, he does enjoy older women, because there's less hand holding involved.

He pulls away and Harry squeezes her soft tits through her top. She moans in his ear, rocking
herself up and down. Feeling his cock grow and swell.

"Let's have some fun, stud."

She motions for Harry to lay back and there's really no choice. Kate stands up onto the bed and pulls down her thong panties, to give Harry a nice view of her dripping pink lips. She crouches down and sits down onto Harry's face.

Kate gives a soft coo when taking his tongue inside of her gushing core. She leans in and drums her fingers down. She grabs ahold of Harry's cock.

"And why should I have all of the fun."

In deeper Harry goes the second Kate takes his cock into her mouth and gives him a series of passionate sucks. Kate Beckett sucks his cock while Harry eats her pussy. The two enjoy this self pleasure, with Kate's perfect, succulent lips working Harry's throbbing organ over.

Harry pays tribute to another set of lips. The two lovers moan and pleasure each other. The more of Kate's honey trickles down, the more Harry is able to get into her so deep and pulls almost all the way out. She repeatedly rotates her tongue inside and then pulls it completely out.

The two pull away from each other, with Kate situating herself next to Harry. She lets go of his cock and causes Harry to groan.

"Don't worry, baby. I'll make it up to you."

Kate rips off her night dress and her breasts just come out for Harry to step out. Her banging body is on full display and it makes Harry very much throab. Kate straddles Harry's hips, his organ coming close. She leans down, pressing her hard nipples against his firm chest before sucking the juice off of his face.

The heat sizzles Harry's skin. He reaches out to feel all of Kate. Every single corner of her sexy body.

"Fuck, you're so hot."

"I know..and you're so hard. It's making me so wet. Feel it?"

Kate rubs her slit against Harry's cock head to demonstrate it. More juices trickle out and Kate humps him, teasing him. Harry tries to sit up, but Kate lightly nudges down.

"Relax...let me take care of you. Let me take care of that big cock. I'm good at squeezing things out of people, don't you worry."

A sultry smile and a sexy wink follows before Kate lowers herself down onto Harry. She pulls away from him only to impale herself down onto his cock. Her wet walls hug Harry's manhood and make him groan. Feeling Kate push up and down on him makes him throb with desire.

Watching the beauty bounce up and down on his cock causes tingles to enter Harry's mind. He can feel it, feel the burn and the pleasure. The fiction is so sweet.

"Jesus, Kate. You're so fucking hot. I love you. I love a real woman bouncing up and down on my cock."

"Yes! A cock like this would go wasted on those silly little girls. Pound me, pound me so fucking
hard with that big cock of yours. I want it badly!"

Harry reaches a little bit to grab her hips and make Kate. Thankfully, thanks to his magic, he really has the ability to stretch. To grab Kate and to brush his fingers against those stocking clad legs. The softness and the firmness makes Harry just throb and makes her want more.

Kate goes buckwild on Harry, riding him like a cowgirl. This cock stretches her and makes Kate's juice box just tense up. She's about ready to explode. Kate makes sure her eyes are on him. She pinches and twists on her nipples before dropping down onto him.

The sweet sensations of an orgasm nearly hit Kate. She wiggles down most of the way and takes Harry inside of her. Her juices stain his cock from the tip all the way down to the base. She's almost close, she can feel it. Just a little bit deeper and she's going to have it.

"Fuck...I'm coming. You big thick bastard, I'm coming all over your cock. Look at what you're making me do.

Kate shakes all over her handsome lover, her juices flowing endlessly. She leaves a mess and continues to ride Harry. Her extremely wet pussy allows his big cock to go deep inside of her.

The older woman continues her ride on Harry, the stallion beneath her groaning. Kate looks down onto his face, wiggling her body against his. She pulls up almost all the way and teases the tip of his cock with her entrance. The minute Kate slides down onto him, is the minute that his cock enters her. It's in so her deep, teasing Kate and making her feel really good.

"So hot."

It is very hot indeed to feel Kate's wet box tighten around him. Every single one of Harry's nerve endings register massive amounts of pleasure. All because of this mature woman taking his cock inside of her and working it. Her juices flow and show that she's in tip top condition, bouncing up and down onto Harry without tiring whatsoever.

The only thing which shows that she's tiring is her tight box clamping around Harry's mighty tool. She closes her walls around him and then releases him. Harry pushes deeper inside of her and causes her box to ooze around him. Her wet pussy walls tighten around Harry and releases him with a couple of hot moans.

Another couple of drops follow with Kate slapping her wet thighs down onto him. Harry cannot resist her wetness sliding up and down his iron hard pole.

"Almost there."

"Let me stretch this out a little bit more, sexy."

Kate clamps her fist around his cock and stifles the orgasm. She slowly, on the verge of torture, works Harry's cock while clenching him. She lets go and drops down onto him.

This action just makes Kate's orgasm bubble over just as much. The horny glint in her eyes shows just how much she wants this and Harry is willing to give it to her for as long as possible. Despite his balls straining and demanding to come.

The next orgasm on Kate's part is the one which shoots Harry over the edge. Her box sinks down onto him and milks him. Harry gives one final push inside and shoots blasts of seed into Kate's wet walls and starts filling her up.
Each blast of Harry's warm seed inside of her makes Kate shake. She enjoys being filled up, having a massive amount of seed inside of her.

"It feels...good."

She lets out her breath, the force of his orgasm sending another orgasm on top of the first one. The two piggy-back together and chain themselves.

Dripping with sweat, but very satisfied, Kate rides both her latest orgasm and the remainder of his out. She's buzzing for good reason. By the time she's done, seed's currently overflowing out of her wet hole. Kate pulls back and collapses down onto the bed, letting out several deep breaths.

Harry sits up just in time to get a good look at Kate on her hands and knees. Her perfect ass is in position to act like a dog whistle and cause the blood to flow back to his loins.

A pair of strong hands wrap around Kate's waist. Kisses travel up the small her her back, to her shoulder, her neck, and finally reaching her ear lobe. The hot breath of Harry hits her ear.

"I had fun with two of your sweet holes. It would be a shame if I left this one neglected."

A single wet digit, coated in oil, slips into Kate's asshole. She does not know where Harry got ahold of the oil, she's too sexually stimulated to ask many questions. She only allows her body to enter.

"And I know you want my big cock inside of your tight back hole. You know you want to be the anal slut of a much younger man, pushing you into the bed while I fuck your ass."

" !"

Kate lets out those words sounding like a sexy snake. Her hands raise up and a clink of metal indicates that Harry just handcuffs her hands behind her head. That being involved adds another dimension to what they are about to do and make Kate's pussy throb hard. His hands tease her ass a little more.

Then the hands close and squeezes Kate's tight rear, playing with it. She gives a moan the more Harry plays with it. He slaps her ass and releases it.

"Getting a lot of juice for this squeeze."

Kate drools at the thought, and in more ways than one. He's going to be inside of her ass more. The tip of his cock, completely wet and oiled up is about to slide into her. Something pushes her anal passageway apart and allows Harry to sink into her, his hands digging her ass.

The small amount of pain is more than worth it for the thrill of getting this massive rod deep into her ass. Kate clutches onto the bed, letting out a very sultry moan in the process. Harry makes sure Kate registers every inch inside of her. She would grab onto the bedsheets, if it was not for the fact that her hands are handcuffed.

That just makes her pussy throb anymore. Harry's inside of her, deep inside of her ass. He slaps her ass and causes Kate to give a sexy growl in response.

"Again!"

Harry spanks Kate's firm posterior several more times while taking her last hole. He's established his mark on all of them, and Kate will keep coming back for more. Keep coming back for her.
Kate growls to show her appreciation of what's going on. The untamed sexual animal inside of her has been let out of it's cage and Harry indulges her by taking her into her ass.

"You like putting the squeeze on people, Detective?"

A firm cupping of Kate's red butt cheeks from Harry slapping them cause her body to just rush with pleasure.

"Now, I'm putting the squeeze on you."

Kate's wetness stains the bed when she writh up and down. Her desire of getting taken in the ass by a younger man is fulfilled. The sex machine behind her keeps pounding away and sending Kate to the tipping point. She continues to drool, with Harry riding her out.

"Go ahead, I want to hear everything. I want hear the appreciation. Your ass was made to take my cock."

"Yes, it's perfect! Perfect! We should have done this a long time ago."

Harry leans into Kate and nibbles her neck. She lets out a soft sigh and more juices leak onto the bed.

"Yes, we should. Making up for it now, aren't we?"

"Mmm...hmmm."

Kate clenches his cock in between her ass cheeks. And he does a fair amount of clenching of his own. His balls slap against her, showing just how full they are, after taking a load inside of her womb earlier. Kate closes her eyes and takes in a deep breath.

"Finish me...finish off in me."

A jolt of energy shoots under Kate and stimulates her clit. She cannot ask any questions about it due to the fact she's coming hard and becoming a drooling, broken woman underneath him.

"And now, it's my turn, Detective."

"Every time you call me, Detective, you make my pussy throb."

"Sorry, Detective."

Harry hangs on tight to enjoy Kate's ass and it's firm tightness. She's a gem and Harry will have her every night and twice a day on weekends. As many times as she wants to go, Harry will be there. He fulfills the dark kinks she enjoys and takes a whole lot from her as well.

The explosion of thick and bubbly cream follows. Both of Kate's pussy and ass overflows with his seed. Harry puts his hands on her and rides her out the rest of the way. Kate bucks on the bed, sending juices dripping all over the place. Her mouth opens and shuts on a repeated basis.

Harry smiles and keeps rocking himself into her. A slap on Kate's firm ass brings her back to life. Harry leans into her and gives her a kiss on the back of the neck and then a couple more to follow.

He rolls her over onto her side and wraps his arms around Kate, with spooning with her. He lazily toys with her body.

"So, are you going to remove the handcuffs?"
Harry leans in to her ear.

"That assumes we're done, Detective."

His finger is in perfect position to feel her pussy clench.

Another Blog Exclusive Chapter featuring Chloe Decker from Lucifer called "A Little Bit Closer", in the final chapter of the MILFs of May 2018. http://webofchaos.blogspot.com/2018/05/a-little-bit-closerbreeding-ground-blog.html

Well Accommodated (Aayla Secura from Star Wars)

"I can't believe it's so big."

"To be fair, it's not the size that matters. It's what you do it."

The feared general, Hadrian Peverell, known simply as the Dragon, takes a lovely young woman on a tour of an alien ship. The beautiful, tall, athletic blue skinned woman gives her assessment of the ship. Aayla Secura whistles, in spite of herself. The beautiful Jedi looks impressed with the equipment she sees in front of her.

The alien ship is perfect for what it needs to do. Hadrian puts her eyes on hers and gives her a soft smile.

"And we will be able to navigate around enemies, and go through them. The ship will be able to get us past entire fleets undetected."

"Wow...and...I can see that all of the accommodations are here."

The beautiful Twi'lek female points to the large bed in the center of the ship. By the looks of things, it was able to fit multiple parties, something that raises a lot of questions.

"On long missions, it's important to keep the morale up by engaging in recreational activities."

She responds with a nod and gives a good look at the general. His handsome features and well built body make him a very desirable individual indeed. Aayla motions for him to join her by the bed.

"Perhaps I should help you test out the functionality of the ship before it's ready to watch."

"The ship has run a complete diagnostic and everything is ready to go."

Aayla smiles and sits down on the bed.

"And yet, there are other parts of the ship which...might need a test...to make sure they withstand..."

Hadrian answers with a smile and the General sits down on the bed next to the lovely female. He most certainly does not discriminate, having taken many lovely females to his bed. Secura is not going to be any different. He hoped that she would join him in bed and now all of those hopes would become a reality.

They start with a hungry kiss, both of them fierce in the bedroom as they are in other areas. Aayla's tongue enters Hadrian's mouth to explore the inside of it. Hadrian smiles and feels her soft, wet tongue probing away on the inside of her throat. Right before he starts sucking on her tongue and her eye's widen. The tentacles on the top of her head receive a light massage when they kiss and
Ayala just breaths in heavily.

Her breathing showcases her heaving bosom underneath the tight top she wears. The top only extends to her navel, showing off her toned and flat stomach. Hadrian's eyes drift down to her tight pants, showing the outline of what must only be a tight pussy and an even tighter ass. He keeps rolling his hands down, kissing her.

This time, Aayla allows Hadrian to explore her mouth. There's more kissing, with their hands moving in time with each other. The hunger increases with both of these lovers maneuvering around each other. Hadrian pulls Aayla up into the perfect position and nibbles the side of her neck.

She moans out those words.

"I can't wait to see if you're as legendary of a lover as the tales tell you."

"Seeing is believing."

Aayla Secura removes Hadrian's pants and reveals his well endowed manhood. A long thick rod with a very large set of testicles awaits her. The scent of his rod puts the beautiful woman in a daze and she cannot help and caress his cock, making sure it swells in her hand. She releases him from her touch, prior to lowering her mouth down onto him and sucking on his swollen head.

Hadrian places his hand on the back of Aayla's head and guides his cock as far into her mouth as possible. Her eyes widen the second he enters her perfect mouth. He goes past her lips and into her throat, deep into her throat as it turns out. He cannot resist being in the throat of such a lovely women.

She adjusts and sucks his cock. Those thick juicy lips plant their way around Hadrian and bring sensations down into her.

A better idea of how to pleasure him fills Aayla's mind. She undoes her top and allows her round breasts. The blue globes bounce into prominent position. She takes Hadrian's cock and slides them between her breasts.

"Beautiful."

Watching his mighty prick slide between her breasts is a very nice sight if Hadrian says so himself. Aayla jerks him off a little bit with her tits until Hadrian puts his palms firmly on the. Those juicy globes bounce and Hadrian slides his prick as deep into them as possible. Working her to the point where she's breathing heavily, showing just how much she has in the tank. Hadrian slides his palm against her.

It does not take too long before Hadrian starts fucking her breasts. He's in her mind and touching all of the spots she likes. She's very sensitive on her right nipple and Hadrian makes sure to give it a good assault.

The view of the Dragon's manhood sliding between her tits makes Aayla wet as can be. She wants more, she wants him inside of her. She licks his head when it pops out to give him more stimulation.

She knows that if he cums now, all over her breasts, he will last longer inside her. Given that fact, Hadrian rams her chest repeatedly and endlessly. The images of what will happen pop in Aayla's head and horny does not even begin to describe the thoughts which burn through her mind.

"Closer….get closer."
Hadrian palms the underside of her breast and releases it. She moans out and Hadrian releases her firm tit in his hand. He keeps grabbing and releasing her chest, burying more and more of himself in between her.

"Very close….you're going to make me cum all over your tits. I hope you know that."

"Yes...I do."

Aayla watches in awe with Hadrian sliding his big cock as far into her as possible, working his way in and out of her chest. His thick manhood slaps her in the face the deeper he goes between her.

The gusher is tapped with Hadrian blasting his seed over her. The contrast of his thick white seed covering her blue flesh is very nice. Aayla's burning gaze makes him want to shove his cock further and faster between her juicy globes. He takes her in every which way possible.

The lovely tit fuck wraps up and Hadrian hoists her up off of the ground. Lust burns through both of their eyes. Without giving her a chance to sample the cream on her tits, Hadrian throws her down onto the bed.

He climbs behind her, rubbing against her ass, to get his cock hard in no time.

"Oh, you're fast...really fast in getting hard again."

"Yes. You wanted to test the durability of my bed. I'll have you know it was built for me pleasuring multiple women...and some of the strongest and most powerful in the universe as well."

He does not bother removing her pants quickly. Merely, Hadrian burns the crotch of the pants away with his finger, exposing her wet pussy to the world. The green-eyed enchanter moves in and samples her wet pussy. Making sure to taste every single dripping ounce.

Aayla realizes that all of the stories were true the moment he causes her to see entire constellations from digging his tongue. She feels something more powerful than life itself, from his digging, probing tongue. The greedy tongue extends, licking her pussy and making Aayla edge very close.

Hadrian now feels her the back of her legs. He needs to have those legs wrapped around him when he hammers her pussy.

A flip of his hand rolls Aayla on her back. Without much effort, the woman's thighs spread apart. She shows how wet she is, how eager she is to be fucked. Hadrian leans down and finds her clit.

Aayla realizes that all of the stories were true the moment he causes her to see entire constellations from digging his tongue. She feels something more powerful than life itself, from his digging, probing tongue. The greedy tongue extends, licking her pussy and making Aayla edge very close.

Hadrian now feels her the back of her legs. He needs to have those legs wrapped around him when he hammers her pussy.

He leans down and climbs on top of her. While his crotch presses against hers, he does not slide into Aayla just yet. He leans closer to her and nibbles her neck, leaving a love bite on it. He closes in on her ear.

"When the time is right, I'll be inside of you. And you're going to love it. Trust me."

Aayla trusts him alright. She cannot do anything other than trust him, trust that the two are going to join. Her body builds up with heat, in anticipation of this mating process. She knows he's taken many lovers and she's just many to be taken by him.
Regardless, she will leave an impression on him, making sure he comes back for more, and she is a regular visitor of his bed. Aayla brushes her leg down the back of his.

"I need you. Inside of me. I'm so wet...and warm...I don't know if I can…"

"Trust me, you won't be able to handle this for much longer."

Hadrian basks in the moment as he does so many times before. Even in his most primitive moments, back when most knew him as Harry Potter, there's just something about the wanton look in a woman's eyes as they beg to be fucked. Hadrian shoves his manhood against her warm opening.

Finally, something has to give and the call for mate is just too strong. Hadrian puts his hands on her thighs and then drops down into her. He rams deep into Aayla, stuffing her warm pussy with his throbbing hard cock. She puts her legs around him and moans.

Twelve inches of cock pushes deep into Aayla, every single last one of them a gift she cherishes for the rest of her life. Her legs tighten their way around this man. Each thrust brings her fresh feelings. Their skin cracks together, with Aayla gazing upon his powerful body. Muscles upon muscles make him a very desirable mate and Aayla hungers for what he can do, in the worst possible way.

And yet, what he can do is stronger than ever. Hadrian repeatedly slides his cock as far into Aayla as humanly possible. Rippling his skin against hers, making sure her body builds up in anticipation. His thick tool jams as far into Aayla as possible, riding out her pussy. The sounds of flesh smacking against flesh echo throughout the ship.

"Now."

She is no longer in control of her own body. Instead, Hadrian manipulates her pleasure centers like a puppet on a string. Making Aayla tighten her walls down onto him and release a gushing feeling.

He slows down to make Secura savor that particular moment. Each amount of her sweet juices cover his cock. He's deep inside of her.

Aayla adapts to his piercing monster well. Those thick balls remind her of what is inevitable. His thick, virile seed, entering her willing womb. The heat emitting through her body shows how willing she is to breed.

"I'm sure that you understand by now that the multiverse is my breeding ground, and you're just another participant in it."

He springs those balls off her thighs. Aayla's body sizes up with constant and everlasting pleasure. His palms rest on her tits and make them bounce. He closes in on her, clamping down on her and releasing her from his grip. Aayla moans out, allowing Hadrian to slide into her.

The pleasure continues and he gets very deep inside of her. He holds onto her hips and just plants his way into her body. Getting closer, she can feel it.

While it's true Hadrian is close, he can slow down just enough to make her feel it. Upon the edge of her orgasm, he pulls out.

Aayla collapses and wonders why. She learns so immediately, with Hadrian pulling her up. The two sit face to face, with Hadrian sliding her down onto him. Her ass cheeks bounce the second Hadrian sits her down onto his cock.
Those powerful eyes locking onto hers, with great strength. She knows what they bring and knows how to bring herself down. She slides down onto him, bouncing, and testing the stability of the bed.

Their bodies move fast with each other. Hadrian touches her, sending stimulation through her body. Dozens upon dozens of tiny orgasms lead up to the big one. The one where Hadrian centers all of his energy around her and makes her entire body a lightning rod for pleasure.

Hadrian rolls his hands over her. Every inch reacts to him. He buries himself face down into her neck and sucks on her. She moans and Hadrian only doubles down on her efforts. Her ass, something he neglects until now, presses into the palm of his hands. Hadrian holds onto her, making Aayla really lose it, almost to the point of insanity.

"Getting closer. Make me...cum again."

He does make her cum again, and again and again. Hadrian rocks her body, getting closer to his own grand finish. He holds back his own orgasm at least twice, to make sure the load is more than enough to accomplish the job.

Of course, with her body being at maximum fertility thanks to the planetary cycles, it will not take much. Still, Hadrian wants to seal the deal, to bring another daughter of his into being. Given how many times he's spread his seed through various corners of the universe, one final time could not hurt.

He edges Aayla right before making her tighten down onto him. He pushes into her and rides out her orgasm until his own hit.

Aayla realizes that he's inside of her and the first pump of his seed fires into her body. She takes the seed of the powerful sorcerer inside of her body, feeling more alive through each and every pump.

Her eyes lock onto his and they share their mutual pleasure. Aayla bounces herself harder through the end of their shared climax, to ensure that every single drop enters her body and blasts her womb.

Wasting precious genetic material is going to be a crime.

Hadrian feels a rush of power, strengthening his body, and making sure he stays with her to the end. He always gets a burst after breeding a beautiful woman, no matter what corner of the universe they're from.

They finish up, with Hadrian gazing into Aayla's lustful eyes. She flashes a smile in his general direction before collapsing down onto his chest. She breathes deep into his ear with a smile on her face.

Hadrian fills her with so much of his baby making juice that he would not be surprised if she gave birth to beautiful twin girls. Every drop is not wasted.

"Amazing...you were everything that I thought you would be."

"Glad you approve."

Aayla sinks down onto the bed. Hadrian wraps his arm around her, pressing himself against her back.

"I will be utilizing the full benefits of your ship as often as possible."
Hadrian runs a hand down her chest and rests both palms on her breast. His manhood slides between her legs before he leans in and whispers one word.

"Perfect."

He smiles when resting. It will just take a moment for him to slide into her and to take Aayla for everything she's worth.

It's a perfect life for sure.

End.

Next Chapter: 5/30/2018.

Thanks for all of the favorites, follows, views, comments, and kudos and I will see you Wednesday for the next chapter.
The moment she is able to, Lois Lane bolts to the rooftop of the Daily Planet. She dresses in a tight purple blouse with the first couple of bottoms undone, a modest length skirt, stockings, and boots. She steps onto the rooftop of the building and comes face to face with the man.

She smiles and waves him over.

"Right on time...and did you bring my lunch?"

Lois drops her hand on the chest of the handsome man before her. Harry smiles at her as Lois traces a path from his abs to his crotch below and then cups his crotch through his pants.

"You did bring me lunch. And you also left enough open for dessert."

"I always come fulfill my promises."

"Yeah, that's what I'm happy about...but...enough talk."

The two kiss each other. Harry puts his hand on the back of Lois's head to deepen the kiss. Her mouth opens up for Harry to explore with his tongue. The second his tongue's firmly into her mouth, Lois sucks on his tongue to show him just how much she wants to suck on something.

Working the buttons of her blouse open allows it to slide down her shoulders. Lois returns the favor quickly, kissing Harry, and putting her tongue into his mouth. She allows him to suck on her tongue, with both parties moaning with each other. Harry takes the back of her head and kisses her.

The two break apart, with Lois taking off of her skirt. She stands on the rooftop in lacy purple undergarments. She's impatient and practically rips off his pants.

"These are brand new."

"Bill me."

Lois removes her lover's mighty rod from her mouth. No matter how many times she sees it up close, it makes Lois just drip with excitement. She drops down on her jacket and skirt, cushioning her on the rooftop.

It's the cock which popped her cherry when she was younger and now she looks up at the older man. Lois drags her tongue against the head of his cock to trace light patterns in it. Lois spends some time tracing the letters of the alphabet, both forwards and backwards into Harry's stiff manhood.

Harry closes his eyes and feels Lois work her naughty magic. She cups his balls and squeezes them hard.

"Open up wide, honey."

"Yes."

Lois brings her hot lips around Harry and sucks him extremely hard. After getting his cock nice and

wet, it slides into the back of her throat with ease.

Gripping two hands full of hair, Harry leans in.

"Love your mouth, baby girl."

Lois just grins when sucking off her god. She kneels before him, working him into her mouth. She's a passionate fire, sliding her lips around him and then releasing him. Harry plants his hands against the back of Lois's head and starts ramming deeper and faster into her mouth.

"Mmm."

Lois finds a heat rising from her. Before she can reach between her legs, Harry forcefully lifts her hands up and places them around his waist. He makes sure Lois holds on tight.

The visual of Lois Lane, and her exotic violet eyes, throating him is more than enough to cause the ageless Kryptonian sorcerer to drive himself into her mouth.

"I'm getting close, Ms. Lane. I hope that you're ready."

One burning gaze from Lois shows she's more than ready to get Harry's load. Her own body sings and she feels like she's about ready to go insane.

She takes out her aggression on Harry's cock. Slurping and sucking at him, Lois makes sure to give it a good going over. She is allowed one hand to fondle his balls and rub them with her soft finger tips.

The beautiful lips of Lois work him over in the most erotic way possible. Harry grabs on tight and throat fucks Lois. She enjoys it.

"That's good. That's good baby. Show me how you appreciate my cock."

Lois keeps going to town and edges Harry closer. He hangs on tight and stimulates the top of Lois's scalp. She breaths in heavily, pressing herself down. Her cheeks hallow out and her throat stretches.

"Perfect...throat control."

Lois holds back, thanking whoever blessed her with the lack of gag-reflex. She's going to need it to keep throating this big, mighty cock.

It's going to come and Harry comes hard when it does. Lois milks his balls to give him that added incentive.

"You've earned it."

Harry shoots his full load into Lois's mouth. She sucks him down like the perfect sex goddess. Her hair moves in disarray from Harry running his fingers through it. She looks through the midnight black curtain with so much lust it almost hurts.

The second after Harry finishes, he brings himself up. He brings Lois to her feet as she swallows what remains of Harry's cum. A small trail of cum dangles from Lois's right mouth corner. She swirls the cm around and then sucks it down.

Without any other word, Harry rips off Lois's bra and reveals her melon sized breasts. He attacks the side of her neck and kisses her. Lois lets out a passionate moan from Harry's actions.
"Still instatiable...after all of this time."

"Always for you, Lois."

Lois smiles when feeling Harry's mouth all over her tits. He works that magic, taking a nipple in her mouth and releasing it. It's not too long before he travels down her body and slips a hand down her panties to fondle her.

"Always...there."

Lois lets loose, grinding her sex against Harry's probing fingers. He's loosening up her wet and tight opening for the one thing she craves.

"Let's turn you around."

Harry turns Lois around and presses her against the big globe on top of the Daily Planet. He fondles her body and makes her moan. More kisses to the back of her neck and then Harry's between her legs.

Every now and then, Harry's elongated rod brushes against Lois and sends a tremor through her body. He's almost inside of her, but he keeps teasing her.

"Tell me how much you want this?"

"Really bad! You can feel how bad."

"You're so wet it isn't going to take long for me to get inside."

"No...but I'm sure you'll make me wait."

"But, it's worth it."

Harry pulls Lois away from the globe so he can play with her breasts. The sounds she makes makes Harry's cock harden and he bends Lois over. She puts her hands on the edge of the rooftop.

"I need your cock. In me. Now."

"In time."

Lois longs for him. Longs for the feel of his throbbing rod deep inside of her. Her longing ends the minute his cock inside of her turns into a reality.

About half of Harry's cock buries into her. Her cavern stretches a little bit further. The tension in her muscles increase the further her emerald-eyed lover drives into her. He's well hung and Lois reminds just how big he is when he drives faster into her.

"Fuck...that's good....deeper....deeper...LIKE THAT!"

Harry slams deep into Lois and makes her almost stagger over. He holds her up by the waist and plants his thick cock inside of her. Repeatedly and endlessly inside of her. He makes sure to wrap his arms around her.

"You've been a naughty girl, Lois."

"Yes...a very naughty girl....I was masturbating at my desk this morning...thinking about meeting you."
"Very naughty. I guess I'm going to have to teach you a lesson."

Harry holds on tight to Lois and rams into the tight cunt of his naughty girl. Lois clamps onto him and releases him. Her juices saturate his cock the further he drives into her.

This is as good as the first time when Lois seduced Harry. He was twenty-three and she was sixteen and she was living in his house. She made her way into his bedroom, after her rebuffed her advances, due to being too young. She took his cock into her mouth and sucked him off. He took her and fucked her, not able to resist her.

It gets Lois wet just thinking about it.

"You haven't changed that much in the last ten years...since our first time. You're always Daddy's little cock slut."

Lois breathes in. It's true, she spent more time under Harry's roof then she did with her own father, to the point where there were times where she slipped up.

At least in public, when she calls him Daddy during sex, it's completely on purpose.

"Harder, Daddy. Fuck me harder!"

"Of course, Lois. Anything for me."

He fills up Lois and makes her feel so much better than any other man can. Then again, she's only had Harry, as far as men go. But, why go for the rest, when you can go to the best?

Harry repeatedly drives deep into her, slamming his way into Lois's center. His well hung cock makes her gush. She's quite the squiter and Harry appreciates it. He lifts up on Lois and then drives deep into her.

His balls leave a heavy impression on the back of Lois's legs. She breathes in and almost collapses. Harry pulls her up from the waist and lifts her up. He holds up Lois by the legs and he hovers halfway across the rooftop. She only gets more excited from here the faster Harry slams into her. His thick balls dancing against her perfectly wet thighs.

"Oh, my….you're fucking amazing."

"And fucking you is amazing."

Lois concedes that fact and takes him into her. She wants to make him feel good as well.

"Those balls feel pretty heavy. Why don't you cum inside of me?"

"In time."

Harry grunts and drives faster into Lois. He can feel her body all over and there's no question about it. She's desirable and he wants to lose it inside of her.

"No...I think the time is now...to release all of your cum...into my nice...tight...pussy."

A push into her, following Lois's tightening walls around his cock, makes Harry work his way deep inside of her. He's this close to driving into her.

"Come on...I know you want to. I can feel those big balls. Paste the inside of my walls with your sweet juices. Oh fuck, Daddy, you feel so good...make me happy...let it go!"
Harry grabs onto Lois's firm butt cheeks for leverage and repeatedly slams into her. He bounces Lois up and down, wishing he has a reflective surface nearby so he can see the pleasure in her eyes.

Of course, he's seen it so many times before he's just going to have to make do. He keeps sliding himself into Lois and making sure that he's nestled between her wet walls.

"One more time."

"Yes."

Lois lets out this word in a breathy moan. He cups her breast and releases it, making Lois just give everything she has to clamping down onto him.

Then, finally, finally, after Lois's latest clamp, Harry pushes deep into her. His balls rest for a second and then without warning start bursting inside of Lois.

The bouncing reporter gets a great feeling when Harry plants himself further and further into her body. She cannot resist a single moment of his cock inside of her. The friction of her loins burns him up the deeper Harry goes into her.

Lois holds onto his hands and allows one to drop to her chest. The other rests on her hip. Harry moves from breast to breast, and hip to hip, hitting all of Lois's pleasure spots.

"Fuck yes...you're still...not done!"

It's not a complaint more like a comment. Lois clamps down onto Harry and lets herself go wild on him. It's still as good as it is the first time. It's even better than it was the first time as a matter of fact.

Time passes with Harry's cock resting in her. Her muscles flex instinctfully around him and release Harry from her fleshy prison.

"I'm pretty sure you should get back soon. I can fly you over to my apartment and have you get cleaned up, and you'll be back."

"With you helping? I think it's a good thing that I can take a long lunch...and I told Perry that afterwards, I'd be following up on a couple of leads?"

"Anything hot?"

"Oh, just about some businessman being caught on the roof of the Daily Planet with his cock inside a reporter. Although that's more Cat Grant territory."

Harry just smiles, wraps his arms around Lois. She nuzzles her face into his neck as the two of them disappear.

The second they arrive the bedroom, an attractive blonde woman wearing a French's Maid Uniform is waiting for them.

"Make sure Lois's clothes are nice and clean by the time she gets back."

"Yes, Master."

She speaks in a seductive French accent.

"And I'll see you upstairs in an hour, Fleur."
He smiles and she gives him a knowing smile. She leans in and kisses Harry on the cheek before scooping up Lois's clothes. Fleur's retreating backside shows that the skirt barely even qualifies as a belt. Lois cannot tear her eyes off from her lacy white panties.

Harry slaps her on the ass before she leaves and Fleur giggles before retreating down the steps.

Lois grins from ear to ear. She wraps her arms around Harry and kisses up his neck slightly before reaching his ear lobe. She suckles on it briefly.

"Treating me to French today, Har?"

He smiles at her and Lois moves towards the shower.

"So, back or front?"

Lois catches a glimpse of Harry's hardened cock through the mirror. She turns around and leaps into his arms. They both crash down to the bed.

"Screw the shower….or rather screw you."

Lois cups his cock and balls, feeling how nice they were underneath her hand. She leans in and gives him a lingering kiss on the tip of his head.

It's time to have another round. She's going to milk the most out of the times he has with Harry.

The raven-haired reporter mounts the handsome older man. Harry rests on the bed as Lois rises up to prepare to ride him.

The visual of his cock disappearing into her tight box and Lois biting down on her lip as she bounces sets the stage. He wonders if they would make it to the shower by the time Fleur gets back from laundry duty.

Well, going to make the most out of this situation. He can feel Lois's first orgasm approaching rapidly when bouncing up and down on the bed. The juices slide Harry deeper into Lois's greedy hole and watching her body just shift and move is amazing in more ways than one. Her juice box repeatedly clamps down and spills more juices as Harry creeps ever so closer.

He's going to make her wait for it times time. Soaking in the warmth coming from her center.

Out for Air (Andromeda Tonks)

Out For Air (Andromeda Tonks from Harry Potter)

The doors leading out to a balcony overlooking a large and lush garden spring open. Andromeda Tonks walks out into the garden and takes a couple of very deep breaths when approaching the garden. She understands the importance of meeting with some of these people with the charity of the situation. It's just she needs a breath of fresh air.

The most interesting thing was they were not completely evil, just they had ideas which she did not agree with. Some good people in there and some people Andromeda cannot stand shows up to the charity ball. One understands with these situations the bad and the good combine together.

A pair of hands on her waist brings Andromeda out of her thoughts. The strong arms wrap around her from behind and Andromeda's knees grow weak at the figure behind her.

"Hello Andi."

The hands of Harry Potter run over the front of her body. Andromeda turns herself around to come face to face with the handsome young man and one of the people who just gave a generous donation to tonight's event.

"You're being bold tonight."

"I know and that's what you like about me."

Harry pulls Andromeda in and gives her a long kiss. One fleeting moment passes where it's almost as if Andromeda will push Harry away from her lips. Instead she puts her hands firmly upon his jaw to deepen the kiss. The two engage in a lustful exchange of tongues and lips. Hands maneuver around their bodies and crumple their nice dress robes.

The older witch backs against the wall with her robes coming undone. Her bare leg lifts up and Harry runs his finger down Andromeda's leg. He hoists it up over his shoulder with her high heel shoe slipping off. Harry leans in and plants a long kiss on her stocking clad foot which makes her shudder.

Those dancing fingers going down her leg makes Andromeda's entire body go on a one way course. She feels, being the responsible adult she is, it may be prudent to warn Harry about something.

"They could come out here at any time. How are we going to explain it?"

Harry leans into her with brilliant and hot touches skimming over Andromeda's stomach. Her taunt belly dilates underneath Harry's touch. "Relax. They won't. They'll crave a drink when they get to the door."

The robes hike up over Andromeda's knees and reveal her satin purple panties. They are elegant
and made of the finest materials.

"You always have such exquisite knickers. It's a pity I'm going to have to ruin them."

Harry brushes against Andromeda's pussy through her panties. Her thighs part in anticipation for what Harry's going to do her. She reacquaints herself with the size and birth of Harry's cock when it rubs against her full ass. Harry pushes his cock against her.

The MILF beauty in front of him becomes hot and bothered by what Harry's doing to her. Harry leans in and kisses her on the back of her neck. He latches his mouth down on the pulse point and starts sucking on Andromeda's neck. Her nipples slip out of the front of her bra and Harry squeezes them.

He's back to her pussy in no time. Harry's fingers vibrate against her and send pleasure tremors. Andromeda only fails to collapse to the ground because Harry does not want her to.

A cool rush of air spreads through her most private parts. Harry slips his fingers between her thighs and pumps deep inside of her. Andromeda pushes herself back just in time to feel Harry's bare cock slip over her bare asshole. Her pussy clenches him and releases him.

"All that build up tension. About to explode."

Harry drives himself into her. Andromeda's mouth opens up and then lets out a pleasurable sigh at the feeling of release. Harry buries himself deep inside of her and makes sure her pussy clamps down onto his fingers. Harry pushes against her.

Every few pumps Harry allows his bloated balls to hit Andromeda on the back of the leg to give her a hint of what is going to come next. Harry pulls back and causes her to release a rush of pleasure through her body. She clamps down onto Harry and releases him.

"Time to taste how pent up you are."

Harry drags his cum-soaked digits up to Andromeda's face. His clean fingers drive into her sticky pussy and make sure to keep her bombarded with more pleasure. Andromeda's toes curl when Harry touches her and then forces her to eat her pussy juices.

"It tastes so good," Harry tells her. "I can't wait to fuck your nice pussy. It's been too long, Andi."

She agrees with him. Andromeda's spreads her legs while pressing her hands against the wall. Harry attacks her body with a series of firm caresses and squeezes.

Harry's all over her body and makes sure not to let any area of it left behind. Her supple curves drive him mad with lust. She's a powerful witch and he's a powerful wizard. It's a combination which is meant to be. His cock throbs when reaching her entrance.

Andromeda waits for her wizard to take his prize. She can feel him pouring inside of her just seconds before he properly enters her. Harry hooks onto her and drives about half of the prize inside of her.

"It's only halfway inside of you. Surely you can take more than that. Your daughter can."

The argument that Nymphadora has certain advantages becomes lost on Andromeda's tongue. She resolves to take as much of this cock inside of her. She clutches onto the wall and summons the inner fortitude to take his cock deep inside of her.
A few more inches of Harry's cock slides into Andromeda's walls. Harry smiles at Andromeda working up the endurance to take more of his cock inside of her. Despite the fact Nymphadora has talents which allows her to be better to accommodate Harry's generous endowment, it does not mean that Andromeda is going to let herself be considered lesser than anyone. Daughter or not. Andromeda's entire body flies on a course of never ending pleasure. Harry's deep inside of her and not letting up for a second. The endowment slides inside her body.

"I know you had it in you. Or rather, you could take me inside of you."

A very long time since the opportunity to unwind blesses Andromeda. He traces patterns down her back and makes her squirm against the wall. Her tightening lips rub against Harry's endowment the deeper he plants himself inside of her.

The momentum speeds up during the next couple of minutes. Harry's all over her body and kissing her from behind. His hands rest on her ass which gives Harry the perfect base to slide inside of her and stretch Andromeda out.

Andromeda feels a naughtiness for the first time in years. The pleasure and the pressure builds through her loins.

"Makes you feel a bit younger again. Doesn't it? Makes you want to feel a bit naughty knowing that you're getting something while those assholes are talking about their bullshit in there!"

He punctuates his words with more thrusts. Andromeda clutches onto the wall and breaths in heavily. Her breasts come out into the open. Harry takes them firmly in hand and gives them a good going over.

As quick as it stops and as her orgasm nears, Harry stops fucking her. Andromeda wonders why. The next things she knows, Harry pushes her against the wall. She never let another man treat her this way. Yet, she tingles inside with how Harry holds her up against the wall.

"You've been in control for so long it feels very liberating to be out of control."

Andromeda agrees with him. It feels so good to be stuffed so full of his large cock. The meaty pole slides between her thighs and then reenters her pussy. Harry holds her legs up and allows them to wrap around her waist. The slightest of touches brings her.

"Are you going to let me cum this time?"

"We'll see," Harry tells her.

The air of mystery only drives Andromeda further over the edge. The edge is where Harry wants her to be, she can feel it. They push chest to chest against each other. Andromeda's breasts remain amazingly perky for her age thanks to the prowess of magic.

Harry holds onto her breasts and gives them a squeeze. She responds to him with a very passionate moan. Harry slides himself inside of her body and works her over. He holds her up by the legs. The sensation of Andromeda's tight pussy clenching him and her moaning in his ear makes Harry feel pretty good.

She's a powerful witch, but even powerful witches have their desires. And Andromeda's pent up nature gives Harry a perfect opportunity to fill her up and push inside of her.

"Working so long. You forgot how this feels. You missed it. I know you did."
Harry slows down the tempo to allow Andromeda to enjoy every inch of their flesh pushing together. The heat pumps over their body. Harry holds onto her and slams into her tight pussy. She clams down onto Harry's invading tool the deeper he goes down inside of her.

The deeper Harry delves into her, the further Andromeda reaches her peak. She holds onto Harry. Her hands grab onto the back of his neck. Her moans only increase with the deeper depth. His large balls keep pushing against her moist thighs the further and faster Harry drives inside of her.

"I'm so close."

A moment of fear that Harry's going to pull out and leave her hanging again passes through Andromeda. She clings onto him as hard as possible.

"If I pull it, it's going to drive you nuts."

The air of mystery continues the deeper that Harry pushes inside of her. He sticks through completely and allows Andromeda to finish. Her tight pussy closes against him and takes his big hard cock inside of her. Harry holds her leg on the side and drives inside of her.

Andromeda presses against the wall. Her muscles tense and size up. The feeling of his massive rod sliding inside of her drives her completely over the top with lust.

He lets Andromeda finish and leads her through the entire orgasm. Andromeda's nails brush against his neck when Harry rides her orgasm all the way to its natural conclusion.

Harry pulls away from Andromeda. Two of the benches on the balcony slide together and shift into a bed. Andromeda smirks.

"I'm rather impressed you're able to perform that level of magic given the circumstances."

She reaches in and grabs his cock. Their lips meet together in a furious kiss. Both try and gain the advantage over the other as they make out on the bed. Andromeda makes a pretty good show of it as she shoves Harry down on the bed.

A calculating smile which reminds Harry of the fact Andromeda is Bellatrix's sister flashes over her face. She looks down at Harry and devours him with her eyes.

"Mmm, I think it's time for me to see if I can get that big throbbing cock of yours to explode."

Andromeda clenches his base tight and climbs on top of him. He looks and feels a lot larger when she teases herself and his cock with her dripping warmth.

"Ready?"

A small smile, shades of Nymphadora, comes over Andromeda's face. She squeezes his cock and almost slides it against him.

"Honey, I'm ready, willing, and able to ride."

She drops down onto Harry's cock. The first three fourths slide into her pussy which is well wet. Andromeda closes her eyes and enjoys the moment. Harry's length and width both stuffs her pussy completely full.

Anyone watching up from the garden may have the ability to see Andromeda rise and fall upon Harry. Her breasts sway and demand attention. Attention Harry gives her in a matter of minutes as
he sits up. His hands caress Andromeda's large breasts and release them. She keeps bouncing and moaning on Harry's lengthy rod ever single moment he slips up and slides down onto it.

"Harry! I'm getting close!"

Harry works his magic on the divine woman before him. She keeps riding up and down on him. The moisture builds up around his crotch. Andromeda leans down just in time for Harry to capture her tits in his mouth and suck on them.

Her entire body heats up from Harry's attentions being lavished on it. Her crotch soaks his cock from the tip all the way down to the head. Andromeda slides up and down onto his manhood. She keeps bouncing and causing the heat to rise through her body.

The exchange of bodily passions increase the deeper Andromeda drives herself down onto Harry. She hits a peak and just keeps driving herself down for even more. Harry holds onto Andromeda's and forces her down onto them.

She's close to getting those big balls to cum. Andromeda knows it and Harry knows it as well. She keeps driving down onto Harry. His strong hands push against her back and slips her wet pussy down onto his mighty rod.

"Get as close as you want. And cum all over my big cock."

"Only after you cum inside me," Andromeda tells him.

Her dark hair slaps against her face and lips curl into a delicious smile. Andromeda keeps slamming down onto his big cock as far as she can go. The two meet each other and never give up.

Harry spends as much time as he can with Andromeda's beautiful mature body. The curves of her body call for Harry and demand as much as his attention as possible. He pushes his hands against her breasts and releases them. Harry keeps assaulting her until he reaches the end.

Andromeda squeezes his cock and Harry explodes inside of her body. Harry pushes deeper inside and fills her up with a constant flow of his seed.

Both feel their release. Harry squeezes her breasts one more time and Andromeda sinks down onto him to ensure that every single last drop of her body. She milks him and they both experience the pleasure of a very potent mutual release.

Harry pulls away from her. He ensures all of Andromeda's clothes pile up in the center of the room. A frown appears over her face. "I guess we have to go back."

"Yes," Harry tells her. "It would be unwise if the party hostess and the guest of honor disappear for too long."

She steals one more kiss from Harry before the two part ways form each other. They plan to meet up for more later.

Delights(Appoline Delacour)

Another Blog Exclusive Chapter featuring Harry's daughter with Iris West and Brianna Allen(Fem!Barry), thanks to a combination of time fuckery and speed force fuckery, Nora West-Allen from the Flash titled "Taking Steps". http://webofchaos.blogspot.com/2018/06/taking-stepsblog-exclusive-breeding.html

Delights(Appoline Delacour from Harry Potter)

All successful people in enterprise offered a service which satisfied a demand. And Hadrian Peverell, the former Harry Potter, offered one that would part a lot of idiot purebloods with their gold. The lovely race of Veelas from not only France, but from India, Japan , and Brazil, helped Harry out on this enterprise.

They offer a club, which they offer older pureblood men companionship they only dream about. Only, the companionship exists solely in their mind, as the Veelas blind them with their Aura and make sure the men bend to their every single last whim. They put suggestions, thoughts in their head which induce a state of pure bliss and make them open to suggestion. And that suggestion often involved spilling every single personal detail, including any illegal activites they might have been involved in at the time.

Hadrian will be the first to admit that he was a bit skeptical about the idea when Emma presented it to him. Still, when he thought about it, the White Queen of the Hellfire Club made a pretty good point. Daphne also helped bank role it and then they enlisted Fleur's help, along with her mother, to help train the girls to do all what they need to do.

Speaking of which, Harry intended to meet one of his business partners right now. The powerful Black King knocked on the door and made sure that she answered.

Appoline opened up the door and wore a mind blowing silver dress which looked like it belonged on a woman with lesser assets then this stunning MILF. Still, the proof in front of him, not to mention the growing tension in his pants made Hadrian less likely to argue. It was a very snug fit around her hips, her ass, and it showed off her long juicy legs as well. Appoline smiled at him and sat him down.

"Hadrian," she purred with a "come fuck-me" expression constantly burned in her eyes. "Let us celebrate our success. I've been practicing some new dance moves to teach the other girls and I would want to see your impression of them."

It gave Appoline a sense of very strong empowerment to make the same assholes who looked upon her race as creatures weak in the knees and willing to hand over their gold and secrets. It showed a group of perfect women, when unified, had a lot of power. Emma showed them the way and Appoline would forever thank the White Queen for showing them the way.

"I would be delighted."

A nice beat kicks up and Appoline sways her hips slowly and rocks around. Hadrian cannot help and watch her move. Her back arched back and then she stuck her chest out. Very nearly the material of the dress cried mercy and allowed her two round wonders to come out into the distance. Appoline bopped from one side and then to the other. Her lips curled into a devious smile and she
bent over in front of Hadrian.

Hadrian noticed her dress ride up and the G-string she wore. The thing fabric flossed her beautiful
ass cheeks. Hadrian leaned in and grabbed a double handful of her ass without any warning
whatsoever. Appoline flashed him a naughty smile over her shoulder.

"Now, here's a move that I'll bust out on the ones who are a really tough...nut to crack."

Appoline leaned in and put her hand on Hadrian's crotch. She let the heat of her palm just lie there.
Appoline bumps and grinds her hips until she's up in Hadrian's face. She does not move her hands
but her body and alluring perfume, which only enhances the pheromones she naturally gave off,
made him weak at the knees.

And if Hadrian, who has some of the strongest control imaginable is a bit dazed, he can only
imagine what the other idiots are going to be like. They don't have a prayer.

Appoline leaned in and breathed on his neck. It's not exactly touching, but her hot breath hitting his
neck at all of these angles made Hadrian grow even more in his pants.

She swayed her hips and allowed more of her creamy thighs to be exposed. Hadrian smelled to the
point where his cock pounded on his pants. He cannot resist her for much longer and she does not
resist him. Her fingers clasp around the belt of his pants with a tease.

Appoline turned herself around and ground her perfect ass all over his bulge. This goddess bumped
her ass around him. She pulled away and put her finger on the thong string. She snapped it back
and let a coo out of her mouth.

"And now, here's something that I'm only going to do for you, Hadrian."

His cock jumped just at the sound of Appoline's voice. She can make a dead man hard and
Hadrian's very much like. Appoline took Hadrian's cock out of his pants and allowed it to stand up.

Appoline carved her signature in his cock with first her finger, and then her tongue. Each sensation
proved to be quite stimulating with the blood rushing higher to Hadrian's loins. Appoline dropped
down and took his cock into her mouth. Her warm hand grabbed onto his balls and squeezed them.

"Damn it!"

Hadrian responded with a very intense groan and rocked his hips back and forth. He clutched onto
the back of Appoline's head and rocked back and forth against her mouth. Appoline sucked his
cock and hummed around the tip and slid down to the base. She hallowed out with his cock into her
mouth. Appoline grabbed onto the base of his cock and stroked what little did not fit into her
mouth.

Appoline is now determined, more than ever before to suck all of the cum out of him. His tasty
cock buried its way into her mouth. Appoline pulled out and left a ring of salvia around him. It
trailed up and down before she shoved her face down onto him. His hands locked onto the back of
her vibrant blonde locks. Her startling blue eyes look up into him with Hadrian pushing up and
down into her throat.

"Oh, damn it," Hadrian groaned. "You're just too much, you fucking sexy MILF."

Appoline blew her lover and made sure his gorgeous cock felt as good as it could be. Her Veela
magic caressed all over him and made Hadrian rock into her mouth. Appoline sucked on him so
hard that it's almost very stunning. She slurped on him and made his thick cock rock solid in his
mouth.

Hadrian took his hands on the back of Appoline's head and face-fucked her until the cows came home. His big throbbing balls repeatedly clipped her jaw and Hadrian hammered her mouth. He enjoyed the thrill of being inside of such a good mouth. Appoline knew exactly how to please her man and to give him what he wanted.

"I'm going to explode...I hope you're ready."

Determination not to waste a single drop struck Appoline hard the very second she sucked his cock harder and faster. Her warm lips sealed him up and she has a mouth like a Hoover. Determined to suck every single drop of seed out of him, Appoline's eyes water.

She finally got her reward from the blasts inside of her mouth. Hadrian grabbed onto her head and face-fucked the ageless MILF harder and faster. Her throat stretched out from Hadrian working her over. He pulls back and shoved more of his thick prick into her warm and sensual mouth.

The pleasure made Hadrian back off and then slap her on the lips. Appoline smiled and then pulled down her dress the rest of the way. Her large, perky, melon shaped breasts came out for Hadrian to lust after. Appoline scooped up her perfect tits and then placed the tip of Hadrian's cock on her hard nipple.

"Damn, you're always going to be perfect."

"We age like fine wine, baby."

Appoline wrapped her tits around Hadrian's meaty pole and started to stroke him. To say this is pleasure would be the understatement to end all understatements. Hadrian drove his fingers into the side of her breasts and rocked himself into her. He groaned the faster he drove into Appoline's sensual valley.

"Perfect," Hadrian groaned.

He's not going to pass up the opportunity to fuck the tits of this goddess. Appoline giving him lustful, burning gazings through her eyes makes this just as good as well.

Appoline rocked back from his cock going between her tits. She encouraged him to keep up the magic. Squeezing her breasts together and trapping his cock between them only made this even better than it was and it was already beyond so fucking good. Appoline rocked herself back and forth and moaned in harmony. She caressed her tits against Hadrian's meaty pole and then released him.

"Great...perfect," Appoline told him with a solid breath. "And soon, you're going to lose it over them."

"I can feel that you're losing it already," Hadrian told her.

The Veela's allure only became more stronger the more aroused she became. Hadrian brushed his thumbs over her, and zeroed in on what areas on her magical breasts brought her the most pleasure. Feeling a Veela moan like this made Hadrian rock even faster.

"Cum all over my tits, Master. I need to have your warm seed just splashing over my melons. It would feel so good!"

She lets out her breath in a very soft moan and tells him just how good it would be. Hadrian held
on for the ride and kept smashing her breasts. His balls get a little bit closer to the edge and a
couple of steps behind. He wants to ride this out for as much as he can.

The moans coming from the sexy MILF are more than enough to bring Hadrian ever so closer to
the tipping point and maybe send him over the breaking point. He nails her breasts as hard.
Appoline moans and every so often when Hadrian drove out of her, she licks him.

"I can feel that big load, don't deny me."

Hadrian smiled at these words as his loins began to size up. It's moments like this where it became
very obvious that Appoline is Fleur's mother. There's not a question in his mind about this. Hadrian
wanted to spend as much time between Appoline's juicy wonders as possible. He can feel her and
she starts to spurt warm milk out of them.

The arousal of the Veela and her ability to lactate, always is something which Hadrian found very
much more interesting. He slammed deeper and deeper into her chest and allowed Hadrian to push
against her. Appoline moaned from his pounding of her tits. Her warm lips sliding against him and
making sure he's almost to the edge.

Hadrian's balls size up.

"Looks like you're going to get your wish."

Appoline took a shower in the magical cum of the powerful sorcerer. The creamy and thick juices
covered her body from head to toe. Appoline breaks out with a very hungry sigh the faster Hadrian
pounded her chest and then covered her pretty face. He showed ownership of her entire body.

Hadrian slid back and enjoyed his handwork. Appoline caught the falling cum from her face and
tits and shoved the fingers into her mouth. She made a huge production out of sucking them.
Loudly sucking them, and making the sounds which brought another stir to his loins.

Appoline rose up and her thong is present again. Hadrian rose up from his chair and pulled her onto
his lap, while removing his thong.

"You've been flaunting it all day," Hadrian growled in her ear. "You've been begging to have it
fucked."

Hadrian groped her ass and made Appoline leak in pleasure. His fingers dip into her pussy to
collect enough arousal to lubricate her asshole. Hadrian does not mince what he's doing. He fingers
her ass and then spreads out her cheeks. Every now and then, Appoline jumped up. Hadrian pulled
her back down by the cheeks.

"You're going to take this cock in your ass," Hadrian told her. "And you are going to like it."

Appoline nodded in response. She did not have a single doubt about how she will take this cock in
her ass and like it. Hadrian lined up for her rear entrance and then made sure every inch is
something she registered. Every single inch of his twelve inch cock shoved up to her ass.

Fortunately, a Veela's holes become only as tight or loose as they need to be and with minimal
effort, Appoline adjusts. He grabbed her chest as well as her ass.

There was a part of Appoline that things Hadrian has more than two hands to do the things he does
to her. He's so fast that he rocks Appoline's body. Her body heated up from the fact Hadrian
bounced up her up and down on his cock. Her tight asshole grabbed his cock and released it.
Hadrian held onto her chest and released it. Appoline moaned out and allowed Hadrian to touch her all over. He cupped her chest and then allowed him to pump her chest. Appoline moaned even more, the deeper Hadrian smashed his cock deep inside of her tight ass.

He literally milked her tits next, with more milk splashing out of them. Hadrian moved his hand down Appolines firm and flat stomach and drove his fingers into her pussy. He is able to see just how much she's gushing right now and he goes in as deep as humanly possible. He sent ripple effects through her body and made Appoline tighten her walls around him. She breathed out in pleasure from the point where Hadrian hit her so hard and so fast it's almost obscene.

"Good girl...good girl."

Hadrian nibbled on Appoline's neck and made sure she's about ready to tip over the edge. He made her cum all over his fingers and shoved his fingers into her mouth she's done.

"You're getting off by getting my cock in your ass, aren't you?" Hadrian asked her. "Of course you are, there's no need to answer...because you can taste just how much you're enjoying this."

The goddess mewled her agreement. Hadrian licked her neck and made sure to make her feel pleasure. Her sweat even tasted divine and it made Hadrian throb the faster he drove into her body. Hadrian pulled almost out of her and then drove deep into her tight ass. He's about ready to bottom out inside of her.

He rammed so deep into her that it's almost obscene. Appoline knew she had all of the right moves and he played with her ass in time with fucking it. This made her just moisten in so many ways.

Suddenly, Hadrian's tongue magically extends and licks Appoline's pussy when he bounces her on his ass. It's a hidden talent of Parselmouths that Hadrian did not even know he had until he tried out to. To be fair, it's a simple enough charm to extend one's tongue and the thinks Nym can do with her tongue, well enough said given her power set really.

He made Appoline shake all over and gush. Hadrian closes in on his prize and is about ready to spurt his seed in the inside of her ass. Veelas have very high levels of endurance.

"Let's see how far we can take this before you're broken."

The dopey smile on Appoline's face told Hadrian the entire story. He squeezed her cheeks to get attention and thrust into her. Hadrian showed no shame in spanking her ass with his his thick, swollen balls. They have enough cum of them to seed all of the Veela coven.

And now that cum is going to be in her ass. Hadrian closes in on his prize and is about ready to spurt his seed in the inside of her ass. Veelas have very high levels of endurance.

"No man can resist you," Hadrian said. "Although, there's no need for most to even enjoy the last few rounds of your performance."

"No, master," Appoline said with a shake of her head and lick of her lips as Hadrian's cock swells
back to life. "That's all for you."

She dropped down and without any prompting, sucked his cock again. The goddess on her knees got Hadrian ready to relentlessly fuck her again.

'Esme, be a dear and cancel my meetings for the rest of the afternoon and tomorrow morning...reschedule them at another time.'

End.

And it's now time to debauch Disney again.

Payment for Passage(Moana Waialiki from Disney's Moana)

A loud thunderclap echoes from above her head. Moana crawls onto the island and realizes perhaps way too soon that she is way off course. There's darkness surrounding her and whispers, haunting whispers as far as the eye can see. The self-sufficient young woman pulls herself up to a standing position and looks over onto the islands around her. One wrong step can bring her even further off course and maybe to her doom.

In the midst of the darkness and the shadows brings a bright light. An intoxicating aroma causes Moana to step forward into the light. The heat emitting from the candles sends her spiraling into a frenzy and the scent from them reminds her of some of the most wonderful things in life.

"Come into the light."

A soothing and calm voice puts her somewhat at ease. Moana stands tall and sees one of the last people she will expect in such a dark place. A strikingly handsome dark-haired man with the most vibrant of green eyes brings Moana's attempt to the figure in front of her.

"You're a long away from your quest, Moana."

Moana's mouth hangs up. The obvious question needs to be asked at this point. "How do you know who I am?"

"I hear many things and I feel many things. I also feel your frustration and your uncertainty. It's quite fortunate you landed here because there have been many more experience than you who are consumed by the shadows in this realm. They move when you are not looking."

Ease fills her body the second Moana steps into the light. She walks a little bit forward and comes face to face with the man. The good-natured smile makes her feel safe, but the uncertainty of his identity puts her on edge.

"Who are you?"

"They call me many things. Some of them not fit for the ears of civilized company. You may call me Harry."

She smiles at the handsome young man and steps forward. "Thank you, and I don't mean to be rude. I…should be going."

"I can guarantee your safe passage. I do not exaggerate how many people the shadows have consumed. You must have felt them stalking you."
Moana's eyes widen and she nods in confirmation. She steps a little bit closer towards him and not further away.

"Surely you must know a way around them? You seem to know as much of it. You have the only safe harbor for them in this strange place."

Harry answers with a nod and leans forward. He places a hand on her shoulder. She reacts to his touch with a soft smile. "I do. And I can help you. But, the powerful magic required to navigate them requires tribute and payment to do so."

The young girl shifts very nervously at the thought. "I don't know what you could use, but if it means safely moving on, then I will give you whatever you want."

A bright gold light emits between both of them. Strands of light combine between the two of them. Moana wonders what just happened. She feels a tingle in her body and a warmth in the pit of her stomach. Harry steps towards her and leans down to cup her chin.

"We can make an arrangement."

Harry's lips meet hers in a kiss. Moana's entire body flares up in surprise at these inexperienced emotions which flood over her body. She becomes very weak in the knees and a heat emits from between her thighs as well. His hands caress her lower back when deepening the kiss.

The young girl allows herself to succumb to the fierce passions of the demi-god before her. Harry knows this is not one that the shadows will get because she will be under his protection. His arms wrap around Moana who writhes in his arms.

"We should take you to a venue that is much more relaxing."

The second thing Moana knows, she's standing in front of a lavish bed. The red sheets look soft as the finest silk and she just falls back onto the bed. Harry climbs on top of her. His shirt's off and Moana takes a good look at his muscular chest. Her hands run over his body.

Harry leans closer towards Moana and plants his lips firmly onto hers with a very tender and passionate kiss. His tongue dances against Moana's and licks the inside of her mouth. Moana holds the back of Harry's head and deepens the kiss.

Her top comes off and Moana's perky breasts come out. Harry smiles and takes one of them in his hand. Her dark nipple stands up and Harry leans down to kiss her.

"That feels really good!" she moans. "Keep doing that!"

A pinch of her nipple sends pleasurable tremors down Moana's body. Harry kisses her all over. The innocence of one untainted always takes good, although Harry can ill-afford to be picky in his conquests. Her body shifts when Harry attacks it with more kisses.

"You think that feels good. You've felt nothing yet."

Moana's thighs spring apart the second Harry drives a finger between them. He rotates his finger in between her wet pussy lips and pushes inside. Harry's finger twists inside of her and Moana throws her hips completely up off of the bed to moan.

"And this feels even better."

She's completely naked and ready for Harry on the bed. Every inch of her delicious teenage body is
Harry's to consume. The ageless demi-god kisses her belly button and moves down. The delicious and passionate sounds Moana makes gives Harry a very nice reward and makes her moan underneath him.

"Don't stop! Please don't stop!"

Harry has no intention of stopping. He spreads her thighs and drives his tongue down into her pussy. It's obvious no one has touched her down here given how sensitive she is and how much she reacts. Harry's finger flows down against the back of her leg.

A thrash of her hips brings Moana into perfection position for Harry to eat out. She's heard whispers of men with divine tongues giving women pleasure. Harry must be one of those legends. Sweat shines her dark skin and gives her a very sexy tone when Harry drives his tongue inside of her.

She explodes all over his face. Her pussy gushes and squirts all over Harry's face. Moana cannot believe how good she feels from this.

Harry tastes the fresh taste of a young pussy and it makes his entire body rush with power. His hands rub all over the back of the legs of the woman underneath him.

Moana drops down onto the bed. She's almost disappointed that its over after that amazing feeling she has. Harry's hand still lingers on her inner thigh and he squeezes it to make Moana sit completely up.

"Don't worry, we're not finished yet."

Her eyes open up and see a large long object stick out in front of her. Moana's eyes widen in astonishment as she looks at him. Her mouth opens up completely and Harry pushes the head of the object against her lips.

"This is my cock. And it fits perfectly in your tight little mouth."

Harry holds the back of Moana's head and drives his cock deep inside of her mouth. Moana's throat closes deep around his manhood the further he slides in and slides out. She tilts back to receive the full force of Harry's gift deep inside of her mouth.

She cannot believe this is happening and it feels so good. Her mouth receives the tastiest thing that has ever been in it. He eases his way as her tight mouth ensnares his really big and throbbing cock.

Holding back underneath this tight mouth proves to be a daunting endeavor. Harry smiles. Moana's going to have some talent once she gets some experience underneath his belt. The ageless gentleman always feels like it's his duty to offer guidance to young woman.

He decides not to overwhelm her just yet and pulls out of her mouth. Moana falls back onto the bed, her head landing firmly against the pillow.

Harry crawls on top of her and squeezes her chest which brings her back to life. Harry leans in and kisses the side of Moana's neck. She rolls herself off of the bed with a very evident moan. The more Harry plays with her chest, the more she moans.

"I'm going to take the main part of your payment. It might hurt at first. And then you're going to be taken into an entirely new world beyond anything that you can ever imagine."

His fingers caress Moana all over. His muscular body dwarfs her lithe frame when he runs his cock
over her entrance. Moana holds onto his back on instinct. Harry lifts her leg up and drapes it over
his back. Her toes brush against the back of his leg.

Moana throws her hips up and the first couple of inches drive into her. She howls out in surprise
when the gift of Harry enters her body.

"Relax. Struggling will only make it hurt worse."

He knows best and Moana realizes he's correct. The moment she just relaxes and allows nature to
take its course his cock slides inside of her body. His fingers touch her on the end.

Harry kisses her neck and her face. "How are you feeling?"

"Good!" she cries. "I feel really good!"

More kisses drive Harry's lips all over her body. The passion building within Moana's snug loins
make her feel really good. Her legs squeeze Harry on all ends the deeper he plunges inside of her.
Harry pulls almost all the way out of her and drives deep inside of her body.

"You're about to be feel better. Just try and stick with me. Lift your hips up a little bit and rotate
them slightly. That's it, like that."

Moana obeys the words of her more experienced lover. He is a man of his word and introduces
Moana to a wonderful world of pleasures that she never thought she would have. She spreads out
far enough for most of this divine gift to spear her wet pussy.

Harry holds his cock deep inside of her and pumps inside of her body. His big balls load up with
their seed and threaten to spill into the tight teenage pussy grabbing around him. Moana holds onto
him and digs her nails into the back. The two combine each other with Harry sliding himself into
her.

"You feel that warm feeling inside of you."

Moana feels it alright and she builds up. Harry drives his massive cock inside of her body. She
cums harder than ever before with Harry pushing himself inside of her as hard and fast as ever
before. Moana tightens down onto him and cums harder than ever before.

Harry pumps his cock inside of her. Her mouth hangs open and Harry kisses the side of her neck.
His hands move over her body and touch her in many ways. It really gets her motor running
judging by the sounds of pleasure coming through her body.

Overwhelming pleasure is what's felt by Moana. She looks up at the handsome man before her.

"Don't…don't pull out."

"Don't worry. I'll be here until the transaction is complete."

Harry pushes deep inside of her and rides her wet and receptive pussy. His balls smack her thighs
as fast as Harry goes inside of her. He slides in and goes completely out. His hands roll over her
body.

Moana's eyes shift up the second Harry drives inside of her. She knows she's closer, but how close
is he? Harry grabs her legs and what he does next almost causes Moana's mind to shot down.

Several hot kisses plant on the soles of Moana's beautiful feet and he kisses the toes of the
tempting teenager before him. Harry smashes deep inside of her body as far as he can slide. His
tongue dances over her toes and makes her feel so good.

"I never thought….oooh suck my toes! Please!"

Harry's mouth guides against her. He always had a bit of a soft spot for beautiful female feet and
Moana's elegant arches, well-shaped feet, and succulent toes are the perfect meal for Harry's fetish.
He dances his tongue all over them the deeper he drives inside of Moana's body.

Heat spreads through Moana with Harry driving himself into her. She can feel how swollen he
must be and she has a good idea what's going to come next.

"We're getting closer to the transaction being paid off. Stay with me!"

Moana's resolve to match Harry gets her a fresh way of determination. The deeper Harry plunges
inside of her, the further she gets to the edge. Harry's now burying himself inside of her body and
stretching her pussy out. She slips his cock out of her pussy and then clamps down onto him.

"Getting so close," she breaths underneath him.

"I am. And you will too."

Moana's entire body flares up the further Harry pushes inside of her body. She experiences a thrill
beyond all mortal measure the deeper Harry gets inside of her. The pleasure is the only thing which
is firmly on Moana's mind at this particular moment.

"Cum for me. Cum for me hard, my dear."

Moana's hips spring up off of the bed and slide as much of Harry inside of her. Harry slams his
cock inside of her tight body and rides her all the way at the end.

"And now, it's my turn."

Moana slides her wet pussy up to take his gift. She's already seeing stars. There's no thought of
asking him to pull out because this is part of the payment and part of paying her debt. No proper
person leaves a debt unpaid.

Harry's virile seed spills inside of Moana's fertile womb. She thrashes on the bed the deeper Harry
plunges inside of her body. His massive cock finishes spurting.

The dust settles and Harry lays himself down on her bare body. His cock still presses against her
and she shivers.

"As promised, I will give you safe passage."

"Thank you," Moana says as she kisses him. "So, will we meet again?"

Harry just smiles. "In time."

She can live with that.

End.

Thanks for the favorites, follows, kudos, views, and comments and I'll see you for the next chapter.
The truth mettle of any journalist is how much they are willing to push to get any scoop. Vicki Vale considered herself one of those journalists who dug deep into any story, no matter how dangerous it got. In Gotham City, it could be very dangerous, and right now she waited in a hotel room for an informant. The first couple of buttons of her blouse is undone and her skirt is a little shorter, showing off more of her stockings and a hint of her lacy black panties.

The red haired reporter was not completely stupid. She brought personal protection, in the form of a stun gun. Granted, she was not sure how well it would do if she encountered someone really dangerous. It was just the dice you held.

Suddenly, a figure walked up from behind Vicki.

"Inside, and close the door, and turn around only when the door is closed."

Vicki does as the informant asks. His voice sounded familiar, although slightly disguised. The second passed and she turned around and came face to face with Hadrian Peverell himself. Vicki found herself struck speechless by one of the most powerful men in all of Gotham City and the rumors of his various escapades with the elite of Gotham's females, it spoke for itself. She looked him in the eye.

"I'm glad that you're here, Ms. Vale. I found that there's a lot of public servants who are not serving the people in Gotham."

There was a juicy story that Vicki can really sink her teeth into. She smiled at the man as he held up not only a folder of incriminating documents, but tape recordings, video tapes, and photos. A lot of juicy stuff that Vicki can really derail a lot of important people.

"I won't even begin to ask how you got ahold of this," Vicki said. "But, I will ask, why?"

"Did you think that my wanting to clean up Gotham City is an act?" Hadrian asked her. Vicki gives a non-answer to that one. "I find that the corruptions starts at the very top. Making Jim Gordon the Captain of the GCPD is a good start, but it's not really the end. There's still some people high ranking, in the Council, in the Mayor's office. While Mayor Hill is low on that list, there's a lot of politicians who are dodgy."

Vicki responded with a nod.

"There's just one thing before I walk out," Hadrian told her. "It's the matter of my payment."

Vicki blinked a couple of seconds later and nodded.

"I will have to talk to my manager, but I'm sure that for the rights to this you will have…"

Hadrian reached out and grabbed Vicki's ass and pulled her into him. Any other person, and she would have screamed sexual harassment. Yet, Hadrian's captivating presence and the fact she had been previously scheming of a way to get in his pants made Vicki stop short.

"I want something more than money," Hadrian said. "Did you not think that I forgot that I caught
you snooping around one of my office buildings about six months ago?"

It's here that Vicki inclined her head and broke out in a sigh.

"Yeah, I hoped you did," she admitted.

Hadrian pulled her closer towards him and leaned in.

"You're going to have to pay for that...with your pussy," Hadrian told her. "You're never going to think of anyone in you when I'm finished with you."

Vicki decided to test that theory by kissing him. And boy his kiss was strong and already made her extremely wet in the loins. Hadrian removed her skirt and blouse and threw Vicki onto the bed. She lays in a lacy set of black bra and panties.

"Wearing lingerie like that, and dressing in a skirt that short, one would think you were after cock, Ms. Vale."

Hadrian ripped off her undergarments and revealed Vicki's sexy body. Large, firm breasts, bouncing up as she breathed. A nice flat stomach, wide hips, and long legs. Not to mention a pussy that showed she's a natural redhead, with a strip of hair coming down on it. Hadrian pushed his fingers between Vicki's thighs and made her jolt up. Vicki bit down on on her lip and he fingered her.

Just one of his fingers measured up to a cock of a normal man. The way it stretched her and stimulated her. Vicki thrusted her hips up and down.

Hadrian stripped his clothes off with his free hand. The dangling pole between his legs made Vicki clamp down on his finger. He is so big and made Vicki want him so badly. Her heart rate sped up when he played with her pussy.

Hadrian decided to lay back on the bed and motion for her to climb on top of him.

"They said they rode your way to the top," Hadrian told her.

A half truth and really, all cocks paled in comparison to this big throbbing cock underneath her. Vicki realized that the minute this monster entered her body, it would never be the same. She bounced her ass on top of it and then put her pussy lips against his cock head. Vicki reared back and sunk down on his manhood. She filled herself up on his cock and groaned the second it entered her.

"Damn, you're so big!" she yelled. "I don't know how I'm going to get this cock inside of me all the way."

"Try really hard."

Hadrian grabbed Vicki and helped her the rest of the way. Vicki's breasts jiggled and Hadrian can watch them bounce for days. A quick scan showed Hadrian that Vicki's chest was one hundred percent natural. She did not have any work done, which made the twin wonders that much more alluring. They were naturally big, and Hadrian hung out in some circles with women blessed with a nice set.

Vicki screwed up her lips in an "o" shape and looked dead sexy. Her red hair flipped against her face and Hadrian could not get enough of it.
A groan followed as Vicki managed to slide even more of Hadrian's massive breeding rod deep inside of her body. She rocked up and down on him. Her body twisted and turned and made sure that Hadrian pushed deeper and deeper inside of her body. She let out her moist walls and closed around him.

"I want that," Hadrian groaned. "I want you….I want those nice big round….I want to see them bounce."

"You're seeing them bounce, baby," Vicki moaned when she pushed them up and down and allowed them to sway. "Want to see me suck on them?"

"Do it?"

Vicki gave him a seductive grin and pushed up one of her breasts. The Gotham City reporter sucked on them and made a series of loud sounds. They brought the blood flowing to Hadrian's loins and pushed deeper into her body. He thrust deeper into her and rubbed against her warm velvety walls.

Fuck, she's really amazing and Hadrian really needed to feel her walls tighten against her. She moved a little bit deeper and screamed out. The gushing flow of juices allowed Vicki to drop completely onto him. She stretched her pussy out on his cock and rode him with an even stronger vigor than before.

"Fuck my pussy," Vicki called for him. "Fuck it real good!"

She really started to gush around his thick rod. He is deep inside of her. And Vicki rode her Stallion, crashing him into the luxurious hotel bed. She rose up and rocked onto him.

"Is your payment worth it, baby?"

She squeezed his rod and Hadrian pushed as deep into Vicki as possible. He would have to say she's more than worth it. Feeling her pussy clamp down on his hard rod and rocking him just like this. He cannot do more other than groan and feel her tightness around him.

"More than worth it," Hadrian agreed. "Let's push it a little bit deeper."

Vicki agreed and bit down on her lip. She can feel her own body about ready to give into the endless stimulation of her loins. The friction explodes and sends more juices down his pole. She rocks up and down and repeatedly goes down onto him. Hadrian is battering her with a constant series of thrusts, and it just made her gush all over him.

Hadrian opened up her pussy for his cock to shove all the way into it. He made Vicki cum so many times, that her pussy is just his. A nice tight wet hole for him to shove his cock inside of. Vicki's getting a whole lot out of it and obviously fulfilling a dream of riding the cock of one of the most powerful men in Gotham.

And soon, he will be that much more powerful. Vicki succumbed to his cock and let her breath out. Her body coated with sweat the faster Vicki rode him. Hadrian slid his hand on her lower back and rubbed it to allow Vicki to meet him. Something has to give.

"Cum in me, "Vicki breathed. "I'm on...the pill."

Hadrian just smirked. He was going to cum inside of her anyway, to make her is. And contraceptives tended to have a hit and miss record. Hopefully, unless she does want to get knocked up, Vicki bought one of the better ones. He slid into her and rocked her body.
Vicki rocked up and down on her lover. His cock growing inside of her just made her clamp down and bite down on her lip. He edged ever so closer to the end. The top reporter in Gotham City let loose one more time before Hadrian matched her and shoves his hard prick into her body.

He shot up her pussy with a prolific amount of cum. The inside of her walls blasted and Vicki closed in.

"You don't want to waste a drop of this."

"Do you ever stop cumming?" Vicki asked him.

Hadrian only answered to ramming into Vicki and filling her completely up. Her stomach swells thanks to a lot of cum firing into her. The inside of her womb blasts with Hadrian's super virile seed and the moan Vicki let out only made him ram into her more up.

Vicki tilted her head back. This entire fucking made her completely delirious and horny as hell. She cannot resist the seed blasted into her pussy even more. He just puts more inside of her and makes her stomach bulge even more. She feels a warm light and a very hard glow.

Hadrian rocked into her body and emptied the tank, at least for the moment. He allowed Vicki to drop down onto him.

The minute Vicki pulled from him, she was empty. She needed his cock again and the best way to do it, to get him nice and hard, presented her.

"How about you fuck my tits for a while and then I'll ride you again?" Vicki asked.

Vicki did not wait for an answer. She slide Hadrian's cock head over her nipples. They were more sensitive than usual and Vicki teased herself with his thick juicy rod. Repeatedly working over him.

"Your tits are perfect to fuck," Hadrian managed.

Vicki rested her breasts down on his thighs and them forward. She scooped up her naturally large breasts and wrapped them around his cock. The minute his cock slid between her nipples, Vicki feels the need to have something between her legs. She focused on his cock which slid up and down between her breasts in the most alluring way possible.

The goddess that was Vicki Vale pumped his cock and made Hadrian's throbbing hot loins push up and down. He is hard and ready to ride. She enjoyed the feeling of his cock.

Vicki's perfect cock sucking lips wrapped around his cock when it shoved out of her cleavage. How Hadrian did not shove her down and force her mouth around his cock. Face-fucking and deep-throating Vicki eluded Hadrian at the moment. He would have to do it another time.

For now, Vicki rose up, with all of the gaze of a hungry predatory. She slid down onto Hadrian and pushed her warm pussy lips down onto his thick cock. The manhood slid deeper into her and made Vicki cry out in pleasure. Hadrian's thick throbbing cock pushed deep inside of her body.

"For fuck's sake, this is good!"

Vicki mounted Hadrian while he sat up. This gives him added access to her legs, which wrapped around him, and her tits which pushed out and demanded to be played with. Hadrian, not one to deny a woman, milked Vicki's tits and got her really going.
Perhaps soon there would be milk coming out of those tits, depending on how good of a birth control she could afford. For now, Hadrian rocked her body.

"It's a shame that you can't knock me up," Vicki teased him.

"Actions happen," Hadrian warned her. "Buyer beware."

He twisted Vicki's nipples and her screams rewarded him. Hadrian played with her puffy nipples and repeatedly and endlessly slammed his cock into her body. She leaked all over him.

Hadrian realized he neglected her ass, something which he rectified the moment it slipped into his hand. He grabbed Vicki's sexy cheeks and fondled them. Vicki showed her appreciation from Hadrian's touch by moaning in his ear and allowing his hands to mold her.

Submission was never something that Vicki thought was possible. Yet, deep down, she always hoped for a strong man to take her into line and make her crave his cock. It's something that Hadrian gave her, while he smashed deeper and faster inside of her. His bloated balls gave Vicki a very sexy preview of what's to come.

She did not think there would be any more room to get a second load of cum in her body. Hadrian cupped her tits and releases them in response. His repeated milking brought another burst of energy to Vicki's loins. Not to mention a burst of juices where she coasted his cock from the tip down to the base. Vicki closed ranks on him and moaned in his ear. She wanted so much more and Hadrian gave her more than enough.

"I want you, badly. Cum in me."

"After you."

Hadrian tripped the switch on Vicki and allowed her warm box to massage his invader. He pushed as deep into her and made Vicki crave his touch. The fact she clung onto him to dear life told Hadrian all he needed to know with how utterly Vicki submitted to him.

"Want this fucking so much," Vicki growled in his ear.

"Good things come to those who wait."

Even as a young girl, Vicki never was too particularly patient. She showed that this only got worse with age and grabbed onto Hadrian to pump him deep inside of her body. His balls slapped against her and made Vicki rock onto his thick balls. Vicki pushed down onto him and moaned, and scratched on his shoulder.

She got rewarded by first one of the best orgasms. Then the powerful and rich man painted Vicki Vale's walls. Hadrian shoved his cock into her and discharged his bloated balls to flood her womb with so much of his cum.

Hadrian hung on and enjoyed Vicki's sultry body while pumping his baby batter deep into her womb. The sexy Gotham City reporter becomes another slave to his manhood, another woman addicted to him. It becomes almost too easy, but Hadrian built up such anticipation in Vicki's mind that it felt really good.

"Good things come to those who want it," Hadrian told her.

Vicki let out her breath and clamped down onto him. She took the rest of him before Hadrian pulled out of her.
She staggered back, her thighs soaked and her stomach bulged. Vicki's hair plastered to her face from the immense exertion, along with a smile.

Anything that it took to get the story and Hadrian got more than his money's worth and she got more than a story.

"You mind if I catch a shower before I get back to the station?"

"Of course...here...."

Hadrian wrapped an arm around her to help Vicki into the shower. And just in case he needed to help her wash some of those hard to reach places.

Along with some of those easy to reach places.

End.

Incredible Morning (Violet and Helen Parr from the Incredibles).

Violet Parr put away a very heavy workout box. The eighteen year old woman dressed for the workout in a pair of tight black workout pants, no shoes, and a sports bra which covered her perky young breasts. She could feel the eyes of the handsome man behind her, as he put away equipment.

A quick twirl around put her face to face with a handsome and completely shirtless Harry Potter. His sexy abs and chest cause Violet to drool. The pair of pants he wore is something Violet would want to see on the ground. She moved closer towards Harry and wrapped her arms around his waist. The handsome hero smiled at the young woman in front of him. Her beautiful face perfectly presented itself due to her dark hair in a ponytail.

"So?" Violet asked him with a saucy smile. "Are you thinking about my ass? Or how it would feel to have my tight young pussy wrapped around that big hard cock of yours?"

Violet rubbed her hands over Harry's rock hard abs and moved quickly to get ahold of his rock hard cock. A quick hand touched her ass and made Violet break out into a slight moan.

"A little bit of both," Harry admitted. "Why don't we find some place a bit more comfortable?"

They moved from the workout room to a living area. A nice large couch proved to be the perfect destination and the carpet looked really good. Violet cupped Harry's crotch through his pants and looked up at him with a smoky smile and a matching look in his eyes.

"I can't wait to see you out of those pants," Violet said. "I can't wait to see how well my workout worked that muscle of yours out...how hard was it for you not to pull it out and jerk off to my ass and stomach out there?"

"Pretty hard."

"Oh, it feels pretty hard."

Violet pressed the palm of her hand over Harry's throbbing erection and then pulled it out into the surface. The amazing and strong cock before her sent Violet's senses into overdrive. She smacked her lips together and leaned in to touch the tip of his cock. The cock twitched in her hand.

Suddenly, Violet wrapped her hand around the engorged organ and jerked it up and down. The feeling of the young woman's soft hand around his cock made Harry swell.

"Are you going to taste it?" Harry asked her.

"I can't believe it's getting bigger," she said with excitement.

Her perfect cock sucking lips wrapped around his swollen crown and then with another push, Violet took her handsome lover into her mouth. Harry leaned in and looked down into Violet's sexy
eyes. She burned with desire and shoved more of his manhood deep into her mouth.

She coughed the deeper she went down onto Harry. She managed to get over it and suck his cock. It took her a while to get a good feeling.

Harry looked up from the teenager sucking his cock to see her mother standing in the doorway, with a knowing smile on her face. Helen Parr's sexy body drew Harry's attention ever so briefly from her cock-sucking daughter. Her ample bust poured into a tight white tank top which she went braless under. Her tight black shorts showed up to give Harry a hint of her ample ass and juicy legs. Her face added to the appeal, with beautiful eyes, high cheek bones, silky hair, and plump, mouth watering lips.

Then again, everything about her watered his mouth and Harry's cock hardened at the thought of Violet's sexy mother joining them. She winked at him and put a finger to her mouth before she moved over and cupped Harry's mouth.

Helen leaned in and gave Harry a very passionate and aggressive kiss. For the moment, Violet appeared to be too engrossed in her blowjob on Harry to care.

The hungry and greedy actions of her mother caught Violet's attention. She jerked back, with Harry's cock slapping her in the mouth.

"Mom?"

Helen stopped kissing Harry.

"You were doing fine, sweetie," Helen said. "But, perhaps you should get a few tips to fine tune your technique."

Helen dropped down to her knees and prepared to worship her new god. She took Harry's cock into her mouth and started to suck him hard.

"Fucking hell!" Harry groaned.

She really could suck cock. Helen deep throated Harry and managed to sing a good tune. Her sexy mouth bobbed up and down on his cock. Each push into the deep cavern of her throat is sexier and brought Harry's cock up stronger than the last.

Violet watched her mother go down on Harry's big cock. A tingle spread through her pussy and she could not resist rubbing her pussy through her pants and then she could not resist slipping a hand inside of her pants.

"Honey, I think there's more than enough cock to go around."

Her mother's voice snapped Violet's voice back into reality. The big and mouth-watering cock on the ground stuck up, drenched in her mother's salvia. It poked up and beckoned Violet. It practically summoned her down to the ground and there's no way around it, Violet needed to drop to the ground.

Harry was in heaven right about now. Both Violet and her sexy mother took turns sucking his cock and then they alternated between worshipping his balls. Mother and daughter felt so right on their knees and sucking on his manhood. He felt himself enter a wave of pleasure.

A view of the two women meeting on the tip of his cock and kissing him over the swollen head made Harry almost spill already. He kept going and allowed them to take turns licking his cock.
like a popsicle that was in danger of milking. They covered him, saturated him with salvia.

"You better be careful," Harry warned them.

Violet took him in as far as she could. The third of his cock she could not fit down her throat, Helen stroked and licked and brought Harry's nerves into fire.

Every now and then, Helen brushed her fingers against her daughter's abs and stimulated her body. Helen dreamed of mounting Harry and riding him until the couch collapsed. Then having him pin her up against the wall and taking her from behind. Each position Helen imagined Harry taking her in made her wetter and wetter. On the counter, on the steps, against the washer and the driver, outside on the patio, Helen dreamed the young stud making her his personal fuck sleeve and cum dumpster.

She came at the thought of it while Helen helped her daughter blow the mind of the handsome young man.

Harry pushed his cock deeper into Violet's mouth and she hummed and sucked away at him. It will not be too long before his balls give way and explode. Violet looked up at him with hungry eyes and kept sucking away at him. He knew it would not be too long.

"Cumming, now."

She prepared for the rush. Nothing prepared Violet for the pure volume of seed which blasted down her throat and choked her out.

Some of the seed blasted Violet right in the face before she could swallow it. Harry's spurting cock hit her with two full blasts which painted her face. At least right before Helen took Harry into her mouth and swallowed the rest of his cum, all while she milked his balls.

The horny MILF throtted herself on the cock of the younger man. She was old enough to his mother and yet Harry shoving his cock down her throat makes Helen feel more like a horny schoolgirl more than anything. To get face-fucked until the point where her throat sealed down on his cock.

Harry tingled with the last blast of release. His fingers danced on the back of Helen's head prior to his seed blasting its way into her mouth and then down her throat.

"Delicious."

Helen smacked her lips and then rose to her feet. She licked her lips for the remaining cum and then leaned in. She put a hand to Violet's chin and wiped the cum on her.

"Don't worry, I'll make sure to get all of it off of your face."

The next movement brought Harry's cock straight back to life, not that it took much. Helen looked at him with smoldering eyes when she sucked every last drop of cum off of her fingers. She kissed Violet deeply and then made out with her daughter, to suck some more of the cum off of her face.

Helen slipped behind Violet and reached under her top to feel up Violet's perky breasts.

"Mom," she breathed.

"Shh, honey," Helen said. "I just want to make sure that you're nice and ready before you ride that great big cock."
She pulled down Violet's pants and exposed a pair of lacy white panties with little flowers on it. The true flower gets exposed when Helen yanked down Violet's pants and exposed her wet, puffy lips. The small amount of black hair showed that Violet shaved her cunt recently.

"Nice, soft, pussy," Helen breathed. "Boys like that, only enough hair to show that you're a woman, but not enough they get lost on their way to the destination."

Violet made a sexy sound at her mother slipping a single digit inside of her.

At Helen's insistence, Harry walked over, and she grabbed his throbbing cock and then kissed his neck. Every now and then Helen pumped him.

She wanted the next generation to be ready after all, and it was her duty as a mentor to guide them.

"Very good."

She let go of Harry's cock and then he moved over to the couch. Helen moved in front of them and made sure it folded out into a bed so it gave them plenty of room. She watched as Violet walked over towards Harry. Her pussy dripped wet and a shudder spread through her body.

Helen kissed the side of her Harry's neck from behind and then did the same to her daughter. The passionate kissing got their motors running.

The trio of lovers got ready to get down and dirty. Violet swung her legs over Harry's hips and mounted the top of him. His cock pushed into her glistening hole. Her perky breasts danced above him the further Violet dropped down onto him and took his cock into her body.

"So big!" Violet moaned.

Her virgin pussy tore way and sheathed Harry's big cock inside of it. With each rise and with each drop, it pushed a little bit deeper inside of her body.

Helen decided to pull off her shirt and reveal her amazing breasts to the world. Harry's eyes fall onto her and Helen slid off her shorts as well to reveal a thong which barely covered any of her ass.

"Do you think you can eat me out while you fuck my daughter?"

"Yes!"

The eagerness in Harry's voice made Helen smile and throb at the thought of him being inside of her. She pulled down her thong and revealed her pussy. The patch of dark hair clung to her lips and showed Harry the juicy center.

Speaking of something juicy, Harry grabbed onto Helen's ass and dropped her pussy down onto his tongue. The minute his tongue slid into her smoldering core, Helen almost received a total mental shutdown. He knew his way around a pussy, in a way which no man who ever ate Helen out is good.

"Good!" Helen breathed. "Oh, fuck...Violet you're a naughty girl."

Violet can't help herself and grab her mother's plump ass cheeks. She's always had a fixation on other women's asses and she had her mother to thank/blame. Regardless, Violet decided to throw all caution to the wind and smack her mother. Watching her mother's jiggling flesh just sent a burst of fluid through Violet and allowed her to more easily drop down onto Harry's hard prick.
And Violet repur her focus on Harry's massive intruder when it slid into her body. Her body fell and rose onto his big cock and shoved herself down onto him pretty much all of the way. Violet bit down on her lip and let out her passion in a screen.

Harry spent the better part of the morning imagining Violet's tight pussy wrapped around his big cock as she rode him. The reality is a lot better than any imagine spot. The only other thing which went in Harry's mind was the thought of fucking her sexy as hell mother in every single hole she had, ending with him wrecking her thick ass.

The throbbing in his loins made Violet just moan even more when his veiny invader pushed into her. And speaking of pushing deeper, Harry feasted on Helen and enjoyed her tasty juices. Along with the feeling of her thick thighs and juicy ass pushing against his hands. Those things made him throb.

Violet's about ready to lose it herself. Her mother's moans thanks to what Harry did to her, made Violet long for the fact to have Harry's tongue work her pussy to a dripping fever. There will be other chances, but still it is a missed opportunity to have Harry eat her out before fucking her.

Missed opportunity and one she would have to rectify at another time. Right now, Harry slammed into her pussy with his powerful hips pumping up into her. Violet bit down on her lip and let the opportunity of his big thick cock to work her over. This was a far better workout then before.

Harry swallowed the squirting of juices. Helen's sweet honey spilling down his throat made him just hunger for more of the MILF and wondered what her sexy daughter tasted like. He supposed that there would be other chances to taste Violet.

"Keep making me cum, stud, and you can have all of this," Helen breathed.

The sound of her slapping her ass made Harry's manhood jerk up in Violet's tight hole. He munched on Helen's pussy while he thrust into Violet. Both beautiful pussies on each of his heads guided Harry to the finish. He held back just long enough to feel Violet's orgasm clamp around his cock.

Violet thought about pulling away so Harry did not come inside of her. She did the exact opposite, reversed course ,and took him even deeper inside of her.

The twitch of Harry's manhood inside of her made Violet close in tight on him. Her drooling pussy lips slid all the way down on him and took Harry further into her.

"Ohhh, Harry!" she moaned. "I'm cumming too."

The two teenagers came together with Harry filling Violet's warm pussy with his seed. She slammed down on his cock and made sure every single last drop of his seed sprayed into her pussy.

The release inside of Violet's slick and velvety surface along with Helen's own release all over his face brought a pleasurable rush into Harry's body. His loins kept slamming inside of her and putting more and more of his sticky seed inside of her tight body.

Violet pulled away, her pussy put through the paces. She dropped down onto the bed and breathed.

Just in time to look at the sight of her mother crawling over Harry's body, brushing every inch of her sultry frame over his cock. Helen sized up her daughter and Violet thought a hungry cougar was a pretty apt expression for some reason.

"Mommy," she breathed.
"Don't worry, baby, Mommy's here to make you feel even better."

Helen's eyes locked onto a very juicy drop of cum just spilling from her daughter's wet cunt. She dove in tongue first and feasted on Harry's gift. Her daughter's screams just added icing on the cake.

Their combined juices tasted extremely sweet and Helen leaned between her daughter's legs to feast on her warm pussy. The deep and warm sucks dampened Helen and allowed her pussy to open up.

The sexy scent made Harry spring into action and he felt up her body.

"Mmm, you're really sexy," Harry breathed. "I've wanted to fuck both of you...for a long time. I just didn't know it would be in the same day."

Helen wanted to make the dreams of this young stud along with her own dreams come true. Harry danced his fingers down her body and guided his big cock into her wet hole. The manhood slipped into her hole and sent Helen flying over the edge with a sexy moan.

The next second Harry entered her body, his throbbing hard cock filled her up.

For someone who is mother, she's very tight and feels really good around his cock. The energy of their two bodies becoming one made Harry groan. He pushed back out of her and slammed into her.

The lengthy rod filled up Helen's wet pussy. Her inner walls tugged on him. She wanted more of him inside of her. And he did not just trust into her. He used his hands and his mouth to pleasure what parts of her body he could reach. The fact he licked the sweat off of the small of her back was hot as hell.

Also, Violet brushed her toes against the side of her mother's face and encouraged Helen to continue her exploration of her pussy.

Getting eaten out by her mother after she rode a boy who just fucked her mother, Violet could not think of a more implausible scenario if she tried. Yet, it was really happening and this boy, no this man, shoved his throbbing hard cock inside of her.

"A beautiful ass, and it's mine."

Helen tried to convey it belonged to him by wiggling it. He took the hint and spanked her a couple of times before he railroaded Helen. Her face pressed against her daughter's moist core and she sucked in more juices.

The visual of the beautiful MILF sucking his juices of her own daughter made Harry thrust deeper. Helen made a production of eating out Violet, and Harry could not help but throb at it. His balls heavier and closer to the end.

Not before Harry felt Helen cum around him. Her snug canal pressed against his bare cock and made Harry just groan in enjoyment. The way she squeezed around his pistoning manhood makes him feel like he could be inside of her, and yet at the same time, he could not last much longer inside of her.

Harry makes the most of it and drives deeper into Helen. His throbbing balls smack hard against Helen's wet pussy the faster he plunges into her. He edges closer to a great and prolific climax.

"Oh, you have such a nice pussy."
Helen knows she can make it count and she tenses around him. Such a big cock filling her up and going on to pound her for such a long time. She came three times before Harry even feels close. And his hands become such an active thing on her, touching her body and making her breath out in pleasure.

Then the taste of her daughter, it's just a bunch of things all at once which makes Helen tingle with excitement. Harry's fast and furious with her pussy, slapping her butt hard and fast. The ass play makes Helen wetter than ever before and his naughty finger driving into her tight butt makes Helen clamp down onto him even harder.

Violet's hair clings to her face in sweat and her body shudders. Her mother hits all of the prime spots and makes her gush completely.

"Mommy," she moans at the top of her lungs.

Harry smashing her mother also gives her the fuel she needs. As much as Violet wants the handsome boy back into her pussy, she can wait long enough. Her mother more than makes up for the lack of cock inside of her by eating her out and making Violet squirm and moan.

A closer edge than before with Harry's muscles tensing up. He's about ready to blast Helen with a load. She encourages this behavior by closing her walls down onto him. The intense milking makes Harry just go faster. His balls ache and ever nerve ending screamed for release.

Harry repeated his slams deep inside of her and made Helen moan just as much. He rode out the pleasure the MILF's pussy gave him until he neared completion. The weight of his balls become too much to bare. Harry grabbed her ass, squeezed it tight, and rammed into her before his cock spurted into her.

The intense release inside of the beautiful MILF excited Harry's loins. He repeated rode Helen from behind and slapped her ass along the way. Watching it jiggle gave Harry's balls another tingle and he launched his load into Helen.

Helen came, Harry came, and Violet came. All one big chain of orgasms with all three of the participants of this three way just dripping on the bed.

The second passes and Harry pulled out. Helen pulled away from her daughter and grabbed his cock from behind.

"We're not done, yet, big boy," Helen said with a teasing smiling. "There's still one more hole for you to take, stud."

The rubbing of her ass cheeks against Harry's flaccid cock brought it back to life. How could anything else happen with Helen Parr's thick ass rubbing and bouncing against his cock. Her hole practically opening and it demanded to get inside. Harry groans and grabs onto her tight cheeks to spread them apart.

Her warm puckered hole practically sucked his cock inside. Harry wished he had a couple more hands to grab onto all of the lovely flesh that Helen presented to him. His mouth leaned towards the back of her head and kissed her neck.

"I'm going to fuck that ass."

"Oh, I know you are," Helen said. "I knew from the minute I saw that cock it would not be a matter of if...."
She squeezed her cheeks against Harry's manhood. Harry groaned from the teasing from the thick MILF.

"It's a matter of when."

Helen pushed her asshole down onto Harry's big throbbing cock and made her just push deep inside of her asshole. Harry just groaned the second he pushed deep inside of her and spread her thick asshole completely out with his cock. His strong rod buried inside of her asshole and made Helen howl with desire.

"You're in me!" she cheered. "You're in me...deep inside of me!"

"I know," Harry told her with a grin. "Oh, believe me, baby, I know."

Harry clutched her rear end and drove into her. Right hand on her ass and left hand grabbing her buxom breasts. Helen moaned at all of the touches and bounced up and down to drive her ass down onto his cock. Harry submerged himself into the warm pleasure of her tight anus and is not going to get out.

Those cheeks feel fantastic rubbing against him when he fucked her in the ass. Helen's nipples equally as much when he pushed into her.

Suddenly, Violet crawled over to join them and latched onto the nipple that Harry did not treat. She buried her face into her mother's chest and sucked on her swollen nipple with a grin on her face.

"Oh, honey, you didn't get enough when you were younger?" Helen moaned.

Violet just smiled and sucked on Helen's nipple hard. Her lithe hands moved to rub her mother's clit and cause her to moan while she got ass fucked.

The droplets of cum spilling between Helen's thighs tempted Violet a lot. She dove down and lapped up her mother's juices like a starving kitten. Her hunger increased with each swipe of her tongue and she ate out her mother.

The combination of juices pumping out of her mother's cunt tasted divine to Violet.

Helen thought she just might lose it. Not only was Harry's cock in her ass but Violet ate her out and sucked the juices from her. The combination of pleasurable sensations spread through Helen and she kept bouncing and riding on him. She wanted to make the train last for as long as humanly possible.

Harry showed himself to be game and attacked her body. He did not want the ride to end and the time he spent in Helen's perfect ass just brought him a glorious feeling to say the very least. He kissed Helen's shoulder and sucked on her neck. Both those spots, not to mention the one behind her ear, they felt really good.

The best was Helen's ass.

"I can fuck this ass all day, every day," Harry told her. "Let's face it, you needed this just as much I did, didn't you?"

"YES! I needed your big cock ramming my ass. I need a strong stud like you to take control of my b...body!"

Helen faded to black almost. Harry pulled her back into the light and cupped her ample chest. Her
jiggling tits became one with his hands when he pulled and tugged on those nipples. Her ass appears to also be grabbed and fucked despite Harry's hands being visible on her chest.

How he pulled off this sleight of hand, Helen cannot say. The only thing she cared about was the cock in her ass and just how much it drilled her, and hard.

"Fuck!" Helen yelled. "Oh, damn, Violet, you know how to make Mommy drip."

The reminder of it was her mother Violet eats out only makes the eighteen-year-old more eager to go down on her. Her hips jump up and meet Violet's tongue. She slipped a finger between her and diddled her pussy, already missing on the action after Harry spent so much time in her mother's cunt and ass.

Harry rammed away and decided that he wanted to pick up the pace. He wanted to give Helen's ass a matching cream pie to go with the one in her front. Harry planted his thick rod as deep into her as possible and grabbed onto her jiggling, delicious tits. Helen brought out her words in a very passionate moan, one which rocked the entire world. Harry pounded her ass like it owed him money.

"I'm getting close."

Helen cannot respond to Harry's statement due to the fact that she came all over her daughter's face. She appreciated the warning and flexed her ass against Harry. Helen intended to milk every single drop of cum from those big balls and if it ended up in her ass or even all over her ass, it's just really good.

Harry planted his cock as deep into Helen as possible and made her scream. Those balls churned and the cum began to ease up to his dick until it started fire.

The inside of Helen Parr's ass stretches so he can ram all the way in her and douse her anal cavity with cum. He held onto her and rocked Helen as deep as possible. His balls size up and keep annoting her with his cum.

The minute he finishes, Harry slipped out of her ass and fell on the bed. Helen dropped, dripping with sweat.

Violet rose up, her face coated in seed and juices. She put Harry's cock into her hand and pumped it.

"You know you can't resist me," she cooed with a few long and hard strokes. "Even after fucking my Mom's brains out."

Harry cannot deny it and he is ready for another passionate around of sex with his girlfriend, as her mother recovered and watched.

End.

Targetted(Evie Frye)

The potentially final Daughters of Potter and the very likely final Blog Exclusive Breeding Ground chapter takes place between Harry and his two daughters, with Lena Luthor. Lori and Lexus Luthor has some fun with their father in the chapter titled "Anything You Can Do" at the usual place. http://webofchaos.blogspot.com/2018/06/anything-that-you-can-dobreeding-ground.html

Targetted(Evie Frye from Assassin's Creed)

Months of calculated planning puts Evie Frye in the inner circle of notorious Black King. Tonight's the night she makes contact and follows through with the mission she has been put on. She adjusts the tight corset she wears. The tight leather pants form into her body like a second skin. The fingerless black gloves add to what she's doing. The small coat of lipstick she wears conceals a poison which Evie intends to use to kill or at least weaken the Black King.

Throughout the years, many have tried to take him down and many of failed. Interestingly enough, the Black King appears in photos throughout time, or at least someone who looks like him.

"You've arrived."

Evie turns around to face the Black King or Harry Potter as he was. For a target, he's very easy on the eyes, she has to admit it. Evie looks him over and wonders if she's premature about going forward with this particular mission.

"You should sit down," she offers him.

Harry makes his way to the seat. Evie puts her hands on his shoulders and starts rubbing them. She wants to relax him so he does not become suspicious of what she's going to do. His shoulders feel very nice underneath her hands and Evie spends a fair amount of time exploring every inch of his body.

"You're very tense as of late," she tells him. "I think that I can help you."

Evie moves over and runs her nails over his face. She decides now is the time before losing her nerve or her resolve. Her hands wrap around Harry's mouth and she kisses him firmly on the lips. Her tongue pushes deep into his mouth as the poison from her lips coats his mouth and works his way inside.

Instead of slacking and succumbing to the poison, Harry puts a hand on the back of Evie's head and strokes the back of her neck. He deepens the kiss and swirls his tongue into the back of the woman's mouth. He shoves a tongue down into her throat and Evie holds herself in surprise at what happens.

The poison does not work to even weaken him. Harry pushes her back down on the bed and kisses her even harder, attacking her lips with several feverish nibbles. His hands stroke all over the side of her neck. Harry sucks her neck and leaves marks on it.

"I don't understand."
Harry pulls away from her with a smile. Evie almost reaches for a knife. Harry pulls the knife out and holds it tauntingly in his hand. He reaches over and slashes the knife towards her.

Her blouse rips open from the knife being slashed against her. He becomes fully aware of Evie's breasts.

"I wondered when you were going to make your move. Turns out, I'm sure this is not the move you were expecting."

He travels down to her neck and kisses between her breasts. Harry puts his face between her soft orbs. He's confident enough to leave the back of his neck exposed while sucking on Evie's breasts.

Evie's eyes cloud over for a minute. She attempts to regain some control even though that particular control is fleeting. Her fingers shift over and she holds the back of his neck to her breasts. Evie throws her hips up off of the bed and rips his shirt off as he sucks her breasts.

Harry's muscular chest presses against Evie's bare breasts. He kisses her several times and she returns the favor with even more kisses.

"I….I can't believe this….

"You can't believe you're about ready to cum? Because you should have done your homework on my skill set."

Her pants are off and he brushes a finger deep into Evie's entrance. She's now at his tender mercies. Evie tries to remember why she's here, but Harry's fingers pushing into her canal makes it exceedingly difficult to focus anyway. She slides her hips up off of the bed and Harry plants his fingers deep into her gushing pussy. Evie holds onto him and pumps his fingers with a moan.

Harry pushes his fingers into her wet pussy and goes down to taste it. He feels up her strong legs as well. They are well-toned. She's a pinnacle of womanhood which Harry feeling the need to feel up in every single way humanly possible. He tongues her slit and then sucks on it which drives her completely nuts.

Tension rises and falls in her muscles. Evie's mission fades from her mind. She could regain control. However, she should let Harry finish before making an attempt. Her orgasm reaches a peak from Harry's frantic actions. His tongue works her up into a fever of a storm and makes sure Evie loses herself to a countless wave of pleasure.

Tastes of honey coming from Evie only spurs Harry on longer and faster. He licks her warm cunt with his tongue burying as deep inside of her as humanly possible. Evie's legs hold onto the back of Harry's neck and tighten a little bit. They open up for Harry's very vigorous assaults and constant rolling of his hands over her thighs and over her legs. All of his touching brings her closer to the edge and makes her cum.

A constant flow of juices spill from her body with Evie clutching onto the back of Harry's head the further he shoves his tongue inside of her, with hips pumping off of the bed. Evie knows what Harry can do to her and knows how much he's going to bring her to the edge.

She cums several times. Harry pulls his tongue out of her.

A renewed vigor pushes towards Evie. She springs up off of the bed and tackles Harry onto the bed. Her hands wrap around his throat to try and squeeze the life out of him. Harry's hands reach up and then grab her ass which causes her to loosen her grip ever so slightly.
Then his cock flips out of his pants and hits Evie in her clit which sends shockwaves on her.

"Going to try and squeeze the life out of me?" Harry asks.

"Yes," Evie tells him. "I'm going to squeeze the life out of you."

Harry's hands remain firmly clutched onto her backside and Evie guides herself down onto him. His thick pole slides deep inside of her warm cavern. Twelve inches of Harry's big throbbing cock finds its way deep inside of her to the point where Evie can hardly even bare the feeling of his massive cock shoving deep inside of her body.

"Right where I want you," she tells him.

Evie rises up and drops down off the ground. Harry enters her and fills her in a way she never feels before. Harry touches her body while she bounces up and down on his cock. Every inch of his cock shoving inside Evie drives her completely insane.

She reaches down to rake her nails against Harry's chest.

"More poison in your nails?" Harry asks. "I should tell you that....I'm immune to most poisons."

"But, not all poisons?" she asks.

Harry only squeezes her chest with a smile. Evie drives her pussy down on the cock of her intended victim. A thought enters her mind. Maybe if she can weaken him enough, and drain him of his seed to tire him out, it would be a lot easier to kill him.

A breathless smile follows from Harry while Evie drops down and takes his cock inside of her with repeated drops. She uses every bit of her at her disposal to give Harry's cock a huge workout.

Evie drives herself down onto his cock. His hands comb her body every time she lowers down enough for him to reach her. The presence of Harry's hands on her lingers the moment she pulls away. Evie's entire body flares up and the heat leads up to one huge orgasm.

Her warm juices coat Harry's cock from the tip all the way down to the base. It allows Evie to slide her wet pussy down to her.

"This is one of my favorite murder attempts," Harry tells her.

Evie smiles, it's not going to be an attempt for much longer. Her body buzzes when Harry's all over her. She reaches down and the two kiss intensely and work their hands over the other's body. It feels really good to have such a big cock fill her and she's almost sad to see Harry almost reach the end.

"I'm going to drain your balls. I'm going to drain them so hard that you're going to be tired and weak. You like this, don't you? You like me bouncing up and down on your fucking cock and ready to drain your balls."

Evie slides her pussy down onto him and clenches him to stop his orgasm just for a minute. He grabs her and then forces her down onto him. Evie squeezes the tool underneath of her. Those balls striking her shows Evie how much of a job she has ahead of her.

She's ready for the mission though and ready to take as much of Harry's cock inside of her warm and womanly depths. She's stuffed completely full of him.
"After you."

Evie sizes up and becomes breathless with how hard she cums. She's glad of her recovery rate, but it does take a lot out of her and allows her mind to succumb to everything about him. He tastes, touches, and fucks her to an insane degree which sends Evie spiraling over the edge. She crashes down and clutches his torso in an attempt to steady herself up.

She keeps fucking him despite being through one of the best orgasms. Flesh smacks together, sweat and saliva, and Evie's juices coat the bodies of both of the lovers. Their bodies are built to last through some vigorous conditions something which Harry is.

"I have you right where I want you. I like making the strong and powerful women succumb to my touch. It makes me feel so good. Does it make you feel good?"

Evie tries to say she's in control. She's too busy moaning from the places Harry touches her. His cock drives into depths which Evie never things is possible. It puts her entire body on some kind of trigger with his constant rolling and clutching of hands going all over her.

"Cum for me one more time, Assassin."

She gets speared her in cunt by his rising cock. Evie clutches him with a very loud and passionate moan which drives her completely to the edge. Evie takes her nails around him and drives down onto his huge cock. The deeper he slides into her body the more it fills her and the closer she gets to cumming around his big cock.

"Feel that moment Evie. Feel it."

Evie feels the moment alright and enjoys the thickness of his big cock driving deep inside of her. Every last inch of it stretches her out and makes this last moment before she kills her target great.

"Your turn," she tells him.

Harry only buries his face in her breasts as he leans down. His hands are on her hips and he keeps pumping into her. Her walls envelope his big cock the further he shoves inside of her body. Evie holds herself up and drives her pussy down onto his big cock to drive deep inside of her.

"Time to give me your seed, Black King."

She milks his tool upon her orgasm. Harry shoves his cock into her and his balls release their payload. He keeps his face submerged in Evie's sweaty chest while ramming his cock inside of her. He enjoys the feeling of her very tight and warm pussy milking him of seed.

Evie's body squirms and shoves over her pussy down onto his cock. She goes the extra mile in milking his seed from his aching balls. The deeper Harry plants inside of her, the more seed spills out of her into her warm and womanly depths.

"Good," Evie breaths at the top of her lungs. "Very good."

She finishes him off and then eyes the letter opener on the desk off to the side of the bed. Evie makes a mad dash for it.

Harry catches her around the waist and pins her down onto the bed. His cock pushes against her one more time just seconds after Evie swears she drains it.

"How the hell can you still be hard after that?"
"I'm going to offer you a small tip. Many assassins have tried to kill me. The males, they've never been seen again. And the women…well I have a special fondness for beautiful and talented women. They end up working for me in the end, and servicing me in any way I wish."

Harry ground his cock against her wet pussy as her fingertips reach for the letter opener.

"Spoiler, you're not going to kill me either."

He pulls Evie up and situations her on his lap. His cock slides into her as his cock pushes inside of her body. Evie cannot believe this. He has her in position where she can reach the letter opener on the table to kill him. But in doing so, it would end the pleasure that she's feeling.

"Going to kill me, Evie?"

"After you're spent," she manages.

"And if you're spent before I am?"

That question pieces the strong resolve Evie has. She's confident in her abilities to outlast any opponent in any field of battle. Harry's all over her and she's swearing the orgasms are getting closer together. Her stamina depletes the further Harry works his way over her body.

"I like you. You won't just lay down easily. If I want you in my collective, I'm going to have to work for it. That makes you sexy."

Harry pulls on her nipples while driving his cock inside of her. Evie throws her hips down onto him when repeatedly feeling his cock going deep inside of her. Every lurch of her body becomes a target for Harry's constant and vigorous assaults. She really cannot pull away from her.

Her body bounces up and down on his cock willingly. Evie starts craving the rush that his touch can give her.

"You're like a drug….you should be illegal."

"Many women would protest if I was outlawed. Including you."

He touches Evie's breasts and gives them a hearty squeeze. She slides down onto his aching hard cock. Her ass is in perfect position for Harry to squeeze and to make into his new toy. He gives Evie a couple of squeezes and makes her bounce even harder on his big cock. She slides down to the base of his cock and then pulls almost all the way off of him before dropping down onto his big cock.

She cannot believe this, cannot believe how this turned into her becoming the Black King's cock sleeve. And how much that turns her completely on. His cock drives further into her wet pussy.

"Join me, Evie. You will get everything that you've ever wanted and then so much more."

Evie swears that she'll see this though, although it's just a token resistance at this point. His cock drives into her and works her body completely up. Even his sweat dripping onto her body causes tingles to go through her. Is everything about him just wired to drive normally rational woman in a submissive state?

Harry roams her body. Every contour commits to Harry's memory, especially the parts which drive Evie beyond the pale with lust. He strikes her pussy with his big hard cock and drives inside of her with a constant series of deep thrusts. She holds on all the way to the end.
"I'm close."

Evie's almost forgotten why she's here. Harry snaps her back with a squeeze and she really thrashes down upon his cock. His balls are closer to dumping the second payload of the night.

She's taken precautions, but there's a small part of Evie who wonders if this much potent seed driving deep inside of her depths will circumnavigate them.

"All fall before the Black King."

Those triggers end up making Evie's body explode into a never ending cascading wave of pleasure. She shoves her pussy down onto his big cock and rides him all the way to the end.

He explodes inside of her and coats her walls with an abundance of seed. The river flows out of her as Harry puts more into her and inside of her body.

Harry notices her resolve weakening the more he pushes inside of her. It takes a long time to mentally break down the walls.

"I'm going to....."

She's now on her back on the bed and Harry's over the top her. The two make out and Evie tastes her own poison still on Harry's lips. She's taken an antidote which she fears has sweated out by this point.

"Don't fret. My seed has gifted you with the same protection. The only side effect is a dependence on regular doses."

Harry's big cock hardens once again. This stud is going to be the death of Evie.

"I can still....I can still win."

"Oh, there's still some fight in you?" Harry asks. "But, you're less assertive. I win and you lose."

Evie struggles not to agree. The second his cock enters her once again the cycle continues.

End.

Har-Zod, alias Hadrian Peverell, and also Harry Potter in another life, smiled when he thought about his rich bloodline. His two mothers, Astra In-Ze and Lily Evans, were those that he got the most from. Then there was his Kryptonian Father, Dru-Zod. At least from that end, he had his lovely sister, Faora, who was named after Zod's first wife. James Potter really did not factor in too much to Harry's consideration, namely because he was a time remnant created to maintain the stable time loop that was his creation.

A smile crosses over his face, when he came across the woman, thanks to some well placed time travel, who was the namesake of one of his daughters. Faora told him of the lore of the house of Zod, but by meeting her up close and in person, made Hadrin gaze upon her beauty. Her darker skin, silky black hair, and luscious lips, along with an attractive face and deep intense eyes brought Hadrin's attention fully to her. She wore armor, but Hadrian was able to paint a picture of the beauty which laid underneath.

"So, you're my descendant," she commented. "From the future."

"Yes," Hadrian said. "And I've come here to bring you a gift that you will remember until the end of time."

Lyta raised an eyebrow and moved a little bit closer to Har-Zod. She found a deep, physical and emotional attraction to him. Despite being of her blood, that did not seem to be a barrier. Har-Zod placed his hands on either side of her cheeks and leaned forward with a soft smile crossing his face.

"You're just as lovely as the archives said," Har-Zod said with a smile. "Even more so."

A smile came across Lyta's face.

"Should we be doing this?" Lyta Zod asked him. "Wouldn't that compromise your future?"

"It wouldn't be the first time that I gave a female ancestor my gift," Har-Zod said. "I'm pretty sure I'm the father of my human mother by now."

That thought made Lyta wonder exactly how powerful this Har-Zod was. Especially considering he exhibited abilities that were theorized to be possible under a planet with a yellow sun, under Krypton's red sun. She realized that her great-grandson's arms snaked around her and kissed the back of her neck. She sighed in pleasure.

"This shouldn't feel so right," Lyta breathed.

"And yet, it is," Har-Zod told her. "Why don't we get you out of this armor, into something a bit more relaxing."

Hadrian worked the armor off of her body and exposed her body underneath in the finest of silk undergarments. Her amazing shoulders, and sexy back become prominent underneath Hadrian's gaze. The top, almost like a sports bra on Earth, allowed much flesh to be revealed. Hadrian spun her around to see all of her. The deep rich cleavage coming from her. Hadrian smiled, knowing that he loved himself a little brown sugar. And Lyta was quite lovely.
"You're beautiful," Hadrian whispered to the young woman, his great-grandmother for all intents and purposes.

"You are, you are quite handsome," Lyta said. "You know, many women would like to be with you."

"And are you one of them?"

Hadrian worked down the leg part of her armor and revealed Lyta's long, sexy legs. He imagined them wrapped around him as he fucked her into the nearest best. Which they were right outside right now. He moved a hand down her flat stomach and down to the shorts. The heat emitting from her loins made Hadrian smile.

"I think the state of you showed me that much," Hadrian said. "Wouldn't you agree?"

"Yes, baby, yes," Lyta agreed. "Why don't you kiss me?"

Lyta could not believe that this happened and she did not regret it the moment their lips touch. He was gentle, but at the same time, he was forceful as he needed to be. The strong nature of his hands and mouth lit up Lyta in the best was possible. His tongue demanded entry and she gave it.

Hadrian shifted his tongue deep into her mouth. The scantily clad form of his young great-grandmother ground up against him, moaning in his mouth. Their tongues danced together with a very intense feeling. Their lips hit a certain point with Lyta pulling back and then nibbling on her young lover's lips.

"I want you, so badly."

Lyta undressed Har-Zod just like he undressed her. She felt up his strong muscles, his chest and abs getting a lot of attention. And then she kissed him. He was so handsome that it hurt. She had him in a very fine pair of undershorts, made of the finest materials possible.

"Let's take this to your bed," Har-Zod told her.

Lyta nodded as Har-Zod scooped her up like she was a piece of paper and marched her over to the bed. He set Lyta down on the bed and allowed him to devour her with his eyes.

Har-Zod joined her in bed and wrapped his arm around her body and kissed her. He started at her mouth, the sides of Lyta's face, and then down her neck and collar bone. He kissed down her front, to her toned stomach. Hadrian pressed himself into her navel completely and shoved his tongue inside of her.

Perhaps a pretext for his tongue going lover. And it did, kissing her legs and covering them with love. Lyta never knew she loved her toes sucked until she did it. She approved of what Har-Zod did, and her body just warmed up. Pleasure cascaded down her at every angle.

He then took off the remaining clothes she wore. Lyta laid on the bed, bare, aroused, and ready to be consumed by her lover. He planted her full, uncovered, body with more kisses.

Har-Zod's travels down her body lead to Lyta thrashing her hips up and down. She moaned the faster his tongue worked it's magic down her body. He tasted her briefly, and really got the juices flowing. A nibbling of her thighs really got her up, and Hadrian could spend all time licking her succulent chocolate skin. It tasted so good, but he wanted even more.

Lyta's eyes widened the second that Hadrian pulled down his undershorts to reveal his endowment.
A huge breeding rod stuck out of her. She found the heat emitting down her loins, just staring down at it.

"Krypton's been doing it wrong, the way they conceive," Lyta said.

"My sister, my cousin, and her cousin, along with myself are the few naturally conceived Kryptonians and we are stronger and powerful than anyone else," Hadrian told Lyta. "Makes you wonder."

Lyta bit down on her lip and Hadrian climbed between her spread legs. His monster of male endowment pushed itself. It was a beautiful contrast, their skin tone going against each other.

Hadrian did not discriminate when it came with a woman, no matter what race, what species. As long as they were beautiful, he was game to put his cock in them and fill them up until they overflowed. He felt the taboo heat radiating off of Lyta's loins and she looked up at him with passion in her eyes.

"Take me, Har-Zod! Break me! Breed me!"

That last one caused his cock to twitch and he did ram his cock deep inside of Lyta's warm pussy. She clamped down onto him, moaning in response.

"Oh, you're so tight," Hadrian told her. "It's almost like you've been waiting your entire life for something like this."

While Kryptonian's practiced their stoic behavior, Lyta was not being too stoic right now. She was getting stuck with the rod of the handsome man over her. Her legs lifted up and placed themselves on his back.

"That box was made for my cock," Har-Zod told her. "And you knew from the minute you set your eyes on me, we were going to get together."

Lyta's eyes slid back in her head. She could no longer do anything else other than take this massive hunk of manhood between her thighs. Har-Zod knew exactly how to get inside of her and take the right spots. His testicles, bloated with his seed, repeatedly slapped down on her body. Lyta mewled in delight the faster Hadrian rammed himself into her body. She bit down on her lip, taking him further and faster into her.

"We're almost there," Lyta managed. "Oh, yes, we're almost there! Closer...just get me closer!"

"Oh, don't worry, I'll get you closer," Hadrian said. "I'll make sure you get there all the way."

All the way, that felt good, that sound really good. That sounded positively perfect if Lyta was to be honest. The depths Har-Zod rammed into her, and his thick testicles just smacking her thighs made her moan hotter and heavier than before. He released her nipples from his grip and caused her to land flat on the bed.

"Deeper!" Lyta yelled in his ear. "Really stretch me out! Stretch my pussy out!"

She really gets into having him deep inside of her and to be honest, Har-Zod is as well. He cannot resist Lyta's tightness wrapping around him, but he shows just how strong he is. He held back and let everything just flow briefly.

"You near your peak. You want to give it, don't you?"
"Yes, I want to give in!" Lyta shouted at the top of the lungs. "Oh, Rao, damn it! This feels so good."

She broke underneath the hard thrust inside of her. She could feel his testicles fill up and her body reacted to him quite prolifically. Her tight walls clamped down onto him and started to gush over his prick. It allowed it to slide into her, about seven times in succession before Har-Zod stopped.

Stopped, just to pull out of her. His tip rested on her lips and felt like fire. Also felt like something else when Har-Zod played with her breasts.

She squirmed and creamed beneath him, but Hadrian stopped Lyta just before she went close to the edge. Her entire body just shifted and squirmed underneath him. She was close to coming and Hadrian stopped her. The frustration mounting on her voice made his cock throb hard.

"Let's explore this from a different angle."

Hadrian flipped Lyta over onto the bed. She was on her hands and knees, with his fingers brushing against her body. He touched Lyta over and got her purring pretty much. Hadrian's thick prick rubbed up against her warm lips and made her breath in pleasure.

"I'm going to take you from this angle."

"And I'm going to enjoy it," Lyta said. "But, I expect a bit less talk and a lot more action."

Hadrian wrapped his hands around her and squeezed her tits hard before resuming his grip around her waist.

"Don't worry, beloved. You'll get a lot more action."

Lyta received Har-Zod's manhood into her once again. It seemed so much bigger and she so much tighter than the last time they got together. Perhaps Lyta imagined these things. Perhaps Lyta was so blinded by her passion that she forgot herself. Forgot how big it was previously.

Of course, something new and something grand like this deserved to be explored constantly. Har-Zod now rammed her into the bed from behind. She knocked one of the pillows to the floor in the state of lust. Lyta could not really bother herself. Only those thick balls spanking her ass mattered right now.

Har-Zod bottomed out inside of the lovely Kryptonian on the bed beneath him. Her body thrashed and called for him. Inch by inch, movement by movement, he sunk deep inside of her body. He filled her up and then pulled almost all the way out of her. Har-Zod teased her.

"You want this, you tell me."

"GIVE IT TO ME!"

Lyta's war cry of pleasure made the man drive deep inside of her. He condemned the woman to another slow ascent to her orgasm. But it would be amazing, just like it felt amazing to feel those lovely walls trying to pump him. Hadrian held back, thanks to hours of intense training of Kara and Faora to control his orgasms. He would come, when he was ready to come.

But, Lyta on the other hand, she would come as often as possible.

"You've lost control. But, you enjoy that."
Lyta cannot deny the truth in Har-Zod's words. He controlled her body and pleasure and Lyta loved both. She reacted to every touch like it brought her new life. The constant reminder of his endowment and his full balls made Lyta just breath in with heavy pleasure.

"We're getting closer, aren't we?" Har-Zod asked her. "And again."

She came again because he allowed her to cum again. Har-Zod pushed into her and rode out that orgasm. His balls had to give weight at one moment, but Lyta's pussy was not her own at the moment. It pumped Har-Zod's woman tamer as much as he wanted it to, not like she wanted to. Her warm pussy muscles closed down on him and she almost slipped down the bed into a sigh.

And then he pulled out of her again. Only to pull Lyta onto his lap and line her up with his cock to push it inside of her. Har-Zod rammed Lyta's tight box box down onto his extended prick.

The honey of his great-grandmother flowed freely. Her young body rose and descended. The reflective surface of the walls showed the pleasure in Lyta's eyes when she bit down on her lips.

"I'll make you cum in every single position I wish," Har-Zod told her. "How do you like that?"

Lyta's moans indicated that she would like that very much. She loved how his cock touched her on the inside and did not leave any room for her to maneuver. All she could do was bounce and squirm and clamp down onto him. Lyta moaned several more times, and tightened her grip around him.

Har-Zod proved to be a man of his word. After making her cum from this position, Har-Zod forced her up against the wardrobe and took her then. Then forced her to stand on her hands on the floor while spearing down into her. And then with her back against the wall and her legs wrapped around him. Position after position, her endowed descendant wrecked Lyta's mind until she became a slave to her body.

Lovely Lyta and Handsome Har-Zod returned to the bed. She bounced up and down on the thick cock underneath him, her eyes glazing over. He must be getting close. Those balls served as a very intense reminder of just how much was going inside of her when he finished.

"Oh, I think that it's your turn now."

"You think?"

Har-Zod rammed into her body, making sure that her molten insides tightened around him. The bouncing woman craved all of him. Lyta's beautiful skin soaked with so much sweat. It was an alluring sight to watch from his point of view.

The truth was that Hadrian edged a bit closer. After making Lyta cum in many different positions, he wanted to give her something in return. And it was time for his release. Lyta rode him all the way to her end and his end would follow her end.

Finally, finally, Hadrian came inside of his great-grandmother's unprotected womb. His potent seed blasted her body. Lyta moaned and tightened her honey box down onto him. She pumped his cock faster and faster, the moans occurring with more prominence.

Lyta practically sense herself being bred by this strong man underneath her. The inside of her body coated with so much cum, it dribbled out of her. Her bloated stomach stretched out to take more of his cock, the faster he rammed into her.

"Har!"
She screamed his name while cumming once more as he finished. Lyta almost fell down. Har zipped up with super speed, caught her, and flipped her over onto her back with him on top. He never stopped pumping inside of her, showing just how great he was.

The ending came, with both lovers lying in a heap. Har smiled and kissed down her neck and to her ear.

"Guess, I'm my own descendant on another blood line," he whispered in her ear. "Would be about the third time that happened."

Lyta realized that his cock did not leave her body and it was far from soft. She wondered if she could go anymore, but Lyta's willing to try to go.

"A small break," Hadrian said.

"When are you due back to your own time?"

"Within the next three days," Hadrian said. "But, I'm certain that we will meet again."

He kissed her and she returned it. They enter a steamy embrace with the glow from both of them being obvious.

"My sister will be disappointed she was not apart of this, given she worships the ground you walk on," Hadrian told her. "But, for you, greatness has barely begun."

With Har-Zod as her legacy, Lyta's confident she has already achieved greatness. He nestled between her thighs and Lyta knew that it would only take one small gesture to get him back between her legs.

End.

"I think you did it."

The car Winry Rockbell works on starts up and it sounds like a beauty. It's a sleek sports car on the outside and on the inside it's a very advanced design, but she enjoys a challenge and enjoys something she can really sink her teeth into when working on. Triumph spreads over the face of the young woman when she thinks about doing a dance. Common sense does it.

She rises up out of the car. A bandana wraps around the top of her head. Blonde hair sticks out a bit messily with small grease smears over her face. She dresses in a short white top which ties underneath her breasts. One can see her taut stomach and the shorts which curve over her hips. Long legs stretch down and she currently moves around in a pair of work boots.

Winry turns her attention to the man who brought her this beauty.

"We did it, Mr. Potter. If you didn't explain to me how this worked, I wouldn't have been able to fix it."

The man gives Winry one of those smiles which just melts the heart of most women who look upon it.

"I've told you before. It's Harry."

Harry looks over the woman who turns from him the car with a glowing term of endearment to him. She moves a tiny bit closer to cross the distance between the two of them. Winry's hair flips out of position and brushes against her shoulder while locking onto Harry's eyes.

"And I should thank you. You deserve an extra commission for what you've done. I might have to give you a full time job. I have a few more vehicles that need some tweaking if you're interested."

"Yes! Please!"

Winry dials it back from a twelve to about an eight. There's no one who wants to see her needy.

"I mean, sir, I'm pretty sure that we can come to some kind of agreement, can't we?"

She stretches closer towards Harry and smiles at him. He does smell nice, especially considering he has the smell of someone who was working on a car right next to her. Granted, he's only offered guidance for the most part, but he guided her to a couple of the more complicated components.

"Do you think that I can go for a ride?"

Winry flutters her eyelashes at Harry. Fingers brush against his bicep and she marvels at how toned his arms her. There's a feeling of intensity rising from the pit of her stomach which only grows more so.

The older gentleman smiles at her. "Naturally."

Harry swoops in and grabs her by the waist. She jumps in surprise. Harry squeezes her waist and leans down to plant a kiss on her lips. This very surprising, but not entirely unwelcomed action
turns Winry completely to jelly. She opens her mouth and puts her tongue into his to return the kiss.

The eighteen-year-old girl returns the kiss with passion. Harry scoops her up and gently sets her on the hood of the car. He climbs on top of her and kisses her which makes her moan through her passions. She tugs on the back of Harry's shirt and slowly undoes it.

"Someone is pretty eager."

A smile just crossed over her face when she turns him over so Harry can be the one to lay on the hood of the car. His muscular chest comes out, all sweaty from the work earlier. Winry licks the side of his neck and then kisses him all over. She undoes her top and allows her breasts to come out into the open for Harry's view.

"You can touch them, you know?"

Those beautiful and perky teenage breasts call for Harry to touch them. He reaches up and grabs ahold of them while Winry grinds against his crotch. She throws her neck back and moans loudly. Harry touches her breasts and then brings a single nipple into his mouth to suck on it.

Winry cannot believe the sensation and the feeling around him. She caresses the back of Harry's neck when he sucks on her nipple. She moans in pleasure. A heat rises through her body and she can feel Harry's cock stretching through his very tight pants.

"That must not be very comfortable."

Winry allows herself to be freed of his mouth to free him of his pants. She undoes the pants and pulls him down. His boxer shorts stretch out to the point where she's honestly not surprised whether or not they would be ripped. She turns around and allows him to lean back. She straddles his chest. Her short clad-ass practically sticks in Harry's face when she pulls down his boxer shorts.

His slab of cock comes out in front of Winry. Winry wraps her hand around the base of his cock and tugs on it to make it really big and hard.

"I have to have this!" she squeals.

"While you're having that, I'm going to have this."

Harry pulls down Winry's shorts and releases a nice lacy black thong covering her tight teenage ass. Harry slips his finger against her pussy through the panties. He quickly makes her lose them and reveal her dripping pussy slip ready for consumption.

Winry's lips find their way around Harry's cock as his tongue enters her pussy. He eats her out as a reward for her good cock sucking skills. And Harry's eating her out makes her just suck his cock even faster and canvas the entire tongue around his cock.

The loud pop of her mouth signals how much cock she can get into her mouth. Winry coughs on Harry's big meaty pole. She shows determination beyond anything else to get the entire thing down and into her mouth. She keeps sucking and making sure that Harry keeps pumping his way into her mouth.

He enjoys the smooth feeling of her legs, her strong legs as well. Harry's tongue bats against her pussy and collects the very receptive honey drippings from the woman around him. She keeps driving her pussy down onto his face and practically rubs her pussy lips against his tongue.
Winry closes her thighs against Harry's face and sends her juices down onto his face. He's deep inside of her mouth. A fondling of his balls shows her how close he is to popping inside of her mouth. Winry re-doubles her efforts to suck his cock and suck it very hard.

The two join each other with Harry ramming his hard cock inside of her very tight mouth. Harry's cock rises and falls into her mouth.

Harry undoes her boots so he can gain access to more of her body. He massages her legs all the way down to her ankles, toes, and soles, those sweet sweaty soles from an entire days work.

All good things wrap up to a conclusion and the conclusion results in Harry's cum spilling deep into Winry's mouth. She loses it all over his face at the same time. A mutual orgasm makes this a magical moment between the two of them.

Winry crawls away from Harry making sure to rub her body against his every step of the way. She turns around and tilts her head back to swallow the cum properly. She licks her lips for a taste of Harry on it.

His cock is not as hard as it could be.

"Well, we better get this piece of equipment working again. And the best way to do test to see if there's still some function to it is to pump on the gas."

Winry's soft bare soles wrap around Harry's cock. She pumps his cock. The heaven of Harry's huge cock being in between her soles becomes obvious. She gives in a very vigorous foot job with the soles of her strong feet. Harry's hands brush against her toes.

As much as this is starting to get Harry off, it's getting her off just as well. She watches his cock grow and swell between her feet. Winry wraps his cock head between two of her toes and jerks him off. The groan makes him feel well.

"And now I need you to slip under the hood."

She slides into position. Her legs drape over Harry's as they enter a scissor position. Harry's cock lines up with her pussy entrance.

"It's a pretty tight fit. I think that I can manage."

Winry slides herself down onto his cock. "Oh, it's tight, especially for such a big tool. But it's the right tool for the job!"

Harry's fingers dance up her legs when he slides into her. She's twisting her pussy around his cock and making sure there's a nice tight vice around him. Harry rams his cock deep inside of her from this position. Her jiggling breasts call to him.

He stretches over to reach for them and to touch her nipples. A couple of gentle caresses brings Winry's attention back to the matter at hand. Namely Harry's cock driving deep inside of her body and making her feel really good. And she feels really good.

"I think you need to go a bit deeper."

"Are you sure?"

"When doing body work, you have to go as deep as possible!"
She squeals as more of his cock slides into her. Harry fills her with a never ending supply and makes her entire body just size up. Her pleasure combusts in one huge explosion of orgasmic bliss. Winry turns her neck back and pants with sweat rolling down her neck and then dripping onto her body. This is a hell of a workout and she hopes to not let it get finished.

Harry pulls himself almost out of her and slides into her body. The feeling of her tight pussy clenching Harry makes him only more able to drive his cock inside of her. He repeats his actions.

He pulls completely out of Winry and rolls her over. Harry lays on top of her. They meet chest to chest with their lust getting the better of them. Harry lines her jaw with kisses and she moans.

"I'm empty. I need it inside of me."

Harry pushes his thick rod into her tight cavern and ensures she's not going anywhere anytime soon. He holds onto Winry and rocks her entire body. Winry holds up a hand and clutches the back of Harry's shoulder. The nails dig in the deeper Harry plunges inside of her.

Winry throws her head back. He's nailing her on the hood of this car which they spent the better part of the weekend fixing it. One thought enters her mind.

'At least we didn't touch up the paint job yet.'

Harry spears himself into her tight cavern. Her legs scissor around him and Harry keeps dropping himself into her. His big balls smack Winry as hard as humanly possible. She stretches up from this particular position and Harry drives himself inside of back in until she's completely full.

There's not a spot in her to spare and Winry loves it. Her young body thrashes up against the hood of the car the deeper and harder Harry drives inside of her. She screams and cums for him on the bed.

"Hell of a ride. Wouldn't you agree?"

She does agree one hundred percent with some room to spare. Harry wraps his fingers against her thigh and brings her up off of the hood before slamming back down. She's not quite out of gas yet and at the same time, she's feeling the burn beyond anything she's ever felt in his life. It's so good to have so much cock inside of her.

"Feel the burn. It's really good, isn't it?"

He takes her down and almost crashes her down to Earth. Their bodies meld together. Harry plants himself into her and Winry almost shrieks in his ear. She digs her nails into any part of the body that can reach. She clutches onto him tight.

Harry can tell by her body language and reactions that she's afraid that he would pull out of her. Instead, he keeps up with her every step of the way.

Their bodies mold together in this dance of passionate glee. Winry holds her hands against the back of his head. The deeper he shoves into her, the more he fills her up and makes her really good. And she's feeling really good, beyond anything else. Winry's wet pussy walls close down onto him.

"Don't stop."

"You haven't given me a reason to. I can do this for days."

Winry bucks her hips up at the thought of going at it with days. Harry rams into her body and holds
her down onto the hood of the car. His thick balls keep smacking against her wet thighs. He rises up deep out of her and drives his cock deep inside of her.

"Faster! Harder! Make me feel this one."

Another orgasm rolls through her body. Being fucked by a handsome man in a garage on top of a car she's just helped fix really causes Winry's entire body to flare up and explode. She cums all over his cock and allows it to bring her to new passions and new depths.

Harry holds himself back to give her the thrill ride of a lifetime. His big cock plants into her on a repeated loop and never once lets up from her. Harry pulls himself almost all the way out of her and drives his big cock inside of her warm pussy. She clamps down onto him and releases him.

"It's my turn."

She holds tight onto Harry and moans in his ear. They continue to trade bodily fluids like sweat and soon there will be something else entering Winry's tight pussy. Every last ram drives her over the edge. She clutches deep against Harry's back.

"Closer, closer."

"Don't pull away! Don't tease me like that."

Harry hoists her leg up and runs his finger against it before slamming his cock inside of her body. Winry holds her leg against his back and slides into his body. His balls slap against her prior to unleashing splashes of seed into her tight pussy.

Winry throws her back off of the car the further Harry slams into her. His body molds together with hers the deeper and harder Harry drills inside of her body. A flood of cum spills inside of her pussy.

"Mmm, that's a lot….I wonder how you hold so much."

"I'm pretty sure you'd like to know, wouldn't you?"

He sucks on her neck and then returns to her breasts. She cums twice more and drains his balls of all of its contents. It takes a good long time before Harry's spent.

He pushes away from Winry who lays sprawled out on the hood of the car with sweat, salvia, and semen dripping from her body. Her eyes open up and a blurry smile follows.

"And for the record, I meant I wanted to go for a ride in the car. But this works fine."

End.

The Big Finish (Marti Perkins from Hellcats)

Marti Perkins bounced around, stretching her legs when she does lunges. The fit blonde cheerleader dresses in clothes which show off all of her assets. A tight black half shirt shows an immense amount of cleavage. The black spandex shorts she wears does a good job of drawing attention to her legs and ass. She took her shoes and socks off, to reveal her elegant feet and sexy toes to the world. Her blonde hair, stunning face, juicy lips, and stunning eyes add to the entire package. Not to mention her perfectly toned body, without an ounce of fat anywhere on it. Her abs shine brightly with the first hints of sweat as she begins her workout.

"Good morning, Marti."

She broke out into a smile.

"Harry, good you're here," Marti said with a smile. "I've been dying waiting for you...guess the traffic was a bit bad this morning."

Her personal trainer broke out into a smile. Marti dropped down to the ground and stretched her arms out. Harry bend down behind her and started to grab her arms, stretching her out. His hands rolled up her bare arms, making sure her muscles were not tense.

"We wouldn't want you to strain a muscle," Harry told her.

"No, of course not," she agreed. "This close to season, this would be awful!"

Harry stroked her shoulders and resulted in a small sigh coming from the blonde bombshell beneath him. His touch, the warmth secreting from his fingertips, puts her into a relaxed statement. All of the tension from the early morning workout melted away, only for solid need for his touch.

He stroked the back of her neck and she leaned forward.

"You're going to feel that tension ease away, aren't you?" he asked.

"Mmm, yes," Marti said. "You know, I've been feeling a bit of tension...down in my chest area, so I was wondering if you could help me there."

"Yes," Harry said as he placed one hand on her right tit. "I think I can help there."

Marti pushed her chest out to give her handsome trainer full access. Her neck and shoulders got a full rubdown and now he was stroking her tits through her top. Marti's entire body burned with pleasure, the heat which could only come from Harry's touch.

She wanted to see if she could make him hard even quicker this morning. It was a game the two of them played during their workouts. Harry's finger brushing against her warm cleavage caused Marti to lose every sense of herself. He leaned against her and smiled.

He did not press any part of his body against hers, other than his hands against her breasts.

"We want to make sure the flesh is able to be moved, like clay," Harry told her.

His accent sounded more exotic when Marti entered this state. He cupped her breasts through the
top and kneaded them. He moved them and made her breath. The tension caused her.

"And now, we need to make sure your stomach muscles aren't tense as well," Harry told her. "To avoid cramping."

Marti's rock-solid abs hitched in. Harry moved in to stomach her lovely flesh and spent some time easing his finger inside of her tantalizing navel. Marti breathed in as he touched her in that particularly sensitive area.

"Sometimes the tension goes to your core," Harry said while his fingers danced near Marti's core. "But, we'll get to that in a minute. Right now, we should really work on your legs...to make sure they spread as far as possible. You know for cheerleading purposes."

"Yes, I need to make sure I need to be limber enough to spread them far and wide," Marti agreed.

Harry rolled the woman onto her side and got up behind her. He reached underneath her right leg and lifted it into the air. He rolled his fingers all the way down her leg, both on the inner side and then on the outer side of it. Marti let out a very intense breath as Harry dropped it and stroked up her leg again before lifting it up and repeated the process.

He did it ten times with her right leg. Each time, Harry slipped his hand up the side of her shorts when he neared her inner thigh. Marti's sigh of disappointment when he retracted his hand left a very pleasant tingle in Harry's pants. He pulled away from her and then moved Marti over.

The same ritual had been performed with Marti's luscious left leg. Just as soft and lovely as her right. Her silken flesh molds under Harry's leg as he comes close to teasing the pearl underneath Marti's shorts.

Marti came close to being undone by her handsome trainer. He teased her and caused her to drip. Her entire body thrashed and sweat poured down her body.

"So, about those core exercises?" Marti asked him in a low and sultry voice. "Don't you have a special tool to help me work my core?"

She grinded her firm butt against Harry's crotch and could feel his swelling bulge. Harry put his hand on her abs and stroked them which caused Marti to breath. His hand grabbed the front of her shorts and slipped them down past her thighs. It left Marti in nothing other than a lacy black thong underneath.

"Let me open up your core so we can properly use that tool."

Harry wiggled down her shorts and then pushed his finger into her damp sex. Marti closed her eyes, the thick finger of her handsome lover making sure to hit her where it counted. He's now pressing against her, his cock, first with clothes and then without, against her back.

 Fucking the lovely blonde was the top of Harry's priority list. He made her such a willing sex partner over months of training. He kept her in very limber shape to be able to take his cock for a number of different amazing positions as well. He lifted her leg up into the air and dropped it down with his free hand while grinding his cock against the small of her back. All the while pumping his fingers into her body.

"I think that we're ready for that stretch," Marti said.

"Be sure to count them out," he told his partner. "One hundred, let's go."
Last week it was seventy-five, the week before it, it was only fifty. Now, Harry wanted her to go all the way to a hundred, without breaking her concentration.

"And remember, if you lose your concentration, we're just going to have to start all over again."

Harry did not waste any time in sliding his thick cock into Marti, while wrapping his arms around her body and pushing her into him tight. Marti broke out with a passionate breath the second he slid inside of her.

"OOOOH, FUCK!"

"Fuck is not a number, Ms. Perkins."

Harry rolled his hands over her body and thrust in, slowly at first.

"One, Two, Three, Four, Five, Six, Seven...."

Thrust, thrust, thrust, into her. Marti managed to keep her wits about herself while he pumped into her.

"Twenty-Nine, Thirty, Thirty-One, Thirty-Two, Thirty-Three...."

So close, so close to losing it. Marti tried to focus on anything other than her incoming orgasm. Yet, it became harder to spit out numbers.

"Forty-Five, Forty-Six, Forty-Seven....oh god...forty-eight!"

There was no question about it, she was coming and she was coming hard for his cock. Harry tightened his grip and started to feel up her breasts when they passed fifty to add another challenge for Marti's ability.

"Sixty-Nine...Seven...Seventy!"

Harry rammed into her. Marti was doing great, and her wet walls clamped down onto him. He slowed down and then sped up a little bit. To feel her pretty little mind about ready to break from what he was doing. It was a very good feeling for his cock to be sheathed deep inside of her walls.

"Eight-Nine...Ninety....OOOOO"

Marti almost got up to ninety-one before she broke and just screamed. Harry rode her all the way through her orgasm. She sucked his cock into her body, never one thinking of anything other than the immense piece of fuck-meat which was breaking her pussy.

"Jesus Christ!"

"Guess, we're going to have to start all over again," Harry said. "A shame...you were so close."

She came again from his cock grinding against her. Harry plunged his manhood deep inside and Marti started to count out again.

She failed two more times, with about two more intense orgasms, before she just barely managed to spit out a hundred on the fourth go around. The fact this stud still fucked her past one hundred, on the fourth time, without any sign of cumming really made Marti's entire body just sing.

He pulled out of her and caused Marti to drop down onto the ground.
"Time for your neck exercises," Harry told her.

He brushed his dripping cock against the back of Marti's neck and she breathed in pleasure. Harry stuffed his firm cock deep into her throat and she moaned, the deeper Harry pushed into her throat. Her neck bent back and Marti showcased just how good her neck strength was the deeper Harry plunged his cock into her throat.

"Twenty more."

Harry jack-hammered Marti's pretty mouth. While a nice and leisurely blowjob from the blonde was always nice, Harry just wanted to face-fuck her today. Her pretty mouth eagerly sucked on his cock just as well as her lower lips. The fact she tasted her own pussy juices and got off of it, just encouraged Harry to fuck her even faster in the mouth.

He pulled away and then allowed Marti to drop down onto the ground.

"Back bends, Ms. Perkins, let's do it."

Marti performed a back bend, while spreading her legs. This opened up her pussy for more core strength exercises, something that Harry was more than happy to provide for her. He plunged into her and fucked her senseless while Marti was in this position.

The beautiful blonde maintained the position despite the good hard fucking Harry gave her. His thick and ever heavy balls rammed against her and made Marti just breath harder. Her entire body drenched with a very heavy amount of sweat, more present than anything else.

"Oh, sweet...mmmmm!"

Marti let out those words in a very present moan. Harry was inside of her in the best ways possible. Stuffing her, until she was completely full. And while Marti would never have enough of her handsome trainer's well hung organ and the fact he could fuck her for a long time without cumming, made Marti explode several times over.

The next thing they did was Harry laying back on the mats and Marti doing the splits before sinking down on his cock. One leg behind then and one leg in front of them, Marti wiggled her sopping wet pussy up and down on them. Her tits jiggled through her top when she rose up and down on him.

Harry grabbed onto the leg in front of him and licked the bottom of her sweaty foot before sucking on Marti's lovely toes. She let out a passionate scream, every inch of her body lightning on fire from what's happening. Harry pleasured her toes and they were very sensitive.

He rubbed her foot and hit all of the right points. Right when Marti rammed down onto him.

Her warm, tight pussy grabbed his cock and released it. Harry knew that when they were done, he would have a nice big load to give this sexy girl. Right now, he busied himself in Marti's beautiful toes, licking them and sucking on them. That made the woman squeal which made Harry only fuck her harder.

After some time in that position, Marti did push-ups while Harry fucked her doggy style. Every time she came off the ground, Harry fondled her tits. Her top came up and Harry was now playing with her luscious breasts. Marti responded with a sexual growl when Harry planted himself into her.

"We're nearing the end of our session."
Harry slapped her ass which really got her motor running. Her trainer hit all of the right spots into her and Marti finished her set of pushups.

Only for them to switch positions again and Marti to do sit ups while Harry fucks her. Every time she rises up, Harry gave her breasts a squeeze as a reward for performing those sit ups.

Her beautiful body rising even faster for Harry to grab onto made this a very arousing encounter. Harry was balls deep into a young and willing cheerleader, and all of the flexibility and tightness which went along with fucking one. She finished her set up situps.

Marti smiled when pulling away from him. She gripped his cock and did several reps with her right arm and then her left arm tugging on it. She wanted to work all of her muscles. The fact the cock got nice and big for her just brought a heat between her legs.

"More core strength to finish?" Marti asked him.

"Yes, one hundred," Harry said. "This time, on top."

Marti sheds her top completely and drops down onto his lap while Harry lays back onto the mats. Her body soaked with sweat and she looked like a goddess when mounting him. Actually, there's no looking about it, she is a goddess. She wrapped her snug walls around his big throbbing cock and bounced on him. Chewing down on her lip in an extremely sexy way, Marti took him deeper and faster into her body.

She counted out each number in an extremely sultry voice, almost challenging Harry to keep with her all the way. Harry, proving his strength, kept with her and tried to make Marti lose count.

"Seventy-Nine, eighty, eighty-one!"

Each thrust blasted into her harder. When they neared the later nineties, Marti came hard.

"Ninety-nine, one hundred."

One hundred was a trigger for Harry to slam deep into Marti and allow the build-up in his balls to finally reach its completion. His entire thick, juicy bounty spilled into Marti's body. She closed onto him and took him deep inside of her.

A warm blast of cum filling up her inside ended this workout properly. Marti pulled away a bit too soon, and got her abs pasted with his seed. Not that she minded at all. She could just feed his cum off of her abs. She rubbed against him and allowed his cock to coat her sultry body with just as much seed on the outside.

Harry finally stopped and Marti smiled, still straddling his hips. She took the cum from her abs and licked it up. She swallowed his cum, getting a good taste of it and making sure Harry's manhood slowly throbbed once more.

"So, ready to hit the showers?" she asked.

"You read my mind," Harry said.

Marti bounced to her feet with an insane amount of energy, leading the way with swaying hips and her bouncing ass. Almost as if testing to see whether or not Harry would make it to the shower before he fucked her against the next available surface.

Self control was important in the chase.
End.

Thanks for the favorites, follows, views, kudos, and comments and I'll see you for the next chapter.
Veronica Lodge leaned against the side of the hot tub, wearing a very form-fitting one piece swimsuit. The brunette smiled as she looked at her friend, Betty Cooper. She wore a nice blue bikini which shined out and showed off her body. They waited for the object of their mutual desire to show up.

"When is he coming?" Betty asked. "You said that he would be here soon."

Veronica flashed a smile towards Betty and leaned in. A brief kiss on the lips stunned Betty pretty much speechless.

"Give him a minute," Veronica said. "He'll show up when he needs to get here and not before."

The door opened up and the handsome god of a man turned up. A shirtless Hadrian Peverell, Harry to his closest friends, showed up. Veronica and Betty looked at him. While Veronica was more prepared for this adonis among man, Betty was spell bound.

"Hey, honey," Veronica said as she slipped her arms around here. "Glad you didn't keep us waiting for too long."

Harry smiled at her and pushed Veronica in for a long kiss. Her tender, soft, lips pressed against his. She made a pleasurable sound from Harry locking his fingers down onto the back of her neck. He moved over to cup her ass through the top, without any pleasure.

"Especially her," Veronica said with a sultry whisper. "Betty's thirsting for it."

"It really is a pleasure to meet you," Betty said. "Veronica told me about you...and you can help me with my problem."

"Oh, and what problem is that?" Harry asked her.

Betty crossed the room and put her hands on Harry's chest. She leaned closer towards him with a smile.

"And the fact that I don't have a real man to make me feel like a woman," Betty said.

"And he is the one you've been looking for," Veronica said. "Why don't you get a load of this?"

Veronica yanked down Harry's shorts and revealed a nice-sized cock. It took Betty a few seconds to realize that he was not completely hard and this caused a flush to erupt through her body.

"I don't know how you would take something like that even in your mouth," Betty said, her cheeks reddening a little bit.

"With practice," Veronica said as she lowered herself to her knees on a towel she set up. "Watch closely."

Veronica put Harry's cock head at her mouth and leaned in. She traced her tongue against his cock. It gave Veronica a upclose whiff of his musk. And his love organ swelling forward to meet the edge of her lips. Her lips perfectly sliding down onto him and sucking Harry deep inside.
The juicy plump warm lips wrap their way around Harry. Veronica hummed hotly and stuck Harry's cock into her mouth. She put a hand on his lower back and looked up to him, with stunned awe and a dazzling gaze in those eyes. She popped her lips deeper around him and took his cock.

"Come here to get a closer look," Harry encouraged Betty.

While he gave her the necessary encouragement, he tilted Veronica's head back and stuffed a fair amount of cock down her throat. The visual of the beautiful brunette vixen bobbing on his cock brought a tension through Harry's loins.

He kissed Betty again and ran his fingers down her back while doing so. Her soft skin pushed against his. Betty allowed him to remove her top and release her perky breasts into the world. Her nipples stuck out and practically begged to be touched. Harry did the touching, a good long touch, pressing his hands against Betty's tits while occasionally returning to Veronica.

The sounds her friend made only inspired Veronica to deep-throat Harry. Twelve inches of his woman tamer shoved down her throat. Like a divine sex goddess, Veronica took every single inch. She put a hand down Harry's back and sucked him. Harder, faster, wetter, she moved her mouth around him.

Betty's bikini bottom came down. They were not going to make it in the hot tub at this wait. Not that Betty cared, because she got plenty wet. She made a soft, lustful, sound when Harry stuck his fingers deep into her wet, warm box.

Harry indulged himself in both of the women. Veronica kept sucking him in between her lips. On the other hand, Betty sucked him in with a different set of lips. His fingers danced against her, rubbing her warm wet slit.

"Getting close," Harry said. "Going to spurt in your mouth. But you like the taste of my cum...and soon she will as well."

Veronica sucked off this powerful man, the demand for a taste of his cum being too high. She licked his head before following it up with a long deep-throating suck. She sealed her cheeks full of his big throbbing cock and hummed around the head of his cock. She went down all the way to the base, slurping him into her warm throat.

Without another word, just with a huge grunt, Harry fired his seed deep down Veronica's throat. She drank up as much cum as humanly possible, leaving a little bit swirling around in her mouth.

Harry released Betty and she clutched the edge of the hot tub. She breathed in heavily. What a right, what a rush, and that was only his finger. Betty shook her head with only one word being prominent.

"Wow," Betty said.

"Oh, we've just begun," Veronica said with a saucy smile. "Here's a preview."

Veronica french-kissed Betty. Their tongues dance together, one attempting to dominate the other. Betty and Veronica suck face, hungering for each other. Their movements continue with Betty putting her hands on Veronica's head and deepening the kiss.

Harry inserted himself behind Veronica and pulled up the back of her swimming suit, before pulling it open. Her dripping pussy revealed itself to him. The few strands of dark hair poke out from between Veronica's legs and entice Harry with her intense arousal.
"Have to have this," Harry informed her. "Wouldn't you say so?"

Veronica sucked face with Betty and hungered for even more. She could not resist what was going to happe next, no matter what.

"Why don't we get Betty set up?"

Betty wondered what he meant by that. Her answer was answered in short order when Veronica lead her up the steps, to a modified deck area leading into the hot tub.

Harry climbed up on the steps underneath Veronica and drug his cock head against her.

"I'm sure you imagined what that sweet pussy would taste like," Harry said. "Do you think you can get her nice and wet?"

"Oh, I know that I can."

Betty shivered at Veronica's confident tone. She kissed Betty's belly button and shifted her aggressions down between the thighs. Veronica spread Betty's moist nether lips with her tongue.

Her own lips were spread by Harry. He dragged his cock against her entrance and she broke out into a fit of intense pleasure. Harry almost slipped inside of her and then pulled out.

All to tease Veronica and make sure she's overflowing hard. Harry reared back and smashed his cock in between her legs. Her squeal only enticed Harry the deeper he slid into her.

Veronica took everything Harry gave her. His touch, his forceful nature, everything rocked Veronica. She tightened around him, coating the tip of his cock with her honey. Allowing Harry to pull out of her, his hands caressing her firm cheeks before slapping them. Hard and fast, leaving the mark of his hand down upon them.

Already, Harry edged her close before pulling away. His thick balls smacked Veronica's thighs the faster he drove inside of her. Harry pulled almost all the way out of her and reared back before he slammed into her again.

"You feel her moaning against your pussy?" Harry asked. "I bet you have a nice tight pussy. I can't wait to wreck it for everyone else."

Betty mewled with the heat just pouring into her. She could not resist what Veronica's doing to her, not in the slightest. Her hips push up, further, and faster against Veronica's perfect mouth. Her nails dig into the back of Veronica's head and she moans, hotter and hornier than ever before.

The fuel drove Harry faster into Veronica from behind. He rested his hands on either side of her firm ass to get more pleasure. Her walls tensed up around his cock and squeezed him, nice and hard on all sides. Harry rocked himself into her body.

The warmth of her delicious hole made Harry more intent to fuck her and fuck her daylights out. A firm slap against Veronica's ass rattled throughout the room. More spans and Veronica wiggled against his cock, squeezing her warm walls against again.

"Go ahead, honey," Harry said. "Let it out."

Veronica moaned in delight, lapping up Betty's juices. Betty's soft cries of pleasure echo when Veronica's own juices come out. Allowing Harry to stick his cock faster and faster into her body. A sudden blur of friction erupts between the two lovers.
She came again and closed around Hadrian's big hard breeding rod. This cock tamed many women, her mother included. Veronica got wet just thinking about it and wanted to take his cock with more of a relenting fury. He smashed her insides and made Veronica just quiver underneath him. Her legs buckled.

Harry held her up and rode out all of the way. His manhood experienced silk pleasure.

"Oh, you have to be close," Betty breathed.

"Yes, I'm close, and soon you're going to experience everything as well," Harry told her with a smile on his face.

Each thrust brought his manhood as deep into Veronica as humanly possible. Their skin pushed together, with Harry spanking Veronica's tight ass and making her lose it completely and utterly. He jammed his thick tool into her hot box, allowing those walls to press firmly against him.

"Yes," Veronica moaned at the top of her lungs. "YES!"

She went back to eating Betty out after that very delicious declaration.

Harry stuck his cock deeper into the very needy woman and allowed her juices to flow endlessly around it. His fingers molded her tight ass and made her shift back and forth, constantly squeezing his cock. He moved in closer, his body tensing up. His orgasm nearing completion. Almost there, almost inside of her. Harry planted his thick cock as far into her as humanly possible, stretching her wet womanhood out and pulling almost from her before driving deep inside of her.

"Oooh, yes!" Betty shouted. "Fill her up!"

Always the nice ones that are the so dirty minded. Regardless, Harry plunged himself into Veronica and filled her up, just as Betty suggested. His big balls cracked endlessly against her body. Each plunge set Betty further and further over the edge until Harry reached a sudden and very epic peak inside of the woman underneath him. The cum started to churn before he fired.

Veronica took her medicine in the form of a gushing and splattering load. Harry held onto her cheeks and planted his thick dripping load endlessly inside of the woman underneath him. Harry palmed her tight ass and slapped it a couple of times to make this even better than before.

She almost slipped from the steps. Harry held her up and rocked her, riding out her orgasm. Filling her up with the full bounty of his balls.

The next second passed, and the minute Harry leaves Veronica, Betty sits bolt up right and grabs his cock into her hand. She gives it a tentative lick, and then several more aggressive licks and kisses follow while she tastes the splattering of juices down upon Harry's manhood. Wild lust ripples through Betty's eyes, while her teasing tongue makes Harry rise up completely. She sucks him, working his manhood to a very feverish pitch.

"It's so good," she whispers. "I need to have that...in my mouth."

Several warm sucks of his manhood later and Harry stood at full alert attention. Betty took him down her throat. The gag and caught around his cock only served to make the blonde vixen even sexier. Harry put a firm hand on the back of her head and gazed down in her eye.

"Easy, take your time," Harry informed her. "Slowly, ease your mouth slowly down my cock, savor the taste, suck it...like that."
Betty sealed his cock between her lips and enjoyed the ride. The minute the cum dripping from it touched her tongue, Betty wanted so much more. More than any woman could have. She sucked the manhood, working it further into her mouth.

She pulled out and Harry pulled her onto her cock. Her pink pussy rubbed against him.

Veronica breathed heavily as she sat on the middle steps and played with her step. The evidence of her and Harry's encounter spilled out of her. Watching Betty sit on Harry's cock made a throb enter Veronica's being. She wanted to be in Betty's place, but she got hot by watching her boyfriend fuck other women. The first was her mother, and boy was that glorious.

Now, Harry slid his manhood deep into Betty Cooper's snug snatch. She held on, moaning in pleasure. While her barrier was already broken due to some fun she had with Veronica before, that did not mean that Harry's cock was anything other than life changing.

"Oh, you're so deep in me!" Betty howled. "I don't know if it will all fit!"

"You're going to make it work."

Harry's firm tone and even firmer grip down onto her ass cheeks made Betty nod. Her body descends and took half of Harry's manhood inside of her. It brought a warmth through her body already. Yet, after seeing how effortlessly Veronica took his cock, Betty wanted to take a little bit more.

A hand from Harry placed upon her neck and leaned in with a very intense kiss. Betty allowed him to kiss the side of her neck, down her shoulder, while rubbing on her back. Betty's turned and moaned, and then dropped, getting just a little bit more of that bitch tamer inside of her tight hole.

Because, that's what it had to be call. Even the most frigid of women stopped and stared when Harry pulled out that throbbing hard cock of his. Harry slipped deeper inside of her and Betty pushed her warm womanhood against him, squeezing his big cock.

"Oh, how do you like that?" Betty purred in his ear.

"Very much," Harry said. "I knew your pussy would be perfect to fit around my cock."

She wrapped her legs around him and rocked back and forth. Harry gave her a smile, the type of smile which moistened the loins of anyone it struck. This prompted Betty to go for a hell of a thrill ride, putting Harry's cock as far into her wet snatch as humanly possible.

"Oh, yes!" Betty howled at the top of her lungs. "Give it to me!"

"Yes, give it to her," Veronica encouraged him with a forceful rub of her lips.

Harry gave it to Betty alright. His big, throbbing cock pushed as far into Betty as humanly possible. Each shove rippled her body, and made Betty throw her head back, in endless passion. She rose and dropped on him, his big cock sending different, fresh waves inside of her body.

"Yes, yes, yes!" Betty chanted with each rise and each drop. "Give me that big fat cock, shove it in all of my holes. That's what my body was built for. Cock, your cock!"

A warm squeeze released some more of Betty's juices. Harry pulled her down onto him, with her wet center making sure to form the tightest, most excellent seal around him. He palmed Betty's ass and gave it a couple of hard spanks to make her ride that much better.
"Oooh, honey, you're making me drip," Betty breathed in his ear. "I'm getting so close, I think that I'm going to explode...but you want me to explode, don't you?"

Harry does in fact do so and he just worked himself tirelessly into Betty. Her tight walls close and envelope him on a constant basis. Betty clutched his shoulder and mewled heavily in his ear. The deeper and deeper she went down onto him, the faster Harry did about the same thing.

Her orgasm came even harder than before.

Veronica's in the meantime, went as well. She worked the fingers of her right hand deep into her snatch and imaged Harry bending her over and fucking her. Pushing her onto the ground and fucking her. Throwing her onto a desk and fucking her. Time and time again, Harry's mighty breeding tool became a constant source of Veronica's lust-fuel fantasies.

Meanwhile, Betty bounced away on Harry. Taking to his cock, showing that her life would never be the same again. Nothing would fill the void more than this cock and it's many ways to fill Betty's needy, greedy, gripping hole.

"Oh, make me...make me….please!" Betty howled at the top of her lungs.

Harry shoved himself with more ruthless efficiency inside of the hot box of the woman underneath him. Betty closed up around him, biting down on her lip and releasing his thick cock from around his manhood. He pushed faster and further inside of her, making her reach a sudden peak.

"Nothing will make you feel this good again."

The matter of fact nature of these words caused Betty to shudder and gush. The truth of the words burned into her skin. Nothing other than this big monster cock would ever make Betty feel anything comparable to this. Her entire body lit on fire.

Ballad should be written about this cock. Or at least a dirty limerick. Regardless, the throbbing womantamer speared Betty's box and took her closer. She wondered how much more she had to take, how much more Harry was willing to give.

Harry pumped his way into Betty's greedy, clutching box. Veronica's furious masterbation out of the corner of his eye caused Harry's intended destination to be deep inside of Betty. She closed ranks around his cock and moaned hotly in his ear.

"So close," Betty said. "Paint my walls, stud!"

Drop, drop, drop, and Harry's manhood throbbed a perfect amount the deeper he drove himself into Betty's perfect body. He knew it would only be a matter of time before he lost everything inside of her, and then where would he be?

Closer to cumming than ever before, that much was for sure. Harry hit her hard, his cock burying itself inside of Betty's warm, snug canal. His heavy balls throbbed and after the blonde vixen reached her final destination, a mind numbing orgasm, Harry let her have it.

His seed rushed into Betty's body at a rush. The volume caused Betty to cling on and cum hard against him. Her walls milked him and the warm, energetic feeling of the blonde's bouncing walls milking his cock made Harry just rise up and smash her even more.

Betty clutched on tight for the ride. Determined to get a full load and a full ride. Pure endless agression flashed through her eyes the faster she drove down onto Harry.
The very second she came again, Betty held onto his neck. He held onto her back and rode her out, filling her up with so much seed.

The next thing Betty knew, she laid on the end of the deck. Her pussy throbbing.

Veronica crawled up the steps and put her head between Harry's leg. She took his cock into her mouth to taste the combination of the two of them. All while Betty watched.

The fun would continue, and they did not even need to make it to the hot tub. Harry leaned back and enjoyed Veronica's oral service, with thoughts of how he would blow both women's minds burning in his head.

His two teenage partners seemed easier to please a man ten years older than them.

End.

Next Chapter: 7/2/2018.

Thanks for your favorites, follows, views, kudos, and comments and I'll see you for the next chapter.
Vacations never quite go as planned for Harry Potter. This vacation makes him end up in the Savage Land with his fellow teacher at the Xavier Academy, Ororo Munroe. She's known under a different name to most of the world. She is better known as Storm of the X-Men.

Harry throws his head back as he prepares to set up camp. The few fragments of clothes cling to his body when he collects the wood necessary. They are stuck in the Savage Land, and until Harry can figure out how to get contact to the outside world, then there's really nothing to do. His magic works passively and close up, but at a range, it tends to falter. Those limits are not something that Harry has deal with for a long time.

He moves back to camp and notices that Storm's set up the cots from their crashed plane and made a makeshift tent as well, along with a pot and the cooler which was on the plane was right next to him. Harry figures he can stretch out their food supply as long as he has a base. There's plenty of berries on the trees although Harry's not that confident about touching them.

"Ororo?"

"I'm washing up."

Harry hears her voice and notices a warm spring of water flowing over some rocks. He sees Ororo in all of her glory. Harry's eyes glue to her ass and the rest of her is good. Her sleek dark skin drips with water. Her gorgeous face and succulent lips purse out with a smile with her eyes shining about as bright as possible. Her elegant neck is a treat for Harry to look at. Large breasts, a tight-toned stomach, and wide hips along with sensual legs. A small strip of white hair comes down between her legs matching the long and lavish hair stretching down way past her shoulders to the small of her back.

The lack of Western taboos is something which Harry appreciates at Ororo. She's open with her body and there have been many times where she's invited Harry in to discuss business when she's lounging on the couch as naked as the day she's born. Every inch of her body calls to Harry and there's something that calls to her even more.

"Why don't you come close?"

Ororo flips her hair back and allows Harry a full view of her uninhibited breasts. His eyes lock onto them with hunger dancing into them. His garments rip further and his large cock pops out. Ororo reaches over and grabs Harry's cock before pulling him into a kiss.

"I thought about washing that pollen off of me. But the water only seems to have increased my desire."

The question of what pollen she's talking about is going to have to wait. Ororo's fingers tighten their grip around Harry's tool. She leans in and kisses Harry on the lips as hard as humanly possible. Her fingers loop into the back of Harry's head when deepening her lustful kiss. Her tongue darts against Harry's mouth and pulls him in. Her breasts pushing against his chest is a nice feeling.

"And I know what I want. It's what I've always wanted. It's what any woman wants."
Ororo squeezes Harry's ass with one hand and his cock and balls with the other. She's shameless in her aggressions on Harry's body.

"You're so fucking hot right now."

"I know you want me. And I want you."

Harry wraps his hand around Ororo and this time he kisses her while her hands move over her body. The lust of the two of them feeling only increase. Ororo releases Harry's cock. The throbbing member slaps her thigh when rubbing up and down. Harry's fingers dance against Ororo's backside when the two of them move back. They slide into position on one of the rocks.

Ororo straddles Harry's lap and rubs her pussy against his throbbing member.

"I can't wait. I need you! Now!"

She digs her nails into Harry's face and aggressively kisses him. Her legs open wide for Ororo to properly sink down onto Harry's cock. His cock disappearing between her dark thighs and into her really tight pussy makes her. The African goddess pushes herself up and down on Harry's thick throbbing cock.

"I can't wait to have this buried inside of me."

The lust buries Ororo down onto his meaty stick. She stretches Harry's cock between her warm pussy lips. She arches back and water spills from the sky. It runs down Ororo's breasts. Harry grabs them and buries his face in between her dark-chocolate mounds.

Ororo enjoys his face going between her and sucking on her breasts. His able tongue licks up and down on them. Her body heats up from the increasing pleasure. She drives down onto Harry and fills her pussy up with his large breeding rod. His balls rise up and slap her which makes Ororo all shake.

"I'm going to lose it! It's all because of you."

Harry looks up at her face and her mewling only increases his desire to be inside of Ororo. He buries his cock inside of her body and pushes up.

"Fuck, you're going to make me explode. Is that what you want?"

Harry slaps Ororo's ass which gives her the stimulation to rise up and crash down onto his lap. His cock drives deep inside of Ororo the further Harry plants his thick tool inside of her body. Ororo turns herself back and moans as loud as humanly possible.

"Worship my breasts. I love it when you suck them! Make me happy!"

Several warm kisses attack her neck. Harry cups her warm tit flesh and then smashes his face between it. Harry digs down deep inside of her. Ororo keeps squeezing his manhood inside of her. It feels beyond great to have his cock buried inside of such a tight, warm sheath of flesh when ramming his cock deep inside of her.

Sexual frustration explodes out of Ororo. Ororo buries her pussy down against Harry's massive cock and then stretches her down onto him. Her nipples ache and Harry's there to satisfy her very high sex drive. She lubricates his pole when her body thrashes and cums down onto him.

Harry cannot get enough of fucking Ororo's snug pussy. He can't stop and thrust into her. The
smell of her hair is sweet and her entire body just tastes great. Harry's fingers touch her divine body when shoving his cock into her. She comes down onto him and bounces up and down. She holds Harry's face in her chest and makes his cock just bury deep inside of her.

"Together, my love."

Ororo's nails dig into Harry's scalp. Her inner walls clamp down onto Harry's throbbing rod and milks him all the way to an orgasm.

All Harry can do is hold on for the ride and send his seed into Ororo. Ororo throws herself back with Harry spilling his seed deep inside of her warm pussy. Ororo's nails rake the side of his neck when she bounces up and down. Her determination to drain Harry of every single last drop of his seed makes things really good for him the deeper he drives inside of her.

Ororo takes a full pussy load of cum. She hangs onto Harry and moans into his ear to take as much cum as humanly possible inside of her depths. His discharging balls launch about as much cum as necessary and then just a little bit more to fill her up.

Cum dribbles out from between her thighs. Ororo releases herself from Harry. Both of them stand up and no sooner do they do, lust overwhelms Ororo again.

She pushes Harry back against the rocks and shoves her tongue down his throat. Harry responds just as vigorously with their tongues matching each other. Ororo pushes her pussy against his cock which hardens in a matter of minutes. She grins through the kiss.

Her body is irresistible so naturally Harry will be hard. Ororo wraps her legs around Harry's waist and mounts his cock while they are both standing up. Harry holds her back when Ororo impales herself down onto his cock.

"You fill me up so much."

"I don't know how your pussy remains so fucking tight."

Harry holds his fingers against Ororo's hair and then moves down into her body. His big cock drives deep inside of her sheath as hard as humanly possible.

His fingers move down and Ororo experiences sparks going through her body. Harry's all over her body. Every single touch drives her completely beyond the bend. She works out some much needed stress relief all over his cock while driving her pussy down his thick tool.

Harry shoves a finger deep inside of her tight asshole.

"I want this."

His lubricated finger loosens her up. Ororo does her own part by wetting Harry's cock with her very aroused pussy. Her pussy only becomes wetter and soaks Harry's tool from the head down to the base. She wants his cock burying inside of her ass in the worst way possible.

"I know you do. I see you staring it at all of the time. I don't mind. It feels good to be desired. Just like it feels good to have your big throbbing cock inside of her tight ass."

Her dark cheeks bounce into his hands. Harry teases Ororo. The wind rushes around them and makes her nipples harder than ever. Harry leans in and sucks on them to drive her completely nuts with pleasure. His hard rod shoves deep inside of her wet pussy and then she releases him.
"It's time!"

She regretfully releases Harry from her hole. His cock lines up to another, tighter, and warmer hole. Right before Harry enters, Ororo coats her finger with her pussy juices. She slides the finger into her ass and lubricates the hole a little bit more. She loosens up just enough for Harry to slide in.

The hot action makes Harry's cock throb in frustration. She positions her asshole right across from his cock. Harry holds onto her meaty cheeks and squeezes them. The toned and fit ass Ororo has makes him able to shove his hard cock deep inside of her warm hole.

She screams out and the rain falls between them soaking their bodies. Harry's cock slides deep inside of Ororo's ass as hard as possible while also using his mouth to stimulate her breasts. Another hand rubs her pussy as well. The triple attack causes the woman next to him to lose her mind.

To be perfectly honest, Ororo never thought she would take it up the ass so easily. When she receives this cock burying inside of her tight ass, it makes her feel very empowered. Her anal muscles squeeze Harry's cock the further and harder he enters her.

"Ororo! You're so fucking hot!"

Ororo knows it and appreciates Harry's attraction to her. His lust matches hers very nicely. His fingers stroke Ororo's delicious rear end and squeezes tight down upon it. Harry pulls pretty much almost all the way out of her and slides his cock deep inside of her one more time.

Her inner muscles tighten down on his fingers. Ororo squirts pussy juices all over Harry's invading fingers. He makes her thrash and moan. He shoves his tongue into Ororo's waiting mouth and ensures that all three of her holes receive a constant assault.

Ororo loves it. She manages to keep control of her powers not to create some kind of tornado which will kill the move. Her slick walls drive down onto his tool and makes sure Harry stretches her. He buries deeper inside of her and pulls completely out.

Their mouths combine with a long trail of spit as Harry pulls away. He dives in and attacks her all while driving her ass. Ororo's too horny to care about her discomfort of being in such closed quarters. Harry's cock buries deep inside of her ass with her pleasure receptors heightening up.

Harry's big manhood spikes into her juicy anal hole. She tightens around Harry and releases him from her grip. The deeper he drives himself inside of her tightening hole, the further he gets to the edge. And closer he gets the edge, the closer that he gets to spilling his seed inside of her.

Every inch of her body receives trigger impulses to her brain when Harry touches her. Ororo allows herself to be used for their mutual pleasure. Her body sweats out the pollen completely and her natural lust kicks in. The gorgeous man pushes his cock.

"Cum in my ass. You know you want it."

Ororo's fingers push against him. Harry does want to cum into her ass. His mouth and hands are all over her and he makes her squirm. They find themselves dripping with bodily fluids. Harry pushes his finger into a spot on Ororo's ass and she moans and thrashes. Her bouncing tits smash Harry deep in his face when he dives down onto them.

Harry finally loses it. He wants to cum inside her ass so bad. His cock explodes and cream pies Ororo's tight asshole. He holds his cock deep inside of her and rides her out the rest of the way.
"Fuck, Ororo."

"Oooh, you're so gifted," she mewls in his ear.

She takes about as much cum as possible inside her ass. Every nerve ending of her body registers pleasure about three times its normal potency. The ride sends Ororo crashing down with pleasure. Harry's thick manhood drives deep inside of her and releases more cum than she ever could think someone could hold. He pulls out of her and allows the cum to dribble from her ass.

"We better get back to camp."

She nods and allows Harry to lead the way. They move over to the camp which has been set up. A roaring fire waits them when they go back. Several pieces of the planes radio are out and they can figure that out at another time.

Harry goes to say something only to realize that Ororo's tugging on his cock one more time. They two kiss each other as their lust enters a second round.

All rational though leaves Harry's mind the second that his cock enters Ororo's warm mouth. It turns out she still has some lust to work out.

End.

Stirred Up(Hope Pym/Wasp from the Marvel Cinematic Universe)

Hope Pym was most certainly a sight to see when she balanced herself on a trampoline. Wearing skin tight black yoga pants, a tank top, and no shoes, her glorious skin was out on full display. She squatted down a couple of times and smiled over her shoulder at the gentleman who turned up to watch the show.

Harry just stood back and watched the show. Hope continued to bounce on the trampoline, performing a squat or two.

"Thanks for coming today, by the way," Hope said. "You might be the only other person who gets up this early to head to the gym."

"Just happy to be of service."

Hope smiled, if she played her cards right, the handsome billionaire would be of service. One of the youngest, richest, and most handsome men in the world, Harry Potter was the stuff of dreams. Granted, he seemed to be in a period where he did not know quite to do with his life.

Filling up as many beautiful women as possible was a good way to occupy his time and his hands. Hope bounced up and down on the trampoline and could feel his gaze. It was casual and that was just stirred emotions in her body.

Harry sat back and imagined her squatting down in other ways, bouncing after each other.

"You know, we should do this more often."

Watching her bounce up and down in skin tight clothes on a trampoline. Harry would have to agree they should do this more often.

Hope spun around and dropped down before the trampoline. Her toned stomach muscles directed their path into Harry's line of sight. Firm, tight, abs which made him hungrily stare at them. Harry pulled away as Hope dropped to the ground.

"Why don't you get down between my legs to pin me down?" Hope asked him. "So, I can do situps?"

As if this was a question. Harry knew that she could feel what was building between his thighs. For a brief, scant, second, Hope broke her gaze, and her stoic expression. She lifted her hips up slightly, to tease Harry before he positioned himself.

Had the pants been gone for both of them, they could be practically fucking right now. Given the way their hips moved, Harry was not one hundred percent certain they weren't fucking. Regardless, Hope did the sit ups which allowed her to show off her amazing physique. Her abs moved.

And that was not all. Harry got a pretty good view of her cleavage every time she moved up. She did something to make her breasts bigger or appear so. Harry wondered if it had anything to do with her super abilities. Not that Harry was going to complain.

Every few times, Hope slid forward and Harry grabbed her thighs to slide her back. His bulge
bumped against her. The only declaration she noticed was a small gasp of pleasure. Harry quickly rotated himself into her as she performed the last few situps.

"Good, I'm feeling the burn."

Hope turned around and bumped her ass against him while getting on all fours. The image of doggy-style sex entered Harry's mind the second Hope put herself in this pretty damn good position. His eyes followed Hope when she shifted her weight and did several leg lifts.

Hope rolled over onto her back and lifted her legs into the air and spread them far and wide. She allowed Harry to see the outline of her pussy lips through her yoga pants. Every now and then, she head the spread and looked up at him with a smile.

Suddenly, Harry put his hand on her thigh and began massagging it.

"We wouldn't want you to get a cramp, would we?"

Harry rubbing her sent Hope's mind into a state of fogginess. No, she would not want to get a leg cramp because that would impede the main cardio workout she had planned. Her teasing had been turned around.

The fast fingers of the handsome man above her started to stroke their way between Hope's legs. She let out a very impressive breath. This made her feel so horny and so good to have him work her like this through her panties. Her impressive body rippled up and down.

Harry watched the dilation of her ab muscles, going up, down, and around. A horny breath spread through her body, making her just break out in pleasure.

"Take your pants off!" she demanded.

"Excuse me?" Harry asked.

"I said take your fucking pants off!" Hope yelled.

"Not until you say the magic word."

Harry came inches away from pleasuring her clit through her pants. Yet, he did not move in.

"Take your fucking pants off, please!"

Harry just chuckled, but he tugged at Hope's yoga pants first. As he suspected, she wore no underwear underneath them. She only wore underwear when on the field and even then, it was only every now and again.

Hope laid back on the mats and allowed Harry to undress her like a doll. Her top came off and revealed her perky breasts to the world. She breathed and allowed them to enter Harry's line of sight. He put his hands down on her chest and squeezed them, touching her. She rose up and Harry attacked her with a very intense kiss.

The fact she had been stripped naked and he was still in her clothes seemed extremely unfair to Hope in many ways. Yet, she went with it, hungering for his tongue, the deeper it shoved into his mouth. She moaned, sucking on lips, and working further, deeper, inside of his mouth.

The finished their game and Hope grabbed onto Harry's shirt and tore at it.

"You do realize that shirt cost a lot of money, don't you?" Harry asked her.
Fire entered her eyes when she responded.

"Bill me," she told him.

She ripped Harry's shirt off completely and flipped him over. She decided to make quick work of his pants and reveal the prize she sought. Twelve inches of stiff meat stood up in the air. His cock was just completely unreal, and made Hope as well as hell.

"You've been teasing me for way too long."

"So, says the woman who spent a half of an hour bouncing on a trampoline."

"It was only twenty minutes."

Hope hovered over his cock and started to rub her wet pussy over his manhood. She could feel his throbbing pole get very close to sliding into her. She needed to take his cock, but she wanted to tease him. Hope leaned down and lightly touched her breasts to his body. Several kisses marked her neck.

Much like a predator, Hope stalked her prey. She could tell that Harry wanted it just as much as she did. The desire to have him quickly overrode the desire to this man until he was ready to explode. Knowing what to do now, Hope descended down and became one with the most handsome, well endowed man.

It took some doing, but Hope Pym accommodated to him very nicely. Her tight, snug box clamped down onto him, repeating working his lower muscles.

Being between the thighs of Hope was a sight to see for sure. Harry watched her, bounce on him. Her beautiful face curled into a smile and her sexy body moved up and down. She rocked up and down onto him, at a very intense speed. Friction just built between the two lovers, the faster Hope came down onto him. She stretched around him, the tight hole squeezing his mighty manhood the faster she rode him.

"Mmm," Hope breathed. "You're as good as advertised."

Not the first time they been in each other's orbit, although this was the first time that Hope worked up the nerve to take the plunge. She rode the stallion beneath her. Being filled up so much that it was almost obscene just how good this felt. And it felt really fucking good, to be taken to such depths.

Hope tempted him so and Harry just cashed in on that temptation. Rocking his hips up and down, preparing to meet her. Preparing to take every square inch of Hope's gorgeous body. Plunging into her, rocking her up, down, and forward.

"Oooh!"

Her tightness worked his muscles. Harry pulled her down and the two of them locked lips with each other. While pleasuring each other's bodies, Hope pumped him inside of her. Harry responded by grabbing her firm ass cheeks and driving into Hope.

Their bodies melded together as one. Hope's eager tongue danced a little further down Harry's throat, teasing the side of his mouth. She pulled back from him, hungering more for the handsome man beneath her. She sucked on his lower lip, sliding her tongue against it.

"That's perfect," Hope practically purred in his ear. "Make me cum. Make me really lose it."
Harry intended to do all that and more. His strong hand gripped Hope's thick ass and squeezed it. He worked inside of her. The softness of her insides, how wet she was, how tight she gripped, it was all almost too much. Hope moaned in Harry's ear.

The movements of her descending body told the story. She begged, she needed, to be drilled extremely hard. Harry put the full motion of his hips into her and she howled in constant pleasure. Never once breaking down from this moment.

She whipped up and saturated Harry's invader with her warm juices. Hope tightened and squeezed him, moaning in endless pleasure. She held onto him, for the right.

Harry put his thrusts into her and rode out Hope's climax. He was getting very close, but not close enough to slow down. Hope growled in realization.

"Oh, no, you fucking don't!" she moaned. "Don't you dare slow down."

"I've got a better idea."

Harry pulled out and the next thing Hope knew, he positioned her on her hands and knees. Given how much he stared at her when she was in this position earlier, it was telling. Harry wrapped his arms around her and plunged deep into Hope, to fuck her while in doggy style.

Yes, it felt so good to be dominated. Felt so good to have his hands all over her body, touching her. Touching her, kissing her, stroking her skin. Hope was very delicious when Harry rose up, his strong legs almost giving way when driving inside of her from behind.

Hope breathed in, her nipples hard as rocks, stiffer than hell. She really took the full blast of his thick cock deep inside of her body.

"YES!" Hope yelled. "YES! GIVE ME YOUR COCK!"

Harry rolled his hips back and forth into Hope's body, sticking her with his thick, throbbing manhood. She wanted it, and Harry would not be the one to deny her.

Her screams tapered off, but that was not due to the lack of lust. Rather, the fact her mind had been driven completely over the edge by pleasure. Harry pulled her up a slight amount to cup her breasts. The moment he released them, he dropped Hope down onto the ground and continued his ruthless pounding of the beautiful woman.

He could go as hard or as a gentle as he wanted. The length pushed deeper into her body. Harry almost pulled out completely and that left Hope at a loss.

Then, she found him inside of her, deeper than ever. His cock blew deep inside of her, the head kissing her womb. Fertile seed bounced from those large sacks of flesh, striking her thighs and leaving some bruises. But, that's just what Hope liked, bruises, all over her body. Signified the fact that her man opened her.

She was battered by his thrusts. Her insides became his to mold and groom for his seed. The rush of his balls would coat her insides in no time, thus bringing her to the pleasure point. Harry thrust even deeper.

Despite Harry's stamina, he could only last inside such a tight hole for so long. He eased back just enough to feel Hope's latest orgasm. She did not disappoint, squeezing in tight, and milking him. Harry pushed into her body, slapping his balls against her.
Finally, finally, it was his turn. The explosion came when every muscle in Harry's body tensed completely up for what was to come next.

"Oooh," Hope breathed. "That's what I needed!"

Harry gave Hope more than a bountiful blast of seed. His discharge filled her up, at a rapid and alarming rate. Thick seed spilled, repeatedly and endlessly coating her insides with his full bounty. Harry rode out her clenching hole all the way to the conclusion.

He finished up inside of Hope Pym, her body becoming his to fill up. Her belly ballooned from the immense amount of seed just spilling inside of her.

Harry pulled out and Hope collapsed in a sweaty heap. Harry pulled her up off of the ground and she positioned herself on his leg. Her legs wrapped around him when they moved face to face.

"That's the workout that I was hoping for," she said. "So, wanna fuck again?"

Harry just smiled, and pointed his erection at her hole, which was willing to take more abuse in the name of fulfilling her deepest most primal desires.

Thanks for the favorites, follows, kudos, views, and comments and I'll see you for the next chapter
Lara Raith steps into the picture with many eyes on her. The dark skin frames her gorgeous face and her unsettling blue eyes and creamy skin give her a nice picture. She wears a nice tight white dress which showcases what she has on underneath or rather what she does not have on underneath. Normally Lara will not go for a look at that but there's something in the air with her.

Predatory instincts kick on as Lara excuses herself rather quietly. She knows he's here and he knows she knows. It's a game they play and a game which Lara intends to win on this night. Her blood lust only increases a tiny fraction as she slips into the shadows with a wide smile on her face.

"Come out and play."

Another small smile pops over her face when she approaches the situation. She could have sworn that there was someone at the top of the stairs. Lara moves over to investigate the top of the stairs. All of her hopes and dreams dash when she realizes there's nothing.

Then a pair of hands push onto her hips and spin her around on the landing. Lara comes face to face with those very familiar and haunting green eyes. Those strong hands show such force that Lara tingles. If she chose to wear panties tonight, they would be ruined. The mouth finds her. Their lips mold together with an increase amount of lust.

"I had to see how much you wanted it. And you wanted it very badly. Didn't you?"

Lara pulls away from the wall just enough for Harry to slip a hand behind her and give her ass a tight squeeze. Lara's eyes flush over with a small amount of lust dancing through them. She tries to gain the advantage by aggressively attacking Harry's lips. Each kiss responds in turn from Harry. He knows what he's doing and more importantly he knows how much he's driving Lara completely nuts.

His hand slides underneath her dress and brushes against the tight fabric hugging her body. Lara's moans only increase thanks to his very welcomed touch. Harry's fingers rotate.

"I've come here to get what I want. And you should know that I always get what I want."

"Is it really a triumph if it's so willingly given?"

Hips push out for Harry to gain his access underneath her dress. His fingers stroke Lara and send a pleasurable heat coursing over her body. Lara's nipples harden from underneath her dress the further Harry eases his finger between her legs. Lara clutches his fingers and lets out a very impassionate moan.

"And someone could see us."

Harry leans in to her. "I know."

A finger slides deep inside of Lara's tight quim. She cannot hold back her purr of lust. Harry's
working her over on the steps and pressing her back against the wall. Anyone could come up the steps, down the steps, at any time, and Lara finds herself not really giving a damn. As long as Harry's fingers dig their way into her moist canal, Lara's feeling of content will only raise.

Harry decides to take the next play by pulling down her dress to reveal round milky breasts with nice round nipples. They stick out and Harry dives into her chest. He takes the nipples into her mouth and keeps working her over. His hands go several miles a minute. They are between her legs and then they are all over her hips and back, and then one squeezes her ass.

Lara gives Harry all of the credit in the world. He's able to keep her guessing and keep her leaking for now.

"Fuck!"

That word pops out of Lara's mouth the deeper Harry shoves his finger inside of her quim. Lara keeps pumping herself down upon Harry's finger as it slides inside of her. She keeps panting very heavily the further Harry edges her to an orgasm. She's almost there. Her knuckles turn white with the pleasure cascading through her entire body.

"I'm getting close! I'm getting so fucking close!"

Lara bites down on her lip the further that Harry rams his finger inside of her. There's not even the slightest attempt for her to disguise the pleasure she's feeling. And she's feeling a lot of pleasure with Harry burying his finger deep inside of her.

He pulls out of Lara before she can really lose it. Lara slumps against the wall with a deep and heavy breath. Harry traces his finger against her lips and makes her taste how aroused she is.

"Come with me."

Harry's pants drop and he decides to sit on the padded carpet on one of the steps. Lara, dress rolled up, makes her way down to him. She sits on Harry's lap and faces the entrance leading up to the steps. Anyone who comes up the steps from this point onward will see Lara's face as it screws up in pleasure.

This is precisely what she wants. Harry's cock slides against her warm slit. Harry holds his fingers against her and clutches Lara's juicy breasts. She hisses when his cock comes close to entering her.

"I'm going to drain you dry of everything you have."

"Good luck. I've heard that one before."

The self-assured tone of his voice causes Lara's pussy to ache at the thought of what might happen. Harry eases himself close to being inside of her. The first couple of inches of cock storm her gates and come almost inside of her. Lara spreads her thighs and comes down onto Harry.

A hand reaches out to grab the railing so she does not slide off. Harry hooks onto her other arm and guides Lara down. Several inches of throbbing hard cock slide between her pussy lips and into her tight body.

Lara's neck rolls back with a very evident moan passing over her lips. She now has Harry deep inside of her and he's pretty much everywhere he needs to be. His hard cock buries itself inside of her tightening body. She can feel it and can also feel Harry's hand easing over her body.

"Get ready because this is going to be a long ride."
The feeling of her body pressing up against his while on the steps and she fucks him allows Harry to feel the build up. Her ass dances close to Harry's face the second she rises up to shove more cock inside of her. Harry helps it along by his hand smacking against her rear.

Harry's strong and powerful hand striking her hind quarters makes Lara just drive more of his cock inside of her snug pussy. Her entire body buzzes from the feeling of Harry pushing inside of her.

"Do it again?"

"You mean this?"

Harry spanks her ass. Lara's knuckles whiten even more when she clutches onto the stair railing. Harry's hand rests on her ass when it hits and guides more of him deep inside of her. Lara cannot help and feel the pleasure exploding through her body from his big throbbing cock piercing her wet pussy.

"YES! AGAIN! HARDER!"

His hands are all over her body and sending several small flares of lust through Lara's body. She cannot believe this is happening to her. Her entire body just explodes into pleasure.

Harry holds onto her round tits and pumps them with his fingers while she rides him. He's pretty sure with the right pressure and charmworxk, breast milk would be shooting out of them. Lara's entire body shifts back and drops down. She stains Harry's cock when rising up and dropping down.

"You're getting close. Just feel it. Feel how much good I'm making you feel. No one could make you feel this good if you looked for a thousand years."

Lara nods in response. Her mouth opens up and then widens. The lust increases as she loses all sense of herself. Harry's cock buries inside of her body with his balls smacking deep inside of her wet pussy. Harry clutches her round breasts and shoves more of Lara down onto his body.

Harry's massive cock drives deep inside of her wet pussy. He holds back almost all the way and then drives down inside of her. The warm feeling of her pussy closing in and milking his rod is very nice indeed. He rests his chin on his shoulder and moves to the side. He nibbles on Lara's ear lobe.

"You fucker!"

That's a particularly sensitive spot and it causes Lara to start gushing. She cannot help and feel the pleasure bombarding through her body from this attack. It's always the little things which can drive her and getting her ear lobe nibbled might seem like a very little thing.

"Get close again!"

Another orgasm visits Lara. She arches herself back just enough for Harry to attack her body and drive her lust over the edge. She wonders how close he is. Every now and then, Lara can feel those balls and they have to get heavy.

"Those seem like they might hurt. Why don't you take a load off?"

Harry holds onto her chest and makes her moan in delight. His lips kiss the back of Lara's neck and sucks on her earlobe to drive her completely nuts.
"I can manage."

His fingers brush Lara's sweaty back. She clutches onto the railing and makes sure to drive more his cock just deeper inside of her. Lara's mouth hangs open with barely disguised lust coming from of her body. Something has to give sooner or later. Harry's driving her completely wild with lust beyond anything she ever imagines in her life.

"Go ahead. Do it. Cum for me."

Lara holds herself against Harry and milks his thick prick inside of her. He rises up and smashes his balls against her. She cannot help, but feel cheated that she's giving and not really taking anything in return.

"Good things come to those who wait. And you're being very good. Next time, we do it together."

What Harry fails to mention is that he's spending a lot of time dragging out Lara's next orgasm. He manipulates her body and causes her to start moaning and groaning. Harry's all over her body. He's pretty sure the door opens and someone quickly bolts from the area in shock at what they see.

Lara barely notices anything other than Harry. He's the entire world around her driving himself into her tight pussy. She wonders what the pleasure and the torture all combined together in one will end. Harry leans deep inside of her and cups her breasts.

"We're almost there. We're almost done."

She can feel him. Lara holds on and keeps riding him out of sheer instinct. His hands are now all over her and making it hard to do anything else other than take breaths. He touches Lara in more places than she's certain he has hands. And she does not mind it at all.

"Almost…not soon enough."

"For someone who is normally so composed, your patience is not what I thought it would be."

Lara's toes curl in pleasure. She disagrees about how this requires patience. This has gone a long way past patience.

Harry slides into her. Every time he enters her body, she grabs him and pumps him. His stamina shows he can go the distance. He's trained between the legs of some of the sexiest females in history, so he knows how to hold himself in and make his partner long for the reward she's going to get.

He is getting closer though, closer than he cares to imagine. Harry pushes himself deep inside of Lara. Her pussy grabs onto him and pumps his rod inside of her.

Lara's moans only make Harry want to go deeper inside of her. He fills her up and puts his hands everywhere they can be. He's got a full mental list of all of the spots which light Lara up and turn her into his perfect sex pet. She keeps driving down onto his huge cock.

She explodes and it's Harry's cue to drive his cock inside of her and do the same. Every inch of her warm clenching pussy collapses down on Harry and starts draining his seed from his balls. He goes deep inside of her body.

Both lovers see splashes of white when Harry holds onto her. Lara keeps bucking herself down on the chair. She realizes a small group of women who are peaking around the corner and watching the show.
"Hello, ladies."

They all squeak at Harry's statement. He just gives them a smile which ruins panties. He finishes filling Lara's pussy with his cum.

Harry picks up Lara by the hand. A crusty looking old woman stands at the top of the steps with his eyes widened. She finally finds the ability to speak.

"Well, I never!"

Harry snickers at the shock on this old prudes face. "I'd imagine you wouldn't with that attitude."

The woman storms off completely flustered at such a shameless display. Harry wraps his arm around Lara and squeezes her ass.

"Shall we continue this meeting in my quarters."

Lara squeezes Harry's cock and winks at the maid who is trying to act like she isn't peeking out of one of the bedrooms. She's just not doing a very good job at it.

"I don't see why not."

End.

Unwrapped(Kamala Khan)

"Sorry I couldn't make it on time. Something came up. I did leave your birthday present u in the bedroom. I know that you're enjoy it and get plenty of use out of it tonight. See you later. Love, Carol."

Harry reads that his roommate and lover, Carol Danvers, left to him. Carol and her two sisters live with Harry. Kara and Alex are off on an outing although they also plan to be back to celebrate Harry's birthday later. Harry wonders what present Carol left for him upstairs. He suspects that he'll find out.

He rushes upstairs and opens the bedroom door. Harry comes to a beautiful sight on the bed. A dark-skinned barely legal female lays back on the bed in a very submissive position. Harry recognizes her as Carol's sidekick, Kamala Khan. A bow wraps over Kamala's mouth and gags her. More bows cover her breasts just giving Harry a tantalizing book. A nice festive ribbon covers her crotch.

"I should come here and unwrap my present. But, I think that I should get this shirt off and change into something more comfortable."

Slowly, Harry pulls off of his clothes and changes in front of the gift left on his bed. She watches with widening eyes as more and more of Harry's skin reveals itself. She catches a glimpse of his manhood which sends Kamala's mind into a tizzy. She imagined how large Harry would be and she overheard Alex, Kara, and Carol talking about it when they thought she was preoccupied with something else. And she kind of was, preoccupied by her fantasies of Harry taking her.

Harry stands in front of her wearing nothing other than a silk pair of boxer shorts. He puts his hand on Kamala's thigh and makes her jump.

"How thoughtful of Carol to give me this nice and nubile sex doll for my birthday. After a long day of fighting the forces of evil this is just what I need."

Harry waves his finger and Kamala rises up off of the bed without any question. He pulls the ribbon off of her mouth.

"Happy Birthday," she breathlessly tells him.

"And it's programmed to talk. I wonder what else it's programmed to do."

Kamala just grins at him. "Why don't you see how you can push my buttons, sir?"

Harry leans in and cups her breasts before pulling the ribbons off. Her bare nipples stick it in the cold air. Harry holds his fingers against them and tugs on them. Kamala's eyes shift over with Harry playing with her nipples and breasts. Each touch sends a warm feeling into the pit of Kamala's stomach and all through her body.

"Why don't you kneel before me."

She kneels before the Mecca that is Harry's cock. His boxers are off and the cock is out. It slaps against Kamala's face. She cooes when the cock hits the side of her mouth. Her mouth opens wide to receive her prize.
"So responsive."

Harry gently grabs the back of her head and guides his cock inside of her warm and tight mouth. She gags on his cock, but recovers quickly enough for it not to be a problem. Harry holds the back of Kamala's head and guides her through a very sloppy blowjob. His cock works its way into her barely legal mouth.

The size of this cock almost chokes Kamala out. The Danvers sisters really must have had a lot of practice to handle such a generous fuck-stick regularly and going deep inside of her mouth. Harry holds the back of Kamala's head and keeps spearing her face.

A loud pop of her lips around his cock makes Harry only delve deeper into the tight mouth of the woman on her knees beneath him. He holds himself out and caresses her silky hair. Her eyes widen. This girl on her knees before Harry blowing him was a sight to see. He cannot help and enjoy the feeling.

Harry grabs Kamala's hand and places it firmly upon his balls. She gets the hint and squeezes in.

"Whatever Carol paid for you is worth the money."

Kamala's thighs clench over at the reminder of how she's Harry's personal fuck toy. She pulls out of him and strokes his cock with her hand while squeezing his balls. Kamala, without a word, and with a vigor beyond anything else comes down onto Harry's tool. She blows him hard, eyes bulging out from the pleasure. She keeps guiding her fingers over his back with the cock-sucking only growing by each passing minute.

"You're worth it. And the vibrating feature…it's amazing."

She swirls her tongue against Harry's cock like she saw on several videos on the Internet that she watched for educational purposes. Kamala pulls all the way out and sloppily pushes her tongue against Harry's massive head. She sloppily sucks him several more times.

The build-up in Harry's balls bubble to the service. She resembles a glorified vacuum cleaner, sucking and blowing him as hard as humanly possible. The cheeks of this sex toy on her knees bulges out.

"Time for you to earn your keep, toy."

Calling her toy only makes Kamala's entire body size up and squirt all over the floor. Harry shows no mercy with his pounding of her mouth. A true man never apologizes, he just gives the woman what she needs and takes what he wants. Both line up surprisingly well despite what many people may believe.

And right now, Kamala longs for the cum. She holds onto his balls and milks them. It might happen sooner when she gains experience. Harry's patient enough while he rides her mouth. His balls smack hard into her jaw and he comes ever so closer to exploding.

"Go ahead. Keep sucking me. I'm almost done. You've done a good job."

Kamala's eyes cloud over with pleasure. She knows she's done a good job and cannot believe the feeling that builds through her body. Harry holds her neck and finishes spearing her mouth until his balls finally give way.

The first few blasts of cum send Kamala spiraling over the edge into a whole new world of pleasure. She releases him prematurely and as a result a flood of cum splatters over her face.
Harry's erupting cock spills its seed all over Kamala's face.

Harry looks down with a smile as Kamala's face has been painted by his cum.

"Sorry, sir. Your doll still has a few defects in her."

He leans down and pulls Kamala to her feet. Her face shines bright after being painted like a common street walker. The cum soaks into her face. Harry moves her over onto the bed and gently places her onto it. He rips the final ribbon off and reveals her soaked pussy.

"This is your best feature, isn't it?"

"And it's never been played with," she tells him.

"Let's fix that."

Harry drives his fingers into Kamala's gushing snatch. She thrashes upon the bed. Her nipples stick up once again. Harry leans down and sucks on them which sends her into a frantic moaning fit.

This young and very responsive girl shifting and squirting all over the bed brings the blood from Harry's head all the way to his loins. Harry holds her down onto the bed and dominates her with his fingers and then sucks on her large tits with his tongue.

Sweat mixes with the cum which begins to dry all over Kamala's face and in her hair. Harry's now torturing her with his strong and powerful fingers. He pushes down into her on the bed. Her hips almost buck up and Harry pulls away from her. Her orgasm fades from the distance.

Harry climbs on top of Kamala and presses down onto her. Her legs eagerly part for Harry to do with whatever he pleases. He does not dive in just yet. Rather he makes Kamala's entire body size up with the anticipation of pleasure before he pulls away from her.

He can tell Kamala really wants Harry to drive his cock inside of her body and take her. Kamala hitches her breath out at another denied orgasm. The moisture just splashes from her thighs the further Harry rubs himself against her. Kamala throws her hips up.

Her dark thighs stain with the drippings from it. Harry rubs against her clit which causes her to scream so loud she's pretty sure the neighbors heard it. Although the neighbors should be used to it by now, especially since Kamala's pretty sure Harry's fucking them as well. Then again, they are bisexual triplets, so why wouldn't he?

Harry grabs onto Kamala's thigh and gives it a firm squeeze. She opens up from him. His teasing hands and mouth are more than enough to drive anyone insane just a little bit.

"I've found the button to make you scream."

He attacks her clit one more time. Kamala thrashes on the bed and stops just short of exploding all over the bed. Harry allows her arousal to taper off. It leaves her in a panting state.

"You're mine now."

She's his and Harry wants to make sure Kamala feels every single inch of his cock when going inside of her. Harry lines up his cock and begins the descent inside of her.

Kamala's entire body just shuts down for a minute. There's such a thing as having too much pleasure. Harry's bombardment of her makes her feel it. The moment she's able to comprehend this,
Harry's halfway inside of her and working his way down inside of her wet cavern. He extends her leg out.

The burn feeling in her leg muscles from stretching is not enough to cause Kamala to tell Harry to stop. There's no way she's going to make him stop. She's going to let him persist just as much and just as hard. No matter what that huge cock s going to be burying inside of her body for the entire world to see.

Kamala's hips just pump up off of the bed and take more of Harry's cock inside of her.

"My doll gets wet with certain stimulation. That's good to no."

"She gets very wet."

Those balls strike Kamala on the thighs. They are full and just swelling by the minute. Harry's strong body smashes her round breasts. Their contrasting skin-tones makes this a very exciting and very sensual encounter.

Personally, Kamala finds her ice cream the best when chocolate and vanilla mix together. She does want to mix mint in there every now and then. This might account for some kind of She-Hulk fetish. Those are the weird thoughts that enter her mind before all rational thought drives out of it thanks to Harry's cock driving deep inside of her and between her thighs. Her toned thighs clutch around him and release Harry.

Harry fucks her hard on the bed. Her pussy responds to his cock. It's almost time for her to release all of my pent up frustration.

"I wonder what button it takes to make my new toy lose it completely."

Kamala's eyes widen and a small smile passes over her face. She aches with need and the desire only increases. "Try behind my ear, sr."

Harry attacks the back of Kamala's ear with a nibble. Kamala cannot help and lose it all over Harry's massive rod. He shoves himself down inside of her with the two meeting each other. Harry pulls almost all the way out of Kamala and shoves more of his cock inside of her tightening canal. She closes down onto him with a very evident moan spreading from her head to her toes.

Kamala's toes curl up completely with Harry pounding her all the way to the edge. He spears his cock inside of her and then rises out of her before driving down into her one more time.

"Good, you're losing it. I wonder what happens when I press all of the buttons at once."

His hands molest Kamala's nubile and willing body on the bed. Kamala thrusts her hips up. Carol's prepared her for this, dropping tantalizing hints every now and then. Harry spears his cock deep inside of her. He pulls out and smashes her pussy with frantic plunges inside of her.

She cums and cums extremely hard. Kamala holds onto Harry with her breath releasing in one scream. Her tight cunt pumps Harry's cock.

Harry rides Kamala's orgasm all the way to the edge. She really is pent up. Holding back cannot be healthy. The deeper Harry slams inside of her and causes her juices to stain his cock.

He extracts his cock from Kamala and allows her high to come down. Harry grabs her and rolls her over onto her front. Kamala presses against the bed. Her ass extends high and proud in the air. Harry reaches into the drawer and slips a phone onto the bed.
"Perfect time for a selfie."

Kamala grabs the phone without even thinking about it. The second before she takes a picture, Harry drives his cock into her face. The selfie is taken with Kamala's O-Face in all of it's glory.

"That's going to go viral," she murmurs.

Harry runs his hands over the body of his birthday present. He can feel a load building up in his balls. Harry holds onto Kamala and plants his cock inside of her. The deeper he slams into her the further he goes. Harry pulls pretty much all the way out of her.

He allows her to cum first while exploring every corner of her sexy body. She shines bright. Harry leans in and indulges in the flesh on the back of her neck. Her neck and ears prove to be a trigger point along with her lower back and the back of her legs. Hell, there are a lot of points on Kamala which are sensitive. It's just some are more sensitive than the others.

Kamala thinks she's going to lose it. Her face contorts into pleasure the further Harry drives his huge cock inside of her. He pulls out of her and then buries himself deep inside of her. She can feel his bloated balls resting on her thighs from behind.

"Close. I'm close."

"Cum in me. That's what I'm here for. It's your birthday. You can cum if you want to."

Harry smiles at the cheesiness of Kamala's statement and drives his cock inside of her. Her body clamps down onto him.

Finally, it's just too much for Harry to withstand. He cums inside of her. The cream shooting from his cock paints her insides.

Kamala's entire body and mind enters a stage of pure bliss. She imagines Harry's thick juicy cum knocking her up with their child. The thought causes her to overflow. It would be a hell of a way to celebrate his birthday.

Sweat and dried up cum and fresh cum coat Kamala's body. She collapses down on the bed completely drained. A satisfied smile spreads over her face.

The last few strands of semen drip on Kamala's leg. The sound of a door opening brings Harry's attention away from the spent teenager on the bed.

"Harry, are you upstairs?"

End.

Risen (Mavis Dracula)

Risen (Mavis Dracula from Hotel Transylvania)

A nice long sleep ended with a warm feeling around Harry's loins. It took him about a minute of conscious thought to realize what was going on. The lips sliding up and down his erect pole made a warm feeling of enjoyment rise through his body. He gazed up into the gorgeous eyes of the woman who pleasured him, endlessly.

Mavis Dracula woke him from his slumber, sucking his dick. The pale, dark-haired beauty dressed in a silky red nightgown which shifted with each of her movements. Each of her warm, hot, movements. The gorgeous woman sped up her actions on Harry's cock and he was so close, so close to unloading inside of her mouth. All it would take would be one clear and careful action before the dam would break and he would really lose it inside of her mouth.

Those burning eyes told the story. He groaned and put hands on the back of Mavis's head. Then suddenly she pulled away from him, and allowed Harry's cock to snap back down. She put a hand on it and squeezed it with a soft smile on her face.

"Good, you're awake," Mavis said cheerfully. "Well, a part of you has been awake for a long time."

She teased him with a slow, agonzing, and very lovely stroke. Her soft fingers hit every single point on his throbbing hard manhood. Making Harry wonder about the legalized torment in this situation. Feeling her hand all over him, cupping him, caressing him, making him rise bit by bit until she was closer.

"You made sure of that."

Harry sat up and took down the front of her nightgown to reveal a very perky set of breasts which demanded attention. A finger brushed against the nipple causing Mavis to break out into a soft expression of lust. No one knew quite how to touch them like Harry, no one knew how to quite please a women. His hands were all over her, tormenting her perfect breasts and letting her body just heat up.

He ramped up the teasing, with a few sudden cups of those firm, luscious mounds of flesh. Mavis made the most lovely sounds. One hand worked her breasts and the other worked her night dress down. Every single touch of his strong, powerful hands on her body ramped her up.

"I'm pretty sure you want another set of lips down lower," Harry told her.

Mavis nodded, biting down on her lip. She knew Harry was going to tease her a little bit and it was only fair because she woke him up with a blowjob before pulling away before completion. Now, everything had been turned around and he was touching her in several lovely ways.

"I want you so badly," she told him.

"And you'll get me in due time."

Harry reached around and cupped her ass causing Mavis to break out in a very passionate cry. His hands worked her body, molding it like a piece of clay for his desires. She scooted onto his lap, rubbing up against him. She bounced a little bit on him, trying to entice him a little bit.

Despite his denial earlier and the fact he was throbbing hard, Harry did not take such the easy bait.
He instead leaned in and cupped Mavis's round breasts, giving them a very firm squeeze. Her entire mind almost shut down the very moment Hadrian touched her, tormented her, cupping her breasts and rubbing them. She broke out into a very soft sigh when being touched. She rubbed herself back and forth against him.

"Yes, that's the ticket," she purred in his ear. "Right here."

Hadrian's long throbbing cock pointed at her wet, and very willing entrance. About ready to take a good and hard plunge into her, to fill Mavis up. She bit eagerly down on her lip.

He pulled back, with another tease. Mavis breathed in heavily.

"You really want me to work for this, don't you?"

The sexy ageless woman rubbed her breasts against his chest. Harry just responded with a smile, allowing Mavis's perfect legs to wrap around him. They closed in, just a bit nearer towards joining together. Mavis broke out with an extremely soft sigh, as she was about ready to drop down and take him. It would only take a minute before he was completely inside of her and would take her.

She enjoyed this moment before the two of them met.

"Finally!" she cried.

Her joy caused a smile as Harry placed her down onto him. Her tight box engulfing him, with a sizzling amount of warmth. Watching himself disappear between Mavis's pale thighs drove him into an intense feeling of pleasure. He moved in to grip the underside of her ass.

Mavis closed her eyes and enjoyed the ride. It was Harry and he had her right where he wanted her. Touching her in all of the ways which sent a tingle all the way down her spine. She whipped back and leaned forward, playfully running her tongue against his shoulder.

It sent energy down her body. Mavis rose up and dropped down. The second time he entered her, it felt more filling the first time. She was completely losing it, from the full testicles bouncing up and hitting her. Every smack reminded her of just how much they could store.

To be honest, Mavis thirsted for this more than anything. His strong hands cupped her chest, squeezing and practically milking on her breasts. She shifted back and broke out into a soft cry.

"You know how to touch me in all of the right places," she cooed. "Take them, they're all for you."

She pushed her chest into Harry's probing hands and this brought Mavis into an extremely intense blast of lust. Harry shoved his fingers against her chest and made her just rock back. Every time her mouth opened, it brought lustful thoughts into Harry's mind.

Closer, closer, the woman edged. Mavis's eyes shifted over and she broke out into a soft moan. Those fingers danced against Harry's shoulder, and then she bit down onto it, moaning lustfully. She left a sloppy amount of drool on Harry's strong, broad shoulder when biting down onto it.

Then Mavis whipped back and took her time in squeezing him. The tension inside of her body was about ready to come to a peak and they were going to release it.

"Ooohh!" she moaned. "Harry!"

Screaming his name was music to Harry's ears. He bounced the lustful vampire up and down on his cock, making her tense and release him. Mavis dug her nails into his back, wrapping her soft
luscious legs around his waist. Harry came up and she hooked her heels underneath Harry's ass for
more pressure.

"You're going to cum for me."

It was not a suggestion, it was a matter of fact of what was going to happen. And that fact became
true the second Mavis came down onto him. Those wet walls just clamping down tight and
working Harry for everything that he was worth.

Mavis was not sure exactly how much she came or for how long. What she did know was that the
handsome sorcerer underneath her stuck his massive cock deep into her wet hole. Ramming her
constantly, intensely, and completely driving inside of her.

"I want….oooh."

"I know what you want, baby," Harry told her. "And I'll be happy to give you all this and so much
more."

She squealed while he touched her. Each motion brought Mavis closer and closer to losing all
sense of herself. Her body rose up and dropped down. Hitting Harry's thighs and then his rising
balls. It kept hitting her at all of the right points and made Mavis a dripping wreck. She had to cum
and would not stop cumming until Harry was finished inside of her.

"Here we go," Harry told her. "This is what you want, isn't it?"

Mavis nodded her head. There was only one word to describe this and it was wow.

And again, her tight walls clamped down and released their juices all over Harry's thick staff. He
shoved it deep inside of her. This pussy breaker made Mavis tingle all over. The fingers touched
Mavis as well and then he was leaning in, sucking on her pale neck and making her just break out
into pleasure.

The next play put Mavis on her hands and knees and Harry shoved himself into her. He hook her
behind, doggy style, while slapping Mavis's ass. Every slap of her ass caused a tingle to erupt
through her pussy. Harry gripped onto her firm cheeks.

"I can do this all night."

"Good," Mavis breathed. "Good thing I'm nocturnal."

Harry just smiled and proceeded to spoil the ageless young woman's pussy for all eternity. Not
many wanted anything other than Harry's pistoning prick inside of her. Her tight box closed down,
to clamp down onto them. Almost begging for the seed in his bouncing balls.

He made her work for it. After all, if she had let him blow in her mouth earlier, it would have been
a lot easier. Harry raised his hands and several slimy tentacles arppeared out of mid-air to brush
against Mavis's back and neck. She shivered underneath him.

"You like that, don't you?"

"LOVE IT!"

The lustful scream punctuated the fact that Harry bottomed out inside of Mavis. He kept shoving
himself deeper and deeper inside of the woman. Her stomach bulged due to the fact he was inside
of her so deep. But, damn if the woman did not love it.
He slowed down just enough to allow Mavis to feel the moment. The orgasm bringing her to the tipping point and then beyond, with Harry sending himself deeper inside of her body. Those hands ghost all over her body and caused her to shift back into his grip.

"Oooh, yeah!" Mavis moaned. "Give it to me, baby! Pound me silly!"

Harry's woman taming tool brought her to several long and passionate moans. He was deep inside of her pussy, rocking back and forth on Mavis. He was getting closer, she could feel it. Mavis clamped down onto him and brought him just a bit closer.

Even when redoubling his will, Harry pushed on, going further inside of her. He rammed deeper into her. His release almost coming near.

Mavis made several lewd sounds which sparked Harry's need to fuck her more, more than any dirty talk. She was in heat and Harry was determined to quench her desires. Their skin struck together, the marks of where his balls touched more than vivid all over her pale skin. The faster Harry threw himself into Mavis, the deeper her walls clamped down onto him.

Closer, Harry wanted to make her cum one more time. Wanted to feel the clamp of her tight walls down onto him when she screamed out for more. It turned out Harry did not have to wait too long for this lovely feeling, given the fact that she closed ranks down onto him just like that and started to milk his prick with everything it was worth.

"Mmmm!" Mavis cried at the top of her lungs. "Ooooh….yeah!"

Harry planted his thick prick deeper and deeper inside of the tight cunt, always tight for him, underneath her. Her pussy milked him and he knew that despite his attempts to hold back, there was going to be an unloading. Harry's muscles tightened up before the end came.

He groaned and blast Mavis's cavern with his seed. He painted her insides, shooting deep into her womb. It was not just a few spurts, rather a flood of release which anointed her womb. Each release brought on by another contraction of her soft, lovely walls.

Those moans told the entire story. Harry rode her out, pressing against Mavis's sweaty back, feeling her ass, and everything else he could touch the deeper he plunged into her. She milked him, pleasing his pumping rod pretty much every step of the way.

Mavis found her entire body just brimming with this gift. No question about it, Harry was such a giving lover and she felt a tingle of gratitude. Her nerve endings sang from the constant touches when a few more miniature orgasms struck her. All tipping the scale to one big one.

Those balls emptied out, at least for the moment. The funny thing about Harry's magical prowess, which seemed to be fueled by women lusting after his cock, they would not stay empty for long.

And Mavis knew from experience there would be no shortage of women lusting out of him. She fell on her side, front and back too tender to play on them right now.

Harry curled his arms around her and slipped from behind her. Several kisses to the side of Mavis's neck made her breath in pleasure. He ran a hand down her bloated stomach. There was so much seed inside of her, buried inside of her fertile womb, and Harry could feel it thanks to how much her stomach bulged.

Slowly, but surely, Mavis rotated her ass against Harry's crotch and the results felt very nice. The two could go at it for a long time, especially after a couple of moments in enjoying each other's company.
"Ready?" Harry asked.

"Always."

Harry lifted one of her legs into the air and planted multiple kisses down the sweaty, soft flesh. Then when he was ready, he took the plunge, entering her pussy one more time.

Mavis closed her eyes and let out a very sexual shriek the moment her man was back inside of her. She should wake him up like this more often.

End.

Beautiful Day (Aqua from Kingdom Hearts).

Two crystal gems snap back together from the powerful movement from the wizard. The blue haired attractive young female watches in excitement as she waits for the water to flow. Seconds later, she does and cannot be happier. She rocks back and forth in jubilation before throwing her arms around the waist of the hero.

"Harry, you've done it!" she cheers.

The two embrace and disappear when the warmth comes back in addition to the water flowing. Harry holds his hand against her back when the two sides drop down on the other side. Harry pulls his hand back with a smile and looks the young woman in the eye.

"No, Aqua, we did it," Harry corrects her. "It's so beautiful, isn't it?"

Aqua nods in response. She agrees its beautiful. The moment the water starts flowing, she can see the trees and flowers bloom back to life. Then the sounds of nature returning from the darkness excites her. Almost as much as the handsome young man near her excites Aqua as well. She holds onto Harry's hand and he pulls her up with a smile.

"Success," he tells her.

"Of course," she agrees with a smile.

The two meet with a kiss. Their passions get the better of them. Harry holds his arms and squeezes her around the waist. The kiss only deepens and the two practically float above the grove until they make their way up the steps. Aqua's lithe hands keep rubbing against the wizard's strong arms and deepening the intense kisses. Her mouth locks firmly onto Harry's lower lip before pulling away. She drives down into Harry's mouth with another couple of very intense kisses before completely pulling away from him.

"Very beautiful," Aqua agrees in the most breathless tone of voice possible. "I want to do this. Now."

"If you're sure?" Harry asks.

Aqua clarifies how sure she is by kissing Harry's lips. She works his pants open and pulls his hard cock out. The sheer size of the tool strikes the girl and causes her to shiver. She holds the manhood in hand and does not really know what to do with it. Harry smiles at her and the butterflies flood through Aqua.

She comes down and touches the tip of Harry's cock with her lips. She gives him a tentative kiss on the tip of his cock and then her lithe hand rubs him up and down. She can feel a heat erupt from her loins, and Harry smiles and pulls her back up. A hand places on her forehead.

"You're hot," Harry tells her. "Why don't I help you cool down a little bit?"

Harry helps her out of the clothes. Her firm breasts pop up with a nipple pointing out. Harry runs his hands over her flat stomach and guides her closer towards the bed. The explosive shower of kisses drives Aqua over the edge the further Harry pleasures and tempts her body.
"Harry," Aqua murmurs with the heat rising. "I want you."

Harry knows what she wants and intends to give it to her. He plants a kiss on Aqua's thin nether lips. The few strands of blue hair stick up on her. Harry smiles at the beauty of his soon to be lover. A few more kisses drive her to a couple of encouraging moans. Harry comes down and licks her around her pussy lips.

"I'm going to take you," Harry tells her. "Your pussy…it's going to be mine. Are you willing to give me something?"

"Yes!" she yells in excitement. "Please, lover! Take my tight pussy! Make me a woman! Make me your woman."

He tastes the eager juices flowing down Aqua's thighs. He presses against the firm inner thighs and nibbles her. The reaction coming from Aqua makes Harry excited. He looks up and shows her firm mouth.

"I'm sure you want a taste of something."

Harry turns over to lay on the bed. Aqua moves over and puts her face at his cock. Her tiny little mouth slowly takes in his hard cock. Harry's hands rub the back of her head and dive into her pussy.

Aqua throws her head all the way down to the base of Harry's rod. She fills up as much as possible on his cock, with a couple of encouraging, soft moans coming around. Aqua's fingers delicately dance on Harry's balls before pulling all the way from him.

The able tongue of the powerful sorcerer worships Aqua's nether regions. Her pussy drips with delicious honey the further Harry pushes inside of her. He works his tongue up and around her pussy and gets it nice and wet. Her soft lips caressing his cock only gives Harry more encouragement. He grabs her ass and squeezes it.

The moans increase the deeper Aqua explores the length of Harry's cock into her mouth. His hands are all over her ass and the back of her legs. They touch her in ways which excite Aqua and make her want to take their partnership to previously unexplored levels.

A splattering of womanly juices cover Harry's face the deeper he sticks a tongue inside of Aqua's warm pussy. He pulls away from her and shoves more tongue back into her. He licks her completely drive of all of the juices.

As a token of her gratitude, Aqua worships Harry with her mouth, hard, long, with multiple sucks around his massive length. The two lovers pleasure each other until Aqua gets a mouth full of Harry's cock. His seed fires and pumps repeatedly into Aqua's warm and awaiting mouth.

Seconds pass right before Harry pulls out of Aqua and then smiles at her. Aqua rolls over on the bed and Harry gets on top of her.

"Pleasure me, my hero!"

Those moans come from her. Harry does as the lady requests and kisses the side of her neck. Aqua's legs clamp together and release those juices from within her. Harry strokes her leg when it wraps around his thighs. His cock slaps her wet slit and makes Aqua throw her hips up.

"You want it, honey?"
"Yes, sweetie," Aqua smiles. "I can't hold back any more. I need you. And I need you inside me. Please!"

The next few seconds give Harry a chance to tease the squirming girl underneath him. Her warm thighs open up just in time to take Harry inside of her. Harry pulls away from her a second later and dances his thick cock head against her womanly opening. Harry pulls up all the way and drives his cock head inside of her warm pussy lips. Harry's balls brush against her the second he is about to enter her.

Moments of teasing fade out in time for Harry's thick cock head shoving its way into Aqua's tightening cunt. She clutches the first few inches of him. Harry pauses and looks at her, tears rolling down her cheeks. Never the less, Aqua grips her fingers around Harry's bicep.

"More!"

The next few inches of cock slip inside of Aqua. He takes her virginity with a long push and makes Aqua squeal in delight. Thanks to the aura Harry emits, her pain disappears and nothing other than pleasure cascades through her body. Harry pulls almost all the way out of her.

The waves of lust crash down onto Aqua. She holds onto Harry the deeper he shoves inside of her. She's pretty sure only half of his cock fits inside of her. Aqua resolves to get even more.

Her body warms up and it makes her feel so good. Especially every now and then, Harry caresses his hands over her chest, her stomach, and her legs. He sends a million little tingles over her. Harry rises up and crashes down inside of her.

"It feels so good," Aqua breaths in his ear.

"Hang on because it's going to get even better."

Aqua only slides her thighs up to take more of Harry inside of her. Her wet cunt clamps down onto Harry and releases him. She can feel the growth inside of his balls and Aqua longs for the treat inside of her. After she gets a tiny taste of Harry earlier, she wants the entire package.

The touches, the moans, the scent of arousal spurs Harry on to fuck her tight pussy even more. His lover responds with a nip on his neck and a touch to his arm.

It feels good, it feels really good. Aqua wraps her silky legs around the waist of her lover and allows him to push inside of her. His big balls keep slapping against her. It causes a rise to filter up through her body. Twelve inches of meaty cock shove inside her warm pussy.

Then it happens, Aqua cums hard. She clutches the cock of the handsome man the deeper he pushes inside. Harry pulls up and drives his thick rod inside of her tight pussy. She holds on and moans the deeper Harry pushes into her.

Their bodies press together. Sweat shines over their perfect bodies the deeper Harry brings his hard cock inside of her snug pussy.

Harry pulls out of her and gives Aqua a kiss which she eagerly returns. The next motion flips Aqua over for Harry to run his hands over her nubile body. Her thighs part and more moans of delight pop out of her. Harry drives her completely beyond the bend with multiple touches which light up her body.

"How do you like this?" he asks her.
"I love it," Aqua breaths. "Please, I feel so empty without you. I need you again! I need your cock!"

It sounds almost sinful coming from her mouth. Harry lines his rod up against her entrance and then pushes inside. The first few inches stick inside of her and make her clutch onto the bed. Harry lines the back of her neck with kisses and nibbles to drive her completely wild. She rises up off of the bed so Harry can reach underneath her and feel her up.

Light tugs caress the underside of Aqua's breasts. Harry pushes against her and allows the moans to come free. Her walls open up and suck Harry inside of her deliciously tight pussy. Harry pulls all the way out of her and skims the edge of her body.

Every single time Harry works her over, Aqua thinks she's about ready to lose it. Harry leans into her with a few thrusts and then pulls out of her almost all the way. Harry rests his hands against her back to pull out of her and then drive back into her again. Harry slides out of her pussy and then goes back inside of her.

She clutches Harry hard and milks his rod. Aqua lets out the most beautiful and musical sounds with her mouth. Harry grips her and makes sure to bring his cock into her.

"I make you feel good," Harry breaths. "And you're making me feel good."

Pleasure shifts over Aqua at the thought of making her lover feel good. Warm pussy walls clamp down onto Harry and release him the second he slides out. Harry works Aqua's nipples over and makes her breath in with multiple waves of pleasure. His balls slap her wet pussy from behind. He's closer to his finish and closer to driving himself deep inside of her.

"YES!" Aqua moans. "Ohhh, Harry. Make me cum so hard!"

Harry pushes deeper into her and toys with her a little bit. He teases Aqua, knowing all of the spots to push the buttons which drive her completely over the edge. Harry rubs his fingertips against her nipples and makes her gush all over his rod. Harry pulls almost all the way out of her and then drives himself into her with one more hard thrust.

Every single touch brings Aqua to the edge and increases the horniness she feels. Harry pulls almost all the way out and leaves her hanging. His thick cock head dances against her entrance a second before he drives into it. The ritual repeats numerous times. Aqua squeezes Harry's cock as it goes into her. Two huge balls rest on her womanhood the further Harry works into her.

"HARRY!"

He touches a sensitive spot and makes Aqua clamp down onto his cock. He fills her up to the brim and slows down the tempo to make sure every single instant soaks in. His nails dig into every inch of her sweaty flesh, the smell of arousal coating the area. He brushes against Aqua's nipples to gain perspective on how stiff they are. They react underneath Harry's touch and Aqua's lustful screams intensify.

Her body burns underneath the touch of her hero, her wizard. And yet, Aqua wants even more of this sinful rod burying into her. Her body tenses up and loses it all over his massive rod. He pulls out of her.

"We're getting pretty close. It's going to be my turn soon."

She wants nothing better to give him the same pleasure. Another blast of energy cascades through Aqua's body and makes her shake over the bed. Harry takes a very hands on roll in regulating her pleasure, as in his hands are all over body. One finger pressing against her spine sends shivers and
makes Aqua's center tighten around him. She opens up after the moment and takes as much thick meat inside of her as possible.

"Do it," Aqua breaths. "I want to feel all of you! Please!"

She feels every single inch, all twelve of them, burying inside of her tight pussy. Aqua holds on to the very end. She intends to be with her hero every step of the way. No matter how much it burns her out.

The reactions spur Harry on at least until the point where he buries his thick cock inside of Aqua's tight pussy. She milks him until the end. Harry spends as much time as humanly possible exploring her lovely body before something has to give.

His cock spills into her body. Aqua holds onto the bed and whips her head back. Harry works her over and sends his gift into her. Being anointed by such a powerful wizard turns Aqua completely to jelly. He buries the last few blasts of cum inside of her body.

Harry pulls out finally and allows Aqua to collapse on the bed. He slides down next to her. Aqua turns over and nuzzles her face into his shoulders. Harry wraps his arm around her tight. The birds tweeting outside shows how much it's a beautiful day.

End.

Caught(Raven and Starfire)

Caught(Princess Koriand'r/Starfire and Rachel Roth/Raven from Teen Titans)

Raven entered back into Titans Tower. She intended to go back into her room to meditate, only to have the sound of moans coming from the room. The purple-haired woman paused for a few seconds and contemplated what she was going to do next. All common sense and logic indicated that she should not go in to investigate the matter. However, Raven's curiosity got the better of her.

Another moan, a familiar sounding moan, caught Raven's attention even more. Then there was a familiar voice from the otherside.

"Spank me, Daddy!"

That was Starfire's voice. Princess Koriand'r, her fellow Teen Titan, was the one moaning and Raven softly sighed before trying to edge past the room. Sweet temptation hit her. Especially with the fact the door had been opened a crack. It was almost as if it was inviting Raven to take a good peak inside.

Raven, despite better judgment telling to leave Starfire in peace, made her way to the room. The first thing Raven saw was Starfire on her hands and knees. Her large bronzed breasts shaking. Her wild hair flying in every direction. A strong muscular man thrusting into her.

A second passed before Raven realized who it was. It was Hadrian. The former Harry Potter, now Hadrian Peverell, the Dragon, the mysterious person who assisted the Teen Titans before. He buried himself balls deep into Starfire doggy style and slapped her ass.

Kory loved it, loved being fucked nice and hard and Raven got sucked into it. Feeling her emotions, Raven felt her leotard just get a little bit tighter than before. The deeper Hadrian smashed into Kory, the more Raven found herself drawn to him. Her nipples stuck out, her own ample chest threatening to stretch out.

Raven adjusted the fabric on the curve of her butt, but much to her surprise, it slipped out. Her panties burned off and revealed her bare pussy. It dripped with lust and Raven closed her eyes. She put a thumb in her mouth.

A loud cry of pure bliss sent Raven's attention back into the bedroom. Hadrian was on his hands and knees and he thrust ever so deeper into Starfire. Cracking his balls against her and making her moan. The lust which entered her body was more than insane.

"Go ahead, Princess," Hadrian told her. "Let it all out."

"YES!"

Kory closed her eyes and just allowed him to use her body as his own personal pleasure outlet. He was all over her and deep inside of her. Thrusting away like it was no one's business. She could feel him, all of him, going deep inside of her. She moaned loudly when he ground up against her and squeezed her ass.

Her partner knew exactly where to touch the Princess of Tamaran. Repeated and endless thrusts bring his cock as far into her body as humanly possible. He rotates his hips, almost at an intense friction. Kori clutched onto the bed and bit down on her lip. Her entire body shook and Hadrian
was all in, squeezing her chest and making her his. And only his, the more times he touched her.

It was completely perfect to say the very least. Hadrian shoved his thick cock as far into her as humanly possible, with his balls repeatedly slapping down on her wet thighs. That felt really good, the endless thrusting just burying him inside of her body. He stuck her, on a repeating loop, going into her over and over again with his cock. Those swinging balls hit her at the perfect point.

"Mmm, yes," Kory breathed with the lust getting to her. "Fuck me hard!"

Hadrian obliged her, thrusting away at Kori. He repeatedly rocked himself into her, sending pleasurable jolts all over certain parts of her body.

'Time for you to cum, Princess."

Oh, she was already past the point of cumming. Starfire tightened her walls around him, determined to extract all of the seed.

"Oh, I think you're getting close as well," Starfire said. "Why don't you use me as your cum dump? Those balls have to be getting tired and heavy. Why don't you shoot your load into your lewd little girl? Do it Daddy, do it!"

She cried out in pleasure and Hadrian grunted. He could feel the warmth of her body just sucking him in. She was the perfect fuck, a very amazing lay which Hadrian would do anything for. And right now, anything meant fucking the daylights out of her. His heavy balls swung like wrecking balls, tagging her moist thighs with everything they had.

It was true though, one way or another, Hadrian was slowly, but surely, edging himself to this completion point. He knew, given this moment, he was going to explode. And it was going to be epic, just spewing every drop of cum from his balls into this beautiful alien princess.

"I'm almost there," Hadrian informed her.

"Oooh, I know."

The fact they had an audience did not make Hadrian slow down. He just sped up. The former Boy-Who-Lived, now an extremely powerful Incubus King, stuck Kori's pussy repeatedly with his long schlong. She screamed, about as subtle as a porn star with her sounds and her movements. Hadrian reached onto her hair and pulled back to thrust away from her.

Kory's walls crushed down onto him, almost squeezing him. Hadrian pushed in and pulled out of her, repeatedly going inside of her. His hands spank against her ass, causing her to moan several times over.

"You know, don't you?" Hadrian asked. "Go ahead, and cum for me, little girl. Cum for me."

She came for him alright.

Raven now slumped against the wall. Realizing that if Hadrian or Kory turned their head to the side, she would be caught. Furiously masturbating herself to this sight. Raven could not help herself. She felt like a dirty little girl and getting caught and punished excited her.

Hadrian thrust into Kori while pulling her hair. Raven pictured herself, the roles reversed, and it was as hot as hell to be honest. She dug deeper inside of herself at this visual.

A grunt followed and Hadrian creamed Kori's center. The endless thrusts buried an obscene
amount of cum. Raven's eyes widened a fraction of an inch. That supernatural amount of cum filled Kory's body. Those swinging balls held a lot and Raven knew there would be more than enough to go around. She rocked her hips back and forth, fingering herself until her pussy was raw.

The moment she pulled out, Raven slumped against the wall. Several more breaths came from her. This encounter dazed Raven for numerous reasons.

"Hello, Raven."

Hadrian dropped Kory on the bed. She rolled over and looked well-fucked indeed. His attention turned to the sexy purple-haired half demon slumped against the wall.

Raven felt a swirl of energy and her leotard rip off. Her large round breasts pop out, high and ready to be grabbed. Hadrian walked over towards her and pressed his body on hers.

"Did you need something?"

Her crotch burned with need. Raven took a few seconds to regain her composure. Well, at least try to regain her compounse. It was a losing battle and one that was not helping on by Hadrian's erection bumping up against her thigh. She broke out into a soft moan.

"I want...I want you to...fuck me," Raven said.

She broke free, grabbed him by the face, and kissed the ever living daylights out of him. Raven's eyes glowed, as the passion spread through her body.

Raven explored the Dragon's body and Hadrian returned the favor by exploring hers. Groping her round butt cheeks while taking Raven up into the air. Her legs wrapped around him and Raven tilted back in mid-air. Hadrian positioned her at the right angle to be penetrated.

Her pussy dripped and looked very much like a faucet in the need of repair, so badly. Thankfully, Hadrian knew what he needed to plug the leaks, by slamming Raven down onto him.

Raven closed her eyes and felt her entire body just enter a state which could not be described by mere words. It was a state of being far beyond anything else she's ever known, felt, or experienced. Hadrian's hands are all over her, and she moaned hotly.

On the bed, the heavy breaths coming from Starfire cause her large bronzed chest to inhale and exhale. She was turned on completely.

A portal opens up and a large tentacle popped out of it. Starfire's eyes widen as four minature tentacles shoot out and wrap her around her arms and legs. The main tentacle opens up and buds a huge penis. Maybe not as big as Hadrian's, but still very impressive.

Raven moaned, not only feeling Hadrian bury his organ inside of her, but feeling Starfire's pussy, tight and wet, and hot for her. She could not help being an horny little minx right now. She could not have enough and Hadrian put his hand against her ass to adjust her.

"You really needed this."

"More than life itself," Raven told him. "Now, fuck me. You can be my new Daddy if you want to."

Given Raven's well documented issues with her father, she would need a replacement that could be there for her. Raven stroked Hadrian's chest and made him go deep inside of her. They appeared
and disappeared on the bed.

Now, Raven was on her back, legs kicking up into the air and then they spread a little bit. Hadrian's endless thrusts buried deeper into her, rocking her body. She could feel the tension rush from her toes from this action. The powerful hips of her man driving deeper and deeper inside of her.

Starfire closed her eyes and enjoyed Raven's mind fucking. Because that's what this was, a very good mind fucking. The tentacle pleased every inch of Starfire's front orifice and made her body sing. She smiled at what was going on her. Raven getting rammed, being drilled so hard. She needed to be laid, as some people on this planet might say.

Now Raven broke out into a soft sensual moan, thrusting her hips up and dropping them down on the bed. Hadrian was all over her body, squeezing and clutching every inch of her. Her ample chest stuck out high and Hadrian dove in to suck the tender tit flesh. Molesting it with his hands, Raven never felt so alive.

The orgasm which followed sent Raven into a need to have more. She wanted to have him dump gallons of cum into her womb just like he did Starfire. The supernatural force which the handsome man wrecked her body and how fast he could rise made him a very desirable partner indeed.

He could have any woman he wanted, and every woman he wished. And the fact he hit all of Raven's pleasure spots, including the one between her toes, made her just melt like butter underneath him. The no nonsese Teen Titans.

"Yes, fuck her and put the babies in her!" Starfire moaned. "Do it Daddy!"

Hadrian grunted and thrust deeper into Raven. The warm, wet friction of her tightening pussy closed down onto him. Hadrian held onto her, thrusting away at her. Repeatedly drilling Raven. Raven's heaving body and nice breasts moved in turn with him.

She ensnared him, and wanted him not to stop. He rode her through a constant train of orgasms. Pausing just long enough to make the good feelings really sink in. Then when he thrust into her tight, wet, cavern, he was really getting her to gush.

Raven squirted all over Hadrian's rock hard cock several times. His balls swelled and the need to impact them into Raven was just too great to pass up. He put his hips into the thrusting, slapping her on the ass several times. She looked up at him, with burning lust in her eyes.

The nails digging into his arm, encouraging him to go deeper could draw blood on a lesser mortal. Thankfully, Hadrian was no lesser mortal. He was just that great.

"Oh, treat me like a piece of meat!"

Hadrian thrust into her, getting closer.

"You're mine," Hadrian said. "No one could ever make you feel this good, could they!"

"No!"

Starfire leaned in to watch the last few minutes. She could not wait to see Hadrian's big balls give way and shoot his creamy cum into Raven's needy womb. It would just drink it up like it was no one's business. Starfire slid her fingers into her pussy and rocked away, endlessly fucking herself silly on her fingers.
"No one can ever make you feel this good," Hadrian repeated.

"Yes, you said that already," Raven proclaimed. "Now make with the fucking...and fucking me hard!"

Starfire giggled how much Raven sounded like her. Then a bolt of energy struck her. Starfire hoped that she would get a chance to ride her Dragon one more time, after he was done putting Raven away, worn out and wet.

Maybe one day, he could turn into an actual Dragon and wreck her pussy.

Hadrian thrust deeper and deeper inside of her. Her tight walls just closed around him. He knew the end was going to come and he was going to cum. He indulged himself, inhaling the power of Raven through his skin. Her body was just made for this. Her wide hips were perfect in breeding out beautiful daughters.

He thrusted one more time and hit Raven. He could tell that she was cumming extremely hard and Hadrian intended to put her through those paces.

"It feels good, doesn't it?" Starfire asked.

"YES!"

Raven could not deny how good that this felt. Hadrian destroyed her pussy and made it unable for even her own fingers to pleasure her ever again. Not even her toys/pet tentacle monster, would be even good enough. Rather, Hadrian introduced Raven to a whole new world in pleasure.

"Are you going to cum in me, Daddy?" Raven asked him in a sweet little girl's voice.

"Yes, honey."

Hadrian filled Raven up with a burst of his seed. He could feel her body cling onto his. She did not want to miss a single drop and that allowed the tension in Hadrian's nerves to go off. He buried himself deep inside of her pussy, and she clung onto him.

The final blasts of seed finished firing into Raven's. The race of his virile seed into her womb made Raven's stomach swell up. Hadrian repeated his thrusts and Raven came several more times until Hadrian finished launching his thick batter into her perfect body.

Hadrian pulled himself out of her and winked at Starfire. Starfire smiled and climbed over.

"How nice," Starfire commented. "You have laid out a wonderful buffet of excellent creams with plenty of juices.

Starfire sealed her mouth down onto Raven's pussy to suck out some of Hadrian's gift. She moaned when the hot tongue of the Princess went down on her, sucking her pussy.

Raven always imagined her friend would be talented, but she had no idea until Kory ate her out like this. The ways that tongue went inside of her and ate her out, well Raven could not describe it with mere words. It felt good, it felt extremely good and it felt so good that she could almost explode with the lust her body was feeling.

The next play was even better. Kory pulled her friend up and the two of the made out for Hadrian's benefit. Their warm mouths closed onto each other, with their tongues battling for domination. Raven pushed Kory back a little bit and used her tongue as a battering ram to assault the inside of
Kory's throat.

Finally the two ladies broek apart and set their sights on the large throbbing erection they caused Hadrian to have.

"Is that all for us?" Starfire asked in a low and sultry voice.

"Obviously," Raven said. "We've woken a sleeping dragon."

The two of them landed on his swollen head at once and kissed him. The two lovely ladies made out on the tip, sliding teir luscious lips over the top of him. Their hands moved at perfect harmony, stroking him and causing his cock to extend up instantly.

They worshipped him even more, occasionally coming back up to the head to kiss over the top of it. The contrasts of their mouths were interesting and at the same time, quite lovely. Starfire and Raven lingered for several seconds, their pretty perfect lips working him over.

Suddenly, they kissed again, before going up to Hadrian and pushing their breasts against him. They kissed his neck on either side, worshipping his strong and muscular body.

"Raven, I want you to sit on Starfire's face while I fuck her," Hadrian said. "Do you think that you can do that?"

Hadrian squeezed Raven's ass which caused her to softly sigh.

"Yes, Daddy," Raven cooed.

Starfire already dropped down onto position for Raven to sit on her face. Which Raven did so, dropping down onto Starfire's face. The minute she touched her, Starfire's tongue extended and hit all of the spots. Raven made sure her ass faced Hadrian when he slipped between Starfire's legs.

"How's...this!"

"Perfect," Hadrian said.

And speaking of perfect, Starfire stretched her legs and showed off just how wet her pussy was. The heat hit Hadrian's tip when sliding between her legs. Starfire's nice chest bounced up as well for Hadrian to grab. He squeezed the ideal flotation devices. They bounced in his hands, showing how natural they were.

With another movement, Hadrian buried himself into Starfire. Her warm heat engulfed him and her walls began the process of squeezing another load into her.

Watching Raven bounce her ass cheeks while riding Starfire's tongue was another good show. For every three or four thrusts into Starfire, Hadrian laid a spank down onto Raven's butt cheeks. His red hand marks appealing on her pale flesh only made him throb.

All three parties ramped up their sexual adventures. Knowing that it would be a long time before they were all worn down. The question was who would falter first?

They looked forward to exploring those possibilities throughout the night, together.

Wrap Up(Alicia Spinnet)

Wrap Up(Alicia Spinnet from Harry Potter)

A long sigh passes through Harry after a very long and vigorous Quidditch practice session. Things were not going as planned for this year for many reasons. One of them being Umbridge and the other being the insane amount of work the teachers have put onto them in preparation for OWLs. Harry understands how they need to prepare them for those exams. However, Harry cannot help to think that they could have done a bit better job easing them into them over the last couple of years.

Mentally combining all of those other elements with Voldemort; Harry finds himself with a lot more balls to juggle than most students. He sits on the bench in the Quidditch Lockerroom clad in nothing other than a towel. He figures he should make some effort to dry his hair off.

"Are you alright?"

Harry jumps in an instant. He comes across Alicia Spinnet who stands in the background with a frown on her face. Alicia's eyes rake over Harry's body for a second but then she pulls away with a smile.

"You went in there. Practice wasn't that bad for you. You're about the only one who has their shit together this year. I wouldn't be too hard on Angelina, she's living up to a lot of pressure. She's in Wood's shadow which I think you can agree is not a place anyone wants to be."

He takes a step forward with the towel adjusting from him. "It's not that. It's just everything else."

Alicia answers with a sympathetic nod. "Yeah, I know. OWL year. It's not going to get any easier from here. But, I don't think you've ever had a luxury of an easy life."

Harry answers with a nod of agreement. His eyes draw towards Alicia's chest in the tight sports bra she wears. Her luscious mounds stick out of it and her flat toned stomach calls to Harry as well.

"Every now again you should learn to relax. Otherwise the pressure is going to drive you insane."

An eyebrow raises Harry as he turns his attention away from Alicia's chest and into her eyes. The smug little smirk on her face shows Alicia knows where his eyes were just. "Relax?"

"Yes," she tells him with a step forward. "Relax."

Alicia puts her hands on Harry's shoulders and crouches down to kiss her teammate. She works behind Harry and allows the towel to drop to him. Alicia's fingers push deep against his chest when kissing him harder than ever before.

Harry's hands find their way to Alicia's firm backside. He kisses her even more. He's only barely aware that she just strips him of the towel and leaves him completely bare. Her mouth nibbles Harry's and she draws her tongue inside of his lips before pulling out.

She keeps his mouth and tongue occupied along with his hands. Alicia sits Harry down onto the bench and turns around ever so slightly. Alicia pulls down her tight pants and reveals a lacy black thong.

"Go ahead, Harry. Touch me all you want."
Anyone who was given such an offer would be a fool to turn it down. Harry leans in and cups her firm backside with a huge squeeze of her ass.

"Well, it would be rude to say no."

Harry rises to his feet. His cock extends out and pokes her on the back of her leg. Harry runs his fingers down her ample backside. He rises up and releases Alicia's tits from her prison.

Alicia closes her eyes. She's thought about helping Harry let off some of the stress. She recalls discussing the matters with Angelina and Katie repeatedly. Harry holds onto her large breast and squeezes it to bring her back out of that trip down memory lane.

"You're so hot. All three of you."

"And we'd be willing to have some fun with our star seeker at any time."

Alicia's fingers grab Harry's ass and backs him against the wall. The attempt of domination turns around when Harry reverses their positions. He lifts her leg up against his thigh and strokes a finger against her. Alicia's wet pussy aches for him.

"All you have to do is ask," she purrs in his ear.

The sultry tone makes Harry's cock throb and he dances against her entrance. He guides himself ever so closer against Alicia's warm pussy. He's almost inside of her.

There's a thought which enters her mind. Harry's done this before with someone. Alicia figures it's not her business to pry as of whom with Harry driving his cock inside of her snug pussy.

Alicia's moist pussy closes down onto him.

"I should have done this a long time ago."

She concurs with his words. Harry's hands are all over her when he gives her pussy a nice workout. She tingles with pleasure. It's hard to really keep track of where Harry's hands are or where they're going.

Harry lifts her leg up into the air. Alicia plants her leg firmly on the ground. Harry holds onto the back of Alicia's right leg and kisses down the back of it while attacking her pussy.

"You like that? Most girls do."

She does love it. And her love only increases when Harry's mouth lavishes the soles of her feet. Many men would not do so, but Alicia has sensitive soles and enjoys Harry worshiping them with his tongue.

"I do! Baby! Do I ever?"

It was a question which was not meant to be answered. Harry buries deep inside of her. He can feel the lust building up in Alicia's body. He can see it this is an unexpected pleasure and to be honest, Harry agrees. He should not look such a gift in the mouth.

His hands move everywhere. Breasts, ass, hips, legs, stomach, face, neck, they all are over the place and all driving Alicia beyond made with pleasure. Harry holds her up by the legs and enters into her with some very powerful thrusts. Alicia clutches Harry around the tool and works him completely over to the point where she explodes all over his cock.
Harry feels himself getting closer to her. He enjoys the feeling of Alicia's snug pussy just taking him in. He indulges himself her breasts when he thrusts into her.

Alicia's entire body rises up with pleasure. She cannot believe this, although it is a fantasy of her to have an encounter of Harry Potter. Then again, what straight witch between the age of eleven and a hundred have not had their own thoughts?

It could be a very vivid dream, but she doubts it. And Harry once again returns to attacking her breasts with his mouth. She has one of the best racks in her year. Alicia's eyes fade over the deeper Harry's tongue works over her and causes her to pant in pleasure.

"Damn it, Harry Potter! I just think you might drive me fucking nuts!"

Harry's all over her at the moment. His cock keeps planting its way inside of her body. He learns a lot about control and more importantly making sure the women feels everything he's doing. Sensory overload can work in some cases. But if a partner slows down the sex to a crawl, there's a lot that can be accomplished.

Alicia's tight cunt grabs onto Harry's meaty spear. He pushes his rod inside of her. The two lovers pump hip to hip together. Alicia holds onto Harry's back and drags her nails down it. His skin heals up pretty quick. Alicia does not question it due to the fact his cock drives deep inside of her depths.

"Harry!" Alicia chants in his ear. "HARRY!"

Harry's with her every single step of the way. He holds onto her and drives his thick prick inside of her wet canal. He pulls away from Alicia and then goes all the way down into her. He buries deeper and faster inside of her body. He can feel her orgasm working up.

Dazed and pleasured are words to describe what Alicia's feeling. She cannot even hold back from what Harry's doing to her. She grabs onto the back of his neck and gives a very intense moan of lust in his ear. Harry penetrates her body as far and fast as humanly possible.

"I'm losing it. I'm going to lose it for you."

Her tight pussy grabs onto him. Harry enjoys working his way into her tight body. Her ass molds underneath Harry's hands when he keeps screwing Alicia until she's cross-eyed. The foggy look in her eyes makes Harry realize how much she's enjoying it.

"Lose it! Fucking lose it! Give me your cum! Release all that tension."

Harry holds onto Alicia and spears his cock inside of her. He drives his cock inside of his teammate against the wall. Her hips spring up to drive Harry's cock further inside of her. Alicia's wet snug pussy closes around Harry's cock and releases him with pleasure dancing over her body.

"It's so good!"

A grunt launches Harry's seed inside of Alicia's waiting quim. He holds his hands against her hips and drives his cock deep inside of her body. Harry pulls himself almost out of her and drives his cock inside of her body. He holds his hands against her and keeps thrusting until he's empty.

He leads Alicia way from the wall and both collapse on the bench. Alicia grabs Harry by the back of the hair and gives him a forceful tongue kiss. Harry returns the kiss after taking a second to recover his bearings.

One round is not nearly enough. Alicia rubs her sweaty breasts against Harry's chest and deepens
the kiss with him. His fingers grab onto the back of Alicia's head. The two of them kiss even more deeply with Alicia dropping down to her knees. Her tits engulf his huge cock and suck Harry up between them. Alicia's fingers drive deep against his thighs when she smashes his cock in between her breasts.

"That feel good, baby?"

"It feels fucking great."

Alicia pumps his throbbing rod between her massive tits. It's nice and hard. She parts ways with it with a kiss and turns around. She crouches onto Harry's lap, facing away from him. Harry's hands find her breasts and she spreads her thighs. His cock brushes against Alicia's entrance and drives her a little bit beyond the pale with pleasure.

"I want you. I want you bad!"

Harry faces himself with a girl who obviously has gotten what she's wanted time and time again. It's hard to deny Alicia and deny what she wants. His fingers cup Alicia's nipples and tighten their grip around them. Alicia sinks herself down onto his hard cock and allows him to enter her with ease.

Now the two join each other again. The beauty of Alicia's descending body makes Harry just want to indulge it even more. Her hands move back to squeeze Harry’s defined biceps and make him want to drive deep inside of her even more. The sounds of sex and smacking of flesh fill the locker room.

Alicia's certain her silencing spells will hold. Maybe another time, she can invite Katie and Angelina for some team bonding exercises. For right now, she wants Harry all to himself. Her wet sheath squeezes Harry and releases him to make pleasure explode between the two of them.

"I want this! I want you! I need this!"

Alicia bounces herself down onto Harry's rod and shoves more of him inside of her. She receives one of the more spectacular orgasms possible.

Harry feels himself throb inside of her. Alicia reaches between her legs and squeezes Harry's cock before releasing it. The sensation of her hands working his balls while she rides him brings Harry closer to the edge. He decides to attack her body.

"I can tell how much you've wanted this. And how much you want to cum all over my big cock."

There's no question about it. This is something that Alicia's wanted for a very long time. She has to slide her pussy down onto his big cock and shove it deep inside of her warm pussy. She clamps down onto Harry and releases him with a very sensual moan coming from her being.

"Make me cum. Make me cum like I'm going to make you cum."

Alicia bounces up and down on Harry. The feeling builds in her body. Harry's hands go pretty much everywhere they need to be to drive her completely mad with pleasure. He grabs onto her nipples and buries his face into them. His hands rub her lower back and then reach down to grab her ass.

The sexy older witch driving her pussy down onto the man two years her junior makes this a very exciting experience. Harry holds onto her and drives his cock inside of her body. His balls keep slapping into her.
Alicia cannot even begin to comprehend how many times she's come close to cumming. And Harry launches her over the edge with an explosion of pleasure. He pumps his fingers against her nipples when she rises and drops onto him. More pleasure and more of his cock goes into her.

The two lovers meet in the center. Harry enjoys the fact Alicia arches back and puts her breasts into fuller prominence. This allows Harry to attack them in all of their juicy and succulent glory. He squeezes and releases them to make her moan in lust.

Alicia moans in Harry's ear. "Getting so close! Are you?"

Harry grunts in affirmation. Alicia drives her slick walls down onto him and cranks on his throbbing hard cock. There's a silent agreement which shows that it's time for them to cum together.

Her pussy grabs onto Harry and sends his seed spilling inside of her. The two lovers become very grabby with each other. Alicia bounces up and down and takes a pussy full of Harry's cum. The more which spills inside of her the better this feels.

Harry's balls clutch and send their bounty inside of her. Alicia's warm and sensual body collapses down onto him. She keeps driving down onto him and making the pleasure last for a very long time. The stress becomes a lot less.

"I'll see you after practice on Wednesday. And maybe we won't be alone."

Alicia pulls away from Harry. She walks a little crooked from what happens. She turns away from Harry and makes sure to tease him.

She's not disappointed when Harry grabs her from behind, bends her over the bench, and drives his cock inside of her in a blink of an eye.

"I didn't think we were done yet."

Alicia nods with Harry gripping her hair and pounding away. "We don't have to be."

The thrill of getting caught with Harry Potter's cock inside of her only makes Alicia want it even more.

End.

Just Relax(Sara Ryder)

Just Relax(Sara Ryder from Mass Effect)

A sliding door opens up to allow Sara Ryder to take a couple of steps inside. She dresses in a tight white tank top and a pair of shorts. Her brunette hair clips back in a ponytail with her blue eyes shimmering out. Another gentleman appears behind her.

"Long day?"

She turns around to come face to face with Harry Potter. It takes every bit of self-control she has not to lose it because of the fact she's pretty much with a living legend. Sara draws in her breath a moment later and approaches the handsome young man.

"Long day. I'm glad you were here because things could have gotten a whole lot worse."

Harry smiles and reaches over to take her hand into his. "It's just part of the duty. I made a promise that everyone was going to get out of this alive. And you're here, breathing, aren't you?"

Sara nods in response. She considers the man and knows what has to be done next. She puts her free hand on his arm and leans in. The two meet with a very natural kiss. She starts the ball down the hill rolling. He returns the kiss with a hand on the back of her neck. Sara's mouth opens wide for Harry to enter it.

The two make their way over to a bed in this rest area. Harry's hand moves from her waist to the side of her leg. Sara deepens the kiss in time with Harry brushing against her leg. The two of them sink down and keep kissing each other. Roaming fingers touch their bodies.

The strength and muscular nature of Harry's body pleases Sara immensely. Touching and feeling him brings Sara so much joy she cannot even describe it in mere words. A deepening kiss only increases the lust she feels. Sara pushes her lips against Harry's and sucks on the lower part of his mouth. She makes her tongue slide inside with Harry meeting her in the center. They keep kissing each other and enjoying the company.

They break free and now Harry reaches in to pull her shirt off. Her two breasts come out for Harry to take a nice long look at. They stand very perkily and lovely as far as Harry's concerned. He reaches in and cups Sara's chest to bring her a delightful moan.

"They belong to you, Commander."

Harry holds her chest and gives them a nice squeeze as well. He pushes forward and starts kissing her all over. He slides the shorts down her body to reveal her thong clad bottom. More kisses lather her all over. He comes in and kisses her belly button. She's white hot as far as he's concerned.

Sara reaches for the back of Harry's head and keeps guiding his mouth deep inside of her dripping hot pussy. Harry's tongue rotates and enters her body. He keeps running the tongue down her lips and then pulls completely out to leave her in a very nice tizzy. Harry's finger brushes against her wet pussy through her panties.

"I bet you want a finger inside."

"I want anything inside me!"
Panties snap off to reveal Sara's wet pussy. The small strands of black hair stick up. Harry holds his hand against her. She makes some delightful sounds with Harry stroking her womanhood. Sara shifts and throws her hips pretty much all the way off the bed with excitement and with glee. Harry grinds his finger deep inside of her and then pulls out of her to make her moan.

A second finger and a third finger pushes inside of her body. Harry slides his fingers inside of her and makes her nice and wet. She keeps rising her hips up and down the deeper Harry enters her. The more he works over her body, the more pleasure Sara feels from him.

"Fuck!"

Harry holds his hand against her. The heat from his palm makes her feel really good. He's such a gift to women that Sara feels herself quite fortunate to have him. He leans in and plants kisses all over her body.

The moment Harry releases her, the flood gates open. Sara explodes all over his probing fingers. Her sweet juices splash over Harry's fingers. Harry's fingers drive deep inside of her and make her keep thrashing up and down on the bed. Her hips keep driving up to meet Harry's attack.

"It's good! It's really good!"

Harry knows Sara likes it. He retracts the fingers from her and puts them up to his mouth to suck on them. A smile passes over his face at her expression of awe when he sucks her fingers.

Hunger builds through Sara. She jumps up off of the bed and attacks Harry with a very passionate kiss. She bites and nibbles at his lip when attacking him with her tongue. Her nails dig into his face. Harry holds onto her nude body as she works her hands down to remove his close.

The prize Sara Ryder seeks becomes evident and obvious in a matter of minutes. She reaches between Harry's legs and pulls out his big meaty cock. It brushes against her body.

"You're so big."

"I am. And I know what to do with it."

Harry slides his cock head down Sara's flat belly. She shudders at his cock going ever so closer to entering her pussy. Harry holds the back of her head and kisses Sara just even more deeply than ever before. He pushes her back onto the bed.

Instincts, pure primal instincts, hit Sara. Her thighs spread to prepare to take Harry inside of her. His meaty spear lines up to her entrance and teases her. The want in her eyes is obvious as Harry teases him.

"You're sopping wet. Perfect."

Sara flashes him a dirty smile. "I'm wet because I can't live another moment without that big cock inside of me. Your big cock. Inside my pussy. You're not going to let me down, are you, Harry?"

Harry lines his cock against her wet pussy and comes ever so close to entering her. The first few inches enter her tight sheath. Sara holds onto his lower back with her feet. Harry rises up and then slips inside of her.

The two lovers press chest to chest when Harry slides inside of Sara. She's so gloriously tight in how she hugs his cock. Harry holds himself up and drives down inside of her body. His hard balls slap against her thighs. Sara throws her hips up in time to meet Harry the deeper he enters her.
"Deeper!"

Harry pushes inside of her. "You've wanted this for a long time."

Many women all throughout time have wanted the cock of the legendary Harry Potter. Harry shows Sara why he's a legendary lover. He slowly works out the tensions in her body. Each of her impulse centers receives a good solid strike which makes her body just flare underneath him.

"I've wanted this! Forever!"

Harry hammers into her. "Dreams do come true! You're getting my cock! And it's not even all the way in."

Sara almost holds onto his cock with intense waves. She's afraid what may happen if it slides out of her. Her body receives an unprecedented amount of pleasure. His lips dive down to tackle her breasts and start sucking on them. He's touching her in all of the places which Sara demands to be touched.

Her tightening pussy reacts to him. Harry slows down his triggering. He does not want her to cum, not yet anyway. Sara should feel every single moment of this. It should drive the impulse centers of her brain wild.

Harry pulls out of her all of the way. Sara experiences a loss and an emptiness beyond everything else. She whines until Harry grinds his cock head against her.

"I need it! Don't tease me!"

Harry picks up one of her legs and runs his hands down her. He strokes her thigh and teases her in every way possible. "That's what makes it so fun."

No denial about it comes from Sara. His hands make it very hard to argue about how much fun she's having. For the second time, Harry's cock slides into her body. And it fills her up even more than the last time. It's surprising how much bigger he feels.

Sara's delicious body is Harry's to use in any way he wants. He grabs onto her hips and hammers her from above. Harry pulls almost all the way out of her and drives his huge cock inside of her tight pussy. The warm and snug feeling of her builds up his pleasure even more.

Harry slows down just a second before her orgasm is going to hit.

"I'm pretty sure torture has been outlawed in most galaxies."

"Not if the reward feels so good."

He resumes driving his cock inside of her wet snatch. Sara rises up and takes as much cock inside of her. He bottoms inside of her and drives his manhood so deep inside of her Sara thinks she's going to lose it in a blink of an eye. His balls smack her when he rises up and he drops down.

"You're going to cum. And feeling every second. Cum for me, Sara."

Sara's body flares up. She feels the heat, the pleasure, and then the floodgates just burst open. Her gushing cunt clamps down on Harry's sliding tool when he enters her and exits her with a greater flurry. He rides out her orgasm.

He slides deep inside of Sara's moist pussy. Harry holds onto her and keeps pounding into her. Her
orgasm tapers off as Harry slides out of her all the way.

Sara's on the bed and panting heavily from what Harry's done to her. Her pussy aches and needs to be filled by Harry one more time. He pushes his fingers against her dripping pussy and causes her to gasp in pleasure. Harry smiles and gazes upon her delicious body.

"You want more?"

He cups Sara's pussy and she nods. Her dripping thighs spread. Harry bumps his hard cock against her clit which sends tremors through her. The force of his hands and cock prepares Sara from another long round.

Harry reaches over and throws Sara over onto her front on the bed. She jumps up in surprise. Harry's hands press on her back with his cock sliding inside of her pussy from behind. His hard balls strike her thighs when he fucks her from behind. His hands roll over her body.

An undetermined number of pleasurable tremors spread over Sara's form. She thrashes and takes as much of Harry's cock inside of her as possible. She can feel the burn of her muscles being stretched. She's not going to forget this encounter with Harry.

"You want to see the stars?"

Harry drives into Sara's body. She shakily looks at him. "Aren't I already?"

He smiles and plants his cock inside of her. Harry edges Sara ever so closer to her orgasm. He pulls out of her and leaves her to collapse on the bed in a sweaty heap, denied of her orgasm.

The next thing knows, Harry guides Sara over to the wall on the other side of the room. She comes up across the windows which overlook the stars. Harry presses Sara's body up against the windows and then he lines his cock up inside of her.

He drills away at Sara while she presses against the window. Harry pulls himself out of Sara almost all the way. His throbbing cock head comes close to sliding inside of her perfectly tight body and then he pushes inside of her. Her delicious body contorts the more Harry pushes inside of her.

"You're seeing plenty of stars now. I can tell by your reaction to me."

He triggers a sensitive spot on the back of Sara's neck. It turns her insides to jelly. The same insides which his cock buries completely in while fucking her, and Sara believes she's being fucked very hard. She can never imagine this beyond her wildest dreams. Her tight pussy clamps down against Harry. He rises up from her and pulls almost all the way out of her.

Harry throws his cock inside of her. Sara's beautiful face reflects in the glass. He can see how much she enjoys this and Harry wants to bring her the pleasure as much as he can. He buries himself cock-first into her wet pussy. He pulls back from Sara and drives himself deep inside of her.

Sara's nails dig into the side of the glass. She thanks how it's reinforced as Harry drives her into it. He pulls her away from the window so he can gain access to her body. Her muscles tighten and release the fluids from her deep inside of Harry's cock.

"One more time!"

Harry holds her up by the legs. Sara's hands press firmly against the glass. Harry slides inside of
her and fills her up. Constant thrusts bury Harry deep inside of her cavern. The sexy sounds of flesh just striking together makes this feel really good as Harry plants deep inside of her body.

She cums one more time from Harry. Harry pulls her away from the glass. Sara's not quite certain when they ended back up on the bed. They are there and Harry's on top of her. Their warm bodies press together brimming with want. Harry's strong chest smashes against Sara's firm tits as he attacks her with kisses.

The kisses only deepen when Harry deepens his thrust.

"Turns out I lied. Now, it's one more time."

Sara forgives him because of the condition she receives a hell of an orgasm. It guides Harry's long cock deep inside of her body. They press together with Harry pushing inside all the way. She sees more stars than in this entire galaxy the further Harry drives inside of her.

Then, Harry buries his cock and his seed inside of Sara. She sucks up every last drop of cum inside of her.

"Keep it going! Don't stop!"

Harry does not intend to stop. He rides his orgasm out all in Sara's pussy. He stains her walls and shoots his cum into her waiting womb. She grabs onto him and moans out loud the further Harry drives himself inside of her body.

Thick juicy ropes of cum spill inside of her body. Harry's balls contain a lot and Sara hits a high before crashing down two more times. Harry pushes deep inside of her and then pulls all the way out of her to leave her pussy oozing with his seed.

Harry smiles and presses his body down onto hers. Sara's inner muscles pump him until Harry's cock is soft, for a moment. He's never soft for long.

"That was perfect."

Harry rolls over and Sara crawls on top of him, curling up against his strong body. His strong arms wrap around Sara. She melts into Harry's embrace. Nothing feels better than this.

"You deserved it," Harry concludes.

He kisses her lightly. The kisses become a bit more intense as the minutes tick by.

**End.**

**Next Chapter: 7/27/2018.**

Thanks for the favorites, follows, views, kudos, and comments and I'll see you for the next chapter.
Nazis ruled over Earth X long past the second world war, but that was only a small part of the story. The real root cause happened to be inside the magical world. Where on this world, Albus Dumbledore and Gellert Grindelwald did not have a falling out, at least not at first. They continued to rise to a new level and with that rise, Grindelwald and Dumbledore took hold of the magical world and ruled it with an iron fist. The Nazis winning the second world war was only a consequence because it submerged the Muggle World into such chaos that it allowed the duo of Grindelwald and Dumbledore to accomplish their goals.

Of course, at the end, Dumbledore proved that he wanted the power and the influence just that much more. He set Grindelwald up for a fall and Dumbledore and his Order took control of the magical world, ruling it from the shadows. At least up until Dumbledore's unfortunate demise, which caused the Order to splinter.

A vacuum opened and the one who took control smiled. Hadrian Evans, known as Har-Zod of Krypton, looked over at the world that had been bred over nearly seventy years with a frown on his face. There was a desperate need for changes in this world. The people running the Muggle World had over Stayed their welcome, although Harry was more than happy to use them as cannon fodder to achieve their goals.

Funnily enough, Hadrian felt very little guilt whatsoever of using Nazis as cannon fodder. He ruled both worlds with an iron fist, alongside his lovely wife.

"So, how much longer?"

Speaking of which, Kara turned up at the door. She dressed in an elegant robe made of the finest silk and marched over towards Harry.

"Won't be too much longer," Hadrian said. "Dumbledore's zealots are causing complications. And there are still people clinging up to the hope of a dead regime."

"But at least we dealt with the other problem," Kara said. "I can't believe he attempted to manipulate us to serve his vendetta."

Harry just smiled in the direction of a blood soaked yellow suit in a trophy case across the room. He would have to admit, the speedster's native Earth did have potential resources. But Har-Zod resolved to achieve his conquest of this particular Earth first and establish a new world order.

Rao's prophecy would be fulfilled, with Har-Zod and Kara leading a world that was much stronger than Krypton.

"The morning will come and they will fall," Kara said. "And it would happen a lot more easily if you were relaxed."

"Can't help but focus on it," Hadrian offered with a shrug.

"Thankfully, I know of a way to get your attention."

Kara dropped her robe and most certainly grabbed Harry's attention in the eye popping lingerie she wore.
"You're the only one who women should be heiling. The men could go fuck themselves."

"They're still useful for canon fodder," Harry said.

Kara still would not deny that. And she did not mind of her husband seducing other women to their cause. She was his number one and Kara was secure with that. Besides, it made her up her game and really blow her husband's mind, along with a few other things.

The lovely blonde straddled her husband's lap and kissed the ever living hell out of him. Hadrian returned the kiss with fever. They were the only two people who could kiss each other like this, with their full Kryptonian strength. Their tongues intertwined along with their bodies.

Hadrian could not keep his hands off of Kara's lovely legs and the moan coming from her mouth indicated how much she wanted this and she wanted her husband to work those strong hands down her body. He moved to grab the straps of her lingerie and pull it down.

"Har, they're all yours."

Someone tried to poison Kara with an immense amount of solar radiation. Hadrian, being blessed with an infinite amount of supernatural powers, fixed that in time. And allowed Kara to be the full beneficiary of solar energy, with these full luscious storage takes. Her round, boulder sized breasts popped into the air and Hadrian took them into his hands and squeezed them. They were so soft and luscious that Hadrian had no choice other than to touch them and make them his. Kara broke out in a very soft and pleasurable sigh.

"All yours," she purred in his ear. "You want them, don't you?"

Hadrian just responded with a soft smile and lightly lowered his mouth on her neck. He sucked Kara's nipples and she moaned in pleasure. Her hot groin repeatedly rolled up and down against Hadrian's crotch. He started to grow in his pants for his wife.

"Luv, let's get you out of those pants."

Kara pulled Hadrian's pants down to reveal his big throbbing cock. It stuck proudly up in the air and Kara removed his top to make Hadrian completely naked. She kissed his body, taking great care to worship every single inch. Only to get down to the object of her lust.

Her lips parted on the head and gave him a greeting kiss. Hadrian groaned right before Kara spent the next few minutes worshipping him. She got him nice and wet, and it was amazing to be inside of her mouth. So hot, so wet, and so perfect, and she was able to deep throat him like no ones business.

The taste of Hadrian's powerful manhood and the fact it had driven many women into a dripping stupor made Kara only suck it hungrier and hungrier. She breathed on his head and made it twitch and rise up.

Hadrian pushed into her mouth and she felt him submerged down her throat. It was so amazing, to feel his strong hands grabbing her face and ramming into her mouth. Driven wild by the lust because Kara felt just as much lust. She could not help and get nice and face-fucked by her man. His thick balls repeatedly slapped down onto her chin and left some marks down on her.

"Mmmph!" Kara moaned at the top of her lungs when she took him inside of her mouth.

"Yes," Hadrian groaned a second later. "YES!"
Hadrian pushed him into her mouth and was just seconds away from giving her a nice reward. Kara, almost anticipating it was coming, increased her suction. She was working him over and made several loud and sloppy sounds. She kept it up, and the blowjob increased until the point where Hadrian was about ready to blow.

"Almost there, beloved."

Kara deepened the sucking and Hadrian rocked forward. His thick balls hit against her face, working up and down until he began to pour his warm seed down her throat.

The superior woman pushed back and tasted the full onslaught of Hadrian's gift just pouring down her throat. Swallowing it made Kara heat up and made her pussy throb. The desire to have him inside of her was only increasing with each blast going down her throat.

Hadrian leaned in with the fire in his eyes which stirred her loins something fierce. Kara almost lost it and he most certainly did lose it, blasting so much seed down her throat she almost came close to choking on it.

The two Kryptonian lovers, bred to rule this Earth and any others, pulled apart. Kara ripped off her lingerie the rest of the way to expose her dripping hot pussy. She remained in stockings and a garter belt, which suited her well. Kara put her finger to her dripping pussy and then lifted it to Hadrian's face.

"I'm ready," Kara breathed excitedly.

Hadrian just smiled, and Kara practically leaped into his arms. Her legs wrapped around his body and the two descended on the bed. Kara brushed her wet organ over Hadrian's lap and got a bit of a rise out of him. It turned out to be more than a bit as his throbbing manhood threatened to break her pussy.

"Take me, fuck me."

He smiled, the most beautiful and powerful women in the universe was his, as it should be. Hadrian was put in this world to rule and to rule beside Kara.

"Ready?"

"I said to take me," Kara said.

He teased her a little bit more and made Kara push down onto him. Her wet core saturated his manhood while Hadrian slipped inside of her. Heat, pleasure beyond measure, everything just rose up to bring Hadrian into her. He squeezed her cheeks, smacking them a couple of times.

Kara cooed delightfully in his ear as the ride kicked up a couple of paces. Those legs tightening around his body meant it was going to be a great ride, as far as Hadrian was concerned. He held onto Kara's buttccheeks and squeezed them before dropping her down onto him.

She swallowed him up between her legs and it was an amazing, a thrilling feeling. To feel the grip against his cock and inside of her body.

"Yes," Kara breathed. "Yes!"

Kara bounced a little bit more on his cock and caused his hips to hurl up inside of her. She rode him, and rode him hard. Knowing that he was all for her and no man on this planet was made more for her. He fit perfectly inside of her and was able to touch all of the right spots.
Reclaiming his wife's breasts seemed very nice. However, there was so much more than that to Kara. He cupped her lovely face, her breasts, her ass and then squeezed her legs. He massaged the silky stems and made Kara just breath.

It was obvious how much she loved her legs being played with and then being put in those sheer stockings was quite delectable. Even though Hadrian ripped them ever so slightly.

"I do have the best pussy," Kara said with complete confidence.

"You are pretty good," Hadrian said.

"And I love how no matter how many other women you break upon that cock, I'm always the one who can make you feel the best," Kara said.

Hadrian just smiled and pushed his fingers against Kara's nice firm ass cheeks and bounced them. She breathed in pleasure, her heart rate increased. Hadrian loved the sound of her heart beating because it was by his hand he repaired the damage of it.

A soft coo echoed through the room and Kara drove her box down onto him. She could feel him up inside of her, but it was more than that. His loving hands caressed her body and made Kara the happiest woman in the twenty-eight known galaxies. Her orgasm approached and she could think of nothing better than to cum and cum hard.

The two lovers enjoyed the moment. They made the most of this world and things would be better, much better, as far as Kara was concerned. She tensed around him and let it all out.

"Feel that," Hadrian said.

"I love feeling that," Kara said. "Much like I know you love feeling this."

Kara flexed her tight walls around his massive cock and Hadrian did love feeling that indeed. He loved cupping his wife's ass while she bounced as well. Her warm loins pressed against his, her sultry body moving around. Her breath only getting more heightened and sweat just poured down her body.

He squeezed Kara's nice breasts and made her just break out into a series of passionate moans. The state of her body thanked Hadrian. He nuzzled his face in between her breasts and sucked them. This just made Kara all hot and bothered for numerous reasons.

He was just rapidly chaining the orgasms together. One after another and Kara could not hold herself together. She had been reminded herself that she loved this man and tried to struggle against killing all other men on this planet. If nothing else, to spare them of the shame of never being able to measure up.

She remembered they were useful as canon fodder. And thankfully Kara was much more reasonable about this than Diana, who was Hadrian's personal huntress, who hunted down the men who hurt the women who Hadrian thought had potential to serve him. If Hadrian did not keep the Amazon on such a short leash, she would have slaughtered all of the men by now.

Regardless, Kara took her thoughts off of gendercide and committed herself of this big large prick just pushing into her body. She could feel him go up inside of her, stretching her out.

"Time to cum."

"Yes, beloved," Kara agreed.
Hadrian submerged in her body and could feel her tight walls close around him. Perfection was bouncing on him and taking him deep inside of her body.

He loved it and worked closer to close the gap between himself and his perfect lover. Kara hugged his rod. The two of them fit into each other's bodies, a force that was unstoppable.

"My lovely wife," Hadrian said.

"My perfect husband," Kara cooed.

She pushed into each other. Adoration of love, something that certain fools whispered that made Hadrian show weakness.

Funnily enough, Hadrian found the people who were now missing their heads due to degrading his wife the weak ones.

Hadrian pushed into Kara. Her strength and her beauty easing him all the way to a rapid fire orgasm. She gave him a lustful smile and her legs tightened around him. Harry almost practically ripped apart her stockings, but he could not help himself. He could not help himself in getting to that succulent and beautiful flesh underneath. Her body called for him in numerous ways and made his heart race ever so quickly.

"Beloved, I'm getting close," Hadrian breathed.

"Yes," Kara moaned at the top of her lungs. "Right inside me….with me."

He pushed Kara down onto him and their bodies merged together. The heat of Kara ramped up Hadrian and pushed him a bit over the edge. He sent his potent load inside of the waiting womb of his devoted wife.

Kara closed her eyes and arched her back. She could not help and be one with this wonderful, powerful man. Her other, her better half, the man who made her feel complete. His seed raced into her body and coated it all over her. Kara clutched down onto him tight and pumped him with her walls, moaning when his seed accelerated inside of her body.

"Right there, that's the spot," Kara moaned to encourage him. "Perfect, just simply perfect."

Hadrian clutched her chest and made Kara just almost black out from the pleasure. She collapsed on his shoulder. The last few bursts of seed warmed her up and made her just break into an endless sigh of pleasure.

"I love you," Hadrian said.

"Always," Kara said. "I love you, my husband."

The two of them broke apart and sunk onto the bed. Their releases made them more focused and their love for each other united them against the enemies.

The Order would burn at dawn. Along with the witch who tried to kill Kara because she wanted Hadrian for herself. Kara stroked her husband's hair with a smile.

Together, they would unite and together they would rule.

End.
Next Chapter: 7/30/2018.

Thanks for the favorites, follows, comments, views, and kudos and I'll see you for the next chapter.
The life of Harry Potter gets really good sometimes. One of the best things about his life was the position he's in right now. An attractive sister straddling each of his legs and sharing an ice-cream cone is one of the simple pleasures in life. It's even more amazing when they dress in slinky sleep ware which barely covers what needs to be covered and what is covered is transparent.

The younger sister, Lisanna Strauss, straddles his right leg with a smile on her face. Her shoulder length blonde hair offsets her blue eyes and more lithe, compared to her sister. The older sister, Mirajane, boasts of an abundance of curves with large breasts and thick hips along with her legs being uncovered. She straddles his left leg and moves in to share the ice cream.

Lisanna offers a pout. "Hey, save some for me. It's always you, hogging everything."

She moves over to nudge her sister out of the way and take a lick. Mirajane's eyes narrow simply at her sister. "And you accuse me of hogging when you take out half of the cone with your greedy little mouth."

"Well, I'm surprised that you can't fit more in your mouth."

Mirajane gives her sister a dirty glare and moves in. Both sisters try and go for the cone at once. They only cause it to fly to the ground and smash onto the ground. Lisanna gives a hideous gasp and she gives her sister one of those dirty looks.

"Now, look what you did!"

"What I did? You were the one who tried to snatch the cone away for yourself."

Harry clears his throat. "Ladies, your sisters. Act like it. Don't let a little ice cream come between you. Kiss and make up."

Lisanna and Mirajane have the decency to look a bit sheepish. The two shift against each other still balancing on Harry's legs. His arms wrap them and cause them to both shiver. The two sisters kiss each other, with Lisanna daringly slipping her tongue in Mirajane's mouth. The two moan and thrash against each other.

The heat from their bodies increase and Harry runs his hands down the back of their necks on either side. He encourages them to deepen the kiss. Their kissing causes blood to rush from certain parts of his body.

The two sisters break apart with a warm smile towards each other. Mirajane shifts over and feels something underneath her.

"Well, let's make the most of it. I'm pretty sure we can find else to lick. Wouldn't you agree, Harry?"

Lisanna gets the hint just as well and the two shift over to undo Harry's pants. They yank them down and reveal his large cock out into the open. The eyes of the sisters widen. Lisanna reaches over and grabs Harry's balls. Mirajane takes his cock in her hand and gives him a squeeze.

He just leans back and allows these sexy sisters to play with his cock and balls. Their white-blonde
hair dances against their face with mischief brimming through their eyes.

"It's going to take both of you working together to get the creamy filling inside."

Lisanna just smiles and moves up to join her sister. Their lips form a tight and warm seal around Harry's cock. Tingles go through his body as the warm lips of these two eager women suck. Lisanna grabs the underside of his cock and strokes it while Mirajane shifts her attention to his head.

She needs this in her mouth and anywhere else it can go in the worst possible way. Mirajane's tongue caresses his head while Lisanna attacks the length. The two work together to lavish every single inch of Harry's cock with their spit. Their warm kisses connect with every last inch of Harry's cock and make him rise up even harder.

Both women licking him all over causes Harry to swell up, and Mirajane takes Harry's cock deep into her mouth. The warmth of her mouth crunches around his swollen cock and slides all the way down onto it. Harry puts his fingers deep against the back of the head and guides her into her mouth.

"Why don't you suck my balls while your sister works over my cock?"

Lisanna squeezes his balls. "They're so big. They must hold a lot of cream."

She moves in and kisses Harry's balls. She sucks on it and makes Harry grow in Mirajane's mouth. Mirajane's cheeks hallow out from his cock and she almost gags at his cock.

"What's the matter, sis? Too big."

Mirajane's eyes flash over with determination. She's determined to take as much of this cock down her throat as possible. The cock slides in between her lips and goes down into her throat. She gags a small bit and pulls out of her.

"Hey!"

Lisanna nudges Mirajane out of the way. She wraps her lips around Harry's cock and takes it into her mouth. Mirajane watches with awe as Lisanna deep-throats the cock that her older sister cannot.

The winner of this little competition is Harry Potter who receives Lisanna's warm mouth closing around the base of his cock. She sucks his cock quite nicely like it's her job. Harry holds the back of her hair to peer into those naughty eyes. They lock contact onto Harry when taking him deep into her throat.

Lisanna sucks Harry for a very hot minutes and pulls away from him. She gives Mirajane a smile.

"Like that."

Fresh determination to take this cock into her mouth comes to her. She circles his cock with licks and makes him nice and wet. Mirajane opens nice and wide to take Harry's cock into her mouth. This time she does not gag onto them. She holds out and bobs herself up and down onto Harry's cock.

Two warm mouths work their way around Harry. One sucks his cock and the other worships his balls. Harry holds onto both of their heads and guides them.
"You're going to get your treat. I hope you're ready for it."

Mirajane doubles down on the efforts and drags Harry's cock deep inside of her mouth. She sucks him and releases Harry from her mouth. She clutches onto the base to drag Harry deep inside while her sister slurps on Harry’s loaded balls on the side.

A push forward, and Harry releases his warm load into her mouth. The first few blasts catch Mirajane in the mouth and fills it up with his cum. Her warm lips milk him completely dry.

Harry holds the back of her head and Mirajane releases him to think he's done. She gets a blast of cum in her face for her trouble. Her face is painted completely white. The cum dribbles down onto her neck. Harry's cock discharges one more time before Lisanna jumps in and finishes sucking his discharging cock try.

Mirajane pulls up to her feet. Her face is now as white as her hair from the cum coating on it. Lisanna rises to her feet and licks her lips. Then she leans in and kisses Mirajane on the mouth. She does her best impression of a cat and licks Harry's discharge from her face.

"Always beautiful to see two sisters getting along."

Lisanna pulls the straps of Mirajane's nightdress off to reveal her banging body. Those breasts call for Lisanna and she buries her face between Mirajane's tits to motorboard them. Mirajane enjoys Lisanna's assault on her breasts the more that she attacks them.

They pull away and Harry's waiting on the bed. Lisanna drops her night dress as well. She has smaller breasts than Mirajane although they're still a handful. Her tight stomach, hairless pussy, and tight little ass make her an object of desire.

"Come here. Both of you."

The sisters jump onto the bed and attack their boyfriend with warm and sloppy kisses. Harry's hands roam their bodies without any discrimination. It's a very hot moment with Mirajane's hand finding Harry's cock to rub it as Lisanna kisses Harry's chest and the side of his neck.

"Lay back," she tells him. "And enjoy. I'm going to sit on your face. Won't that be fun?"

Harry can't deny it. He lies back on the bed and Lisanna crawls over him. She stands up and spreads her thighs to allow Harry to see her hole which drips wet with arousal. She drops down onto Harry's face. His tongue finds her wet hole and he licks her while grabbing onto her ass.

Mirajane's eyes widen when his cock's up. Her body calls for Harry and calls for Harry to be inside of her. Her pussy throbs with need. Mirajane climbs on top of Harry's cock and sinks down onto it.

It's only appropriate how big this monster is when it's completely inside of her. And Mirajane bucks down onto him and rides him like a cowgirl. Her delicious thighs close tight as his cock disappears inside of her body. Her breasts bounce when she rises up and down.

"Turn the other way when you ride him. That's going to be so hot when you do that."

Mirajane turns herself around. The length leaves her body. She turns her attention away and pushes down upon Harry's big, thick cock. She pushes down onto his body and takes his cock inside of her.

Lisanna grins at her sister's juicy ass right where she wants it to be. It just keeps bouncing up and down in front of her face in a very tantalizing manner. She cannot help and take a good look at
what's in front of her and grab onto it. She squeezes the ass while also experiencing Harry's tongue inside of her.

The sweet honey coming from Lisanna encourages Harry to go down onto her. He wants to make Lisanna cum and cum again. Her wet thighs close around his face. Harry can see a glimpse of her reaching out to fondle Mirajane's ass while she rides him reverse cowgirl style.

Mirajane's eyes glaze over from the pleasure. Her sisters naughty hands rub against her tight ass and make her want even more pleasure in her. She squeezes Harry's rod and milks him as much as humanly possible. She smacks her thighs down onto him.

"You're a dirty slut, sis. Enjoying your little sister being playing your ass. I wonder what would happen if I slipped my tongue in there. You'd like it, wouldn't you?"

Lisanna plays with Mirajane's thick rear end and slaps her.

"My dirty little tongue in your dirty little ass. You'd like it so much wouldn't you?"

Speaking of tongues, Harry's slips deep into Lisanna. She howls in pleasure and then the floodgates open. Harry can see her clinging desperately onto the bed. She almost falls over when Harry's tongue vibrates. He spells out dirty words with his tongue inside of her pussy.

Lisanna enjoys the pattern of his tongue twisting inside of her. She is driven completely breathless. Sweat soaks down her body and she needs a moment to sit down and adjust from this. Harry's final parting lick sends her over the edge.

She falls forward and lands on Mirajane's shoulder while she keeps riding Harry. Mirajane pulls away from Harry to guide her sister down onto the bed.

With Lisanna safely out of the way, Mirajane turns her attention towards him. Harry's big cock stands up for her and she squeezes him.

"And now, it's just you and me, baby."

"For now," a weak voice off of the side says.

Harry grabs Mirajane's juicy cans and makes her sink down onto him. She moans out loud when sinking down onto his cock. Harry leans in and attacks her sweaty breasts while she rides him.

Mirajane holds down onto Harry with the two of them going at it with each other. His hands grab her when driving down onto him.

Mirajane holds down onto Harry. He pushes deep inside of her. Their bodies connect with each other. Harry pushes deep inside of her and almost pulls out of her. His hands cup Mirajane's breasts and give them another squeeze.

"Are you feeling good?"

She nods eagerly. Harry returns to his indulgence of her breasts. He touches her body in other areas as well while she continues to bounce up and down on his cock. Her wet pussy clamps down onto him and releases Harry from her grip.

"I'm close. Are you close?"

Harry holds her hips down and pushes Mirajane down onto him. He pounds away at her from this position. Harry strokes her sensual flesh. The sweat shining in the moonlight makes her really sexy
and divine. Harry wants to encourage her because watching this sinful beauty bounce on his cock is one of the most beautiful things in the world.

"Almost there, but I want you to feel this moment first."

Mirajane's tongue just comes out of the side of her mouth and releases herself in pleasure. She crashes down onto Harry and takes about as much of his cock as possible inside. Harry holds her hips from behind and guides her down pussy first on his tool.

"Feel it. Cum for me my dear lady."

She moans into his ear. The sound of Lisanna diddling herself to her sister's passionate cries only makes this even more alluring and even more erotic.

Mirajane's descending body causes her wet pussy walls to close in on Harry's cock. He holds onto her and squeezes her from behind. She moans in his ear and keeps bouncing down onto him. Harry lavishes her body with so much attention she's almost going to come undone.

She explodes all over his cock. This allows Harry to slide inside of her tight cavern. They become one in this sinful dance of two lustful partners. Harry holds his hands against her and squeezes her tight bum before making her drop down onto his hard cock.

Harry finally pushes his way inside of her snug canal. Her walls open up and her sisters are ready to be seeded. Harry keeps molding with her. Only one single statement passes over his lips.

"My turn."

He crams his cock inside of her and releases the contents of his balls inside of Mirajane's body. Thick juicy blasts of seed splash into her. Mirajane bounces onto him and takes his seed inside of her body.

Every last blast of seed makes the beautiful young woman see stars. She does not know the human body can hold this much until Harry finishes up with her.

"My turn."

Lisanna moves over to her sister as she pulls away. The siblings exchange a very passionate kiss. Lisanna forces her tongue inside of her sister's mouth and pulls it away. Numerous kisses lavish her body until the point where Lisanna finds the area between her sister's legs.

"You've left a real mess. Look at that. Dribbling all over the bed."

A warmth mouth clamps down onto Mirajane's pussy and sucks the combination of juices dry. Lisanna feasts on the juices just spilling out of her sister's tight pussy. She moves her hand between her legs and shoves her fingers between her wet thighs to pull the mouth.

Harry's attention zeros in in Lisanna's wet pussy. He lines his cock up against her snug entrance and shoves himself inside of her from behind. His hard cock pushes inside of her.

"Your sweet tight pussy just demands to be fucked. It deserves to be fucked."

Lisanna flexes her warmth around Harry's hard cock. The cock any one craves enters her body at a rapid fire speed. Harry makes her feel every inch of her. Her body heats up with a shudder. Harry leans in and plants some kisses down on the back of her neck while slamming inside of her.
Harry holds himself against Lisanna with a series of slow and deep thrusts. Her tight little body barely leaves enough room for his big cock to enter her.

Mirajane becomes glassy eyed. She can feel her sister's moans of arousal only deepening. Harry rams her with his cock and makes Mirajane feel a bit disappointed that it's not her pussy being fucked. No matter how good Lisanna is with munching on her pussy, she wants and longs for Harry ravishing her and fucking her until she's a drooling and dripping mess.

Harry smiles at the frustration coming from Mirajane. He keeps driving himself into Lisanna. He holds his hands against her.

"You just can't help and cum for me. And cum for my big cock. You want this. You want this in you and you want this in you deep."

Lisanna reacts with an intense moan of passion the further Harry buries his cock inside of her. He's all inside of her and ready to just explode. She can feel it.

Harry guides his hard cock inside of her all the way. He touches her tight body all over. Every flare of energy makes Lisanna moan the faster and harder Harry drives inside of her. He holds onto her and canvases her body with his own brand of touches.

He decides it's time to warn her. "I don't think I can stand this tight pussy for too much longer."

Time only shifts into one big blur. The only thing that matters is Harry's cock inside of her and driving his way inside of her body. Lisanna returns to eating her sister's pussy even though it's just done on instinct. Harry plants his cock inside of her from behind.

Finally, everything gives way to their mutual orgasm. Harry pushes himself inside of Lisanna and starts to fill up her body with his seed. She tightens around Harry to milk him with every step of the way. His muscles size up and release as he makes her cum at least two more times up until finishing.

Harry's balls keep launching their seed into her. Lisanna falls on her older sister's thigh with a lazy expression on her face. Mirajane nudges her off and she rolls onto the bed.

"Come here."

Mirajane's thighs spread. She cups her breasts and sucks on them. This entices Harry to climb on top of her and guide his cock inside of her pussy for another round of steamy love.

Finally she's full once again. Harry pushes down on her. Mirajane's sexy body rises up with her tight walls wrapping around Harry's intruding cock. He pushes deep inside of her and drives inside of her body with Harry rising up and down inside of her.

Harry gains some momentum inside of her body. Mirajane thrashes up and down to move her hips in time with Harry. Lisanna's out of commission for now although she would return.

In the meantime, Harry drills his cock inside of her tight pussy. Both lovers settle in for the long haul and a very long weekend.

Hail to the King (Persephone)

Hail to the King (Persephone from Greek Mythology)

It was far from the first time Hadrian Peverell, the Dragon and Master of Death, found himself in an unfamiliar bed. He woke up and found himself dressed in the finest of black silken pajamas. The bed sheets were extremely soft when they pressed underneath his body and he rolled over into bed.

"Good morning, sleeping beauty."

A dark haired woman appeared at the door and she looked stunning. And not because her luscious body was wearing nothing other than a fishnet bodystocking, and a crotchless one at that. Allowing Hadrian to get a good view of her perky breasts, flat stomach, nice wide hips, and pussy with only the smallest amount of hair. She was stunning, with that dark hair forming a curtain. Also luscious lips which were parted, with a playful and pouty smile. Those violet eyes shined with darkness and mischief.

The Master of Death realized who he had been with, the second she straddled his pelvis and undid the buttons of his pajama top to slowly stroke his chest. She moved in ever so closer, with light kisses dancing down the side of his neck.

Persephone, the wife of Hades and the Queen of the Underworld, was practically on top of him in this sexy outfit and having a effect on it. Granted, this was far from the first goddess that Hadrian had taken to bed, or even had been taken to bed by. He lifted his hands up and grabbed the side of her face. She broke out into a smile.

"What's the deal?" Hadrian asked.

"A beautiful woman is about to seduce you and you're questioning it," Persephone said. "But, fair enough...the truth is...these days my husband's not cutting the muster. He's too focused on other things...that seems to be a common problem with the Greek Gods at this current time. They've grown lazy and content and they don't appreciate the finer things in life."

Persephone's voice dropped into a seductive purr when she began to stroke her new man's cock.

"But, I appreciate the finer things in life," Persephone practically purred. "I have to have the best because when you have the best, then why settle for the rest."

She slipped a hand down Hadrian's pants and found his stiff pole.

"This feels promising," Persephone said. "And if you pleased Hera, Aphrodite, Artemis, Athena, and the others...you couldn't be a disappointment. Not with that many lovely goddesses vouching for your prowess."

She stroked his big cock up and down. Hadrian's hips shot up as she freed him from his pants with her next move. Allowing him to be up in the air. Persephone's soft fingers felt as divine as she looked.

Hadrian leaned in and grabbed her by the side of the face, leaning in to kiss her on the lips. Persephone's eyes opened up with a soft moan, with Hadrian working his tongue into her mouth.

The two made out and touched each other's bodies. Persephone stroked away on Hadrian's cock,
until it was about as hard as it was going to get. It was throbbing hard as a rock.

Hadrian spun around Persephone and slapped her ass. She gave him a sultry smile over her shoulder. Hadrian climbed in behind her and touched her all over. Her flesh practically sizzled underneath Hadrian's grip. He leaned in and kissed her a couple of times on the back of the neck.

The only thing that covered her body were the fishnets, which he rubbed on through. The caresses to Persephone's perky nipples made her break out into a fitful moan. More touches followed the more Hadrian got into this. She was really hot and horny and ready to be taken. Hadrian naturally would be the one to take her and take her extremely good. He pushed his fingers against her body and made her break out into a very passionate sigh.

"How much do you want this?" Hadrian asked her. "How badly do you want this?"

"Badly," she pleaded. "I need you to fuck me...badly....I need you to take that big cock."

She rubbed her ass against his cock whilst Hadrian rubbed the divine woman's pussy. The goddess entered a state of pleasure that no one else ever put her in. Hadrian slipped a finger deep into her body and pushed inside of her. A second finger added into her body, followed by a third, and now Hadrian stroked away at her warm pussy lips.

Persephone visualized what would happen if that thick piece of meat was inside of her, just working her pussy. The juices flowed as she thought about the struggle what she would go through.

"When's the last time you've been with a man," Hadrian said.

"Oh, nothing compares to you," Persephone said. "You touch me...just right....you're just where you need to be."

Hadrian released Persephone from his grip. Her moisture opened up a path for Hadrian to slip inside of her. He lined up with her entrance and took the plunge.

Only half of Hadrian's length entered Persephone from behind. The Master of Death already had the Queen of the Underworld just breaking out into a very passionate cry. His fingers danced over her body and she just took several moaning breaths the deeper Hadrian pushed into her from behind. He rose up and slammed back into her. He slapped her tight ass with each thrust, bringing himself further and faster, deeper and harder into this divine woman. Her tight and smoldering hole just clamped down onto him.

"Go in...get in all of the way," Persephone said.

"Are you sure?"

"YES!"

He ripped on the fishnet bodystocking and grabbed ahold of Persephone's firm ass to allow him a greater plunge inside of her. This woman knew exactly what she wanted and how to take it. Hadrian lined himself up for her and drove all the way in. His stiff prick slammed into her body, the warmth and the tightness enveloping around him. Hadrian groaned once more, rocking his hips back and forth until he was all the way inside of her, pounding her tight pussy.

"YES!" she cried in pleasure. "YES! Fuck me! Fuck me hard!"

Hadrian was all the way inside of her, driving faster and faster into her. She knew exactly what she wanted and more importantly, Hadrian knew exactly how to give it to her. His fingers danced all
over her body and sent her spiraling out of control, almost over the edge.

"Oooh, my love!" Persephone moaned. "Take me like this! Take that big throbbing hard cock in my pussy and fuck the ever loving daylights out of me! That's what I want! That's what I need! It's all for you!"

She screamed in pleasure the second that Hadrian rode her all the way through this magnificent orgasm. Her body sized up and squeezed him hard. His massive manhood just jammed deep inside, riding her out through the orgasm. He clenched her tight ass and worked into her.

"Going to cum already?" Hadrian asked. "I better slow it down...don't want to give you this too soon."

Persephone almost protested when he slowed down the thrusts and was able to bury himself faster and faster inside of her body. Her tight, clamping hot pussy, almost unleashed all of the juices necessary. Hadrian held on for the ride, sliding all the way down to her depths.

He pulled out of her and dropped Persephone down on the bed. She was all the edge of receiving an orgasm and now he pulled that away from her.

A smile crossed Hadrian's face. His loins were damp with the divine nectar from this goddess. He knew exactly what to do with her, his hands questing all over her perfect body. He slid all over her and made her moan, all of the touches lighting her body up.

"I need you."

Those words always sounded sweet coming from any woman, never mind a beautiful goddess. Hadrian slid his fingers into her briefly to collect some of the nectar. He brought it around to her lips and Persephone graciously accepted his offering.

"When you cum, I want you to look into my eyes as you do so," Hadrian told Persephone. "Is that much clear?"

"Yes, anything you want," Persephone breathed in his ear with lust just burning.

Hadrian dragged the goddess onto his lap when the two of them faced each other. He lined up towards her, her wet pussy almost at the tip of his cock. She pushed down onto him, her sensual body taking Hadrian inside. Hadrian ripped the front of her bodystocking and found her breasts.

This ramped up things to an entirely new level. Persephone wrapped her legs around Hadrian and refused to let go of him. She tilted her head back and broke out into a moan. Hadrian knew all of the places to touch the sexy goddess and made her just break out into a pleasurable purr.

"Oh, you damn sexy bastard," Persephone breathed. "Make me yours forever and forever."

Hadrian grabbed her ass and she squealed in his ear. The goddess bounced up and down onto him. She showed his body the divine appreciation it deserved and Hadrian in return worshipped her. Moving in, Hadrian sucked her breasts, a pretty good handful and an even better mouthful.

Persephone raked her nails down onto his head and broke out into a very soft moan. She nibbled on his ear and he just smiled before going as far into her as possible. Those hands firmly planted on her ass allowed Hadrian to rock her up and down.

After a round of this, Persephone came harder. Her entire body flared up with energy. The lust burned even deeper and brighter. Hadrian was like a machine, just driving her body to new heights
of pleasure. She stood right there by him, sinking her nails into the side of his shoulder.

The more he slammed into her, the better this felt. Persephone's toes curled something fierce the deeper he drove down onto her. Her wet pussy clamped down onto him and released him several times over.

Deciding to switch up the play a little bit, Hadrian turned Persephone around so she sat on his lap facing the other direction. He pulled her arms back and allowed her pussy to sink down onto him. The Master of Death leaned in to nibble the back of the neck and the shoulder of the Queen of the Underworld.

These got all of her hot spots and got the juices rolling in multiple ways for Persephone. Hadrian leaned in and pinched her nipple, making her get driven over the edge. The pleasure and the power, the juices just flowing through her loins only increased. Persephone drove herself faster and harder, riding is nice big cock for everything that it was worth and then so much more.

"Oooh," Persephone breathed for him. "Oooh."

"Yes, indeed," Hadrian told her. "Does that feel good?"

"You know it does," Persephone breathed.

"Good."

He bottomed out the goddess on him. Her tight walls closed down and released him. Hadrian switched up things a bit more after she came again. He bent her over the headboard of the bed.

Hadrian slipped out of her for a minute, heightening the perception. He felt up her very sexy body, and while the fishnet bodystocking was ripped in a couple of places, it still was on her and it still looked beyond sexy. Hadrian leaned in and sucked her neck.

"Yes," she moaned for him. "Yes, baby...that's what I want....that's what I need."

"Are you sure?" Hadrian asked. "Would you like my cock inside of you again?"

Persephone did not know how to react to this very obvious question. Other than spreading her legs and inviting the Master of Death inside of her inner most cavern.

It would be rude not to give him the invitation and Hadrian accepted with a primal thrust into her. Her body became a lightning rod for pleasure. The pleasure only given by a strong and capable man or woman who knew exactly all of the right spots to touch.

The moment he kissed down the back of her neck, Persephone lost it big time. She lost it to the point where she had hit a huge gusher and her wet pussy clamped down onto him. Hadrian clutched her hips and drove down into her body, riding her through this series of orgasms.

"Oh, it's not fair that I get to cum so many times, but you haven't...maybe we should fix that."

She flexed her inner muscles. They were so sinfully tight and warm that it took pretty much every amount of Hadrian's self control not to just lose it all inside of her at once. He just barely held back, not that Persephone was making it easier for him. Her pussy slid into position, soaking his manhood the faster he slammed into her.

"Yes," Persephone moaned for it. "I know you want to give me all of that thick, juicy, seed. Right in my pussy...it would be perfect.....right now."
Hadrian yanked her off of the headboard and pulled back. Persephone now faced Hadrian, legs around him, and Hadrian was slamming into her with several long and powerful thrusts. She grabbed onto him the faster Hadrian pounded her tight body. They both knew the end was here.

Persephone milked his rod and the first warm blast of seed sent her completely over the edge. Hadrian pushed into her and rocked her up and down, driving his divine seed into her. It was something that each goddess craved and it was unfortunate that Persephone did not have a chance to taste it.

Maybe next time, but she was getting a supply in her womb and making her pussy just ooze. She came at least three times in succession, seeing stars. The only thing that mattered was this fine stud making her his.

Hadrian rode out his orgasm in Persephone's tight hole. She stayed with him, squeezing every last drop from him. Hadrian enjoyed draining his balls in the tight holes of many goddesses and this one was absolutely no exception.

He dropped down onto Persephone, his climax at an end. He pulled out and rolled over. Persephone crawled over to join him and put her head on his shoulder.

"Scratch another one off the list then," she breathed.

Persephone nuzzled against Hadrian's shoulder and worshipped him with more kisses. He just smiled and knew that one round was never enough with these horny goddesses.

Which was the way he liked it.

End.

Next Chapter: 8/6/2018.
A large bag drops down on the bed. Lisa Snart steps into the room. Her hair today is long and blonde, extending down past her shoulders. Given that her current wanted poster has a brunette with medium-length on it, it is best she mixes things up. The tight leather pants and tank top along with a biker jacket and knee high boots add to her outfit. She slips off the sunglasses and puts them on the table.

"Hell of a take today. Even without your brother and his partner breathing down your neck."

Lisa turns around and holds a gun on the person. Harry Potter walks into the picture and she drops the gun with a smile.

"Well, they got whisked away onto some kind of time ship. So I had to make the most out of today. And I did make the most out of today. But, then again, I just followed your plan to the letter."

"Of course," Harry tells her. "And you remember our deal."

"As if I would ever screw you," Lisa says. "Well, in that way in any way. In other ways, I can't really say."

"And I like the blonde hair," Harry tells her. "The real question is have you dyed it or have you just stopped dying it?"

Lisa gives him a smile burning with mischief. "Well, I'm sure you have your ways of finding out if you really want to. Seriously, partner, tonight's been a good night. And I'm interesting in cashing in on some of the perks of our agreement."

The two enter an embrace with each other which follows a very heated kiss. Harry pushes Lisa back on the bed. The sexy criminal's fingers dig down into the scalp of her benefactor. She's happy to get the heads up to avoid certain speedsters and is happy to thank Harry in every way.

"And this is the big score I was after."

Lisa pulls Harry's big throbbing cock out of his pants and licks it like a lollipop. Harry's cock sticks up in the air for Lisa to wrap her hands around. The criminal bends down to give Harry a very sloppy, and yet entirely welcomed blowjob. Her hands snake around Harry's balls and give them a very firm squeeze.

"Use that mouth, Ms. Snart."

The mouth and tongue of Lisa darts around his cock head and Harry holds the back of her head. Lisa's eyes widen when feeling his cock inside of her mouth. She's no blushing virgin though so after the momentary discomfort, Lisa takes her benefactor's cock deep into her throat.

She sucks him both loudly and lewdly which brings Harry's interest levels up. He holds the back of Lisa's head firm and drives his cock deep inside of her wet mouth. Harry pulls almost all the way out of her mouth and then slides inside of her. Her warm lips seal Harry in and release him.

"Good. You're good. You're really good, amazing!"
Lisa endeavors to try and make her benefactor happy. A happy benefactor means a bigger payout for her. And she knows the reward will be immense. Harry holds the back of her head and works his cock into her mouth.

"I'm going to cum in that pretty little throat of yours."

She does not slow down. Rather she speeds up and keeps sucking away at Harry. Her intense hunger grows and she grabs Harry's swollen balls. They are nice and full. The big load is going to come down her throat. Lisa makes many sounds of lust when going down Harry's pole.

"Fuck," Harry groans. "Take my cock into your mouth and suck it dry!"

Lisa obeys Harry's request and grabs his throbbing balls before giving them a couple of squeezes. Her tongue darts around him. She's such an obedient employee doing what her boss asks of her.

Harry holds his hands against Lisa's head and spears his cock into her tight throat. The dirty expression she gives him only fuels Harry's lust over. He uses the rogue's throat as his own personal fuck-hole and spews his warm seed down her throat.

She eats her meal happily, squeezing Harry's balls. Her rough milking drags even more cum into her mouth. Lisa tilts her head back to enjoy it, her hair tickles his inner thigh when spearing her mouth up and down the throbbing hard pole.

The second Lisa's mouth releases Harry, Harry pulls her jacket off and then her top. Lisa's large breasts and flat toned stomach show for Harry's look. A couple of scars line Lisa's lower back and side. Harry puts his fingers on them and kisses her neck which causes her to moan. He attacks her braless chest.

"Thanks, boss," Lisa breaths.

Her nails brush the back of Harry's hair and he sucks her nipple. Lisa grabs the back of Harry's head and makes sure his eager mouth does not stray full from her breaths.

Her tight pants come off to reveal Lisa's very toned legs. Harry plants a couple of kisses down to her belly button and yanks her thong down to reveal her bare and wet pussy lips.

"Guess, you're just going to have to keep wondering," Lisa tells him with a cheeky grin.

Harry buries his tongue inside of her pussy. First he teases the outside which makes Lisa squirm underneath him. He gets her going and then drives his tongue down into her. Harry's fingers drag against Lisa's legs and make her buck her hips up to meet his mouth.

That magical tongue works the beauty on Lisa. Her legs grab his head as Harry dives tongue first down into her wet pussy. Lisa throws her hips up to meet Harry. His tongue dances against her.

He's a world class pussy eater something which should be cherished. Lisa holds onto the back of Harry's head to move his tongue deeper inside of her.

She squirts and Harry tastes her cum dribbling out of her. Harry digs into her pussy and makes Lisa's orgasm reach its final destination.

Sweat covers Lisa's face as she comes very hard. She looks up to see Harry crawling on top of her. His cock brushes against her inner leg at first and then pauses to brush against her stomach. Harry's shirt is off and his muscular chest is there.
Lisa wraps her legs around Harry and rolls him over. The rogue worships Harry with multiple kisses against his chest. She bites down on his neck very sensually. Harry holds down on his back and Lisa pulls her mouth away with a smile. She sucks on Harry's nipples and reaches around to grab his cock.

"I'm going to ride you hard and put you away wet."

Her pussy throbs and it's been too long since she's had this cock inside of your body.

"Tonight's been a good heist. I'm taking my cut from you, with interest."

"Oh, I think I'll be cashing in on a lot of interest as well, Ms. Snart."

A grope of her ass makes Lisa just grin. She rubs her warm pussy lips over Harry's cock and teases him a little bit more. It ends up with her teasing herself more than she teases Harry. Harry holds her hips down and lowers her down onto his cock.

The very familiar sensation of Lisa Snart's warm pussy wraps around his cock. Harry watches her bouncing breasts rise up and down when he looks at her. Lisa just grins as she rides Harry's cock like a cowgirl.

"I have you underneath me, right where I want you."

"Enjoy your triumph."

Lisa squeezes Harry's cock between her wet walls. She reaches down and grabs Harry's head. He's now burying his face into her chest. Lisa keeps her grip on Harry's cock while he sucks her breasts. Lisa makes a comment about him doing so, only to be overwhelmed by the lust.

Even when she tries to take control, Harry finds a way to blow her mind over and over again. And Lisa enjoys the struggle of wills. It adds some spice to life. Harry willingly loses control for a moment only to regain it stronger than ever.

Her walls milk Harry's hard cock as he finds himself inside of her perfect breasts. They demand to be sucked and Harry is only able to oblige her. His hands cup the underside of them and release Lisa's firm tits from his grip. Harry slips a single nipple into his mouth and releases them with a groan following from how much Lisa rises up and slams down onto his big cock.

"I don't know how you do it," Lisa breaths.

Harry's fingers push against Lisa's chest to squeeze her right tit. Her right tit receives good working over. And the left gets its attention as well. Harry's mouth works around her nipple and sucks it which makes Lisa almost explode in lust over him.

"Many ways. Many ways, even more than you can imagine."

The two are now face to face as Lisa spears herself down on Harry's cock. She fills up on the biggest cock which has ever been inside her. There's no cock which compares to Harry. It's like getting her virginity taken over and over again every time Harry enters her. Each rush makes her see stars and she holds onto Harry's shoulder while cumming all over his cock.

Harry runs his hands through Lisa's hair and sucks her face and the side of her neck. Lisa moans and digs her nails into Harry's back. She shows how much of an animals he can be in the bedroom by crawling on Harry's back.
"Oh, babe, you're going to make me explode," Lisa breaths. "Oh, I think I've fallen from you."

"You won't be the first," Harry tells her with a smile.

Lisa knows it and is always grateful when Harry gives her the time of day and fills her with his cock. She enters another state of arousal far more intense than the previous one. Her pussy milks Harry's cock the deeper he shoves into her.

"And you're losing it. Good, you always wanted to let loose and not have to worry about it, haven't you?"

Her moans of consent show Harry exactly what Lisa wants. Her walls close around Harry's thick cock and releases him as fluidly as possible. She keeps bouncing on his cock never once losing her momentum.

Harry holds his fingers against her chest and gropes it. Lisa bends back and Harry drives up into her. She shows an amazing amount of flexibility. She could have been a gymnast if she had not entered the life of crime. Her legs spread and back arches. The beautiful sight provides Harry with the ample amount of fuel drive himself inside Lisa on a constant basis.

Lisa thinks she's going to lose it. Her tightening walls close around Harry and release his cock. She moans loudly and pushes all the way down on Harry's cock.

She loses it around him. Juices splatter Harry's length and coat it all the way to the base. Lisa pushes herself down onto him with her mouth biting down on her lip in a very sexy manner. Harry pushes into her.

"I'll be your cock warmer any time you want me to, boss."

"Get in your hands and knees and crawl to the edge of the bed."

Lisa pulls off of him and wonders what pleasures Harry has. She crawls on her hands and knees. Her breasts hang up and her hair curtains off to give her face a sinister and seductive look. Harry's fingers grab her ass and then move up to rub against her pussy.

"Take me!"

Her pussy burns at the sudden loss and there's only one thing she wants. Harry rolls his length around her pussy lips and then shoves himself inside of her.

Lisa rises up off of the bed, her hands dangle, and the sexy criminal presses down. Harry rams himself into her from behind. Every time Harry drives his cock inside of her body, she feels a new burst of arousal.

"Feeling good now, beautiful?"

Lisa does not normally get all gushy and girly about terms of endearment. A small smile crosses over her face nevertheless.

"When you're here, stud, I'm always good!"

Harry's hands roll over the squirming vixen's body. He switches until more of a wheelbarrow position. This allows him to touch and caress Lisa's perfect legs while ramming inside of her. He builds up his momentum. She causes the bed sheets to become unraveled.
The bedsheets are not the only thing which becomes unraveled as Lisa becomes pretty unraveled herself. The further Harry shoves his cock inside of her body, the more pleasure she feels. Harry drives his throbbing hard cock into her body and it is practically burying in her womb.

Lisa bites down on her lip. His fingers thread through her blonde hair.

"And now I know what your natural hair color is."

A few more thrusts build up Harry's momentum to an explosive end. His balls push against Lisa's firm thighs. He buries himself inside of his partner and waits for her to cum.

"Together."

Both are down for that. Lisa's body heats up the deeper Harry drills inside of her. That well trained cock makes her spurt all over it. The rush she feels is something beyond all feeling.

Now Harry builds himself up with Lisa's warm pussy holding onto him. Harry pulls almost all the way out of Lisa and then drills inside of her with one more hard push inside of her body.

He explodes inside of Lisa and fills her with his seed. Every push brings more seed firing inside of her. Harry paints her walls white and paints her pussy with his seed. He buries the last few bursts deep inside of her womb.

Lisa's glad Harry does not pull out, it just makes her feel naughty. He cums for several minutes as well while leading Lisa through two more orgasms which leave her drained.

Harry pulls out of her and leaves Lisa on the bed.

"Take a bit of extra off of the top," Lisa says. "If you keep being such a good fuck, you deserve to be tipped."

Harry gives her a teasing smile. "What kind of whore do you think I am?"

"A really talented one?"

Lisa rolls over onto the bed and smiles. She's glad he does not leave right away after nearly fucking her into a stupor. That nearly part really should be fixed and soon.

"I can stick around for a little while longer, if you think you're up to going again."

"I'll manage," Lisa responds.

She extends the invitation by spreading her cum soaked thighs and giving Harry the best "come-hither" look she can imagine. Harry takes her up on the offer.

End.

Next Chapter: 8/10/2018.

Thanks for the support and I'll see you during the next chapter.
A Helping Hand (Dawn Summers from Buffy the Vampire Slayers)

The rush of adrenaline hitting Dawn Summers was second to none. A long night of hunting demons, wraiths, and other dark magic with her hero, the one and only, Dragon himself, Hadrian Peverell. Or Harry Potter as he had been known in another life, although he had only a moderate amount of biographical information in common with the character thought to be fictional by the world. But, reality could even be stranger than fiction.

The eighteen year old woman thought of his strong body, how it moved, how she could see every muscle rippling, and imagined running her hands over that body. Dawn tingled, the latex catsuit she wore getting even tighter with each push. She knew Harry slept with Buffy, Faith, Willow, and likely several others. She wanted to make her move and join the lovely women who had been bedded by Harry.

"Are you okay? That was a hell of a hit you took."

Dawn snapped herself out of her fantasy to the beautiful reality of her hero watching her from the doorway. She felt a tingle in her body.

"Yeah, but...my shoulder is a little sore," she commented. "And I've been having some trouble getting out of this suit...do you think you can help me out?"

"Always happy to lend a helping hand to a pretty lady."

The grin on Dawn's face appeared as if permanently been plastered there by Smilex. Hadrian unzipped the back of her suit and caused a shiver to go down her spine. He rubbed her shoulder, the one that just got a spiked tail clipped into it just a few hours ago. Dawn took a few seconds to appreciate his hand rubbing over her and working it's magic. The heat built through her body.

Harry stripped her out of the suit completely, which was a shame as it made Dawn feel sexy and confident. She wore nothing other than a thong, a bra, and a pair of boots underneath the catsuit. The boots were almost thigh high and she could not believe her own daring.

"Bruised, but not cut...that shouldn't be a problem."

Dawn realized what she wanted to do now. She could smell him and he smelled nice. She wanted to do things with him and have things done to her. The imagines of Buffy screaming for his cock down the hall crept into Dawn's head and she wanted it.

Despite playing calm and collected, Harry knew an aroused woman what he saw one and one that hero worshipped him like this, it was even better. Buffy told Harry that tonight would likely end like this and she warned Harry that she would be angry if he did not show Dawn a good time. Hadrian did not intend to do anything else.

Knowing that she would break any second now, Harry riled her up just a tiny bit more. Dawn bounced off of the bed and without another word, grabbed Harry's face and kissed him on the lips. The younger girl attacked him with an aggressive intensity and a confidence of what she wanted.

Hadrian rewarded her, by running his hands over her fit body all through the kiss. They practically sucked face, and Hadrian managed to overwhelm Dawn for a minute. Her legs wrapped around him, looking sexy as hell in those thigh high boots that she was wearing.
His fingers crept against the back of her head, and he pulled away and left Dawn breathless.

"Wow?"

"You haven't seen wow, yet, honey," Hadrian said. "Are you going to get me out of these clothes?"

Dawn nodded and unwrapped her gift. The shirt buttons flew off. Dawn wanted to tear into him, but she almost felt like a bitch tearing into such an expensive shirt. Once she had the garment off of Hadrian, Dawn flew into a passionate series of aggressions. Harry grabbed onto her ass and squeezed it, making her moan and it encouraged her to get to work to get his pants.

Shaking hands made this a bit trickier than it needed to, but Dawn managed the trick and managed to get these pants off of him. They came down over his ankles and Dawn looked at his bulge. She managed to swallow when staring at the outline out Hadrian's pants. His thick rod threatened to stretch the fabric out, and Dawn pressed the palm of her hand against him, sending a heat through him.

"That's for me?" Dawn asked.

"Yes," Hadrian said. "All for you."

Dawn broke out in her sigh, wetness pooling into her panties. She held, in her hand, a nice piece of male endowment. Longing rippled through Dawn's body and she wanted Hadrian to rip her panties off and shove it into her pussy, making her addicted to it. The seeds of a potential addiction had already been growing.

Yet, it would be rude not to touch it, maybe to kiss it a little bit. Dawn kissed the tip of the cock and it twitched. Her lips parted almost all the way and she licked him from the head down to the shaft. Dawn put his balls into her hands and gave them a squeeze. Harry gave her a smile as her body flared up with energy.

"Take your time," Hadrian said to her. "We have all night."

Another smile which moistened the panties of women and filled Dawn with more than enough confidence to take on the entire world. And take Hadrian's big cock deep into her mouth. She could not, she would not, she needed it, and needed it now. Dawn pushed her warm mouth against his cock head and eased it a little bit into her mouth. The first few inches slipped between her lips and down her throat. The girth and the size made Dawn gag. Hadrian lightly grabbed the back of her head and eased himself in.

"Take your time."

His encouragement caused Dawn to relax and to enjoy what she was doing. And the light groan coming from Hadrian showed how much the powerful sorcerer enjoyed it. Her lips pressed against him, and guided all the way down the base. A loud suck followed the deeper Dawn came down onto his manhood. Hadrian groaned in pleasure, the faster he edged into her mouth and Dawn was glad that she had him in there.

She was such a good cocksucker, like her sister and mother. Hadrian pushed further into the beautiful mouth of Dawn Summers, her bright and curious eyes locked onto his. A sensual purr came from the youngest Summers, when she worked Hadrian deep and fast down her throat. His thick balls cracked against her chin the faster Hadrian pushed deep down her throat.

"So good. You're talented, Dawn. Your mouth is amazing...but Buffy was able to take a little bit more."
The competitive spirit between siblings never failed to spark something interesting. And what was interesting was Dawn's tight mouth slipping. She took Hadrian down her throat. Dawn sucked breaths through her nose, but managed to get the hang of this. The hang of pleasuring her lover and taking every single last inch of meaty flesh down her throat. Dawn grabbed onto his back and edged herself down to the base, almost all the way.

"All night," Hadrian reminded her. "Although, maybe you should play with my balls. Don't you want to feel how heavy they are?"

Rhetorical question was rhetorical? Dawn grabbed Hadrian's balls, her silky fingers caressing them. She realized how heavy they were and how much she wanted them. Dawn closed her eyes and wanted to be choked out by his seed. She would swallow it all because good girls always swallowed.

At least that's what Faith told her.

A hand pressed against Hadrian's backside and another against his balls. This gave Dawn the traction she needed to stuff that big meaty prick all the way down her throat.

"Almost there," Hadrian told her.

Dawn understood that and kept bobbing away on him. She sucked in heated breaths and finally, finally, the gift she craved this entire time came. The cum blasted all the way down Dawn's throat with Hadrian riding her mouth all the way. She was careful not to waste a single drop of the precious commodity just oozing out of her.

"Mmm, so good," Hadrian told her. "You're my perfect little cocksucker."

That compliment caused Dawn's ego to give a boost. She pulled away from him. Several more drops of cum splattered on her cheeks and nose. Dawn quickly cleaned the fluids and made a production for sucking them down. That made her nipples tingle and her pussy throb.

The younger Summers rose to her feet and dropped her bra. Hadrian looked over perky breasts, liking what he saw. Dawn did a little dance, although she almost laughed given how cheesy it was. Still, her hands running over her sensual body, dripping with sweat, more than made up for it. Dawn put her fingers into her thong and bent over, pulling it down. She showed Hadrian her pussy and Hadrian leaned in to cup Dawn's wet core and cause her to feel lust. He pulled away and Dawn looked over her shoulder just in time to see Hadrian licking her fingers clean.

Dawn just smiled and went for her boots. Hadrian stopped her.

"Leave them."

Dawn just shrugged and moved over. She pressed her naked body against the sorcerer's, grinding up against him. Hadrian put his hands on her shapely hips and ran a finger down her leg. She smiled as her pussy ground up against him.

"I'm going to ride you," Dawn said. "You're going to be more fun to ride than any stallion...but it's only fitting, given your nice big horse cock."

She kissed Hadrian's neck and Hadrian responded by running his fingers all over her body. The tension spreading through her made Dawn's nipples push against his strong chest.

The next play left her on the bed, and left Dawn dripping horny and wet. She knew what was going to happen and knew that she was going to get this invader. All of the toys she used, was not going
to prepare her for this. Even having her virginity taking with a strap on cock, that would not be enough.

Hadrian climbed over the top of her and pressed his body against hers. Dawn enjoyed the moment and enjoyed the heat that they shared. Her leg lifted up over him.

"I'm so wet for you."

"I want to taste you."

The battle in Dawn's mind began. Having Hadrian go down on her, that would be fun. But, damn it, she needed his cock in her and yesterday.

Of course, she was not in control of this, he was, and that began obvious when Dawn melted like butter with the first kiss on her nether regions.

Hadrian's strong sense of smell allowed him to know when this woman wanted this. He knew he was very close to her and he knew that he could go down on her, eating her pussy something fierce. Dawn spread her legs and broke out into a sigh which obviously burned with nothing other than passion.

Melted like butter underneath his hands, Dawn Summers did. Hadrian pressed his lips to her and started to suck on her, making Dawn squirm and shake all over the bed. He knew exactly where to hit her and hit her hard. His tongue pressed against her and made Dawn leak.

Hadrian was on top of her and tongue deep inside of her pussy. Dawn closed her eyes and let out a very intense moan. Yes, he was doing things to her that would make many women just collapse in a puddle of her own juices.

The tasty juices coming from Dawn were different from her sisters. Buffy's was more of a taste akin to freshly plucked cherries, while Dawn's was lemony, but they were very nice all the same. It was very hot to go down sisters, and Hadrian intended some day to bed them both at once, forcing them into a game where they would try and top each other.

And it would be interesting to see who topped who, in every sense of the world.

Dawn's orgasm was stopped short, and Hadrian pressed against her. She looked up, breathing heavily. The frustration on her face was extremely adorable and Hadrian knew exactly what buttons to press now. He pressed up against her, kissing down her body, before rubbing his cock against her, but he did not go inside.

Hadrian repeated this process six times, each time making Dawn more sexually unhinged that he was not shoving his big prick inside of her body. Finally, on number seven, Hadrian slipped into her.

It was like a glass of water had been splashed in her face after being out in the scorching heat all day. Dawn's insatiable thirst had been quenched by this god among men thrusting into her body. Touching every inch of her flesh, which felt like it was on fire and only burned with more passion. Her legs wrapped tightly around him and gave him all the more reason to rise up and drop down into her.

"Worth the wait?" Hadrian asked her.

"Mmmm."
That soft sigh made Hadrian break out into a wide grin. He knew every thing he needed to do to make Dawn crave him. The thrusts were long and slow, and each one, he could see how much she craved them with the lust dancing in her eyes. Dawn parted her thighs and made sure he was in her, and deep.

"I never dreamed it would be this good…." 

"Things are about to get better," Hadrian said. "Much better."

He pulled out of her and Dawn whined at the loss. Her anger at Hadrian dying her faded as Hadrian was now on his back. Dawn smiled and climbed onto him. The thickness pressed against her entrance, and Dawn bit down onto her lip. It took a second for Dawn to adjust before her warm box sank all the way down to take Hadrian into her. Now, Dawn rode Hadrian like a pony and loved every single last minute of it.

Dawn's body rocking up and down on his manhood was a gorgeous sight. He could feel her boot covered legs and feet hitting them. It felt good to have such a sexy young woman wearing sexy boots. She's all grown up now and Hadrian smiled. He committed the visual of Dawn biting down on her lip and riding him all the way to her conclusion.

"It's time."

While Dawn's mind did not quite process what Hadrian meant, her body knew. The orgasm which built up in her body throughout this entire session exploded. It was much more pleasurable and caused her body to hum far more than if Hadrian had just made her cum straight away. She appreciated the chase more than anything else.

Hadrian sent jolts upwards, starting at Dawn's legs through her body. The slow ascent to another orgasm began and Dawn continued her ride, stretching herself on the meaty breeding rod underneath her. She broke out in a very passionate cry, the lust building over a prominent period of time.

"Mmm, so good," Dawn breathed in pleasure. "You are the best."

"You're pretty damn good yourself," Hadrian said. "Why don't you cum for me one more time?"

Just one, oh Dawn thought she could do better than that. She could cum over this big cock.

"When you cum, don't pull out," Dawn said. "I want to experience everything."

While he had no intention of doing so, unless she told him not to, Hadrian suspected she would not want him to. Most women didn't. While she was not a virgin, and Hadrian figured that he had Faith to thank for that one, she was still tight and taking his prick was like getting her innocence taken all over again.

Hadrian allowed her to ride all the way through this next orgasm. Her body flared up and Hadrian enjoyed the milking job her walls gave, in an attempt to get his bloated balls to expel their seed. He held on, knowing that the end would come soon enough.

And the end came upon Dawn's seventh orgasm of the evening, drawn out over a period of many hours. Dawn only held out through sheer force of will. Upon the seventh orgasm, Hadrian came along with her. The sheer volume of cum caused her insides to cry with pleasure. It was like someone busted a damn and the seventh time she came, it fired into her body, spilling out until she finished her ride.
The release was amazing with the anticipation behind it. Hadrian watched the sexy brunette, dripping with sweat and other bodily fluids, craving his cum. Yes, it would be a nice visual to take through the day, although not was nice when he had both sisters at once.

Dawn dug her nails against Hadrian's chest and moaned, riding him all the way to the end. She did not squander anything and Hadrian laid back, allowing the budding sex kitten to milk him every single last drop. At least for now, but there will be other times.

She ran out of steam, mostly due to running on fumes. The last few blasts of cum filled into her.

"I love you," Dawn breathed.

"And I love you too," Hadrian said.

There were many women worthy of his love and intention. The energy both shared ended when Dawn slumped against him. She would need a nice long rest, of maybe the entire weekend, to recover from this pounding. Thankfully, over time, the girls build up their endurance.

Hadrian made sure Dawn was safely in bed. He kissed her lightly on the forehead and caused her to break out into a soft sigh.

A figure lurking outside of the door caught Hadrian's interest.

"May I help you?"

End.

Next Chapter 8/13/2018.

Thanks for the support and I'll see you in the next chapter.
The pitter-patter of rain against the window is something which lulls Harry Potter into a calm state as he works over several papers in his office. A rainy afternoon gives him the excuse to catch up on things.

An alarm from outside of his office goes off to bring Harry out of his work. He braces for an incoming speeder. The papers on his desk way down just in time when Jesse Wells, also known as Jesse Quick, appears in front of her. Harry leans over the desk and smiles at her.

"You know the first time you sped into my office, it took me a lot of time to make sure it was back in order."

"I'm sorry about that. Really I am. Although to be fair, don't you have magic which can get things done a lot quicker?"

Harry just gives her a smile. The sheepish look on Jesse's face causes Harry not to be too mad at her for too long.

"So, why did you come into my office at the speed of light?"

Jesse just shrugs and looks Harry in the eye. He senses the look of a young lady who tries to find the words of what to say. Despite being so smart its almost obscene, Jesse has her moments of social awkwardness which endears her to Harry. Most of them are around Harry. The adorable look on her face causes Harry to just smile and disappear for a minute. He returns with a cup of coffee in his hand and hands it over to Jesse.

"Mmm, you got me a Jesse Quick. How nice of you."

"Well, given that I've had the real Jesse Quick, it's not nearly as creamy as it should be."

Harry's frank statement causes the coffee to come out of Jesse's nose when she becomes torn between being indignant and being surprised. She breaths in and Harry saves his floor from the coffee stains.

A second pause occurs before Harry leans a bit closer to Jesse.

"So, what can I do for you?"

This question obviously does not help whatever state of frustration she is. Jesse leans in and puts a hand on Harry's chest. A flicker of something in her eyes flashes. Harry smiles, knowing how speedsters can get under certain circumstances. Jesse, Iris, Brianna, Whitney, and others prove this time and time again.

"Well, a lot actually. Over the past few weeks, I've been feeling myself getting stronger and faster."

"That's great."

Harry senses a but coming in and he waits for Jesse to comment.

"I'm also getting horny to the point where it's distracted. Every time I run, my nipples get hard, my
pussy aches, and I think...well I am horny enough to fuck a horse...and I'm not into that sort of thing...only men with cocks like one."

"I wouldn't dare imply anything."

"My father...well tends to forget the fact that I'm nineteen, and besides, going to your Dad for something like this, that's just kind of weird. And he's...well ever since Mom died, I think he shut himself off for those particular desires. Not that I want to think about that because...well what daughter wants to think about that?"

Harry just smiles and leans in. He can feel Jesse breathing up against him. His hand wraps around her waist and pulls Jesse ever so closer towards him.

"So, we're going to have to do something about this, right?"

The energy coursing off of Jesse draws Harry in and entices him to indulge in the woman. She's ten years his junior, but still has a maturity and intelligence which attracts Harry to her. The brainy brunette speedster moves ever so closer towards them and they meet lip to lip with each other with a kiss.

Electricity courses through their body. Harry pushes a finger against her backside and a moan follows from her. Jesse deepens the kiss and tugs on Harry's clothes. Jesse pulls away and covers his body with kisses.

She rips open his shirt. Never one to be patient, Jesse jumps in and kisses his abs and chest. Her hands swarm over his pants and removes them to reveal Harry's body in all of his glory. She steps back.

"You're overdressed, Ms. Wells."

Jesse takes her time in undressing. Her top comes off to reveal two very firm breasts standing tall with nipples so hard they can cut through glass. So thick and so juicy Harry reaches out to grab them. Jesse moans in his ear with Harry squeezing her chest. The good working over of her chest and then her tight stomach drives Jesse over the edge.

Harry helps Jesse out of her pants. Her shapely ass finds its way into Harry's hand as he kisses her. The point of his cock rubs against her thigh and Jesse grinds up against him. He reaches around and feels up and down the back of her legs before cupping her ass. Jesse pulls away from Harry and grabs his cock before squeezing it.

"I want your cock in my mouth."

She drops down onto the ground and the object of her obsession strikes Jesse in the face. Her tongue moves around his cock at a super-fast speed and hits all of the pleasurable points. Harry steadies the back of her head right before Jesse drives down into her.

"Always such a sweet little mouth."

A grin follows with Jesse driving forward. She picks up momentum and inhales Harry deep into her mouth. The feeling of her tight mouth and daring tongue dancing on the underside of him forces Harry deep inside of her. He keeps a finger on the back of Jesse's head and keeps guiding his way inside of her mouth.

"It's very...good. Keep sucking on my cock. Suck on it hard!"
Jesse sucks on it hard already. Her mouth vibrates around the edge of Harry's cock and sucks him deep inside of her mouth. Jesse's lips part to work more of Harry inside of her mouth. Harry holds the back of her head and spears a tiny bit further into her. The feeling of his balls smacking on loop against her chin only makes Jesse speed up a little bit more.

The desire Jesse shows when sucking his cock makes Harry only drive in. Her fingers start to vibrate and massage his cock. She grabs and releases them allowing his swinging balls to hit her in the face. One look at her eyes, clouding dark with lust, shows how much Jesse wants what Harry offers her.

A push forward drives Harry deep into Jesse's mouth and sends the seed spraying into her throat. Jesse leans in and sucks his cum out of his balls. The first taste of his cum only accelerates the lust Jesse feels. She goes down onto him and gives him a blowjob which canvases every single inch of his phallus in a blink of an eye.

The soft sensation of release brings his entire load down Jesse's throat. The second she finishes, Harry clears off the desk and grabs Jesse. He throws her onto the desk.

Jesse's body jolts into attention as Harry touches her. Her skin burns due to tapping into the speed force and is quicker to arouse now. Harry pushes all of her buttons, running down the side of her face, neck, skimming her breasts, and side, before massaging her thighs. Jesse jolts up and she can feel the tingles in her body.

"You...you just know how to get me riled up, don't you?"

He keeps riling her up with each touch. The reaction of Jesse's lovely skin, shifting underneath his fingers makes Harry dive down into her and start lapping up her folds. This results in Jesse crying so loudly in pleasure. So loudly someone sitting in Earth Thirty-Eight can hear her. Jesse jerks up into Harry's face when he holds her down and keeps drinking from her wet pussy.

The sweet nectar coming out of Jesse makes Harry dive into. She is more creamy then the Jesse Quick coffee drink with a sweeter honey taste as well. A tongue vibrates in her and makes Jesse's fingers grab onto Harry's hair. The back of his hair scorches and promptly grows back in seconds thanks to magic.

Harry eats Jesse out to an amazing orgasm. A finger brushes against Jesse's tight stomach and then down between her thighs to rub it. Harry pulls out and then licks the outside of her wet pussy lips before diving into her.

"So, will this be called a Jesse Quickie?"

A roll of her eyes follow before Jesse lets out a cry of pleasure. Harry rotates a finger inside of her and makes her hips keep jumping up off of the table.

"Less...talk...more sex."

Her lack of patient makes Jesse pay dearly as Harry torments her with a slow and drawn out orgasm. He hits all of the points which cause the most sensitivity. The insides become molten and hungry for Harry inside of her. She almost oozes until Harry pulls away and circles around her pussy with kisses. He hits everything other than the warm heat between her legs.

Jesse almost vibrates through his desk. Harry pinches the back of her leg and causes her to shoot up. Every single nerve in her body calls for even more.

Each tick of the clock represents another moment Jesse lacks the feeling of Harry burying inside of
her. He tastes her for a very long time and it feels good, makes her excitement peak. She just wants more. One little taste drives Jesse completely over the edge and brings her closer to what she wants and what she wants Harry to give her.

Harry locks onto Jesse's nether lips and kisses them deeply. He slips a tongue and holds on with Jesse rolling her lovely legs against the back of his shoulders. Harry picks himself up off of the desk and motions for Jesse to get up.

Like a dinner bell being run for her, Jesse dives at Harry and knocks him into the wall. A table almost tips over. Jesse wraps her legs around Harry's waist and gives him a lustful kiss. Her warm box closes in on Harry's hard shaft, getting ever so closer to entering her. She descends down onto Harry's big cock and screams out.

"FINALLY!"

Jesse grinds against him and ensnares and releases him. She manages more pumps for minute inside then any woman. Harry matches her speed thanks to his magic and pushes into her.

"Just...imagine if you were...a speedster...too."

"On top of magic?"

"Mmm hmmm!"

Harry hits a good point to fill her up. He rubs over her nipples and sends Jesse spiraling over the edge. The pleasure keeps escalating all over her body. Jesse grabs onto Harry's shoulder and takes more of his cock inside of her body. She slaps down onto his cock faster and faster with momentum just escalating between the two of them.

"People on the Internet will complain even more about me being overpowered as fuck."

Jesse tries to tell him that she will not mind. Only the depths his cock go block out any rational thought and instead drives her completely over the edge. Her hips rush forward and take as much of his cock inside of her. Their bodies move against each other like a blur. Every inch of Jesse calls for attention and Harry's more than willing to give her everything she wants.

Their bodies end up entering a bright light where the world slows down around them. The only thing which matters is the hyper-fast fucking the two of them engage in as their orgasms urge ever so closer. Harry tugs on Jesse's nipples and sucks it to make her feel really good. She grabs onto the back of his head and keeps sliding down him.

"Closer."

It explodes all over Jesse. Her nerve endings just rush over to the top and she enters some hyper-force of lust the deeper Harry plunges inside of her. Harry rams deep inside and pulls almost all the way out before sliding down into her.

Harry enjoys the plunge with his balls dancing against her thighs. He pulls almost out and then drives into Jesse with repeating thrusts. The further he goes in, the better it feels. His balls ache and demand release. He and Jesse entangle in each other with their indulgence just increase. Harry gets closer.

"I can feel it. Cum with me! Cum with me hard!"

Her walls clamp and release Harry as fast as humanly possible. Harry matches her motions with
Jesse clamping down onto him. She moans with Harry's mouth just attacking her on all angles.

"I'm ready."

Those words just spark desire between both of them. It's almost like something holds back and that something threatens to break out in Jesse. Harry pins her against the wall and rams into her from behind. The tension of her tight muscles and the rapid rate they milk his cock makes him get so closer. He grabs onto Jesse's thick booty and pushes into her as hard as possible.

Jesse almost vibrates through the wall from the orgasm. Harry holds her back and pulls her back for the last round. A sticky load hits its mark right in Jesse's sopping pussy and results in Harry finishing up. Jesse holds on and milks him all of the way with Harry clutching her body tight when he finishes up inside of her.

The dust settles, literally given how fast they fuck, and Harry pulls up. Jesse wraps her arms around him to hold steady.

"So, did that solve your problem."

She leans in and presses her chest against his.

"If I relapse, I know where to find you."

Unfortunately, her body pressing against his triggers Harry which triggers Jesse and the never ending race starts all over.

End.

Hair Raising (Rapunzel and Medusa)

Hair Raising (Medusa from Inhumans and Rapunzel from Tangled)

The erotic sight greeting him enticed Harry a great deal. Rapunzel and Medusa sat perched on the bed, with their long hair draped suggestively over their lovely bodies. Rapunzel smiled at him and Medusa rose to her feet before beckoning him over.

"Hello, my lord," she commented in a purr. "You look well, but perhaps a bit overdressed. Perhaps we can help that."

"We really should," Rapunzel said. "And we're happy to see you."

Despite Medusa being the first to rise to her feet and greet Harry, Rapunzel was the first to kiss him. Harry reached over and put his hand on her lower back. The two of them made out for a few seconds as Rapunzel pushed her hands all over his body and crumpled his clothes. The kisses grew more intense and more aggressive, as she unbuttoned his shirt.

Medusa slipped behind Harry. Her hair moved down his body and worked to unbutton his pants. They came down below his ankles. Medusa pressed her breasts against his back when the shirt came off as well. Those nipples touching his bare body made him groan. Several more strokes followed with Madusa rubbing her chest against Harry's.

"Oh, we're glad you came by to see us."

Harry cupped Rapunzel's jaw and planted a few light kisses to it.

"I wouldn't turn down two beautiful women," Harry told them.

"Yes," Rapunzel agreed. "Especially when they are here to worship their king."

She squeezed his huge cock through the final article of clothing and made Harry's hips jump forward. Rapunzel wasted little time sliding his pants down and revealing his endowment to the entire world. The tip of his huge cock pushed out for her and Rapunzel slid a hand almost all the way down it. She stroked him, ever so lightly, adding some immense heat from her palm all the way through his manhood.

"Mmm," she breathed.

"Keep doing that, my love."

"I'm going to do more than touch it in the minute."

Her golden tresses naughtily rubbed down against his balls and caused Harry to jump up. Rapunzel formed a tight grip around his cock with her hair and started to tug it while Medusa rubbed her red locks between his legs.

"Are we spoiling you, my king?" Medusa asked him.

Harry closed his eyes. Building a collective of some of the most beautiful women of royalty was most certainly a good idea. And he could not get enough of these dashing and gorgeous women. Especially considering after teasing him with their hair, Rapunzel and Medusa both dipped to their knees. His huge piece of manhood came out.
"After you, honey," Medusa told him.

Rapunzel smiled at her mentor and leaned in to touch the tip of her wet tongue against his manhood. She stroked his inner thighs with her golden hair before driving all the way down onto it. His hunky piece of meat slammed into the prison of her warm mouth, the musk driving Rapunzel over the bend with an immense amount of lust. She dipped her fingers against him, stroking his balls and causing them to rise up into her mouth. She licked his head and then came back around, slurping him over the next several minutes and really pleasuring him with her nice mouth.

"That's perfect, right there," Harry groaned for her. "Go...go and do that."

She leaned into him and sucked his meat into her mouth. It sprung back far into her throat and Rapunzel just closed her eyes, enjoying the feeling of his thick, throbbing cock pushing into the back of her throat. Rapunzel leaned on in and pleasured him.

Not to be forgotten, Medusa leaned in and sucked on Harry's balls. The feeling was even more amazing.

"You two are the best," Harry groaned. "Working together like that."

Pleasure danced through Rapunzel's eyes when worshipping her king. She needed this, more than anything else in the world. The Princess drove her mouth further and faster down onto Harry's long hard manhood, sucking it until it hit the back of her throat. Rapunzel spun her tongue around him and kept working him until the heat just danced from her mouth all the way to the tip.

"Almost there," Harry told her. "Do you think you can last to the end?"

Rapunzel looked as if she would make an honest attempt to go the distance, especially with that manhood just pushing into her mouth. Harry hung on and stroked her hair. There was nothing better than the tingles he caused when the electricity flowed through her golden locks the faster and faster Harry plunged into her mouth. Rapunzel's widened eyes stared up at her man and she released him from her mouth. She made a sound as if to indicate pleasure.

"Go ahead and cum in her mouth," Medusa breathed. "You know there's plenty more in there than you have now."

A few subtle strokes and her hot breath edged Harry a bit closer. Rapunzel's beautiful expressive eyes locked onto him and Harry could do nothing more than to ride her mouth to the edge. Rapunzel hung on, determination in her eyes making her extremely hot and Harry wanting to fire every last drop of his essence into her mouth. He rocked back and finally it hit.

The pleasure of release in the mouth of such a beautiful princess.

"Oh, take that all in your mouth, my dear," Harry said.

"Yes," Medusa agreed. "It would be rude to waste a drop."

Not wishing to be rude, Rapunzel drank down Harry's seed. The rush of it going into the back of her throat was a very impressive thing. The sheer amount those balls held combined with her stroking soft fingers pumping him made this a very good feeling.

She left enough left over in her mouth to share with Medusa. After all, Medusa was part of why Rapunzel got this amazing gift from her king.
A soft smile, slightly innocent but also naughty, spread over Rapunzel's face. She and Medusa, while still on their knees, lean forward into an extremely passionate and scorching kiss. Their bodies melded together, with the immense heat getting them so hot.

This brought Harry's attention back onto them and also caused the blood to flow back to his loins instantly. Their hair tangled together in a very hot sensation, with their warm lips smacking back and forth. Not to mention, while their tongues battled for domination, their hair also locked into a firm battle to see which of the two of them would win.

Medusa's experience won out over Rapunzel's youth and energy. The Inhuman Queen pushed her locks against Rapunzel's and caused her to moan deeper. Medusa submitted this young Princess to her will and it was extremely hot for many ways.

The two ended up on the bed once again, with Medusa pinning Rapunzel down on the bed. Rapunzel's soft golden locks pressed against Medusa's hot body, and caressed her. Medusa used her own wild red hair to pin Rapunzel down underneath her, and the two lovers made out with extreme fury. Their lips smacked together, with heat pressing upon them.

"Mmm..mmmm!"

"Mmmm!"

Really, that said it all. Harry climbed up behind them, and took a taste of their sweet pussies. Medusa's was as sweet as honey, while Rapunzel's was as warm as sunshine. He alternated and then split his tongue in half with a nifty little magic trick, so he could eat their pussies both at once.

The rewards of the duel tastes was second to the rewards he received from the moans of both women, when Harry licked them out. He could sense their orgasms coming along and was going to do everything possible to bring that out of them.

Rapunzel's mind cascaded in pleasure. She really wanted a piece of Harry, and wanted him now. Even though Medusa would likely jump the line. Still, maybe if she worked hard, she could distract Medusa and jump in. A small, but shaky plan formed in the head of the Princess.

The tongue inside of her reminded her of Harry's oral proficiency. The warm hissing against her tight pussy made Medusa just explode into lust and she came constantly over him. He was tracing a pattern inside and hitting all of the spots. All of the spots which drove the Inhuman Queen nuts and driving her breasts against those of the young woman underneath her.

A second passed as Harry left both women dripping. The taste of both of them on his tongue caused Harry to break into a smile.

Medusa rose up to her feet, hair stretching behind her and pinning Rapunzel down. She climbed onto Harry's lap. His sizeable manhood pushed against Medusa's flat stomach. She leaned towards Harry, while he cupped her breasts and caused her to moan in pleasure.

One of the tendrils of hair brushed Rapunzel against her sensitive lips. But, that was only part of the problem. She could see Medusa about ready to mount their king. Despite her best efforts, although they were shaky, Rapunzel was not going to feel Harry's amazing penis inside of her. The thought caused her to burn.

"Oh, get on with it already!" she moaned.

"Am I making you tense, Princess?" Medusa teased. "Well, I think that I should worship my lord a little bit before having him take me."
Medusa rubbed her breasts against Harry's body. Harry took them and squeezed them. He could feel the outline of her lips kissing his Queen tamer. Medusa smiled and looked extremely erotic. The fact she used that amazing red hair to pin Rapunzel down and made the younger woman squirm, well that was also an extremely amazing visual to say the least.

"I need you," Medusa breathed.

"I'm here."

"Good."

After those brief exchanges, the next movement resulted in Medusa dropping her warm pussy down onto Harry's big, throbbing manhood. She closed her eyes and her hands around him, pushing up and dropping down. Another loud smack echoed with Medusa clutching onto Harry for the ride of a lifetime.

The rise of pleasure dancing through the Inhuman Queen's body made this a very sexy ride. Harry put his hands on her and rubbed Medusa's chest to cause her to break out into a series of extremely passionate moans. Harry took her chest and squeezed it, constantly, pleasuring Medusa over and over, to the point where she rode him intensely and slapped her thighs down onto him.

Rapunzel could not believe this. She really wanted Harry inside of her. And Medusa's hair, no matter how nice it felt, was only a mild substitute for her king's rod. She imagined Harry pushing into her from all ways. A few seconds later, Rapunzel leaked all over the bed, the sexual frustrating getting to the poor women. She could hardly hold on for more than a few seconds.

"Touch me, my king," Medusa encouraged him.

"Oh, I think that I'm going to do more than touch you," Harry said. "You can't hold back and you can't help but be this way. You can't help and crave what I'm doing you. My touch and yet, so much more."

Harry palmed Medusa's chest and caused a blast of pleasure to go through her. Most of the pleasure channeled through her nipples. Harry flicked them, pinched them, twisted them, and then when he really got Medusa on the edge, sucked on them. Medusa closed her eyes and rubbed Harry's hair, encouraging him to dive deeper down into her chest and make her cum.

She exploded, all over Harry's big meaty cock. The edge did not get taken off of her, oh no, the edge increased and it sent Medusa into fits, convulsions of pleasure. She closed onto him and took him faster inside of her. Medusa closed her nails around him and breathed in his ear.

"Your turn, my love."

"When I'm ready."

Medusa's torment had been drawn out a few ticks and a few strokes. She knew that Harry would be holding on to make her want him the most. Well, Medusa did not know how much more she could potentially want Harry. Still, his hand stroking her legs made this a very pleasant ride and his mouth worked so much magic. He pushed against her body.

"Oooh, fuck!"

Rapunzel's blonde curls snapped back to life and was now stroking Medusa's body, in an attempt to help Harry finish her off. Harry just smiled at the younger woman on the bed. All while taking his hand and bouncing Medusa for several more minutes up and down, to keep the edge on her.
Medusa was almost done a second time.

"And again."

Medusa had no choice other than to cum again. Her body reacted very nicely and entered a perfect dance with Harry. His fingers palmed her chest and released them. A couple of bounces made Medusa just break into hot moans, with Rapunzel also stroking the underside of her breasts with that beautiful hair of the princess's. Harry cupped her chest and slammed deep inside of her.

"Baby, your mine," Harry groaned. "You want to cum for me again?"

"YES!"

Medusa let out a howling moan and just made sure her entire body made contact with Harry's. It was everything she ever wanted, to feel his thick manhood slam inside of her. He rocked Medusa's body and sent her just over the top with a constant wave of pleasure. Harry roamed all over her body and made Medusa whimper, the lust building through her body.

"Yes," Medusa said. "Yes."

Harry pinched her nipples and released them. Medusa knew exactly what buttons Harry needed to push and he pushed them well to get Medusa to cum, constantly, over and over again. His fingers worked her body and caused her to tremble.

"One more time."

One more time, not nearly enough in Medusa's mind, but she went for it, clamping down onto him. Medusa released him in a flood of juices, biting down on her lip in the most succulent way possible. Harry buried his face into her chest and sucked on her big tits to make Medusa more vulnerable.

This time it was Harry's turn upon the clenching of Medusa's insides. Her molten hot pussy clamped down onto him, and Harry filled her up with constant thrusts. His balls hit her hard on the thigh, bouncing Medusa up and down on his prime rod. Medusa closed her eyes, the desire burning through her getting beyond intense. Harry pressed his hand against her nipple and made her just break out into a fit of moans.

Harry filled Medusa, in more ways than one. His balls pumped an immense seed into her.

"Fill me, my king."

"YES!" FINISH HER!"

Rapunzel's hands finally had been freed due to Medusa's attention being diverted completely to their king. As a result, Rapunzel furiously masturbated herself, until her fingers had gone raw. She broke out into a pleasurable chain of moans, the lust raining down on her body.

Harry bounced Medusa several more times, allowing her to drain him of his seed, at least this round of it. Medusa held onto him.

"You want a taste, honey?"

Harry positioned Medusa on the bed with her legs spread. Rapunzel darted over between Medusa's legs and this time, it was her hair who pinned the other woman down on the bed. She leaned into Medusa and devoured her king's gift, sucking the seed down like it was her first meal in a week.
She looked hot as hell rising from Medusa's thighs and Rapunzel spun around onto the bed. She climbed onto Harry's lap and mounted him. Her perky breasts bounced when she adjusted herself.

"So, I want you badly," she said.

Harry rubbed his length against her gushing slit and smiled.

"I can tell….I want to do this when you're on your hands and knees though."

"Something new?" she asked.

Rapunzel gave Harry a hell of a view, her hair parting like a curtain against her peach ass. That left her open to taunt Medusa, should the opportunity arise.

The warm hands of her king pressed against Rapunzel and caused her to break out into a pleasurable moan. Harry was inches away from going inside of her and he closed the distance. The prize she sought finally slammed into her and took Rapunzel.

"YES!"

Harry touched every inch of Rapunzel's sexy body. He knew exactly where all of the hot spots were, all of the spots which would drive Rapunzel over the edge with pleasure. He danced all over that body and sent her twisting, moaning, with his manhood working into her.

The sorcerer knew exactly how to get his women moaning and this one was no exception. Harry slid his finger deep against Rapunzel's body, and made her shift around. Harry knew exactly how to make her hum and how to make her drip.

The slow edging of her orgasm began and Harry's hands, with their endless stretch, rubbed all through Rapunzel's hair. This process took several minutes, naturally, and at the same time, it brought the tingles through the body of the beautiful princess. Harry was pleasuring her in every sense of the world and making Rapunzel just moan heavily and hotly. His fingers pressed against her and made Rapunzel just explode into sensual moans.

"Yes, "Rapunzel said. "Touch me...oooh...touch me right there!"

"Are you getting close?" Harry asked. "Would you like to finish?"

"Mmmm!"

Her sweet moans were like a song to Harry, one which he added his own unique beat to. The powerful king pushed into the pretty princess on the bed, slapping his hand against her warm ass. Another couple of cracks against her soft ass made Harry just groan the faster he planted himself into her.

"You can finish all over my cock," Harry breathed in her ear. "Whenever you want, I'm here for you and you're going to finish for me."

"YES!" Rapunzel moaned.

"I'm going to edge you a bit more and it's going to feel good, isn't it?"

Rapunzel could not do anything other than agree with this point. Harry knew exactly when to torment her. Her orgasm dragged on, slowly filling her body with need. Rapunzel's addiction to Harry burned. Golden tresses whipped wildly in the hair. Until Rapunzel could calm down, the
princess had no idea where her wild hair, now dripping with sweat, would go to.

Harry pumped in, moving in and holding her body tight. Her nice skin and beautiful scent made Rapunzel so great, but her warm and charming personality, and the fact she was so loving, that was just the icing on the cake. Harry made sure to give Rapunzel all of the love and attention she deserved, and in return, the golden-haired princess appreciated all of his touches.

Finally, Harry snapped his fingers, practically against her clit, and that sent a tremor through Rapunzel. It launched her orgasm off and allowed Harry to torment her body something fierce. Harry leaned into her, cupping Rapunzel's breasts and snapping them back. He touched her again.

"I can touch you all night and you'd let me."

"I really would….oooh!"

Harry teased himself inside of the Princess's nubile body. He caressed her, every inch of Rapunzel sizzled the faster Harry worked into her. His heavy balls almost, but not quite, launched inside of her body. He wanted to feel her go off one more time.

"Mine," Harry said. "You want to be mine every night."

"Yes, every night and all day, I'm yours," Rapunzel said. "You make me feel…." Words failed her when the warmth overtook Rapunzel's body. Her hair shined bright at this moment the faster Harry rammed into her body. His balls were ballooning with seed and it would only be a second before he lost it into the Princess's womb. Harry spent some time getting Rapunzel's juices flowing, so they can come together.

"In thirty seconds, we're going to both finish," Harry told her. "Bask in this moment, my love...feel it building up. Do you feel it? Do you feel your toes curling, your spine shaking, your body trembling, your mouth going dry?"

"Yes," she agreed. "I'm with you. I want you."

Harry wanted Rapunzel as well. He drank in everything from her, riding her. He could feel the tension rising, especially when her hair slipped to stroke his balls. That proved just how much she wanted this. Harry smiled at the tickle of that golden hair before the first few leaks of cum trickled into Rapunzel.

A leak turned into a flood when Harry spilled his cum deep inside of her body. Rapunzel did not squander a drop, tensing around him. Harry pushed faster into her and made her soak up his seed. It spilled into her body.

Medusa sat up to enjoy the last few minutes. She got on her hands and knees and added a visual steamy makeout session with the princess in time with Harry planting his seed into Rapunzel's fertile fields. The two royals making out added to the appeal.

Rapunzel could feel his seed burying inside of her and it made her feel content, full.

Harry completed his release inside of the golden-haired beauty. After spending a few more seconds exploring her soft, sensual body, and at least two minutes stroking her beautiful hair, Harry pulled out.

The two women straddled either of Harry's legs and stroked his firm muscles and kissed him. Neither women backed down, with their kisses growing more intense and more passionate.
Rapunzel stroked his chest and Medusa stroked his abs.

"So, remember that thing you did with your tongue earlier?" Rapunzel coyly asked in between kisses.

"Yes."

"Can you do that with other parts of your body?"

Harry just smiled and kissed Rapunzel on the forehead.

End.

Hitting The Limit (Tsunade Senju)

"You used to be able to hold your drink a lot better."

Hadrian Peverell, one of the most feared warriors in all of the land, had a big smile on his face. He propped up a woman, who had been walking on shaky legs. She dressed in a white kimono which wrapped around her toned body, with breasts about ready to burst out. A cold shower did not sober her up as much as she thought it would have.

Tsunade groaned. She should have known better not to go out drinking with the Dragon. Even though she more than held her own, he spanked her and put her to bed, and not in the funn way either.

"I swear, you just downed them like water," Tsunade said.

"You could have backed down at any time," Hadrian said. "Pride is a sin, my dear lady."

He helped her into the sauna. No one quite knew how old the Dragon was, only he had stories about him dating back generations, and there were some hints, some wild rumors he also lived for thousands of years in the distant future before deciding to come to the past. Tsunade did not know what to believe, but he was extremely handsome and skilled with her hands.

"One of your massages will sober me up better," Tsunade said.

"If you think so."

"I know so."

Tsunade would have grabbed him and kissed him. If she was not about ready to collapse on her own accord. A gentle, but firm hand glided her on the sizeable platform in the middle of the sauna. It felt soft and cushiony underneath her.

Hadrian rubbed the back of her neck and life had been brought back into Tsunade when he touched her. Those fingertips danced in a very impressive manner and caused warmth to spread through every inch of her body. Tsunade broke out into a slight breath when he danced his fingers over the back of her neck, causing a warmth to spread through her stomach.

"It works better when you strip me down."

"I know….just consider this the preliminaries...and I'll join you when I'm ready."

A smile crossed over her face. His magical hands got the blood flowing back to her brain. And also made Tsunade realize just how much she wanted him again. An addiction spread through her body. Every time they had their sessions, she felt like a much younger woman. There were rumors that the Dragon's essence held restorative properties to knock the ravages of ages out. Granted, some intended to use these properties for nefarious purposes.

The truth was, if it was not wilingly given, then there would be consequences. His hands rubbed down Tsunade's neck and caused her to breathe in. He stripped her down, her breasts popping out. Hadrian placed his hands on her massive breasts and squeezed them.
"On your stomach," Hadrian ordered her. "So, I can give you the full body coverage."

Tsunade obeyed and laid down on her stomach. She allowed her ageless lover to work all of the kinks in her body and also stimulate all of the kinks in her mind. He moved down, rubbing the top of her scalp, her ears, down her neck, and her shoulders. All the way to her back, and then he squeezed her ass cheeks.

Clothing dropped to the floor for Hadrian to press skin to skin. He rubbed against Tsunade's naked body from behind, every now and then scrapping his most prized tool against her body. She let out a sensual moan when Hadrian pushed down onto her.

He finished rubbing the soles of her feet and sent electricity up through her being. Not to mention arousal, steamy and hot arousal. Tsunade knew exactly what she wanted.

She rolled over for Hadrian to get her front. He spent an extreme amount of time playing with her breasts, squeezing them. All while twelve inches of prime manhood, the pinnacle of endowment, rubbed up against her body. How Tsunade longed to have it inside of her again.

"We shouldn't neglect your facial," Hadrian told her.

She just smiled and Hadrian moved into position. His erect cock found a nice spot in between Tsunade's bouncing breasts. The big stiff prick shoved between her breasts and caused her to break out into a cry of constant pleasure.

Hadrian grabbed on top to her jiggling funbags and pushed inside. He could feel them, clenching his cock and threatening to release his load. Not too soon though, Hadrian very much wished to enjoy every inch of Tsunade's perfect flesh, clutching those breasts, and rocking back and forth. His big balls slapped down onto her and that caused a moan to erupt from her.

Every time Hadrian's swollen head pushed out from her cleavage, Tsunade wrapped her perfect lips around it, and slurped him hard.

"Pound my slutty tits!" she yelled.

Hadrian just chuckled. They dropped all pretext of what they were truly doing and he could hardly fault Tsunade for that. His balls were getting heavy, and it would not be too long before they would need to expel their load all over her body. He touched Tsunade and released her bouncing breast from the palm of his hand. She moaned the faster he drive into her.

"YES!" she called for him. "MORE!"

"Mmm, I'm getting close to getting you that facial you wanted," Hadrian said. "But, I can hold on just a little bit longer."

The eternal conflict exploded within Tsunade, whether or not to be splattered all over her face, or not. His hands rubbed her tits and made her break into a very intense moan. Hadrian pushed his fingers against her and got more than his money's worth.

And she got more than hers. Sex sobered up a woman like nothing else, especially this woman. Tsunade hit a gusher between her legs and her juices splattered all over the platform. She sweated and not just because of the sauna. Hadrian milked her large jugs and pushed deeper into her.

Finally, finally, Hadrian finished off all over her. His seed splattered like a constant wave, firing all over her bouncing chest. Tsunade slurped up his gift, getting most of it all over her face and some of it into her mouth. He held onto her tits and rode out his orgasm all over the beautiful blonde's
face.

Hadrian pulled away from her. Just in time, because Tsunade scooped up one of her mammoth tits and sucked it. She locked eyes with the Dragon and smiled, enticing him with this motion. His stamina was already top notch, but this gave it the extra kick in the pants to get it up to another level. His manhood swelled a little bit more, blood pumping from his head.

Tsunade turned over, getting on all fours before him. Her swaying ass was a magnate for Hadrian. He slapped his palms onto it and kneaded her, causing the most delightful sound.

"Don't tease me too much," Tsunade said. "Why don't you bring that big cock over there and give me a refresher of what you're capable of?"

"Time for your weekly injection," Hadrian said.

He blew on her clit and made Tsunade just shudder. He enjoyed the constant wave of juices coming out of the woman. Hadrian dipped his fingers in and out of her.

"More than weekly, please," she begged him.

"Oh, we'll see what we can do about that," Hadrian told her with a very intense smile.

He pushed his cock head against her opening and buried into her. Tsunade's inner walls greedily grabbed him and intended to keep him inside. Hadrian slapped her on the ass to get Tsunade to relinquish.

The beautiful woman's body got back into line. Hadrian swung his balls back and forth, slapping her on the thighs. The breaths coming from her body and the lovely sounds, they were more than enough to drive any man insane and Hadrian, while stronger than most men, did have his limits. He pushed deeper into Tsunade, slapping his hand against her firm ass.

The thrusts slowed their way down. The Dragon measured them carefully, knowing exactly all of the right buttons to push to make Tsunade whimper and squirm.

"Too much."

"Oh, you'll get what you want, in due time," Hadrian told her with a smile. "But, I need to make you earn it. You do value hard work, don't you?"

She did, although in circumstances like this, there could always be too much of a good thing. The time between thrusts were too much. Hadrian knew every stop on her body to make Tsunade break out into a fit of endless pleasure.

Tsunade valued a lot, hard work and his constantly roaming hands. Making her body just explode from all the ways that he touched her, tormented her, made Tsunade drip something fierce. Hadrian knew exactly how to bury himself into her and make her explode in pleasure.

"Yes," Hadrian said. "You value hard work but I think you value something more."

He stretched himself, pulling completely out of her. Only to kiss all the way down Tsunade's luscious body and ended up with his mouth against her ear lobe. The sweet suck caused the woman to lose her body. Hadrian whispered hotly in her ear.

"You value me working you hard, don't you?"
Hadrian kissed the side of her ear lobe and made Tsunade just lose it completely. His very powerful fingers dipped inside of her body, and caused electricity to bombard every inch of her.

"How badly?"

"I want it bad!"

Another push and Hadrian was back inside of her. It was like water splashing her in the face, after being tortured and any liquids being rationed to a bare minimum. Refreshing and good, with Tsunade rocking back and forth against him. His hands touched her round ass and slapped it, hard. The flat of his palms continued to bounce off of her, repeatedly spanking her tight and delicious ass.

"You want it real bad, don't you?" Hadrian asked her.

"Mmm, yes," she agreed. "Give it to me bad!"

Hadrian shoved deeper inside of her, riding out her orgasm. It was a slow creep up, until every single nerve ending of her body begged for her release.

"Now."

Almost on cue, Tsunade lost it all over him. He buried deeper into her, swinging balls hitting her at every single angle. It was hard to gauge how full they are, but they had to be reaching their point, didn't they? Tsunade did not know what to think, other than his fingers danced down her body.

"And again."

This time, her mind almost shattered. Hadrian could break a woman just by making her crave his attention. It made him a very valuable and dangerous threat, and Tsunade constantly thanked herself that she was on the same side. Despite this constant stimulation of her mind leaving her a drooling, whimpering wreck, Tsunade thought that this encounter worked out well.

Of course, he was far from done. The second round was just as intense as the first round. Hadrian pounded her vigorously from behind. Tsunade let out a very passionate cry.

He knew how to touch all of the right places, but why would he? She was starting to believe people when they called him a sex god, because of all of the first hand experience. He slowed down to let what he was doing sink in before speeding back up.

The next little while had Hadrian alternate between thirty seconds of rapid fire thrusts, and about sixty seconds of slow ones, where he spent more time exploring Tsunade's toned, luscious, and sweaty body. He enjoyed every spot on her, her luscious breasts, long legs, and nice ass, flat stomach. Everything about her caused him amazement and wonder and caused her to drip for him.

"Almost there."

Tsunade let out a moan as he predicted her incoming orgasm, almost on cue. Hadrian pulled out of her for a second and let her collapse onto the bench. Her body felt like it was running a marathon.

Hadrian pulled her up and elevated her up off of the bench. She sat perched in the hair. Her beating heart showed the exertion, it rapidly pounding in Hadrian's ear. He wanted to see the look in eyes the next time she came.

With a light shove, Hadrian pushed Tsunade down onto his extended cock and she sucked him in,
greedily. She took as much of him as she could. It felt like heaven, being inside of her nice tight pussy. Hadrian pressed against her back and thrust up into her, a few more times.

"Getting close again," he teased her.

A slight touch her nipple made Tsunade breath. The energy he channeled into her body made her extremely sensitive to her touch. Of course, his massage made her most sensitive spots even more sensitive. Like the spot on the side of her neck which she was sucking.

"Close," Tsunade said. "I'm going to get you to cum."

"After you," Hadrian told her.

Those two words snapped something in Tsunade's mind and almost launched her over the edge. The fit of lust burning through her body caused her juices to soak all over Hadrian's manhood and he smiled when pushing into her.

Every time his balls struck her, Tsunade wrapped tighter around her. The firm and snug fit made her very nearly break. His fingers cupped her ass and squeezed it a couple of times. She knew it was about to come and she knew it was about to cum.

The strong warrior submitted one more time to him, squeezing his manhood until finally Hadrian popped and bathed her body. Tsunade's legs tightened around him and he ran a hand up them, pushing into her all the way to give this weekly injection.

Hadrian always enjoyed cumming inside of Tsunade, given how much she anticipated it and how much she appreciated it. He buried his most prized commodity inside of her womb, the essence saturating it completely.

She collapsed on his shoulder and came out with a moan. Hadrian cupped her chin and pushed her up. A series of kisses to the side of her jaw jolted Tsunade back to life.

"Still with me?" Hadrian asked her.

"Yes," she commented.

"Good," Hadrian told her. "Because, I'm not finished with you."

Tsunade grinned at him and pulled back. Like a particularly slutty angel, she leaned down, and sucked her juices off of his cock.

Once she got him cleaned, then they would get up to more fun. He would get hard and that got her more than ready to receive.

End.

Next Chapter: 8/20/2018.
Immunity Injections (Alice Abernathy and Jill Valentine from Resident Evil)

The latest outbreak results in one huge problem. And with a huge problem, there's a need of a huge solution. Alice Abernathy clicks her tongue when walking into the room. She holds the clipboard of medical tests. A hand runs through her brunette locks. A tight black top and tight black pants fit over her body. She holds the look of a woman who racks her mind for a solution.

She thinks one presents itself although it is a bit unconventional at the moment. Alice figures that unconventional is the exact thing they need right about now. She curls a tongue against her lips and takes a couple of deep breaths.

"I have something which might work."

"I'm all ears."

Jill Valentine stands behind her. The attractive woman folds her hands, wearing a tight blue top and shorts when she enters the room. Her blonde hair is a bit unruly and long today because of the long last couple of months.

"This is the lab which contains Subject H. He has natural immunity to the virus. And tests have been run to verify there's something in his system which may make us immune to any future outbreaks."

Jill takes a second to breath in.

"Are you sure about this?"

A hand on Jill's shoulder from Alice's direction reassures her. Time passes before she nods.

"Yes, we should be able to extract the solution from him. The only problem is the very unconventional way we're going to have to do this...well it's not really a problem if you look at him. He's the epitome of health."

Jill wonders what the hell Alice is talking about. The door to the lab opens and Alice steps in to face the handsome young man who sits at a lab table wearing absolutely nothing. One look at his body causes a warm and pleasant feeling to erupt through Jill. Her eyes follow his body and she sees a prominent object.

"Damn, that...that has to be some kind of side effect?"

Project H turns to Jill with a smile. The smile sets her loins and her mind on fire.

"It's very real. And you may call me Harry. If you want this cure, we're going to have to very intimately involved with each other."

Confusion goes through Jill's mind prior to her tearing her eyes away from the hunk of manhood beside her and turning over to face Alice. Alice places a hand on her hips and just gives her companion a shifty little smile.

"You remember the unconventional way I told you the cure had to be given?"
Jill nods wordlessly, of course she remembers. It will be very hard to forget something like that at this particular point. Her lips curl over with a couple of prominent thoughts in her mind.

"Continue. Please."

"It has to be given through skin on skin contact and through penetration. And for it to work, Project H...Harry will have to impregnate us."

This causes Jill so many questions. She wonders why even bother to argue this. Sure, the perils of pregnancy, especially in the world they live in, causes her great pause. Jill brushes a finger down her body and thinks about it. It will be worth it to be cured and then to be with him.

"I'll go first to ensure the cure works and you can...jump in when you're ready."

Harry smiles and Alice shucks off her clothes to reveal her beautiful body. Nice firm breasts, a toned stomach, wide hips, long legs, and a beautiful complexion. Several beautiful woman come to Harry to get their dose of the cure and Harry is more than happy to indulge him. He moves in and grabs Alice around the waist.

"We don't have to make this too formal."

He kisses Alice on the lips and fire spreads through her body. She kisses Harry back before backing him up against the wall. The feeling of his muscular body pressing against hers sends Alice over the edge. The table is very soft, likely because many women find themselves laying on it to get their shot.

Harry's fingers caress Alice's body. The delightful skin of the young woman burns underneath him. She wants this and Harry decides to give it to her in every way. Her nipples stand up and Harry pushes him.

"The cure distributes a lot better when your juices are already flowing."

No questions enter Alice's mind only the thoughts of having some fun and also getting future immunity from all viruses. Her legs wrap around Harry's waist to keep him in place. He leans down and kisses her. A squeeze of Alice's nipples drives her completely insane with pleasure the more that Harry plays with her.

The juices most certainly flow and more touches do everything. Alice jumps up off of the table the second Harry's cock brushes against her thigh. He's not going to go inside of her yet.

"And the best way to get the juices flowing is to go to the source."

Kisses light up Alice's body and make her toes curl. Every single inch of her body becomes a lightning rod for Harry. Harry keeps kissing her and making Alice breath in pleasure. Her delight only burns even further when twisting and turning. A hand on the back of Harry's head guides him further down her leg.

"Mmm...MMM!"

Harry sucks her nether lips and drives Alice to a fit of never ending pleasure. He keeps on her with a flurry and makes her hips just jump up even more. Harry's licking her in a way which Alice never thinks is possible. His oral stimulation sends her body into a state of convulsions. Then he's deeper yet and eating her out.

The juices really flow down her body and Alice thinks it bodes well for the injection of the cure.
She leans up and puts a hand on the back of Harry's head.

"Keep it up! Do what's necessary to distribute the cure in me!"

Jill watches from the edge of the room. A hand slips down her shorts and she starts to play with her aching pussy. Any reluctance burns away when she sees what Harry's doing to Alice and she wants it done to herself.

"Shit!"

Disrobing from the waist down is pretty good for Jill. She feels her body to the sounds of Alice moaning. Alice's legs kicking up in the leg and rubbing down Harry's back. The fits of pleasure only flying all over the roam.

One finger, then two fingers follow, and three go in time. Jill buries her fingers deep inside her body and starts to push against the wall.

The swirling of Harry's tongue makes sure he tastes Alice's pussy fully. He gets her to squirt all over his face and then pulls away from her to allow Alice to drop down onto the table. Harry ships up and puts hands on her hips before climbing further. Skin to skin content is made when the two kiss each other hard.

Harry spends enough time to make sure Alice tastes the juices flowing down from his mouth. He deepens the kiss and tastes her sweet mouth. The soft lips enveloping his only pale to the soft lips which soon wrap around his cock. The moans from the third occupant of their little party only gives Harry a hint of things to come.

He pulls away from Alice and rolls over onto his back. Alice takes the hint well and climbs onto him. Her legs press down onto his and the tip of Harry's cock rubs against her trim belly. Alice leans in with a growing smile and puts a hand on Harry's head. The two move in with each other.

"This might stick a little bit."

"I'm not afraid of a little prick...or a big one."

Alice grinds against his cock and Harry decides to let her have it by sliding his manhood into her very willing slit. It's so wet Harry slides in with ease with one shot. He holds onto Alice's breasts and squeezes them she sinks into him.

"Make sure you stay with me all of the way. You need to take all of the cure for it to work."

Two large balls rise up and slap Alice firmly on her clit. The tension around his cock shows Harry the excitement of this sensational babe when she feels the cum load in his balls. He keeps rising up and in response, Alice squeezes them.

"Bounce on me so you can work the cure inside of you. I want to feel your body rise up in excitement. Build up a sweat, it's good for you!"

Alice drives herself up and down on Harry. His big cock spears into her. The walls close down tight on Harry and make him want to hold into her. He wants to make her cum first before he gives Alice the gift of a cure. She wiggles all over him with breasts dancing. Harry holds her back and builds up the momentum.

"You feel that tension spreading through your body. You can't hold back any longer, can you?"
A finger slides all over Alice's body and it causes the dam inside of her body to break. And with it, a gushing roar of juices coat Harry's. She tightens around Harry and keeps riding out the orgasm. Harry hits all of the notes of her body and she hits a high pitched scream which couples with Jill's moans of delight and the soft cry of "fuck her, raw."

Harry's all over Alice and she's all over him. The cure only becomes second to Alice's repeated getting off and mounting Harry's gigantic cock. She keeps sparking something deep inside of her and further moans follow.

The time for the end reaches and several orgasms on Alice's part later. Harry holds her hips down and traces a pattern against her back. It's more than just a simple sexy feeling up on the skin. Harry draws the runic symbol of fertility on Alice's back as he works down to her. Her skin glows and instant ovulation follows.

Alice reaches a point where she almost enters heat and grabs onto Harry. The thought of being bred and getting this cure hits her mind hard. She moans and thrashes down onto him.

"Knock me up with that cure! I want your big cure and I want it now! FUCKING IMPREGNATE ME!"

She drips wet at the thought of Harry knocking up her body with his daughter, and there's an instant where Alice knows it will be a daughter. She holds onto Harry and keeps sliding down on him.

"Getting closer. It won't be too long now."

Alice grabs onto him and Harry's big balls prepare to distribute the her inside of her. She tenses around him and holds on tight to make sure a single drop does not get spent on anything other than knocking her up. It will be a shame if any of this load gets spent on anything else and they have to repeat the process.

The end comes with the last burst of cure spilling inside of Alice. Alice closes her pussy walls against Harry and keeps milking him for all of is worth. Enough cum enters her body where it's obvious the deed is done.

Jill leans against the wall with a very transfixed look on her face. Alice pulls away and gives her a smile. She crooks a finger as if to tell her to "come over here."

Arguing anything to the contrary never crosses Jill's mind. She crosses the room and gets very close to Alice. She gives a grin.

"Hello, Mommy."

She rubs a finger down against Alice's body and her body simply glows. Jill leans in and shares a very spicy kiss with Alice which she returns. Their eyes shift over to the distributor of the cure.

One of the most beautiful sights play out before Harry and he cannot help and smile. Two beautiful women indulge themselves in their own pleasure and desire. Hands keep working down their bodies with them lighting up.

Jill turns away and locks her eyes on the hunk before her. She grins at him.

"Well, my juices flow pretty good. So why don't you give me my shot?"

Harry grabs her ass and pulls Jill onto the table. Alice moves over to the chair to the side so she can
get a pretty good view of the proceedings.

"It won't stop me from tasting your pussy. We have to do this property. And I need a DNA sample to properly prepare the cure as well."

A finger brushes down Jill's slit and while Harry can taste it, he wants to dive between those thighs. A deep sharp breath comes from Jill the second Harry drops down between her legs and starts going down on her pussy. Jill holds her hands down on the back of Harry's head and guidance brings him further down between her thighs.

"Oh, I can't believe how good this feels! You can really eat a pussy!"

Harry gets a pretty good view of what Jill wants and delves into her moist folds. Jill breathes in with increasing pleasure. Her insides bubble and Harry keeps taking inventory of her with his tongue. He laps up the juices and Jill holds onto the back of his head. Her soft and pleasure ridden moans makes Harry know one thing. He knows he has her and will keep indulging in her pussy to the last minute.

"He really can. But, just wait until you get to the main event."

Alice cups her breast and squeezes it. She playfully slaps Harry's ass with a free hand and allows him to go deeper into Jill. Jill's lusty moans most certainly open a door in Alice's mind to potential debauchery in the future.

One more push and Jill splatters Harry's face with her juices. Harry keeps delving into her and making sure Jill loses herself in his magnificent tongue. It's a constant push with Harry holding his hands against her thighs and rubbing her until Jill flies completely over the edge and then collapses all the way down to Earth.

Harry sits up and Jill jumps up to kiss him. She grabs his cock and tries to guide it between her legs. Harry slows her down just enough to savor the moment. Her skin shifts underneath his fingers just right.

A different view is for Jill, as he sits down and pulls Jill into hot seat with his cock rubbing against her hot lips. She prepares to allow entrance. Harry makes sure Alice and Jill sit face to face.

"I'm pretty sure you're going to see how your face looked like when my cock entered your body."

Without any further preamble, Harry shoves his immense girth inside Jill. Jill's tight pussy leaves him little room to maneuver.

"You're too fucking big! I don't know if I can handle..."

"Take your medicine like a big girl."

Alice roughly pinches Jill's nipples and causes her to lose it. She does not want to become a flesh eating monstrosity so her fleshy nether lips settle for gobbling Harry's immense cock inside of her body. She shifts up and down to work Harry completely into the depths and finally, he's inside of her.

Oh, is he ever inside of her? Harry shoves his cock deep inside of Jill and keeps hammering her. His balls slap the back of her legs. Jill turns and works Harry inside of her ever so deeply. A little deeper and another push makes Jill's insides sing something fierce. Harry's holding her down and making her lose it from this little encounter.
"He's really big!"

"I know."

Alice kisses Jill while she bounces and also takes a look at her body. Harry rubs his hands over Jill's body and sends her completely over the edge. She cannot believe how good the vessel for the cure feels inside of her body. The thought about being impregnated by him makes Jill's body enter a rollercoaster of pleasure. Never in her life does she feel anything less.

She bottoms on his cock and juices spill all over his manhood. Harry clutches her and then pushes into her.

"You know what you have to do."

The breathy voice in her ear makes Jill's intense lust just hit a fever pitch. There isn't enough room in her to fit the head of a pin and it would be nowhere pleasurable enough. She rides Harry just as hard as he stuffs her. Another squeeze makes Jill go over the edge.

Each turn and each drop brings Harry deeper inside of Jill's scorching hot pussy. He wants to see how far he can do. His fingers loop against her back and begin to trace the necessary symbols. A smile enters his body and he adds another trace on the underside of her breasts. The magic coursing through her breasts causes Jill to explode all over him.

"What did you just do to me?"

Not a complaint, just merely a question, as Harry senses from her just how good it makes her feel.

"Patience. All will reveal itself in due time."

The eyes of Alice following Jill's bouncing body makes Harry just smile. She's about to get a hell of a show and the main event is about to begin.

"Stick around for the grand finale."

Alice wonders what he has up his sleeve. Speaking of sleeves, Jill debasing herself and becoming Harry's personal cock sleeve sends Alice to that very naughty place.

"It's time, Ms. Valentine. Time to take your medicine, but first..."

A warm sensation spreads through Jill's body and her nipples bubble over. Warm milk shoots out of her nipples and hits Alice directly in the face. The small taste causes Alice to dive in and suck Jill's swelling breasts, full of milk.

A sign of things to come for both of them, Alice is certain. She nurses on Jill who trashes and breathes in.

A rune to increase fertility, a rune to increase milk production, and breast sensitivity. Harry feels Jill's body dilating and squeezing him. The end is here and Harry wants to be with her at the close.

"It's now time. It's time for you to take your medicine."

Jill thrashes down onto him and takes him inside of her. He pushes inside and she can feel what's to come. Her body prepares to be inoculated. Harry pulls Jill's nipples and causes the milk to squirt out of them.

They cum together, with Harry pushing his latest dose of the cure inside of her. Jill squeezes him
and milks him drop by drop until the entire cure is inside of her body. She keeps bouncing and making things feel really good. Harry holds his hands over her breasts and squeezes down on them which results in her excitement just hitting a brand new peak of pleasure.

The end comes with Harry filling up Jill and knocking her up with his seed. She keeps bouncing down on him and making sure not to squander a single drop.

The end comes with Harry shifting out. He cups Jill's milk swollen breasts and sucks on them. Alice moves in to the other side and drops her head down on Harry's shoulder.

"So, is there any harm of taking a double dose?"

"You may become hopelessly addicted."

A smile crosses the face of both of the women as if to say too late. They pounce on their prized subject and start alternating between kissing him before the games begin.

Spending his entire life in a lab, giving women injections with make them immune to zombie viruses is not the life Harry envisioned. It's a pretty damn good one all things considered.

**End.**

Next Chapter: 8/24/2018.

Thanks for the support and I'll see you during the next chapter.
Harry Potter towered to detention in a very bad mood because honestly, he did not know what he deserved to get it. Every single boy in class had been infatuated with the new Defense Against the Dark Arts teacher and had been more blatant about it then Harry had been. Okay fine, his gaze lingered when she was bent over her desk, but how was anyone with a pulse supposed to resist?

Eleanor Flamel, the supposed niece of the late alchemist, Nicholas Flamel. Harry wondered if there was something more to her story than met the eye. And he appeared to be the only one. Dumbledore hired her without question and even Hermione seemed satisfied after her initial skepticism, with a barrage of questions. However, Harry smelled something completely rotten.

He knocked on the door.

"Come in."

Harry stepped into the Defense Against the Dark Arts classroom and came face to face with his professor and he found her standing in the room, wearing a very tight robe which did nothing to hide her curves. It was not a school robe either, but a bathrobe.

"Here's the troublemaker," she commented with a soft smile. "I've had my eye on you...after hearing what you've been up to."

"None of it's true," Harry said.

"Oh, it wasn't true that you didn't spent half of your time focused on my ass instead of my class?" she asked with a knowing smile.

Harry flushed for a second. His...well he was not that experienced around women, and always did not know what to say. His failed attempts to gain Cho's interest should have said about that much.

The woman in front of Harry smiled. Eleanor Flamel was a false name, she was really Nora Darhk, the time displaced daughter of Damien Darhk, the leader of HIVE. Being freed from the influence of Mallus had caused her to gain certain origins and only an extremely powerful wizard could sate them. Taking the virginity of a powerful sorcerer would be the ticket and Harry Potter was just there for the taking.

Back when he was known as Harry Potter and not Hadrian Peverell, a name which Nora quite honestly preferred, but that was beside the point. The fact that no one dragged Harry into a broom closet on week one, age be damned, and popped his cherry then, indicated to Nora that was something was in the water. A quick check indicated that there was something in the water, or rather inside of the pumpkin juice.

Unfortunately, that, combined with the pressure of dealing with Voldemort, and an uncaring Ministry, had caused Harry to crack under the pressure and get into some wild mood swings. Still, Nora happily helped him eliminate one particular Ministry official.

Dolores Umbridge's unfortunate demise was mourned by very few.

"I know how to deal with a little troublemaker like you," Nora said as she closed the gap on him. "And I think we'll both enjoy this…"
"Enjoy what...."

Nora's desk shifted into a bed and she shot Harry up into the air to cause him to land onto the bed. He groaned and suddenly, he could not move. It felt as if some weight had pushed him down onto the bed.

"What the hell?" Harry asked.

Harry suspected it was some kind of record for the Defense Against the Dark Arts teacher to kill him on the first day of class. Normally they waited until the end of the year. Nora just smiled and ran her hand up his leg.

"Let me slip you into something more comfortable," Nora said with a comment.

She snapped her fingers and Harry's clothes disappeared from his body. Nora saw his physique, built from years of hard Quidditch training, dueling, and also the many stairs of Hogwarts. Nora pressed her fingers against his abdomen and started to stroke it before moving down.

The heat from her palm contracted against his cock which started to throb. Nora put her hand onto his crotch and lifted it up, tugging on Harry's manhood and making it nice and big. Her fingers rubbed up and down his pole, causing him to groan.

"What are you doing?" Harry demanded. "You shouldn't....."

"Oh, I'm giving you a detention, you silly boy," Nora said. "But, why make someone do lines or scrub cauldrons...when there's something long lasting? I suppose people would suggest you be sent into the Forest, but they save that for few years."

Harry's manhood rose up, despite himself. Nora's pheromones caused him to be addicted to her touch. The first few strokes made Harry extremely hard and then Nora put her lips onto it. Damn, her mouth was too good, not that Harry had anything to stack it up to. It was just her lips brushing against his swollen head, teasing him in every respect of the world, sucking him off.

"Mmm," Nora breathed.

The power inside of Harry all went into his throbbing manhood and a foot long, if not more, shoved into Nora's mouth. She wrapped her lips around him tightly and almost took him into her throat, before pulling him back up.

"That cock makes me hot, Mr. Potter," Nora said. "Why don't I slip out of this robe?"

Harry tried to keep his eyes off of her. Nora straddled his hips and slipped her robe slowly off of her body. The lacy material made her breasts look even more prominent and she was wearing a thong, a perfect fit for her nice tight ass. Black stockings clung to her legs, with a garter belt to add. Nora rubbed herself all over his body, pressing herself against him and kissing him.

"S-stop," Harry groaned.

"Why?" Nora asked. "Don't you like our detention? Maybe I'm not working you hard enough."

Nora sat at the end of the bed and tortured Harry with her feet. Her soft, stocking clad soles rippled against him. Harry took a few seconds to groan at his teacher and her lovely legs moving up and down.

"Professor Flamel....you need to...you can't do this," Harry said.
The voice in his head that sounded like Hermione screamed that she didn't have Harry's consent and that this was rape.

"This is r….

"It's not rape if you're enjoying it, you silly boy," Nora breathed with a smile and she breathed hard on his cock while pumping him with her toes.

Okay, she had a slightly screwed up set of morals, Nora would give a person that. But, she spent half of her life as a vessel for a demon and she's pretty sure she had some unresolved Daddy issues on top of that. Her soft soles rubbed against him and then released him.

So close, after being edged and yet so far. Nora crawled over to his legs and took him into her mouth and deep throated him.

Nora traced a rune on the base of his cock and his balls. It sealed his orgasm inside of him, all while making him nice and hard. This allowed Nora to suck his cock hard and fast.

The harder Harry got, the more he struggled against the back. How dare this bitch do this to him? Tie him down and forcefully take his virginity like this. Sure she was a hot bitch, and her mouth felt so good worshipping his long rod, but that was not the point.

Still, images of Harry pinning Professor Flamel down and taking her in every single way, while whipping her ass with a chain and then taking her ass flooded into his mind. Something primal broke into Harry's mind, as all of the girls, his year and above, along with a few below, lined up to worship his cock, along with a few of the younger Professors, like Sinistra and Vector.

Those thoughts spilled into Harry's head. From shutting Hermione up by shoving a cock down her throat, to taking the Patil Twins both at the same time, to pounding Susan Bones and her glorious tits, to making Fleur scream like a high class whore, and everything else in between. The thoughts of Harry turned dark and focused completely on sex.

"Are you going to be a good boy if I let you up?" Nora asked. "Or are you still going to be a very bad boy?"

Harry just looked at her. He was not going to be a good boy at all.

"Oh, Professor, you know the answer to that," Harry said with a smile.

"Call me, Nora," she said with a smile.

She unleashed Harry and unleashed something else into him. Harry sprang up on the bed and as predicated, he grabbed Nora by the shoulders and pulled her into an aggressive kiss. The chains which fourteen years of conditioning for Hadrian to deny his true nature shattered away. Harry forced his tongue deep into Nora's mouth and then grabbed her body, groping her.

"You want to take me into this office and take advantage of me, "Harry said. "Use my cock as a toy….get yourself off by tying me down...the great Harry Potter?"

Harry grabbed Nora's ass and caused her to break out into a cry of pleasure.

"Yes, I stared at your perfect ass," Harry said. "Because, I knew it would be mine….just like you're going to be mine, always."

Nora nodded in response. Harry ripped off her corset and revealed the lack of tan lines on her body,
her breasts bouncing in all of their fleshy glory. Whether or not Nora used any more charms to make them stand out, Harry did not know, and he did not care. The fact was he was mauling those nice round globes, making the sorcress on his lap scream.

"I bet you'd like nothing better than to get my nice big cock inside of you," Harry told her. "Because, you're nothing but a cock loving whore. Teasing all of the boys like you are...got some of the girls, didn't you?"

"You're the only man in this school worth a damn," Nora said. "You're the only one who I would touch and allow to touch me."

"You aren't allowing anything, you slut."

Harry pushed her down on the bed and tore off her thong. Without any consideration, Harry shoved his big hard cock into Nora's tight box. Nora howled in pleasure the second Harry drove down into her. Thankfully, she dripped wet from the earlier teasing, not that Harry cared.

Not that he cared, when aggressively taking Nora's body and pushing into her body. The dark-haired woman felt a different kind of demon inside of her than the one that she paid tribute to, worshipping what essentially amounted to be a false idle.

"Mmmm, I need your big cock inside me," Nora said. "I'm sure you can find out how hard you need to...do this...until you break my rune seal."

Harry took his aggression out on Nora, lifting her up by the legs and jackhammering inside of her. Every time Harry hit her body, she screamed in pleasure. He did not care how many bruises he left on his slut of a teacher. Nora moaned and trashed on the bed.

In Harry's head, he heard screams of another kind, screams of agony.

"Don't focus on that, focus on me," Nora told him. "We're almost done, he's almost finished."

Despite wanting to ask questions of his new teacher pet, Harry did not do anything other than forcefully fuck Nora. Her entire body was tantalizing down to every last inch. Harry enjoyed it and enjoyed the look of despair on her face when he stopped, slowing down his thrusts to a crawl.

"Tell me how much you want me," Harry told her with a smile on his face.

"More than life itself, Master," Nora said. "Now please...fuck the daylights out of me! You know...that's what you want."

Pride and gratitude flooded through Nora's eyes. She took Harry's virginity and sent him off of the road, leading him to be the ruler of worlds and the conquering of women he was in the future. She had a few friends that she might introduce Harry to later, but that could wait.

Harry allowed her the greatest gift of all, the honor of cumming all over his cock. He pushed deep into her, his vigorous pushes threatening to break the seal. Once the seal had been broken, then Harry will truly be free, the weak and pathetic thing Dumbledore and others tried to make him out to be, that would be all but a memory.

Nora squirmed underneath him, wondering if she had bitten off more than she could chew. Nothing would pleasure her again more than Hadrian, but that went without saying. Most women who went up against him, had been utterly ruined and addicted. Nora knew the risks and knew what she had to do. Her tight legs clamped down onto his body and pushed further inside of her.
"Cum for me, my love," Nora breathed. "Cum inside of me...you're almost there...we're almost done, he's finished."

Harry felt a slight burning around the area of his scar, but the thought of finishing inside of his sexy Defense Against the Dark Arts teacher and new sex pet, that was way too much for him to think about passing up. He groaned, shoving into her body, and rising up out of her, before sliding into her body. Harry rocked her body.

Finally, the seal broke and the stored up seed inside of Harry's body flooded inside of Nora. The dam busted and Harry continued to bounce against her, his balls emptying outside in her.

The scar on Harry's hand exploded for a second and caused a small few droplets of blood to hit. The black mist hissed in the air and then there was another explosion from further above them, which shocked Nora for a second. She hung onto Harry, pumping him of the last few screams.

Harry finished, and upon that last drop of seed, he saw in his mind eye Voldemort collapse and crumble into dust. Nora pulled him closer towards him.

"He's finished...you're free from the burdens of the Prophecy," Nora told him.

"What Prophecy?" Harry asked.

"Whoops, spoilers," Nora commented with a grin.

She pulled away from him and was on her hands and knees. But, Harry was far from down yet. He grabbed Nora by her butt and rubbed his still erect manhood against her.

"You were flaunting it to get me in trouble," Harry said. "And now it's mine...I'm going to take it."

Her tight puckered hole opened up for Harry to bury his erect manhood up. Now that the Incubus had been completely unchained, with Voldemort's soul shade not leeching off of his powers, Nora found herself needing to sate all of his desires.

Thankfully, she was very durable and had a high enough sex drive in her own right, one that had been subdued in the years that Mallus used her as a vessel. However, it was all coming back when Harry plunged her ass deeper and deeper.

"Master....it's yours," Nora breathed.

"So, do you think I'm a silly boy now?" Harry asked her when tugging on Nora's hair and sodomizing her until she screamed out.

Silencing charms on the door prevented anyone from hearing it. Although, Nora found herself not caring, because she had gotten the prize she sought at Hogwarts. They would have so much fun together.

Given that they had to sort out Hadrian's sex drive, there was a lot of fun to be had. Nora closed her eyes but she jolted back awake from him slapping her ass.

Nora unleashed the demon inside and now the demon was inside of her.

Harry enjoyed his detention and was glad that his Professor scheduled them for an entire week. Because, he was going to make her not be able to walk straight by Wednesday, not that he would slow down.
It would be a brave new world for Harry and he wished he had started it sooner. And he was nowhere close to finishing with the beautiful Nora.

End.

Scorching Night(Molly Carpenter and Sarissa)

Scorching Night(Molly Carpenter and Sarissa from the Dresden Files)

An attractive blonde woman steps out of the backdoor of her house and allows the warmth of the summer rays to hit her body. She dresses in nothing other than a black bra which just contains her ample breasts and a pair of tight shorts with no shoes. Her entire body is completely out on display her beautiful skin glistening.

Sarissa prepares to head outside to visit the man who caught her attention. The man known as Harry Potter, if that's his real name, she cannot really say. Harry Potter can and may be an alias of some sort, at least she may figure. Those thoughts swipe into her mind as a strand of blonde hair swipes over her hair.

A sound from across the way causes Sarissa to step back in surprise. It's a sound of a woman crying out. Almost screaming out in agony of some sort, and Sarissa realizes it's coming from Harry's residence. She takes a couple of steps over and realizes that there's something else going on.

The cries do not come from agony, but the state of pleasure. She peeks through the hole in the wooden fence and comes across the face of an attractive young blonde woman who lays face down on a deck chair. A figure grabs a hold of her hair and rams deep inside of her tight pussy from behind.

It takes Sarissa a moment to realize that it's Harry who is doing this to the woman. His cock slides out of her and Sarissa takes another daring peak to get a look at it. It's pretty massive and it causes a warm buzz between her legs. On instinct, Sarissa reaches between her legs and starts to rub herself before stopping.

"FUCK ME RAW!"

The screams coming from over the fence of the attractive woman. Those sounds only give way to the second of flesh smacking upon flesh.

"When I'm done with you, you won't even remember your birthday."

Molly Carpenter lays face down on the chair with the cock ramming into her body. Seconds pass with Harry holding the cock inside of her. It's so big and stretches out her tight pussy so much. She can hardly even think straight. His cock slides completely out and jams further in to slap his balls against her.

Another squirm on the chair sends Molly's juices dripping onto it. Harry brings a finger across the back of her head and a slight tug of her blonde locks makes Molly only breathe out in pleasure.

"It's time for you to cum for me."

Molly needs no prompting, only actions. Harry hammers her and touches her in so many amazing ways. She feels really good to get the brunt of his cock inside of her body. She clutches onto the chair with Harry pulling out of her. His balls and cock slap against her ass before he shifts and reneters Molly from behind.

A light squeal of pleasure enters Molly as her loins just explode with pleasure. Harry pulls her up so she's situated and sitting on his cock. This gives Harry an opportunity to squeeze her chest. It
makes Molly breath out and moan. His hands switch to her pierced nipples and he pleasures them so much that Molly cannot hope to lose it.

"H-Harry!"

A kiss on the back of Molly's neck causes her entire mind to shut down. The only thing that matters is the pleasure Harry gives her and he's going to give her a lot of pleasure now. His hands dip all over her body and send a spark of energy through her clit. Molly tightens her grip on Harry and releases the pleasure inside of her body.

"Good. We're almost done."

"You? Hardly."

The sexy young thing bouncing on his big cock makes Harry feel really good. He spends a fair amount of time toying with Molly's breasts. They react with the pleasure Harry lavishes upon them. She squeals in delight the deeper she drops down on him. His balls rise up and hit Molly firmly between her thighs.

"Keep going! Keep going! Oh my god!"

"Yes, I am."

Harry rams Molly's tight cunt from underneath and makes her tight pussy squeeze around him. A flick of her nipples gets the young woman's motor running and then some more.

The third party on the other side of the fence catches Harry's attention. Molly wraps herself too much in him to really care. Harry decides to give a little show and slowly slide his cock out of Molly. He makes sure the voyeur sees the size of his cock prior to it reentering Molly at a very sharp and rapid pace. Harry holds her down on his cock and she springs up to moan out loudly. Harry takes a hold of her breast and gives it another squeeze to make Molly lose all sense of her bearings over him.

"Keep cumming."

Molly cums even harder. Her sweet moans results in Harry driving himself repeatedly down into her gushing hole. He knows the end rapidly approaches. Molly holds onto his wrist and keeps pumping her wet pussy down onto his cock. Molly slides up and down with another indictment of pleasure hitting her.

The end comes very near and finally, Harry just spills inside of Molly from underneath. His balls clench and fire at a rapid rate to coat the inside of her pussy with his seed. Molly holds onto Harry and chews on her lip. They share in their mutual end with Harry firing seed inside of her tight body.

The two break apart and Molly turns to straddle Harry. Her nipples stand up at excitement and she leans in to kiss her man on the lips. Harry puts a hand on the back of her head and then breaks away before nibbling on her neck. The moment Harry reaches her ear, he smiles.

"Don't look now, but we have a visitor."

On the other side of the fence, Sarissa's eyes widen. The fence disappears thus leaving Sarissa standing there with a hand in the cookie jar.

Molly pulls away from her and smiles. She's glad it's a woman to be honest. Because one of her kinks is seeing Harry wreck some perverted bitch and making her a slave for his cock.
Harry smiles in recognition.

"Sarissa, come over here."

She crosses into the yard. Harry stands up and grabs the back of her strap.

"I...I just wanted to come over and say hi."

"Hello."

Harry kisses Sarissa's lips and makes the woman squirm underneath his touch. She's not the first women to be in this position. Sarissa returns the kiss and takes a moment to explore Harry's body. Each contour of his muscles quickens Sarissa's heart beat. And makes her feel really good. She realizes she's just as naked as the other two members of this party.

"Sarissa, this is Molly. She's my assistant and she'll be performing a magic trick for you. Getting you nice and wet so I can slide my cock into your pussy and wreck you for all time."

Molly grins at Harry's introduction.

"It's a pleasure to meet you. Now sit down and spread them for me."

Sarissa drops down on the lawn chair. It already stains with the juices of one women, at the very least. Molly climbs on top of her and straddles her in a dominating position. Molly pushes deep against Sarissa's chest and then moves down to dominate her body.

She's such a submissive that it gets Molly completely off to feel her squirm underneath. Molly shifts and starts to lick between Sarissa's cleavage. She uses her tongue to cover Sarissa's tight body with spit. She moves ever so closer and then goes down between Sarissa's legs which causes her to grin.

"Is this the first time a woman's eaten you out?"

No waiting for the question, rather Molly dives down and gets between Sarissa's legs to eat her out. The sweet taste of a warm summer evening pumps up between her legs. Sarissa holds the back of her head against Molly's head and keeps working up against her face. Molly tastes her for a long time while also lifting her leg.

She rubs Harry's length with her foot to make sure her master is nice and ready to wreck this bitch and make all other cocks pale in comparision to the monster between her legs. Her toes squeeze Harry and makes sure the blood flow goes between it.

An amazing rush comes and Molly laps it up like a death row inmate savoring his last meal. Her hands keep sliding down Sarissa's legs and the sounds of pleasure show how much she enjoys eating this woman out and making her squirm.

Sarissa drops back onto the chair after Molly finishes her meal. A smile passes over the face.

"Yummy. Well, you're ready for the ride of your life."

Molly releases Harry's cock from between her feet. It's nice and throbbing. Molly turns to face Harry's cock and leans in before giving him a hungry little lick to taste her juices which still trickle off.

"You are too much."
"And you're more than enough to handle. Now fuck her, please."

Sarissa watches Harry come against her body. He straddles her and leans down to kiss her again. His kisses aggressively dominate her and make Sarissa move into position to what's to come. She can't even begin to fathom the size of this man. It reaches a point where it touches her nether lips before driving down onto her.

"OH YOU'RE SO BIG!"

Molly rolls her eyes.

"Relax, lady. Trust me, it will pay off in the end."

Harry drives his huge cock deep into Sarissa and she allows her legs to spread apart even further to take him. He plunges deeper and deeper with Harry repeating his thrusts inside. He pulls completely out of her and then back inside of her with repeating movements.

"It's in! It's in."

The feeling of Harry's large cock just pressing into her womb makes Sarissa almost lose herself. He enters her without any room to fit anything else. Harry's cock is the only thing which can enter her and bring her pleasure. One leg lifts and Harry puts a hand on it. He leans in and kisses the back of her legs which only increases the pleasure felt.

Another rough thrust buries Harry even further into her body. The tight seal Sarissa forms around his cock makes Harry feel really good. He repeatedly drives his hard cock inside Sarissa with constant pushes. He can feel it crawling up in her body.

"You're feeling the sum of your desire for me just creeping up and filling your body with need. Aren't you?"

"YES!"

"Let it all flow free."

Sarissa clutches onto Harry and keeps a hold of his massive cock as it enters her body from above. He repeats his actions until she soaks his cock from the tip all the way down to the base. She feels beyond good and really wants even more from Harry.

"I don't want this to stop!"

"It goes on for however long you can hold up."

Molly adds her own two cents while also fingering her pussy at the sight of Harry driving his massive cock inside of Sarissa's body.

"It means that he'll fuck you cross-eyed and into coma before he's anywhere near done. Which is really fucking hot when he does it. If you're fortunate enough to be awake to watch that is."

Another deep thrust inside of her and Harry enjoys how wonderfully Sarissa's body reacts to his touch. His hands move all over her breasts and give her the sweetest caresses possible. Sarissa rolls her hips up to the point where Harry drives into her. He pulls almost all the way back and drops into her one more time with a hard and endless thrust.

"Keep it up!"
Never one to be an inactive occupant in a threesome, Molly keeps her eyes on Sarissa's opening mouth. The musical sounds coming from her result in a tingle. She still wants to watch as the other lady cums over Harry's cock and pleasure shoots down her body. Still, that mouth and Molly's pussy will be a match made in heaven.

"Time to put you to work."

Molly crouches down and sits on Sarissa's face. She faces away from Harry so he can see her ass. Every now and then when Harry darts forward, he gives Molly a light spank on her rear which sends her into fits of passion. The fits of passion only increase at the point where Sarissa darts her tongue around inside of her.

"Right in there! Get in there! And don't you dare stop! I don't want you to stop! Not even for a moment! I'll go insane before I let you stop...at all!"

A clutch of her thighs makes Molly's excitement just reach an increasing fever pitch. The deeper Sarissa dives between her thighs, the better she feels. The better Molly feels, the closer she gets to an amazing end.

She knows how to use the tongue. Molly squeezes a breast with one hand and feels the lust to spread over. Another pinch and Harry grabbing her ass assaults her body with so much pleasure.

"I'm going to cover your sweet face and then I'm going to lick it off...only so I can paint it again! How do you like that? Keep licking, you're going to make me cum hard!"

Molly squirts all over Sarissa's face. The beautiful vision of her sexy face covering with juices enters Molly's head to the point where it gets her off a whole lot.

Having another woman cum over her face is not something Sarissa expects to turn her on. She clenches the amazingly hard rod which slams into her body. Harry pulls almost out of her. Her body protests and then it gets a reward with a huge cock just driving into her one more time. Harry pulls out and into her again.

"Good of you to stay with me."

Molly gives Harry a visual treat by leaning down and kissing Sarissa's lips while licking her own juices from the other woman's face. She acts like a kitten craving cream. Sarissa's eyes shift over with Molly leaning in and kissing her, sucking her face, licking her cheek and the side of her neck.

A deeper drive jolts Sarissa out of her feelings of lust. Her entire body scorches like the July sun and Harry is there to stoke the flames of passion. The feeling of his big balls hitting her as he goes faster, faster, faster.

"Faster. YES!"

She knows sooner or later this action will break her. Sarissa only cares about one thing and that's the big cock entering her body. He slides almost all the way out of her only to go deep inside of her. He's in her as deep as possible and filling her tight hole in some many amazing ways possible.

Molly pushes her ample chest up and sucks on her nipple to add to the fun and games. Sarissa's body heats up at the buxom blonde witch being so open with her body and this sends her completely over the edge with lust. Harry spears her body and gets her attention back to what is going on here.

Every movement brings Sarissa closer to a state of eternal bliss. She wonders how accurate Molly
is when she says Harry will end up fucking her cross-eyed and into a coma. She's well on the way right now. All she can do is hold on.

"Your stop's coming."

Harry just speeds up and sends Sarissa into chain of mind shattering orgasms. She clutches him tight with the energy fading from her sensual body. Harry keeps driving into her and picking up the pace. He can feel her orgasm hit a fever pitch and it's very amazing to behold. He holds down and punishes her pussy.

The breathing only deepens with Sarissa tightening around him. The determination to get Harry's seed before she passes out from the pleasure overdoes should be something which Harry commends and rewards. He pushes a bit deeper inside of Sarissa and holds onto her. A repeating level of thrusts brings her almost over the edge and sends her back down to Earth.

He can feel the budding arousal increasing through her. Harry pulls back to her.

"Good, I think you deserve a little treat before you go to sleep."

Sarissa holds on tight to him with all of the strength she can muster. Her body enters a state of pure bliss by the looks of her eyes and the sound of Sarissa's breathing. It sharpens with Harry's thrusts sharpening along with her. He slaps his balls down against her thighs and repeatedly drops down to fill her up even further.

The eyes of Molly watching when she plays with herself only encourages Harry to speed up. The sex magic swirls in the air with Harry battering Sarissa to the edge. She clutches him and they both feel something amazing.

The mutual release follows with Harry burying himself and his seed deep inside of Sarissa. He showers her womb with an excessive amount of seed, more than absolutely necessary. Sarissa holds onto him and moans deep into Harry's ear.

"This is it! I want this! I want all of this! Give it all to me!"

Her words lose strength as Harry rides her into a sex-coma. Harry sends the last few drops of seed inside of her fertile body. All three of them cum at once and it's an amazing sight to behold with how much it fuels Harry.

The moment Harry leaves Sarissa’s dripping pussy, Molly pounces on him. Her mouth wraps around his cock and sucks him hard and fast. Molly's eyes staring up at him with his cock in her mouth refuels Harry very nicely.

She pops away from Harry's cock and licks her lips.

"Not a bad taste. But ours is better."

While a recovering Sarissa rests, Molly is anything but restful. She jumps Harry's cock andrams it deep inside of her tight pussy. The buxom blonde drives down onto him with her bouncing breasts tantalizing Harry. Harry grabs them and the race to the next orgasm is on.

End.

Topped Off(Emma Frost)

Topped Off(Emma Frost/The White Queen from X-Men)

Harry peered up from the papers he was working on, coming face to face with the lovely Emma Frost. With the super tight blouse she wore, with the first few buttons open to showcase the lack of bra, her short skirt which barely qualified as a belt, and her stockings, she begged to be fucked. When you added in the ponytail and the glasses, she was scorching hot.

"Take a break, love," Emma told him. "You've been working too hard...and now I think you need to work harder at something else."

Emma positioned herself on the desk, her stocking clad foot rubbing his crotch above his pants. It cause the blood to rush through Harry's head and from it, thus only thoughts of taking this teasing minx and fucking her brains out entered his head. Emma peered at him, with a wide grin which got even wider. She rubbed her foot back and forth across Harry's crotch, adding an immense heat to him when she played with him. Harry groaned at her touches as she leaned in closer.

"Let's have some real fun," Emma commented to him.

Her breasts practically busted those buttons away. Harry groped them, on her obvious encouragement and smiled.

"Oh, I have a lot of stress that I need to work out," Harry told her. "It just show happens that there's a direction outlet here that I can work it out on."

Harry ripped off her top and revealed Emma's naked breasts. They bounced in front of his face, a lovely sight. Harry groped them and Emma moaned, when thrashing on his desk. He always knew the right places to touch on a woman to really get her mewling. Harry palmed the edge of her breast, rising her nipple up and releasing it from his hand.

"Yes, you do," Emma breathed heavily. "Oh, you know I should get you out of those pants."

"In a minute," Harry said. "Let's see what type of underwear you're wearing underneath that travesty of a skirt."

Harry slipped one of his hands down her and pushed it underneath Emma's skirt. He came to the obvious conclusion just by touching her that she was not wearing any underwear at all. A gasp of pleasure hit her and Harry pumped his fingers into her at that second.

Emma clutched onto the desk until her fingers turned white. The deeper those fingers pushed into her body, the more pleasure she experienced. Harry knew precisely everything he needed to do to hammer those buttons, to shove his fingers into her, once, twice, and three at a time. She thrust her hips out for him.

"You're horny as fuck," Harry said.

"It's been a long day, I've been in board meetings all the day," Emma said. "And you know how board meetings can be...bored meetings."

Emma struggled to grasp ahold of Harry's pants. They snapped off by his magical hand and then came all the way down to reveal his cock. Which slipped underneath her skirt and touched her on the lips. His swollen head kissed her and sent Emma into a fit of pleasure. He pulled her off of the
desk, with Emma's legs tightening their grip around her body.

Glasses askew, Emma flashed him a look which plainly said to "come fuck me." Harry growled in pleasure and shoved himself into her tight cunt.

"Damn it, how you do stay so tight," Harry groaned.

"Trade secret," Emma purred in his ear. "And a lot of hard work...given how you still keep shoving that monster...deep...and hard...into me."

Harry ran his hand up Emma's stocking clad leg and caused her to moan. He leaned into her, thrusting away at her without any abandon or any pause. Emma grabbed onto his ass and pushed him into her. She moaned the faster that Harry rammed into her.

"I'm your office whore, Harry," she breathed in his ear. "My holes are yours...you can put it anywhere...anytime that you want."

Harry decided to switch attentions to Emma's breasts, which demanded to be groped. He squeezed them and made Emma tighten her grip around them. Feeling her warm slick juices push onto him made him throb like hell, but Harry prided himself on great self control. Something that might not be as obvious now that he was ramming himself into Emma.

Tightening at the right times, Emma knew exactly what Harry wanted thanks to their mental link. One might think using telepathy is cheating, but Emma disagreed. It was using all of her gifts, in the most amazing way. And the most amazing way was to bring Harry to a new level of pleasure. Where he thrusted away inside of Emma, grunting hard the faster he drove into her body. Harry pulled back from her and slammed as deep into her body, making her moan louder and louder.

"I want this," Emma breathed, tightening down onto his huge cock. "You're going to give me this…"

"When you've earned it," Harry said.

He pulled out of Emma, leaving her hanging. Emma was so addicted to his cock that she could not be made. She was trained to know that any protest meant a dry next couple of days. And mind-fucking people only provided a few minutes of distraction. Harry was the only one who she would allow near her in such a physical and intimate way.

"Crawl onto my desk as only you can."

Emma got the hint and sauntered across the room. Harry already cleared his desk so Emma had plenty of room to maneuver. She loved magic, and all of the ways it could bring her pleasure. Emma climbed onto the desk and seductively crawled, swaying her rear. She spread her legs, writhing a little bit on the desk and opening up her wet pussy for Harry's view.

Instantly, the man of her dreams was behind her. He slapped his big rod against her clit and caused Emma to breath in heavily. He started to kiss her and then rub her body down. Every time Harry touched her, Emma thought that she was going to lose herself in his grasp. Those hands were legalized weapons and made to drive anyone insane. And Emma shifted and squirmed, more heat emitting from those hands when they cupped the underside of her breasts.

"The question is how badly do you want it?"

Harry grabbed Emma's ponytail, and that caused her to gush when he grabbed onto her hair. It was there, in the hope that Harry would grab onto it and take full advantage to pleasure her. Harry eased
himself against her warm opening, Emma's delightful hole almost beckoning him inside of her. Harry hung at the edge of her slit and rubbed up against her. Emma broke out into an eager moan.

"I want you to fuck me," Emma called for him. "Badly. I want you to take that cock and slam it into my body. I want you to work me. Go ahead and fuck your office whore."

"You're flooding my desk, Ms. Frost," Harry said. "Oh, I think I can shove an iron pole in that twat, and it would go in easily."

"You already have one, sir," Emma said.

The "sir" dripped with extra seduction and seemed to make Harry's already sizeable member grow another inch. His swollen head rubbed against Emma before he rammed inside of her.

Harry drove deep into her, being in the position that many men would love to be in. Having a chance to fight the White Queen of the Hellfire Club, Doggy Style. Have her practically screaming for his cock, yes, this was perfect. Harry reached underneath her and grabbed her tits, molesting them. They belonged to him.

Emma closed her eyes and enjoyed the ride. Every inch of Harry plowing into her from behind. And then every so often, his hand grazed over her ass. A finger touched her anus, a palm on her cheeks, any touch from Harry, Emma anticipated and it made her hornier than hell. She clenched down onto him hard.

"You know I'll be in here later."

Harry swatted her rear and Emma gushed at the thought of Harry being deep against her ass. His fingers pushed against her, his tongue stretched and licked behind her ear. It tasted Emma and tasted the sweat pouring from her.

The powerful sorcerer had his lovely telepath squirming underneath him. She projected several dirty thoughts into his mind and Harry ran his hand up her back to find her ponytail. He grabbed onto it and pulled on her hair while thrusting deep into Emma.

The force of which his balls hit her left marks, but Harry did not care. He forced his magic against her, channeling it through her body. Harry tapped a gusher inside of Emma, driving faster and harder into her. He rode her out almost all the way, working her to the edge. Emma screamed out, calling for him, calling for more. Harry knew exactly all of the ways to make her his and make her his very willing slut.

His swelling member pushed against Emma, who milked away at him. However, Harry had many more tricks up his sleeve to ease the inevitable. He pushed further and further into Emma's body, with his fingers cupping onto her tits, squeezing her nipples and making Emma heave in excitement.

"Oh, your slut needs your cream," Emma breathed. "Paint it inside of my walls….stuff me full of that….creamy goodness…baby."

Harry planted his rod as far into Emma as humanly possible. He rose up and slammed down into her. His balls cracked deep inside of her, making their marks. He wanted to hold on for this ride as long as possible, although Emma's slutty body called to be bred and filled with his cum so full that she was going to burst. Harry grabbed onto her ass and pushed down into her, ramming into her body.

The next few thrusts increased in intensity for every second. Emma's toes curled up, with Harry
knowing all of the ways to bring her closer to the brink. Harry pushed pulled onto her hair and make her lose it completely. If there was nothing else, Emma loved having her hair yanked on when she was fucked and being fucked by a stud like Harry, that was an even better feeling. His balls just cracked up against her thighs and made her break out into a moan.

"Yes, you do," Harry told her. "And I'm close……but one more time."

Oh, Emma would cum for Harry as many times as he wanted. Her body filled with excitement. The warmth of a good release, for her man, for her master, it felt really good.

"I'm so hot, sir," Emma breathed lustfully.

Harry drove down into her, filling the White Queen to the brim. The sweet sensation of release followed, with Harry spraying his seed deep into her. He did not leave a drop out, allowing Emma's clenching walls to drain his balls at her leisure. All while palming her ass.

Pure enjoyment struck Emma the very second that his seed spurted into her body. It was an obscene amount, making her swell up. The moment his cock left her body, it was almost a disappointment, but her pussy had been fucked raw before being sprayed with his seed.

Emma pulled herself up and pushed her glasses back. She rubbed her anus against the tip of his cock and caused it to twitch. Harry cupped her shoulder and kissed her on the side of the neck, moving to Emma's jawline, and ending up at the slutty blonde's ear.

"You need this ass to be fucked," Harry told her.

"Yes, baby, I do," Emma breathed. "Stick that cock right up there….it demands to be taken...show me what a real man does to my slutty ass."

Harry squeezed her cheeks and lowered Emma down onto his rod. She was lubricated by a handy little spell, and Harry did a nifty little charm to switch the pain she would receive by his member to toe-curling pleasure. It was handy knowing such spells, because they did enhance the sex life.

The sorcerer sheathed his meat staff deep into Emma's bowels. The White Queen invited him in, horny as hell and ready to receive him. Harry pinched her butt, squeezing it and releasing Emma from his hands. She broke out into a loud cry of pleasure.

"Yes, fuck that ass!" Emma called for him. "Fuck it really good."

"Such a slut," Harry growled in her ear.

"Your slut, just your slut, sir," Emma breathed.

"Every time you call me sir, it just makes me want to pound you into putty," Harry growled.

"Sorry, sir."

Harry pushed his hands against Emma and rocked deep inside of her body. The White Queen opened herself up for domination, all while enticing Harry. This outfit she whore was cock bait, although not her favorite in the world. But, yet, while most of her encounters were mental, all of them with Harry were entirely physical. Because Emma knew exactly that she would not have another man like this.

"An ass made for fucking, "Harry growled in her ear. "I can't believe that something like this...is here...right in front of me."
Harry palmed her ass and made Emma just close her cheeks down onto his throbbing hard rod. He pushed in and out of her, rocking her body even further. Harry dragged his thumb down her ass and made Emma just lose it completely.

"Yes, sir, it is," Emma agreed. "Why don't you….make me yours? Why don't you make me your bitch? Your anal bitch?"

"But, I already have."

Emma's tight back hole threatened to bring Harry to an early release. He fingered her pussy in time with the anal plundering. Knowing that Emma was going to cum all over his hand, that was more than enough to bring Harry closer to the end.

Her moans encouraged him and Harry just went deeper, wearing out her ass like it owed him money. He marked it, and would soon fire his cum into it. His balls already filled back up, the prowess of being a powerful sorcerer extremely likely. Harry pushed as deep inside of her body, with his hands cupping deeper against her tight ass. And then one slipped between her thighs and into her pussy.

"Go ahead and cum for me, sir," Emma breathed.

Harry rammed her ass with force. Emma's pale ass cheeks was left with red marks. Any pain switched to pleasure though and made Emma gush like hell. She knew that all of the damage would be healed, if any. Harry's magic ensured that his women were not too broken for another encounter. That thought passed through Emma's mind, the further Harry rose up and drove down into her.

"Closer," Harry growled.

He spent his time fiddling with Emma's tight asscheeks and squeezing them down onto his member. She broke out into a pleasurable cry, and indeed, it would be a crime not to take her all the way to the edge. His manhood moved along and the minute Emma came all over his fingers, Harry blasted his load into her ass.

Release once more time, sooner than normal, but it was Emma Frost's ass, and all of it's tight and warm glory. Harry did ride her out for several minutes until his cock softened, at least for a minute.

The two relaxed, with Harry casually milking Emma's breasts and causing her to shudder and cream herself onto his lap. He kissed her neck and hit all of those points which he knew was going to make Emma's motor run.

Emma turned herself around, and put her face on his crotch. Her bright blue eyes stared seductively at him, though those glasses.

Then, Emma proceeded to clean Harry's cock, like the good office slut she was.

End.

Temptation(Kushina Uzumaki)

Temptation(Kushina Uzumaki from Naruto)

Kushina stretched out, a smile on the face of the redhead. Today would be the day where she would get in the pants of her hunky young trainer. He might be young, but he had more to offer than any man. She wore progressively tighter clothes over the past couple of weeks, showing more of her flesh. Today, she wore yoga pants which looked like they were painted on and a tight top which showed off her flat and toned stomach, and her navel was on display as well. Her breasts threatened to spill out of the shirt as well. She tied her hair back into a ponytail so her beautiful face was on display as well.

She smiled as Harry entered the room. Her heart fluttered when looking at his sculpted physique, handsome face, and dazzling green eyes, which would have soaked her underwear had she been wearing any today. Kushina just smiled.

"Good morning, Kushina," he said to her.

"Good morning," she said. "So, I've been having some tension in my foot, and I want to make sure there's nothing wrong. I might have pulled something...why don't you see?"

Kushina lifted her leg off of the ground and placed her bare foot into Harry's hand. Harry stroked her toes and the soles of her foot slowly, and felt around.

"I don't seem to feel any swelling," Harry told her.

'Oh, we'll fix that,' she thought, trying to keep a straight face.

Harry's fingers roamed up her foot, and then motioned for her to sit down on the bench. She did so, did as she asked.

"Maybe, you should get on the mat," Harry told her after checking her out for a minute. "And do a few leg lifts."

Kushina slid off of the workout bench and crawled over to the center of the mat. Her ass swayed when moving closer to the central point and she knew Harry's eyes glued onto it. Harry stepped over closer towards her, with a smile on his face.

Rolling over to her side, Kushina lifted one of her legs up, brushing the sole of her foot against the crotch of Harry's pants.

For way too long, this MILF had been teasing him. Harry decided today was the day where he humbled her right here. She lifted her leg once again, and again her foot brushed against him. She repeated this ritual eight times with her right leg and then did it ten times with her left leg.

And then, she pressed her feet against Harry's crotch, rubbing her toes against his thighs briefly. Showing great talent, Kushina hooked the waist band of his pants with her toe and pulled them down, to cause Harry's hardened member to shoot out.

"Well, maybe I should work out with that nice iron bar you have in your pants," Kushina said.

"I think you've earned this advanced workout," Harry told her.
Kushina stroked the length of his manhood with her big toe, tickling him with him. She pressed her soles up against his length next and rubbed him up and down. Her feet ground against him, squeezing him between them. They were so soft, Harry groaned when feeling them. The touch of them against his manhood was inspiring and he throbbed even harder.

She knew exactly what buttons to push, all of the right ones to push at that. Kushina stroked him all over, making sure his throbbing hard manhood pressed against her delicious feet. Harry thrust faster and faster in between her feet, his hands all over her. Kushina breathed hard, the second Harry toyed with her toes, and kept stroking her.

"Oooh, very good," Harry groaned.

"I think that I'll do some pushups," Kushina told him with a smoky smile.

She turned, and only briefly took her feet off Harry's throbbing staff. Harry groaned, this MILF was really asking for it. She looked over her shoulder, smiling at him and then turning herself around. Her feet ground up and down against his manhood, teasing him when she pushed up and down.

The movements of her sensual body stirred something hot inside of Harry. His balls started to boil, but he did not get where he was in life by giving into temptation. No matter how much he wanted to splatter his seed all over this women's feet, he must hold out.

Kushina was not making it very easy, stroking him with her feet. Every now and then, she rose up and ground her perfect ass into Harry's crotch, while also going back onto the ground. Her feet kept stroking him all over, with Harry placing his hands down onto her and making her just break out into pleasurable cries of lust.

"Oooh, I think I need some cream for my feet," Kushina told him.

Harry was not going to lie, he wanted to just blast his load all over those pretty feet which were pumping him. It hurt like hell, his balls throbbed like mad. He wanted to lose it all over Kushina's sexy soles. The faster he worked, the harder he worked, the closer he got to the edge. Harry slipped deeper inside of her, and made her moan harder for him.

"Yes," Kushina purred. "Like that."

Harry lost himself, cumming hard on her soles and all over her toes. Kushina jerked him with her feet all the way to the end, some of his cum splattering all over her yoga pants as well, on her ass and near her crotch. The material was so tight that it appeared that her pussy was trying to suck in the seed that was lying on top of the fabric. That made Harry groan even more.

Kushina pulled away from him and then showed her flexibility by lifting her leg up. After locking eyes with Harry, several soft, and noisy slurps followed, with Kushina drinking the seed off of the sole of her foot. She leaned in very close, hungrily leaning, and licking in between her toes.

The minute she cleaned her foot, Kushina pulled herself up. Her hand rested on his crotch and she felt him twisted.

"Maybe some squats next."

Harry summoned a large ball for him to sit on. However, there were two other balls that Kushina took great interest in and she currently juggled them in her hands. Her hot breath hitting the tip of his cock was too much. This sexual huntress enjoyed having her way with Harry, and everything that went along with it. She closed in and sucked his swollen balls, placing them deep inside of her mouth.
And then, Kushina just smiled and rubbed up against him. She noticed the stain on her pants and smiled.

"Better get these off," Kushina said.

She turned around and Harry watched Kushina struggle to remove that tight pair of yoga pants. It was a wonder that they did not cut off any circulation. Her bountiful booty, sexy hairless legs, and wet pussy exposed themselves to Harry. Kushina turned around, only in that micro-top, and bare from the waist down. She sat down onto Harry and lightly grabbed onto his shirt.

"Looks like I ripped your shirt," Kushina said.

His chest and abs exposed themselves and they were as drool worthy as Kushina always dreamed, when she fingered herself to sleep.

"I'll bill you later," Harry said.

"How about you collect some interest now?"

Kushina, dropping all pretext of what she was doing, lowered herself down onto Harry. She hated doing this, but she really needed him inside of her in the worst way. She had not had any...well in a long time. Harry placed his hand on her lower back and made Kushina just breath out heavily.

It had been way too much times that a MILF had come in here, thinking that they could have their way with them. They were sexually frustrated, and they thought that Harry would be an easy mark. He was only halfway inside of her and he stopped her.

"Easy, you don't want to hurt yourself."

"I want you to hurt me," Kushina protested, almost whining.

He was holding back, making her want this even more. Harry cupped Kushina's perky breast. She felt tight for someone who had a daughter, and therefore Harry wanted to ease his way inside of her. And yet, her body was perfectly, womanly, and ready to to be plundered.

Kushina dropped down onto him, clutching his neck. She wanted her dream man and she wanted him badly. Harry rose up and reached to the underside of her shirt. Her last article of clothing was about ready to come up, not that it was much. But still, it was the final barrier.

Harry tore her shirt off and revealed her bouncing breasts.

"Now," Harry said while kissing up her neck and leaning into her ear, nibbling on it. "We're even."

Kushina silently thanked anyone who would listen for this bouncing. Her workouts along with the lack of sex left her very tight, but now he was working her out. His big throbbing balls struck her repeatedly against her thights and made Kushina tighten down onto him. Kushina moaned lustfully in his ear and encouraged him to go in deep, balls deep as a matter of fact. She planted down onto him, rocking her body down onto him.

"You've wanted this for a long time," Harry said. "You think that I wouldn't notice. You walking in here with tighter and less clothes, trying to entice me."

"I hoped you would notice," Kushina said. "Why didn't you take me sooner?"

"It wouldn't have felt as good as when I took you now."
Kushina could not and would not argue. Harry shoved himself deep inside of her, his big throbbing balls striking her at all of the right points. Yes, Kushina grabbed on tight onto his shoulder and moaned as she took Harry inside of her. She buried deep inside of her, and was this close to losing her mind and her juices all over Harry's manhood.

"Yes," Kushina said. "This doesn't feel as good….that's ever been done to meeey!"

Harry pressed his hand against her ass and clenched it. She breathed in his ear, purring like a kitten and rubbing up against him.

She was so hot right now, and she could feel him inside of her. He slowed down his thrusts, to enjoy their bodies. Somehow still bouncing on this exercise ball. Kushina tightened her legs around her man's body, not wanting to let him go.

Hoping, that this was not some kind of cruel dream. He worshipped her chest and then tilted her back, to access her legs, where he could worship them as well. Along with rubbing her body all over, the fire spreading through the redhead made this ten times more intense than it had been at any time in the past. Kushina struggled against his grip and looked at him, horny desire spreading through her body.

"If this is a dream, don't wake me up," she begged him.

"It's not a dream," Harry said.

They moved across the room and Harry bent her over a workout bench. He pulled out of her, which would just not do. However, Kushina did not have to wait for longer, with Harry slamming deep inside of her body, his swinging balls hitting her hard and fast the deeper he drove down into her. Harry pressed his finger deep against her body and caused her to break out into a very passionate scream when she clamped down onto him.

"You just won't let up!" Kushina yelled.

Harry spanked her and that got her even more excited. He stroked every inch of that flesh as well afterwards.

"All of the times you presented yourself to me, looks like you've bitten off more than you can chew," Harry told her.

Kushina closed her eyes and broke out into a pleasurable cry. Oh yes, it felt so good to have him deep inside of her, rocking her body in every single way possible. Harry knew all of the right spots to hit and all of the spots to turn her body into a sticky, molten mess.

His balls swung against her, teasing Kushina with what was to cum.

"Such a beautiful woman, worthy of being bred," Harry said.

Kushina tried to protest she was not ready for another child. However, her body betrayed her words and she tightened around him.

"And still in the prime childbearing years...but don't worry, my daughters are a gift to this world.

Her mind shut down completely, the faster Harry worked her over. She knew that he knew that she could not resist anything he did to her. If he wanted to hold her down and drain his balls until she was good and pregnant with triplets, then there was not anything Kushina did.
She craved him, almost like something in his aura put Kushina into heat. He was gentle with his touches for a minute, and then he riled her up, practically edging Kushina all the way to the end and then several steps beyond.

Harry groaned, her tight hole proceeded to put a good hold on him. He was nearly done and ready inside of her. His most virile cum was about ready to seed her fertile womb. He had marked her for being perfect to breed strong daughters for him.

"One more time for good luck."

Harry stroked Kushina's spine and made her shiver for him. Yes, she was extremely beautiful and would be even more so, when he made her a mother once again. Harry repeatedly drove himself into her body, his fingers clamping down onto her perfect ass, and spanking her a couple more times as he edged closer and closer. His balls were about ready to bust.

Kushina tightened around him and came very hard around his tool. Harry ran a finger down her body and turned her into a puppet, pulling her strings. She craved her release and more importantly his. They entered the home stretch of a better workout, with Kushina being just seconds away from being bred by this handsome younger man.

That was the last thought that entered her mind before an explosion of lust followed. She milked Harry's tool, very much intent of draining his balls. Harry palmed her perfectly tight rear end and rubbed her all over. Kushina breathed in and breathed out, feeling the first few spurts of seed firing inside of her.

It was a rush, gallons of cum blasting into her womb. Harry rode Kushina all the way to the edge, planting himself into her and draining his seed inside of her body. Harry knew exactly how to ration out his orgasm to make sure that they both felt it.

Her milking hole clamped down onto him and released Harry through several more minutes. Harry rubbed her breasts and made her just rise up and down in pleasure. Harry finished up.

Kushina rolled over onto the workout bench, breathing heavily. Her stomach bloated with cum and instantly, she could sense that this was a life changing experience. Harry practically glowed, like some kind of dark angel, and that brought her a smile.

"So, let's hit the showers?" Harry asked.

Kushina extended a hand and Harry helped her up, so they could get clean.

End.

Thanks for the support and I'll see you in the next chapter.
One of the hottest and most lucrative business nights in a long time visits Bianca St. Claire. Despite the business booming, it overwhelms her for a simple reason. One of the most prominent people in the area shows up. She did not expect, for numerous reasons, Harry Potter of all people coming around to her place. It makes her wonder what he may be up to and it excites her to be in the presence of the man.

Despite this obvious excitement, Bianca puts her best face forward and is strictly business, for the moment. She walks over to see Harry Potter standing there with a swift survey of his surroundings. A hand on his shoulder gets Harry's attention.

"Mr. Potter, it's an honor to meet you."

"Ms. St. Claire, the honor is all mine."

"So, you're here for reasons of business, correct..."

Harry takes her extended arm and plants a light kiss on the hand. Bianca remains cool even though the heat of her body just rushes over her.

"Business of sorts. And not the kind most men come here for if you catch my drift."

A nod follows and Bianca guides Harry to a more accommodating area of her building.

"Given your stature, a man like you has no use for a brothel. I do attract some of the more unsavory types, so if you're here for information, then perhaps we can make a deal. I may know something, or I may not. It really depends on whether or not the price is right."

"You would willingly give up crucial information."

"They do not ask me to keep quiet. They speak when they are nicely liquored up. It is just as simple as that. They should understand that discretion should be more important than anything. Unfortunately, many decide to throw that out the window."

Bianca backs up about half of a step and finds herself almost up against the wall. She is not completely stuck against the wall. The presence of Harry Potter just overwhelms her for a moment and makes her wonder what is going to happen next. Many thoughts enter Bianca's head as she tries to rise up and stand tall.

"I'm looking for this girl."

A bite down on her lip follows when Bianca sees a picture of the girl. Pretty girl, young, with brunette hair, in her early to mid twenties by the looks of her, and a double take of the picture makes her really see what is in front of her. She's seen the girl before.

"I've seen her. She doesn't work for me, if you're wondering. But she's friends with some of the girls, or friendly with them at least. I haven't seen her in a few weeks, but she mentioned the one time I talked to her that she likes to travel a lot. She's thinking about heading to Greece or something, I don't really know. She's an enigma."
"She was trailing a serial killing vampire who posed as a patron of your club."

Bianca raises an eyebrow. Obviously this is one of those things which is very bad for business to have a serial killer around and doing things which can be a problem. A steady beat of her heart follows with Bianca chewing on her lip in the process. Harry leans a bit closer towards her and cups the hand against the back of her head.

"Do you have a photo of him?"

"I'm afraid not."

A hand moves on Harry's shoulder, almost on instinct. His crotch comes closer towards hers and it seems like Bianca's dress comes up. She moves a bit in to give him a raised eyebrow.

"Say no, I'll be gone. Say yes, and we'll see where this thing goes."

The only answer she gives is a ravenous kiss. Once in a lifetime opportunity to have Harry Potter in her clutches and she's most certainly going to take it. Harry puts a hand on the back of her head and guides his tongue into her mouth.

She did tell me a lot, and all Harry will have to be as patient for him to achieve his goals. His tongue parts Bianca's warm and lovely lips. He maps out a course on her mouth and causes her to breath in deeply. He can feel her nipples and also sense the woman's arousal through her dress. There's no question about it. Harry sees it as clear as day.

"You're soaked."

A finger darts in between Bianca's legs and causes her to almost clench together. Harry delves his finger deep between her legs and almost pulls out. He's in and he's back out quicker than light.

"Why don't you do something about relieving me then?"

Bianca finds herself pressed up against the dress, her red dress hikes up, and her panties go down. Her legs spread and a pair of strong hands rest on her back. Harry feels up the skin and enjoys how soft it feels. He leans in and nibbles the back of Bianca's neck to get the desired reaction. She lets out a moan.

"Oh, I think that we'll get plenty of relief tonight."

She hangs over the desk and her breast slip out of the top. They result in a decent handful and Harry only grips onto them. He causes a breathy moan to follow with his fingers rolling over Bianca's nipple. They react to him. The touch, the torment, he most certainly holds the woman in a position where she is losing it.

"Please..."

"Tell me what you want? I can't read minds."

Actually, Harry can read minds. It's just simply more arousing to make the woman tell him what she wants. The powerful woman succumbing to his touch arouses him. Making Bianca St. Claire beg for his cock is a thrilling experience and one Harry will indulge himself in with each passing second.

"I want...I need your cock!"
The second those words pass her lips, Harry's cock passes another set of lips. The head sliding into Bianca's tight pussy sends electricity coursing through her body. He guides in one inch at a time and makes Bianca just breath out, moan out, her mouth opening up. He makes sure she feels every single inch of cock just sliding into her body from behind.

It's completely inside Bianca to the point where it lights her body on fire with molten desire. Harry pulls almost out of Bianca and slams his cock inside of her body. Her body shakes as his balls hit her hips from behind at the right angle. His hands rest on her back with Harry drilling his cock inside of her tight pussy.

"Yes! Keep going!"

Harry slows down just enough to make her orgasm crawl over her body. Every single inch of her body aches from the sheer torment Bianca receives. She realizes she feels the master at work and the master is doing an excellent job in hitting her pleasure points.

Without warning, Harry rams hard into her. His big cock jams into her body and fills up Bianca. Thrust by thrust, the orgasm eases up in her body. Bianca's toes curl in her boots and a finger brushing through her hair sends more desire cascading through every inch of her body. Harry is out and then all the way back in with a deep thrust.

Every single inch of Harry jams into the tight woman. Her pussy closes around him and makes Harry believe she has not had a real cock inside of her for a very long time. The pressure hugging around Harry confirms this. He slides almost all the way out and teases her.

He closes in on Bianca's waist and spears from from behind. Her bouncing ass jiggles into Harry's line of sight. A smack to the ass earns him a very sexual and primal growl from the woman. The deeper he rams inside of Bianca, the more she breathes in. Harry pushes in and out of her a more rapid-fire pace and lights her body up. He can feel it, he can sense the arousal just bubbling.

"You're about to get a release the likes of which you've never imagined before."

"I can imagine a lot."

Harry just keeps working her up and gives her a couple of teaser orgasms. Nothing major, nothing which compares to the main event, the big one, the one she's been waiting for, for her entire life. Harry repeats his thrusts the deeper he goes inside of her. He pulls almost all the way out and then jams his big cock inside of her tightening pussy.

"It's almost time. I hope you're ready because I'm not holding back."

"You better not, because if you do, I swear..."

What Bianca swears becomes lost to the pleasure she feels. The depths Harry's cock goes inside of her, it makes her feel really good and want to hold on for the right. She clutches the monster rod going inside of body.

Each touch sends her closer to the edge and keeps riling Bianca up. Harry feels up every single last inch of Bianca's body and makes her almost shake underneath him.

Then, it hits her. The rush, the culmination of all pleasure. Bianca clutches her desk and drives a hole into it with how hard she grabs it. Harry subverts her with his power and more importantly the source of his power. That large throbbing cock and two balls repeatedly hitting her clit at a rapid fire rate.
Bianca bends over, breathing and feeling like she's been running a marathon. Harry keeps rubbing the back of her leg and sending her over the edge with more. His cock pounds Bianca into a pile of jelly. He rolls back and sends his cock just slamming inside of her. His balls keep swinging and doing their dance. Bianca clutches the desk with a trickle of drool coming out of the side of her mouth.

"So, how do you like that?"

Harry pulls out of her. His cock is still hard and it only is a momentary break. Bianca turns around on the desk and crab walks across the desk. Her legs spread and she looks up at Harry with seductive eyes.

"There's still a vacancy to be filled, Mr. Potter."

He mounts her legs and then goes down to bury into her pussy one more time. Bianca clutches onto his back with her legs and allows Harry to bury deep inside of her. His big balls rise up and slaps down into her. Bianca drags a nail down the back of his neck and makes sure he is deep inside of her.

Harry's right where he needs to be and where he needs to be is inside the tight pussy of this powerful woman. Bianca moans out as the cock she's been waiting a long time for keeps driving inside of her and fulfilling her desires. He fills her up repeatedly one more time. The crawl, the slow torture, to the next orgasm attacks Bianca's body on all ends.

Then, he dives down and attacks her breasts. Bianca never feels so alive other than getting this cock inside of her. Her hips jump up and grab Harry's back while he pushes inside of her.

"MMM, you really know how to show a woman...a good time!"

Harry responds by delving his cock deeper into her. They go body on body. The sensation of her nipples brushing up against his chest is most certainly exciting. He looks into her eyes and sees the very real excitement. Not just a show she puts on for the people either. Bianca knows what she wants and she takes it.

She succumbs to Harry's cock. Not the first extremely powerful woman to take that particular position underneath him and most certainly, not the first vampire. Far from the first vampire as a matter of fact. Harry drives himself into her and brings her up all the way to the edge of her latest release.

He can feel it just flowing out of her. Harry rides out her release. Bianca holds onto him with her mouth wide open. Dark hair sticks to her face in the most alluring manner. Harry engulfs her sensual body with his strong one and keeps driving inside of her.

"Are you close?"

"Don't think you can last much longer?"

Bianca tries to offer a retort for that. The orgasm hitting her hard prevents any retort other than a cry of pleasure. He sticks her repeatedly with his cock and builds up more momentum. Harry is completely inside of her and about ready to finish her off. Bianca holds her nails down onto his back and moans in the most sensual way in his ear. He's getting close and is about ready to finish her off. She can fill him building up that necessary momentum within her.

"You're so close. I can feel you! I can...feel this!"
Harry hammers Bianca's pussy to the end. It's a matter of time before his balls fill up and is about ready to fill her up. She is about ready to take everything possible.

The two join together at the end. Harry's nature signifies he needs to finish and claim another for his own. His eyes flare with power and he can feel the tension of Bianca's body just hitting. Harry fills her up and then starts to spill his seed inside of her body.

Bianca holds onto the back of his neck and moans in his ear. She cannot believe this. He fills her so utterly and showers the inside of her body with cum which causes her to feel more alive than ever before. She clamps onto him and makes sure not to squander such a precious drop.

The second he pulls out of her, Bianca collapses onto her desk. She's glad he finishes because to be honest, she can't take much more. Not Bianca St. Claire will ever admit such a thing out loud.

"If you need anything else, you know where to find me."

"You've given me plenty to go on tonight. And I have a good idea where to look for the fiend."

All it takes is a little sex to clear the mind. Well, maybe more than a little.

End.

Deadly Game(Lana Kane)

Hadrian Peverell, the enigmatic Dragon, one of the fiercest spies and assassins in the world, found himself meeting up with a lovely woman, which was always something that happened throughout his days. The duo teamed up to fight an even more dangerous group of people who entered the world. Hadrian dressed very casually, wearing a robe when he moved his way up to the hotel room and she knocked on the door.

The lovely, Ms. Lana Kane entered the door. The chocolate skinned beauty dressed in silky lingerie, with a tight corset, thong, and "fuck-me" stockings. They were quite fetching on her body, every inch of it was more perfect than the last.

"Hello, Dragon," Lana said to him. "And i'm glad to see that you respected the dress code on the terms that you've laid down."

"Well, I'm not about to say no to such a fine lady," Hadrian said.

"I'm not certain you could call me a lady from what I have planned tonight," Lana told him.

She beckoned Hadrian into the room and the door locked behind them. The very second they entered the room, Lana decided to drop all pretext to why they were here. The mission ramped up with some sexual tension between the two of them and while they had differing styles of how they went about things, it worked together well enough.

"I don't like debts left unpaid," Lana said. "And given how prolific yours is….I should cash in."

Lana cashed in on the downpayment with an extremely aggressive kiss on Hadrian which he returned. Hadrian got a good feel of the sexy agent's body, every inch of it just more amazing than the last. He could grab onto her ass for days. It was perfect to hold onto when he bent her over any surface.

"Oh, you're packing some kind of gun under those shorts?" Lana asked. "I thought I told you no weapons."

Despite that reprimand, Lana smiled. She was playing with him and playing with his manhood through his pants. Hadrian just smiled when the sexy woman edged his shorts down to reveal what he had packing underneath.

"That could take someone's head off, if you're not careful," Lana said. "I really hope there's a safety on this thing."

"Why don't you find out?"

Lana stripped off his robe the rest of the way. There was no need to wait to be honest. She held the biggest slab of meat possible in her hand, squeezing it tightly. Lana just broke out into a soft smile, pleasing Hadrian, and dragging her fingers up and down his length, making him horny as hell when she touched him.

"I'm finding out, lover," Lana breathed in his ear. "I'm finding out a lot about you. And I like it."

Lana squeezed his thick manhood and caused it to jump up into her hand. She closed her fist
tightly, digging those nails into him to test him. Her slow and laborious handjob made Hadrian thrust up into her hand. He locked eyes onto her, plainly telling her to have her fun.

Those lips, and Hadrian got a good look at them now, were perfect for wrapping around his dick and sucking all of the cum from his balls. Lana appeared to think so as well, as she dropped to her knees, using Hadrian's fallen robes as a cushion. She leaned in and started the base of his throbbing erection before kissing him.

The hot tongue of Lana Kane swirled around his body, making him just groan the faster she worked him over. She kissed him several times up and down.

"So, far, so good," Lana breathed. "Your gun has not gone off and you take good care of it...it's well maintained."

She squeezed his crotch a few seconds later.

"You shouldn't be playing with guns like that," Hadrian advised her.

"I know what I'm doing, hon," Lana told him.

Her breath hit the tip of Hadrian's manhood while she said it. It stretched a little bit further, meeting Lana's lips. Lana leaned into him, slurping his thick slab of meat up. Her eyes closed, when drawing herself facedown upon him. Lips tightened up around him, sucking on him hard. Her hand cupped his balls, jiggling them hard and making him just push down into the back of her throat.

"Oooh, you're so perfect!" Hadrian groaned.

Lana just smiled and worshipped the piece of meat like it should be worshipped. Tales of the dragon had reached far and wide, through every government agency she knew of. Lana knew it was true, because of her first hand experience. She took a hands on, or rather mouth first, approach of verifying that. Her mouth sank down onto him, hungering for his engorged prick.

The messy and seductive blowjob she gave him made Hadrian feel extremely tempted to launch a premature load down her perfect throat. However, Hadrian knew exactly how to play the game. Not that Lana made it easy, her skilled fingers stroking his balls and then she proceeded to milk them. Despite the added stimulation, Hadrian hung on.

Lana was very impressed, giving her best blowjob, and he was holding back. He would not be one who would crack suddenly under interrogation. Lana rose up, leaving a ring of saliva just dripping down his manhood. She stroked his length, causing him to twitch and throb.

"I'm full of more surprises," Lana said.

She pulled down her corset to reveal two beautiful breasts, with nipples that looked like Hershey Kisses and were likely as delicious. Hadrian peered down on her with a smile.

"Looks like I'm not the only one who brought weapons here."

"Oh, but these can be a killer," Lana said.

She brought Hadrian's length in between her breasts and began to rub them up down. His veiny member shoved between her. Hadrian put hands down onto her chest, and Lana's eyes glazed over in unmistakable lust when he fondled them.
Hadrian grunted at the feeling of Lana's perfect tits rubbing up and down against him. The determination in her eyes made him almost pop. However, the desire to experience these glorious wonders of female perfection stopped Hadrian.

Lana spit on his member, and rubbed her thumb against the head. The lubrication trickled down and slid deep between her perfect breasts. Hadrian's fingernails driving into them made Lana just breath in and breath out, his balls cracking up against her.

"Don't you want to paint them?" Lana asked. "It would look hot...and I wouldn't mind."

Hadrian slipped in between her, his manhood twitching madly the faster he drove in between her luscious tits. She squeezed them around him and made a very convincing argument for Hadrian to explode all over her.

"Show me your fire, Dragon!" Lana cooed at him, breathing at his cock.

Hadrian resisted the temptation of her tits, as great as they were. As nice and warm as they felt, Hadrian retracted himself from her.

Lana closed her eyes, unable to believe he denied her. And excited that he did, because that meant Hadrian had something else in mind. And she could hardly wait for it.

The two came to their feet, with Hadrian stripping off her thong and corset, but leaving the stockings. His thick slab of meat pressed against Lana's firm and juicy thigh. A hand cupping her ass, kneading it tight, got Lana's full attention.

"My cum would look nice bathing your delicious tits," Hadrian said. "But, I think that I might put it somewhere else...if you know what I mean."

Lana broke away from him and slowly crawled onto the bed. Her perfect hips swayed at him, every inch of her amazing body calling for Hadrian and calling for his cock. Hadrian climbed up onto the bed behind her and caressed her tits, squeezing them tight and kissing her on the back of the neck. Lana broke out into a fit of lust when Hadrian stroked her skin and made her as hot as hell.

"You know where to put that," Lana said. "I'm wet...I need this."

"Seems like you've needed this since you started giving me "fuck-me" eyes all through the mission."

Lana just smiled inspite herself. She was guilty as charged. Hadrian handled her as a man should, grabbing her hips and sliding inside. He slowly fed her dripping hole, inch after inch stuffing her. Lana wondered how deep she could go.

"Oooh, you're so big!" Lana yelled.

"And you're tight and fit as fuck," Hadrian groaned. "But, don't worry, I can adapt...or I'll just break you."

The thought of being broken on throbbing meatpole of this living legend appealed to Lana's fetishes barely. One could argue she was a bit of a sizequeen, but really it was not the size, but rather what you did with it. And since Hadrian had both size and skill, well that hit all of the checkboxes. And he was not just thrusting away either, he was massaging her flesh, and kissing her, everything that he could reach.
She could have sworn that his tongue stretched out to lick the back of her ear, despite it being physically impossible. Those thoughts swarmed in Lana Kane's mind, the faster Hadrian pushed into her. She could feel his balls, heavy sacs of flesh, born to seed any female they came into contact with. And they were coming into contact with her.

And now, it was Lana who was the one who reached her peak. Her walls clamped down onto her lover.

Hadrian enjoyed the silky feel of the fit agent's pussy. Every inch of her chocolate flesh just begged to be touched and Hadrian knew precisely what to do with it. Her horny body called out for him, with Hadrian squeezing her nipples and making her just break out into a fit of lust.

Those balls slapped down onto her thighs and made Lana just ooze with lust.

"Are we having fun?" Hadrian asked.

"Yes!"

Lana came and was on a mission to make Hadrian empty those big balls inside her body. He slowed down, slowed down, and made Lana once again feel his head grinding into her as he edged inch by inch. Determination was what opened up Lana's insides, knowing she would be spoiled for life getting this manhood inside of her.

Hadrian moved down her body. Lana was on her hands and knees, and opened for the grabbing. He leaned back, and touched her breasts. He stroked Lana's tits, milking her nipples and making her just ooze all over him. Hadrian's thrust got deeper and faster, the burning desire the two of them felt for each other was beyond amazing and without peril.

"It's time for you to cum for me," Hadrian breathed in Lana's ear.

Nothing would make her feel better than to clamp down onto him and drain every last bit of seed out of those big swollen balls as Lana came for him. Hadrian shifted himself, riding her through the orgasm. His hands remained firmly pressed on her ass, grabbing her.

Some people called her a bitch, but now Lana was getting fucked like one and she loved it. She loved him, and his strong body, pushing into her, and pleasing her in ways that she could never imagine. Those hands caused the right kind of warmth to spread her body.

Hadrian smiled, amused when people called magic a cheat. He called an enhancement of natural abilities. And what was even more of a cheat was reaching inside of the woman's mind and getting a good idea of all of the spots which made her a shuddering wreck. Which Hadrian did not need to do, although he could. He made sure to hit all of Lana's hot spots in the fun way.

Time after time, Lana came hard, and Hadrian's balls filled up with so much cum that they could seed every woman in the agency. Lana heard whispers about the fabled Daughters of the Dragon, an organization of skilled assassins that served Hadrian, brought upon by the fact he bred some of the most amazing and skilled women in the world.

Never been able to verify it, never had a chance to ask him now, and would not, due to his manhood just stuffing in her, making Lana lose her mind.

"Wearing out my pussy so much."

"Don't worry, you have one more chance to make me finish," Hadrian said. "And one more hole that I can dump my seed in."
Hot oil spread through Lana's crack and made her twitch. Hadrian pressed a finger against her and made her shiver in delight. Surely, he was not going to stuff that big cock in her ass. It made her pussy feel so full and it was not as tight as her ass.

One more push, squeezing her walls and channeling all of the energy followed. Lana squeezed him with her pussy, in an attempt to make him cum. Hadrian hung on for the ride, all while loosening her back passage for the inevitable intrusion.

"When's the last time you've been fucked back here?"

"A long time ago," Lana said.

"Well, it will feel like the first time again."

Given how large he was, Lana had no doubt. Hadrian's finger and pole instantly sent her over the edge. Despite both of his hands being well accounted for, Lana experienced the presence of so many more, coasting down her body.

Hadrian pulled out of her and sat Lana up, propping her up on his lap. He could not wait to bury himself into the ass that had been taunting him. He might not last as long, but he was willing to make every last second count.

"JESUS CHRIST!" Lana screamed.

"No, he has nothing on me," Hadrian told her.

Lana's cheeks spread to allow Hadrian to go fully into her ass. All while he stroked her inflamed clit, giving her the one two punch in pleasure. Hadrian pushed deeper into Lana, rubbing her tasty butt, and making her become a volcano of juices erupting from her.

Every time Hadrian rammed into Lana's clenching back hole, it was hotter than ever. This ass was made for diversion and fucking, and Hadrian had to get ahold of it, and ram inside of her. He made sure to make this ride last as long as possible.

It was getting harder and harder and harder to hold back.

"Wouldn't you say I have a pretty good safety on my gun?"

"Too good," Lana said. "What's the use of having a gun that good if it doesn't fire?"

"Oh, I'm sure that the bang will be pretty big when it does."

He planted Lana firmly on his engorged prick and made her just breath out. The sultry agent sucked air through her nose. He was careful not to wreck Lana too much because Hadrian wished for her to be awake for the main event. And it was going to be a spectacle when it was.

Suddenly, Hadrian finally lost all sense of himself and just pounded away at Lana. The tension in his cock finally burst away, enjoying as her anal muscles squeezed it. Hadrian saw stars and he clutched Lana's thick bum before driving as far as she would allow him.

Finally, finally, the load spilled deep inside of Lana's asshole and she could not feel good. This warm cum dribbling inside of her tight back hole, it was the perfect end to this perfect evening. Her ass finished the job, and given that Hadrian saved her ass in a more figurative sense earlier tonight, that was good.
"Dragon!" she moaned.

He enjoyed every last minute of her and the orgasm the two shared lasted forever. All day, all night, every time. Hadrian pressed into her, hammering her until the point where Lana came perilously close to breaking.

She did look good when broken. Hadrian pulled out of her and left her ass, fucked raw, after their short and intense bout of anal sex.

They enjoyed the moment, with Hadrian's fingers dancing down Lana's front.

"Live up to your standards?"

"We should do this more often," Lana said.

His manhood nestled between her cheeks was the perfect way to end the night. His fingers petting the front of her body, going down to the point where he stopped between her legs.

"There will always be a spot open for you."

"And I'll always be open for you," Lana said, turning around to straddle him and to play with his muscular chest and abs.

The scars on his body just made Lana even hotter. Because, she knew he was durable and not a soft man. And not soft in any sense of the word if what was pressing against her was any indication.

End.

Next Chapter: 9/10/2018.

Thanks for the support and I'll see you in the next chapter.
Age and wisdom gives people many benefits, like an air of respectability. Looking old makes people think you have knowledge in certain aspects, even if it is not the case.

For Anastasia Luccio, it was the case. She did and say does have knowledge of some of the strongest aspects of magic. A smile crossing over her face shows that. Up until the last several months, her body shows it's age, even with the regressed aging process for magical users. Being around since the 1800s, eventually one is going to see that.

During the time of her youth, she met a very alluring green eyed man, who many call the Dragon. He's a master of various disciplines of magic and she recalls fondly learning a lot. What she finds out over time is that time displaces him to the nineteenth century. She can only find him after he's born to thank him.

Given her youth restores into a new body, Anastasia now wants to thank him. Technically, they have not met as he's not gone into the past yet. However, she plans to ensure someday they meet again.

The nineteen year old wizard drifts into the room. He holds the message in her hand. Anastasia gives him a smile.

"Hello, Ms. Luccio. What did you want exactly? You only said it was urgent."

"I wanted to meet you again. After our last encounter, you can't deny there's not something there."

One can see Harry's eyes drifting over her body. Young and beautiful with dark hair cascading down her face, a soft set of facial features, a button up blouse, and skirt along with stockings showing up some of her best assets. It does not take much to charm a handsome young man in the prime of his life.

All it takes is a beautiful woman in the prime of hers and physically, Anastasia is in the prime of her life. A young body plus the experience of a long lived woman is quite a dangerous competition. She eats up the eye candy.

"It's Anastasia, as I told you before. And I wanted you."

She kisses Harry. Harry finds himself enamored with this woman. Every inch of her curvy frame just pushes against his. Harry holds a hand against her lower back and deepens the kiss a fraction more. His tongue darts against her lips and her mouth opens to seek entrance.

The door swing open and the two make their way to the bed. A deeper and more passionate kiss follows. Harry sits down on the bed and she pulls away from him.

"I wanted to pay it forward...with all of what you've done for this world."

"I just defeated..."

Her heels slip off and Anastasia places a stocking clad foot on his crotch. A smile crosses her face.

"You did more than that. You've done more for me and others...you will do more for me and others
then you will ever know. You deserve something in return. Your prospects are very big and I'm just going to bring them out."

The sensual rubbing of stockings against his crotch makes Harry rise up. His pants become very constricted. Anastasia moves back from him and slowly wiggles free of her skirt. She bends over to show Harry her perfect ass in panties. She turns around to him and licks her lips while giving Harry the side long view.

"Like what you see, honey?"

She gives him a tease by popping open the first couple of buttons on her blouse. Harry sees her more of her olive-skin. It looks beautiful and extremely stunning. She moves in ever so closer to give Harry a very sensual and long kiss. Their mouths meet together in the very definite expression of lust.

The power she holds over Harry causes Anastasia to just grin. Sure, he's young, and he will soon grow into something much more. She leans in and unbuttons Harry's shirt. Her bra-clad breasts press against him and they kiss, with Harry's hand looping around her back and moving down to squeeze her ass.

She does not stop him from doing that. A lustful warmth spreads through her young body. One of the perks is a heightened level of sensibility and an increased sex drive. Both of these prove to be very useful. Anastasia decides to take out his cock and put it in her hand.

"And again, it shows how a wizard's power is proportional to the size of his...staff."

She tugs on the manhood and makes Harry rise up in the palm of her hand. Anastasia keeps working over Harry's cock and makes him groan. She enjoys the feeling of holding this cock in her hand. The fact she can bring this powerful man so much pleasure causes a moisture to just splash from behind her legs.

"You know what I want now. Don't you?"

She moves in ever so closer and leans down. Anastasia's lips just brush against Harry's massive cock and cause to move forward.

"Such a big cock. May I put it in my mouth? If that's what you want, I'll do it."

"Yes!"

An increasing amount of pleasure follows with the beauty taking Harry's cock into her mouth where it belong and sucking it nice and hard. He runs his hands through her hair.

This woman really knows how to suck a cock. This is the one though which passes through Harry's mind. Oral sex is a common thing Harry indulges in. Unfortunately, not as much as he likes to. He still recalls with fondness of his cock being between a few sets of lips. And Anastasia Luccio's perfectly delicious lips and warm mouth prove to be one of the most amazing.

She applies the perfect amount of suction, almost like a vacuum cleaner sucking up. Harry hits the back of her throat and jumps completely up.

Suddenly, she breaks free from him and Harry's orgasm fades into nothing. He snaps back, breathing in pleasure.

"Not yet, honey. Not yet, I want to savor this cum. And it's going to be pretty good when you savor
what's about to happen next."

She traces her finger nail around Harry's cock seven times in succession. Some tight seal squeezes around it hard. A look of innocence spreads to her face before the sexual vixen climbs on top of him. They hit body on both with Harry's throbbing cock, now stiffer then ever about ready to go between her legs.

Anastasia drops down onto his hard cock and it slowly feeds into her body.

"Fuck!"

Harry reaches out to grab her breasts. They slowly, and teasingly expand, before his very eyes. A very firm set of B-Cup breasts swell into high end C-Cups and Harry's pretty sure she'll grow them even harder. He pushes his cock into her warm box and feels up her breasts with the hunger only building and the hunger only increasing between the two of them.

"Baby. Right here! Harder! OH YES! HARDER!"

Those cries of passion bring Harry ever so closer to going inside of her. An aching feeling in his balls, almost like the tension is about to burst comes through. He keeps ramming into her to achieve his inevitable release.

Only, nothing comes, and Harry groans out in frustration. Her hands guide over the back of his neck and guide his face into her swelling breasts.

The seal of seven orgasms, a handy little trick that Anastasia recalls fondly learning from Harry during their meeting. It gives them seven denied orgasms and at the seventh, the rush of all seven hit. It is a tool designed to punish disobedient concubines in a collective. Although, much like all magic, it holds a multitude of purposes.

One of the main purposes is right before her. She can feel the second orgasm just creeping up inside of her. Harry plays with her breasts and it causes her own power to increase. She leaks all over his cock and soaks it with her juices. A bounce brings more of Harry into her. Anastasia fills herself with a constant rise and drop.

"That's it baby. I know you can't cum right now, but trust me, when the time is right, it's going to feel so good for the both of us. Mmm, keep fucking my tight, young, pussy. Feel how warm it is."

She guides his head while gaining another cup size. Magic prevents back strain. Harry's mouth guides all over her pillowy cleavage and another orgasm comes closer. She feels the seconds tick away and each of Harry's orgasms count down. He would have hit the third of this time. His balls glow rather bloated.

"I'm going to cum. I swear this time!"

"Mmm, not yet."

She rides the stallion even harder and buries his swollen cock. It parts her and goes deep inside of her womb. A womb, she reminds herself, now completely at a heightened stage of fertility. She keeps bouncing even harder on Harry's cock. The depths she drives becomes quite alluring in so many ways.

Now, Harry grabs a handful of her ass. Three orgasm denials and Harry's feeling the burn. Nothing feels this intense, not even Fleur after the second task. And she took Harry to his physical limits. The large pillows Harry buries his face in is the best way to ease the frustration.
"That's right, honey. Suck my tits! Suck my tits and make me cum again."

An angry and powerful thrust goes into her pussy. She coos in his ear. Anastasia obviously gets off getting a hard pounding and who is Harry to deny the lovely lady what she wants. He wants...and a fourth orgasm just seems to stop short of leaking out of her.

"Halfway there!"

A nail digs into the back of Harry's mouth. His mind fogs over and the only thing which matters is achieving release. The pleasurable and warm hole should receive the effect.

Then, a warm liquid drips into Harry's mouth. Her breasts lactate and drive Harry deep into her chest to suckle on her tits. A hand brushes the back of Harry's head.

"That can be...a common side effect. Keep sucking though. I want you to keep sucking on my breasts and drink the milk from them. It's good for you. It will make you nice and strong."

A sweet taste causes Harry's balls to tense up one more time. He gets ever so closer. Her walls just scorch warmly around him. Some kind of magical allure draws him in. Her body becomes his drug.

Another bounce and Harry thinks he almost has it. He pulls out of her suddenly and causes her to look up.

For a second, she looks as if she protests. Harry pushes Anastasia down onto her back on the bed and props her legs up over his shoulders for leverage. He then drives into her and hammers her pussy until it weeps for mercy!

"Oh, fuck it! Fuck me like an animal! Just thinking about how strong and powerful you are is going to make me cum...so hard! You...you're the best! I'm so glad...we can do this..."

She's very glad they can do this. The long staff splits open her body and gives her a taste of cum which is about to feed into her womb. She clutches onto his ass with her soft legs. The skin rubs against him and Harry's thrusts become more frantic, attempting to get his rocks off inside of her body. His balls keep slapping her at a rate.

One more, one more, and he'll lose it. Anastasia finds her body boiling over with pleasure. The gushing of her pussy and the tightening of her walls delves Harry ever so deeper into her. His balls repeat their dance on her thighs. They get ever so closer to something very mutual.

The rush of pleasure hits her body and the release nears his. He keeps ramming her and making her feel good. Not neglecting her breasts and legs with his hands and mouth really makes Anastasia light up with excitement. She pushes through a little bit more and pushes him deep inside of her.

"Almost time...looks like I'm going to set this one off!"

A rough ram causes everything she feels, years of waiting, to rush all over her body. Anastasia closes down onto his cock and milks it. She can feel it, the tension about ready to hit. It's about ready to explode and paint her insides completely white.

Harry grabs her hips and drives a bit deeper inside of her. He can finally feel it. This time is the big one. His balls just finally release the tension. A rush of magic flows through her body and enough cum to breed all the witches in his year at Hogwarts, and perhaps several other years as well, rushes into her and shoots into her body.

The two meet with each other with the burning lust releasing. Harry splatters inside of her body and
paints her completely wet.

"Finally! Oh fuck! I can fuck your pussy all night."

"More than all night! Just hold on and finish your ride, my love!"

The knowing smile passes through Anastasia's face. He did seven days straight for a ritual. All of the runic stones, spells, and stamina potions, along with just sheer determination just barely gets them through it.

The end comes with his seed burying inside of her womb. A sixth sense shows Anastasia the outcome of this little encounter. As if there can be any other outcome from this encounter.

She lays next to him. Her ass presses against him while his arms wrap around her. A smile crosses her face.

'Rest well, Dragon, I have so much to teach you.'

Making sure her dragon is strong, powerful, and knowledgeable is important, because otherwise who will teach her anything when he arrives in the past?

Pay it forward taken to its most logical extreme indeed.

End.

Next Chapter: 9/12/2018.

Thanks for your support and I'll see you during the next chapter.
Want and Need(Christie)

Dressed to kill in an extremely tight red dress and matching boots, Christie surveyed the bar and took a long drink. Not too many people were around here tonight, which did suit her find for a moment. Today had been a long day and she just wanted to unwind.

After a couple of drinks, Christie's attention shifted to a handsome gentleman entering the bar. He would have stood out, whether or not there were ten people in the bar or ten thousands. Chiseled features, dark hair, green eyes, and just utterly drool worthy, Christie found herself eying him up like a particular juicy piece of meat. It took her only a couple of seconds to realize that she had grabbed the young man's attention as well.

He moved towards the bar and ordered a drink. Christie crossed her legs, with a smile on her face when eying him.

"So, you come here often?" she asked.

"Yes," he said. "My name's Hadrian."

"Christie."

He eyed her body, and with her gorgeous features, platinum blonde hair, and body made for sin, Christie was a sight to see. She smiled as this handsome man was eying her up with hunger and she returned the favor for a little bit.

"What brings you here?" Hadrian asked.

"A nice quiet night," Christie offered. "You?"

"More of the same," Hadrian said. "But, I admit a quiet night is a lot better in theory, then it is in practice. I'm always up for something more interesting, if the right offer came along."

Christie just smiled, staring straight at him with shame, catching him in the practice of fucking her with his eyes. Perhaps it had been the few drinks she had, but Christie was in the mood for something daring, or very interesting as well. She placed her hand on his leg and leaned in, licking her lips ever so slightly.

"I'm up for something more interesting as well," she told him, a bright smile coming over her face.

Locking eyes with the beautiful woman, Hadrian knew instantly what she meant. And he figured from the moment that he laid eyes upon her in the bar, he knew precisely what the two of them were going to be doing. Hadrian allowed her to lead the way, marveling at the fact that dress was too short and left very little to the imagination.

They slipped into a backroom of the bar, which only existed for one purpose. Christie grinned when facing the man and then wrapped her arms around Hadrian's neck before pulling him into a deep and passionate kiss. The two of them returned it, pure lust ruling their bodies when they felt each other up. Christie's breasts threatened to pop out of her dress and Hadrian rubbed his hands over the back of her legs resulting in her purring in his mouth.

His hands slipped underneath her dress and Hadrian pulled off of her mouth to comment on
something interesting.

"No panties," he commented.

"No, honey," she told him with a grin. "It's nice to be prepared...nice and prepared."

She squeezed his crotch and thought this looked promising. Another kiss followed with the sounds of passion becoming very obvious. Hadrian pulled away from her and spun her around, wrapping his arms around her body and kissing her down onto the back of the neck.

Every one of these kisses sent smoldering heat through Christie's body and down between her legs. Hadrian knew exactly all of the right places to touch her, to thrill her, to please her, and indeed, to tease her. Christie closed her eyes the faster he kissed down the back of her neck, hunger increasing with each moment. She knew precisely what he was doing and how he was making her hot and horny.

A hand brushed up her thighs and touched her wet pussy making the dangerous, but lovely woman, blink in pleasure. Hadrian kissed her shoulders and then sucked on her earlobe.

"Touch me!"

That cry of pleasure prompted Hadrian to finger Christie something fierce. Her extremely gorgeous body grinding up against his fingers and causing juice to flow all over his hand made him rock hard. He ground said bulge against her perfect ass and made her moan in pleasure. Hadrian sucked the back of her neck and caused her to flow between her legs.

"How wet can you get?" Hadrian asked her.

"Mmm, as wet as you want me to get, hon," she breathed.

Hadrian removed his fingers and smelled the sweet lemony taste left on them. Christie turned around and slyly pulled the straps down from her dress, dropping it to the ground. Her breasts stood out, large and firm, and demanded to be touched. Hadrian kissed her again, groping her chest.

Christie's fingers darted down, undoing Hadrian's shirt and removing his belt, feeling up his hard body just as much as she felt up his. Christie repeatedly ground her finger down against his shoulder and Hadrian groaned, sucking on her lower lip. The loud smacks of pleasure echoed throughout the room, with Christie just kissing him with increased passion.

"I want you, so badly."

She pulled his pants completely down and got a good look at his gorgeous cock. It was so big and thick that it made Christie gush at the thought of having this monster stuff her full. She needed this, badly. Christie stepped back and laid herself on the pooltable which had been left in the backroom. She spread her legs, wearing nothing but a pair of boots.

The "come-fuck me" eyes brought Hadrian over towards her. Her entire body beckoned for Hadrian, each curve more enticing than the last. Her legs spread and Hadrian put his hands on him, moving between her thighs, and rubbing himself against the trail of wetness coming down from Christie's tight looking pussy. The Platinum Blonde's eyes shifted over towards him, watching the process of his hands snaking up her body.

Hadrian spent plenty of time exploring every last enticing inch of Christie's body, her entire world spinning around with lust. She spread her legs a bit more, preparing for Hadrian to sink himself
inside of her. His length was very close, very near, somehow she knew it would be inside of her body soon. Christie eyed him, the lust just driving him closer, the need to fuck her increasing.

"Hadrian," she breathed out sexily. "Come to me."

Hadrian drove himself inside of her, Christie's tight and hot folds claiming him. He groaned, rocking back and forth on her body, driving himself down into her. Her moans just called him as much as Christie's banging body did as he banged her into the table.

"You wanted my cock and you knew what you had to do to get it," Hadrian told her with a smile. "Look at you, you're so wet...you could flood this entire city."

"Mmm, yes!" Christie moaned.

"And I can control how hard you cum for me as well," Hadrian said. "Did you ever think you would be on a pool table in the back room of the bar, getting your pretty little brains fucked out? Did you?"

Christie bit down on her lip and shook her head. No, she did not think about it, but then again, it was like a dream come true. Especially with such a man, watching his body rise and fall as he buried himself deeper yet inside of her. Christie's insides clung onto his magnificent tool, demanding to drain it of every single last drop.

"I'm going to fill you so full, you won't be able to know what to do with it all."

"Already are!" Christie moaned.

"Only half of my length is inside of you," Hadrian said. "Did you know that?"

Christie's eyes widened and she verified what Hadrian was saying was true. She had been stuffed full more than anything in her life and only half, half of this beautiful penis was inside of her body. His engorged manhood was stuffing her full and bringing her to pleasure.

He hoisted her legs off of the table for more pumping power and just tested the limits and the stretchability of her pussy a little bit more. The loud sounds of flesh slapping against flesh echoed throughout the room, with Christie digging her nail straight in the back of his neck.

"More, I want more!" Christie called for him.

"Mmm, you got it, beautiful."

Christie's eyes widened when he pushed into her with more powerful thrusts before. The insides of her body had been changed, molten, loosened, and dripping wet to accomodating this beast. This was a work of hard and he was performing a lot of work on the inside of her body. Those bloated balls slapping against her made Christie jump up, her breasts bouncing.

Hadrian took his attention towards her gorgeous breasts and slowly rubbed them. It was nothing other than a slight tease, or two at first, increasing Christie's moaning the more he touched her. The touches increased the faster he plunged into her and the more she thrashed on the table.

Those green eyes locked into hers, and they closed in lust. Hadrian lightly pinched her nipple and gave it a twist to ensure that Christie's eyes shot open. He demanded to all women look him straight in the eye when they come and this sinful woman was no. Her gorgeous body, made perfectly for plowing and groping, thrashed underneath the table.
"I'm so hot right now!" Christie moaned.

"Oh, I don't doubt that," Hadrian growled. "And you're going to get hotter when you cum...you're going to cum like you've never cum before."

An intense feeling better than any drug spread through Christie's body, centering around her clit and then spreading through every corner of her. Christie tightened her walls around him, moaning in her master's ear, hungrily milking him all over. His balls slapped down onto her, making her body just rise and thrash up and down, digging his fingers into her nipples and practically milking them.

Christie's entire body soaked with arousal, not just between her legs. She was a constant array of hot spots, each of them demanding more intention than the last.

Hadrian just smiled, knowing precisely what he was doing to this lustful woman. Each thrust buried himself deeper and deeper into her body. He put his hands underneath her ass while lifting her legs over his shoulder and slammed deeper into her.

He slowed down just enough to make it sink in. Then, Hadrian sped up one more time, slamming his big balls against her, making Christie moan and thrash on the table. Thankfully, by some miracle, the pooltable did not crash underneath their weights.

Hadrian just smiled, magic can do many great things, including reinforcing the surface. The emerald-eyed enchanter looked down at the woman before him, having tamed her upon his cock. His balls slapped against her thighs, making Christie just moan ever so slightly. Her heels grabbed Hadrian's ass and pushed as deep into her as possible.

"Fuck!" Christie howled.

Twelve inches of stiff manhood rammed as deep inside of her body, and made her so full. Christie scratched at her lover's back, like a caged animal, wanting to be left out. The need to be bred filled her body, in a way that Christie could not imagine.

Christie's actions could not be plainer, she demanded his cum, every single last drop. Hadrian slowed down a little bit to savor the moment. He pumped her tits, wondering how much larger they would be when they would be full of milk.

"Oooh, I don't know what you're doing at me, you sexy bastard!" Christie howled.

"I know," Hadrian told her. "I'm making you cum. Again."

Proof was in the pudding or rather in Christie's sensual, rippling body. She came, constantly, soaking his manhood with her juices. Hadrian slid as far into her as he would go, pumping his length into her sexy body. Christie just clung onto him, moaning deeply and hotly into his ear, craving his release inside of her.

Several moments passed, with Hadrian rocking her, and making Christie wait for it. He could tell the anticipation was building on the back of another orgasm. He buried deep inside of her body and made Christie just break out into a pleasurable scream.

"FUCK ME!" Christie yelled.

"I believe I am, luv."

Christie flushed at the pet name, normally she found them kind of annoying. However, this time, it
was like erotica to her ears, getting stuffed deeply. Hadrian rubbed his hands down her body and caused the tingles to spread even more.

Despite all of the fun they were having, Hadrian experienced some other feeling. His balls, growing heavy with desire. He knew that the time would come when he would explode, losing himself inside of Christie's body, and almost losing himself completely. Hadrian smothered her body with more kisses and more caresses, and getting her to moan when he was mostly stuffed inside of her was the key.

The key to his orgasm, and a small tingle came through his body. Christie closed her grip onto him, tightening around him.

"Closer," Hadrian growled in her ear.

Christie showed without words how she did not want him to pull out. She imagined his cum would feel so warm and so good buried inside of her body. And it had been a long time since she had such a good lay, that did not result in a murder afterwards.

She tightened around him, in an attempt to monopolize all of his cum. Christie clamped hard on him, leaning into him, and moaning. Her chest heaving up, and his face burying into her bosom, practically inhaling her.

Hadrian grunted, he could feel the tingle in his balls. His orgasm was at hand, and he could do nothing more than explode inside her, pasting her inner walls with his seed. Hadrian smashed her tight body, and released more of his seed deep inside of her womb.

Christie screamed in Hadrian's ear, encouraging him to bury his thick seed inside of her. There was so much seed in those balls, then they could bury inside of her body.

Finally, Hadrian finished and collapsed down onto her. The sorcerer smiled at his wet-fucked conquest, and there were no words. Christie ran her fingers through his hair, as he rested on her sexy body. Not caring if anyone would come in this backroom to catch them in the moment right now.

Then, Christie filled Hadrian over onto his back, surprising him with the sudden change of movement. She used her sexy body to worship his and entered an extremely hot makeout session, knowing that they were not done tonight.

Not by a longshot.

End.

Woman of Many Talents (Mystique)

Woman Of Many Talents (Raven Darkholme/Mystique)

The sorcerer once known as Harry Potter, now known more wildly to the world as Hadrian Peverell, sat dressed in the finest of clothes, although they would soon be off of them. The door of the bathroom leading to the bedroom opened, revealing the current first Lady of the United States of America sauntering towards Harry with a predatory smile on her face. Her eyes shifted into a permanent seductive gaze, as the exotic beauty flipped her dark hair out of her face and sauntered towards Hadrian.

"Well, Lord Peverell," she commented. "I'm ready for you."

The First Lady reached out and squeezed Hadrian's package, with a smile on her face. She repeatedly stroked his hard, throbbing cock through his pants.

"Oh, yes, I've wanted a young man who could last the night with me," the First Lady cooed in his ear. "Someone who is not preoccupied with other things, especially….Twitter."

She said this last word with disdain and pulled Hadrian's cock out of his pants.

"Well, I'm always up to helping a woman in need," Hadrian said.

"Yes, you're up to something alright," she said with a smile. "Or up for something, rather."

The beauty wrapped her hand around the manhood of Hadrian. Those eyes shifted, sparkling with mischief, with a smile on her face. She lightly kissed his massive tool, moaning against the head when pushing her tongue against him.

Raven Darkholme, who took the firm of the current First Lady of the United States, smiled when she worshipped the manhood next to her. She rose up and dropped her robes, teasing Hadrian with her body in a fishnet bodystocking.

Deciding to break character a little bit, Raven climbed onto his lap and rubbed herself against him. She moved towards his ear, kissing him fiercely and moved to his lip.

"Did I do a good job?" Raven asked.

"Well, yes," Hadrian said. "But, you've got another job."

"Mmm," Raven moaned. "I do."

Raven sauntered down and put Hadrian's cock deep into her mouth. Should anyone walk in this suite, and it would not be difficult to with the door unlocked, they would come across the powerful and wealthy British businessman Hadrian Peverell having his cock sucked by the current First Lady, as of the year 2018, of the United States of America.

Her loud, and passionate sucks echoed through her face.

"It's almost like you've been in this position before," Hadrian told her with a smile.

"And it's almost like you've been in this position with her before, the real her," Raven said.

"What are you implying, my dear?" Hadrian asked.
Raven gave him a slow stroke of his cock, as she sucked his hard balls.

"Well, given what happened with Kate and Megan, you know what I'm talking about," Raven said.

"Batwoman and Miss Martian? Or Hawkeye and Pixie? Or some combination of either?"

"You're amusing," Raven said. "Maybe I should turn into the President just as you finish."

"I wouldn't think you would sully yourself like that," Hadrian said.

"Yes, he looks like Norman Osborn and one of his pumpkin bombs had a transporter accident," Raven said. "But never mind."

To be honest, American politics terrified Hadrian. The most recent Presidential Election was like if Umbridge and Lockhart ran against each other for Minister of Magic for crying out loud. But, that was beside the point, the real point was that Raven was pleasuring him and using her talents to take the form of another woman, which was always a fun time.

Raven lightly cupped the underside of his balls, sucking on them. The shapeshifter took some creative license with her tongue, sucking on him extremely hard. She was pretty sure the First Lady of the United States did not have a tongue like this, but she was sure that Hadrian was enjoying this.

"Lord Peverell….I want your cum all over my face," The First Lady purred when stroking his manhood and squeezing him hard. "Please, I've never tasted the cum of a truly, powerful man….I want you to cum for me...cum all over my face."

She stroked Hadrian off, those eyes widening in pleasure. Every couple of strokes, Raven added a lick to the head. The shape-shifting mutant played with his manhood, pushing up and down onto him, pumping deeper and deeper around his tool, when she demanded his cum and demanded for Hadrian to unload all over the First Lady's face.

Hadrian busted his load and some cum splashed all over Mystique's shifted face. She jerked him off furiously, making the cum spurt out by bucket loads all over the face of the woman on her knees before him. Mystique's tongue batted up and down against him, making her tongue just swirl around him.

She rose up, a glazed coating all over the face of the First Lady of the United States of America. Raven just smiled and pulled out a cell phone, before taking a selfie with the facial she received from Hadrian.

"What if that one leaks over the Internet?" Hadrian asked.

"It won't be my face covered in your cum," Raven evilly replied.

"How many of those pictures of Jennifer were you anyway?" Hadrian asked. "You know, the ones that leaked a few years back."

"Only about half," Raven said. "But, I think we're going to have some more fun soon...and I know you're excited for this as I am."

Raven disappeared into the bathroom a second later. She returned, in a different form, with a different outfit. This time she shifted from the President's wife, until his daughter. The statuesque blonde sauntered towards Hadrian, her hips swaying, and her breasts about ready to burst out of this outfit. Raven sauntered completely over.
"Oooh, Hadrian," the President's daughter purred. "I'm so glad you came for a visit….I'm so lonely without you….I need you so badly….would you make my pussy feel great again?"

"Seriously, Raven," Hadrian said.

"Mmm, a big strong man like you doesn't come along that often," she said. "I'll be your little cum slut any time you want...use me."

She teased Hadrian with a pair of nicely rounded breasts and an ass which wiggled when rubbing against Hadrian's crotch. He put his hands on the underside of the ass of the lovely blonde and then pushed her up to a standing position. He spun her around and bent her over the table.

"Mmm, you're pretty accurate," Hadrian murmured. "Well, it looks like you're going to get a spanking that your Daddy should have given you a long time ago."

"Well, maybe I'm upgrading to a better Daddy," Raven said in a low and seductive voice. "Have I been a bad girl?"

Hadrian spanked her bare ass and a deep moan came from her. This was a pretty accurate depiction from Hadrian's experience, but that was another story for another time. And Hadrian would get in trouble for telling it right at the moment.

"I'll be your bad girl any time," Raven breathed. "I want you to make me feel good….I want you to put that big throbbing cock in my nice wet pussy….and I want you to fuck me hard."

Hadrian spanked her a couple more times and made her leak all over the table. He turned around and roughly grabbed her, before pulling the beautiful blonde into an extremely passionate kiss. The President's Daughter kissed back, their tongues wrestling for pleasure. Hadrian refused to let her win, whether she was the real deal or his long-time partner, kissing him back.

She sucked on his lip, moaning in pleasure. Hadrian wrapped his arm around her body and started to strip her clothes off of them.

"Take the all off, I'm your fuck doll," she breathed. "I'm good for sucking, fucking, and being a place for you to store your cum when your balls get nice and big."

Without another word, the feisty blonde grabbed his cock and then dropped down to her knees.

"So better than my stepmother," she purred when taking his cock into her mouth and sucking him hard.

Okay, that was almost too accurate, which made Hadrian wonder if Raven was secretly watching the encounter that he would be talking about at another time, in a different venue. Regardless, the blonde hummed all over his manhood, her pouty lips sucking him extremely hard. Hadrian groaned when fill up his mouth. She looked determined, her blonde hair messily flying from the left and from the right.

The morphed woman pulled back and shifted her eyes so they resembled cat eyes. That was pretty hot, and Hadrian lifted her up, to throw her on the bed.

"Oh, are you going to shove me what a real man does to a woman?" she asked.

"Yes," Hadrian said.

He ripped open her shirt and revealed her nice pillowy breasts, smashing down onto them. The
women squirmed underneath the bed, and Hadrian smiled when he saw the effect that he had on Raven.

Her body rapidly flashed into several famous women around the world. Hadrian rubbed the breasts of the woman as she got control to the woman she intended to do.

"I wonder if you would lose it if I made you cum," Hadrian said.

"Please, make me cum," she begged him.

Hadrian was not done teasing her. He petted the front of her body, feeling her smooth hairless legs, and rubbing her wet cunt, slowly. The fiery eyes of this woman underneath him squirmed several times.

Oh, Raven thought she would be able to hold a form underneath Hadrian's magical fingers without any trouble. But, she supposed that it would not feel nearly as good if Hadrian did not cause trouble. Trouble was what he was good for, that much was obvious since she took Hadrian's virginity, while posing as Lily Evans.

That story would be for another time, and Hadrian slammed his fingers deep into the woman beneath him, making her moan in pleasure, thrashing up and down upon the bed. Her nipples looked like they begged to be sucked and grabbed, squeezed, and any other word that they could think of.

"Cum for me," Hadrian said.

"YES!" Raven howled.

She shifted between the President's daughter and current wife when cumming in, also a couple of slutty Princesses by marriage that she knew that Hadrian knew well. Raven's body exploded, returning to the form of the President's daughter.

"Get on your hands and knees and present yourself to me."

"Yes, my lord," she purred. "How about it? Is this a nice position for your little cum slut to be in?"

Her wet pussy and ass was open for him, not to mention her breasts hung like ripe fruit on the vine, just preparing to be fucked hard. Hadrian climbed over towards her, putting his manhood against her slit which almost gobbled him up. He could tell when Raven was naturally wet, and when she was just using her powers.

It was natural now, with her slick pussy taking his manhood. Hadrian grabbed the blonde, positioning her towards the door before fucking her from behind.

Anyone who opened that door would get a hell of a show, the President's slutty daughter being rammed from behind of Hadrian. They would not know it was one of the most wanted women in the world taking her form. But, Raven only worked for him and the whims of his cock these days, and it could not be better.

And speaking of not being better, her tight walls cranked around Hadrian, threatening to drain him of every last drop of seed inside of her. Hadrian pressed his fingers against her body, making Raven moan and thrash, the harder he slid inside of her. Hadrian slapped his balls down onto her warm thighs, cracking them up against her. Hadrian pulled away from her and slammed himself into her body.
"Oooh, fuck! Raven yelled loudly. "You're stretching me out so much."

"You should be used to a big cock in your body," Hadrian said.

"NOT LIKE THIS!"

To be fair, she thought that Hadrian sometimes made it bigger, just to fuck with her. Or charmed her mind to make Raven think that he did. The number of ways which Hadrian can pleasure a woman, well they were beyond the pale. Hadrian slammed her ass and she squirted all over him.

"There's no part of your body that won't set you off, is there?" Hadrian asked.

"Well, it's more the man that's setting me off."

Raven managed to stay mostly in character, although the line had been blurred. She just craved so much, so much cum inside of her body.

Hadrian pumped her breasts, which Mystique just enjoyed him milking. The faster he slammed into her body, the deeper that he went. His balls slapped against her firm juicy thighs, threatening them.

"Such an eager little slut," Hadrian said. "But, I suppose when your father is just a walking meme at this point…"

He did not finish his throat, rather finishing off the buxom blonde underneath him. She squirmed, with the woman's mind apparently blown. Hadrian smiled, experiencing the strangest case of Deja-Vu, when making the shifted women cream repeatedly.

Then Hadrian finally lost it inside of his lovely partner when she did. Raven grabbed onto the edge of the bed, every orgasm caused her to alternate between the President's daughter and wife, and then she was both at the same time for a minute. Regardless, the orgasm just blew her mind and she kept shifting back and forth until Hadrian finished off inside of her.

The creamy rush of his seed rushed into her body, the faster Hadrian planted himself into her. He rode Raven into the bed, the breath being cut out of her for a second with Hadrian finishing up inside of her.

At the end, Raven shifted back into her usual form, her lovely blue skin splattered with evidence of arousal.

Raven caught Hadrian's cell phone receiving a text out of the corner of her eye. She grinned when seeing it.

"Well, isn't that a coincidence?" Raven commented wickedly.

Hadrian picked up his phone to read the message.

Heard you're in Washington. Need D now. Suck U soon. I.

The picture that accompanied the text was rather racy, and Hadrian really hoped there was no server breach on the cloud any time soon, for the sake of the recipient.

End.

Give and Take(Lasciel)

Give and Take(Lasciel from Dresden Files)

Several eyes turn to the figure coming down the hallway. A tall women with vibrant blonde hair and startling blue eyes steps into the room. She draws a tongue against her lips when moving around the area. The attention amuses her, but she seeks attention from an even more prominent individual. The eyes of the fallen angel moves across the room.

A sleek green dress covers her body with a slit cut out at the side to show her leg. Stockings cling very greedily to her legs and a pair of high heel shoes make her legs look like they go on forever.

Lasciel, or Lash, moves around. She keeps her head on a swivel and keeps looking around.

"Looking for something."

A flicker of a smile flashes over Lash's face. She turns around and stares at the handsome gentleman from the other side. Her lips purse together with a teasing amount of seduction dancing in them.

"I've found what I was looking for. You're a very hard man to get a hold of, Mr. Potter."

Lash slips a bit closer towards him. She adjusts her dress just enough to show a hint of cleavage. It causes his attention to be put on her and Lash diverts her attention over him to size him up like a piece of meat.

"And now you're here. And I am as well."

She allows a heel to slip off of her foot and a foot to slowly drag up his legs. It's an attempt to gain a power play against him. The hand reaches on the back of her leg and begins a slow and steady crawl up up her right leg. Lash closes her eyes and can feel Harry Potter's magical fingers dancing up her legs.

"I've got you."

"I disagree."

Harry reaches over and puts his free hand on the back of Lash's head. He leans in and kisses her for a second. The kiss causes Lash to open her mouth and Harry's tongue to dart. He succumbs a little bit to the sweet as sin taste. His left hand pins the back of her head. The right hand maneuvers more of her dress to the point where it hikes up to reveal her panties which start to soak through.

"You've got my full attention."

A squeeze of her inner thigh makes Lash almost tremble in excitement. Harry feels her and squeezes her one again. Her soft skin brushes between his fingers. He leans in against her and gives her another kiss. She returns it very aggressively, and then grabs the back of his hands.

"I'm sure I do...I can tell."

She rips off Harry's pants without any warning and his boxer shorts come off next. Lash reaches down his shorts and pulls out an object which many women around Harry learn to love. The throbbing length sticks in Lash's hand. She envelopes her fingers around the tool and gives it a very
powerful squeeze.

Lash's slow and measured handjob gets Harry's attention even more. She leans on down and tastes the tip of his cock. She moves around and then steps back. Her panties slide off and Harry looks at her pussy. Her dress hikes up even more with Harry positioning her very close.

"I don't have time. I need this cock. And you need my pussy. Look out how tight it is is. How good it will feel when my legs wrap around you and you enter me. You want this, don't you?"

The well-hung gentlemen teases her with his cock brushing down her stomach. Lash backs up against the wall. He pins her against the wall. The object of her unbridled lust riles her up. It teases and strokes every inch of her hot and wanton flesh.

"Do you think you've earned the right?"

Her dress rolls down and is bunched up in the middle. Two round breasts with nipples standing at attention come out into the light. Harry grabs onto them and gives the supple melons a very powerful squeeze. She moans out loud with Harry holding onto them.

"Yes, I do. Do you want to be between my breasts?"

Lash drops down to the ground and without any shame, takes Harry's lengthy cock between her breasts. She wants to do everything that she can to make Harry cum as hard as possible. Oil spills all over his cock and makes it easier for Harry to slide into her.

"You like how soft they are? You want to fuck them? It makes you hard to fuck them! It makes you hard to fuck my nice tits?"

Harry's thick rod finds its way deep inside of her cleavage. A squeeze of her breasts brings the man more fully in between her. Lash closes her eyes and leans down to suck the thick head as it pops out of her.

"You can't help it. Such a powerful man with such a big cock, and you can't help, but sliding it between my tits. And then, you're going to bend me over and fuck me and keep fucking me until I drain every last drop of cum out of these big swollen balls."

The feeling of having him in between her tits feels so good. Lash can feel it, he's getting so close. She speeds along the process. The thought of the cum just exploding all over her tits and face brings a fresh level of excitement all over her body. Lash pumps him a bit more and gets him just a little bit closer to the edge.

Harry grabs onto her and vigorously pumps his cock between her tits. He's so close, so close it feels like he's going to explode. Lash tightens her breasts around his cock.

A blast of cum rains down on her breasts. The seductive allure she gives only makes Harry's desire to cum all over her tits amplify. Her face soaking with his cum only makes him want this even more.

"Drain that big load all over my tits! You can't fucking help yourself!"

"You just wait...I'll have you underneath me and begging for more."

Lash gives him a look of subdued innocence. She keeps pumping his balls until his cock starts to lose momentum. The fountain effect continues to get cum all over Lash's breasts, hair, and all over her chest.
She gets up to her feet and suddenly, Harry pushes her back against the wall. His arms wrap around Lash and it causes both of them to fade in a flicker of light.

The next step they take leads them into the bedroom with Harry pinning Lash's seductive body down onto the big. Despite receiving a great tit job, his cock rages hard and wants to do nothing better than to fuck this seductress so hard the bed springs break.

"Do it. I can feel you thinking about it! And I want you to do it! I want you to ram your cock so far and so deep into me, I won't be able to sit down without thinking about it.

Lash lifts her legs and runs one of them down Harry's back. She traces patterns with her toes all over his back and causes a rise of lust to increase over Harry's body.

"Do it! I need it! And you need it to! You need my pussy! So fuck me already!"

Cock meets pussy lips when Harry rams deep into Lash. Her body calls to him and lifts up off of the bed. She grabs him so tightly and pushes inside her.

Lash throws her hips up off of the bed. She feels the length just burying into her on a repeating loop. Every single inch of Harry's massive cock just crams into her pussy. The warmth of her lips eats up his manhood and makes it feel really good the deeper he goes inside of her. Lash takes him deeper inside of her.

The cavern between her legs stretches the deeper Harry plants himself into her. The feeling of bodies meeting together and then pulling apart speeds up the actions. Lash grabs onto him and tries to get him to break first. Harry slows down just enough and pulls out of her.

Each inch causes a panicking yelp to come out of Lash's body. He swirls a finger against Lash's nipples and then teases her entrance. Her body craves his attention and it takes Lash a number of seconds to realize something.

"Did you want more?"

"Yes."

She whispers out the word with excitement. Harry just holds his hands on her chest and strokes it. Lash tingles with desire and almost lifts up off of the bed.

"I can't hear you."

"YES! I WANT MORE!"

Her wanton desire just causes the flood to increase when Harry jams into her. The moment of control he gives her leaves and now, Harry manipulates Lash into a point where she craves what is going on. Craves the depths his cock just jams between her warm thighs. She craves everything he gives her and so much more.

The loud moans of a content woman who will get everything she desires and so much more follows. Harry pins her down on the bed and keeps rocking into her body. His balls slap her thighs and make Lash jump all the way off of the bed. His fingers caress Lash's nipples and make them stand up to crave further attention.

"How much more?"

"Everything! I want everything! Give me everything!"
The chants of her wanting more follows with Harry speeding up his thrusts. He pins Lash down onto the bed and slides into her depths. She keeps taking him and he keeps dishing out her. The lust builds to a high peak and she crashes down to Earth.

"You've got everything you've wanted and so much more? I can feel you dripping, calling for me. How much do you want it?"

His hands caress her legs and he can feel the desire just bursting from every inch of her sensual body. Harry rams into her a bit harder. Momentum to the end builds up.

Harry slows up and speeds down at uneven intervals. He takes sexy lady underneath him on a constant rollercoaster ride. He tweaks her buttons at every step of the way. She rewards him by wrapping her loins around him and taking Harry deep inside. Another push as Harry ramps her up to the end.

The tightening of Lash around his throbbing shaft makes Harry drive deeper into her. His balls repeat their slapping against her wet thighs. Lash holds on with a deep moan going inside of his ear. She holds onto him, almost afraid of what may happen if she lets go for whatever reason.

The roller coaster ride continues with Harry teasing Lash and coaxing an orgasm through her body. The minute he pulls away from her, he leaves Lash panting on the bed. His throbbing head brushes against Lash's warm and open hole. He holds himself closer to her and almost gets close enough to enter her.

Then, once more, Harry rams his length into Lash. He holds her down by the hips and rocks into her body. The sensation of his balls smacking against her thighs stirs a fire within her.

"I want you...to finish! I want to finish!"

"Well, we'll see. We'll see! Just keep being a good girl and spreading your legs."

"Oh, honey, I'm bad at being good and good at being bad...but maybe for you...maybe for this, I can try!"

Her last few words come out in a scream. Harry pushes more buttons on her body. All of the pleasure centers towards her loins in preparation for Harry to give her the one thing Lash craves. Sensations burn her flesh. Harry guides her to the next stage of her pleasure. Gratification keeps rising all over her.

Lash loses the next few minutes. She allows herself to roll hands over his muscular back. The aura dominates her. The allure of the powerful wizard smothers her and leaves her to crave one thing. The depths Harry buries inside of her goes even faster. Harry slows down just long enough to leave her hanging and returns back to work.

"Good. You're good. You're very good. Time for us to finish this!"

He picks up the pace and rocks Lash's world. Every time Harry slides into Lash it makes her just go numb with pleasure. She squeezes his invading hips to keep him inside of her.

The desire to hold him in tight overrides anything. She originally thinks of him as an easy way to get gratification. Now, Harry holds so much more. He slows down the strokes to allow Lash to feel her latest rush.

Harry's muscles tighten. The end reaches with each thrust. He holds Lash against him. Their lips meet with a kiss. This time it's not so much of a power play. Rather, it is an expression for the
connection the two build and forge with each other. And expression for what is to come sooner rather than later.

No more words. Only actions follow. One more lurch sends Harry's essence spilling into her body. Lash creams herself underneath his explosion. Excitement and dark desire dances through her eyes. The sexy look inspires Harry to take this to new heights and more importantly sink himself into new depths.

Starts flash over Lash's body. She happily shares the end of this climax with her lover. Hope this will not be a one-time event. Lash clutches onto him and ensures not to waste a single drop.

The end comes with Harry pulling from her. He looks down to marvel at the overflow. A grin follows while gazing down at his latest conquest for every single angle.

"Did you find what you're looking for?"

A small smile passes over the face of the fallen, and well-fucked, angel.

"Everything. And more."

End.

Next Chapter: 9/21/2018.

Thanks for reading and I'll see you in the next chapter.
Ten years, ten years, since it happened, since Ginny and Harry started their relationship. And naturally a lot have changed. There were many additions to their group over the years, but they formed the foundation. And Ginny spent a lot of time spreading the cause, showing them how much better things had gotten in Britain. There were a few people who claimed that what they were doing was a cult, but Ginny disagreed in her own biased opinion.

She stepped into the bedroom, dressed in a black corset, fingerless gloves, a thong, and thigh high stockings. Harry stepped out of the bed. The two of them moved so far from their original selves, and there was so much of Ginny's younger self that made her want to cringe. But, that was in the past, even though they should not and would forget their roots.

Now, she's taken on the name Ginevra Black, much like Harry had taken on the moniker of Hadrian Peverell. She only lit the spark to help start the revolution, and there were many others in their group. Ginerva did not mind though as long as she had her time for Harry, when she wanted it. And she had her own girls to take care of, so it was not like she cared about Hadrian taking care of his.

"Ten years ago today," Ginerva said. "We've come a long way."

"Yes," Hadrian agreed. "Here's to another ten."

Ginerva agreed and leaned towards him, kissing him hard. She slowly unbuttoned Hadrian's elegant cloak, careful not to damage it anyway. She admired the craftsmanship, of the fine silk which felt good on Hadrian. Ginerva brushed her fingers against him. She could feel the size of him growing underneath the silken shorts. Ginerva rubbed him more fiercely, smacking her lips together.

She would never forget how nice Hadrian looked, and how well endowed she was.

"That looks promising," Ginerva said.

"It's been a couple of weeks," Hadrian told her.

"I've been busy," she said with a shrug. "But, I know what to do to make up for lost time."

Ginevra used the soft carpet underneath her knees to kneel down before and pulled Hadrian's manhood out to worship it. It had been in the mouth's of many women, and in other holes, but Ginevra always was smug that their first, fumbling time was with each other. They got much better, Hadrian more so than her, but Ginevra held her own.

Her ego would not allow her to do anything else. Ginevra pressed her warm lips against the tip of his tool, sucking on the head briefly. She closed her eyes, and leaned towards him, sucking on him. Hadrian looped his fingers through Ginny's flaming red hair, and pushed down her throat. She sucked him into her mouth, the loud pop echoing from her.

She worshipped him with her mouth and would be worshipping him with more more. His first wife, first of many, used her juicy lips to drive down onto him. Hadrian leaned into her, slapping his balls against Ginevra's chin to the point where they were just hitting her hard in the face. She made a loud slurping sound, hungering for him.
"I'm going to give your gift," Hadrian grunted.

Hadrian pumped into Ginevra's throat. Her deep brown eyes flashed with lust and need. She was addicted to Hadrian's seed and needed it over and over again. Hadrian pressed up against her face, rocking her, and face-fucking her to the point where she almost gagged onto her.

"Such a proper little slut," Hadrian told her.

Ginevra took it as a compliment, because Hadrian trained her to be a proper little slut. Imagine if she ended up anything like her mother. That thought horrified Ginevra. That was all in the past, along with Ginny's past as that simpering little fangirl who she wanted to bitch slap on sheer principle.

Being the devoted disciple of Hadrian was better than being a fangirl. And speaking of all of the rewards, Hadrian speared down Ginevra's throat and shot the load of cum down her throat.

Not wanting to disappoint her lord and master, Ginevra stroked his balls and sucked down the milky taste oozing from his cock. Oh, she could have him for days, just drinking his cum. Her fiery red locks stroked his balls the faster she dropped down onto him. A loud slurping sound caused Hadrian to tighten his grip around the former Weasley, racing to the edge.

Ginevra worked his pole better than any Knockturn Alley Whore, with less of a chance of having his testicles chopped off for Potions ingredients. Hadrian slid prematurely from Ginevra's mouth and plastered her face with oozing seed.

She scraped the dripping cum off of her face and drank them. Hadrian just smiled and Ginevra climbed up onto his lap. She ground up against him, her thong pressing up against his crotch.

Hadrian pulled the thong down and exposed her dripping wet pussy. The tip of his cock ground against her womanhood and made Ginevra howl in pleasure.

"I swear, you could fuck an entire coven of Veela and still not grow soft," she hissed.

"Remember, I did."

Oh, yes, Ginevra remembers now. She remembered Hadrian chaining her to the wall and forcing her to watch, starting with Fleur, her sister, and mother, and then Fleur's hot cousins, and then the race was on.

"My pussy's so wet remembering that," Ginevra said.

"That's because you're a cuckqueen," Hadrian hissed in her ear.

The slithering of his tongue made Ginevra just heat up even more. Her fetish, something that would cause her mother and at least half of her brothers to have a stroke, make her hotter than ever. Along with Hadrian's crotch grinding up against her, sending her swirling with pleasure. Hadrian pushed up against her and made Ginevra almost break for him.

"Yes, I'm the Dragon's Cuckqueen," Ginevra said. "But, since I'm here right now, you're going to have to settle for my tight, wet pussy. Which wants you, so badly."

Hadrian slipped off Ginevra's top and exposed her nice, supple breasts for him. They were nice and large after the birth of their daughters. Hadrian cupped them and made Ginevra close her eyes. She rubbed up against him.

"So, which of my girls is your favorite to watch me fuck?" Hadrian asked her.
Ginevra closed her eyes, deep in thought. Oh, there were so many to think of, that Ginevra hated to think of just one. She snapped back to life with Hadrian roughly handling her breasts and making her just pant in constant pleasure. She's like a bitch in heat, his bitch in heat.

It would only be proper if he fucks her doggy style.

"You didn't answer me, Gin-Gin," Hadrian said to her.

Oh, that name, how she hated it. And yet, when Hadrian said it, it make her feel so wet, and ready to take his cock in any hole he chose.

"Lily!"

She cried out this world without thinking about this. Hadrian rubbed against her, sending a sizzling amount of friction against Ginevra's loins, and lit her on fire. Hadrian just smiled, teasing Ginevra's body and causing her to be tortured for the next few minutes.

"My mother?" Hadrian asked. "Or my daughter?"

Oh, that was a hard question, even with those two choices. Ginevra squished up against Hadrian who was so close to sliding inside of her. What if he pulled away from her? That was a very real fear that threatened her for this entire time. Hadrian pressed against her breast to get her attention.

"I suppose both are good options."

"They...are!"

He milked her nipples, and faced her. As if on command, warm milk spurted from Ginevra's thick nipples and it allowed Hadrian to suck on them hard. Ginevra hated the fact that he made her feel this weak, but at the same time, nothing got her off.

"Well, our daughter if I had to choose," Ginevra breathed. "But, both are...really...fucking....good!"

Hadrian rewarded Ginevra's answer by slamming into her tight body. The heated core the woman clamped down onto him, moaning. Her breasts bounced, demanding attention, and Hadrian lavished it upon her. He could suck her nice, firm tits for days. They might not be the largest in his collective, but they were more than a handful and one that he had to squeeze all of the time.

Her moans escalated with each bounce, the loud smack of her flesh echoed down onto him. Ginevra bit down on her lip, causing drool to emit from her. She bounced up and down on Hadrian, squeezing him and releasing him.

After a time, Hadrian pulled out of her and left Ginevra deeply breathing. He spun around and pushed Ginevra up to the edge of the bed. Her succulent ass stuck up in the air and Hadrian squeezed her supple butt cheeks to make her moan. He ground up against her, sucking on Ginevra's earlobe and made her to breath in pleasure. Hadrian ground harder against him, the throbbing erection threatening to pierce her body.

"Oh, are you going to beg me to fuck you?" Hadrian asked her.

Ginevra tried to fight her primal emotions. Hadrian knew precisely what he was doing to her and she hated the fact he pushed all of her buttons. Including the one which regulated pleasure between her legs, oh damn, Ginevra was going to scream her head off with how he was touching her.

"Do you want your ass fucked then?" Hadrian asked.
The warm oil shooting into her asshole made Ginevra close her eyes. Oh, it's been way too long since she was anally fucked. The last time, she flew on a broomstick with Hadrian across the Atlantic, and the altitude was stunning, especially when Hadrian flipped them upside down.

The memories made her warm pussy gush underneath his strokes. He practically petted Ginevra and brought her to the peak. He squeezed her clit and explode.

"Do it!"

"Do what?"

Hadrian's swollen head rubbed against her cheek and slapped her on it. Ginevra realized that her husband was going to make her demand, or beg rather, to be fucked up the ass.

"I need you deep in my slutty ass!" she begged. "Please, Hadrian, fuck me until I can't sit down without thinking of you."

"Well, if you're still not thinking of me every time you sit down after the last time I took your ass, I obviously didn't fuck it hard enough.

The loosening of her asshole with Hadrian's fast finger send Ginevra spiraling over the edge. He lined up towards her asshole, the heat calling him inside.

"Time to correct that."

"YES!"

Hadrian plunged into Ginevra and she was pretty sure she screamed something out. Only it was lost to what Hadrian was doing to her. He pushed in as far as possible, and almost pulled all the way out of her before driving into her once again. He emptied and filled her ass so expertly that Ginevra oozed all over the bed.

She was up for anything, thus retaining a special spot in her heart. She was so sexual, with the tightness of her asshole clamping down onto him. Hadrian groaned when plunging faster inside of her. He could feel Ginevra's ass clamping down onto him all the way.

"Oh, Harry, fuck….."

"Now, we won't be using that name, Gin-Gin," Hadrian said.

"Right, sorry, Hadrian...please forgive this slut's slip of the tongue!" Ginevra moaned. "Oh, stuff me full...fuck me...spank me....I'm yours...Daddy....I'm yours!"

"Your mother wished I bred her," Hadrian said.

"She probably did, but...she'll never experience the joys of a true man's cock like I did!" Ginevra yelled. "Oooh, fuck...fucking harder....please."

"Please...helps."

Hadrian bottomed himself out in Ginevra's perfectly snug ass. He slapped her on the rear and she responded by moaning even more loudly. The marks left on Ginevra's perfect ass were the mark of what he owned. He dug his nails into her ass, claiming further ownership on it.

The roaring feeling of his release reached ever so closer. The moans of the woman who opened the door for Hadrian to achieve his aspirations, fueled him on completely. She submitted completely to
him, and Hadrian could not resist her a second longer.

Ginevra breathed in heavily, every now and again Hadrian prodded her to check for signs of life. More feelings of lust spiked through Ginevra's body every time her lord and master used her as a cock sleeve. A bolt of pleasure, almost as potent as a second cock stuffing her, filled Ginevra's tight vice and caused her juices to spill all over the bed.

She was enjoying this and also enjoying the fact that Hadrian's balls almost reached their payload. Soon, they would fire into her ass, burying a cream pie between her meaty cheeks. Ginevra hoped that she could summon one of the girls to lick it out, but that was only with Hadrian's permission.

Soon though, she would get her reward. Hadrian rocked down onto her so hard that Ginevra knew she would not be able to even sit down without thinking of him for at least a month, if not more. And then, he would be ready to take her in the ass again.

Hadrian took the fiery redhead's ravishing ass from behind, slamming as deep inside of her. He had other interests and other girls that occupied his time, but you still had to appreciate the one that got it all started. In those more innocent in some respect days.

'Here's to another ten years,' Hadrian thought to himself.

He blasted Ginevra's asshole with his payload. He rode her into the bed, the tightening of his muscles sending waves of pleasure through his body. He painted a beautiful picture, with her asshole just overflowing with his seed.

Both savored the moment, with Ginevra's pussy dripping with her own juices and her asshole overflowing with a gusher of Hadrian's cum.

"Lovely."

Hadrian pulled out of Ginevra and smiled. He would have to call up someone to help clean up.

In hindsight, replacing house elves with Veela maids had been one of his better ideas.

End.

Thanks for Reading and See You In the Next Chapter.
Shared Ambitions (Queen Titania and Queen Mab)

The bright sunlight comes out into the room. Harry's eyes open up and a very familiar sight appears in front of him. Two beautiful women in his bed. They almost look identical, given the fact they're twins. There's a couple of differences. One twin has a bit fairer of a skin tone and wears a light blue nightdress which clings to her body. Mab, the Winter Queen, gives him a smile at the bed.

The other woman dresses in a set of colors. Her night dress is a vibrant red color with a little bit of orange trim on the sides. Her juicy thighs stick out from underneath the dress. Titania, the Summer Queen, slides up the bed. Her skin is a bit more tan than her sisters.

"And what can I do for you two lovely ladies?"

Mab gives him a light smile and brushes a finger against his abs. Titania opts for her fingers to go a bit lower, down to his inner thigh. She slides through his boxer shorts.

"Well, you have everything here we need. And all we need you to do is to sit back and relax."

Both twin sisters strip Harry of his boxer shorts. His large cock comes out with awe in the eyes of both Mab and Titania when they come across his hunk of meat. Mab's expression is a bit more subdued. A tongue drags against Titania's lips and she shows more obvious interest.

"And we're going to have a lot of fun today."

The two sisters prove to be as good as their work. Their soft hands start stroking Harry's cock. When they get Harry nice, hard, and ready, they take turns sucking him off.

The difference between the two of them become very obvious. Mab's cock sucking ends up being a bit slow, a bit more subtle, and she takes her time. Her mouth lines up against his cock and pulls completely out. Mab drags her tongue against him and tastes him.

Titania on the other hand is a bit more vigorous and fast with her blow jobs. She pops Harry's cock out of her mouth several times. Harry takes the back of her head and spears his cock down into her throat. The excitement only gets even more prominent the deeper Harry plants his throbbing cock into the back of her opening throat.

"Mmm!"

She swallows the length of Harry's cock into her mouth and pulls almost all the way away from him.

The two continue their alterations. Then, they stop. Titania shifts over to straddle Harry's right leg and Mab moves herself into position to straddle Harry's left leg. The two of them lean a bit closer towards each other with their lips meeting up. Mab finds herself enveloped by her sister's lips.

Harry's twitching cock gets more attention when Titania grabs him and slowly strokes him. She speeds up the pleasurable actions. Harry's manhood jumps up into her hand. Titania holds onto his cock and gives him a very hard squeeze of his manhood. She keeps rubbing on him.

The two ladies part from each other with Mab and Titania moves down to pleasure his cock and balls. Their warm mouths keep working him over. The pleasure spreads all over Harry's body. The
pleasure causes a build-up to occur on his body.

"Not yet."

Titania decides to move on top of Harry and lay on top of him. She recovers his shoulders with kisses and moves around to the side of his face. She nibbles Harry's neck and allows a hand to rub over her back. The friction increases from both sides moving ever so closer towards each other.

"I want you to take me. Take me now!"

Harry pushes a hand at Titania's back and keeps guiding himself into position. Her wet pussy lips parts and eases Harry completely to slip inside of her. She smacks down onto him and goes hip to hip with him.

He rolls Titania over onto her back. Her hands reach up and push onto Harry's back. He slides out almost all the way. The delightful sound coming from her.

"I want you! I've wanted for you for such a long time."

Titania's desire to him only increases the further she starts to push Harry into her. His manhood starts to brush against Titania's wet entrance. Her hole calls for Harry the closer he gets. He's almost inside, and then he pulls out almost all the way as well.

"I have as well."

The feeling of his throbbing head against her brings Titania more enjoyment than before. Her legs clamp down on Harry's hips to slowly guide him in. She squeezes Harry's firm ass.

He takes the plunge and drives into her wet hole. It is now when Harry slides into her tight hole and feels the snugness wrapping around him. He starts a bit slow. Drawing out every single thrust and making Titania want it even more.

Her nails grabbing his back roughly shows just how much Titania wants him. Harry holds himself up and then drops down onto her. A loud sound of balls cracking against her thighs sends more pleasurable pangs through her.

Harry reaches onto her chest. Her legs slide down to the back of his calves and pull him in. Harry moves forward and takes Titania's breasts. The measure of her nipples sends her spiraling over the top in a fit of pleasure.

"Keep going! I don't want you to stop."

No intention to stop hits Harry's mind. He keeps measuring his thrusts and keeps working deeper inside of Titania. Titania clutches him and allows Harry to slide a bit deeper inside. He pulls out of her and then almost plunges all the way inside of her. Titania clamps down onto Harry and allows the pleasure to just cascade all over her body.

"I won't stop. Not until you want me to."

No matter what, Titania wants Harry to keep ramming inside of her.

"Oh, things are getting hot."

"Too hot for the Winter Queen?"

Mab strokes a finger against her swollen lips and tastes hit. She catches Harry's eyes and instantly,
she catches on to what he wants her to do.

Mounting her own sister's face is a very brazen actions. To Titania's credit, she rolls with it and starts lapping up Mab's pussy. Mab rocks herself back and forth on Titania's tongue and keeps working it even more.

"Cum all over your sister's face!"

A jolt of magic darts between Mab's thighs and causes her to lose it all over Titania's face. Harry rocks the bed and keeps pushing his way into Titania.

Titania tightens her grip around Harry. He only speeds up and feeds her needy pussy with more deeper thrusts. He keeps jamming inside of her from above and keeps working her over.

"Closer! I'm very close."

The grunt follows the deeper Harry plants his cock in between Titania's hungry pussy lips. He pulls almost all the way out of her and then drives down inside one more time. His balls smack down onto her as hard.

Titania only can respond with light moans. The thought counts whole lot. Harry maintains his momentum. Each smack of his balls signals how close he is to coming. The weight of them increases the more her tight and warm walls milk him to a conclusion. A thrilling and very satisfying conclusion.

Harry bottoms out in the Summer Queen and pushes into her. His seed spills into her wet pussy. Rapid fire thrusts empty himself inside of her. He rubs the back of her leg and keeps working her over.

The end comes with Titania collapsing down on the bed. Mab's eyes cloud over as well and she drops down to crawl across her sister's body. A light kiss on her nether lips causes Titania to jump up.

Mab's lust increases the further she moves between Titania's thighs. She kisses away at Titania. Each sweet taste only opens up the door for what is going to happen next.

A warm suck of her lips jolts Titania off of the bed. She rests the back of her hands on Mab's head. Despite the fact the fucking from their man wears Titania out she still has the presence of mind to make sure Mab does her job. The lighter shade of blonde underneath her fingers adds to the allure. Mab's soft locks brush against her thighs.

Harry's cock already rises back to the occasion. He drags the piece of meat down the back of Mab's spine and eases ever so closer towards her entrance. Her lips open up. The tightness is there.

Titania's eyes meet Harry's. One statement comes out of her mouth.

"Take...her!"

Harry decides to take this directive and take Mab. His cock slides into her. It's a very tight fit, and at the same time, it sucks his hard cock inside of her body.

A moment it takes to readjust himself before Harry puts himself in the perfect position to really go to town on Mab. He pulls out from her and slides back into her. His balls slap the back of her leg with a constant push. He keeps hammering away with a very steady thrust. He holds onto Mab's back and slides deeper into her. He pulls out and is back in.
Repeating thrusts ease Harry up. He finally goes to town on Mab. Intense sensations come as his arousal builds back up.

"Oh, fuck, her pussy is so good."

"Yes, it is...tastes good...feels good...not that..."

Titania's words disappear into a very passionate groan. Harry feels it's the thought that counts. Along with the thought of him plowing Mab until her pussy swallows his throbbing hard cock. He pulls completely out of Mab and then drives into her even harder.

Each tick of the clock goes on. Harry fills Mab up with his cock. He also sees that by making her moan, she sends Titania over the edge. Harry reaches as far as he can go.

Invisible hands cupping onto Titania's breasts jolt her out of her pleasure induced coma. She jumps up off of the bed with Harry going to town on her breasts and taking her in every single way he can. He keeps rocking her body and shoving even deeper inside of her.

"Get ready!"

His balls crack against her thighs. She does not mind it at all. The pleasure just overwhelms her. Her twin sister's tasty pussy also triggers Mab into a never ending desire for the sinful encounter the two find themselves in with this powerful wizard.

The tightness of her pussy enveloping him only drives Harry deeper inside of Mab. He pulls back from her and drives into her once more. His cock finds its way deeper inside of her body. He pulls out and then drives into her one more time. Harry speeds his thrusts up just a little bit more.

"I hope you are ready to cum for me."

Mab's tightness wrapping around Harry and squeezing him tells him pretty much everything he needs to know. Harry sinks himself into her body and slaps his balls down onto her. He gets ever so closer.

Finally, it hits. Harry rams himself into her body and rides her out all the way to the end. His balls tense up and fire their juices into her wet hole. Harry pulls out of her and drives into her with a series of deep thrusts. Each thrust rams Harry further and faster inside of her. His balls keep cracking her thigh from behind and keep filling her up with a sufficient amount of seed.

More than enough seed spills inside of her body. Harry pulls away from Mab and then drives into her. He repeatedly works her over. Harry pulls out of her and leaves her to collapse on Titania.

Harry gives both sisters plenty of room. Titania rolls Mab over onto the bed. She covers Mab's face and chest with a series of aggressive kisses. The beauty of their exchange and the beauty the two of the shame only speeds up the encounter.

The fire in Harry's loins brings his cock back to life. He looks over both Mab and Titania with a lick of his lips. Closer they come to each other. Nipples touch nipples, thighs touch thighs, and hands touch everything. They position at such an angle where their wet pussy lips line up for intrusion. They line up for Harry to dive in and take them in pretty much any way he chooses to do so.

A twitch in his loins brings Harry to life just enough. He puts a hand on Titania's back. His cock slides against her pussy lips for a second. One push brings Harry inside of her.
"You two just know how to push my buttons."

A smug little grin follows from Titania. Harry pushes into her and makes certain to dominate her pussy. He rams deep inside and overwhelms Titania with a constant barrage of thrusts. He keeps drilling into her and pulls completely out. Harry pulls out and drives into her with one more hard thrust.

Underneath them, Mab moans. She can feel, every so often, Harry's cock sliding out of Titania. Harry rubs his cock head against her and makes Mab only rise up. She knows if Harry chooses, he can push inside of her.

"Don't do this!"

The Summer Queen dives between the tits of the Winter Queen. The sound of Titania motorboating Mab's cleavage only eggs Harry on. Harry bangs away at Titania's pussy. He can feel the rise of pleasure going inside of her. Her skin heats up and Harry senses the tension, the arousal about ready to break way from her.

The feeling of her tight walls clamping down onto him just makes Harry drive into her even more deeply. Harry pulls out of her and brushes his hard cock against Titania's warm lips. He teases her and then pulls out of her.

Titania only notices Harry leaves her the second Mab belts out a very passionate scream. Harry holds her down onto the bed and keeps driving her down onto the bed with repeating and endless thrusting into her body.

Finally, the pleasure Mab wants after feeling Harry fuck her sister right on top of her reaches the Winter Queen. Titania's hands grab onto her along with Harry's. There's always a chance the two squash her underneath their weight. If it's the case, it's not the worst possible way to go.

Harry alternates between both of them. He fucks one sister for a few seconds and switches to another sister. Harry appreciates how they feel in their own special ways. Every now and them a hot whisper telling them to cum follows.

"You can't help yourselves. You can't help and cum for me. You just can't. It makes you explode. It makes you feel so good. Doesn't it?"

Harry plunges deep inside of one sister from behind and then goes into the other sister from the other side. He keeps working them over and causes their bodies to just explode with a never ending explosion of arousal.

"You...must...be about done."

"What's the matter? The Summer Queen not being able to stand the heat?"

A sexy, if not frustrated, growl comes from Titania at Harry's words. Her sister just grins from underneath her.

"You know. If you can't handle the heat, I can finish him off."

The competitive spirit in between sisters makes Titania gain a second wind. Harry's the winner of this battle. He gets to have some fun with these sexy women.

Back and forth Harry goes between Mab and Titania. He fills up Mab for a short amount of time and goes to drill into Titania. Holding back the load allows Harry to offer what he feels is a fair
distribution between the women. Despite the fact, there's a pretty good chance that what's about ready to come is not enough. It is never enough.

Harry keeps burying inside of Mab. She tries to win this one against her sister. The race grows closer as Harry gets closer.

"Don't you...want to...feel good too?"

"I feel pretty good, thank you."

Harry keeps shoving his cock inside of her tight pussy. He repeats his thrusts at a constant loop. The deeper Harry buries into Mab, the more she sucks him in.

The end reaches with Harry switching back and forth between them. Both try and monopolize the last few minutes time before the eruption hits. It's a hell of a eruption at the very end of this round.

Blasts of cum seed these lovely sisters beneath him. Titania and Mab take their fair share. The looks on both of their faces of fulfillment and pleasure only causes Harry to finish inside of them.

Titania closes her eyes and allows her lover to finish burying his load deep inside. The feeling of his balls smacking her on a repeated loop sends Titania over the edge just a little bit more. Inch by inch, thrust by thrust, Harry keeps working inside of her.

"Amazing!"

Harry finishes and pulls out of her before finishing inside of Mab. She smiles as Titania finally slides off her body. The last few minutes follow with Harry finishing her off.

"Yes, quite lovely."

They finish, for now. Harry leaves Mab and Titania at arm's length when they rest on either side.

"I think we can get used to this arrangement."

Both the Summer Queen and Winter Queen nods and leans in to kiss Harry. They concur.

End.

Thanks for the support, and I'll see in the next chapter.
Harry returned to his bedroom after a long weekend visiting some friends overseas. The door opened and he met an extremely fetching sight. His lovely mother, Lily, perched on the side of the head, with a bow in her head. She wore some lacy lingerie which did little to conceal her juicy curves, something which made Harry's eyes pop. The stockings she wore made her amazing legs look all that much more.

Lily crawled towards him as he stood at the end of the bed. She lightly slid off and came across from Harry, with a smile on her face.

"Happy birthday, Harry," Lily said.

"Thanks, Mum," Harry told her.

The two entered a kiss with each other, in extremely practiced ease. It had been a dance they entered hundreds of times, since Harry was old enough to know better, but too young to give a damn. The now seventeen year old wizard always had time for his mother, and she had plenty of time with him.

Lily pulled away from Harry, nibbling down his jawline with a few kisses. She unbuttoned Harry's shirt, almost on autopilot to marvel at her hunk of a son. He was a dreamy man, and someone who haunted Lily's dreams. But, why settle for dreams when you can have the real thing?

"Your sisters are off at camp," Lily said. "Therefore, no one should be bothering us...we have the entire house to ourselves."

"Good to hear," Harry said.

He swept Lily into another long hug and kissed her on the lips. The two lovers settled into their practiced ease, a dance pretty much as old as time itself. Two lovers, demanding to pleasure each other. Lily's tongue demanded entry into Harry's mouth, and Harry allowed her inside. The loud sucks of mouth upon mouth grew even more intense.

"I hope you're going to upwrap your present," Lily said. "But, first, it looks like Mummy needs to unwrap a package of her own."

Lily squeezed Harry's crotch and sent the blood flowing from his brain to a certain part of his body. The sexy MILF leaned in and kissed Harry's abs, moving down to kiss him through the crotch of his pants. Lily's perfect, dick sucking lips, lingered at him. She undid his belt and drove it down. She made several soft sounds of sexual gratification when tracing Harry's erection through the fabric of his shorts. Lily just smiled, dipping her hand down the pants, and pleasuring him all over. His hips edged forward, about ready to go into her hand.

"Does Mummy's big boy want out?" Lily spoke to his cock head.

"Yes," Harry groaned. "Get me…"

Lily pealed down his pants, and allowed his cock to come out. The huge organ slapped her on the lips and Lily just smiled. She grabbed onto the length and rubbed it up and down, the heat emitting
from her hand making him grow in her hand.

"Oh, yes, you know how to make Mummy happy," Lily said. "And Mummy's going to make you happy...going to make you really happy on your special day. I like seeing how much of a man you've become."

"You helped me me that way."

"Mmm, I did," Lily said. "Mummy was such a naughty girl, robbing you of your cherry. But, I knew none of those little girls were worthy of taking it, were they?"

Not waiting for an answer, Lily took Harry's cock into her mouth and sucked it. Harry had sex with many women, something that his mother encouraged. However, his mother would be his first, and one of the best. First for a lot of things, first to get a blowjob, first to get his cock sucked, first titjob, first vaginal sex, first anal, first shower fuck, first fucking out in a public place, and really the list went on and on.

Harry held onto the bed with one hand and the back of Lily's head with the other hand. Those majestic eyes, dazzling green eyes looking up from his own, they were amazing, alluring, and quite sexy, really sexy as a matter of fact. Lily popped her lips around Harry, sucking him extremely hard.

She alternated between sucking on him around, and licking over the entire length of his manhood. Every single motion from Lily resulted in Harry twitching. She knew exactly how to get the blood flowing to him, and his member to harden.

"Oooh, Mum, that's so hot," Harry groaned.

Lily hoped that Harry would begin to face-fuck her at any moment now. It turned out her dreams were all to come true, with Harry grabbing onto the back of Lily's head and driving deeper down her throat. He pulled almost all the way out of her and then shoved his thick rod down her throat. He pulled out completely and drove down into her mouth.

"Mum!" Harry groaned.

The loud slurping sound showed just how much Lily craved him. She wanted, she needed her son's seed and would do anything to suck it out of his balls and down her throat. She fondled his heavy testicles, horny as hell, and ready to spill. She leaned in to Harry, blowing him like there was no tomorrow. She licked him from the head, all the way down to the base.

Harry's race to completion was helped along by Lily grasping onto his heavy testicles and squeezing them hard. She stroked his balls, making Harry's thrusts go as deep as humanly possible. He repeatedly slammed himself into Lily's mouth, who sucked on him extremely hard.

"Mmm!" Lily moaned around him. "Mmm, hmmm, hmmm"

His mother slurping on him, eyes narrowed with burning lust, was an extremely sexy thing. Harry leaned back, driving deeper into her mouth. Lily groaned the faster that Harry buried himself down her throat, completely swallowing his manhood the faster it speared down her throat.

"That's it, that's perfect," Harry groaned. "You know what I want...and I know what you want."

Harry grabbed onto the back of Lily's head and threw his all into fcking her mouth. His beautiful mother pleasured him, making the tingle in his balls just increase. Helped along by her soft and silky fingers rubbing him, milking him.
Finally, Harry lost himself in Lily's mouth. She tilted back, tits falling out of her lingerie, when drinking Harry's cum from his balls. The beautiful MILF's actions earned her a huge load, which she guzzled down like it was a divine gift.

"Baby tastes good," Lily said. "Mummy likes."

She licked her lips and made a production of swallowing the rest of his cum. Harry's eyes gazed upon his sexy mother with lust. She gave him one of those grins while lightly brushing a hand down his front and playing with his package.

"So, how about it?" Lily asked. "How about you unwrap your present?"

"Looks like these are already almost unwrapped."

Harry tore away the top part of Lily's lingerie to free her perfect jugs into the atmosphere. Her nipples stood up firm, demanding to be sucked. Harry spent plenty of time, admiring the suppleness and the firmness of Lily's sexy breasts, squeezing down onto them hard. She broke out into a soft, and succulent sigh, her pleasure increasing the more he touched her.

"And you got me my favorite," Harry said.

"Mmm, Mummy knows exactly what her Harry likes," Lily breathed in his ear. "But, there's just so much more for you to unwrap."

Harry pulled the crotch off, to reveal Lily's wet pussy. He pulled Lily onto his lap when he sat down onto the bed. His mother's chest was level with Harry's eyes. He closed around her breasts and clamped down onto her. His thick cock pushed against her.

"Oh, you know what I want as well, don't you?" Lily asked.

"If it's the same thing that I want, then we're both going to get lucky."

Harry pushed into Lily, her arms wrapping around him. The two lovers met together, with Lily's eyes shifting over a fraction of an inch in thinly disguised lust. Oh yes, Harry knew exactly all of the right spots to not only touch her, but to make her feel so good.

"Mmm, you're such a big boy," Lily purred in his ear. "Mummy likes this party game."

She bounced up and down on Harry's big cock, her MILF tits dancing in front of his face. Harry reached in to grope her, getting the reaction that he wanted from Lily. She squealed in lust, the faster that Harry played with her, the more she was getting into it. Harry pressed against her, squeezing her nipples and milking them good and tight.

Lily threw her neck back, lust bubbling from her. Not only that, but her pussy bubbled, when dropping down onto Harry. He was so deep inside of her, fucking her so hard.

"Suck on them."

It was hard to say no. Lily's nice jugs pressed against Harry's face. She performed some kind of spell before today to make them nice and swollen, not that they were not so naturally big and juicy. Harry could lose himself in between his mother's fabolous tits for a long time.

"Yes, baby, do it, drink up," Lily breathed.

Harry sucked on her, drawing milk from her breasts. Warm, tasty milk which made his cock throb
even harder. Lily stroked the back of his hair, making his hair grow even more messy from her working of him. Lily pushed against him, the horniness increasing the deeper that she pushed down onto him.

"Love this, love my tits being sucked by my big boy," Lily said. "Mmm….I'm glad to have taught you all of this...but I think the student has gotten much better than the teacher."

The most powerful sorcerer in the world feasted on the milk-filled tits of his mother. Of course, given his power, he would have some pretty beautiful witches underneath his thumb and other parts of his body. Harry squeezed her and moved out, licking his lips.

He put a finger on Lily's lower back and caused her to quiver. Harry's hands moved over her front side like a blur, ending up at her hips, and thrusting deeper inside of her. Lily broke out into a cry of pleasure, the harder Harry drove into her.

"Does my slutty mother like that?" Harry asked her.

"YES!" Lily cried. "MUMMY LIKES THAT VERY MUCH! SHE LOVES WHEN HARRY FUCKS HER LIKE THAT!"

Harry put his hands on her backside and thrust even harder inside of her. It had been very obvious, in Harry's opinion, that Lily was this close to exploding all over him. Harry just needed to keep up with his momentum and he would have his sexy mother cum all over his big thick cock.

She came one more time, clamping down onto him. Lily moaned, grabbing onto the back of Harry's head. He was so commanding and so dominated. He used Lily as his cock warmer, whenever he wanted to, and that excited Lily. She longed for the perfect man, so naturally one who came from her loins, would be natural to slide deep back into them.

"No place like home, is there, my beautiful boy?" Lily breathed. "You like Mummy's tight pussy? It feels so wet, and nice, squeezing your big hard cock. Mmm, you make all the girls cry and cream themselves, don't you?"

She kissed Harry's earlobe several time sand whispered hotly.

"I know you do to me."

Lily clenched Harry tightly, upon her latest orgasm. The juices exploding down his large pole showed something, showed the arousal that Lily was feeling. She knew that she might not be able to hold out for much longer, but she was going to make it count when she was there.

Harry pulled out of Lily, much to her frustration. He pushed her down face-first onto the bed and climbed behind her. His thick cock rubbed against all points of her body.

"You're such a slut, Mum."

"Yes, Mummy is Harry's own personal slut and cum dump," Lily agreed. "Surely, you're getting cold without being inside of Mummy? Let my tight little cunny warm you up?"

Harry shoved himself deep into his mother. She was so sexual, that it was hard to say no. He could feel her all over. His fingers danced all over Lily, pulling her up. He rammed deep into his mother, screwing her doggy-style. Harry gripped Lily hard and tight, driving her from behind.

"Such a lovely slut," Harry said. "I hear every night, masturbating in your dreams, screaming about my cock. How much do you like it when you wake up to my cock in your mouth?"
"I LOVE IT!" Lily screamed.

She clenched down onto Harry, craving what he had held in those balls. Oh yes, it was going to be hot the moment he dumped that cum inside of her. Harry slid his hands down her body, and sent Lily spiraling over the edge. She clamped down onto him, the feeling growing even more intense.

Harry knew he was not going to hold off the explosion for long, but he was going to enjoy every single last minute of being balls deep inside of his mother's perfect cunt. Enjoying her pussy just clamping down hard onto him, milking him.

Carnal desire spread through Lily's body, when Harry pressed against her. Oh, those balls were so full and Lily did her best to attempt to empty them, to make her son feel good. He channeled the power through his hands and made Lily cum on a constant loop.

"Mummy needs your seed," Lily breathed.

"Well, one more time," Harry said. "This is going to be delightful."

Lily would have to agree. Any time her son was buried inside of her, it was delightful. Harry rode her, hard and fast, his thick balls slapping up hard against her body. Harry ground against her, making Lily just explode in intense and sexual moans.

"After you."

No comments because Lily was too busy cumming hard for her son to say anything. Harry rode out her orgasm, his veiny member touching her on the insides. She tried to gain control of the situation, but Harry was just too much for her to handle. He made her cream repeatedly, until Harry finally let go.

Harry smiled, wondering if he was going to knock up his mother again on his seventeenth birthday. He pushed deep into Lily, the seed spilling deep inside of her pussy. Lily closed tightly around him and released him, making sure to drain everything out of him.

Always a good time to drain his balls inside of his mother. He pulled out of Lily, and she turned around. She wrapped her arms around Harry, and straddled him before he had a chance to recover.

"I really hope you're up for more birthday celebration," Lily said. "Because, you know the importance of a wizard's seventeenth birthday."

"Let's make this a birthday weekend, then," Harry said. "A long weekend."

Harry caressed his mother's body and worshipped it with kisses. She moaned deeply in his ear, encouraging him. It was a long moment before Harry would be deep inside her again and they would be off to the races.

End.

Thanks for Reading and I'll see you in the next chapter.
A need to feed overwhelms a woman lurking in the shadows. She steps a few feet out. Dark hair which looks silky and beautiful comes down to cover her gorgeous heart-shaped face and stunning blue eyes. The red garment she wears only contains two strips of fabric covering her nipples and barely. Her flat toned belly, and long legs are on display. The garment covers her ass just barely in the back as well.

Vampirella sneaks through the shadows. A tongue darts over her lips. She needs the taste of blood and needs the taste now. An enemy strands her in this realm for days and the lack of substance begins to wear down her resolves. She takes a couple more steps over and breaks out into a soft smile.

A castle is Vampi's next destination. She notices a light on and she cannot help but gasp out in pleasure. Finally, there's a chance for her salvation.

She uses the remaining strength possible to shift into a vampire bat and fly up to the window. Upon first glance Vampi surveys the room and sees it is occupied by a handsome man lying on the bed naked. She changes back into a woman, drops down to the ground and gets a better look at him.

Nice dark hair, with chiseled facial features, and the body of a Greek god. Vampi's eyes shift to the neck of the man, strong and durable. He's healthy and will not miss losing a tiny bit of blood for her to feed. Vampi rolls a finger down the man's chest and fixates ever so briefly on his cock.

Vampi shakes her head and reminds herself of the necessity of her being here. She crawls to the foot of the bed and seductively slinks over him. He remains asleep and Vampi's blood lust kicks up another notch the closer she moves to the neck. Her crotch brushes against his and she feels a tingle inside of her which has nothing to do with the want and the need to have some more blood.

She leans down and presses her body onto his. The handsome stranger feels so warm and makes Vampi pause for a second. Her fangs retract and she remembers why she's here in the first place.

"Hello, beautiful," Vampi breaths to him. "You have such a nice neck….looks like you'll give me a nice taste of blood as well."

Vampi leans down and sticks her fangs into the neck of the stranger. The blood makes her head swim and causes her to grow a bit woozy. It's unlike any blood she ever tastes before. It has a rich taste, almost like a fine wine which she sucks from the man's neck.

A hard object pushes against Vampi's thigh. She fixes a glance and realizes his cock is now throbbing hard. This never happens to her, someone gets hard from having their necks sucked. Other things, sure, but never their necks, and Vampi fixes on the same spot. She cannot help and grind her crotch a little bit against his mighty prick as it pushes against her clothed entrance.

"Damn, this never happens."

"Does it?"

The eyes of the green man opens up and Vampi makes the mistake of looking directly in those green pools of light. They blind her and increase the arousal she's already feeling. The gentlemen
sets up on the bed with a smile on his face and he puts a hand on the back of Vampi's neck. His erect cock pushes against her clothed core and results in hungry breaths coming from her.

"It's been a while since I've had a vampire sneak into my room," he tells her with a smile. "And you're a naughty little vampire, aren't you? Biting my neck."

She offers explanation and he silences it before it starts with a kiss. And a hell of a kiss as well, with something excreting from his lips and filling Vampi's body with a burning lust which is even stronger than the hunger which lead her.

"You've given me a bite, luv," he breaths. "Maybe I should return the favor to you."

His mouth sucks on the side of her neck and Vampi's eyes shift back. She cannot believe this and seconds later his hands roam all over her body and light her up. His own fangs dig into the side of Vampi's neck and make her moan out as well.

"What...who are you?" she asks him.

He pulls away from her neck. The purple mark on her neck still stings and also causes Vampi's body to boil. She only wants one thing now and it's surely not a taste of blood.

"Mortals call me Harry Potter," he tells her. "But, you may refer to me as your new master."

Vampi tries to struggle against this claim and instead she submits to him and his kiss. His hand holds onto the back of her head.

Harry smiles through the kiss and takes full control of those luscious red lips. She's receptive much like all of the other ones are. Harry runs his hands over her body and she returns the kiss with fever. He pulls away after a number of minutes of kissing her.

"You come here dressed like that. And you grind over me. You want more than blood, don't you?"

The garment tears at the crotch, not that there's much to tear. Harry smiles.

"Tell me the name of my new pet," Harry tells her.

Her mind screams to say she's not anyone's pet. Her words say a different story.

"My name is Vampirella, but you can call me, Vampi."

Harry smiles and kisses down her belly. Butterflies hit Vampi hard when he moves closer and closer. His fingers dart inside of her pussy and make her rise up for him. She clutches Harry and feels the probing of his fingers deep inside her warm snatch.

"Good, good girl," Harry informs her with a smile. "And you're going to get a nice big reward for your honest, pet."

Vampi's neck rolls back and she presents it for Harry to nibble on it while pumping his fingers inside of her. Harry decides that as good as her neck tastes, he wants something else.

"You have nice tits," Harry whispers in her ear. "They were made to be played with, weren't they?"

The sultry vampire rolls her hips up and now an imprint of a hand smashes onto her breasts before squeezing them. Vampi throws her hips back against his fingers the faster Harry pushes into them. He's not visible with his tit grabbing, and yet at the same time, she can feel his hands working over her breasts.
"Yes, they're yours, Master!"

The word slips because it feels so natural. Vampi still has no idea what Harry is. Only his touches feel so good and she does not want them to stop.

Harry climbs on top of Vampi and pins her down onto the ground. He puts his hands all over her curves. Each tantalize him more than the last.

"Naughty vampire," Harry breathes. "Did you really think there would not be any consequences to your actions tonight?"

"Yes, sir," Vampi breaths. "I'm a bad little vampire slut! And I thought about sucking something more than your blood."

Harry decides to leave that point hanging for now. He squeezes Vampi's thick breasts and then squeezes her hard nipples. Harry makes an executive decision to be the one sucking right now. He buries his face into Vampi's chest and causes her to moan out in lust.

The hunger Vampi feels for his cock, whether it be in her mouth, cunt, or ass, doubles the hunger that she feels earlier for his blood. Harry squeezes and releases her breasts before sucking on them. Each love bite on her breasts enforces the control Harry has on her. Her legs spread underneath Harry's aggression. Fluids leak all over the bed to lubricate Vampi's canal for Harry.

"I've always enjoyed breaking vampires," Harry tells her. "Do you live for my cock now, pet?"

Harry grinds his cock up and down against her entrance without slipping inside. He teases it one time and then pulls completely out. He denies Vampi her treat and this only increases the lust she feels.

"Y-yes," she tells him.

It is pure torture to feel Harry's throbbing hard cock pushing against her body like this. She wants it inside of her.

"Tell me what you want," Harry tells her.

"I WANT YOUR COCK BURIED INSIDE ME!" Vampi screams loud with her body boiling with need.

Harry smiles and pushes his cock head against her womanhood. He slides inside Vampi and the tightness of her walls clamp down onto him. He holds her legs apart and slams inside of her repeatedly.

Every thrust inside of her tight pussy drives Vampi closer to the brink. She sees the smile on the face of the man in front of her.

"You're so tight," Harry groans. "Never fails with you vampires, such tight cunts, and yet so willing to get my big cock in them at the same time."

Those balls leave marks against her thighs. They fill up with so much cum, Vampi marvels at Harry's attempts to maneuver them. And speaking of marveling at things, he continues to work over her breasts to a stunning degree. She throws her hips up off of the bed and inhales as much of his cock as possible.

"I need this! I want this!"
Harry only answers with another deep thrust to bury his massive cock inside Vampi's tight cunt. She squeezes him and releases Harry without any effort whatsoever. His fingers keep dancing up and down her legs to make her thrash up towards him.

He buries deep inside and pulls completely out. Two swollen balls inch ever so closer to Vampi and shoving inside of her. Harry hungers for more and buries his hard cock inside of her with constant repetition. He holds onto her nipples and releases him.

"Let it all out."

Her nails dig into Harry's back and claw him up in lust. Vampi's hair sticks to her face with blue eyes flooding over with so much pleasure. She only lives for one thing and that big cock repeatedly slamming inside of her body. He pulls out of her and then drives down inside of her body. Those balls hit her hard and fast.

Harry smiles at the lust building in this sexy creature underneath him. Vampi's legs wrap harder around Harry and he pumps inside of her. They build their own mutual arousal within one and other. Hands and soft legs work their way around Harry. Harry works his way inside of her cleavage and sucks her nipples very hard.

Vampi never wants it to stop. She never wants Harry to relinquish his control over her. The best orgasm possible builds up inside of her and then, suddenly, Harry pulls out of her and leaves her dropping on the bed.

"Get up against the wall."

She shakily gets against the wall. Hands press against the wall and Harry moves behind her. His cock brushes against her back and then briefly teases her ass cheeks. Vampi throws her head back to register her frustration and lust to Harry. Harry nibbles on her neck.

"You're going to submit completely to my cock. You feel your body weakening. You not getting my cock is like you not getting blood for days, isn't it?"

"Yes," she breaths. "Please, Master, fuck me."

She tries to enticingly rub her ass against Harry's throbbing cock. Harry smacks her ass and then squeezes it. His hard cock touches Vampi's wet lips and then works inside of her slowly.

The dance continues with Harry sliding deep inside of Vampi and fucking her against the wall. She grabs onto the wall and allows Harry to pleasure her and punish her, depending on what the situation calls for. Big throbbing calls keep smacking deep inside of Vampi's wet pussy.

Harry slides in and then pushes in. Her walls, as tight as possible and as smooth as velvet, rub against his cock. Harry spends the next couple of minutes enjoying her and indulging in Vampi's body. She responds to every touch with hungry moans.

He grins against Vampi's neck. The Incubus knows he has his new plaything. She did not have a single idea of the consequences which would rise from taking his blood. And now, she's one of the Incubus King's new bed pets. Harry slams deep inside of her.

Vampi's entire body rushes to the peak as Harry keeps working inside of her. He leans into her and the hot breath connecting with her ear is quite stunning.

"You're mine. Now, always, and forever."
"Yes," Vampi agrees. 'YES!"

Harry plants his thick tool inside of her welcoming pussy. He almost pulls all the way out of her and then pushes himself into her one more time.

"It's time."

The reaction and lust going through her body only doubles. Harry has her right where he wants to her and keeps driving his point home. His cock, his balls, and everything Harry has built deep inside of him only increases and doubles like few other things.

"Now it's my turn."

Harry speeds up his thrusts and sends his lover on an emotional rollercoaster ride. He pushes inside of her. The fertile cum builds up inside of him the harder and faster he pushes inside of her.

"I'm going to bathe your womb with my seed," Harry tells her without any question in his voice.

"My daughter is going to grow inside of you."

Vampi clutches him harder at the forbidden thought of being impregnated by this handsome man. Her body tingles the deeper inside of her with his balls slapping against he thighs.

Then it happens, cum spills inside of her body and coats her with the sticky, potent seed. Vampi's body opens up to accept his seed the deeper and harder Harry pushes inside of her. His hands spend some time working her body over and making her cum several more times.

Harry enjoys the sensation and the aftermath of having his balls drained inside of Vampi's womb. She collapses down on the ground.

He scoops up Vampi and kisses her hard on the lips to cement his control over her. A flash of light appears and an attractive red haired women with green eyes which match Harry's steps forward. She dresses in a black corset, sheer black stockings, a thong, and a garter belt with large breasts overflowing from the top of the material. Her face stuns Vampi with how gorgeous it is.

"Mum, we have another one," Harry tells her.

"Of course," Lily answers. "Hello dear. I'm Lily, Harry's mother. Please come with me"

Mother and son share a taboo kiss which sets fire to Vampi's loins just watching it. Then, Lily turns her devious attention to the dark haired woman. Vampi shudders at the way Lily looks at her. It like she's sizing up a particularly juicy cut of meat. Lily wraps an arm around the dripping, naked, and now pregnant vampire.

End.

Next Chapter: 10/5/2018.

Thanks for reading and see you in the future.
School picture day, one of the days which Artemis did not look forward to at all. She was glad the pictures had been finished up. All she had to do now is wait for the rest of her class to be dismissed.

Outside of the room, Harry waited with Bette Kane. The two of them sat pretty close after their pictures had gotten done. Artemis made a beeline towards them and broke out into a wide smile.

"How was it?" Harry asked.

"Not as bad as I thought," Artemis said. "Glad that the two of you waited up for me."

"Oh, of course we did," Bette said. "We'll head out once you get the go ahead to leave."

Artemis could wait, mostly because she did not have much of a choice. She sat down, her skirt rolling up to expose her legs. Something which Harry was looking at, and Bette's legs were also out in the open, with Harry's hand on it as well. Absentmindedly, Harry stroked her thighs and made Artemis just shiver a little bit.

A few seconds passed with Artemis imagining Harry's hand on her thigh. She put a hand on his lap and Harry raised an eyebrow towards her.

"Sorry," Artemis said.

"No, don't apologize," Harry said.

Artemis decided to try her luck a little bit more by shifting her hand down, matching Harry's motions when he stroked Bette's warm thigh. She moved close and got the scent of his hair. Artemis broke out into a smile, oh she could inhale that hair for days.

Bette closed her eyes to soak in the feeling of Harry's hand edging closer down her thigh. She caught Artemis's eye, as the skilled hands of her protege squeezed Harry's package ever so lightly. Given that Harry was one of the most handsome students in the entire academy, she wanted him. And the two flirted with each other pretty hardcore.

Now, Bette wanted so much more. She squeezed Harry's package, alongside of Artemis. They pulled away to test their luck by taking turns squeezing his inner thigh.

Harry leaned back and smiled at the two lovely ladies teasing him through his pants, in an attempt to stimulate some kind of reaction. Harry knew precisely what they were trying to do. Artemis grinned at him and Bette had a more subdued smirk on her face. Both looked as sexy as hell in their schoolgirl forms, and the fact Harry could see their panties made him nice and hard.

Artemis and Bette took turns squeezing Harry's inner thigh through his pants. They started to subtly grind over his pants. Making him nice and hard, to the point where the dress pants he was wearing was beginning to stretch out. Harry tried not to react, not letting the two lovely ladies get into his head. They most certainly aimed to get inside of his pants.

After some teasing, Artemis made the first move, unbuckling Harry's pants and fishing out his throbbing hard manhood. With a firm grip on his manhood, Artemis rubbed Harry's tool. It did not
take too long for her to get up to full hardness. A lick of her lips showed how delightful this was going to be.

"Go for it," Bette hissed.

Artemis's wet lips wrapped around the tool, pleasure coursing through Harry when she slipped inside of her mouth. Harry grabbed onto the back of her hair, tugging her ponytail and easing himself into her mouth. Artemis made a sensual slurp. Harry groaned when she tasted him.

Next to them, Bette unbuttoned Harry's top and pressed against him. She nuzzled her face against his neck and planted several light kisses on his neck. Bette stimulated further heat through Harry by stroking his chest and abs. She followed the progress of his stuffing of Artemis's mouth, sucking on her finger.

The great taste of the handsome young man's groin spurred Artemis on to more aggressive sucking on him. The thickness of his package sent Artemis's thoughts into overdrive.

"Mmm, suck that cock," Bette said. "She has lips perfect for sucking on it, doesn't she Harry?"

Bette leaned into Harry, with Harry responding to her question at first by squeezing Bette's tight butt and kneading it through her skirt. She gasped and gave him a lustful grin.

"Yes, she does," Harry groaned. "Perfect for sucking a hard cock."

A wicked look glimpsed in Artemis's eyes when she locked eyes on Bette. She latched onto Harry's thick balls and released them. After pumping them a couple of times, Bette's eyes twinkled a couple of times before she slid down onto the ground, kneeling between Harry's legs alongside of Artemis on the bench.

Bette joined Artemis in playing with Harry's balls when she worshipped his manhood. She enjoyed the taste and the experience she shared with the younger student. Besides, she wanted to play with Harry for a little bit longer. She switched after a couple of minutes, sucking Harry's hard cock while Artemis fondled and licked his balls.

"Mmm, that's the right stuff," Harry said.

Harry leaned back against the edge with these two beautiful blondes pleasuring him. Artemis's ministrations leaned towards the more slow, subdued, as if she wanted to savor the taste. Bette on the other end, was pretty aggressive and Harry pounded her mouth with ten thrusts, before switching to Artemis. Then, he drove himself into Artemis's mouth a further ten times before switching off on them.

They owned his cock, for today, two sexy schoolgirls fondling him. Harry always enjoyed the pleasure of two people so eager to please.

"You keep that up, and I'm going to explode," Harry warned them.

The warning was not heeded by the two girls who sped up their heated actions on him. They ramped up the aggression of their cock sucking, making Harry's loins twitch hard. Artemis fondled him, while Bette licked him, and then put him into her mouth. Then the two gave him a tongue bath, before alternating sucks on him. Artemis's brilliant lips were the straw that broke the camel's back.

Harry groaned and blasted his seed down Artemis's throat. She tilted back, giving a hint of amazing flexibility whilst Harry emptied his huge balls down her throat.
"Yummy," Artemis said with a loud pop. "Why don't you have a taste?"

"Don't mind if I do, hon," Bette said with dazed eyes.

The two lovely ladies locked eyes and kissed each other, making Harry twitch in front of their face. A soft hand squeezed his package every now and then. They taunted Harry's loins, bringing more intense pleasure than ever before. Their lips, their beautiful lips, it send Harry into a spiral of endless pleasure.

Harry pulled up and slammed both of the lovely ladies against the walls. They screamed wildly when Harry pressed them again, squeezing their thighs, their tits, their asses, and anything else he can reach. Their shirts ripped open, their skirts rolled up, and their panties gave way to Harry's heated tugs. The ties hung down between their amazing tits.

Artemis and Bette backed against the wall from Harry's roaming hands feeling their luscious bodies. Harry was all over them, sending them into never-never land. He petted their wet pussies.

"Mmm, you stud, you know how to touch us in all of the right places," Artemis said. "I don't know about you, but I want that big beautiful cock inside of my wet pussy."

"Yesterday, I want it yesterday," Bette managed.

After moments of aggressive teasing, Harry plunged into the wet pussies of both of the women, earning cries of pleasure from the two lustful schoolgirls. He teased them, ramping up their pleasure to another level. His fingers worked fast, so fast that it almost dazed them from the speedy trusts.

Artemis bit down on her lip from the depths Harry plunged inside of her. Oh she could feel him, feel him so good. She pinched her nipple, adding to the pleasure. There's no question in her mind about this, nothing could feel so good ever again.

Bette never was left out of the party, as Harry worked her with not so subtle motion. Nothing worked her that good, not her fingers, not any toy, nothing. All Bette could do is lean back, allow her breasts to fall out of her shirt for Harry's obvious approval, and enjoy the ride.

"You've wanted this for much too long," Harry remarked. "And you're going to both cum for me soon."

The expressions on the face of both women spurred Harry on faster. He ended up slamming into their depths, making Artemis and Bette overflow. His fingers got nice and sticky from the fingering session.

Artemis and Bette added some spice to the little encounter by reaching out and stroking Harry's crotch. Their talented hands working over his cock and balls only made Harry finger them faster until something broke. He moved around to peer into their lust ridden eyes.

"Cum."

And so they did, and boy was the effects quite vocal. Silencing spells were a sorcerer's best friend, when dealing with situations like this. He rode them to the climax until he pulled away.

Both women collapsed against the wall, breathing heavily from it. Artemis almost lost her balance. She just held on, and Bette was not doing much better. Her skirt flipped open as she dropped to the ground. She eyed Harry, whimpering as his crotch pointed directly at her.
"Please," Bette pleaded.

"Please what?"

"FUCK ME!"

Much to her enjoyment, Harry swooped down and pushed Bette down against the ground with a series of jackhammer like thrusts. There was no teasing, just good hard fucking, which was what Bette wanted. The deeper he went, the faster he went, the more she creamed over.

"Oh no you don't," Artemis said. "You aren't leaving me hanging that easily."

Artemis faced away from Harry, sinking down onto Bette's face One gaze by Artemis's mouth opening and eyes narrowing in the paneled glass indicated that she had been surprised with Bette's proficiency to fuck her.

"Mmm, such a good pussy eater," Artemis managed. "Am I being a naughty girl by forcing her to eat my pussy when you fuck her?"

"Very naughty."

The naughty girl got her ass spanked from Harry's aggressive hand. The handmarks left in her ass by Harry striking her flesh caused him to tingle. She breathed in and out, draining her pussy all over Bette's face. She really wished she could get a closer look after drenching Bette's face, but Artemis knew that she could not resist riding her.

Bette moistened Harry's invading tool to allow him to plow deeper inside her. Her tight muscles clamped down onto his big throbbing cock. Harry palmed her breasts and that added some stimulation to her.

"Oh, fuck, you haven't had anything quite like my cock, have you?"

"I think she said there's nothing like your cock, sexy," Artemis said earning another spank for her trouble.

Harry would have to agree in his own extremely biased opinion. Bette was super tight and super wet, and Harry needed to be careful not to lose himself completely. He held up her legs and eased into her, feeling up the back of her sexy stocking covered thighs.

The intermingled moans that he and only he could hear signalled that Harry should go faster.

The quivering form of the upperclasswoman made Artemis just drip, longing for Harry to be inside of her. Every third drop, Artemis fingered her asshole. Then she licked the finger, while eying Harry over her shoulder. All while Bette pleasured her, almost on autopilot. There was so many sensations that broke through Artemis's mind, but it all boiled down to one thing.

She was horny, and she needed cock, badly.

After working over Bette, and hearing Artemis's cries of lust, Harry sped up his thrusts. He was feeling Bette all over, her sexy legs squeezing his hips in time with each thrust. Harry knew that he could not resist her much longer, especially given how much these girls just rile him up.

"Artemis get off her face," Harry said. "She'll want to be awake for this and you smothering her to death with your thighs isn't going to do any good."
"Be a hell of a way to go," Artemis murmured.

She crawled off of Bette, which allowed Harry to push down onto him. Her nipples pressed into Harry's muscular chest. Harry leaned in and twirled Bette's luscious blonde locks around his finger. He leaned in and kissed her jawline before getting closer to his finishing point.

"I'm going to finish," Harry said.

"PLEASE!" Bette yelled.

Bette clutched onto Harry screaming in his ear with the two finishing together. Her wet pussy squeezed him and allowed his seed to race inside of her body. The consequences, Bette worried about later. For now, she just had her pussy filled up and her belly swollen by cum. Boy, Harry's balls held a load and they could be nice and tasty.

Finishing inside of the sexy schoolgirl left Harry with a feeling of pleasure. He pulled out of her, just pausing enough to admire the handiwork he left behind. Then, he would just stand back and let Artemis get to work.

The next thing Bette knew, her daze was awoken by Artemis slipping her talented tongue inside. The younger girl knew all of the right spots to hit. She sucked on Bette's wet pussy, drawing the cum out of her. Oh damn it, Bette was so hot right now.

"Damn it Artemis!" Bette yelled.

Artemis always was a giving girl who would do anything to return the favor. And after Bette ate her pussy so nicely, it was her duty to just suck the gift Harry so generously left behind for her.

Artemis spurred Harry on by wiggling her ass to entice him. Harry did not spend too much time just staring, he touched, he squeezed, and he ground himself against her.

"Be careful what you wish for," Harry told her. "Because, you're going to get everything you've bargained for."

All of her dreams came true at once when Harry's hardened staff shoved deep into Artemis from behind. She clenched tightly against Bette with a blood curdling scream of pleasure. She never had been filled so far by this, and yet Harry was making her live all of her sexual fantasies.

"He's big, isn't he?" Bette asked. "Oh, no need to talk with your mouth full. I understand perfectly."

Artemis Crock's snug teenage cunt clamping down onto him resulted in Harry plowing her from behind just quicker than before. She was the perfect fit, so good and soft elegant when she clamped down onto them.

"Such and nice and tight cunt," Harry said. "But, I knew you were going to be a snug fit, just looking from your abs. I bet that you're the type of girl who likes a guy to cum all over her abs, and have another girl lick his gift off of her, don't you?"

Artemis squeezed Bette's thighs, yes, she would like that very much. She worked hard for those strong and sexy abs. And Harry's bloated balls reminding her about how much cum he could empty on them, well it was more than enough.

Harry was edging to a crawl and that could not do, for Artemis. He then sped up one more time, and slowed down. She tried to gauge a pattern, but it was too erratic for her to figure it out.
"Just to keep you on your toes," Harry whispered.

Slowing down and speeding up at random intervals caused Artemis's mind to go in a hazy state. No matter how many times Harry penetrated her, a new lustful feeling spread through Artemis. She closed and opened down onto him, squeezing him.

"Don't forget about me," Bette softly said.

Lust ruled all three parties in this chain of events, with Bette reminding Artemis of her purpose by pushing her face down. Artemis remembered her true purpose and sucked Bette's overflowing cunt. She could taste Bette's sweet juices for hours, just drinking from her.

Little did she forget what Harry's hands were doing, touching her just as much as as she raced to the orgasm. Harry slowed down, drew it out just enough. She howled in pleasure, but did not give up on eating Bette out.

The deep thrusts and the tight cunt next to him made Harry groan, speeding up to a very intense edge. He slowed down a little bit more. Once he regained his self control, Harry rammed faster into Artemis. Everything she felt, it was going to cause him to break soon.

"I'm going to make you cum harder than you ever came before. And if you're lucky, I'll give you my seed. But, you're going to have to earn it."

Artemis tightened just more at this promise. Harry was true to his word, jamming faster into Artemis. The sensations of his heavy balls slapping down onto her sent Artemis over the top. She gushed all over him, with Harry's fingers easing the tension with a massage on the back of her thighs.

Harry eased back just enough to allow Artemis to cum all over him. She clamped down hard, squeezing him. Despite the tension in her loins releasing with one gushing orgasm, Harry was not ready to relinquish his seed inside of her. He was going to have to make the sexy woman underneath him earn it.

"We're having plenty of fun, and we're almost there," Harry told her. "Hopefully you can last."

'Oh, you just wait,' Artemis savagely thought. 'I'll crack this nut.'

The thrusts Harry planted inside of her were smooth as silk given how wet Artemis had become. He enjoyed the very sensual squeezes and all the ways she pressed up against him. He leaned towards her, with Artemis pushing up to allow him to torture her with more touching.

"Cum for me again."

Harry held back just just enough to allow Artemis to cum all over him. She lubricated his pole to allow Harry to slam into her even harder. He could feel her, and he could feel himself getting close. Just a little bit more, just a little bit longer until Harry lost everything. Artemis's walls closed down onto him.

"Almost there," Harry grunted.

Artemis clenched, the obvious demand for his seed to be buried inside of her. She wanted, needed, the same treatment Harry gave Bette earlier.

Now, it was almost too the end, where Harry was tightening up. The tension in his balls made things tight, and he knew the slightest moment would break him.
"You've earned this."

Artemis clamped, and Harry came, sliding his hands all over her body when he rocked inside of her. He touched Bette as well, sending her hips jolting up. She fed Artemis with another helping of her juices, while Harry finished off into Artemis.

The combined rush of all three of the parties reaching a mutual orgasm at the same time made them all cry out in pleasure. Stars shined in Harry's eyes from Artemis's constant grabbing and releasing. The result of holding out on her for this long made Harry's inevitable orgasm feel that much more intense.

Harry pulled out of Artemis, allowing his gift to drain from her after he emptied inside of her. The aftermath brought Harry to a smile. And what made him smile even more was Bette flipping over Artemis and pinning her down onto the ground.

"Better than you thought?" Bette asked.

"Oh, I thought it was going to be pretty good," Artemis said.

Bette and Artemis found each other, with an intense makeout session. Artemis's tongue eventually won the battle, but the true winner was Harry who watched this makeout session with interest, and they watched him. And watched what was rising on him.

Their hungry eyes locked onto Harry or rather one particular part of him. Bette and Artemis parted ways and climbed beside Harry. Their bodies sandwiched Harry, with Bette slipping behind him and kissing him while Artemis straddled his lap, rubbing him against her.

"Mmm, I don't care how long this takes," Artemis said. "We're going to wear out out."

Harry smiled, he had this corridor all to himself. Funny how a little bit of magic can make that maneuver work.

As they worshipped his body, Harry smiled at the thought of being able to take either or both of them any time he chose to. It was just a matter of time before he choose to tap one or both of those sexy blonde schoolgirls.

End.

Thanks for the support and see you in the next chapter.
Obedient(Cordelia Chase)

Obedient(Cordelia Chase from Buffy the Vampire Slayer)

Cordelia Chase saunters into the office of Harry Potter with a purpose. She dresses to impress with a tight button up white blouse, a pair of tight black pants, and a pair of very elegant boots. The stunning brunette moves in. She puts a hand on the desk and leans in. The top couple of buttons on her blouse tantalizes her with a hint or two of what lays underneath.

"You wanted to see me, sir?"

The seduction in her voice causes Harry's attention to go on Cordelia and her body. He just gives her a smile.

"Yes, Miss Chase. I wanted to see you. And soon I'm going to see all of you. I believe you know the rules of this establishment."

"Yes, Mr. Potter, sir. I understand. All women here are your personal fuck toys to do whatever you wish, whenever you wish."

She licks her lips when staring at the man behind the desk. Harry stands up to face her. He reaches in and puts a hand on her face. He teases kissing her, and then pulls back. Harry pulls a chair in the center of the room and sits down.

"I want you to strip for me. Slowly, and showing off your body. And then I will tell you want to do, Ms. Chase."

"Yes, sir."

The music starts to play on it's own accord. Cordy sways her hips and moves a bit closer to the man in question. She puts a hand on his thigh and then shifts up to squeeze it. She rocks herself back and forth to show off her swinging hips. The eyes of Harry follow her.

Cordelia unbuttons more buttons off of her top. Her black bra exposes itself. A pair of very nice and large breasts come out. She undoes the rest of the buttons slowly to show off her flat stomach. Cordelia sways her hips and keeps rocking herself back and forth away from Harry. She can see the reaction she gets from him and a smile passes over her hips.

The blouse drops to the floor and Cordelia decides to move in to face him. She straddles his lap and grinds over his crotch. Cordelia's eyes shift over with pleasure. She reaches behind and undoes the bra strap. The bra falls to the ground and allows Cordelia's fantastic breasts to come out.

"You want to touch them, sir?"

"I will touch them."

Harry puts a hand over her breast and gives it a squeeze. Cordelia's eyes shift over with the pleasure of Harry roaming his hand over her very nice tract of land. He pushes a hand over it and them switches over. Harry spends some time feeling up the two breasts and causing her mind to fly over the edge.

"Fuck"
"Yes, these are quite nice. But you still have some clothes on. That's unacceptable."

Cordelia pushes her breasts into his face before pulling away. She moves in and slowly skims her hands over her body. She makes sure Harry's eyes follow her. The horny schoolgirl feels herself up and causes Harry's enjoyment to only increase. Not to mention his pants getting even tighter.

"Let me fix that then."

She shifts to her tight leather pants and then turns around. Cordelia bends over and wiggles that ass at him. She moves her hands over the pants and slides them down her body. Her thong clad ass, thick and juicy, sticks in Harry's face. Her panties cling and then more of her lovely legs expose themselves.

Cordelia bends over and Harry smacks her ass. This causes her to shake the ass at his direction and he spanks it over again.

"Oh, sir, you make me feel so naughty and hot."

She turns around and places a hand on Harry's chest to stroke it. Cordelia's naughty expression shows how much she intends to stroke another part of Harry if she gains the perfect opportunity. Right now, his chest rolls over her hands.

"Keep the boots."

Cordelia pulls her hand away from her boots. She eyes Harry's bulge through his pants and a tongue travels over her mouth.

"That looks painful, sir. Why don't I help you out of those pants?"

"You must see the future, Ms. Chase. I just wanted to ask you to strip me nude."

Cordelia straddles her headmaster and teases him by removing his shirt. The tie comes off first and Cordelia drapes Harry's tie over herself. It hangs between her breasts in the most alluring manner.

"Keep it there. It's very becoming of you, Cordelia."

"Thank you, sir."

She unbuttons his chest and feels it up. His muscles and muscles upon muscles makes Harry most desirable and Cordelia extremely horny. She rubs up against him and leans in. She moves down to undo the buckle of his pants and then pull them down.

Harry lifts his hips up so Cordelia can get underneath him and remove his shorts as well. Twelve inches of cock smacks Cordelia in the face. She takes the cock and rubs it against her lips and cheek with a coo. She moves in to grasp Harry's balls and looks him dead in the eye.

"I'm so happy to have honor of being with a real man."

Watching the horny brunette schoolgirl rub his cock while wearing nothing but a thong and boots turns Harry on. Cordelia Chase moves in and takes Harry's cock into her mouth briefly. That damn girl's mouth is like a Hoover and it sucks Harry's cock into it deep.

"As much as I enjoy this, I have something different in mind."

A disappointed sound comes from Cordelia as she parts ways with the cock which makes her so horny. She kisses the tip of it when pulling away.
"What did you have in mind, sir?"

"I want you to slowly walk over to my desk. Then you are going to put your hands on it, spread your hot thighs, and bend over. And I want you to stand where your breasts are hanging in air so I can grab them. Because those tits are mine and only mine."

"Yes, sir, I know."

Cordelia saunters over to the desk and walks ever so closely to her. The obedient schoolgirl obeys her master. Naughty girls live very dry existences and it's just very miserable. She makes sure to sway her ass while walking. Cordelia knows the Headmaster likes that.

She puts her hands on the desk and bends over. Cordelia keeps her hands firmly pressing, making sure her tits are easily accessible. Then her feet plant firmly on the ground and she spreads as far as she can go.

Harry moves over and his cock extends out. He uses his cock as a hammer to strike Cordelia's thigh. He grinds his cock against the back of her right thigh and then the back of her left thigh. He reaches behind her and opens a desk drawer.

A pair of ear muffs slide out and he puts them on Cordelia's ears.

"Sir?"

Asking him a question is really not going to work due to the fact she can barely hear anything. And by not being able to hear anything, Cordelia focuses even more on the own pleasure just rushing up every nook and cranny in her body. The strong hands just rolling over her.

Harry feels up her magnificent body in such a way which causes the woman to drip. Harry knows the hole for his cock is about ready to open. All he needs to do is push himself inside and he will be ready to take her.

Then, a piece of fabric wraps around Cordelia's eyes and blinds her to everything other then the pleasure going over her body. Harry caresses every last inch of her and then grinds his cock into her tight center.

She can't see anything or hear anything. The only thing which matters is the pleasure. A long pause of Harry not touching her and no indication whether or not he's there leaves Cordelia in the darkness. And leaves her wondering what's going to happen next. Her pussy throbs and aches with the thoughts of pleasure.

Then it hits her! Cordelia can't even hear what she screams out when his cock enters her body.

"FUCK! YOU'RE SO BIG!"

Harry hears it nice and pushes into her tightening cunt. Cordelia's body reacts to him even more now that her senses of hearing and sight have been deprived. It only heightens the obedience. Harry keeps working himself into her body and her tight cunt just pushes inside of her.

"It's a shame you can't hear me. I'd tell you what a slut you are if you can hear me. You didn't need as much training as the other girls. No, you wanted to take my cock in all of your holes. But, I do like you, Cordelia. I like an obedient woman who knows how she can get the most out of life."

The Headmaster of the School rolls his hands over the student. His cock keeps driving into Cordelia. Her screams get higher and Harry's the only person in the room that can heal it. He grabs
onto her breasts. Harry knows all of the spots which makes her sensitive and ready for him.

Harry keeps driving into her. Her pussy overflows like a waterfall the deeper Harry drives himself into her body. He pulls pretty much all the way out and shoves inside one more time. Each thrust sends Cordelia over the top.

"It's a real pity you can't hear your own screams. But, necessary because it will just dull the experience."

She screams even harder and Harry gives her more of the same. He shoves deeper inside of Cordelia's snug pussy and pulls almost all the way out of her. He keeps working her over and making her lose it all over his cock. He pulls completely out of her and drives deep inside of her.

"Yes. Oh yes! Oh fuck!"

Cordelia holds onto his cock and Harry allows her to really feel the rush of this orgasm. The trick is to control her through motions given words will not work due to Cordelia's recently impaired hearing. The earmuffs, especially with their magical enhancements, do a perfect job of blocking out all sound and making her excitement just bubble over to the surface. Harry drives deep inside of her pussy.

He gets her closer to the edge and she clamps down onto him. Harry picks up the pace and rides her pussy through several orgasms. Every one more intense than the last, especially since the only thing Cordelia focuses on is the sensations of Harry.

The earmuffs and the blindfold become obvious, with their magical enhancements. Harry also performs a spell to dull Cordelia's sense of smell, well at least to non-sexual stimuli. The smell of sex in the air is stronger than ever and really works to drive Harry deep inside of her body.

One more orgasm and Cordelia clamps down onto Harry's mighty tool. He slides into her body and rides her out to the end. His balls size up and unleash their bounty inside of Cordelia. The powerful wizard rams into the tight pussy of the horny schoolgirl and rides her all the way to the end.

Harry pushes his hands over Cordelia's breasts and milks her nipples while slamming into her body. He fills her up with so much cum it's almost absurd. Harry rides her the rest of the way and causes Cordelia to slump over the edge of the table. She takes in a deep breath and Harry pulls out of her tight pussy. It overflows when Harry pulls completely out of her wet pussy.

The sensations keep with her long after Harry leaves her. Time passes before Harry reaches over and pulls the side of her earmuff off.

"We're not finished yet."

The earmuff is back on and now her hearing returns to the state it was. Cordelia's anticipation causes her to tingle. Harry pulls her away from the desk and then shoves something between her legs. It starts vibrating, slowly, and the picking up the pace the more aroused she gets.

"You better keep your wits about yourself or I'll be very disappointed."

She can't hear him, but Harry's firm hands tell her the entire story. His hands move over Cordelia's sweaty and sexy body. Harry can touch her curvy body and pleasure her and also bring her torment when he denies Cordelia the pleasure. His hard cock pushes against her back entrance.

Cordelia receives pleasure amplified when Harry's cock slides into her ass. The lubricated prick works into her inch and inch. Cordelia feels the screams coming out of her throat even though no
sound. More hands than she can count flash over her body, rolling over her legs, breasts, stomach, and clit. All of which Harry takes complete dominion over and pleasures her to the end.

Harry sucks the back of her neck and leaves his marks which grow even more intense with all senses over than touch being dulled. And now Cordelia feels the touch all over her and his cock burying deep inside of her ass.

A smile passes over the face of the Headmaster. So many willing women throw themselves at him, and who is he to deny them the pleasure they deserve. His saving people thing rescues women from the perils of inadequate sex. He keeps sticking Cordelia from behind.

"I know you can't hear me, but your pussy is about ready to flood my office. And for that, you need to be punished."

Harry bends Cordelia over so her hands touch the ground. He spanks her tight ass while hammering her most taboo hole in succession with his pounding. The vibrator reaches it's maximum level and Harry pulls it out to replace the object with his fingers.

Now, Cordelia feels the familiar sensation of her master, her headmaster rather, fingerling her pussy while also driving his cock into her ass. It fits just right, it always seems to fit just right. And yet, she always remains tight for him, as it should be.

The depths Harry pushes into her causes Cordelia to lose it. He finally pulls his fingers out of her dripping pussy. The sensation of loss riles Cordelia up something fierce as Harry puts a finger against her lips and forces Cordelia to taste her own juices. The taste of her own cunt juices makes Cordelia suck him dry.

The sounds of Cordelia sucking on him drives Harry even further. His cock pushes into her ass and he's about to fill this hole as expertly as he did the other holes. Harry pulls completely out of Cordelia and then jams his cock inside of her to fill up her anus with his throbbing hard cock.

Those balls slap against Cordelia and come pretty much close to losing it inside of her. Her tight, snug hole wraps around his throbbing cock.

Closer Harry goes until he loses it between Cordelia Chase's sweet cheeks. He pushes her down into the ground and nuts in her ass. His cum bubbles in the service when driving her down on the ground. Her warm ass brings him pleasure as he empties down to the last drop.

Harry pulls away finally and steps back to give Cordelia time to process the aftermath of this encounter.

Still blindfolded and still with her ears covered, Cordelia can focus on nothing other the sensation of being well fucked and having both of her holes just sing when they bubble over.

Then, Harry pulls away and leaves her waiting to see what his next move will be.

End.

Next Chapter: 10/10/2018.
Many women would give anything to get into the bedroom of the legendary warrior known as the Dragon, or Hadrian Peverell. Sarah Kerrigan walked inside, dressed in a tight bodysuit. Her hips swayed and the powerful warrior just smiled towards her.

"Come here," Hadrian told her.

"Oh, do you want me?" Sarah asked. "The question is do you want some of this?"

Sarah leaned over and stuck her ass almost practically into Harry's face. The beautiful, and talented women, slapped her hand down onto her ass and Hadrian just smiled from the view of it jiggling. The second that Sarah spun around, she put her hands underneath her chest.

"Or some of this?" Sarah asked.

She cupped her breasts and released them several times causing them to jiggle amazing. Sarah clasped Hadrian's hands and teased placing them down onto her tits, before putting them back down onto the bed.

"Or, do you want some of this?" Sarah asked.

She pressed down, her knees brushing against Hadrian's. Her crotch bumped and ground against her, with Sarah shifting out of his grasp. She smiled at the size of the bulge in Hadrian's pants. Anticipation of seeing it unbound made Sarah pop her lips with a nice loud slurp.

"I'm going to take all of this," Hadrian said.

"Oh, will you?" Sarah asked.

"Yes, I will," Hadrian told her."

Minutes of teasing netted the result Sarah wanted, namely Hadrian grabbing her and kissing her hard. Sarah kissed him back, sucking on his lower lip in an attempt to gain domination. However, once Hadrian got his hands on her, there was nothing she wanted more than to sit back and enjoy the ride.

Hadrian kissed her several times, kissing her neck and sucking on it. Sarah moaned lustfully in Hadrian's ear in an attempt to encourage him to go forward. Her hand grasp his inner thigh.

"Oh, you'll get that all too soon," Hadrian said. "But, since you can tease me...while a guest on my own ship."

He spun Sarah around, her tight butt brushing up against him. Hadrian grasped her tight and kissed her several times on the back of the neck. Hadrian smiled at the expression on Sarah's face when he pointed her to the mirror.

Now, that Sarah was in Hadrian's grasp, he was not letting her go any time soon. He unzipped the front of her suit, and pulled it down past her hips. Sarah's tantalizing breasts sprang out to be touched. They hung like fruit, but for right now, Hadrian ignored them.
"Don't you want them," Sarah said to him.

"Mmm, maybe, but I have something else in mind."

His hand stuck down her panties felt so good, but damn did Sarah want so much more. She flexed her ass cheeks up against his crotch, in an attempt to break Hadrian's concentration. But, she did not want it too much given how deep Hadrian dug into her.

"So warm," Hadrian said. "You've wanted this just as much as I wanted...I can't wait to feel your legs wrap around me, when you moan in my ear. Begging for my cock inside of you, as I tease you. Right before I drive it into you, bringing you to orgasm over and over and over and over again."

Each other sent Hadrian's fingers deep into Sarah's warm, smoldering depths. She bit down on her lip, but Hadrian was not going to let up.

Hadrian made sure to let her soak his fingers, before pulling her panties down, and bending her over. The sound of his pants unbuckling and dropping down to the ground. Hadrian was up against her, wrapping around her waist, and bending Sarah over onto the bed.

"You're mine," Hadrian groaned in her ear.

"Go for it," Sarah said. "I need you to fuck me hard!"

Sarah's fingers brushed against the ground when Hadrian introduced his hard cock inside of her wet pussy. She clamped down onto Hadrian, moaning. He teased her, the warmth spreading through her body. The faster Hadrian slammed into her, the more she gripped him.

The Dragon's massive organ performed it's magic in rippling Sarah. She was so hot, so good, Hadrian needed to be deep inside of her. He could not have her cumming soon enough.

The teasing just made Sarah break underneath his grip. Her gushing pussy oozes all over him, with Hadrian reaching in and tugging on her nipples.

"YES!" she yelled. "OOOH DRAGON….MAKE ME CUM!"

She did not have a chance to stop cumming before Hadrian hurled her onto the bed. Sarah laid out on the bed, hair draping over her face. She subconsciously rolled over, on her hands and knees on the bed. Those strong hands clamped down on her butt and made Sarah groan.

"I'm going to have to have that."

Once more, Hadrian slid into her from behind, using her ass as a way to grip onto her tightly. He established a very steady momentum when working her over.

The view of Sarah Kerrigan's ass sticking up in the air when he nailed her doggy style only encouraged him to slam harder into her. She was so hot, so wet, so wonderful. Hadrian clamped down onto her butt when she clamped down onto him.

"Sarah, ooh, Sarah," Hadrian groaned. "Still with me."

"YES! HARDER! GIVE ME MORE BABY!"

Repeatedly, Hadrian sank into her as she called out for more. She just called for him, and squeezed him. The tightness inside of around him clamped down and released him.

"Such a sexy woman...so strong...but even you have your weakness. You can't resist me."
"No, no," Sarah said. "Sooo good!"

"So good," Hadrian repeated. "Your orgasm belongs to me. Much like every single woman I ever encounter."

Sarah almost collapsed onto the bed before Hadrian pulled her back up to have even more fun with her. He's holding her up, thrusting away inside of her. Every single time Sarah almost collapsed, Hadrian pulled her up and banged her even harder.

Hyper powerful thrusts turned Sarah into a drooling wreck. She succumbed to him and succumbed to the desires of her own body. Hadrian rode her through at least two intense orgasms in quick succession, all while pausing to touch all of the hot spots on her body.

A long pause made Sarah think he was losing momentum and slowing down with her. Sarah's mind returned to catch up to what her body felt. All was quiet for the next several minutes.

Until Hadrian sped back up, driving faster into Sarah from behind. He really lured her into a false sense of security. All of the stories she heard were proved to be true. Hadrian had her right where he wanted her, and he could make her cum constantly.

The loud sounds of flesh upon flesh continued with the rough doggy-style fucking. Hadrian held her up to thrust into her, all while touching her body. He lavished her body with kisses, alternating between slowing down the thrusts and speeding them up. All the while sending Sarah over the edge.

"So close," Hadrian said.

"YES, LET ME FINISH!"

Hadrian pulled out of Sarah, denying her the orgasm and causing her to whine. He rolled Sarah over to her side, and tortured her body with several caresses. His breath on the bottom of her foot caused a surprising reaction of her to whimper out with pleasure.

"Why did you do this to me?" Sarah demanded of him.

"Mmm, don't pretend you don't like it, and I know that you like this."

He taunted her pussy while lifting Sarah's legs up into the air. He ground his cock teasingly against Sarah's ass, never getting enough of those cheeks caressing him. And she could not get enough.

After making her almost cream due to just humping her ass, Hadrian tightened his grip around the leg and situated himself towards a different hole. He reared back almost all the way and slammed inside of her, sending Sarah flying over the edge with pleasure.

"Yes," Sarah said.

"Mmm!"

Harry tightened around her and pushed into her just a little bit harder. Sarah's quivering body sang it's beautiful song from the art Hadrian performed on it.

"Still with me," Hadrian said.

"OH YES!"

He slapped her on the rear extremely hard and sent Sarah just flying halfway over the edge.
Hadrian squeezed her nipples and made Sarah gush all over.

"Well, let's get to it," Hadrian said. "I'm going to make you cum all night long. But, you like it, don't you?"

"I don't care, just let me finish!"

The vigorous pounding inside of Sarah caused her to scream for the heavens. He was so good, so deep inside of her. Not to mention how much he played with her legs.

"You know everything about me," Sarah mewled. "You know how to make me feel so good. So fucking good! HOW?"

"I was born to pleasure women," Hadrian hissed in her ear. "A scorching hot babe like you ,it's easy."

So good, so hot, Hadrian buried himself deep inside her pussy, allowing her to clamp down onto him. The clenching of her around him made it a challenge to take control. Hadrian reminded Sarah that he held the keys to her pleasure in his hand.

"Those breasts are mine."

He squeezed them and caused Sarah to affirm her consent by screaming "yes" as loud as she could despite having an orgasm.

"Ass also mine."

Hadrian demonstrated his ownership of Sarah's ass by squeezing it and making her just break out into a breath.

"This sexy body also mine. There's not a single part of you which I haven't claimed. But my favorite part is where I am."

He gave her every chance in the world to take control, but Sarah preferred to just take Hadrian's cock inside her in any way he chose to give it. Hadrian ensured that her juices would flow, and she would stay with him to the very end.

The Dragon rolled the sexy woman over onto her back. Her legs wrapped around his body, squeezing him tight. He buried himself into Sarah with multiple thrusts in a blink of an eye. Every time his balls slapped down onto her, he showed Sarah just how much he had to give her. And how much Sarah Kerrigan wanted to take.

"I can slow down if you want me too," Hadrian said.

"Why, you can't handle all this anymore?" Sarah asked.

"I can, all night long," Hadrian said.

"Then do it," Sarah said. "Nail me with everything, until I can't feel my legs."

She refused to back down, no matter how long Hadrian fucked the daylights out of her. Despite the bravado, Sarah wondered exactly how much Hadrian had in the tank. Those balls just kept getting bigger, swelling even more. She's pretty sure a sex god like him has to break at some point.

"Maybe we'll find out which one of us breaks first," Hadrian told her.
He buried his face down into her chest, sucking on her succulent globes. Sarah shot forward, her hips bucking off of the bed from the orgasm he just gave her. The Dragon knew all of her weaknesses and all of the ways to get her wet.

Hadrian took her through a rollercoaster ride, with Sarah hitting her peak. It never got old to feel her close down onto him. Hadrian pressed down onto her, enjoying Sarah's moans the faster that Hadrian slammed down into her.

"So close again."

The tight walls clamped down onto Hadrian. The tingling in his balls grew even harder. He wanted to give Sarah one more amazing orgasm before he blew his load inside of her. All of the favorite spots on Sarah's body received their due attention as Hadrian edged ever so closer.

"Cum for me," Sarah said. "Give me your child. My womb is ready."

The very willing woman underneath him milking him proved to be the breaking point. Sarah clamped onto Hadrian tight to ensure that he did not squander a single drop of the precious fluid.

The powerful sorcerer saw stars when the orgasm in his body peaked and finally, he blasted Sarah full with his seed. She clutched onto him tightly, to ensure that every single last drop of his seed sprayed into her womb.

"Well earned," Hadrian told her.

"Mmm, yes, handsome, it was," she told him. "Keep cumming through! Don't stop, don't you dare stop."

His orgasm had been milked for several minutes, with Sarah crying out for his cum. After he exploded inside of her, it was pretty good. It felt amazing to claim and breed such a lovely woman beneath him.

Hadrian shuddered to a stop, lazily cupping her breasts when leaning down. Sarah's shifty eyes locked onto him.

"Mmm, you're getting hard already?" Sarah asked. "But, now it's my turn."

She flipped him over, and Sarah climbed on top of him. She teased him, rubbing up and down against him. The swell of cum spilling out of her pussy showed just how full Sarah had gotten. But, she always thought that there was room for more.

"I'm going to ride you all night long," Sarah said. "I'm going to drain your balls over and over again until they're broken."

Sarah breathed in his ear and kissed him several times. She had to massage his muscular chest.

"How would you like that, stud?" Sarah asked him.

The sexy minx sank down onto Hadrian. The sounds he makes when she rides him is great. Sarah tightened her grip around him.

Of course he was willing, why would he be anything else? Round two of many were about to begin.

It was just another day in the life of the Dragon.
End.

Next Chapter: 10/12/2018.

Thanks for Reading and I'll See In the Next Chapter.

Crazy Ride(Mercedes Knight/Misty Knight from Marvel Comics).

It would not be the average night for Harry, without him kicking back with a lovely woman and just relaxing, chilling over a few drinks and all that. Said woman he was chilling with, was a dark-skinned beauty, with her hair done back in braids, a bit of a change from her normal afro, but she wanted to do something different. A leather jacket, a tight shirt, and a pair of pants which her fine booty fit into quite snugly topped off the outfit.

This sexy woman was named Mercedes Knight, although most people called her Misty. She hooked up with Harry tonight, after the two of them took down some drug runners. And now they were getting to know each other.

"Seriously, Black Cat too?" Misty asked him.

"Well, I've been around a bit," Harry told her with a smile.

"I'll say," Misty said. "You know...things are getting a bit crowded here...and I'd like to get to know you better."

"Oh?" Harry asked. "In what way?"

"Honey, you know what wait," Misty said.

Behind the bar, she groped Harry's package, firmly, but briefly. Harry could see her nipples poking out of her tank top, and smiled. He reached behind Misty and wrapped his arm around her.

"I've got a room upstairs the two of us can crash in, if you're game for it," Harry told her.

"Mmm, honey, I'm game, alright," she said.

Harry and Misty made their way up the stairs, with Harry paying for the drinks on the way out. Misty could barely keep her hands off of him. She knew somehow tonight was going to end with the two of them getting busy in the sheets, and she could hardly wait.

"You would have to have a room at the end of the hallway."

A squeeze of his ass encouraged Harry to get the door open. The minute he opened the door, and turned on the life, Misty wasted no much time pushing him into the room. The door barely got shut, when Misty slammed her lips down onto him, and pulled out of his clothes.

"Mmm, I can't wait," Misty breathed. "I felt you earlier...and I can't wait to see if that's the real deal."

"There's only one way to find out," Harry teased her.

The woman practically ripped his clothes off of her and stroked him all over. Misty grabbed onto his throbbing tool, squeezing him, and releasing him in her hand, smiling.
"You're the real deal, alright," Misty told him. "I'm going to have to have that in my mouth soon enough."

Misty teased him, those thick ruby lips causing bursts of pleasure to go out of his rising cock. She kissed the tip of his head and then slipped him into her mouth briefly, getting him as hard as humanly possible. She wanted him big and throbbing for when he fucked the ever living daylights out of her. Misty grabbed his ass, and moaned around his cock.

"Mmm, baby," Harry groaned. "You're such a good cock sucker."

She came up with a smile, licking his tool which brushed against her stomach. Harry returned the favor, by stripping her clothes off, and leaving her in all of her naked glory as well.

Harry grabbed Misty by the ass and hurled her onto the bed. Harry climbed on top of her, and kissed Misty on the side of the neck, which caused her to close her eyes. Harry moved in to position to worship her body, causing greater tingles to spread through her from what Harry was doing.

"Mmmm, that's the stuff right there," Misty said.

Every kiss sent thrills through her body. Harry covered her, thrilled her, and Misty could not be more happy with what he was doing. His wonderful hands worked some great magic on her, sending her over the edge with fits of lust.

"Take me right now!" Misty called for him.

Their eyes locked onto each other with Harry pleasuring her delicious and thick body. He turned her so he could squeeze her ass, and Misty closed her eyes.

"I love it when I have a man who could handle my ass," Misty said. "But, I want you inside of me. I want that nice, big thick cock inside of me, rippling my pussy apart! I want you to fuck me...fuck me so hard."

Misty wrapped her legs tightly around Harry and pulled him into position. He rubbed against her, the tip of his manhood pleasuring her. Misty ran her hand up from Harry's neck to his back. He returned the favor by stroking the flesh on her lovely legs.

"I knew I would have you," Harry said.

"Mmm, love that confidence," Misty said. "And love that cock as well...put it inside me, and make me your personal bitch....your personal cock sleeve! I need it! I NEED IT NOW!"

Harry climbed between her legs and lowered down inside of her. She put her hands on his back and smiled.

"Fuck me hard, hon," Misty told him, her voice dripping with invitation.

With such an invitation, how could Harry say no? Harry plunged deep inside of her warm and inviting pussy, the clamp of her warm walls around him, making him enjoy this very much. He had been deep inside of the super hero pussy of many women, but Misty, oh Misty, she was something else. Harry could bury himself into her all day long.

In fact, that's what he did, enjoying the tightening and releasing of her walls. Taking one nipple into his mouth as well, while squeezing the other. All while driving himself down into her body, with a loud series of cracks. Misty closed her walls around him, and moaned for the heavens.
"Mmm, that's it right there!" Misty breathed. "MORE! MORE!"

Harry was more than happy to give her more, slamming deep inside of her tight pussy. Misty closed down onto him, the rush hitting her body.

Misty wrapped her legs around him, pressing her feet underneath his shoulders the deeper he plunged into her. Oh damn, he was stuffing her so deep, that Misty almost lost herself to the pleasure. He knew all of the places which to touch her. It was almost like he drew a map on her body and was taking a tour to all of the recommendations.

Oh, she was hot, the contrast of their skin-tone moving together. Every now and then Harry hoisted her up off of the bed to play with her ass before settling her back down. He rocked forward.

Harry kissed all over her body, smoldering her breasts with his lips at the end point. Misty grabbed the back of his head, and launched him into her chest, allowing him to motorboat her tremendous cleavage. Harry's thrusts went deeper and deeper, not backing up on her for a second.

"Mmm!"

Misty and Harry latched onto each other, kissing each other more fiercely than before. This steamy makeout session caused their bodies to become one. Oh, damn, Harry could feel why this woman attracted him. Her luscious body squirmed when those juicy ruby lips pressed onto him. They were perfect for so many things.

Then, Harry let her orgasm, and she squirted prolifically. Slickening the path for Harry to plant deep inside of her, and ride her out to the end. Oh, every time he plunged into her, she grabbed onto him, and would not relinquish him at all. Her tight walls performing those loving caresses almost made Harry pop.

He recovered, although with a woman this fine, it would only be a matter of time before she broke him.

Misty closed her eyes and let her body just feel the heat. Harry plunged deep inside of her, riding out her orgasm. She ended at it, breathing heavily. Her chest heaved up and down for Harry to milk at her tits, squeezing them.

He allowed her to recover, but the look in the eyes of the sultry woman indicated that she wanted more. Harry raced down her leg and the sexually enhanced moan showed just how much more she wanted.

Harry planted several kisses on her lips. Misty locked onto the back of his head with her hand and the two made out, fiercely and furiously.

The minute Harry released Misty's lips, a fire lit inside of her loins which could only be put out by one thing.

"I need you again."

Misty cooed in his ear, sending Harry deep inside of her. Every last inside of him was inside of Misty to work her into a favor. His pussy tamer worked deep between her legs and made Misty close her eyes and her walls around him. She moaned, tightening up around him.

It would not be that much longer before Harry had her cumming again. Misty clamped down onto him, her legs in perfect position for Harry to play with. Oh, every inch of her succulent body was just delicious. Harry plunged into the thick and juicy woman, driving down into her. Her luscious
body called for him and he grabbed on her, forcefully fucking her.

"How's it like to feel a real man?" Harry asked.

"GOOD! SO GOOD!" Misty shouted.

"Good, I'm glad you're feeling really good," Harry said.

Watching this brilliant woman exploding all over him was a good feeling. She tightened around him, grabbing onto him with arms and legs. All while her pussy clenched hard onto him, with Harry furiously riding her into the bed.

Misty's breaths increased, every time Harry lowered down onto her it was amazing. Sparks emitted from her body, as a charge of energy engulfed her. Harry knew precisely what she wanted and was there to help scratch all of her itches.

Each thrust made Misty yelp in pleasure. She needed him inside of her, those walls slowly clamping down onto Harry, and releasing him.

Harry rode her all the way to the end. Despite giving Misty a mind-blowing orgasm, the sexy dark-skinned woman tightened around him. Her hair came out into it's natural state from the braids, and she gave him a sultry look.

"Cum for me!" Misty begged him. "There's nothing that would make me feel better. I bet your cum would feel so nice inside of my body."

"In due time," Harry said.

Speeding up the thrusts got Misty to scream in pleasure even more. She clutched Harry's back, digging her nails down into him. The faster Harry slammed into her, the more she cried out in pleasure.

"Closer."

Misty closed her eyes, craving the big load contained in Harry's balls. Every time they dropped onto her, Misty only tingled thinking about having those thick balls draining into her body. Oh yes, that would feel really good.

Her legs squeezed down onto him, coaxing him deeper inside of her. He was a hard one to crack, and that just made Misty even more excited. He slapped his balls down onto her.

Harry held back just long enough to allow her to cum first. And boy did she cum hard. The tightening of her walls made Harry know that the end was here. His muscles tightened up, when sinking deep inside of Misty's tight, succulent body. He grabbed her hips and rocked down inside of her, riding Misty to the edge and beyond.

"OOOH!" she screamed.

Finally, Harry let her have it, a flood of seed spilling deep inside of her body. Misty closed down onto him, moaning, in obvious heat from Harry driving into her body. His balls drained inside of her, seeding her, potentially breeding her.

Oh, well, they would have a pretty bad-ass daughter.

The two joined each other, feeling their bodies just achieve the ultimate release with each other.
They explored each other, hungrily moaning, their bodies calling for each other. Misty achieved release one more time before her stud was finished. Her hands pressed against the back of his head.

"Perfect, just like you."

Misty pressed Harry's face against her chest, smiling when he finished up inside her. This was one of the better booty calls, because he fucked her vigorously for the better part of an hour. And now was sucking her breasts, which made Misty cum one more time.

They enjoyed the moment, knowing that they would be together again. Feeling him on her, the heat from their encounter, it made Misty smile.

She figured she should leave for now. Misty slid off of the bed, and made a mad dash for her clothes. Only to find out that a hand whipped out and then turned her around.

Misty only made it halfway across the room before Harry pushed her hard against the wall. His already rehardened cock rubbed against her tight abs and made Misty close her eyes. Harry leaned in, kissing her several times on the neck, before reaching her ears.

"I hope you weren't planning leaving."

The sassy woman pushed her chest against Harry's.

"Baby, now, I'm not," Misty said. "It's hard...and I'm still wet."

Harry slammed deep into her against the wall, holding on tight when he fucked her. He was in perfect position to lift her up and squeezed her firm butt cheeks to gain leverage.

"MORE"

The dark-skinned beauty closed herself down onto him, moaning for him to continue. She milked his rod, the silky smooth center threatening to bring Harry to a conclusion.

"Everywhere I touch you, you feel it, don't you?" Harry asked. "Electricity. That's your body telling you that I own it...case in point."

Misty had no doubts about it and how much he owned her body. The slightest gesture of Harry nibbling on her shoulder proved to be that much. She would just die if he pulled away from now.

A twitch came from Harry to proceed his rapid fire pounding of the gorgeous woman who wrapped tightened around him. Soon, he would cum, but for now, he would hold back on her.

And it would not be the last time the two would cum together tonight. While Harry fucked Misty on the bed, and now against the wall, there were a few other spots in his hotel room that had not been properly broken in.

One look in her lust-ridden eyes said that Misty intended to break them for sure. He allowed her to cum and recover for a second before resuming pounding her tight pussy.

Scratch another off the list, Harry mused with a smile. He looked into her eyes and watched the pleasure she had when she came hard.

Almost there, but not quite. Harry had plenty of time.

End.
Harry Potter stands at the door and waits for an answer to the knock on the door. His recent team up with Juliet against that horde of zombies and more importantly the aftermath, causes Harry to want to check up on her to make sure everything is fine. It's been a while, but Harry knows he left an impression on her.

The door opens and an attractive woman answers the door. She wears a bathrobe which looks as if she just hastily slips it on. She's very tall and blonde, although not the attractive woman Harry's looking for. Still attractive in her own right.

"May I help you?"

"Hello, my name is Harry Potter and I'm here..."

"You're the one who helped save my sister's life. I know exactly who you are. My name's Cordelia and I'm Juliet's sister. Why don't you come out of the rain and come inside somewhere where it's nice and warm?"

It's not exactly too bad outside. Harry's not about ready to turn her down or deny this lovely woman. She grabs him and pulls him inside. The wine glasses on the table show Cordelia's been drinking a bit and he can tell with how wobbly she is. She almost does a header on the rug until Harry reaches in and grabs her and pulls her back up.

"Oh, so strong, and so quick! A real man! You have no idea how long I've waited for one of those to come around. And Juliet just wouldn't shut up about you. I think she might be exaggerating just a bit. There's no way you have a foot long underneath those tight pants."

"You don't think so, do you?"

Cordelia puts a hand on her hips and looks up Harry. She sizes him like like a prized stud.

"Well, seeing is believing. Let's see what you got to offer? Unless you're scared that you can't live up to my standards."

"Scared. Hardly. I always leave any woman with more than she can handle."

"Sounds nice, but I've heard that one before. Whip that dick out and show me."

Harry shrugs his shoulders and undoes his pants. He drops it down to the down along with his boxer shorts. His cock springs out and Cordelia's eyes follow it. She opens her mouth and puts a hand on the cock which hardens more quickly by the second.

"Very, nice, but I'm going to have to see what it looks like when it's completely hard."

"I wouldn't doubt it."

Cordelia slides her fingers around his cock and makes it rise. The thickness makes her wet never mind the size. She needs both hands to properly feel it. She realizes the front of her robe pops open. Not that she makes any way to correct it after stroking Harry's cock hard and fast.
The cock just lengthens the more it slips into Cordelia's eager hands. She leans in and pushes down onto Harry's slab of manhood. He pushes into her hand and she pulls away from him. A smile passes over her face when she looks at him.

"What do you think you're doing?"

Juliet appears at the top of the steps. She wears a short shirt and a tight tank top which shows off all of her amazing body. The visual of her older sister stroking the cock of the man of her dreams causes her to get a combination of anger and arousal in her body.

"What does it look like I'm doing?"

Harry looks up to her. Juliet looks down and tries not to distract herself with the size of Harry's cock. No matter how big it is, no matter how much it throbs, Juliet is not going to allow herself to be thrown completely off by the sight of him and his manhood.

"She didn't believe you. She didn't seem to think that I had a foot long cock."

He's very casual in his statement. Juliet skips to the rug and she looks at Cordelia's face.

"How much wine have you had?"

"Enough to see how hot you are, little sis. And you're really hot when you're angry."

Juliet pulls Harry's cock out of her sister's hand. She strokes his manhood and gets it really throbbing. His cock slaps firmly against her thigh and pushes back. Juliet locks eyes on Cordelia while the bubbly blonde keeps playing with Harry's hard cock.

"As if you can handle this."

She bends down and licks Harry's cock to get it nice and slick. Juliet pumps his cock up and down.

"You can't fit this big cock in your throat. Even if you have those nice DSLs, it doesn't matter. Because, there's only one mouth in this family warm enough and one throat good enough for this cock. And it's not fit for a sloppy drunk whore like yourself."

Her words cause Harry to harden and Juliet just smiles. She leans in and kisses Harry on the side of his neck while also working his shirt open with her free hand.

"Sis, I can handle it. Why don't you let Harry decide who sucks cock better?"

Cordelia gives Juliet one of those challenging stares. Juliet refuses to take her hand off of Harry's cock and drops to her knees. Her mouth opens and takes Harry deep into her throat.

"MMMM!"

Without any preamble, Juliet sucks Harry's cock nice and hard. Harry familiarizes himself with the feeling of Juliet's warm and tight mouth. He keeps sliding his cock deep inside of her warm oral hole.

She releases Harry and strokes his cock.

"I've missed this cock."

There's no question how much Juliet misses this cock and how much Harry misses the inside of her mouth. He pushes into her mouth going in and going out at her at a rapid fire rate.
Cordelia takes a deep breath and slides her robe down a little bit more. She stands in the room in a pair of lacy black panties and a bra to match. The panties soak completely through and show the evidence of the arousal which only increases when watching Juliet suck Harry's cock.

"If you can do better, be my guest."

It knocks Cordelia out of the park. She moves in and pounces Harry to kiss him. Cordelia takes her time getting down to the prize she seeks. She moves closer to Harry's big cock and the fact she's staring it down when on the ground brings a certain point to her.

It is larger and more intimidating than Cordelia figures at first. She sees a smug look going over Juliet's face from the other end of the room and this snaps Cordelia back into the task at hand.

'I can do this."

The first few inches of Harry's cock slides into Cordelia's mouth. She chokes on him. The smug look on Juliet's face makes her choke about as much of Harry's cock into her mouth.

Juliet brushes her finger between her legs. Her older sister struggling Harry's cock into her throat gives it a very alluring view. Cordelia holds her hands around his back and keeps pushing it into her.

"It's not all of it yet. I thought you said you could handle it."

"Now, we wouldn't want to overwhelm her. Not everyone can take me completely like you can."

Cordelia's subtle reminder Juliet is able to take this huge cock down into her throat only spurs her on. She gags on his cock and coughs. His balls swing and smack her in the face. Cordelia keeps working his manhood deep into her throat and keeps sucking on him.

"Here, let me help."

Being the helpful younger sister she is, Juliet shoves Cordelia face first down onto Harry's cock. She pulls out with saliva splattering over Harry's cock. This time she drives in and slams down mouth first onto him. She sucks him hard and deep with a hungry moan coming over her.

Now Cordelia really gets into sucking it. Harry cannot begin to compare the styles of the sisters, not without further experience to compare anyway. His fingers push through Cordelia's hair and keeps working his fingers through her hair.

Juliet puts her hand on the back of her head and makes a motion. Harry keeps his eyes on her and he gets it.

Without any words, Harry drives his cock deep into Cordelia's throat. She gags on him. Harry facefucks her and only causes her to enjoy it. Harry pushes her down and makes her gag on his cock. He pulls almost out of her and them rubs his cock against her lips before shoving into her mouth again.

Juliet joins the fun by squeezing Harry's balls.

"Baby, you're going to choke her with all of your cum. There's enough in there to drown a village!"

Another squeeze of Harry's balls and he pushes himself deeper into Cordelia's stretching throat. His balls slap against her chin the deeper he pushes inside of her. He pulls back almost all the way out and then goes back into her.
"Getting close."

The loud sucking showcases how much Cordelia wants to suck him dry. Harry plants his cock into her throat and pulls almost all the way out. He drives himself deeper into Cordelia's warm throat and then slaps his cock against her tongue one more time. He follows it up by driving into her. Harry hammers her mouth.

The first blasts of warm cum fires into Cordelia's mouth. She hangs onto Harry and sucks him. Each creamy tasting blast makes her just lose it a bit more. Harry holds onto the back of her head and guides her further down her throat. He pulls out and slaps his cock over her tongue.

The sheer volume of cum coming out of him puts Cordelia pretty much off guard. The second his cock leaves, it fires a load onto her face and cheek. She jumps up in surprised.

"Well, close enough."

Juliet smiles and motions for her sister to stand. The tongue still leaking from Cordelia's inner mouth makes her look so hot. She stands up and kisses her older sister's mouth. Their kiss only deepens.

Harry smiles at the display of sisterly love before him. He puts a hand to her.

"I guess the two of you can share."

The two Starling sisters break free.

"Yes, I guess the two of us can share."

"Actually, there are three of us."

Three sets of eyes show up. Rosalind Starling, the youngest of the three sisters, walks into the picture. Her tight young body comes out. A nice perky set of breasts, a flat stomach, wide hips, and long legs. Along with a wet pussy which drips for the man in.

Rosalind reaches over to put a hand on Harry's sigh.

"So, you're the hunk our sister was talking about? And she keeps waking up with messed up sheets over."

She traces a finger over Harry's chest and leans in a bit closer. Rosalind holds her hands over Harry and grinds up against him.

"You going to show me what a real man does for a woman, stud?"

Her young teenage body brushing up against his causes a fire to go into Harry. Harry scoops Rosalind up and throws her onto the couch. She squeals in delight when Harry moves in to join her. He pins her down on the couch and attacks her body with the most pleasurable caresses.

Harry's iron hard cock hovers over Rosalind's sweet young snatch. Both of the older sisters observe and wait for the younger one to get in position. Juliet rubs herself underneath her skirt and turns to her transfixed under sister. A wicked grin passes over her face.

"So, I wonder how wet you are?"

A finger slides over Cordelia's tight hole. Juliet strips her panties off and feels her up.
"You do realize this is so wrong."

"Which is why you're so wet, right?"

Three fingers drive into Cordelia. Juliet enjoys this feeling. It's so delightfully naughty it causes her pussy to sing. It will feel good when it's time for Harry to fuck her. Although she will just have to be a bit patient before Harry gets to her or rather gets inside of her.

"Yes!"

Rosalind feels Harry working over her young body. Despite the fact she's very excited, there's also a bit of nervousness. She tries to spread her legs to accommodate him.

"You know you want to be inside of this sweet, young pussy. It's never had anything like that inside me...I bet it will feel so good around your cock. It will make you feel so happy!"

Her whimpering moans increase with Harry rotating his cock. The debauchery Cordelia and Juliet get up to only encourages Harry to work his way into the youngest of the three sisters.

She screams when Harry pushes into her. It takes him a while to get inside due to the tightness of her pussy. He pushes into her. Rosalind clamps herself against Harry and moans.

"It's splitting me in two!"

Despite her screams, this is not an indication Rosalind wants Harry to stop driving his cock into her. No, on the contrary, she wants his big throbbing cock burying inside of her tight pussy all the way. Harry rises up and slaps his balls down on Rosalind to cause her to rise up off of the bed.

Rosalind clamps her thighs around Harry and takes in a deep breath. She cannot believe the length driving into her on a repeated and endless basis. It keeps driving into her over and over again.

A little pause breaks up the pleasure right before Harry pierces Rosalind's pussy with his hard cock. He holds her legs up over his head and works her over. He repeatedly drives into her.

"You having a good time?"

"Yes!"

Rosalind never once thinks today will go like this. Yet, she's certainly not complaining about this. The repeating thrusts drives deep inside of her wet pussy and keeps drilling her from above. Rosalind clamps down onto Harry's hips and kepes him close by to the end.

Harry works over the tight young blonde. She responds to each one of his actions with a hand pressing to the back of his head. She guides Harry further down. The further he rises, the deeper Harry plunges inside of her. His balls repeatedly work her up to a fever.

"Keep it up. Don't stop. Don't you dare...stop!"

Rosalind hangs onto the back of Harry's neck and grabs the back of his head. He's inside of her as deep as possible. His large meat spear slams deep into her tight womanhood.

Off to the side, Juliet bends Cordelia over and sticks her fingers into Cordelia's sticky twat. Cordelia takes in a deep breath with her younger sister working her over into a fever. The feeling of those fingers just stroking her all over send pulses of life into her.

"Go ahead, big sis. Cum all over your fingers. Or do you want me to get between your legs and lick
your sloppy pussy until you can't take anymore?"

Cordelia's moans follow. Juliet keeps sinking her fingers into her and adding as much as possible. She keeps working Cordelia over and leans over.

"YES!"

"Of course, that's what you want. Because you're nothing, but a needy little slut who wants her pussy licked."

Juliet follows on through by lapping up the trickles of juices coming down the side of Cordelia's legs. She dives in and eats her out. The taste of Cordelia's pussy draws Juliet in. The zombie hunting cheerleader pushes her face deep between the thighs.

Rosalind positions herself on Harry's lap and drives down onto him. She sees a bird's eye view on what her sister's indulge in. This just gets the tight blonde even hornier than before. It happens that Harry's touches drive Rosalind completely over the edge. It tweaks the youngest sister and brings her over the edge.

"OOOH!"

She grabs onto Harry in more ways than one. Her body pounds down onto him and works his hard cock inside. Harry's balls repeat their slapping on her and it's only a matter of time before they cum together.

"Get ready."

"Oh, Daddy, I'm so ready!"

Rosalind bounces higher and higher taking more of Harry's sizable tool inside of her snug little pussy. The feeling of her pushing against him makes Harry just go deeper and faster into her. He holds down onto Rosalind's hips and drives down onto his large cock. She pushes him into her and pulls almost all the way out of her.

She oozes and drips with her essence. Harry rams into her and keeps pounding away at the youngest sister. He reaches a peak and then it all happens.

Both cum together. Harry's seed fires deep into Rosalind's depths. She closes the gap on him and keeps driving her wet pussy repeatedly down onto him. The sounds of flesh cracking together make this little encounter very alluring in so many ways.

Finally, it ends with Harry pulling out of her tight pussy and leaving Rosalind to fall back on the bed sheets. Juliet looks across the room and smiles.

Cordelia bending over on the floor with her tight pussy ready to be fucked most certainly brings Harry over. He lines up to her and shoves into her.

"DAMN IT!"

The welcome, if not a bit surprising intruder, spears into Cordelia's sopping wet pussy. She already is plenty horny after sucking Harry's cock and watching him hammer Rosalind on the bed. His fingers dance all over her body while fucking her while her hands touch the ground.

Harry drives his cock into the oldest Starling Sister. Her pussy gobbles up his cock in one fell movement.
"You've been dreaming about this ever since Juliet told me about you. Didn't you?"

Cordelia's tongue hangs out like a dog going on a ride out in the country. She knows Harry is here to give her a hard and very vigorous pounding. His balls keep smacking the back of her legs the deeper Harry drives inside of her. He pulls completely out and drives into her tight body.

"Yes! Dreams come true!"

A smile crosses Harry's face. He drives into Cordelia's warm pussy. She takes his cock while remaining standing. The playing sobers up the Starling sister a little bit.

"JULIET!"

That scream comes from Rosalind when Juliet straddles her younger sister's hips. Rosalind squirms underneath Juliet. Juliet decides to shove one firm tit into Rosalind's open mouth and give her no choice other than to suck on it.

"That's right. You better suck that tit, you horny little girl. You should thank me for bringing that nice big cock home that fucked you."

Harry pushes deeper into Cordelia. Rosalind's face smashing in between Juliet's tits gives him a pretty great visual on the scene next to him. He keeps working her over.

"Nice to see I'm an object."

Juliet flashes him an innocent smile while driving Rosalind's face in between her fun bags. It causes Rosalind to motorboard them.

"Sorry, baby, I'm going to make it up to you. Right after we finish these two off."

The rough pounding, at Cordelia's urges, continues with Harry repeating his thrusts inside of her body. Harry pulls back and drives deep inside of her one more time. He can feel the tension rising inside of Cordelia the closer she gets. The closer she gets, the closer he gets.

Harry drives his big cock into her tight pussy. The deeper she goes, the further he works her towards an explosion. Her tightening walls grab onto him and then release him. Harry slides almost all the way out and drives deeper inside of her one more time.

"It's getting close."

Her eyes close shut and this only ramps up the pleasure in her body. Harry repeats his thrusts going deeper and further into Cordelia. He works her over and makes her entire body just rush with an enhanced amount of pleasure. Harry pulls out and drives ever so deeper inside of her. His big balls slap down against her thighs.

On the couch, Juliet drives herself down pussy first on Rosalind's tongue. She gets a thrill at the fact her younger sister eats her pussy. Juliet rotates her hips around with a deep breath coming from her body. She gets ever so closer to the end and it's going to be an amazing end if she has to say so herself. Her pussy bubbles over to the surface with an amazing amount of hunger just rising in her body the deeper she drives down.

"Yes. That's the perfect spot!"

She screams and drives down onto Rosalind who licks her. She keeps an eye firmly on Harry and his actions. Soon, he will be inside her one more time and Juliet wants to be nice and wet for that
little encounter with Harry.

Harry's rough thrusts bury himself into Cordelia. He smacks his balls against her pussy and causes her desire to only just bubble over to the surface. He steadies her with one hand and makes sure to toy with every inch of her sexy frame with the other hand. The arousal just burning from her body adds some excitement to what Harry's doing. Harry plants his thick cock into her and pulls almost all the way out while stroking her outer lips.

"Again!"

A hard ram drives Harry's length into Cordelia again. He can feel the rise of pleasure in the oldest Starling Sister's body. Harry keeps pushing deep inside of her to feel the heat enveloping his organ. He gets closer and closer. A squeeze of her chest makes Cordelia soak him.

"My turn."

The excitement of this encounter ramps on as Cordelia almost slips and falls on the floor. Harry catches her and throws Cordelia into a wheelbarrow position while fucking her. He drives deeper inside, his balls just slapping her thighs with the repeated movements.

Eventually, everything breaks down. Harry buries deep inside of Cordelia and gives her a load of cum. Her nails dig into the carpet and pull up several pieces of fabric the deeper Harry plows her. His throbbing balls slap deep against Cordelia's thighs and drains his balls inside of her body.

Cordelia shudders to a stop on the carpet and then falls to the floor. Harry finishes burying himself inside of her. She does not think she can move at the minute.

Seconds after Harry finishes up in Cordelia, he steps back. A hand reaches to his right and grabs Harry's crotch to squeeze it. He turns just in time to see Juliet push her chest against his and give him an aggressive kiss while pumping his cock.

She pulls away with saliva trailing between the mouths of the soon to be lovers. A greedy smile passes over Juliet's face when she pops her lips together.

"So? Are you ready for the main event?"

She holds Harry's cock in hand and gives it a very tight squeeze. The manhood throbs in her hand and Juliet slides her fingers down around it. She pumps it several times quite vigorously.

"It's what I came here for."

"I know, baby. You just got sidetracked for a minute. Let me help you unsidetrack a little bit."

Juliet drops to her knees and runs her tongue over Harry's cock in a zig-zag pattern. Her very talented tongue caresses every inch of Harry's cock and works over to pop her mouth around his balls. She sucks on Harry's cock and pushes her lips all the way down.

Her face up close and personal and rubbing her nose into his pubic hair gives Harry a bit of a thrill. Harry caresses Juliet's soft blonde locks and guides her mouth.

She does not stay sucking his cock for too long. Those lips and that hot throat do make the limited amount of time she spends pleasuring Harry more than worth his while.

Juliet pops away from Harry and gives his cock a parting suck and a long lick around the tip of it. She caresses his cock and makes sure it springs back into position.
"That's what I wanted to be here to see."

She guides Harry onto the side of the couch right across from a dazed Rosalind who rests with juices coating her chest. Juliet mounts the tip of Harry's cock and sides his cock against the base of her pussy.

"Are you going to..."

Harry grabs Juliet's nice round ass and pulls her closer to him. The heat of her lips seek out his cock and make sure it enters her body with vigor. Juliet drops down all the way and stretches a little bit around the tip of his cock. She slides pretty much all the way down to the base and takes him inside of her.

"YES!"

Juliet buries Harry's cock deep inside of her. Every single last inch of his cock goes into her pussy. She holds him with her legs. Harry touching her legs most certainly brings further excitement to Juliet. She slides up her pussy lips and then drops down onto Harry. Her hips smack down onto him repeatedly and drive more of Harry inside of her. More of Harry than she can handle at the moment.

"Mmm...yes!"

She keeps rocking down on Harry's engorged prick and bringing him deeper inside. The stretching of her pussy around his cock makes this a very vigorous exercise of getting him inside of her. Juliet's canal stretches and takes as much more.

"I can't believe this! I missed this! It's so big!"

Harry reaches over to play with Juliet's breasts. Her nipples stand at attention and Harry gives them more than plenty. He turns a finger over her nipples and results in a shock going into Juliet's system. She keeps rocking down to the base and stretches on his cock.

She moans and Harry decides to keep her moaning by touching and squeezing her breasts. Juliet rides him with everything she has. His cock deeply pushes into her. Each inch of her flesh wraps around Harry's big cock and pushes him deeper inside of her body.

"Yes. You feel good. You feel really good. I don't think I can...fuck!"

Harry tightens his grip around her lower back and ensures Juliet keeps bouncing her way over his cock. The sensual woman bites down on her lip and shows her passion when striking Harry at all of the right angles. He hits all of the right buttons and makes her just flow like a fountain over his massive cock.

"You didn't really think I was leaving here without another ride?"

Juliet bites down on her lips and shakes her head. The energy Harry's hands course through her body ramps up the intensity of this ride.

Somehow, she shifts positions, and then ends up facing away from Harry. Her ass bounces on his thighs. Harry reaches and grabs her arms to pull her deeper onto his large cock. Harry drives deeper inside of her tight pussy. Juliet closes her pussy walls around him and moans out loud.

She feels a very sharp feeling in her body the deeper Harry buries inside of her. She feels so good it cannot even be measured with mere words. Harry slides his hand down her nipple and tweaks it to
cause Juliet to lose herself with the pleasure. She bounces faster and harder all over his cock. The lubrication from her pussy trickles down to the base of Harry's cock.

"Ohhh, deeper! Get in deep in as you can."

Harry fills her up and she greedily clings onto him. Juliet's wet hole takes his cock and attempts to milk it. The muscles in Harry tense up and tighten up.

Time passes and several small orgasms hit Juliet. Harry touches her in the right spots to set things up. He keeps working into her and she marvels at his self control. It's just as amazing as she feels and now her body enters a thrill ride beyond everything else.

"I can't believe this! This feels so good right now!"

A finger touches Juliet's nipple and pulls it out. It snaps back and looks pretty erect. Harry jolts enough energy over it to make her just breath out in pleasure. Juliet keeps bouncing on him. She rises and drops on Harry's massive prick to take it into her body.

"We're getting close."

She knows it and her big orgasm is about ready to come. Her body warms up. Every part of Juliet Starling's body sings with pleasure the deeper Harry shoves into her pussy. He rams deep inside of her cunt and stretches her out. She drips wet all over him.

Harry's balls size up and he knows the end is about ready to come. He keeps sliding deeper into Juliet and burying his manhood into her body. He's so close to reaching a certain point he can barely hold himself back. Harry rises and drops, and slaps his balls against her ass. Juliet turns around and lets her pleasure just explode from every single last corner of her body.

"Make me cum."

Those words come out in a very soft begging tone. Harry's not one to let anyone down especially anyone like Juliet. He works her over and then touches her in every single way possible.

The end comes for Juliet as she soaks Harry's cock. He pounds into her and rides out her orgasm. Every so often, his balls strike her clit and just bring more ecstasy through her.

"Time."

Harry nibbles her ear and then holds on. He rams Juliet until his balls finally give way and shoot their bounty inside of her tight pussy.

Juliet closes her eyes as Harry's cock clenches and explodes to paint the inside of her walls. She keeps dropping down onto Harry and taking more of him inside of her. The ride escalates to a very amazing and thrilling conclusion as far as she is concerned.

"Perfect."

She means that one hundred percent. His balls drain and yet she's satisfied.

Harry allows Juliet to slide off of him. He gets a moment to take a breather.

With three extremely horny sisters near by him, it will not be long though. A hand on Harry's thighs indicate he's not leaving until he fucks all of them into a catatonic state for the weekend.

End.
The mountain was intimidating to some. But, Fa Mulan, was fearless, and peered up the mountain. She was dressed, ready for a confrontation in case that the Dragon was not all that the legends stated him to be. But, if he was, oh, Mulan was going to have some fun.

Now or never, she ascended the top of the mountain. The cool air spread through her body until she passed the gates. Then, a sudden blast of warmth caught her off guard. Mulan leaned back and inhaled the warmth of the air around her.

It was as warm as the dragon's fire. Mulan felt something spread through her body. The heavy clothes she wore, intended for cold weather, were not extremely comfortable now. She passed another set of steps and made her way through a second gate.

The large red temple with the huge stone black dragon with green eyes greeted Mulan. The statue peered at Mulan. Was the spirit of the Dragon deep inside of the temple?

"Fa Mulan."

The rumbling voice caught her off guard and the sound of her name made Mulan stand up straighter.

"Dragon, I've come to seek your wisdom," Mulan commented.

"You may come in."

The gates opened up and white hot fire scorched in front of Mulan. She took a step forward, with no fear. The fire would scorch Mulan if she had not been judged worth or showed any fear, doubt, or hesitation. The ashes covering the floor, and a scorched battle helmet painted the picture for Mulan.

"I've expected your arrival for some time."

What Mulan saw in front of her, was something she did not expect. The shadow shifted into a handsome and tall man, with dark hair, green eyes, and a body wrapped in silk. Mulan closed her eyes and tried not to lose her composure.

The fire rising from the Dragon's body would burn her. He placed a hand on her cheek, and lightly stroked it, breaking out into a smile.

"I've come here…"

"I know what you've come here for," he told her. "But, the question is, are you bold enough to seek it?"

The statement caught Mulan completely off guard. She had come this way, for reasons that she forgot. This strong and extremely powerful man just added to the package and the feets of the allure. People trembled before him and Mulan trembled in a different way.

"Have you come all this way to flee from true power like a little girl?" he asked her. "Or are you a woman?"
Being a strong and fierce woman, Mulan rose to the challenge and kissed him hard. This was obvious the challenge he wanted. The Dragon put a hand on the back of her hair and unclipped it, allowing her long dark hair to flow out.

The fierce warrior's tongue dug into the mouth of the legendary Dragon. He removed a couple of layers, leaving Mulan in her undergarments before him. She pulled back with a smile.

"Even the fabled Dragon likes what he sees," Mulan said.

Her perky breasts, tight stomach, and long slender legs, a fit body without an ounce of fat on it, they drew the Dragon in.

Hadrian Peverell traveled through time and space to bed some of the most well renowned woman through history. He was not lying when he expected to come across Mulan for a long time.

"Are you going to take that final step?" he asked her.

Mulan stripped the Dragon completely bare, admiring every inch of her god's body. One particular part of his body was particular of interest. Mulan ran her hand of it.

"And a woman of your caliber knows when she's holding a powerful spear in her hand," Hadrian told her.

"Well, let's hope that it's not fragile."

"Oh, I think that I'm more than up to do whatever you wish to me."

"Dangerous," Mulan said. "Great Dragon."

"Call me Hadrian," he told her. "We're about to know each other very well."

The legendary force smile when the dark-haired warrior climbed over him, kissing his lips. The Dragon grabbed onto the back of her head, kissing her extremely hard. He had her stripped down to the bare facts, but he could have even more.

The Dragon slowly stripped an article of clothing off with each kiss until she was as naked as he was. Her body was an extreme marvel.

"Let's retire to my bed chambers."

An impressive and extremely lavish bed greeted both of them. Mulan followed the progress of the handsome man. She climbed up to the bed, crawling between his legs. She took interest in a certain part of his body, the powerful staff sticking straight into the air.

No question entered Mulan's mind. She had to have it. She allowed Hadrian to see all of her before turning around and lightly licking his tip. She loved how it twitched.

Mulan crawled back towards him, lightly pressing her mouth against him, and sucking on his head for a few seconds. Then, she went all in, deep-throating him as much as possible. The tight and the warmth of her mouth made Hadrian grab onto her face.

Her dashing eyes widened in pleasure with each rise and each drop.

"I always appreciate when a woman gets what she wants."

She grabbed onto his balls and squeezed them as well. The Chinese Warrior weigned the balls in
her hand, getting more daring.

Alternating sucks of his cock and licks of his head brought a smile on Hadrian's face. She looked sexy as hell, with that long dark silky hair draped over his cock. Eager to please, eager to serve, another woman who kneeled before him and served him.

The beautiful warrior pleasured him to the edge until Hadrian stopped her. Mulan reluctantly pulled away from her, drool dripping down Mulan's lips.

"I have to have you," Mulan said. "Lay make and let me please all of you."

Hadrian did as she requested, with Mulan crawling towards him. She moved closer towards him, rubbing up against him, and the heat emitting from her was almost insane. Her wet pubic hair brushed against his crotch.

She crawled up his legs, lightly stroking his manhood, to the point where she was sitting beside his crotch. She grabbed onto his cock and ground it up against her.

"I will fit this," she said with confidence.

Deep down there might be a bit of trepidation, but Mulan was ready to swoop in and take him deep inside of her. She lined up with him and took the plunge.

Heat hit them when their loins met one and other. Mulan rocked back, sliding her tight little bum down Harry's leg when she bounced harder and harder.

Mulan's legs stretched forward, and she broke out into a smile, getting a bit more at ease with the size inside of her. The toying with her nipples sent more a flash of pleasure and curled the warrior's toes.

The tightening of her pussy around him made Hadrian just break out into a smile. Mulan looked out of the corner of her eye, and broke out into a soft smile.

"Do you like this great one?" she asked.

He did like it, very much, every ripple of her tight body working him over. The inner muscles flexed and released them, sending fluxes of pleasure. The skilled warrior proved herself to be everything Hadrian imagined and so much more.

The soft cries coming from Mulan caused Hadrian to rise up and down, smashing deep into her body. Hadrian channeled his spirit, lightly brushing a ghostal hand against Mulan's perky tit. Her brown nipple extended out and snapped back.

Mulan closed her eyes, he was big and throbbing inside of her. Oh, she never knew that someone would be in this deep into her. Primal urges made Mulan cum over him, constantly. Nails dug into the side of Hadrian's strong thighs.

Everything hit her with a rush of pleasure, perfect and making her honey just flow constantly all over his big throbbing tool. Mulan closed and opened around him. The words she spoke were lost in the mutterings of pleasure.

So good, so perfect, Mulan could feel like her life truly began at this point.

The minute she finished off on him, Hadrian sat up and gently nudged Mulan off of him. Mulan stared across the bed, frowning. Hadrian pulled away from her and grabbed her shoulders.
The two of them broke out into a kiss. Mulan dug her nails into Hadrian's neck and fiercely kissed him. The Dragon's green eyes stared into hers, and Mulan's nipples became uncomfortable and harden. The pressure on them finally were relieved by Hadrian rubbing them.

The Dragon made her submit to a combination of kissing and stroking. Mulan pulled away from him.

He pushed Mulan down onto the bed, and climbed between her legs, his crotch pushing against her wet pussy as his hands laid on either side of her. Hadrian pressed down onto Mulan. The squishy sound they made with Hadrian rubbing against Mulan constantly caused her to moan.

Hadrian pulled away from her breasts and clenched her hips. Mulan's lips pursed into a beautiful puckered look. She looked up at him with fire in her eyes, match the fire in the warrior's loins.

"Bed me," she told him simply. "You have me, now own me."

To her encouragement, the powerful Dragon met the legendary woman warrior with several thrusts. Mulan clamped down onto him, grabbing onto him. She tried to rise up, only making it so high, before Hadrian pushed her down. Drawing her tight, tiny body with his. His muscular chest grinding up against her breasts which dug into her.

Hadrian moved in for the long haul, her wet center grabbing onto him. He stroked Mulan's thighs, causing her to moan.

That strong chest rippling and bumping down on her brought Mulan to a high peak. Mulan dug her nails into the man's bicep. Anyone less than a god, she would break the skin. Yet, he barely broke his stride, rocking her entire body.

Mulan's entire mind just collapsed. Nothing else mattered to her but being a handsome pleasure. Whoever the Dragon, wearing this human skin, was, one thing remained perfectly clear. He remained in this realm to claim and bed any women who were willing. And boy, oh boy was Mulan willing and able to be taken, and driven deep into the mattress.

Her juices pooled out between her legs, allowing Hadrian to slam faster into her from this position. Any trouble he had penetrated her faded. Mulan closed her eyes, breathing in. The pleasure her body rose and exploded into one burst.

Mulan felt she ran for miles, through the most trecherous wilderness. The treck to the Dragon's temple did not seem as taxing as this.

The green eyes bared down into her eyes made Mulan to twitch.

He paused long enough to allow her to recover and catch her breath. Mulan locked onto him, and grabbed his hand.

"I want you to keep it up until I can't stand," Mulan said.

A wide smile came across the Dragon's face when the two powerful warrior's went at it one more time. Mulan showed that she was woman enough to take the Dragon's gift, and Hadrian rewarded her by pleasuring her tight, delicious body.

Admittedly, Hadrian always had a soft spot for tight Asians ever since his earliest and simplest days of Harry Potter. And this one clamping down onto him, maintaining eye contact without fear sent Hadrian deeper into her.
Mulan's toes curled, oh this exceeded her wildest dreams. There would never be a moment of her life which compared to this. And there were many triumphs, but this one, it was the best in her life. Mulan clutched on tight of them.

"I know you want me," Hadrian said. "But, I think that you want to do something else first"

Hadrian pushed forward, he could very easily break Mulan if he chose. But, the gentle caresses ramped up the pleasure inside of her body. Hadrian kissed her a couple of times on the nipple.

"I want you to cum for me first."

She came first, and boy did she gush one all over him. The plunges of the Dragon inflamed Mulan's tight pussy. Something lit inside of her.

"Your turn, great one," Mulan pleaded. "I want your gift. It would be an honor...to take everything that you have."

Now, it was the Dragon's turn to burst inside of Mulan. Yet, Hadrian wanted to enjoy this moment. Enjoy the legendary Chinese warrior one more time. The scent of Mulan's arousal sent Hadrian deeper into her. He left marks all over her.

Hadrian covered Mulan's sensitive breasts with his hands, squeezing them and making her mewl underneath. Another blast of juices.

He touched her body, exploring every bit of her lovely flesh one more time while stuffing Mulan nice and tight without anywhere to go. The end had been reached, Hadrian tracing symbols on top of her chest.

Mulan did not know what these symbols meant. The only thing which mattered is the Dragon gifting her. The first trickle of warmth burst open the flood gates.

The explosion followed with Mulan happily accepting her blessing from the legendary warrior. Thick, creamy fluids spilled into her tight body. Hadrian clamped down onto her, working her tight core with precision.

So much, so much love, with Mulan draining him until those balls tapered off. She could not tame him completely, but Mulan taxed the limits of her body, and his orgasm until they both finished.

Only three more times Mulan climaxed before Hadrian was done filling her with his seed. He pulled away from her, surveying his handwork.

Completely gorgeous, nice and well fucked. Hadrian leaned down to her and smiled.

The moment they both recovered, Mulan sat up and smiled.

"So, I hope you don't intend to leave this realm any time soon," Mulan said. "Although, I do wonder how you stay so useful."

"The charms of beautiful women and their lust works out well," Hadrian said.

"Fair enough," Mulan said. She wrapped her arms around him and covered Hadrian's face, neck, and shoulders with kiss. "So stick around."

Oh, you better believe would he sticking around for some time. Hadrian pulled Mulan onto his lap, wanting to explore so much more with the legendary warrior.
End.

Next Chapter: 10/19/2018.
Here Comes Megan(Miss Martian)

There's a Blog Exclusive Chapter with Angela Temple/Madame Mirage. Check out the link through my blog. https://webofchaos.blogspot.com/2018/10/the-dragon-does-madame-mirage.html

Here Comes Megan(M'Gann M'orzz/Megan Morse/Miss Martian from Young Justice)

A lovely young redhead sat on the chair in front of the desks, with her legs crossed, and eyes widened. She wondered what she had been here for. One of her teachers, Mr. Peverell, looked over the clipboard he held ad then eyed her.

"I don't know if you know that your grades are slipping, Miss Morse," he said.

Megan Morse, also known as M'gann M'orzz, the young heroine known as Miss Martian, opened her mouth halfway, almost startled at this news. Hadrian locked eyes onto her and nodded. She was about ready to, she was about ready to say something, anything to defend what was going on with her.

"I understand you have been working hard as a member of the Bumblebees, and you have done an excellent job," Harian told her. "But, you should do a lot better in your studies."

"Well, everything just happened at once," Megan protested. "I got tied up in preparing for the bake sale, and I had to get the cookies just right and then there were other things and then...Hello Megan! Everything just got too much, I swear I'll do better."

Megan bit down on her lower lip and stared down at him.

"Is it possible for me to make up for the homework I missed?" Megan asked.

The instructor responded with a tut.

"I'm afraid not, Miss Morse," Hadrian told her. "All of the assignments being done perfectly would not bring you over the treshold of failure. I'm afraid that I would have to tell the Headmaster that you would be taken off of the Bumblebees. Those are the rules."

"No, please, sir," Megan said. "Maybe there's something I can do...extra credit? Surely, you can have me write an essay or something."

"I'm afraid not, Miss Morse," Hadrian repeated himself. "I make it a policy not to give extra credit because it sets a bad precedence in class."

The crestfallen woman crossed her arms, breaking out into a soft sigh. There had to be something, anything for her to do.

"I'll do anything?"

Megan put her hand on the teacher's shoulder and leaned towards him.

"Anything."

"Well, if you intend to do anything," Hadrian told. "Then I need for you to swear to me that you won't tell anyone what I have you do to make up your work. Because, otherwise, everyone's going
"Oh, yes!" Megan yelled. "Thank you, thank you….

Hadrian stood up for her, and then grabbed Megan around the waist. She had been surprised, but the next move surprised her any more.

Her teacher, her handsome teacher, kissed Megan on the lips. She stood frozen, especially when he groped her ass.

Every thought in Megan's head screamed to push him away, but she just can't do that. Her grade, her future participation of the Bumblebees depended on it. Besides, he was such a good kisser, that she couldn't.

Besides, he smelled nice, and Megan could not resist him.

"You said you would do anything."

"Y-yes."

Hadrian bent Megan over in front of the desk, getting a very nice look at her tantalizing and tight pussy through her panties. He hiked her skirt up a little bit more and rubbed the ass of the cute little redhead cheerleader before smacking it hard. Then her panties slid down to reveal it.

Her hole looked so primed to fuck, and she was extremely aroused. Hadrian smiled, she had been lusting after him for some time. Most of the girls in class did, but Hadrian was very careful not to be left alone with them, until he had them in a position desperate enough to do anything.

Where they would not turn him in. That was the last thought before Hadrian unbuckled his pants and made his move.

Hadrian buried himself into the cheerleader's willing pussy. The depths he plunged felt extremely warm and he hissed when sliding inside of her.

"So tight. Such a tight pussy….I'm your first….I'm honored."

Megan closed her eyes, inexperienced emotions spreading through her body. Her teacher put his penis in her vagina, she believed those were the technical terms for what he was doing. They were having intercourse, to put it bluntly.

And this should be wrong, right? The fact that he was in a position of power, and taking advantage of her like this, taking advantage of her desperation. But, he shove into her so deep, touching her all over, kissing her bare back as the top she wore, rolled up over it.

Nothing this good, could be bad, right? Megan encouraged him with soft sounds. She was really getting into it. The Martian hazily wondered if he had taken his students like this before. He was experienced enough that Megan thought that he might.

"Mmmm, keep doing that, sir."

Hadrian picked up the pace with each thrust, making Megan squirt all over him. He rode her all the way to the edge. Her pussy was the perfect tightness, almost feeling like it shifted to just accommodate his cock. He dug into her sensual ass, and smacked it tightly.

She was so tantalizing tight that even Hadrian needed a breath when pulling out of her. Hadrian
rested, while groping her ass.

"Turn around and sit on my desk," Hadrian demanded.

Megan sat up, eyes widened when she faced his dripping cock. She looked at him with an innocent, but still sexy, glint in her eye. Hadrian smiled, grabbed her jaw, and forced his cock down her throat. Megan choked on it, before she recovered, moaning around him.

"Mmmph!"

"You have the perfect mouth for cock-sucking," Hadrian growled at her. "It was made to suck cocks. You cheerleaders are born to do that, and you're the proof."

Without any remorse, Hadrian rammed Megan's tight mouth. Her eyes watered from the force that he devasted her mouth with.

"You like that, don't you?" Hadrian growled in her ear. "You like tasting your juices all over my cock, don't you?"

The loud moans followed, with Megan screaming her consent, that she loved that. She also loved the taste of his large breeding rod. It stuffed her throat so far, that she had to expand her throat just to get a little bit more into her.

Megan pushed down onto his pelvis, deep-throating him very hard. Hadrian clutched her hair, forcing his manhood down her throat harder.

Hadrian plowed the inside of the tasty teenagers mouth, her throat seemingly expanding to accomodate his girth. Oh, she was most certainly perfect, Hadrian could fuck her tight little mouth every day. He looked at her beautiful face.

He gripped onto Megan's ponytail and slammed even harder into her mouth, not caring if she liked it or not. But, it was a bonus that Megan obviously did.

"You're getting your extra credit in spades, Miss Morse," Hadrian told her.

The extra credit, oh she was getting more than extra credit right now. Oh, Megan found herself completely addicted. She needed Hadrian in her mouth all day, and all night. The small trickle cumming from him made Megan go wild, to the point where she needed to dial it back.

The struggle for Megan to keep her form continued the longer Hadrian face-fucked her. Hadrian's green eyes baring down onto hers was most certainly a treat and a half for Megan.

Then, Hadrian pulled out of her mouth and came all over her face. He splattered several long ropes down her face, leaving stains down the front of her cheerleader uniform.

Megan rested her hands on his thigh and put another hand on her face. She scooped up the seed, and put it on her fingers. She drank it, and then wanted more. She wiped it from the front of her uniform. One by one, Megan licked her fingers clean, a twitch between her legs as she tasted his cum.

She pulled away from her handsome teacher, eyes fluttering shut. Hadrian closed the gap, getting ever so closer towards her. Megan's legs spread as Hadrian ran a hand down it to touch her.

"I want you," Megan said. "Please, sir, I've wanted you since the first day I saw you. You know it's hard to find a true man to...satisfy my needs...here on Earth."
She almost slapped herself for the slip. Hadrian touched her and made Megan feel so good. Her mind screamed that this was wrong, but her body screamed this was so right, and besides, she could have stopped him at any time.

Megan's wet pussy pulsed underneath Hadrian's fingers. The nice squishy sound her lips made underneath his fingers indicated how ready she was.

"Please, please f...f…"

"Fuck you?" Hadrian asked.

"Yes, fuck me!" Megan cried, surprising herself.

The word sounded so spicy on her tongue and lips, yet the minute she sat it, her pussy leaked cum all over Hadrian's desk. She looked at Hadrian with eyes that only belonged to a girl that demanded to have her pussy stuffed by someone of his caliber.

No reluctance, just primal need, but they were going to do things on Hadrian's schedule. Hadrian rubbed her clit, a new experience from Megan. He wondered if the innocent girl indulged in self pleasure. Maybe also the rumors about what goes on after cheerleader practice was not all that it was cracked up to be.

Hadrian stroked her thighs, thinking about stripping her of that uniform. Her breasts swelled against the top, her thighs stuck out, her cute ass was ready to be kneaded. Hadrian thought about having an inhibited and unchained Megan Morse in front of him, but thought against it.

What was the point of fucking a cheerleader out of uniform? If you were going to fuck a cheerleader, then fuck a cheerleader. Hadrian slid between her legs, while massaging her chest through the top. Megan cried into his ear when he took the plunge into her.

"Oooh, thank you!"

Megan thanked anyone who would listen of this gift. Hadrian pushed so deep into her, and scratched itches that she never knew were there. But, now that they were there, Megan intended to indulge him. She wrapped her legs around her handsome teacher's ass, and pulled him.

"You're doing a good job, Megan," Hadrian groaned. "You're not failing."

"Thank you, sir," Megan said.

She was most certainly not failing. Megan also noticed every time she called him "sir", Hadrian smashed her pussy even harder. She kept it up, cranking her wet walls against Hadrian's thick, juicy cock, which would burst at any minute.

"Shit, Megan, you're so good," Hadrian breathed in her ear.

"I know, baby, I know that I am," Megan purred in his ear.

Those breasts looked about they were about ready to tear through her top. Hadrian grabbed them and made him his, squeezing them. He pushed as far into her as possible, his balls slapping against her.

The two lovers met each other, most certainly reaching that edge. Hadrian kissed up Megan's neck and moved to her ear.
"Let it go, Megan."

Megan came extremely hard, realizing that the larger her breasts got, the more sensitive they were. Hadrian took full advantage of that, sliding his hands underneath her top and rubbing her tits. Oh, it was so hard to keep this form when cumming so hard.

Several kisses to her face, neck and head with Hadrian riding her made Megan almost lose it.

Hadrian owned her body and brought her to another nerve shattering orgasm. Oh, she came so many times, but she wanted to make him cum. Megan tried to make her pussy a little bit tighter, to blow his mind and claim his seed for her own.

"You belong to me now," Hadrian hissed.

"I know, and I like it!" Megan cried.

Not that she had a choice in the matter, but Megan encouraged him to sink into her. She dug her nails into his shoulder, almost ripping into his shirt. Megan's eyes clouded over from what he was doing with her.

The end was almost here, and Hadrian was going hog wild on her, stuffing her pussy completely full. Oh, there was not a spot inside of Megan that was empty from what he was doing to her. Oh, this was the best, she did not, she did not, she could not, oooh, this was so good!

Hadrian plowed her hard, making her cry out tears of joy from all of the times he touched her. Every time, everytime Megan broke out into another cry. She clamped down onto him in an attempt to get the handsome teacher to finish along with her.

A little bit further, and Hadrian could feel the muscles tightening to signify an explosive end. Almost with his muscles tightening.

The vice tight grip proved to be Hadrian's downfall, spilling deep inside of her body. Hadrian drained himself, filling Megan up. She screamed out her pleasure when he painted her insides completely white.

Hadrian pulled away from her, and watched as Megan slumped back. The change of her demeanor, and not to mention her skin color, was very interesting as well.

"Don't worry, I'm not finished with you."

Hadrian rubbed his hand down her silky green thigh, and made Megan just shudder underneath him. She shifted back to her standard human form, but Hadrian had already seen plenty.

The promise that he was far from finished from her made Megan tingle. She wanted him inside of her right now.

Hadrian was a man of his word, making sure Megan had an extra opportunity to make up for her grades. Which they did all through the evening. Hadrian explored the different ways which he could get this beautiful woman to scream and cream for him.

Megan was up for anything. It was always the innocent ones that were so kinky.

Things would get even more interesting when he told her he knew her secret. Hadrian wondered if she knew, she had slipped that one time, exposing herself to him.
But for now, he was having fun with her playing the role of an innocent, but kinky, cheerleader.

End.

Messy Meetings(Dva)

Messy Meetings(Hana from Overwatch)

Two hands push against the shoulders of the nineteen year old Overwatch operative. Hana Song, better known as swallows when looking into the green eyes of the man in front of her. She swallows hard and looks like prey. And one of the biggest hunters corners her.

Harry Potter's eyes trace over the body of the young woman. She squirms against his grips. Her dark hair framing her expressive face makes Hana eye him over. A tight shirt shows off her tight stomach in one of the most tantalizing ways possible. Tight pants fit into her snug body.

"Well, looks like I caught me another operative. You've been snooping around in an area where you shouldn't be. I wonder what I should do about that, Ms. Song."

She takes a deep breath and tries to back away from him. Of course, to truly back away gives an impression that Hana really wants to back away from him. And deep down, if there's one thing Hana Song wants to do, that's back away.

"One might think you've gotten close to me on purpose."

"No."

She lets out those words in a terrified whimper. The excitement of being a part of this team fades and Hana's face to face with a man who could break her. He moves a hand from her shoulder and rests it on her chest. He grabs nothing, just settles his hand now.

"Your play, Ms. Song. Flee or submit. What do you want to do?"

Hesitation hits the young girl. She takes a deep breath and realizes that if she gets close to him, something amazing could happen. She reaches over to slide a hand off.

Then it happens, Hana rises up on her tip-toes and dives in to kiss the handsome man. His fingers move to the back of her head and holds her head in place.

Hana's body heats up with need the minute he touches her. So many emotions enter Hana's young mind and Harry's hand slides down against her body. The two disappear into a cloud of mist which jolts Hana and makes her gasp in shock.

The next thing, Hana knows, Harry stands before her completely naked. Her awestruck expression locks onto his body. His strong muscles, toned abdomen, and thick juicy cock hanging between her legs. It takes Hana a minute to realize she's naked as well.

Harry blocks her hands from covering herself up. He backs Hana onto the lavish bed. Each trace of his eyes over her body causes a warm blush to flicker over Hana's cheeks.

"There's nothing to be ashamed about."

His large cock presses between their bodies. The kiss continues between the two of them. Harry's fingers light up every inch of Hana's body. The Asian teenage shifts underneath Harry's body and reacts to him. A finger traces patterns against her body. Harry leans and kisses Hana's stiff nipple to cause a breath to come out of her body.
The youngest member of this team, succumbing to the pleasure, causes Harry to get closer to her. His stiff cock grinds up against her thigh and almost pulls out of her. Hana's wet hole opens up and Harry slides a finger inside.

"You want something else inside of you? Maybe you want me to taste you?"

Hana bites down on her lip and nods in response. Harry works her opening a little bit. He pulls out and puts a finger up to his mouth to taste the young woman's delicious juices. He decides to get more from the source.

The light nibbling on the outside of her nether lips sends Hana's leg up against the back of Harry's head. He dives deeper into her and shifts against her. The pussy sucks into Harry's mouth when he drives in and then pulls completely out. His tongue sticks inside of her. His hands feel up her legs and makes Hana feel in pleasure.

Harry slurps her pussy and makes Hana feel so good. She breathes in and breathes out. Being held captive never feels so good at least until it does now. Harry pulls out of her and then drives his tongue into her.

"OOOH!"

A long and circular lick sends Hana over the edge a tiny bit more. Harry laps up the juices with quick circular motions. He riles her up and prepares her for what's going to come.

The darting of Harry's tongue just escalates even more. He keeps tasting the horny girl underneath him. Hana shifts her hips up off of the bed the deeper Harry darts inside of her. She closes her eyes and lets out a pleasurable moan. More pleasure follows the deeper Harry's tongue shifts inside of her.

Hana clutches the back of Harry's head and everything just hits her in a nice long rush of pleasure. Harry keeps eating her and making her feel really good. Her nails dig into the back of Harry's head and her breathing only escalates just a little bit more.

Harry pulls away from Hana's moist pussy and squeezes it. It causes her hips to jolt up. A few more touches to Hana and she's squirming on the bed.

"I want you...I really want you."

That big cock brushing against her lips makes Hana jolt up a little bit more. Her wet opening almost parts. Harry's fingers brush against Hana's nipples and it causes her to twist underneath his grip. He's this close to entering her. Just a little bit more and he will be deep inside of her. The breathing only continues with Harry driving the tip of his cock into Hana's opening hole.

She wants him so bad and now a little bit of him is inside. Hana throws her legs against his hips. He pleasures her young body with kisses and caresses. Another few inches slide inside of her and a greater fire just spreads between Hana's thighs. She clamps down onto Harry and takes more of his cock inside of her body.

"Yes!"

He gets a bit deeper inside of her. The tightness collapses around Harry's big cock. He plunges a bit deeper inside of her. He rises up and slams down into her. Hana closes her walls around him and takes a deep breath. She moans and groans with his cock just pushing into her body a little bit further. Harry pulls almost all the way out of her and then drives into her body. The sound of balls slapping against her echoes.
Hana never feels more alive than she does with Harry pounding her like this. It's a bit of a tight fit to slide deeper and deeper inside of her body. She collapses against Harry's cock and then releases him with another pump. She takes a deep breath and releases his big cock between her warm pussy lips.

A bit deeper Harry goes and now his balls slap against her in a repeated and never ending loop of pleasure. He takes her nipples and squeezes them. He leans down and whispers in her ear.

"It's time for you to cum."

Hana knows it and she feels the heat just creeping up her body. The massive spear, the one that many women, far older and more mature than her, succumb to, keeps sticking inside of her body. Harry drives his cock further and deeper inside of her body. His thick cock spears her wet pussy and goes deeper and faster inside of her.

Her organ orgasm reaches a fever pitch. Hana locks onto his hips and enjoys the feeling of Harry just driving down into her. He spears her one more time and sends her body shaking into overdrive. The sensations just shoot her mind slightly over the edge.

"Fuck."

That one word pops out from Hana when he seeks her tight hole one more time. He pulls out a little bit and makes her whine at the loss of him.

"You're mine now. Just like the rest of them will be."

Hana bites down on her lip and accepts her face. He eases up on driving into her just long enough for the full measure of Hana's fate to set in. Then he drives down into her, his big cock slamming inside of her body. Hana once again sucks his manhood into her tight hole.

Harry kicks her legs up into the air and feels them up. Hana's eyes bulge out with pleasure as he keeps spearing inside of her body. He keeps driving deeper and faster into the tight girl. Her eyes just widen and close with the pleasure. Harry leans down and puts his hands on the side of her face. The hot breath hitting the side of her ear jerks Hana out of her state of slumber.

"You're going to cum. And you're going to enjoy it. Do you hear me?"

Hana bites down on her lower lip and nods. She hears everything Harry says. The constant driving down inside of her pussy with his balls repeatedly slapping against her.

"F...fuck!"

Harry moves down to nibble her nipples and this introduces a further pleasure into the young Overwatch team member's body.

Hana tightens around her lover. Every time his cock enters her body, it introduces her to new pleasures. She cannot even begin to imagine life without this big cock just rapidly pounding her into submission. Her hips tighten a further seal around Harry the deeper he drives inside of her.

"I...I want this. I want this so...badly!"

She whimpers out these next few words the deeper Harry plunges inside of her. His balls rapidly slap against Hana and drive her further over the edge with a multitude of pleasures. She enjoys Harry just spearing her hole repeatedly and stuffing her full of his cock.
Harry eases up on the pounding on her. He slowly touches her body. Each caress becoming like torture as he riles up the young girl underneath him. Her nipples stand out for attention. Harry leans in and grabs the tip of one of them. A squeeze sends Hana's hips just shooting off of the bed. She bites down on her lower lip and then throws her hips completely up off of the bed.

"Please...don't torture me like this."

Harry works his cock into the tight girl on the bed. Every moment she shifts underneath him, it brings him further pleasure. Her body soaks with sweat.

"It's half of the fun, though."

Harry works a bit deeper inside of her. His balls slap down onto her thighs and send Hana a bit further over the edge. Her lust only increases the deeper Harry rams himself into her. He rides her a bit further to the edge and then pulls almost all the way out of her.

It feels so good to make this lovely young lady squirm and cum underneath him. Harry's this close to wrapping up this game. His balls repeatedly dance on her thighs and make her jolt up from this position on the bed. His fingers touching her nipples send a jolt of pleasure all over her.

The end game is coming and Hana bites down on her lip. Harry just keeps working into her. His balls keep slapping her thighs and continue their deadly game all over her. She jerks up off of the bed and holds in with a deep breath. Harry's almost there. He's pretty close and she's pretty close.

Little does Hana know how close she is. She tightens around Harry's thick and probing tool. He slaps his balls down against her thighs and sends Hana spiraling over the edge with a few jolts. Her hips come up and Harry pushes down inside of her. He buries his thick cock inside of her hole on the bed.

The end reaches with Harry repeating his actions of going in and out of her tight little fuck hole. He keeps sliding into her and goes almost completely out of her. He allows his balls to hit her and makes Hana jolt up to take him inside of her tight center.

"So good."

"Yes, I know. It feels so good to be fucked. And you're going to feel even better by the time I'm done with you."

Hana holds on for the ride and it's a hell of a ride to reach the end. Harry escalates his actions and this time, the mother of all climaxes hits her. Harry puts his cock deeper inside of her tight hole when it clenches him. He works a bit further into her and causes Hana to throw her hips up off of the bed.

She closes her eyes and takes it deep inside of her. Every inch of her body sings with pleasure.

"It's my turn. When I cum inside of you, you'll be mine forever."

Instead of protesting and trying to get Harry to pull out, Hana just tightens around him. Her pussy acts almost as if it has a mind of it's own, trying to suck into Harry's cum. He keeps working into her and keeps making Hana succumb to every touch. His muscular body presses against hers.

"Mine forever."

Those words only strengthen her resolve. Hana wraps her arms and legs around him. Several more spear weaken the hero and make her nothing other than a fuck toy for him and a cum dump. A
part of her life which Hana's more than happy to accept given the perks involved.

The first blast of cum fires seed into Hana's waiting pussy. The overflow continues with Harry just spurting and spilling everything he has into her body. Hana holds onto his hips and moans from him bringing his hard cock into her tight, dripping vice.

Harry groans and pushes into her. Hana clutches him and takes more of Harry's cock. He gives her everything she wants. Pleasure racks through his body as the young hero submits.

She shudders to a stop, completely drained and feeling very satisfied because of the situation. Harry pulls out of her and leaves her collapsing down on the sheets.

"Don't worry. You're not the first member of your team to succumb to this."

Harry's dripping cock slaps against Hana's face and causes her to nod. His cock twitches to life after fucking her cross-eyed. She cannot help and stare at the throbbing organ.

"I want to please you again."

"Well, don't let me stop you."

End.

Next Chapter: 10/24/2018.
“So, do we have a deal?”

Lauren Strucker locked into the eyes of the green-eyed man, the feared Black King of the Hellfire Club. Her heart beat aggressively. Lauren slipped off her jacket and allowed it to drop to the ground. Now, that she stood before the Black King in a tight pair of jeans and a tank tank top, Lauren could feel his appraising gaze. Lauren’s nipples stuck out to show her arousal.

The Black King, known to most people these days as Hadrian Peverell, cleared his throat. Lauren’s expression snapped in front of him, breathing in.

“Well,” Hadrian said.

“Yes,” Lauren said. “You help us...and I’ll do anything you want.”

“Anything can be a lot, especially me,” Hadrian said. “The question is, what do you want?”

The young blonde’s lips flittered into a some. Lauren Strucker knew what she wanted. And more importantly, she knew what this handsome man wanted from her. Lauren pressed a hand against Hadrian’s chest, smiling when those green eyes just locked onto her.

“Come to me,” Hadrian said.

“Yes, sir.”

Lauren attacked the powerful man with all of the fierceness of a hungry lioness. There was kissing, and then there was this. Child’s play, with Hadrian cupping her sexy face. Then Hadrian moved down, to cup Lauren’s breasts through her shirt.

After playing with Lauren’s breasts for a minute, Hadrian focused on another part of the hot girl’s body. He pressed a finger deep against Lauren’s backside and make Lauren just breath out.

Lauren pulled back and encouraged Hadrian to remove her top. Once, Lauren stood before him, nothing other than a lacy black bra from the waist up, Lauren undid his shirt. Then they helped each other out of their respective pants.

Another kiss, with Lauren melting into Hadrian’s gaze. Hadrian pressed a hand and stroked Lauren’s hair, kissing her with more heat. Their mouths met together, kissing harder and faster. Hadrian cupped her cheek and stroked it.

“Mmm, mmm,” Lauren breathed.

“You like that baby,” Hadrian said.

Hadrian and Lauren striked their remaining articles of clothing through this extremely intense makeout session. Now, Hadrian pressed the beautiful young woman’s fit young body against hers.
Lauren rubbed up against Hadrian’s crotch.

“Settle down, we have plenty of time,” Hadrian said.

Hadrian explored the body of the beautiful blonde teenager before him, smiling when he tempted her. He nudged Lauren against her wet pussy. Lauren bit down on her lip and let out a whimpering moan.

Lauren was bare and extremely ready to take him. The older man smiled, with Lauren kissing Hadrian harder and harder. Hadrian grabbed her and pulled Lauren closer towards him. The heat from their crotches pushed against each other.

“Come here, and join me,” Hadrian said.

Hadrian pushed against Lauren’s hot pussy, and she moaned at the near intrusion. One thing flashed through Lauren’s mind like a mantra. Lauren Strucker needed the Black King deep inside, to pleasure her until Lauren came over and over again.

“I want you,” Lauren said.

“I know you do,” Hadrian said. “It’s time for you to take what you want.”

Lauren broke out into a smile before she mounted Hadrian when he pressed against the wall. The tightening her legs around Hadrian, allowed Lauren to push up and down. The hot rise and descent made them tingle. Hadrian grabbed Lauren in tight, with each push.

A hot moan spread from Lauren, when her loins clamped down onto Hadrian. Hadrian sped up a little bit, always enjoying a nubile woman wrapped around him. And Lauren Strucker was so tempting.

The two slid together, the heat between their two groins sending pure sexual energy over each other. Lauren slapped down onto Hadrian. Hadrian squeezed Lauren’s tits and caused her to moan.

Energy shifted into Lauren’s body, when she moaned even more hotly. Hadrian picked up the pace with a few thrusts. Hadrian picked her up, and dropped Lauren down, stuffing her full of him. Hadrian pulled Lauren away again and then dropped Lauren down.

The ritual repeated multiple times, with Lauren just breaking out into constant moans. Lauren pressed down onto Hadrian’s thick cock, which just made her explode all over him.

Lauren understood why men trembled in fear to the Black King and why women trembled in joy. Every ripple of Hadrian’s strong muscles made Lauren cheer.

“Still with me,” Hadrian said.

“Out of this world,” Lauren said. “You’re not human.”

“Of course, I’m not,” Hadrian said. “I’m the Black King, and there’s no one who can touch me...unless I really want them to.”

Hadrian winked at Lauren to make her cum. The two lovers met at the lips, with Hadrian tightening a fist around her head. He edged closer into her. The rush of her orgasm made her tighten around
The tightness of a teenage pussy hugged Hadrian’s love muscle. Hadrian absorbed the moment, with Lauren pressing down onto him. Lauren rubbed her nipples onto Hadrian’s strong chest, moaning even more aggressively when riding Hadrian.

“So sexy,” Lauren said.

“I’ll take that as a compliment coming from you,” Hadrian said. “It’s time for you to cum, darling.”

Lauren thought that all of her past orgasms paled in comparison to this one. She tightened around Hadrian in a desperate attempt to milk the Black King. Hadrian pressed onto her lower back and dropped Lauren down onto him.

A hot pop followed with Lauren pushing her tongue into Hadrian’s mouth. The Black King made out with the sexy teenage girl, absorbing the eagerness and lust from her. He could drink up everything like mother’s milk, and Lauren was eager to be with her.

Hadrian pressed against Lauren, rubbing up against the sexy mutant. Lauren’s orgasm almost came harder. Hadrian stepped back, easing back from Lauren. Hadrian squeezed her outer thigh and made Lauren moan into his mouth.

The sorcerer pulled away and kissed Lauren up the side of the face. Hadrian stopped, smiling before pulling back from her.

“Feel this moment.”

Lauren agreed, with each stroke coming in slowly, but amazingly, Hadrian rocked her.

Perfect, just perfect, with Hadrian slowing his eager partner down just enough to make Lauren appreciate every single moment of this. The heat rose into her, and Lauren was so close to cumming that it was almost painful.

“Yes,” Lauren breathed.

Lauren tightened around Hadrian, closing her eyes upon the orgasm. The power of the release caused Lauren’s mind to collapse. A digging of Hadrian’s shoulder allowed Lauren to tense up and release him, pumping his muscle to completion.

Despite how much Hadrian wanted to bury his seed inside of the young mutant, Hadrian slowed down, to a stop.

Hadrian pulled out of Lauren, leaving her breathing extremely hard. The blonde hair plastered against Lauren’s face made her look sexy as hell. Hadrian swooped down and kissed Lauren on the lips extremely hard. To the fact that Hadrian bruised those lips.

The door opened up, and Hadrian pointed towards the door, the steps leading to the penthouse. Lauren slunk up the steps, walking with a seductive sway.

“Stop.”

Hadrian climbed up behind Lauren and pushed her down to the knees. Lauren’s knees dug into the
steps and the girl’s hands pushed on several steps up. All of the touches drove Lauren completely mad with multiple touches, with Hadrian forcefully rubbing Lauren to the brink of pleasure.

Being on her hands and knees on the steps was a beautiful position for Lauren Strucker to be in. The perfect position to be taken in. Hadrian cupped Lauren’s wet pussy instantly and pulled her beautiful lips apart. Engorged and ready, Hadrian lined up into Lauren.

Hadrian slid into his partner with ease, causing Lauren to cry out in pleasure. Oh, each push made Lauren’s toes curl.

“I could have you take me all day,” Lauren said. “Take that big beautiful…cock and fuck me all day long!”

The corrupted teenage girl melted underneath the thrusts and movements of the Black King. Hadrian smiled, no matter how many worlds he conquered, no matter how many pussies he tamed, the dance was always the same. Hadrian came out on top, and topped many beautiful women.

Oh, most certainly, Hadrian could fuck the beautiful Ms. Strucker all day, and make her drool in pleasure. Hadrian smiled when feeling up Lauren all over. Being a hands on lover was something that was appreciated by many of his lovers.

Hadrian traced patterns down Lauren, enjoying the whimpering coming from the vixen. Alternating thrusts pushed Lauren up the steps, while pulling Lauren back to thrust into her one more time. Hadrian danced down Lauren’s sexy back, sending her into a fit of pleasure. Then, once Hadrian found her ass, the Black King squeezed down onto it.

The Strucker Daughter moaned out loud when Hadrian pulled back from her.

“Do it again!” Lauren called out.

The sorcerer squeezed Lauren’s tight butt and released it, making her cry out in pleasure. The repeated squeezing of Lauren’s tight ass got her dripping. Ms. Strucker’s ass fetish made Hadrian just smile. He agreed with it, as such an ass deserved to be worshipped, with how tight and succulent it is.

“Just feel it.”

Hadrian slowed down, making every moment pass by in a slow crawl. Lauren almost tore the carpet off of the steps, breathing extremely hard. Hadrian pressed against Lauren and started up again, with roaming hands all over her body.

Insane how expertly Hadrian claimed Lauren’s body with several gentle, but firm touches, and squeezes of her body. Lauren did not want the torment to end, given how every tormenting touch ended with pleasure. Each touch anticipated and appreciated.

“Do you know what just happened to you?” Hadrian asked.

“I belong to you,” Lauren breathed. “I belong...I’m yours.”

“Yes, and you always were meant to be mine,” Hadrian said.

Everything belonged to Hadrian as well, it was the reason why he came to power. Hadrian touched
Lauren to remind the eager girl of the place she so agreed to be in. Those sexy moans prompted Hadrian to speed up a little bit, teasing Lauren and drawing her arousal out.

“And again,” Lauren said.

Lauren creamed herself constantly, and Hadrian did not let the horny girl up. Hadrian touched Lauren all over. Face, breasts, stomach, hips, legs, all of them claimed by the powerful Black King the deeper he slammed into her.

“I opened up the door to your mind,” Hadrian said. “Sex is not a taboo. But rather it what runs the world.”

Hadrian pulled Lauren a bit tighter, pressing against the tempting teenager’s clenching groin. Stroking Lauren’s face made a soft cry of pleasure emit from her.

“And when I invited you into my world, the fire inside of you is permanent,” Hadrian said. “It’s not going to be put out by any means.”

“Yes!”

Oh, the fire had been lit deep inside of Lauren now, and Hadrian was going to mold her into the perfect sex pet. The life without Hadrian buried deep inside of Lauren seemed distant. The time of which Lauren spent without Hadrian exciting her loins felt entirely wasted. Lauren clamped down onto him.

“We can do this for as long as your body can last,” Hadrian said. “And given how you’re young...beautiful...and willing...with a healthy sex drive...we can go for a long time.”

“Mmm,” Lauren cried out. “Mmmm...mmmm!”

“You want more?”

“Yes!”

Lauren never wanted this to end, the fire in her body was not going to be put out any time soon. Not that it helped that Hadrian constantly fueled the fire. Two large balls threatened to burst inside of Lauren. Lauren saw her purpose.

Want spread through Lauren Strucker’s perfect body to have her master’s seed. Need, wanted Lauren to get the Black King to cum. Lauren flexed her walls around him.

“And now, we’re going to seal this union,” Hadrian told her.

First, Lauren lost it with an orgasm. She entered a world of everlasting pleasure, Hadrian knowing all of the right buttons to push. Lauren could feel him get closer, anticipation of what Hadrian what do it.

“You’ve opened up your heart, and your mind to me,” Hadrian whispered. “There’s only one thing left.”

Without warning, Hadrian blasted Lauren’s insides with a thick rush of seed. Complete and utter submission followed with Lauren giving up her womb for the Black King. It was for the good of
all mutants, Lauren reasoned in her mind.

Of course, no reasoning really cancelled out the fact that Hadrian enslaved and made Lauren extremely addicted.

Hadrian rode her through their mutual climax. Several long, thick, juicy ropes drained into her cavern. Hadrian smiled and pulled away from Lauren.

“You’ve done well, Ms. Strucker.”

Lauren slumped over on the steps, breathing heavily. Hadrian massaged Lauren all over.

“And we’ll do this every day….for hours and hours along end.”

That hot breath and promise of more caused Lauren to twitch so hard a droplet of cum splattered on the steps. Hadrian lowered onto Lauren, making her breath out.

Oh, Hadrian’s skilled fingers and even more skilled mouth made Lauren just fall hard for this handsome man. The rumors of him being evil could not be true. How could somehow who made a woman feel this wanted?

Hadrian picked up Lauren by the hand.

“Ready to see your new chambers?”

“Mmm, hmm.”

They flashed into a room. Lauren looked up at the ceiling, with chains hanging from the ceiling. Bottles of exotic oils set up the shelves and in boxes, several sex toys painted a vivid picture of what went on in the Hellfire Club chambers.

The Black King pushed his newest recruit down onto the bed and climbed onto top of Lauren, kissing her constantly and heatedly.

Nothing mattered more than what Lauren’s new god did to her. She would forsake everything just to worship Hadrian day and night. Any other belief system seemed completely silly.

Hadrian smothered her delicious teenage body, luscious breasts, and tight ass with more kisses. All while closing in close, with Lauren spreading her legs, waiting for Hadrian to slip inside. Lauren Strucker gushed from him.

“Accept me as your King.”

“I accept.”

Lauren accepted her purpose in life, being a cock warmer for the Black King of the Hellfire Club. Speaking of which, said organ pushed deep into her, making Lauren break out.

Hadrian pounded again, admiring the sex drive of his partner as he worked Lauren through the night.

‘Mmm, Daddy has a new plaything,’ a voice said.
‘Yes, indeed, Esme,’ Hadrian replied.

The high pitched and excited screams of Lauren fueled Hadrian’s libido for days to come.

End.

To Be Continued: 10/26/2018.
Supergirl's Pet(Kara Zor-El and Hermione Granger)

Supergirl's Pet(Kara Zor-El/Supergirl from DC Comics and Hermione Granger from Harry Potter)

The camping trip goes about as well as can be expected underneath the circumstances. Hermione Granger tries to get some rest even though things end up being pretty troubled for her. She takes a deep breath and starts to curse Albus Dumbledore for his inability to convey proper information in a matter which does not include telling people things in riddles.

The three of them on this trip try to make the best out of a bad situation. Now, Hermione's along in the tent with Harry's girlfriend, while Harry's out scouting and following up on a lead.

It really amuses Hermione about how their relationship started. She remembers it very well. The friction between her and Kara along with tension which can be cut with a knife. She takes a deep breath and recalls it pretty well. They finally reach so me kind of understanding for Harry's sake.

If Harry's happy, Hermione's happy and in Hermione's mind, Harry's happiness is key to everything. She just wishes this nightmare is over regarding Voldemort and his Horcruxes. And also the fact she wishes Dumbledore gave them more concrete information so they do not go running around and grasping at straws.

Hermione tosses and turns. She hears something rustling outside. The number of protective charms around the tent only ease her mind and mood ever so slightly. There's most certainly something out there which results in Hermione's heart skipping a couple of steady beats. She cranes her neck.

"It's just me."

She relaxes a bit. Kara sits in the dark and wears a very slender blue nightdress. Hermione fines herself looking at Kara's curves a bit in the shadows. She's very beautiful and there's a look.

"We had a bit of a disagreement of how to do things earlier. Back at the lake....and I'm concerned you're not on Harry's side completely and you still have a problem with me."

This little statement causes Hermione to squirm in surprise. She takes a deep breath and looks Kara firmly in the eye.

"I can assure you I'm on Harry's side and I don't have a problem with...."

Kara silences Hermione with a kiss. The act surprises Hermione so much she cannot even begin to comprehend what's going on. Kara kisses her and kisses her pretty well. The hand against the back of Hermione's hair and brushing it makes her even more vulnerable to Kara's tongue just driving in.

The kiss is very nice and also leaves Hermione with questions. There's a flicker of something in her eyes.
“You know something, I couldn't stand you when we first met.”

It takes Hermione a moment to realize that Kara just pulls away from her. This blunt statement catches Hermione off guard. She never hears Kara say a course word. Even during the times where Hermione was curt with her, Kara holds a pretty even and calm temper.

Hermione may have blasted someone if they question her intentions towards Harry the way she did to Kara.

“I'm just a lot better at hiding things for your information. But, I couldn't stand how you just were so smug, and how you thought that you had Harry's best interests in mind. I thought that you were holding him back...but I guess that wasn't really a problem. Harry had insecurities that were a lot more deep rooted. Thankfully, it's over and he's in a lot better place, even though you did seem to resent his attempts to improve himself.”

“I didn't....”

“Because you have your own insecurities as well. It's okay, I have them too. I never thought that I could be good enough, given who my mother was...but you know something, I just had to make the most out of this situation.

“You sure you okay, Kara?”

Hermione is honestly concerned for her best friend's girlfriend. There's something funny in her voice, almost like she's slurring her words. The red glint in her eyes makes Hermione wonder if something happened. Those rocks out by the lake, none of them were green. Hermione notices a couple of them were tinted red, but that does not mean anything.

Did it?

“I'm fine. And you're going to be fine too. When we clear the air.”

“What do you mean?”

“Jimmy Olsen is known as Superman's pal. Today, Hermione Granger is known as Supergirl's pet.”

Without another word, Kara aggressively kisses Hermione. The fact she sits there and takes it makes Hermione wonder if she has some kind of fetish for dominant and powerful woman. Kara's tongue dominates Hermione and keeps sinking inside of her mouth.

Hermione grabs the back of Kara's head and shows just how much she wants this. Kara smiles as she tears off Hermione's bed clothes and keeps kissing her. She feels Hermione over and Hermione reacts to her touch. It's a hell of a reaction if one sees how wet Hermione is. Kara's fingers keep brushing against her.

“Oh, you want this, don't you?”

Those words just cause Hermione's mind to sink into a daze. Kara shoves her fingers deep inside of Hermione and makes her breath in as well.
“Despite the fact you act like a bossy little wench in public, you're nothing but a girl who longs to be dominated by people more strong and more powerful than you...and I wonder how you would react if Harry dominants you. I'm sure that you've dreamed about getting his cock...the times where you were standing outside of the door after we made love...or just plain fucked each other.”

Kara's hand becomes a blur and Hermione's thighs drip with the pleasure. She most certainly holds Hermione in a position where she can dominate her.

“Tell me, Hermione. Do you crave his cock?”

“What's going on here?”

She releases Hermione and moves out to the door. Kara turns around and Harry walks into the door.

“Harry....Kara's gone completely...mmpph!”

These words get cut off as Kara gags Hermione with Kara's own panties. Kara moves in and strips off her goes. She stands before Harry naked.

Instantly, Harry understands what's going on.

“She got exposed to Red Kryptonite, didn't she?”

There's a long look and Hermione feels annoyed that Harry's looking at her like this is her fault somehow. Kara moves across the room.

“I'm making Hermione my pet. I think it's just a lot better this way. And it's not like she doesn't want it. And I'm pretty sure that deep down she wants this as well.”

Kara squeezes Harry's cock through his cock. The sight of Hermione's naked body, the sight of Kara's naked body, and the fact Kara's left Hermione dripping on the bed has Harry pretty rock hard and ready to go.

Legs wrap around Harry's waist with Kara leaning in and kissing him on the lips. Harry puts a hand to the back of her head and kisses her. He backs Kara up against the wall.

Kara pushes a hand against the back of Harry's head.

“Look at her, Harry. Look at those nice round breasts. Can't you believe she keeps those hidden underneath frumpy clothes? And those legs...and that ass...and that pussy...her hair's even more curly these days...and she actually shaves....I would have expected her to be the type to have hair everywhere and it to be disgusting.”

Harry grabs onto his girlfriend's ass and Kara's legs wrap around Harry's waist. She squeezes him in tight and his cock slowly eases nearer to Kara. Kara's warm heat pushes a bit closer to Harry. The pleasure both of them feel burn their bodies.

On the bed, Hermione cannot only help and watch. She's seen glimpses of Kara and Harry in a state of carnal lust. There's just something about this which stirs up her naughtier thoughts. Watching Harry glide his cock against Kara's warm and wet opening makes Hermione just more excited.
“Maybe we should show her how it's done before you fuck her brains out.”

Hermione wonders if she has any say in this. Then again, it's not like doesn't want Harry's cock, deep down. Especially given how big it is and how much...well how good she wants to feel.

'I've been in this tent way too long.'

Harry steads Kara as she hovers with her hair scrapping against the tent. He aims and enters familiar territory. Her nice, wet, pussy holds onto Harry and keeps working his cock into her. His balls slap against her thighs at a measured motion. He rubs a hand against her backside and guides Kara into perfect position.

“This is what I'm talking about, baby. Right here, in my pussy. It's where you belong!”

Kara slaps her thighs up and down onto Harry and gains a pretty good amount of momentum. Harry holds her breasts in hand and squeezes them. She rides Harry facing him.

The next move scissors Kara's legs around Harry's waist and pushes him onto the bed. She makes sure Hermione sees them and sees Harry's cock sliding in and out of Kara on the bed. Kara rides her boyfriend going higher and falling faster. The sound of flesh against flesh makes this a pretty good visual.

Kara throws herself down onto Harry. The greedy eyes of the bookworm on the bed causes the Krypton survivor to just bounce higher and higher on her wizard. Harry's manhood pushes into her.

“Oh, Harry, it feels even better now. I like how you're pleasuring my body.”

“Anything to help you, Kara.”

Harry locks eyes with Hermione and mouths “I've got to sweat it out.”

Hermione's mouth opens despite the panties in it. She realizes, and turns red because of it, that Kara does not bind her hands. So, she really enjoys the taste of the fabric with Kara's arousal resting in her mouth.

Kara rises up and goes down onto Harry. His heavy balls slap against her and make her feel really good. She darts forward and attacks Hermione's pussy with three measured strokes into it. She returns her hand to Harry and gives him tribute to the juices.

“She tastes pretty good for being an uptight bitch, doesn't she?”

A frown appears over Hermione's face. Despite Kara's words of discouragement, she feels a bit, and it's really hard to explain it, she feels a bit....aroused due to the fact that Kara talks some trash towards her. The only thing she can do now is to wait her turn to ride Harry.

Kara holds onto Harry and squeezes his thighs between her legs. It gets her closer, closer, and it riles her up.

“I'm going to cum all over this cock...and we're going to make her clean it up.”

“Yes, Kara, we are...but remember, you're mine for the moment. Even if she is your pet.”
Hermione's pussy raises up and she darts a hand between it. She realizes the fact she's another girl's pet gets her off, especially one as beautiful, brilliant, and powerful as Kara is.

Rubbing Kara's breasts causes the heat to emit from the bouncing woman. She takes more of Harry's cock into her tight pussy and squeezes it. She keeps breathing in and breathing out. It gets her ever so closer and makes her moan in pleasure.

“It feels so good. You stretching me out....making me cum like I've never came before.”

Realization the red Kryptonite just put Kara on a trigger is very interesting. The high magic in the area did some interesting things to the Kryptonite as well. Harry plants his cock deep inside of Kara and pulls almost all the way out of her before driving into her one more time.

“Mmm, baby, fuck me hard!”

Kara slides her wet pussy lips down onto Harry's big cock and squeezes him. She cannot wait to get the cum inside of her and be dripping wet from Harry. Harry holds his hand against her ass and then squeezes it hard as humanly possible. She pulls away and then pulls completely out of him.

“My turn.”

Her orgasm triggers one upcoming of Harry's own. He shoves his cock deep inside of her wet pussy and makes sure Kara holds it in tight. Those balls slap repeatedly against Kara and causes even more friction. She holds onto him all the way to the end.

“Mmm, this is...pretty good.”

“It's going to get even better.”

Harry's balls keep slapping against Kara in a way which light her up with pleasure. He caresses the tips of Kara's nice breasts and gives them a very supple squeeze. Her entire body rocks back and forth onto his cock and fills herself up. And there's going to be much more to come.

A frustrated whimper from Hermione comes on the bed. She now wants this cock and a part of her feels entitled to it, due to the fact she knew Harry for far longer they Kara did. But, she knows that her Mistress will put Hermione in check if she protests.

Wait, Mistress...there must be something wrong with Hermione's brain? The thought of the very word applied to Kara sends tingles down her spine.

Speaking of tingles, Kara jams down onto Harry. The muscles on his groin tighten and then fire. Kara clings onto Harry to make sure the output of cum.

“Bounce harder...really work your hips in!”

Kara keeps holding onto Harry and spearing up and down on his cock. More cum fires into her tight wet hole and Kara grabs onto the side of his neck. She keeps breathing in and out. Her body only flares up with lust. Harry touching her does little to help ease her, it only makes her that much more hornier.

Finally, after Kara takes a couple load from Harry's balls, she slides off. She crawls down between
Harry's legs and sucks his balls before going on to lick his cock. A small kiss goodbye on the tip of his head follows.

She turns around and then pulls the panties out of Hermione's mouth.

“You like the taste of my panties so much, you perverted bitch?”

Those eyes narrow at Hermione. Hermione tries to muster up a protest. Kara grabs her jaw and roughly, as much as she dares, kisses Hermione. Her hand pushes on the back of Hermione's head and deepens the kiss.

Finally, Kara pulls away with a diabolical grin on her face.

“Here's something that you'd really like the taste of them.”

Hermione lays down on the bed and Kara sits down on Hermione's face. Hermione struggles. It's funny how if she dies between these thighs, she'll die a pretty happy witch.

Kara forces herself down onto Hermione's face and keeps riding it. Her thighs smack up and down on her face repeatedly and rides her.

“You better lick me like this! You better use that tongue like's always meant to be used.”

There's no question about it, Hermione enjoys the fact Kara forces her pussy on her face like this and makes her eat it out. The hunger dancing through her eyes grows pretty intense with Kara's ramming deep into her.

“Harry, she's ready. Feel her.”

Harry leans in and puts his hand on Hermione's pussy. Sheer electricity courses through the woman underneath him. Hermione's wet thighs open up and prepares for the intrusion which is to come. Harry slides a finger against her lips and keeps sliding against it. The action makes Hermione take a very deep breath when Harry rotates his finger against her.

“Tell Harry what you want?”

Kara's pussy leaves Hermione's face, but not before leaving a trail of juices down her cheeks. Hermione looks up in very evident frustration.

“I want you to fuck me.”

The fingers push deep against Hermione's dripping hot pussy. Kara leans in and puts Hermione's nipple between her fingers and squeezes it.

“Louder, like you mean it.”

“I WANT YOU TO FUCK ME! I WANT YOU TO TAKE THAT BIG COCK AND MAKE ME YOUR PERSONAL WHORE!”

Hermione goes about as red as a traffic light because of what she's saying. She really has gone too far and now she cannot look back at her friendship at Harry in the same way.
She's not completely sure the Red Kryptonite is just effecting Kara, something about it makes her a bit more daring and a bit more naughty. Harry's hand stroking up her legs and spreading them wide makes Hermione almost explode.

“Of course, Hermione. What are friends for?”

The long cock slides between her legs and stretches Hermione completely out. It fills her up and makes her entire body just rush with pleasure. Her legs close around Harry's hips and push him deeper into her body. The sounds of balls smacking against her body.

The length pushing deep inside of Hermione's tight pussy makes her clench down onto him as tightly as humanly possible. Her juices keep flowing around his cock and slides him ever so deeply inside. Harry pulls pretty much all the way out and drives deep inside of her.

“You're pretty tight, Hermione.”

Those words cause a tingle to rise from Hermione's loins. Harry repeatedly drives himself into her. His balls slap against her thighs the deeper and further he pushes into her. Hermione's legs plant against his back the deeper he goes.

Her pussy feels nice wrapping around his cock. Not as good as Kara's pussy, but her natural advantages due to being Kryptonian makes it that way. Harry holds against her and pumps her pussy down onto the bed.

“I want to see her cum hard over that big cock.”

Kara hovers in mid-air about as high as she can go. Her wet pussy drips down on Hermione's face like a steady rainfall. Watching the brainy girl just work up and down off of the bed with Harry's cock sliding inside of her is a pretty good feeling. He keeps working inside of her at a steady and heavy pace.

“Yes...oooh yes!”

Hermione cannot hold back her thoughts or lust regarding her best friend any more. Harry works her up and the orgasm he works her up to just crawls up every corner of her body. An intensity beyond all measure rises into her body. His balls crack down onto her.

The warmth spreads over every inch of her body. Hermione clamps down onto him and releases him. She cannot help and feel the rush in her body. Harry rides her all the way through. He slows down just enough to make Hermione feel everything just building inside of her body.

He then rides her again, with Harry ramming into her tight pussy again. His balls repeatedly dance on her and inflame Hermione's passions for the powerful young wizard. He keeps driving down into her and stretching her out just a little bit at a time. Hermione clamps her legs around Harry and pushes him inside of her.

“FUCK!”

Kara smiles when she catches a glimpse of Hermione's face. It's so hot, she can barely even stand it. The affects of the Red Kryptonite wear off, but her lust and excitement for this situation remains. Watching Harry dominate and make Hermione Granger submit causes Kara's fingers to dance over her.
It's so amazing and feels so good to watch her boyfriend drive his cock into the tightening pussy of the girl underneath her. His balls slap down onto her.

“Getting close, aren't we?”

Hermione loses count of the number of times she almost loses it. Harry stands with her pretty much every step of the way and keeps driving into her. The never ending way his cock submerges into her depths lights Hermione ablaze with lust and makes her body just creep up a bit closer to the edge.

“Yes...close...so very close! I can't even....I can't even.....HARRY!”

Harry rides her wet pussy all the way to the end of her orgasm. He keeps stretching Hermione out on the tip of his cock and spearing inside of her. She holds onto him tight with her legs just brushing down his back. It's getting closer, they both edge closer to the end.

The end reaches and crawls up him. Harry lifts Hermione's legs up into the air and drives into her. She screams in pure lust, with the orgasm just building all over her body. Harry repeatedly drives his cock inside of her and gets closer, and closer to making her just explode over him.

The minute Hermione's pussy spurts is the minute where Harry is about ready to reach his final destination. The seconds tick by as he feels the desire to cum, hard.

Hermione knows she should ask Harry to pull out. Something stops her short in her tracks. She wants Harry to finish and finish inside of her.

One more tightening of Hermione and Harry buries his gift inside of Hermione. Hermione's hips grind up against Harry the deeper he plunges into her. Her raw, unprotected pussy, receives a healthy and very potent dose of cum the deeper Harry pushes inside of her.

Kara smiles when watching Harry cum in, and likely impregnate, his best friend. The thought just gets her off as much. She can check to see if Harry's successful with her X-Ray vision, but what is the fun in that?

The minute Harry pulls out Hermione, Kara jumps back down and swallows Harry's cock into her warm mouth.

“It wore off a long time ago, didn't it?”

Kara just performs a blowjob without saying a word. Sometimes you need a little extra boost to get everything in perspective.

End.
A curtain pushes back as an attractive redhead spy pushes through it. The emerald-eyed, dark haired wizard kissing her moves her back to the bed. He stops short of pushing her back into it. Their hands move over each other's body, unable to hold back with the lust they hold for each other.

Harry slides his tongue deep inside of Natasha's mouth and causes her to break out into very passionate moan. His fingers keep locking onto Natasha's head and pulling her deep into the kiss. The feel, the touch of her curves against that tight SHIELD issued body suit only causes Harry to go further.

The two always unwind after finishing a long mission. It's very tense to be out there in one of those life and death situations. The best way to unwind is the oldest possible way humans know how to. Natasha drops down to one knee and pulls Harry's cock out of his pants without any pretext.

Natasha's lips part and she pushes Harry's cock into her mouth with practiced ease. The spy shows one of her best skills by giving Harry a long and powerful blowjob. Harry's fingers push against the back of her head. Harry repeats his actions by sliding his cock in and out of Natasha's mouth to speed things up. The blowjob just moistens his cock and causes him to go in so deep inside of her mouth.

"Oh, Nat, you're amazing, baby."

A squeeze of his balls gives the Black Widow time to feel what's to come. She enjoys the taste of his cock and cannot wait to feel his cum spill down her throat. Harry holds onto the back of her head and keeps pumping deeper and deeper inside of her mouth. Harry pulls back out of her mouth and then slides deep inside with a slam deep inside.

Natasha blows him with ease and keeps moving her hands down his strong back. Harry works his cock deeper and faster into Natasha's mouth. Her eyes widen the further Harry plunges inside. He almost pulls out of her mouth and then reenters it as fast as humanly possible. Those balls smack against Natasha's chin and leave her just wanting even more. She grabs onto Harry's backside and slides his cock into her mouth.

Harry grunts and keeps working himself closer to the edge. Natasha goes down and presses her face against his pelvic bone while deep-throating him. It's an amazing feeling and one that brings Harry ever so closer to the edge. Several measuring thrusts follow the deeper and faster Harry crams his cock into her throat.

"Closer."

Natasha speeds up her sucking and makes Harry's entire world turn around. She uses her tongue to pleasure every single point of his cock and then pull completely out. She then pushes onto him and hums to give his cock so much pleasure. Harry holds onto the back of her head and sinks his manhood down into her mouth. He pulls almost all the way out and shoves his cock down her throat.
The first tension of Harry's muscles releases and sends a spilling rush of cum into Natasha's waiting mouth. She sucks him as hard as possible. Her cheeks bulge from the impact of his cock into her mouth and the cum spilling out. Harry holds her head and face-fucks her through the last few thrusts.

The cum keeps spilling at an accelerated rate down Natasha's throat. Natasha slides her warm throat down all the way and takes Harry's gift into her mouth. She sucks it all up, the warmth making her feel so good.

The second she rises up, Harry strips her body suit off of the rest of the way. Natasha encourages him by sticking her chest out and this prompts Harry to attack her with ravenous lust. His fingers keep stroking all her nipples and makes her take a deep breath with Harry pushing his fingers all over her.

He finds her dripping wet pussy in no time. Natasha lays back on the bed with her legs spread and allows Harry to drop down between her legs and start eating her pussy out. Natasha puts a leg on the back of Harry's head and pushes him closer to her. He laps up her womanly juices without any problem. His fingers caress the back of her legs.

“Always so good.”

Natasha closes her eyes and reaches up to tweak her nipples. Harry's so good to her and makes her feel so good. Sex is more than sex with him. He makes every inch of her body sing with delight and makes her feel so alive. His tongue manages to reach certain places inside of her and roll against her wet pussy lips to cause her hips to jump up in the air.

Fingers keep stroking every inch of her body to cause her pleasure. Natasha keeps working back and forth down against his face and encouraging him to go in deeper. That sinful tongue pokes between her folds and gets Natasha nice and wet for what's to come.

Harry comes up from her honey pot and then climbs on top of her. His cock slides against her entrance. Natasha leans up and Harry nibbles her neck to send Natasha's pleasure to an entirely new height. He pulls away from her and then goes back to the pleasure point one more time.

“I'm going to fuck you into the bed.”

“Mmm, go for it. Put that big cock in me and make me your bitch.”

“Well, I already made you that years ago.”

A tease follows with Harry dancing his big thick cock against her entrance. Natasha throws her legs up and apart. One leg almost hits the bedside table and knocks the lamp off. Natasha takes the cord between her toes and pulls it into the center.

Harry lines up his cock with Natasha's tight, pink, opening, and drives himself into her. Her breasts bounce the deeper he goes into her. Natasha pulls completely out and then drives into her as far as humanly possible. His balls keep slapping against her and causes her to moan.

“Oh, fuck, I love this. Always love fucking such a tight pussy.”

Natasha arches her back and digs her nails into Harry's back. He keeps pounding into her. Natasha
takes the huge cock just rolling against her hips and pushing deeper inside. Her hands move onto Harry's back and a burst of pleasure just floods over her body. Harry goes in deeper and pulls almost all the way out. He pulls in and pulls out with a constant level of thrusting.

“Make me cum! Make me cum!”

The chant pushes Harry deeper into her. He indulges himself in every inch of Natasha's curvy, beautiful frame. Her breasts call for him, call for his attention, and Harry, being who he is, cannot help, and give them the proper attention. His hands squeeze underneath them and send Natasha spiraling over the edge with her lustful moans. He crams his hard cock deeper inside of her.

“Yes. Fuck....fuck me so hard!”

Harry plants his big cock deeper inside of her warm pussy. His manhood slides into her as deep as it will go, and then pulls it almost all the way out of her.

Her pussy juices all over his cock and allows him to go into her. Harry holds himself into her and allows Natasha's walls to squeeze him. He slowly pulls her out and makes sure she feels the cock leaving her body. Natasha clings onto him as only the tip rests inside of her.

And then, Harry pushes into her. It makes Natasha's thighs close against his invading hips. Harry rises up and drives deep inside of her. His balls slap against her and makes Natasha throw her hips up into the air. Her hands grab against Harry's shoulder and causes him to moan out loud.

“Oh, you're so close again, aren't you, my slutty little spider?”

Natasha clamps tighter around him. She does not want this large piece of manhood to leave her for a second.

Harry, on the other hand, has other plants and he extracts his cock from Natasha to leave her to collapse down on the bed. He rolls Natasha over and pushes a finger against her entrance to cause her eyes to cloud over in pleasure.

Now that Natasha's on her hands and knees, Harry lines up his cock and pushes into her. He rams into Natasha when she's on her knees. Her nails get on the bed.

“Slap my ass!”

Harry's only too happy to roughly smack Natasha's thick ass cheek. He keeps pulling back, almost so the tip rests at Natasha's entrance before plunging deeper inside of her body. Harry plants his thick cock deep into her wet pussy. He plants his thick cock inside of her snug little hole.

“You enjoy getting roughly handed by your superior. Don't you? Don't you? Don't lie to me, you little slut!”

“Yes! I enjoy being hammered. I enjoyed having your big cock in my slutty little hole and making me your personal fuck toy! I belong to you! I belong to Harry Potter! My ass...my breasts...my pussy, everything about me, is all yours! All yours to play with!”

Each word buries Harry deeper and harder into the stunning spy. He pushes her down onto the bed and keeps plowing her with everything he has and Harry has a whole lot. His big cock keeps driving deeper inside of her tightening core. Harry pulls almost all the way out and then shoves himself
into her. His balls crack repeatedly against her and make Natasha hold onto the bed tight the deeper he pushes into her.

He rolls his hands against Natasha's body and hits her in all of the right spots. Harry constantly works himself against her. His balls get heavier and keep pounding the back of her leg from behind. Harry pulls almost all the way out of Natasha and settles against her before shoving into her.

Natasha's entire body flares up with the lust she feels.

“You're...going to get close?”

“Can't the Black Widow handle the heat?”

Harry re-doubles his will and slows down his thrusts to a slow crawl. He makes her experience every inch slowly driving into her body. Slowly working her over and slowly causing her pleasure to almost explode over the edge. Harry's all into her and he keeps up the thrusts.

“Yes. Fuck me! Fuck me! Please! Don't...slow down or anything!”

Harry keeps doubling his thrusts and making Natasha's wet pussy stretch out completely. He keeps driving into her and she keeps taking his cock with all of the energy one expects from her. She tightens the hold around him and Harry almost pulls out before driving into her one more time.

“Time for you to cum for me again.”

Like a puppet on a string, Natasha dances and her body tightens up around him. Harry plants his cock deep inside and then pulls out of her before driving himself deeper inside. His balls slap Natasha's thighs on a constant basis. He never slows down with his thrusting. He just makes her moan out very loudly.

Then, she cums one more time. Clamping down onto Harry works out his raging cock. He keeps planting into her on a constant and never ending basis. His balls swing and smack the back of her leg to drive Natasha further over the edge with fits of pleasure.

“Keep it up. Don't stop! Don't stop cumming.”

His fingers brush against her nipples and causes her to lose it completely. Harry keeps ramming his cock inside of her body until the end.

The end comes with the tension rising from Harry's balls. He plants his thick cock inside of her warm vice and the first blasts of cum spurt inside of her. Harry holds onto Natasha's waist and picks up a steadier pace. He keeps slapping his balls down onto her and fills her up with a huge amount of cum.

Her pussy overflows with Harry's gift. He pushes Natasha down onto the bed and plants deeper inside of her. Spurt after spurt of cum fills her completely up. Harry drives into her and constantly spills into her. Her pussy just holds onto him tight and finishes pumping the remainder of Harry's seed inside.

Natasha breaths in and breaths out. Her lust does not fade. She pulls up to a sitting position and then positions herself on Harry’s lap. Her tight ass cheeks clench his manhood and then releases it.
“Oh, you're asking for a cock in your ass now, aren't you?”

“It belongs to you. It would be a shame to let it go to waist.”

The sexy ass of the Black Widow grinds against Harry's cock and restores him to full strength. A nice little lubrication spell later allows Harry's cock, dripping with a warm oil, to work its way into Natasha's snug back passage. He can hear the moan and a slight groan of pain.

“If you can't handle the heat, stay out of the kitchen.”

A rough squeeze of her breasts only causes the Black Widow to almost force his cock into her tight ass. Every inch of his manhood buries deeper into her. Her toes curl up. A rough nibble on the side of her neck sends the Black Widow just spiraling into fresh waves of pleasure.

“Fuck!”

Natasha clamps around his cock and holds him between her anal muscles. He's so deep inside of her that it almost hurts. Harry pulls almost all the way out and then drives his cock into her one more time. Another thrust brings Harry deeper into Natasha's warm hole.

He pushes Natasha a bit forward so her ass is in perfection position to fuck and spank. Her thick booty is the perfect position for Harry to drive himself into. He cannot do anything more than to feel a building of pleasure in his loins. He keeps working in and then sliding out of Natasha.

“DEEPER!”

Harry obliges his lover by sliding between her tight buns. He comes close to popping, but he wants to savor the feeling of being inside of Natasha's warm asshole. He pulls pretty much all the way out of her and then drives deep inside. Natasha keeps pounding down onto his thick cock and then clamps onto the rod.

Each motion brings Harry closer and closer to the edge. He enjoys Natasha and enjoys squeezing her chest. He feels her cumming from the hard pounding her tight asshole gets.

The warm snug buns close around Harry and make him just groan. The super spy melts like butter underneath his hands and takes his cock in her ass without any reservations. This cock drives deep inside of her tight asshole and then pulls completely out of her.

“Closer.”

“Cum in my ass! Shoot your cum in my ass! Cream pie my fucking ass! I want to be a dirty slut with cum dripping out of her holes!”

Harry's not one to turn down such a tantalizing invitation. He shoves deep into Natasha's hole which clamps down onto him and releases him without any pause. He pulls out and then drives into her ever so deeper. His balls repeatedly smack against her until the end comes.

It's quite the ending as well with Harry spilling his seed inside of Natasha's warm and inviting hole. He keeps driving into her. She slides down and Harry grabs onto her sweaty back prior to emptying his balls the rest of the way. Sweat soaks her body and his when Harry sees pure spots of white from the thrill of an orgasm inside of the Black Widow's ass.
Two good loads in both of her holes satisfies the Black Widow for tonight. She knows Harry will be there to scratch all of her sinful urges.

End.

Next Chapter: 10/31/2018.
Explore(Wendy Darling)

Explore(Wendy Darling from Peter Pan)

The wind escalates outside when Wendy Darling steps outside on the balcony. Despite the intense cold and everything which goes along with it, Wendy feels the need to wait outside. The minutes, the hours, everything ticks along. She hopes that it’s about to happen. She hopes that her greatest dreams are about ready to come true.

“Did you think that I would forget about you?”

Wendy adjusts the thin nightdress she wears and snaps her gaze over towards the handsome man standing next to her. Those green eyes just pierce her eyes and go right into her soul. Harry Potter, the man of her dreams, stands next to her. A hand moves to Wendy’s hip and subconsciously shifts around the garment.

“You can’t blame me, can you? It’s been a long time.”

Harry steps closer towards Wendy and sends chills down her spine.

“I know. And tonight’s the night. The one that you’ve been waiting for. Aren’t you excited?”

Wendy nibbles down on her lips and then nods in confirmation. She is very much excited. Harry steps a little bit closer towards her with a hand preparing to rest down on Wendy’s shoulder. He moves close to her and the space between the two of them becomes very tight.

“I would have let you when I was younger.”

“But what would the fun in that be?”

A smile passes over Harry’s face. He’s had his share of fun with many women throughout the world. Many of them draw their attention towards him when they are younger. Harry decides to wait until they are much older to get a taste of them. Not out of any morality per say, but because he cultivates a certain thirst inside of their body.

“It would have been really fun, I daresay.”

Her breathy voice shows how much Wendy wants this. Of course, her nipples standing at attention in the cool breeze makes Harry know this even more. He walks closer towards her. They almost go chest to chest with Wendy spellbound the closer Harry gets to her.

“I want this...really badly.”

A smile passes over Harry’s face when he walks a bit closer towards Wendy. She flutters against the wall. A hand places down onto the side of her shoulder. He pushes a hand against it.

“I know you want this.”

The kiss Wendy waits for happens and electricity courses down the top of her head. Harry’s mouth forms a tight seal around hers. Her mouth opens to allow him the demanded entry.
The tongue brushes against the young mouth before him. Harry puts a hand on the back of Wendy’s hair and continues to guide his tongue inside. Wendy keeps breathing and moaning the further things escalate and Harry explores the inside of her young mouth.

Finally, Harry pulls away from Wendy and gives her a nice little smile. Wendy’s heart flutters a tiny bit as Harry pushes his fingers down the front of her body. Moments pass with Wendy’s mind enveloping in so much pleasure. Harry’s finger pushes down between her legs.

The seventeen year old girl causes a breath to come.

“I want you. I need you.”

“Well, you’re going to get what you want soon enough. You just have to be patient and most importantly relax. Good things come to those who wait.”

Harry pushes Wendy’s panties aside to reveal her dripping wet lips. A finger brushes against her and the reaction Harry gets is a promising one. He slides the thumb over her and the friction only increases moment by moment, flick by flick. Wendy’s eyes glaze over from the pleasure.

A nipple sticks out through the transparency of the night dress. Harry cups her youthful perky breast with his other hand while feeling her pussy with the other hand. He can tell by her shifts and everything that Wendy’s really enjoying this and it will not be too long before he’s inside this young, sweet, pussy.

“Are we having fun?”

“YES!”

Those words come out in a scream of pleasure. Harry darts a finger deeper between Wendy’s legs. She clutches down onto him and bites down on her lip. Pleasure only increases the further Harry pushes into her. He works into her and causes Wendy to clutch a section of the wall.

“I want you so badly.”

Harry leans in and gives her another kiss, one she accepts with glee and a bit of greed.

“I will make you mine.”

Those words cause Wendy to bite down on the lips. Harry strips off her nightdress. Despite the cold weather outside, Wendy feels warm. Goosebumps down appear on her legs. Wendy closes her eyes and takes several measured breaths. Harry eases a bit closer inside of her.

“Yes, sir, you are mine. Take me! Take me, please!”

Harry teases Wendy as much as possible.

“Harry!”

Those words come out and Harry sees just how much she wants this. Desire builds from the young woman before him. Harry pushes his finger inside of her. She grips him, almost fearful of what might happen if Harry pulls out. Harry moves his free hand down her sweet, young, body.
“You’re dripping, Ms. Darling. It’s almost like you’ve been staying up all night, playing with yourself. Wondering about this moment. Wondering what I would do to you if I got my hands on you. And rest assure, I do have my hands on you.”

Wendy nods in confirmation. Harry’s hands just keep stroking and hitting all of the right buttons. Wendy feels pleasure cascading down her body. Her legs part to allow Harry further entry to her tight teenage pussy. A finger slips deeper inside and Wendy throws her hips back up.

OOOH, FUCK!

Those words come out of Wendy in pleasure. A second finger pops inside of Wendy and then a third finger cascades all over her nether lips. Harry’s working her over and working her over to an orgasm. Her body shakes all over and she cannot help and feel Harry’s muscular arm when it drives the British Gentleman’s fingers into her sticky pussy.

“Time for you to take this to the next level. Do you want to cum for me?”

Wendy nods eagerly. She thinks that there’s going to be an explosion coming. Actually, there’s no thinking about it, Wendy knows there’s going to be an explosion coming. Harry takes his fingers inside of her and buries them into her to make Wendy’s body just sing with pleasure.

The teenager squirming against Harry’s hand causes a burst of power to flow through the ageless magician. He keeps working Wendy to a fever. She returns fire by sending her hips crashing into his hand.

The sticky honey oozes completely out onto Harry’s face. Harry pushes in to collect the juices and watch as Wendy’s nipples stand stiff. Harry moves in to flicker from nipple to nipple and send Wendy into a fit of endless pleasure. She squirms against the wall the more Harry pleasures her. And the more Harry pleasures her, the more glee cascades through pretty much every single inch of her body.

“You like this? You like me touching your perky breasts? You love me rubbing your wet pussy? And you love this, don’t you?”

Harry pops the fingers out and stick them into Wendy’s mouth. She becomes numb with pleasure from Harry slipping his fingers deep inside of her mouth.

“I know you do. And I know you like this. You’re all grown up and it’s time for you to see the benefits of that.”

Wendy nods with her eyes glazing over. Harry’s heat keeps her warm in the cold weather. This pleasure needs to continue no matter what Harry does. Harry rotates his finger down into her crevice one more time.

“Do you want to see how this ends?”

Her legs spread for him and Harry just smiles and makes a motion of it.

“Turn around.”

Wendy assumes the position against the wall. Her body comes off with tremors of pleasure. Harry
closes in on her and touches Wendy from behind. His fingers caress her tight ass from behind and make Wendy lose it almost completely against the wall.

Then the sound of his belt coming off sends Wendy’s mind spiraling out of control. Something big brushes against her from behind. She has a shrewd idea what happens next as Harry’s mighty phallus just brushes down her from behind and lights up Wendy’s mind.

“I’m going to show what a woman like you does to a man like me.”

The twelve inches of meat slides down the back of Wendy’s leg and sends her spiraling over the edge with fits. The pleasure keeps cascading down her body. Harry holds a hand against Wendy’s tit and gives it a squeeze to send her just flying over the top with more pleasure.

“Would you like me to show you, honey? Would you like me to give you pleasure?”

“Yes!”

Those words pop out of Wendy’s mouth like they’re nothing. Harry rotates his cock head against her moist womanhood. He can feel her eager parting. The pleasure of how tight she is becomes very obvious at this point. Harry pushes a tiny bit inside of her and Wendy howls with pleasure.

The evidence of Wendy’s innocence burns away the very second Harry drives into her body. Her tight body becomes the home for Harry’s throbbing hard cock. Wendy closes her nails against the wall and breaths in pleasure the second Harry drives into her.

Harry establishes a steady thrusting pattern which hits all of Wendy’s buttons instantly. It’s nothing much, mostly because Harry does not want to overwhelm the inexperienced girl on her first go around. However, to Wendy, it’s like a cool refreshing drink of water after a long trip to the desert.

“Deeper!”

The war cry comes out of Wendy’s throat in a light moan. Harry flashes his fingers against Wendy’s supple chest and keeps sending his cock inside of her. He pulls almost all the way out of her and then drives deep inside of her. His balls slap against Wendy’s thighs from behind and light up her body from behind.

“Don’t worry. I’ll give you everything you want. And so much more.”

The thrusts bury deeper inside of Wendy and make her just close around him. Her entire body just shoots with several waves of pleasure and Harry helps her along by burying deep inside of her.

Wendy’s eyes glaze over from the pleasure. He does not just drive inside of her. No, that’s not the only thing Harry gives Wendy. He dances his fingers all over her body and sends her to a fit of unbelievable pleasure. He touches every single inch.

“You thought you felt good before. You’re going to feel better when you cum with a man’s cock inside of you. When you cum with my cock inside of you.”

The pleasure increases with each thrust. Wendy cannot help and hold on for one of the best rides in her life. And the ride hits a peak when her body tenses up against the invading manhood pushing into her body. Harry touching her makes the teenager’s mind go into overdrive.
Seventeen long years, and Wendy feels that everything leads up to this moment.

Harry plunges into her tightening orifice. This one will be a fun one. Collecting is always a fun hobby for anyone. Harry sends himself deeper inside of Wendy. He clutches her from behind and then drives deeper inside of her. Wendy holds onto the wall and lets out a moan of pleasure.

“You’re so close, aren’t you? You just will explode if I let you.”

“Yes! YES!”

“Well, it’s your lucky day because I’m letting you.”

The dinner bell comes off and Harry can allow Wendy’s body to reach its peak state of arousal. She appreciates the touches and the depths which Harry stretches her. There’s no room for movement inside of the seventeen-year-old girl the deeper Harry plants inside of her.

“Aren’t you grown up?”

A smile passes over Wendy when Harry caresses her. Every inch lights her up.

“I want..everything.”

“I know you do. And you’ll get it.”

Harry takes extra care to show Wendy just how much he holds in his swollen balls to fill her up. Wendy takes as much as him. He’s deep inside, the tip of his aching cock kissing womb. He presses against Wendy and pulls her almost away from the wall before driving into her.

She loves it. She craves it. Harry gives it to her. Harry pushes his big cock into her tight center and stretches Wendy out completely. She takes a deep breath and Harry pulls out of her.

The next time she explodes with gushing rush around him, is where Harry puts her into position. He swells and tenses up.

“It’s my turn.”

“YES!”

Wendy cannot help and want what’s going to come next. She becomes blinded by so much horniness. Everything about this encounter exceeds her wildest and most debauched dreams. She cannot help and enjoy the depths Harry plants his rod inside of her. He pulls almost out and slams into her with a furious fury.

It happens, at the end. Wendy’s eyes glaze over and Harry plants his thickness inside of her. He buries as much inside of her and pulls almost all the way out before driving into her. His balls slap her thighs and light up her entire body.

The rush of the warm fluids spill into Wendy’s tightest hole. She clamps down to enjoy the continued rush going into her. His hands keep moving and condemning her to pleasures beyond Wendy’s wildest and most amazed dreams. Her mouth hangs open and Harry pulls almost all the way out of her before driving into her depths one more time with a final thrust. The final thrust which rocks her entire life.
They become one and Harry finishes off with her.

“Please don’t wait me wait so long again.”

Wendy’s knees wobble and she almost collapses. Harry holds her up and finishes the last few blasts to leave Wendy yearning for that much more.

The pleasure of release finishes hitting Harry. He pulls away with one final kiss against the back of Wendy’s neck.

“Don’t worry. I won’t let you wait. See you next weekend.”

Wendy cannot recall how she ends up in bed, but she’s there with a smile on her face and dreams about her future encounters with Harry dancing in her mind.

End.

Unchained(Jean Grey)

Unchained(Jean Grey/Phoenix from X-Men)

White hot fire flew over the asteroid the second that two divine figures appeared, dropping down. The first of the two was Hadrian Peverell, the former Boy-Who-Lived Harry Potter, the Master of Death, the Divine Dragon, one of the most feared and powerful sorcerers throughout the entire multiverse. He dressed in a black cloak which covered his body, although he did not think it would be covered for long.

The bright white light erupted through the asteroid the second that Hadrian’s companion appeared right before him. Stunning green eyes, vibrant red hair, a beautiful face, and a sexy body dressed in white robes appeared. Her nice round breasts, firm and large stood up, with her flat stomach, curvy hips, and long legs, enticing the young man and any other man and woman who would come across her sexy body. Her nipples stuck out from the end of the fabric, the golden Phoenix symbol plastered between her breasts looking extremely attractive.

“Join me, my mate,” she said.

Jean Grey, the avatar of the powerful Phoenix Force, closed in on Hadrian, the Master of Death. Her hands reached over and wrapped around her man, the strong and muscular body brushing against her. Their lips sank together in an endless and intense passion, with Hadrian deepening the kiss on her. Jean returned, putting her nails on the back of Hadrian’s head, sinking deeper into his mouth with an intense and vigorous kiss. Their mouths continued to mold together.

The sexy woman wrapped her legs around Hadrian and allowed him to feel up her body. The white robes on her body slowly burned into a scorching ember and revealed more of her gorgeous body. Hadrian cupped her breasts and kissed her more deeply, when their bodies moved together.

Finally, Jean felt free, and she wanted to enjoy the fun with her mate. Jean put her hands on Hadrian’s robes and burned them off of him slowly, to tease herself with a glimpse of his body. The gorgeous babe and the handsome hunk, the power radiating from their body, increase the closer they merged against each other.

The rocks on the asteroid heated up even more their then loins. Jean removed the last bit of fabric from Hadrian and gazed upon her mate’s tool. She smiled, and the insides of her body prepared to be bred with his children. Their daughters would be some of the most powerful through the universe.

“Will you come with me?” Jean asked.

“Gladly, and often,” Harry said with a smile.

His eyes glued where any man’s would be, on Jean’s perfect ass which was so squeezable. Jean stopped short with his large pole bumping up against her firm ass. Hadrian rubbed his crotch against her thick butt and made Jean moan against him. He cupped her tits and made Jean just thrash in even more pleasure. Hadrian nibbled down her neck and sucked on her ear lobe.

“Oooh, baby,” Jean said. “You know what I like.”
“I know,” Hadrian growled in her ear. “And I’m going to get everything that I like...and so much more.”

He dipped a finger deep between Jean’s thighs and made her body heat up. She pulled away from him and smiled, before diving into the molten lake she created on the asteroid.

Jean was hot in more ways than one. The molten lava just splashed off of her body and enticed Hadrian to step a little bit closer towards her. Jean beckoned him over and Hadrian took the plunge into the molten lake, the liquid hot rock feeling amazing on his body.

The two swam towards each other through hot fire. Hadrian put his hands on the back of Jean’s head and she kissed him hard with a furious expression of lust. She wrapped her hands around the back of his neck and her legs around his body.

Jean kissed the side of Hadrian’s neck and sucked the side of his neck. She moved closer to his ear and felt his throbbing hard cock demand to push against her entrance. Jean was extremely wet and her body burned, having been deprived being with her chosen mate.

She levitated them both out of the pool and Hadrian laid on the ground. Jean climbed on top of him and straddled her lover.

“How could anyone not want you right now?” Hadrian asked.

“Well, you’re the only one who can survive having me,” Jean said. “The most powerful man and the most powerful woman, I can’t wait to see what fun we can get up to.”

Jean’s wet pussy only had a few strands of red hair which tickled the tip of Hadrian’s manhood. She sank down onto him with one swift movement, resembling a divine goddess the very second she dropped down onto his body. Jean tilted her head back, moaning out in lust. She cupped her tits, which dripped with the liquid rock and splashed all over Hadrian’s body.

“Do you want me?” Jean asked.

“I’m so wet for you,” Jean breathed when digging her nails against him. “Oooh, I can have you....all night....long!”

Jean bounced down onto her lover, sticking his thick prick deeper inside of her body. She was so full right now, her insides just singing for him. He touched her in all of the right ways.

Things heated up with the hot Phoenix diving down to kiss him on the lips and then on the side of the neck. She nibbled up, reaching the back of his ear, and sucking him. Jean moved closer to him, moaning hungrily. She bounced up and down and worshipped her god.

Hadrian smiled at his goddess pleasuring her body with his. Every last curve rubbed up against Hadrian, causing a tingle to almost erupt from his loins. The deeper Hadrian rammed into Jean, the more she clamped down onto him. Her orgasm was almost there.

It was invigorating for Jean to cum all over his cock, the heated liquids pumping over Hadrian. It caused him to jolt up, wanting even more from his sexy lover. Jean pressed up against him, the Phoenix singing her beautiful song when driving up and down, making Hadrian’s skin crack against hers hard. His big hard balls threatened to burst when she pumped him.
“Oh, my love, I’m not done,” Jean said. “I want to take you to the edge, before I drain you….over and over and over again.”

With each other, Jean’s wet walls pumped down onto him. Hadrian’s entire body was inflamed with lust, breathing in Jean’s exceedingly addictive scent when pumping inside of her. He thought that turn about was fareplay so he prepared to lure her in for the next move.

Jean pressed against him, giving Hadrian’s self-control a little boost. Those balls would fill up, the cum getting more and more fertile the more orgasms which had been held back. The Phoenix screamed to be breeded, she was held back for too long.

Now, that everything came out in her, it was her and Hadrian, all together in this corner of the universe. Nothing around, other than the two of them for several galaxies, the power emitting from their body increasing. Jean pressed against him, moaning when she pumped him.

Hadrian made sure not to blink, not to miss any of his lovely song birds movements when she rose up and down on him. The loud smack of her thighs cracked up against Hadrian’s balls, trying to tease them. Hadrian smiled, it appeared that in some way, Jean was teasing herself and that worked out well.

“Let it go!” Hadrian called for her. “You can’t hurt me.”

The entire asteroid burned underneath them, with Jean bouncing up and down on Hadrian several times. Several times, the rocky surface burned and recreated itself from the power building between them. Jean leaned down and smashed her lips against Hadrian’s, demanding him to kiss her back. Hadrian did so, all while using his super fast magical hands to stroke Jean’s body.

“Cum for me, songbird,” Hadrian breathed.

Jean tightened around him, letting everything in her body just flow in one endless climax. Hadrian rode her out, never once breaking stride. He touched all of the spots and was there for her to make Jean feel good. It felt like she belonged.

“I love you,” Hadrian breathed.

“I love you too,” Jean said. “And I want you…forever.”

“Forever is a long time,” Hadrian said.

“I sure hope so.”

Jean positioned herself in a reverse cowgirl style and worked her wet hole up and down on Hadrian, her wet center clamping down onto him and releasing him, with Jean groaning in pleasure. Hadrian leaned in and touched her sexy arse, squeezing her hard. Jean wrapped around him, biting down on her lip while she milked Hadrian, harder and harder, faster, and more vigorously. Hadrian squeezed Jean’s perfect ass and smashed into her, harder and harder from behind. His balls slapped her firmly on the ass and made Jean dig her nails into the asteroid.

The two of them met together, in vigorous passion. The master of death and the bringer of life, it was not a match that many thought would be possible.

Yet, it was possible, with Jean once again clamping down onto Hadrian and threatening to drain
him into her body. She craved for his powerful and potent fluids, wanting them to paint the inside of her walls. Jean planted down onto him, biting her lip fiercely and releasing it with a sexy moan. Hadrian squeezed her ass, and released it with pleasure.

“Let’s take this to new heights.”

Hadrian pulled from Jean which caused her eyes to flare. The Phoenix grew restless, at being pulled away from her mate. She leaned in and smashed her lips against Hadrian, the heated embrace increasing the more their lips touched. Electricity shot through their bodies, with Jean lifting Hadrian up.

They hovered over the asteroid, so high into the endless void of space. They had the entire universe to themselves, nothing could harm them out there. Anyone would would try, would be crushed. Not that there was anyone around to try.

Jean wrapped her legs around her chosen mate, moaning in his ear. She sunk down onto him, once again feeling him. For some reason, this time he felt so much larger, and that brought a tingling feeling down Jean’s loins. She bit down on her lip, fiercely sinking up and down onto him. Hadrian slapped down onto her ass and made Jean pant with pleasure.

White fire emitted from their bodies, as Jean could feel Hadrian moving closer to the creation of new life. She achieved a true release, with her entire body singing with pleasure. She wanted, she needed, for Hadrian to spray the cum out of her body.

“You don’t make it easy to resist, do you?” Hadrian asked her.

“No, I don’t, my love,” Jean breathed in his ear. “Go ahead, and give me all of your love.”

Love and affection, the reason why they were both there. Hadrian could be with Jean and be inside of her all night long. She clamped her legs around him and the super heated movements threatened to cause him to lose himself.

Hadrian held back and buried his face into Jean’s supple breasts, imagining what they would be like when they filled with milk. His newest daughter created inside of her hot body.

“You freed me,” Jean said. “Now, it’s time to make me yours forever….by breeding me with your seed….you must be getting tired. Those big balls are getting nice and heavy….you can’t hold back for long...can you?”

Jean wrapped tightly around Hadrian and forcefully pumped him. The inside of her body lost control, with Hadrian reminding her of why his seed was highly sought out of. He pumped into her, making Jean long for him and she would not be happy if he left her right now. Jean pressed against him.

“I love you,” Hadrian said. “Let me show you.”

Hadrian touched Jean all over, worshipping her body while they rocked in mid-air. Jean breathed in and out from the pleasurable touches. The Dragon and the Phoenix met in everlasting harmony. Jean clamped down onto him, his hips moving faster. The lover only increasing his fast plunges, burying into Jean with his balls slapping down on her wet thighs.

The pleasure coursing through their bodies increased. Hadrian aggressively milked Jean’s breasts,
first with the fingers and then with his mouth. He was alternating between pleasuring her, her wet, hot groin rubbing against his. Her tight inner muscles clamping down onto him. Jean rubbed her fingers with accelerated heat down across the back of Hadrian’s head.

“Mmm, yes, baby,” Jean breathed in his ear. “I want more….I need more from you. Oh, I can fuck you all night long, honey.”

Hadrian planted his palm on the underside of her ass and made Jean squirm all over him. It was so hot, that he was almost going to lose it. Jean squeezed him hard, in an attempt to milk every single last drop of seed out of his balls. Hadrian rose and fell, slapping her thighs with his balls and making her moan.

They descended back down onto the rock, with everything heating up around them. The intensity of their exchange caused white hot heat to envelope both of them. Jean clamped down and released her lover, feeling his loaded testicles slap against her body. Jean wished for nothing to drain the seed inside of her womb, milking him of every single last drop of his juices.

“I can take you like this inside me,” Jean breathed. “Give me your seed. Give it all to me!”

She moaned in his ear and Hadrian could do nothing to resist this minx. She was going to have every last drop of seed from her. The power of their orgasm supercharged from their actions. Jean bopped up and down on Hadrian, milking his pole with each drop. Her breasts aimed at his face for to get palmed and grabbed for greater gratification.

Hadrian held on just long enough to feel Jean cum around his pole. Her warm juices oozed around him. He buried inside of her womb, almost ready to complete the final round of their mating process. The Master of Death groaned as his balls sized up, ready to impregnate the harbinger of all life.

“Hadrian!” Jean cooed in his ear. “Mine….I need more from you.”

“You’ll get everything you’ve ever dreamed off,” Hadrian groaned.

Much like her namesake, Jean’s arousal was reborn and she slammed down onto Hadrian with several aggressive bounces. Hadrian squeezed her ass and pushed her all the way down onto him, with Jean screaming with pleasure.

Her orgasm proved to be the ticket to increase Hadrian’s lust for her. He picked up the pace, their loins grinding together the faster that Hadrian sent his thick seed inside of Jean’s luscious body. He picked her up and planted her down hard onto him, the loud smack echoing from what she was doing with him.

Jean tilted back and allowed Hadrian to drink the milk oozing from her breasts. It tasted so hot, and so good, as new life bred inside of Jean from her orgasm.

In the vastness of space, new life had been created from the big bang that Hadrian and Jean created with each other. She wrapped her legs around him, pumping him deep inside of her. Their bodies merged together, with loud moans following from how much they enjoyed each other.

Hadrian drained his balls inside of Jean with one last thrust, enjoying her luscious body when she rode him into completion.
Jean wrapped her arm around Hadrian and pulled him into a fiery kiss which lit their loins aflame in passion. Their tongues performed a devilish dance right before Jean pulled away. She lightly ran her fingers up the muscular chest of her mate before the vivacious redhead leaned towards him.

“Come with me,” Jean breathed.

She crawled away from Hadrian, hips swaying. So gorgeous, but then again, Hadrian anticipated that she was not done. Despite the beautiful magic they created together and what they shared, there was still much more fun to be had.

“You know I can’t have enough of you,” Hadrian growled while he slipped behind Jean.

“I know,” Jean said.

And the phoenix was not the only thing that could rise fast. Hadrian sunk into Jean. Out here, their time was infinite to do what they wished and what they wished was to make sweet, hot love with each other.

End.

New Experiences(Alex Danvers and Maggie Sawyer)

Never in the entire life of Maggie Sawyer does she ever expect to have the experience she does right now. For one, she's on her knees sucking the cock of a man. And the other, she finds herself somewhat enjoyable. The lengthy rod pierces the back of her mouth.

Alex smiles when feeling her girlfriend suck her boyfriend off. It's an interesting and unconventional relationship, which they come to some level of understanding. Maggie's lips wrap around twelve inch member of Alex's handsome boyfriend. Seeing her girlfriend succumb to this cock, first with reluctance, than with pleasure and enjoyment most certainly sets Alex off and leads to her enjoyment becoming so much better.

The cock in question belongs to Harry Potter. Some say that Harry's special talent is to allow women to embrace sides of themselves. His hands brush down the hair of Maggie and gently caress her. She speeds up and sucks him just as hard as anyone else.

"You're going to taste my cum. I think you're going to enjoy it."

Maggie swallows his cock and takes it deeper into her mouth. She cannot believe the sensation of this thick cock just going deeper into her mouth. Just all because of a bet that Maggie has to take with Alex. She's cocky enough to think that it would result in anything other than what's about to happen right here. Anything other than Harry's cock repeatedly and endlessly spearing down her throat.

Yet, she never expects to really enjoy it and to get into sucking Harry's big cock. Maggie tilts her neck back and prepares herself for an explosion. The fact Alex rubs herself to Maggie sucking off his cock makes the excitement only double. And her anticipation for what Harry's about ready to do to her.

Finally, Harry buries his cock down Maggie's throat and the explosion of cum follows. Maggie accepts the gift and it tastes as sweet as the best chocolate. Something she never expects to happen. Her hand cups Harry's balls to milk the entire load inside of her.

The young woman milking his cock causes Harry to throw his hips back. He buries a bit deeper into Maggie's tight throat prior to pulling out.

Maggie pulls herself up to her feet. Alex walks over and gently grabs her girlfriend's face. The two of them kiss and share both their saliva and Harry's speed. Alex becomes overwhelmed to taste the best of both worlds and it's her dream to eat Harry's cum out of Maggie's snatch.

The end of the kiss comes with Alex slowly pulling away.

"So?"

“Okay! You got me. I might be a tad bit bisexual. I still prefer women though.”

Maggie pauses and looks Harry straight in the eyes.
“No offense meant.”

“Don’t worry, I prefer women as well.”

“Cute.”

That being said, Maggie unbuttons her pajama top and exposes her breasts for Harry's view. She cups them and Alex slips off her top just the same. Both ladies move into the center and remove the other's clothes with practiced ease. They grab Harry and invite him into bed.

Alex dives right in to start kissing all over Harry's body. Maggie joins her in the exploration. Harry returns the favor by feeling them up. Both of the ladies lean into the pleasure Harry brings them.

The next thing they know, both Maggie and Alex drop down onto the pillows. Harry dives between Alex's thighs and starts eating out her pussy. Alex closes her eyes and puts her hands on the back of Harry's head as he canvases every single crevice of her pussy.

Maggie's nipples stand out at attention when she sees the pleasure going through Alex's face. The tension between her legs only increases with Maggie slowly easing down and dipping in between them. The Detective knows only one thing.

Harry comes up and puts his face between Maggie's legs. She gets a good pussy eating just the same as Alex does. Maggie caresses his hair and encourages him to keep.

“Oh....fuck! I shouldn't like this, so much!”

Alex gives her girlfriend a stern look.

“I told you he's one of a kind. Maybe you'll start believing me from now on.”

Maggie concedes, although she thinks that her girlfriend is too smart for her own good. The pleasure of Alex sitting on her face prevents any retort on Maggie's part.

The visual of Alex driving herself against Maggie's tongue makes Harry go back into Maggie's pussy and suck the overflow of juices. She's about eighty percent for women, although the twenty percent Harry's able to tap into gets the juices flowing rather nicely. His fingers caress over over again.

He looks up and Alex mouths “fuck her.” Maggie's dripping pussy invites Harry and before his very eyes, Harry watches her legs part, almost as if something pushes her over.

Harry slides his cock a little bit inside of Maggie. Her pussy sucks him. Despite her reluctance, it becomes obvious that Maggie's just another woman who needs attention and Harry's one who gives it to her. His cock spears into her tight pussy and it takes him in.

The huge meaty spear going into her nearly splits Maggie's lips apart. Harry slaps his balls down onto her thighs. It sends a taboo feeling through Maggie the deeper he works into her. Instinct gets into her.

“Another one for Rowena.”
Maggie does not care who Rowena is, all she cares about is Alex's tasty pussy and Harry's might cock spearing her. The sounds of flesh against flesh only speed up Harry's motions.

Harry, on the other hand, knows what Alex talks about. Rowena's Ravenclaw's theory that all women rears it once again, or at least they are in the presence of a sufficiently powerful wizard. Nature leads them to draw the most powerful mate possibility.

A slap of Harry's balls against Maggie's thighs shows that she is not the one to prove the exception. Harry spears into Maggie again and again working him over.

“Are you going to cum inside of my girlfriend? My lesbian girlfriend who has never had a cock in her life until now? My Lesbian girlfriend who is secretly a cock craving slut?”

Alex's dirty talk makes Maggie clamp down onto Harry's cock. She swears in Spanish prior to shifting focus to Alex's clit and sucking on it. Alex bucks down onto it.

The deeper Harry goes, the more Maggie takes him. Harry puts his cock inside of her wet pussy. Maggie clamps down onto him and the intrusion causes pleasure. Harry sends waves of magic all over her body and it keeps crashing down inside of her.

“Fuck! I'm going to cum inside of her! And I don't think she has any protection.”

Maggie starts panicking with her brain, but her body betrays her and just tightens the grip on Harry's cock. It's almost as if some force compels her to take Harry's cum inside of her.

“Oh, that would be so hot, knocking her up with your child!”

“Alex...you...you can't be serious.”

Alex slides down the bed and Maggie reaches up. Only to pull Harry deeper inside of her. The desire for Harry to cum inside of her, to knock her up hits Maggie hard. She cannot believe this is happening and how her pussy just gushes at the thought.

“Harry...you...you....I need this! I'm burning up! I need your seed inside of me! I need your baby inside me!”

A new feeling washes over Maggie. Normally, having children terrifies her, but the child she will have is strong, durable, and is not a fragile little thing like she imagines them. Harry keeps planting his cock inside of Maggie and keeps working her over.

“This is your last chance.”

“Don't pull out of her!”

Alex rides her fingers which keep dipping inside of her gushing pussy. She watches Harry split Maggie almost in half and the balls grow thicker and harder.

A path to Maggie's unprotected, fertile, womb opens up. It almost feels like she's in heat and claws Harry's back like an animal.

“It's happening!”
One more chance for Maggie to make Harry pull out. She refuses to take it, instead locking her heels against Harry's ass and making sure that his cock buries into her. Burying his life bringing seed into her womb.

The tightness of Maggie's enthusiastic grip his cock opens up the floodgates. Harry palms her chest, imagining those breasts swollen and full of milk. The tight Latina detective clamps her walls around Harry and the impact of his cum inside of her spills inside.

Alex bottoms out on her own fingers. Excessive juices coat her hands. Alex licks her hand with a look of pleasure dancing in her eyes.

The minute Harry pulls out dripping of Maggie's juices, Alex dives on his cock. She hums around the thick tool and brings it up to life.

Maggie lays on the bed in a pool of juices. When she woke up in the morning, she came here under the assumption it would be just a blowjob and if she did not like it, it would be done. Alex and Harry promised her that if she did not like it, she would walk away and they never lied to her before.

Of course, Alex did tell her that she would like it and would stay, and that most certainty wasn't a fucking lie.

The minute Alex pulls away from Harry she turns to make sure Maggie sees her. Harry's cock slides against Alex's warm pussy.

"It's your turn."

"Oh. Of course, what kind of girlfriend would I be if I let Maggie go through this alone?"

Maggie sits up just enough to see Harry's cock and those balls, soon to be full of enough cum to seed everyone in the world, sliding against Alex's wet hole. The thought that Harry just may knock Alex up as well makes Maggie smile. Their daughters, half-sisters, being conceived on the same time causes her to smile, in spite of Maggie's previous feelings of children.

Facing Maggie and biting down on her lip puts Alex in perfect position. Her wet pussy slides down onto Harry's cock and the very familiar feeling fills her up. Harry touches her chest with a very soft squeeze and makes her groan when dropping down onto him.

"I've missed this!"

There's no question about this, the feeling of her tight pussy wrapping around his cock feels so good for Harry. He holds his fingers against Alex's nipples and gives it a very intense tug. She rolls her neck back and sinks a bit further down onto him. Alex rises up and drops down onto him one more time.

Finally, Alex gains a steady amount of momentum and repeatedly pushes Harry deep into her dripping wet hole. Alex keeps sinking down on him and makes sure to have Maggie watch her. Harry's hands feel up her body. His lips attack the back of her neck and cause a tingle to spread all over Alex's hot body.

"OOOH YES!"
Alex screams in pleasure the deeper Harry plants his huge cock into her body. The warm vice closes ranks around Harry's cock and releases him. Harry drives his balls against her and slaps her backside from behind. Alex turns her hand against Harry's fingers and just closes in on it.

“Yes...yes!”

She keeps dropping down onto Harry and puts more of her wet pussy around Harry's hard and throbbing rod. Every inch of Harry fills her up and makes her feel so good.

“Fuck!”

Those words from Alex only encourage Harry to sink a bit deeper inside of her. Harry grunts when pushing in and out. His hands roaming over Alex's muscular legs result in some pretty good feelings. His balls repeatedly hit the back of her leg in measuring intervals to drive Alex that much more over the top with pleasure and with thinly disguised lust. Harry touches her nipple and gives it a light tug to bring her more over the edge.

“OOOH!”

Alex slides her wet pussy down onto his cock and takes it deeper inside of her. Her thighs continue their descent on Harry and smack down on him. His balls rise up to hit her at all of the right places. She's getting close.

The view Maggie receives makes her fingers enter her. The horny detective shoves a finger deep into her legs and matches the motions of Harry's cock going into her. Alex's face just dripping with sweat and showing so much pleasure sets Maggie a bit closer over the edge.

“Fuck.”

Those words send Harry deeper inside Alex. His balls just crack against the back of her thigh at a repeating and never ending basis. The deeper he goes inside of her, the closer he receives his end. The end is going to feel so great, he can hardly holding himself back.

“We're getting close, aren't we?”

Alex bites down on her lip and nods in pleasure. The rush going all over her body increases into fresh new waves of intensity. Harry's hands cup her chest and squeezes down onto it. She drops down onto Harry and shoves more of his cock inside of her dripping hot pussy.

The tightness closing around him only encourages Harry to push himself a tiny bit deeper. His balls slap against Alex and make her shiver in pleasure. He touches every inch of her body, kissing her as he buries deep inside. The first hints of a great orgasm slowly bubble over to the surface and catch the powerful wizard. It tickles his cock while making him just get in there pretty damn deep.

“Fuck!”

There's a moment where Harry rises back and plants his cock into her tight wet pussy. He holds it into her and enjoys the sensation of Alex driving her wet walls around him. He goes as deep as possible. The tip of his cock massages her womb, open and ready to receive.

“I hope you're ready.”
The end may not come as soon as she thinks, but Alex readies herself for Harry's seed to spill inside of her body. She pushes up and down on his huge cock and sends it just crashing into her tight depths. Alex holds onto his hand with the pleasure just hitting her.

Every single feeling hits Alex leading to the mother of all orgasms. It lubricates Harry from tip to base and allows him to slide into her with ease. Slide into her to do what needs to be done, to do what Alex wants him to do. To impregnate her and feed her womb with his cum.

“I have to have this!”

Harry knows it better than anyone else how much Alex needs to have this. His balls dance against her thighs, full of life-bringing juices. Alex drops down onto him with her pussy stretching over his cock and releasing him. The feeling builds up a crush over her body.

“We're going to do this. Get ready. Get ready.”

“I'm ready.”

Alex leans in to kiss Maggie who sits up. Harry feels up both of their sexy, athletic bodies while pumping his way into Alex. The tingles both women feel show how much they crave his touch. Harry strokes Alex's nipple and gives it a very hard squeeze.

The thick cock drives deep inside of Alex and stretches her completely out. She holds onto him and prepares herself for the end. The rush of seed spilling inside of her tight pussy and coating her womb. She cannot hold back for this any longer. Each slap of Harry's balls against her thighs just makes more pleasure shoot through her.

“Cum in me! Please.”

Harry enjoys the intensity and the need in her loins when she squeezes him. Harry's not one to back down when there's a woman in need. He keeps driving as deep as possible into Alex. She bounces onto him and squeezes him.

It comes with every ounce of tension in Harry's body releasing in one fluid shot. He shoots his seed deep into Alex. She holds him tight and milks the seed into her body.

Pleasure spreads as Alex cums against the moment Harry's seed touches her inside. The path to her womb clears so Harry can shoot his virile seed into her fertile womb. A sixth sense makes Alex feels she's getting impregnated it and the thought of it just makes her want to play with her nipples even more.

“Fuck.

Those words come out of Alex's mouth with such pleasure she cannot deny herself it any longer. Harry cups her chest and allows Alex's ride to slow down to a crawl. He pulls completely out of her and leaves Alex leaning forward in a very obvious daze.

The second Harry leaves her, Maggie comes in. The excessive cum dripping from Alex only causes Maggie to do one thing only and that's to lick Alex's pussy. The taste of Harry and Alex's juices combining breeds an addiction in Maggie. It's the right combination and makes her pussy just burn with pleasure, more pleasure than ever before.
She moves up from Alex's pussy after a minute and kisses her girlfriend on the lips. The two make sure to lock eyes with Harry. The ministrations, the tender touches over each other's bodies breed a certain amount of intensity which Harry bares witness to. He cannot help and keep his eyes all over Maggie and Alex from this particular position.

Their bodies presenting themselves like this is stunning.

The moment Maggie rolls over, her legs spread out for Harry. She moistens her finger and then slides it all over her body.

“I'm so horny for you. You wonderful, perfect, sexy, man!”

Maggie's gushing pussy shows Harry the story as she looks at his cock with hunger. Harry's completely stiff and ready to slide his way into Maggie one more time.

“You're perfect.”

Her tight pussy clamps around Harry's cock. Maggie holds Harry into her as he fucks her. A brand new world of sensations hits Maggie with Harry leaning down into her chest and nibbling her rising nipples. He touches Maggie all over and fucks her hard on the bed.

Maggie screams for his cock through the night. Succumbing to the touch of Harry Potter. It makes her feel so beyond alive it's not even funny. Harry repeatedly drives inside of her and she pushes more of him inside of her.

She'll be feeling this all through the next morning. Maggie cares very little. His hands touch her in all of the right ways. His lips send fire into all of the right corners of her body. And his cock, his throbbing, big, foot long cock, it brings pleasure in different ways.

Harry pushes his hands over the legs of the woman and then props them up on his shoulders. He sinks himself cock first into her body. Maggie returns fire.

The orgasm hits Maggie and knocks her into a dazed and pleasure state. Harry looks over to see Alex on her hands and knees beside her. Harry pulls out and sinks his cock inside of Alex to fuck her for a few rounds while Maggie recovers.

Harry slides his cock from Alex to Maggie to Alex to Maggie, experiencing their wonderful, tight, bodies. They close around him as he switches from one side of the bed to the next side of the bed. He goes around in a circle.

The circle continues all throughout the night. The two enjoy the attention they receive and they want to bring Harry plenty of pleasure as well. He switches back and forth.

“Oh, fuck me!Fuck me like I'm your personal sex toy!”

Alex screams when grabbing onto the bed. Harry plunges deep inside of her and pulls almost all the way ut before sliding his cock head against her needy lips. They come close to sucking him into her pussy. Harry pulls almost out of her and then drives down into her one more time.

“OOOH, YES!”

Harry rams into her as hard as possible. The moment her orgasm finishes, he switches to Maggie.
Eventually, Maggie lies on top of Alex and makes out, spreading their legs to leave themselves open. Harry switches from Maggie to Alex.

Maggie's body sings with pleasure every time Harry fucks her and then fucks Alex on top of her. The juices between the two of them flow freely.

Alex feels the same sensations with their touches growing even more intense. They rock through the night with Harry driving into him.

“We're going to break you...eventually.”

Those words come out from Alex and Harry just decides to slow down his thrust. He makes Alex quite thirsty for his thrusts. Her pussy clutches onto him for dear life and almost whines when Harry pulls out of her.

Maggie gets some of her own and takes Harry's cock into her warm, hungry depths. She cannot help and enjoy the moment, the faster Harry rams her, the better she feels.

Eventually, the end cums, although Harry is able to give both girls an equal dose of cum thanks to the build-up. He slides from Maggie's warm depths after shooting inside of her for half of the time and finishes up by filling in Alex.

Spent from their orgasms, and with another load of warm cum swelling their bellies, Alex and Maggie separate so they can lay on either side of their man. They kiss and snuggle Harry while casually feeling up his body. Harry returns the favor, running a finger each down their spines.

Maggie smiles. All of this over a bet. Of course, Maggie thinks she wins when putting all into perspective.

Alex grins, happy she shares this experience with two wonderful people and helps Maggie realize the same thing about her sexuality that Alex did a long time ago.

Exploration leads to a wonderful life. They lay in bed and enjoy the time they spend with each other. The promise of many more nights come soon.

End.

On Top(Lena Luthor)

On Top(Lena Luthor from Supergirl)

A small smile pushed over the lips of Hadrian Peverell as he stood practically atop of the world, or at least the highest point in National City. Hadrian Peverell, previously known to a certain little corner of the world as Harry Potter, born as Har-Zod, had pretty much everything that he wanted, but at the same time, Hadrian understood that he could do so much better. He always intended to rise to the top and face off against all of his enemies.

The sound of a sliding door caught Hadrian’s attention and the lovely Ms. Lena Luthor walked towards him. She wore a silky black bathrobe and black stockings, along with a bottle of champagne which Lena lightly stroked her finger down the cork. Two glasses had been set on the table.

“A toast,” Lena said. “To our success.”

Lena popped the cork, and the champagne fizzled out of it. It was a nice vintage flavor, something that Hadrian could appreciate. They stood on top of the results of the merger of the RAO Corporation and L-Corp, smiling down at the city beneath them.

“And let me give my compliments to the hostess,” Hadrian told her.

“It’s you that I should compliment,” Lena said. “Finally, I’ve erased the sigma of Lex, and Lillian from my life and I could not be happier.”

“I told you that all you needed to put them behind you would be better and change the world more than they ever dreamed of,” Hadrian said.

“That you did.”

Lena closed the gap between the two of them with the kiss. Hadrian instantly placed his hand on the back of Lena’s hair and her midnight black locks stroked underneath his hand. Lena rubbed his biceps, and moved down to play with his shirt.

“Always you’re so eager to get me shirtless,” Hadrian teased her.

Lena kissed the side of his neck and moved to his ear to speak in a saucy whisper.

“As if you’re not eager to the same thing with me.”

She pulled Hadrian’s shirt off and admired his body. She could fry butter off of his sizzling hot abs and lick said butter off, slowly. Lena braced herself for the next move, and dropped her robe, to reveal the corset top and thong underneath her. Her large breasts, firm ass, and long dazzling legs, encased in stockings, were show off. Every inch of her beautiful pale skin opened itself for Hadrian.

Hadrian slipped behind Lena and kissed her on the back of her neck. He spread Lena’s arms and kissed her from the shoulder all the way down her right arm and then switched to her left arm. The Kryptonian sorcerer made his way closer towards her, sucking down on the back of Lena’s head,
and made her moan ever so softly the closer he edged towards her.

“This will cement our partnership,” Hadrian told her. “Wouldn’t you agree, beloved?”

“Mmm, I intend to cement it over and over and over again.”

These words had some added spice with Lena grinding her ass against Hadrian’s bulge. Hadrian pushed his hands against the underside of her shirt and kissed her fiercely down upon the back of her neck, making Lena almost gush out of her panties.

“Let’s go a little bit further.”

One tug of the fabric sent Lena’s panties down and exposed her pussy, hungry for his touch. The sounds of delight she made only egged Hadrian on, petting her pussy. Lena threw her head back, with Hadrian cupping her beautiful face with his left hand while stroking Lena with the right. Lena rubbed against him, the heat emitting from her loins.

“Just a little further,” Lena agreed with him, nibbling down on her lip.

“Yes, beloved, indeed,” Hadrian told her. “You’re so hot….that you’re practically on fire.”

Lena could not deny this fact. Hadrian knew precisely all of the ways to touch her and make her feel the lust burning through her body. Her loins dripped with juices, an endless amount of arousal just spilling down onto Hadrian’s fingers.

“Taste this,” Hadrian said.

Obedience, only for Hadrian, Lena was dominate elsewhere. Yet, there was something that made her want to submit to him, and yes kneel before him. The second Hadrian fed Lena a steady diet of her own juices, was when she really got whimpering. Her corset straps almost came down to the point where Hadrian helped her out the rest of the way.

Lena’s breasts exposed to the nighttime air with both nipples standing at attention. Damn it, she needed them sucked. Hadrian had other ideas though. He undid his pants and then pulled Lena, to feel the businesswomen's heat grind against his crotch, first with underwear and then without. Lena closed her eyes, they were touching as much as possible without Harry sliding inside.

One single leg lift put Lena’s leg around Hadrian's waist and pushed him. Sparks of lust emitted from the two of them. Hadrian cupped Lena’s chin and gave her a more passionate kiss. Lena straddled Hadrian as he hovered in mid-air.

“I want you so badly,” Lena breathed. “Please, give me everything that I ever dreamed.”

Being the type of woman she was, Lena Luthor was not used to people denying her. Hadrian was the only person who could get away with it, either man or woman. It just made her love him and desire him even more. She wanted this manhood inside of her one more time. Lena stroked Hadrian’s bicep and put the hand on her chest, enticing him to squeeze her exposed breasts.

“Maybe I should just do this all night,” Hadrian said. “You seem to love that so much, honey.”

Lena broke out into a heavy pant and allowed Hadrian to stroke his manhood down her gushing wet slit while playing with her breasts. Oh, those hands could make Lena break out into fits of
arousal. She was trying to entice him inside.

“Wouldn’t you like to be inside me?” Lena asked. “I think you do.”

She teased him about as much as Hadrian would allow her. His strong hand grabbed onto her chest
and made Lena break out into a favorable cry. The passion enhanced through her body increased,
with the juices flowing against the tip.

Hadrian pressed the hands against Lena’s butt, with Lena pushing against her. Her wet pussy
stained Hadrian’s tip with arousal.

“You’re asking for it,” Hadrian said. “Are you ready?”

“YES!” Lena yelled.

Hadrian lifted her up, and allowed himself to slip deep inside of Lena. The familiar pull of her
walls, like a tight fist wrapped in a velvet glove, snaked around him. She made an attempt to milk
Hadrian, with Hadrian sliding in and out of her at a series of rapid fire thrusts.

Those stocking clad legs amazed Hadrian with how nicely they wrapped around him. He could
stroke Lena’s legs for hours on end, just teasing her legs. And judging by the moans coming from
Lena, she appreciated the touches just as well.

Hadrian slowed down and made Lena anticipate each instance of him burying inside of her. Oh, she
could just keep him inside of her and drain him over and over again, and he would never get tired.
But, it was obvious that Lena would drain Hadrian when he said that she would.

They switched positions, with Lena bent over the railing of the balcony. She showed no fear, being
bent over the railing of the highest point in National City. All while Hadrian explored her body,
almost slipping inside of her, but pausing and then tormenting her. She had nothing to fear, with
Har-Zod behind her like this.

If he wanted to kill her, this would be the best way to do it. However, Lena was confident that he
would not off her after all they had been through. Although, that possibility crept into her mind
because as a Luthor, you could never be too careful.

Thanksgiving was particularly a pain given the fact you had to keep an eye on where all of the
carving knives were. Because, if you lost track of those, they might end up in your back before the
end of the night.

Still, she trusted Hadrian, and Hadrian rewarded her for that trust by burying his manhood inside of
her body. He went a little bit faster this time and Lena could feel her insides warm up, about ready
to release her orgasm. Hadrian lightly tortured her inflamed clit, rubbing it and making Lena just
breath. He pounded her as hard over the railing as possible.

The blood rushing to her head as Lena tipped, only held up by Hadrian, made their sexual
encounter even more exciting. Being at the risk for sudden death made Lena just that much more
alive. His hands rolled down her body and stimulated her all over.

“Are you feeling good?” Hadrian asked.

“Yes!” Lena yelled. “Oh, I don’t know how you do it.”
“I shouldn’t give up all of my secrets. It’s more fun to keep you guessing.”

Lena agreed with this one hundred percent of the way. His throbbing hard balls slapped down onto Lena’s wet thighs and caused her to close her eyes extremely tightly. Hadrian rolled his hands over her body and made her gush all over him the deeper he plunged into her. Hadrian pulled back and slapped her backside with his firm hands, sending sparks of energy just exploding through Lena.

“I have you, right where I want you,” Hadrian growled.

He pulled Lena away from the balcony and spun her around. Lena almost lost her balance. Hadrian grabbed her at the last possible second and pulled her back. Her legs wrapped snugly around Hadrian with the additional grip onto them. Hadrian held onto Lena for a combination of extra insurance and also for some power pumping. Lena breathed in, hot and horny the faster that Hadrian worked into her.

“Just relax, and feel it.”

The key thing was she could not relax with Hadrian rocking her back and forth over the top of the balcony. He teased losing his grip and pulled Lena back into position to give her body a good working over. The fact that Lena had absolutely no control over anything was getting her hotter. Hotter than his hands moving over her legs or Hadrian worshipping her breasts.

She was extremely wet, so much so that it would be easy to slide anything into Lena. Lena grabbed ahold of her lover, her powerful legs pumping Hadrian inside of her. She broke out into an even more intense round of sexy breathing, the more he touched her.

Hadrian pulled her back into position, his hands moving around her body so fast that Lena’s entire world spun around. She succumbed to every little touch and Hadrian made sure she craved it. Sometimes, his fingers brushed ever so briefly against her. Other times they lingered to spend a little more time pleasuring her.

Never was it obvious how long it would happen. That made Lena just anticipate in an attempt to guess Hadrian’s pattern in how he was going to pleasure her. However, if there was any kind of pattern, Lena most certainly did not feel it.

Her wet walls clamped down in an attempt to milk him. Hadrian spread her arms out and once again planted kisses down them. He moved to Lena’s neck and all the way to her luscious lips, kissing the ever living hell out of her. Lena tried to squeeze down onto him in an attempt to blow his mind.

However, she lost control of her muscles in her body. He propped her up, using her wet opening as a means to pleasure his manhood.

“Don’t worry, we’ll join in that way soon,” Hadrian said. “But, I’m not done blowing your mind.”

“Good,” Lena hissed in his ear.

The two continued their love making far above the head of most of everyone in National City each movement increasing their passions. Lena clung onto Hadrian’s back, despite him practically levitating her in the air above the railing. However, he decided to let the thought that she could plummet over the edge in Lena’s mind.
Who knew she could have such a reckless kink, having sex in dangerous places. Lena’s legs closed around him and she endless fired out her harmony of moans. Hadrian squeezed her and brought Lena’s attention back to her.

“So wet, despite the fact you could fall,” Hadrian said.

“You wouldn’t let me,” Lena said.

“Mmm”

Hadrian almost let Lena over the edge. He pulled her back when letting her heart speed up just enough to give her a scare. The scare caused Lena’s eyes to lock onto his in an odd, but alluring mixture of panic and lust. Okay, maybe Hadrian had kinks as well that were not conventional, but he could not help it. He would take Lena anywhere.

“You’re the top of woman who would erupt more than an active volcano if I took you up there,” Hadrian whispered in Lena’s ear.

Lena’s protest that she had her limits faded off, as she thought about the scenario Hadrian posed for her. That made her so wet. He just smiled at her and pleased her body constantly. Lena breathed in, sucking in the air the faster he drove into her. The slap of skin echoed through the room, the deeper he rammed himself into her. Lena pressed her legs against him, moaning in lust the faster he pleased her.

“And now the big one,” Hadrian said.

“Good,” Lena said.

Hadrian sped up even more, taking Lena into an entirely new level of pleasure. She hit her peak and then blew through the roof. Lena closed her legs around him, making several lovely sounds which she intended to entice her man to blowing his load inside of her.

Lena pressed her legs against him, and sure enough she enticed Hadrian. He pulled her completely up so he could make eye contact with Lena the second the two of them came together. Both of them hit their peak one more time at the same time, with Hadrian climaxing alongside of Lena.

Careful not to waste a single drop of the fluids spilling inside of her body, Lena pressed herself against him. Her tight walls cranked every single last drop of seed out of him, making Hadrian just groan when filling her body. His thick balls slapped her repeatedly on her thighs.

“Good,” Lena breathed in his ear. “Perfect.”

Hadrian finished emptying himself inside of her. He pulled out of Lena, allowing her to steady herself on the balcony.

“So, do you want to head inside?” Hadrian asked.

“The view’s nice out here,” Lena said with a saucy smile as she looked over her shoulder. “Wouldn’t you agree?”

One glimpse of Lena’s shapely ass as she leaned over the balcony proved that Hadrian would not
disagree with that. She obviously had been ready for more dangerous fun and who would Hadrian be to argue with such an enticing woman?

Really nice for him to be on top of the world, or rather on top of Lena.

End.

Next Chapter: 11/12/2018.
Felicity drops down onto the couch and takes a deep breath. After the long day which she just goes through, where everything which can go wrong did, Felicity just wants some downtime. Gives her plenty of time to figure out what to do and figure out what is next for her.

A knock on the door brings Felicity out of her thoughts. She debates whether or not to answer it. Not wanting to be rude, Felicity rises up and walks over to the door. She clicks open the door to see who is on the other side.

A smile pops over her face, despite it being somewhat strained. It's hard not to see Harry Potter on the other end of the door and not instantly get put in a pretty good mood.

“Hey.”

Harry smiles and moves into the doorway. He holds takeout in his hand which Felicity smiles about.

“I've heard you had a bad day.”

Despite her best efforts, it's very hard for Felicity not to keep the bitterness off of her face. The normally perky blonde hacker tries to get herself a bit more upbeat for Harry's sake.

“Yeah, some smugglers got ahead of me, someone almost compromised the security of the cave, and company stock is at an all time low. Granted, it crashed along with the rest of the stock market, but try telling people that.”

A couple of deep breaths come out with Felicity punching the air in empathizes. She looks around and realizes what she's doing. Harry holds her hand and the warmth spread over her.

“Come with me.”

Harry marches Felicity against the room. A small amount of curiosity hits her and Felicity wonders where this one is going. Her hands find their way onto the desk at the end of the room. Harry leans in and kisses her on the lips when she turns around.

“Turn back around.”

Felicity nods and pulls away from her. Harry undoes the buttons of her blouse very slowly and feels her up. He positions Felicity where she's bent over the desk. Hands pressing flat on it allow her nails to slowly slide over it. The brainy blonde's legs spread apart a little bit with Harry's fingers dancing to unzip the side of her skirt.

Slowly, but steadily, Harry unveils Felicity's best ass. Her thick, wide, ass pouring into a lacy pair of black panties comes into Harry's sight. He runs his hand down Felicity's spine and feels the curve of it. His hand dives down and slides down to her ass before caressing the back of her legs.

Felicity leans against the desk with a very light nibble against her lip. Harry turns on the heat and rubs her nipples through her bra. The tension of today just fades away. A whimper escapes Felicity's lips. His mouth closes in and kisses her soft neck while closing in on the brainy blonde's
ear.

“Tell me to stop, and I will.”

“NO! I DON'T WANT YOU STOP!”

Harry keeps rolling his fingers over Felicity. He moves down the front side. Her tight stomach ripples underneath his fingers as Harry teases sliding the panties down her legs before pulling all the way back.

“You don't need to worry. I won't stop.”

Down go Felicity's panties to expose her to the world. Harry leans in and moves back just enough. His clothes come off slowly, with Harry making sure Felicity hears each article of clothing dropping to the ground. Every now and then he reaches up and touches Felicity to light her up.

“You may turn around.”

Felicity turns around in all of her glory. She's completely nude other than her glasses, garter belt, stockings, and high heel shoes. Her tight body shows itself to Harry with two perky breasts and nipples to match. Harry moves his gaze down with Felicity's wide hips. He knows from the backstage that baby has back. Her long legs stretch down even more and finally her pussy with only the barest amounts of head.

“You're so hot.”

The words from Felicity as she looks over Harry's body and stares at his cock transfixed. Just because she sees it before does not make it any less alluring. She moves across the room and pulls Harry into an embrace before kissing him like a lovestruck teenager.

Harry holds onto Felicity and pulls her body deeper into the kiss. Her pussy lips grind against Harry's cock. As much as Harry intends to enter her, he wants to have some fun riling her up. He pulls back and kisses Felicity again. A moan deepens when Harry grabs Felicity's thick booty and squeezes it into his hands.

They spin around with Felicity jumping into Harry's arms. Her legs slide and tighten the grip around his body. Harry unpins Felicity's hair and allows it to fly freely. He allows the long blonde hair to come out.

Harry moves Felicity onto the couch which pops out like a bed. He climbs on top of Felicity and grinds his thick cock against Felicity's tight tummy.

Felicity turns around. Peering over her glasses, Felicity makes sure her ass sticks in the leg. She moves a hand up to reach the pleasure zone. Felicity drives her digits in and pulls almost all the way out before tasting herself.

“Come and get it, baby. You know you want it.”

Her opening positions itself for Harry. Harry moves over and sticks the point of his cock against Felicity's scorching open. His hand brushes over Felicity's neck and then he kisses the back of her neck. Harry works his cock ever so closer towards her scorching opening.

The fact Harry's large cock is about ready to pierce her makes Felicity's night. Her scorching pussy calls for Harry. Harry rests his hands on her lower back and then moves to grab her ass. With a hearty handful of Felicity's thick backside, Harry drives into her.
“OH FUCK YES!”

Those words signal Felicity's enjoyment when Harry batters her. He starts a bit slow while moving briefly from Felicity's best asset and moving all over her body. Felicity tightens and relaxes her grip around him. His cock slides deeper into Felicity and squeezes her thick ass. Another smack causes Felicity to wiggle the ass into Harry's hand. He buries deeper and faster inside of her.

“Give it to me! Harder! Right here!” Make me your bitch!”

Harry chuckles as Felicity gets into it. He slows down the thrusts to make Felicity thirst for him just as much. Harry pulls almost out of her and slaps his cock against her slit. He pushes into Felicity once again. The tightening around him causes Harry to almost go over the edge with pleasure.

The couch cushions gripping into her hand makes Felicity realize how much she's getting to it. A shit day, no matter how shit, improves ten thousand percent with sex. Harry's willing to give it to her and more importantly, Felicity's willing to take him every step of the way.

She cums all over Harry's throbbing cock. Harry repeatedly drills Felicity.

“Fuck me! Hammer my pussy like it owes you money! Oh! You fucking bastard. You're making me feel so good!”

Harry rams his throbbing hard rod deep into Felicity's wet, sticky depths. He pulls almost all the way out and holds the position. Only the tip of his cock rests on Felicity. He holds Felicity down firmly at the hips and keeps caressing every inch of Felicity's body. She reacts to the touches.

The overflow of juices and how wet she is makes it very easy for Harry to get back inside Felicity in a matter of minutes. He holds onto her tight ass and squeezes it before pulling away from her.

Before Felicity relaxes too much, Harry jams into her. It gets the juices flowing once more in more ways than one. Harry repeatedly slaps his balls against her thick thighs when burying deep inside of her. The hot tightening walls collapses around Harry's cock the further and further he thrusts into her. Harry pulls back and puts his hands on Felicity's tight ass before sinking into her.

So close to feeling Harry about ready to explode. Felicity cannot help and put the squeeze on him. Harry drives into her and pulls out with a repeated measure of thrusts.

A finger presses over Felicity's nipple and causes her to gush. Harry caresses and kisses her body while making his thrusts go deeper and deeper.

“Time to let everything go.”

Felicity screams. Her lust gets the better of her. Harry rides out her orgasm. His muscles constrict and almost loses it.

Finally, Harry decides to just let it go. His muscles tighten and set of his orgasm. Felicity milks him all the way to the end with Harry holding on for the right. It's a hell of a right as he clutches Felicity's tight butt muscles and slams deep into her.

The warm cream splashes into Felicity's hole. The sheer force of Harry's orgasm triggers another one in Felicity. The deeper she goes, the better it feels around him.

The second Harry pulls out of her, Felicity collapses on the couch. A hand reaches between her pussy and rubs her lips. The feeling of the overflow of cum just drains from her.
A hand cups Felicity and a finger, now coated with oil, slips a bit into her asshole. Harry leans in to loosen Felicity's most taboo hole.

“We're not finished yet.”

Harry's other hand strokes her pussy so he can feel her squirt all over him at the thought of Harry playing with her asshole.

“Oh, you dirty, dirty, boy! I approve! I need this! So bad after today!”

After taking it up the ass from her shareholders in a figurative sense, Felicity's about ready to take it up the ass from Harry in a literal sense. The hot oil caressing her asshole opens Felicity up for intrusion.

Harry smiles when the squirming blonde reacts to his touch. Her ass is in perfect position for intrusion and Harry just cannot wait to enter it and make her his personal bitch.

“You're just a dirty girl for enjoying taking it up the ass.”

A few more solid spanks brings Felicity into line. Harry slips a finger deep into Felicity's tight asshole and slides it out of her. A second, and a third finger adds to the fun.

“Why don't you just get on with it already?”

“Because, anticipation is the best part of sex....makes you really thirst for my cock? And I want you to beg for it, Felicity. I want you to beg for my cock inside of that thick, firm, ass?”

“I WANT IT!”

Harry jams the fingers of his right hand into Felicity's soaked snatch while fingering her asshole with his left hand. She thrashes about on the bed. His fingers delve into her.

“I want your cock in my ass! I can't stand it! I need it! I need it really badly!”

A smile crosses over Harry's face. His fingers leave Felicity's ass ready and open for him. Her puckered hole just calls for him. Harry keeps his fingers moving in her pussy and uses his spare hand to grab onto the ample base of flesh before him.

The first few inches of cock work their way into Felicity's tight ass. The moans coming from the horny blonde so how much she wants it. The lubrication of Harry's little magic act brings more and more cock inside Felicity's tight asshole. Harry grabs onto her ass and spears her from behind in the ass.

Harry's balls slap against her and Felicity groans. She can feel something rising up into her. Pleasure which makes everything better. Every inch of Harry's throbbing veiny cock pushes into her. The sensation of several hands rolls over Felicity.

It drives the horny blonde completely nuts. He dives underneath and tweaks Felicity's nipples. Felicity moans out in pleasure. Another touch of the skin on the back of her neck makes Felicity almost shake over with pleasure. She clamps down onto Harry's probing fingers.

The juices just rush out of Felicity with no question about it. Balls keep slapping against her with the meat burying in her ass. Soon, those balls will empty in Felicity's ass and she cannot help, and get some level of excitement with what's about ready to happen next.
“OH FUCK!”

The orgasm to end all orgasms hits Felicity. Harry keeps driving into her.

“Yes, Ms. Smoak. And just so you know, this ass is mine. It's not going to stop being mine. I'm going to take it in every way possible. But you like that, don't you?”

“YES!”

Felicity clutches onto the edge of the couch and bites onto her lips. The thick cock piercing against her makes Felicity just squirm in pleasure. She never feels anything like this before, but now she's feeling the heavy pounding of Harry's cock. Loving every single minute of it, she notes mentally when the orgasm rushes through her body.

The juices warm up Harry's hand just as Felicity's tight, welcoming ass, warms up his cock. It only drives Harry further into the tight anal core. He feels himself working into her.

“Felicity. We're close right now!”

He grabs a hold of Felicity's hair and yanks back onto it. It gives him more leverage to fuck her juicy booty hard. Felicity cannot help and moan out. Her words come out in a garbling mess.

Harry interprets her words as “fuck me and make me your anal slut” which he continues to do. He drives deeper and faster into her. His orgasm works its way to the edge. His balls almost come close to being undone. Harry feels every single muscle tensing up completely.

He rises up and slams into her. The final feeling of losing it comes with Felicity clamping down on his probing fingers at the same time. Harry's cum fires into Felicity's ass. He groans when her tasty asshole sucks in the cum.

The jets of warm cum blasting her assholes causes Felicity to just fly over the edge with pleasure beyond anything she ever feels in her life before now and maybe nothing she'll ever feel since. Harry plants his cock deeper into her with his balls slapping her from behind.

“Fuck. Fuck! Fuck!”

That beautiful chant sends Felicity over the edge with Harry finishing up inside of her. Warm cum overflows from her ass even after Harry pulls out. She takes several deep breaths and enjoys the aftermath of a good fuck which makes her day better.

The dust settles and Felicity turns over. She winces slightly when sitting on the couch on her battered ass. Even sitting on a pillow leaves Felicity with a level of tenderness.

“Well, at least I can always count on you lifting my spirits.”

End.

Next Chapter: 11/16/2018.
“So, are all of your missions normally disorganized?”

That was the only question that Queen Goldstein could ask. The reasons and the ways she had been swept into this mission with this rag-tag group called the Legends, well it fell into the category of an extremely long and very thrilling story. Queen could not even want to think about where to begin. However, when she got used to working with them, then there was a certain rush in her body.

Tina really missed out on this, but she supposed there would be other opportunities in the future.

Harry smiled and decided to defer to Sara.

“Actually, that was a little bit more cohesive than usual,” Sara said. “But, we tend to come out on top of the end.”

Sara turned her attention towards Harry and moved closer towards them. As always after an intense battle, they were worked out, and neither of them cared what other women were around to know it. Harry made only the barest attempts to keep Sara from jumping him and shoving her tongue down his throat. It was only extremely casual and barely even worked.

“We sure do,” Harry told her with a smile.

“And speaking of being on top.”

Amaya just shook her head and Queenie looked at them.

“Should we leave?” Queenie asked.

“I’m not,” Amaya said.

“And you’re more than happy to join with the after-mission celebration,” Sara said. “Zari’s going to be so pissed that she got left out though.”

Sara fumbled with the front of Harry’s armor. All three of these women, wearing skintight catsuits which stretched over their sexy bodies and left little to the imagination. They got the artifact before the Soviet Union could plunge the entire world into chaos and be the number one super power in the world.

“You know, it would be a lot easier once I get this clunky ass armor off of you,” Sara grumbled. “It works...but I prefer it on the floor.”

“Is it goblin made?” Queenie asked with interest.

“They wish,” Harry said with a smile.

The finest crafters on Nanda Parbat crafted the armor. Amaya helpfully gave Sara a hand and Queenie, not wanting to be rude, gave the two other women some asissitance. His armor dropped to
the ground, revealing the tight tank top and pants underneath him. Amaya and Sara shamelessly ran
their hands down his body and kissed her.

“There’s no need to be nervous,” Sara said.

Sara, deciding to break the ice, leaned in and kissed Queenie on the lips. That caught Queenie
completely off guard. She appreciated a woman that was as sexually-liberated as Sara as. Given
that she could go both ways, but that tended to be a sore subject in Magical America right now.

Regardless, Sara placed her hand on Queenie’s rear end and squeezed it to make her breath. This
suit felt hot against her flesh, and Sara wearing the same thing most certainly made Queenie hot
and bothered.

Amaya took advantage of the distract by stripping Harry out of his clothes completely. He only
wore a pair of silken shorts underneath and Amaya slipped her hand down them to fish the prize
she sought out of his pants.

Queenie broke free from Sara’s stranglehold on her mouth to eye Harry’s package.

“It’s true what they say about powerful sorcerer’s wielding a big staff,” Queenie said in ah.

She put her hand on the manhood for the first time, and played with it, along with his balls. Amaya
just broke out into a smile watching Queenie stroke him in thinly disguised ah.

“And Sara’s the one who spends the most time mastering Harry’s staff,” Amaya said.

“Well, I’m his wife,” Sara told her in a matter of fact way. “You, Zari, Ava, and Nora, you’re more
like the side bitches really.”

Amaya just frowned and Sara decided to ease her frustration with a kiss. The two made out hotly,
their tongues moving together. Sara got fierce when she got sexually active, but the power of the
totem caused Amaya to keep up with Sara well enough, at least good enough not to be a complete
embarrassment of herself. She slapped down onto Sara’s tight rear and squeezed her.

Queenie decided to do more than touch, she started to taste. Her tongue darted against his length.

“Sorry, but I can’t resist,” she said.

“No, no need,” Harry said. “I knew this night would end with my cock down your throat.”

Queenie just gave him a shifty wink and traced patterns down Harry’s pulsing tool with her tongue.
Her lips opened up, the heat immense the second she slipped herself down onto his tool. She
sucked him in tight, her lips and mouth working into perfect harmony and stroking him by the
balls.

Amaya and Sara decided to join the party. Amaya took control of Harry’s left ball, worshiping as
the god her people knew he was. And Sara took Harry’s right testicle, sucking on them.

Not the first time three beautiful women have been down on their knees, worshiping him. Their
mouths, their hands, their breath, their sultry bodies, everything moved in complete harmony.
Harry lovingly stroked their hair, encouraging them to go along. Two sets of blonde hair and one
set of black hair, all of it becoming entangled in his fingers which moved so fast that it entangled
them.

They took their turns, with Queenie licking his shaft, with Amaya taking his throbbing manhood
into her mouth. The heat emitting from their mouths turned this into a very sexy encounter. Sara refused to be anything other than the center of attention, worshiping Harry’s balls and stroking him.

So good, these goddesses pleasuring him, they were almost too much. Harry’s eyes shifted with Amaya and Queenie planting their lips into a hot interracial kiss between the two of them, something that might have been extremely frowned upon from Queenie’s time period. However, she did not seem to care right at the moment. Their mouths and lips worked and Sara licked his length while they sucked on the head.

All hands fought, jockeying for position to touch his balls. Harry grunted, and Queenie once again slid his manhood into her mouth, sucking on him and making sure he was pushing in. She never once broke free, humming around him.

“She’s a natural born cock sucker,” Harry told Sara.

“Good, I know how to pick them,” Sara said. “Can’t wait to see her eat me out.”

Harry can’t wait for that either, but for right now, he focused on Queenie and her throat pleasuring him. His hands pushed around her, with Amaya and Sara taking their turns pleasuring what Queenie cannot get into her mouth. The pleasure build up, along with the tension in his loins. Harry shifted himself forward and gave a warning grunt.

“Queenie,” Harry grunted in her ear.

Knowing that she had swift control and owned his cock, at least for the moment, Queenie sped up her scking on him. Her cheeks bulged out, with tears going down her eyes the faster she went down onto him. Queenie stroked his manhood as hard as possible and he shoved deeper down her throat. One final shove opened up the flood gates, quite literally, with Harry’s seed spilling down her throat.

She sucked him up and the grunt of pleasure of this powerful sorcerer gave her a burst of energy. Even Amaya and Sara slid back allowing Queenie to drink from his balls. It was an invigorating drink to say the very least, with his balls being drained.

The second Queenie rose to her feet, Sara turned her attention to the other blonde.

“Taste good?” Sara asked.

“The best,” Queenie said.

The predatory smile on Sara’s face made Queenie’s heart flutter a couple of times. She moved into position and attacked Queenie with an extremely aggressive kiss, their mouths pushing together. Sara did her best job to get a share of Harry’s thick and juicy seed.

“She’s a bit overdressed,” Sara said.

Amaya and Sara showed how well their teamwork was, by stripping Queenie out of her catsuit. The two lovely women appreciated her body and that made Queenie’s mind almost shut down from constant waves of pleasure. Sara leaned in to her and kissed Queenie’s lips, sucking hard on it. Queenie returned extremely hard with the kiss.

Harry rose back to full strength. Amaya crossed the room and wrapped her arms around him and gazed in his eyes.
“While Sara’s distracted,” Amaya said.

The smile on her face indicated she was ready. Amaya pushed Harry down onto the bed and climbed on top of him. The look in Amaya’s eyes just screamed sex and lust. She crawled all over Harry and worshipped his body with tender touches and extremely hot kisses. She moved down her body and then gave a lick to scoop up the small amount of cum just leaking off of his body.

Amaya’s nude body crawled on top of Harry. She pulled him up and wrapped her legs around him tightly. Harry put his hands on Amaya’s lower back, as she squeezed him.

“Tapping into that python power, are you?” Harry asked.

“Well, I’m going to squeeze all of the cum out of you,” Amaya breathed in his ear.

Amaya dropped down onto him, her wet pussy squeezing him hard. It was a familiar dance, Amaya’s dark skinned body looking very hot the more she moved up and down. Harry pressed his hand down against her backside and squeezed her, leading to some more tension within her.

She locked eyes onto Harry, moaning, staring in his eyes. Harry opened up the door for a more primal side, one which was fueled with only the strongest, most primitive needs. Sex and lots of it and Amaya appreciated that much. Her wet walls clenched him tight.

“Touch me all over,” Amaya said.

Harry pressed her down onto the bed, with Amaya’s legs never leaving his waist. Thrusting away made this vixen scream and claw at his back, resembling an animal in heat. And Harry could not be certain that she was not completely in heat. His thick balls slapped hard against Amaya’s skin and made her almost growl in his ear.

“Hot, isn’t it?” Sara asked.

Queenie was now on the bed in a position where she could see what Amaya and Harry were doing, but she was not able to see what Sara was doing. She sure felt it though, Sara skimming her wet lips with a swipe or two of her fingers. Queenie chewed on her lip and tried not to let out her scream. It was hard though, hard not to cry out in thinly disguised lust with what Sara was doing to her.

“Glad we picked you up,” Sara said. “Shame we couldn’t pick up your sister...but maybe another time.”

Queenie’s eyes burned with lust. Not only from what Sara was doing, but from Harry pinning Amaya on the bed. Driving hard down into her, fucking Amaya the way that Queenie dreamed to be fucked. Being owned by such a strong and powerful man who could fill all of her sexual desires.

The next thing Queenie knew, her eyes had been torn away from watching Amaya and Harry. She looked up to see Sara crouching down on her and sitting down. That pussy in her face almost suffocated Queenie. Briefly, Queenie wondered if Sara, being an assassin, actually killed anyone this way. That thought moved out of her mind, with Sara’s encouraging grinds and her constantly feeding Queenie her pussy.

“Yes!” Sara moaned. “You’re the best….best at eating pussy and best at sucking cock.”

Amaya folded back and forth on the bed. Her legs tightened around Harry. She craved release and his release as well. The lovers met together with each other, Harry planting his thick tool as deep into her snug canal as humanly possible. Amaya dug her nail into his shoulder and he groaned
“You’re asking for it,” Harry whispered in her ear.

His seed, oh she was doing more than ask for it. Amaya demanded it, craved it, wanted it so much. Amaya slapped down onto his body, those balls threatening to give way. A thought crossed her mind, wondering if Harry would breed her. Oh, that would be so hot.

The dark-skinned goddess beneath him squirmed the faster Harry slid into her body. His big balls slapped against her smooth and sexy flesh. Amaya leaned into him, clutching his ass with her legs and releasing him with a solid moan of lust.

“Yes,” Amaya practically purred for him. “Give me your seed.”

“Not ready yet,” Harry said. “Want to feel you first.”

Disappearing between her dark thighs and stuffing her so full that she screamed made Amaya look practically stunning. Harry rose up and down, hammering her with everything that he could. Amaya pressed him tight, nature demanded that Harry fed her.

Patience was the key and Harry cupped Amaya’s perky breasts in their hand. Maybe not as large as her granddaughter’s, but still they were very nice and very suckable. With Harry pressing down onto her and licking her nipple, diverting more pleasure from her.

So many times, she came, each of them making her claw Harry’s back more than the last. Her legs almost grew numb they wrapped so tight around Harry. Yet, Harry held onto Amaya’s hips and spend up the ride inside of her, making her just almost break. The lust building between the two of them was getting Harry nearer and near.

On the other end, Sara decided to reward Queenie by eating her pussy as well. Good idea, given how good Queenie tasted and it made Sara crave her. She always liked the sweet taste of peach to go with sausage, and Harry made sure to keep her in supply of both, with his knack of making every woman in his radius want to drop their panties for him.

Not that Sara had any problems doing that, but Harry was a good partner in crime.

A warm blast of juices entered Sara’s mouth when she went down on Queenie. Her soft thighs were smooth as silk and feeling Queenie’s own hair rubbing up against her thighs made this extremely hot. She breathed in and breathed out heavily.

Amaya closed her eyes, clutching onto Harry’s shoulder. Oh, she could have him buried inside for days and days, just feeling the sensations of those full balls hitting against her skin. Amaya breathed hungrily in her man’s ear, hungered for even more. Harry prodded her nipple and sent her spiraling over the edge, pleasure dancing through her body.

“Yes,” Amaya breathed lustfully. “Deeper!”

Harry stroked her legs and made her just breath. The fact she clung onto him made this a pretty damn good feeling. His balls slapped faster and faster against Amaya’s juicy thighs, engaging the two together. Amaya pressed her nail down onto his back and moaned in his ear. The lust driving both of them increased the deeper Harry went into her.

He was close and Amaya knew it. She wanted to milk him dry, making sure his seed was deep inside of her body. Harry pressed down into her, riding her all the way to the end. Her legs wrapped around his neck, putting a light squeeze on it, encouraging Harry to thrust faster inside of
her body.

Their skin burned together, with enhanced lust. Harry plowed Amaya, going as deep as possible inside of her. The sounds of smacking flesh echoed through the room. Amaya pressed her nail against him until the two of them met with each other.

“One more time,” Harry breathed. “And then it’s my turn.”

Amaya tensed around him, closing her warm walls against him and releasing him. Juices coated his invading rod, going deeper and deeper inside of her inflamed center. Her beautiful dark body shifted, in perfect harmony against his.

One more push and Harry busted his nuts deep inside of this beautiful woman. Amaya cooed in his ear, allowing his powerful seed to splash deep inside of her body. Amaya squeezed Harry’s hips, moaning, as the young and fit woman milked him of every single last drop of seed.

The instant Harry finished riding her, Sara came over to say “hello” in the sexiest way possible, by wrapping her lips around his thick rod. Those beautiful eyes, burning with such intense lust made Harry just groan, threading his fingers through Sara’s hair.

She pulled away just enough to squeeze Harry’s balls.

“Time for me to feed,” Sara said. “I got her nice and wet for you.”

Harry turned his attention to Queen who spread her legs at the end of the bed. The rippling motion of her chest rising up and down enhanced Harry’s desire to see her. He put his swollen head at her entrance, rubbing against her hard. Queenie broke out into a joyous scream, grinding her fingernail down onto the back of Harry’s neck.

“Go for it,” Queenie breathed. “Go all in on me.”

Harry did as she asked, sliding inside of her body. The tension of her warm walls clamping down onto him made this a very pleasurable feeling. Queenie tightened around him, milking his manhood.

She never had been this full. But, it was not only him sliding into her, filling her full. Harry’s magic reached into Queenie’s very soul and blew her mind completely. Queenie chewed on her lip, a sultry expression dancing in her eyes. Harry planted his thick engorged tool as far into Queenie as it would go. The loud slap of flesh upon flesh echoed the deeper Harry plunged inside of her.

He slowed down a little bit, worshipping her body. Queenie felt like she got a cool refreshing drink.

“Keep that up,” Queenie said.

He pulled her up and balanced the beautiful woman on his lap. Queenie pressed onto him, hunger dancing through her eyes. She slid onto him, her tight box gripping him when meeting Harry. They pressed hot and heavy against each other.

Harry reached in to caress Queenie’s cheek and send shivers down her spine. Several kisses followed with Harry going on a tour, ending up at her ear. Harry’s light nibble sent Queenie spiraling over the edge.

“I have you now,” Harry told her firmly.
“Yes, you do,” Queenie said.

Harry bounced her up and down. She could not help and want to be impaled down onto Harry’s massive tool. Every time it slid into her, she gripped him tighter.

The force which Sara attacked Amaya’s pussy sent her going over the edge. She knew what Sara was after instantly, and Amaya’s eyes glazed over. The power of the totem threatened to overwhelm her, the lust growing. An energy wave coursed through her body.

Sara noisily lapped up more the juices, making an production out of doing so. Knowing that sooner or later, Harry would be inside of her. Sara traced up her back and found her clit, rubbing it fiercely. Her eyes faded in and out, lust only burning even more brightly.

“Sara!” Amaya growled.

She blasted Sara off of her and then slid on top of her. A construct of magical energy appeared between the two of them, and Amaya buried herself into Sara. She grabbed Sara’s legs and plowed into her, with an extremely rough, animalistic fucking. The depths Sara slammed into Amaya very nearly made the woman lose it completely. Sara squeezed Amaya with her legs, the two of them losing it.

Queenie groaned with Harry pushing her down and yanking her arms back for leverage. He buried as deep inside as possible, those swinging balls hitting her firmly with each push. Harry laid her out on the bed.

The energy radiating from Amaya and Sara put Queenie on a trigger which was not helped by what Harry did to her. Every touch, every thrust, every kiss, every time Harry melded with her body. Every time his swollen balls cracked against her body made Queenie want to grip tight onto the bed.

“Still with me.”

“YES!” Queenie howled out loud. “Oh, you’re splitting me in half. I swear that you have Incubus blood in you.”

Harry just smiled, and rubbed Queenie’s nipples, sending more friction through her body. The sexy woman ground up against him, every movement heavily anticipated by her. Harry squeezed her firm butt, taking her deep and fast.

“Careful not to wear Sara out too much.”

Amaya groped Sara’s breasts, leaving marks on them. The two aggressively kissed each other to try and gain the advantage. Sara knew that she should not lose face in this and pushed back, fucking Amaya’s tonsils with her talented tongue.

Sara flipped Amaya over and grabbed Amaya’s shoulders hard. She channeled all of the power to her pussy, cranking Amaya. Amaya breathed in underneath Sara and she was about ready to lose it.

“I wonder if that totem controls you sometimes,” Sara said while squeezing Amaya tight.

Amaya ignored this, Sara’s talented mouth on her nipple getting the pinnacle of her focus. Every skilled motion from Sara made her wet as hell. The sounds of slapping flesh from behind them also made Amaya really riled up as well.

Sara soaked in the feeling that Amaya was going to blow inside of her, her magically enhanced cum
burying into the Canary’s body. She made sure Amaya remembered who was in charge, after Harry, by sucking her neck hard, leaving a very sexy mark upon it.

The two lovely ladies on one side of the bed indulged each other, with only the occasional blast of magic striking them from across the room. Harry, on the other end, laid underneath Queenie’s bouncing body. Her breasts swayed and she had a grand old time, pushing his massive prick deep inside of her deep, juicy hole. Queenie squeezed him tight and released him.

“Oooh, that’s perfect!” Queenie breathed.

“Getting close,” Harry grunted.

He sat up in time to grope Queenie’s breasts and the touch of them sent a wave of magical energy through her body. Harry knew how to reach into her very being and make sure that he tormented every inch of her body. His pulsing groin drove deeper into her, the loud slap of flesh echoed between the two of them. Queenie clamped down onto him, moaning the faster Harry drove into her. His hand cupping her rear end and shoving his length into her made this feel.

“Yes!” Queenie breathed out in lust.

She craved Harry’s magically potent seed inside of her. The intense milking prepared to make Queenie’s dirtiest fantasies into a reality. Her heart sped up the faster that she rose and drop onto Harry’s bloated testicles. His hands moving on her body and holding her in tight.

Those sensual legs and feminine body pushed against Harry to squeeze all of the juices out of him. The juices flowed with another few pumps, the tension in his loins bursting and spilling out of her. Harry grabbed Queenie’s ass and jammed her down onto him, filling her pussy with his spurting seed.

“So hot,” Queenie breathed.

Harry, too busy indulging in her heaving chest, just smiled. He could feel Queenie’s breath on his ear, the most delighted sounds possible being made when he touched her. He cranked himself deeper into Queenie, burying himself as fast into her. The skin slapped against them, his big balls almost ready to explode the faster he drove down into the bombshell.

“Baby, you’re the best,” Queenie purred in his ear.

The final few blasts of seed spilled into Queenie and caused her to collapse on Harry. The two pressed into each other hard to allow Queenie to drain the last few squirts from Harry.

The minute Harry pulled out from the vivacious vixen, both Amaya and Sara raced to get a helping their addiction. These two feisty women sent Queenie’s already sensitive and raw cunt into overdrive, when they took their turns driving down into her.

Queenie closed her eyes. Hard to tell exactly which one of them was better. She wanted to taste Amaya’s pussy soon enough, because she did not have a chance. And it just seemed to be unfair.

“Why don’t you let her taste you?” Sara asked Amaya. “You know you want to.”

Amaya crawled on top of Queenie, like a predator about ready to devour and smother her pray. Only the smothering would be extremely hot, with Amaya pushing herself on Queenie’s face. Her wet pussy slid onto Queenie and drove down onto her face, making her just explode into insane lust. Amaya’s enjoyed the feeling of Queenie’s tongue into her pussy.
Harry spread Sara’s legs the second that she went down on Queenie. He prepared to give Sara what she wanted and given how wet her pussy was, it should not be too hard. Harry could easily slide an iron pole into Sara’s pussy and it was not exactly far off. His thick veiny cock pushed into Sara, stroking her hot skin and making her just purr in delight.

Finally, finally, her man was deep inside of her. Sara knew he saved the best for her and he proved it, by touching her body. Her beautiful body was always worshipped by Harry. Every touch, every dive, every plunge, just everything making Sara’s mind run wild with furious feelings of lust.

She ate Queenie and Queenie ate Amaya. Amaya making the most wonderful sounds when Queenie got her off sent a rush through Sara’s body. She squeezed down onto Harry.

“Oh, that’s a picture that I’ll hold for a long time,” Harry said.

He grunted when pleasuring Sara’s body. His strong fingers caressed every single inch of the sexy woman. Sara closed down onto Harry and then released him, moaning. She was always trying to test his durability through every time, but Harry was always a few steps ahead of her. He slowed down and could feel the protests coming.

“I wonder if she would cry if you pulled out of her,” Amaya said.

Amaya’s chocolate body splashed with sweat and looked fuckable to say the very least. Harry would like to spend some more time with her and he had no doubt that Amaya would not say no. Right now, Sara monopolized his manhood and the pushes that Harry drove into her.

Her tight, her white hot pussy, it was the very best. To the point where Sara pulled away from Queenie and left her dripping.

“FASTER! HARDER! FUCK ME RAW!” Sara yelled. “Spank my ass! I’m a slut that’s after your cum and nothing else...you know where I want that cock!”

“Right in your nasty little pussy?” Harry growled.

“Yes!” Sara yelled. “You’re the only one who can fuck me and put me in my place. Fuck my pretty little brains out!”

Harry tugged on Sara’s hair and pulled her up. The two switched a little bit, with Sara facing Harry. This allowed Harry to dip his hands underneath Sara’s sexy backside and make her rise and drop on him. Sara chewed on her lower lip, looking extremely hot as hell when she rode Harry. Her legs tightened around him, the faster she pushed down onto him.

“Baby, that’s the best!” Sara breathed hotly in his ear. “Fuck my pussy, fuck it raw.”

Queenie and Amaya engaged in their own sexual entanglement, with Amaya scissoring Queenie. Queenie showed how fierce she was, even with the new addition from Amaya’s totem demanding to slide into her body. Nipples, lips, and thighs rubbed together with the extremely hot passionate kiss. They made several loud sounds, only coming up briefly to admire their handiwork. Then it was right back at the races.

Nothing compared to Sara, bouncing up and down. She was more of an animal than the woman with the totem that channeled the spirit of animals. That was an amazing feat, and Sara could not do anything other than crank his big pole until it drove deeper into her. Sara bit and released her lip, hungering for him, breathing hotly in his ear.

“Fuck my brains out,” Sara growled in his ear, nibbling down onto it.
Harry was not going to deny Sara what she wanted. The two of them hit each other, Harry slid into Sara with ease. Sara closed her legs around Harry and moaned intensely, feeling his massive prick drive down into her body. The loud slap of flesh upon flesh echoed the deeper Harry drove into her.

“Getting close, aren’t you?”

Sara leaned back in the sexiest way possible and allowed Harry to dive in, to attack her chest with fierceness. Queenie and Amaya entangled themselves in the hottest way possible, their tongues and hands making sure to own each other in the best way possible. Queenie dove into Amaya as fiercely as possible with Amaya pushing back.

That was getting close to just hitting all of the pleasure points in Sara. She wished she could pry the two of them apart, finger both Amaya and Queenie until they begged her to cum, all while Harry rammed her hard in any hole he choose. Right now though, Sara was trying to hang on for the ride and to push Harry completely into her. She breathed hotly into his ear.

“Closer,” Harry grunted.

Sara already had been so far gone it would be unfair to call this close. She tightened around Harry, pressing against his swollen manhood. The grip Sara put onto him dragged him deep into her smoldering depths. The two could only match each other’s hip movements, intercourse more intense than any fight that they had ever been in reaching its fever pitch.

She clenched Harry tightly, beginning to drain his seed out of his balls and deep into her waiting pussy. Sara clenched him tight, moaning hotly into his ear, and grinding down onto him. He saw stars and was reminded no matter how many times, it never grew old losing himself in Sara’s tight body.

The warm heat of the two lovers, intune with each other, began to hit extremely hard. Harry pressed Sara down onto him, filling her up with his warm seed. The fluids from his boiling balls filled Sara and caused her to clench tight onto him.

Even Amaya and Queenie pulled themselves away from each other long enough to watch as Harry bounced Sara, her perfect ass swaying when he filled her up to the brim with seed. Sara pressed down onto him.

“Perfect,” Sara breathed.

She got the biggest load of all, not that Harry was completely drained. The more sex he had, the stronger he got, which made Sara wonder if he had any limits.

There would be a lot of fun finding them. That was the last thought which blew through Sara’s mind when the final dose of cum pasted her insides.

Finally, finally, Sara sputtered to a stop, holding on tightly to Harry. She leaned on his shoulder, those powerful hands hitting all of the points.

The minute Sara released Harry from her insides, she should have known that someone would jump on this.

“My turn.”

Harry just smiled, he figured as much. So the adventure continued. What was the use of having a time ship if you could not use it to pick up women?
End.

Next Chapter: 11/19/2018.
Cass Hamada stood at the back door leading into her kitchen with her arms folded underneath her ample dress. She sits there waiting for her guest wearing a tight and very short black dress along with high heels, stockings, and a garter belt. Her dress rides up to the point where one can see she’s not wearing any panties underneath it as well. She leans back against the wall with a smile on her face.

A knock on the door calls Cass into action. She opens the door and sees her young lover. The handsome dark haired boy with green eyes appears outside of the door.

“You should have known better than to keep me waiting.”

Harry steps into the room with a smile on his face. He leans in and wraps an arm around Cass to pull her in tight. The dress leaves not too much to the imagination and Harry’s imagination runs wild.

“Leaving you waiting has put you in quite the state. We’re going to have lots of fun.”

The two of them kiss with Cass shoving her tongue aggressively into Harry’s mouth. Her hands run down the back of his neck when deepening the kiss. She’s a woman at the peak of her sexual prime and therefore, she has a healthy appetite. Harry being here causes her to indulge in said sexual appetite time and time again.

She pulls away from him and squeezes Harry through his pants.

“Oh, you’re hard for me already, aren’t you? You naughty boy.”

She squeezes Harry’s package through his pants and makes quick work of them. The thick, long cock comes out. Cass runs her hand down the length before leaning down to say hello to it. She leaves a red lipstick mark at the tip of his cock and takes a little bit of the head into her mouth.

The sexy mature woman’s lips wrapping around his cock causes Harry’s hips to spring up and his cock to swell. Cass quickly works her mouth around Harry’s thick cock and it fills her one inch at a time. He watches her lips part and this goddess just take his cock into her mouth.

She sucks Harry for a few minutes and then decides to switch tactics. Cass’s mouth comes onto his balls and sucks them while stroking his long cock, slowly and surely. The blood starts pumping all through Harry’s loins and causes his body to just size up in a never ending amount of pleasure.

“Cass!”

He calls out her name in a hiss. Cass keeps stroking and sucking on him for several minutes. His nice, hard, cock pushes in her hand and it feels so good. She runs a hand down her leg and goes between her legs to stroke her pussy. The inflamed lips will not have to wait that long to get the meat they crave deep inside of her.
“I’ve missed you.”

Loud sucks follow with Cass just bringing more and more of her beautiful mouth around his long, throbbing cock. Her throat slides down onto him and her face presses against his pelvis. Harry groans when the mature goddess drives her mouth deep and wide around his cock. He puts his hands on the back of her head.

Cass Hamada sucks his cock and sucks it hard. Harry always loves older women.

“Always so eager to please.”

His fingers push against the fingers against her head. It’s true though, older women, sexy mature babes who know what they are doing, know how to please their young lovers. The fantastic blowjob Cass gives Harry just lights his world on fire. He pushes a bit further into her mouth and stretches it out. His cock goes a bit deeper and pulls back before he slides it in even more. His eyes glaze over the deeper he shoves inside of her.

Cass refuses to let go of such a prime piece of meat. She relishes this cock and what she wants to do with it. Cass licks the tip of the head and pulls away from him. Her mouth corkscrews around his manhood and sucks him until she seals him completely inside of her mouth. Harry holds onto her all the way.

“Not yet.”

Cass slides all the way out of him and holds the base of his cock. She squeezes it hard. She pulls up and then pulls down the straps of her dress to reveal her large and perky breasts. The nipples stand out and Harry attacks them with practiced ease. He buries himself deep into Cass’s chest and sucks her.

“That’s it. That’s all I want baby! Suck my breasts! Oooh, I love this! I really missed this!”

The stroking of the back of Harry’s head encourages him to go deeper into Cass’s immense cleavage. The babe’s body just calls for him.

“I don’t think that we’re going to make it to the bedroom.”

He reaches underneath her dress and squeezes her bare ass. Back to her breasts Harry goes and back to making her feel good. Cass’s cries of passion call to Harry. They entice him in pretty much every single way possible.

The warmth of Harry’s mouth on her nipple makes Cass just bubble over the edge with her own passion. The hand slips deep in between her legs and strokes her warm womanhood as much as humanly possible. Cass’s eyes just shift over and burn with passion.

“You’re so...you’re so good.”

Harry enjoys the fact this woman just melts underneath his touch. For her, Harry’s going to do anything he can to make her feel really good. His fingers clamp down onto the nipple he’s not sucking.

Finally, he pulls back and spins Cass around. He shoves her against the refrigerator in the kitchen.
The cool air coming from the appliance causes her nipples to stiffen.

“I think I’m just going to fuck you right here...and any other surface your slutty body will go.”

Harry explores the wonderful curves all over her body and teases Cass with multiple kisses and sucks to the side of her face and her ear. Her legs part invitingly for him. Harry works his way down to caress her shapely bum and give it a nice squeeze.

He can tell the arousal coming from this woman. He pushes a hand between her legs and drives her fingers. Cass smashes her pussy down onto his fingers and rides it.

“You make me so hot!”

“I can see that...maybe you should taste yourself?”

“Oh, you naughty boy.”

“Is it naughty that you enjoy it?”

Harry slides his fingers deep into Cass’s mouth. She sucks on it with a force which causes Harry to throb. Harry cannot help, but be aroused by this mature minx. He cannot help and enjoy every second of exploration over her body. Her warm pussy calls Harry to the table and makes him want to just shove his hard cock inside of her.

“You are enjoying this. And you’re going to enjoy this.”

The tip of Harry’s cock pushes against her. Cass’s walls part slightly to allow him inside of her pussy. She clutches onto the fridge tight and leaves nail marks over it the second Harry drives the point home into her.

Finally, finally, this younger man’s cock just slides inside of her. Cass’s eyes bulge as the biggest cock ever once again penetrates her and makes her feel so alive. Harry pushes her against the fridge and drives into her repeatedly. He’s slow at first and picks up momentum.

No more words, just getting fucked and fucked extremely hard. Harry buries his massive cock deeper inside of her hungry hole. His hands placing on her back make every single inch of Cass’s sexy body just scream out for pleasure. She wants about as much as Harry will give her. He pushes deep inside of her and pulls almost all the way out of her. His thick balls swing and slap her on the back.

“You’re enjoying this. Getting off on it, aren’t you?”

“Yes!”

A finger pushes against Cass’s nipples and causes her pleasure to only double. Harry pulls himself all the way out of her and drives himself into her. His hands massage her body and touching her while rocking her world. Indulging in the most deviant part of her sexual appetite.

Twelve inches of a sixteen-year-old cock drives deeper into Cass’s scorching snatch. He pulls almost all the way out of her and drives deep inside of her. The thrusts bury deeper and deeper inside of her body. Harry pulls almost all the way out of her and drives further in as well.
He pulls Cass away from the fridge so he can cup her breasts while fucking her against nothing other than air. He moves her over and bends her over onto the counter, still driving his meaty cock inside of her. Harry pushes and pulls out to drive his cock inside of her.

“Going to make you cum?”

“Yes!”

That’s the only thing Cass can say. Harry’s nails just drive down against her. He pushes into her. His hard cock keeps slamming it’s way into her. She almost knocks appliances off of the counter out of her way. Harry reaches underneath and gives her right breast a very firm squeeze. Harry pulls on it and releases it.

“I’m going to make you mine.”

Cass doesn’t doubt this for one second. The depths Harry plants inside of her drives Cass further and further inside of her, making her body just run over. The warmth of her snatch clamps down onto him.

Suddenly, Harry pulls out of her. Cass takes advantage to spin around and to wrap Harry’s waist with her legs. The sexually dynamic woman’s body just rises up against his. Cass grinds her wet pussy against Harry and primes herself to be taken. The thickness of Harry’s cock rolling between her legs only makes Cass overflow with so much lust.

The end up on the Kitchen table with Cass closing in on Harry. She’s almost on top of him and then she drives down onto Harry to take his big cock inside of her body. Twelve inches of manhood just stuffs Cass completely full. She puts a hand down onto his chest and rises and falls onto him.

The view is amazing. One of the best things in world is to see a mature babe like Cass Hamada ride him on the kitchen table. Her thighs smackdown onto Harry’s with repeating rises and falls. She closes her eyes and takes as much of him into her as humanly possible.

“I want this! I want this badly!”

Harry’s not one to not give a woman something she wants especially a woman as stunning as this. His hand moves to her back and guides her down onto him. She stretches onto his hard cock and causes the wetness to just pool down onto his crotch. She rides Harry hard and fast.

The smacks of flesh upon flesh upon flesh only escalate. Harry rises up to take Cass’s ample chest into his mouth. He alternates between sucking on her tits. She moans into his ear.

“Baby, suck on my tits! Oh, you naughty boy, you make me feels soooo good!”

She’s driving down onto him with an energy that would make most teenager’s envious. The massive cock spearing inside of her body drives deeper and faster into Cass’s snug and tight pussy. He holds her down and groans the second her pussy fills him up.

“I know you want...I know you need….I know you need this badly.”

Harry groans the second her dripping hot center just slides down his pole. She fills him and he knows the end is going to be here pretty soon. His stamina has limits and this sexy woman is about
ready to tax them.

Never one to go down without a fight, Harry keeps pushing his hard cock into Cass’s tight snatch. She rises and falls upon Harry. The state of arousal she goes into only increases with each motion. Cass’s nails dig into Harry’s chest the minute she rises and falls.

Eventually, all good things have to come to an end. Harry holds up just enough to feel Cass come around his cock one more time. Then the pleasure cascades all the way down his cock. Cass fills herself with him until the final lurch and the sweet sensation of release comes at hand.

Harry plants his seed deep inside of her womanhood. He taxes her pussy with multiple thrusts. The size of his balls just smacking down onto her continue to deliver. He drills her and she comes down onto him.

Cass screams in pleasure of warm seed splashes into her body. The mature minx gets everything she wants out of Harry and so much more. She rises and falls with several measured drops and keeps getting cum inside of her tight pussy.

She slows down finally with a deep breath coming from her. Finally, finally, Harry finishes inside of her and leaves her so full of cum it’s almost obscene.

Harry rests on the table. Cass pulls away from him and Harry gets a view of her pussy, dripping with a river full of cum. She slips her fingers inside and collects the cum.

“I love the taste of a man’s cum after it’s been inside me.”

With Cass on her hands and knees on the table, it just calls to Harry. She calls to him and desire just spreads over every last inch of Harry’s body. His cock returns to life.

Much to her glee, Harry rises up and slams his cock into her ready pussy one more time. Cass clutches onto the edge of the table and leaves scratches on the finish when her young lover pleasures her yet again.

End.

A raised eyebrow indicates the interest Jemma Simmons holds over this particular sample. There's so many questions which just incites the mind of a scientist. Unfortunately, the more questions this project gives her, the lack of answers confuse her. Jemma bites down on her lip and lets out a sigh.

“There has to be a logical explanation for all of this.”

Jemma bites down on her lip and looks it over. She breaths in deep and brushes a strand of hair out of her own face.

“Oh, it's not a meta gift, it's not mutation. Is it... no it's not cybernetic either?”

“Oh that's because it's magic.”

The SHIELD scientist jumps up into the air. Another attractive brunette steps into the room and gives Jemma a smile.

“Doctor Snow, I didn't hear you come here.”

Jemma takes a couple of deep breaths. The partnership between SHIELD and STAR labs is one which should in theory solve this mystery. The two teams clash a little bit with their different ways in performing the work. After a while, they finally gain some kind of common ground or at least Caitlin and Jemma did.

Regardless of their partnership and the respect Jemma gains from Caitlin's work, she cannot help and struggle with this theory.

“Magic? Are you kidding me? I mean... it just... it's just weird to wrap your hand around? Magic is just science which cannot be explained?”

“And science is magic which makes sense. Well, in a sense.”

Jemma notices the one and only Harry Potter showing up. Another consultant to SHIELD and one which Jemma's a bit taken with. The smile results in Jemma returning it and Caitlin giving Harry a knowing wink from the other end of the room.

“And you should know by now magic is a thing. Because after all....”

Harry summons a mop from the corner and changes it into flowers before causing them to burst into a bunch of butterflies before their very eyes. The look of awe on the face of both of these women leads Harry to smile.

Jemma slaps her hands on her hips. A thoughtful look appears over Jemma's face when she scrunches up.
“There's got to be some kind of way to duplicate those powers. But, I don't know how. I've just studied how your hands work and I can't find any. I can't find any logical way to explain how they work.”

A small smile pops over Harry's face. He motions for Jemma to come closer to him. She does and the two of them come face to face.

“Some of the greatest things in life don't have much logic. Case in point.”

A hand from Harry's direction brushes against the back of Jemma's head. She opens her mouth just in time to receive a kiss. Jemma squirms in surprise at Harry's touch. She does not fight the kiss. Rather, she opens her mouth and accepts plunge of Harry's tongue going deeper into her mouth.

Jemma opens her mouth with a very passionate sigh when rolling her fingers down Harry's shoulder. Harry pulls out and leaves Jemma breathless.

“Wow.”

“You've seen nothing yet.”

Caitlin leans in and gives Harry a very passionate kiss. The two enter the liplock with practiced ease. Caitlin's hands trail down Harry's back when she makes out with the handsome wizard. Her eyes flicker in the light for a minute. It causes Harry to pull away from her and smile.

“It doesn't take much to set her up anymore. Does it?”

A grin passes over Caitlin's face. She gives several more passionate kisses to Harry. A grab on Harry's tie brings the sorcerer's shirt open. Caitlin strokes Harry's chest and leans in to kiss him. A hand on the back of her head guides Caitlin into position for Harry to whisper in her ear.

“I think someone is a bit left out.”

Caitlin spins around and Jemma opens her mouth. The SHIELD scientist cannot help and think that the STAR Labs scientist stalks her like she's Caitlin's prey. And there's a small portion of Jemma who really wants to be Caitlin's prey right about now.

The two sexy brunette scientists kiss. Jemma reacts very nervously to Caitlin's kiss. Caitlin keeps a finger on the back of Jemma's head and works her mouth over Jemma. The meta-human pulls back and kisses Jemma. Another light moan comes with Caitlin nibbling her mouth.

A hand waves and converts the lab table into a very luxurious bed in the middle of the lab. Harry pulls Jemma away from Caitlin and invites her to join him on the bed.

“So, do you believe in magic?”

Caitlin just snorts at a line which seems like a very bad pick-up line. Regardless of the fact, Jemma's now on the bed. Her clothing comes off to reveal the brainy brunette in her panties and bra. Harry's hands work their magic over her legs while Jemma drapes over him. They kiss each other again and again, with Harry repeatedly driving his tongue in.

A second passes before Jemma pulls away.
“I'm willing to be a believer that something divine is going on.”

Caitlin comes on Harry's other side and kisses the back of his head. Harry goes back to running a hand over Jemma's leg and reaching in to unclip her bra.

His fingers caress Jemma's breasts and make her moan deeply. A small charge of magic flashes over Harry's fingers and causes Jemma to writhe on his lap.

Harry pushes Jemma down onto the bed and Caitlin moves over. She undoes Harry's pants and then pulls down his boxer shorts. Harry's big cock comes out and hits Jemma on her nether lips. Caitlin grabs a hold of Harry and pumps it to cause it to grow right before Jemma's eyes. Pleasure cascades all through Harry's body the deeper her hand works over him.

“I can't believe it's so big!”

Caitlin grabs Harry's cock and positions it at Jemma's tight entrance.

“You're going to be a believer now.”

Jemma's believing many things. Harry climbs on top of her and grinds his cock against her warm entrance. Her legs part open to try and accommodate the large intruder. Her hips push up to meet Harry's throbbing head. The swollen manhood comes closer to parting Jemma's lips.

“God!”

“Yes, he is!”

The first few inches of Harry slides in between Jemma's lips. Jemma clamps her legs down onto Harry's back to take him inside of her. Instantly, she feels pleasure coursing through her body. Harry slows down and works into her a little bit more. He pulls out and then sinks into her.

The view of Harry's cock sliding in between her body as far as it can go causes Jemma's mind to go over the edge with pleasure. Harry works into her and pulls almost all the way out. He holds the position and causes the juices from her to flow freely.

Jemma clutches around his hips. A smile from her causes Jemma's body to completely overflow with pleasure. Harry holds a hand on Jemma's chest and tweaks her nipples. Harry slides out of her and holds her.

“You want me to slow down?”

“HEAVENS NO!”

A smile passes over Harry's face. Jemma clutches him with greed dancing in her eyes. Harry eases himself deep inside of her body. A jolt of pleasure passes through every inch of the writhing woman underneath him. Harry soaks in her arousal with another deep plunge.

He slows down the thrusts to experience every inch of Jemma's warmth. The arousal coats the tip of Harry's cock when he drives into her. In and out, in and out, gaining momentum and rocking Jemma's entire world on the bed. She clutches around him.

Harry views Caitlin's arousal. She creates an icicle to slide inside. The icicle collects Caitlin's
juices. She pulls out and locks eyes to Harry. Slowly, Caitlin licks it clean making sure to canvas every inch of the icicle like a cock.

A deep push drives Harry further inside of Jemma. He feels the heat rising from Jemma's form and makes sure to guide her over the edge. She worms underneath Harry and gets ever so closer to cumming. Harry rides her pussy until the point where Jemma loses it.

The gushing of Jemma over him allows Harry to bury himself inside with greater ease. His balls smack Jemma and cause her to moan. Harry leans down and worships her frame. Seeing this brilliant woman experience pleasure greater than anything else on Earth is a remarkable feeling.

Harry pulls out which causes Jemma to protest. Harry puts a finger on Jemma's mouth and leans into her.

“You wouldn't want Caitlin to be left out, would you?”

A shake of her head shows that Jemma refuses to allow such a thing like this to happen. Harry kisses her and causes Jemma to turn over. She crawls over to Caitlin who opens up straight away.

Caitlin senses the warm mouth and tongue about ready to go on her wet pussy. Jemma bends down and starts to nibble on Caitlin's lower lips. She puts a hand on Jemma's head and guides her. Caitlin throws herself up into the path of Jemma's incoming tongue further and really gets going.

“You can really eat a pussy good! You're going to make me lose it, if you're not careful Doctor Simmons.”

The depths Jemma's tongue squirms sends Caitlin spiraling over the edge. The sexy meta-human scientist squeezes her nipples to send further tremors of pleasure. The cool air coming from her fingers elongate the nubs and put them in perfect position for Caitlin to grab them.

Jemma laps up her dripping pussy and causes Caitlin's eyes to shift over. The pleasure increases in her body when she works up and down to meet the probing tongue. The view of Harry slipping in behind Jemma and returning to his proper home inside her pussy just sparks Caitlin up to a new level.

Addiction hits Jemma with each slurp of Caitlin's pussy. The sweet juices oozing from her brings a rush of pleasure. Jemma needs to keep indulging in that addiction. She slides the tongue around the lips and makes tender love to Caitlin's nether lips with her soft actions. The reward leads to more juices spilling into Jemma's mouth. She swallows the sweet nectar to fuel her addiction further.

Speaking of addiction, Harry's cock sliding into her spikes a rush of pleasure inside of Jemma. He holds onto Jemma's waist and drives into her.

“Squeeze me with that sweet pussy. Eat Caitlin out, she tastes good, doesn't she?”

Jemma moans into Caitlin's snatch and sucks up more of the juices. The length behind her brings Jemma even more pleasure. Harry almost pulls out of her and dances the tip of his cock at her entrance. He almost slides into her and then with another move, pulls completely out.

“Cum for me.”

A jerk of Jemma's walls around Harry's invading cock brings him deep inside. His hands rest on
Jemma's back when he repeats his actions. A deeper and more powerful thrust sends Harry slamming into Jemma's depths.

She lights up and squeezes Harry's cock. The pleasure cascades over Harry's body. He holds onto Jemma's waist. A deeper pump stretches Jemma out. The warmth spreading against his loins makes Harry go a bit closer.

“It's my turn now.”

A tightening shows Jemma how much she wants this pounding. Harry pushes into her and pulls almost all the way out. He slams deeper into Jemma with his balls slapping down against Jemma's wanton thighs. He keeps working Jemma over with each thrust. The pleasure cascades over Harry's body.

Harry drives deeper into Jemma. The tingle spreads over Harry before he shoots his seed into her. Jemma tightens around him to milk every last drop of Harry inside.

A grunt follows with Harry slapping his balls against her. He empties out inside of Jemma to bring her pleasure. Several more touches of her sweaty body only heightens it. Her face slides out from between Caitlin's thighs and allows her unmistakable moans to come out.

Harry finishes cumming inside of Jemma. He causes her to collapse down on the bed.

“See, magic.”

Caitlin crawls over the bed in a seductive manner. Her mouth opens to take Harry's cock. The sensation of Caitlin's juicy lips around his big throbbing cock just brings Harry so much pleasure it's insane.

The cock slides deep inside of Caitlin's mouth and she envelopes his manhood with a couple of solid pops. His cock enters and releases her mouth at an rapid rate. Harry puts a hand on the back of her head and guides himself into the sensational oral hole. Caitlin hums down onto his cock and takes him into the back of her throat.

The taste of Harry's cock going into her mouth causes Caitlin to double down and keep sucking him, even harder. Her cheeks bulge out and her eyes widen with lust the deeper she goes down on this manhood. She pulls almost all the way out and then comes back on. Her tongue traces a sinfully hot pattern around the tip of his cock and wiggles down towards the base with more hunger and lust just burning through her body.

The moment of truth comes at hand with Caitlin's swipes of her tongue. She pulls out of him and smiles.

Caitlin reaches up and cups Harry's cock and balls. It throbs in her hand and Caitlin turns around. She slides her wet pussy against his cock head and eases it into her. The first few inches push into her.

“Oh, this is long overdue.”

The moan following indicates just how much Caitlin wants this massive prick guiding into her body and bringing so much pleasure. One inch at a time enters her body. The tightness closes around Harry's cock the further she slides around his big, throbbing, prick.
The warmth of Caitlin's snug hole wrapping around him brings pleasure coursing through Harry. He runs his hands over her back and gets the pleasure. She rises up and bounces down on his cock. Her ass slaps down against him the deeper Caitlin sends Harry into her tight hole.

The clenching around him only causes Harry to tighten his grip around her. He wants to enter her with more speed and more intensity. His balls throb as they ache to be with her. Harry pulls almost all the way back. He slides deeper into Caitlin and makes her body just course with intense energy.

“Keep it up! Don't stop! Don't slow down!”

Caitlin's eyes glow with pleasure and Harry sees that flicker of glow. Her nails dig into Harry's thigh when ramming herself down onto her. She leans down and gives a recovering Jemma a sultry smile. They both watch as Jemma's hand wordlessly lifts up to her wet womanhood and starts stroking the lips on the other side. Jemma takes in a deep breath and pleasurable moans come out of her throat.

“Don't stop! Yes, don't stop.”

Jemma pushes those fingers deep into her pussy on the other end. The visual show only encourages Caitlin to bounce higher and faster so her fellow scientist can come undone. At the alter of Harry's amazing cock shoving deep into her gushing pussy, Caitlin holds onto him ever so tighter.

She comes unglued with a rush of pleasure. Every inch of her body sings for more and Harry's right there to give Caitlin everything she needs. Harry plants his cock into her. The tension in his balls starts to become evident. Caitlin sends herself crashing down onto him.

“I want you to cum. I don't want you to hold back for me. I don't want you to hold off on me. Please don't. I never want you to hold off.”

The depths Harry drives his cock into her shows Caitlin just how much Harry's not holding off for her. She loves it and wants it even more. Harry's thick balls continue their trip to empty inside of her pussy. It's what just feels right for Caitlin. It increases her desire for him and increases her ability to take more of Harry into her warm, juicy, hungry depths.

Harry feeds his cock into Caitlin's warm hole. She wiggles down to take just that much more inside. Harry holds onto her and knows that in a matter of minutes, she will finish him off. He reaches around and grabs her nipples to milk them in tune of those thrusts.

Small flurries shoot into the air to signify Caitlin's pleasure. Harry puts a field in the air to protect Jemma. Caitlin milks Harry's cock and also milks the heat from his body. It's a good thing his power replenishes while fucking her because it would be a bad thing.

The tightness, the warmth, and the pleasure Harry feels when driving into Caitlin brings him closer. His balls tighten up and he knows there's only a matter of moments before he cannot hold back any longer.

“I'm getting close.”

That particular grunt only puts Caitlin's pussy around his cock harder. She milks Harry as rapidly and as quickly as possible. Harry holds onto Caitlin and slides deep inside of her warm womanhood. Harry pulls almost all the way out of her and drives deeper inside of her body to send
a crack against her hips.

“Get closer. Get closer and send your cum inside of me! I want to feel it! I need to feel it!”

The tension rising in Harry reaches a fever pitch. His muscles tighten and Harry knows what's coming. He knows his orgasm is about ready to hit and hit hard. He slides into Caitlin and the tension between her legs just clamps down onto him to prepare to drain his cum from his balls.

Finally, one more push and Harry rockets his load inside of Caitlin. The familiar grip of her coaxes every single last drop of cum out of his aching balls.

Caitlin slides her wet pussy down onto him. It clenches and pulses with each thrust. Harry drives the seed into her body and fills her up. Caitlin nibbles down on her own lip and takes a deep breath. Every warm blast of juice into her brings more pleasure to Caitlin.

One more clench signals Caitlin's most spectacular orgasm just yet. Every ounce of tension in her body just unleashes in one powerful attack centering around her pussy.

“You really just can't stop cumming.”

On the bed, Jemma finishes diddling herself along with them. The three of them cum at the exact same time, the overflow from them just being immense.

Caitlin pulls out and crawls over with cum leaking from her pussy. She smiles and leans down to kiss Jemma on the lips. Jemma returns it.

Both of them eye Harry who sits up and is ready to go. Jemma cannot help and speak.

“You know it's remarkable how fast you recharge. It defies all explanation.”

“Well, two beautiful women gives you plenty of inspiration.”

The two brilliant brunette scientists crawl towards Harry and prepare to indulge in some more experimentation with him as time ticks on.

End.

Tied Up With Nowhere to Go(Diana/Wonder Woman from DC Comics)

Hadrian Peverell stirred awake and it took him maybe a few seconds to realize that he had been fastened to the bed by some kind of lasso. His gaze turned straight towards the beautiful woman who crawled across the bed towards him. Said woman pressed a hand to his crotch and Hadrian felt himself stirring, growing extremely erect underneath the hand of the Amazon in front of him.

“Happy birthday, Handsome,” Diana said. “And I felt that since it’s your birthday...you should get a chance to relax and have some fun.”

“And by relax, you though that the only way to accomplish that was to use your lasso to secure me,” Hadrian said.

Diana smiled and straddled the hips of the handsome sorcerer underneath her. Diana, as always, looked positively gorgeous. The look and expression on her face showed something akin to burning desire. She wore a transparent nightdress and sexy black lingerie, bra, stockings, garter belt, and thong panties. Which made Diana as sexy as hell was the glasses that she wore on her day to day job. That reminded Hadrian of how he saw her the first time they met, although obviously she was wearing more clothing than this. She was still as hot as hell, however.

“Well, you know,” Diana said. “Relax, it’s your birthday….and I don’t need the lasso to know that you’re excited.”

How could Hadrian been anything other than excited? Diana’s clothed crotch ground up against him. Hadrian really wished that he could free his hands and grab her ass.

“Do you think that I wrapped your gifts nicely? Diana asked.

In response, she cupped her breasts through her bra for a tease. It was extremely sexy to see Diana move around. She crawled back towards him and placed her foot on the tip of his manhood, stroking it with her toes. Hadrian jumped up almost all the way off of the bed, with Diana rubbing him off with her foot. To say that it felt amazing to feel her soft soles rub up and down his length would be an understatement. All of the blood concentrated to his loins.

“Would be nice if I could unwrap this gift?” Hadrian grunted.

Diana rubbed his cock head with her big toe. The soft and silky feeling of her feet going up against him made Hadrian twitch. She pulled away from him and examined his cock like some big prize. Diana milked it with both hands, the heat of said hands making Hadrian just swell with endless desire. She had those hands around him, pushing up and then releasing him. His swaying, tensing manhood pushed into her hands.
“Patience, birthday boy,” Diana said. “You’ve brought a nice big candle to the party. Why don’t I blow it out?”

The word blow was given such a sexy inflection that Harry almost came. Diana blew lightly on the tip of his manhood and made him swell even more. Her perfect little sexy tongue darted out of her mouth and rubbed against his length. The heat was very immense and the pleasures of Diana’s mouth, well they were extremely intense.

And Diana deep-throated him, showing her feverish worship on his manhood. Hadrian instinctfully reached for her, only to realize that his hands were very tied up at the moment. Diana worshipped, and somewhat dominated his stiff manhood with her perfect mouth.

“Oh, you know how to celebrate one’s birthday, with a bang,” Hadrian groaned.

Diana squeezed his balls in response. She cupped them, weighed them, and just fondled them skillfully. Diana rubbed her free hand down Hadrian’s body and stroked his strong hands. Hadrian hoisted his way up and hit the back of her throat extremely hard. She released his manhood with a loud pop, Diana clutching around him and releasing him with a sensational feeling spreading through him.

“Keep it up and I might give you a present of your own.”

With her pinky and ring finger, Diana formed a ring around Hadrian’s cock.

“Let’s keep this party going.”

Diana turned around and pulled up her night dress. Her gorgeous cheeks were on display, with the thong string being sucked up her ass. Diana rubbed her ass for a second and teased Harry with her bouncing cheeks. She switched plays, taking a bottle of hot oil from the bedside table and pouring it on the tip of Hadrian’s manhood.

He twitched prior to Diana reaching behind and reverse-handjobbing Hadrian. The oil allowed her hand to travel freely, edging Hadrian and causing him to get this close, oh everything was almost insane. She squeezed around his tool, tensing her fingers around them.

“I know where you want to put this bad boy,” Diana said. “And I want it too….that’s part of your present…my ass bouncing on you. But you like that, don’t you, honey?”

Diana clenched him tight and Hadrian groaned. He wanted nothing else than his thick prick to slide back into her and shove into her perfect Amazon ass. It was beyond anything that Hadrian ever saw in his life. Her thong slipped down and she teased him.

Replacing her fingers around his cock was Diana’s silky toes, encased in the lovely stocking. She crawled away from Hadrian and peaked over her shoulder. Diana’s glasses hung down the bridge of her nose and she blew on her lip, smiling. She looked as sexy as hell.

“Ready for some anal sex?” Diana asked. “We practically invented it, love.”

Diana crawled back and lightly ground her ass against him.

“How badly do you want to stick that cock up my ass?”
“Worse than anything,” Hadrian said. “Worse than me wanting to pull lose, rip off the rest of her clothes and ravish your body. I want to cum all over your face, smearing your glasses in my seed.”

“That’s hot,” Diana commented. “But not as hot as my ass.”

Diana sank down and took her favorite invader deep inside of her. A robust collection of toys that she and her sisters back home on Themyscira enjoyed was nothing compared to the real thing. And nothing compared to receiving Hadrian’s big thick slab of meat as deep into her ass as humanly possible. Diana closed her eyes, chewing down on her lip.

“More, Daddy, more!” Diana purred.

That caused Hadrian to jump up into her ass. Those molten anal walls threatened to drain Hadrian of every single drop. The more movement Diana rocking down onto him, the more she clenched him. Feeling her firm ass cheeks crack against his balls.

Diana dropped her bra casually and splashed oil all over her tits. She rubbed them while hotly driving her ass down onto Hadrian’s meat spear. The deeper it went into her, the more Diana squeezed down onto him. Her ass slapped him numerous times and caused Hadrian to groan in deeper and greater intensity. He shoved as far into her as possible, rising and falling when striking him.

“It’s a real shame you don’t untie me and let me grab that ass when I hammer it,” Hadrian said.

“One minute, hot stuff,” Diana said. “You’re getting close to making me cum.”

Hadrian pushed deeper inside of Diana. He figured they were about due to switch this, given all of the times Hadrian tied up Diana and screwed her brains out. Sometimes in a very public venue. He figured if he really wanted to, he could break the lasso.

“Your ass is so perfect, I can fuck it all day long.”

“I know you can,” Diana said. “Because we have.”

A sultry look cast over her shoulder caused Hadrian to almost lose it completely. He submerged himself as best as he could in the pleasures of Wonder Woman’s wonderous booty. It was up there with Power Girl’s breasts and Black Canary’s legs as the most talked about fantasies of fanboys and fangirls alike. Of course, Hadrian lived the fantasy and lived it buried inside of Diana’s stunning ass. She smacked down onto him, grinding him and pleasing him all over.

“Yes, because we have,” Hadrian grunted the further she milked him. “Oh, that ass...it’s perfect...so perfect...and so mine.”

“Ooooh!” Diana yelled. “YES!”

She howled out those words of pleasure the harder Hadrian slammed into her. He was getting close to breaking inside of her. Diana felt the temptation to let his hands roam free, but decided against it.

Finally, the end came with Hadrian cumming and then Diana came as well. The loud splashes of seed firing inside of her ass. Hadrian’s already prolific output had been helped along with the hot oil rubbed over his mighty cock.
Hadrian drove down into her ass, slapping against her body. Diana closed her eyes and felt the burn inside of her. She fingered herself through the last few inches as she milked Hadrian’s seed.

Diana turned around and then cleaned his cock, first with her hands, then with her mouth, and then using her perfect breasts. Those bronzed wonders slid up and down Hadrian’s length. The oil from them made him pop in and out as slick as possible. Diana squeezed his balls and caused him to jump up and down. She pressed down onto him, sucking his length and then pulling it out of her mouth.

Hadrian felt good, so good, and he also could feel his hands loosening from the lasso. The deeper Diana pushed down onto him, she sucked him nice and hard. Diana licked his tool and then pulled all the way out of him.

“I wonder if you’re ready to be ridden,” Diana said. “How about it, honey? Would you like to see my big oiled up breasts boncing and whacking you in the face? Wouldn’t that be so exciting?”

“You better believe it will,” Hadrian said. “But, I would really like to unwrap the rest of my gift.”

Diana leaned in and smiled, but she did retie Hadrian’s hands to make sure they did not break free before she was ready. She really pushed her luck, and would push so much more. Diana brushed against his manhood and toyed with him, bringing him up to full height.

Sure, it would be worth it for Hadrian to punish her later. But he did trust her enough not to take advantage of him when he was tied up, so there was that. Diana gripped his cock hard and pushed it against her warm opening, almost shoving it deep between her vaginal lips.

“You’ll get your gift the next time I cum,” Diana said.

Her oiled up breasts bounced for him. Those glasses fogged over as well, adding an erotic experience to this little encounter. Diana teased Hadrian a little bit. His manhood jumped up and Diana clenched him. Like the raunchiest cowgirl imaginable, Diana dropped down onto his manhood.

Her tight walls closed down onto him, and Hadrian groaned in pleasure. Diana’s vice like grip threatened to put the drain on his balls yet again. He would have liked to encourage her, grabbing her hips, milking her breasts, sucking on her neck, anything that he could do. However, Diana ensured that he had been tied to the bed and she rocked up and down.

Diana rode his manhood, biting down on her lips. Her glasses tilted down and she looked over him. Her opened night dress showed the Amazon’s perfect tits, and her stockings and garter belt made her look extremely alluring. This sexual angel drove herself down onto Hadrian with all of the practice of a deviant. His well oiled cock buried into her depths and made Diana tingled.

“I’m making you feel really good on your birthday, aren’t I?” Diana asked. “Is my big strong man feeling good? Is his cock about ready to explode and paint my walls white?”

Diana engulfed Hadrian’s body with hers. Her breasts rubbed up and down on his body, perfectly juicy nipples grinding up and down on his chest.

She switched to a reverse cowgirl and made Hadrian watch a bouncing ass that he was unable to touch. Her hair right there put the image of Hadrian forcing her over the desk at work, hiking up her dress, and fucking Diana from behind while pulling on her hair. That caused the cum to churn
Diana clenched the underside of his manhood and staved off his orgasm, drawing out his edge for much longer. Mostly because her orgasm milked his thick, juicy cock. Hadrian slammed as far into her, making Diana just explode all over him.

“I believe you made me a promise.”

Diana pulled him out of her and stood on the bed, caressing his manhood. She slid up his body and caressed him, kissed him, sucked on his earlobe. Slowly, sexily, Diana untied him and allowed his hands to roam free. Hadrian grabbed her ass and flipped her over onto her back where Diana was now pinned underneath him. Diana’s pussy tingled the second that Hadrian pressed himself on top of her.

“You know what, it’s my birthday, I should relax,” Hadrian said when he pulled away from her. Diana took the invitation to ride him and so she did. The two powerful warriors met, with Diana dropping down onto him and squeezing him. She came undone instantly, knowing that Hadrian was not under any obligation to allow her to be on top. She appreciated this day and also his hands snaking up her body until they found the prize that they sought.

“Enjoying your presents?” Diana asked him in a husky voice.

“All day, every day,” Hadrian breathed hotly.

Hadrian grabbed her chest and caused Diana to breathe. The Amazon was having the time of her life, bouncing up and down on Hadrian’s engorged tool. Her body sizzled and dripped underneath the man of her dreams. Diana closed her walls down onto him, and let her juices flow freely.

Now, Hadrian milked Diana’s gorgeous breasts, dripping with the oil that she slathered onto them earlier. Her entire body was a jem and Hadrian needed to touch every nook and cranny. Those vibrant blue eyes locked onto his haunting green eyes made this a very interesting encounter.

“Only I can milk you dry like this,” Diana breathed, digging her nails into the back of his neck and encouraging him to become lost into her cleavage.

Harry was not going to argue, especially with a faceful of Diana’s wonderful chest. She was one of the best, Hadrian would give her that. Her body descended and rose up and down, the faster she planted down onto him. Diana closed her nails down onto her man’s head, moaning in his ear the faster she went down onto them.

They connected in the most perfect way. Diana just milked Hadrian, easing the tension of his balls. Finally, Hadrian sought another prize, a handful of Diana’s ass.

The two warriors came together. The tension in Hadrian’s body, from Diana’s constant riling him up and teasing him, broke free. He groaned, thrashed, and spurted a constant barrage of seed deep into her body. Diana cranked on his tool, moaning hotly and grinding her nail down his shoulder.

“Yes,” Diana breathed. “Perfect.”

Diana slapped her thighs down onto his balls and made sure every last drop was out of them. Her insides just dripped with molten desire the faster Hadrian drove into her. They came to a sputtering
stop, several intense climaxes from Diana later.

After Hadrian’s reserves were spent, Diana pulled away from him. A brief nuzzle against his cheek, as the two leaned in together. Hadrian smiled and wrapped his arms around Diana. He lightly stroked the Amazon’s silky black hair and enjoyed the feeling of her fit, perfect body pressing against his groin and chest. She was perfect, a goddess in every sense of the world.

“Just wait until your birthday, Princess,” Hadrian hissed in her ear.

That promise caused Diana’s pussy to throb, causing cum to leak from her in the process. She wondered what Hadrian would have in store for her.

The air of mystery and his very busy hands casually massaging her body, made Diana wonder indeed.

Only a few more months, and Diana would see. She looked forward to seeing how Hadrian would pay back this favor.

End.

“OH FUCK!”

Those words come out of the mouth of the woman which shoves down chest first onto a stone tablet. Her legs dangle over it and spread enticingly for the man behind her. Every inch of her body shifts into a lightning rod for pleasure, and the pleasure only increases every time the man behind her feels up every single part of her burning flesh.

Megara feels like she bit off a bit more than she can chew and loves every single last minute of it. The hands of the handsome man behind her makes her body light up in far more pleasure than she can ever imagine. This pleasure just increases with each passing second. Each passing second brings her to greater pleasure.

His hands move to her ass and squeezes it. They shift between her legs and start feeling up the scorching slit.

“I told you no one can bring you the pleasure I can.”

What she assumes is boasting and arrogance at the start ends up being something even stronger. Harry’s fingers push against Megara’s scorching slit. He pulls a finger out of her and then drives into it one more time. Her pussy drips wet and Harry knows all of the ways to hammer her buttons and to get a reaction out of her. And getting a reaction out of her is something that he wants.

“Tell me that you want me to fuck you and I will.”

Harry presses his naked body against hers from behind. His throbbing hard cock dances down the back of Megara’s leg and starts taunting her about it’s size. Megara’s eyes shift over with a burning, and unstoppable lust which only burns brighter the more Harry plays with her.

“Yes.”

She lets out these words in a prominent hiss. There’s nothing else on her mind other than the sex which is to come. The sex which Harry plans to give her in a matter of minutes. That big cock burns into Megara’s mind and she wants nothing else other than the pleasure which is going to come for it.

Each finger dances down her back and teases her. Megara wants him and almost turns around to face him. Harry’s hands place on her waist and forces her down.

“I’m a slut for that big cock. Give it to me...give me pleasure like no man or god ever could!”
The words burn and make Harry just situation his cock at her steaming hot entrance. Megara opens up the gates and wants him inside of her in the worst way. He can feel it, sense the arousal just burning off of her body. Harry holds onto her waist from behind.

“Fuck...fuck me!”

Harry’s massive cock slides down her extremely wet and gushing slit. Megara parts her thighs and prepares to get Harry’s cock deep inside of her. The hunger he feels from this woman is only going to make him take his cock and shove it as deep inside of her as it would go.

“Today’s your lucky day.”

The first few inches of Harry’s cock slides deep inside of her and Megara clutches onto the stone tablet. Her breathing escalates. Harry really makes her feel these inches of cock. It’s almost splitting her pussy apart and she loves it to be honest.

Her nails dig into the stone tablet the further Harry pushes himself inside of her. She wants more and Harry is going to give her more than what she can handle. Inch by inch his cock slides into her tight pussy and causes Megara’s eyes to nearly cloud over with the feeling of never ending and burning lust.

“TAKE ME!”

Those screams, that cheer of lust brings Harry sliding deeper inside of Megara. She clamps down onto him to the point where there’s little room inside of her. Harry pulls himself almost free from her and then slams into her one final time to rock her body to a point where it feels beyond good.

Harry slides in and out of her to work her wet pussy. He’s gaining momentum at a rapid rate. It is not going to take much to set Megara off. He knows this and wants to exploit in.

He feels sensitive spots all over her body. Megara holds onto the table, biting down on her lip. Pleasure keeps dancing down her body the further Harry pushes into her. His throbbing balls slap their way against the back of her leg and send pleasure.

“You can feel the warmth. Your pussy is closing in on my cock. I bet it would feel so empty without me, wouldn’t it?”

“So empty.”

The cock sliding out of her doubles down on the emptiness Megara feels without it. She needs more of him inside of her and needs it in the worst possible way. Harry holds his hands against her hips and shoves more of his cock into her tight vice. It stretches her out and causes Megara’s eyes to just water over with pleasure.

She drips wet and allows his cock to feel into her tight pussy from behind. The smack of his balls against the back of her thighs shoots waves of pleasure all over her body.

“It’s time for you to cum for me, Megara...it’s time for you to cum.”

Meg’s body turns into a lightning rod of pleasure. He thrusts deeper inside. Each time he enters her, Megra feels a rebirth of source inside of her body. He plants kisses down her body, caresses all over it. He cups her breasts and takes full advantage of how sensitive they are to really make every
inch of her scream in delight. A constant and never ending wave of pleasure just assaults her body.

“Time...time for me to cum.”

Harry hammers her all the way. The image of Megara over the stone tablet and fucking her senseless is one which will enter his mind for a long time. And this is a long time coming. Harry plants his cock deep inside of her body and pulls almost all the way out before driving inside of her.

Megara clutches him between her warm walls and the juices just flow out. Harry slides into her with his cock hammering her with every single inch of the way.

She breathes out and Harry holds onto the ride.

“Once you cum once ,you’re just going to keep cumming. Every time you think of my cock, you get a little wet. Every time you think about me bending you over and taking you in every way possible, you’re going to cum.”

“You...really think so.”

She cannot help and say this in a very sarcastic and snippy manner. Harry rams her into the tablet and pulls back with a smile etching on his face.

“I know so.”

Harry rams his big cock into her tight body and fills her completely up to the brim, to the point where her pussy just closes in on his big manhood. He pulls almost all the way out of her and drives into her. The tightness Meg offers him makes this feel beyond good. He cannot slow down and quit fucking her.

Nor does she want him to by the feel of things. Her body turns into one endless lightning rod for pleasure. One endless canvas for Harry to keep driving his cock deep inside. Harry pushes inside of her and then pulls almost all the way out of her. He slides his cock against her head.

“Time to switch things up.”

Finally, he pulls Megara up off of the tablet. He spins her around and the two of them kiss. Meg’s nails dig into the side of Harry’s face to deepen the kiss. His fingers dance on her body. One of her legs shoots up and wraps around his waist to pull him just all that much closer.

Harry drags his fingernail down the side of Meg’s legs and causes her to moan into his mouth. Harry repeats his actions, and Meg sinks her nails closer and closer into the side of Harry’s face. The kisses just grow deeper the more Harry plays with her. And the more Harry plays with her, the more she enjoys pretty much everything he does to her.

“Sooo good.”

The tablet Harry fucks her on gives way to a lavish bed.

“Sure, when you get to lay down, it’s now a bed?”

“Because, you didn’t get off on being fucked on solid stone.”
Harry tugs on her nipples with Meg straddling him. He takes a handful of the woman’s tasty ass. The spunky brunette grinds her pussy against Harry’s cock tip and works closer into him. She almost, nearly, holds Harry completely onto her. His cock slides against her warm pussy.

Each inch of her pussy slides over him and now Harry pushes inside of her.

“Shit! You’re bigger when I’m on top!”

Not that he was small before. That’s for sure. Meg holds herself down onto the base of Harry’s cock and starts wiggling about him. Every inch of his immense manhood shoves deep into her tight hole when she rides him. And she’ll ride him to the very end.

The bouncing beauty just spearing herself down upon his cock gives Harry a pretty good visual buffet of action. He reaches up and touches her nipple to send sparks flying through her body. Megara clamps down and releases him.

“You like this? Mmm, I know you do! Because I like this big cock just spearing into me and making me feel more alive than I have ever been? Take it...take it and shove it into my tight pussy! Give me everything that I’ve ever wanted and then some more...give it to me hard!”

Harry holds onto her back and slides Meg’s tight pussy down onto his cock with a few more thrusts. She bounces up and down on him with pleasure dancing down her body. Meg bites down on her lip and releases it in pleasure.

She cums one more time and Harry just buries more of himself into her. He keeps working his massive cock into her tight hole. She can feel it. The size of his balls and the desire only doubles for her to want him to come.

Meg bounces up and down on Harry. Her beautiful body descends and rises. Those nails teasingly rake him and her mouth opens up. Harry visualizes what is to come next. His balls crack against her and he gets closer, and closer.

“My turn now. I hope you’re ready.”

“Honey, for a load that big, I have to...be!”

She hits the high note the further Harry drives into her body. His balls keep slapping at her and makes her breath in pleasure. Harry cups her amazing chest and releases it.

The end comes with Harry driving up into Meg’s tight pussy. His manhood tightens and then starts to spill deep inside of her warm hole. Harry plants his thick cock deep inside of her and then his cum follows in a spewing rush. Meg clamping down on him and making sure she gets every single last drop feels beyond good.

“Fuck, there’s so much cum!”

“I know, and it’s all for you! I’m going to wreck you forever.”

“Mmm, is that what they’re calling it now?”

Harry’s fingers push against her ass and slide into her hole, sliding loosening it up in time with
spilling his seed inside of her. His balls hold a lot in the tank and keep working her over. Meg
clutches down onto him with a small amount of drool just falling out of her mouth.

The last bit of cum shoots inside of her pussy. Meg almost falls forward from the force that it
rockets inside of her body. She’s overflowing with cum and her stomach is obviously swollen with
it.

She turns around, just in time to get Harry’s finger in her ass deeper than ever before. He pushes
against her cheeks.

“You didn’t think we were leaving before we got down to the main event? Hope you enjoy my big
cock in your ass...and if you don’t...well time to learn.”

“Mmm, I think I might. I am Greek.”

Meg’s snug asshole opens up for Harry. Harry penetrates her from the back door with his aching,
massive cock stretching her out.

“OOOH FUCK THAT'S BIG!”

Granted, she knows it’s big, but there’s a difference of a big cock going into your pussy, and a big
cock going into your virgin asshole. The juices from their previous encounter stretch Meg
completely out. He holds onto her chest for leverage while planting himself into her.

“You’re so tight….I’m going to enjoy this. Are you enjoying that? I bet you can...I bet you can’t
think of anything other than my big cock in your asshole.”

“It would be rude...not to considering it’s here now!”

Harry buries his cock deep into Meg’s snug asshole. He pulls almost all the way out of her and
keeps slamming into her. The repeating thrusts drives more and more of Harry inside of her. Meg
clutches onto the bed. She cannot believe how good this feels.

He can tell she feels good, due to the overflow of cum coming from her pussy. Something Harry
helps along by rubbing her clit.

Shocks of power drive both of them over the edge with fits of pleasure. The deeper Harry plants
inside of her asshole, the more her juices flow. Harry cannot get enough of Meg’s tight, snug back
passage. He wants to bury as much of himself in her as possible.

Meg’s eyes glaze over from the pleasure. Harry keeps her in check and keeps fucking her in the ass
like it should be. Those balls size up pretty quickly.

“You enjoy just subverting women to your will? You love taking them and filling their holes,
making sure no other man can compare again? You like that...don’t you?”

“Well, guilty as charged.”

Harry buries his big cock into her snug asshole. Meg clutches his leg and lets out a very sharp
breath. The deeper Harry plants inside of her, the more she becomes submissive to him and his
large cock.
“And I’m guilty as hell of enjoying this ass and every little benefit there is with fucking it!”

He slams into her hard one more time and Meg almost loses it all together. The shutdown of her mind shows just how much she enjoys the thrillride.

Thrillride runs to a close one more time. Harry’s cock swells in her ass and pushes deep into her. He situates himself and buries his seed inside of her warm asshole from behind.

The end comes with Harry finishing his latest load inside of her asshole. Both lover see stars with Harry riding her tight hole to a very sticky conclusion. He sees stars when finishing up inside of her.

He pulls out to leave Meg dripping and thinking about his next encounter. And there will be others. End.

Allure(Batwoman)

Breeding Ground Chapter 323

Allure(Kate Kane/Batwoman from DC Comics)

Kate Kane thought tonight would be the night that she would do something extremely daring. The alluring young redhead had always been very confident in what she wanted and most of the time, she wanted women. However, she wanted something different tonight. It was the first time another man had caught her eye ever since her high school days. The irony was that time the man she was interested in preferred the company of other men. Which was a heartbreaker, but perhaps Kate should have not been blinded to the signs.

This time, Kate knew she would not have that particular problem. Her eyes locked onto the handsome young man from across the way. Green eyes, dark hair, and a very fit body, one which caught Kate’s interest one hundred percent of the way.

Kate made sure she looked presentable, dressed in a very tight red dress and stockings. She balanced on heels when walking over towards them.

“Harry!” Kate called from across the room.

“Oh, hey, Kate,” Harry called to her with a smile on his face. “How are you tonight?”

“Good,” Kate said. “But...you know, things are getting a little stuffy in here...there’s a lot more room upstairs, if you want to follow me.”

Here, Harry had been a bit surprised, but Kate had been giving him the eye for several weeks. And she was extremely attractive and he was not the first...well the first women who thought she was only into women who he attracted over the past number of months. And Rowena’s theory about most women being bisexual, just with a stronger preference to one gender or another reached.

“Lead the way.”

Kate took Harry’s hand and was surprised to feel how soft his fingers felt in hers. But, yet despite the softness of his hands, it was nice and strong. Not to course, not to delicate, just right, and Kate thought she was going to have a lot of fun with this, escoring Harry up the steps.

“So, Maggie let it slip that she slept with you, and so did Renee,” Kate said. “You don’t have a type, do you?”

“Beautiful women?” Harry asked her.

Kate just smiled her smile and wondered if she should make this move. Other than one failed attempt, she had never kissed another man. But, this was Harry, and this was something that. They moved past the doors and into Kate’s bedroom.

“I’m nervous,” Kate admitted to him.
“You don’t have to do anything that you don’t want to do,” Harry assured her.

“No, it’s not the fact that I don’t want to do it,” Kate said. “It’s the fact that I might screw it up that I’m worried about. I mean, my relationship record hasn’t exactly been the best with other women, so why would it be good with other men and then….”

Harry decided to take the step and kiss Kate in mid-sentence. She had been surprised, and cupped his straw jaw, tracing up it. His tongue danced against her lips, lightly massaging it. Kate leaned into his mouth, sucking on his mouth. She wanted her tongue inside, the small taste she got of his mouth was good.

He lifted up Kate’s leg and his fingers inched towards her panty line. Her stockings were so soft underneath his hand. She breathed into his mouth.

Harry pulled away from her and then spun Kate around. He wrapped her legs tight around it.

“Mmm, packing a pipe in your pants?” Kate asked him.

She...she never saw one outside of accidentally walking into an orgy. Harry very lightly ground himself against her ass as her dress rode up. He lightly traced down her face and kissed her on the side of the neck. The redhead squirmed underneath.

“Or is it some kind of weapon?” Kate asked. “Are you going to rob me blind?”

“Why don’t you get me out of my pants and find out?”

Kate moved over. Well, at least she could remove a pair of pants, given that Renee favored wearing them most of the time. She pulled it down and then Harry’s pants, to reveal a large throbbing rod, attached to him. The scent coming from him was sweet, and caused Kate to be dazed. She never thought a cock would smell this good and she had to put her hand on it.

“You can touch it all you want,” Harry said. “I don’t mind.”

She rubbed up and down the sensitive cock and pushed her finger around him. Kate tugged his manhood and put her mouth onto it. The head tasted as good as it looked, with Kate very lightly trailing her tongue down around him. She was seconds away from pushing down and doing something, amazing, and something daring.

Then, without another word, Kate pushed her mouth down onto his length, sealing it into her mouth. She never thought this was going to happen. Not only was she sucking a cock, but she was enjoying it. Harry stroked the back of her scalp and lightly played with her hair. Her warm mouth sealed up and then smacked around him, hungering for lust.

“You’re such a good little cock sucker,” Harry praised her. “You’re a natural...but maybe you should slow down a little bit, savor the moment.”

Kate did as she was asked and it was pretty good as well. She pulled out and swirled her tongue all over Harry’s manhood, making him drip with moisture. Kate pulled all the way away from him and kissed him from the tip and all the way to his length.

Then she tried to deep-throat him, but maybe that was a little bit advanced for her.

“Slowly,” Harry told her. “First you need to walk before you run...a little bit…”

Those lips wrapped around his length with Kate experimenting with what worked and stroking his
manhood. His thick manhood slipped deeper and deeper inside of her body, slapping down onto her tongue and then pulling all the way out of her mouth.

“I want to taste you as well.”

Kate’s panties almost came off. She enjoyed Harry’s tongue in her mouth, but would it be just as amazing to feel him go down onto her? Kate’s nipples stuck hard as a rock out from underneath her dress. Harry put his hands underneath her and hiked her up. Running his hand down her flat stomach and then all the way down to her wet mound, Harry put Kate in the palm of her hand.

She had a clean strip of red hair against her pussy. Harry leaned down and lightly kissed her. She breathed in heavily and Harry moved into position. His wet tongue brushed up against her slit and took Kate several steps beyond the edge.

Kate opened her legs in an attempt to entice this gorgeous green-eyed man inside of her pussy. Harry dove down and licked her, inhaling her wonderful scent. Kate pushed her hands down onto the back of his head, being assertive. She was as hot as hell and twice as horny.

Harry moved into her, circling his tongue around her. He pulled out and kissed her on her right inner thigh, nibbling on the flesh. Kate gasped and Harry stroked her clit a little bit more. He switched tactics and sucked on her left inner thigh as well before moving closer to the edge and then digging his tongue against her wet slit. He inhaled her juices and then dove down inside of her.

“Mmmm!” Kate breathed heavily.

This devious angel of a man was hitting all of her bottoms. It was just as good when one of her girlfriends went down onto him. His strong, but soft hands, rubbed her thighs when moving against her. His tongue circled around her in patterns, leaving a trail of juices coming down her.

Then, Harry made Kate hit her peak. She pushed a hand down onto Harry’s hair and made Harry drive face-down into her wet mound. Harry sucked the juices from her and sent Kate into a spiral of sexual lust. She still wore the dress from the party, which made this even more alluring.

Harry lapped up her pussy, practically worshipping her. He caused Kate to peak at least two more times before she almost collapsed into a lustful moan.

Harry rose up from Kate and smiled down upon her. Kate shakily rose up to her sitting position and locked her eyes onto Harry.

“Still with me, angel?” Harry asked her.

Kate smiled and slid over to meet Harry in an embrace. Her legs draped over his when the two of them kissed. Harry moved her forward, Kate’s breasts almost tumbling out of her dress. He tilted her back on the bed and kissed her a couple more times.

After laying out Kate on the bed, Harry rubbed her slit a little bit more.

“That dress looks beautiful on you,” Harry said.

“Thanks,” Kate murmured. “But, I think that I look even better on you.”

With a sure-fire grin, Kate pulled herself up and she kissed the hell out of Harry one more time. She could, if Kate dared, mount Harry and ride him like a prized Mustang. However, Kate was intending to grind herself up against him, teasing Harry. Harry pushed his hands down her legs and
felt her up.

Oh, Kate never thought that this would this far. Perhaps, she intended to tease him a little bit, maybe see that Harry could not affect her like he affected other lesbians. But, now Harry hand his hand up her dress and rubbing her pussy and Kate could not get enough of his touch on her. They kissed each other, multiple times, leaning in and nuzzling each other.

They were going to go all the way, Kate was sure about it. She was no virgin, but the fact that she was going to take this step with a member of the opposite sex, well it sent tingles.

“Don’t worry, just because you sleep with me, does not mean that you will be attracted to women any less,” Harry said. “So, you’re still being true to yourself. In fact, you’re being more honest with yourself.”

Kate wondered what the hell that meant. But any questions faded off into the night, when Harry hoisted Kate almost all the way up. She was one inch away from dropping down onto his manhood and Kate wondered if she wanted this.

“Only you can decide where we go next.”

“Oh, typical man, leaving the hard decisions to me.”

However, Kate did not have any anger in her voice, but rather amusement. She knew that it would be up to her to face her fears of screwing this up. Kate shoved Harry back on the bed and rubbed herself up and down onto him. She realized now how big he was and she was a bit nervous.

Harry lifted his hand and slapped it on her leg. Her right leg rubbed up against him and her left leg did the same thing. Kate slipped the straps of her dress down and rose up, to slip it off of her.

“I know you like that dress,” Kate said. “But, it was getting in the way.”

Kate, wearing nothing other than stockings, with her pale skin shining in the moonlight, was a sight to see. The heiress’s red hair plastered against her face as this sexy woman was about ready to push against him. Harry hissed and enjoyed Kate up against him before she took the plunge.

“IT’S INSIDE ME!” Kate howled. “AND IT FEELS SO FUCKING GOOD!”

The howls she made the second Harry slid deep into her made him smile. But she did not need to make a sound, for her snug walls tightening around him told the story and then some. Harry put his hands on her hips and rocked her forward.

Kate never really thought that she would enjoy having a real flesh and blood cock inside her this much. But, Harry destroyed all of her expectations and made her enjoy this. He slowly and subtly worked her orgasm, clutching down onto him.

“Yes, so good,” Kate breathed. “Cock so perfect.”

“So is your pussy,” Harry said. “It’s gobbling me up.”

“Guess, it hasn’t had enough meat,” Kate said, blowing a drool bubble with her pouty red lips.

Kate breathed in and out, her flesh smacking against his. She was feeling it, ten times more intense than anything. Harry did not wreck her too fast. Her orgasm climbed up her body, his hands moved into a perfect position to stun her. Kate turned her head around, breathing in and out numerous times, with Harry cranking himself deep into Kate. His strong flesh slapping down onto her, his
balls getting ready to taunt her and tease her that much more.

“Oooh, babe, you know how to hit all of the right spots,” Kate panted.

Harry just smiled and tweaked her nipple a couple more times. He was up and she kept bouncing on him. Her eyes glazed over and Harry worshipped her breasts. They felt so good in his hands, so firm, so perky, so delicious. Kate clawed the back of his head and thrust herself over.

She came extremely hard for him. Kate slapped her thighs down onto his swollen balls and worked around his thrusting rod. She entered a state of sexual europia, almost like these had been drugged and had all of her deepest, most subconscious fantasies fulfilled.

The only thing was this was not a fantasy. No, this was rear. Kate’s warm walls tugged at him, attempting to coax him to completion. This night would not be completed without Harry cumming inside of her. Despite all sense to tell him to pull away, to cum all over her face or tits, and not inside of her pussy, Kate just clung on tighter. Her body became one with his.

She would not allow him to pull out, even if both of them wanted to. Kate wanted this encounter to end, with his balls exploding and pasting her body with cum.

“You’re hot,” Kate breathed and kissed his ear. “I should have done this a long time ago.”

More kisses followed, worshipping her man. Her tongue coaxed inside of Harry’s mouth, and Harry sucked on her tongue, making her moan. Harry groped her ass and pushed her down onto her. They pulled away, lips puffy and swollen, and dripping with sweat.

“Made it worth the wait!”

Kate planted herself down onto him. She wondered how long he was going to be.

“I’m going to drain your balls,” Kate said. “Do you get off on that, big boy? Some slutty lesbian draining your big manly balls, shooting your seed into my body….maybe you can knock me up? Wouldn’t that be a scandal?”

Harry twitched hard and smashed deep inside of Kate’s pussy. She could go a long time, and Harry decided to milk the moment along with her tits. He pushed her back onto the bed and allowed Kate’s grip to tighten heavily. Her legs pressed against Harry’s muscular leg, her heels digging in. His swollen balls slapping down onto her flesh repeatedly.

Kate screamed herself hoarse at the next orgasm. Finally, it was Harry’s turn.

“Are you s….”

“DON’T YOU DARE PULL OUT OF ME!”

Kate almost broke her nails digging so hard into his harm. Harry looked amused, the formerly proud lesbian looked like she would break into tears if he did not pull out of her. Granted, that just proved she was up there with the other women who Harry slept with.

Harry brushed his hand up and down her right leg and did the same to his left. He did about a thrust per second for thirty seconds and denied Kate for another thirty seconds before repeating the process again. He got her plenty thirsty for his seed.

“All mine,” Harry said. “Time to get your reward, Kate.”
“Mmm, I want to feel those balls just burst,” Kate breathed. “You must have enough to seed every woman downstairs.”

“I just might,” Harry groaned.

Harry bottomed out inside of his newest lover and planted his seed deep inside of her womb. Kate clutched onto him and milked him, careful to drain his balls completely down.

Kate closed her eyes, those balls just never stopped giving the gift. His seed gifted her with pleasure and enjoyment, with Kate clutching him tightly. She breathed in hungrily, her body receiving pleasure, and a constant rush of cum.

It felt so good to bust his nut inside of this redhead underneath him. Harry would have to do it again constantly.

Harry stopped pumping and just laid on top of Kate. The two fierce lovers showed there was still some fire, exploring each other’s bodies, and kissing each other madly. Kate sucked on her new lover’s ear and moved closer to it. She licked it and whispered.

“You know something?”

“Yes?”

“I hope you have life left in you,” Kate said. “Because, I want to do this all over again.”

She rubbed her crotch against his in response. Blood returned to Harry’s loins and pressed hard against Kate’s firm thigh. She got the answer for what he wanted and then some more.

Another one for Rowena’s theory of all women being bisexual.

End.

Next Chapter: 12/10/2018.
Excitement bubbles through Elsa and Anna. The two of them prepare to go downstairs and celebrate their anniversary with their husband. They do not know what fun and games this anniversary celebration will bring, but they honestly cannot wait. Elsa dresses in a blue set of lingerie, with a lacy corset, a thong, garter belt, and stockings. Anna favors a darker green set, with a bra instead of a corset.

“He said he would be here?”

Anna’s voice bubbles with excitement. Elsa just smiles and puts a hand on her sister’s shoulder.

“Yes. He’ll be here. And he said that there will be a big surprise for us waiting downstairs.”

The two sisters cannot wait for the meeting they have. Anna opens the door without knocking.

The big surprise causes Anna to gasp in surprise. A hand reaches the top of her mouth as she cannot believe her eyes. The visual stuns her for many reasons. That visual involves a gorgeous redhead on her knees with Harry’s cock inside of her mouth. She repeatedly sucks on it, hard and multiple times. The loud popping of mouth on groin causes Harry to latch onto the back of her head and drive into her.

There’s a few seconds before Anna realizes something, around the same time Elsa did. Elsa’s eyes just flash over in numb shock.

“Mother?”

They speak out this world at the same time. Their mother, not only alive, but pleasuring their husband. And young and beautiful as ever, with her locks of red hair brushing against his balls. Harry looks up and smile.

“Iduna, honey, your daughters want to say hello to you.”

Iduna releases Harry’s cock from the confines of her mouth and turns around with a big smile on her face. Elsa and Anna tremble when their mother fixes her gaze.

“Hello dears. It’s good to see both of you...and to see how nicely you’ve both grown up.”

A second passes before Elsa finds her tongue just as Anna hugs her mother.

“How can…..”

“Harry brought me back. Or rather pulled me out of time a second before death and healed me.”
A second passes before Elsa nods. She turns to Harry who smiles.

“Happy anniversary.”

Elsa throws her arms around Harry’s neck and kisses him. Harry wraps his arm around his wife’s waist and returns the favor. Her breasts poke out the top of the corset and Harry reaches underneath to squeeze them.

Anna, not to be undone, moves out of the way to kiss Harry. Then both sisters take turns peppering the side of Harry’s neck with kisses and keeping up with the pleasure on her. The few kisses pleasure Harry with Anna wrapping her hand around Harry’s cock and pumping it. Elsa moves down and goes to suck his balls.

Iduna watches her two daughters exchange a very lovely greeting. She looks at their beauty and feels a heat just emitting from her loins which needs to be dealt with sooner rather than later. She takes in a couple of very deep breaths when keeping her eyes locked upon those of her daughters. She nibbles on her lip and releases the pleasurable moan.

Harry reaches in and fingers Iduna’s pussy to let the pleasure just cascade down her. Her thighs ache and Harry’s probing fingers are just the vessel to release the pleasure through her body. Iduna throws her hips back and forth to meet Harry’s thrusting fingers. He pinches her clit and sends her into overdrive.

The beautiful family around him makes Harry’s excitement only hit a fever pitch. Elsa and Anna take turns pleasuring him.

“Looks like you’re going to get a second birthday surprise.”

Elsa, almost quips at him, but with his cock in her mouth, it becomes increasingly difficult to do so. Elsa just pops her mouth rapidly around Harry’s engorged tool, going a bit deeper with each thrust. Harry holds tight on the back of her head and face-fucks Elsa with glee. She looks up at him, her nipples stiff as can be. The deeper Harry plants his cock in her mouth, the more it excites her.

Joining her sister in pleasuring their husband and their mother being back alive can be a pretty good feeling.

The next movement leads to Harry laying back onto the bed with his legs dangling and his two lovely wives sucking him off some more.

“Come here.”

Iduna crawls onto the bed and massages Harry’s muscular chest. She leans down and gives him more kisses before climbing atop of his face.

Her pussy lines up right underneath Harry’s tongue and able mouth. The sorcerer holds onto Iduna’s ass and runs a finger down the back of her leg. The first droplets of honey splashes into her mouth.

Elsa looks up from her cock sucking to see Harry eating out her mouth. It causes a tension to rise into her. Anna slips a finger between her legs, like a good sister show, and fingers her to a rapid conclusion. Elsa returns to getting the other gift she wants by sucking Harry off.
Anna’s mouth suctions on Harry’s balls and then she teases his asshole with a brief lick, feeling particularly naughty. She feels the weight in his balls and they are pretty full. The two sisters keep up the pleasure and it will not be too long before Harry’s about ready to go.

The first blast of cum strikes fires in the back of Elsa’s throat. Elsa sucks down his cum like a dying woman needing water in the desert. Her intense thirst makes her feel a craving for his cum, which only increases the deeper she shoves her mouth onto his cock.

The hunger just doubles, despite her mouth bubbling over with too much seed going inside of her. Her finger dances down the length of his cock. Anna squeezing his balls helps coaxes out more cum.

A few seconds pass before Elsa comes out. A strand of cum dribbles down her mouth. Anna reaches in and touches the strand to yank it off of her sister’s face. She licks it clean with love and adoration through her eyes.

They move in to kiss each other. Elsa and Anna run their hands over each other’s sexy bodies and turn around. They watch their mother pull off of Harry’s tongue so he can see them working out. His cock slowly comes back to life and Iduna crawls down.

“I like how my daughters are getting along.”

She sucks the same cock they have been sucking earlier. The redhead MILF lavishes Harry’s cock with her talented tongue and very able mouth. She takes Harry deeper into her mouth and her eyes bulge out in a very expressive and extremely sexy manner. A hand touches the underside of his cock and she pulls it up to slide into her mouth.

Iduna blows him with more ease than ever before.

Anna pulls away from the kiss and turns her sister around.

“Age before beauty.”

Elsa just rolls her eyes and Anna pinches her ass before moving her hand to grab Elsa’s wet pussy and caresses the folds.

Harry’s cock stands up at attention for Elsa to have her fun with. Harry beckons Elsa over and she pulls her thong completely off to reveal her wet pussy for Harry.

“So, are you going to give me the other thing I want?”

Iduna just smiles on the other side of the bedroom and wraps an arm around her youngest daughter. She shifts behind Anna and rubs her large breasts into her daughter’s back to cause her to whimper.

“Are you going to make me a Grandmother, Harry?”

Elsa’s wet pussy clenches the tip of Harry’s cock at the thought of Harry knocking her up on her anniversary. The fingers touch Elsa’s nipples and causes her to descend pretty much all the way down onto her. She takes more of his cock into her tight vice and makes her moan the second she drops down.
Twelve inches of Harry’s cock parts her walls and touches the insides. Elsa picks up the momentum and rides Harry like the prize race horse she knows that he is. His hand darts over her chest and sends Elsa over the top in a fit of pleasure. He pulls her nipples and causes pleasure to roll over her body.

She escalates her bouncing on Harry’s cock. The thick member slides in and out of her at a rapid pace.

“It’s been too long, hasn’t it?”

“Yes, a couple of days. Much too long.”

Elsa bounces up and down on Harry. She’s going to enjoy the other part of her anniversary surprise. Those hands light up pleasure in her body. So much magic course through them.

The tightness of Elsa’s welcoming pussy guides Harry deeper inside of her. Her nipples turn as hard as ice which gives Harry a nice visual treat with Elsa bouncing up and down on him at a rapid and constant rate. She slides down onto him and releases him with a coo releasing from her mouth.

“This is sooo good!”

Elsa breaths out and takes the thickness deep inside of her dripping hot pussy. She guides him in and out of her with a few more thrusts.

Meanwhile, Anna’s legs spread and Iduna rubs her fingers down her nether lips. A very ample amount of taboo pleasure courses all over Anna’s body. She cannot believe this. It’s like a dream come true for her, and this dream is about ready to spike in absolute naughtiness.

“Just getting you ready to perform your duties, my dear.”

A finger slides deep into Anna and Iduna feels her daughter react to her. She’s sensitive in certain spots. And as her mother, Iduna finds it a duty to prepare Anna for what’s to come. She wriths in pleasure underneath Iduna’s finger.

The sounds of her oldest bouncing down on the mighty spear invading her makes Iduna shift her spare hand between her legs. Despite the fact Harry finishes eating her out not too long ago, Iduna wants even more. She wants so much more and her fingers twist and twitch her clit. Iduna’s nipples ache even more at the thought of what might happen for him.

She decides to go further than fingering her youngest daughter. The sexy girl on the bed reacts as her mother’s tongue dances into her pussy.

Burning pleasure spreads through Anna. Something about this seems so naughty, even after all of the times Anna and Elsa play with each other while waiting for their husband. Still, the pleasure Iduna gives her is not an unwelcoming action. On the contrary it’s very welcoming.

“Please, Mommy, lick my cunny.”

The breathing comes from Anna as her nipples stand up craving attention. Her mother’s face between her legs sets up a chain reaction of pleasure.

Hearing the moans of her sister only adds more fire to Elsa’s already burning desire. Harry looks...
up at her.

“Just let it go.”

Elsa almost cannot let this one go. His fingers tense over her lower back. Then, Harry switches to Elsa’s nipples and tugs on them. He leans up and buries his face into her chest. Elsa tightens down onto the back her husband’s head and keeps driving more of herself down onto him.

“Yes! Oh yes! Deeper! Harder! Please!”

The sound of flesh upon flesh riles up Elsa even more. His hand darts against Elsa’s back and pulls her closer towards him. She stretches over his cock in such a way which she causes him to enter a chamber of heated pleasure. Elsa’s juices trickle down onto him.

Harry pushes deeper inside of her and pulls almost all the way out. He buries deeper inside of her body and pulls almost all the way out. His fingers grab Elsa’s nipples and tug on them. The stimulation just rocks her body and makes Elsa almost black out from the increasing pleasure.

She cums first and moistens the canal for Harry to slip inside of her. She can feel him just burying inside of her womb. Getting closer, closer, closer. Each thrust brings her further delights. The sounds of her sister and her mother also brings Elsa to a peak.

Harry’s already edging her closer to another orgasm and makes her explode over him. She coats his pelvis with her clear cum. Elsa’s nipples grow a bit higher.

Icicles hang off of Elsa’s stiff nipples which present a very alluring sight to Harry. Harry brings himself closer and closer to the edge. He can feel it, feel Elsa’s body just merging with his.

The heat surrounding the top of them makes Harry thrust up. Elsa impales herself down onto him in response and causes the tension in his loins to almost break.

“Closer, darling.”

“Put a baby in me. Give me my daughter.”

Elsa’s snug walls clamp down onto him. Harry groans when she milks him with each thrust of her orgasm. He pulls on Elsa and the two make out for the final few thrusts. Harry tightens his grip around her ass and makes sure he buries deep inside of her.

The cum fires out into her and coats her insides. Elsa’s cries of delight only make Harry want to plant more of his life-giving seed deep inside of the Queen’s fertile womb.

Elsa holds onto him all the way and mutters heated words of thanks for this gift. Every blast of warm seed just lights her up all over.

She shudders down to a very rapid stop. Her pussy still sings from the release. She keeps dropping down and allows him to fill her up completely to the brim.

Finally, Elsa pulls herself away from Harry. A smile crosses over her face the second she leaves him. Her pussy overflows with cum and it’s a pretty good feeling.

Harry turns around after his release and gets a nice sight which brings his cock steadily back to life.
Iduna’s beautiful face driving deeper in between Anna’s thighs. She turns around with Anna’s honey coating her face.

“Anna’s ready, honey.”

“I can see that.”

Iduna takes herself a very intense kiss on Harry for the road. She feels up his strong body and his hands ghost over her sensual body just the same way. She knows she’ll get some at the end of the road. The pleasure of her daughters comes first rather.

Anna lays on the bed and her pleasure only is bound to increase. Her handsome husband crawls on top of her. Anna’s eyes widen.

“I’m wet and I want you.”

She parts her thighs for Harry to see. A smile crosses over Harry’s face the second he touches her. Anna’s hips jump up underneath his touch and her moan only accelerates.

“I can see that.”

Harry slides in between her legs. Anna wraps her legs around his ass to pull him in. The two lovers prepare to enter that age old mating dance. Harry practices a very familiar move by driving into her. Anna holds onto his hand when he drives deeper inside of her.

“Finally! It’s…it’s wonderful!”

She comes out with a very passionate coo the second Harry drives into her. The feeling of Anna’s sultry body squirming underneath him only amps up what Harry’s doing. He wants to bring pleasure to this sexy vixen. Anna’s wet pussy closes down onto him and releases him.

“I would agree. Perfect.”

“Oooh, you feel so good. So warm….I want you inside me. So deep right now!”

Harry holds down and pistons his manhood deep inside of Anna’s welcoming hole. She clutches him with desire just burning through every inch of her body. The same desire burns through Harry the deeper he drives into her.

Elsa is in a daze and finds herself locking lips with her recently resurrected and youthful mother. Her body is on a trigger and does not take much. Iduna takes advantage of her daughter’s state to get some liplocking action.

“Why don’t you be a good girl and get Mommy ready for your hunky husband?”

The idea seems like a pretty fantastic one all things considered. Elsa’s lips pop apart and she hungers for the taste just trickling down her mother. The honey comes down Iduna’s legs and pulls Elsa in like a moth to a fire. Elsa climbs between her mother’s legs and starts to move down to suck on her delightful womanhood. Iduna locks her hands onto the back of Elsa’s head and guides her to this particular point down this hole.

“Wonderful, baby. Keep eating me! Make me feel so good!”
Elsa darts her tongue in repeated patterns around her mother’s dripping hole. She cannot help and feel the desire just cascade over her body. She enters the place she was born in a brand new and exciting way.

Off on the other end of the bed, one sister receives pleasure beyond all measure. Harry seeks out and buries into Anna. Her sweet moans only service to entice Harry the deeper he buries into her on the bed. He pulls almost all the way out and drives into her further and faster.

“Keep it...keep it up. I don’t want you to stop. Don’t ever stop...give me a baby.”

Anna gently caresses the back of his shoulder. The machine drives his manhood deeper inside of her and almost pulls almost all the way out of her. Anna holds onto the bed and sends him deep inside of her. She holds Harry tight inside of her and he keeps working her over.

The squeals of delight coming from Anna only entices Harry to bury himself deeper and faster into her. The sexy redhead on the bed drives her hips up to meet the tip of Harry’s cock. He goes inch by inch inside of her until the point where Harry’s completely inside of her. They press together with Anna’s breathy moans increasing and calling to him, calling to his cock.

Harry pulls back and lets it all sink in before sinking back into her. Anna screams so loud that they can hear her about three kingdoms over.

“I don’t think they heard you in Wonderland.”

Iduna’s teasing tone causes Anna’s hips to jerk up when she remembers what her mother is over. She casts a look at Elsa between Iduna’s thighs and munching on her. This entices Anna, and makes her tighten down onto her.

“Good. Cum for me. Cum for me, Princess.”

She most certainly gets a royal fucking. Harry’s thick and meaty balls drive slap down onto her flesh. Anna does not care if they leave marks. All she wants is all of her husband, slamming deep inside of her. Anna tightens down onto her and breaths deep into her lover’s ear.

“I...I….HARRY!”

Anna clutches onto every part of Harry she can. Harry nibbles away on her shoulder, neck, collarbone, the tops of her breasts. Any place he can leave marks, he will.

These touches and love nibbles makes Anna’s entire body just shoot over with so much pleasure it’s pretty stunning. Her nails catch the back of Harry’s head and the moan only increases in his ear.

“HARRY!”

“Just hold on, luv.”

Anna does while muttering her declarations of love. Harry rides her wet pussy all the way to the end. She closes around him and releases him with several more swift pumps. Harry’s balls continue their dance to crack all over Anna’s tender thighs.
She holds on all the way with Harry working her over. He lifts a leg up and plants kisses down on it. The touches only accelerate the pleasure. Harry pulls almost all the way out of her. The tip of him touches her slit.

With one more shove, Harry buries himself inside of Anna. Anna holds onto him with lust just burning through her eyes. She cannot help and feel the power, the strength of his thrusts going deeper and faster inside of her. She keeps holding onto Harry for him to get deep inside of her.

The release Anna feels makes Harry feel good. He slides into her womanhood far and fast. Harry plants his throbbing cock deep inside of her body.

“Closer.”

A delightful squee comes out from Anna. Sweat coats her face the deeper her plants inside. His balls smack down onto her thighs to leave those marks.

Finally, finally, it happens. Harry rams deep inside of Anna and causes her to rise up further. Her wet center takes him all the way inside of her and makes Anna just rise in pleasure. Harry holds her and pushes deep inside with one more huge thrust to batter her.

It happens, the end, it happens. Anna cannot believe it. The pleasure surrounds her on all sides with Harry driving inside of her body. He rides Anna to the end.

Then, Harry releases his load inside of her womb. The insides of her coat with virile seed which sucks into her body. Anna closes her eyes and takes the cock into her depths even more. She holds onto Harry, squeezing his hips with her thighs. Her legs kick all over the place.

Greda caresses the blonde hair of her delightful oldest daughter. Watching Anna’s pussy overflow with Harry’s seed and more to cum excites her.

“Elsa, go take care of your sister.”

Obediently, Elsa crawls across the bed to go face to face with her sister’s spreading thighs. Anna flashes her a hungry smile and Elsa climbs on top of her.

Face to face, Iduna and Harry go. She straddles Harry’s left leg as it extends on the bed. She puts a hand on his right leg when it’s bent. She grabs his cock with her hand, still slick from her daughter’s previous orgasm. The throbbing length comes very close to entering her.

“It’s my turn.”

Harry grabs onto her body and feels her up. Her sopping wet pussy closes onto him. Harry guides into her womanhood and slides deep inside her wet pussy.

A tight snug seal wraps Iduna’s wet pussy around Harry’s big cock. She slides almost all the way down onto him and feels it.

“So big! Oh, fuck my pussy! It’s been too long! You pleased my daughters so much, now you can please me.”

The recently resurrected Queen drives her wet womanhood down onto him. Those hands just caress her back and Harry’s fingers pull onto her hair. Her red locks enter Harry’s hand when he pulls
back and drives into her. Harry pulls almost into her and drives into her.

“That’s a nice snug pussy...for someone who has had two children.”

It’s been a long time for her, especially for a cock this big. Iduna clamps her warm hole down onto him. She slides almost all the way down onto him and slaps down onto him. His balls repeatedly drives against her and causes her pleasure.

Elsa and Anna decide to take this time to indulge in each other. Elsa sits on her younger sister’s face and pins it between her thighs. The eager tongue of the younger girl pushes deep inside of Elsa. She rotates her wet pussy and pulls almost all the way out of her.

“Don’t worry. I’m going to make you feel so good.”

Like a good sister, Elsa kneels down and parts Anna’s thighs to go down on her. The two exchange slurps and drinks the juices from each other. The glow they share stun.

“It does a mother’s heart good to see her girls getting on...so well.”

The loud smack of their husband’s cock driving into Iduna’s warm hole increases. Harry slides deep inside of her and watches Iduna lean back. She takes him inside of her with ease. Not a single inch ends up outside of her.

Iduna closes her eyes. He hits all of the hot spots inside. Harry’s finger flicks against her clit and sends a spiraling feeling of lust over Iduna.

“GOOD!”

She screams out in pleasure the further she stuffs Harry’s big cock into her tight, hungry hole. The gobbling of her wet pussy around him makes Iduna just rise and drop further. She feels the stretch of Harry around her pussy. She pulls almost all the way out and drives down onto him.

An orgasm passes over her body. Iduna turns around and then climbs to straddle Harry. His cock drips with her honey and Iduna slides it into her. She presses her hands on Harry’s torso and drives down onto him. Every inch of Harry’s rod slides into her.

Iduna holds tight around him. She flexes and releases him. She breaths heavily.

Harry watches the visual of this stunning redhead MILF driving down onto him. The beautiful woman keeps rising and dropping down onto Harry. Harry reaches up and touches her ample chest. A finger rotates around her nipples and cause them to throb with pleasure.

“Keep it...keep it up!”

Elsa and Anna pull up to watch eagerly. Harry beckons them over.

Now, Elsa slides onto his right hand and Anna rides the fingers of his left hand. Harry’s fingers drive deep inside of Anna and Elsa. Both sisters lean over Harry’s prone body and make out with Harry fingering them hard and fast.

The squeals surround the air. Elsa and Anna waste no time cumming all over Harry’s hands. Harry turns his attention from the two loving sisters into their mother. Iduna bounces up and down on
him and rides his cock like it can cure cancer. She keeps making it go deep inside of her. She pulls out and crashes down onto him.

“Closer, baby.”

“I am too.”

“Oooh, cum inside me...give me the same thing you gave my daughters...your loving lives.”

Elsa throws her head back and eyes Anna.

“Guess you’re now a middle...child!”

Anna only shakes off the feeling the deeper Harry submerges inside of her depths. He sends sparks through her body. Elsa’s caressing fingers just lock on her nipples and tug onto them.

Finally, finally, everything begins to break. The family who cums together stays together, as Anna, Elsa, and Iduna all hit orgasms at once.

The end comes for Harry when he buries into Iduna. Iduna closes her wet hole around him and releases him. She lets out the rush around him.

The warm blasts of cum rocket into Iduna. She never feels more alive than Harry’s seed spilling inside of her. She clamps down onto him and milks him. The sweet pleasure of her own release hits her in a constant and endless wave of pleasure.

The dust settles and Iduna pulls off of Harry. She rubs her belly as cum drips down. She moves in to kiss her daughters. Elsa puts her hand on Harry’s cock and squeezes it when she makes out with her sister and then with her mother while preparing her husband for more fun.

More fun is about to happen as their eyes burn with lust. Harry closes in for the kill.

**End.**

**Next Chapter: 12/14/2018.**
Tribute(Bellatrix/Narcissa/Andromeda)

Tribute(Andromeda Black-Tonks, Narcissa Black-Malfoy, and Bellatrix Black-Lestrange from Harry Potter)

Taking control of House Black meant Hadrian would have to ensure that certain parties were kept in line and trained to obey them. He stepped down the hallway and met with Andromeda Black, as she was once again. With the death of her husband, she reverted back to her maiden name, upon Andromeda and her daughter, being reinstated into the family.

“They’re ready, my lord,” Andromeda said to him.

“You can call me Hadrian if you wish,” he told her. “Or, Harry, if you must.”

Andromeda just smiled. There had been a lot of controversy with Hadrian forsaken his old identity as Harry Potter, numerous grumblings. Of course, there could only be grumbles because of the simple fact that Hadrian held that world under the palm of his hand. He made too many connections for anyone to risk upsetting them. The last person who did so, well they became an unperson as far as the magical world was concerned. They were barely able to qualify in carrying Filch’s cleaning supplies.

“For now, I think that I should set a good example to my sisters,” Andromeda told him with a soft smile and leaned towards him. “Although, I feel that they would need to learn how to behave.”

Hadrian wrapped his arm around Andromeda and gave her a long kiss. That resulted in an intense heat burning through her body.

“Of course, you can be bad as you want to be, every now and again,” Harry told her.

“Yes, my lord,” she agreed with him.

Hadrian stroked her silky dark hair and pulled Andromeda into another deep, passionate, and intense kiss. His fingers rubbed against the back of Andromeda’s head.

“As much as I would want to take you now, and trust me, I will...we better meet your sisters.”

Andromeda helpfully opened the door. The bed opened up, to the lingerie bodies of Narcissa and Bellatrix laid out on the bed. Narcissa wore lacy white lingerie which fit her firm and sexy body. Bellatrix looked like sin on legs in the black lingerie she wore. Both of the Black sisters, now Black once again after Harry voided their marriages, but not before cleaning the Malfoy and Lestrange vaults out. The previous Lord Black, he was very crafty in ensuring the interests of his family.
“You know why we’re here,” Hadrian told her.

“Yes,” Narcissa commented. “We are here to make amends for our past crimes. Perhaps in time we can earn your forgiveness, my lord.”

Bellatrix tried to remain as bad ass as possible. However, she experienced Hadrian’s power up close years ago, after the Department of Mysteries. Despite her bravado on that day, and quite frankly the fact she was a bit off after Azkaban, she knew he had power.

“If you wish to remain connected, you will do exactly what I say,” Hadrian told them. “Is that understood?”

“Yes, my lord,” Narcissa told him in a humbled voice.

“Bellatrix, when I give you an order, you’re supposed to respond to me.”

Hadrian did not strike her, although he would have been legally entitled to. He instead manifested his aura to the point where Bellatrix felt like she had been plunged in a lake made of ice water. It was the Dementors, only somehow worse.

“Yes, my lord,” Bellatrix said. “Forgive your slut...she does not know her place.”

She figured a demeaning way of speaking of herself would win her points. Until, Bellatrix could get the upper hand. He was not ickle baby Harry anymore, he was something else. And she did not understand what he was.

“You will learn,” Hadrian said. “It’s never too late...and Andromeda...I believe you know what to do. Undress me and then disrope yourself.”

“Yes, my lord.”

Andromeda, being a good little soldier, undid Hadrian’s cloak and dropped it down to the bed. She added some kisses to him, to make things spicy. After a time, Andromeda stroked Hadrian’s strong biceps and caught the attention of her sisters, when she disrobed him. She could lay on top of her lord and explore his young fit body. The refined woman turned into a horny teenager the more she touched the sorcerer before her.

She stripped Hadrian to his undershorts and leaned into him. Several passionate kisses connected to his chest, and Hadrian rubbed the top of Andromeda’s head, enticing her to go a little bit further down him. She kissed his chest and abs and moved down to play with his crotch through the edge of his pants.

“All the way.”

“Yes, my lord.”

Andromeda pulled down his shorts and grabbed his stiff member, stroking it. She made sure to hold out Hadrian’s magical rod, like a prize to entice both of her slutty sisters. Soon they would be on their knees, worshipping it just like Andromeda did as well.

“Overdressed, my pet,” Hadrian said.

“Have a seat, please, my lord,” Andromeda said.

Hadrian sat on the bed, with his stiff erection presented before Bellatrix and Narcissa. Narcissa
stared at it in awe, and she licked her lips.

“It appears that the Malfoys are not equipped, are they?” Hadrian asked. “Not something I wanted to know, but…I’m sure you’ll feel about as tight as a virgin.”

“They are, legally and physically after you stripped them of their marriage, my lord,” Andromeda breathed when she rubbed down onto his manhood, now down to a bra, stockings, panties, and a garter belt. “But even after that, nothing counted other than this.”

She turned herself and motioned for her sisters to keep their eyes on the prize. While Andromeda put her mouth onto the tip of his manhood and dropped down onto him, sucking his massive prick. She sealed her cheeks and released them, hungering for him.

Narcissa could not believe what was happening. Andromeda worked the Former Boy-Who-Lived like she was some kind of Knockturn Alley prostitute. She could not believe it, her uptight older sister, slobbering all over that manhood. Narcissa found herself wet and no place.

Oh, Bellatrix raged on the inside. Raged that she was chained up and not able to show Andi how a real cock should be serviced. She tried and rubbed her thighs together, but some kind of invisible force presented any kind of friction.

“I love your mouth, pet,” Hadrian told her. “But, I think that it’s time for one of your sisters to get a sample of what is to come….Narcissa.”

Hadrian snapped his fingers and Narcissa had been freed. Andromeda graciously moved off of his cock and Narcissa climbed up the bed.

“My lord, she would not know what to do with something like that,” Bellatrix said. “Wouldn’t you rather have someone who could handle something that...amazing? That beautiful?” She spoke of it in an awed manner. Narcissa pushed her soft hand onto the sorcerer’s prime cock and stroked it extremely hard. Bellatrix watched, her mouth hanging open almost in the most primal lust possible. She wanted that.

“Only because you’re a slut,” Narcissa said before licking Hadrian’s head, causing the blood flow to rush to the loins of her new lord and master.

“Better to be a slut than a tease,” Bellatrix said.

“Bella, enough,” Hadrian told her. “Andromeda….make sure your sister has her mouth occupied for something….I’ll reward you when you’ve done a good job.”

“Of course, master,” Andromeda said.

Bellatrix wondered what Andromeda could do to her. She’s been put under the most intense pain curses and all that happened when she got off on them. It was more much sensible than that barbaric Muggle practice of cutting one’s wrists. She realized, perhaps too late, that Andromeda stripped Bellatrix of her corset top and revealed her breasts.

Suddenly, Andromeda slapped Bellatrix’s chest and got her with a combination of pleasure and pain. Bellatrix rubbed her pussy, in an attempt to get her off. Andromeda pressed her hands against Bellatrix and squeezed her bouncing tits, clutching it and releasing them.

“Good sister...but I have something to put that mouth to use with,” Andromeda said.
She aggressively kissed Bellatrix for a long minute. Bellatrix rubbed against her, thinking that this was going to be the worst of what Andromeda was going to give.

Then, Andromeda scooted into position and put her pussy on Bellatrix’s face. Bellatrix pressed her lips to her older sister’s pussy and sucked away on it. Andromeda forced herself down and caused Bellatrix to open her mouth.

It was just business as usual for purebloods, indulging in each other. However, Bellatrix did not know that Andromeda was ever going to be something like that.

Hadrian put his hands and forced his manhood deep into Narcissa’s tight mouth. Narcissa sealed her mouth around him, sucking on his stiff prick. She stroked his balls and squeezed them.

“Good, you’re learning,” Hadrian said. “But, now I think it’s time for your sister to get a taste...if she can behave herself.”

Regretfully, but respectfully, Narcissa pulled away from him. She gave her master’s manhood a parting kiss and leaned in towards her. Narcissa planted down his thick head and kissed him, a couple more times before moving back.

“Andromeda, I think you can let her up for air.”

Andromeda did as she was told. Bellatrix turned her attention the prize in front of her. Hadrian swung against Bellatrix and hit her, hitting her on the lips.

“That looks like it needs relief, master,” she told him. “Or do you prefer my lord?”

“Either would do,” Hadrian said. “You told me you could master my cock. Here’s your chance to prove yourself.”

Hadrian rubbed his manhood against Bellatrix’s open mouth and shoved it deep inside of her throat. Looping his fingers against her hair, Hadrian rocked back and forth against her mouth.

“So, how was it?” Andromeda asked with a light brush against the side of her neck of her youngest sister.

Narcissa could not believe that Andromeda was making her feel this good. She would be nice and wet, hopefully to receive the pleasure from her master. A pinch of her nipples rocked Narcissa back to life.

“It was magnificent,” Andromeda said. “Let’s see what Bellatrix makes of our master.”

Andromeda played with Narcissa’s hair while they both watched. Bellatrix gagged a little bit on his manhood, which much to her agitation, neither Narcissa and Bellatrix did not do.”

“Remember to breath, Bella,” Narcissa advised her. “Through your nose.”

Any condescending thoughts were stifled when Bellatrix showed her determination. She made a soft and loud sound, popping her mouth around the edge of her god. She pushed down closer, and hammered down, repeatedly slurping him.

“Good, and a little break,” Hadrian said. “Why don’t your sisters help out a little bit?”

All three Black Sisters worshipping his groin, it was a treat to say the least. Hadrian closed his eyes and switched from one head to the other, stroking their gorgeous hair. Bellatrix’s dark black locks,
Andromeda’s dark brown hair, and Narcissa’s golden blonde hair. They looked amazing. Andromeda took Hadrian’s balls and sucked them, while Narcissa worshipped the part that did not slide deep into Bellatrix’s mouth. And Bellatrix managed to force some of him down his throat.

Hadrian groaned at these three goddesses working over him. They were all his and once they got a taste of his seed, they would be his forever. Well, Bellatrix and Narcissa needed a taste, while Andromeda was well on the way to being addicted.

“And feel it, Bellatrix,” Hadrian said. “If you want Narcissa or Andromeda to take over, then you may.”

One could see the firm and fierce determination in Bellatrix’s eyes. To say that she would not give up, especially once she had her master so close to gifting her, would be an understatement. No matter if Hadrian made her mouth and jaw sore, Bellatrix absolutely refused to give up. With her sisters squeezing Hadrian’s balls and licking his inner thighs.

Watching these three pureblood witches signified the best perk of Hadrian’s ultimate victory, and there were many. But, still, having three extremely powerful witches worship him like he was a god, made Hadrian just smile. All of the people who said he would be worth nothing, said that he was not worth the hype, well Hadrian rubbed it in their face.

Instantly, he blew his cum straight down Bellatrix’s throat. Hadrian grabbed onto her head and rocked her mouth. Signifying his ownership over her.

“And make sure to share with your sisters,” Hadrian told her sternly.

As the Head of House, there was no question in Bellatrix’s mind, she would have to obey. She turned around and came eye to eye with Narcissa.

“Always one to leave a mess,” Narcissa said.

“If you’re so good at cleaning it up, that makes you not unlike a house elf….”

Narcissa pressed her hands against Bellatrix’s chest and caused her to moan. Their mouths clamped together, with Narcissa rubbed against her neck. They made out, aggressive. Narcissa showed there was something deep inside and she took great pleasure in dominating Bellatrix.

Most of her tendencies had to do with being the middle child in a trio of sisters. But, Narcissa knew that she would tame her sister and make her scream and cream herself. A finger slipped between Bellatrix’s warm thighs.

“And Narcissa, that’s enough,” Hadrian said.

“I’m sorry, but I couldn’t resist your taste,” she said with a soft pop of her lips.

“Understandable,” Hadrian said. “But, perhaps it’s time for you to feel the touch of a real man.”

The hint was not missed by the youngest of the three sisters. Narcissa positioned herself on her hands and knees. Hadrian put his hands down onto her body and rubbed her down, touching her. Every few strokes of his hands, his manhood bumped up against her entrance.

The first few inches very neatly parted her walls. Hadrian pushed against her body, with Hadrian pulling back and releasing her. He slapped her firm butt.

“Tell me what you want, Cissa,” Hadrian told her.
“I want you, my lord,” Narcissa said. “I want to show you that I’m worthy to be a Lady of the House Black.”

Bellatrix and Andromeda descended into an aggressive session of hair pulling, liplocking, and clothes tearing. Andromeda subdued her sister and shoved a dildo into her. Andromeda smiled, as big bad Bellatrix had been topped by the nasty blood traitor.

“Oh, if this is going to break you...take a look at what Narcissa is taking.”

Narcissa and Hadrian came front and center. Hadrian pushed further into her body. The well-endowed wizard planted his big throbbing staff deep into the witch’s cavern and stretched her out.

“Damn it, how do you fit something like that inside?” Bellatrix asked.

Ask a stupid question, get a stupid answer. Hadrian caressed Narcissa’s body, rubbing the back of her soft hair. The only hair Narcissa had on her body was on top of her head and it suited the noble witch. He pushed deeper into her, squeezing her cheeks. Every time Hadrian removed his hands from Narcissa, she let out a whine. And every time he put his hands on her, she squealed in delight.

His power increased, the further he get these pureblood witches addicted to him. He grabbed Narcissa by the hair and forced her up. The position was reversed with Hadrian bouncing her up and down.

“Look at your slutty sisters,” Hadrian said. “Does that make you so hot?”

Andromeda pushed Bellatrix down on the bed and pummeled the most feared dark witch of her generation. Really, despite Bellatrix’s bravado, she was just a degenerate slut who submitted to her sisters and their master, and likely her niece when Hadrian involved her.

“Oh, yes, but you’re making me even hotter, master,” Narcisa breathed in, sucking warm air through her nostrils and shuddering all over the made.

She creamed her way over his manhood and Hadrian slapped his balls down onto her. The deeper he sunk into her, the faster he went. Hadrian knew precisely all of the ways to taunt and torment Narcissa. He gripped her hair and tugged on it, before sending his balls slapping down onto her flesh. It made a loud sound the second Hadrian dribbled off of her thighs.

“A good answer,” Hadrian said. “You’re getting closer….but I’m not finished yet.”

Narcissa faced Hadrian so quickly she did not resist her position shifted. The pureblood witch bounced herself up and down. She wanted to get a proper spot in Hadrian’s circle, and squeezing her tight muscles around him, to pleasure him seemed like a good idea.

Except, Narcissa’s body had a mind of it’s own, or rather Hadrian had a mind of its own.

“You’ve never laid with a true sorcerer,” Hadrian said. “All it takes is me pushing the right buttons and you can cum for me.”

“I will,” Narcissa moaned.

Narcissa clung on for the ride, her cheeks flushing at the thought of being kept on a chain, like an
animal and more importantly being fucked by one. That hit all of Narcissa’s kinks, as Hadrian degraded her value as a woman. She clung onto him tightly, thinking it.

“Oh, you’re just too much,” Hadrian said. “I’ve always wanted to fuck you. And now...you have to.”

“But, I want to,” Narcissa breathed.

“Even better.”

Hadrian sent Narcissa to the tipping point and squeezed her pleasantly thick rear. Her body popped up and down, her breasts dancing in front of him. Hadrian slowed down Narcissa and could feel her whine and move. He knew that only a couple more motions and he would have her riding him like there is no tomorrow.

“Simply mine,” Hadrian told her with a lustful growl. “I’m going to make you ride me all night long, until I’m finished...but I’m sure that your sisters would also want a piece.”

Hadrian slid out for a second and left Narcissa to fall onto the bed. Sheets and pillows flipped into the air. She watched when Hadrian offered up his prize organ to both Bellatrix and Andromeda. Bellatrix sucked Hadrian off while Andromeda speared her from behind.

She felt left out and Narcissa crawled over from behind. She caught sight of Andromeda’s asshole, opened up and ready to go. Surely she would not do something like this.

But Narcissa must. She licked her lips. She buried her face deep into Andromeda’s cheeks and pushed her tongue into the ass of her older sister.

Andromeda had been surprised, pleasantly so, by Narcissa shoving her warm tongue deep into Andromeda’s tight ass. She had two degenerates for sisters, and she could not help and feel turned on by it. She squirted all over herself and Bellatrix’s pussy.

Of course, Bellatrix sucked Hadrian harder than the first time, when she tried to taste all of what Narcissa left behind her. All with her proper little sister eating out their older sister’s asshole. Hadrian leaned down and pulled his manhood out.

“That’s enough,” Hadrian said. “Narcissa, come over to me.”

With regret, but without any hesitation, Narcissa crawled across the bed and laid sprawled out. Hadrian snapped and motioned for Bellatrix and Andromeda to lie down either side of Narcissa.

Hadrian crawled over Narcissa, and worshipped her perfect body. Each curve was more delicious than the last. Hadrian was happy to release this precious resource from the Malfoy family and invite her into his bed. Because there was a need for Hadrian to come into her life. He rubbed against her, the primal heat connecting both of their loins getting even more delicious.

“Yes, my pet, you’re hot for me,” Hadrian said.

Hadrian’s fingers extended outward and jolts of magic coursed through the bodies of both Bellatrix and Andromeda. He held on the edge of their orgasms, only willing to release it when they were good and tortured. Hadrian then lined himself up and stuffed himself deep into Narcissa.

Those soft, bare legs tightened around him and pushed Hadrian as deep into her. His balls slapped hard and fast against her, working her. Narcissa breathed in and breathed out with heavy lust just burning through her body. Hadrian knew exactly all of the right buttons to push. And watching her
sisters on either side, in the edge and not being allowed to go even further, that was hot.

“Mmm, yes, master,” Narcissa said. “I want you….and I’m not going to let go until I get every single last drop out of these.”

She flexed her warm walls up and down around him, waiting for Hadrian to burst it.

“And maybe you’ve earned them,” Hadrian said. “For now...you can hold that edge as well.”

Much to Narcissa’s surprise, Hadrian pulled out of her. All three Black sisters had been left on the bed, his throbbing manhood bouncing. He must have performed some kind of spell to bind his seed. He tormented the bodies of his three lovers.

Bellatrix was on the highest trigger. What would it take to get this powerful man to penetrate her and potentially impregnate her? She would gladly have his daughters, but Hadrian was not going to give her that easy.

If Bellatrix did not lose her mind after years in Azkaban, she surely lost it now. Her body squirmed, sweat poured off of her body, and puddles of moisture dripped down her legs. And despite her feeble attempts to take control, they were no closer to doing so.

“I’ve got you in the palm of my hand.”

With a press, Hadrian sent shockwaves and jolts through Bellatrix. He was almost on top of her, almost inside of her, but almost was not quite.

Andromeda thought that she should be used to the torment and the torture. But Hadrian drew out her latest round with him. She would love nothing more than to show her appreciation towards him. He did bring Nymphadora an inch away from death, and as a result, Nymphadora was obsessively devoted to him, but at least Andromeda had her daughter back.

“I should reward you for your help more often,” Hadrian said.

He plunged inside of Andromeda and held her legs up into the air. Repeatedly, Hadrian slid deep into Andromeda’s tight body, her snug box fitting around his iron hard tool. He pushed almost into her, and rolled back into her, his balls slapping against her body. Andromeda closed in tight for him.

Hadrian always enjoyed exploring Andromeda’s body. She was the oldest of the sisters, but with age, made experience. She was willing to go as far as possible to show her gratitude towards him. She had control over her body like her younger sisters did not have. Hadrian rubbed his finger against her nipple and sent electricity through her body.

“Cum for me, my lord.”

“I think that I have enough cum for all three of you,” Hadrian told her. “But, let’s take our time.”

Those balls slapped down onto her fleshy thighs and he stuffed her completely full. Hadrian rocked her up and down off of the bed, nibbling on Andromeda’s fleshy peaks and getting her juices flowing. Hadrian twisted her nipples and made her breath in heavily, to the point where she was milking him hard with her walls.

“Yes, you should have more than enough,” Andromeda encouraged him, her perfect legs squeezing around his ass. “But, with age there comes...many advantages.”
Bellatrix wondered if she had been so out of it, that she imagined a tentacle sliding up her legs. Then, she felt something slimy against her slit, rubbing against it, and she realized she was not imagining anything.

The tentacles were growing from Hadrian’s back. This was a surprising and interesting revelation. She thought about the possibilities of a lover who could grow tentacles. All of the ways he could restrain her, whip her, and just dominate Bellatrix like the silly slut she was. Oh, it was so hot to think about.

The tentacle spouted an exact duplicate of Hadrian’s manhood. And somehow, Narcissa and Andromeda switched positions, and Bellatrix found herself uncaring as to how or why. The only thing that mattered is being stuffed.

A quick stolen glimpse over before Bellatrix sunk into sexual bliss showed that Narcissa got the same plunging as well. The powerful new head of the Black Family stuffed them completely full, deep and hard. Their bodies squirmed underneath what Hadrian did, moaning and moving up and down on the bed.

Hadrian grunted and he could feel his seed about ready to evenly distribute inside of these three lovely womens. He would seal Narcissa and Bellatrix into his circle and easily cement Andromeda’s place in.

“All of you may cum.”

Bellatrix was the most intense. The tentacle, drove deep inside inside of her, matching Hadrian’s size and girth. Her entire body shook, with her bouncing breasts moving up and down. She oozed and the Tentacle appeared to be sucking her dry of all of her juices.

Off to the other side, Narcissa had been pressed face down onto the bed. The tentacle slapped her rear end and made her ooze a little bit further to the edge. It then slid into her, stuffing her deeper. The insides of her body turned to jelly and more lust burned through her. She wanted to get her gift, the reward which was about ready to spill inside of her and fill her up.

And now, the oldest of the sisters, drove up and down onto Hadrian. She now rode him and Hadrian channeled magical energy through her breasts. The tentacles slid across her when plunging into her sisters. Seeing her sisters ooze and be humbled by her powerful master excited Andromeda’s loins greatly. She pressed down onto him, kissing him in a very vigorous makeout session.

Hadrian just smiled and enjoyed the sensations and the arousal of these three extremely beautiful witches. They were soaking him all over and Hadrian soaked in their essence, with a smile on his face. They fed him, powerful witches always did.

He always left just enough left for them to recharge and to fuck them all over again.

“We’re almost at the end,” Hadrian told them.

“YES!” Bellatrix moaned.

“Mmmm!” Narcissa broke out into a very sensational moan.

Hadrian ground into both of them, while driving his very real rod deep into Andromeda. Who now turned around and bounced on Hadrian’s lap in the hot seat, allowing him access to her ass. Shameless squeezes made Andromeda’s spent body shake all over him.
“Closer,” Hadrian warned her. “Get ready, my pet.”

Andromeda would get to cum first, and she experienced pure bliss. She always felt like she was a teenager again, with Hadrian. She was most certainly as sexually dominated as one, not that Andromeda ever had been dominated.

Well until now. Her body gushed all over him, coating his manhood. The first warnings of Hadrian’s explosion drove Andromeda into fits of lust.

The screams of her sisters kept her thoughts off balance. But, not enough for her not to feel Hadrian’s seed spilling deep inside of her body. His hand slapped her ass, repeatedly pounding it. Andromeda closed down around him, moaning in intense heat. Hadrian rammed deeper inside of her, spilling his seed into her.

The burst of seed spilled inside of Narcissa, and finally, finally, she received the gift from her new master. Her stomach swelled from the tentacle end opening up and releasing Hadrian’s magically enhanced spunk into her body. Despite being worn out, Narcissa was as amazing as ever.

Bellatrix closed against him and moaned as loud as possible as well. Finally, finally, she got the pounding. It was like she was reborn into something new and hopefully something everlasting, with Hadrian spilling his seed inside of her.

All three sisters received an equal share of his bounty. Hadrian’s magically enhanced testicles emptied into them, filling up all three sisters. Hadrian nudged Andromeda off of his lap and she collapsed on the bed, neatly falling between Bellatrix and Hadrian.

He surveyed his handiwork, with a long smile.

“I believe we now have an understanding who rules this house, right?” Hadrian asked them.

“Yes, master,” Narcissa said.

“No one is better than you, Master,” Bellatrix told him, practically worshipping him with her eyes.

Hadrian looked over his handiwork and smirked. Today was a good day. And there would be several more to come.

End.

“It’s so big!”

Those words come out of the awe strucked mouth of Princess Aurora when she wraps her hand around the base of Harry’s cock and gives it a very prominent stroke. She cannot even fathom something so big and yet feels so good in her hand can. The sixteen year old princess eyes him with sudden awe.

A smile passes over Harry’s face which sends butterflies into her stomach.

“It’s big and it’s all yours.”

Aurora’s mouth opens and she decides what to do with it. The pink nightdress she wears slips down her shoulders a tiny bit. Her nipples stand up at attention and alluringly point in the air towards Harry. Her gaze forms a very hungry seal on him and more importantly the large piece of manhood just easing ever so closer towards her mouth. Aurora opens up said mouth with a tiny amount of drool coming close to exiting it.

“Aren’t you going to do anything?”

The tease snaps her out of it. Aurora leans in and kisses Harry on the tip of the manhood. His cock expands past her lips and into her mouth.

Harry enjoys the exploration the young Princess does on his meaty cock. He puts his hands on the back of her head and guides his manhood into her. Aurora’s mouth opens and takes his cock in with a few hungry sucks. Harry’s not holding back on her, not at the slightest.

“Just relax and take it. It will feel so good when it’s in your mouth.”

Aurora’s eyes bulge out and she takes Harry’s cock with hunger burning in her eyes. Harry guides his manhood as far into her mouth as humanly possible. He almost pulls all the way out and sinks himself inside of her mouth with more thrusts.

Harry’s face-fucking this young Princess and she moans around his mouth. His cock spears into her tight, moist, mouth. The sensations her lips bring send shivers down Harry’s spine. Her soft hair and great scent beckons Harry forward. His balls keep swinging and hitting Aurora in the chin. She cooes when sucking him down.

The manhood stretches into the back of her throat. Harry holds onto Aurora’s silky locks and shoves as much of his cock into her waiting mouth as possible. Aurora’s fingers grab onto Harry’s ass and guide him just that much deeper inside of her mouth. She pops around him and releases him.

Finally, Harry cannot hold back much longer.

“Keep it up. I’m going to cum in your mouth.”
Aurora’s nails dig into Harry’s lower back. She keeps up her sensual blowjob. The beautiful young Princess snaps her blonde hair against Harry’s hips. She goes down deep on him and sucks Harry into her throat.

“You’re good...you have such a good mouth Princess. I can’t wait to feel it again and again and again and again....”

Harry batters her mouth several times and Aurora cannot help and hang on for the ride. Her entire body shifts with pleasure. The hardening of her nipples makes this little encounter feel beyond something she even dreams about. Harry darts his fingers against the back of her head and shoves as far back into her throat as humanly possible. She swallows his cock while looking up at him with pleasure.

A grunt follows and Harry sends his seed spilling into Aurora’s waiting mouth. The warm rush hitting the back of her throat delights the Princess. She keeps sucking Harry, the further he drives his meaty pole into her mouth. Aurora slides her nails down his back and hungers for him even more.

Each dosage of cum fires into her mouth. Almost, nearly, Aurora bubbles over. She manages to suck it all down like a champ.

The second things clear, wiping water away from her watery eyes, Aurora stands up to face Harry. Harry grabs a hand and rips her nightdress off.

The developed, high, perky breasts of the sixteen-year-old cause Harry to smile. He reaches in and squeezes her chest which makes Aurora just belt out a scream in pleasure. Harry leans in and kisses her on the neck. She gives a little moan in delight with Harry’s finger just stroking against the back of her neck.

He pushes her down onto the bed. Harry’s massive cock rises to the occasion one more time. He leans down and kisses Aurora’s neck and breasts and then her flat stomach to really rile her up. His hands skim her youthful body and get her lit up with increasing pleasure.

Heaven, heaven describes the sensations Aurora’s feeling right now. Harry takes his hands against her chest and cups them to drive Aurora into a fit of pleasure. He turns his fingers against her nipples and squeezes them. He releases them with a steady push and Aurora’s body just shifts on the bed. She’s unable to do anything other than process these great moments of endless pleasure which Harry brings her.

Another kiss to Aurora and her loins light aflame with pure energy. Harry rubs his fingers against her opening and she starts gushing all over his hands. Harry puts a finger deep inside of her sticky hole and shoves in before pushing all the way out of her.

“You want me, don’t you?”

An eager nod follows as Aurora’s young body begins to crave Harry’s touch. An addiction burns into her mind.

“Please! I want you. I want all of you.”

The throbbing cock brushes down the front of her body. Aurora can barely stay coherent for this.
Twelve inches of the biggest endowment in the land is about ready to go inside. Her Prince is very gifted and he’s going to take her completely and utterly. Her snatch soaks as desire builds through her body.

Harry toys with the young Princess some more and builds up anticipation in her mind and body. Harry rotates the tip of his cock against her entrance and sends Aurora through fits of lust. He comes very close to sliding inside of her. He pulls back at the very last minute to leave her on the bed with a hunger for even more. Harry parts her thighs and prepares to enter her as hard as he can.

Twelve inches of manhood just slide their way into Aurora from above. His balls crack against her thighs and send her completely over the edge. Aurora clutches him and the moan just building through her body becomes a pretty impressive one. Harry holds down onto her hips and spears her womanhood. His balls crack against her thighs and shoot her up to meet his hips.

Aurora’s eyes water as he stretches her out so completely and so utterly it almost hurts. And yet, it feels so good. His cock works its way into her tight pussy from above and keeps hammering away at her.

Harry grabs onto her hips and drives down inside of her. The feeling of her clutching him with such eagerness sends a desire through Harry which only builds the deeper he buries himself into her. Thrusts get even deeper and Aurora just puts her legs onto Harry’s back to keep guiding him inside of her.

He pulls out of her and drags the tip of his cock over her wet pussy lips. Aurora’s eyes look up at him. Those blue eyes burning with so much lust just sends Harry slamming deep inside of her. Harry pulls almost all the way back and drives into her one more time.

The heat of her body underneath him calls for Harry.

“No one’s ever made you feel this good, have they?”

“No...no one other than my Prince.”

She lets out these words in a passionate cry. Harry repeats his actions by thrusting inside of her. He builds up the momentum inside and then slows it down just enough for her to feel it. Aurora’s body builds things up in her mind. He keeps sliding into her and working her, working her so far and so fast. His manhood just goes inside her at a rapid fire rate and continues to build some level of momentum.

“No one other than me. You’re right about this.”

Harry builds up his thrusting against him. Aurora clutches him like her life depends on it. Her legs spread apart as far as they can go. Both the strain of stretching to a new level and the pleasure of getting stretched crosses the face of the Young Princess. Harry holds back into her and drives deep inside of her.

Her Prince drives deep inside of Aurora. Aurora feels the massive hunk of meat just parting her inner walls and going deep inside of her. Her burning core turns into a lightning rod for Harry to do everything that he wants to her.

“Feel it building up, don’t you?”
“Yes.”

“It’s what it feels like when a man makes a woman come.”

The teenage girl just slides her womanhood around Harry’s pole and stretches around him. Harry pushes deep inside of her and works himself deeper inside of her. Every touch sends Harry deeper inside of her.

The warm feeling just hits a peak the deeper Harry drives himself into Aurora’s tight pussy. She closes her womanhood around him and releases Harry in a pleasurable scream. He seeks out her heat and drives into her even more. He rides out her orgasm.

She lays on the bed when he slows down and makes Aurora feel pretty much every single moment of her release. It puts her body on a trigger and makes her feel beyond so good. Harry picks up the pace and makes things feel every better.

“And after a little break….”

The second time around enhances with experience. Aurora thinks she can prepare herself because of the simple fact she has experience with her Prince’s touch. Harry holds pretty much all surprises when driving deep inside of her body. His balls keep smacking against her thighs.

Being between the sweet thighs of Princess Aurora most certainly is an experience many men relish. And Harry’s one of them. He’s one of them and he keeps sliding deeper inside of her, building up as much of his momentum as humanly possible. The stretch buries himself inside of her, going deeper and faster inside of her tight body.

“Fuck.”

Aurora squeezes Harry’s hips with her legs. She wants him as far into her as possible. The weight of his swollen balls almost light her aflame with passion. She can barely hold on for this ride or any other ride. Harry most certainly holds her down and works her completely. The end is coming and she’s about ready to come.

So good, so good, and Aurora hangs on to him. His throbbing balls paint a picture of what’s to come. She feels even better and now wants him to feel good.

“Baby, I want you….I want everything you have!”

Harry can tell his Princess sings for his seed. He intends to give it to her with thrusts burying inside of her. He seeks out her heat and gets so close. Aurora reaches around and digs her nails deep into Harry’s shoulder and wrist. She wants the pleasure and will do anything to get it.

“We’re close...after you.”

Aurora drags her legs around his hips and pulls her deep inside of her. Harry’s balls drive against her pussy and make her just jump up off of the bed.

Harry experiences the tightening of the sweet cunt around him. He slams into her and rides out Aurora’s orgasm. Her moans hit the air and make Harry just build up all of the momentum that he can. He sends his cock deep inside of her and pulls almost all the way out before burying himself deep inside of her.
“Yes!”

She holds onto Harry’s back and moans deliciously into his ear. Harry rides the Princess into dripping submission. He can feel the heat from her body and the scent of her arousal becomes more important to bare.

“OOOH!”

“It’s coming. Get ready, Princess.”

Several more thrusts send Harry deeper and deeper inside of the Princess. Aurora’s eyes bulge out and she holds onto him. Harry feels her body against his and also the tension in his loins about ready to break free and explode all inside of her. He keeps up the ride with more thrusts until he’s about ready to break.

Breaking never feels so good as Harry drives his cock into the young, sweet, pussy of the Princess. Several blasts of warm seed shoot into her young body.

For the first time, a man cums inside of the Princess and sends her nerve centers over the edge with waves of pleasure. She clutches onto his back with a very intense moan which only increases.

Harry pushes deep inside of her and the warm juices coming from the erupting cock of her Prince adds to some momentum. Harry holds her down on the bed and keeps sliding inside of her, battering her pussy until he finishes.

Aurora takes him all inside of her. It’s just a rush and she feels excitement from making her Prince feel so good.

Both of them lay in a heated and sweaty embrace on the bed.

“I don’t think I’ll be sleeping tonight.”

Harry smiles and rubs himself against her lips when he pulls back. She shivers.

“Not if I can help it.”

End.

Next Chapter: 12/21/2018.
An important message has been posted regarding the future of my story postings. Check it out at: https://webofchaos.blogspot.com/2018/12/new-chapter-posting-method-coming-in.html

Mera descended down some steps. Dressed in a skin tight body suit, it hugged every last tantalizing inch of the luscious body of the redhead queen. She approached the man before her, hunger dancing her eyes. She closed the gap closer towards him.

“Hadrian Peverell,” she commented. “I would like to thank you on behalf of Atlantis for your intervention in stopping the attack on the Conservatory of Sorcery in Atlantis. For valor should be and will be commended and celebrated throughout Atlantis.”

Many of the students cheered and applauded, along with many of the assembled citizens and guests. Some of the girls in the class swooned when Hadrian stepped forward. He moved closer towards Mera as she presented him with an award.

“I do what I can to help,” he commented.

“And yet, you do more than most in your position would,” Mera said. “Everyone give our savior a moment of gratitude.”

The applause was so loud and went on for so long. Mera decided to take the great deal of noise as a moment to sweep her arm around Hadrian and close in closer towards them.

“And if we may, I would like to have a more private discussion with you where I can personally thank you.”

Mera spun on her heels and descended up the steps. A nice view of her delicious ass swaying most certainly caught the powerful sorcerer’s attention. When a woman wanted to thank him in private, then Hadrian learned well to take her up on that offer. Ruled by logic with a little bit of libido, Hadrian descended up the steps, past the doors.

“You saved my daughter,” Mera said. “And I’m certain she will want to thank you later. But, for now… I want to thank you...this way.”

Mera pulled him into a lavish bedroom. Red sheets covered the bed and the drapes of the windows were pulled shut. Mera smiled at him.

“We won’t be disturbed,” Mera said. “They know better than to disturb their Queen when her door is locked.”

The ravish redhead royal dove forward and kissed the utter daylights out of Hadrian. Hadrian returned the fury, grabbing the back of her head and kissing Mera back. His tongue dove into her mouth and tasted the delicious mouth. He leaned into her and felt up her body.
With a powerful sorcerer, he would take what he wanted, but when the woman wanted him, that was just all that much better. He slipped out of Mera’s arms and moved behind her. He cupped her chest through the skin tight outfit around her. His kisses grew even more intense, moving to the side of her ear, and making Mera just break out into pleasurable moans.

“I’m yours tonight, great one,” Mera breathed.

“Yes,” Hadrian agreed. “Strip for me.”

Mera’s movements were sexy as hell when she slowly undid the front of the garment. She slid it down, to reveal her toned arms and amazing bountiful breasts which defied all gravity. Her sweet, flat stomach was next, and a pair of hips that Hadrian imagined grabbing tight when he fucked her. And that ass, that was so fine, that he could touch it all day. He leaned forward and grabbed her ass in response.

She slid down the garment to her ankles, revealing the patch of red hair which glistened between her legs. Mera’s long legs, powerful, strong, and completely smooth, demanded to be touched. Hadrian leaned in and touched her.

“It would not be...equal if I laid myself out for you and you remained clothed,” Mera said. “Allow me, hero.”

Not saying no, Hadrian allowed Mera to do whatever she wanted to him. She leaned in and kissed him on the lips. Mera stroking his hair lovingly and then his arms, that sent a burst of pleasure. Warmth and heat spread through Hadrian’s body all over. Mera leaned in further and kissed down the side of his neck.

“So strong and handsome,” Mera commented with hunger in her eyes. “Worthy of a Queen.”

Mera’s fingers weaved through his shirt buttons and unwrapped him. Every time she exposed a little bit of skin, she kissed it and made Hadrian heat up even more. Mera was practically on her knees, worshiping him, first his abs and then kissing his crotch through his pants. The horny Queen’s green eyes flashing with pleasure made things extremely hard.

Down went his pants and the minute Mera pulled his boxer shorts off, twelve inches of raw, throbbing, manhood smacked her in the face. Mera stroked him from the tip, all the way down the shaft, and to the base. She played with his balls, enjoying the size.

“May I treat you, great one?” she asked.

“Go for it,” Hadrian grunted.

Mera opened her mouth and like a prime goddess. She took in everything. Everything, every last inch of his big, meaty cock passed down her throat and stuffed her cheeks. Hadrian gripped onto the back of Mera’s head and rammed himself deeper into her mouth. Mera broke out into a very soft yep, the second he drove down into her throat.

“Good...good, suck my cock.”

Mera was not going to turn that down. Not when so much throbbing man meat had been willingly presented to her. He was so much more well endowed than any man Mera had ever laid with. She
felt her throat almost stretch out and hunger just burned through her body.

“Keep it up, don’t stop,” Hadrian breathed in her ear.

No desire to stop, none at all. Mera continued to wiggle her tongue about Hadrian’s head and made him thrust up deep into her mouth. She traveled down on and pressed her face down onto him. Hadrian grabbed the back of her head lightly and pumped up to her.

Mera practically burying herself face down into his pubic bone was one of the hottest sights ever. Not to mention her eyes burning with lust. Hadrian thrust himself up, his groin coming precious inches away from exploding. He tried to warn Mera that it was about ready to happen, he was going to blow.

“I’m going to blow,” Hadrian managed.

She fondled his balls and worshipped his manhood. Mera turned into a nympho, a sex addict. She craved, and lusted for every last drop from these balls. Mera folded her fingers against his manhood and stroked him. Hadrian struggled to hold back in the face of her face. However, Mera was just too damn good. Her breasts brushing against his leg with every descent just made Hadrian go that much closer.

He spilled his seed into her mouth. Mera, showing that she was a proper lady, did not extract him until he was down splattering. As a result, Mera did not waste a single drop of precious seed, sucking it down like it was a cure for everything that ailed her.

Mera stood up to her feet, ass swaying next to Hadrian’s eyes. Hadrian put his hands on her backside and then pushed her against the bedside table.

“I can’t help myself around you.”

“I can tell,” Mera said. “You’re hard already.”

She bent over the bedside table and allowed Hadrian to touch her all. Despite this fact, she wanted to take this to her bed. Mera spun around and grabbed Hadrian by the hair before kissing him. Hadrian returned the kiss, hot and heavy, her bountiful breasts pressing against his chest.

Mera pushed him back onto the bed, her red hair tickling his shoulder. She moved around and positioned herself where her ass was facing away from Hadrian. Her pubic hair began to tickle the point of his cock.

Hadrian sat up off of the bed and Mera shook her head.

“No, relax, and let me thank you,” Mera said.

She opened up her warm hole for Hadrian and his thick cock speared into her body. She took it in her, inch by inch, until she could go no lower. Mera chewed down on her lip, wondering what the hell kind of power this sorcerer had to make this cock so big. She was able to stretch to accommodate a lot and yet, he was filling her out.

Mera’s warm walls contracted around him. Hadrian decided to sit back and enjoy the show. Every now and then, her long red hair brushed against his chest when he leaned back. The softness of her body came down onto him, with so many solid cracks. He could feel her perfect butt cheeks mold
against his body. Mera peered over her shoulder, a big grin on her face.

It was hot as hell to see Mera ride him reverse cowgirl style. She pushed her wet pussy down onto him. It squished against Hadrian. He channeled all of his energy, hands extending to the point where they touched her breasts despite Hadrian lying flat back on the bed.

Mera rocked herself back and forth, moaning like she was in heat. There was no question about it, she needed to cum along with him. He touched her all over and sent Mera spiraling over the edge. She bounced faster, harder, and harder.

The two edged nearer towards their orgasms. Mera was going to win the race, or lose it depending on one’s perspective. Hadrian thrust further into her. Every time those big bloated balls hit her, she felt a lightning rush in her body.

Mera decided to stop holding back and just let this go through. Mera broke out into a passionate scream, her body oozing all over him. Hadrian edged her all the way. Now that he sat up and pinched her ass while thrusting into her, Mera just gave into him.

The next thing Mera knew, she was pressed down on the bed, hanging over it. He held her up on the bed, with his hands. But yet, that seemed impossible, as his hands were on her breasts. Mera could see him and feel him.

Of course, it would have to be magic. Wonderful magic, magic would blew people’s mind, enchanted it, and ensnared the senses. Just like Hadrian ensnared her breasts and pushed against her. For a long second, Hadrian guided his cock against her asshole and Mera wondered if he was about ready to take that hole.

“No one has...ever,” Mera breathed.

“When I’m ready,” Hadrian said.

He pushed back into her, a squeeze of Mera’s thick, juicy, booty showing that he was going to take that hole at any time. The last one she had given up. Of course, he took her mouth and her pussy already, and it felt like they were being taken for the first time.

Hadrian massaged Mera’s sensual and sweaty body. He thrust further and harder into her, his big swinging balls connecting against her at this angle. It looked really nice and he teased her. Every sound Mera made was more beautiful and more sensual than the last. Hadrian pressed his mouth against her neck and took hold of her, wiggling up against her. Mera’s intense breathing escalated a little bit more.

“I’m taking you,” Hadrian said. “Your ass...it’s begging to be fucked.”

Mera could not disagreed. His hands pushed on her ass and opened up her hole. It was perfectly lubricated for his thick cock to nearly come inside of her. Mera grasped the edge of the bed, almost sucking in a deep breath. Hadrian was all over her body, teasing her.

She wanted this cock, this prime cock, buried deep inside of her married ass. The fierce warrior was going to take a hole that no one else claimed and Mera dug her nails into the side of the bed, breathing in fiercely. Hadrian rubbed her back and her breasts, rocking back against her.

“Mine,” he told her. “All mine.”
“Just take it already.”

Hadrian slammed deep inside of her body. His hands brushed against her backside and he slapped it. Hadrian rocked deep inside of her, his bloated balls dancing against her wet womanhood. No matter how many times he pushed inside of her, it was perfect.

The deep breaths followed with Mera moaning and squirming. Hadrian kept pushing her onto the bed, his hands rubbing against her ass and slapping it a couple more times. Hadrian buried faster and faster inside of her, rocking her body.

“Don’t stop.”

“I won’t.”

Hadrian slipped a finger or two deep into her tightening hole and rode her out. He enjoyed the scent Mera gave off when she was aroused. Hadrian knew, without a shadow of a doubt, the Queen’s arousal belonged all to him. He slammed her tight hole, rocking her all night long. Mera sucked in more breaths than possible, the faster that Hadrian buried his way into her tightening back hole.

“I will never stop, I will never slow down,” Hadrian told her. “Do you like how I treat your ass?”

“Yes,” Mera breathed.

“It demands to be worshipped.”

Hadrian slipped deeper inside of her. His bloated balls swung like two big wrecking balls and hit Mera firmly on her thighs. He sat her up on the bed, on her lap. Anyone who dared enter this room, the first thing they would see was the Queen of Atlantis bouncing her beautiful bubble butt up and down on the cock of the man in front of her. All while Hadrian scooped up her tits and released them.

This ritual had been performed several times, with two swollen hard balls walloping Mera on the backside. Hadrian leaned in and kissed her neck, sucking on her earlobe. The more she presented herself, the more that Hadrian took.

Mera wondered how close he was getting. She must have came at least a half of dozen times, maybe slightly more. Mera’s thoughts drove closer to getting her most primal passions fulfilled and basic calculations were not on that list.

Hadrian opened her body, covering every inch with her touches. There was not a single inch of her body that Hadrian did not claim and Mera would not have it any other way. He continued to claim her, sucking on Mera’s shoulder, her neck and licking her all over. The sweaty Queen pushed all the way up.

“Surely you must want to achieve your release in me, great one,” Mera purred. “Those balls are so heavy...I would enjoy it if you paid tribute in my ass.”

Hadrian rocked her forward, slapping her ass when he drove inside of her. He buried himself repeatedly inside of the Queen’s perfectly round rear end. Her tight anal walls clasp down onto him and release him several times over. Hadrian knew exactly what he wanted.
“It’s divine, I must have it all night long,” Hadrian told her.

“And you take what you want,” Mera said.

“Yes,” he agreed. “And you will too.”

Mera knew her life had changed the moment he touched her. And it changed even more when a huge load of seed splashed into Mera’s ass. Mera closed her eyes and hungered even more for him. His fingers brushing against her added to the appeal. Almost as if he was shoving a second throbbing hard rod into her, burying into inside of her.

Hadrian buried into her, his balls slapping against her on a constant basis. Those hands brushed against her tits and released them, pushing back into her.

After the fact, Mera pulled herself away from him. She squeezed his balls while taking a handful of cum from her ass. She sucked it down, like a drink, like a dying woman in the desert.

From the fountain, a shower of water rose and splashed over Mera’s body. Hadrian’s eyes burned with desire when he looked at the dripping wet redhead. She splashed water all over his body to clean his cock, only so they can get nice and dirty again.

Mera motioned for Hadrian to relax. She crawled across the bed, with water still splashing off of her sexy body with droplets. Mera put her hand on his crotch and rubbed it.

“I’m going to ride you,” she informed Hadrian. “And I won’t stop until I’m good and pregnant.”

She mounted him, feeling his manhood brush against her tender opening. Mera threw her head back when rubbing her wet pussy against her. She could feel him go inside, with balls pushing against her.

“It’s nice to feel a real man’s penis, that doesn’t go limp after a few pumps,” Mera said with a wicked smile on her face.

“Too much...information,” Hadrian told her.

“My apologies….let me fuck those bad images out of you.”

Every word, Mera’s warm walls clutched him and she released him. Hadrian groaned when Mera pressed on top of him. She leaned down to kiss him, her red hair brushed against Hadrian’s chest when she made out and forced him into her body.

Every last thrust brought Hadrian closer to impregnating the Queen of Atlantis. He got excited with the thought and having her sexy body over and over again.

The MILF blew on his ear and rocked herself to the first orgasm of many, leading him closer to injecting his warm, potent seed into her.

“Are you ready to cum?” Mera moaned in Hadrian’s ear. “Ready to put that nice, big potent load of seed right in my pussy….oooh...it’s time, isn’t it, to knock me up with the cum?”

“Oooh, that’s tempting,” Hadrian groaned. “And an honor...to take the womb of the Queen….you’re so hot....I could fuck you forever.”
“Promises,” Mera breathed.

“Which can I live up to,” Hadrian said with a slap of her ass to encourage Mera to ride faster.

A few more drops and for this round, Mera had Hadrian right where she wanted him. Hadrian slammed repeatedly into her body, his bloated balls hitting her at all of the right points and sending Mera spiraling over the edge, to intense waves of lust. She could do little more than break out into cries.

Both of them came together, with Hadrian shooting his thick seed deep into Mera’s body. Mera’s walls tighten around him, not wasting a single drop of the precious commodity located in Hadrian’s balls.

The second she finished her ride, Mera collapsed on top of Hadrian. She ran her hands over his body and was pleased to see that he was hard again.

Good, because she had plans for the powerful warrior and his cock. Big plans.

Something that Hadrian would not argue against and for good reason.

End.

The doors opened and Grayfia Lucifuge stepped into the room. She noticed the handsome master of the house, the Incubus King, Hadrian Peverell, bent over a book. Perhaps it was a listing of his various conquests, or perhaps it was something a bit more mundane.

Grayfia dressed to kill in a slinky maid’s uniform, with her ass and tits on full display. The fabric strained to contain those two parts. Her silver hair pinned back underneath a maid’s hat. The stockings clung to her legs. She wore no underwear underneath. Also, no shoes, given that Grayfia felt she should lead a good example.

“Pardon me, great one, but I came in here to do some dusting,” she commented with a smile.

“Don’t let me stop you.”

Hadrian’s eyes locked on what she was wearing or what she wasn’t wearing, rather. Her bare ass stuck out as she bent over the shelf to start dusting it. She moved around the bookshelves, with her hips moving back and forth. The flimsy display of fabric came up when she rose up to get the top most shelves and revealed her bare cunt lips for him.

He smiled and busied himself with the book, or so it seemed. X-Ray vision allowed him to maintain the illusion and frustrate her.

“Excuse me sir, but I’m going to go clean your balls,” Grayfia said.

She leaned over, practically almost shoving her cunt in Hadrian’s face, and started to clean the collection of sports equipment on the shelf. She picked up the bat and added some cleaning solution to it before rubbing it up and down, nice and hard, treating the wood with a smile on her face.

“Got to make sure your wood is nice and firm.”

She spun around and then lifted a leg to lean over. Her stocking clad foot rested on Harry’s crotch and Grayfia’s maid’s skirt came completely up.

Hadrian almost resisted her, until the point where her toes rubbed his crotch through his pants. It only happened during the duration, with her ass cheeks clenching and then Grayfia moving to show Hadrian both her tight holes. And she was just a little bit wet because of this.

She moved over and walked to the table across the way. Grayfia bent over the table and applied some cleaning solution on it. She rubbed the dust and the grime off of the table, all while bent over. She spread her legs while bent over.

Hadrian knew that it would not be too long before she enticed him to do something. Yet, morbid curiosity, hit him, wondering how far she would take the teasing. He enjoyed the show of Grayfia’s bouncing, swaying ass, and her tight, enticing pussy in that short dress. She moved to the other end of the table and bent over. Her tits practically fell out of her top.
“Bugger!”

“Problem?”

“I spilled my tea on my lap.”

Grayfia moved over to clean up the mess which dribbled on the floor. Rubbing her breast against Hadrian’s leg when she did so. She broke out into a wide smile when rising up and undoing his pants.

“No underwear?” Grayfia asked.

“No,” Hadrian said. “I find them an appaling concept...as do you…”

His erect penis smacked her in the face.

“Well, it does lead to easier access,” Grayfia said. “I found something else that needs cleaning though...so why don’t I make it nice and wet?”

Without any shame, her ruby red lips wrapped around Hadrian’s rigid pole. The lovely devil took Hadrian’s stiff prick into her mouth and went down almost all the way onto it. She shoved it a bit further into her mouth, practically swallowing his prick in one fell go.

“Mmmm,” Grayfia moaned.

It had been a long time since she had a prime piece of meat like this in her mouth and Grayfia wanted to experience the most of it. Yet, she could feel another idea going onto her. As she helped clean Hadrian’s cock of the tea that soaked through his pants, her tits ached for air.

Grayfia pulled down the front of her maid dress completely and revealed them to the world. Her round tits pushed out.

“I think I better make sure it’s not too sticky,” Grayfia said.

“Don’t let me stop you.”

Grayfia thought that the great Incubus King would not stop her. She pushed her round tits in, wrapping them up in Hadrian’s stiff cock. The second his manhood slid between her warm tits, Hadrian groaned. He grabbed onto them, squeezing them nice and firmly. His cock buried itself deep in between her warm cleavage, shoving it as far inside as humanly possible.

“Oooh, yes, that’s perfect, right there,” Hadrian breathed.

“Mmm, yes,” Grayfia agreed. “Don’t let me stop you from fucking these nice...perfect...tits!”

Hadrian pushed his hands against her warm breasts and squeezed them. The force of which Hadrian drove into her cleavage made it a very perfect feeling. They dropped all pretext, with Hadrian just driving his big long manhood in between the woman’s large breasts.

The silver haired woman smiled, her eyes glowing with intensity. The cock which tamed women throughout several realms was made hard by her endless teasing and now the great Hadrian
attacked her breasts. He grew a long way from being that little boy, Harry Potter, and now was a man among men, shoving his thick cock faster and faster in between her cleavage.

“Oooh, yes!” Grayfia moaned. “Take me….take my tits! Make them yours! They’re all yours! They’re all for you...baby!”

Hadrian squeezed her nipple and gave it a very intense twist. She broke out into a soft moan, the more he touched it. The more he touched it, the more pleasure he brought through her. He smashed his way deep between her clenching cleavage.

“You’re going to have to clean up another mess if you’re not careful,” Hadrian warned her.

Grayfia just gave him a very sharp smile and kept pleasuring his cock. He hung on and jackhammered away at her perfect tits.

“Oh, that’s the kind of mess I love to clean up, sir,” Grayfia moaned at the top of her lungs. “Give it to me...give it me, fucking now!”

Hadrian slid his hand against her and milked her warm tits. She breathed in pleasure the faster Hadrian smashed in between her snug cleavage. Rocking her body for the next several minutes. Hadrian’s edge came ever so closer.

The warm feeling bubbling up in his balls edged ever so closer. He knew it would not be that long before he came and came extremely hard. Hadrian rubbed her nipples and kept working them over. Right until the point where he was close.

The eruption of cum fired and hit Grayfia in the face. The shower of semen kept pumping out of his cock, covering her. His discharge tasted divine the moment it hit her lips, her cheeks, and some of it got in her hair. It dribbled down her neck and all over her cleavage.

“A real fun mess,” she said with a soft sigh.

A pleasure bolt reached between her legs and hammered a certain point of her. Grayfia rubbed her warm pussy against the ground, practically humping it. She wanted Hadrian’s big cock beneath her, but it was too busy enjoying the warm valley of her cleavage to be a very practical experience.

“I have you...where I want you,” Hadrian told her with a very intense breath in her ear.

“Mmm, you know it, baby,” she agreed.

Hadrian pulled his cock out of her cleavage and allowed Grayfia to drop down onto the ground. She scooped her tits up and extended her tongue to lick the cream off of it. She maintained eye contact with her well endowed love. The horny woman’s lust for Hadrian increased when she saw his cock return back to life just seconds after it unloaded enough cum to impregnate a small village of women.

“Yes, you have me...right where you wanted me,” Grayfia said.

Hadrian lifted her up off of the ground and shoved her back against the wall. His cock ground between her leg, touching her thigh. It felt like Hadrian bumped a baseball bat against her thigh repeatedly. A swollen head teased Grayfia’s overly sensitive clit and made her almost lose it.
“No,” Hadrian growled. “I have a better idea.”

Grayfia wondered what this better idea what be. The strong Incubus scooped her up up and walked her over to the table which she so painstakingly cleaned. Her heart hammered a war beat, at the thought of him dropping her on the table and practically fucking her through it.

The primal fury flashing through his green eyes made her legs spread the second he sat her down. Hadrian pushed his hands against Grayfia’s warm thighs, rubbing on them. She moaned the faster that Hadrian moved towards her. He ground against her wet pussy.

“You’ve been asking for cock all morning,” Hadrian said.

“Only for about a half of an hour,” Grayfia breathed.

“Still, you came in here with the intention of getting fucked,” Hadrian said. “And you’re going to get what you want.”

The meaty breeding rod shoved deep into Grayfia’s gushing hole. The woman tamer slid between her legs and filled her up so much. Her walls expanded to take even more. Grayfia wanted more, she needed more, and she would have more, the thick cock pressing deep inside of her warm pulsing hole.

Hadrian rubbed her nipples and brought tingles to her. He grabbed her nipples and squeezed them. Milking them.

“Just imagine me milking these things when they’re full of milk for our daughter,” Hadrian said. “I wonder if I exert enough power, will I get your slutty tits to lactate?”

“You won’t know unless…..oooh!”

Grayfia’s thoughts went completely haywire and all coherent language left her. Hadrian used her warm pussy as his own outlet, fucking her intensely and immensely into the table. It was something she enjoyed a lot, craving his manhood the faster it slid into her body.

“Cum for me.”

She clamped down onto Hadrian and obeyed him. The long rush of her juices stained his cock and allowed him to push into her with ease. His dominating balls swelled like a balloon, taunting Grayfia with the seed.

He pulled out of her and she moaned. Hadrian flipped her over and had her bent over the table. His pussy tamer shoved deep into Grayfia once more. Her pussy molded for the perfect squeeze around him. Hadrian clutched her breasts, making them his when they dangled over the table.

Grayfia took some pride in her cleaning job, when she looked down at her pleasure ridden face and eyes the deeper Hadrian shoved himself into her. He pulled back from her and was in somehow deeper. She took enough cock to make her stomach bulge outwards. She almost lost it completely.

Hadrian’s eyes traced the woman’s rippling body. Every inch of her tantalizing, youthful, sexy body shined with sweat, and became Hadrian’s to consume. He wanted to swallow her up like grey, sucking all of her life force, leaving her with just enough to fuck another day.
“I wonder how many orgasms I can give you before your mind breaks,” Hadrian said. “Then again, you’re already a willing little cum slut.”

His dirty talk pushed Grayfia a little bit over her edge.

“I’m your cock sleeve,” she encouraged him. “My pussy is made for you to fuck...and fuck it...you are...you will...you should...you really should...fuck it!”

Hadrian slammed into her as deep that it made Grayfia almost slip off of the table. He held her up by the legs and then pushed her down onto the table. The ride continued, with each inch of his throbbing length sliding into her.

As much fun as it was to pound her utterly, Hadrian’s release neared. He needed to feel her cum around him one more time before he was completely finished with her. Hadrian slowed down just enough, dragging their orgasms to a crawl for around a minute.

Then, pleasure exploded in Grayfia. Her nerve endings sang to register what she was feeling. It started at the base of her neck, came down her spine, and then came into her pussy. Her thighs pumped immense heat and she milked Hadrian’s throbbing tool with her sticky twat.

“Cum inside me,” Grayfia said. “Fill me your your babies!” Give me them all!”

Hadrian rammed deeper inside of the fertile woman, her body calling for his inner nature. He clutched Grayfia’s tight ass, repeatedly spanking her and leaving red marks all over her ass. She moaned the faster Hadrian drove into her.

“Cum inside me,” she encouraged him. “Fucking hell...you sexy...motherfucker. Cum inside of me. Spurt those juices inside of me....make me pregnant with your sexy daughters. I swear, they’ll be born to suck their father’s cock and take their cum just as well as their mother are.”

Hadrian rode her out and this pushed him over the edge. The first few blasts of warm seed spilled into her, pumping as much juices as possible into the sultry woman underneath him. Her pussy never stopped squeezing until all of his cum painted her insides and raced straight to her eggs, fertilizing her womb with his potent fluids.

A couple more thrusts and he left Grayfia to slump over the table. Her stomach swollen after an obscene amount of cum inside it. She breathed in and turned around, mouth hanging open.

“I need,” she managed.

“I know,” Hadrian told her with a soft smile. “Here.”

His cock was hard once again and rammed down her throat. Hadrian enjoyed her blowjob, the prelude to even more debauchery.

End.

Dragon’s Den (Carina Miller and Sarah Walker from Chuck)

Many women stepped deep into the Dragon’s Den. Strong, powerful, self-assured, some very capable women. They were never the same ever again when they encountered one of the most feared entities in the entire world. Feared and also anticipated by the women who fought them.

Hadrian Peverell, the latest alias of this almost supernatural entity, dropped his robe to the ground. He wore nothing other than a pair of tight leather pants. The Dragon’s muscular chest and abs practically hypnotized the two strong women who approached him. Sarah Walker, no stranger to the Dragon’s touch, sauntered forward closer towards him.

“You had your chance to leave,” Hadrian told her. “But, you returned with assistance.”

Sarah dropped her purple robe on the ground. The athletic blonde approached him and placed her hands on his chest. She leaned in closer towards him.

“I needed to feel you again,” Sarah said. “All of those months without you...they drove me mad.”

“I thought we were supposed to…..take him…..”

The words take them sputtered out of Carina Miller’s mouth when Sarah undid his pants and shamelessly pulled out a cock to end all cocks. Carina’s mouth hung open, barely able to hold back from the feeling. Her moist lips popped together, while she eyed his cock.

No wonder it left women wanting for more. The throbbing manhood hanging between the Dragon’s legs moistened Carina and caused her to take a deep breath. She moved over to take a closer look, the front of her cat suit sliding open. The redhead sauntered over towards him.

“You are really everything that they said that you were,” Carina said. “And so much more.”

“Yes.”

Sarah found interest in his cock and slid it into her mouth. Carina moved over, in a lacy pair of black panties and a bra to match. Carina fiddled with the bra strap, about ready to release her wonders into the world. Hadrian beckoned her over.

Carina’s panties came off and Hadrian pressed his hand against her heat. The slightest touch rattled the woman. Her entire body melted like molten heat underneath the hand of her lover. Hadrian’s eyes locked onto her, almost challenging her to do something, anything, to fight back. No attempt to fight back came for Hadrian rubbed his palm against her sex and got her returning the fire just as she should.
“Oh, my….”

A loud slurp caught Carina’s attention. Sarah really enjoyed the Dragon’s most valuable tool, as it worked deeper inside of her mouth. Hadrian placed a finger in the back of Sarah’s head and forced her to look up. Sarah swallowed his organ, like it was something she craved.

“A good woman,” Hadrian breathed. “You needed more. And you dreamed of my cock going into her mouth like this.”

Sarah rocked back and forth, Hadrian face-fucked her without relenting for a second second. Sarah’s eyes close shut and she broke out in a breathy moan. Hadrian rocked himself a little bit further inside of her mouth.

“You dreamed of choking on my big fat cock,” Hadrian told her with a soft smile stretching over his face. “Knowing that nothing else in your life mattered other than choking on my twelve inches.”

Carina pulled free and she desired something else. His big fat balls, loaded with cum, and primed to suck. She dropped down and sucked them.

The two spies on the ground, pleasuring him and rubbing his legs, caused triumph to spread over Hadrian’s face. They worked their mouth and showed their true skills. Fire in their eyes, and soon fire in their loins would be Hadrian’s bounty.

“Oh, you are so good,” Hadrian encouraged them. “You almost earned one of the prizes you seeked.”

Sarah popped his manhood into her mouth, sucking on him. She latched onto him, dragging her warm tongue against his thick, throbbing manhood. She constantly and endlessly blew her lover. Sucking him in between her cheeks.

Carina worked his balls, with all of the suction of a very powerful vacuum cleaner. She put her hand on the underside of his meaty testicles and squeezed them. Allowing Hadrian to shove his prodigal length deeper into Sarah’s mouth.

The first few spurts entered Sarah’s mouth. She drank his warm seed with Carina helping along his explosion on the way, with an orgasmic blast. Sarah took the tasty bounty in her mouth, allowing it to form on her tongue. She moaned and tilted her head back, sucking more and more seed up with each passing burst. Hadrian rubbed his cock on her tongue and painted the inside of her mouth with a constant blast of seed. It offered passage inside of her mouth.

A second passed with Hadrian pulling out of her mouth and allowing Sarah to fall into place. She looked on at him, a sultry gaze plastered in her eye. Hadrian rotated his cock head against her tongue and made Sarah drink from him.

“Share in your bounty.”

With practiced ease, Sarah grabbed Carina by the cheeks and forced her mouth on top of the other woman’s with a stunning french kiss. Sarah rotated her tongue, forming a warm push into Carina. She gave Carina the fair share of seed.

Hadrian waited for the two to continue their steamy encounter. Hands grabbed on tight to each
other, with their mouths forming the warmest and most passionate seals imaginable. Hadrian’s cock sprung up completely.

“I think I should get the first ride,” Carina said.

“No,” Sarah said. “Let him eat you out first...you’ll thank me later.”

Hadrian laid on the bed and Sarah pulled herself on top of him. Her bra and panties came off and revealed a perfectly, heavenly glow to her body. Sarah gave him a seductive smile and she rubbed her entrance down onto his cock.

She teased Hadrian for as long as he would allow, until Hadrian pushed her inside. The first twelve inches of his meaty pole slammed into Sarah and stretched her warm box completely out.

“Oooh, this is a ride!” Sarah breathed as she squeezed herself.

Carina took her position near Hadrian’s face. His hot breath hit her pussy. The Dragon’s warm breath tickled her pubic hair and then the first whirl of a pointed tongue edged inside of her.

“Oh, fuck me sideways!” Carina moaned.

“He’ll do it any way you want when he’s ready,” Sarah said. “If you treat him well.”

Hadrian just smiled and brought his tongue deep inside of Carina. He sucked her juices and made Carina drop onto his face. The fleshy sensation of her wet pussy resulted in Hadrian going all in to this lovely minx.

One cannot forget Sarah riding his cock and taking his length as far into her as possible. The stretching feeling of her tight pussy closing around him rocked him up.

He could feel Sarah, squeezing her ass, while also pleasing Carina from far across the bed. The reach of the dragon, his invisible fingers clutching Sarah’s ass, got the blonde’s juices exploding.

Up and down, up and down, Sarah rode him. Feeling his cock inside of her. The throbbing hard cock stretched inside of her. Sarah gasped, feeling every single vein popping off that cock touching on the inside of her body.

“Jesus!” Sarah moaned.

“Oh, he would have nothing to do with something this...sinful!”

Carina hit a high note for Hadrian twisted his tongue deep inside of her body. She felt her warmth exploding. Hadrian ran his fingers down her fleshy rear end, tensing around it and spanking Carina hard and fast. She panted in pleasure.

She came once more on his face and Hadrian sucked up the entire bounty. Swirling his tongue inside of her brought more juices out of Carina’s warm and very needy box.

Carina wanted to slam onto his cock, but to be fair, his tongue did the fine job enticing her. It reached deep inside of her insides, moistening her warm lips the faster Hadrian slammed into her. He tasted her and got Carina really going at it.
Sarah’s walls clutched around his tool and milked it. Her entire body flared up with pleasure. Sarah clutched her hands against her nipples and broke out into a pleasurable shriek.

Hadrian slammed deeper into her body. Her walls clutched against him and tried to milk his cock. Hadrian responded by going up inside of her, stretching her warm pussy out. Her tight wet hole pleased him and edged him closer.

A jolt of Carina’s clenching pussy busied Hadrian’s tongue. He soaked in the pleasure of both of the woman’s lovely holes.

Sarah bent back and rocked on his manhood. She did everything in her power to get her lover to spurt. Of course, her lover was strong and would not back down. Not do anything else other than fill her wet hole with his pulsing thrusts.

“Break her, break her cunt!”

“Maybe he’ll break you,” Sarah breathed.

The truth was that she ascended and descended with a rapid fire frequency. Every time his balls came up, they slapped her thighs repeatedly and endlessly from beneath. Sarah clutched him and moaned the further his thick toll rammed into her.

“Yes, break my pussy,” Sarah breathed in pleasure. “Ram that cock inside of it.”

Carina almost slumped forward. He grabbed onto her and devoured her womanhood. Her juices oozed out into his mouth.

It was now just Sarah and Harry. Sarah leaned down and rocked her hips down onto him while Carina caught her breath at the end of the bed. She leaned in and pressed her chest against Hadrian’s. Her nipples pushed into him and added an immense amount of heat from them kissing each other. They played this game, their tongues engulfing against each other.

Hadrian felt up her body, fit and toned, and ready just to be ravished. The sorcerer crammed himself deep inside of her. He wanted to feel Sarah cum around him one more time before losing his load inside of her. Sarah wiggled her hips down onto him and moaned deeper into his mouth when bouncing on him.

“Closer, baby,” Sarah breathed.

“After you,” Hadrian told her.

Her body succumbed and Hadrian rolled her over onto the bed. Her soft legs ensnared him. Hadrian felt them up and got her squealing in pleasure. His mouth engulfed her chest and sucked her nipples.

The deeper he went into her, the more Sarah clung onto him. They became one, with Hadrian pumping into her until his balls came to the edge. Sexy Sarah Walker prepared to take a full load of his cum inside of her pussy, as it should be.

Her body shook and Hadrian came inside of her. The rush of seed splattered into her body and filled her up with an unprecedented level of warmth. Sarah closed ranks around his cock and purred in his ear.
At the edge, Carina viewed with a predatory smirk. It was a battle in her head whether or not to put her lips on the Dragon’s cock when it exited Sarah, or drink his cum from Sarah. A rapid fire finger motion spread her juices deeper inside of her core.

“Oooh, fuck, I can’t wait to have that inside me.”

Hadrian pounded Sarah all the way to the end of the orgasm and allowed her to descend on the bed. Her body descends to the bed, clutching the sheets, and breaking out into the softest, most pleasurable of sighs. He squeezed Sarah’s thighs and got her to shudder.

The moment Hadrian turned around, Carina grabbed his cock.

“Oh, I bet the two of you taste perfect together,” she said. “But, why wager something like that?”

Carina dropped her lips down onto Hadrian’s cock and tasted the Sarah juices left behind on his cock. She cupped his balls and milked them, to cause another swell of desire to him him. Carina moaned softly from his cock bumping against the back of her throat.

The deep-throating was extremely delicious. Hadrian placed his hands on the back of the head of the talented woman and continued his exploration of the back of her throat with his bit cock. She pulled back and slide her tongue against the manhood, pleasuring it in every single sense of the word. Carina pushed down almost all of the way and sucked him, nice, hard, and fast. Leaving a ring of salvia against his throbbing hard prick when pulling away from him.

“Delicious,” she murmured with a sultry smile etched on her face.

Carina cupped his balls and then rubbed her tongue against his cock head for a few more seconds. She took her time in tasting the sweet taste of Sarah left on him.

Not to deny the beautiful blonde on the bed, Carina did an about face and parked herself between Sarah’s lovely thighs. Sarah spread her legs, with a very passionate hum coming from her body. Carina placed her hand on Sarah’s heat and started to rub it in circles. Sarah breathed in and breathed out a couple of times, enjoying the feeling of Carina’s hand just moving in between her legs.

“More,” Sarah breathed in an extremely passionate manner.

Carina gave her more and gave her the tongue licking. Hadrian’s thick seed dribbled out of her sticky twat. This was a meal that Carina would crawl in the desert for mile for. The taste of the combined juices drove Carina completely insane with lust. She sucked the juices down Sarah’s warm fuck hole and she hornily twitched underneath the bed.

Hadrian put his hands on Carina’s back and felt her pussy, nice, wet, and ready. He tested it by rubbing his cock head against her.

“Today is your lucky day.”

Carina spread her legs to show off the prize Hadrian seeked. The first few inches of his stiff prick slid deep inside of her warm womanhood, taking Carina far and deep. Carina bit down on her lip as Hadrian filled her up completely and utterly with his massive manhood.
He’s all the way inside of her, and rocking back. Carina loved every minute of his hands touching her and his cock fucking her. The fact she dug her tongue into Sarah’s pussy and devoured her womanhood was just icing on the cake as well.

Hadrian pushed in to a depth which Carina did not experience in her life prior to now. He slapped his hands against her fleshy rear end, sticking her with his cock. Repeatedly, in and out of her, like a machine. And he was a hell of a machine. A well-built fucking machine. Carina clamped down on his cock.

The lustful moans from both women served as motivation for Hadrian to go all in and when he went all in on a woman, it was a beautiful sight to behold. He slapped Carina’s firm, lovely rear when driving inside of her body. His swinging balls connected with her.

“Time for you to lose it for me, lovely,” Hadrian told her.

Carina obeyed his tone and lust shot through every corner of her body. Hadrian smashed her deep from behind. His swinging balls hitting her in every single way. She just wanted to please him and get his warm seed inside of her body.

On the bed, Sarah’s passions crept up. While she sought to suck, fuck, and ride the cock of this amazing man again, Carina’s lips and tongue were a more than adequate substitute, at least for right now. At least for what Hadrian was doing to her. Shoving his thick prick as far into her warm, wet cavern as humanly possible. Stretching her womanhood with a couple more slams inside of her.

Hadrian slammed deeper and deeper inside of her body. Stretching her out all the way to the core, pressing his thick prick deep inside of her body. And just making her scream, scream in an extremely endless lust which made her clench down onto him.

“Lose it for me,” Hadrian told her one more time. “Cum for me.”

She came for him alright and came for him hard. Carina tightened her walls around his massive breeding rod and allowed him to go all in on her. He was wrecking her pussy, destroying it for all future penetration. The only thing which could make her feel this good again was his big, throbbing, cock and Carina would not have it any other way to be perfectly honest.

“Oooh,” she moaned at the top of her lungs.

Sarah put her back to work in an instant. The sound of lips meeting pussy made a loud pop and Hadrian was only encouraged to pound away.

He slowed down just enough to make Carina protest. He pressed a thumb over her lower back and regulated her pleasure settings. The output of pleasure was still present, although slowed down. After a time, after what seemed like minutes, Hadrian put the burn back on her. Slamming inside of her body one more time, filling up Carina with his massive tool.

Every single time he went all in on her, Carina just gushed around him. Knowing the ending was about to come around the corner and it was going to be a big ending. Hadrian stuffed Carina full of his large and very meaty tool. She hummed, closing her ranks around him. He pulled out of her and drove inside of her body with a greater depth.

All good things reached their end and while Hadrian had a hell of a time edging Carina, he let it all
“And now, it’s time,” Hadrian said. “Cum for me like you’ve never cum for anyone before.”

With his immense length rubbing, and pleasuring her on all ends, how could Carina do anything else other than cum. Her explosive discharge from her clenching pussy made this wrap up in one of the more intense ways. Hadrian rode her from behind, going all in. Smashing her without any care in the word, and damn if that was the way Carina liked it.

She liked it, coming again and again and again, all because of his big stiff piece of meat. His balls swung back down and cracked her on the thighs. Carina jumped up and shoved more of Hadrian’s prick deep inside of her body. She hummed, the faster Hadrian slid into her body.

The main event was here. His balls reached their limit, after spending a good amount of time riding Carina’s clenching cunt. Hearing the moans of both women, Carina’s from Harry fucking her and Sarah’s from Carina’s endless rug munching.

One more grunt and Hadrian lost his load inside of Carina’s womb. His intense discharge splashed Carina’s insides, sloshing her with an endless, epic amount of seed. Blast after blast of intense seed fired inside of her body, lightning her up.

Carina could feel it, burning seed spilling inside of her body. She wrapped her moist cunt lips around her lover’s tool and drained him of every single drop she could. Knowing that it would never be enough.

She collapsed, lips pressed on Sarah’s right inner thigh. Sarah nudged Carina off the moment where Harry pulled out.

“And now….”

Sarah turned around and sat on Hadrian’s lap, rubbing herself against him. She was determined to get his cock again.

Fortunately, Hadrian being a generous lover, was willing to give. Sarah put herself in this position to take his cock inside of her with one huge spear, all while Carina started to suck her toes.

The three lovers indulged themselves into the night, with the Dragon never tiring of his prey, how they gave their bodies up to him utterly. Sarah’s cunt remained tight, and yet flexible, giving his manhood the squeeze which it needed.

End.

Precious Gem(Ruby Rose from RWBY)

Ruby smiled, in spite of herself. The strong arms of the powerful man wrapped around him. He was so close to her, practically inhaling the scent of her hair. That made her a little bit nervous, mostly because she could inhale his scent as well. Said scent made her weak in the knees and dare Ruby Rose say it, it impaired her judgment ever so slightly. But, yet, deep down, she knew she wanted him, although the teenager was not too sure how to about getting a man.

“Such bravery should be commended,” he told her. “And rewarded.”

He turned Ruby around to properly face him. Coming face to face with Harry’s eyes made Ruby completely flustered, weak in the knees. She dressed in a pair of short shirts and a tank top, with no shoes or socks on. Her dark hair and shining eyes shimmered to expose her beautiful face. Youthful, innocent, yet extremely beautiful.

Harry smiled at her and that smile sent butterflies flapping into Ruby’s stomach.

“It’s…..it was…..nothing,” Ruby offered with a smile. “I don’t think that….”

“Rewards are given not because they are asked,” Harry told her. “Because, they are earned.”

Harry leaned down and gave her a kiss. Ruby enjoyed her reward, and hoped that there were many more. She put her hands on Harry’s arm. He was three years older than her, yet he might as well have had decades of experience on her. The way she succumbed to this kiss so utterly was done like clockwork.

The sixteen year old girl melting into his arms brought a smile to Harry’s face. He had waited for his moment to strike for many months. Sweet, innocent, oh so beautiful, and Ruby returned the kiss with fire, showing that there was something deep inside of her that he had to have.

Or maybe Harry just intended to be deep inside of her. Allowing Ruby to be the standard barrier for men.

“Is it just me or did it get hot all the sudden?” Ruby asked after breaking the kiss.

“Take your clothes off,” Harry told her. “It will feel much better...if you’re nervous, I’ll match you.”

“Yes, please,” Ruby said without thinking about it.

She stripped her clothes off completely, without a second thought. It was like some primal force ruled her body and got inside of her head. Ruby Rose threw her shirt onto the ground and then her
shorts. Harry followed the same path, taking off his pants and then his shirt. Ruby reached over, without even thinking about it and stroked Harry’s chest, abs, and biceps. She smiled when moving closer towards him.

“You’re so strong,” Ruby said. “I knew it...you’re hot...you must be hot...why don’t you take off your underwear too?”

Harry smiled at the sudden boldest. Ruby’s eyes fell down at the bulge which began to rear its head between Harry’s legs. He could tell the young woman lusted after him, desired after him.

“After you,” Harry said. “I said that I would match you and it wouldn’t be fair if you just stood there in your underwear while I was naked.”

Ruby just smiled and dropped her bra to the ground, revealing her perky sixteen year old breasts to Harry. They were more than a handful and Harry reached in to squeeze them. She squeaked when he touched her chest and leaned in.

“You rubbed my chest, only seems fair.”

“Yes, very fair,” Ruby agreed with a hot whisper. “And so...so...very good.”

Harry leaned in and kissed her earlobe and her neck before roaming down and feeling her toned stomach. The rippling of subtle muscles brought another heat to him.

“The bottoms,” Harry told her.

Ruby nodded and slipped down her panties to reveal her tight pussy. It only had a small strip of black hair down it, and shined in the moonlight. Harry stared right at it and it made her break into a smile. Harry placed his hand on her shapely bum and squeezed it while rubbing up against her.

“Match me,” Ruby breathed. “Take your shorts off.”

Harry smiled and removed his underwear. Ruby viewed the unveiling of his thick, juicy, throbbing cock with breathless anticipation. She could hardly keep her mouth shut. Hardly keep from drooling. Such a marvel of manhood poking out, being revealed to her. Ruby thought that she was going to grow faint.

The meaty prick came out and Ruby only saw them in pictures. To see it, to smell it, to hopefully touch and taste it was an entirely different manner entirely. Harry reached over and put her soft young hand on his cock.

“Move it up and down,” Harry advised her. “Play with it.”

Her sixteen year old, delicate hand, moved up and down on Harry’s cock. The older sorcerer smiled when Ruby played with his prick. She looked at him at awe. The first and best cock she would ever hold in her hand brought a tingling feeling through Ruby. Her eyes widened, her lips pursed, and a light moan came from her body.

“Why don’t you put it in your mouth?” Harry asked her.

“Will it...fit?” Ruby asked.
“We can make it work with a little effort,” Harry said. “I’m sure you’re up for the challenge.”

Not wanting to disappoint the older boy, Ruby dropped down to her knees before him. Thankfully, the carpet felt soft underneath her knees. She tasted the head, which was large and intimidating on its own. The musk coming out of it brought Ruby into a daze. He pushed her mouth down onto her and she choked on his cock.

“Relax.”

Ruby did and took a surprising amount of cock into her throat. She moved around a little bit, to experiment with what worked. The cock in her mouth was surprisingly tasty and Ruby thought she could get used to this extremely fine meat. Coupled with Harry’s hands caressing her hair and encouraging her.

“You’re a good little cock sucker,” Harry said. “You’re living up to your standards...such a good girl with her lips around my cock.”

Ruby showed Harry how good she could be, by slurping on his manhood. The warm seal of Ruby’s white hot mouth pushed against Harry’s big throbbing cock, pushing deeper and faster into her. Covering his mouth with her spit and hungering even more with her.

Harry put his hands on the back of Ruby’s head and slammed his thick cock faster into the mouth of the younger girl. She looked at him with such alluring eyes that Harry really had no choice, other than to pound her sweet little mouth. His big balls slapped her chin and made her yelp in surprise. He pulled almost all the way from her mouth and stuck his big, throbbing cock down her throat, almost choking her out.

“Mmm,” Ruby moaned.

“That’s the ticket, right there,” Harry told her. “Take that cock, like you own it baby girl.”

Ruby enjoyed the feeling of such thick meat pressing down the back of her throat. Harry edged his thick manhood further down her throat, making Ruby horny and drip for even more. She owned the man’s cock alright, repeatedly taking it down her throat. His big thick balls slapped her on the chin and made her just rise in pleasure.

“Take it like this,” Harry told her. “You know you want it.”

Ruby breathed in and breathed out, with several solid moans.

“We’re almost done.”

The long slurp followed with Harry’s balls slapping Ruby’s chin. They were about ready to unload and she did not really know how good she can take this. She gave it a good shot.

Harry speared her throat with his long tool and sent the warm juices down her throat. Ruby tilted her head back, thinking that she was done after the first few blasts. However, she prematurely removed Harry’s cock from between her lips and was not prepared for the rapid-fire cannon bursts to paste her in the face. Ruby yelped in surprise when the cum shot out of him, spilling his seed all over her face, lips, and pretty much everything else.

Repeated discharges brought Ruby back and allowed her to drink in the sticky juices which coated
her lips. Harry pulled back and smiled before offering a hand and helping Ruby to her feet.

Ruby wiped his seed off of her face and tasted it. It tasted like strawberry ice cream and it made Ruby shudder. She ended up on the bed and Harry pressed his fingers between her legs.

“I’m going to lick your pussy,” Harry said. “And then I’m going to give you what you really want.”

Ruby shifted underneath him. His lips traveled over her body. They should be registered as deadly weapons. After cumming in her mouth and all over her face, Ruby was horny for more and rather surprised how little Harry’s phallus softened. It was thicker, and more throbbing than ever before.

Her legs spread apart on cue. Her young pussy hungered for him. Harry traced his tongue and tasted her dampness, inhaling Ruby practically. Ruby Rose shifted underneath him, and Harry tasted how eager she was.

He could remove her innocence with a simple spell to make the transition easier, but Harry found it much more intimate to break them in the natural way. His tasting continued, ramping up his lustful tongue movements. Making Ruby shift, shake, and stir when he went down on her.

Ruby never imagined what it would be like to have her pussy pleasured. However, she loved it, loved how he licked her hole and drank her juices like they were an extremely precious commodity. The slurping sound made Ruby reach in and put a tentative hand on the back of Harry’s hair. She could not help and stroke it, cause it to stick up in the air even more.

Harry drank from her and allowed her to drop on the bed. The next thing Ruby knew, Harry was on top of her. His big hard cock pushed against Ruby’s flat stomach and caused her to break out into a lustful moan. He dragged his phallus down her and touched the cock head just near her entrance. He was positioned, nestled between her thighs. Harry reached in and squeezed her chest. This got Ruby’s attention.

Ruby lifted on her legs up and put it on Harry’s backside to try and nudge him forward. Harry entered the perfect position to penetrate her. Ruby quivered, rubbing her lips against him.

“You’re going to be mine, forever.”

She could live with that. Her entire world flashed before her the second before Harry’s rock hard cock slid into her tight body, stretching her out all of the way. Ruby jolted up, her hips smashing against the handsome older man. Harry pumped his thick prick inside of her body.

“Oh my!” Ruby moaned. “You’re so big!”

His cock stuffed her needy hole and she wondered if he was too big. Ruby focused not on her hymen tearing away, but rather his touch. All over her chest, all over her legs, face, and stomach, moving so fast that she wondered if Harry had more than two hands. His hips pumped forward, rocking Ruby’s body.

“Just spread those legs a bit further,” Harry said. “That’s it, baby girl.”

Every time Harry called Ruby “baby girl” her pussy clenched around him. She needed his cock, needed it in the worst way. Needed it more than a woman in the desert needed a drink of water. His
big bloated balls slapped against her thighs. Repeatedly driving down and causing Ruby to moan.

“Oooh!”

The sounds she made were about as subtle as an amateur porn star. Harry appreciated it none the same, appreciated the look, the glimpse of Ruby’s thrashing body. Her wet cavern squeezed Harry’s thickening prick, the faster he drove into her. His hips moved like a sudden, but not so subtle blur. Sticking himself faster and further into Ruby. His balls cracked down onto her and made her just jump up off of the bed.

Ruby clutched the sheets and looked like a divine angel, although a very debauched one. Harry took a further plunge, rocking Ruby to the core. His balls cracked against her flesh.

“Do you feel the pleasure building up in you?” Harry asked.

“Yes,” Ruby breathed. “It feels so good for me to cum...when you’re...inside me.”

She’s a virgin no longer, with Harry making her into a woman today. His woman, willing to take a cock into her hole. Harry bounced himself into her.

“Am I making you feel good?”

That question made Ruby break out into a shimmering amount of pleasure. Ruby squeezed his ass with her legs. He took a deeper plunge into her, bouncing up and down with repeated movements.

“Yes!” Ruby shouted out. “Yes! You’re the only one who can make me feel like this! Who can make me feel so good!”

Harry sped up his thrusts, going as deep into Ruby as possible. Testing her limits, testing to see how much she would take. Ruby closed her legs around him, squeezing him in close. She moaned, springing her hips up and took him all the way inside. Ruby dug her nails inside and breathed in hot.

“I know I am,” Harry said. “And you’re going to cum for me.”

The orgasm built up in her body. Harry did not tease her, okay maybe a little bit. But, it was just to make the inevitable explosion all that much better. Ruby clenched him with her tight pussy. Harry rose up and drove into her. Riding out her orgasm.

Every nerve ending of Ruby’s body sang in constant pleasure. Harry took her in deep, sliding into her warm, clutching cunt and making her moan. He filled her up so much, so much that she just had to scream.

Another orgasm followed the first one. Ruby became a very willing partner. Now that she felt Harry in all of his glory, she would need to feel the powerful, older, man more and more. The newly broken in woman thrashed on the bed, taking more of Harry inside of her body.

“Mmm,” Ruby panted in pleasure. “I’m going to...lose it.”

“You already have.”

Harry’s firm and powerful words send a rupture of pleasure. Ruby’s inner core slipped around his
cock, squeezing his manhood. The sorcerer pushed deeper into her, cracking his balls against her. The faster Harry slammed into her, the deeper Ruby took him until he was about ready to meet it.

“I’m so close now, baby girl,” Harry said. “But, I want to hear you, feel you, one more time.”

His precious gem clenched underneath him. Ruby’s entire body seized up and she came very hard. Harry rode her orgasm out, feeling her snug little walls milk him. He left her really no room with how much cock he pushed into her tight, tender little hole. Ruby grabbed onto his back and pushed him down.

Two more drops before Harry let way. The final annotation was at hand. Harry did not believe in pulling out of women, mostly because his magic negated anything that he did not want to happen or that his partner did not want to happen. Of course, there was a large amount of women who longed to be knocked up with another one of his daughters.

Harry pushed his thick cock deep inside of Ruby’s tightening walls and spilled his seed inside of her. He pumped her, full and wide with his seed. The rush turned into a trick and splattered her insides. Ruby closed ranks around him, moaning as he tormented her pussy. Filling it with his immense load, while seeing stars.

The two came together, the heat growing between the two of them. Ruby milked every single last drop. Despite the hard pounding she received, it lifted her libidio, without any pause. Harry touching her, kissing her, rubbing her legs as he finished, that just brought more pleasure.

Harry pulled out and Ruby sighed. She felt empty the moment he left her.

“Don’t worry, there will be more rewards in the future,” Harry said.

He rolled Ruby over onto her side and wrapped his arms around her. Ruby smiled and leaned lazily against him.

Her dreams would be very naughty tonight. But, somehow nothing that quite approached reality.

Two More Chapters (331 and 332) to be posted on January 17th, 2019.
Candles illuminated the pathway and gave Seven of Nine just enough light to see. She moves forward, sensing there’s some primal and powerful force which caught her attention. Exactly how powerful, Seven did not know, other than the fact.

Was it him? Were all of the legends true?

“Come out and show yourself,” she said.

“If you insist,” a low voice commented.

Those green eyes were the first thing that shined out of the darkness. One of the most legendary figures across many galaxies steps towards her. Seven of Nine’s gaze pops onto the man, who is one in a million. Handsome, well sculpted face, gorgeous dark locks, raven-haired eyes, a muscular body which strained against the fabric of his battle robes.

Seven’s eyes dropped down to the area of his crotch. However, the handsome gentleman put his right hand on hers and put his left hand on her cheek. He lightly stroked it.

“I’m called many things, as you may have guessed,” he said. “But, my most common name is Hadrian Peverell.”

Seven of Nine nodded when he moved closer towards her.

“You can leave at any time,” Hadrian told her. “The question is, do you want to?”

He slips behind her a minute later. Hadrian’s hands do not leave her hand and cheek. But, the burning of his breath against her ear made Seven of Nine turn, twist, and squirm. He leaned in a bit closer towards her.

“The question is, what do you want out of life?” Hadrian asked. “If you’re anything like many of the others I’ve had in my bed, we’ll both find out together.”

The front of her suit came open with a flick of his wrist. Seven of Nine’s perfectly buxom breasts popped out. Hadrian came a bit close to touching them, but he did not need to. The heat of his palm radiated over the round wonders.

“You...what are you doing to me?”

“Isn’t that obvious?”
Hadrian turned her a fraction of an inch to one side. Her suit came down and exposed more of her skin, her navel. Seven of Nine’s body radiated with heat. The gorgeous blonde squirmed underneath the heated gaze of Hadrian.

His bare chest was exposed and it was a pinnacle of muscular glory. Seven of Nine gazed up at her soon to be lover, when he pulled down the front of her suit even further. He revealed her wide, juicy hips, succulent ass, long legs, and wet pussy. All of it was for him.

Hadrian lost clothing as well. He stripped bare and climbed on top of Seven of Nine. The muscle between his legs pushed against the thighs of the very needy woman.

“Are you going to beg?”

Hadrian saw a look of defiance and brushed a lock of hair away from Seven of Nine’s face. She twitched underneath him. Hadrian leaned closer towards her and started with a long kiss on her lips.

Seven of Nine relaxed and allowed him to dominant her mouth. A finger brushed against the side of seven of Nine’s jaw and made her moan. He kissed the side of her neck, moving to her shoulder, and nibbling on it. Harry took the lovely skin into his mouth, sucking on it, and leaving his mark on it.

Hadrian moved down even further, kissing her neck and then her collar bone. He took the top of one breast and made her feel a burst of pleasure. He worshipped Seven of Nine’s right breast and made her ooze underneath him.

“What are you doing to me?” Seven of Nine panted.

“How you feel your heart’s desire,” Hadrian told her.

He cupped one of the other meaty breasts and fastened his fingers around it. He milked Seven’s right breast with his fingers and made her gasp in pleasure. The gorgeous woman’s body thrashed underneath him. Hadrian dropped down and kissed Seven of Nine’s left breast.

He moved down and nudged between the valley of Seven of Nine’s breast. He kissed, sucked, and really worshipped her breasts. Adding the heat through her body, the more he worked it over. He moved from her breasts after five long minutes and attacked her navel, kissing away at it.

The part of her that he missed was the area between her legs. Hadrian wanted to build anticipation for that one. He raised up Seven of Nine’s beautiful legs and practically had his way with them, sucking, kissing, licking her lovely pillars of flesh. All while making her gasp. Hadrian moved up her right leg and stopped at her foot, swirling his tongue against her soles and sucked her toes.

Despite this being an act of submission, it showed his domination. He caught all of the pleasure points of Seven of Nine’s soft, sensitive legs. She moaned in pleasure.

“Stop…teasing…..”

“Oh, what would you rather me do?”

No answer, and Hadrian decided to slide his throbbing cock against the soles of her feet. He rolled the throbbing fuck rod down her legs, rubbing his cock all over Seven of Nine’s lovely legs. He
moved down to her body and looked down at her.

Once again, he just happened to miss her wet, warm, hole. Hadrian put his hands down on her chest and made Seven of Nine sit up, bolt upright. Her entire body flared up with the touch. Hadrian rubbed his cock, grinding it in her navel for over a minute. Then he moved the cock up into her mouth.

Without even thinking about it, the gorgeous blonde opened her mouth. The Dragon gave her a small smirk, before shoving his cock deep into the perfect mouth of Seven of Nine.

“Your lips were made for sucking cock,” Hadrian said. “No, not cock...my cock!”

It was the perfect pinnacle of manhood, with her juicy lips sealing against him. Her shaking hand moved up his leg. Hadrian helped Seven of Nine and put her soft hand against his balls. She touched them and squeezed them for the next several minutes.

Those balls were very thick and Seven of Nine hungered for the fluids inside. Hadrian put his hand on the back of her head to give her more of his cock. Of course, something like this, she could not have enough. The intial taste brought her.

Hadrian pulled his cock out of her mouth and the eyes of the blonde beauty widened. She could not believe that he ripped his cock out of her mouth.

“Did you think that it would be that easy to get what you want? “Hadrian asked.

He could feel the need burning through her. He flipped Seven of Nine over onto her front. Allowing a view of the woman’s perfect body in all of it’s succulent glory. Hadrian’s hands prepared to slow, steadily, teasingly enjoy her. Enjoy every single last inch of her body.

And the sounds Seven of Nine made showed just how much she enjoyed Hadrian’s hands.

“Are you going to want me to take this to the next level? “Hadrian asked her. “Or not?”

Seven of Nine could say nothing other than break out with a soft, intense moan. His hands were all over her, making her long for it.

“I need...your….cock inside me.”

She could not resist saying the words, almost as if Hadrian wrote the script himself. Hadrian rubbed himself against her ass, humping, and grinding away at it. Pleasing the succulent body of the wonderful, lovely woman and making her break out into a series of gasps of pleasure.

“Oh, you want it,” Hadrian said. “Yes.”

Hadrian finally took control of her neglected pussy by rubbing on it. Seven of Nine squirms underneath him. Hadrian rubbed her in the lightest way possible. Only escalating the vibration of his thumb the closer he got int between her legs.

“You want this,” Hadrian said. “And I want to give to this to you. Let’s see what magic we can make.”

Seven of Nine spread her thighs apart and prepared to take Hadrian’s big thick cock in between her
warm pussy. Hadrian ground against her, making her break out into a gasp. He ground up and down in between her legs and made her lose it a fair amount more.

“Give it to me!” she begged him. “Please!”

Hadrian played with her body and toyed with every inch of it.

“Become one with me,” she said. “I need it. It’s only nature to need...this!”

Her body felt like it was on fire and the only thing that could put out the burning was between the Dragon’s thighs. He grinded against the needy woman’s legs. His hands placed on her back. With Seven of Nine on her hands and knees, Hadrian aimed for her.

One huge push finally put Hadrian right inside of the succulent, tight hole of his lover. Touches worshipped her body like a sudden blur. Every time Hadrian rammed into her, he stretched her wet, womanly hole out. It clamped down onto him.

“Oh, this is the perfect fit,” Hadrian growled in her ear. “You knew this was happening. You just didn’t know when, did you?”

Seven of Nine rocked back to allow her new master to touch her body. He slowed down, for a good long while. Making her anticipation for the next touch grow. Minutes might have passed. Although perception was pretty much everything.

He eased back a little bit. He wanted to see how far he could go. Before his lover protested on how slow he got. He was inside of her, lightly massaging the insides of her walls with his prick. Touches increased the deeper Hadrian pushed into her.

“Are you going to….”

“What?”

Hadrian slid his finger down her back. He stopped at the side of her neck. Almost all the way in, although not quite. His balls rested, and did not move. No matter how much the flesh of the gorgeous woman called for him.

Lightly, he blew the lock of hair against from the back of the head. Hadrian twirled the hair and pulled back onto it. Moving in all the way and pulling her up before dropping Seven of Nine down onto the bed. Then thrusting away at her for another minute before slowing back down.

The ritual had been repeated several more times. Hadrian pulled back almost all the way and rolled Seven of Nine onto her back. He climbed on top of her and made her gasp in pleasure. The touch of his fingers caressed her warm nipples and tugged on them.

Again and again, right before Hadrian’s cock came a precious inch or two, ready to be inserted inside of her body. Seven of Nine deepened the spread of her legs, biting down on her lip and wondering when he would be inside her again.

Now was the time, and once again, the fire had been quelled. He worked his way into her, slowly at first, and speeding up. Seven of Nine became a never ending board for all the ways Hadrian touched a woman. He repeated squeezed her breasts and made her just shift underneath him.
The roller coaster ride continued. Hadrian’s lover worked her succulent hips around him when he pounded her into the bed. Several thrusts in this position before Hadrian rolled over.

Now, the gorgeous form of Seven of Nine mounted the tip of his cock. Hadrian looked up at him. She dripped with sweat, juices, and flashed him a half-smile before dropping down onto him.

She resembles a goddess, and felt about as divine as one. Her moist inner walls clamped down onto Hadrian’s thick throbbing rod and released him.

Hadrian admitted, watching her like this got him the closest to breaking. He needed to reaffirm control, so to ensure the addiction to his cock. He slowed her descent, allowing her to stick the landing. Allowing his cock to push inside of her ever so lightly.

Allowing Seven of Nine’s supple frame to practically melt underneath his burning touch. Her juices coated him and made her just easy to slide into her honey pot. The bouncing beauty descended onto him. Hadrian pulled her forward and allowed her body to rest on his.

They felt this moment and would feel it for an extremely long time. Her succulent lips touched his jaw. Hadrian held his lover in with a grip. The most powerful man throughout many galaxies had yet another woman right where he wanted her.

“Mmm,” Seven of Nine said to him. “You’re just full of surprises.”

“You’re going to be full of a lot for some time to come,” Hadrian said. “I’ve just been leading up to this moment. But, I’m sure you know what is coming next.”

She knew what was going to happen next, and she rolled back, enjoying the moment. Hadrian planted his thick rod deep inside of her body. Every time he pressed against her, it almost hit a new point inside of her body. Seven of Nine rolled her neck back and allowed him to sit up just enough to start suckling on her. Making her body tense.

The end was going to come and it was going to be spectacular for the both of them. The sheer stamina he had in the tank and the ways he pleasured her insides made Seven of Nine’s grip on his hands tighten. She wanted them touching her, feeling up her body.

“It’s yours.”

“Always.”

“And forever.”

Hadrian launched into another series of thrusts and got her going. He slowed down after a minute of intense fucking where he edged her, but not quite.

Several more touches drove Seven of Nine completely over the edge. His throbbing balls struck the woman down on the thighs. She closed her eyes and took in a very rattling, very passionate breath. His hands were all over her, touching her chest and squeezing her breasts a couple of times. Making her moan in passion the further Hadrian drove down into her wet and tight hole.

She came, came hard, and Hadrian continued to work her body over. Drool and pussy juices flowed from her body. Hadrian slid into her with ease, his balls slapping her. They were nice and full, and about ready to explode.
“Your turn,” she said. “Please, I need it inside me.”

“You will have what you desire, finally,” Hadrian told her.

His hands rested on the woman’s hips and pumped repeatedly inside of her. His thick balls cracked, firmly and repeatedly down onto her thighs. Seven of Nine squeezed his waist with her legs and a prominent moan followed the deeper her rammed inside.

One more orgasm on her part was the tipping point. Hadrian made sure to milk her arousal for everything it was worth before cumming inside of her. The tightening of his muscles and the subsequent release felt good when his seed rushed into her body.

The gorgeous woman underneath the handsome sorcerer shifted and squirmed as spurt after spurt of seed raced into her body. It was a never ending rush, gushing inside of her body. Hadrian planted his thrusts deep into Seven of Nine, filling her up.

The former Harry Potter smiled at her sweaty body, dripping with juices. A couple more kisses to her jawline after the fact and one long kiss to her juicy lips made her just burst into pleasure. Hadrian pulled out of her, his cock head slapping her clit.

The next thing Seven of Nine knew, his arms wrapped around her body. Face pressing into her hair.

“Everything you expected.”

“More than everything,” she said. “You exceed all expectations.”

He pushed up against her body and got her juices flowing nicely with a few touches.

Only a matter of time before they joined and became one. End.
All eyes fell on the Dragon King himself, Hadrian Peverell when he stepped into the room. No one would dare do anything other than look at the noble man. They all wondered what he was going to say or what proclamation he would make. His gaze swept over the room before falling on the form of Missandei whose gaze snapped onto him.

“This way, my dear,” Hadrian declared to her.

No woman denied the king, even if she wanted to. And Missandei found herself completely enamored by the handsome gentleman in more ways than one. She sauntered by his side until they passed through the corridors. The garments covering her body only had been done so by a sash.

“What do you wish of me, my King?” Missandei asked. “I love to serve you….I live to serve both.”

Both statements were accurate. Hadrian smiled and looked over her body.

“Is my garment displeasing to you?” she asked. “I could remove it for you.”

“Yes, slowly remove it,” Hadrian told her.

Missandei responded with a nod. Women would do anything he asked of them without thinking. They would lie for him, die for him, kill for him, and more importantly, they would lay with him.

Hadrian smiled at the delicious woman in front of her. More of her dark skin revealed. Her fit and healthy body was perfect for his gaze. Her wide hips poked out in a very sensual manner, with long legs going down. A long strip of black hair covered her nether region.

She was perfect, lived to serve.

Missandei put her arms down to her side because no bit of her body should be immune from the Dragon King’s gaze. Hadrian stepped closer towards her.

“Beautiful.”

“It’s an honor.”

Hadrian’s fingers brushed over her cheek and down to the side of her neck. She remained still for him to feel up, to touch as he pleased. The moment his fingers danced over her dark breasts, Missandei let out a very soft moan. His fingers dipped down a little bit closer, going towards her nether regions.
He stopped and went behind her. He bent over the woman and she touched the ground. Hadrian groped her thick rear end, allowing the meaty flesh to squeeze in his hand. She was in perfect position to be taken. Hadrian slipped a finger inside of her for a brief second before pulling back.

The sound of Hadrian’s finger going into his mouth and tasting her juices made Missandei just shudder in delight.

“To your feet and face me.”

She snapped up in obedience. Hadrian put her hands on his hips which was her cue to explore his body. Hadrian leaned down and she gave her lips to his with a long kiss. Missandei let out a soft moan when the King paid her attention. Fingers danced down her body and repeatedly stroked her all over.

Hadrian pulled away from her and kissed her soft, elegant neck. Every soft sigh showed just how much she enjoyed this. Hadrian leaned in to her.

“Strip my clothes off, slowly,” he said. “As you do so, worship my body.”

Missandei carefully undid the top of Hadrian’s silk shirt. She leaned in and lightly planted her lips on his, with a very long and extremely passionate kiss. Her lips brushed over his neck, chest, and then unbuttoned his shirt to reveal his abs to the world. She squeezed and touched his firm muscular body. Rubbing against his crotch while descending down.

She took a very long time undoing his pants, and dropping them down to the ground. The undergarments made of the nicest material came up and Missandei unwrapped the prize inside. Twelve inches smacked her against the lips. She gave him a warm expression and lightly kissed his swollen head.

“Perhaps you should sit down, my king,” she told him.

“An excellent suggestion, my dear.”

Hadrian rose down to the ground and Missandei dropped down to kiss between his thighs. She could not get enough of his body. His swollen testicles hung, and many said that they could store enough cum to seed the entire village of women. She licked him, moving closer to the taste.

A slight rock back and Hadrian slipped between Missandei’s lovely lips. She was born to please, born to suck, and born to pleasure. He fed her more of his manhood. Her warm tongue and lips kept rotating around him.

So much pleasure coursed through her body from the servant worshipping him. Her beautiful lips squeezed together, with a hand roaming down to touch his swinging testicles. She made a few swipes around them and lightly squeezed them.

Back and forth, her hands went to milk Hadrian. Hands and mouth performed some lovely tandem offense with the delightful beauty slamming her lips all the way down. She pressed down and deepthraoted Hadrian. Deep, his endowment pressed into the back of her mouth.

Hadrian tilted her head back and shover deeper into her.
“No part of your body doesn’t belong to me, my dear,” Hadrian said. “Especially those lips…and these lips as well.”

A brush of energy shot down Missandei’s body and clamped her thighs together. The flow of juices made it so that Hadrian can enter her very easily.

But, he did not intend to do that. Rather, he kept pounding her tight little mouth when it worshipped him. Those eyes blazed with intense devotion. Hadrian leaned completely forward and groaned when she sucked him off.

“Time for your gift for being such a devoted cock-sucker,” Hadrian said. “Worship your king…please him.”

She reinforced the oral worship and did just that. Missandei’s good feeling hit the moment her king used her mouth and throat. Working forward into her, almost closer to the edge. Hadrian’s thick balls weighed even heavier in her out. Silky fingers squeezed it and made Hadrian break into a hungry groan.

Hadrian launched his seed down her throat with a constant series of bursts. She sucked him, sucked him and milked him until his thick and prolific seed entered her mouth.

The sorcerer pulled Missandei up. She made a production of licking her lips when rising to her feet. Hadrian pulled her onto his lap and she purred in his ear.

“I’m here and I wish to worship you in all ways, my King.”

Missandei pressed her warm body down onto his. Her hard nipples brushed against the muscular chest of of the king. She knew they would meet in the most intimate way possible.

“Time put your other holes to work, pet,” Hadrian told her.

The servant nodded, biting down on her lip. Hadrian situated her, with his hard rod coming close to inserting in her tight box. Hadrian pulled Missandei down and stuffed her full of his cock.

She howled, grabbing his neck and moaning. Missandei rocked up and down, planting his thick erection further inside of her. She held on for a hell of a ride, moaning the deeper she worked inside of her.

“Oooh, great one!” she yelled at the top of her lungs.

She was feeling him, all of him inside of her. Hadrian grabbed onto her hips and sunk her down onto him. He filled her up completely, his swollen testicles coming up to hit her hard. Every motion, with the promise of being shot full and potentially impregnated with another one of his bastard daughters got Missandei breathing heavily.

Would he give her that gift though? Missandei intended to find out, by working him with her inner muscles. She wanted to make the best impression possible when riding her lover.

Missandei made a pretty damn good impression on him. Hadrian leaned in and cupped her gorgeous breasts and squeezed them. Her body streamed with sweat, getting worked only how her king could work her. Missandei’s tight box clamped around him and worked him.
“Good, you’re born to take this,” Hadrian said. “You can cum for me now.”

This was not a question, rather than a command. Her very snug and tight box, made so just for him, clamped down onto him. The servant dropped her tight core down onto him and worked Hadrian’s fuckstick over many times. Hadrian stroked her flesh and made her moan, showing that there was no part of her body that he could not touch, that would not make her nothing less than a mewling whore.

Hadrian pulled from her body and with a snap of his fingers, Missandei assumed the position. Hands and knees, thick firm ass completely parked in the air. Hadrian put his hands on her waist and lightly rubbed her body. Several kisses followed with Hadrian coming ever so closer towards her. He stood behind her, cock ready to invade her body.

The two became once again, as Hadrian slammed himself into Missandei’s tight and welcoming body. It once again submitted to him, as if there was any doubt. The shift, elegant movements made her moan.

“Dany’s trained you well...but I don’t think we should give her all of the credit. Because you were naturally born to serve. Naturally born to be my fuck pet.”

“YESSS!”

She yelled out this statement in affirmation. Hadrian pushed just that much deeper inside of her. There was not a part of her that was not stuffed completely full. Hadrian had his way with her and it was just as the pecking order intended. She clamped down onto his manhood.

“But, don’t think that I’m the only one having enjoyment,” Hadrian said. “Because, you’re feeling good. Because I make you feel good.”

“Yes, my King!” she cried out. “You’re too kind...too noble....oh...strong and handsome.”

After ten fucking years being forced to live under the guardianship of cockroaches in a cupboard under the steps, Hadrian appreciated the adoration of the many beautiful women more than he let on. They appreciated his touch, or at least this particularly lovely one is.

He gave her a reward, a very mind numbing, knee-shaking climax. Missandei almost collapsed down onto her face. He jerked her up and rocked her body. Hadrian stuffed her warm pussy, riding her out all of the way. He held her until the very end, until the point where she collapsed on the bed.

Hadrian pulled away from Missandei and rolled her over. Like a well trained pet, she spread her legs. Eyes gazing at Hadrian. Pussy dripping with her juices, showing how wet she is, and how easy she will succumb to Hadrian the moment he reentered her.

He climbed on top of her, having his way with the delicious servant woman. Missandei’s body squirmed underneath his. She almost creamed from the touch. Hadrian enjoyed his dark-skinned pet writhing and groaning. She was so gorgeous and trained to serve him.

“My King, please, I need you.”

“Well, today is your lucky day, because I’m in need for relief,” Hadrian told her. “And you’re just the lovely woman to provide it for me.”
Hadrian positioned himself against her entrance and shoved his full length inside of her. She howled and then bucked into her. Hadrian always found a way to make it fit, even though he had to work it sometimes.

She needed him, needed him so much. Missandei wrapped her legs around his ass, moaning in his ear. Encouragement was more than enough. Hadrian threw his hips back and drove into her, constantly ending up with Missandei flattened underneath his body. The handsome and powerful man stuck his full and throbbing cock down between her tasty thighs, making sure that she moaned in pleasure.

“You need this, don’t you?” Hadrian told her.

“YES!” Missandei moaned when meeting his thrusts.

Hadrian now had her mewling more than any whore, but she was a class above the common harlots who offered no challenge and no divine breeding. He broke Missandei on the end of his cock, constantly milking her of her orgasms, constantly allowing her sweet juices to increase the path from her body.

The appearing and disappearing between her milk chocolate thighs made Hadrian throb even more. Nothing was better than seeing any woman submit entirely to nature’s whims. The pure primal desire to be taken and bred by the true Alpha of this kingdom.

All other men should be honored when Hadrian claimed their women. If nothing else, he saved some men from being murdered by their own wives out of sheer boredom.

But that’s beside the point, right now he repeatedly drove into her. Arrogant, perhaps, but Hadrian could more than back it up. And he was riding the woman into the bed. Thankfully it was reinforced, with Hadrian’s strong body working into her, filling her up completely.

All of it leading his balls about ready to clench and fire an immense load inside of her body, coating her insides. Missandei held onto him for the ride.

Hadrian had no desire to stop until he was sated. He triggered another orgasm inside of Missandei, one that was twice as potent as all of her other climaxes today combined.

He held onto her tight, fastening his fingers deep into her. The end was here and the look of primal lust on etched on the face of the lustful woman showed how much she anticipated it. Missandei anticipated receiving Hadrian’s gift and Hadrian anticipated giving it to her.

Hadrian pushed into her one more time, locking their bodies into place. Hadrian covered her frame completely with his before launching his payload into her. The muscles released their tension like a rubber band snapping back. Hadrian saw stars until he reached the final load.

Missandei’s back arched and legs wrapped tighter to make sure she gets the full bounty. Every ounce of her King’s seed is a precious gift and one that should not be squandered in the slightest.

The minute Hadrian pulled away from her, Missandei collapsed on the bed. She felt fulfilled and relaxed.

Hadrian clapped his hands and three servants entered the room. Two of the servants helped
Missandei into the bath to clean up.

As for the third, well her duty was to keep the Dragon King entertained until his Queen returned or Missandei recovered. She stripped off a tight fitting dress and got to work.

End.

Two More Updates on 1/24/2019(Chapter 333 and 334)
A loud whoop of joy came out of the mouth of Jennifer Walters. She could not help and be happy for what happened. The young man in the office gave the brunette woman a smile.

“So, I’m guessing because of that whoop of joy, you got some good news.”

“Yeah, I did,” Jen said. “Harry, there’s no way they can get out of this, bar doing some pretty damn illegal and shady shit.”

Harry just gave her a dark smile. Given the people in question, Harry would not put it past them to try some pretty damn illegal and shady shit to get what they want. Still, if they legally got these people, than it would just be a matter of time before they got it. Jen bounced up and down, before mentally composing herself for a few seconds. She reached over and put a hand on Harry’s shoulder.

“I couldn’t have done it without you,” Jen said earnestly.

A few seconds passed and Harry leaned a bit closer towards her.

“I have just as much riding on this as you did,” Harry reminded her. “So, it was well worth my while to help you.”

“Still,” Jen said. “You got to love how this worked out. You got to love how a plan comes together sometimes.”

Without any more pause or thought, Harry pulled Jen into a steamy kiss. Jen returned the kiss with fiery passion and the result caused her skin to turn green and her clothing to rip. Before his very eyes, Jen’s large green breasts threatened to rip free from her blouse. Her skirt became little more than a belt and somehow, her panties remained in tact, although it was just the barest of movements needed.

“All that, for a kiss,” Harry said.

“You know how you drive me nuts, babe,” Jen said. “Now come here you, before I end up smashing your pants.”

That would be bad. Jen returned to aggressively kissing Harry. She pulled at his shirt and started to tug it. She almost pushed Harry back onto the desk. Harry stopped her short from going on the desk, and did not go on the desk that easily. He moved behind her and wrapped his arms around her tight.

“Here we go,” Harry whispered in Jen’s ear with a couple of kisses dancing down the back of her neck.

Jen went behind him and pulled his shirt off. This gave her full access to Harry’s muscular chest.
and allowed her to stroke his chest, abs, and everything else. She moved straight for his pants and dropped them to the ground. She squeezed Harry’s crotch through the other side of her panties.

“All that for a little groping?” she teased him.

Harry’s sizeable manhood popped out and ended up in the palm of Jen’s hand. She pumped him, with her almost bared breasts rubbing against the back of her neck.

“You know how you drive me insane,” Harry said with a soft groan.

“Once you go green, you never go back?” Jen teased him.

Jen dropped to the ground in front of Harry and opened her mouth completely full. Her arms wrapped around Harry’s waist and pulled him in for a very intense deep-throat blowjob. The intensity in Jen’s eyes made Harry lurch forward. He grabbed onto the back of her head for a ride.

Her throat took him very deep and hungry. Jen popped against Harry’s endowment, tasting it like a hungry girl craving a nice, big thick, lollipop. Jen grabbed his balls and squeezed them.

“Damn, honey!” Harry groaned.

He pushed deeper into her mouth and started to thrust away. Jen tilted her mouth back and looked very beautiful with his cock going deep into her mouth. Harry bumped his hips back and forth, sticking his throbbing hard penis down Jen’s hot and tight throat. He held on for a hell of a ride, watching Jen’s movements when they kept going down on them.

“Mmm,” Jen moaned with a couple of soft pops.

She really enjoyed having this meat in her mouth. And soon, her other holes will not be so lonely. Jen’s panties finally gave way. Not the first pair that would have been ruined by her hulking out. Still, they would have been soaked just in the mere presence of Harry.

“Open up wide,” Harry told her.

Jen opened her throat for the rush of seed to pour down her throat. He rocked back and forth to shoot a bounty down Jen’s throat. She sucked it down, cranking his balls. Jen clutch ed his balls and milked them all of the way.

The tightening of Harry’s muscles were evident when the Jade beauty kept drinking from his balls. She swirled around the tip of his cock and kept sucking him, kept licking him, just kept having him fuck her throat. Her eyes widened and burned with so much lust that Harry just had to have pounding way.

“You always make sure that I’m well fed.”

Jen’s breasts spilled out of her top when she stood. Harry reached over and groped her breasts. Jen tilted back with a lazy smile as Harry weighed her sizeable breasts in his hands. The green-skinned babe pursed her lips when Harry practically worked her tits all around. His mouth found her neck.

“And now I should return the favor, shouldn’t I?”

A few fingers brushed down her lower half as well. Harry alternated between breasts and sucked
Jen’s perky nubs. She closed her eyes.

The rush of energy coming through her body made Jen tingle with lust. Harry pushed back against her and worshipped her. He always was good for a good hard fuck. His fingers twisted underneath her nipples and made her burn with even more lust. Jen opened her mouth and shut it with a couple of times.

The next thing she knew, Harry positioned himself face down between her legs and ate Jen out. Jen’s eyes shifted back and only two words signified what she was feeling as Harry went down on her.

“Fuck yes!”

Harry took this as his cue to continue. Jen’s beautiful pussy called for him. Harry pulled back almost all of the way and delved down deeper inside of her. He ate her out vigorously for two minutes, and teased her for another three. He worked this pattern back and forth, another three or four times before triggering something deep inside of Jen.

The squirting rush hit Harry in the mouth. Harry tweaks her clit and made her just throw up, hips first. Harry put his hands on the underside of her hips and took her for several more minutes. Harry picked up the pace, and pulled away from her for a minute and kissed her thighs. He then dove back in to get even more.

Jen’s body shifted underneath him. Underneath his mouth. She wanted so much more, but he could really eat a pussy and eat it really good. Burning touches lit her hot thighs on fire.

“Oooh, mmmm!”

Harry heard her moans and realized he needed to hear them more. He wanted to take Jen, eat her into a stupor, bend her over the desk, and fuck the ever living hell out of the sexpot. Jen put a finger on Harry’s head and guided him into her.

She’s wet, so wet, and Jen knew that Harry would be able to slip into her without too many problems. With ease, and Jen shifted her hips up just a tiny bit more. Jen swirled her hips and let out her breath several times. The Jade Giantess pawed her tits and breathed in heavily.

Jennifer Walters screamed extremely loud and allowed his tongue to drive deep inside of her. Harry pulled out from her. She spread her legs and allowed Harry to crawl between her legs. He did not drive inside just yet. Rather he leaned down and cupped her chest.

Harry’s large hands, powerful and strong, engulfed much of the size of her breasts. And what he did not touch, Jen still felt his presence. And she knew Harry knew she felt it, given the wide smile on his face. He closed fingers around Jen’s stiff nipples and released them and released the pleasure through her body.

Jen thrust her hips up, in an attempt to get Harry’s endowment inside of her. Harry pulled away from her and kissed up her body, rubbing his muscular form against hers. A sweat forms between the two of them.

“Not yet,” Harry said with a groan. “Not yet….you’re going to get everything that you want and so much more.”
He pulled away from Jen and made her come out with a soft moan. Harry pulled her off of the desk and bent Jen over. Jen shot him a smokey gaze which really did get Harry’s motor running. He touched her tight ass and slapped it a couple of times.

“Are you going to take me?” Jen asked him.

Harry pushed his endowment against her wet pussy lips and caused the pleasure to burn through her. He swung back and rubbed against Jen’s body. Harry leaned closer towards her and wrapped his arms around her body.

“Oh, I’m going to remind you who your pussy belongs to,” Harry said.

“It’s more than my pussy,” Jen said. “But, I need it. I need to remember how good it feels when you stuff me full with that weapon between your legs.”

Jen drags her slit against Harry’s swollen head to tease him. Harry very nearly shoved deep into her. He wanted to play the game, with Harry clamping a firm grip around her swinging funbags. So much lovely green flesh, with Harry pulling back from her. He spanked her and caused her to moan.

Harry teased her body, running against her. His thick balls threatened to give way, even while teasing Jen. He rubbed up against her and she returned. Harry leaned in and toyed with her. Toyed with her ample chest and let her break out in a very soft moan. Her wetness stained the head of his cock when he comes close to entering her.

“In time,” Harry told her.

It turned out the time was now. Harry swung back, his womantamer about ready to take one of the strongest women in the world. He cast a few reinforcement spells on the desk, strong ones. They were going to need it, from how hard Harry intended to take her ad he was going to take her.

Today was a cause for celebration after all. Harry reared back and drove himself into Jen, slamming into her without any relent. Not that it mattered, given that Jen craved this moment.

Finally, Jen got the hard, rough pounding she wanted. And Harry was able to give it to her. Not only going in deep to her, touching her body. Jen’s hungry, passionate moaning got even louder due to the fact that Harry was going deeper inside of her.

Thankfully, he was able to move all of the important documents off of the desk before pounding her from behind. It was amazing and would save her a clean up job for later.

And speaking of feeling good, Harry was going deeper and harder inside of her. He slapped her backside. Jen gave him a look as if begging her to hit her harder, smack her harder. Harry did so, causing a mark to appear on Jen’s thick green ass. He grabbed onto it and rammed into her.

Jen’s tight muscles closed around against him. Boy was she ever cumming and it felt really good to have her slide up against him. The tightness of her beautiful, gamma powered pussy worked Harry over. He rode out her orgasm and then pulled almost all the way out of her.

It turned out that Jen was not going to let Harry have much of a break. Jen pushed Harry onto the
desk, got on his lap, and gave him a fiery kiss which burned both of their loins.

Jen pulled away from him, kissing Harry’s neck and then rubbing his chest. Muscles tensed up against Jen’s hands when she touched him.

“Let’s see how good my desk can hold up.”

The horny woman shoved Harry down onto the desk. His cock stuck high into the air, stained in Jen’s juices. Jen thought about drinking her own juices off of him before getting a fresh coat. However, she pushed that thought of her head. The sexy gamma powered attorney just wanted to ride Harry hard and put him away for later.

Jen climbed on top of his thick endowment and dropped down onto him. She bit down on her lip and filled her pussy up with his thick, strong cock. Jen holds herself back, rocking up and down on him. Her wet, tight, pussy clamped around him, with the moan following the second she dropped down onto him.

“Let’s see how far we can take this,” Jen purred in his ear.

Harry hoped they can take this all of the way. And Jen shared that hope. Their bodies molded together, with Jen shoving all the way down onto him. Filling her box and working him. Jen rocked up and down, with a soft moan. Harry reached up and grabbed her chest and caused the moan to ramp up.

The desk rattled underneath them and almost creaked. Jen rode Harry like a prized stallion and smashed down onto him. He rose up to meet her. Her body coated with sweat, intensely covering every single inch of her hungry body. Jen bit down on her lip and released her breath in a solid, hungry cry.

“Oh, fucking take me!” Jen moaned.

Despite being on top, Jen succumbed to him. Harry sat up and found her breasts to take control of them. Her very ample endowment pushes into Harry’s hands. Harry cupped and twisted her nipples to make Jen break out into a couple of soft moans. He pinched them and pulled them.

Jen would not be surprised if Harry could draw milk with how roughly he squeezed those nipples. Her body dilated and turned around him. Several more pumps rammed her body down onto him.

“That’s right where I want you, baby,” Jen told him with her moans growing even stronger. “Fucking pound me. Take my pussy and take it hard!”

Jen ensnared his manhood inside of her wet pussy and released him. Several more times, and she was really gushing for him. And she knew Harry reached the end point as well.

“Mmm, mmm, mmm!”

The cheers of her got the man underneath him rushing to the finish line a bit sooner than he wanted to. Harry dialed it back just enough. Felt Jen’s perfect muscular body working him over. She pumped the most important muscle at the moment, making Harry groan underneath her.

“One more time, for me.”
Jen would go as many times for him as needed. As long as she got a dose of his seed. The desk remained standing, somehow, someway, despite it being hammered with enough force that would render it into scrap. Not that Jen doubted his spell casting ability for a second.

Even though Harry’s ability to charm Jen out of her panties was on point. And what else was on point was the depths he drove into her. Jen broke out into a hungry, breathing moan.

“Closer.”

Harry smiled at her when cranking Jen’s hips down onto her. Two heavy balls hit her on all points, about ready to empty gut busting dose of cum inside of her. He knew he would not be able to hold out for that much longer.

They climax together, Harry’s back up firing inside of her. He buried his discharge deep into her womb. Every rope of cum splashing into her made her shiver and his balls clench a little before.

Jen milked him completely dry, releasing several times. The last discharge made Jen collapse on him. Her heavy chest brushing against him. Jen leaned towards him, with a sultry smile pressing against her lips and burning desire, with Harry looking up to her. Her stomach swelled with the bursting amount of seed. Legs locked onto Harry’s as Jen covered Harry’s strong body with hers.

“So, want to fuck again?” Jen asked.

Harry sat up and then turned her around to push her on her back. He grabbed her chest and kissed her forcefully. The moment he pulled away, he softly smiled.

“Do you have to ask?”

“It’s polite too.”

“Well, such politeness deserves a very firm award,” Harry said.

And with those words, he was back inside Jen, harder than ever, and burning with a rush of adrenaline, the need to fuck her cross-eyed.

After all, today was a cause for celebration.

End.
Harry waited in his upstairs office. The day of his twenty-first birthday approached and he felt a surprising swell of power, just like he did at his fourteenth birthday seven years ago. Yet, this one was more powerful, due to the fact that he was twenty-one, three times seven, one of the most magically powerful ages.

“Happy birthday!” three voices called in unison.

Kara Zor-El, Donna Troy, and Barbara Gordon entered the room in eye popping attire which brought Harry’s attention on their lovely bodies. Donna dressed in a skin tight, naughty Nurse’s uniform, her healthy cleavage and long legs on full display. Barbara wore a skin tight blouse and skirt, with glasses and her hair pinned back, showing off the attire of a naughty librarian. The glasses added and made Barbara’s eyes shined out. She licked her lips.

Of course, the eyes brought on Kara who wore a cheerleader uniform. It was not too different from her normal outfit, although the skirt was a fair bit shorter and brought Harry’s attention to her lacy black panties, tight stomach, and bouncing breasts.

“Ready to unwrap your gifts?” Kara asked him with a sultry smile.

“I wouldn’t mind if I did,” Harry said.

“Hold it.”

Donna held up her hand.

“First, we need to make sure that Harry’s nice and healthy,” Donna said. “We wouldn’t want our favorite guy to be anything less than one hundred percent healthy.”

Donna leaned in closer towards Harry to undo his shirt. She checked his vital signs and rubbed her breasts against him. Instantly, Harry grabbed onto Donna’s firm ass cheeks underneath her skirt and made her jump up in pleasure.

“Nice reflexes,” she purred in her ear. “But, I’m going to have to take a sperm sample.”

She pulled Harry’s pants open and off. His boxers flew down and his throbbing hard cock came out. Donna leaned in and kissed him on the tip of his cock.

“Help me out girls,” Donna said.

Barbara put her hand on Harry’s crotch and squeezed his balls. Kara leaned in, her sun-kissed cleavage poking out. She practically straddled Harry’s leg when making out with him.

Donna dove down between Harry’s legs and started to suck his massive prick. The seal of her wet lips around his throbbing cock made Harry just groan. Donna’s beautiful mouth and stunning eyes made his balls get even more throbbing.
“Looks like you’re going to get a big sample,” Barbara purred with a soft squeeze of Harry’s balls. “I can’t say I disapprove.”

Barbara and Kara stroked Harry’s chest with Donna deep throating him. The hot sounds the Amazon Princess made when taking Harry into her throat made his cock jump up. He jumped a little bit more, then a little bit more, right until Donna broke free.

A switch and now Barbara was on her knees, sucking Harry’s manhood. Donna and Kara worshipped Harry’s abs as Barbara took his cock. She was different in her techique, slow and deliberate, as opposed to Donna’s more furious actions.

Harry unclipped the bun and allowed her red hair to poke out. Barbara moaned with heavier precision, sucking his manhood. She tasted him and made a production of inhaling his cock. She pushed in and pulled out. Barbara danced her tongue against him and pulled back, lapping her tongue against him. Barbara stroked him a couple more times, for the next couple of minutes. His hips bucked up into her hand, with Barbara squeezing him.

“My turn.”

Kara switched in and inhaled Harry into her super throat.

“Oh, sweat Rao,” Harry groaned.

Kara made sure Harry’s attention was on her, bobbing her lips up and down on his cock. Her sensual slurping happened, deepening her thrusts. Harry hit the back of her throat and groaned. Those vibrant blue eyes shined from Kara’s eager bobbing. Up, down, and all around. She licked his length, hungering for him. Kara swirled around his thick cock and pulled all the way out of him before deepening her sucks.

She made her movements, sucking him. It got to the point where Barbara and Donna descended down and glared at Kara. Barbara nudged Kara, but she did nothing, only kept sucking Harry’s prime piece of meat. She inhaled his manhood, sucking it very hard.

“Quit hogging it,” Donna hissed in her ear.

Kara pulled back and grinned. Donna, Kara, and Barbara exchanged a three way kiss on the tip of Harry’s cock. Their warm mouths and tongues pushed against him.

“You three are too much,” Harry breathed for them.

Kara, Donna, and Barbara took their turns giving him a few hard sucks, about to get the cum out of his balls and into one of their perfect mouths.

Barbara was the lucky winner of a special treat. She took him deep as Harry pushed in. A grunt followed and a flood of cum. Harry saw starts when sending his huge round of juices deep into Barbara’s mouth. She slapped his balls and squeezed them with a hungry moan. Barbara milked every single last drop out of him, drinking from his balls.

She pulled away, swirled her tongue against him, and finished tasting his cum as it drained from his balls. Barbara kissed him a couple times on the tip of his cock.
“Delicious.”

“Give me some,” Donna said.

Donna pushed her lips onto Barbara’s and aggressively kissed her. Kara just smiled when Barbara dug her tongue deep inside of Donna’s mouth and shared the cum. The moment that Donna pulled away, Kara attacked her with a kiss.

While the Amazon and the Kryptonian indulged in each other, Barbara rose up and put her hand underneath Harry’s balls and gave them a very firm squeeze.

“I’m ready to ride,” Barbara told him with a soft smile.

“Turn around.”

Harry hiked her skirt up. He wanted to leave as much of Barbara’s naughty librarian attire on. The horny redhead’s pussy lips pressed against her fabric covered cunt. Harry stroked her a couple times before pulling her panties off.

A kiss to the side of Barbara’s neck made her moan. Harry stroked her chest a couple of times, making her moan. Her legs spread and prepared to take Harry’s cock inside of her. His throbbing hard tool pushed between her legs and filled Barbara up.

“YEAH!” Barbara howled at the top of her lungs. “That’s what I want...right in me!”

“Oh, don’t worry, you’ll get everything,” Harry said. “All three of you.”

Harry squeezed Barbara’s ass and spanked her a couple times while she bounced on him.

Kara and Donna tore each others panties off, being all hot and heavy. They rubbed their lips and kissed on each other. The two women tried not to destroy their uniforms too badly, although Kara’s lip bruising kiss made Donna hornier than hell.

The Girl of Steel went behind the Amazon Princess and pulled a tit out of her top. Kara molded it, sculping the bouncing breast in her hand. She slapped the nipple, turning it and making Donna moan in pleasure.

“Oh, damn it, Kara.”

“You like me owning your tits, Princess?” Kara asked.

What kind of question was that? She liked that. Kara rubbed the fingers of her right hand against Donna’s pussy and forced Donna into humping her hand. Then Kara molested Donna’s nipples and pulled on it. It made her moan, turn, twist, and trash, her juices leaking out.

Barbara watched her two friends go at it when she got a huge cock into her. Harry bounced her up and down. He leaned in and kissed Barbara on the side of the neck. Her breasts hung out of her shirt for Harry to grab it.

“Hopefully you’re not this loud in the library,” Harry said to her.
“Why don’t you stop by sometime and find out?” Barbara asked him with a saucy smile.

A squeeze of her ass and a spank of said ass got Barbara riding even faster. She was horny as fuck and wanted to keep taking Harry deeper inside of her tight walls. Barbara closed down onto him, moaning and releasing his cock from her.

“Yes,” Barbara said. “Deeper! Harder! Get in there! Get in there, you magnificent bastard!”

Harry was more than happy to oblige them. The horny redhead took him faster and deeper inside of her. Her warm pussy pleasured his cock, the faster he drove into her. He grabbed onto Barbara and slid her all the way down onto him.

She tensed around him and sent her juices down onto him. Harry saw that she was ready to go for more. He spun her around and her breasts fell out of her shirt for Harry’s grabbing. Harry clutched Barbara’s tits and bounced them. He sucked on them and made her squeal in pleasure. Harry was all over her legs as well, breathing in pleasure.

Kara sat on top of Donna’s face.

“That’s right, Princess!” Kara yelled. “Time to earn your keep! Work that dirty little tongue in my cunt! Oh, you like how my solar powered pussy tastes, don’t you?”

Donna pinched Kara’s ass and bounced her. The juices flowed into her mouth and gave Donna a lot of nourishment. She squeezed her silky ass and spanked it, repeatedly and endlessly rocking her. Kara clenched her pussy against her and soaked it.

“I wonder how wet your naughty pussy is,” Kara said. “Is it because of me or is it because of Har wrecking Barbara?”

Kara leaned in and revealed Donna’s dripping hole to her line of sight. She leaned in, kissing her wet pussy, and sucking on it. Donna moaned, submitting to Kara’s warm mouth. She dipped in a bit further and made Donna’s hips rock up.

The instant Kara pulled away, she rolled Donna over onto her front, and a slight of hand bound Donna’s arms and legs in a super powered lasso. Kara vibrated her finger against Donna’s clit.

“That make you feel good?” Kara asked her. “I bet you want me to do that again. Don’t you?”

Kara squeezed Donna’s hot box and pulled away from her.

“Beg me, Troia,” Kara whispered to her.

“Yes! Grab my pussy...finger it...rub my clit!”

Donna got a good rubdown from Kara. Sparks flew from her fingers the faster Kara rolled her. One hand was on her pussy and the next hand was on her ass, spanking it a couple of times.

Barbara heard the noises from behind her and it only made her drive down harder onto Harry. Her wet canal squeezed Harry and made her howl in pleasure. His cock buried itself inside of her tight body, clamping down onto him.

“It’s so good...it’s so really good,” Barbara said. “You’re going to make me cum.”
“Hope you can stay with me,” Harry said.

Harry planted his cock deeper inside of Barbara and made her squeeze him. Her tight walls pleasure every inch of his cock. Harry redoubled his efforts, cramming his cock into her. His balls rose up and hit her a couple of times on her wet pussy. She moaned, feeling a deeper pleasure.

Barbara closed faster on him, squeezing his huge cock. She wanted his cum, before she broke. While she did not have the energy Donna and Kara did, Barbara was in good enough shape to go the distance, matching him. His balls slap down onto her wet pussy.

“Please,” Barbara said.

“Oh, don’t worry, we’re closer,” Harry said.

He teased her with a few more strokes. His balls rose up high, the feeling of his hot discharage came close to coating Barbara’s insides. Barbara clutched his bicep and breathed in his ear. The heat of their bodies built up until the point where Harry was this much closer to cumming.

“Oooh, yeah,” Barbara breathed. “Give it to me.”

Barbara tensed up her inner muscles and milked Harry. Her handsome lover picked up the pace, slapping his balls against her. Barbara bit down on her lip and released her juices to lubricate the path to her womb even more.

Her body tensed up. Determination made Barbara hang on for the ride. All while milking his invading rod until Harry lost it and Barbara lost it along with him.

The juices flowed endlessly, with Barbara clamping down onto him and milking him. The seed sprayed into Barbara’s moist hole. She moaned as he touched her tits and squeezed it.

“That’s so good,” Barbara said as she breathlessly rode him.

The sultry redhead got a few more pumps out of Harry’s erupting cock before she almost slumped forward onto the bed. Barbara’s hands placed on either side of Harry’s neck and she gave a very wobbly breath before pulling away from him. It was so good, in so many ways. Barbara could not even begin to describe how good this felt.

Kara teased and tormented Donna on the floor. Donna, now tied up in her own lasso, groaned from Kara’s constant teasing of her. Her wet hole opened, ready to receive a heavy pounding. Kara pulled away the second Barbara left Harry’s cock.

Once again, Kara’s super powerful mouth wrapped around Harry’s cock and sucked it back to full strength. Her eyes shined with a very intense feeling when going down onto him. Pleasuring his manhood and causing it to pop up completely.

The minute Kara finished getting Harry nice and hard, she pulled away. Three more swirls of her tongue around his cock caused Harry to groan. She squeezed it and kissed the head.

“Go ahead,” Kara breathed on his cock tip. “Take your gift.”

The Naughty Nurse Amazon tied up on the floor with her hole open and wet for the plundering
most certainly got something stirring in Harry. Harry stepped over and put his hand on Donna’s mid to lower back. Making her whimper at the intense touch he delivered. Harry put his throbbing hard cock at her entrance and made Donna spread her thighs for him.

“You want this, honey?” Harry asked her.

“YES!” Donna shouted. “Give me your cock. Give it to me now.”

“Time for you to get a better sperm sample.”

Harry shoved his cock deeper inside of her body. Donna’s tits smashed against the ropes when Harry smashed into her. His swinging balls struck her backside with a heavy pump. He pulled out all of the way only to stick himself back in to experience the tightness of her walls.

The silk firmness squeezed his cock and made Harry groan. He stretched his reach a little bit more than standard, touching Donna’s lovely tits and squeezing them in pleasure. Donna moaned, thrashing on the bed from her lover’s actions.

Kara parked herself between Barbara’s thighs, spreading them wide. The juices dripping down them caused her to hunger. Kara’s lips practically were drawn to the cum dripping down them. The cum of their man. Kara dove down and sucked on her nether lips.

“Oh, damn it, Kara!” Barbara yelled at the top of her lungs.

The Super Suction of her pussy overstimulated Barbara. Kara knew precisely the right spots to hit. Her tongue went in just far enough to drive Barbara completely insane with pleasure. Kara swirled her tongue, working it in, before slurping her womanhood.

Kara enjoyed the tasty drink, the tasty sensation of Barbara’s pussy juices mixed in with Harry’s cum. It made her pussy horny as hell and she imagined the minute that Harry was done thrashing Donna’s wet hole, he would go straight for her.

The thought caused Kara to stir and hunger for even more. She attacked Barbara, hungering from her pussy. The juices slipped into her wet womanhood and Kara drank from them. Barbara hoisted her hips up off of the bed, and into Kara’s face.

Barbara put her hands on the back of Kara’s head and lets Kara’s tongue work it’s magic.

Speaking of magic, Harry’s cock works its magic, driving deeper into Donna. Every slap of his balls against her tender flesh makes the Amazon just hunger for more. She’s horny as fuck, and does not want to do anything other than receive Harry’s massive breeding rod.

It shoves into her, grinding against her. Every inch of Harry’s veiny cock sent ripple effects through Donna’s body. Harry pulled up the captive Amazon and squeezed her nice breasts. He pinches the nipples and made her just moan in pleasure. Harry’s fingers dig into her nipples and cause her to just lose it completely.

“Oh, damn it, I need you so badly,” Donna said.

“Do you need to cum?” Harry asked.

“Yes,” Donna said in a low voice.
A few thrusts slowed down and Donna found it almost a full minute in between getting his cock all the way in her. That would not do. Her insides felt neglected, the buzz almost faded completely. Harry put his hands on her breasts, but it was only the barest of contact.

“I can’t hear you?”

“Yes!”

Harry rewarded Donna for speaking up by hammering her silly. The Amazon Princess was powerless as long as she was tied, but that was the type of control she would happily give up for a nice hard fucking. Harry’s endless supply of seed and stamina was a boon to many women.

These three were very glad to corner him on a day where his powers would be heightened, to receive the full bounty. Harry’s hands moved around like a sudden blur, his fingers stroking her nipples and making Donna just break out into a solid moan.

“Cum for me, Princess,” Harry said. “Cum for me hard!”

Barbara screamed from halfway across the room to show that Kara made her cum. Harry lifted his finger and flicked it. Kara’s moan indicated that he hit the target he intended.

Back to Donna and Harry did go balls deep in the beautiful Amazon. Pounding her without any relent and without any remorse. He spanked her tight ass, and this made her moan.

“Your body is mine,” Harry said her. “But, you’ve already given your soul and heart to me already. So it just makes sense this lovely, fuckable, body would follow.”

Donna responded with a nod as Harry repeatedly drove his thick, engorged rod inside of her body. No matter how many times he shoved into her, it was very good how deep he was going inside of her. His balls swung back and forth and cracked Donna on the thighs, raising marks on her.

Marks which indicated how Donna belonged to him. Marks which showed that she was Harry’s completely and utterly. Harry rocked her body and got closer.

First, he wanted to make Donna feel it. He touched her body all over, biting down on her neck and marking her in a different way. Harry squeezed Donna’s big firm tits and released them. She breathed heavily with Harry’s cock sliding deeper and deeper into her body.

“Cum for me,” Harry said.

Donna obeyed Harry’s words. There was no question about it, there was no question that she wanted to cum for her handsome lover. She lost her juices all over Harry’s big cock.

A grunt followed and the tension in Harry’s body came close to achieving ultimate release. Harry planted his thick tool deep inside of Donna’s gushing, needy hole. Repeatedly slapping his balls down, Harry took Donna all the way to her limit and several steps behind. Donna was horny as hell and wet as can be. These were two good things that Harry intended to exploit every step of the way.

“Yes, cum for me, hard,” Harry said. “Go for it, Princess.”
Then, Harry lost it, lost his way into Donna. Her pussy was saturated by a discharge of creamy white fluids. Every drop of it fired into Donna.

Donna took the load with glee. It filled her hole and raced to her womb. The Amazon shifted herself up and down on the bed, clamping her walls down onto him. The moans which followed stunned her body the faster Harry drove down into her.

“YES!” Donna shouted out loud.

Harry unleashed what he had inside of her perfect body. Slapping her round ass on the way down, striking her clit with precious. The tied robes kept Donna open for the perfect endless fucking. His seed raced into her hole and did not relent until Donna was completely filled.

The second Harry pulled out, he was face to cock to Kara. Kara sucked his cock with such hunger that Harry could only groan. Her super throat squeezed around his manhood. She took him in, her neck arching in one of the most perfect ways Harry can see.

Kara brought his cock up to hardness in no time, but she took a fair amount in time in tasting all of what Donna left behind. Kara pulled out and caused his cock to extend in the air. Kara hovered up, flipping up the cheerleader skirt to reveal a lack of panties and a bare, wet pussy.

“And now time for the main event,” Kara said. “Are you ready?”

Harry grabbed onto Kara’s nice ass and squeezed it. She shifted back with a lazy and horny smile. Harry pulled her into place, his thick cock sliding against her warm womanhood. Kara brought her tight walls almost all the way down onto Harry and sucked his cock deep inside of her pussy.

The two became one. Kara’s legs wrapped around Harry and lifted him up off of the ground as she mounted him. Harry put his hands on Kara’s legs and rubbed them. Kara leaned in, her body bopping up and down. Her chest almost came out from underneath her shirt. Harry reached underneath to grab her breasts and squeezed them.

Kara loved every time Harry put his hands all over her. It signified just how much he controlled her body. Harry speared up from below and filled her. He already was getting her to an orgasm, not that it took much at this point with how riled up.

“You love playing with my pom-poms, don’t you?” Kara asked.

Okay, that’s kind of cheesy, but Kara could not resist adding a little bit of cheerleader humor. Harry grabbed Kara’s sun-kissed breasts and shook them. The lovely blonde looked down at her well fucked super best friends forever while taking Harry inside of her.

Half triumph, and half amusement flickered through Kara’s eyes. She leaned down to say something. Only for Harry to busy himself with Kara’s breasts and all hope of saying anything at the moment was lost.

She just enjoyed the ride and enjoyed his hands. And his hands enjoyed her back, her ass, her legs, and every part of Kara’s body that they could reach. It was a good marriage, born of mutual pleasure.

Harry pulled out and went behind Kara. Kara raised an eyebrow, only for Harry to shove her against the wall. Not the wall on the ground, but the top of the wall. The point where Kara’s hair
brushed against the ceiling. It sent a tingle down her spine.

“Stop teasing me,” Kara begged.

“And yet, that’s what makes it so fun,” Harry said. “Consider it my receipt for all of the times that you teased me when we were younger.”

The student had become the master. Strangely enough, Kara was more than okay with this. His hands roamned all over Kara’s body and brought her tensions completely up. Harry rubbed her nipples and caused the friction to build through her body. Kara breathed in, with Harry touching her and tormenting Kara every step of the way. He knew that this was going to drive her completely insane.

It was not until the point where she was really moaning did Harry even tease her opening with his cock. To be honest, it was throbbing, and screaming to be inside of Kara’s warm hole. But, Harry was strong and he knew exactly how to play the game. And more importantly how to play the pussy of this lovely woman underneath him. He ground his thick cock head against her, making Kara moan.

After several minutes of intense, intense teasing, Harry took the plunge and slammed his invading rod into Kara. He pushed her into the wall, slamming his manhood into her. He went in deep and the deeper he went, the more Kara moaned.

“Oh, you fucker, take my pussy!” Kara yelled. “Take it, break it! It’s all yours! Fuck the ever living hell out of my tight hole….oooh, yes, baby! Fuck me!”

Harry held onto Kara’s hips and slammed into her with an intense way. He knew he could really get her going, the higher they went. He positioned Kara’s face towards the nearest window as a tease. Maybe he would fuck her through it.

Maybe later, right now Harry pounded Kara. Her body threatened to break through the stone of the wall. Harry pulled back and spun Kara around, before dropping her on his cock. Her legs wrapped around him and Kara rose up and down.

Kara bounced up and down on Harry’s cock like it could cure cancer. Which all things considered, she was not completely sure it couldn’t.

Regardless, he was making her sweat and making Kara push herself to a brand new limit. Her thick thighs pushed down onto him the faster Harry plunged into her. He was deep inside of her body and Kara gave him all of the pleasure.

“Oh, damn it, you really are horny,” Harry said.

“I watched you fuck those two, what did you think?” Kara retorted.

Then she was quiet, with the pleasure building through her body. Harry touched Kara’s breasts and made her lose it completely. He bounced her up and down. Every push brought Harry into warmth and it was very hard to hold back. Yet, Harry showed how determined he was, holding back despite the temptation to lose himself in her warm, wet, hole growing ever more prominent.

“Oh, baby, lose it,” Kara breathed in ear. “I need your cum.”
Kara’s soft legs rubbing against him, her heels hooking against his ass to drive him deeper. Harry performed these sexual acts with her in mid-air and now they were upside down. At least the blood could not rush to his head because it rushed to another part of his body. He slipped deep inside of her, thick balls slapping against her wet thighs.

Harry planted his fingers deep against her ass and squeezed it. He rolled his hips up and down into Kara, spearing his cock into her body. Kara moaned in his ear and she gushed one more time on him.

It just opened up the path for her pussy for deeper exploration. Harry rocked his way down into her, slamming himself into her body. Kara opened up and took him, happily receiving his big cock. Harry was in her, about ready to go.

Then the explosion of white light followed, with Harry cumming and cumming very hard. His fingers touched her ass, squeezing and spanking it when filling her pussy with his seed. Kara pushed in closer and closer, with Harry speeding up his thrusts and his discharge.

Kara sighed, his magically potent seed rushing into her womb. For some reason, she felt more fertile today, so today might be the day. Hell, with Harry’s increased sperm count on this day, it might be the day for all three of them. But, that would be an experience they would have to share together.

In the meantime, they descend to the ground and Donna pounced on top of Kara.

“Payback,” Donna said.

Barbara untied her in the meantime. Donna was about ready to torment Kara, rubbing her chest against Kara’s sensitive breasts.

Harry would jump in, but Barbara returned to his lap and divided his interest.

Today would be a good birthday for Harry indeed.

End.

Two New Chapters(335 and 336) on January 31st, 2018.
The extremely powerful wizard who showed up in the courtyard of Camelot caught the attention of everyone. Knights stood, ready to engage him in battle. Those green eyes shifted from one knight, to the other, a soft smile appearing on the face of this visitor to Camelot.

“I don’t wish to harm you,” he said. “But, you should lay your weapons down. I’m only to here to speak with Merlin.”

To speak with Merlin, well that was something that caught the attention of the bold and valiant knights. The King’s advisor, few dared speak to Merlin. A few seconds passed with the sorcerer raising his eyebrow. Several of the women watching grew flush and the knights dropped their weapons with a clatter.

“What sorcerer is this?” one of them asked.

“Simple sorcerery,” he said. “My name is Hadrian Peverell and I have come a long way to speak with Merlin. I have walked through time and space, walked through many kingdoms. I won’t be denied this meeting.”

“Let him pass.”

The robed figure turned up and everyone turned in astonishment. The robed figure of Merlin stood and extended one hand. The powerful visitor walked past the knights, making no attempt to harm them. But, yet, they had a sense that they could not even scratch his skin if they attacked.

“You’ve come a long way, traveler,” Merlin stated. “Perhaps you should say why to see whether or not your journey has been in vain.”

Hadrian flashed the sorcerer a smile. He knew a disguised voice off hand, having a pretty good ear. There was something else about Merlin he sensed, but Hadrian would have to let it play out.

“Well, let’s walk and discuss this one,” Hadrian said. “You are infamous through the annals of history. They swear by your beard.”

Amusing, given the vibes Hadrian picked up from King Arthur’s advisor.

“Fascinating,” Merlin stated. “But that does not tell to me why you are here.”

They move into a secret chamber. Hadrian lifted his hand and flashed the image of a very thick tome. The tome almost had an eye in the center.
“Do you know of this book?”

“To settle a debt,” Hadrian said. “There are those who seek to spill my blood. Those who wish to see my head mounted upon the wall. I can only begin to guess why, but apparently some do not take defeat of their master kindly. Despite it offering them a chance for redemption.”

Hadrian looked over Merlin in robes of drab colors, covering what was underneath.

“I’ll be up front with you, I’ve traveled through time and space,” Hadrian said. “But, you’ve not been upfront with me. If you could give me the honor to show your face to me, so I can gaze upon the face of the most prolific inspiration for modern magic.”

Merlin hesitated for a brief second and then flipped down the hood. Every single historical account of Merlin had been rendered inaccurate due to the fact a beautiful blonde girl with stunning blue eyes and a cute button nose looked up at him. Her lips caught Harry’s attention, thick, and juicy, although they currently curled in a frown.

“Well, the foundation of magic was built upon advanced trickery,” Hadrian said. “And in all of my studies, not once there has been a hint that Merlin has been anything other than an eccentric old man.”

Hadrian put his hand on her shoulder.

“And tell me your true name,” Hadrian said.

“That would give you power of me,” she protested.

Hadrian smiled and leaned towards her.

“Well played, you know how to play the game,” Hadrian said. “It’s a pity that I have much more experience in playing women, to get what I want.”

“You really think that you could handle me,” she responded. “Surely my feats have been known throughout history.”

Despite the fact, Merlin, or Courtney Whitmore rather, shuddered. She found herself face to face with a true sorcerer. So while she had been able to bluff her way out of many situations, due to knowledge of concepts far more advanced than this medieval time, she could not bluff her way out of this one, at least not off hand.

“I wish for you to take me to the Chronicle of Magic,” Hadrian said. “And I will give you something that you desire...the ability to perform true magic.”

“You can do that?” she asked in surprise.

She knew there had to be another catch, other than this exchange of goods and services. A traveler such as this did not just come on, and give something up, just for a book. A powerful and rare tome of magic, but a book none the less. Courtney eyed him.
“But, it will require much more than an exchange,” Hadrian said. “Rather, it will require a carnal meeting, my dear.”

“So, we will sleep together,” Courtney said.

This was not entirely the disgusting process she would think it was. No, he was handsome, strong, well bred, and well-built. Courtney undressed him with her eyes and mind and thought of the possibilities of what laid underneath. She could not help, but be taken to him.

“It’s the best way to transfer essence,” Hadrian told her. “Now, I will help you out of those drab clothes, because they are not something that become of a woman of your stature, Lady Merlin.”

He undid the fastenings of the robes and slowly exposed Courtney’s creamy neck and cleavage. While not stacked as many maidens in this land, Courtney had some pretty decent sized breasts for her lithe frame. They fit her body extremely nicely. Hadrian touched her chest, cupping it and making her moan very lightly when palming her perky tits, underneath that bra. She broke out into a soft sigh, as her garments came down.

Hadrian enjoyed the woman he inspected. Nice firm, high breasts, a flat stomach, wide hips perfect for grabbing onto. Long legs, and Hadrian did not forget her beautiful face. The Dragon Sorcerer always enjoyed a tight, hot blonde wrapped around his waist when she moaned in his ears.

“What would you have done if I wasn’t a woman?” she asked without thinking.

“Well, I would have gone for a different play,” Hadrian admitted. “But, since you’re all women….”

Now that she in front of him in her undergarments, Hadrian leaned in and kissed the woman on the lips. The soft, succulent lips of the perky blonde became Hadrian’s. Her body melted like butter when he touched her, kissed her, pressed up against her. Those soft fingernails dragged against his shoulders, biceps, when squeezing down onto him.

Hadrian scooped her up, legs wrapping around him when they kissed even further. Courtney tilted back, letting out a very prominent breath when he moved to mark her neck. It flooded her body with so much intense lust that she almost felt like her loins set on fire.

“It seems unfair that you’re in your clothes,” Courtney said.

“Well, Lady Merlin, you know what to do.”

She did in fact do so. Courtney scrambled to get his fancy garments off. She took a lot of time disrobing him, not wanting to mangle such expensive threads. Plus, she wished to take plenty of time admiring the traveler’s strong body. Every inch of his strong chest, tight abs, powerful legs, and just overly rocking body caused Courtney to breath in, with a dazed expression on her face.

And then, the main event, the object she had been waiting for. A long, throbbing hard, piece of meat hung between her legs.

“This can’t be real,” Courtney said.

“It’s magic,” Hadrian said. “But, feel it, and you tell me.”
Courtney’s soft hand gripped the edge of his pulsing prick and started to toy with him. It was too big, too much flesh to fit into one of her hands. Especially when it just grew bigger and made Courtney even wetter between her legs.

Hadrian spun her around, taking off the last two articles of clothing, her bra and her knickers. Courtney closed her eyes when he shoved his fingers between her legs and worked her pussy in, kissing her on the back of the neck.

No matter how much the blonde heroine wanted to drop down to her knees and service her new god, Courtney longed to be fucked, longed to get a little taste of what true magic could bring. He fingered her, while also spreading Courtney’s legs. His long staff dragged against her thighs.

That was not a mere penis, that was a woman tamer, that was a pussy breaker. It was made to fuck a woman’s brains out, and make her drip, begging for more. Courtney was no stranger around a staff, but this was entirely different. She wondered if it was even possible to tame this staff.

Hadrian toyed with the body of the young blonde. A trip to see Merlin, well this was not how he expected it to go. The fact the most famous wizard of all time turned out to be a scorching hot blonde woman with a tight pussy, well, it was a surprise twist that he just had to go with. Something that he went all in on, twisting his finger into the woman’s tightening pussy. Her wet pussy clamped down onto him, letting out her soft breathing moans. Hadrian rolled his finger deep inside of her and made her thrust her hips back and forth, letting her wet pussy just do all of the work.

“Oh, please let me cum!” Courtney yelled.

“Sorry, I don’t offer that gift to a woman who doesn’t tell me her true name.”

Hadrian pulled out of her with a smile on his face. Courtney collapsed on the bed and watched as the supreme sorcerer moved towards her. Her eyes glued on his hunky body, wondering what he was going to do.

The writhing blonde moved underneath Hadrian, about as subtle as a porn star and twice as loud. He leaned in, closing those fingertips on her breasts to make her come out with one of the most primal moans possible. Hadrian turned his palms inwards and electricity danced against Courtney’s perfect, perky nipples.

He rubbed up against her, dragging his swollen head against her taut tummy. She was so hot.

“You’re so hot they could melt chocolate over your body,” Hadrian told her. “And I would eat it up.”

Courtney went on a hell of a mental trip, her entire thought process completely brought into images of Hadrian doing it. Feasting off of her body, worshipping it, before he fucked her brains out. He ground on top of her.

The extremely powerful sorcerer did everything possible to Courtney. Everything short of driving himself deep inside of her and fucking her pretty little brains out. Courtney broke free when Hadrian pulled her up. She tried to mount herself onto his cock, only to find herself pushed back.

The fact he denied her caused Courtney to pout.
“Now, there’s a sight for sore eyes,” Hadrian said. “Merlin’s pouty face...somehow I don’t think that would catch on quite as well.”

Hadrian edged her closer to another orgasm simply through his fingers. And then, like the asshole he was, pulled it away and left the sex-starved woman to collapse on the bed. Burning with need.

He repeated this ritual two more times. Courtney’s body entered a roller coaster ride of excitement, and she got closer, closer, and closer. This time she thought he was going to do it.

Denied, fucking denied, and Courtney could almost scream. She could not lift herself up, due to the fact he straddled on top of her. He was so close to being inside of her.

“So, my lovely lady, do you want to say anything to me?”

Torn between being stubborn and getting some, Courtney wrestled with the eternal question. He grounded against her, again and again and again, teasing fucking her again and again.

Hadrian almost felt pity for the woman. He did want to be balls deep inside of her. Self control was everything, and he prevented himself from driving deep inside of her. Courtney almost howled in ever present agony before he came out of her, leaving her hanging in one of the worst ways possible.

“Anything you want to say to me?” Hadrian asked her with a smug little smile.

“I’m...my name is Courtney!” she yelled. “Courtney Whitmore, now you better fuck me, or I swear to God!”

“Oh, don’t swear to him,” Hadrian told him. “You’ll be swearing to me and praising my cock as the only entity you need.”

And then, Hadrian shoved himself into Courtney and split her apart with his throbbing hard cock. It was thick, veiny, and pushing against her very accomodating walls. Tight, but at the same time, extremely accomodating. Hadrian pumped his way inside of her, allowing her to moan even deeper. The faster he shoved into her, the more Courtney howled with pleasure. She looked up at him, desire burning in her eyes.

“Ohh, yes,” Courtney moaned ever so softly.

“Merlin’s tight cunt,” Hadrian said.

And he could attest to that, given how snug she felt around him. Hadrian’s muscles got a workout. And as always, he had a tight blonde wrapped around his waist when slamming into her. Courtney looked up at him, passion burning in her eyes. His hands brought out more of that passion, along with his thrusting hips and roaming mouth. He was all over Courtney, taking her body on a thrill ride.

He let her cum this time and it shocked the senses. Courtney shuddered underneath her lover’s powerful thrusts. It had been like she had went without a year. But, now everything in life just hit her. The white light exploded inside of her body.

It took a minute to register, Hadrian pulled out of her, sat Courtney up, and propped her up onto his
lap. They moved face to face with each other. Hadrian smothered Courtney’s perky breasts with his large plams.

“You know something, luv,” Hadrian said.

“What?” Courtney asked.

“I knew your name when I stepped in here,” Hadrian said.

“And then why did you ask me?” she asked.

“Because, that gives me power,” Hadrian said. “To here the words uttered from your sweet little mouth. Your lips that…”

Courtney kisses Hadrian forcefully to shut him up. She does not want to talk, she wants to fuck. And now, the former Stargirl saw stars in a different way when she began to bounce up and down on Hadrian’s thick endowment. Feeling it go deep inside of her.

Hadrian could use her as a cock sleeve, but at this point, Courtney felt extremely blessed. Knowing that the attention of this powerful wizard was completely on her. He stuck her and made her shiver the deeper he went inside of her.

Those thick balls were enough to seed every maiden in Camelot, she reckoned. Hadrian jiggled her ass and that made Courtney break out in a sigh. Having a man pay her attention. She was not the most stacked up top, but made it up, with fine legs, a tight stomach, and a nice plump ass. Which was where it counted, in Courtney’s entirely biased opinion.

The powerful woman would be a potent witch when Hadrian finished making her.

“Oh, my Lady, we’ve had such a nice time today,” Hadrian said. “But, time grows short, sweet Courtney...it’s time for me to hold up my end of the bargain.”

Courtney received two more orgasms and just barely could hear what he said. But, she was sure it was amazing, Because what he was doing to her was amazing. He stuffed Courtney completley full and made her scream.

Hadrian smiled and rode out Courtney’s climax, piggy backing it into one of his own. Her legs continued to rub against him. So soft, so smooth, and so lovely, Hadrian claimed undership of Courtney’s legs. Her tight walls closed him around him, and she breathed into him.

“Make me yours forever.”

Courtney received the first warm blast of Hadrian’s gift inside of her. It set her off and made her drop down onto him hard, taking even more inside of her.

The dosage of cum caused a rush of power to spread through Courtney. The tips of her fingers warmed and furniture levitated off of the ground when she spread her arms. She pushed down onto him.

“I can...it’s happening.”

“If I didn’t deliver on my promise, I wouldn’t have such a good reputation.”
Courtney wrapped tightly around him, allowing him to fall onto the bed. She mounted him like a prized horse and rode him all the way to the finish line.

In her opinion, Hadrian more than delivered. Courtney bit down on her lip and let out her passion with several screams. She bounced faster and furiously, making sure she drained his balls of every single last drop of seed they were willing to give.

Hadrian enjoyed this one. Not that he would correct the history books, because it was too amusing to see how wrong it was.

Merlin’s tight cunt though, that would be an image that would always be in his mind. He finished breeding lovely Courtney, Lady Merlin, allowing her to drop onto him when the final blast of seed rushes to seal her fertilized womb.

Her soft, luscious body rested on his strong one. They enjoyed each other’s company, lightly kissing and caressing each other.

More fun to be had later, right now they enjoyed basking in the afterglow.

End.

Several papers filed out on the desk, with Lisa Tragnetti sitting down and looking at them. The stacked brunette court reporter eyed the papers with interest. She was thinking about her next move when a knock on her door startled her. Lisa was more inclined to ignore it for a second.

“Ms. Tragnetti, it’s your landlord.”

Hadrian Peverell, the landlord, and he was not one that many people would deny. He had a reputation of being very harsh and Lisa tried to recall whether or not she made the payment for the next month.

Perhaps it was something else, perhaps it was the water. Regardless, Lisa swung the door open. She gave the handsome British Gentleman a once over. His green eyes, dark hair, handsome face, and muscular body was the thought of the wet dreams of many women and Lisa was no exception.

“What can I do for you, sir?” Lisa asked.

The top button of her blouse almost came undone when she shifted. Lisa did not bother to correct it, rather using one of the most valuable weapons she had at her disposal to her advantage to entice the handsome young man.

“You’re a week late on last month’s payment,” Hadrian told her.

“Oh, damn it!”

Lisa could have hit herself. She had been so busy thinking about this month’s payment that it slipped the court reporter’s mind that last month’s payment.

“I would hate to think that you would have gone delinquent on your payment,” the landlord told her. “But, if I don’t have the payment by Friday afternoon, then I’m afraid you’re going to be evicted.”

The stern look he gave the woman made Lisa squirm a little bit. She stood up and tried to face him.

“I’ve paid every month other than the last two,” Lisa said firmly. “And I swear, I’ll have the money by Monday.”

“Monday is the later than Friday,” Hadrian responded.

Oh, he can be a hard ass sometimes, but so hot. Lisa was not going to deny that. She closed the gap between the two of them a little bit more.
“Is there anything that I can do that might encourage you to give me a few day grace period?” Lisa asked. “Anything at all?”

She undid another button casually and pushed her chest out. Lisa could not help and notice his gaze drawing to her clevage like some kind of magnet. Lisa tried to keep a firm gaze focused on his green eyes, not trying to look at his crotch, despite the fact the rumors were not hidden.

“Well, that’s up to you,” Hadrian said. “Maybe given your previous prompt payment, I can give you an opportunity to convince me. But, you’re going to have to really blow me away.”

Lisa just smirked at him, self-assured that this little trick would work.

“How about this Mr. Peverell?” she asked. “How about these, would these do as collateral?”

In a flash, the remaining buttons of Lisa’s blouse came undone and it hit the floor. The brunette beauty’s heavy bosom strained against a black bra, and drew Hadrian’s attention towards it. Her flat stomach, and curved hips also caught his attention. Lisa, striking while the iron was hot, reached over and grabbed his hand. It fell on her breast.

“Not a bad start,” Hadrian said.

“You want to look at them a bit closer?” Lisa asked. “You know, it might be a lot easier if this nasty old bra was not in the way.”

Off came the bra and out came the girls, breathing for air. Round, firm, more than a few good handfuls, with perky nipples, and a delicious looking areola which drew Harry’s attention towards them. Not to mention his hands over her breasts. He cupped Lisa’s tits and caused a squeal of delight.

Damn, those hands, they were amazing. Squeezing every inch of the supple melons of the horny court reporter. He smiled when gazing upon the wonders and Lisa pushed her chest, demanding more of a touch, more coverage. Hadrian pulled on her nipples and released her chest.

“Touch them,” Lisa said. “Touch them...don’t you like how soft and warm they are?”

“Yes,” Hadrian said.

Suddenly, without any prompting, Hadrian lifted up one of her tits and started to suck them. Lisa closed her eyes and enjoyed his mouth coasting over one tit, her right, while squeezing the other. The lovely tracts of land become very nice as Lisa pushed Hadrian down onto her couch and sat down onto him.

A deep, heaving breath followed from Hadrian. He buried his face into Lisa’s deep, rich, valley of cleavage. Sucking on her womanly peaks and driving her completely nuts with lust. Hadrian played enough to realize that Lisa’s tits were as real, and not just because they took out a three-dimesional space either. Large, natural, melons, hanging ripe like fruit desperately needing to be picked on the vine.

“Mmm, that feels promising,” Lisa breathed. “That feels really promising.”

His crotch threatened to burst from the confines of the tight pair of pants. Lisa felt her panties burn against her body and she slipped a finger into the catch of her skirt to take it off. She pulled away from him, and Hadrian grabbed her in tight. A helping hand brought Lisa out of her skirt and a long kiss followed.
The two lovers french kissed each other. Lisa moaned into his mouth, sucking on his tongue like she would the hard thick object in his pants.

Lisa broke free, a strand of salvia connecting their lips. She lightly played with Hadrian’s hair and undid the buttons on his shirt. His chest was ripped and felt good rubbing against Lisa’s own ample bosom. She kissed Hadrian’s neck and moved in to his ear.

The desire to escape his pants reached a fever pitch. Lisa rotated her warm box up and down on Hadrian, making him as horny as fuck, and making him want to get out.

“So, is that a baseball bat in your pants?” Lisa seductively asked. “Or is there something else?”

“Why don’t you find out, Ms. Tragnetti?” Hadrian asked.

She undid his pants and pulled out Hadrian’s monster of a penis. It was obscenely large and Lisa struggled to wrap her hands around it.

“I don’t know if I can even fit this in my mouth,” Lisa said with a pout.

“Oh, honey, there’s a place where this cock belongs and it’s not in your mouth,” Hadrian told her with a smile.

He flipped Lisa onto her back on the bed. A hungry squeal came from her as Hadrian dominated her almost naked body, with only a pair of panties covering her crotch. Hands and mouth covered her nipples. He pulled himself up and then position himself.

Hadrian pushed himself in and began to slowly drive himself in, tit-fucking Lisa on the couch. Lisa’s eyes widened at the beautiful sight of his gorgeous cock shoving its way between her ample breasts. It was a perfect fit, an amazing feeling. The friction built up as Lisa rubbed her thighs together.

“Well, this will do nicely,” Hadrian said. “I love your tits.”

“Most men do,” Lisa said with a smile. “But no one has quite the tools to fuck them, like you do.”

Lisa received the tit-fucking of a lifetime. His meaty, throbbing, pulsing organ rammed deep inside of her, with Hadrian slapping her nipples with his throbbing head. She found it very exciting and the erotic feeling of having his cock back between her tits hit her even hard.

“Fuck them, fuck them hard!” Lisa yelled.

“I’m going to bust a nut all over these beautiful things,” Hadrian groaned.

The truth was, the intensely warm pleasure that was Lisa’s hush-puppies was beginning to cause a build up to slowly build into Hadrian. Every time his swollen tip pushed out of her generous cleavage, she planted her thick, rosy lips on him and sucked him. Hadrian pushed out and met her lovely mouth again.

The luscious feeling of those lips meeting him, along with those lovely tracts of land clenching on tight to him, it was almost too much for him. Hadrian rocked his hips forward, building up an intense amount of momentum. He could feel Lisa’s amazing chest in his hands when he fucked her from this position. She loved being touched and loved having that cock deep inside of her body.

“Making me so wet now, I swear to god!” Lisa yelled.
“Don’t swear to him, swear to me,” Hadrian growled when smashing her ample chest.

She would gladly consider this handsome British gentleman her new god. The deeper he fucked her cleavage, the faster Lisa rose up to the bed, almost coming undone for him. She breathed in, sweaty as fuck and horny as hell. Hadrian’s tip spilled a little bit of seed before the dam burst and boy did it ever.

The eruption painted Lisa’s tits white. Awe spread through her when those balls emptied and appeared to store immense amounts of her new favorite drink. Lisa lapped up as much of it as she could before leaning in to envelope his cock and practically drink straight from his balls.

“Bloody hell!” Hadrian groaned.

He might have left the Marshmallow heaven that was Lisa’s tits, but he did not get any lack of attention. He saw white at the brilliant, but sloppy, blowjob the horny court reporter gave him. She was determined to work for that extension and Hadrian allowed the last few drops of cum to fire into her mouth.

Suddenly, he pulled back and the scent between Lisa’s legs drove him mad with passion. He ripped off her panties and caused to jump up.

The pure animal inside of the man before her got Lisa’s juices flowing again. Hadrian climbed on top of her, spreading her legs. His hands pressed against her chest and started to rub them. Then suddenly, it switched to her legs, just as lovely, before he pushed into her.

Lisa was about ready to make a comment about how he was hard already. Only it never came because he buried as much cock as would fit inside of her.

She was tighter than Hadrian expected, but really knew how to pump him with her inner pussy muscles. Hadrian rutted around inside of her, taking her entire body into consideration. And boy there was a lot of ample, luscious flesh to consider. Lisa squirmed underneath him.

To feel her to clamp down on him, and at the same time open up to take even more inside, boy was that just amazing. He elevated her legs into the air and shoved down into her. All while worshipping them like the divine pillars they were. Lisa’s thrashing, moving body caused Hadrian. Her breasts danced, some of his cum flying off of it from earlier. Hadrian kept up his movements, slowing down his own orgasm while at the same time slightly speeding hers up.

Lisa threw her hips back up and met the man of her dreams when he pushed inside. The load he unleashed on her breasts earlier was sure something that kept her skin humming. And she wondered what load he would empty inside of her pussy. Lisa clamped down onto him, moaning and breathing.

Hadrian brushed his fingers against Lisa’s chest and made her lose it completely. Just cream herself all over the meat organ which drove into her. She felt her pussy molding and being tamed. Enjoying the feeling as he touched her over. Her body squirmed and she lost control of her own ability to cum.

The powerful man underneath her owned that. Lisa could feel that, feel him burying inside of her as deep as humanly possible. The friction build up.

“How time for you to let it go, my dear.”

Sure enough, Lisa wasn’t going to argue with him. She tightened the grip around her man’s tool and everything in the buxom brunette’s body ended up. Her tits jiggled from how fast she was
pumping her hips up, and he was responding by matching her thrusts.

“And cum again.”

And again she came. There was no question about it in Lisa’s mind, he was going to make sure that she paid for this one, with her body. And Lisa felt that she was not getting jilted out of payment. Just every time his balls erupted against her, it brought her closer.

Endless passion flowed through Hadrian when dominating the woman underneath it. Every time, it never failed, with a woman. He would have just kicked out a male tenant without a warning. But, these lovely women on the other hand, they were eager to please him. And Lisa’s perfectly tight pussy caressed him in all of the right places. Not only that, but it made Hadrian redouble his will not to have for an early launch.

After the third orgasm, Hadrian let Lisa go. She rolled over, trying to crawl away from him. It was a game she was playing, and that much was proven with Lisa’s perfectly round and squeezable ass bouncing to entice Hadrian. Hadrian dove over and prevented her escape.

“Don’t think I’m done with our payment plan yet.”

Hadrian palmed Lisa’s ass and this almost broke the woman. She delightfully ended up as Hadrian’s personal bed pet. Every time he touched her, she submitted to him. He was not inside of her, but Hadrian did not need to be. He tugged Lisa’s locks and that caused her.

“You like being treated rough?” Hadrian asked. “You like being treated like a piece of fuck meat?”

“Take me, damn it!” Lisa yelled. “Be a man and fuck my pussy.”

Hadrian jammed it in extremely fast and rode her from behind. He fucked Lisa from behind so he could just spend the rest of the time he fucked her alternating between groping Lisa’s chest and squeezing her ass. He was all over her, leaving red marks on her body. Each time, Lisa broke out into a very passionate and intense moan.

“Be a man, and fuck..fuck...oooh fuck my brains out.”

She was brilliant, so it would be a long ride to the end. But Hadrian was determined to get every ounce of pleasure he was able to out of Lisa. Spending time claiming her body and hitting all of her hot spots. He knew how to push them and get her really going. He knew how to make her damp with lust by now and make her beg for his cock.

The minute he pulled it out of her, she almost lost it. Hadrian let her thirst for him before shoving it back in and pounding her silly.

Lisa wondered what he would finish. Naturally, she would let him cum inside of her. Lisa wondered if she was going to be able to stand after this. He hammered her. Hard. Hard. Really hard! So hard that Lisa wondered how he did not slow down and how he did not discharge himself.

“I want you to cum in me,” Lisa said. “I’ll let you use my pussy...any time...if you let me wait to pay you on Monday.”

“Oh, I will, and if you don’t pay then, I’ll be back to take it out of your ass.”

Lisa was about ready to say that was not an incentive. However, she was too busy cumming loudly and often to say anything.
He rode her all the way to the end right before losing it himself. The faster his clenching testicles blew their load inside of Lisa, the harder the brunette babe clenched him.

He collapsed on top of her, hand still on her body. Balls completely drained of all of their cum, at least for now. He pulled from Lisa.

“I’ll see you on Monday.”

Lisa’s thoughts drifted to the outfit she would wear when giving the payment. She intended to ride him over and over, until either his balls were completely drained or her pussy was too sore to go another round.

It would be satisfying for her one way or another.

Two More Chapters (337 and 338) will be posted on February 7th, 2019.
Digging Deep (Lara Croft from Tomb Raider and Fleur Delacour from Harry Potter)

The emerald-eyed sorcerer crossed the threshold of the bathroom entrance into a large spacious shower. After a long day of adventures, Harry really needed to get cleaned off. The excitement and the thrill of adrenaline long since wore off. The mess and the muck from a long day of going through the tombs. Harry groaned when scouring the top of his head and regulating the water. Thankfully a few cool spells allowed the muck to slip through his hair.

The shower was regulated and it felt good. The tension in Harry’s muscles released thanks the warm jets shooting over them. He levitated the bars of soap and the bodywash.

The shower doors sliding open caused Harry’s attention to nearly drop. Someone joined him in the shower, two someones in fact, slipped into the shower behind him. He looked over his shoulder through the haze of the mist.

Fleur Delacour smiled, her nice curvy body on full display. She had a body built for sin and one that caused Harry’s blood to stir. She rested her palms on his chest and lightly worked the soap into it.

Joining her was the lovely Ms. Lara Croft. Athletic with a body that wet dreams were made of. Lara’s breasts pushed against the back of Harry’s neck along with her stroking hands. She moved in and lightly kissed the back of his neck several times. Lara’s succulent lips, good for so many things, reached his ear.

“Hello, luv,” she purred in his ear. “We’re here to get you clean.”

“So we can get even more dirty?” Harry asked.

Fleur smiled while stroking his abs. Soap covered every inch of his body. She moved over to clean between Harry’s legs. She put a hand on his attentive tool and slowly stroked it. Under the pretext of scrubbing Harry’s genitals, Fleur stimulated them. He stretched out, his rock hard member almost bumping against the side of the wall. Fleur pressed her palm against him and caused Harry to groan.

“Damn it, girl,” Harry breathed.

Fleur just popped her lips apart, with a soft smile raising upon them. She knew exactly what her man liked as did Lara. Lara was working her way down his back and fondling Harry’s ass. Every time Lara squeezed his cheeks, she moved in. Reaching between his legs, Lara helped Fleur pleasure him.

“No matter how many tombs we raid, we always have the best treasure at home,” Lara said while
squeezing his crotch.

The two lovely women shifted away from Harry. Their soapy bodies shined bright with water dripping off of every luscious curve. Steam appeared and Harry was not sure it was from the shower. Fleur motioned for Lara to come near her and Lara did so. The two lovely women kissed in the shower, pressing their breasts together. A large amount of suds formed from their bodies connecting. They moaned in response.

Fleur and Lara locked eyes with their man and then moved down to appreciate his crotch. The two beauties knew all the aways to turn Harry on and to get his blood boiling in every single way. Lara reached in and touched his thrbbing hard cock, pressing it in the palm of her hand.

“Oh, baby, I have to have this,” Lara told them both with a soft smile appearing on her face.

“Let’s make sure Harry’s nice and clean first,” Fleur said with a wink.

The kinky blonde and the horny brunette put their hands and tits all over Harry. Harry reached around to rub their luscious asses and stroke their pussies. They mewed like kittens in heat, planting kisses all over Harry’s body. Every now and then, a hand or a mouth found contact with a certain part of Harry’s body.

They worked all the way to his legs, their kinky hands brushing all over him. Harry rocketed forward. Fleur clasped her hand around him and stroked him a couple more times. She wiggled a tongue against him, lightly and tensely stroking him, sucking on the tip of his head.

“Mmm,” Fleur breathed while sliding his manhood in between her soft, pouty lips and sucking it.

Those perfect lips held one clear purpose. Fleur made sure to apply a charm to prevent slipping before sinking down. Her face pushed into Harry’s crotch while sucking away. Harry looked down at the goddess on her knees, worshipping him. He groaned when feeling Fleur’s tight throat just take him in.

Not to be outdone, Lara increased the pleasure. She fondled Harry’s swollen testicles. The huge sacks of flesh weighed large in her hand. Lara pressed her hand against them and repeated stroked them. Harry jolted forward for a second, hungry for the inside of her mouth to go to work on him.

Lara and Fleur on their own were a delicious encounter. Both Lara and Fleur on their knees, pleasing Harry, well it was a sight to be seen. Fleur and Lara worshipped him and Harry could feel something about ready to break. Something about ready to trickle out.

The two moved on and repeatedly kissed either side of Harry’s stiff rod. They moved a little bit closer, their lips forming a tight seal. It was a shame the water cleaned off Fleur’s blue lipstick and Lara’s bright cherry red lipstick. Looking down to see the evidence of their worship was a sight. Even now, Harry almost bucked forward.

At least if he made a mess here, it would be easy to clean off. And boy a mess had been made, with Harry’s swollen full testicles jolting and firing away. He sends a huge, sticky amount of seed all over Fleur and Lara’s beautiful faces. The thick, dripping juices paint their lovely faces until the point where Harry finishes up on them.

They are amazing and do not miss a beat. They slide in, to taste the gift Harry left on their faces. This little affection does not take long for Harry to rise up and take notice.
“You two are too much,” Harry said.

Fleur only responds by giving Lara a sultry French kiss in exchange for a wink. She made a motion as if pumping on something in mid-air, with a dirty gaze. Fleur traced patterns all over Lara’s succulent body. The second they are done kissing, Fleur popped Lara up and shoved her against the shower wall.

“Oh, honey, you’re a gem,” Lara praised.

Fleur just grinned and licked Lara’s back. The sweet scent of her juices lingered. Fleur spread Lara’s thighs and slowly worked down. Each movement with Fleur wiggling her rear at Harry.

Harry could not resist a moment longer. Fleur’s body called for him. Taunted him, begged him to do something about what she was doing. He reached down and pulled Fleur away from Lara. Fleur pouted at the loss. She did not get loss for long with Harry pushing into Fleur into the wall.

“Oh, are you going to fuck me?” Fleur asked her.

“As if I would do anything else when you’re like this.”

Harry buried deep into Fleur. Fleur cursed in about three different languages, all of it sounding very hot. Fleur rose up, her legs finding Harry’s waist to grip it. He leaned in, rubbing against Fleur’s soft leg. Harry pumped a little bit deeper inside of her, rocking back and forth as fast as humanly possible.

Just when Fleur almost reached her peak, Harry slowed down. Lifted up her right leg and kissed it. Fleur gasped every time Harry touched her.

Lara sat against the shower and touched herself. Fleur knew exactly how to take a pounding. Harry pulled back and rocked her entire body.

“Ooooh!” Fleur yelled.

“Do you want to cum?” Harry asked her.

Fleur grabbed onto him to scratch his shoulder. To encourage him to go even deeper inside of her. To plunder her tight pussy and to rock her entire body.

Then Harry denied her. Slowing down his thrusts almost to a crawl. Holding up Fleur, Harry looked in her needy eyes. A push into her, with Harry rocking back and forth inside. The rubbing of her tight walls against him jerked him closer and closer to a completion.

“Oh, baby, don’t tease me like that.”

“Oh, little girl can dish it out, but she can’t take it.”

Lara broke out into a soft smile at the running joke. Fleur just groaned. Harry was not going to ever let her live in that little boy comment. No matter how many times with Harry buried his cock into her and made her wet as hell, that will not be somethign that Fleur will ever forget.

“I want!” Fleur shouted. “I want….I want….I want!”
“Yes, I know what you want.”

Harry squeezed her ample chest and wiggled those heaving girls in the air. He leaned in and sucked on her. He spent some time, not even coming up for air ever. Fleur jerked forward up again and again. A squeeze of his ass made Fleur scream in pleasure.

A deep breath follows with Harry repeatedly burying himself into Fleur’s snug pussy. He caused her to rise to a peak and crash down.

Lara matched Harry’s movements with the shower gel bottle. Her opening craved for Harry and knew that it would only be a matter of time. Lara’s vivid imagination painted a picture of Harry taking the Tomb Raider in so many ways. Lara Croft broke out into several breaths.

The sooner Harry fucked Fleur’s brains out, the better it would be. Fleur clenched around him and broke out into a very hungry and very sensual moan. She held onto him with Harry sucking Fleur’s juicy globes like they were a divine gift. And there was no about it, it was.

The sensitivity of Fleur’s arousal shot warm blasts of milk into Harry’s mouth. The flow heightened in all manners with Harry milking Fleur’s juicy breasts. She continued to lactate and feed Harry with her lovely tasting breast milk.

Fleur lost herself and splattered Harry with juices. He repeatedly drove faster and faster into her with Fleur’s wet walls clamping around him. Fleur tightened around Harry and released him. He grunted and rode her out, until his own orgasm followed.

Harry messed up the inside of her body with his discharge. His hips rocked back and forth to fill her body up. Fleur clung onto him, moaning and thrashing on him. He drank her breast milk all the way through the orgasm. Fleur was driven completely wild by this action.

Almost, but not quite, Fleur bounced onto him. Harry rocked up towards her clutching pussy. She moaned in his ear which only caused Harry’s lust to increase. He finished filling Fleur up through at least two more orgasms.

The sweaty witch almost dropped down. Lara, using her quick reflexes, caught Fleur from falling. She pushed against Fleur’s dripping hot pussy lips and squeezed them. Fleur moaned loud.

“Mmm, don’t worry, I have you luv.”

Fleur would not worry with Lara diving her face into Fleur’s chest and slowly feasting on the nice breasts. Her breasts still lactated which was a nice tasty treat. Lara latched onto her and sucked the milk from Fleur’s squirting nipples. She moistened at the more she tasted Fleur’s breast milk.

The view of one lovely woman sucking the breast milk from a second lovely woman made Harry’s cock extend and grow extremely hard. He groaned and grumbled when feeling his blood boil. Lara leaned closer towards Fleur and looked over her shoulder with a sultry gaze.

Lara leaned in and made out with Fleur’s wet pussy. She swooped in to get a taste of Harry and Fleur’s juices in combination. Lara wiped in and out to taste Fleur’s honey.

Fleur threw her neck back. Both Harry and Lara always knew the ways to indulge in her kinks. Having another woman eat her out after Harry fucked her raw was one of the big ones. The bigger
one, and Fleur anticipated it coming, was watching Harry fuck another woman senseless while she was helpless to intervene.

Harry leaned down and interjected himself into the fun. He rubbed his cock against Lara’s thick ass cheeks. She was built to grab and fuck and go for a long time. Harry traced a math between her legs and massages Lara’s taut stomach muscles. She breathed in pleasure to acknowledge what Harry was doing to her. Harry pushed a finger inside her and rode out Lara’s orgasm.

The dark haired woman’s lust increased when Harry fingered her. Harry’s finger worked inside of her and pulled all the way out of Lara to tease the small of her back. Then he rammed into her while she tasted Fleur.

Oh, she could not deny what was happening with Fleur. How she was practically spouting her juices like a geyser with Lara going down inside. Feeling the soft texture of her tight warm pussy. Even after it had been fucked by Harry, it felt so very good. Lara swept her tongue deeper.

Just as her leg lifted up and Lara stroked Harry’s long cock with her perfectly smooth foot. Her toes ground against him and made Harry swell. The harder his cock got, the longer it stretched, the closer it got, the more Lara’s sweet loins dripped in pleasure.

Harry leaned down and pulled Lara up to a standing position. He turned her around and the two moved together.

“Oh, are you going to shag me senseless?” Lara asked.

“Merely just exploring the inside of your tomb, lover,” Harry said.

“Are you sure that doesn’t make you a womb raider?” Lara asked.

Harry pushed against Lara and backed her up into the wall. The two met together, with Lara pushing Harry inside. Each inch drove deeper into Lara.

He rocked a little bit further into Lara. Lara’s tits jiggled with each motion. Harry pumped into her, riding her pussy completely out.

Fleur rose up, only to find her hands glued to the shower wall with a sticking spell. She could not do anything other than gaze upon Harry with his deep thrusts into Lara. Harry rose up and smashed her into the wall. Harry pulled her back and drove into her.

He made sure Fleur noticed twelve inches of throbbing manhood leaving Lara’s pussy right before slamming back inside of her. The action had been repeated twice, and three more times. Each time driving Harry further into her body. Harry pushed deeper inside her body.

“Oh, I’m getting close!” Lara moaned.

She clamped down onto him and pumped Harry’s thick manhood in between her legs. Lara dragged her nails down his back and allowed him to go deeper inside of her. He rose up and struck down into her with repeated motions, thrusting deeper into her.

“Yes, baby, you know what you want,” Harry told her. “I’m going to fuck your brains out.”

“YES!” Lara yelled. “DO IT! DO IT!”
Harry planted his thick throbbing cock inside of her body, repeatedly slamming inside of her. He rose up and filled her completely.

He held the position for a few minutes, holding onto Lara. He rocked her body up, pulled out, turned her around and elevated her up before smashing Lara Croft down onto his invader. He pressed against her, entering Lara’s wet box. She loved it when he fucked her like this, because it left Harry open to do other things.

Which meant Harry touched her heavy chest. The shower water long since turned off, which allowed Lara to drip with sweat. Harry clutched her breasts and moved them. Making sure to point Lara’s curling toes in front of Fleur’s face while The Master of Death rammed the Tomb Raider.

Lara’s toes wiggled against Fleur’s lips like succulent candy. Making her long for something. Thankfully, she was close enough to pull forward, to suck Lara’s perfect toes. She tasted the forbidden candy until it came time to pull back. For Fleur, it was time she licked Lara’s feet.

No lie, the Veela lusted out of Lara Croft’s perfect feet. They were amazing. She didn’t care if they were covered in muck and grime from a long day of raiding the tombs. Fleur wished to lick them clean all the same and she kept sucking away, kept pleasuring them in every single way possible.

“Tha’t’s so hot,” Harry groaned.

Watching Fleur suck Lara’s toes made Harry almost throb. His balls prepared to launch an insane load into Lara, all because of the sexy view of the sexy creature sucking the Tombraider’s toes and licking her feet. Harry was a sucker for women who were this kinky and Fleur and Lara were very open with each other’s bodies.

Harry pushed as far into her and enjoyed the speed of which Lara’s walls worked his cock. The sorcerer repeatedly and endlessly drove deep into her. Riding her pussy all the way to the end, until she came all over his cock.

“Yes, luv, so hot,” Lara said. “Are you going to cum inside me?”

“Yes, in a minute,” Harry groaned.

He smacked Lara’s ass a couple more times and got her juices flowing. That allowed Harry to bury himself in the deepest, tightest part of her. He filled Lara’s box on a constant series of thrusts. He held closer, his balls about ready to give way. Harry felt the tension of his body just ramping up.

Fleur came, Lara came, and then it was Harry’s turn. Lara filled up completely on Harry’s gift when it shot inside of her. She clamped and milked Harry of every single last drop of him. Harry sized up and smashed deep inside of her. He pulled back inside of Lara.

There were no words for Lara. She drooled all over while Harry finished up inside of her. Every jolt deflated his balls a little bit more until Harry was able to pull out.

Fleur detached from the wall. She ended up face to face with Fleur, eying up Harry’s half-hardened prick. It was right in her face, almost pushing against her. It was dripping with juices coming from Lara.

Both Lara and Fleur crawl over next to Harry. Each wrap their bodies against his legs before they
worshipped Harry.

Harry leaned back lazily and enjoyed both of the women going to work. He had them trained well. Most people would give their arm to have a chance at either Fleur Delacour or Lara Croft.

Having both of them, well why wouldn’t Harry feel smug? Especially when both of them took interest in a certain part of Harry’s body.

They got clean and then nice and sticky. Thankfully they were a shower, so it would not be hard to clean up. But that was not a high priority as Fleur and Lara took their turns in pleasuring their man.

They kissed all over him one more again, covering the tip at the end with a sultry kiss. Lara and Fleur rose up and bent over the edge of the shower, their asses bouncing and their breasts hanging.

Harry moved in to join them and prepared to take both of his lovely women in every method possible. He fingered them both lovelies at a rapid fire speed and whoever came first would get Harry second.

It was only fair.  

End.
A large jungle area with huge amounts of growth stood between Xena, Gabrielle, and their destination. It was the ultimate Catch 22. They needed to move through the jungle and on foot to get to the village on the other end. But, it was more likely that the jungle would be the thing that would do them in more than anything else.

Regardless, it was the only way and Xena took the charge with Gabrielle coming behind her. The two women stopped at the edge of the clearing. The mist grew extremely thick.

“Maybe we should set up camp and continue in the morning?” Xena suggested.

Gabrielle responded with a very brisk nod. She was more than glad Xena was the one that made that suggestion because she most certainly did not want to be the one to bring that point up.

“There’s a clearing up ahead,” Gabrielle said.

“It’s a wonder we can see anything,” Xena said.

The entire jungle caused them to step carefully. They would have to sleep in turns in case something would try and attack them. Not that anything in this jungle would be that much of a problem for either Xena or Gabrielle, but they had to remain vigilante in all ways.

The mist grew thicker and then disappeared almost as quickly as it appeared. The mist stopping made Xena stop in her tracks.

“Xena?” Gabrielle asked.

Xena shushed her for a second. She withdrew a sword and prepared to defend herself in case something came in the way.

“You two ladies are a long way from civilization, aren’t you?”

The voice was soft and low, accented slightly. Xena withdrew the sword.

“Come out and I won’t have to hurt you,” Xena said.

Gabrielle noticed a flicker move into the distance. Xena’s sword shot into the air and landed on the ground. It disappeared into the earth as quickly as it appeared in her hand.

“Well, now that you don’t have a weapon, we can talk.”
A handsome and barely dressed man appeared from where the mist once was. His chiseled features were on full display in front of them. Dark hair, green eyes, a rock solid body which did not have any fat. It was so hot that they could fry butter on it. Only a small fabric of clothing covering his crotch and it left very little to their imagination. It seemed like a strong wind or a shift would cause the garment to snap.

“Who are you?” Gabrielle asked.

“Many names, by many people,” he said. “But, I’m a sorcerer who has been in a deep sleep for a long time. My name is Hadrian. Some call me the Dragon.”

Alarm bells entered Xena’s head. She heard of the Dragon, a powerful sorcerer who lured women into his keep and took them. She could feel a chill and not because of the rapidly dropping temperature.

“We’re just passing through,” Xena told him. “There’s no need for trouble.”

“You’re right, there won’t be,” Hadrian said. “But, the path you were on is dangerous. And I’m afraid that I can’t let anyone go down there.”

“We’ll manage,” Xena said.

“Maybe, you are well built, healthy, and powerful,” Hadrian told them. “I’m certain you will give them a fight. And that will make their victory taste that much better. Almost as good as you.”

Xena blinked and Hadrian stood behind her. He did not touch her. There was no need to touch her because his presence was more than enough to stir up some thoughts in Xena’s mind.

“How did you do that?” Gabrielle demanded.

Hadrian turned his lips into a smile which caused the blonde warrior to flutter. She stood tall and proud and looked him in the eyes. Despite his eyes having some kind of hypnotic allure to them which almost blinded her with a sudden burst of passion.

“Gabrielle, look away from his eyes!” Xena yelled.

Xena tried not to get drawn into them. Hadrian reached over and stroked Gabrielle on the cheek for a few seconds. She smiled at him.

“He’s not going hurt us,” Gabrielle said. “He’s going to make us feel really good.”

Xena coughed a couple of seconds later and Gabrielle shook her head. Hadrian released her from his thrall and she was breathing heavily.

“I don’t need to put women under my control to have them do what I want,” Hadrian offered. “That’s a cheap trick if there ever was one. I just did it to her your companion to prove that I can, and choose not to.”

Hadrian shot ropes out of his hand and sent Gabrielle floating up into the air before she latched around the tree.
“You!” Xena yelled.

“Yes?” Hadrian asked.

She rushed at him. Xena dropped to the ground, the two of them wrestling together. It took a long minute, before Hadrian pulled her up. She was a fighter, and very powerful. Hadrian held her in tight and rendered her bare from the waist down.

Xena’s tight pussy, with black strands of hair sticking up from slight moisture.

“You’re wet because of the fight?” Hadrian asked her. “I wonder how many times you and your little blonde companion indulge in each other.”

Xena knew she had to try and fight this. Pride would not allow her to succumb. However, Hadrian’s fingers danced lightly down her stomach. Coming ever so closer towards her wet pussy. The lips which parted and almost spread apart for him.

Much to her horror, Xena’s legs spread apart. Despite the lust building through her body, it was surprisingly clear. A light brush against her clit and Xena’s legs collapsed together like jelly.

“That’s kind of sad,” Hadrian offered with a smug little smile. “A small swipe and you’re already gushing. And here I thought that you were a powerful warrior woman.”

Xena stood up, still naked from the waist down. She stood in a battle stance.

“I’ll show you weak and pathetic!” Xena yelled.

Xena threw herself at Hadrian with her legs wrapping around his waist. She dug her nails roughly into his jaw line and smashed her lips upon his. Xena tried to bruise his lips and mouth with a very aggressive and intense kiss.

She shoved Hadrian down onto the ground, where they landed in the leaves and dirt. Xena tore off his garment and exposed his erect cock. Standing tall and proud, Xena roughly handled his body, kissing and groping him.

“You’re getting off on this, you bastard,” Xena growled.

Gabrielle, tied to the tree, watched in awe as Xena moved closer and closer to the prize of her obsession. Now that both women saw Hadrian’s manhood out in the wild, they desired it. Only, with great regret, Gabrielle could not do anything other about this, other than watch.

Watch Xena wrap her very perfect lips around Hadrian’s head and start to suck him down. She slurped him, and made a hell of a racket. Not that it mattered, given it was Gabrielle, Xena, and Hadrian and no one else around for miles and miles.

The dark-haired warrior shoved more of this prize in between her succulent lips. Xena refused to gag on him, despite her throat burning with the need. She doubled down and forced more into him. The loud sounds followed and grew loer.

Hadrian laid back and enjoyed this perfect dark-haired beauty inhaling his big rock-hard manhood. She serviced him, with a smile and with lust burning in her eyes.
It never failed, it never failed. He leaned back and allowed Xena to get to work. The struggle she went through not to gag on the tool fucking her throat brought a smile of amusement.

Then, went her hand to cup his swollen balls. He could smell Xena practically getting off thanks to the fact that those balls were so full of cum. She clutched them, hard, practically milking them. The intensity of the blowjob came.

“You keep that up, and I’m going to bury my load in you mouth,” Hadrian grunted.

The first tiny taste oozed from Hadrian’s cock head. Xena wanted more. She craved more, wanting the entire package launched down her throat. She rubbed his balls, swiftly with a flurry. Hadrian rocked back, hitting the back of her throat multiple times and making her breath in and breathe out heavily.

The warning came true, namely his immense load shooting into her throat. Xena was extremely careful not to squander a gift. The gift making her body buzz as she guzzled his cum by the bucket full like it brought her to some kind of new life.

The minute she finished drinking from his balls, Xena turned to Gabrielle who panted against the tree. Xena walked over to her companion and put a hand on Gabrielle’s cheek. Then, Xena kissed Gabrielle on the lips and shared Dragon’s gift with her companion. Their tongues swirled together, with Xena working her tongue back and forth, making sure Gabrielle got a taste of the seed which made Xena so hot and bothered before.

She turned around to see Hadrian sitting up and watching the actions. Xena turned around and undid her boot, sliding it down. She rubbed her bare foot up and down the length of the Dragon’s throbbing prick. Making it nice and hard. Xena undid her top and allowed her breasts to flow freely.

It did not occur to her she might want to untie Gabrielle from the tree. She stroked Hadrian’s cock with her foot while also playing with her chest. Xena lifted one of her breasts up to properly lick the bead of sweat off of her. Her eyes glazed over, a soft moan following.

“I love how that cock’s getting nice and big underneath my foot,” Xena breathed. “You like that? You want me to fuck your brains out.”

Having the Dragon beneath her foot, quite literally, made Xena tingly.

Hadrian just smiled and spread his legs. Xena mounted him to line up her pussy with his cock. It almost sucked the erect member inside of her. The male meat pressed against her opening lips and went as deep into Xena as humanly possible.

A grab of Xena’s perfect ass cheeks was encouraged and welcome by her. This allowed Xena to drop down onto him, filling her tight pussy up, bit by bit, push by push, little bit little. Xena bit down on her lip nice and hard and took the manhood of the Dragon inside of her.

“Perfect,” she let out in a sultry moan. “Absolutely perfect.”

Hadrian was glad she thought so, because he thought just as much as well. The tightness of her warm box closing down onto him made Hadrian jump up just slightly and smash his throbbing hard prick inside of her. He was rocking back and forth as Xena rode him.
Xena bounced up and down him. Leaning forward, Xena kissed him, and this kiss was more passionate and less of a powerplay then before. Hadrian pulled away from her and stroked her silky dark-hair while kissing along her jawline. He pushed his fingers against her, getting Xena to moan.

She was not the only one who moaned. An extremely frustrated Gabrielle, still tied to the tree, worked her hips as far and fast as possible. She tried to imagine the Dragon’s big swollen cock shoving into her body. But there was only so far that imagination went. Her libidio drove her nuts.

“Time for you to let it all out, my beautiful warrior,” Hadrian said.

He squeezed Xena’s tits together and went in to devour them. Xena threw her head back and moaned instantly when riding on him. His cock pressed against her insides and filled her up in all of the best ways possible.

Xena could barely keep a coherent thought, other than the need to be rammed. Primal in theory, but the law of the jungle reared its ugly head. There was no logic, only need, and Hadrian was the Alpha Male. Despite the fact Xena was on top, Hadrian was the one who controlled her body. Made her orgasm race almost the edge and fly over the top.

She could not help and lose it all over him. Her quivering cunt squeezed him and released the manhood. She tried to milk the next load of cum out of his cock. Riding Hadrian all the way through her orgasm.

With a soft smile, Xena rose to her feet. It was done for two reasons. Mostly to take a breath and also to tease him a little bit. Hadrian grabbed her and bent her over a tree stump. Xena’s ass bent into the air when Hadrian pushed himself into her one more time.

She was being fucked from behind. Being rammed hard and faster by Hadrian’s hips. The deeper they plunged, the deeper Xena took him inside of her. She stretched around Hadrian, forming a delicious seal before releasing him.

The moaning of the brazen warrior resulted in Hadrian shoving himself deeper and harder into her. He pressed against Xena before slowing down. He wanted to hear Xena whine, beg, plead, or just try and force the issue with her moan body.

A whimper came out of Xena before Hadrian slid into her as far as humanly possible. He stretched her body, bending Xena over.

“The payment for passage is your body,” Hadrian said. “But, you hoped that you would run in me. You craved a good long fuck, didn’t it?”

Xena tried to argue that she did not go into this forest just hoping to run into a powerful sorcerer. However, she responded by howling in pleasure. Hadrian danced his fingers down her chest. Each touch, light as a feather as they may be, brought Xena’s orgasm all the way over the top.

She got edged a little bit closer. Hadrian smiled against her, blowing down her spine. That did not help Xena out whatsoever, it just made her gush even more. Hadrian squeezed her sizeable ass cheeks and smashed down into her, his balls whipping back and forth.

“You want to be filled up?” Hadrian asked.

“YES!” Xena yelled. “Fill me up….fill me up with that cum!”
“I’ll enjoy watching your belly swell and your breasts get better when my daughter grows inside of you,” Hadrian said. “These tits are already nice. Imagine what they would like when they’re full of milk.”

Xena tingled at the taboo thought of being knocked up by this powerful sorcerer. He stuck her several more times, getting her to cream him. This only slickened the passageway to her womb, which he kept working faster and faster to reach.

He was efficiently driving his path home into her insides. Never too hard, never too soft, just right. Just hitting her in all of the right spots. Xena tingled for the desire which was building in her body. The thought of being knocked up by this powerful sorcerer made her naughty. It made her hate how much he dominated her utterly and just how much she enjoyed it.

Hadrian only use a tiny bit of power to get the doors opened, but after that, it was all his hands and his body. The touch made Xena melt underneath him. He repeatedly drove into her. The weight of his balls were almost ready to come undone.

“Now, it’s my turn.”

Xena squeezed him as if telling him to go ahead and fill her up. Several powerful thrusts followed with Hadrian feeling a rush of energy through his body. He almost puts those hands on Xena’s hips and pushed deeper and deeper inside of her body until the end came.

Boy was the end messy and spectacular. Hadrian’s seed raced to plant into her fertile garden. Rupturing inside of her body, pasting and going inside of her fertile womb. Hadrian pushed deeper and deeper into Xena, riding her into the stump until she almost slipped off of it.

With another push, Hadrian finished up inside of her and allowed Xena to fall down onto the ground. Her breath came out of her. Hadrian rolled her over onto her back, showing off the river of cum going down her legs. He put his foot on her chest in a triumphant victory.

Hadrian turned his attention to Gabrielle who was panting like a bitch in heat now. The blonde’s arousal caught Hadrian’s attention and he smiled.

He super speeded over to the tree and started to stroke Gabrielle’s body. She panted in pleasure. Practically choking for it, after she watched Hadrian and Xena go at it like rabbits. Hadrian put his hand on her strong stomach muscles and rubbed them to make Gabrielle thrust back and forth on him, trying to have wild sex with his fingers as it got closer.

“Someone is impatient,” Hadrian teased her.

He removed her clothes, but did not untie it. The naked woman, dripping with sweat and arousal, revealed herself to Hadrian. There was absolutely nothing about Gabrielle’s look that displeased him. Hadrian pressed against her body, covering it with kissed and then slowly undoing the ropes.

The ropes came undone and Gabrielle hurled herself at Hadrian with an immense force. Her strong legs wrapped around him and her dripping hot box came closer to his extended cock, getting close to shoving it down on him. Hadrian grabbed her by the underside of her.

“Need you so bad!” Gabrielle moaned as she groped away at his strong chests and rocked down onto him.
Hadrian dropped down to the tree and Gabrielle impaled her warm box down onto his aching rod repeatedly. Gabrielle flushed with a soft smile emitting over her face. She was, to put it bluntly, horny as fuck and ready to receive Hadrian the deeper it went inside of her.

He was with her every step of the way, dropping Gabrielle on him. Her wet thighs connected with Hadrian with an intense force and pressed her up against him. Gabrielle softly moaned in his ear and leaned in, kissing his shoulder, his neck, and everything.

“You saw me knock up Xena and you want me to do you too,” Hadrian said.

Gabrielle did not dispute this. She just kept riding him up and down. Making sure he never strayed that far from her wet, tightening hole. Never strayed too far from his hands touching her all over and making her so hot that it was almost unfair.

He ended up driving her body into intense fits of pleasure and Gabrielle just could only scream and moan. He filled her up and made her drop down.

A little break to catch her breath before Gabrielle started to fuck him again. She stuffed his engorged cock into her box and released him. Gabrielle pressed her hands on his shoulder and softly and endlessly moaned in ear. Repeatedly rising and dropping down onto his skin sizzled underneath hers.

Hadrian kneaded the cheeks of her ass and sent Gabrielle into fits of pleasure and lust. She was dancing her hips up and down on him, repeatedly slamming her body down onto his. It was so hot, tight, and delicious to feel Gabrielle’s hot box coming down onto him. Stretching over his manhood.

Gabrielle reached a peak and came all over Hadrian’s engorged invader. She kept rocking up and down, her toes curling. Her nude body became a canvas for Hadrian to paint on. And he did not disappoint, making true art, bringing Gabrielle ten million miles away from her destination.

He sent her crashing back to earth and once again bounced her on him. Hadrian forced Gabrielle to cum again and again and she clinged against his body. Just hoping and pleading for his cum to race inside of her.

“Did it make you hot when I tied you to the tree and you watched me take Xena? “Hadrian asked. “Did it make you hot thinking that I would do the same thing to you?”

Hadrian pulled out of Gabrielle and she whined. A snap of his fingers sent Gabrielle turning around to look down at Xena. Rubbing her belly and moaning. Hadrian buried so much of his load inside of her, Xena looked like she was several months pregnant already.

The length rubbing against her from behind brought Gabrielle’s attention. He pleasured her sweet pussy and then fed her the juices. That in turn created even more juices for Hadrian to feed Gabrielle with. Gabrielle mewled hotly and hungry, taking her hips forward and allowing them to rub against Hadrian’s fingers.

He spent the next few minutes teasing Gabrielle and causing her to get progressively more frustrated. After being tied to a tree for what seemed like hours while Hadrian and Xena screwed each other’s brains out, she was not in the mood for games.
“Just fuck me already!” she demanded.

Hadrian bent her over and spanked Gabrielle’s sexy butt. The dirty ground brushed against her palms. From this position, Gabrielle could make eye contact with Xena who gave her a flirty little smile.

That was the last thing Gabrielle registered before Hadrian forced his way into her body once again. She swallowed him up, practically in one go. He was ramming into her as hard and fast as possible. His hips turning into nothing other than an endless blur when slamming into her.

Hadrian was getting closer to the end after fucking the tight blonde so relentlessly. The fact she was horny and becoming addicted to the piece of meat between his legs just made him softly smile. He cupped Gabrielle’s breasts and made her softly scream in pleasure.

“Finish her up, so I can wrap my lips around that again,” Xena said without any shame.

Hadrian could not tell whether she meant her lower lips or the lips on her face. It didn’t matter because both thoughts were lovely. He slammed into Gabrielle. Her strong body taking the brunt of the thrusts and pleasure rising. Hadrian’s tension reached the fever pitch. After hanging on for just long enough for Gabrielle to cum, Hadrian blew his load inside of her.

He unleashed a steady and endless stream of cum deep inside Gabrielle. Her walls, painted very wet with his thick discharge made Gabrielle paint. He rode her out and made her cry, writhe, and moan. His balls slapped while he made sure she could can finish him off.

The moment Hadrian pulled out of her and left Gabrielle drop, Xena dove back in there. She dove deep in and gave him a sloppy, sensual blowjob. Overly sexually charge and showing just how much desire that burns in her eyes, she was ready for another round.

And the other round was joined by Gabrielle who happily sucked on his balls. Gabrielle and Xena formed a great team, with Xena rolling her hand down Gabrielle’s back and squeezing the area between her legs.

Then, the minute Xena pulled away and left Hadrian’s cock just dripping with salvia, she dove down and ate Hadrian’s gift out of Gabrielle.

Gabrielle moaned, but not for long because Hadrian shoved his cock down her throat. He was relentless in his throat fucking of the horny blonde. She breathed, gasped, and jerked.

Xena could not get enough of the sweet combined taste. She fingered herself while eating Gabrielle and got nice and ready for the next move.

Things were going to get wild in more ways than one.

Stumbling upon this area of the jungle had been a great boon, and now neither would leave without the most magical gift of all.

Hadrian smiled after pulling out of Gabrielle’s mouth. Xena instantly positioned Gabrielle on the ground and then crawled between her legs. Leaving Xena open to be rightfully fucked until she cannot take anymore.

He took the plunge and it was a hard one. Right into Xena, to fill her up one more time. Hadrian
got going on one woman as she licked her companion out.

Who knew what heights this encounter would take them?

End.

Two New Chapters (339 and 340) to be posted on February 14th, 2019.
Helen of Troy hoped to catch a glimpse of the handsome young man who had caught her interest. She reacted to him like most men reacted to her and some women to be fair. Helen tried to keep a low profile. While her training with the Amazons caused her to keep her allure tapered off, there was still sometimes where she almost caught up the men.

She snapped up with a smile at the handsome man who seemed to be waking for her. The moment he made eye contact, Helen shuddered. She adjusted her overcoat and moved closer towards her.

“Hello,” the traveler said with a smile.

“Hello,” Helen said with a matching smile. “I wondered if you were lost because I’ve seen you moving in and out of the village over the past five days.”

“You’ve been watching?” he asked.

The woman just gave him half of a smile. She could not help smiling at him and he could not help and smile back at her.

“You just stand out in a crowd,” she said. “There’s something about you. I can’t put my finger on what, but there’s something there.”

“Yes, there is,” he said. “And you’re something Ms….”

“Helen...just Helen,” she said. “And you are.”

“Hadrian, just Hadrian.”

She answered his statement with a soft smile. Hadrian, a nice, strong powerful name. Her eyes greedily locked onto his muscles and his body. The gaze continued to sharpen over the next few seconds.

“Well, my lady,” he said. “How about we head to my quarters and we can talk in private?”

Helen answered with a nod. She had been surprised he had quarters. She sensed no signs of deception, only curious and intrigue. Hadrian took her hand and the two of them disappeared into the darkness with a soft pop.

Helen whistled when getting a good look at his bedroom. It was a very luscious bed with soft looking red sheets. She could not help and sit herself on the bed with the endless mounds of pillows shifted off to the side. Helen broke out into another smile when locking eyes with Hadrian.
“Make yourself at home,” Hadrian told her. “And we can discuss your interest in me.”

Helen slipped off her overcoat to reveal a form-fitting white toga which showed off her legs and healthy looking chest. Her sandals kicked off and revealed her beautiful feet. Hadrian’s gaze looked onto her, with interest, but not with obsession. The fact she would have to work harder to get this one made Helen excited.

“You’re interesting,” she commented. “Most men go to war over me.”

“I can see why,” Hadrian said. “But I find a battle that’s already won is a foolish endeavor.”

Helen wondered exactly what he meant by that. She got her answer when he leaned down, pulled her off of the bed and pulled her into a kiss. Helen of Troy’s soft lips became assaulted with his and the rush of energy filled her body. He was already, slowly exploring her and she allowed his hands to do the walking, while their mouths moved together.

A full end tongue assault on her tonsils made Helen almost break out into a soft sigh. He was amazing, kissing her slowly and efficiently. Making sure her hot body rose and fell into energy ways. Hadrian stepped behind her and hiked her toga up a little bit to reach between her legs.

“A treasure such as this should be uncovered, my dear,” Hadrian told her.

She wondered what he meant. The question had been answered when the handsome stranger stroked the pussy of the gorgeous woman. His fingers danced against her slit ever so briefly. Helen bucked her hips up.

Hadrian got a little touch, a little feel of her soft lips. Her moist center almost spread apart for one finger and then a second finger dipping down into them. He slipped the top strap of the toga off and massaged Helen’s shoulder while massaging her inner walls as well.

Helen sighed and wondered if his treasure would be as great as she thought it would. She tried to rub her luscious backside against his.

“You are horny as hell,” Hadrian said. “Despite all the interest, you’ve never had a man touch you, truly touch you.”

Hadrian positioned Helen on the bed. She clamped her fingers around his jaw and pulled him in for another kiss. Their lips melted together, with Helen becoming a puddle of glue. This was a kiss the likes of which only legends would tell about. The depths Hadrian plunged his tongue into her mouth to map out a path on the insides stunned her.

He kissed her, over and over again. Harder, but at the same time, taking his time. He undressed her all of the way and proved his mouth was more than capable of getting locations other than her lips tingling as well. Hadrian kissed Helen’s neck, shoulder, breasts, stomach, and went down to worship her legs.

The sensitive flesh sizzled underneath Hadrian. The further he moved around her the more she moaned.

“You want me to touch you?” Hadrian asked. “You want me to kiss you right here.”

Hadrian pressed a hand on Helen’s tender womanhood. The heat of his palm sent a swirling
through Helen’s body. She became almost blinded with an immense amount of lust.

“You want it, you’re going to have to tell me.”

“Please!” Helen broke out with a cry. “Pleasure me! Kiss my lips!”

Hadrian teased her with another kiss on her mouth. Helen attempted to protest him, but Hadrian pulled away.

The divine angel, the extremely beautiful woman laid out for Hadrian. Her legs spread, ready to be eaten out and pleased. Hadrian wanted to take a taste of those succulent thighs before going for her creamy center. Hadrian pressed down and kissed her inner thigh, nibbling them.

Helen gasped and that beautiful sound was like music to his ears. She became needy for his tongue. The vivacious vixen craved Hadrian’s touch and anticipated it. He moved closer between her thighs and moved closer towards her warm pussy lips. He moved to her and went down on her.

It was as if everything in the entire world stopped. Stopped, and only thing that mattered was what Hadrian’s tongue did to her. He leaned in and out, sucking the juices from her. Helen lifted her hips up off of the bed and made her moan harder and faster.

“Deeper!” she cried. “Deeper.”

To get deeper would mean the emerald-eyed enchanter would get more of the stunning siren’s juicy cunt. He took her off on the invitation, lightly and efficiently rubbing her. Helen pumped her hips up and down and moaned loudly. She massaged her nipples and made herself whimper in pleasure.

“Oh, Hadrian, you’re making me feel….”

What he made her feel was lost to an extremely intense orgasm. Hadrian thought the thought was what counted. He whirled his tongue deeper inside of Helen. He sucked up her juices and made her reach a climax over and over again. Helen repeatedly pumped her hips into his face until he finished eating her out.

Hadrian stood up and broke out into a smile. Helen lightly chewed down on her lip and sat up on the bed.

“Would you mind if I undressed you?” Helen asked. “After all, you saw me and I haven’t seen you yet.”

“It would be an insult if I didn’t let you.”

Helen leaned in and kissed him in gratitude. She got more off in tasting the evidence of her arousal on his lips then anything else. Not that his strong hands massaging every white hot inch of her flesh didn’t send Helen into ripples of lust. He was all over her.

The kisses completed and the removal of his clothes started. Helen held herself back from tearing his clothes off, no matter how much she wanted to rip every article of clothing from him. She exposed more of his handsome, muscled body. Helen leaned into him and worshipped his body just like Hadrian worshipped hers.
“And just think, it’s just the top half your excited about,” Hadrian told her in a very soft smile. “Just wait until you see what else I have to offer you.”

Helen was not going to wait. She craved the tasty treat underneath his pants. She could not believe what she felt and had to feel it up. She removed his pants and it almost hit her in the face.

“It can’t be real,” Helen said. “Is it all for me?”

“It’s all for you,” Hadrian confirmed while the woman experimented with his cock. “If you know what to do with it?”

She had some ideas. The burning inside of her pussy indicated she wanted this manhood in one place. Helen climbed onto his lap, leaned in and gave him a passionate kiss.

Moments passed with the internal liplock deepening and both enjoying each other’s bodies. Helen nearly forgot what she came here for.

Hadrian pulled away from her and Helen broke out into a soft sigh. Hadrian cupped her breasts and made Helen break out into a cry of pleasure. She repeatedly rolled her hips back and forth. He came closer to entering her, but pulled back a couple of times.

He spent the next few minutes teasing Helen and almost entering her before pulling back. She got more and more needy. Hadrian lifted up her leg and lightly massaged it in pleasure. Helen came closer towards him with Hadrian lifting her up in the air.

“Tell me how much do you want me inside of you?”

“Please,” Helen said. “Very much. I need you more than life itself. Please take me. Please give me your gift...please!”

Hadrian pulled Helen up and sank her down onto him. Their skin met together with a sizzling feeling. Helen started to work out a sweat when riding up and down on him, feeling his length sink a little bit deeper inside of her with each push. She felt him all the way inside of her.

He was giving her sweet, sweet love and something that Helen craved for all of her life. While she had plenty of fun with her sisters on the island, this was what she was waiting for.

Hadrian smiled and drank in her strong allure. One might argue that Helen of Troy was not only the first Veela, but the purest of the pureblood Veela with an allure up there with the most seductive succubus. Hadrian bought that argument. If nothing else, she was so beautiful that it almost hurt. And she started to ride him in earnest. His fingers dipped on the underside of her thigh to sink her down onto him.

“Go ahead and let it all out,” Hadrian said. “I want to see you unleashed.”

An unleashed Helen of Troy was one of the most beautiful things in the world. The Traveler absorbed every inch of her bouncing form. Allowing her to slide up and down onto him, her thighs smacking against his.

He slowed it down, slowed her descent down and made her rise up just a little bit more. He pulled out of her and left Helen hanging. He turned her around and dropped Helen down onto him. Her wet cavern stretched out. It was so filling to have this stud inside of her just filling her tight holes.
“Going to cum for me again, beloved,” Hadrian said.

The kisses down her neck showed how loved she was in his hands. Helen got more and more horny. She rode him harder and harder. Helen put herself in his hands and allowed his touch to explore her body. She broke out into a pleasurable shriek.

She screamed again and again as he pulled back twice. Right before slamming inside of her and allowing Helen of Troy to cum.

Another item checked off of Hadrian’s bucket list through his adventures in time. Taking a young Helen of Troy and making her cum, hard and fast. Hadrian squeezed Helen’s nipples and made her break out in pleasure.

The next action put Helen on her hands and knees. Hadrian proceeded to fuck her doggy style. His bloated balls sank into her. Her body shifted and moved. Every inch of her stunning and alluring body opened up for Hadrian. He touched her. Teased her. Tormented her and more importantly made her cum. Hadrian slapped her on the ass and made her scream in pleasure.

He repeatedly rammed into her. Slowing down when Helen was at the edge and just prolonging her pleasure a little bit more. He tightened his grip around her and lightly touched her. He moved his hands to her ass and hips and gave himself the needed push.

“Oooh, you’re splitting me half!”

Helen of Troy got fucked hard and she loved every single minute of it. She wondered how many woman that monster between his legs tamed. Like every single woman he set her eyes on him.

It almost felt like her entire life lived up to this moment to get railed away from her handsome lover. He was beyond physical perfection. Hadrian, whoever he truly was, was the pinnacle of everything. Those bloated balls slapped against her and made Helen break out into a pleasurable cry.

“I know,” Hadrian said. “Why don’t you cum for me?”

He pulled almost all the way out and then slammed into her. He rode Helen for another couple of minutes before extracting from her.

The next position put Helen on her backs, legs spread high in the air. Hadrian elevated Helen’s beautiful legs over his shoulder, open for his touch. He sank down into her and fucked her vigorously. The front of his legs struck the back of hers. Her toes curled and opened in the air the faster he drove inside of her.

Helen’s beautiful face burned with pleasure. His hands stroked her chest and got her juices flowing. Hadrian neared his edge, getting ever so closer.

“Are you still here, luv?”

“YES!” Helen breathed. “YES!”

She squeezed his bicep and also his cock with her inner muscles. It was no mere penis, but a cock, a pussy destroying weapon which tamed women. The powerful warrior melded underneath her
lover and panted heavily. He had to be close.

Those balls heavily danced over and teased her.

“I’m going to breed you my lover,” Hadrian said. “Are you ready.”

“YES!” Helen yelled. “I’m yours! All yours.”

Hadrian knew this alluring beauty was all his. He rode Helen faster and faster, the friction burning between them. His balls slapped against her, with her hips jumping up with repeated motions.

“All mine?” Hadrian whispered. “I couldn’t agree more my dear.”

The blast of juices spilled inside of her at that word. Helen clenched him and allowed Hadrian to drain his fluids into her. The warrior woman’s body sized up and brought her to a loud scream. Helen squeezed his hips to bring him further into her, almost gaining momentum.

Hadrian finished emptying his balls into one of history’s most beautiful woman. She squeezed him and moaned underneath his cock. He enjoyed her walls soft and velvety smooth when clamping down onto him.

The aftermath of Helen and her natural beauty lying on the bed, chewing down her lip was a sight worthy of art.

She sprung up, energy flashing through her eyes. Helen grabbed Hadrian and pushed her down onto the bed with an aggression on par as the men who targeted her.

“I’m not finished with you, yet,” Helen said with a predator smile before marking his neck with a kiss.

Hadrian stroked her hair and leaned over to his ear with a smile.

“Well, I’m not as well.”

He stretched up to the sky hard and erect. Helen climbed on top of him and impaled down onto him.

The next round was even more satisfying now that they knew each others bodies. The power engulfing them indicated they were going to go at it for a very long time.

Hadrian smiled at the angelic vision riding him as he relaxed on the bed. Those eyes gazed upon his body with hungry passion.

This would be perfect.

End.
Quiet staggered back a few steps against the man who came face to face with her. She was a skilled sniper but skills only got a person so far when they came across someone as powerful as the Dragon. The handsome man with his dark hair and stunning green eyes broke Quiet off into a very soft and passionate sigh. She could not help and keep her eyes on the handsome young man in front of her.

Yet, he was an enemy, as deadly as the rest. And Hadrian Peverell had her at his mercy. Out in the middle of the desert. For as scantily dressed as she was, Quiet never really felt that vulnerable until now. Instead, the hand of the powerful man was on her shoulder.

“I have you,” she said.

“That’s a matter of perspective,” Hadrian said. “We are in one of the hottest and driest parts of the world. And even someone of your physical attributes needs a drink of water.”

As if out of midair, the Dragon produced not fire, but a refreshing bottle of water. Quiet did not rise to the bait. Hadrian lifted the water to his lips and took a nice long swig in front of her.

“Perfectly fresh, perfectly cool, and not poisoned at all,” Hadrian said. “Go ahead. Take a drink.”

Quiet tried to protest out of pride. However, pride had been worn down when her mouth became unbearingly dry. This was no ordinary thirst for her. This was something else. Something behind anything she had ever experienced. There was something supernatural about this desert.

“Drink,” Hadrian said. “Or die!”

She was not even completely sure if he was real in the haze of this desert. He could be just a mirage. A stupid sexy mirage, but a mirage none the less. Quiet reached over and snatched the bottle of water.

The minute the water hit her lips, she felt refreshed. Hadrian just smiled and the bottle flickered into a cloud of smoke.

“The first one’s free,” Hadrian told her as he leaned in. “The second one’s going to cost you a little bit more.”

She realized that the Dragon stood before her in all of his glory. Quiet’s eyes greedily traced over his muscles. He was sculpted out of granite by the looks of him. Each muscle, each feature, more defined than the last. Then, Quiet dropped her gaze between his legs. The intensely immense slab of meat hanging for her to grab and to suck on, it made her almost lose her mind with intense pleasure.
She could never come across anything better in a million years. It hung out for her, just begging to be touched.

“You don’t think it is real?”

Quiet shook her head. She was not sure any of this encounter was real. It might have been just a dying hallucination. The love muscle in front of her stuck out and twitched. In her lust addled brain it screamed to touch it and to suck it.

“I have to…..”

“You’re thirsty,” Hadrian told her. “But not for water.”

Quiet answered with a nod. Something far more sustaining beckoned her. Quiet sank to her knees. The hot sand not even bothering her. Because she came face to crotch with the Dragon’s favored tool. The tool which no doubt broke many woman in front of her.

The closer she got, the more comfortable Quiet got. It twitched and touched her lips. The musk hit her nose despite the dryness of the desert. Quiet leaned in and cupped his balls before leaning in.

Triumph spread through the eyes of Hadrian, the very second Quiet dropped her mouth down onto him and began to suck him. Hard, faster, very fluidly. She moved her lips in and released him. A soft hum followed the very second that she slid all the way back from him. And then she came a bit closer towards the end of his cock.

She swallowed his manhood, her wet mouth a contrast to the dry desert. Hadrian looked down at her intense eyes and put his hands on the back of her head.

“Let me help you out, luv,” Hadrian said.

He pushed himself deep down Quiet’s throat and forcefully choked her on the end of his manhood. The thick, throbbing, hunk of manhood stretched out her swollen lips and made Quiet just softly gasp. She was making sounds, beautiful and delightful sounds.

Those sounds were all for him and it made Hadrian’s cock swell a little bit more. The long way he came from pathetic little Harry was demonstrated by the fact he had this vision, this talented woman, on the ground in the middle of the desert, worshipping his cock.

She slowly came to the realization that by pleasuring Hadrian, it would make sure she survived. Because his aura enveloped both of them the deeper he worked inside of her.

Quiet hummed around his cock and tried to get the one thing she thirsted for most of all. Her hand cupped and released him on a constant loop, making Hadrian shove ever so deeper. He stuffed her throat completely full.

“Here I come.”

Quiet tilted her held back and took a full blast of seed down her throat. She lapped him up with all of the vigor of a woman getting her last meal. Wanting to savor every last drop which poured from Hadrian’s balls.
She drank him to the last drop. Hadrian thrusting deep inside of her and removed her top in the process with a flick of his finger. Her bare chest brushing against his strong legs when Quiet sucked him was even better. Hadrian’s balls boiled when it finished unloading her.

Quiet rolled over onto her hands and knees. Only to find that Hadrian stooped over her, cupping her chest. She let out a soft sigh.

“I think that….you promised me another drink,” she managed.

It was barely something she remembered by now. Hadrian slowed down the cupping of her breasts and made Quiet thirst for something else other than water.

“What would you rather have?” Hadrian asked. “My hands on your tits? Or another drink of water?”

It was the ultimate trick question. The minute the Dragon unclasped his hands from Quiet she broke into a breath.

“I need...I need you to keep touching me,” Quiet said. “My skin feels like it’s on fire. What did you do?”

“That’s the desert that did it to you, my dear,” Hadrian told her. “And being out here on a mission. The rest of your team must be pretty far.”

Hadrian leaned in and kept touching the woman. His hands all over her sweaty chest for several minutes got the blood swelling to all of the right parts of his body. To Quiet, it must have been like a club whacked down on her. But, instead, it was his manhood.

He slowly tempted Quiet and slowly brought her to a new level of lust. One hand moved to her breast and touched her stomach. Tight, tempting stomach muscles, and given how toned she was, Hadrian knew her pussy would be tight. Well, at least until his cock got inside of her and spoiled her for everyone else.

He tore her pants open and left her in nothing other than a thong. Which clung to her ass like a second skin. Hadrian spanked her cheeks and made Quiet cry in pleasure. He clenched her perfectly juicy butt and worshipped it. Touched it, grabbed it, kneaded the sweet cheeks, and made them his.

“Mine.”

Hadrian got a drink of his own to satisfy his own thirst. The drink came in abundance between Quiet’s wet pussy. Hadrian put his tongue inside of her and drank from her.

The oral attentions Hadrian gave her reduced Quiet into primal lust. She experienced the touch of him. His hand over her clit and bringing her to a very pleasurable cry. The lust burned through her body.

“Yours,” Quiet panted. “Always and forever.”

“I agree,” Hadrian said. “The question is, are you ready?”

“Ready for what?”
Hadrian slapped his cock against her wet pussy and made her scream in pleasure. His hands kneaded her and cupped her magnificent ass. It was a piece of art.

“Ready to be fucked,” Hadrian said. “A body like yours...it was put on this world for one reason. To be fucked and to be bred...to have my cock pushed into your tight hole. Fucking brand new life into your body. Making you feel the best.

“A cock like yours was built to fuck my tight pussy,” Quiet told him.

“True,” Hadrian told her. “So, how about we fulfill our intended purpose?”

Without another moment, Hadrian grabbed her upended ass and sank himself into her. Her pussy was hotter than the desert, but at the same time wetter. Hadrian pushed himself forward, pushing her down into the sand. The pores into her body sank in his aura and his aroma just got her wetter than a tidal wave.

Because she breathed in his phermones through her skin, Quiet was turned into a sopping wet mess. And she was not quiet at all. Screaming in pleasure, screaming for everything. Wanting Hadrian to punish her cunt and break it on it. He was splitting her in half the deeper he shoved inside of her.

“Oh, your pussy is amazing,” Hadrian said. “The perfect fuck. Won’t you agree?”

Quiet almost agreed that the object pushing into her was just as amazing. The only thing was that she could not keep her thoughts up. Hadrian assaulted her body with several thrust. Repeatedly going into, her stomach stretching to show the bulge from his cock driving deep into her.

He punished her body. Punished her cunt and drove her to deeper areas of lust. Hadrian knew exactly how to manipulate a female body and to get her going. Quiet sank down onto the ground and let out more passionate cries then ever before.

Hadrian rode her almost to an orgasm before slowing down.

“As good as your ass is,” Hadrian said before pausing to admire the marvel. “I want to see the look on your beautiful face the next time you cum.”

Hadrian pulled out and rolled Quiet over on her back. He splashed water all over her face and chest. Her breasts, somehow wet despite the desert, brought a smile to Hadrian’s face. He leaned down and worshiped every inch of the woman. Her legs spread and demanded Hadrian to enter inside of her again.

Hadrian was not about to let this beautiful woman remain hanging for long. He pushed deep into her and she moaned instantly into his ear. Right as his face remained level from her heaving chest.

Quiet never felt anything like this. She never thought that being trapped in the desert, being fucked by her intended target, was going to feel so good. She zeroed in on his balls slapping her thighs. They plumped with seed, more than enough to seed an entire village full of willing women. Ready to spread their legs and be taken by the Dragon.

“The perfect fuck,” Hadrian told her. “Are you going to cum for me?”
“Always,” Quiet said. “Oh, make me so good...fill me up with your seed...that’s the hydration I need.”

She felt something absorb into her body. As long as Hadrian enveloped hers, the immense heat of this desert could not bother Quiet.

Those legs around his waist, squeezing his ass, and encouraging him to push forward almost lead Hadrian to the tipping point. He rose up, down, slapping her with his balls. The sniper’s tender flesh became marked by her intended target. And he did more than mark her, he left a lasting impression on her body.

The perfect fuck indeed. Her muscles tightened and tensed around his thick tool. His swollen balls knocked around and made her just tense up for more.

Tense up for the explosion. Quiet splashed her clear juices all over the monsterous invader going inside of her pussy. He pushed down onto her, savoring the moment. Ever so slowly riding out her orgasm until the friction between both of them built to a fever pitch.

She squeezed his ass, and broke out into a very soft moan. He had to be getting close and had to be about ready to finish her off.

Hadrian grunted and without warning, shot his load into Quiet’s unprotected pussy. The constant spurts shot inside of her body and his balls slapped her flesh hard.

Quiet dug her nails down and moaned for more, begging for more. She tightened and released him several more times before Hadrian completely finished up inside of her.

Hadrian watched her body descend and rise. He could not help keep fucking her until the very last drop exited his balls. He could sense it race into her womb, perfectly open to bloom.

Not that Quiet would let him go. The minute she got her first taste of Hadrian, she was addicted. The only way her thirst could get quenched was not because of water, but rather because of Hadrian’s swollen balls dancing their way all the way down on her.

Hadrian pulled away. Without any hesitation, or shame, Quiet threw herself onto his lap and prepared to ride him some more. The fact he actually softened for a minute did not seem to bother her. Because she was confident in her ability to use her body to get him hard again. Rubbing her chest, ass, and pussy all over Hadrian with many sexy moves that would put an experienced stripper to shame did the trick.

She impaled down onto his stiff rod and once again, had been filled completely up with him. She would not let go. Not until she left him with a sore cock and drained balls. Or until she utterly broke and degenerated into his willing fuck pet, whatever came first.

If any part of this was not real, then she would be pissed off to say the least.

“Oh, it’s real,” Hadrian said. “I’m very real.”

Hadrian proved how real it was by pounding Quiet until she was loopy. Her tightness clenched down onto him and made it a very pleasurable ride leading until to the next orgasm. But first, he wanted to feel her. All of Quiet as her body gave way to her own pleasure.
It was unknown how long they fucked. What seemed like days later, Quiet woke up in a tent back at camp. She had been found and rescued. The Dragon had been long gone.

The evidence that this encounter took place was more than prominent that Quiet knew it was not a hallucination from the intense, almost supernatural heat. The evidence was just too prolific.

Especially over the next nine months.  
End.

Two New Chapters(341 and 342) will be posted on February 21st, 2019.
Yang stood at the front of the class, waiting for the handsome teacher to come over to her after all of the other students departed. They were here, all alone, and Yang broke out into a deep sigh. She really thought he was handsome, to the point where it almost hurt to look at the young man in front of her. Those green eyes just shined out for him.

The blonde dressed in a tight white blouse which contained her bosom and said blouse rode up to show her smooth, flat belly with a sexy navel. The plaid skirt only just covered the barest minimum of her, and her white stockings clung to her legs. She already kicked her shoes off when walking towards the desk.

“Sir?” Yang asked.

“Did you leave it in through the entire class?” he asked her.

The stern look Harry Potter, her handsome teacher, gave Yang brought a shudder through her body. She put a hand on his chest and smiled at her handsome teacher.

“You’re nice and wet already,” Harry told her. “That’s good.”

“So, I did well?” Yang asked him.

“Yes,” Harry said. “Remove my belt.”

She hastened to remove his belt. Harry stopped her short of removing the entire pants. When he looked down, Yang’s chest heaved out and almost caused a couple of buttons to snap off.

“That’s a top from your Freshman year,” Hadrian told the senior.

“Yes,” she agreed. “I figured that it would...catch your attention.”

“It did,” Harry told her. “But, these caught my attention eve more...and the fact you’re not wearing anything in this top, you dirty girl.”

Harry ripped her top off to unleash Yang’s bare breasts into the world. The handsome man, ten years older than her, grabbed her chest and made sure she understood who her breasts belonged to. Not that she had any trouble understanding it, just heaving her chest deep into the palms of Harry’s grinding hands.
“Yes,” Yang breathed. “Those are all for you.”

“As if there was any doubt,” Harry said. “These are mine.”

He squeezed her bouncing boobs a couple more times. Yang broke out into a soft smile and he pulled away from her.

“This is mine.”

He squeezed and slapped his student on her ass. The Senior broke out into a smile, her hips swaying back and forth. She hoped that her handsome teacher would be do it again. Dreams came true when Harry slapped Yang on her nice firm ass and caused her cheeks to jiggle one more time.

“And this is mine as well.”

Three fingers slid into Yang’s gushing hole. The blonde’s entire body felt like it would be set on fire. He was pleasuring her, working his fingers into her. She pushed her hips forward and moaned when he moved deeper inside of her body. Yang closed her eyes.

“All yours, sir,” Yang said. “Oh, Professor, make me cum….I would like that so very much.”

“You would, wouldn’t you?” Harry asked her.

Yang broke out into a moan when he edged her and then stopped. Leaving her body on at trigger. He was able to roam her breasts with his free hand. Going from one end to the other and making Yang whimper out in pleasure. Her lust did not cease the moment he drove down into her.

“Very much, sir,” Yang commented. “You should take me...I am your pet student after all.”

A sultry smile played across the face of the Schoolgirl. Harry released Yang and then dropped his pants. He stopped from pulling off of his undershorts. He made certain that Yang’s eyes locked on the large bulge just threatening to stick out and pop her in the face.

Harry placed Yang’s hand down his pants and allowed her to touch his cock. The buxom schoolgirl jerked her teacher off, making him rise. The bigger it got in her hand, the wetter she got. Harry grabbed her other hand when it moved towards her needy pussy.

“There will be none of that,” Harry said. “Who is the only one allowed to get you off in this classroom?’

“You sir?”

Harry put Yang’s right hand on his balls and made her squeeze them. Her soft fingers pushed against her. Yang was such an obedient pet, although she tried to test him from time to time. Mostly because Harry thought this kinky little nympho got off on being punished.

“Your cock is so big,” Yang said. “I can’t wait to have it inside of me again.”

“You won’t have to wait for long.”

His pants came down and Harry pulled Yang into him close. The two entered a steamy makeout session. Harry enjoyed her soft teenage body and Yang moaned when pushing into the arms of the
much younger man.

Some would say that he groomed her for this moment, but Yang heartedly disagreed. She groomed him, making sure that he was the perfect older lover, to give her all of the love that those little boys just couldn’t. He knew her body better than everyone else and knew all of the spots which set her off. Knew all of the spots which got her gushing and moving, moaning and grinding.

“You won’t have to wait for long,” he repeated. “You see, you wanted an “O” in my classroom, right?”

“Yes, sir.”

“Well, I’m afraid you’re going to have to work for it, pet.”

Yang mounted him on the desk. She tore off of his shirt, not caring about how expensive it might be. The sexually starved young woman just had to have her chest against his. Her skilled older lover massaged her aching chest and brought her juices out in greater prominence.

It would not be too long before Yang was able to mount her lover’s throbbing hard cock and take him inside of her. She bit down on her lip, causing an imprint to form in it. She lowered down onto him, pressing herself thigh to thigh with him. Intensity spread through every fiber in her body when she got him inside of her.

“Oh, yes!” Yang moaned at the top of her lungs. “Right there, like that!”

Harry pushed his hand onto her firm backside and took her inside of him again. She bounced, repeatedly rising up and dropping down. The feeling of her warm pussy wrapping around his hard rod was a very intense feeling to say the very least.

“Right here, like that,” Yang purred in his ear. “You know you have to fuck me.”

A rip of her stockings allowed Harry to move to grab her soft and bare legs. They wrapped around him, her tight box squeezing him.

It felt so good to be inside of her tight pussy, which remained so no matter how many times he entered it. She was a very fit girl and the way she moved when riding him put her sweaty body into prominence.

Harry dove in and sucked Yang’s chest like there was no tomorrow. He got her really going, and moaning. He pushed deep inside of her, slapping her firm butt cheeks a couple of times when she dropped down. Yang’s eyes blazed with passion the faster she rode him.

He was making her cum so hard. Yang leaned back and moaned.

“Keep touching me, sir,” Yang moaned. “Oh, that’s a big cock...for a big man. No wonder you’re the favorite teacher of all of the girls....they must think about having that inside of them all of the time.”

Yang grabbed her lover by the hair and kissed him with passion while riding out his orgasm.

“There’s no need to think about it with me though,” Yang said. “You love my tight pussy because it was perfect for for your big...hard...throbbing...cock!”
She broke out into those words, panting. Her body poured with energy the second Harry was all over her. He hit all of Yang’s sensitive spots.

“Your right,” Harry said. “But, you’re my favorite girl. Just how willing you are to take the edge of my job off.”

“I’m very good at being a teacher’s pet, aren’t I, sir?”

“You are indeed.”

Harry made Yang cum once more and boy was she gushing something fierce. He rocked her body back and forth down him. Making sure she slowed down just enough to finish it. Also, Harry did not want to burst too soon. He pulled from Yang and motioned for her to turn around.

Yang got on her hands and knees. The perfect position for a teacher’s pet. She wiggled her enticing ass which earned her a smack with the yardstick across her firm butt.

“You just can’t resist teasing me,” Harry said. “You’ve been asking for it. Asking for my hard cock since the moment you walked into this classroom.”

“I’m not asking,” Yang said. “Because, you’re going to give me it.”

Harry stood up and pushed himself against her. He did not enter Yang just yet. He wanted to make sure she understood who ruled this dance. And Harry would rule her pussy.

“Are you sure about that?” Harry asked. “I could take any of your other the girls into this room, tape your sexy little ass to the blackboard, and make you watch me fuck them.”

“That would be so hot,” Yang breathed. “Just thinking about it is making my pussy so wet right now!”

“I’m sure it does,” Harry told her. “You’re going to get fucked so hard it’s going to hurt. I hope you’re ready for it.”

Yang was about ready to say that she was ready to get her teacher’s breeding grod rammed in deep. Of course, the act of him touching the schoolgirl’s body diverted her attention and her interest away from words.

“Mine and always mine.”

Yang’s pussy opened up almost on cue. Yes she was his and would be willing to take a good hard fucking to prove some level of intense loyalty. His fingers locked onto her thighs and reared back before driving deep inside of the young woman. Her walls tightened up and squeezed him.

Harry groaned at the feeling of her silken walls expertly massaging his pulsing prick. He made sure to hang on for the ride and just absorb the sweet scent of this beautiful woman in heat. He touched Yang’s hips and rocked back into her. Making her body just squirm underneath him.

The view of the bombshell on all fours on his desk, being drilled hard made Harry’s balls clench
up. He resisted cumming inside of her. He wanted to work up Yang’s orgasm.

He edged the buxom beauty closer. Her breasts slapped down hard onto the desk the deeper Harry plunged. The squishing sounds and the sweet moans combined to make Harry’s motor rever up to high. He danced down to the back of her neck.

“Fuck,” Yang moaned. “Yes!”

“Yes, indeed,” Harry said. “Are you going to cum for me, pet?”

“YES, SIR!”

She gave a full bodied scream. Harry reigned her in before she went too wild. Pulling on her hair warned Yang who still ruled this classroom. This action combined the swing of his bloated balls most certainly excited the woman and also made her submit to him.

No matter how many times he was inside of her, the thrill never ended. Harry palmed her breasts and let Yang to gush against him. Harry swooped down into her and spanked Yang’s ass. His fingers molded her sweet tight ass and made her whimper.

So tight she clutched him. So very tight, and Harry loved being balls deep inside of this barely legal pussy. He swung his balls repeatedly and marked her up. He edged closer.

“You close, sir?” Yang asked. “I can help you. Just focus on my tight pussy. My nice, sexy body. My cute bubbly boooty...oooh grab onto that and ram me, sir!”

Every time Yang called him sir, Harry pushed a little bit deeper inside of her. His balls slapped down onto her thighs in a repeated fashion. He pulled back from her and plunged inside of her body.

“So close,” Yang whispered. “Come closer.”

Harry wrapped his arms around his pet and rammed deep inside of the lustful woman. She really tightened around him and sent a pleasurable blast down his loins and all through his body.

“One more time, pet.”

She came for him as if on cue. If his words did not do the trick, his finger dragging down the back of her neck and touching the small of her back made Yang clutch and release him. The schoolgirl melted underneath the thrusts the handsome man gave her.

Closer, closer, closer, and finally, it popped. The dosage of cum was almost mind numbing. It poured into Yang like a firehose and drained it inside of her. Gallons full of sweet seed made her fit burst to part.

She smiled at giving in this build up. The sweet schoolgirl enjoyed the moment when her handsome older lover rode her, almost into the desk. He pulled back and slapped her rear a couple more times.

“Good girl,” Harry groaned. “Very good girl.”

Yang was his good girl alright. But, there were times where she could be a very bad girl as well.
That fact came to light when she closed ranks around him and let out one of the most passionate moans possible.

The last few thrusts emptied Harry out in Yang. She collapsed down on the desk, soaked in both of their bodily fluids. The look she gave him when looking over her shoulder, lip bitten and messy hair draped over one side of her face made Harry ride her out with several more rams.

The end came with Yang sliding down. Harry slapped his cock against her ass when leaving her body.

Yang sat up, her body covered in sweat. She looked divine. And not finished by Harry by any means. She crawled onto his lap, arms tightening around him. Yang could do nothing other than make out with her handsome lover.

They had so much more to learn during this private tutoring session. The teacher and the student indulged in each other to the very last second.

Yang straddled her lover and he was inside of her once again. Her tight muscles reacted instantly to the large intruder. The treat about ready to be launched out of his balls guiding her long.

Harry smiled and enjoyed his very willing lover worshipping his body with hers. Who knew how much more fun they could get up to?

Regardless, Harry was going to enjoy Yang moaning in his ear, moaning for his cock as she came. Something Harry happily gave her.

End.
Harry waited patiently for his appointment. As with many trips to a doctor’s office, things were running a bit late, although not as bad as it could have been. This left Harry plenty of time to ponder his predicament and boy it was an interesting one to be in. Then again, how many times had Harry had a normal problem? Every single time something went wrong, it was out of the ordinary.

That was the price of being exceptional. Both the right ways and the wrong ways. Harry measured the time with the ticking of the clock before the doors opened.

The lovely young woman entered the office. With green eyes, red hair, a beautiful face, a toned body wrapped in a tight skirt and blouse combination, and a pair of spectacles, she most certainly piqued Harry’s interest and caught her attention.

“Sorry, I kept you waiting,” she said. “I’m Doctor Caitlin Fairchild and you were sent here for your unique problem.”

“Yes,” Harry said. “I’ll be blunt. Ever since I turned twenty-one, I’ve been overly sensitive beneath my waist. It doesn’t take much to set me off.”

“You mean when you become erect?” Caitlin asked.

“Yes,” Harry said. “Like for instance, you’re doing it right now.”

Caitlin’s mouth opens and she lets out an “oh my”. Harry’s pants stretched out of shape thanks to his sizeable prick almost ripping through them. Caitlin leaned in to touch him.

“Well, you appear to be a healthy young man with an above average penis, “Caitlin said. “But, we could get to the root of the problem if you take off your pants and I can see it out in the open.”

Harry wasted no time in removing his pants and reveal his throbbing hard erection. It twitched almost as if it had been drawn to the sexy woman in front of him. Caitlin stroked his cock slightly to feel it.

“How often do you masturbate?” Caitlin asked him.”

“At least twice a day,” Harry said. “Bloody lot of good it does, given that it feels like I never did it.”

“How about having another partner masturbate you?” Caitlin asked. “Or engage in sexual intercourse? Do you do something like that?”

The strokes of Doctor Fairchild diverted Harry’s blood from his brain and compromised his thought process. He returned back to the woman in question.
“I have a few partners, but...I end up wearing them out,” Harry said. “Is this normal?”

“Not that I can recall,” Caitlin said. “Perhaps it has something to do with your potency. I’m going to need to test your ejaculate.”

Harry leaned in and allowed Fairchild to wank him. The strength of her hand most certainly felt amazing clutching him. He could feel a bubbling feeling going through him.

Caitlin prepared a tube to capture his semen. She barely wrapped her hand around the love muscle in front of her.

“Could you please hold this?” Caitlin asked.

“Sure.”

Harry held the tube in front of his cock so Caitlin can grab onto him.

“You feel like you haven’t had sex for months,” Caitlin said.

“I assure you I just had it last night,” Harry said. “For eight hours straight.”

Throb went Caitlin’s pussy. She tried to push this thought into the back of her mind. This was a professional endeavor after all. A professional endeavor where she masturbated her patient until she came. He would not break though, so Caitlin needed to get creative.

“I find that added stimulus helps,” Caitlin said. “Could you do be a favor and undo my blouse?”

Harry did as he was told and Caitlin’s bountiful purple bra clad breasts came out. The redhead was stunning. A perfect wet dream that brought thoughts of her legs wrapped around Harry’s waist as he fucked her. This got his cock jerking up in the air, with Caitlin straining her fingers against him.

“Are my breasts appeasing to you?” Caitlin asked him. “Do they cause you any pleasure?”

“Yes, Doctor, they’re very nice,” Harry said. “Although a bit covered.”

Harry undid her bra. Caitlin did not fight him, she just puffed out her chest and allowed her ripe melons to come out. And she allowed Harry to grope her chest like a needy pervert. Anything to edge him closer. Anything to get the sample of seed she required.

Caitlin’s wrist cramped up. She had been masturbating him for fifteen minutes straight, but no sign, other than a small trickle emitting from the tip of his organ. Caitlin wondered what it would take. Those balls were so heavy her hand sagged underneath their wait.

“You’re getting closer,” Harry encouraged her. “Just keep it up.”

The palming of Caitlin’s chest reminded her why she was here. She kept wanking her patient, getting his balls heavy and heavy. She wanted to get a hell of a sperm sample to get to the bottom of this.

The blast fired deep inside of the container. Harry’s jet of seed sprayed into the air, over the container after it had filled. Several splatters hit Caitlin’s uncovered breasts, her stomach, the wall, and anything else in the room.
She did not falter. Caitlin sped up her thrusts to ride Harry’s orgasm out to the end. His cock shuddered in her hand.

The overflowing sperm sample caught Caitlin’s attention. She had been driven mad by the sudden desire to down the sperm like a soft drink. Fairchild broke out of this thought. Reminding herself this was a professional appointment, no matter how much she wanted to drag him into the next room and fuck his brains out. Or masturbate herself silly.

Caitlin reached for her notepad. His cannon shots soaked her pen with seed. Picking it up, Caitlin very lightly sucked the seed off of the pen.

Something hard sprung across the room and struck Caitlin underneath her skirt. Harry walked closer towards Caitlin and turned her around. Harry cupped the underside of her mouth.

“I’m hard,” Harry told her. “Again. What are you going to do about it doctor?”

The throbbing length brushed against her strong thigh. Caitlin breathed in heavily. She grabbed him by the shirt and kissed the daylights out of him.

Harry enjoyed the feel of the muscular form of this sexy doctor. Every movement of her body against his boiled Harry’s blood. He scooped up Caitlin and set her down on the operating table.

Caitlin spread her legs for him.

“My prescription is one of these,” Caitlin commented with a soft smile on her face. “Why don’t you take your medication?”

“Well, it looks like you’re the one who is going to get a hot injection,” Harry told her.

Her legs spread apart with Harry inserting himself inside of the lustful doctor. Cailin wrapped her legs around his ass and pulled him inside of her.

“Oh, you’re getting in deep!” Caitlin yelled. “You’re a big one...I’m not sure if I can take it all the way.”

“We’ll make it work out, Doctor Fairchild,” Harry told her. “This is for my health, isn’t it?”

Caitlin nodded feverishly. Harry slid as far into her as possible. Every time he entered her, it was a fresh reminder of just how large and gifted he was. She spread a little further, panting with lust dancing in her eyes.

The lust Harry felt for this medical professional only increased when he slowly turned her into a mewling and very horny whore. He grabbed her legs and pushed down into her. Repeatedly sending himself into Caitlin. He rode her all the way to the orgasm.

“You’re so tight,” Harry said. “We should fix that.”

“Don’t you like my nice tight pussy?” Caitlin asked him, green eyes peering at him from behind her glasses. “It’s supposed to be good for you.”

Clutching him hard made Harry groan. Her muscles wrapped around his rod to pump it inside of
her. It was good for him. Good and tight and able to massage the length the deeper he went inside of her.

“I love your pussy, baby,” Harry said. “I love fucking it as well. I love hearing the sounds you make.”

“Like these?”

Caitlin moaned like a sex-starved porn starlet. Come to think about it, her body was built for hard fucking and for heavy lifting. Those two things turned Harry on, when he pleasured his woman’s insides. He wanted to make this feel as good for her. He slowed down.

Slowed down just enough to let Caitlin feel the burn. Feel his bloated balls push against her body. Caitlin gasped in pleasure the further he plunged into her. The further he plunged into her, the more he got her going hot and heavy. Caitlin squeezed his hips in the most alluring way.

Caitlin never thought that she would end up going through a physical and end up getting fucked.

“I never thought this would happen,” she pleaded.

“Story of my life,” Harry said as he tortured her with a slow thrust. “Are you mad it did?”

“No!”

She grabbed him and buried him face first into her chest. Caitlin tried to gain some control by forcing Harry to suck her large heavy breasts. Of course, the sexy woman got a bit more than she could chew when Harry endlessly pleasured her and sent shockwaves through her body. Caitlin’s body drained with the sweat and the pleasure as he road out her shockwaves into an endless series of thrusts.

Harry grinned through her cleavage. He loved the fact he made this woman squirm. He felt her body up against his and burned against him. He pulled all the way up to look at her.

So dead sexy with her hair a mess, glasses almost off, bitten down on her lip, and sweat rolling down her body. Harry pressed onto her chest and worked her over for a couple more minutes before stopping.

He heard a whine coming from the bountiful redhead. That was music to Harry’s ear to say the very least. He needed to flip over his lover and put his hands on her upper ass cheek. He squeezed her and made Caitlin’s moans grow even more prominent.

“I’m going to take you now,” Harry told her. “I want to see that ass bounce when you scream. I bet it feels as good as it looks.”

“Maybe you can fuck that too,” Caitlin said with a saucy grin. “There’s some oil in the side cabinet if you need it.”

“Don’t mind if I do.”

When a beautiful redhead asked you to fuck her ass, only a complete idiot would not pass her up. Harry got the oil and rubbed his cock down with it. He then made sure the oil soaked Caitlin’s ass.
“What happens if one of your aides or nurses comes in here?” Harry asked. “What would they think if I saw them fucking Doctor Fairlchild in the ass?”

Harry kneaded the oil into her ass and caused her to twitch. The extra sensitivity made her gush instantly.

“If they’re a woman, I’m sure I can entice them into a threesome,” Caitlin said. “Or you can.”

“Naughty woman,” Harry said. “That’s why I like you.”

“That’s why I like you,” Caitlin said. “My ass isn’t going to fuck itself. So why don’t you take that big hard cock and stick it where it counts?”

Fairchild’s sweet ass bouncing back and forth put a lustful thought in Harry’s mind. He picked Caitlin up by the hips and positioned her right upon the tip of his cock. He was almost inside of her. Caitlin shot him a very horny smile over her shoulder and almost slid down onto him. Harry squeezed her inner thigh and made her break out in an extremely soft sigh.

Harry sodomized the sexy redhead. She closed her eyes and clutched onto his hand. She allowed said hand to fall onto her chest, with more oil rubbing onto them. Harry squeezed and rubbed her oily tits.

Now the ultimate test was at hand, or rather under Harry’s free hand. Caitlin Fairchild’s perfect ass which got him as hard as a rock after she spent nearly a half hour masturbating him to an orgasm. Now, he was inside of it, and boy did he feel it. Feel the ripples of that sweet flesh grabbing onto him.

Caitlin threw her head back and did not know what to think. It felt like his hands was in more places than he had hands. But, perhaps it was just that he was so good in touching her and hitting the right buttons. He licked a trickle of sexy sweat from her ear and sent Caitlin spiraling into orgasmic pleasure.

He edged her closer, meat nestled firmly between her buns. Minutes burned away and through those minutes, Caitlin entered an endless thrillride. She bit and released her lip. The pleasure increased every step of the way. Minute by minute, Harry wore down her hole and made her shake all over him.

“Heard you every time,” Harry said. “And I’m going to hear you when I make you do this.”

He spanked her and that only set to set Caitlin’s juice box off. She squirted all over his hand. Harry captured the squirting honey onto his hand.

The very second it coated his fingers, Harry presented it to Fairchild as an offering. She took it, being noisy and horny in taking the honey. Caitlin sent her tongue rubbing down his fingers, moaning in response. Moaning when he buried inside of her. His fingers squeezed her tight ass and Harry spanked her a couple of times.

“I heard you every time,” Harry said. “And I’m going to hear you when I make you do this.”
Harry sent a miniature bolt and struck Caitlin. Her body thrashed around. Her anal muscles squeezed his cock until it felt like it was going to explode.

It was going to explode, it was going to paste the inside of her ass. Harry rode her, his balls feeling bloated as all hell. The inside of her back passage called for him and called for his explosion.

They both reached the most primal peak possible. Caitlin reached there first and squirted to leave a mess all over the table. The instant Harry rocked back and bottomed out in her ass, it was the end.

A geyser of seed splattered into Caitlin’s gripping hot hole. Harry fondled her ass and released Caitlin with a couple of rough pats on it. Her screams increased in volume, not that Harry gave her any reason to shut up. He kept pleasuring his body, until his orgasm ended.

Caitlin could not believe the mess that had been made of her asshole and also the rest of her office. Her medical table had been soaked with the combination of juices. She tried to sit back down, only the minute her ass hit the table, she jumped up.

The only place that was halfway comfortable was the top of his cock. And having that nested between her ass cheeks again brought Caitlin all the way back over.

“You can’t be hard after all of that,” Caitlin said, half-pleading and half-hoping.

“Yes, but that can wait,” Harry said. “Do you have a shower here?”

“It’s for employees only,” Caitlin said. “But, I’m sure we can make an exception because you’re so messy.”

Harry fondled her breast and smiled. The sounds of content did little to keep Harry’s rampaging rod down.

“Tell me the way and I’ll get us both there.”

He picked her up off of the medical table, light as fever. Caitlin pressed against his hunky body and cleared her head to get the direction to the shower.

The doctor swore that this day was something out of a porno. And she was not ashamed to be a part of it at all.

End.

Two More Chapters(343 and 344) on February 28th, 2019.
Being a noble gentleman, Hadrian Peverell made it his mission to check up on the well being of his guests. One of those guests just happened to be one that he took into his quarters, after being the victim of a targeted harassment campaign by your local religious zealots. Hadrian frowned at the thought of them.

He knocked on the door.

“It’s open.”

Hadrian cracked open the door and the room illuminated with light. Bathed in the candle light was the beautiful Gypsy Woman, Esmeralda. Beautiful and stunning, with rich looking skin, a beautiful face, silky hair, and a body just made to die for. Each curve fit her amazing frame like the mouth. Even when she shifted into a sensual position on the bed, Hadrian took plenty of time to appreciate the view as it had been presented to him.

The fact her clothes laid on the ground, underwear included, brought a thought of burning desire to Hadrian’s mind. Not that he had much brain power for thoughts where his blood had been diverted. Straight to his loins which caused a stretching of his pants.

“I’m glad that you’ve come here,” Esmeralda said in a low voice. “I thought about all of the ways that I could thank you. All of the ways which I could show you my appreciation. When mere words wouldn’t do.”

She undressed him with her smokey eyes, which firmly fell onto his package. That gave Hadrian the impulse to rip his clothes off, rip the bedsheets off of them, and slam into her body until she could not take no more. However, Hadrian understood the need to play the long game. A game which he wanted to ensure that she understood that he was the master of. He took another half of a step towards her, eyes lingering on the Gypsy woman. She popped off with a soft and sensual smile, her tongue rolling against her mouth when he moved closer to her.

“Heroism is it’s own reward.”

“I know,” she agreed. “But, I was hoping that I could tempt you with something more tangible.”

The bed sheets dropped and the lovely woman bared her full body to Hadrian. He saw it in all of her glory, perfectly smooth in all places. Her legs parted and more tantalizing dark skin than Hadrian could grab in one good came out in front of him. She turned around ever so slightly and on her hands and knees, Hadrian received the full picture. Her tight ass made him throb a little bit.

“Why don’t you help me warm this bed?” Esmeralda asked. “It’s going to be a cold night. Surely someone of your calibre would need something warm to slip inside, so he does not catch a cold?”
She smiled and enticed him to join her in bed. Not that it was that much of a choice. Hadrian leaned down to her and wrapped his arm around her waist. He kissed her and she kissed him back.

Damn, Esmeralda’s lips were so warm and soft. And her hair, Hadrian could run a hand through them for hours. The Gypsy tantalized him even more with a subtle stroke of his biceps. She knew exactly what right buttons to push to entice him and Hadrian knew how to entice her back.

Emeralda put her all into this kiss. Knowing that he would be able to give her what she needed for this evening and many more to come. His hand traced down her leg and she sighed. He touched her in all of the places.

Those lips moving away from hers allowed a soft sigh of disappointment to come out of the Gypsy woman’s mouth. However, Hadrian latched onto her neck and sucked it.

“You’re everything I ever dreamed of,” Esmeralda said.

She covertly lifted his hand and placed it on her heaving bust. Hadrian got the hint and squeezed her chest. The strength of his fingers manipulating her gorgeous mounds sent chills down Esmeralda’s spine. She kissed the top of his head lightly, and nibbled on his earlobe while he nibbled on her neck.

It was hard not to feel the sexual energy coursing between the pair. Esmeralda put her hand on his crotch and lightly stroked it to bring it up to life. He pulled away from her and laid her out on the bed.

Hadrian hovered over Esmeralda. The Gypsy's beautiful body belonged to him. Hadrian leaned in and kissed her from the shoulder, to her neck, and all the way to her ear. Each tiny, microscopic movement showed Hadrian exactly what he was dealing with.

“You’re mine, my lovely,” Hadrian said. “I’m going worship your body. And you’re going to be dripping until you beg me to make you mine. But, I’d bet you like that, wouldn’t you?”

Esmeralda just responded with one of those knowing smiles. Hadrian leaned down to nip her shoulder and sent her just spiraling over the edge. He lightly sucked her shoulder and moved a bit closer down. His lips moved from one side to the other and took Esmeralda on a very nice joyride. Her hips bucked halfway up off of the bed and did not do anything other than feel her lover move closer into her.

“I bet you would like this a whole lot if I did this,” Hadrian told her with a smile.

He blew on her neck and made Esmeralda just close her eyes. His hands traced elegant patterns all over the front of her body. He kissed the front of her neck and moved in ever so closer. He edged between Esmeralda’s lovely cleavage and she knew what would happened.

The woman’s dark nipple stood up just waiting to be grabbed. Like a sweet cherry on the vine, Hadrian leaned in and squeezed it. It sent a thrilling chill down her body. Hadrian lightly brushed his finger into her and Esmeralda just threw her hips directly off of the bed. Hadrian leaned in and planted his lips over hers in another kiss before moving in and putting his hands on her breasts.

He touched her in all of the right places at all of the right times. Despite the fact he was completely clothed, Esmeralda imagined him bare and laid out on the bed. Where she straddled atop of him,
their bodies becoming one with each other. Performing the oldest and most universal form of bonding ever.

“You better keep doing that,” she pleaded with him.

“Oh, you want me to keep doing this?”

He pinched her nipple and sent another tremor down the spine of the Gypsy Woman. He leaned in and took a full, juicy nipple into his mouth and sucked it.

Hadrian sucked one and palmed the breast that was not in his mouth. He started sucking the left and squeezing the right. That after a few minutes of soft torment, he switched the play. All while brushing his free hand down Esmeralda’s narrow waist and over her navel.

He was pleased to feel how sensitive she was at the area of her belly button. Hadrian applied just enough pleasure.

“You’re going to drive me completely insane,” Esmeralda breathed.

Hadrian switched gears from her breasts and started to worship the rest of her upper boy. She was a gem and the real gem was that flat, smooth stomach, and beautiful navel. He leaned in and buried his nose inside of her navel which cause Esmeralda to breath hard.

He pulled back and looked at the soft sheen of sweet pouring over her body. Hadrian moved closer to her thighs which parted like the sea. Almost willingly, almost hungrily and almost delightfully. Hadrian could not do anything more than suck her warm lips and made Esmeralda just break out into moans.

Hadrian blew his hot breath over the soft flesh between her thighs. Esmeralda rocked back ever so slightly and parted her legs for more. Parted his legs for a tongue that did not completely enter her right away.

Instead, he focused on her legs.

“Right there, touch me right there,” Esmeralda breathed as he lifted her leg to rub underneath it. “Like that!”

She bucked up ever so slightly, and Hadrian rolled over her body one more time. He was getting her wetter than a tidal wave. He just had to have her and he kissed down each of her legs. All the way to her succulent, soft feet. Hadrian kissed the soles and sucked on her pretty toes.

The Gypsy grew hotter as her released backed up. She knew that the only thing that would cause her release was trapped inside of Hadrian’s pants.

He rolled her over and performed much of the same. Exploring the backside of her body. Hadrian spent plenty of time, kissing the back of her legs and then moving up to brush against her ass. Her bouncing cheeks squashed against his face when he went in. He teased both holes and caused the woman lying on her front to nearly lose it.

Hadrian went down on her then for a full thirty seconds and gave Esmeralda a taste of why he was known across the land. He got her howling, shifting, and moving on the bed.
Then it stopped, all too soon. Hadrian continued to worship her. The taste of her pussy remained on his lips, and soon it would be wrapped around another part of his body.

Esmeralda turned down when he was done.

“Let me have you,” she said.

With his nod, Esmeralda unbuttoned the shirt of the noble and kissed him hard on the lips. The small sample of honey he extracted from her made her just horny as she could be. She was a bundle of nerves and all of those nerves had been set to pleasure. Endless and unbound pleasure.

Hadrian’s shirt came off and Esmeralda worshipped his chest and abs. First by kissing them and then by rubbing her bare breasts against them while grinding on his lap. He pulled her in closer, but then she pulled back.

She decided to undo Hadrian’s belt and pants with her mouth. She worked them down and revealed his silken shorts which threatened to strain and rip into pieces. Esmeralda put her hand on his crotch and squeezed him.

“Take them off.”

Esmeralda took off his shorts to reveal the prize underneath. It nearly moistened her pussy with desire to feel this huge piece of male endowment out in the open. She started to grind against him and keep worshipping his body. Teasing him just as much as he teased her, even though she found herself getting wetter.

She needed to have him, she needed to have him now. Esmeralda pushed her face down onto his lap and inhaled his musk.

The lovely Gypsy Woman took her time exploring the texture and the underside of the throbbing piece of meat underneath her. She could not wait to have it in her mouth to taste it. First her tongue explored him ever so briefly and then took him into her mouth.

The hot and horny woman took him deep into her throat. Hadrian spent the next couple of minutes leaning back and then leaning in to enjoy the ride. That burning gaze coupled by what she was doing with him sent tingles through him. He tried not to fire one off just yet.

Esmeralda pulled back completely and popped her lips. She took her time to taste him.

“Are you ready?”

Esmeralda turned around and sank on his lap. She rubbed her tantalizing body all over his, first with her ass running down his body. Then her front moved down to her body. She had some intense moves and kept writhing up against him. Hadrian reached behind and pulled her ever so close towards him. The Gypsy’s soft smile showed just how ready she was for anything.

She slowly crawled away from him. Ass swayed back and forth in a way which would break most men. And Hadrian broke right away.

Finally, after much anticipation, Hadrian entered the Gypsy’s warm hole. Esmeralda tightened around him and let out a whole. He felt her body.
Hadrian appreciated the female form, and in all of its splendor. Unlike those zealots, who the only form that appreciated was that of a young boy.

Regardless, Hadrian held his hips back and repeatedly sank into the lustful Gypsy. She repeatedly closed her walls against him and hugged him. He slowly worked his way inside of her and slowly worked her into an orgasm. He traced patterns down her back and made her break out into a smile.

Hadrian slapped her ass and that caused the lustful woman to smile at him. Her walls tightened up around him and caused a swelling feeling to rise through Hadrian’s body.

He knew she would come first and come hard. After all of the teasing they did, she was worked off.

“It won’t take much to make you mine,” Hadrian told her with a slight grin over his face. “It won’t take much to make you finish.”

“I’m almost done,” she told him.

“Good,” Hadrian said. “I’m glad.”

He bumped his strong hips deeper inside of her and spent the next few minutes working Esmeralda over. The tantalizingly hot Gyspy woman knew precisely how he pressed all of her buttons and she pressed a few of his own as well. Those strong sacs of man flesh hit her hard. She knew that they were full of something that she desperately wanted him.

A strong man like this would give her beautiful children. The thought of giving her womb to her savior made Esmeralda just gush with pleasure. This was the tipping point she needed to cum hard and make sure he plunged into her deeply, riding her.

Hadrian rode her through this orgasm. All while fondling her sexy body like it was always meant to be touched. She kept throwing those burning, hot glazes over her shoulder. And Hadrian kept working into her. Slowly down only to let Esmeralda recover.

The moment he had her panting was the moment he threw his hips into her all of the way. His big throbbing balls connected with Esmeralda’s thighs. He filled her up and made her beg for more.

“You have to be close,” Esmeralda said.

“You’re not burned out already, are you?” Hadrian asked her.”

He shifted their position so she sat in the hotseat and this allowed Hadrian full access to her tantalizing body. The lust of this woman was almost scorching hot. He took one of the most beautiful women he ever laid his eyes on.

It was tricky to rank them given how many beautiful women he bedded. Still, Esmeralda was high on the list and the way she threw her body into his grasp made her even more alluring.

“Never for you, I can go as long as you want,” Esmeralda said.

“It won’t be too much longer...at least for now,” Hadrian said. “I’m close...but I want you to tell me where you want my seed.”
“Inside,” Esmeralda said. “I want it inside.”

“You want me to impregnate your hot body?” Hadrian asked.

“Yes,” Esmeralda breathed. “Make me yours forever. Breed me! Breed me, my Lord!”

Hadrian had her back on her hands and knees and rutted against her. He swung for the fences and cupped her tight ass. He could feel her body sizing up in anticipation and he knew what was going to come next for him. Hadrian held back through the height of her orgasm before finally opening up the flood gates.

There was no turning back for either of them now. Esmeralda milked Hadrian of everything she could. Her determination could not be stalled by anything. Which included the rough and wild thrusts. She rutted back against him, moaning as loud as possible.

Hadrian sealed the deal with his lover. She made soft sounds which sent warm stirs to his loins. Her body trashed and dripped with sweat. Every inch of this body demanded further exploration.

Which Hadrian would do at his leisure because Esmeralda had given herself to him.

“Perfect,” Hadrian concluded.

“You are,” she said.

“As are you,” Hadrian said.

He rolled her over and crawled on top of her body. The two lovers broke out into an intense kiss, with Esmeralda putting her hand on the shoulder of her man and guiding him in closer to her body.

Only one step away from meeting again and going at it again. Hadrian’s strong chest pressing against her chest lit a fire in Esmeralda. And that fire would not be put out until he finished her off.

End.
After the long day that was, Harry intended to slip away to get a cup of coffee and perhaps a nice soak in the hot tub. He really could use it with all of the tension that went on during this day.

Someone else had other plans as a door opened and a pair of hands grabbed him from behind. Harry had been surprised and spun around. He stopped short of knocking the person who grabbed him into the wall. The attractive older woman smiled at him before sizing him up. Samantha Carter stood in front of him. Despite being a number of years older than him, Harry would not deny she was an extremely beautiful woman.

“Sam?” Harry asked.

“Hello, Harry,” Sam said. “I’m so glad you could help me with something. Because it’s been a long day.”

Harry wondered what she wanted to help her with. He had his answer when Sam smashed her lips onto his. It became clear to Harry the second her tongue demanded entrance what was going on here. Samantha wanted a piece of him and would not stop at anything other than to get it. His fingers placed on the back of her head and she moaned in response. She slowly worked the shirt off of him.

The handsome younger man knew to hit all of Sam’s buttons. She stripped him from the waist up and was making some headway on the waistdown. Despite the eagerness she felt and the need to jump him, Sam took her time and kissed him several times. The kiss only deepened, and Harry spent plenty of time exploring her body as well.

He was up for what she wanted to do. Sam fished his penis out of his shorts and began to stroke it. She used her left hand at first, jerking him off. Then, she switched to her right hand, with the mature woman cupping his balls with her left hand.

“You make me wet just looking at it,” Sam said.

Harry saw the cleavage she had and that caused him to sink into a stupor. She most certainly was an amazing woman and very skilled with her hands. Not to mention her mouth, and Harry would be remiss if he did not mention those lovely lips moved closer towards him.

And the they wrapped around him and began to take his head. Sam practically made out with his swollen head. Harry place a hand on her head and guided her a bit closer inside. Her throat eagerly parted and Sam was now going down on him without any pause. Reckless abandon redefined what she was doing, the rate she was sucking him off. Harry could only push his hips forward and take himself deeper into her throat.
“Oh, yes, baby,” Harry told her. “You know exactly what you need to know.”

Sam did indeed. She had been waiting the hours until she could get on her knees and service Harry again. After the long day she had, she needed a big hard cock. This young stud gave her pretty much everything. His hands moved to touch the back of her head.

She encouraged Harry to thrust deeper and deeper into the woman’s perfect mouth. Sam slurped him, hunger dancing in her eyes. Harry grabbed onto her and started face-fucking her.

“I can’t help myself,” Harry said. ‘You’re so amazing.”

Sam thought there was no need to apologize. She kept taking the thick throbbing piece of man meat down her throat like it was no one’s business. Repeatedly and endlessly sucking him until the point where his cock was submerged in the back of her throat. Sam could not do anything more, she just had to have it. Her hand cupped against his balls and she squeezed them a couple of times.

More, she needed more and would have more. The first taste spurred her forward for more fun and each subsequent taste made this exciting indeed.

Harry enjoyed the swelling appearing in his loins. The sexy older woman cupped his balls and gave them a squeeze. Harry repeatedly rammed her mouth.

“Get ready,” Harry said. “Here it comes.”

Sam was really ready for it. She tilted her neck back and looked at him with those wide eyes as if daring Harry to bring it on. Another squeeze of his balls shot electricity through his body.

Well, Harry brought it on alright, sending an immense dose of his thick batter into her throat. Sam was a goddess wrapped in mortal flesh and sucked his manhood up. She pushed down almost all the way and inhaled him until it was evident she got all of the cum she wanted out.

Sam slowly rose to her feet and smacked her lips. One of the cum strands trailed from her mouth. Sam, without missing a beat, slipped the strand into her mouth and started to suck it down. She eyed Harry, almost as if she dared for his erection to lower down to the ground.

It was a challenge that Harry happily failed at. Sam lightly touched him and made him twitch.

“Sit down and enjoy the show,” Sam told him.

Harry turned slightly and Sam slapped him on the ass in such a way that she might get busted for sexual harassment. Not that Harry was complaining. She just gave him an amazing blowjob.

The attractive blonde woman swayed her hips and undid her uniform. Her bouncing breasts came out, still full and firm after all of these years. Her fit body, flat stomach, and wide hips came out as well. The last element of this wet dream of an older woman was her long legs.

“Nice to see you still know how to salute your superior,” Sam joked. “That deserves a special commendation.”

“Well, get here and start commending.”
She climbed onto his lap and Harry instantly reached behind her to squeeze her bouncing ass. Sam fired back with a sultry smile and ground on his manhood. Said manhood threatened to part her lips and get all the way inside of her. Sam knew she had him right in the palm of her hand. All she needed to do was drop down and she would have him now.

“I’ve been thinking about what we might do after work all day,” Sam said. “The only problem is I couldn’t wait until I got home.”

Harry scooped her up and stood off of the chair. Sam raised her eyebrow in surprise, but went with this. Harry backed her up in the wall and lifted her leg up to drape it over his shoulder.

Seconds later, he almost lined up to her. Sam did not doubt that this was going to be amazing. He always was amazing and always filled her up. And he could go until she could barely go anymore. And that was not counting all of the times where he wore her out and put her to bed, tucking her in for the goodnight.

Sam stretched the second his head parted her walls. She closed her eyes.

“Remind me what a true man does for a woman in need,” Sam breathed.

Harry squeezed her breasts and that made a tingle erupt through her body. He lined up to her and slammed into her body. Instantly, Sam’s inner walls hugged him hard. He could feel it, the tightness just gripping his intruding member hard. His organ felt inflamed with lust, and that was not a bad thing, not with such a great woman.

He pushed his hands onto her and she made such a delightful sound when writing around on his lap. Her moist, tight walls grew just a little bit tighter around him. Harry shoved himself a little bit deeper inside of her, working against her har. His hips moved back and forth and made her break out into a sultry breath.

“Give it to me, baby,” Sam cooed in his ear.

He pushed her up against the wall and gave it into her. His sizeable organ parted her walls, getting deeper and deeper inside of her. His bloated balls struck Sam at all of the right places. She was feeling the pleasure, the excitement, the intensity. Everything just welled up inside of her.

Harry took plenty of time working inside of her. Also by feeling her body up, Sam could feel a warm and delightful feeling. A buzz echoed throughout her system the deeper he pushed into her. The faster his balls slapped down onto her, the better this felt. Sam dug her nail into the back of his neck and made him bury deeper inside of her.

“I’m getting closer,” she purred with lust dancing in her eyes. “You’re going to want to give me all of this, right?”

“Mmm, mmm.”

He blew on her ear and sucked in. Sam tightened her loins against him. Repeatedly and endlessly pulling him into her. She could feel him. Hands, mouth, just his entire body really, working in harmony. All when they met in the center. He sped up a little bit and caused a rush to reach her body. The toes on the leg he held up to properly drive into her curled up in pleasure. He pushed a bit further, riding her all the way to the end.
“I want this so bad,” Sam purred in his ear. “Make me cum, baby.”

Harry was only too happy to bring this lovely woman to a very sticky conclusion, at least for this round. He pumped his hips against her, sending himself deep into her warm depths. Each thrust of her hips brought Sam closer and closer. Her legs now wrapped completely out of him and Harry moved onto her chest to suck them.

Sam moaned excitedly as the warmth spread through her body. He was getting her going and hitting all of the right buttons. His thrusting hips brought Sam ever so closer to the grand climax. She dug her nails into his shoulder and let out another passionate breath. She had him inside of her, deep and fast with multiple thrusts going inside of her body.

Finally, the dam burst and she came hard. Harry worked her over to the end and took her into an epic climax and then beyond.

Sam’s entire body just sang with pleasure. Her lover was not done. He scooped her up and set her on the side of the desk. She laid back, legs spread, and he reentered her body again. All while leaning in to worship her chest.

The second round was just as good as the first. Harry wore her pussy out with his powerful thrusts. The young stud hit her in all of the right spots. Sam’s breathing got hire and hire.

The mature woman writhed underneath him. Sweat spilled off of her body as she was about as subtle as a porn start. Whatever stress she had, Harry worked with the lovely Samantha Carter to edge that tension away. All while edging her to another orgasm. Another powerful and extremely sticky ending.

“Look at the state of you,” Harry told her with a loud grunt. “I wonder how many times you’re going to cum.”

“Find my breaking point, stud,” Sam purred lustfully.

Harry worked himself into her with all of the force of a runaway train. He rode her to the next orgasm.

The steady climb towards climax filled Sam’s body with the most lustful feeling possible. She could not resist what this handsome young man was going to give to her now. He crushed his hips against hers, repeatedly driving into her body. Sam pushed up, and pulled him into her. Sam breathed when clamping down onto him and releasing him.

She came and the climax was just as good the second time as much as the first. Harry finished riding her and she felt a bit winded from the end.

“Let me ride that big cock of yours.”

“Go for it, Cowgirl.”

He pulled out of her and Sam playfully pushed him on top of the desk. A mistimed motion almost caused his cock to slide into her ass. Sam redirected her attention and plunged onto him. Her wet hole took him inside like it greeted an old friend.

Harry’s gaze locked fully on the mature woman bouncing onto his cock. She was sexy as hell and
more than ready to ride him until he burst. Harry just laid back.

Every now and then, she lowered down to worship Harry’s strong body. Those nipples brushing against his chest caused a fire to burn through their bodies. Harry pinched Sam’s perfect ass and drove her a bit closer onto him. Her walls tightened and parted around him.

They would find her breaking point and they would find it together. Sam bounced even faster, her body just hitting a fever pitch the more times she tried to master this cock. She tried to squeeze him and milk all of the potent fluids from his balls. It was easier said then done, because Harry refused to give in and staved her off for a very long time.

The sexy woman bounced up and down on him. Sam rode his cock constantly like it could cure all of the ills in the world. Harry wore her tight hole out immensely and jammed himself deep inside of her. Sam stretched around him and broke out into an extremely soft cry.

“You’re going to break again.”

Sam could not do anything other than bite down on her lip and let her have it. He stated this as a matter of fact. Sam breathed in heavily and clenched him. She tried to get him to cum alongside of her. Instead, he worked her insides and she lost control of it.

The rush of juices splattered all over Harry’s throbbing hard staff. He repeatedly drove his tool deep into Sam’s hot box and made her just break out into pleasure.

Her face screwed up into one of the sexiest looks imaginable. Harry needed to make her cum and cum extremely hard. Otherwise, there would be no point in it.

Despite the aching feeling going through his loins, Harry held back. Sam squeezed his face and kissed the daylights out of him when sliding against him. She milked his length for everything that is worth.

He found her bouncing ass, extending his reach by several inches thanks to magic. He squeezed and inserted a finger into Sam’s back hole. Sam moaned into his mouth, her wet lips forced onto his in two fronts.

Having him bury inside of her from the front is one thing. Having his finger deep into her tight ass was another thing. It was wet and loosened her ass up very nicely. Sam could do nothing other than cum again.

Sam’s heightening breath faded. She pulled him up off of the desk so she could straddle his lap. Sam leaned in to him and kissed his neck while bouncing a little bit. The squishy sounds of a pussy driving down on his mighty tool made them both burn with lust.

“If you want to give this hole a rest,” Harry said with another pump which sent her in to bite down on his shoulder and moan deeply. “I know of another place where I could put my cock.”

The thought of anal sex excited Sam for a number of reasons, especially with the danger that someone could walk into this office and see her with a cock up her ass. Especially if it was Harry’s cock and she squeezed him hard in response. She moaned, hotly and fast in his ear. Breathing in with intensity spreading through her body.

Harry smiled and cupped her chest to bring Sam’s attention back on him.
“I’ll take that as a yes.”

He left her. The void was not left behind for long. Harry dragged his length against Sam’s fleshy butt checks. They parted and Harry turned her around. He aimed for her puckered entrance. His oiled up cock slid into her entrance.

“My God!” she howled.

“I know,” Harry said with a chuckle.

Harry took her in the ass and Sam bit down on her lip. It was way too much. He was just way too much and so big. So big that it almost hurt to have his thick throbbing manmeat digging into her ass. Repeatedly slapping down and causing Sam to quiver in excitement. He squeezed her cheeks and released them with a very firm spank of her ass.

The young man and the older woman established some very intense momentum. Harry plugged Sam repeatedly with his cock. Every few seconds, he struck her clit and that caused his favorite harmony to play. The soft and sultry moans of Samantha Carter filled the office.

“Fuck my ass!” Sam yelled. “Spank it! Spank my ass!”

Harry swatted her ass while driving into her. Sam flooded the desk when he pushed into her. To be honest though, his balls started to throb and he knew it would not be too much time before he broke. He needed to take himself into her, dragging her in.

Sam bit down on her lip and then let it out. Harry buried herself deep into her bowels. She flexed against him and squeezed him. The heat just spread through her body.

“Are you going to finish in my ass?”

Harry grabbed her and bottomed out inside of her rectal passage. There was no answer other than Harry’s grunting. The grunts answered plenty. Sam’s entire body poured with lust and sweat. She shifted back and forth, glaring over her shoulder at her talented lover.

His balls finally gave way to the pleasure of her ass. Harry sank into her and spilled his seed into her. He rode her from behind and spanked her several more times.

The two indulged in each other after Harry nutted in Sam’s perfect ass. He dug his fingers in to ride out the last few blasts of cum. Taking his time in finishing off inside of her.

The minute they finished, Harry pulled away. Sam turned to him with a smile and feasted off of the cum which dripped from her ass.

This rose Harry back to full alertness in no time as Sam ate Harry’s gift like it was the last meal on Earth.

She used her foot to stroke Harry back up the rest of the way. And then her mouth to clean him off.

Exactly where they would go from here, Harry did not know. Although he admitted that it was amazing so far.
The stamina of a young man was a gift Sam would enjoy every day. She took the nineteen year old’s cock into her mouth and sucked it passionately.

Only just prepping it for more fun with her holes to be fair.

Footsteps came closer, but that did not deter Sam from sucking his cock hard.  
End.

Outdone(Gamora and Nebula from Guardians of the Galaxy)

Gamora and Nebula laid on either side of the ground, breathing heavily. Their clothes had been slightly torn from the just concluding battle. It was not the first time these two women went head to head with each other, but thankfully someone interjected before there was too much collateral damage.

That someone was Hadrian Peverell, the Dragon, one of the most feared space mercenaries in the entire galaxy. And the man who offered Nebula and Gamora room and boarding in his ship as they recovered.

“Could the two of you explain to me why you intended to rip each other apart?” Hadrian asked.

Nebula’s eyes widened. He bared down onto her in such a way that Nebula felt she had no real choice other than to respond to this inquiry.

“She thought that she could please you better,” Nebula said. “And she wouldn’t be able to handle a man like you.”

“Please, as if,” Gamora said. “You couldn’t handle him.”

Hadrian chuckled at their staredown. Was this truly what it was all about? Such violence, when this matter could be resolved in a much more pleasant way. To be fair, it was not the first time that two women almost ripped themselves apart over him. And thankfully, Hadrian nipped this one in the bud before there was any bloodshed. That was the main thing, at least in his mind.

“The two of you are something else,” Hadrian told him. “But you know there’s a much better way to settle this dispute.”

Hadrian undid his battle armor and allowed it to drop to the ground. The rage of both women faded when Hadrian dropped his armor and revealed his muscular body. The one muscle they had been interested in presented itself, in the form of a long, throbbing erection.

“Would one of you like to take the first crack at pleasing me?” Hadrian asked. “You better decide amongst yourselves or I’ll take the matter in my own hands.”
“She can go for it first,” Gamora said.

“Oh, you’re afraid of his cock?” Nebula asked. “I’m not afraid of it. I’ll having him throbbing and spurting in my mouth in no time.”

The blue-skinned space beauty crawled towards him. Her hot breath hit the tip of his prick which extended forward. Hadrian put his hand on the back of her head and guided it into the warm vacuum of her mouth. Those wide expressive eyes peaked up and looked him straight in the eyes, right in the face.

Nebula was not afraid, not afraid in the slightest. Granted, the cock was a little bit bigger than normal, being shoved in her face.

“Well, looks like your big mouth is good for something after all.”

The snipe Gamora made towards her had been ignored. Nebula groped ahold of his balls and they were beginning to get a bit more full. She wondered how big and swollen they could get before it was all said then done. She eased forward a bit more and got a bit of his cock down her throat.

She started to choke on him when he was only halfway in. Nebula sucked the breath through her nose. Despite this, her eyes still watered and she gagged. Yet, Nebula did nothing to correct his monster cock going deep into her throat even more and gagging her.

“Pathetic.”

Nebula ripped herself away from Hadrian and sucked down the air. Her eyes locked onto Gamora’s.

“You really think you can do better?” Nebula asked her.

“Gladly,” Gamora said.

She leaned in and planted her sultry lips on the tip of Hadrian’s organ.

Hadrian closed his eyes and enjoyed Gamora working him more deeply into her warm mouth. Already, Hadrian found himself to be the real winner. His hips pushed deeper against her and her expressive eyes looked up.

Suddenly, Nebula joined her sister and began to suck on Hadrian’s balls.

“Good, the two of you can get along,” Hadrian grunted. “You just needed the proper motivation.”

Nebula was motivated alright, motivated to give Hadrian more pleasure. Gamora was able to slip his cock down her throat a bit more at ease. This did nothing to improve Nebulas mood. She dove in and sucked away at Hadrian’s throbbing balls and hungered even more for the meaty sacks of flesh.

Gamora wondered how deeper he could go. A bit deeper than Nebula already. And then something brushed through her body. It almost felt like a finger, but surely not. Surely a finger did not stroke her right now, through her tight pants.
It had to be Nebula, in a vain attempt to try and distract Gamora from what she was doing. It was almost too much to be perfectly honest.

Hadrian spent the next few minutes wearing out Gamora’s mouth. After a time, he got them to switch and Nebula took a fresh go at his cock. This time she got a bit more and did not manage to gag. This pleased and disappointed Hadrian at the same time. The power he felt to make a powerful babe like this gag on his cock was just too much.

Nebula savored the taste of her man’s breeding rod. Intending to have it inside of her all night long and intending to break her. Hadrian held on tight and repeatedly thrusted into her mouth. Nebula made a soft sound of desire, to encourage him to go ever so deeply into her mouth.

“Mmm, mmm, mmm!”

A loud suck echoed from her and his hips thrusted just that much deeper. Nebula’s eyes almost watered with lust the faster he drove into her.

The game switched a couple of times. Hadrian marveled at their distinct, but still wonderful cock-sucking styles. Gamora favored a more slow and deliberate style, channeling her lust into every single square inch of Hadrian. Nebula on the other hand was more hot, heavy, and aggressive.

The real surprise came when they both licked his length on either side and their lips came up to kiss the head. Gamora pushed herself onto him and throated him all the way.

“Brace yourself.”

Gamora doubled down on what she was doing. Feverishly worshipping the man before her. She was rewarded for her behavior by a constant flow. The endless explosion of thick creamy seed drove Gamora a slight amount over the edge. She titled back, hummed, and took him into her throat.

The pleasure of her mouth brought Hadrian to a very impressive finish. He repeatedly sank deeper and deeper into her. His balls cracking against her chin the faster he threw against her.

The cum dripped from her mouth the moment that he pulled out. Gamora eased herself back up and came face to face with Nebula.

“A bit too much for you?”

Nebula stopped Gamora from answering by leaning forward and kissing her, to take her fair share. Harry sat at the end of the bed, the blood flowing through his body. The hot-blooded young male enjoyed the fact that these two space beauties were indulging in each other and more importantly sharing his essence with one and other.

Their bodies were fit for some fun and Hadrian hoped to indulge them in due time. He snapped his fingers and the two of them stopped kissing each other.

“Why did you tell us to stop?” Nebula asked. “I thought you wanted us to get along.”

“Yes,” he agreed. “But, there are other ways for you to get along.”

They moved closer to him and their hands roamed his body. They almost got the hint and began to
worship him. Hadrian stopped them cold which confused them.

“Not yet,” he told them. “I want you to remove your clothes...and by that I mean, I want you to undress each other.”

Nebula is quick to reveal Gamora’s luscious green breasts to the entire world and strip her completely bare. Gamora returned the favor, the heat emitting from their bodies. The two of them lean in ever so closer to one and other and land a kiss on each other.

Their warm lips press against each other, with Nebula’s body getting put out into the open, on full display as well. Gamora prodded her thick ass, giving it a light smack and making Nebula just roll her hips forward a little bit more.

Yes, Nebula wanted it, but she also wanted the touch of the handsome space mercenary before her.

Hadrian pried them both away and put them on the bed. Their legs spread and had been opened. He rapidly drove his fingers into Gamora and made her gasp in pleasure. He did the same thing and Nebula’s smokey eyes flashed with lust. She could not help and throw her hips off of the bed.

“Get deeper inside me,” Nebula said. “Get me warmed up for that big, throbbing hard cock.”

She moaned with every push of her hips up and down. Nebula’s eyes just blazed with a burning fury. She knew exactly what she wanted and knew exactly how to get it. Hadrian knew exactly how to touch all of the right buttons, which proved to be a godsend.

Gamora could feel his presence move over her body. Her nipples stuck up tall and proud. If only he could touch them. His hot breath was close enough to make this extremely pleasurable.

“You want a piece of me, don’t you?” Hadrian asked her.

There’s no question in Gamora’s mind how much she wants him. He pulled his fingers away from both of them. On this one occasion, she and Nebula had been put on the same page. The frustration of losing those fingers when the dipped down into him.

Hadrian switch from one woman to the other. Gamora’s pussy tasted like lemons and Nebula’s tasted of honey. Regardless, he could not get enough of the sweet taste. Being between the legs of these beautiful women were one of the best parts. He got them dripping, which made this even better than before.

“Mmm, honey, take me like that,” Nebula breathed heavily.

“Yeah...make her pass out so I can have you all to myself,” Gamora said. “Then I’ll show you what a real woman can do for your.”

Gamora bucked her hips up from Hadrian’s probing fingers. He was deep inside of her and she could not feel any better if she tried. He knew exactly all of the right spots to touch and all of the ways to make her thrash about on the bed.

“On top of each other.”

Nebula decided to be the one to roll on top and straddle her sister. They shifted so their pussies were open for their master. They made sure to give him the show they knew he wanted.
Gamora would not admit how good Nebula was, because that would be announcing defeat. Yes, she would not deny it though, Nebula was damn good. She was so good, that it was almost numbing and blinding. Her heart raced a few beats the deeper that Nebula shoved down her throat. Tongue upon tongue, mouth upon mouth.

Harry stood atop the bed at full attention. He had his pick of the beautiful women next to him. Nebula’s slick pussy opened up for him and she was closer towards him. Still, he needed to be between Nebula’s lovely legs. They were just meant to be groped when he fucked her.

The strong space mercenary pushed down into her and filled Nebula up completely. She moaned into Gamora’s chest, now sucking away at her breasts.

“YES!” Gamora moaned.

Nebula could not say anything other than a muffled moan. It was the thought that counted and it was the thought that Hadrian could thrust away inside of Nebula to make the beauty cum hard and fast.

Hadrian rolled his hips back and forth. He thrusted deeper and faster into Nebula. The slick insides of her wet walls clamped down onto him. She was more and more accommodating with each thrust. He deepened his thrusts, burying himself into Nebula with a couple of hard and intense slaps to her ass.

He enjoyed the moment of being buried inside of Nebula. Her tightness closed around him and allowed a moan to pass through her lips. Lips which also positioned themselves directly on Gamora’s heaving chest. She threw herself up off of the bed.

Hadrian rode out Nebula to a finish. She could feel him, rooting deep inside of her. His powerful hands clutched her at pretty much every single angle and rode her out to an amazing climax. A warm and sticky feeling spread through her body the faster he drove into her. The faster he drove into her, the better this all felt for them.

“Closer,” Hadrian said.

Nebula knew that her insides could not take too much more. The heat building up between both of them was very intense and extremely immense. He touched her in several places, more places that he should. Those hands worked their very potent and powerful magic the faster he plunged into her body.

Hadrian thrusted his throbbing hard cock inside of her body, repeatedly plunging inside of her. He pumped faster and more furiously inside of her. His hips made a swift motion and buried himself into her.

“Mmm,” Nebula breathed.

“Finish her off,” Gamora begged.

The shifting of Nebula down between her legs did not escape Gamora’s notice. She put that wicked mouth to better use. Gamora’s toes curled the second Gamora dove in and chowed down on her slick insides. Her hips bucked repeatedly and endlessly up.
Nebula hit a pleasure spot. That was not the only thing. She moaned in Gamora’s warm pussy and made her shake all over.

Her imagination ran wild at how loud Nebula moaned. She imagined Hadrian pinning her down upon the bed. His breeding rod, the rod which tamed many women, sliding against her. He held her down and rubbed against her body. Making her beg for it in Gamora’s imagination.

It was only the moment that he had her to the edge was when Hadrian slid himself into her deeper and far. Hadrian pushed deeper into her and got Gamora all hot and bothered. He was deep inside of her and making sure her body succumbed to his touch, as tempting and amazing as it felt. He was inside of her deep and fast.

Only shame was this was in her own imagination. For now, she was consent in the thought of Hadrian taming Nebula and getting her closer and closer.

Nebula tried not to break underneath the thrusting piece of meat just driving between her legs. Unfortunately for her, Hadrian was a machine, well oiled and more than willing to drive the point down into her. Literally in many respects given how deep and quick he pounded her.

She came multiple times, each one just harder than the last.

“Why don’t we give you a break?”

Nebula collapsed in a heat. She almost protested. However, he released her pleasure and caused her body to break into a series of thrashes. Her limbs twitched and a warm pleasure just moved to her.

This left Gamora and Hadrian alone in the bed. He moved closer towards her. The emerald-eyed enchanter smiled at the green-skinned space babe. The two of them locked eyes.

“How bad do you want this?” Hadrian asked.

Much like in her mind’s eye, Hadrian pushed against Gamora. His dripping wet staff brushed down the front of her body and made Gamora just squirm a little bit. She tried to say she wanted it badly, but it was hard for her to keep her head above the water.

“So bad that I’ll do anything.”

Those legs spread and Gamora presented herself, surrendering her body to Hadrian. She knew it would be a matter of time before he was inside of her and taking her like he owned her. Gamora could not resist, her wet walls almost parted to allow the handsome young man inside of her. She breathed in heavily and lustfully.

“I want you to fuck me,” she begged him.

Hadrian knew in an instant how badly she wanted this. Her entire body started to sing for him. Hadrian pushed forward and opened up the wet slit between her legs. It took a bit of maneuvering. It was all worth it in the end. To be balls deep inside of one of the Deadliest Women in the known universe.

Actually, the Deadliest Woman in the known universe. Hadrian held onto her legs and pumped deeper into her. His fingers danced over her body.
The moans rose in volume the deeper he pushed into her. Hadrian pushed her hips to see how much of him she could take inside. He paused every three and four thrusts to play with her body. Gamora pushed her legs around him and pulled him into her.

“She’s really enjoying being your new toy, great one,” Nebula remarked.

Hadrian slid as fast as possible into her. His balls slapped against her thighs. Gamora arched her back to take him in, deeper, faster, more full. So full in fact. Hadrian slide as fast into her and rose up into her. He crashed his hips against her body and made her break out into several soft sighs.

Nebula decided to add to the fun by sitting in Gamora’s face. She pointed her swaying ass towards Hadrian. This little positioning awarded her with a couple of firm slaps against her tasty rear. Hadrian marked her up with several slaps and hit her hard.

Gamora’s orgasm reached it’s fever pitch. Not only that, but she had the sweet taste of Nebula’s pussy against her mouth. She drank the nectar pouring out of it.

“Both of you cumming at the same time? Priceless.”

Like a well oiled machine, Hadrian rocked Gamora back and forth into the bed. She clawed the side of his arm and moaned lustfully in his ear. She broke out into a soft series of pleasurable moans. Her peak hit higher and higher the deeper he maneuvered himself inside of her.

He had both of them enslaved to his cock. After riding Gamora to her orgasm, Hadrian pulled out and rolled onto his back. He got Nebula on top of him, biting down on her lip, and riding him reverse cowgirl style without even being asked. The expression on her face and the sway of her ass made Hadrian push a bit further into her. His balls ached the faster he rose up and slapped down onto her warm thighs.

Hadrian reached back and made her arch onto the bed. Nebula’s wetness closed down around him. She increased her motions with several more passionate screams. Hadrian reared back into her and cupped her chest to get the energy flowing once more.

Nebula thought she was about ready to lose it, especially when her lover denied her. Denied her good and she saw why he was one of the most feared men in the universe, but at the same time, anticipated by women. She anticipated every time he entered her.

More orgasms shared between two of the women burned a common goal in their mind. To be pleasured and to be hammered by the Dragon’s mighty cock in any number of ways. They anticipated every time he finished.

Hadrian pinned both Nebula and Gamora against the bed board and alternated thrusting into Nebula for a few seconds and thrusted deep into Gamora. Their hands squeezed Nebula and Gamora and made them both moan.

They both wanted to be the one to make him cum. His balls just smacked down onto them ad rocked their bodies. Impact, no question about it. It was a hell of a impact to feel his swinging balls moving and swaying back and forth. Hadrian rocked back and forth against Nebula.

Nebula squeezed his manhood and his balls almost gave way inside of her. Hadrian thrusted deeper into her, riding Nebula almost all the way into the bed.
It took some time before Hadrian reached the peak. It was a blur between all three which woman ended up setting them off. He had them on their fronts, on their backs, twisted to the side, and everywhere. Dozens of orgasms had been shared between them, all of them tempting Harry to release.

One thing was for certain. When Hadrian finished, they ended up with seed dripping from both of their holes. Hadrian rocked faster into their bodies, riding them both to the end. Their amazing end and his end as well. His muscles tightened and released inside of them.

“I’m the winner,” Hadrian told them.

There’s absolutely no disagreement from that as the endless blast of cum fired on their bodies, on the inside and the outside, and all over the bed.

The end came with both Gamora and Nebula crashing to the bed. They won, despite neither coming out ahead, somehow. Their bellies bloated with his seed as they moaned.

“We’re going to have to do this again sometime.”

“If you wish,” Hadrian told them.

They continued to feel up his strong body while resting on either side of him. They licked the excessive cum dribbling off of him and it would not be too long before their mouths moved closer towards the promised land.

Hadrian won indeed. Their bodies were drenched in sweat, holes wore out, dripping in his seed, and yet they still kept coming to pleasure him and to get more of his essence.

End.

Count of Three (Cheryl Blossom from Riverdale)

Going to a therapist had been something that Cheryl Blossom would have stuck her nose up in the air at a long time ago. However, several sessions later with Doctor Peverell and she felt more relaxed, more calm, and more secure in who she was.

“So, you’re making some headway,” Hadrian said. “That’s nice to hear.”

“Well, I had to come to terms with what happened and how much it effected me,” Cheryl said. “But, now I’m ready...although I think I still have a few issues to iron out.”

Hadrian leaned towards the attractive woman. He noticed she had been wearing slightly shorter skirts with each passing visits, not that he minded the view. However, he wondered if there was something subconscious working in her mind.

“You know you can tell me anything,” Hadrian said.

“Well, I’ve been attracted to older men recently,” Cheryl bluntly said. “Not super old, but more mature. Like people in their mid to late twenties, that much older.”

She crossed her legs and gave him a long expressive look. The vivacious redhead edged a tiny bit closer towards her doctor.

“I just want someone to take me in their hands and treat me like I need to be treated,” Cheryl said. “And I’ve thought about it long and hard, and it’s distracting.”

“Are these fantasies vivid and often?” Hadrian asked her.

“Yes,” she said. “And I think that...they keep slipping away from me once something else distracts me. It makes me all excited, but at the same time frustrated that I can’t do anything about it. I’m afraid of screwing it up. Surely there’s something that could help me become the woman of my fantasies...to get the man of my fantasies.”

The sultry young woman crossed her legs and Hadrian smiled.
“We could try hypnosis,” Hadrian said. “It would allow you to come to terms with your fantasies and be everything that you could be.”

“Oh, does that really work?” Cheryl asked with obvious skepticism in her voice. “You’re going to whip out your pocket watch and swing it in front of my face.”

She would much rather have Doctor Peverell whip something else out and wave it in front of her face. Cheryl banished that thought in the deepest darkest recesses of her brain, although it made her nipples harden slightly.

“No need for a watch,” Hadrian told her. “All you need to do is relax and look into my eyes.”

“Oh, fine, we’ll try it.”

Hadrian chuckled as he lowered his glasses. Cheryl gazed into his eyes and Hadrian put a hand on her thigh. It caused her to shift a bit nervously.

“I want you to relax, look into my eyes, “Hadrian said. “Count to sixty in your head and every five counts, I want you to take a deep breath. As you take a deep breath, I want you to focus on becoming that woman from your fantasies so you can land the older man from your fantasies.”

Cheryl closed her eyes and mentally counted. She could feel relaxed, feel a bit less inhibited and a bit more alive. She felt a lot more like the woman in those deep dark fantasies which combed around in the back of her head. She broke out into a very intense smile, the thoughts creeping into her mind.

“Become that woman, Cheryl,” Hadrian said. “Become one with her...so you can be what you truly want to be.”

The redhead rose up, and opened her eyes. Then, without another thought, Cheryl walked across the room and wrapped her arms around Hadrian’s neck.

“Mmm, doctor, I think that I need some physical therapy,” she breathed in his ear.

Cheryl dove in for an attack, a kiss to end all kisses. She invaded Hadrian’s mouth with her extremely eager tongue and Hadrian kissed her back.

It was not just any kiss, it was a kiss that blew Cheryl’s mind and sent fire spreading through her loins. Hadrian knew exactly how to kiss a woman and thankfully, thankfully, he knew exactly where to put his hands as well. Cheryl moaned even deeper the further he slipped into her mouth.

Cheryl pulled away from him with a wicked grin on her face.

“I’ve been wearing shorter skirts and tighter tops just for you,” Cheryl said. “But, I hoped that I could get you to make the first move.”

“I’ve noticed,” Hadrian said. “And I admit I was curious how far you were willing to take it.”

“Oh, taking advantage of me like that,” she breathed. “Naughty...but I’ll allow it.”

Cheryl found interest in something, the growing bulge in Hadrian’s pants. She put her hand on it
softly and squeezed it. She pulled back and began to hike her skirt up.

“Do you like my panties?” she asked him. “I wore them just for you.”

She revealed a lacy black number which was practically transparent and showed her pussy. Cheryl did a dance and showed her juicy ass against the panties as well. The redhaired siren peered over her shoulder and broke out into a soft smile.

“If you don’t like, I can always take them off,” Cheryl said with a smile. “Actually, even if you do like them... I’ll still take them off.”

She pulled off her panties and showed her wet pussy. Cheryl smiled and put his hand on her crotch. Hadrian stroked her succulent young lips and caused Cheryl to purr like some kind of sex-starved kitten. He leaned in and undid her top as well, to reveal her nice young breasts to the entire world.

“So soft, and so firm,” Cheryl said. “Touch them, please.”

Hadrian touched them and made Cheryl just break out into a soft sigh. He was all over her body now.

“Oh, you’re making me feel so good,” Cheryl said. “I bet I can make you feel good. I bet I can make you feel real good.”

“You aim to please, don’t you?”

“Oh, I’m a real people pleasure,” Cheryl said. “You have no idea how good my people pleasing skills really are.”

She popped her succulent lips and fished Hadrian’s throbbing member out of his pants. Cheryl’s eyes widened at the piece of equipment she had to work with. Those lips parted and she moaned in pleasure.

“Such a big cock,” she cooed. “Can I put it in my mouth? I want it in my mouth.”

“By all means,” Hadrian said.

The teenage vixen dropped to her knees to worship the older man. Only her inhibitions had been removed and now she was do what she felt was needed to be done deep down. And what was needed to be done was to take this big throbbing piece of meat in her mouth and suck it.

Cheryl lowered her mouth down onto him and inch by inch, she serviced the hard slab of meat which slipped between her lips. She closed her eyes and lips around him.

Being pleasured by the mouth of this sexy vixen, could there be a better feeling? Not in Hadrian’s mind, not in the slightest. He grabbed onto her delicious head of hair and pushed into her. She sucked him, hard, worshipping him with intense fever. That mouth knew all of the right spots to touch him and to get him riled up.

“You really are into sucking this cock,” Hadrian said.

She was a people pleasure alright, but there was only one person that Cheryl ached to please. She switched positions, sucking his balls while stroking Hadrian’s stiff pole. The fact she pleased this
man gave her a jump and would just fuel her ego for some time to come.

The alteration of sucking from Hadrian’s stiff pole to his swollen testicles brought him ever so closer. He groaned. The sight of Cheryl Blossom wrapping her perfect, succulent lips around his meat pole was beyond hot. He just had to have the minx and her sexy mouth all day and all night long. He put his fingers against her and slid a little bit deeper into her, rolling himself back and forth into her mouth.

“You really are into this,” Hadrian groaned. “Keep sucking my cock, and you might get a surprise.”

Cheryl loved surprises, although she half expected something creamy and tasty. And was determined to get that. She slurped on him, making the noises. She enjoyed this handsome man just pushing down her throat and thankfully, she was able to take him like it was no one’s business.

Hadrian closed his eyes and then pushed forward. He shot his load into the mouth of his sexy patient. Cheryl leaned in and brushed her cute face up against his pelvis to take him deep inside of her. Watching the redhead vixen push against his pubic hair made Hadrian just thrust even faster and bury her.

Like a prime sex goddess, Cheryl sucked him all down. She was intent on one thing, and one thing along, that was pleasing her man and making sure he got the most out of this encounter.

The moment she finished with Hadrian, Cheryl rose up to her feet. She licked her lips, sucking the juices from it. Hadrian leaned in and grabbed her ass which made Cheryl jump up and break into a sultry giggle.

“Oh, you dirty old man,” she purred. “You know what I like.”

“I’m not that much older than you,” Hadrian said. “And get on my desk, now.”

Cheryl sauntered over and put her hands on the desk. She took her sweet time climbing on top of the desk. That was until Hadrian spanked her tight ass.

“Of course, sir, I’m just playing around,” Cheryl said. “Your little cum slut is ready for you. Her pussy is so wet for you right now. And I know I can make that cock nice and hard again.”

“You can,” Hadrian said. “Don’t you realize how many times that after our sessions, with your skirt so short, with your panties practically shown, I had to grab my secretary and fuck her brains out? You little slut.”

“I bet she enjoyed it,” Cheryl said. “Because, I know I’ll enjoy this.”

Cheryl broke out into a big smile.

“And I’m your slut,” she told him. “These holes...they’re only meant for you to fuck.”

Hadrian paid tribute to her dripping pussy and buried his face in to each her out. Cheryl clawed at the side of the desk, thankful that all of his items were cleared off of it. It was almost like he planned this, although he could have had no idea what he shared with her.

“I’m nice...and wet...and I know you have to be hard...by...now!”
She barely could blurt out those words from his tongue bottoming out on her.

Hadrian savored Cheryl’s sweet taste. The cherry taste was somehow appropriate from her. Hadrian climbed up from behind her and brushed himself against her.

“Did your fantasy have an end?” he asked her.

Hadrian took Cheryl’s body and touched it all over. The kinky minx breathed in heavy.

“It always ends with you taking your big cock and fucking my brains out until I pass out,” Cheryl moaned for him. “So, why don’t you do it?”

Hadrian leaned in towards the inviting hole and pushed deep into her body. Cheryl clamped down onto him, her tight box closed it around him. Hadrian pushed in to her body and rocked back and forth a little bit. His thick erection plunged into her body and took her something fierce onto the desk.

He slapped Cheryl’s ass a couple of times and got her hot and horny for numerous reasons. He really knew how to control her body and manipulate her. Straight to an orgasm, but not too fast. Hadrian reached in and she thought no man could reach this far and touch her like this. However, Cheryl was not complaining that he was.

The race to her orgasm was on. Hadrian sped up the closer he got and pulled back. He wanted Cheryl to be a dripping wreck.

“Here’s a fun fact,” Hadrian said. “You’re no longer under my spell.”

“Are you sure about that?” Cheryl asked. “Because… I feel like I am!”

Hadrian could not argue with her assessment. And Cheryl’s body called for him, and he felt her tighten around him. It would only be a matter of time before she lost it completely and he along with her. He slow down to savor this lovely young woman wrap around his big throbbing cock.

He spanked her ass, something that Cheryl enjoyed.

“Oh, you know how to touch me in all of the right places,” she moaned. “Spank me hard, Daddy. Spank me fast!”

Hadrian noticed her slip of the tongue, but did not say anything. He just repeatedly slammed into the tight body of the vixen. She pressed against him, moaning extremely loudly the deeper that he pushed into her body. He was almost all the way inside of her and feeling her soft wet walls against her body.

“Fuck me,” Cheryl breathed in his ear. “Oh, damn it, fuck me so hard...fuck me with that big fuckstick until I fucking pass out.”

Well on his way to driving her completely beyond the bend with pleasure, Hadrian thrust a little bit deeper into her. Her succulent ass cheeks pressed into the palm of his hand. He furiously spanked her and got her groaning, moaning, thrashing, and everything else along the way. He stuck his cock into her, riding her to a very rapid and intense conclusion. Cheryl squeezed her walls around him.
“Cum for me,” Cheryl said. “Please cum for me.”

“After you.”

“Such a gentleman,” she breathed. “Always putting me first...knowing what his little girl likes!”

Hadrian indulged in her kink by pushing as deep into her. He breathed into her neck.

“It’s time to cum for Daddy, baby girl.”

Cheryl clenched her warm pussy around his throbbing hard penis, determined to get the gift inside. He made her work for it and the orgasm repeatedly flowed through her body.

“Fuck me hard,” she begged him for another moment. “Fuck me hard...harder...harder....LIKE THAT!”

Hadrian road her pussy all the way to the edge before allowing his own orgasm to flow. The release he achieved with this sultry young woman made him feel good. And the fact he helped her fulfill a fantasy made him just that much better. They joined together in the ultimate expression.

Cheryl prepared herself for the rush of cum inside of her body. Consequences would be something she would think about hours after the fact. All she wanted was to feel his warm batter seep up inside of her and make her body tingle in excitement.

The second he was finished, Hadrian pulled out. Cheryl rested on the desk for a few seconds, the river of cum spilling out of her pussy making her enticing looking. She peaked over her shoulder, sucking on her lower lip when peering at the man behind her.

“Same time next week?” she asked.

“For as often as you need to work out your issues,” Hadrian reminded her.

“Good, because not all of my kinks have been properly worked,” Cheryl said with a saucy grin.

She leaned forward and kissed her doctor, before getting dressed. The vixen sauntered out off the office, having conveniently left her panties there to be taken as a souvenir of the good Doctor’s conquest.

Chapter 347(Nymphadora Tonks)(3/14/2019 Update 1 of 2)

One more week of Breeding Ground Chapters(at least outside of blog exclusive content) will be taking place and next week, the official announcement of the Secret Potter Project will take place in Breeding Ground Chapter 350.

Breaking Boundaries(Nymphadora Tonks from Harry Potter)

Harry gazes up at one of the most alluring sights on the planet. An absolute vision of beauty which gets the blood stirring straight to his loins. He groaned the very second she entered the room and more importantly when she put her hand on his crotch, only covered by a pair of shorts which were threatening to rip free of his erection.

Nymphadora Tonks kneeled between his legs, wearing a skin tight black catsuit. The latex of said suit clung to every single inch of Nym’s delicious body. She styled her hair into a long and alluring black curtain to hang on one side of her face. Her lips were perfectly juicy and plump and her violet eyes shined. Her face was completely soft, neck elegant and long. Harry gazed towards the front of her top which had a hole in it where her large breasts almost sized out. Her flat stomach, long legs, and wide shapely ass added to the package.

Not to mention, with the right shift, Harry could see the lips of Nym’s tight pussy. Also the cat ears, natural cat ears, were a nice touch. Nym moved a bit closer towards her man and nuzzled up against him.

Having an older and adventerous girlfriend did have it’s advantages. Nym leaned down towards Harry and lightly placed her hands against the side of his face. The two of them moved closer to each other. Their tongues almost met with passionate fire, prior to Nym pulling ever so slightly away. She dug her nails into the side of Harry’s face and took in a deep breath.

“Someone wants me to get his cream.”

The hottest thing in the world happened as Nym shifted her body slightly so it crew soft golden fur. Her eyes shifted to be more catlight. A tail started to poke out of the suit and wrap slide playfully underneath Harry’s shorts to pleasure him. Nym leaned in a bit and nibbled the side of his shoulder.

The sexy catgirl moaned in his lap, and Harry rose up. He ripped open the front of her top and her large breasts, covered in soft fur, bounced out. Nym grew them as big as she would dare and Harry pulled on them. He nuzzled his face between her chest.

“So soft,” Harry said.

“I’ve been a bad kitty thinking about my master like this,” Nym purred in his ear.

The powers of a shape-shifter could be interesting. Why would one want to even be in any kind of base form when they can push limits like this? Nym never liked staying in a natural form and now she was able to indulge her kinks to the next level. Harry burying his face in his chest and sucking on her fur covered breasts made Nym size up.
“Oh, master, you’ make me feel so good,” Nym breathed.

She teased him with her tail a bit and she wanted a taste of him. Nym lightly nudged him away and Harry slid halfway across the bed. Nymphadora pulled down his pants and revealed his throbbing hard cock which stuck high into the air. She licked her lips when leaning a bit closer towards it.

“Mmm, kitty likes,” Nym purred.

“Well, why don’t you get your cream?”

Nym parted her perfect lips and took him into her mouth. Her hand squeezed his balls and Harry groaned. His manhood bucked up and pushed into the back of her throat. Nym came a bit closer down onto him and nuzzled her perfect and warm nose into his pelvis button.

Harry grinned at her and scratched Nym behind her cat ears and caused the woman to moan. Her dark hair shifted a little bit so Harry can scratch her ears and neck. She rewarded her master by going down further on him, enveloping his big prick between her succulent and powerful lips. Harry held on to her and bucked his hips up a couple more feet, hitting her at all of the right points.

“Good girl,” Harry told her. “Good kitty...you’re about to get your cream.”

The sexed up catgirl only redoubled her efforts and continued her expert blowjob of her lover. He pushed up and down, working her mouth over. She moaned, hotly and heavily. Not once breaking her momentum. Nym squeezed his balls and released them with her soft fingers.

She craved every last drop Harry would give her. Her mouth widened and she tasted, tasted the joy that he was about ready to give her.

Harry gave one last groan and emptied his balls into Nym’s mouth. Her eyes locked firmly onto his the second that Harry pushed up and down into her mouth.

“For….it’s good,” Harry said. “Oh, Nym, I love your mouth...always so warm.”

Nym lapped up the spurting seed from his gushing cock. She put her hands underneath his balls and pumped them to get more seed spraying into her mouth.

The second things stopped, Nym pulled up and then wrapped her legs around him. She pushed against his body, breasts against his muscular chest.

“You’re making me so wet right now,” Nym purred. “My pussy is yours. It’s always been yours.”

Nym turned over onto her hands and knees. Harry tore into the crotch of the cat suit, also exposing Nym’s tight hole. He pushed a finger into her ass and caused the sexed up catgirl to moan even more. He rubbed the fur against her pussy, finding her clit and making her thrash and moan.

The hot woman clutched onto her breasts and squeezed them tightly. She broke out into several heaving thighs.

“Am I making you into a horny kitty?” Harry asked her.

“YES!” Nym yelled. “I’m a very horny kitty...why don’t you fuck this horny kitty?”
Harry had other plans. Many of which involved burying his face in between her succulent thighs and eating her out. Nym’s fingers extended into claws and she tore into the bed.

This caused Harry to stop eating her out.

“Bad kitty!”

Harry spanked Nym on her ass. He tagged her round ass which jiggled underneath his palm. Nym looked over her shoulder, with a half apologetic, and half seductive glint in her eyes.

“Sorry, I get excited,” Nym said with a grin. “How about I make it up to you?”

It was pretty obvious exactly how Nym wanted to make it up to him. The kinky cat girl wrapped her breasts around his stiff pole. The soft fur tickling him resulted in pleasure shooting through every single inch of Harry’s body. He rose up and rocked between her tits. Feeling the squeeze of those breasts clamping down onto him and causing him a tingle, the tingle spread even deeper through her body.

“Oh, damn, you can be such a good pet sometimes,” Harry groaned.

“Only willingly to please master,” Nym commented with a sultry smirk.

She leaned in and licked the tip when it slid out between her breasts. It was an amazing feeling, the number of times her breasts closed down onto him and released him. Harry clutched her tits and bounced them, allowing them to slide all the way down his pole.

Harry groaned the more times that he pumped inside of them. He could feel his balls about ready to burst.

“Oh, not yet, master,” Nym said.

She denied Harry his orgasm. Nym crawled on all fours on the bed. Her back slinked and tail swayed. Her ass moved in a very hypnotic manner which sent a swelling of blood through Harry’s loins. He knew there was pretty much no choice whatsoever. He needed to get in there, and more importantly, he needed to take her. He needed to take that sweet pussy and give her everything that she was worth.

“Come here, lover,” Nym practically purred. “Give me that big cock and fuck me like you own me.”

Harry climbed a bit closer towards her and sunk deep into her wet slit. Nym’s pussy pretty much called for him. He sank deep into her moist canal and groaned the very second he entered her lovely body. Her round ass cheeks jutted out for him to grab onto, squeeze, spank, and do pretty much everything he intended to do with. Harry pulled back all the way and sank directly into her warm pussy one more time.

“So good,” Nym purred over her shoulder. “You want to fuck me? I belong to you now...master...take that big cock and make me your bad little kitty.”

His deep thrust sank into her body. Nym’s walls grew very tight around him. She always kept her nice pussy, thanks to her many gifts. However, Harry felt it was tighter and warmer. And the fact
the fur and her tail brushed against his aching balls added an appeal and alluring to this situation.

“Oh, Nymmy, you’re a bad kitty indeed,” Harry breathed. “Lusting after your master like this.”

“Yes, sir,” Nym said. “Nymmy the kitty wants her master’s nice warm milk in her tight hole. She wants to have some kittens of her own.”

Harry only sped up. There was no place like home like a nice warm pussy. He leaned in and rubbed Nym’s soft fur. It felt very nice against his palms and he touched her in spot which made he mewl. Harry kept working himself over and stretched his fingers to grip the underside of her succulent tits.

Nym closed her eyes and locked his invader into place. He touched Nym in the place which she was most sensitive and that was worthy of it’s own reward. He repeatedly pumped himself inside of her, taking his hips against her and slamming into her body.

“Oh, master, I’m so horny,” Nym said. “Oh, you’re making your kitty cream herself.”

The cat girl thrashed and appeared to be in heat. Harry leaned in and pulled lightly on her tail which caused Nym to break out into more soft moans. He was deep inside of her and could go even deeper. He wanted to ride her all the way out to this orgasm, before switching to a new play.

Nym grabbed onto the pillow to almost upend it from the bed. She resisted the urge. The kinky woman always felt so primal, so naughty, and Harry fucking her in this form without any hesitation made her purr, literally and figuratively. Such a good cock should not go to waste on a man who would claim to want to see her base form. They should have some fun. She was given these powers for a reason after all.

The horniness Nym experienced retreated into warmth from her pussy. Harry was there and not only inside of her, but touching her. Nym did not bother to disguise her moans, despite the fact that Fleur was fast asleep three doors down.

In fact, Fleur being fast asleep three doors down only made Nym want to moan even more. Harry planted himself into her as deep as possible.

The fact she pulled out, made Nym whine.

“And here I thought you were a cat, not a dog.”

“No, my cousin’s the one who's the bitch.”

Harry just rolled Nym over and her succulent legs parted. The fur on them stuck up with arousal, with Nym’s sticky juices coating tem. Harry lowered himself over her inviting hole and prepared to take her into the bed. Nym’s passionate gaze locked onto his own.

“I want you, so badly,” Nym breathed in his ear. “Are you going to take me, master?”

“I want to watch the look in your eyes when I do this,” Harry said. “Knowing that you want my cock and my cock along.”

“Why settle for the rest when you can have the best?” Nym asked.
Harry did not think of any reason why. He palmed Nym’s breasts. Throughout his relationship, he gave more confidence, establishing a more dominant role. Truly, it was who he needed to be and who Nymphadora was meant to be. She wrapped her nice legs around him the second Harry sank inside of her.

The sorcerer pushed slowly into her. Making Nym feel every single last inch. She practically thirsted for him, and thirsted for his manhood. Nym gripped down onto him very tightly and squeezed his hips. Her cat eyes looked into his startling green eyes. Her tail also wrapped around his torso to pull him in tighter.

“Master, I want you all the way inside,” Nym said.

She practically purred the second Harry bottomed out into her body. The heat emitting from their frames were extremely stunning. Harry grabbed on tight to Nym and pushed a bit deeper into her body. He rose up all the way out of her and shoved himself into her body. Nym yowled in pleasure the faster he rose and fell inside of her. The heat emitting from his body was extremely strong and she could soak in the pleasure he had.

“More for me,” she begged him. “More for me.”

Harry worshipped her succulent breasts and made Nym just shift and moan in pleasure. He was deep inside of her, with several pushes into her. Harry rose and fell, dropping his thick balls onto her warm thighs. Harry ground up against her and made her breath in.

“All for me,” she breathed.

“Yes,” Harry said. “Tell me where this naughty kitty wants her cream.”

“Right in her pussy,” Nym said. “You always take care of your pussy so nice, master.”

She clenched him hard upon her orgasm. Harry really got her body rising and falling upon the bed. Every time he dropped into her, his thick balls slammed down onto her body. Nym raced herself closer to the edge. She knew that one way or another, he was getting close to exploding inside of her. She could feel him.

Desire only rushed through her body. Harry cupped Nym’s sizeable tits and shook them in his hands. She looked up at him with eager eyes, and he rocked into her body.

He moved her succulent tits which started to spurt milk for him. Nym was extremely aroused now and Harry got a little milk of his own by sucking on her lactating tits. That caused her to moan the deeper he pushed into her. Harry was grinding against her and edging towards both of their orgasms.

“Master!” she hissed. “So good.”

Harry knew it was so good, nice and deep inside of her. Waiting for his muscles to tense up. His orgasm caused every nerve ending of his body to register the pleasure. What did not feel the softness of Nym’s lovely, thick, fur felt the tightness of her warm fur. She squeezed him, getting some milk from the source.

Nym pushed him inside of her and the two of them came together. The race of his thick creamy fluids into her overly fertile womb made Nym buck her hips up. She wrapped her legs around him
and moaned sensual sounds in his ears. Her body was taken on a roller coaster ride the faster Harry jammed inside of her.

He pulled almost out of her body and let Nym drop down on the bed. She was overflowing with his gift.

Nym flashed him another naughty smile and contorted her joints so the naughty catgirl could bury her face between those soft thighs. Harry watched the view of Nym eating her own pussy out thanks to the contortion of her body. The sexy Nymphadora made a production of eating herself out, while maintaining eye contact with her master.

Metamorphmagi, the gift that kept on giving.

Nym finished her meal and it tasted good. Both her juices and Harry’s cum made a nice mix. She gave him a predatory smile and crawled over to put her head on his lap. Harry lightly scratched her ears and neck.

It was only a minute before Nym situated herself and began to clean Harry off.

“Good girl,” Harry said the second her lovely mouth caused him pleasure.

End.
Eager to Please (Buffy Summers and Faith Lehane) (3/14/2019 Update 2 of 2)

One more week of Breeding Ground Chapters (at least outside of blog exclusive content) will be taking place and next week, the official announcement of the Secret Potter Project will take place in Breeding Ground Chapter 350.

Eager to Please (Buffy Summers and Faith Lehane)

The sexy blonde clad in a red nightie pushed her thighs apart to present her pussy to be devoured by the seductive brunette wearing a sheer black nightie. Faith Lehane’s warm tongue pushed deep inside of the accommodating and tasting pussy of Buffy Summers. Making her breath for several minutes, the faster that tongue got in.

“You should register that as….mmmm!”

Words failed Buffy in situations like this. Faith knew exactly how to hit all of the right buttons, with only one person able to hit those buttons with more precision. Faith took control of her body and regulated just how much pleasure Buffy received. Buffy always was left dripping and wanting even more.

Faith found herself between the tantalizing thighs of her fellow Slayer. The moans Buffy made ensured that Faith would be able to go down on her for quite some time to come. Knowing that Buffy was going to ooze all over her face, Faith dropped down and munched out the sexy slayer. Hungrily lapping up her juices until Buffy started to squirt.

She pulled away from Buffy and kissed down either side of her legs. Faith stopped short and crawled over Buffy’s body. Skin upon skin contact brushed their sexy bodies against each other. Faith placed her hand on Buffy’s face and leaned ever so closer towards her body. Their lips almost met in a tantalizing sensation, almost parting their way to each other. Buffy begged for a kiss.

“I could just eat you up right now,” Faith said.

“And I’d let you.”

One of Buffy’s firm breasts slipped out of her top. Faith squeezed the erect nipple, stopping only to see the door open.

“You two ladies couldn’t wait.”

Buffy and Faith turned to the handsome young man entering the room. Hadrian Peverell, the man who gave them pleasure more than they could dream about, marched in. Instantly, Faith crawled across the bed and parked herself at the foot of it. She looked up at her master with a pleasurable smile.

“Well, we were just getting ready for you,” Faith said. “We wanted to be nice and ready and wet by the time you get home. So you can slide that big gorgeous cock into us and fuck us until we’re bored.”
“Or, you’re worn out and can’t take no more,” Hadrian said with an ear to ear grin.

Faith nodded eagerly and slipped the straps of her nightie down to reveal her breasts, but Hadrian stopped her. She whined and Hadrian leaned in to kiss Faith forcefully on the lips. The precision which his mouth pushed against hers almost stunned the Slayer.

“Why don’t we undress you, sir?” Buffy asked.

“I’d be delighted.”

Both Buffy and Faith kneeled on the bed while he stood at the foot of it. Both of the sexy slayers moved in and undid his shirt. Their hands pushed against his chest and abs, rubbing him all over. Buffy and Faith took turns kissing his body, worshipping it as the marvel.

Faith decided to dip her hand a bit further down. She cooed when squeezing his cock.

“This looks promising,” Faith said. “I have to have this in my mouth.”

“Not if I get there first,” Buffy said her.

“Ladies,” Hadrian told them with a reproachful expression. “What did I tell you?”

“Sharing is caring?” Buffy asked when biting her lips.

“And there’s more than enough to go around,” Faith said.

She undid Hadrian’s belt and dropped it down to the ground. His shorts revealed a massive cock, with each one of the sexy slayers taking a side of it. Their warm mouths worshipped him all over. Their wet tongues licked down the edge and brought him pleasure.

It was nice to come home to such lovely and devoted pets. Both of them eager to please. They moved closer and met on the tip of his head. They shared a sensual kiss for his benefit, their lips also pressing over him.

Eventually, Buffy took his head while Faith licked down the length. She moved between and grabbed his large balls, stroking them up and down. Buffy swallowed him, barely able to get him down. But an encouraging stroke on the back of her neck and a slight push allowed her to take him into her mouth.

She throated herself onto him, barely gagging on him. Now that she was used to her master’s cock, she was able to take it with more ease.

“Mmm,” Faith moaned. “So heavy.”

Faith squeezed his balls and leaned in to suck his balls. She looked like a whore, but a very classy one. Her eyes wandered up to Hadrian’s face to see the pleasure coaxing into his eyes. Both lovely ladies worked themselves forward and into the situation. His loins repeatedly pressing against her face and repeatedly rising up. The pleasure only increased the further the two of them went on him.

Nothing could be better. Two sexy slayers using their mouth to worship the living god before them. Hadrian stroked their hair, his fingers becoming entangled in both blonde and brunette strands.
Both of them looked extremely lovely, with working their mouths onto him.

Buffy swallowed Hadrian’s cock. She could taste a bit of him, but she wanted to taste even more of him.

“That’s enough.”

Buffy and Faith pulled across. Hadrian swung himself and slapped them across the face with his throbbing manhood.

“Master, how about I fuck her mouth while you fuck her from behind?” Faith asked. “Wouldn’t that be hot?”

Faith groped his balls when she said this and kissed him on the abs. His crotch pushed forward, and presented his cock.

Buffy drooled at the sight of it and longed to have it inside of her, just breaking her down a little bit at a time. She could barely keep her head above the water.

“Excellent idea,” Hadrian told her. “Buffy, hands and knees, and present yourself for me.”

Buffy dropped down onto the bed, the sultry smile increasing the second she dropped down onto the bed. Hadrian put his hands on her hips.

Faith produced a strap on from the bedside table. Maybe not as sizeable as Hadrian’s cock, but it was still good in it’s own way. She sauntered over to Buffy and grabbed the golden haired vixen around the face. She parted Buffy’s lips open and Buffy broke out into a surprised moan.

“Open up wide and take your medicine, Summers,” Faith told her.

The cock pushed deep into her throat. It felt about as real as something could be, without being the real thing. That thought made more sense in Buffy’s head, and she decided that she would not have any more coherent thoughts for a long time.

While Buffy was nice and wet from the early play with Faith, Harry could not help and go down between her legs and eat her out. The Slayer’s was only too happy to feed her master more of her pussy. The hotness increased around them the second Hadrian went down into her.

After several minutes, Hadrian came up. His cock was rock hard and ready to get some nice tight Slayer pussy wrapped around it. He pushed into Buffy. Her walls eagerly parted for him, and the second he was deeper inside, they just as eagerly squeezed him.

“Such a good girl,” Hadrian said. “Taking a cock in your mouth and another in your pussy. You were meant for this.”

“She really was,” Faith said. “Oh, I can just face fuck the hell out of you.”

And that’s what Faith was doing. She pushed deeper into Buffy. Those dirty eyes locked onto Faith’s and that just made Faith even more persistent with what she was able to push into her. Her hips repeatedly drove deeper into that much.

“That’s fucking right, suck that cock!” Faith cheered. “Suck it like it’s your job! Suck it like you
belong on some street corner!”

Harry enjoyed Faith spurring Buffy along. He did not want to make her forget about the cock going inside of her. He pushed deeper and faster into her. Hadrian rode out Buffy to an orgasm.

“No, not yet.”

Some invisible wall stopped Buffy from cumming. She groaned, frustrating mounting her. Just as much as Hadrian mounted her to be perfectly fair. He knew exactly all of the right buttons to push and to drive her completely mad with desire, with lust, with everything she could have ever dreamed about.

“Cum often,” Hadrian said with a teasing push.

Buffy could not help and let out a moan. This caused Faith to let out a sexual growl which stirred even more of Buffy’s juices up.

Hadrian edged Buffy a bit closer to her completion. He dug his hands into her ample butt and spanked her a couple of times.

“Oh, she’s a kinky little bitch, liking getting spanked when she gets fucked,” Faith said. “Keep sucking me off, babe. Get me nice and wet so when it comes time, I can really please our master.”

There was no question about it, Faith really did not have room to talk. Hadrian marveled at her. The sight of Faith face-fucking Buffy until she drooled was hotter than a scorching sun. The reaction of Buffy’s latest denial and her digging her nails into Faith’s thighs made Hadrian just smile.

The process repeated again and again. Hadrian could feel his loins aching, the more he denied Buffy, and by proxy, denied himself. He wanted their orgasm to be one of the best shared.

“She really wants to cum,” Faith breathed. “Oh, so desperate. It’s almost sad...if it wasn’t so hot to see her whimper like a kitten.”

Buffy could not protest this at all. Mostly because she was being driven completely insane by Hadrian’s repeated denial just as she was seconds away from cumming. The big throbbing dildo ramming into her mouth helped things along as well. Buffy almost coughed a couple of times.

“Closer,” Hadrian said. “Next time.”

Of course, next time did not mean this time, and Hadrian denied Buffy again. She really wanted to cum, and his heavy balls brushing against her pussy, showing her how much there was in reserve, did not help matters either. Buffy’s frustration hit a new level, a fresh new peak, one which was beyond anything.

“Next time,” Hadrian reminded her again.

Buffy heard that the first time. It was almost like he dragged this out, torturing her body. Making her just gush on the bed underneath him, gush around his throbbing hard tool. A tool which Hadrian smashed into her pussy and took him deeper and faster into her.

“Yes,” Faith said. “She’s going to lose it. I just feel it. Don’t you feel it?”
“Yes,” Hadrian groaned.

He rode Buffy to the end, and this time, she was going to cum for him. Her warm walls closed down onto him, pressing against him on all angles. Hadrian pushed a bit deeper inside of her and rocked her body. His swinging balls cracked Buffy on the thighs the faster he drove into her.

“Closer,” Hadrian breathed in her ear. “You’re going to cum for me now, aren’t you?”

Buffy did not deny this. She was cumming and cumming hard. Hadrian let out the full force of all her past orgasms. She oozed all over his cock, squirting like an overripe orange all over him. The juices spilled out and lubricated him to allow him into her. He pounded into her.

“And it’s my turn.”

The gift she sought for a long time ended up splattering inside of Buffy. Her walls received a good coat of paint from Hadrian spurting into her. The seed raced into her body, making her succumb to him with a surprising orgasm. This one drained all of the resistance out of her.

Faith thrust into Buffy’s mouth and ended up shooting so much warm juices into her. They saturated Buffy’s mouth when she rode her all the way to the end.

A tingle came out of Faith as she watched her master finish up in Buffy. She took the strap on off. Faith licked her lips and crawled over to Hadrian. She grabbed his member and caused him to look at her with lust.

“I’m yours,” Faith said. “Take me, please. I’m horny as fuck.”

Hadrian tore off her night dress and devoured her chest with the ravenous fury of a beast. Faith enjoyed being his prey, because she got touched all over. She was hot as hell and ready to ride him until she got filled up with a stomach swelling amount of seed.

She squeezed Hadrian by the bicep and kissed down his throat. She moved down to worship his body.

“Lay back, Master,” Faith said. “Let me take good care of you.”

“Do a good job,” Hadrian said.

With his member at attention, Faith worshipped the length with her mouth and hot tongue. She repeatedly danced against his member, going down to the base of his cock and then worshipping his balls. She then kissed up it and then put it into her mouth, to suck it.

Buffy’s hot juices poured from his manhood and allowed Faith to drive down a little bit further. She brushed the point of her nose down and then came back up to suck on him. Faith swirled her tongue back around and then came back up onto it.

“I’m gonna make you feel really good, lover boy,” Faith said. “May I ride you, Master?”

“It would be an insult if you didn’t.”

“I wouldn’t want to do that.”
Faith climbed on the tip of his manhood. It parted her wet lips, moist and ready to receive. After all of the fun she had with Buffy, it was more than overdue she would get her master’s thick tool inside of her body. Faith gazed down into his eyes and then she dropped down onto him.

The warmth of Faith’s pussy clamped around Hadrian’s rock hard tool. He could not resist her, not even for a second. Not that he wanted to resist someone this beautiful, this willing to take him and to ride him almost into the bed. Faith squeezed down onto him, rocking him back and forth.

She felt so full and the fun was just about ready to begin. Faith made sure those eyes locked onto her. She squeezed him and got his attention.

Faith ran her hands all over her succulent body. Every inch of tantalizing flesh just came out and burned under Hadrian’s gaze. Faith broke out into a very sexy smile and rose and dropped onto him. Her thighs smashed down onto him, while riding him into the bed. Faith knew exactly where she wanted to go with something like this. She knew exactly where she needed to be, to feel him inside of her.

“Fuck me,” Faith purred. “I need your big cock in me fucking and I need it now.”

“Oh, it can go deeper.”

She pushed all the way down. Faith’s warm box closed down onto him. Her lips curled into a smile. A small gaze at the battered Buffy, still with juices oozing out of her hole, gave Faith a nice little preview for her future. A future full of pleasure as far as she was concerned.

She bounced up and down, taking more of Hadrian into her body. Faith squeezed his manhood as tightly as possible and released him. She broke out in a whimpering cry and kept riding him faster and faster into the bed. Faith rocked herself down onto him and mewed in pleasure.

“Fuck,” Faith breathed. “Oh, you touch me like that all you want...because I belong to you.”

Hadrian pushed his fingers against Faith’s nipples and squeezed them. She rocked back and forth. Even the barest touches got her.

It was a tiny rush to her loins, of the orgasm. Faith smashed her body down onto Hadrian’s. The sultry Slayer leaned down and pushed her nipples against Hadrian’s body. Hadrian put a hand on her backside and squeezed it hard, spanking her very tightly.

“Yes,” Faith purred in his ear. “Touch me anywhere you want to.”

“Mmm,” Hadrian breathed.

“Yes,” Faith whispered in his ear. “Yes!”

Faith squeezed his manhood and released it a couple more times. She pushed up and down onto him. That tight pussy closing down around him and releasing his thick manhood. She knew exactly all of the right buttons that needed to be pushed.

However, when she was on the edge of cumming, Hadrian stopped her. Faith groaned.

“Did you really think it was going to be that easy?”
After her ride finished, Hadrian rolled her over, putting Faith on her back. Her legs almost spread out and knocked over a lamp. Hadrian brought them back around and guided himself deep into her. His mighty tool danced against Faith’s warm pussy and made her almost scream in pleasure.

“You want me back inside of you?”

“YES!”

Faith sank her nails into him. Hadrian’s stern expression cased the lust burning woman to focus on him.

“I’m sorry, but I couldn’t help myself.”

“I’ll forgive you once,” Hadrian said. “But, you’re going to have to work extra hard for your orgasm this time.”

Hadrian hoisted her leg up and spread it harder. He clamped down on the succulent flesh and got Faith going, mewling, breathing in pleasure.

“Is that clear?” he asked her.

“YES!” she asked.

“Yes, what?”

“Master!”

He rewarded Faith for her compliance by jamming twelve inches of throbbing hard manhood into her tight wet pussy. Faith closed down onto him, and broke out into a lustful moan. Hadrian was almost inside of her and then all the way out of her with a couple more pushes. He rocked her body and sent her into a fitful state of lust.

“I’m glad that’s clear,” Hadrian said. “It’s clear just how much I own your body as well.”

Hadrian cleared his throat and Buffy sat about as bolt upright as possible.

“Sit on her face.”

Such was the power he held over these sexy women that Hadrian did not even need to ask Buffy to crawl backwards to do so. The willing blonde did it anyway. Faith looked up just in time to see Buffy’s gushing cunt slide into position. Faith opened her mouth, a soft moan popping between her lips.

“Turnabout is fairplay.”

Buffy smiled and sank her hips around Faith’s face. Now Faith resumed eating Buffy out, this time with the added taste of her master’s gift just trapped inside.

Hadrian rocked forward back and forth. He made sure Faith could feel him laying pleasure on the inside of her body. He rose up and dropped down to bring his heavy balls. All while taking Buffy’s ass and squeezing it nice and tight. The sultry Slayer moved back and forth.
Every thrust brought Faith anticipation and also dread. Would this be the time her master would finally let her cum? She did not know and she would find out.

Denied at the very last second, but at the same time, the denial was not long. It was all about the chase, the game of cat and mouse that Hadrian played with her. He teased every inch of her body, rocking deeper and deeper into her. Faith closed and opened her wet hole, breathing in heavily.

“Yes,” Buffy mewled. “You know what it’s all about.”

Harry rose up and down to rock against her. Faith’s tight body and Buffy’s bouncing ass was a combination that could not be defeated. He grabbed ahold of Buffy and made her break out into a pleasurable scream.

He rocked faster and faster into her tight body. Faith almost coaxed an orgasm out of him. Hadrian slowed down and could hear her.

“Oh, denied.” Buffy breathed.

Faith did not need to be reminded how much she had been denied by her strong master. He moved those strong hips into her, burying more into her body. She was getting close and intended to drag him over the edge alongside of her if it was the last thing that she did.

The sultry slayer channeled the frustration into her tongue.

Faith was almost painfully tight and painfully eager as well. Hadrian would not have her any other way, the amount of times he plunged into her body. He rose up high and took his cock into her body. He lifted his hips and drove down into her. The succulent sound of flesh kept echoing the faster and faster she plunged inside.

He got closer. But, not quite. He wanted to edge Faith out through her orgasm and made her feel the pleasurable just building up inside. Hadrian crashed down onto her, his powerful hips moving into her with rapid firesmashes. Faith closed down onto him and released him.

She came, boy did she ever come. Hadrian slapped his balls down onto her and made her keep rocking numerous times. Back and forth he went.

Finally, the edge had been taken off of her and Hadrian rode her almost into the bed. He denied her no longer, and instead rode.

“Cum for me again,” Hadrian said.

Faith burned with determination to make her master feel so good. The Slayer grabbed and released him with several pumps. His body tingled and the muscles in his groin tightened. Faith intended to make him spew, and make him blast her insides with everything he was worth.

“Right in me,” Faith murmured when Buffy slid back. “Cum in me...cum inside of my nice pussy. I need it badly. Give your slave her reward.”

Hadrian rode her out through another orgasm. Her constant orgasms were almost intoxicating. He managed to look Faith straight in the eye when both of them came. Their bodies coursed with Faith tightening the grip her legs held around his body.
He pumped his seed into her, allowing Faith to put the squeeze onto him. She moved back and forth, chest thrusting into the air. Hadrian squeezed her warm breasts and made her cum even harder. Hadrian was not done with her, not until he rode her straight into the bed and emptied his full balls into her.

The warm blasts of seed made Faith smile. She could feel her stomach swelling with his juices.

Hadrian pulled out, just in time for Buffy to sink herself onto his lap one more time.

His girls were always right there to take care of him. And Buffy got him going in no time by grinding her succulent body over his.

Hadrian squeezed her tits as Buffy brought her master inside of her tight pussy, with Faith observing at the end of the bed, like a horny puppy dog just ready for some attention.

He was going to give them both all of the attention that she craved.

End.
The visual of the attractive redhead fast asleep was such that Harry could not tear his eyes away
from her. Her enticing body without an ounce of fat, wearing nothing other than a lacy purple bra
and a matching panties. Her round breasts, flat stomach, tight ass, and long legs all drew his
attention.

“She’s hot, isn’t she?”

Harry turned around with a smile as his loving wife, Sara, stepped in behind her. The two shared
pleasantries with a passionate kiss. Sara pulled away when stroking her husband’s strong arms and
already tried to unbutton his shirt.

“I’ve noticed.”

Sara grabbed Harry’s crotch with an unapologetic smile and moved closer towards him. She kissed
up his neck, to the point of his ear, and broke out into a smile.

“So, I’ve noticed,” Sara said. “But, I can’t blame you for this...because she’s gotten me all hot
herself. To think, your barely legal mother is sleeping in the next room and we’ve both been
oogling her body.”

Sara leaned closer to Harry, while stroking his crotch through the fabric of his trousers even more.
She leaned closer towards him and broke out into a wide grin.

“We might have a bit of a problem,” Sara said. “And I should correct it.”

Harry growled at her and grabbed Sara’s ass.

“On your knees to fix it, then,” Harry said.

Sara just flashed him a cocky smile and took her sweet time unbuttoning his shirt. She planted
sultry and passionate kisses all over Harry’s body, and down to his abdomen area. Sara leaned in
and rubbed her nose against him and breathed on his crotch.

“You are a fucking tease,” Harry groaned.

“I know.”

She smiled and undid Harry’s pants. To be honest though, Sara teased herself. She longed to have
her lips wrapped around Harry’s cock. To suck her husband’s long and powerful dick until the
juices poured out of her face. It was not disappointing at all with Sara needing both of her hands to
grab ahold of it. She tugged ever so slightly and made sure the cock sprung out, getting closer
towards her lips.

“Mmm,” Sara mewled with a soft cry. “I have to have this in my mouth.”

Sara smacked her lips a couple of times and Harry stretched forward. The need to be pleasured by his wife and her perfect mouth only increased the bloodflow going straight to his loins. Sara peered up in him, a dirty expression etched in her vibrant blue eyes.

The loud sound of a slurp followed, with Sara intensely taking Harry’s cock deep into her throat and hungering for it. The cock meat shoved deeper down her throat. Harry hung onto the back of Sara’s head and rocked a bit further into her. She opened her throat to take his big cock into it.

“Damn it, Sara, you’re the best,” Harry groaned.

They took many other women to their bed, naturally, so Sara obviously intended to step up her game to secure her spot in the top of Harry’s mind. She groped his magnificent set of balls and squeezed them. A hot movement caused Sara to crane her neck and work up and down on him. She was blowing Harry in one of the most magnificent ways possible.

The door opened up, although Harry did not register that. For Sara groped his balls with one hand, his ass with another hand, and drove her experienced mouth down onto it. A loud pop echoed with Sara burying her face into Harry’s crotch and his manhood down her throat.

Harry put his hand on the back of Sara’s head and rocked back and forth. Every time he hit her throat, the vibration from said area sent pleasure waves down Harry. He rolled back and forth, breathing out loud. Harry pulled on Sara’s hair and face-fucked her. Exactly what she liked, judging by the sounds she made.

The tightening of his loins came nearer, and Harry wondered why Sara was giving the thumbs up to someone.

He turned around and saw Lily Evans, age sixteen, slumped against the wall. Her mouth hung completely open. One hand was clutching the wall. As for the other hand, well it absent mindedly slid down her pants and started to rub her pussy lips. She breathed in and out.

The sight of Sara blowing him off while Harry’s own young mother masturbated herself made Harry lurch forward. He leaned into Sara and sent his juices flowing. His entire body ruptured with pleasure and a constant dosage of seed into her body. Harry pushed deeper and deeper into her mouth. The constant barrage of juices shot more than enough for Sara to feast off of and she feasted.

Sara sucked her husband while also milking Harry’s throbbing balls. She leaned into him, repeatedly driving her tongue around him. Sara was hot as hell and ready to go for another couple of rounds but the sight of the younger woman masturbating herself drew Sara’s attention over.

The mischievous blonde shot up off of the ground and winked at Harry. Sara sauntered towards Lily and grabbed her hand before pulling it out of her pants.

“I can explain,” Lily said.

“No need,” Sara said. “I knew exactly what you were doing.”
Sara licked each and every last one of Lily’s fingers.

“And you taste particularly naughty,” Sara breathed, a cum bubble from Harry blowing out of her mouth. “And I think you’re going to enjoy this taste as well.”

Without any pause or any remorse, Sara drove in and smashed her lips against Lily’s. The younger girl had no choice, but to accept and even enjoy this aggressive kiss. Sara dug her nails into the side of Lily’s face and repeatedly forced her tongue inside.

Sara shared Harry’s seed with Lily. The two of them enjoyed this makeout session, with Lily’s hand moving down Sara’s back. Sara pulled away from her.

“You can squeeze my ass,” Sara said. “Everyone likes to.”

Lily put her hand on Sara’s ass and breathed in. Girls weren’t built like that at Hogwarts. Although to be fair, Sara was no girl, she was a woman, a beautiful women, who the inexperienced young witch made out with and was now grabbing her ass. And Sara groped her body as well.

“It feels good to do this.”

Sara turned Lily around and undressed her. Lily could not believe she allowed this older woman to use her like a doll, but it was very exciting. Especially when Sara touched her in addition to stripping off those articles of clothing.

Harry’s cock already stood up at attention.

“Harry’s happy to see you,” Sara said. “Why don’t you say hi?”

Lily’s eyes widened when she caught sight of the erection Harry was sporting. It was extremely massive and she wondered how Sara was able to deep throat him.

“Practice,” Sara said almost as if sensing Lily’s question. “Constant practice. I didn’t do so well the first time, until I got comfortable...but you didn’t greet him.”

“Hi,” Lily said in a shaky voice.

“Relax,” Harry told her.

It took a second for Lily’s brain to kick in as he wrapped an arm around her and pulled her closer into his body. He smelled so good, Lily could barely even register any coherent thoughts. And when he touched her, oh that felt so good as well. It felt better than good, with his strong hands moving into position to cup her ass and squeeze it a couple of times. Lily broke out into a soft moan when he touched her.

“You want me to do more,” Harry said.

“I’ve never done anything like this before,” Lily said.

“Then, we’re setting an unfairly high mark for you,” Sara said when she pressed against Lily to prevent her from fleeing. “Just relax, and Harry will take good care of you.”

There’s no question about it, Lily did want this and want it badly. She allowed Harry to lead her
into the next room. Her knees trembled slightly when Harry walked her over to the bed. His strong body was before her and Lily thought he looked handsome and she wanted him so bad.

Harry straddled the top of her and rolled his hands down her body. Every inch of her body, Harry touched and worshipped. Lily was inexperienced with such pleasure and thus it did not take her all that much to melt like butter. Sara leaned in and caressed her face as well.

“Just relax,” Sara said. “You’ll feel like a woman when Harry is done with you.”

Lily subconsciously spread her legs and Harry took her up on the invitation. His teenage mother looked good enough to eat and Harry took her nice warm juices from her. Harry swirled his tongue into her wet pussy and it tasted like sweet honey. He could not get enough of his mother.

Sara stroked Harry’s cock while he ate his mother out. She was getting hotter than hell because of this and could not wait to see what Lily made out of the piece of meat Sara currently claimed in her hand. Stroking and pumping it up and down, making it her own. The swell continued to increase.

The deep breaths continued from Lily. His tongue was magic. It sounded tacky, but that was the only way to explain a tongue like this, magic, pure magic. She threw her hips up and down and begged her older lover for more. Having some older man guide her through being a woman was something that made Lily tingle even more.

Harry took his time-displaced teenage mother’s virginity with one fell push. Her innocence pushed away, and Harry entered an extremely tight teenage pussy. Harry pulled back and forth against her. His hands coasted over Lily’s breasts. One of them rested on her ample sac of flesh for several seconds before he squeezed it. Lily shot her hips up off of the air.

Her spine arched in an amazing feeling. Lily could really not really describe how it felt. Harry touched her all over and made Lily feel so good. Harry pushed into her and she could feel her stomach bulge up and down. Harry repeatedly slid deeper into her body and pressed against her. Lily breathing increased.

His balls smacked against her and Harry pushed her legs up into the air. Lily squealed in delight when he kissed them up and down and sucked on her toes. Lily broke out into the most sensual set of squeals the faster Harry buried himself inside of her body. Her tightness closed deeper around him and milked his prick.

Sara stripped completely naked and diddled herself to this lovely sight.

“Fuck her senseless,” Sara cheered. “Knock her up with your older sister!”

That made little sense to Lily, although perhaps she heard Sara wrong in her sex-addled brain. The
orgasm rushing through her body numbed Lily’s mind and prevented her from doing anything other than taking Harry. Harry plunged faster and faster into her, with his balls smacking down onto Lily.

He got ever so closer to the end.

“I’m close.”

All sense told Lily to make Harry pull out because she had nothing to protect her womb. However, all sense went out of the window to lust. The thought of being knocked up caused Lily’s mind to go into overdrive. She pushed Harry’s ass against her legs and allowed him to ram into her.

Harry worked Lily like a piston. His heavy, bloated balls kept smashing against her succulent thighs. All to the sounds of Sara shamelessly masturbating herself to the visual.

Lily closed her eyes and moved closer towards him. The dance continued to heighten to entirely new levels. Harry leaned down and worshipped her breasts.

“Just think about how big they’ll be when they’re full of milk,” Sara said.

Sara pulled her finger and slurped down the juices. She was pleased to see this made Harry screw his mother more vigorously before her. She was getting turned on by this, seeing the redhead.

“Cum in me, Harry!” Lily moaned. “My womb...belongs to you.”

Harry pushed deeper inside of her. The last chance to pull out was at hand.

Obviously, Harry kept riding Lily faster and faster into the bed. The springs creaked when he moved closer. He felt closer to the edge and closer to spurting his juices inside of Lily.

The drops of thick, juicy cum spilled into Lily’s body. She squeezed him hard as the seed raced straight to her womb. Enough of it pumped into her so her stomach started to visually bulge because of how much Harry pumped into her. There was no way that she was not walking out of this encounter without being knocked out, perhaps with twin girls, daughters perhaps.

Harry repeatedly slid into Lily, hammering her onto the bed. Sara joined them in the orgasm by fingering herself until she was raw. She greedily observed Harry finishing dripping his payload into Lily.

The second Harry pulled out, Sara pounced upon him. She serviced Harry with her talented mouth. The sounds of slight, warm vibrations came out of the back of her throat.

Sara enjoyed the very sweet taste of her mother-in-law, sucking her husband’s big stiff prick to get so. It grew in her mouth and hit the back of her throat. She looked up with hunger in her eyes and knew she wanted an excuse to drive down onto it and have her brains be fucked out.

Lily twitched on the bed. The hot blowjob behind her was most certainly getting her juices flowing all over again. Sara pulled away from Harry and broke out into a smile.

“Don’t worry, I’ll take good care of you.”

Sara knew all of the right spots to hit a woman and drive her senseless. Nyssa taught her many of
them. And she got Lily squirming underneath her hand. All while Harry reached in and stroked her warm pussy from behind.

“You just can’t wait.”

Harry responded by nibbling on Sara’s shoulder which set her off. To be fair, that one made Sara’s toes curl. His hands coasted down the front of her body as well. He cupped her breasts and made her moan. Made Sara shift away from her meal and move onto his lap, situating herself in the hot seat.

“How badly do you want me?”

“As if that’s a question you should be asking, love,” Sara said. “Don’t you feel how wet my pussy is?”

Harry parted her walls and the wet and willing folds parted to allow him inside. Sara sank down onto him and her inner walls squeezed down onto him. Sara broke out into a soft moan when dropping down onto him. And Harry once again nibbled her shoulder.

“Am I pushing your buttons?”

Sara milked his stiff prick, closing and opening her walls around him. Yes, Harry pushed her buttons, but damn it, she pushed his as well just as well. Harry ghosted his hand over her nipples and made Sara just break out into a very soft moan. Harry slipped ever so deeper inside of her and kept rocking up and down inside of her. He picked up the pace and made Sara moan and squirm.

She clamped down onto him with even more hard intensity. Sara was really feeling the burn of pleasure. He was inside of her and just stretching out her core. All while having his hands in all of the right places. It was almost like he had four, or six hands, with how fast they grew.

Not that Sara minded if he used some kind of charm to grow extra arms. She could not verify whether or not it was an illusion or if it was real.

With a content moan, Sara turned her sights away from her loving husband and towards the sexed up minx on the bed. Namely Lily Evans who spread her legs. Sara reached in her with leg and rubbed Lily’s dripping slit with her big toe. That made Lily just break into a moan.

“Mmm, it must run in the family,” Sara mused. “You love my foot rubbing against her tender pussy, don’t you, flower?”

Lily shoved her hips up and moaned even louder. She could not deny that this is what she loved. Sara’s feet and legs were so beautiful, she wanted to play with them more.

“Turn around and kiss the bottom of my feet,” Sara told her.

Harry shifted so he could see this. See his mother worship his wife’s foot. Lily tasted her toes, making moans as if they were like candy. Sara wiggled her succulent toes on the other foot, brushing them against Lily’s face. Lily switched from the right to the left, all while shoving her mouth down onto her.

“That’s hot.”
“I figured you’d like it,” Sara said. “You like when my feet rub up and down against your big cock underneath the table, when we’re on a mission briefing. You really have an iron will concentrating.”

Sara squeezed Harry with her cunt muscles and released him. Harry held onto her tight butt and rocked her body for the next couple of minutes, edging ever so closer to climax.

“Oh, she’s a sexy bitch,” Sara said. “Go ahead, flower...use that tongue...that’s your juices that are on these toes. Don’t you like the taste of my feet?”

Lily’s eyes widened when she threw herself into reckless abandon. She kissed the back of Sara’s ankles, in addition to licking her feet and sucking her toes.

“Your mother is a foot girl,” Sara said.

Lily almost jumped up in surprise. She knew that they were on a time ship, but Harry….oh Morgana’s cunt…he was.

That did not make Lily feel bad, it made her feel horny. Her future son’s cock was the only one for Lily and she just gushed even more.

“I bet you want your son’s big cock inside of you next time you suck my toes,” Sara said. “But, don’t worry, he taught you...only so you can teach him everything later.”

Stable time loops, of course. Not that Lily wanted to wrap her head around time travel with the lust burning through her body.

Harry switched his attentions to a different hole, plugging his cock into Sara’s ass. The wonderful and tight clutch of her back passage made Harry flare up. He attacked the back of her neck, her shoulder, and every other inch of her body that he could.

“Lick me,” Sara said. “And Harry might let you ride his cock if you do a good job.”

“I will,” Harry confirmed.

“There you go.”

Lily pushed her tongue deep into Sara’s pussy, where her future son’s cock had been a few seconds ago. She buried her sexy face into Sara and munched on her. Now, any reluctance was gone and pure primal need ran through Lily’s body.

Sara saw Harry got more traits from Lily than his eyes. Namely, her wicked tongue, which repeatedly licked Sara out.

Of course, Sara could not take her attention firmly off what Harry was doing to her and that was screwing her in the ass, relentlessly.

“Oh, you have to love this,” Sara said. “How about you let me have it? You know, it would be hot if your mother ate the cum out of my ass after you put it there.”

Harry grunted is affirmation that would indeed be hot and kept plugging away at Sara’s hole. He left marks on her cheeks from when his nails dug in not that she mound. She did her best
impression of a porn star on full volume.

“Oh, fuck my ass, when your slutty mother eats me out,” Sara breathed. “That’s it, you need to fucking cum. Because I’m cumming….I’m going to cum all over your mother’s sexy face….you sexy bastard!”

Harry groaned and lost his load in Sara’s tight butt. He repeatedly rode her out, squeezing the flesh. The tightness and firmness of her ass, not to mention how shapely it looked on her frame made Harry ride himself further and further to the edge.

The combination of orgasms hit the room. Sara came over Lily’s face which made her squirt. With Harry finishing up into her ass, this made them all settle into a brief moment of pause.

Sara found herself hoisted off of Harry’s lap and wrapped up in ropes, along with a ball gag. Lily crawled over her and grinned.

“Oh, now the shoe’s on the other foot,” Lily said, a bit of fire in her eyes. “You’re going to watch me ride Harry and you’re not going to be able to do anything about it.”

Okay, any woman who could use ropes like that was a keeper in Sara’s mind. She watched as Lily crawled in a very sultry manner towards her son. A door opened in her mind.

They may have unlocked the door for Lily’s heritage, which would mean fun times for all. The budding succubus put her hand on Harry’s crotch and pulled up towards him.

“So, you might be my son in the future,” Lily said. “But today, you’re going to be my new Daddy.”

“Actually,” Gideon piped up.

“Gideon,” Harry warned the ship’s AI.

“Carry on then, Captain Peverell, my apologies,” Gideon said. “I’ll just keep monitoring this session for training purposes.”

Now, Lily pushed down onto Harry and took him into her tight box. Daring Sara to find a way out of the ropes.

Which she so totally could being trained by the League, and also learning a few rope escape trick from Zatanna, who learned them from her father. But, she didn’t want to.

At least not yet. Much preferred to let Lily ride this one out and see how far they could take this. 

End.
Another Blog Exclusive Breeding Ground Chapter features Harry with Lana Lang: https://webofchaos.blogspot.com/2019/03/this-falls-fashionbreeding-ground-blog.html

And here it is, after all of these years, the main event, the finale of the Breeding Ground. (Other than some Blog Exclusive chapters up until July) Let’s do this, and also after this chapter, the big announcement for the secret Potter Project.

The Gauntlet(Kara Zor-El/Supergirl from Smallville, Kara Danvers/Supergirl from Supergirl, Karen Starr/Power Girl, Kara Zor-El of Earth X/Overgirl, Kara Zor-El of Earth 3/Ultrawoman, and Galatea)

A long day of fighting the forces of evil lead Harry Potter over to his master bedroom. Much to his surprise, things had been changed. He slipped out of his clothes and into nothing other than a pair of undershorts. Harry stepped to the room which had been changed with six doors. On the bed, a console device laid with six pulsing energy crystals humming and sticking out. Harry noticed a note tied to the end.

“Pick one,” he read.

This put Harry in a very intrigued mood and he wondered what the deal was. He would find out by picking one. Harry swiped his hand over the crystal and the one he touched rose up into his hand. The door sprung open and Harry came face to face with the occupant behind the door.

“So, you’ve decided to skip the rest, and kick things off with the best.”

Kara Zor-El of Earth-X, better known as Overgirl, stepped out. She dressed in a very silky and extremely lacy set of lingerie. A corset, black fingerless gloves, a thong, garter belts, and lacy stockings. Stockings which Overgirl rubbed all over his legs when she leaned closer towards the only man she felt was worth her intention and interest.

“Always the confident one,” Harry told her.

“Mmm, not confidence, merely something that I’ve proved time and time again,” Overgirl said as she rubbed his chest down. “Regardless, I have fifteen minutes to make an impression on you before the next one is allowed into the room. Don’t know who...completely random to be honest.”

“So that’s how it works?”

Overgirl did not respond by doing anything other than licking Harry’s erect manhood. His penis stuck firmly into the air for the devious Kryptonian to lick. While Harry and his wives liberated her from the hellhole that was Earth-X, they had to tame her. Sometimes, Harry needed to reinforce certain lessons on her.
However, there were many things that she was good at, namely the fact that Overgirl was able to put his throbbing hard cock down her throat and suck away at him. Her lips wrapped around him, hot and heavy with moans. She worshiped her god with everything.

“Oh, your throat, I almost forgot about that,” Harry said. “Go ahead...see what you have to do...but don’t take too long.”

Overgirl stroked his balls while pleasuring the man of her wet dreams. She moved herself up and down his stiff pole and then came up. The hips of the Kryptonian female swayed back and forth. Harry did not waste any time putting his hands on Overgirl’s ass and pushing her onto the bed.

“I’m wet for you,” she said. “I’ve been hoping you would pick me first. The sooner I get that big cock in me, the better.”

Harry ripped her panties off and revealed Overgirl’s shaven snatch. Her beautiful lips called and cried for attention. Harry spent the next few minutes riling her up with several strokes.

“In me before the other one gets in here,” Overgirl pleaded.

“Oh, is that what you want?”

Harry buried himself face down in her soaking wet pussy and devoured her. Overgirl clung her nails against the back of his head and alternated between pushing him away and pushing him further in. It appeared that some kind of eternal battle waged in her head, about whether or not she wanted to be eaten out or if she wanted to get busy with the powerful sorcerer.

After Harry ate her out to an amazing orgasm, he climbed on top of her body and ripped her corset off. Overgirl’s bouncing breasts, accelerated to a greater maturity thanks to the extra yellow solar radiation, pressed against his hands. She moaned and begged for him, pleased for him almost.

“You better give me that cock soon, or I swear to…..mmmm”

Harry motorboated her tits. Maybe underneath Karen’s, just slightly above Galatea’s in size. At least from what he could tell. The thrashing woman on the bed received a good working over, with Harry showcasing his skills to worship her perfect breasts.

Overgirl did not want the torment, or the pleasure rather, to end. Harry crawled on top of her and straddled her hips. He pushed his head against her entrance and as always, Overgirl reacted.

“Do it!” she begged him.

“I’m going to make you scream for my cock,” Harry said. “By the time I’m done with you...it’s going to be the only thing on your mind.”

Overgirl hoped that he would get on with it. She stopped keeping track of how much time they had left before one of those doors open. After what seemed like an eternity, Harry buried himself inside of her. She managed to stretch in and wrap her legs around his waist. Harry buried himself down into her, and groaned for a long second. He rose and dropped until he gained a lot of momentum.

“Pound me with that big perfect cock of yours!” Overgirl yelled.
If Overgirl could get away with it, she would kill every single other man out there. Because, really, it was just embarrassing for them to fall short of perfection. Fortunately, she had been talked down. And fortunately, she had been rewarded with her restraint.

The next thing Overgirl knew, she had been pulled into a sitting position. Her sizeable chest pressed against the muscular one of Harry’s. Harry squeezed her ass up until the point where the wizard thought it would be best to start impaling Overgirl over and over again onto his member.

Overgirl barely heard the buzzer and the release of one of the crystals randomly.

Harry focused his full interest on every last inch of Overgirl’s body. The Earth-X version of his beloved wife took him into her tight body and squeezed him. Despite her attempts not to show it, she reached a very impressive peak and Harry lead her along the rest of the way.

She slid away from him, only someone to put her mouth where Overgirl’s pussy had already been. Overgirl’s eyes flash open and she locks eyes with Galatea who is busy humming her way against Harry’s standing rod.

“Hey!” Overgirl yelled. “Do you mind what you’re doing?”

Galatea did not say anything, in fact, she kept blowing Harry. Harry pacified Overgirl ever so slightly by ramming his finger into her and working away. It would do, for now at least.

The Kryptonian clone rose up and wrapped her hand around him, before smiling a wicked smile.

“Sorry, Nazigirl, you snooze, you lose,” Galatea said.

Obviously, Tea would not let her live that one down. Overgirl groaned, any retort having been lost thanks to what Harry was doing to her. He edged Overgirl past the breaking out while Galatea went back to servicing Harry with her mouth.

“The two of you could work together from time to time,” Harry said.

“Sorry,” Galatea said. “She brings it about herself...but….I have the perfect idea for we can bond.”

Galatea crawled over Overgirl and pinned her down to the bed. A small part of Overgirl thought about fighting this off, but an even larger part of her succumbed to this. Galatea’s aggressive kiss caused her to melt into a puddle of lust, not that she would admit it.

“Oh, you are a submissive one ,despite your bravado.”

“No, you just...you just caught me off guard,” Overgirl said.

“Well, let’s do something fun,” Galatea said. “You know because we’re sisters...and we’re supposed to bond.”

Until Overgirl nodded in response, Galatea remained still. When Galatea received the nod of confirmation, she leaned in and sucked the side of her neck. Overgirl broke out into a very passionate breath. She leaned in and whispered in Overgirl’s ear.

“You really think...”
“Yes, unless you’re not woman enough.”

Overgirl responded with a snort. “Please, I’m more woman than you are.”

Galatea pulled out a bottle of lotions and winked at Harry. She squirted the lotion all over Overgirl’s tits and rubbed them up and down. After she finished, Overgirl returned the favor. The view of both of these lustful women rubbing their tits together, was hot as everything.

Overgirl tried not to enjoy this too much, despite Galatea knowing exactly to hit all of the right spots. They had some of the similar right spots, but enough to make it different.

“Clock, remember,” Overgirl breathed.

“I know,” Galatea said with a slap on her ass. “I think our husband is excited. Why don’t we treat him?”

Their lubed up tits found their way against Harry’s cock. Two of the three most endowed versions of Kara that he had recruited to his collective so far, began to rub against him.

“See how much better things are we you get along?” Harry asked.

They joined with a steamy lesbian kiss, while giving him the double tit-job. All of that firm, succulent flesh put the squeeze on Harry. Galatea and Overgirl did not want to back down, allowing their endowment to press against Harry. Those warm and succulent pillows caused Harry to groan.

“Are you enjoying this?” Overgirl asked. “Oh, look, it’s so throbbing and so angry...maybe I should give you a nice little kiss to ease the burden.”

Overgirl pushed her warm lips down onto the edge of Harry’s throbbing manhood and caused the blood flow to ease up a little bit. She maintained a very solid grip with her perfect tits around him, with Galatea adding her own appeal. They locked eyes with each other.

Never so much in Harry’s life had he seen something so sexy and so intense in his entire life. Overgirl grabbed his balls and squeezed them.

“Don’t want you to pop too soon,” Galatea commented. “Although, we can hardly blame you if you. Our nice breasts rubbing against your big cock. It must feel like it’s about ready to burst. And you’re about ready to lose your big, sticky load all over our nice, succulent tits, aren’t you?”

No words, merely just sexual actions. The two perfect goddesses worked Harry over constantly with their soft, warm, cleavage pressing on either side of his manhood. Harry knew that there would come a time where he was going to lose it.

Redoubling his will and sending a jolt of energy through the legs of both of the super powerful woman caused them to break out into soft moans. Unless Harry missed his cue, and it was unlikely, the next version of Kara was going to enter the room.

He enjoyed the time with these two, before the next one entered the room. One of the crystals heated up and shot out of the crystal console.

The door swung open, and Harry recognized the Supergirl of Earth 38, Kara Danvers. She wrapped
her flowing red cape around her like a cloak and other than that, she wore nothing other than a pair of thigh high boots. There was a certain swagger to her.

Overgirl recognized her doppleganger, as Danvers stepped over. The two locked lips, with either a surprising amount of aggression on the part of Kara Danvers, or a surprising amount of submission on the part of Overgirl.

Harry understood why instantly. He could see the flicker on Supergirl’s earrings, they were red. She aggressively pushed her tongue down Overgirl’s throat who submitted extremely fast to what she was feeling. Overgirl made an attempt to gain some kind of momentum, but all that did was make Supergirl deepen the kiss.

“That’s pretty damn hot, isn’t it?”

Galatea licked Harry’s cock which more than drew his attention away. Now that Harry was hers for the moment, Tea took advantage.

“Mmm, Daddy, your cock is so hard,” she breathed in his ear. “Why don’t you let me ride you?”

“It would be a crime if I didn’t.”

“Yes, and since I’m a reformed bad girl, we should avoid crimes,” Galatea said with a purr.

She sank down onto Harry and once again, the familiar dance of his big cock shoving into her tight body was at hand. Harry slid his fingers against her bouncing ass, and it felt so good, so perfect in the palm of his hand that he could barely avoid enjoying it.

“Yes, baby,” Galatea said. “Touch me all over. Make your little cum slut drip for you.”

Galatea smacked her lips, enjoying this. She bounced up and down.

Supergirl pressed Overgirl down on the bed.

“Worship your new queen,” Supergirl told her. “You know your face belongs buried in my pussy, getting it nice and wet so Har-Zod could fuck me. That’s your purpose!”

Overgirl tried to argue her intended purpose, but the allure of the Red Kryptonite made her secretly submissive. Or not so secretly, given how fast she dove down in between Supergirl’s legs and ate her out. The loud pops increased the faster she went down.

“Do your best and I might reward you,” Supergirl said. “After all, a good little pet deserves her treat, doesn’t it?”

A furious nod followed by an even more aggressive pussy eating succession.

On the other side, Galatea prepared to finish off Harry, to get his cum. It was easier said than done, as Harry’s strength.

“I forgot how strong you are, Daddy,” Galatea purred in his ears. “But, even those big balls...they got to get tired eventually. You need a rest from lifting them up.”

Galatea pulled almost away from him and rested her pink slit on the tip. A stroke of her warm
pussy and Galatea pushed almost all the way down.

“That’s where your cum should go,” Galatea said. “That’s where it belongs.”

“You really think so?”

Harry pushed his hands against her bouncing ass and brought a very bright and hungry smile to Galatea’s face. Her body shined with a very passionate shimmer of sweat, the faster she rode him. She knew it was going to get him close.

And speaking of getting close, Supergirl mounted Overgirl’s face and forced her pussy repeatedly down, bouncing on Overgirl’s face like it was a hobby horse.

“I bet you’re getting off,” Supergirl whispered. “This is a more advanced form of masturbation, isn’t it? But to be fair, that tongue is only meant for getting women off. And you’re meant to get me off, like this.”

Overgirl attempted to speak, but found herself unable to say a word. It was just too much to have Supergirl’s wet pussy cramming down on her mouth constantly. Every few seconds, Supergirl teased Overgirl’s opening. Just a tease, nothing substantial and nothing that would have done anything other than drive her completely.

A visual of Harry putting his face in Galatea’s chest made Supergirl twitch. She would love nothing better than to have Harry to cram his big cock into her and have his way with her. She rotated down onto him, unleashing a never ending explosion of juices all over Overgirl’s face.

“Messy girl,” Supergirl breathed. “How about I clean you up, you dirty slut?”

The Red Kryptonite caused her to develop quite the filthy mouth. Overgirl tried to protest to Danvers she was not a dirty slut. Danvers pushing her mouth down onto hers, overrode all of those thoughts. And they kissed, kissed hard.

“It’s hot, and I’m sure that Supergirl wants some of your cum,” Galatea said. “But, why don’t you give your baby girl some. Mmm...Daddy.”

Galatea lowered Harry’s head into her chest and he sucked on the succulent breasts. She rocked back and forth, clamping and releasing him. Her entire body flared up with an energy beyond anything.

“You have two minutes before I rip you off,” Supergirl warned her.

“Make me.”

“Oh, I will make you, you dirty little slut,” Supergirl said.

She shoved a finger up Galatea’s rectum and that made Galatea just clutch her walls around Harry.

Harry held back and repeatedly rocked Galatea, as hard as possible. Their perfect bodies aligned, as the seconds ticked down. Overgirl already had been left on the bed, in a breathless state, and Galatea was about that way.

“Sixty seconds.”
“Oh, Daddy, please, please, give me your cum!” Galatea yelled. “I’ll do anything! I’ll be your little cum slut any time….any time that you want! Just cum for me….please, cum for me….cum for me now!”

Galatea continued moaning hard in his ear, and Harry stated to leak a little bit. It was only a few small spurts of cum before Danvers ripped Galatea off of him. She exploded into whining moans of being only given a small taste of seed.

“This belongs to me,” Supergirl said. “Would you like to fuck me like this?”

Supergirl hovered into the air with her legs spread and her perfect pussy shining with arousal.

“Oh, I’m going to do more than try,” Harry said.

Without another word, Harry plowed her from behind, holding onto her. Each second of time was like a race, and Harry thrust more than once a second. He brought Supergirl to not one, not two, but three orgasms in a fast succession. Each of them caused her skin to feel like it had been soaked in by an abundance of yellow sunlight.

The minute Supergirl finished the first time, the door swung open to reveal the next entry in the party.

Inside the room, Power Girl stepped into the room. The fishnet bodystocking clung to inch, to every last alluring inch of her body. Supergirl moaned, only slightly distracted by her entrance.
“Power Girl,” Harry said. “I’ll be with you in a minute.”

“Take your time,” Karen commented with a smile. “I’ll just make sure these two stay in line.”

She pulled Galatea and Overgirl up into the bed and attacked their bodies. There was no question about it, the two could submit very easily to Power Girl’s touch. Her fingers dipped into their wet pussies and made them jerk up off of the bed.

“Oooh, Rao!” Overgirl yelled.

“And here I thought that Har-Zod was your god,” Karen said.

“I can only imagine,” Karen said.

She pushed Tea and Overgirl on the bed and fingerfucked them. Already, their tight pussies dripped for her. Karen could not wait to make them cum all over the bed. For right now though, she managed to drive as deep inside of her.

“Oooh, that’s perfect!” Overgirl howled out in pleasure.

“Give me some more of that!” Galatea called, her hips bumping up and down in a rapid fire fashion.

“You ask for it, you got it,” Power Girl responded with a very impish grin, thrusting her fingers in and out at a rapid fire flurry.

Her hands moved like blurs, repeatedly working both of her fellow Kryptonians. Overgirl attempted to gain some level of control. However, Galatea’s squeezing of her tits caused that control to fade away. Three of the bustiest versions of Kara played with each other.

Harry settled himself into Supergirl’s tight pussy. Her ass bounced the faster he pumped inside of her, slapping her firm keister with his hand. Supergirl broke out into more sensual moans than one can manage. Harry pulled almost all the way out of her and drove into her even more.

“One more time,” Harry said.

“YES!”

His hands pushed deep against her and pumped her nipples. Harry pushed in and out of her, slapping her tight ass with repeated thrusts. Kara howled out in pleasure and Harry slowed down.

“Easy does it,” Harry told her with a soft smile. “Let me see how close I can edge you before you lose it.”

The Girl of Steel tensed up from the exertion going through her body.

Overgirl put herself between Power Girl’s legs and devoured her pussy. Galatea decided to bury her face between Power Girl’s heaving tits and squeezed them. She moaned and kept sucking on them. Power Girl smiled and caressed Galatea’s hair. The younger woman motorboated the most mature
of all of the versions of Kara Zor-El.

A very satisfied smile popped over Karen’s face when she locked eyes onto Harry. As much as she was satisfied with the fact that Supergirl was getting some love, and she had no problems with it normally, Karen wanted some time alone with Harry.

“All done with her?” Power Girl asked. “I’m wet… and I’ll let you fuck me anyway you want.”

“That can be a pretty dangerous idea,” Harry offered her.

“I live for danger,” Power Girl panted. “My pussy is so wet.”

“I know,” Harry commented. “Let me finish with Kara… you’re close, aren’t you, honey?”

Kara Danvers clutched onto the bed. Harry released everything that had been backed into the body. Her super strength ripped up half of the bedding until Harry got her back into line. He held onto her to ride out everything. His swinging balls cracked repeatedly down on her thighs and left a couple of subtle marks down onto them.

“Close!” Kara mewed out. “So close right now!”

“I’m glad,” Harry told her. “Go ahead and cum for me. One more time for good luck.”

“Are you going to give me some of that?”

What Harry gave Kara was one of the most spectacular and mind shattering experiences ever. She felt like her entire body received an insane explosion. Harry rode out her orgasm and left her dripping, but satisfied.

At least for the moment. But still Harry turned his attention to another woman. Power Girl’s tits hung out of her fishnet body stocking.

“I wonder if this is going to put you over the edge,” she commented with a wicked smile.

True to form, the size of Harry’s length pushed between Karen’s impressive mammaries proved to be a very enticing visual. Every now and then, Overgirl and Galatea sneaked over to get a lick of his manhood while Karen tit-fucked their man.

Supergirl breathed in heavily. Her pussy was pounded, and yet felt empty without Harry inside of her. Galatea climbed over her and lowered herself mouth first onto Supergirl. Those hips shot up and Galatea held Supergirl down onto the bed, munching on her.

Overgirl noted the door and noted that the crystal was about ready to burn out. A fifth Kara was about to enter the room. She turned just in time for Harry to put Karen on her hands and knees. He dove in, clutching her chest and pushed against her entrance.

“Don’t hold back.”

“You always did know how to take anything,” Harry said.

Harry plunged into Karen and immediately, her tight walls closed down onto him. He bounced back and forth inside of her, gripping her ample bouncing ass tightly. He left fingermarks, not that
Karen minded. She enjoyed him slamming into her.

“Oh, fucking take me!” Karen yelled. “That’s perfect, right there! Fuck me in that nice, tight, ass of mine! Oooh, grab it and plow into it! That’s what I want from you...that’s just...perfect! That’s the best thing!”

Harry grabbed Karen’s ample chest and squeezed her big tits, releasing them. He knew that she liked it and he could feel himself getting dangerous close to climaxing inside of her.

Supergirl and Overgirl locked into a very intense makeout session, with Supergirl winning the battle. Just because she did not get her ultimate prize from Harry, it did not mean that she was not going to get something from Power Girl.

“Behave.”

A blast of shadows erupted and two shadow cocks slammed into them from above. They received a very deep stuffing of their pussies. Overgirl in particular grabbed onto her chest and moaned while rocking back and forth. Her mouth contained drool.

“That’s hot,” Power Girl said. “And we’re about to have another visitor.”

Giving Harry less reasons to leave her for the newest occupant, Karen squeezed him. Her inner muscles caressing him got the desired reaction. Those balls swung full of cum. Karen would like nothing better than to be the one to empty them out. She licked her lips, desire burning through her eyes.

“Yes,” Harry groaned.

The crystal burned out and the door opened. Kara Zor-El of Earth 3, Ultrawoman, stepped in. She dressed in a lacy black corset, a black thong, and knee high black boots. She brandished a whip, which she quickly smacked into Overgirl’s ass.

“Sorry, I couldn’t resist,” Ultrawoman said.

“I’m sure you couldn’t,” Overgirl moaned before Ultrawoman pulled her into position.

Overgirl was bent over the headboard, with no place to go. Ultrawoman reared back and shoved the dildo as deep into Overgirl’s wet pussy, causing her to scream. The slow, but very skilled domination began. That squish wet flesh pushed over.

Galatea and Supergirl locked lips and legs with each other. Supergirl knew exactly to hit all of those right buttons on Galatea. Galatea dug her nails deep into the back of Supergirl’s head, and she moaned. A mouthful of very nice tit later and Galatea was really screaming.

Their fingers moved into each other, one trying to get the better of the other.

Power Girl’s arms and legs wrapped around Harry when she straddled his lap. Her bouncing breasts created a very spectacular show, the greatest show on earth. They lowered down for Harry to bury his face into. Power Girl smiled and put her hand on his head.

“Those balls must hurt like hell,” Power Girl purred. “How about you cum for me?”
It was a very enticing offer, and feeling Power Girl clamp down onto him, made it really alluring to say the very least. Harry put his hands on her chest and he squeezed those magnificent breasts. Power Girl’s eyes clouded over, her thighs hitting down onto his balls the faster she rode him onto the bed.

“Maybe I will,” Harry said. “But, I think that Ultrawoman wants a taste herself.”

Ultrawoman just smiled at him innocently. She caused Overgirl to quiver on the bed. While Overgirl thought of herself as something special, it was up to the others to keep her in line.

“I bet you will cum first.”

Power Girl fought the tide of the incoming orgasm. It appeared that no matter what, no matter how hard she tried, Harry master her delicious body and every single last inch of her. His fingers pressed against her warm tits and sent an electrical shock of pleasure through her body.

“Are you sure you don’t want to….”

“When I’m good and ready,” Harry said. “Have to build up.”

Power Girl wondered for what. This question had been lost to time when Harry jammed her down. Her warm thighs slapped repeatedly against his. Those balls, obviously full from the backed up orgasms, made Power Girl’s skin tingle. She pushed down onto his shoulder and moaned into his ear.

Ultrawoman just hummed, seeing Power Girl about ready to break. And seeing this vixen break excited Ultrawoman. She hovered in the air and pointed towards her pussy. Harry just broke out into a smile when fishing Power Girl off.

One final orgasm for the rode and Power Girl collapsed onto the bed. Just in time for Ultrawoman to grab Harry and wrap her arms and legs around her.

“She couldn’t cut it,” Ultrawoman commented with a soft smile. “Don’t worry, I’ve got you stud.”

“But, do you think that you can keep me?” Harry asked her.

He spun Ultrawoman’s body around. Every inch of soft, solar empowered skin pushed on the underside of Harry’s fingertips. He put his hands all over her body and kissed down, making Ultrawoman just break out into a soft sigh. His warm mouth caressed every inch of her neck and sent her over the edge.

“Will try!”

“I know.”

Harry rubbed her warm lips, not that they needed any stimulation. It was the thought of the matter and Harry’s desire to tease the hell out of his sultry little minx. He pushed her down onto him, her warm flesh slapping against his balls. Ultrawoman broke out into a very soft moan, the moment that he worked her onto him. Her body tingled and speared halfway down his rock hard pole.

Supergirl moved over between Power Girl’s thighs. Her tender pussy just called for her. Supergirl pushed her delightful tongue inside. Galatea climbed up onto Power Girl’s face and forced the
busty Kryptonian to eat her out.

Overgirl, without really thinking about it, put her face between Supergirl’s legs and munched her out. Those hands brushed against her body and the back of her legs. She moaned, suddenly and swiftly, munching on her lover’s dripping hot pussy.

Oooh, it’s the best, simply better than the rest.

“My girls are getting along. Of course, when they’ve learned the consequences….”

Harry let that threat hang in the air. He could see the final crystal burn down and there was only maybe a matter of moments. He distracted Ultrawoman by this by kissing down the back of her neck and sucking her ear.

The number of moments leading up to the final version of Kara being left into the room was measured by the number of seconds Harry trust deep into Ultrawoman. He put his fingers against her supple rear and squeezed it hard.

“I wonder if you’re going to go off before time timer.”

Ultrawoman knew what was next and she knew how stingy she was about her Harry. Then again, they were the closest, being from the same point in the multiverse. Thankfully, Harry had abilities which made this a lot easier. That was a foggy thought which spread through Ultrawoman’s mind before the approaching orgasm hit her body.

She enjoyed the moment just as the door opened up. Kara Zor-El, of Harry’s native Earth and Krypton, stepped out. She dressed in blue shirt and a pair of jean shorts. She approached the room just as Harry was finishing up Ultrawoman.

“It didn’t take too much on her,” Kara-Prime commented with a smile. “Then again, given she and I are pretty much the same, I don’t blame her.”

Much like Overgirl and Supergirl, Kara-Prime and Ultrawoman had the most in common. Prime moved around the room, planting kisses on all of the women. Some of them, she had to pull off of their worshipping, much to her amusing.

“Hey, sis,” Prime commented Danvers. “I hope the RedK didn’t mess you up too badly….just wanted to level the playing field so certain people don’t take advantage of your good nature.”

“You mean other than you.”

Her mental filter was not completely restored thanks to the RedK still being in her sister. It was particularly potent. Prime and Supergirl kissed each other, their warm lips moving.

“Nice try, Karen,” Prime said.

Karen just offered an innocent look like she was not trying to jump onto Harry’s manhood while Kara-Prime had been distracted. Kara-Prime flashed one of those perfect smiles, her eyes dancing with mischief. She leaned in and put her lips on his manhood.

“Almost there,” Kara-Prime said.
“Yes, you’re going to get his seed after we did all of the heavy lifting.”

A paddle flashed into Kara-Prime’s hand and she waffled Overgirl on the ass with it. It made her break out into a small smile.

“No, not for that,” Kara-Prime said.

“Yeah, Nazigirl, they’ve got something else up their sleeve,” Galatea said.

Kara-Prime flashes Galatea a look as if to say to behave. Galatea just made a motion as if zipping her lip, and Kara-Prime turned her attention to Harry.

She finished edging him, with a glow emitting around the room. Despite him being ready, she did not want him yet. His throbbing, redded cock, almost growled with anger. Prime planted him with a loving kiss on the tip of his head.

“Almost there,” Kara-Prime said. “After I had my fun...you lot better amuse yourself.”

“Yes, mother,” Galatea commented with a roll of her eyes.

Danvers tackled her onto the bed in response and she paid dearly for her moment of cockiness. Their warm, passionate kiss caused their warm and wet tiers to press against each other. Danvers and Galatea made out.

Overgirl found herself in between a rock and a hard place, or rather between Power Girl and Ultrawoman. Their hands pushed against their bodies and riled them up. A very soft whimper came from Overgirl, the closer their hands touched them.

“Good, good girl,” Power Girl breathed in her ear, sucking on her ear lobe.

Overgirl wanted to say something, anything, but her mind almost shut down. She shut down to anything other than the pleasure that Power Girl was giving her. Those breasts dominating her own, with Ultrawoman going between her legs and eating her out.

“Oh, they really did put you through a war, didn’t they?” Kara-Prime teased.

“But, they got me set up for the grand finale,” Harry said.

The two made out with passion and lust burning through their bodies. Kara-Prime tugged on the back of Harry’s head and sunk her tongue deep into his mouth. Their warm bodies connected with each other, with Kara-Prime’s breasts touching Harry’s strong chest.

Kara-Prime knew from experience what needed to be done to get Harry to the edge. His body was glowing and she soaked in the warmth. He was more potent than the sun in giving her energy.

Power Girl and Ultrawoman surrounded Overgirl from either side, with strap ons on. Power Girl rubbed against her mouth and Ultrawoman pawed her ass. The pushes brought Overgirl into a whimpering wreck. She knew it would only be a matter of time before she burst into pleasure. Their fingers opened up her holes for more.

The contents of an Overgirl sandwich were made, with both of the lovely women spearing into her holes. Power Girl buried into Overgirl’s tight pussy, and Ultrawoman buried herself into the tight
and succulent ass of her charge. She moaned and pushed up against her.

“Yes, perfect,” Power Girl breathed in her ear. “It’s so good...feeling her, isn’t it?”

“Mmm, yes,” Ultrawoman commented.

And now Galatea bent over the edge of the bed with Supergirlspanking her.

“Are you going to be a good girl?” Supergirl asked. “Because, you know bad girls get spankings.”

“Just because you’re Har-Zod’s second favorite…mmmmm”

Supergirl shoved her dripping fingers down Galatea’s throat to allow her to suck down the juices. The loud sounds of mouth upon flesh grew in prominence. With swift precision, Kara Danvers alternated between Galatea’s sweet mouth and her wet hole, it overflowing with juices, careful not to lose it.

Kara-Prime had the time of her life, riding up and down. She was careful not lose it or let Harry lose it.

“You think it’s time,” Harry said.

“MMM, yes!” Kara-Prime yelled, tightening the grip on him.

The two joined together, their loins building up with heat. Kara-Prime eased herself to a very spectacular and extremely energetic orgasm. Her skin smacked hard against Harry’s, groaning when he filled her. His balls pushed against her body, making her moan.

Suddenly, Harry split into three. Power Girl took control to the first Harry duplicate and put her mouth onto his pole, sucking him hard. Harry held onto the back of her head and face-fucked her expertly. Ultrawoman and Overgirl responded by kissing his balls, taking each of them into their mouths and sucking away on them.

The second Harry duplicate came underneath Supergirl’s gaze. She smiled and leaned towards him, kissing him, while also jamming her fingers up in Galatea’s tight womanhood. Every smack of skin rose intense heat through their bodies.

“I’m glad that you’ve come,” Supergirl said.

“Too bad you didn’t split off five of him,” Galatea managed through her orgasm.

Kara-Prime turned her attention to watch the show. All while Harry-Prime grabbed her by the legs and pushed her down onto him.

“You’ve got to learn how to share,” Kara-Prime told them sternly. “That’s something all of you need to understand before you...get a nice piece of...Harry!”

Instantly, Overgirl took her spot at the end of the bed and Ultrawoman drove between her legs. Power Girl sucked out Ultrawoman from behind and the chain of pleasure ended with Harry grabbing tightly on Power Girl’s meaty cheeks and slammed into her with as much force as humanly possible. His big bloated balls rocked back and forth, repeatedly tagging her on the rear.
“Yes, it’s good to see you sharing,” Harry-Prime groaned.

He could feel Power Girl, Supergirl, and Kara-Prime wrapped around his tight loins. Harry knew that five others would be pushing it. Besides, it would give the powerful ladies a chance to utilize teamwork. That was a long since degraded ability that all of the girls lost.

“Go ahead, cum for me,” Harry told Kara-Prime.

Meanwhile, Supergirl rode Harry’s manhood, pushing him deep inside of her and then pulling out of him. She grinded herself, wetness staining the tip of his cock. It did not matter if he was a magically constructed hard-light duplicate, powered by sex magic. No, Supergirl just wanted his large member inside of her and would do anything to get it.

Stroking him at her wet hole qualified pretty much as anything. Supergirl bit down on her lip, humming sensually, her hair flipping against her face. Supergirl dropped down, the horny woman rising and falling with rapid fire pushes.

A shift, and the second duplicate bent Power Girl, Overgirl, and Ultrawoman up over the bed. Harry Duplicate Three took Ultrawoman in her wet pussy, grabbing onto her tight ass and plowing her from behind.

He switched after a few dozen thrusts and a near orgasm to Overgirl. Overgirl broke a lot faster, throwing her curves into Harry’s hands. Harry touched her body.

Kara-Prime hovered up off of the ground, her eyes blaring down on the orgy of sexy flesh beneath her. Two versions of Harry and five more versions of her while Harry rode her in mid-air. He leaned in to Kara-Prime and tugged on her hair, making her quiver in mid-air. Harry plunged deeper into her smoldering hot core, whacking his balls all over her.

“Oh, you’re more than worth it to give my load,” Harry said.

“Wait a little bit longer,” Kara-Prime breathed.

Harry just smiled and rubbed her silky flesh. Kara-Prime breathed heavily. The two Alphas moved in the air, amongst Harry’s constructs and the other five versions of Kara.

One of the Harry clones took turns wearing out Power Girl, Ultrawoman, and Overgirl in turns.

“Oooh, I really wish that you would stick around a little bit longer,” Overgirl moaned. “I can’t get enough of this big, throbbing hard cock inside of me.”

“That’s...the idea,” Power Girl piped up.

Harry milked her breasts in time with the thrusts. She always liked how someone took control of her breasts, especially if that was someone like Harry. Sure, technically a duplicate, but also technically moved by Harry’s wil.

Supergirl rammed herself deep into Galatea from behind while Galatea gave Harry an aggressive tit job. Salvia stained his manhood. Supergirl pushed her hands against Galatea’s ass and rocked into her body.
“Look at you,” Supergirl breathed. “Look out how wet that pussy is getting...and you get even wetter when I do this, don’t you?”

Supergirl shoved her finger into Galatea’s ass and made her yelp in pleasure. Supergirl tightened her grip around the waist of her lover.

“You two are hot,” Harry groaned.

“All of us, I think,” Supergirl said. “You can cum all over my face when you want to, Har.”

“Mine too!” Galatea yelled. “And my tits...so Kara can lick them up. I want her to suck my tits!”

“She’s such a slut,” Supergirl said with a giggle.

She had been truly debauched now, and Kara-Prime felt a sense of pride of her role in that. Harry embraced Kara-Prime in mid-air, thrusting away at her. His balls swung repeatedly against her, sending Kara-Prime over the edge with a loud moan.

“Such a slut,” Kara-Prime agreed.

“Not that you have any room to talk,” Harry teased her.

“Given you have to put your dick in anything with a vagina, I wouldn’t say anything if I were you,” Kara-Prime said with a heated kiss to her mate. “But, I’m always number one on your dance card, aren’t I, baby?”

Harry just answered with a nod and buried himself deeper into Kara-Prime. His fingers pushed deeper inside of her body, smacking against her. He edged closer, while also doing the same in Power Girl, then Ultrawoman, and the Overgirl, and all the way around. Also, the warm sensations of Galatea and Supergirl giving him a tandem blowjob was beyond hot.

“Let the slaves die before the master,” Kara-Prime breathed.

Harry flipped her and rammed into her. It was a vigorous ride first, and then a slow ride. He pressed against Kara-Prime’s lower back.

Galatea and Supergirl played with their version of Harry. They could see that he was beginning to swell up.

“About ready lose it?” Supergirl asked. “It would be so hot if he explodes all over your face....”

Suddenly, Harry’s balls gave way in between Galatea’s tits. The glow on his body proceeded a shower of cum which covered Galatea and Supergirl’s faces in seed. They both moaned and sucked down Harry’s essence.

“Come here,” Supergirl said.

Galatea was not going to argue with this. Supergirl pressed her mouth against Galatea’s and sucked face with her. Her hands rubbed down the back of Galatea’s head and drank the thick amount of seed that Harry’s duplicate left behind on Galatea’s face.

Being buried knuckle deep in the pussies of Ultrawoman and Overgirl was good enough. However,
Harry buried himself deep into Power Girl from behind. His swinging balls hit her at every single angle and made Power Girl just break out into a cry of lust. Her walls clamped down onto him and released him through a couple of pushes.

“Getting closer, aren’t you?” Harry asked her. “The question is, will you break first?”

“Find out,” Power Girl managed.

Harry fed her the juices from Ultrawoman and Overgirl after bringing them down onto the bed. They were breathing extremely heavy after the end. Harry pulled up Power Girl and turned her, before bouncing the busty blonde up and down. She crashed down onto his lap and pelvis, cracking up against him. Harry pinned his fingers against Power Girl’s thick ass, ramming into her as hard as possible.

She clamped down onto him, moaning pleasure. Harry was deep into her, and soon enough, he was going to lose it.

Kara-Prime and Harry-Prime stopped their in-flight fucking to watch the show. Both smiled when Power Girl’s large breasts crashed against the clones face. Harry smiled, feeling their firmness and largeness. He teased Kara-Prime’s chest ever so briefly. Shudders come for her.

“Cum in that slut,” Kara-Prime cheered.

Suddenly, Power Girl tightened around him and Harry-Duplicate released inside of her. His cock split into three, with two of the shadow cocks burying into the unexpected Ultrawoman and Overgirl.

“That’s...an interesting side effect,” Harry-Prime said with a light stroke of Kara-Prime’s neck. “Did you plan for that, beloved?”

“No, but I’m not...sorry,” Kara-Prime breathed, chest heaving in and out.

The duplicate triple fucked Overgirl, Power Girl, and Ultrawoman. The tightness of their pussies milked an obscene amount of cum into all of them, filling them up with gallons of the seed until his body heated up and then showered even more cum all over them.

The warm juices splashed down from the skies and soaked the three parties. Even long after since Harry’s remnant expired, he left his mark on all three them.

Kara-Prime turned Harry’s attention back her, after smiling at how her five sisters looked well spent. It was down to them, high above the circle. The aura of sex drew them together for the grand finale. Harry dragged his nail against Kara-Prime’s firm leg and pushed her down onto him. She moaned into him, the deeper Harry slipped into her.

“The main event,” Harry said, making sure to tip Kara over and slowly work her over.

Despite the fact that two magically created duplicates of Harry reached their payload, the prime model was going to be that much harder to crack. Of course, Kara-Prime was more than up for it, squeezing her inner walls around him. Kara-Prime broke into a cry.

“I think that you’re about ready to lose it.”
Oh boy, Kara-Prime hoped that Harry would lose it soon. Feeling those big bloated balls pushing against her were like pure torture. Harry edged himself a little bit closer.

“You have so much left to give me,” Kara-Prime said. “And given that you have given them so much already...it’s mine turn.”

Harry just smiled and pushed himself into her body. Her body quivered with all of the right touches. The faster he pushed into her, the more she squeezed him. The juices squeezed out and splashed his manhood. Harry pushed his finger against her lower back and caused her to moan.

“Face to face for the finale.”

“Anywhere you want...anyway you want,” Kara-Prime said.

She always seemed up for it. Her legs wrapping around Harry’s waist when he rode her out edged him preciously close to that tipping point. Harry grabbed tight onto her butt and slapped it a couple of times. He almost came close to breaking. But, he did not want to hold back.

“How much do you want it?”

“Oooh, are you going to fuck my pussy until it’s oozing cum?” Kara-Prime breathed in his ear. “Or, are you just going to wreck me. I bet you can wreck me. I bet you can drown me with those big balls. I need it. I need it so badly! More than life itself.

Kara-Prime and Harry dangled upside down. Her toes curled in hot desire the faster that Harry plowed into her. He rose up and smashed down onto her, working her closer. They were about ready to come together for the end.

The backup exploded and spilled into Kara. Kara moaned heavily and clutched Harry tighter. Her walls worked him over, her eyes dancing with endless hunger. The loud slapping of flesh upon flesh echoed through the area the deeper Harry drove into her.

“Baby, that’s the best,” Kara-Prime told him. “Oh, fuck me...fuck me raw!”

Harry intended to, driving his massive rod as far into Kara-Prime as humanly possible. He jiggled her tight ass and slapped down onto it hard. She squeezed his bicep and leaned in towards him, her mouth opening and shutting with Harry’s constant plunging inside of her depths.

“The best,” Kara-Prime told him. “Far better than all of the rest.”

“You know it,” Harry groaned when filling Kara-Prime up with multiple thrusts, his balls hitting her flesh upon riding her to the end.

They descended on the bed. Kara bounced up and down on Harry to squeeze every single last drop of semen from his balls. The payload was well worth it and Kara came several times before they finally slowed down. Harry squeezed Kara-Prime’s chest and one more collapse down onto him. She drained him of his seed, at least ofr now.

Thankfully, the bed survived the fun, although she put that up to Harry’s charmwork rather than anything else.

Instantly, Karen moved in to stroke Harry’s hair and Kara Danvers and Overgirl began to worship
his abs. The other versions swooped in to get a piece of Harry.

Kara-Prime slid off to enjoy all of the versions of herself here. She considered opening up the gates and letting the rest of the fifty-three different versions of Kara have a piece of him.

Seemed a bit much. Regardless, the energy was already building up.

The adventure continued. But Kara demanded the prime spot on Harry’s schedule, as it was meant to be.

The End.

I would like to thank everyone who read this story over the years, whether you enjoyed it, or otherwise.
