Harry buried his aggressions in her breasts, but heard these words. Aurora squeezed him and made his cock throb very hard.

Aurora dropped down to her knees, pulling Harry away from her breasts. Any complaint Harry might have had, faded away, the very second Aurora leaned in and took Harry's cock into her mouth. She sucked on him very hard and squeezed his throbbing hard balls.

Harry closed his eyes.

"Suck my cock, Professor," Harry encouraged her.

Aurora intended to do just that, sucking her student's cock. She worked her tongue around Harry to lavish every inch of his mighty rod. She pushed him into the back of her throat and then came out, sucking his head a few more times. She drove his cock back into her.

The full service job on Harry caused him to tingle. Aurora's mouth delved further onto him, introducing sensations Harry never knew himself to be capable of feeling.

Aurora brought Harry's long, throbbing prick deeper into her mouth. The dark haired vixen blew him even harder, working Harry's balls over when coming down on them with her hand. She squeezed him, to feel how much cum they had for her.

'Nice, big balls, full of cum, just what I always wanted,' Aurora thought.

Aurora drew her tongue deeper around Harry and sucked him extremely hard. The beautiful woman brought the back of her throat into him.

"Professor, I'm going...."

Harry held onto the back of her head so she could bottom out on his hard cock. He lifted his hips up, pushing the manhood deep into the back of Aurora's waiting, hungry throat.

Aurora just sucked him harder, wanting the seed spilled down her throat. The horny woman blew a young man young enough to be her son, and it got her very excited. His hands grabbed the back of her head and shot a heavy load down her throat.

Harry enjoyed the feel of her warm hand caressing his balls. His entire body sized up in the pleasure of release, drilling his cum down her throat. Harry pushed up and back into Aurora's warm and waiting throat.

"Delicious," Aurora responded with a smile. "Just lay back and relax, and we're going to have even
more fun."

Aurora made sure Harry's eyes were locked onto her. She slowly slid down her panties to expose her wet, willing pussy towards Harry. Aurora slowly rubbed her smooth lips for Harry to enjoy it.

"I've never had such a big cock inside of me," Aurora said.

Aurora leaned in and wrapped her lips around Harry to give him a couple of sucks.

"I'm going to ride you all night long, until the sun comes up."

Harry grabbed onto Aurora's hips, sliding her body onto his, and making sure she mounted him. Her soft stocking clad legs locked around Harry's hips. Her heated center pushed over the tip of Harry's engorged cock. Aurora moved closer towards her.

"Fuck," Aurora breathed. "You're so big."

"Well, I thought you were a woman who would be ready for bigger things," Harry said.

Aurora braced herself for the length which was about ready to enter her body. She could have Harry inside of her a moment later. Aurora slid her wet cunt down onto Harry's throbbing hard cock. It really did feel good to have such a magnificent piece of meat slide between her thighs.

A moment to get settled, and Aurora bounced up and down on Harry, sending his hard cock between her thighs. The horny witch felt him bury into her. She rose up and sank down onto him. Aurora gained momentum on him.

Harry returned to lavishing attention to Aurora's breasts. She bounced harder on his cock the more Harry played with her breasts. He switched attentions to cup her delicious ass as well, giving it a nice hearty squeeze. Aurora responded by squeezing onto him.

Aurora closed her eyes. The orgasm built up inside and released with a torrent of fluids coming down on Harry. She rose up and bounced down on him. Each pump signified Aurora's ultimate pleasure. She rose up and dropped down further onto Harry. Aurora rode Harry like there was no tomorrow, and to her, there would be no tomorrow. She needed Harry's cock buried inside her tight body.

"Baby, so good," Aurora breathed. "Want more, want so much more."

Harry felt his horny Professor ride him. Her warm body caressed Harry's hard cock. Harry cupped her breasts and gave them a nice squeeze one more time. It just drove her wild.

"I love when your thick veiny cock pumps into me," Aurora said. "You don't know how long I've dreamed of this moment, having you, driven into me like this. Shooting pleasure through…"

"Oh, I'm sure you've dreamed of this, my sexy professor," Harry said. "And I'm making all of your dreams come true. I love your hot body wrapping around him. Her nice, breasts, your beautiful face, and let's not forget, your nice, thick, juicy ass!"

Harry slapped her ass which only caused Aurora to increase her riding down on Harry. Another orgasm built up through her. Aurora bottomed out on the base of Harry's prick. Her entire body shot full of pleasure.

"You know how to treat a witch."
Harry nibbled her neck, shoulder, and then moved back to her breasts. Aurora's tension released and to think, she had been so wound up earlier tonight. Harry did a wonderful job in releasing her frustrations, and then some more.

The older witch sucked Harry's throbbing cock into the depths of her warm, horny pussy. He grabbed Aurora's hips and shoved deeper into her. The witch ascended halfway up and then descended onto him to bring her love box down onto the base of him.

So, wet, so hot, Harry needed to drive his throbbing, horny cock inside of Aurora's wet pussy. Her warm vice wrapped around Harry and gripped him hard. Harry pumped from underneath him.

Aurora's entire body sized up, clenched Harry, and released him. Over and over again, the feeling cascaded through her body. Harry reached up and held her nipples, squeezing them in response. Aurora's body shook when driving down onto them.

"I'm getting close, Professor," Harry said.

"Call me, Aurora, with an orgasm this good you've….EARNING…IT!"

Aurora didn't really have much time to vocalize anything else. Her body reached a state of heightened bliss and shook all over. Harry worked his hands up.

"You receive top marks, Harry," Aurora said.

She came again so hard, pumped his cock several times, and returned to riding him like a cowgirl. The look of pleasure in this young stud's eyes, made Aurora smug she still had it. She took Harry's fingers and hungrily sucked them, before running them over her body.

Harry's groin muscles tightened the more he brought his rod up and down into Aurora. The wet and warm sheath squeezed Harry the second she came down on them.

"Make me cum, all night long," Aurora said.

She fiercely nibbled the side of Harry's neck and sucked on his earlobe. He responded by doing likewise to Aurora's needy breasts. The professor guided Harry's face into her sweaty, heaving chest. His balls swelled up underneath her and Aurora could feel the pleasure.

Harry's hands quested aimlessly over Aurora's body, tickling her side. The goddess over the top of him brought Harry's long cock into her body and pushed it to the edge. Harry rocked his hips up and down.

"Fuck me, fuck me!" Aurora chanted. "Cum inside me."

Harry's balls injected their bounty inside of Aurora's body. The hot woman drilled down onto him and rode him out. She milked Harry's seed into her body, gripped his shoulders, and screamed, thanking whoever invented muffling spells the entire castle didn't hear her.

Aurora's dark thighs came down onto Harry's throbbing hard cock. He reached behind the goddess and had been pushed inside of her.

"Yes, yes, feels so good."

Harry would have to agree how good the release felt. Aurora pulled away from Harry and gave him a lustful kiss before turning around on her desk.
She rode him for a long time, drained him of all seed, but yet, Harry felt his cock harden even more. Harry looked towards Aurora's round ass which stood out for him. His cock hardened when staring at her ass.

"Go ahead, Harry," Aurora said. "I don't blame you."

Harry moved closer towards her. His cock had been well lubricated by the spells, and Harry pushed his cock head against her.

"People have been staring out my ass since when I was your age," Aurora said. "No one has ever had the honor until now….but it's gotten better with age."

The ebony-skinned professor flexed her ass cheeks against Harry, coaxing his tip into her a couple more inches. He held onto her and could not believe this. First a professor sucked him off, then she rode him into an amazing orgasm, and now, she wanted him to fuck her ass.

Harry wasn't going to disappoint her. His hands squeezed her round bum, and pushed into her. Those round cheeks closed around him.

Aurora's body tingled with amazement. Her ass protested the foreign obstruction at first until magic overwhelmed her body. Now Harry pushed forwards into her back end. The length penetrated Aurora like nothing ever had before. Not to mention his fingers started to tease the front half of her body.

'Yep, he's a keeper.'

The warmth of her tight hole felt like a furnace for Harry. He buried deep into the rear of the Astronomy Professor. Her ass jiggled when Harry pushed into it. Harry reared back and slapped the ass of the ebony goddess beneath him. He reared back and drove deep into Aurora's warm ass.

Aurora gripped onto the side of the desk, mouth opened up. Her hair came unclipped and flipped around like a wild woman. Harry pushed deep inside of her as far as he could go. His long cock penetrated the tight asshole of the woman.

"Give me more, give me more!" the professor begged.

"You can be a needy bitch sometimes," Harry said.

Aurora smiled, not caring what he called her, as long as she got a thick juicy cock inside her tight asshole.

"I can be, but it's for a good cause, and it's not like you aren't feeling so good," Aurora said. "And let's face it, honey, my ass makes you feel really good, doesn't it?"

Harry pumped deep inside of Aurora's asshole as hard and fast. His fingers reached the dripping cunt of his professor, squeezing and rubbing on it. Her juices collected on Harry's fingers. Aurora gasped when Harry pushed himself into her. He squeezed and spanked her ass cheeks just as much as fucking them.

"I'm going to make you beg for my cock," Harry said. "I bet it feels really good in your ass."

Aurora nodded. She got more, more than she could handle. Her pussy started to ooze with juices, juices which Harry collected. They pooled around his hands.

Harry brought his soaked digits up and pushed his fingers into Aurora's mouth. Aurora closed her
eyes and feasted off her own juices. Harry rammed fingers off of one hand to her mouth, while he also rubbed her womanhood hard.

Waves of pleasure shot through her body. Harry not only buried deep inside of her ass, but also buried his magic deep inside of her body.

"Damn, bloody hell!" Aurora yelled.

Her body burned with pleasure, and the more Harry pumped into her backside, the more pleasure Aurora experienced. Her pussy gushed and splashed, making her desk very sticky. It didn't matter to her, the only thing that mattered she was coming, and cumming hard.

Harry worked himself to the brink. Every time he drove into her plump ass, his balls throbbed just a tiny bit more. Harry held onto Aurora's rear entrance.

"Don't stop until you see white," Aurora said.

She almost blacked out on the desk. Harry's hands strayed everywhere and brought Aurora to a constant state of small orgasms. It always led to the big one though, the one she had been waiting for since the moment Harry brought his cock inside of her.

Harry rode her tight ass for everything it was worth. The tension inside his balls were getting close to being released. It wouldn't be too long before he was finished with her. He squeezed Aurora's nice, round ass and spanked her a couple of times.

"Fuck," Aurora said.

His balls clenched and started to fire their warm seed into Aurora's body. Her squirming, creaming body caused Harry to hold on and ride her out to an amazing climax. His hard balls slapped against Aurora's tight rear end. He pushed into her, riding her out to a great conclusion.

Both of the lovers came down, with cum overflowing from both Aurora's ass and pussy by the time he was done with her. The two of them finished a second later.

Harry pulled out of her, and laid against her. He wrapped his arms around Aurora when she leaned back against him on the desk.

"It's getting late, or I guess early," Aurora said. "You better return before you're missed."

Harry found his clothes and pulled them on. His invisibility cloak rested on the chair.

"Mr. Potter, next week after class, I would like if you would stay behind. I have some furniture which needs rearranged in my office, and I think you could be a big help."

Harry smiled.

"See you next week, Aurora," Harry said.

"You too, Harry," Aurora said. "I'll be counting the days."

Aurora leaned towards Harry and gave her young lover another kiss. The two parted ways, starting what she honestly hoped would be a weekly tradition.

Thankfully, there were spells which disguised the way she would walk at breakfast.
End.
Harry rolled over in bed to see a figure standing at the side of the bed. The dark haired beauty sat at
the edge of the bed with a smile. She wore a black choker which said the word "slave" on it,
wearing a black corset, pair of lacy panties, and a pair of silky stockings. Her pale body shined out
in the moonlight.

"Good morning, master," she said.

"Good, morning, Dee-Dee."

One of the lovely personifications of the afterlife moved towards Harry and made quick work of
his pants. Her soft hand wrapped around Harry's throbbing hard cock. It rose up for her. Her moist
lips, coated with black lipstick wrapped around the head of Harry's cock. She wrapped a hand
around the base of his cock, rubbing it up and down as well.

Harry smiled, grabbing the back of Dee-Dee's head, and pumping his throbbing cock into the back
of her throat. She leaned back, humming hungrily when sucking him. Dee-Dee popped his cock
completely out of her mouth, swirled her tongue around it, and then slipped his cock deep down
into her throat. Dee-Dee leaned down and cupped Harry's balls, squeezing them.

Dee-Dee never had enough of her master's generous, engorged prick. She moved down him,
sucking his head, before licking him and taking him deep into her throat. She tasted him, and also
felt the prize which was to come, stored deep in his balls.

"I hope I'm pleasing you, master," Dee-Dee said.

"You are, I'll let you know if you're not, and I'll punish you accordingly."

Dee-Dee was half tempted to mess up so she could be punished for being a naughty little girl. She
decided not to, instead bringing Harry's massive tool deeper into her mouth and sucking him harder
than she ever could realize. The throbbing head hit her in the back of her throat.

Harry leaned back with the warmth of her mouth working down his rod. He could feel the fluids
slowly churning up towards him. Her wet tongue slid down Harry's cock head. He twitched inside
her mouth with Dee-Dee running her hand down to the base of his cock.

"Fuck, good girl, here it comes," Harry said.

His slave re-doubled her efforts, and sucked Harry down hard. She took his cock deep into her
throat, smiling when bringing him down. Harry grabbed the side of her face and held on, getting
close to rocketing the last dose of seed down her throat.

Dee-Dee opened her throat for Harry's cum to spurt down. The blasts of warm juices fired down
her warm throat.

"It was good, master," Dee-Dee said, pulling away from him.
"Yes, it most certainly looked like you had a lot of fun."

Both Harry and Dee-Dee turned around, in time to see an enchanting dark haired beauty with round breasts, and a green dressing robe. She was very tall.

The Mistress of Hel herself, Hela, showed up. She moved closer towards the bed and gripped the base of Harry's cock, while stroking him.

"Missed a spot," Hela said.

She leaned in close and sucked Harry's head, resulting in a small amount of semen to ooze out of the tip. Hela leaned closer down and groped his balls in hand, giving them another squeeze.

"Pull off your panties."

Harry's order prompted Dee-Dee to drop her panties so fast a gust of wind almost hit them. She stood up on the bed, moving in front of Harry's face. The manifestation of death presented her wet pussy to himself.

"Make me feel good, master," Dee-Dee said.

Harry wasn't going to deny his pet a reward for such a good job. His tongue extended and buried deep inside of Dee-Dee. Her wet walls clenched down on Harry's probing tongue. He encircled a very moist center, drawing his tongue out of her and shoved more of his tongue inside her.

Dee-Dee pushed her hips forward towards Harry, with his hands straying on her firm ass. He kept slurping her womanhood, taking a nice, lengthy taste from the nectar.

Hela wrapped her lips around Harry's lengthy rod and sucked it very hard. Her hand cupped Harry's balls to squeeze them. She wanted to mount her master's cock, and ride it all the way, but knew it would be a bad idea if she jumped the gun.

The younger manifestation of Death shook when her master's tongue worked into her. The older, more devious, manifestation of Death sucked Harry's long and throbbing cock. Dee-Dee leaned back, to get a good eye at Hela.

Hela looked at up at Dee-Dee, smiling, when bringing down Harry's cock. She pulled away from him, showing his long cock dripping down in salvia. She leaned down and sucked Harry's throbbing cock a few seconds later. Her hands cupped Harry's balls, squeezing them. Then, her mouth slid down to the base of Harry's cock and sucked him very hard.

"Damn, yes, right here, master!" Dee-Dee yelled.

Her pussy exploded in a gush of cum. Harry slurped the juices from her tantalizing womanhood. He lapped up the gorgeous woman's wet cunt. He squeezed Dee-Dee's ass and sucked her dry.

Dee-Dee came down with a smile. Hela pulled away from Harry and looked at his throbbing cock. The dark-haired temptress slid off her robes to reveal her bountiful set of breasts.

"Go eat Hela out while I fuck you."

Hela smiled and exposed her bare pussy. Dee-Dee crawled over towards the Asgardian goddess and spread her thighs. The playful girl buried her face deep inside Hela's pussy.

"You've trained her well, my lord," Hela said.
"You'll get some as well, but you're going to have to wait for it."

Hela didn't argue with it, especially since a nice skilled tongue working her pussy to an orgasm was good enough for now. She looked up, smiling in response. Harry's throbbing hard prick reached closer towards Dee-Dee's entrance and he was about to part her walls.

"Do it, fuck her hard," Hela said, trying to encourage Harry to do so.

Harry placed his hands on Dee-Dee's hips. Her thin pussy lips dripped for him. Harry knew his pet kept herself nice and tight for her master, which he appreciated.

Dee-Dee swelled up in excitemen when her master gave her the gift of his mighty rod. It parted her lips and worked into her inch by pleasurable inch. Harry steadied himself, pumping his rod inside of Dee-Dee. His balls slapped against Dee-Dee's moist cunt. She squeezed him, with Harry working back against her.

A nice momentum had been established. Harry grabbed Dee-Dee by the hips and shoved his long cock deep inside of her. Her warmth caressed every inch of his veiny, and throbbing rod. He picked up the pace and worked deep inside of her.

"Such a good pet," Hela said. "Lick me out….prepare me for our master."

"I'll give the orders around here, Hela," Harry told her.

"My apologies," Hela said.

"Although, I won't deny you don't have a good….idea!"

He encouraged Dee-Dee by working deeper inside of her with a throbbing hard cock being buried inside of her body. His hands squeezed her firm rear. Smiling, Dee-Dee worked her tongue deep inside of her Hela.

Dee-Dee knew the more she licked out Hela, the faster, and harder her master would ram inside of her from behind. Harry held on, shoving his cock into her, and stretched her out to the brink.

Her cunt squeezed him in response. Harry pulled her corset down to reveal her breasts. Her nipples looked rather hard, with Harry pushing a pair of fingers against her nipples. Harry squeezed her nipples, twisting them in response.

"She really likes that," Hela said. "I can tell, she's nothing, but a kinky slut."

Harry smiled, she was his kinky slut, his delicious little pet. Death would be mastered in all forms, and in every plan he could. Harry reached his hands underneath Dee-Dee's breasts and squeezed them one more time. He pulled almost out of her before shoving himself back inside of her. Her pussy gobbled up his prick.

"Time for you to cum."

Dee-Dee saw several of the most beautiful things of life flash through her mind, sights which would break most minds. The length plunged Dee-Dee's womanhood deep and fast. Harry almost pulled completely out of her and shoved his mighty rod back into her.

She clenched him hard. Harry picked up the pace and shoved his mighty rod deeper inside of Dee-Dee. His balls swelled up with each shove into her womanhood.
Hela wanted her master's cock in the worst way. Dee-Dee's moans vibrating deep inside of her cunt made her just want him even more. Her pussy oozed.

Dee-Dee exploded in a never-ending state of orgasm. Harry leaned closer towards her.

"We're getting close, get ready."

The beautiful girl's warm walls closed around him. Harry picked up the pace while he teased Dee-Dee's body with his hands. He closed his grip around her.

Orgasms chained one after another, with Harry plowing her womanhood. She clenched around Harry's massive rod, when he pumped it inside of her body. She could feel him buried inside of her body. Another orgasm which rocked the mind of the personification of Death flooded pleasure through her body.

Harry smiled, rammed into her one more time, and squeezed her breasts. His balls started to tingle, feeling the pleasure coming from them. He picked up the pace, riding out her orgasm all the way to the edge. He picked up the pace and slammed into Dee-Dee harder, and with more rapid-fire motions.

"Yes, please," Dee-Dee moaned.

Harry impacted her center with his seed, spilling it inside of her waiting and willing body. Harry held onto her to pump an immense load inside of her waiting, clenching womanhood. Harry rode her out to completion.

Seconds later, Dee-Dee collapsed on the bed. Hela smiled and looked at Harry. She moved over and held her breasts out for Harry to take. Harry accepted the gift and squeezed her breasts.

"You like them, you like how soft they are," Hela said.

"Yes, they're very soft, and very big," Harry said. "And I want them wrapped around my cock before your cunt is."

Hela smiled, her master's wish was her command. She took her breasts and wrapped them around Harry's mighty rod. Her breasts squeezed Harry and slowly worked him up and down between her gorgeous tits. Harry held Hela's breasts and pumped inside of her.

The feeling of her warm tit flesh caressing his cock made it go up. She licked the edge of his cock when it kept pushing out between her breasts. Hela leaned closer towards Harry and gave him a long and passionate kiss on the top of his swollen head.

The Asgardian Goddess moved back and cupped Harry's large cock in her hand. She squeezed the length and made it swell into full position. She moved closer towards Harry and prepared to mount him. His long, hard rod, started to slip between Hela's smoldering thighs.

She released it, and started to climb onto his lap. Harry grabbed her breasts and squeezed them. The goddess approached Harry, legs encircled around him. Hela leaned back to allow Harry to start nibbling the side of her neck when he pushed her back.

"This is going to be so good," Hela said.

Harry ran his hands all over the abundant curves of his soon to be lover. She ground against him, and slowly began to bring Harry's cock closer towards her entrance. Hela pushed her hips up and came an inch away from lowering down on the top of him.
"Yes, it's going to be more than good," Harry informed her.

Hela rubbed her womanhood down his cock, teasing both it and herself.

"Oh, this is going to be so good," Hela said. "I can't wait to ride your nice, big cock, until it comes undone in my nice, warm, cunt."

Hela situated herself on top of Harry and slowly slid her hips down onto him. Her legs squeezed Harry's waist and her pussy squeezed his hard cock in time. She rose up and brought her wet lips. Harry reached up and cupped Hela's breasts, giving it a nice squeeze.

"Fuck me," Hela said.

"Yes, it's what we're doing."

Hela smiled and pumped her womanhood around Harry. The energy spread through her loins, all the way to her body. Hela gripped his back, running her nails down it. Harry reached in and grabbed the back of Hela's head before giving her a kiss.

The two entangled in each other, never once backing off from the age-old ritual of love making. Hela gripped and released him with some fluid bounces. Her tongue reached into the back of Harry's mouth and still tasted a few drops of Dee-Dee's sweet pussy. She was hot, and gorgeous, and Hela could not wait to drink her completely down.

Dee-Dee rolled over onto the bed and slowly rubbed between her thighs. She raised a head up off of the bed and watched Hela's tight cunt gripping around Harry's massive rod. She squeezed and released him. Hela closed her hips around Harry and released him.

"Yes, fuck her, fuck her hard."

Hela rode Harry's rod harder. She rubbed herself down him. Her master treated her very nicely for good behavior and grabbed her bouncing tits. Harry squeezed them, and made Hela close her eyes. He gripped her throbbing hard nipples and give them a light twist.

"Baby, I'm going to lose it," Hela said.

"Go ahead, lose it," Harry said. "Lose it as hard as you want to."

Hela threw her head back, clawed Harry on the back, and screamed to the heavens. Her walls squeezed around Harry when pumping him hard. Harry pushed her hips down the gorgeous woman when she bounced up and down on him. The two of them rocked back and forth against each other. Hela's legs ensnared Harry when pumping him.

"Fuck, harder, it feels really good," Hela said.

Harry's cock wasn't the only thing which felt really good. Dee-Dee slipped in and stuck her tongue inside Hela's ass. The young girl returned the favor from earlier, well in her own amazing way. Hela wasn't about to complain due to having such a warm tongue brushing between her ass cheeks.

"Go ahead, Dee-Dee, make her scream."

Dee-Dee obeyed her master's word and extended the tongue deeper inside of Hela's asshole. Hela ran her pussy down Harry's mighty rod. She squeezed Harry and released him every single time.

"You're cumming harder than you ever came before," Harry said. "There's no use in denying it, I
can feel. You want Dee-Dee to keep licking your asshole while I fuck your pussy raw, don't you?"

Hela wanted exactly what Harry requested. His manhood penetrated Hela's walls. She stretched
down around Harry and encircled his massive cock.

"Yes, yes, yes," Hela chanted when working herself around him. "Don't stop, for the love
of….please don't stop!"

"Don't worry, I wouldn't dare stop," Harry said.

Hela thanked herself for the gift inside of her. Harry planted his rod deeper into her womanhood.
The two of them matched each other. The feeling of another great orgasm spread through Hela.
Harry decided to drive her beyond insane by gripping her nipples and giving them a nice squeeze.

Every single touch made Hela lose it more. Dee-Dee made her lose it even more.

"If you need a break, I can take over," Dee-Dee said. "I'm ready."

Hela shook her head furiously. No way did she need a break. All she had to do was stay on and last
the distance.

Said distance brought her through a cascading effect of orgasms. Harry buried his rod into her
womb and the head kissed it. Hela's breasts bounced when driving him deep inside of her. Her
hands rubbed down Harry's back.

Another one resulted in Hela's life going back. Harry leaned towards Hela and kissed the side of
her neck, collarbone, and breasts. Everywhere Hela wanted Harry to be, his talented mouth lavished
her.

"Mmm, yes, baby, I'm cumming so hard," Hela said. "Why don't you cum with me, my lord?"

Harry squeezed a hearty handful of Hela's round ass. She rocked down onto him in response,
leaning closer towards Harry.

"Sounds like a good plan."

The two of them met together, their loins meeting together. Harry's balls slapped deep inside of
Hela's pussy. Hela came down around him and filled her up with his cock. The two connected back
and forth with each other, pussy rubbing against his rod.

"Fuck me, fuck me hard," Hela said.

Hela squeezed him extremely hard, rubbing her walls up and down his cock. Her wet center
caressed Harry and he started to pummel her.

His balls clenched hard and started to fire their seed inside of Hela's moist womanhood. She
squeezed Harry so hard and he spilled into her. A never ending stream of cum lead Hela through
multiple orgasms which resulted in her body shaking in response.

Harry pulled on top of him. Dee-Dee slipped closer towards Harry and climbed on top of him.

"You're not done yet, are you, master?" Dee-Dee asked. "You have a nice big cock, and nice big
balls, full of cum, just ready to be played with, don't you?"

Dee-Dee slipped on top of Harry's long engorged rod which slipped down onto his rod. Her breasts
bounced on his face.
"Please, play with my nice titties while I ride you," she said with a sultry smile.

"You're made for my pleasure," Harry said. "Dee-Dee, you live to pleasure your master, don't you?"

She smiled.

"I love and die to pleasure you, great one."

Her snug cunt found it's home wrapped deep around Harry's cock. Every inch of her flesh was found in his grip. Dee-Dee shifted herself up and down. Harry reached in and squeezed Dee-Dee's ass cheek, before giving it a spanky.

"More."

"Look in my eyes."

Dee-Dee did as asked, wanting to show Harry how much pleasure she had while she rode him. Harry pushed Dee-Dee's hips up and down onto his. He squeezed her ass, earning a squeal of pleasure. Those nice round breasts which suckable dark nipples, a nice contrast of her skin, stuck out. Harry took one of them in his mouth and made sure to look Dee-Dee in the eye when sucking her breast.

Pleasure came from Dee-Dee every second Harry sucked her nipple. The Master of Death forced his pet to squirm underneath his pulsing manhood.

Suddenly, something slipped between Dee-Dee's cheeks. Harry smiled and held Dee-Dee's asshole wide open for Hela to slip inside. Hela buried her face in Dee-Dee's ass cheeks and a tongue in her ass.

"Figured, I'd let her have the chance to return the favor, wouldn't you agree?"

"Of course, master," Dee-Dee said.

Her loins exploded deep inside Harry. A constant barrage of pleasure entered her body with Harry slamming deep inside of her.

The kinky little slut liked her asshole being licked out, who knew. Hela enjoyed licking her asshole, it tasted so sweet. The forbidden taste of her tight hole made Dee-Dee grip Harry.

"I love it when you suck on my breasts," Dee-Dee mewled.

Harry smiled, sucking on them. Dee-Dee's body sized up to coat his rod with a covering of her clear juices. Harry picked up the pace and pounded her womanhood as far as he would go.

"Yes, I know you like it," Harry told her. "You like it, you can't get enough of it, can you?"

Dee-Dee shook her head. Harry couldn't get enough of her generous chest either. Her breasts were so succulent, juicy, maybe not as much as Hela's, or Hope's, the aptly named Lady Death, but they were still good. Harry gripped Dee-Dee's round breast and squeezed them one more time.

"I love how you cum when I play with your greedy little nipples," Harry said. "They can't have enough of my fingers, and you can't have enough of me, or my cock, can you?"

Dee-Dee shook her head the moment she came down hard on Harry. She picked up a few strokes up and down on him. Harry cupped Dee-Dee's breasts in hand and squeezed them. She slid down
Harry's mighty pole and pushed more of Harry inside her.

She grew tense with pleasure. Her loins were about ready to come undone. Harry moved his attentions down to her hips, and then her legs. He massaged Dee-Dee's legs which really caused her to become unraveled with more pleasure than she could handle.

Hela waited patiently for Dee-Dee to have her turn. She would have to wait, not wanting the rage of her master by jumping the gun.

"Fuck me to me!" Dee-Dee screamed, grabbing onto the side of his shoulder.

Harry just smiled and waited for the manifestation of Death to completely bottom out. She craved his seed and worked very well to get it. All of these warm pumps caused pleasure to really churn up through Harry. Harry held Dee-Dee tight.

"We better wrap this up soon, my other pet is getting impatient," Harry said.

"Then, perhaps you should reinforce her obedience, master."

Dee-Dee came down onto him and came hard as a result. Her body swam with so much pleasure. The glorious juices dripping down her body were going to be nothing compared to the glorious juices which were going to be buried inside of her pussy.

Harry held Dee-Dee's warm breasts, and grabbed them tight. She pushed deeper down onto him and clenched around his hard rod.

"Fuck, me, so hard, it is really good!" Dee-Dee breathed. "Thank you, master, thank you."

She thanked him one more time for the orgasm. Harry pushed deeper inside of Dee-Dee. The contraction of his balls sent a flood of cum inside her constricting cunt. Harry held onto Dee-Dee and pumped her so full of those life-bringing juices, her pussy overflowed.

Harry wondered about the potential paradox of Death bringing about a new life. And wondered if it was even possible.

More questions for another day. Hela got on her hands and knees, presenting herself from Harry. It gave him a different angle to explore.

He left Dee-Dee to collapse in a blissful state before sinking his balls into Hela.

Death most certainly had its perks, no pun intended.

End.
Ada Wong didn't really know what to expect when coming around the corner from her particular position. She moved her head around three hundred and sixty-degrees. No one followed her, a very good thing. She walked up a set of steps.

There was no sign of anything, living or dead. The beautiful Chinese-American agent looked around. Her silky black hair surrounded her beautiful face, with dark expressive eyes, and nice juicy red lips. She wore a red outfit with a slit up of the side to show her leg, and they were long, and smooth. She moved closer from her position.

She didn't enter a lab, rather a normal house. The lab must have been hidden somewhere. Ada started to feel around on the bookshelves for something, a secret switch, anything which would bring her to a hidden lab. So far, her search came up with nothing tangible, and resulted in her frustration hitting a very evident peak. She looked around a couple of seconds later, and moved around.

Dining room, a sitting room, a small library, but nothing of the ordinary out of there. Ada even pulled back the rugs to try and find a trap door, but nothing out of the ordinary. The agent frowned, something had to be there. She took half of a step into the next room, the final room.

"Congratulations, you've found the inside of my bedroom. Although, you're far from the first woman to do so."

Ada turned around and slowly reached for her gun, only to notice it had been removed from her holster. The man in the shadows held the gun in her hand before the gun shifted into a single red rose. He handed her the rose.

"Who are you?" she asked.

The man stepped out of the shadows. Ada had been caught off guard with his bewitching green eyes, black hair, and also his physique, which had been placed into a silky button up shirt, and a pair of tight pants. He looked well built and also tall as well.

"I'm Harry Potter."

The name Harry Potter rang a bell. He had been wanted by at least seven governments in the world, and that was just the tip of the iceberg. Ada didn't know what he did to upset these people, only he upset these people. She reached to her side, and went for a gun which wasn't there.

Ada hated how she had been brought to such a disadvantage. She decided to take him down the old fashion way, and see what he could tell her about the outbreak which was happening.

Harry blocked her hand without any effort, and flipped her down onto the bed. He leaned closer towards Ada, smiling.

"So, Ada Wong, one of the best agents in the world, although you're clouded in a bit of a mystery," Harry said. "And someone pointed you to my humble home."

"Yes, and you're a wanted man," Ada said.
"So, the ladies say," Harry said, smiling. "But, I could always use an opinion from one more."

The charming smile frustrated Ada more than she would care to admit. Harry gave her enough room to get up. Yet, Ada remained on the bed, legs subconsciously spreading. Ada closed her legs and bounced up to her feet. The moment he let his guard down, Ada would have him.

"I know what you meant, for the record," Harry said. "What's the bounty up to now, ten million?"

"Twenty actually," Ada said.

"Well, I must have really upset these people if they're going to put a price that high on my humble little head," Harry said. "You're not here to collect though. You're here for information, aren't you?"

"Yes," Ada said. "I want to know what you know about the latest plague."

"Yes, my old friends….they think they're going to change the world, but they're going to end up destroying it," Harry said. "I'm immune, naturally."

Harry's arms wrapped around Ada and held her in close. She didn't pull away. He moved closer and breathed in her ear which came very close to making Ada lose it. Harry pulled away from her.

"I'm working up a cure, but it's going to take time," Harry said. "But, I'm not out for the interests of any government in the world. I'm working on this cure because of a couple of friends of mine, they were infected."

"Wait, it's spreading this far?" Ada asked.

"Yes, oh and hold still," Harry said.

Ada felt a needle injected into her arm. Her body sized up, heating spreading through every single inch of it. Her nipples stuck out of the front of the dress at the sensations going through her body.

"Now, the cure should work, although I haven't had a chance to mass produce it," Harry said. "And distribute it….the people who are after me, they don't want this cure to get out. They want to make money off of it."

"They would never….."

"Yes, they would," Harry said.

"I feel funny," Ada said. "Have you…."

"There are some side effects, which can't be helped," Harry said. "One of them is….."

The words "uncontrollable lust" never exited Harry's mouth. Ada's warm mouth pressed over Harry's and she gave him an amazing kiss. The beautiful woman leaned in, kissing the daylights out of the handsome young man before her.

Harry wrapped his arms around her waist and held the beautiful woman in. She was working his belt.

"I need your cock," Ada said. "I need it worse than anything else."

Ada pulled out Harry's length cock which stretched out. It throbbed inside of the hand of the beautiful woman. Ada wrapped her hand around Harry and slowly worked it down to the base. The
cock swelled in Ada's hand the second she worked it up and down.

Harry enjoyed the feeling of a soft, beautiful hand caressing his long rod. Her right hand stroked him while the left hand moved down and cupped his balls. Ada leaned in and gave Harry a hungry kiss, nibbling the insides of her mouth.

Ada stepped back from Harry, dazed for a moment. She undid the straps of her outfit and pulled it all the way to the ground. She gave Harry a full view of Ada in all of her glory, dressed in a pair of lacy black panties with red trim, and a black and red bra. She matched, if nothing else.

The woman wrapped her arms around Harry's neck and her legs as well, pressing her body against his. The warmth she craved increased. Ada leaned back and kissed Harry across the side of the neck, before she fired more kisses down his body. Ada worshiped Harry, slowly sliding down.

The warmth of her mouth came closer to reaching Harry's rod. Harry looked down at the beautiful Ms. Wong, who was down on her knees. Harry gently cupped the back of her head.

"Go for it," Harry said.

Ada went for it, she went all the way in. Harry's massive rod sucked into her warm, tight mouth. He held her on the back of the head. Ada went down on his aching pole, making Harry groan with the feeling of her warm mouth sucking in and then releasing him.

The lewd sounds made showed how much Ada graved this long, throbbing rod. Harry pushed his hands on the back of her head. Ada enjoyed the taste of him and didn't mind it being shoved down her throat. She tilted back and took more of Harry's long cock inside of her mouth.

"You're so good, baby," Harry told her. "You're so good, I think I'm going to…"

Ada cupped Harry's balls and gave them a nice gentle squeeze. Harry held onto the side of her face, and pushed more of his long rod into her mouth. A few more sucks followed before Ada pulled away from Harry.

"Don't want to waste any of that, too soon at least," Ada said.

Ada moved over, this time willingly, to Harry's bed. She slowly unclipped her bra, before throwing it towards Harry. Harry caught it so he could get an unrestricted view of Ada's beautiful breasts. The round melons stuck out for Harry to grab, in any way he wished to. He moved closer towards Ada, the beautiful round breasts just stood out for him. Harry leaned in and cupped them in hand.

"Yes, baby, more," Ada said. "Give me more, squeeze my breasts."

Harry cupped her breasts in both hands. Eventually, one hand moved down and traced a pattern down her body. Harry brushed down Ada's belly button, running his finger down into it. He took the edge of her panties and shoved it down.

Ada's pussy looked soaked for him. It was smooth, and delicious looking. Harry could not wait to have a taste, and so he did. He kissed down her body.

Every single kiss fired electricity down her body. Under normal circumstances, Ada would have wanted what she received from Harry. Under these circumstances, her desire increased and every time he planted a light little kiss, pleasure shot up. Ada sensed she drew closer.

Harry made her scream by slowly rubbing Ada's clit.
"You like when I make you feel good?" Harry asked. "I bet you'd like it even more to feel me suck on your beautiful clit."

Ada didn't have a question in her mind, she desired Harry to do just as he asked. Harry moved closer down to her, and captured her clit in his mouth. Ada leaned in and encouraged him. Harry's mouth suckled her clit, and increased her pleasure.

It rocked her body, and Harry could smell the scent of a very aroused pussy coming before him. Harry spread Ada's thighs and buried himself inside her pussy. He slowly worked over the outer lips, before easing his tongue. The moment Harry pushed into her, the trump card would be at hand.

Ada rocked her hips off of the bed. An orgasm almost hit her immediately. Harry's tongue proved to be amazing inside of her body.

Harry drank up the beautiful juices and guided Ada from one orgasm, to the next. The gorgeous woman writhing beneath him made Harry excited for her. Harry grabbed Ada's thighs, squeezed them together, and lapped up the heavenly juices trickling down her. Harry kept swirling deep inside of her hot, smoldering depths.

Ada's body rocked up and down until Harry released her. She came down in a daze.

"Please, fuck me."

The tanned thighs spreading for him and the sweet pussy just ripe for the plowing made it very hard for Harry to say no. He climbed up top of her. Her large breasts and erect nipples crushed on Harry's chest. Harry leaned in to kiss the lips of the Chinese-American beauty.

Harry pushed his rod completely at the edge. Ada's legs scissored around Harry's lower back and encouraged him to take a dip in. He pushed inside her.

The moment Ada felt Harry inside of her, madness swelled in her mind. Ada put her hands on the top of Harry's back and bucked her hips up. More of Harry's engorged length pushed inside of her.

"I bet you didn't expect to get the greatest pleasure of your life, when you got here."

Harry's hand ran down Ada's long, leg. He grabbed the succulent flesh and made her scream beneath him. Harry picked up the pace as much as he could. Every time he rose.

"No, never, but I'm not sorry," Ada said. "You're hot….I thought that even before you injected me with the cure."

"You're hot yourself," Harry said. "And your pussy feels so good….I don't think you've ever been fucked by a real man before, have you?"

Ada couldn't really say anything for our against this statement. She found her ideas with what a real man exactly was to be completely challenged. Harry rose up and then bounced into her body. Each time he penetrated her, Ada could feel the rush.

Harry leaned down and cupped Ada's breasts. She closed her eyes, panting in absolute pleasure. Harry decided to channel energy through her breasts.

The energy coursing through Ada's body electrified her from the tip of her head. Her pussy clenched Harry, and he rewarded her clenching by ramming deep inside of her body. Harry pushed up and slammed down into her. Each time her tight body wrapped around him, she released his rod.
with a fluid motion.

"Fuck, fuck, so good," Ada said. "I've never had an orgasm like it."

"Would you like another?" Harry asked.

"Yes," Ada said.

"Tell me who gave you that orgasm," Harry said.

"Harry Potter," Ada breathed.

"And who will always give your body pleasure, if you earned it?" Harry asked.

"HARRY POTTER!" she screamed, the pleasure rising up through her loins.

Harry smiled and escalated the thrusts. He rose up and buried more of his aching rod inside of Ada's dripping hot pussy. The beautiful woman wrapped her legs around his waist with Harry rising up and completely out of him. He moved in and blew on the woman's ear, and it made her squeal in anticipation. Harry had her body right where he wanted it, in a state of constant and never ending arousal.

"And who does your body belong to, now and forever?" Harry asked.

"Harry Potter!"

Ada screamed out these words in orgasmic pleasure. Harry continued to toy with her nipples. He would have had Ada sooner or later without the antidote, but it did make the process much easier. Harry's fingers brushed further down between Ada's legs and tormented her clit. She rose up and pushed more of his long cock inside of her.

The orgasms increased the more Harry drove deep into her body. The feeling of a sensation spreading from his loins increased, intensely making him feel really good. Harry picked up the pace and grabbed her nipple, squeezing it one more time. He leaned in and kissed it. Harry sucked her nipple, bringing it into his mouth.

"It feels good," Ada said. "I knew you would make me feel good….but this is just amazing…"

"You haven't felt anything yet," Harry said.

Ada wondered what Harry meant by these words. Anticipation gripped the body of the beautiful woman beneath him. Harry held onto her and planted his thick rod inside of her gorgeous body. The more her pussy clamped against him, the more Harry felt really good. He pushed into her and then pulled out of her.

"Yes, oh yes, baby,"

Harry pushed deep inside of her. His throbbing balls struck against Ada's warm, wet entrance. She scissored her legs around Harry's body when he pumped into her.

"You're going to keep feeling this good, you're going to get a nice little surprise."

Those balls had a healthy build up after Ada's incomplete blowjob earlier. She couldn't wait to feel the warmth of his seed inside of her. Harry pinned her down on the bed, and pushed deep inside of her like it was meant to be. Harry picked up and worked deeper inside of her.
"Oh, I can't wait," Ada said. "Baby, it would feel so good if you're going to cum for me. Just empty those big balls, they must feel so sore, you must need your release. Please, my body is yours to put all of your sticky, juicy, cum…..put it inside my pussy…..bury your seed in my womb."

Ada breathed hungrily when Harry leaned down pumping her. Her mouth lavished the side of Harry's earlobe and sucked on it hard. Harry took a moment to enjoy the feeling of her warm breasts. He licked the juicy, fleshy orbs and released them.

Speaking of release, Harry's release was almost at hand. Harry pushed deeper inside of Ada's warm pussy. He rocked up and pushed down into her. The contents of his balls were about ready to come out.

Ada arched back in anticipation, moaning in Harry's ear, while squeezing his hips with her legs. She encouraged Harry to push down into her. The seed was going to spill inside her body. Ada lifted halfway up from her position and took more of Harry's long cock inside of her body.

"Please, please," she begged him.

Harry smiled, waiting for the end to come. Ada failed to disappoint Harry. The release happened and her clear liquids came down.

Ada knew Harry was going to make her work for the seed, which was fine. Her body experienced so much pleasure, it was very hard to keep her head above the water. She needed to, though, if she wanted to be awake for Harry's final burst of seed.

Another orgasm hit Ada, before Harry pushed his lengthy rod into her body. His balls hit the edge of her wet pussy, and then she trapped his invading tool inside her warm pussy. Ada leaned back on the bed, allowing Harry prime access to her breasts to suck on.

The explosion happened. Harry discharged his load inside of her body, sending a never-ending burst of seed into her. Ada rolled her hips off of the bed and took more of Harry inside of her.

Her body completely shook the second Harry spilled inside of her. Push after push of his cock sending a virtual flood of semen inside of her tight, willing body.

Harry got a nice little boost of energy from spilling his essence, binding another beautiful woman to him. He could feed off of her energy, and she could feel off of his, and life would be great.

Ada took a half of a second to come down to her pleasure. She reached up to feel how full she was.

"That was amazing," Ada said.

She rolled over onto the bed, on her hands and knees, and offered him a very tantalizing view of her pussy which dripped with the combination of seeds.

"Why end the night here?" Harry asked. "You're still wet, and I'm still hard….unless the legendary Ada Wong wants to tap out for the night."

Ada looked over her shoulder and gave Harry a smile, as if to say to bring it. So, Harry brought his hard cock over and shoved it into her.

Both of them continued their workout for the night. The second round of lust spread towards Ada, and she knew of one thing strong enough to cure it.
End.

Birthday Wish(Nymphadora Tonks)

Harry returned from Breakfast, only to see an amazing sight, being Nymphadora Tonks sitting on his bed, dressed in nothing, but a bow wrapped around her neck. The witch had her hair bright green today, with a matching shade of her eyes. Her tanned body was on display with nice round breasts, a flat toned stomach, and green pubic hair. The long legs and juicy ass was on full display for Harry.

"Happy Birthday, Mr. Potter," Nym said in a husky voice.

She turned around, crawling all over the bed. The real estate space in Harry's pants became a bit constricted.

"It's not everyday where a young man turns seventeen, and I decided to make your birthday special," Nym said. "Today, you have three birthday wishes, where I can be three people, of your choosing."

"Does this mean anyone?" Harry asked.

"Yes, anyone, living, dead, real, or fictional," Nym answered with a smile. "Just tell me your desires, and they will all be yours….here….let me give you something to keep you occupied when you mull it over."

The Metamorphmagus pulled down Harry's pants and then his boxer shorts. She exposed his throbbing long cock for the word. Nym smacked her lips a few times, when seeing it. What they said about wizards of great power was true, although there were certain wizards of great power whose private parts should remain private. A handsome young man like Harry, well, she would think about his long rod all day.

Harry looked down to see Nym's warm mouth wrap around his tool and start sucking on him. He gripped the back of Nym's head and pushed deeper into her mouth. His long rod shoved further inside of her mouth when she sucked on it. Harry mulled over the different possibilities.

It was almost hard to concentrate with Nym worshipping his long rod. He put his hands on the back of her head to guide her and closed his eyes. Several women circled through his mind, wondering who he would choose. A particularly devious idea cycled through Harry's mind. He allowed Nym's mouth to continue to work him over.

"Can you do your mother?"

Nym released his cock from her mouth and looked up at him in surprise.

"No, not recently," Nym said. "Oh, you mean if I can change into my mother….well, yeah, I can do that as well….

Nym closed her eyes, thinking about how wrong it was to get fucked by Harry Potter, while wearing the form of her mother. The thought of it turned her on even more. Nym started to breath heavily when her breasts shrunk about a cup size, still a set of D-Cups. She grew in height though.
Her green hair became dark black, and her face changed.

It occurred to Harry how much Andromeda resembled her younger sister, Bellatrix, although without the ravages of an extended stay in Azkaban.

"Why, Mr. Potter, I didn't think you fantasized about having both a mother and daughter at the same time?" Nym-dromeda asked. "And to think, you wanted me this entire time….I bet when you were over this summer, you wanted to bend me over the counter and fuck my lights out."

"Yes, Mrs. Tonks…"

"Please, call me Andi," Nym-dromeda said with a wink.

The mature woman climbed up onto Harry's lap. The tag of "to Harry, from Nymmy" fell off of her neck. Harry wrapped his arms around the changed woman and kissed her. She grinded up at his extended cock. Harry reached behind and found Nym's naturally nice ass ran in the family. Then again, both Narcissa and Bellatrix were visually pleasing from that particular angle as well.

"Andi, I want to fuck you, so badly," Harry said.

"And then, fuck me," Nym-dromeda said.

The dark haired woman reared her neck back and screamed lightly to the heavens. Harry lightly gripped her hips and positioned his throbbing cock underneath her dripping slit. Nym slid back a fraction of an inch and lowered herself over towards his cock.

Nym rose halfway up and dropped down onto Harry's long cock. She rode him while under the guise of her mother, and she imagined what it would be like to see her mother really riding Harry's cock. After her father died last year, Andromeda had been a bit too high strung, and Nym thought her mother needed to be laid.

Her walls slid around Harry's long throbbing cock. It pushed down on his rod, squeezing it. Harry felt how deliciously warm she felt, and could not wait until he buried himself deeper inside of her. He pumped his way inside of her. Those balls slapped against her.

"Go, further," Nym-dromeda encouraged him.

"Yes, it feels so good," Harry said. "And I think it's time for you to cum, Andi."

Nym clenched at Harry referring to her by her mother's name. Her pussy gushed when going down around Harry's rod. She released a fluid amount of cum down on Harry. The lubrication made him work into her even more. His cock slammed deeper inside of her body.

The morphed vixen gave Harry's love muscle a work out. This was the first of his birthday wishes, and Harry wondered when it was going to end.

"It ends, when you cum," Nym said.

Nym bounced herself up and down on Harry's throbbing hard rod. She wanted to feel him all the way inside of her, all of the way. A spark of lust flew through her body. Harry leaned in and took Nym's round nipple into his mouth, sucking on it harder.

"Baby, you're the best," Nym-dromeda breathed. "Better than the rest….oh suck my nipples…..I'm just nothing but a dirty slut, like my daughter!"
Harry gripped the morphed goddess when she descended down on his large cock. He took her gorgeous breasts in hand and buried his face in them. She encouraged this behavior.

Nym rolled back in pleasure, feeling Harry suck her mother's tits, even though they were attached to her body. She kept bouncing on him, rocking his long cock into her body.

"Yes, fuck me, make me cum!" Nym-dromeda yelled. "I need a nice, young stud, ready to breed me…to make me feel good!"

Nym rocked her hips down onto Harry to squeeze and release his rod. Harry grabbed her and pushed Nym all the way down. She bounced higher and higher.

The morphed MILF riding him made Harry's balls throb with each passing thrust. Harry held onto her, pushing his rod deeper into her body. She released and squeezed him a couple of times, squeezing him.

"Just cum for me," Nym-dromeda said. "If you don't cum for me, young man, I'm going to be so disappointed."

A guilt trip orgasm, boy was that ever a new one. Harry pushed his rod deeper into her. She pumped him and eventually, even Harry couldn't hold back. Harry pushed his way deep into her body, and shoved his rod deep inside of her body.

Nym-dromeda's hair changed to a bright green, and then went purple, to red before going back to her natural black. Her face also contorted in pleasure when Harry shot the heavy load into her tight body. She clenched and released him several times.

Harry sighed with the pleasure of release. His orgasm cascaded inside of her. Harry rocked her body several more times before sliding out of her.

"Yes," Nym said. "So good."

Nym pulled her way away from Harry. She took his cock and stroked it before kissing down the edge of it. Nym licked him. At least she got the taste of her mother's juices down right, which was a good thing.

"So, who's next?" Nym asked. She brought Harry's cock back up to full power. "Does the Boy-Who-Lived have any celebrity fantasies he wants to entertain?"

Harry smiled and looked at Nym.

"Well, there's one person I've always…dreamed about," Harry said. "Are you familiar with Power Girl?"

"You mean the Muggle Superheroine?" Nym asked. "I can imagine why you would have thought of her…..I don't think I've ever done anything that big."

Nym took a few seconds and closed her eyes. She would be lying if she didn't spend a fair bit of time herself imagining Power Girl without her clothes as well. She was a witch after all, and thanks to the nature of magic and necessity, all witches were bisexual. Nym's hair turned shoulder length, blonde, her body toned up a little bit. The hardest part was on her chest.

"There's always a first time for everything," Nym muttered.

Her breasts grew several times their normal size. Nym almost fell over from the sheer girth of the
"How she doesn't develop back problems, I'll never know," Nym said.

"Kryptonian strength?" Harry asked.

"Well, obvious," Nym said. "So, these are about as big as I can get them, so, if you don't like it….."

Harry reached forward to grab the boulder sized breasts which currently resided on Nym's chest. He squeezed them a couple of times. They were large and judging by the moans coming from Nym, utterly sensitive. He squeezed her nipples and made her moan.

"You did a good job, ten points to Hufflepuff."

"I'm not sure if that counts," Power-Nym said. "But, I'll take it."

Harry watched when the beautiful morphed woman who now wore the body and face of the object of many wet dreams for Harry.

"Thank you for saving me from Lex Luthor and his evil death machine, good citizen," Power-Nym said. "If there's anything I need to do to play you back…I can never repay you enough."

"I can take these nice round breasts as a down payment."

"Please," Power-Nym said. "There yours for the taking, so please, just take them."

Harry leaned down, grabbing a hearty handful of Nym's chest pillows. She slid them up, to wrap them around Harry's long rod. The sorcerer gripped onto her side of her breast, and eased his manhood between them. The breasts wrapped around him.

There was quite a sight with Harry's long cock which extended even further to fit her breasts. Harry held onto her breasts and slowly slid his manhood deep into her large breasts. They squeezed him hard and then released him a second later. Harry held them on.

Nym closed her eyes to feel the pleasure of breasts being massaged and rammed with Harry's cock. The sensitivity increased along with the side, and power shot through Nym's loins. She had been on her back, the only place where she felt comfortable with being with breasts these size.

Harry had the beautiful blonde.

"You have such nice tits, Power Girl," Harry said. "They were made to fuck."

"Yes," she responded. "And now, your big cock is going to fuck them, and fuck them long and hard."

Harry held onto those round orbs of flesh, and pushed into them. The power of those nice breasts squeezed around him. Harry grabbed the side of her chest and jack-hammered her breasts. There was only one thought which went through Harry's mind.

'Happy birthday, to me.'

Nymphadora Tonks really felt a pleasure beyond everything else course through her body. Harry held the side of her breasts and started to drive his long cock into her. She squeezed and released Harry's manhood with a couple of fluid pumps. Harry held onto her.

"It feels so good," Harry said. "I can fuck your tits all day long."
"Not many men could last at all," Power-Nym said.

She really got into it, despite knowing she wouldn't be able to get up with these gigantic fun bags weighing her down. Harry had Power-Nym at his mercy, and there was no way about it.

Harry ached when pushing into her. The prospect of spending a few more moments with those tits made him hungry with desire. He grabbed them, squeezed them, and twisted the nipples. The sensual moaning coming from the woman beneath him made Harry increase his thrusting. He squeezed her breasts and jack-hammered away in them.

The blue eyes of the blonde slightly turned over to a lustful violet color. Harry picked up the pace, squeezing them together.

"I'm going to explode, all of these tits," Harry said.

"Yes, paint them with your cum, fire that nice, big load all over my big breasts!" Power-Nym yelled. "Make me your bitch….make me yours!"

Harry wasn't going anyway. He pushed deeper into her breasts and then with a few more pumps, fired. His long cock shoved between her breasts and discharged. The splatters of cum connected with the side of her face, her chest, and her collarbone.

He retracted his manhood, from her, and smiled. He ran a hand down Power-Nym's dripping body. He pushed the cum onto his finger and offered it to her. She sucked it from his finger quite hungrily.

"I going to also take your pussy."

Harry moved closer down towards Power-Nym. Her thighs pushed part for him. Her smooth pussy invited him down. Harry grabbed her chest for leverage before moving down to grab her hips.

Those long, toned legs found their way wrapping around Harry's long cock shoving between her pussy lips. She was really tight, with barely any room inside of Harry to maneuver. Harry did maneuver, and also leaned in to grab her chest some more.

All Nym could do was sit back and take the fucking until Harry came inside of her. Her legs scissored around Harry. A more powerful orgasm came through her body than before. Being in someone else's form when having sex, always made her hot and bothered.

Harry grabbed those extended nipples and squeezed them. Nym clamped down and released him with a fluid of pumps. Her walls closed around Harry and released him. She pumped him inside several times in succession. Harry never backed off from his thrusting.

The two of them met close with each other. All things, no matter how good, had to reach the end. Harry wasn't going to reach his until he worked into her.

"Please, I need your cum, citizen," she said. "I'll die without it."

She also would die because of those large breasts weighing her down, and the fact every time Harry touched them, he gave her an orgasm which made her flood the area around them when they fucked.

"Yes, I'm sure you will," Harry said. "Just hang on, Power Girl, we're almost there. Just cum for me one more time, and you'll get your gift."
Harry didn't say when, and he rode this pussy for as long as he could. His fingers only had to lightly brush Power-Nym's nipples before she slid up around his cock and released it.

After all the time, Harry finally pushed into her pussy. She gripped him and released him, pumping Harry's long cock into her body. Harry held onto her and finally lost it. His balls discharged and flooded inside her of body.

The sensations of the warm seed spilling inside of Nym made her deflate with pleasure. Her body warmed up. Harry dragged his finger against her leg which still pushed his hip down to get every single last burst of cum inside her body.

Nym closed her eyes and her breasts went down to a more standard level where she wasn't like a turtle who flipped over onto her back. She pulled herself to her back, stretching for a few seconds.

"So, that's round two," Nym said.

Nym lifted her foot off of the ground and wrapped her toes around Harry's fist. She still was in Power Girl Form, only her breasts were smaller. She gripped Harry's long cock around her toes and pumped him up into full mast.

"So, it's now time for the main event," Nym said. "And I'm sure you have a real winner."

Harry tried to block out the sensations Nym's sexy feet gave his long cock. It pointed up to the heavens with her stroking him.

"I just might," Harry said. "I've been looking through my old family album…and I couldn't help but notice…my mother was pretty hot…..I know it's wrong to think it but….."

"Honey, I'm half of a Black," Nym said. "To us, Incest is just the hottest new band in the wizarding world. And besides, it's your birthday. If you want me to turn into your mother, and fuck my brains out, I'm sure not going to stop you."

Nym closed her eyes and her blonde hair shifted red and her eyes matched Harry's the closest she could. Harry and Lily's eyes were such a unique shade, and despite years of practice, Nym couldn't quite get them down.

"Okay, the eyes won't be perfect, and damn it, I've been practicing it for years," Nym said.

"Don't worry, it's the thought that counts," Harry told her.

Nym shrank just a little bit from Power Girl's immense height. Her body grew a slight bit paler, but her breasts were still a good handful. Her pubic hair turned into a slight strip of red. Harry looked at "Lily's" naked body for her. Her curvy frame, with a nice pair of breasts, a flat stomach, wide hips, and long juicy legs made Harry's cock throb at attention.

"Don't worry, it's pretty accurate," Nym said.

"How do you know what my mother looks like naked?" Harry asked.

"I found some old home movies with my Mum and yours," Nym said. She winked and smiled at him. "Maybe if you're lucky, I might show them to you one time."

She gave him a devious little wink and then moved over. She motioned for Harry to come over to join her at the bed.
"Harry, Mummy is very horny now," Lily-Dora said. "So, why don't you show your dear Mum your big cock?"

Harry moved over to show the woman morphed into his mother his cock. She smiled and grabbed it in her hand. She leaned across the bed and tasted it. Her lips ensnared Harry, sucking him hard, before releasing him.

"It's so big, and hard," Lily-dora purred. "Please, baby, fuck your mother."

Harry watched the redhead turn over to the bed. He figured it was all accurate, his mother's bedroom voice sounded dead sexy, and made him throb. Harry moved closer towards her and motioned closer towards Lily-Dora. His throbbing cock hit the edge of her womanhood, and slowly pushed inside of her.

"Oh, baby, it feels so good to feel your big hard cock," Lily-Dora purred.

Harry pushed his way into a replicated copy of the place where he entered this world from. He pushed his hands around "Lily's body.

"Mum, your pussy is so tight," Harry said.

"Oh, that kinky slut Andromeda said the same thing," Lily-Dora said. "And her daughter, I bet she's nothing but a nymphomaniac as well. She is the type of slut who wants nothing, but your big, strong cock buried deep inside of her."

Said big strong cock buried inside of the body of the morphed woman. Her walls tightened around him. Harry reached in to feel his mother's skin before going around and feeling her lower back. It was so soft, Harry could hardly believe it. His manhood pushed deep inside of the morphed woman's pussy.

Nym really got into it now, the feeling of Harry riding her, stretching her out. Knowing she was using Harry's mother's face and body to entice him. She grabbed onto the edge of bed, being dragged over a hormonal edge. Harry kept up against her, spiking inside of her body.

"You're making Mummy cum now, such a good boy," Lily-Dora moaned.

"Yes, Mum, I like to feel you cum," Harry said. "You're an even kinkier bitch than Nymphadora is….I like saying her name, it drives her nuts when I say it."

Harry held onto the edge of Nym's back and drove his long cock inside of her body. His manhood slid into her and slid out of her.

"Nymphadora."

She twitched when feeling his long cock buried inside of her body. Harry picked up the pace, pushing deeper into her, and the sliding out of her.

"It's so sexy when you say it, baby."

"What?" Harry asked. "Nymphadora?"

Nym came around him hard. Harry pushed himself into his lover. He saw the beautiful face of his mother reflected off of the mirror, so happy. Harry reached down into her and cupped her breasts to give it a nice little squeeze. Harry pushed his fingers around her nipples and turned them around.
"Baby, you're too much," Lily-Dora said. "You're making Mummy cum so hard!"

She came around Harry. His hard balls slapped against her womanhood with a steady amount of motion. He rocked against her body, drumming against her. Several more thrusts before she would be brought to the edge.

"Baby, so good, you're so good, and you are so hard inside me," Lily-Dora said. "Are you going to cum for me soon?"

The beautiful face of Lily Evans scrunched up in pleasure and she let out a soft moan. The borrowed body of the Metamorphmagus was heightened to greater sexual arousal. The fact many people considered incest to be a taboo really got her motor running.

"I'm going to cum in you," Harry said. "I'm going to show you how much love I can give you…"

Nym appreciated her son's long cock buried into her. Wait, her son, she had been fucked so hard, it made her slip a little bit further into character.

"You're going to take everything I have, and like it," Harry said.

"Oh, your kinky slut of a mother loves her baby's cream," Lily-Dora breathed. "And Mummy might have some milk to give Harry sooner or later…cum inside your mother…give her a baby."

Harry's balls throbbed at the thought of knocking up a woman who was wearing the face and body of his dead mother. It just seemed like.

"You're such a kinky bitch."

"Yes, I'm more kinky than that Nymphomaniac, Nymphadora," Lily-Dora said. "Now, please, cum for me…cum inside your mother's pussy. Knock her up…give her a baby!"

Harry shoved deeper inside of her warm pussy. It felt so good, and he made his want to explode inside of the borrowed form of his mother. She was such a beauty, and Harry's balls throbbed, it wouldn't be too long now.

Nym breathed heavily the moment Harry bottomed out inside of her and started to spill his cum inside of her. She realized intent was everything and in the heat of the moment, she might have stated her intention to bare the child of the Boy-Who-Lived.

Harry's lengthy rod slammed inside of her womanhood, and spilled his seed into her. He coated the morphed womb in his seed.

The two of them pulled away from each other. Lily-Dora rolled over, and smiled, and tried to change back to a more standard form. Despite great concentration, it was the form of Lily Evans which remained.

"Problem?" Harry asked.

"I can't change," Nym said. "I've been mode-locked."

"Which means?" Harry asked.

"Well, when a metamorphmagus gets mode-locked, it's normally because they either experienced some great trauma, or they're knocked up," Nym said.

"So, you're stuck as my mother for the next nine months?" Harry asked.
"Yes," Nym said. "Boy, this should be fun to explain."

Nym only had herself to blame for getting too far into character.

End.
Harry Potter opened his eyes and realized he woke up in a bedroom which was most certainly not his own. He took a second to realize he had been fastened to the bed by the wrists and legs. Whoever kidnapped him left his clothes on. Harry tried to find a way out of this perilous predicament he entered.

"Good, you're awake."

The bound sorcerer could only move his head. He saw the door open up and saw a figure walk her way into the room. She wore a purple headpiece which did a nice job in setting up her hair. Her beautiful face had been framed with dark hair coming down, clipped back behind the head piece. Her soft cheek bones and juicy lips made her look beautiful, along with dark eyes which clouded with an unmistakable look of lust, glowing violet when she approached. She wore a purple and black choker around her elegant check, and it drew attention to her outfit.

Harry swallowed when looking at her. Her outfit had a plunging neckline with her breasts just barely contained. The outfit started at her neck and opened completely up to just beneath her body button. Harry's attention and the attention of his stiffening cock had been drawn to her breasts. He moved down to gaze upon her toned body, with a beautiful navel with a shining purple emerald in it. He looked down past her wide hips.

Her long, dazzling legs had been topped off with a pair of high heel boots which made her legs look like they extended forward. She took a step forward and walked closer to the edge of the bed. She placed her hands on the bed and smiled.

It took Harry a couple of minutes to realize who he had been facing, once he managed to tear his eyes away from her breasts and her legs to look her in her face, which was stunning as ever.

"Carol?"

Carol Ferris, the head of Ferris Airspace, smiled and sat at the side of the bed. She wore the most obvious "come hither" expression on her face. She approached the edge of the bed and put her hand on Harry's thigh with a smile when approaching Harry.

"Yes, as intelligent as he is smart," Carol said.

"I thought…"

"I've been recruited by the Star Sapphire corps," Carol said. "We haven't all had the best luck with love….and some of them are quite jaded. They want to treat their spurned lovers how much love hurts."

Carol rested a hand a few inches away from Harry's not so little guy. She smiled when moving up at the bed.

"See, though, they don't appreciate what a real man can do," Carol said. "And, they think I've kidnapped you to bind you to the energy crystals, and leach off of your life force…to power
them….but….I have different ideas."

Carol crawled on the bed, and smiled. Her hips straddled Harry and she leaned in, making sure her cleavage stuck right in Harry's face.

"You see, you can help educate them on what a true man, can do," Carol said. "Would you agree with me, Harry?"

Carol put one hand on the side of Harry's face.

"Why did you kidnap and tie me to the bed?" Harry asked.

"Relax, Harry, you'll have your fun," Carol said, smiling. "And besides, how many people can get the drop on you? A girl has to get all of the chances she has."

The dark haired woman rolled her hips against Harry's clothed center. The two of them moved together, body to body. Carol put her hands on either side of Harry's face. She moved down to slowly unbutton his shirt.

"And I've always wanted a big piece of you," Carol said. "I just….was too stubborn to realize what I wanted…what I desired."

She breathed in Harry's each which caused him to harden. Her tongue licked the side of his ear and sent shivers up Harry's body. Carol grabbed Harry by the back of his hair and pulled his face up.

"But, now, I have it, and I want the first crack."

Carol pushed her lips onto Harry's and worked his mouth open. She shoved her tongue into Harry's mouth with a sexually aggressive kiss. Harry returned the kiss with fury, wishing he had access to his hands.

"Let me treat you really nice, baby," Carol said. "Let me show you how much I love you."

Carol kissed him one more time on the mouth and used her tongue to shove deep into his tonsils. She pulled all the way out of him and started to kiss down the side of Harry's neck. Her mouth latched the edge of Harry's neck and sucked on it. She kissed down his shoulder.

The young man moaned when Carol's warm wet mouth worshipped every inch of his upper body. She was so beautiful, so passionate, and Harry's cock was so hard the moment she reached closer towards the promise point. Her nails raked down the side of his chest.

"Carol, damn, Carol, you're so good….."

"And so bad," Carol said. "But, good at being bad."

She unclipped Harry's pants and then started to his stomach, and slowly worshipped the underside of his stomach. She licked Harry's pelvis, kissing him. Carol pulled her pants down further and then his boxer shorts.

One twelve inch cock pushed out for Carol. Carol wrapped her thumb and forefinger around the base of the thick member. She leaned in and touched her lips down onto the tip of the head. The Star Sapphire's warm tongue lavished the edge of Harry's head when she stroked the base.

Carol made love with Harry's throbbing hard cock. She licked and smiled when working down his manhood. A small amount of pre-cum trickled out of his cock. She lapped it up like the life blood.
Harry groaned with Carol's lovely licks and kissing to him, along with her stroking the base. More of his manhood worked to her mouth. She stroked down from the point of her mouth and then all the way down to the base. Carol moved in to cup his balls and gave him a squeeze.

One of Harry's hands worked loose. He put it on the back of Carol's head to guide her. Carol looked so beautiful, those eyes burning with lust when she worked his throbbing hard cock into the back of her throat.

"Damn, it's so good, so good, I can't….I can't hold on too much longer."

Carol moved all the way down, her lips pressed at the base. She sucked Harry's hard cock, looking up at him. Her body burned up with desire. She wanted so much of the cum.

Harry grabbed the back of her head with his one free hand and stroked her dark hair. Carol lovingly bobbed up and down on his cock in time with squeezing his balls. A rush spread over Harry's loins. Harry popped his cock into her mouth and sent a rush.

The Star Sapphire drank up the seed spilling inside of her mouth. Carol pushed deeper onto his manhood, and sucked him very hard.

The moment Carol pulled away from Harry's cock, she licked the head of it one more time. She grabbed the clip of her outfit then and undid it. Her round breasts spilled out into the world. They sat high on her chest, so firm.

Harry saw her breast up close, the conservative business attire Carol favored during their past meetings didn't really do her any credit. Harry reached up and grabbed Carol's breasts, gave one of them a squeeze with his free hand. He sat up and Carol helpfully guided one of her nipples into his mouth.

The tight seal around Carol's nipple brought pleasure to her. Her nice nipple had been sucked. Carol's fingers dragged down her sexy body to find her clit and rub it in time of Harry devouring her breast. She closed her eyes, moaning softly, moaning lightly.

"Yes, show me how much you can give a woman love," Carol said. "You're so good….you were put on this world to bring woman nothing but pleasure."

In switching between nipples, Harry thought there could be far worse callings in life. He pushed a nipple deeper into his mouth and suckled on it. Carol leaned back a fraction of an inch, breathing with Harry flicking her nipples with his tongue. He sucked the right one just as hard as the left one.

Carol smiled and looked at Harry's hard cock. She pulled off of the rest of the outfit, other than the boots and the headpiece. She also had the tantalizing gem still in her navel. Carol dragged her wet cunt over Harry's throbbing hard cock.

"Harry, I need you, badly," Carol murmured. "Would you like to fuck me?"

Harry wondered what kind of question that was. Who wouldn't want to fuck a goddess like Carol Ferris? Harry reached behind her and slowly guided her womanhood so it could push over his manhood.

"Yes, ride me," Harry said.

Carol smiled and positioned her over-eager pussy over him. There was nothing she wanted more than Harry's large cock into her. Harry's one free hand squeezed a breast in option.
"My nice hungry pussy lips are ready to gobble up some man meat."

Harry's cock twitched and grew another couple of inches to push around Carol's womanhood. He pushed closer towards her pussy. Carol shifted her womanhood deep down onto Harry's long, throbbing cock. She ensnared him, womanhood wrapping around his manhood.

"Yes, baby," Carol breathed. "Yes, right there!"

Carol's wet walls snagged him. Harry shifted his hand towards Carol's firm ass. He gave it a squeeze when she bounced almost up and slid down onto his manhood. Carol enveloped Harry in her warm pussy and released it with a couple more pumps.

She really worked him over. Harry's other hand faded and Carol gripped it, to make sure his hand rested on her chest. Harry squeezed her breast with one hand and then moved his other hand down to her hips. The raven-haired goddess bounced higher on her body.

"Harry, oh god, Harry!" Carol yelled. "Your cock is so big, nothing has filled me up so much….the rest of the Star Sapphires won't know what hit them…"

Carol would have to make sure Harry would be able to go the distance. She channeled all of the energy around her self.

Both of Harry's hands found their way on Carol's hips and he slammed off onto the bed inside of her womanhood. Carol bounced higher and faster onto Harry's massive cock. Her wet womanhood slid all the way down onto him.

Carol squeezed and released Harry in one of the more intense orgasms possible. The brunette goddess slid all the way down Harry's manhood and tightened his grip around her. Carol pushed her hips all the way down onto his rod and squeezed him harder, and harder in response.

"Fuck, baby, you're very good," Carol said.

"I know I am, but you haven't felt anything yet."

Carol rose herself down and pushed herself down. She leaned down and peppered Harry's face, and neck with multiple warm kisses. She left lipstick all over Harry's face, not carrying who knew. Harry lightly grabbed her ass and she leaned down before pushing up.

The scream to the heavens indicated Carol having one of the best orgasms in her entire life. Her wet pussy slammed down onto Harry's hard rod a few pushes later. Harry picked up the pace and buried his manhood deeper inside of Carol's wet, inviting, snatch.

"Baby, please, right there, baby," Carol breathed. "Fuck my hot pussy, fuck it long and hard….fuck it all night long!"

Harry pushed deeper inside of Carol's womanhood when she squeezed him hard and then released him a couple more times. He pushed further into her body, their hips connecting together.

He pumped inside of her womanhood every time. His balls were starting to tighten. Harry held on to her and grabbed her breasts one more time. He took them and she begged before more pleasure.

The Star Sapphire drove her warm love box down onto Harry's hardening cock. The two of them matched each other motion for motion with each other. Harry took Carol's nipples in hand.

"Are you going to cum?"
Carol squirted all over his cock and came down onto him. She started this in control, but Harry's cock and his ministrations with his fingers and mouth caused the situation to come completely out of control.

"An entire corps of beautiful women under me?" Harry asked. "Brilliant idea, Carol, one of your best. You deserve to cum for that one."

So she did, and the orgasm was very amazing. Carol shifted further down onto Harry's hips, rocking more of herself down onto him.

"You're amazing, I hope you know that," Harry informed her.

Carol chewed down on her lip, nodding in response. She knew how amazing she was. And she knew how amazing this particular cock felt filling her up, and emptying her in a quick and elegant manner.

"Yes, almost there," Carol breathed. "I'm going to cum hard….are you ready?"

"Nearly," Harry said. "It would be a shame not to reward you for being one of the few to get the drop on em."

Carol's ego jumped up at the reminder. Her pleasure also increased. Harry rubbed her breasts, squeezing them in the right spots, and then running down. He sucked Carol when she had been properly worked up. Harry picked up the pace inside of her.

"Fuck me," Carol said.

"Yes, I've been doing that."

Carol's wet pussy closed the distance around Harry. She wanted to milk every last drop of cum from those oversized balls. Carol slid up and crashed down on his manhood. She picked up a steadier pace, being rocked down onto him. Harry reached up and gripped Carol's ass, pushing her further down onto his manhood.

"Go ahead ,one more time, and you'll get what you want."

The enchanting raven-haired woman wanted this more than anything. Her hips came down onto Harry. Harry grabbed her hips and squeezed them down onto his manhood. Carol's wet walls slammed down onto his manhood, and released him a couple of times.

"Fuck, fuck, it's so good, so good," Carol breathed hungrily.

"Yes, I know it does," Harry responded. "And you can't help yourself, can you?"

Carol shook her head in response. She squeezed him a few more times. Her clear juices lubricated down to the base of Harry's cock. She leaned back for Harry to have better access to her round, tanned breasts. Harry worshipped the fleshy wonders.

His face buried between her breasts and his cock buried into her cunt, Harry didn't think there was a better feeling with this one. He sucked and released them. Her warm breasts shoved in Harry's mouth.

So many climaxes, Carol's body pushed down onto Harry. She gave his hardened organ a hell of a work out. Harry reached up and squeezed them, sucked them, made her large breasts hers. And he sent pleasure down the right centers. Carol rolled almost all the way up down on him, hips closing
down on him.

Harry smiled, all good things had to come to an end, and this pleasurable encounter was reaching an end. His balls reached maximum capacity. He shoved his lengthy rod inside her womanhood and filled her up. His balls sized up and prepared to pump.

Carol purred in his ear, pushing her hips down onto him. Their warm bodies met with the passionate dance and there would only be a matter of time before Harry finished up inside of her.

A discharge of white fluids filled Carol. The wet cum filled up her body and fired inside of her womb. Carol pumped up him all of the way, milking his love organ of all of its cream as much as she could.

Harry closed his eyes, her warm, loving body squeezing down on him. Harry smiled when feeling Carol's moist walls clamping down onto him. She released and squeezed him all of the way.

Their shared orgasm made their pleasures heightened. Carol pulled away slightly, her legs wrapped around his waist, and leaned in to give Harry an extremely passionate kiss. Harry returned the kiss in earnest, their tongues demanding entrance to map out each other's mouths.

Carol pulled away from Harry, wrapping her arms around the side of his neck, and nuzzling his neck. She gave him a series of light kisses.

"I don't think these Star Sapphires appreciate the gift I'm about to give them," Carol said, stroking him. "But, I want a few more rounds myself."

Harry's legs were now free, and he pushed Carol over onto her back, pinning her hands behind her head. She squealed in response.

"I figured as much," Harry said. "But...you've been a naughty girl who deserves to be punished for attacking me in my sleep and kidnapping me to use as your universal sex toy."

Carol squirmed underneath Harry's body and he smiled.

"Yes," Carol said. "Punish me, lover...punish me with your rock, hard cock."

Harry spread her legs and teased her wet opening with him. Carol wrapped her legs around him, encouraging him. Harry slowly tortured her before having another round.

He wanted her creaming for him with the most minimal of touches before he made the plunge. And the night was still young, given how they were much longer on the Star Sapphire homeworld.

End.
Sansa Stark crawled into bed with the handsome older man of her desires. Just thinking about him set her loins on fire. She smiled when his green eyes opened up. She dressed in a lacy red bra, a pair of transparent panties, a garter belt, and stockings, crawling onto bed.

"We really need to stop meeting like this," Harry said with a smile.

Sansa crawled next to Harry. He was naked underneath the covers, and a smile crossed her face. The younger redhead snuggled against her older lover. She kissed him on the lips.

"Oh, I know, but I can't help myself," Sansa said. "I've been a bad girl….and I need you badly…but I'm not the only one, am I?"

The two of them met lip to lip with another kiss. They exchanged a passionate kiss with each other. Harry gripped the back of her head and slowly brushed his fingers down her red hair. His tongue scoped out a nice little path on the inside of Sansa's mouth.

"No, you're not," Harry said, breaking the kiss and rolling her over onto the bed.

He kissed the side of her face, neck, and collarbone, fingers brushing down Sansa's side when he did. She shuddered underneath his ministrations. Her nipples hardened underneath the lingerie she wore. Harry leaned further down and sucked the side of her mouth. He sucked and released her neck, increasing her pleasure.

No one could be sure where Harry Potter came from, but many women were glad he was here. Harry's able fingers danced down her stomach and came down to the edge of her panties.

"You're wet already," Harry said. "You're positively damp."

Harry brushed his fingers against Sansa's womanhood. She smiled when lifting her hips up.

"Yes, I'm wet for you," Sansa said. "I want you, so bad. So, why don't you show me what a real man does when a woman's wet….Daddy."

She let out that last word in a seductive purr. Sansa's lips curled in a smile.

"You're sleeping with my mother, so you're my new Daddy," Sansa commented lightly.

Harry knew that, hell it was how this little tryst started, with Sansa getting a bit of an eyeful. His fingers pushed underneath her panties and cupped her.

Hell, she might be his daughter, thanks to Harry's tendency to time travel. Given her resemblance to a young Lily Evans, it seemed pretty likely.

"So, little girl, you want Daddy to make you feel good?" Harry asked. "You want another finger, don't you?"

Sansa bit down on her lip and nodded in response. Harry slipped another finger deep inside of her
gripping cunt. Her pussy tightened around Harry's fingers. He shoved all three fingers inside of her. Harry pushed his fingers into her gushing, gripping cunt, and the slid completely out of her depths. Sansa's moans heightened with Harry's actions deep inside of her.

"Feels so good," Sansa said. "Feels really good…..oooh….

Harry pulled off her bra and her breasts bounced up, in all of their youth and firmness. A squeeze of the breast coupled with the finger thrusts made Sansa pleasure.

"Do you want Daddy to taste you, baby girl?" Harry asked her.

Sansa gasped when her panties had been pulled down. Harry planted a series of butterfly kisses down the side of her neck, all the way down her body. He spent some time licking her belly button and worked down to go for her center. Sansa's thighs spread in response.

"Yes, lick out my cunny, Daddy," Sansa said. "Taste how wet and naughty your little minx is your you!"

Harry pushed her thighs apart and he buried his face between Sansa's warm thighs. He slowly began to lick the womanhood. Sansa gripped the back of Harry's head and started to breath in and out. Her hips worked up and then came down. Harry picked up the pace and slurped her womanhood.

The redhead breathed on the bed. Harry's exerted his dominance over the younger girl. Every time his tongue slipped into her, she moaned out in pleasure. Her dripping juices came into his mouth. Harry sucked up her, and the eager moans she gave was her reward.

The pleasure Sansa Stark received could not be measured by any mortal means. Her heart skipped a couple of beats when rising her hips up off of the bed. Harry slurped her womanhood and then pulled out of her. He kissed her hot slit even more.

"Daddy!" Sansa screamed out in pleasure.

Harry kissed her womanhood and gave her a few licks. He pulled himself up towards her, and stood up, showing his cock towards the younger girl. He stood on the bed, and Sansa climbed up to her knees.

"It's so big," Sansa said. "Oh, Daddy, what a big cock you have!"

Harry chuckled. "All the better to face-fuck you with, honey."

He slapped Sansa in the face with his cock, and she squealed. Harry gripped the back of Sansa's head and pushed his cock deep into her wet, moist mouth. Sansa's mouth wrapped around him. Harry used her throat as his own personal fuck-hole.

Harry pushed deeper inside Sansa's mouth and stuck his cock inside of her wet mouth. She slurped harder, and sucked him deeper. Sansa leaned up and sucked him very hard. Her warm mouth worked as much of his cock down her mouth as possible.

The redhead pushed her mouth around the large cock pushed deep into the back of her throat. Sansa shoved her mouth down around his hard cock. She retracted the cock from her mouth. Sansa tasted every single inch of her Daddy's cock, and it tasted good for her. She was such a horny girl.

Harry pulled away from her, and slapped his cock against her tongue. She stuck out her tongue and licked around the head of his cock.
"Get on the bed and spread your legs."

Sansa moved over onto her back, pussy throbbing at how Harry's authority made her want to do anything to please him. She wanted to please her Daddy. Her thighs spread apart for Harry and she smiled, looking towards Harry.

"Are you going to fuck me, now?" she asked in a sweet little girl voice.

Harry leaned on top of her and put his throbbing cock against her dripping pussy. His throbbing head pushed against her hot slit. Sansa wrapped her legs around him.

"You're so big," Sansa said. "You just feel bigger every time!"

"And you're still so tight!" Harry groaned.

Sansa spread her thighs for Harry and took his cock inside of her tight sheath. Her body lit up with pleasure. Harry held her hips and rocked up and down on him. Her hips rose up off of the bed, and thrust inside of her. Harry plunged deep inside of her womanhood.

"Fuck me," Sansa breathed.

"Oh, in due time," Harry said.

"Please, faster."

"In a minute, first you're going to cum hard."

The first burst of a wonderful orgasm spread through her body. Sansa locked her legs around Harry's thighs. He picked up the pace and shoved deep inside of her body. Harry pushed his finger down Sansa's leg and brushed down her. She squealed when he played with her legs. His hands moved down and cupped her tight ass in his hand. He pushed down into her.

"You're going to cum with me, baby?" Harry asked. "Go ahead, Sansa, show Daddy how much you love him. Cum for him."

Sansa's breathing accelerated when Harry shoved his long cock inside of her womanhood. She grabbed onto him, her hips rocking up and down on him. No other cock would ever feel so good, not she would ever let any other cock come close to her body without hacking it off.

"Yes, yes, I love my Daddy!" Sansa moaned.

He leaned forward and smiled when pummeling her tight pussy. "And Daddy loves you."

Sansa's hot hips clamped down onto Harry. Pleasure erupted from her body. Harry held onto her and road out her orgasm all of the way. Each tick of the clock made Sansa feel extreme pleasure going through her body. Harry gripped her nipples and squeezed them.

"I know you do," Sansa said. "Thank you…thank you!"

She screamed out in pleasure. Her reward was to get a harder pounding of her pussy. Sansa screamed when Harry's hard cock rammed into her body. Her hot hips squeezed his manhood. Her heart started to beat even faster the more Harry shoved into her.

Harry decided to lean in, squeeze her nipples. A spark of energy spread through her body. Sansa's wet walls clenched and released him several times. He channeled a bit of magical energy through her body.
"Daddy, oh god, Daddy!" Sansa breathed. "You make me feel so good."

"Only the best for my little girl."

Sansa smiled, she was getting only the best, better than the best. Harry's strong hands squeezed her hips and plunged down into her. Her body vibrated with pure sexual pleasure. Sansa's hotness clenched around Harry's invading rod. He pushed deeper inside her with multiple thrusts, harder, fast and fluid.

"Mmm, it's good!" Sansa yelled.

"I'm sure it's good, it's very good," Harry said. "And you're going to cum very hard….so go ahead, and cum for me."

Sansa's wet vice slapped down around Harry. She started to milk Harry's rod in an attempt to get his cum, but it wasn't going to be easy. Harry rode her wet pussy all the way to the end of pleasure. Her nails raked down his manhood.

The girl writhed beneath the handsome older man. Her teenage tightness clenched and released him, the older man using his cock to exert his dominance over her. Harry leaned down onto him and kissed her on the side of the neck, suckling on the neck.

"Mmmm!" Sansa moaned heavily.

He licked some of the sweat off of the side of her neck and then sucked it. The bites on her neck ensured she would have to wear a scarf to cover them up. But, Sansa didn't care, it showed her how much her strong, older lover appreciated her. Her hips pushed up off of the bed.

"Cum."

The command vibrated through the back of Sansa's mind. Sansa held onto him, his cock piercing the inside of her body. He pushed down onto him. She screamed in his ear, moaning when Harry moved his head slightly to lavish her breasts with worship and pleasure.

"Daddy, Daddy, so good," Sansa said. "Do whatever you want to me….just keep letting me cum!"

Harry allowed her to cum. He slammed his engorged rod deep inside of her body. Sansa's legs squeezed him and encouraged him to go deeper. He pushed into the center of her body, the head of his cock kissing her womb. Harry pulled the head of his cock and slammed into her.

"I wonder what they would think if you knocked me up," Sansa said.

Harry smiled.

"Maybe you'll be lucky enough to find it out."

Sansa throbbed at the very thought of Harry knocking her up with his child. She held onto the back of his head.

"Daddy, it would be so taboo!" Sansa breathed. She dug her nails into the back of his neck. "Give me your baby….give me your, sinful, dirty, incest baby!

Harry pushed his rod deeper inside of her clenching womanhood. She worked him over all of the way. He brought her to another pleasurable orgasm. Her fingers brushed down her.

"Oh, just to imagine your body swelling, your breasts getting larger, filling up with milk, as you're
pregnant with my child," Harry said. "You dirty minx, trying to get your father to knock you up."

Sansa closed her eyes, panting in pleasure.

"Yes, knock me up," Sansa said. "Fill me with your cum….impregnate your dirty slut of a daughter with your cum!"

"You have a mouth which would make a prostitute blush," Harry told her.

"Oh, you would know, won't you?" Sansa said. "Cum, Daddy….knock me up….KNOCK ME UP!"

Sansa's cunt exploded with a rush of cum. Harry's manhood had a clear path to her womb. His balls slapped against her all of the way to the edge. Harry rode all the way inside of her, filling her cunt full of twelve inches of large, thick cock, all for her.

Harry's balls contracted and expanded to discharge all of the cum inside of Sansa. The redhead minx breathed in pleasure when Harry spilled his seed inside of her body. Every single blast made Sansa twitch.

The redhead imagined Harry knocking her up with his child. Her body contracted and milked every single inch of cum deep inside of her body.

Harry pulled out of her and left a huge load of cum inside of her. Sansa lifted a hand to her belly, and rubbed it with a lazy smile on her face.

"You're so good, Daddy," Sansa said. She turned over and crawled onto the bed. She rested her head on his lap.

"I know, anything for you, honey," Harry said.

Sansa smiled in response. Her handsome older lover made her feel good. His hands stroked her head, as she smiled.

"I don't think you're making it back to your quarters tonight," Harry said.

"Oh, I don't think I am," Sansa said. "Hopefully no one catches us…..well if it's a woman, than you can…barter."

She squeezed his cock with significance and smiled at him.

"And if it's a man, well…it wouldn't be a first time you wiped someone's memory."

Harry smiled, and the sensation of Sansa's warm mouth wrapped around him to suck him all over again. There was still time, and there was plenty of time for them to get into trouble.

It was more than worth the risk to make his daughter happy.

End.
Bonnie Bennett's dizzy mind adjusted to the new place she ended in. She didn't know what hit her, only whatever hit her, hit her with a full force of the truck. Her dark hair flung in disarray, and sweat dripped down her brown. The dark-skinned witch moved in, dressed in a black tank top, and a pair of shorts. The force of being drawn into this place knocked her shoes off.

"You're a long way from home, aren't you?"

The force of the voice struck her. Bonnie rooted on the spot and turned around. No one appeared to come around for miles.

"You're the one who is the anchor to the Other Side, are you? You shouldn't be here…there are people who would come after you."

"I don't know where here is," Bonnie said. "Who are you?"

"My name is Harry."

The owner of the sexy voice stepped out. Bonnie found her eyes locked on the handsome tall man with bright green hair and eyes. He dressed in nothing but a towel which wrapped around his waist. And Bonnie wondered what laid beneath the towel. Her eyes looked up and stared at his sculptured chest. Her gaze practically ate up the eye candy around her.

"My eyes are up here, Bonnie."

Bonnie looked into those green eyes, and she became instantly mesmerized. She took half of a step closer towards Harry, not knowing how she knew his name. Perhaps he was some kind of god, he was surely built like one. She stepped a couple of inches closer towards him.

"Help me leave if I shouldn't be here," Bonnie said.

"Yes," Harry responded. "I would love nothing better than to send you back, but….I'm afraid the levels around here are all wrong…..they would not make you a safe passage. I would hate to see you ripped in half."

Bonnie hated to see it as well. She moved closer towards him. She longed to run her hands all over that body, it looked so firm, and so sexy. Temptation to make the towel just disappear rolled through the body of the witch, but she shut it off. The magic in the air made her very light-headed and caused her inhibitions to raise.

"I would hate to be…but what can we do to….replenish the energy?" Bonnie asked.

"This realm lives and dies on Tantric energy," Harry said. "The magical energy caused by sexual intercourse….between two people whose emotions are heightened, and their passion is at a height. Climaxes, multiple at the same time, especially on the part of the female half of the equation."

Bonnie breathed heavily the second Harry walked closer towards her. Harry edged within an inch
form her.

"Would you allow me to kiss you?"

The thing was, and Bonnie was certain, if he wanted to kiss her, there would be no choice on her part. Her mouth became surprisingly dry at the thought. Bonnie leaned closer towards him and breathed out one passionate word.

"Yes."

Bonnie's arms wrapped around Harry's waist, the ebony beauty leaned closer towards him. Their lips met at the mid-way point and he kissed her. And it was a hell of a kiss, a kiss which burned pleasure through her body, centered directly at her loins. Bonnie moaned deep into his mouth, his tongue seeking entry.

Harry held onto the back of Bonnie's head, and pushed his tongue deep into her mouth. His salvia moistened the inside of her mouth, the trace amounts of venom inside being ingested. It wasn't deadly at all, quite pleasurable, and it increased the lust of a woman. His hands reached behind and squeezed the witch's pleasantly firm booty. She breathed heavily in his mouth.

Bonnie's lust increased. She grabbed onto the towel and ripped it off.

"Let me help you replenish the energy."

Bonnie dropped down onto the ground, the biggest, thickest, juiciest cock she ever seen in her life was in front of her. The witch positioned herself at the perfect angle to worship her new god. She held onto his manhood, and squeezed his thick balls, feeling how they were.

Harry thought a beautiful girl giving him a blowjob was an amazing sight. The eager girl on her knees before him gave some amazing head. Harry guided the back of her head when she licked, slurped, and sucked every inch of his engorged rod. His manhood pushed into her mouth. Her hands rubbed the part of Harry which couldn't be pushed into her mouth.

The witch's body burned, and there was a desire to rip off all of her clothes, and mount herself on Harry's cock. She tried to push it down her body, despite her body temperature making clothes a very uncomfortable part of her life. Bonnie's able hands rubbed in.

"You may stop, and take your clothes off….slowly, savor the moment."

Bonnie didn't have to be told twice. She slowly slipped off her tank top and revealed more of her gorgeous dark skin. This handsome man drinking in her body made Bonnie's heart start beating heavily. She reached up and undid her bra. Her perky breasts came out into the light.

Harry smiled and reached over, grabbing one of her breasts and squeezing it. Not big, but a nice little handful. Her breast fit in the palm of Harry's hand and she moaned in pleasure. One of his fingers pushed down between Bonnie's thighs and made her shirt.

She pushed herself out of her shorts and was left in nothing, but a pair of damp panties. Harry alternated between squeezing her breasts. Small sparks of energy went through her body. The sex magic in the air moistened her even more and completely ruined her panties.

Bonnie's eyes glazed over with lust. A certain thought entered her mind, and she couldn't believe it hadn't been entertained before. Her throat dried a few seconds later when she shook her head, breathing in response.
"Incubus," Bonnie panted.

It hit her suddenly. Harry smiled and looked at her.

"Smart girl."

Bonnie was too far into her lust to do anything. Her panties came down and her legs parted in an instant. His finger opened up her pussy. The sexually-charged demon's finger rubbed against her womanhood. Bonnie clamped her thighs around Harry's probing finger. He pushed further into her and released out of her.

"Don't worry, I'm not going to suck you dry," Harry said. "Those disgusting creatures who use a woman and throw them away...they show a lack of foresight. I'd much prefer to have an army of devoted, powerful, and gorgeous women underneath my thumb."

She was certainly not underneath his thumb. Harry's index finger on the other hand probed inside of her. Other fingers shifted inside of Bonnie. Bonnie clutched onto Harry's hand and arched her hips towards him. The moisture dribbled down Harry's fingers.

"Do you want me to fuck you?"

Bonnie's eyes hazed back. A small rational part of her mind debated whether or not she should lay with an incubus. The bed appeared next to them, and it looked so soft, so inviting. Harry moved her over to the bed, and put Bonnie closer to the bed.

His mouth worshipped every inch of her body. Every time he kissed him, something warm rested on her skin, and sucked into it. The moment Harry's salvia went into her body, Bonnie's loins gushed even more. His palm slowly rotated around her clit before he pulled away and shoved a couple of fingers into her and pumped her.

"You may cum."

Bonnie's thighs clamped around Harry's probing fingers. Her heart stampeded with a few swift beats. Harry picked up the pace and finger fucked Bonnie to a wonderful conclusion. Her mouth watered with more hunger than ever before. Harry pulled out of her.

"Please," Bonnie said. "Fuck me."

Her body longed the huge cock inside of her. Harry stepped closer towards her inviting pussy. His hands grabbed Bonnie's legs and put the head of his cock at the edge of her entrance. Bonnie's moist, inviting pussy lips guided Harry inside of her.

Bonnie closed eyes to feel the pleasure. Harry bent down, grabbed her by the hair and forced her to look him in the eyes. Harry's long cock guided into her wet womanhood. Bonnie raked his back in pleasure the more Harry's long cock slid deeper inside of her body.

"Your so...fucking good," Bonnie moaned. "Fuck me with your big cock.....make me your pet!"

Harry smiled when running his fingers down Bonnie's hips, squeezing her. Bonnie rocked her hips around him and shoved more of Harry's long cock inside of her body. Harry rose up against her. Their hips pushed together in glorious sexual friction.

Their lips met again with another kiss, and Harry bit down on her lip, injecting it with more venom. Bonnie's tongue shoved deeper into Harry's mouth and tried to molest his tonsils. Harry shifted his long cock inside of her. His balls slapped against her.
"Your first orgasm, your first of many."

Bonnie contracted around him. Pleasure flooded her body. The sensation of release felt so good. More so with Harry lavishing her body with hungry kisses, leaving a few bites all over her body. He attacked her sensitive breasts and perky little nipples with more pleasure. Bonnie moaned, writhing underneath her new master.

Harry picked up his pace and pushed more of his length inside of her body. Bonnie shifted her hips up, squeezing Harry's manhood inside of her. His balls hammered a nice path to her dripping hot loins.

"Fuck, fuck, fuck," Bonnie breathed.

"Yes, and cum for me again."

Her warm inviting walls sucked him in. Harry was made to bring women pleasure, so they can strength him. He fed off of the sexual energy coming from the witch underneath. He drank in her very essence, giving her a little bit more in return to sustain her.

Bonnie gripped Harry. It was almost like her lover pleasured her all the way to her very soul. Her heart hammered deep inside of her chest. Harry leaned deeper into her and buried his face into her neck. He bit the side of her neck. Fire shot through her spine.

Her loins gripped extremely hard around Harry's mighty, pulsing rod. Harry lifted her off of the bed by the hips and slammed her down onto the bed.

"Harry!" Bonnie moaned.

"I love girls moaning my name in my ear," Harry said.

Harry drank in more of her. Bonnie's hips trashed underneath her. He pulled back and let the energies of the air recharge her. Leaving a precious woman like her to wither and die was not what Harry was all about. He wanted her underneath her.

The Alpha male on top of her made Bonnie twitch in pleasure. Every single second she experienced more pleasure in her body.

"I'm going to give you my cum," Harry said.

"Yes, cum inside," Bonnie said.

The moment Harry came inside of her, she would be bound to him. Harry pumped his rod into her clutching wet pussy. Harry picked up the pace with a few more thrusts. His balls slapped against Bonnie's dripping, gushing pussy. He shoved his hard cock into her clutching depths.

"More, more, more, mmm, more," Bonnie panted for him.

"Yes, more," Harry said. "You're get more….you're get everything you want, and more."

Harry shoved his hard cock inside of Bonnie. Bonnie squeezed him hard. He bottomed out inside of the witch's clutching womanhood. Her sheath ensnared Harry and squeezed him, intending to want a cum inside of her.

The impact of Harry's balls slapping her had been released. A few blasts of cum shot inside of Bonnie's pussy. He injected the wet, wild seed inside of her body. Harry rammed deep inside of
Bonnie and bottomed out of her. Bonnie held onto him a few seconds later, breathing and out.

The energy discharged from her had been taken in from Harry. The powerful witch had been bound for him, forever. Harry shoved deep inside of her and then pulled out of her.

Bonnie collapsed on the bed, drool coming from her mouth after what happened.

"To your feet."

Bonnie rose to her feet. Her thighs rubbed together and cum splashed to the ground.

"Go over and bend against the dresser."

The witch bent over the dresser. Her wet pussy exposed to Harry. The Incubus moved closer towards her and put his hands on her hips. Her hands pressed firmly on the dresser and legs had been spread. Harry's long cock pushed deep inside of her body.

"Beg me," Harry said.

"Please, fuck me, I'll die without your cock inside me," Bonnie said.

Harry went into her mind, and realized her desire was not just because of the compulsion to please her master. The compulsion just made her lust even stronger which was good. Harry put his hands on Bonnie's firm ass and gave it a squeeze. His cock aimed to her and he brought his full cock inside of the goddess beneath him.

Bonnie tilted her head back slightly. Every time Harry's balls slapped against her, Bonnie shivered, her legs buckling out from underneath her. Harry held onto her waist and held her up despite her legs being made of jelly.

"We're almost ready to go home," Harry said. "To my new home."

Those wand wavers thought they could shove him here in this realm. They accused him of corrupting their women. Which was the truth, Harry would happily wear that badge with honor. He corrupted them and also spoiled them for life against them.

The powerful incubus shoved his hard rod inside of her body. He went deep, and intimately into Bonnie, merging with her, mind, body, and soul. He smiled.

"And you can introduce me to your friends," Harry said. "I'm sure we will get along great."

"Yes," Bonnie breathed.

She wanted to share the gift with her friends. Her mind faded into lust with Harry picking up the pace with a series of long thrusts inside of her. The thrusts got quicker, faster, and stronger inside of her. Bonnie held onto his manhood with Harry picking up the pace with a series of thrusts inside of her body.

"I'm glad you agree," Harry said. "Are you coming to come for me, Bonnie?"

Bonnie nodded eagerly, she would cum for him often, and hard, as many times as he wanted her to. Harry picked up a steadier pace and rammed his hard cock inside of her.

"One more time, and the portal will be charged," Harry said. "I couldn't have done this without you….you will serve me greatly."
As long as the sex remained great, Bonnie didn't have any thoughts. His rod buried inside of her tight sheath several more times. Another orgasm spread all the way through her bodies. This one curled her toes. Bonnie clutched the side, which was the only one holding her up. Harry's fingers brushed over the front of her body, and then moved around to squeeze her ass.

Harry wasn't going to lie, a little bit of chocolate in his life was good. His fingers danced all over her firm butt, and he imaged ramming himself in it.

'Another time, maybe.'

He injected another dose of his cum inside the first of what he hoped to be many new disciples. A dimension of attractive vampires, witches, and werewolves at his beck and call, bent to his will, Harry liked the sound of that.

Bonnie reached the most powerful orgasm of her life. She felt stronger, more powerful than ever, now she found her true calling in life.

"Ready to go?"

Bonnie's clothes appeared on her, with two new additions. A choker and a pair of bracelets on them, with the words "POHP" etched on them. Bonnie still had been coming down from her high, and tried to work out what that meant, even though she had a good idea.

"Property of Harry Potter," Harry said. "Although, there's one more place where I gave you my brand which can't be displayed in public."

Harry squeezed Bonnie's ass and winked at her. She almost came on the spot. It was time for them to return home.

End.
April O'Neil worked as a junior reporter for the Daily Bugle for a year, after doing some journalism work throughout her high school days. She had a series of minor stories under her belt, but it was the big one today, she would get an interview with Harry Potter. Her mentor, Betty Brant, arranged it for her, and April could not thank her enough.

After about the tenth time April thanked her, Betty shook her head in response. She put her hand on the shoulder of the young redhead and steered her straight to look at her.

"You know, you can thank me by going in there, and getting the best interview you can," Betty said. "I'll be there with you, for moral support you know. But, just remember everything I taught you."

April shook her head and smiled. "And if I'm nervous, I'll just imagine him in his underwear."

The brunette reporter didn't really say anything, but if April was anything like most women, she was certain the younger reporter imagined Harry Potter in both his underwear and potentially a lot less. Betty stepped forward, dressed in professional attire. The first couple of buttons of her blouse had been unbuttoned, not to entice, but rather for comfort. The skirt came down to her knees, where she had been covered in a pair of sheer stockings.

April dressed in a yellow blouse which pushed up her ample breasts. She was a well-endowed eighteen year old redhead. She dressed in a black skirt which stretched down, and stockings covered her legs. April did things old school, using a notepad and a pen. She just thought there something more professional.

"Mr. Potter will see you now."

Now it was go time, and April stepped forward, with Betty following a half of a step behind her. April smiled and looked towards the green-eyed young man standing behind the desk. He dressed in a suit which was costume fit from head to toe, although the suit jacket neatly rested on the chair. April glimpsed his nice arms, and she imagined them for a minute wrapped around her body, pulling her in tightly.

"Mr. Potter?"

"Yes," Harry said.

"I'm April O'Neil, I'm from the Daily Bugle," she answered.

"Ah, yes, Ms. O'Neil, I've been expecting you," Harry said. "Betty has told me a lot of good things about you, how you're willing to learn. I must say, I find those qualities quite encouraging."

Betty smiled and motioned from April to go forward.

"And please, feel free to call me Harry," Harry told her. "We want a relaxed atmosphere, and we
"Right, and it's April," she answered with a smile, sitting down on her desk. "So, the new Horizon Eclipse tablet is coming out in a couple of months? What can you tell us about it?"

"Well, I think you'll find the new model to be very useful for both personal activities, along with business," Harry said. "It's the most state of the art of all of the Horizon products, and the most powerful processor on the planet."

"You had some problems getting them out, didn't you?" April asked. "I mean, doing the production process."

"Yes," Harry responded. "There was a problem trying to get a good enough processor to work. The first couple of months of testing, the processor caught on fire, and the tablets melted. It wasn't a good look for the entire company, if these went on the shelves."

"So, you fixed it?" April asked. "Did you have to sacrifice any processing power to prevent the overheating?"

"Actually, we didn't," Harry said with a smile. "We realized if we put two micro-processors into the tablet, then they can lighten the load. It switches from one processor to the next without overloading the machine."

"Wow, that's really impressive," April said. "And it's already one of the smallest tablets on the market. Are you concerned by it being so small the visually impaired might not be able to use it?"

"You want to see something cool?" Harry asked. "Right now, off of the record?"

April nodded in response, and Harry picked up the tablet. He pressed the button and a three dimensional screen came into the air, showing a picture which was on the tablet. Harry places his finger on the screen and started to scroll through the pictures.

"We amped up some old school projector technology, and put it into the tablet," Harry said. "We always want our company to be the one stop shop for all of your computing needs. Although, if anyone is willing to step up and challenge our items, then, they can be my guest."

April shivered at the challenge being made.

"Wow, you're confident in yourself.....I wonder how much that translates into your personal life," April said. "I mean, you hear rumors and....you don't have to answer this on the record, but I'm curious about something."

"Well, you don't know if I won't answer until you ask," Harry said. "So, ask."

The encouragement/command made April's fingers clutch the side of the pad of paper on her hand. She looked towards Betty, who just smiled and pointed towards April. April turned her attention back to Harry.

"You've been linked to several women, and not one of them have had a bad thing to say about you. In fact, you've been said to have been in relationships with multiple women and.....well, they seem to be okay with it."

"Have you asked them?" Harry asked.

"Well, a couple made some statements in a very public place," April said. "They said Harry Potter
is a magnificent lover, one of the best ever, and he always leaves the women both satisfied and wanting more."

"Is there a question in there?" Harry asked.

"Right, there is," the reporter said. "How are you able to manage those many women without there being any hurt feelings?"

Harry leaned in, looking very thoughtful. The moment his eyes caught glimpse of her, April swallowed a lump in her throat. Something about Harry and what he said made shivers blow down April's spine.

"It's very simple," Harry informed her. "If you'd like me to share it with you."

"Yes, please," April said, sounding a bit too excited for her own good.

"I'm the one in control," Harry said. "I give them what they want, and they trust they will be pleased as long as I'm pleased."

April was very curious.

"I can be very giving to my women when they behave," Harry said. "Ms. Brant, would you like to assist me in giving our intrepid young reporter a visual demonstration?"

Betty rose up without a second word and walked over towards Harry. The brunette reporter smiled and waited for Harry to get completely out. The second she moved towards him, Harry pulled her into a kiss. Betty's eyes widened and she returned the kiss. Her tongue shifted deeper inside Harry's mouth.

Those strong hands squeezed Betty's rear and she responded by undoing the buttons of Harry's shirt. She worshipped him with her hot mouth, able lips, and questing tongue. She started at the neck and ended up at Harry's abs, almost at her knees before him.

April watched, mouth open, unable to suppress the tiny bit of drool which started to form on the edge of her mouth.

"Do you think you could do me a favor, and close the door, Ms. O'Neil?"

April scrambled to the door and closed it. The second she turned around, Betty already had Harry's cock out of his pants and she stroked it hard. She looked head long into one of the biggest, thickest cock she ever saw in her young life.

Betty's mouth wrapped around the head and she drew it deeper into her mouth. Harry took a handful of the back of Betty's hair, and guided her down onto his throbbing hard cock. He entered the warmth of her mouth.

"She's a good woman, who gives me pleasure, and later, I'll give her pleasure," Harry said. "Isn't that right, Ms. Brant?"

The older reporter's only response was to start bobbing her head up and down. Her eyes fixated up into Harry's, looking for her master's cues whether or not she was being a good little cock sucker, or not.

"Oh, you're a very good cock sucker, Ms. Brant," Harry said. "And you're going to get a reward, it's your reward for making me feel good."
April sat down on the chair and played with the hem of her skirt. Her fingers rolled over her lacy panties for a second. The reporter tried, in vain, not to shove her fingers into her cunt and start diddling herself into submission. April's fingers touched and played with herself.

Betty bobbed her head down onto Harry's long cock. Harry pushed into her mouth and lubricated the inside of her tonsils with a heavy amount of cum. Harry picked up the pace and ejaculated inside of Betty's waiting, loving mouth. She leaned back hard.

The reporter pulled to her feet. Harry smiled and undid her top to reveal her bountiful breasts in a lacy black bra. Harry pulled one of them out and released them into the wild. He touched her nipple, brushing against her. Betty's eyes rolled into the back of her head.

His free hand moved closer down, brushing against Betty's gushing hot slit. Harry pushed a half of a finger inside of her body and buried it inside of her. Betty's lips curled into a frown the second Harry pushed in and out of her body. Harry picked up a good pace inside of her.

"See, it makes you feel good, doesn't it?" Harry asked.

"Mmm, yes," Betty said.

"I figured as much," Harry said. "Why don't we show April how good my cock makes you feel?"

April looked up, trying to pull herself away from herself long enough to watch this. Betty leaned back on the desk, her legs spread. Harry climbed on top of her and pushed his throbbing cock head against the edge of Betty's entrance. Her gushing pussy took his cock inside of her.

"April, come over her," Harry said. "But, don't do anything else until I tell you to."

The redhead stepped over, dizziness entering her. She would gladly get a closer view of Harry without any prodding. Well, other than the prodding Harry did to Betty's gushing cunt with his rod. He pushed into her almost all the way and made sure April followed his process.

Harry leaned down and gave Betty a few kisses down her neck and breasts, before rubbing on her firm tummy. The hot brunette underneath him moaned and clenched him.

"Take off your panties, they're ruined anyway?"

April slid her panties down her legs and dropped them onto the ground. You couldn't buy this kind of control. The reporter made her way onto the desk. Her thin pussy lips, were shown, along with a strip of hair which showed Harry she was a natural redhead.

"Climb on Betty's face, and let her lick your pussy."

April didn't waste a single moment. She climbed on top of Betty's face and watched when Betty's face disappeared underneath her skirt and between her thighs. The experienced older woman obviously knew what to do, as within seconds, the moans started coming. She lavished the outer lips and slowly slid inside of April's dripping, hungry pussy.

"Eat my pussy," April breathed. "Oh, god!"

Harry smiled and pushed his aching rod inside Betty's quim. He rode the brunette reporter into the desk. Her luscious legs scissored around Harry. Harry could just run his hands down those stocky clad gams for days, but he wanted more, so much more in fact.

He pushed deep inside of Betty. A brush of her clit opened the floodgates and Betty flooded his
cock. It rammed deeper into her inside.

Harry smiled and undid April's top. April looked at him, frowning. Her large breasts bounced out, barely contained by the bra they were on. Harry let the girls out for some air, and gave them a nice squeeze or two.

April rode Betty's face faster at the attention Harry paid to her breasts. He took her right nipple and twisted it to send electrified jolts through April's body.

He picked up the pace and rammed his throbbing hard manhood inside of Betty's gripping center. Her walls clamped down and released Harry every single time he entered her. He could feel the orgasm building through her and judging by the moans of pleasure, he could feel it as well.

"Go ahead, let it go," Harry told her. "Cum."

Betty came hard around Harry's rod. His thick, throbbing cock rose almost all the way up and drilled deep inside of Betty's gushing hot body. The brunette's tight body wrapped around Harry and milked him inside of her gripping center. Harry picked up the pace and pushed more of his able rod inside the center of Betty's body. He rose almost completely up out of her and pushed into her.

"Now, it's my turn."

Betty was more than prepared. She didn't know when it would come, or rather when he would cum. Only it would be coming very soon. His fingers danced across her legs. Betty slid her wet walls down onto him. He pushed into her central depths.

"You can see how I have her right where I want her. The pleasure is in the palm of my hands….almost like your pleasure is now in her hands."

April couldn't do anything to argue. Betty's hands squeezed her and licked her womanhood out. The redhead rode Betty's able tongue. She imagined her being in Betty's spot, or maybe on her hands and knees while Harry grabbed her hair and rammed his thick cock inside of her. April imagined herself racked in a constant state of pleasure, with Harry spilling inside of her.

"I need that cock, I need it now!" she yelled.

"Soon," Harry answered. "Soon, you'll get it, but first your friend needs her reward. She'll get to come a couple more times. And then, I'll really let her have it."

Betty rubbed her legs across Harry's waist. He pushed deeper inside of her. The sound of throbbing hard balls slapped against wet and able pussy. Betty took his full and throbbing cock inside of her. Her moist center tensed around Harry and released him.

Harry pushed deep inside of Betty's warm body. He looked down at her, and felt her, felt her go around him really good, really smoothly. Her gushing womanhood sucked him into her willing, and very able pussy. Harry picked up a steadier pace and rocked his way inside of her.

"Closer, get ready," Harry informed her. "Here it comes. I hope you can take it, honey."

Betty could take it, she took it very hard. Harry's balls discharged and soaked the inside of her pussy with his cream. She happily accepted the creamy reward inside of her.

Harry pushed deep inside of her and rode out her orgasm and his. He slowly pulled out of her whilst a clearing of the throat. April's eyes needed to be locked onto what was happening to show what she had to work with.
"My cock, clean it up, and get it nice and hard so it can fit your pussy."

April crawled over without a second thought. The redhead tasted Betty's juices for a couple of moments. The very second she finished pleasuring Harry's massive rod, April grabbed Harry by the side of his legs. She guided his manhood between her warm lips. Harry eased his manhood into her waiting mouth.

He looked down at April, the gorgeous woman on her knees beneath him sucked Harry, and sucked him very hard. Harry didn't have any recourse other than to push his mouth into her. He stood up on the desk to give her a proper amount of room to suck him.

"Stop."

April stopped and pulled away from Harry with regret. He motioned for her to turn around. April did, getting on her hands and knees. Her thighs spreading in obedience like it was the most natural thing in the world.

Harry started on the back of her neck and slowly traced a path down April's spine. Her thighs opened for him. His finger lightly touched her asshole but did not stop there. He moved into perfect position and slid a finger. He tested out wet April was, and how tight he was.

"Is this your first time with a man, Ms. O'Neil?"

"Yes," April said.

"Good."

Harry pushed his finger inside of April's womanhood. He would be her first and only, which always was a satisfying conclusion for him to make. The Alpha Male worked April's insides out.

"What do want?" Harry asked.

"Your cock."

Harry smiled. "And where do you want it?"

"In…my pussy," April panted. "Right where your fingers are….fucking me from behind. I want it pounding into me, when an orgasm rocks through my body…..until you shoot your cum inside my pussy."

The fingering stocked and Harry's long rod pushed against April's entrance. He prepared to take the least bit of pussy.

"As a reporter, you have to open yourself up to new experiences, don't you?" Harry asked. "And here, Ms. O'Neil, I want you to open yourself up to this particular experience."

Harry entered April's wet pussy from behind. His cock jammed into the reporter. Her searing tightness formed a nice sheath around Harry's aching manhood. He picked up a steadier pace and pushed his way inside of April. Harry pulled almost all the way out of her, and pushed back into her.

April thought she was going to pass out from pleasure. Harry worked out all of the kinks inside of her body until the point where she accepted his cock. She longed every time Harry almost pulled out of her and squealed every time he pushed back into her.
The sound of a hair clip coming undone could be heard. April's untamed mane of redhair came out into position. Harry gripped onto her hair and gave it a firm tug. He slid inside of April as far as he could go from behind. He buried himself inside of April's eager pussy. His hands rested when he pushed into her.

"Are you beginning to see why the women with me smile?"

Harry hit every single nerve ending which regulated pleasure at once with a few simple gestures. April's eager body heated up the very second Harry rammed inside of her.

"Yes, I see," April said. "Believe me, I see."

His balls pushed against her womanhood every time. He brought great passions into April. Harry's mouth nibbling the back of her neck made April become undone the very second his hard cock slammed inside of her.

"Yes, seeing is believing, or in your case, feeling is believing."

Harry cupped her breasts to give her more pleasure. April closed her eyes, and gave herself a throaty moan. Harry buried his rod inside of her. The orgasm building up was more intense and shot pure sexual fire throughout April's being.

Every single time Harry entered her, April felt really good.

Betty turned herself, returning back to the land of the living. Seeing Harry's cock penetrate such a young, and eager, pussy, made her hot and heavy. It reminded Betty how her game should be stepped up. April's tight cunt wrapping around Harry's massive cock made it so hard.

"You see, April, you see the benefits of being a reporter," Betty said. "You see what happens when you establish a good working relationship with a subject as fascinating as Harry Pot…"

Invisible fingers shoved deep inside of Betty from afar. Harry's mind stimulated her in ways which Betty could not describe. April didn't know the full extent of Harry's talents.

April had been so wrapped up with her own pleasure, she didn't even notice Harry bringing Betty to an orgasm without touching her.

Harry picked up the pace and drilled his hard cock inside of April. He made sure to feel every body of her body. She craved him and Harry would be damned if he would deny a beautiful woman what she craved. His touch brought pleasure through her body.

The redhead reporter panted after every single moment which ticked forward. Harry's fingers brushed the underside of her breasts the second Harry planted his rod inside of her body.

"Get ready, here it comes."

April's moist center wrapped around Harry's invading rod. He rode out her orgasm and responded with one of his own. The milky white discharge struck April's insides and splattered all over her insides. Harry rode her through another two or three orgasms before reaching the end of his ejaculation.

The reporter collapsed down onto the desk. Harry pulled almost away from her, although his cock head still touched her lips. His hand rested on her right hip.

"So, any more questions?"
End.

http://webofchaos.blogspot.com/2017/02/breeding-grounds-chapters-111-through.html
Harry Potter's eyes opened up. He spent the summer at the Kent Farmhouse during the summer, to help out with his cousin from his mother's side of the family, Martha, after her husband Jonathan suffered a fatal heart attack. Martha, Harry, and Lily were the only three in the house. Martha's daughter, Claire, were out with Harry's twin sisters, Amanda and Emily, with Claire's friends Lana and Chloe. Harry's aunt Rose and Lana's Aunt Nell were out with the girls, keeping an eye on them during the trip the girls were on.

Martha wasn't the only family Harry visited. Lana and Nell were cousins of Harry on the Potter line, a part of the line which fractured off. Squibs had been prosecuted in the late 19th century, and in some cases, killed. While families like the Potters had a more enlightened attitude towards non-magicals, others sought it as their duty to prune some weeds on the line.

The young man had been in the state of being between asleep and awake. Harry became more awake and more alert due to the fact something warm and wet was around the area of his crotch. He sat up for a minute to see a very familiar pair of green eyes looking at from him.

His mother, Lily, sucked his cock. Harry groaned at the sensations surrounding his cock. His mother's skilled and able mouth worked around his rod. They had been sleeping together ever since Harry's thirteenth birthday, when he came into his heritage in a big way. The wizard pushed his rod into his mother's mouth.

"Morning, Mum."

Lily pulled away from her son and smiled. She stroked his long cock. "Morning, Harry…..I saw you were having a nice dream, so I decided to take care of you."

Harry appreciated his mother taking care of her. Her tongue swirled around Harry's cock and gave him a full service job. Her mouth wrapped around Harry's throbbing cock and gave him a full service job. Her lips, tongue, and teeth worked over Harry's manhood. His hands cupped the back of Lily's head and pushed deep inside of her mouth.

The beautiful redhead mother pushed her lips down around Harry's hard, throbbing rod. Her hand squeezed Harry's balls and sucked his long cock. She pulled up all of the way, kissed the tip and pushed down into him. She repeated the ritual a few times.

The rushing feeling coming from Harry's balls increased. Lily grabbed Harry's balls to milk them along with his cock. The beautiful feeling of Lily bottoming out on Harry's cock with her mouth and deep-throating him made Harry close his eyes. Harry shoved his cock deep inside of Lily's mouth.

Lily braced herself for her son's cum. His fingers pushed deeper down onto him and caressed Harry's throbbing balls. She squeezed them and the first blast inside of her throat connected. Lily sucked him very hard and made sure to get the most for her mother.

"Damn, Mum," Harry breathed.
The MILF goddess bringing herself down on Harry's cock concluded. She pulled her way from
Harry, and rose up to him from the bed. Harry got a better look at her. He saw her wearing a lacy
red bra which barely contained her massive breasts. Her nipples stuck very tantalizing on the other
side of the transparent red material. Harry took a deep breath when looking over at Lily. She wore
a nice red thong as well, a garter belt, and a pair of "fuck-me" stockings. Lily moved over onto the
bed with a smile.

"I've been waiting for this moment for a long time, and now Rose and Nell has taken the girls
shopping, I'm here now," Lily said.

"You do realize Martha's here, don't you?"

"Mmm, I know," Lily said. "I wonder what she would think if she walked in on us."

Lily attacked the side of Harry's neck with kisses, and worshipped his body, sucking on the flesh
very tantalizingly. Harry grabbed her firm ass and squeezed it. Lily smiled when Harry squeezed
her ass.

The redhead woman slowly dropped her bra and revealed her massive breasts for Harry. Harry took
a handful of the large breasts and squeezed them. Lily moaned, and now Harry turned the tables,
rolling her onto the bed. He took her lips, neck, collarbone, and breasts. Harry kissed all the way
down to her. The moment he caught her belly button, Lily writhed in pleasure.

Harry slowly hooked his finger inside of Lily's thong and slipped it down her womanhood to
expose her smooth, and wonderful looking sex. Harry's finger shifted an inch inside of Lily's tight
vice.

"I'm hungry," Harry said.

"Help yourself," Lily said.

She spread her legs so Harry could feed herself. Harry buried himself face first in the area he once
came from. The tongue shifted inside of Lily and buried himself in between her warm and willing
thighs. Lily rested her hands on the back of Harry's head.

"Baby, it's so good, eat me out," Lily breathed.

Lily's warm walls pushed up to meet Harry's tongue. The oral stimulation caused Lily to tingle. She
wanted everything Harry could give her, and so much more. Lily's moist center opened and closed
for Harry. Harry pushed his face in between her wonderful thighs.

The juices dripping form between Lily's thighs made Harry hard and want to ram his throbbing
hard cock inside of her body. He pulled out of her and Lily smiled.

"Do it," Lily said. "Fuck me."

Harry smiled and crawled on top of Lily. Her breasts squashed against Harry's muscular chest.
Harry felt up the milky globes and squeezed them. He slipped the head of his cock against Lily's
wet center. Lily wrapped a leg around Harry's back and encouraged him to go inside of her.

Mother and son met in the center. Harry pushed his long throbbing cock inside of Lily's warm
center. She clamped down onto his head.

Harry could have sworn her heard a moan mixed in with his mother's familiar and pleasured
moans. The feeling of Lily's soft, stocking clad leg wrapped around him drove the thought of
anything else out of Harry's mind. He pushed his throbbing hard cock inside of Lily's pussy.

"Baby, fuck me, show everyone while you're the best," Lily said.

Lily was so proud of her son and his ability to make any women wet in the panties. She eased his transition into manhood quite nicely, teaching him everything he needed to know. Hell, Lily learned a few things from Harry. His manhood pushed deep inside of Lily's gripping hot pussy.

The slow and steady shoves deep inside of Lily made her breath heavily. She pushed her nails into the side of Harry's back when he rocked down into her. He pulled almost out of Lily and then pushed back into her. The orgasm spread through her body with each passing plunge inside of Harry.

"Go ahead, Mum, cum for me."

The warm mouth kissing and licking Lily's nipples made her cum extremely hard. Her hips clenched down around him a few seconds.

Harry pushed himself deep inside of Lily and made her scream. His cock buried inside of Lily's wet center. She closed around Harry and released him a couple of times.

"Harry, it's so good, why don't you show Martha you can make her feel as well?"

Harry stopped and slowly slipped out of Lily. He turned around and saw Martha Kent standing in the doorway. Her eyes looked onto her young cousin, with lust in her eyes. She dressed bathrobe which came opened and showed her breasts held up in a black bra and panties. Panties which soaked into the body of the redhead. Her large breasts stuck out and called to Harry.

"Come here, and give me a kiss, Martha."

Martha stepped closer towards Harry. She wrapped her arms around Harry's back and leaned towards him. The two kissed. Electricity fired down Martha's spine. Her toes curled, and loins moistened, heating up completely. Harry reached behind Martha and pushed her closer towards him. Her wet loins rubbed against Harry's aching rod.

"You know how much I wanted this?" Martha asked.

"If you wanted it, you could ask nicely," Harry said.

The older woman tried to think about all of the reasons why this was wrong. It was hard to think when Harry held a hand on her breast. His fingers dipped down underneath Martha's panties and started to feel her wet cunt lips. Martha kept pushing her lips on them.

Lily made her way from behind Martha and pressed her breasts against her cousin's back. Mother and son pinned their cousin between them. The redhead worked her legs down between Martha's firm thighs. She rubbed them and worked her fingers down between them.

"It's time for you to heal, Martha," Lily said. "Let Harry fuck your troubles all the way."

For one day, for one morning, Martha Kent wanted to forget. She wanted a nice large cock buried inside her body where she could get drilled without any shame. She turned around to face Lily. Harry's hands still squeezed her ass. Martha and Lily came chest to chest with each other. Both redheads entered a very steamy makeout session.

"Both of you should get down to the bed, on your hands and knees."
Lily pulled away from Martha, moving towards the bed. Her bare ass swayed. Lily stopped on the side of the bed, bent over, with her ass poked out.

A spank to her ass resulted in pleasure spiking through Lily's loins. Martha followed her cousin down on the bed.

Harry walked closer towards Martha. The redhead on the bed breathed. Harry's fingers quested between Martha's dripping hot thighs. Harry pushed a finger deep inside of Martha. One finger inside of her made Martha breath.

"Please, fuck me," Martha begged him. "I can't stand it. I need your cock inside me."

The emerald-eyed sorcerer climbed up behind him. His hard cock knocked on the edge of Martha's entrance. She could feel how big he was.

"It might hurt at first," Lily said. "The best thing to do is just let it happen, let him fill you up."

Harry's rod pushed inside of Martha's pussy from behind. She gripped Harry, hard. Harry caught a glimpse from the wardrobe mirror of Martha's face screwing up, biting down on her lips. The dark-haired man shoved deep inside of her with a long thrust. He pulled almost out of her and shoved his long cock inside of her.

"Yes, just relax, and let it happen, Martha," Lily said. "Let Harry fuck you. It feels so good to be fucked by my son's cock. You like taking your cousin's big prick, don't you?"

Martha feverishly nodded at Lily's question. She tried to let out the moan of pleasure. Every time Harry buried deep inside of her, Martha completely stretched out on him. She moistened his rod and it pushed inside of her.

"Harry, harder, harder, harder!" Martha yelled. "I never knew how good your cock could feel."

"You had a good idea," Harry said.

Martha didn't really argue about it. His balls slapped against her to give Martha a hint of what was going to come. He shoved deeper into Martha and buried himself into her. Her body sized up and released the cum around Harry's hard cock.

Lily smiled when feeling her son dominate Martha. She deserved a good hard fucking for a good long time. Jonathan provided in her in many ways, but after the fever he had about ten years ago, which rendered him impotent, he didn't really rise to the occasion in many others. A good man, shame he died, but still, Martha deserved to be pleasured and take advantage of her sexual prime.

"Harry, make her cum so hard, and come over to take me," Lily said. "Mummy needs her fill."

"Patience, Mum, you'll have your time."

Lily hated having to be patient, but she supposed she would really have to wait. The long throbbing hard cock pounding into Martha increased Lily's lusts.

The screams as well, the pleasurable screams coming through Martha.

"She's so tight," Harry said. "I think I'm going to have to cum."

Martha closed her eyes and clutched onto the bed. Harry's fingers pushed into her nipples and squeezed them hard. Pleasure shot through her body.
"Cum for me, please," Martha said.

"As you wish."

Harry pumped his rod inside of her womanhood. Those balls slapped against Martha and threatened to blow his huge load inside of her.

"Knock her up, Harry," Lily said. "Give Claire a baby sister."

Martha didn't protest the thought of having a child of her own. Her waiting womb opened up for the blast of cum inside of her. His balls launched the splattering of seed inside of her. Harry pushed inside of Martha and then pulled completely out of her.

The warm cum splashing inside of Martha's body caused her body to glow for something. Harry pushed deep inside of her body.

"Don't worry, if it doesn't happen, we'll have to keep trying until we get it right," Harry said. Harry pulled out of Martha, his cock dripping with her cum. Lily rolled over on top of Martha, and gave her a kiss in response before she moved over and attacked Harry's cock with her mouth.

A short, but intense blowjob brought Harry back to full mast. Lily pulled closer away from Harry and climbed on top of him. His rod rose up into the air in position. Lily climbed on top of Harry's cock and impaled herself down onto him.

He slipped into the redhead who started to bounce up and down on Harry's lap. The full and aching rod submerged inside of Lily's warm wet vice. She pushed down onto him.

Martha, stuffed full of cum, looked up towards Harry. She watched when Lily descended up and down on Harry's cock. She resembled a particularly naughty angel.

Two strong hands cupped Lily's bouncing breasts. She rolled her hips down onto Harry and grabbed him before releasing him. Her sexy thighs bounced down onto Harry's manhood.

"You two are going to be the death of me this summer," Harry said.

"Four, once Nell and Rose get involved in the action," Lily said. "We owe them for minding the girls today, remember."

Harry didn't forget. And he wanted a crack at his aunt and cousin respectfully. Plus, he was certain Claire, Lana, Chloe, and the twins would all want a piece of him when they were a bit older.

That was the future though, his mother's pussy was the present. And what Harry buried inside of her. His long rod stiffened and pushed inside of her.

Martha's fingers rubbed her body enticingly. She just had a good hard fucking, and she wanted another one. Lily levitating a dildo and shoving it into her pussy only did so much to alleviate her fire. Lily buried it deep inside of her.

Lily aimed the dildo inside Martha and buried it inside of her gushing pussy. Every single time the dildo spiked into Martha, her hips clenched down and released. She timed the dildo deep inside of Martha in tune with her ramming down onto Harry's cock.

Harry enjoyed the sensation of his mother's delicious warmth wrapped around his aching hard manhood. Every time the redhead bounced on him, her breasts smashed in his face. Harry buried
his face between Lily's heaving cleavage and sucked on her nipples. Lily reared her head back with a moan of encouragement.

"Harry, take me, lick me, suck me right there," Lily mewled.

Harry pushed his mouth against Lily's nipple and sucked it hard. Lily rocked down onto Harry with a few spikes of her pussy down on him.

"Baby, so good, suck on my tits, make them feel really good," Lily said.

The good feelings continued with Lily gushing hard around Harry. She guided his massive prick into her. His cock swelled and would be a few seconds away from pushing inside of her.

Martha's eyes lazily followed the progress of Lily pogoing herself up and down on her own son's cock. Such a taboo little incident made Martha extremely hot. She had been seduced into their bedroom and pleased.

Lily smiled and guided Harry's face in between her aching breasts. Harry pushed inside of her, almost sliding out of her. Lily gasped at the loss of Harry's cock inside of her. Then she felt relieved the very second Harry took his long cock inside of her body.

"Cum for me, sweetie," Lily said.

The powerful young man couldn't hold back for much longer. The swelling deep inside of his balls reached a fever pitch when he kept bringing himself into Lily. He could not hold back from her for much longer.

Lily pushed down onto Harry. Her gushing center released and squeezed Harry's mighty rod. Harry picked up the pace with a long thrust inside of her.

The spilling of their intermixing cum started. Harry pushed up and down into Lily. He gave his mother a gushing amount of seed. The load filled up her pussy.

Harry smiled when Lily crawled over the top of him. She joined Martha over to the bed and grabbed her cousin by the hair, before giving her a sultry kiss. The kiss only deepened.

Martha's warm body heightened with pleasure until the next play was ready. Lily climbed on top of Martha's face and buried her womanhood inside her face. Lily's face buried in Martha's pussy and Martha buried her face inside of Lily's gushing womanhood.

The captivated young man on the edge of the bed watched, when both of the women ate each other. They made a productive of slurping their pussies dry of each other's juices.

Lily looked up from Martha and mouthed, "take her ass." Lily slipped a finger inside of Martha's puckered hole, lubricated with juices.

It took seconds for Martha to realize what was happening. Harry's well lubricated cock shoved inside of her waiting hole.

"Damn, she's about as tight as you, Mum," Harry said.

He worked himself inside of Martha's nice, sexy ass. The wide ass of the house wife was perfect for ramming his cock inside of her. Harry took her plump cheeks in hand and squeeze it.

"She has a nice, thick, ass perfect for fucking," Lily said. "And her mouth isn't half bad either...and
I bet she hasn't had a cock bad there ever."

Martha couldn't argue. Jonathan was the straight, conservative, missionary type. Lily and Harry opened her world and asshole up to new pleasures. Lily held her open for her son to push his cock into her.

The green-eyed redhead smiled. She watched Harry bury his thick, juicy shaft into Martha's tight ass.

"She making you want to cum, baby? Go ahead, and give her the nice sticky load of cum all over her ass, like she dreamed of. I'm pretty sure there's plenty more."

Harry wanted to savor the moment of his cousin's ass for a few seconds. His fingers touched Martha's rear and sent a simulation of pleasure through her. Lily's mouth and tongue also worked over Martha's pussy and simulated it just as Harry took Martha in the ass.

Moments of pleasure later, and Harry just had to let it go.

"Sorry, Martha, you have a hot ass, and nice tits, and a fuckable body…..and you can take my cock in your ass, so nicely. It so nice, doesn't it?"

Harry's question had been answered by Martha's feverish moans. He launched another load inside of Martha's ass. Harry held onto her thick cheeks and buried an intense amount of sticky cum inside of her.

"Good, very good," Harry breathed.

He pulled out of her. Lily's tongue shifted and licked Harry's cum when it trickled out of Martha's ass. It made Harry hard all over again.

Lily raised one hand and wrapped it around Harry's cock. She smiled and suckled the head, to bring him back to life.

"Maybe you should see whose ass is tighter."

Harry's breath heightened the second his mother moved her tight ass over the side of his cock. He could feel her gushing pussy out from underneath him.

Martha dove in between Lily's legs while Lily brought her firm cheeks down onto Harry's rod. It was a beautiful sight to see Harry working his cock in between Lily's ass while Martha licked out her cousin.

"I'm liking this family bonding, don't you?" Lily asked.

No one could disagree. Harry took hold of Lily's bouncing breasts, so lovely and firm, the envy of women half of her age. Harry squeezed one of the gorgeous fun bags. She moaned and Harry leaned in while fucking her ass to nibble his mother's shoulder, knowing it was a bit of a hot spot towards him.

Pleasure cascaded through Lily. Martha and Harry worked her ass and pussy so nicely. The cascading pleasure went through her body.

"So, whose ass is tighter?"

"Pretty close," Harry said. "I'm going to need to experiment more….to make sure I don't make a
mistake before I decided."

Harry buried his rod inside of Lily's milking bowels. He kept working almost out of her and pushing into her. His mother's ass was the first one he ever had, just like her cunt and her mouth.

"Ram your huge cock into Mummy's tight arse!" Lily breathed. "Make her think of you when she sits down for the next week."

Martha suckled Lily's lips and got even hotter. She reached between her legs and stroked her clit. Hot and horny didn't even begin to describe how Martha Kent felt now. All she could say was this little encounter made her feel so good.

"I know you will make an informed decision, with more…effort!"

Lily squealed out the last word and came on the spot. Juicy cum splattered into Martha's mouth. She sucked her cousin's juices up. She made a series of lewd sounds when going down on Lily's pussy.

Those sounds, combined with Lily's ass, made Harry just barely hold back. He almost was there, just a bit more, and he would be inside of her.

The sounds of slapping balls against Lily's ass followed a fraction of a second later. Harry groaned and gripped onto his mother's hips tightly for leverage.

All three of them came together at the same time and it was a beautiful sight. Lily and Harry released an outburst of energy, which would excite every single woman in a certain radius in Smallville.

Harry launched the last bit of cum inside of Lily's ass, and pulled back to her.

The dust settled, and Harry found his way pinned between Lily on one end, and Martha on the other end. Both of the mature redheads pressed against Harry. They felt up his chest and abs, and lightly kissed him. Lily in particular stroked her son's hair, making it even messier.

"So, how much longer do we have before Rose and Nell bring the girls back?" Harry asked.

"Oh, I think we have another hour or two to kill," Lily said. "You know how girls get when they're shopping."

Harry knew, which was why he didn't have to go. He was in a much better position right now. Not one, but two mouths slowly moved down his mouth and close to his crotch, which started to show signs of life.

A much better position indeed.

End.
Chloe Frazer knew her contact would be here sooner rather than later, actually she didn’t know whether or not he was here. The dark-haired treasure hunter held the bag over her shoulder when entering the meeting place. She had everything he wanted, all they had to do was make the exchange.

True to form, her contact arrived, not just on time, but a little bit earlier than suggested. Tall, green-eyes, black hair, a firm body which was the dream of many women, herself included. Harry Potter always ensured the price was right and for those who treated him well, he treated them to something extra.

"I don't know what you wanted with this," Chloe said. "But, here it is. I'm sure you can figure out what to do with it, when you have a chance."

Harry answered with a smile and took the item from the treasure hunter. He opened up the bag and rifled through the contents for a few seconds, studying the item inside. Everything appeared to be in order, at least from where he stood. The item in the bag matched the description his source had and Chloe's work was impeccable as object.

"What is not valuable to some, can be beyond all stated value for others, Ms. Frazer."

Chloe understood about as much from her years of hunting for treasure. She watched when Harry Potter made his way to the wall. The view from the backside wasn't too bad, compared to the front.

Harry smiled, they had been working together on and off for a year, and he paid rather well. Still, it was obvious Chloe dreamed of an arrangement which was beyond business and veered more into the realm of pleasure. Harry would be quite spiteful if he didn't give her an opportunity to let all of her dreams come true.

"I can see," Chloe said.

Harry paused and turned around. Chloe took a step back and acted all innocent. The look on the face of the beauty showed she had anything other than innocence on her mind.

"If you want to take a look at my inner quarters, than follow me. You'd recognize a few of the items down the hallway, I say."

Chloe took the plunge and followed Harry down the hallway. She thought about him more and more, the way he carried himself. Chloe looked around and sure enough, she did recognize a few things on the wall as items she procured for him. Some of them looked broken.

"Merely a means to release the enchantments in them," Harry said. "Unfortunately, some of these items carry power which could be catastrophic when in the wrong hands."

The two of them stopped at the just seconds before reaching the end of the hallway. Chloe turned her attention to Harry, a small smile flickering on her face.
"I suppose you think your hands are the right hands."

Harry edged closer towards them until the point where they were an inch apart from meeting with each other. Chloe almost swallowed a lump in her throat when Harry had her close. She wasn't used to relinquishing control like this.

"My hands are either the right hands or the wrong hands depending on who you ask. But, you might want to make your own opinion."

Said hands found their way on the small of Chloe's back and pulled her into an extremely sensual kiss. The last couple of times, Chloe thought they were going to cross the boundary between business and personal. Those fingers eased down further.

Harry cupped a handful of Chloe's ass. He had been pleased with the woman overall, but nothing stood out more to him than her pleasantly thick bum. It offered the most enticing thought when he walked away from meetings with her. Chloe's gasping continued the second Harry pushed his tongue into her mouth.

The kiss pulled away from Chloe's mouth, well not completely. He latched onto the side of her mouth, and started to kiss her. Harry reached on the underside of her shirt and fingers danced against Chloe's trim stomach. Her body heated up, wanting to give Harry more pleasure. Harry leaned in and kissed Chloe multiple times, each of them sending waves of fire through her body.

Harry pushed Chloe's hips against his. The two soon to be lovers grounded together. He pulled her shirt up to reveal her toned body and large breasts. The bra she wore strained, and demanded to release them out.

"I want those," Harry said.

"Oh, that's the prize you sought, isn't it?" Chloe asked.

His fingers danced down her belly button and to the inside of her pants. He pulled them down and revealed Chloe's panties. They were moist. Harry pressed his finger against the nipple on the other side of Chloe's shirt, and swiftly rotated his finger against her.

"Yes, it is," Harry said. "Among other things….but let's take this to a bit more intimate area."

Chloe's mind dissolved into foggy thoughts of lust. He guided her through the open door until his bed chambers. A lush, soft bed, for plenty of room, enough room to have a decent sized orgy at the very least.

Any thoughts drove from Chloe's mind the very second Harry drove his fingers into her. Her pussy clamped down onto his fingers. Harry leaned in and kissed the side of her neck. His lips traveled to her collarbone, nipples, and down her belly button.

Those fingers those, those fingers just should have been registered as lethal weapons. Chloe pushed her thighs together to milk Harry's probing digits inside of her walls. Her heart steadied with an intense pace the second Harry pushed himself into her and then slid completely out of her.

"Just wait," Harry muttered to her. "You're feeling this for my fingers. Just wait until I taste you. And I want to taste you."

Harry's flickering tongue made Chloe envision how things were going to go. It was long and it seemed to be extending. Those eyes made Harry seem like he was not human at all.
Those beautiful thighs spread apart and Harry dove down inside Chloe's thighs. She gushed when Harry licked her out. First, he took some time lavishing attention to her yummy lower lips. The moment he got them all swollen and puffy, Harry licked her.

Chloe rose up off of the bed, thinking about what Harry could do to her next. The tongue shifted inside of her and stimulated pleasure centers which nothing ever had before. Those hips wrapped tightly around Harry's head. She bucked herself up to meet Harry who continued to eat her out.

"Damn," Chloe whispered.

The exact statement Harry wanted to see. He wanted her canal all nice and wet for his cock. His lips released her and then bit down onto her again. He made out with Chloe's nether regions and slipped her a delicious amount of tongue between her legs.

"Mmm, yeah," Chloe said. "Yeah."

She was now wet and ready to ride. Harry took her lips in mouth and shoved more of his eager tongue between Chloe's gushing womanhood. Those warm lips continued to pump up. Harry licked the inside of her pussy out and sucked her juices dry.

"Now, it's time."

Harry stood up tall. Chloe smiled and saw the large tent appearing in Harry's boxes.

"If you want me, you're going to have to help yourself."

Chloe understood and pounced Harry. She wrapped her arms around Harry and kissed the ever living daylights out of him. Her hands removed Harry's shirt. For the first time, those sculpted muscles revealed themselves to Chloe unrestricted and ready for her to play. And Chloe wanted to play, she craved her special playtime with Harry.

The belt came up next and Chloe worshipped the alter with a few kisses. His fingers brushed against his manhood and pulled out his long, throbbing cock for her.

"Have a seat," Chloe said.

"How nice of you to offer me a seat in my own bedroom."

Chloe playfully shoved Harry down onto the bed. The tanned beauty mounted her soon to be lover. The massive girth of his cock was even beyond of what she imagined. Chloe shifted herself closer towards Harry, and pushed herself down onto his manhood.

The two lovers joined together at the loins. Harry leaned back and allowed Chloe to push herself on his throbbing hard cock. Her wet walls contracted and then expanded to allow more of Harry inside of her. The manhood pushing deep inside of her gushing center made Chloe feel really good.

Hot firm skin connected with Harry. Chloe tilted back a few inches and allowed Harry access to her breast. The tanned, juicy nipple in his mouth had been applied with the perfect suction. Chloe mewled and dropped down onto Harry. The throbbing hard cock shoved deep inside of her tight body.

"More," Chloe breathed.

"What do you want me to do?" Harry asked her.
"Please," Chloe breathed. "Take my tit, and suck on it. I'm going to die if you don't."

Harry thought she might have been exaggerating a little bit, dying if he didn't suck her warm nipples. Still, Harry wasn't one to ignore a woman in need. He pushed more of Chloe's juicy nipple in his mouth and sucked on it hard. The sounds of pleasure coming from her only encouraged Harry to suck on them more, and feel up her body. He relished how firm it was, and how beautiful she looked bouncing down on his cock.

Chloe's eyes shifted back a few inches. She could not believe Harry had her in this particular position. Every time his mouth released her nipple, Chloe thought a small part of herself would be intertwined to Harry.

The two of them met together. The force of Chloe's first orgasm only heightened the second Harry gripped her tight ass. Chloe shifted further down on Harry's engorged rod. Her heart beat when feeling Harry. She bounced up and slid down on his rod a couple more times.

"Yes, you're mine, Chloe," Harry said. "Are you about ready to cum? Would you like it if I let you cum? I think you deserve to cum, because of all of the good work you've done for me."

The thought of being allowed to cum excited Chloe. However, the thought of being denied, and having to beg, it just made her nipples really stiff. And not just because of Harry sucking on them, even though that helped just a little bit. She bounced down onto his rod, shoving more of him into her, harder, faster.

"When I'm ready, you're cum."

"Please, let me cum," Chloe said. "I've wanted to cum so hard. I want to feel my tight pussy wrap around your big cock."

Harry squeezed her tight bum and spanked it. The young woman bounced down Harry's hard rod. The manhood spread her walls apart. The feeling of a well-earned orgasm almost coursed through her body. Chloe slid down Harry's manhood and pushed herself down onto his rod.

"Don't worry, you'll have your desire, soon. Just take a deep breath, relax, and let it come."

Chloe took a deep breath, relaxed. Frustration came through her body. Denial made her hotter, want to come more.

"Always amazing when you get what you want."

The floodgates opened up and Chloe received one of the best orgasms of her entire life. Her body warmed up and released pleasure. Her clenching body came almost all the way down on Harry's rod. She wrapped around him tightly and rode him to the conclusion of her own orgasm.

Unfortunately, she had not rode him to the conclusion of his orgasm. Harry pulled from Chloe's moist womanhood and let her fall back on the bed. Her lips curled into a lustful expression. Harry waved his hand and invited Chloe to turn over. She turned over, on her hands and knees in front of Harry. A wicked little smile crossed over her face when Harry approached her.

His long cock demanded entrance and Chloe would be the one to grant Harry what he desired. His thick head pushed against her inviting lips. His balls touched her gushing entrance when Harry pulled almost out and slid in.

One large cock pushed inside of Chloe's gushing womanhood. Her ass bounced when Harry's cock had been driven inside of her. The tantalizing rear entry was something Harry would have to
explore it.

"You like it when I touch your ass. You're an anal slut who gets turned on, don't you?"

She could not deny Harry any longer.

"Yes, I love my ass getting played with. I loved it getting spanked and squeezed. I like it when you do that, when you ram your big cock me from behind, and pull on my hair."

A slap on her rear caused Chloe's squeals of pleasure to heighten. Harry picked up the pace and pushed more of his rod inside of her body. Harry almost slid all the way out of Chloe and then pushed back into her. He buried his engorged rod inside of her body.

"Oh, you mean you like some of this?"

Harry pinched Chloe's firm cheeks and slapped on them. He left a red mark on her firm ass. The thrusts grew deeper when Harry rocked her from behind. Her body shook underneath him and every time Harry rammed into her, that tantalizing ass jiggled. He pushed his hands down on her and pulled almost all the way out of her. Harry plowed inside of her one more time.

The bedsheets became unraveled because of how much Chloe clutched them in her hand. She didn't care, all she wanted was pleasure. Harry's balls slapping against her brought her small bursts of energy into her.

"Yes, like that, harder, faster, please!" Chloe yelled. "You're driving me crazy."

Harry smiled, when he pushed his hands against Chloe's firm rear for leverage and plunged into her tight body. The exotic goddess on the bed made him feel really good. He had his eye on her for a long time and she had been comfortable enough to be taken into his bedroom.

His bedsheets would need to be rearranged when he was done with her, but it was really a rather small detail. Harry picked up the pace inside of her. His balls slapped against Chloe's tender lips when going into her. Her walls spread out to engulf his hard cock inside of her.

"We're very close," Harry said. "Are you going to cum soon?"

Chloe answered with a feverish nod. Harry was very busy caressing every inch of her body, from her hips, down to her tummy, to her breasts. He leaned in to kiss the back of her neck.

"Good, cum," Harry said. "You may cum, you've earned it."

He slowly flickered a nipple to make Chloe become undone. Her heart skipped a couple of beats every time Harry pushed his way inside of her. Her gushing body released their heavy juices onto her.

Every now and then Harry pushed a finger inside of Chloe's back passage. Chloe gripped Harry harder when he felt the inside of her asshole.

"You're nice, firm, and built to fuck," Harry said. "Good qualities for a woman to have, wouldn't you say so?"

Chloe didn't really argue to be honest. She couldn't argue in the position she was in. All she could do was feel Harry's thick cock slamming inside of her body and stretching her out to the tee. Her body exploded into a gushing feeling.
The rush of warm fluids pumping from Chloe's center made Harry get closer and closer to the edge. He wanted Chloe to enjoy the full feeling of an orgasm well earned. While he also enjoyed her firm, toned body, in all of its splendor pressed up against him. His thick balls dribbled against Chloe's womanhood, moist and ready for him.

"I hope you're ready."

Chloe tried to make a quip about being born ready for him. The quip had been lost and cum shot through her loins. Harry picked up a steadier pace inside of Chloe and rode out her orgasm all the way to the end.

Now, Harry's turn approached. He sped up the pace and fucked Chloe Frazer for everything she was worth. Every nook, cranny, and curve of her body had been explored. Harry left his mark by digging his fingernails into Chloe's sexy ass cheek when picking up a steadier pace inside of her.

The end came with Harry's balls releasing and firing the load stored up for some time. He flooded the inside of Chloe's body.

Chloe experienced a very invigorated feeling of Harry's balls planting their gift inside of her waiting womb. He planted his load inside of her. Her gushing center closed in and released Harry numerous times before he shuddered to a stop.

The sorcerer spent plenty of time pulling away from Chloe, and leaving her ravished and dripping.

"So, are you ready to do more business in the future?"

Chloe rolled over, seeing the results of the encounter with Harry. She looked at the handsome young man and leaned up to give him a kiss before pulling away from him.

"You bet your ass we will."

"The question is, will you happily bet yours?"

End.
Harry Potter received a message which indicated if he traveled to a certain temple in the middle of Egypt, it would make it worth his while. Many of these temples hid themselves from non-magical, or even mortal eyes. Thus, Harry figured he was one of the few people in recent memory to see the temple.

Oddly enough, Harry saw his fortunes take a huge upswing after he saved a young woman form the Death Eaters a while back. She thanked him for his assistance, and all Harry knew was her name was "Adrianna". He didn't see her, although Harry's fortune increased over the past couple of months.

Then, the woman he saved, sent him a message to meet her at this particular temple. She claimed he wouldn't regret showing up. Harry showed up, half-expecting a trap, but pleased there wasn't. He walked down a set of steps and into a room which lit up with multi-colored hues of lightning.

A padded bench invited Harry to sit down. Harry stepped inside of the chamber. Hypnotic sounding music started to beat through the temple. Harry sat down and waited to see what was all about.

A shadowy figure started to move on the other side of the curtain and moved back and forth. The curtain flickered open and a vision of beauty shined out from underneath of curtain.

The silky dark hair of the beauty shined out from the light. Her blue eyes looked on with a sultry expression. Her soft looking dark skin was only barely visible behind a transparent veil which hooked underneath her nose. She stepped forward with a solid beat and a humming sound. She wore a golden bikini top which pushed up her already large breasts. Another veil covered her stomach.

Harry's eyes dropped down to see the tight, transparent pants she wore, and the pair of slender golden panties other side. The woman stepped forward and swayed her hips back and forth. Harry watched the hypnotic motion of her kisses.

"Sit back and enjoy the show, hero," she whispered in a sultry voice. "Don't worry, you'll get your reward and some more."

The vision of beauty turned around and stuck her firm ass out. Her ass swayed in front of Harry. Temptation to reach forward and grab hold of that beautiful ass visited Harry. He tried to push through the energy shield which surrounded around her. Harry's breathing increased.

The woman looked over her shoulder with a sultry expression in her eyes. She turned around and started to gyrate a little bit more. She watched up so she stepped towards Harry.

Harry looked up towards her with a smile. She unclipped the veil and allowed it to drop to the ground. Her beautiful perfect face with high cheekbones came up. She had a beautiful nose and a pair of plump lips. Harry recognized her instantly.

"Adrianna," Harry muttered.
"Yes, but it's just one name I'm known of," she said. "Call me, Isis."

Harry raised his eyebrow. Isis swooped down, her bright blue eyes looking in his. Her well maintained fingernails raked over Harry's face. She leaned closer and kissed Harry on his lips with a tender kiss. Isis's tongue pushed deep inside of his mouth before she pulled out.

Isis pulled away from him, with a nice little tease. She unhooked the veil and let it drop to the ground. Harry watched her smooth, toned, perfect belly button. The navel shined out with a Jem inside. Isis rippled her stomach and released it a second later. Her hips swayed back and forth with Harry's eyes following her.

The beauty hooked her fingers on the transparent pants and pulled them down. She wore nothing but a pair of very skimpy yellow panties beneath her waist. She wore a nice little thong as well, covering her lower body. Isis swirled her hips around and moved closer towards Harry with a smile.

Isis grabbed Harry's hands and pulled them up to put them onto her body. Harry received the hint and lightly caressed the body of the woman. Isis leaned closer towards Harry's crotch.

The slowly grinding on her hips down onto his crotch resulted in Harry's swelling increasing. Isis leaned down and kissed him on the side of his neck. She smiled with Harry's hand resting on her lower back.

Isis unclipped her bra and released a pair of round breasts for Harry. Harry watched the juicy globe be unveiled.

"They're nice, aren't they?" Isis asked. "Please, touch them."

Harry held out his hand and squeezed the underside of her perfectly defined breasts. It was so firm, and at the same time, so soft. Harry leaned closer towards Isis and touched his lips to the point of her erect nipple.

The goddess breathed out in pleasure. She had her eye on him for some time and it was more than worth the wait. She caressed Harry's hair and encouraged him. He took her encouragement very nicely. His mouth latched onto Isis's engorged nipple. Harry sucked the nipple in very hard.

Isis closed her eyes and stepped back from Harry. She smiled and undid her panties. The panties came down over her legs. Harry's eyes followed to her smooth perfection between her legs.

"It seems unfair that I'm bare, and you're still covered in those hot, uncomfortable clothes," Isis said. "Isn't it?"

She didn't wait for any response. A slow and casual unstrapping of Harry's under body exposed his toned upper body. Isis raked her vision over him. Her beautiful eyes locked onto Harry's body and took a nice look at the sculpted physique beneath him.

A series of kisses result in Harry's body feeling pleasured. Isis moved her way down her body and worshipped him. Harry stopped her, and pulled her to a standing position.

A bed appeared from behind the curtain Isis went through. Harry wrapped his arms around Isis and kissed her, pushing her into the next room.

Isis gasped in pleasure. Harry laid on top of her and landed a series of kisses to every inch of her body. Ear, the side of her face, neck, and then her breasts before Harry made his way down to her body. He worshipped every inch of the divine body.
"Can't say a goddess has ever tried to get in my pants before."

The dark-skinned woman underneath him squirmed. Harry continued to lay pleasure down her body. His belt and pants came off, exposing him in his boxer shorts. Harry's large cock stretched from underneath his shorts.

"Let me."

The exotic beauty underneath him pulled off Harry's boxers after sitting up. His large cock pushed out and struck Isis in the side of her mouth. She cooed and pushed a hand over Harry's hand. Isis ran her hand down Harry's hard cock and reached between his legs.

"I need you," Isis said.

"Get ready."

Isis crawled back from the bed. The dark-skinned goddess climbed back onto the bed. Her thighs pushed apart and she looked ready to receive.

Harry climbed on top of the body of the goddess. Isis's wet lips pushed up against Harry's large cock. The young man inched closer towards Isis's wet pussy. Isis spread apart.

The two of them met together at the center and Harry filled her up. Isis moaned hungrily the second Harry drove his hard cock into her. Her tight body slid over him and pushed down onto him. The divine beauty underneath him brought Harry's cock into her. He rapidly pushed into her and drove his cock into her body.

The young man's hard cock shoved into Isis's wet pussy. Her tight walls closed up and down on Harry's engorged hard cock. She milked him the deeper Harry shoved himself into her.

"Are you ready to cum?"

Isis answered with a nod. She was more than ready to receive his throbbing hard cock inside her. Isis worked her hips up and down around Harry. Her warm walls closed deep around Harry and sized up around him. Her nails pushed against his lower back.

The divine orgasm beneath him stretched around Harry. He pushed into the depths of Isis's beautiful body. A series of long and hard thrusts further stretched out her body. The goddess's moans of enjoyment only encouraged Harry to plant his rod further and faster into her body.

"Please, allow me the honor of riding you."

Harry pulled out of Isis's body. The goddess could have taken control any time she wished, but the trust showed made Harry know this was going to be a very pleasurable encounter. Isis rolled Harry over onto the bed.

His cock called for Isis. The divine lady draped herself over Harry and kissed him. Harry found it hard to resist stroking her silky hair. Isis pulled her lips away from Harry and kissed him. The strand of salvia connected them lip to lip and Isis kissed him.

The goddess enjoyed the feeling of the aching cock threatening to penetrate her womanhood. Isis pushed herself over the top of Harry. Her thighs spread and took Harry deep inside of her. The rush of a thick, juicy cock penetrating her insides caused Isis to breath in pleasure.

Those nice breasts bounced higher in the air in front of Harry's face. Isis spread her thighs out and
brought the point of her sex down onto Harry's body. Her womanhood stretched up against Harry's engorged rod. She fell and dropped at a super-fast speed.

Harry cupped her juicy breasts in hand and squeezed them. Isis rolled her hips up and down on Harry's hard rod. She picked up a heavier pace and stretched her pussy around his rod.

"I'm feeling good…so good, and you're so amazing."

Praise coming from a goddess made Harry's cock swell. He returned the favor from the phrase by worshipping the woman's divine body. Harry leaned towards her and sucked Isis's aching nipples. Isis leaned back and impacted herself hip first onto his throbbing hard cock.

Isis came very hard. Her warm body slithered down to the point of Harry's hips. She slowly hugged his manhood between her walls and released it. One look of Harry's eyes showed her the pleasure she received.

"Take me, harder, as hard as you want."

The two lovers matched each other with an intense thrust burying inside of Isis's tight vice. She milked Harry's incoming thrusts. Harry thrust up the second she had been brought down on him.

"I can make your wildest dreams come true."

Isis kissed on the side of Harry's neck. She suckled his earlobe, his neck, and his lips, smiling when pulling down at him. The feeling of his swollen balls and the attempts to hold himself back, to make it feel good to her only rose him in Isis's mind.

Harry Potter felt lighter than air. He hovered off of the bed surrounded by a divine mist. Through the mist, Isis stood and pushed herself onto him. Her perfect breasts bounced, her flat stomach hypnotically swayed with the jem stuck in navel. Her ass bounced and Harry just had to touch it.

"I bet no one has worshipped your body like I have."

The wet walls of Isis slid down onto Harry. She bottomed out on Harry's engorged cock. He filled her up and she came down onto him. Those balls slapped against him.

"You have. And I know you'll continue to worship me."

Harry ran his fingers on her body. The pleasure in the divine beauty's face were obvious. Sweat dripped down her body which Harry tasted. The sweetest nectar came those supernatural pores. Harry sucked in every inch of Isis. Her neck, collarbone, breasts, and he kissed all the way down her perfect belly-button. She shot up on his cock and brought her hips down onto him.

"No, no one has, and no one ever will again," Isis continued.

The tongue brought her pleasure, his mouth brought her pleasure. Isis thought this meeting would have a chance to have some more fun with a mortal and a powerful one at that. The meeting allowed both of them to join together and meet much more.

Isis bobbed down onto Harry. He enveloped a sweet tit into his mouth. The suction applied made her moan. The aching nipple pushed deep between her lips. Isis caressed Harry's hair. The beauty bounced up and down higher onto him.

"You're so good. You're making me cum again. Do it, make me feel like I should."
It was hard to deny a goddess an orgasm for long. Harry endeavored to do his best to stress out. Her pussy contracted around his long cock, and pushed down onto him. The two joined together at the hips with each other. Isis's orgasm washed all over her body.

Isis descended down onto Harry. He worshipped the goddess's body and spread more pleasure. Isis wanted to give him as much pleasure as return. She slid her slick walls all the way down Harry's cock.

The feeling of her sticky juices caressing Harry's long cock made him get closer to the edge. Isis bounced down onto Harry. The wetness, the moist center of her walls clamping and release Harry brought him closer to the edge. All he had to do was push himself into her center.

"Getting close," Isis told him. "It won't be that much longer, will it?"

Harry savored the moment and savored the meeting with the divine goddess. She continued to bounce on top of him. The dark skin shined with a shine of beautiful sweat. Harry caressed her dark nipples and made her breath. Some milk dripped out of them.

She had divine powers to make her body any way she liked, and Harry appreciated it. He fed off of her lactating breasts which made Isis cum once again. Her always tight center spread out and clamped down onto Harry.

"Here it comes," Isis said. "Ready or not."

Harry would never be ready to feel anything other than her milking center around his rod. He picked up the pace and buried his rod into her warm body. Isis held onto the edge, clamped down onto Harry, and released him multiple times.

"It's your turn now."

Isis encouraged him with by milking his rod. Her lovely contractions made Harry almost burst inside of her.

The goddess wore down her prize. Their bodies melded together in the age-old dance of passion which was around since before the time most started to worship her. Isis tingled with growing anticipation. It started in her loins and spread to every single last inch of her.

Twelve inches of rod buried inside of Isis's inner chambers. Harry's balls fired inside of Isis's wet body and drenched it with his seed.

The goddess met in the center with Harry and he filled her up. Every dose of cum shot into her.

The two of them pulled apart. Isis smiled and pulled Harry to his feet. She pressed Harry's body into hers and kissed him. The two of them molded into each other and made out with passion. Their tongues entangled with each other before Isis pulled away.

"Until we meet again."

The look dancing in Isis's eyes showed Harry they would meet again. And he agreed.

End.
Harry Potter always had been wanted by a government somewhere, for something he did to someone. Most of the time, what he found himself completely in the right because making life difficult for a corrupt government was not a crime, at least as far as Harry was concerned. Sometimes, okay, he needed to bend the rules, but it was for very good reason.

The handsome space fugitive found himself secured to a small prison cell on the ship which he was heading back to stand trial again. There had not been a prison facility yet to hold him. He dressed in nothing other than in a tank top and a pair of tight leather pants. Most of his weapons had been stripped from him.

Other than his most useful weapon, especially given who the bounty hunter was who picked him up. Harry gave a smile and waited for her to come down the floor.

She was extremely beautiful. Built, blonde, with blue eyes, dressed in a nice blue bodysuit which hung tightly to a generous amount of curves. The body suit fit her like a second skin, and if Harry had to guess, she didn't wear a thing up. Her breasts came to a point where they had their own magnetic pole. She was pretty tall as well, well over six feet tall.

Samus Aran looked at Harry with a smile, almost like if she had been surprised by Harry's arrival. Many failed to capture him, until she had been brought in. He had been wanted for crimes. She looked at the least and one of the crimes was deflowering the daughter of a very powerful space emperor.

"Harry Potter?"

"Samus Aran," Harry responded. "Your reputation proceeds you. I have to say, I knew I did something right when they sent someone like you after me."

"And your reputation speaks for itself as well."

Harry responded with a shrug, as if he was saying guilty as charged. He was guilty on many of the accounts.

"The line between criminal and revolutionary is very thing," Harry said. He put up his fingers to demonstrate the difference. "The truth was, I know most of the crimes I am accused of, I was in the right, even though the law said different. One of the alien governments I put into upheaval, they were deep in the middle of slave trafficking for instance."

Samus raised an eyebrow.

"Only most?"

"I'm afforded some mistakes," Harry said. "And you're a brilliant woman. A very brilliant woman, because you actually surprised me. But, I am willing to acknowledge someone is great, and offer them a reward for their brilliance."
Samus answered with a frown. "I'm pleased you think so much of me. But, if you're trying to bribe me, I'm afraid I'm going to have to decline."

The next action from Harry caught her off guard. He stepped outside of the cell. Samus locked eyes on him.

"I can escape at any time," Harry said. "But, why don't we make things more interesting?"

Samus had been caught completely off guard with Harry's exiting the cell. He looked so handsome, and the handsome ones always were among the most dangerous. Samus needed to remain on her guard if she didn't want to get in trouble. The tall blonde woman moved closer to Harry.

"I take it you haven't had much time for interpersonal relationships in the time you've been working," Harry said. "The simple pleasures in life, the ones most people take for granted."

Both of them locked eyes. Harry had not moved from his position, other than going outside of the cell. Yet, he gave quite the presence which true her off.

"More interesting?" Samus asked.

"It's very simple," Harry said. "I bed you, and if you're satisfied…..I get to leave, at least for today. If you'd like to try again, I'd welcome the return match."

Samus took a moment to open her mouth, unable to believe he made such a brazen attempt.

"And if you're not satisfied, well, then I've failed, and I deserved to be locked up," Harry responded. "But, I can assure you, all of the stories you've heard are true….and many of the tales of my conquests have yet to be told."

Harry's hands reached on either side of Samus's face. He could render her unconscious at any moment, but he didn't. The two leaned closer towards each other.

"I don't….I don't think it's a good idea," Samus said.

"Are you afraid you might like it?"

It had been a very long time since Samus had a chance to get pleasure which didn't come from her own fingers. She edged closer towards the young man in front of her. She wondered if the plunge should be taken.

The kiss was the spark needed to light the powder keg which was filling up. Harry's hands touching her body was just more fuel to the fire. Samus grabbed onto his face and kissed him. The fact she kissed this dangerous man, this wanted criminal, just lit a fire in her loins.

Harry put his hand on either side of Samus's rear end and felt her up. His theory was right, she really wasn't wearing anything underneath that suit. He guided her through the next door and they made their way to the bed chambers of the ship.

Samus realized Harry could just leave her here if he really wanted to escape. The kisses continued, and Harry groped onto her chest from the other side of the suit.

"You want more, don't you?"

The bounty hunter responded with a nod. Harry worked out the clasp of her outfit and slowly exposed her skin. Every second he exposed Samus's neck and sucked it. Harry dove deep in her
neck and started to kiss down her body.

Her breasts spilled out. Harry ignored giving them attention, at least for now. Samus's wanton eyes, and the lust which followed only inspired Harry to keep kissing down her body. He could smell how aroused she was for him.

Samus could feel more of herself exposed to Harry. A small part of her thought this should be stopped before it got way out of control. Harry's hands shut out the small, logical part of Samus's mind.

Able lips touched down on Samus's skin. He moved down to marvel at the softness, and how hot it was.

"You're so perfect, so toned….not an ounce of fat on your body….I can kiss this belly button for days….but why stop here?"

The flickering tongue brushed her navel and planted kisses down her rib cage. Harry kissed down and reached down her leg.

The bottom half of Samus's body suit slipped down and released her. Her smooth pussy and a pair of long legs which went down for days exposed. Harry kissed down Samus's right leg and made his way to her right boot. He slid it off of her foot. Her foot released and Harry leaned down and sucked on her toes, before kissing and licking the soft sole of her foot.

Samus felt pleasure shoot up when Harry worshipped her feet. It was normally an act to demean people, but Harry somehow filled it into an act where he just got more control over his prey. Her left foot was exposed, and Harry gave her more of the same pleasure.

"I wonder if you taste as good as you look and smell."

The plunge had been taken inside of her wet pussy lips. Samus held the hands down onto the back of Harry's head and guided him between her thighs. Samus shifted up a fraction of an inch and took Harry inside of her. A gasp filled her body.

The soft munching of her pussy increased. Harry took his tongue deep inside of her loins. She gripped Harry when he shoved a tongue inside of her and then pulled a tongue out of her.

The most wanted man in the universe went down on her, and Samus had been driven nuts. He was making her cum very hard. Samus put her hands on the back of Harry's head and guided him. Harry's mouth gripped down and released her inner lips with a series of kisses on her.

She exploded one more time in a flurry of pleasure. Harry released her lips from him and kissed down on him one more time. Harry climbed on top of her and smiled before starting at her lips and kissing back down her body one more time again.

The action continued again and again, with Harry using his mouth to send blasts of pleasure throughout Samus's body. He pulled away from her and gave her nipple one more kiss.

"It's time."

Harry stripped off of his clothes. Samus looked up and saw his body exposed. The muscular frame had been revealed. The final prize came out, his thick cock, primed and ready to bring her pleasure. Samus breathed heavily the closer Harry made his way towards her.

"I want it," Samus said.
The two of them kiss each other with Samus managing to turn Harry over onto the bed. She returned the favor from earlier, smothering Harry with kisses. Her thighs spread over the top of Harry's pelvic muscle as well. She wanted him to enter her.

"Here you go, it's what you've wanted."

Harry grabbed Samus's ass, and buried his prick inside of her. The gorgeous blonde put her feet firmly on the bed when she rose up and bounced up. The blond moved up and down to ride Harry's cock like a pogo stick. She moaned heavily.

The bouncing tits of the tall, built bounty hunter were a great place for Harry to grab onto. He held out and squeezed Samus's breasts. She tilted her head back and moaned. The blonde bounced up and down on Harry.

The heightened amount of pleasure spread through the body of the busty, blonde beauty. She rode Harry cowgirl style with the bounces increasing in frequency and burying more of his engorged prick inside of her body. Harry took her nipples in hand and clenched them. Her body shook underneath Harry.

The swelling prick found its way inside of Samus's untapped valley. She was very tight and very lovely. Harry caressed her legs, the very touch driving her nuts before moving up to run his fingers down her belly.

Samus leaned down and shook in pleasure. She came hard and without shame all over Harry's engorged rod. She stuffed more of the thick hunk of meat between her creamy thighs. Samus rose almost up off of the bed and rebounded down onto him.

"You're close," Harry said.

So close, Samus could feel it. She impaled down onto Harry. His able hands brought pleasure just like they did to many other women before her. She lost it, lost in in more ways than one.

Another one succumbed to Harry. Her smooth pussy descended down onto Harry. She filled herself up with as much of his rod he could get inside of her. Harry looked up in her beautiful face, plastered with pleasure. Harry leaned up and touched her nipples. A nice squeezed of those nipples made Samus's entire body rock with pleasure.

"Very close."

Samus just bobbed her head up in response. She clenched around Harry and milked him through the next orgasm. This orgasm was far more intense than anything she received before. Harry grabbed onto her breasts and then moved down to her hips to force Samus down onto Harry's crotch.

"I can ride you…all night long!"

She had been given so much pleasure. The moment his cock entered her deep as possible, she shook all over. Samus pumped down onto Harry and filled herself up with so much engorged cock.

"Yes, you can. Who does your body now belong to?"

Samus couldn't do anything other than moan in pleasure. The vacuum tight seal Harry's mouth formed around her nipple inspired severe fits of pleasure.

"Y-yours."
She couldn't believe she succumbed to him. And yet, she was glad she did. Otherwise, the pleasure would come. Harry's hands pushed against Samus's hips and drove down onto Harry's hard cock. The two of them connected with each other.

"Yes, mine, always mine."

Those hands touched her in every way. A hungry squeeze of Samus's juicy ass cheeks made her come all the way down onto him. Every inch of his cock slipped inside of her.

Harry enjoyed the feeling of the goddess on top of him. She continued to mount his cock and then pull almost all the way out of him. Harry picked himself up off of the bed and then allowed Samus to bottom out inside of him. Those walls pushed down onto his hard rod and released him.

He gripped the back of her and made sure Samus felt every moment of the next orgasm. Samus bobbed her head back and forth when rocking her hips up and down onto Harry.

The two of them joined together. Samus's orgasm triggered Harry's. The two connected together. The warmth of Samus drew him in.

"Mmm, that feels so good."

The pleasure of Harry's cum firing inside of Samus's body caused the beautiful blonde to bounce down onto Harry. She dragged his cock into her center and milked every single last drop inside of her.

The two connected with each other, with the mutually shared orgasm ending. Harry pumped the last few blasts of his load inside of her.

Samus slid off and crawled over next to Harry. She wrapped him in an embrace and kissed Harry. The two of them dripped in sweat, salvia, and cum which made the feeling much better. Harry gripped the back of her head and pushed his tongue deeper inside of Samus's mouth. She breathed heavily into him when Harry rolled her onto the bed.

Her stomach felt swollen from the sheer volume of cum splattering inside her body. Harry's able mouth continued to make her pleasure increase. Harry made sure her legs spread for him when he climbed on top of Harry. The throbbing manhood came an inch away from her.

"I'm pretty sure I have you right where I want you. But, why should we take any chances?"

Samus wasn't about ready to argue. Her tall body sprayed out on the bed with Harry slipping his way inside of her body. Samus felt Harry penetrate her body. He rose up almost out of Samus and pushed deep inside of her one more time.

Her tender pussy needed a little bit to get back into the grove of things. The more Harry pushed deep inside of her with Harry picking up the thrusts into her body.

"So, did I live up to my end of the deal?"

Samus barely remembered what the deal was, when it came back to her. She responded with a nod in response.

"If you keep making me cum like that….I'll let you leave….under one condition."

Harry smiled, always a catch, but he had feeling it was going to be for his benefit.
The bounty hunter's body sized up and had been released with more pleasure. She barely managed to hold her head up.

"Any time I want to look you up, I want you and your cock ready….I'll let you go....."

Harry smiled and leaned into her. He kissed her nipples and leaned into her.

"Firm, but fair," Harry said. "Here's an orgasm for your trouble."

Samus came undone the second Harry pushed inside of her body. Those thick balls slapped against her and Harry rode her even deeper inside of her. The fun continued for a little bit longer.

End.
Sweet Sixteen(Victoire Weasley and Fleur Delacour from Harry Potter)

Victoire Weasley, known as Tori to her close friends and family, stood in front of the full length mirror double checking to make sure her outfit was in order. The young part-Veela had been dressed to entice. Her hair had been done up in ponytails, giving her an air of devious innocence. She moved her hand to ensure the collar had been fastened to her neck. It was a magical device to prevent her allure from flaring completely out of control. For some reason, her allure had been stronger than her mother's, aunt's, or grandmother's, despite being only one-eighth of a Veela.

She wondered if these things got stronger in age. Tori took a look at her outfit, dressed to entice. She wore a mesh black halter top. The top showed off her growing cleavage and her toned tummy, with a nice sparkling green charm her navel, matching her green eyes. She shifted the fabric on her micro-mini skirt which was in order, her legs covered in fishnet stockings, coming up to a garter belt underneath her and a pair of thong panties which could be seen if her legs shifted a little bit. The skirt pushed up a little bit. Tori rose her arms up and stretched herself. Her outfit had been topped off with a pair of black leather boots. It was an outfit which she wouldn't have been allowed in the Burrow with, not that she went out of her way to go there.

Tori waited for her uncle Harry, her favorite uncle, to come here. The part-Veela smiled, she had always liked her uncle and always thought he was handsome. Over the past couple of years though, Tori's thoughts about her favorite uncle had gotten a little more devious. It was ever since she overheard a conversation from her Aunt Ginny and Aunt Gabi about how good her uncle was in bed.

Veelas had an instinctual understanding about sex at a younger age, even part-ones, and Tori's dreams became more vivid, and she had been left with her share of ruined panties and bed sheets. The young girl smiled, and thought about her uncle, who was sought at by many of her classmates despite being older enough to be their father.

'Ooh, they don't have the in like I do,' Tori thought. 'I'll have in....besides, Aunt Ginny won't mind. She practically pimps out the rest of the Harpies to him.'

A knock on her door showed Tori it was show time.

"Come in!"

The door opened, and Tori saw her uncle, looking as yummy as ever when walking towards the door. He carried a birthday present in his hand, and she smiled. The gift would be nice, but Tori saw something else she would rather unwrap.

"Uncle Harry!" Tori cried and she flung herself into his arms.

"Hey, Tori, how are you?" Harry asked.

"Fine, now you're here," Tori responded.

"Happy birthday," Harry said.

The teenage temptress smiled when seeing her uncle trying to avert his eyes away from parts of
her. Her cleavage had a magnetic pull towards it. He held out a package for him.

"Thanks," Tori said, ripping into the package. She broke into a wide smile. "Wow, this looks beautiful."

She pulled out a pendant and tried to put it around her neck. Tori struggled.

"Harry, do you think you can help me?"

Tori turned around and Harry hitched in his breath. He had to get close to his lovely niece, who had bloomed almost overnight on her sixteenth's birthday. He fastened the pendant on her, feeling the back of her soft neck, and also her hair, which was so silky and smooth in his hand.

"It's a little crooked?"

He reached and touched against her breast, accidentally, in an attempt to right the pendant. Tori's breathing increased and decreased with Harry adjusting the pendant around her neck.

"Perfect."

Tori bent over next to the mirror, and her skirt rode up slowly. Harry caught nice glimpse of her thong which rode out her ass. It caused Harry to try and look at the ceiling, but his eyes drifted down. He knew it wasn't appropriate, but he couldn't stare.

"Stop trying to pretend you're not looking, Uncle."

The temptress turned around and walked towards Harry.

"You've always been here for me," Tori said. "You were the one who helped teach me how to hold a wand properly."

Tori's finger shifted down Harry's chest and moved down. Her hand stopped when reaching down to his belt and smiled when leaning towards him.

"You taught me how to grip a ladle and make sure all of the fluids in my potion cauldron steps up right," Tori said, unlooping the bottom of Harry's pants.

"Tori, we shouldn't, your mother..."

Tori smiled and undid Harry's pants and dropped down to the ground. She saw his boxer shorts stretch and form a tent towards him.

"And you taught me how to properly mount a broomstick," Tori said.

She was very pleased with his long and throbbing cock out for her. Tori leaned closer towards Harry's hard cock which stretched against his manhood. The blonde looked up, her gorgeous green eyes locked onto Harry. She leaned in and kissed the tip of his cock, before slipping an inch of it into her mouth. She gagged on it.

"It's so big," Tori said.

"That's what they all say," Harry said. "I would think you would be more up for it, Princess."

Tori smiled at her pet name from when she was a child, and was more determined than ever to inhale Harry's cock into her mouth. She went in a little too far, and accidentally headbutted Harry in the midsection. Harry steadied back, and chuckled.
Eventually though, Tori managed to get some of her mouth around Harry's cock. She sucked on him, but only half was in before she could be choking.

"VICTOIRE GINERVA WEASLEY! WHAT DO YOU THINK YOU'RE DOING?"

Tori looked like a deer in the headlights. She pulled her mouth away from Harry's caught. She saw Fleur standing in the doorway. She dressed in a black robe which added to her curvy bottom. The front of the robe almost came undone to see Fleur's breasts.

"Mum….I can…"

Fleur looked at her daughter and shook her head. She pointed towards the bed and Tori walked over to sit down at the bed.

"That's not how you suck a real man's cock."

Tori's eyes widened when watching her mother get down on her knees and suck Harry's hard. Harry leaned down and pushed his cock deep inside of Fleur's mouth. He pulled almost out of her and shoved deep inside of Fleur's mouth.

"Oh, you're as good as always," Harry groaned.

The younger Veela's eyes widened when hearing this and also seeing her mother go down on Harry with practiced ease. The two of them did this before, she received. Harry reached down and grabbed the back of Fleur's head. He pushed deep inside of Fleur's gripping mouth. His cock shoved into the back of her throat with a few more pumps.

Fleur moaned, and gave Harry's cock a full service job. She figured Harry was tied up for a reason, even though she was horny and ready for him. She grabbed Harry's balls and squeezed them.

This little arrangement started over sixteen years ago, shortly after the battle of Hogwarts. Fleur and Ginny had gotten together over drinks, to celebrate the battle, and Fleur confound in her sister-in-law that Bill wasn't performing well in the bedroom as a part-Veela required. Ginny, taking pity on Fleur, dragged her into bed, with Harry, where Ginny watched Harry fuck Fleur's brains out.

Bill knew what was going on, but couldn't say anything, because he would upset Ginny, and Ginny had her oldest brother wrapped tightly around her finger. He didn't come home for months at a time though, even though he had still been legally married to Fleur. They kept up appearances during holidays and birthdays, even though Fleur rather would spend the least amount of time in the Burrow as possible.

The MILF pulled her way and beckoned for Tori to come over towards her.

The stern look on her mother's face caused made Tori shudder. She went down on her knees and took Harry's cock into her mouth, this time with a little bit more ease.

"Better, much better," Fleur said. "My slut of a daughter is sucking your cock well, isn't she?"

Harry closed his eyes and nodded.

"She gets it from her mother."

Fleur smiled and slowly pulled off her robes. She dressed in some very skimpy black lingerie which only just barely covered what needed to be covered. The fabric covering her crotch, ass, and nipples were the quality of dental floss. She smiled and kissed Harry on the side of the neck, before
she worshipped Harry's body with multiple kisses.

"You can learn to do this later."

The warmth of Fleur's mouth gripped Harry's balls and sucked them. Harry reached behind Fleur's head and pushed his throbbing ball into Fleur's waiting mouth. She sucked the ball into her mouth, hungrily working over the testicle with his mouth.

The tag-teaming of mother and daughter working over his lower region made Harry smile. He leaned further towards both of them. Tori gained a faster speed around her uncle's cock and inhaled it.

"I'm going to cum, Tori, here's your real birthday surprise."

Tori sucked him faster, as fast as she could. Her throat opened wider to accept his cock and she braced herself. Tori bounced her mouth around Harry's hard cock and drew them deeper into her. She gave Harry's cock a similar full service job, swirling her tongue around it, before stuffing it back into her mouth.

The warm rush of cum fired into the back of Tori's throat. She leaned back and took the juices firing into the back of her mouth. The cock slipped from between her lips and Harry splashed a few more spurts down her face, and neck.

"Messy girl."

Fleur pulled Tori up by the head and shoved her tongue inside her daughter's mouth with a forceful kiss. She guided Tori over to the bed, and started to lick her.

Harry moved closer towards them. He grabbed ahold of Fleur's lingerie and ripped the crotch, exposing her pussy. His strong hands reached between her legs and pushed his face between them, sucking down the delicious juices from the Veela MILF.

"Oh, this is so hot!" Tori moaned at the top of her lungs.

Fleur pulled down Tori's panties and exposed her dripping pussy. She smiled when taking notice of Tori shaving her pubic hair in the symbol of Harry's lightning bolt smile.

"As are you, sweetie," Fleur said. "I've heard you every night, screaming about Harry, wanting his cock….but I wonder if such a tight little pussy can take such a big cock inside of it."

The warm lips pushed deep onto Tori's lips and Fleur slowly shifted it.

"Why don't I get you nice and wet, while your uncle fucks me from behind?" Fleur asked.

Tori thought she had a smashing good idea. She fantasized about as much of her beautiful mother as she did with her sexy uncle. Her thighs parted and Fleur made out with her nether lips. The girl lifted off of the bed.

The two older lovers moved from behind. Harry always thought it was a treat to drive his cock inside of Fleur's tight center. Her pussy wrapped around Harry and milked him deep inside of her.

The feeling of Fleur's tight pussy wrapped around him only made Harry to push inside of her. He enjoyed how her soft center sheathed him. She was always ready to

"I like your sweet pussy, I can fuck it all day long, and all night," Harry said. "And I know you
would like it if I do, but you can't wait for me to fuck this sweet little piece of teenage pussy. The one you're heating out now."

He buried inside of Fleur's womanhood. Fleur clenched and released him with a couple more hard pumps inside of her body. Harry squeezed her.

Underneath, the youngest of the three lovers couldn't really see what happened. She guessed by how Fleur's moans were going, she was enjoying the sensation of Harry burying his big cock. It was much bigger in real life than it was in all of Tori's twisted little fantasies.

Harry pushed deeper inside of Fleur's tight body. Her body responded to every one of Harry's actions. Fleur breathed in pleasure with Harry shoving his cock inside of her body. Harry pulled almost all the way out and shoved his cock deeper inside of her body.

The part-Veela underneath Harry succumbed to the pleasures only an Incubus like Harry could bring. Once the Horcrux had been removed, he came into his full heritage, and various women, both magical and non-magical, celebrated the day. Many wizards rued the day Harry Potter gained his full heritage, but he was so powerful, they would not dare to up against him.

The length pushed deep inside of Fleur's tight cavern. Those balls slapped against her tight pussy. Harry grabbed her ass and pumped deep inside of her body. Harry pulled almost out of her and slammed deep inside of her. Her wet body clamped around him.

"Go ahead, cum for me, think about how good it's going to feel for little Tori, my little princess, when I pound her tight little pussy."

Those hands held hard with Harry pulling almost out of her and slammed inside of her. Her round ass pushed out in front of Harry's face. The deliciously mature curves of the MILF caused Harry to keep pounding inside of her. Harry almost pulled all the way out of her and pushed deep inside of her body. He bottomed his cock out inside of Fleur with another solid thrust.

"Yes, oh, Uncle Harry, make that bitch cum, and then fill your precious little princess with your big cock!" Tori breathed.

The burning seed injected inside Fleur's body. Harry held onto the side of Fleur's hips and drew the energy from her before feeding it back. The feedback loop resulted in one of the greatest orgasms she ever received in her life. Harry held onto her and buried his rod into her womanhood.

A few pumps concluded Harry's trip into Fleur's center. He pulled away from her, and walked Fleur roll over. Tori crawled over onto the bed, and crawled on top of Harry's lap.

"Oh, is this my other birthday present?"

The teenager's silky fingers wrapped around Harry. She pushed her fingers up against Harry's hard cock. She decided to turn around on his lap and lean down to take a taste of the combined juices of her mother and Harry. She licked her lips and smiled.

"Not bad, but I bet we taste better together, don't we?"

Her dripping hot slit pushed against him. Harry glued his eye upon one of Tori's nipples which pushed out of the flesh top. The blonde licked her lips and pulled her shirt over her head. Her breasts bounced out for Harry to touch them, to take them, to do whatever he wanted to.

"Play with my boobies, please," Tori said. "Make them feel real good."
Harry took one of Tori's soft breasts in his hand. They were smaller than Fleur's, and Gabi's, but they fit her lithe frame perfectly. He squeezed them and smiled. Those nipples stuck for him, for Harry to suck.

"Yeah!" Tori yelled. "Right there, suck my perfect, firm, teenage titties!"

She switched to French, essentially telling Harry she was going to ride him like she rode a broomstick. The sexy purr in Harry’s eyes from his beautiful niece.

"Does my slutty niece want Harry's big cock?" Harry asked.

"Oh, yes," Tori breathed.

Harry smiled, he wondered if Tori knew how close they were. He took the choker device off of the beautiful blonde beauty's neck. He smiled and kissed the side of her neck.

"I can't….keep it at bay….if you…..drive me wild."

"Don't worry, Princess, I trust you."

Tori pushed her hips down onto Harry's throbbing cock. She mounted the broomstick, using the proper techniques, and was ready to ride. She slid her hot hips down to the base of Harry's cock and squeezed him, Tori rose almost all the way up and pushed down onto him. The base of her pussy slid down on Harry's cock.

Breasts bounced into Harry's face. He took them, and waited for Tori to go wild on him. The delicious combination of a Veela and a Succubus was about ready to meet Harry. There were very few men who could survive, much last a few seconds. This was the reason why Tori wore an inhibitor collar, at least until she could properly control her powers, which would happen upon her third maturity at age eighteen.

Those legs, Harry could not get enough of those legs. Lovely caressed by fishnet stockings, Harry needed to grab them, caress them, please the legs of his devious little niece. Said niece looked pretty naughty when rising up and driving herself down on Harry's hard cock.

Tori whimpered when Harry's strong hands caressed her. Her wet pussy had been encased by Harry's hard cock. Those balls pushed deep against her dripping hot pussy. Harry leaned towards her and kissed the side of Tori's neck, making her feel really good. Harry pushed his cock deep inside of her wet pussy.

The two of them joined together. Harry enjoyed the caressing feeling of Tori's dripping wet pussy tightening around him and releasing him. Harry grabbed Tori's ass and squeezed it.

"Go ahead, Princess, cum for me."

A pair of black transparent wings retracted from Tori's back and wrapped around Harry. Her pussy rose and fell onto him. She drove herself onto him, making the area around her thighs raw. Harry gripped a spot on the small her back, breathing.

Tori could feel herself, unleashed for the first time. The best cock she could ever have drove inside of Tori's gripping pussy.

"Mmm, I wonder how this can make this better," Tori said. "Actually, I know…what can make this better."
Delicious fingernails ran down Harry's back. Tori leaned back to allow Harry's face bury between her chest, and lick her. He sucked her nipples.

"It would be better, if you really were my father…secretly….and you were fucking me," Tori breathed.

Harry just smiled when looking up at her. Her breasts swelled up, and Harry took some of the lactating milk from her. Witches with Veela blood in them lactated when they were particularly aroused. Never mind those who had another part of Fae blood.

"And what if I was?"

The part-Veela breathed. She caught sight of her mother rubbing her pussy lips raw. The feeling of the combined allure in the room pretty much put Fleur in a constant state of arousal.

'If I knew I could do that sooner…'

She returned sight to Harry. His hands were paying attention to her legs, and ass, and drinking her warm milk from her lactating nipples.

Harry smiled.

"Join me, Victoire," Harry said. "I am your father!"

The girl giggled.

"Oh, yes, Daddy, fuck me, fuck me harder! Shove your big cock inside my body, and make me cum all over it. Shoot your cum into me, it will make me a happy girl."

Harry wondered if Tori was just going along with this for the arousal factor, if she believed it was the truth, or at least suspected. Regardless, the woman's wet pussy wrapped around him. She oozed all over his cock. Her juices dripping around his cock hardened and extended his cock. He pushed up into the riding Veela and drank some more of her delicious Veela milk.

"DADDY!" Tori giggled.

"Yes, Princess," Harry said.

"Make me cum again."

Tori pushed her wet walls down onto Harry's throbbing hard cock. Her thighs squeezed Harry and released a clear amount of cum on her. She squeezed around Harry's hard cock.

"You're so good, honey, I'm going to make you cum so much. And then I'm going to pin you down later, and fuck your brains out."

The hybrid bounced up and down on Harry's hard body. He drank from her swelling breasts some more which only increased Tori's arousal.

Tori closed her eyes, and a slippery black tentacle conjured out of mid-air. She moved the tentacle around and pushed them through Fleur's dripping thighs.

Fleur could not believe her own daughter was molesting her with a tentacle. Two more tentacles wrapped around Fleur's nipples and squeezed them.

"Bad, girl, treating your mother like that!"
The bouncing increased on Harry's hard cock. He spanked her ass when she rode him. Tori smiled, feeling Harry's finger deep inside of her asshole. She leaned closer towards him.

"She's enjoying it, isn't she?"

No one could deny that. Harry rammed his cock inside his niece/daughter's pussy. Tori rode her hips down onto him, tapping into her full allure, and making her body shake. She made Harry's cock swell, swell.

"I want your cum," Tori said. "Will you fill my body up with your cum? You wouldn't want to disappoint your little girl on your birthday, would you, Daddy?"

She said the last word very sexyly. Harry held onto Tori's hips and pumped into her when riding her. Harry's balls slid all the way inside of her body. Tori's dropped down onto Harry.

"Here it comes, but, you should go first, Princess. It is your birthday."

Fleur collapsed in the bed, covered in cum and other slimy tentacle juices. She had a goofy grin on her face.

The truth was Tori needed to concentrate on milking Harry's balls. She wanted to rock down on Harry's hard cock and pushed down onto him.

Harry flooded Tori with his cum. She bounced up and down on him, to milk every last blast of cum. She fed off of him, and he fed off of her. Both of them had an amazing orgasm combined between the two of them. Her walls released him.

Filling his daughter's tight little pussy with his hard cock made him excited, and just made him stronger than ever. Harry pulled away from her, and Tori slipped back onto the bed.

"I'm still wet," Tori said, biting down on her lips. "And conscious."

Harry chuckled.

"Better be careful what you wish for."

Tori spread her thighs ready to receive one more time. She could see her mother stirring a little bit more. Harry plunged into her and started to fuck Tori into the bed.

Fleur masturbated herself raw to Harry shoving his cock into Tori's dripping cunt. Soon, Fleur would have her chance.

End.

Chapters 116 through 120 Girls: http://webofchaos.blogspot.com/2017/02/breeding-grounds-chapters-116-through.html
Encounters(Gwen Tennyson)

Encounters(Gwen Tennyson from Ben Ten)

Gwen Tennyson new from the instant she dropped down onto the jagged rocks in front of her, she was in some brand new world. She didn't know where she was, per say, all she knew was she dropped down in this particular world. The redhead heroine stood with a black and red bodysuit snugly fitting her teenage curves. A tingle spread through her body, and sensed there was something powerful nearby. She just had to stay on her regard, and not get in trouble. Gwen's heart raced faster the more she looked around. Her thumping heart increased.

"Hello?"

A bright light beckoned Gwen to come forward. She stepped towards the light, wondering if this was some kind of new alien threat, or something else entirely. Gwen braced herself for battle when going towards him.

"You're a long way from home, aren't you?"

Gwen's eyes snapped in the direction of the figure who watched her with careful eyes. She stepped towards the young man. Gwen stopped, with her heart going all a flutter when looking into the distance. The young man standing in the shadows flashed a pair of green eyes. Those green eyes stopped every single woman who they had locked onto. Gwen tugged on the collar and stepped closer, frowning.

"I could say the same about you."

The redhead stepped inside and saw him. Tall, handsome, but there was a part of him who looked very dangerous, and Gwen had to keep her eyes on him. He locked onto the green eyes of the young woman next to him. Gwen took half of a step towards him. A part of her fight or flight instincts engaged, but something else struck in her. A biological need spread over Gwen's body to see what he was truly about.

"You're a very long way from home," Gwen responded.

The devious young man stepped closer towards Gwen and stared down at her. The redhead's spine had shivers blow down on it. The gorgeous, but at the same time, very dangerous man.

"We've established that," he said. "My name is Harry Potter…and you are….."

"Gwen Tennyson," she responded. "No offense meant, but are you….well….are you….."

Harry held his hand up to prevent Gwen from speaking. Gwen's mouth dried up in surprised when looking back at the Harry in front of her.

"Am I an alien?" Harry asked. "Yes, I am, and it's a very long story. But, I would have rather get acquainted with you. It's been a very long time since a beauty like you has come into my domain."

A part of Gwen fought her desire, even though she locked eyes onto Harry in front of her. The girl's arms swayed when approaching Harry. She wondered what the harm was kissing him?"
"It's up to you," Harry said. "If you're not in the mood for a kiss, I'll just send you on your way, and we'll part friends."

Gwen knew she was going to have to stick around. There was a very curious part of herself who had to stick around. She didn't walk away from Harry. No, on the contrary, she closed the distance, walked towards him, and kissed him on the lips with more passion than anyone else had ever done in her life.

Harry held the back of the head of the teenage temptress and slowly rolled his hands down her body. The cupping of her lower back, and then her ass made Gwen purr in delight. Harry shifted a little bit of his tongue deep inside of Gwen's warm mouth.

She had been released from Harry. Gwen didn't really know what to do. Instinct overrode all logic though. She undid the top of her shirt and pulled it down to reveal her breasts for Harry, encased in a green bra. Harry smiled and ran down the side of her neck, tracing patterns.

The heroine wasn't sure where the bed appeared. Only she had been guided to it by Harry, and he kept kissing her. Those able lips pushed on Gwen's mouth and pushed a small amount of his tongue into her mouth. Gwen accepted the tongue, and then Harry pulled away from her.

The next play regarded where Harry's hands were heading. He spread Gwen's thighs and stroked it between her legs. The gorgeous redhead received a pleasurable encounter with Harry's able fingers. He pushed one of them into her.

"You want more than my finger, don't you?"

Gwen responded with a nod in pure eagerness. She wanted more of his finger. Harry stripped her to bra and panties and slowly explored her body. This mysterious angel, or whatever he was, made Gwen's body light up with pleasure. She received so much pleasure, Gwen was almost sure.

"Yes, I want more than your finger," Gwen moaned.

Harry teased the edge of her puckered hole and chowed down on Gwen's womanhood. The captive smiled, enjoying the taste of the woman who had been drawn here. It wasn't like she wasn't going to get something out of the deal as well. Those hips pressed up and moved closer towards Harry's mouth.

The redhead vixen squirming underneath Harry received a good tongue lashing. She didn't know what to say, other than his tongue felt beyond good. It struck her in those places where she had been driven completely wild. Gwen shifted her hips up and received more of Harry's tongue.

"You're making me cum, so hard!" Gwen breathed.

The feeling of Gwen's thighs clamping around Harry's head and trapping him there, always encouraged Harry to go down on her. He tasted Gwen and brought her to a pleasurable moan. Gwen shifted her thighs up and received a better tongue lashing. Harry buried his tongue inside of Gwen and released it with a few pushes.

No matter how much Gwen enjoyed having Harry eat her out, she wanted more. The emerald-green warrior pulled away from her. Her energy flared up with one look in his eyes and then the kiss deepened Gwen's desires. He spread her lips apart.

Gwen touched the back of Harry's head and tasted the aftermath of her juices. The taste made herself excited. The excitement only increased anymore because of one constant reason. She felt the need of Harry and his cock, wanting it buried inside of her.
'I need your cock, badly.'

That throbbing cock stretched out the other side of Harry's pants and threatened to be shoved inside of her. Gwen looked up, mewling.

"Do it," Gwen breathed. "Fuck me, fuck my lights out!"

Harry aimed himself up next to her. The bed appearing was soft, inviting, and no one could resist it. And no man could resist dominating those smooth alien thighs next again him. The part Anodite shifted up off of the bed. Harry pushed deep inside of her and received the reward of Gwen's delightful scream. She tightened around Harry and released him with a steady series of thrusts.

Every time she squeezed and released Harry, he could feel her about ready to lose even more. Harry just picked up the pace, going steadier inside of her. He slammed his rod inside of her.

"You're losing it, aren't you?" Harry asked her. "Just a little bit more, and I'll have you."

Her breasts had been brought out to greater prominence, out to play. Harry cupped one of the round orbs and released them. Gwen's screaming increased. Harry brought his cock into her and shoved his hard rod inside of her tight body. Gwen increased the depths he entered her.

"What do you mean?"

"You'll be addicted to me."

Gwen thought it might have been a bit too late to be addicted to Harry. The addition grew every time the handsome brunette pushed his manhood into her. She tried to figure out what kind of alien he was, something which could pose as a human or looked like a human enough.

She didn't care, just as long as Harry pushed his rod inside of her. He buried into her and nudged her into cumming.

Boy did she ever come as well. Harry kissed her on the side of the neck, the face, and took her delightfully perky nipples into his mouth. Gwen's constant screams for more made him drive deep inside of her. The cock pushing against her went center was close. Harry pushed closer into her, and teased her center.

Gwen's eyes faded over. Her breathing increased. Harry leaned towards Gwen. The throbbing hard cock pushed against the edge her pussy juices. Harry pushed closer towards her, but pulled away from her.

"Tell me what you want?"

The gorgeous redhead could feel Harry's talented hands running down her body. She tingled with Harry pushed against her edge. He didn't take the plunge just yet.

The alien heroine's nails raked against Harry's back and she grabbed onto his lower back. Twelve inches of stiff hard cock was seconds away from entering her body. Harry almost pulled out of her and then shoved himself into her part of the way, before pushing into her.

He teased the redhead underneath her with a few pleasurable thrusts. Gwen reached up and took Harry deep inside of her.

"Please, fuck me!"
Harry danced on the edge of her. Her wet slit beckoned Harry inside. He pulled all the way out of her and straddled Gwen's hips. He grinded against her, the long throbbing cock scraping against her flat tummy. Gwen looked up, begging him.

"Well, since you asked so nicely."

The twelve inches lined up inside of Gwen and flipped her body. He enjoyed how much she wrapped tightly around his throbbing hard cock. Harry pushed almost all the way out of her and then pushed into her. He doubled the actions and delved into her. He slowly worked her up towards an amazing orgasm. Gwen put her hands on Harry's lower back and encouraged him.

She had been filled so deep with the throbbing hard cock. Gwen tightened a grip around him and moaned in his ear. The encouragement coming from her ears only just prompted Harry to shove himself into her. He pulled almost up out of her and drilled inside of her. Those balls slapped against her.

"I'm so close."

Gwen shivered at the sensation of Harry burying inside of her body. Every time he pushed into her, Harry delved in brand new different ways. Harry also added to the pleasure when kissing Gwen on the side of the mouth, kissed her nipples, and sucked him. Harry picked up the pleasure with a huge cock thrust inside of her.

He pounded her and dragged her out to the edge. Gwen held onto him and took more of Harry's hard cock inside of her body.

"You're really losing yourself. Good, I'm glad. Don't worry, just let it go….me and my partner, we're both pleased with how you're feeling."

Gwen just barely held her head up. The partner statement threw her off guard. She didn't really have a chance to ask about Harry. Instead, she received Harry's hard cock inside of her. He pushed deep inside of Gwen and pushed inside of her.

"Don't worry about it, just cum."

The feeling spread through her body. Every single inch of his hard cock buried inside of Gwen. She pumped him inside of her. Harry held onto Gwen and rocked her tight vice.

"I'm cumming," Gwen mewed.

Harry nibbled down on the area between her shoulder and neck. He noticed how much of a hot spot this was for Gwen. He pushed deep inside of Gwen and buried inside of her.

"Good, one more time."

One more time, hell more than one more times. Harry melded down onto the feisty redhead beneath him. The slapping of balls against her entrance made her feel really good. Gwen pushed her legs against the back of Harry's back and shoved him deep inside of her.

"How many more times can you last?"

Gwen hoped a lot. She grabbed onto Harry and received a pleasurable rush of energy through her loins. Harry picked up the pace and slammed inside of her.

"As many as you want!" Gwen yelled.
Harry picked up the pace. He could see the beautiful woman underneath squirm and accept more of his cock. Harry rose up and drove himself into her. He took the challenge of fucking her into a stupor, knowing she would feel the pleasure cascading over her.

"Hmm, sounds like a challenge."

Gwen smiled and leaned closer towards Harry. It didn't just sound like a challenge, no, it sounded like a promise. He filled Gwen deeper with more of those thick thrusts.

"Well, let's see how good I can really make you feel."

The redhead goddess squirmed and released her juices around throbbing cock. It only took Gwen a few minutes to realize he did not cum inside of her yet. It made her feel really good, and anticipate in her.

"Turn over. I want to see all of you."

Gwen flipped over the moment Harry's cock left her. The redhead slumped down on the bed, her thighs spread apart. She knew Harry would be inside of her. Now, his fingers pleasured her.

"Do you think you can handle me from behind, big boy?" Gwen asked.

"Don't worry," Harry said. "I can handle this tight little pussy, all day and all night long."

He didn't go for her pussy yet. His fingers touched Gwen's puckered hole and teased her. The redhead's moaning increased with Harry rubbing between her thighs.

'Soon enough, my alien beauty.'

Harry knew he would have another one underneath him. Gwen's thighs spread and Harry came closer towards her, about ready to make her accept his cock. The manhood slapped her slit, teased Gwen, and then pushed inside of her. The warmth sucked Harry inside and made him feel so good.

"You were as good as I thought you would."

The tingling coming from being praised by such a god made Gwen go extremely excited. He pushed deep inside of her wet center, and buried his balls against her wet womanhood. He was getting close, closer to the edge. Harry picked up the pace and shoved himself deep inside of Gwen from behind.

"You're ready, aren't you?"

Gwen's warm center clamped around Harry every second he pushed inside of her. He leaned closer into her body and buried himself inside of her body.

"Yes, I'm ready," Gwen breathed. "Please, give it to me."

The tempo picked up with Harry's rod slamming into her. He buried more of his rod inside of Gwen's wet pussy. She held onto the bed and energy encircled her. This tactic only made Harry bury himself deep inside of her. His rod pounded its way inside of Gwen from behind.

"So close."

Gwen scratched up the very soft bed. The skilled lover from behind her pushed his rod deep inside of her to fill Gwen up in new and different ways. Harry picked up the pace with a series of thrusts inside her body."
"Again."

The tension released from Gwen and exploded into a warm flood. Harry picked up the pace and buried himself into her body. Every time he pushed inside of her, Gwen clamped her fingers around the bed. She received Harry from behind with those balls slapping against her body. Every time those cum-filled balls taunted her, Gwen reached further and further to her peak.

"Get ready."

Harry forcefully pushed his way inside of Gwen. He released her orgasm in a cascading way and the pleasure heightened inside of her body. He could feel her dripping wet pussy caress his cock. Harry pushed into her as deep as she could.

The beautiful woman underneath him stretched out in every way she could imagined and then even more. Harry's talented fingers danced down her bodies and heightened even more pleasure inside of her.

"You're mine now."

Gwen nodded in response. Harry gained his leverage and slammed back inside of Gwen's body.

"Yes, you're mine, and I'm going to make you cum harder than you ever came hard before. I hope you're ready. Because, if you're not....."

The words trailed off and one of the best orgasms followed. Harry rode out Gwen's orgasm and buried his rod inside of her with multiple thrusts inside of her body. Harry picked up the pace and buried his rod deep inside of her body.

Gwen collapsed on the bed. Harry rode out the orgasm all the way to the end. Those balls slapped against her and finally, after what seemed like a long wait, he injected the warm seed inside of Gwen. The bursting of cum filled her center, and Harry pulled out before. Then he slammed into her one more time.

The orgasm finished and Gwen collapsed on the bed.

"I hope this isn't a one-thing thing," Gwen responded.

Her sensitive pussy needed to be stroked. Those fingers touched against Gwen's lips and he leaned closer towards the sexy redhead heroine on the bed.

"Depends, do you want any more?"

The teasing of her showed Gwen she wanted even more, and would take it. Harry left her wanting more, but it was an unspoken agreement he would return home.

And when he returned home, Gwen would be fucked within half of an inch of her life. She already throbbed in excitement.

It was time for Gwen to go home though.

'At least he'll fuel my dreams.'

She figured though with a person like Harry, the line between dreams and reality was very fine.
End.
Princess Diana of Themyscira found herself trapped in a very compromising position. Whoever had her in position, was able to tie her down in such a way where an Amazon could not even break out. She made her way into the facility, after she received a vision from Hera which told her there was a dangerous weapon which could bring about the world, both the paradise of the Amazons and men alike.

Times where she had been left captive made Diana question the vision. She would find out what these people were all about. If they were good or even.

The raven-haired princess crossed her fingers and prayed to Hera they were reasonable. She had been in a vulnerable position, stripped of her Amazon Armor, and dressed in nothing, but a black sports bra and a tight pair of black spandex shorts which she wore underneath her guard. Her legs had been spread on the table, an unfortunate omen.

If this was HIVE or AIM or HYDRA or any of the other groups Diana encountered in the past, she would be beyond screwed. The door opened, and a woman dressed in a tight black bodysuit stepped into the room. She had her hair tied up in a ponytail to see her face, with green eyes cold. Diana recognized her, as the formidable Black Widow, one of the most dangerous spies in the world. No one knew what side she was on.

"Princess, I do apologize for the accommodations," The Black Widow said.

"You're the Black Widow," Diana said.

"And yes, you are the Wonder Woman," The Black Widow said. "We need to decide whether or not you've been compromised. Breaking into a top of the line government facility is out of character for someone who champions peace. You could cause a war between your nation and the United States for starter, and their allies. This could be the beginning of World War III."

Diana flushed, it wasn't her intention to be perfectly honest to start another world war. She just wanted a weapon, whatever the weapon was. The ropes bound her. The woman in front of her held another rope, and it was her lasso, the one gifted to her by her mother on Ascension Day, along with her armor and sword.

"Hera told me there was a dangerous doomsday weapon here, which could kill thousands of people."

"Not that I'm aware," The Black Widow said. "SHEILD uses this facility for strictly research. But, I can't confirm this to you without knowing whether or not you had been compromised."

Diana looked very offended about the thought she could have been compromised. She rode up in fear, and in frustration. Could she have been compromised? Anything was very possible and there were a couple of thoughts which had brought fear in her mind.

"This is your Lasso of Truth," The Black Widow said. "It can make a person tell the truth, and it
can also make a person who has been mentally compromised be broken from their enchantment."

Diana tried to sit up in fear, but Black Widow put a hand on the woman's head.

"Don't bother saying anything, I know this to be true, I've done my research."

The lasso looped around Diana. She could feel the feeling.

"There's something wrong, there's….something wrong," Diana said.

She shouldn't feel this bad because of her own lasso. Diana shook with chills coming down her spines. Something tried to enter her mind and tell her to break loose. The pain of the horrific truth hit her hard.

"I'm going to need to call in an expert, good thing he's waiting right outside of the door."

Diana fought the pain, just in time to see a handsome young man step into the room. Black hair, green eyes, a built body, dressed in a tank top and tight black pants. She almost forget the horrific thought of the truth stabbing into her body like a knife scraping against a cutting board.

"Natasha."

"Harry," Natasha said. "I've had her secured, and used her Lasso of Truth. She realizes something is wrong, but I can't figure out what. Do you think you can use your abilities to calm her down and determine the truth?"

"Yes, I can," Harry responded.

He touched either side of Diana's head and pushed his thoughts into her mind. Calming thoughts, to make her mind more docile, and less frantic, less crazed. The Amazon's breathing increased. The thoughts also amplified attraction if it was there, but it was secondary.

Harry saw the meeting with Hera and Diana in the pavilion, but something was very wrong with Hera. Something about her eyes. Harry zeroed in on the meeting.

"Loki," Harry said. "Of course."

"So, are you telling me Loki is getting in touch with his feminine side again?" Natasha asked. "How did he pose as Hera without the Gods of Olympus knowing about it?"

"He must have sent a distraction," Harry remarked.

"Spell, slave spell, have to do what he says," Diana muttered. "Need to break, need to break……need to break."

Harry Potter knew what he had to take drastic action. The question of what Loki was after would have to wait. Diana's mind was distracted and she was fighting some powerful, compelling magic. Likely, normally, she wouldn't have gone in here without any problem, Hera or not.

The Amazon had been released, and she threw her arms around Harry's neck.

"You have to help me," she muttered.

"Don't worry, I will."

Harry pulled Diana into an embrace and kissed her with heated passion. It paled in comparison to
the kiss the amazon returned, showing Harry a lot of fire and vigor. The Princess of the Amazons showed she was as skilled as a lover as she was a fighter by ripping Harry's shirt off and attacking him with kisses.

Every inch of his body had been covered, and Diana rubbed his chest and abs, smiling at how toned they were.

Natasha reached behind Harry and undid his pants, before pulling it down before Diana could shred those two. She moved down, praising Harry for going to commando. It allowed them to get to sex easily without another barrier. The throbbing cock was the prize.

Diana looked down at Harry's tool. Her desire increased.

The devious Russian spy could not help, but tease the Amazon Princess. "What's the matter, Princess? Have you never seen a real cock in your life?"

"It's so big," Diana said. "Are they all so big?"

"Harry's is an anomaly," Natasha said. "Why don't I show you?"

Natasha slowly unzipped her suit and her large breasts spilled out. The very firm and very big mountains of flesh wrapped around Harry's throbbing hard manhood. The young man in front of her looked up and Natasha quickly drew the cock meat in between her tits.

"It's so good," Harry said. "It feels good to have my cock mashed between your big breasts, Nat."

"And it feels good to feel your cock in between my breasts."

Natasha started to use her large breasts to feel Harry's throbbing cock and make it nice and hard. She smiled and pulled away from her prize."

"I don't think she's going to last much longer," Natasha said. "And I've found, a nice rough face fucking is the best way to reverse the power of brain washing."

Harry smiled. "You would know, wouldn't you?"

He vibrated and a second Harry appeared in front of Natasha. She crawled in front of the duplicate, while the prime model of Harry looked at her.

"Just do as I do," Natasha responded. "And you're going to need a properly demonstration to make sure you take it all. And don't worry, you will take all, with the grace of loyalty."

The Black Widow's able hands rubbed the duplicate's hard throbbing cock. Natasha leaned in and kissed Harry on the tip of his head. She swirled a tongue around Harry's manhood, drew a little bit of the meat in his mouth, and sucked on it hard.

Diana crawled over to Harry and took the daunting task of taking his cock into her mouth. She decided it would be in poor taste to use Hera's name in vein, after getting tricked using Hera's face. She shook her head, and didn't focus on what happened. Rather she put her full and undivided attention to Harry's cock.

"Oh, she's a natural."

The Amazon decided to take these words as the compliment they were. She pushed her mouth down on Harry's throbbing hard rod and copied Natasha's motions when sucking them. She was
such a quick study Diana managed to pick up and match Natasha's feverish pace. She wrapped those fingers around Harry's lower back and deep throated while Harry put his hands on the back of Diana's head and kept guiding his hard cock into her warm, wet, and hungry mouth.

"Mmm, mmm," Diana moaned at the top of her lungs.

Natasha took the cock of the duplicate, seeing if Diana could match her feverish pace. Her hand gripped Harry's swinging balls and grabbed them.

Harry held onto the pace and drilled his cock into the warm mouth of the Amazon Princess. He could feel too warmed and very skilled mouths.

He couldn't help, but Natasha had corrupted another woman. Just like she sent all of the new female recruits down to Harry for "orientation", she took advantage of the situation to add another notch to Harry's bedpost. And quite a notch it was. His balls slapped Diana on the chin.

"Do you feel how full they are for you?" Natasha asked, pulling away and just jerking off the second Harry lightly now Diana got the hint.

She didn't want the duplicate to expire. They left a hell of a mess behind when they did. Plus, she still needed it for two more acts.

Plus, it would make her crave him even more.

"I'm sure he's going to fill your throat with his cum, but don't pull away," Natasha said. "The restorative properties of Harry's semen are important to breaking Loki's mind control."

The Amazon looked up to see Harry thrust into her mouth. She performed a tight vacuum seal around his mouth and reached down to squeeze his balls. She weighed them in her hand, and pleased with the amount of cum stored in them continued to push deep into her throat.

She was getting very close, so close she could feel it. Those balls were close to spilling down her throat.

"Mmm!"

"Oh, you haven't truly tasted him yet," Natasha said. She brushed a stray strand of hair from Diana's face, so it did not get in the way. "But, don't worry, you will soon."

"Yes, she will," Harry said. "Try and get it all, Princess."

Harry shoved his cock deep inside of Diana's waiting mouth and spilled the cum down her throat. The blasts of seed spilling into Diana's waiting mouth made her only want to drink more. She provided a tight squeeze around Harry's balls to coax the cum down her throat.

"Damn, she picks it up quick," Harry said. "I think we might have to recruit her for SHIELD."

"Well, she wouldn't be the first person who tried to break in that we recruited."

"You for starters, Daisy, Beatriz, Helena, …"

Harry trailed off, finished cumming and Diana fell back. She swallowed his cum and had a smile on her face.

"Oh no, that's not enough," Natasha said.
She reached underneath the table which she held Diana and activated a switch. The table rotated over and revealed a luscious bed because of course it did. Harry's duplicate made his way on the bed. Natasha climbed on top of the duplicate, and rubbed her body against Harry's duplicate.

Harry made his way over and grabbed Diana by the hand, inviting her into bed. Diana had been pulled onto Harry. His cock already twitched and ached. Natasha's slowly grinding on the duplicate made his cock hard without Harry even touching her.

He reached up and pulled Diana's sports bra off. She had a set of breasts worthy of Aphrodite, and ones, which Harry could touch, and squeeze, and just bury his face in all day in long. He adopted for a more steady approach, deciding to slowly driving Diana around the bend.

"I like how you're touching me."

Natasha smiled and rubbed herself against the Harry duplicate, knowing full well she was going to drive the Harry prime very nuts in the process.

"Oh, he's just begun to give you the good touch, Princess."

Diana's shorts slid down and revealed her lips, shaven with a small strip of black hair on them. Harry worked his fingers down and inside of her pussy. His throbbing hard cock touched the inside of her lips.

He looped the Lasso around Diana's wrists and pulled her in closely. Diana felt pleasure burst through her body when Harry guided her towards the tip of his hard cock.

"You've never lain with another man, have you?" Harry asked her.

Diana shook her head. "No, I haven't….my sisters, yes, but never with another man."

"Well, today is your lucky day," Natasha said. "The key is to go slow at first, and as time goes on, to build up a steady tempo. Don't be afraid to use your natural gifts to worship your partner's body."

The Warrior Woman's legs spread apart and took Harry deep inside of her body. The large cock penetrated Diana. For the first time, male meat passed between Diana's smooth thighs. She pushed deep around Harry and then dropped down on him. Diana rose and descended herself with a steadier pace. Her hips dropped down onto Harry.

The first few strokes her slow. Harry reached up to cup Diana's breasts. This touch encouraged Diana to bring herself further down onto him.

"You feel the orgasm building inside of you," Harry said. "You really want to let it go."

There was no pause in Harry. The moment Diana released him, Natasha gripped him, thanks to her ministrations on the duplicate. The Amazon and the Spy kept working over Harry's throbbing manhood.

"You feel the pleasure slowly builds up inside of you," Harry said. "The only thing you learn is the pleasure in your body, and how feel every time I touch your body."

Natasha smiled and watched the master at work. She clenched the base of the duplicate's cock to make sure it didn't go too far into her. She could feel what Diana felt as well, so once they shared an orgasm, it was going to be among the most intense feelings in the world. Diana just had to keep working the rod inside of her body.
"You feel the pleasure, and it makes you feel good," Harry said. "But, don't take my word for it. Just breath in and tell me how you feel."

The cupping of her breasts made Diana breath heavily. She descended down and allow Harry to touch her. More pleasure exploded through her body. The Amazon kept bringing herself up and down with a few solid pumps. The length came into her body.

"I feel good, I feel like I can't live without your cock," Diana said. "Every time it almost comes out of me, I start to lose it."

"Good," Harry said.

The strong and fierce woman had been pushed between Harry's fingers like putty underneath his fingers. The young man waited for Diana to completely bottom out on him.

"I'm so horny right now."

Harry pushed against Diana's breasts and pushed up a breast. A strong suction had been applied.

The duplicate's face buried between Natasha's heaving, sweaty tits. Natasha bent back, it had the same skills, the same pleasure of Harry. Harry the duplicate doubled the action of Harry prime when he started to suckle her. Natasha's pussy throbbed and she brought the tight vice down onto him. She gripped Harry again and prevented his explosion, knowing it would be the end of duplicate.

Many orgasms chained through Diana one after another. The Amazon's rapid pumping of Harry's thick hard cock increased inside of her.

"I don't know how much longer the duplicate is going to hold out, Nat," Harry breathed.

His cock had been pounded hard by the Amazon's quick dropping and lowering of his manhood. Harry picked up the pace to match the Amazon's actions. Their loins pushed together.

Diana enjoyed the latest orgasm and pushed her body down onto Harry's. They met together in the age old dance. The Amazon knew it was just right, somehow. Right to feel such a big cock buried between her legs. Harry pushed Diana down hip first onto his throbbing hard cock.

She pushed up and Harry lavished her nipples with attention.

"So horny, take me however you want to."

"Dangerous words," Natasha said, an evil smile coming over her face.

She descended a few more times around the duplicate and could feel the energy swell into her. Natasha brought her skilled body down onto Harry. Her breasts bounced and Harry cupped them hard. The feeling of her nice tits and her warm body made the duplicate reach critical match.

Natasha tilted back when the duplicate lit up and pushed into her body. Those balls swelled up and fired the first blasts of cum inside of her body. The insides of the Black Widow had been filled to the brim with a never ending explosion of cum inside of her body.

The Black Widow rode out her partner's orgasm until his body swelled up and in a blast of white light exploded. Natasha's face, breasts, and body had been saturated in Harry's cock. She accepted the seed with a smile on her face.
Diana closed her eyes and brought herself down onto Harry. She saw Natasha covered in cum. Her mind didn't quite process what happened, all she could process was more pleasure and more desire.

"Now, it's your turn," Harry said. "After you, my dear."

Those hands were now everywhere, touching every point on Diana's body and lighting her up with more pleasure than most normal women could sustain. It was a damn good thing Diana was not a normal woman, rather she was a wonderful woman.

Harry enjoyed the feeling of Diana sliding down on his pole. He focused all of his attention on worshipping this marvel of female perfection riding him up and down. Harry raised his hands up and down, and squeezed her nipples, twisting them in hand.

"Fuck," Diana mewled.

"Yes, indeed," Natasha said, sucking her fingers which were soaked with cum dry.

She waited for Harry to finish fucking Diana senseless. She could see Diana ride on Harry and knew she was back to her old self.

And once she came completely out of it, once she came down from the high, a certain Trickster was going to be in some pretty deep shit.

'Must bring popcorn,' Natasha thought. 'Wonder if she'd let me get in a kick or two for good measure.'

Natasha brought her hips down onto her own hand when rolling over. She humped her fingers, getting off more than she should at the thought of Loki being beaten senseless by an Amazon for deceiving her.

Diana brought herself down onto Harry's hard throbbing cock. The manhood shoved deep between Natasha's waiting, willing thighs. She could feel herself being stretched out, and knew there wasn't much time. The cock inside of her buried deep and fast.

"Here it comes," Diana breathed. "Please, I can't…hold…out…much…longer."

She rose and dropped faster with every sensual word. Harry put his hands underneath Diana's firm ass and squeezed the cheeks. He could feel the warmth cascading down his cock and enveloping him in hard, and deep. The Amazon Woman kept bucking wildly on Harry.

The two joined together with more passionate orgasm from Diana and then the big one was the one that brought Harry over the edge. He blasted Diana's insides and filled her with cum.

"Another one," Natasha murmured.

Diana didn't know what that meant, all she knew was she was cumming and Harry came inside of her. She never received pleasure like this. Each push of her inner muscles pumped more of Harry's thick, juicy cock inside of her. He filled her body up and then pulled out of her.

The Amazon pulled away from Harry, and wrapped her arms around him. She looked up with a smile.

"I'm better now," Diana said, stroking Harry's abs. "But, once I recover, I'm going to kill Loki. How dare he mock Hera by posing as her?"
Natasha shook her head. Technically, she was pretty sure you couldn't kill a god, but it would be entertaining enough to try.

End.

Next Chapter on 3/10/2017.
Two lovers entangled inside the throes of a very passionate embrace. The green eyed dark haired man already had his shirt ripped off and he was wearing nothing other than his uniform bottoms. His lover, the blonde haired, blue eyed beauty kissed him passionately, and caressed his skin. Her curves called to him, poured in a nice, silver skin tight suit which stretched around her body.

Harry Potter and Nova Tera exchanged a kiss with each other. They were very lucky to make it out of that one alive, and not only alive, but at an disadvantage. The adventure would have to wait.

Harry grabbed her hips and pushed her against the wall. He undid the front of her suit.

The gasp punctuated by more kissing came from Nova.

"Harry! Oh god, Harry! HARRY!"

She was throwing all tact to the wind. Nova lived it when her husband touched her and made her feel really good. Those roaming hands moved slowly down her body suit. They eased her way between her legs to feel between them. Harry smiled and leaned closer towards her, giving her a kiss on her pink lips.

They were so soft, so delicate, and Harry could kiss them for hours. He did have another set of lips which he would like to pay tribute to. He lifted Nova up off of the ground, and she had been mounted on a ledge on the side of the wall. Her suit had been pulled off, and Harry continued to work his fingers.

"You really are excited," Harry said. "And you know something, I'm glad you are. I'm excited as well. I'm excited to fuck you, well into the night. How would you like that?"

Nova didn't say anything in response to the question. She just gave him a sultry smile. He teased her slit. One finger, inside of her. Nova pumped her hips into Harry's probing digit. She clenched him and released him with one slipping finger. It slid into her and slid out of her.

"I want to feel your soft pussy wrapped around my cock while your legs wrap around me. Your warm hot breath in my ear. Your breasts bouncing in my face, when you plead for more. I'll make you feel so good, squeezing your firm, tight, ass."

"It is nice," Nova muttered.

Harry squeezed her by the ass, and shifted the bodysuit down all the way past her ankles. He leaned in and kissed Nova's dripping slit. He tongued her and she gasped. Another slip of the tongue and another gasp. Nova's excitement struck a fever pitch.

"Yes, it's nice, it's nice to be fucked, isn't it?" Harry asked. "My beautiful Nova, you'd like to be fucked, wouldn't you?"

"Take those pants off, and do it," Nova said.

Harry smiled at her impatience. Her breasts bounced out. Perfect, round, mouth-watering wounds,
with the perkiest nipples Harry ever saw in his life. He squeezed them, and teased her. One hand
got very busy on her right breast and molded it.

The beautiful woman's eyes closed and she moaned. Her husband was like an artist, sculpting her
breasts. He was also a musician, able to hit the right notes to drive her absolutely insane. Nova's
round nipple stuck out and Harry suckled on it.

Nova moved a shaking hand off of the wall. Harry's suction of her nipples made it very hard for her
to concentrate. One thought went through Nova's hazed field of pleasure.

'I need his cock. I need his cock badly'

The beautiful blonde started to undo Harry's pants and fished him out. Thankfully, it wasn't too
long before Harry's cock was out of her.

Nova pinned back against the wall, and she squealed when it folded back into a makeshift bed.
Harry smiled and leaned down on top of her. His cock grinding against her flat belly, the sensitive
flesh rubbing against Harry's swollen cock head. He teased going inside of her, but stopped and
pulled away. It got a nice whine.

Harry leaned down and kissed her again. The two matched each other with a potent and a very
powerful kiss with each other. They kissed and released each other's mouth, hungrily working
against each other. One of Harry's hands grabbed Nova's round breast and squeezed it. He released
it.

The ritual had been done two more times. Harry's manhood dragged against the moist center of his
sexy, badass wife, who was now just another mewling sex kitten waiting for his cock.

"My love, you're feeling particularly naughty tonight, aren't you?" Harry asked.

"Yes," Nova said. "Please, don't make me beg for your cock."

Moisture spilled from Nova. Harry's fingers rubbed against her body, and teased every inch. Nova
shuddered when Harry played with her. He teased her body.

"Fuck this!" Nova yelled, and she grabbed Harry around the neck and pulled him down onto the
bed.

The passion increased when she kissed Harry, straddling his hips. Harry hoped to entice such
passion out of her. Nova pinned Harry's hands behind his head, and shoved her tongue into his
mouth. She moved those hands down and clawed into his jaw aggressively.

Harry had full control of his hands after losing them for a minute. He watched Nova crawl
backwards onto him, her entire body burning Harry up.

"Now, you're trying to tease me?" Harry asked.

Nova saw Harry sit up, and she straddled on his lap.

"Look, love, I'm breathing in your ear, and my breasts are bouncing in your face."

Nova showed Harry what she was doing. She bounced on his lap without Harry's cock reaching the
penetration point. A couple of times, Nova's hot slit pumped against Harry, but she stopped before
getting into him.
"My sexy legs are in your body," Nova said. "You like my legs, don't you? You horny bastard, I know you do, I see you staring at them all of the time….but I like when you look at me in my uniform. It makes me feel naughty."

Nova made sure Harry's hands cupped firmly around her ass. Not he needed much encouragement or coercion. He kneaded the ass cheeks in his hand and Nova eased herself onto him.

The warmth of his wife's curves pushing against him was amazing. Harry took a half of a second to lean back against her. Nova pushed her dripping slit up and lined it up towards Harry's throbbing hard cock.

"We're missing one thing, aren't we?" Nova asked. "What else did you want? My pussy wrapped around your big, manly, throbbing cock."

Nova pushed herself down around Harry's hard cock with one fell swoop. Her lips encased Harry with warmth and dripping fluids. She leaned back and moaned.

The two of them met together in a passionate dance to be honest. Strong hands rubbed down her back and then moved down to her ass one more time. He groped the cheeks, and Nova pulled back. Her hair flipped wildly when bouncing up and down on him.

The point of Harry's cock stuck against Nova when she rose completely up. Every time she rose completely and dropped onto Harry, she worked a little bit more on him. It made Harry passionate, and made him want to speed up the process. He wanted to savor it.

The play switched. Harry cupped the underside of Nova's breasts and squeezed them. He pushed deep inside, burying his nose between her nipples. He sucked and slurped on her. He took those nipples in mouth and sucked it. Nova rose up one more time.

"I like you sucking them."

Harry pushed up and stimulated Nova's bouncing wonders. Her body heated up and droved down on his cock. Harry leaned in and motor boarded her breasts. Those fingers shoved deep inside the back of Harry's head, stroking his hair and encouraging him to suck those breasts.

Suck, Harry did. He sucked really hard. Harry pushed one nipple in and sucked them in. Then he waited for Nova to slip back and expose her nipples to Harry. Harry tugged on them, twisted them, and make them his. Harry's never ending worship continued.

"YES!"

The scream of an angel came out, but she had the wickedness of a devil. Harry pushed her warmth into him. Their loins connected with each other.

Nova came down from her orgasm. She pushed up off of Harry and bombarded his cock with another series of pumps. She bounced up and down on Harry's rod, faster, steadier.

"I want more," Nova said.

"You always want more."

"You always have more to give."

Harry smiled. His questing fingers brushed inside of Nova's tight asshole as well. He teased it, knowing where he would want to end up later.
"I love your firm ass," Harry said.

"I know you do, you watch that about as much as my legs," Nova said. "Would you like to take it?"

Harry moved his finger into Nova's mouth. She sexily sucked on it. Her tongue twirled around the edge of Harry's finger. Nova pushed deep inside of Harry's mouth and gave him another hungry suck.

The finger slipped back into Nova's back passageway. She dropped up and down off of Harry. Nova's firm thighs encased Harry.

Her beauty blinded Harry. She was bright.

"My lovely, Supernova, you're going to explode."

"I'm about to see the brightest light," Nova said.

Harry squeezed her bouncing breasts, and moved his hands down her body. Toned midsection, sexy shapely hips, and long, stunning gorgeous legs, all of them were subject to Harry's passions. All while Nova bounced his cock into her body and buried herself into her clenching tightness.

"I CAN SEE THEM!"

Scream screamed, hair flipping out wildly. Harry grabbed her head and gave her a passionate kiss. The pressure in his companion's loins slid all the way down onto Harry's hard throbbing cock. Nova bounced all the way down onto him, squeezing him.

"I need it!"

Nova sucked Harry's face, grabbing him with the most aggressive kiss. Harry smiled, glad he was durable. Nova could be very heated when she was in the throes of passion. An aptly named girl, if he had to say so himself. And she was all woman and all passionate woman, ready to be slid into and fucked very hard.

"I need your cum, and then I need you in my ass!"

The bouncing sped up. Nova slid Harry inside of her. She opened up, ready to receive. And Harry was ready to give it to her. His hands were in multiple places at once. Nova rebounded on Harry's throbbing cock and drove down onto him.

"Always insatiable," Harry said.

"It's why you married me," Nova said.

Harry smiled, and kissed all over her face. Nova pushed him away and returned fire, peppering him with kisses, and caresses as well. The gyration against Harry's crotch.

He held Nova into place. Two sets of green eyes, in different shades, met with passionate and fire with each other. Their bodies scorched underneath each other.

The lady of the dance came first and sent herself down onto Harry's hard rod. His face returned to their motorboarding activities and hands returned to their ass squeezing activities. He also continued to lubricate the anal passage for her. The finger banging of her ass and the regular banging of her pussy got Nova's motor running. And having her motor running caused Harry to throb.
The dance reached its final steps. Nova bounced with even more vigor onto Harry. She rode Harry's cock almost as if she milked it for a cure for some horrific disease. And the disease was Nova Terra's own unbearable horniness.

"My sweet Supernova, it's time for you to cum."

Nova smiled and released a coating of juices down onto the handsome sorcerer's cock. The horny woman bounced even higher. Cum saturated every square inch of Harry's fuck stick and ensured he remained buried inside.

One party saw stars, and the next would see starts as well. Harry picked up the place and stuck inside of Nova. The warm fluid injected inside of her. Several rapid fire blasts of seed filled Nova's insides and buried cum deep inside the center.

The ride finished, and the blonde beauty got off. She dropped onto the bed, legs spread, and a sultry smile. The chewing of Nova's lip made her looked dead sexy. Harry crawled over towards his wife and Nova grabbed Harry around the back of the head.

They shared another kiss, passionate and full of desire. The two lovers shifted away from each other after a long kiss. A strand of salvia connected both sets of lips until it broke.

Nova turned around and flipped her hair. It landed in a sultry curtain. Harry saw the beauty's stunning green eyes peeking out from behind the bangs.

"As promised."

One slender finger popped into Nova's mouth and out until it covered in salvia. Said salvia covered finger entered the temptress's asshole and pumped inside. A spank rattled the fleshy posterior.

Harry moved inside, closer towards Nova. The round, perfect, pleasantly curvy ass was calling for Harry. The tight hole in the center only called him further. Harry took hold of her ass and slowly eased inside of it. It took a bit little work before Harry tapped that tight particular ass.

The two laid on the side with Harry pushing deep inside, as far as possible any way. He wrapped around Nova's waist for leverage and rested chin down on the blonde beauty's shoulder. She turned to kiss Harry. The kisses increased.

The feeling of a huge cock inside of Nova's ass got the blonde hungry and ready for more of that love organ. A swift fingering accelerated her pleasure. Moans increased, the two lovers working with each other. One hand inside of Nova's pussy, the other squeezing the perky breasts, and both hands gave Nova unbelievable pleasure which could not be measured.

The only thing which could be lamented was Nova did not get pounded in the ass sooner. The beautiful, but dangerous, woman wanted to correct it. The handsome man of her life took into her.

"Don't make me tell you to go faster," Nova said.

"Don't worry, you didn't need to tell me."

A heavy petting prepared Nova for the orgasm and the ass pounding which followed from Harry. Harry pushed deep inside and then almost pulled out. He bottomed out in her ass. Balls deep in the ass of such a goddess, Harry didn't think of a better feeling of his life.

Nova scratched Harry's hand, encouraging him to finger and fuck her. Harry picked up the pace. Their sweaty bodies joined in an exchange of age-old passions. The giving gentleman nibbled the
side of Nova's neck. Those breasts squeezed into Harry's hands. The quick squeeze and release increased both passions.

Both continued the play and both reached another edge. Nova burst with pleasure and coated Harry's fingers with womanly juices. The deeper he dug the more the stunning beauty came. The radiance coming from Nova when she burst made Harry only want to push deep into her.

"It's my turn soon."

"Pound it to my completion. Fuck my ass until I can't sit down. POUND ME RAW!"

Harry decided to hold on and go for the ride. A hell of a ride as it turned out. Every sound of slapping flesh inspired desires from the wizard's bloated balls. Nova held his hands and made sure they stayed locked onto him. His wife demanded nothing better than the rest.

He knew what was coming next and knew what he was going to get into next. Harry enjoyed the feeling of his wife's sweet ass. The gauntlet had been run on it and now it was time to reach his ultimate release. One more tour around the sensual body of the beauty around him.

Thick balls bounced against Nova's amazing backside. The thrill of so much cum stored in Harry's swollen balls made her feel good.

"End, cum in my ass, please," Nova said. "You know you can't resist it. You feel how warm, how tight my ass feels. You like squeezing my ass when shooting your big, thick, seed inside of it. Make my ass nice and sticky, make it really sticky!"

The wizard of her lust ended up finishing up in Nova's ass. His big throbbing balls slapped against Nova's meaty rear and finished pushing his rod into her clenching ass. A few more thrusts brought Harry to the end of his rope and the orgasm of a lifetime.

Harry popped inside of Nova's ass, and latest a very long time. The white hot seed flooded the bowels of the beautiful blonde next to him.

"Yes!"

He finished by pounding inside of Nova, lasting several more minutes before he was emptied. He pulled away from Nova.

Nova shuddered with a smile. They both had to agree ending tonight with a bang was a very good idea.

End.

Next Chapter 3/14/2017.
Summer vacation started the same as any other summer vacation for Harry Potter. He returned to the Dursleys after a year at Hogwarts School of Witchcraft and Wizardry. Quite the adventure there, even though said adventures made him risk both life and limb several times over.

Everything changed this summer when Harry received a letter from a woman named Andromeda Tonks. She said it was urgent she spoke with Harry instantly. Between the unknown and the Dursleys, Harry would take the unknown every time, even though he didn't know what this woman was going on about. He suspected in a matter of time, Harry would find out.

Harry arrived in a very nice and well put together living room in a quaint and cozy home. He turned around to a dark haired woman who approached Harry. She looked beautiful, dressed in robes of the finest material. She might have been an older woman, but she certainly didn't look like that.

"Harry, it's good to finally meet you," she said. "My name is Andromeda Tonks."

"Mrs. Tonks, the pleasure is all mine," Harry said.

"Please," Andromeda responded. "Call me, Andi, you're a guest in my home, and given what I'm here to discuss with you today, I'm not so formal. I've been hired to represent your godfather's interests."

"Wait, Sirius?" Harry asked.

"We're cousins, and I never believed his guilt," Andromeda said. "I had been working hard to try and get him a new trial, only the records for the period have been misplaced. Amelia Bones, she's the current head of the Department of Magical Law Enforcement, she's trying to put pressure on the Minister. And he's managed to use every legal tactic he can to stonewall her. And Dumbledore has been of no help."

Harry raised his eyebrow.

"Regardless, though, that's not why we're here, although it relates to it," Andromeda said. "You have been feeling a little bit different over this past summer, haven't you, Harry? You've been seeing new females in a brand new light, and you have been getting these urges, have you not?"

Harry thought about it. He was thinking a lot about the females at Hogwarts and also there were a few females around the neighborhood, the older sisters of his childhood tormenters mostly. He fantasized about having sweet revenge about having sex with them, even though they were much older than him, and he doubted they would give him the time of day.

Common fantasies about Cho Chang, the Hogwarts Chasers, the Patil twins, and various other students invaded Harry's mind.

"Judging by the fact you're staring at my breasts now, I'm going to assume you are going to say yes."
Harry's eyes snapped up and he looked quite flushed at the thought. Andromeda didn't look too angry. She only took a step closer and smiled Harry.

"I think it would be a crime if you didn't see them up close."

Andromeda undid the clasp of her robe and dropped it to the ground for Harry to get a better look at her body. The nearly fourteen year old wizard's eyes bugged out when falling onto Andromeda's body. Black material barely covered her body, and she was stunning. Beautiful dark hair framed her stunning face, with blue eyes, high cheek bones, a well formed nose, and thick, plump lips.

Her slender neck came down to her toned looking arms as well, and the flesh looked well formed. Harry's eyes darted down to her ample cleavage and large breasts which begged to be touched. She had a tight, toned stomach as well, and Harry moved down to see a pair of crotchless panties which made his eyes water the moment he saw something which he could only dream about. Stockings clung to Andromeda's beautiful tanned legs which stretched on for days. Her hips were wide and gave form to her sexy ass. Those thigh high stockings made her look even more amazing.

"Sirius wrote to me, and said your mother mentioned how you will have a stronger awakening than many," Andromeda said. "He intended to drop you off in Veela country for your fourteenth birthday, but I convinced him you should have a more practical, and hands on lesson before you get that particular pleasure."

Harry's cock grew unbaringly hard in its pants. It struggled, and Andromeda leaned down to undo Harry's pants and free his cock from containment. The dark haired vixen of a witch leaned up towards Harry and smiled brightly at him. She touched Harry in the most intimate area possible. This beautiful, sexy, older witch was touching him, caressing his throbbing hard rod in her hand.

"Kiss me, Harry, take it nice and slow at first," Andromeda said.

"Andi, you're so hot," Harry said.

"Mmm, just kiss me, like that….mmmm!"

Andromeda leaned back lazily into the kiss. Harry's cock throbbed in her hand when she kissed the handsome young man. Every woman old enough to know what sex was, dreamed about having sex with Harry Potter. He had the best qualities of both of his parents, who were very attractive people.

Many inches of cock swelled into Andromeda's hand. She pumped Harry's full length, and it was not completely to full size. Andromeda was glad she had no crotch in these panties to soak, otherwise it would have been embarrassing. She had been surprised, but pleased at Harry deepening the kiss, by stroking down the oldest Black sister's head. The two tongues pushed against each other.

Andromeda tipped back a half of an inch and took Harry's tongue into her mouth as much as she could. The hungry kiss deepened, and made her feel really good. Harry cupped her ass for a moment.

Both parties pulled away from the kiss. The salvia left behind was an indicator. Andromeda put one hand up and dripped the salvia on the hand to lubricate her blow job.

"Start kissing other parts of me, and slowly work me out of my lingerie," Andromeda said. "You want to see my breasts, don't you?"

"Yes, Andi."
"They're for you, today."

Harry leaned into her, and started to nibble behind Andromeda's ear. The Black sister breathed the second Harry went to the side, kissing her ear, and making her feel really good. Andromeda rode up in pleasure, feeling more than Harry could give her from this particular position.

"Yes, baby, make me feel good, make me feel whole," Andromeda said. "Pay special attentions to those spots which drive a woman…..nuts!"

The Boy-Who-Lived zeroed in on one of Andromeda's pleasure spots. The spot on the side of her neck which drove Andromeda beyond the bend with so much pleasure. He found the straps of the lingerie and touched them down as well. Harry suckled her pulse put and then started to kiss Andromeda, heating her flesh completely up.

She fell back onto the couch, and Harry kissed Andromeda down her collarbone. He pulled back and marveled at Andromeda's breasts. They were very nice, and full, and still firm and perky at her age.

"Being a witch has many benefits," Andromeda said. "Why don't you touch them….gently pull on them, squeezing them, stimulate them?"

Harry moved closer towards Andromeda. His cock brushed against her tight, firm tummy. He took those large breasts in hand and squeezed them hard. She reacted to each ministration quite nicely. The beautiful witch had laid back on the couch and rolled her eyes back.

"Kiss them, suck on them even!"

A vacuum tight seal wrapped around one of Andromeda's nipples and Harry sucked on it. He didn't neglect the other one either. The right being sucked and the left breast being manipulated, and played with in every single way drew Andromeda over the edge with so much pleasure she could barely keep a head above the water. Andromeda drowned herself in so much pleasure.

"Good, good, more…..the other one…Morgana's stained knickers!" Andromeda yelled.

Harry instinctively moved his touch downwards, and moved closer towards Andromeda's pussy. He wanted to be in so bad.

"Harry, if you want to fuck me, I need you to get my pussy nice and wet. Well, wetter."

The suction around Andromeda's breasts had been left. Harry marked them up quite nicely, showing the world who they belonged to. Andromeda didn't mind such ownership being indicated.

Harry, without any prompting, kissed down her body. He paid particular attention to how Andromeda reacted. He moved towards the inner thighs and his hair brushed against a certain part of her. This touch resulted in Andromeda riding up in pleasure.

"That was my clit, it regulates pleasure," Andromeda said. "But, now, I need you to lick the outside of my pussy lips, slowly, slowly….a bit faster…..YES!"

Harry managed to travel around and take the pleasure of Andromeda's pussy. His tongue moving got him an idea. He wondered if vibrating his tongue at a certain level would bring the older witch more pleasure.

'Only one way to find out.'
The witch appreciated oral talents of her tongue lover, she would give him an "EE". Always room for improvement, especially from one so young, but he exceeded all expectations for someone his age. Harry buried deep inside of Andromeda and shoved his tongue into her.

Said tongue began to vibrate inside of her, and the best feeling ever coursed through Andromeda's being. The witch shook with pleasure, and it came to her.

Parseltongue, of course, why didn't Andromeda…..well she was pleased, very pleasured. And also cumming so hard she could flood an entire desert with her juices. She pushed down on the top of Harry's scalp the very second he went in between her legs.

"Harry, keep doing that, and you'll make some very happy witches!" Andromeda yelled.

Parselmouths being evil, well Andromeda was going to have to have that amended. She supposed there were evil people who murdered who happened to speak to snakes. Voldemort had been the most prominent example. History had not been too kind to Salazar Slytherin, but history always had been written by the victories.

Andromeda wasn't fussed about what history said, and what they said about who, and why. All she cared about was receiving the best Parseltongue oral stimulation on the planet. Harry worked his tongue inside of Andromeda and made her gush like no tomorrow around Harry's face.

She came down with the pleasure. Harry came up and Andromeda smiled. She caught one look at the stained juices on Harry's face and smiled at her handiwork.

"Give me a kiss, Harry," Andromeda told to him, practically purring in response.

Harry kissed her in response, which allowed Andromeda to suck those warm juices of hers off of his mouth, and also lick them off of his face. She took attention of his throbbing cock and made sure it was ready. It was nice and ready, and she was nice a wet.

"Time for your final lesson."

Andromeda crawled back on the bed, propping herself back on her elbows, and spreading her thighs for Harry. She had been presented for him.

"The trick is to take it nice and slowly," Andromeda said. "Especially with someone as big as you, you won't want to overwhelm the poor girl. And having her pass out before the night is over is a fun time."

The two lovers positioned together. Harry pointed his cock towards Andromeda's dripping slit. He positioned inside of her. The tightest, most delicious pleasure in Harry's life surrounded Harry's hard cock when he entered Andromeda's tight vice.

About half of Harry's length buried inside of Andromeda's body. She leaned back.

"Savor the moment," Andromeda said.

"Oh, I'm savoring it," Harry said. "Your pussy, it feels so good, Andi, I can fuck it all day long."

"A young stud like you….I have no doubt," Andromeda said. "Just try not to lose that cum all in one place, nice…and…good, very good….a nice….long…"

Harry held Andromeda by the hips and pinned her down onto the bed. Both lovers met each other at the center and pushed down. Harry picked up his pace very slowly. He savored Andromeda who
pushed around him. Those stocking clad legs lifted up and found a home on either side of Harry's waste. He had to touch them.

"Andi, these stockings make your legs look even better," Harry said.

"Leg man, aren't we?" Andi asked teasingly.

He pushed into her with a thrust, and this time, Harry got a little bit bold, a bit more daring. He pushed himself into Andromeda. She lifted up a hand and put it on Harry's back to encourage him. Harry worked away at her center.

Andromeda had been a bit skeptical if this lesson would work, but it certainly was paying off now. Harry found his home deep inside of her tight vice. She held onto Harry, and released him with a couple of huge pumps inside of her tight body.

"Your legs are nice, but your breast's aren't bad either."

Harry leaned down to suck on the said round, fleshy wonders. He pumped deeper inside of Andromeda to do with as he pleased. Those breasts, legs, and everything else Harry could get his hands on, they were all great. He wanted all of Andromeda's flesh and wanted to squeeze it.

Andromeda squeezed Harry's biceps, appreciating his toned Quidditch body. Her center clenched around Harry's hard rod and she was cumming. Cumming very hard, and before Harry even was close to finishing inside her. The very thought made Andromeda feel really good, and really fucking great about the entire process.

The witch's wondrous center squeezed Harry. Harry realized judging by her moans and overall heat cumming from her, body she came. Harry made her cum, and it just made Harry want to thrust inside of Andromeda even harder. It made him want to drive his thick, throbbing meat pole inside of his teacher's center. Twelve long inches of meat stretched Andromeda's wet cavern.

The touches increased. Harry gripped and released her breasts, sending an amount of magic through them to stimulate all of Andromeda's greater nerve centers. She didn't even have to ask him to do it, she didn't have to teach him, Harry just did it. And the fact was, Harry performed this particular wonder without any conscious thought on his part. Once he controlled it, and was able to send such pleasure waves, even without touch, there wouldn't be a dry set of knickers in the house.

"Harry!" Andromeda screamed.

The fact a sexy older woman screamed out his name made Harry feel really good. He felt really confident in his abilities now, and was more confident he could bed all of the other women in his dreams. Harry put his full focus on bedding this one and making her a very happy witch.

Andromeda shifted against Harry and brought his hard cock inside of her body.

"Andi, I'm getting close," Harry told her.

"Don't stop, just ride it out, don't try and hold back, it won't be good on you or your…..just cum for me," Andi said.

He latest longer than statistically average, at least three times as long, for the first time after the awakening.

"Cum for me, my sexy hero, "Andi mewled in his ear. "I want you to pour your potent baby batter inside of my womb. Just thinking about it inside of me, makes me so excited, and so very wet."
Harry rode the orgasm train on through to the station. Andromeda wasn't going to stop or rest until she got a full load of cum inside of her. The teenage wizard came inside of someone for the first time.

The sweet release from Harry triggered one inside of Andromeda. She held him tight to her body to ensure every single last drop of seed. Andromeda, as with all powerful witches, received a slight lift in power, after being cum inside by a powerful wizard.

The two of them ended up exchanging their juices. Harry rested face down on Andromeda's warm breasts. The soft flesh pressed against Harry's face.

Time passed until Harry pulled completely out of Andromeda. Andromeda grabbed Harry and flipped him over onto the bed. She climbed on top of him.

"We're not done yet," Andromeda said. "A young stud like you has more than one go, and I'm a horny, frustrated witch who needs as much of your powerful cock.....I'm going to fuck you all night long...and I'm going to show you how to please a woman when she's riding your cock."

Andromeda brought Harry back to life with her wet folds and her ample breasts as well. The flesh pushed against Harry's face until the Boy-Who-Lived hardened enough to slip inside of Andromeda.

Two bodies joined together once again. White hot energy poured through the air the second Andromeda lifted up and drove herself down on Harry. The sound of her firm ass smacking made Harry.

"Andi, your pussy feels even better than before."

"Oh, it's always feels nice to be in a familiar home," Andi said. She took her time to kiss and lavish every single inch of Harry's upper body with attention.

The dance dragged on for a while, with both of them enjoying and indulging in each other's bodies. An interruption in the form of a door opening couldn't even slow them down, in fact, they didn't even notice it.

"Mum, I'm home from Auror.....HOLY FUCKING SHIT, HARRY FUCKING POTTER!"

Nymphadora Tonks stood in the middle of the door. She wore shoulder length blonde hair today, and blue eyes, with her trainee robes for Auror academy. Her mouth hung open and the daughter's eyes followed to the forbidden fruit in front of her.

"You're fucking Harry Potter?"

"Take a seat, Nymphadora."

The only seat was right where Nym could see every instant of this sorrid affair.

"You're almost in time for our next lesson.....and we couldn't do it without your help.....Harry, let me tell you how to deal with voyeurs who barge in without knocking."

---

End.
Blog Exclusive Breeding Ground Chapter(Featuring Alia(Fem!Harry)/Sara Lance)

http://webofchaos.blogspot.com/2017/03/boink-witch.html
Harry Potter honestly wondered what Dumbledore went on about. The power of love was supposed to allow him to defeat Voldemort. It was true, senility was slowly creeping in for the old man. It sounded not only tacky, but it sounded also implausible.

He pulled off his glasses, and pulled on his night clothes. Harry dropped himself onto the bed, wondering whether he could even learn the first thing about the power of love and how he could harness it against Voldemort? Harry closed his eyes, thinking about how his mystical power could help him against a wizard with decades of life experience and magic which few could comprehend even in the best of times.

Harry Potter found himself standing at the end of a large carved hallway. The statues in the hallway depicted figures he remembered from Greek Mythology. He walked down the hallway and heard a light singing. The singing sounded very alluring and only prompted Harry to move further. He wondered what it was all about.

The singing stopped at the edge of a large, carved marble archway. The archway depicted a magnificent statue of a woman of immense, blinding beauty as well. He stepped inside and saw a beautiful sight. In the midst of a lavish bed, lay a woman and quite the woman as well. Her golden blonde hair shined in the light, and her gorgeous face stopped many men in their eyes. Her erotic violet eyes shined with passion with rosy red lips which made Harry long to kiss them and to do much more with them. Her neck looked very beautiful, and came down to the white strap of a toga across her shoulder. Her massive breasts strained the material. The perfect hour glass figure poured into the toga, and made Harry want to walk forward, half in a daze, and smiling very much at this beautiful goddess in front of him, and make no mistake about it, she was a goddess, no question about it.

Her round hips, and long dazzling legs came down to a pair of open toed golden sandals with pretty little toes painted with purple. The blonde eyes looked towards him.

"Harry Potter, welcome, I've been expecting you for a long time."

The beautiful woman sauntered over towards Harry. She undressed the young man with a very prominent pair of bedroom eyes, and it made Harry's heart thump against his chest. She moved other and slithered her arms around Harry, pulling him in a very heated embrace.

"You're Aphrodite, the Greek Goddess of love," Harry managed.

"Yes, honey, I am," she said, pressing her breasts against his chest, and slowly working her fingers against the back of his head. She looked at her soon to be lover's handsome face. "And who better to teach you how to weaponize the power of love than the goddess of love herself."

Aphrodite smiled and she could sense the skepticism in Harry's face. She patted him on the back of the head, and guided him over to the bed. The two sat down, with Aphrodite grabbing Harry's hand and squeezing it. The two of them leaned together.

"Albus Dumbledore oversimplified the process," Aphrodite said. "It isn't his fault, he just assumed you would know the power of love. Just the basic feelings of love aren't enough…you need to
bring love to others....women who need it....and use that power to burn that snake-faced bastard."

Harry smiled at her description of Voldemort, because it was pretty apt. Aphrodite leaned closer towards him.

"And I'm going to help you do it," Aphrodite said. "Don't think, Harry, just allow your instincts to guide you. They won't ever serve you wrong, trust me."

His instincts told him he wanted to kiss the goddess of love. Harry wrapped an arm around her and pulled Aphrodite into him. He kissed her and she kissed him back. The passionate kiss spread a feeling of pure energy through Harry's mind and body. Aphrodite held onto the back of his head, guiding Harry through the process of kissing him. The hunger increased, rising through her body.

Aphrodite pushed her mouth onto Harry and deepened the kiss. She slowly worked Harry's shirt over his head, and pulled away from the kiss. The shirt flew off and made Harry's messy black hair look even messier. Aphrodite dove into his mouth and kissed him one more time.

Harry could not believe he kissed the goddess of love. And she tasted really good when being kissed as well. Like some divine liquid Harry couldn't get enough of. He pushed Aphrodite closer into his mouth and suckled on her lower lip, before pushing his tongue.

The exploration of Aphrodite's body was about to begin. She looked up at him with an encouraging look through her eyes.

"You're so beautiful," Harry said.

"Thank you, but I think the best beauty is yet to come," Aphrodite said.

Harry tugged down the straps of the toga and Aphrodite's round breasts bounced out. Big, round, and perky, Harry found himself drawn to their shape. He kissed the side of Aphrodite's neck while moving around to attack the woman's breasts with an oral assault.

The goddess of love leaned back to allow Harry to dive between her massive chest pillows. He really was making her feel really good, beyond good in fact. Aphrodite was feeling really great. The feeling of Harry burying himself between her large breasts increased Aphrodite's lust.

Pleasure burned through her body. She bounced her round breasts deeper inside of Harry's face. Delicious nipples stuck into Harry's mouth. He suckled on one of them and released the other.

"You're so hot," Harry said.

"I know, baby, but there's something I want to look at."

Aphrodite undid Harry's pants and she saw there was no need for enhancement on him at all. His long throbbing cock stood at attention for her. Aphrodite wrapped her hands around him and stroked him.

Harry lifted his hips up and enjoyed the pleasure. The love goddess's hands were at least ten times more pleasurable than his own when masturbating, and why wouldn't they be? Aphrodite had a soft touch, and she kneaded all of the nerve endings.

"You feel good, don't you?" Aphrodite asked. "Well, that's nothing compared to what I'm about ready to give you."

Aphrodite licked Harry's throbbing cock head. Her tongue swirled around Harry. Aphrodite worked
the front of his cock, while stroking the base of his cock.

Jolts of pleasure fired from Harry's loins. If her hand was better than his own, her mouth most certainly outstripped Harry's by a long while. He held the back of Aphrodite's head and guided his massive tool inside of her waiting, opening mouth.

"Fuck," Harry breathed. "You're so good. I like your mouth. It's so warm, it's....."

Aphrodite cupped Harry's balls. He jolted up into her mouth. The warmth of her mouth was something Harry could fuck all day long, but he didn't want to ram his cock just in her mouth.

The blowjob continued, and it was one of the most beautiful things Harry ever experienced in his life. Aphrodite deep throated Harry without any problems whatsoever. She licked around Harry's cock head and released it. Salvia dripped from his mouth.

She squeezed his base and pulled herself up.

"It wouldn't be fair if you didn't get to taste me directly."

Aphrodite ripped the rest of her toga off and revealed her dripping wet pussy to Harry. Harry leaned closer towards the womanhood and it made him light headed. Her pink lips stuck out, very thin, and very aroused. Her pussy was completely bare of any hair whatsoever, and it looked like it tasted good.

"Remember, instincts," Aphrodite said.

Harry moved closer towards the goddess of love, and lowered himself down between her thighs. Her pussy jolted up, and Harry had to kiss her sweet looking belly button, before moving down between her legs. He took the outer lips and nibbled on them.

Aphrodite rose up off of the bed, and encouraged Harry to go down on her. The nibbling slowly made its way into straight out pussy licking.

"Get me nice and wet," Aphrodite said. "Even I need to be prepared to take that big cock of yours."

Granted, she could lubricate herself and adjust, but what was the fun in that? Aphrodite got off on the thought of this massive cock spearing inside of her body, stretching out every single last inch of her body. Aphrodite lifted her hips off of the bed, and breathed heavily, hungrily. She needed Harry to lick her out, to munch on her.

Harry munched on Aphrodite's wet center. Every single time her hips pushed up into Harry's mouth, he tasted more of her. He drove his tongue deep in to collect the divine juices. It made his cock throb. It took every ounce of self control on Harry's part not to pull his tongue out of her pussy and shove his cock inside of her. Discretion seemed to work much better though.

"Yes, honey, you know the right spots to touch me," Aphrodite said. "Eat my pussy.....OOOH YES!"

Her new high priest of love worshipped the goddess underneath him. The feeling of his tongue shifting inside of her made more pleasure rise through Aphrodite's body. Harry touched her hips and drove inside of her. The goddess of love squirmed underneath him.

The rattling tongue showed Aphrodite how serious he was to pleasing her.

"Remember, baby, please me, and you can have any girl you want," Aphrodite said. "A sultry
French Veela, a hot Metamorphmagus, or that sexy Ravenclaw with the tight ass you've been crushing on, you can have them. They can all be yours, you can make them cum like you're making me cum!

Aphrodite shrieked out a pleasurable sound underneath Harry. Harry buried his face into her pussy and munched her out. His vibrating tongue sent pleasure jolts down her body.

He pulled up, face dripping with honey. Aphrodite sat up and pulled Harry into her embrace. She pushed his face against her ample chest for a second before pulling him up. Aphrodite leaned in and kissed Harry on the side of the face. She licked his face clean like a particularly sensual cat.

Harry basked in the thrill of the moment. His cock, hard as a rock now, slammed against her smooth belly. Every ounce of her feel good.

"We're going to make love now," Aphrodite said. "It's good to make the woman want it, make her beg for it. You have something she wants, but you don't want to give it to her right away. You don't want to make it too easy."

Aphrodite enjoyed Harry touching her in all of the spots which brought her pleasure. The goddess of love spread her thighs and Harry lowered his big, throbbing staff into her pussy. Aphrodite clenched his rod the second he bottomed out inside of her.

The goddess of love took the first few inches into her. It made her pussy want to swallow even more. True to form, Harry pulled out of her completely, not wanting her to get the pleasure too much. Harry lifted almost out of her and then pushed into her.

"Yes, bury your big manly cock inside of my body," Aphrodite said. "Right, there, I want it right there!"

Harry smiled and could feel her legs underneath. They were so soft and so smooth. Harry pushed them into the air and got full access. Harry kissed away at the back of Aphrodite's leg, starting at the ankle and moving around. He rubbed the other leg all while plunging into her.

"Fuck me, fuck me raw," Aphrodite purred underneath Harry. He thrust into her body, and made her feel so very good, better than she could ever describe.

He worshipped her legs very nicely as well. Harry hit some very sensitive spots on Aphrodite, and pleasured the goddess of love. Those big balls kept bouncing as well.

Harry could not believe an encounter like this happened. The blonde beauty underneath him took his cock inside of her body and squeezed it hard. She released it even harder.

"You're about ready to cum," Harry said. "I'm about ready to make a goddess cum."

Harry pushed himself into her a little bit harder. Aphrodite squirming underneath him made Harry feel so great. It was a good bragging right to make a goddess cum, especially one who was inches away from screaming from his cock.

"Yes, love, you are," Aphrodite said. "Damn, your cock is better than expected, and I expected the very best!"

Why go for the rest when you can have the best. Aphrodite pushed her hips up to meet Harry. Her orgasm threw herself up off of the bed.

"How long have been watching me?" Harry asked. "How long have you been waiting for the right
moment to go after my cock? Hmmm?"

Aphrodite knew it had been a very long time. She received Harry's length buried inside of her central core. The massive rod stretched her out her womanhood.

"A very long time," Aphrodite said. "Make me cum, make me cum harder!"

Harry resolved to get her an orgasm fit for a divine woman. He buried a large length inside of her body. A few more pumps later and Harry almost came undone inside of her. He reinforced his will and buried himself deeper inside of Aphrodite's wet pussy.

The goddess of love pumped her young priest's love muscle into her. She could feel his handsome toned body crushed against his. Once, she undid the damage Dumbledore and the Dursley did, he would have a mind and an attitude fit for a god.

Well maybe not completely, gods could be pretty arrogance. Herself included sometimes, although Zeus was the grand champion of being an arrogant asshole. When you're the king though, you did in fact get a swelled head and Big Z had the most swelled head.

His other swelled head left him with countless bastard children scattered throughout time and space, but that was another thing entirely.

The orgasm coming through her body was an entirely thing entirely. Aphrodite pushed her hips around Harry's massive rod and it filled her up completely. Harry pumped down inside of her with a few more hard and rapid fire thrusts.

"Fuck me," Aphrodite said.

Harry gained the confidence he needed. Aphrodite guided him partially through all of the spots which were needed to make a woman feel good.

"The spot where the neck meets the shoulder is underrated, but it drives nine out of ten women nuts," Aphrodite said. "Trust me, I'm the goddess of love, I know these things….just try it."

Harry kneaded and nibbled on the spot. Aphrodite's pleasurable shrieks increased. She took more of Harry's massive rod inside of her body with a few hard thrusts. She pushed around Harry's cock. It buried into her depths.

"Faster, harder," Aphrodite said. "Please, Harry!"

It seemed wrong to deny a beautiful woman, but Harry had way too much fun seeing how much she wanted his cock. A look of wanton desire on Aphrodite's face encouraged Harry to pull back into her and plunge deeper inside her, as far as he could bury his cock.

"You want my cock," Harry said. "You want this cock. You want me to fuck you senseless, don't you? I wonder if all of the women want this."

"Trust me, all women do want your cock, and if they don't, they will soon," Aphrodite said.

Her wet center squeezed Harry and encouraged him to take a deeper plunge. He pulled almost all the way out of the goddess of love and buried his thick length into her one more time. Aphrodite stretched around Harry the second he bottomed out inside of her.

"Yes, right there, hit me with your cock right there," Aphrodite said. "Bury your throbbing cock inside of my pussy, and make me scream for more. Suck on my breasts, fuck me, oh for the love
of.....FUCK!"

Aphrodite screamed in pleasure. The slow sensual start started to deviant into a strong animalistic brand of fucking. Harry buried his cock inside of Aphrodite without any pause, any break. He just drove his hard cock into her with a few more passionate rises and falls. He stretched her out on his manhood.

The goddess of love felt more than divine wrapped around Harry's rod. He pushed into her body.

"I wonder how many times you'll cum," Harry said. "Good thing you're a goddess."

Aphrodite might have been a goddess, but this budding god on top of her made her feel pleasures beyond everything. She came in here with high expectations. Harry now zeroed in on the pleasure zones, never once falling into a particular pattern.

"Yes, good thing, a very good thing for both of us," Aphrodite said. "Mmm, Harry, make me explode. It feels so good, just like your cock feels so good buried inside of me."

Twelve inches of throbbing hard magical meat pushed into Aphrodite. Her inner walls stretched out. Harry took her breasts and squeezed the bouncing delights. They were truly a wonder to behold, not that the rest of her body was anything to sneeze at as well.

"We'll be doing this often."

"Yes, very often," Aphrodite said. "But, don't forget to spread the love around Hogwarts....but why stop there? Why stop at just Hogwarts? There's an entire world of beautiful women for you to fuck, to have to hold. And they will be yours Harry Potter! They will be YOURS!"

Aphrodite came hard around Harry. Her slickening walls spread around Harry the second he buried inside of her. He bounced up and drove his rod down inside her.

"Cum for me forever," Harry said.

"Bury your cock inside me," Aphrodite mewled. "I want to feel your seed pushed inside of my pussy....until I'm overflowing with everything I could ever take. Give me your seed....give it to me."

Her slick walls milking him made a very compelling argument. Harry reached down to grab Aphrodite by her shapely hips and plunged deep into the deep, gushing cavern of the goddess of love. His cock driving into her made her breasts bounce.

Harry took her heavenly sacks of female flesh in his hand. They molded into his grip very nicely. Aphrodite gave him a breathy moan when he pushed inside of her.

He spent the next few minutes slowly down and making Aphrodite crave even more. This pleased Aphrodite, knowing her student would blow the minds of mortal women.

'Hopefully, he knows not to blow their minds too much, so he actually has a chance to finish in them,' Aphrodite thought. 'Oh, well, if he doesn't, I can always pick up the slap and help him drain his balls.'

Speaking of someone helping another person drain their balls, Aphrodite clenched his rod. Harry bottomed out inside of her. Their sexy bodies molding together was a beautiful sight.

"When you finish, that includes our lesson for tonight," Aphrodite said. "But, you can bet your
sweet ass, I'll see you again."

"Good, I would be disappointed if I didn't see you again."

Aphrodite wanted to spread love, and she was do so through her new high priest. It would be kind of rude if she didn't check on him, maybe show him a couple of new tricks, or just have some good old fashioned fun.

The next few minutes were spent with Harry indulging himself in the depths of Aphrodite's warm, willing body. Her womanhood clamped down on him the second he pushed into her. No matter how long the Boy-Who-Lived thought he could go, Aphrodite craved one thing beyond all else. She craved his cum buried deep inside of her womanly depths. And Harry would be lying if he didn't want to give it to the goddess beneath him.

"Mmm, right there," Aphrodite begged him. "That's good…that's very good."

Harry picked up the pace and slammed his rod inside of Aphrodite. His balls clenched inside of her and started the rapid fire descent inside of her body. He spilled the contents of them inside of her body.

Aphrodite received another orgasm of her own. The goddess pumped Harry all the way. She worked him over and made sure he come. His face rested on her breasts when the scene began to fade.

The goddess gave Harry one more deep kiss, leaving marks on him. He finished emptying his bounty inside of her. Aphrodite swelled up, and felt him leave her.

'We will meet again soon, my love.'

The explosive orgasm concluded, and Aphrodite dropped down to the bed with a shudder.

End.

Breeding Grounds Chapter 121 through 125 Girls:

http://webofchaos.blogspot.com/2017/03/breeding-grounds-chapter-121-through.html
Yennefer of Vengerberg could not believe her luck. She had entered the chambers of the most powerful sorcerer of in the land. No one quite knew where he came from, only he was someone who was strong and had left many of the women who he encountered, smiling. And now Yennefer wanted to ask a favor of him. The sorceress stepped forward.

Enchanting, raven hair came down the woman's beautiful face. Her blue eyes shined bright and a soft, elegant smile popped around the outside of her face. Underneath the black cloak rested a perfect body, with all of the curves, and all of the beauty one would think a woman of Yennefer's statue said.

"Yennefer of Vengerberg?"

He came out of the shadows and Yennefer saw him. He was ten times more amazing in person. He dressed in a silk green top and a pair of tight green pants fitting around her bottom. The gorgeous woman approached Harry with a smile on her face.

"Yes," Yennefer said. "It's a pleasure to meet you, Lord Potter. I would like a few moments of your time, if you don't mind."

"You can have a few minutes, or as long as you want," the powerful sorcerer said. His strong cult of personality sent chills down Yennifer's spine. "And please, it's Harry."

Yennefer smiled. "Then, Harry, I want to ask you….the evil warlord and his dragon are moving closer, and terrorizing the people in my village. I would ask for the help of such a powerful wizard, if it is not too much trouble."

"You have come a long way," Harry said. "And you have come a long way at a great risk, Yennefer. You knew you and your fellow witches would be punished. This warlord has swept over the village. I've heard of him and his cruelty, and now you've given me another reason to act."

The powerful sorcerer descended down the steps, to the point where Yennefer's heart grew aflutter.

"I'll help you," Harry said.

"Do you wish for payment?" Yennefer said. "I know you have a lot of people demanding your time. I wouldn't have been the first witch coming to you asking for some kind of favor. And I know you're a very busy man, you have an entire realm to rule over. And by incurring his wrath, you put the people under your protection at risk."

Harry held up one hand to stop her. Yennefer nodded in response.

"We'll discuss terms later," Harry said.

Yennefer stepped closer towards him. She smiled and absent-mindedly wrapped her arms around the strong sorcerer, and there was no mistake about it in her mind. He was strong, and held her in very closer towards her. The two moved closer towards each other.
'I thank you," Yennefer said. "There must be something I can do."

The sorceress made a decision. Her magic compelled her to take a drastic step. This was a powerful man who could break the curse and give her children, if she just asked him. But surely, she would have asked way too much of him. Harry grabbed the back of Yennefer's head and kissed her.

The violet eyes of the sorceress bugged open when she had received one of the kisses to end all kisses. Harry Potter delved into her mouth. The very powerful sorcerer mapped out a path on the inside of Yennefer's mouth, kissing her deeply, and kissing her very hard. The two of them connected with each other, with a long, and passionate kiss.

"Why don't we retire to my bedchambers, and discuss further terms?"

Yennefer could hardly wait. Harry locked his arm around her and the two of them made their way up a set of stairs, to bed chambers which were easily accessible. Yennefer wasn't surprised at all they were here, to be perfectly honest. She had the sense Harry conducted business here a lot with beautiful women.

Another kiss brought her out of those thoughts, and into far more devious thoughts. Harry grabbed the back of Yennefer's head and guided her into a very long and passionate kiss, one which blew her mind and made her senses rattle with pleasure.

The clasp of her traveling cloak came open, and it rolled down, to reveal a silky top underneath it. Harry made quick work of the top while also kissing the side of Yennefer's neck, her shoulder, and pretty much anything else he could reach. He reached underneath her breasts and squeezed the ample bags of flesh in his hand.

"They're very nice," Harry said.

"You haven't seen them," Yennefer said.

"Let's correct that, then."

Yennefer's beautiful breasts bounced out, round, creamy flesh, with her nipples sticking out in prominence. Harry touched Yennefer's nipple and took his finger in between them. He rubbed Yennefer's nipple and it extended outward for Harry to grab onto, mold in any way he could.

The sorceress closed her eyes and felt Harry suck on her. His busy hands also made their way down and made quick work of her panties. Her smooth, tender pussy lips had been exposed for Harry's consumption.

The kissing continued down her body. Harry had to indulge every inch of the body of the beautiful sorceress underneath him. He had many gorgeous women in his bed.

"Yenna, your pussy looks so good."

Yennefer smiled at the compliment offered to her. She had another reason to smile though, when he kissed down between her thighs and slowly began to worship her womanhood. She intended to pay him, but now, Harry was making her feel really good. The sorcerer buried his handsome face between Yennefer's thighs and made her explode, gushing with the cum.

The powerful man buried his tongue inside of her. He could tell by the delightful moans coming from the young woman Yennefer's mind had been blown away. Harry wasn't done blowing the sexy witch's mind, not by a long shot. His tongue collected more of her sultry juices before Harry
shifted down between those soft thighs, ready for the kill.

"Oh, thank you, I'm not worthy!" Yennefer yelled.

Harry would disagree such a soft and sensual pussy was more than worthy of being pleasured. His tongue shifted inside of Yennefer and started to rock down into her inner core. Yennefer pushed her hips up further, to meet Harry's incoming tongue thrusts.

"Mmm, yes, mmm, yes," Yennefer moaned. "Right there, there's a perfect spot. You're making me feel so good….right there….EAT MY PUSSY, EAT IT GOOD!"

Harry decided not to deny the woman any further pleasure. His vibrating tongue shifted in and out of Yennefer's dripping cavern and made her cum.

The most powerful orgasm yet passed through her. Harry pulled to his feet and smiled.

"You've never laid eyes upon me without clothes yet," Harry said. "Have you?"

Yennefer shook her head. She had just been brought down to Earth after the amazing orgasm. She looked at Harry who unbuttoned his silk shirt and revealed a drool inducing sight of his upper body.

The sorceress decided to help him out with his pants. She stopped, and saw an endowment which blew her mind. Yennefer licked her lips when setting eyes on a cock, and such a cock as well. It was twelve throbbing inches of magical meat which would be the things of legends.

"No wonder you leave the women smiling, and limping," Yennefer said. "Is it always this big?"

Harry smiled a mysterious smile. Yennefer saw that throbbing cock head looking at her, almost inviting her to come on. The sorceress took the plunge, slowly kissing the tip of Harry's massive rod with her juicy lips. The sorcerer put his hands on the back of her head and guided her in.

The long and heavy petting of the head of his cock, ended up with Harry submerged in the witch's warm mouth. The feeling of her wrapped around him and her eager sucking made Harry reach for the back of her head and guide more of his immense length into Yennefer's waiting mouth. The sorceress sucked on Harry's long length and pushed more of him inside of her mouth.

Yennefer cupped Harry's balls and felt his balls underneath the grip. The thick and throbbing balls weighed in Yennefer's hand and she got a nice little hint of the cum which was to cum.

"As for payment, this more than good," Harry said. "At least for a down payment, but you want more, and I want more."

The witch would have to agree. She tasted every square inch of Harry's throbbing manhood. And it seem like the meat expanded so it could fill the back of her throat. She wrapped around his balls and fondled them, feeling them swell even more of cum.

"Mmm, keep sucking, you're going to get a nice little treat if you keep it up," Harry said.

The violet eyes staring up at him within the curtain of that raven-black hair made Harry throb deep inside of Yennefer's waiting mouth. He kept shoving his length deep inside of Yennefer's throat with a couple of hard, heavy thrusts.

Yennefer enjoyed the feeling of him fucking her face. The witch stared up at him and waited for his cum to flow from those balls, all the way down her throat.
"Mmm," Yennefer moaned.

She looked up at Harry and accepted a heavy blast of seed spilling down her throat. The warm seed was a never ending flow and shot deep inside of Yennefer's throat. The witch shoved more of his length deep inside of her mouth. The hot woman kept sucking on him.

The witch pulled away from him and she swallowed all of the cum. She rose up to her feet with a smile.

Harry guided her back down onto the bed. Her body displayed itself on the bed, legs spread. Those smooth thighs beckoned for Harry.

Yennefer looked up, the warm cum swirling into her belly made her want only one thing. She wanted that huge cock buried in between her thighs. She wanted it more than anything,

"Harry, I want you to fuck me."

The way she said it and her hands slowly running over her sultry body, it made Harry want to do nothing more than fuck her. It made him want to pin her down on the bed. The power swirling over her body made things enticing. The size of those swelling breasts were a nice hint of her endowment. Her body was so firm, and so soft.

Harry smiled when climbing over the top of Yennefer. Her thighs spread for him. Harry's cock already swelled back to life and brushed against her swollen slit. Harry aimed for the edge of her womanhood, getting as close as possible to entering her.

"Harry," Yennefer breathed. "I need you."

He needed her, fair enough. Harry would have her. The length pushed against Yennefer's wet walls and the first couple of inches slipped inside of the cock hungry witch. She pushed her hips up and Harry savored the moment, savored her warm curves.

Another couple of inches pushed inside of her. Yennefer thought she was going to lose it from the thickness of his endowment pushing inside of her. Yennefer lifted her hips halfway up off of the bed, and accepted the length inside of him.

"Mmm, that's the spot, right there," Yennefer breathed. "Fuck me, pin me down to the bed, and fuck the ever living daylights out of me. You know you want to. You know you're going to. So just do it….just fuck me!"

Harry dragged his cock head against Yennefer's dripping hot womanhood. The cock-starved witch came here for help and she got help already, help to fan the flames of her desires. Harry edged closer towards her and shoved his hard length deep between Yennefer's thighs.

"YES!"

He stuffed the manhood inside of Yennefer's warm body. Yennefer shifted her hips halfway up off of the bed to accept more of his length.

Harry guided his length inside of the sorceress above him. Her wet pussy dropped all the way down on Harry's throbbing hard length. The woman clenched his throbbing hard cock and a pleasurable blast of energy had been released.

The woman beneath Harry sighed and moaned. She lifted her legs up, absent mindedly. Harry took her legs and ran his hands down it. The back of her legs had been played with, toyed with. Harry
rose almost all the way up out of Yennefer and drove his throbbing hard cock inside of her body. He rose up one more time and drove his length inside of Yennefer's gripping center.

"More, more, more!"

The first hints of an orgasm spreading through Yennefer's loins clutched Harry's aching rod. Harry pushed deep inside of her wet pussy. Those balls slapped against Yennefer's warm center and made her feel the amount of seed ready inside of her.

"Time for you to cum."

Harry took advantage of a spot between Yennefer's shoulder blades and made her body shudder in response. Harry rose his manhood deep inside of her and plunged deep inside of her body. Yennefer gripped Harry's hard cock with a few more thrusts inside of her.

"Baby, baby, it feels so good," Yennefer breathed. "You're making me cum, so hard."

Harry shoved his hard length inside of Yennefer. He rose almost all the way out of her and shoved his length inside of her one more time. He bounced faster and harder inside of Yennefer's warm pussy. The hard length buried inside of her.

An orgasm passed over her body. Harry decided to have more fun by taking her creamy breasts in hand and squeezing him. She cried out loud and clenched around him. Harry decided to have even more fun by burying his face in between those nice, succulent breasts and sucking on them. He drove Yennefer to the edge, making her orgasm more than she ever knew in her life.

"Oh god, so much, it feels so good," Yennefer breathed. "You're really great, like some kind of wicked angel. I need this, I need you. More!"

Harry wasn't about ready to deny her any more.

"You can't help but cum after the slightest touch," Harry said. "Your body craves me, doesn't it? It craves all of the gifts I can give you."

Yennefer nodded, biting down on her lip. She looked dead sexy in doing so, and Harry rewarded her compliance by sticking his cock inside of her warm, womanly depths. Several hard thrusts made the beauty underneath him squirm in pleasure.

Seconds ticked by, and Yennefer thought each second brought her closer to another orgasm. Harry worked himself down between her womanly thighs. The raven-haired beauty pushed closer around Harry, and ensnared his manhood deep inside of her warm, inviting thighs. Harry rose up and crashed down in between her.

"And now, you're going to cum for me one more time. Go ahead, dear, Yenna, feel the pleasure. Feel it build inside of you. You feel it, don't you?"

Magic channeled through Yennefer's breasts and it resulted in her cumming very hard. Her inner chambers twisted around Harry and pulled his cock deeper inside of her depths. She could feel Harry buried inside. The witch's womb opened up, ready for intrusion, ready to be spilled inside of her.

"And now, it's time for you to be the latest to be bound to me," Harry said. "It turns out, you'll favor me for another reason.....I'll give you what you seek."

Yennefer closed her legs around Harry with the intrusion buried inside of her. Her hips rose up off
of the bed and engulfed more of Harry inside of her. She could feel him, deep inside of her. That full length buried inside of her tight walls.

"Cum inside me, impregnate me," Yennefer breathed. "Please, impregnate me, I want your cum inside of my body…..bury it deep in my womb!"

Yennefer tightened her grip around Harry. He bombarded her, opened up the passageway for cum. New magic swelled inside of Yennefer's body. Harry rose almost all the way out of her and shoved more of his round, throbbing cock inside of her body.

"You're going to get what you wanted," Harry said. "And I get another beautiful sorceress to play with."

"Yes, and I hope we play often," Yennefer said, biting her lip.

She was about ready to receive a gift from a powerful sorcerer and it would be rude to ignore it. Harry pushed his throbbing hard balls against her thighs. The young man pushed inside of Yennefer's body and was about ready to fill her.

Not before one last orgasm, and Yennefer anticipated it. She gripped Harry's bicep and squeezed it very tight. He pushed into her with one more thrust.

Harry enjoyed the warmth of her tight pussy. Her power was like sweet nectar which he could only drink in. Excitement rushed over Harry's body the very second he pushed his rod into her tight gripping womanhood.

One more orgasm on her part opened up the gates. Harry shoved his cock inside of Yennefer's body and spilled his essence inside of her.

Yennefer happily accepted his essence inside of her. He didn't slow down for an instant, but rather sent cum by the bucket loads throwing into her. He also kept touching and massaging her body. Yennefer rose up off of the bed and mewed tightly.

"Thank you, thank you!" Yennefer yelled.

Harry smiled.

"No, thank you."

He continued to empty his balls inside of the beautiful woman, giving her what she desired. The strings bonding them together tightened and he pushed inside of her.

Yennefer laid on the bed, biting down on her lip. She had a warm glow around her body, and a tingling feeling in her toes. She had just been gifted by a powerful sorcerer.

"And now, it's time to take a certain warlord and his dragon down a notch, "Harry said. "There is room enough, for only one dragon in this kingdom."

Harry's powerful eyes glowed, and Yennefer shuddered. The power he exhibited made the sorceress want to jump him all over. Discretion got the better of her, at least for now.

End.
Blog Exclusive Chapter(Harry/Hermione/Belle(from Beauty and the Beast)):
http://webofchaos.blogspot.com/2017/03/be-our-guest.html
Red light flickered together in the room. Caroline Forbes slowly sat up out of bed, rubbing her eyes. The beautiful blonde vampire found herself clad in slinky white lingerie. It only just barely covered what needed to be covered. She felt a warmth and also a chill. She had been dressed to entice, but by who, she wondered?

"Hello, Caroline."

Caroline shifted her gaze towards the woman at the end of the bed. Her dark hair hung loosely towards her shoulder. She wore a black corset which drew extra attention to her breasts. The corset stopped at the bottom and made Caroline's focus shift to her belly button, her toned midsection. She curved at the hips and much to Caroline's frustration, she wore a black thong, with the material at the crotch having little the imagination. Her thigh high black stockings, fingerless black gloves, and choker device also made her look enticing. And the fact she carried a whip.

"Elena?"

The dark haired girl moved forward and smiled, running her fingers through her hair. "No, not Elena, although she's perfectly safe, at the moment. And you're going to thank me for what we're about to do."

"Katherine," Caroline said.

Her voice signified a tone which did not mean recommendation. Katherine Pierce smiled, and cupped Caroline's face.

"All of the good times we've had together, and you take this tone with me," Katherine said. "Especially, when I'm about to do you another favor."

Caroline knew all about what kind of favors Katherine would give her, and there was a part of her which was intrigued, but a part of her was suspicious. Katherine brushed her fingers through Caroline's hair, and held the whip enticingly between her fingers. It took Caroline a moment to realize she had been put on the bed.

"You helped me summon him last night," Katherine said. "I understand your mind might be foggy, but soon, you're going to understand what you did. And they're all going to thank you….well, the women of this town will be happy. I'm not certain the men will be too pleased with him being here."

She smiled and leaned closer towards Caroline. Their noses almost touched together with each other.

"The Black King, "Katherine said. "The most powerful, potent vampire….makes all of the women wet where it counts. And makes all the men question if they have what it takes, where it counts. And trust me, they don't. Not compared to him."

Katherine leaned down and gave her captive charge a kiss. Caroline flinched, but accepted the kiss,
never the less. The excitement this woman talked about the Black King with, well, she would be lying if she wasn't just the slight bit curious. Her nipples hardened.

"Oh, and you want to meet him," Katherine said. "Well, who I am to keep one of my pets waiting....soon to be one of his pets, of course. But, if I have his favor, then he'll let me to play whenever I want to. You remember what play time with me is like, don't you?"

Caroline remembered exactly what playtime was like, and she hated her body for reacting so favorable at the thought of this evil, spiteful woman before her. Katherine's tongue trailing out of her mouth brought certain thoughts to Caroline's mine, thoughts of what that tongue could do.

"Harry, darling, you can come in now."

A handsome, tall man stepped into the room. His green eyes swam with power, his dark hair came down past his shoulders. His face was handsome, and his body, it looked toned underneath that silky black shirt and those long black pants. Caroline ate in the eye candy, without accepting it.

"Katherine, thank you for finally bringing me back," Harry said. "It's been too long."

"Trust me, it's been too long for both of us," Katherine said. "And, why don't we pick up where we left off?"

Katherine leaned closer towards Harry. He swept her into his arms and gave her a kiss. The brunette in his arms practically melted with pleasure.

It had been a long time since Harry had been put in a state of limbo. He missed the feeling of having a woman in his arms, and fulfilling their every desire. He could feel Katherine lovingly nibble on his neck. His fingers brushed down the hands.

Harry pulled down her corset, and revealed Katherine's luscious, firm breasts. They were just as nice as they can remember them.

"Immortality always has more benefits than drawbacks," Harry said.

"Indeed," Katherine said. "Mmm, my King, I always forgot how nice they felt when you played with them."

Harry molded the chest melons to his liking. Katherine's eyes faded over in a lustful manner the second he touched and played with those round, glorious breasts. She breathed heavily once and then let out her breath. Harry touched the underside of her breasts and gave them a squeeze.

He took one nipple into his mouth and sucked on them. Katherine turned her head towards Caroline to make sure she saw the pleasure in her eyes.

The pleasure was going to start, when Harry slipped his fingers down between Katherine's thighs. He finger banked the ageless woman, making her feel really good. Katherine bucked her hips up to meet his thrusts. Harry guided her down onto the bed.

Katherine laid on the bed right next to Caroline. Caroline watched, unable to turn away from the show in front of her. He kissed down Katherine's body and sent electrified sparks down hers. Caroline closed her eyes for a minute and imagined him tormenting every single inch of her body.

Harry drank in the essence of his ageless lover. He had been trapped in that awful, awful place, with no women, until Katherine found a way to free him. He rewarded his lover for her good work by working his way down to her pussy.
"The serpent gifted are very able."

Katherine only had those words to say before Harry went down between her thighs and started to eat her pussy. And eat it he did. He brought pleasure through her body. Every single spot which brought Katherine pleasure, Harry knew where to attack, where to service. She pushed her hands onto the back of his head, giving him encouragement.

All of the working on her pussy was closing in for the main event. The one point of pleasure which Katherine could say would light her word on fire. Harry started to vibrate his tongue into her.

Caroline's eyes widened, as she never had seen such an obscene display. Katherine's face screwed up in pleasure. She slowly ran her finger down her body, and looked towards Caroline, making sure the blonde vampire had a nice look at the pleasure screwed up in her face.

The orgasm exploding through Katherine hammered it home how much she missed Harry's affections. Her gushing pussy juices came out and coated Harry's face something fierce.

Katherine came down from the pleasurable high she felt. She sat up on the bed and looked at Harry. She tore his clothes off very quickly. She never had been one to savor her gifts, especially when there was one she wanted so bad.

She stopped, and made sure Caroline's eyes were locked on Harry's crotch. Katherine slowly stripped off his boxer shorts and revealed the pinnacle of manhood underneath it.

"Holy shit!" Caroline managed.

Harry's cock was the most beautiful, most amazing thing she ever laid eyes on in her life. Her mouth watered when feeling the pleasure.

"As much as I love you sucking my cock," Harry said. "Why don't we let the newbie take a crack? She seems like she's dying for a taste."

Katherine rubbed his manhood and made it nice and thick. She reached across the bed and forced Caroline to sit up.

"Great minds think alike, beloved."

Caroline came face to face with that magnificent crotch and her heart skipped a couple of beats when she had been moved closer towards that magnificent phallus in front of her.

"Open wide, and you're going to get a nice surprise."

Harry smiled and could feel the beautiful blonde's mouth wrap around him. She took his cock, nice and willingly into her mouth. Caroline's warm mouth wrapped around his cock and shoved it down to the base of his cock. She pushed her lips around him and then released it one more time.

Caroline realized she had been positioned on her hands and knees. The thought left her mind when she just focused on sucking this big cock and making it feel really good.

"I don't think you're passionate enough…you should respect the power of the Black King."

Katherine used that whip to smack Caroline's exposed backside and encourage her to suck Harry's cock faster.

"She's really picking up the pace," Harry said. "You're always a good motivator, aren't you?"
The length of his massive rod pushed into Caroline's mouth. Harry worked himself deeper into her warm, wet hole. She clutched his rod between her lips and gave him a very sensual suck as well. Harry made her eyes look towards him.

Katherine helped herself to Caroline's pussy lips. They were always so responsive to her. She rubbed the womanhood and made her breath in response. Caroline sucked Harry's throbbing hard rod even harder the more Katherine played with her pussy.

Caroline could not believe what was happening. She was in a threesome with two very powerful people, and the fact she was practically dominated made her extremely excited. An immense length worked into her mouth. She just hungrily sucked on the intruding manhood while also squeezing his balls.

The amount of cum stored in those things took Caroline aback. Just as Katherine's tongue dancing around the outside of her womanhood made her loins size up with more pleasure than she could even admit to ever having her life.

"God, she's so good," Harry said. "Do, you think she's deserved a reward?"

Katherine pulled away from Caroline's lips. "Choke her out with your delicious cum, great one. Make sure she knows what a real man's seed tastes like!"

The heavy pounding into her mouth made Caroline hunger for his seed. It was the fluid she wanted the most, more than the rest. She looked up at Harry. Those green eyes burned into her eyes and she could feel a tingle. And it wasn't just because Katherine tongued her pussy in turn in fingering her ass. She anticipated a huge load of cum to be shot down her throat.

Harry had been taken deep into her mouth. Those lewd sounds showed how much she wanted his cum. Harry gripped onto her blonde locks and shoved himself into her mouth. The moment he bottomed out on her throat, Harry started to cum.

The amount of cum firing into her throat ensured Caroline would get everything she ever wanted, plus a little bit more. Harry held onto the back of her head and kept shoving his length down into her throat. Those thick balls bounced against her chin and made her hunger for ever more.

He finished cumming inside of her throat. His cock, already hardening once more, when brushing against her lips, had been released.

Caroline found a pair of hands clutched tight around her throat. Katherine shoved her down onto the bed, and gave her a passionate tongue kiss. The two sexy vampires swapped spit and Harry's cum right next to her.

Katherine turned around, particularly glowing. She moved over towards Harry.

"Sit and watch," Harry said. "Watch, how she takes her cock….and don't touch yourself unless either of us tell you to."

Caroline's hand already drifted towards her pussy in an attempt to get some relief. It had been pulled away. The pout on her face wasn't going to sway either of the two vampires.

Katherine climbed aboard, her sexy body grinding against the King. Harry pushed himself against her. His cock touched her entrance and set her loins on fire.

"Baby, take me," Katherine said.
Harry guided himself into her wet and welcoming snatch. The warmth of her was always accommodating, always inviting. His balls cradled against her when she descended down on them. She rode him slowly, and Harry understood why at first.

The dropping and lowering was so Caroline could see how much Harry's large cock disappeared inside of Katherine's wet snatch. She couldn't touch herself, not without permission. More frustration had been brought into the young vampire on the bed. Her hands reached closer towards her.

"Katherine, a bit faster, I think she's got the point."

Katherine smiled, and leaned back so he could take her breasts. She loved when he bit, sucked, and played with her breasts. Those sensations were something which had been increased through her body. Katherine rose almost up off of the bed and bottomed herself down on his cock.

"I think I'm getting the point right now," Katherine said. "Oh, baby, you feel so good in me!"

The ageless beauty bounced down on his cock. Harry grabbed her ass and squeezed it. The brunette smiled when bouncing up and down. His hands slowly ran down those thigh high stockings she wore on this encounter. Every time Harry touched those legs, they felt as smooth as possible underneath his fingers. He could not wait to take them, mold them, and caress them to his liking.

Katherine rose up and filled herself with him. She looked at the very frustrated Caroline, who could not get herself off. Harry would be the only one to get her off from now on, if Katherine had the say.

Her orgasm hit a fever pitch, and she pushed down onto Harry's mighty rod. She made up from lost time, riding his hard cock with fever. She bounced up and sank down on Harry numerous times.

Harry squeezed her chest and made Katherine pant out in lust, and more pleasure. Pleasure beyond everything she ever experienced in her life. Harry touched her round breasts and gave them a healthy little squeeze. The energy channeling through her body made her bounce even faster.

"Oh god, I can't touch myself,' Caroline thought. 'I want that cock. I need that cock…that bitch is hogging the thing I want.'

Caroline observed Katherine shamelessly impaling herself down on Harry's rod. She imagined it inside of her, stretching her. It felt big inside of her mouth.

An increased tempo made Katherine take the full length inside of her youthful body. The ageless vampire could feel the load inside of those swollen balls increasing. She bit down on her lip, hungrily anticipating what would come next inside of her.

Harry pushed inside of her and made sure one more orgasm passed through his ageless lover.

"I'm sure you've been waiting as long as I have for this," Harry said.

He clutched her hips for emphasis and guided her love box down onto his mighty rod. Katherine whipped her head back and responded with a very eager smile. She kept bouncing down upon him, her breasts ripe for the squeezing. She breathed heavily and smiled.

"Yes, about as long, at least," Katherine answered. "Now, cum, please….this horny little bitch on the bed wants your cock almost as much as I do."
Caroline didn't even have it in her to flash Katherine a look of agitation, mostly because she was right. She enjoyed the show, even though she couldn't touch herself. The frustration burned through her body, and made her want Harry to take her on the bed and screw her brains out.

'I'm guessing that was the idea,' Caroline thought.

The bouncing vampire beauty on Harry's cock stimulated every inch of his nerve endings. Her beloved deserved no best, than all of the rest. Katherine slid her warm walls down onto Harry's cock and took them deep inside of her body. She rose up and crashed down onto him.

The feeling of Harry's balls contracting followed by them releasing into her. He sent more cum inside of her body than anyone else.

Katherine squeezed him tight to enjoy the obscene amount of cum which filled her insides. The brunette beauty pushed down on him.

"No touching," Katherine said in between screams of pleasure.

Caroline's cheeks reddened. She had been busted. Hopefully, she wouldn't be punished. Actually, punishment might not be so bad.

Katherine slid off of Harry's cock, receiving a full load of his sticky juices inside of her body. She crawled over onto the bed, with a predatory smile on her face. She flickered her tongue at Caroline and bared her fangs which only caused the blonde to squirm.

Speaking of squirming, Harry Potter was now between Caroline's legs. She spread out instinctively.

"I didn't even have to tell you, did I?" Harry asked. "I like them trained, although breaking them in can be fun in their own way."

Caroline gushed and in a blink of an eye, he pulled down the straps of her top to expose her round breast. Harry squeezed the breast and took the perky nipple into his mouth. He sucked on Caroline, and leaned forward towards her. His fingers danced against her entrance.

"I'm going to fuck you until you pass out," Harry said. "And when you wake up, I'll just be here to fuck you again. And I'll be here to fuck you as many times as you can handle, until you understand who rules this sweet little body of yours....this tight pussy, it belongs to me."

"Yes," Caroline said.

"Yes, what?" Harry asked.

"Yes, master," Caroline said.

The word burned her mouth, and yet by vocalizing it, her thighs clenched together. He mastered her with one thing, that big, throbbing piece of meat dancing against her entrance. Caroline spread her thighs out to meet Harry's long throbbing cock.

He entered Caroline and her body experienced a void being filled. Harry slowly pushed his rod inside of Caroline and shoved more of his length.

Katherine smiled, and Caroline's screams increased. They were so beautiful, because they were caused by Harry's immense cock pushing into her. Katherine leaned down and gave Caroline a forceful kiss to exert her dominance over the woman.
Caroline could not believe how shamelessly her body gave itself up to Harry and Katherine. Every single touch, every single kiss, every single thrust inside of her body. She submitted to everything they did, and it felt so good, because by submitting, she would receive pleasure.

"Just a little further," Harry said.

Only half of his length had been put inside of Caroline, a matter which he would rectify instantly. Harry pushed more of himself inside of her tight, gripping center, and pulled out of her.

"I think she wants to pay tribute to another set of lips."

Caroline screamed, not even registering what Harry said. She got a nice look at Katherine's firm, tanned thighs when they lowered over her face. Her pussy still dripped of seed which Harry put into it. A piece of it dropped off and landed in Caroline's mouth. She swallowed the combined taste and it tasted really good.

Harry watched when Katherine grinded her pussy on Caroline's face and forced her to eat her out. She enjoyed such a thing, given how tight she clench Harry. Harry rose up completely and shoved his immense length inside of Caroline's dripping pussy.

The feeling of bottoming out inside of her was really good. He pressed his hips against her. The sexy stockings Katherine dressed her drew Harry's attention to her legs. He felt the back of her legs, and kicked them up.

"The one spot behind her knee drives her nuts, master," Katherine said.

Harry leaned completely in and kissed the back of her leg. He attacked the spot in question, and sure enough, Caroline mewled like a cat in heat underneath him. He rammed into her pussy, and rode her out in response.

"You can cum only when I tell you to cum from now on," Harry said. "But, it will make you feel good, when you cum for your master, won't it? Like when you cum, right now."

Caroline clamped down onto him and the rush of cum through her loins lubricated Harry's cock. She was already sopping wet and easy to be driven into. Harry pushed into her womb.

She also didn't neglect Katherine's pussy, mostly because the woman would not let her forget it. She forced the pussy into Caroline's mouth.

"Fuck," Katherine said. "She has such a good mouth, so naughty, so delicious."

Caroline took an attempt to worship her womanhood. Katherine dropped herself down on her mouth and took him inside of her.

One orgasm piggy backed off of another. Harry brought his cock inside of Caroline's pussy. He regulated her orgasms and manipulated her like a particularly sexy puppet on a string. All of his ageless lovers would submit to him, and this time, Harry would not make the same mistakes of the past.

Now, he buried himself inside of Caroline's gripping, warm pussy. Her next orgasm was the most potent than ever and caused her body to slacken. A mind numbing amount of pleasure spread through the loins of the gorgeous vampire underneath him.

"I think she's ready to be seeded," Katherine said. "Now, she's going to be yours forever."
Caroline didn't really understand what was going on. The swelling of his cock inside of her made her tingle with excitement. He buried his cock into her when her body warmed up. It was like a roller coaster rising all the way to the top and about ready to crash down. Caroline felt herself crash completely down to the ground with an orgasm.

Seed rushed into her body a second later. Every single drop spilled from those big, swollen balls. Caroline's body jerked and came, receiving the rush of cum. Her mouth had been released and her moans of pleasure, her devotion towards her new master becoming very obvious.

She passed out from the pleasure, a smile on her face, and a pussy full of overflowing seed.

"And you'll be here to fuck her again when she wakes up, as promised," Katherine said. "And in the meantime."

Katherine presented herself to her master. Harry didn't take too long to take her up in the invitation and entered a very familiar, and very nice pussy.

---

End.

Team Building (Alicia and Angelina)

Before I bring on the shameless smut that you come here for, I need to make note of the poll my profile page on dotnet. It has to do with the inclusion of girls from anime, something that I swore I would never do. Time and perspective has softened my stance on this a little bit, but I can go either way. So, if you wish for anime girls to be added to the potential selection of girls for the Breeding Ground, than vote yay on the poll. If you think that anime girls should not be added, you should vote nay. This poll closes on Saturday April 1st, 2017 at three PM Central Standard Time. **Vote here:** [https://www.fanfiction.net/u/424665/](https://www.fanfiction.net/u/424665/)

And now onto your regularly scheduled shameless smut.

---

**Team Building (Alicia Spinet and Angelina Johnson from Harry Potter)**

Harry returned upstairs after a nice and long night. He stripped off his robes, and his shirt and was about ready to find his way into bed. Harry stopped short in the bed, only to find it had already been occupied by someone. He frowned, and had been intrigued by the two parties who were in the bed.

Alicia Spinet curled up at the edge of the bed, dressed in slinky purple lingerie which covered her perfect, curvy body. The brunette shifted and Harry could see her ample set of tits when she moved. Angelina Johnson was on the bed, wearing a lacy black number, with the material disappearing in her ass crack from the back. She dressed the part with a pair of thigh high boots.

"Alicia, Angelina?" Harry asked.

"Yes, Harry," Alicia said with a smile.

"What exactly are you doing in my bed?"

Alicia tried to act innocent, even though she was trying not break out into laughter. She rose to her feet and crawled over towards the bed so she could face Harry. She almost slumped down onto the bed, and her face pressed against his crotch. She wobbled before getting up to her knees with a little help from Harry.

"Oh, your bed, of course it's your bed," Alicia said. "Katie, Angelina, and I….we had a little girl's night….Katie crashed downstairs, and I guess we took the wrong turn and ended up in your dormitory."

"Come, and sit down, it's your bed after all," Angelina said.

She flashed him a smile and moved over for Harry to sit on the bed. No sooner did he sit down, Angelina draped her legs over Harry's lap. Alicia moved behind him and pressed herself against his back. She kissed him on the side of the neck and smiled.

"You're so handsome," Alicia said. "And we figure, since we're all up here in your bedroom, we're going to have some fun, aren't we?"

Harry found himself distracted by the feeling of Alicia's ample breasts pressing against his back. He turned around to face her and Alicia crawled back on the bed. Angelina grabbed onto Harry's pants and pulled them down.
"Plus, you can help us with our team building exercises," Angelina said. "We need to be able to work together, to accomplish one common goal, don't we?"

Harry's cock, hardened from taking one look at these sexy, older girls, became fully erect. Alicia reached down and cupped it.

"Guess, he is as big as we thought he would be," Alicia said. "No, wait, he isn't as big as we thought he was, he's bigger, much bigger. And much harder, I can feel him grow, look at this Angelina….look how much his big, thick cock is growing."

The warmth of Angelina's mouth caressed Harry's cock. His cock grew enough inch. Angelina wrapped her fingers around the base and slowly stroked it.

"Damn, you're so hot," Harry said.

"Thank you, but you want to know hot?"

Angelina leaned down and engulfed Harry inside of her mouth. The moment her lips slid down Harry's cock, feelings of pleasure exploded through his body. He held onto the back of Angelina's head and worked his way into her mouth. Her beautiful eyes looked up at him when taking his cock into her mouth.

Alicia didn't want to be left out. She slowly pulled down her top and revealed a perfectly rounded pair of breasts to Harry. She looked at her younger soon to be lover with sultry eyes.

"Touch me."

The suggestion wasn't going to be one that Harry would ignore. He grabbed a nice handful of his team mate's round breasts. He could feel how soft, how firm they were. The molding of ample tit flesh between Harry's fingers got him excited, and made him want even more. And he knew Alicia would give him more.

Angelina decided to give Harry a nice blowjob. She cupped his large balls while working his rod up and down into her mouth. It bounced and stretched as far as it could go. Angelina tried to stay the course. Alicia's moans with Harry's nice fingers working her over got her excited.

"More," Alicia said. "Oh, suck my titties….it feels really good!"

Harry alternated between one breast and the other, sending pleasurable vibrations. He sucked Alicia's swollen nipple very hard and leaned into her chest. His face buried between those wonderful round pillows. They felt very soft pressing up against his face and Harry could do nothing other than suck on them. And suck at them very hard, making her scream.

Speaking of hard sucking, Angelina brought her mouth down around Harry's cock. She stroked the part of the manhood which could not fit into her mouth. She stroked him.

"He has such a good cock," Alicia said. "I knew he would…..I can't wait to have it inside me….but I guess you're going to want it first."

Angelina didn't say anything other than blowing Harry. She went to town on this massive tool beneath her lips. Angelina gripped and released him with a few hungry sucks. She could feel him getting closer to blowing his load inside of her mouth.

"Mmm, mmm, yes," Alicia breathed. "Suck them, harder….oh I like your fingers are going down…"
Harry instinctively worked over Alicia's body. He rubbed her womanhood and fully felt the nice gripping tightness of a very warm pussy. He planted multiple kisses down her body to get her excited. Alicia spread her thighs out and all Harry could do was dive between her legs.

Alicia could not believe it. His tongue was extremely masterful to her. It touched all of the right spots and made her a gushing wreck. Her thighs closed around him.

"Damn, he's going to make me…..OH BLOODY HELL!"

Angelina gripped Harry's hips and drove her throat down onto him harder. She used her inner throat muscles like a vagina and Harry fucked into her throat as well. The dark-skinned athlete's eyes started to water a slight amount at how much this cock swelled. She took Harry deep into her throat.

The sweet smell of Alicia's pussy, and the nice warm sensations given by Angelina's mouth made Harry throb with desire. His balls strained the entire gambit and a second passed before they spilled their load inside of Angelina's warm mouth.

Angelina tilted back and took all of his cum down her throat like a champ. She wanted not to waste a drop. Her nipples hardened and her pussy grew hot. She wanted this cock inside of her now.

Alicia gave a yelp and passed out on the edge of Harry's bed. Harry sat up and smiled at Angelina. He slipped her top down and exposed her large breasts, round and gorgeous, with dark nipples which begged to be sucked.

"Looks like we have some play time alone," Harry said. "I hope you're ready for me."

"Feel how wet I am."

Harry shifted his fingers down between Angelina's thighs. The heat of her thighs drew him in. Harry could feel the cum rolling down on them. Some of them collected on Harry's hand and he pulled away. He spent a moment savoring the taste. The sweet citrus sensations made Harry harden.

The older girl climbed on top of Harry's lap. Her breasts smacked into his face. Harry took the chocolate orbs in his hand and squeezed them. Angelina pushed her way down onto Harry's rod and allowed it to fill her. The warmth of inch by inch of his cock stretching her out made Harry throb with desire. He knew Angelina was almost all the way down on his tool.

Pure warmth stretched around on Harry's hard cock. Angelina pushed herself up and down on Harry's lap. Harry reached behind her and grabbed her thick booty the second she had been brought down onto her.

"Play with my ass, suck my tits, fuck me!" Angelina yelled. "I'm yours….just take me in any way you want."

Her star seeker kept driving his hard cock inside of Angelina's gripping center. He could see Alicia come back to life on the bed. Harry muttered something underneath her breath.

Angelina didn't quite here what Harry said. All she was focused on was the fact Harry pushed his face between her breasts.

"You're better than a hangover potion," Angelina said.

Harry cupped her round bouncing breasts. He decided to take this compliment. Angelina's rose up
and dropped down onto his cock.

Alicia didn't know what Harry happened, but it felt like he was mentally working her over. Her clit had lit on fire with so much pleasure. Her hands didn't know where to be. Every inch of her body was sensitive to her own touch. Sweat, drool, and bodily fluid saturated her body.

The first of many orgasms worked through Angelina. She needed to keep this thick cock inside her. Angelina squeezed him with her firm thighs. Harry responded by clutching her breasts and squeezing them.

"You want some of what she got, don't you?"

Angelina chanced a glance and saw Alicia thrashing about on the bed, furiously masturbating. She looked at Harry who peered over from the other side of her tits. One of his fingers slipped inside of her back passage which made her cum even harder. Her asshole was sensitive, something that Alicia and Katie took advantage of on a regular basis.

"You want me back there, don't you?"

Angelina slid herself off of him. Her asshole begged to penetrated as well. She positioned her plump ass ready for the intrusion.

"Drill your big white cock into my thick black ass!" Angelina demanded.

"Your racial insensitivity triggers me greatly," Harry blandly said.

"Just shut up and fuck me!" Angelina yelled.

Harry smiled and took his cock into her round ass. His cock spread out into her thick, pleasantly round ass. Angelina closed eyes. Her breathing grew sexier, and more measured. Harry rose almost out of her ass and then spiked into it with a fluid thrust.

"You're coming undone, my dear Angelina," Harry told her. "You feel my big cock in you, don't you? You want even more of it. You want it buried deep in your ass, don't you?"

"Yes, Harry, fuck my ass, fuck it hard!" she begged him.

Harry held on for the ride and slammed into her. She screamed his name and several obscenities while also wanting to have her ass rammed hard. Who was Harry to deny her? Especially when she had a nice, big, thick ass to ram into her ass.

Angelina bounced her ass off of Harry's intruding cock. She wanted a nice big cock in her ass as well. And Harry had the cock of a true man, he was well hung and ready to penetrate. Angelina shifted her asshole down on Harry's engorged rod.

On the bed, Alicia thrust her hips forward. She could hear Angelina's screams, and she could almost feel what Angelina was feeling with Harry's cock buried inside of her thick rear end. She didn't know what happened. Alicia didn't question it.

"You're making this hard to hold back."

"I know, but good for lasting this long," Angelina said. "Let's face it, I have an amazing ass. I see boys staring at it all of the time….you included….so plow it! Drive it into my thick booty! Cum inside of my tight, round ass!"
Harry thought she did have a nice round ass and it was something that he craved for a long time. Now, the opportunity presented itself, he had to go to town on this round piece of meat. He squeezed it and drove his cock into her. Harry reached the end of his rope, but he was going to ride her all the way to the end.

"Mmm, mmm, yes, "Angelina moaned.

She came very hard from Harry's ass pounding. He took his round tool inside of her clutching hole and almost pulled out of her. He rode out the pleasure of Angelina's ass until a gripping feeling came from his balls. No matter what Harry's stamina was, he had his limits, and she tested them.

Harry finished up his tour in Angelina's backside. One more orgasm channeled through her and he could feel her thrashing about. Those nice tits started to bounce and Harry caressed them to send more jolts of energy through her body.

The end came with a huge bang. Angelina received the orgasm of her life followed by Harry's release. Angelina saw stars, as her ass squeezed down on Harry. She milked him of all of his seed. He pumped faster inside of Angelina's back passage and filled her completely up.

Harry shifted underneath Angelina and injected a heavy amount of his seed inside of her body. He pushed deeper inside of the dark-skinned beauty who clenched his rod all the way to completion.

"Good, good!"

Angelina slid off of Harry and collapsed back. Both of her holes gushed with fluids.

A warm mouth replaced Angelina's asshole. Alicia licked Harry's cock to clean him up. Her fingers caressed the base when she felt him go back to life.

"You didn't think I would let you forget about me, did you, big boy?" Alicia asked.

"I didn't dream about it."

Alicia swirled her tongue around him to make his cock nice and clean, not to mention very slick. She looked at Angelina who twitched on the bed. Harry left his mark in her.

"I'm open for business," Alicia said.

She balanced on the bed on her elbows. Alicia opened her firm thighs wide. Those breasts were the first place Harry had been drawn to. He pressed his face in between them.

"Good, Harry, I know you want them," Alicia said. "Hell, I'm turned on them as well, so don't feel bad."

Harry cupped the underside of her breasts while dragging his thick cock. Her abs were firm and delicious. She was so toned, so fit, and Harry knew her pussy would be so tight. It would be the perfect fit for his cock.

Alicia reached between both of them to guide Harry. His cock lingered at the edge of her entrance. Alicia pushed up and took Harry inside of her. The first few inches had been brought into Alicia. She dropped down onto the bed and took Harry inside of her.

The two lovers joined together. Alicia reached up and felt on Harry's muscular back. Quidditch practice made him nice and toned, and thick. She enjoyed his hot body pushing up against his. Just as much as she was sure Harry enjoyed her round breasts pressing against his muscular chest.
"You make me so hot," Alicia said. "You deserve all of the pussy you can ever want."

"Let me enjoy yours first."

Harry dragged his fingernail down Alicia's thigh and she shuddered underneath where Harry was. Harry took the plunge inside of her. His thick balls dropped down onto Alicia's womanhood and then rose up. He pushed down inside of her.

"Good, plan."

Alicia pushed herself up into her.

"You can have me any way you want."

Harry leaned closer towards her and took those round chest orbs in his hand. Alicia gasped when Harry drove deep inside of her.

"Wet and ready would do nicely."

Alicia smiled to show it was not going to be a problem. She gushed nicely around him, and could feel Harry go deeper inside of her. It was almost like he touched brand new places every time he fucked her. And he fucked her even harder. Alicia imagined those heavy thick balls and what they could store.

The oldest of the three chasers rolled over onto the bed. She caressed her nipples and enjoyed the show. Harry's big cock practically disappearing inside Alicia before reappearing again only to slowly disappear one more time. The pleasure dancing in Alicia's eyes mirrored the pleasure in Angelina's own.

"Fuck her, fuck her hard!" Angelina said. Her mouth moistened at the thought of what might come next. "Fuck her, so you can fuck me again."

"You had your turn," Alicia said, hips scissoring around Harry. She waited for Harry to drop down. "Oh, yes, yes, baby, oooohh….you're so good."

Harry balanced himself onto Alicia and buried himself in between her thighs. She rose up off of the bed and took more of Harry inside of her. His balls ached, but he must not release. He slowly worked Alicia up to her peak and could feel her body rising. The tension inside of her body reached a peak.

Alicia saw stars when Harry made her cum one more time. Harry picked up a steadier pace and drove his hard cock inside of her body. She could feel him touch her inner most features, and it drove her completely mad.

"Cum for me again," Harry said.

The gentle suggestion gave Alicia's body reason to comply. She switched her pushing against his intruding hard cock inside of her. Alicia pushed her hands down onto Harry's back and encouraged him to bury himself into her.

Harry worked her through another orgasm. Every time she clamped onto him, it only made Harry want to bury himself inside of her for longer. Her body writhing, squirming, creaming underneath him ensured Harry would be riding out this one for a very long time.

"And again."
One more time, Alicia bucked her hips up and accepted Harry's immense length inside of her body. The Chaser could feel something over her mouth. Angelina's warm thighs joined the pleasure. She just rolled with it.

Harry looked up to the beautiful sight of Angelina riding her fellow chaser's face. The visuals made Harry's cock throb. And he could do nothing other than bury his cock inside of Alicia, and ride out her latest orgasm.

Alicia had been bombarded by the duel sensations. Angelina's warm and familiar sensations brought a new hunger through her body. She also could not deny Harry's hard cock pushing inside of her body.

"Getting close, isn't she?" Angelina asked.

The feeling of Alicia clamping down on him only prompted Harry to drive his cock inside of her body. He swelled up with desire the second he buried his length inside of Alicia's gripping center. She squeezed Harry hard.

One more delicious orgasm before Harry pushed himself into Alicia. He rode out her latest orgasm before burying one of his own inside of her. Harry pushed his rod into Alicia. Her breasts jiggled when her body moved. Harry gripped them hard for support while drilling his seed into her body.

Harry filled Alicia completely up with his cum and pulled out of her. He could tell by the look on Angelina's face the night was done.

"So, ready for more?" Harry asked.

"I've gotten the itch, and you should help me scratch it," Angelina said.

---

End.
Harry walked around the corner, after a long day of training, and also a nice shower. He currently intended to head straight to bed and had wrapped himself in a towel when walking down the hallway in the palace where he was staying. He moved closer towards his room, but something caught his attention.

The door halfway across the way had been a room which had occupied by two girls, Cassie Sandsmark and Thalia Grace. Both were half-sisters, sharing the same divine blood from Zeus. There were many bastard spawn of Zeus, needless to say, he knocked up countless women during his travels throughout the years. Some of those divine offspring had become problems.

Zeus and Harry didn't get along too much these days. It had to do with the fact Harry was sleeping with Zeus's ex-wife, Hera, and also his daughter with Hera, Hebe. And also several other the goddesses. The other male gods ribbed the King of Gods to no end, telling him his time of Alpha God was gone and a new god ascended to the top of rankings, that being Harry Potter.

Still, Harry stopped outside of the door. He could hear a soft moan, and the only two people in the room were Thalia and Cassie. He looked inside the door.

Cassie dressed in transparent red lingerie which did a perfect job in covering her athletic body. Every inch of the fabric clung to her when she leaned down and kissed Thalia on the face. Thalia wore a black sheer night dress, black bra, lacy black panties, and some stockings and a garter belt to join. The two sisters enjoyed a nice little lip lock with each other, showing their bonding.

Harry would have liked to say he was surprised, but he really wasn't. The two girls really hit it off after being introduced, and they had been close. Harry figured he should just leave them alone to their fun. There were numerous goddesses here who would like to have visited their bed chambers.

"I wondered when you would show up."

Cassie swung her legs off of the bed, while Thalia set up as well. Both of the daughters of Zeus directed a warm smile towards Harry's way. Thalia beckoned him over with a smile.

"Hera told us all about you," Thalia said.

"Yes, and Lady Hebe just wouldn't shut up about how you rocked your world," Cassie said. "And I know, you've been with Donna and Diana and Hippolyta and the rest of the Amazons. And it's time for me to get a piece, and I'm pretty sure you have a pretty big piece to give."

Cassie lifted a hand and put it at the edge of Harry's chest. She looked at him with a smile. Thalia walked over towards his other side.

"So, how about it?" Thalia asked. "I want to reward the hero who save the world countless times over. And there was once you saved me personally."

"You could have handled yourself," Harry said.

"Oh, I know, but all of us need saving every once and while," Thalia said. "I know I said thank you
before. But, now, I want to thank you. I mean, I really, really want to thank you."

Thalia leaned closer towards Harry, her lips connecting with his with a sizzling kiss. Harry touched the back of her head and guided him closer towards his mouth. The two of the kissed together.

The kiss was beyond Thalia's wildest expectations. It set her body ablaze with the promise of pleasure, and she could hardly wait. Harry's hands slowly roamed down her body and cupped her backside while increasing the kiss.

Cassie thought she was a little left out. She could not wait to see what Harry had to offer. Donna and Diana talked about what Harry could do to them in awe, and now Cassie wanted a piece, the same as her sisters had. She pulled down the towel and revealed his throbbing hard cock for the entire world.

Thalia backed away from it, her mouth hanging open in surprised awe. This allowed Cassie to go in and kiss Harry, hungrily attacking his lips. She indulged herself into his mouth. Her wet tongue slowly pushed in the back of Harry's mouth.

"It's big," Thalia said.

"Yes, it is," Cassie said. "Hebe, Hera, and everyone else told you it would be big."

The dark haired demi-goddess nodded. She looked up at Harry with imploring eyes, as if asking for permission to worship him in the most conventional way possible.

"Help yourself," Harry said.

Thalia dropped down to her knees with that big cock smacking her in the face. Her lips puckered. Thalia wrapped a hand around the base of Harry's prick and started to stroke him. His engorged length grew even more and touched the inside of her lips. Her hungry nature increased.

Cassie smiled and allowed Thalia to have her turn. The blonde demi-goddess leaned forward. Harry slowly undid the strap of her lingerie and once of her round breasts pushed out. Harry put his fingers between Cassie's breasts and gave it a squeeze.

'Why don't you help your sister out?"

Harry watched when the Amazon in training descended down to her knees in front of him. She watched Thalia taking in every single inch of throbbing cock. Cassie leaned down and took his balls in her mouth. The intense sucking made Harry feel very good.

One demi-goddess took Harry's cock into her mouth, while the other sucked his balls into her mouth. Both of them switched, and now Cassie sucked Harry's cock and Thalia was sucking on his balls.

"Keep it up and you're going to get a nice treat."

Cassie never wanted second best for anything in the world. Her mouth shoved down onto his hard throbbing cock and inhaled it inside. She craved Harry's cock and wanted every single drop of cum buried inside of her mouth. She wanted her throat filled up with so much glorious seed.

Thalia took his balls and rubbed them before sucking on them. She could feel how thick they were, and how much they had inside them. She never imagined something this glorious would exist.

Harry could feel himself size up. Cassie's warm mouth was a paradise and one where he had to
drive his hard cock into her throat. The thickness of his manhood speared down Cassie's inviting throat hole.

"Get ready."

Cassie tilted her head back, to receive his cum. The first compression of cum shot into her mouth. Several more followed and filled her throat.

Harry gave Cassie all of the credit in the world. The demi-goddess sucked down every single last drop of cum from his balls. She grabbed them, squeezed them, and made sure they drained into the back of her throat. Thalia helped her milk Harry.

Cassie's mouth had been filled with cum. She turned to Thalia who gripped her by the face and pushed her tongue inside of Cassie's mouth.

Harry watched the show with the two beautiful sisters sharing his sticky load. They both pawed and felt each other up, tugging at their clothes. Their sensual, tight, bodies had been revealed. The kiss lingered for several minutes, both sisters swapping cum and salvia with each other.

The two of them maneuvered onto the bed. Harry exposed their pussies, feeling up on them, and ensuring they were dripping wet and ready to receive something.

"Keep kissing and feeling each other up," Harry said. "I'm going to finger you."

Both girls obeyed the divine god's orders. Harry slipped one finger inside of Cassie's pussy. She clenched him as if she was afraid what might happen if Harry pulled away. He shifted his finger deep inside of Cassie's gushing, warm cunt. He pushed deep inside of her with a delicate finger bang.

The same thing happened to Thalia. Her warm inviting pussy took a first finger. Both girls then took a second finger. Harry marveled at how tight they were.

Cassie whimpered when feeling Harry manipulating her womanhood. She dreamed of what he could do to her. Her thighs just burned with the thoughts of more pleasure than she could think. Her nipples hardened as well. Thalia reached over and cupped her breast. She returned the fire and continued to kiss Thalia.

Thalia pumped her hips down around Harry's intruding fingers. She didn't imagine anything like this. Burning sexual bliss spread over her body. Thalia clenched him and sent sticky juices all over Harry's fingers. Harry rode out her orgasm and manipulated her pussy with an epic, sensual finger binging. Thalia gripped him and released Harry with more of a fever than ever before.

Then, he pulled his fingers away. Thalia collapsed in a whimpering moan. She felt empty, but not for long. Harry leaned down and slowly kissed her thighs. Her legs spread for Harry to have a full access. He made his way closer towards her central core and slipped between her extremely most thighs.

Harry had both of the demi-goddesses right where he wanted him. He slipped his fingers inside of Cassie and munched on Thalia's sweet pussy. He then moved around to alternate and did the opposite. He went down on Cassie and finger banged Thalia.

The moans of both of the girls showed how much they appreciated it. Harry got their pussies nice and wet. He pulled away from them.

His cock pushed against Cassie's opening and she looked up. She could not believe she had the joy
of Harry ramming his cock inside of her thigh body. Every single inch of his hard cock entered her.
Harry leaned down and kissed her jaw line. Cassie could feel the length almost stick inside of her
body. She lifted her hips around Harry and he pushed inside of her.

Thalia watched, eyes widened, unable to believe the length going inside of her.

"I want that!"

"Good thing come to those who wait," Harry said. "I'll make your sister cum and then I'll go for
you."

Thalia sat at the edge of her bed. She made sure to keep her pussy nice and ready for Harry. She
wanted him inside of her. Her fingers danced against her body when she fondled herself. Tingles
kept spreading over her loins. Thalia moaned and pumped her fingers deep inside of her.

"Make me cum."

Cassie closed her eyes and received the ride of her life. Harry pushed his massive rod inside of her
body and stretched her insides with his large cock. Harry pushed almost out of her and shoved
himself deep inside of her with one more solid thrusts.

"Yes, yes, more, more!" Cassie begged him. "Fuck me hard!"

Those loins clenched Harry's intruding manhood. Cassie leaned up and felt the sensation of those
balls slapping against her womanhood. They filled up with so much cum, but she was cumming
hard herself.

Thalia rolled over onto her hands and knees. Her thick rear had been presented to Harry and her
open slit matched. She eagerly followed the progress of Harry's manhood, coated in Cassie's juices,
lingering towards her other side. He came very close to penetrating Thalia.

"YES!"

"You feel so good," Harry said. "Just relax, and let me fuck you."

He entered in her halfway to fill her body. Harry almost pulled out of her halfway and then edged
himself into her. He edged a little bit more of his hard cock into her tight body. Harry pulled almost
all the way out of her.

Thalia gripped onto the bedsheets. All of her wildest dreams were coming true in the form of Harry
burying his cock inside of her body. Harry gripped her and buried his fleshy rod into her
repeatedly. He really touched her in all of the right spots.

Harry positioned Thalia so she could eat Cassie out while Harry fucked her. After all, there was
nothing more beautiful than a little bit of sisterly bonding.

Cassie lifted off the bed. Her sister's talented mouth took her pussy lips and released them. The
ritual repeated several more times. Thalia massaged her thighs. Cassie's nipples hardened and she
had to play with them. Her blue eyes shined with lust.

Harry plowed inside of the daughter of Zeus. His thick balls connected with her body. The sounds
of delight coming from Thalia only increased Harry's travels inside of her. Harry pulled almost out
of Thalia and buried his rod inside of her.

The gripping and releasing of her pussy made Harry know her orgasm is here. He vowed to make it
feel just as good as he made Cassie's feel. He channeled all of Thalia's pleasure into one central point and released it.

Thalia received an explosive feeling of pleasure throughout every fiber of her body. Her heart beat faster the deeper Harry rammed deep inside of her. Harry rode out every single last ounce of her orgasm. Her gripping cunt centered around Harry the further he plunged inside of her.

"Good, girl, time for a rest."

She still twitched the moment Harry pulled out. Cassie climbed up top of Harry's lap and centered herself.

"Just like your mother, can't wait to ride my cock."

Cassie wasn't honestly surprised her mother and Harry were sleeping together. Regardless, the daughter of Zeus pushed herself down. Her love box filled up with Harry's engorged staff. She pushed herself up and down onto his hard cock. She bounced, her ass swaying when doing so.

Harry leaned in and slowly started to suck Cassie's breasts. Those nipples pushed into Harry's waiting mouth. Cassie leaned further into him and received a sucking of the lifetime. She could not stop riding him. She bounced on his cock. Harry moved his hands down to feel her back and arch her back.

He motorboarded Cassie's wonderful breasts and really revved up her motor. The demi-goddess pushed herself up and down on Harry's rod. She tried to make him cum inside of her, to get her favor.

"Thalia!"

Thalia opened up Cassie's tight asshole for a tonguing. Her sister licking her out back there resulted in Cassie clenching down on his hardening muscle.

"You're getting close," Harry said. "You really want to cum."

"Please, I want you to cum too," Cassie said. "Won't it feel nice to cum inside my pussy?"

Harry smiled. He knew what she was trying to do and he appreciated how she was doing it. Her pussy clamped down on Harry when he filled her up. He pushed deep inside of Cassie.

"It would feel good, but do you think you're going to really last the distance?"

Cassie responded by shaking her head, despite her best efforts. It didn't help what Thalia was doing behind her. She was using that wicked tongue to loosen up Cassie's backside. Oh, how she would want to return the favor later on. Now all she could focus with ramming herself down on that cock. Passion spread through her loins when sliding all the way down on Harry.

"Yes, I'm feeling good," Cassie moaned. "Give me your big cock. Wreck me with your huge cock…..stretch out my pussy with it!"

Cassie bounced higher on Harry's cock. She was cumming, but she didn't care. She would have to receive Harry's gift on another day. His fingers shoved underneath Cassie's nipples and tweaked them which got her going even more on Harry. Cassie pushed her wet walls down his thick, intruding cock.

She came, came very hard. Harry could feel how hard she came. He just barely held himself back.
The goddess bounced on his cock for all it was worth. She tempted him, but Harry wasn't going to go down, not yet anyway. He picked up the pace and shoved inside her. He buried his length inside of her wet center.

"Yes, it's good," Harry groaned. "You're doing good, so close."

Cassie eagerly nodded. She couldn't believe it to be honest. She slid off of Harry and a second later, Thalia took her place on Harry's mighty rod.

"Going to have to finish the job my sister started."

The tight muscles squeezed down on Harry. He watched with Thalia holding onto Harry's tool and releasing it with a fluid pump. She got hot at how it stretched her in numerous ways. Harry pushed her body closer into his. He touched her and she moaned.

Thalia really was riding his cock, determined to outdo Cassie. They might have gotten along great, but the competition of a sibling rivalry was well and truly alive.

The dance continued, with both girls trying to wear down Harry's resistance. He gave them multiple orgasms a piece, losing track.

Harry smiled, his ability to hold himself back drove both of the girls nuts. It only drove them to want to pleasure his rod even more. They had divine stamina as well, which made this a pretty good battle of the wills with each other.

Both Cassie and Thalia laid on the bed spread eagle. Harry drilled his cock inside of Thalia a few times and worked her to an orgasm at a rapid fire rate. He switched over and slid his cock inside of Cassie, doing pretty much the same to her.

Thalia thought she was going to die. So many orgasms in such a short time drove the demi-goddess nuts. She craved Harry's gift. Her body ached for it.

He moved over towards Cassie and did the same thing to her. Cassie longed for Harry, longer than Thalia longed for him. Harry showed why he was a god among man. The emerald-eyed sorcerer picked up the pace and brought her to an orgasm which she was sure was deep into the double digits when adding them all together. Harry rose up and shoved into them.

Both pussies were willing and able to take a pounding for Harry. He could feel his load swelling up. Harry pushed deep inside of her body, filling her up and then emptying each other with his hard cock. Rapid fire thrusts bombarded their inner walls.

"I'm getting close. I wonder which of you will be the lucky winner."

"Please Harry, give me your cum!" Cassie yelled. "I've wanted it for such a long time!"

"Yeah, but I've latest far longer with my orgasms than she did," Thalia begged him. "Give the cum, give it to me! Please, give it to me!"

Harry chuckled in bemusement. Both of these girls really ached for him. He alternated between both of them, giving them a couple more climaxes for the road.

No matter who got the gift, neither girl was the loser, because they received an amazing night, which turned into an amazing morning after Harry put them through the paces. Their thighs would most certainly remember where Harry had been for such a long time.
Both also had their shared experience as sisters. Harry picked up the pace and rammed their tightening centers. His balls finally reached critical mass and was ready to unleash. He just rode out the pleasure a little bit longer.

Both girls received a shared orgasm before Harry emptied his load inside one of them. Neither girl could quite tell who Harry finally finished off inside.

All they knew was their bodies exploded with such bliss. Both daughters of Zeus ended up pinned against Harry.

Harry smiled, knowing who had finally won that battle. And they would know when they woke up.

End.
"Thanks for coming….I hate to ask you for a favor, but it's my sister, I think there's something completely wrong."

Biting on her lip, Alex Danvers looked towards Harry Potter, the owner of one of the top technology companies in the world, and someone who happened to be an expert on alien biology. He helped her before in the past with DEO missions, but this was something more personal. Those green eyes locked onto her, and Alex took half of a step back. They were very empowering and caused excitement to spread over her body.

"I've noticed," Harry said. "It appears Supergirl is having a bit more of a relaxed attitude to the criminals out there…and she's made a costume change last time I saw. Something darker, more black….I have an idea of what it might be….are you familiar with the effects of Red Kryptonite?"

Alex could have smacked herself, why didn't she think of that at first. There were some many different types of Kryptonite, but Red Kryptonite, it's effects were a bit more, well they were a bit more unstable, and very much more erratic than possible.

"Red Kryptonite….Kara's cousin had problems with it before," Alex said. "And now, she's been infected…how long does the Red Kryptonite effects last anyway?"

"About seventy-two hours, give or take, but the cycle increases all the way until the end," Harry said. "I'm going to have to convince her to come with me, to run some tests."

"That might be a problem. She's not answering her cell phone, and I really don't know what to do. It's like….I don't know, it's like she's a different person."

The handsome young man shook his head and put a hand on the DEO Agent's shoulder. "Kara is a different person, but at the same time, it's deep, subconscious, selfish desires which are coming from the forefront. Haven't you had days where you just got sick of it all, and just wanted to cut loose, without any fear of who you might offend?"

"All the time," Alex said. "She might have stopped back by my apartment….but…"

Harry held his hand out and Alex took it. She wasn't going to lie, it felt rather warm, and his grip was very strong. The two of them flashed outside of the door, which was halfway open.

"It's not like Kara not to lock the door behind her," Alex said. "Then again, this Red Kryptonite is making her not like the Kara…at least the Kara I know….maybe I should talk to her."

"Maybe, that's not a good idea," Harry said. "If there's any resentment or jealously there with you, she could lash out in a bad way, and I wouldn't want to see her hurt."

Harry decided to step in and he looked at Kara, who was standing in front of a mirror. She dressed in a tight black suit which stretched around every part of her body. Slowly, she turned around, and had been taken aback for a moment. The suit left very little to the imagination.

"Harry Potter," Kara said. "I'm glad you're here."
Kara took another step towards Harry. She sauntered and looked very much like a lioness who was sizing up her prey. Her lips had been coated in a shocking red lipstick, and her eyes had a brighter tinge towards them. She couldn't get the "fuck-me" expression out of her eyes.

"I've always wanted to fuck you."

Alex blinked, Kara's thoughts were most certainly going out without a filter. She could feel something.

"Not as long as I wanted to fuck my sister," Kara said. "You know, Alex, she's pretty hot…she could get laid sometimes, she's pretty up tight. I'm thinking when I change a few things in National City… I can make her my servant…after all, everyone needs their own servant. Especially someone with a tight juicy ass like Alex….hey Alex, how are you doing?"

Redness tinted Alex's cheeks, and she stepped into the room, legs shaking. Kara's eyes locked onto her, and Alex realized Kara was looking at her with her X-Ray vision locked onto her. Kara slowly undressed Alex, going deeper inside of her.

"Kara, Kara, please, this is wrong!" Alex yelled.

"Oh, is it?" Kara asked. "Your nipples are getting harder. Is my naughty big sister getting horny at the thought of her little sister looking at her naked body?"

Kara turned around and she looked at Harry. Her eyes focused on his crotch. Kara moved over and cupped his crotch through his pants, before rubbing it.

"Are you getting turned out by Harry's big dick?" Kara asked. "I know you can swing both ways. Or have you seen it already? Have you seen it, when dropping to your knees like a little cock-whore, waiting to suck him off? I bet you get off on that, don't you, Alexandra?"

Alex breathed heavily.

"Kara, Supergirl…you need help," Harry said. His eyes flooded over, and his iron will was tested by this confident woman stroking his package.

"No, you need your cock sucked," Kara said.

She moved over and the next thing Alex knew, she had been handcuffed to the bedpost across the room, at the speed of light. It didn't help her mood, the fact her own sister handcuffed her, and it made her excited.

"And if you're worried about this little infection I have, then don't," Kara said. "The best way to get rid of an infection, is by sweating it out, at least that's what Aunt Lara told me."

Harry figured she had given him the idea to keep the Red Kryptonite invasion at bay. He took a bit more control, and grabbed Kara by the hair, shoving his tongue into her mouth. The Kryptonian enjoyed the tongue shoved deep into her throat.

Moans increased from the other side of the room, and it wasn't just from Kara either. Handcuffed, Alex couldn't do anything to relieve herself, which she knew her sister wanted. Kara relished having control once in her life.

Kara moved down and kissed all over Harry's body. She felt his muscles up.

"Oh, you're so strong," Kara said. "I guess it's true what they say. They need a strong man, to tame
a Supergirl."

Twelve inches of thick, throbbing meat pushed out in front of Kara. She smiled when wrapping a hand against his throbbing cock.

"Oh, this is too much," Kara said. "I can't wait to take this cock, suck it, it's so big. I want it in my mouth."

"Wanting and doing are different things," Harry said.

Kara kissed down the edge of Harry's cock. She made sure her eyes locked onto Alex's when kissing down the clock. The visual reactions from her adoptive sister made things more excited.

Kneeling before Harry, Kara took his cock into her mouth and sucked on him hard. She took him deep into her throat and released his manhood. Her salvia coated the manhood as well.

Ten fingers gripped into the back of Kara's scalp. Harry reared back and fucked away inside of the warm, tight mouth of the beautiful woman on her knees before him. His balls slapped against Kara's chin when fucking her.

Kara worked her way down the amazing pole. She released Harry's cock, and saw Alex trying to break free from the handcuffs. Smiling, Kara held up a key between her fingers and dangled it in front of Alex. The groan of her sister was obvious when Kara went all the way down on Harry's cock.

Alex wondered where her sister learned to suck cock like that, and wondered if her mouth and tongue could be used for other things. She got hot at the thought of Kara spreading her legs and eating her out. And it wouldn't be the first time.

Harry reached back and face-fucked a happily receiving Kara Danvers. Magic in the air, combined by Kara's Red Kryptonite exposure released some pretty potent pheromones. He gripped the back of the hair.

Swollen balls slapped against Kara's chip. She could not get enough of Harry's huge, thick cock going into her mouth. Kara bottomed out, looking up at him, with lust going through her eyes.

"Good, you're going to get what you want soon," Harry said. "You're good, being on your knees, serving your master, aren't you?"

Harry picked up the pace and prepared to launch his cum down Kara's throat.

"Oh, Harry, Kara, fuck," Alex moaned. "I'm so horny, I can scream."

Kara would have liked to see that. She grabbed a hold of Harry's firm ass and impaled his cock down her throat. Her moist throat hole was about ready to receive even more lubricant.

Blasts of white hot cum shot down Kara's receiving throat. Kara leaned her neck back to accept more cum than she could ever imagine having in her life. Harry grabbed onto the side of her face and emptied his balls into the back of her throat.

Kara sucked down as much of it, like a good little girl. And she could be good at being bad as well. She squeezed Harry's balls and felt them as they drained.

The Girl of Steel's inviting throat took Harry's thick, juicy batter into the back of her throat. Harry held onto her head and sent more cum spraying into her mouth.
Kara pulled away from Harry, and moved over towards the bed. She grabbed Alex and snapped the handcuff's off of the post. Alex met her sister at the lips.

Damn, she kissed so amazingly, Alex felt Kara's roaming hands all over her body. And also, the taste of Harry's cum on her sister's tongue. She would recognize it anywhere. Kara pushed her back onto the bed, and made sure work of her clothes, stripping Kara naked.

"Yep, X-Ray vision is night, but I like you unrestricted," Kara said.

Kara slid one finger inside of Alex and finger-banged her sister. Alex squirmed underneath Kara's ministrations.

"Is she normally this much of a submissive?" Kara asked, smiling towards Harry. "Oh, your cock is hard….well it's a good thing I have a nice wet cunt ready to be plowed."

Kara forced her finger deep inside of Alex. Alex's breasts heaved after Kara finger-fucked her.

"Harry, I need you, so badly," Alex said. "Take your big cock, and batter my pussy…..I need to get fucked by you."

Kara stood over Alex on the bed, and slowly stripped off her clothes. Alex looked up and saw Kara's shaven pussy, dripping. Some of the juices poured off and landed in Alex's mouth.

Twelve inches of cock brushed against Alex's welcoming slit. He pushed a couple of inches inside of Alex, stretching out her womanhood when going into her depths.

"Fuck," Alex said. "Use that big cock and wreck my shit!"

"You know, I should give you something more constructive to do with that nasty mouth."

The moment Harry entered Alex completely, Kara dropped down onto Alex. The forced pussy eating made Harry rather hard.

"I think after today, we're going to be closer than ever," Kara said. "Oh, soft, little Kara Danvers…..she wouldn't dare do something like this….no matter how much she wanted to. Making her big sister, eat her pussy out. How do you like that, Alex? Do you like licking my snatch? I bet it tastes good, doesn't it?"

Alex nodded and grabbed onto Kara's pussy. Her sweet tang came into Alex's mouth. It was so intoxicating and so good, Alex couldn't even deny it. It was good to have her baby sister's pussy shoved into her mouth and sucking on it, so hard.

The hard driving of Harry's cock inside of her tight body was also so good to be denied. Harry picked up the pace and drilled his massive rod deeper inside of Alex's gripping body. He rose up and pushed himself into her.

"I can see how tight she is," Kara said.

"She is," Harry said. "She keeps herself in good shape."

"Well, she has to have the stamina to be drilled by you."

Seconds passed and then Harry picked up the pace. His throbbing cock entered Alex's gripping hot pussy. He rose up and slammed into her body. She clutched around him, moaning underneath Kara. She opened her mouth and slipped her tongue between Kara's thighs.
Having Harry ride her pussy and Kara riding her face, made Alex very excited with what she was feeling. Her body sized up with more pleasure.

"Fuck, fuck, fuck me!" Alex breathed.

Alex's legs wrapped around Harry's body and shoved more of his engorged manhood inside of her tightening cunt. Harry rose almost out of her and shoved more of his engorged rod inside of her body.

"That's good….mmm…that's very good," Alex mewed hotly.

"I'm sure you think it's good," Kara said. "And don't worry, I can't wait to lick your pussy, but only after Harry puts all of his cum inside of it."

Kara got a full view of how Harry stretched her sister's womanhood out with his engorged prick. It was an amazing sight to see, and Kara could barely hold back her excitement. Her breathing increased when watching Harry rise and lower inside of Alex, stretching her out one inch at a time.

"Fuck her, fuck her senseless!" Kara yelled.

Alex pushed her hips around Harry's and pushed his cock inside her.

"Don't worry, it won't be the first time," Harry said. "Alex, just release yourself….cum….taste your sister when you cum."

Obedience entered Alex's body. She gripped Harry and took his engorged length inside of her. The feeling of balls slapping against her thighs made her feel good. Harry moved over to cup her breasts and worship them.

"Mmmm!" Kara yelled. "She really must want this….she must want to please you. I can't say I blame her. She does have some good tastes."

Alex gripped Harry's engorged prick with her smoldering hot walls and dragged him inside of her. She closed her eyes, breathing heavily when Harry plowed her insides, stretching out her moist center with everything he could offer her.

"Getting close," Harry said. "I want you to cum one more time. Really, feel it."

"Yes, Alexandra, really feel the burn," Kara said.

Alex's wet snatch clamped down onto Harry's cock. She wanted him, so bad.

Harry surveyed her toned beautiful body when taking his large, throbbing hard cock. He pushed his massive rod between Alex's waiting thighs.

"It's going to be good, feel good," Harry said. "And you've made your little sister nice and wet too. I can't wait to fuck her."

Clenching around Harry only made Alex hotter. She anticipated what Harry would do, when pounding her younger sister. Damn, did she ever want to be plowed, and plowed hard. Alex's wet thighs slid all the way up to meet Harry's cock. She gripped and released him with a more fluid motion than ever before.

Closer dragged Harry to the end. His orgasm was picking up. All he had to do ride over through one last orgasm on her part. He picked Alex's legs up and spread them to properly hammer down
between them. Her vaginal muscles squeezed Harry's intruding manhood. He rubbed down her legs and caused her a lot of pleasure.

A release had come with all three of the mutually. Kara's thighs released juices which saturated Alex's face. Alex in turn clamped around Harry and squeezed his love organ all the way into his depths. Harry's balls released their seed into Alex's warm and willing body.

Heavy pounding sent an obscene amount of cum between Alex's thighs.

"It would be so hot if Harry knocked you up, before knocking me up," Kara said. "Oh, you're such a good rug muncher…almost seems like you have practice."

Kara crawled away from Alex and got a good look at her face. A blissful expression spread over her face. Kara reached towards her and gripped the side of Alex's face. Her tongue met Alex's and she sucked the juices from the face of her beautiful sister, kissing her extremely hard.

Harry pulled away from them, and obscured the sisterly love shared by both Alex and Kara. Their groins brushed together with Kara planting some kisses on top of Alex's head, and then going moving herself away. She kissed Alex, and sucked the cum from her pussy.

"Yummy," Kara said. She slurped the combined juices away. "But, will it be as yummy as the two of us."

It took a second for Kara to detach herself from Alex and fly practically into Harry's arms. She wrapped her legs around him and playfully hoisted him off of the bed. Her hands rested on Harry's lower back when she lined up towards him.

"Have you ever fucked a girl above ground level?" Kara asked, smiling.

She slid her slick walls down onto Harry's engorged prick, already nice and slick from Alex's juices. It was a very naughty feeling to feel her pussy touh something her sister's pussy.

"I'm always open to new experiences," Harry said.

The touches of Harry's hands on her only inspired Kara to drop her pussy down onto his engorged rod, and ensure she had been stretched out. Kara's moist walls dropped down and then came up before falling down onto him. She steadied herself with a heavy momentum, riding Harry as hard and fast as possible.

"Don't hold back on me," Harry said. "Really ride me."

"Mmm, yes," Kara moaned.

She brought her hips down onto him. They wanted to really work up a sweat, well, Harry was going to make her work up a sweat. A set of nice firm breasts which swelled even more because of the Red Kryptonite exposure showed in front of him.

"Please, suck them, make them yours!" Kara yelled.

Harry took his mouth around Kara's nipples. They were entirely sensitive. Her hot moans increased when driving her walls down onto him. Harry's balls slapped against Kara's pussy. She shoved more of her nipple into them.

Suddenly, a sweet warm liquid oozed out of Kara's nipples. She found out another side effect of the Red Kryptonite exposure, namely it was making her lactate milk from her nipples. She pushed
Harry's mouth further into it, and Harry sucked them. Harry drinking from her made Kara excited.

"Baby, it's so good," Kara said. "Oooh, I bet Alex wants a taste, doesn't she?"

Kara lowered down just enough so she could hoist Alex up off of the bed. Alex hovered, and came face to face with Kara's swollen nipple.

Much to her credit, Kara held onto Harry. She just kept dropping and lowering on his cock when swinging in mid-air. Her legs were more than strong enough to hold him up.

"You look famished, sis," Kara said.

Alex found her mouth wrapped around the nipple which Harry didn't suck. Her sisters breasts were bigger, that wasn't a side effect she knew about from the DEO files. And they were giving a very taste, very warm milk. Alex found herself quite addicted to sucking her.

Kara closed her eyes, and enjoyed the fact Alex and Harry drank from her nipples. She could feel Harry's fingers on her ass and shove his cock deeper inside. This only forced Kara to hold onto the back of her sisters head.

"Suck all of my warm milk out of my nipples, Alexandra."

Alex wasn't going to lie, when Kara said her full name, it made her very wet. It was just the sultry way she said it which made her nice and hot.

Kara moved her free hand between Alex's legs and stroked her.

"Harry fucked you raw, and yet you're still soaked," Kara breathed. "Or is it because you're drinking your baby sister's milk from her swollen tits?"

Harry drove deep inside of Kara's pussy. He could see her working up a bit of sweat, hoping he could keep her sedated. Then again, he had a perfect distraction to keep Kara at bay.

"I know you're trying to distract me, to keep this bad, bad, girl out of trouble," Kara said. "Well, if you're trying to distract me.....baby, it's working. It's really.....really...working!"

Harry bottomed out inside of Kara. The feeling of her tight pussy around him was good.

"You're mine now," Harry said.

"If I keep getting some of this, and if you can last for a long time...then I'll be yours.....I'll kneel before you, and more," Kara said. "I think we broke my sister."

Alex's mind faded into lust mode. Her sister stroking her pussy and making her suck on her nipple was good. Alex dangled by her mouth on Kara's nipple. She could drop down to the bed, but why would that be a practical idea at all?

Kara demonstrated her supreme tightness, taking Harry's long, engorged rod inside of her welcoming womanhood. Harry picked up a steadier pace and plowed Kara's smoldering center with everything he had and then just a little bit more. His balls slapped down onto Kara's wet thighs.

"Yes, yes, I'm yours," Kara said. "Cum inside me.....make me yours forever."

A stray thought entered her mind, wondering in the Red Kryptonite increased her fertility. She milked Harry's rod to try and find out.
Alex lowered gently to the bed, licking her lips. The taste of the warm milk left by Kara only made her hornier than ever. Her thighs ached, and she looked up into the sky. Harry’s cock still entered Kara. She really wished for X-Ray vision to see.

Throwing her head back, Kara thanked Rao for this blessing. She was starting to feel a bit less liberated, but at the same time, she was glad she had this moment. The awkwardness of when this wore off would be a conversation. She dropped herself onto her.

"Finish this," Kara said.

"We're almost there," Harry said. "But, you should go first."

Harry enjoyed the feeling of her warmth. These feelings were just inflamed by the Red Kryptonite, they were already there. Kara clenched him hard and drew his cock. Her milking vaginal muscles made it very hard for Harry to sustain himself.

"Harry, Kara, oh God, this is so hot."

Kara wasn't going to deny the excitement of seeing her older sister get off. Juices flowed freely down Harry's cock. She released him and pushed all the way down Harry's engorged pole. She knew, sooner or later, it would be his turn to go off inside of her.

Kara grabbed Harry's shoulder and pushed down onto his engorged rod. She filled herself up with his mighty rod and released him with several fluid drops.

Next, his cum exploded and shot a thick load inside of Kara's pussy. Kara rocked up and down, stretching herself. Pleasure released from her loins centered around Harry's big, engorged breeding rod.

Harry relished the feeling of three more orgasms before he finished off his big balls, sending the contents into Kara. Her nipples oozed milk when Harry came inside of her. He buried his face between her orbs and sucked the milk dry, only to cause Kara to cum harder.

The two descended on the bed. Still feeling, frisky, Kara rolled over.

"Alexandra, what are we going to do with you? Fingering yourself while watching your baby sister have sex? Such a naughty girl! We should really punish you."

Kara pinched down hard on her clit, and Alex moaned delightfully. The Girl of Steel knew how much it made her sexy gush at being called her full name. She was really a kinky little sub.

Harry decided to observe this sisterly bonding, for now. He would jump in when things got a bit too hot and heavy. Now, Kara showed Alex how much she loved her older sister by worshiping every inch of Alex's toned, tanned, body.

'Wouldn't want to break up something so beautiful, at least not this soon.'

End.

Next Chapter: 4/7/2017.

Breeding Ground Chapters 126 through 130 Girls:
Susan Bones and several others found it kind of hilarious how the Ministry of Magic was able to cut their own wrists better than anyone else. They banished Harry Potter from Britain after saying he disrupted magical society which was a funny way of saying that he went against the Ministry's narrative. Much to everyone's surprise, Harry Potter left willingly and he wasn't the only one to walk out the door.

He left, only to end up screwing the Ministry over, by holding them accountable for their actions. The United Nations learned of the Ministry breaking several of their agreements, and the International Confederation of Wizards got involved. Then it all snowballed from there, and the Ministry was now under the watchful eye of a collection of newly created council.

Voldemort's campaign might have only affected Britain, but the Ministry allowed it to happen, and given how much several country's relied on Britain for trade, it could drastically effect more than that one little corner. And then, when the non-magicals get effected, then there were problems.

Susan's aunt, Amelia, had been elected to be one of the members of the committee, the official Ministry of Magic representative for the committee in fact. The same old collection of idiots tried to intervene.

It was a thing of beauty to see people like Nick Fury rip into the Ministry idiots for getting in his way of protecting the interests of the world at large. Fury might not have been a boy scout, and might have done some very questionable things in the process, but still it was rather good.

Susan found herself in the home of the most hated man in the world among British magic users. Yes, even more hated than a man who slaughtered countless before he finally had been put down. She dressed in a button up green blouse and a skirt which came down past her stocking clad thighs. Harry invited her into his home, and she was very curious to see where this would go.

"Hey, Susan, isn't it?"

She turned around and noticed a blonde woman enter the room. She dressed in a tight pair of black pants, and a blue and red hooded sweatshirt. Her blonde hair came down with a black headband.

"Yeah, it's me."

"My name's Gwen, Gwen Stacy," she said. "Harry sent me ahead to inform you he's on his way."

"The Ministry isn't trying to drag him back home, are they?" Susan asked.

"Those idiots don't quite know what they had, until they got rid of it," Gwen said.

Susan sighed and stretched back. The first couple of buttons on her blouse came undone.

"So, how did you know Harry?" Susan asked.

"He's the minority shareholder of a company I worked for as an intern, well up until a year or so ago," Gwen said. "I've moved on to Harry's company, and am working in overseeing the applied
"I'd like to say you did a good job," Harry said. "It must have been nerve racking to be a decoy for the Black Widow. And I heard you wore the suit pretty well as well—at least according to Daisy."

Susan flushed a little bit when thinking about it. She had been asked to help out with an important mission, which would flush out a magical terrorist who had been hiding up in Canada. The Ministry refused to act, in fact, the man was from a well connected family.

And now that he had been caught, the man's family disowned him. So much for being well connected, Susan thought he deserved it.

"Well, I'm just happy to help."

"And we're happy to have you help," Harry said. "I think I should thank you more properly…..and also apologize for putting you in such a situation."

"Hey, I'm here, and I didn't even get a scratch," Susan said. "And the Avengers assured me there was no way I was going to get a shot. They thought….well, it doesn't really matter now, does it?"

"No, it doesn't," Harry responded. "Still, come with me."

Harry led Susan into the bedroom, and Susan blinked in surprise. She had dreams which started like this, but she never thought it would happen. Harry moved in closer towards her, and Susan hitched in a surprising breath. Harry made his way closer to Susan, her heart skipped a couple of beats.

"Harry," Susan murmured.

"Yes, Sue," Harry responded.

She braced herself to be kissed. Harry leaned and kissed her on the lips. Her mouth had been attacked by Harry's, his tongue entering. Susan opened her mouth wide, and enjoyed the sweetness of his kisses. His hands moved over and slowly unbuttoned her blouse.

Suddenly, things got a little bit more heated, as Gwen made her way behind Susan as well. Gwen pushed herself into her.

"You wouldn't be the first woman we took into our bedroom and rocked her world," Gwen said.
Gwen's hands gripped Susan's breasts and gave them a very nice squeeze. Her blouse dropped to the ground.

Harry leaned back and then kissed the side of Susan's neck. Her nice breasts pushed against her bra. Harry leaned behind Susan's back and then unclipped her bra to reveal her round breasts. Her nice, round breasts, with nipples sticking out were prime for Harry's touching.

"They're quite nice," Gwen said.

"Of course, that just shows how powerful they are," Harry said. "And Bones women always have had nice, round, supple breasts, haven't they?"

Susan nodded in response. Harry and Gwen toyed with her breasts and kissed her, before guiding her back onto the bed. The heat spread through her body and went through her loins. Gwen's fingers stuck between Susan's legs and touched her panties. She breathed heavily.

"Her cunt's nice and wet," Gwen said. "I want to get a taste of it….let her warm up, while she warms you up."

The belt unclipped and dropped down to the ground. Harry's throbbing cock came inches away from entering Susan's lips. Susan reached up and stroked him.

"You're really big," Susan said. "I have to have this in my mouth."

The redhead's body flared up. Her slippery tongue wrapped around Harry's throbbing hard cock, with Susan pushing down his balls. Susan ensnared Harry in her mouth and started to suck him. Just as Gwen's fingers parted her.

God, her fingers felt so good, it was almost like they were sticking to her insides and releasing them. They stretched her like nothing else.

Vibrations surrounded Harry's cock. He put his hands on Susan's head and plowed into the back of her throat. Harry stroked her red hair with her bright brown eyes look at it. Harry pulled almost all the way back and slammed his cock into the back of Susan's throat.

Gwen decided to retract her fingers, only to push her tongue inside of Susan's dripping hot pussy. Susan clamped her thighs around Gwen's face. The blonde's fingers stroked Susan's thighs and went down on her. Her thighs pushed deep into her face.

"Good, good, you're so good," Harry said. "You want to take my cock down your throat. And later, it's going to be inside of your pussy. You've dreamed about this all of the time, haven't you Sue?"

Susan Bones grabbed a handful of Harry and pushed her mouth down onto him. She squeezed him and released him, sucking his massive cock into her mouth. She couldn't answer. Her state showed more than enough answer. Susan reached down and squeezed Harry's balls.

His cock tasted really good. Susan couldn't wait to have it shoved further down her throat.

Harry rose up and pushed into Susan's mouth. He rode out the warmthness inside of her throat for as hard as possible. He leaned down and saw Gwen's face buried between Susan's legs.

"You and you're redheads," Harry said.

Mary-Jane, Natasha, Barbara, Jean, just to name a few, and now Susan Bones was the latest of Gwen's lips. She tasted the juices coming down. Gwen dug her fingers into the side of Susan's
thighs and licked her insides.

Time ticked by, and Harry plowed inside of Susan's mouth. He took a few paths into the back of her throat. The contents of his balls had been released into her mouth without any problems. Harry grabbed Susan's hair and rode on forward.

Susan closed her eyes and enjoyed the rush of warm seed spraying down her clenching through. He held onto the back of Susan's hair and pumped his seed down her throat. The warm rush of cum fired down her throat.

Detaching from him, Susan felt dazed and pleased. She turned towards Gwen, who pounced on Susan and kissed the redhead witch something fierce.

Those hands rolled down Susan's body. The only thing she wore now was her skirt and her stockings. Gwen attacked her with a feverish series of kiss and sucked the cum out of Gwen's mouth. Susan pushed her tongue back. Gwen showed how dominant she was being, and really heated up Susan's loins when kissing her something fierce.

The next thing Susan knew, several splatters of some sticky fluid tied her up to the bed. She had received a makeshift gag in her mouth.

Susan looked up at Gwen, with imploring eyes. Her nipples hardened thanks to the prospect of being bound. Susan's breathing increased, getting even more deep when she turned her attention towards Gwen. Gwen place a hand on top of Susan's hair and smiled when leaning closer towards her.

"I know, you should see how it's done," Gwen said. "Because, Harry doesn't have a cock like a normal man. No he has a big, thick cock."

Fingers danced down Susan's body. Gwen stopped and lightly drummed across her rib cage. Gwen turned around and stripped her hooded shirt and her pants off. She dressed in a lacy black thong which gave Susan a nice view of her round ass. Then, her breasts were contained in a matching bra with see through cups.

Gwen slowly edged forward to Harry, wrapping her legs around him. She took off Harry's shirt and revealed his muscular chest. Her fingers danced towards him.

"Are you ready?" Gwen asked. "Are you ready to show this hot redhead slut how to properly take a cock inside of her underused cunt?"

Harry smiled, and cupped Gwen's chest for encouragement. He squeezed her breasts while the blonde beauty sank down. The very familiar feeling of her wet pussy wrapped around Harry's cock. He held her hips and Gwen rocked up and down on him.

Gwen steadied herself and then rose up to meet Harry's rod. She pushed the heavy length inside of her body. The blonde bounced herself up and dropped down onto her body. She started to gain momentum and this momentum would not be lost by any means.

Legs squeezing Harry only made him push deep inside of her. No matter what, Gwen remained tight. That was one of the great things about her healing ability. It might not have been as potent as Laura's, but it was still very strong. Her hips rose up and dropped down onto his massive pole.

"Fuck, it feels so good," Gwen said. "And I'm sure she'll agree when she takes your giant cock inside of her pussy."
All Susan Bones could do was sit on the bed and watch the show. Her nipples grew even stiffer and the warmth spreading through her thighs increased. Susan's hips rocked up and down on the bed, trying to gain some momentum. She closed her eyes, envisioned Harry pushing his cock inside of her on the bed.

Gwen looked over her shoulder to see the poor little witch trying her best to get off, but she was failing. A wicked grin spread over Gwen's face and she leaned closer towards Harry, to whisper something in his ear.

"You are positively evil," Harry muttered.

Gwen just smiled and leaned back to provide Harry with better access to her bouncing breasts. Harry raised his fingers up, hissed, and then flicked his tongue.

Thrashing started from Susan Bones making her ride up and down on the bed. Pleasure surrounded the redhead. It started with a tingle and then spread through her body. It was only teasing her though. Susan couldn't break free from this position if she tried.

"Fuck, fuck, fuck me," Susan breathed.

Susan turned her hips and dropped them down onto the bed.

Gwen pulled away from Harry and got on her hands and knees. Her face now practically came close to Susan. She wiggled her ass at Harry. Harry responded by spanking it, which drew pleasurable moans from Gwen.

"I'm going to fuck you right in front of her."

No sooner did Harry declare his intentions, he followed up on what he said. Gwen appreciated Harry was a man of his word. His long cock stuffed Gwen completely full.

"Fuck!" Gwen moaned.

Harry held his hands at Gwen's hips and rocketed his hard cock inside of her body. He pulled almost all the way out of Gwen and plunged his massive rod into her body.

"Yeah, that's so good," Gwen mewed. "Give me your big cock. Show her what she's going to get….she's going to take it any way you decide to give it to her."

Susan's eyes flushed over. She could not believe how well endowed Harry was, but at the same time, it made sense. He was the most powerful wizard in the world. She chanced a look at Gwen's face which had permanently been screwed up in orgasmic bliss.

Harry allowed Gwen's mind to catch up with her body. The thrusts turned very slow and for a second, it looked like Gwen was going to break in absolute frustration. Harry pulled away from her and pushed deep inside of Gwen's tightening vice, to really blow her mind.

Heat built up to a fever pitch. Gwen's mind shot forward through several rounds of pleasure. Harry rested his hands on her hips and pounded his way into her smoldering hot depths. He slid almost all the way out of her and shoved his massive length inside of her.

Something which brought Gwen more pleasure than Harry's hard rod penetrating her, was Susan's face. The poor witch was frustrated when was getting Harry's massive cock inside of her.

"Better wrap me up, love," Gwen said. "I think she's going to break sooner rather than later."
"Don't you get off on that though?"

Gwen smiled in response. Guilty as charged pretty much showed how she felt. Harry picked up the pace and slammed his hard cock inside of her welcoming vice.

Harry rode out Gwen's latest orgasm. His balls tensed up and he knew one of his own were about ready to come around the corner.

Susan's heaving breasts rocked up and down. She could see Harry was putting Gwen through the paces, about as much as she wanted to be put through the paces. She couldn't vocalize her desires thanks through the gag Gwen put around her mouth. Her nipples ached and begged to be touched as well. Her pussy, after that tiny tease of magic, was on fire, and the only way to put out that sexual desire was one big cock.

Time grinded by, and Harry worked himself into Gwen from behind. His hands rested on her hips and plunged deeper inside of Gwen. He pushed into Gwen and stretched out her wet, gripping pussy. Harry held his hands on her and shoved it inside of her.

His balls released their bounty inside of Gwen, but not before he gave her one more mind blowing orgasm. Harry plowed into her depths. Her breasts bounced with Harry holding them for leverage when pushing into her dripping hot cunt. Harry shoved his thick rod into her warm, gripping pussy.

Harry finished up inside of Gwen, and Gwen took a second to recover from a hell of an orgasm. She crawled on top of Susan's face, and slipped the web gag away from her.

"Oh, Suzie, it's dinner time."

Warm cum oozed from her pussy. Susan got her first taste of the combination of both Harry and Gwen, and oh boy, was it very delicious. They were both pinnacles of their sex, and Susan was getting a double dose of them. The cum oozed into her mouth.

Harry crawled over and made sure Susan kept her thighs nice and spread for her. Her moist center beckoned for Harry. He reached down and held her breasts.

"Now, you're ready," Harry said. "And….it's going to be a tight fit, but I can manage it."

He took the plunge and what a plunge it was. Harry noticed straight away how much she wanted this. He picked up the pace and shoved his massive pole deep inside of Susan. The redhead pushed herself onto the bed.

Susan clenched around Harry when he rose up and slammed himself into her. She never had felt more excited ever. The witch's breasts jiggled from the impact of Harry driving his huge cock into her. The only thing Susan wished for was to wrap her legs around him.

"You're right, Hufflepuffs are the best pussy munchers," Gwen said, smiling.

Susan held onto Gwen's ass and just showed how good of a cunt muncher she was. Her face buried deeper in between Gwen's smoldering, wanton thighs. She closed and opened her thighs to further bring Gwen into her mouth.

Harry played with Susan's needy breasts. The ample flesh fit in his hand. They hung out like overripe fruit, ready to be plucked off of the vine. His palms grinded over Susan's nipples and she breathed heavily. Harry kept toying with her breasts and it kept making her pleasure.

Sounds of firm flesh slapping together echoed. Harry pushed his throbbing rod inside of Susan and
stretched her out. The beautiful woman's warm center fit around Harry's cock when he pushed himself deep inside of her. Harry pulled out and pushed in with a few more rushes.

Gwen rocked herself up. She always enjoyed seeing Harry push his hard throbbing cock inside of a beautiful woman. And Susan was a prime piece of pussy meat, no question about it. Her body reacted very nicely to Harry. Not to mention, the chesty witch's wicked tongue petting the inside of her body. That was very amazing.

Harry picked up the pace and plowed Susan. He could only hear the lightest of moans. Every time he touched a tempting area of Susan's body, she twitched, and squirmed underneath him. Harry slammed his hard rod inside of her womanhood. She rose up to meet him.

"Sue, you're so wet," Harry said. "I think you can flood an entire desert if you're not careful."

Her hips grinded down against Harry and lubricated his manhood. Harry's cock rocked down onto her and pushed inside of her body. Susan groaned at how much her thighs were getting a very nice workout. Harry wasn't holding back either, that was the amazing part with all of this.

"She's wet because her cunt demands a big cock like yours to fuck her daylights out," Gwen said.

"I wouldn't argue," Harry said. "Every time I push into her, she doesn't want to let go…but she wants it….just like she wants to cum."

One single trigger word resulted in the biggest, most spectacular orgasm Susan ever felt in her life. Harry plowed it down inside of her and rocked her.

"She's gotten webbed and boned," Gwen joked. "Yes, that's the spot. Make my pussy cum all over your pretty face. That's right, you naughty witch, make me cum."

Susan's eyes watered with the pleasure. Gwen rode her thong. The feeling of her perfect ass and firm thighs made Susan clench Harry's cock which already made her feel beyond amazing.

"She's making it hard to resist," Harry said. "But, I'm sure she wants a nice, full load of cum….more cum than she can handle."

Susan wanted just that. Every time Harry's balls touched her, they seemed a bit fuller, and a bit harder. Susan clenched her legs around him. Her hips grinded up against him and took the length of his cock into her.

"Getting close," Harry said. "I'd like this slutty body to cum. You're built to fuck, aren't you Suzie?"

Harry held his hands on her and shoved his rod into her body.

"She…she is," Gwen panted. "Her big tits, her toned body, her thick ass, her long legs…..she's a fucking redhead slut who deserves to be plowed until she can't take any more."

Harry hammered Susan's body. Susan rose up halfway from the bed, and received more of him. She wanted everything. Her womb prepared itself to be seeded with Harry's juices. It was every witch's dream.

"Will you be lucky?" Gwen asked.

A heavy pounding of her pussy continued. Harry rose completely up and shoved his cock inside of her. Buried balls deep inside Susan Bones was a great feeling. Her body clenched around Harry and
took his massive rod into her. She wanted him, and wanted all of his seed.

"She's built to fuck, and she's built to take a nice load of cum inside of her body," Gwen said. "Bury your cock inside of her. Shoot your nasty sperm inside of her womb, knock her up. Make her your bitch forever."

All of these thoughts ensured Susan furiously milked him. Harry took his hands around her hips and plowed into her. He wasn't going to stop jamming his cock inside of her, until his balls were emptied of all seed. Harry pushed up and dropped down into her.

White hot cum sprayed inside of Susan. Susan grabbed and released his hard cock, to fill her completely up. Harry slammed his rod into her body and emptied his balls.

Susan sighed in content, her womb having been seeded.

"I think she received an adequate reward for her services," Harry said.

"I agree….but her rewarding is just beginning," Gwen said.

End.
Harry returned from acquiring Slughorn's memory, which was a very tedious process to say the least, but he did it. It was very interesting how Slughorn was the one who gave Harry the tools needed to extract the memory from him. It almost made Harry break out into a very slight smile when doing so.

He entered the Gryffindor Common Room, and could hear a frustrated sigh from the couch. Curiosity, got the better of Harry, as it did way too many times. He saw her sitting on the couch, Lavender Brown. The girlfriend, well for lack of a better term, of Ron Weasley, and the normally perky blonde beauty looked distraught. She sat on the couch, with a box of tissues, chocolate wrappers, and what looked to be at least three bottles of fire whisky emptied, sitting on the table. She dressed in her Hogwarts uniform, the button up blouse doing very little in hiding her immense chest, and the skirt showing her stocking clad legs.

Lavender kicked her shoes off. She threw her hands into frustration.

"What did Ron do now?"

The witch almost jumped off of the couch, and pointed her wand. She barely only relaxed it when she saw Harry Potter standing there. Her frown deepened.

"Why does it have to be Ron?" Lavender asked. "Why did Ron have to do something? Why is it always about Ron….what is it always about that selfish, two-timing bastard…..who I bared my heart and soul out to….and then I go and find out it's a fucking lie, this last year has been nothing but a fucking lie!"

Harry could tell Lavender was upset and he sat on the couch. She didn't lash out and attack him.

"What happened?" Harry asked.

He adopted his calm demeanor which Lavender knew from the DA, and she missed that group as well. Snape was a right bastard. He knew his shit, but he wasn't fit to teach.

"I saw….Ron and….Hermione," Lavender said, spitting out that name like it was pure poison. "They were coming down from the dormitory….and it wouldn't be so bad….if he said something, but he just stood there with that dopey look on his face….that stupid fucking dopey look he always has on his face, when someone talks to him about something other than Quidditch or Chess…you know the one, don't you?"

"I might be familiar with it, yes."

Harry put his hand on Lavender's and marginally, she felt better.

"It made me sick," Lavender said. "And then…..I went to the Hospital Wing….and then I find out….I've been being doused with an infatuation potion for the past year. Can you believe it?"

"Infatuation potion?" Harry asked.

"Yes," Lavender said to him. "It's like a less strong version of a love potion, where the effects
aren't all consuming, but…..you overlook the flaws, and the person you're key to, they start becoming your life. And nothing else matters….you want to sit there and suck their face in like you're a bloody vacuum cleaner."

Harry raised his eyebrow.

"I take Muggle studies," Lavender said. "But, that's not the point. The point is, for the past year…..I've been with him…."  

"You weren't with him, with him?" Harry asked. 

"Ugh, no, thank Morgana," Lavender said. "Just snogging…I'm not sure if he would have been able to do much more without a detailed diagram…the point is…a year of my life….I'll never get the fucking taste out of mouth….ugh!"

She hoped to drain it out with Firewhiskey, which seemed to have worked.

"So, he's that repulsive to you," Harry said. 

"I know he's your friend, even if I don't know why you would put up with someone like him when you're Harry Fucking Potter, and you can do better," Lavender said. "No offense…..but I don't know how you could put up with either them. And I've shared a room with Queen Granger for the past five…six years."

"And you do realize firewhiskey is strictly prohibited," Harry said. 

"Yes, and if she says anything, I might just take the bottle and stick it straight her….."

"Lavender," Harry said. 

"Well, it's the most action she'll ever get," Lavender said with a sigh. "If she's pinning her hopes on Ron, boy is she for a let down. He just….laid there, and he wasn't a very active participant in the snogging….stupid infatuation potion."

Harry frowned, he wondered who gave Lavender the infatuation potion. Ron was obviously out, because he seemed shocked and surprised about Lavender's interest with him. And Ron was not smart enough to be a good actor. He wore his emotions on his sleeve, and unfortunately, one of those emotions had been jealously. Harry wondered who could have…..no surely not. 

"I kind of don't want to hear about Ron…um….."

"Right," Lavender said. "I'm sorry….you have more than enough to worry about. While all of us are worried about our little relationship drama, you've got him….you've got…..Voldemort."

"Thanks, Lavender, I appreciated that," Harry said. 

"You spent a year telling us not to be afraid of a name," Lavender said. "Some of it had to rub up on some of us…..boy, that feels really good to be able to say it, doesn't it?"

Lavender looked towards Harry. Her blue eyes met his green eyes. Those beautiful green eyes which were the talk of many women in the school, and Lavender would be lying if she didn't say she had been enamored with them slightly as well. She smacked her lips together, thinking what she might want to do. 

"I'm sorry if I yelled at you, and ranting about your friends in front of you," Lavender said. "It's
just….well….I guess…..there are some things I'm never meant to understand. I'm not one of the top students in my year."

"No, but you're not stupid either, Lavender," Harry said. "You always worked as hard as you could….and just because you don't memorize all of the course books back to front, it doesn't make you stupid."

Lavender moved a little bit closer towards Harry. "Did you try telling…her…that?"

"What makes you think she would listen to anything I say?" Harry asked. "She's stubborn and set in her ways….you know….she's a bit salty this year at me anyway, with how well I'm doing in Potions."

"Mmm, yes," Lavender said. "She never does well when she isn't the smartest person in the room. Remember her temper tantrum in Divination?"

Lavender smiled, because she did have a bit of a flare for that art, and Hermione Granger didn't. She was smarter than Hermione at something. Good, she deserved to be take down a peg or two.

"And I'm doing it again," Lavender said. "Really, sorry, I just had to get this all off of my chest….and you seem to have the most experience in dealing with them. I know you don't want to hear about this, but I had to say it."

"Hey, I'm well aware of their flaws," Harry said. "No one's perfect."

"No, I guess we can't hold it against people for not being perfect," Lavender said. "And those who aspire to me are the least perfect at all."

Lavender wanted to forget this horrible night, and she had Harry Potter right here on the couch, right next to her. Morgana, he looked so handsome, Lavender could barely breath when looking at him.

'Oh well, Harry Potter shutting you down can't be any worse than snogging a human garbage disposal for a year."

She leaned in and kissed Harry on the lips. Harry looked at her for a second, and then held the side of her face, before kissing her deeply one more time. Harry sought entry to her mouth and mapped every single inch of it.

Harry didn't know what spurred this on from Lavender, but he wasn't going to complain. She leaned into him with the kiss, her ample chest pressing against his body. They kissed, and started to explore each other's bodies.

Lavender slowly pulled away from Harry, and she felt something poking against her thigh.

"I didn't know how a real man could kiss until now," Lavender said. She opened the front of Harry's shirt and smiled when seeing this muscular chest. "Is it your first time?"

"No," Harry said.

"Oh, really, who?" Lavender asked.

"Lavender, I don't think I want people to gossip about my sex life," Harry said.

"Well, people gossip about your sex life regardless of whether or not I say anything," Lavender
said. "And besides, I can keep a secret."

"Fine," Harry said. "Cho Chang, Katie Bell, Angelina Johnson, Alicia Spinett, Fleur Delacour, Susan Bones, Daphne Greengrass, and a couple others I don't want to get in trouble if this gets out, because their jobs will be on the line."

Lavender's imagination worked out the fact Harry might have slept with one of the younger, female teachers here at Hogwarts, but she couldn't say who, and Harry wasn't going to say who. Or maybe, it was that Auror…what was her name….Honks….no, wait Tonks, yeah that was it.

"Well, that's about….Fleur Delacour, you serious?" Lavender asked. "I can't say I blame you."

The busty blonde sighed wistfully. The girls dreamed about the French Champion just as much as the boys, so many pairs of ruined panties that year.

"Is this your first time?" Harry asked.

"With, a boy, yes," Lavender said. "Parvati and I…you must have noticed how close we are."

Harry smiled, he noticed. He pulled Lavender onto his lap and kissed her. He made sure the bulge in his pants grinded up against her. Her skirt rode up, and the only thing which separated them was their underwear.

Moans came from Lavender. Harry did a good job in stirring up her emotions, and also her loins as well. She wanted nothing better than a big cock to be jammed inside of her tight pussy, and just fuck away the memories of this shitty fucking year.

Nice legs, nice ass, and Harry was about ready to unveil her treasure. Two round perfect breasts bounced out after Harry unbuttoned her blouse. They were contained in a lacy black bra. Harry looked at the immense amount of cleavage ahead of him.

"So, how do they stack up with Susan's or Daphne's?" Lavender asked. "Because, I know you know."

Harry smiled, and unclipped Lavender's bra. Her untamed wonders came into the world and gave Harry more than enough flesh to grab onto. She closed her eyes and tilted her head back.

"They're very nice," Harry said. "I'd like to fuck them."

Lavender clenched her thighs and let out a breath. Was he being serious? He wanted to fuck her tits, well that was something. She hadn't even seen his cock just yet, and now she was curious how it would look sandwiched between her DD-Cup breasts.

"You better get to work, sweetheart."

Lavender dropped to her knees with a smile and undid Harry's belt buckle to reveal his massive prick into the wild. It was long and thick, and the girth was what wet dreams were made of. Lavender scooped up her breasts and rested them on Harry's leg. She moved in to engulf them.

Warmth surrounded Harry's aching cock. He pushed his manhood deep between Lavender's gigantic melons. He pushed up and then down between them. Lavender responded by giving a lot of friction.

"So, does this feel good to be between my breasts?" Lavender asked. "Because, I know it feels good to have your big cock jammed between my breasts!"
"It feels really good," Harry said. "Your tits feel really amazing."

Lavender wrapped her breasts around Harry's long tool. She could feel him, feel him pushed between her. She leaned in and kissed the edge of his mouth.

"Your cum is going to wash the rest of that nasty taste out of my mouth, isn't it Harry?" Lavender asked. "Oh, how did I not get with you sooner?"

"Better later than never."

The girl in question smiled, digging her knees down into the rug when pushing down onto him. The fact anyone could come down the steps and see her giving Harry Potter a glorious tit fuck made Lavender all excited.

Harry's hands tightened around Lavender's breasts and pushed them between them. He fucked some of the best breasts ever, Susan and Daphne, Fleur was obviously up there and Alicia had a pretty nice set as well. Nym had an unfair advantage and could make her chest as large as she wanted thanks to her abilities. Still, Lavender's were quite lovely, and Harry could bury his face and his cock in those melon sized beauties all day long.

"Are you feeling better, Lav?" Harry asked.

"Much better, now that I have your cock wrapped in my tits," Lavender said. "Oh, Morgana, it's so good, it feels so good. I can't wait to have your seed all over my face, and in my chest, and all in my hair. It would be so good to have this. Cum for me Harry, cum for me all night long!"

Lavender pushed the boundaries and shoved more of Harry's cock within her generous chest. She dropped down and released Harry with a few more pumps.

The pleasurable warmth of Lavender's chest made Harry groan. He held onto it and gave her a glorious pumping. Her screams increased in passion, but Harry didn't care. He just really went to town on her.

"Cum all over my titties! Soak them in your spunk. I want to feel your powerful magic jizz all over my nice, slutty tits!"

With talk like that, it would be very rude for Harry not to give Lavender what she wanted. He pushed his way into her.

Lavender licked and sucked his head when it reappeared. Her eyes watered with Harry pushing his cock in between them. It swelled and discharged its milky white fluids.

Said fluids shot into the air and got Lavender in the face, and all over her chest. Harry started firing off with a hose and covering Lavender's chest and face with his spunk.

Slowly, Lavender pulled away. She cupped a handful of cum into her hand and shoved her fingers into her mouth. One night of Harry Potter's cum made up for an entire night of whatever the hell Ron could shove in his mouth on any given day. Lavender drank the cum like it was her lifeblood.

She got up, bending over against the table. Her skirt rode up and showed Harry her panties. Harry rose up and took her panties, before shoving them down.

"Maintain the position."

Harry took charge of Lavender and she just had to love a man who could do whatever he wanted.
Harry pushed a single finger into her tight womanhood and turned it around inside of her. Lavender hitched a breath with Harry pushing his finger in and sliding it out of her.

"Harry," Lavender mewled.

"Relax, love," Harry said.

Lavender nodded, her body craved excitement and release. Harry spread her thighs, and started to stroke her between the legs. Lavender could feel his hands moved down and caressing her pleasure centers. He took her clit, pinched it and made it his.

In a blink of an eye, Harry pushed his face in between Lavender's pussy. He slowly, but surely nibbled her outer lips. His tongue coaxed its way inside of her gushing pussy.

Harry ran his hands over Lavender's nice plump ass while eating her out. Her perfect ass made him hate the fact, and not for the first time, the ladies of Hogwarts had to wear clothing which wasn't very flattering to the female figure at all. Harry pushed his fingers into her toned rear and squeezed it before going deeper into her.

Lavender Brown found out why Parselmouths were considered evil by most wizards. A rushing pleasure entered Lavender's body with Harry going down on her. She held onto the edge of the table and screamed out in pleasure.

"Morgana's hairy cunt!" Lavender yelled out loud.

It was like her entire body was being pleasured at once. Lavender couldn't hold back any more. That tongue was deep inside of her and making her feel behind good. Harry stretched it into her core and licked her insides. She became nice and wet with Harry's tongue.

Harry pulled away from her and turned Lavender over onto the table. Her legs spread for Harry. Harry pushed his fingers on the edge of her stomach and slowly ran his fingers down her. He brushed between her thighs and caused her to gasp.

"Do you want my cock?"

"Nice and hard."

The first time ever, a real male cock would enter Lavender's body and she couldn't wait. Harry dragged her over to the couch which folded back into a makeshift bed. Harry climbed on top of Lavender. His cock brushed against her flat stomach.

"Don't tease me," Lavender said. "I need this. I need this more than life itself."

Lavender tightened the grip her legs formed around Harry's waist. Harry smiled, she looked like she anticipated and feared this. Harry leaned in and caressed her beautiful face. Lavender gave him a sultry smile. His hard cock lined up with her entrance.

"Just relax."

Lavender relaxed, her thighs spread to accommodate Harry's immense length. It was beyond everything else she had inside of her. Harry pushed his fingers against Lavender's back and shoved his cock inside of her. His balls slapped against her wet pussy.

"Soooo….amazing!" Lavender moaned.
Harry moved into her a little bit faster. Lavender's tight walls caressed Harry, gripping him and releasing him. Harry bounced his balls against Lavender's gushing center. He slowly worked her up for the orgasm to end all orgasms.

The heat was very immense and her orgasm was going to be intense. Lavender shifted her hips off of the bed, and slammed his cock deep inside of her tight body. It stretched out every last inch of Lavender and made her excited for more.

Her screams were music to Harry's ears, and they were followed by Lavender tightly gripping Harry.

Harry grabbed ahold of Lavender's hips and piston ed into her tight body. Lavender rolled up completely to meet Harry. Her fingers clutched onto his back. It was feeling good, so beyond good it was great. Lavender enjoyed the feeling of the first orgasm with a cock inside of her exploding through her body.

She hoped there would be many more orgasms to come. Harry slowed down the thrusting, holding onto her hips. He picked up a steadier pace and rolled his hips down to meet Lavender's. Lavender pushed more of her warm center around Harry's cock.

"Just wait, you haven't see anything yet."

Harry held Lavender's elegant legs up and pounded into her pussy hard. Her beautiful shrieks filled the air, the more Harry rose up and slammed deep inside of her warmth. She gripped Harry hard and released him.

Every single last thrust brought Lavender to the edge. She wanted nothing else more than this cock to be remained buried into her. This was the best revenge, at least Lavender thought.

She was also not stupid, and had a pretty good idea who was the one who fed her the infatuation potion. Smug rule-abiding bitch could be pretty hypocritical when she wanted to be. But, Lavender didn't have much time to dwell on that because Harry was giving her pussy a good workout. It throbbed and too more of his cock.

"Again."

Lavender obeyed Harry's words and came again, harder. Her pussy ended up gushing around Harry. He pushed deep inside of her. Lavender gripped Harry hard and released him even harder. He pulled nearly out of her and shoved more of his length inside of her tightening vice.

"Fuck me, fuck me raw!" Lavender moaned.

"Well, if you're good," Harry said.

Harry grabbed her chest for leverage and this lit another sexual fire underneath Lavender. Just as much as Harry would go to town underneath Lavender, heavy balls pounding their way inside of her body. Lavender wrapped her thighs around Harry's hips and dragged him deep inside of her body.

Each thrust drove Lavender further to the edge. Her heart skipped a couple of heavy beats when Harry buried himself between her thighs.

"We're going to have to do this again," Lavender said.

"Not quite done yet," Harry said, smiling. "But, good to see you agree….and I'm sure Parvati
would want some of the action. And you wouldn't be a selfish friend, would you?"

Lavender shook her head, no she wouldn't be one. Right now, she had Harry buried between her thighs and now she could feel the pleasure coming. It was almost time. She rocked up and met him.

All good things had to come to an end. One more orgasm on Lavender’s end set off a chain reaction. Harry buried his cock inside of Lavender and started to fire several concentrated blasts of seed into her waiting, willing vagina.

Harry enjoyed the fact Lavender milked him dry. Her eager pussy took Harry's cock inside and milked it of every last drop.

Lavender collapsed on the couch, in better spirits than she was earlier.

"Thanks, Harry," Lavender said. "Do you think…you can help me to the stairs?"

She had gotten a good fucking and could barely walk. Not complaining, just stating.

"Oh, and something she might have neglected to inform you," Lavender said. "Boys can go into the Girl's Dormitories if they're invited. Godric put that loophole in there."

Handy information to know, and judging by Lavender's look, she had invited him upstairs for more fun.

"That wasn't in Hogwarts a History, I don't think," Harry said.

"The only thing good that book is for is a paperweight," Lavender said with a snort. "But…never mind….put me to bed, hero."

Harry smiled, scooped Lavender in his arms, and took her up the stairs for round two, this time in her own bed.

End.

Next Chapter: 4/14/2017.
Someone snitched on the DA, and thus Umbridge and her cronies were on their way. Harry told everyone to run and he really hoped they could make it back to their dormitories. Someone said something about the meeting, and Harry didn't really know who.

The good news was Harry knew the passageways about as well as the back of his hand, and he made his way through the hallway. He could hear the voices, and it was Malfoy, Crabbe, and Goyle. The last three people Harry wanted to hear when he was on the run from Umbridge.

'Damn it,' Harry swore to himself. He wondered if this night could get any worse.

"I thought I saw, Potter close by. Professor Umbridge will be pleased."

It made Harry feel good to know that Malfoy was a little boot licker like his father, it really warmed him. Okay, not really. Harry could see Crabbe coming down one hallway, and Goyle coming down one hallway, and boy did Harry really wish he had his invisibility cloak right now.

A door of a classroom opened up and a pair of hands pulled Harry inside before Crabbe or Goyle could reach him. Harry had been surprised, as the door slammed shut.

He came face to face with one of the most attractive girls in his year, and she just happened to be a Slytherin. Daphne Greengrass blonde hair, blue eyes, and supermodel like figure caught the eyes of many men. She had a pair of round, ample breasts which drew the attention of many guys, a nice slender waist, a pair of wide hips, and those legs, which currently were wearing a pair of stocking clad.

"Greengrass, what are you doing….."

Daphne grabbed Harry by the hair and pulled him into a kiss. Harry had been caught completely off guard by the actions of the sexy Slytherin. Her tongue demanded access into Harry's mouth and he granted it.

"Saving your ass, Potter," Daphne said. "Not all of the Slytherins want to see you expelled, especially when it means Malfoy and his bootlickers would have complete run of this school."

"Oh, that's…..but you kissed me," Harry said.

"Well, obviously, glad to see you know your being snogged when it happens," Daphne responded. "Seriously, though, if they find you snogging me in a classroom, that will be a lot less likely to get you into loads of trouble then it would being in the middle of an illegal defense group."

Harry had so many questions right now.

"Isn't PDAs against the rules?" Harry asked. "Because, I'm pretty sure Umbridge busted a lot of people on that."

"Well, we're not in public, we're in a private classroom," Daphne said. "It's not like you're shagging me in the hallways between classes."
Harry looked at Daphne, to be honest, the thought was very enticing. Was it just Harry's imagination or did a couple of buttons on her blouse come undone to give Harry a better view of her extremely ample cleavage? Harry thought he was going to faint when looking at it.

"Besides," Daphne said. She moved closer towards him. "It's better to get tagged with a misdemeanor than a felony."

Daphne wrapped her arms around Harry, and shoved him back onto the desk. She smiled when straddling him.

"And I'm fulfilling the fantasy of every single girl in this school," Daphne said. "And I have a bet going on with Tracey that if I seduce you first, I get ten galleons."

Harry was about to protest, but Daphne's warm mouth shut him up. This time, he returned the kiss, and he decided if Daphne wanted to have some fun, then why not, have some fun? The heat of the moment and all of the stress Harry had been under this year.

Daphne leaned into Harry's kiss. Excitement began to build through body. She could feel Harry rising through his robes, and the rumors that powerful wizards were well endowed reminded her of the fun.

"I want you," Daphne said. "And it's obvious you're being wasted in Gryffindor. A very important part of your education is being neglected."

Daphne slowly unbuttoned Harry's shirt. She saw his firm body, and smiled. There were a few scars on his chest, but they just added flavor. Daphne lightly brushed her fingers down Harry's scars and leaned deeper into him with a kiss.

Harry slid a hand up Daphne's skirt and started to caress her stocking clad thighs. His hand eased further to her center, and could feel her lacy panties on the other side.

He pulled away from Daphne and hiked her plaid skirt up to reveal a pair of green panties underneath.

"Welcome to the snake pit," Daphne joked. "I'm sure you know how much I've been looking forward to you stopping by ever since my second year."

Daphne's panties slid down right to her ankles and Harry slowly stroked her womanhood, kissing her something fierce. Daphne undid Harry's pants and pulled them down. The prize she sought had been revealed. One large, throbbing piece of meat had been exposed.

"How do you not trip over that thing?" Daphne asked. "Lay back so I can suck your cock while you show me how wicked you can with that evil tongue of yours."

Harry got the memo right away. He positioned himself on the desk. Daphne kissed away at his abs and got closer and closer towards his engorged manhood. It stuck straight up and positioned itself on the other side of Daphne's lips. Her juicy lips wrapped around Harry's hard cock.

Taking this large piece of meat into her mouth made Daphne's loins moisten with desire. She could not wait to have it inside of her, but she needed to play the long game. Harry's hands pulled down her panties and exposed her pussy for the world. His hands moved closer and he was seconds away from going inside of her.

Daphne's slick pussy exposed towards Harry. It had only a small strip of blonde hair, showing the drapes matched the carpet. Harry held onto her hips and slowly nibbled on the edge of her lips.
Daphne pushed her hips down onto him, her round ass bouncing when she ground against Harry's face.

Harry inched his tongue inside of Daphne. Her heated loins drew his tongue inside of her. Harry worked inside her, almost halfway, and then he pushed into her almost all the way. Then his tongue started to work and vibrate against her. He spoke Parseltongue inside of Daphne's pussy and she clenched his face inside of her vagina.

Daphne's eyes closed when she drew her lips around Harry's hard cock. It tasted very good to be honest, and she could not wait to get the nice creamy filling. Her hands moved up to clutch his balls. She cupped them, weighed them.

Both exchanged oral stimulations. Daphne intended to make Harry have one of the best orgasms ever in his entire life, and she was well worked up to one of her own. Harry grabbed her ass and went deep inside of her. His tongue danced on her insides and vibrated back and forth.

Daphne took him deep into her throat. His balls slapped against her jaw, and Daphne knew what was about ready to come next. She wanted the contents of those balls flowing inside her mouth, and knew how to get it. Her fingers danced against Harry's balls and stimulated a pleasurable encounter.

Harry's face rested in heaven. Daphne's heavy sucking only made him want to go down on her more. The two lovers entered a pleasure loop with each other. Harry grabbed Daphne's ass and went down onto her. She rewarded him with a flood of her juices onto her face.

The tension in Harry's balls reached a fever pitch. There was only one thing to do and that was for Harry to cum. He exploded and sent the contents of his balls flooding inside of Daphne's mouth. His balls kept slapping against her chin when pushing against her.

"Mmm!" Daphne moaned.

She swallowed all of the cum like a pro, while also gushing on top of Harry. Her thighs stuck to the face of the Boy-Who-Lived. Reluctantly though, Daphne pulled away.

Daphne turned around on the desk and turned towards Harry. She undid the rest of her top and then pulled off her bra. Her bra dropped to the ground. Harry's gaze focused on her large breasts. She was slightly underneath Susan Bones and Lavender Brown, and slightly above Megan Jones, on the Hogwarts Fifth Year Breast Scale.

"Want these?" Daphne asked.

"Who wouldn't?"

She had been able to get idiot Slytherins to walk into a wall just by a glimpse of her cleavage. It also worked well in getting information. Still, she never had them touched, never had them held, and never had them sucked, at least up to now. Harry dove between her cleavage and started to suck them.

Harry entered sweet pillowly heaven. Daphne's breasts were so warm and so squeezable, and very suckable as well. He held his face in between her nice warm breasts and sucked on them. Daphne tilted her head back and enjoyed the tender affections of the Boy-Who-Lived.

'Harry Potter is sucking my tits.'

Daphne couldn't help but feel a bit excited about that. Soon, though, it would be Harry Potter
fucking her. She could feel his cock getting back to full mast. Excitement went through her.

"Potter, you know what happens when a powerful wizard takes the virginity of a powerful witch?" Daphne asked. "They get a power boost."

"If, I'm going to be fucking your brains out, I need you to do me a favor," Harry said. His fingers slightly squeezed her nipples.

"What is it?"

"Call me, Harry," Harry said.

"I agree, no need to be so formal."

Daphne's wet pussy grinded against Harry's cock. She could feel him about ready to enter her. The teasing of her body only made Daphne more excited and wetter. Harry would have no problems whatsoever sliding inside of her and taking her for everything she was worth.

'Finally,' Daphne thought, smiling in excitement. She could hardly wait, her pussy was getting close to submerging Harry inside of her. Daphne pulled herself up and shoved her wet walls down upon Harry.

Harry grabbed onto Daphne and could feel her wrap around his throbbing hard cock. Daphne rose almost all the way up from this position. She was so gloriously tight.

Daphne took a potion to prevent the pain from getting her virginity taken. Harry's fingers rested on her hips and shoved his manhood into her. Her breasts bounced and Harry attacked her chest. His actions drove Daphne completely wild and she bounced herself on him.

"You keep this up, and you're going to fuck yourself raw."

Passion burned through the eyes of the Greengrass heiress, pure unbridled passion. She didn't give a fuck about fucking herself raw. All she cared about was having this huge, piece of meat buried inside of her body. He shoved his cock into her depths, driving it inside of her. Her bouncing increased.

The velvety walls squeezed Harry's cock down inside of her. Harry pushed inside of Daphne, driving his cock inside of her body.

"Potter….I mean Harry!" Daphne yelled. "Oh, this is what I've wanted for a very long time!"

She came with a scream which made Harry really hope she put silencing charms on the room. The thought drove out of Harry's mind just as Daphne rocked her warm hips up and down on Harry.

"You're so sexy," Harry said.

"The bad girls always are," Daphne said. "And I'm an evil Slytherin bitch, and you didn't have a chance inside of my pussy. Oh, you fucking heroic Gryffindor cock, pound my pussy…..pound it so raw!"

Harry drove inside of Daphne and caused her screams to increase in pleasure. Her body shoved all the way down on Harry's cock, stretching her cunt as far as possible. Harry picked up the pace a little bit more.

Nirvana, that was what Daphne felt. Pure, untamed sexual bliss, the type which stimulated all of
her senses. She got far more than she bargained for tonight. Not exactly a bad thing, no far from it. Daphne's loins had been pleasured to the edge. She bounced up higher and drove the point of her hips down hard onto Harry's cock.

"Mmm, give me everything you have."

Harry intended to give Daphne everything he had. She rode his cock, and Harry returned fire. He held on and pounded her pussy from underneath. Daphne's body dripped with a sexy sheen of sweat when rocking herself up and down on her lover. Her wet walls wrapped around Harry and engulfed him within her tight walls. She stretched around him and brought herself down onto him.

Daphne filled herself up with the engorged cock. Her orgasm increased in fury, with Harry burying his immense length in her. Every time Daphne thought Harry made her feel really good, something happened to make it better. He paid attention to all of those spots which brought her pleasure.

The dance went on for a very long time. Daphne didn't know how much time passed, nor did she care. All she cared about was feeling Harry stretch her completely out. She drove herself down onto him.

Harry held a firm grip onto Daphne's magnificent chest. She bounced into Harry's hands and went further down onto him. Daphne gripped him tightly and then released him. The feeling of her warm center made Harry get closer to the edge. He knew it was going to come, sooner or later. All he had to do was push his rod inside of her gripping body.

"Closer," Daphne moaned. "I'm cumming again."

Daphne could not wait for him to cum inside of her. Still, she played the long game and the very patient game for a very long time. Every inch of Harry's cock canvased the inside of her body. Daphne felt really full.

"Don't worry, I'm getting close."

"Good, I know this won't be the end," Daphne said.

Daphne bounced up and down on Harry's massive rod. It nearly split her in half. Her loins snapped and squeezed around Harry. She was getting closer to the edge.

"This is going to be good," Daphne whimpered. "I can't wait to feel this cock buried inside of me. It's going to be in so deep I can feel it."

One more orgasm on Daphne's part set off the floodgates. Harry buried himself into her and started to injected his seed inside of her body. Daphne bounced herself up and down on Harry, and milked him.

The two of them exchanged bodily fluids, with Harry fucking Daphne all the way to the edge. Daphne came two more times, and was working on a third orgasm before Harry emptied the ample contents of his balls inside of her.

"So, was it up to your standards?"

"Yes, up to my obscenely high standards," Daphne said. "Oh, Tracey managed to snatch the list before Umbridge got a hold of it…..you probably shouldn't have had that laying out in the open."

Daphne took a few seconds to sigh, her legs still wrapped around Harry's waist.
"Edgecomb was the one who ratted you out by the way," Daphne said.

"Edgecomb?" Harry asked. "I knew she couldn't be..."

"You might want to have a chat with Chang about dragging her friends to a meeting which they're not comfortable with being in," Daphne said. "Especially considering Edgecomb's mother is getting a little Fudge on the side."

Harry pulled a face.

"That's not something I want to imagine," Harry said.

"Then, I probably shouldn't even talk to you about what Umbridge and Fudge get up to behind closed doors," Daphne said. She paused. "Allegedly."

Not something Harry really wanted to think about, otherwise he would need a bucket. Daphne made her way down onto the ground, with Harry sitting on the desk. She grabbed his cock and milked it back to life.

"And I'm sorry," Daphne said. "I'm just going to have to do something to take your mind off of that traumatic thought."

Daphne's warm breasts wrapped around Harry's massive cock, and boy, the feeling of those large mounds of flesh wrapped around his tool felt really good. Harry grabbed them and rocked inside of them. Her breasts formed a nice seal around him and the nice flesh.

The sexy sixteen year old witch wanted to ensure Harry had some pleasure, but she was not done yet. She didn't want him to cum all over her face and tits, not tonight anyway. In the future, Daphne could have that pleasure.

Daphne climbed up off of the floor and then climbed onto the desk which was nearest to the door. She wiggled her ass and looked over her shoulder towards Harry.

"You know what to do."

Harry did know what to do and took the plunge. He filled Daphne's pussy, still slick and willing to receive for him. He started a little bit slow, but he knew she wasn't into that. Once he had been hard enough, Harry pounded her pussy something fierce.

"YES, HARRY! THAT'S IT! FUCK ME....FUCK ME! FUCK ME LIKE YOU'VE BEEN FUCKING ME ALL NIGHT!"

He had forgotten about the little mood killer Daphne told him about. Her pussy was that good, very tight, and it just feel tighter the second time around. The magic of magic could be a wonderful thing.

Speaking of mood killers, the door opened, and Draco Malfoy stepped inside.

"Potter, I've....WHAT THE HELL, GREENGRAASS!"

Malfoy looked at the debauched spectacle in front of him. The Malfoy heir never wasted a cutting word towards anyone he deemed beneath him, but right now, he was struck completely speechless.

"Malfoy, don't you knock?" Daphne asked.

"You're....Potter....you're.....Potter.....Potter!" Malfoy yelled. "POTTER!"
Harry could see Malfoy struck dumb, and that just made him want to pound Daphne harder. It was almost like he never saw anyone with as much pleasure as Daphne had on her face.

"Yes, he's fucking me, just like we've been doing since dinner," Daphne responded.

"So, Potter's been...whole time....we didn't....that lying bitch Edgecomb...we thought....." Malfoy said.

"Draco did you find them?"

"Pansy, I...don't come in here!"

Pansy Parkinson stepped around the corner, and saw, Daphne on the desk, with a cock inside of her. That was not the most shocking part as ever, and believe her, Pansy would have pegged Daphne as gay. However, the fact the cock belonged to Harry Potter.

Pansy's eyes followed, Harry Potter's giant cock, when it came in and out of Daphne. Harry Potter's massive, twelve inch cock, shoving into Daphne's tight pussy. Thrusting, harder, faster, harder, faster, and making Daphne scream out loud.

What was she going to say again?

"Pansy, stop looking at it please," Malfoy begged.

"It's huge," Pansy whispered.

"You know, Malfoy, if you're going to have a stroke, you might want to see Madam Pomfrey," Harry answered while pounding Daphne faster and ensuring she felt every thrust.

She came, and Draco decided to bolt, nearly falling back onto the ground, but he managed to hold himself up against the eye.

Daphne came ever harder at the fact Draco Malfoy had been utterly humiliated. She heard enough from Blaise Zabini to know Malfoy didn't have anything to compensate for his wonderful personality.

"Yes, Parkinson?" Daphne asked.

"May I watch?"

Her pussy tightened at the thought of someone watching Harry drive his cock inside of her body and make her cum even harder.

"What do you think?" Daphne asked after regaining her bearings. "Should we let her watch? Let her have a glimpse of a real man?"

"If you behave yourself," Harry said.

Pansy dropped down on the chair with a whispered "yes, sir". Harry only picked up the pace now he had an audience and Daphne's screams grew more intense.

Daphne thought she better enjoy this why it lasted, because once Malfoy recovered from his shock, he likely was going to rat them out to Umbridge. Good thing her mother knew where the skeletons were buried regarding the toad they dressed up like a woman.

Regardless, she would enjoy the orgasms as they came and feel Harry work his way up to another
load of cum for him. She contemplated in letting Pansy eat Harry's cum from her pussy. The bitch had a wicked tongue, and it was time to put it towards a more constructive use.

End.

Shifting Focus(Amanda Potter)

You got a suggestion for future chapters? Head over to my blog, which you can find under the Very Important Links, and the one and only Breeding Ground Suggestions topic. It's the first link on that page, and the very important links URL can be found on my profile. These are suggestions for girls to be included in the next set of randomizer selections as I write the next set of chapters starting with 151 in June. But, we still have several chapters in last years set to get through, so there's a fair bit of time. Please follow the rules for posting suggestions. Thanks. And now for the shameless porn.

Shifting Focus(Amanda Potter(one of Harry's OC twin sisters)).

Amanda Potter thought she had been alone in the house, one of the rare times where their house was rather quiet. Her twin, Emily, she had joined some friends, and Amanda decided not to tag along. Her mother, Lily, she was currently out on a mission, exactly what, Amanda didn't really know. And her other mother, Rose, she was on a tutoring job, of some sort.

Her brother Harry, well Amanda didn't know where he was. She could have sworn he mentioned something about visiting one of the many members of his collective, but for all Amanda knew, Harry could have been in space or had time traveled, or something. Only in their life would that be some perfectly normal options of what your brother was up to.

Amanda just had to laugh in amusement. She decided to get some work done, only to find her mind was drifting off. The sixteen year old witch prepared for her final year of school, and she wanted to get top marks. Amanda particularly didn't care much for school….well it wasn't the entire learning which bothered her. It was the educational process being so tedious which bothered her.

She had one more essay to finish. Amanda took a drink of water, and then spent a moment stretching. It kind of felt like she procrastinated, maybe because she did. Still, she returned to the essay, talking about counter-agents in poisons. The most obvious action would be a bezoar, but Amanda somehow thought it would not be logical. She remembered how certain counter-agents could speed up the poisons.

"Your mind is drifting, isn't it?"

Amanda almost jumped up in surprise. She saw Harry standing there in front of her. He dressed in a tank top and a pair of workout pants. She had been momentarily distracted by him.

"What did I tell you about sneaking up on me like that?" Amanda asked.

"I think you asked I didn't, but given I'm your older brother it's my purgative not to listen," Harry said. "So, you're working on Slughorn's essay for counter-agents?"

"Yeah, and I'm just having a bit of a block," Amanda said. "I don't think one word, underlined, of bezoar would be good."

"It saves you from most poisons, but not all," Harry said. "Basilisk venom for incidence, a bezoar just spreads the poison further….not that you'd be alive long enough to manage to get one….unless you had one taped to the inside of your mouth, and even then…"

"Right," Amanda said, nodding in response. "And you need Phoenix Tears, that's the only thing
which can counteract a basilisk.

Harry responded with a nod and leaned over towards Amanda. "Right, Mandy, but you need to be fortunate enough to have a Phoenix cry for you."

"Which you were."

"But, I'm Harry Potter."

The younger Potter threw her hands in the air and shook her head. That was her brother's answer to everything. Amanda took a couple of deep breaths, she didn't mean to be so flippant. It was just, she had a lot to live up to. Harry's grades spoke for himself, and both of her mothers were the top of their respective years as well.

"You need to think the opposite," Harry said. "The opposite of what the poison is..."

"But, for some poisons, there might not be enough time to stabilize the person," Amanda said.

"Yes, but different poisons have different symptoms," Harry said. "Some people black out, some people get really sick. Other poisons induce heart attacks or strokes…..and that means you can brew a simple counter agent, found in Standard Book of Potions, Grade Six. You should know them about as well as the back of your hand."

Amanda nodded in response. She didn't think about that.

"But, you can wait until later," Harry said. "Your mind is all over the place."

Amanda was about to protest what Harry said. There was no protesting to what he said though, it had been a long year at school, and now the summer leading to her seventh year was stressful. Emily was always the more studious one, so she had little trouble and had little stress. Amanda, on the other hand, needed to study hard to live up to her expectations.

"And you shouldn't worry about what I did or Mum did or Aunt Rose did," Harry said. "You're your own person, and you should appreciate it. Plus, the more you worry, the worse you're going to do. There have been people who have burned themselves over NEWTs, and crashed during exam time."

The younger Potter folded her arms together and looked towards Harry.

"And you can always re-take them over the summer," Harry said. "Or if you want to….if you're ready….I can talk to Minister Bones, and ask if you and Emily can sit them by the end of the summer?"

"I'll…get back to you on that one," Amanda said. "I can't believe you're telling me I'm the one who needs to loosen up. I just can't believe it."

Harry's strong arms ensnared Amanda. Amanda took special interest of how toned his arms were, and how nice his body felt against her. If she said she didn't have a crush on her brother, that would be a complete and utter lie. Amanda looked straight into Harry's eyes, so identical of their own.

"You're wound tighter than a cheap watch," Harry said. "So, believe what you want. Say what you want. Do what you will….but you need to settle down. Just take a deep breath, and calm down. Trust me, Mandy, it's going to all work out in the end."

Then, suddenly, Harry leaned in and kissed his sister on the lips. Electricity spread through her
body. Amanda had been shocked at first, but only for a moment. She grabbed the side of Harry's face and lightly kissed him, returning the kiss with everything she had.

Amanda pulled away from Harry, and there was only one thing she could say after pulling away from Harry.

"Wow," Amanda said.

Harry smiled and took Amanda's hand. He got a good look at his sister and how much she had grown up over the years. Her bust fit into the red tank top she wore, and her legs were in fine form. Harry took one squeeze at Mandy's ample ass, and she gasped.

"Don't think I haven't caught you spying on me in the shower," Harry said. "Did you really think I wouldn't notice your little spy screen?"

Amanda looked up at Harry when he guided her onto the bed. He pinned her wrists down. The Potter girl gasped when feeling Harry edge closer towards her. To say her heart was beating fast would be the understatement to end all understatements. It was beating fast, and Harry approached her.

"I'll deal with your sister, later," Harry said. "Right now, I'm going to deal with you."

With one tug, Harry pulled down Amanda's shorts and exposed her tight ass for the entire world to see. The nice, red thong covered her. Harry smiled when brushing his finger against the edge of the red string and snapped it down. He pulled Amanda onto his knee.

"You're a naughty girl," Harry said. "And you know what naughty girls get, don't you?"

Amanda bit down on her lip. "They get spanked, don't they?"

Harry slapped her ass one time. His hand left an imprint on the other side of her cheek. Harry lifted his hand and slapped Amanda down on her firm ass one more time. Her ass wiggled and Harry kept spanking it. Amanda breathed in and out heavily.

She was getting off on this. Harry spanked his sister's ass a few more times. The light moans entering his ears had been like music to his ears.

Suddenly, Amanda found herself rolled over. Harry peeled her panties off and revealed her pussy. Her lips throbbed with desire. Harry pushed one of his fingers against the edge of her lips and started to rub it. Amanda close her eyes at the sensation of Harry's finger stroking her smooth tightness. His palm rested against her lap, squeezing it. Amanda shifted her hips up, moaning.

"Fuck," Amanda said.

"Such a naughty mouth," Harry said. "Does little sister want big brother to add another finger into her pussy?"

"If I take these fingers out, I wonder if you would cry."

She tried to grab onto his wrist to keep those fingers inside. Harry slid the fingers outside of Amanda's gushing cunt. The witch deflated on the bed, whimpering in pleasure. Harry held up both
fingers and put them in Amanda's face. Amanda looked up and stared down Harry's dripping fingers.

"Look how soaked you made my fingers," Harry said. "I bet you're the type of girl who gets off on tasting herself, aren't you?"

Amanda feverishly nodded. Her pussy begged for Harry, but she felt those fingers slip into her mouth. She sucked the juices from Harry's fingers. Harry gripped her and shoved those fingers into her mouth, going deeper. He allowed Amanda to suckle them.

"Fuck," Amanda mewled the second the fingers.

"Look at what you did to your big brother, you kinky slut."

Harry removed his belt and for a second, Amanda thought he was going to spank her ass with it. The thought tantalized her something fierce. She looked up just in time to see Harry's long, engorged cock right in front of her. It was even bigger up close and personal, than the time the twins observed Harry and Fleur in action.

"You're going to suck on my cock."

The authority of the situation made Amanda comply. Her lips edged towards Harry's mighty cock head and she engulfed him in one fell swoop. The redhead's hair flipped back into her face. Harry held onto the back of her head and worked her over.

"You wanted your big brother's cock in your tight slutty mouth for a long time, didn't you?" Harry asked.

Amanda nodded in response. Her hands rested on Harry's backside and her lips pushed inside her mouth. Amanda's vacuum tight seal of a mouth wrapped around his cock.

Harry enjoyed the feeling of his hot younger sister sucking him off. Amanda looked up at him, eyes widened completely. His fingers grabbed the back of Amanda's head and pushed deep inside of her. Those balls slapped against Amanda's chin.

"Fuck," Harry said. "Hope you like the taste of cum."

Amanda looked up at Harry. Her hand gripped his balls and the younger witch gasped at how full these balls were. Harry held the back of Amanda's head and drove his cock into her tight throat.

"If you don't, you're going to have to learn to like it," Harry said. "Because, you're going to get a load of it, buried in your throat."

Amanda slurped Harry very hard. Her mouth lowered down to the base of Harry's cock and drew him in. Her excitement for the cum which was about to come made her body heat up. She rocked down onto Harry.

"I think you're going to enjoy this," Harry said. "Let your big brother choke you out with his cum."

Harry tightened his grip around Amanda's hair and face fucked his sister. She enjoyed it immensely. Harry filled her mouth and throat up with his gushing cum.

Amanda tilted herself back to enjoy Harry's warm cum filling the back of her throat. She closed her eyes and experienced the full warmth of a mouth full of cum well earned.
The final blast of cum filled the back of Amanda's throat. Harry sank down onto the bed and pulled her shirt off to release Amanda's nice, creamy, C-Cup breasts into the wild.

"No, bra, I see," Harry said. "It's almost like you were trying to get my attention."

Amanda gave her brother a slutty smile. "Maybe I was. I've always wanted to be fucked by you. I dreamed about what your big, strong cock would do to my tight little pussy. I dreamed about how it would feel inside of me, just stretching me out."

Harry pushed Amanda back onto the bed. His cock slapped against her clit and caused vibrations to come up on her body. Amanda closed her eyes and could feel Harry over the top of her. He started to kiss on the side of her neck.

He took extra care to cause marks to appear on Amanda's neck. His sister squirmed underneath Harry and felt his mouth. He kissed the side of her mouth, suckling on her neck. Amanda breathed in heavily and breathed out. Harry moved and attacked her breasts.

"HARRY!" Amanda yelled.

His mouth attacked her breasts and molded them. It felt really good to have Harry's hands squeezing her firm, round breasts. Amanda rose up off of the bed, her pussy throbbing with desire. She wanted this; she wanted this so very badly. Harry had her right where he wanted her, on the bed. There was no place she could go. Harry would have her underneath him. Her pussy was ready to be penetrated.

"Oh, Harry!" Amanda yelled at the top of her lungs.

Harry slowly ground a single finger between her thighs. Amanda lifted herself off of the bed, into Harry's fingers. He caressed her smooth womanhood.

"What do you want, sister?" Harry asked.

"You know what I want," Amanda said.

Harry kissed down from her breasts. He took the wonderful mounds. Much like Rose and Lily, the twins were very well endowed, and next year on Amanda's third maturity, they would grow even better.

"Say it, tell me it, or you're not going to get anything."

Amanda gasped it the second Harry's fingers danced about her ribcage. Her body melted underneath Harry's touch. Every single touch he gave her, each caress. It was lighting a fire underneath Amanda. And all she could do was sit back and take it.

"You know, what I want!" Amanda screamed.

"Tell me," Harry said.

Harry's hard cock head pressed against her damp slit. Amanda tried to push her hips up to get Harry's cock into her. Denied, and it made her feel both frustrated and very excited at the same time. Harry moved closer towards her womanhood. He ground about her wet womanhood.

"Tell me, what you want, dear Mandy," Harry said to her.

Amanda shifted her hips up off of the bed. Oh, Morgana, she was going to die if Harry didn't drive
his cock into her.

"I want you to fuck me," Amanda said. "I want your big, hard cock inside of my tight slutty pussy!"

Amanda squealed underneath Harry. His throbbing cock pushed against her. Amanda lifted her thighs up off of the bed and slowly, Harry sunk between them.

Inch, by glorious inch, Harry filled Amanda up. She couldn't believe it wasn't all in her. It just stretched her out.

"Sweet, fuck, Harry, you're so big!" Amanda yelled. "God, fuck me, fuck me hard!"

The issues she had, the stress she had, all of it was washing away thanks to Harry's divine rod. He rammed the entire length inside of her body. Amanda's warm center squeezed Harry when she rose up onto the bed. Harry gripped her thighs when going deep inside of her.

"Fuck, oh, bloody hell, fuck!" Amanda screamed at the top of her lungs.

"Yes, honey, that's what we're doing," Harry said. "I'm going to fuck your brains out. And when your sister is home, I'm going to fuck her too while you watch. And then, I'll be back to you later."

Amanda tightened around Harry at the thoughts. Her breasts heaved up. Harry took hold of them and squeezed them. Amanda's hips rocked up and down to meet Harry. That throbbing long cock shoved as far into Amanda as far as it could go. She stretched around Harry.

"Yes, yes!"

Harry spread Amanda's legs and buried himself deeper inside of her. His sister's pussy reacted to the deep thrusting and the heavy pounding. Her not so subtle moans and cries for more made Harry only want to bury his cock into her further. She clenched him.

"Your orgasm belongs to your big brother," Harry said. "I can make you cum as many times as I want, and as often as I want…..like right now."

Bliss shot all over Amanda's body, just as hard as Harry buried himself inside of her body. Amanda lifted her hips up off of the bed, to meet Harry. Harry picked up the pace, slapping his balls against Amanda's wet center. Amanda hooked onto Harry and pushed him inside of her.

"Right like that," Amanda breathed.

Her nails dug into Harry's shoulder.

"Do you understand what I can do to you?" Harry asked.

"Yes," Amanda agreed. "I understand."

Harry pushed himself into Amanda and stretched her completely out. Her warm pussy slid up around Harry. His balls slapped against Amanda's warm center.

"Do you?" Harry asked. "Do you understand what I can give you?"

Amanda nodded feverishly. Her brother's balls slapped against her. They were full of cum, cum which soon would be inside of her. She could hardly stand it. Her mind swam with so much lust. All Amanda was capable of doing was grabbing Harry's shoulder.

The feeling of Amanda clenching him, crying in his ear for more, that was enough. Harry reached
Amanda's heart raced. Harry pushed himself into her and almost pulled her off of the bed. He slammed into her when going down onto the bed. His cock enslaved Amanda, enslaved her to pleasure. And Mandy enjoyed every single last minute of it.

"Your cock, it feels amazing, big brother," Amanda said. "Fuck little sis's cunt raw!"

Harry channeled magic through Amanda's clit and amplified the pleasure. She pushed herself into Harry. His cock found a path inside of her. Her insides opened up thanks to her magical heritage, so she could take Harry. Magic space was such a wonderful thing.

Supremely tight was his sister. Harry was about ready to lose his load inside of her. Not before he took one last tour of Amanda's amazing chest. Her jiggling breasts looked very good on her figure. Harry played with her heaving breasts. Mandy's sultry moaning.

"You really needed to get laid," Harry said. "Good thing your older brother was here to take such good care of you, Mandy, honey."

Amanda bit down on her lip, yes, that was a pretty good thing at all. Her clamped down onto him with a vice like grip. The younger Potter felt her older brother take his cock into her, exerting his authority all over her. It made Amanda feel really excited, and what excited her more was the fact his cum was about ready to be emptied inside of her.

"Harry, don't hold back," Amanda said.

Harry didn't intend to hold back on her. He just hung onto Amanda and shoved his engorged rod deep inside of Amanda's gripping pussy.

One more orgasm sparked the fire of Harry raising up and slamming his huge cock inside of Amanda. His cum spurted into her.

Amanda could feel the tingles of the mess her brother made inside of her. Her walls splattered with the cum and it buried deep inside of her womb. Her mothers lectured her about the importance of being on a contraceptive potion of all times, although she wondered, if it would be strong enough.

Harry's cum saturated Amanda's womb. Her body twitched underneath him when Harry finished burying enough cum inside of her to impregnate a small group of woman.

"We're just going to have to wait and see, won't we?" Harry asked.

Amanda didn't know whether or not Harry negated the potency of himself or not. He didn't give any indicators. Harry pulled completely out of her.

"Mandy, are you up here?"

"Yeah, Emily, the door's unlocked," Amanda said. "Feel free to come right in."

She stroked Harry's cock and made it nice and hard again, while the door lock turned open and the door pushed open.
End.

Another friendly reminder that requests are open on the blog. Just head to the link under List of Really Important Links on my profile page. Follow the rules. Also, there is a new Blog Exclusive Breeding Ground chapter as well. So head to the Web of Chaos Archives, and either the Breeding Ground Section or the Blog Exclusive Content section find it. And now onto your regularly scheduled shameless smut.

**Day of Blooming (Rose Weasley and Lily Luna Potter from Harry Potter)**

Lily looked a bit reluctant, when her older cousin, by two years, Rose, dragged her in the direction of the bedroom. Rose, now eighteen, was hanging out with sixteen year old Lily, after her parents were away for the weekend. Her mother was away on a mission, and Harry, he was out doing Harry Potter things. Lily didn't really know half of what her father got up to, even if she had some ideas. Both of her parents enjoyed sleeping around with every attractive woman they can get their hands on.

"Come on, Lily, where's your sense of adventure?" Rose asked.

Lily looked at her cousin, and it was almost uncanny how she resembled a near carbon copy of her grandmother, and namesake, Lily Evans-Potter. Rose had a slightly different shade of green eyes, but it was uncanny. And also the cause of much gossip, no matter how many times her aunt claimed she had cousins with green eyes as well.

"I don't….I know we've kissed a little bit, and there was a lot of petting involved," Lily said. "But, this is different…..I'm not sure about…"

Rose smiled and gave her cousin a heated snog. Lily could not do anything other than accept her cousin's passionate lips wrapped around hers. Rose and Lily sucked each other's lips, with Lily slowly leaning back to accept Rose's tongue from going into the depths of her mouth.

"If you're not sure now, then you'll never be sure," Rose said. "Tori helped me, and now it's my turn to help you. It's what family done to this each other."

Lily could have gotten a nose bleed, thinking about her two hotter cousins, Victoire and Rose, having sex with each other. Tori was gorgeous, and her Veela aura had been stronger than her mother's, which made Lily wonder about something, also Tori had green eyes.

The Weasleys must be very dense or extremely cucked, and Lily couldn't decide which was which. She always dreaded Christmas, because of her grandmother. Rose's grandmother, Charlotte, was much even-headed than Molly Weasley was, and she was much easier on the eyes as well, looking like she just stopped aging somewhere in her thirties.

And yes, Lily didn't mean to gossip about her father's sex life, but she had a feeling there was something going on between him and Charlotte Granger as well.

"Just relax, my sweet little Lily Flower," Rose said.

"Okay, Rosebud," Lily said with a smile.

Rose smiled and kissed Lily on the lips one more time. The younger redhead was very receiving to
Rose's tongue, and it pushed inside of her mouth. Both girls entered a passionate embrace.

Slowly, Rose pulled away from Lily, and left a strand of salvia connecting with the lips of both of the girls. Rose puckered her lips and undid the robe she was wearing. She dropped it down onto the bed.

The red lingerie Rose wore underneath made Lily very dazed and made her pussy throb. She wore a nice red corset top, which would give her aunt a heart attack. The thong panties, garter belt, and red stockings made Lily smile.

"Let me taste you, my sweet little flower."

The plaid skirt Lily wore was rolled down from her body. Her white panties made her arousal very obvious. Rose started to feel Lily's pussy up and caused her to breath heavily.

"Baby wants to feel good, doesn't she?" Rose asked. "My little cousin has grown up."

"You're not that much older than me," Lily protested.

Rose pulled Lily's panties down and revealed her smooth pussy, well except for a red lightning bolt scar shaved into it. The older cousin looked at the younger cousin's with an evil eye.

"I don't….it's nothing like that," Lily panted.

"Need I remember you of that sleepover we had?" Rose asked. "How you screamed in your sleep? How you woke up with sticky bedsheets?"

Two fingers entered Lily's tight quim and she quivered. Rose leaned towards her. She could see the protest in Lily's eyes. Rose leaned closer to whisper in her ears, the reminder of what she heard.

"Yes, Daddy, oh yes, Daddy! Fuck me with your big cock! Fuck me so hard! Fuck me, oh I love your big cock, Harry, drill my horny little pussy with your cock!"

Rose sped up her fingering inside of Lily. Lily closed her eyes when feeling Rose bury inside of her. She imaged her father, and his big cock, and he would have to have a big cock given how powerful he was. Lily's thighs clenched at the thought of Rose's fingers replacing his big cock.

"You two girls having fun?"

Lily rose up when she saw her father standing in the doorway. Rose slowly removed her fingers from Lily's sticky pussy and turned around. She saw Harry standing in the middle of the doorway, looking at the show. Rose slowly slipped her fingers inside her mouth and looked at the handsome man in the door while sucking his juices.

"Uncle Harry, you're back early," Rose said.

Rose moved over, to give her uncle a nice hug, pressing her lingerie clad body against his. Harry didn't do anything to correct it.
Lily wondered what the hell was going on. She saw Harry lean down and give Rose a nice long kiss, their tongues entering. It didn't leave Lily's attention that her father, was tasting the juices, the juices which she made when thinking about what it would be like to have her dad's nice, big throbbing cock inside of her.

"Yes, Rose, I am," Harry said.

"And you're ready for me, aren't you?" Rose asked. "Auntie told me if you got back early….to help take care of you, just like I'm taking care of that sweet little flower on the bed."

Rose cupped Harry's crotch and rubbed it through his pants. Lily watched the obscene sight, growing very red in the face. Her father's big throbbing cock stuck out from the other end of his pants. The tent he pitched made Lily wonder how he didn't just tear his pants.

'I want that.'

Throb, throb, throb, between Lily's legs. Morgana's sweet twat, her pussy felt so empty. Rose got her warmed up, and now…..that witch just bound her to the bed and forced her to watch this. Lily's nipples got even harder when realizing she had been tied up.

Rose smiled when slowly unbuckling Harry's pants. She had been sleeping with him for some time, ever since a year ago. She went to visit him at work, when she stumbled in on Harry fucking his personal assistant, Kara, on the big desk in his office. Rose learned to love that desk after each visit to work.

She knew why she didn't have much time for the other boys at school. Rose needed a man and Harry was that man right now. She looked at Harry's big thick cock.

"Watch closely, Flower," Rose said. "I'm going to suck your Dad's cock."

"Yes, Lily take notes," Harry said.

Lily wondered if this had been their plan, and her mother had been in on it the entire time. She tried to rub her thighs together to get some relief. The only thing she could do was watch Rose take Harry's cock into her mouth.

"You're always a slut who can't get enough of my cock," Harry said. "It's been the same way ever since you've hit puberty. Every time you're around me, your skirts just get shorter, and your shirts get tighter, more low cut. You think I don't notice….I was just waiting until the time where you were old enough to fuck."

Rose nodded around Harry's cock. She was nothing but a kinky little suck who craved the cock of a man who was old enough to be her father. Who likely might have been her father, not that Hermione would ever admit it. Rose wondered if she could break her mother and force her to admit it.

Right now though, Rose sucked on Harry's twelve inches of manhood. His hands gripped the back of Rose's head and buried deeper into her throat. Harry held onto the back of her head and kept face-fucking Rose, pushing his manhood hard into her throat.

"You like that, don't you?"

Lily liked it a whole lot. Her slutty older cousin having her father's cock forcefully deep-throated turned Lily on. It made her wish she could play with herself, the frustrating hitting a very interesting fever pitch.
"You like me fucking your slutty mouth," Harry said. "I bet you go and kiss your mother after sucking my cock, don't you?"

Rose nodded in response, slurping down Harry's cock. Her loins tingled and soon, they would need a big hard cock between them. The handsome older man over Rose shoved his cock into her mouth. Those thick balls bounced against Rose's chin and made her light in frustration.

"Mmm, mmm, mmm," Rose said.

"That's right, take my cock," Harry said. "Take it into your tight, slutty throat. You don't want anything more in your life, do you?"

Rose shook her head vigorously in response. Harry teased her with slower strokes yet, and pulled out of Rose's mouth. He grabbed Rose's hair and forcefully yanked her back to her feet. Harry grabbed the straps of Rose's top and worked them down, to reveal her breasts.

"Harry," Rose whimpered.

"Yes, Rosebud?" Harry asked. "You want me to suck on those tits, don't you? Those slutty, big tits, which are made for only one thing?"

Rose nodded in response. Harry grabbed her chest and squeezed it. Rose breathed in response, moaning. Harry leaned closer towards her and kissed her nipple. Said nipple hardened, going into Harry's mouth. Harry sucked on her nipple, while ripped her thong off.

Harry smiled, her pussy had been shaven except for the one strip of red hair styled like a lightning bolt symbol, the mark of him. He had been able to turn that scar into a statement which marked the women who were going to be willingly fucked by him.

"Harry, mmm, fuck!" Rose moaned.

He slowly rubbed Rose's thighs and caused her to breath in and out. Pulling away from her breasts left Rose in a whimpering state, but not for long. Harry turned her around, spread her legs, and pushed her down onto the bed side table, where she was able to see Lily on the bed.

And Lily was able to see her, and see her father's cock come in close.

"I can't believe this slutty pussy stays so tight."

Rose accepted her uncle's length inside of her. Every single inch of Harry's hard throbbing cock pressed into Rose and invaded her body. Her body stretched and then relaxed around the invader.

"I love it," Harry said. "I love how wet you get. I wonder if my kinky little daughter will get this wet. Judging by what your mother and I pick up on the monitoring charms, I bet she does."

After hearing Lily's screams of passion and wet dreams about her father, there had been a few times where Lily's mother jumped Harry and rode him dry into the night and the early morning. It was a shame his wife wasn't here to see this, but she could catch the replay later.

"Oh, she is, every time I sleep over, she wakes me up, moaning about you in her sleep," Rose said. "Lily would love to show her Daddy how much she loves him."

Harry gripped Rose's nipples and caressed them. The beautiful witch squeezed Harry's cock. Every time he shoved into her, she begged for more, and Harry wasn't about to deny the pleasure. His manhood shoved deeper inside of her quim and pushed inside of her.
Time passed, and Rose chanced a look at her younger cousin. Lily's embarrassment had slowly melted away towards horniness. She was thrashing on the bed.

"Daddy, fuck me!"

"In a minute, flower," Harry said. "I'm sure your cousin wants a couple more orgasms."

"But, I want one!" Lily yelled.

Harry could not believe Lily used the same pout to try to get sex that she did when she tried get her way when she was five. It added to the twisted, taboo nature of the situation. Harry picked up the pace, and drove his cock deeper inside of Rose's gripping body. His balls slapped against her when shoving inside of her. Each thrust brought his hardening cock inside of Rose's body.

"Wait your turn!" Rose yelled.

She had been fucked several times already by her yummy uncle, potentially her real Daddy, but that didn't mean she didn't want more. Her body burned after going long periods of time without any sexual relief from Harry. Harry picked up the pace.

"Cum harder than you ever came before, Rosebud."

Her eyes closed shut and Rose's loins exploded. This opened the gateway for Harry to hammer himself further into her tight body. He worked her from one orgasm to the next, a never ending trail of pleasure.

"Daddy, Daddy, finish her!" Lily begged.

Rose thought the time was almost going to be over. Harry pushed his cock into her, and was buried inside of her body. She clenched the side of the table. His balls slapped against Rose's warm pussy.

"Fuck, fuck, fuck, fuck!" Rose yelled.

"And you kiss your mother with that mouth," Harry said.

"No, I suck your cock," Rose said.

Harry grabbed Rose's ample ass cheeks for leverage and slammed inside of her tight body. Her screams of passion increased, with Harry bringing his hard cock inside of her tight quim. Every time Rose wrapped around him, it caused a feeling of near release to come up Harry's rock-hard cock.

He got so close, so close he could feel it. Rose was going to get everything she craved more and a little bit more.

"One more time, and then it's my turn."

Rose longed for that thick cum inside of her. Her body tensed up and released, so much cum spilling around Harry's invading cock. Her slick juices lubricated Harry's pathway to the center. Harry leaned further into her and cupped Rose's round, bouncing breasts.

"Getting close," Harry said. "Are you ready for my seedy?"

"Yes!" Rose said. "Cum inside of my slutty pussy. Shoot all of your sticky juice....fill me up with your sticky, nasty cum."
Lily bit down on her lip and saw Rose's face racked with pleasure. Soon, the pleasure will be hers. Harry went into Rose back and forth like a never ending blur. His balls slapped against Rose's thighs and kept pushing into her. Harry squeezed her ass.

Harry blew his load inside of Rose's very accepting pussy. She came two more times before Harry finished shooting his cock into her. The sexy younger girl receiving Harry's cum made his balls contract and explode. It brought Rose down onto the table, with Harry hammering away to a conclusion at her.

Rose almost slid on the floor, or she would have, if Harry hadn't caught her and put her at the end of the bed.

The ropes broke free, and Lily sat up. Her nipples stuck through her top. Harry reached towards her and grabbed his daughter by the side of her face.

"Come and give me a kiss."

Lily did just that, attacking Harry with a passionate kiss, not how a daughter should kiss her father. She kissed him like she would her lover. She was naked from the waist down and would be completely unwrapped too. Harry pulled away from her and kissed the side of her neck.

"You belong to me, Lily."

"Yes," Lily said.

"Daddy's little girl wants to be fucked, doesn't she?" Harry asked. "You know, I've always given you want you wanted, don't you?"

"Yes, Daddy," Lily breathed. Her horny pussy wrapped around Harry's intruding fingers. He pushed inside of her and then slid all the way out of her. A couple of long pumps made Lily heat completely up.

Harry smiled, having his little girl right where he wanted her. He took off her top and saw her round breasts. Harry had to touch them, and squeeze her chest, before Lily breathed heavily. Harry squeezed them.

She was a powerful witch, judging by her endowment. Lily reacted to Harry's touches as well. Harry squeezed her chest and pulled her onto his lap. There had been way too many times Lily snuggled on her father's lap, but never like this. Never in a spot which was so intimate, never feeling Harry's long throbbing cock brush against her flat stomach. It moved closer, her nether lips.

"You want to get fucked, don't you baby?"

"Mmm, yes, Daddy," Lily breathed in his ear.

Lily's warm pussy touched Harry's cock. Morgana, he was so big, so big, and Lily had to have every inch of Harry inside of her. She wouldn't been right with any other man other than her father. Her body heated up with pleasure, when Harry worked his way inside of her tight, untapped pussy. Her hymen already had been lost thanks to years of playing Quidditch.

Twelve inches of hard cock half worked their way into Lily.

"Oh, fuck, Daddy, how much is inside me?" Lily asked.

"Barely half," Harry said. "It will get easier everything, trust me honey. Trust me, it will get easier,
much easier, just relax and let it enter you."

Her father knew best, and Lily pushed herself down onto Harry's rock hard cock. She got a little more with the latest drop and rose up even more. She pushed down onto Harry and ensnared his manhood deep inside of her. Lily's tight walls caressed Harry's hard rod.

Harry smiled at the beautiful sight of his sixteen-year-old daughter rising up and dropping down on his cock in an attempt to take as much of it as she could. Lily's sweet pussy clamped down on Harry's throbbing hard cock and pushed down onto her.

"It feels good, it feels really good," Lily said.

Lily's body tensed up, and Harry encouraged her to lean back a little bit. She did and allowed her father access to her neck and chest. Harry left love bites on her chest and neck. Lily worked her hips down onto Harry's throbbing cock and worked it up again.

"You feel that pleasure," Harry whispered in her ear. "You feel how good it feels. You feel how much your pussy sings for me. It calls for me, doesn't it, Lily? It wants my big cock?"

Lily nodded in confirmation, she wanted this nice, big cock. She continued to wrap her thighs around Harry, bouncing up and down on him. Her wet pussy slapped down on Harry and got more of them inside of her. Her pussy engulfed him and her orgasm started to hit.

She slammed down onto him as hard as she could. Lily moaned and pushed herself down. The feeling of her first orgasm with an actual cock inside of her made Lily's entire body sing with pleasure. Harry touched the underside of her breasts, tweaking her nipples.

"Just release," Harry said.

Harry grabbed her bouncing ass cheeks and pushed her down further. Her pussy took about eight of his twelve inches inside of her.

"Don't worry if you can't take it all," Harry said. "Your magic will adapt….after repeating times. Your tight pussy feels so good around my bare cock."

"Mmm, I know," Lily breathed.

So horny, so needy, she needed that cock. Lily felt like her Dad's cock turned her into a slut, just like Rose. And it excited Lily. Lily's walls gripped Harry and released him. Her hot thighs shoved down Harry's hard throbbing manhood. Those balls throbed against her.

"Baby, I have a nice load for you, but you're going to have to wait a little bit," Harry said. "My little flower is blooming, and she's about to explode, isn't she?"

Those touches were more intense. Her father gave her everything Lily could have ever dreamed about and then some more. She buried her warm walls down onto him.

Rose slowly started to come alive, to watch the main event. She followed Lily's bouncing pussy up and down.

"F**k your father," Rose said. "I love watching your ass bounce, Lily. I love your round, ass, just bouncing right in front of me, it looks so good."

Lily got turned on by her cousin's talk. Yet another orgasm had been pressed on by Rose's words. Her nipples stuck out, threatened to be sucked.
Every inch of his daughter's pussy was very tight. Harry rammed his hard cock into Lily's warm, gripping walls. She tried to milk him. Lily was no different than any other woman in his life, turned on by getting his seed.

"I'm going to make you so happy," Harry said.

"You always do," Lily said.

She felt closer to her father than before. Lily wondered if she could have that same amount of closeness with her mother as well. One thing at a time though, she just enjoyed this orgasm.

Lily gripped Harry very tightly. Harry pushed himself inside of her body and worked deeper inside of her. Both father and daughter exchanged a passionate encounter with each other.

One more orgasm on Lily's part resulted in Harry shoving his cock inside of her. Harry fired inside of Lily and coated the inside of her walls with cum, shooting straight into her womb. Her pussy clenched and gripped him, draining Harry's balls of his cum.

The two received release. Lily was in daze after her father finished stretching out the inside of her pussy.

Lily came back onto the bed, and felt her father pull out. Her pussy wasn't going to be left untargeted for long.

"I wonder if you taste as good as Auntie does after Harry cums inside her."

End.

List of Girls from Chapters 131 through 135:

Blog Exclusive Chapter(Harry Potter/Su Li):

http://webofchaos.blogspot.com/2017/04/testing-limits.html
Sudden Sparks

Elle Bishop stood at the edge of the archway, waiting for the person she was going to meet. She dressed in a slender white robe which had been tied shut. Once she moved at the right angle, one could see a nice view of her toned thighs, which was Elle's intention. She placed a hand on her hips and waited. He wasn't due to arrive, at least for another couple of minutes. Still didn't mean she was impatient to meet him though.

'Some people, they're worth the wait,' Elle thought.

He appeared in front of her, Harry Potter, the man of the dreams of many women. His green eyes, handsome face, and messy hair caused Elle to become struck numb for a second. He was much more handsome than the last time she saw him, and that allure caused women to be drawn to him.

"Harry," Elle said. "It's good to see you again….have you been working out?"

The sultry blonde reached her hand out and put her hand on his bicep. A light amount of sparks flew through her body, and it wasn't through any malicious intent. Hormones really spread through her body, and she wanted a piece of Harry, a huge piece, about as big of a piece as she could get.

"Maybe I have," Harry said. "So, what are you up to?"

Elle gave him a smile. "Oh, there you go again….you think I'm up to something. But, I guess there have been times where I've been a very bad girl."

Harry knew her type and knew how to handle them. The beautiful woman moved closer towards Harry. He placed his hands on her hips and stopped her. Elle shivered at the touch, and he knew it wouldn't take too much to ensure her obedience. Which was a very good thing in Harry's mind.

"You've been standing here, waiting for me," Harry said. "And you wanted to see me. You haven't gotten into any trouble, have you?"

"Well, not yet," Elle said. "It's not even noon though, so there's plenty of time to get into trouble, loads of trouble in fact."

The blonde flipped her hair away from her face and looked towards Harry. Harry reached over to grab her hands. Sparks passed through them, and it wasn't just because of Elle's powers either. Her heart started to beat even faster when she looked into Harry's eyes.

"And don't worry about what I'm up to on my own," Elle said. "Concern yourself with what we can get up to, together."

She shucked her robe off, to reveal her amazing body in lingerie. Her black bra came up to showcase some very nice cleavage. Harry's eyes traveled down toward her toned stomach, without an ounce of fat. Her navel enticed Harry, it was perfect. He saw her black panties which only stretched down to necessary.

Perfect, lovely legs which extended down for miles, and Harry looked at the most amazing feature, and there were many, her feet. They were so perfect, and Elle noticed him looking at her feet. She grabbed Harry by the tie and pulled him into the bedroom before pushing him down onto the bed.
"I know what you want," Elle said. "And since you're here to help me, I know you can help me get what I want as well."

Harry took a second to look at Elle's red, moist lips. They begged to be kissed. Harry held his hand behind her head, gripping onto her blonde hair and slowly rose up. He met her lips with a passionate kiss.

Elle ground her hips up against Harry with the kiss, and boy was it a kiss. It was a kiss beyond everything she ever experienced in her life. Her loins throbbed with desire, and want for Harry, but she shouldn't go too fast, not yet.

Reaching behind, Harry found her ass, running down it. He cupped the two firm cheeks into his hands and deepened the kiss. Elle gasped and moaned, working her tongue deeper inside of Harry's mouth.

Elle undid the bottom buttons on Harry's shirt and slowly ran down. His abs were so hot they could melt butter off of them. Her fingers traveled down and slowly undid Harry's pants, pulling them down.

She pressed her palm against Harry's crotch and squeezed the bulge. The kiss parted slightly, even though their lips were still a fraction of an inch away from meeting.

"I knew you'd give me everything I want."

Harry and Elle crashed onto the bed. Elle crawled back towards Harry and then put her foot on his bulge. She slowly rubbed her elegant foot up and down Harry's long cock.

"Look, it's getting bigger," Elle said. "You like being stroked by my foot through your boxers, don't you, handsome?"

"Yes, I love it," Harry groaned.

This minx really was attacking all of his kinks. Harry caressed Elle's soft leg, feeling it, and the foot attached to it was stroking his hard cock all the way from the other side of his boxer shorts. Harry closed his eyes, and the boxer shorts stretched even further, extending out.

"I wonder if you'd like to feel my bare foot against your big cock," Elle said. "It sure feels big, on the other side of your boxer shorts!"

Elle ground her heel through his boxer shorts against Harry for a sensual tease. Her foot pushed up and down on Harry, and then she looked at him, before pulling down Harry's boxer shorts. His throbbing hard cock stuck out, and throbbed in the air.

Twelve inches of prime meat just waiting for her, and Elle raised one of her foot, wiggling her toes, painted in a red nail polish. She slowly ran her beautiful toes against Harry's hard cock.

"I love foot jobs," Elle said. "Sure, you can have fun with blowjobs, and handjobs as well.....but something about a footjob is so nasty...so taboo....so fucking hot!"

Her toes were so amazing, wrapping around Harry's throbbing hard cock. Elle pumped him up and down. Her toes grinded against his hard cock, sliding all the way down him.

"But, you like it, don't you?" Elle asked. "How my nice toes feel wrapped around your big cock? How my nice soft soles are going to feel, my heels grinding against your balls...mmm like that."
The naughty blonde put her feet on either side of his cock, and slid all the way down the pole. Harry had been trapped in pure foot heaven, with Elle grinding her soles onto his manhood. He throbbed, and was about ready to give way. He moved up to caress the back of her legs when she rose.

Elle smiled, loving the feel of a big thick cock wrapped to her feet. Cum was a nice natural lubricant to keep her feet soft. And having a man before her who enjoyed having her feet wrapped around his cock, well he was a prize. And Elle was sure she would have other parts.

"Baby, I can feel how much cum you have in your balls," Elle breathed. "Are you ready?"

"Oh, I have to enjoy these feet for a little bit longer," Harry said.

"Yes, enjoy them, sweetie, enjoy them," Elle said. "Fuck, you make me so horny, thinking you're getting off on my feet. But, you can't help themselves, they're perfect, smooth, soft, with nice little toes, just caressing every inch of your cock. Nice, high arches, and perfect, smooth heels."

The legs connected to those feet also made Harry rise up in lust. His hands massaged every single inch Elle had, her soft legs were amazing.

"Damn, I have to fuck you!" Harry growled, lust in his eyes.

"Oh, I know, you didn't have a hope of not fucking me," Elle yelled. "You're going to pin me down to this bed, and fuck my brains out, aren't you? It's going to be hot….we have the perfect attraction!"

Elle grinded her feet up and down on his cock. This naughty little blonde minx intended to have Harry's cock shoot over her legs and feet.

"But, focus on my feet," Elle said. "Focus on how good they make you feel….focus on how good they make you tingle….oh you feel that tingling feeling in your balls. You feel it rise up don't you?"

Harry held onto her ankles and fucked the space between her arches. Elle returned fire by rubbing her toes all over Harry's thick tool. She knew he was getting close and knew what had to be done to make him feel so good and in turn, make her feel so good. Elle pushed her feet down to the edge of Harry's cock and stroked him, making sure his hardening cock pressed between her feet.

"I'm getting close," Harry said.

"Mmm, yeah, I know. And I want you to cum all over my sweet little toes. Splash your nasty seed all over my feet. Come on, Harry, don't you want to cum all over these perfect toes? And all over my sexy smooth legs, oh yeah, baby cum for me!"

The foot job increased in intensity and the feeling of his balls swelling up also followed close behind. Harry groaned when feeling his throbbing cock rub underneath her feet. She was getting closer, closer to working him towards the edge.

Finally, the pressure in Harry's balls reached a fever pitch and he released a gushing amount of cum into the air. His cock fired a series of intense blasts into the air and all over Elle's perfect feet. She ground up and down Harry's might tool.

"Fuck!" Harry groaned.

"One minute," Elle said.
His cum saturated her feet, and legs. The sultry blonde pulled herself away from Harry's cock and saw it still twitching. She leaned forward and touched the head of it. Elle leaned in and could not resist giving him a nice kiss on his cock head. A single red lip stick mark had been left on Harry's cock head.

Elle lifted up her foot and slowly eased it into her mouth. She closed her eyes, sucking on the toes, and making sure Harry watched her feast on the cum.

Harry watched, his cock growing hard at how flexible Elle looked. Oh, the things she could do. She was feasting the cum off of her feet as well. Elle licked from her feet, down as far as she could reach to the back of her legs. Two smoldering eyes locked onto Harry.

Finally, something inside Harry snapped. He pulled Elle's arms back and pushed them behind her head. Harry shoved Elle onto the bed and kissed the daylights out of her.

Elle grabbed onto Harry's jaw, digging her fingernails in. She encouraged him to deep the kiss. His hard cock dragged against the smooth skin on her belly, slowly working its way down.

"Mmmm!" she moaned.

Harry unclipped her bra and allowed her breasts to be freed. Her breasts fit her figure quite nicely, and were a nice handful for Harry, with pink nipples standing up. Harry leaned down and kissed the side of Elle's neck, before moving down to suck on her lips.

Increased moans filled through Elle. She longed to have his cock grind against her and then push inside of her body, stretching her out. Her eyes closed shut with Harry kissing further down. Her neck, collarbone, and now her breasts, all of them had not been immune from Harry's assault.

The sensual blonde writhing underneath Harry encouraged him to travel down her body. He spent a couple of minutes with her breasts, and the sounds of pleasure spreading through her were more than enough to encourage Harry.

"You're going to drive me nuts!" Elle purred in his ear, dragging a fingernail down Harry's lower back in encouragement.

Speaking of being driven nuts, her navel, her sweet, and lovely navel, was inches away from Harry. He came down and licked her flesh, nibbling on it, before reaching the navel. He planted a kiss and slicked her tongue deep inside of Elle's perfect belly button.

Elle closed her eyes, moaning, when Harry worshipped her navel. Her firm stomach was the subject of Harry's latest affections. His fingers also worked behind her and squeezed her ass when it rose up the bed. So many deep assaults, Elle didn't know what to do with it.

Kisses followed, and Harry decided to go to one area which he knew Elle wanted him to worship. He grabbed her panties and tore them off.

"Such an animal!" Elle yelled. "Eat my pussy, it's right there for you."

Smooth and shaven, with a pair of lips which were very thin and very red. Elle's pussy called to Harry and he gave her a few more kisses around the pelvic bone before going down.

"Be careful what you wish for," Harry said. "You just might get it."

Elle wanted what she wanted and what she wanted was Harry's tongue. Said tongue danced about the area of her pussy, and sent miniature shockwaves through her body. It reached closer towards
her center. Harry's tongue lightly danced over the inner lips and caused more want to rise through Elle's body.

Teasing increased with Harry kissing between her legs. He took her warm lips and sucked on it. Harry grabbed her hips and went down between her thighs.

"Yes, I want….I want this!" Elle said. "Oh, you know what I like….you know how to make me feel real good."

The discharge of energy coming through her loins only made Elle more excited, because Harry was one of the few people in the world who could withstand her not holding back. The young man's hands grabbed Elle's thighs and rubbed up and down at it.

Then, Harry's tongue went inside of her completely, and began to vibrate back and forth. Elle's mind almost shut down when feeling Harry's maneuvering around her depths.

Elle screamed, coherent words failing her. All Harry did was lap up her sweet, sweet, pussy juices. The sweet language of the serpent tongue enabled allowed Harry to go down further inside of Elle. Elle gripped the young wizard's face and pushed up to meet her.

Harry ran his hands over Elle's lower body, feeling her firm legs. They would soon be wrapped around him and he would have her really moaning. Right now, Harry continued to lick and slurp Elle of all of her juices. The sensual beauty bucked her hips up, taking more of Harry into her mouth.

An explosive orgasm followed, and Elle slumped down onto the bed. Harry smiled and climbed up to a standing position. He positioned himself on top of Elle.

A dazed look spread over the blonde vixen's look. She looked at Harry, and realized his cock was a few inches away from penetrating her. His head dangled and slapped her slit. Elle's breathing increased with every second of Harry. He closed in on her.

"So, what do you want?" Harry asked.

"Your cock," Elle said. "Take me any way you want to, just fuck me, please."

It was amazing how Harry now had her on the bed, begging for him. His swollen head penetrated her tight entrance. Elle rose her hips up off of the bed. One look at her passionate face showed Harry everything he needed to go.

His cock piercing through her opening felt like a live wire being stabbed into her. It invigorated her body. Elle squeezed her thighs around Harry and then released him, spreading her legs. Her hips rose up to meet Harry and attempt to get as much of his sweet cock inside of her as possible.

Harry looked down at her perfect body trashing underneath him. Why would Harry want to slow down? Why would he even want to stop? Not when he had the beautiful Elle Bishop on the bed, beneath him.

Elle reached up to grab onto Harry's lower back. One of the most amazing orgasms passed through her body. Harry pushed his cock into her loins, and then pulled completely out of him. Harry shoved his throbbing hard cock inside of her body.

Two lovers met each other and electricity went through the air, in more ways than one. Harry spread Elle's legs as far as they could go which allowed his cock to drive into her body. Harry's thick balls bounced against her, and Elle rose up off of the bed to receive Harry's hard cock buried
into her depths.

"I know all your weaknesses."

Elle breathed in heavily, and Harry nibbled the spot on the side of her neck which made her feel the most lust. Her hands reached up and grabbed Harry hard. His massive rod pushed into her body.

Harry could feel how tight she was gripping him, and the feeling of Elle cumming around his cock only served to make Harry drive his rod deeper and faster inside of her body. Her hips pushed up off of the bed.

"I think we can go faster, what do you think?"

The smile across her face indicated Elle was down for it, even though she didn't know what going faster really entailed. It was time to find out, in the form of Harry taking his hard cock and jamming it inside of her body, making it look like a blur. He pleasured every single last inch of Elle's body. Her hips shoved up to meet Harry's cock. He pushed deeper inside of her.

So many orgasm passed through at once, and then suddenly, Harry slowed down a little bit. He teased Elle with a few more strokes, and also taunted her body. Her nipples were so hard they could poke someone's eye out.

"You felt good, and you want to cum again?" Harry asked.

Inch by inch Harry pushed into her slowly, and Elle nodded in response. She gripped Harry as tight as possible. To feel that many orgasms that quickly, and then to feel none, it just drove her mind completely wild. Harry had her, right where she wanted to.

"Please, make me cum," Elle said. "I'm yours…..you can do whatever you want to me, just let me cum. Please, let me cum!"

Harry leaned closer towards her ear. "Be careful, Ms. Bishop, those are some dangerous words."

Without preamble, Harry shoved inside of her and she had been pushed up to another huge orgasm. Elle's warm center crashed around Harry, and squeezed him. The sensation of his cock spiking her walls made it feel so good, so very good, Elle was going to explode.

"Soon, it's going to be my turn," Harry told her.

Elle bit down on her lip, looking fucking hot and so fuckable when doing so. Harry punished her for being a sultry little minx by drilling her pussy. Those soft walls, made of prime velvet pushed Harry inside of Elle. Her hips ground up.

"Baby, I want it, I need it," she purred, digging one finger nail into his bicep. "Please, those big balls must hurt right now. Would you rather cum inside of me, please?"

Elle said this in a sweet, but sultry tone, and Harry couldn't get enough of her, so needy for his cum. The young man shoved his engorged cock inside of Elle. She pressed against his cock and slowly, but surely, milked Harry for everything he was worth.

"Getting close," Harry told her. "One more time for you though."

Oh, she came alright, and hard. The prospect of getting so much of Harry's seed buried inside of her waiting womb encouraged Elle's very bad behavior, and she was going to be a very bad girl. Harry
pushed his rod inside of her, drilling her warm pussy.

Harry grunted when feeling Elle moaning in his ear, her soft, toned body pressed against him. Her thighs spread wide to accept his entire cock, before tightening around him. Elle ensured she got her cum.

The blonde trashed on the bed underneath Harry. Those balls got closer to their edge. Elle lifted up off of the bed, and then took even more of Harry inside of her.

Harry bottomed out inside of Elle one more time. She dug her fingernails in to encourage him to drill her. Harry pushed into her and released his load inside of her. The cum which had been built up for a long time, over Harry denying himself several orgasms, shot into Elle's waiting womb.

Buckets full of cum shot inside of Elle's body. She could feel herself becoming very full of Harry's seed, just like she wanted. Their children would be strong and beautiful. Harry injected her with enough warm seed to fill her up and make her collapse onto the bed.

"Mission accomplished," Harry said. "You're mine forever."

Elle smiled, rubbing her belly. He wasn't the only one who accomplished their mission today.

End.

Next Chapter: 5/2/2017.
Harry sat in the front desk in a classroom like none other, hell he had been the only student in the classroom. He turned his attention towards the teacher sitting on the desk in front of him, likely sitting in no way a teacher should sit, not that Harry minded the view all that much.

This teacher pinned her dark black hair in a bun in an attempt to look all proper like, even though it just made her look like more of a naughty teacher. Violet eyes had been covered in a pair of glasses. She dressed in a button up white blouse with a couple of buttons undone for favor. Her tie hung between her breasts, drawing attention to them. Harry's eyes traveled down, to see her skirt which was a well bit below regulation length. She wore thigh high black sheer stockings, making her long legs look amazing. A high heel shoe dangled from her right foot when kicking it back and forth.

Hecate, the goddess of magic herself, had been tasked to each Harry Potter about the noble art. Given magic was her domain, Harry couldn't think of any better teacher.

"So, Mr. Potter, I've taught you many things about the nature of magic," Hecate responded. "And you've been a very attentive learner, soaking in all of the information."

The goddess rose to her feet, and sauntered over towards Harry's desk. Did another button on her blouse just come unbuttoned, or was it just Harry's imagination? He took one look at her and realized, she sat on the side of the desk. Her stocking clad right leg pushed so close to Harry he could touch him.

"But, one area of magic we've yet to touch is magic as old as life itself," Hecate said. "Many scholars do not wish to speak of this magic, because it defends their delicate sensibilities, but I think we can both agree it's essential to learn about."

Hecate's lips curled into a puckering motion. Harry found his eyes drawn to her lips, wondering what they could do. The naughty glimpse in the woman's face made Harry's heart.

"The oldest magic, that would be…"

One hand placed on Harry's shoulder and she smiled, looking over her glasses.

"Tantric energy," Hecate said. "That's to say, magic based off of sexual intercourse….something you're very familiar with due to your studies with Aphrodite. And I've known you've lain with my slutty daughter….Circe, you remember that fondly, don't you?"

"She makes a very compelling argument," Harry said.

"I won't argue with you, there," Hecate said. "But, sex and magic go together like peanut butter and jelly. Apart, they can be wonderful. Together, they can be unstoppable."

Hecate turned around and made sure she sat on the desk with her legs spread. Her skirt rode up in front of Harry, giving him a glimpse between Hecate's plump, juicy thighs. Her center was underneath those panties, and Harry took a deep breath to realize what might happened now.
"And you're going to harness the power, into pure raw magic," Hecate said. "Aphrodite has been preparing you to accumulate energy….but today…..you're going to see how powerful tantric sex magic is."

Her thighs spread even further to give Harry a not so subtle hint of the paradise which rested between her legs. Harry lifted his hands up and touched them on her thighs. Hecate smiled.

"You know what to do when a woman presents herself like this for you?"

Harry reached underneath her skirt and ripped her panties off. The goddess of magic didn't reprimand him, she just smiled and spread her thighs further apart. The budding mage started to slowly kiss his way up, feeling Hecate's thighs, and moving closer towards her.

Her skirt had been tugged off, with her pussy revealed. It was completely hairless and wet. Harry rubbed her pussy lips and she moaned in response. Harry slid his tongue against the length of the slit and it resulted in Hecate giving a scream of pleasure.

One light scream, with Harry delving his tongue between Hecate's smooth, needy thighs. He could tell how much she wanted this, and who would he be to deny anything a goddess wanted? Her hips grinded up against Harry's face. His tongue slowly worked its way between Hecate's smoldering hot thighs.

The goddess grabbed onto the edge of the desk. She had been waiting for this for a very long time, with her clothes during Harry's lessons getting slightly tighter and more revealing. Aphrodite and Circe both talked Harry up to Hecate and she observed some of the sessions from afar.

Harry grabbed Hecate's thighs and drove his tongue deep inside of the woman. Her eyes closed shut with her breathing increasing. Harry knew he was making her cum very hard and very fast. He just had to slowly pick up the pace and blow the woman's mind.

"The energy….increases with each climax!" Hecate yelled. "You're going to have to draw upon that energy to make yourself stronger!"

Hecate squeezed her thighs around Harry's head. She could tell he picked up his game and hit all of her pleasure centers. Aphrodite taught him very well. Hell, she would have to say he had been taught better than well. It had been amazing to feel Harry's tongue drive deep inside of her body.

Her juices were like heaven to Harry. He slurped them from Hecate's warm, core. The woman's hips closed down around Harry's head. Harry pushed his face deeper in between Hecate's warm thighs, eating her out. The woman moaned sensually when feeling Harry dance against her inner walls.

"MORE!" Hecate moaned with want, with need.

Harry held onto her hips and shoved more of his tongue deep inside of her body. Hecate rocked her hips up and sent Harry's tongue inside of her body. She could feel him building up the energy inside of her core.

"You want…to make things slowly reach….an apex!"

Hecate barely got those words out before she came. Harry got her pussy nice and wet for her. Her hips dropped down up off of the wood of the desk.

Harry was for sure this was an apex. Hecate's thighs closed around his head and released her juices into Harry's face. The energy swirling around her loins was like nectar to Harry. He just had to
drink it up and give her more pleasure than ever before.

His cock strained against his pants as well, he needed relief and soon. He didn't know if it was because of the excessive energy he drew in, or because of Hecate being so fucking hot. Regardless, he needed relief.

Hecate smiled, and pulled away from Harry. She cleared the teacher's desk with one wave of her hand and climbed up onto it. She crawled onto the desk, with one movement, getting on all fours. The goddess of magic showed her ass and dripping pussy towards Harry.

She reached over, picked up the ruler, and smacked herself on the ass on it.

Harry's cock was already out of his pants as quick as possible. He climbed up behind Hecate, and grabbed her around the waist, before leaning towards her ear.

"You're going to pay for that."

"I hope it's with a nice hard cock," Hecate said. "Time to expand more of our…"

She didn't even finish her lecture. Harry drilled his rock-hard phallus inside of her tight cunt. It stretched around his intruding rod. Harry held onto Hecate and plowed her insides. His balls snapped back and drilled her from behind. A couple more thrusts resulted in her moaning out in pleasure.

"Yes, I'm going to expand you, alright," Harry told her. "Are you ready to be drilled hard?"

"YES!" Hecate yelled.

Harry pushed his hard cock inside of the sexy goddess of magic. Her insides felt like elastic, stretching just as much as it needed to be. Harry undid her bun and caused her dark-hair to flow freely.

The goddess of magic received a huge plowing, one she thought she deserved for a very long time. Harry's lengthy cock buried inside of her tightening loins. Harry pushed deeper inside of her and then pulled almost all the way out of her.

"And I think we're going to create a lot of magical energy….more than any normal man can hold," Harry said. "Are you ready to cum for me?"

Hecate thought that was a question which should not even be asked. She received a huge cock buried inside of her body. Several long thrusts of his heavy rod pounded inside of her body. Harry unbuttoned her blouse the rest of the way.

"Do you want to cum, my goddess?"

His cock slowed down, and then almost pulled out of Hecate's body.

"It's not fair you don't answer my questions, when I always answer yours," Harry responded. "So, how about it? Do you want to cum, or not?"

Hecate's walls ached and she would love nothing more than to have his cock inside of her. Harry denied her, and that turned her on. Still, she wanted this huge cock buried inside of her body.

"Yes, I want to cum. Please, let me cum!"

Harry pushed his hard rod inside of her from behind. His balls bounced against her body. The
filling and emptying of Hecate's magnificently tight snatch became even more frantic. Harry grabbed her bare ass for leverage and shoved him inside of her.

"Something is building up," Harry said. "This orgasm can fuel me for weeks...."

"Yes, yes," Hecate responded.

Hecate grabbed onto the edge of the desk, mewling in pleasure. Harry plunged into her gripping pussy one more time. Her walls tightened around him and released him. The build-up increased. A single, powerful, orgasm reached an apex inside of Hecate.

Her blouse hung open and her breasts ached for attention. Harry reached underneath her top and slowly caressed her breast, while it still had been contained in her bra. The teasing continued, with Hecate's moist walls squeezing down on Harry and releasing him.

"Here it comes," Harry said. "The big one....the one you've been waiting for."

Hecate answered with a smile and her thighs closed around Harry. She took his hard cock inside of her tightening center.

Harry hit the right spot and caused Hecate's orgasm to reach a fever pitch. He hung on for a few more seconds, pounding the goddess underneath him all the way over the edge. Her wet walls clenched Harry, and started to milk his agonizingly hard rod.

"Closer," Harry said.

"Yes," Hecate said, squeezing Harry tighter inside of her. "I'm cumming....draw upon the energy."

She kept to her role as teacher even when in the middle of one of the greatest orgasms of her life. Harry couldn't deny that was amazing. He decided to keep to his role as the eager student by pounding her. The budding mage reached into Hecate's very being and drew waves of energy out of her. Her body gushed underneath Harry's attentions and pushed into her body.

Harry pulled out of Hecate and allowed her to drop down onto the desk with a gushing pussy. His balls ached full of cum, and he was not done.

Harry pulled Hecate up and made her face him. Her blouse tore off the rest of the way, revealing her ample chest in a bra. The bra followed next. Hecate's round wonders stuck out in front of Harry's chest. They begged to be touched, and they did.

The moans from the goddess increased. Harry slowly eased her towards his lap. The two of them touched each other, with Harry sitting on the magical goddess's desk. Hecate eased closer towards the tip of Harry's cock. It almost eased inside of her body.

Hecate rubbed her hips down onto Harry. She wanted the cock inside of her so badly. Harry could tell, a smile crossing over his face.

She looked beyond beautiful, wearing nothing but thigh high black stockings, a garter belt, and a very seductive smile. Also, a pair of glasses, which made her look sexier as well. Harry held his hands against Hecate's waist, and pulled her closer towards his standing prick.

The magical goddess stretched with ease around Harry's upright rod. It entered her body with the greatest of ease and filled her completely up. Hecate rolled her hips slowly down, engulfing Harry inside of her.
Warm legs covered in stockings wrapped around Harry. Hecate sheathed his cock inside of her dripping hot pussy, and oh boy, did it ever feel good. Hecate bounced up slowly and worked Harry inside of her. Her chest was directly in front of Harry's line of sight.

Harry leaned into her chest and sucked her juicy orbs. Hecate closed her eyes to bask in the worship Harry lavished enough her chest.

"I'm going to cum again," Hecate said.

Harry put his hands on her hips, and couldn't resist feeling up those legs covered in those amazing thigh highs. They made her long and sultry looking legs very fabulous. Harry watched with Hecate rising up from this position, and drive herself down onto them.

"Yes, baby, right between my thighs," Hecate breathed. "I want you right there….soon you're going to cum right there….and I'm going to bare your child….she's going to divine."

The goddess bounced up and down on him. The energy expelled between both sides grew even immense and the heat of her pussy was very intense. Harry shoved his cock into her, to feel her warmness caress his magnificent rod. The goddess kept bouncing up and down on Harry, eyes sultry with lust when driving herself down onto Harry.

"Mmm, hmm, right there," Hecate moaned at the top of her lungs.

Her pussy squeezed down onto Harry and released him. Hecate bounced up and down onto Harry's large prick and tried, as she might to milk it of all of her juices.

"You're getting close again," Harry said. "I'm making you cum again?"

Harry squeezed Hecate, and made sure she rode him a little faster. She rode out her own orgasm. Her smoldering thighs drew Harry between them. Her breathing increased with each fall and each drop.

"There's no need to say anything," Harry said. "The look in your eyes, it's more than enough, isn't it?"

Hecate answered with a nod in response. The state of her should have clued Harry in on how much she wanted this. His big cock pressed between her thighs. The invited Harry inside of her, stretched at the base, and sucked him deeper inside of her.

"Closer," Harry groaned.

The goddess rebounded down on Harry and bounced a slight amount higher. She stretched down onto Harry's lengthy rod, sucking it inside of her body.

"Here it comes, baby," Hecate said. "You're so close, I can feel how close you are. Oh, baby, cum inside me, please!"

Harry held onto her hips and bumped them up into Hecate's invading pussy. Her walls tightened around Harry, and he couldn't help but pound the inside of them. His balls were about ready to expel.

The greatest energy draw was about to cum. Harry watched Hecate bounced up and down. Her walls growing tighter and trying to pump his cum inside of her. He was deep, almost touching her womb when she pushed down onto him. Hecate's divine womb was about to be fertilized with Harry's warm seed.
"I can see where Circe gets it from," Harry breathed.

Hecate didn't do anything other than smile. She rode Harry's cock all the way to the edge, and two more orgasms on her part. Her legs ensnared Harry, and his hands ensnared her back, before feeling down those stocking clad legs.

Both lovers saw white, with Harry shooting his immense load of cum. He drew the energy from Hecate's passion and the pleasure coming through her loins. She coated his cock with natural lubricate which made him just bury deeper inside of her.

Hecate knew right now Harry had built up a huge amount of energy. She rode out every last bit of cum he had in those balls. Her daughter was right, he could go on for a very long time, and the more energy he could harness into the power, the longer he could go on.

Some more advanced lessons might be over, with the help of Aphrodite perhaps, but that could wait until later. Now, Hecate finished riding Harry.

She pulled away from Harry and gave him one more sensual kiss, which didn't quell Harry's fire. It just started it up again.

The hardness of Harry's cock brushed against Hecate's bloated stomach.

"And now, it's time for your next lesson."

End.
Before I write this chapter, I should note that another blog exclusive chapter has been written. This time, with the lovely Susan Storm joining up with Harry. So, please, when you have the opportunity check it out. It's on my blog, which you can access underneath the very important links section of my profile. Then access it through the Web of Chaos Archives, and then either through the Breeding Ground Archives or the Blog Exclusive Chapters Archive.

Life could not have been better for Harry Potter, at the moment. The Boy-Who-Lived leaned back against the bed and saw three very beautiful faces hovering an inch away from his crotch. One of the figures reached down and pulled off his boxer shorts to reveal his very erect cock for the world to see.

Harry's wife, Megan Jones, slowly stroked Harry's massive cock. She dressed in an emerald-green corset, which matched Harry's eyes, and also showed her amazing chest, one of the best in the year, right next to Daphne Greengrass, Susan Bones, and Lavender Brown. There were no shame of being compared to those three. She wore a thong and delicious looking thigh high stockings. She slowly stroked Harry's massive prick.

Then, we had Megan's sister, Hestia, who was about a decade younger than Harry's parents, a dark haired woman with breasts slightly smaller than her sister, but still quite lovely to say the least. She dressed in a dark blue corset, and a matching thong, and thigh high stockings. The older woman grabbed Harry's balls and gave them a nice squeeze.

His eyes fell onto the other member of the Jones sister, the oldest of the three, although she didn't look it, Gwenog Jones. Gwenog slowly crawled down the bed with a seductive smile on her face. She dressed in a white bra and a pair of panties which contrasted her skin nicely. She moved over towards Harry and held his head into place, before kissing Harry while her two sisters worked over his cock and balls.

Gwenog and Hestia were both happy Megan decided to share her husband, their brother-in-law, with them. Megan decided the gift of Harry Potter should not be squandered, and they thanked her for that.

"Remove your panties, and get on my face," Harry told Gwenog.

Gwen's lips curled into a smile. She caught sight of her two younger siblings, well step-siblings technically if you wanted to get technical, working over Harry's mighty pole. His swollen balls and cock were lavished with attention.

"As you wish."

The Holyhead Harpy captain slipped her panties of and slowly climbed onto Harry's face. She received his hands on her thighs and suddenly, his tongue was wiggling against her dripping slit. Gwen threw her head back and moaned, enjoying the point of Harry's tongue brushing in between her soft thighs.

Megan took Harry's cock into her mouth with practiced ease. She watched Hestia slurp on his balls
and give Harry squeeze.

'They're pretty swollen as they always are,' Megan thought.

Megan popped the inside of her lips around Harry's rock hard tool and slurped him into her mouth. She bobbed her head up and down a couple more times, forming a vacuum tight seal around Harry's rock-hard cock. Her mouth took Harry deep inside.

"Mmm, mmm," Megan breathed, sucking on his manhood.

She chanced a glance up at Gwen, who was riding Harry's tongue. She was feeling good, but Megan knew her sister was going to feel really good, when they had a chance to kick it into over drive. Harry positioned himself between Gwen's thighs and started to lick.

Hestia stopped and could feel the invisible tongue slowly course between her thighs. Megan stopped sucking Harry's cock for a moment, feeling she should explain to her sister what was happening to her.

"Harry has mentally linked us together, so we can feel Gwen's pleasure when he eats her pussy," Megan said.

"Really?" Hestia asked. "That's kind of impressive, it's a really powerful piece of magic."

"Did you see this cock?" Megan asked. "Look how big it is, how thick it is? And you're trying to tell me you didn't figure out how Harry's a really powerful wizard already."

One look at Harry's rock-hard member told Hestia the story. She couldn't deny how hard and how much she wanted to suck Harry's mighty rod. Her thighs moistened with desire.

"Here, let me help you see it up close and personal."

Megan grabbed Hestia by the hair and forced her down onto Harry's cock. She gagged on the massive cock which went down her throat the first couple of times.

"You're going to have to get used to it," Megan said. "Just establish a tempo, and use those nice dick sucking lips you were blessed with."

Megan moved over behind her sister when she sucked off Megan's husband. The former Hufflepuff reached behind Hestia and slid down her panties. She slowly rubbed her sister's smooth pussy, and felt how wet it was, and by proxy, how wet Gwen was.

"GOD!" Gwen yelled.

It was here that Harry kicked things up into overdrive. His tongue rotated inside of Gwen's tight pussy, rattling. The sweet sensations of Parseltongue pleased the pussy of the Holyhead Captain. He tasted the juices and sucked them on more.

"Yes, he is," Megan said.

With that flippant comment, Megan pushed her face between Hestia's thighs and started to lick out her big sister's dripping hot pussy. Hestia reacted to her little sister's attentions with moaning and pleasure. Megan was such a good pussy eater.

To be fair, she had a lot of practice with Susan and Hannah, but that was neither here nor there. Hestia's wet pussy was here and there, and right underneath her mouth. Megan slowly sucked the
Gwenog rocked back on Harry's face. Her firm thighs pressed on either side of his face, the moment Harry gripped her hard. Gwen rolled her hips down onto Harry's face, feeling him when he ate her out. The witch above him could feel her juices just draining away, slowly, but surely over Harry's face. It felt really good to be eaten out like this. Words could not describe how amazing this all felt.

"Mmm, mmm, yeah," Gwen yelled at the top of her lungs.

Harry buried his face inside of the paradise. There would be many men who would die to be with the Holyhead Captain, and Harry didn't have to be that drastic. Sex was all about networking after all, and he networked himself inside her tight pussy, licking it out.

Megan's own pussy tingled to show her how much Gwen was really getting into it. Her nails dug inside of Hestia's thighs, taking her frustration out.

Hestia never neglected Harry's big cock. Those balls, so full of cum, and so primed to explode, were also the target of her affections. She squeezed them hard, trying to encourage the cum to come out of them. Her mouth wrapped tightly around Harry's cock and sucked him very hard.

He really wished he could put his hands on the back of Hestia's head to encourage him. Unfortunately, his hands were too busy feeling up the prime ass of Gwenog Jones when feasting on her pussy juices. A lovely scent came from her pussy.

So many times, Gwen came. His tongue should be registered as a deadly weapon. It was a reminder about how those who were gifted with the serpent-flavored tongue were judged to be evil by the average wizard. They were able to perform oral sex far better than anyone else.

Cumming one more time, Gwen rocked herself down on Harry's cock.

Hestia came again, and Megan almost forgot how vocal her sister could be when she came. Megan slipped her fingers between her thighs and rubbed herself while licking out her big sister's sticky, juicy pussy.

Now, it was Harry's turn to come. The wizard's cock had been encased inside of Hestia's mouth. He stretched into her warm face hole, with Hestia sucking him as hard as possible. Her eyes focused on Harry, with so much hunger dancing in them when going further down on his mighty tool.

He blew and blew big time. Several blasts of cum fired into Hestia, who hung on and took all of Harry's cum into her mouth like a champion.

Megan pulled away from Hestia, and Gwen slid off of Harry. This allowed Harry to grab the back of Hestia's head and guide her into the back of her mouth with a few more solid pumps. Harry's balls contracted and released, becoming less swollen, although still swollen.

One hand rested on the back of Hestia's neck. Megan leaned in and whispered in her sister's ear. "Share the wealth."

Hestia understood and crawled over to the other side of the best. She crawled over and gave Gwen a passionate kiss, which Gwen returned, putting her hands onto the back of her head. The two of them kissed each other, with passion and fury, neither of them backing down from their actions with each other.

Megan slowly slipped her corset top down and revealed the very welcomed sight of her round,
large, perky melons to Harry. Harry rose up off of the bed, flashing Megan a smile. Megan leaned down and took her breasts to put them around Harry's half-hard cock.

"It never fails, does it?" Megan asked.

Harry shook his head in negative, no it never failed.

"Oh, your tits are still great," Harry said.

"Benefits of magic, they never will sag," Megan said. "And they will never give me back problems either."

The busty former Hufflepuff rolled her breasts down Harry's throbbing cock. She was going to get it nice and hard for her sister's to take turns indulging themselves in. Megan leaned down and kissed the top of Harry's head.

The Boy-Who-Lived's manhood twitched into the mouth of the sensual woman giving him a great tit job and sucking him off. Megan licked the head of his cock and then slowly kissed down on it.

"Good, and ready to go."

Squeezing it, Megan retracted. She turned around, to see her sisters just break free from each other. She grabbed Gwen with a smile on her face.

"Age before beauty."

Gwen shook her head, very funny. Regardless, she crawled on top of Harry Potter, and mounted his hips. His cock was very hard, and just by touching the outer lips, it sent tingles down Gwen's spine. And speaking of tingles being sent down her spine, Harry grabbed it.

She hoped to have a piece of Harry and his large cock for some time. Dreams would in fact come true sooner rather than later. Gwen's wet pussy slipped over the head of Harry and worked its way down. Harry held onto her back and lowered her womanhood down onto his mighty pole.

Harry enjoyed the sensation of this mature babe pushing her sensual, athletic, body down onto his throbbing hard rod. He reached behind Gwen and squeezed her ample booty before slapping it. The chocolate-skinned Quidditch Player rolled her hips up and down onto his rod.

It took a moment, but Gwen established a steady amount of momentum, riding Harry's large cock. His throbbing balls were underneath her, swelling up despite just having been drained of cum thanks to Hestia and Megan's efforts.

"Just have to go the extra mile to make sure you're nice and wet for Harry's cock," Megan said. "It's been a long time since you've had a real cock in you, haven't you?"

A single finger shoved into Hestia's tightening snatch. Megan pulled it back to briefly taste her sister's juices. After a smile in satisfaction had been presented, Megan slipped her finger back into her sister's dripping hot snatch. She pushed in and shoved out.

Hestia rolled her hips up. This was legalized torture what Megan was doing to her. She loved how her pussy stretched, and how Megan really knew what to do. Megan leaned over and kissed Hestia's navel which brought her passion.

Gwen dug her nails into Harry when rocking up and down on him. She sucked on the side of his neck, biting down on him. Harry grabbed Gwen's ass and encouraged her to drop down onto him.
"You'll find yourself become very addicted to my cock," Harry said. "Megan knows, she knew exactly what she was doing by inviting you into our bedroom today."

Boy, did she ever know the reason why she was here, but Gwen didn't care. All she wanted was Harry's big cock slammed into her body, stretching it out in every single way. Her heart beat a couple of extra beats the further she rocked up and dropped down.

Harry re-doubled his efforts and grabbed Gwen's exposed chest. He squeezed Gwen's nipples and caused the dark-skinned beauty to scream out in pleasure. Her eyes closed and Gwen mewled when coming all the way down on his throbbing hard cock.

"And now, it's time for you to cum."

She tried to hold back for a few seconds, but it was folly. If the power of Harry's words didn't do it, the fact he was able to stimulate every single nerve ending located in Gwen's body at once did. Her orgasm was very intense. Harry buried himself inside of her, his throbbing balls beating against her entrance.

The Holyhead captain was in a daze, and she almost collapsed on Harry. Her walls squeezed Harry's massive rod and released it. Gwen's body shuddered in pleasure.

Harry pulled out of Gwen's warm snatch. He turned around just in time to see Megan holding Hestia's thighs open, ready for Harry to penetrate them.

"Here you go," Megan said with a smile. "She's been waiting for you for a long time. You know what to do, don't you?"

Harry's manhood throbbed when catching one look at Hestia. He really knew what to do. Her pussy was spread open, and her athletic body was primed and ready to go. She might have been the least endowed of the three sisters, at only a C-Cup, but her breasts were quite lovely still, and very perky.

And also responsible to his touches, with Hestia's breathing continuing, and Harry climbing over the top of her. He ground his cock against her wet slit.

"I'm dying here," Hestia said.

She had a taste of that cock earlier, but Hestia Jones wanted more than a taste. She wanted the entire package buried inside of her. Megan crawled next to her.

"Play nice," Megan said with a wink.

Megan gave Hestia another hot kiss and slowly pulled away from her. Hestia's eyes throbbed with anticipation. Harry lowered his meat missile towards her scorching slit and entered inside of her.

"You're so tight," Harry groaned. "You sisters are all very tight."

"Magical prowess," Hestia said with a smile. "Oh, it's the perfect fit!"

Harry enjoyed magic, when it wasn't trying to kill him. One of the most practical applications of magic was indulging himself in some of the most beautiful women in the world. And Hestia showed to be among the top of the list of beauties. Her hips gripped Harry hard and inhaled his big cock into her body.

"Yes, that's perfect," Hestia yelled.
Meanwhile, Megan moved over to taste the forbidden tang of Gwen's pussy. Her wet walls invited Megan to take the plunge. And tongue first she plunged.

Gwen had been half away. Her younger sister sticking her tongue inside of her pussy woke her completely up. Megan could really nibble on a pussy. It was something which Gwen learned sooner rather than later.

"MEGAN!" Gwen yelled at the top of her lungs.

One sister screaming the name out loud of another sister was all the encouragement Harry needed to spur on. He gripped Hestia's nipples and squeezed it. His cock pushed deep inside of Hestia. Her hips rose up, stocking clad legs finding a spot around his hips.

Harry pounded her pussy into jelly and Hestia could not feel better, happier, or anything. That large cock shoved inside of her tightening vice of a pussy and caused her to close her eyes. It was beyond good to feel a huge cock shoved in between her thighs.

"Harry, oh, you're going to make me…"

"Not yet, but soon," Harry said. "Trust me, it's going to make you feel good."

Those swollen balls pushed against Hestia's moist sex. The woman rose her hips up off of the bed to try and take Harry's large cock inside of her body. Her heart hit a fever pitch the moment Harry shoved his hard cock inside of her. He rose up off of the bed and slammed himself into her.

The hungry slurping at the other end of the bed didn't help. Gwen thrashed in a never ending state of bliss every time Megan swirled her tongue inside of her loins. One sister was giving the other a pretty amazing tongue lashing. Gwen rocked herself a slight amount off of the bed, and dropped down onto the bed. Her hips kept rocking back and forth, establishing a great rhythm.

Megan smiled when feeling her sister. She could also feel Hestia's pleasure coursing through her body. That mental link was still on. It made Megan want to jump Harry's cock and ride her husband until all of the cum drained from his big bloated balls.

'Good things come to those who wait.'

She just decided to take her frustrations out on Gwen's sopping pussy. Her pussy also felt Hestia's pleasure, and Megan's. And given how all three sisters felt a constant amount of pleasure.

Gwen and Hestia turned their heads slightly to kiss each other while Harry drilled Hestia and Megan munched on Gwen's dripping hot twat. It was a lovely sign.

"So hot," Harry said. "And you're getting so close. You feel the pleasure going through her body, don't you?"

Hestia moved away from her step sister and looked up towards Harry. Her hips grinded up to meet Harry's massive prick shoved into her tight body.

"Yes, I feel it, I feel it really good," Hestia said. "Almost as much as I feel your big throbbing cock stretch out my tight, pussy."

Hestia clamped down on Harry. His balls sprang up and smacked her on the wet pussy. Hestia reached up to encourage Harry.

"They're so full of cum," Hestia said. "Would you cum with me, Harry? It would make me feel so
good."

Harry's rod shoved deep inside of her tight body and didn't think she would outlast him. He could feel the orgasm about ready to spread through her. Harry took his fingers, dug them into Hestia's hips and hammered away at her tight opening.

"They're very full of cum," Harry said. "And the cum is all for you, Hestia. Feel it, it feels so good, doesn't it?"

Hestia couldn't deny all of this felt very good. It felt better than good in fact. His balls snapped down on her and danced against her hot, dripping opening.

"Yes, so full!" Hestia moaned at the top of her lungs. "Please, cum with me."

Harry just smile, not cluing in Hestia on the fact, whether or not she was going to have all of her dreams become a reality. He just clutched onto her legs and worked her up.

"Lady's first."

The pleasurable sensation went through Hestia and caused every inch of her body to explode. Harry pleasured her nipples without touching them, and squeezing them. Hestia rose up and took Harry's hard cock into her moist snatch.

Her gripping hot pussy squeezed Harry's massive tool. He pushed into Hestia and rose out before slamming his rock-hard cock inside of her very inviting snatch. Harry pushed his manhood deep inside of her body and stretched her completely out.

Hestia could feel the orgasm cascade through her. She didn't think she would feel anything like this. It wasn't just Harry pleasuring her body, it was him pleasuring her magical essence, her very being. If it didn't seem so tacky, Hestia would think he pleasured her soul as well.

Hestia dropped down onto the bed, her body releasing so much of her juices it was insane. Harry pulled out of her, his cock dripping, swollen, and ready to burst at any moment.

Megan pulled herself away from Gwen and crawled her. She grabbed Harry's swollen hard balls and squeezed them. The nymphomaniac witch leaned forward and kissed Harry's cock head tip, swirling her tongue around it to taste the juices of Hestia and Gwenog all over it.

Finally, when she was done, Megan pulled herself up onto Harry's lap. Her large breasts smacked Harry in the face. Harry reached in to hold onto Megan's magnificent chest. She closed her eyes when lowering herself towards him.

Seconds before taking the plunge, she stopped. Megan leaned towards Harry and whispered hotly in his ear.

"I'm going to drain your balls."

Megan's wet pussy eagerly took Harry's cock inside of her. The witch needed lots of sex to focus, and Harry was the one who could give it to her. Constantly, they fucked, several times a day, in pretty much every room in the house, and also sometimes in the backyard, in the front yard, in the park next to their house, on the neighbor's car, pretty much everywhere you could think of.

Now, her wet pussy closed around Harry's agonizingly hard cock. Megan took his cock inside of her body, squeezing it.
"Your pussy is the best," Harry groaned.

"Of course, it's the one you married and get to fuck every day," Megan said. "It's all for you, baby, it's all for you, oh fuck me, fuck me hard!"

Megan encircled Harry's hair around her fingernail and then pushed it back. She rocked herself up, leaning back. Harry dove between her chest and started to feast on her round, sweaty orbs. Megan rocked up and down on his throbbing hard rock.

"Fuck, you're amazing, the best!" Megan yelled. "How did I ever get so lucky?"

Harry squeezed her ass and came up from her breasts. A wicked smile spread over his face.

"You've been a very bad girl, that's how you got lucky."

"Oh, yes, I'm your bad girl," Megan breathed. "A bad girl who needs her daily dosage of cock from a strong man. It just gets bigger, every day, I swear."

Harry didn't say anything. He felt Megan's walls close down onto him.

"And when I'm done with you, we're going to get that cock nice and hard, so you can fuck my sisters again, and then you can fuck me again," Megan said. "And maybe we can invite some of my friends over, so you can fuck them too. It will be nothing, but a weekend long fuck fest."

Harry smiled and held Megan's hips, pushing her tightening center down onto him.

"I'm not done with you yet," Harry said. "You're going to cum just like both of them."

Megan nodded eagerly. Oh, she was going to cum, cum harder than she ever came before. Her tightening pussy held onto Harry when shoving down onto his rod. She watched her two sisters move towards each other. Hopefully, they would indulge in each other.

The horny witch bounced harder on Harry's cock. Megan rose up and dropped down onto his intruding manhood. Her hot bouncing got Harry into this, and caused him to bury his cock into her.

"You're riding my cock like an aimless slut in front of both of your sisters," Harry groaned. "Do you have no shame at all?"

"No, none," Megan said, grinning.

She flexed her walls around Harry and squeezed him very tightly. Harry held onto her hips and rocked her insides with his hardening rod. Megan pushed her hips down onto Harry and released his cock with a couple of rather slick pumps. Her walls closed down around him.

"Getting close," Megan said. "And I know you are too. You're getting close of draining those balls into my tight, pussy. Come on, do it, do it big boy!"

Hestia and Gwen looked for the final few minutes, seeing their youngest sister riding the cock of the savior of the Wizarding World. It was an amazing sight to be perfectly honest. Those ass cheeks bounced up and down with Harry grabbing onto her ass and squeezing his cock.

"FUCK!" Megan yelled.

Harry smiled and encouraged her to drive her pussy down onto his rod. Her orgasm was infectious and very intense. Her wetness dampened his cock when going all the way down onto him.
"Getting close," Harry said. "I know you want to cum again."

"Yes, oh fuck yes!" Megan screamed, holding onto Harry's bicep and giving it a very rough squeeze.

Her tightening walls held onto Harry, and started to milk his rod deep inside of her body. Her orgasm was very intense. Her firm thighs smacked down onto Harry. Her legs tightened around him, her nails dug into Harry's arm when bouncing down on him.

"FUCK, CUM INSIDE ME!" Megan yelled. "Shoot that nasty, load of cum inside of my greedy, pussy. I want to feel it dripping out of me a week from now!"

Megan shoved her pussy down onto Harry's rod and enveloped it. The nymphomaniac made a pretty good argument. Harry grabbed her ass for leverage and slammed himself into her. His balls released an immense load inside of her, filling Megan up to the brim.

Her eyes glazed over when dropping down onto Harry's rock hard cock. She pumped him, and tried to drain as much cum out of his balls as possible.

A long second passed, with Megan pulling herself up off of Harry. Her pussy was battered, dripping with cum, and she fell back onto the bed.

Just in time for both Gwen and Hestia to suck and lick her pussy. And Harry to position himself between both of her sisters and slide his fingers inside their tightening pussies.

The weekend just barely started after all.

End.

Next Chapter: 5/9/2017

Blog Exclusive Chapter(Susan Storm/Harry Potter):
http://webofchaos.blogspot.com/2017/05/invisible-pleasure.html
There is another blog exclusive Breeding Ground Chapter. It features Harry in a threesome with Andromeda Tonks and Hippolyta, as part of MILFs of May, on the blog. Head to the very important links, the web of chaos archives, and either check out the Breeding Ground archives or the Blog Exclusive Chapter archives.

Conquering a Queen(Maxima from Superman)

Harry Potter, born Har-Zod of Krypton, stood in the middle of an immense battle field with smoke and flames coming out of it. There were rubble all about, and miniature craters in the ground. On her knees in front of him, rested the Queen of Almarac, the proud Maxima, a woman who sought a husband more than anything else in the universe.

Her kingdom always had been in a state of upheaval, and there had been a lot of internal pressure on her. Maxima, with her standards being high, could not just have any random selection of genetic material as her king. She needed someone who was strong, powerful, and could handle her in battle. She needed a man who would make help her make strong and beautiful children to cause the royal heritage of Almarac.

"Amazing," Maxima said when she was on her knees before Har-Zod, "Simply amazing, you are….you are the one….you are my husband….you have bested me in battle, and therefore you have earned the right to take my hand in marriage and take me straight to your bed….or mine, I'm not too particular."

In her mind, it didn't have to be a bed. She lusted for the powerful man's loins, and she needed it bad. She needed to become one with him.

Harry leaned down and grabbed a handful of Maxima's red hair. The top half of her green armor had been lifted, showing her breasts with nipples which were rock-hard after the battle. Her upper body was very toned, with a flat toned stomach without an ounce of fat. She had an amazingly looking ass, and the crotch of the bottom of her armor had been ripped as well. There were a few scratches already on her long legs.

"So, you think I've earned the right to be your King?" Harry asked. "You think I've earned the right to bed you….am I right, Queen Maxima?"

Maxima nodded in response, putting her hands on either side of her new husband's neck. He bested her in battle. Only a man could dominate her on the battle field would be strong enough to seed her with his children. Her womb called to her, she needed his children inside of her now. Their children, the future of this universe, and a combination of the genes of a man from Krypton and a woman from Almarac, they would be beautiful.

"Yes," Maxima nodded in response. "We can start right here, if you don't want to wait."

Harry blocked Maxima's attempts to attack his mouth with hers. The woman backed off in confusion, and also a bit of anger.

"You haven't earned the right to have me just yet," Harry said. "Do you know who I am? I am,
Har-Zod, the son of one of the most decorated lines on Krypton. My mother is Astra In-Ze, one of the greatest military commanders of the universe. I have greatness running through my veins….therefore, it seems to me like you have to earn the right to have my cock inside of you."

Maxima couldn't bring herself to be angry. She wanted to earn the right to have that cock inside of her, breeding her, filling her with his seed, and impregnating her with his children. The Queen slowly descended to her knees in a submissive position.

"Are you even certain to know what to do with a cock?" Harry asked. "Do you know what it's like when real manhood presents itself?"

Harry undid his pants. He could see the woman's anticipation building. He slowly undid his pants and revealed his boxer shorts. Maxima's eyes glued on the very big bulge, drooling in a manner which was unbecoming of royalty.

"I can be educated, Har-Zod," Maxima murmured underneath her breath.

"You will find you are helpless much like other women," Harry said. "Much like other women when they kneel before Har-Zod!"

Harry pulled down his boxer shorts to reveal a gigantic cock which Maxima could not take her eyes off of. It was one of the most remarkable things she ever laid her eyes on in the universe.

"Are you just going to stare at it?" Harry asked. "Or are you going to suck it?"

Maxima leaned in and wrapped her hand around the base of his cock. It only swelled bigger thanks to her touch. Her soft, strong hands worked their way down Harry's tool. Her lips moved closer to tasting the cock head and for the first time ever, Maxima wrapped her lips around the cock of a man.

She nibbled, sucked, and utterly violated her many servant girls, but now she was in a submission position. The huge cock penetrated her lips and she coaxed another thick inch into her mouth. The Queen's mouth eased more, taking about a fraction of the cock inside of her mouth. The taste-test continued.

"Let me help you."

Grabbing onto the back of Maxima's head, Harry forced his huge cock into the back of the woman's throat. His balls bounced off of the side of her mouth when Harry pushed his cock almost into her mouth and then pulled it out of her mouth. Harry drilled his throbbing hard cock inside of Maxima's mouth.

"Mmm, mmm!" Maxima moaned around Harry's throbbing hard prick.

Harry grabbed onto the back of Maxima's head and eased his throbbing cock inside of her mouth. Astra taught him how to deal with woman from Almarac, and how to bend them. Along with woman from Tamaran and Thangar as well, but that was beside the point. The redhead beauty on her knees next to him sucked his cock and made him feel really good.

The warmth and tightness of her throat was something a normal man could not sustain. Hell, if she demeaned herself to give a normal man a blowjob, there was a huge chance she would just simply melt the man's cock. Harry, with this reminder of his prowess, face fucked the Queen even more.

Maxima's eyes watered slightly from the force. She could feel her king exerting his dominance on her and shoving his cock down her mouth. The other women in her kingdom would also serve him
well, if she had anything to say for it. It was a shame the other men would be rendered obsolete, but not one of them had been close to defeating her in battle anyway.

"You like the taste of my cock, don't you?" Harry asked. "You're nothing but another intergalactic whore, who is after my cock."

The Queen answered with a nod, feeling the length of Harry's cock jam deeper into her throat. Her throat stretched out to accommodate his thick manhood. Every single time his cock entered her throat, Maxima gripped him harder. She needed this manhood buried deep into her throat.

"Yes, you like my cock, don't you?" Harry asked. "There's nothing more than you want, do you?"

Maxima sucked him even harder, digging her fingernails into his lower back. He didn't correct the motion, but he did tighten the grip on her head. Those thick, throbbing balls, filled with his juices, bounced against her chin.

"You better swallow every single drop," Harry told her. "If you waste it, I will be angry."

Maxima closed her eyes and tilted back to accept the full cock into her throat. She stretched around Harry's intruding manhood. Every time he connected with her chin, it brought her closer to the edge. The Queen's knees dug into dirty ground before him.

A couple more thrusts lead into Harry really letting her have his cum. His balls constricted and shot the contents of his balls deep inside of Maxima's throat. The Queen tilted back, humming loudly when accepting his flow of cum into the back of her throat. The pressure was very intense, with his balls releasing their juicy fluids into her mouth. Maxima held onto his back and sucked him, harder, faster, more intense than ever before.

The feeling of release made Harry feel very good about himself. He fucked Maxima's tight mouth and throat all the way to the end.

A second passed, and Harry pulled out of Maxima. He grabbed her and pulled her up to her feet. Her top, about ready to come off, had now been ripped by Harry. It unleashed her large breasts into the world, something which Harry had to touch.

"And these now belong to me."

The beautiful queen nodded and tilted her head back. Harry squeezed her breasts and made Maxima's moans increase. His hands touched her heavenly wonders. Those juicy globes just bounced in Harry's hands. Maxima screamed one more time. He molded her round globes, working them over nice and fierce.

"Yes, yours!" Maxima breathed.

Harry leaned down and kissed the side of her neck, sucking on it. The Queen tightened her grip around Harry's neck, and encouraged him to go down further. He did, kissing at Maxima's collarbone, and then going towards her breast. One breast had to be squeezed with both hands. Harry felt the very firm, very sensual flesh. They would never sag due her heritage, they would always remain firm and large.

Smoldering lust burned through Maxima's eyes. She needed his mouth on her breasts. The powerful Kryptonian sucked on her breasts, making her breath very heavily. Har-Zod's fingers slowly ran down her stomach and made her heart beat very heavily underneath his grip.

"Touch me," Maxima begged him.
Harry could feel her pussy grow with heat underneath the palm of his hand. Maxima's hips moved up to meet him. The sorcerer pushed his fingers against her dripping slit. It was so tight, and he could not wait to shove his cock inside of her, and fuck her senseless.

Patience and anticipation were two things Harry learned through his training. The more he made the woman crave him, the more receptive she would be, the more she would bend to his actions. He kissed Maxima on the side of the neck before turning to attack her breasts. He sucked her right nipple while caressing her left breasts.

Maxima's mind became fogged with lust. She could not believe this was happening to her, and more importantly, she enjoyed what was happening to her. His fingers moved in circles around her dripping hot slit. The mature alien queen's hips bucked against him.

"I need you, I need your mighty rod inside me," Maxima begged.

The only thing Harry did to respond was put her back onto the large rock which could be used as a makeshift bed. He moved down to spread her thighs and pushed a couple of fingers deep in between her. He kissed her breasts and sucked it while driving his fingers into her.

Maxima thrashed underneath her king's affections. His fingers were excellent, but she wanted more. The Queen of Alamarac was not accustomed to being denied the things she craved. But, why was it denial got her excited?

And he pulled his fingers out of her, before her orgasm reached completion. Something else had been denied by her new king. Maxima didn't have time to protest, he grabbed her firm thighs and slowly started to kiss down. The Queen's mind had been completely blown.

Harry traced patterns over her womanly slit. Maxima's hips pushed up and closed her legs around either side of Harry's head with a force which would snap the neck of a mortal man. Harry didn't break pattern, he kept licking into her pussy, delving a little deeper.

"MAGNIFICENT!" Maxima yelled at the top of her lungs.

Maxima's fingers pushed against the top of Harry's head and breathed in and breathed out. Harry dug his fingers deeper within her juicy thighs and forced her hips up to meet his face. Harry swirled his tongue around the inside of Maxima's dripping hot slit.

"Har-Zod!" she screamed.

Harry brought his tongue inside of her, rattling his tongue into her. He whispered nonsense with Parseltongue inside of Maxima's pussy. Regardless of the nonsense whispered, it made her hips buck up and she grabbed the back of Harry's neck.

Her king brought Maxima to a world of wonders. His talented mouth made Maxima succumb to feelings of pleasure and of unbridled, untamed lust. It was beyond any sensation she felt in her life. Her moist slit was more than willing to receive his cock.

The Queen's thrashing body caused vibrations above the top of the rock. Harry kissed her slit and suckled on it. Maxima grinded herself into Harry's waiting mouth. The Queen's body rose up and crashed down over the rocks. She was so close to an amazing orgasm.

Out went Harry's tongue and Maxima had been deflated. For the second time tonight, she had been denied her orgasm.

"Remember, who rules your body?" Harry asked. "I've beaten you in combat, and now I'm going to
take the spoils of war. I bet you thought I was your prize. Well, I won, therefore, I get the prize.”

Maxima's hips jumped when Harry roughly cupped her pussy. Her insides tingled, and she hoped what was going to come next was going to be his thick juicy cock, buried inside of her receptive body. Harry moved closer towards Maxima, putting his head on the inside of her lips. Slowly, he rotated against her.

"You want my cock, don't you?" Harry asked.

"Yes, more than anything else!" Maxima mewled. "Please, my king, put it inside me, and empty your seed inside of my womb. Let me have our beautiful children."

"We'll see if you earned that right," Harry said.

Maxima spread her legs, ready to receive his cock. She would tell him how much she earned the right. Why wouldn't she have earned that right? She was Queen Maxima of Almarac, one of the most beautiful and powerful women in the world. Men lined up for her.

The fact this one made her work for it, made him the most desirable man in the universe. It grew tiring to see men fall at her feet all of the time. Even if it gave her something convenient to step on, so she didn't get her boots dirty.

She came back to life when feeling the head of her king's cock push against her dripping hot slit. Maxima's hands dug into his lower back.

"Please, Har-Zod!" she begged.

Having women beg for his cock always made Harry smile. She kneeled before him, now she was going to scream underneath him. Harry rolled his fingers down Maxima's very firm legs to feel them. He could feel how excited she was. His fingers moved over to grab onto her hips and he aimed.

Half of the large Kryptonian cock pierced her insides. The instant Har-Zod entered her body, Maxima could feel very dazed. Her heart could have stopped when Harry shoved his hard cock inside of her body. Harry almost pulled out of her and then with one more shove, buried his huge cock inside of her one more time.

Maxima begged for him to be inside of her. Her mind raced with thoughts of pleasure. Her hips pushed up to meet Harry's massive rod.

"Take me, take me, make me yours!" Maxima yelled at the top of her lungs.

Her legs ensnared Harry's waist and pulled him into her body. He grabbed onto Maxima and sank his big cock.

"You've been wanting to cum all evening, haven't you?"

Maxima smiled and nodded.

"I bet you would want to cum, right now, when my large cock is inside of you," Harry said. "I bet you can't wait to release all of that built up tension. You can't wait to milk my huge cock, can you?"

Maxima nodded in confirmation. Harry pushed his throbbing hard rod inside of her body and then pulled almost all the way out of her. He slammed his hard cock into her body.
"Do you want to cum?"

"Yes!" Maxima screamed, digging her nails into Harry's back scratching him.

She could feel her tempo rising. Her hips rising up off of the bed, when Harry drove her a little bit further down into the rock. The rock crumbled with Harry rising up and filling her with his big cock.

"Not….yet!"

Harry stopped completely and let Maxima's body taper down. Another orgasm, the third one tonight, had been denied for her. Slowly, Harry touched her, teasing her. Maxima's body shook and shivered, but she could not have any release.

"One truth you should know. You cum, when I allow it."

Maxima looked up towards him.

"Yes, Har-Zod, please grant me the honor of climax!" she panted.

Harry took her breasts in hand one more time. A small jolt of energy got her loins tingling even though the release did not come. He pulled as far out of her as possible and drilled himself into her. He speared into Maxima's hungry loins, making her feel the pleasure of his throbbing hard cock entering her body.

The Queen had been driven hard into the ground and indeed through the ground. The war torn battle field was developing a new crater, where she was being fucked into. Maxima's legs-scissored around Harry's waist and he pushed deep inside of her.

"MY KING!" Maxima screamed.

She hoped the climax would be at hand, but it had been snatched away from her at the last possible second. The ground underneath them smoked from the sheer force of how her knew ruler drove her into the ground. Now Maxima's body succumbed to him.

Harry lifted her legs up for more leverage, running a fingernail down to the back of her leg. The fact she moaned by just having the back of her legs being touched made Harry take note of all of the weak spots.

Maxima's legs rested upon Harry's shoulder. Her pussy ached, but really needed release. Harry put his hands on her taut stomach and ran down. He slowly played with her clit.

Time passed, and Maxima's mind entered a state of pure pleasure, but there was one thing which had been denied to her at least a dozen of times.

"It's time. Cum for me."

Maxima's body released the frustration which had been built up. Her tight, super-heated pussy squeezed Harry's invading rod. She could feel him pierce her. Her body shook the ground from the immense force of the orgasm and things were just about to heat up from there.

Harry pounded Maxima harder. She was really getting into having his cock driven into her. The Queen's body pushed all the way up around his throbbing hard loins.

"Har-Zod, please, inside me!" Maxima yelled.
Several miniature orgasms hammered her like a miniature Earthquake. Harry delved into her deeper, pushing his hard cock inside of her body. Her slippery slit grabbed onto Harry's rock hard cock, squeezing him tight. Harry rose up out of him and pushed deep inside of her.

Maxima thanked the gift she had received. She was going to get another gift.

She lost track of the time, how much had gone by? She could go for days, weeks even, without tiring. And so could he by the looks of things. His loins became a very prominent blur when jamming into her.

"I'm getting close," Harry said.

"Don't hold back," Maxima said.

Maxima squeezed him around the waist by her legs. Harry pulled almost out of her and slammed down into her body.

His balls were getting very hard to pull out. Maxima wasn't the only one he denied. He wanted his balls nice and full so he could finish bonding with his newest bond mate.

"Maybe you'll be lucky, and I'll consent to children," Harry said. "Or maybe you have a little more work to do?"

The thought of the unknown excited Maxima. He came inside of her. Bucket loads of cum shot into her body. The Queen didn't relinquish her hold on her king's mighty breeding rod until all of the cum poured inside of her body.

Harry finished emptying his stored seed inside of her body. He fired into Maxima's body and pulled out of her, leaving her laying in the middle of the smoking hole which was once a village square.

Maxima climbed to her feet, sore, and dripping with her king's seed. It was more than worth it. Both smiled, and Harry wrapped his arms around Maxima, and pulled her up.

"You're mine now," Harry said. "And all of the women in your kingdom will kneel before me."

"Yes, we're in agreement," Maxima said with a smile.

---

End.

Next Chapter 5/12/2017.

Blog Exclusive Chapter(Featuring Harry/Andromeda/Hippolyta):
http://webofchaos.blogspot.com/2017/05/easing-diplomatic-tensions.html
Ellie bit down on her lip, waiting for him to arrive. The fifteen, nearly sixteen year old girl could hardly wait to see him one time. She had been waiting for him for a long time, her companion, the mysterious traveler who gave her hope in the longest times. He always came and went as he pleased, but always arrived just in time to give Ellie hope which she needed in a world which had become pure darkness and mysteriously.

The dark haired girl wore an oversized night shirt which came down to her knees, and not that much else underneath. Her hands placed firmly on her hips, her neck rolled back. Her age could not have been a problem, surely? They lived in a time where laws had pretty much given way to necessity and survival. Old morality had faded off, just like the many things she took for granted a long time ago.

"I'm here."

"As you always are when I need you the most," Ellie said.

She turned her attention towards the handsome dark-haired man with green eyes and a body which caused him to become the start of many of her dreams. Ellie's heart fluttered every faster, when looking towards him. She approached the man only known as Harry.

"Yes, I am," Harry said.

"Have you given my offer some thought?" Ellie asked.

"I know your desire," Harry said. "And know you don't want to die in this world without knowing pleasure….."

Ellie placed her finger on Harry's chin and leaned closer towards him. Her wide, expressive eyes looked towards him. Her eyes traced over his body a couple of seconds later. She had to convince him somehow.

"It's because I'm considered to be young, barely out of childhood, but not quite a woman," Ellie said. "And you're….well, I don't know how old you are. You look like you could be in your twenties, thirties….that isn't that old compared to me. And besides, what is age other than a marker to celebrate how many years you've survived?"

The young girl shook her head. She didn't want to be cynical at all. Her eyes flashed at Harry and leaned closer towards him, her lips puckering in front of them.

"I'm not just a terrified little girl," Ellie said. "I know by the old standards, I'm not considered legal, but really, are we going to be separated by those old outdated concepts of what it's like to be ready? I'm ready for you, and I want you right now, please."

The girl wrapped her arms around Harry. She was younger than he was, but lived through so many hardships, she had been hardened. The world had been torn apart around her.

"Please," Ellie said. "I need you, so badly…..it hurts so much I need you. Don't make me…."
Harry grabbed the back of her head and guided Ellie's face towards his. His touch on the back of her neck made Ellie shiver, those fingers touched the side of her neck.

"You think you're ready," Harry said. "You've grown, and matured in the time since I've known you. And I can feel your desire for me."

"Yes, it's there, it's real," Ellie said. "You are the only thing that's real."

"There's no going back from where we're going," Harry said. "I'm not going to hold back. Do you think you can handle everything I give you?"

Ellie touched his abs which came through the opening of her shirt. The girl gave a shy smile and a nod to match, slowly rubbing her fingers down his abdomen area.

"Yes," Ellie said. "I can handle you, I can handle everything. Please don't leave me hanging."

Harry touched the back of her soft hair and pulled the younger girl in for a kiss.

This particular kiss lit Ellie's word on fire. She lightly touched Harry's shoulder and squeezed it. Ellie anxiously worked her tongue against Harry. Harry held the back of her head and deepened the kiss. The girl squirmed when Harry moved her back onto the bed.

Ellie closed her eyes and enjoyed the kiss from the man of her dreams. It set her loins on fire with more pleasure than she could ever reconcile in her life.

Harry pulled away from the kiss. He left her lips swollen, face red, and her breathing heavy. Ellie had been excited, and Harry took the underside of her shirt, slowly pulling it over. He revealed more of her toned legs, juicy young thighs, and flat stomach. She was innocent, but at the same time, rather beautiful. The teenager squirmed underneath the touches of the much older man.

"You're soaked," Harry said.

"Only for you," Ellie said.

Harry leaned in and kissed her on the side of the neck. Ellie gasped with Harry sucking on the skin on the side of her neck and slowly running his fingers down her body. The young firm body underneath Harry twitched and could feel his fingers.

The emerald-eyed sorcerer slowly reached behind her and unclipped Ellie's bra. Her young firm breasts came into light. They were very firm, about B-Cup in size, and looked nice on her frame. Harry noticed how hard her perky young nipples were. He reached towards her and tweaked her flesh, which caused Ellie's eyes to roll into the back of her head with the pleasure.

Harry lavished her body. The young woman's loins grew extremely heated with the thought of pleasure. Harry kissed down her body and caressed it. She was having all of her dreams come true at the same time. Ellie's body heated up from his mere touch. He slowly kissed all the way down her body.

"We're not going to go back from this," Harry said. "Are you certain?"

"Yes, don't stop now!" Ellie begged him.

Harry slowly slipped her panties down her legs to reveal her smooth pussy. His fingers lightly rubbed the inside of her thighs. Ellie's thighs clenched together with Harry slowly working his fingers deep towards her. Her thin slit, her thin virgin slit, was about ready to be penetrated. Harry
held onto the edge of her slit, rubbing her pussy lightly.

"Harry!" Ellie yelled.

She panted heavily. Harry touched all of the parts of her which made her feel good. He squeezed her thighs and clenched them hard. Her hips rolled up towards his fingers when they lightly probed the inside of her.

Harry released the girl onto the bed. She collapsed, and Harry undid the belt, slowly pulling his pants down. Ellie sat up on the bed, a bit of curiosity. She wondered what was inside.

Placing her hands on the other side of Harry's boxers, the young girl tugged them now. She slowly unveiled Harry's throbbing hard cock from the other side of the boxers. It looked so big, and so round. Ellie reached in and rubbed on the head. She experimented with the cock in her hands. The teenager needed to grab his cock with both hands.

"It's so big!" Ellie gasped. "Is this supposed to fit in me?"

Harry leaned closer towards Ellie and smiled. His cock lightly brushed against the girls moist, very succulent lips. "With practice, yes."

Her heart rate sped up at the thought of having such a monster inside of her. She was getting wet at the thought of Harry's hard cock breaking her virgin pussy. Ellie's breathing increased when she leaned closer towards him.

"Does the little girl crave her first cock?" Harry teased her.

"Yes," Ellie said. "The little girl wants her Daddy's cock!"

It had been a whim she thought about calling Harry "Daddy", but an added layer to an already taboo situation excited Ellie. Her mind slowly burned with pleasure and she backed off on the bed. She spread her thighs for Harry.

"Pop my cherry," she said, biting down on her lips.

Harry slowly rubbed the other side of her thighs and caused her breathing to increase. He rolled his fingers down Ellie's belly and moved down to touch her warm slit. Her slit was ready to receive, and Harry put his cock at the edge.

Screams of pain came from the girl. Ellie clutched on his head. Only the tip of Harry's head entered her virgin pussy, and already it was blowing her mind. Harry touched his hands on either side of her legs, and slowly eased himself inside.

"Just relax," Harry said. "It's better to just take it all in, and don't struggle. The pleasure will follow soon."

Ellie felt her barrier being obliterated by Harry's cock. Her entire body racked with pain at her proof of her innocence being destroyed. Ellie clutched onto Harry's arm and screamed out. Tears streamed down her face, but it was only for a fleeting moment.

Harry ran his fingers down her body, lovingly caressing the young girl on the bed. Ellie wrapped her legs around Harry and smiled when bouncing back up to accept the length of his cock inside of her.

"I'm feeling better now, Daddy," Ellie mewedled underneath Harry. "Yes, give me your cock, your
nice, big, round, fat cock. I want it inside my pussy, hard….fuck me hard!"

Ellie was slowly gaining a bit of pleasure form Harry shoving his thick length inside of her. Her pussy walls clamped down on Harry. Her body eased to assimilate.

"It's not all inside of you, yet, honey," Harry said. "Do you want more of my big cock? Do you want it more in your tight, teenage pussy?"

"Mmm, yes, Daddy, you're such a good man, making me feel good!" Ellie panted.

Thrusts increased with hard frequency inside of Ellie's slick center. She pushed her walls up to meet Harry's cock, she took about as much inside of her tight pussy as possible. Her mind entered a state of pure continued bliss. Her legs locked around Harry, shaking a little bit. He held her legs tight and ran his fingers down her sensitive skin. Shudders and shivers followed the very second Harry pleasured Ellie. He kept up the pace, drilling his hard cock inside of her tight body.

It did not take too much to blow the mind of a teenager, as opposed to an older woman. Harry's fingers grabbed onto Ellie's thighs and pushed it into her. The fact she waited for a long time for this, having thoughts, dreams, ideas about Harry, made her pussy clamp down harder upon Harry.

"Cum for me, Ellie. Cum for Daddy."

Ellie's wet walls snugly fit around Harry's prick. The feeling of his bare cock in this tight, taboo, teenage pussy made Harry's balls ache something fierce. He shoved himself as far into her as she could take. Ellie's breathing increased increased underneath him.

Ecstasy described the next sensation Ellie felt. Her body quivered underneath Harry's intruding and hard cock. He kept bouncing those thick, swollen balls against her entrance. They were filled with cum, they were filled with cum for her. Ellie could hardly wrap her hand around how full they were for her.

She came though, and came extremely hard. Harry's cock clamped inside of her walls. He picked up a steadier pace and jammed his thick rod inside of her gripping warm pussy. Harry picked up the pace and drilled her insides faster, harder, with more fluid motions.

"Baby, you feel so good, don't you?"

Ellie nibbled the side of Harry's jaw with a kiss, and he returned fire by sucking on her neck, and then going around. The moment Harry played with her perky teenage breasts, Ellie lost her mind. She dug her nails into Harry's back and ensured his cock never strayed far.

"Yes, yes, Daddy, yes!" Ellie moaned. "Make me cum again!"

Harry slowly worked her up to this point. It was a slow and steady process, making her orgasm feel extremely great. Harry took his cock inside of her body. Ellie clamped down onto his intruding rod and milked him inside of her.

Ellie's body collapsed down on the bed. She looked up at the handsome man who was filling her pussy with so much cock. It made her tingle, to please him, to make him feel really good, just as good as he made her feel. And Ellie felt extremely good. She wished to do nothing more than to squeeze the cock and make him cum so hard, but she knew it would not happen soon.

She did not quite have the vaginal muscle control, or know how to work a cock. Her passion and energy though made up for the inexperience. Harry took control of the ride and buried his rod inside of Ellie. Ellie lifted her hips all the way up off of the bed and shoved more of Harry inside of
her body. Her tightening walls gripped him and released him with several fluid motions.

"You're getting close, baby. You're getting close to cumming again."

Ellie nodded and enjoyed the ride, the ride Harry was giving on her pussy. She imagined mounting the top of him, and riding his big cock until her pussy was nice and worn out. She might be walking funny for the next couple of days, maybe a week or two, but it was worth it.

"DADDY!" Ellie screamed.

Oh god, that was the most powerful one yet. Ellie could see he wasn't about ready to slow down. Those tempting touches brought her to the edge, passion flowing through her mind, through her body. Everything Harry did to her made Ellie's heart race a couple more beats.

Harry continued to drive himself deep inside of the young girl underneath him. Her cute, squirming body underneath him, creaming over his cock, made him only drive himself further into this very taboo situation. Harry knew what he was doing would be considered morally wrong, but she wanted this. Therefore, Harry was going to give her everything she wanted. Namely, his big, strong cock inside of her.

Suddenly, Harry pulled out of Ellie, and turned her over onto the bed. Ellie bit down on her lip when feeling Harry's hands on her ass. One finger slipped inside her puckered, tight bum.

"Daddy, that's a naught hole!" Ellie said, giggling in spite herself.

"One day, I'm taking that one too," Harry said. "All you teenagers have tight asses, to tease poor older men. I'm going to watch your ass bounce when I fuck your pussy from behind."

Harry didn't waste any time slamming inside Ellie hard! Her eager pussy had been stuffed hard with Harry's invading cock. His hard, invading cock pushed inside of Ellie, working deep inside of her.

Ellie gripped onto the side of the bed. Every now and then, Harry either squeezed her ass, or cupped the underside of her breasts. His finger's caressing her hair every so often also made her feel really good. Ellie gritted down on her teeth.

"It's so good!" Ellie yelled.

Harry did not think she felt good just yet. Her pussy was warmed up and ready to get taken to a round of heavy pounding. His balls started to drill Ellie over and over again. He knew she could feel his very thick balls and knew how excited he was for it.

Every single pleasurable thing happened to Ellie at once. Harry's roving hands made her body tingle. It was like all of the pleasure anyone could ever feel was centralized to her. Harry drilled his hard cock inside of her tightening center and pulled almost all the way out of her. He pushed his manhood inside of her, with a couple more hard thrusts, battering her insides.

Closer she came to the edge of the motherload of all orgasms. Ellie closed her eyes, beating heavily. Her young body covered in sweat. She had been pushed to the limits by Harry's cock.

"We're both getting close," Harry said. "I guess all good things have to come to an end."

He struck a certain point inside of her to really empathize his words. Ellie's legs quivered the very second Harry slammed his hard cock inside of her. Her walls tightened and released around him. Harry picked up the pace and took her pussy to a never ending trip to the edge. Her tightness caressed his hard cock.
Ellie could not believe how much he made her feel. This exceeded all of the expectations her young mind could give and then some more. The teenager held onto the edge of the bed. More pleasure coursed through her.

Harry touched, tempted, and played with every single inch of Ellie's body. Ellie closed her eyes and grabbed onto the edge of the bed. Harry worked her over, battering her pussy into submission.

"It's time."

Ellie reacted as Harry expected. She screamed, with her screams getting more passionate. He held onto her for leverage, grabbing her tight ass and slamming inside of her. Her moist slit sucked in Harry's cock.

"I'm going to give you my seed," Harry said.

"Make me yours forever," Ellie breathed hungrily.

She could feel how swollen those balls were. They were about ready to discharge and unleash inside of her warm body. Harry slapped his balls against Ellie's warm pussy and showed her what was to come. Her mind almost shut down, the only thing which mattered was getting cum inside of her.

Harry gave one more push and started to empty his balls inside of Ellie. Her pussy milked him and drew the seed out. Harry felt the energy flow from the young girl. Another girl's innocence being taken, and being bound to him made him feel really good.

"This is the beginning of a brave new world for you, sweetie," Harry said.

"Oh, yes, Daddy, I know!" Ellie moaned.

She said she knew, but honestly, Ellie had no idea what was going to happen. All she knew was the heavy pounding she received, and Harry's throbbing balls emptying their seed inside of her waiting, warm, gripping hot pussy.

Harry finally pulled out of her. Ellie sat up on the bed, and leaned up. She was shaky, but Harry held her tight. He pulled the teenager into an embrace, squeezing her ass.

"You're so warm," Ellie mumured. "It's like magic."

Harry just smiled at her words. The newest acquisition to his oversized collective had joined, perhaps a bit sooner than Harry intended. Still, you couldn't discount her ambition.

"When will you come back?" Ellie asked.

"Who says I'm the one leaving alone?" Harry asked. "Take my hand, and I can show you a better world."

Ellie smiled, after all she lost, she had long since given up hope. Still, Harry offered her a hand. So what if the price to get this deal had been her innocence? It had been worth it.

"Take me there," Ellie said, nuzzling up against his cheek.

And so he did.

End.
Breeding Grounds Chapters 136 through 140 Girls:
http://webofchaos.blogspot.com/2017/05/breeding-ground-chapters-136-through-140.html
More Than a Myth (Asami Sato and Korra)

There's another blog exclusive chapter which had been posted on my blog for the MILFs of May set, starring Lily Evans-Potter. Head to the very important links page, click on the Web of Chaos Archives, and either find it through the Breeding Ground Archives or the Blog Exclusive Content Archive.

More Than a Myth (Asami Sato and Korra from the Legend of Korra)

Korra looked up from the ground, at the edge of a mountain, leading up to a temple. This temple had been a meeting spot for some of the most powerful women in the world, and had been a source of interest for many others. The man who lived here was said to be one of the most feared warriors in the universe, and one who would cause any woman to succumb to his passions.

Any woman, Korra shook her head, it was honestly, well she did not know. She looked up towards the top of the temple. Her companion, Asami, turned towards her. Both of the women dressed in clothes fitting of the weather. Their beauty only could be matched by the fierce warrior spirit both of these women exhibited.

"So, the Dragon lives in this temple," Korra said.

"Well, they say he's a powerful mystic, and some say he's a sex god reincarnated in human form," Asami said. "It wouldn't hurt to get a peak to see if he's still up here."

"After hundreds of years?" Korra asked.

Curiosity got the better than Korra though. Despite Asami practically convincing her to come on this tourist trap, to see the temple of Har-Zod, she would be lying if she was not intrigued. Intrigued to see whether or not this could be proven wrong, but to be perfectly honest, the part she disbelieved the most as the fact the Dragon could seduce any single woman, no matter what.

What of women who only appreciated the same sex in a romantic way? Korra thought they would find out, one or way or another. The most logical conclusion would be the Dragon was not up here.

Korra made her way up the mountain. One needed motivation and dedication to climb in, and Korra was motivated enough to see if the legends were wrong. Asami followed a couple of steps behind.

"We're here," Asami said. "And….should we go inside?"

The temple was magnificent, and despite being built before recorded history had begun, it still stood tall and proud. It shined with a crystal sheen on the outside of the temple. The doors slowly cracked open and allowed the two of them to step inside. Anxiety spread through both of the women. Both sensed a presence deep inside of this temple.

"Hello?" Korra asked.

No one had been in here, and yet Korra could feel her heart beating. Silence troubled and unnerved the skilled warrior. She looked towards Asami, who shrugged her shoulder and kept moving on in.

"Greetings, Korra and Asami."
Korra almost jumped up in the air and she went into a battle stance.

"They did say he was a god," Asami said.

"You know what the most fascinating thing is?" the voice in the temple asked. "I get more non-believers entering my temple than I do believers. But, the conversion rate by the time the non-believers leave is very universal."

"Show yourself then," Korra said.

"You are a fiery one," the voice said. "I like that in a woman. Very well, if you want to see me, I've never been one to turn a beautiful woman down."

Korra and Asami turned around and saw a tall figure step into the picture. He dressed in magnificent robes made of silk, but his body was that of a god, with brought shoulders and a muscular frame. He towered over both of the warriors who stepped back a couple of inches.

"You're Har-Zod," Asami said.

"No need to be formal," he said. "Just call me Harry."

"Fine, Harry," Korra said. She put her hands firmly on her hips and stared down Harry. Her eyes locked onto the young man. "I've heard all of the legends. They say you can charm any woman, and they will become hopelessly devoted…"

"Hopelessly devoted is a bit strong," Harry said. "It's amazing how these legends get more outlandish and more exaggerated by every generation, but yes, there hasn't been a woman I haven't charmed yet."

"What about women who….prefer other women?" Korra asked.

"Ah, yes, you're close with your companion, aren't you?" Harry asked. "I've had many women come to the temple who only come here to debunk the theory of how I can seduce any woman. Who believe their preference is for other women. Which is true, their preference is stronger towards other women."

"You really think I can fall for you?"

Harry smiled, the beautiful warrior was very bold, and obviously very skeptical with her beliefs towards him. He took a step towards Korra and she looked towards him. Asami regarded him with a bit more softer expression, but still, it was obvious she was a bit scared what she might find out about herself.

"I can kiss you," Harry said. "And if you feel nothing, than you are the first."

"You want to kiss me?" Korra asked.

"It's just one kiss," Harry said. "There's nothing to fear from a kiss. Especially if you're secure and don't have any doubts about your sexual preferences. Do you fear kissing a man? Or perhaps you're afraid you're going to like it?"

Asami felt compared to defend her companion now. "Korra's not afraid, are you Korra?"

"No, I'm not afraid," Korra said. "It's just one kiss, it's not going to kill me. I bet it won't even be a good kiss."
"Is that a challenge?" Harry asked.

Korra stood in front of the so-called god. She held her hands out and motioned for him to come forward. Harry gripped her lightly by the side of her mouth and pulled Korra into a kiss. Korra's eyes widened the moment where Harry's mouth touched hers. She struggled to not open her mouth, but instincts hit her. Her mouth opened, and received Harry's tongue.

Harry held onto the back of the warrior's head and deepened the kiss. The moment he heard a barely restrained moan coming from the back of her throat, Harry knew he had her hooked, and she was no different with any woman with a pulse. And some without a pulse, as a few vampire vixens entered this temple in the past, but that was an entirely different story for another time.

Asami watched the heated kiss, and she felt curious. Korra's eyes flashed with pleasure for a second, but she closed them. Harry pulled away from her.

"I…..I…..I....." Korra stammered. "Sorry….but…it's…..well it didn't work."

Korra took a deep couple of breaths to try and keep herself standing up straight. She refused to succumb to this man's affection. He was a good kisser, but that wasn't going to be enough to get inside of her panties, not if Korra could help it. Her heart stammered, beating even faster.

"Are you sure?" Harry asked. "Maybe the trip up to the mountain has left you breathless. Would you like to lie down in my chambers for minute?"

"Yes, just for a minute though," Korra said.

Asami shook her head. Korra really was making this very hard on herself. She followed Harry into the lavish bed inside of the chambers.

Korra sank down on the bed. The sheets were soft, smooth, and they relaxed the girl. She sunk down onto the bed, giving a deep breath, which filled her body.

"Just relax," Harry said.

"So, the kiss didn't work on her," Asami said. "Maybe you can try me…..you know, to see if Korra's just of stronger will, or if you truly lost her Mojo."

Harry knew Asami got a full blast of his pheromones when he kissed Korra. The dark haired woman wrapped her arms around Harry's neck and leaned in closer towards her. Her lips looked juicy, and they were primed for a couple of things Harry could do.

Korra closed her eyes, entering a meditation exercise to try and purge the energy from her caused by that kiss. All she saw in her mind, as it became unfocused, was Harry taking her in a variety of sexual positions. Korra tried to hold her hands to the bed, resisting touching herself in this state. It would only make it worse.

Asami wrapped her legs around Harry, pressing against his lap. Harry pulled her in a kiss, a bit less reluctant than it was on Korra's part. Asami ran her hands down, feeling his muscular body underneath his silk robes.

The warrior pulled back, a loving look in her eyes. She loved Korra, but she wanted to sample the other side as well. And once Korra got over her stubbornness, she knew she wanted a piece of this. Asami slowly undid the front of his silk robes and slowly slipped it down his body, revealing his muscular body for her.
"Wow," Asami whispered in his ear.

"You're not done yet," Harry said.

Korra tried to lock in a focused state, not aware of what was going on about six feet away from her. She saw both herself and Asami down on their knees, worshipping the god in front of them. Her body's pleasure heightened a little bit.

'Focus!' Korra thought to herself.

"Korra, you can open your eyes now."

Korra's eyes slowly opened up and she caught sight of Asami down on the ground, with the throbbing hard erection of the Dragon in front of her. The dark haired woman slowly rubbed his hard prick, and Korra could feel herself become lighter than air when locking her eyes on this thick, juicy, throbbing piece of meat. She knew what Asami's lips could do, and now they wrapped around the head of Harry's cock.

Her throat locked up, stopping the protest of the her companion's actions. Asami groped his hard balls and slowly sucked on his prick in a way Korra never imagined. She had been brought down to her knees, and the moment Korra got up, her knees bent.

'No, I don't need it, I don't need it, I don't need it,' she chanted.

Harry grabbed onto the back of Asami's head and guided her warm mouth around his throbbing hard tool. The beautiful woman's lips parted and sucked more of his hard cock inside of her throat. Each push brought her more pleasure.

"Are you okay?" Harry asked, when pushing his cock inside of Asami's throat.

His eyes locked on Korra who leaned back against the bed. Her knuckles whitened from clenching so hard. Her body shook in pleasure.

"Fine, just need to take a breath!" Korra yelled.

She watched Asami bob up and down on Harry's cock. Her body almost broke in pleasure. Korra realized, much to her horror, she now was touching herself. And she decided to keep touching herself, every time Harry was not looking.

Harry leaned down and looked at Asami's beautiful face when she shoved as much of his engorged prick into her throat as possible. He tried to hide his amusement at Korra's light touching of herself, when she thought Harry was not watching. Harry could feel her arousal rising and knew it would be only a matter of time before she would try and jump him.

'Just have to ride this one out and wait for her.'

Asami increased her motions down Harry's throbbing hard prick. Harry held the back of Asami's head and shoved deeper inside of her throat. Her throat stretched out to accept the full length down her.

"Prepare for your gift," Harry told her.

Asami nodded, clutching the side of Harry's hips. Harry pushed his throbbing cock inside of her throat and unleased the content of his balls. The first splatter caused Asami to be caught completely off guard. The cum continued to fire into the back of her throat and coated the inside of
"Korra seems to have contracted a dry throat," Harry whispered. "Why don't you share your drink with her?"

Korra's eyes widened when she saw Asami saunter over. Asami slowly slipped her clothes off herself. Her sexy body had been revealed to Korra. A small strand of cum hung from Asami's lip. She looked very shameless when approaching her.

"Asami," Korra murmured.

"Korra," Asami said.

Asami lifted Korra up to a standing position and kissed Korra in one of the most heated ways possible. Their lips and mouth connected each other. Korra tasted the cum of the god inside of Asami's mouth combined with the sweat taste of her salvia.

Slowly, Korra's clothing slipped off her body. Her darker skinned, toned body had been revealed. Asami breast her large breasts against Korra's and the two of them kissed. It only seemed appropriate to showcase their love for a love goddess.

Asami slipped her fingers inside of Korra's core and the very instant she was inside, she started to gush. She slipped deep inside of Korra's body and she clenched her. Asami looked towards her with a very smug looking smile.

"You're wet," Asami said.

Korra shook her head. Asami lifted her fingers and they touched to Korra's lips. Korra tasted herself and the taste got her all hot.

"Admit it, you're no different," Asami said. "You crave him just as much as I do. You're not made of steel….you're a woman."

"You fulfill my needs though," Korra begged.

"It doesn't mean we can't add some variety," Asami said. "We have been allowed a gift from a god, it would be pointless to squander it. Every single woman would lose their minds to be here. Perhaps you need to…"

A kiss followed and Korra tried to take aggressions out on Asami's lips. Her fire directed towards one emerald-eyed young man only burned hotter, along with her loins. The intensity spreading through her body showed Korra there was only one thing left to go.

'I shouldn't, but I need him,' Korra thought. 'I need him now.'

Korra turned around, and grabbed Harry roughly around the arm. She tried to exert her dominance, but Harry touched her center lightly. It caused Korra to shudder the second Harry backed her off towards the bed. Korra's nipples stuck out with Harry lowering her down on the bed.

"I like to see the strongest ones beg before I give them what they want," Harry said. "You want my cock, don't you?"

Korra responded with a nod. Her eyes burned with lust. Harry lightly brushed his cock head against her firm belly, and Korra shivered. The cock touched her and brought her pleasure.
"It's not enough. I want you to say it out loud. I want you to tell me how much you want me."

Korra's heat increased between her legs and she was like a stream, flowing without any direction. Harry gave her light touches which somehow stimulated ever nerve ending. She tried to take note of what she did, to apply it in her and Asami’s usual sessions, but she could not mentally keep up with this talented young man.

"YES!" Korra yelled. "Fine, I want you......I'm just a woman......I can't......I'm not made of iron. I need your big, hard manhood inside of me, splitting me in half. I need it, I need it more than life itself!"

Harry grabbed Korra's hips and positioned his throbbing hard cock inside of her dripping hot pussy. Her thighs spread and Harry slipped his hard cock inside of her. It was the biggest, thickest thing Korra had inside of her, even more than some of the toys her and Asami had played with.

Asami refused to lie, she got off on the fact Harry's thick rod speared inside of Korra's waiting pussy. His manhood split the beautiful woman in half, rising up and slamming inside of her. Asami watched Harry's thick balls rise up and slap Korra on her thighs.

Suddenly, she turned around and saw a second version of the Dragon behind her. She did not question how he could be in two places at once, because if he was a god, than it was more of his capabilities.

"You're getting off on your companion being humbled, aren't you?" Harry asked.

Asami's eyes closed, with Harry pushing his fingers against her. The dark haired warrior with her beautiful body, large breasts, flat stomach, ample ass, and long legs, all of those body parts were being touched and played with. Harry sent a spark of fire deep inside of her body.

Harry aimed his thick cock against Asami’s waiting entrance. Her womanhood spread apart and received the huge throbbing cock of the god inside of her. Harry spread her thighs apart, holding onto her, and jammed deep inside of her. The ritual started, with Harry impacting her insides.

Korra lifted her hips up off of the bed and matched the strokes. Now, she had a hard cock inside of her and stretching apart her body. She would be lying if she said she could not have enough of it. Harry picked up the pace and slid deep inside of her body. Korra shifted her hips up off of the bed and took more of Harry’s immense length inside of her body. Her hips shifted up and took Harry’s throbbing length inside of her body, repeatedly.

"So good!" Korra yelled.

How she denied this pleasure, Korra didn't know? Her blurry eyes caught sight of a duplicate, or something, stuffing his cock inside of Asami's pleasure. For some reason, if Korra focused hard enough, she could almost feel Asami's lust increase when his rod pushed inside of her from behind.

Mental connections had been established between the two girls, to allow one and other to feel each other's pleasure. Harry leaned into Korra's ample chest. Her dark breasts were prominently pushed out with caramel colored nipples standing at attention. He drove his cock inside her and started squeezing her chest.

Asami mentally broke from this huge cock penetrating her from every single angle. Harry pushed himself deep inside of Asami and almost pulled all the way out of her. His hard cock slammed inside of Asami’s body and stretched her completely out.

"Now, cum for me," Harry said. "You knew from the moment you entered this temple, you were
Asami nodded in response. Her loins clenched Harry's mighty rod every time he rammed inside of her. She had been stretched completely out with Harry's rock hard phallus inside of her. She could also feel Korra's lust, not that she stopped holding it back.

"For the record, it's always the most stubborn ones who are the most sex-crazed," Harry said.

No one could deny it, especially Korra who pushed her warm pussy down around Harry's hard cock. She tried to milk him of the seed. Harry was not going to go down just yet.

"Going from fighting it, to craving my cum," Harry said. "I told Asami it's always the stubborn ones, and you're pretty stubborn."

Everything Korra knew about herself was being challenged now. Her limits had been tested, and she did not mean the sexual pleasure Harry gave her. Even though that would be a limit which would be tested just as well, every single time Harry slid his hardening rod inside of her tight, smooth pussy.

"Yes!" Korra yelled. "Pound me. Make me remember this!"

She found herself on top of Harry. Korra leaned in and used her breasts, her body, and everything at her disposal to worship her god. She channeled everything inside of her tight pussy muscles, to milk Harry's engorged rod. She slid down onto him. Harry reached up to caress her nipples and sent passionate explosions through her loins.

Korra bounced higher and she could feel more tingles going through her body. Lubricating juices allowed the trip of Harry's thick meat missile to enter her center a bit easier. She grinded her pussy down on Harry's cock and slammed it deep inside of her body.

Asami pressed back on the bed, Harry pressing her nipples hard and squeezing her ample breasts. He cupped them extremely hard and released them. Harry pushed deep against her breasts and released them.

"You're glowing," Asami managed.

"It happens before the end," Harry said.

Asami closed her eyes and wondered what he could mean. Her hips rocked up to meet Harry's long thrusts. He touched her body in ways which she never thought was possible at all. Asami rose up almost all the way off the bed and engulfed his thick cock inside of her body.

"Keep doing it, then!" Asami breathed.

Orgasm after orgasm chained through Korra's body. She also felt Asami's many orgasms and left her dripping with many body fluids. Harry touched her right ass cheek when she bounced and that caused shivers. Another squeeze resulted in Korra slamming her loins down on him.

Harry could feel the formerly reluctant woman drive herself down onto his engorged cock. He slipped inside of her body and stretched her insides completely and quickly.

The Harry above Asami came hard inside of her. His balls released an insane amount of cum inside of her body. Asami looked up to see his body glowing brighter and sizing up even more. Harry pushed deep inside of Asami with a few more thrusts.
The explosion followed, and the duplicate disappeared, and with it, a shower of cum splattered Asami's body. She had been saturated with so much cum it was almost unbearable to witness. Her hair, face, breasts, stomach, loins, and legs all had been covered.

Korra sped up her bouncing. The orgasm to end all orgasms entered her body.

"It's almost time," Harry said.

One touch brought Korra's orgasm through her body. The beautiful woman's hips crashed down onto Harry's throbbing hard erection. It swelled with so much cum. Korra dug her nails into Harry's stomach and drove herself down onto him.

"Give me your cum!" Korra yelled. "I need it now!"

She screamed, sex crazed and mad, a change from earlier. Harry held her hips and pushed it down to the base. His cock shoved inside of Korra and started to spurt.

Both parties saw stars the second Harry injected his thick seed into Korra's waiting womb. The insides of her were bathed, just as well.

As Korra ascended and descended on Harry, she wondered if he had used her womb as a means to create divine children, potentially daughters who worshipped their father. Korra honestly did not care, she just kept riding Harry all the way to the end of his orgasm.

Those balls emptied, and an overstuffed Korra moved over. She caught one look at Asami, who dripped with semen from head to toe.

Smacking her lips together, Korra moved over to feast the god's semen from her companion's body.

Harry watched the two women indulge in each other. He would just have to pick his spot soon, and they would be willing for more.

\[End.\]

Next Chapter: 5/19/2017.
Another blog exclusive chapter is up, as part of the MILfs of May celebration, featuring Cersei Lannister from Game of Thrones. So check it out. Go to the page of important links, the web of chaos archives, and either the main Breeding Ground Archive page or the blog exclusive archive page.

And speaking of Game of Thrones.

---

**Dragon's Pet (Daenerys Targaryen from Game of Thrones)**

Legends were fascinating, but legends at times had a tendency to be underplayed when you compared them to actual reality. Those were the thoughts which entered the mind of Daenerys Targaryen when she stepped at the edge of the building. Dany heard a magnificent legend regarding a great dragon at this village, and given her affinity for the creatures, she just had to investigate.

The most curious sight was the village composed of women, along with their daughters. There was not a single solitary male in sight in this village. Well, a male who was alive, that is. Dany's attention had been caught by the skeletal remains of a man lying in the center of the village square. She stepped into the village, and several of the women walked towards her.

Blonde, dressed in elegant traveling clothes, the Mother of Dragons took a half of a step forward, and searched out this creature. She could hear the whispers of the women in the village. Dany heard the rumors no one could tame this dragon and she disagreed.

'Good day, Daenerys Targaryen. Welcome to my domain.'

Dany looked skyward and caught a glimpse of the dragon with the sleekiest, most beautiful features she ever saw in her life. The scales with a dragon midnight black, with only a yellow mark symbolizing a lightning bolt on the right wing. She saw the green eyes of the dragon who came down to the ground. It lowered down onto the ground, sinking its claws down onto the ground.

'So, you do exist,' Dany thought.

'Yes,' the dragon stated. 'And you've come here because you wanted to verify the fact I could not be tamed by any woman. I understand your affinity with us creatures, but I'm unlike anything you've ever seen before in your life. And I understand you look at me with curiosity, and my many mates in the village.'

'You take human women as mates?' the woman thought to herself.

Despite herself, her eyes drifted towards a certain part of the Dragon's body. She wondered how it would work.

'Not in this form, if you're wondering, unless of course they are a giantess, then they could be more easily taken in this form,' the Dragon thought. 'So, the Mother of Dragons comes to my village, perhaps seeking my assistance, or perhaps hoping for a new pet.'

'Just merely trying to follow up on a legend, great one,' Dany said.

The Dragon looked down at her through very beady and very obvious eyes. Dany could feel her
throat dry towards him.

'No men in this village,' Dany thought.

'I only have brought women here, who require shelter, and some have decided to come to me when the legends have spread,' he thought. 'Men, only come here to slay me. I do not seek them, I do not hunt them. But I will not allow them to enter my village with an intent to slay, and put my mates and my children in danger.'

'You're in my mind, speaking,' Dany thought.

'You have a natural affinity for dragons, I have a natural affinity for women,' he thought. 'It was only a necessary match, wouldn't you agree?'

'Yes, great one,' she thought. 'What of the form you use to bed women?'

'Getting a bit too personal this early,' he thought. 'Well, it's just as well. I have very little use for outdated human concepts like courtship. I want to get straight to the point just as much as you do.'

The Dragon flashed into a blast of light and suddenly, a tall gentleman appeared in front of Dany. She looked towards him, a smile on her face. He was tall, with jet black hair, a lightning mark on his head. His tongue shifted against his mouth and brought certain thoughts to Dany's mind. His green eyes enchanted her in more ways than one. He dressed in leather clothing, which she suspected was just more for show than anything.

"You're beautiful either way," Dany said.

"Yes, but this form is a bit more manageable and a lot less intimidating for your average woman," he said.

"Do you have a name?" Dany asked. "In your human form."

"At one time, I took on the name of Harry," he said. "And you have come this long way for a reason."

Dany nodded and followed the now human looking dragon. It was amazing how he could easily live among human beings in this particular form. His eyes were about the only thing which could be considered odd, and they could pass off as exotic.

Daenerys Targaryen entered the Dragon's lair. She stopped straight in front of the young man in question. The clothes he wore faded away and showed a toned body, with a muscular chest, abs, arms, just the pinnacle of manhood in every single way possible. Dany's attention drifted between his legs and saw a cock far longer than anything else she ever experienced.

It was a toned down human version of his natural endowment. She knew it was way above the statistical average. He snapped his fingers and she looked him directly in the eye. She undid the top half of her outfit, slowly fumbling with it. Her hand shook a little bit.

"Here, let me help you."

A flash of fire resulted in this extremely powerful young man dropping behind her. His hands were on her body, and slowly slipping her out of her clothes. Dany's mind had been overwhelmed by these strong sensations. His hands lightly touched every single inch of her body.

"You want this, don't you?"
"Yes, Harry."

"Turn around so I can see you properly."

The order had been obeyed. Dany stood in front of Harry in all of her glory. Her magnificent breasts stood out in prominence, waiting to be grabbed and touched. Her sexy, toned body looked pretty much ready to be played with. Harry's eyes drifted to the small strip between her legs. He looked up to see her eyes smoldering with pleasure, and looking towards him.

Harry grabbed her hands and pulled Dany's beautiful body into his. The two molded together with a kiss. Harry's tongue entered the mouth of the young woman and tasted how eager she was in her mouth. His fingers brushed behind her, and caused her to shiver.

Dany could not believe what was happening, and at the same time, she could. His hard cock touched the inside of her thigh, rubbing against her. Dany wanted nothing better than to ram herself down onto him.

'Not yet.'

One firm thought caused her to shudder. Harry pushed the beautiful woman down onto the bed and climbed on top of her. He kissed her on the side of the ear, suckling it. The weak points of the beautiful woman had been sought out and exploited. Her body became receptive to pretty much everything Harry had to offer. His fingers lightly touched the underside of her pussy, stroking her.

"Harry!" Dany breathed. "Please."

Harry slowly stroked around her lips and made sure her pleasure increased thanks to his actions. Three fingers lightly slipped and felt how tight she was.

"I'm going to have to get you nice and wet."

Harry slowly extended his tongue out and put it at the edge of Dany's lips, to get them even moister. His fingers touched her thighs and dragged his nails against her firm thighs. Her moans were his reward for his actions. He kept wiggling his tongue in between her legs.

Dany thrashed on the bed. He drove her mind over the edge and then a little bit more. The slow suckles, the even slower slurps made her body rise up off of the bed in excitement and crash further down. Harry rolled the palms of his hands over her. Her needy body reacted to Harry's actions. Hunger beyond all measure filled her body the very second Harry pleasured her loins.

The woman beneath him thrashed and Harry had to drink her juices up. He made her nice and wet when she came hard. Then he made her cum again and again. Each orgasm moistened her canal even more. He prepared her body for the delivery of his seed, to be the latest woman he bred.

'Humans, they're so easy,' Harry thought.

The alien dragon turned human slowly kissed Dani's stomach and then licked it. Her shuddering underneath him became even more pronounced.

Harry pushed himself away from her and spread her legs. He cupped her warm sex and rubbed it hard. Dany lifted her hips into his clutching hand and panted underneath him. The woman entered a pleasurable heat, with Harry's fingers caressing her from underneath.

"You want me, don't you?" Harry asked. "No need to answer it, the state of yourself shows just about as much. You're wet….you want my big cock….and you wonder how big I can make it in
He slid his finger inside of deep, pushing into her body. Dany's core stretched for him. Her pussy dripped and was ready for the intrusion. She was ready to receive an immense load inside of her. Her body prepared for what was going to happen next.

"Yes!" she begged him. "Please, breed me!"

Harry smiled, the beautiful human/dragon hybrid children would get a new sister pretty soon. His finger turned around her.

"You're nice and wet," Harry said. "And I can smell you have a nice fertile womb, just ready for the intrusion. Just ready to be seeded with my dragon children? Are you ready to become one with my collective?"

No hesitation was in Dany's voice when she spoke her answer. "Yes, I'm ready to become one with you, Harry."

Harry saw her thighs spread together, prepared to be bred by his massive rod. He stood over the top of Dany and looked down at her wet snatch. He leaned down and gave her another hungry kiss when she returned. His tongue retracted from her body and extended so he could lick every inch of her body.

That warm, wet, and extremely long tongue lavished every inch of her body. Dany's excitement reached a fever pitch. There was nothing more than she wanted other than one throbbing hard cock shoved between her thighs. She wanted it more than anything, she wanted it more than life itself.

"I'm dying, I need it."

"You wouldn't be the first woman to say that."

He licked the inside of her pussy one more time, his salvia lubricating the way inside of Dany's willing womb. The woman's hips lifted off of the bed.

"Please, breed me!" she yelled.

Harry took his hands on either side of her thighs and measured the way into her center. He wanted to give her a little taste at first. His hard cock pushed against her tender opening and slowly slipped inside of her. Dany rose up off of the bed to accept his huge length between her thighs.

"Oh, it's magnificent!"

It certainly was to have this huge cock inside of her, reforming her insides to be his. Dany grabbed onto her lover's back to allow him to push inside of her body. His balls snapped against loins and she had a hint of how much seed was to come.

The willing woman underneath him encouraged Harry to drill his thick length deep inside. Her tight walls clamped down on Harry and released his stiff prick. Harry pushed inside of her and he could feel her pleasure heightening. His talented hands lavished those breasts and got Dany to moan underneath him.

"Sometimes when you go and tame a dragon," Harry said. "The dragon ends up taming you."

Dany realized this one hundred percent of the way. His hands were everywhere at once, and at the same time nowhere at all. Her heart raced the very moment Harry rammed his thick prick inside of
her tight loins. Dany clamped down on his tool and released him when he kept pumping inside of her.

"Feel the rush, feel the pleasure," Harry said. "Feel the excitement when I put my newest daughter in your womb!"

The excitement and all of the pleasure cascaded through her body. Dany tightened her grip around Harry's thighs the further he pushed into her. Her body shook underneath the excitement of an orgasm well done. Harry picked up a more intense pace.

Dany dug her finger nails into the bed and thanked for this divine gift from above. Her pussy stretched because of Harry pushing inside of her. His balls slapped against her womanhood the more he pushed inside of her body. Dany held herself up and took Harry's length deep inside of her.

Time ticked by and the latest orgasm had been even more intense. Dany rolled her thighs up, her body becoming weaker, more willing to submit to him. He slowed down the thrusts.

"Please don't slow down, please, don't slow down," she begged.

A few hours, Dany would not have begged him so much. His fingers caressed her thighs when shoving deep inside of her. Harry teased her with a slow stroke, and caused her pussy to ache.

The want, the need, boiled through the body of the woman underneath him. He had lived through many time periods, through many different realities, but it never became old bending women to his will. They succumbed to his stiff pole when it shoved inside of her. Dany lifted her hips halfway up and dropped them completely down.

"Good things come to those who wait."

Dany groaned, and Harry playing with her nipple did not help matters. She sucked his rod inside her, as deep as it could go. She could feel the edge of that magnificent penis brushing against her womb. The womb which would soon bare the children of her new companion sooner rather than later.

"Your body is nearly ready for the process," Harry said. "Just a little bit further, and you will be open, you will be receptive for my seed."

Dany nibbled on her lip, breathing heavily. She wanted his cock inside of her body, and he sped up a little bit. The connection of their hips together made their actions even more passionate. The warmth of his body pressed against hers made Dany sopping wet and more than receptive. Her legs touched his hips and made sure he kept drilling inside of her.

Every time Harry pushed his rod inside of her, her warm vice of a pussy stretched and clenched down upon him. Harry's fingers ran down her body and felt her up completely. He could see her.

"Release yourself."

Dany released herself and reached an excellent climax. Her body entered a state which very few women could ever even think of being in. Every single inch of the beautiful woman's pleasure centers became extremely worked over. Harry's balls danced over her soft thighs and made her feel an increased amount of pleasure.

"Yes, more, one more time."

Contracting walls made Harry's rod slowly work its way inside of Dany's slick center. He was very
close to burying himself inside of her tight body. His fingernails brushed against her and he continuously pushed his rod into her body. Each thrust brought her closer to the edge.

"Mmm, again," Dany breathed lustfully.

She took his huge cock inside of her willing and tightening pussy. Harry rose almost all the way out of her and slammed his length inside of her. He pushed deep inside of her and stretched her completely out. Her wet pussy tightened down around him.

"You're ready," Harry said.

The process of breeding this beautiful woman was about to begin. Her loins locked point onto Harry. His fingers lightly touched her legs when slowly working his hips down onto her. Harry was this close to releasing his seed inside of Dany's willing womb.

Daenerys Targaryen clutched onto the bed, hips elevated to allow as much of the Dragon's throbbing length inside of her. It stretched and prepared herself to be fertilized. The mystic energy in the air caused her to be put at the optimal level for impregnation.

"I'm going to impregnate you!" Harry growled in her ear.

Dany knew there was no turning back now. Why would she turn back? Why would anyone want to turn back from his length being slammed inside of her tight, clenching walls? Harry held onto her hips and slid deep into her. The two met each other.

The latest orgasm triggered Harry's. His massive length buried inside of her and started to inject her fertile womb with his seed. Dany's hips twitched underneath Harry and took his rod inside of her, very hard and very fast. Harry grabbed her tight and slammed his rod into her depths. He rose and lowered at a constant rate, beyond anything anyone ever knew.

Her nails lightly raked the back, the powerful creature injected her with his spawn in his human form. She tightened around him and released, making sure every last inch.

"You're one with us now."

Dany nodded, closing her eyes. She would always be one with them.

"Thank you for this gift."

She knew already life grew inside of her. One more pump made sure of it and he pulled away from her. The woman drifted off with a smile on her face.

Harry stood, surveying his handiwork. It never failed.

End.

Perfect Way to End a Hunt (Jo Harvelle)

Time for the author's notes. The thing a lot of people end up skipping out of sheer habit. But, I'm going to talk about some things happened.

As you may have known, I have a blog and on that blog, I've created a topic which people can post suggestions for future Breeding Ground Chapters. Granted, its luck of the draw out of the interest of fairness. I'd like everyone to make any suggestions they have on the blog. You can find the link in my profile, under the page of very important links. I'd prefer you post the suggestions there. Granted, you can post them here in the review section, but whether or not I actually note them down is down to my mood. It's the top link in really bold type. You can't miss it.

Over the past year and a half, I've compiled a master list of women and the real life actress who I visualize in my head. Granted this can change and your mileage may in fact vary constantly. Which is fine. It's also on my blog, and if you have any suggestions for that, there's a page for that on that very important links page. Just scroll down and you'll find it. And yes, I'm truly insane of doing this project. Also there's a discussion of real world women being included in the Breeding Ground. Although that's a maybe and likely exclusive to the blog. Still weigh in whether or not you would want to see a fictional wizard from a fantasy series plow women from the real world.

And finally, there's another blog exclusive lemon as part of the MILFs of March, starring Anastasia Greengrass (the mother of Daphne and Astoria) and Taylor Davis (the mother of Tracey). Do check that one out. It's under the Web of Chaos Archives. Blog exclusive chapters or Breeding Ground Archives.

With that out of the way, shameless shilling is over. Shameless smut is now.

Perfect Way to End a Hunt (Jo Harvelle from Supernatural)

"You will pay!"

The large horned demon said these words when Harry Potter took him down with a glowing energy sword stabbed into his chest. The creature began nothing but dust and decay. He long since stopped caring about how many times some hideous creature or powerful sorcerer or really enemy of any kind, said he would pay to be perfectly honest. It was getting to be a bit tiring to hear it.

"The portal's shut!" his companion yelled over his shoulder. "No more of them should come in! At least…"

"They won't, not with the portal shut, and their king taken down," Harry said.

The short blonde woman stepped over, walking next to Harry. She dressed in a black top and a pair of black leather pants with an overcoat. She strapped a blade to the shoulder, a gift from her companion, after he allowed her a second chance.

"So, that's the king?" she asked.

"It was the king, Jo," Harry said.

Joanna Harvelle, Jo to her friends and loved ones, looked down at the pile of dust which once was the king of this particularly nasty race of demons. She could not even say there was any sorrow. It
took a demon to stop a demon a lot of the times. The world was saved, well at least until the next
time some hideous creature tried to consume every inch of it. Which happened on a particularly
regularly basis.

"They never learn," Jo said.

"I must not be a very good teacher, if they never learn," Harry said.

She slapped him lightly on the shoulder and smiled. Their fingers intertwined briefly for a
moment. "Oh, I disagree, you're a very good teacher. It's just when the students can't seem to get it
through their skull the lessons you're trying to teach them.

Adrenaline pumped high after a hunt, as it normally did after a hunt. Jo slowly moved closer
towards Harry and planted her lips firmly onto his with an intense kiss. Harry grabbed onto the
back of her head and returned the kiss, slowly guiding their lips together. They really worked well
together.

The two faded into a night remote cottage. Nothing too fancy, but cozy seemed to be the right
word. Jo smiled when she slipped off her coat and allowed it to drop to the ground.

"Well, it looks like our hunts are going to end like all of our hunts do," Jo said. "With both of us
sweaty and dripping."

"Hey, you say it like it's a bad thing," Harry said.

Jo attacked Harry with another sexually aggressive kiss. He grabbed her around the waist and
pulled her deeper into this very intense, very passionate kiss. Her warm mouth latched onto his
proved to be one of the most intense feelings Harry ever had the pleasure of experiencing. Her
hands were very active.

Harry decided to temper the fire by shoving Jo against the wall. He pulled back from her and
planted a kiss on the side of her neck. More kisses followed and caused her passions to escalate.
Harry stopped and sucked behind the side of Jo's ear. He licked the spot behind it which caused her
to shudder.

"Oh, that's dirty, you know that's a weak spot," Jo said.

"You never let a demon know your weak spots," Harry said. "I seem to have found all yours, like
right here."

Harry pressed a spot on the middle of her back and caused Jo to shudder. The two entered an
intense kiss one more time. Harry's fingers lightly touched the top of Jo's scalp, and he proceeded
to work his tongue deep inside of her. Her mouth molded with Harry's sucking his tongue in. She
moaned, smacking her lips against his. Their tongues danced together with a pleasurable exchange
of salvia.

He reached for her shirt, and slowly slid his hands underneath her breasts, cupping them
underneath her shirt. A smile spread over Harry's face when he leaned towards Jo and lightly
whispered in her ear.

"No bra."

Jo bit down on her lip and nodded. She pushed her hips closer against his, grinding them up against
Harry's. She tried to get a reaction. The incubus would react when he was good and ready.
"I didn't want draw this out too much."

Harry smiled, fair enough he thought. He removed Jo's shirt and slowly ran his hands down her body. Her breasts were a nice handful and Harry just had to squeeze them. Her body tensed up underneath Harry's touches. He stimulated all of the nerve endings at once, like a good incubus might like to do. He could see Jo's body thrashing underneath him. Those nipples hardened.

"Harry, please, don't tease me," Jo said.

Every touch he delivered to her, was made with the express purpose of getting the horny hunter riled up. Harry lightly touched between her thighs and it shuddered.

"I'm going to have to get you out of those pants soon," Harry said. He wrapped a strand of her blonde hair around his finger and slowly kissed the side of her neck. He pulled up. "Those must feel very uncomfortable….and I wonder if you've bothered with panties today."

Jo didn't even respond on the account of Harry's tender affections switching to her breasts. And her body really was wilting underneath Harry's touches. Her heart skipped a couple of heavy beats the moment Harry rolled his fingers over her nipples. He sucked them, and made her body go with tingles.

"It's not fair, how overdressed….you are," Jo said.

"Patience, you'll get to indulge soon enough," Harry said. "And I'm only maintaining the illusion I'm clothed right now."

Jo didn't have much of an opportunity to respond. Harry slowly slipped off of her pants to reveal her mound, dripping wet, shaven to a small strip of hair. Harry slowly ran his hands down the smooth thighs of the shorter woman, lightly touching her inner thighs. She gasped.

"You're wet, I can slip into you easily now," Harry said. "But, what would the fun in that be?"

No time for a good answer, not when Harry slipped a finger inside of her dripping wet cunt. Harry pushed his finger into her depths, moving deep inside of Jo's squeezing pussy. He stretched her out with a couple of light pumps inside of her.

"Yes!" she breathed.

"You want more, don't you?" Harry asked. "Who am I to deny a beautiful woman in need?"

Another finger slipped inside of Jo's dripping wet center. He pushed his fingers inside of her tightening vice. She clenched down on Harry's fingers and released them. Harry eased them deep inside of her and stretched her core with his intruding fingers.

"No, you can't, you really can't!" Jo screamed underneath his ministrations.

Harry slipped his fingers deep inside of her and watched her nipples harden. He could hardly wait to take them into his mouth, suck them, make them his. Jo's warm center caressed Harry's intruding fingers. Each push of his fingers inside of her made her feel really good.

Then, he stopped, denying Jo her orgasm. Harry grabbed Jo and scooped her up before taking her into the bedroom.

Jo wondered what was next. She had been dropped down on the bed. The Incubus climbed on top of her, still unfortunately, clothed. His warm body crawled on top of hers. Every single inch of Jo's
skin burned from when Harry climbed on top of her. Her breathing grew more labored, more intense when he was on top of her.

"I have you now."

"You have me now," she breathed. "Haven't you always had me?"

Harry leaned in and kissed her on the lips, before running his hands over her firm body. Her thighs spread, hoping for attention. Harry denied her the attention, at least for right about now. His fingers teased her, but did not take the plunge. He smelled the scent of arousal and knew Jo would be moments away.

Already wound up from the hunt, Jo did not know how much more she could take of Harry's teasing. Every touch he brought between her legs lit her completely up. She tried to gain control of the situation, only to realize it was difficult to do so. Harry had her underneath his palm, literally, pressing down between her legs.

Finally, Harry rolled over onto the bed. His clothes slowly faded away. Jo rolled towards Harry, climbing on top of him. She saw every inch of his toned muscular body underneath her. Her lips moistened at the thought of what could be done. Jo crawled on top of Harry and kissed him on the lips.

She took extra special care to worship Harry. Her body ground down on every single last inch of Harry. He could feel Jo working down against him. His loins throbbed.

"I want you in me so bad," Jo said. "I think I'm on fire because your cock is not in me!"

"Help yourself."

The permission caused Jo to first lick Harry's cock to get it nice and lubricated. She pushed her fingers between her sopping core and then moistened them. She stroked Harry's length to get him all nice and hard, and ready to pump inside of her.

"Is it bigger than I remember?" Jo asked, studying it.

Harry smiled, he had gotten that question asked by him through many beautiful women. He never answered the question, because he liked to offer an air of mystery.

"I can't get enough of you," Jo said. "I want you, so badly right now."

Her arousal dripped onto Harry's cock.

"You know all about sheathing a sword, Jo," Harry said. "And you know how it slides into you easily."

Jo closed her eyes, feeling the moment of his cock penetrating her tight center. They said, no pain, no gain, and she gained a huge filling inside of her body. Many inches of throbbing cock started to penetrate her lips right into her central core. She could feel it entering her, inch by inch, more inches. Huge throbbing Incubus cock stretched inside of her body.

Harry grabbed her hips to steady Jo when she rose up and slammed herself down onto his cock. The woman's endless energy made Harry feel pretty good with himself. Her pussy walls tightened around him with the first volley.

"You must have been pretty wound up."
No answer needed other than her endless driving herself down onto Harry's hard cock. Jo filled her pussy up with so much of his rock-hard manhood she thought it would split her in half. The muscle control she developed allowed her to accommodate the large intruder.

Harry leaned up and grabbed Jo before pulling her into a kiss while she rode his cock. Their tongues battled for dominance. Harry gained a further advantage, shoving his tongue deep inside Jo's throat. She moaned when Harry practically worked her throat with his tongue.

The magic surrounding both of them heightened in intensity. Harry gripped her around the hip and pushed her down onto him. The bed underneath them started to rock as hard as Jo rode him.

Jo needed the cock inside of her. Harry went behind her and grabbed her ass, squeezing it. Jo's warm pussy walls slid all the way down Harry's hard cock. She stretched around Harry and released him with a couple of fluid pumps.

"Time for you to channel everything you feel," Harry said.

A concentrated attack on her weak spots encouraged the juices to flow down Jo's thighs. She shoved more of herself down onto Harry's engorged pole. It slipped deep between her thighs and slid almost all the way out between her. Harry held onto her and drilled more of his hard pole between her.

Jo's body sized up with an amazing orgasm and came down on Harry. She kept bouncing up and down on him.

"Stop," Harry told her.

Why did he tell her to stop? Oh, he could be so frustrating at times. Jo reluctantly pried herself away from him. He sat up on the bed and motioned for her to get off the bed.

Harry lightly cupped his hand underneath Jo's chin and gave her another burning kiss. His cock slapped against her defined abs, and her inner thigh as well. It did not go inside of her just yet. He sucked on her lips, making her moan.

"Get over to the dresser, turn around and bed over," Harry said. "Make sure you're looking in the mirror at all times."

He squeezed Jo's ass to get her attention and she nodded.

"Yes, I understand," she panted.

Jo walked over, swaying her ass. She put her hands on the top of the dresser, her legs spread. The hunter looked at the mirror from her vantage point. She saw Harry approach her, cock at the ready. It looked much larger when approaching her from behind in the mirror.

Her toned, sensual body pushed against Harry. Harry took the point of his cock and shoved it in between Jo's waiting lips. The woman's breathing increased the second Harry slipped a couple of inches of his stiff prick in between her thighs. She moaned when feeling his cock buried deep inside of her.

"You're going to get it all now!"

She got it all, every last inch of his throbbing cock. Her pussy expanded to meet it. Those balls slapped against her from behind. Harry raked his fingernails down her, making sure to pay attention to that spot on her back. After Harry tormented Jo there for a few minutes, he switched
tactics and made his way to his ear.

Harry could feel the blonde's very tight pussy. She had to get up onto her tip-toes for Harry to properly fuck her from this position, but it was worth it. She scratched up the side of dresser holding onto it.

Jo looked at her own hazed expression in the mirror. Lust burning through her eyes every single time Harry shoved his cock inside of her. She got turned on by the evidence of her own arousal etched on her face.

"Batter me until I can't stand!" Jo yelled.

"Oh, we'll see about that," Harry said, smiling. He pushed against her, ramming his hard cock against her pussy. It stretched out and he filled her deeper.

Jo thought they would see about that. Her moist canal clamped down on Harry and received a hell of an orgasm. She almost slid to her feet. Harry held her up tightly around the hips, and squeezed her ass. A finger touched her forbidden hole for a minute.

"What kind of hunter succumbs to an incubus cock?" Harry asked.

"A horny one!" she moaned, feeling him stretch her out.

Harry smiled, fair enough he guessed. He planted his rod inside of Jo's eager feeling center. The warmth surrounding his cock made him feel really good when entering her from behind. He pushed his thick rod inside of her. He pulled almost all the way out of her and planted himself back into her.

Pleasure spread through the loins of the hunter who had been pushed against the dresser. He bent her over, and shoved his cock inside of her. Every time brought more intense feelings inside of Jo's loins. He really hit all of her buttons.

"Again, cum for me again!"

Jo eagerly accepted it. Her canal slickened enough for Harry to push his manhood inside of her. Those big swollen balls struck her, leaving marks on her thighs when they connected. Every time his heavy balls struck against her, Jo felt really good.

"Look at yourself, look at how horny you are."

One stolen look her face inside of the mirror only caused Jo's loins to clamp down onto her intruding lover even harder. His hard cock penetrated her slick walls. He pushed himself as far into her as possible and then pulled all the way out. His cock slammed into her body, releasing her with each shove.

"Yes, I am," Jo breathed heavily. "Oh, yes, I am! Yes, I am for you!"

Harry picked up the pace and planted his thick rod deeper inside of Jo's moist cavern. She stretched around him with multiple thrusts. Harry picked up a steadier pace with his rod impacting her. She oozed from her core, dripping wet with cum.

Did she know how long it went? Did he know? Did it really matter? Jo doubted she could even piece together an idea of what was going on. He buried his hard cock inside of her tightening loins. He stretched her completely out and then pulled himself from her. He repeated the ritual numerous times, getting her excited.
"We're close now," Harry said. "Cum for me."

Jo came for him alright, her loins clamped down on Harry. She released a flood of juices down onto his engorged cock when it pushed inside of her body. He pulled all the way back from her and shoved more of his length inside of her. He buried his prick inside of tightening vice.

"It's time," Harry told her.

Jo nodded, biting down on her lip in the most sensual manner possible. She could tell her incubus lover was going to gift her with his seed at any moment.

"Cum in me!"

One more look at her face screwed up in pleasure in the mirror excited Jo. Harry decided to gift her with one last orgasm, before unleashing his load inside of her body.

Jo dug her nails into the side of the dresser. He held her up by the legs like she was a wheelbarrow and slammed his cock into her. She held onto the dresser and looked up. Passion burned through her eyes, drool spread over her. He fed off her tantric energy, while also filling her with more energy.

Some Incubi were wasteful, and Harry was not one of them. Feeding off of a women forever, even if it meant sacrificing a little bit of energy, would be preferable for a one and done. Especially a woman so lovely as the one who he filled with his demonic seed.

The final few splatters filled Jo's body. She held onto the edge and almost dropped down to the ground.

Harry pulled her up to a standing position. Jo watched when some of the cum buried between her thighs dripped on the carpet. Harry held her tight into him and leaned down to kiss her. Jo breathed when feeling Harry's lips on hers one more time.

"I'm not done with you," Harry said. "Not until you I take you over every surface in this house."

Despite being fucked raw, Jo's libido had been refilled once again. She responded by grinding down into him and looked at him with a very sultry look which said one thing.

'Bring it.'

End.
The long marble hallway stretched on for what appeared to be miles. Willow Rosenberg looked down the edge of the hallway, a slight smile passing over her face when she leaned forward. Her heart skipped a couple of beats. These lessons had been going on for close to a year, but every time, she stepped into this domain, butterflies started to appear. It sounded like a cliché, but never the less, Willow thought the feeling of butterflies being in her stomach to be extremely accurate. Something to do with the magic in the area and it had even more to do with the man teaching her the magic. Willow took a couple of steps into the room. A long table appeared in front of her, along with a comfortable chair. It was very spacious and very cushy.

The redhaired witch stepped closer. She wore a nice bright green blouse, along with a plaid skirt which went down a modest length. Striped red and orange socks covered up with a nice pair of shoes.

"Sir, I'm here," Willow said.

He appeared in the shadows almost as quickly as she said it. Willow almost had been taken aback by his sudden appearance. Those green eyes flashed in the shadows and stared her down. Willow's heart skipped a couple of steady beats when looking into the eyes of this particular young man in the shadows. She came face to face with him, she came face to face with Harry Potter.

"I can see that, and on time as per usual," Harry said. "Good job, Ms. Rosenberg, you're as punctual as ever. And we should not waste any time in beginning our lessons for today."

Willow locked eyes with the candles adorning the table, wondering what he had in store for her. She suspected in a matter of moments, she would find out.

"Just take a deep breath, and relax," Harry told her. "You've learned all about controlling your powers under my tutelage."

She nodded eagerly, knew all about control, and thought after these months, she had control. Not as good as the control of Harry, who could do things which wowed her without even putting that much effort. And he didn't need to put that much effort. All it took was one look, and she squirmed in her seat. The thought of messing up and being punished for her blunders excited Willow more than it should.

Yet, Willow wanted to be as perfect as possible.

"Focus is important," Harry said. "You have control, but if your focus is disrupted by any means, then you will not be able to control. You will not be able to come one with your magic. And if you can't focus on what you're doing, then you cannot become one with the most powerful magic of all."

Willow nodded in response.

"What will you have me do, sir?" she asked him.

"It's a very simple task," Harry said. "I want you to light every one of those candles on the table."
The budding witch frowned, knowing there to be a catch to the situation. She looked at Harry, looking for the catch. Harry simply closed his hands and the lights went completely out. There was nothing other than darkness.

Willow closed her eyes, really not necessary considering the room around them was pitch black. She extended an arm forward and lit the candles on the table. The candles flashed to light and illuminated the room.

"Very good, but it's just one task," Harry said. "I need you to make the first row of candles illuminate blue, the second row illuminate red, the third row to illuminate orange, the fourth green, and the fifth purple. And when I say switch, move them one forward."

"I can do that."

Willow paused and suddenly, she could feel something brush against her inner thigh. It was likely nothing, just her shifting in her chair. Regardless, Willow turned around and locked her attentions on the rows and rows of candles in front of her. She bit down on her lip and did so.

The candles slowly lit up one at a time. Harry watched her progress, smiling. He would have preferred a more fluid effort, but it was a very tricky charm. His hand lightly rested underneath the table and slowly moved to be placed on the top of her stocking clad lad.

"Remember to maintain the focus on your charm work, no matter what." Harry told her.

Willow tried to block out the sensation of something crawling up her leg. She focused on keeping the candles lit. One of them flickered for a minute, but she screwed her eyes shut.

'Okay, focus, no sweat, you can focus.'

Harry's fingers slid a little bit more up Willow's leg. Her thighs instinctively spread to allow her further access. Lightly, subtly, but at the same time obviously, Harry touched her through her panties. Willow's hips jumped up slightly, and a few of the candles went out in her shock.

"Focus," Harry said.

Willow bit down on her lip and tried to focus. Easier said than done, especially considering she felt a gush of air between her thighs. Her panties were no longer there.

Harry slowly rubbed his fingers down her thigh. He could see how wet she already become for him. He knew Willow had craved his touch for a long time. He glimpsed into her mind briefly at times to see how depraved those thoughts could be. It was hard not to when she practically projected them.

"Remember, no matter what, keep your mind on the spell," Harry said.

Willow showed her strong resolve in keeping her mind on the charm in question. Harry lightly touched her pussy lips and edged closer to her insides. Willow breathed in heavily and breathed out. One of his fingers touched the inside of her core and slowly worked it. A more intense feeling spread through her loins.

Two of the candles were out. Willow tried to redouble her focus, knowing full well her nipples now hardened against her top. Her breathing increased.

"Sir, I'm focusing," Willow breathed heavily.
"Are you?" Harry asked. "Good, you're focusing well, all of the candles are lit. Perhaps we should make this a little harder on you?"

Harry added a second finger and pumped Willow in succession. He was well aware of the redhead's breathing within in. Her body reacted to his fingers pushed inside of her tightening core. The moisture dripped down his fingers with each motion. Two digits buried inside of Willow, and a third had been added inside of her.

"Oh, God!" Willow moaned.

"He has nothing to do with what you're doing now," Harry said. "The candles are almost all the way out…focus….FOCUS!"

Harry practically shoved his fingers deep inside of her core, seeking the heat when it pumped magical energy out around his fingers. He could feel the gushing around her tightening core. His fingers dug deep inside of her center. Harry pushed inside of her and then released his fingers from inside of her. He put his fingers deeper inside of her body.

It was very hard for Willow to focus because of the pleasure. The orgasm spreading through her body tightened around Harry's fingers. He only shoved himself deeper inside of her. It was almost like he pleasured her very essence, and Willow would not doubt for a second that's what he did.

Several of the candles shot into the air and caused parts of the ceiling to be scorched. Willow struggled to prevent the fire from spreading when she came extremely hard from his efforts.

Willow leaned against the table, knuckles white from when she clutched the edge of the table. Harry removed his fingers from her and leaned closer towards Willow. He cupped her pussy hard from behind and leaned towards him.

"Switch."

She closed her eyes and switched the rows of candles. His hands moved around and slowly undid her shirt, sliding it off of her body. Willow's bare skin tensed up at the touches, with Harry lightly running his hands all over her body.

"Oh, Harry!" she breathed.

"Remember to focus," Harry told her. "You need to block out all of the distractions, no matter how intense they are."

Harry slowly stroked his fingers down her body and touched her firm stomach before going back down between her moist thighs. He absorbed every single inch of his young protégé's sexy body. The talented witch squirmed. He could feel power coursing through her body. He slowly undid his pants.

Almost all of the candles had been put out when Willow heard the sound of Harry's belt being removed and his pants dropping down to the ground. Harry reached in and cupped her creamy breast in his hand. He slowly grabbed her chest and squeezed it.

"Remember, focus!"

He leaned closer towards Willow, kissing her on the back of her neck. The tender skin had been sucked and played with, with Harry's mouth. He lightly ran his hands down her back.

Willow thought she was going to die. She kept control of the candles. A couple of them flashed a
different color than they should. He really tested her focus.

She tried not to turn around, about she did not need to. Harry's hardened cock ran down the back of her leg briefly. Willow's tension increased when his hands groped her from behind. The intense touches made her body turn to jelly underneath his grip.

"Just be prepared for anything," Harry said. "And remember, to keep your mind on the candles, and not on other things."

Willow enjoyed this practical lesson, but she resolved to keep her mind off of other things. Namely, how much she wanted his cock buried inside of her quim. Those fingers teased her and every now and then, his hardened length rubbed her from behind.

Harry knew her thoughts, and what they were. They were beyond obvious. He reached between Willow's parted thighs and slowly rubbed her womanhood. He leaned down and tasted it. The juices trickling down her loins were very sweet and Harry had to bury his tongue inside of her body.

Willow squirmed underneath Harry's very obvious touches. Then, his tongue pushed inside of her core and slowly swirled around it. She had been brought to new meanings of pleasure. Lust really spiked through Willow's hot loins. Harry grabbed her from behind and squeezed her ample ass before shoving more of his tongue inside of her. Willow held onto the edge of the table, breathing hard and heavy.

"Mmm, okay, I'm....crap!"

Some of the candles were now flashing different colors. They were not uniformed at all. Willow tried to get it together despite the fact she experienced one of the most intense feelings of her young life. Harry knew precisely where to drive a woman beyond insanity.

Harry switched the play and so far, so good, at least better than his first lessons of advanced focusing had gone with Rowena. Things got hot, way too hot, given how the candles burned down half of the library where she was teaching him. Thankfully, magic repaired a lot of damage.

Now, he imparted the lesson on to others, some of the more lost principles of magic which had been lost in a world of wand-waving and corruption. He slowly slipped his tongue inside of Willow and tasted the power coming from her. Her tarty juices made Harry hungry for even more. He slurped her womanhood so hard and so fast, she was practically quivering underneath his mouth.

Flames fired into the sky from Harry digging his tongue inside of Willow's deep pussy. She reeled in the pleasure she felt. Harry slurped the insides of her pussy hard and just was draining her of all juices. Willow's legs quivered underneath the table. It took everything she had and then something extra not to collapse to the ground in a messed up heap on the ground.

Time for her to cum again, and Willow came again, very hard and very fast. Harry took himself into the inner workings of her core and released his tongue from her body. He slowly drilled his tongue deep inside of Willow's body a couple more times, slurping her insides with his mouth and tongue.

Willow gripped onto the edge of the table and closed her eyes. She was coming to cum so many more times. Harry held onto her, which was a relief. The witch thought she might fall over and that would be very embarrassing. Her heart raced even faster the deeper Harry pushed his tongue inside of her moist core.
"Harry!" Willow screamed at the top of her lungs.

The candles flickered, but mostly stayed in place. He taught her the very valuable skill of multi-tasking along with focusing, at least in Willow's mind. And he was excellent at that, stimulating every single inch of her body at once.

Harry drew in a couple more slurps of her warm womanhood. Willow's body released so much of her fluids into his mouth, she thought she would collapse from what happened. Harry held onto her and prevent her from collapsing down onto the ground.

"Good, but it's time to switch."

Oh, Willow wasn't quite prepared to switch. The switch wasn't just with the candles, she had a feeling.

"Now, I want you to keep the focus without looking at the candles," Harry said. "It's bit more advanced, but I think you're up for it."

Willow turned around, dripping with sweat and also more juices. Harry now sat in the chair she was sitting in. She saw his hard cock standing up in attention. Willow's eyes widened when she caught a look at his manhood. It was so big, so swollen, she could hardly stand up straight and look at it without almost falling over.

"You're going to need a bigger distraction, to see if you can hold the focus," Harry said.

"Well, you have a very big one there, sir," Willow said. "Sorry, that just slipped out."

"Don't worry about what slips out," Harry said. "Worry about what slips inside you."

Willow moved over and closed her eyes. She could see this throbbing cock, primed and ready for her. Her loins ached and she wanted nothing more than to have every single last inch of this cock. Yet, there was a feeling of slight anxiety. Willow wondered if it would fit inside of her.

"You're a witch, you're adaptable," Harry said. "Remember, what I told you about magical space?"

"I didn't think it worked that way."

Harry reached over and pulled Willow over onto his lap. Her moist cunt lips touched against his raging rod. Harry lightly touched against her thin lights. Her tightness came very close to engulfing Harry inside. Harry held onto her and guided his manhood inside of her entrance.

"It does work that way," Harry said. "But, I'm going to work you every which way possible."

The two of them came seconds away from entering each other. Harry placed his hands on Willow's lower back. She squirmed at the touch. Harry kissed her on the lips which caused her mind to shut down.

The kiss had been the most mind-blowing thing possible. Harry lightly nibbled her lower lip while easing his massive manhood inside of her. Harry pulled back from the dazed beauty. The younger girl writhed on his lap when easing his cock inside of her.

"Remember, to maintain the focus," Harry said.

"How will I know if I don't look?" Willow panted, more of his cock sliding inside of her.

"A good witch takes complete use of all of her senses," Harry said. "We can't just simply trust
They talked about the sixth magical sense briefly in the past. Willow had yet to succeed to channel that sixth particular magical sense properly, but she was getting there. Her own senses had been overwhelmed by the thickness of Harry's cock inside of her body.

Harry pushed inside of her the beautiful woman's body. Her eager body writhed down on his cock and shoved more of his length inside of her. Willow rose up off of the couch and sent more of his cock deep inside of her. Willow stretched around Harry's length and released it with a couple of huge pumps.

"Very good," Harry groaned. "Keep that up."

Willow kept it up. His hands reached over to grab her chest. Her perky breasts had been grabbed and touched, her nipples being squeezed between Harry's fingers. She panted when Harry touched her. His fingers brushed down her body and touched every single inch.

"Just keep your mind on it, and just feel the rush going through her. Channel the magic, tap into the energy flowing into you!"

Brand new sensations coursed through Willow's mind. Her legs wrapped around Harry when she drove herself down onto his lap. The feeling of an amazing orgasm rushed through her body. Harry helped coaxed it through her body, leaning forward and kissing her, before moving down to worship her breasts.

The sensations brought through this girl encouraged Harry to drive a little bit deeper inside of her. His balls cradled against her womanhood. They slowly filled up, being encouraged by each tiny orgasm. Willow grabbed the back of Harry's neck, moaned sensually, and brought her box down onto his tool.

"Yes, yes, more!" Willow moaned at the top of her lungs.

"Don't worry, you'll get far more than you ever bargained for," Harry told her. "Are you ready to cum again for me?"

"Mmm, hmmm," Willow mewled hungrily. "Give me your cock. Bury it inside me, oh yes, bury it in me right there!"

Her passion increased. Deep inside of the charming girl, was someone who craved these touches. Harry pushed his face into her neck and sucked it. Willow gasped when Harry marked the side of her neck. He hung onto her and pushed more of her hips down his rod.

"Baby, it's so good," Willow begged him. "Just a little bit further, just a little bit deeper! More, I need more!"

Harry gave her a little bit more. Her loins begged for the hardened rod inside. Willow's body ensnared his manhood. Her magic drew him a little bit deeper, and caused just as much pleasure to go through Harry's body. He touched every single inch of the younger girl's body and caused her to moan even deeply.

Every touch to her womanly curves made Willow drive her hips down onto Harry's mighty rod. She hammered her loins down onto his hardening cock, slowly stretching herself down onto him. Her very wet pussy closed down onto him.

Willow's mind entered a fit of lust. She dropped down and speared onto his mighty rod. Every last
inch of Willow's stretching loins spread over his throbbing hard cock. Harry touched her hips and speared into her body. Her wet pussy clamped down onto his hard rod.

She came hard, and fast down onto Harry's length. Harry pushed inside of her, feeling the insides. She was prepped for the next step in her journey. Her ass bounced when dropping down onto his hard cock. Harry gripped her nipples and squeezed them, making Willow breath in pleasure. His hands moved all over her body.

"It's time for you to cum for me again. Cum like you've never cum before."

"Yes, sir," Willow moaned.

Willow's center stretched around Harry and sprang back around him. Her walls stretched down around Harry's thick cock and back inside of her. Her walls tightened and released him with every single motion. She ensnared him with every last motion.

Time ticked by, and Willow only knew the candles remain lit because of the fact the room wasn't dark. She didn't chance a look behind her to see the state of the colors on the flames though. All she had to do was focus on what entered hard and fast.

"Getting close, again."

Warm juices trickled down Harry's rod and pushed down his large cock. It pushed into her body, with Willow stretching her womanhood down around his cock. She clenched onto him hard and released him with each drop of her pussy.

"Closer, closer, cum for me," Harry ordered her.

Willow nodded, she came for him even harder than ever before. Her walls clenched Harry and released him this time.

Then, when he was ready, Harry's balls touched her entrance. He knew she felt how thick, how swollen those balls were. The power surrounding her loins increased when stuffing down. Harry filled her pussy and without another word, fired his seed into her.

Willow clutched Harry's shoulder, holding onto him tightly. The combination of his seed spilling inside of her body, along with her loins tightening around him made Harry inject his cum deep inside of her tightening body. He filled her up with seed.

She screamed, finally losing it. The lights in the room went out, but that did not stop Willow from seeing stars. She finished pumping Harry's rod inside of her, filling her up with so much seed.

The regular lights came on, and Willow turned around, to see several melted candles behind her. She figured she must have caused them to heat up too fast because of her focus being divided.

Harry cupped Willow's cheek and made her look at him.

"Well, it looks like we're going to start that lesson from the beginning," Harry said. "And we're going to keep doing it, until we get it right. If you're ready."

"I am."

Willow wasn't going to complain and she was more than willing to try again.
End.

Next Chapter: 5/30/2017.
A gasp of surprise filled the woman who had been pressed against the desk by the strong young man just above her. She had dreams which started in this particular situation, and unfortunately, had ended with her waking up very frustrated, with sticky sheets. This little encounter had to be real, though, because if it wasn't real, she would just have to scream.

Harry Potter worked his hand up the stocking clad thigh of the curvy blonde woman underneath him. The woman in question was his former Hogwarts classmate, Hannah Abbott, who currently worked as a reporter for Witch Weekly. The favorite rag of giggly teenage girls and frustrated middle aged house wives the world over. He would have to say though, it had a bit more journalistic integrity than the Daily Prophet had during its day.

Currently, Harry pulled away Hannah's panties to reveal how soaked she was. The former Hufflepuff's juicy thighs spread apart.

"So, you're writing a story about what I'm doing after I left Hogwarts?" Harry asked. "And I could tell you everything I'm doing, but why tell you, when I could show you."

Hannah started to breath heavily with each pump inside of her body. Those talented fingers stretched her insides. It made her wonder what his tongue could do and other parts of his body.

"I can't tell you everything I've been doing, because some of the details might be a bit too sensitive for younger readers," Harry said. "And those who are prudish."

Hannah closed her hips, and nodded in response. He pushed his fingers deep inside of her. The Hufflepuff squirmed because of his rapid fire thrusts. His fingers stretched out her core and then came all the way out of them. He repeated the ritual by pushing his fingers inside of Hannah's tightening hot quim.

"It's been a long time, hasn't it?" Harry asked. "So, you and Susan, you're friends, still aren't you?"

"Yeah," Hannah said.

"Very close friends, I take it," Harry said. "So, she hasn't shared what we're up to, what she's been doing with me? I've been coming her office about once a week and making those long days at the Ministry a bit more tolerable. You see, I figured if you have a gift, then you should offer a service."

Hannah's eyes closed and she moaned. Her loins ached and then Harry worked them to completion. Her heart sped up even faster.

"And my gift is making women feel a little bit better," Harry said. "You came in here, because your boss wanted a puff piece about me, about Harry Potter. The Boy-Who-Lived, the Chosen One, the Man-Who-Conquered, and whatever, other buzz words they're making up about me these days. That's why you're here, isn't it?"

A feverish nod responded with Hannah feeling her loins being stretched out. So, he was fucking Susan, and likely several other witches. She felt a little disappointed the love had not been spread to her, at least for now.
"And your boss has been giving you static about not getting a story which can sell magazines," Harry said. "You're a bit stressed out. I can tell when you came here."

Their meeting started with a neck massage, then a foot massage, and escalated very quickly to this point. And speaking of escalation, Hannah's pleasure escalated the deeper Harry buried his fingers inside her gripping womanhood. He worked her to the edge.

"And now, we're going to release that stress, into one big explosion," Harry said. "And you're going to feel good. You can already feel the pleasure building up."

"YES!" Hannah yelled.

"And you know no one can make you feel as good as I can."

He rubbed her hard, her insides being pleasured. Hannah knew this to be true the moment he slipped that first finger inside of her. Her breasts strained against the top, begging for attention.

"Soon enough, my pretty little Puff," Harry said. "You're going to cum, and it's going to feel amazing."

Hannah wished she would cum. Harry stroked her insides and stretched her loins out with his fingers. A little bit of energy passed between her thighs. Hannah bucked her hips up to meet Harry the second he speared his fingers inside of her womanhood.

"So….good!" she squealed underneath him.

Her hips bucked up very eagerly to accept Harry's probing. He let it go and Hannah's entire body exposed into an orgasm. Every part of her, from her head down to the tips of her toes rushed up and down. Her hips pushed against Harry's probing fingers.

Harry pulled his fingers out of his former classmate's vice and slowly slipped two of them into his mouth, followed by a third. He sucked the juices from his fingers. He made sure to lock his eyes on Hannah.

The next thing Hannah knew, she had been greeted by the sight of a naked Harry Potter. Her heart practically stopped and sped up at the same time. The Hufflepuff slid off of the desk and ate up every inch of Harry's muscular body. Harry grabbed her and pulled her onto his lap.

Harry held the back of Hannah's head in place and kissed her something fierce. She returned fire, burying her affections tongue first into Harry's throat. Her nails grabbed the side of Harry's face and deepened the sexually aggressive kiss.

One hand lowered, and grabbed Hannah, squeezing her on her nice, plump, bum. The beautiful woman rubbed down onto his cock.

"I've always dreamed of this," Hannah said.

"You and about ninety percent of witches from ages eleven to a hundred and eleven," Harry said.

Hannah smirked, and she looked down towards Harry's hard cock which brushed underneath her skirt. She eyed the wonder of magic.

"You helped me with tension earlier," Hannah said. "You seem to have a lot of tension, helping all of those poor, lonely, horny witches, Mr. Potter. Maybe, I should investigate what's leaving them smiling when they meet you."
"Well, you are an investigative reporter."

Hannah unbuttoned her blouse and let it drop down to the ground. Susan and Megan both spanked her in the tit department, even though she was more than a handful. Still, Hannah made up for things with her round, plump, ass. Speaking of which, she dropped her skirt down to the ground, and wore a nice pair of black silky panties which stretched over said ample ass.

The former Hufflepuff descended to her knees, using her clothes as a cushion. She wrapped her hand around his throbbing cock and tasted it, with her tongue. She just wanted to indulge it briefly, get it nice and warmed up to be shoved between her thighs.

"Mmm, so good!" Hannah moaned.

Hannah grabbed Harry by the ass from behind and guided his cock closer towards her warm, juicy lips. She sucked his cock into her mouth and bobbed up and down on it. Harry held onto the back of Hannah's head and guided himself into her nice warm mouth.

"Mmm!" Hannah moaned at the top of her lungs when sucking Harry's cock all the way down her throat. Her excitement hit a fever pitch every time Harry buried himself into her throat.

"Yes," Harry told her. "Mmm, indeed. I have you now, Ms. Abbott. All you can do is take my cock and like what you're taking."

Hannah sucked his cock down, enjoying the feeling of a huge cock slamming down her throat. Harry held her by the back of her hair and worked his manhood into her mouth. Those balls slapped against her chin.

Harry allowed Hannah to have her fun and fulfill her naughty little fantasies of getting on her knees and sucking Harry's cock. The young man pushed his fingers deep into the back of her head and shoved his huge cock down her throat.

"Suck it, suck it like it's your job," Harry said. "Suck it like your life depends on it, Ms. Abbott!"

The lack of use of her full name made Hannah think Harry had a position of authority on her and he in fact did. He pushed his cock down her throat, sucking more of the length down her throat as possible. He grabbed Hannah's head and roughly fucked her face. Hannah's took herself, without gagging too much. Tears ran down her eyes from how hard Harry rammed his thick manhood deep inside of her throat.

"Fuck," Harry groaned. "We don't want to make it too easy for you."

Hannah pulled away. Harry's cock was nice and ready. Harry positioned for her to get on his desk on her hands and knees. Hannah did as she was told. Her panty clad ass stuck in the air, primed and ready for the spanking, if that's what Harry intended to do.

He reared back and slapped Hannah on her round ass which caused her ass cheek to jiggle underneath his hand. Harry reared back and spanked her ass a couple more times which resulted in Hannah's breathing to increase.

"You have such a nice ass, Ms. Abbott," Harry said. "I'd have to say, you're right up there with Padma Patil in your year, and I should know about that one."

"Did you have anal sex with Padma?"

"I had anal sex with both Patil twins," Harry said. "But, you're going to have to earn that one, right
now. And I'm going to help you earn it."

Hannah's intense breathing increased with Harry working his fingers between her thighs. It was very intense to feel what his fingers could do to her. They brushed between her warm thighs. Harry then pushed his cock at the point of her entrance.

"Are you ready for it?" Harry asked.

"I want to know what the other witches are raving about," Hannah said.

Harry pushed his hands against Hannah's ass and gave it a nice little squeeze. She had an ass worthy of worship and then he further ran his hands down her curves. The excitement of the Hufflepuff, turned reporter for a witch gossip rag, reached a fever pitch.

"Well, you're going to get an up close and personal account," Harry said. "Therefore, you don't have to worry about hearsay. Of course, sometimes words don't describe."

"I can't wait," Hannah said.

And she really couldn't wait, her pussy ached and wanted every single last inch of Harry's engorged rod shoved between her legs. Hannah's lips parted ways and Harry shoved about as much of his cock as he could fit inside of her tight pussy. Hannah's lips parted ways and Harry shoved about as much of his cock as he could fit inside of her tight pussy. Harry held onto her and slid his monster of a manhood deep inside of Hannah Abbott's clutching quim. It felt really good to be surrounded by so much warm, feminine flesh. Harry groaned when pulling completely out of her and he shoved back into her.

"Damn!" Hannah begged him. "I want that in me, as far as you can go!"

Harry picked up the pace, and drilled her pussy deep and fast with his cock. He slowed down a little bit to ensure Hannah felt the sensations. He could feel her body warming up underneath his.

"Already close?" Harry asked.

"I'm horny as a badger in heat!" Hannah moaned.

"Well, that's fitting," Harry said.

Harry didn't know about badgers in heat, well other than the lovely Hufflepuffs he encountered during his time. Susan, Megan, Nym, many others really, they all got very horny, and craved his cock. Not that he wanted to discount anyone else, but it just seemed like Hufflepuffs hard-working mentality trickled down to working as hard as possible to get some of Harry's cock.

And now, Harry pushed his cock inside of the gripping pussy of the beautiful blonde underneath him. Harry stuck Hannah with his throbbing hard cock and pulled completely out of her. He shoved more of his thick tool inside of her body and then pushed into her.

Hannah could not believe she was getting fucked on the desk of the most powerful man in the world. Yet, she felt it, felt his throbbing hard cock penetrate her warm, gripping thoughts. Harry held onto her hips and just rammed his cock into her depths.

The two entered an exchange of pleasure with each other. Harry could feel Hannah's very willing cunt grabbing around his thick body. He slapped the beautiful Hufflepuff on the ass and caused her to moan the second where he pushed his hard cock inside of her body.

"Yes, baby, right there!" Hannah breathed. "Fuck me harder with your throbbing cock."
"Oh, I'm going to make sure you feel this for a very long time," Harry told her.

He slowed down to make sure the latest orgasm sunk in from Hannah. The second Harry was sure the orgasm filled her body, he started up just again. Her moans underneath him, along with her jiggling ass, made Harry excited. He slapped Hannah on the ass while fucking her from behind.

Every time Harry rammed her pussy, Hannah thought she was going to die of pleasure and excitement. He slammed deep inside of her gripping pussy and pulled completely out her. Hannah whimpered at the loss of his strong cock from entering inside of her. Then, without another pause, Harry drilled deep inside of her.

The spanking she received when he fucked her made Hannah drip with excitement. Her walls moistened and allowed him inside of the center.

"I wonder how many orgasms you can handle before you burn out," Harry said.

"Does it happen often?" Hannah asked.

"Well, I keep that cabinet stocked with stamina potions for a good reason," Harry said. "Also, instant rehydration potions, and they're never really for me."

Hannah tightened her grip around Harry. The thought of him fucking her into a drooling stupor made the horny Puff very excited. Her walls worked hard around Harry to try and get his seed before she passed out and would not enjoy the feeling of Harry shooting his burning seed inside of her.

"Oh, it's always amusing when they think they can get the better of me," Harry told her. "When they really should know better."

"I don't know better!" Hannah yelled. "Educate me!"

Harry pushed his hard cock inside of Hannah's moist pussy. He stretched Hannah's canal with his hard cock and made sure she felt every inch of him when he buried it inside of her. Her pussy tightened deeper around him. Harry grabbed her ass and pushed further inside of her.

"You're going to learn, just like all of the rest."

An orgasm which was about ten more times intense than all of the orgasms combined hit Hannah. It was like Harry could set her off with the slightest effort now. Had her body become this sensitive? Harry molded her like jelly in his hand, shoving more of his length inside of her.

"You're going to learn."

Harry nibbled her ear lobe and sucked on it. Hannah's moaning increased the second Harry pulled almost out of her and slammed deep inside of her.

"You never slow down."

"I'm slower right now than normal," Harry said. "Your tender pussy has never truly been fucked, has it? Not until now?"

Hannah could not deny Harry any longer. Her pussy never received a hard pounding at least until now. Every single inch of Harry's cock filled up her warm cunt and stretched it out all of the way. Harry picked up the pace and drilled his hard rod inside of her.
"Closer."

Another orgasm hit Hannah full on. Harry could feel the tightening of her body, and also the energy spreading through her loins. Harry slammed deep inside of her body, and slowly started to work her to the end.

Hannah was barely conscious after a few more orgasms. Every now and then, her body jolted back to life when Harry grabbed her ass or drilled her pussy. Those balls felt like they were past capacity. The magic of magic resulted in Harry to hold even more beyond his normal capacity.

Harry rode her pussy, channeling enough of his magic through her to keep her mostly conscious. At least enough where he wasn't drilling his cock inside of a limp body, which had no reactions to him. It wasn't very alluring when your partner didn't move underneath you.

"If you're still with me, you're going to get your reward," Harry said. "Don't worry ,you won't get impregnated unless you're one hundred percent sure"

Was Hannah one hundred percent sure she didn't want to get knocked up? Maybe not at the first time, but like all good reporters, she would have to do a follow up. And speaking of following up, Harry followed up on his promise in pushing his cock inside of her and firing his balls.

Harry spilled his cum inside of Hannah's body, and filled her up. She might not be able to walk from the office on her own accord. Her thighs were even more sore than after the time Megan and Susan tied her down and decided to experiment with a Beater Bat. But that was beside the point. The point was, Harry filled her up with so much cum, Hannah thought she was going to overflow.

Harry groaned, grabbing her ass tight. He enjoyed her pussy, channeling whatever little energy she had into pumping him. She was so warm, so tight, and wanted to work herself to her limits.

The dust cleared, and Hannah could barely keep herself up right. Harry really took her through her limits.

"Drink this."

She opened her mouth for Harry to feed her the stamina potion. At least ,she could stand, even though Hannah still felt the after effects of his cock.

"Thanks for your time," Hannah said. "Do you think you can arrange a follow up?"

"Talk to my personal assistant on your way out, and she'll set you up with a time that will work," Harry said.

Hannah smiled. She would be back for more, and hell, she might be back after she completed this story.

End.

Chapters 141 through 145 Girls: http://webofchaos.blogspot.com/2017/05/breeding-grounds-chapter-141-through.html
Beautiful Partnership (Alice Abernathy)

A new blog exclusive chapter as part of the MILFs of May has been posted on the blog. Head to the Page of Very Important Links, Web of Chaos Archives, and either the Breeding Ground Archives or the Blog Exclusive Archives. It features Lily Evans-Potter and Astra In-Ze.

And now onto your regularly scheduled shameless smut.

A Beautiful Partnership (Alice Abernathy from Resident Evil)

Alice Abernathy smiled, the beautiful dark haired girl leaned over the edge of the table. The Umbrella Corporation's latest little weapon scheme caused more than enough problems, but when you had a problem, you needed to find a solution straight away. And one of the best solutions was someone who had a brilliant mind in biochemistry, not to mention a person who understood the undead better than anyone else.

"The virus is airborne," Harry said. "Therefore, the cure is going to have to be airborne as well.....they didn't intend to release it so early."

Alice sighed. "That's the problem with these people. They intended for it to cause harm to someone eventually. They're malicious, and they don't care how many people they drag into their path, as long as they harm them."

It was very awful to think about. Harry reached in and lightly rubbed the back of his partner's neck. She calmed down a little bit out of the magical hands lightly running down the back of her neck. He always had a way to calm her nerves during the best of times. Alice closed her eyes, and murmured lightly underneath her breath at what he was doing.

"I hate how you relax me more than you should," Alice said. "So, how long is it going to take the cure to mature?"

"Three hours, nineteen minutes," Harry said. "Sorry, I couldn't do it sooner, but I want to make sure the potency of the cure is at its highest. We don't want anyone relapsing and becoming stronger than ever."

"Of course, I wasn't complaining," Alice said. "All we have to do is wait, and hope that the cure works when it does."

"Are you doubting me?" Harry asked.

He offered the tone in a half-teasing manner, it wasn't meant to be confrontational at the slightest. Alice raised an eyebrow when looking at Harry, and smiled, shaking her head. She closed the gap between herself and Harry, a very light smile flickering over her face.

"Never would doubt you," Alice said. "Never, not in a million years....but you have to prepare for the inevitable."

Alice pushed a hand onto Harry's hips and looked into his eyes.

"So, we've got over three hours, with nothing to do but wait? Why don't we do something to pass the time?"
Alice's not so subtle suggestion was answered by a quick kiss, which caused her to feel really good. She closed her eyes, and allowed the kiss to deepen against her lips. She held both hands up against the back of Harry's head, her tongue entering his mouth at full blast.

The warm lips of this beauty made Harry hungry for more of her touch. He cupped his hands on her hips and slowly guided her out of the side entrance of the lab towards the living quarters. He kissed the side of her face, along with her neck.

"Good thing to move it out of the lab," Alice said.

"So, much dangerous equipment," Harry said. "And priceless too, we don't want to break it."

Alice smiled and lightly rubbed Harry's chest through the shirt. She unbuttoned the shirt and attacked him with another sensual kiss. Harry grabbed her by the lower back and pulled her in. His crotch rubbed against hers when both of the soon to be lovers indulged in a kiss with each other.

Every kiss made Alice hunger for more, from Harry. She stroked his hair and encouraged him to kiss the side of her neck. She then pulled back and did the same to him. They were trying to top each other's games, with the intensity of their kissing.

"Looks a bit constricted," Alice said.

"Why don't you make it less constricted?"

Alice undid Harry's tight pants and pulled them down. The bulge inside of his shorts caught Alice off guard. Her lips moistened, oh boy, this would be fun. She slowly tensed a grip around his crotch.

"I want to suck you so badly," she said. "I want my warm mouth wrapped around my cock."

"Your lips are perfect for sucking cock," Harry said. "It would be a shame to let them go to waste."

Alice thought it would be a dying shame to let them go to waste. She dropped down to the ground and squeezed Harry's thick balls. He groaned at the sensation of Alice's tight hand gripping him by the balls. She slowly rubbed him and leaned in closer, touching her warm lips at the tip of his cock. Alice lightly swirled her tongue around the edge of his magnificent prick, tasting it, before pulling back.

Warm pleasure submerged around Harry. He grabbed the woman by the back of the head, looking down in her beautiful eyes and slowly started to work his cock into her mouth. And she really worked the engorged prick with her throat muscles. Harry held onto the back of Alice's head and slowly gained a little bit more momentum. His balls slapped the woman's chin when pushing deep inside of her and then he pulled out of her. Harry repeated the ritual a couple more times, working more of his length inside of her mouth.

"Right there," Harry said. "Suck my cock. You like having my cock buried in your throat, don't you?"

Alice did enjoy the sensation of his big cock shoved down her throat. She tilted back a couple of inches to take more of Harry's engorged prick inside of her throat. She hummed, wrapping her throat around his stiff, hardening cock. Every time it drilled into the back of her mouth, she felt pleasure beyond everything.

The warm mouth wrapped around Harry's prick made him feel good. As much as he wanted to fuck her face forever, Harry wanted to pay tribute to another, more personal set of lips. He pulled
himself away from Alice's mouth, her chin dripping with drool when he pulled out.

Harry pulled Alice up and undid the back of her suit. He pulled her suit off, revealing more of her toned body. His hands lightly brushed down Alice's body and caused her to breath underneath his touch. Harry lightly gripped her warm nipples and squeezed them, making her breath heavily.

"Mmm, yes, right there," Alice begged him.

Harry lightly pinched one of Alice's juicy nipples and tugged on them. She fell into position on the bed, legs spread out. Her smooth thighs greeted Harry. Harry climbed on top of her, straddling her. He gripped her perky breasts and squeezed them before slowly kissing down her body.

Every single touch brought Alice tingles. Tingles down her body, from the top of her head, down all the way to the tips of her toes, and she could feel Harry getting closer towards her center. His warm mouth was pressed against her lower lips now and Alice could feel the light pressure against it. The nibble of her lips increased the sensations felt by about tenfold. Alice lightly rocked her hips up off of the bed, lifting them up and dropping them down.

"Don't tease me."

Those words always were music to Harry's ears coming from a woman. It almost meant he would spend a little extra time teasing them before he would go in for the kill. His light tongue caressed the inside of Alice's moist lips, lightly touching on him.

"Yes, give it to me, baby," Alice breathed heavily.

Her heart raced a couple more steady beats. Harry held onto her hips and swirled his tongue inside of her moist center. Alice lifted her hips up off of the bed and allowed them to drop down with a constant steady ebb and flow of actions. Harry grabbed her thighs and squeezed them even harder.

Harry drifted his tongue inside of the dripping hot core of the woman underneath him. Alice shifted up off of the bed and reacted to his tongue going deep inside of her. Alice closed her eyes and enjoyed the feeling. The moment of Harry's talented tongue brushing against her center made Alice keep rocking up towards his tongue.

She had been brought into a very pleasurable orgasm. Harry's tongue rocked inside of Alice and caused her hips to rise up and drop down onto the bed. Her heart raced even faster. Harry knew how to torment her and tap all of her buttons. Her inner most desires caused her pussy to flood.

Harry latched his mouth onto Alice's swollen nether lips and dug his tongue in as far as it would go. He lapped up the delicious juices flowing from the beautiful woman's snatch. Her hips bucked up and down on the bed, the second Harry pushed inside of her.

The second Harry pulled out of her, Alice looked towards him. Her legs spread, hair draped over her face. The unmistakable look of seduction and lust burned through her eyes. Her lips parted with a pleasurable sigh. Alice made sure her eyes locked onto Harry before offering her next declaration.

"Fuck me."

Harry ran his hands between those parted thighs and marveled at how wet she was. He wanted to do just that, bury his throbbing cock in between her womanly thighs and ride her all night long. Harry went closer towards her and hovered. He lightly ran his cock down her toned belly.

The teasing proved to cause Alice to explode with a lustful thought. That cock danced very close to
her opening, but did not enter her just yet. Harry reached down and performed some moments of light, but very intense fondling. He gripped her breasts and gave them some squeezing. Alice hoisted her hips up from the position, her moaning increasing every time Harry cupped onto her breasts.

"Yes!" Alice mewled underneath his touch.

Harry caressed Alice's nipples for a couple of moments, squeezing them, and releasing them in between her fingers. Her heart stammered a little bit faster. He could tell she wanted his cock, craved it. Those dripping nether lips were the perfect place for Harry to bury himself for a very long time. He lined himself up with her entrance, which rose up off of the bed. Harry touched the head of his cock against Alice's entrance and slowly slid into her.

The first couple of inches brought Alice's hips off of the bed. She devoured Harry's engorged prick inside of her womanly center. Alice squeezed him, feeling the pleasure of his cock inside of her once again. The massive prick stretched her out.

"I forgot how tight you are!" Harry groaned.

Alice smiled, tensing her legs around his hips to further push him in. She rose up the bed so their bodies could firmly press together. Harry touched her, light at first, and then more intense, a little bit roughter. It resulted in Alice pushing up to meet his lengthy prick. His balls bouncing up against him.

"It's been a long time!" Alice sensually panted.

Harry gripped his hands around Alice's thighs and pushed deep inside of her body. Her wet walls closed around Harry and milked his incoming prick inside of her.

"Way too long," Harry said. "I missed fucking this pussy!"

Alice couldn't say anything other than moan in his ear because she was already beginning to reach a pick. Their flesh met each other in a furious exhibition of sexual and carnal lust. She would have to say, all together, she missed it as well. She missed this big thick cock slipping in between her thighs and stretching her out for all time. She reached up and pushed Harry inside of her.

A moment passed, with Harry grabbing into the back of her leg and slowly running his finger up it. Alice tensed around him and squeezed Harry's incoming prick. Her orgasm clamped down around Harry's rod and pumped it deeper inside of her. His balls sprung off of her smoldering hot thighs.

Harry grabbed onto her and buried his engorged rod between Alice's hungry thighs. He pushed deeper inside of her. Their bodies connected together. Harry reached around and squeezed her chest.

She liked the touching, and the feeling of Harry's hands groping her ample chest. Alice closed her hips around Harry and sucked more of his cock in between her thighs. Her heart sped up by a couple of beats when Harry worked his rock-hard prick in between her legs.

"Oh, god, you're a machine!" Alice yelled.

Harry pumped himself into her pussy with sexual efficiency. Every time he entered her body, she did not want to let him exit. Her stomach bulged by the sheer size of his engorged prick inside of her. He stretched Alice's body and pushed all the way into her.

She breathed heavily when feeling Harry's long cock stretching her body. Alice rose up off of the
table and could feel Harry's balls growing with each orgasm on her part. It was almost like her orgasm fueled the sheer size of the contents of Harry's balls. She felt that big load against her.

Something had to give sooner or later, didn't it? Alice didn't know, all she could tell was Harry stretched out her womanhood on his engorged prick.

"Fuck!" Alice yelled.

Harry pushed deep inside of her wet pussy and released his cock from inside of her tightening vice. Each and every push brought her closer to the edge. His hands grabbed her warm thighs and gave them a squeeze, shoving his engorged cock inside of her tightening body.

"I'm getting close," Harry said. "And you are too."

Alice responded with a nod and felt the pressure building up in her body. The orgasm was going to cause her to grow even more hungry for his cock. It pushed between her thighs and pulled out. His balls slapped a steady path between Alice's warm thighs.

The build up inside of his lover only encouraged Harry to push more of his cock in between her warm thighs. Harry rose almost all the way out between her legs and shoved more of his engorged length in between her thighs. Harry pulled almost all the way out, the tip of his cock resting on her entrance. He shoved his manhood deep inside of Alice's gushing warm slit.

"Yes, very close!" Alice begged him. "Don't stop!"

Harry had no intention of stopping until he was completed. The arousal coming off of the gorgeous vixen underneath him made Harry only slam into her pussy even harder. She stretched around him, the pleasure coursing through Harry's loins. His balls ached, the need for release becoming obvious.

The beautiful slight of Alice pushing her hips off of the bed, back arched, dripping in sweat, just to make sure as much of Harry's cock was inside her as possible was something to behold. It allowed Harry to put his hands on her ass and slam inside of her body.

Those balls came very close to releasing their final destination to dump the seed inside of Alice's waiting pussy. She groaned and tightened her grip around him. Harry shoved himself inside of her and went balls deep inside of this beautiful woman.

His balls emptied inside of Alice. Every spurt set off a miniature orgasm of Alice when her womb had been filled with a never ending supply of cum. She kept working herself around his cock. Each pump filled her up and made her stomach feel very full with the cum of her lover.

The next thing they knew, Alice rolled Harry over to the bed and pressed her hands down on him. She rubbed herself onto his cock which was still hard.

"You're the gift that keeps on giving."

Alice reverse-gripped his cock and sank down on it. Her walls contracted around his re-hardened cock. She lightly bounced, her ass cheeks smacking against his thighs. Harry reached behind her and touched her ass. A single finger slipped inside of her back passage, pumping it in time with Alice's pumping.

The sorcerer laid back on the bed, the feeling of Alice wrapping her thighs around him and releasing him made him feel really good. Harry pushed his rod deeper inside of her gloriously tight snatch. It stretched around him and then released him. Harry groaned and buried himself into her.
"I want you to fuck my ass."

Those words caused Harry's cock to harden. Who would turn up the invitation? Harry could feel Alice oh so slightly switching her position. Her puffed hole, opened a bit by Harry's fingering, lined up. He grabbed onto Alice's firm ass cheeks and slowly slid his cock between her cheeks.

The moment Harry parted the inside of her cheeks, and stretched her asshole around his throbbing hard cock. Harry pushed inside of her warm asshole, Alice groaned. The feeling of having something so big crammed into her ass was exciting. The caresses against her pussy encouraged Alice to slowly work herself down onto him.

Harry took a moment to gain his momentum, but when he did, he really was fucking Alice's ass. Her ass stretched around Harry's throbbing hard prick, filled more of it inside of her. Her round cheeks bounced and Harry grabbed onto them, forcing his cock inside of her ass.

"Mmm, baby, that feels really good!" Alice yelled. "Fuck my ass, fuck it like it owes you money!"

The rough anal pounding kicked up from Harry's behalf. He could not hold back, not with an ass so sweet he needed to slam his rod inside of it. Harry pulled almost out of her asshole and pushed deep inside of her tight bum. Harry picked up the pace and drilled her tight hole harder.

"I'm going to make you scream," Harry said. "Do you hear me, Alice? I'm going to make you want even more of my cock? By the time, I'm done with your ass, you'll never be able to stand up straight again."

Alice sure as fuck hoped so. She took an anal pounding like a woman. Every time Harry speared her tight hole, she yelped out in pleasure. Harry grabbed her ass cheeks and squeezed them around his pole. She breathed heavier and dropped down all the way onto his hard cock. She stretched further around his tool every time she rose and she dropped down to the ground.

"Yes, take me any way you want!" Alice begged him. "Harder, oh, fuck me harder, please!"

She asked so nicely, Harry couldn't argue at all. He rammed into her gripping tight back entrance. Every time the flesh smacked against him, Alice drove a little bit more of Harry's engorged cock inside of her tightening asshole. Every pass between her ass cheeks made her hunger for more of this engorged prick.

Time passed, with Harry working up another huge load to fire into her ass. He passed the time by aggressively fingering Alice as well. She gave as good as she received, driving herself down onto him.

Pleasure spread through her body. Alice was getting close to an orgasm, this one she could feel. The intense anal pounding increased in frequency, pushing her ass cheeks down onto Harry's body. She spread her ass cheeks around his thick cock and knew he was close.

And close Harry was, firing his burning seed into Alice's waiting bowls. He pushed into her tight asshole, shoving as much of his cock as possible inside of her body. Alice clamped down onto his fingers, squeezing them together, and releasing her arousal onto his fingers.

Both of them enjoyed yet another shared orgasm. Alice spent the next couple of minutes riding every single drop of cum inside of her body. Harry pushed his rod inside of her and drained every last drop into her ass.

She pulled away from him and grabbed his fingers, covered in dripping juices. Alice lightly nibbled on it before leaning towards him with smoldering eyes.
"So, not quite done yet?"

"The cure or us?" Harry asked.

She just smiled.

End.

This bar was a rather nice and luxurious one and devoid of most of the lowlife which was commonly associated with bars. And yet, Elena Michaels did not know why she had decided to stop here for a drink, other than just off of an impulse and a whim. And plus there was a very pleasant scent which caused her to be enticed enough to check her out.

Her senses were enhanced in the days following and then days after that time of the month. The blonde haired woman, who turned into a werewolf once a month, looked around. She turned her head around and thought about what she wanted to do.

"Hey, you look familiar, have I seen you around here somewhere before?"

Elena turned her attention around towards a green-eyed man with dark hair. He was tall, handsome, dressed in some find attire, expensive looking silk-shirt and a pair of leather pants. She eyed in for a minute, and pulled back, realizing she must have been looking him like he was a prime cut of beef.

"No, it's the first time I've been here….." she said.

"Harry," he said.

"Elena," she responded. "It's weird, coming to a place like this, when you're just passing by."

"A lot of people who come to this place are just passing by," Harry said. "They are drawn here a lot of their times by the instincts. The owner doesn't take too kindly to people who cause trouble though."

"Oh, so you've been here before?" Elena asked.

"I could say, I own the place," Harry said. "So, how about a drink? It's on the house."

Elena stopped and paused. That pleasant smell was in the air again, and she realized, it was coming from this gentleman. Her senses heightened and her instincts to take him right here reared its ugly head. Her hormones also increased when it got closer to that time of the month.

"So, do you offer a drink to all of the girls who enter your bar?" Elena asked.

"No, only the really pretty ones," Harry said. "If you don't mind me saying, you're really beautiful."

Elena smiled and looked him over. "Why would I mind? It's a compliment, and I happen to think you're pretty handsome yourself."

Her tone was very blunt, and Harry smiled. He went over and talked to the bartender. She fixed them their best drink, and Harry returned. He motioned for Elena to follow him.

The werewolf raised her eyebrow. Normally, she would not have followed some guy she just met about five minutes ago into a back room. It just reeked of a track. Still, that scent, that pleasant enticing scent, coming from Harry, dulled her mind. Her instincts were hitting a harder level and she could not wait to get a piece of him.
Elena shook her head, she needed to keep those particular instincts down. Regardless, the two of them walked into the backroom.

Harry got a good look at his guest. She dressed in nice black leather jacket, and a white shirt, and a pair of tight jeans, with a pair of boots on. She slipped the jacket off, and hung it on the back of her chair. Harry looked at her blonde hair, blue eyes, and beautiful facial features, with rosy lips, and she looked quite stunning. Her body was amazing as well, tall, and beautiful, with a sizeable chest, a nice ass, and long legs.

"It's a little hot back here," Elena said.

"It's fine, I want you to be comfortable," Harry said. "So, be careful with that drink. It's the strongest drink we have and it will give you a nice little buzz."

Elena thought she would be fine, she could take some pretty hard alcohol before feeling a buzz thanks to what she was. She put the drink up to her lips and sipped it, before almost gasping. It was pretty strong.

"I told you," Harry said. "So, is there anything else I can get you while you're here?"

Elena put the drink down on the table and looked at Harry thoughtfully across the table. She decided to undo her boots from underneath the table and pull them off, leaving nothing but a pair of socks underneath.

"I'd like to fuck you," Elena said.

"Well, that's pretty direct," Harry said. "And, I was hoping you would come to that conclusion. Then again, your instincts must have driven in there, didn't they?"

"Instincts?" Elena asked.

How could he have known? Was she that obvious? She didn't exactly have a tattoo on her neck which branded her a werewolf? Harry reached across the table and touched the underside of her chin. Elena closed her eyes, enjoying the warmth of his hand.

Where was his other hand exactly? Elena could feel a pleasant feeling of three fingers lightly stroking against her pussy through her jeans. She breathed heavily when the hand slowly moved up her leg.

"I know, I sensed you when coming inside of the club," Harry said. "The full moon is approaching, isn't it?"

"You know….how do you…..oohhh!"

Her jeans were slowly being slid down when Harry lightly caressed her. More of her thighs had been exposed when Harry lightly stroked her. Elena leaned closer towards Harry.

"Because, I'm part creature as well," Harry said. "My mother's side of the family, they were fae. And I'm an incubus."

Elena closed her eyes, and could feel his finger now slipping inside of her core. He just revealed he was an incubus. The beautiful werewolf wondered if she was in any danger. Didn't Incubi drain the victims of their lifeforce through sexual intercourse?

"No, I'm not like that," Harry told her. "I think it's a waste of a valuable woman to drain her like
that. And you're a very beautiful woman. I just don't want to drain you into a husk and throw you away. That would be a very poor form….those ghouls give my kind a bad name."

Harry leaned closer towards the sexually frustrated werewolf and leaned closer towards her. He kissed her on the side of the neck and suckled it. Elena closed her eyes and moaned.

"I want to have you, over and over again," Harry said. "I want your body racked in a constant state of pleasure. I want you screaming for more, knowing that I can give you more."

Elena had the word "more" tingling on her lips. A second finger slipped inside of her core. Harry bit down on the side of her neck. Some kind of venom slipped through her body. It didn't paralyze her, but rather it enhanced her pleasure and made her a bit more relaxed.

"You don't have to hold back with me," Harry said. "You can be you, you won't hurt me….just unleash your pleasure, and cum for me."

The third finger inside of her proved to be Elena's breaking point. Harry shoved his digits inside of her. Her wet pussy gripped his fingers. Harry pushed them inside of her body. Elena's grabbed his fingers and slammed deep inside of her body, stretching the mouth.

"You feel so good, I bet you taste really good as well," Harry said. "Always love the taste of werewolf pussy, along with vampires."

Elena clutched onto his fingers and started to breath in pleasure. She moaned out.

"Make me cum!" she begged. "I need you, so badly!"

"And you'll have me, my naughty little werewolf," Harry said. "You knew from the moment you saw me, you were getting added to my collective, didn't you?"

Elena only could nod when an orgasm flooded through her. Harry released his fingers from her and touched them to his fingers. The beautiful blonde woman looked towards him. Her nipples stiffened, becoming hard little nubs on the outside of her shirt when she watched Harry eat her cum.

"And now it's time for you to be unchained."

She pounced on her soon to be mate and kissed him very forcefully. The sexually aggressive kiss deepened when Elena dug her fingernails into his jaw, scratching it. She was so horny, she would fuck anything, but she wasn't going to fuck anything. She was going to fuck this handsome young man.

"Don't worry about ripping the clothes."

Elena had no intention of worrying about ripping the clothes. She tore them completely off, and exposed his muscular chest. Elena leaned closer towards him, smiling when looking at him. She kissed him on the side of the mouth and kept kissing on the side of the neck.

She gave him a very playful bite on the side of the neck. Harry stroked her silky hair, and allowed her to keep kissing down his body.

The horny wolf inside her wanted her mate and in the worst way. Elena didn't know how much more she could stand. She wanted this so badly, she almost exploded out of lust. Elena grabbed onto his belt and slowly tugged it off, before allowing his pants to drop.
Only one more article of clothing to go, and Elena pulled it off. Harry's large cock came into the air. It pushed against her thigh, still dripping wet from moisture.

"You have a nice cock, "she said.

Elena wrapped her hand around his thick cock and stroked it hard. His manhood pushed into Elena's hand when she pumped it up and down several times.

"You're still wearing too many clothes."

Harry grabbed her tank top and pulled it over her head. She wore nothing, but a lacy black bra with see through cups. Her magnificent breasts stuck out for Harry, ripe for the taking. He would be rather rude if they were not taken. He reached behind Elena and unclipped her bra, allowing it to drop down to the ground. He exposed her round breasts for the entire world.

Elena moved over towards the table and crawled on top of it. She displayed all of her beautiful body. She was completely bare of all hair, except for that on the top of her head. It was an interesting contrast to how she looked that time of the month.

"I have to fuck you," Harry said. "Seeing how sexy you are, I have no choice."

Elena smiled. She motioned for the young stud to come forward. Her pussy spread.

"Don't hold back on me either," Elena said. "I want you to truly fuck me. I want you to take me, and breed me, if you must!"

He spread Elena's thighs and kissed her all over her body. He didn't want to take her too soon, he wanted to stretch this out as long as he could to make her feel the most pleasure. And speaking of stretching things out, that was what Harry did, shoving his finger deep inside of her pussy.

"Mmm, right there, that's the spot!" Elena moaned.

Harry sucked in her juices and slowly teased her. He wanted to make sure her pussy was nice and wet before he jammed his big hard cock in there.

"I'm going to fuck you," Harry muttered into her pussy, stimulating her core with his own unique serpent tongued abilities.

Elena could not say conclusively what Harry was doing to her with his tongue. The only thing she could say was she liked it a whole lot and wanted even more of it. Harry grabbed her thighs and dug himself into her. He sucked up her juices, her essence, and then fed a bit of that sexual energy back into Elena. She was hyper-excited for what was about to happen next.

Now, Harry pulled out of her and climbed on top of the beautiful blonde on the table. The two kissed each other. Elena tasted herself on Harry's lips, and only deepened the kiss at the taste. She reached up and grabbed his waist, holding it in hard.

Harry aimed his hardening prick at Elena's willing entrance. Her lips looked primed and ready to receive some thick, throbbing action. All Harry had to do was line himself up with her womanhood and he would have her. He kept himself at the front of Elena's lips and shoved his cock inside of her.

"Finally!" Elena yelled.

Half of his cock was inside of her. Elena showed how much she could really take by stretching
herself out further. The next plunge brought more of Harry's mighty rod inside of her tightening loins. Elena pushed up off of the table, which slowly transformed into a bed before her very eyes.

She didn't really question it. All that mattered was she was getting plowed by this stud above her. Her walls tensed around his cock and she released him. Harry pulled almost all the way out of her and slammed inside of her body with a couple more pushes.

"Mmm, yes, right there!" Elena begged him. "Harder, harder, harder!"

Harry spent some time enjoying the feeling of her amazing legs, and she had some really sexy legs. They were completely bare of any flex. He noticed her pleasure increasing when he touched a certain spot on the side of her leg in time for trusting inside of her. He slowly pushed his finger inside.

Elena could feel her weak spots being attacked by Harry. It didn't matter, she was cumming, oh boy, was she ever cumming. Harry grabbed onto her thighs and rocked her entire world. Her back arched up off the table, which was now a bed.

"You can feel the energy building up in you," Harry said. "You know you're mine now. You know nothing will ever make you feeling this good again."

Nothing ever made her feel this good before. Harry touched all of the right places inside of her with his cock. It seemed like every place he touched became a G-Spot. Her pleasure increased when Harry moved her up to a fever pitch.

Harry drank in the arousal from the beautiful woman underneath him. She moved up off of the bed and Harry grabbed ahold of her ass. He repeated the actions by thrusting down into her body. Elena pushed her thighs off of the bed and engulfed Harry's mighty rod in between her clenching thighs. Harry held on tighter and pushed more of his cock inside of her.

"You can feel it about ready to release," Harry said. "You're about ready to release that moment of release, just let it go, and cum like you've never cum before."

"YES!" Elena yelled.

She was cumming like never before. Her walls grabbed onto Harry and allowed him to sink deep inside of her. His balls sprung up and smacked her on her thighs. Every time Harry slipped inside of her, Elena felt a little bit better, a little bit hornier.

Harry repeated the process of bringing her to an orgasm, constantly. He leaned down and kissed every inch of her body he could reach. He left his mark on her breast. Elena scratched his back with her long fingernails when Harry pushed inside of her.

The feeling of her bare pussy pushing against his throbbing balls made it very hard for Harry to hold out.

"One more time," Harry told her. "I want to feel you cum one more time."

Elena felt the rush and felt his large cock sliding inside of her gripping womanhood. It was this close to causing her to explode. Harry pushed his hard cock inside of her tightening vice of a pussy, drilling her as hard and fast as possible. Elena shoved her nails into the back of Harry's neck.

"One more time," Harry said. "Cum for me one more time."

Harry touched her body, feeling the warmth around him. She was reaching a peak and it had been
released. Harry pressed down and felt her breasts push against his warm chest. He slammed down into her body, their forms meeting in pleasure. The two magical creatures met each other in a pleasure exchange.

Elena sensed it coming, she sensed her seed. Her body was primed and ready for breeding. Would he give her that gift?

"Please, give me your gift, my mate," Elena breathed.

She touched the back of his neck and then lightly ran down his body. Her sexy legs tightened their grip around Harry's hips. The more he rose up and dropped, the more those legs tightened around him.

"Yes, I'm going to give you your gift," Harry said. "Tell me you're ready for it."

Harry squeezed her ass and it caused Elena to look up at him, with burning lust. The animal inside of her responded by shoving her nails into Harry's back and making sure he did not stray from her pussy. Those bloated balls kept smacking against her thighs. Each time they connected with her, Elena could feel herself get closer. Harry was going to drain them inside of her body.

"I'm ready," Elena begged him. "I'm cumming again!"

She came again, giving an animalistic growl. She was more in tune with herself, than ever before. And it all was thanks to this sexy incubus who gave her his cock with such reckless abandon. Both of them molded together in the age old dance which only had one ending possible.

Both moaned in unison, with Harry planting his cock deep inside of Elena. He pushed into her womb and spilled a constant amount of seed. The werewolf's insides were coated with seed, at her most fertile time, just before the full moon.

The blonde slowly writhed underneath him, touching her nails at the back of Harry's head. He planted a constant barrage of seed inside of her pussy. She moaned, lustfully in his ear. Every time he slid almost out of her, he buried more of his cock inside of her.

Harry finished spilling his overloaded balls inside of Elena. He could see the blonde, dripping with sweat. It was a beautiful sight to see her.

The two pulled away, and Harry pulled out of her after the last amount of seed spilled into her. He felt refreshed, more so than ever before.

Elena pulled away from him, and climbed on top of him.

"You're not going to only stop with one round, are you?" Elena asked. "What kind of incubus are you?"

"I wouldn't be a very good one, if we stopped at one round."

Both kissed and deepened the kiss with each other. Their lips became very swollen when Harry shoved his tongue into her mouth. His cock hardened and pushed against her.

"I said I wanted to fuck you," Elena said. "And I'm not done.....I'm so horny before the full moon. And you wouldn't want to let me down, would you?"

"Of course not," Harry said.
He leaned her back on the bed and kissed the side of her neck. He moved down her body and grabbed her breasts, squeezing them.

"God, you're so sexy," Harry said. "I'm glad you came here tonight."

"Me too, stud," Elena said. "Oh, and you're nice and hard. I'm going to ride you all night like the stallion you are, baby."

Harry couldn't argue with that. He slipped inside of the werewolf's pussy. The warm, tight, velvety walls made him feel like he was on the inside of a furnace. She rose and fell on his hips, her round ass bouncing off of his thighs the more she pushed up and down. Her curvy body was a delight touching his.

Both indulged into each other's bodies, for more than another round. Harry prepared to fill her up, until she couldn't walk. The horny werewolf was going to make sure to leave her mark as well.

It was a perfect match.

End.

Learning from the Best (Rowena Ravenclaw and Morgaine Le Fay)

Only Harry Potter could wake up in bed with two of the most prolific witches of their day. On one side of him, snuggled one of the four Hogwarts founders, Rowena Ravenclaw. She dressed in a black corset which made her body look very amazing, along with a black thong, and stockings.

On the other side of him, with her hand lightly brushing against his cock, was the infamous Morgan Le Fay. The dark haired woman didn't really bother with undergarments when heading off to bed on this evening. Her eyes opened up, and she looked at Harry.

"Excellent, you're awake," Morgan said. "And in more ways than one."

The beautiful dark haired woman lightly brushed her fingers down Harry's abdomen and moved closer to grab his cock. Rowena woke up as well.

"Morning, love," Rowena said. "I guess that shameless slut couldn't wait, could she?"

Morgan would have argued she wasn't a shameless slut. The only problem was, already, she had her lips firmly wrapped around Harry's cock, and started to suck it. Harry reached in and grabbed the back of her head. Morgan lightly bobbed up and down on his manhood.

"Yes, it's just as well, though," Harry said.

Rowena smiled, and she nuzzled up against Harry's face. Harry grabbed the brainy brunette and kissed her fiercely. Rowena returned fire, kissing him back. Their lips met together.

Meanwhile, Morgan's lips were very much preoccupied with a certain part of Harry's lower anatomy. She had taken great interest to it, for the first time she saw it. It didn't take much to get it hard, and she could ram herself onto it, until it was completely raw.

Harry learned a fair deal of magic from both of these witches which he thought would help him. Much more in the few months he knew them, than he learned in years and years of Hogwarts. Rowena in particular was mortally offended by the fallen standards of her school, and remarked how she thought checking to see if her original body was rolling over in its grave.

Speaking of witch, the beautiful, brainy witch slipped off her panties.

"It would be a shame to deprive you of your morning nourishment," Rowena said.

Harry smiled, every morning, they had an intense sex session, followed by hours of magical training, and then more intense sex before lunch. It actually was a good tool to help Harry focus. And speaking of focusing, Rowena's wet snatch moving toward his face was a good way to focus. Any man would agree with it.
"Yes, you know what I want!" Rowena moaned, feeling Harry's tongue caress her wet lips.

Harry grabbed Rowena around the hips and lowered her dripping pussy closer towards his mouth. The founder of the Ravenclaw house started to buck down on his mouth, riding his tongue.

"You make use of Salazar's gift quite nicely!" Rowena moaned, throwing her head back.

Rowena knew why most men thought the tongue of Parsel was very evil. Those with that particular gift pleasured women much better. Plus, she figured only a fraction of the cases of Parselmouths every revealed their powers, and those who did, tended to be among the most sadistic. They didn't care what people thought about them.

Good people kept their mouth shut. Bad people flaunted their abilities.

Morgan went down on Harry's rod. Her wet mouth encased and released him. Rowena's moans only served as encouragement for Morgan's devious actions. She reached between Harry's legs and gave his balls a very firm squeeze. She kept sucking on him.

The first blast of pleasure shot directly through Rowena's loins. Harry's hands were everywhere, in addition to his tongue being buried inside of her. More pleasure came through Rowena when she bounced up and down on him hard.

Harry could feel a tingling coming from his balls. Morgan using every dirty trick in the book to get him to cum was obvious. She took him very deep into her throat, and made sure she sucked him very hard. Drool came down Morgan's chin as she bathed him. The passion burning through the dark witch's body increased.

She took his cock deeper into her mouth. Morgan craved the cum more than anything else. The fact Harry was holding out a little more each time just made her want more. Her mouth stretched all the way around his throbbing manhood. Morgan's eyes watered ever so slightly when coming down onto his mighty rod. She sucked him, harder, deeper, faster, with smacks.

Rowena threw her head back and came. She could tell Harry was about to do the same. Now, his tongue traced patterns in her pussy.

The tastiness of Rowena's pussy almost distracted Harry from the sensations which were building in his groin from Morgan's sucking and hard ball fondling. He wanted to put the devious witch in her place. Harry magically gripped the back of her hair and forced it.

Morgan regretted showing him that spell instantly, when she gagged on his throbbing hard cock. It pushed into the back of her throat. Those balls were about ready to burst and they launched their bounty into Morgan's throat. The witch drove herself down.

Harry came hard and fast inside of Morgan's mouth, and by the looks of things, Rowena was cumming very hard as well. She rose up and allowed juices to dribble all over Harry's face. Harry watched as she slid away. His hands were not free.

"Take my cock down your throat like the whore you are," Harry groaned. "You've come back to life, just for my cock, haven't you?"

She came back to life because that idiot Riddle bastardized the form of magic she made famous. But, Morgan would concur, this handsome hunk of male meat was an interesting side benefit for this arrangement. She took more of his cock inside of her.

Morgan pulled out, her mouth dribbling with so much cum. Rowena crawled over her, and slowly
wiped the cum off of Morgan's chin after it dribbled out. The founding witch of Hogwarts pushed a finger inside of her mouth, and sucked on it.

"And you dare call me a slut," Morgan said. "You're the one eating cum off of the face of another witch."

Rowena stroked Morgan's face and wrapped a strand of black hair around her. "Yes, because eating cum out of another witch's pussy is any better. Which you did to me this morning."

Suddenly, Morgan found herself tied to the bed, her legs spread, pussy exposed and dripping. Harry climbed on top of her, grabbing her breast. She would be lying.

"Oh, Merlin's Alzheimer's addled brain!" Morgan groaned.

Harry smiled and stroked her pussy lips. Morgan's thighs lifted completely up off of the bed. He lightly touched her, and brought small bursts of pleasure. She could break her way free, and then there could be trouble. Which was why Harry found himself distracting her with the smallest, most passionate orgasms he could. He was getting her body up.

"Say you want my cock," Harry said.

"She does," Rowena said. "So, have you been practicing that duplication spell?"

"It works better when there's a fair amount of tantric energy in the air," Harry said. "And I'm in the process of building it up now."

Harry cupped Morgan's pussy and caused her to pant underneath his touches. His warm fingers lightly touched the underside of her pussy, stroking her. Morgan's moist canal hungered for Harry's fingers, and hungered for a whole lot more, if Harry had his say in the matter.

"Yes, that's an interesting way of putting things," Harry responded. "Are you ready to be fucked, Morgan?"

"Yes, don't hold back!" she begged.

The size of his cock was proof of how powerful he was. Harry's endurance was just about as strong. His manhood lightly touched the dripping slit in front of her. Morgan hoisted her hips halfway off of the bed to meet the first few inches. The warmth of her body tried to suck his cock in.

"Good things come to those who wait."

Morgan didn't want to wait much longer. That sorcerer started to suckle on her nipples, and made her feel really good. Morgan's warm nipples stuck up and Harry grabbed those nipples, pinching them very hard. Morgan slipped her thighs open, ready to receive the hard cock inside of her tightening body.

"Please, give it to me, love!" Morgan begged him.

"Well, she is capable of saying please," Rowena said. "That most certainly is a surprise."

Morgan would had a cutting remark in response. The only thing she could do was scream though for now Harry rammed his huge throbbing cock inside of her waiting body. Morgan clenched around his cock and released it. Her pussy clamped down onto his hardened rod. Harry pushed deep inside of her and pulled completely out of her. His balls slapped against Morgan's thighs when
he pushed in and out of her.

The momentum established between her inviting thighs made Harry groan. He pushed into her body and lightly ran up her thighs. Morgan lifted off of the bed and took more of his huge cock inside of her body. He made some distinct improvements since the first time she had him inside of her. The witch could not believe how much of his huge cock entered her body.

"Yes, oh, yes, right there!" Morgan moaned at the top of her lungs. "I want your huge cock inside me…harder, harder, work my slutty pussy out!"

Rowena noticed a flash of light out of the corner of her eye. She smiled; an exact duplicate of Harry Potter appeared next to her. She lightly ran her finger down his body, and smiled. Everything was completely perfect, including his throbbing cock.

"Not bad," Rowena said.

"I am to please," Harry said.

Rowena knew that and she aimed for his cock to please her dripping hot center. She pushed her thighs around his throbbing cock. Rowena stretched her womanhood around his massive cock and then released it. It felt good to feel his cock inside of her.

The prime copy of Harry pushed his hard cock into Morgan's tight body. He grabbed onto the side of her thighs and shoved more of his length inside of her body. The sensation of two very tight pussies wrapping around his cock made Harry feel good.

Morgan really wished she could lift up her hands and dig her nails into Harry's back to encourage him to go further into him. Harry's massive hard cock shoved inside of her body. She took as much of his cock as possible inside of her body. It stretched her warm loins and made her feel good.

"I love it, oh, give me your cock!" Morgan moaned. "Show me how powerful you are by pounding me to every orgasm I can handle with that big, juicy, mighty, cock!"

Harry worked his breeding rod in between Morgan's smoldering thighs. He also focused on how Rowena was. His duplicate was making the brainy vixen moan. Rowena was the original naughty smart girl, and she was currently working her pussy around his cock.

If the charm was right, Harry-Prime could feel all of the sensations the duplicate did. And thankfully, he did. The feelings of both of these pussies wrapped around him made Harry feel really good. He tightened his grip onto Morgan and sank his cock inside of her body.

"Fuck me," Morgan breathed.

"What do you think we're doing?"

Harry smiled and buried more of himself. Morgan's body reached that state right before orgasm which all witches appreciated. Harry kept sinking his cock and burying it inside of her. He reached a rapid fire display of momentum when drilling himself inside of her.

Rowena worked the rod of the duplicate. She managed to test the durability of the copy, so far so good. The duplicates needed to be durable if they were used as a distraction for dueling, or if they were used for other means. Rowena rubbed her stocking clad legs down Harry's thighs when bouncing down onto him. Each rise brought Harry's cock nearly out of her.

"Mmm, you're so warm," Harry said. "And these tits, I can suck them forever."
Harry worked down Rowen's corset top and exposed her round wonders to the world. He lightly cupped them and squeezed them. Rowena slid all the way down Harry's manhood, rising up and bouncing down with a fluid motion. She could feel his cock buried inside of her.

"Yes, it's good, it's right there!" Rowena panted. "Touch my nipples, squeezed them. Suck on my big round tits, they're for you."

The sexy MILF rocked her hips all the way down Harry's rod. Harry pushed his rod deeper inside of Rowena and felt the warmth of her pussy.

Morgan entered pure bliss when Harry's large cock entered her body. His hard cock pushed inside of her body, and stretched out her core. Her sopping wet core stretched around his massive cock. Those balls slapped around her thighs when rising and falling out of her.

"Mmm, show me what you're made of, great wizard!" Morgan yelled. "Make me cum so hard, around this hard cock. I want you feel your throbbing penis inside of my body. Stretch me, wreck me….oh baby, I'm yours forever. All you need to do is fuck me until I'm raw!"

Harry did as Morgan asked, drilling his massive rod inside of her gripping pussy. Morgan hoisted her hips off of the bed and brought Harry's length deep inside of her body. Every time Harry connected with her body, those balls kept slapping against her.

"You're going to cum harder, and you can't stop it," Harry said. "Your orgasm belongs to me. But, you get off by being treated like this, don't you? You get off by getting treated like my own personal cock sleeve?"

Morgan tightened around him excitement. She had been bound to the bed and at Harry's mercy. And boy, she loved every single last throbbing minute of it. She lifted off of the bed to meet Harry the second he worked inside of her. His finger caressed her.

Speaking of intense, Rowena kept driving herself onto Harry's cock. Her hair flowed freely, showing her beautiful face, and stunning blue eyes before him. Harry grabbed onto Rowena's ass and squeezed it.

"Cum for me again," Harry told her.

Rowena did cum all over Harry's rod. She could see a light glow appearing around Harry. She grabbed onto the back of his neck and moaned, encouraging him to push his hard rod inside of her again. His balls were filling up rapidly with cum.

The duplicate worked his way into Rowena. He was reaching the end of his life span and intended to go out with a bang. He slowly rocked his rod inside of her body, working her up and dropping her down onto him. Harry took hold of those warm breasts and squeezed them.

Rowena tilted back to allow Harry full access to her breasts. The Boy-Who-Lived leaned back and motor boarded those breasts. Rowena grabbed the back of Harry's head and pushed his face into her ample chest. He feasted on every solid inch of her warm breasts.

"Suck them, oh suck them!"

"Yes, suck them!"

The prime copy of Harry attacked the ample chest of his partner. Morgan's body writhed underneath. The ropes started to come a bit loose, but honestly, the dark witch did not care. All she cared about was Harry's hard rod pressing into her body. Harry brought his cock down into her
Morgan breathed heavily and one of her hands loosened. Harry sucked on her breasts and really went to town on her warm pussy. His head leaned up and had been ensnared in between her warm tit flesh. Harry cupped the underside of her breasts and sucked them.

The feeling of two contracting pussies around his hard cock made Harry grunt hard. He was trying to hold back and lead Morgan through one more orgasm. Their wet thighs smacked against each other. Every time Harry buried himself deep inside of her, he could feel her.

His duplicate was reaching the end, but Harry still had a bit more left in the tank. He wanted to bring Morgan to one of the best orgasms possible. The most infamous witch of all time, screaming in his ear, moaning for his cock was a huge ego boost.

And he drew power off of both of his sexy lovers. Morgan tightened her womanhood down onto his cock, and tried to milk him. Harry, unfortunately for the witch, wasn't as easily taken out by this.

Rowena grabbed onto the shoulders of her lover and shoved her pussy around Harry's cock. It stretched and milked him.

"Go ahead," Rowena said.

The Ravenclaw founder came as well and she needed feel that cum inside of her. If the climax process worked properly, she would have more than cum just inside of her. Rowena was getting too far ahead of herself though. She pushed down onto his hard cock and sank more of him inside of her.

The duplicate groaned, and his balls tensed up. Rowena squeezed and drew him into her. The first few spurts of cum were slow, but then a flood started. A flood of cum which coated the insides of her body, shoving so much seed inside of her body.

"Fuck me!" Rowena yelled.

The cum drained inside of her womb, and the sexy witch kept working it down onto her. Her thighs clamped Harry, and she drew an obscene amount of cum from his balls. Glowing white, Harry reached the next stage of a climax and it was going to be a messy one.

A shower of cum splattered over Rowena's body. No part of her body was uncovered by cum, whether it be her gorgeous face, her ample tits, flat stomach, or dazzling legs. Harry's thick cum trickled down her hair, and Rowena fell back onto the bed, enjoying her cum shower.

"Who is the slut now?" Morgan asked. "Oh, pound my gushing cunt. Ram that big hard cock inside of me and wreck me. WRECK MY SLUTTY PUSSY!"

Now after the duplicate reached its end, Harry was slowly reaching his end his well. He felt all of the sensations of the orgasm from the duplicate. The wizard could safely say the copy went out with a smile and most certainly with a bang. And now he pulled back and gave Morgan quite the hard pounding.

Harry filled her pussy up with his seed after Morgan's latest orgasm finished. Warm milk shot out of Morgan's nipples, which Harry tasted. The smooth taste of the witch milk invigorated him and caused the volume of cum shot inside of her to increased.
He knew it could happen even when a witch was not pregnant, due to certain interesting quirks of her biology. Then again, as much cum as Morgan took inside her per day, they couldn't be surprised. He wouldn't put it past the devious witch to down a fertility potion to get the perfect child.

He pulled out of Morgan and instantly, Rowena dove between Morgan's thighs and sucked Harry's cum from her pussy.

"Oh, you hypocritical witch!" Morgan yelled.

End.

Another one of everyone's favorite type of chapters, a blog exclusive chapter has been posted. It stars the character known as Rose Weasley in canon, as part of the Daughters of Potter series. Long Day's Work (Rapunzel from Tangled).

The moonlight was very odd at this time of night and Rapunzel found herself staring out into the stars. The beautiful girl's shiny blonde hair stretched on for quite some way, with her dark expressive eyes looking up towards the stars. She dressed in a purple dressing gown, which showed her slender frame, nice perky breasts and long dazzling legs. Her red lips moistened when she waited for it to happen.

"Guess who."

"Could it be?" Rapunzel asked. "Has my prince returned?"

Rapunzel turned around and came face to face with the most brilliant, and gorgeous man in the land, with his dark hair, green eyes, and a sculpted body, which she could run her hands over for hours. Why stop with just running her hands all over his body though. Rapunzel doubted very much she simply wanted to stop at his body.

"Harry, I'm really glad to see you again," Rapunzel said.

"It's your night, as promised," Harry said.

"No," Rapunzel said, pushing her finger into his chest in a playful manner. "It's your night, your night to do anything you want to me. I'm yours.....just like the rest of the wives you've ensnared, like Elsa and Anna and Belle and Jasmine and Ariel and Aurora and..."

Harry silenced what was going to be an overly long roll call of wives, with a kiss. He grabbed the top of Rapunzel's hair, feeling how soft it was in his fingers. He kissed the woman and caused her to moan underneath his lips. The beautiful girl ran her fingernails down his bicep.

She wanted everything this man, no this god, could give her. The magic swelling through his body made Rapunzel's heart beat faster and her knees weaken. Harry slowly slipped the dressing gown off of her body, and pulled back from her.

"I want you," she breathed.

Rapunzel dressed in nothing, but a lacy purple bra and panties. She moved over to the bed and stroke a pose which was both cute and sexy. She motioned for Harry to come over to her and he did, attacking her with another kiss. The two of them exchanged their embrace with each other, suckling on each other's tongues. The princess stroked his bicep, encouraging him to keep kissing her.

Harry switched his attentions to the side of her neck. Rapunzel closed her eyes and felt Harry suckling on the side of her neck and slowly made his way down her body. Harry kissed down to her navel and made his way closer to the promise land.
"Someone has been a naughty girl," Harry said.

"Mmm, I can be pretty good too," Rapunzel said. "Why don't you show you how good of a girl I can be as well?"

The line between being very good and being extremely naughty could be fine. Rapunzel sat up off of the bed and crawled over, looking at Harry's lap. She squeezed his cock through his pants and undid them. It was like unwrapping a present, and Rapunzel could not wait to get her gift.

One huge cock sprung out and smacked Rapunzel in the face. Rapunzel wrapped her hand around the base of Harry's prick and squeezed him at the base. She lightly rolled her fingers down his manhood and then released him, pumping him up and down.

"I can't wait to suck your cock," Rapunzel said in a heated voice. "I can't wait to have your cock in my mouth."

"Well, don't wait them," Harry told her. "I can't wait to feel your sweet mouth either."

Harry grabbed the top of her head, and guided her. Rapunzel opened her mouth and took him as far into her mouth as possible without gagging. She proceeded to give Harry a sweet, but very intense blowjob. The mouth of the Princess worshipped every square inch of Harry's cock.

The tastes, oh, the tastes, they tasted so good. Rapunzel closed her eyes and dropped down as far as possible with her mouth ensnaring Harry's cock. She pulled all the way back from him and released his cock with her mouth several times.

"You look so beautiful doing that," Harry said.

Rapunzel looked up at him with a smoldering gaze in her eyes. Harry grabbed the side of the Princess's face and slowly pulled out of her. He rubbed his cock against her moist lips for a tease and then pushed himself back into her mouth. She responded by eagerly blowing his cock. Salvia and lipstick coated Harry's cock when it shoved deep inside of the mouth of the long-haired princess.

Her eyes watered, but Rapunzel showed her determinate to stay the course and keep sucking. Her body warmed up with arousal. More sucking and Rapunzel imagined having that cock driven into her one time. Each time he drove into her, it made her feel really good. It was like a naughty dream, but it was very real.

The working of his pole continued from the beautiful princess. Harry held onto the top of Rapunzel's head and kept guiding himself inside of her mouth. Every pass between her lips got Harry closer to the edge. All good things had to come to an end.

"Get ready," Harry told her.

Anticipation burned at a fever pitch, as Rapunzel prepared to take Harry's cum into her mouth. She bottomed out on him while grasping those hard balls in her hand. Her spit lubricated Harry's hard cock. Each rise and drop onto him put more of that stiff rod into her mouth.

Harry blew, blew big time. He shot an obscene amount of cum down Rapunzel's throat. To her credit, the princess didn't back down. She took her cum like a pro, and with a lot of practice as well. Harry pushed his rod deep into her mouth.

"Yummy."
She popped off of him and slowly licked her lips. Rapunzel's panties were sliding down from when she fingered herself when blowing Harry. Harry reached in and cupped her by the pussy before slowly guiding her onto the bed.

"Now, you've made me hungry."

Rapunzel giggled and spread her legs. Harry climbed on top of her and planted kisses down her smoldering hot body. The perky nipples underneath her bra threatened to stick out. Each kiss brought Harry closer towards her pussy.

"Just, please, I'm ready," Rapunzel said. "OOOOHH, HARRY!"

Harry slid his tongue into her depths without any warning and gave her a beautiful eating out. Rapunzel grabbed the back of Harry's hair. Her body thrashed underneath of Harry's efforts. The tongue delved into her and withdrew more of her juices from the beautiful pussy underneath him.

So good, so good, this tongue lashing felt really so good, and Rapunzel could not help but moaning underneath Harry's talented efforts. Her hips bucked halfway up off of the bed. Harry held her hips and started to shove his tongue deeper and deeper.

"It feels so good!" Rapunzel yelled.

Rapunzel held on the back of Harry's head and encouraged him to go down on her wet pussy. The woman's hips rose up off of the bed and dropped down onto the bed. Rapunzel tightened her grip around him.

Each sensation became even more pleasurable than the last. Harry got her nice and wet for the future intrusion. His fingers lightly rubbed down Rapunzel's thigh and caused more pleasure to gush out from the woman. She was cumming so hard it was almost obscene.

Harry pulled himself away from her, and caused Rapunzel to fall back onto the bed. The handsome young man climbed on top of the horny princess. His cock lightly touched the outside of her walls.

"I'm going to make you mine all over again," Harry said.

"Please," Rapunzel begged him. "I need you inside me, so bad. You don't really want to know how bad I need you, right about now."

"Oh," Harry said with a smile. "I might have a bit of an idea."

Harry slowly rolled the head of his cock in between Rapunzel's warm thighs. She rose her hips up off of the bed to meet Harry's hard cock head. It was almost inside of her. It was so close to her, stretching out her warm pussy and making her feel so good.

"Harry, please!" Rapunzel begged him.

A little bit more teasing started, and Harry reached in, holding Rapunzel's beautiful hair and then draped it over his back. The silky smoothness caressed his back the second before Harry rammed his hard cock inside of her very eager snatch.

Rapunzel's eyes watered the very moment Harry filled her up. She always enjoyed the feeling of a nice, thick cock sticking inside of her body. Harry held onto Rapunzel's hips and slammed deeper inside of her. The young man rose up and pushed deep inside of her body.

Those balls slapped against Rapunzel's thighs. Rapunzel could hardly believe how big, how thick
they were. Her body sized up in pleasure and released a gushing sensation around Harry's intruding cock. He rose up one more time and drilled himself into her body.

"Right there, baby," Rapunzel breathed hungrily in his ear. "As hard as you can!"

Harry decided to unleash her breasts and squeeze them. Rapunzel squealed in excitement the second Harry started to play with her breasts. She shivered when Harry blew on her nipples. He leaned closer towards Rapunzel and pinched her nipple which caused her to moan underneath him.

A smile appeared on the face of the handsome sorcerer. He pushed his cock deeper inside of Rapunzel's gushing womanhood. She stretched her pussy around his throbbing cock and then released it with all of the warm, elastic glory. Harry pushed his cock inside of her, and could feel her hair between his legs, lightly tickling his balls.

"Seems like your hair is naughty as the rest of you," Harry said.

A sheepish smile spread over the features of the beautiful, and sexually frustrated princess. Harry rose up out of her and slammed his hard cock inside of her body. He stretched her out further around his rod. Rapunzel pulled herself almost all the way up off of the bed and took more of Harry inside of her. More of Harry than she, or potentially anyone else could handle.

Yet, every inch of this cock inside of her made Rapunzel fell really good. It made her feel better than the most wonderful things in the world. Harry latched onto her nipple and suckled it which got her motor moving.

"Go ahead," Harry said.

Rapunzel's loins clutched Harry's cock eagerly and squeezed it. A powerful orgasm exploded through the body of the horny princess. Intensity from the orgasm spread through her body. Harry caressed the side of her leg and caused her moans to escalate even further. Harry slammed deep inside of her pussy.

"Yes, it's very naughty," Rapunzel said with a giggle.

Harry could feel her hair wrapped around him, along with her legs, and her pussy wrapped around his caught. He buried himself deeper inside of the sexy princess and caused her moans to increased. He reached over and lightly ran his fingers through the top of her hair, before moving down as far as possible.

Literal, Harry could run his hands through Rapunzel's hair for hours and hours. Not the he didn't want to run his fingers all over the rest of her.

Rapunzel got really excited when Harry played with her hair. Her horniness amplified by an insane amount. Her moist loins clutched around Harry's rod and slowly buried him inside of her body. She breathed heavily the second Harry pushed into her depths.

"Give it to me, harder, faster!" she begged him.

Harry loved how this girl couldn't get enough of him. Then again, all of his wives were like this, naughty girls, from magical places, who couldn't get enough of his big, throbbing member. Harry held onto Rapunzel and buried his cock into her. Another orgasm caused Rapunzel to thrash up and down on the bed.

"Go ahead, cum harder," Harry said. "You can't get enough of this, can you?"
Rapunzel shook her head, her hair flying off to the side and knocking over a vase on the table. She laughed at the absurdity of the situation. Harry lightly tugged on her hair and caused her attention. Most of the hand dropped down onto Harry and lightly brushed him one more time.

"You can't, and I'm going to fuck you until you pass out," Harry said. "I'm going to give you a fucking worthy of royalty."

Rapunzel's excitement hit a fever pitch. Harry let go of her hair, much to her disappointment. He spread her legs out, holding them down on the bed. She stretched as far as she could go. Harry pulled almost out of her and caused her pussy to complain about the loss.

"Harry!" she whined.

"Oh, you want me to drill you harder?" Harry asked. He raked his fingers down the long legs of the sexy young princess before causing her to shiver. "You want me to slam my big cock into your naughty pussy, harder, is that it? Is that what you want?"

She nodded once again, brushing her hair against Harry's back in the process. Harry wasn't going to lie, that made him tingle a little bit to feel her silky hair brush against him like that. He positioned himself at the edge of her pussy and aimed his cock before slamming deep inside of her body.

"HARRY!" Rapunzel yelled out loud.

Harry pushed into her body and stretched her out. The sound of firm thighs slapping together could be heard all throughout the land. He pushed deep inside of her wet pussy and then came almost all the way out of it, before drilling his hard cock inside of warm, clenching body.

Rapunzel's eyes screwed shut and she moaned with pleasure. Harry hit all of those sensual little buttons which made life worth living. Harry pulled almost all the way out of her, positioned his cock towards her entrance and buried himself inside of her as deep as possible.

"Yes, love, you're going to cum again," Harry said. "I know that's what you want, I want to feel you cum as well. Over and over again, until your body collapses from the pleasure."

A sex coma seemed pretty much in Rapunzel's future and she couldn't argue with the way they were getting there. Harry split her open with his big cock. She wrapped back around him. Rapunzel's body was shaking, her hair going all over the place. A lot of it wrapped around Harry's waist and it encouraged Harry to push more of his cock deep inside of her body.

Harry could not get enough of the pussy of this naughty little vixen. Rapunzel closed thighs around Harry's hips, and her feet rested on his back. Her hair brushed against all parts of Harry's body, once again tickling his balls. Harry groaned, when pushing more of himself inside of Rapunzel. He nearly pulled all the way out of her before slamming back into her body.

"More, I need more!" she begged Harry. "Please, give me more!"

Rapunzel shoved her pussy up around Harry's throbbing hard cock. Her warm pussy slid up and grabbed him by the cock. Every pump brought more of Harry's divine rod into her insides. Rapunzel lightly rolled her hips up to meet Harry with each push inside of her.

"Don't worry, you're getting all you crave," Harry said. "Along with so much more."

She couldn't believe she could get any more than she craved. Rapunzel thought she had a healthy sexual appetite. She liked Harry's cock more than Anna liked chocolate. Her heart started to stammer the deeper Harry pushed his rod inside of her slick walls.
"Harder, work your hard cock inside of my tight pussy!" Rapunzel breathed. "I want to feel this tomorrow when I wake up, and every day until it's my turn again."

She knew what she wanted and Harry had to appreciate it. A constant series of small orgasms passed through Rapunzel's body and it lead up to the main one, the big one. Harry shoved his cock into her, and felt every inch of her body. Most of his aggressions centered around Rapunzel's beautiful, smooth hair. Harry could not wait to run his fingers over it.

"Every day, until it's your turn again, you'll be feeling my cock," Harry said. "And when I visit next time, you're going to want to jump me, and the dance will continue all over again."

She eagerly nodded. Harry blew her mind with that engorged cock slammed into her. Rapunzel saw a never ending area of white. Her vision returned when the orgasm when through her. Her pussy still hungered for her, that seed from this big balls bouncing against her. Rapunzel pushed herself off of the bed.

"I need your cum, please!" Rapunzel breathed in a sweet voice.

The sweetness, and innocence dripping form her naughty request only prompted Harry to slam into her faster. Rapunzel breathed heavily, and Harry held his hands on her breasts to give them a squeeze. Her loins clamped down around him and released Harry.

Every day, she would be feeling what Harry did. His hands appeared to be everywhere which brought her pleasure. Rapunzel slowly pushed a fingernail into Harry's lower back. Harry shoved his hard cock inside of her nice, wet pussy. It released Harry in one fluid motion.

"Yes, and you'll have it," Harry told her. "Just a little closer. Feel the pleasure building up. That feels good, doesn't it?"

It did, and Rapunzel's arousal burst inside of her. Harry slid into her, working into her milking pussy when suddenly something had to give. And that something was Harry's balls contracting and releasing so much seed inside of Rapunzel it was almost obscene.

"Harry!" she shouted out loud.

Rapunzel dug her nails into the back of Harry's neck when he pushed into her. So much cum spilled inside of her body. Harry kept pounding her and caressing her body. Those sensations, both rough and gentle alike, made Rapunzel feel so good.

Harry smiled, when he pulled out of one of his beautiful princesses. He leaned close to her and planted a kiss on her forehead.

"Until next time."

"Please," Rapunzel said, a smile on her face as she came close to slipping asleep. "Cum again."

End.

Next Chapter: 6/16/2017
Making the Shot(Artemis Crock)

If you want to make suggestions/requests for future Breeding Grounds Chapters, then go to the Very Important Page Links, link on my profile, and head to the one and only Breeding Ground suggestion topic and post there. Also, a list of the girls appearing in Chapters 146 through 150 have been posted there as well.

Make the Shot(Artemis Crock from Young Justice)

A light chewing on her lip showed how focus Artemis Crock could be. The blonde archer's hair had been tied back in a ponytail which hung loosely down past of her back. Her brown eyes locked onto the target involved. She wore a green sports bra stretched over her breasts. The archer's toned abdomen area was shown, along with her toned arms. She squeezed into a pair of tight green yoga pants, showing off her amazing ass and toned legs. She didn't wear any shoes.

Artemis measured the shot she was going to make. She made the shot just like she always made the shot. This shot was a particular tricky one to line up, but one Artemis had to practice. In the training room, Artemis had the luxury of taking her time to line up the shot. On the field, the luxury wasn't there so much. Focused and determined, Artemis shot the arrow and connected with the central target.

Triumph danced in the eyes of the young archer. She withdrew the arrow from her quiver and lined the shot very carefully one more time. She pulled back the arrow and fired the arrow, this time quicker, this time with more of a rapid fire attack.

Clapping followed, and Artemis turned around. She saw Harry standing right behind her, and he wasn't wearing a shirt. This distracted Artemis for a moment when he approached her.

"Good shot," Harry told her.

"Thanks, I've been practicing," Artemis said. "So, are you her to work out?"

"Actually, I was hoping to see if I could see you pull off the shot," Harry said. "I only saw the end process, but I didn't show the beginning process. Do you think you can show it to me one more time?"

"Sure," Artemis said.

The archer wasted little time in loading up her bow and turning towards the central target. The girl chewed lightly down on her lip and withdrew the bow back a slight amount. Artemis aimed the arrow and fired directly towards the central target. She connected with it, without any problems whatsoever.

"You are so calm, so focused," Harry said. "You always make your shot. You should be proud, Artemis, you're better than your mentor ever was."

"I don't know about that," Artemis said.

Artemis looked at Harry's reflection from the side mirror and tried to line up another shot. She fired the arrow one more time and connected. Now she was showing off just a little bit to impress her crush.
She turned around, and Harry wrapped his strong arms around her. Artemis had been surprised by this action, but most certainly not displeased. Artemis returned to her senses when she realized the reason for this was she was about ready to fall over and land on her ass.

"Calm down," Harry told her. "No need to rush."

"I am calm," Artemis responded.

Harry turned her around and put his arms around her waist. She realized his crotch pressed against her backside and it was very hard to focus now. Artemis was determined though to make the shot.

"Why don't you try this one, it's a lot trickier?" Harry asked.

Artemis nodded, and noticed Harry's hands were now on her hips and very close to grabbing her, well Artemis needed to focus. She needed to fire the arrow through the hole and land the target. Artemis closed her eyes and lined it up. The growing heat coming between her thighs made it very hard for Artemis to focus on anything other then where Harry's fingers may or may not be.

The shot had been fired and the arrow missed, landing on the ground.

"Oh, that's bad luck," Harry said. "Your mind is distracted."

"And you know why," Artemis said. "I'd like to see you….."

Harry leaned in and slowly kissed Artemis on the back of the neck. She shivered when Harry kissed her. Harry knew the young archer wanted him for a very long time, and this would be the perfect time to have what he wanted. Those kisses continued on the back of Artemis's neck.

The athletic blonde grew weak in the knees from what Harry was doing to her. The kisses were brief, and then he pulled away from her. Harry put his fingers against her and started to rub her through her pants. He could bring any woman to her knees with the merest of touches.

"You're impressive," Harry said. "I bet you want to see me make the shot, don't you?"

Harry moved his hand up and he placed it just a few inches away from the underside of Artemis's breast. He did not reach up and cup it, not just yet. He wanted the woman to really think about what he wanted.

"Please, make your shot," Artemis begged him.

It was amazing how someone's mouth can water, and be completely dry at the same time. Harry smiled and lifted up the bow and arrow in his hand.

"Here's the deal, I make the shot with the same distraction, you do anything I ask of you for the afternoon," Harry said. "And if I don't make the shot, same is true for you. Do you understand?"

Artemis nodded before one naughty little thought crossed her mind. Either way, she won.

"You're going to have to get behind me for the similar circumstances of your failed shot," Harry said. "Behind me, and put your hands right there, a little bit lower, and perfect, hold that position."

The fact Artemis's fingers brushed against his crotch and it hardened underneath her touch made the archer flush. She wanted to rip his pants off, rip hers off, and mount herself on his cock right now, until both of the came. Still, she had to play the game and play it nice and carefully.

"I'm lining up the shot, get ready."
Artemis got ready and could not help but squeeze his crotch and press her breasts against his back. Anything to psyche him out, even though Harry had nerves of steel and a cock to match. Artemis leaned towards him.

"Oh, Harry, you can make that shot," Artemis breathed sensually in his ear.

Her fingers lightly cupped his crotch through his pants. Harry lined up the bow and arrow and focused on making the shot. The arrow went through the hole and connected with the central target.

"You…you son of a bitch!" Artemis managed. "How did you do that?"

"Practice," Harry said. "I could still make that shot, even with an entire room full of naked women having an orgy in the middle of the same room."

"Oh," Artemis said, a wicked smile going about her face. "You want to bet?"

"Maybe later," Harry said. He leaned closer towards her. "I wonder if you'd like a demonstration on how I can get a nice long arrow through a very tight hole and hit the target."

Artemis was now face to face with Harry. He grabbed Artemis's ass and squeezed it. Artemis moaned in Harry's ear when he moved closer towards her.

"I'd like you to demonstrate that for me," Artemis begged.

"First, I want you to suck my cock."

Straight forward and brilliant, and Harry didn't need to even have to say please. Artemis dropped to her knees so fast, she winced from the force they hit the ground. She reached around and unlooped Harry's belt, allowing it to drop down onto the ground. Artemis put her hands on the other side of the belt and dropped it down onto the ground. Artemis smiled when taking a nice look at that very long, throbbing, juicy cock. She could not wait to wrap her lips around it and suck Harry like he was never sucked before.

Harry watched Artemis lightly kiss all the way down his cock. He always thought she had the perfect lips for cock-sucking and now that particular theory was going to be put to the test. Artemis slowly licked Harry's cock all the way down. She swirled a tongue down the head of his cock.

"I'm going to suck this big cock, alright," Artemis said. "I can't wait to have it in my mouth and have it down in my throat."

"There's nothing stopping you," Harry said.

No, there was nothing stopping her. Artemis leaned closer towards Harry and kissed on the tip of his head. Her lips wrapped around his throbbing hard cock and she sucked the head. Artemis pushed her lips around Harry's hard cock and sucked him, sucked him very hard.

"Mmm," Artemis moaned, sucking his cock all the way down her mouth.

Harry grabbed onto the back of her hair and forced his manhood deep into her waiting mouth. Those beautiful lips formed at tight vacuum seal around Harry's prick and sucked him, sucked him into her mouth hard. Harry held the back of Artemis's head and slowly pushed into her.

The sucking continued, with Artemis clamping her mouth down on his hard cock. She cupped his heavy balls and gave them a squeeze. Harry only tightened the grip he had on the back of her head.
Artemis used every inch of her mouth to service Harry and it was really a great feeling. He pushed deeper inside of the mouth of the goddess on her knees. His thick, heavy balls slapped against her hand. Artemis squeezed them and started to rub his balls.

"You have such a good mouth," Harry said. "You must really want to taste my cum. Well, soon enough. Just keep sucking my cock."

She did exactly what Harry requested. Artemis rested her free hand on Harry's backside and pushed more of his cock deep inside of her mouth. Every inch of it needed to be tasted, toyed with. She squeezed his big balls in hand and felt the weight of the cum deep inside of those balls.

Harry worked himself into Artemis's tight mouth.

"Closer," Harry groaned.

Artemis re-doubled her efforts and fondled his balls. Thick juicy lips worked the throbbing manhood over and over again. She deep-throated Harry and lubricated his cock with her salvia. Harry held the back of Artemis's head and stretched out her throat.

A few more minutes of deep-throat fucking and Harry just had to fire his load inside of Artemis's throat. He grabbed onto her and shoved his manhood into the throat of the beautiful eighteen year old girl sucking his cock. Harry buried so much cum into her throat, she barely knew what to do with it.

Harry emptied the contents of his balls into her mouth and pulled out. His cock slapped across Artemis's face and mouth.

"It tastes so good," Artemis said. "And now, you're going to show me how you make that shot, aren't you?"

Artemis rose to her feet and placed her hands against the wall. The archer bent over, legs slightly spread. Harry moved over, and grabbed Artemis's sports bra and pulled it off of her. Her breasts freed into the air allowed Harry to mold them to his own liking in the palm of his hands.

"Mmm, Harry!" Artemis moaned at the top of her lungs. "It's so good to feel your hands on my tits, like that….I've always wanted that."

"I know you have," Harry said. "And I'm going to make all of your dreams come true."

Harry lightly brushed his fingers against Artemis's nipples and made them nice and hard underneath his palms. Artemis closed her eyes, breathing as deeply as possible when Harry worked her nipples over underneath his fingers. Harry touched them and squeezed them.

"And now, I'm sure you want to know how I lined up such a tight shot."

He slowly moved his hand down from Artemis's right breast and brushed his fingers over her toned stomach. Harry pushed them between Artemis's spread and willing thighs.

Artemis thought she was going to die, feeling his warm body pressed up against hers. They were so close to penetration without anything actually penetrating. Her mind ran a million miles a minute. Harry reached up and cupped the underside of her breasts, given them a nice little squeeze. Artemis whimpered underneath Harry's touch and he squeezed her breasts again.

"I bet you're wondering that, aren't you?" Harry asked her.
"Mmm, yes, I am," Artemis begged him. "Why don't you show me?"

Harry moved back down and pulled Artemis's pants down. She wore nothing from the waist down under than a green thong. Harry pushed his hand on the other side of the thong and pulled it down Artemis's legs. He revealed her smooth, shaven pussy.

"First, I have to look at the hole from every angle."

A finger slipped in between Artemis's wet snatch and a pleasurable sigh followed. Harry worked his finger inside of her and then pulled all the way out of her again. He shoved his digit inside of Artemis and let a cry of pleasure pass through the body of the beautiful woman.

She whimpered the more Harry pushed his finger inside of her. He most certainly surveyed her wet snatch from every single angle. Artemis spread her legs and wanted to receive more. Harry was receptive to her need to receive and added a second finger, followed by a third.

Very nearly, Harry fingered Artemis to one of the most amazing orgasms ever. He knew when to pull back though and really leave the girl wanting more. He pulled out and caused Artemis's knees to buckle almost instantly when she slumped against the door.

"Sometimes, I have to get it to really investigate the center…"

Harry leaned down and buried his face between Artemis's spread legs. His hands clutched her thick ass and gave it a squeeze. He nibbled Artemis's pussy lips and sucked down the juices while fondling her ass all of the way.

The double whammy of getting her pussy ate and having her ass squeezed and spanked, hit Artemis. Her eyes flooded over with pleasure. Harry's tongue hit depths which Artemis could not even reach with her fingers, or even any of her toys. And her and M'gann experimented thanks to the Martian's gift of shape shifting, but Harry was on an entirely different level.

"HARRY!" Artemis screamed at the top of her lungs.

Harry groped her ass, released the flesh, and spanked it, leaving a red mark. Harry continued to go down inside of Artemis's pussy and made her whimper in delight. Harry pulled as far away from Artemis and left her slumped against the wall, breathing heavily.

The second failed orgasm caused Artemis to groan in frustration. Harry pulled back and wrapped his arms around Artemis's waists. His cock slid between her thighs without penetrating her. Harry lifted his hands up and cupped Artemis's breasts and squeezed them.

"And now, you're going to see how you make the shot," Harry said. "Can you see my reflection in the glass right there….can you see where I am?"

Artemis looked and she could see his cock about a few inches away from her. One good thrust and it would be inside of her tight pussy. Artemis closed her eyes and looked up, biting down on her lip.

"Uh, huh."

Harry spent the next couple of minutes teasing Artemis and driving her completely nuts. The heat coming from her body and the need for release was starting to drive the archer completely insane, and Harry knew it. Harry knew what he was playing with.

A couple minutes of teasing, and Harry leaned towards her.
"Potter is lining up the shot, can he make it?"

Artemis didn't have a chance to break it to him that sounded more like a golf thing, than archery. But, she didn't care to make the correction when all twelve inches of Harry's cock began to find its way inside of her body. Artemis closed her eyes, feeling Harry's thick cock pushing her apart. Her pussy stretched to accommodate the immense intruder entering her.

"YES!" Artemis moaned.

"Perfect shot," Harry said. "And you're as tight as I thought you would be."

Artemis nodded, glad for that. Harry worked her tight pussy.

"The perfect shot though," Artemis moaned. "Now, are you going to hit your target now you're through the hole?"

"Oh, I think I'm going to hit the target perfectly," Harry said.

Harry felt every single inch of Artemis's toned body. She was so sexy, the right combination of muscular, with classic femininity threw in. She was a balance. Not quite an Amazon and not to be confused of the Amazon of the same name, but Harry was pleased with how firm Artemis's body felt underneath him.

Artemis closed her eyes and whimpered lightly. Every single time Harry touched her nipples, electricity shot through her body. Everything was coming through her body, and Artemis was this close to cumming. She could feel the warmth build, the pleasure build. Harry's fat thick balls slapped against her and sent jolts, promising the load inside of her.

The tension around Artemis released around Harry's cock. He held onto her backside and pushed deep into her body. Harry buried himself into her body. Every single inch of her body was primed for Harry to touch, to tease, just as her pussy was primed to fuck her.

"We're going to hit that target full on, soon enough," Harry said. "But it looks like you're about to hit a target of your own."

No sooner did he say that, Artemis creamed around Harry's cock. Harry slid his throbbing cock inside of her body and then slid out of her. She was very wet and primed for the fucking. Primed for a hard pounding as well, with Harry squeezing her ass and working his way inside of her body.

"Yes!" Artemis yelled. "Harder!"

Harry knew each thrust would get him close. He could not help it. Artemis had a sexy body which was built for fucking. He nibbled on the archer's right ear and neck, both of the spots which caused the woman to go completely wild with a never-ending explosion of lust.

His hands slapped against her ass when fucking her from behind. Artemis's knees slightly sank to the ground. Harry reached around her waist and held her up while fucking her.

Artemis knew she might have some trouble standing up straight after this was over. Harry was just the gift that kept on giving. And she was glad about the gift he was about to give her.

"Fuck," Harry groaned. "You're so tight, and I'm so close. I'm close to hitting my target."

She opened up so Harry could hit his target. Artemis wanted nothing more than his cum to flood her womb. There were naughty little rumors, that Harry had children with several of the females in
the Justice League. Artemis didn't know how true they were, but she found herself excited by the taboo thought of being knocked up.

Harry flooded Artemis's receptive womb with his cum. Another young superheroine had been marked for Harry's forever. He shoved his hard rod inside of her body and rocked her with a multitude of trusts.

Artemis dropped down to the ground the moment which Harry finished spilling his cum inside of her body. She dropped down to the ground, cum oozing from her pussy.

"I always hit my target. Always."

The slumping, drooling, and dripping archer just nodded. That he did, that he did. Despite being fucked raw, and having an obscene amount of cum spilled into her, Artemis could not wait to have his cock buried inside again.

"Why don't we hit the showers?" Artemis asked.

Harry smiled and scooped up Artemis, who was glad to, because she found her legs to be temporarily nonresponsive. It was off to the showers, for more clean fun, potentially turning into dirty fun.

End.

Executive Position(Sarah Walker)

Another blog exclusive Breeding Ground Chapter has been posted, featuring Diana(Wonder Woman), Donna Troy, and Lyta, as part of the Daughters of Potter series. Head to the page of Very Important Links, the Web of Chaos Archives, and either the Breeding Ground or Blog Exclusive Chapter Archives.

Executive Position(Sarah Walker from Chuck)

Sarah Walker got into character as the new temporary secretary. The blonde woman had hair pinned back in a hair clip, a pair of glasses on. Her body had been squeezed in a button up purple blouse, a black skirt, and a pair of nice, stockings underneath it. Her slender body moved with grace when moving across the office. Sarah stopped, frowning. It had to be around her somewhere. The last secretary left on maternity leave, which was a lucky break, and got Sarah the position she needed. The man running Horizon enterprises, Harry Potter, well, they had intelligence to believe he had classified government secrets which he intended to blackmail certain high ranking political officials with. It was her job to verify the accuracy of it, and the best step would be to search around his office.

Sarah moved around under the pretext of getting some files, when suddenly the office door opened up. She straightened up and looked towards the man entering the office. Tall, dark, handsome, with those green eyes which anyone woman could get lost in for hours on end, and Sarah was no exception to that very obvious rule. The spy cleared her head and looked towards him.

"You must be my new secretary," he said. "Harry Potter, at your service."

"Sarah Walker, sir," she responded with a smile on her face. "And it's an honor to get the job here…..and you pay rather well as well."

"Well, I pay well for competent work, and I've taken a look at your qualifications," Harry said. For a brief second, Harry studied the body of the young blonde woman and liked what he saw. "And you are very qualified in certain aspects. But we all know the reason why you're here, don't we?"

Sarah stood up and her heart quickened a little bit in beating. There was no way he could have figured out why she had been sent here, could he?

"I'm just here, and willing to work, Mr. Potter," Sarah said. "I know your previous assistant, she was good at her job, but I hope to fill her shoes and hope to help Horizon."

"Mmm, you do, don't you?" Harry asked.

Sarah wondered what he was playing at. He took a closer step towards her and made sure to lock the office door behind her.

"You are a go-getter, aren't you, Ms. Walker?" Harry asked. "You were in my office, an hour before we were supposed to meet here."

"Oh, I wanted to get a jump start on things," Sarah said. "After all, it's better to be here early, to make the right first impression, isn't it, sir?"
"Yes," Harry said. "But, you looked nervous when I came to my office. Almost like you didn't expect me here so soon. Almost like you didn't know I take a coffee break in my office exactly at seven o'clock in the morning."

Now, Sarah had been dumbstruck. It was common knowledge Harry Potter took his coffee break around seven forty in the morning, which would have given her plenty of time to look around his office. Maybe, plant a bug or two, to see what he was doing.

"Ms. Walker, I know you're eager," Harry said. "But, you have to be more careful. We need to maintain a professional relationship, at least in public. Behind closed doors though….anything is possible."

Sarah relaxed a moment, but then became very intrigued. She didn't want to jump straight into seduction just yet, but it was a possible. She knew Harry Potter's weakness was beautiful women, blondes in tight clothing especially, although he wasn't too particular. Anything with legs which could be spread, Harry would be willing to lay with.

"I'm just happy to be part of the team," Sarah said. "And I'll do anything to prove it to you."

"Will you?" Harry asked.

"Yes, sir," Sarah said. "You've done a lot for this nation, the world, and everyone in this community, and I just want to be a part of this."

Sarah hoped to distract him, and decided to make a bold move. She leaned forward and kissed her boss on the lips. For a brief second, Harry paused and Sarah pulled away from him.

"Sir, if I offended you, I'm sorry," Sarah said.

"No, it just normally takes a little bit longer before they take this step," Harry said. "That does speak favorably on you, Ms. Walker. You're a go getter, you want something, you take it. I'm very impressed with you."

"Thank you," Sarah said. "And please, call me Sarah, if we're going to be that much closer together."

The two of them met together with a kiss. The taste of Harry's lips were so intoxicating, Sarah thought she might as well just pass out. Harry pushed his hand on the back of her head and deepened the kiss. Sarah leaned back onto the desk, and moaned when Harry kissed her even deeper. His fingers lightly brushed down her body.

Sarah wondered how far she had to go to get him to drop his guard. Without finding out whether or not he had the information in his office, it would be very hard.

Harry kissed the side of Sarah's neck and then sucked on her ear lobe. He found a weak spot which caused her to purr like a kitten.

Normally, when being with someone, Sarah had to fake interest, and it never really got beyond a heavy kissing, some petting maybe, and some hardcore teasing, before she had what she wanted. Here, there was no need to fake interest, because Harry really was pushing her buttons hard.

Harry worked underneath her skirt, his hand sliding up her leg. Sarah froze when Harry touched a certain part of her leg. Those fingers slid up very carefully, and smiled.

"Nice stockings," Harry said. "I particularly like the place where you can keep a gun, or some kind
of other concealed weapon."

Sarah tried to explain, but she found Harry's other hand squeezing her breast through her shirt. She did not struggle against Harry's grip. It took her a few seconds to realize Harry completely removed all of the concealed weapons from her person with those hands, the same hands which brought her pleasure.

"Sarah, you're being a very naughty girl," Harry said. "What's the real reason why you're here? Sneaking around my office, carrying concealed weapons in those beautiful stockings, and trying to seduce me….that sounds like something a spy would do."

"I'm just…I can explain."

"Mmm, I love to hear your explanation," Harry said. "I'd love to hear it in great deal."

Harry stroked Sarah's womanhood on the other side of her panties. Sarah gasped when Harry pulled those panties to the side and exposed her smooth sex. Harry grinded his thumb against her dripping slit.

In a blink of an eye, Harry unbuttoned her blouse the rest of the way. Sarah's bra clad chest heaved, rising and lowering, when Harry started to work his hands around her breasts.

"Who sent you here?" Harry asked.

"I…don't….I can't….." Sarah breathed. "You're….bad."

"Because, I'm giving you the best orgasm you've ever had in your life?" Harry asked. "You're in pretty good company though, don't worry."

Harry had her breasts out and squeezed them. They were nice and perky, fitting in Harry's hands very nicely. He lightly cupped Sarah's breasts and slowly worked his mouth down her nipple. Harry suckled on her round nipple and made Sarah gasp in pleasure.

Sarah tried not to be too vocal in her reactions, but it was hard not to. Those fingers were everywhere they needed to be. Harry spent some time worshiping her breasts and bringing her closer to the edge. She was not going to get pulled over the edge that quickly.

She re-doubled her focus.

Harry loved the ones who were completely stubborn, they always fell the fastest and the pleasure hit them the hardest. He ran his hand over Sarah's smooth stomach, without an ounce of fat on it. The soft flesh was like pure magic in Harry's eyes. His lips inched ever so closer to the promise land.

Deep breaths increased in Sarah's body. Her thighs opened up and were about ready to be greeted by Harry's hungry tongue. She couldn't believe they were this close to being inside of her. Sarah closed her eyes and could feel Harry's nice warm mouth going closer towards her.

"Fuck me," Sarah breathed.

It wasn't something she meant to say, it just slipped out. Harry leaned up and cupped Sarah's pussy, before smiling at her.

"You're used to being in control of these situations," Harry said. "But, it excites you so much, how you're not in control. How someone else is in control of you."
Harry pushed a single finger inside of Sarah's dripping hot pussy. Sarah closed her eyes and could feel the finger work its way through her depths. Her hips rolled off of the bed.

Switching plays, Harry leaned in and nibbled the flesh on her thighs. The reaction of this woman made him realize how close he was to having her in the palm of his hand and most importantly, underneath his cock. But, since that's what she wanted as well, Harry needed to tease her.

Seconds passed, and Harry's finger left Sarah's center. Then, without warning, Harry dove down into Sarah's pussy and started to eat her out.

The sexy spy thrashed underneath Harry's tongue. He could really eat out a pussy, and there was no hiding how much she enjoyed the tongue inside of her. Harry's tongue appeared to stretch and reach some spots which Sarah previously thought were impossible. He grabbed onto her ass and went down on her.

Harry tasted the beautiful spy who arched off of the bed. She moved up to allow Harry more access. The beautiful bridging motion she did showed how flexible she was, and Harry didn't think his luck could have gotten any better. He pushed Sarah close enough to the edge. Then, when Harry was ready, he pulled away from her.

So close to an orgasm, and yet so far. Sarah dropped down to Earth and looked at Harry.

"Why were you sent here?" Harry asked.

He decided there was one more weapon left and that was beneath his pants. Harry unbuckled his pants and dropped them to the ground. His boxer shorts pulled down.

Sarah looked up at the biggest, thickest, juiciest cock she ever saw in her life. It was made to fuck. Still, she had to be strong, and she couldn't give into him.

Harry grabbed Sarah's hips and positioned his cock next to her. He teased going inside her. Instead, Harry stopped and grinded his cock against Sarah's dripping slit. He ground further onto her body.

Sarah closed her eyes, and she needed the cock badly. No, she needed to remember her mission, and remember what was at stake.

"Tell me," Harry breathed. "Tell me, and you get all of this."

Harry tormented Sarah's body with pleasure. Her nerve centers were pleasure.

'I was sent to your office….because they thought you had information which you could use to blackmail the government," Sarah breathed.

"Typical," Harry said. "They're scared, they want certain things hidden, because that would make them look bad in the eyes of the people. If they didn't any anything worthy of hiding, they wouldn't be so scared. They wouldn't send one of the best women inside."

Sarah closed her eyes, thighs parting. She wanted his cock so bad. She spread her legs as far apart as possible, and given her flexibility.

"I only have this information as insurance for myself," Harry said. "Your bosses have been fed a load of lies about me, or maybe they're in on the con. I don't know, but there are certain people in the government who think no means yes."

Fingernails scraped down Sarah's thighs and increased the pleasure going between her thighs.
Harry came an inch away from going down in her, but stopped and then pulled out.

"They want me to build weapons, they want to use my satellites to spy on citizens….all in the name of freedom, naturally," Harry said. "But, how free are we, when we have to worry about our personal details falling into the wrong hands?"

Sarah really wanted him inside of her, and now he was doing a motive rant about why the government sucked. Granted, it wasn't perfect, and he did have some good points, but she just needed to get fucked and badly.

"It's not your fault," Harry said. "You've brought down some bad people, but I'm not a bad person. Do you think I'm a bad person?"

"No, I don't think you are, I'm just doing my job," Sarah said.

"And I'm doing mine as well," Harry said. "I'm protecting the best interest of the people the government is supposed to be serving."

Sarah didn't say anything. She tried to push her hips up.

"But, maybe I should be serving you," Harry said. "You went to the trouble in going into my office early, and you didn't even have a chance to see anything incriminating. Not that you would find anything incriminating. I'm not one of those morons who think an e-mail server is a safe place to store sensitive information either."

Harry pushed his hand on Sarah's thigh and started to rub against her. Sarah gasped the moment Harry inched closer towards her womanhood. She wanted his cock, she needed his cock in the worst possible way. And Sarah would have him, one way or another.

"Harry, please!" Sarah begged him.

"Well, given my cock's this close to being inside, we should be on a first name basis," Harry said. "And you aren't the first sexy government agent who I've found lurking around my office…..the last three secretaries I've had for example have been working for someone in the government, trying to get information."

Then, without further pause, Harry pushed his hard cock inside of Sarah's moist, tightening vagina. He grabbed onto her hips.

"High risk, high reward," Harry said. "They know a beautiful female is the only way to get into my inner circle. There's a small chance they could succeed, but I have friends who help slip false information, to trip them up. Like the time of my coffee break for example."

Sarah tightened her grip around Harry's waist and his cock as well. Harry planted his rod inside of her body hard and fast. Every single time those balls slapped against her.

"You've confirmed me to me they're getting desperate," Harry said. "And I think you want a reward. You want to cum, don't you, Sarah?"

"Yes, sir!" she begged.

Sarah wasn't sure if that was slipping back into character, or acknowledging the fact she submitted to Harry. Regardless though, Harry planted his large cock inside of her body. Every single inch of it touched something inside of Sarah and made her gush with pleasure.
Harry groaned when pushing almost out of Sarah and planting his rod inside of her. Those thick balls kept bouncing down into Sarah’s warm thighs. Sarah breathed heavily the second Harry grabbed onto her and planted himself into her. His thick balls kept bouncing against Sarah when he planted deep inside of her.

The best orgasm ever passed through Sarah's body. Harry held onto her and pushed deep inside of her. Every inch of him speared inside of her body and stretched Sarah out in a way she was never meant to be stretched before.

Her body contorted with Harry folding her back. Sarah could take it though, she was naturally flexible. Her eyes glazed over with her legs resting on top of Harry's shoulders. Harry grabbed onto her legs and drilled deep inside of her pussy!

"Oh, God!" Sarah yelled.

"Really, that quick?"

Normally, it took a lot longer for women to declare Harry to be there god, He rolled his hips down onto Sarah and pushed inside of her. She thought she was going to seduce him. Many women thought they were going to come in here and seduce him, but they failed, big time.

'The definition of insanity is trying the same thing constantly, and expecting different results,' Harry thought. 'And then re-trying your efforts.'

Everywhere, he touched everywhere on Sarah. Sarah's mind entered pure unbridled bliss. Her eyes rolled into the back of her head. Harry sent jolts of pleasure up into her body.

"I won't say you came here to leave empty handed," Harry said. "Your womb is going to be nice and full of my cum for example."

There was no lie, those thick balls slapped against her.

"Sir, harder, please!" Sarah begged him.

"You take a nice cock, Ms. Walker," Harry said. "I'm going leave the results of your performance review into your box to review later."

Harry jammed his hard cock inside of Sarah's tightening, gushing pussy. Her hands locked onto the back of the young man. Every time Harry slammed inside of her, Sarah entered a blissful state. Harry rose up and rammed his hard throbbing cock inside of her.

"Yes, harder!" Sarah begged him.

She was getting really excited, and the excitement would grow to a brand new fever pitch. Harry ran his fingers down Sarah's legs and they slipped down to tighten the grip around his waist. The sexy spy didn't want Harry to leave her pussy.

Harry leaned down and pressed his toned body against hers, kissing her madly. Sarah returned the kiss with hunger, and the more he kissed her, the more he fucked her, the more Sarah craved all of Harry.

"You're mine now, Ms. Walker," Harry said. "You're going to act like you're doing your job, but every morning, we're going to have a coffee break at seven o'clock on the dot, followed by one at ten thirty, another at two, and another after hours, after the doors close at six."
"YES!" she screamed.

Thick balls pounded Sarah and she lost track of how much time passed. She wondered how Harry Potter got any work done, if he was balls deep in his personal assistants for half of the day. Regardless, he kept up the heavy pounding, and worked Sarah over.

Sarah was the first to cum and it would not be too much longer before Harry came along with her. Those balls had to be reaching capacity.

"Time is no problem for me," Harry said. "And I'll be seeing you later in the day, at ten thirty sharp. Don't be late."

She came one more time, and her entire body shook from the pleasure. Every single inch of her body had been transformed into nothing, but one thing which brought constant pleasure.

Harry buried his rod inside of Sarah and then unleashed the contents of his balls inside of her body. He started to spill his essence inside of his newest conquest. Sarah screamed, wanting even more of Harry. Harry obliged the sexy blonde writhing underneath him and kept slamming into her until he drained his essence inside of Sarah's waiting womb.

She had been worn out, but at the same time, invigorated. Her new boss emptied his seed inside of her, filling Sarah up with so much cum, she was gushing.

Sarah collapsed down onto the desk. She would figure out where her loyalties lied later, but now, she was coming down from a high.

Harry smiled, a couple more sessions, and Harry would have another extremely valuable asset underneath his thumb. And other parts of his body as well.

End.

Next Chapter to be posted on 6/23/2017.
Hermione Granger took about six steps out of the fireplace. Thankfully, it was all she could do to collapse down on the couch. The brunette witch sighed when she thought about the day she went through. Actually, the week she went through, given she put in several fourteen hour days in the office. Thankfully, after grinding her knuckles raw, Hermione finished some very important paperwork.

One of anyone's least favorite parts of anyone doing a job in the government was mountains of paperwork. Hermione supposed things could have been better.

'TGIF,' Hermione thought.

The woman who had been called a bookworm by some and an insufferable know it all from others sighed. The twenty-five year old witch thought about all of the strides she made and all of the maturation she went under. Things changed for all of them. Hermione hardly would have recognized herself if she meant her fifteen year old counterpart. Growth happened, many tragedies followed, and many lessons, very painful lessons.

Her dark hair tamed into a something more straightened than it did during her teenage years. She tied it back into a bun. A button up black blouse covered the top half of her body. A black skirt of a professional length topped off the outfit. The skirt only just barely hid Hermione's best asset, at least in her opinion, her long legs, and her tight ass. A nice pair of black stockings clung to her legs, caressing her flesh.

"Welcome back."

Hermione smiled and rose to her feet. She noticed Harry standing in the kitchen door. His presence always made her life a little bit more bearable even at the lowest points.

"I thought today would never end," Hermione said.

"And you're back here," Harry said.

Hermione bit down on her lip and nodded in response. Harry stepped out of the kitchen. He dressed in a black tank top and a pair of black workout pants. The sheen of sweat on Harry showed he just came in from a workout in the gym. Not that Hermione minded. She very much enjoyed the sight of Harry Potter dressed in tight workout clothes.

"I've saved a lot of jobs today," Hermione said. "If I didn't get this time, a lot of people wouldn't know where their next meal came from."

Without thinking about it, Hermione propped her stocking clad legs against Harry's lap. Harry took
a foot into his hand and rubbed his fingers against it. The light touch of hand against foot made Hermione close her eyes. She tried not to get distracted by Harry, not again.

"I can't thank you enough for the idea," Hermione said.

"You put in those long hours," Harry said. "Give yourself some credit. Susan, Daphne, and Megan all told me about how you were losing your mind."

"They want to let half of the office staff go," Hermione said. "I can't let that happen. If they left, do you realize how much work that would leave me? I would have to use a time turner."

Hermione never wanted to use a time turner again. The last time she used one, it left her with nightmares for over a year. She never shared it with Harry, or anyone else until years later. Hermione wanted to scream at her past self, Dumbeldore, and McGonagall for allowing a fourteen year old witch to gain access to a powerful magical artifact which drove wizards and witches about three times her age mad.

"Let's not go there again."

"I agree."

Hermione crept a little bit closer to Harry. She practically was in his lap now. Her legs rubbed against him. The brunette witch's head dropped to his shoulder a few seconds.

"So, what do you want to do tonight?" Harry asked.

"The same thing we do every night, Pinky," Hermione said. "Try and take over the world."

Harry sighed and Hermione just smiled at him. She moved a little bit closer towards him. Hermione had a very long week and she just wanted to indulge herself in something more interesting than paperwork. Hermione leaned in and kissed Harry full on the lips.

The first time they did this, it had been during the camping trip for Voldemort's Horcruxes. Both felt really guilty about it, because they were doing it to deal with their mutual frustrations. Hermione, because Ron ran out on them, and Harry, because of the fact he had been given this impossible mission from Dumbeldore.

Years passed through, and that seemed like a lifetime ago. Every now and them, Hermione and Harry enjoyed indulging in each other. Harry had a very full dance card full of witches, and Hermione appreciated the fact he would put time aside for her.

She always considered herself how lucky she was to have Harry, even as a friend, never mind an occasional lover. She trusted Harry, and that was what mattered.

Harry always enjoyed how Hermione seemed so eager, but when things really got heated, she got very submissive. She tilted back and whimpered for Harry's kisses. Harry grabbed the back of Hermione's hair and unclipped it. Her chocolate-brown locks came out. Harry lightly moved his fingers through them and kissed Hermione on the side of her neck.

Her legs wrapped around Harry's waist. Harry slid a hand up Hermione's waist and started to fiddle with the clip hooking her stockings to the garter belt. He worked her, playing with her pleasure. Harry leaned into her and licked behind her ear, knowing Hermione had been grown to enjoy this particular action. The impatient of the cute brunette writhing on his lap was amazing.

"Harry!" Hermione begged. "Don't fucking tease me."
Harry smiled and unbuttoned Hermione's top. He kissed her flesh when more of it had been exposed. Harry slid his finger, touching the small of her back.

The blouse unbuttoned and slid off. Hermione's ample breasts pushed against the cups of a lacy black bra with an intricate design. The material on the cups resembled lightning bolts. Harry slid his hand over Hermione's stomach and started to kiss her again. He pushed her down on the couch.

Their arms and legs entangled each other with the fevered make out session. Harry's hands teased underneath the skirt of the brunette minx underneath him.

"I'm sorry, Mia, what do you want?"

Harry drummed his fingers against the edge of her skirt. The bookworm's hips pumped up and down with Harry coming very close to slipping his fingers through the edge of the fabric. He pulled back almost all the way from her and then slipped back to her. He constantly kept this up, touching her edge.

"I want you, in me."

Harry slid the skirt of his lover up and exposed her panties. She soaked right through the fabric. Harry grabbed onto the panty fabric and slid them down Hermione's legs. Her pussy came into full view for Harry to do anything he wished to. Her smooth snatch dripped with sensual moisture. Harry pushed his fingers against her. The action received the reaction of the horny witch pumping her hips up.

"I have to taste you first."

Hermione spread her thighs invitingly for Harry to go down on her. The Boy-Who-Lived teased the outside of her lips. He kissed down her firm, flat stomach, and then moved down between her thighs. His hands rested on Hermione's hips and brushed his tongue against the warmth pumping from her. The former Insufferable Know It All reached up and guided Harry closer between her thighs. Harry sucked on her juices.

The lemony taste coming from Hermione's warm pussy only encouraged Harry. He could feel his pants tighten with desire. He wanted to get his friend all worked up for the final intrusion. Hermione slid her fingers down across the back of Harry's head.

Hermione whimpered underneath the attentions of her wizard. Harry pushed inside of her warm pussy. Each touch of the witch made her enter a state of pleasure. Pleasure increased when the heat pumped through her loins. Harry touched each inch of Hermione's warm thighs and released her.

Released her and caused Hermione to go down to Earth. Her hips rose up and fell. Juices spurted out of her center the second Harry finished eating her out. Harry moved up for her stomach, his lips touching it. He moved up and bared Hermione's breasts.

Her cute pink nipples, capping off a pair of round, firm breasts, came into full view. Harry buried his face into Hermione's heaving chest and sucked her juicy chest. The witch thrust up, trying to grind her hips into Harry's manhood. He rose up and an invisible barrier blocked her from getting way too much pleasure.

Harry twirled his finger against Hermione's hair and then kissed her even deeper. Their lips smacked against each other for a moment.

"Time for what you've been waiting for."
Hermione looked up at Harry. She almost reached for her wand to speed up the process. Harry grabbed Hermione and pinned her hands back behind her hand. Invisible bindings kept her hands there and enticed Hermione to watch. Harry slipped off of his shirt and his pants followed.

The growing tent in his pants burned Hermione with so much lust. She could not wait to lay sight on Harry's hard cock one more time. The sorcerer pulled down his shorts and dropped them down to the ground. The object of the desire of every witch with a pulse came out.

"You want it inside you," Harry said. "I know you do, you naughty witch. You're dripping wet."

Harry reached out to grab Hermione between her thighs and touch her. He verified his words by feeling the moisture against the palm of his hand. The gasp of pleasure coming from her showed Harry how much she craved his touch. The sorcerer pushed a palm down onto her.

Real magic jolted down onto her. Hermione thrust her hips up nice and high for Harry. The waves of pleasure cascaded through her body.

"I want it," Hermione said. "I want you."

"Roll over, I want to see you."

The only thing Hermione wore were stockings and garter belt, both of which made her look amazing. Hermione turned around, her wide ass coming into the air. The tight puckered hole against Hermione's glorious looking butt made Harry grin. His cock throbbed, but that would be a hole he would explore later.

He moved behind Hermione. He pulled the witch into position, running those fingers underneath her stomach. The feeling of Hermione's tanned, toned flesh underneath him, without an ounce of fat, made Harry feel really good. He sought her heat. Hermione stretched out.

Not the most flexible witch Harry went with. Then again, Nymphadora did have an unfair advantage being able to contort her joints due to her abilities. Harry put his cockhead at the gates of his friend. Her lubricated slit made it very easy for Harry to enter. He took his time, making Hermione feel him.

"Mia, you're as fucking tight as ever."

Hermione closed her eyes and grinned. She could feel Harry entering her body. He stretched out her body. Her warm walls took hold of Harry. Harry locked onto her hips, grabbing her for some very prominent leverage. Harry slid back a half of an inch and pushed his way into Hermione. Her loins contracted around and released Harry. Harry held onto her, working to her.

"You're as big as ever," Hermione fired back.

"Flattery will get you something you want," Harry said.

Harry played with Hermione's breasts. She always enjoyed him playing with her breasts. Taking them in his hands and squeezing them. Hermione closed her eyes. Her hero pushed his hard cock inside of her, working her out. Heat slowly built through Hermione's body. All of the energy in her core centered towards her loins.

The wizard enjoyed the feeling of Hermione's snug pussy grabbing him and releasing him. His hands strayed off, rolling over Hermione's back and reaching the globes of her ass to play with them. The flesh bounced out in a most enticing manner. She had a very nice ass, and Harry enjoyed running his hands over it. He teased the hole and she gasped.
"You want a cock in there, don't you?" Harry asked. "That's about the only place on you my cock hasn't been."

It had been a wonder Harry never been back there. They teased each other about it. Tonight though, Hermione was ready to take that final step, after receiving a couple of orgasms. Harry's hands made her grow tense. He pulled away from her after teasing her most forbidden hole with his finger.

"First, I'm going to make you want it. Worse than you've ever wanted anything."

Hermione did not doubt it for a second. He plunged inside and filled her utterly. Harry swelled inside of her body. Her lover explored Hermione's body and gave her flesh a generous amount of attention. He came almost out of her and plunged into her. The climax reached a fever pitch and sent her spiraling into pleasure.

"Harry!"

Screams of his name encouraged Harry to stretch Hermione to her full limits. Every fourth or fifth thrust, Harry brushed against Hermione's tight back hole. He encouraged himself with the tightness. An ass like hers had been built for one purpose and that was for fucking.

Hermione collapsed down onto the couch. Harry held her up gently by the hair and plunged into her. Her loins received a full workout from Harry's rapid fire thrusts. She made sure to give just as much to him.

Harry felt her tense around him and release her juices. Each pump of her silk center caressed Harry. He pushed inside of the devious woman underneath him.

"Harry," Hermione moaned. "Please, let me cum."

"Of course."

Harry rested his hands on her back. Hermione's moan rewarded Harry for his release of her. She released his bodily fluids in return on him. The coating of the warm juices oozed around Harry. He plunged into her and rode her out. His own balls sized up and shot their bounty inside of her.

The sweet feeling of her partner's release made Hermione feel blessed. Harry coated the inside of her wall. Each warm spurt splashed into Hermione. He filled her body. Harry planted his rod inside of her with multiple thrusts. Those balls sized up and swelled inside of her to splatter inside of her.

Harry pulled out of Hermione. His cock deflated for an instant. He touched the outside of her hole.

"Tell me what you want Hermione. And I'll do it."

His fingernail just shifted and brushed against her opened back hole. It felt so naughty, so delicious. Hermione opened up for him.

"I want you to fuck my ass," Hermione said. "Please! Please, for the love of Merlin's sweaty balls fuck my ass raw!"

"Language, Mia," Harry admonished.

"Oh, shut up, and bugger me," Hermione said.

Harry drew out the intrigue even more. He touched Hermione and her hole responded to him. He
put the tip of himself at the edge of her asshole. He eased inside of her one inch at a time.

The first thing Hermione felt was discomfort. The witch's magic and stubbornness resulted in a very potent combination. Her puckered entrance took more of Harry inside of her. His balls rested on the edge of her. The second Harry pulled back he plunged inside of her. He constantly worked inside of her.

Harry explored the inside of her asshole. His cock plunged into her and then almost pulled out of her. He ran his hands over the tight round ass of the woman underneath him.

"Damn, Mia, you dirty girl," Harry said. "I didn't know you got off with getting your ass fucked like this. It's always the withdrawn ones. Always the repressed ones."

The thing is, Hermione was very repressed during her teenage years. She kicked that habit thank you very much. She explored a brand new world. In turn, she accepted the fact Harry explored her ass and any other part of her body he chose. He slammed inside of her which jolted her back in trip down to memory lane.

"Ten points to Gryffindor for the world-class rear," Harry said.

Mia closed her eyes and sighed. She really was obsessed with petty details in the past, wasn't she? Part of growing up, the things that used to be important, were less important to her. She decided the time for the philosophy of life would have to wait. Harry kept his working over her.

"Get ready, here it comes."

Hermione caught sight of the clock and it reached morning. She realized how long they had been going out this, or rather how long Harry pushed into her rear. She had no idea how Harry learned self-control.

"Fleur taught me."

'Of bloody course,' Hermione thought to herself.

Harry entered her mind and used her own devious fantasies against her. He touched her in a place which Hermione wanted to be touch before her conscious mind processed the thoughts. It was a very unfair advantage in her opinion, one she could not master. Even after she learned to open her mind to the unconventional, it took a certain flair.

Harry plowed Hermione from behind. She deserved a heavy buggering for a long time. Hell, her shapely bum caught his attention more than a few times. It was the best part of her. Harry wished he had taken her ass a long time ago. It might have shaved off some of the tension.

His balls churned and sent his warm cum splattering into Hermione's waiting blows. He slid into her as far as possible and felt the tension build around him.

Hermione collapsed down on the couch. Harry finished inside of her ass and filled her back hole with Harry's sticky seed.

He pulled out and smiled. Hermione flopped down onto the couch with a smile. The mission had been accomplished.

End.
Next Chapter (6/27/2017).
One should never be late for a meeting like the one Regina Mills was going to. She arrived fairly early, a box in her hand. The dark haired woman's hair had been pinned back, she wore a professional looking female business suit, okay the top two buttons were undone to allow some enticement. She did her homework about the man she met, but there was still so much about him.

One did not just request a meeting with Harry Potter, and not have a good reason. He was a powerful sorcerer who had mastered death itself, or rather herself, if the rumors were true. Regina waited a few seconds for Harry to arrive, tapping her fingers on the edge of the chair.

Not late, but he did like to make an entrance. And a blast of green smoke announced the arrival of Harry. Regain took in his presence, tall, handsome, with dark hair, and green eyes which caused the hearts of many women to speed up and their minds to melt. He was built like a Greek God.

"Ms. Mills," Harry said. "A pleasure to meet your acquaintance."

"And it is mine as well, Mr. Potter," Regina said. "Your skills have come to me highly recommended by a trusted source. And I understand you can tell the value and the authenticity of magical artifacts. Therefore, I would like you to take a look at this."

Regina held out a long red box. Harry took the box into his hand and made sure the box itself wasn't cursed. You could never be too careful when dealing with the mysterious and the magical. Harry opened up the box and pulled out a staff, with a glinting golden tip on the end.

Harry took a second to wave the staff around and then he slowly ran his finger up it. Harry frowned, when looking at it.

"I really hope you aren't hoping to re-shape the world," Harry said. "The staff as it is, it's highly useless."

"I knew it," Regina said.

She knew it, but she had to make sure. The person who told her about the staff swore up and down, it had the power to defeat anyone, no matter how powerful.

"Someone sold you a bill of goods, I take it."

Regina answered with a nod and she saw Harry smash the staff across the table. The staff busted in two when Harry slammed it across the table.

"A normal staff would not have broken," Harry said. "But, we have something interesting here after all."

The golden tip of the staff turned out to be less of a golden tip, and more of a key. Regina's eyes followed, could it be true acquiring this staff could not be useless? Harry ran his hand down the edge of the key and set it down on the desk.
"Can you determine where the key goes?" Regina asked. "Just by looking at it?"

"The key could be to anything," Harry responded. "It could be to a grand treasure, with riches beyond your wildest imaginations, or it could be to some random person's front door."

Regina was betting her luck because of the uselessness of the staff, it was the latter, and not the former.

"Mr. Potter, allow me to offer my most sincere apologies for wasting your time," Regina said.

"No, it's not a waste of time, when I debunk a fraud," Harry said. "Do you know how many counterfeit magical artifacts I run into throughout the entire year?"

Regina could only imagine because of his line of work.

"Countless," Harry said. "I have more than enough faux mystical god killing blades to melt down and build enough suits of armor to contain an army. Besides, not a waste, meeting a woman like yourself. Your reputation precedes you, Ms. Mills."

He lightly took her hand and kissed her on it. Regina hated to even think this, because it sounded like a cliché, out of the most hackneyed of love stories. But, there was no disputing the proof that tremors came down her spine.

"The pleasure is all mine," Regina said. "And there is one thing about you, which I'm curious about."

Harry didn't take any steps to stop her, not that he would have been able to stop her.

"Is it true, your lips are coated with a venom which make any woman fall hopelessly for you?" Regina asked. "Because, that would be a powerful component to have, quite useful if you wanted people to fall in line as well."

"Well, it does help when people have an attraction to you to begin with," Harry responded.

Regina answered with a nod, swinging her hands over to her hips. She stepped closer towards Harry, with a smile.

"I hope to make up for the fact you came all the way here for another counterfeit," Regina said. "And I want to see how potent that venom is."

Regina decided to lean forward and kiss Harry on the lips. She closed her eyes, and enjoyed the kiss. Even more, when Harry cupped her face and returned it. Her hunger and lust increased with each pressing moment. The deepening of the kiss made Regina all hot and heavy.

Harry thought this escalated a bit quicker than he would have thought. Regina did have some sexual frustration to work out, and that really was where his business thrived. All of the sexually frustrated, and slightly broken women, coming to him. Harry lightly ran his finger down the cheek of the woman.

Some light feeling with their clothes on followed between the two soon to be lovers, but perhaps not for long. Regina caused the buttons of his shirt to break open and then slip off of his body. Regina pulled back at him.

"A lack of clothes suits you well, Mr. Potter," Regina said, with a Cheshire cat grin on her face.
"Please, call me Harry," Harry said. "No need to be formal, well things get so personal."

"Agreed," Regina said.

She lightly traced a finger up the scar on Harry's chest. She would have to guess it came from some kind of beast, perhaps a dragon. The teasing traces of the Evil Queen continued, and she slowly removed Harry's belt with the merest of gestures.

Two could play that game as Harry performed his favorite magic trick, making a woman's panties disappear in a blink of an eye. Regina gasped the moment her panties had been removed, and it left her stunned, but in a good way, in a very good way.

Regina cupped his crotch through his boxer shorts and smiled.

"No wonder, I think the staff I've been searching for is right here."

She tore off his boxer shorts and revealed his long, throbbing cock. Regina eyed it, it shouldn't be humanely possible to run into something. It was an indictment of magical power, and she could appreciate just how much power Harry hand. Regina's soft hands cupped Harry's balls when she leaned down. His cock stretched up.

The dark haired temptress wrapped her warm lips around the tip of Harry's prick and sucked him for a short amount of time. Her legs rubbed together, and Regina would have liked nothing better than to have this staff inside of her.

Harry pulled her up, and positioned her on the desk, which faded out of way and turned into a lavish bed right before their very eyes.

"You came here, and you're going to get more than your money's worth."

"Good," Regina said. "I'm always in the mood for a good….deal!"

He had her top off followed by her bra, and then Regina's round, breasts, devoid of any sag whatsoever, pushed into the air. Harry cupped Regina around her breast and gave her a firm squeeze. Regina closed her eyes and lightly moaned the second Harry felt her round breast.

Every single touch of her breasts caused light moans to come out of the mouth of the woman beneath him. Harry pretty much hand her in the palm of his hand, both literally and figuratively. Harry lightly caressed her nipple and made her moaning increase.

His right hand touched her breast, but Harry decided to moved down closer. Regina's skirt slid up. Harry lightly stroked her stocking clad thighs with his finger, and made more pleasure shoot through her body than should be possible by law. He lightly caressed Regina's thigh and made her pant underneath the pleasurable touches he gave her.

"I need you inside of me!"

Regina not getting what she wanted, only made her want it even more. Harry lightly rubbed her womanhood and made her feel really good. Harry cupped her and slid a finger inside of her.

"Do you want me, badly?"

Regina bit down on her lip and nodded in confirmation. Harry bent down to capture one of her round nipples in mouth and suck it hard. She lifted her hips up and then spread her thighs out.
"YES!"

The moan spread through her body. Harry lightly caressed her womanhood with his able fingers and made Regina lift her hips up and down, to grab onto Harry's probing fingers. He shoved his thick fingers inside of Regina's body and stretched her out.

"YES!"

"I believe you've already said that," Harry said. "I haven't broken you yet? That normally doesn't happen until my cock is inside the woman, you know."

"Oh, just fuck me, I'm dying here!" Regina demanded.

Harry leaned down and pulled off her skirt the rest of the way. He left the stockings on, because they made her legs look amazing. Harry lightly rubbed the tip of his cock down her entrance. Regina's waiting lips lifted up to meet Harry's throbbing cock. He kept teasing her, and it was very frustrating to deal with.

"Are you ready?"

He lightly rubbed Regina's leg and caused her to gasp in response. The teases continued with Harry about ready to line his hard cock against her entrance. He spent a couple of minutes teasing Regina, coming as close as possible.

"Just be warned, you're going to be spoiled for life."

Regina didn't care, all she wanted was this engorged cock inside of her. Harry pushed his hard cock inside of her body and stretched her out. The beautiful woman screamed the second Harry pushed into her tight body and stretched her out around his hard cock.

"Oh, that's where the true power lies!" Regina yelled.

"My staff isn't counterfeit, Regina," Harry said.

"No, it isn't," Regina said.

A pleading look entered the eyes of the woman underneath him. Harry rose up and almost took his cock out of her. He then shoved half of it inside of Regina. The ritual had been repeated with Harry driving his mighty rod deep inside of the waiting cunt of the gorgeous vixen underneath him.

"HARRY!" Regina begged him.

"Oh, don't worry, you're going to be screaming my name all throughout the night."

Harry caressed her legs and sent more shivers down her. He slowly built up one of the best, most mind blowing orgasms in her life. The trick was not to give Regina this pleasure too quickly. He just wanted to build it up in her mind and make her want this, and want it even more. Harry shoved his hard cock inside Regina's tight pussy and released it in response.

Each moment of pleasure caused Regina to shudder. She could feel the intensity building in her body, leading to an orgasm. Harry wasn't quite pulling her over the edge. He rocked her world, and then slowed down just enough to make Regina appreciate the smallest touch. And the smallest touches from Harry could be very intense indeed. He lightly touched her leg and made her whimper underneath Harry's throbbing hard balls.
"Mmm, that feels so good," Regina begged him. "I want more, I need more, please give me more."

Harry slammed his hard cock inside of her body and stretched her womanhood to the brink. He leaned closer to Regina and lightly kissed her behind the ear. He rose completely up out of her and touched her breasts, and then rolled his hands down her body.

Now, his fingers tightened around Regina's clit. He rubbed it hard when pushing inside of her body. Harry's thick balls slapped hard against Regina's thighs with a loud smack. The smacks grew in volume and in intensity with Harry rising almost all the way out of Regina and pushing his hardening rod back inside her.

"You're going to get more," Harry informed her. "You're about ready to cum. Feel the pleasure building in your body. It's slowly creeping into your loins."

"Yes, it's about ready to release," Regina said. "Let me have it!"

Harry smiled and teased the wicked woman underneath him. His balls slapped against Regina's thighs and caused her body to tense up. It wouldn't be too long before the pleasure expanded through her body. Harry worked his hard cock inside of her body and slowly worked into her, slowly easing the tension from her body. Harry lightly dropped down and worked her body over something fierce.

"Here it comes," Harry said. "You better be ready for it."

Regina was more than ready for it. The release rolled over her body and intense emotions spread through Regina's body. Harry kept slamming his cock inside of her gripping womanhood. Harry worked deeper inside of her and speared inside of her body. Regina lifted her thighs up to meet Harry's incoming cock. Every time Harry penetrated her body, it made her feel good.

"Again!" Regina begged for him.

Harry released the pleasure inside of her again. Those moist, succulent thighs tightened around Harry and made him work his tool inside of her. The feeling of the stocking clad legs of this devious goddess beneath him only made Harry wanted to pummel her even more.

The display of sinful flesh displayed between both of them caused Regina's breathing to increase. She craved the feeling of this huge cock buried inside of her body. Regina stretched her loins around Harry's hard cock and released him with each pump.

Time passed by, and Harry was a steady machine who kept going. Regina heard the legends, but hearing them and believing them were too differently things. A constant moan, an occasional demand for Harry to keep fucking her, and some pleading as well, but for the most part, Regina just laid back and enjoyed the ride. And it was a hell of a ride to be honest.

Harry picked up his tempo and slammed his hard cock inside of the tightening pussy of the young woman beneath him. Harry pushed as far into her body as possible, almost pulling out of her, and then dropping down into her body. His balls slapped against her moist thighs and shook her.

Regina tightened around him, and the latest orgasm exploded through her. Her nails dug into Harry's back and she kept moaning.

"Stay with me."

She did stay with him and felt Harry's large cock submerge in between her moist thighs. Harry rose up all of the way and slammed into her. The ritual had been repeated in a constant tempo and her
latest orgasm filled her body. It was somehow more intense than all of the other ones put together right before it.

Harry picked up the pace, going quicker inside of her body. His hard balls slapped against Regina's inviting thighs. He was getting full and ready to unleash his pussy inside of her.

"Don't pull away," Regina said, closing her eyes.

Her tight walls milked him. She needed cum inside of her body. Harry pushed into her and kept working his way into her. Every single time Harry rammed into Regina's warm pussy, he pulled out of her, and then pushed into her with a series of thrusts inside of her.

"Mmm," Regina begged. "Further, deeper, faster, please!"

Harry pushed his throbbing hard cock inside of her tight body. His balls grew even heavier and they were getting close to submerging his warm seed inside of her body. Harry pushed up and lowered down into her body. The moisture of her pussy clamped down onto her.

Regina's soft flesh moved up and caressed him. She could feel the pleasure. Regina grabbed Harry's back and dug her nails into Harry's neck. Harry pulled almost all the way out of her and slammed his hard cock inside of her body. Regina's moist center squeezed Harry and pleasure released from her loins.

"Here it comes."

Regina anticipated his explosion. Those big, thick balls slapped against Regina's clit and made her breath in excitement. Harry grabbed her hips and slammed into her. Twelve inches of throbbing, thick meat stretched Regina out. She snapped back and felt the length of his cock inside of her body.

"HARRY!"

She screamed out loud and Harry responded by drilling his hard cock inside of her. Regina clenched and released Harry. Harry's nails lightly drilled down Regina's silky smooth legs. He rammed into her and could feel the tension releasing. His balls were about to burst and release an immense amount of cum inside of her tightening pussy.

Screams followed when Harry's balls launched their load inside of Regina's wet pussy. Harry plowed into Regina's warm body and drilled into her. His balls released their dripping cum inside of Regina's tight quim. She sucked up so much cum it was obscene.

Those balls still launched their load, through Regina's next orgasm. She lightly raked Harry's back, moaning in his ear. She received an immense load from the powerful and handsome young man beneath her. Harry sprung back and slammed his hard cock inside of her body.

Eventually, Harry pulled himself out of Regina, and smiled, admiring his handiwork. He channeled enough magic through her to jolt the dark haired temptress back to life and caused Regina to shake her head.

"I'll look at the key, and get back to you," Harry said.

"Key?" Regina asked. She snapped back to consciousness. "Yes, of course….when can I expect to know about it?"

"This Wednesday," Harry said.
"I'll be back, with bells on."

'And not much else.'

End.

A Cause for Celebration (Tifa Lockhart)

There is another Breeding Ground blog exclusive chapter, featuring Harry alongside his daughters with Jean Grey, Hope and Rachel, available on the blog. It can be found by going to the page of very important links, the Web of Chaos archives, and either the blog exclusive content or the Breeding Ground archives to find it.

Remember, you can also request girls on my blog at the one and only Breeding Ground Suggestions topic. Head to the Page of Very Important Links to get that.

There has been problems with the Adult Content filter on the blog looping over the past day, at least on Google Chrome. It's been working fine for me on Firefox. Don't know about Internet Explorer, because I haven't touched that piece of garbage. However, clearing your cookies on Chrome should do the trick, most of the time. If you're not having any problems accessing the blog, than pay no attention to the man behind the curtain.

And now, without further adieu.

A Cause for Celebration (Tifa Lockhart from Final Fantasy)

A nervous young woman stood at the edge of the village, her arms crossed. The woman's long dark hair came down to her mid back-point, and her face looked very soft and very beautiful. Brown eyes shimmered in the light, and pouty, round lips were a very prominent part of her body. She wore a short white top which exposed her trim stomach, with a navel showed in prominence. A nice black pair of shorts came down, showing an immense amount of her long, dazzling legs as well. The boots topped off her outfit.

Tifa Lockhart waited for her companion to return. Worry filled the mind of the attractive woman, worry something might have happened to him on his quest. He had a tendency of running into trouble no matter where he went in all of the known realms. Not so much, he sought out trouble, but for trouble stalked him around every corner and caused him great agony.

A flash of light followed, and Tifa turned her attention to the young man exiting from the energy portal. A smile crossed over the face of the beautiful woman when she came face to face with the one and only Harry Potter, who stepped out of the portal. Her eyes followed the progress of the very handsome young man, eagerly when he popped up.

"You have it?" Tifa asked.

"I have it," Harry said. "It took a lot longer to acquire it than I thought I did."

Harry moved towards the base of the tower where she was waiting. The trip was extremely treacherous, but Harry was more than up for it, under any circumstances. He slid a stone out of the bag he balanced over his shoulder. The stone slipped into the base of the tower before him and a flash of light illuminated the area all around them.

"And behold, we have light."

Tifa squealed in excitement and threw her arms around Harry's neck. She pulled him into an amazing, deep kiss. Harry returned the kiss with about as much fury and passion as she gave it. His tongue worked inside of Tifa's mouth and caused her to moan the very second their tongues wrestled for domination.
Harry reached behind her and squeezed the ample backside of the beautiful woman next to him. Tifa gasped when Harry kept working his tongue into her mouth.

The two pulled apart, Tifa's lip slightly swollen and her face red and blotchy from the kiss. Harry moved over and then gave her a light kiss on the side. She took hold of Harry's hair and started to stroke it in response to his actions. Tifa leaned over.

"Why don't we take this to a more private venue?" Tifa suggested. "After all, a hero deserves his reward for a job well done."

The bright lights now coming through the village might be a bit conspicuous, Harry would have to admit that. He held Tifa's waist and the two of them flashed out of there.

Tifa's world spun for a second, and excitement built. They stood in a nice, warm bedroom, with a large bed, which had plenty of room for plenty of fun. She playfully nudged Harry down onto the bed.

Harry grabbed Tifa by the waist and pulled her closer towards him. Her legs pushed down onto Harry's crotch and generated a small amount of heat between the two of them. Harry grabbed Tifa by the back of the head and pulled her into a very passionate kiss.

The sexy brunette woman grinded on Harry's lap, and moved away from his lips. The kissing continued on the side of Harry's neck, and she lightly put her finger into his shirt before working over the buttons. More of Harry's muscular flesh had been revealed. Tifa dove in for an intense kiss, and more powerful, passionate kisses followed when she caught Harry flush on the side of the neck.

Harry reached down to the bare skin revealed on Tifa's lower back, and started to twist his finger around in the small of her back. She bit down on his shoulder, moaning at the pleasure. She pulled back from the kiss, and Harry slowly moved up to grab the underside of her shirt.

A tug of the underside of said shirt revealed two round wonders to the world.

"Beautiful."

Tifa's round breasts were quite gorgeous indeed. Those perfect, pink nipples stuck out, begging to be sucked. Harry leaned in and kissed the side of her gorgeous, elegant neck as well. Harry slowly kissed down on her neck, causing her to moan and grind on his lap.

One large breast stuck out, and Harry grabbed hold of it. His mouth leaned in and wrapped his lips around the beautiful, prominent flesh. He gave it a hard suck and Tifa's eyes glazed over. Harry grabbed onto her breast and suckled the nipple one more time.

"Oh, God," Tifa moaned on the top of her lungs.

Harry just smiled and kept suckling this gorgeous, round, nipple, flicking his tongue with it. Tifa's hardened nub shoved into Harry's mouth and he attacked it with vigor, as much as possible. Tifa closed her eyes the very second Harry went to town on her delicious nipple.

"I have you," Harry said.

Tifa nodded in realization. Harry had her and the feeling was very delightful. She couldn't wait to see what else he would do. He moved his face in between her breasts and started to motor board her. Tifa rocked herself back in delight as Harry went to town on her delicious, sensitive breasts.
Moments passed as Harry indulged himself in Tifa's round wonders. He decided to switch the position and push Tifa back on the bed. He started to plant kisses down her, worshiping her perfect body with kisses, and caresses. She encouraged him to continue. Harry paused at her belly button and kissed her, licking the inside of it. It tasted delightful, but there was one spot a bit further south.

Tifa's loins exploded with lust. Harry rubbing and licking on the flesh of her stomach caused her to explode. She needed something inside of her pussy, in the worst possible way.

"Harry, stop, I need this!" Tifa begged him.

"You need something, but you want me to stop?" Harry asked.

"Please, eat my pussy," she begged him.

Harry's fingernails danced down her ribcage, before they shifted attention to her inner thighs. Harry rubbed the firm flesh as much as possible, and caused Tifa's body to shake underneath his affections. Harry ran his fingers down Tifa's thigh and made her shiver and shake underneath his attack.

"I'll eat your pussy, and more," Harry informed her. "You're mine now, I hope you know that."

"Yes!" Tifa yelled at the top of her lungs.

With these words, Harry slid Tifa's shorts down and revealed her pussy. Her smooth lips glistened out in the light and Harry smiled. He kissed slowly down, reaching the inside of her thighs. He kissed on the right thigh and then the left thigh. He could tell how much Tifa was gushing for Harry to push his tongue inside of her. Soon, all of her dreams would come true.

"My pussy is your reward," Tifa said.

Harry smiled, out of all of the rewards he could receive, this was one he could get on board with accepting. He grabbed onto Tifa's thighs and pushed his tongue into her womanly depths. His tongue pierced her and started to slowly rolling around in her.

Tension and pleasure built up inside of Tifa's being. Harry's tongue offered a few small and subtle teases. Those teases increased, and they became less subtle. Tifa worked her hands through Harry's beautiful black hair, making the messy hair even more messy when time went on.

"Oooh, Harry, yes!" Tifa moaned at the top of her lungs.

Harry gripped her thighs and went down on her pussy. Tifa gripped the side of his head with her long legs, which Harry shifted his hands to.

"Such a beautiful pussy," Harry hissed inside of her. "I'm going to make it cum again, and again, until I shove my cock inside it and really make your day."

Tifa didn't even know what exactly Harry was doing. His vibrating tongue inside of her pussy felt so good, and it made her all warm and excited. Her hips pushed up to meet Harry's probing tongue. He shifted his tongue as deep inside of Tifa as possible and licked her out something fierce. Tifa groaned underneath Harry's amazing tongue lashing, closing her eyes, and feeling the rush.

Harry constantly bombarded his young lover with orgasm after amazing orgasm. He shifted his tongue inside of her and made her hips push up to meet Harry's mouth. Harry suckled on her womanhood and kissed her on the lower lips, before retracting from her womanhood.
He pulled away from her, and left Tifa to collapse on the bed in a state of pleasure. Harry stood up, and motioned for Tifa to sit up. She did sit up, looking a bit dazed in doing so, but there was a smile locked onto her face.

Harry stood above her, and Tifa reached for his pants on Harry's invitation. She slowly pulled the pants down to his ankles, and followed with his boxer shorts. That large cock stood out and smacked Tifa directly in the face. Harry stood before her.

"I can't wait to have those nice lips wrapped around my cock," Harry said.

Tifa tentatively grabbed the base of his cock, it was so big, she could hardly even hold it in one hand. She wrapped two hands around either side of Harry's cock and started to pump his long length in hand.

"Suck it, suck it like you've never sucked anything before."

Harry's encouragement to service him made Tifa lean forward and wrap her lips around his hard cock to taste it. The feeling of his cock sliding between her lips made Tifa's entire body warm up in delight. She could not wait to have this big thing inside of her, no matter how intimidating it was. Her hands rubbed Harry's hips and moved up to cup his balls. She took his balls in one hand, and the part of his cock she couldn't slid into her mouth.

Warmth surrounded Harry's cock when Tifa pushed it into her mouth. Harry leaned in and slowly worked his manhood into the back of Tifa's throat. His balls slapped the young woman across the chin with each amazing suck and those sucks were very amazing. Harry leaned down and grabbed the back of her head.

"Good, you're a very good cock sucker, Tifa," Harry said. "Even though mine is the first you've ever wrapped your lips around, isn't it?"

Tifa nodded, and the last as well. She couldn't imagine another cock entering her mouth, especially another one as good as Harry's. She brought herself down on the length and swallowed in with an immense feeling. She serviced his cock.

"When you're really good, you get a nice reward," Harry said.

She had a pretty good idea what that reward was going to be. Tifa's eyes closed when sucking on Harry's potent rod. His balls felt very swollen in her hand. Tifa squeezed them and sucked all the way down to the base, forming a tight seal around Harry's mouth.

'She's really getting into this,' Harry commented, closing his eyes. 'And so am I?'

Harry pushed his rod into her mouth and fucked her as hard as possible in the mouth. Tifa wasn't going to just take it in the mouth, she actively and hungrily sucked on his cock. Soft, skilled fingers rubbed Harry's balls from this particular position. Harry groaned when filling Tifa's mouth up with his engorged rod. He slid almost all the way out of her mouth and shoved his rod into it again.

"Ready for your reward now?"

She went into this encounter hoping to reward Harry, and now Harry was going to reward her. Tifa's mouth and throat opened up instinctively for the reward which was going to come.

Constant blasts of warm white fluids spilled inside of Tifa's waiting mouth and gullet. She received most of the cum in her mouth, although she released Harry's cock a bit prematurely, and it splattered her face.
Cum rolled down Tifa's cheeks, and Harry had to say, it was a good look on the beautiful woman. She reached in and rubbed her fingers across her face. Tifa pushed her fingers into her mouth and sucked up the cum, a sexy look in her face.

It made her all too fuckable body stand out, and Harry motioned for her to get in position. Tifa did as she was requested, getting on her hands and knees. Her hips swayed seductively when she moved so her face could reflect out of the mirror.

Harry moved closer towards Tifa on his position. His hard cock pointed towards her entrance.

"Please, I need you in me," Tifa begged him.

Harry decided to feel up her curves first, those breasts were the prime target of his affections. He fondled the round orbs and made Tifa gasp in delight the moment Harry pushed them between his fingers. Then, his fingers moved closer and touched the side of her hips, grabbing her round ass. Harry gripped it hard in hand, released the flesh, with a solid spank.

Tifa's ass jiggled, and Harry moved up against her. Her body warmed up the second his cock lined up with her entrance. The first few inches of Harry's cock slid inside of her.

"OOOH, MORE, PLEASE!" Tifa yelled at the top of her lungs.

She didn't care that this huge rod was splitting the woman in half. It felt so good to have such a generous amount of cock meat inside of her body. Harry held onto her hips, making sure to be an active participate in the game, by running his fingers up Tifa's nubile young body.

Harry pushed his hard cock inside of the woman's cunt, going deeper. Her legs spread as much as possible, those balls springing against her thighs. Harry almost pulled out of Tifa, his cock rubbing against her lips, and Harry pushed his cock inside of her body again. Harry squeezed her ass, and moved into her.

"Yes, yes, mmm, yes, more, more, more!" Tifa chanted.

A true gentleman obliged a lady when she made a passionate request. Harry obliged Tifa by shoving as much cock inside of her body that could fill her. His big balls slapped down on her warm thighs. Harry moved between her legs. He worked Tifa up to one of the best orgasms possible to make sure she really felt the burn her.

Tifa clutched onto the bed sheets, her heart thumping as fast as possible. Pleasure slowly built up inside of her body. Harry brought it out in one solid explosion of bliss. He shoved his cock inside of her and rode out the orgasm all of the way, pushing Tifa down into the bed.

Harry could tell this woman craved excitement along with his cock. He intended to bring both to her. Harry rammed as much of his cock inside of her as possible and filled Tifa all the way up. He grabbed onto her hair and held up Tifa's head to see her face in the mirror. Pleasure screamed onto the eyes of the woman.

The first orgasm was very intense, the second one built on it. Tifa's nerve endings sang with pleasure, and she thought this much pleasure should be illegal. Every now and then, Harry reminded her of the girth of his balls by slapping them down on Tifa's warm thighs. Harry pushed his rod deeper inside of the woman.

"I can feel you're getting so close," Harry said.

Tifa nibbled on Harry's fingers when they reached up to caress her jaw. Harry took his other hand
and held onto one of her hips. He rammed his rod inside of Tifa, filling her up to the brim.

She got close. Slowly the need for release ebbed. Harry slowed down, and Tifa tried to grip him, passionately, trying to encourage his cock inside of her for another release. Harry pushed his rod inside of her and filled her body up completely with his rod.

Then, the dam of pleasure broke. Tifa's warm thighs closed down onto Harry and exploded around his rod. Harry pushed his way into Tifa, and worked his rod into her thighs with a rapid fire degree of thrusts. Tifa grabbed onto the bed, and threw her head back, passionately screaming.

The look on Tifa's face in the mirror only encouraged Harry to drive himself in as deep as possible into Tifa's wet pussy. Harry worked his rod into the gorgeous girl underneath him, with thrusts getting deeper, more prominent, quicker, and he went deeper inside of her. His balls sized up, and were about ready to unleash their load inside of Tia.

"One more time."

Harry mapped out a course of all of the pleasure points on Tifa's body and made sure to strike them. He slammed his cock into her, and felt the reward of her orgasm. Harry pumped inside of her, working his cock inside of her.

Tifa hoped, preyed, Harry would cum to her. She was too busy enjoying a fit of pleasure to vocalize this want though. And too busy enjoying Harry's balls slapping against her womanhood at a high speed.

This latest orgasm was so intense, Tifa didn't feel her legs for a moment. Harry jolted feeling back into her legs by burying his cock into her and just leading her down the tracks to the next orgasm train. Constant miniature ones shot through her body. Tifa dripped with sweat when Harry worked her over.

He took his reward, and then a little bit extra for credit.

"Oh, I can't hold back much longer," Harry said. "Your pussy feels so good, so sweet, I just have to cum in it."

Tifa clenched Harry at the thought of him filling up her womb with his potent seed. This hero would fill her up with so much life bringing fluid, he could knock up an entire village full of women. Her orgasm reached a fever peak, with Harry burying himself at a constant rate inside of her.

One more thrust pushed Harry over the edge. He held onto Tifa's hair to slam his cock inside of her body. Her moans of pleasure spurred Harry on and spurred him to empty his balls into the womb of the young woman underneath him. The great feeling of release followed. Harry rapidly drained his balls inside of the womb of this gorgeous woman underneath him.

Tifa closed her eyes. The warm fluids entered her body, each blast resulted in a minor tremor easing up her very being. When Harry finished dumping the mother load of cum inside of her, she came one more time, and then collapsed on the bed.

Harry pulled out of Tifa and left her like he left most women. Drooling, spent, and pussy dripping with cum; Harry would have to say that was a reward and a half.

End.
July is Supergirl Month at the Blog, and we have another Breeding Ground Blog Exclusive chapter, featuring Harry, Kara, and Gwen Tennyson from Ben 10. Go to the Page of Very Important Links and the Web of Chaos Archives, and either hop onto the Blog Exclusive content page or the Breeding Ground archives. And also, while you're there, if you want to make suggestions, head to the One and Only Breeding Ground suggestions topic and do so, and best of luck in the randomizer being in your favor.

And speaking of Supergirl.

---

Warming Up(Elsa and Anna from Frozen and Kara Zor-El/Supergirl from DC Comics)

Anna rubbed her hands together in excitement, at least until the point where her sister, Elsa, looked at the perky redhead girl with a raised eyebrow. Anna didn't stop being giddy with excitement just because she fell into her sister's disapproving gaze.

"I can't believe it, he's coming," Anna said. "Well, they're coming….my dress looks fine, doesn't it?"

"Perfect," Elsa said. "Calm down, Anna, it will be fine….it's just one of the most powerful men in the known world coming here. There's no need for you to lose your cool."

"Easy for the Ice Queen to say," Anna said. "You never lose your cool. But, it's King Harry and Queen Kara coming to visit us…..I can't believe it….do you think they will….do you think they will stay for long?"

Anna grew flushed in the face. Elsa reached over and grabbed the underside of her sister's face and forced her to look at her. Anna did so, looking at her sister.

"Why don't you wait and see?" Elsa responded. "They're coming in a few minutes, and I should come to meet them….it's customary I greet them after all."

"Right, of course, you're the Queen," Anna said. "And I'll just stay up here, and wait for you, until they arrive. This is so exciting, I can't wait to meet them….."

Elsa leaned forward and kissed her sister on the lips, mostly to shut her up before she embarrassed both of them. Their relationship had been very close. It had been a fairly open secret the two of them were together, even if it wasn't something they officially broadcasted.

The next thing Anna knew, Elsa left. This left Anna to her own devices, and to look around the chambers she had been left in. Her eyes fell on a tarp, which contained the tribute Elsa had created for the visiting King and Queen. She respected them a great deal, and Anna hadn't quite learned what she meant. The only thing Anna could get out of her sister, was her visit to their kingdom was very memorable.

Anna thought she should wait until the unveiling to take a look at what was underneath the tarp. Still, one teeny, tiny, little bitty peak couldn't hurt, could it?

The princess paused and debated with herself. Elsa trusted she wouldn't peak, and Anna didn't want to break that trust. Still, what Elsa didn't know what hurt her, and Anna wanted to see what Elsa
had been working on for weeks and weeks. She held her hand on the tarp.

'Should I?' the Princess nervously asked herself. 'What's the harm in one tiny little peak?'

Anna flipped the tarp off of two ice statues. A tall, beautiful women, was the first one. Anna's eyes followed down the woman and she looked at her round breasts, which stuck out beautifully. Did Elsa just guess on the size, or were they real? Anna reached out, but slapped her hands away.

'No, must not touch,' Anna thought.

Anna looked down towards the curved hips and the long legs of the statue. It was tribute to the beautiful Queen Kara. The Princess marveled at the stunning statue, and Elsa did a pretty good job on it as well. She really made the Queen's beauty just stand out.

Then, Anna's eyes turned towards the statue of the one and only King Harry. A handsome, well sculpted body, like a God of some sort. Anna moved over towards the statue to get a close look, to study them. It was curious how Elsa made them naked as well.

Anna's eyes followed down the toned body, to take in inch by inch in her eyes. Her gaze stopped at the waist and moved down right before the waist. Her eyes locked on a thick ice phallus which hung down between the legs of the statue of the King.

She took a moment to look at the large hunk of ice which made up his...well male parts. Anna moved over and grabbed onto it, feeling the firmness in her hand.

'No, it can't be that size,' Anna thought.

Anna knew she shouldn't, but she had to drop down on her knees to get a closer look. She looked at the ice phallus which stood out. She stuck her tongue out and tentatively, ran it down the length of the ice. Anna pulled back, and could see the ice was still intact.

'It tastes like Elsa.....like her juices.....oh my!' Anna thought.

Could it be possible her sister was having naughty times with the ice statues when Anna was not around. She ran her hands down the base, and the moved over, to lick the ice cock. She needed to lick more of Elsa's juices off of the fake cock. After all, didn't she want it to be nice and clean when the king and the Queen arrived for their visit?

Anna swirled her tongue down the length of the ice cock, and tasted it. She ran her tongue down it several times, and closed her eyes, imagining herself on her knees, to worship the visiting King. After all, she wanted to make him feel welcome. Anna's imagination ran wild with itself as she imagined the Queen punishing Anna for her brazen actions.

"My sister can't wait to meet both you. I know she'll have as much fun as I did."

Anna stopped, her sister and the two visiting rulers were making their way up the stairs. She could most certainly not be caught on her knees, licking some kind of ice cock. There was just no way this was possible. Anna tried to pull away, but there was just one problem.

Her tongue had been stuck to the base of the cock, to the ice. Anna cried out in anguish. She had been a bit too greedy, and her tongue was now stuck to the frozen service. Her breathing increased when the door opened and it opened up. She saw Elsa making her way in through the reflection of the ice.

'Why did you have to peak?' Anna reprimanded herself. 'And why did you lick it?'
No matter what Anna did, she was still stuck tongue first on the ice. She saw them through the ice, but they did not turn around, at least not yet.

A handsome green eyed man who looked even a hundred times more amazing than Elsa's brilliant creation stepped into the room. He had broad shoulders, and a very athletic looking body. It was built for stamina, and once again, Anna's mind went wild.

Following him was a tall blonde, with blue eyes, and an extremely curvy figure. She wore a nice sequined dress, which contained her round breasts. Anna hoped her drooling would warm up the ice enough to get her tongue out before they discover back her in a compromising position.

"ANNA!"

Elsa's anguished voice made everything ten times worse than it already was. She looked at her younger sister, who was caught with her tongue on some kind of ice penis. And she couldn't even say anything to defend herself.

Queen Kara's eyes looked towards the statues, and she fell to Anna's tongue and where it was. Did she look more amused or anything? Anna couldn't really tell, she just wanted to turn about fifty shades of red for being where she was.

"Not a bad likeness," Kara responded.

"I apologize for my sister's behavior," Elsa said. "I suppose it's my fault though, I shouldn't have left her unsupervised….."

"You must be Anna," Harry said. "It's a pleasure to meet you…..no need to try and talk with your mouth full."

Anna closed her eyes and really wished her apology could get through. Harry moved closer towards the ice statue and looked it up and down.

"I'm pretty sure I got it right," Elsa said. "Although, my sister may have destroyed the most prominent part of it, because her curiosity got the better of her."

Maybe she shouldn't have left Anna in a room with two statues she wanted to build.

"Well, at least your memories are good, Queen Elsa," Kara said. "It's an amazing likeness…..and I'm sure you put a lot of work on it…..especially on certain parts of the statue. And I'm sure the Princess would agree if she had the ability to speak."

Anna once again tried to mutter an apology.

Kara walked towards Elsa and smiled, before she leaned in and caught her with a kiss on the lips. Elsa returned the kiss with vigor, and practice. Kara held onto the back of Elsa's head and slowly guided her back from this part of her chambers, into the bed area.

Anna stood, left along with the King, who waved his hand. The ice phallus warmed up, without melting, and allowed her to remove her tongue.

"You really shouldn't stick your tongue to anything cold like that," Harry said.

"Sorry," Anna said. "I just……"

"I know," Harry said. "So, do you think your sister did a good job?"
"Well, she's amazing," Anna said. "But, you know, I haven't seen the real thing, so….I'm not sure how accurate she was."

"Would you like to find out?"

Anna couldn't answer the question. Her lips were still a bit cold and chapped from being on the ice. Harry grabbed her and pulled her into a nice, long kiss. The minute Harry's lips touched hers, Anna's mouth warmed up, along with the rest of her body.

Harry pulled the eager young princess into him and kissed her hard.

"I think we're missing out on the fun."

Anna heard a soft moan coming from the bedroom, and she knew what kind of fun they were talking about. Harry took her gently by the hand and walked her into the room. She decided to kiss Harry again, her lips as moist and hungry as ever. The Princess playfully nibbled on Harry's lip, suckling it. Her hands roamed through his body, and she could feel something push up against her.

"Is that…"

"The real thing," Harry said. "Since you like to unveil things, why don't you do the honors?"

On the bed, Kara climbed on top of Elsa's body and slowly was pulling her gown from it. Elsa's round breast stuck out, her nipples hard, and not just because of the cool air either. Kara bit down on her nipple and sucked it, causing Elsa a light moan.

"Oh, this still feels as good as ever!" Elsa moaned.

Kara ran her hand down Elsa's body and lightly caressed her leg. These light caresses got the Queen's motor revving.

"Takes a Queen to know a Queen," Kara said. "And I know what you like….and I know what spots drive you absolutely insane."

Kara pressed down onto Elsa's navel and caused her to whimper. Kara's fingers traced down Elsa's rib cage and she made her way closer and closer to the promise land. And it didn't take much for her thighs to be spread. Elsa shoved her thighs apart and allowed Kara further access.

A single finger pushed inside of Elsa's tight quim. She sighed in delight, it was hard to describe how much she missed Kara's touch, only she did. More fingers followed, and Elsa lifted her hips up off of the bed, accepting Kara's touches in response.

"Mmm, yes!" Elsa moaned hungrily.

Anna had Harry's pants down and a really erect cock pointing in her face. It slapped her in the face when popping out and caused her to squeal. Anna wrapped her hand around Harry's hard cock and stroked it slowly. The beautiful Princess ran her tongue down Harry's hard cock and made him grow even more.

"How big does it get?" Anna asked in awe.

"Stick around and you'll find out," Harry responded.

Anna wrapped her warm lips around the base of Harry's cock and gave him more passionate suck, bringing the point of his cock into her mouth, nice and hard. Anna lightly worked her lips around
Harry's manhood, sucking on him. She wrapped her hand around the base and sucked on it.

The eager young mouth wrapped around his cock made Harry grow. He pushed his manhood deep inside of her mouth and then pulled all the way out of her mouth. Harry shoved more of his cock deep inside of her mouth and filled it up with so much of his cock.

"Mmm," Anna hummed lightly.

Harry gripped onto the back of her head and guided it into her mouth. Warm lips tightened their grip around him and Anna really got into sucking his cock. It was always nice to have a fresh set of lips around his cock, making him feel so good.

On the bed, Kara kissed Elsa on the nether lips and shoved her tongue deep inside of the Queen's willing quim. Elsa rose up off of the bed and moaned, when Kara licked around on the inside of her dripping hot slit. Each time she passed through her pussy, into her deep lips, Elsa lifted her hips up off of the bed.

"Kara!" Elsa moaned.

Kara vibrated her tongue inside of Elsa's pussy at super speed, and made her feel really good. She got the tongue lashing she served. Each stroke caused more juices to gush out of Elsa's pussy. Kara pushed her face between the thighs of the waiting Queen on the bed.

Every time Elsa came, she thought about how the fun was just beginning. Kara went in deep and caused all of her nerve endings to explode in a lustful amount of pleasure.

Anna kept sucking Harry's hard cock. She pushed her face down to the point of his crotch and them came out for a little air. Anna kept working her lips around Harry, and sucked on him, as hard and fast as possible. She gripped Harry's thighs.

"Are you ready to enjoy your reward, Princess?"

She doubled on the sucking of Harry's large cock, and made it go deeper into her mouth. Anna could feel the hardness penetrating her lips and those heavy balls slapping against her chin. He was getting close to shooting his warm, yummy, cum down her throat and making her feel amazing.

Kara allowed Elsa to descend on the bed. She moved over to the bag, and pulled out a tin.

"What are you.....oh.....god!"

Anna couldn't quite see what was going on, all she cared about was sucking Harry's cock to completion. Harry held onto the back of her head and rammed his thick cock into her throat. He kept drilling his manhood into her throat, and fucking Anna's throat hole as hard and fast as he could manage.

"Get ready for your reward, Princess."

As per custom, Anna opened up wide and accepted the nice present the visiting king offered her. She took Harry's hard cock into her mouth without question and his warm cum started to shoot down Anna's throat at a rapid fire rate. His balls started to drain and fill her mouth up with so much seed, Anna thought she was going to pass out from the pleasure.

She sucked down every last drop of what Harry had to offer with glee. The back of her throat had been lined up with cum.
Harry finished emptying his load into Anna's waiting mouth. He pulled back, and she smiled before climbing to a standing position.

"Why don't we have some more fun?" Harry asked.

Anna turned around and saw the scene of her sister sprawled out on the bed, covered in melted chocolate. Kara smiled and slowly licked her way around Elsa's nipples, feasting the chocolate on her.

"Want a taste?" Kara asked.

Anna moved over, but not before Kara cut her off and kissed the younger princess. The two shared the taste of Harry's cum, with Kara leaning in, to relieve Anna of her clothes. Kara pushed her finger into Anna's puckered hole and then leaned back with a smile.

"We're going to have such fun," Kara said. "Why don't you have a taste of your sister?"

Anna enjoyed having a finger in her back passage more than she thought. The Princess felt disappointment when Kara pulled her finger away. To ease on the disappointment, Anna approached her sister, who sprawled out on the bed, She had been covered on chocolate.

Elsa's eyes snapped open when she had been the beneficiary of Anna's eager affections. Anna licked and nibbled on her flesh, taking the chocolate off of her. Elsa closed her eyes, when her sister licked all the way down her body.

The delicious chocolate, coated in a nice Elsa taste, two of Anna's three favorite flavors in the entire world so far. Her sister's moans only made Anna more differently. Some of the chocolate dripped between her legs.

Harry watched the erotic situation before him, one sister eating chocolate out of the pussy of the other sister. It was really amazing to be honest. Anna's thighs subconsciously spread when she moved closer into position. Harry reached in and cupped Anna through her legs and gave her thigh a nice little squeeze. Harry slowly lined himself up for her.

Anna paused and could feel something hard and long sliding between her legs. She protested at the length, it felt like it was too much to be honest.

"Just relax, and let it in," Harry said. "Breath!"

Anna breathed, while also having her face forced down between Elsa's legs and eating her out. Harry's long rod worked inside of her body, his heavy balls slapping at Anna's dripping warm entrance. Harry pulled almost all the way out of her and worked his hard cock into her body one more time.

The wet feeling of flesh against flesh followed. Harry felt the beautiful feeling of a fresh new pussy clamping against his rod. Anna clutched onto him tight.

"Such a kinky little girl," Harry said.

Kara hovered above Anna, and pushed a finger into her ass. Super speed fingering to Anna's ass made things even hotter. Harry matched Kara's motions and drilled his cock inside of Anna's warm hole. He buried himself in, feeling her muscles tense up around his cock. The orgasm was almost here.

So much, so soon. Anna didn't know what to make of it, other than she was feeling more pleasure
than anyone would ever describe in their lives.

"Make sure you get it all," Elsa said. "Oh, you're such a naughty girl Anna…..but, that's why I love you…my naughty sister."

Anna lapped up the juices from around sister's pussy along with the residual taste of chocolate. She couldn't be cold even if she wanted to. The warmth spreading through her body from Harry's hard cock pumping in her, it made her feel so good.

"She's cumming really hard, isn't she?" Kara asked.

"It helped speed things along when you fingered her ass," Harry said.

Kara smiled and waited for Harry to wrap the Princess up in a nice little bow. She watched the cock of her husband slam deeper inside of Anna's tight pussy.

"You didn't tell us your sister was such a kinky little slut, Elsa," Kara said, in a mock reprimand. I guess it's something that runs in the family."

Elsa didn't have time to acknowledge Kara's words. The most amazing orgasm struck her. Her entire body felt like it had been baptized in fire all at once. Her body shook even harder underneath Anna's talented tongue. She just seemed more eager to please, now that Harry and Kara were here.

Kara fingered herself in mid-air while watching Harry's hard cock slam into Anna's tightening quim from behind. The redhead princess looked positively sexy with Harry pushing his cock into her. Every time, his balls slapped against her, her tight ass jiggled as well. Harry squeezed it and spanked it occasional, which caused her to breath in pleasure.

"Cum again," Harry ordered her.

Anna succumbed to her pleasure. A gush of cum filled her body, and made her twitch in excitement. Harry slammed his hard rod deeper inside of her body, riding out her orgasm. She could feel the heavy load which was about to bury her.

All parties were submerged in a state of bliss. Elsa lapsed into a coma of pleasure, for a few seconds at least. Her body kept shuddering, with her hips lifting up and down.

So close, Harry was so close to finishing Anna off. He pushed his hard cock inside of the Princess as hard and fast as possible. Her body tensed up, and he could feel the warmth spreading through her. It would only be a matter of time before she reached her peak.

Anna went high up like a really awesome roller coaster ride and then crashed down onto the ground. Harry finished by slamming his cock into her a few more times and rode out her orgasm. Once he properly rode things out, Harry grabbed ahold of her firm ass and buried his hard cock inside of her body.

Warm cum splattered inside of Anna's walls. Harry pushed deeper inside of the sexy Princess and filled her up with an extreme amount of his seed.

Every blast caused Anna to shiver in pleasure. Harry really had her right where he wanted her, and there was very little she could do about it, except accept his huge length buried inside of her body. And those thick balls did a pretty good job in unloading their bounty inside of Anna's moist center.

"Good, very good!"
Harry pulled out of Anna and left her to sink down onto the bed. Both of the sisters looked out of breath.

"Why don't I keep you busy while they regain their wits?"

Kara offered her round breasts for Harry, and any man would be a fool not to take this particular offering. He took the breasts of Kara and lightly rubbed his cock head against it. The firmness and delicious nature of Kara's round breasts brought Harry back to life in pretty much no time flat.

"Oh, I want that hard cock inside me now," Kara said.

She hovered off of the bed, so Anna and Elsa could get a nice view, if they just looked up. Harry made his way into the air behind Kara and positioned his hard cock at her entrance.

"It got me all hot seeing you fuck Anna until she passed out," Kara said. "Why don't you take your big cock, and give me some of what she got?"

"Don't mind if I do," Harry said.

It had been a couple of hours since he had been balls deep inside of Kara's moist vagina. He shoved his cock into her. Kara's center expanded just enough to take Harry's hard cock inside of her and stretched back to squeeze his cock on the other side.

"YES, RIGHT THERE!" Kara demanded.

Harry worked his hard cock inside of Kara's scorching, warm snatch. The feeling of her wet pussy wrapped around his cock was always a delight. Harry pulled almost away from Kara's wet pussy and then pushed into her body. Each time he entered her, it was a new treat.

Kara enjoyed being worked over by Harry, especially when they were hovering above the ground. She looked down and gave Elsa a smile when the Queen looked up at Harry wantonly. She gave a light moan and then winked, when Harry pushed her hips down and then rammed his cock deep inside of her. Every single motion from Harry brought Kara further and further to the edge.

Anna finally woke up after her pleasure. Her pussy had been stuffed forward of Harry's juices and it made her feel so good. Elsa rolled over on top of Anna and pinned her back onto the bed.

"Did you really think you were going to get away with being such a naughty little girl?" Elsa asked.

"You were being naughty first," Anna said. "I tasted your juices all over…"

Anna's logic had been stopped cold, pardon the pun, with Elsa's fingers pushing towards her center. Pleasure coursed through Anna's core every instant of Elsa burying her fingers into her body.

"You're naughty," Elsa said. "And you know what naughty girls get, don't you?"

Anna had been flipped over onto the bed. Elsa saw her tight ass presented and she slapped Anna on the ass. Anna yelped when Elsa's hand struck her firm flesh on her backside. Elsa wasn't done, she spanked her even more.

"Elsa, okay, I get the point!" Anna yelled.

"You want it to stop, but I know better," Elsa said. "I know you want even more. And since I'm such a loving sister, I'm going to give you more."
Anna's thighs spread apart and Elsa closed her eyes. A long phallus, about the same size as the one on the ice statue grew. She rubbed the frigid length up and down Anna's pussy, and caused her sister to breath in pleasure.

"I'm going to fuck your cunt raw," Elsa said. "Maybe that will teach you to keep young lips and your tongue to yourself."

Exerting her dominance, Elsa pushed her ice-cock into Anna's body. Anna's insides, still tender from the hard fucking Harry just gave her, reacted rather heavily.

Harry's fingers traced patterns down Kara's beautiful body. He cupped onto her ass and grabbed it before leverage before ramming down into her. Her body shook, and the force would have caused a miniature Earthquake if they had been on the ground.

"That is so hot," Kara breathed.

"Can't beat sisterly love," Harry said. "But, I think you're going to cum for me."

Kara nodded in response, she was going to cum, and cum hard. Her slick walls caressed down on his hard cock and pushed him inside of her. Harry's balls smacked against her slick surface, each time, burying more of his cock inside of her.

And speaking of burying into something, Elsa buried herself deep inside of Anna's body. Anna closed her eyes and could feel more pleasure.

"Just wait until I melt," Elsa said.

Elsa leaned in and nibbled the back of her sister's neck, suckling on it. She grabbed Anna's nipples and squeezed them. Anna gasped.

The Queen snuck a look at the beautiful sight of Harry and Kara. She watched Harry's long cock pierce Kara's tight insides. She knew that pussy was magnificent from experience. And she knew the cock slamming into it at a rapid fire rate was just as great as well. Elsa's mind drifted off, but she decided to keep her eyes on the prize.

And the prize was her younger sister. Elsa held onto Anna's hips and plowed down into her with the ice cock. The feeling of her sister's warmth caused her ice-cock to melt slowly. The Queen ran her hands down Anna's body and caused her to breath.

"Are you going to cum for me?" Elsa asked.

"Yes," Anna breathed.

Elsa reached underneath Anna and squeezed her nipple. The breathing increased with Anna's breathing getting more intense. Elsa lightly rubbed her nipple and squeezed it. She touched Anna's nipple and squeezed it even harder, and caused her to breath heavier.

"I can't wait for you to cum," Elsa breathed. "I can't wait to feel your warm pussy wrapped around my cock, and feeling it cum….are you going to melt me, sis?"

Harry matched Elsa's movements inside of Kara. Her body shook completely, with Harry working his rock hard cock inside of her body. Harry pushed his hard cock deep inside of Kara's body. The two matched each other in mid-air, with Harry pulling back from Kara and then pushed deep inside of her.
"I bet you can't wait to fuck Elsa's sweet pussy again," Kara said.

"Let's let them have some more fun," Harry said. "I'm going to make you cum harder."

"I can't wait," Kara breathed.

His hands ran up and cupped two handfuls of ample ass cheeks. He released them and spanked Kara, which caused her to moan in lust. Harry situated his cock towards her entrance and buried himself into her. His throbbing balls kept slapping against Kara's entrance.

"Yes, take me, right now," Kara begged him.

The screams from above her prompted Elsa to only ram into Anna. Anna laid face down onto the bed. Elsa leaned down and grabbed her sister by the back of her head. Elsa reared back and pushed herself as far into Anna as possible. She pulled out, and felt the stretchy feeling of her sister expanding to accept her thick creation, and then releasing it in response.

"Take me," Anna begged.

"Mmm, is there an echo in here?" Elsa asked.

Tender touches made Anna shake in delight. Elsa slowly worked a warmth through her body, and also sent shivers down her spine. Elsa used a single fingernail to trace down her back and stopped at her puckered hole. Elsa lightly sent a blast into Anna's asshole.

"ELSA!" Anna yelled, half in exasperation and half in excitement.

"Oh, are you going to finish for me, sister?" Elsa asked sweetly.

Kara hung upside down in mid-air. Harry's long cock penetrated inside of her body from this position. She tightened her legs around him and pushed more of Harry inside of her. His thick balls slapped against Kara's thighs constantly, establishing a nice momentum.

"Harry, are you getting close?" Kara asked.

"Almost, but I want to feel you cum a couple more times."

"Better get started, then."

Harry did in fact get started. He held onto Kara and rammed his huge cock inside of her welcoming body. His balls slapped against her womanhood and made sure her tight pussy, squeezed him every inch of the way. Her tight muscles squeezed around his hard cock. He pushed deep inside of Kara and slapped his balls against her.

Kara enjoyed the orgasm spreading through her loins. She dug a nail into the side of Harry's shoulder and squeezed it. Her breathing increased with Harry pushing his hard cock inside of her warm body. Balls slapped hard against Kara's loins when Harry pushed deeper inside of her.

"Yes, I feel really good!" Kara begged him. "And so do they...."

Kara came very hard in response to Anna's hard moaning down on the ground. Harry responded by plowing himself into her harder and causing miniature sonic vibration.

"You want me to fuck you harder?" Elsa asked. "Don't worry, I'm a good sister, I make sure my sister is happy with everything I do to her."
Elsa punctuated this last word by ramming her hard cock inside of Anna's waiting quim. She grabbed Anna's ass and hammered into her. The cum started to leap through the ice cock and the warmth came very close to making it explode inside of her.

Pleasure exploded throughout Anna. It built up even faster. She could feel it, and she could feel the delights about ready to explode. The ice cock had been made from Elsa's juices and were about ready to explode inside of her body.

"YES, ELSA, OH YES!" Anna squealed at the top of her lungs.

Elsa squeezed her sister's perfect ass and rammed herself hard inside of her body. She rode out Anna all the way until the explosion. Elsa ran down her body and touched her nipples, causing her to explode in pleasure.

"YES, HARRY, RIGHT THERE!"

Harry pushed his rod inside of her body and started to hammer Kara all the way to her orgasm. Her pussy tightened around him. Harry was so close to releasing the load inside. Kara's warm super-powered cunt squeezed Harry and brought him closer to submission.

"Cum, please, fill my pussy up with your cum," Kara breathed.

He buried himself inside of Kara, unable to hold back. His balls constricted and released inside of Kara's body. The coating of the inside of Kara's body lasted for several minutes. Harry rode out the warmth, and shoved deeper inside of her. His balls kept slapping against Kara's thighs, riding her out.

Kara closed her eyes and felt the warm pleasure of a load well earned. She experienced at least a dozen orgasms when Harry fucked her in mid-air. Each of them had gotten more pleasurable than the last.

They descended down to the bed. Elsa saw them out of the corner of her eye. She pulled away from Anna and left her down on the bed with the unfrozen juices lifting to her. She seductively crawled towards Harry with smile on her face.

Kara slid away from Harry, and the next thing he knew, he saw Elsa's beautiful lips wrap around his cock. She slowly sucked him back up to full mast. Her eyes looked up from the tip of his cock, and sucked Harry harder. Harry reached over and grabbed the back of Elsa's head, slowly guiding her mouth around the tip of his cock head.

"Elsa," Harry groaned.

Elsa smiled and reached over to cup his balls. She climbed on top of Harry, lighting caressing his chest.

"I almost forgot how good the two of you tasted together," Elsa said. "Thanks for the reminder….oh, and you're hard again. That's good."

Harry reached over and held onto Elsa's chest. The beautiful women responded with a very elegant sigh when working herself closer down towards Harry's cock.

"I want you," Elsa said.

"Then take me," Harry said.
The smile appeared on the face of the beautiful woman. She lightly brushed her pussy down against Harry's cock. It was more than ready to receive him between her legs. Good things came to those who waited and Elsa was determined to make this a very memorable evening to be honest.

Elsa lightly pushed her hips down onto Harry and took as much of his cock deep inside of her body. She lightly pulled off of his cock and dropped down on him. More of his manhood spiked through her body. Harry grabbed Elsa around her ass and maneuvered her down onto his cock. She filled herself up with so much of his cock, it was almost obscene what she was doing.

Some life returned to Anna, just in time to come face to face with the beautiful blonde woman. Anna was very close to her breasts, and the warmth was almost in her face. She took a deep breath.

"Um, hi," Anna muttered.

"Hey," Kara responded. "Why don't we have some fun while those two are wrapped up in each other?"

Anna didn't need to be told twice. Kara shoved her back on the bed, with her warm thighs wrapped around Anna's face. The Princess tried to breath, but instead, she got a mouthful of the combined Harry and Kara special. Elsa proved to be accurate in her assessment that both of them tasted really good.

Kara leaned back and accepted the eager tongue of the Princess in her tongue. Anna's light fingers caressed her as well, and she looked eager to please. And Kara was eager to receive such a passionate tongue lashing. Already, warmth spread through Kara's body.

Elsa rose up with Harry's cock fastened between her tight lips. She dropped down all the way, and dropped her pussy down onto him. Elsa rose up a little bit more and fell down onto Harry's hard cock. Her body worked his hard rod over.

"Touch me, right there," Elsa begged him.

Harry did as he was quested. The light touch of Elsa's body quivered underneath Harry's hard cock. She rose and fell suddenly on him. Her warm walls caressed his moving cock.

So much cock filled her pussy. Elsa bit down on her lip in the most sensual way possible, and looked down. Harry touched her even more and caused her to bounce a little more fluidly on her. Her pussy walls caressed his hard cock. Harry grabbed Elsa's thighs and rammed into her warm body, harder, faster.

Every inch touched a part on the inside of Elsa. She bent down and allowed Harry further access to her. Their bodies pressed together in the age-old dance. Harry reached behind Elsa and squeezed her ass, before moving down to her legs. Every single inch of the beautiful Queen's flesh made Harry only want to indulge himself into it more, burying his rod inside of her body.

"Oh, yes," Elsa mewled when coming down onto his rod. Her pussy had been filled up and stretched. "You're making me…feel so good!"

Harry teased Elsa with more touches. The orgasm building up in her body made Elsa drive her warm walls deeper down onto Harry. Her pussy rose up and dropped down onto Harry's hardening rod. Elsa moaned hotly and sank down onto Harry every time she rose and dropped onto him.

"It's a good touch, isn't it, baby?" Harry asked.

"Mmm, hmm," she breathed.
"Cum for me, cum like you've never cum before."

Pleasure caused Elsa to cave in to the whims of the handsome young man she rode. Her hips slapped down onto Harry's hard balls. She could feel the load about ready to shoot into her. It wouldn't be too long before Elsa had everything she wanted, everything she needed, and so much more.

"Anna, lick my pussy, make sure you lick every inch of it," Kara encouraged her. "That's it, make me cum all over your pretty face, right inside of your beautiful mouth. You're such a naughty little Princess.....I love to have my pussy licked out by all of them."

Anna obeyed the older girl, sucking her pussy. She didn't think this feeling could get any better. The tastes sent erotic jolts through every sensation of Anna's body.

Kara decided to reward the girl with her eagerness. She leaned down and spread Anna's thighs, before coming down between her legs and started to nibble on the girl's sweet tasting lips. Anna moaned and shoved her tongue deeper inside of Kara's pussy. Turn about was fair play, with the super-powered female burying her tongue inside Anna's pussy and eating her out.

Speaking of pleasure, Elsa kept driving her pussy down onto the hard cock beneath her. Her heart quickened the beat when coming down on his hard cock.

"Cum for me," Harry said. "Go ahead Elsa, let it go."

"Yep, I haven't heard that one before," Elsa responded sarcastically, but she came all of the same. Her body overwhelmed itself.

She tilted back just enough for Harry to take full access to her chest and boy did he take advantage of the round orbs before him. Harry buried himself face first into her chest and sucked her nipples. He alternated between one nipple and the next, driving Elsa to a fit of pleasure.

Elsa's explosions continued, as the time grinded on. She really wished this ride could last forever. Her thighs might have been getting a bit sore, from driving them down on Harry's rod. Regardless, Elsa was determined to make her pleasure last as long.

Harry indulged himself in the sexy woman who dropped down on his cock. Elsa grabbed onto Harry and dropped down onto his manhood. She worked herself to another orgasm and her walls hugged him very tightly when coming down for the ride.

Speaking of being brought to her end, Anna's pussy hummed from Kara. The Kryptonian Queen's tongue stimulated Kara just as much as anything else in her life. Kara pushed her tongue deep and went into her.

The passions coming from the younger girl only incited Kara to go deeper. She might make Anna black out from the pleasure. To the girl's credit, she kept up the licking for as long as humanly possible.

Anna didn't care if her jaw felt tired, she wanted to get as much of the tangy juices from Kara as possible. She grabbed firmly on Kara's thick ass and squeezed her.

Meanwhile, Elsa brought herself up and slammed down on Harry. The beautiful woman accepted Harry's tribute of kisses when their body melded together. She pulled almost all the way out of her.

"Getting tired?" Harry asked her.
Elsa summoned all of the energy towards her inner muscles and clutched Harry. The
determination and stubbornness the Queen exhibited during her best times made her want to finish
this job. She wanted to finish Harry off, sooner rather than later.

"Never!" Elsa yelled.

The handsome King beneath her was going to have to reach his breaking point, sooner rather than
later. Harry clutched Elsa's ass and forced her down onto him. Her walls clenched Harry as hard as
possible and released those juices around his thick tool.

"Are you sure?" Harry teased her. "Even you have the Queen of Arendelle has her breaking point?"

Elsa didn't really dignify it with a comment. She could feel Harry's cock deep inside of her. He
penetrated her so far, so deep, Elsa thought she was going to explode.

Cuming one more time, and Elsa bounced up and down on Harry like a madwoman. She knew
these visits might not come often, so she had to take as much of Harry inside of her. Plus, he was in
high demand, so Elsa needed to make her mark as much as she could.

Harry could feel Elsa's warmth caressed his mighty rod. The increased build up made Harry work
inside of her, going deeper inside of Elsa. Elsa stretched her walls down onto Harry's hard cock and
released it with a solid spring of life. Her womanhood tightened around the object of affection.

Kara could tell, unfortunately, that Anna was slowly starting to taper down. She was only casually
eating Kara's pussy, but that was fine, as Kara got more what she wanted from Anna.

Anna collapsed into a fit of pleasure from the last orgasm. A smile moved over her face, before she
blacked out. Adrenaline wore off and left Kara to just lap up a few more drippings from her.

The exchange between Elsa and Harry got more pleasurable. Harry pushed Elsa down onto him
and filled her pussy with as much of his cock as humanly possible. She stretched down onto him.

"So, close," Elsa begged him. "Please, cum, I can't stand waiting."

"Oh, you want me to…you want me to cum," Harry said. "Good thing I'm pretty close as
well….but I need you to cum one more time."

Elsa would never forget this magical night, and hoped there was any more to come. She locked
onto the memory of Harry's long cock buried inside of her. It was like a breeze blowing through a
gusty field. Harry picked up the pace and buried more of his engorged length inside of her.

"Yes, I'm already there!" Elsa yelled.

She brought her thighs down onto Harry's. The size of the load in his balls made Elsa just more
determined to get it out of him and inside of her.

Harry felt the warmth explode inside of her body and drive down onto his cock. She milked every
single inch of his engorged prick. Harry switched things up, and pushed into her body.

Elsa clutched onto Harry's shoulder. He held her upright for the pounding. More of his cock buried
inside of her body. Harry sped up his thrusts, to the end, and really got her excited, scratching the
side of his shoulder.

Multiple blasts of cum shot inside of Elsa's warm cunt. She took the load inside of her body, with
Harry shooting his warm load inside of her waiting womb. Elsa clenched onto him, to feel every
The long awaited release made Harry feel really good. Balls deep inside such a sweet pussy always made Harry excited. Elsa drove more of her walls down onto him.

Both lovers saw stars when Harry emptied a load into his third pussy of the night. Elsa really worked for every last drop of Harry, and she was panting, but pleased by the time they were done.

Elsa pulled off of Harry and collapsed on the side of the bed, right next to her sister. Both sisters wore dazed smiles, dripping with bodily fluids. Anna moved to rest her head on Elsa's sweaty chest, before looking at her two older lovers with a dazed smile.

"Please, come back soon," Anna said.

"Actually, we're staying for a few days," Harry said.

"Good," both sisters chorused in unison.

Harry and Kara smiled, having much more time to have fun with these sisters; it would be very good indeed.

End.

If you can, head over to the Page of Very Important Links on my blog and take part in the Megamatt09 Reader Survey if you can. And also, while hanging around that area, feel free to drop some names in the one and only Breeding Ground suggestion topic.

Very few members of the Gryffindor Common Room lingered around for too long after hours. Most had gone up to bed to be fully rested for the beginning of examinations tomorrow. A couple of them slumped over books in an attempt to study for their finals.

One Gryffindor student made his way into the Common Room after a secret moonlight stroll with a cute Hufflepuff. The beetle hitching a ride on his shoulder turned very excited about the opportunity which presented itself. She clung to her guest until finding a way to safely land without getting stepped on or sat on or otherwise smashed.

The beetle peered up to locate the fourth year Gryffindor boys dormitory. One would have seen the devious smile across the beetle’s face as peculiar it might seem. Little did they know that this little beetle held a big secret. And she was secretly Rita Skeeter, star reporter of the Daily Prophet.

Rita lived by two mantras as a journalist which had been drilled into her head at a very early time. Controversy created cash and sleaze sold, two phrases which drove Rita's journalist endeavors. She knew people would be drawn to the most scandalous words on paper. Regardless of whether they had a strand of truth or not, Rita found herself uncaring about that.

Now she entered the fourth year dormitory where Harry Potter slept. Rita hoped to sneak around and find some incriminating information which could make her career. Everyone loved a hero. Everyone loved even more that a hero had been taken down.

'Let's see what skeletons you have in your closet, Harry.'

Rita risked a lot if she got caught. She practiced sneaking around and making sure she did not get caught. The young man snored away on the bed. The other young men in the dormitory also snored around. They had been blissfully unaware of the beetle who had been poking around.

She moved to the bedside table and suddenly, in a blink of an eye, Rita found herself unable to move. No matter how she struggled in the most agonizing way possible Rita could not detach herself from that position on the table. It was almost like some force immobilized her.

The covers moved and Harry Potter woke up. He slipped his glasses on and looks straight at the beetle on the table.

'For Merlin's sake, don't crush me.'

"What do we have here?"

Those words triggered an automatic flight response in Rita. Only, it would be a lot easier to fly out that open window if Rita had been not trapped. Harry reached over and pushed his finger lightly against the beetle and studied her face.
'It all makes sense now. It makes too much sense. I remember you. You were in the bushes at Christmas. And you were in Hermione's hair at the lake. Yes, Rita, you're smart...but not smart enough.'

'Shit!' Rita thought.

"Rita Skeeter, the Daily Prophet's prized journalist, and unregister Animagus. You are in a lot of trouble now, Rita, aren't you?"

Harry cupped her in his hand and placed the beetle on the bed. He went through his trunk and pulled out the wand.

"After last year, I had to make sure no unregistered Animagi were sneaking around. And I found a handy little spell which immobilized anyone who was not what they should have been when they entered my dorm room."

Rita's curiosity spiked, and she wondered about the unregistered Animagus thing. By the sounds of it, it sounded like there was one lurking around Hogwarts last year. Could it have been Sirius Black? Could it have been someone else? Rita needed to know. She needed to know badly about this. This could be a scandal which could send papers flying off of the shelf.

"It's time to see. I hope I remember how to do this properly."

Harry waved his hand and forced Rita to be revealed. Only, her robes ripped off of her body before becoming fully human. A panting, flushed, and quite flustered Rita Skeeter laid on Harry's bed. Her large breasts pressed in a lacy black bra and her panties were ripped at the crotch as well. The tattered remains of her robes laid on the bed. Her glasses busted after being changed. Her stockings remained to her feet as well.

The Boy-Who-Lived gazed at the mature body of the reporter underneath her.

"You know, you look presentable when you don't wear about ten pounds of makeup on her face."

Her soft blonde, if not slightly tangled, curls laid upon her face with her soft blue eyes, elegant looking nose, and rosy red lips. Rita took a second to suck in her breath as Harry Potter eyed her up like a piece of meat.

"It's all a big misunderstanding," Rita begged him. "You...you're a good guy, Harry, you can just let me go."

Harry picked up a pad which dropped to the ground. There had been several notes made, including an interview Rita conducted with Draco Malfoy on the grounds. Harry's lips curled into a growing frown as he looked over every inch of the paper.

"An interesting angle, Rita. I'm unbalanced and dangerous. If I really was, wouldn't you be in big trouble right now?"

Rita knew that article was just giving the people a narrative they can sink their teeth into. Everyone needed a target to blame for everything, why not the person that they praised.

"You're not like that, are you?"

"Am I?"

Harry's eyes locked onto Rita's. That very heavy gaze channeled into hers and Rita could not turn
away from him. She could see Harry standing over her in nothing other than a pair of boxer shorts.

"You're the….."

"Lies, Rita, you tell them all of the time. And the Ministry would be very interested to see how you get those little incriminating bits of information, how you get into Ministry Press Conferences where you've been banned. It must be driving them nuts. I wonder how happy Cornelius Fudge would be if I told him."

"You can't!" Rita yelled. "My career will be ruined."

"And you'll go to Azkaban," Harry said. "Hmmm, that would be a shame, wouldn't it?"

Harry didn't seem too displeased with the prospect of Rita going to Azkaban. His eyes raked over her body a few seconds. Rita decided to go all in, to try and get herself out of this situation.

"Please, Harry, you can't tell anyone about this. I'll do anything….anything!"

Those words came out of Rita's mouth. Harry just smiled and grabbed Rita's face. He ran a finger down her cheek with his right hand. His left hand moved down to her flat stomach and came down to the point of her crotch. He cupped her pussy which caused her to jump up on the bed.

"You said anything, didn't you?"

Those eyes flushed over the very second Harry touched Rita through her panties which were already slightly torn. His hands rolled over her body and pulled away from her.

The reporter dropped down onto the bed. Her large bosom heaved the second Harry stood over the top of her and undid his clothes. His top came off, his pants, and he wore nothing other than a pair of silken shorts underneath. He pulled down his shorts to reveal something which blew Rita away.

"That'…that's impossible."

"Too bad that's an exclusive you can't print, Rita. I don't think that I would get a moment's rest if all of the witches knew about this."

Rita did not doubt him for a second. His fingers lightly danced against the crotch of her panties. Rita watched his hard cock swaying against her. The third eye almost hypnotized Rita the closer it edged towards her. She really had to have it in any way possible.

The snap of Rita's bra came off to reveal her breasts. Her nipples stuck out and she could not blame the cool hair. Harry grabbed Rita on the back of her head. She looked at him.

"We shouldn't really do this."

"Maybe not."

Harry kissed Rita very aggressively. The power the young man exhibited made Rita feel helpless. This was not a gentle kiss made of love, not that Rita knew anything about that. This was power and control personified. Harry had Rita in the palm of his hand. His fingers digging in and his tongue shoving into her mouth.

The Boy-Who-Lived parted the mouth of the older woman. She knew the consequences of going against Harry now. Her nails raked against his flesh to encourage his deep kissing. Harry penetrated her mouth deeper. Her large breasts smashed against his muscular chest.
"You know what comes next, don't you?"
Rita closed her eyes and nodded.
"Can I suck you off?"
"Tempting, but no."

Harry raked his finger down Rita's scorching warm slit. Her hips rose up to meet Harry's finger. He pealed her panties off to reveal Rita's warm pussy before him. He felt the inside of it making her chest heave up and down.

"Not as tight as I'm used to. It will have to do to tonight."

Rita wanted details and names. Her question faded the second Harry drove his finger deep inside of her core. Heat pumped from Rita the further Harry penetrated her with his finger. Her hips rolled up to meet Harry's incoming finger as it kept trusting down into her.

"Harry!" Rita squealed. "Harry!"

His name being yelled by this woman as she begged him made Harry feel good. He removed his fingers and watched Rita's pussy rise up and down.

Harry took aggressive control of Rita's clit and rubbed it as hard as possible. Her eyes faded over with a steadying heartbeat. Harry's mouth edged closer towards her.

"Would you like to see how dangerous a Parselmouth could be?"

Rita heard legends, stories, and she wanted to verify it first hand. Harry pulled his mouth away from her after teasing going down on Rita's pussy.

"You haven't earned that right. On your hands and knees, and put that ass up in the air where I can see it."

Rita spun around on to the bed and presented herself. Harry took control of her body with increased eagerness. His hands cupped Rita's nipples and gave them a nice squeeze. He enjoyed the feeling of them pressing against his fingertips.

"I'm going to fuck your brains out."

Harry's massive cock touched Rita's entry point. She could not do anything other than accept him. The first few inches pushed into Rita. Tears welled up in her eyes the second Harry pushed inside into her.

"Oh, maybe you're a bit more tight than I thought at first."

Harry placed his hands on Rita's plump backside to give him the leverage needed. He ran them down her back and then grabbed onto her hair, pulling it back. Harry slammed more of his cock inside of her wet cunt.

"FUCK!"

Those screams came from Rita the deeper Harry pushed himself into her. He filled her completely up with his hard cock. The journalist could feel her entire body sizing up. This was so wrong allowing herself to be taken by an underage wizard like this. And he had been around the block a couple of times, at the very least.
Rita wanted to know who had claimed Harry Potter's virginity and who had taught him the ropes. She had to know, there was no question about it.

"Just think, you'll do anything for me. If word gets out what you've been up to, you're so fucked. Even more than I'm fucking you now."

Rita enjoyed the length rammed inside of her pussy. Those balls felt like they kept filling up and bouncing against her. Harry drilled her hard and fast to make her cum even faster. Rita's entire world started to spin around. It was worse when she tried to escape through the Floo at the Ministry when it was busted.

"Show me how much you want my cock."

Harry slapped Rita's juicy rear end to make her quiver underneath him. Twelve inches of mighty cock pierced her body and sized her completely up.

He slowed down the strokes to make Rita hunger for more. The more Harry had Rita driven completely nuts, he sped up one more time. Constant pushes of his rod inside of her sticky canal made Harry size up even more.

Rita's entire body blasted full of stars. Harry pulled her up and then drove himself down into her in the bed. Every time his cock slammed into her, Rita did not know what to make of it. Her toes curled and mouth half opened to drool after Harry's constant drilling of her pussy.

"You're nothing, but a whore who is after the cock of fourteen year old wizards. You want your pussy to be punished, don't you?"

"I'm a dirty slut. I'm a no good lying bitch. The only thing I'm good for is to have your big cock in all of my holes....you're bigger than anything I've had."

"I'm certain you know best, Ms. Skeeter."

Harry slammed into the woman's tightening hot vice. Every inch of her sweet pussy grabbed onto Harry the deeper he pushed inside of her. His balls throbbed the further Harry pushed inside of her. He was getting closer yet to being inside of her.

The moments ticked up as Rita's mind started to run wild. How long had they been at this? Would anyone wake up and see them in this particular position?

The mature woman's body reacted to him. Her pussy soaked all over Harry's hard cock. The Boy-Who-Lived had his fun in taking control of Rita's elegant and perfect body. His balls kept throbbing the deeper he pushed into the woman's moist canal.

"Cum for me again. Cum for me like you mean it."

Rita came hard as possible around Harry's aching tool. He achieved a level of arousal within her that Rita did not think possible.

"I'm so fucked if this gets out."

"Yes," Harry said. "Which is the point. I can get you for attempted line theft."

The reporter really hoped that Harry would be ignorant of that particular law. She was his personal bitch now, until the moment he got sick of her. Rita did not have a hope of getting it.
"You know you're fucked, and yet you can't stop taking my cock inside you. Really interesting how things work out like that. Wouldn't you say, Rita?"

Rita succumbed to her pleasure and to his cock. The forbidden fruit was just too tasty. And she never got to have his cock into her mouth. Harry pulled almost out of her and then slammed back inside of her.

"Going to cum for me one more time, aren't you?"

The sorcerer plunged his massive prick inside of her wet cavern. Rita clenched onto Harry's engorged prick. The evidence of this sordid affair stuck to the bed. Harry pulled almost out of her and then plunged his hard cock inside of her body.

"Yes, show me what a glorified slut you are!"

The wizard pushed himself into Rita's tightening pussy. She reprimanded herself for how careless she was. The rest of Rita's life would have been destroyed thanks to this little misstep.

"You're now mine."

Harry fired his cum inside of her body. Rita really hoped the contraceptive would be strong enough. If Harry impregnated her, than it would be another weapon he could hang over her head. His warm sticky cum splattered inside of Rita's warm pussy.

Rita collapsed down on the bed after Harry finished off into her. He rode her all the way to his climax and hers as well. His cum spilled into the body of the reporter. Harry smiled after pulling out and leaned into her.

"I believe we're going to be seeing a lot more of each other, Rita."

Despite herself, Rita reacted to this implication. Everything which went wrong tonight did, and yet, Rita could not feel too mad despite how wells he felt.

Harry smiled. Sometimes a good hate fuck really did clear the mind.

_End._

_Next Chapter: July 14th, 2017._
Afterglow(Widowmaker)

More Blog Exclusive Content at the ball, as we are well into Supergirl month. Harry and Kara have some fun with Android 18 of Dragon Ball Z, who gets the distinction of being the first anime girl included. Although not the first one written, but that's in a future chapter on Breeding Ground prime. Head to the Page of Very Important Links, the Web of Chaos Archives, and either the Blog Exclusive chapter second or the Breeding Ground Archives.

Afterglow(Amélie Lacroix/Widowmaker from Overwatch)

Amélie Lacroix, known as Widowmaker to the world at large, dropped down onto the bed with a sigh. The black bodysuit clung to every inch of her curvy body. A healthy amount of her exotic purple flesh stretched out on the other side of her bodysuit. Her dark hair came down to frame her sexy face in a very seductive manner. Widow blew a couple of strands of hair away from her body.

"You can come in."

A handsome young man with dark hair stepped into the room in front of her. Widow noticed he was not wearing a shirt and wearing a pair of black pants as well. She appreciated how the pants clung to his body with each step he made. The deadly woman moved against the bed.

"Sit down, make yourself comfortable."

Harry Potter sat down on the bed. The lovely woman on the bed shifted herself into almost a perfect position. Her face contorted into one of the more obviously frustrated looks. Harry put a hand on her shoulder.

"How are you feeling?"

Widow shifted herself before putting a single hand on the side of her face. "Sore."

The dim lights flickered in the bedroom. She actually preferred the lights to be dimmed in a situation like this. It did add to the move and enhance the atmosphere. Widow turned herself over to one side of the bed. Harry's fingers started to work their magic on the back of her neck.

"How about a massage to help relax you?"

"It couldn't hurt," Widow said. "But, you're going to have to do this properly so you can get access to everything."

Widow sat completely up to face her soon to be lover. A light smile played across the corner of her lips. Harry reached over and undid the front of her outfit. The violet hued beauty's ample set of breasts came spilling out. She did not wear a stitch of clothing underneath her uniform and Harry could hold her to that.

"Here."

Her round ass stuck out with Harry putting his hands on it and pulling it down. Widow's ass stuck out to beg to be grabbed. It called to Harry and practically taunted him to take her ass into his hands and make it his own. It took every bit of self-control Harry could even muster not to reach out to grab her ass.
She was wearing nothing other than a pair of boots. Harry slipped those off as well and massaged the bottom of her feet. Widow breathed in with a light moan. The fingers stroked Widow's soles and moved down to the tip of her elegant toes.

"Good place to start."

Harry worked her foot over for an amazingly long time. She reacted to his touches and moved up to the back of her leg. The soft curvy leg just melted underneath Harry's touches. He ensured Widow reacted to whatever he did by running his fingers all the way up.

Coos of delight came from the woman the second Harry eased his fingers all the way up her back. Harry ensured he got full coverage of the area which needed to be touched. He moved down and rubbed the small her back.

Her sexually charged reactions to Harry's touch made the real estate in his pants grow very hard. The sorcerer pulled his hands back and then rubbed her inner thigh for a second.

"That looked pretty tense as well."

"I'm sure," Widow said. She looked over her shoulder and smiled. "Why don't you go a little bit deeper with the tension?"

Her very accommodating pussy came into full view from Harry. Harry watched as Widow's slit parted its ways. The wizard's fingers twitched the closer he reached to his purple-skinned lover. Harry ran his right hand down her back while the fingers in his left hand pushed inside of her pussy from behind.

'Finally,' she thought in triumph.

A skilled finger, a second skilled finger, and a third skilled finger worked together in harmony. Harry leaned in and bumped his bulge against Widow's ample backside.

"How's that? Are you feeling less tension?"

"Oh, I feel the tension building up!" Widow breathed. "You're going to have to let it keep building so I don't lose my mind!"

She cursed in French when Harry fingered her pussy. The tension from earlier circled around to the heated honeypot between her legs. Harry pumped his fingers deep inside of Widow's gushing pussy. Each stroke of her heavenly honeypot brought Harry further and deep inside of her.

"Yes, I'm sure you are."

Harry dropped all pretext of doing anything other than fingerling her roughly and also grabbing her ass. Widow did not seem to mind the treatment at all. She spurred Harry on her moans and trashing on the bed. Harry grabbed her ass in one hand while fingerling her pussy with the rest.

One beautiful dangerous brunette edged to her orgasm. The cascading waves of a release well-earned shot all over her body. Widow shook back and forth onto the bed, never once breaking free from Harry as he plunged his fingers inside of her.

Harry pulled his fingers away from Widow's snug pussy. They dripped with so much arousal that Harry kissed his fingers and slowly sucked the fingers off.

The sound of Harry feasting on her juices made Widow turn around. She grinned when climbing to
her knees to face him on the bed. Her nipples stuck out and rubbed against his chest.

"You dirty boy."

The two kissed which allowed the woman in question to enjoy the taste of her own pussy juices in Harry's mouth. Her fingers encircled in Harry's hair as she worked his pants off and exposed Harry's big cock to the entire world.

"Oh, look at the concealed weapon you're packing, Mr. Potter."

The delicious woman decided to sample the taste of Harry's cock without any abandon or any fear. She took him into her mouth and sucked on him hard. Harry's balls received a squeeze from her actions as well.

Harry enjoyed the tender affections given to him by Widow. Her alluring eyes maintained full contact when sucking Harry's massive prick off. Harry put his hands in the back of her head and guided his rod into her mouth.

She broke the blowjob and squeezed his cock. She smiled and pushed back onto the bed. Widow turned herself around from him. Her big round ass stuck firmly in the air. The purple-skinned babe shook her ass which prompted Harry to spank it. She bit down on her lip and shook her ass again which caused Harry to spank it.

"I have to have this!"

Widow reached between her legs and grabbed Harry's hard cock. She grabbed him in a reverse grip and squeezed him hard. The sexy woman gripped Harry's cock and pushed it up and down to make it throb nice and big. Her eyes flooded with an endless amount of lust.

"I'm going to take this."

She licked her lips the second Harry's hard cock eased for her warm lips. Widow sunk down onto Harry and started to ride him in the reverse Cowgirl position.

Harry watched Widow's perfectly tight body ascend and descend on him. Every ripple of her toned skin made Harry burn with lust. He needed to reach his hands into the perfect position and run down the back of Widow's legs to cause her to breathe in and out.

His hands being all over the woman's body was more than enough. Now, she wanted to take Harry's big cock into her depths and drain it of all of its fluids. And given he had a nice big cock and a nice big set of balls, Widow was ready to settle in for the long hall.

"Oh, fuck, you're so good."

"Have to be to please you."

Harry's hands grabbed Widow's ass and guided her down onto him. Her snug box took a very heavy amount of Harry's thick cock inside of her warm insides. Harry closed his eyes just in time to experience the lustful sensations of Widow ensnaring and releasing his massive cock. Every inch of it pressed against her.

She came and was very vocal when she did so. Widow made sure to allow Harry to see the evidence of her arousal and incoming explosion by looking over her shoulder. She came up and down on Harry's mighty rod and gave it a nice workout.
Never one to miss a minute of pleasure, Widow chewed down on her lower lip for a scant few seconds. She rose back up and dropped down firmly onto Harry's cock. Her pussy stretched around Harry as she descended down onto him and then rose back up off of him.

"Yes," Widow mewled. "YES!"

Harry took Widow's round breasts and squeezed them. He moved his hands down her body to continue the workout.

"I bet you thought you wouldn't feel this again this soon. Didn't you?"

Energy from Harry's finger tips channeled straight through of the clit of the bouncing woman. Her eyes bugged out with pleasure the second Harry pushed into her.

Harry pulled away from Widow and positioned her on her hands and knees. Her round ass stuck in the air ready for Harry to tease. He coated a finger in the woman's arousal and then stuck it straight into her anal passage. His finger pushed in and out of her.

The bilingual cursing coming from the mouth of his beautiful lover brought a smile to Harry's face. He fingered her asshole with one hand and opened up her entrance with another hand. Juices coated the bed and gave Harry the perfect opportunity to slit inside of her.

Harry planted his huge cock inside of her tight pussy from behind. Widow felt like she had been stretched more than ever before from the intrusion of Harry's might breeding rod. Her heart beat even faster the further Harry planted his rod inside of her body.

"Can you take it all."

She endeavored to try. Never one to back down from a challenge, Widow's thighs parted to take the challenge of Harry's massive rod. The legendary lover buried himself inside of her. Most of him fit inside of her. He groaned when rolling himself against her. Her heat just dragged Harry inside with his never ending thrusting going rather deeper.

"I want to make you cum."

"Don't let me stop you."

Those words brought a new fire into the woman as she received a good hard fucking. Her pussy stretched out from Harry's cock. Widow regained somewhat of a control over her inner muscles and wrapped them around Harry's engorged prick the second he spiked his way inside of her body.

"Going to cum again, I see."

It was hard to help at this time. His cock was her addiction. Those balls swelling up against the woman's entrance made anticipation just grow for the incoming orgasm. She wanted all of his seed buried inside of her.

"I'm going to put a full load in your pussy."

"Yes!"

Harry slipped his finger one more time in her ass getting it nice and lubricated for what he thought was the main event. The spearing of her tight pussy caused her slick walls pushing against her. He moved a hand to feel all over her flesh. Sweat glistened across the purple flesh. It was so hot, so very hard to feel up her firm skin as she was aroused.
"Cum one more time."

Widow already had been on the process of reaching her next round of release. Harry's words pushed her over the edge. Her tightness clung onto his veining intruder. Harry's bare cock slide in deeper and preparing to baptize her womb with his seed.

"Your turn."

Half a command, half a question, all sexiness burning from her voice, and Harry really did have to drive his hard cock inside of her. She stretched against Harry's member the deeper he plunged into her.

A full bounty of warm seed splattered against her pussy. Harry grabbed onto her back and injected her with so much seed that she thought she was just going to burst.

Harry's never ending thrusting inside of her body made his balls slowly deflate. He built up a huge load and now there was pretty much no choice other than to dump it inside of her body.

"I know what you really want."

Widow pulled away from Harry and grabbed his half-hardend cock. A few spurts of seed still squirted out of him. She slapped Harry's cock against her firm ass. Another couple of smacks lead to Widow positioning herself against Harry's member. She ground against his lap to create an intense amount of friction.

The ample posterior pushed against Harry's cock. He groaned and squeezed the ass from behind. Each touch of her elegant ass pressed into Harry's hand. He held her firmly in the palm of his hand when squeezing at her.

"And I know where you need to be next."

Harry rose up to press himself against her back. Her asshole just started to open up to invite Harry inside. He had little question in his mind his cock was going to be right back here in a matter of seconds. He wanted to fuck Widow's thick booty all day.

"Oh, fuck, Amélie, you got to love that ass. It's perfect, I can't wait to have my cock in between those beautiful cheeks."

"Go for it."

No need to ask any further than that when permission had been given. Harry lined up his cock to Widow's puckered hole. His manhood pushed against the warm entrance and shoved deep inside of her. His manhood caressed her warm asshole before slipping inside of her.

"Keep it up…don't stop…no matter what!"

She took Harry's massive prick inside of her warm asshole. Harry's hard cock penetrated her tight and warm hole. The wizard pulled out of her and then pushed inside of her. Her ass slapped against the palms of his hands the second Harry penetrated her tight hole from behind.

"I'm not going to stop. I'm not going to stop until I have this ass. Until I feel my cum buried inside of this ass!"

The wizard planted his massive prick deep inside of her warm asshole. Harry cupped the woman's breasts and squeezed them. Her heart raced a couple more steps the deeper Harry plunged into her
hard body.

She came as hard as possible from Harry burying his thick rod inside of her. His balls smacked against her ass when penetrating her from behind. His hard cock pushed its way inside of her tightening asshole and pulled completely out of her.

"You're cumming from this, aren't you?"

She could not deny him when he asked her straight out. Widow came very hard at the feeling of his big cock pushing inside of her body. Harry almost pulled out of her and drove deep inside of her warm asshole. The sorcerer grabbed her ass and spanked her hard. He jammed his fingers inside of her.

"You're dripping. You're dipping. You're really getting off on your ass being fucked.

"You know it, babe," she breathed. "Oh, shit, that's a good spot. Take my ass for everything it's worth…please…don't…you dare slow down!"

Widow screamed out in pleasure the second Harry planted his huge rod inside of her gripping hot asshole. He fingered her pussy just as hard as he nailed her in the backside. She cursed in a combination of sexiness. Harry rolled his fingers over her body.

"Oh, fuck, I'm getting close. I'm not sure how long I can hold back."

Harry endeavored to try. He preferred to be nestled against those cheeks all day. Harry rammed his huge cock inside of her from behind.

"Fuck!"

The wizard's balls engorged and started to splash inside of her warm asshole. Harry rammed his thick rod repeatedly inside of her body. Harry groped her ass when ramming himself in and burying so much of his cum inside of her. His cock stretched her asshole and splattered her ass full of cum.

Widow closed her eyes and came two more times before Harry finished up inside of her tightening asshole. Harry dislodged his cock from her with a smile.

"I think we might have made a mess."

She turned around and kissed Harry on the tip of his cock before sucking on his head. She marveled at his stamina when Harry rose back to life without any problems whatsoever.

Those eyes, those lips, and everything about her gave Harry the motivation to continue to the next round.

---

End.

Next Chapter 7/18/2017.
Barter(Jasmine)

First of all, there's a new Breeding Ground blog exclusive lemon as part of Supergirl Month, with Harry with Kara Danvers and Kamala Khan from Marvel Comics, so get excited for that one. Go Page of Very Important Links, go to Web of Chaos Archives, go to either Breeding Ground or Blog Exclusive Archives to read it.

And second, there's been a lot of request whoring going on review page. What is request whoring you might ask? Repeatedly spamming the same request over and over again, review after review. Stuff like "I want to see [X]" or "I'm still waiting for [X]" or something like that. This is a practice which I will not tolerate from here on out. Knock it off. Either the woman will be included or they won't. You're making a solid argument for me to exclude certain characters when you spam them like that. It's fine to write you want to see a character once. Although, I really want to that to be done on the One and Only Breeding Ground Request topic on the Page of Very Important Links. And request whoring will not be tolerated there either. Post your request and cross your fingers that it comes up. That's it.

**THIS IS YOUR ONLY WARNING. PERSIST, AND YOU WILL BE BLOCKED**(for thirty days, and then do it again after you're unblocked, and it will be a more permanent block) **OR YOUR REVIEWS WILL BE DELETED, DEPENDING ON THE WEBSITE.**

Now, that I've yelled at people, enjoy the shameless smut. Oh and five years ago Emerald Flight Book One marked my return to the Harry Potter fandom after a hiatus. And there's a fresh reboot coming up, with a female version of Harry in the lead alongside Kara. That's coming out this afternoon. Figured I'd drop the shameless shill here because this is read by the most people of all my stories. (imagine that)

And now on with the shameless smut.

---

Barter(Jasmine from Aladdin)

Princess Jasmine of Agrabah crossed her arms whilst looking up at an impressive looking fortress. Her father had taken very ill and Jasmine searched far and wide for the one element which could cure him. It brought her to the fortress of a legendary warrior known to the people of this kingdom as Ahteen. Some said that Ahteen was merely a myth and a story told to terrify people.

Jasmine stepped up to the stone gates which swung open on its own accord. The carved pathway led forward. Despite the warmth coming from the desert on her journey, the area was oddly cool. Jasmine clutched her arms to her body, shivering. Her attire did not really prepare for the cold area.

"Ahteen?"

She spoke this tentative word when making her way to the carved doorway. The serpents carved only caught her attention for just one minute. Statues of some large mythical lizard like creature caught the princesses attention. The doors swung open which caused her to jump.

"Hello?"

Jasmine stepped into a very elegant palace. She stepped on top of the carpet which pressed against her bare feet. Each step brought the Princess closer into the palace of Ahteen. She moved around
and noticed several weapons adorning the walls. A bloodied set of battle armor directed Jasmine's attention. She figured it was a trophy of some great battle.

"Princess, I knew you would come."

The soft voice with an accent from some exotic land Jasmine could not place encouraged her to move forward. Jasmine swung her arms back and forth when moving into the throne room. The lights pointed her past the throne room and up a set of stairs. She moved with grace and poise.

Jasmine stood up to see the handsome warrior with a physique which looked carved and chiseled. Her mouth hung open and the first hints of drool came out of it. The Princess reprimanded herself for acting in such a manner unfitting to her.

"You are Ahteen?"

"Yes, that's what they call me, Princess Jasmine. I prefer to be referred to by the name I was given from birth. You may call me Harry."

The emerald eyes peered down onto Jasmin's blue eyes. She made her way up to face him. Jasmine stopped. Harry grabbed her by the arm and pulled her to his level. Her body came inches away from touching Harry's.

Harry took a good look at the Princess and marveled at how beautiful she looked. Shimmering red hair, dazzling eyes, elegant cheek bones, a full set of lips, slender shoulders, a large bust topped off with a slender waist, and wide hips, giving her the perfect hour glass figure.

"You have a potion which can cure the disease that my father has."

"Of course," he said. "It brings a man back to life even if he's an inch away from death. Only a true and virtuous soul could withstand the potion. But, I think we're both confident that your father qualifies on that front."

"Yes," Jasmine said. "He does."

Harry nodded in understanding. He gave her enough room to breathe.

"A sacrifice is also required for the potion to be used properly."

"A sacrifice?" Jasmine asked. She barely could speak at these words. "You mean...you have to kill someone for the potion to properly work?"

Jasmine hesitated for the first time. Harry put his hand on Jasmine's shoulder and stirred the woman's interest back into his face. His hand moved over to caress her hair slowly and softly. The powerful warrior made Jasmine shiver from his huge attack.

"No, bloodshed taints healing. I was referring to something a bit more...personal and intimate, it needs to be sacrificed. The choice is yours."

The Princess cottoned on to what this powerful warrior referred to very quickly. She felt conflicted about the matter. Jasmine could have pulled away from this and tried to find an alternate way to save her father. However, the sands started to run out on his hourglass of life.

It was not like he was repulsive, no he was absolutely appealing on the eyes. His few small touches made Jasmine linger for something more. And she lingered for excitement in her life.
"This is my offer for payment," Harry said. "Do you accept?"

The Princess gave Harry a tentative kiss. She was nervous, having never kissed another man in her life. Harry gripped the back of her head to hold Jasmine's head into place. He wanted to ensure she did not have cold feet and get second thoughts.

The wizard pushed his tongue into Jasmine's mouth and efficiently explored her oral hole. Jasmine's tongue playfully batted against Harry's when his lips engulfed hers. His hands moved across the back of her neck before moving down to grab onto her bare back. Her soft flesh moved against him.

Jasmine felt up Harry through the thin fabric just as well. Their tongues caressed together for a moment with Harry moving her down onto the bed. The two did not break their liplock as they kissed each other hard and fast.

Harry pulled away from Jasmine and nibbled on her lip before going behind her earlobe. She had not been used to such pleasures and it caused her body to burn up like the desert sun. She was afraid of how this would happen. Jasmine's eyes glazed over when Harry moved down.

"Relax."

His hands slipped underneath Jasmine's shirt and pulled it off. Her bountiful breasts came out in their youthful perkiness. The young princess received a good attack of them on Harry's mouth.

"You….too much!"

Harry spent a few minutes worshipping Jasmine's breasts. He moved down to take command of her soft belly button. Her flat tummy looked good enough to eat off of. Harry ran his hands over the flesh with his hands moving on the other side of her pants.

He rubbed Jasmine through her pants and forced her hips up. Harry continued to bring pleasure to the woman before pulling back. He pulled her pants off to reveal her elegant undergarments underneath.

"You're wet. You can flood this desert."

Harry pressed his finger towards the area which never knew such pleasure just yet. Jasmine shifted up and down on the bed in front of them. Harry pulled her underwear down to reveal her luscious garden with strands of black public hair covering sopping wet pussy.

"Beautiful."

He touched Jasmine's clit and sent a jolt of electricity through her body. Jasmine never knew anything like this. His hands caressed her tender womanhood. The Princess pushed her hips up just in time for Harry to caress her and to push her back.

"Take off my clothes, Princess."

Jasmine had been so used to giving orders that it almost had been a refreshing change to have the orders given to her for a change. She undid his top. A muscular chest appeared with toned abs. Jasmine explored his body and gave him a few tentative kisses. His encouraging smile caused Jasmine to worship his chest and abs with even more kisses. Her slobber adorned his body.

"You've only done the top half, Princess."
She gave him a very devious grin. Jasmine wondered what treasures lied underneath a man's pants. She pulled him down and revealed something elegant. It was long and very hard and almost smacked her in the face. Jasmine's eyes widened as she looked at it.

"It's so big!" Jasmine yelled. "I had no idea they were that big."

Harry ran his finger down her cheek and made the Princess lock her eyes firmly onto Harry's. "Not all of them are that big, but mine is. It's going to be inside you shortly."

The fingers of the wizard caressed down Jasmine's body. He touched her flat stomach, her hips and then moved down to stroke her pussy. Jasmine's eyes glazed over the second Harry brought new pleasures to her. He climbed on top of her and pressed her down onto the bed.

His large organ pushed against Jasmine's firm tummy. Her breath rose and fell the more Harry played with her hair and moved down to caress her neck. His lips found hers and moved down to her neck and collarbone. Each kiss sent spikes of passion through Jasmine. She never thought it would be feel this good.

"It's all for you."

Harry pushed the head of his cock against Jasmine's untapped pussy. The princess experienced a sharp tug at her loins the moment that Harry pushed into her. The barrier of entry came close to being penetrated.

"I should give you a fair warning. Your first time hurts a little bit, sometimes it hurts a lot. I'm going to try and take it slow. The pain will be over in a few minutes, and you'll feel nothing but pleasure."

"Okay, okay, do it," Jasmine said. "Please, do it!"

The powerful sorcerer penetrated the princess and took her virginity with one fell swoop. She screamed out in pain and moved in to bite on Harry's shoulder to stifle her screams somewhat. Harry pulled her away gently, and kissed her on the side of the face. He lightly nibbled on her cheek and then her lips before moving back down into her.

"All for me?"

"Yes, all for you," Harry said. "You have a lovely pussy, Princess. And it's mine now."

Jasmine shivered when she felt the man penetrate and take her innocent as payment for her father's health. Harry entered her body and touched herself. He pulled all the way out of Jasmine and plunged himself into her warm body. The powerful man filled her up completely.

Harry enjoyed the thrill of one tight princess throwing about all of her inhibitions in exchange for getting stuffed with Harry's big cock. His balls slapped Jasmine's warm pussy repeatedly. He pulled almost all the way out of her and drove himself down into her.

"It's all mine now. Do you understand me, Princess?"

"Yes, take it!" Jasmine yelled. "Take me!"

The dark hair of the exotic beauty clung her face. Harry's engorged member penetrated Jasmine in a repeated and never ending basis. His huge balls struck her constantly the deeper he pushed into her. The Princess clung onto Harry's back and scratched it the further he pushed inside of her.
"You're cumming. It's going to make you feel really good."

The pleasure built up inside of Jasmine exploded through her body. Her warm loins grabbed around Harry's hard cock the deeper he pushed inside of her. Those big balls continued to slap against Jasmine's warm pussy the further Harry submerged inside of her.

"Oh, I need this! I need this!"

Jasmine's nails clung against Harry's back as her orgasm rocked up and down. The warm walls of the glorious vixen tightened up around him the deeper Harry plunged inside of her.

"You're getting everything you deserve."

The moments ticked by as Jasmine wondered how much more time it would take before Harry finished taking his payment. She enjoyed it but her body was getting tired and she worried about having to make the journey back in a timely manner.

"Do you ever slow down?" Jasmine asked.

"Not for a beautiful woman, not ever. I can go all night long...and soon you'll have the experience to do so to. You're body isn't used to such pleasures."

Agreement blasted through the body of the Princess. Her body was not used to such pleasure. The deeper Harry drove into her the more new areas had been stimulated. The more new areas stimulated, the further Jasmine thought she was going to lapse into a state of unconsciousness from way too much pleasure.

Time ground by as Jasmine felt the sweet sensation of release twice, three times, four times, and constantly. Each orgasm intensified as the Princess went on a thrill ride. Harry took her pretty much every step of the way.

"You're perfect. And I'm going to give you a reward for how long you've lasted. Many women pass out after two or three. Consider yourself fortunate, Princess."

"I am very...fortunate!" she managed to squeal out. "Oh, but, I need...I need...."

"My cum?"

"YES!"

She did not know how this was making her feel so good. Jasmine just needed to hold on for the ride for Harry to give her this promised reward. Her entire body spilled over. It was hard to say how long they were going at it. It was night when she arrived and Jasmine could have sworn she saw the sun out of the corner of her eye.

"HARRY!"

Her scream echoed throughout every single direction. Harry pushed inside of her to make her orgasm and every other one before it compound in one long blast of blast. Harry plowed Jasmine's tight vice of a pussy and stretched her out. His hard cock grinded against her wet center the deeper Harry planted himself into her.

Harry finally sent his seed deep into the prepared womb of the Princess. Jasmine's eyes glazed over when a steady amount of seed pumped into her body. A feeling something life-changing just happened gripped Jasmine even though she could not put her finger on it.
"Congratulations, you're a mother."

He pulled out of Jasmine just in time to leave her shuddering body on the bed. Jasmine could not register that fact. He...he put a child inside her, and just smiled at the fact.

"But...I'm not married...."

"You are now, congratulations," Harry said. "And I've sent one of my servants to bring the potion to your father. He will be pleased his health will make a full recovery, and his daughter has finally found a match."

Jasmine comprehended what just happened. Did her father...no surely not? Still, she could not be completely mad with all of the benefits she received from her romp.

"Get some rest, love."

He kissed her tenderly on the lips and returned to leave Jasmine to finally pass out.

End.

Click on the Web of Chaos Archives Linked to that page. Then click on Blog Exclusive Chapters of the Breeding Ground Chapters.

And on that same important links, select the One and Only Breeding Ground Request Topic to make requests.

The Visitor(Rachel Roth/Raven from Teen Titans)

Rachel Roth took a couple of steps forward and dropped down onto the bed in her room. The satin sheets caressed the bare skin of the Teen Titan known as Raven. She had to throw everything into today's battle. Her emotions hit a high point and the feeling of great frustration she kept buried deep down popped up to almost overwhelm her. It took a moment to bring herself back into order.

'Ugh,' she thought. 'I feel like I've been torn apart from the inside and pushed back together in the wrong way.'

Raven shifted to try and get some comfort. She dressed in a thin black bra which covered her ample bosom and also a black thong. She exposed a fair amount of her soft grey skin. Her dark purple hair matted to the top of her forehead and her lips curled into a smile. Her entire body gave a shiver when moving and yet she felt hot at the hot at the same time.

"Don't worry, I'm here."

Rachel rolled over on the bed and came face to face with a blazingly handsome young man. His sculpted face, green eyes, and messy black hair caused the heart of the half-demon to stop. She looked at his toned abs and chest without an ounce of fat on them. Rachel could not believe how someone could be this perfect.

"Raven, I'm here."

Her eyes traveled down to him and caught sight of his phallus. Twelve inches of throbbing meat suck out. Raven's entire body heated up. Her nipples hardened at the thought of being with him and laying with him. Raven shifted over closer towards him.

"Who are you?"

The mysterious man in her bed put a hand on the back of Raven's heard. Alarm bells should have been ringing in Raven's head because of this visitor showing up. A kiss scrambled Raven's thoughts. His warm tongue caressed the inside of her mouth.

Raven could only intertwine her fingers into the back of the visitor's head in time. He gently rubbed down the side of Raven's neck and moved down to rub her back. Tingles spread over her body as the visitor's hand moved over to cup her ass and squeeze it before deepening a kiss.

The hands explored Raven's abundant body. One of her legs wrapped around his hip and pulled him in tight. His unrestrained cock scraped across her flat stomach.
"My name is Harry. You summoned me because you were lonely and need something."

The invader of her bedroom brushed his fingers down Raven's taut abdomen. Her skin rose and fell the further Harry brushed his fingers against her. He moved to the edge of her panties.

"You've never been touched," Harry said.

"It would be…too much."

"You fear what might happen, do you? You fear what happens when you feel true pleasure, don't you?"

Harry kissed the back of Raven's neck and sucked on her ear lobe. Raven closed her eyes and raked her nails down across Harry's neck. She grew more excited the more he moved down. His kisses brought their next stop firmly between Raven's breasts. Her breasts stuck up in perfect position as Harry continued to travel down towards a certain point.

"Oh, God!" Raven yelled.

"Perhaps," Harry said.

Harry pulled her panties down and revealed Raven's bare snatch. Heat rose between her thighs. Harry moved closer to lick the sweet fluids collecting against her belly button. Raven's eyes rolled into the back of her head the deeper Harry kissed her thighs. He moved closer and licked her briefly.

"You're really wet."

The wizard edged his tongue deep inside of Raven's warm snatch. Her hands locked onto the back of Harry's head to ease him down inside of her body. He licked her pussy and made her shift up and down. Her hips kept rising and falling, bucking repeatedly at Harry's hungry and very eager motions.

"You're perfect, aren't you?"

A nice squeeze of Raven's pussy brought her attention back to the matter at hand. Harry moved on top of her. Raven grabbed him around the shoulder and suddenly, without any problems, rolled him onto his back. Raven leaned down towards him and kissed her lips.

Raven tasted her own pussy for the first time while rubbing the lustful core over the top of Harry's engorging prick. She shifted up and down against Harry's might prick the deeper Raven rose up against him and dropped down onto him. Her lips engulfed Harry's cock for a brief minute.

"Get ready to take it," Harry said.

"Oh, I'm going to take that big cock alright."

The head of Harry's throbbing hard cock shoved deeper inside of Raven's warm pussy. Those warm walls grabbed around Harry's hard cock and then released it. Raven rose almost all the way up and dropped down onto the base of his cock again.

She gave one more drop and filled her pussy up with Harry's throbbing hard cock. The wizard beneath her pushed his hard cock inside of her wet pussy. He rose up on the bed to meet Raven as she descended down onto the bed.
"Ride me!" Harry encouraged her.

He released Raven's breasts from their confinement. The juicy nipples came out with Harry reaching out and squeezing Raven's nipple. He grabbed them and cupped her breasts.

Fire spread through Raven's body the more Harry pushed his hands against her. He molded Raven's breasts in his hand as she bounced up and down onto him. Harry pushed harder inside of her and slipped his massive prick inside of her. She was going to feel something that was never felt before.

An orgasm spread through her body. Raven always denied herself self-pleasure because it seemed like it opened the road for her to tap into something forbidden side of herself. Her face grew wild the deeper she slammed herself down onto Harry. Her pussy opened up just enough to take Harry's cock.

"Oh, Raven, keep riding. Give into what you truly are!"

Raven's head turned back and forth. She leaned in for Harry to take her breasts. He took the offering without any hesitation whatsoever. Harry's strong hands cupped Raven's fleshy orbs and gave them a squeeze. She sank down onto his hard cock when rising and falling on him. She quickly became enraptured in something wonderful. The feeling of lust spread through her body more the second Harry dove in and took full control of her nipple.

The lust burned through Raven's body the second she rose up and dropped down onto Harry's hard cock. It pushed between her legs and buried inside of her. Raven held onto the side of Harry's neck and breathed in heavily when rocking up and down on him.

"OH, FUCK!"

Raven's wet pussy drove down onto him. Her entire body shook with pleasure as Harry held control on her. Her emotions went completely wild. Her emotions were going absolutely insane the deeper Harry pushed against her body. Raven's wet body rocked up and down on Harry's massive cock the further he pushed inside of her body. Raven's eyes closed shut the deeper she pushed down onto him.

"That's right. Just a little bit further. Just give in."

The half-demon pressed in close to Harry. Her body molded against Harry's the deeper he pushed inside of her. Her wet vice clamped down onto Harry and released him. Her moist center grabbed onto Harry and released him. His throbbing organ prepared to reach it's explosion.

"Don't hold back. Be yourself, and embrace all of your strength."

Another passionate kiss followed with their bodies tangling together in lust. Harry's rod speared into her center repeatedly. The energy rose from Raven's body the further he pushed into her. Countless fingers brushed against the soft flesh of the woman.

Harry smiled and enjoyed her pleasure cascading through her body. The wizard's able fingers ensnared Raven's nipples and gave them a very nice squeeze. Raven's heart sped up the further Harry absorbed the energy coming through her. Her tongue danced against Harry's mouth and sought entry of some sort.

Raven gave into her lust and Harry rewarded her by stretching out her wet pussy. She clamped down onto Harry's hard organ the deeper he pushed into her. Raven threw herself back down onto him. Her pussy speared down onto Harry's crotch. He held onto her legs.
The body of the half-demon shook underneath Harry's touches. He cupped Raven's breasts and gave them a soft squeeze. She came one more time harder than ever before.

Harry drove his cock into her and finally, his balls clenched and fired inside of Raven's pussy. The warm seed spilled into her unprotected womb. Raven grabbed onto Harry's shoulder when rising and dropping onto his squirting rod. She sighed in content from Harry finishing up inside of her.

"Let me see you on your hands and knees.

She pulled away from Harry. Hands and knees hooked onto the bed. Raven's thighs spread apart with her pussy exposed and dripping with Harry's cream. Her ass stuck out in prominence. Harry touched her asshole and pushed a thumb inside.

"I don't know if I can take this."

"Oh, I know that you can take this. We'll find a way to make it work."

One hand caressed Raven's puckered hole and the other moved over the front side of her body. Her nipples stuck out and were ready to be touched and twisted. Harry tugged on them and worked into her.

Something slimy rolled over Raven's body and collected the juices from her body. Raven breathed in when the tentacle caressed the underside of her body. Both of the slimy extra appendages held Raven's arms. He pushed against her backside and ground against it.

"I unleashed you…my emotions were….."

"You needed me. You needed someone to show you the pleasures she had been denying herself. And I'm going to give it to you."

Tentacles brushed all over Raven's body and caressed every inch of her sexy frame. The teenage half-demon succumbed to these new sensations. One of the slimy tentacles pushed past Raven's lips and worked its way down her throat. It tasted of how she imagined his semen to taste.

Thousands of fingers brushed down Raven's sexy body. Harry planted his fingers deeper against Raven's back and ran over her sizeable rump. Harry gave her backside a firm squeeze and spanked onto it very hard. He opened her asshole and one of his little friends offered a subtle amount of lubrication.

"This might sting before it feels good."

"Fuck it!" Raven yelled.

"Exactly."

Harry put his swollen crown against Raven's asshole. He could already feel the snugness of the woman's pussy. The tentacles he conjured had nerve sensors which were hooked against her. He would feel her ass a bit more personally. Harry sized himself up and drove himself into Raven's ass.

Raven had a sense of helplessness which also was oddly empowering. Harry's aching cock pushed into her back entrance. His big balls slipped against Raven's backside the deeper he pushed into her. Harry pulled himself away from Raven and drove his cock further into her tempting and tight backside.
"Your ass is one of the best I've ever fucked. I can't wait to make you succumb to be fully."

She rocked herself back and forth. Raven wanted to say she hated being manipulated and seduced. But the problem is, she couldn't. It just felt so good it would be difficult for her to hate it. Twelve inches pulsed into her tight passage as the tentacles shoved into her other holes as well. Two of them moved around her nipples and pulled them.

Harry planted his thick cock inside of Raven's warm asshole and pulled out of her. He drank in her body. It was a feast for him. Raven's bottled up emotions exploded, one of the biggest restrictions on her could be her lust. She craved sexual contact deep down. Harry brought her deepest desires to the forefront.

"Baby, you're good. You're going to be mine. But, it won't be so bad, will it?"

Raven shook her head as the tentacles released their juices all over and inside of her body. The tentacles burying directly in her womb saturated it. Nothing, despite the flexibility of the tentacles, beat the meat pole of this powerful demon penetrating Raven's asshole.

"MMMM! MMMM!"

The moans continued and Harry brought her through the orgasms. Her reluctance faded away completely. Raven craved his touch and craved his cock buried inside of her in any place he wished. And he just wished to take Raven's firm round ass and fuck the ever living daylights out of it.

"HARRY!" Raven yelled at the top of her lungs. "Oh, fuck me, fuck me hard!"

Harry fucked Raven as hard as humanly possible. He slid his mighty cock inside of her snug asshole and spanked her rear when going inside of her.

"You're mine. Be mine forever."

"Yes!" Raven yelled. "Yes…I don't care. Take me forever. Make me feel so good always."

She would never feel desperate again. No, on the contrary, Raven would feel so good. He hit the switches regulating pleasure and made Raven lose it. Harry absorbed all of the juices coming through Raven and absorbed everything she had to give him. Harry penetrated Raven as deep as possible. His balls rocked against Raven’s pussy from behind. His hands touched her lower back and he drove himself inside of her.

He growled in her ear. "No one will make you feel like this."

Raven's entire body caved in to the actions of her visitor. Her mouth hung open with the drool coming. Harry worked her ass which felt sore and yet Raven craved more. She craved him driving into her ass on a constant basis.

"Getting close."

The brush against the back of her neck sent Raven's wet pussy tightened into fits of convulsions. He bounced his way inside of her with those balls just slamming against her ass while his tentacles worked her pussy and mouth in time. Harry felt all three

Finally, as Raven was about ready to black out, Harry buried his cock one final time into her ass. His balls released and spilled as much cum inside of her asshole as humanly possible. Harry drenched the inside of her asshole with so much cum.
The tightness and power of Raven's hole just made Harry kept going to town at her ass. He slapped it while pounding her back passage from behind. He pulled a couple of inches back and drove himself deep inside of her asshole one more time.

Harry pulled out of her and pulled her soaked body against him. His fingers brushed against her skin when his mouth closed in against her ear. His tongue extended to wrap around Raven's sensitive ear. More shivers came through her body as Harry rested a hand on her belly.

"Perfect."

Raven could not necessarily disagree.

End.

The sunlight shined down from the sky. A certain beautiful blonde with a gorgeous body extended her legs out, put her hands behind the back of her head, and smiled. Fleur Delacour enjoyed this bright and sunny day on the beach. She dressed in a very skimpy white top which stretched over her ample chest. The bottom half hugged her center and the strip of fabric disappeared into her ass. Fleur's flat stomach, long shapely legs, and perfectly sculpted feet stuck out. She peered over to the beach house while licking on an ice cream cone as the ice cream slowly melted in the midst of the white hot sun.

Fleur waited for her lover to exit the beach house so she could lick on something else. She relaxed as the sun continued to kiss her perfect skin. The waves of water splashed against the rocks. Fleur took in a deep breath and breathed in the nice beach air.

The French vixen stopped and sniffed. Something else penetrated the air with Fleur's finger wrapping against her hair. She noticed a figure off to the side walking against the beach. The newest guest appeared on the beach dressed in a black bikini so skimpy which she might not have been wearing nothing at all. The beautiful dark-haired vixen stalked her way to Fleur and licked her lips. Her nice chest and perfect body stuck out. Her beautiful face almost blinded.

"Well, a poor little Veela left out on the beach," the woman said with a smile. "I might have to slap a collar on you and make you a pet."

"Bo," Fleur said. "How are you doing?"

"Bored," Bo Dennis admitted. "I figured I'd swing by for a visit…oooh…that tastes good."

Bo moved closer towards Fleur and planted a kiss on the edge of her lips. Electricity connected when Bo sucked in Fleur's essence and also the taste on her lips. She smacked on her lips when moving away from Fleur.

"Sherbet," Bo said in a breathy voice. "Yummy. I wonder if you have a much better taste elsewhere."

The dark-haired woman's hand rested on Fleur's flat stomach and shifted her position down. Bo's eyes closed with the fingers continuing to stroke back and forth about her.

Bo moved over and took out her ice-tea. She smiled and took a drink of it. The bottle leaked in the heat. Bo lightly swiped her tongue against the bottle to make sure the Veela watched her. Bo reached in and stroked Fleur's hair before causing her glasses to shift back.

"Whoops!"

Fleur's ice cream landed on her lap and started to trickle out onto her leg. The vixen's breath hitched out. She tried to protest, and Bo leaned in. She slowly dipped her fingers into the cream as it oozed. Bo popped her fingers into her mouth in pleasure.

"Let's get you cleaned up."

Bo leaned in and spilled the tea onto Fleur's top. Her breasts sucked into the top. Her outline had
been shown over her.

"I guess I'm so stunned by my beauty I'm clumsy," Bo said. "Oh, you poor thing, all over your legs and all over your feet as well."

Fleur would have protested the actions of this naughty succubus. Only, she did not want to. Bo's mouth was so warm and nice moving all the way down her leg. The blonde writhed repeatedly, as Bo licked her leg and then started to suck her feet.

The feet of the French magical creature in her mouth made Bo moisten. The fun was just going to begin sooner rather than later. Bo's mouth sucked on Fleur's toes for a few more minute before she turned around to see Harry Potter standing before her dressed in a pair of shorts with a bulge slightly moving out.

"Hey, baby," Bo said. She stepped over towards her.

"You can't just behave yourself," Harry said.

Bo adopted a look of innocence and bit down on her lip. Harry put a hand on the back of Bo's head and moved deeper against her. The two of them kissed heatedly with each other. Harry tasted Fleur's feet in Bo's mouth and also some of the cream from her cunt that oozed through her skimpy bikini top. Bo traced patterns down his forearm and moved back to rub against his shoulder blade.

"Mmm, you've been working out, haven't you?" Bo asked. She stroked Harry's bicep and moved to his chest before likely dragging her fingernails down to her lab. "And you've been working your muscles, all off them. Look how nice and throbbing you are?"

Bo snapped Harry's shorts down past his ankles. The heat from her hand surrounded Harry's love muscle. Bo moved and kissed Harry on the lips while stroking his organ. Harry grabbed the back of her head and kissed her even harder.

Fleur stripped off her soaked shirt and top to be completely naked. The two lovers invited Fleur into their web. Fleur kissed Harry on the side of his neck and then moved to kiss Bo as well. Fleur put a hand on Bo's ass and gave it a squeeze.

"Naughty bitch," Bo said. "I love it…why don't you show how skilled you are?"

"Of course," Fleur said.

A logical part of Fleur's brain warned her she was never going to show up a succubus. She still had to try though. Fleur descended down to the ground and sunk down. Fleur's hand placed on the edge of Harry's balls and moved up to grasp his hard cock.

The first inch of Harry's cock came close towards Fleur's mouth. The wizard helpfully guided his object of lust into the mouth. The first few inches of Harry's hard cock slipped into Fleur's mouth. She opened up her throat just in time to receive Harry into her mouth.

"Mmmph!" Fleur moaned.

Harry edged deeper inside of Fleur's mouth while she sucked him. Bo reached down to caress his balls with one hand and also to move down Fleur's back. Her fingers kept dancing down her back and moved closer to her wet pussy and rubbed her lips.

"Both of you are going to be the death of me."
The succubus grinned like a Cheshire cat and squeezed the man's package. "But, you'll die happily, won't you?"

Harry would not dispute this back. His hands rested on the back of Fleur's head and pierced between her lips. His balls slapped against Fleur's chin the further Harry put his rod into her. She stretched around Harry's hard cock when he pulled out of her.

"Mmm…hmmm!" Fleur moaned around his cock. "MMMMM!"

She squealed at his cock going into her body. The sorcerer drove his hard cock deep inside of her wet throat with a few more thrusts.

"Blast her throat, choke her with your cum," Bo said. "Oh, I want you to fill her tight little oral hole with her cum so deep that I'm going to have to dig the cum out of her throat to keep her from choking."

Bo guided Fleur's head onto Harry. She pushed against Harry's massive cock. Her warmth pushed around Harry the deeper he drove deep into her mouth.

"SHIT!" Harry growled.

His balls ruptured and sent their bounty into Fleur. Fleur had been surprised at the volume, but not exactly unwelcomed.

Bo played with Harry's balls as Fleur kept sucking him. The pleasure from both of the women working down onto him made Harry keep blasting his cum into her body. The wizard pulled out of Fleur's wet mouth after she released him. His cock still spurted with Bo helpfully directing the cum into her face.

The loads of white juices spilled against Fleur's face. It made her look as subtle as a porno with the floods dripping down her face. Her entire face and chest was coated with Harry's cum after Bo finished jerking Harry's erupting cock up.

"Oh, I'm glad there's plenty more."

Bo kissed Harry one more time and got a nice taste of the power his body excellent in. She moved in towards Fleur who collapsed back onto the ground.

"Up!"

The Veela rose to her feet and the succubus snaked her arms around Fleur's body. She attacked Fleur's mouth with a huge kiss. They sloppily and messily kissed with Fleur reaching behind and removing Bo's top. The few strands of fabric covering her tits came out and then they came out for some air.

The static combining between the two lovers increased. Bo sucked and slurped on the edge of Fleur's mouth while also locking eyes to Harry. Harry moved onto the chair to have some fun. Both women moved over to the other side and stood across from each other.

They joined together for a kiss at the same time Harry fingered both of them. Evidence of their excitement stuck against Harry's probing fingers. He pushed into the heat and made them squeal into each other's mouths.

"I have to have it!" Bo yelled.
Bo received a very powerful orgasm. She felt a lust burning through her body to drive herself on Harry's cock and ride him until his cum drained from his balls. She wanted to leave him winded or collapse trying.

But another stronger thought entered Bo's mind, and the thought of Harry taking that sweet French pussy and dominating him.

"Look at this pussy," Bo said. "You want to be in it, don't you?"

She squeezed Fleur's pussy the second Harry's hand shifted away. Her eyes shifted over the deeper Bo dug her nails against her wet pussy. Fleur rose her hips up and down to meet Bo the further she pushed into her.

"You want me to take his big cock and fuck you right here on the bench, don't you?"

The lust building through Harry and Fleur indicated the two of them wanted to do that. Harry grabbed Fleur and pushed her down onto the bench. He grabbed Fleur's nice breasts and gave them a firm squeeze. His hands guided down to her nipples and squeezed them. The rising of her breasts encouraged Harry to keep furthering his grip down her chest until he received a certain point down on her.

"Oh, shit, that's a good spot!" Fleur begged him.

"Oh, I know another good spot."

Two lovers joined together with Harry's massive cock driving into Fleur's warm pussy. He collided with her insides with the energy flowing between her. The sexy Veela shot up to meet Harry's hard thrust. He just buried herself into her.

Bo licked her lips and looked very proud of everything she accomplished. Harry's massive rod slid into Fleur's very wet cavern. Bo followed the progress of Harry's rod sliding into Fleur and then pulling completely out. The wizard drove himself repeatedly into the Veela. Bo rubbed her body and breathed heavily. Energy surrounded from her fingers when drilling into her body.

"You were born to be fucked," Harry growled in Fleur's leg.

Fleur dug her nails into Harry's back and just really enjoyed the ride. The wizard planted his full and throbbing rod inside of her. Fleur snapped back against Harry the deeper he pushed into her.

"MMMM, MMMM!" Fleur breathed. "AH…OOOOH!"

They connected together with Harry pushing his rod into her. The moist center twisted around Harry's big cock the further he pushed into her. His hard head stroked against Fleur's dripping slit with Harry pushing against her. His hands grabbed Fleur's tits and tugged on them.

Her body gave in to the lust she felt. Harry slid deep inside of her. His balls slammed against her the further Harry planted his rod inside of her. Fleur's body burned into lust as she wrapped her legs around Harry and pressed him in top. Her pussy oozed juices around Harry's cock.

Bo watched the deeper Harry pushed into the Veela's body. The wizard planted into her as the orgasms flowed like honey from the sex-crazed creature. Bo could get drunk off of the power from both of them. She could not jam her fingers deep inside or pleasure herself fast enough.

"Break her!"
She jammed her fingers into her so far that it took a minute to lodge them from her clenching pussy. Bo repeated this gesture repeatedly and constantly. Her mouth hung open the deeper Bo slowly pushed into her. Her rapid fire pushes made her lose it completely.

"Mmmmm, oooh, ahhh!" Fleur breathed to herself.

She hit the wall with another powerful orgasm. Harry rode out the clenching of her walls and planted himself into her. The wizard's balls left their mark on Fleur. Her body thrashed underneath Harry the deeper and the further he pushed into her.

Harry became closer as Fleur's slick and velvety smooth walls gripped him as snugly as possible. The hot grains of sand dug into Fleur's body. A normal woman would have screamed out from the pain. A normal witch even would have had some discomfort after a while. Fleur was not afraid of a little fire dragging into her body. She just kept up and met Harry returning fire against him.

"Oh, you're the gift who keeps on giving."

His balls clenched a little bit more. Her wet walls grabbed him and held onto him tight. She was not going to let go of him not even for a second. Fleur was going to receive her gift one way or another. Her pussy received the pounding that it long since deserved.

"You are a gift, both of you."

Bo latched her mouth around Fleur's moaning mouth and absorbed the essence from her body as it was peak sexual performance. She dragged the Veela into a sexual coma and felt herself super energized from drinking such a great essence.

The feeling of Fleur being drained by Bo's skilled mouth only made Harry work further into Fleur. His cock gave way and exploded into her body. He launched so much sticky seed into her body that it oozed out before he finished cumming inside of her.

Fleur's unconscious body collapsed onto the sand. Harry pulled out of her as Bo lifted her head up to look at Harry. Her lips puckered together with a smile. An energy surrounded her mouth, which left only the taste of girl cum in her mouth. She moved over towards Harry and put her fingers on his back.

"Oh, that's my man."

Bo kissed him viciously on the lips. Harry returned fire as their lips connected towards him. The two spun around with both of them feeling each other's bodies up. Bo arched back to allow Harry to take control of her breasts. He jiggled them and she smiled.

The dark-haired vixen jumped up and put her legs around Harry's waist. Bo lifted up and did not care whether they both collapsed to the ground. She took the underside of her hand around the edge of Harry's big cock and drove it inside of her body.

"OOOH, HARRY!"

Bo slid down onto Harry's hard cock and pushed against him. Her wet pussy grabbed onto Harry's hard cock and pushed against him. The wet pussy of the succubus rode up and onto him.

Harry hovered above the ground so his legs did not shift from underneath her. He put his hands flatly on Bo's back and gave her backside a squeeze. Bo ground herself against him and pulled away. Only the tip of Harry's cock kissed her wet slit before driving down onto his hard cock.
Their bodies connected together with pleasure. Harry was ensnared in a very sexy sheath of female flesh. Bo's warm body pressed up against Harry the further he pushed himself against her. His hard cock tempted her entrance when pushing against her and then pulling completely out of her.

"Oooh, you stud," Bo breathed. "Oh, fuck me tender!"

Their bodies absorbed the mutual arousal of the other. Harry put his hands on Bo and could feel her highly aroused body. She slipped down onto him and drove herself onto her. The succubus exhibited her need for his cock quite nicely by squeezing him and not letting him go.

"I'm going to drain you dry," Bo breathed in his ear.

She nibbled Harry's lips and ear, and he shifted down after a second. Harry attacked Bo's heaving chest and squeezed her. The breathing and writhing succubus drove her warm pussy down onto Harry's hard cock. She picked up the pace with each moment.

Harry allowed himself to submerge into the decay next to him. The wizard held onto her warm chest and rubbed on her nipples. He pulled back from her and looked up towards her face.

"Many have tried."

Bo's toes curled at the thought of making an attempt at him. She tried to throw her all into him. Her bravado was not going to be denied right now.

The two matched each other when hovering up above Fleur's unconscious body on the beach. Bo dug her nails into Harry and ran down his body.

"Oh, think about how tight my pussy is and how much you want to cum in it! You'd like that. You'd like to put your cum inside of my pussy. Just think of the daughter the two of us could create."

"Don't make promises you're not prepared to keep," Harry said.

"What if I am?" Bo asked.

Harry sunk his nails into Bo's ass to hold her tight and drove into her body. He dragged his energy into her body and stimulated her nerve endings. The two indulged in the most tried and tested human interaction. Bo's nails scrapped against Harry the further he pushed into her wet cavern.

"Then, you better be ready to get the biggest load ever."

Anticipation built through her. Every moment Bo dragged closer to the edge of her passion. Harry planted his cock into her body and pressed into her. Bo clenched on his muscle and milked him.

Harry reached ever closer to his edge the further he pushed into her body. Bo's wet pussy clamped down onto his hard cock and shoved into her.

"CUMMING!"

He decided to join her, waiting for Bo's orgasm to reach her peak. Her sexy body thrashed in mid-air the second Harry drove himself deeper into her. His cock buried as deep into her with their bodies smashing together. Harry made Bo arch back in air and prepare to receive his cum.

"FUCK!"

Harry fired his hot cum into Bo's wet pussy. He pulled almost all the way out of her and then drove
into her repeatedly. His balls drained their cum into her body and allowed them to descend to Earth.

Bo rode Harry straight to the ground. Her heated groin absorbed the heat from her. His heavy load entered her body when Bo kissed Harry. She absorbed the most forbidden essence of them all. The power of the Chosen One, the Black King, the Dragon, whatever he was called, drained into Bo's body.

Her tasty lips merged with his as Harry pushed into her. His last few thrusts brought himself into Bo's body when driving into her.

"I don't think I'm drained yet."

Bo almost could have smiled at that one. "Oh, I know. If at first you don't succeed....."

She placed a hand on Fleur's head for a second and caused her body to shake with an orgasm. Bo turned herself to Harry and aimed for his rod which stuck up once again almost as if it sensed a sexually aroused woman was near.

"Try again!"

Bo drove herself onto Harry. Her soaked and worked over pussy tightened up enough to envelope Harry. The succubus made a second attempt to submerge into Harry. She rode Harry for the second time tonight and it would not be the last time tonight if she had her say.

Fleur's eyes opened and pretended to be asleep as she prepared to take her moment when the Fay had been at her most sexually distracted.

Revenge would taste sweet.

End.

Unholy Worship (Helena Bertinelli)

Unholy Worship (Helena Bertinelli/Huntress from DC Comics).

Dim light filled a Catholic Church deep inside of Gotham City. A gentleman dressed as a priest looked over the opened doors and noticed a figure sauntering her way into the church. She moved with a few careful steps which grew closer each step she took. The woman edged closer towards the man with a smile crossing over her face.

The dark-haired woman dressed in a Catholic Schoolgirl's uniform with a few modifications made. The woman stepped a few inches with the white material of her outfit pinned against her ample chest. Deep and mesmerizing cleavage caught the attention of the priest who smiled. Her plaid skirt only barely covered what needed to be covered and it appeared as if she thought underwear was a burden on this night. White sheer stockings clung greedily and enticingly to her long and dazzling legs.

The woman approached the edge of the church and smiled. The crucifix dangling from her neck drew even further attention to her cleavage. Helena Bertinelli's dark alluring skin showcased her Italian heritage with a smile on her face. Her blue eyes looked rather smoke when she moved towards the priest and pressed up against her.

"Father Potter, I'm in need of your assistance."

A few seconds passed with Harry smiling at her. "Yes, my child, what is it you need?"

Harry placed a hand on her shoulder to get the gorgeous vixen's attention. Helena's lips popped together when leaning in closer towards Harry. Her tongue danced against her lips whilst moving just a little bit closer to the man in front of her.

"I've been…pent up. There's just something demanding to get out."

"You feel something dark inside of you?" Harry asked.

"Yes," Helena confirmed a few minutes later. "And it's…it's haunting my every night and leaving me waking up at night, shivering and dripping. I can't deny it any more….I feel like life has not been fulfilling."

"At ease, my child."

Harry put a hand on Helena's cheek and rubbed it. She looked up at the young man in front of her and smiled. Helena's eyes traced over his body.

"You lack purpose. Most times, you can find your purpose in your worship of a great power."

The woman's fingers curled against the chest of Father Potter. The schoolgirl's tongue danced between her lips when moving closer towards her.
"Do you ever feel a need so deep that you just have to work away your frustration before it overwhelms you?"

Helena latched the back of his head. Harry reached around and felt her bare back when it rolled up against her. Harry's smile crossed in his face.

"All of the time. But, there are certain activities which relieve the pain. You can be saved if you just have faith in what you're worshiping."

The eyes of the Italian beauty looked over his body. Her hand came down past his front towards his abdomen. Helena stopped cold at the edge of his pants. Her hand encircled his crotch and could feel something growing against her. Helena's fingers clutched him for a few seconds and then released him with a teasing smile.

"I see," Helena said. "Oh, I see the light, Father!"

She wrapped her arms around his head and pulled him into a kiss. Helena purposely missed her lips to bury him briefly into her chest pillows. Harry pulled up and she gave him a very intense kiss. Their lips buried together with their tongues meeting in the center.

Harry reached down and put his hands on the back of her right leg to steady you.

"Yes, I can see a woman like you is in desperate need of salvation."

The doors of the church closed because of some invisible force. The only thing entering the church was the moonlight. Harry's hand never once left the back of Helena's leg. He moved into position and parted her thighs to rub the area between them.

"I do need saving," Helena admitted. "I think…you need to perform an intervention, Father."

A smile popped over Harry's face the second he reached underneath her skirt and felt her bare center. Helena closed her eyes and Harry planted a couple of soft kisses on her cheek. He pulled away from her and then dove in to kiss her on the lips.

Their kiss lasted for a long few minutes and lingered the deeper Harry pushed his tongue past Helena's oral hole. He moved deeper and faster into the mouth of the temptress in front of him. Helena opened her mouth far and wide for Harry to explore the inside of her mouth.

The two parted ways to leave Helena in a state where her body warmed up. Harry made his way to feel up her neck and touched her chest. He felt the rising bust threatened to move out. Harry unbuttoned her top and revealed Helena's bare breasts.

A cool gust of air blasted through the church and set Helena's nipples up high. His able hands clutched Helena's warm chest and gave her ample orbs a squeeze. Helena's eyes shifted over from what Harry was doing to her and he was doing a whole lot to get her motor running.

"Oh H…er Father Potter!" Helena breathed. "Oh, fuck, that feels so good!"

Harry just smiled and came in with a light little kiss. He tenderly touched the edge of Helena's jaw and made her breath in. He reached behind and grabbed Helena by the hair to make her look at him.

"I believe it's customary to kneel."

Helena did not kneel just yet. She tore off the robes to reveal Harry dressed in his underclothes. His
big cock strained against the pants. Helena made quick work of his pants and then his boxing shorts.

"I better worship my higher power."

She used Harry's robes as a cushion to drop to her knees. The hard cock stuck out and came inches away from striking Helena in the face. She started at the base of his cock and licked all the way up. She looked up at him with imploring eyes and then moved her way to the tip of his head.

The green-eyed man put his hands on the back of Helena's head as her mouth made love to him.

"I'm afraid there will be great offense if you don't worship your higher power completely."

The mighty cock parted Helena's warm lips and eased slightly into her mouth. Helena could have swallowed his mighty prick the deeper it pushed past into her throat. She gave a very hungry and intoxicating moan the second Harry pushed inside of her.

"Mmmm!" Helena moaned at the top of her lungs. "MMMM!"

Harry grabbed the back of Helena's head and pushed his cock into her. The Catholic School Girl deep throated the hard prick of the priest. She got on her knees and worshipped like she never worshipped before. Every suck brought Harry closer to the edge. Those eyes burned with such impressive naughtiness it was hard for Harry to hold back his own thoughts.

"Yes, my child. Give it your all. Show your devotion to me!"

The hard lip smacking engulfed Harry's mighty rod constantly. A never ending assault of Harry's male endowment left Helena choking for even more. Her tongue danced over the tip of his rod and then swirled back around to meet the base of his cock. She took the tip into her throat and worked Harry over with her mouth.

"Not the time," Harry ordered. "Step back."

Helena's mouth did not receive the gift. She pulled back with some regrets in her eyes. Harry motioned for her to move over. Helena put herself over to the Preacher's stand and cupped her hands over it.

"I'm going to have to absolve you of all your sins, Ms. Bertinelli," Harry said. "And there's only one path to salvation inside my church."

His fingers pushed against the wet snatch. Helena's eyes glazed over the further Harry entered her pussy from behind. Another hand moved over and cupped her bare breasts as well. His hands worked her into a fever. Helena's legs almost buckled against her.

"You will be forgiven in time. But, right now…."

Harry's cock edged up against Helena's slick entrance. She kept pressing her hands against the stand with Harry bending her over.

"Give me an amen!" Harry growled in her ear.

"AMEN!"

That word empathized Harry's cock entering Helena tight snatch. The moist center hugged onto Harry when he placed his hands on her. He maneuvered his hands around her body and kept feeling
up her backside. He squeezed the ample ass and slapped it before slamming inside of her pussy when she had been pressed down.

"Oh, my young lady, I believe you have a lot of sins to absolve today!"

"Get to absolving, Father!" Helena yelled at the top of her lungs.

Harry just smiled as jolts of magical energy flowed through his body and struck Helena in the most sensitive areas of her body. Her breasts hung out for Harry to grab onto and to touch. He worshipped Helena's round orbs and gave them a very select squeeze. He pulled away from her tit and then gave her another squeeze. Helena looked over her shoulder with a smoldering gaze.

"Oh, again," Helena breathed.

The handsome young man pushed into the naughty Catholic schoolgirl. Her ass jiggle when Harry slammed into her body. The sounds from Helena's mouth encouraged Harry to hammer her pussy with even more vigor. His clenched her ass and gave Helena a very intense thrust into her. Her entire body squeezed around Harry's tool when he pulled out of her and pushed back inside of her.

"Time for you to achieve your release so you can be free! Free of all that is pent up inside! Free of all which is twisting your body and tormenting your soul."

Helena was not certain it was her soul being tormented as Harry planted his iron hard rod into her. His balls slapped Helena from behind with each thrust. Harry gained momentum. His bare cock touched Helena's center. Harry pulled out of her with the tip of his cock dancing on her.

The wizard slid his massive prick into Helena's womanly core. She hugged him from the thrust to end all thrusts. Harry pushed his way almost all the way out of her. His tip danced on Helena's pussy slit and lightly brushed against her. Harry inched closer to an intrusion into her welcoming body.

"Get ready. Here it comes."

Helena prepared herself for Harry's intrusion inside of her one more time. She grabbed tightly against the wood and a different kind of wood spiked her body. Her loins stretched out the further Harry buried deep inside of her. He slid almost all the way out of her body.

"Get ready for more," Harry said. "We have a long way to go. And I'm not done making you feel the force of this! You're going to feel the power!"

"I feel the power!" Helena yelled.

She would have screamed out "amen" again if a huge cock slid into her body. Harry's healing hands brought the tension out of her body. Her walls brushed and tugged against the intruding tool of lust inside of her.

Harry pulled out of Helena and she almost collapsed to her knees. The adept gentleman caught her and turned Helena around. He scooped her up and turned her around so she laid back against the stand. It wobbled underneath Helena the further Harry moved towards her.

"Ready for the next step."

Helena's legs tightened around Harry to pull him ever so closer towards her. The heat of her pussy scorched and needed one thing to fill it. The tip of Harry's cock danced against Helena's warm womanhood. She pushed up closer towards Harry to feel him closing into her. He grew ever so
They met one more time. Harry grabbed onto her torso for added leverage and then moved up. Her chest was the object of Harry's very frantic attention. He groped her breasts much to the sinful enjoyment of the Catholic Schoolgirl who succumbed to his cock.

"Good, you're being absolved."

She moaned hotly in Harry's ear. His massive cock pushed past her walls and into her smoldering hot core. Helena clutched Harry with her pussy walls enveloped around him.

"Looks like you have your own demons to work out, Father?"

Harry touched her breasts and brought a moan towards her. He let go of the funbags of this sexy vixen before pushing down against her. He drove down into Helena's warm pussy with a constant series of thrusts down into her body.

"We all have our vices, my dear."

Helena touched lip to lip with the man above her. Their bodies connected together with Harry working his way further into the woman in question. Helena's nails scrapped the back of the young man's neck the deeper he pushed inside of her. Helena bumped her hips up to meet Harry as he thrust deep inside of her.

"Fuck," Helena moaned out of the corner of her lips.

His hard cock struck her in places which Helena never knew would drive her to such a state. His thick balls pushed against Helena's body the deeper and faster he plunged inside of her. Helena grabbed onto the back of Harry's shoulder and encouraged him inside of her.

"You're adept at many things. We can work on this."

Harry grabbed Helena's ass and slammed down into her pussy. His cock touched her womb and then he pulled out of her. He pushed into Helena again. The constant thrusting brought Helena's pussy to a state of satisfaction. Her wet pussy grabbed onto Harry's rigid prick.

"Make me cum all night long."

Strong fingers caressed the back of Helena's stocking clad legs as they kicked up into the air. Her legs dangled off the side of podium as she arched herself back. Her back would be sore in the morning from mainlining this position for so long. It would be worth it to get this cock inside of her so deep and so fluidly.

"I'm getting closer," Harry growled. "And you are too."

"I am...too," Helena agreed.

Her nails dug into Harry's back the second he pushed into her. He lifted her up so they met more closely. Helena's overtaxed loins met Harry.

Harry eased her to an orgasm. Her pussy secreted the necessary lubrication for Harry to struck Helena from underneath. His big balls danced against her. They struck her clit which only encouraged Helena to hang onto the back of his neck. He looked at her eyes burning in lust and knew sooner or later, Harry would have to give into his inhibitions.
"You're going to cum for me tonight," Harry groaned. "Cum for me nice and hard."

"Father, I'm cumming!" Helena yelled.

Her sinfully tight pussy grabbed Harry's massive prick. His prick engulfed the slick center of the Catholic Schoolgirl who squirmed underneath him. Harry pulled completely out of her and drove into Helena's tight pussy from over the top.

Harry drove his cock into her. His loins hit their limit and started to gush.

"Oh, you sinful bastard, knocking up a woman who has come to you for help!"

Her reprimanding words only caused Harry's balls to clench tighter and fire into the pussy of the woman underneath him. Harry's manhood spiked inside of Helena at a constant state until the cum became less abundant and she finished.

The encounter finished and Helena swung her legs off to land on the ground. She grinned at him.

"So, I guess that it's your turn to pick next time," Helena said.

Harry shook his head. "I can't believe a catholic girl like you would be so debauched."

"Blame it on the strict upbringing," Helena said with a shrug. "So, I might have a confession to make."

She wiggled her ass and edged towards the confession booth. Helena's enticing ass moving towards him only spurred Harry to follow.

End.

Next Chapter on 8/8/2017.
Given Their All(Artemis and Athena)

Harry Potter had been summoned to Olympus after a heroic victory. Over the past couple of years, he gained connections to several of the goddesses. Aphrodite took an interest to him very early and took Harry under his wing. And he owed her a lot of what he knew. Some of the other goddesses also took a liking to him.

"Once again, a goddess finds herself in your debt, Harry Potter."

A strikingly beautiful woman with dark hair dressed in a tight white toga stepped forward. She wore a pair of glasses on the bridge of nose, even though she did not need them. It did really showcase the naughty librarian look she was going for. The woman sauntered over with a very obvious and knowing smile on her face. Athena, the Goddess of Wisdom, moved closer towards Harry. She took his hand and lead him further into the palace temple.

"It's a common occurrence," Harry said. "Although to be fair, it's not just a goddess who is in my debt…"

"No, it's two."

A strikingly tall woman dressed in a tight black top and a pair of skin-tight black pants stepped into the picture to face Harry. Artemis, the Goddess of the Hunt, smiled. Her dark hair flipped down her back. She eyed Harry for a couple of seconds. Her interest in him had been obvious.

"Well, maybe it's two goddesses," Harry admitted. "Still, you can't deny that I've helped save a lot of people out there tonight."

"Yes, we know, honey," Athena said. "And with that, you deserve a reward."

The two virgin goddesses moved Harry back into the bedroom. They were going to give him something which they had saved for a very long time. Athena moved in and put a hand on Harry's shoulder.

"At first, we were skeptical about you when Aphrodite told us your plan," Athena said. "You come from a society of people who are not the most enlightened of them…no offense."

"None taken," Harry said.

Artemis stood behind Harry and rubbed on the back of his neck very lightly. She moved closer towards the strong young man and whispered in his ear.

"But, you've proven yourself to be above and beyond anything we've ever seen. And after what you've done today, I think that deserves a reward."

She decided to take off Harry's shirt to gain further access to his muscled back and torso. She ran her hands over Harry's body and moved over. Athena already had been at the front of Harry.

"You'll find a nice relaxing massage really helps you out after a long and hard hunt," Artemis said.

The words long and hard had been given an extra pop with her mouth. Artemis rubbed Harry's abs
and moved over to lightly tease the belt of his pants. She started to unloop it for a second and then paused. She allowed Athena to get his pants off.

"I've wanted to see you out of these ever since Aphrodite would not shut up about them.'

The Goddess of Wisdom may not have laid with a man, but she had knowledge on pretty much everything.

The object of her desire came out in front of the palm of Athena's hand. She rubbed through his pants which made Harry even harder for her. Athena dragged her tongue over her lips with hunger dancing over her eyes. She had to have this nice big cock out of Harry's pants and ready for her consumption. She pulled down Harry's pants and caused his cock to come out into the picture.

"I must have this," Athena breathed hungrily. "It's larger than average. You have a very divine cock."

Artemis's top came off and her soft breasts pressed against Harry's back. Harry smiled and helped Athena move into position to take his cock. The goddess had to make a small adjustment to get Harry's cock into her mouth. The moment she did, pure warmth surrounded Harry's throbbing erection.

"Oh, that looks like fun, and those large balls are being neglected," Artemis said. "Why don't we fix that?"

The topless goddess dropped down onto the ground. Harry prepared to get a thrill of these two goddesses exploring their pent up lust with his cock and balls. Artemis cupped his balls and caused a jolt of pleasure to spread through Harry's body. From the top of his head, to the tips of his toes, Harry experienced pleasure unlike anything he had ever felt more.

Athena took Harry's cock into her mouth. The warmth spread around Harry's manhood the second she slid him inside. She pulled back a couple of inches and then wrapped her lips around his cock before pulling back away from Harry. Harry groaned the second Athena flexed her hand around his balls and then relaxed the grip. He received a nice and perfect blowjob around his massive prick.

"Fuck," Harry groaned.

The goddesses took extra care to worship Harry's cock. Harry's hands brushed against the back of their heads and they rewarded his gentle caresses by giving him a very powerful deep-throat blowjob. Harry continued to guide his cock inside of Athena's tight mouth.

"Keep sucking my cock like it's your job," Harry said.

His hips bucked up and he felt really great with the hard cock-sucking. The beautiful mouth of the goddess ensnared Harry and released him. Those lips pushed down Harry's prick and released him after several minutes. Artemis decided to take a turn.

Both women alternated sucking on Harry's big hard cock. The moment they finished blowing him, they both licked down the side of his cock. They met the tip of his cock with a long and hungry kiss.

Athena slid Harry's member back into her oral cavity. She took him as deep as possible as he could. Artemis moved around the section of cock which could not enter Athena's mouth with ease.

"Suck it, suck it, you naughty goddesses!"
The messiness of the double blowjob coated Harry's cock all the way with their salvia. Artemis took his balls and felt how full they were. The goddess applied some pressure to squeeze and pull at Harry's balls.

"She wants your divine gift," Artemis said. "Choke her with it!"

Harry pushed his hard cock deep into Athena's throat cavity. It stretched around Harry's hard cock the second he pulled back out of her mouth. He pushed back into her throat with a constant level of thrusts. He grew even harder when his organ swelled up to release the flood inside of Athena's mouth.

"MMMM!" Athena moaned at the top of her lungs. "MMM!"

She took more of Harry's hard prick inside of her mouth. It spurted sticky cum into Athena's mouth. She swallowed his prick and sucked in like it was her job.

The second Harry's cock dislodged from Athena's mouth, it was not done spurting and it caught Artemis in the face. She had been surprised, but not displeased to get a full facial of Harry's divine seed. It did give her skin a bit of a glow. Artemis scooped the cum from her fingers and proceeded to suck her fingers dry of the seed.

"Delicious," Artemis said. "Athena, come here darling. I want to taste what our hero has left to you."

Athena ascended from her knees with the expected amount of grace from a goddess like her. Artemis cupped Athena about the area of her cheeks and kissed her very deeply. Their tongues danced together. Artemis's able hands relieved Athena of her garments and dropped it down to the ground to reveal her perfect body for consumption.

Harry's attention turned to Athena's perfectly formed body. Her two breasts stuck up and looked stunning. The only thing she wore was a pair of glasses and that made the goddess look more divine. She walked over and straddled Harry's lap.

"It's time," she told him without any shame in her eyes.

Years passed, lifetimes of people went by as Athena waited to meet with her dream man. All of her dreams came true the second her wet pussy dropped down onto his hard cock. She stretched her warmth around Harry's cock as he explored her body.

Able lips danced every inch of Athena's deliciously warm and sexy body. His fingers stroked Athena's hard nipples for a moment and brought her to a scream of passion. Athena bounced up and down on Harry's hard cock the deeper he pushed around his hard cock again.

"Oh, this is amazing," Harry said.

Athena never felt so much pleasure dancing through her body. Harry's hands rested on the back of Athena the second she ascended and dropped down onto him. Her wet pussy stretched around Harry's pole and took him as deep inside of her as humanly possible.

"Yes, yes, yes it is!" Athena yelled at the top of her lungs.

Artemis presented herself at the end of the bed and was ready to have her turn. Harry slapped her firm ass a couple more times which caused her to shiver in pleasure.

"Oh, I think that I'm going to enjoy fucking that tight pussy."
Harry enjoyed the thought of how much he would like driving his hard cock inside of Artemis's snug snatch. He switched his focus to the warm sheath driving its way down onto him at this moment. The goddess of Wisdom gave Harry the benefit of her wisdom.

"Make me finish!" Athena yelled.

Harry grabbed her ass and made her jump up. He channeled electricity down the base of the spine of the no longer virgin goddess. His huge balls slapped against Athena's wet pussy the deeper Harry plowed inside of her body.

"Fuck…fuck me tender!" Athena breathed.

"Oh, her pussy needed a real pounding for so long!" Artemis moaned. "Take her….take her….TAKE HER! AND BREAK HER!"

"Just wait until I get to you."

Harry buried as much of himself inside of Athena as possible. He now had Athena on her back. Her legs spread far and wide. Artemis walked over and took Athena's toes into her mouth before sucking it. The naughty goddess closed her eyes as Artemis sucked Athena's toes at the same time of Harry's hard cock driving into the pussy of the goddess of wisdom.

Those balls slapped against Athena's pussy. She felt the load and knew there was only a matter of time before Harry deposited his gift inside of her wet snatch.

"OH, HARRY!" Athena moaned out loud.

She bucked up to meet Harry's hard cock. The thick rod speared into Athena and made her thrash underneath Harry. Harry plunged himself deeper and faster into Athena. Their skin smacked together with the hard fucking Harry gave Athena.

Artemis smiled and watched Harry descend down into Athena. She got a nice little hint of the future which greeted her sooner rather than later. Harry's big cock pushed its way to Athena's pussy.

"Get ready," Harry said.

Athena positioned herself for Harry to grab her supple breasts. Harry sucked them so hard that milk trickled out of them. He dug his mouth against Athena's aching nipple and plunged himself into her body. Their skin smacked together the more constantly Harry drove deeper inside of her.

His balls finally sized up and sent his semen flooding into Athena. Harry pushed up and down and watched her stomach distend as he pumped his load into her.

Harry finished speeding his thick essence into the goddess. The goddess received a long and concentrated blast of cum buried inside of her pussy. Athena flexed her walls against Harry the deeper his rod pushed into her. Their bodies smacked together with the constant ascending and descending of Harry burying his juices into her body.

The second Harry pulled out, Artemis grabbed his cock hard. She climbed back onto the bed with her thighs spread together. The goddess kicked her legs back behind her head and showed how flexible she was. It made that already tight pussy of hers even tighter.

"Are you sure you can handle this?"
Artemis's hand grabbed Harry's hard cock and pushed all the way down to the base. She squeezed him and made the wet cock of the hero extend against her.

"I'm wondering if you can handle this," Artemis said, her breath touching his cock. She rose to her knees and ran Harry's cock down the front of her breasts. "If you can handle all of it."

"Get on your hands and knees and find out."

Artemis turned around and rose up off of the bed. Harry climbed directly behind Artemis and cupped her breast before squeezing it. His hard cock rubbed against Artemis's wet slit. He came a couple inches away from Artemis and pushed against her. The friction build between the two lovers and Harry aimed his rod against her.

Harry planted his throbbing hard rod inside of Artemis with a couple of long pushes. The wizard slid deep into her body and pulled out of her. He grabbed her ass and then spanked it before pushing into her one more time.

The first few pushes into her pussy were a bit of a labor. Harry established his momentum and drilled inside of her. Her tight pussy closed around him and squeezed his prick. Every time Harry pushed inside of the body of the goddess, he could feel his balls about ready to give way to their lust.

"Fuck, Artemis!" Harry groaned.

"Yes," Artemis encouraged. "Grab my fucking tits and maul them!"

The huntress was not the type of woman who would take no for an answer. Harry handed her tits roughly. He could see Artemis's head dip down so she could attack Athena's exposed cunt. The action of one goddess tongue-fucking the other witch such precision.

"I've never been penetrated. Never stopped me from penetration another woman."

Harry thought that was fair enough. His massive prick dug into Artemis's wet pussy the deeper he pushed inside of her. He could feel the tell-tale sign of a woman cumming around his prick. The explosion of womanly juices only made Harry push into her deeper than ever before.

"I can tell!" Harry groaned.

Athena knew first-hand what Artemis had been capable with her wicked tongue. Her tongue danced down the edge of Athena's slit and drank her out.

Harry got off from Athena's hot moans. He pounded Athena with a constant barrage and series of hard thrusts. His balls smacked against Athena on a constant and repeated basis. He build up momentum and prepared to release his juices into her.

"Go ahead," Artemis said. "Don't you dare hold back on me! Drain them! Or I will drain them!"

Said point of wanting to drain Harry's balls had been empathized when Artemis manipulated her well-toned inner muscles and stretched his cock. Harry regained control of her and showed Artemis who the master of this dance was. He pounded Artemis through the end of a very fulfilling orgasm.

Artemis grabbed onto the bed, to Athena's thighs and everything else she could get her hands on. Harry finished hammering her from behind. His balls slapped Artemis when drilling her from behind.
She saw the wonders of light when cumming from Harry's big cock. Harry struck Artemis hard and deeper inside of her. His balls sized up.

"You want to cum for me," Artemis said firmly and with confidence.

"Yes!"

Harry drove his raging rod inside of the goddess. Her walls tensed around Harry and provided him with the necessary movement to release his cum inside of her.

The warm seed spilled into Artemis. She milked every single last drop from Harry's balls when he released his essence inside of her.

Harry finished, pulled out of Artemis, and rolled over onto his back. The second he was on his back, two beautiful faces hovered over him and started to lick his cock and balls to bring him back to life. They were not done by a longshot and Harry was happy to let these goddesses worship his cock all night long.

'Being a hero is awesome sometimes.'

End.

Two young women walked down the backstage hallway of the night club. Valerie Brown and Melody Valentine stepped, waiting for their fellow band member, Josie McCoy, the name sake of the Josie part of Josie and the Pussycats. Melody pushed her fingers through her hair and sighed. The ebony-skinned beauty shifted back a couple of inches and turned to her band member.

"Josie said that she would meet us here, right?" Melody asked. "Because, she was meeting with that guy who was going to….well he claimed that he could get us a chance to play at this club."

Valerie responded with a nod. "Yeah…that's….I really hoped something didn't happen."

Both of the girls did not meet the guy in question who had offered himself up to be the management for Josie and the Pussycats. Josie sounded pretty over the moon and gushing about this guy. The other two girls humored their friend and band mate as her gushing became almost obscene with how excited she was to meet this particular gentleman. Melody reached for her cell phone and realized she saw a text message.

"Room Nineteen," Melody said. "He wants to meet us there, Josie is already there."

Melody and Valerie made their way down to the hallway. They were stopped by a man in the hallway.

"We're here to see Mr. Potter," Valerie offered. "He says he's waiting for us in….."

"Room nineteen," the security guard interjected. "I know."

They moved through the brightly dim hallway. The sound of music rocked in the club in the otherside of the hallway. Melody and Valerie stepped to the other side of the hallway. They stopped short of the entrance of Room Nineteen.

"How do you like that?" a low voice growled.

Melody listened in closely, and heard Josie's voice. "Oh…that's perfect….and the perks…they're…great!"

She moaned out the word great which resulted in Melody frowning. Valerie already had her hand on the door and pushed it open. Both of the dark-skinned females looked stunned when they saw something.

Josie was naked from the waist down and bent over the table. Two hands ran down her body and felt up her perky breasts through her top. Those hands moved over to cup Josie's ass.

That was not the only thing the two other band member saw. Valerie's eyes widened at the fact that Mr. Potter was naked from the waist down as well. His hard cock rubbed against Josie's pussy.

"Fuck," Melody said.

Josie opened her eyes at the two girls who looked shell shocked. She gave them a smile.

"They're here, just as I promised," Josie breathed.
"Nice," Harry said. "Why don't you two girls have a seat, and I'll be with you in a moment."

There had been no words coming from both of the girls. Their feet moved on their own accord as they sat down on the chairs. Their gaze followed the young man as he put his hard cock at Josie's slick entrance. Her hole came close to engulfing him.

"And you'll find that being under my management is very rewarding," Harry said. "And also, I can help you hit that high note."

Harry's hands pushed against the nubile body of the sexy musician. Josie's eyes screwed shot the second Harry rubbed his swollen head against her. It was obscenely large and she only got more excited. Harry undid her top and pulled it off. She was completely naked except for the boots she was wearing. Harry ran his hands down her back and cupped her backside before jiggling it in his hands.

"Sir, help me," Josie said. "I need this, so bad."

"I know," Harry said. "You said you'd do anything…and I can give you a taste of what my management can do for you."

Harry's massive cock plunged into Josie's snug cavern. The wetness of the delicious singer hugged onto Harry's body.

Melody threw her head back against the chair. She could not believe a white boy would have a cock that big. Then again, perhaps she shouldn't encourage such stereotypes. She watched as the tool of lust drove its way as deep into Josie as possible.

Valerie slipped off her jacket and rolled up her skirt a little bit. Her fingers desperately clung to the side of her thighs when rubbing herself. Valerie could feel the heat build deep inside of her.

"Oh, you need some help?"

The two girls had been so hot and bothered, they launched at each other with a kiss. It had not been a first time they indulged in some mutual self-pleasure. Mel's tongue shoved down into the throat of her fellow band member while running down to cup her ass.

"Oh, fuck," Josie yelled. "Oh, damn it, you two…you two are getting me so fucking turned on right now!"

"They're pretty hot just like you," Harry said.

Harry continued to drive his meat pole deep into the cavern of Josie. She hit a higher note than ever before with Harry plunging into her body. His hands ran down her body.

Valerie undid Melody's shirt and then buried her face into her cleavage. The two girls indulged in each other.

"Come here, ladies."

The two girls pulled away and wondered what their potential new management had in store for them. They found out instantly when Harry relieved them of their panties without disturbing their skirts. He never once broke his momentum in driving deep into Josie. He moved closer to Val and Mel and rubbed their pussies.

"Oh, Jesus Christ," Mel cursed at the top of her lungs. "That's…that's amazing."
Val had been driven beyond words but she would have to concur. Harry's hands worked magic on her pussy before switching to run down her stocking clad leg. She would be ready to ride his cock all night long if Harry would have allowed it. And she needed relief.

"Quit hogging his cock," Val begged Josie. "I need it now!"

"Excuse me, whose name is on the marquee?" Josie sassily asked.

A growl came out of the throat of the girl who tried to make Harry's fingers go deeper inside of her. She squeezed him very hard when Harry pushed into her from behind.

Harry and Mel met each other with a kiss. He aggressively palmed at the tits of the sexy woman in front of him while kissing her. Val collapsed down, almost hitting the ground. Thankfully she stopped herself from falling as Harry turned some of his attention to Mel while fucking Josie.

While Valerie was down on the floor, she decided to make the most of her time. She moved over to get ahold of Melody's sweet, sweet pussy. Those juices were beginning to flow down her leg and Valerie needed a taste of them. She needed a taste of it more than life itself.

Josie's thrill ride reached other hike peak with Harry driving his meat pole into her. She saw his hands were busy elsewhere, and at the same time, she felt them all over her bod.

Melody threw her hips back at Valerie's dancing tongue. The Pussycat licked some nice pussy. The vixen pushed her hips back and forth against Val's questing tongue.

Harry grabbed Josie and pounded her from behind. He watched as her ass swayed when driving into her body. She dripped with sweat as they had been going out at for a long time.

"You got be getting close," Josie said.

They had been going at it like this for a very long time. Harry's very large cock buried into Josie's moist center, with the feeling of being stretched coming very long and hard with Josie.

"Soon, but cum for me!" Harry said. "Cum for me and sing for me, Josie!"

Harry pushed his rod into Josie's body and his balls bounced against her. They were so thick and full of cum, she could feel it. Josie was on the pill, but even if she wasn't, it didn't really matter. She wanted to seal this deal and move her dream to the next level. It was how things worked in show business.

One more ram of his cock was felt as Harry buried himself into Josie. His balls sized up with tension before spilling their cum into the pussy of the woman underneath him. Harry spent a lot of time riding out his orgasm and causing Josie to feel the burn of him inside of her.

Harry finished depositing those ropes of cum. Immediately, Melody crawled over to him and groped his balls. Valerie moved over to the other side and brushed her finger tip against his cock. She tasted the sample combination of Josie and Harry's cream.

"Oh, I always knew she had a nice tasting pussy," Val said with a flirty smile. "But, your cum combined, it really makes it worthwhile, honey. I think we'll enjoy being underneath your management."

Melody said nothing for she already sucked Harry's balls. The texture of her balls were explored by her warm mouth. Val slipped the first few inches of Harry's long cock into her.
"Oh, you're a woman of many talents, Ms. Brown," Harry breathed. "You as well, Ms. Valentine."

"Thank you, Mr. Potter, sir," Val said when kissing the tip of his cock.

Mel finished giving Harry's balls a tongue bath and pulled away with a sultry smile on her face.

"So, I guess…"

The two pussycats played a game of rock, paper, scissors to see who would get the next turn with Harry's cock. Val won and looked particularly happy about the victory.

"Lucky bitch," Mel said. "Oh well, guess I'm going to have to amuse myself."

She smiled when seeing Josie in a particular vulnerable state. She would never get another chance like this. Mel climbed on top of Josie and smashed her tits against Josie's along with her lips against Josie's. Both girls dark thighs merged together as they started to rub back and forth.

Val sunk down on the couch with a seductive smile on her face. Her thighs parted to show Harry how wet and willing she was to receive his cock.

"I guess this is what they call the casting couch," Val said with a naughty smile. "Why don't you bring that big cock over here and show me personally how you can make me?"

Harry climbed over onto the girl on the couch and rubbed his cock against Val's entrance. Val shifted herself back and purred when feeling Harry up against her. The heat coming from her pussy made her.

"Tight," Harry growled. "Guess, I'm going to have to loosen you up a little bit."

His fingers caressed Val's entrance and then parted the lips of the Pussycat. Her toes curled the second Harry's finger made her inner walls part just enough for Harry to slide in with ease. And his big cock stuck into Val's snug cavern with a few more thrusts.

"Ohhhh!" Val moaned. "You angel….fuck me….fuck me until I can't walk any more!"

Harry pushed his rod into the back of the dark-skinned temptress on the bed. The aspiring musician's fingers dug into Harry's back the further he rocked into her. He could see the pleasure coursing through her eyes. Her gorgeous dark skin rose up and down the further Harry planted his hard rod inside of her body.

"YES!" Val screamed at the top of her lungs.

The sorcerer stuck his massive prick into her and made her hit a very high note. She was singing a different tune and all of the lyrics had to do with the organ of lust which continued to bury its way into her body.

"Mmm," Josie breathed. "Mel…oh Jesus Christ…you know how I like that, girl."

Mel pushed her fingers deep inside of Josie's wet pussy. The dark skinned beauty pushed up and down against her snug walls the deeper she shoved inside of her.

"Baby, oh baby, fuck!" Mel said. "I think I can't wait to taste you…and he left something behind as well."

Her aggressive attentions focused on Josie's very moist hole. The kiss down on her hole made Josie jump completely up to meet her. Mel dragged her tongue down on Josie's hole and licked her
clean. All of the cum would have been out of her as Josie rattled against the coffee table.

Josie grabbed the back of Melody's hair and allowed her tongue to press against her.

Val's eyes glazed over the further Harry pushed into her warm body. His hard cock slipped deep inside of her and then pulled completely out of her.

She came, repeatedly, and Harry's massive cock just kept driving into her. She was seeing not only stars, but entire constellations. Harry touched her in those places which made her feel good, that Val could only dream about. His balls rested against her entrance the second they plunged into her and then pulled out of her. Val's wet pussy rubbed against Harry the deeper Harry plunged down into her.

"I think….I think I'm going to pass out," Val said. "Way…way too much pleasure!"

"Don't go just yet," Harry said. "You want to stick around for what happens next."

Val resolved to try to stick around. Harry drove into her body a few seconds later and then his balls slapped against her. Val held onto him and never wanted the ride to stop. She did have her limits and Harry was bringing her to them. His balls lurched against her.

His balls released another load. Val was almost sure she he could have held on, but he came inside of her out of respect of Val being so spent. The aspiring musician summoned all of the strength to her pussy and milked him completely dry with her warm walls.

Melody released Josie from her grip. The dark-haired women moved closer towards Harry and gave him a smile.

"My turn."

The manager just smiled and reached to cup Mel's ample ass. He just had to get a taste of that booty. Mel pushed him onto the table where a semi-conscious Val laid. Her wet pussy ground against him. Harry wrapped his hand around her thick booty the further Mel pushed against his hard rod.

"I want you….I really want you," Mel said. "I hope that cock has one big last load and it's the biggest. I hate playing second fiddle."

She drove down onto Harry. Harry watched her gorgeous body go up and down off of the bed.

Josie sat up with a shaky smile on her face. She was both under new management which would increase their reach and also got all of them laid. She would have to say it was a very productive meeting today.

Both of the other girls would have to agree. Mel slid down to the base of his hard cock. She could feel it buried inside of her. The sheer girth this cock had was not fully appreciated until Mel buried herself onto his cock. Her lips spread apart in an "O" shape when driving more of herself down onto him.

"Oh, you're all passing the audition," Harry said.

"What did I tell you?" Josie asked in a dazed voice.

Harry just smiled and accessed Mel's heaving chest. He buried his face in the tasty chocolate orbs. Mel's eyes glazed over with Harry burying deep inside of her. She ground up and down on Harry's
massive rod and took more of him inside of her body.

"Oh, fuck yes," she breathed. "You know how to touch all of the right spots."

Harry eased her ride to a slower motion. Mel picked up a bit steadier pace and could feel Harry's hands gripping all over her body. Mel's eyes shifted over and she let out a passionate moan. Those moans only increased the further she drove down onto Harry's hard cock.

The heat surrounding their bodies met fully and completely. Next to them, Josie crawled over onto the couch and indulged herself in Valerie. Valerie's eyes fluttered open just in time for Josie to aggressively push her tongue into Val's mouth.

She sucked on Josie's tongue at her urging. Josie used her entire body to worship the sweaty body of the band member. Val's hands locked onto Josie and encouraged her affections even more.

Mel threw herself back down onto Harry's massive rod and decided to also dig her fingers into Josie's wet pussy from the side. She was about ready to go for more cock. The only problem is Mel was not ready to relinquish the one she had pushed inside of her.

"Baby, you're the best!"

She impaled herself on Harry's engorged manhood and filled up her pussy with him. Mel squeezed and released him to make sure to work him to the edge.

"We're getting close," Harry confirmed to her. "You're almost reached the end of your part of this…but not before I make you see stars."

Mel's body sized up to release the evidence of her arousal all over Harry's thick fuck stick. She pushed down onto him. Energy swam through them both. Harry spiked his meaty pole into the source of heat between her thick juicy thighs which kept smacking against him. His balls sized up as Mel's posterior pumped up against his legs.

The body of Melody Valentine reached a state of heightened arousal she never thought was possible. It exceeded her wildest dreams and made her really feel the rush.

Harry responded to her orgasm by emptying his balls into her tight pussy. His manhood shoved deep into the ebony babe several more times. Her body writhed and bounced on him to drive down to milk Harry's pulsing pole completely drive of seed.

Mel pulled out from him and almost fell back onto the floor. The three members of the band moved over towards him. Mel took his cock head in between her juicy lips. Val licked the base of his cock, and Josie went between his legs to suck his balls.

The three girls triple-teamed Harry's cock and balls. He could feel a nice large swelling feeling coming back to him where Josie and the Pussycats worked together to make his hard cock and throbbing balls fill up with pleasure again. His eyes shifted over a fraction of an inch in endless pleasure.

"I'm ready for more."

The three girls moved and Josie positioned herself back on the table in front of Harry. Her thighs parted and a sultry smile flashed over the face of the musician. Harry walked over towards her and gently put a hand on her chest. He cupped Josie's breast in hand and made her whimper in delight. His fingers stroked Josie's body.
Mel grabbed Josie's leg left and Val took ahold of her right leg. The two of them spread her legs apart and left her nice and open for Harry's intrusion. His big cock danced against Josie's wet slit.

"I need it!" Josie yelled. "Ohhhhh... I need it!"

They spread her legs as far as possible so she could take his cock. Harry plunged into her pussy while also feeling up the gorgeous stems that Mel and Val both held up. His throbbing balls once again were filled.

"I told you... the perks were the best!" Josie yelled.

Mel slipped her lips around Josie's big toe and sucked on it which caused fire to blast through the woman's body. Her core, centered around his cock, made her feel good. Mel switched her affections around and sucked on each one of Josie's toes on her left foot in unison before giving her a nice long drag down her sole.

"Mmm, that's hot," Val said.

Val doubled Mel's affection. Harry parted her thighs and pushed deep inside of her. Their bodies met together with Harry pushing into her and then going down into her. His massive cock slammed inside of Val's wet pussy the further they spread apart.

"That's... really good," Josie breathed.

"Yes, so hot," Harry agreed.

Harry caressed her legs while pushing into her needy pussy. Josie's wet snatch ensnared Harry into her. A loud squeezing sound came around Harry's cock. He pushed himself into Josie as far as possible. Josie pushed herself up just in time to meet Harry.

The lust burning through the body increased when her two bandmates sucked her toes and licked her feet. This coupled with the good hard fucking she received from Harry was causing Josie to lose herself to her own lust.

Harry plunged his cock deep inside of Josie's pussy. She stretched around him with Harry pulling out of her. He plunged his manhood deep inside of her with a few more hard pumps.

"Ms. McCoy, you're made for this," Harry said. "You'll go far with me. You're going all the way with me."

"Oh, I think I made a pretty good head start."

Josie practically melted underneath Harry. His warm hands caressed Josie's perfectly magnificent body. The two girls off to either side only exceeded their previous passionate worship on the feet of the leader of this band. They also groped at Harry's flesh and Harry sent touches over in their directions.

Every push made Harry groan when feeling Josie's wet pussy grab onto him. The wizard pulled his hard cock out of her. His cock head touched against Josie and ground against her heat. She took a hand against him and pushed Harry balls deep inside of her pussy.

"We have!" Harry said. "Go ahead and release it. Show me that set of lungs, Ms. McCoy."

Her soon to be manager drove his hard cock into her body. Josie tightened her walls around his hard manhood and took the full blast of meat. More cock submerged into her that Josie McCoy
ever thought possible. Her eyes rolled into the back of her head.

Harry rode her pussy all the way to its final destination. His balls clenched and then released their load.

Josie took the second full load of cum inside of her body. Her pussy oozed with the seed spraying into her. Harry held onto her and rode her all the way to the end.

Both Mel and Val fell back into chairs. Some force snapped between their legs and hit them straight in their pleasure centers.

All three of the girls just broke into smiles, being sticky, sore, but very satisfied. Josie flashed a dazed smile at them.

"I'd like to thank you on behalf of the group and ourselves, and hoped we passed the audition."

End.

Next Chapter: 8/15/2017.
Handsome Stranger (Erza Scarlet)

So, there's been a new Breeding Ground blog exclusive chapter, and it stars a female Harry this time and...Hermione Granger? Yes, Hermione and Alia engage in some shameless lesbian smut in the latest blog exclusive Breeding Ground chapter. Head to the Page of Important Links, Check Out the Web of Chaos Archives, and hit either the Blog Exclusive Archives or the Breeding Ground archives. Also, recently, the first real world Breeding Ground chapter has posted to the blog. If that's not your thing, feel free not to read it. I won't hold it against you. Unless you just go to the blog to complain about me doing chapters which Harry Potter is shipped with real world women, because then I will hold it against you.

And now, on with the shameless smut. Our first anime girl chapter in Breeding Ground prime.

Handsome Stranger (Erza Scarlet from Fairy Tail)

The handsome stranger Erza Scarlet saw almost every night over the past couple of weeks made her very curious. He gave off that obvious allure of the unknown and the unknown was something she just had to uncover. The girl stepped into the club where she located him. Her red hair tied back and her amazing body in a tight black dress, Erza hoped to find this green-eyed gentleman.

She frowned when looking over her shoulder. Erza sensed a presence around her. She could feel goosebumps rising on the back of her neck.

Erza noticed the object of her interest lingering in the background. One minute he was there, the next minute, he disappeared. Erza stepped forward and maneuvered through the crowd.

"Excuse me?" Erza asked. "I'm looking for a friend."

The woman behind the bar just raised an eyebrow. "Who might you be looking for?"

"Oh, he's tall, with green-eyes, and dark hair," Erza said.

"You know him?" the bartender asked. "Yeah, he shows up every so often. He leaves all of the women in this club in a tizzy. And he's been seen about town. I don't know what he's looking for… if he's looking for you too, I say he's lucky… a lot of women would like to be his friend….I think he saw him disappear into one of the back rooms. If that was him again…he just vanishes."

Erza nodded and decided to see whether or not her search would bear any kind of substantial fruit. She walked out of the door, turned her head to one side to the left and then turned her head to the other side to the ride. Her heart skipped a couple of beats.

She was in the back room and so far nothing. Erza stepped back through a door which swung open.

"Hello?"

She said these words and almost felt foolish. The alleyway was very isolated. There was no one here. The man she looked for disappeared like a phantom. Just like all of the other times.

Erza turned her attention back into the club. She paused and saw the door had shut. Erza tried to
open the door. It would not budge. She pushed her entire shoulder into the door, but instead, the door would not open.

She gave up the ghost and moved her way back into the front of the club. It was useless trying to find him.

"Are you lost?"

Erza turned around and almost could have been floored. The young man stood in the alleyway. His dazzling green eyes and black hair shined in the moonlight. Something about him gave a very eerie glow which caused her to intake her breath. He was almost so handsome it hurt. And she had many questions for the man as well.

"Who are you?" she asked him. "You've been at the club, every night. I've seen you…and then you were gone just like that…"

"I've noticed," he said with a smile.

The young man gave her one look to take in her body. He liked what he saw and wanted to see all of it.

"Just who are you?" Erza asked.

"My name is Harry," he replied. "And you're interested…and scared, aren't you?"

He did not touch Erza even though something about his tone just blew chills down the spine of the girl. Erza nervously shifted herself against the building. She could have just entered the club. Something held her back, and it was very unfortunate when it did.

"I'm…yeah, kind of," Erza said. "This doesn't happen to normal people. I thought I was going insane when a man out of my wet dreams keeps showing up…and why are you smiling?"

"Oh, you're pretty," Harry said. "And I've seen many women in that club, and I've take a special notice to you. And at first, it was just a coincidence you were there. But I think you've been here every single night and hoped that I was here. Maybe even hoped to be cornered in that back room by me and taken."

Erza tried to flash him a look. She was not that kind of girl. Was she? Erza found her entire thought process being turned upside down. The hands of this young man grabbed the top of hers and pulled Erza perfectly into position. The breath had been knocked from her body the very single moment he was in position to her.

His hair smelled way too good. It was almost a sin that something could be this amazing. Because nothing should be this amazing to be honest.

"Make your move or walk away," Harry said.

Erza wondered what the right move was to make. She shrugged and threw her hands around Harry's neck. She kissed him hard on the lips to see what would happen. Now their mouths connected, Harry's tongue invaded her mouth. His hands roamed across her body as they made their way back. Erza pressed up against the front of the building. Her leg wrapped around him.

Harry felt up the softness of Erza's wrapping leg. She pushed herself back against him as they continued their steamy makeout session.
"Maybe we shouldn't…do it outside," Erza said. "I know there's a fence right there…blocking the road…but still…some could….."

He kissed her one more time and any protest faded from Erza's mind. Harry placed his hand on her strong leg and rolled up to her skirt. He felt her heat through a pair of panties which stuck against her.

"You want this," Harry said.

Harry pulled down her panties at his words. Erza shifted her legs apart to allow him further access. She melted like butter underneath Harry's hands. His fingers pushed against her slit and slipped inside of her.

His other hand worked down the straps of the gorgeous woman's dress. Her nice chest came out of full view. Harry marveled at those perfect works of art. They were large and very perky at the same time. Harry just had to hold onto them and touch them. He put his free hand on her breast.

Erza threw her head back with a soft moan. This practical stranger just attacked her body with his intense passions. She was getting very excited as he pushed her against the wall. His left hand alternated between breasts, his right hand rubbed her pussy, and then down into her thigh. His mouth kissed hers and then also the side of her neck, and behind her ear.

The soft sounds of content coming from Erza encouraged Harry to go forward with this behavior. He was getting her nice and wet. His pants came undone and Erza got a good look at what he had to offer. Her eyes followed the massive length coming out. Twelve inches of prime meat came out in front of Erza's face. She thought for a brief second she was going to black out from the look of that tool in front of her.

"Go ahead, touch it," he encouraged her.

Erza did not merely touch it. She grabbed onto his big cock with both hands and rubbed up and down. She had to have this manhood. His endowment just burned up in her hands. She took a deep breath when feeling up his cock and rubbing against the underside of his balls.

"Oh, fuck," Harry groaned. "I need to see all of you now."

Erza turned down and allowed Harry's cock to rub between her thighs. It snapped back as Harry pulled up the back of her dress further. Harry got a glimpse of her perfectly formed ass. He slapped his hands against it and squeezed the rear end.

"I need you," she said. "Take me anyway you want."

Harry gave the girl a smile. "Careful, those are some dangerous words to someone packing a weapon like this."

His mouth nibbled the side of Erza's neck to tease her. He ran down her body. Every inch of her was perfect and every inch needed to be toyed with by Harry. He reached up and cupped her breasts one more time. His fingers just only accelerated their exploration of the beautiful woman at her encouraging moans.

"Harry….Harry!" she begged him.

The hunger dancing through her eyes could not be beaten by any means. Harry rubbed his thick cock against her juicy thigh. His male endowment rubbed against her back and forth. The heat coming from her only served to entice Harry. He felt her up in all of her perfect glory.
"I'm going to fuck you right here, and you're going to like it."

No arguments came from her. A swollen head pushed up against Erza's lips. His intrusion compromised her tightness when shoving into her body.

Harry put his hands on the hips of the woman as she leaned against the wall. Her hands grabbed onto the ledge by the window. If anyone looked out, they could see her face. Harry put his complete attention on her face as well. Said face screwed up with the first hints of an orgasm.

"FUCK!" Erza yelled out loud. "Oh, fuck me hard!"

He pushed deep inside of the redhead vixen. Her toes curled from Harry's point. He wrapped his arms around her waist for further leverage. One of her legs bent back up off of the ground. Harry moved to rub on her succulent body. She responded from his intruding thrusts by squeezing into him.

Erza could only barely keep track of his touches. Sometimes the touches lingered. Other times they were a fleeing moment of pleasure. Every time, her body rocked and her loins ached. Harry's massive rod speared into her body the deeper he pushed into her.

Harry prepared to give his lover one of the best thrill rides possible. He bounced his balls against her entrance to ensure she felt the load which steadily built in them. Harry's fingers gripped her nipples and gave them a very light tug. Erza's moist pussy squeezed around Harry's tool with each touch.

The girl in front of him got very excited. Her body had been made to sin, made to fuck. Harry enticed her appetite and now worked her over. Her tight pussy fit him just right to take his hard cock into her.

The rush of pleasure came through Erza's loins. She pushed back against him and milked Harry. Every time his bare cock touched her saturated walls it filled a void she never thought about. A void Erza never thought would be filled inside of her at least until tonight.

His balls slapped against her harder from behind. Harry knew he was moving her in for the kill. His tongue wrapped around her ear to prompt a whimper from her. Harry did it again. She whimpered again. A constant and never ending assault on the back of her ear made Erza breath in pleasure. He nibbled on her ear lobe and pulled back from her.

"Just let it go."

Erza let her inhibitions run wild. Her loins grabbed onto Harry with the most powerful rush possible. She squeezed him and released with a few pumps into him. She grabbed onto the side of the window and almost rattled it. These actions were sure bound to bound to get someone's attention.

Harry pulled out and left her almost to collapse. The handsome young man was not done with her yet. Erza pulled away from the window and Harry pulled Erza into place. Her soft thighs parted for him. Harry grabbed her back and then kissed her heatedly.

She balanced on Harry's lap. He crouched on the ground and showed perfect balance even when Erza slid her snug cavern onto him.

"Oh, it's bigger from this end," Erza said. "How can... how is this possible?"

Harry took her chest to squeeze it and give her the necessary encouragement. He pulled at her
breasts and made Erza drop down onto him. She almost bottomed out on his hard rod, going as deep as possible. She squeezed Harry and released him.

Twelve inches of penis pushed into Erza's tight snatch. She could feel him buried as deep into her as humanly possible. Erza closed her eyes and bounced onto him harder.

Harry took in the full view of this perfect stunner rising and dropping onto her.

"I knew you'd be fun the moment I've seen you."

"Me…too," Erza said.

All manner of pleasure cascaded through the body of the stunning vixen the deeper she shoved down onto his rod. Erza took his hard cock into her overtaxed pussy. Erza rose up a little bit more and dropped down completely to bring his hard cock inside of her body.

"Yes….right there," Erza breathed. "That's…fucking perfect! That's fucking beautiful! Your cock…right in me, just like fucking that!"

Erza slapped her pussy down onto Harry's engorged prick. The deeper she went into him, the more unbridled pleasure washed over her face. Harry worshipped her breasts because art like that should be appreciated. She enjoyed his touches, and caresses. She rewarded him by working his prick into her slick canal with her warm pussy.

She hit the wall and never stopped going. She never stopped cumming for him. Erza slowed down a little bit more. The finger of this handsome stranger, which she only knew his name, really got her motor revving. Harry's hands pushed against her firm backside and squeezed her down on his pole.

The woman bouncing up and down on his pole made Harry think this night was worth it. She slowed down for only seconds to catch her bearings. Harry knew how to get her going. She gave him full access to her magnificent chest. Harry paid full tribute to these works of art by squeezing down onto them.

"Closer, damn you," Erza said. "Oh, damn you, damn you….damn you!"

Harry just smiled at her constant level of cursing. She really did want to give into this one and more importantly give into him. Harry would be damned if he did not give her everything she wanted.

"Just hang on, the best is yet to come."

With that, Harry grabbed her hips and began to fuck her with more vigor. Erza felt lighter than air every time this hard-thrusting buried into her body. Her toes curled and her mouth hung open. She only could grab onto Harry's shoulder and enjoy the ride for what it was.

It was way too much and yet she needed more. Erza matched his motions to try and encourage him to do what was necessary to get his hard cock into her body. Erza leaned into him and toyed with his massive member.

Nothing came out of her mouth other than screams. This handsome stranger made sweet love to her in a semi-public place. Anyone who looked at the window would see her, anyone who peered through the fence, or over it would get a glimpse. She occasionally tried to stifle her moans. Most of the time, Erza just did not give a fuck and decided to give into her inner primal nature.

It made Harry throb, the attempts of this gorgeous creature trying to hold back her darker instincts.
Erza rode his cock like her life depended on it. Harry appreciated the worship and the vigor she delivered while bouncing on his cock.

His balls throbbed and Erza's eyes lust burned with lust. She gave Harry one of the most forceful kisses the redhead could manage. She fucked his mouth with her probing tongue just as much as the redhead fucked his throbbing length with her wet pussy.

She screamed and dug into Harry's shoulder. Erza's pussy rammed down hard onto Harry's mighty cock. Her wet walls closed and opened around him. Erza bottomed out on him. The base of her pussy moved against his pelvis. She was stuffed completely full.

Harry stuffed the vixen as hard as possible. Erza's continued rocking and grinding on his cock only made Harry want this even more. He wanted her pussy to milk him completely dry, if he could help it. Harry held onto Erza's back and forced her wet snatch down onto his engorged tool.

"It's my turn now."

Erza long since forgot anything about safe sex. Should she ask him to pull out because she was not on anything? Maybe, but Erza was feeling so fucking good. She could have pulled away, but instead, Erza's body betrayed her. She clamped onto his cock and made sure it did not stray from his wound.

Her legs grabbing Harry as tightly as possible showed how much the stunning vixen wanted the remnants of his seed. Erza's nails kept digging into his neck and breathing, moaning in his ear.

"You better give it to me, now!"

"So, pushy," Harry said.

"I want what I want," she growled.

Erza pushed her way against Harry's cock a couple more times. She intended to milk him dry to the last drop. Erza hung on as tight as possible to him. Those warm legs pumped him as much as that hot pussy.

His balls discharged. His baby batter fired into Erza's womb. Erza tempted herself with a long and hard ride on Harry's pulsing cock. She drained him and it felt as good as he expected. Harry held onto her perfectly formed ass and then returned to practically devouring her chest.

Erza darted her eyes around. Face buried in her chest, and cock which still fired buried in her pussy. This was the life and she came several more times before she sunk down onto the ground. Erza saw stars and she was pretty sure she blacked out from an overdose of pleasure.

A dazed and confused Erza dropped to the ground. Erza's soaked redhair clung to her head, she breathed several times before her brain rebooted. She noticed the handsome stranger disappeared and left her with a sense of loss. Her dress was back on her body, although her panties were still missing.

Erza put her hand between her legs and then tasted the evidence that someone other than herself had been here. She noticed a card on the ground with a key to the back.

'Come to this address when you're ready for more.'

She smiled at the card. Oh, you better believe she would come. Erza would be right there once she had a chance to catch his breath and would pump her mysterious lover for more information.
End.
Liara T'Soni stared at the gauge of the fuel tank in front of her. Her breath had been released in a very prominent sigh when looking over the tank. She double checked the calculations.

"What's the stasis of the ship?"

One of the chief commanders of their cruel, a man known simply as Har-Zod or Harry, to most of them, stood behind her. Liara turned around to addressed the commanding officer for a second.

"Well, we could only make take out to around the area of the planet's atmosphere before we completely crashed. And we would crash hard. The units of the ship should charge back up. It will take about six hours to do so and I can shut down several nonessential components to do so….and that includes the heaters as well unfortunately."

Harry absorbed the blue skinned woman over the pair of glasses. Her curves melded nicely into the suit she wore. "Do what you have to do for us to escape this world. There is a storm coming tomorrow, at least according to the natives."

"If I do this, we should be out of here before then," Liara said. "I just hope the shields can hold long enough to not allow any foreign obstructions in the ship."

Liara moved over to do what she needed to do. She bent over the ship. Liara watched the eyes of her commanding officer through the reflection of the ship. Was he watching her or was he watching her progressing her way through the ship. Liara did not know and felt some kind of tingle down her spine.

"This should do," she said.

She turned around and could feel frustration mounted. They separated from the main ship and with the radio not really picking up any signal, there was no way for them to signal for help. They would just have to wait until the ship repaired itself before they made a dash for it.

"This way," Harry informed Liara. "We should go to the east wing of the ship. There's more…it's better insulated in there, even without the heat sensors."

Liara nodded in response and allowed him to lead the way. They moved to the east wing of the ship. The walls jutted out with red designs in every single direction. The space age design caught Liara's attention and brought a more prominent smile over her face.

"Not bad."

She shook her head and sat down on the bench beside them. Her heart raced a couple of steps. Harry put a hand on the back of her neck and started to rub it. Liara's eyes shifted over from his fingers working their magic all the way down her back.

"You're really tense," Harry said.

He shifted down past her neck and onto her upper back as well. Harry put a hand on her shoulder while working on her back. Both of those hands worked against her.
Liara always thought Harry to be attractive. Now his hands were giving her pleasure and made her think of what other pleasure.

"It's still cold," she said.

"I can tell, you're shivering," Harry said.

"Fortunately," Liara said. "I know of the best way to share body heat."

Harry slid back to allow this to play out. Liara moved in for the kill and kissed Harry. Their lips molded against each other. Harry's exploring hands found their way over every single inch of Liara's frame. Her curves molded into his body. Liara only deepened the kiss from Harry's probing tongue, which moved in and out of her mouth. Her tongue rotated against his mouth before pulling out of him.

"I need this a lot," Liara managed. "For survival, naturally."

Liara pushed her body against Harry's and deeply kissed him one more time. His hands rested on her lower back. Liara deepened her actions and tried to explore Harry's mouth. She pulled away to give Harry the proper access to her chest. He touched one breast and squeezed it from Liara's top. Liara shifted herself a bit closer to Harry. His fingers brushed against her body.

Harry explored Liara's beautiful body. Her gorgeous face contorted in desire the more Harry brushed down it. Several dances of his fingers brought Liara to a pleasurable rush down her body.

"That feels uncomfortable."

Harry's hard cock jutted out from the other side of his pants. Liara moved over and undid his pants.

"That's going to need some air, and I'm going to have to keep it covered nicely for it…not to get cold."

Twelve inches of manhood stuck out in front of Liara's face. She thought he looked statically larger than average. Liara grabbed his balls and squeezed them before moving down to stroke his cock. The cock sprang out and struck Liara in the face which made her coo in delight. Her warm lips caressed the tip of Harry's rod and eased it back into her mouth. She swirled her tongue around and then pulled completely out before going slightly back down onto his manhood.

"You've found some warmth to protect it," Harry said. "And it's…very warm….."

Liara pushed her mouth down onto him. She made a very soft sound when encasing her warm mouth around the tip of Harry's cock Liara pushed her hand around Harry's balls and gave them a very hard squeeze. His cock kept jumping up and down into her.

She had the time of her life, sucking him off. Her entire body tingled as the suit became very much tighter. Liara moved between her legs and rubbed her clit.

Suddenly, Liara popped her mouth out from around his cock. She undid her top.

"I have an idea."

Two perfectly shaped breasts stuck out to tempt Harry. Harry locked his eyes on the perfect shape of those orbs and had been drawn completely in by their size. They danced in front Harry's face. His hard cock throbbed even harder when Liara slipped his cock in between her breasts and pumped it.
It was a very nice contrast to feel his big cock sliding between her two gorgeously shaped chest orbs. Her blue tits grabbed onto Harry's cock and pressed them in tightly. A loud coo come from Liara as she enjoyed the feeling of his engorged prick.

"That gives you all of the warmth you need, doesn't it?" she asked.

"Yes, it does," Harry grunted.

Liara doubled the pleasure by licking his head the second he pushed out from the other side of her deep cleavage. She smacked her lips repeatedly. Every touch of his hard cock into her lips made Harry feel really good. He pushed back in and fucked her chest vigorously without any inhibition whatsoever.

"Give it to me," Liara said. "Give everything to me, baby!"

She worked her tits around his hard tool and released him from her warm cleavage. Harry groaned at the feeling of his cock pushing inside of her generous chest. Harry repeatedly went to work at spiking his way into Liara's cleavage. She dug her tongue against him with a slick smile on her face.

"That's the spot," she said. "Right here…but…"

Liara pulled her chest away from Harry. His cock came back to a rest. It looked very red and swollen. Liara rose up above Harry and undid the rest of her uniform. A very smooth and wet pussy came in front of Harry's line of sight. She reached down to grasp Harry's pole.

"I have more warmth for both of us right here," Liara said. "And I think if we put in some effort, we should be fine until the ship repairs."

Tight warmth worked its way around Harry's cock. He reached up to cup Liara's ass. She sunk down onto him and ensnared him. Every inch of her firm, sexy body came into Harry's line of sight. He touched the underside of her breasts and gave them a tight squeeze. Liara rolled her head back to show her pleasure.

Harry moved in to pay tribute to her chest. Liara responded to his tender affections by bouncing higher and harder on him. He took control of her body in a way she never thought possible. Harry's meaty pole pushed into her wet hole and pulled out of her. She rose up on the tip. Harry's hands shifted to her hips and drove Liara down to fill her up with his huge rod.

They shared their warmth with each other. The process worked for Liara's body started to warm up the more she bounced up and down about him. Their bodies melded together with the pleasure increasing between the two of them. Harry reached up to grab Liara's ample chest and squeezed them.

"Again," she said.

"You feel so good," Harry said.

Harry rose up to become an active part of the exchange when Liara rode him. Her eyes clouded over with lust. A couple of small whimpers broke apart from a very passionate scream. Liara's nails dug into his torso when driving and rising him.

Her entire world had been rocked something fierce. The length pressed against her silken walls. Liara could feel herself squeeze and milk him. His length never stopped penetrating her and hitting those very hard to reach places which drove Liara completely nuts.
She came by a few more gestures. Evidence of Liara's arousal coated Harry. Her hands grabbed tightly onto him. She kept rocking up and down on his lengthy prick. Another orgasm struck Liara as hard as possible just as his cock buried into her tight body.

Harry enjoyed the feeling of her milking center wrapped around him. Their bodies warmed up as much as needed and even more. Harry absorbed the warmth from his lover and shared some of his in return as the two of them pushed back into each other.

A tingling feeling spread through Liara's loins. She grabbed onto Harry's stiff iron pole and squeezed him. She milked Harry with repeated rises and drops around him. Her body shifted halfway down onto his pole and took him into her body with a huge drop.

"That's the perfect spot," she breathed in. "More. Give me more!"

Harry gave her more. His touch continued to work over her breasts just as soon as she rode him. Liara bounced all over his cock and took him inside of her deep and fast. Harry watched her rise and fall all over him. Her thighs slapped him hard before coming back on him and dropping down onto him.

"Good, it's very good," she said with a smoldering grin on her face.

He took Liara's nipples in hand and gave them a squeeze. Liara relaxed her pussy muscles down onto Harry's pole and pushed him inside of her with rapid thrusts. She stretched down onto him with the ride reaching its peak for several more minutes.

"Are you getting tired?"

Liara tried to deny she was feeling a soreness. Harry repeatedly plunged his cock up into her as she put her hands back onto the bed in a crab-walk position. She mounted the top of his cock. It took a bit more of a labor to push her down.

"Relax."

The two parted ways with Liara falling back into perfect position on the bed. Her eyes glazed over the second Harry moved over the top of her. His huge cock danced against her perfectly slick entrance. Her slit parted for Harry. All it would take is one push to get his hard cock inside of her body.

"Take me," she said to him.

Harry would not deny the woman what she wanted. Twelve inches of prime penis ran over her skit. Their bodies pushed together. Their different skin colors gave a perfect contrast to each other.

The first few inches entered Liara. She never felt so alive than she did to get his cock inside her body. Harry's mighty rod speared deep inside of her silk center. He grunted with the first few inches of his head against her slit and then buried into her body one more time.

Again and again Harry stuck her with his throbbing long staff. The powers swelling between the two lovers gave the promise of something far better. Harry repeated his ritual of hard and fast fucking to Liara. Liara took ahold of Harry's arm and pushed him inside of her.

"OOOH, YES!" she screamed out. "YES!"

She came harder. Harry waited for her legs to be in the perfect position. He touched them and felt how soft and smooth they were underneath his body. Harry repeatedly thrust his massive prick
inside of her tight center. Liara grabbed him from underneath and then pulled his cock into her body.

"This is…this is great," Harry groaned when feeling her inside of her. "Cum for me again."

Liara agreed with it. She craved Harry's warmth and more importantly his cock. Their bodies melded together with Harry taking her breasts in hand and squeezing them.

"Get closer," Harry said. "It's fine. Just let it go."

Liara let everything within her go. Her snug walls pulled on Harry's prick. Pleasure washed over her body. Liara's nerve-endings sang. Harry brought further pleasure to them by touching her body. She writhed underneath him in excitement. Harry repeatedly drove his huge cock into her tight body.

"One more time," Harry grunted.

"Yes," Liara said.

He slowed down to allow her to feel the full force of a constant orgasm. The moment Liara's bearings returned to her, Harry got back to work at sticking his huge cock into her tight vice of a pussy.

Liara never wanted Harry to stop. She never wanted him to slow down. Liara had no idea how much time had passed since the ship charged up. All she knew was Harry's hard cock repeatedly buried into her body. Every time they connected it excited her. Every time Harry exited Liara's vice only to shove back into her, it brought further tinges down her body.

Harry groaned the further he buried his thick rod deep inside of Liara's needy body. His balls bounced constantly against her. Liara dug her nails against Harry's back when easing him into her. They met each other and matched each other. Harry picked up the tempo to really get her writhing and squirming underneath him.

"Keep it up," Liara said. "Don't you dare stop! Don't you dare ever stop!"

He repeatedly drove his thick pole deep inside of Liara's snug snatch. The further Harry pulled out of her, the further he plunged inside of her. The deep thrusting sped up and slowed down. The alternating thrusts kept Liara guessing and kept her wondering what would happen next to her.

"I'm not going to stop," Harry said. "But, you're close and so am I."

They were very close. Liara hung on for the ride. Her cavern gripped Harry's hard rod and made sure it did not leave her body for a second. Harry reached over and cupped her tits in hand. He squeezed them and released them before working down her body.

Without warning, Harry brought himself down into her. He absorbed the heat from Liara. She writhed underneath him and held onto him with her arms and legs. Harry repeatedly stuck her with the length of his cock the further he pushed into her.

"Get ready."

Harry growled in her ear and made Liara's hips buck up to meet him. He repeatedly and endlessly slammed his way into her tight pussy. She grabbed onto him and tightened herself around him. Harry's prick received a full workout from her wet pussy.
"Always ready for you."

He picked up the pace and repeatedly drove his cock into Liara. Her pussy squeezed and released Harry repeatedly. He hung on for the ride and made her really scream for him and more importantly his cock.

His balls tensed up as their load threatened to spill in the womb of his beautiful woman underneath him. Liara refused to loosen her grip around him. Their sweaty bodies molded together the second Harry drove himself into her. His balls tensed up and repeatedly released into her body.

Liara shifted up off of the bed and took him repeatedly in her. Two thick balls released their warm substance into the depths of her body. Liara grabbed on tighter than ever before and held onto Harry all the way. She rode him to completion.

Harry remained leaned against her ready to enter her at moment's notice. Her crotch shifted against him.

"We still have a little bit of time where we have to stay warm," she said. "And I can see you're ready for more."

The two prepared for their next movement. Harry entered Liara when completely hard and their encounter heated up even more from there.

End.
Boned With a Bonus (Susan Bones and Hannah Abbott)

There's a blog exclusive chapter with Patty Spivot from the Flash. Head to the Page of Important Links, the Web of Chaos Archives, and either the Breeding Ground Archives or the Blog Exclusive Chapter Archives to read it.

Boned With A Bonus (Susan Bones and Hannah Abbott from Harry Potter.)

Two attractive Hufflepuff seventh years snuck into an unused classroom after hours. One of the girls was a redhead with a considerable bust and a body built for sin. Every one of those curves filled into her school uniform which became more obvious when he robe dropped to the ground. The other was a blonde with a wide and firm ass, with her hair done up in a ponytail. Susan Bones, the redhead, gave a sultry smile at Hannah Abbott, the blonde, before motioning for her to join her on the desk.

The two girls locked hands with each other and more importantly, they locked tongues with each other. Both of them made out on the desk, their hands brushing against each other's mouths. Their hands groped their firm female flesh. Susan pulled Hannah's hair out of its pony tail. Hannah's hands moved down Susan's neck and tried to gain access to her chest.

Susan just grinned and pulled back. "Eager, aren't we?"

"Always," Hannah said.

Hannah unbuttoned the top of Susan's shirt. The first few buttons came undone and revealed Susan's very deep and impressive cleavage. Hannah could just bury her face into the heavenly mounds and she did. Every inch of Susan's impressive tit flesh smashed into Hannah's face.

"Oh, take my bra off so you can really get to work on those puppies," Susan breathed.

She unclipped Susan's bra and allowed it to drop down to the ground. Susan's perfectly formed breasts stuck out and Hannah groped her chest. A couple of squeezes of her chest made Susan breath in hungrily and breath out with Hannah pawing on her chest.

Susan leaned back to feel Hannah's fingers dip down to her leg.

"Stop."

She smiled and Hannah pulled away from her. She pulled off Hannah's top. Hannah's breasts were larger than average, but paled in comparison to the evidence of Susan's magical prowess. Susan wrapped her hands around Hannah's glorious orbs and squeezed them. The two girls snogged on the desk and smashed their tits together. Susan rolled her fingers down Hannah's leg and felt she was wearing no panties underneath her skirt.

The fun was almost ready to start as the door opened up. Susan and Hannah did not hear this. They heard two words.

"HEM, HEM!"

These two words caused both women to jump back. For a scary moment, they thought they had encountered the ghost of Dolores Umbridge. And they were pretty sure she was still unfortunately
alive. They noticed Harry Potter standing in the hallway.

"Well, what do we have here?"

"Lesbian sex," Susan said without a moment of shame.

"Yes, I can see that," Harry said. "And the two of you have been very bad girls, being out of bounds like you are. And the Head Girl as well…you should be ashamed, Ms. Bones. And you're a prefect as well, Ms. Abbott. What the two of you have to say for yourselves? Perhaps, Professor McGonagall would like to know about this."

"No," Susan said. "I have a feeling she wouldn't like to know about this."

Susan climbed off of the desk and wrapped her arms around Harry. She pulled him into position. Her tits squashed against his chest.

"I can make you forget you ever saw us tonight," Susan said. "Because your brains would be too fucked out to even attempt."

"Hmm," Harry said. "A nice idea, but I think I'd take both of you. That's my payment for keeping my mouth shut."

To be honest, both of the girls would do Harry for free. Hannah moved behind her. Their bare breasts pressed against each side of their body. The two girls worked the clothing off of Harry's body. Susan in particular moved to his pants while rubbing her bare front down his body. His top was off and they marveled at Harry's ripped chest.

Susan threw herself briefly at Harry. She enjoyed her breasts smashed up against Harry's chest when she kissed him on the lips.

From the other end, Hannah kissed him on the back of the neck and down to the ear. She licked the back of his ear and moved down.

"Bloody hell!" Hannah yelled.

The just released Harry's hard cock out and it was stunning. Susan just grinned and put her hand around the base of Harry's cock. She leaned in to kiss the tip of it.

Both girls descended to their knees before Harry and worshipped his huge cock. The two of them licked and slurped his manhood. Their tongues caressed his huge cock and made him groan. The closer they moved in to his balls, the better he felt.

Hannah took his cock into her warm mouth and sucked on it. She looked straight up at Harry when he pushed into the back of her mouth.

"Fuck, Hannah!" Harry yelled.

"Oh, these big balls need love as well, don't they?"

Susan squeezed and played with Harry's balls. She took them into her mouth. Harry jumped as Susan's brilliant red hair brushed against his balls and pushed deeper into her mouth. Harry's balls received an intense tongue-lashing from Susan's mouth.

The two Hufflepuffs switched their positions a minute later. Hannah sucked on Harry's throbbing hard balls and Susan took his cock into her mouth. Both girls gave him a nice workout beneath his
waist. Harry pushed his hard cock into Susan's mouth and rode her all the way. Her breasts bounced as she moved her head up and down. Harry wished his arms could extend far enough to reach them.

"Fuck!"

Harry rammed into the back of Susan's throat and his load came out in a constant flow. He spilled into Susan's throat. Susan held his back with her hands and enjoyed the constant flow of cum spilling down her throat.

The sorcerer pushed out of her throat and left Susan with a mouth full of cum she just had to share with Hannah. Both Hufflepuff witches engaged in a very steamy and heated kiss to share Harry’s very potent gift.

Harry observed the sensual kiss exchanged between the two friends and lovers. Their curvy bodies melted into each other. Both of these beauties pulled off the other's clothes. Susan crawled onto the desk and spread her legs. Hannah climbed on top of her.

Breasts rubbed together, tongues danced together, and legs were caressed. Hannah moved down to worship Susan's massive breasts, among the best in their year. She squeezed the round breasts and made her breath in pleasure. Susan's eyes glazed over.

Harry's eyes locked ono Hannah's curvy body. Her tantalizing backside dragged Harry in to the situation. Harry cupped her ass and squeezed it. He waited for Hannah to position her.

His throbbing cock aimed at her tight snatch. Harry entered Hannah from behind. She hugged him from behind. A moan came from her. Susan gently lowered Hannah's head down between her legs.

"She has a nice and tight pussy, doesn't she?" Susan purred. "And a good tongue as well."

"Yes," Harry agreed.

"Just wait until you fuck mine," Susan said. "Just wait until I ride that big cock and you watch my big tits bounce. Just wait until you feel them up and make them yours."

Twelve inches of magically endowed meat plunged into Hannah's fuck hole. She received a good pounding with that cock the deeper Harry pounded into her body. Harry's rod escaped her snatch and shoved deeper inside of her from behind. He held onto her back and worked back into her.

"Hannah, oh shit, Hannah," Harry groaned.

Hannah wiggled her ass back for Harry to grab onto. Harry held onto Hannah from behind and slammed into her tight pussy from behind. His thick balls smacked against Hannah at a rapid fire rate from behind as he stuck her from behind. Harry wanted to feel up more of her body.

Happily, Hannah made sure to put more of her body into access for Harry. Harry cupped Hannah's ample breasts and squeezed them hard. He pushed into her. Deeper Harry went as Hannah edged closer to her orgasm.

The feeling of her lustful loins grabbing Harry made him only push into her harder. He spanked Hannah harder and harder. Some marks had been left on her ass from how hard Harry struck her. Her pussy only dampened even more the deeper Harry drove his phallus into her tight body.

"Harry Fucking Potter, yes!" Hannah moaned.
Susan put Hannah's face back down into her pussy and adopted a very stern expression.

"Less talking, more eating."

The well-endowed witch received a good tongue lashing. The sounds coming from behind Harry also made Susan excited. Susan's felt up her own large breasts. She got turned on sometimes by how nice and big her boobs were. Susan threw her head back.

"Oh, fuck!" Susan yelled. "Oh, that sounds so hot. I can't wait to have that big fucking cock in me!"

Harry groaned when feeling Hannah lose a lot of steam. He held onto her and worked her to the last minute.

"I think you might have broken her."

Hannah's head fell onto Susan's thigh as Harry pumped into her. Susan shook her head and could barely keep the very devious grin off of her face.

"Yeah, you broke her."

Harry pulled out of Hannah. Susan smiled and slid off of the desk. Her legs wrapped around Harry's body. Harry held her up in the air. Her warm cleavage ease into his line of sight. Harry could bury his face between Susan's gigantic breasts for days and suck them until they bled milk.

"Oh, you'll be able to do everything you ever dreamed to them and more," Susan said. "But, while Hannah's recovering from having her world rocked, I'm going to show that I'm more than enough woman to ride Harry Potter's broomstick."

Both lovers crashed onto the chair. Susan took Harry's big cock in her hand and hoisted it between her tits. Her heavenly chest pillows grabbed Harry in her deep cleavage. Harry rose up to meet Susan's chest the further she pushed down against her.

"Oh, it's a good spot, honey," Susan said. "Right there...between my tits, where you belong darling!"

Harry grabbed around Susan's chest and vigorously fucked her melons. They kept bouncing and rubbing up against them. Susan's red hair kept flipping about her face. Her tongue dragged against her mouth with hunger burning through every inch of her body.

"Oh, your cock's a perfect fit!" Susan yelled. "a bloody good fit as well. Keep fucking my big tities! That's what I need."

Harry mauled Susan's lovely tit flesh. Her warm cleavage took his cock in. It was like she absorbed a good portion of Harry's cock inside of her pillowy mounds.

Two breasts came out from around Harry's hard cock. Susan ensnared Harry's big cock in her hand and lowered herself closer towards him. His big prick stuck up to be mounted by Susan.

"I'm wet and ready to ride," Susan said. "I'm ready to take this big fucking cock in my tight pussy and be stretched out until I can't recognize my own fucking pussy."

The fire in her eyes caused Harry's cock to throb. Susan was a sexual wildcat and Harry appreciated it. She drove down onto his big cock. Susan's very warm pussy stretched down around to the base of Harry. She pulled back off him and dropped back down.
Susan bounced like her life depended on it. She lowered down onto his big swollen balls. Harry took her right breast in hand and attacked it with vigor. He switched to her left breast.

"These belong to you, Harry!" Susan yelled. "Oh, you insatiable, wonderful fucking man. Keep sucking my big titties. SUCK THEM DRY!"

Harry buried his face into Susan's heaving chest and sucked on them. Susan put her hands on the back of Harry's head and made him motorboard her. Susan threw her head back. She went up and down and bobbed. Harry's hands placed on her back to slow her down.

There was no slowing Susan down for the lust she felt. Susan would make him cum inside of her body. She was cumming all ready. Susan leaked the evidence of her arousal down Harry's cock.

Hannah moved over to the desk beside the chair. She was a bit dazed and got a better look. Susan reached over onto the desk and finger-fucked her as she jammed onto Harry.

"Cum inside me!" Susan yelled. "Give me all your love, Harry Potter!"

Her wet pussy closed down around Harry's swelling organ. Harry pushed into Susan's love box. She put a death-grip on Harry's bare cock and really took him down. Susan rose up all the way and took herself down to the base of his big cock.

"Su…Susan," Harry growled. "You're too much….

"I'm all woman," Susan said. "I'm all your woman and I need to be fucked. I don't know how I lived without this big fucking cock my entire life!"

Susan rode Harry with everything flaring through her. Her body burned up with pleasure. Every time Harry entered her, she somehow found him deeper. He was positioned directly to seed her womb.

"These big titties are going to get a whole lot bigger when you're done."

Harry attacked Susan's chest. Susan threw herself back and clawed at the back of Harry's hair and his neck. She did not pace herself. Susan was working on pure adrenaline and trying to fuck Harry until his balls exploded and seeded her womb. She threw herself up and down on him.

Moisture pooled over the top of Harry's lap. He groaned the second Susan dropped her full pussy weight down onto him. Her body coaxed the seed from his balls. Harry could feel a rising feeling through his loins. Every time Susan bounced on him was another moment where Harry came closer the end.

Susan impaled her pussy down onto Harry's pole. Her eyes watered and sweat-coated red hair clung to the face of the busty seventeen-year-old girl. It was all worth it to get this big magically endowed cock into her body. Susan pushed all the way down onto him and felt the burn of her pussy ensnared around him.

Harry grabbed Susan's nice breasts and squeezed them. He jiggled them in his hand and attacked them with hunger. His balls were getting closer to erupting and coating the inside of her womb with his seed.

Both lovers came at the next action. Susan clung onto Harry and drained his balls into her womb. She saw flashes of light with Harry planting his constant load into her body.

She creamed all over herself. Milk leaked out of Susan's nipples as the arousal got to such a point where her magic exploded through out her. Harry leaned in and sucked Susan's milk spewing breasts while finishing draining his cock into her.

Susan collapsed on Harry's chest. Harry pulled her away from him. They looked over to see Hannah on the desk. Her body laid prone. All of those sexy curves begged for Harry to have another round for you.

"Get ready."

A warm hand grasped Harry's cock and tugged it back to life. Susan's hot breath and round breasts also pushed their way into Harry. She made sure his cock was nice and hard.

Susan had to collapse the moment Harry climbed on the desk. Clinging onto him was the only thing which kept her standing. Susan picked up a piece of paper and fanned her face. Sure there were cooling spells, but she couldn't perform them in her state.

Harry climbed onto Hannah. His slick cock aimed towards Hannah's aching core. Harry aimed perfectly in front of her and buried himself into her wet hole.

The ability of a powerful wizard to recharge himself constantly with a little stimulation was one of nature's greatest wonders. Hannah and Susan wondered how far could they take Harry. And would they need to call in reinforcements?

Harry buried his lust for the curvy Hufflepuff on the table inside of her. Hannah waited for her to be seeded. Now she had her second wind, she had renewed confidence that she could finish Harry off.

Susan would not beat her this time.

End.

A pair of bright blue eyes opened up. Princess Ariel had no idea what just happened. She had been trapped by some mysterious force which no matter how hard she fought, she could not swim out of. The tides keep taking her and then there was a cyclone of wind.

Then she was here and Ariel reached up against her face. The teenage mermaid felt something was wrong when she could reach down and feel a pair of legs. Human legs which had most certainly not been there before. And she felt a medallion around her neck which had not been there before as well. Ariel wore a tight green bra over the top of her chest, her flat stomach smooth to the touch. She wore what appeared to be some kind of slender garment just coming down to her mid-thigh area. It stretched over her newly formed backside.

Ariel rolled off of the bed and took a half of a step. She took a deep breath and moved across the floor. Ariel sank down to the bed when she wobbled. Despite the fact, Ariel had legs, she was most certainly not used to them and not used to using them.

The door opened. Ariel braced herself for whoever came through that door. She put her hands on the bed and almost pulled herself up. The handsome young man dressed in a nice white shirt with ruffles on it and a pair of black pants stepped inside. Ariel had been blown away by his gorgeous looks and chiseled features. He looked like something out of a dream.

"Forgive me for startling you," he said. "I found you trapped out at sea and I had to bring you on board this ship…the only way to save you is by giving the ability to walk on dry land."

Ariel rose up to her feet one more time. She took a couple of minutes to get used to distributing the weight of her legs properly.

"My name is Harry," he said.

"Ariel," she said. "It's a pleasure to meet you sir….oh, why am I so dizzy?"

Harry caught her before she fell to the ground. The mermaid's smile moved into one of complete gratitude. Harry held her up to look her straight in the eye.

"You're dizzy because you've been through a terrible ordeal," Harry said. "They tried to grab onto you, but I got you…and the medallion takes a while to get used to. And there are other side effects which may be noticeable as well."

Ariel gasped when realizing that she had a little more weight on the top of her body than before. The top which had been meant to hold smaller breasts strained to hold her new weight. Ariel closed her eyes and felt up her own body to see what she was. She was more rounded on her body half as well. Her hair blew out of her face.

A buzzing feeling entered Ariel's body. Her bare feet, and boy did that feel so weird to say, brushed against the carpet.

"You still haven't got used to your legs, have you?" Harry asked. "It's understandable given how you were used to not having them."
"No," Ariel agreed. "I'm not."

Ariel threw herself at Harry and embraced him. Her breasts pushed against his body. Her hands wrapped around Harry's neck and Ariel caught a whiff of his hair. The scent almost knocked the Mermaid off balance. She inhaled Harry's hair one more time and brought herself to smile at him. She could not believe something like this would make her feel so good.

"Sorry," she said.

"Don't apologize," he said.

"I do want to thank you."

Ariel gave him a nervous kiss at first. The minute their lips touched together, Ariel craved more. His hands moved down to grasp the round amount of flesh jutting from her back. This new sensation with Harry feeling up her backside caused Ariel to merely deepen the kiss. Their tongues touched together in pure electric passion.

Harry sensed the inexperienced emotions from the young mermaid as he worked his tongue into her mouth. Ariel moaned when Harry pushed his fingers against the back of her head. He pushed her back against the bed and stepped back from her.

"I…I feel funny," Ariel said.

Ariel ran her fingers down her body.

"Touch yourself between your legs," Harry said helpfully.

She did as Harry requested and touched herself right where it counted. Ariel shifted her legs up for her fingers to rub herself.

"Take your shorts off," Harry said. "Touch it bare. It's going to feel better."

Ariel removed her shorts and revealed a mostly smooth sheath of flesh which looked very pink and very inviting. The hair over the top of it matched the top of her head. Ariel closed her eyes and rubbed her fingers over it. The extra set of lips on her body grew with arousal.

"This is so good!" Ariel moaned the second a finger popped into her body. "Good! So good!"

Harry watched as the girl masturbated herself. His pants strained underneath his cock's swelling. Harry moved closer so Ariel could notice what was jutting out from the other side of his pants.

She noticed alright. Ariel's eyes widened when she took a good long look at what was coming out of his pants.

"Do humans keep spears in their pants?" Ariel asked.

"Why don't you undo my pants and find out?"

She fumbled with the belt a moment later. Ariel's eyes widened when she realized the thing which stretched Harry's pants connected to his body. She reached up and cupped the underside of Harry and ran her hand all the way down him. His cock swelled upon Ariel's touch.

"Keep playing with it," Harry said. "And you know the thing you have in your hands?"

"Yeah," Ariel said while still rubbing on it and marveling at the fact it grew before her very eyes.
"It goes right there," Harry informed her.

He tapped against Ariel's slit. She marveled at the size and also looked at the own tightness of her newly formed hole.

"But…it doesn't look like it will fit," Ariel said.

"Oh, I think it will fit," Harry said. "We just need to get you ready for it to fit."

Those words followed with Harry rubbing his hands down Ariel's front and then between her legs. The teenager gasped with the strong hand of the much more experienced hand bringing her more pleasure. Harry felt the juices collect against her body. Ariel rubbed his cock even harder as he played with her.

Harry undid her top and her lusciously formed breasts came out. Ariel wore nothing other than the medallion around her neck which gave her the illusion of human attributes. It's only purpose was to show Harry precisely where to enter on the mermaid.

He moved down to kiss Ariel's sweet mouth and then altered course to her neck. Harry spent some time at her breasts and Ariel fell back onto the bed. Her breathing escalated with Harry taking her nipples into his mouth and sucking on them nice and hard. Ariel shifted all the way off the bed and enjoyed the fact Harry took complete control of sucking her nipple.

"YES!" she screamed at the top of her lungs.

Harry moved down and planted some kisses on Ariel's flat stomach. She threw her head back and enjoyed the rush of Harry dragging his tongue all over her body. Her belly button got the right amount of worship before Harry moved down.

The taste of such a sweet young pussy always was something that the ageless sorcerer enjoyed having his way with. Ariel was eager to receive his tongue. And who was he to deny her? He pushed her walls apart and then delved inside to lick Ariel.

Ariel saw stars from his tongue dancing against her wet walls. Pleasures which Ariel never knew possible cascaded through the body of the sweet young mermaid, and Harry most certainly did not let up on her the moment he went down on her. His hands grabbed firmly onto Ariel's thighs and squeezed them.

The mind of the mermaid flooded through with so many wonderful emotions that Harry knew only he could bring out at this moment. The sexy creature writhed underneath Harry when he rubbed his tongue up and down against her. Harry slipped almost into her at the tongue and then pulled out of her.

Ariel dropped down onto the bed, sweating and dripping. She watched as Harry climbed on the top of her. She opened her mouth to receive another kiss. The taste of herself entered Ariel's mouth. She grew more excited and more needy every time Harry pushed his tongue into the back of her throat. Ariel sucked on Harry's tongue when it brushed against the inside of her mouth.

Harry had her right where he wanted her. Her pussy opened up just enough to take Harry's big cock.

"Get ready."

Two words made sure Ariel was prepared to take her medicine and take it hard. Harry took one more tour around her body. The magic in the medallion made every inch of her body sensitive and thus her foggy mind already more receptive to Harry's touch. Not that Harry needed that much
"I'm going to need you to just relax," Harry said. "The first time hurts."

Ariel watched as the human's mighty spear came towards her pussy. She still wondered how such a large thing could fit in her snug center. Ariel held on very bravely and watched as he came in on the top of her. His hard cock pushed against Ariel's snug center.

The first few inches penetrated the mermaid. Harry groaned as her tight pussy protested against the intruder. His hands found their way to Ariel's round breasts and gave them a squeeze. This forced Ariel's hips to come completely up against Harry and take him inside of her.

Ariel's eyes watched as a soreness rocked her body. Several more inches buried into her body. His hands made her legs spread.

"Too big!" she moaned.

Then suddenly, the pain left, and the pleasure entered Ariel's body. Ariel shifted her hips up off of the bed for him. Instincts hit her body the deeper Harry pushed inside. He pulled out and rubbed the tip of his cock against her entrance. This made Ariel as weak as could be.

Harry attacked the nubile teenage body underneath him. Ariel shifted and squirmed underneath Harry's hungry attentions. His big cock kept driving inside of her body. Ariel shifted herself another couple of inches up to take Harry's manhood against her entrance.

"YES!" Ariel screamed at the top of her lungs. "HARRY, YES!"

His manhood rubbed against Ariel's warm slit and almost came against her. Ariel pushed up to meet Harry's hard cock when it pressed against her body. Harry pulled almost all the way out of her and drove all the way inside of her body. Ariel stretched around Harry's hard cock the second it entered her body one more time.

"You're having fun, aren't you?" Harry asked.

They were having so much fun in fact. Ariel daringly felt up the muscular body of this man who could only be something out of a dream. She was going to wake up soon, wasn't she?

Harry drove his massive cock inside of the tight sheath of her. She was tighter than most women Harry made. It took some doing to drive his big meaty pole inside of her body. Ariel clung onto Harry. Her face looked blisteringly sexy dripping with sweat and burning with the want for Harry.

He picked up the pace. Ariel's legs spread out and then kicked in the air. He ran down the very smooth legs and touched those pleasure spots which made Ariel explode in a fit of lust. Harry maneuvered inside of her gushing pussy. His big cock plunged into her hard and fast.

Ariel's stomach extended because he was so deep inside of her. This big spear entered her sheath repeatedly and wrecked her body. Ariel loved being given everything this man could have. Her body felt so warm underneath him. It was a joy she never thought would be possible.

Harry decided to move a little bit faster and a little bit deeper. Ariel mewed and encouraged him to go deeper into her. His balls rocked against her slick center with each push down into her tight body.

Everything was beginning to reach a higher peak from Ariel. She never wanted to leave. The mermaid wanted Harry's cock to drive into her always and forever. She clung onto him, afraid if
she let go, he would be gone.

"Yes, don't worry….you're going to be with me for a long time," Harry said. "Do you have family?"

"Father…and sisters," Ariel breathed in heavily.

"Hmm, sisters," Harry said. "You're going to have to introduce me to them."

"Well, they'd like your spear, sir," Ariel said in a meek little girl voice.

His cock twitched when she referred Harry as sir, especially in that voice. Harry hammered Ariel's pussy like it was his job. And it was his job to feel some of the sexiest women throughout the entire world to feel Harry's hard cock. The sorcerer pushed his hard cock into her constantly.

Ariel thrashed underneath Harry's body. His hands ran against her and Ariel brought her full pussy sheath around him. The spear slammed into her warm body as hard as possible. Her pleasure exploded in a cascading feeling of lust.

"They would, wouldn't they?" Harry asked. "It's time for you to cum for me, Ariel."

Ariel did not know what else she would want to do more. The moisture collected in her body pooled around her loins. She practically erupted and coated Harry's hard cock with her moist juices. Harry planted his hard cock repeatedly into Ariel and stretched her warm womanhood out as much as possible.

"Cum for me, hard, Princess," Harry growled.

Ariel came hard for Harry already. He smashed her pussy as hard and fast as possible. Harry slid almost all the way out of her and planted into her.

Several more minutes of taking Ariel's snug little pussy only left Harry ready to seed her and made Ariel his.

"Do you want this always?" Harry asked.

Harry played with Ariel's breasts. She nodded eagerly when feeling Harry inside of her.

"Tell me outloud that you want me, you want to get this pleasure every night," Harry told her.

"YES, I WANT THIS EVERY NIGHT!" Ariel yelled. "I WANT THIS FOR THE REST OF MY LIFE!"

Harry just smiled and rewarded his Little Mermaid with her orgasm. He buried his cock into her clutching loins and allowed her to pump him.

"You're going to get your final reward. And that's when you're new adventure begins."

Ariel could hardly wait. His balls released their bounty into her wet snatch. Harry injected Ariel with his life-bringing seed and pushed it straight into her womb.

The pleasure of release came from Harry. His balls released the load which had been stored up and spilled inside of Ariel's body.

Harry pulled out of her and caused her to fall asleep with a look of content on her face.

'I have to say, today's catch was a good one.'
There were many reasons why Harry Potter went into piracy. The biggest one had been the booty that could be acquired.

End.

A couple of little whimpers echoed throughout the bedroom. Harry Potter wrapped his arms around the neck of Wanda Maximoff and she did in return. Both of the lovers came to the middle and kissed each other. The power drawing to them together made them needier than ever before. Harry pulled back from the kiss and kissed the top of Wanda's neck. He reached down to her corset and pulled out her immensely huge breasts.

They bounced with power and bounce in front of his face. Harry tackled Wanda's fleshy chest and sucked on her nipples. She breathed heavily. Harry responded to her actions by ramping up the pleasure and rubbing her flat stomach. Wanda whimpered in pleasure the further Harry worked his fingers down. He pulled down her panties and exposed her gushing pussy. It was ready for Harry to pleasure and pretty much have his way with. Wanda lifted up her hips as Harry slipped into her.

"Harry!"

Harry's fingers slipped into Wanda's tight pussy. She closed her eyes as Harry fingered her. Wanda bit down on her lip to show the pleasure which increased the deeper Harry pushed his fingers deep inside of her moist center. Wanda rocked back and Harry attacked her nipples.

"Like that?" Harry asked.

"Love…love it!" Wanda yelled.

She worked herself down on Harry's fingers. They were of a perfect thickness and the magic flowing through them stirred her up completely. Wanda reached and took off of his belt. His pants came down and only his undershorts were there. Wanda made quick work of him.

A gasp coming outside of the room caused Wanda to cease all activity instantly. Her eyes flashed outside of the door just in time to see someone standing out, watching through the cracks.

Wanda waved her hand and the door opened. Her younger sister, Lorna, stepped passed the door. She dressed in a transparent white night dress which covered her nubile body. Her nipples stuck out from the otherside of the night dress. Her green hair looked a bit messy. Wanda got a good look at her sister.

"Hello, Lorna," Wanda said.

"Wanda, I can explain," Lorna said.

The sexy brunette mutant took Lorna's hand and rose it up to her mouth. She took each of Lorna's fingers in hand.

"I think that she's been masturbating to us having our fun," Wanda said. "Here, love, have a taste of these."

Wanda presented Harry with her own sister's fingers. Lorna wanted to crawl into a hole and hide there for the rest of her life. Harry took her by the hand and sucked on her fingers. Lorna flushed in desire when Harry popped one finger after another into his mouth and sucked on them.
"Oh, god, Harry!"

Lorna’s eyes drew down to the piece of meat hanging between Harry’s legs. Wanda cleared her throat and Lorna looked at her sister, or rather her nice breasts, firm tummy, shapely hips, nice tight pussy, and long legs which made Lorna almost pass out from desire.

"You're overdressed."

Wanda's blunt statement caused Lorna to turn over. The older mutant leaned down and kissed the lips of her younger sister. The passion had been electric.

Harry watched the hot actions happening before his very eyes. Things got even hotter when Wanda stripped Lorna of her clothing. Her round breasts with nice perky nipples came out. Wanda ran down Lorna's body and kissed her. The younger sister had her body molested by the younger sister and enjoyed every single moment of it.

"I guess the carpet does match the drapes."

Wanda pulled Lorna's panties down below her ankles and exposed her wet pussy for pretty much everyone to see. And Harry got a nice good look at it, with the strip of green hair on her cunt. His cock throbbed. Wanda reached behind her and gently squeezed his cock.

"I'd bet you like to break this nice young pussy, wouldn't you?" Wanda asked. "Wouldn't you like to fuck my jailbait of a sister?"

"I'm sixteen," Lorna protested.

"Still young enough to be considered not so legal," Wanda said. "Although with these breasts, this ass, and this pussy, who could resist?"

Wanda empathized her actions by running her hands over Lorna's body. Lorna closed her eyes and enjoyed Wanda taking control of her body.

"You're going to get my pussy nice and wet while Harry fucks you to sleep," Wanda said.

The Scarlet Witch stepped back and dropped onto the bed. Her warm thighs spread. Lorna's dazed expression told pretty much the entire story. Desire burned through every inch of her body.

Harry stopped her and grabbed her by her ass and kissed her on the back of her neck.

"I've been wondering how long you've been watching," Harry told her. "And how long you've wanted this?"

Harry rubbed his long pole in between Lorna's thighs as the spread. It touched her on the most sensitive areas. And Harry's hands worked over her perfectly firm C-Cup breasts. Lorna threw her head back in a moan. She might have been smaller than her older sister in the bust department, but that did not make her tits any less lovely and squeezable. And boy was Harry kneading and pleasing them. He leaned around and sucked her nipple for about ten seconds.

"It's time to get to work."

Lorna watched Wanda out on the bed. She was fucking gorgeous and Lorna could not wait to bury her tongue.

The sight of Lorna's green hair brushing against her warm twat caused Wanda to size up in desire.
Lorna climbed closer to her pussy and gave it a few licks. A couple more licks brought Wanda into a passionate and very loud moan. She put her hands on the back of Lorna's head.

"Keep licking."

Lorna kept licking just as Harry's hands brushed down every inch of her nubile body. Harry was feeling her up and getting her ready. Her legs spread apart when she rose up. Lorna clutched onto Wanda's thighs and opened up.

The long and hard prick came inches away from parting Lorna's warm pussy lips. The wizard pushed his way deep into Lorna and spread her completely out from behind.

"She's pretty tight!" Wanda yelled. "Oh, I can't wait for that nice big cock to stretch that pretty young pussy."

Those hands put on Lorna's back made her shiver. Harry reached underneath her and cupped Lorna's breasts. His fingers touched Lorna's aching nipples before pulling back and driving inside of her body. She was so glorious Harry needed to submerge his hard cock inside of her.

Wanda closed her eyes and caused Harry to split into two identical duplicates. The original Harry pushed his hard cock into her.

"My pussy is wet and ready to be taken now!" Wanda yelled.

She formed a switching spell to replace the original Harry with the duplicate. Lorna did not know the difference, on the account of having her pussy stuffed and it feeling so good. Harry looked at Wanda, who smiled, having warped time and space to allow Harry to be two places at once.

"Come here and bring that big hard cock over to me."

Wanda's perfectly curved body moved over. Harry pulled Wanda up and lowered her warm pussy against his own hardening prick. Wanda lowered down completely onto Harry and allowed herself to be filled up completely and utterly with Harry's engorged rod.

"Harry!" Wanda screamed the second he entered her.

Harry groaned and enjoyed the feeling of Wanda's body merging with his. He could also feel himself pressed against Lorna's body at the same time. The double sensations made Harry just drive his cock more intensely into Wanda's tight pussy. Her nice and velvety tight pussy closed around him.

The sixteen-year-old mutant received a huge cock buried deep inside of her body. Harry pushed deep into her body. Lorna's toes curled for his actions. He rested his hands on her lower back and pulled almost from her before pushing back inside of her.

"Deeper!" Lorna begged him. "Don't worry, I can take it! I can take…everything!"

Lorna's voice hit a higher tone when Harry pushed into her. It felt like he buried completely inside of her. His cock brushed up against her womb. Harry drilled into Lorna while on her hands and knees. His hands wrapped firmly around the waist of the mutant before moving up and tugging on her gorgeous green locks.

"Take me harder!" Lorna screamed.

Wanda threw herself down onto Harry's prick with reckless abandon. Every inch of his big aching
cock shoved into her tight body. Her pussy stretched back and forth to pump Harry deeper into her.
Harry reached behind Wanda and guided her down onto his hard pick.

"Oh, you want more of him, do you?" Wanda yelled. "Well don't say I'm not a loving big sister ever again."

Another flash of light entered and three of Harry were now working their way into Lorna. One huge cock still jammed into her mouth. Another grabbed Lorna by the hair and made her mouth open to fuck her face. Lorna's warm mouth surrounded Harry's cock and sucked it as hard as possible.

The third duplicate eased to her ass. The tight and taboo opening of the teenager opened up thanks to magic just enough for Harry to slide into her tightness.

"Should test your endurance, shouldn't it?" Wanda teased.

Harry gave into his lust and buried himself into Wanda's chest. He could feel the sensations caused by Lorna's tight pussy, ass, and mouth, alongside Wanda's pussy. His love muscle got quite a workout. And Wanda was not to be neglected. Harry threw himself to pleasure every inch of her gorgeous body and squeezed her firm tits hard and fast.

The brunette beauty pushed her warm box down onto Harry's hardening cock. Every single inch of his manhood spiked inside of her.

"It feels so good, doesn't it?" Wanda asked.

Harry pushed his hands against Wanda's ass. Her legs wrapped around him. Harry switched their position and held Wanda down on the bed.

The powerful swimming between their bodies increased. Wanda's eyes burned with never ending lust as she waited for this powerful young man to give into his lust. He pushed against Wanda's entrance and slammed himself into her. Her wet snatch clamped down Harry's hard rod and pulled nearly all the way out of him.

"Give it!" Wanda yelled.

Lorna's eyes watered as several cocks pleasured different holes of her body. This was almost obscene with a cock in her pussy, ass, and mouth. She had all of her holes taken thanks to Wanda's manipulation and loved every single moment. She could almost feel her sister's power caressing her from the other side of the room.

"Oh, she's so fucking hot," Harry groaned.

"Yes, yes she is," Wanda said.

Wanda smacked her lips together in lust. Harry laid on top of her body and drilled her warm pussy for everything it was worth. Wanda closed her thighs around Harry and constantly milked his huge prick as far into her as it would go. Harry pulled almost all the way out of Wanda and sent his hard cock slamming into her tight and firm body.

"Keep it up," Harry informed Wanda. "You're so hot….I don't know how much more I can take."

"Take me all the way," Wanda encouraged Harry. "Drill your cock inside me and take me until you can't take any more! And take my sister where I can see it!"
The duplicates glowed when pushing into Lorna from all angles. Her body was being touched, caressed, and swiftly fucked. Lorna came through several powerful orgasms. The more sensitive spots increased their sensitive and Lorna sensed the hand of Wanda.

"So fucking hot," Harry groaned.

Lorna would have to agree being drilled with three big cocks was good. Her hands tightened around Harry's ass and she sucked his cock hard.

The first duplicate reached it's critical level of pleasure. His balls swelled up and exploded. Harry held Lorna's hair and vigorously face-fucked her until his cock really began spurting.

The duplicate sized up and exploded into a shower of flood which coated Lorna's face. The cum rolled down her body from the duplicate.

Wanda's hips jumped up at the sight of her sisters face covered in cum. She wrapped her legs tighter against Harry.

"You're going to be the death of me," Harry said.

"If I am, you go a fun way," Wanda said. "And you have room to talk!"

Those last few words flew out of Wanda with a scream as her pussy gave way to several convulsions. Her hips rose up off of the bed and ensnared Harry fast with several sudden grips. She could not help grabbing onto him and milking his big aching prick for everything it was worth.

Harry would have to agree. He plunged his manhood into the pussy of the curvy beauty who lifted her hips up off of the bed and took Harry as deep and far into him as she could. And she could stretch very far and take him deep. Their bodies melded together. Harry pushed his fingers up to enjoy the feeling of Wanda's very smooth legs.

Another Harry popped in Lorna's ass and covered her backside and lower back and legs completely with cum as he exploded into a shower. The final Harry pulled out and flipped Lorna over onto her back. He entered the tempting teenager's pussy and shoved deep inside of her.

Lorna held on for the ride. She never wanted this to stop. Harry ran over her body.

"You've grown up nicely," Harry said. "I've wanted to fuck you and your sister together for a long time. I've glad you've given me the chance."

"Me...Too!" Lorna yelped out.

Harry planted his thick cock deep inside of Lorna's stretching cunt. Every inch of her pussy caressed him. Harry's balls throbbed with a want and need to explode inside of Lorna. He held onto her and drove as much of his cock inside of her as he could reach.

"Getting closer," Harry said. "It's almost time."

The energy in the air made Wanda want the prime copy to shove his hard cock into her from above. Harry's fingers pushed over Wanda's nice breasts and squeezed them. The two firm and juicy tits smashed into Harry's hands when running over them.

"Getting closer," Harry informed her. "You're so close, aren't you? Aren't you?"

Wanda nodded. She was so close that her body was about ready to explode. Still, she wanted to
hold out just a few seconds more to feel Lorna.

The twelve inches of Harry buried repeatedly into Lorna. Wet green hair brushed against her face. Harry touched her all the way.

"Getting closer," Harry said.

There was no sounds coming out of Lorna other than a concentrated set of moans. Harry slapped against Lorna. His balls reached their final destination. The strongest duplicate of them all was about ready to reach the final life-span.

Vigorous spurts of speed drove into Lorna's warm pussy. Harry held onto her and worked her to the edge of her orgasm. Lorna stretched around Harry the deeper he plunged inside of her. Harry's balls finished releasing their bounty into Lorna's body before he combusted and then showered Lorna in cum from his exploding body.

Wanda felt some of the drops of cum fall down and hit her on the mouth. The Scarlet Witch licked her lips as her man drove into her. His huge balls repeatedly drove against her pussy. Harry sent spikes of energy through her clit.

Harry's never ending exploration of Wanda's body reached a fever bitch. He wanted to enjoy the ride for a few more minutes before the end came. His overtaxed balls came an inch away from releasing their cream inside of Wanda. Harry held onto her.

"Go ahead, there will be plenty more!" Wanda told him.

The sensation of three orgasms he did not technically have, in a mouth, ass, and pussy, put Harry on a trigger. His hard cock plunged into Wanda. He went hard and deep. Her warmth massaged his cock and made Harry feel like nothing else in the world mattered other than pounding Wanda hard from above

"Close…closer!" Wanda screamed.

Wanda tightened around his rod and milked it. She needed this cum buried inside of her womb. Wanda craved giving birth to Harry's magically powerful daughters. Harry held her breasts firmly when pushing into her. She tightened around him.

She refused to let go of his cock until Harry gave her his load. Harry grunted and the pressure in his balls released. He fired his cum into Wanda's body.

Wanda threw herself back on the bed. Harry filled her pussy with his cum. His balls tensed up and released a heavy load of cum inside of her.

Harry groaned and repeatedly slammed himself into Wanda. His balls shot their immense load inside of Wanda filling her completely up. The cum oozed out of her even before Harry was done.

He pulled out of Wanda and she grabbed his cock before giving it a kiss and a tender lick. Wanda moved over across the bed and crawled on top of her sister.

The two sisters moved into for a little sisterly bonding. Their tongues and licks cleaned each other up. Fingers intertwined in their hair. Wanda drove in her tongue and made sweet love to the tonsils of her younger sister before moving back to her neck. She moved down to kiss her breasts, stomach, and then her pussy. The green hair sticky with cum made Wanda only more pleasured.

Harry moved in and pushed his fingers into their juicy cunts and dragged the mixture of cum out.
He fed Wanda's pussy drippings to Lorna and Wanda's to Lorna. Both girls happily moaned before they pushed Harry back onto the bed.

Lorna took his balls into her mouth and Wanda took Harry's cock into her mouth. Both of them sucked and got Harry's hard member to full strength. The sounds the two sisters made on Harry's cock only primed him for the next round.

And the round after that as well. Lorna, with Wanda's help, climbed over Harry's cock. Her endurance returned and she dropped down onto Harry.

Harry looked up to see Lorna's beautiful face and green hair. She felt up her own breasts when bouncing up and down on top of Harry.

Wanda used her own hex magic to diddle herself silly and wait for her turn as Lorna rode Harry's cock. The beautiful feeling of her sister throbbing herself with such reckless abandon gave Wanda excitement. Lorna's deviance continued with Wanda's subtle nudging.

They were in for a very long weekend. And Wanda intended to be both an aunt and mother by the end of it.

End.

Squaring Up (Dew Gayl)

There's a blog exclusive chapter featuring Chloe Sullivan from Smallville. Head to the Page of Important Links. Go to the Web of Chaos Archives. And head to either the Breeding Ground or Blog Exclusive Page.

Squaring Up (Dew Gayl from RWBY)

Harry exited the shower wearing nothing other than a towel from the waist down. It was not uncommon for Harry to sleep in the nude after taking a shower. One of any number of lovely ladies entered his bed on this night and had their fun with Harry.

He opened the door of his bedroom to find one of the beautiful women who he caught the interest of and on the contrary as well. Her hair hung in a half-curtain over the right side of her face. Dark-blonde hair flowed aimlessly with her perfect lips puckered. Those alluring violet eyes ran down Harry's eyes. She dressed in a slender green garment on the top half which tied between the girl's ample tits and showcased her toned abs. She dressed in a pair of boy-cut panties to show off enough of her long legs.

"Hey, handsome."

She stepped towards him with a forceful throw around Harry's neck. The arms of the beautiful woman wrapped around Harry. Harry moved his grip over to pull the strong-willed girl closer towards him. They met mouth to mouth with one of the more spectacular kisses Harry could manage.

"Good evening, Dew," Harry said to her. "You're....."

"I need you," Dew said. "And I agreed to be up here if you beat me. And while...while you had a bit of an unfair advantage, I'm a woman of my word."

She looked very pleased that Harry did not have that much to remove. The towel dropped to the ground to reveal Harry's sizeable member for Dew to grab onto. The piece of meat between Dew's fingers pulsed when running up and down the entire length.

"This is perfect."

The two of them kissed each other again. Dew grabbed ahold of Harry's face and dug her fingernails in while deepening the kiss. Harry pushed his lover back on the bed and climbed on top of her. Dew's eyes flooded over as Harry switched focus to the string of the garment which came undone. The green piece of cloth came off and revealed Dew's perky breasts for Harry's consumption.

"Give me that cock."

The heated demand only made Harry take his time and plant kisses over every single inch of his
conquest. Dew breathed in the further Harry came in. He licked down starting at the cleavage, going past the belly button, and ending just inches away from Dew's smoldering hot pussy.

Harry pulled back from Dew and it resulted in her losing it in a protracted whine. He reached between Dew's legs and cupped the beauty between them. Dew breathed out with Harry kissing back down her body.

Twelve inches of rock-hard cock slapped against Dew's firm stomach. Harry moved up and rubbed his cock down the skilled woman's body. Every single time Harry touched it sent sparks of electricity down their body.

"You tease," she said.

"Isn't that half of the fun?"

Dew found herself in a hard position to argue. Harry's throbbing phallus brushed up against her. The next few minutes put Dew in a daze the further Harry edged towards her. He almost pulled away from Dew and teased her with the point of his cock. Dew's thighs spread far and Harry almost slipped inside of her.

"You...you're something," Dew said.

"Oh, I'm going to give you something alright."

Harry tempted Dew with a few more strokes. Waves of pleasure shot throughout her. Dew felt that Harry buried his essence down into her very being. His hard cock repeatedly and endlessly tapped on Dew's warm womanhood. She took in a deep breath the closer Harry edged to her.

"I'm going to give you want you truly crave," Harry said.

"I'm yours."

She spread her thighs to show Harry willingness. Harry aimed towards Dew's wet snatch and came about two inches away from slipping inside. Harry pulled back and then ran down to torture her clit for a moment.

Then, when Dew entered her neediest period, Harry brought the twelve inches of cock deep inside of her wet snatch. The first few inches sliding in made Dew feel better than anything else in her life. Harry pulled back from Dew and brushed against her.

Inside one more time. Harry established a steady tempo to ensure his lower was going to feel. Harry pulled away from the squirming woman underneath him. Then, Harry plunged his hard cock deep inside of Dew once more.

Several steady pushes made Dew crave him. Her legs spread enough for Harry to go deep inside. The two lovers pressed together. Dew kept the game going by allowing Harry to go deeper and further. The wizard planted his throbbing rod further into Dew.

"Keep it up," Harry said to her.

Dew kept it up and would not stop fighting. She pumped the intruding organ as far inside as possible. Harry's thick balls danced against Dew's moist center. She rose up to meet Harry with a long thrust and then an even longer drop down.

She came harder than ever before. Harry penetrated her to new depths. The expansions and
contractions of her wet hole brought Dew on a nice little thrill ride.

Harry decided to double the pleasure by pleasuring every lovely inch of flesh. His cock throbbed at feeling the competent and strong fighter underneath him just losing herself to this big cock. Harry worked her up to the edge.

"Don't stop," Dew said.

Her entire mind would shut down if Harry stopped. Fortunately for her, Harry did not intend to stop. Harry picked up the tempo. Dew's knees grew weak and more heat came against her loins with Harry driving down hard and fast.

Harry stopped for a second and made Dew long for him for another second. The second her body reacted about the lack of intrusion, Harry drilled himself deep inside of Dew. Her loins stretched around Harry's hard cock. Harry pulled out and into her again.

Dew wrapped her legs around Harry's waist and did not allow him to slow down for a minute. She craved, needed, and desired Harry inside at every single moment. Her warm pussy collapsed around Harry's throbbing rod and pushed him deep inside.

"Cum for me."

Three words triggered Dew into doing as Harry requested. Her compliance received a reward in the form of Harry's hands all over her chest. These triggers just made her body feel even more pleasure. Harry drove into her and slowed down for another minute.

Harry pulled away from Dew. She started to react to Harry until the second his hand motioned for her to turn around. Dew flipped onto her hands and knees. Harry touched between Dew's legs and slowly rubbed against her worked over pussy.

Those touches forced Dew to struggle to hold it all together. Harry aimed his huge cock an inch away from her. The feeling of lust coming through the skilled fighter only made Harry's cock extend further to meet her. Harry pulled back and gripped Dew around the waist.

Harry's muscular body pressed against Dew and lit her up with desire. Touches spiraled Dew's own lust out of control. Harry cupped and released Dew's ass and teased her. He spanked her to send drops of cum flowing out of her.

More than anything else, Dew missed the feeling of Harry's foot long love rod buried inside. Harry touched his thick cock head against Dew's warm entrance. He pulled back with his cock bumping against Dew. The friction increased between the two soon to be lovers.

"I need this!" Dew panted. "I need you. I need you bad!"

Dew wanted to take as much cock as possible inside of her tight vice. Harry fulfilled the need by pushing inside of her for the second time. For some reason, his length felt so much more immense going inside from behind then it did from Harry smashing her down from above. It was large either way though.

Harry watched her body react to the touches. The favorable interactions ramped up when Harry spent some time never once neglecting Dew's perfect body. He ran his fingers down the back of the woman underneath. Harry pulled out and then planted a thick cock inside Dew's perfectly tight vice.

She screwed her eyes shut and enjoyed the sensations cascading through her body. Harry came in
to indulge Dew in pretty much every single sexual desire. His hands really worked their magic and showed how well he could manipulate the female body.

The tender nibbles on the side of Dew's neck caused the thrashing girl to react. Harry pulled out and plunged inside. Flesh smacked together in a sinful symphony of sounds.

Harry worked himself deeper into Dew. Her snug center formed a tight seal around Harry's cock. Every single time Harry pushed in, the depths he pushed accelerated with how good it felt. The velvety hot center clutched Harry and worked him.

Seizing her moment the second Harry pulled out, Dew spun around and pushed Harry back onto the head. Harry's erect penis stood high in the air as Dew pulled up and then dropped down onto him. Strands of dark-blonde hair slapped against Dew's face when coming down.

"Well played!" Harry groaned.

"Thanks," she said. "Had to get the better of you somehow."

Harry wondered if she really did get the better of him. Perception skewed greater than reality with the heights Dew rose and the depths she dropped. Dew's warm pussy grabbed Harry around his cock and tugged on the throbbing meat. Every time the stunner rose and dropped, Harry could see pleasure dancing in her eyes. Determination followed with the pleasure. Harry reached in and cupped Dew's perfect breasts.

Dew rode Harry's massive member cowgirl style. Each time he entered her it felt like Harry penetrated her anew and stretched the feisty woman in ways that could not be described. Harry roamed and triggered all of the emotions which made Dew feel more alive.

"YES!" Dew screamed.

The base of her pussy dropped down onto Harry. The member swelling inside of Dew caused her pussy to ache and drip. The further she pulled up, the more of Harry, Dew submerged inside of her wet center. She breathed in and out with each rocking ride. Her wet flesh smacked Harry as the ride continued.

"Keep it up," Harry informed her. "You're almost there."

Dew looked positively gorgeous while biting down on her lip. The sense of content Harry brought into her made a tingling feeling come down from the top of her head down to the tips of her toes. Dew arched back and let it flow. A repeated bounce up and down made Harry fill inside of her.

Constant orgasms rocked over the body of the bouncing vixen. Harry touched her and brought Dew further.

"Aren't you glad you lost?" Harry asked.

"No, I would have demanded this for my prize," Dew said. "Just make sure I try harder next time, right?"

Dew's vaginal walls closed around Harry's prick and tugged him inside of her. Her warm hips kept rolling and pushing against Harry.

"Yes," Harry groaned. "Harder."

Those words made Harry rise up and jam his thick prick inside Dew's wet pussy. Her walls
ensnared Harry's hard cock and released him. His aching balls demanded their release and only this gorgeous woman bouncing on him would bring it.

A shine of sweat sexily coated Dew's body. Harry rose up to feast upon the nubile girl's chest. Dew held the back of his head the deeper Harry submerged into her. She built her body strong and firm to take a lot and Harry was sure giving Dew more than enough to handle.

The hot rising and descending made Dew's entire body size up with pleasure. Harry reached up and took complete mastery of her breasts when she bounced higher and faster. Dew's nipples stuck out completely for Harry to touch and to tug on.

"Getter closer," Harry said.

Dew reached her latest orgasm and it would be the best orgasm yet. Her tight pussy grabbed Harry's cock and released him with a few more pumps. Harry drove inside of Dew and his balls sized up before spewing into her.

The two shared their mutual orgasm. Dew smacked her thighs against Harry's and milked every drop of cum. White flashes danced on the other side of Dew's eyes.

A swap of bodily fluids finished their coupling. Harry's cock slowly softened with Dew making sure to drag as much cum out of it as possible. She sighed in pleasure before pulling off of it.

Dew collapsed on Harry. Her face brushed against Harry's shoulder. The dazed woman looked up with a grin playing against her lips.

"Next time, I'm going to have you," Dew said.

"We'll see," Harry said.

The two kissed each other before resting against each other.

End.

Bobbi Morse stepped out of the side elevator and made sure she everything was right. Her hair tied back into a ponytail, her sexy face had the right amount of makeup to enhance certain features, and her lips had been painted a delicious color of black. She wore a long opened coat which showed off her body. A black corset stopped at her stomach and pushed up her already ample breasts to make them look even more annkle. A thong hugged her body and only had slightly more material at the front of her body. Thigh high black stockings clung to the government's agent's legs.

She dressed to entice and also followed the dress code of the Hellfire Club to a tee. SHIELD had been trying to deduce what the New Black King had been up to. They sent her in deep into the Hellfire Club. Bobbi walked up to the top floor to one of the office areas. She knew it could be dangerous to be caught up here.

"You're here. Finally."

A handsome and tall gentleman with vibrant green eyes stepped in front of Bobbi's line of sight. She had been struck dumb by this young man. He dressed in a silk white shirt and a pair of tight leather pants. Bobbi tried not to blink or flinch. She took a special note of all of the entrances in case she needed to get out of here for whatever reason.

"You are my nine o'clock, aren't you?" he asked.

Harry Potter, the new Black King of the Hellfire Club, and a man who had a past shrouded with mystery. He was connected somehow to the dangerous Selene, and also had been very well intertwined with Emma Frost. Bobbi could only imagine what they have been up to.

"Yes!" Bobbi yelled quickly. "Yes, I am."

"Excellent."

Harry pulled the SHIELD agent closer to his body. Bobbi did not protest it. He had some allure over women and Bobbi needed to play the part necessary to get the information. Perhaps, she could gain his trust by rocking his word. The two of them joined with an intense kiss.

Two strong hands ran down this beautiful woman's body. Harry explored the inside of her mouth with his tongue.

"Let me."

Bobbi pulled away from him and pulled off his belt. The shirt went up and the pants went down. Bobbi's eyes followed the progress of his pants dropping to the ground. A very long, very, thick cock, ready for her mouth came out.

"You know what to do."

The Black King was under the impression that Bobbi was one of the women who had been sent up by the White Queen to take care of his needs. Bobbi had no desire to blow the cover. She dropped down on her knees and took his cock. Bobbi licked down his cock.
Harry enjoyed the feeling of the eager woman's tongue. She craved Harry and sought to pleasure him. The cock touched her lips when they made sweet love to the head.

Grabbing onto his cock with both hands put it into position. Bobbi relaxed herself to take the biggest cock possible down her throat. She didn't have a gag reflex which would serve nicely. Bobbi took Harry's cock down into her throat.

"Damn, you're such a good cock-sucker!" Harry groaned. "Keep what you're doing, whore!"

The statement made Bobbi's eyes narrow. She did not say anything, on account of having this cock in her mouth. Bobbi played her roll to perfection. She gave Harry a very sloppy blowjob, her fingers grabbed upon his ass. Every time her mouth went down, her nose pressed against his pelvis.

The pleasure coming through the wizard's loins rose to a brand new level. Harry pushed himself deep into his new lover's tight throat. His balls kept slapping against her face. She sought to pleasure every inch of her.

"Oh, I'm going to shoot my load down that pretty little throat of yours! Get ready. Get ready to take this cum like it's your job...because it is. This is what Emma hired you for, isn't it?"

Bobbi redoubled her efforts and thought to drain his cock dry. One hand grasped his supple balls and squeezed them to milk the seed from them. The other hand reached behind Harry's back and grabbed his ass. Bobbi slipped a finger into his ass.

"And you're a kinky one as well," Harry groaned.

Silky fingers pushed against Harry's balls. The talented woman on the ground took the cock into the back of her throat like a pro. It was very hard to not be turned on by the beautiful woman on her knees who lavished her sexy worship against his mighty rod.

"Keep it up!" Harry groaned. "Oh, keep it up...you're a fucking goddess on your knees. A goddess made for sucking cock."

Bobbi took the back-ended compliment. She felt herself getting soaked and wanted that huge cock buried inside of her. She tried to remain professional. After all, as far as Harry thought, she was performing the world's oldest profession.

Harry slammed his cock into the throat of the blonde on her knees. His balls shot their very thick load into Bobbi's mouth. He pulled back from her and then slammed into her.

The makeup of the woman on her knees smeared and tears ran down her face. Bobbi swallowed the cum and her rose up.

"You must see a lot of things here that are interesting, sir," Bobbi said. "Maybe you can tell me about it while I ride this big cock of yours?"

Bobbi threw her arms around Harry and backed him up against the table which had been cleared off for this purpose. Harry reached behind her and slid Bobbi's thong down to reveal her pussy. Her coat slipped off of her as well and fell to the floor.

She winced, hoping that he did not notice the radio in there. Bobbi quickly pulled down her corset to distract him. Her large sun-kissed breasts came out in front of Harry's line of sight. The nipples stood perky and Harry reached for them and grabbed on them.

The gasps coming from the sultry woman on his lap made Harry's cock harden even more. He
could tell she was very willing to take his cock, even though she was trying for something.

"Why don't I make that nice big cock feel good?"

Bobbi pulled herself up against him. Her legs spread and pussy prepped to take Harry. Bobbi dropped down and started to ride her powerful lover like a pony.

Her body rose up and dropped all the way down onto Harry's hard prick. Bobbi's pussy filled up completely with Harry's hard cock as she squeezed and released him. Her breasts came out for Harry to touch and toy with. Harry grabbed them in hand and gave them a very firm squeeze.

"Yes, that's it!" Bobbi yelled.

Bobbi bounced up and down on Harry's hard prick. Every time she rose and dropped more of Harry's cock submerged into her tight body. She flexed her inner muscles around his pull. Harry tightened his grip around her and despite Bobbi being the one to ride his cock, it most certainly was doing the bulk of the work.

The large jackhammering prick pushed up against Bobbi's wet snatch. She squeezed onto Harry and held on for what might have been the ride of her life. Bobbi gave a deep breath the deeper she pushed down onto Harry's iron hard prick.

"You're so good," Harry said. "Your body was built for bedrooms….Miss…."

"Morse," she offered him.

"Yes," Harry said. "Take my hard cock in your tight little body. I want to feel it as you ride it!"

Bobbi slid deep onto his engorged pole. She was really feeling good when bouncing up and down on this mighty pinnacle of manhood. Every inch of it spiked into her body. Bobbi's eyes shifted back against him. Harry moved in to attack her breasts.

"All for you baby. Anything for you!"

No question about it, Harry wanted these breasts more than anything. He touched Bobbi's round tits and gave them a squeeze. Bobbi bounced higher and higher on his hard cock. Her wet pussy slipped down onto him.

"I can make you feel better than any man on Earth, can't I?"

The bravado in his tone would have been something that only a foolish woman could debate. Electric shocks of pleasure fired up Bobbi's boy. She hit her peak and cascaded back down to her. Bobbi rose and dropped faster and swifter on his cock.

"You have…a lot of people moving around…is there something going on downstairs?" Bobbi asked.

"Just business as usual. Which shouldn't be mixed with pleasure, Ms. Morse."

The Black King's squeezing hands made Bobbi leak cum all over his big cock. It only opened up the pathway deeper into her pussy. She rode Harry for everything she was worth. Her nails dug into his shoulder and Harry reached behind her. One finger slipped into her back passage which got Bobbi all wound up even more.

"Perfect," Harry whispered.
Bobbi wondered what he meant by perfect. All she could do was keep riding Harry to the edge. Everything she felt built up in some very insane way. Bobbi bounced up and down on him, pushing that large cock inside of her body. She stretched her pussy around Harry's iron hard rod.

He was still hard despite her best efforts to soft him. Bobbi ignored the signs that her body was wearing down. The government agent pressed on.

Harry caught the determination of this woman to make him cum. He pushed his hand behind her right ear and slowly flicked it. Bobbi yelped when coming up and down. Harry leaned in and sucked on her neck. Several love bites had been left on the side of Bobbi's perfect neck.

Bobbi threw her head back and allowed him to come up. His face submerged into Bobbi's cleavage. His cock pushed against her body. Her abdomen distended far from the intrusion.

He did not stop the music. And why would Harry? The perfectly willing woman rode his cock like tomorrow would not come. He took some time to explore her neglected stocking clad legs. The silky and expensive material pressed against his palms. So nice, and so expensive, and Harry took care not to rip them.

"You've got to be getting close," Bobbi said.

"You have no place where you would rather be than on top of the situation, Ms. Morse," Harry said. "You strike me as a woman who is always on top of the situation."

Bobbi rose straight up and planted her warm pussy down onto Harry's hard cock. Every inch of his massive phallus stretched her body like it was no one's business. Harry put his hand on Bobbi's back and guided her closer to him. She rose up and dropped down onto him. Bobbi was feeling more than good and had to take this cock inside of her for everything it was worth.

Every time Bobbi took Harry inside, a little more of her resolve broke. Harry tightened his grip on her hips and doubled down. His cock worked its way inside of her tight body like a well-oiled piston.

A sweaty symphony of love continued. Bobbi rode his cock for what seemed like over an hour. She could not bring herself to look at the clock. For one, it was unprofessional to look at the clock.

"Keep riding me," Harry said.

"Are you close?" Bobbi asked him. "How many women have you brought up here and fucked the ever living daylights out?"

"Many, as you can tell."

Harry's cock planted its way into Bobbi one more time. The Black King of the Helflire Club took his lover further and faster. Bobbi stretched her loins around his hard cock and released Harry. Her loins gushed and released in a constant tempo.

Bobbi came repeatedly. Each orgasm further made her submit to the powerful cock underneath her. She became no better than all of the mewling whores who fell at the feet of the Black King of the Hellfire Club.

"And that's how you like it, Agent Morse."

The agent part caused Bobbi to panic slightly. He drove his cock into her and did not relinquish his grip on her waist. Harry repeatedly hammered Bobbi's pussy.
"I wondered if anyone would be sent to nose around. I have to admit, I was almost disappointed that the Black Widow wasn't sent up here. But...you're doing quite nicely."

Bobbi threw herself back. Her guns, her weapons, they were all laying on the floor in that coat. And she could not quite bring herself to disengage herself from Harry. Her cover had been blown and yet she kept burying his cock into her.

"Maria wasn't completely ignorant in sending you in here," Harry said. "I have a feeling deep down she knew it. She's always had a bit of a sweet spot for me...I might be paying her a visit after I'm done with you."

Never had being caught have felt so good. He slammed into Bobbi's pussy which was both dripping wet and extremely sore. Harry never held back from her.

"A good woman needs a good cock, otherwise she has a hole in her life which can never be filled," Harry said. "I've saved so many women from disappointment."

Bobbi bounced higher and higher on them.

"And those men downstairs, they're nothing other than just expendable employees," Harry said. "And Selene...well she's busy recruiting a new age of followers to worship their King. And busy cherry-picking what's remotely promising from those people who tried to betray me when it was convenient."

Harry dove in to motorboard Bobbi's breasts. She could not quite pull herself away when Harry just tortured her body with a never ending barrage of pleasure. Bobbi threw her head back and just decided to throw everything she could.

"You were a very convincing whore. So, good on playing your role nicely."

Bobbi did not know whether to take that as a compliment or an insult. She decided to just take Harry's cock as it repeatedly buried inside of her tight sheath.

"You're getting closer," Harry said.

Harry completely broke her and Bobbi did not know it was happening until it was too late. She rode Harry on sheer instincts. Her firm juicy thighs slapped down onto him.

Another orgasm further cemented Bobbi's submission to the powerful man.

"Sir, please," Bobbi managed.

She was a strong independent woman who succumbed to an even stronger man with a very powerful cock. Something about throwing herself away with such abandonment just made Bobbi cream herself and more importantly cream all over Harry's cock.

"Cum for me," Harry said. "Cum for me, hard, Agent Morse."

Bobbi quivered over Harry and she came one more time. Those heavy balls rose up and touched her. She could not believe how full of cum.

"Cum inside me," Bobbi said. "I'm...protected."

"That's not relevant."

Without another word, Harry slammed himself inside of Bobbi and released his pent up seed inside
of her body. The sexy government agent took Harry's cock. Harry repeatedly touched Bobbi's breasts and made her bounce until his balls expelled their load.

Bobbi felt dazed and happy. She had some hole in her life filled. The attempts to release her pent up aggression by curb-stomping the forces of evil were not enough. They were nothing compared to his huge cock.

"And you're perfect," Harry said. "Tell, Agent Johnson that we're still on for Saturday night."

No wonder Daisy had a big grin on her face every time she was around headquarters. Bobbi only could lead against Harry's body on the chair.

He scooped her up and walked Bobbi into the next room before putting her on the couch.

"I expect to see you every Monday at nine."

Bobbi did not think to question it.

"And make sure your ass is ready next week as well."

End.

Next Chapter: 9/12/2017.
Dolores Umbridge swore up and down no one could breach the security of her office. She practically laid down a challenge for someone to try. She had been called back to the Ministry by Fudge on urgent business. That awful woman left her Little Inquisitorial Squad in charge of the office.

Astoria Greengrass waited outside of Umbridge's office. The Squad patrolled the school and acted like they were hot stuff. The fourteen, almost fifteen, year old witch, curled her nose up. Malfoy had been the worst of all. She wanted to knock Malfoy out of a window. Daphne had to talk her out of it.

"So, we're here."

Daphne stepped into the hallway. Her sister dressed in a white blouse with the first couple of buttons undone. Astoria found herself naturally spellbound by her sister's round breasts. She had a nice ass and a perfect set of legs. Those were two attributes which Astoria had already, even though she had not grown into her chest as well as Daphne.

C-Cups were nothing to cry about as Daphne told her constantly. Astoria turned to Daphne to the other person who showed up, Harry Potter. Harry looked good enough to eat, dressed in that nice button up shirt and tight leather pants. Clothes might not make the man. They did help with his aura.

"Umbridge claims no one can breach the security of her office," Astoria said. "She claims no one can break inside."

"Yeah, well we'll leave her something that she'll be appalled by," Harry said. "Let's go."

Harry Potter, being no stranger to breaking into places he was not allowed, lead the way into the office. The door clicked open to give them the entrance they needed to Dolores Umbridge's office. The trio looked around to see those cat pictures looking at them. Astoria waved her wand and several loud bangs echoed from the shadows.

Black fog surrounded the pictures and blocked their line of sight.

"I wouldn't be surprised if Umbridge used those to record people who were in her office," Astoria said.

They did not want into the line of sight of those cat eyes. Daphne and Astoria stepped over. Umbridge's desk was completely clean. A mug neatly had been put on the desk. A filing cabinet had no doubt been perfectly organized. Everything about her office was neat and orderly.

On that front, Petunia and Umbridge would get along. Then, they would hate each other because Umbridge looked down on Muggles and Petunia was heavily biased against anyone who had magic.

"Her desk is clean," Astoria said.

"Not for long."
Daphne stepped in and grabbed her boyfriend by the shirt. The two of them kissed each other. Astoria watched with hunger in her eyes as Harry's hands caressed Daphne's body. She was jealous of both of them in different ways. Harry leaned Daphne back onto Umbrige's desk and kissed her on the mouth a couple more times.

"My turn," Astoria said.

Astoria kissed Daphne on the lips and this made Harry smile. His trousers were getting a bit too confined. It was not as comfortable as he would have liked if he was perfectly honest. Astoria and Daphne indulged themselves in a nice fine bit of sisterly love. Daphne squeezed Astoria's firm ass which caused her to yelp.

The two sisters pulled away and Daphne and Astoria sauntered over to Harry with very obvious "come, hither" expressions in their eyes. Astoria grabbed Harry and kissed him while undoing his shirt. The feisty young witch kissed Harry's chest and abs while Daphne pulled down his pants. He wore nothing other than a pair of silken shorts which stretched out because of his cock.

"Oh, someone wants to play!" Astoria cooed.

The hand of the sexy witch grabbed Harry's rock-hard phallus and squeezed it. She ran a hand down Harry's abs and moved down to take the hard cock into her mouth. Astoria looked up at Harry with a sweet combination of innocence and seduction.

Astoria brought her lips around Harry's cock and took a lot of it in her mouth. Daphne looked on with slight envy as Astoria was taking his member a lot better than they did the first time.

"Oh, fuck, Daphne, your sister has quite the mouth on her!" Harry groaned.

Astoria wrapped her lips around Harry's hard cock and sucked him, hard and fast in her mouth. Her warm lips surrounded Harry's manhood and released him. Hunger danced in the eyes of the young magical heiress as she worked Harry over with her perfectly tight mouth.

The warmth continued to spread around every inch of Harry's loins. He grabbed the back of Astoria's head and pushed deep inside of her. His cock slapped against the back of her throat.

Daphne undid her top and bra. Two magically enhanced and very beautiful breasts came out to play. Harry grabbed Daphne's tits and squeezed them. He kissed one sister and played with said sister's tits while the other one sucked his cock.

And boy did Astoria suck his cock. She was having fun with the manhood when pushing into her mouth. Astoria wrapped her hands around Harry's back and shoved the member deep inside of her.

"Mmm, she's good, isn't she?" Daphne asked. "It runs in the family."

Daphne pulled herself up onto the desk and her panties came off. The Sixteen-Year-Old Slytherin sat cross-legged on the desk. She masturbated to Astoria sucking off her boyfriend.

Astoria's tongue and mouth worked over every inch of Harry's mighty rod it could reach. The juices would be spewing into her mouth.

Harry tightened the grip around the back of Astoria's head and slammed into her perfectly tight throat. Astoria's throat stretched the further Harry rocked into her. Her mouth enveloped and released Harry with several constant and never ending thrusts into her perfect mouth.

"MMM!" Astoria moaned. "MMM!"
She took Harry's cock like it was her calming in life. And soon, the seed spilled into Astoria's waiting mouth. She cupped Harry's balls and gave it a firm squeeze.

Astoria sucked down Harry's seed. She ensured to drain Harry's balls with the warmth of her mouth. Astoria popped back and slid down the base of Harry's cock. She fondled his balls before finishing him off.

"Yummy."

Astoria lost her panties before rising to a standing position. She climbed over to Daphne and grabbed her around the hair. The two kissed each other hard and shared the gift. Their dripping pussies stained Umbridge's clean desk.

Harry resolved to make even more of a mess by spreading the legs of his young nubile lovers. He slipped inside them and fingered them into submission. The feelings of their tight cunts clutched Harry's fingers. He pulled almost out of them and plunged back into them.

Two sweet pussies felt the push of Harry's fingers at the same time. Harry pulled back from them and let them panting on the desk.

Daphne beckoned to Harry with her thighs spread. His girlfriend's sexy body laid on the desk of the Hogwarts High Inquistor. Her nice tight pussy beckoned for Harry's hard cock.

"Give it to me, love," Daphne said. "And then you can give it to Astoria later."

A jolt of energy flickered over Astoria's clits and caused her to buck up and down on the desk. She slid off, legs weak, and positioned herself on Umbridge's chair.

Astoria masturbated herself furiously on top of Dolores Umbridge's chair. Harry positioned himself over the top of Daphne. Her warm slit opened up for Harry's huge cock to penetrate them.

Harry positioned himself on top of Daphne's body and toyed with her perfect tits. Her nipples stuck completely up for Harry to suck and play with. His fingers danced over Daphne's flat stomach. The head of his cock pushed against Daphne's pussy.

"You're hungry."

"So, feed me," Daphne said.

Her legs spread for Harry to just drive himself balls deep inside. Harry adjusted his position and drove deep as possible into Daphne's tight quim. Her pussy clamped down onto Harry. Harry's huge cock filled Daphne up completely. He groaned before pulling up and then driving down into her again.

The tightness of her pussy had been compromised by Harry pushing in and out of Daphne. He touched her body. Daphne's legs demanded attention, so Harry gave it to her. Harry pushed himself deep inside of the perfect blonde on the desk.

"Drill that fucking uptight bitch!" Astoria swore.

"Well, since your sister asked so nicely."

Harry plowed Daphne's warm pussy and caused her almost to pass out from the rush of pleasure spiking through her body. Harry touched all of the spots which made Daphne excited. Her pussy stretched around Harry and snapped back. Harry pulled almost from Daphne and then back into
His balls repeatedly touched Daphne's warm pussy. Harry took Daphne swiftly and repeatedly on the desk. Her pussy stretched to meet his huge cock every step of a way.

The first of many orgasms this evening greeted Daphne. She grabbed Harry's arm to encourage him. Harry did not intend to slow down. Daphne saw stars.

Harry paused for a second and pushed into her. The juices pooled around Harry's cock and coated all over Umbridge's desks. The desk slightly rolled from it's position.

The defilement of Dolores Umbridge's chair continued at the able fingers of Astoria. She took one hand and pleased her cunt. The other hand moved rubbed her aching nipples. The self-gratification continued the deeper Astoria plunged her fingers into her tight little pussy.

Daphne felt a loss when Harry pulled out of her.

"On your hands and knees."

Submissively, Daphne did as Harry requested. Harry climbed up and pressed against her. He ran his hands all over her body and just did not even bother touching her breasts and ass. He hit other places. The small of Daphne's back sent shivers down her spine.

"Make that bitch squirm for it," Astoria said. "Perfect that you ram her doggy style because she's nothing but a bitch!"

Astoria received a high peak. Daphne looked at her sister and opened her mouth. Astoria jammed her cum-soaked fingers into Daphne's mouth and forced her to suck them.

Twelve inches of prime meat slammed into Daphne very hard from behind. Her pussy received a hell of a workout thanks to Harry and his might fuck stick. All twelve inches pushed into her and pulled out of her.

"You just keep cumming back for more, don't you?"

Harry gripped Daphne by the ponytail and used it for leverage to slam into her.

"She likes having her hair pulled!"

Harry knew this naturally. He pressed against Daphne's body. Her juicy ass was also ready to be grabbed. Astoria slid across the desk and fingered Daphne's ass while Harry fucked her.

Daphne could not believe how much it turned her on to have Astoria finger her ass. She made no apologies for it, however. She just liked the feeling of the duel penetration coming into her body on all ends.

Harry grabbed onto Daphne and enjoyed the feeling of her body. The strong and powerful witch succumbing to him only made Harry's balls ache even more. The fact she was almost as submissive to her younger sister added to the appeal in Harry's words.

Ever so close did Harry's orgasm approach. He pushed into Daphne as deep as possible. His aching cock drove into Daphne's sweet pussy. His balls ached and were about ready to start coating Daphne. He plunged into the sexy witch one more time.

Long ropes of cum splashed into Daphne's sweet pussy, with Harry driving himself into her,
pulling out and driving himself back into her. His cock received a nice warm hug from her pussy while draining it.

Daphne collapsed all over the desk of the most hated teacher in Hogwarts. She could not take much more cock at the moment. She rolled over and Astoria was right on top of her to suck Harry's cum out of her pussy!

Harry watched at the sight of Astoria feasting on Daphne's wet pussy. She sucked up as much cum as possible. Astoria ran her hands over Daphne's firm thighs and established some form of dominance.

A popping sound came with Astoria looking up with one of her very pleasant smiles at her sister. The two kissed each other, before Astoria rolled off of the desk.

Harry grabbed Astoria and slammed her into Umbridge's perfectly arranged filing cabinet.

"Really, she only used a standard locking charm?"

The drawers all burst open and sent papers flying everywhere in the office. Astoria looked at the papers, which were so neatly organized, skewed and mixed about on the floor.

"That's a shame."

Harry turned Astoria around so he could see her amazing ass bounce when he fucked her. The rest of her was not anything to sneeze it. It was just Astoria had a world class ass.

"Give me that cock, big boy," Astoria said.

Harry pinched Astoria's cheeks and lined himself up to enter. Astoria's wet pussy called for Harry. Harry positioned himself at the back entrance and pulled almost all the way back. His huge cock aimed at Astoria and shoved inside of her.

The immense length of cock pushed deep into Astoria from behind. Harry pulled out and then drove deep inside of her. He adjusted to her tightness.

Astoria clutched the edge of the filing cabinet which Harry fucked her against. The sensation of floating visited the body of Astoria Greengrass. Harry pulled completely out and shoved his immense rod inside of her again. The constant shoving of his hard cock into her tight quim made Astoria light up with excitement and also with pleasure.

"Harder, faster!"

The Boy-Who-Lived hammered Astoria's quim into jelly. Her tight pussy grabbed Harry and released him. Those balls slapped against Astoria's firm thighs. They were so hard and full of cum Astoria almost passed out. The thought of being seeded by Harry really excited her.

Harry drilled Astoria deep into the filing cabinet. The papers on the floor were kicked about as the two shifted. So many useless Defense Against the Dark Arts assignments which reinforced the official Ministry word stewed about on the floor.

Daphne threw herself back on the desk and rubbed her fingers against her warm pussy. She conjured a dildo and shoved it deep inside of her. The charm surrounding the fake cock connected to the very rear cock which Harry buried into her.

Astoria lost all sense of decency and just screamed out like a banshee in heat. She sent scorch
marks all walls through a burst of highly-concentrated and wild magic. The paint cracked the wall from Harry burying himself deep inside of Astoria. His balls slapped against Astoria the further he submerged inside of her.

Sweet-release had been gathered. Harry could also feel Daphne's pussy tightened around his cock if he really concentrated. Two pussies from the price of one. Harry grabbed Astoria's firm ass and played with it while ramming into her.

Astoria never wanted the fucking to stop. Harry transformed her body into one G-Spot which led to a lot of pleasure. His rod pulled almost out of her. The cock head bumped against her lower back, teased Astoria's tender asshole, before finding its final destination inside of her pussy.

Both sisters screamed in pleasure. If anyone heard them, no one cared enough to intervene. Umbridge might have had silencing charms around her office to block any screaming in pain from exiting the office when students had detention with her nasty quill.

The quivering mess of humanity which was once Astoria Greengrass received a hard drilling. Harry rested his hands on her ass before slamming over her. Astoria almost toppled the filing cabinet over to the ground.

Daphne sat up on Umbridge's defiled desk to watch the last few minutes of Harry screwing Astoria into a quivering mess of lust. Her eyes glazed over. Daphne knew the feeling. Those balls hung and slapped against Astoria every time.

Astoria knew the pleasure was coming. She tried to work Harry's cock up to its final explosion. Astoria milked his rod.

The two lovers slammed together. Harry's balls discharged and fired their load into Astoria. Astoria pulled back to the filing cabinet and it crashed back into the wall to send the remaining contents flying. Harry lifted Astoria up in the air. Her legs spread and kicked as Harry slammed himself into her pussy.

"Oh, that's so good," Astoria let out in a hungry breath.

He exploded into the pussy of the sweet young Slytherin. She hovered in mid-air and fucked Harry. Harry's leg strength kept him standing and kept Astoria bouncing.

The trio basked in the aftermath after the last burst of cum fired into Astoria's anticipating womb. Umbridge's office had been properly defiled. She would return to a destroyed office alongside of the smells of sex penetrating the air.

Harry allowed Astoria and Daphne to lean on either side of them and slipped the cloak over them. Fortunately, there was a secret room about two corridors down where the Greengrass sisters could rest.

"Just wait until we get back," Astoria said. "I'm going to ride that fucking cock."

Daphne clutched onto Harry as she walked with them. The promise of more sexual fun cancelled out the pain. She wished to be a fly on the wall when Umbridge saw what happened to her office. The freak out would be beyond glorious.

End.

There’s a blog exclusive chapter starring Fleur Delacour. Head to the Page of Important Links, the Web of Chaos Archives, and either the Breeding Ground or Blog Exclusive Archives to get yourself hooked up.

Tina Goldstein sat at the table of her house with a very peculiar guest. He almost appeared out of nowhere, and helped the magical people of America with a very peculiar problem. The emerald-eyed stranger, she did not know where he came from or even what his motivation had been half of the time. She was just beyond pleased regarding the fact he had been there.

"His name is Klarion," Harry said. "He caused a lot of damage and nearly exposed everything."

"You don't say?"

Tina stole a couple of looks at the young man in front of him. He noticed her staring at him and just smiled in response. She still had been in her work clothes after the past evening. An extremely beautiful woman she was, Tina had also been married to her work, even though a lot of the work had been not to her skill level. The American Magical Government was not entirely perfect and there were times where she wanted to beat her head against the wall over the collective stupidy.

"So, Harry Potter," Tina said. "I've been meaning to ask if you are in any way to connected to the Potters who migrated to America about thirty years ago. They don't have the gifts…but others in their family tree have…they live in…where is it again…"

"Smallville?" Harry asked.

Tina nodded. Harry knew what she was talking about.

"Yes," Harry said. "Cousins, very distantly…and to the magic branch which remains in Britain."

"Ah," Tina said.

She sipped on the coffee and noticed the door opened. A sleepy looking blonde who dressed in nothing other than a slender night dress descended the steps. She took a step to a kitchen, stopped, and looked very surprised.

"Harry, this is my sister, Queenie," Tina said. "This is Harry Potter."

"I'm surprised you of all people actually brought an attractive man home," Queenie said. "I mean, I thought that you were…."

"No, it's nothing like that," Tina said.

"Oh, then if it's nothing like that, you won't mind me taking a closer look, will you?" Queenie asked.

The beautiful blonde moved in. Harry caught a nice glimpse of the witch’s cleavage poking out from the other side of the night dress. Harry most certainly did not mind the view. Queenie reached
over and put her hand on his shoulder with a smile.

"It's nice to meet you….really nice to meet you. Most of Tina's guests are stuffy and boring…you
look just like him…remember him, Tina? The cave painting we saw when we were visiting those
Natives out in Smallville last year. What did they call him?"

"Namen," Harry said. "And that isn't the first time I've heard of it."

"Oh, that means you're worshipped as a god by some people," Queenie said. "That is if you're
him….and you could be him. You look just like him, you know."

Tina grabbed her sister's shoulder and steered her away from the guest. Queenie popped up with a
sudden pout. Her older sister looked very disapproving at her attitude.

"How much did you drink last night?" Tina asked.

"Just the bottle of wine in your room," Queenie said. "You should have done a better job in locking
the cabinet and your room if you didn't want me to get into it."

Tina wondered what bottle of wine Queenie got into. Then she realized, it was the bottle which had
been tainted with a lust motion which would cause the drinker to fall hopelessly for the first person
they laid eyes onto. And apparently, since Harry was the first person they laid eyes onto.

"Shit, Queenie, we need to get you to the hospital….."

Harry recognized the symptoms already, grabbed the blonde around the waist, and kissed her to
distract him from the upcoming amount of rage she would feel towards her sister. Queenie's hand
snaked underneath the back of Harry's hair.

The sexy blonde snuggled up against Harry. He moved her back to the doorway, towards a couch
area. He pushed Queenie back down onto the couch. She tore off her night dress and
undergarments to show her perfect body at him. Nice supple breasts, a flat stomach, a hairless
pussy, a shapely bum, and long legs. She dripped with desire towards Harry.

"Those clothes don't look right on you," Queenie said. "Well, to be fair, it isn't the clothes. It's just
the fact that you're not in here…Tina come in here!"

Tina, despite her better judgment, passed the room. She watched Queenie rip off Harry's clothes
like a hungry lioness. His sculpted body revealed itself to her. Tina found herself flushed by
looking at him. She knew he was handsome, with those dazzling green eyes. The type of green
eyes she only saw once before, when some mysterious stranger saved her from drowning when she
was eight.

Twelve inches of cock came out. Queenie dropped to her knees before her.

"Open your mouth wide to get your treat," Harry said to her.

Queenie shamelessly licked Harry from the tip of his cock all the way around to the base of it. She
reached around and fondled his throbbing hard balls. She sucked on the head.

A feeling of desire rushed over Tina. Harry beckoned her over with the hand he did not use. Tina
walked over towards Harry. Her hand rested on his shoulder.

"You're….you're quite amazing," Tina said. "I can't believe anything like you exists."
"You weren't the first to say that."

Harry's throbbing balls connected with Queenie's chin. She inhaled his cock for a minute. Those smoky eyes looked up to lock eyes with Tina. Queenie dragged her tongue against Harry's cock and allowed it to spring back.

"Tina, you need to get laid. On your knees, now."

Tina should have protested, being a strong career-oriented woman. Instead, she dropped to her knees in front of the mighty altar of this man who might as well have been a god. And given how he appeared seemingly out of nowhere to bless them with his power, Tina was not uncertain she wasn't dealing with a god here.

The older sister pushed her lips around Harry's mighty rod. Those warm lips ensnared Harry and sucked him as hard as possible. Tina's hand cupped Harry's balls and squeezed them. The warm mouth of the beautiful witch wrapped around Harry's tool and sucked on him until the point where Harry thought he was going to lose it. He grabbed Tina's hair and pushed his massive rod inside of her tight mouth with a couple more pumps.

A second mouth joined the first mouth. Queenie lavished the proper amount of worship these large swollen balls deserved. The mighty man groaned and strummed his fingers through their beautiful heads of hair. Both Tina and Queenie went down repeatedly on Harry.

Tina let go of all of the previously held inhibitions she held. She was down on her knees to worship the god before her. Her entire body tingled, nipples hardened, and pussy soaking through her undergarments. Her sister worked right behind her. Every now and then, Tina could feel Queenie's hand brush against her and sent taboo tingles.

Queenie thought about how hot her sister was and how much her pussy demanded to be eaten. She focused on worshipping these balls.

"Oh, see what sisters can do when they work together in harmony," Harry groaned.

Queenie milked his balls while smoking them. Tina brought her lips down onto him. She made several loud smacking downs to drive Harry's hard cock into her mouth.

The time displaced wizard never could go too far without running into two attractive women. His balls tingled the deeper he pushed inside of Tina's waiting mouth. Queenie and Tina really went to town on his cock.

His cock tasted so nice and so warm. Tina's eyes watered at the size pushing into her throat. Her eyes, now burning with the same lust Queenie die, now pushed over Harry's cock. A small part of her wondered maybe it wasn't the potion. Maybe it was something else.

Or maybe she had been pent up so long. And speaking of pent up, Harry jammed his hard cock into Tina's mouth.

"I'm going to cum, get ready!"

Tina could not prepare herself for the onslaught of thick semen spilling from Harry's breeding rod and deep into her mouth. She tilted back to accept the oncoming rush of seed into her mouth.

The last few blasts smacked Tina directly in the face. Harry pulled away from her to see the cum smearing down Tina's face. Queenie offered a hand to Tina and helped her up to a standing position.
"You're overdressed," Queenie said. "Oh, you poor thing, you're burning up."

Queenie undid Tina's top garments and revealed her firm breasts in a bra. The bra came out and Queenie ran her hands down Tina's beautiful body. Tina gasped as her younger sister's molesting hands continued to touch every inch of her perfect body.

"This cunt's nice and wet for your new master, isn't it?" Queenie asked. "But, I want to play a bit too."

A single finger slipped into Tina's squeezing center. She almost passed out from what her sister did. Devious pretty much summed up on the smile.

Both naked sisters embraced while kissing each others. Tits fondles, asses squeezed, and just a general exploration of skin was the next step.

"Lie down next to each other."

Harry's words brought them out of their fun. The couch extended out on a bed which gave Tina and Queenie enough time to lay down next to each other. His cock, longer than what it seemed before, stretched out for the two sisters to lust over.

The unnatural sexual power flowing from Harry's body caught both of the women in his web. Harry moved over the top of them and kissed down Tina's beautiful body. He explored every inch of it. He touched her pussy, which made her shiver.

Harry moved over towards Queenie and kissed her as well. Every inch of her body.

"Two beautiful sisters, just begging to be fucked," Harry said. "It's hard to decide which one."

He closed his eyes and energy flashed through the room. Queenie had been the lucky girl who had gotten the first round with Harry's cock. He jammed his large member inside of tight sheath.

"OH, THAT'S REALLY BIG!" Queenie squealed at the top of her lungs the second Harry's member penetrated her.

Penetration was the best word to describe what happened when this member slammed into Queenie nice and deep. Harry grabbed onto her hips and rocked himself into her. Queenie rose up off of the bed to take more of Harry's thick prick inside of her tight body.

Tina watched as Harry's cock appeared and disappeared into her sister's pussy. The lust to have that mighty rod inside of her grew.

Queenie did not know whether or not this man and the mysterious man depicted in the cave paintings was one in the same. All she cared about was receiving a huge push of his cock inside of her pussy. Harry pulled out of her pussy and danced his thick head against her dripping hot slit. He pushed in and filled her body.

"Oh, you're such a stud!" Queenie yelled. "FUCK MY BRAINS OUT!"

"Such language is unbecoming," Tina said.

Tina rolled over and climbed on top of her sister's face. She would put that naughty little tongue to more constructive uses.

The most beautiful sight ever made Harry's cock throb. An older sister forcing the younger sister to
eat her out. The delicious brunette rubbed her pussy over Queenie's face. The primal lust buried deep inside of everyone came out to play in the worst possible way.

"Get my pussy nice and wet because I'm ready to mount and ride him to the end!"

Harry drew back and smashed into Queenie's tight pussy. Her legs wrapped around Harry to give him the encouragement necessary to drive deeper and harder inside of her.

Queenie opened her mouth to scream. The obstruction of her sister's perfect pussy made it very hard to register her joy in the proper decibel level of how perfectly this cock smashed into her wet pussy. The worship of Harry's cock had been rewarded by his hands all over her. Queenie's breasts, legs, thighs, and ass all received an ample amount of attention. All while Harry drove his hard cock inside of her tight pussy and allowed it to grip him, all the way to the edge.

"Go ahead. Don't hold back."

Nails dug into Harry's back. She buried her face into Tina's pussy while Harry's huge cock slammed into her wet cunt. Every inch of it pressed against Queenie's wet thighs. Queenie's pussy grabbed onto Harry, squeezed his hard cock, and released him with a few more hard pumps.

Harry worked into her very tight and very accommodating pussy. It would not be too much longer before Queenie would give way to Harry's affections one more time.

A very sexually charged Tina forced her sister to eat her pussy. Queenie was more than up to the task. They were well beyond any kind of lust. A theory began to build into Tina's mind of Harry's true nature. It would explain how they had fallen so fast with his aura even though there were circumstances which lead there.

"Finish her so I can ride you," Tina said.

Queenie's protest to be patient had been blocked. Tina grabbed her sister's breasts and squeezed them tight. This made Queenie's hips buck up. Harry took her legs and spread them before sinking his way into her.

The clutching warmth of her pussy made Harry grow closer to the edge. His throbbing balls almost reached the pinnacle. He edged closer inside of her. Queenie wrapped her warm pussy around Harry's hard cock and released him. Harry planted his thick throbbing spear inside of Queenie.

"One more time for measure."

Her orgasms must have been measured in the double digits by now. Queenie pushed herself forward in a way that adrenaline could not. She clutched Harry, released him, and came one more time. She saturated his invading tool.

Harry's balls ached and needed release. He wore out Queenie and wanted her to be awake to see it. She still showed signs of life by dragging her legs against Harry.

Balls deep into Queenie Harry went. He seeded her body with a few blasts. The sexual energy drained off of her body from Harry riding her. He kept enough of it cycled into her to allow her to breath and live on for another cycle to recover.

"So, you are an incubus!"

Tina watched the energy drain after her latest orgasm. Queenie slowed down to a tepid lick before falling into a brief sleep.
"Yes," Harry said. "On my mother's side of the family, we have fay blood. I don't drain women to death though. It's a waste."

"I wouldn't argue."

Tina crawled across the bed. The seductive witch took Harry's cock up and wrapped her tits around it. She tugged on Harry's cock a couple of times before moving down. She tasted Queenie's juices from Harry's cock. Her sister tasted perfectly divine, so much that Tina made a mental note to get some more from the source the next time she had an opportunity to so.

The warm and very tight confines of Tina's mouth ended up being Harry's new home for the moment. She made sure his cock stood up straight and at full mass. She rose up, thighs spread when climbing on top of Harry. Those fantastic breasts pressed up against Harry's chest.

Harry tightened his grip around Tina and allowed her to position top of him. Tina lowered and dropped down onto his cock. The entire length filled up Tina to the brim. Her eyes shifted over to take the immense length in one drop.

"Careful," Harry told her. "You better be careful."

Tina only paid Harry the slightest amount of mine. She could not believe Queenie was able to take this cock inside her. Still, if Queenie could, then Tina could. She womaned up and dropped down onto Harry's massive spear. The manhood stretched against her tight body.

"Fuck!"

The strong hands of Harry pushed against Tina's breasts. It encouraged her to drive down and fill her cunt with Harry's achingly large rod. Harry pushed her down onto him and filled her pussy up with his hard cock. Tina rose up completely and dropped down with a steady drop.

Flesh smacked together. Tina arched herself back to feel the burden of the cock. The moment she adjusted to what her body would take, Tina gained a little bit more momentum.

Harry helped her along by touching her body. Tina whimpered.

"You're going to like this even more if you like that?"

The Incubus sucked behind Tina's ear lobe and made her almost black out from an immense amount of pleasure. She rode down Harry's firm cock all the way down to the base. The tight sheath stretched around Harry before pulling almost all the way up.

"Oh, you feel so good!" Tina said.

"You do as well," Harry said. "I'd knew you be fun the moment I found you. So much pent up inside, just waiting to get out."

Tina rode Harry's hung cock and pushed as much of into her body. The magic of the Incubus caused Tina to open up a bit more than normal and ease some more of Harry's mighty prick inside of her. Her loins stretched when grabbing onto Harry's body.

"Oh, you are something else," Tina said.

Her legs wrapped the strong man when riding him. Tina lost it. She lost all sense of inhibition. The only thing that mattered was bringing pleasure of this giant cock pressing into her body. Tina's warm cunt stretched against Harry's iron rod and pushed it further inside.
Every drop of her pussy down onto his cock made Harry's hard cock rise up and meet Tina's wet snatch. He pushed deep and far into Tina. Their bodies melded together in the lustful exchange of sexual energy. Tina pushed her nails down onto Harry's shoulder.

"We're getting closer," Tina breathed. "I'm getting closer. You're going to make me cum!"

"Go ahead, cum for me."

She did not hold back any instance. Tina drove herself down onto Harry's cock without any problem. Her sister laid next to them with a grin on her face. Tina repeatedly and utterly drove her warm pussy down onto Harry's hard cock. His hands wrapped around Tina's nipples and squeezed them.

Another rush of sexual energy spread through the bodies. Harry lightly drained her while at the same time pushing enough back into Tina to stimulate all of her nerve endings.

Tina dropped her wet pussy down onto Harry's massive prick. Her entire snatch clutched Harry and released him with a couple of pumps. She groaned the deeper Harry pushed inside of her. His balls just throbbed the deeper that Harry drove into her.

One more time, Tina came. She slowed down just enough to register the pleasure of the orgasm. She picked things up and rode Harry like there was no tomorrow. Her wet thighs slammed down onto Harry and took his hard cock inside of her with repeated rises and drops. She stretched around Harry's mighty tool with a seductive moan.

"Closer," Tina said. "I'm closer!"

Harry pushed his hard cock deep inside of Tina's wet snatch and allowed her to squeeze him. She released Harry with a couple more fluid pumps. She saturated his cock down to the base and all over his pelvis. Liquids pooled around the bed the further Tina drove down onto his hard prick.

She came one more time. Harry pushed himself deep inside of her depths. Their skin pushed together. Harry's hands groped Tina's bouncing breasts. He channeled pleasurable energy through the chest orbs to really rock her world.

The next motion from Harry resulted in those balls firing into Tina's body. Her eyes glazed back as she tightened the grip around him. Tina refused to let a single drop of cum go to waste inside of him. Her wet pussy grabbed onto Harry and released him with a constant wave of rising and dropping.

The feeling of release visited Harry. Her warm pussy drained his balls and made him feel pleasure all the way inside of her.

The soft sigh of release happened as Tina finished off and collapsed onto Harry's shoulder.

This would be a night none of them would forget for a long time.

"Don't worry. I'll be back tonight."

"We'll hold you to that," a half-dazed Tina said while snuggling up to her sister.

End.

Next Chapter: 9/19/2017.
The shower kicked on and Emily Potter stepped into the shower after a nice long day. She wanted to kick back and relax and take a nice warm shower to really relax her body. Emily got out the body wash and prepared to lather up. The door opened up after Emily had already lathered up. She did not even pause for a second. The monitoring spells would let her know if anyone dangerous was coming for her.

"Hello, Harry joining me for a shower, big brother?"

Harry stripped naked and stepped into the shower. Emily turned over her shoulder slightly, her wet redhair coming out. Harry smiled and made Emily turn around to look at him. Emily's eyes traced over Harry's muscular tone body, his toned abs, his muscular legs, and more important his big cock which already reacted to his sister's state of undress.

The gaze of Harry Potter came down Emily's body. Her beautiful face with nice angelic eyes, soft cheekbones, full lips, and just a stunning and gorgeous face so beautiful it hurt came into Harry's line of slight. Her curvy body with round tits with nipples standing up at attention came into Harry's line of sight. Emily's stomach flat stomach and trimmed pussy came into his line of sight. Long legs which had been wrapped around Harry's body a time or two came into focus. They were perfect and toned. As was her ass, which Harry always appreciated. Both of his twin sisters had nice asses, and always wore short skirts or tight shorts to tease their old brother.

"I just got back after putting Mandy to bed."

"I'm sure you did."

Emily stepped in and put her hand on the back of Harry's head. She squashed her large soapy tits against his muscular chest and kissed him. The taste of her sister's pussy entered Emily's mouth. Harry reached around her and pulled her in tight. The steam made the encounter even nicer, as did Harry's present tongue digging into her mouth.

"Turn around so I can get your back."

Obediently, Emily turned around and felt Harry's strong hands feeling up her, starting from the back of her neck. Harry worked down Emily's back. Sparks of lust flowed through her body. Harry rested on her hips and rubbed his hands all over Emily's ass.

"Soap me up," Emily said.

"I'm going to get you nice and wet."

Harry's fingers brushed against Emily's pussy occasionally when the warm water cascaded around him. His dripping wet and beautiful sister really felt good. She whimpered and ground up back against him. Emily's legs spread for him for a second before she turned around.

"Let me get you."

Emily squirted the body wash on Harry. She smashed her tits against Harry's body and washed her brother's muscular body with her juicy breasts. It was a good feeling to have Emily rubbing her
melons all over him. Her hands also roamed aimlessly over her body.

The more their bodies touched, the more things felt good. Emily washed all of the hard to reach places and some of the easy to reach places. She dropped to her knees and soaped up between Harry's legs. Her breasts pressed against Harry's legs when working him over.

"Closer," she said with a smile.

Emily lathered soap over Harry's organ and rubbed it sensually. His cock hardened a small amount inside of Emily's grip. The more she worked on Harry, the harder things got.

Neither slipped in the shower due to the charm work preventing any accidents. Emily rose up to her feet and held the soap in her hand.

"Whoops!"

Emily dropped the soap in the shower. The Potter sister's mischievous smile popped over her face while bending down in front of her brother next to the shower.

Harry's cock hardened when seeing Emily's sweet round ass while bent over. Her tits hung out all wet and soapy from their shared show. Harry could see her legs spread and she accommodated him.

With one might lunge, Harry slammed his big cock into Emily's body. He held up Emily so she did not fall even with the anti-slipping spells in the shower. Harry pulled almost all the way out of Emily and plunged into her one more time.

Emily's saw stars with her brother fucking her while she bent over in the shower. A tight grip on the railing allowed Emily to hold up. Harry reared back and plunged into it.

"Your pussy feels so nice, Emmy," Harry groaned.

"Yes, and it's only for you," Emily panted.

Harry did not doubt that for a bit at all. He kept slamming his massive tool into Emily's wet pussy. Her snatch practically inhaled his hard cock when going inside of it. Harry pulled almost completely out and plunged his aching rod into her on a constant and never ending basis. His thrusts increased when going deeper and faster into Emily's wet pussy.

"Yes, baby," Emily said. "Oh, yes! Right there! RIGHT FUCKING THERE!"

She screamed out loud to accept Harry's large cock drilled inside of her pussy. Harry grabbed onto and played with her ass. The firm thickness of Emily's ass had been explored and played with by Harry.

Harry submerged himself balls deep inside of his lovely sister's snatch. Her wet breasts just smacked forward. Harry grabbed those juicy milk jugs and gave them a squeeze. Emily reacted to Harry's affections when driving into her.

The eyes of the witch grew glazed over. The railing almost came loose as she gripped it so hard. Thankfully, it did not, otherwise it would have killed the momentum. Harry reared almost all the way back and then plunged into Emily hard.

Things stopped suddenly and Emily reacted very negatively to Harry. His cock was not submerged inside of her sheath which seemed and felt like a crime to be honest.
"Patience, love."

Harry nibbled down the side of Emily's neck which resulted in her eyes watering. He grabbed Emily by the back of her legs and positioned her right next to his cock. It danced on the edge of Emily's entrance and threatened to invade her pussy. Harry positioned Emily perfectly over the top of his cock before allowing her to slide down onto him.

Multiple inches of throbbing hard cock meat pushed into Emily's snug sheath. She bit down on her lip when coming down onto Harry. Harry held Emily up in the air and allowed her to descend and drop down on his cock. Two more invisible hands rolled over Emily's body. She rocked back and bit down on her lip.

"Don't stifle it. Let it all out."

Emily stopped biting and received the full force of Harry's engorged rod slammed deep inside of her snatch. Her entire body shook with lust. Harry penetrated her more deeply than ever before. Emily rocked herself down on Harry's hard rod with a series of long pushes and drops down onto him.

"OOOH! FUCK!"

She saw stars from one of the best orgasms possible. Harry rolled his hands on Emily's extended legs and brought new waves of pleasure down through her. Emily kept driving her pussy down onto Harry's hard prick and submerged even more of her brother inside of her.

Harry could feel every square inch of his sister's body. He knew what made the younger witch tick. Emily drove herself up and down on his cock to take as much into him as possible. Harry's own cock felt the pleasure coming in to him.

"Oh, I feel full, big brother," Emily said. "Do you like that? Do you like feeling your baby sister's tight pussy squeezing like you like that? Do you like the way her ass bounces?"

"Yes, I like the way your ass bounces," Harry said. "I like your long beautiful legs, when they wrap around me and you drive yourself down on my cock. I love your sweet pussy as it squeezes me. I love those nice plump tits which belong to me. Your soft red hair…all of it is mine."

Harry stopped and whispered in Emily's ear.

"You're mine."

Emily's eyes glazed over when driving down onto Harry. The massive prick shoved deeper into her. She rode him so fast. It was the wonder that her sleeping sister, or mother did not hear them.

"Oh, if they join us, I don't think you'll mind?"

The witch shook her head and continued her descent into pure lust. The next orgasm bubbled to the surface. Harry moved back and forth down her legs and to her ass. Harry left marks because of how hard he squeezed Emily's ass and she loved it.

"Is my pussy tighter than Mandy's?" Emily asked. "I bet it is….I know my ass is tighter and nicer than hers…isn't it?"

"Well, it would be unfair to compare," Harry said.

Harry drilled into Emily's wet pussy and stretched her completely out. The wizard pulled out of her
and drove inside Emily's hot snatch. His cock was being worked to the edge.

The orgasm build up within Emily as well. She could feel her walls tighten around Harry's cock. Emily desired having Harry's seed inside of her. Her eyes screwed up, lips bit down.

The sweat coming down Emily's body was not offset by the shower which had been shut off. Her wet thighs smacked repeatedly off of Harry. She took more of Harry inside of her. His length spread her out and then released him from her grip.

"We're getting close. I'm getting close."

Harry pinched Emily's ample ass and made her bounce on him even more. He pulled out of her and caused Emily to whine. He backed her up and pushed Emily against the back wall. His aching cock rubbed against Emily's toned tummy.

"I want to look in those beautiful eyes the next time you cum."

"Fine," Emily breathed. "Just fuck me."

The next couple of minutes had been spent by Harry teasing Emily. She growled underneath Harry's actions. Harry's fingers ran against Emily's nipples and touched them to make her feel really good. He spent some time teasing her until going in to take a plunge.

The fire in Emily's loins were put out by Harry's lengthy member sliding in with ease. She squeezed on him and prepared to take the load of cum into him. Her beautiful legs came up and wrapped around Harry's waist.

Harry ran down Emily's delicious gams and moved around to run up her body. Every inch of his sister was on display for Harry's consumption. Her chest jutted out and begged for one thing.

"Oh, you mother fucker! Suck my tits!"

The cock pulled out of Emily's wet pussy and left her hanging at the edge of an orgasm. Harry tempted her thighs for another minute.

"Technically you're right."

Without another word, Harry drove his big cock inside of his sister's lovely snatch. Her tight walls clamped down onto Harry and made him groan. He pushed more of his length inside of her. Harry pulled out almost completely and sank into Emily. She pushed against the wall and took a deep breath.

Her big stud of a brother repeatedly pounded Emily. Harry moved his hands underneath her breasts, fondled, and squeezed them very hard. Emily lost her mind and squirted her womanly juices all over her brother's big cock. Harry penetrated her fully and deep. Harry pulled out almost all the way and drove himself into her body.

"Here it comes, sis," Harry said. "But here you come first."

Emily squeezed Harry's bicep and ran down to grab her brother's lower back. Her legs ensnared him and made sure Harry did not go away. He was not going anywhere though. Harry sucked Emily's breasts so hard that some accidental magic caused milk to leak into Harry's mouth.

"Tasty."
Her brother feeding off of her own accidental magic breast milk caused Emily's hips to buck up. The Potter twin's lactating nipples squirted even more. Harry tasted the delicious milk while ramming his driving himself into Emily.

"Should I go for twin buns inside twin ovens?"

Emily wondered if Harry already impregnated Amanda today and would do the same to her. She got off on the thought of her brother shooting his seed into her womb and causing their daughter or daughters to grow inside of her. Her nipples hardened inside of Harry's mouth as well.

"Knock up your baby sister," Emily said. "Oh, fuck, knock her up, Harry. KNOCK ME THE FUCK UP!"

Harry drove into Emily. Her fertile womb was ready to be seeded. Harry built up a nice load throughout this encounter to make sure his sister was nice and pregnant by the time they were done. His full balls slapped against Emily's warm thighs a couple of times. He pressed his body against hers.

The two lovers exchanged their gratification. Harry's aching balls came closer to Emily. She dug her nails into the side of Harry's arm and gave a passionate moan the deeper he shoved his length inside of her. Emily tightened herself around Harry and gave another whimpering moan of pleasure. The two met each other more and more.

The first blast of Harry's warm seed triggered Emily into grabbing onto him hard. She made sure Harry's cock smashed inside until every single last bit of seed drained from those balls.

Emily grew excited when feeling Harry drive his cock inside. Her warm pussy clamped and released on him. Harry grabbed her by her nice booty and drove himself into her nice and fast.

"Oh, Emmy, we're going to be closer than ever, all three of us."

She did not doubt that for a second. Harry's balls drained into Emily and it was very lightly he impregnated her. Those balls took several minutes to drain inside of Emily.

Emily slumped against the wall and hung up to Harry. Seconds passed as Harry's cock still brushed against her thigh. Despite being completely fucked, a desire to be more fucked visited Emily.

"Thank you," Emily said. "But, maybe we should get cleaned up for real."

The two kissed each other and the shower had been turned back on. They would make an attempt to get clean. There was no promises they would not end up dirty and sticky by the end of this shower as well.

Lessons Learned(Young Lily Evans)

There's a blog exclusive lemon featuring Harry and some of Fleur's veela cousins. Head to the Page of Important links, the Web of Chaos Archives, and either the Breeding Ground or Blog Exclusive Archives section

Lessons Learned(Lily Evans(Age Sixteen) from Harry Potter)

A somewhat dreamy grin came over the face of sixteen-year-old Lily Evans. Every time Lily thought about her handsome tutor, she really wanted to jump him and shag him senseless. Something about him just made Lily feel like she had butterflies in her stomach. That dark hair, green eyes, and those arms as well, they were to die for. And Lily figured the rest of his body was amazing as well.

He did have an easy going personality, but he could be serious as well. Lily always felt relaxed. Over the summer, she had a tutor for her non-magical studies, in case she intended to head off to university after Hogwarts. Many would have looked at her like she was insane. Lily wanted to keep her options open. It had been a very hard road to toe when you were born to a non-magical family.

The redhead made sure everything was right. She added a darker shade of lipstick. Her hair hung in a ponytail as well to show her dazzling green eyes. Lily eyelashes fluttered just right. She wore a black top which showed a taunting amount of cleavage, but not too much where it would be outlandish. Lily had been very gifted in the chest area, much to the chagrin of her older sister Petunia. Then again, Petunia was jealous a lot about Lily.

The short skirt came up to a certain point. Lily felt very daring and wore a pair of thong panties underneath. She wore a pair of boots which could only be classified as "fuck-me" boots. It was good thing her father was out of town, along with Petunia. They were meeting Petunia's new boyfriend, Vernon, Lily believed his name was. Petunia raved about how normal Vernon was.

It made Lily think he was some kind of weirdo.

Lily's mother took her youngest sister Rose out shopping. She sat here dressed in a way her father might not have permitted. Audrey would have told him to lighten up on his puritan sensibilities. Lily waited for her tutor to arrive.

'It's showtime.'

The door opened and the handsome tutor turned up. Lily bounced up to her feet and moved closer towards him. She threw her arms around Harry's neck.

"Harry, I did it, I got top marks."

Harry tightened the grip around her. Was it Lily's imagination, or did he cop a feel on her ass? She didn't mind it, naturally, she just had to be sure.

"That's great," Harry said. "I'm really proud of you...you've done some hard work this summer. I'll be leaving tomorrow, and I want to say goodbye."

"Oh right," Lily said. "Will you be back next summer? Or maybe even by Christmas?"
It was almost time for Harry to go to return to his own time period. He hated lying to his mother, even if it was a teenager version of herself.

"I have something for you," Harry said. "It's important you open it tomorrow, do you understand?"

"I won't open it until tomorrow," Lily said.

If Harry said it was important, it was important. Lily stepped back on the bed and crossed her bare legs. She uncrossed them for a minute to make sure Harry saw a good look at her panties. Harry did in fact notice.

"Do you like my boots, sir?" Lily asked.

"They fit you nicely," Harry said.

"Good," Lily said. "I wore them just for you and….since you're still here today, I want to ask you a question about sex."

Most people would have flinched at a sixteen year old girl talking about sex. Some people were naïve enough to think that teenagers could not possibly be sexually active or even think about sex. Lily just scoffed at the thought of it.

"Yes?" Harry asked.

"I'm just nervous," Lily said. "I'm not nervous about sex….I'm nervous about having a bad first experience in sex. I really don't want to have my first time be with someone who doesn't really know what they're doing. You know what I mean?"

"That could be bad, but most people, the first time isn't as magical as it might seem in fic…."

Lily silenced Harry by kissing him. The teenage girl pressed her nubile body against Harry's. Harry wrapped his arms around Lily and pulled her in very tightly. His tongue pushed deep into the mouth of the willing witch. Their tongues danced for domination with Harry winning the battle of their tongues.

"I want you to show me, sir," Lily said.

The sultry redhead rubbed on Harry's crotch and made him groan. Lily put her free hand on the underside of her shirt and pulled it up. Harry's attention drew to a lacy black bra which contained Lily's generous breasts. Harry could hardly stand up straight when he had been drawn in by his teenager mother's perfect, round juicy breasts. They were large and perky at the same time.

"You like these, don't you?" Lily asked. "Because, I want you to touch them."

Her bra unclipped and those breasts became untamed. Harry grabbed Lily's chest and worshipped it. He lead Lily over to her own bed and the two dropped down onto it.

Harry's nice tongue pushed deep into Lily's warm mouth. He squeezed her chest and made her feel so good. The edge of Harry's belt snapped off and his pants tore slightly as they came off his body.

A grin appeared on Lily's face. It had been a long time she lost complete control like this.

"I guess they don't make pants like they used to."

A knowing smile came across Harry's face. "I guess they don't. You want to take it the rest of the way, don't you?"
Lily made quick work of Harry's pants and then his boxer shorts. Twelve inches of hardened meat popped out and smacked Lily hard across the chest. She cooed with delight the second the big cock came out. Lily ensnared his manhood between her fingers and gave it a very soft tug to make it grow in strength.

"I want this."

A warm kiss planted on the tip of Harry's prick. Lily swirled her tongue around him to taste every bit of his manhood. The large strong cock came out. Lily left marks with her dark lipstick all over his cock. She prepared her lips.

"You have perfect lips for sucking cock, Ms. Evans."

"Thank you, sir."

Lily pushed her lips around her tutor's cock and started sucking it. The loud pop echoed. Harry grabbed the back of her head. The older man used the teenager's mouth as his own personal fuck hole, and that's what Lily wanted. She wanted her mouth and throat to be used, to be stretched.

She was very much built for sucking cock. Harry threw his hands around the back of Lily's head and plowed into the magical mouth. Lily accepted the cock of the man she grew to lust for throughout this entire summer.

Harry's cock retreated from Lily's mouth. She squeezed the bottom of it very lightly.

"That's not too hard, is it?" Lily asked.

"No, it isn't," Harry said. "Good job, Lily, you get a gold star today."

Lily blew Harry like there was no tomorrow. Her hungry lips kept working Harry over. The sorcerer grabbed Lily by the back of her hair and plunged into her throat. Harry reared back and drove his hard cock inside Lily's perfectly tight throat. Her throat muscles squeezed around Harry and released him.

"Mmm, mmm, mmm!" Lily slurped.

"You're going to get your first taste of cum, Ms. Evans."

The girl did not back up. No, she kept sucking Harry's big cock. She blew him very hard and very fast. Lily's eyes flashed with her own lust. Her clit and pussy both throbbed and needed attention soon. Lily deep-throated Harry and got most of it inside of her. Something instinctual drove Lily down to the base of Harry's cock and made her blow his mind.

"Good girl, very good girl."

Lily accepted the praise. Harry pushed his rod into her mouth and fired into her. The redhead on her knees accepted a full mouth full of the magically potent seed. Harry pushed in and out of her mouth.

The redhead witch slid back and pulled her skirt down and then pulled her panties down. Her cunt dripped very wet for her teacher. Lily bit down on her lip which made Harry throat.

"I'm going to eat your pussy."

Harry stepped closer to Lily and rubbed her flat stomach and moved down to stroke her milky
thighs. Her perfectly trimmed cunt was ready for Harry and his tongue. The first few seconds spent with Harry feeling up Lily and tasting her. Lily squirmed underneath him.

The first few strokes of Harry's tongue buried deeper inside of Lily. She enjoyed the feeling of this stud lapping up her juices. Nothing brought Lily more pleasure. She rose up so he could get completely access. Harry's tongue extended and she loved every minute.

Harry spent some time tasting Lily's warm pussy. All of those sweet, citrus taste found their way into Harry's mouth. He lapped up everything Lily had to offer for him and then just a little bit more.

Lily came pretty much on cue. Her nipples ached and demanded attention just as much as her pussy. The entire body of the sixteen-year-old witch experienced joys which she knew could not happen by self-pleasure. Harry touched places which Lily only dreamed about and triggered emotions which was something of dreams.

The next brush of Harry's tongue made Lily cum for him. The warm juices trickled down onto Harry's mouth. He slurped them up. The sounds coming from Lily were very stunning. Harry sucked and licked Lily's pussy all the way and made her lose all sense of what she was feeling.

Harry pulled away from her. Lily sat up on the bed and climbed over to Harry. She turned herself around and allowed Harry to get a nice look at her tight teenage ass. Harry grabbed ahold of it.

"Oh, that feels good, sir."

Lily gripped Harry's cock as he leaned back on the headboard. The perfect teenage ass came into position and Harry squeezed it. Lily's wet pussy ground up against Harry's hard cock as she closed her eyes.

"It might hurt a little bit. Go at your own pace if you want, but a lot of women think it's best to just dive in and deal with the pain later."

This big throbbing cock was a lot more than Lily could muster. She rose up and then dropped down to feel the first few inches inside of her. The cock hit the barrier. Lily bit down on her lip and then slammed down, tearing away at her barrier.

The proof of her innocent was gone and Lily tried to block out the pain. It took several seconds to accommodate the size of the cock inside. A subtle bouncing started which grew in tempo every single moment. The iron rod pushed deep inside with the bouncing growing ever more frantic.

"Your cock feels so good in me, sir."

Harry reached and grabbed his teenage mother's bouncing ass when she rode him reverse-cowgirl. Her face flashed in the mirror for a second. Harry grabbed onto Lily's ponytail and held her into place. Lily only clenched him when she grabbed her ponytail.

"Oh, it makes me hot to have a real man inside me. Drive that big cock in me, sir."

Harry leaned closer to Lily and whispered in her ear.

"It makes my cock hard every time you call me, sir, in that slutty voice."

Lily's voice dropped a little bit into a little-girl whisper. "Sorry, sir."

A groan followed with the young man with a throbbing cock driving his way into the tight teenage
pussy rising and dropping upon him. Most certainly every inch of Lily was perfect with what Harry was doing. He took Lily's breasts and gave them a squeeze. She rose and dropped onto him again.

Lily had the time of her life. The first orgasm with a cock inside of her was finally approaching, ever so slowly. Harry moved down her shoulders and cupped her breasts. Those strong hands acquiring dominion on her breasts just made Lily rise and drop at an even faster rate. The hunger of her loins driving down on him was so intense and it felt so very good to be honest.

"Getting closer," Harry whispered in Lily's ear. "Cum for me."

The sixteen year old vixen's body reacted to the much older man. Harry pushed his hard cock inside of Lily as she kept riding him. Flesh connected together.

Lily screwed her eyes shut. Her body shined with sweat when rising up and down on Harry's engorged prick. Every inch of hard cock pushed into Lily's wet pussy. The willing witch pushed against the might member pushing inside. Their flesh smacked together with Lily going on the ride of her life for Harry.

The two exchanged their lustful encounter. Harry put his finger into Lily's mouth and she sucked on it. His wet finger pushed down the back of Lily's back, and in between her juicy cheeks. Harry finger-fucked Lily's tight asshole and made her eyes water.

"That's dirty, sir," Lily said.

"You like it though because you're a dirty little girl!"

No disagreement could come out of Lily's mouth now. She just kept riding the big cock of her handsome tutor. It stretched out every inch of the witch's tight cunt. The desire to be filled and emptied caused Lily's eyes to swim with lust.

Harry opened the door in Lily's mind and smiled. He wished these lessons could continue. Still, he would plant the seed in Lily's mind for later on in life, for when younger Harry was old enough.

"These deserve more attention."

One solid grip around Lily's breasts caused the lust of the witch to hit the floor. The amount of time she passed was very immense. More so than Harry's big cock plunging and emptying into Lily. She felt fuller than ever before and it was a very good feeling.

The two rocked each other back and forth. Lily gained a second wind and rode Harry's cock vigorously.

"Wouldn't you like to cum soon, sir? I bet those balls are getting very full. Don't worry….I'm on a po..a pill if you're afraid that something might happen."

Lily's eyes glazed over and Harry kissed the back of her slender neck. He rutted deep into Lily and made her entire body explode. Harry locked onto her nerve endings and really dug in deep to ensure Lily would have the best pleasure possible.

The most powerful orgasm struck Lily. The sum of all of the other orgasms felt previously all combined into this one. She drove cunt first down onto Harry's long cock and pushed it deep inside of her.

Now, it was Harry's turn and those balls were getting heavy. Harry pushed his way into Lily's tight pussy and grabbed onto her suppled ass to ease the intrusion. The balls clenched and released a
heavy dose of cum into Lily's wet pussy.

Lily signed in content when her dream man filled her pussy up with his seed. The inside of her walls had been blasted white with so much seed that Lily could not believe two testicles could store so much. It was not the first time she wondered if there was more to her tutor than meets the eye. She saw stars as at least two more orgasms played out before Harry finished inside.

Harry pulled out of Lily and she rolled onto the bed. He smiled down at her sweat and cum soaked body. Harry put her through the paces and indulged her in all of the most sinful desires.

"I'll be back for dinner tonight."

"I'll be there," Lily said.

It was dessert though which Lily was looking most forward to.

End.

Facing Phobias (Noelle Longbottom)

Facing Phobias (Noelle Longbottom Genderbent) From Harry Potter.

A blindfold covered the eyes of Noelle Longbottom. She thought this was a bad idea all things considered to be walking around the hallways blindfolded. The poor girl got into enough problems with her eyes wide open to be perfectly honest. The only thing which stopped her from being too worried as her friend and crush, Harry Potter lead her down the hallway.

"We're almost there," Harry said.

Noelle wanted desperately to ask where they were going. She knew Harry would just tell her to wait until they got here. The brunette witch offered a sigh. Thankfully, she lost a lot of the awkward pudginess over the summer, although a lot of the confidence issues she had remained. It did not help with her grandmother constantly ragging on how much she should remember the sacrifice Alice and Frank Longbottom made for her. Noelle's grandmother meant well.

Silky brown hair came down past her shoulders. The Hogwarts robes could only barely hide Noelle's budding figure and curvy hips. Her bust size was nowhere near Susan's, Lavender's, or Daphne's, but they were still very nice, and perhaps Noelle should not be comparing herself to the queens of cup size within the sixth year girls. She did have defined legs as well.

"And we're here."

The blindfold came off and Noelle took half of a step back. A confused expression popped over her face.

"We're in Snape's office," Noelle said. "Why are we in Snape's office?"

"Because, you're still terrified of Snape," Harry said.

"I'm not terrified of Snape," Noelle said trying to stand brave and proud like a Gryffindor should. "It's just…well he's kind of creepy to be honest. And he….well the way he hovers, it makes me nervous. How can anyone work in those conditions?"

Harry gave his friend a smile. "Are you sure it's not just the smell?"

The girl sighed. She did not wear her Hogwarts robes. Harry pulled her to the side and asked her to do this favor for him. She dressed in the Hogwarts uniform which had been built for someone who did not have high C-Cup, bordering on D-Cup breasts. The first few buttons strained and prepared to pop. Noelle's skirt at least stretched down enough, although it did little to hide her shapely bum.

"Maybe," Noelle said. "Won't Snape be upset that we're in his office?"

"Oh, we're going to be more than be in his office," Harry said. "I'm going to show you that there's nothing to be afraid of. Snape's just a big bully and a hypocrite."

Harry's father and his friends were most certainly not angels. Snape lashing out on Harry in revenge for how he had been treated did not give Snape any sympathy. There were a small collection of girls who thought Snape was a poor misunderstood soul. Harry thought he had issues, and perhaps it was best they were not worked out a school. Harry wondered what the hell Dumbledore's lemon drops were laced with at least one time during the years.
"Well, he is, but it doesn't make him any less scary," Noelle said.

The arms of the strong wizard slipped behind Noelle. She felt a little bit less intimidated when with Harry, but still, she half expected Snape to come in here.

"We're going to do more than be in his office," Harry said. "Hermione tells you how you've been moaning in your sleep lately."

Noelle grew about as red as overripe tomato.

"That nosy…that interfering….she…she's been listening in on me," Noelle said. "I'm going to have words with her."

"You're attractive when you get angry," Harry said. "But, you're lack of confidence, that's not so much attractive. I'm going to help you with it…we're going to have sex in Snape's office, right on his desk."

Noelle's eyes flashed open in surprise. She stammered in surprise. Harry grabbed her hand and turned the blushing teenager around to face her. Harry leaned in closer towards her.

"I'm going to let you make the first move," Harry said.

To be perfectly honest, Noelle really did wish that Harry would not let her make the first move. She wished Harry would take her in hand and fuck her brains out. The thought both intimidated and aroused Noelle at the same time. It would be the type of thing which would make her grandmother flustered even.

Noelle leaned in and kissed her crush in the lips. The kiss was a bit tepid and a bit tentative. Noelle pulled away from him.

"Not as bad as it could have been," Harry told her. "Maybe you shouldn't really kiss me like you kiss your grandmother. Although I'm sure she might be disappointed by her performance."

Something inside of Noelle snapped and she threw her arms around Harry to give him one of the most passionate kisses possible. Their tongues clashed together with never-ending domination. Harry grabbed the back of Noelle's head and returned the kiss.

Noelle came up from the kiss. She gasped for air.

"Maybe you should remember to breathe through your nose," Harry said. "Why don't you take your clothes off? I'm sure you have nothing to be ashamed by. Or do you want me to take them off for you?"

"Please, take them off for me."

Harry took his time unraveling Noelle's clothes like a Christmas present. Her blouse dropped to the floor and showed Noelle's perky C-Cup breasts encased in a dark green bra. Harry moved her skirt down and dropped it down past her ankles. She wore a matching pair of satin green panties.

A gasp came from the mouth of the frustrated girl. Harry's hands roamed her body and felt all of the curves. Noelle's flushed with more pleasure. Harry took her bra off and dropped it to release those breasts. A couple of touches of Noelle's breasts brought her pleasure.

Finally, Harry brought down Noelle's panties. She looked a bit embarrassed as Harry viewed this mess of hair coming out.
"I didn't...if I knew what we were doing, I would have shaved," Noelle said.

"Would you like me too?"

She nodded in response. Harry waved his hand and the hair disappeared from Noelle's cunt other than a small strip trimmed in the shape of a lightning bolt. Noelle blinked in surprise. Harry cupped her chest in his hands and gave her breasts a firm jiggle before running down her body. He touched the frustrated witch's body the way she wanted to be touched.

"You're beautiful."

"Thanks," Noelle said. "I want....I want to see you too....."

Noelle forgot she was in Snape's office. She just had to unravel Harry's toned and sexy body. Noelle could not believe how firm Harry was. He was not that scrawny first year anymore and Noelle thanked herself for it. She unbuckled his trousers and pulled them down. The last barrier to Harry's full nudity was eliminated and Noelle tugged down Harry's shorts to reveal his big cock. Noelle watched the impressive organ, fully erect come out.

"Is that all for me?"

"Yes."

The head of Harry's cock stuck up underneath Noelle's warm hand. The massive member rose up against her hand. Noelle watched it with hunger and lust just dancing in her eyes. She had to have it.

"Get on the desk and I'll take care of you."

Noelle climbed onto Snape's desk. The fact she would be fucked by her crush on the desk of the most hated teacher in the school. Harry climbed on top of Noelle's body and started worshipping her. She took in a deep breath and felt Harry's tongue push against hers with a kiss. His hands worked against her spread thighs. Noelle dragged in a deep breath the further Harry slipped into her.

Harry could see that once he brought the fire out of this one, she would be stunning. All of the girls in the Gryffindor house in Harry's year had been humbled before his cock. And now, Noelle was going to be the latest to be stuffed and fucked.

"Time to make your dreams all come true."

Noelle wanted nothing other than this big juicy cock shoved inside of her warm and very accommodating pussy. She spread out and prepared to take him.

"Please!" Noelle begged her soon to be lover.

A very powerful wizard taking a witch's virginity was always a good thing. Noelle was pretty sure she was the last girl in her year, if not one of the last girls to get that. She wished this had been done a long time ago. Harry aimed his hard cock inside of her wet pussy.

"Oh, you're fucking tight," Harry said.

The losing of her virginity only had been coupled with a flash of pain. Harry's hands moved down Noelle's thighs.
"Just think of where I'm fucking you. Just think about it. You're getting fucked in Snape's office. And you're getting off on that fact, aren't you?"

"Just imagine if he walks in," Noelle said.

Harry doubted that was a problem given Snape was halfway across the country at a conference for Potion Masters. At least that was the cover story, Harry figured he was doing something for Dumbledore, while acting like he was doing something for Voldemort.

Still, thinking about any of those three was a real mood killer. Harry focused on the fine young piece of ass underneath him. She accommodated his every last desire by clutching his tool inside of her warm pussy. Harry planted himself down inside of Noelle.

"Please, harder!" Noelle begged him.

Encouragement from this vixen brought Harry deeper inside of her. She was about ready to cum for the very first time with a cock inside of her.

The orgasm filled Noelle's body. All she could do was clutch onto Harry's body and allow Harry's cock to penetrate her depths. Harry held her down on Snape's desk and drilled her warm pussy. The entering and exiting and then abrupt entrance of Harry's cock pushed deep inside of her body.

Noelle threw her hips up off of the desk and then back down. Harry took some time to lick her nipples which made Noelle's entire body flare up. The overstimulating of her body made Noelle lose it completely. Harry plunged deep inside and then pulled completely out.

His massive cock coated with Noelle's warm juices. Harry leaned in and kissed Noelle on the lips, which she returned. Harry plunged his way deep inside and stretched her out completely. The next orgasm was very intense. The captive witch underneath Harry moaned in his mouth. Harry grabbed her hair and pushed down inside the tight cunt closing around him.

Harry pulled himself out of Noelle and left her in a daze on the desk. His cock was still nice and hard. Noelle sat up and gave Harry a cute little smile.

"I want to ride you, Harry," Noelle said. "I'm going to ride you."

The fire inside of the girl's loins could only be served by one thing. Noelle climbed onto Harry's lap. Snape's desk coated with her womanly juices. The only time female juices would ever be spilled on anything belonging to Snape. Still, she lowered her wet pussy down onto Harry's hard cock and filled him up.

Noelle clamped down onto Harry's iron pole and started to ride him slowly. Harry clutched Noelle on her firm rear and gave the meaty cheeks a squeeze. Noelle chewed on her tongue and finally let out a moan. She drove up and down on Harry's cock as the cool air made her nipples hard.

What made Noelle's nipples even harder was Harry sucking on them. She closed her eyes and could feel a pleasure rising inside. Noelle smacked down onto Harry's balls and then rose up with a couple more drops. Noelle slammed down onto Harry's hard cock to be filled up and to emptied by his monster of a cock.

"Yes," Noelle said.

"Keep riding me," Harry said. "Just let yourself feel."

Harry grabbed her breasts. They were either the second or third largest of Gryffindor girls, after
Lavender who was the reigning Queen of breasts. Hermione's, or Mia as she liked to be called these days, actually was up there, although she dressed very conservatively and used charms to downplay her assets.

Noelle gripped tightly around her lover. More cock from this stud pushed into her body and filled her completely up. Noelle could only imagine what it would be like to fuck Harry before down. And now she was really feeling it. Really feeling his cock just buried inside of her quim and taking control of her pussy.

"Feel this," Harry told Noelle. "Feel everything."

"Oh, I'm feeling it!" Noelle panted.

She would long feel the pleasure of Harry's hard cock pushing into her clutching vice. Harry worked Noelle up and own onto his massive prick. Every inch of Harry's foot-long cock pushed into Noelle and stretched her completely out. Her eyes closed.

"Elle, you keep cumming like that, you'll be able to flood the desert."

No question about it, she would keep cumming as long as Harry kept giving. And Harry kept giving her a whole lot of cock. And it was a very big cock. It pushed into Noelle's tight chamber and stretched her quim completely out. Harry pulled out of Noelle and shoved more of his prick inside of her slick pussy. Noelle threw her head back and clutched onto the young man's shoulder.

Several more orgasms came as Noelle slowed down. She still had some juice left in. Harry guided her the rest of the way down and stretched her completely out on his engorged prick.

"Keep cumming," Harry told her. "Don't slow down."

Noelle had no intention of disappointing Harry. She kept riding his cock all the way to the end. Noelle took Harry as deep inside of her pussy. She had no idea how she stacked to Parvati or Lavender or Fay or Mia or hell any of the other girls in her year. She didn't care though. Noelle was sick of being compared to others. She wanted to stand on her own merits. She kept burying this cock inside of her tight body.

"FUCK!"

The orgasm struck from the bouncing girl. She kept driving down onto Harry's cock and rode it like it held the cure for cancer. Her wet thighs smacked against Harry's hard prick when coming up and down onto her.

"Now it's my turn."

Noelle hung onto Harry. Those balls were so full of seed, that Noelle wondered if any contraceptive potion would be able to withstand them. She was certain Harry had his own magic to prevent any accidents from happen.

"Not today…but we'll talk when you finish your schooling."

She hung onto Harry and rode his cock all the way to the end point. Noelle's latest orgasm triggered one within Harry who pushed inside and buried inside deep and fast. Noelle clutched Harry hard when his cum splattered inside.

Harry pushed Noelle down onto the base of his rod. His cum splattered inside of the bouncing witch. Noelle's firm breasts swayed and fell in front of Harry's face the more she dropped. Harry
watched her rise and on him with his cock churning to a stop inside of her body.

Both rested for a minute, with Noelle seeing stars. Her pussy oozed with the combined juices, the mess left on Snape's desk for him to find when he returned.

The two pulled apart from each other. Noelle walked a little bow-legged from Harry's fucking. He helped her clean up and get her back into her clothes on. Harry found his.

'Snape might be pissed if he finds out we were in his office," Noelle said.

"He would have to admit I was smart enough to get past his security," Harry said. "And he'd never give me credit for anything. All he can do is scowl."

Noelle thought Snape could accomplish a lot by scowling, but perhaps it was just her. Harry wrapped an arm around Noelle's waist and lead them back into the Gryffindor common room.

End.

Fire Within (Amaterasu)

There's a Breeding Ground Blog Exclusive lemon featuring Elle Bishop and Claire Bennett from Heroes. Go to the Page of Important Links, head to the Web of Chaos Archives, and either the Breeding Ground Archives or the Blog Exclusive Archive to Check It Out.

Fire Within (Amaterasu (Japanese/Shinto Goddess))

Sun brighter than anything ever engulfed the body of Harry Potter. He only had the slightest idea what was going on to be perfectly honest. The sorcerer dropped down in the middle of a very well kept and well-maintained temple. The sorcerer's eyes flashed about.

The temple had bright blues and yellows all over it. Red letters adorned the walls of writing Harry vaguely recognized as Japanese. He stepped into the picture even further to notice a depiction of an attractive woman in the nude in the sunlight. The sun shined into the temple even further. The woman's silky black hair came down her face and a bright smile shined up.

"Welcome."

The same woman, dressed in a tight white kimono, stepped in front of Harry's line of sight. He moved closer towards the woman, only aware he dressed in nothing other than a pair of silk shorts. It did not stop Harry from going towards this woman. Her radiant beauty shined through as it were the sun itself.

"You've been looking for a way to amplify your powers to take down a great enemy," she said. "You have searched for an answer and these answers have brought you here. I've been waiting for a long time to trap into your full abilities, Harry."

Harry walked towards the soft-spoken women. Her lips beckoned to him. Harry did something he might not have normally dared. He took the stranger in hand and pulled her closer towards him. The warmth of her body caressed his when the pair of them met with a very passionate kiss.

The mysterious woman did not stand back ever. She gave just about as much passion into it. The kimono snugly fit into her body and each tantalizing curve teased Harry. Harry reached over to feel up some of her curves. Their dancing tongues reached an apex of pleasure.

"Mmm," she said. "I think you'll do just nicely."

The shining woman slipped a hand down Harry's short and started to play with his cock and balls. Harry groaned at how forward she was, despite her intentionally shy demeanor, at least at first. A smile played on her lips as she worked Harry over in his pants.

"My name is Amaterasu," she whispered. "But, you can call me Ami."

Ami pulled Harry's massive cock out of his pants. She walked him over to a very lavish bed with bright colors and silk sheets. The sun poured into the bed. The abundance of sunlight made Harry harder.

"I want you," Harry said.

He grabbed the girl and pushed her back onto the bed. Harry pulled off her kimono to reveal a
perfect body. Her nice round breasts, flat tummy, wide hips, and long perfect legs laid out in front of Harry. Harry rubbed his fingers over Ami's body.

"Touch me," she said. "Taste me."

"Oh, I want to taste you."

The trickles of honey came from Ami's smooth, and tight looking sex made Harry enraptured by her. He put his hand on her pussy and rubbed it. Ami rose her hips for her young lover to meet the touche.

Amaterasu thanked the stars and the heavens, which meant she was essentially thanking herself, for this gift. It was a bit crude at first, his pussy licking. He picked it up soon enough and drove into her tight twat. Ami's hands grabbed onto the back of his head.

"You're getting harder just eating me out," Ami said. "Just think about how hard you're going to get when you're in this nice tight pussy...it took a while to work your tongue in? Your power is amazing. I need it...and you need me as well. You need my touch, you need my pussy wrapped around your cock when we join together."

Harry drove his tongue deeper inside of the perfect pussy. She was just so amazing. His hands ran over Ami's legs, which were very smooth. Harry imagined him buried inside of her pussy with those legs wrapped around him. It made him want to blow right there and right now.

Ami gasped and shifted underneath Harry. His tongue pushed against Ami's wet snatch and rotated ever so slightly at a certain point. He lapped up everything she had to give and did it very well. Ami's nails shifted into the back of Harry's head when popping up.

"Good," Ami said. "But, it's my turn to have some fun."

She sat up and squeezed Harry's cock. The hardness ensured Ami was going to have a good time. She lead Harry over to the bed and climbed on top of him. Her wet pussy aimed for Harry's throbbing hard member. Ami rocked herself back and teased him.

The grinding of the woman made Harry groan. She knew exactly how to manipulate a cock, especially one like his. Her wet lips caressed the tip of his head and came an inch down inside of her. Ami rose completely up and then dropped down onto him.

Harry grabbed his lover by her thick ass and drove them down. The tightness of her pussy squeezed Harry's cock. The scorching heat surrounding his cock burned at first. Then it felt so good as the woman on top of him grabbed and released him.

"I can ride you all night," Ami said.

Warm light surrounded her body and tempted Harry forward. Her breasts looked like a very nice treat. Harry reached over and grabbed them. Her nipples opened themselves up for touching and for tasting. Harry pushed himself between Ami's warm cleavage and alternated between sucking on her left breast and right breast.

The young one underneath Ami sucked her breasts very nicely. Harry pushed his cock inside of her. Every inch of this rod spread through Ami's body. She knew her orgasm was here.

Harry's cock swelled to reach more sections inside of Ami. She took as much cock inside of her as possible. Despite her actions, which could be considered divine, Ami remained as tight as could be and grabbed onto Harry to bring his throbbing member inside of her.
The two met together from flesh to flesh, one stroke at a time. Harry's manhood shove deep into Ami's tight canal. He reached up and drove further into her. She rode on top of his rod and resembled some kind of debauched angel.

"Oh, you are a marathon runner, aren't you?" Ami asked.

The goddess figured Harry would be the one to last a long time. Those big balls would soon be full of enough cum to seed an entire village full of women. Ami's wet pussy grabbed onto Harry's thick rod and then released it with a couple more pumps.

"Yes, yes, baby!" Ami yelled at the top of her lungs.

Ami squeezed Harry's manhood and pushed all the way down onto him. She stretched around Harry's big cock and released him with a few more pumps. She drove herself down onto him.

The lustful woman bouncing on his cock worked his cock like it was her job. Her tight walls grabbed around him.

"I'm going to ride you until you cum," Ami said. "But, I'm sure that you like that, don't you?"

Harry forcefully latched onto her breast and sucked it so hard that Ami saw stars from cumming. Her tight walls closed down around Harry with a couple more pumps.

"You're going to ride me, until you can't take any more," Harry ordered her. "Is that clear?"

"That's the intention."

Ami drove down onto his hard cock and allowed the moisture of it to pool down around the base of Harry's cock. She threw herself back a tiny bit and drove down onto Harry with repeated rises and drops. Every time she hit him, a feeling of pleasure shot through her body.

One of the best orgasms ever passed through the body of the bouncing goddess. Ami grabbed Harry's torso and drove herself down. Her tight pussy enveloped Harry's cock and released it. Several more long pumps brought Harry further into Ami's tight body.

"Getting closer," Ami mewled. "I want this, baby. I want all of this. This big cock, I want it. I need it. I have to have it!"

Bounces of lustful pleasure spread through her body. Amaterasu always got what she intended. Harry pushed her down and up onto her. Ami's eyes flooded with increased pleasure while driving down onto him. She drove down onto the base of him.

Those big balls were about ready to burst. Harry pushed deep inside of her. Her pussy remained tight after all of this time no matter how hard Harry fucked it. The moisture surrounding his hard cock and balls made Harry groan the further he pushed inside of Ami's body.

"Fuck me until your balls explode."

Harry groaned the deeper Ami dropped down onto him. His balls ached with a need for release growing even more prominent. He could barely hold back his own lust and it was getting very intense.

The explosion came with Harry launching every last dose of his balls into her. She milked his cock the wall. Ami's tight, wet, and warm pussy worked every single inch of Harry's cock down to the nerve endings and took a full load of cum inside of her body.
Time passed, and Ami turned around. She captured some of the dripping cum off of her fingers. Ami leaned in and faced away from Harry. She made sure he saw just enough to see her hand licking the combined juices.

"We make a perfect match."

Harry looked down to Ami's perfectly defined rear and tight looking anal hole. He moved over to the tempting hole. The heat drew him in like a moth to a flame.

Ami had been surprised, and not entirely displeased, the moment Harry slipped his fingers and then his tongue into her asshole. She realized what would happen next and she could not help, but be pleased with it. Harry shifted behind her and worshipped her ass.

His cock already was nice and hard again and ready for more.

"You have to fuck my ass," Ami said with a slight giggle. "You can't help yourself from fucking my ass."

Harry pulled Ami up by the hips and made sure she squatted down. Her perfect asshole came out. It was nice and wet and very tight. Harry thought her pussy was tight, but her asshole was tighter. Harry worked into her slightly from behind.

"OH, GOD!" Harry groaned.

"Goddess, actually," Ami said.

The wizard pushed his cock deep inside of her rectal opening. The heat of this perfect asshole wrapped around his cock. Ami's buns slid further down onto his cock. Harry grabbed her meaty cheeks and squeezed them. He moved up to touch every inch of her body.

Ami's eyes flashed with fifty different shades of lust. His hands worked her body to perfection. One of them moved from her breast to her stomach and all the way down to her clit. He focused on the pleasure regulator which brought Ami to a very early orgasm.

Harry grunted at Ami's obvious grinding against his cock as he buried himself into her ass. Her tight anal massage squeezed him hard. His balls were aching already. Harry called upon a lot of the self-control he held not to lose it inside of her already. Even though her ass was very tempting, and Harry just had to unload.

"Don't burn yourself out already," Ami said.

Who said Greek Goddesses were the only ones who liked it up the ass? Amaterasu took her medicine like a pro. A mirror came out so Harry could have a full view of the lustful look in her eyes and the pleasure that was to follow.

Harry buried himself into the tightest ass he ever laid eyes upon in his entire life. He could not help but squeeze it in his hands. He wished for a few more extra hands. Harry's fast hands moved as much as humanly possible. The goddess of the sun drove her ass down onto his crotch.

Ami took every one of his twelve inches up her ass as deep as possible. She almost exploded with never-ending pleasure the deeper Harry drove his cock inside of her. Those big balls came close to launching their load inside of her. Ami grabbed Harry as hard as possible by his cock and released him with a few fluid drops.

Everything was getting closer to reaching a breaking more. Ami's rose herself up in the air and took
as much cock as possible. The tightness of her ass squeezed him. His balls launched after Ami splattered her juices all over his hand. Harry rose up and allowed the goddess to lick his hand.

She just got warmer and Harry had to fuck Ami harder than possible. He squeezed her tight ass.

Ami’s body coated with sweat the deeper she pushed onto Harry. The end was about ready to come sooner rather than later. Harry grabbed Ami's ass and squeezed it a couple more times. He rose up and drove his huge balls up.

"Don't hold back. You'll recover quickly."

Harry wanted to explore the fruits of her ass for a few more minutes and enjoy the feeling of her cumming at least once more. Ami had a point though, he was reaching the end. His balls ached and the best spot to cum would be balls deep into the ass of this perfect goddess. Harry gripped Ami more tightly and squeezed her around her ass.

Ami dropped down hard and fast on Harry's engorged prick. She filled up completely with cock against her ass.

Harry drove deep inside of Ami’s warm ass and felt her divine presence around him. His balls lurched and then exploded. The steady cum flowing from his swollen testicles filled the ass of the perfect goddess who insisted on driving herself down upon him.

Every last inch of Harry's seed spilled deep inside of Ami's waiting hole. He squeezed her buns together and slammed into her until his cock had been relieved of every last drop of seed. Ami came very vocally. The sounds cumming from her mouth made Harry ram balls deep and finish off.

Amaterasu crawled away from Harry. She lifted up one foot and dragged her toes down onto Harry's cock to tease it a little bit more. She turned around from him and put her feet on either side of Harry's cock. The slickened feet rubbed against Harry on either side. Every inch of her soft soles rubbed against Harry. A couple of grunts came from Harry as she teased his cock head with her perfectly shaped toes.

"Let's get you cleaned up."

Her mouth, which Harry had not sampled, felt as warm as the rest of her. Harry put his hands on her hair. She gave him a combination footjob and blow job to get everything running again.

It was off to the races in a matter of minutes.

They had plenty of time to have more fun. Harry felt his power strengthen every second he was here.

End.

**Next Chapter:** 10/3/2017.
A pair of bright eyes fluttered open as the woman who had been known to many as Dawn opened up. She took the name Aurora, and she had been several other identities in the past. One of the most prominent had been the Virgin Mary, although that story was an interesting one in itself. She took a deep breath.

Vibrant red hair came down to form a frame on one side of her face. Aurora's lips pouted out as well. She had a figure which could be described as voluptuous with some very pleasing curves in large breasts which spilled out of the slender green garment she wore and thick hips with the perfect ass. Her legs stretched down for miles as well.

"Good morning."

The man joined her. Aurora could taste the forbidden power just radiating off of his body as he approached. Aurora's heart hammered into the back of her chest while observing the young man approaching her. A slight smile popping over his face continued as he moved closer.

Tall, dark hair, and green eyes, with a very thick and muscular body, it was the type of man who wet dreams were made of. Aurora drank in his nude body with lust. His thick cock throbbed as he approached. The mysterious man stepped towards her.

"My name is Harry Potter," he said. "How are you?"

"Hungry," Aurora said.

Aurora rose to her feet. She had been so pent up inside that something just demanded to get out. The garment dropped to the ground to reveal Aurora in all of her glory.

The goddess personified sex on legs. The goddess of rebirth stepped towards the master of death with her perfect hips swaying. She threw one leg around the thigh of the young man. His big cock stretched out demanding to enter her. Aurora slowed that progress just enough to kiss him.

Harry took control of the woman and kissed her. He moved from the back of her neck and cupped a very juicy rear end. Harry's fingers touched her when moving down. He felt all over Aurora's body and kissed her.

The two lovers found their way onto the bed. The soft sheets on it caressed their bodies, as Harry caressed Auroras. He moved down to kiss her plump lips. Harry switched tactics to her neck. The soft, tasty flesh made Harry hunger for even more of her. He kept kissing all the way down her body and buried his nose deep inside of Aurora's cleavage. She rose up and accepted the full attack of his warm mouth on her throbbing nipples.

"So, hot," Aurora said. "Oh, so hot!"

Harry kissed down her stomach and sent butterflies flapping down it. Aurora's plump and juicy thighs spread apart for Harry to touch and tempt. Aurora's breath came out in a very ragged fashion the more he touched her. Aurora closed her eyes for Harry to drive his fingers inside of her.

"That's the spot right there," Aurora said.
"And that's where my cock is going to be soon," Harry said.

He fingered the sultry goddess. She thrashed on the bed. The former Virgin Mary felt the fingers of this stunning, sinful man bury inside of her. She made several loud sounds of pleasure when working into her.

"I need you."

Harry moved in to bury his face in her large chest. He could lay into these soft pillows for the long haul. Those were perfect for his large cock, but perhaps another time.

The sucks of her nipples brought Aurora's pleasure to a brand new and very intense level. Harry grabbed her nipples and pinched them a couple of times. Aurora shifted her hips up to meet Harry's tender touches of her soaked womanhood. Said womanhood begged for Harry's hand to roll all over it.

He went down on Aurora and made her see stars. The moment Harry pulled up, he turned Aurora over onto the bed.

Aurora's thick ass popped up for Harry to grope. His fingers touched her warm backside and spanked it a couple of times. Harry slowly worked himself to a fever pitch against her heated loins. Aurora closed her eyes and every time Harry touched her, sparks flew through her body.

"Fuck me," Aurora begged.

Harry positioned his cock straight for her entrance. She wanted him and who was Harry to say no. He held onto her back and positioned his cock against her. She was on her hands and knees ready to receive.

The first few inches slid into Aurora's radiating pussy. She could not believe so much cock entered her body just like this. Harry grabbed onto her firm and juicy ass before pulling almost all the way out. Aurora felt a jolt of energy coming through her.

"Oh, this is the best!"

Her screams of lust became even more prominent. Harry spanked her tight ass while thrusting into her. This earned even more screams. Her pussy sopped wet with juices and allowed Harry to drive into him.

"Who knew the Virgin Mary could be such a raging nympho?"

The taunt of her former identity made Aurora grip him even tighter. She milked Harry's hard rod the deeper he pushed into her.

"And this is a body which belongs thrashing on the sheets, begging for cock. And getting it, all night long? Look at these tits!"

Harry grabbed Aurora's large jugs and squeezed them. She threw her head back with a loud moan coming from her. Harry planted his thick cock into her juicy quim. Those powerful walls tugged against him.

This fucking made Aurora very happy that Harry had come to her on this night. The exact circumstances of what brought him here had been mostly lost upon her. Aurora did not give a fuck, as long as Harry was giving her a nice hard fuck. And his big cock pierced her insides something fierce. He pulled out and drove back down into her with rapid fire thrusts.
"You're getting close."

Harry manipulated her body like an Artist would manipulate clay. Aurora's body moistened instantly for Harry's rod to enter it repeatedly. He had his way with the beautiful goddess beneath him. She gasped and moaned and thrashed herself about him.

The sorcerer pulled down out of her wet pussy and then turned her over on the bed. He made her arms and legs spread like Aurora laid out on a crucifix. The symbolism had not been lost on her. A wicked smile crossed her face.

"Oh, you sinful boy," Aurora said. "Fuck my tight pussy again!"

Harry drove his massive prick hard and fast into Aurora's tight, warm cunt. He pushed his rod deep inside of her body, pulling almost all the way out and slamming it to her. His powerful hips dominated her lower body. Harry's hands and mouth dominated Aurora's upper body, especially her amazing breasts which he spent much time sucking on and worshipping like the divine pillars they were.

"YES!"

She screamed at the top of her lungs. Warm slick walls clamped down onto Harry. The deeper he pushed inside of her, the better things got. Juices splattered up as Harry put his huge cock deep inside of Aurora's wet pussy.

The goddess thrashed her hips up to meet Harry. Sharp nails dug into his back. Sexual lust burned through the body as Harry fucked her in the crucifix pose. Their warm loins pushed against each other the deeper Harry plunged inside of her. He pulled completely out and drove down inside.

Harry drove deeper and further into Aurora. Her large tits sprang up for Harry to touch and to grab ahold of. He pushed down inside of her moist canal. Harry pulled almost all the way out and drove deep inside of her body. The sorcerer planted his thick prick inside of her body with several more thrusts which drove into fits of pleasure.

"Cum for me," Harry said. "Oh, fuck, this pussy feels so good. I can't wait to feel it cum all over me again."

He would not have to wait long. Aurora milked Harry with the latest orgasm. They connected to each other. The sexual fission between the two of them reached a higher level. The two lovers met together, Aurora's latest orgasm helping Harry's first orgasm along.

The contents of those balls were getting pretty immense. Aurora drove her warm walls around Harry's thick cock and released his huge cock. Harry pushed deep inside of her body and then pulled out.

It was Harry's turn and Aurora prepared herself for it. Stars flashed through her body the deeper Harry's cock had been driven. His balls danced against her warm entrance the further and faster Harry smashed her wet pussy. Aurora ensnared Harry's hips and squeezed him inside.

She was so close, so warm, and so ready. Ready to receive Harry's potent seed.

"Baptize my womb with your unholy seed!" Aurora yelled at the top of her lungs.

Harry smashed this cunt and drove deep inside of her. Aurora stretched over him. The divine walls milked an obscene amount of seed out of Harry. His body flared up completely and then released the energy, along with a huge amount of cum deep inside of Aurora's perfectly tight pussy.
He pulled out of her just in time for Aurora to sit up off of the bed. She felt up her body right in front of Harry. Aurora lifted one of her large breasts and lifted it to her face before sucking on the swollen nipple. Harry watched as milk leaked from her nipple. Aurora drank milk from her own nipples.

She moved over and grabbed Harry's cock before slowly sliding it between her warm cleavage. It was a very nice fit and Harry groaned.

"Oh, I need to fuck these tits," Harry said.

Those tits, well beyond anything possible for most mortal women, without surgery anyway, ensnared around Harry's large prick. The divine lover ensnared Harry's rod inside of her cleavage and pumped it down.

"I need you nice and hard so I can ride you," Aurora said. "I'm sure your big throbbing cock is ready to be rode and milked over and over again…more of your seed….we're going to create something beautiful…to erase past disappointments."

Aurora cupped Harry's massive cock and stretched it so it stood up. Her pussy, now wetter than ever before, moved over. Aurora ground herself up and down on Harry's cock.

The friction and the teasing made Harry completely nuts. Aurora smashed her tits into his face as well. The warm pillows rubbed against Harry's forehead and cheek. He took control of them and gave them a couple of firm squeezes.

"That's it, right there," Aurora said.

Whimpering pleasure spread over Aurora's body the second she came down onto him. The Virgin Mary impaled herself onto the cock of an Incubus. The thought of which would no doubt give several fundamentalist Christians a case of the vapors.

The wet pussy grabbed Harry's hard cock. Aurora bounced onto his iron hard tool. Juices flowed down from her as she rose up and impaled herself. She used Harry's cock as a pogo stick.

It felt so good to have such a large instrument inside of her body. The few past lovers she had, well Harry blew all of them away. Harry drove his mighty cock down up into her body as well.

The beautiful woman bouncing up and down on him made a feeling of incoming release almost that more prominent. She clutched the base to prevent it from happening too soon. Harry grunted and looked up into those beautiful breasts. He was sure they hypnotized many men. They sure drew him in.

Harry drove his mouth against her tit and started to suck it. The minute he drew Aurora's warm divine milk into his mouth, Harry just sucked harder.

The Incubus feeding from her perfect tits made Aurora only bounce harder down onto him. Those balls filled up with more seed than the first time. Aurora figured she would be bloated by the time she was satisfied with him. And she would go the distance.

Still, his mouth working her nipples made Aurora's body size up in a never ending pattern of lust.

"You're just insatiable aren't you?"

Harry smiled behind her cleavage and kept sucking them. He squeezed her ass as well which encouraged Aurora to take his cock and milk it like it was her job. His balls swelled up underneath
them. They contained enough seed to satisfy the desires of three women.

Sweat stained red hair smacked against Dawn's face. She pulled back and the jammed down. Lustful sounds came out of her. She moaned even deeper after Harry took further control of her breasts. The powerful tugs and squeezes of her nipples made Dawn throw herself up and down on his big cock.

"Oh, you're amazing," Aurora said.

Harry's big cock slammed deep inside of Aurora. It was only inevitable the two of them would meet together like this. She debased herself for more of his cock. Harry gave her pretty much everything she wanted and took as much as possible.

The ride should have never stopped. Aurora pushed herself down onto Harry's base and stretched herself. Her juices trickled all the way down to the base of Harry's cock before pulling out and dropping down onto him. Harry grabbed her round chest orbs and gave them a very firm squeeze. Aurora drove herself down onto him with a heavy bounce. She smacked her thick thighs against him.

Everything came through in a shared orgasm. Harry's face buried in Aurora's thick chest, smothered between her tits while sucking on them as he came. His balls gave a lurch and kept spilling inside of Aurora's wet, dripping quim.

Aurora smashed down onto him with her hips with several rises and drops. She filled up completely on cum which spilled through her body.

"That's…amazing," Aurora said. "Simply amazing."

She finished riding Harry with multiple long and fast pumps. The seed spilled into her body. Aurora ensured not a single drop had been wasted as she finished Harry off. His cum was her drug now and Aurora intended to take it all inside of her.

Both feel the pleasure of release. Harry drank the dripping milk from Aurora's nipples after she received a stuff belly full of his cum.

Aurora pulled out of Harry and laid on top of him. His cock rose up to prominence again. Aurora planted more kisses down Harry's body and resumed to worship his cock and ride it until neither could take any more.

Their stamina could make this endeavor take a while.

End.

Next Chapter: 10/6/2017.
Cooling Off(Kensi Blye)

Chapter 173: Cooling Off(Kensi Blye from NCIS)

Sweat rolled down the body of the beautiful woman who put herself into the workout. It had been a long day and she just wanted to unwind. Kensi Blye knelted down on the ground and performed some stretching exercises. The tight black sports bra clung to her deep cleavage and showed off her flat toned stomach. Dark hair swung against her face in an exotic curtain. Tight yoga pants stretched against her legs and ass like a second layer of skin. Socks and shoes laid forgotten on the ground as well. The exotic beauty threw herself into the workout.

"Long day?"

Kensi looked over to her shoulder and noticed a man she worked with on several cases step into her life. He dressed in a tight black tank top and a pair of tight workout pants. His toned body could be barely held. Kensi shifted over and was fully aware of him checking out her ass.

"Yes," Kensi said. "Why don't you come join me, Harry?"

Harry Potter would have been foolish to deny the woman what she wanted. Kensi rolled up onto her feet to show Harry the front half of her body was just as appealing as the back half. Nice supple breasts, a flat toned tummy, wide hips, and pants so tight that it showed Harry a tempting glimpse of what lied underneath her. Harry knelted down right beside her legs.

"You're really worked up today," Harry said.

"Yes," Kensi said.

Kensi did a leg lift, brushing her toes against Harry's crotch. She smiled when Harry viewed the progress of her feet. Each time Kensi lifted a leg, she touched his crotch with her right foot. She performed the same action with her left foot as well and kept brushing her toes against Harry. Harry threw his head back with a loud groan the deeper and further Kensi rolled her toes all over his crotch.

"I'm worked up," Kensi said. "And I'm ready for someone to give me that workout that I really need."

She climbed up and straddled Harry's lap. Harry got a look at her yummy looking cleavage. His hands brushed against Kensi's backside as she rubbed up against him. She leaned in and smiled before pulling away from him.

"And how nice of you to bring me a nice iron bar for me to work out wit."

Kensi pulled down Harry's pants and revealed his big thick cock. She grabbed onto the base with one hand and caressed the head with the other. Kensi used both of her hands to jerk Harry's large cock off while reaching around to play with his balls.

"Good," Harry groaned. "Let's have a nice workout!"

Those two hands played with Harry all the way down his cock. Kensi stroked Harry's cock and made it rock hard. She felt a tingle in the area of her crotch at this hard appendage.
Harry finally grabbed her by the hair and kissed the ever living daylights out of the beautiful woman. The fiery woman pushed her nails into the side of Harry's face and returned the kiss with increased sexual aggression. His tongue brushed against hers. Kensi tried to force her tongue against Harry's mouth.

Her warm hands caressed Harry's cock and made it harder. He wanted to be inside of her in the worst possible way. They tugged at each other's workout clothes.

Harry pulled back to allow Kensi's supple breasts to be released out into the world. The dark nipples showcased on her body made Harry tingle in lust. He rubbed on her nipples and then kissed her lips.

The sexual fire in Kensi needed to be put out, and Harry was doing it. She had been worked out by Harry's lips on every inch of her body. It started at her lips, to the side of her face, her neck. She breathed in and came out with a solid whimper the deeper and further Harry worked his way down her body. Kensi's pussy ached and wanted attention the more Harry moved closer down to her loins.

Harry sensed the arousal coming from this beauty. Her hard nipples pressed up demanding to be sucked. Her belly button received a nice lick or two before Harry made his way over to suck her nipples.

"Damn it!" Kensi yelled. "I need you in me! Now!"

Good things came to those who waited and Kesni realized her lover was toying with her. She laid on the mats, sweat pouring down. Harry pressed a finger on the edge of her yoga pants. He pulled out and motioned for Kensi to turn over.

Kensi turned herself over, while also lifting her feet up. She wrapped them against Harry's cock. The strength of her powerful legs made a very exotic and intense footjob become a reality for Harry. Harry groaned when leaning into Kensi, touching his hands on her ass.

The soft soles brushed against Harry's thickening cock. Kensi worked him like a champ.

"I wonder if it tastes as good as the rest of you."

He pulled down the yoga pants to reveal Kensi's very toned ass. She worked out hard for this ass and Harry had to squeeze it. The footjob continued unstopped as Kensi had the stamina to keep lifting her legs and pleasuring Harry with her feet. Harry touched his nose briefly against Kensi's firm bum before going down and touching his tongue.

"Jesus Christ!" Kensi bellowed.

Harry pushed the most deadly weapon known to many woman deep within Kensi's scorching hot center. The tangy tastes of her juices flowed it Harry's mouth. They always tasted better when a girl had been working out and more importantly, they had been worked pretty much up. His tongue slithered inside of the woman and gave a full taste of her.

She tasted so great, Harry needed to lick and suck every bit of the juices from this fit babe as possible. Kensi locked her nails onto the edge of the mat and took in a very deep breath.

"Fuck me!" Kensi yelled.

She came all over Harry's face. The British Gentlemen lapped up her juices and then pulled out of her. He grabbed Kensi, regretfully losing her gorgeous soles rubbing against his cock. He turned
her around and kissed Kensi on the lips.

Kensi tasted herself, and had been driven completely mad. She rubbed herself against Harry's body. Harry denied her his cock for a long moment. His hands were all where they needed to be. Kensi pulled back and Harry cupped her breasts.

"It's time to see how strong your thighs are," Harry said.

"I think you'll be impressed."

Wetness dripped down from the woman's pussy and coated the head of Harry's cock. She grabbed onto Harry's chest and then pushed down onto him. The first few inches of his rod pushed inside of her tight body. Kensi bit down on her lips with the determination which made her beyond sexy just exploding into her face.

Harry grabbed onto her back and guided her all the way down. Her fit body worked its way down onto him. Every inch of her body was utterly perfect and Harry had been compelled to touch her tits, to play with them. Kensi rose almost all the way up and took Harry's iron hard cock inside of her body.

Kensi shifted her pussy down onto his cock with a few more pushes. Her wet walls closed down onto him and she released Harry's rod with a couple of long, powerful pumps. The passion flowing through her body could not be denied. Harry reached up and grabbed her. His hands ran through her hair and then down Kensi's body.

She drove down as deep as she could go. Kensi's sexual fire burned and there was only one thing which could be beaten.

"Keep it up," Harry said. "Keep it up."

Kensi did not intend to stop. She pushed on through with a long ride of Harry's engorged cock. Every single time the manhood stretched her out, Kensi felt a rush beyond anything else. Her body sized up and came close to engulfing Harry's hard prick inside of her. The constant shoves and pushes of Harry brought him deeper inside.

She did a back bend which gave Harry a nice view of her sexy, sweaty body. Every inch of this goddess needed to be worshipped and so Harry did so.

"More," she said. "Oh, fuck!"

Kensi came like she had never came before. The intensity of her workout was really driving her completely behind the pail. She grabbed Harry's face and shoved her tongue into his throat. The hard intense riding with Kensi's firm thighs smacking against Harry's caused the passion between the two to flow.

"You think you're in control now, but….you want to yield it, because that's what makes you feel good."

The word "good" set off a domino effect of miniature orgasms leading to one big one. The next thing Kensi knew, Harry had her pressed against the work bench. She was bent over with her legs spread and face positioned at the mirror.

Harry drove his monster of a cock inside of her.

"Nothing makes you feel more alive," Harry grunted. "Doesn't it?"
"No," Kensi breathed. "No, nothing does."

Harry rested his hands firmly upon her back and drove deep inside of the goddess. Kensi's wet thighs spread to showcase endless arousal and need Harry. Harry pulled almost all the way out of her with his thick head grinding against her and teased her just more. He jammed inside of her.

Kensi almost tilted the work bench while holding onto it. Harry put her through a workout more intense than anything she ever felt in her entire life. His monster of a cock speared deep inside of her warm and tight pussy. Kensi's eyes flashed with lust the deeper Harry rammed inside of her.

"We're getting close, darling," Harry said. "Cum for me, Kensi."

Kensi gripped the bench almost as tightly as she grabbed onto Harry's cock. How many more times would she cum before it would just be too much? Her stamina was being put to the test.

Harry explored Kensi's body with burning lust. He stopped at her breasts, hips, and then down the back of her thighs before plunging deep inside of her. Juices stained his cock and the mats on the ground below. He nailed Kensi as hard as possible against the workout bench.

The eyes of the investigator glazed over. Harry's cock defied all convention science. It only seemed to get thicker and more throbbing the longer they went at this. Did it ever slow down? Kensi felt completely stuffed with his cock.

"I'm going to cum inside of you," Harry said. "But, you're going to have to earn it. Flex those muscles. Really feel the burn."

Kensi summoned all of the strength and did several crunches around Harry's cock. Her tight inner muscles milked Harry like never before. His throbbing hard balls pushed against Kensi's thighs from behind. His hands clutched her as hard as possible when driving inside.

"Feel it," Harry said. "Cum for me again."

She came and leaked worse than an old garden hose. Harry planted his rod inside of her. Kensi closed her eyes and felt even more pleasure.

His cock planted inside of her perfect pussy. A discharge fired into Kensi before she could say anything against it. His balls sized up.

Kensi realized he had not only cum inside of her, but spent the next couple of minutes cumming inside of her. His balls finally deflated and finished discharging her cum.

"Oh, I don't think I can take any more," Kensi said.

"Well, I think you're pretty sore there."

Harry touched her vagina lips and made Kensi jump at the tenderness. He really gave her a workout.

"But, we have one hole that should not be neglected."

The word neglected had been punctuated by Harry's tongue touching Kensi's back passage.

"No one has ever been there," Kensi said. "You're..."

Harry rubbed her clit and caused Kensi's eyes to glaze over. The more he pleasured her, the more she thought it would feel so nice to have a giant cock just ripping in her asshole. Harry worshipped
her ass, licking her hole and then kissing down on her cheeks before smacking the flesh.

"Fuck my ass," Kensi said. "I want you to fuck my ass."

The sorcerer positioned himself on the bench and made Kensi stand up straight. He lubricated her asshole for the invention intrusion.

"Hold onto those rings above your head."

Kensi did exactly as she had been asked. She hooked onto the rings above her head. Harry's strong hands grabbed her lower back and then moved out to grab her ass. Her perfect ass had been something which demanded to be touched, squeezed, and spanked. The fingers of the sorcerer worked his way down on her ass.

Harry lined up his big cock against her hole and then edged it inside of her. Kensi saw stars after the first couple of inches plunged into her perfect ass. The exotic beauty shifted herself back against him.

"I knew your ass would be so fucking tight," Harry said. "It was made to receive cock."

The wizard plunged his rod inside of Kensi's perfectly formed rear end. His balls slapped against her the deeper he pushed into her. Harry pulled a ways back from Kensi and then drove his monster of a rod deep inside of her rear end. He grabbed her and released her with a couple more plunges.

Her toes curled it felt so good. Harry's hands rolled over her cheeks when driving his thickness inside of her puckered hole. Kensi threw herself back to feel the burn and the pleasure which was to come.

"That ass belongs to me now," Harry said. "I bet you want my cock as deep into as it can go."

Kensi's eyes closed and that was what she wanted. She learned things about herself today that she never thought possible. Harry grabbed her cheeks and squeezed them before spanking it. He spanked her ass in turn of fucking it.

"Someone's a dirty girl who is getting off on this."

"I'm your dirty bitch," she swore. "Oh, I've lived for too long without this cock in my fucking ass!"

Harry plowed Kensi's perfectly shaped bum for everything that was worth. The investigator's ass was Harry's take as it pleased and he would take her hard and fast. His balls were once again filling up. His fingers ran down her body as well.

Sometimes, Kensi swore Harry had more than two hands. The again, maybe that was what he wanted her to think. The bubbling and rising pleasure in her loins continued to build the deeper Harry threw himself into her ass. He spanked Kensi as hard as possible before pulling out completely and driving himself into her.

"Let's see how much you could take before you break down."

Those nipples stuck out for Harry to grab. Dark lustful buds which Harry had to attack. He ran down her firm body. Harry reared back when he had her in perfect position and drove deep inside of her ass. Kensi pressed herself against the edge of the wall.

"Keep cumming for me."
Kensi became a puppet for Harry's lust. He held the strings and the strings seemed connected to her anal core. Harry pushed against her firm ass and drilled into her. His hands dug into her pussy and then came up, force feeding Kensi the combination of juices spilling from her overstuffed pussy.

"Mmm."

He licked Kensi's ear while pushing up and then fucking her bum. She rocked only slightly to feel the sexiness course around him.

All good things reached their climax. Harry spent a few more minutes just having his fun with his newest lover. Kensi reacted to him with the sexiest noises flying out of her mouth and the occasional mixture of dirty language, in a couple of different languages.

"Oh, I want to fucking feel this in the morning!"

"Don't worry. You will."

Harry made her cum with the slightest touch. Her ass clenched Harry and released him. Harry pulled himself back and then drove inside of Kensi as deep as possible. His balls swelled and were about ready to reach their peak.

He groaned and slammed Kensi's ass from behind. The discharge of his balls shot their creamy fluids into her tight asshole. Harry pulled out of her and pushed back into her with a few long thrusts. His potent balls finished spilling their contents inside of her.

Kensi let go and almost collapsed to the ground. Harry caught her and moved her across the room to the rest area. She leaned against Harry with a smoky smile on her face.

"Amazing," Kensi said. "We should have done this sooner."

Harry held the beauty in tightly and kissed her firmly on the top of the head.

"Why don't we take a shower? And do you want to head to my place or yours?"

"Well, yours is closer."

---

End.

Chapter 174: Making Moves(Alexis Black(OC Daughter of Sirius Black) and Vega Lestrange(OC daughter of Bellatrix Lestrange)).

Several pieces of paper lined up on the table. They were all legal documents which one woman looked at. The eighteen year old witch knew there was one man who could make her life easy or difficult she had to play nice with. Eighteen-year-old Alexis Black looked down at her godbrother, Harry Potter, who smiled. The daughter of Sirius Black could see there had been more to Harry to meet the eye.

The heiress of the House of Black clipped her dark hair back in a ponytail. An attractive face which caught the attention of many men shined out, with rosy lips, a cute button nose, and dark expressive eyes. She slipped into a tight black dress during this meeting which rose up just to the limit of what would be considered modest. Her deep cleavage intended to entice. She wore a smattering of makeup, but it was not really needed. Just mostly dark purple lipstick to bring out the prominence.

"Well, everything we need is right here," Harry said. "Given how the pureblood laws are set up, I'm in prime position to take over the head of the house of Black, providing one thing of course."

"Yes?" Alexis asked.

"I have to impregnate the daughter of the last heir of the Ancient and Noble House of Black," Harry said. "Or the house reverts to the next male heir of age who is directly blood related which is….

Alexis crinkled her nose at the brat of Lucius Malfoy getting her hands. She looked at her handsome godbrother.

"So, we're going to have to fuck," Alexis said. "It's about fucking time."

She leaned across the table and kissed Harry on the lips. He might have been three years younger than her, but there was a maturity to Harry which most other men her age did not have. Alexis grabbed Harry and pulled him up.

The hand of the sorcerer reached behind and grabbed onto Alexis's tight ass before squeezing it. He backed her up, while their clothes came off. Their tongues pushed together with each other when they found the nearest bed.

"Oh, this is hot," Alexis breathed.

"You got that right."

They turned around just in time to see Alexis's cousin, Vega, who already stripped off her clothes. She stood in the room in a matching set of bra and panties, with stockings and a garter belt to match. She swung her hips over and moved across the table. Alexis frowned at the presence of her cousin.

"What are you doing here?" Alexis asked.

Vega grinned. "Helping…plus my mom killed your dad…so consider this my apology."
Alexis only met her birth father once or twice, but still the gesture was appreciated. The two girls met tongue to tongue with each other. These two hot cousins kissing each other made the real estate in Harry's pants. Vega only rumpled Alexis's dress very slightly.

She moved away from Alexis and locked eyes towards Harry. "Besides, if I get to fuck over Lucius and Draco, then I really want to help."

Vega squeezed Harry's package through his pants. Both of the older witches backed Harry back onto the bed and stripped him down. They drank in his toned body, and his big hard cock. Vega wrapped her hand around Harry's thick prick and started to pull it up and down.

"And his balls are nice and full to knock you up," Vega said. "Here…you might want some of this."

Vega handed Alexis a vile of potion. She eyed it, nervously. They were Blacks, therefore not above poisoning each other.

"It's a fertility potion," Vega said. "Not that you need much help with big balls like this, but it will make you ovulate like you've never ovulated before….."

Vega took the potion and downed half of the dose. Lust burned through her eyes, the desire to mate prominent. Alexis, now knowing it was safe, downed the potion as well.

Harry pulled both of the girls in close to him and kissed them. Their lustful eyes burned when playing with his body. Their hands went everywhere they could. Alexis and Vega spent the next few minutes kissing him and then they worshipped his cock.

"You're overdressed for this party," Harry said to his godsister.

"Fix it, my sweet godbrother," Alexis said with a wink.

Harry tugged her black dress over her head to reveal a nice transparent bra. Her nipples stuck out from the cups. Harry roamed over Alexis's flat stomach and down to her ass where he squeezed it. She wore a skimpy G-String thong which blinded Harry with more desire than he ever relegalized.

Vega already sucked his cock and boy could she ever suck cock. The dark haired temptress rolled her mouth down to the edge of Harry's cock base. Harry reached in and grabbed Vega's head to guide her down onto his pole. She sucked him off.

Alexis nibbled Harry's ear, and crawled at his side. She wanted this cock inside of her. The desire to mate with such a powerful wizard overwhelmed everything else. Unfortunately, Vega buried the cock into her throat. The sounds Vega made when she lewdly sucked on Harry's cock were not helping. Her violet eyes shined with lust as well.

"You've had enough!" Alexis howled at the top of her lungs. "I NEED COCK NOW!"

She ripped her cousin off, hurled her across the room, and several ropes shot, binding Vega to the chair. Vega watched as Alexis took Harry's hard cock and slammed down hard onto him with force.

"Looks like that potion worked a bit too well," Vega groaned. "At least on you…you weren't already ovulating, were you?"

That might account for the very extreme reaction. Alexis rode Harry's cock. She pushed down on his manhood. Harry steadied the grip around her waist and pushed her down onto him. His cock filled up the daughter of his late godfather. Alexis closed her eyes and Harry reached up to cup her.
Her warm pussy grabbed Harry and dragged him inside of her. She wanted him in the worst way, so badly that she could taste it. Alexis Black drove herself up and down on Harry with constant pussy rising and dropping down onto him. Harry's fingers grabbed her nipples and tugged at them hard.

Vega threw herself back against the chair and moaned as loudly as possible. She observed Alexis throwing herself up and down on Harry's hard cock with reckless abandon. She wanted a shot at that big cock. The ropes were too tight and making Vega pant and almost black out from the immense pleasure about ready to go through her.

Alexis rod her stud of a godbrother further and further. The hands moved around her body and ensnared her. More magic built up in her body. Alexis intended to get impregnated by any means necessary. She would milk him of every last drop of cum in his body.

"You're not getting any cum until I feel you do the same," Harry told her.

She shivered at the commanding way the younger man took control. Harry had such a presence which made her feel beyond good. Alexis chewed down on her lip with excitement building up. Intensity flared through her body the deeper she planted Harry inside of herself.

"Fuck," Alexis moaned at the top of her lungs. "I'm getting…closer!"

Harry enjoyed the feeling of her pussy snugly taking him into her warmth. It was intoxicating to see this brilliant woman just throw herself at the mercy of Harry's hard cock. Alexis squeezed Harry's massive manhood when rising up and crashing down on him.

"Oh, fuck her raw," Vega said. "Finish her off….put that baby in her…and put one in me."

Vega did anything to cause a reaction. Her nipples sung out for attention, but it was very hard. Alexis bounced up and down on Harry's cock.

The chair lurched in and moved closer to the bed. Now Vega was even closer, with the pheromones intoxicating on her body. Alexis slipped off of Harry and reversed position.

Harry grabbed onto Alexis's ass to see her ride him reverse cowgirl style. He groaned the second Alexis rose and dropped onto him. The wetness wrapped around him. Harry grabbed her bum and squeezed it. Alexis leaned back and forth as she took Harry inside of her. Harry fell back a bit on the bed.

"You have such a nice ass, Lexi," Harry groaned.

Only she would allow Harry and Fleur to get away from calling her that name. Alexis rose up and took her man's cock inside of her while leaning in to give Vega a taunting smile.

"Bitch," Vega muttered.

"Yeah, I know," Alexis said. "And you're a slut."

She shoved her tongue down Vega's throat. The daughter of Bellatrix Lestrange accepted the hungry kiss from the daughter of Sirius Black. The kiss showed where Alexis stood on the Black cousin pecking order. She might have had a unfair advantage, having a part-Veela as her roommate during her schooling.

"Mmm, fuck!" Vega murmured through the kiss.
Harry grabbed onto Alexis's ass and simultaneously felt up the back of her legs. He needed to feel more of her. The sexy scion of the Black house took his cock into her nice and deep. Harry allowed himself to submit to lust when driving deep inside of her. His big balls throbbed and demanded to give their bounty to her.

"Yes, baby," Harry said. "Cum for me one more time."

Alexis came for her new master one more time.

"Shit, Lexi, you're the gift that keeps on giving," Harry said. "You're perfect, and you're about ready to carry my daughter."

Alexis smiled, hopefully the first of a couple of daughters. She performed a public service of sacrificing her womb for Harry as a means to keep Draco's filthy hands off of the Black family fortune. Harry drove his hard cock into her and stretched her out.

The end was about ready to cum. Harry drove deep into her body. His thick balls discharged inside of Alexis and filled her body with an obscene amount of seed. Harry's thick balls clenched and discharged repeatedly working his cum into Alexis's tight quim.

"Fuck, yes," Alexis murmured.

"About fucking time," Vega said.

Her pussy screamed for attention. Harry reached over and pulled her off of the chair. The ropes remained bound on her.

"Use my cunt as your own personal fuck hole," Vega begged him. "I'm a dirty little pureblood slut…conquer my pussy like you're going to conquer the Dork Lord!"

Harry almost snickered. "Well, I don't think I'm going to conquer Riddle quite like this."

"The fan girls will be disappointed," Vega said with dry tone of voice.

Harry pushed her down on the bed, her pussy and ass exposed for her. He took Vega's pussy with his rehardening cock. Harry pulled up Vega by the hair and used it for leverage. She screamed out with carnal lust the further Harry pushed inside of her. He dominated her and that was how Harry thought Vega would like it.

"Oh, you bastard, fucking drill me!" Vega yelled. "You're going to put babies in all of us…there will be an army of daughters…and an orgy of them when they are old enough. I hope you track down my mother, and fuck the madness out of her with your big cock as well. She needs therapy…a good fucking shot."

The apple might not have fallen far from the tree. Vega was bound and Harry pushed into her.

"I'm going to tie down her mother when I get ahold of her," Harry growled in Vega's ear. "And then I'm going to drive my cock into her until she admits that I'm the most powerful ever."

"Fuck!" Vega yelled. "I can't wait….my mother needs to be reminded what a real man's cock feels like. She's a psycho bitch who needs to be fucked…show me how hard you're going to fuck her."

Harry railroaded into Vega's pussy. The force caused Vega to groan. She was not afraid of a little bit of pain. In fact, she got off on it. The harder Harry forced his way into her walls and deep into her pussy, the more Vega enjoyed the encounter.
"You're such a fucking slut," Alexis said, rubbing her swollen belly and sighing in content.

No denial left Vega's mouth. Harry drove his huge cock into her tight pussy from behind. Every thrust brought her closer to being impregnated by Harry's child. She threw her hips back to meet Harry's big cock going inside of her tight body.

"You're getting off on being beneath a strong wizard," Harry said. "Time for you to cum for me, Vega. Cum for me, hard!"

She came very hard. Vega saw different colors she came so hard. Harry pushed into. She opened up and gave him direct access to her womb. It just waited for the one trigger. Harry's hands pushed against her body and then reached underneath to squeeze her nice breasts before pushing away from her.

"Keep it up," Vega breathed. "Oh, Lexi….you kinky bitch!"

Alexis jammed her finger into Vega's supple rear end while Harry fucked her. She rammed in three fingers at full force.

"Watch it," Alexis said. "Only Fleur and Harry can call me that. You don't have that right, you little psycho-slut."

The magic swirled into Vega's ass. Alexis pulled her fingers out and replaced it with her tongue. She rimmed Vega's ass in time for Harry thrusting deep inside of her. Harry's big throbbing balls bounced against Vega's thighs the deeper he pushed inside of her.

"Oh, you're both too much," Harry groaned.

"No," Alexis breathed. "You're just a enough to please both of us."

She went back to tongue-fucking her cousin's puckered hole while Harry slipped into Vega's warm pussy from behind. His thick tool rose in and drove deep inside of Vega's tight pussy. She squeezed him and brought Harry closer to his end.

His balls exploded suddenly and send the virile seed needed into Vega's tight cunt. Harry pushed his way into her and then drove his never ending flood of seed into her. The second Black family member was insured to be impregnated tonight.

Vega closed her eyes and the rush of Harry's cum firing inside of her body made her excited. Harry grabbed her breasts through the ropes and squeezed them harder. Vega panted like a dog on a hot summer day the deeper Harry plowed his cock.

The tied up Vega collapsed down on the bed, cum oozing from her cunt. Enough buried inside of her to seed an entire village of women.

Alexis looked at Harry and smirked.

"Overall, I'd have to say this meeting was a success," Alexis said.

"Only when he ties down Nymphadora and Lucretia and impregnates them," Vega said. "So, really, only halfway there."

Not to mention her mother and aunts, and Alexis's mother as well. You either went big or went home after all.
"Well, gives me a goal, doesn't it?" Harry asked.

End.

Next Chapter: 10/10/2017
Deep Undercover (Kara Danvers and Lena Luthor from Supergirl)

Sometimes, Kara Danvers caught a pretty lucky break. She had been trying to find out information for the better part of a month about the partnership between L-Corp, ran by Lena Luthor, and by Horizon Enterprises, ran by Harry Potter. The name caused a sigh as Kara saw pictures of him and she would have to admit, she had a very powerful crush on him. She was very nervous though, thinking that he might be a bit out of her range.

'Yeah, you're Supergirl, and if you were Supergirl in this meeting, you might have a crack at him,' Kara thought. 'But, you're dorky Kara Danvers and it's hard for you…okay just get it together.'

She adjusted her glasses and leaned in to knock on the door. It opened to reveal Lena Luthor. She dressed in a business ensemble which looked quite frankly stunning on her. The blouse had a couple of buttons tastefully undone, the skirt only showed enough for a slight tease, and Kara felt her eyes directing closer to Lena's stocking clad legs.

"Kara, glad you can make it."

Lena smiled and hugged her friend. Kara wore what seemed to be a dab of perfume on her. She never wore perfume, which made Lena think she was trying to impress their mutual guest.

"I'm glad for you to get me a meeting with him," Kara said. "I mean…he's just…well he's something else. I think I love you."

Lena just responded with a smile. "Well, hold the marriage declaration until you able to meet him."

The two women crossed the room before coming face to face with Harry Potter. Kara had been blown away. He was built like a Greek God, and as intelligent as anyone Kara ever read about. He was in high demand at some very good schools to give lectures. But, he preferred to pick and choose only the very best.

"Ms. Danvers," Harry said. "It's an honor to meet you."

"Oh, Doctor Potter, believe me, the honor is all mine," Kara said. "You're giving me an interview…you wouldn't even give Ms. Grant the time a day."

"Catherine does an excellent job of running her business," Harry said. "And I wouldn't want to demean her or anything, but she's already been to the top. I'm more interested in given people who haven't had a chance, their big break. And when Lena told me about you, I just had to meet you, Ms. Danvers."

"Please, call me Kara," she said.

"Oh, and you can call me Harry," Harry said. "And there's no need for you to be nervous. I already know your secret."

Kara flushed out and almost freaked out. She reigned herself in. Harry motioned for her to sit down and handed her a glass. The wine bottle already sat on the table and Lena just responded with a slight smile directed at Kara. Kara took the glass of wine.
"You've got a crush on me," Harry said. "And don't worry, I'm not going to do anything you don't want me to do."

The problem as Kara saw it, was she wanted Harry to do a lot to her. Maybe not Fifty Shades level stuff, but there was a lot of stuff Kara wanted done to her by Harry.

"Oh, thank you," Kara said.

"Have a drink," Lena said. "You should relax, this is not somewhere where you need to be tense."

Kara drank. Truth be told, it was not going to do her much good and would not have much of an effect. Still, she took a couple of deep breaths and calm down.

"So, are the two of you in a relationship which is more than business?" Kara blurted out before she could help herself.

"Really, that's your first question?" Lena teased her. "A bit personal."

"Sorry, I blanked," Kara said. "I really suck at this, I know."

Harry patted her on her knee which caused Kara to jump up. "No, you want to ask the question that people are only hinting around at with snide innuendo. And yes, Lena and I are sleeping together."

He said it so bluntly and so matter of factually that Kara almost dropped her notepad. She expected some kind of denial, or perhaps some kind of statement about how they were really close friends. The look on her face went through several levels.

"O-kay!" Kara piped up. "Um…I've noticed that Horizon has a staggering amount of female employees, as opposed to male employees. In fact, most of the female employees are working on the main facility, while the males work at the off shoot brands and….I'm curious if…well I'm curious about your hiring policies."

Kara realized what she just implied and backed off of that ledge very quickly.

"I mean, I've heard that you've gotten some complaints from people, saying that you are sexist and against women, "Kara said.

"Really?" Harry asked.

"I know," Kara said. "Really…which is stupid…because you hire women….and you put them in high ranking positions in your company. And most of your business deals support companies which…well which are ran by a powerful female executive."

Harry just smiled at her.

"I offer opportunities," Harry said. "My holdings over here are just a small portion of what I have. I seek out enterprising females who are hungry for an opportunity. And not just because they are women. You don't think that people should be hired on the basis of your gender, do you Ms. Danvers?"

"No!" Kara piped up. "They deserve to be hired because they're qualified for the job, and…the number of success stories coming out of your company, that's really amazing. They are all college graduates."

"Yes, college graduates who go put a lot of work into their studies," Harry said.
"Right," Kara said. "Right and…well, you can't potentially be sleeping with all of them like people say you are…not that I'm saying you are, and I wouldn't blame them for their taste, it's just…."

Harry stopped Kara, grabbed her by the chin and kissed her on the lips. The reporter's eyes widened as Harry Potter just kissed her and more importantly she let him. Kara felt her entire body tingle with lust the deeper Harry shoved his tongue into her mouth.

"You have potential, Kara," Harry said. "You're a decent reporter, good when you're not visually undressing someone with your eyes through half of the interview."

"Oh, my god, I'm so sorry," Kara said. "I didn't mean to objectify….

Harry silenced Kara with another kiss. Kara once again leaned into the kiss, taking Harry's tongue deep into her mouth. It was almost he had the ability to shut down her brain.

"You won't be a truly great reporter until you get out from underneath Cat Grant's shadow," Harry said. "But, Catherine will tell you how her best work wasn't until after she left the Daily Planet and went Freelance. She eventually built herself up."

Kara slid back from Harry for a second. She was very nervous. Harry kissed her twice and Kara wanted him to do it a third time.

"You should relax," Lena said.

Kara turned around and Lena caught her with a very aggressive kiss on the lips. Not the first time Kara kissed a girl, she enjoyed a few kisses with her adoptive sister, most of the time for Alex to try and win an argument by kissing Kara to shut her up. It was oddly effective.

"And we know one way to get you to relax," Lena said. "I know you've been thinking about what it would be like to be with either us. It turns out we're going to be with you both at the same time. Lucky girl."

The sultry whisper came into Kara's ear and compared to both Lena and Harry, she was inexperienced. The next few minutes had been a very obvious blur as she made her way into a bedroom. Both of her soon to be lovers took turns kissing her and feeling up her body.

'I'm going to wake up in soaked sheets, aren't I?' Kara thought in half of a daze.

Harry ran his hand down her thigh and kissed her. Her panties already soaked through the skin. Kara was a bit nervous now, when she realized that the minute Harry unbuttoned her shirt, she would have to find a way to bullshit her way out of this.

His able hands squeezed her breasts through the top of the blouse before revealing a very familiar "S" underneath. Lena traced around the "S" with a grin on her face.

"I'm a big fan," Kara offered meekly.

"I thought she would be better if the shirt had been cut off at the midriff," Harry said. "And skirt would have been a little shorter….with more bare skin, she would be able to absorb solar radiation quicker. Or she could wear a skin tight full body suit which clung to her body…you'd look good in one come to think about it."

Harry had his fingers wedged deep into Kara's pussy while Lena was against her, kissing her. The wicked woman sucked the side of Kara's neck and took full control of her ear lobe. Kara drew in a rapid breath the more Lena sucked and licked at her ear.
"Oh, I wonder if we should allow her to leave the glasses on or not," Lena said.

"Hey, don't I get a say in this?" Kara asked.

"Shush, darling, the grownups are talking."

Lena pinched Kara's nipple through her top and rolled it up slightly to get further access to the woman's supple young breasts. Lena nibbled and sucked on Kara's delicious ear lobe before looking at her.

"Leave the glasses, they make her look sexy."

Harry's pants were already off and Kara looked up towards him. His shorts came down to reveal a big throbbing cock of about twelve inches along. Kara's mouth opened in shock, with Lena grabbing her jaw with one hand and Harry's big cock into her.

"Just relax and take your medicine, sweetie," Lena breathed.

His big cock shoved deep inside of Kara's oral cavity. Harry looped his fingers around her hair and pushed deep inside before almost pulling completely out. Harry drove his big cock into her repeatedly with more thrusts than ever before. He pulled back and then drove into her.

Kara received a huge cock stuffed down her throat and loved every minute of it. Harry took her just in ways she had always dreamed. The Girl of Steel looked up suddenly with Harry's big cock going deep into her mouth. He adjusted her glasses so they did not side on her face.

Watching those expressive blue eyes look up with so much lust made Harry excited. Lena aggressively fingered Kara as well and then pulled her finger. She allowed Harry to taste Kara's juices.

Kara almost came undone watching Harry lick the evidence of her orgasm off of Lena's finger. Great Rao, Kara was getting so hot, she could hardly even hold herself together. She sucked Harry while Lena weighed his balls in the palm of her hand.

"It's going to be a nice big super load for a real...super girl!"

The added flair added on those last few words made Kara wonder if Lena figured things out. The shirt would have been hard to explain and Kara struggled not to have her heat vision go off in the heat of the moment. That would have pretty much sealed her fate.

"Yes," Harry said. "I knew this mouth would be perfect for cock sucking. You're good...you're such the perfect little cock sucker. I'd give you top marks."

Kara appreciated the praise. A normal woman's jaw would have been sore. Thankfully, the Kryptonian kept going and kept taking him deep into her throat. Harry's massive balls swung for Kara to grab out and to squeeze. The Girl of Steel sucked on Harry as hard as possible.

"Here you go, honey."

His balls tensed up and exploded, lining the inside of Kara's throat and mouth with his cream. She let him go and received a splattering of cum on her glasses, and all over her face, and nose, rolling down on her neck. Lena grabbed Harry's erupting cock and pointed it towards the "S" on her shield to splatter a few more blasts of cum on it.

Kara was oddly turned on by Harry's cum splattering all over Supergirl's symbol. Her pussy ached.
"That can happy," Lena said. "Don't worry, honey, Mommy's here to clean up."

She came in a seductive pure and took Kara's glasses off. Lena licked the seed off of the glasses and made her shudder. Lena now sucked the cum off of her face, neck, and nose, before going down and licking the cum straight off of the "S"

Click. Kara looked up to see Lena just handcuffed her to the bedboard. She smiled and leaned in to kiss Kara, to taste Harry's cum.

"Lex built those to hold Superman," Lena said. "Maybe not like this, but you never know with my brother."

Kara believed Lena at her word. Those handcuffs held her into place and made her watch as Lena crawled across the bed towards Harry. His big cock was up with Lena using her tongue to worship him. Kara tried to move away but Lena obscured most of what she was doing and left it up to Kara's imagination.

To be fair, those sounds painted a pretty vivid picture in Kara's mind and rocked her imagination. The Girl of Steel took a deep breath and tried to remain calm. She was here for the long haul.

Harry exposed Lena's breasts as she moved onto his lap. Harry positioned them so Kara could see Lena's face when she ground against Harry's cock. The soft moans coming from the handcuffed blonde.

"You're not going to make me watch this, are you?" Kara asked.

"Well, I think I should show you how it's done because you're not that experienced," Lena said. "After all, that's what friends are for."

Lena drove herself down onto Harry's massive cock and rode it. Kara watched as Lena took his cock inside of her. She noticed Lena's face screwed up with intense lust. Kara almost could feel flushed and she wanted to be the one on top of Harry's cock right now.

"You have to establish your tempo…and make sure to give your partner easy…access."

Harry indulged in Lena's bountiful chest. Her wet pussy closed around Harry when rising up and falling down upon him. Their thighs smacked together the deeper Lena took Harry inside of her. Harry reached up and cupped her chest to give plenty of pleasure. Lena gasped the second Harry worked her over.

"Yes," Lena said. "Just like that, baby. Give it to me!"

Lena rose up completely and dropped down onto Harry's thick cock. She engulfed more of her wet pussy around his big hard cock. Harry's hand rested on her lower back and made Lena rise up and jump down onto her.

Kara really wished for relief. Lena got plenty of relief. The more experienced woman rode Harry's cock with practiced ease.

"Why don't we give her a better look at your face?"

"I could let you take over, yes," Lena said.

Lena pulled out on Harry and got on her hands and knees. Her face locked onto Kara's which did not help with the lust Kara felt towards the older woman. Lena flashed a smile towards the budding
reporter. Harry lined his huge cock up against her slit and drove inside of her.

"Oh, that's how you take it!" Lena yelled. "Fuck me…fuck my brains out…"

"That'd take a long time," Harry said.

"Oh, flattery will get you everywhere," Lena said. "And in my bedroom at least once a day, and twice on weekend days…"

Harry grabbed Lena's supple ass and drove inside of her. The woman's eyes glazed over as Harry drove himself inside of her. He made sure Kara watched his full cock slide out of Lena.

Kara almost wanted to maul the headboard off of the bed. She showed remarkable restraint at not tearing the headboard apart even though it was coming to a peak. Kara bit down on her lip and took in a deep breath.

'Calm yourself,' Kara thought as the hunger kept dancing through her eyes. 'Just wait your turn.'

Each push of Harry's big cock inside of Lena's snug sheath made Kara burn with more lust. She had to have Harry's cock inside of her and in the worst possible way. She almost ripped herself from the bed.

"Getting closer," Harry said.

He cupped Lena's breasts and took time worshipping them with his hands. He kissed the back of the neck of his beautiful lover the further Harry buried deeper inside of her body. Harry pulled completely out of her and stuck his cock deep inside of her pussy.

"Yes, baby," Lena said. "Oh, fuck me sideways!"

"Maybe later," Harry told her.

He pushed his cock into her. His balls throbbed and were almost ready to unleash a heavy torrent of cum. Harry enjoyed the feeling of Lena's soft inviting thighs even more. The look of untamed lust in Kara's eyes made Harry lurch in. His balls throbbed when sticking himself deep into Lena. Harry plowed her insides with a few more thrusts before exploding inside of her.

The first blasts of cum fired into Lena's womb. Harry pushed his cock deeper and road out his orgasm and at least one more on her part. Harry continued to work his way into her, watching as Kara's eyes grew more and more lustful.

The cuffs blocked her abilities, but they did not block the lust Kara felt. The moment she would get out of these handcuffs, she would make her move.

Harry pulled out of Lena and reached over to the bedside table slightly out of Kara's reach. He unhooked the cuffs and released Kara from her prison.

Kara shot across the bed, grabbed Harry and kissed the ever living daylights out of him. The nerves had faded away to pure lust. Kara was driven by the same primal desire which drove many people before her to take Harry and take him hard.

Harry rolled her over onto the bed and pinned Kara down. Kara tried to ease his cock into her. Harry looked down at her face and also the symbol on her shirt, covered in his dried up cum and Lena's drool from earlier. The wizard rolled his hands down her toned stomach and her thighs, which were stained in her arousal.
"I need you," Kara said. "Please…..take me."

The most powerful women on Earth, a virtually living goddess, spreading her legs for Harry and waiting for him to take him made him smile. He rose up and the swollen head of his cock brushed against Kara's wet opening. Kara whimpered the further Harry moved against her.

"Take me," Kara begged him again.

The man of her dreams made some of them come true by sticking his big cock straight into her hole. Kara threw herself back on the bed with Harry driving his big cock inside of her. Harry grabbed her hips and drilled down inside of her body. Kara lifted them up off of the bed with her legs grabbing him.

Harry pushed his rod inside of the pussy of the woman. Lena said it would be an easy enough job to take her. But, he wanted to draw out the fun a little bit. He drew out Kara's first orgasm with a man's cock inside of her to make it completely memorable.

Kara never had thought this would happen. All of her dreams come true at once. Harry pushed his hard cock deeper inside of her and made her see stars. She rose up and grabbed onto Harry, pulling him close into her. The shared heat of both of their bodies came together. The only thing Kara wore was her Supergirl top and her glasses. She was completely bare other than it.

"Harry, you're amazing," Kara said.

"Don't sell yourself short either."

Harry brought his cock deep inside of Kara's eager pussy. The Superheroine pushed deep up to meet Harry's big cock. She gripped him the further Harry pumped himself into her.

"Harry," Kara panted. "Oh, Rao….fuck me!"

Lena masturbated to Kara throwing herself up for such reckless abandon. She would have some fun with Kara sooner rather than later. This encounter was between Harry and Kara. Harry ran his hands over Kara's legs and pushed his fingers against her.

"Amazing," Kara whispered. "So amazing….you're amazing..."

She got off at the older man worshipping her silky smooth legs. Harry rose them back and kissed down the right side followed by the leg side. Kara clenched him when he drove deep inside of her. His balls slapped against Kara's wet pussy at a rapid fire rate.

Kara threw herself up off of the bed to meet her handsome crush when he drove himself into her tight pussy. She never wanted Harry to stop drilling himself into her. She received another powerful orgasm which left her body humming in satisfaction.

Despite the fact, Kara really wanted more. Harry very much wanted to give it to her. And he gave her his cock nice and hard. Harry plunged his thick rod deep inside of Kara's snug pussy. She closed her eyes and enveloped Harry before releasing him.

"It's amazing!" Kara yelled out loud. "It's so…good…right now!"

Kara dug her nails into Harry's back and pushed him closer into her. Her warm legs wrapped around Harry and made sure he never strayed too far. She wanted to fly up so Harry could fuck her, but better sense made Kara feel much better. Harry rose up from her and drove inside of her.
Time passed, with Kara grabbing onto Harry. She never wanted this encounter to end.

Time passed and Kara was dripping wet with sweat and other bodily fluids. She never had been worn down this much, due to her durability and stamina. The fact excited her with Harry pushing their bodies together as if they absorbed each other.

"Beautiful," Harry said.

Kara enjoyed him plunging into her. They moved slightly to the side so Kara's legs could wrap around him and Harry could squeeze her perfectly shaped ass. Harry drove himself into Kara. Her nipples stuck out and poked him in the chest form the other side of her debauched shirt.

"My turn."

Harry drove into her and made Kara squeeze his big cock. Kara shifted against him with repeated thrusts against her. Kara milked Harry until he lost himself inside of her.

The first few blasts of cum splattered Kara's insides. She adjusted her hips to meet Harry, repeatedly moving up and down on his cock. Kara hung onto Harry, dragging her nails into his back with a soft sigh coming from her. Her eyes glazed.

Kara saw entire solar systems worth of stars. Harry pulled out of her.

"So, would you be open to a follow up?" Kara asked.

She snuggled against Harry, with Lena draped over his other side. Things might not be the same thing.

"Anything," Harry said. "It really depends on how open you are."

Kara smiled and shivered as her dream man took a handful of ass. She most certainly entered a brand new world of pleasure.

"Although you might want to consider those costume modifications. It could really help."

End.

Next Chapter: 10/13/2017.
We kick off Friday the 13th Month on the blog, a month of five chapters, each featuring Harry with a girl from the recent Friday the 13th game. The first one is Harry and Vanessa Jones. Head to the Page of Important Links, the Web of Chaos Archives, and either the Blog Exclusive Chapters or Breeding Ground Archives to get you set up.

A newly turned sixteen-year-old girl tapped her foot impatiently against the bed. Dagny wondered where her mother had gone off to. Dagny sat on the bed, blindfolded as per her mother's request. She dressed in a tight black nightdress which showed off her budding curves very nicely, combined with stockings, a pair of panties, and a nice garter belt. She could not bother to be changed out of her clothes.

"Sorry, I'm late. We ran into some difficulties."

The voice of Dagny's mother, Tamsin, cut on through the air. The teenager threw her head back for a second. She could feel a soft hand upon her leg and then another much stronger hand upon her leg. The pheromones rocking through the air made Dagny dazed and a little bit confused. She tried not to lose her senses to what was going on around her.

"Relax, Mommy's here to make your day that much more special."

Tamsin gave Dagny a kiss firmly on the lips. Her blindfolded self could not quite see what was happening. Her mother overwhelmed Dagny and pinned her hands back behind the teenage girl's head. Dagny breathed in the more that Tamsin kissed her deeply.

Then, the sound of pants unzipping could be heard. A few wet sounds, as if lips smacked together, enticed Dagny's young senses. The inexperienced girl had no idea what to make of any of this. She could hear her mother moaning and Dagny's imagination ran wild to the point where she had been flushed. She wondered what the hell just happened.

"Open your mouth," Tamsin said. "As wide as you can, trust me."

Something big, thick, and meaty shoved into Dagny's waiting mouth. She gasped at the length just pushing past her lips into her mouth. A pair of hands grabbed the back of her head and rolled back his hips before pushing into her mouth. The blindfold had been knocked off and she looked up into the face of a handsome, naked man, with green eyes and dark-hair. His cock pushed into her mouth with a hunger.

The man groaned when driving his cock, already properly warmed up, inside of the tight teenage mouth. He did a lot of the work until Dagny's instincts kicked in and she grabbed onto the man's asshole. Her hot little tongue swirled around his length as she pulled it from her mouth. She moved in to lick the length with a humming and then moved in to drive herself down onto the man's cock.

Dagny would ask any questions later. For now, she needed this cock more than life itself.

"You're just like your mother," the gentleman said. "Very nice, warm mouth, and you're very passionate….you'll be fun to taste I bet."
The young girl's hormones flew into disarray at the thought of being tasted. She looked up just in
time to see the dream man flicker a tongue against his lips. The tongue looked perfect to hitting all
of those hard to reach places and many of the easy reach places.

"Grab his balls, dear," Tamsin said sternly.

Dagny grabbed the mysterious gentleman's thick balls and felt them. They were very heavy and fit
nicely in her hand. The girl's smooth fingers squeezed and begin to milk him. Groans coming from
the young man's mouth showed what Dagny did was bringing pleasure to him, so naturally, she
kept up at it.

"Fuck," he groaned. "Oh, you're so amazing honey. You're going to get my cum in no time...."

Another grunt followed by a rush of white liquid. Dagny gagged at the surprising volume, with the
intense amount of cum firing deep into her. Some of it splattered all over her face and rolled down
her cheeks, her chin, and all over her hair.

"Let Mommy help you clean up."

Tamsin grabbed her daughter's face and gave her a very aggressive kiss. Dagny moaned into her
mother's affection. She realized. Tamsin stripped off her clothes, wearing nothing other than a lacy
thong and a very tight bra which she practically fell out of. Her fingers dug deep against the back of
Tamsin's head when kissing her more hungrily and deeply than ever before.

"Did you...get me a male prostitute for my birthday?" Dagny asked.

Tamsin shook her head at her daughter's blunt question. The man in question responded. "No,
didn't have to pay any money, I just had to summon an Incubus....although we go way back. This
is Harry Potter, and I think you'll find out your life will be never the same."

"Both of you should sit on the bed," Harry said. "Especially you."

Both women obeyed him. Harry took off Dagny's night dress to reveal her young body. It shined in
the light and begged Harry to do any number of things to it. He stripped off her bra to reveal her
supple young breasts. Firm teenage tits held in Harry's hand when she moaned in pleasure.

"Oh, he's so amazing!" Dagny yelled.

"Better than that bike I got you?" Tamsin asked.

"Well, I could ride both presents, although I think this one won't rust out in the rain," Dagny said.

The pussies of both mother and daughter, bare and wet, had been revealed to Harry. Harry decided
to take a taste of the young pussy. His tongue ran down her belly button and then moved past into
her pussy. The moist slit stuck up for Harry to taste her.

Dagny's eyes screwed shut from the tongue stroking her womanhood. Harry's hands were
everywhere they needed to be as well to bring her the optimal amount of pleasure. He spent time
indulging in her young pussy.

The sweet youthful taste of the teenager beneath him shifted up. Harry pushed his tongue deeper
against Dagny's wet walls and tasted her. He moved over from her and tasted Tamsin who had been
fingering herself. Her juices flowed. Tamsin's taste had a bit more spice to it, while Dagny was a
bit sweeter. Harry licked both of their beautiful cunts all the same.
"Why don't we say the Birthday Girl gets the first crack?" Dagny asked.

"Don't worry, I don't mind," Tamsin said. "She's lucky she doesn't get her birthday spankings."

One lock of hair hung down towards Tamsin's face and gave her an extremely seductive look. She cupped her daughter's ass firmly and lovingly before passing her off onto Harry.

A very nervous, but determined, Dagny climbed on top of her lover. His cock stood tall and proud in the air, and Dagny wondered how it would fit in her.

"Your mother took it all the first time through," Harry told her. "And you could too."

Dagny threw her head back and then climbed on top of him. She still wondered where Tamsin found this gift, but she was not questioning it. Dagny's eyes faded back as she spread her legs. Harry reached up and grabbed her firm ass before pushing her down. The first few inches slammed through Dagny's resistance and made her feel amazing. Dagny's wet walls closed in on him.

Several minutes passed before Dagny had a lot of momentum. Harry reached up to pleasure her body. The young treasure rode down on his body. Her soft legs enveloped Harry when rising and following. She moaned back and took as much of his cock inside as possible before rising up. Her juices further lubricated the poll.

Harry smiled at the look of pleasure. It always gave him pride to inspire pleasure in one so young. Dagny slid down Harry's rock hard pole and filled her warm pussy up with his iron hard rod. She pulled almost all the way up and dropped down onto his thickness. She smacked her thighs against him with repeated rises and repeated drops. Every time she inched closer towards him, more of Harry entered her body. Dagny wiggled her hips all the way down onto him and took eve more of Harry inside.

She had the time of her life. Dagny bounced up and down on Harry even more. Her body tingled and warmed up. Harry grabbed her and looked at her face. Those green eyes zeroing in on Dagny's made her tense up and made her feel really good.

"I need some relief."

Dagny looked at her mother's beautiful ass bent over as she crouched down onto Harry's face. Harry grabbed Tamsin's legs and then drove his tongue into her. His strong hands felt up Tamsin's legs while eating out her perfectly juicy pussy.

Tamsin made sure for her ass to bounce. A pair of hands not belonging to Harry reached up and groped her ass with lust. The fact her own daughter exploded with such sexual aggression and worked over Tamsin's ass made her feel really good.

As good as deep as this cock going into was, Dagny really wanted more than that. Something more came in the form of some slimy tentacles appearing almost in thin air. The tentacles caressed Dagny's body. They held a connect to Harry and was a form of his consciousness.

Both women feeling good at the same time charged Harry's abilities. What gave him a charge was devouring Tamsin's warm pussy as well. The woman bucked her hips down while Harry stuck a finger into her ass and pumped it in time with his tongue.

"You're always a gem," she breathed heavily.

Harry just grinned and went up and around in her. Thanks to his gifts, Harry could extend his tongue far deeper than many in his position could in fact do so. He leaned on in and grabbed her
by the thighs, shoving his tongue up inside of her wet canal. Harry slurped on her, with more impressive hunger building through his body.

"Yes, you're the best, darling," Tamsin moaned.

"He is really amazing," Dagny purred.

Those extra appendages Harry grew wrapped around Dagny's thighs and forced her as down as possible. First it hurt, until the slickness came into the young girl's pussy. Then it felt so good to feel his big cock just drilling deep inside of her.

Harry's balls lurched up and then hit Dagny's thighs The sorcerer planted a series of thrusts deep inside of her warm womanhood, while groaning all of the way. He got closer to unloading inside of her. Harry dragged his nails against her lower back and dropped Dagny onto him all of the way.

Dagny felt absolutely flushed with the pleasure. So many wonderful feelings went over her, making this the best birthday ever. She really hoped this one could stay around. Harry's thick rod planted deeper inside of Dagny and stretched her out.

"Fucking hell!"

Tamsin roughly kissed her daughter while they both had been pleasured by the same man. Mother and daughter held nothing back with their lust reaching a more fever pitch than ever before. Their lust just burned to a fever pitch.

Harry rocked himself up into her at the sinful display. Dagny's warm thighs clutched his aching rod the faster Harry pushed inside of her. She rocked onto him all the way and stretched her warm pussy against Harry's big throbbing cock. She slammed down and rose up.

"Here it comes," Harry growled.

The incubus prepared to seed Dagny. His big balls exploded and seeded the womb of the sixteen-year-old beneath him. She rode him all the way down with eagerness. Her ass smacking against his discharging balls when her pussy drove down to the base of his cock.

Dagny's eyes glazed over with the stars she saw. She almost blacked out from the pleasure of the first orgasm after he came. Tamsin held her daughter up and made sure she finished riding Harry to a finish.

No sooner did Dagny release Harry from her cunt, Tamsin pounced on Harry's erect cock. She took the juicy took inside of her mouth and sucked the combined juices off. Tamsin grew addicted to the taste flowing off of Harry's cock.

"And you just can't wait, can you?"

Harry pushed Tamsin on the bed and assaulted her body with a series of kisses. His once again erect cock ground up against her body and caused some friction. Tamsin threw her head back with Harry pushing himself against her body. Harry grabbed her hips and the friction built up to a peak.

Tamsin wanted Harry to be inside of her and she knew her lover teased her. The Incubus drew upon her lust and energy, wanting more. Harry pushed his fingers against her nipples and squeezed them very hard. Harry slipped his cock against her.

"Enough teasing."
She tried to frame it as a demand. It came out like her pleading. Harry kissed down her belly and then her thighs before worshipping her legs. Those legs demanded attention, with Harry putting his mouth and hands all over her. Tamsin breathed heavily as Harry took the bottom of her right foot and leveled kisses on it.

Harry had a nasty way of turning a classic act of submission into an act of dominance. She had such beautiful legs and feet though, with cute toes and elegant arches. Harry finished worshipping them before bringing his cock up and grinding it down the back of Tamsin's legs.

The leggy Valkyrie breathed underneath Harry's touch when he drove his cock against her. He moved down her legs and then rested between them. He moved up and positioned himself directly across from her pussy. Tamsin's legs spread apart with Harry aiming himself to her.

Harry finally entered her and Tamsin clamped around him the second he got inside of her. The beautiful woman rose herself up off of the bed to ensnare Harry deep inside of her. Harry smiled the second he drove his big cock inside of her tight box.

"Someone is eager," Harry said.

"For you, always," she purred hungrily.

She scratched at his back the deeper Harry plunged into her. The big cock drove deep into the woman and she responded by wrapping her legs around him to give Harry access to her beautiful legs.

A pair of warm lips wrapped around Tamsin's toe as Harry fucked her. She looked up in time to see Dagny off to the side, sucking on her mother's feet.

"I've always thought you had beautiful feet, Mom," Dagny breathed. "But, who knew that you would get off so much on having them sucked and kissed."

Her daughter had a foot fetish which got Tamsin off even more. Not that Harry's big cock penetrating her from all sides didn't do a good job in getting her off, with Tamsin hanging on tight for Harry. Her wetness grabbed him and pushed Harry inside of her.

Harry rode out Tamsin as she bucked up. He spread her legs out so Dagny could have better access for her mother's feet. Harry grabbed her hips and rolled down onto her. They crashed together.

She was so stuffed full of cock Tamsin thought she would lose it if it slipped from her. Harry slid out of her and teased her with the tip. She gushed and Harry pushed deep inside of her.

Harry held her leg up and kissed on it when fucking her. Dagny took her right leg and Harry mastered her left leg. Her daughter and mate took time to pleasure Tamsin from all sides and make her feel really good.

Tamsin received hungry kisses from her daughter and then Dagny moved over to kiss on her nipple. Daughter sucked on Mother's breast. Tamsin's arousal and her abilities caused a small amount of milk to spill out. Dagny dutifully sucked it out.

"That's it baby, drink up all of Mommy's milk," Tamsin breathed.

Her pussy gushed at Dagny nursing from her breasts. The again, there was a difference of an infant doing it, and a hot and able teenage girl who was able to hit all of the right buttons doing it.

Harry captured some of the warm milk in his mouth and took Tamsin's right nipple. Both he and
Dagny spent some time sucking on Tamsin's hardened nipples and made her feel really good.

More than milk flowed out of Tamsin. Sweat trickled down her pours. Her hair stuck to her face when rising up. Dagny pulled away having gotten her fill.

"Tentacle me, Daddy," Dagny breathed in a sultry tone.

Harry rose a tentacle out from the bed and it wrapped around Dagny's legs before the tip of it, shaped like Harry's cock come to think of it, snaked into her wet pussy.

Tamsin threw herself up and down off of the bed. Harry rocked her pussy with his engorged prick. Tamsin ground her nails into his back and begged for more. She needed more.

"Give my daughter a baby sister for her birthday,"

Harry plunged his cock into Tamsin's wet cunt. Her juicy core held Harry hard and then Harry pulled out of her. Their hips smacked together the further Harry drove inside of her.

"Fuck," she pleaded. "Oh fuck! Right there. Just like that….fuck me until I pass the fuck out!"

The two engaged each other with a lustful encounter while Harry's tentacles had their fun with the daughter at the end of the bed. Harry pulled out from Tamsin and then drove down inside her. His balls lurched before adding a warm load to the combination.

Tamsin bucked herself up off of the bed to meet Harry's cock. It spilled inside of her body and stars shot through her eyes. Tamsin bucked up almost all the way to take Harry's big cock inside of her on a repeated and constant basis. Cum splattered into her body.

"You're amazing," Tamsin murmured after the cum splashed into her and filled her completely up.

"Well, you risked a lot to extract me from that place before your daughter's birthday."

The Valkyrie dropped on the bed covered in a lovely combination of sweat, milk, and cum. More prominent though was the smile on her face in making her daughter's day.

End.

Next Chapter 10/15/2017.
Sweet Silence (Marceline)

Sweet Silence (Marceline from Adventure Time)

Sweet whimpers filled the air when Harry Potter stroked the flesh of the scantily clad beauty underneath him. Her gorgeous grey skin, stunning eyes, and dark hair painted the picture. Her breasts heaved on the other side of the garment the more Harry touched her and then parted the garment. He kissed her cleavage and made the woman underneath him thrash.

Marceline tried not to lose all sense of her being. She never had been pleasured this expertly during her centuries alive. This young man pushed his hands down onto the vampire's breasts and caused her to whimper. Harry kissed her stomach a few times and moved down. Her thighs parted for him.

"I told you."

This statement prompted Marceline to respond with a very evident smile. Harry dragged his tongue down her warm lips and then reached down to stroke between her thighs. Marceline breathed deeply the further Harry dragged his fingers deep inside of her warm slit.

"I want this," she said. "I need this."

"You'll have everything that you want," Harry said, planting a few kisses on her slit. He teased her by dragging his tongue down the warmth. The vampire shifted underneath him. "And you'll give me everything as well."

Marceline hoisted her hips off of the bed the second Harry held onto her tight ass. He ate her pussy out and made the ageless girl underneath him thrash in delight. She gave several soft moans which tapered off when Harry slowed down. Then started back up again when Harry sped up his actions and ate out her pussy.

Harry smiled at the reaction he received from this woman. Her pussy tasted very sweet, like a fine wine which had been aged to perfection, Marceline threw her hips up further with Harry making his way against her. He rattled his tongue inside and made her cum in pretty much no time whatsoever.

The dark-haired woman thrashed her hips up and down coating Harry's face. Every time he touched her, more juices trickled out. Harry swirled his tongue and kept up the taste-test which brought Marceline over the edge. She breathed in with a stunning moan and collapsed down on the bed. Harry had her pretty much where he wanted her to be and it was going to be something special.

Harry dragged his tongue down Marceline's warm slit and then down onto her belly. He climbed on top of her. Her nipples stuck up begging to be sucked. Harry sucked them hard and caused her to close her eyes. Marceline threw her hips up and felt the large member sticking out from the other side of Harry's pants.

She let out her breath in a gasp, and Harry smiled. He motioned for her to sit up. Marceline did and bared her cute little fangs on Harry. Harry undid his pants and showed his huge cock towards her. Marceline gave it a touch and she smiled, cute little fangs baring at him.

The ageless girl moved in and performed a zig-zag like pattern of her tongue down the head of Harry's cock, down the length, and all the way past the base. Her warm hand grabbed Harry and squeezed his balls. Harry groaned the more she played with him.
"I can't wait to have this inside me," Marceline said.

She leaned in a little bit while stroking Harry. Her pussy sang and wanted the attention she thought it might deserve. Marceline closed in upon Harry with a tightened grip around his huge cock and positioned it closer to her womanhood.

"Go for it."

Marceline spread her legs as much as possible as she mounted Harry. Her tender pussy received the intrusion of Harry's very thick cock. Harry grabbed her and pushed Marceline down onto the base of his cock. Her thighs pushed against his pelvis when dropping down on him.

The dark-haired woman threw her head up and dropped down onto his big cock. Marceline stretched her warm cunt around Harry's cock as he laid back and enjoyed the ride, or rather let her enjoy the ride.

"Keep it slow," Harry said. "We have a long time."

"Please, I won't burn out," Marceline said.

Marceline threw herself down onto Harry and engulfed his prick inside of her warm core. Her wet pussy grabbed onto Harry and released him with numerous pumps. Harry grabbed Marceline's hips and drove her all the way down onto him. Harry held onto her and drove himself deeper inside of her.

"I know you won't," Harry said. "But, still, you want to run a sprint, don't you?"

Wet skin smashed together the further Harry rose up. He parted her hair and looked deep into her beautiful face, and then started to kiss her. Harry bit down on her neck which caused Marceline to clamp down on him. A few more love bites had been made for Marceline to rise up and drop down onto him.

Her pussy held onto Harry the deeper she pushed into him. She worshipped the body of this powerful man with everything she had and Marceline went on a tear. She bumped and ground all the way down to the base of his cock. Harry grabbed her ass tighter and pushed Marceline down on him.

Marceline came and boy was it a treat to achieve release to this level. Her body leaked her moisture onto Harry's big cock. Harry grabbed Marceline by the hips and pushed her down onto him. They rose up for each other and met in the center with a series of rises and drops between each other.

A second wind came in Marceline and she drove herself. She intended to show this god underneath how much stamina there was in her tank. Marceline shifted against Harry and brought her warm thighs down upon Harry. Her pussy stretched around Harry and engulfed him inside of her.

"Feel it," Harry told her. "Feel this moment…do you feel it?"

"YES!" she cried out in delight. "I'm really feeling it now!"

The sorcerer grabbed Marceline's nipples and gave them a hearty little squeeze. Her mouth curled into a whimper the further she rose up and dropped down onto him. Harry waited for her to cum one more time around his big cock before he pulled away from her.

The next thing Marceline knew, Harry positioned her in a kneeling position. Her pussy and ass had been put on display for Harry's touches. She registered approval at the actions of two very talented
hands roaming all over her body. Harry planted kisses from the back of her neck, down her spine, and also teased her asshole.

Marceline felt her toes curl at the attention the taboo zone received. Harry knew how to make things really work out well for her. His fingers brushed against her and opened her up.

Once again, Harry's cock drove deep inside of Marceline's center. It had been only a couple of minutes since Harry had been driving into her. It felt like an eternity to lose Harry. Harry pulled back from her and drove back inside of her with a long thrust of his big cock.

"Harry!" Marceline yelled at the top of her lungs.

"Yes, I'm here," Harry said. "And I know you still are."

She almost was kneeling on the bed as Harry grabbed onto her and fucked upwards into her. It had been a position Marceline did not see coming. She enjoyed the feeling, the touches, the thrusts, and everything, everything Harry delivered to pleasure her body.

A never ending influx of pleasure spiked through Marceline's body. Harry rose up and drove his big thick cock inside of her accommodating pussy. Marceline wrapped her warm pussy around Harry's cock and milked away at it. She whimpered in pleasure the further Harry drove himself inside of her.

Harry smiled when working over the alluring vampire. He now had her hands and knees and drove his cock inside of her. Her whimpers, cries, and just general body language indicated to Harry only one thing and Harry was going to give it to her. His manhood speared into her wet canal and pulled almost all the way out of her before driving his hard cock inside of her one more time.

Stars came through Marceline the deeper Harry shoved himself into her. Her loins felt like they were on fire the faster and harder Harry drilled inside of her. Marceline grabbed onto the bed and the loins tensed around him.

"Let it all out."

Harry plowed her from behind. He prepared her garden to plant some seed. Marceline tore up the bed sheets in her frantic lust.

"A shame, those were nice…but more can be bought."

Marceline's arms almost collapsed out from underneath her. Harry grabbed them and pulled her back by the arms. His big cock pushed deep inside of her body and rode her out to another orgasm.

Once more, Harry's cock left the confines of the ageless woman underneath him. Marceline feared that she would wake up with soaked bedsheets and endless frustration that only a vigorous session of masturbation could temper. Harry rolled her back over onto the bed and sprawled himself on top of her body.

Twelve inches pierced Marceline's wet pussy and rocked up against her. Harry pushed into her and slammed into her hard. Her entire body thrashed up and down as his huge prick spiked deep inside of Marceline's wet pussy. She rose up, legs moving around to be felt up and to be worshiped.

The time grinded by as Harry brought his ageless lover to the edge. The sorcerer pulled back from her and drove himself back down inside of her. Her wet pussy grabbed Harry.

"Are we having fun?" Harry asked her, teasing her and licking her behind the ear lobe.
"Oh, yes," Marceline said. "YES!"

Harry earned several more screams of "yes" by driving his huge cock inside of her stretching quim. He grabbed Marceline and kicked her legs into the air. He had the leverage needed to really drive his cock deep inside of her.

Marceline's entire body shifted straight to one endless point of pleasure. Harry penetrated her fast and hard with numerous thrusts. She grabbed Harry's thick rod hard the deeper Harry pushed inside of her. Her wet core stretched around Harry the further he pulled up and the harder he drove out of her.

Beautiful sounds came from the mouth of the vampire underneath him. Harry traced a path down her body and pointed out all of the points which drove her nuts. Screams followed as Marceline grabbed onto his shoulder. She came close to burying her fangs into his throat.

"Don't worry. Go for it."

All inhibition lost lead to Marceline biting down onto his neck. She thrashed up to meet Harry's big engorged cock the deeper it went inside of her. Harry shifted all the way down and brought his big cock inside of Marceline's tightening pussy. The further he went, the more she screamed, and the deeper Harry slammed inside of her.

The exchange of bodily fluids ramped up their sexual desire for each other. Harry penetrated deep and fast and allowed the juices to flow.

Marceline rode the best roller coaster in her life, her emotions heightening and slamming down. She never felt anything like this before. Harry just drove his throbbing cock deep inside her wet pussy. Marceline clamped down onto him and tried to drain his cum inside of her body.

"Don't worry," Harry said. "Getting closer."

"Glad," she panted. "To hear…it!"

Harry brought the fullness of his huge cock inside of her tightening quim. His big balls lurched forward and were ready to seed her good. Marceline threw herself up to meet him.

She started this encounter a bit nervous, but the more Harry pleasured her, the more she forgot her nerves. The only thing Marceline wanted was pleasure and lots of it. Harry gave her his cock and stretched out her pussy with several deep and powerful slams.

"Cum for me," Harry growled hotly in her ear.

Marceline bucked her hips up in time to reach Harry. Harry slammed deep inside of her wet pussy and rode her out all the way to the edge.

Harry's turn approached. The build-up in his balls became way too much for Harry to hold back. So he didn't. He thrust in and shot his load into Marceline's waiting pussy.

The inside of the dark-haired minx received a fresh coat of cum painting all over her. Marceline bit down on his neck which made his balls even lurch forward. She thrashed herself up as he drove down inside of her.

Harry pulled back from her and admired his handiwork. The woman laid out on the bed looked very stunning and the allure could not be beat. Marceline peaked up with a smile.
"Come back again anytime."

"Don't worry, I will."

End.

Next Chapter: 10/17/2017.
The latest chapter of the Friday the 13th the Game Mini-Series is posted in Blog Exclusive Breeding Ground content. It features Harry with Jenny Myers. Head to the Page of Important Links, the Web of Chaos Archives, and either the Breeding Ground or the Blog Exclusive Chapters.

The Heat is On(Natasha Romanova/Black Widow from Avengers)

The Black Widow stalked her prey from the edge of the room. One of the newest recruits for SHIELD sat on the bench. Harry Potter, and Natasha smiled, he had a past which surrounded in mystery to be perfectly honest. He was either unwilling or unable to talk about a couple of things in his past. Natasha understood where he came from on this front. Many left the past behind for good reason. It could sting a lot of the time.

Natasha sauntered into the room and stared at the bare back of the man. He kept himself in pretty good shape. Numerous scars lined his back in a very crude and kind of ugly pattern. Natasha disagreed this necessarily detracted from him, rather it enhanced him. It showed he had been through a lot and had come back on the other side stronger than either. Natasha appreciated it in a man.

Then, she read Maria Hill's report on the new recruit's SHIELD physical. Natasha wondered how physical Maria got with the young man in the physical. Her intrigue piqued and Natasha stepped over towards him. The front of her skin-tight uniform came open to reveal a teasing glimpse of large milky cleavage.

"Good afternoon," Natasha said.

"Hello, Agent Romanoff," Harry said. "So, did I get sent to get critiqued? That first mission could have gone better, wouldn't you have to agree?"

Natasha flashed him a smile which Harry could see on the other side of the mirror. "I would say that most first missions could have gone better. You're live, you'll learn, and you'll get comfortable with working with SHIELD."

"I never expected this when I got recruited," Harry said.

He grimaced with cause Natasha to zero in on him. "Are you going to be fine?"

"I'm just a little sore," Harry said. "Running around and actually fighting is different than what I'm used to. I'm more…of a long-range attacker. Shoot and then get away from the battle."

Natasha answered with a nod. She reached over to the cabinet and pulled out a small bottle of oil. The oil splashed on her hand when she moved over. The slight bruising rising on Harry's back indicated the soreness.

"A nice massage would help alleviate your problems," Natasha said. "If you don't mind."

"Of course," Harry said. "You're my SO. You know best, don't you?"

Natasha smiled, she did know best indeed. She held her oily hands and delicately worked the
muscles of Harry's back. She moved in and spread the warmth of the massage oils down. She could see Harry, despite facing away, in the mirror. Harry's eyes closed with Natasha running her hands all the way down. He turned so she could access the muscles on his lower back.

Her soft hands moved around to Harry's abdomen and drifted down onto Harry's muscular chest and abs.

"That's not really that sore," Harry said.

"For the massage to properly work, I'm going to have to work all of your muscles," Natasha said. "Why don't you strip down to your shorts?"

Harry obeyed the directive given by the senior SHIELD agent. Natasha stroked his flesh. For a brief second, Natasha slipped a finger into the waistband of his shorts which made him jump. The woman's fingers brushed down his legs and then went down to him. Natasha climbed up and kneeled before him. Harry saw down her top. The famous cleavage of the Black Widow made Harry stir in his pants.

"Going to have to work all of those muscles," Natasha said. "All of them."

Harry jumped a little bit when Natasha grabbed his package. He wondered if she had missed his inner thigh instead for she now stroked it and neglected his cock which throbbed on the other side of his shorts.

"I can see where most of the muscle tension is going now."

Natasha moved off of her knees. Harry watched her unzip herself in the mirror. He faced front and watched Natasha smear oil all over her perfect breasts. Harry almost ripped through his pants at the beautiful sight. Natasha oiled her breasts up very nice and made Harry throb in interest. His eyes shifted over and he groaned in response.

The Black Widow's breath came on the back of Harry's ear. She breathed hungrily at him.

"Just relax."

Harry felt what she was doing very relaxing as it turned out. Her oiled up, naked breasts, brushed against his back. Those round pillows boasted of amazing therapeutic properties and Harry could hardly wait for them to brush against him even more. He groaned when feeling Natasha work her fingers further and faster down his abdomen Harry.

"Relax, honey," Natasha breathed in his ear with a smile. She licked Harry behind the ear lobe. "We're going to have some fun now."

Natasha's slick hand pulled Harry's throbbing cock out. The talented and experienced spy knew how to work the right nerve endings for maximum pleasure. Harry groaned as the Ravishing Russian rocked her hand all the way down to the base. She pumped Harry and made him throb extremely hard. Natasha stroked away at him for a few seconds and made him very hard underneath her hand.

The swelling in Harry's balls entered the right hand of Natasha. She pumped him with her right hand and then squeezed his balls with her left hand. Everything started to build up.

The scene turned more erotic as Harry watched his cock being pumped in the mirror. Natasha nibbled hungrily at the side of his neck and then licked down. Her mouth sucked on his ear and planted a series of hungry, wet kisses all over him. Harry tensed up even more.
Harry’s cum fired out on the lockers and the mirror in front of him. Natasha jerked him off until every drop of tension flew out of him. The cum splattered down across the mirror and the lockers, painting the SHIELD lockerooms completely wet with seed.

Natasha released Harry's huge cock and Harry stood up. Lust burned through his eyes. He grabbed Natasha and forced his tongue into her mouth with a kiss. Natasha did not protest, rather she returned the kiss with equal hunger and fury. Natasha and Harry battled for domination, with Harry pushing Natasha back onto the cot at the end of the room.

They broke apart from the intense kiss. Natasha shrugged the rest of her uniform off to reveal her shapely hips, wet, shaven pussy, and long legs. Natasha bounced up again and kissed Harry. Their bodies, both soaked in oil, came together. Natasha took the bottle of oil off of the table and lathered up her legs with it as well. She slid them against Harry, running them down his waist.

"Hard again, baby?" Natasha asked. "Good to see Maria's reports were accurate as always."

Harry squeezed Natasha's ample orbs and enjoyed how heavy they felt in his hand. Natasha threw herself back in a moan while grinding upon Harry's tool.

"I need to your inside of me," Natasha said.

"What are we waiting for?"

Harry held onto Natasha and guided her down onto him. Her warm box inhaled Harry's big cock inside of her. Harry groaned as he felt himself entering the box fast and deep of this goddess on his lap. Natasha threw herself down onto him a few seconds later.

Nothing had been more beautiful than to watch the Black Widow rise up and descend upon Harry's hardening prick. She brought the mighty rod into her body. Natasha stretched herself out with a sultry smile on her face. Hunger danced through her eyes the deeper she pushed down upon Harry.

"I love big cocks," Natasha breathed. "I love how they slam into my body and make me stretch out. I love how they sometimes hurt as well."

Harry grabbed her and shoved as much of his big cock inside of Natasha's body. Natasha was feeling one of the biggest, if not the biggest to ever intrude her body. And what was more important, he knew exactly how to use it. His balls were already filling back up for him.

Natasha wondered how far he could go. Her entire body experienced a growth of sexual fire. Her breasts bounced and came further to being touched by Harry. Natasha enjoyed Harry handling her breasts like never before. Natasha breathed in with hunger in her eyes.

She came hard and coated Harry's cock. Harry did not slow down with his barrage of thrusts aimed directly at Natasha. Her trained vaginal muscles grabbed onto Harry and pumped him. Natasha really was bringing herself down full force onto Harry's mighty rod. She stretched out on his cock and moaned out in delight. Every inch of Harry buried deep inside of her.

Harry slid his hands all over her body. There were so many places Harry could be and so many areas he could touch. He worked over Natasha's delicious breasts and gave them a couple of squeezes. Natasha threw herself down onto the base of his cock. She engulfed him and released him.

A daring smile popped over Harry's face. One oiled up finger slid down Natasha's back and stuck directly into her backside. Natasha closed her eyes. She cursed in Russian and maybe even a few other languages. The moment she came down from her high, Harry held no mistake about it.
"Keep doing that, because you will be back here after you're done here."

The two kissed each other as Natasha continued her ride. The Black Widow did not slow down and in fact just sped up. She worshipped Harry with every inch of her body. A body this durable did not come along as often as Natasha would have liked. He fell into the spider's trap, even though Natasha could not help, but feel trapped.

Harry's hands moved everywhere. His entire body sized up when going deeper inside of Natasha. His balls ached, but he pushed forward into her. There was going nothing else to go but inside of her. Natasha's tight canal grabbed Harry's cock and pumped him.

"Work my cock, baby," Harry groaned. "Oh, you're fucking amazing."

"Better than the little girls at that little boarding school of yours?" Natasha asked.

"Yes," Harry growled.

"Figures, they wouldn't know what to do with a real monster like this," Natasha groaned. "They wouldn't know what to do if it felt them up, and pushed them to their limits. They could not handle a big, juicy, throbbing cock like yours. But, I can….this cock belongs in a perfect pussy like mine."

"Yes, it does," Harry said. "You were built to be a little cocksleeve, a whore for my cock, weren't you? You enjoy losing control to the stronger man."

Natasha did indeed enjoy losing control. Most women deep down craved a man who could take control, or another woman, to be fair. Every inch of Harry's hard prick pushed deep inside of Natasha and she milked him, milked him hard.

The two reached their mutual orgasm. Natasha threw herself back and allowed Harry to suck on her big oiled up tits while he pumped his batter into her womb. The Black Widow threw herself down onto him, taking his cum without fear inside of her. She threw up and down onto her.

Natasha dug her nails into Harry's neck and coaxed him into keep sucking her tits. The pleasure cascading through the woman in question increased. Harry drove his cock into her and emptied a huge load.

"We're not finished. And I know you aren't as well."

The Black Widow stepped up and moved over towards the wall. The super sexy spy peaked over her shoulder and glared at Harry with a very obvious smile on her face. Her fingertip brushed against her lips and she sucked it very hard. Natasha then dragged her finger and opened up her inviting pink asshole. She dug her finger deep inside and smiled at how lubricated it felt.

Harry grabbed Natasha and shoved her against the wall. His cock ground against her supple buttock. The sorcerer pushed his manhood deep inside of her asshole. The pink heat started to surround Harry. He pawed at her meaty cheeks while opening her tight fool.

"I need a cock," Natasha said. "Right here. Badly."

She looked over her shoulder with a sultry smile.

"Badly."

Natasha popped her lips together. Harry grabbed her ass and worked his hard prick into her. Her ass just begged to be fucked. It demanded to take cock, and Harry's cock was the lucky one which
would be nestled in between Natasha's round asshole. He pushed against her curve body before anally penetrating her.

The slick warmth of Natasha's ass wrapped around Harry. He growled when throwing into her.

"Such a tight slut," Harry said.

Natasha baited Harry into groping her body when pushing against her ass. It was hard not to touch Natasha when she writhed around like this. Harry might have had a stronger will than many, but he was still only a man. He drilled himself into Natasha's warm asshole.

"Fuck, you must really like being fucked in the ass," Harry said. "I don't blame you."

"You shouldn't," Natasha said. "Just as much as I don't blame you for staring at it every time I had my back turned."

Harry offered no apologies for any of his actions. He took his big cock and hammered Natasha's very tight hole from behind. He repeatedly drove a series of pushes into Natasha's asshole from behind. She grabbed onto him and released Harry. Harry growled and drove himself deeper inside of her from behind.

"I don't blame you for anything," Harry said. "You couldn't resist the thought of me having this cock inside of your ass…and getting filled up with my cum."

Natasha grabbed onto the wall. Her oiled up body received a series of strokes and grabs. Harry really pushed himself to the boundaries against her. His balls slapped against her. That cock speared into her ass and made Natasha glad she could withstand a lot of punishment. Otherwise, she might feel it for a week.

'Well, at least he's…testing the benefits of my training.'

Harry plunged his throbbing hard cock deep inside of her puckered back entrance. Natasha only felt warmer and nicer every time he drove in deep. The oil surrounding his cock made it every easy to slip deep into her. Harry grabbed her breasts.

"No wonder you're the first one they send in when they want seduction. Who the fuck could resist that?"

Not that there were other amazingly sexy SHIELD agents. Natasha took the cake pretty much beyond everyone else ever. Harry pushed his engorged rod very hard and very fast into Natasha from the backside. Harry growled and slammed into her.

"Yes," Natasha said. "No one can…even the great Harry Potter can't resist…me!"

She screamed her last word. Harry planted himself inside. He claimed her ass and she acknowledge the claim. Harry knew taking the ass of the SHIELD agent would be something to brag out. He had no idea.

Natasha came several times. Harry dug his fingers into her cunt and made her orgasms flow a little bit more freely. She would have to test to see the depths of Harry's stamina. Right now, the only depths he went was deep inside of her warm and puckered ass. Harry stretched deep inside of her and then slammed back in with another huge thrust.

He stopped reinforcing his will and let it all go. Harry buried his cock deep into Natasha's perfectly tight ass. His balls clenched and began discharging fluids into Natasha from behind.
Natasha clutched on tight against the wall. The loud smacking of those discharging balls only incited her lust even more. Harry grabbed her ass after pulling out and smacked it to leave his mark on it.

"We should do this more often. It would really reinforce the bonds of trust."

"Agreed," Natasha said.

She kissed Harry passionately one more time. It turned out they were not done yet.

End.

**Mastering Control(Rogue)**

Another Blog Exclusive Chapter for Friday the 13th month is up on the blog, featuring A.J. Mason from Friday the 13th the game. As always, head to the Page of Important links, head to Web of Chaos Archives, and head to either the Breeding Ground or Blog Exclusive Archives page.

---

**Mastering Control(Rogue from X-Men)**

"It's time for your final lesson."

Rogue stood up straight and faced her teacher. She dressed to impress in a tight white shirt with a plunging neckline. The shirt shifted up a little bit to reveal a significant amount of Rogue's midriff which looked very delicious and toned. The jean skirt hugged against her bare legs. The most enticing feature was the only thing Rogue wore underneath those clothes was a very skimpy black G-String, with the material not much more prominent on the front as it was on the back. She moved off to the side with a very cocky and self-assured swagger. Her lips popped together with a smile.

"Ready when you are, Sugah."

Harry smiled at her sexy Southern accent. Her auburn hair hung against her face beautifully, with a white strand on it. Her face shined with light, with those lips just juicy and plump, and just demanded to be kissed. Despite the demand they had, very few people could survive the experience. Harry stepped closer towards her and wrapped an arm around Rogue.

The two soon to be lovers kissed with passion. Rogue held her power at bay and did not drain Harry. She could drain him for hours and he would not get tired. And Rogue intended to drain him in certain ways very soon, but that was not the point.

Harry kissed Rogue and felt up her sexy body. The two backed up to the bed and fell down into a steamy kiss. Harry pulled himself away from Rogue with another passionate kiss on her plump lips. Harry nibbled the side of Rogue's neck which made her gasp out in pleasure.

"Give me more of that," Rogue cheered him.

Harry smiled and nibbled Rogue's neck. He left a few small love bites before running down. He grabbed the back of her shirt and pulled it off.

Two well-defined breasts popped out for Harry's consumption. The round D-Cup melons came up for Harry to touch and to play with. Harry squeezed them and Rogue just moaned in delight the more Harry played with them. Her nipples poked up to give Harry a certain amount of attention.

"Harry," Rogue purred in his ear.

Harry kissed her breasts and caused Rogue to shudder. Harry moved down her body and to her belly button as well. The fit firm body received toe worship it demanded. Harry tugged her skirt and pulled it down to reveal Rogue wearing in nothing other than a G-String.

"Harry," Rogue purred in his ear.

Harry kissed her breasts and caused Rogue to shudder. Harry moved down her body and to her belly button as well. The fit firm body received toe worship it demanded. Harry tugged her skirt and pulled it down to reveal Rogue wearing in nothing other than a G-String.

The kisses and touches continued, with Rogue's body lightning up. She had denied direct human contact for so many years and this was just too much. He closed in on her dripping wet hole. Rogue turned her hips a little bit and Harry pulled her G-String down to reveal her dripping hot
Harry brushed his finger down the edge. Hunger danced in his eye when shifting a finger inside and then pulling it completely out.

Rogue's hips bucked up to meet Harry's finger pushing inside of her. She whimpered against him. Harry brought his tongue down from her nipple and then to her belly button. Rogue thrashed about on the bed to feel what Harry was doing to her. And what he was doing to her was so good she could not even begin to describe it.

Harry indulged himself in Rogue's perfectly warm pussy. He ate her out while rubbing all of the skin Harry could reach. Moans, gasps, and whimpers emitted from the Southern Belle. The sounds Rogue made, made Harry only more intent to hear them more. He stroked Rogue's perfectly firm flesh.

No question about it, the pleasure emitting through Rogue made her entire body feel like it had been on fire. Rogue held onto Harry's head and maintained the control she worked so hard to achieve. His tongue did dastardly things to her body and to her mind.

"You're making me cum, hon."

Rogue's eyes closed when feeling the blustering feeling through her body. The Sassy Southerner rolled her hands against her nipples and pulled at them. Rogue brought her hips up and down repeatedly upon the bed. Her eyes shifted back and then down with Harry planting his tongue deep inside of her warm pussy mound.

"Oh, fuck, this is…fucking great," Rogue cooed at the top of her lungs. "FUCK ME!"

Harry vibrated his tongue against the horny mutant on the bed. He thought for an instant Rogue would black out from the pleasure. Instead, Rogue hung onto the back off Harry's head. She trashed about like a porn star just ready to be taken out.

She came one more time and it really rocked her body. Her senses flowed with a never ending rush of pleasure.

Rogue sat up bolt upright on the bed, and grabbed Harry. She attacked Harry's lips. The extremely aggressive kiss caused Rogue's mouth to work over Harry. She tasted herself which only got her hornier. The tipping point was something brushed against Rogue through Harry's pants.

"Mmm," Rogue breathed in Harry's ear. "Mmm…fuck!"

Rogue twirled her tongue against his mouth and then moved back. She stripped Harry of his attire. Rogue's fingers danced down Harry's massive and hard cock. She played with his abs a tiny bit and worshipped them with several intense kisses. Each kiss rivaled the passion of the less.

"I think you're little friend wants to come out and play," Rogue teased while undoing his belt. "Okay, maybe not so little."

Rogue yanked Harry's cock out of his pants. A huge rod came before the girl. Twelve inches long and so thick she needed to wrap both of her hands around it. Rogue danced her tongue against Harry's swollen head before shifting down and capturing his hard cock in her mouth.

The pleasurable heat surrounding Harry's cock caused him to buck up. Rogue slobbered all over his cock, and canvased every inch with a very messy blowjob. The loud popping of her lips added to the pleasure. Rogue performed actions to him which caused a building feeling to go through his loins.
"Oh, Rogue," Harry groaned. "Fuck, Rogue."

Rogue pulled her mouth off and smiled.

"I love sucking a big hard cock."

The horny woman threw her mouth back down against Harry. She blew him nice and hard. His big balls slipped into Rogue's firm hand and she squeezed him. Harry pushed up deeper into Rogue's mouth and buried his cock inside of it.

The loud smacks brought Rogue to more passion. She could not wait to ride Harry's cock and then have him drive it into her at all angles and as many places as possible. Rogue's mouth curled around him while she took Harry deep inside of her.

Rogue appeared not to have a gag-reflex, and Harry thanked Aphrodite for that one. The wet and warm hole canvased every inch of Harry's breeding rod. She looked up at him with those burning eyes which almost made Harry become undone. He clutched the back of Rogue's hair and drove himself into her even further.

"Closer," Harry grunted.

Rogue re-doubled her efforts in canvasing Harry's mighty breeding rod. She slurped and sucked on Harry, bringing his groin up to a certain point and then all the way back down. Rogue cupped Harry's balls and then released him before sucking him even more.

Warm jets of cum fired deep inside Rogue's mouth. Harry grabbed her hair and pumped his load into her mouth. Several more splatters followed as Rogue milked his balls, dancing them all the way.

Rogue pulled away from Harry and then positioned her breasts at his legs. She took his cock and rubbed his head against her erect nipples. Some of the splatters of cum coated Rogue's nipple. Harry watched as she took one of those breasts up and sucked the remaining juices off of them. Rogue maintained eye contact with him.

Harry pulled Rogue onto his lap. Her perfectly warm pussy lined up against him.

"Are you ready for this?" Harry asked.

"Damn straight I am!"

The Southern Belle's sopping wet pussy ground against Harry's cock. She took it up against her moist entrance and wiggled up against him. The first few inches of Harry slipped against her lips and then Rogue pulled herself up. She positioned herself in perfect position and then jammed deep into her.

Rogue rocked back to experience the full experience. Her entire body lit on sexual fire. Harry grabbed her breasts and squeezed them when they bounced. This touch drove Rogue completely and utterly nuts. His hands shifted all over her body.

The sexy woman bouncing on his lap demanded to be touched in as many places as Harry could potentially get to. His fingers took mastery on Rogue. She shifted herself back and rose up before crashing down on him.

Rogue went on the train to orgasm town as fast as possible. She hit the tracks hard and never stopped coming when dropping down onto Harry. She took Harry's big cock into her as deep as
Harry grabbed Rogue's back and ran his fingers down it. He saw the reactions coming from the beautiful bouncing woman and had been determined to bring more pleasure through her. Rogue rotated around Harry's iron hard prick when coming up and down all the way. She situated herself against Harry's lap and drove more of his cock inside of her wet pussy than ever possible.

"Rogue," Harry groaned. "Oh, keep riding me."

"I will, sugah," Rogue said with a smile. "Are you getting close? Because I want your cum!"

Rogue wrapped her arms around his head and Harry's face buried inside of her ample chest.

"I want that big sticky seed buried deep inside of my body. I want it now. I want it completely buried inside of me. Do you understand me? I want it bad!"

Rogue bucked wildly up against Harry's cock. Her warm thighs struck against his balls when bouncing up. She could feel the load. Harry grabbed her ass and squeezed it while devouring her warm tit flesh. Rogue threw her head back and rocked back. The moans grew in intensity and she could not hold herself back much longer.

Harry still had plenty more left in the tank. Rogue's pussy grabbed him hard, almost afraid of losing his cock so soon after receiving it. Harry picked up the pace and rocked up against Rogue. Rogue ensnared her legs around Harry and brought her pussy down onto him. His engorged tool received a warm hug of pleasure the deeper and faster Rogue bounced onto him.

"You get what you want with me, honey," Harry said.

Harry squeezed Rogue's nipple and made her light up with something special. Her lust increased the further and faster she rose and descended on Harry's mighty prick. She shoved his cock inside of her body and just bounced away at him. Rogue enveloped Harry with a few more squeezes.

She came again and boy did she ever cum. Rogue thrashed up against Harry. She took a big cock into her with a big swollen set of balls. The meat pushed against Rogue and stretched her out. He prepared her for seeding and she did not deny it.

Several more beats later passed before Harry held onto Rogue. He decided not to reinforced his will this time. Rather, he just went completely wild in cumming into her. His face buried in Rogue's chest and Harry just came very hard. His balls pumped against her.

"Guess I am draining you after all," Rogue whispered cockily in her ear.

Rogue's nails dug against the back of Harry's head with Harry sucking on her nipple. It was very hard and tasted very nicely. Harry finished his load being spilled in Rogue.

The two lovers pulled away from each other. They were not done. Rogue rolled over on the bed and gave Harry a view of her perfectly shaped backside. The thick and juicy ass in front of him hardened Harry in no time.

The entire package was amazing, but Rogue's thick ass could stop traffic. Harry ran his hands down her pleasant looking rear end from behind. The flesh just squeezed into his hands and there was more than enough for Harry to cup in his hands.

Rogue's pussy leaked. She got off on Harry playing with her ass. She thought about him licking her, fingering her, or even fucking her in her ass. Harry kissed down her back while squeezing her
ass. His fingers brushed her hole several times and started to bring Rogue's deepest most depraved desires to light.

"I have to do it," Harry said. "Do you blame me?"

"Don't worry," Rogue said. "I'd do it too."

This was the recommendation with drove Harry's tongue between Rogue's firm cheeks. The warmth surrounding Harry's face made him hunger for more. He cupped Rogue's sexy rear end and squeezed her as much as possible. He brushed his tongue inside and then pulled it completely out of it.

"You would do it too," Harry confirmed. "Because, you're nothing, but a kinky little slut. You've been pent up for so long...time to let it go."

Harry stood up above Rogue's asshole, wet and ready to receive. Harry pushed his cock head against Rogue and then worked himself against her. The warmth of her back hole sucked Harry further into her. Harry rubbed her asshole and pushed his big cock into her.

Rogue took Harry's big cock into her lubricated hole with little pain. Magic eased the tension a little bit, but still made Rogue feel it. Harry planted deep into her back entrance. His hands grabbed onto her ass for leverage and plunged into the center hole.

"This ass was built for fucking," Harry said.

Rogue knew it. She worked hard for that ass and now it was being put to the test. Harry drove deep inside of her from behind. His hard cock pierced Rogue's perfectly firm ass. He pulled back from Rogue and drove himself further inside of her. Rogue's eyes glazed into the back of her head the deeper Harry pushed inside of her.

"Yes!" Rogue yelled. "And you should fuck it! You should fuck it all night long, baby!"

His balls ached the further he drove deep inside of her. He felt the warmth around him. Her ass scorched the deeper Harry pushed inside of her. The beautiful vixen underneath him received a good hard thrust into her warm asshole region.

Rogue clutched onto the bedsheets. She had been tested tonight more than ever before. A cock rammed deep into her ass tested her control more than anything else. Harry pulled himself back from Rogue and buried his cock inside of her. He repeatedly and endlessly plunged himself into her tight asshole from behind. She bit down on her lip and took Harry as far into her rear from behind.

"Damn it!" Rogue yelled. "Oh, shit, that feels...that's the best!"

Harry was not about to argue with this temptress beneath him. He felt her ass and slapped it firmly. His cock buried deep inside of her. His balls grew even more full of cum. Something had to give.

The loud smacking of those heavy balls against her only made Rogue more soaked. She longed for Harry to shoot a big load of cum deep inside of her ass. She wanted the cum buried inside of her in the worst possible way. Rogue clutched onto the side of the table and took in a very deep breath the moment Harry speared her asshole from behind.

"Take me harder!" Rogue yelled. "Oh, Gawd!"

"Yes, glad to see you realize that," Harry teased.
His fingers jamming into her pussy and sending jolts up her made Rogue tense up completely. Her anus flexed up against Harry when he jammed into her. Rogue did not think she would be able to sit, much less think, for the next week without realizing what had been rammed up her ass so perfectly. She honestly did not care. It was an amazing feeling to receive this cock.

"Keep it up," Rogue said. "Don't stop! Oh please, don't stop!"

"You look sexy when you beg."

Harry plunged his hard cock inside of Rogue's ass. He made all of her dreams come true and many of his. Harry planted his hard cock inside of her tight asshole and then pulled out of her. His massive prick slammed deeper inside of her from behind.

Something had to give and the tension inside of Harry's balls reached a fever pitch. He drove himself into Rogue. Balls deep Harry drove into her ass. He lurched a little bit, hanging onto Rogue's waist and planting himself into her. Her nipples received a nice playing with when Harry pulled out from her and then drove back inside of her.

Obscene amounts of cum fired deep inside of Rogue from behind. Harry planted his thick cock deep inside of her from the backside and spilling his essence inside of her. Rogue creamed herself the harder Harry fucked her and the more cum fired into her asshole from behind.

"Very sexy."

Harry pulled out of Rogue and dropped her down onto the bed. Her ass and pussy had been soaked and Rogue turned around, playing with herself.

"You better not be drained yet," Rogue said.

Harry's hard cock brushed against Rogue's thigh. She had her question answered.

"You really are the gift that keeps on giving," Rogue said. "But, I'm sure you tire of hearing that from all of the gals."

"Never hurts to be reminded."

Rogue just smiled and moved in to suck Harry's big cock. The fun would kick up once more shortly.

---

End.

Next Chapter: 10/22/2017.
Ciri stood at the entrance, biting down on her lip a bit nervously. The gorgeous blonde woman stepped closer to the edge of the hot top. A golden bikini stretched about every inch of her fabulous body and gave her a beautiful look. She swayed her hips deliciously and walked closer. She put her hand on the hot tub where a handsome young man with dark hair and green eyes sat inside.

"Mind if I get inside?"

Harry Potter just smiled at her. "Honey, there's always room for one more."

Ciri climbed over the edge of the hot tub and dropped down. The warmth of the older man's body only ranked second only to the warmth of the hot tub. The bubbles rocking against the hot tub made Ciri relax a little bit. Harry wrapped his arm around her.

"Thanks for bringing me back here," Ciri said. "And letting me stay here. This is a strange land, but there's... well I think I'm starting to get the hang of it."

"You're tense," Harry said to her. "I understand. Believe me, I do."

Harry edged closer to the side of Ciri's neck. The warmth of his breath entering her ear did not ease up on the tension. Harry moved over and moved a hand onto the back of her neck. Ciri closed her eyes and felt so good, better than she thought she would with Harry's hand maneuvering down the back of her neck and then to her back. Ciri's legs lifted up on their own accord and draped over Harry's back.

"I can see the way you look at me," Harry said. "What do you want to do about it?"

"I want to kiss you," Ciri said.

She leaned in and kissed Harry on his lips. The warmth of Ciri's lips came across Harry. Harry reached over and grabbed the back of Ciri's head. The kiss intensified with Ciri working her tongue deep inside and around the edge of Harry's mouth. Harry kissed her, moving against her mouth. Harry leaned Ciri back against the edge of the hot tub.

The beautiful women decided to make the next play, with her gorgeous legs finding their way around Harry's waist. They kissed each other intensely and with great passion. Harry edged back just enough to have a space between them. He ran one finger down the side of Ciri's neck and down past the valley of her cleavage. He moved down to her flat stomach and then reached down to a certain area.

"Oh!" Ciri yelled jumping up in the air.

"Relax," Harry whispered in her ear. "This is going to make you feel so good."

Ciri's entire body felt like it was on fire with Harry easing his finger closer down to her. Ciri's hips jumped up to meet Harry's finger which brushed against her core a couple of times. She rotated her hips up and down, back and forth. Harry edged himself into her and then pulled out of her.

The warmth of the beautiful girl's cunt sucked Harry inside. Harry worked around her warmth and
allowed her hips to ascend and descend upon the bed. Ciri's eyes flooded over with lust.

"I think you want more."

Ciri did want more. These new sensations entering her body made her rise up and fall down. Her core just absorbed Harry's fingers as he pumped deep inside of her. The beautiful women panted with her nipples standing up at attention from each action Harry performed. Her eyes glazed over with so much hunger.

"Yes," Harry told her. "Cum for me, my pretty."

Ciri's hips shifted up and took Harry's fingers deep into her scorching and tight cunt. She squeezed his fingers and released her juices onto him. She breathed in and out with Harry rocking her entire body and dazzling her mind. Harry pulled his fingers out of her.

The juices somehow lingered on Harry's fingers and did not wash off despite being under water. His fingers pushed against Ciri's lips and her rosy lips wrapped around him. Harry watched the beautiful girl feed her own juices from his fingers.

"Mmm," Ciri moaned.

"You like tasting yourself, don't you?" Harry asked. "I'm sure you taste divine."

Ciri just smiled and moved closer to Harry. The two kissed once again with her lips shining with the juices trickling down them. Harry grabbed the back of Ciri's head and then nibbled on them to go inside.

"I think I'm going to have to pay tribute to another divine set of lips," Harry told her. "Why don't you stand up and put your hands on the hot tub?"

Ciri stood up and Harry indulged himself in the view of her perfectly shaped backside. Harry placed a hand on Ciri's lower back and then ran his hand down her lower back. Ciri squirmed in pleasure the further Harry worked his magic down to her core.

Her bikini bottoms came down and revealed her pussy, dripping wet in desire for Harry. It had been prepared to receive the attention from his tongue. Harry leaned in and licked Ciri's slit. The tasty and lemony scent coming from the beautiful girl made Harry mad with hunger. He grabbed the back of her legs and buried his tongue deeper and faster into her body.

"Oh yes!" she moaned.

Harry kissed and sucked on her slit some more. Ciri's eyes flushed over when Harry nibbled and sucked on her damp pussy. Harry's fingers rotated and pushed against her and ate her pussy. Ciri grabbed onto the edge of the hot tub and ground her knuckles against it.

"Mmm, you taste good," Harry said. "But, I wonder if you're ready for something more."

Harry turned Ciri around and made her face him. The young woman writhed underneath Harry's touches. Harry unclipped her top and allowed it to drop into the hot tub. Two round breasts came out into the picture. Harry squeezed them and smiled when squeezing on her nipples.

Her entire body heated up and craved something big. She could see Harry standing up out of the water. His shorts stretched. Ciri's mind nearly had been driven insane with lust because of the large bulge sticking on the edge of Harry's pants. The beautiful woman whimpered with delight while reaching over. She touched Harry's big cock through the edge of his pants.
"Is that for me?" Ciri asked.

"If you want to take it," Harry said.

You better believe Ciri wanted to take it. She took down his pants and Harry's big cock smacked her in the face. Ciri grabbed the underside of it and started to pull on it. Harry's cock just grew immensely underneath Ciri's hand. His manhood swelled and pushed against Ciri's hand. Ciri squeezed him and ran her hands all over it. She had been having fun with this big cock, but there was one thought which entered her mind

She needed to suck this cock. Ciri's lips brushed against him briefly and then she wrapped her tongue around him before sucking on the swollen head. She pulled away from Harry with a smile on her face.

"I want your cock," Ciri said.

"Turn around."

Ciri assumed the position and waited for Harry to give her his large cock. The cock brushed against Ciri's warm pussy and ground against her. She closed her eyes.

"Fuck me," Ciri said. "I need your cock. I need it badly."

The beautiful young girl decided to give one last level of kink to her.

"Daddy, your baby girl needs your cock," Ciri said.

Harry positioned his huge cock against Ciri's entrance. His fingers brushed against her hips and then pushed up against her. His huge cock positioned at her entrance and then slid a little bit into her. The first couple of inches parted Ciri's warm lips before Harry pulled out of her. She grabbed onto the edge of the table with a very passionate moan coming out.

He pushed all the way into her. The warmth surrounding his big cock felt very good. Every single last inch of Harry's mighty prick just pushed inside of Ciri's wet pussy. She clamped down around him and then pulled all the way out of him. Harry pushed into her.

"Do you feel that, honey?" Harry asked.

Ciri whimpered and clutched against the edge of the hot tub. Harry was making all of her delightful dreams become a very clear reality. Twelve inches of pulsing cock pushed into her wet pussy. Harry grabbed onto her hips and pushed deeper inside of her. His balls slapped against Ciri's wet pussy when pushing in and out of her. Harry pushed deep inside of her and pulled out.

"Good!" she mewled. "Oh, it's so good….so good….I want….I want more!"

Harry buried his big cock deep inside of Ciri's wet pussy from behind. The sorcerer pushed his hard cock into Ciri and shoved himself deep inside of her again. Her wet pussy clenched around him with each push. Harry groaned and pulled back before working into her again.

She reached her peak with an orgasm. Harry pushed deeper inside of her with a couple of hard thrusts. His big cock pushed deep inside of her body. Ciri's wet pussy grabbed onto Harry's cock.

"SOOO GOOD!" Ciri cried out.

Harry planted his thick rod deep inside of her gushing pussy. Every single last inch of her wet cunt
clutched Harry and released him. He was going to town on her and making Ciri feel so good. Harry pulled out of her and plunged back into her with repeated thrusts.

"You're feeling good, aren't you, darling?" Harry asked. "You want more of my cock. You want to cum, don't you?"

"Yes, Daddy!" Ciri yelled. "Make me cum!"

"Fuck!" Harry groaned. "Here we go, baby girl. It's time for you to cum."

Harry plunged his thick rod into Ciri's wet pussy. She slumped against the edge of the hot tub. The wet walls clamped around Harry and tugged on his iron hard rod. He groaned when pushing back and forth into her. His balls slapped against her.

Nails dug into the edge of the hot tub. Ciri's mouth hung open and she panted with pleasure. The warm jets of water brushing against her legs increased the pleasure. Those two balls, thick and well formed, drove deep inside of her.

Relentless exploring from Harry's hands caused whimpering to come from the woman underneath him. Those delightful and lovely sounds only increased Harry's exploration of Ciri's perfect body. He pulled on her nipples.

"You like that, baby girl," he whispered. "You want Daddy to take real good care of you."

Harry smiled at her reaction. He pushed twelve inches of engorged prick deep inside of Ciri's love canal. She stretched deep inside of her warm pussy. Harry reared back and drove deeper inside of her. Ciri whimpered deep as Harry pushed his cock deep.

He was so big and made her feel so good. His hands felt so nice stroking her body and she knew all of the right places to be stroked as well. Harry's fingers' ensnared Ciri's hair the deeper and faster he pushed into her body. Her tightness grabbed Harry's big cock and pulled it inside of her.

"Fuck, Daddy, fuck me!" Ciri yelled at the top of her lungs. "Oh, Daddy! Pound my sweet little pussy! I want to feel it….make me feel your big cock inside of you! Please, Daddy!"

Her begging only made Harry want to ravish Ciri's snug little cunt even more. He pulled out of her and left the beautiful woman hanging. Harry swung around her and pushed his big cock down the edge of her body. Ciri whimpered with thinly veiled delight the further Harry pushed down against her. Ciri lifted her pussy up to meet Harry's huge cock. Her whimpering only increased the more Harry edged closer towards her.

"You want me baby," Harry said. "You got me."

She got him and took him like a champion. Twelve inches slid inside of her wet pussy as hard and deep as humanly possible. Ciri wrapped her legs around him and pumped up. Her gushing slit lubricated Harry's tip and pushed his hard cock inside of her body.

She came and screamed in Harry's ear. Harry heard her moans just increased, with her nails sinking into her back. The shine coming from this beauty as he fucked her only made Harry want to go into her body deeper and really debase her. He held her tightly and steadied her to make sure the poor girl did not whack her head against the edge of the hot tub.

A flood of juices trickled down and took Harry's massive prick inside of her. She edged against the hot tub. Her nails dragged further against Harry's arm the deeper he pushed into her body.
"Yes," Ciri breathed.

She regressed into several loud whimpers. The deeper Harry went inside of her body, the more pleasure he brought her. His hard cock shoved deeper and faster inside of Ciri's warm body. He pumped against her. She pushed back and the friction caused by being inside of the hot tub made it a very warm and wet encounter indeed.

Harry's balls filled up and prepared to drive its bounty into Ciri's most pussy. She grabbed onto him and pushed Harry deeper inside yet. His balls slapped against Ciri's wet pussy and made her groan. Her nails brushed against Harry's arm and allowed herself to be indulged by Harry's deep and powerful thrusts. He drove deep inside of her body with several hard thrusts.

"Getting closer," Harry said.

"Me too," Ciri murmured.

Everything would come to a certain point. Harry hit his peak and made Ciri peak just as well. His cock slid into the beautiful woman. Something had to give and Harry was going to give her plenty.

His balls discharged and fired an immense amount of cum inside of Ciri's cunt. Ciri grabbed onto Harry's hard rod and pushed, depositing cum inside of her. She held on tight to him and pushed into her.

Her early anxiety faded away long ago and had been replaced by a loud shrieks of moans when Harry filled her pussy up with his cum. She pushed against him. Ciri's hips rippled up to meet Harry. He drove deep into her and threatened the structural integrity of the hot tub.

Ciri did not get broken through the hot tub just yet, but she would be lying if she did not get off on the very thought of being busted through. Her walls closed against Harry and released him with a loud pleasurable whimper. Everything just came to its ultimate peak.

Harry finished pushing into the gorgeous creature next to him. His balls kept discharging and releasing inside of her until he finished emptying himself inside of her. Both saw stars.

She slumped against him, and Harry sat down. Ciri rested against Harry's chest. Her fingers curled against his bicep while snuggling against the powerful man's chest.

'At least I'm in a hot tub, so I can soak.'

End.

Next Chapter 10/24/2017.

Captured(Rebecca Grayson, Barbara Gordon, and Stephanie Brown)

The latest Friday the 13th month chapter featuring Deborah Kim is up at the Blog Exclusive chapters. Head to the Page of Important Links on my profile page, the Web of Chaos Archives, and either the Breeding Ground or the Blog Exclusive Chapter Archives.

Captured(Rebecca Grayson(Genderbent), Barbara Gordon, and Stephanie Brown from Batman)

The lights popped on which made Rebecca Grayson, better known as Nightwing, see spots. Rebecca turned her head from the right to the left as the ropes from the chair burned into the side of her arm. It had been very difficult for her to gain any sort of mobility from the position she had been in. A burning sigh came over her body. Rebecca turned herself around, her costume slightly tattered, but in good shape.

Barbara Gordon, better known as Batgirl, whipped her head back and forth as well. The mobster who captured them had been savvy enough to remove their belts. That was really not a good enough sigh. Barbara's skin tight black costume had been tattered as well.

The third occupant, Stephanie Brown, dressed in the Robin costume, groaned as well. The skin tight green shorts left little to the imagination. The top half of her costume had been ripped. Her supple and young teenage body writhed in the ropes as well.

"Good evening, ladies."

Two very attractive women stepped into the picture. They dressed in skintight black cat suits which clung to every last curve of their womanly frames. The gentleman with them stepped up. Rebecca's eyes fell upon him. He was pretty handsome. Rebecca tried not to let herself get distracted by the fact this was a man who had Gotham City underneath his hand.

"Most people would shoot you when they have you secured," the crime boss said.

"No, most criminals would talk our ear off and give us a chance to escape," Stephanie piped up.

Barbara and Rebecca gave their younger partner a glare as if to tell her to completely shut up. The mob boss chuckled and looked over them.

"So young, so innocent, and so beautiful," he said. "But, I doubt any of you have ever been with a real man."

The question caused all of the girls to shiver. This was in fact a real man, they could not deny it. Handsome and very self-assured, Harry Potter, had been a subject of interest.

"We know who you are," Rebecca said. "You might think that we'll just fall in line with you, but you have another thing coming."

"Is that so, Nightwing?" Harry asked. "Maybe I should take the blonde then. She seems a little bit more willing to go, doesn't she?"

The two ladies next to Harry smiled. Rebecca's eyes widened at this man. The ropes dug into her body, and her nipples hardened as well. She could not keep her eyes off of this powerful man and
"I'll do it!" Rebecca yelled. "I'll do anything that I want, just please...she's young...her first sexual experience should not be with some...criminal!"

Granted, Rebecca had a few, although not with a male criminal. Catwoman had been one, then there had been the wild threesome with Harley and Ivy, and then there had been a couple of petty thieves who tried to seduce her. The two assistants made their way over and unhooked her.

"I trust you're not going to try anything against me," Harry said.

Rebecca shook her head and walked over towards him. She had no intention of trying anything just yet. Something washed over her and Rebecca leaned in. The mob boss grabbed Rebecca around the waist and gave her a very passionate kiss. It was not what she expected. It made her tingle all inside and then it made her feel really good.

Nightwing succumbed over to the man. He moved her across the room towards a bed which had been set up.

"Always have it ready in case I have to interrogate anyone," Harry said. "Get on your hands and knees so I can get a good look at what you have to offer."

She had to offer a lot in terms of a nice firm ass. Harry grabbed her ass and squeezed it through the edge of her pants. Rebecca gasped the more Harry worked his hands against her firm backside. He moved up and undid the front of her costume to reveal her nice wet pussy.

He wanted to fuck these heroes in their costumes as much as possible, because what was the point otherwise? His fingers pushed deep into the costume as this beautiful woman rose up off of the bed. Harry worked through her legs inside her damp pussy. The heroine could feel the fingers delving deep inside of her before they had been yanked out of her.

The powerful man knew where to touch Rebecca to get her motor running and more importantly the juices trickling out from between her legs. His fingers danced against her surface. One thick digit, thicker than most toys Rebecca used, shoved deep inside of her. She never felt so full and it was because of a finger stretching the former circus acrobat.

Having the beautiful Nightwing squirm underneath his hands made Harry very hard. His assistants were there to remove Harry's belt and take his trousers off. A loud gasp and a light moan came from Barbara and Stephanie respectfully.

Rebecca's heat centered around her body. The tight costume she was in got tighter as she became more aroused. And something which aroused her even more came into the center with a long cock pushing against her entrance.

"You won't be the only satisfied costumer," Harry said. "You're going to want to come back to me...just like Huntress and Black Canary have."

Rebecca had not been surprised. Those two had been overly in cheerful moods about something. The hands of this powerful mob boss grabbed on her waist and moved up to touch her tits. He squeezed them on the other side of the costume and made Rebecca writhe in pleasure underneath his hands.

"Fuck me."

Those words always had been music to his ears. Harry was fully aware that the other two prisoners
watched him intently. Harry pushed his large cock deep inside of the wet pussy of the young woman underneath him. The first few inches of his hard cock pushed deep inside of Rebecca's body.

She had never been filled with such a prime piece of cock. Rebecca's entrance sized up the moment Harry pushed himself inside of her. His hands continued to grope her ass while driving his hard cock into her. The heroine took his cock.

"You've tried to come in here and interference with my business," Harry said. "But, turns out you're just nothing but some little slut hungry for cock. You're a piece of fuck meat, aren't you?"

Rebecca clenched at being objectified as a piece of meat to be drilled and to be played with. Those strong and powerful hands grabbed Rebecca and squeezed her tits from behind. Rebecca closed her eyes and took his cock.

"Get the other two ready."

Barbara watched as one of the women, an Asian, stepped in and undid her pants. She did not wore only a dark thong underneath her Batgirl costume and it soaked to the brim. Barbara's eyes shifted over and could feel the finger of this one pushing into her.

The other woman, a tall and quite stacked black woman, stepped in and kissed the younger blonde girl on her lips. The Girl Wonder's body went through an entire range of inexperienced emotions from the kiss of this much older and much more dominating woman. Those shorts pulled down to reveal her smooth pussy which received a stronger.

Harry grabbed Nightwing's waist and plunged into her pussy. The moans of the woman underneath him only fueled Harry on. He cupped his hands all over her perfectly toned body. The fit girl grabbed Harry's engorged cock and gave it a squeeze. Her juices pooled around the edge of Harry's cock the deeper he shoved himself into her tight pussy. Harry pulled back and then slammed down into her.

"You're cumming for me."

The crime fighter clipped her hair back into a ponytail which Harry grabbed on and pushed inside of her. Her wet pussy grabbed Harry tightly and squeezed him. Harry pushed back into Nightwing and slid into her tight center. The harder she gripped him, the more Harry pushed into her. His balls throbbed the deeper Nightwing took him. And she could take him very deep with that very wet pussy. It felt good wrapped around his tool.

"Cum for me, Harry said. "Do it…again!"

Rebecca did it again. She came hard again. Her body had been put through some of the intense training possible. Nothing prepared her for this big cock.

"Bring me Batgirl."

Never had a demand been both so arousing to all of the parties involved, and the Asian bodyguard who had been licking Batgirl's pussy stopped doing so. The crime fighter had been pulled across the bed. A dazed Nightwing laid on the bed.

"I need that," Batgirl said. "Please, give me your cock, sir."

Harry reached over and grabbed her. Her ripped the bat symbol off and allowed her breasts to come out. The mob boss stimulated the tit flesh and rolled his fingertips over her nipples.
Every single blast of pleasure filled the body of Batgirl. Harry moved her into perfect position to lower over the top of his cock. Said cock closed in to her pussy and came inches away from filling her up. Barbara gasped when the manhood slid against her warm slit and then pulled completely out.

"Fuck me," Barbara begged him. "I need your cock. And I need it now!"

She needed this cock inside of her. The mob boss grabbed the crime fighter and pushed deep inside of her. The wet pussy grabbed him. The Commissioner's daughter received the big throbbing cock of one of the biggest, in more ways than one, mob boss's in all of Gotham City.

Harry clenched the ass of the bouncing Batgirl. He observed as one of his assistance kept Nightwing occupied on the bed by using a vibrator on her. The vibrator ran against the clit of the woman.

They would tell him anything for his cock, including their secret identities and the location of the Batcave. But, he was not interested in it, at least not yet. The wet pussy wrapping around him took every single inch of cock inside of her.

"You're cumming already," Harry teased her.

Barbara threw her head back and the moan coming from her pierced through the air. Harry drove his big cock down into her body.

Rebecca watched as her girlfriend rode the cock of the much larger man. The moans of the obviously dominated, sixteen year old girl from across the room made Rebecca's cunt flare. She hated this, but she wanted to watch as Boss Potter broke in Stephanie hard with his big cock.

In the meantime, one heroine redhead took her time with pleasing the cock above her. Harry held onto her. Batgirl, one of the biggest role models for young girls in the world, drove herself repeatedly down on the cock of the mob boss. Harry reached in and grabbed her juicy nipples, squeezing them. Barbara almost lost herself in a fit of pleasure and drove deep down onto him.

"You're mine," Harry said. "Your orgasm belongs to me now."

Harry reached behind and rubbed Nightwing's clit while Batgirl drove down onto him. This only spurred Batgirl on to bring herself down onto Harry's cock harder and faster. Her wet pussy grabbed onto him.

The lubricating cum allowed Harry to go deeper into her. The nice tight costume only felt just right in his hands. It made her ass and chest look very nice. Harry ran down her body and touched her legs. Just by running his fingers down her legs, it made Rebecca cum very hard. She threw her head back and moaned with even greater hunger coming through her body.

"Fuck," Rebecca managed. "Fuck!"

"Yes," Harry said. "Indeed."

Both Nightwing and Batgirl came at the same time. Their fit bodies could take a lot and the mob boss put them through the paces.

Harry just smiled and motioned for his assistant to leave the youngest one out of the group be. He walked over across the room where the Girl Wonder eyed him.

Stephanie had a smaller chest than Barbara and Rebecca, although her ass was pretty nice and her
legs were long and beautiful. Plus she had a nice tight pussy, even though it had been barely touched. The way this handsome older man traced his eyes over her made her feel a flare of energy beyond everything else.

"Rise to your feet," Harry said.

Stephanie obeyed after the ropes had been removed. She moved across the room as if some mysterious force compelled her. She grabbed the cock of the man and experimented. The moment she touched the handsome criminal's cock, she was his forever.

"Are you ready to become a woman, girl wonder?"

She whimpered as Harry kissed her on the lips. He cupped the tight ass of this younger superheroine.

"How old are you?" Harry asked.

"Sixteen."

"Perfect."

"This is how I had Batwoman before I took her," she said.

"But, she's gay," Stephanie gasped before she helped herself. She could not believe Kate was also at the mercy of this mob boss.

Harry just grinned. "Well, she's bi-sexual now."

This turned Stephanie on more than she thought it should. From a moral perspective, Stephanie should really be outraged, but she could not help herself. The fact this man had the power to turn a lesbian into a horny bi-sexual woman made her tingle inside. That was true power and influence.

Rebecca and Barbara moved across the bed and started to kiss each other. Their bodies burned until the boss turned around. Harry's eyes watched as their pussies were on display and being stroked.

"I'll allow it. But keep the costumes on."

The camera in the back end of the room filmed. Harry could only imagine how much a sex tape of Nightwing and Batgirl would play for on the open market. He opened up the young cunt of the woman against the wall. Her eagerness pooled down her thighs.

"Sir, I need it," Stephanie said. "Please, Boss Potter…don't you want to break this heroine's pussy?"

"You're the youngest so far," Harry said. "Get ready, Girl Wonder. It's time you become a woman."

Stephanie saw stars the moment Harry's big cock drove deep inside of her quim. The first three inches made Steph's entire world start to swim in frustration. She grabbed Harry by the shoulder and gasped. The hunger dancing in her eyes increased with her lust. The burning pleasure in her body just increased the deeper inside of Harry.
The debased woman felt Harry's cock inside, most of it. She wrapped her legs around Harry's hips and pushed him deep inside.

"You are all the same," Harry said. "You think you're good girls. I wonder what they would think if they're heroines spent half of their nights being fucked by a mob boss."

Over on the bed, Rebecca had Barbara on her back with a dildo being shoved deep inside of her tight pussy. The assistants helped them out by providing a toy. Rebecca stuffed her long-time girlfriend's pussy with the large cock with a few repeated swipes. Barbara clutched onto the bed, sweat rolling down her face.

"You want me to fuck your ass, too?"

The dildo pushed through the latex of Batgirl's costume. She could not help but squirm out in pleasure. Every now and them, some mysterious force came across the room and struck her clit. It made Barbara's eyes fade in and out with lust burning through them.

Harry sped up his thrusts on Stephanie after the first orgasm. The young girl's eyes flashed with emotions which she was not experienced in taking. She had not been experienced in taking this cock inside of her either. Throbbing hard balls slapped Stephanie on the thighs the deeper he plunged into her.

"Fuck…..fuck me!" Stephanie yelled.

"As you wish, my lovely vixen!"

Harry plowed his cock inside of the Girl Wonder's tight box. He could feel her pussy grabbing him and milking him. Every last inch of cock drove deep inside of her. The thick cock pushed against her entrance and pulled almost all the way out of her before driving deep inside of her.

Stephanie saw stars, multiple times. Her young body received the best workout possible. The mob boss lifted her leg up for leverage and drove it into her.

'Damn good thing he's holding me up by the leg…it's not like I could do it on my own.'

Harry pushed his cock into her. The sounds behind him fueled Harry to go in deep just as much as the sounds in front of him. Harry's big thick rod pushed deeper and deeper into Stephanie. Her aching quim processed what was happening next and took Harry all the way inside of her.

"Good girl," Harry said. "Take my cock."

Stephanie's eyes flooded over with an endless amount of lust. Harry plunged his rod inside of her and pulled it completely out of her. She received a good hard thrust into her. Steph grabbed Harry's arm and squeezed his bicep.

Rebecca bent Barbara over on the bed and drove the strap on deep into her pussy. She fingered Barbara's ass through the tight latex. It was almost like she finger-fucked both Barbara and the costume. Barbara pulled back and then drove deep down inside of her.

"Cum for me, Batgirl," Rebecca said.

The lust flowing from Barbara's body almost became too much for her to handle. She came repeatedly. Each time her body felt the burn, it was just an amazing rush.

Steph passed out after the latest orgasm. Harry's big cock pushed deeper inside of her young body
and rode it for a few more seconds. He always hated the girl being unconscious, because it gave him no enjoyment. He pulled out of the young girl.

"Okay, honey, this was your first time. You'll be trained to be better soon."

Harry's assistants walked over and lifted Steph's limp body off of the ground. Her wet pussy oozed with the two assistants dragging her over.

"Put her to bed ladies."

Just in time, Nightwing finished Batgirl off. She moved around and the strap on pulled off. She patted on the bed and the boss moved over.

"Guess it's my turn," Rebecca said. "Guess I'm the last one standing."

The two of them kissed with passion. Nightwing's body dragged onto Boss Potter's big cock. He reached over and grabbed her ass. A finger brushed against the edge of her hole and made Rebecca's eyes shift in pleasure. She got closer to coming down on his tool.

Once again, Harry's cock entered the body of the former Circus Acrobat. Her entire body felt the burn of the massive breeding ground going against her. Harry's hand grabbed onto Rebecca's lower back and then she pulled up and pushed down onto her.

Harry ran his hands all over Rebecca's firm chest and made her whimper in never ending lust with each rise and each drop. Her wet pussy grabbed onto Harry's hard cock the deeper he shoved inside of her. Rebecca stretched herself around his tool and released him.

"You are," Harry said. "Cum for me, honey."

Rebecca shifted her hips up and crashed them down upon Harry's engorged rod. She wanted to be the one that made him cum. His experienced cock shoved inside of Rebecca's tight pussy. Rebecca could not put into mere words how good this made her feel.

His hands held her lower back with a few firm thrusts. The massive cock buried into Rebecca's squeezing and clenching quim. His hands rested on Rebecca's lower back and ensured she would not stray too far from him. Her juices trickled down onto his tool the further it slipped inside of her.

"Cum for me," Harry said to Rebecca.

Rebecca came one more time for Harry. Her entire body obeyed and appreciated the power this man said. Rumors, whispers, told of stories of this man making women do whatever he wanted to.

The dark-haired vixen slapped her thighs down onto him. Harry smiled as the image of one of Gotham's greatest crime fighters riding his cock played before him. It made his balls throb. Harry reached behind Rebecca and pushed deeper inside of her. Her entire body rotated around his cock and shoved it deep inside of her body.

"Yes!"

Her front opened up for Harry to get ahold of her busty chest. The dark-haired woman arched back and took Harry's mouth firmly to the sweaty cleavage. Harry buried his face into the bountiful chest of the woman riding him. Rebecca dug her nails into the side of Harry's shoulder. His face moved in to devour the bouncing tit flesh.

Every second made Rebecca wish this little encounter would not end. Actually, the encounter was
not so little. It was very big and very powerful. Harry's thick and throbbing cock drove deeper inside of her.

"I wonder if I'm going to have to call in for reinforcements," Harry said.

"NO!"

The sound of wet flesh smacking together with Harry squeezing her firm ass and making her drop down onto him. His iron hard pole just pushed back into her.

Rebecca's costume splattered with sweat and juices. She did not let this bother her. The further squeezing of his cock made the manhood slam into Rebecca's quim.

Harry gave her all of the credit in the world. Rebecca hung on to Harry's rock hard tool and worked her warm pussy down against him. Harry pushed into her body with rapid fire thrusts. Rebecca dug her nails into his back and gave another passionate moan.

The two fellow heroines watched as Rebecca took his cock and milked it like it was her job. And after tonight, it might be. The crime fighter received a huge cock inside of her. Her juices saturated Harry's mighty prick the deeper it buried inside of her.

"Good," Harry said. "You're good…you'll fit in nicely around here."

Spoiling those heroic pussies for all other men gave the crime boss the greatest amount of satisfaction. The moisture came down Harry's big hard cock and released around him. The woman pushed deep down and squeezed him. Harry ground up against her and then pushed into her even more deep.

Finally, Harry's balls gave way about as well as anything else. He pushed inside of Rebecca where they pressed body to body. He reversed the position and laid down by the side of her, pinning her to the bed.

"You're mine."

Those words signified many things to Rebecca. The best thing they signified was how much they enhanced her growing pleasure. Harry shoved his thick cock inside of her gushing quim and started to fill her up. The seed fired from his balls and inside of her wet pussy.

Rebecca threw her head back. Time ground with each thrust. Each splatter coated the inside of her body and brought Rebecca into a daze.

"Come over here and take care of her."

Stephanie, craving a taste of her new master's seed, stepped over. The beautiful way it trickled out of Rebecca's pussy forced her to dive on top of it and started licking her.

"Batgirl."

Only her name being said made Barbara Gordon pounce upon Harry's cock. The familiar taste of Rebecca's sweet juices trickled into her mouth as she sucked him.

Harry smiled. He knew they would take the bait and now three more of Gotham City's finest heroines were going to be a regular feature of his bedroom. He brushed against the hair of the crime fighter. The red hair tangled against Harry's fingers the more he stroked it.
"Good girl."

End.

Guard Duty (Tonks and Fleur)

We wrap up Friday the 13th month with Tiffany Cox from Friday the 13th the Game. Head to the Page of Important Links, Go to the Web of Chaos Archives, and either the Breeding Ground or Blog Exclusive Chapter page.

Guard Duty (Nymphadora Tonks and Fleur Delacour from Harry Potter)

The summer before Harry's fifth year brought him a lot of frustration. The lack of contact caused the sorcerer to take things very offensively. At least now, Dumbledore had the decency to send someone to explain the situation to Harry, only after he had sent a letter pretty much outlining his frustrations. It was about as calm and rational as a fifteen year old wizard could right.

Dumbledore should be grateful Harry had no idea how to craft a howler. Otherwise, there would be some troubles. Regardless, the attractive young woman standing across from Harry explained the situation. Harry, being a teenage boy, noticed how her tight white tank top and shorts clung to her curvy body. Harry found himself sneaking peaks at it every few seconds.

"We're really sorry if you feel frustrated," the woman known as Tonks said. "We've been going in, looking on you in at cycles. Between you and me, it's not the most exciting thing in the world to do."

Harry raised an eyebrow and the woman backtracked so fast she almost stumbled over her feet.

"But, it's not that you're not exciting, it's just not that much happens around here," Tonks said. "You know because this isn't a very exciting neighborhood. All of the lawns are neatly cut. All of the houses are as clean as this one, so much you think it's unnatural."

Despite his growing frustration with the situation, Harry pretty much had to smile.

"Dumbledore says that you will be moved in about a week or so," Tonks replied. "He was concerned you would do something drastic, so if you need anything, I'm here for you."

Harry frowned at the woman for a few seconds. She leaned down on the bed and bent down. The cleavage of this twenty-two year old woman pushed into his face.

"Anything I can do for you?" she asked. "Just ask me, I'm here for you."

The frustration of this summer boiled over and Harry just smiled.

"Show me your tits."

Nymphadora Tonks had been caught completely off guard by his request. The Auror shook her head and smiled. There were times where everyone forgot Harry Potter was in fact a teenage boy. The request did not seem too bad for what it might have been.

"Sure, I did say anything, didn't I?"

The thought of exciting the Boy-Who-Lived also made Tonks excited. She gripped the edge of her shirt and flung it off. The D-Cup breasts of the young witch strained against her bra.
"That's showing me your bra," Harry said. "I want to see those nice big tits."

With a surprisingly amount of firmness, Harry tore off her bra. Nym's eyes widened as he not only looked upon her tits. He also cupped them and grabbed onto the very firm flesh. Nymphadora Tonks closed her eyes and relished in the fact that a fifteen year old wizard groped her chest and then also ran one hand down her flat and firm belly. He smiled while flicking at the navel piercing Tonks had.

Harry took out his frustrations over the past few weeks on the ample chest of this young woman. Her nipples stuck firmly and showed she wanted this. Who was Harry to deny her pleasure?

First, she showed her tits to a fifteen-year-old and now Nymphadora Tonks allowed him to undress her and start feeling up her bare pussy. She used her powers to leave it devoided of any hair.

"You said anything that I wanted," Harry said. "Isn't a witch's word powerful?"

Tonks mindlessly nodded as she succumbed to his finger. She heard footsteps coming from out the doorway The thought of asking Harry to stop came to the back of her mind. It came out, but Nym did not request Harry to stop just yet. She took in a deep breath.

"Well, what do we have here?"

Fleur Delacour stepped into a room. She wore a very eloquent silk blouse and a pair of skin tight pants which fit against her perfect ass and legs. The first few buttons opened up to reveal her cleavage.

"This isn't what it looks like," Tonks breathed gasping as Harry's finger entered her dripping hot cunt.

Fleur flashed Nym a cheeky grin. "It looks like you're getting groped by Harry Potter."

The line caused Harry to smile and Nym to flush in embarrassment. Fleur sauntered over with her hips swaying like no one else's business. She leaned in and made eye contact with Harry before smacking one huge kiss on Nymphadora's lips.

If Harry wasn't hard in his pants before, he was not. Fleur and Nymphadora exchanged a very sloppy kiss with each other, and made a production. Fleur joined Harry in feeling up the Auror's body.

Then, Fleur pulled away from Nym and grinned at Harry. "I believe I haven't properly thanked you from saving Gabrielle's life last year."

The Veela undid Harry's trousers and then his pants to pull out his cock. Fleur held the lengthy manhood into her hand and looked on with a smile.

"My apologies for the little boy comment last year as well."

And then, without a word, Fleur Delacour went to town in worshipping Harry's large cock. His eyes closed as something Harry could not imagine in his wildest dreams happened. He was getting a blowjob from a sexy Veela at Number Four Privet Drive of all places.

Fleur tasted the cock of the powerful wizard, smiling all the way through the blowjob. Fleur's mouth sucked around Harry's big cock and made him lurch forward.

Nym had been turned on by Fleur giving Harry a blowjob and had been rather jealous that it was
not her in this particular position. Harry felt up the Auror's supple body and squeezed her tight ass. Nym breathed in and let out a couple of very passionate moans the second Harry cupped her.

The time spent with Fleur on her knees made Harry's balls size up. The Veela grabbed his balls and squeezed them sending the cum spiraling into her mouth. She slurped up his cum like it was a divine mean and made Harry grow very weak with desire.

Fleur popped up with her mouth full of cum. She grabbed Nym's face and kissed her furiously. Nym responded by sticking her tongue down Fleur's throat and swapping the cum between them.

In seconds, Fleur stripped out of her clothes to reveal her nakedness. She ran her hands over her body and then allowed Harry to do the same. Harry felt the perfectly firm flesh without an ounce of fat on Fleur. Harry spent some time feeling breasts that were both naturally large and perky.

"Age before beauty," Fleur said pinching Nym's firm juicy ass.

Nym shook her head at the obvious playfulness of the woman in question. She moved up across the bed and spread her thighs for the endowed young man. Harry climbed on top of her and attacked her breasts with a series of kisses. His big cock brushed against her stomach and pushed deep inside of her.

Fleur's eyes closed shut and opened up just in time to see a hazy view of Harry plunging his thick manhood deep into Nymphadora's perfectly tight core. Harry grabbed her from above and slammed his huge cock inside of her tight pussy. The wet walls clamped down around him and released him.

Harry indulged himself in that warm cleavage. Her breasts just seemed to grow which suited Harry just fine. It just gave him more tit flesh to squeeze. He did not neglect the other parts of her namely those legs wrapped around his body. Harry groaned when pushing into her.

Nym's vaginal muscles tightened around Harry. She made herself as tight as possible. It was a very tight fit. The entirety of Harry's massive cock plunged into her tight body. Nym lifted up to meet Harry halfway with her hips rolling up and slamming down. The first orgasm she felt with his cock inside of her stunned Nym's senses and rocked her entire world.

The feeling of power over an older woman made Harry throb. What made him throb ever more was the relentless masturbating of the sexy French veela next to him. Fleur's eyes flooded over with lust.

Fleur Delacour wanted to rip Harry's cock from Nymphadora's cunt and then ride it until every last ounce of cum was in her body. She wanted to have extremely powerful daughters. Fleur's desire increased for Harry tenfold.

It only took a small amount of self-control. Fleur somehow, by some miracle helped back. The moment he finished off though she would pounce him.

Nym's cunt scorched with erotic need. Her pussy secreted more juices than ever before with Harry driving down deep inside of her.

"I guess anything means something amazing, doesn't it?" Harry asked. "Oh, we're going to do this more often again….I'm fucking you in the house of my fucking relatives."

Harry did not think of them too much.

"Shit! Pound my fucking cunt! It's a dirty fucking cunt hole that's only…meant…for your…fucking cum!"
Those last few words had trouble leaving her mouth in any kind of eloquent way. Nym thrashed up and down upon the bed, breathing in heavily and crashing down upon the bed. Harry dug his cock into her pussy. Her nails extended digging into her shoulder. Her warm pussy grabbed in.

Things just grew even more hot as Nym's pussy leaked. Fleur's shameless exploration of her own body and flaunting of it made Harry drill the guard beneath him. Nym's legs scissored around his hips and pushed Harry deeper inside her pussy.

Everything reached the breaking point eventually. Harry plowed the woman underneath him. Her breasts smashed up and Harry buried his face within her cleavage along with his cock in her cunt.

Nym could heard his muffled cries in her tits and knew he was cumming. And she wanted him to cum for her. Her tight walls closed around Harry. The first few pushes of his cock inside of her rocked Nym's senses and made her feel really good.

Both lovers came together. Harry shoved his hard cock into Nym's wet pussy and unloaded his seed inside of her. The first few blasts came fast and the next few blasts coated the inside of her pussy with his seed. Nym's wet walls slid up and squeezed his cock.

Fleur waited for Harry's balls to empty their first payload. The second he pulled out of Nym, she made her move.

"Hey, sexy, I hope there's some more left in the tank."

Fleur's warm tongue danced against Harry's cock and her perfectly soft hand rubbed his balls. Harry groaned the second his cock started to swell back to life. It never came up this fast while masturbating. Yet, Fleur really knew how to get his motor running and keep it running.

"Time for me to repay my debt."

Her pussy drew Harry into it. Fleur purred when straddling Harry's leg. Those soft legs brushing against his waist and her hair just touching down against his face made Harry shiver and rise with lust. He grabbed Fleur by her lower back.

"Fuck me how you always dreamed about fucking me."

Fleur's legs squeezed Harry. They felt so soft. Harry touched Fleur's bare legs and made his cock jump up another inch. His erection got bigger and harder the second Fleur pushed into her.

Her allure blasted to a high degree about the room. Natural sex magic increased and made Nymphadora Tonks thrust her hips repeatedly in the air, bucking them nice a wildly.

Harry entered Fleur's chamber with his big cock. Fleur's lips pushed around Harry's head and then eased down onto him. The softness of her body brushed up against him. Then her wet pussy dropped down and took Harry's entire cock inside of her.

"OH YES!" Fleur cheered the very second she dropped herself down onto him. "FUCK YES!"

The delicious witch dropped down onto him. She started to curse in a combination of English and French. Fleur rocked her pussy all the way down on Harry's cock and squeezed him very tightly. Harry reached behind Fleur and cupped her ample backside.

"You're so fucking tight," Harry groaned. "I like it."

"I know you like it, baby," Fleur said. "And I'll stay tight no matter how many fucking times I ride
Fleur tightened her core around Harry. No one ever made her cum like this. Harry with his strength, power, and touch stimulated Fleur into gushing all over his cock. And she gushed in other ways as well, with his hands moving into position and touching her.

The riding only increased as did Harry's pleasure. Every single square inch of Fleur's body brushed against him. Harry took those hard little nipples in his mouth and gave them a firm squeeze and an even firmer suck. Fleur's eyes shifted back and forth the further she rode on Harry.

"Yes," Harry groaned "YES!"

Fleur enjoyed having this powerful wizard underneath her body. She felt him up and was very pleased. The two molded together. Fleur squeezed her pussy around his big cock and rode him like a prized stallion. Her juices flowed to lubricate his cock.

The sex flowing through the air weakened Nym's inhibitions. She extended her fingers and went deep inside of her core. No matter what she did finger-fucking herself did not feel as good as having Harry's cock into her.

"Grab my ass. Squeeze it….feel how nice and firm it is!"

Fleur's ass was just as fine as the rest of her. Harry spent much time worshipping every inch of the goddess's body. Fleur slammed herself down upon Harry.

The juices flowing between them allowed Fleur to ride Harry even faster. Her eyes clouded over with thinly veiled lust the further she worked upon Harry's cock. Everything was coming to a peak. Fleur could not do anything other than cum and she kept cumming hard.

The warm presses of Fleur made Harry feel good. She kept riding him like there was no tomorrow. Harry did not see her tiring out any time soon. Harry attacked her breasts digging his lust into them. Fleur's eyes shifted back the further she rose and dropped down onto Harry.

"Naughty boy!" she gasped.

Harry slipped a finger into her tight bum and fucked her hard. Then something else slipped into her. Nym's tongue extended and swiped into Fleur's backside as well.

"Ah, shapeshifter," Harry groaned. "That could come in handy."

"It does," Fleur agreed.

Harry did wonder about the relationship between these two. He decided not to worry about that at the minute even though several very enticing visual images just made his cock nice and hard. Harry pressed against her body. Fleur's wet pussy grabbed him from above and tensed around him.

"Give me your seed," Fleur said. "Don't you want to cum inside of me?"

She used a little girl voice which made Harry as hard as a rock. Harry pushed inside of this powerful witch. Her allure intermingled with Harry's pheromones. She kept riding him like there was no tomorrow. Fleur's moist center grabbed Harry and tensed around him.

Fleur's scratched up Harry's back. The creature inside of her demanded to be bred. Fleur would ride him until that event happened. Her pussy grabbed Harry nice and tight, squeezing him with each push.
"Closer," Harry grunted.

Excitement burned through Fleur's body. Her eyes flashed with hunger the deeper and faster she dropped down onto him. Fleur's wet pussy squeezed him very tightly and clenched him. Harry pushed Fleur down onto his rod and made her squeeze him.

Harry's intense touching of Fleur's body made the vixen ooze her juices onto his cock. She milked Harry to try and draw out his cream. Harry groaned the further Fleur dropped down onto him. She tensed around him to milk his balls.

Another load erupted from Harry's cock. He saw stars when pushing up into Fleur. His balls discharged and fired cum inside of her. Fleur's wet pussy slammed down onto Harry and came along with him. Their bodies grinded into and grabbed at each other as Harry discharged his completely load into him.

Fleur pushed away from him. The second she turned on her hands and knees to face Nym's dripping wet pussy to lick it Harry grabbed her by the waist.

"Who said we were done?"

Harry's hard cock pushed against her entrance after briefly teasing her ass.

"We're not," Fleur said. "Fuck me until you can't go anymore."

"You're a greedy bitch," Nym said.

Fleur shoved her tongue into Nymphadora's pussy. She hit all of the spots which eliminated any protest coming from the older woman.

"Hope you brought a lunch," Harry teased her.

He slammed into Fleur's body again. She retained every amount of tightness from the first time. Her pussy stretched perfectly and lubricated him to the tip down to his base.

End.

After showing his pass, security escorted Harry back into the VIP room of a strip club in Bludhaven. It was one of the safer places to be because the establishment took security seriously. They would have to make the money they did from the people who were coming out of town.

"Take a seat, Mr. Potter. She will be with you momentarily."

Harry made himself at home at their request and took a grape from the bowl of complimentary fruit. He spent a couple of minutes waiting. The doors swung open and the sight which Harry gazed upon blew him away. The woman dressed in a see through purple top stretching against her ample bosom and showing her tightened stomach. Plenty of delicious dark skin could be seen from this level. Her silky black hair came down. A couple of scarves wrapped around her neck. The face of the ebony beauty shined.

She dressed in a pair of tight leather pants to really squeeze the woman's ample booty. The music started to kick up and she stepped over.

"Mr. Potter," she said. "You've purchased the VIP treatment…well congratulations, you also passed all of the standards to be accepted."

"I'm glad, Miss Kitaen," Harry said.

The woman's professional demeanor faded for a second after Harry said her given name. She leaned in and extended an elegantly trimmed fingernail at his face. She straddled his lap when moving in to whisper in his ear.

"Call me Voodoo," she said. "And sit back and enjoy the fun."

The music kicked on with a high beat. Voodoo swayed her hips a slight amount to the left and a more significant amount to the right. Her body started to rock to the music.

The scarves slid off of her body. Voodoo ran her hands over her sultry body. The chocolate curves made Harry's mouth water when she slid from her breasts down her waist and then all the way to touch her hot ass. The ebony vixen slid her hands down her legs and made sure to touch every inch. Voodoo leaned in and put her hands on Harry's face to run down her body.

She then turned around, her ass bumping and grinding for him. Voodoo grabbed Harry's hands and lifted them up to put them on her ass and allow them to slide down. Voodoo stepped back and showcase a mouth-watering amount of flexibility by doing a back bend to the ground. Her palms brushed to the ground.

Voodoo lifted her leg and placed it down upon the chair. She unzipped her boot slowly to reveal her foot. A sexy work of art came out. Voodoo rubbed her bare foot across Harry's lap and smiled when she saw him.

"The clients should be as comfortable as possible."

Voodoo unbuckled Harry's pants and freed him from his confinements. Harry's big cock stood out proud. The stripper inspected the merchandise for a second before putting up her other boot. This
time her left foot brushed against Harry's bare cock.

"Excellent," Harry said. "Your work is up to your advertised standards P….Voodoo."

She smiled and spent the next ten seconds teasing Harry's cock with her silky toes. Voodoo moved away and swayed her hips back and forth. She took her shirt and slowly pulled it up over her face. Harry eyed a pair of nice breasts contained in a satin bra. The chocolate melons made his mouth water.

"They're real," Voodoo breathed unclipping her bra and allowing it to fall down to the ground. "See for yourself."

The dark nipples poked up. Harry hungered for them. The man reached out and cupped Voodoo's breasts. Harry's fingers brushed against Voodoo's nipples and her pleasure spiked from a very obvious moan. Harry touched and cupped her, fondling her breasts. Voodoo's breasts squeezed underneath Harry's hands with a few pushes and releases.

"Let's continue the show," she said backing off.

The music kicked up in a higher intensity. Voodoo's hips swayed back and forth when making sure Harry's eyes locked onto them. Harry reached over and cupped her ass. She slid her pants down to show Harry her thong. The transparent material stretched against her ass and then Voodoo turned a little bit. She put her legs on the chair to show Harry the hints of her pussy through the thong.

Voodoo swayed her hips a little bit more and then climbed onto Harry's lap. His cock ground through the edge of the thong. Voodoo's juices stained as she felt this big hunk of meat.

"So, this is what the VIP treatment entails, does it?" Harry asked.

She turned around and put her hands on Harry's thighs. Voodoo shimmied down his body, rubbing every inch of her perfect, soft, ebony flesh down Harry's big cock. His thick cock came up.

Harry gave her a smile as Voodoo turned around. Her hand gripped the underside of his cock and stroked it even more. Voodoo took her left hand and slid the thong down her legs. Her wet pussy revealed from him. Harry's cock stood up straighter as Voodoo climbed onto his lap.

"Ready for your perk?" she asked.

Harry put his hands on her waist and then moved up to grab Voodoo's tits. He squeezed them and caused her to sink down onto his cock. The look on her face indicated the labor it was to shove as much of this stiff prick inside her as possible.

The sorcerer pushed Voodoo down onto his prick. The chocolate goddess gave him a passionate moan the further and faster she drove herself down on Harry's engorged prick. His hands brushed against Voodoo's nipples and then he moved in to suck on them.

Voodoo got more than she bargained for and he got more than his money's worth. Harry touched Voodoo's ass and squeezed it before giving her a solid spank on said ass. Voodoo slid down his engorged pole with flesh smacking against flesh. She passionately screamed out in lust.

Harry's hands trailed down her body. Every inch of flesh just lit up for Harry and demanded to be touched and to be played with. Voodoo drove her wet pussy all the way down Harry's engorged pole and pulled up almost completely before sinking down onto him. Harry's fingers made sure to make her feel everything.
Normally, protocol indicated that you should not kiss your clients. Even the VIP treatment ones, as rare as they were, did not get that privilege. Harry's lips met hers and Voodoo could feel her eyes just glaze over with lust the deeper Harry pushed his tongue inside of her wonderful throat cavity.

Harry smiled as the woman let herself go with this kiss. She rode him even more passion before going away from him. Her wet pussy clamped down onto him and squeezed him. The very elegant tightness was making Harry feel good. And what else felt good was Voodoo's tight ass which Harry had no option other to squeeze and to play with. He pushed her deeper towards him.

"Oooh!"

She let out a scream and they continued with Harry kissing her neck and then moving to shift his aggressions to her breasts. Her soft cleavage received the full tongue treatment from her lover. Harry cupped her ass and made her work for his cock.

Voodoo's eyes shifted over. Harry could feel the tension rise up among her loins. Their sweaty bodies clashed together. Voodoo took Harry deep inside of her and milked Harry's hard prick inside of her. His balls slapped up against Voodoo's wet pussy.

For the first time ever, Voodoo came hard thanks to the cock of one of the clients. Harry plunged his thick cock inside of her and stretched Voodoo's wet pussy. He pumped up inside of her and made her cunt just gush all over him. Harry planted his cock into her. Voodoo thrashed back a little bit and took her pussy down onto him. Her wet pussy grabbed Harry and released him.

Harry slipped out of Voodoo's wet pussy and motioned for her to climb onto the couch. Voodoo seductively crawled over the table and onto the couch. Harry smacked Voodoo's ass and put her on the couch. The wizard walked over to Voodoo and slid a finger inside of her.

"It's still nice a wet," Harry said. "And you're mine now, Pricilla."

Harry slipped his hard cock into her. This violated the agreement, and all protocols of dealing with the client. One of them taking her like this on the couch. The only problem was that Pricilla really did not give a fuck about protocol now. All she gave a fuck about was fucking and taking a huge cock inside of her tight pussy. Twelve inches of engorged meat shoved into her wet hole and then pulled out before driving deep inside of her. Harry's thick balls repeatedly slapped her from behind.

"Yes," she agreed. "I'm yours….I'm yours….now!"

She let out a scream of lust the further Harry plunged into her body. He took her wet hole from behind with repeated thrusts.

"You never had a client like me, have you?" Harry asked. "I think you'll be working with me as well…unless you want people to know your secret."

Voodoo tensed up. Her pleasure only tapered off slightly. Harry mastered her body as it squirmed underneath him. She could not fight out if she wanted to and no, she did not want to. Everything Harry did to her had been completely and utterly with her consent.

"They're going to learn what a big slut you are," Harry growled in her ear planting his cock inside of her wet pussy. "Tell them…tell me…admit that you're a slut and you want my cock."

"Yes, I want your cock!" Voodoo yelled. "And I'll take it in all of my holes for free!"

"That makes you a slut."
His hard cock rammed into Voodoo's slick pussy. Voodoo clamped down onto Harry's iron hard fuck pole. He cupped her ass and then repeatedly drilled himself inside of her wet pussy. Harry pulled away from her and drove it into her.

"You're cumming again," Harry said. "You're giving me my money's worth and all that much more."

Harry cupped Voodoo's breasts and squeezed them. The wizard plunged deep inside of Voodoo's wet cavern. Harry slid his huge prick deeper inside of her body. Harry pulled almost all the way out of her and drove his huge cock deeper inside of her body.

"Fuck…me!" Voodoo yelled. "Fuck me!"

Her beautiful siren song came out the deeper Harry plunged inside. Harry took her into the couch with a hard thrust. His massive cock struck her center.

Pricilla Kitaen's warm pussy grabbed Harry's hard cock from behind. He shoved his thick meat inside of her. The shape shifting stripper rose up off of the bed for Harry to cup her tits. He squeezed them hard and then moved up her body.

Harry's white cock disappearing between her dark thighs and into her pussy allowed for an erotic contrast. His hands roamed and spent some time traveling from her breasts and nice thick ass. Harry's finger pushed against Voodoo's asshole and then touched her from behind. He slapped Voodoo's ass and plunged into her.

"Cum for me, Pricilla."

He used her given name and not her stripper alias. Her employer said it signified control and Voodoo just crushed her pussy against his cock. Harry plunged deeper inside of her with a repeated series of thrusts. His cock, hardened as it was, went deeper inside of her.

"It's going to be my turn."

Voodoo's words to implore him to pull out because this might have been going too far. The thought of having his cock buried inside of her and seeding her made her feel that much better. Her body sized up with tension and came all over his big cock.

Harry groaned and rode out this beauty's orgasm. Her dark body coated with a sheen of sweat, her thighs wet with juices was a beautiful sight. And a sight which made Harry's hardened cock only drive deeper into Voodoo's slick pussy. He groaned and pulled out completely before driving deep inside of her. He slammed cock first into her. The rippling effect made Harry drive deep inside of her.

"My turn," Harry warned her.

It was her last chance to tell him he should pull out and not cum in her unprotected womb. Harry plowed her hard from behind and she tensed up. Harry worked deep inside her and pushed her.

His balls discharged and the first few blasts shoved into Voodoo's pussy. The seed spilled into her body. Harry claimed her womb for his own and spilled his seed deep inside of her pussy. She groaned when squeezing him and milking him. Harry plunged into her tight center.

Harry pulled out of Voodoo. She collapsed down on the couch. Harry smiled and put an envelope down on the bedside table. He leaned down and kissed Voodoo's lips before slipping out.
Voodoo had been left in the backroom. She took the money and opened it up. A very official looking government form along with several crisp hundred dollar bills clipped to the note.

"If you want to be something more," Voodoo read. "We can discuss perks in my office."

Oh, she would be doing more than discussing, if she worked for him. And the pay totaled to be triple of what she made on a good week.

End.

Bending At His Whim (Katara)

Katara positioned herself on the edge of the beach. She dressed in a tight white top which stretched up to reveal her trim stomach. The shorts came down to above her knees to reveal her bare legs for the world. She wore no shoes or anything covering her feet. The sand brushed against the soles of said feet when she walked across the sand.

Two hands placed on her waist from behind. Katara turned around and looked towards the green-eyed man who walked towards her. He dressed in nothing other than a towel which wrapped around his waist. It hid the treasures which Katara longed to reach out and touch.

"You're still having some issues with your control," Harry said. "I can help you relax. And I can help you focus."

"What do you have in mind?" she asked. "I think I had it earlier and then everything just fell apart."

The water bender's lips curled into a frustrated frown. Harry reached up to put a hand on her shoulder and then slid down. His fingers brushed against Katara's flat belly. Her dark skinned look deliciously toned. Harry moved in closer towards his younger charge and looked her dead in the eye.

"To gain control, you must first relinquish it."

Katara wondered how this made any sense. His hands moved from her stomach and then touched Katara's back. The towel held up around his waist. Katara tried not to give into temptation and rip it off of him. Her heart beat heavier as Harry pushed his fingers against her hair.

"Just go what feels natural. You'll understand when the feeling comes to you."

What felt natural was a kiss coming to Harry from Katara. Katara's wet lips pushed against Harry's. She leaned into him with a hungry kiss. Those nails dug against Harry's shoulder and dug against him. The two moved together with Harry's hands finding their way to cup Katara's supple young backside. Her leg slowly lifted around him and tried to snag around the towel.

Katara pulled away from Harry and kissed the side of his neck. She lost herself in the lust felt for this handsome warrior before her. More kisses worshipped Harry from the shoulder, all the way down his chest, and down to his abs. Katara's hands gripped his towel and flung it off him.

The prize Katara sought come out into the picture. She put a hand on Harry's cock.

"Touch it," Harry commanded.

The younger girl reached in and cupped Harry's cock. She closed her eyes and ran down. The teenager enjoyed the cock of this older man in her hand. She was technically legal, but given that Harry was ageless and rumored to be centuries old, this felt a bit taboo and naughty. It brought a scorching feeling through her.

"On your knees and show your devotion."

Katara dropped down to her knees on the towel which dropped from Harry. She took Harry's cock
in her mouth and worshipped him. Her eyes glazed over when sucking on the head and then sliding down to lick him.

Harry groaned at the feeling of Katara's perfectly warm lips wrap around his hard cock. The sorcerer plunged himself deep inside of Katara's mouth and stretched out her throat. Every single touch of her mouth around his cock made Harry throb something fierce.

The Water Bender lost herself into this massive rod going into her mouth. Harry started to have his way with her warm oral hole. He pulled from Katara and slid out of her mouth. His thick rod speared her warm lips and then had been released from her.

"Get closer," Harry told her. "Closer."

Katara moved further down Harry's rod hard phallus and sucked it. Harry grabbed onto the back of her head and face-fucked the younger girl. She appreciated it judging by the sensual moans coming through her. Katara's wet mouth clamped down on Harry and released him.

"Oh, good girl," Harry growled. "You're a very good girl."

The throbbing hard cock of the young man pushed into the mouth of this perfect little cock sucker. Harry made sure to look down into her eyes and take his big cock further into Katara's oral hole. She stretched around his pole and sucked him deeply.

Water rose up and then slammed into Katara. Her shirt was soaked in the water, as was the towel underneath her. Her hair dripped wet with water to give a very sexy look. Harry worked himself hard into Katara's mouth. She reached up to feel his balls.

Katara's arousal increased with how wet she was and it was not because of the water either. It was just because of Harry slamming his cock repeatedly into her opening mouth. Katara's warm oral hole accepted Harry's cock repeatedly and quickly inside of her mouth.

"A very good girl," Harry groaned. "Keep sucking me. Suck my hard cock."

Katara intended to please her master and she kept working over his pole. Her entire body burned with pleasure. She want more than a cock down her throat. Katara rubbed herself through her soaked shorts and took in a deep breath. Her nose buried against him.

The groaning from Harry's balls swelling and clenching reached a fever pitch. Katara's warm and lusty eyes looked up to meet Harry. Harry slid his cock deeper inside of Katara's wet throat hole. He pushed against her and then grabbed her hair.

"Get ready," Harry said. "You're going to get your gift."

Katara closed her eyes and sucked his cock harder. The swelled organ pushed it way deeper and quicker into Katara's warm hole. Harry held on and slammed inside of her mouth. His balls sized up and then started to perform their discharge into her mouth.

The sense of relief Harry felt increased. The eager water bender drew his cum from his balls. Katara almost gagged at the amount of cum splashing into her mouth. She took Harry like a queen though. Her warm lips sucked Harry as hard as possible when dragging an immense amount of cum out of his balls and into her mouth.

She popped away from him. Katara grinned when crawling back on her knees. She made sure Harry saw the sheer white shirt which was soaking wet. Harry grabbed her shirt and pealed it off of her. Katara's deliciously perky breasts came into full view. Harry attacked them with his mouth and
caused her passions to rise up.

The shorts came off to reveal Katara's bare pussy for him. Harry's fingers danced around the lips of the lovely woman. He spun her around and drove a finger inside of her cunt from behind.

"You want more than my finger," Harry said.

"Yes," Katara breathed.

"Say it louder," Harry growled digging his finger into Katara's delicious snatch.

"YES!" she screamed. "I want your cock."

Water rose up and Katara leaned back, resting on the water. She held it steady and held her control so as to not slip through. Harry climbed over her and rubbed down her thighs. Kisses lit Katara up. He stopped at her belly button and licked her before heading down to her pussy.

"It's plenty wet," Harry said. "I'm pretty sure you can take my cock. Are you ready to be fucked?"

Katara answered by wrapping her soft legs around Harry's body. Harry closed in closer to Katara with his cock just barely edging against her pussy. The warmth of Katara dragged Harry just a tiny bit closer to her. Harry's cock liad right outside of her entrance. The gates were about ready to part for Katara.

"Come on," Katara breathed. "Do it."

"I think you forgot who is in control now."

Harry teased Katara with a cock head which parted her. It sent waves of energy down her. Katara reclined back on a literal water bed ready and willing to take his huge cock inside of her. The water splashed her breasts making her nipples erect. Harry continued to serve her by sucking her nipple and then pulling back. He cupped her breast and gave it a squeeze.

A multitude of different emotions passed through Katara's mind. The one thought broadcasted stronger than the other.

"It's time."

Katara could very much get on board with this. Harry lined up his cock for her entrance and then shoved it inside of her. Katara's body bent a little bit. She maintained the control on the makeshift bed they were going at it on. Harry reached forward to grab her breasts and squeezed it.

Harry plunged deep inside of the water-bending beauty. Her warm pussy slid up to greet Harry's hard cock the deeper and deeper he plunged inside of her. Harry's massive prick pushed deep into her body and felt the warmth of her pussy grip onto him.

Her entire world flashed in pleasure. The caress of the water against her body only made Katara tingle with excitement. Harry looking down on her dripping wet body only made Katara feel even better than ever before. Harry rose up and plunged deeper inside of her.

"Take my cock," Harry said.

"Yes," Katara breathed in his ear.

She dug her nails against Harry's arm when he pulled almost all the way out and plunged into her body. They connected with each other with a lustful encounter only increasing. Harry pushed down
inside of Katara and then slid all the way out of her dripping warm cunt.

Harry planted his hard cock as far into Katara's body as possible. Katara stretched her pussy around Harry's massive prick and then Harry pulled out of her. He repeatedly drove himself deeper inside of Katara, stretching her out. The warmth increased and built the further Harry went inside of her.

"Time to let it go," Harry ordered.

Letting it go never felt so good. Katara's warm walls tugged Harry's thick prick. He shoved deep inside of her sopping wet hole with a couple of hard thrusts. Katara dug her nails into Harry's back to the point where she swore stars began to form against her eyes.

Harry crashed them down against the water. The water engulfed their bodies. Harry looked up to see her body dripping wet in more ways than one. Seeing Katara in this particular state only hardened Harry's cock even more and drove him deep inside her body.

Time passed as Harry allowed the orgasm to past through Katara. Her eyes locked up against Harry. The lust burning through her pussy only grew stronger. Harry waited for Katara's need to be stuffed full of cock to return.

Harry rammed himself deep onto her. The water splashed Katara's face which kept her alert just enough to take him.

"You're going to cum for me again," Harry said. "I hope you're ready."

Katara's eyes shifted over. Harry dragged her body all the way to the edge of something fabulous. Tingles spread all over her body from Harry battering her tight pussy. They continued to increase the deeper and faster Harry drove his cock inside of her body.

"Such a tight pussy," Harry groaned. "It's going to feel good cumming all over my big cock. Wouldn't you agree?"

She would have to agree. Katara saw stars from the second Harry buried himself into her. Harry pulled out of her pussy and then drove into her again. The repeated thrusts bringing Harry deeper inside of Katara made her want him and crave him even more.

"There's a nice big load for you," Harry said. "And your body is going to submit to me when you take my cum, isn't it?"

Katara's eyes flushed over. Harry gave her his cock repeatedly. The gift which contained inside those balls prepared to peak. Her entire body flushed over with an endless amount of lust. Harry pulled almost completely out of her.

She wanted Harry's seed inside. Harry's hard cock touched Katara at her warm pussy lips. His balls brushed against her. Katara's hips jumped up. Her head whipped up with water dripping down from the back of her hair. Harry picked up the tempo.

Harry allowed her to cum one more time. Her pussy gripped Harry's cock and milked him. The face of the beautiful woman contorted and her screams came. Harry slowed down just enough to let what was going to come, come next. His fingers touched Katara's thigh.

"Don't clean it out when I cum inside you."

Those words hit Katara with a force which made her body shudder. He was going to cum in her unprotected womb and spill so much virile seed inside of her. Her body tingled one more time. The
pleasure cascading in her was second to none.

Harry took her accommodating pussy. The water faded away almost. Harry kept her up in the air to guide her down. Her orgasm closed in completely.

"Let it out," Harry said.

Katara's eyes screwed shut and the pleasure just rose up to a fever pitch. Her body peaked and took Harry cock first into her. She stretched out on his pole when it found its way inside of her body.

The cum found its final destination. Harry pumped his huge load inside of Katara. His balls discharged and sprayed the inside of her womb with thick semen.

"It feels good to yield control," Harry said. "Doesn't it?"

She yielded control, only to make it stronger. The never ending barrage of cum from those thick balls were almost obscene. Katara received a huge blast coating the inside of her womb with a never ending flood of semen.

One drop caused Katara to land directly in the mud. She should have been a bit more mindful of her surroundings. She looked up with a sheepish grin. The warm mud dripped down her face. Katara rolled over in the puddle, on her hands and knees.

The sexy woman dripped in mud. Harry looked at her pussy opened up while she kneeled in the puddle of mud.

"Ready to go again?" Katara asked.

She smeared her body with the mud giving her a sexy sheen. It coated to her dark skin. Harry grabbed her hips and slammed his extended cock inside of her.

"Oh, you dirty fucking girl," Harry said.

The mud splashed as both of them got down and dirty. Katara figured this was setting them up so they could take a nice warm shower. Harry drilled her deep thrusts and worked her up.

The hot sight continued on the beach with Harry drilling Katara and burying her deep into a puddle of mud of her own creation. Harry's balls grew the harder he pushed into her. He grabbed her hair which came clean from the water splashing out of it.

Katara allowed herself to be fucked in the mud. It was dirty and she loved being fucked like this. Something about being debased like this turned her on.

Harry's balls clenched and he prepared to fire into her. First, he wanted to make her cum even more. The thrill ride increased throughout the night the deeper Harry drove inside. Katara's nails dug into Harry's hand. His balls slapped against her.

Somehow, the next load was even more immense than the first one. Harry hung on for an immense ride. His cum discharged into her and filled her completely up to the brim one more time.

Katara's hands slipped and she fell face first in the mud with Harry fucking her down into it and spanking her ass.

"Good," Harry said after pulling. "Clean yourself."

The flood of water came and splashed Katara's body. Harry's cock hardened at the water droplets
falling from her body. Katara turned around and walked towards the beach house with her hips swaying. Harry allowed her to call the next play.

Soon, she would be screaming for more cock than ever before.

End.

Flashes of blade cracked against each other. The figure dressed in black moved to face against a figure dressed in green. O-Ren Ishii’s eyes flared up in anger when charging towards the enemy. Her blade extended and readied to attack.

The dreaded Dragon, one of the greatest warlords throughout the land, dodged the attack. O-Ren smashed the blade against the wall. The emerald eyed and emerald clad figure nailed the attacker several times. The spoils of war would go to the winner of this battle. O-Ren's heart beat strongly. She came off to the side against him. This Dragon showed the fire he had be sweeping her off of her feet. Literally, although not figuratively, at least just not yet.

The one and only Harry Potter watched as the woman moved with swift determination and beauty. She charged him. Harry said nothing, offered no wasted movement, and just focused on the battle. And also on the woman’s tight looking ass for a brief second as she turned around. O-Ren charged at Harry and hurled a dagger at him. Harry blocked the dagger and hurled it back. The blade of the dagger ripped through the shirt and dropped O-Ren to the ground.

First blood, but not the last blood as O-Ren rolled over onto her back and aimed some kicks at Harry from her back. She fired at him with as much kicks as possible. She sprung up and went for a kick. Harry blocked her foot and then ripped her boot off.

Her bare foot came back and Harry caught it before taking her down onto the ground. Both of them rolled down on the ground with each other. O-Ren intended to stab Harry, only to realize he had the advantage. She did tear the top of his battle uniform off in the process.

"Impressive."

That one word caused O-Ren to flash forward in the battle. She rushed towards him from behind. The two crashed blades together. He went underneath O-Ren and flipped the woman down to the ground.

Harry swept behind her and then put his hand on her waist to hold her into position. His hand came down lower between her legs and started to sweep through her pants. O-Ren's eyes clouded over in surprise before Harry took her down with one attack.

"A true warrior is prepared for any attacks."

The stimulation of her senses dazed O-Ren. "Fair enough."

Her entire body had been put on fire by that touch. O-Ren blocked out her desire and focused on what she needed to do. She flipped over and landed. One boot ripped off and Harry followed the progress of her toes against the ground. She aimed a kick but then landed on her back. O-Ren flipped over onto the ground. Her foot sole brushed against the crotch of Harry's pants.

The feared Cottonmouth rubbed Harry's crotch with her bare foot through his pants. Then, the next thing Harry knew, she wrapped her leg around him and flipped him down onto the ground. Turnabout was in fact fair play the moment she put Harry down onto the ground.

O-Ren reached around him and undid the front of his pants. She yanked his cock from his pants
and wrapped her hand around it. She tightened around the hardening member in her hand and started to roughly tug on it. She thought finally she found the Dragon's weakness or at least a chink in his armor.

Harry felt O-Ren's very intense handjob which manipulated every single last inch of his cock. Harry groaned at the feeling of O-Ren pushing her fingers down and tugging on his manhood. Each tug brought the blood out of Harry's hand.

She tried to stab him in the side of the neck. Harry blocked O-Ren and rolled her over onto the ground. He pinned her down where Harry was on top of her. Harry's mouth pushed onto O-Ren's with a kiss. He forced her mouth open and attacked the vicious warrior with a kiss. O-Ren's nails raked the back of Harry's neck. She would have drawn blood from someone with less sturdy skin.

Both of them pulled away from each other. Harry's cock still hung out erect and O-Ren's body suit slipped off to reveal the first few hints of her breasts. O-Ren charged at her, but Harry dodged the attack. He grabbed O-Ren around and then shoved her into the wall. He rammed his hard cock into the back of her leg which caused O-Ren to grow weak at the knees. Harry tore at the crotch of her outfit.

"It's all about stimulating nerve endings."

Harry shoved his fingers deep into O-Ren. He found the right pleasure point. His fingers pumped her pussy. The hand on the right side rubbed her clit and made O-Ren's eyes flood over. She allowed a gasp of pleasure to emit from her.

"Do you succumb?"

O-Ren's warrior spirit would not be denied. She fought away from him no matter how much pleasure she had. O-Ren pushed back, her pussy bared just as much as his cock was. She rushed to attack him. O-Ren leaped into the air and wrapped her legs around him.

The woman's thighs wrapped around Harry's head. She tried to smother him with them. Harry's hands did not make any attempt to pry her legs free. Harry instead started to stroke her legs which made O-Ren's concentration break. He moved over to where his mouth was lined up against her pussy.

'All's fair in love and war,' Harry breathed.

His tongue pushed against O-Ren's moist opening and forced her hips to buck up. Harry repeatedly and endlessly slurped her pussy from one side. He rotated his tongue up against her wet hole. O-Ren reached up and grabbed the back of his head.

Harry broke O-Ren's grip around his neck by eating her pussy. He pulled up and smiled, showing her the juices dripping down from his lips. O-Ren flipped up with a dagger in her hand. Harry caught her arm and spun around.

"That dagger is no match for my spear."

His throbbing hard cock pushed against O-Ren's tight entrance when holding her up against the wall. Harry's hard fingers shoved deep inside of her wet pussy. Harry pulled almost all the way out of her. His cock brushed against her tender thighs.

"Take me!" she begged Harry.

"I'm sorry," Harry said. "Is that a confession I'm the superior warrior?"
O-Ren kicked Harry off of the wall and she wrapped her legs around his body. The gorgeous woman slammed her pussy down onto his cock. The great Dragon's cock now entered her body. O-Ren wrapped her legs tighter around him and pushed down onto him.

Harry tugged open the front of her top, holding himself up. O-Ren tried to ride him down to the ground so she could be on top of him. While Harry appreciated her balance at riding his cock when they were both standing, Harry was not about to succumb to her.

The woman took Harry's big cock inside of her. O-Ren's eyes flooded over with lust. One of her nipples stuck out demanding to be touched and squeezed. Lust spread through her. She had to have this cock inside of her repeatedly. And she did have it inside of her repeatedly.

"And look, you're cumming already."

The state of O-Ren's body could not be argued. She had been forced to cum all over Harry's cock. The big engorged rod just slid into her deep and far as possible. Harry clutched her hip and drove O-Ren onto him. Her wet pussy closed around him and released Harry.

"Cum for me again."

Harry did not want this to stop. The divine woman bouncing on top of his rod rode Harry. Harry leaned against the wall and then spun her around. His cock pulled from her body just long enough to feel the loss. Harry repositioned himself and shoved his rod into her.

Blisters of pleasure came from O-Ren the further Harry drove inside of her body. Harry pulled out of her almost and then slammed himself into her. She grabbed his waist with a crushing fury. O-Ren's nails dug into the side of Harry's neck and into his back.

The powerful and strong woman submitted to Harry. She would never admit it out loud in those many words. Harry did not need a confession because O-Ren taking his cock was more than enough for Harry to get it. Her screams of Harry blasting his rod into her made things all better. He pulled out from her and then drove his huge cock into her tightening vice one more time. Harry groaned and then shoved himself into her one more time. The tip of his cock danced against her wet slit.

"Keep it up," O-Ren encouraged him. "Don't you...don't you dare stop fucking me!"

Harry had no intention to do anything other than keep driving his cock inside of her tight pussy. O-Ren wrapped her legs around him and took Harry inside of her.

He pulled out of her and left O-Ren dazed in more ways than one. Harry grabbed her juicy ass and squeezed it. He turned O-Ren around. Her leg extended out and Harry ran his hand down it. One leg bent back from behind and the other slid across the ground. Harry aimed his cock at her and shoved his manhood deep inside of the powerful crime figure.

Twelve inches of cock blistered her center. O-Ren took the cock of this legendary figure inside of her. Each thrust called to her pussy like some demonic whisper. The whispers compelled her to cum all over his big cock. Harry shoved his cock deeper inside of O-Ren and stretched her completely out. Harry pulled almost all the way out and shoved his big cock into her with one more hard push.

She spoke in a multitude of language. Harry could translate the dirty filthy verbiage coming from her. Harry's thick tool shoved as far into her as fast as possible. Harry put his hands on her back and buried as much of his cock. He went balls deep inside of O-Ren and caused her to tighten him.
One more orgasm before Harry went to town on her. He drove himself into her on a constant basis. The skilled hands of the warrior left marks in the wall. The deeper Harry went, the more she was feeling alive. His cock just made her feel something special. The energy cascading through her body came as about second to none. Harry pulled out of O-Ren and slammed himself inside of her one more time.

"Cum for me," Harry ordered.

O-Ren's entire body flared up with lust. She took everything the Dragon gave her. It was a mark of pride to take this every single step of the way. O-Ren's body sized up and then released her lust in several warm spurts of cum. Harry pulled from her and drove deep inside of her one more time.

"Again," Harry said. "I want to feel you moan again."

O-Ren did do just this. She moaned heavenly the deeper Harry plunged his cock inside of her. Her walls clamped around him. The fight had been driven out of the beautiful warrior just as fast as the man drove his cock into her. Every single thrust drove O-Ren over the edge. Harry pulled out of her and then drove his big cock inside of her tightening pussy.

"One more time."

The obedience of the woman had been surprising. She wanted to make him cum though. O-Ren's channeled the superior muscle strength against his organ. Every time Harry shoved inside of her, it was a feeling of burning lust throughout her body.

"One more time," Harry ordered.

O-Ren's entire body flared up. Harry now had her turned back around. He pressed against her. They touched front to front against the wall. Harry sank his big cock inside of her pussy. O-Ren's legs sank around Harry's waist. She tried to regain control.

It was beautiful to see such a strong woman become just another one who had fallen to the spear of the Dragon. Harry's fingers brushed against O-Ren's lower back. The faster he plunged into her, the more she snagged his cock. O-Ren pulled on his cock the deeper it shoved into her.

"One more time," she agreed.

O-Ren's clawing at his back had been more subdued now. It was only done out of complete reflex. Harry slammed his huge cock into her to jolt her back to life. It made her a more active participant.

The position Harry had her in shifted several times as time ticked by. The sun went down and came back up, with Harry still frantically fucking her. O-Ren wondered how someone like this could have such self-control. His testicles swelled with their seed and his member was pushed into her.

Harry touched her body and reduced the great Cottonmouth into little more than a mewling kitten, desiring more cock and more attention lavished about her beautiful body. Harry slid almost out of her and then touched his cock against her dripping slit.

"You have me," O-Ren said. "Finish me."

"Careful with that request," Harry said.

He winked and then drove his cock inside of O-Ren's tight pussy. O-Ren ensnared Harry and pumped him. The harder he went, the more she wanted him.
Harry enjoyed the feeling of being inside of her pussy. He knew, despite everything, the feeling was about ready to end. Harry drove deep inside of her. His balls bloated with an overflow of semen.

"I've won."

O-Ren did not really care about wins or losses in battle right now. She would deal with those consequences at another day. It mattered to her how often or how hard he allowed her pleasure. O-Ren moved against him on sheer instinct and took Harry's big cock into her.

Her body received one of the more explosive orgasms ever known to man. Harry rocked her with his hard cock. The womanhood stretched around him before Harry released himself from her pussy. He pulled all the way out of her and drove inside of her again.

"Here it comes."

O-Ren's entire mind shut down. Nothing other than feelings of desire came through her. Harry still had her in the tattered parts of her suit, not stripping her naked. It showed his dominance over the warrior and how utterly he defeated her.

One more time O-Ren came and then Harry drove into her. His balls discharged and fired his cum inside of her. Her hands wrapped around Harry's shoulder as he pushed her against the wall. Harry's face came across from hers when cumming, driving his seed repeatedly and constantly inside of her pussy.

"Good," Harry told her. "Good."

She kept cumming and bringing his bounty of seed inside of her. O-Ren saw the man dominating her so much through the haze of lust. It was not a subtle way of breaking her down in hindsight, but it worked just as well.

Harry pulled out of her and dropped O-Ren down to the ground. He put his foot on her downed body. He symbolized his ultimate victory over her. She lay against the ground with cum oozing from her pussy.

"Bring on the next challenge," Harry said.

End.

Next Chapter: 11/7/2017.
Perfecting the Mount (Franceska Mila Rose)

The tall dark-skinned woman dressed in the barest minimum of clothing stepped in. Her ample breasts spilled out of her top when moving forward to engage her partner who wore nothing other than a pair of tight shorts which left little to the imagination. They stretched as the first few hints of arousal.

Mila Rose took a couple of steps forward with a smile and moved to engage Harry. Harry caught her arm and the two of them grappled on the ground. Her hands found a grip around his muscular torso when putting Harry down onto the ground.

"I've mastered this," Mila Rose responded with a grin on her face.

Harry looked up to see her swaying breasts just inches away from his face. The chocolate delight came this close to sliding out of her top. Harry groaned against as she rubbed against him. Harry noticed his opening and decided to seize it.

"Just because you're on top doesn't mean you're in control."

Harry demonstrated by grabbing onto her ass which practically hung out of the shorts she wore. Mila Rose gasped when Harry grabbed her pleasantly round butt from behind. She ground against him even more. Harry took one hand and fondled her ass. The other hand reached up and relieved her breast from its confinement. He weighed the marvel in his hand. The breast was a lighter, almost milky chocolate, while her nipple and areola was a darker chocolate. Harry weighed them.

"Obviously custom made bras," Harry said.

He squeezed Mila Rose's breasts and made her thrash in pleasure on his lap. Her arousal grinded against his cock which kept poking out of the pants. Mila tried to gain control of the situation. She was on top of Harry, and yet he manipulated her through touching her breasts, ass, and legs. The skilled manipulations of the wizards fingers rolled over her.

"Oh! You think you're...really something!" Mila Rose yelled.

"I'm something alright," Harry said. "You want to know what I am?"

Mila Rose lost all sense of herself after feeling Harry's bulge grow through his pants. She turned around and relieved his cock from his pants. The absurdly long and throbbing cock came out. The ebony vixen wrapped her hand around Harry's big cock and squeezed the base of it. She leaned in with lips wrapped around Harry's head and started to suck on it.

"You are a gift," she said before slurping on his cock. "I can take the advantage too."

"Oh?" Harry asked.

She just smiled and took the head of his cock. Mila Rose boasted of the perfect lips to suck cock and it was quite the cock she sucked onto. Harry's manhood passed through her warm oral hole and went straight into her throat. The temptress pushed her hand against Harry's balls and gave them a steady squeeze.
Harry looped his hands against her hair and shoved more of himself into her mouth. Her mouth opened and shut for Harry to ram his rod deep inside. Mila wrapped her lips around Harry's hard cock and then pushed down onto him. He grabbed the back of her hair and rocked the inside of her mouth. The dark skinned goddess sucked Harry until she grabbed his bloated balls and gave them a very evident squeeze to show the lust she held for him.

"I can't wait to have all this," she said with a sultry grin while fondling his balls. "But, first….."

Mila Rose took Harry's testicles in her mouth and sucked on them hard. He groaned at the feeling of her magnificent mouth working him over all the way to the end. Harry grabbed the back of her head with her warm mouth edging against him and worshipping his manhood.

She pulled away from Harry and allowed his cock to spring back. Every inch of Harry's drop dripped with the woman's salvia. She pulled up and wrapped a hand on the underside of his penis before pulling it up to stretch up. The dark skinned goddess turned around and pulled her shorts completely down to show Harry a full view of her ass.

Harry enjoyed the view with the thickness and firmness of her gorgeous chocolate globes. Hands moved over to squeeze the ample ass next to him. The moans coming from the beautiful woman made Harry just want to squeeze her ass and then move down to feel the firmness of her legs.

Mila Rose closed her eyes and felt a burst of pleasure. Her nipples came out to be touched. Harry's fingers brushed her stiff nipples and started to rub them. She rocked back and came close to taking Harry's cock inside of her wet pussy. Mila Rose groaned when rubbing up against him. The heat emitting through her loins grew in very obvious insanity as Harry reached up to cup her nipple and give it a very firm squeeze.

She broke, needing the cock inside of her. Mila Rose performed the reverse mount and grabbed his cock. The white cock disappeared between her chocolate thighs. Mila Rose squeezed his hard cock in between her thighs and pushed down onto Harry. She rose up and then dropped down onto him.

The snug warmth of her delicious pussy ensnared Harry. Harry ran his hands up her back and then entangled around her hair. Mila Rose's entire body flared the deeper Harry pushed his cock inside of her.

"Oh, God!" she yelled.

"Mmm, I think I'm bigger than him," Harry said. "Any of them in fact."

The woman's eyes glazed over when rising and dropping onto Harry's engorged prick. She took it into her pussy nice and hard, wrapping her warm walls around Harry's cock. She pulled up almost all the way and then dropped down onto Harry to take him inside of her.

"Oh yes!" Mila Rose groaned when taking his cock inside of her. "Oh fuck!"

Those words sounded like pure music to Harry's ears. He cupped the bouncing tits of the woman and squeezed them. He moved down to touch her ass and then run down every part of her body.

The best orgasms ever passed through the vixen's body. Harry sent several miniature orgasms through her leading up to one big bang where she saw stars.

Harry grabbed onto Mila Rose's back and pumped his hard rod inside of her from underneath. She wiggled against Harry's cock and then released him. Her juices dripped down to allow him to go for her.
"I'm not finished with you yet."

Shudders of pleasure came down the body of the riding vixen. Harry tempted her with a few squeezes and then roamed down her body. Repeated orgasms fueled Harry's lust and her desire to see her squirm. He wanted more and needed a whole lot more from her.

"I'm not finished with you yet," Harry said.

Mila Rose sure as hell hoped he was not finished with her. His massive cock speared into her tight walls. Mila Rose rippled out onto his cock. She rammed deep down onto Harry's thick tool when it pushed deep inside of her again and again.

The constant barrage of orgasms rocked her entire body. Mila Rose grabbed onto Harry's thighs and pushed down onto him. She mastered the mount pretty nicely and the reverse-mount even more so. Her wet pussy grabbed Harry's rod and milked him. Harry put his hands on her lower back and made Mila Rose drive down further onto him. Her wet pussy closed around him and released Harry's cock with a huge pump.

She sent juices down onto Harry's massive prick. Harry grabbed her lower back and guided her all the way down. She started to lose a little bit of momentum. Harry only started to keep going on. He kept pushing and stretching the woman as she rode him.

Mila Rose's eyes glazed over at the next orgasm. Her dark body coated in a sheen of sweat. Her hair clung to her face and she bit down on her lip with a very passionate moan. Harry grabbed Mila Rose's backside and gave it a very firm squeeze.

"Keep it up," Harry said. "Keep riding my nice big cock. "It's good for you."

"Yes…it's very good," she agreed when bouncing higher and faster down upon Harry's prick. It shoved into her body and she realized it.

Harry's fingers touched Mila Rose's nipples and gave them a very firm squeeze. She rocked her hips down onto Harry and milked his prick with a few more steady rises and drops. Her warm pussy gushed all over him as she came again.

"Time to switch this up.

The divine lover dropped to her hands and knees with Harry now climbing on top of her. He felt up her body, squeezing her nipples and then running down her trim belly. Harry cupped the ass of his devoted lover and then ground against her.

She moaned with lust burning from her voice. Harry's big thick cock drove deep inside of the woman's tight pussy and then pulled out of him. The wizard planted his thick cock inside of her warm canal. His hands grabbed her firm ass and then squeezed it before spanking it a couple of times. Harry pushed into her as hard as possible.

Mila Rose exploded with a lovely feeling of lust as she came all over Harry's throbbing hard cock. He pushed inside of her with a couple of long and powerful thrusts. Her body rippled with each action and the actions were pretty divine. Harry pulled almost out of her and then shoved inside of her pussy. Each thrust brought him deeper and the thrusts grew firmer and more full of lust.

She thrashed underneath Harry's thrusts. Harry brought his cock almost completely out of her and shoved deep inside of her body. Harry pulled almost all the way out and shoved into her body from behind. His cock drove deep inside of her and stretched out the pussy of the divine treat underneath him.
"Keep it up and I just might go insane."

Harry kept running his hands over her and then slowed down a little bit. He whispered in a husky voice in her ear

"Go nuts."

The quantity of times Harry drove himself into her body had long since been forgotten. Her eyes flooded over and her tongue hung out of her mouth. Harry’s fingers ground against the ass of the gorgeous lady underneath him and then fucked her hard from behind. His balls drove into her.

Being fucked doggy-style was more alluring than Mila Rose would admit. Harry pulled completely out and touched his cock at the tip of her entrance. He rubbed up and down it before sliding inside of her. Harry's massive manhood drove into her body.

"Keep it up," Harry said.

Mila Rose had been stuffed completely full. Her entire body sized up and clenched Harry. Juices pumped out to allow Harry to go inside of her deeper and harder. Every second lead to her being put through the paces.

The two lovers indulged themselves in their lustful encounter for the next several minutes. Harry pulled out of her and then drove inside of the tight canal of this ebony babe. She grabbed onto the ground the further and faster Harry repeatedly planted his engorged rod inside of her tight pussy.

"Don't stop," she said. "Never stop."

"Cum for me."

She lost herself all over Harry's rod. His swollen head brushed against her pussy lips. Mila Rose clamped the ground hard the more Harry worked inside of her. She would feel devoid of anything worthwhile the second this cock left her. It was the type of power Harry Potter had over normally rational woman. The next orgasm came as fast and fluid as the last orgasm. Mila Rose's wet canal squeezed Harry and released her juices all over his manhood. Harry pulled from her and then drove deep inside of her one more time.

"That's my lovely lady," Harry said.

Mila Rose smiled as she received another orgasm as her reward. Harry stuck his cock inside of her and sent a fire through her nerve endings which could not be quelled by anything other than a constant series of thrusts from Harry's hard cock.

"Cum for me again," Harry said. "One more time and then it's my turn."

Would she finally get Harry's seed inside of her? Mila Rose rocked her ass against him. He grabbed her waist and pumped inside of her. His balls repeatedly bounced against the thighs of the sexy woman. Harry pulled almost all the way out and drove inside of her.

"Cum," Mila Rose said. "Mmmmm…you know how that drives me nuts."

There were just so many of those warm tits to grab onto Harry just could not know where to begin. Or where he wanted to stop if at all. And no, there was no question about it, he did not want to stop. He kept driving himself into Mila Rose with his balls growing heavier.

The swollen testicles danced up against the edge of her gate. Harry's fingers grabbed her nipples
and squeezed them very hard. Her sweaty body began to beckon Harry to drive inside of her. His balls kept dancing against her warm center with Harry pulling completely out and then slamming into her.

His cock bottomed inside of Mila Rose and then spurted the contents of his balls into her. Harry grabbed her thick ass and planted inside of her.

Mila Rose clutched onto the ground where Harry fucked her. She scraped up her knees a little bit from this position, but the gains far outweighed the pain. Harry shot his load deep inside her very accommodating pussy.

Harry pulled out of her the feeling of draining his balls having put him in a good mood. He leaned down and pressed against her back before whispering in her ear.

"And that's why you should not be satisfied by simply being on top."

End.

Know Your Captain (Demelza Robins from Harry Potter)

Demelza Robins took a couple of days to work up the nerve to do what she wanted to do. Sure, she had always prided herself of being a girl who knew what she wanted. Still, she was dealing with the one and only Harry Potter. There was an aura about the sorcerer.

The fifth year Hogwarts student stood out as one of the most attractive students of her year. Extremely pretty with chocolate skin which shimmered in the light. Her dark hair held a beautiful shine and rosy lips stuck out for the world to see. Nice breasts, a flat stomach, and an ass which caught the eye of many wizards, in addition to long legs. Currently, she slipped into a tight black robe which paid homage to the ample number of curves. One could also see the stocking bottoms poking out from underneath her robe.

What she wore underneath should blow the mind of the Boy-Who-Lived and Demelza wanted to blow a few other things. She puckered her lips and licked them, getting them nice and moist. Demelza waited and sure enough, Harry stepped through the doorway to greet her.

"Hey, Demelza, what can I do for you?"

That entire question was something which put a couple of naughty thoughts in her mind. Demelza smiled and put her hand on his shoulder.

"I want to thank you for choosing me for the Gryffindor Quidditch Team," Demelza said. "I know the competition was tough, but I always wanted to play for the team. And play alongside of you… and get to know you…because you're a legend out there. And not just because of your defeat of him."

"That didn't really stick," Harry said.

"Well, I think you can beat him again," Demelza said with a smile. "And I want to thank you."

"It's no problem," Harry told her. "You played well and…"

Demelza silenced him with a kiss. Her lips met his for a good thirty seconds before they pulled away. She peppered the side of face with kisses. The minx leaned in to his ear and whispered him.

"Why don't you sit down so I can thank you more properly?" Demelza asked.

The door behind them shut and locked so they could have no interruptions.

"I think that it's important to have an intimate relationship with your Quidditch Captain," Demelza said as she slipped off her robes. "Wouldn't you agree, Captain Potter?"

Harry smiled. "Oh, I think you might be onto something, Demelza."

She revealed her stunning body. The skimpy lacy top she wore only covered her breasts slightly, and came down, tied underneath them to reveal her stomach. Black thong panties covered Demelza's perfect ass. She looked quite stunning.

"Angelina and Alicia left a legacy which I have to follow," Demelza said. "And lets' face it, I'm
willing to work hard."

Demelza stuck her stocking clad foot on Harry's crotch. Her toes grabbed his crotch through his pants and released it. Demelza then stepped back and climbed on Harry's lap to straddle him. Her panty covered crotch ground against his pants.

Turnabout had been fair play with Harry reaching behind Demelza and grabbing a handful of her ass. She did have a nice ass. Then again, he was pretty sure it was a requirement to for Female Quidditch Players to have a nice firm ass. Gwenog Jones had been a living legend. Slughorn pulled Harry aside and told him that she really wanted to meet Harry.

To be honest, Harry would not be too opposed to meeting Gwenog if Slughorn could make it happen. He pulled his attention away from that ass, to this ass. He felt up Demelza's firm bum and took one of the cheeks in his hand. She smiled at him.

"Someone is being naughty today," she whispered. "I like this side of you. You should show it more often."

Demelza pulled away from him and faced away. She grinded said ass over Harry's crotch and evoked a pretty visible reaction.

"I never would have pegged Harry Potter as an ass man," Demelza said. "I guess you're full of surprises, aren't you?"

She squeezed Harry's bulge through his trousers and smiled before releasing him. Demelza turned around and grabbed the edge of his pants. She squeezed him and gave him a smile.

"Why don't we give your guy some room to breathe?" she asked Harry

A light grin popped over the face of the naughty girl. She undid Harry's pants and then had his large cock out of his pants. She marveled at the wand the Boy-Who-Lived was packing.

"It's true what they say," Demelza said. "The more powerful the wizard, the bigger the wand."

Her fingers clasped around Harry's prick and pumped it up and down. Demelza turned around and wrapped her ass cheeks around his prick. It extended and rolled between her ass only covered with a thong.

Harry's lust increased for this woman. He pulled off of the chair and grabbed Demelza before marching her across the room towards a desk in the center of the room. He had Demelza bent over the desk for a brief second. His cock ground against her lower back.

"You want to be a slutty little tease?" Harry asked.

"I want that cock," Demelza said.

Harry removed her panties and revealed her pussy. It was soaking wet. Harry guided his cock into her entrance and then disappeared between her dark thighs.

The thighs of the young Quidditch Player had been set ablaze by Harry driving his huge prick into her body. He pulled the cock all the way out of her and then shoved his huge cock deeper into her tightening pussy. Harry's manhood shoved into her body almost all of the way and then pushed completely out.

"You're feeling it now, aren't you?"
Demelza's dreams came true all at once. Harry's huge cock penetrated lips and drove into her from behind. She grabbed onto the desk.

'I'm being fucked by Harry Potter!'

That chant went through her mind like some kind of mantra. Harry's hands pushed against Demelza's back. The deeper he plunged into her, the more prominent this chanting had gone. Harry's thick balls brushed against her.

Harry drove into the body of the accommodating girl. The fifth year's warm clenching made ripples of pleasure push through her. He grabbed her and rammed inside of her. Demelza bent over the desk.

"You're getting the plowing you deserve," Harry said after groping her ass.

Demelza was proud of her ass and the more Harry grabbed it, the more she got off on it. She moaned and encouraged the older student to keep pawing her ass and drilling her pussy. She grew even more hungry for the pleasure and more importantly hungry for this thick cock to keep plunging its way inside of her tight and willing pussy. The tip of the cock touched Demelza's entrance and pushed deep inside of her.

She was cumming, and Harry wanted to speed up the process. His thick took rubbed against Demelza's warm lips and then shoved all the way into her. His balls brushed against her thighs the further Harry pushed inside of her and then pulled out of her.

"Go ahead, honey. Cum for me again."

Harry's huge cock stretched Demelza and made her see stars. She saw more than stars, she saw entire constellations the more Harry plowed into her tight body. Her thighs closed around on Harry and he pulled almost all the way out of her before driving inside of her body.

"And again."

She came again from Harry. Harry pulled out of her and left Demelza clinging onto the desk for dear life. Harry pulled her up onto the desk and turned her around. The ebony-skinned athlete shined with sweet. Harry's hand brushed against her thigh and moved up to kiss her lips one more time.

He stroked Demelza's pussy while kissing her. The fabric of the top strained against her melons. Harry pulled it down to reveal her sweet tits. Harry grabbed them and kissed her even harder. Demelza's eyes flushed over the minute Harry wrapped his tongue around hers. Demelza succumbed to him.

She was ready for more cock and ready to have it now. Harry danced his finger against her pussy lip which caused Demelza's breathing to increase. It had not been that shallow at all. It in fact had been very frantic and hungry. She had been hungry for his cock. And Harry intended to give it to her.

The two laid on top of each other engaging in a very steamy makeout session. Harry enjoyed the feeling of Demelza's hot body squirming underneath his. Her nipples stuck up to be shown a proper amount of devotion. Harry squeezed then and made her gasp and squirm underneath Harry's touches. Harry ran his finger over her nipple and made Demelza's entire world spin around.

"I have you," Harry whispered in her ear. "I have you."
Demelza wanted him to be honest. She was not going to argue in this position. Her thighs spread apart and his cock danced against her entrance.

Harry lifted her legs up in the air and then slammed deep inside of her gushing center. The tip of his cock brushed against her warm slit before pushing down into her one more time. Harry felt the back of her legs on the way down and lavished them with kisses. He pulled back up to suck on her toes and cause her to gasp.

It never crossed her mind how good it felt to have her toes sucked when fucked. Demelza had been shown that and the point of Harry's cock as it repeatedly drove down into her pussy. She stretched around Harry and took him inside of her. Her entire body flushed the second his cock drove inside of her. Harry pulled almost all the way out of her and then came down with a huge cock plunging into her tight body from above. Harry gripped her thighs and worked inside of her a little bit more.

"You have me," Demelza agreed. "Oh, fuck!"

"Mmm, your toes taste delicious."

Her hips jumped up at Harry sucking on her toes. He moved down to touch her legs as well. Demelza's entire body quivered at the touch. He kissed the back of her ankles and as far down as the Quidditch Captain could reach. Demelza learned a few new things about the spots on her body which brought her the most pleasure.

"Just wait," Harry said. "Just wait."

Harry plunged his cock deep into her. Demelza's tightness enveloped him. The warmth surrounding his cock only made the young girl more delightful. He should not neglect her breasts, no matter how amazing Demelza's legs and ass were.

The woman underneath Harry jumped up a few inches and took more of his cock inside of her body. She stretched underneath Harry. Every time Harry plunged into her, she felt a huge rush of energy cascading through her body. Harry pulled out almost all the way and then slammed into her depths. He stretched Demelza's wet pussy out with a few hard thrusts going further and faster inside of her.

She screamed out a word which Harry was sure intended to be his name. The tone had gotten strangled and she just opted for some sensual moaning underneath him. Harry pushed deep inside of her body while also reaching and fingering her asshole getting it nice and worked up.

"You didn't think we were leaving without going there."

Demelza sure hoped not. She dreamed of Harry's big cock shoving into her delicious ass. The tightness of the dark-skinned teenager squeezed and released Harry. His prick received a huge going over the more he plunged into Demelza's tight body. Her gushing center worked its way up and then came down.

The next orgasm led to Harry's resisting collapsing. He pushed deep into Demelza, his body pressed against hers. Her hard nipples dug into Harry's chest. He cupped her breasts and caused her legs to instinctively scissor around Harry. Harry lifted himself up out of her and then drove deep into her body. His balls sized up a second later and then drove into her body.

The flood of cum came on next. Demelza's eyes shifted back as her mind had been blown by what happened. His fingers pushed down her legs and made her cum even harder than he did. Their juices intermingled together the deeper Harry pushed into her.
The feeling of release happened and Harry's cock softened for a brief second, although not for long. His eyes were on a different prize than her tight pussy.

The two lovers kissed with Demelza shifting just enough for Harry to get a better access to her ass.

"You've never had anyone fuck your ass?" Harry asked.

"No," Demelza said. "I've been saving it for someone who is worth it."

Harry loosened up her asshole with his finger. She closed her eyes and felt his moist digit shoving into her. Harry pulled out of her. Her asshole opened up, pink and inviting. The dark bun surrounding Harry's white meat would make a pretty exotic contrast.

He touched the back of her asshole and then shoved deep into her from behind. Harry's manhood edge its way deep inside of the beautiful puckered hold, clutching her hard as he went inside.

"You're Chaser Material alright," Harry groaned when pushing into her ass.

"Good thing too," Demelza breathed.

So, he had been involved with Katie, Angelina, and Alicia, that was interesting, but not surprising. It was really not surprising. And the girls had been treated well. Harry's hard cock plunged deep into Demelza's dark booty. She received a huge thrusting deep inside of her. Her asshole clenched around Harry's hard cock and then almost pulled all the way out.

Harry pumped into the tight ass around him. He would not have lasted long without the practice she did. You needed a toned ass to be able to sit on a broomstick for hours at a time. Harry thought it was a damn good thing Yoga was one of the inventions that crossed over to the Magical World. Demelza worked hard for her ass and Harry worked her ass hard. It was a good mutual exchange.

She thought it was getting close to time to passing out. Harry rammed his cock into her tight ass and then pulled of her before going all the way back inside of her. His cock brushed against Demelza's asshole and then worked back inside of her again.

"Getting close," Harry said.

Invisible fingers sent a jolt through Demelza's clit. The chain reaction caused her to come all over herself. She came even harder yet with Harry slamming deep inside of her tight ass from behind. Her cheeks squeezed Harry from behind the further and faster he rammed into her.

She held on to Harry. The touch of his hands on her ass made her burn up with excitement. She wanted the seed spilled into her tight back passage.

Dreams did in fact cum true as Harry Potter drove his hard cock into her and his balls sent their creamy treat inside of her. He plowed Demelza's ass like it owed him gold. Each attack drove his cock into her.

"Oh, shit, I hope I can sit on a broomstick tomorrow," she bemoaned.

Harry grabbed her ass and drove into her. His balls discharged more of their treat inside of her. Harry finished up spilling his load into the tight ass of the divine woman before him.

He left his mark on her and her ass. Demelza pulled herself up and smiled at him.
"Don't go too far," Demelza said. "I think I got my second wind."

She put her legs behind her head and showed a great deal of flexibility while the chocolate vixen fingered her slick lips. Athletes, Harry had to love them and their stamina. She moved over to helpfully clean his cock up for Harry to have it inside of her pussy once again.

End.

Next Chapter 11/10/2017.
Caught Out Back

Molly Carpenter stormed out back of the club after being denied entry through the front for being under twenty-one. Apparently, it was because of the fact there were laws against drinking under the age of twenty-one and since the club served alcohol, that under twenty-ones were not allowed in the club.

Nineteen years old, and the law in the United States said she was old enough to take part in voting in a democratic device. Apparently, making decisions about who was best to run the country required less maturity than deciding whether or not you could handle a few drinks. The sounds of a party inside of the club came in.

The woman ran her hands through her blonde hair with the pink and blue highlights adorning it. The nineteen-year-old would find a way into the club, even if she had to do something potentially illegal. She moved into the back alleyway of the club. The alleyway actually had been relatively clean which surprised her. The smell of urine, alcohol, and anything else nasty did not penetrate her nostrils.

"Come on!" Molly yelled trying to force the door open. "Are you really going to do this to me?"

"You know, it's highly punishable by law to break into a business in this city."

Molly whirled around completely and was about ready to make a snappy comment in response. She came face to face with a tall handsome man with vibrant green eyes and messy man. He was well built, dressed in a shirt and a pair of blue jeans. Molly found herself eating up the eye candy.

"I think this club is bullshit," Molly said. "I wasn't going to get drunk up to my tits in this club….I have a few things to say to the owner if I saw his smug ass face."

"What would you say to him?" the handsome stranger asked.

The girl put her hands on her hips and stared straight at the handsome stranger. "Well, I'd tell him how his bounces are assholes for one thing. They make me show my ID and tell me that I'm just some kid, and I should beat it. The drinking age in this country is such bullshit anyway. Twenty-one, are you kidding me? If I'm old enough to vote, I should be old enough to drink as well."

The handsome stranger put a hand on her shoulder.

"Sorry, I was just looking forward to seeing this place after I heard it was…well after I heard about how it was," Molly said. "I guess they must have had some problems, but still, kick the problems out, don't spoil it for everyone."

"I'm sure he had the best interests of everyone in mind," the stranger said.

"So, do a lot of people," Molly said. "It doesn't stop them from making these unfair rules. I tell you, this Harry Potter thinks he's something, doesn't he? I'm sure he has woman fawning over him, but…he has nothing on you. You seem like a decent enough guy….you're kind of cute to be honest, if you don't mind me saying."

"Not at all," he said. "I never turn down a compliment especially from a pretty girl."
Molly gave herself a smile. She put a hand on his, fully aware of how much trouble she could still get into for trespassing.

"My name's Molly, Molly Carpenter," she said. "Check my ID, everyone else has today."

Harry smiled at her. "My name is Harry Potter."

This caused Molly's eyebrows to raise and she stepped back. "You're kidding me, right?"

She talked bad about the owner of the club to his face while also opening the club. Harry opened the back door of the club and motioned for Molly to follow him inside.

"Look, we can really talk about this," Molly fretfully stated. "I was...well, I didn't...you know."

Harry just motioned for her to go down the hallway into his office. Molly dragged her feet behind herself and took a deep breath. She supposed it would not do much good to mutter out a frantic apology to him now. She bit on her lip and sighed.

"I know you were," Harry said. "Still, you shouldn't have been breaking into the back entrance. That's a security violation. And how old are you?"

"Nineteen, sir," she said. "But, I think...I think you're just...it's not like I broke into the club. Technically, you could only get my on an attempted B and E, can't you?"

"Maybe," Harry said. "But, your intent was there. And I'm afraid that a nice girl like you needs to be taught a lesson."

Molly slipped off her jacket and sighed. The black tank top she wore stretched over her chest and rose up a little bit to show her pierce navel. The tight leather pants hugged her hips and ass just as nicely. She noticed the owner of the club looking at her.

"Maybe, you should teach me a lesson," Molly said. "And maybe you shouldn't get the cops involved. Maybe you should teach that lesson personally."

The younger girl put her hand on Harry's cheek and then grabbed her other hand. She took a moment to grab Harry's arm and then loop it around her back. Harry looked her in the face.

"This is highly inappropriate, Ms. Carpenter," Harry told her.

"Oh, come on, it's not like you weren't thinking about fucking me from the moment you saw me," Molly said. "And besides, I can be a good girl if you can teach me to be one."

Her tone caused Harry to stiffen a little bit. He moved his hands to access more of the creamy flesh on her body. He squeezed Molly's ass and leaned in to kiss her. Hard, and she kissed him back, just as hard.

Molly's entire body came into one thought and one thought alone. She really needed to get laid and maybe if she did a good enough job, she could get off the hook of the entire breaking and entering thing.

Her shirt pulled off of her body. Molly's deliciously perky tits contained in a bra had been revealed to Harry. Harry rolled his hands down them and caused the girl underneath him to give out an indication of her pleasure. Harry kept tracing patterns down her.

"Those pants must be pretty tight," Harry said.
"So must yours," she fired back. "Why don't we help each other?"

Molly undid Harry's belt and pulled his jeans down past the growing bulge. The bulge stretched on the other side of the boxer shorts. Molly leaned in and kissed the tip of his head. She pulled his pants down and took a minute to make sweet love between her lips and the tip of his cock.

The intensity of the girl who started to blow him made Harry feel grateful she tried to break into his club and more importantly, he caught her. Molly's tongue performed sinful art all over his length and her lips, her lips were beautiful and stunning.

"My turn," Harry said after Molly let him go. "Those pants are getting pretty hot by now, aren't they?"

"You have no idea," Molly said with a small smile.

His hands rolled down her body to reveal the lacy black thong underneath. Harry dipped his fingers between Molly's delicious thighs and then pulled back from her. Her creamy and lovely legs spread for Harry. Harry moved up and touched her to cause whimpers.

"Navel piercing," Harry said. "You must really like it hard."

"Mmm, you should be more than up for it, baby," Molly said. "And you should see my other one."

He saw a couple of visible piercings in Molly's ear. Curiosity came forth and Harry pulled her breasts out. Her right nipple had been pierced. Harry tugged on the piercing lightly and caused Molly to break out into a moan. His other hand slid down her thong and started to rub her. Molly only thrashed around on his desk.

"People could hear this," Molly said. "What would they say?"

"They would say that Potter is conducting business as usual."

Harry kissed down her body, paying extra to her navel. He moved down to suck on the woman's inflamed clit to heighten her arousal. Harry moved back around and motioned for Molly to move over.

"I want to see that ass," Harry growled in her ear.

"Oh yes, such a charmer," Molly said.

Molly returned over and exposed her inviting pink hole to Harry. Harry ran his hand down and then spanked her hard on the ass. Molly closed her eyes and let the pleasure jolts just explode through her body. Harry spanked her a couple more times to leave her ass raw.

"Stand up," Harry said. "Get up against the wall and spread your legs….back first, facing front."

The girl obeyed the words of her older and stronger lover. Molly Carpenter spread her legs against the wall. Harry looked at the blonde hair coming down in a strip between her legs with a smile. A loud click echoed and Molly was handcuffed to the wall with her legs spread. He left her legs unsecured for now.

"How did you do that?" Molly asked. "I didn't even see you pull….them out…."

Harry sucked on her pierced nipple and explored her hot and very willing body. Harry came up closer to cup Molly's face and kiss her perfectly suckable lips a couple more times.
"It's simple," Harry said. "Magic."

"A wizard named Harry," Molly said dryly. "I don't believe it."

His fingers pushed deep into her pussy and teased her. Harry's cock dragged on the inside of her right leg. It was like she was getting nudged in the leg by a sharp stick. And the stick made Molly's lust for him increase. Her nipples hardened so much they could cut through glass.

"I'm going to fuck you," Harry said. "Nice and hard. And you're going to like it."

"I'm already liking it."

The matter of fact way this powerful wizard laid down what was going to happen to her made Molly completely gush. She was going to like it. Harry's fingers touched Molly's thighs and just made her gush in delight from him. His cock moved up and came closer to slipping inside. Molly could only lift her legs up against him.

He touched her legs and Molly never knew how sensitive certain areas of her skin were until he touched them. Harry edged into her and then slammed his cock into her body.

Molly knew she would like it rough and his cock shoving into her as hard as possible made her excited. His balls slapped against her.

"I'm sorry, you are all that!" Molly groaned. "Fuck me, you magnificent fucking bastard!"

Harry slowed the tempo to make her want it even more. Molly's eyes burned over with the lust just increasing. The second she started to cry out for more was the second Harry gave her more. He ran his hand down her front and played with her piercings. They conducted energy through them to send blasts of pleasure through her body. Harry pulled out almost all the way and shoved his huge cock into Molly's soaked quim.

Molly's eyes almost rolled back in the back of the head. This was one of the best feelings of her life to be stuffed with Harry's big cock going inside of her body. Harry pulled almost out of her with his thick tip resting on her swollen lips and he shoved of her.

"You're getting me off. Oh you bastard!"

Molly squealed in his ear in delight when Harry pushed into her. His balls slapped Molly's plump things with an increased series of thrusts. Harry pulled completely out of her all the way and rested the tip of his cock against her entrance.

The next thing she knew, Molly had been flipped around. A mirror off to the side allowed Harry to see every delightful expression on her face as she got fucked from behind for the very first time. Harry's hard cock plunged into her tight body.

"You naughty bitch," Harry said. "I wonder if you snuck into my club purpose, hoping to get caught."

Harry sucked Molly's ear and nibbled on it. The metal from the piercings conducted magical energy and inflamed her nerve senses even more. Harry plunged himself into her harder and faster. He nearly left her and left her hanging before pushing back into her.

"Treat me like your personal fuck doll," Molly growled at him. "Treat my pussy like it's your cum dump….FUCK ME UNTIL I PASS OUT!"
The language on this girl, and Harry could not be happier. He spurred on the deeper into her.

"You always knew you would fuck me someday," Harry said. "I wonder how many times you laid awake masturbating about me. Wanting my cock!"

Push, push, push, went Harry's cock. Molly almost collapsed in a fit of lust the deeper Harry's cock drove into her body. Harry pulled all the way out of her and rested his tip against her lips before shoving back into her one more time. Harry's hand clutched her juicy ass and spanked it.

"Want it! Need it! GIVE IT!"

Harry bottomed out inside of Molly stretching her from behind. The rough wall banging while handcuffed really turned on the feisty girl. Harry hammered the point home into her. Her pussy received a heavy stretching the deeper Harry pulled out and drove back in.

"Time for you to cum for me," Harry said.

"I'm going to….oh, I'm going to squeeze….you dry," Molly gasped.

She found it very hard to think now much less speak in anything resembling a coherent language. Harry brought his cock inside of her. His thick tool stretched Molly's wet pussy and pulled away from her. He then was back inside of her. His balls left their mark all over her thighs.

The handcuffs dug tightly into Molly's wrists which only turned her on. She looked into the mirror and opened her mouth. She licked her lips knowing fully well Harry could see it. Harry leaned in and dug his nails into her waist to plunge deeper into her. His cock pushed into her inner boundaries and made Molly almost lose herself in the field of lust.

"Squeeze me dry, Ms. Carpenter," Harry challenged. "Milk me dry!"

Time ticked by as Harry extracted the only payment for an attractive girl trying to sneak into his club. She was not the first under twenty-one to find herself in this position. Molly's walls tugged on Harry and started to milk him. Harry pushed his way inside of the woman in front of him. His balls slapped her thighs the deeper and faster he went inside of her.

"Go ahead," Harry told her. "Cum for me."

Molly's walls clamped down onto him and saturated him. Harry pushed inside of her. The willing participant in this sexual misconduct knew, just like he knew, that it was time for him to cum.

Harry grabbed her and pushed his cock into her from behind. His balls discharged their creamy load into her pussy. Harry came inside of her as Molly thrashed against the wall. The deeper Harry pushed into her the more cum pushed into her.

A huge amount of seed spilled into Molly. The cuffs had been undone, and Harry pulled Molly over. He sat on a couch, and held her into him. Her body pressed against his with Harry wrapping his arms tightly around her.

"I'll make you a deal, Ms. Carpenter," Harry said. "I'll give you special permission to go into my club. You promise not to drink until you turn twenty-one and keep your nose clean."

"That isn't a cocaine reference is it?" Molly asked. "Because that's disgusting."

"Good to see you agree," Harry said. "And should I request it, you will join me in my office. And I won't tell the cops about your little escapade."
Harry smiled at her.

"Do we have a deal?"

"Deal," Molly said. "How about we suck on it?"

Molly Carpenter flashed her new guy a smile. Then, the girl made her move. Her mouth found its way around his cock. They always took the deal. Another one added to his rotation. Harry laid back and enjoyed the blowjob from the naughty girl.

End.

Next Chapter: 11/14/2017.
The magical forest drew many people to a certain location. The song of the forest drew Harry Potter just as much as anyone else. The powerful wizard moved over. He had a feeling that something wonderful will be found tonight. Harry wore a jacket over his clothes. Yet, despite the wind blowing in his face and it being bitingly cold, Harry noticed nothing other than a distinct amount of warmth.

"That's magic for you," Harry thought to himself.

Whispers came through the forest. Harry could hear them get even clearer the further he stepped into the forest. The tone of "come closer" beckoned him even further. Harry walked even more into the forest. He heard the tone and now Harry stopped short.

Perhaps it had been paranoia setting in at one of the worst possible times. There was something about this entire forest mess which caused Harry to tense up. His nerves heightened. Skin crawled with anticipation.

"Who are you?"

A figure stepped out of the bright light. She looked very stunning when approaching Harry. The beauty both blew him away and blinded him. Harry could think of a couple of other clichés dealing with beauty if she had not been so glamorous when standing in the moonlight.

Harry drank in the vision before him. Dark hair shined in the moonlight. Pointed ears added to the woman's allure. A beautiful face which could stop men's hearts with perfect lips and dark soulful eyes added to the woman's beauty. Her curvy body showed up a lot as well. She wore the barest minimum of clothing as well. A tight black bra stretched against her large chest and showed her flat stomach off. The tight shorts on the bottom also stretched against her at a certain point. Harry came down to her perfectly shape large chest.

"My name is Elune," she said. "And you have been chosen as a champion of this forest."

The divine figure stepped forward. Harry's heart almost stopped when she approached him. A sway had been put into her hips which only grew. The Elune's scent intoxicated Harry and made him step forward. She stepped in and put a gentle hand on his shoulder.

"I'm glad you trusted me enough to come," Elune said. "Such valor and such determination deserves its own reward."

The woman lead Harry deeper into the forest and into a clearing which could only be described as a makeshift bedroom. She sauntered a little bit closer to the center of the room.

"Take off your jacket and the rest of your clothes and step into the spring," Elune said.

"What for?" Harry asked.

"So, you can relax," Elune said. "Please."

The tone of politeness made Harry want to relax just for her. He stepped towards the pool and
stripped off his clothes. Harry caught Elune looking over at his body appraisingly. She smiled and liked what she saw by the looks of it. Harry stepped into the water and already, the tension in his body loosened a little bit.

"Let me join you."

Elune stripped off her top and dropped it to the ground. Harry could take a glimpse at her round and beautiful breasts. Elune moved down to undo her bottoms and reveal a very tight and juicy looking pussy. She cleared her throat when catching Harry looking at her.

"You're beautiful," Harry said.

"You're kind," Elune said descending into the water. Their bare bodies were surrounded by nothing other than water. Elune's feet rested up against Harry's lap and she could feel something growing against him. "You can touch them. I'm giving you my full permission to do so."

Harry did what any other man in his position would do. He reached in and took ahold of her chest. Elune's eyes faded out as Harry touched her ample breasts and gave them a couple of squeezes. Elune sighed in response and enjoyed Harry feeling up her chest. He played with every square inch.

The beautiful night elf enjoyed the powerful man touching her chest. She coaxed him into touching certain spots. Harry leaned in and surprised her by a kiss. Surprising it was, the kiss was not entirely unwelcomed. Elune's tongue dug deeper into Harry's mouth. Their tongues invaded each other's throats with plenty of give and take.

A stiffening length hit Elune in the thigh in the pond. She closed ranks and climbed on top of Harry. Those juicy thighs wrapped around Harry's waist as she quickly moved into position. Her tongue danced against Harry's mouth and lips before pulling back.

"I think I'm going to have to do plenty of other touching."

The sexiness in her voice coupled by Elune's hand traced down Harry's abs and then, with another motion, she shifted down. Harry's cock stood up proudly. Elune wrapped her warm hand around his member and tugged on it to get him harder. His massive prick stood up higher and prouder.

"That looks like it needs some attention," Elune said.

"I'm sure you have the right mouth for the job," Harry responded.

"I just might."

She winked at him and kissed Harry's mouth. Several playful kisses came down Harry's mouth and peppered the side of his face as well. Elune's nails dug down Harry's side. His cock poked out from the top of the water. Harry lifted up to allow her better access to his manhood. Every kiss connected.

Harry closed his eyes. Her hair was soft as silk. It brushing against the tip of his cock as she edged down made Harry jump up. Harry looked down and noticed those beautiful eyes widened. Elune's mouth captured the side of Harry's cock and rolled up. She took a few inches of cock into Harry's mouth and then sucked on it.

"You're amazing," Harry groaned. "You're perfect…you're wonderful!"

Elune sank down a little bit deeper onto him. A good chunk of cock slid into her mouth from
below. Harry's nails dug into the side of her head and sank the manhood down into the back of her throat. Elune's mouth closed up and she sucked on him hard.

She took him into her throat without any problems. Harry rose up and drove deep into her mouth. Elune's eyes closed forward as she pulled up.

"I can taste you any time," Elune said. "I want something else entirely."

Elune crawled onto Harry's lap and pulled out his cock. She ran the head down her sensitive stomach. Harry looked like he approved of this action. The head guided closer towards Elune's wet entrance. She pushed back and then teased sinking down on her.

"Enough teasing."

Harry took charge and Elune throbbed at the thought of a man taking charge with her. His cock head brushed against Elune's entrance and came an inch away from going inside of her. Elune closed her eyes and took Harry's massive manhood about three inches of the way into her. Only a fourth, but Elune wanted even more of it so much.

The amazing thing was Harry's cock already felt like it was being worked completely over. More of his cock entered deeper into her pussy. The deeper Harry went the better it felt. His hands rested on her back.

"Oh, I'm glad I didn't ignore your calls," Harry said.

"We wouldn't be doing this if you did," Elune said adjusting the girth going inside of her. The Night Elf Goddess came down onto his hard cock as much as possible. It filled her body completely.

Harry adjusted to her coming down onto his mighty tool as well. Elune's thick, juicy thighs formed a nice little seal around Harry's cock. He reached behind Elune and pushed more of her down onto his cock. Elune rose up and sank down with a repeated series of rises and drops. Her nipples stiffened and allowed Harry to grab hold of them. He touched them and made her moan.

"Fuck," Harry said.

The two lovers established a tempo. Harry pulled up and then sat on the edge of the pool. It actually gave them more leverage. Elune sunk down onto Harry. Juices splattered his hard cock. The couple's energies mingled together the deeper Elune brought Harry inside of her.

The first hint of a real orgasm came through. Elune popped her tight walls around Harry's engorged tool and put her wetness all the way down onto him. She slid down to Harry's prick and indulged herself in the heavy bouncing. Harry cupped her breast and squeezed it. Elune's eyes shifted a little bit more as Harry pulled on her nipples.

"So…good!" Elune yelled. "SO GOOD!"

She popped down onto the base of his cock to take even more of Harry inside of her body. Harry groaned at the feeling of the cock going inside of him. Harry penetrated her as deep and fast as humanly possible. His balls slapped against her with each thrust.

Elune's body shook. She sensed Harry would be this good. He not only had a large cock, but he knew how to use it. And also knew how to use his mouth and hands. His hands squeezed and touched her legs. Energy jolts shut through Elune's loins the deeper and faster she came onto his big cock.
Those breasts though, the purple mountains stuck out with nipples of a lighter color. Harry reached up and tasted her skin. She tasted of berries, of the sweetest berries. Harry indulged himself on her chest. Her large breasts smashed into Harry's face.

"Continue," Elune said. "Don't…stop…don't ever stop."

Lust spiraled out of control with what Harry was doing. Wonders beyond Elune's wildest imagination came in. His mouth lavished such a tribute onto her breasts she could not stop going at him like a wild animal. The goddess peaked and crashed all the way to the air.

Harry enjoyed the feeling of her slick walls just closing their way around him. He reached in and grabbed Elune's ass before squeezing it as tightly as possible. Her bouncing just increased with each moment she rose and fell onto his huge cock.

"Cum for me," Harry said. "Do it."

Elune had no idea when exactly all control had been lost. She rode Harry for everything he was worth. Every inch piercing her tight body felt good. Her skin flared up with energy.

'I chose well,' Elune thought in a daze.

His fingers touched Elune's nipples and made her size up. Elune clamped around him and came extremely hard. She thrashed up and down to drive him.

"You're a gem," she said. "They don't come along that often."

"Well, you're going to cum very often."

Harry took complete mastery of the body of this goddess and made her lose herself to slick and delightful passions. Harry took his hand and placed it on her lower back. Elune bounced up higher and dropped down just as hard. Her body flared up every time she drove down onto him.

"You're going to cum as often as I wish," Harry said. "And as many times as I wish."

"Yes," Elune said. "You are my champion! And I should pay tribute to you!"

Elune slapped down onto Harry. She took everything this man held. Elune enjoyed the feelings which he brought her. His hands touched Elune's back and dragged her into position. She slid down onto Harry in an instant and stretched herself out on his thick cock.

"Pay tribute all you want," Harry said. "Just make sure to cum often."

Juices coated Harry's cock and allowed him to go in. His balls were getting very heavy. Heavier in fact the moment he slid into Elune's tightness from the ground. She grabbed Harry's cock and squeezed it between her vaginal walls. She pumped up and sank down again.

Each push of her pussy against him made Harry want to lose it. He also never wanted to stop fucking Elune as hard and as often as possible.

Elune sank her nails into Harry's shoulder. Her very vocal orgasm triggered one of Harry's own. Harry spilled his seed inside of her.

Her walls had been painted wet. Elune thought most men would be done down. Her champion on the other end started cumming and he kept cumming. He kept shoving his cock into her body on a repeated basis.
Harry saw everything around him. All of the wonderful elements of life just flashed before his eyes. Her slick walls pumped the juices into her. The inside of her body received a full semen blast and had been bathed in a never ending series of Harry's juices.

Elune rose up to her feet and touched the tip of Harry's cock. She leaned in and planted a kiss on the cock head and very light flicked her tongue against him. She turned around and walked across the short length to the other side of the pond. Harry caught sight of her thighs dripping with his white juices.

"Follow me," Elune said. "The next step of our journey begins. And there will be many more tests of your strength and your stamina."

She turned around to squeeze Harry's package. The naughty Night Elf smirked at him.

"I think you're up for it."

Elune sprung his cock back and it stood up firm. She turned around to purposely bump her ass against Harry's cock before leading the way.

---

**End**

A gorgeous goddess dropped down against the bed with red hair flipping against her. Her green eyes flashed open. The red gown covered her body. Despite being many centuries old, the woman resembled a fit woman in the very prime of her life. Nice large firm breasts, a flat stomach, nice hips, and long dazzling legs. Her toes curled against the air when she took in a couple of deep breaths.

'I'm going to kill him.'

Lorelei of Asgard realized what happened. She was going to kill the old man for what he done. She turned around and noticed another woman. Her blonde tresses came down her face with stunning blue eyes and lips which even Lorelei felt compelled to kiss. There were very few women with a stronger allure than Lorelei. Aphrodite, the goddess of love was one of them.

"You're disoriented," Aphrodite said. "I knew I would find you eventually. Lorelei. Or do you prefer Audrey? Or Rosalie? Or one of the other numerous aliases she was?"

Audrey Evans was a librarian who had been courted by a handsome billionaire named Herb Evans, who was a widower, with a young daughter Petunia. They had two children, Lily and Rose. After her father's death, Petunia grew estranged from her sisters and shackled up with that awful Dursley man who Audrey never liked, and neither did Herb.

She died a year before Lily had been attacked. Days before her grandson was to be born, and Audrey, Lorelei, whatever she was, had returned to Asgard. She had been under the impression that her time had been served and it was time for her to return back.

The real punishment was being ripped away from the family she built, from her daughters, from her grandson, and from everyone else. Lorelei’s eyes shifted back.

"I'm going to kill the old man."

"Are you referring to Dumbledore or Odin?" Aphrodite asked her. "Because you have my sympathies either way."

Aphrodite thought it would be best to lock Odin in a room with Zeus. The two would drive each other nuts over time she was sure. A second passed as Lorelei paced across the floor.

"Fifteen years of time with my family he's robbed me," Lorelei said. "I could have saved Lily, if I had known what I was capable of."

"You still can," Aphrodite said. "Lily is trapped in limbo. No magic has been able to restore her soul back to her body. She's preserved at Castle Peverell."

Lorelei took that information at face value. She moved across the room and stopped. The presence of the party who entered the room just blew Lorelei away. He stood tall with dark hair and dazzling green eyes which stunned Lorelei and took her breath away for lack of a better term.

"Harry, this is Lorelei," Aphrodite said. "She was…."

"I'm going to kill him.'

Her blonde tresses came down her face with stunning blue eyes and lips which even Lorelei felt compelled to kiss. There were very few women with a stronger allure than Lorelei. Aphrodite, the goddess of love was one of them.

"You're disoriented," Aphrodite said. "I knew I would find you eventually. Lorelei. Or do you prefer Audrey? Or Rosalie? Or one of the other numerous aliases she was?"

Audrey Evans was a librarian who had been courted by a handsome billionaire named Herb Evans, who was a widower, with a young daughter Petunia. They had two children, Lily and Rose. After her father's death, Petunia grew estranged from her sisters and shackled up with that awful Dursley man who Audrey never liked, and neither did Herb.

She died a year before Lily had been attacked. Days before her grandson was to be born, and Audrey, Lorelei, whatever she was, had returned to Asgard. She had been under the impression that her time had been served and it was time for her to return back.

The real punishment was being ripped away from the family she built, from her daughters, from her grandson, and from everyone else. Lorelei’s eyes shifted back.

"I'm going to kill the old man."

"Are you referring to Dumbledore or Odin?" Aphrodite asked her. "Because you have my sympathies either way."

Aphrodite thought it would be best to lock Odin in a room with Zeus. The two would drive each other nuts over time she was sure. A second passed as Lorelei paced across the floor.

"Fifteen years of time with my family he's robbed me," Lorelei said. "I could have saved Lily, if I had known what I was capable of."

"You still can," Aphrodite said. "Lily is trapped in limbo. No magic has been able to restore her soul back to her body. She's preserved at Castle Peverell."

Lorelei took that information at face value. She moved across the room and stopped. The presence of the party who entered the room just blew Lorelei away. He stood tall with dark hair and dazzling green eyes which stunned Lorelei and took her breath away for lack of a better term.

"Harry, this is Lorelei," Aphrodite said. "She was…."
Lorelei swooped in and wrapped her arms around Harry and pulled him into a hug. The material of her dressing ground stretched against her. She pulled away from Harry.

"My grandson, I'm glad that you've grown up to be so strong and handsome," Lorelei said with a smile on her face. "But, why wouldn't you be? You have divine blood running through these veins."

"Not to mention the Basilisk Venom and the Phoenix Tears," Harry said.

"Well, they've only enhanced you," Lorelei said as she motioned for Harry to follow her.

Harry walked over to the bed. He dressed in a silk robe which Lorelei wanted to unravel from him and see how her gifts truly benefited a man. Lorelei closed her eyes and thought about the strength he's had.

"Aphrodite finally got through to you in the end," Harry said. "She has her ways of breaking through memory blocks."

"I do," Aphrodite said with a grin on her face. "I'm sure that will all be coming back to you soon enough."

Lorelei smiled in fond memories. She licked her lips and looked at Harry. A soft hand came across Harry's bicep.

"And you've been working out," Lorelei said. "It shows….I wonder how your stamina is…and I wonder if you're healthy in other areas."

The beautiful woman edged towards Harry. The fact this was his grandmother, it really did not even cause Harry to flinch. He had been with his aunt, sisters, cousins, and his Kryptonian mother as well. Harry spat in the face of every single one of the social taboos.

"Kiss me," Lorelei said. "Kiss me."

Harry leaned in and kissed Lorelei's juicy lips. They released a honey all over his mouth which spread through Harry's body. She was known for her seduction of men for a reason. Harry proved to be as equally as seductive as kissing her.

Aphrodite watched the spectacle unfold before her. She would jump in to have some fun of her own when the time was right. Now, she had to enjoy this family reunion.

Harry pulled open the front of Lorelei's night dress and revealed two breasts.

"You're beautiful," Harry said.

"I know," Lorelei murmured underneath her breath. "I need your cock."

She pulled out Harry's cock from his pants and wrapped her fingers around it. Lorelei's steady milking motion of his cock caused more desire to fill through him. His balls strengthened and swelled the more Lorelei pushed around him. Her body bared for the entire world met with Harry. The two eased down on the bed and kissed each other madly.

Harry positioned his hard cock at the edge of Lorelei's entrance. She spread her legs with a heavy lidded gaze coming over her face. It was time to receive a huge helping of cock inside of her. She could not wait any longer. Harry slid into her and pushed into her.
For the first time, Lorelei felt her grandson's cock enter her body. The ageless beauty rocked off of the bed. Harry took inventory on every part of her succulent body reaching in to squeeze her chest and suck on her hard nipples. Lorelei thrashed up and down with more pleasure coming through her.

The tightness enveloping his cock felt really good. Harry pushed down against her. Aphrodite sat behind him with a smile on his face.

A hard-light duplicate of Harry appeared in front of the goddess.

"Oh, how thoughtful of you," Aphrodite said. "You're getting better at mult-tasking."

Aphrodite squeezed the duplicates cock and came down. Her perfect flawless body rubbed all over Harry's strong and muscular body. She squeezed his package and swiftly guided his cock to a certain point.

The heat pumping from Aphrodite became very intense. The duplicate entered Aphrodite. Her wet pussy clamped down into her.

Harry made sure to touch every inch of Aphrodite's body. Her silky hair wrapped around Harry's fingers the harder and faster he plunged into her. His balls smacked against Aphrodite's warm thighs the higher he rose and the harder Harry felt. He groaned the second Aphrodite slipped around him. Harry brought himself up and then dropped down into Aphrodite with a few more pumps.

Lorelei rolled her grandson onto his back. His prone body and all of his handsome, dark features made her wet. Lorelei lifted his hands and allowed them to fall on her breasts.

"Oh, feel them, Hadrian," she breathed speaking of the name she suggested for Lily. "Squeeze my breasts. Feel how soften they are. Suck on them…show me how much you've grown up."

Harry cupped Lorelei's divine chest. She threw back and forth with a couple of high pitched moans. Her wet pussy clamped down onto Harry and released his cock. Harry kept up the heat and the friction dripping from her thighs caused him to strain.

Aphrodite found herself getting a full view of her fellow goddess riding Harry's cock. The hard-light duplicate and his hard cock rammed deep into Aphrodite's wet hole. Harry pulled almost all the way out of her and plunged as far into her body as humanly possible.

The juices coating his cock caused Harry's nerve endings to shoot spasms of pleasure through his body. Aphrodite worked him and milked him.

Not to be outdone, Lorelei rose and fell on her grandson's big cock. The stunning redhead shined in light when she made up for lost time by driving herself up and down on Harry's engorged rod. The two of them lit up their bodies. Lorelei shoved her warm pussy hole against Harry's cock and filled him up completely. She pulled all the way up and dropped down completely.

"Suck them harder."

Lorelei's eyes shifted back and clouded with complete lust. Harry pushed deeper inside of her. Her walls reacted to Harry as he pumped inside of her. Her wet pussy clamped down onto Harry's hard cock and squeezed him. Lorelei slapped down onto his thighs.

Harry took control of theses perky breasts. They tasted so good, and divine liquid leaked from her nipples. Their allure mixed the more they sweated. Both went at it back and forth. Harry's cock
swelled and the payload of his balls grew even more the deeper Harry pushed into her body.

The two bounced back and forth against each other. The sound of the second Harry plowing Aphrodite from behind only encouraged Lorelei to rise and drop onto Harry. Her breasts came into full view for Harry to hold onto and squeeze them.

"Yes!"

Lorelei drove her warm pussy down onto Harry's engorged rod. She filled herself up with Harry's big cock and released him. She rose and dropped on a repeated basis to fill up Harry more and more with her rapid fire rises and drops.

"Cum for me," Harry growled in her ear.

Much like any woman, she obeyed Harry's words. Her juices squirted all over Harry's cock. Lorelei leaned down to kiss Harry and moan in his mouth. Her fingers dug Harry's hair and sucked on his lips, his tongue, and anything else her mouth could reach.

The over stimulation of Lorelei's body on his proved to be even too much. Harry grabbed as much as her as possible. His balls tensed up and blasted their payload.

When Lorelei milked her charge, she completely milked him. She rose up and spread her arms out. Lorelei tensed her vaginal muscles around Harry and pumped his huge balls. His balls cracked against her entrance the deeper and faster Lorelei said.

"Lorelei!" Harry grunted.

Her silk walls excreted juices which almost saturated deep inside of Harry's nerve endings. They trickled down to the base all the way to his balls. Lorelei rose up and down on him. It was hardly a wonder why so many men fell hopelessly in love with her and had been very devoted to do anything.

Harry grabbed Lorelei's milky globes and squeezed them. She had been devoted to Harry as well and to his big cock. Warm milk shot out of Lorelei's nipples and Harry caught it.

She finished pumping Harry. This activity drained most of her past partners, and yet brought Lorelei nowhere near the same amount of personal pleasure. She had been satisfied and Harry had not been drained.

Aphrodite and Lorelei crawled to where Harry could see them. The duplicate disappeared and the two goddesses entered a steamy makeup session with each other. Their lips popped together and their fingers touched their own smoldering loins. Hunger danced through their bodies. Lorelei slipped a finger in between Aphrodite's thighs and worked into her.

The two goddesses spent the next few minutes tasting each other and feeling the other up. Harry's cock grew iron hard at this display. Both turned to Harry and then jumped on him.

Aphrodite and Lorelei worshipped Harry's body from head to toe. Many would not have the thrill of one goddess giving him everything. Harry had two of them.

"I believe it's your turn," Lorelei said.

It had been rare Lorelei had been so giving, so naturally Aphrodite would take it. Both of them kissed each other. Aphrodite turned around and her beautiful ass came close to Harry's face. Harry grabbed a hearty handful of her ass and squeezed it.
Aphrodite sank down on Harry with her ass facing him. She rose up and dropped down onto Harry. Aphrodite caressed Harry's cock with huge bounces and pushed it into her. She groaned at the feeling of Harry's hands on her breasts.

Lorelei leaned in and kissed the Greek Goddess of Love on the lips as a token of thanks. She could feel brushes of energy coming deep through her body. Aphrodite held onto Lorelei's breasts and gave them a hearty squeeze.

Juice walls clamped down onto Harry. He pushed his iron rod deep into Aphrodite and was pretty much milked for the second time tonight. Harry held himself back while exploring Aphrodite's sexy back. Her hair felt soft and Harry wanted to just lean against it and let it brush into his face. The sweet smell of springtime filled Harry's nostrils as he smelled Aphrodite's hair.

"That's so hot."

The mirror above them gave Harry a view of Lorelei and Aphrodite trying to smother the other with their tongues. Both women got closer and closer to each other. Their lips connected with each other with hunger increasing every second of the way.

"Mmm," Aphrodite moaned. "Mmm…mmm…mmm!"

She could not hold back much longer. Aphrodite let loose with her passions all over Harry's cock. Lorelei, like a shark smelling blood, exploited Aphrodite's lust and grabbed ahold of the woman's erect nipples to give them one single squeeze.

Harry's entire body burned at the feeling of having Aphrodite's tight pussy envelope him. She was always just the perfect tightness to slip inside of him, always the perfect lubrication, always came at the right time. And why wouldn't she?

"Cum for my grandson again," Lorelei said. "I'm pleased to see that he's become your pet."

Lorelei thought there could be a few other pets that she could drop before Harry as well. Amora would be one, and then there's Sif, and Lorelei broke out into a wicked grin, Loki and Thor's feminine halves were always a possibility. Then there was Frigg, and oh boy, Lorelei could have her ultimate revenge on Odin there.

Odin's time was done, and there was a new god who would rule over things.

Harry lustful slams into Aphrodite's wet cunt made his balls tense up. The swelling of his member came close to releasing himself again. The passionate sounds Lorelei made when attacking Aphrodite's mouth, neck, and chest did not help with things.

Aphrodite kept cumming all over Harry while making out with Lorelei. The hours dug on, only seconds to the people standing on the outside. She drove down onto Harry's cock. Lorelei made her cum even harder by use of her tongues and hand while Lorelei bounced.

Harry's balls tensed up and released their juices into Aphrodite. The sensation of release was almost as amazing as Aphrodite giving herself to Lorelei shamelessly as she rode Harry to the end.

The two broke apart from each other. Lorelei pushed away and wrapped her hand around Harry. She grabbed her grandson's cock and tugged on it. The goddess brushed her red hair against him.

"Still hard?" she cooed. "That's my beautiful boy."

She still had to meet Amanda and Emily. Lorelei could have fun with a pair of beautiful redhead
twins. Still, Lorelei had all of the time in the world to spend with her grandson to get to know him.

Fifteen years of lost time could not be replicated. Lorelei still would have her day. Aphrodite laid on the side of the bed to wait her turn and perhaps Lorelei would indulge her.

For now, this fun would be between family.

End.

Next Chapter: 11/19/2017.
The Visitor (Susan Storm)

Raindrops lightly pattered against the window. Harry worked in the bright lights of his home office and finished writing on a lecture he was going to give to a group of students at Empire State University next week. Harry needed to ensure every beat of the lecture was in order and he hit all of the topics, while giving room to improvise if the students had any questions. Or if he thought he was losing them.

A warm hand brushed up against his thigh which brought Harry out of his thoughts. He felt someone's hair brush against his lap as well. Harry looked down and could feel hands all over his legs and one of them reached up to cup his crotch. The invisible figure's ministrations caused him to grow in his pants. His pants came undone in a blink of an eye.

His pants came undone and several kisses came down the side of his leg. Harry saw the brief flicker of a face and then of lips before they disappeared. Harry's cock grew as a tongue licked him. The warm mouth performed acts of unrestrained worship about the head of his cock. A single hand turned around to squeeze Harry's balls and make them grow in her hand.

"Damn it, woman," Harry groaned. "You're distracting me."

Only the head of Susan Storm appeared. Her warm lips closed and released Harry's cock. She had a look of surprised innocence about her eyes when she eased down onto his hard cock and then released him with a few more very casual sucks.

Susan Storm went to town on Harry's huge cock and made him rock-hard in her mouth. Her face was now visible for Harry, and Harry could see the expression in Susan's beautiful blue eyes as she went down on his cock. Her hand softly caressed Harry's balls and then moved down to grab the part which she could not slip in her mouth.

Slowly, more of Susan's body became visible. Harry watched her neck get revealed, along with her shoulders, and then her breasts in a strapless blue night gown. Her trim belly and nice wide shapely hips with a thong clad ass and stocking clad legs had been revealed. Susan popped her mouth around Harry's cock and sucked him as hard as possible. Her bright and expressive eyes took a huge amount of Harry's cock into her mouth. Her hands, covered with silky fingerless blue gloves, rested on his thighs. One reached up and caressed his balls.

Harry came close to reaching his breaking point. Susan reached onto the base of his cock and clenched it to prevent an early release. She delivered a ball-achingly slow handjob while also sucking Harry. Susan pulled up from Harry and left his cock coated with her salvia.

"Let me get you out of those clothes," Susan whispered in his ear. "You must be hot now."

Harry just smiled. This minx was the reason why he was so hot. Harry stood up and Susan moved in to slip the jacket Harry wore off of him. She leaned in and kissed Harry on the side of the neck. Her hand came around his cock and casually stroked it while kissing him.
Susan unlooped the tie with one hand and stroked Harry's big meaty prick with the other hand. She wanted to make it cum, but just not yet. The tie dropped to the ground. Susan ran over and unbuttoned Harry's shirt. She moved her hand away from his cock and rubbed his chest through his shirt. Susan removed Harry's shirt and played with his chest abs.

The work of art which was Harry Potter's body had been revealed for Susan. She smiled and wrapped a hand around his prick once again. She got his pants off the rest of the way in no time.

"Now I'm the one who seems overdressed," Susan said. "That's hardly fair."

Harry grabbed Susan's hand and the two of them vanished into the nearest bedroom. Some music played in the background, and Susan motioned for the naked man to sit on the bed. Susan swayed her hips to the music and moved back and forth.

Susan put her hand to her mouth and slowly removed the fingerless gloves with her mouth. She allowed them to drop down onto the ground. Susan lifted her hands and put them all over her body. Harry eagerly viewed Susan touching herself and rubbing her body down. She turned around and allowed Harry to see her sexy perfect back along with a backside which Harry just had to touch.

The music continued, and Susan put her leg on Harry's leg. Her stocking clad foot moved up Harry's leg. Harry grabbed the back of her leg and felt it underneath her soft stocking. Susan unhooked the stocking, running her foot over Harry's cock first with the stocking clad foot.

"Someone is excited," Susan teased him.

She slipped the stocking up and ran the foot up Harry's chest and into his face. Harry kissed the bottom of her bare foot and moved around to suck her toes. Susan closed her eyes feeling really good as Harry lubricated her sweet toes with his spit.

Susan moved her foot down his chest from his mouth and then rubbed his cock with her bare toes. Harry groaned and then Susan pulled away and repeated the ritual with her foot.

Slowly, Susan turned around and slid down her panties. Her legs spread to reveal her sweet shaven sex and then ass as well. Harry reached around and grabbed Susan's perfectly toned ass. She lowered herself onto his crotch and ground her ass down onto his hardening member.

Susan turned herself around and wiggled her hips. She pulled down the night dress and revealed her round breasts. The DD Cup wonders came out to face Harry. Her nipples stood up at immense perkiness for Harry to reach on in and touch. His hunger for those tits only increased. Harry's lust grew even more prominent the moment he grabbed onto them.

"Go ahead and touch them."

Harry grabbed Susan and flipped her naked body on the bed. She was perfect and Harry would not allow anyone to tell him differently. They kissed each other hard with Harry moving down to worship every inch of Susan's body like it demanded. He needed to engage in this buffet of sexy female flesh.

That man was something else. Susan could not believe how many times he brought her close to a peak just by touching her. His mouth lavished her breasts, and then moved down to take a little tour around her nether regions. Harry rubbed her and made Susan pant. She rubbed up against Harry's fingers.

"Fuck me," Susan said.
Harry wished to do nothing more other than to shove his big cock into Susan Storm and have his way. The curvy blonde lifted her legs up off of the bed and squeezed Harry. Harry guided himself into her opening. He made the perfect landing sliding into her.

Both lovers joined each other. Harry finally pushed his big cock into Susan's perfect center. He grabbed her and pulled out before driving himself back in. Susan breathed in as Harry took out his pent up sexual aggressions, which she caused, on his hard cock.

"I love a man who knows to have a good time," Susan mewled underneath Harry's big cock when it pushed deeper inside of her.

"And I love a woman who can take anything I can dish out," Harry said. "And give back just as well herself!"

Susan squeezed Harry's big cock and allowed it to slide deep inside of her body. Harry's hands brushed down the side of the legs of the temptress. Her pussy juices soaked Harry's cock head the further he pushed inside and almost pulled completely out. Harry plunged his big cock inside of her tightening vice of a pussy. He pulled himself free and shoved deep inside of Susan's body.

"Yes, baby, I know," Susan said.

No need to tell Harry to fuck her and fuck her good because that was what he was already doing. His big meaty cock slid into Susan's tight chambers and worked her over. Susan clutched onto the back of Harry's shoulder and gave a very hungry moan the deeper he pushed inside of her body.

"Yes!" Susan yelled. "OH YES!

Harry did exactly as Susan wanted and drove his huge cock deeper inside of her. His big balls grew even harder as he tried to pump himself into her.

"It's time for you to cum for me, Ms. Storm," Harry grunted.

Susan's warmth beckoned Harry into her. Her nice round breasts just begged to be sucked as well. Harry cupped them and then dove in face-first on the buffet which was Susan's massive chest. She moaned and thrashed underneath Harry as he went to town.

Everything swirled around Susan in a beautiful haze. She saw more than stars after Harry had gotten down with her chest. She did not even notice Harry slowing his thrusts on her.

"I want to watch you bounce as you ride me."

Harry pulled out of Susan and then laid back onto the bed. The naughty temptress slid across the bed and took Harry's cock. She could not resist sucking it a little bit to taste the juices which had been left on him. Harry encouraged this behavior as Susan's warm mouth kept going to work on Harry's rock hard cock. Harry growled when Susan kept going down on him.

Susan loved to suck cock and she loved the look on Harry's face when she sucked his cock. The warmth popped around his head and then eased a little bit closer down to his base. She made sure not to let Harry cum just yet, no matter how much Sue wanted to taste the cum.

"Oh, I have to," Susan said. "I really have to."

She climbed onto his lap and positioned herself over his hard cock. The cock came close to touching her lips and just sliding inside. Susan spent the next couple of minutes teasing both herself and Harry relentlessly. He grabbed onto Susan's chest and guided her on top of his cock and
allowed her to slide inside of him.

"Yes, baby," Susan cooed. "I can't wait to ride you."

Susan slipped her warm pussy lips down against Harry's swollen cock head. He came an inch away from going inside of her. Susan guided herself down onto him. Each inch of his engorged cock filled Susan up. Her pussy was lubricated and ready to take this monster inside of her.

"It's so much bigger when I'm on top," Susan mewed.

The two lovers joined each other. Harry was all over Susan with kisses and touches. He explored the most intimate areas of her body and allowed her to sink down onto him. Her wet pussy clamped down onto Harry's huge cock when rising and falling onto him.

"So much bigger," Susan breathed.

She gained a little bit of momentum and took Harry's hard cock into her body. Susan's warm walls caressed Harry when rising up and dropping down onto him. Harry's fingers brushed all over her. Every touch brought her to fits of desire. Her entire body contorted when driving down onto him.

Searing heat surrounded Harry's cock from all angles. He could feel Susan work up and down onto him. He was getting close himself. He pushed all of the buttons of his woman to get her to cum and cum quick. Susan arched back when driving down onto him.

Harry sensed what she wanted and was only too happy to oblige Susan by going into her chest with a full feast of her bountiful assets. Susan put her hands on the back of Harry's head and guided him to suck and to play with her nipples. Susan rocked herself down Harry's pole.

"Again," Susan whispered in his ear. "Again!"

Harry brought his hands to full grab on Susan's bouncing breasts. He kissed them a few times and sucked them. Harry plunged his cock into her snug center. Susan grabbed onto him and touched him. Harry went completely inside of Susan, balls deep, and had the time of his life when getting ridden by the minx. This sexual goddess just came on with endless energy for Harry.

Susan slid down onto Harry's hard pole and took Harry deep inside of her. She really threw herself away and drove down onto Harry's big thick cock.

"You're amazing," Harry said. "I'm close…are you?"

It was no surprise to Susan that Harry drew closer. She denied him orgasm twice today, and it had been a build up. He took out his frustrations on not getting the necessary release.

"Yes," Susan breathed hungrily. "Yes. I'm ready…to cum for you!"

The flood gates popped open. Susan lubricated Harry's pole once more with her juices. Her chest became ravished just even more which triggered another orgasm from Susan. She grabbed against Harry's back, legs wrapped around his lower back and sliding down to grab his ass.

The first orgasm came from Susan. She thrashed and came all the way down onto Harry to slide her wet pussy over his hard cock. Harry grabbed her back and forced her down all the way onto his engorged prick. Susan's eyes flooded over when Harry pushed into her.
Those big balls were about ready to give way. Susan waited for them to deposit their bounty inside of her. Her wet pussy grabbed Harry's hard cock and then slid all the way out of her. Harry's big manhood buried inside of her tight pussy and made Susan clutch him with hunger blasting through her eyes.

Both came at the same time and the results had been stunning. Susan held his cock inside of her and made sure every last inch of cum from Harry's balls drained into her body.

Harry finished injecting Susan with his seed. Her entire body shook before sliding off of Harry's cock and landing onto him. Harry pulled out Susan and rolled her over onto the bed. The two laid in a heated impress. Harry pressed against Susan's back on the bed.

"Amazing," Susan said. "You're just the best."

Harry smiled and kissed the back of Susan's head. He kissed her ear and sucked it bringing a coo of delight from Susan. She was still ready to go.

'I have to love a woman with a healthy sex drive.'

---

End

Enchanted(Robyn, Sela, and Britney)

Enchantment(Robyn Tegan Locksley/Robin Hood, Sela Mathers/Agent Snow, and Britney Waters/Agent Red from Grimm Fairy Tales).

Three beautiful women laid across a lavish red bed in an elegant room. Red curtains hung from the windows looking down from the tower. The shelves on the room had been covered with a couple of vases and some books as well. The carpet on the ground had been made of the finest material possible.

All three of the guests in this bedroom waited for the wizard to arrive. One of them stretched her legs with a slight smile on her face. Dark-hair which shined bright in the moonlight bathing the room framed a face with stunning blue eyes and a pair of glasses resting on her nose. She wore a blue nightie which stretched over her curves. Her bare legs were perfectly devoid of any hair. A pair of slippers dangled from her feet as she waited on the side of the bed. Sela Mathers wanted him to come soon.

The second of the two women had her arms crossed. She dressed in a green tank top and a pair of silky panties. Golden locks had been clipped into a ponytail. The woman's legs crossed together and they were stunning as well. Perfectly long and she stretched out to allow the green tank top to ride up to showcase her flat stomach. Robyn Tegan Locksley also waited for her wizard to come.

"Where is he?"

The third woman, a curvy blonde, stuck out her lips. She dressed in the most transparent and red top she could imagine. It stretched over her breasts and had been tied underneath it. Lacy red panties came down as well with her stocking clad legs exposed. She wore a hood over her body, a red hood with lace trim. Britney Waters bit down on her lip to leave an intent as Sela reached over and grabbed the arm of the younger girl.

"He'll be here."

The doors opened and the handsome dark-haired man stepped on through the doorway. Green eyes, black hair, and a figure built like it had been carved out of stone. He dressed in a robe made of the finest green silk. Britney, Sela, and Robyn both looked at it.

"Master, I'm honored for you to be here," Sela said with a smile. "Why don't you sit down and let us relax you? You must have had a long journey!"

Robyn and Britney stared at Sela who took a place next to Harry and kissed him firmly on the lips. Britney nudged her out of the way before the kiss could get too far. Robyn on the other hand, took advantage of the two by coming and kissing him.

The three girls took turns kissing Harry. They all traded off and also started to strip the robe from him. Six hands worked over Harry's muscular body. Harry grabbed Britney's head and deepened the kiss he shared with her. Sela worshiped his chest and abs with a series of kisses. Robyn on the other hand was interested on another part.

"Mmm, you're sticking straight up," Robyn said. "I just have to have a piece of this."

"Have at it, my fair lady," Harry said.
Robyn grinned and slipped Harry's silk shorts down to reveal a throbbing cock. The attention of all three women moved south. Britney and Sela joined in on the fun. They moved down and rubbed Harry's thighs.

"You girls are doing a good job in relaxing me," Harry said. "Keep up the good work, you're just perfect. You're amazing."

A familiar pair of lips wrapped around the head of Harry's cock. Robyn blew him, with her lips pushing down on his huge meaty cock. Harry grabbed her hair and pushed back into the back of her mouth. Robyn smacked around him with a couple more very vibrant sucks. Her hunger just increased.

Britney went between Harry's legs and took his right ball. Sela went in deep and took Harry's left ball. Harry put his hands on their hair and guided them through the process. They all went to town on his manhood and his balls, lavishing him with much attention. Harry groaned the very second they were working him over.

A huge suck pushed Robyn down to the base. She pulled his cock completely out of her mouth and then came down onto the base of it. She sucked Harry hard and fast with expressive eyes. Her fingers came down to brush the side of Harry's balls and give him all kinds of attention.

Sela and Britney alternated between sucking on Harry's balls. They moved in to kiss each other, a hot motion. Sela dominated Britney's mouth by shoving her tongue down her throat. Britney tilted her head back a little bit to suck on Sela's warm mouth.

Robyn needed a break from sucking Harry's cock and Sela went down on Harry in response.

"Oh, you're good, Snow," Harry groaned. "You were born to suck cock."

She popped her lips around Harry's cock and made a loud moan all through the process. Those fingers caressed Harry's balls. She looked up at Harry with his mouth full of cock and took him deep. Sela's warm hand cupped and caressed Harry's balls.

All three lips took turns lavishing the head of Harry's cock. They all put their own spin on pleasuring the wizard. Harry grabbed the back of Britney's head when she took her turn and face fucked her. Britney looked very turned on.

"These balls are nice and big," Robyn commented. "Are you going to choke us with your seed again, master?"

Britney only redoubled her efforts in sucking Harry for the promise of a big blast of seed coming down into her mouth and straight down her throat. Her lips popped around Harry's cock head and worked closer to the edge. Britney spilled her salvia all over Harry's big hard cock and then pulled away from him to leave Harry's cock ready for her worship even more.

"Oh, fuck," Harry groaned. "You girls are going to get what's coming to you."

Harry had enough to spill a huge load of cum down all three of their lovely throats. He grabbed Britney's head and drilled as deep as possible into the back of her mouth. She summoned the energy to go down on him. Harry grabbed her head and pushed into her

"Mmmph!" she moaned around his cock.

Harry shoved his beefy rod into Britney's mouth and had his way with the beautiful girl as she lavished even further worship on him. His fingers threaded through her blonde hair as she moaned
deeply and hungrily all over his big juicy cock. Harry fired his load into her mouth.

The red-clad woman sucked up Harry's cum like a champ. The balls discharged with Sela and Robyn waiting for their turn to get it.

Britney flew back having had her fill. Harry's still spurting cock smacked Sela in the face and stained her glasses with his seed. Cum dripping down the woman's glasses gave her a very exotic and hot look. Sela moved on in and took as much of Harry's cock into her mouth as humanly possible. She sucked on Harry, her warm lips going all the way down to the base of his cock.

"Girl, oh fuck," Harry groaned.

She got a helping of cum deep into her throat. Sela brought her warm lips down onto Harry and blew his magnificent rod. Her hunger only increased the deeper and faster she went to town on him.

Robyn jumped in, last but certainly not least and sucked the rest of the cum out of Harry's pulsing rod. She made sure to get as much cum as she could from Harry's pulsing cock. Her warm lips came all the way down onto Harry and sucked him very hungrily. Her mouth watered the more she sucked on his hard cock.

All three girls pulled away having worshipped their master's cock. Harry gave them a small smile and indicated he was not done with them yet, not done with them yet by a longshot.

"On the bed," Harry ordered them.

All three girls complied turning away from Harry. They seductively crawled onto the bed with Harry smiling and looking at all three of them. All three of them had great asses which Harry just had to grab and make his from this particular position. Harry moved down the line and squeezed their asses which made them whimper in excitement.

"Fuck us," Britney begged Harry. "We need your cock right now!"

"Patience," Harry told her. "Good things come to those who wait."

Harry rubbed the red-clad beauty through her panties. Britney's entire mind shut down and only craved one thing. The pleasure he would bring. Harry leaned in and guided Sela's panties off of her. Her pussy gushed with her juices and wanted to be pleasured right here and right now.

Robyn experienced occasional gusts of wind between her thighs. Harry's hand brought her some warm feelings as well. He rubbed her thighs and made her gasp in hunger. Harry pulled away from her and shoved his fingers deep inside of her body.

Then Harry's tongue split into three because of his morphing abilities. He tasted Sela, Robyn, and Britney all at once. All three girls thrashed on the bed with Harry having his wicked way with them. The trio could feel burning lust go through them all at the same time.

Sela thought her master was always full of surprises. His tongue buried deep inside of her and drank the juices from her. Sela thrashed about on the bed with very obvious hunger erupting from her loins. She needed to be tasted and to be touched for all of the time.

Robyn wanted to just ride him until he came inside of her, several times if at all possible. Harry's warm tongue drove her completely and utterly beyond mad. Her inner walls received a good tongue bathing from Harry. Harry pulled out of her and then pushed back into her.

"Master, please!" Britney yelled.
All three gorgeous women came all over the bed. Harry's eyes flashed against all of them.

"Snow," Harry told her. "You know what to do."

Sela rose to her hands and knees and wiggled her shapely rear in Harry's direction. Harry ripped off her nightie and grabbed her large breasts in his hand. Harry squeezed the wonders and then slipped his hands all over her body. His large staff brushed against Sela's hot entrance. She thought she would pass out from the pleasure.

Harry spent plenty of time recommitting every single inch of Sela's body to memory. He touched her and caused the most delightful sounds to come from her body. Her warm pussy beckoned and Harry just had to. His cock slipped into her warm pussy and stretched her out.

Britney crawled over across the bed where Robyn wrestled her to the bed. The two kissed each other, with both trying to gain a more dominating position. Britney bottomed very quickly. The red-clad beauty rolled onto her front with Robyn rubbing her lips and then working inside of her.

"You want my finger, sweetie?" Robyn asked.

Britney gritted her teeth and her legs came open almost on their own accord. Robyn shifted her finger deep inside of Britney's gushing warm pussy. The tension rising form her loins was beyond intense. She could not wait to feel the finger slip inside of her.

"Yes, more, please," Britney gasped.

Robyn obliged her sweet young lover with a second finger inside of her. Her pussy was nice and wet for their master. She could wait for the time to ride the wizard's large staff and shove it inside of her pussy until she came all over it and he came inside of her.

Sela grabbed onto the edge of the bed while Harry planted his rod into her. His entire cock filled her completely up and then drove deeper inside of her. Those thick balls slapped against her backside the further Harry worked inside of her.

"Cum for me, Snow," Harry ordered her.

She came for him and came for Harry very hard. His thick cock spiked inside of her slick body. Harry pulled completely out of her and shoved more of his manhood inside of her. His balls slapped against Snow's silky thighs the harder he pushed inside of her.

Sela Mathers, Agent Snow, came several times. She contorted her pussy around Harry's big cock. It just made it easier for him to plant his mighty rod further and faster inside of her.

"Good, you're perfect," Harry said.

"No, you are," Sela breathed.

Harry would not deny he was pretty good. He worked into her and felt the clamping of her tight, warm walls just taking their toll on his big cock. Harry pulled almost all the way out of her and then shoved himself back inside of her again. He repeated the ritual constantly all while running down her body.

Britney thrashed her hips off of the bed to meet Robyn's thrusts. Robyn now worked her tongue down Britney's bare back and then moved into her.

"Red, you're such a horny bitch," Robyn said.
Britney could not deny the fact she was horny and ready to receive as well. Robyn dug her fingers deep into the dripping pussy of the thrashing younger girl on the bed. Britney's eyes glazed over. The sounds of sex in the background just spurred her on.

Sela's mind turned inside out from the sheer number of orgasms her master gave him. She had been reminded why she pledged to Harry in the first place. His talented hands, skilled tongue, and very able cock brought her many warm and fuzzy memories of pleasure.

"So, perfect," Harry groaned. "So, very perfect. Such a nice, tight, perfect pussy."

"Thank...thank you!" Sela cried the further Harry pushed his big cock inside of her.

He stretched her out in more ways than she could imagine. Sela's warm center grabbed Harry around his cock. He pulled out of her and pushed into her. Another end had been brought to the squirming vixen. Harry plunged into her and took his big cock deeper inside of her tightening pussy.

"You want more?" Harry asked. "Good thing I can give you more. Good thing I can give you everything that you want. And everything you deserve."

Sela's warm body cascaded down with a beautiful crashing motion. Harry planted his hard cock deeper and faster into her. Her warmth caressed Harry's big cock the deeper it went into her. His big throbbing balls danced against her entrance, enough to seed an entire village of women.

The seed was all for her. Her eyes widened when feeling Harry push into her. He grabbed onto her backside and planted his rod into her deeper than ever before. His cock swelled and then released its bounty.

Harry grunted and fired his seed inside of Sela's tight pussy. Her walls tightened around and released Harry's cock. His manhood fired a few blasts inside of her tight pussy. Harry groaned the further he pushed in and the further he unloaded inside of her.

A few smacks of her lips ended and Robyn pulled herself away from Britney. She crawled over onto the bed and grabbed the underside of Harry's cock. She pulled it up so it could stand up straight and then slipped her warm lips around him to suck him hard. Robyn spent an ample amount of time tasting the juices surrounding Harry's cock.

Harry laid back and let the talented girl go to work on him. She was a one woman worship machine, her mouth taking Harry's cock, his balls, and then she licked his asshole before moving back to do it all over again. She worked as quickly and efficiently with her mouth as she might by firing at an enemy.

Robyn finished tasting Harry. She climbed up, bare breasts level with his eye. Harry moved down to touch her body. Her nipples poked out for Harry to squeeze and caress. Robyn's eyes shifted over as Harry moved down to touch her bare belly. Her abs were so hot you could melt chocolate off of them. Actually smearing melted chocolate over those abs was tantalizing for Harry, especially the part of licking them clean.

"Are you going to make the shot?"

The woman's smile grew very wicked. She aimed her pussy level with Harry's big cock.

"Honey, I always make my shot."

Robyn slipped down Harry's big prick and took him inside of her. Her warm pussy surrounded
Harry's big engorged prick. The second he shoved inside of her, it was like a trip into paradise. Harry had been surrounded by some much tight heat, he could have nearly lost all sense of himself.

Two strong hands grabbed Robyn's ass. It was so tight and firm that Harry just had to grab onto him as hard as possible and work her warm pussy down onto him. Her breasts bounced tantalizing about the area of his face. Harry reached in and cupped Robyn's warm chest before sucking on her beautiful nipples. The hunger crossing Harry increased the more he sucked on her perfect nipples.

"Suck my tits," Robyn mewled in his ear. "Oh, fuck, you're the best….I'm yours. My tits are all yours, and everything is yours….oh suck them until I cum."

She did not have to wait too long to be perfectly honest. Robyn's hips thrashed down onto Harry and shoved about as much cock into her as possible. She buried down onto the base and creamed all over him. Robyn's entire body shifted up and down until she could not take any more.

Britney crawled over to Sela's prone body on the bed. A naughty look spread over her face. Would she have another opportunity like this ever? She somehow doubted it. She moved over and placed a hand on Sela's thigh which caused her to jump up. Sela's pussy dripped with thick milky seed.

"Master left his bounty in you," Britney said wiggling her tongue and licked her. "I could just eat you all up."

Agent Red buried her slick tongue into the overflowing twat of Agent Snow. The brunette thrashed as she had been dominated for the moment. It was actually a liberating feeling. Her pussy gushed even more when Red took control of her.

Robyn closed her eyes and enjoyed the feeling of twelve inches of thick cock spearing into her body. She rose herself up all of the way and dropped down onto them. Her body shined with sweat when pushing deep into Harry's rod. Robyn pulled up off of Harry and then worked into her.

"Good girl," Harry said.

Waves of powerful energy sexually charged Robyn. She bounced upon his lap. Harry's big cock pressed deep into her tight core. She came all over him repeatedly and constantly. The flow of energy stunned her the deeper she pushed against him.

She came so much, and Harry gave her his entire cock. Inch by inch, Robyn buried her master's engorged staff into her tight box. Robyn bit down on her lip in a very sultry and inviting manner. She cupped her breasts and released them. Harry copied the motions and buried his face to feast on Robyn's bountiful chest. She threw her head back and softly moaned in delight.

"I'm so good," Robyn said. "And I'm so fucking horny for you. Let me cum for you, please, sir. Let me cum…all over this nice big cock!"

She engorged herself on Harry's big prick. It slipped between her thighs and had been coated with a long fall and an even longer drop. Robyn's eyes just shifted over the more she dropped down onto him.

"Getting closer," Harry said. "Ladies first."

"Fucking chivalry," Robyn breathed because she came all the same.

Also to be called a lady would be quite pushing it to be honest. Robyn's walls slid down onto Harry's big prick and coated him with her cum. She finished bouncing onto him.
Harry allowed both to come down from their mutual sexual highs. He pulled out of Robyn and allowed her to collapse down. Juices coated her thighs when she dropped down onto the bed. Harry pulled away from her and then turned to Britney with a smile. She laid on her side while leaning in and forcing her tongue in Sela's cunt. The smooth caresses of Sela's perfect thighs made Harry hard as a rock.

Britney went to town on Sela's wet pussy from the side. Her tongue swirled back and forth against her. Suddenly, she felt something big brush down the back of her leg.

"My, that's a big cock you have," Britney cooed.

Harry brushed his hands all over her sweet and sexy body. The young sexpot reacted to his actions very nicely. He leaned in and nibbled the back of Agent Red's neck. He moved in to whisper in her ears.

"All the better to fuck you with my dear."

With that, Harry pushed his cock inside of Britney's loins while spooning her from the side. The sexy woman's walls formed a very tight seal around Harry. He pulled almost out of her and then drove deeper inside of her. After the hard initial thrust, he worked a very slow thrust into her.

The confirmed nymphomaniac took the huge fuck rod deep inside of her body. Harry stretched Britney out from the side and almost pulled out of her. He then pushed into her repeatedly and often. His big cock slapped deep inside of her body.

"OOOH!" Britney yelled.

Harry rolled his hands down her body and touched the girl's eager nipples. She exploded in a never ending way of sexual magic which continued to course through her body. Harry pulled out of her and shoved more of himself into her. He repeatedly stuck his rod inside of her tight pussy.

"You want it," Harry said. "You're going to have to earn your happy ending!"

Britney prepared to earn everything. Harry's big cock just pushed into her body and stretched her out completely. He filled her up completely and then pulled out of her. Harry's thick cock brushed against Britney's wet slit. He lifted her leg in the air and felt it up. He touched the bottom of her foot and sent a jolt of pleasure down her leg. It ended up in her pussy and Harry filled her up.

"Oh, I'm earning this alright," Britney breathed. "Give me…give me…mmmm!"

The length of cock filling her up made Britney go absolutely nuts. He pushed into her and grabbed her meaty ass before pushing inside of her tightness. Harry pulled out and then filled her completely up. He drove harder and harder into her. His fingers entangled into Britney's hair.

Agent Red waited all afternoon to get the huge cock inside of her. Harry pulled out of her almost all the way and shoved into her. Harry pulled up and then massaged her legs when he drove into her. His touches moved from her body and then ran his hands over her hair. She breathed in very tightly with Harry plowing inside of her.

"Time for you to cum," Harry said.

She always had been willing to cum for him. A rush of pleasure shot through her body and clamped down on Harry's mighty rod. Harry worked inside of her.

Britney repeatedly thrashed around him. She closed her eyes and received a huge amount of cock
against her.

Sela pressed her breasts against Harry and moved over to massage his body. She allowed enough space for Harry to move and drive himself into the other girl.

Robyn on the other hand, she pushed herself against Britney's front. She and Harry made a delightfully sex sandwich, with Agent Red as the meat in the middle. Robyn made out with the girl. They closed ranks inside of each other.

"It's time," Harry breathed.

The length pushed deep into Britney. It filled her out. Those big swollen balls pushed as far into her as humanly possible and stretched her out as far and fast as they could. Britney's eyes flooded over and the lust just built up to a conclusion inside of her body.

"After you."

Robyn kissed Britney deeply and felt the vibration of moans. Harry pushed inside of her body and made her feel so good. He was the only one who made Britney feel like this. His big cock buried deep inside of Britney. Harry pulled out and then pushed inside of her a couple more times before it happened.

His balls released inside of Britney. He coated the inside of her body with a constant barrage of cum.

"Good, open up," Harry said.

Sela reached between Harry's legs and stroked his balls to make sure to coax all of the cum possible to seed Britney's receptive womb. She sucked her master's neck and caressed his hair with her right hand as the left hand milked his balls. She got off on the thought of Harry holding them all down and fucking them until he impregnated them.

'Maybe, if we're lucky.'

Britney collapsed with the river of cum forming around her thighs. Harry turned his attention to Sela who was now on her back with her thighs spread. Robyn already climbed on Sela's face to force her to eat her pussy.

"I think she's asking for it," Robyn said with a thinly glazed look.

Harry moved over to her pussy. The power made his cock hard again and his balls filled with more seed to fill them with until their bellies bloated. Harry knocked on the door of Sela's cavern and Agent Snow welcomed him in gladly.

End.

Everyone near by saw a view of a very tight pair of leather pants surrounding a very sexy ass. The ass jutted out and made a very appealing look for any man who walked over. A dark haired vixen bent over against the table. Her olive colored complexion and naughty smile shined out. The white top stretched against her chest when she shifted over the table. She lined up a shot with a pool cue very carefully and came back before sinking the ball into the corner pocket.

She turned around to the side with a grin. Jezebel Mephistopheles licked her red lips while turning to face the handsome man behind her. Harry Potter grinned at the woman who put a hand on his face and lightly stroked his hair. She leaned closer to Harry's face with a very slight, naughty grin popping over her face.

"Beat that, honey," Jezebel whispered in Harry's ear. She reached behind his back and squeezed his ass.

Harry moved onto the pooltable. The temptress just asked for it. Harry held up the pool cue and showed how adept he was. The balls sank firmly into the table, making a perfect shot. Jezebel looked at him with a smile

"Beat that," Harry told her. "Or do you think you can't?"

Jezebel sauntered over to Harry. She leaned over and showed him a nice view of her cleavage. Harry found himself enticed by those juicy globes in her shirt. He reached behind her and grabbed her ass. Jezebel just pulled herself closer to Harry and rubbed up against him.

"I think I'm more interested in a different game," Jezebel said. "With a different kind of stick."

Her hand traced down Harry's front and worked closer to his abs. Jezebel's fire could only be quenched by one thing. Her heart raced the closer her hand moved to Harry's crotch. She squeezed the bulge which jutted out. It was very pleasing to her and reacted very nicely to her touch.

Harry smiled and leaned in to kiss this temptress. A potent fire spread between the two of them. Harry grabbed the back of her dark hair, lined with red tips. Her seductive eyes just popped against Harry's and encouraged him to indulge more in her. Harry worked his tongue into her mouth and she hungrily sucked on it.

Shirt buttons flung open and Jezebel reached against the side of Harry's neck and ran down his chest. She felt his beating heart. It was strong as was his power. Jezebel traced her nail down the side of Harry's neck and moved down to stroke his abs before flinging his belt off. She smiled when revealing more of this wonderful man. His hard cock came out last of all.

"A nice strong cock," Jezebel breathed with lust breathing through her eyes. "Nice full balls, are you sure there's not something that you're telling me?"

She squeezed his balls with one hand and moved down to clasp the hand of Harry's cock. Harry grabbed her shirt and tore it completely off. Jezebel's pussy throbbed at the thought of bringing this handsome hero to shameless lust. His hands grabbed her breasts.

Harry weighed her large breasts in his hands and felt how perfect they were. How soft and warm.
Harry looked over Jezebel's body and saw the perfection. Her olive flesh showed a distinct lack of tanlines on her body. Every inch of flesh was shamelessly seductive as the last. Harry touched Jezebel's hard nipples and made her gush underneath the pull of his hands.

"Touch me," Jezebel whispered hungrily in her lover's ear.

Harry did more than touch her. He slammed her onto the pool table and got on top of her. Harry gave into his lust and roughly kissed the woman underneath him. Jezebel's nails raked into the side of Harry's arm. The two joined each other with hungry kisses, each of them more passionate than the last.

Those pants had to go. Harry ripped them from Jezebel's front and revealed her pussy. It was nice and smooth and wet as well. Harry's cock throbbed when he kissed down her cleavage and then moved to her belly.

Each kiss enticed Jezebel to entice Harry even more. She spread her thighs, ready and able to give Harry something to feast upon. He went down deep inside of her pussy and licked her. Jezebel bit down on her lip with hunger dancing through her eyes the further Harry went down on her. His hunger only increased with each lick of her pussy.

Harry absorbed the sensations of this sweet pussy underneath him. Jezebel put her hands on the back of his head and guided him to eat her out.

"You're so good," Jezebel murmured. "I might have to keep you."

Harry rammed his tongue into her and vibrated deep inside of her. Jezebel thrashed herself up and down against him. He made her nice and wet and stimulated every part of her. Harry drank these sinfully sweet juices from the temptress underneath him. Jezebel's nails grabbed the back of Harry's head and guided his face between her thighs. He inhaled her juices and made her thrash underneath his able tongue.

The Daughter of Satan closed her eyes and felt his presence. The more he ate her out, the more power he poured into her core. And the more Jezebel came all over this powerful man's face. She gave a moan and thrust her hips up to meet him with several more licks. His tongue should have been registered as a deadly weapon as much as he worked it into her.

She came and Harry pulled up. He then pulled her up and then climbed onto the table. Jezebel grabbed his hand and mist surrounded them. The next thing both of the lovers knew, they dropped down into a bedroom. The lavish sheets pushed into Harry's back when he settled down onto the bed.

Candles flicked on and surrounded them. Jezebel climbed on top of him and pressed skin to skin with him.

"Beautiful," Harry said. "And dangerous as well."

"Oh, your heart and soul, it's mine now," she greedily said.

Her breasts pressed against his chest and her loins grubbed against his. Jezebel stroked Harry's hair while kissing him madly. He returned the fever. Each inch her body made his feel good. Harry just had to return the worship just as much. He touched her skin, not finding an inch of it which was perfect. Jezebel's warm tongue dug greedily into Harry's mouth and she sucked it. Their tongues wrapped around each other and kissed even more.

Harry's cock pressed against Jezebel's thigh. She pulled up on the bed and straddled Harry. She
made sure for Harry to see her body, shining in the light. Every inch of her body, build for sin, laid out before Harry. Jezebel arched her neck back and her hair flipped into her face. She curled her mouth into one of the most devious smiles possible.

"I'm going to ride you until I drain you," Jezebel said. "I bet you would like that, wouldn't you?"

"Oh, go for it," Harry said.

Jezebel smiled, with these nice big balls, she would be in for a long time. And she anticipated it, believe her she did. Jezebel slid herself down onto Harry's cock and took the tip of it into her warm lips. She groaned the second it slipped inside of her.

"Oh, it's a perfect fit," Jezebel cooed when pushing his hard cock inside of her body. "Oh, fuck, this feels so fucking good!"

Jezebel lowered herself down onto his engorged prick and pushed it deeper inside of her body. She pushed down onto him, the tip of Harry's cock sliding into her and teased her. Harry grabbed her hips and guided her down his iron hard pole.

Harry felt her pussy surround her. The moment her pussy touched his cock, Harry could tell by the look on her face, that she was hooked immediately. He allowed Jezebel to ride his cock without any shame. Her wet pussy surrounded the base of his hard prick.

The hands of this powerful man touched her breasts when they bounced up and down. Jezebel's eyes closed and opened when feeling his hands all over her breasts. Jezebel threw her head back a few inches and moaned. She worked up and down on Harry's pole and surrounded it with her sticky juices.

"Right there," Jezebel said. "Oh, fuck, that's so good….I can't believe this feels so fucking good."

"Are you cumming already?"

Jezebel could have sworn his statement was half of a question and half a taunt. She came all over Harry's throbbing hard cock and saturated it with her juices. Harry grabbed her and pushed her down onto his cock. Jezebel shook and sprayed her juices all over his big throbbing cock.

"Oh, yes, oh baby, fuck!" Jezebel yelled.

She came all over Harry's big prick. She saturated him with more juices the further she pushed him inside of her. Jezebel drained her juices from the tip of Harry's cock all the way down to the base. She shook all over him.

Harry grabbed her hips and shoved Jezebel down to stretch her perfectly tight pussy around his thick cock. Jezebel squeezed and released Harry from her pull. Her pussy milked Harry's intruding prick. It drove further and harder inside of her. Jezebel's eyes shifted back the deeper Harry pushed into her.

"I wonder what your father would think about you riding my cock, with such reckless abandon," Harry commented as he rose her up to another orgasm and sent her crashing down to the ground.

"My father…don't worry about my father," Jezebel said a couple of seconds later. "I…just don't worry about my father."

"Well, I don't, trust me," Harry said. "Whenever he sees me, he bows down in respect, and calls me, Sir."
Harry's face contorted for a brief second, and Jezebel sank down onto it. She gasped when realizing whose cock rammed deep into her slick pussy.

"The Black King," Jezebel breathed in heavily.

Harry just touched her breasts and caused her eyes to fade back. Jezebel's entire body betrayed herself to the biggest waves of carnal and never ending lust. She dropped down to the base of her lover's cock and took him deep inside of her body.

"Cum for me," Harry said. "And I'll treat you right, my pet."

Jezebel's entire body just betrayed herself to the most carnal of lust. She drove up and crashed down onto Harry's lap, repeatedly taking his cock inside of her. Her pussy stretched for this legend amount Incubus.

"You wanted to take me, drain me, and keep me as a pet," Harry said. "I could not have predicted this even more."

Harry's cock left her body and now Jezebel had been chained to the bed. Harry's electric touch made her body grow damper with desire. He touched her between her legs and sent a jolt of pleasure between her thighs.

"My King, forgive me, I did not know it was you," Jezebel said.

"It's fine...you belong to me," Harry said. "Even the Devil himself would agree, his daughter is nothing, but a piece of fuck meat."

"YES!" Jezebel screamed. "OH FUCK YES, FUCK ME!"

Harry drove his huge cock deep into her tight pussy. Jezebel grabbed onto his meaty cock and tried to milk it. The fact she had been chained to the bed only turned the woman on even more. How wet and how much she beckoned him to fuck her only made Harry want to drive in her even more and deeper than ever before.

"You were born to be fucked," Harry said. "You were bred to be fucked. You're bred to me mine."

The intense thrusts made Jezebel's entire body size up. She could not believe the force Harry was driving his big cock into her body, or to be more accurate, how much she fucking loved being dominated like this. She took his cock in her deep and hard. Every inch of it pressed in her body.

"Your tits, your ass, your pussy, your clit, legs, hair, all of it belongs to me," Harry said. "Every inch of this beautiful, sinful flesh, it's all mine."

Jezebel groaned and moaned the further Harry drove his cock into her. His lengthy cock juts pushed into her body and made her gush. His hands should be legalized as weapons. One of them sent a jolt into her and just made her gush. She barely could even be on her hands and knees when fucked her.

"Use that pussy to milk me dry," Harry said. "That's what you wanted."

"I'm going to be yours forever, aren't I?" she asked in a small little girl voice.

"Forever," Harry said while slamming into her. "And ever….and ever."

Harry drove his thick prick into Jezebel again with each "ever". His hard balls came close to losing
their load inside of her body. Jezebel refused to give up as constant thrusts buried inside of her body. He licked her behind the ear and made her shudder.

Jezebel's beautiful flawless body covered with sweat. Harry grabbed her chest and then pulled back. He slipped out of Jezebel's wet pussy and drove deep inside of her body. She grabbed onto the sheets and pulled on them. His balls danced against her.

"You've got to be getting close," Jezebel said. "PLEASE!"

A squeeze of her ass just made Jezebel lose herself. Harry's big cock shoved into her pussy while his fingers teased her ass. She grabbed onto the bed and received a huge thrust inside of her.

"Another time," Harry said. "Time for you to cum again."

The Daughter of Satan himself came and Harry rammed his cock into her. He took her pussy in all of it's perfect warmth and tightness. His balls finally reached their limit and he came.

The moment the first blast of cum fired inside of her body, Jezebel knew that her fate had been sealed. She would succumb to the power of the Black King forever. Harry's strong hands cupped her chest when driving deeper inside of her. Harry pulled out and shoved his cock inside of her.

Harry rode out his orgasm inside of her pussy. The last remainders of his sticky juices spilled into her body. She finished milking him.

"Who can make you feel good?"

"Only you, Master," Jezebel said.

Harry pulled out of her and allowed her to rest, at least for a moment.

"I'm not finished with you."

Her thighs dripped at his words.

End.

Curtains pulled back as Appoline Delacour stepped into the bedroom of one Harry Potter. The hero who saved her daughter from the lake laid on the bed with a very peaceful smile on her face. She learned what happened from Fleur and she raved about his performance in the tournament. A distinct one hundred and eighty-degree turn from when Fleur bemoaned how this little boy stole her spotlight in the tournament.

Ego could be a very frustrating thing, as Appoline knew from raising a very high-strung daughter. Fleur had even less immunity to having a crush on Harry Potter than anyone else. Appoline stepped into the room and looked down at the boy who slept in a pair of boxer shorts. She could see something poking out. The beautiful mother just smiled and put her hand on Harry's cheek and rolled it down his front. His chest and abs were very toned.

Appoline stepped over and straddled his legs. She reached over and felt his cock through his pants. She leaned over, the charm of her kind coming out very strongly now. Her blue eyes widened with a deeper smile crossing.

"Harry, it's time for you to get up," she breathed in his ear.

The eyes of Harry Potter opened up to see one of the most beautiful sights perched on his legs. A woman, as gorgeous as humanly possible, sat perched on him. She dressed in a fine silver bathrobe made of the most beautiful designs humanly possible. Harry's heart almost could have skipped. Her lovely hair came down against her face, with perfectly pink lips, and an angelic face. Harry tried to process this. His cock, already hard, got even harder underneath this goddess. She levitated a basket on the bed.

"I'm Appoline," she said. "I'm Fleur and Gabrielle's mother."

"Hello," Harry groaned. "Is there any reason why you…"

Words failed Harry Potter for a minute. Appoline undid the front of her robes and revealed a very lacy and transparent garment. Harry looked at her beautiful body above him. Her nice round breasts drew Harry's attention. Fleur's were nice, but her mother's also drew Harry's attention with how large and firm they were for her age. Harry leaned down and looked at Appoline's flat stomach. It looked amazing for someone who had given birth to two daughters. His eyes traveled down to her crotchless, thong panties, garter belt, and thigh high stockings.

"The reason I'm here should be obvious," Appoline said. "I wanted to verify the truth of my daughter's review of your performance"

The MILF pulled Harry's cock out at the word performance. Twelve inches of meat stood up. Appoline looked at what she had to work with wrapping her hand around the base tightly. Harry groaned underneath her soft and warm hand. She smiled.

"Such a big cock for such a young boy," Appoline said.

Harry grabbed onto the bed when Appoline worked over his cock. It was true, after the second task, Fleur dragged him off, and shagged his brains out. It had been an experience which Harry was going to cherish for the rest of his life, however long it might be.
This experience on the other hand. Appoline tugged on his cock to give him a very vigorous handjob. Harry's morning wood only increased when the stunning half-Veela moved down. She cupped Harry's balls and seemed pleased with how much cum they held.

Appoline felt up on Harry's big thick cock to gain some perspective on what she had to work with. There was so many things she had to do with this cock.

"You want some of me, don't you?" Appoline asked. "You horny little boy, you want to fuck me, just like you fucked my daughter. I'm sure you do."

Appoline's hand stroked down to Harry's base and made him stretch up. He growled in agony as Appoline pushed her hand up and down on him. His cock only grew harder and larger the more the stunning MILF played with it. Appoline's fingers caressed Harry's cock all the way from the tip down to the base.

"I want all of you," Harry said.

Appoline moved over, still holding onto Harry's cock, and kissed him. Harry grabbed the back of her hair and forced his tongue into her mouth. He went on sheer autopilot instinct, kissing this smoking hot MILF with everything he had. Appoline's lips made love with his, it was beyond a kiss. This temptress really knew how to get the motor of Harry Potter running.

Every woman, from the ages of eleven to a hundred, across Europe and beyond, had thoughts of what they would do with Harry Potter if they had him in a situation like this. Appoline stroked Harry down and cupped his balls. His cock extended. She planted soft kisses all over Harry's neck and chest before slowly moving down.

Appoline Delacour's soft hands worked magic on Harry's cock and balls. He closed his eyes with a soft sigh emitting from his throat. She worked all the way down to the base of his cock from the tip. His manhood pushed up and Appoline worked herself into position.

"You want these, don't you?"

Her top came down and two very nice breasts came out. Harry became spellbound by the sight and the size of them. He reached up and grabbed Appoline's breasts. He marveled out how warm and large they were. His hands spent minutes canvasing those breasts. Harry pushed his face into them and sucked on her nipples. They tasted so good, Harry thought he could get addicted to them.

"Yes, baby," Appoline said. "It's all for you. It's all you want….it's all you deserve."

Soft hands moved through Harry's hair. The young man vigorously went to town on Appoline's ample chest. He started feeling up the rest of her body and marveled how amazing it was. His hands coursed through her thighs as she kept stroking him.

As much as Appoline wanted Harry's cock in her mouth, and his cum down her throat, her Veela nature started to kick in. His mouth all over her nipple working insidious amounts of magic did not help. Appoline threw her head back and softly moaned. Harry worked his way around her nipple and made her nails dig into his shoulder. It was feeling amazing what he was doing to her. It simply thrilled her body every step of the way.

Appoline pushed Harry away from her breasts and on the bed. She found his cock standing straight up in the air. Appoline positioned herself above his cock and slammed down hard onto him. Her pussy adjusted very quickly to Harry's size and girth.

Harry Potter had been surprised and not all displeased at the fact Appoline Delacour slid down his
meaty pole, trapping him between her warm thighs. Harry groaned and watched her nice breasts bouncing up and down in front of him. Harry squeezed her juicy tits the more they bounced for him. And they bounced very nicely for Harry. The bouncing up and down made Harry groan in pleasure.

"You are gifted," Appoline moaned. "Mmm."

The warmth of her pussy surrounded Harry's cock from all size. She stretched just enough to get him in. Appoline tightened around him when needing to as well. She surrounded Harry's massive cock and eased it one inch at a time inside of her tight body. Appoline surrounded Harry and then pulled up.

"Damn it," Harry groaned. "Oh, fuck, you feel so good."

The stunning vision rose up and dropped down onto him. She surrounded Harry's engorged prick with her wet walls. Harry reached up and grabbed her chest to squeeze them. Those breasts bounced without any shame above Harry's face. He once again returned to burying his face.

"Your appetite is amazing, young one," Appoline cooed. "Suck my breasts…you might find something you like soon."

The warm milk spurted from Appoline's nipples was an expected pleasure. Fleur explained to him, after she had gotten done wearing his cock out, that Veelas lacated when they were excited.

He liked the taste and also liked squeezing her ass, nice and hard. Appoline moaned hungrily at him. Her warm pussy walls closed around Harry's big throbbing cock, surrounding him every inch of the way. Appoline's eyes faded over the more she drove her pussy down onto his big cock.

"Keep it up," she encouraged him. "Don't ever stop fucking me."

Appoline rode Harry to encourage him to keep sucking at her nipples and grabbing her juicy ass. Harry squeezed her hard and she worked her warm walls down his hard prick. Appoline's eyes glazed over the second she slid down Harry's hard cock and then released him.

She came like never before all over Harry's big, throbbing cock. He pushed himself deep inside of Appoline and stretched her completely out.

Harry could feel her warm pussy grab onto him and release him a couple more times. Appoline released her juices down onto Harry's hard rod. She splashed her warm juices down to the base of his cock all the way down from the tip.

Appoline readjusted herself and sunk back down onto Harry's base. They touched skin to skin. Hands worked against each other as the two furiously made out. Appoline pumped Harry's cock up and down to make it very hard in her. It was harder for him to maintain some degree of control as the temptress continued to work his cock over.

"Fuck!" Harry groaned.

"Slap my ass."

Harry did as she asked and the sound of flesh smacking only made Harry grow harder the further he pushed into Appoline's tight canal. She stretched around Harry and released him with a few more pumps.

"Perfect!" Appoline yelled.
Warm heaven surrounded every inch of Harry's big cock. Harry pushed all the way down onto his hard cock and then released Harry. Harry's massive cock pushed deeper inside of her and stretched her out.

Appoline's breasts squirted more milk the harder she rode Harry. Harry wrapped his mouth around it and sucked Appoline's warm tits hard. She grabbed the back of Harry's head and pushed him face first into her warm chest. Harry sucked her breasts like there was no tomorrow. His warm mouth lavished so much attention that juices flowed endlessly from Appoline.

The pleasurable heat pumped its way around Harry's hard cock. He groaned at the feeling of her body just working him over. Harry reached up and groped at Appoline's lovely chest. He squeezed her breasts a couple of times to make Appoline lose herself all over Harry's big cock. She pushed her hands against the back of Harry's head to continue to guide him into his chest.

"Perfect," Appoline mewled hungrily. "I don't think...there's nothing better...than this!"

She came all over Harry's big cock without any shame. Her juices saturated Harry from the tip all the way down to the base of his cock. She worked more of him inside of her. Appoline rose up and dropped down onto him.

Harry could feel himself being brought closer to the edge. Appoline's nails dug deep into Harry's shoulder and kept going around. Harry wanted to ride her out all of the way. He knew she would not be satisfied with just one orgasm, hence why he endeavored to go the distance and go as far as possible.

The stunning woman drove herself down onto Harry's cock. Her honey coated his big cock.

"So, did I live up to your daughter's raving review?" Harry asked.

He ran his hands down Appoline's legs, which should not be neglected. Appoline's eyes shifted over and she trashed down upon Harry's big cock. She stuck it inside of her tight body and nodded.

"OOOH, YES!" she moaned. "Make me cum all over your big cock again."

The two lovers touched each other while fucking without any relent. Harry tightened his grip around Appoline and ensured her pussy slid onto the base of his cock. Both of them almost floated off of the bed from the magic swirling in the air. Harry drove himself into her repeatedly.

"Cum for me," Harry said to her. He nibbled on Appoline's neck and she rolled her eyes back.

"With pleasure," Appoline said.

She came and knew that Harry was getting close. His throbbing hard cock pushed deep inside with Harry's balls about ready to explode. Appoline guided him inside of her the rest of the way. She tightened, making sure to guide Harry to his final destination.

Harry's cum splashed into her body. A glow emitted from Appoline's body the second Harry rammed inside of her and spilled his seed inside of her warm canal. He pushed deeper into Appoline and filled her up with his discharging balls. Harry situated himself and kept driving his big cock into her slick center. He pulled all the way out of Appoline and drove into her one more time.

"Keep cumming for me," Appoline begged Harry.

Harry finished spurting inside of her. He pulled out and dropped down onto the bed. Appoline
pulled off of him and got on her hands and knees to show Harry her sexy ass. Appoline's fingers brushed down her body and then went between her legs to scoop the combined juices out of her pussy.

The combination of cream and honey entered Appoline's mouth. She tasted what she and Harry had to offer and it stunned her how good it tasted. Appoline peaked over her shoulder to see Harry watching her with interest.

Harry, overwhelmed by lust, grabbed her hips and made sure her pussy was nice and open. It was very well and Harry was very hard.

"Give into yourself!" Appoline encouraged him.

Harry did so and drove into the beautiful woman from behind. His balls throbbed while going inside of her. Harry cupped her large breasts and released them from his hands.

It never had felt so good to simply give in. Appoline was tight as ever and looked to put Harry through the paces just as much as Fleur did.

End.

"Keep your mind at ease and block all distractions out. Good, you're going to master this control. And once you master control, you make your mind a weapon."

One green-eyed wizard stood in the center of the room. His latest instructor of the mental arts had been easier on the eyes then the last person who taught Harry any kind of mental art. He could sign off on that one. Harry bent at the knees, dressed in nothing other than a pair of black pants. The figure standing behind him ran her hands all over Harry's chest and then moved over to caress his abs.

"Release all that negative energy to properly train your mind."

The dangerous and very beautiful Lady Shiva rolled her hands down the chest of the young man alongside of her. She caressed Harry's chest and moved down to touch his abs. A slight smile popped over her face as Shiva ran her nails down Harry's chest.

A pair of soft breasts pressed against Harry's back through the kimono the woman wore. Shiva ran a finger up his back and then moved to his ear. She gave the ear a small suck and smiled when kissing him on the side of the neck.

Harry held in his breath and tried not to show the arousal he was feeling. Shiva's perfectly skilled hands brought both pleasure and pain. She rubbed his abdomen before shifting down. The heat of her hand pushed over to his crotch.

The silky black hair from the deadly warrior tickled his neck. Harry tried not to betray the sensations he was feeling from her. She ran her hand down the front of his pants and stroked his cock through the tightness of the pants. She slid the pants down and Harry's cock popped out of the pants.

"And there are times where you either need to release the tension you feel yourself," Shiva muttered in his ear. "Or enlist the help of a skilled hand to do it for you."

Shiva shifted her heated palm down to the base of his cock. Harry grew and hardened. His meat missile stuck out in prominence. Shiva pushed her hand down to the base of his cock and then stroked him. Harry closed his eyes from Shiva's sexually aggressive handjob. She pulled and tugged on his cock to make it extend outward. Shiva pressed her hand down onto the base and pulled Harry out.

"Just release all of your energy right now," Shiva muttered in Harry's ear while stroking and squeezing his cock. She shifted over to grope Harry's large balls and make him groan at the touch she gave him.

Harry Potter felt very good right now from Lady Shiva fondling his balls and squeezing his cock. The beautiful older woman grabbed him by the base of the cock and tugged him. The tension in his groin had been released.

"It's not healthy to hold that all in. Especially when you have so much."

The skilled hand grabbed Harry's balls and gave them a firm squeeze. Shiva kept stroking Harry all
over and making him groan at the touch coming from this very skilled and talented hand. Shiva worked Harry up to a fever. His throbbing cock grew in the hand of the beautiful woman behind him.

"Just let it all out," Shiva said.

She smiled at the size of her young lover. It would feel good to milk these balls dry of his cum. And it would take several rounds before she was in any danger of draining him completely. Shiva figured someone of his power would have immense stamina.

The sound of a robe dropping to the ground made Harry's cock twitch. Shiva's bare body pressing against his from behind, even though Harry could not see it.

"Damn," Harry groaned, unable to suppress himself any longer.

The tension rose and exploded from Harry's balls. Shiva's aggressive handjob did not finish. Harry's cum splattered in heavy volumes when splashing up against the wall.

"I'm pretty sure there would be many women who would be glad to help you with your little focusing problem," Shiva said. "And how could you focus when there's so much weighing you down?"

They moved through the curtain, Shiva still pressed her hand around Harry's cock. The two of them passed through the doorway just seconds later and then they were on top of the bed.

Finally, Harry got a good look at Lady Shiva, and she was extremely stunning. Her olive complexion shined in the candlelight of the room. Silky hair and ruby red lips came out, looking like the most kissable things ever. Dark hair came down to her slender shoulders and her body boasted the perfect ratio of waist to hips. Two large breasts jutted out with erect nipples. Her flat stomach and smooth, tight looking pussy coupled with some long legs. Shiva smiled when looking at Harry.

"Take control."

Harry grabbed Shiva by the shoulders and took control with an amazingly powerful kiss. His lips moved into position and smashed over Shiva's. Shiva opened her mouth to accept the tongue of her young charge inside. Harry moved to touch her body, and she made sure he understood what spots drove her completely beyond the pale with lust. And how much that lust would grow the more Harry touched Shiva's body.

The woman sucked on the tongue of the handsome young man which pushed inside of her mouth. Shiva grabbed the back of Harry's hair and deepened the kiss both lovers shared. Their hands moved against each other, with Shiva running her nails down his body.

Shiva found herself pressed down chest first on the bed just minutes later. Harry touched her thighs and ran his fingers all over her. Shiva gasped at the touch with Harry kissing from the back of her neck. He moved down and touched her.

"You like being touched there, don't you?" Harry asked.

"Touch me wherever you please," Shiva said. "Use my body as your vessel to relax your mind and clear your frustrations."

Shiva drew him in a little bit and relinquished control so she could get precisely what she wanted in a little bit. His hands brushed against the back of her legs and ran down. Harry touched her pussy
and licked it to make sure she was nice and wet.

"Loosen me," Shiva said.

Harry slipped his finger into her pussy and made it nice and wet. Shiva's inner muscles worked his finger and sent a jolt of pleasure into Harry's body. Harry pushed deep into her and then pulled out a couple more times. Each push of his finger made Shiva's entire body rock with lust.

"Keep it up," Shiva encouraged him. "Keep it up! Don't stop!"

Harry did not intend to stop. He felt her entire body just rise underneath him. Shiva was on her hands and knees down. Harry stood up on the bed and grabbed her waist. His cock lined up with Shiva's perfectly hot hole. Harry gripped her and slid into her body. His long cock shoved deep inside of her tight pussy from behind.

The first few inches of cock inside of her sent a fire through Shiva which could only be put out by more hard fucking.

"Use me to release your tensions!" she yelled. "I don't think you're trying hard enough."

Harry frowned and grabbed the swinging breasts of the deadly assassin. He grabbed onto her. Shiva remained stoic for several minutes, not betraying how much pleasure she truly felt. Harry decided to make it his mission in life to break the most dangerous woman in the world.

Internally, Shiva struggled not to let loose. Her pussy walls grabbed onto his cock and milked it. The balls which she emptied earlier filled up very quickly. This pleased her in ways which people could not even imagine. Harry pulled his big cock out of her and rammed it deeper inside of her.

Shiva clutched onto the side of the bed. Her entire body received a very good going over the further Harry drove his cock into her.

"You're going to cum," Harry said.

Shiva did not say anything, did not do anything. She just remained firmly perched on the bed and allowed her pupil used her as his own personal sex doll.

"You're going to have to do a bit better," Shiva said.

Harry grabbed Shiva's hair. The nerve of the boy surprised her and it also aroused her as well. Harry pushed his big cock into her. The sixteen year old cock penetrated Shiva harder and deeper than anything than anything that ever entered her. Her nails ripped the sheets the harder Harry fucked her.

"You can't hold back much longer," Harry taunted her. "You're going to cum for me."

Shiva drew in a deep breath and refused to bend to his will. Those balls were so big and so ready to seed her. She held onto the bed, holding onto it very tightly. Her nails brushed against the bed the deeper Harry pushed inside of her and then pulled out of her.

"You're going to have to do better if you want me to cum for you," Shiva said. "You're going to have to do a lot better, you know."

Shiva's eyes closed shut. She endeavored to do everything possible to cum for Harry. His big balls drove down against her and then pulled completely out of her. Harry plowed her insides and stretched out her sopping wet cunt.
"Your body is reacting to me," Harry said. "You want to cum, don't you?"

Heated caresses of her body made Shiva almost lose herself. She clamped down on Harry's hard cock and released the flow of juices around him. Harry stuck her womanhood with his big cock and then pulled out before sliding into her again. Harry pound Shiva repeatedly with his endless pushes inside of her.

"Cum for me," Harry said. "Or are you afraid of the student mastering the teacher?"

His confidence really could get him in trouble someday. Harry paid attention to her body language, as she taught him and attacked those spots. He kept going back to three spots into particular. The left side of her neck, her belly bottom, and the back of her right leg, he knew touching them all brought shivers down Shiva's spine.

"You're breaking," Harry whispered in her ear while grabbing her rear. "I can tell you're breaking. Go ahead and cum for me."

Shiva's entire body sized up and betrayed her. Harry pushed his huge cock inside of her body and stretched her completely out. Harry pulled almost all the way out of her and touched her lips with his big cock. Harry ran his manhood against her pussy entrance and drove deep inside of her one more time.

Harry kept working over Shiva. Finally, she gave it and succumbed to his cock. She let out her moans with the juices gushing all over Harry's big cock.

"Guess I'm not the only one with tension they need to let out," Harry breathed in her ear. "Am I?"

Harry grabbed Lady Shiva's ass and squeezed it a couple of times. He pushed inside of her and slapped her ass with a couple of hard spanks. Shiva pumped Harry's manhood deeper inside of her body.

"No!"

Two hands pressed against Shiva's ass and grabbed him. Harry pulled out of her and ground his thick cock head against her entrance. Harry reared back and pushed into her.

Pleasurable waves shot through Shiva's entire body the deeper Harry drove inside of her. He grabbed her breasts and squeezed them to make Shiva lose herself in his touch. Harry reached behind her and gave her rear a supple squeeze and released her.

The second Harry pulled out, Shiva reached behind her and grabbed his big cock. She turned around and faced Harry. Harry found himself submerged deep inside of her chest. Shiva grabbed the back of his head and maneuvered him into position.

"Suck on my tits," Shiva hummed in his ear. "Suck on them hard while I make you cum."

Harry made his presence felt and grabbed Shiva's warm chest. He squeezed them and sucked on her rock-hard nipples. Shiva pushed her chest against Harry's face as he sucked on her wonderful tits and made her feel so good. Shiva grabbed his head and guided him deeper into her chest.

The feeling of these wonderful breasts pushed into this face made Harry groan. He sucked on Shiva and had been rewarded by her walls grabbing onto him and releasing his cock. Harry's fingers pushed against Shiva's back and then she pushed down onto him. Her pussy leaked all over Harry's hard cock.
"Good," Shiva breathed. "It's time to bring your tension to a peak."

She milked Harry's cock deep inside of her body. She could feel the tension swelling deep inside of Harry's balls and threatening to spurt inside of her body. Shiva rose up all of the way and dropped down onto him. Her own orgasm was at hand. Shiva worked his cock inside of her and took it like she always wanted to take a cock this big.

"It's time," Shiva said. "Let it all out."

Harry held onto her waist and pushed himself into her. Shiva squeezed his body and sucked on his neck and ear while he did the same to her breasts. Her juices spilled down Harry's pole and lubricated it. He could feel a twitch rising in his balls.

"Good," Shiva said. "Just let it go."

She pushed all the way down on Harry's hard pole and pushed him deep inside of her body. Harry's balls impacted her body and then pushed up. The first few blasts of cum filled up Shiva from underneath and coated her insides.

Shiva smiled, well if Cassandra got a younger sister out of this, she was not indisposed for it. She pushed all the way down Harry's cock and milked him until his balls completely had been drained of all seed.

Harry felt back on the bed, relaxed with a smile on his face. Shiva pulled out and cleaned herself off as much as she could with the towel left on the dresser. A shower would be needed to get the rest of it.

"Your mind is relaxed," Shiva said.

"Yes," Harry agreed.

Shiva smiled and caressed the face of her student.

"We'll continue to apply these lessons until I'm satisfied," Shiva said. "There's always room for improvement."

Shiva squeezed his balls briefly and then slipped into the shadows to leave Harry to drift into sleep with a more rested mind after his session with his mentor.

End.

The Right Touch(Claire Farron/Lightning from Final Fantasy XIII)

Claire Farron stepped into the night club at the sounds of music and bright lights. She had no shortage of attention because of her look and what she was wearing. A black dress hugged her hips and chest. Claire bounced around the edge of the dance floor. She ignored the stare of many men and quite a few women. The eyes of the pink-haired beauty fell on one man at the edge of the club. He looked up and smiled at her.

"You're a very hard man to find," Claire said when crossing them. She held out her hand. "May I have this dance?"

"I thought you would never ask, pretty lady," the British Gentlemen said while extending his hand. The two locked hands and sparks flew between the two of them. Harry Potter smiled when wrapping his arm around Claire's waist. A lot of people stared at them from the club. Harry dipped Claire back onto the ground. She smiled and her dress came up to a certain point to show Harry what she was wearing underneath, or rather, what she was not wearing underneath. Harry pulled away from Claire.

"Someone is being daring tonight," Harry whispered in her ear.

Claire broke out into a smile as Harry pulled away from her and they locked hands together with each other. Harry's hand reached her butt and squeezed it through the dress. Claire felt his hands. She decided turnabout was fair play. Harry pushed back and Claire's cleavage stuck out.

"I could just eat you all up tonight," Harry said to her.

She broke out into a smile and leaned to him. Claire's hot breath came to his ear. "Yes, and I'd like to see you try."

"Dangerous words, Ms. Farron," Harry told her with his hand disappearing underneath her dress for a second and making her close her eyes.

The two continued their dance. Claire always felt more relaxed and happier around Harry ever since the two of them met. She would not saying they were dating per say, although one could argue they were. It was most certainly a relationship with many mutual perks and benefits.

One of those perks came with the heat rising against Claire's thighs. The heroine's eyes glazed over when Harry's hand slipped underneath her dress and did not come back out. They were still dancing as far as anyone knew. Both knew what Harry was doing to her.

Harry enjoyed the reaction of Claire. She tried so hard not to break underneath his touch and remain as stoic as possible. Harry slipped his fingers deep underneath her dress and then pulled them out. Claire bit down on her lip forcefully.

"You bastard," Claire hissed through her teeth.

"I'm the bastard who just made you cum," Harry whispered in her ear.

The reminder of her public naughtiness caused juices to spill down Claire's thighs. She flushed at
the thought of leaving a puddle on the ground underneath where she was dripping. Harry's fingers, at least three of them, drove deep into her and made her cum again. His other hand was on her ass and squeezed it to double the pleasure and double her fun.

"I've just started," Harry said. "I know you've been waiting for this for a long time. All of these people, they just saw you cum."

Claire flushed in response. Most had been engrossed with each other, and a few of the couples made their way into the backroom. Harry tightened his grip around Claire's hand and dragged her off into the other direction. He pulled Claire behind the DJ Booth.

The music played, but the DJ had played. There was a bench and a bit of a wall blocking out from the rest of the club unless someone looked in the direction of the DJ booth. Harry shoved Claire back. Her back hit the side of the DJ booth to open up for Harry to kiss her with a never ending barrage all over her lips.

Never one to be a passive participant, Lightning fired back and kissed the handsome gentleman. Their tongues pushed back before Harry buried himself tongue first into Lightning's throat. They made intense lip to lip contact as Harry pulled down her dress dropping it to the ground.

Lightning flushed when Harry's hands moved all over her at a rapid fire pace. Every touch, every kiss, it sent electricity through every inch of her body. Claire Farron thought she would black out from the pleasure. Harry worshipped her body.

The sounds of music only blocked out her moans enough for it not to be completely uncomfortable. Claire wondered what would happen when the music stopped. She laid against the cool metal of the DJ booth breathing in heavily. Harry pulled away to look at her nude body.

"And the carpet matches the drapes as well."

The pink strip of public hair glistened with evidence of Claire's arousal came underneath Harry's approving glaze. Her pussy throbbed how he devoured her with his gaze. It came to her attention that while she was stripped naked Harry was clothed. That seemed unfair.

"There's a strict dress code for this party," Claire said. "Why don't I help you conform?"

Harry's shirt came off when she viciously tore at it. Claire attacked Harry's lips with more kisses because turn about was in fact fair play in this particular situation. Claire grabbed the side of Harry's arm and gave him a very firm squeeze on his shoulder. The two met in the center and kissed each other several more times. Claire pulled back from Harry and sucked on his lips.

She attacked Harry's abs and ran her hands all over his body. Claire unbuckled his pants and pulled Harry's cock out of his pants. It was nice and hard. Claire squeezed Harry's big cock and kissed him some more.

"I can't wait to have it inside me," Claire said.

Harry turned her around and she pressed against the booth. Every inch of her body scorched with fire when Harry touched her. His hand ran down Claire's perfectly formed ass and gave her a squeeze. Claire pressed against the booth and breathed heavily.

"You're not going to wait for too long, darling," Harry breathed hotly in her ear.

Thighs parted on their own accord. Claire dripped even more with the anticipation of having this big cock shoved into her from behind. His hands grabbed Claire's ass and squeezed them. Her body
reacted to each touch coming from the handsome gentleman behind her.

Harry entered Claire to fill her up with the brim. Each inch was a gift going inside of her and filling her completely up. Claire's eyes watered the deeper Harry pushed his mighty rod inside of her body.

"It's in me," Claire said.

"Of course it is," Harry said. "It's just what you wanted."

He grabbed her chest while working his way into her from behind. Claire made beautiful music of her own while behind the DJ booth. Harry pulled completely out of her, his balls resting on the back of her thighs. Harry pulled almost out and pushed into her.

"Cum for me again," Harry said. "Cum hard for me."

Claire dug her nails into the edge of the booth and took in a deep breath. She came very hard around Harry's cock. She tightened her grip around Harry as he pulled almost all the way out of her. She sucked him into her heat with a huge push. Harry's balls slapped Claire's warm thighs from behind.

He was all over her with kisses and touches. Claire's body lit up the more Harry tormented her. He could feel the arousal coming from this beautiful girl. Harry pushed into her body from behind and made her cum all over his big cock.

"I want to see that beautiful face the next time you cum."

Harry pressed his lips against the back of Claire's neck and sucked on it. Claire tightened her grip before Harry pulled her back. He was out of her. Their arms and legs tangled together with a messy kiss. Harry dropped himself back on the bounce.

His cock extending proudly in the air made Claire buzz in anticipation. She came closer to reaching the tip of his cock. It pushed into her lips from underneath, almost entering her from this end. Her wet pussy submerged around his cock and pushed him inside of her body.

"Mmm!" Claire moaned at the top of her lungs. "More."

More of Harry's big cock pushed deep inside of Claire's wet body. Her legs tightened around Harry's hip and pushed Harry's cock inside of her.

The beautiful legs of this riding woman rose up and dropped down onto Claire. Harry cupped Claire's chest and made her bounce even higher. Claire pushed up and down onto him. She took more cock into her than ever before. Her hips pushed down onto him and took Harry deep inside of her.

Claire made her own beautiful music when rising and falling onto Harry's engorged prick. Harry planted his cock inside of her body. She came even harder with Claire grabbing onto her.

"Suck my tits," Claire breathed.

Harry decided to cater to this particular whim. Her cute little nipples stuck up. Claire grabbed the back of Harry's hair and allowed his face to go into her chest. He sucked them and made Claire breath in heavily. She took as much cock as possible inside of her tightening quim.

"Make some music for me, Lightning."
Another squeeze made Claire explode into a fit of lust. She bounced harder and faster upon Harry's cock the deeper it shoved into her squeezing pussy. She wanted it all inside of her. Claire's wet pussy grabbed around Harry's cock and pushed it deep inside of her.

She sang that high note the further Harry pushed inside of her. His big balls pressed up against Claire's body. Claire rose up and dropped down onto Harry's big cock. Her wet pussy coated the edge of his cock and all the way down to the base of him.

"How's….this!" Claire moaned.

It was beautiful and stunning. She leaked all over his cock and covered the edge of it with her juices. The warm juices coated Harry's cock. Harry grabbed her tight ass and edged her down onto his base a little bit more. He wanted to watch Claire cum again. He buried himself face first into her chest and squeezed it.

"Baby, that's so good," Claire cooed the deeper Harry pushed into her.

His big cock touched all of the right spots in her. Claire rose up and dropped down onto Harry's hard cock. The wizard grabbed her and drove down onto him. His fingers brushed down onto Claire's soft legs. Lightning got off on the touching to her legs.

"Oh, you're so great!" Claire breathed in his ear. "You're the very best."

"You're pretty good yourself."

Claire held onto him. The fact they were having sex and anyone could come around the corner at any time did not even bother Claire. Harry pulled almost all the way out of her and drove his big cock inside of her tight body. She pushed against Harry's thick prick and released him.

Harry grunted when rising and falling into her. Each touch of her body brought more delicious moans from Claire. His fingers touched her and made her rise up even higher from his actions.

Both were getting closer to the edge. Harry rose up and drove down into Claire's wet pussy. She stretched around him with Harry rising up and pulling out of her. He filled her up several times. Claire tightened her grip around him. Her hair flew in the air, drenched in sweat. Soft legs grabbed around Harry and pushed even deeper into her.

"Cum for me, baby," Harry told her. "Cum for me, hard."

Claire came for him very hard. His huge cock pushed deep inside of her. Hips bucked up to meet Harry. They connected together loin to loin.

The warmth surrounding his cock made Harry groan and grunt. He shoved as much of his cock inside of Claire as possible, stretching her wet pussy out completely. Claire grabbed and released Harry. Her juices splattered around Harry's big cock and then released him.

She came and kept cumming over and over again. Harry drove his big cock inside of Claire's tight pussy and filled her completely. Harry pulled from her and then drove down into her. Their loins connected together the deeper Harry pushed inside of her body.

Claire arched herself back and screamed. Harry buried twelve inches inside of her. The heroine kept moving up and holding onto him. She made this beautiful music as riding his cock faster and harder. She pushed up and down against him. Their tongues met together again one more time. Harry clutched Claire's face and sucked on her tongue to make her moan.
She came one more time. Claire brought herself down onto the base and squeezed him a couple more times. The silky smooth nature worked him deep inside of Claire. Harry touched her and made her cum all over him.

So close, they were so very close to cumming together. Claire clawed Harry's back and drove down onto his engorged prick. Her juices flowed all from the tip to the base of Harry's cock. Claire squeezed him.

Both came together at the next beat. The music kicked up with Claire rising and falling to take Harry inside of her. She ensured the cum spilled inside of her pussy from where they sat.

Claire rested her face on Harry's shoulder. Harry pulled her off and Claire turned. He scooped Claire up into his arms. The two of them kissed each other before they decided to explore more of this club with each other.

Tonight was far from over after all and Claire was not done exploring her relationship with Harry. And he wasn't with her.

End.

Simple Thank You(Lavender and Parvati)

Lavender Brown received the first earning report to the new business she started. The eighteen year old busty blonde could not be happier with what she found out. She bounced up and down looking very excited. Parvati Patil raised an eyebrow. She watched the excited expression on the face of the girl. Parvati's best friend and business partner looked pretty damn excited.

"Oh, this is better than I expected," Lavender said. "I mean, we couldn't have done this all without him…but still take a look at this!"

Parvati received the report and raised an eyebrow when looking at it. She knew they sold well last month especially with the international distribution deals kicking into effect. Parvati saw how well they sold and realized how much of a good mood her best friend was in. Parvati was not about to lose all dignity and start jumping up and down like Lavender did, but she was very impressed with the results of this report.

The man who made this all possible stepped through the door. Harry Potter, their former classmate and silent partner, stepped in. Lavender threw herself at Harry with a hug. Her ample chest pushed against Harry's and Lavender's tongue demanded entry into Harry's mouth.

Lavender kissed Harry for a long time, almost molesting his tonsils with her warm tongue. Harry wrapped his arm around Lavender and pulled her body closer into his. She closed her eyes and kept kissing away at him for several minutes until breaking away.

"I got the news, and I'm pretty happy about it," Lavender said.

Harry responded with a smile. "I can tell you're happy."

Now, Parvati made her move and dove at Harry, shoving her tongue into the mouth of the wizard. Harry wrapped his arms around her waist and pulled Parvati into the very intense kiss. Sparks flew between the two of them before Parvati pulled away. She smiled, looking about as happy as well.

"Well, I think we better celebrate," Parvati said while flipping her hair out of her face.

Lavender started to unbutton Harry's shirt and run her nails down his chest. "So, how about it, Harry? Are you up for a little bit of celebration?"

The moment she said "up", Lavender's hand moved down to shamelessly squeeze Harry's crotch through the edge of his pants. A smile crossed the wicked woman's face. Harry reached behind her and squeezed her ass through her tight mini-skirt. Lavender closed her eyes shut and enjoyed the feeling of Harry's strong hand grabbing her ass through her skirt.

"What do you think?" Harry asked her. "Do you think I'm up for it?"

The next thing she knew, Lavender was in the bedroom. Parvati followed them inside a couple of minutes later with a saunter of her hips. Parvati unbuttoned her top to reveal a lacy blue bra containing her nice breasts. As nice as Parvati's breasts were, they paled in comparison with Lavender's. She seductively unbuttoned her blouse before allowing her top to drop on the floor.

Lavender's very amazing chest came out in the black bra. Harry reached over and grabbed the back
of Lavender's head before pulling her into a kiss. Lavender accepted the very intense kiss without any problems. The two lovers kissed each other harder than before.

Parvati tapped her foot onto the chair. Not to be outdone, she moved in and placed a hand around Harry's neck. She started to kiss the back of the young man's neck and run a hand all over his muscular abs and chest. She felt every inch of Harry underneath her hand before moving down to cup his crotch through the edge of his pants.

"This looks promising," Parvati said.

Both girls worked together as best friends often did to take Harry's pants off. They fell to the ground and left Harry standing in a pair of shorts which strained underneath his erection. Parvati and Lavender pulled down Harry's pants. Harry's cock came out and almost smacked Lavender in the face. She caught it and moved on in to kiss the tip of Harry's cock.

Harry settled in for the long term as Lavender worshipped his cock. Parvati moved down to lick on the parts where Lavender was not kissing. Both girls showed their appreciation for the work Harry did to get their business off of the ground. Lavender cupped Harry's balls and gave them a firm squeeze.

"Oh, he's come with a present for us," Lavender said breathing hot breath on the tip of his cock. "How nice!"

Harry's big throbbing cock stuck out in the air for Lavender to grab onto and give a very solid squeeze. She moved in and wrapped her warm lips around his cock. Parvati moved into position between his legs.

This was not the first time these two girls had been in this particular position with Harry. It still felt amazing to have their warm mouths working away at his cock and balls and worshipping every single last inch of his flesh. Lavender pressed her palm against his legs.

"You're very welcome," Harry said while guiding their mouths to worship his nether region.

Lavender's eyes glazed over with impressive hunger. She needed this cock buried deeper inside of her mouth. The busty woman never knew how much she needed a cock until now. And the fact Harry buried it deep into her mouth lead to her feeling really great about all of this.

"Mmm," Lavender moaned around his tool. "Mmm."

Harry grabbed the back of her hair and guided the beautiful woman further around his cock. She choked for a second, but then recovered in the most admirable manner possible. Harry grabbed her hair and pushed deeper inside of her mouth. Lavender's warm lips enveloped Harry and released him with several very potent and loud sucks. She kept working Harry's prick over on a constant basis until she could not take it any more.

Parvati happily picked up the slack and sucked Harry's large member. She had her turn lavishing Harry with all of her love. Her warm mouth wrapped around Harry and released him several times. The Indian witch made sure to worship her beloved man and lavish every last inch of his cock with her salvia.

The two friends shared this one big cock with more than enough of it to go around. Lavender drove herself down onto it. Her sexy face screwed up in lustful concentration when going down on Harry. Harry held the back of Lavender's hair and pushed his rod deeper into her warm mouth. Lavender popped her lips several times around Harry's cock before pulling back out from her.
Lavender swirled her tongue around Harry's cock and smiled before going down onto him. Parvati returned to sucking on his balls and squeezing them. Her fingers milked him and Harry groaned at the feeling of these two lustful nymphs having his way with his manhood.

Everything had to come to an end then. Harry watched as the busty beauty on her knees took his cock into her mouth and sucked him long and hard. He reached behind her hair and stroked it. Lavender pushed her mouth around him and released Harry with a few long sucks. His cock extended and went deeper into her mouth.

"I'm ready," Harry groaned. "You're going to make me cum with that hot little mouth of yours. Shit, Lav, you're amazing."

Lavender gave him a cock smirk. She knew she was amazing, simply the best in fact. Lavender's mouth enveloped Harry and released his cock. She grabbed his balls and squeezed them to feel how much cum had been ready inside of her.

One girl sucked his cock and the other milked his balls. Both eighteen-year-old witches would receive another gift from their benefactor. Lavender in particular swiftly became the benefactor of Harry's hot seed spilling into her mouth.

The temptress hung onto the ass of her lover and slowly eased his seed into the back of her mouth. Lavender spent the next few minutes sucking her lover off and taking every last drop of cum deep into her mouth.

Lavender smiled and pulled away from Harry's cock. She turned to Parvati and beckoned the girl to her feet. Parvati sauntered to her feet with a big grin on her face.

"Sharing is caring," Parvati said with a soft smile.

"Quite right."

The two kissed each other hard and started to remove the others clothes. Their clothes fell to the ground with both girls touching each other. The kissing grew even more intense the longer they went at it with each other. Lavender's large creamy breasts formed a lovely contrast to Parvati's sizeable darker ones. It was like chocolate and vanilla all in one big swirl, which made Harry's mouth water just a little bit.

Both of the beauties stripped the other down to their thongs and climbed to the bed. Those thongs disappeared as both girls kissed. Harry stroked their bare pussies, excited about how wet they were. Both girls moaned with Harry touching them.

"I bet you can't wait to fuck us both," Parvati said with a smile.

Harry could have had his pick of either of the girls. He held his hand into the air and performed a random selection charm on both of the girls.

"Looks like you're the lucky girl, Parvati."

Lavender could not be too upset. She would get her chance soon enough. It was time to kick back and watch the show. Harry climbed from behind Parvati and cupped the Indian witch's breasts. Parvati's dark nipples stuck up in the air as Harry kissed her on the back of her neck. He pulled her hair out of its ponytail and allowed Parvati's curtain of dark hair to flow freely against her beautiful face.

"I'm going to take you like you've always wanted to be taken," Harry breathed in her ear.
Parvati remembered the first time she and Lavender had been involved with Harry. They received high marks on their OWLs, thanks to Harry, and they dragged him off into an unused classroom to give him an appropriate thank you. Their relationship had been mutually beneficial to this point.

"I need you," Parvati said. "Fuck me."

Harry pushed against the growing heat of Parvati Patil's juicy thighs. He wanted to be between them in every way possible. His cock head pressed against Parvati's moist heat and he slid a couple of inches inside of her.

The next few inches pushed inside of Parvati and the sexual fire scorching her loins overwhelmed the beautiful witch. Harry pulled completely out of her and then drove his hard cock deep inside of her body. Harry pulled out from her and then pushed into her.

Lavender rolled onto her back and watched as Harry's cock disappeared between Parvati's lovely thighs and inside her pussy. More sexual energy passed over her body as Lavender rubbed her large tits and moaned in hunger. Her pussy dripped.

A realistic looking cock appeared in mid-air. It resembled Harry's. The cock rubbed against Lavender's lips on its own accord and made Lavender jump up. The first few inches of this floating cock pushed against Lavender's warm lips. She engulfed a little more of this thick cock inside of her warm body.

"Yes," Lavender moaned.

Every inch of this thick pole stuck Lavender hard. She threw her hips up off of the bed and received a full dose of cock buried between her thighs.

She could feel tingles and realized that this cock was now matching the intensity of the one Harry pushed into Parvati. Lavender reached up into the air and kicked her legs back. The clip flew out of her hair and golden tresses fell against Lavender's angelic face.

Parvati had been lost in her own little world from Harry repeatedly driving his large cock deep inside of her wet center. Every time it entered her body, Parvati found herself submerged just a little bit deeper into some brand new world of wonder. She grabbed the edge of the bed and drew out a very deep breath the harder this cock just pushed into her body.

"Time for you to cum."

"Yes," Parvati murmured. "Yes."

Parvati's loins gushed and formed a very tight seal around the manhood buried inside of her. Lavender and Parvati emptied his balls earlier, but damn if they were not full again. The restorative powers of this powerful wizard made Parvati tingle, as he had enough seed to go through dozens of witches before being spent.

She grabbed onto the bed with Harry biting down on her neck. She liked how much those spots had been toyed with. More liquids gushed with Harry pushing his big cock inside of her tight body.

"You can't help yourself," Harry said. "You're a slave to my touch. A servant to my cock."

Parvati's eyes flooded over as her entire body just released gushing juices all over Harry's cock. The constant reminder and reinforcement of Harry's glorious domination over her body made Parvati feel beyond great. Harry buried his rod inside of her body.
"And I'll get to you soon enough."

Lavender toyed with her nipples and rubbed down her body. She collected juices and sucked them off of each one of her lovely fingers. Lavender threw her head back and moaned getting even hotter from the thought of Harry taking her in every single way possible.

"Yes," Lavender murmured underneath her breath. "Take her, and take me."

Parvati gave a shrieking cry of pleasure the deeper Harry drove his massive cock inside of her tight body. She clutched the sheets the harder Harry pushed deep inside of her. Parvati could feel her warm walls clamped around his hard cock and milk Harry's massive cock inside of her body.

"This body belongs to me," Harry said. "Do you agree?"

"Yes, give me your cum," Parvati said. "Please, cum inside me. I'm so fucking horny. I need your seed, I need it now!"

Harry grabbed Parvati's hips and drove deeper inside of her. His hard balls slapped against Parvati's warm thighs the deeper he shoved inside of her. He reached a fever pitch the heavier his balls grew. Harry held Parvati's jugs and squeezed them before moving down to squeeze her waist and drive deep inside of her.

"Here it comes," Harry groaned. "Get ready."

No amount of preparation could brace Parvati Patil with the pleasure that was to come. Harry's large balls pushed against her heated mound the deeper he plunged inside of her. Harry pulled almost all the way out of her and drove deep inside of her warm pussy from behind.

"I'm ready," Parvati yelped the faster and harder Harry drove into her. "I need your seed."

She craved it very much. Harry's fat balls slapped against her warm pussy. The curvy beauty and her ideal figure, received a huge slam of thick cock inside of her body. Lavender's moans from to the side intermingled from Parvati's yelps of pleasure and Harry's grunts of content.

Harry allowed Parvati to cum one more time.

"Good girl."

She was a very good girl taking her master's cock all the way inside. Parvati threw her head back. It was a shame that her sister could not join in on this fun. But, she was busy being Hermione's advisor halfway across the world. This thought drove out of Parvati's mind as Harry's big cock plunged into her.

"Here I cum," Harry grunted.

Parvati did not even think of anything more. All she could do was get Harry's cum inside of her body. Harry pushed into her and his balls gave way to seed the inside of the woman's lovely body. Harry held onto her hips and plunged as deep inside of her as possible.

The very second Harry finished seeding Parvati's juicy pussy, he pulled out of her. This allowed Lavender to come on in with a wicked grin on her face and start to feast on the lovely offering of juices Parvati gave her best friend from her pussy.

"Lav!" Parvati moaned the deeper her friend got.
Lavender used the tongue she used to train Hermione Granger and several other witches to be obedient. Her friend was one of them as Parvati received Lavender's warm tongue around every inch of her howl. The lovely taste of Harry's seed and Parvati's juices coated Lavender's tongue.

One more shrieking orgasm came from Parvati's body before she turned to Harry. The juices disappeared from Lavender's mouth, leaving her with her normal taste. She leaned over and kissed Harry on the mouth. She wanted this big cock in her and needed it inside of her now.

"I'm ready to take you, stud," Lavender breathed.

Lavender spent another couple of minute teasing Harry with her DD-Cup breasts. Harry took them in hand and squeezed them. Oil appeared over Lavender's body with a handy little charm and gave her that absolutely shine of sexiness.

She spun around and showed Harry that the backside was just as good as the front end. Harry squeezed Lavender's perfect ass and made her cry out in pleasure. His fingers coaxed inside of her warm pussy and made her squeeze around him.

"I'm ready to fuck you until you pass out," Harry said.

A grin passed over Lavender's face. "Sex-coma me then."

It was not proper grammar at all, but Lavender was not interested in that. All she was interested in was their bodies joining together in pleasure. Harry's fingers touched her lower back and then moved around to cup her wonder-class breasts. Lavender sank herself down onto the base of his tool and allowed his cock to fill her completely. Lavender's eyes flooded over when driving down onto the base.

Their bodies met and instantly, Lavender's pussy felt more filled than ever before. Harry grabbed onto her body and shoved as much of his cock inside of her as humanly possible. Lavender stretched around his cock and then pulled all the way off of it.

Lavender bouncing down on Harry was a lovely sight. He took her breasts and squeezed them.

"Those are all for you," Lavender panted when driving up and down on him.

Her legs wrapped around Harry's waist and pushed his face closer to her chest. Harry took her succulent flesh into his mouth. Lavender threaded her fingers against Harry's hair and allowed him to dive on in.

Already, Harry could feel like he was making her cum and it was a perfect moment. Lavender drove herself down onto the base of his cock. She pushed down onto his big cock and pushed more of him inside of her body. Lavender saturated Harry from the tip all the way to the base of his cock. Her body moved up and down with repeated pushes.

"Good," Harry groaned. "That's pretty good."

Lavender came all over Harry's cock. A slap to her ass caused a dirty smile to come over Lavender's face when she rode him even harder. Her warm thighs came down around Harry's cock and stuck it inside of her body. Lavender squeezed his cock and released him with a few more pumps. Harry touched her chest and made Lavender throw her head back with a hungry moan.

"Keep it up," Lavender said. "Mmm, squeeze my tits. Don't you dare stop! Make me cum all over your big cock…make me cum all over your big fucking cock!"
Lavender was throwing herself all the way onto his cock and then rose up before driving her pussy down onto Harry's hard cock. Harry touched her nipples and made Lavender almost lose herself with pleasure.

Every time Harry touched her body, it reacted. It sent more pussy juices splattering down from the tip of Harry's cock all the way to the base. Lavender enveloped Harry's hard cock inside of her lovely pussy and released him. Harry pushed deeper inside of her body.

"Make me cum," Lavender moaned out loud.

She took more of this hard cock inside of her body. Those balls were bloated severely and ready to seed her. Lavender recklessly drove herself onto his cock. She looked like a naughty nymph with her perfect body, bouncing breasts and bouncing ass moving about him. Lavender's sweet juicy lips curled into a never ending smile.

"I've tamed you," Harry said. "You're my naughty nympho, but I've tamed you, haven't I?"

Constant movement threw Lavender's game off balance. Harry guided this game when making his lover constantly rise and constantly fall upon his hard cock. Lavender splattered her juices all over his cock and made him fill her up. Lavender released Harry's hard cock with constant milking.

"Mine," Harry breathed. "Cum for me."

Lavender worshipped Harry's body with her own. She owed all of her success to the support of this brilliant man underneath her. Lavender happily rubbed it in the face of all of the people who thought she would just be doomed to be a waitress in Diagon Alley. She was one of the most successful magical fashion designers in Britain, was able to make her own hours, and they slummed it working as interns for minimal pay possible.

Now, she was riding Harry Potter's cock for everything that it was worth. Lavender chewed down on her lip, the hunger coursing through her body increased. She felt as much lust as possible.

"My turn," Harry said.

Those large balls threatened to fill Lavender.

"Give me all your babies," Lavender breathed in his ear. "Imagine this large titties getting even bigger when they fill with milk."

The evidence of Lavender's magical prowess stuck in Harry's face. Harry pushed inside of body and sucked on Lavender's heaving chest. The beautiful vixen pushed herself against Harry and enveloped his cock repeatedly. Every time Harry pushed inside of her body, his balls grew closer to depositing their payload.

It was time for Harry to fill Lavender up completely. His balls tightened and started to discharge their warm juices into Lavender's tight pussy. Every single time Lavender pushed down onto Harry's hard cock, a bit more cum spilled inside of her body.

The satisfaction was immense with Harry finally slowing down. His entire body released that built up tension inside of Lavender's sopping wet core.

Lavender hung on for the best ride of her life. It was the one thrill ride she did not want to get off of. Lavender's eyes glazed over and became filled.

Harry wrapped up with both of these girls. As much as he wanted to spend a little more time to
them, he had other appointments to keep together. All of the businesses Harry invested in were booming and also making the goblins nervous because Harry created a flow of gold which they could not control.

He tucked both girls to bed, smiling at what he accomplished.

End.

Next Chapter: 12/7/2017.
Giselle Gridelwald marched over the field and moved straight into the land of one of her father's most tense allies possible. To be honest, Giselle knew that the partnership between her father and this Harry Potter was tense at best, against a mutual enemy. Giselle wished to be on the right side of the battle and then on the right side of history.

The daughter of Gellert Gridelwald paused. She brushed a strand of hair out of her face. Beautiful, tall, blonde, well-built, were just some of the ways to describe this woman. She could tell there was a second party inside of the house, and whoever she was, she had been intimately involved with Mr. Potter. Giselle did not really care at this point. She just pressed forward and knocked on the door three times.

Giselle waited outside of the door for it to open. The handsome young man who haunted her dreams opened the door. He looked over Gellert's daughter and smiled.

"Ms. Gridelwald, come in," Harry said.

"Mr. Potter," she said in a calm voice. "I understand that you and my father have achieved success in crippling Vandal Savage's forces."

"Savage is on the run now," Harry said. "He's not gone, so we can't completely rest until he is. But I think we can agree he's not what he used to be."

Giselle was not going to disagree at all. She eyed Harry for a few seconds. The man exhibited a lot of power and strength that made her want to be on the right side.

"And that means, you have plans to take my father down and make sure he doesn't have any further power," Giselle said. "He's losing ground, but I have information which could help you if you want it."

"Now, that's a pretty bold accusation," Harry said. "Are you really saying that I'm conspiring against your father? Is this some kind of test of loyalty against him?"

Giselle crossed the room and looked eye to eye with Harry. She put a hand on the sash of her robe and looked at him very teasingly.

"My father has his obsessions," Giselle said. "He's still bitter about not being able to sway Albus Dumbledore to his side. I think he wanted to have his cake and eat it too. His relationship with mother is purely political. Dumbledore was the one he wanted, to rule beside."

Harry did not say anything. He figured about as much. Gellert constantly spoke of Dumbledore and bemoaned his very existence. Giselle moved a little bit closer to Harry and touched the side of his hair before leaning in to whisper in his ear. "I'm willing to sweeten the pot a little bit."

Giselle slowly dropped the robe to the ground to reveal she wore a lacy black corset underneath it, a thong, and lacy thigh high stockings. Harry took a good look at her round breasts, slim waist, and wide hips, along with her long legs. He found herself.
"I wouldn't put it past Gellert to send his daughter her to try and seduce me you know," Harry said. "Are you prepared to swear your undying loyalty to me?"

Giselle leaned towards Harry and undid the buttons of his shirt before pulling it down. She placed a hand on Harry's chest of feel his beating heart. "Yes, my love, anything you want."

The seductive blonde slunk a little bit closer to Harry and put her hand against the side of his head. Her fingers parted Harry's hair. She gave him a very dazzling smile when moving ever so closer to her. It was almost as if Giselle had been sizing up prey, ready to take a big bite out of it.

"Make me yours," Giselle breathed hungrily in his ear. "Make me yours, forever."

Giselle leaned a little bit closer to Harry and gave him a very firm kiss on the lips. Harry grabbed her by the hair and deepened the kiss. The receptive woman worked her tongue into her.

"Harry? Who…."

An abrupt break of the kiss caused Giselle to spin around. She saw another blonde woman, tall as she was, as beautiful as she was, but older than she was. Those brown eyes came across the situation and Giselle opened her mouth, bright blue eyes shining, unable to process this situation. The older woman dressed in nothing other than a towel which threatened to drop.

"Mother?" Giselle asked. "What are you….."

Sofia Gridelwald, nee Dolohov, smiled when looking at her daughter. "The same thing you were about to do, my dear."

Mother and daughter crossed the room. Giselle tried to say something, but nothing came out of her mouth. Sofia wrapped her hand around Giselle's head and then moved her in just a little bit closer. The two kissed, and instantly when their mouth's touched, Giselle tasted something on her mother's tongue. The taste made Giselle only deepen the kiss.

'Semen,' she thought. 'Harry Potter's semen.'

Giselle pulled herself away from her mother who smiled and moved down to caress her daughter's beautiful young body. Sofia moved over to remove the pants Harry hastily threw on to go answer the door. His hard cock sprang out, almost as if magically had been conjured.

"Go ahead, Giselle," Sofia said. "Show your loyalty to your new master."

Sofia's hand slipped between her daughter's legs and rubbed her vagina. Giselle closed her eyes and felt her mother fondle her nether regions. It felt really good.

Then, Sofia broke free and allowed Giselle to amble across the room. She dropped down to a kneeling position in front of Harry's cock. Giselle eyed his manhood and then leaned in before Harry helped guide her mouth around his big throbbing cock.

The cock stretched Giselle's mouth and pushed deeper into the back of her throat. Both of Harry's hands held onto the back of Giselle's head and eased his meaty manpole deeper inside of her mouth. Giselle closed her eyes and hummed hungrily around his cock.

"Oh, such a good girl, isn't she?" Sofia asked dropping the towel and feeling up Harry's muscular body.

The mother worshipped Harry's back half while the daughter was on her knees and taking Harry's
cock into her mouth. She took the head of the cock deep into her mouth, sucking him like a
champion. Harry grabbed the back of her head and plowed deep into said mouth.

"She has a really good mouth," Harry said. "You had a little taste, didn't you, Ella? You want more,
don't you?"

Giselle re-doubled her efforts when sucking on Harry's large cock. He pushed it into her mouth. The sexy girl shoved more of Harry's big cock deeper inside of her mouth. She popped around the base of Harry's cock and released it around her lips.

"Suck it," Harry said. "Suck it like it's your job. You belong on your knees before a true man. You belong on your knees before the superior man."

Giselle gave a gasp as the back of her hair had been grabbed. Her mother moved on her knees as well and took the well-hung wizard's balls and squeezed them.

"Don't slow down," Sofia advised her daughter. "You have to keep up a steady pace, otherwise the soreness of your jaw will set in faster. Push through...no pain....."

Sofia ran her hand over Giselle's back and then between her legs. This encouraged Giselle to suck on her new master even harder and faster. Her warm lips popped around Harry's cock and released them.

"It's time for you to earn your reward," Harry said.

She re-doubled the efforts and sucked on Harry's cock nice and hard. Harry pushed his manhood deeper inside of Giselle's perfectly tight and warm mouth. Every time her mouth tightened around him, Harry grunted. He pushed his way inside of Giselle's perfect mouth.

A blast of cum fired into Giselle's mouth. She closed her eyes and received a tasty flood of semen buried inside of her mouth. Her hands grabbed Harry's ass and enjoyed the taste of the cock.

His cock slipped from her mouth and kept spurting cum. Giselle jumped when the semen struck her in the face, and also the chest and rolled down to coat her stomach.

"It always happens the first time," Sofia said with a shake of her head.

Giselle slid back and had been soaked in the cum of the powerful wizard. Harry's cum soaked into her skin and made Giselle fell invigorated. She slipped her top off to release two breasts which could be classified as the pinnacle of female perfection. She caught some of the cum dribbling down her neck on her fingers and sucked them dry while moving down.

"I should show you how it's done," Sofia said.

She grabbed Harry's crotch and smiled before the three made their way to a very lavish bedroom. Red curtains adorned the walls from all sides. Sofia made sure Harry was relaxed on the bed. Giselle perched at the edge of the bed and watched as her mother climbed on top of Harry's body and gave him a smoldering kiss.

Sofia spent a few minutes just worshipping the body of her fit young lover. Every time she touched him, every time she kissed him, fire and passion spread between the two of them. Sofia moved over and cupped Harry's cock and made sure it stood straighter up than ever before. She moved in to straddle him.

"Watch closely, darling," Sofia said.
The gorgeous MILF sank down on Harry and offered him a courtesy swear in German. It sounded pretty hot from Harry's perspective. Her nipples stuck up and Harry reached over to grab her ample chest. Sofia rose up and sank herself down onto Harry's pole. The engorged cock pushed deeper inside of Sofia's tight body.

Giselle watched as her mother let herself go on Harry's cock. She demonstrated how to get the cock inside of her pussy. She made sure to lean back to give Harry all of the spots to exploit her lust. Giselle found herself growing hornier by the second the more she watched Sofia drive down onto the younger man's cock.

"Come here and sit on my face," Harry ordered Giselle. "And make out with your mother when I start licking your pussy."

She scrambled over to climb on top of Harry's face. Harry reached behind her and grabbed Giselle by the ass firmly. She situated onto Harry's face. Harry used his tongue to stroke her womanhood. Giselle closed her eyes with a few paces made by Harry over her.

Those warm inviting thighs surrounded Harry's face. It made him hungry for Giselle and lick her even harder. He pushed his hands against Giselle's perfect backside and even more perfect legs to suck on her. He could hear the sloppy kiss behind her.

Sofia received a nice and warm kiss from her devoted daughter. Sofia grabbed Harry's torso and drove herself down onto his big cock to fill herself up completely. Her wet flesh connected with Harry's firm thighs the further and deeper she shoved herself down upon his mighty rod.

The warmth surrounding Harry's cock made him feel really good as Sofia continued to pump away at his large cock. The juices kept surrounding Harry and made him feel beyond great. Sofia kept rising and falling on his big cock and kept dripping all over him.

"I'm getting close," Sofia said. "That's the spot...that's the spot right there, baby!"

Harry touched her chest and made Sofia rise up and explode all over his cock. He alternated between touching mother and daughter.

Sofia rode him out and then pulled off of him. She shifted positions and dropped down onto Harry's cock. She started to ride her handsome young lover reverse cowgirl style. Her wet pussy squeezed around him and released.

Giselle's eyes drifted to her mother's bouncing ass. The siren song of her mother's puckered hole just called out to her. It was wrong, but Giselle had to show attention. She moistened the tip of a finger and slid it into Sofia's ass which caused her to cry out in pleasure.

"Oh, baby, do it more," Sofia breathed.

Harry closed his eyes and could now "see" Giselle moving her tongue inside of Sofia's tight ass. The beautiful sight of a daughter feasting on her mother's taboo entrance just made Harry's balls clench. He could feel Sofia's powerful muscles down.

"A superior man deserves everything that he can," Sofia said. "Gift me with your seed, great one."

Giselle wanted a piece of Harry as well. She settled for feasting on Sofia's asshole. Her mother gave a very obvious gasp of pleasure the more Giselle worked her hot little tongue inside of Sofia's tight asshole.

Harry grunted when feeling Sofia's inner walls work him. She always knew how to get the best out
of his cock. It shoved deeper inside of Sofia's warm hole. Harry pulled almost all the way out of her and then buried more of his cock inside of her.

Something had to give and Harry's balls were about ready to be the thing which gave. He reinforced his will and pushed deep inside of Sofia's pussy.

Sofia closed her eyes and could feel the tension building. She had cum several times and naturally, it would only be proper to give her handsome young lover the orgasm which he could remember. Sofia pumped her walls around Harry's thick tool when it parted her warm lips. Harry's hands grabbed her and pushed deeper inside of her body. His balls swelled and then began to blast the inside of her pussy with a growing amount of pussy.

"That's the perfect spot," Sofia breathed. "Both of you."

Giselle finished eating out her mouths mouth and was able to taste some of Harry's treat pouring out of her pussy. She overflowed from this particular position. Giselle watched her mother rise and drop on Harry's large balls to empty them of their cum, at least for the moment.

Instantly, Sofia pulled out and collapsed back. Her lovely daughter crawled over the bed, simple seductive burning through her eyes. Giselle stroked her mother's warm thighs and moved ever so closer to her. Sofia's pussy overflowed with the combination of seed.

Harry rose up just in time to feel Giselle's silky toes rubbing against him. Those toes in those stockings felt amazing and restored Harry's cock.

Giselle fondled Harry's cock with her feet. She got the desired reaction when leaning in and sucking the combined cum from her mother's overflowing pussy. Giselle buried her beautiful face deeper between Sofia's soft thighs and started to suck her dry.

The moment she was done eating her mother out, Giselle turned her attention back to Harry with a half of a smile on her face. She leaned in and cupped Harry's crotch before moving up to caress him.

"I want your child," Giselle said. "To prove my loyalty, I will give you a daughter."

Giselle turned around and got on all fours to present herself for Harry. The enticing witch opened up wide for Harry. His cock was as hard as a rock and needed some kind of relief. He moved closer to Giselle's wet hole and moved a little bit closer to her.

"Oh, this is no idle offer," Harry said.

"I consent to carrying your child," Giselle said.

Harry's magic reacted to her offer and he pushed into her. His balls swelled up even more, full with fertile seed just ready to spray her wound. The beautiful woman sucked him into her pussy the second he took her innocence.

Giselle's eyes faded on the bed. She would be Harry's forever. They would deal with her father and that nutcase Austrian Muggle who was working with her father at another time. Now, Giselle needed cock and lots of it. Big cock, in constant thrusts burying inside of her body.

She came hard and Harry smiled when pushing himself deeper inside of her lovely body. Giselle cooed at each thrust. He pulled out of her and then drove himself deeper inside. Giselle clutched the edge of the bed and gave a very hearty moan of excitement the further and faster Harry drove inside of her.
Harry waited for her to react again. Her breasts came out and Harry touched them. He imagined them swell as his daughter grew inside of Giselle's womb. Given the size of her endowment, she was a powerful girl, so their daughter would equally be magically blessed.

Sofia leaned at the edge of the bed and watched with excitement the conception of her granddaughter take place. The wizard's balls were about ready to push to the brink.

"Stay with me," Harry said. "You're going to want to be awake for this."

Giselle could not agree more. Harry touched her behind the neck and made the inside of her body turn to jelly. She opened up to take as much of his endowment as humanly possible. Harry pushed deep inside of Giselle. She grabbed onto the bed.

"I'm almost ready," Harry said. "You're going to carry my child. You're going to be mine forever."

"Yes!" Giselle yelled. "Give me your child!"

She imagined Harry's cock seeding her with his daughter or maybe daughters. Giselle thought that it was her purpose to give this young man a strong daughter and then later, teach her how to serve her proper master when she was old enough. Harry's thick balls pushed deeper inside of Giselle's warm body. She squeezed him.

"Knock up my daughter," Sofia said. "Oh, you magnificent fucking man….knock my baby girl up! Put your cum in her body and give her your baby. KNOCK HER THE FUCK UP!"

Sofia pushed her fingers deep inside of her and started to swear in multiple languages. No matter what the language was, she waited for Harry to knock up Giselle with her granddaughter.

Giselle lost herself to the lust she felt. Her body built up to a certain point and soaked Harry's cock with her cum. Harry pushed into her and his balls started to discharge.

Each blast of cum saturated the inside of her body. Giselle threw her head back and could feel herself being knocked up by Harry's constant barrage of baby making fluids. She closed grip onto the bed.

She praised her god the deeper he poured seed inside of her very accommodating body. Harry pulled out of her and pushed deeper inside of her. His balls kept launching their load inside of her body until Giselle collapsed down on the bed.

"Good girl," Harry said. "And you too as well."

Harry kissed Giselle's tummy as the sexy witch rolled over. Sofia smiled and moved over towards her.

"You're close to us ever than before," Sofia said. "I would have offered to care your child first, but I wanted to give my daughter the opportunity."

"Such a giving mother," Harry said.

"Of course, I could change my mind," Sofia said with a smile.

And today was the beginning of how Harry Potter defeated the Nazis.

End.
Next Chapter: 12/12/2017.
Power drew the attention of many. Maleficent stepped into the room and dropped the robe to reveal her perfect body devoid of any flaws. She came across the sleeping individual on the bed. The power which the wizard exhibited was very strong. She had an attraction, and obsession. And now, she wanted to test any fortunes.

So far, so good in crossing through the bed chamber curtains, but it would be unwise to get cocky. The wicked woman stepped a little bit closer and shifted the blankets back.

"I've always favored a strong and powerful staff," Maleficent said. "And with some nice quality wood as well."

She reached in and grabbed the sleeping man by the base of the cock. Maleficent did not care about him waking up. He slept for the moment. Maleficent increased her daring and stroked his large cock. The handsome sorcerer on the bed thrust his hips all the way up to meet the palm of the man of the woman. His cock received a nice working over when Maleficent continued to stroke him nice and hard.

A grunt came from the wizard the further Maleficent pushed her fingers down to the base of his balls and then gave them a very handy squeeze. His cock stuck up in the air. Right hand wrapped around the shaft and the left hand came around the balls.

Maleficent lowered her plump lips down onto the cockhead of the massive wizard. It called to her and made her hunger, lust for this. Lust for what was sticking straight up in the air. Malificent's lips moistened just a little bit more. Her lips parted and took his cock into her mouth.

Harry Potter grunted and woke up at the sound of his cock being sucked loudly. One of the wicked women in the land wrapped her mouth around his cock and sucked it. His hips rose a little bit when those perfect cock sucking lips continued to inhale him in. She pressed down onto Harry's crotch and them pulled back up from this perfect position. Her hand came in to grasp Harry's balls and then release them. The hunger dancing through her eyes only got more immense the further she worked over Harry.

"Mmm!" she moaned at the top of her lungs.

Harry shifted himself up off of the bed and took those perfectly warm lips around his hard shaft.

"Are we having fun?" Harry asked her.

Maleficent did not break her actions. She just kept sucking on Harry's cock. Harry pushed his cock into her mouth. The lust swimming in those eyes only made Harry work into her mouth even harder.

Those balls tightened with Harry's entire load spilling into her mouth. Maleficent's eyes widened when Harry injected his load into her mouth. She finished his balls off, drinking every last drop of cum. The power boost from sucking the cum of this powerful wizard peaked her intensity up to another level.

"So?" she asked squeezing his cock and balls. "Did you enjoy your morning wakeup call?"
"Bold of you to sneak in here," Harry said. "But, at least you brought me something to eat."

Harry flipped her over onto the bed. He attacked Maleficent's round breasts. The dark hair of the woman came against her face. She screamed when Harry took her massive mammarys in hand and squeezed them as hard as possible. Those fingers dug into the tit flesh.

"Suck them," she ordered him.

Harry did everything, but suck her tits. He fondled them, squeezed them, and even slapped them which drew a momentary whimper of pleasure. He then moved down to kiss her flat stomach. Each kiss kept working over the body of the woman. He moved closer to go between Maleficent's smoldering hot thighs and sucking on her pussy. She rose up off of the bed.

The tongue danced against her warm slit and edged closer to entering her. Maleficent rose up off of the bed and breathed in heavily. A very powerful and talented tongue swirled around her womanhood. Maleficent rose up and down off of the bed to be eaten out.

She enjoyed this powerful man going down on her and making her levels of pleasure rise up. Maleficent wanted his tongue inside of her and the other parts of him, he wanted inside of her as well. Harry's tongue pushed deep inside one of the most wicked women in any kingdom and then licked her around. Harry's tongue touched her womanhood and then pulled out completely.

"You've come here and snuck into my bedchambers," Harry said. "If one wants to come in my bedchambers, then one will have to cum in my bed chambers."

The devious lady did not want to have a philosophy discussion about right now. Those fingers cascaded over her warm slit and made her hips just buck up off of the bed. She kept twitching and squirming when cumming underneath Harry. He shifted himself deep inside of her and made Maleficent cum on a constant basis.

"Perfect," Harry remarked to her. "It's absolutely perfect. I enjoy feeling you cum like that. Don't you?"

"Yes, you magnificent bastard!!" she screamed at the top of her lungs. "Oh, fuck, yes!"

Harry tempted the thighs of the gorgeous woman underneath him. He stroked Maleficent's warm pussy until she rose and lowered up off of the bed. It felt very amazing to feel her scorch underneath Harry's touch.

Finally, she tried to grab him and roll him over. The two struggled with each other for a minute until Harry restrained the witch on the bed. He pushed his will down onto her body to dominate the wicked woman.

Maleficent growled and tried to take some amount of control. Harry pushed an inch into her body and made her jump. Those juicy legs wrapped around him.

"Time," Harry said. "It's time."

He didn't say much more than that. Maleficent did not need him to say any more. The way his hands and his body washed over hers made Maleficent almost black out from the constant pleasure going over her body. Harry's hands touched her and made her light up in pleasure.

"Yes, it's time."

Maleficent tightened the grip around Harry and pulled him ever so closer. The two joined each
other with Harry's cock, hardened once again, pushed into her body. Maleficent rose up off of the bed. He touched her and fulfilled a void that the witch never knew she had.

A part of her knew this was inevitable. Maleficent intended to sneak into the Dragon's tower and have her wicked way with him, getting herself off. Now he had her pinned down on the bed with twelve inches of manhood thrusting into her body. Maleficent made a delightful purr and groaned the deeper that he went inside of her. Harry rose up almost all the way out of her and plunged into her tight body as hard as possible.

Those big balls slapped against her thighs and made Maleficent lose herself to a growing feeling of lust. He released her arms and Maleficent dug them down his back. Harry rose up over the top of her and then plunged his hard cock into her.

Harry could feel the inner muscles of this beautiful woman grabbed onto him. Her powerful pussy walls grabbed onto Harry when he rose up and then drove down into her. He repeatedly planted his rod inside of her body with a constant series of thrusts going deeper and harder into her body.

"Faster! So good. The legends were true!"

She practically purred those words when Harry drove his hard cock deep inside of her tight body. Maleficent released his hard cock just so he could jam it into her again. Harry lifted her legs up and spread them. He pushed deeper inside of her body.

Every time those balls struck against her warm thighs, Maleficent pushed up off of the bed. Her tightening pussy walls grabbed him and released Harry. Harry pulled up almost all the way and then drove himself deep inside of her. He could feel her underneath him.

Maleficent's eyes rolled back into her head. She grabbed onto his shoulder, not caring if she drew blood. Harry rose up and dropped down into her. He slid into her wet pussy. The jack-hammering like effect of his cock and the way he took charge of her body just made Maleficent lose herself to the lust.

"You magnificent….you magnificent….YOU!"

The energy swirled in the air when the two powerful figures joined each other at the hips. Harry made the woman underneath him cum like she never had before.

"Still with me?" Harry asked her.

Maleficent tightened her legs around Harry's back and pulled him in tighter. She was still in with him. Harry took brief attention on her breasts. She wanted them sucked. Harry just teased the nipples and gave one slow lick.

"What are you going do about it?" Harry asked.

She threw her head back in agony as Harry pulled away from her heaving, ample chest. Harry rammed his huge cock deep inside of her body. Maleficent pulled away from him. Harry drove into her one more time and made sure she was worked to the edge.

Harry put his hands on her chest for added leverage and pumped himself into her. Their hips worked together with each other. Harry pulled almost out of Maleficent and drove deep inside of her magnificent body. He pulled out and then drove back down into her with a couple more thrusts to really work her to the edge.

"Again."
Maleficent succumbed to him and came as hard as possible. Her juices splattered against the cock driving into her body. Harry held her hips and brought himself deep inside of her as hard as possible. His cock pumped inside of her body and had been worked over by her walls. The constant milking drove Harry deeper inside of her. His balls kept slapping down against her body.

"One more time," Harry told her. "And then I'll suck your breasts."

It had been a treat which most men would die for. Maleficent rose up off of the bed and took his cock into her body. Her breasts splattered with sweat. She came hard once again with Harry just touching her. He was almost out of her. Then back into Maleficent one more time. He pushed hard inside of her and rocked her entire body.

Then, Harry dove between her breasts. The moment he touched and sucked on the wicked woman's breasts, she broke out into a series of high-pitched screams of delight. Harry pushed himself deep inside of her body and worked her over.

Their limbs worked against each other. The bodily fluids spilled out of Maleficent's body. Harry pushed deeper her tight pussy. Maleficent squeezed him when rising up and then crashing down into her body. Their hips connected together the deeper Harry slid deep inside of her body.

"Yes," Maleficent breathed. "Yes! YES!"

She kept screaming and Harry knew it would not be too long. He wanted to indulge himself in the woman's delightful body for as long as possible until his balls reached their limit. Harry pulled away from her and drove his hard cock inside of her tight pussy. Maleficent grabbed Harry and pulled him deep inside of her.

"Just like that," Maleficent said. "Just like…keep it up! Don't you ever stop! DON'T YOU EVER STOP WITH ME!"

Harry worked his cock deeper inside of her body than ever before. He pulled out of her almost all of the way. Then when he had her to the edge, he pushed back in. His balls tensed up the deeper Harry pushed into her.

The two went at it for several more minutes. Maleficent rose up off of the bed and took more of Harry inside of her with a constant series of thrusts.

"Let me feel how powerful you are," she groaned when underneath him.

Not too many times could someone say they got more than they bargained for and at the same time, gotten pretty much everything they deserved. Harry pulled out of her and slid into her tightening womanhood. Harry pulled out and then pushed into her. His balls slapped her warm thighs the deeper Harry pushed inside.

"Get ready," Harry said. "Cum for me."

"I…AM!" she yelled.

She came alright and took Harry's load into her pussy. Harry plunged and made sure to ride out Maleficent while she milked him of every single last drop of cum. Harry pulled out of her and then drove deeper inside of her with his constant thrusts.

Harry smiled and pulled out of her. Maleficent rose up and rolled him over to his back. She laid worshipping kisses down on every part of Harry's body that she could reach. His cock stood up as she stroked it.
"You think I've come here for just one helping?" she asked. "I'm afraid you're mistaken if you do."

"Oh, I knew you wouldn't be settled for just one time," Harry said.

Maleficent mounted Harry. He grabbed her ass which did not get as much attention as Harry could have given it. She turned a little bit and then sank down onto Harry's cock one more time. Her large breasts jiggled in front of Harry. He grabbed hold of them and squeezed them as hard as possible.

They were in for the long haul, with neither wanting to yield defeat to the other.

End.

Next Chapter: 12/15/2017.
Power of Three (Supergirl and Power Girl)

The sound of a fireplace coming off announced the arrival of Harry Potter. He stepped from the fireplace and walked across the room. He walked down the hallway and undid his tie before allowing it to drop to the floor. Harry undid his shirt a little bit until a pair of hands came off to the side and pulled Harry into the bedroom.

He came face to face with Kara Kent-Potter, better known as Kara Zor-El, the Girl of Steel herself, Supergirl. She dressed in a lacy blue corset and a thong along with thigh high stockings. She wore a red cape as well and smiled at him.

"I'm glad you're back," Kara said. "Long day?"

Harry wrapped his arm around his beautiful wife and kissed her on the lips. Kara responded with a kiss of her own. Their lips met together in flaming passion. Kara dragged her nails all over her lover's bicep and moved down to undo his pants.

"It's more bearable to know you're here at the end of the day waiting for me," Harry said. "Have I told you how much I love you?"

Kara just smiled and leaned in to kiss him. Her fingers pushed Harry's hair away from his eyes. She could not help and mess with the tangled hair. Kara leaned in and kissed her lover even harder. His hand wrapped around Kara firmly and pulled her into a very hungry and intense kiss which Kara only returned.

"I really hope you two aren't going to start the party without me?"

A girl who resembled Kara stepped in. She dressed in a sheer bodystocking which barely did anything to contain her features. Blonde hair came down to her shoulders. Her attractive face shined out even though most people's attentions would come down a bit further sound to her round breasts. Karen stepped in with a sway of her hips. She moved in with her body out.

"Oh, don't worry, you're going to be involved."

Kara grabbed her counterpart and shoved her face into Karen's breasts. Karen just laughed as her younger counterpart and sister-wife motorboated her. Kara came up to kiss Karen on the lips as hard as possible. Her warm tongue passed through Karen's lips and sucked on it before pulling back.

They turned to Harry and Karen slipped her body stocking down to reveal a pair of nice round breasts. Harry reached in to cup them in his hands with a small smile.

"I've missed you too, Karen."

"Are you sure you haven't missed these?"

Karen pushed her chest out for Harry to touch. He took Karen's amazing breast in hand and gave them a very hearty squeeze. Karen's eyes flushed over when he touched her. Her chest received a good workout at the hands of Harry. She took in another deep breath as Harry's touches ramped up.
"How about both?" Harry asked with a kiss.

He slipped Karen out of the bodystocking and revealed her sexy muscular body in all of its glory. Harry's cock hardened when looking upon Karen.

Kara moved behind Harry and unlooped his pant belt. His pants dropped down to the ground with Kara stroking his cock through his shorts. They dropped down to the ground as well. Both of the lovely women made sure Harry found his way on the bed.

They made up for lost time with Harry being home. The two of them paid a lot of attention to Harry's body. He could feel their tender, warm, and loving affectionate kisses. Harry took Kara's head and kissed her back while feeling all over her beautiful strong body. Karen moved into stroke down his body. Her bare breasts pushed against him from the other side.

"Touch us, husband," Karen breathed in his ear.

Harry grabbed Karen and ran down her legs paying them attention. He pulled away from Karen and kissed her. Kara decided to busy herself with stroking Harry's chest and abs before she moved down. She could feel something grow between her thighs when moving closer to a certain point.

"Oh, you're ready."

Harry's cock stood in the air. Kara kissed the tip of it and it stretched to fill her mouth. The Girl of Steel took her hand and then started to fondle Harry's balls. She could feel the size in them. His cock stuck in the air with Kara making sweet love to Harry with her mouth.

Karen grabbed Harry's hair and stroked it while kissing him madly. Their lips melded together in able passion. His fingers reached up and cupped Karen's ass to jiggle it. She laughed and then moaned when Harry spanked her ass. Her thighs parted for Harry to tease her sweet honey pot.

"Leave some of that for me."

Kara lightly bobbed her head down Harry's length. Karen smiled when crawling down his body. She lathered Harry with multiple kisses when coming closer. The two girls met and kissed each other with Harry's rising dick brushing between their lips.

"There's more than enough to go around."

The powerful woman took Harry's cock into her mouth. The stiff rod stuck up and pushed deeper into the back of Karen's throat. She used her powerful throat muscles to get the most work out of Harry's cock when blowing it.

"I missed that."

"How about this Super Pussy?" Kara asked.

She dropped her panties down to the ground. Harry caught a whiff of the arousal. Kara's parting thighs came open. Harry spread her lips and then sucked on them on the outside. He slowly tasted Kara and made her crave even more. The warm touches made Kara throw her hips up and down on Harry's tongue.

Harry guided his tongue deep inside of Kara and made her jolt up. He was getting her pussy nice and wet.

"I want to see those big tits wrapped around that nice cock," Kara said.
"Surprised you're not jealous," Karen said with a smile.

"Oh, I'll be there in five years anyway."

Karen laughed, she could not really dispute Kara's air tight logic. She wrapped her perfect breasts around Harry's shaft and worked him over. His cock just hardened between them and made the perfect meat.

Harry could feel the pressure of Karen's generous tits sandwiching his cock and pushing it against him. He closed his eyes and could feel her breasts run down on him. She released him a couple more times before moving up to wrap around his cock head and suck on it.

"I can't wait to ride this thing again," Karen said. "Kara has been keeping me busy, but it's just not the same."

Karen squeezed Harry's big prick and ran her fingers down his shaft to rub him over. He rose up and made Karen's touches only go wilder. She cupped the underside of Harry's balls and gave them a very firm squeeze. His cock jumped up for Karen to lean down. She touched her warm lips on the edge of Harry's rising prick and released his cock. Karen sucked on his cock head and then released him from the warmth of her mouth.

"Now, it's time."

One beautiful Kryptonian mounted Harry's face and Harry tasted the honey pouring out from between her thighs. The other climbed over Harry's hard cock. Karen lowered her warm pussy over the tip of Harry's cock and lowered down onto him.

Karen took Harry's large cock into her body. Every inch of his cock pushed into her. Karen rose up and submerged more of Harry in her sheath. Her large breasts bounced all of the way.

Kara drove herself down onto Harry's tongue. He had a tongue which was made to lick pussies and make them cream. Kara's eyes shifted over the further she worked herself up and down on his probing tongue. She dripped all over Harry's mouth.

"Taste me."

Taste her Harry did. He licked Kara's pussy and got the juices from it. Her thighs clutched Harry's face. Harry returned fire by grabbing her ass and sucking on Kara's warm pussy. Kara kept grinding around his face and sending more of her juices down onto him. Every single moment Harry touched her pussy with his tongue, it brought Kara to the edge of some kind of fit of pleasure.

"YES!" Kara yelled at the top of her lungs. "MORE!"

Harry worked his finger deep into her ass as well as licking her. He could feel the warm walls clamping around his hard cock.

Karen shifted her warm pussy up and down on Harry's engorged cock. Karen stretched her pussy around Harry's massive cock and released him. His balls grew in volume. Karen could feel herself edging closer to an orgasm of her own. She kept on bouncing and bringing Harry's massive rod deeper inside of her body. Her thighs smacked down onto him.

"Nice big balls! Full of cum…I need….."

Sounds of a face smashing against breasts stimulated Harry even more. Karen threw her head back
and screamed. Harry closed his eyes and imagined Kara sucking on Karen's stiff nipples just as
Harry drove deeper inside of her pussy.

"Make me cum!" Karen screamed. "Both of you are so good in making me cum!"

Kara floated away from Karen and allowed Harry to sit up and take a nice long look at her breasts.
Harry squeezed her breasts and made Karen shudder. She pushed up and down.

"They were meant to be grabbed," Harry said.

"And I like them being grabbed," Karen said. "I like the way you're squeezing them!"

Harry showed Karen the way he liked to squeeze her big succulent breasts. She rose up and caught
Kara's pussy with her tongue when titling back. Kara hovered over the air with a smile. Her feet
stuck out near Karen's face. Karen took Kara's toes into her mouth and sucked them.

Each touch from Harry brought Karen to her peak. He pulled away and left Karen in anticipation.
He drove back down and kissed Karen's nipples. They stuck out hard into Harry's mouth. Karen
kept guiding Harry's mouth onto her breasts while driving her pussy down onto his big cock.

"Just a little bit more," Karen breathed in his ear. Just a little bit more."

Karen smacked her thighs down onto Harry's balls and made them swell just a little bit more. The
warm velvety walls of Karen's snatch tugged on Harry. She worked every single nerve ending of
Harry's cock and made him rise up. Harry cupped her thick ass when she rode him.

"Keep it up," Karen breathed.

She came hard all over Harry's cock. Harry followed her orgasm all the way to the station. Karen
watched as Kara pulled back and pulled her fingers from her pussy. The drippings from Kara's
snatch wrapped around the fingers of the super powerful Kryptonian. The minx slid her fingers
deep into her mouth and sucked them dry. Hunger flashed over her eyes the further she tasted and
swallowed her juices.

"My turn," Harry groaned the second Karen wrapped her warm thighs around him.

"YES!" Karen breathed out heavily. "YES!"

Harry pushed his cock deeper inside of her and made her feel the burn. His massive manhood
worked a path to Karen's womb and she opened up for him. Karen wanted him to cum inside of
her.

It might have only been a few days. Karen judged that amount of time to be much too long. Her
body hit a high wave before crashing down onto Harry. Her strong thighs connected with Harry's
the deeper he pushed down.

"Make that bitch cream and beg for your cum!" Kara yelled.

Kara watched those breasts bounce up and down. Harry took full mastery of them and sucked them.
Kara fingered herself in mid-air when watching Karen's breasts go in mid-air. Kara's arousal soaked
the girl. One hand formed circular motions around the girl's clit while another hand allowed Kara
to tug at her erect nipples.

Sweat splattered from their bodies with Harry fueled by the erotic display in front of him. "Just
wait, it's going to be your turn next."
Kara shifted on her hands and knees eye level from Harry. She opened up her nice wet pussy and tight little asshole for Harry to allow him to see her in all of that glory.

Harry roared in primal lust and shoved his cock deep inside of Karen's clutching hot pussy. Her walls tightened around Harry and released him. He grew ever so closer to pushing into her from underneath. His girlfriend's wet walls tightened around Harry when being released. Harry pulled back from her and pushed inside of her.

Those balls tightened and launched a warm hot load deep inside of Karen's wet pussy. Karen clutched down onto Harry and released him. She milked Harry until receiving her filling of warm seed. Karen pushed down onto him and released Harry from her pussy.

Karen fell back onto the bed. Kara hovered down for a brief minute and attacked Karen with a smoldering kiss. The younger girl dominated the older women. Her lips forced onto Karen's and sucked on them. She moved in and imitated a vacuum cleaner by applying a suctioning effect to Karen's nipples.

Kara felt underneath Karen's thighs and could feel how wet she still was. A fist driven deep into Karen's pussy made her hips thrust up and down off of the bed. Kara pulled out the fist and pushed it into Karen's mouth to make her suck the juices from it.

Not to be forgotten about, Kara turned her attention back to Harry. A small smile popped between her lips when she edged closer to Harry. His stiff cock stood up in attention in the air and was ready for Kara to grasp. She moved in and kissed Harry on the lips.

The two met each other with Kara's legs tightening around her. Harry's hands found their way onto Kara's legs. He touched her which caused a bright yelp of pleasure to come up. Kara's lips rubbed against Harry's throbbing hard cock.

"I need you inside me."

Kara ground against him. She stopped the grinding and the teasing when Harry took a deep grab of her ass. Kara's entire body shuddered when working herself against him. The cock head came close to parting her lips and then pushed inside of her.

The second Harry's cock entered Kara's body, Karen jolted up off of the bed. She touched her thighs which burned with lust. Karen rubbed herself between her legs and took a couple of deep breaths. She grew hotter and heavier with a constant barrage of breaths.

"Oh, you kinky bitch!" Karen yelled at the top of her lungs.

Kara shot Karen an expression of innocence as if she did not know what Karen was talking about. She tapped into the bond connection and felt Karen's growing sexual frustration. Her arms and legs wrapped around Harry when he lifted up off of the air.

Both hovered in mid-air. Kara's legs squeezed Harry when pushing him deeper inside of her. Harry pulled back from Kara and pushed his hardening cock deeper inside of her warm pussy. Harry pulled back out of her and drove back inside of Kara. Kara clutched onto his back and threw her head back with a light scream of pleasure. She wanted more and she would get even more from Harry.

"Getting closer!" Kara screamed.

Kara's nail dug into the side of Harry's shoulder. Harry pushed deep inside of Kara's warm pussy and then pulled almost all the way out of her. The two connected with each other with Kara's
orgasm rising up to another level.

The heat sucked Harry inside of her. Kara remained nice and tight thanks to the restorative powers of the yellow sun. Her body, and Karen's as well, always contained a beautiful shine. Harry grabbed Kara and drove her down onto the bed next to Karen. His cock slammed deep inside of Kara's tight canal and stretched her out completely. Harry pulled out of Kara and drove his cock deeper inside of her.

Kara's nail clutched Harry's shoulder and shifted up off of the bed. Her tight pussy walls squeezed Harry and released him a couple of times. Harry grabbed her leg and ran down it. Kara shivered the further Harry pushed inside of her while touching her leg.

"You're just too much sometimes," Kara teased.

"And here I thought you were a tough girl who could handle it."

This point had been punctured home by Harry's hard cock slamming into Kara's tight sheath. She wrapped her warm lips around Harry and pumped him deep inside of her. He pushed up and smacked his large balls down into her. Kara's firm thighs received a beating from Harry's balls slapping up and down onto him.

"Oh, you're really too much!" Kara yelled at the top of her lungs.

Harry's fingers grabbed her breasts and then squeezed them. The Girl of Steel shoved her hips up and crashed it down onto the bed. The next couple of minutes passed with Harry driving his cock into Kara and then pulling out of her. It left her on the bed.

He waved a hand and motioned for Kara to turn around. Kara hovered on the bed. Her knees were bent. Harry took control of her sweet ass and squeezed it. He spanked Kara which made her lose it. Harry's warm fingers parted Kara's thighs and slowly slid inside of her.

Karen descended in the air with her legs spread. Kara turned her attention to Karen's pussy which dripped in midair. Her tongue dragged against Karen's warm lips to taste the heat coming from it. Kara danced her tongue against Karen's warm pussy and made out with her pussy lips. The combined taste of both Karen and Harry filled Kara's mouth and made her feel really good when going down on her.

The sorcerer pushed his hard cock deep inside of Kara's warm pussy. His wife's warm walls tugged around him. Harry worked over her body. She liked everything which happened. Harry ran his fingers down Kara's ribcage and tickled it which caused a gasp of pleasure to go through her. Harry pulled out and pushed his hard cock deep inside of her. Her warm pussy clamped around Harry and released him. Harry grabbed Kara's tight ass and pushed inside of her. His balls slapped her.

"Harder," Kara mewled as loud as possible.

Harry went as hard as possible in his lovely wife's pussy. Wife number two experienced a full court pleasure from her tongue. Karen's moans spurred Harry on about as much as Kara's did. Harry worked himself up to the edge.

Kara's entire body lit up with desire. He touched her and made her nerve endings rise up to another level. Harry pulled out of Kara and drove his hard cock inside of her warm pussy. Harry pulled almost all the way out of Kara and drove his cock deeper inside of her. She stretched around Harry's pulsing cock the harder he drove inside of her. Harry pulled nearly out and shoved his cock deeper inside of her.
"Cum for me," Harry hissed. "One more time. I want to feel you cum. I want to feel how good you are."

She felt really good and Kara wanted to demonstrate that to Harry. Her walls closed around Harry and milked his prick. His throbbing balls slapped repeatedly against Kara's warm thighs. Harry pushed into her and stretched her out all the way. Harry's meaty prick pressed deeper inside of her and kept making Kara's thighs pump into him.

All good things would reach their end. Kara's hungry slurping on Karen's pussy made Harry want to reach his end. He shoved as much cock inside of her before pulling completely out. Harry pushed deeper inside of her.

"Great, my love," Kara breathed. "Oh, you're so good! Fill my cunny up with your warm cum! Shoot it straight into my pussy."

The sorcerer grabbed Kara's nipple and pinched it. Kara responded by clenching him with each little shove driving more of Harry inside of her. Harry pulled completely out and shoved himself deeper inside of Kara. His balls sized up and were about ready to go.

"My turn," Harry said. "Get ready for your gift."

Harry was a gift and Kara was glad to share him with all of her sister-wives. She tightened around Harry's cock and then pushed inside of her. His hard balls slapped against her and they were about ready to burst. Kara clutched Karen's thighs and then dug her tongue inside of her.

"Oh, I can't wait to return…..the favor!"

The bustier blonde threw her head back and broke out into a series of loud screams. Her frantic cries grew even deeper. A loud series of smacks hit Kara's thighs as hard as possible. Harry dragged the cock head against Kara's wet pussy. He rammed balls deep inside and pulled completely out.

Harry reinforced his will just long enough to let Kara cum one more time. Kara's tongue swirled with rapid fire and painted Karen's cunt with her salvia. Now cum and salvia drained from Karen's pussy and stained the bed sheets as the three lovers floated in the air.

His balls ached and Harry could feel the tension rise up in his muscles. He grabbed Kara's hips and rammed as deep inside of her as possible. His balls sized up and almost burst inside of Kara. One more ram brought Harry's cum inside of her. He rose up and drove into Kara to splatter his cum inside of her.

Kara clutched her counterpart's thighs the deeper Harry drilled his cock inside of her. Harry pulled out and drove back in. He made several thrusts inside of her. Several minutes passed with Harry sending the contents of his balls splashing inside of Kara's wet and clutching pussy around him. Harry pulled out of Kara and drove deep into her sending the last few blasts of cum into her.

Harry finished painting Kara's womb with his seed. He pulled out of her. No sooner did Harry descend down on the bed, another warm set of lips appeared around him.

His cock grew harder from Karen's tender loving affection. Karen's perfectly juicy lips, often overlooked in favor of her tits, dragged Harry up to a full erection. She took Harry deep into her throat. The raunchy gaze Karen gave him when pumping his cock in between her lips and down her throat made Harry grunt and rise up as hard as possible.

Karen wrapped her warm lips around Harry's cock and sucked him as hard as humanly possible.
She made sure his lips passed through her mouth and the back of her throat a few times. Karen sucked on him as hard as humanly possible before releasing his cock.

One of Harry's legs bent up while the other was outstretched on the bed. Karen straddled Harry's bent leg and moved his cock deep against her. His hardening prick entered Karen's warm lips as he slipped inside of her from this position. Harry got a good view of her ass when rose.

Karen's eyes closed deep with her warm body working over Harry from this particular position. Harry rose up completely and then dropped down onto him to shove him inside of her. Harry grabbed her rear and shoved his cock inside of her as hard as possible. She kept working on him and straddled his bent leg to get herself off.

And get herself off Karen did. Her entire pussy collapsed around Harry's engorged prick and started to milk him inside of her. His throbbing cock rubbed against her entrance and made Karen dampen the head. She rotated around him and drove herself down on her.

"Oh, take a good squeeze of that ass."

Kara looked up from the bed. She watched Harry's cock guide into Karen when she rode him and wiggled about him. Her sex received hyper stimulation and made Kara want to vibrate her fingers against her pussy just as much. She threw herself up off of the bed and let out a sexually simulated sigh the deeper Kara worked her fingers into her core and stimulated herself.

Karen's entire body sang from what Harry was doing to her. He touched Karen's clit and made her rock down onto the bed on top of him. His cock sunk into her moist canal and filled up Karen completely with so much cock she did not know quite what to do with it. She accepted it all of the same.

The two worked against each other. The heated friction of Karen's warm pussy took more of Harry inside of her body. His hard cock shoved deeper inside of her.

"Fuck, your ass is so nice," Harry said.

"Oh, I know it," Karen said. "Spank it, show me what a bad girl I'm being!"

Harry spanked Karen's ass as hard as possible. Kara yelped from the bed and watched it. She claimed a dildo to keep herself occupied. The dildo rose up from the position and Harry, through sheer force of will-power, used the dildo to work into Kara's pussy.

Both women cried out in pleasure on the bed. Harry pushed his hard cock deeper inside of Karen and stretched her out. Her pussy oozed all over his hard cock when he pushed inside of her. Harry pulled out of Karen and shoved as much of his cock inside of her as humanly possible.

She came hard all over Harry's cock. The warm juices splattered around it with Karen rising and dropping onto his hard prick. She saturated him from the tip all the way to the base before cumming down. A strong squeeze and a spank of her ass fired up Karen's motor again.

Everything was getting close to a fever pitch. Karen's warm thighs clutched onto Harry's hardening cock when pushing it inside of her. Karen released and squeezed Harry as much as possible. Her eyes faded over the deeper Harry drove his huge cock inside of her body.

"Rao fuck yes!"

Harry groaned at Karen's declaration. Her pussy sized up and milked his prick when working onto him. He could feel her juices trickle down and coat his legs. Kara moved over to lick Karen's juices
as it rolled down onto him which caused Harry to shudder. Karen kept pumping his cock inside of her body.

The throbbing hard cock pushed deeper inside of Karen's warm pussy. Harry groaned the more Karen rose up on him and dropped her pussy down onto his cock. Harry held onto her. He was getting close to losing it.

Karen pumped Harry with her warm pussy muscles. She could feel Harry size up underneath her. Those muscles and that cock were getting tense. Harry reached up as much as he could showing his ability to stretch. He attacked her breasts with several rapid fire thrusts.

Another party joined them with Kara dragging her hands against Karen's breasts. Kara grabbed Karen's breasts and released them. She squeezed them and moaned in response. Karen's hard nipples came into her mouth when sucking on them.

"Oh, baby," Karen said. "It's so good."

Her body exploded with a rush of lust one more time. Harry pushed inside of her with his cock sliding out of her and pushed into her. Harry planted his cock inside of her.

"It's going to be my turn soon."

The gift which kept on giving was going to come on around one more time. Harry drove his hard cock deep inside of her tightening core. Karen pressed herself up against Harry and milked his throbbing prick. Her warm walls opened and closed around him.

Harry spilled cum inside of Karen's wet pussy and coasted her insides. His balls kept discharging inside of Karen and splattered the insides of her body.

Karen pushed herself down onto her. She twitched from Kara's able lips sucking on her round tits. Karen threw her head back and let out a very passionate moan. Those hands cupped over Karen's nipples and tugged on them before she exploded even more.

The busty blonde pulled away from Harry and dropped down onto the bed again. One went down for a moment to recharge and the other tagged back in. Kara took a seat on Harry's lap and grinded her tight ass and pussy against him.

"I think you two are the ones that are too much."

"Oh, you love it," Kara said with a smile.

Harry's cock found its home inside of Kara for no time. He was slick and dripping wet and almost slid out of Kara before she adjusted herself. She rotated and ground over him stretching his cock out for their next round. Harry pushed his fingers against Kara's nice round breasts and squeezed them hard.

End.

Next Chapter: January 3rd, 2018.
Dominant Stance (Angel from King of Fighters)

We're back and a blog exclusive chapter pops out of the wild. It stars Neith, the Egyptian Goddess of War. Head over to the Page of Important Links, the Web of Chaos Archives, and either the Breeding Ground or Blog Exclusive chapter archives. It's titled "Spoils."

And now to your feature presentation.

---

Dominant Stance (Angel from King of Fighters)

A door swings open and Harry Potter walks into the room. A hand shoots out from behind the wall. Harry catches the party on two moves and then pushes said party back against the wall. The next movement from Harry verifies he has an attractive woman pinned up against the wall.

"Look what we have here."

Harry cups the ass snugly fit in tight leather pants. The woman wears nothing other than a tight black top which stretches over her ample bust from the top. Her leather boots top off of the outfit. Her shoulder length blonde hair sets off a face with seductive eyes. He grips the woman and moves her into position. His mouth meets the woman's with a very hungry kiss which she returns.

Angel accepts the kiss with hunger. Her hands roam eagerly over the body of the powerful warrior. She grabs his ass, waist, and squeezes his biceps. Harry returns fire to squeeze all over her body. Her legs wrap around his when the two move over to the bed.

"You're pretty tense," Angel says with a predatory smile on her face. "A warrior like yourself should not have that kind of tension without any…relief."

She helps Harry out of his pants and then helps herself to his cock which throbs her hands. Angel holds his cock and give sit a couple of very soft squeezes. She tugs on Harry's meat to have it grow in her hands. Angel's tongue darts over her lips.

"Take care of it," Harry tells her. "Those beautiful lips were made to be wrapped around this cock."

"I know. And soon enough."

Angel shifts behind Harry and wraps her legs around Harry's waist to pin him into place. Her breasts almost spill out of her top. Angel leans in and kisses Harry on the side of her neck. She leans in to undo her boot and slip her soft elegant foot out.

The next play involves Angel lifting her foot up and rubbing it against Harry's cock. Harry reaches over to help her right foot out of her boot and join it on his cock. Angel rubs her feet up and down Harry's full length. Two very succulent breasts grind against Harry's back.

The softness of Angel's toes build up the tension in Harry's crotch. She purrs softly in his ear and nibbles on it. Harry grinds his cock against her elegant toes the deeper she pushes against him.

"We're having fun now," Angel breathes.

"Always with you."
Harry touches Angel's right foot to send a jolt coming to her legs. He riles her up just as much as the contrary. Harry flicks his finger against the edge of her foot and makes her breath up and down. The deadly, but gorgeous, woman continues to maneuver her foot into position for Harry.

Angel retracts her feet from Harry to leave his cock hanging and still erect. He decides to spark a more aggressive stance by pushing Angel back on the bed and kissing her on the mouth. Hard! Angel returns the kiss with an equal amount of fever.

Harry folds his tongue into hers and makes her groan for more. Those well done and sharp nails push against Harry's bicep and squeeze against him. Harry's thick meat pole grinds against Angel's leather covered crotch.

"I wonder what you've got for me underneath," Harry whispers in her ear. "Or if you have anything at all underneath those tight pants."

They leave very little to the imagination which is how Harry likes it. A few brushes of the finger against her crotch prompts Angel to throw her hips up. Harry touches her a few more times before pushing his hand down her pants. Very little room to maneuver, but Harry grinds his fingers against her soaked sex.

"No panties," Harry says with a smile. "Naughty girl."

His fingers tempt Angel and make her squirt through her pants. The pants come off to reveal her damp sex for Harry. Harry rubs her and increases Angel's desire. Two nipple stick out from her top and makes the girl lose sense of herself. Harry leans closer towards her and nibbles on the side of her neck to make her feel very good about this entire encounter. Harry pulls back and kisses her hard and fast.

Those powerful legs wrapping around Harry tempt him greatly. He pulls away from Angel and gives her another couple of kisses.

"Tempting," Harry tells her. "I really want you to want this."

"I really want it," Angel purrs. "Maybe if I give you some incentive…just lay back and enjoy the show."

She shifts away from Harry. A reach between her legs tempts Harry's cock. Angel crosses her powerful legs over Harry's and straddles him. Her pussy points up and rubs against Harry's cock. The delicious rear of this woman points at Harry and causes him.

"I'm going to take what I want," Harry warns her.

"I sure hope you do," Angel goads him.

Harry grabs onto her ass and squeezes her hard. The swell of his manhood reaches closer until the point where Harry slips inside of her. Her perfect pussy guides Harry inside of her. Harry holds onto Angel and slides his fingers down her back. He pulls himself almost all the way out of her and drives himself inside of her with a couple hard pumps.

"Right there," Harry tells her with a groan. "Just like that."
"Yes, baby, like that!" Angel chimes in with lust in her eyes.

Harry hammers her pussy with a few more pumps. His guided tour of her tight pussy continues with each thrust. Two throbbing balls keep slapping against Angel's meaty thighs. He pulls out of her and teases Angel for a few seconds. The warmth of her pussy coaxes Harry in and he drives into her. Harry works her to the edge and pulls out before returning back to the dance one more time.

"Just like that," Angel coaxes him one more time, lips parting with desire and eyes flashing with delight.

Twelve hard inches of Harry's cock pushes deep inside of her body and works her over. She holds onto the bed, nails digging in and lust burning through her eyes. The steady penetrating sends Angel right over the edge.

"You're going to cum?" Harry asks her. "Go ahead, I want to feel you tighten around me. Clench around me, I want to feel that pussy react to me. Knowing that I'm the one who makes you feel this good."

Invisible fingers dance over Angel's body and sparks more desire in her. Harry pushes into her and makes her body tighten around him. It feels really good for her and makes her want to just let it go.

And let it go, Angel does. Those big thick balls dancing against her thighs makes Angel gush even more than ever before. Harry pulls completely out of her and drives himself deeper inside of her. He gets closer and slows down at the same time.

The feeling of the amazing orgasm passing over Angel causes the fighter to see stars. Harry's touches to the back of her legs only spurs more lustful desire in her. Harry pulls completely out of her and jams his thick rod inside of her warm, tight pussy. He pulls out of her almost all the way and shoves his huge cock inside her one more time.

"Good," Harry tells her. "You're good at letting it go. You're good at feeling it...you're good at feeling at of it in you. Feel it build up!"

"I'm feeling it!" Angel shouts at the top of her lungs.

Harry touches her lower back and sends her into a fit of pleasure. The Sorcerer keeps pumping his way into her until he's finished with her for the moment. He pulls out of her.

Seconds pass before Angel recovers. Throwing herself at Harry and almost knocking him off of the bed, Angel positions herself. Harry hooks his legs so he's leaning off of the edge of the bed. The back of his head brushes the floor. Angel mounts his hips and slowly works herself closer towards Harry.

"I'm ready," Angel breaths with a light rake of her nails down Harry's chest. Her hovering cunt comes close to sucking her partner in. "I'm ready to fucking ride."

She drives down onto Harry and takes his hard cock inside of her moist center hole. Harry rises up and puts his hands on Angel's back. The two connect with each other. Angel rises up and slides almost all the way down on Harry. She pumps his cock inside of her and enjoys the feeling of a thick tool spreading her thighs apart. Angel rotates herself around Harry and shoves more of him inside of her.

The blood rush going through Harry's head from this position makes the emotion even more intense. Angel drives herself up against Harry as he dangles off of the side of the bed. The two
lovers meet with Angel rising up and then dropping down on Harry. Soft skin connects together.

Harry's eyes flood over at the feeling of her wet pussy lubricating him. He feels a twitch in his groin. Angel clutches him to slow down the ride to orgasm.

"We shouldn't let the fun stop any time soon."

From the bed, Angel leans slightly. Her breasts rise up and she sucks the nipples to bring Harry's hard cock head deeper inside of her body. Warm velvety walls clamp down on Harry nice and hard. Harry returns by working his way deeper inside of her.

Angel's arousal heightens by the feelings of attentiveness Harry gives her by his sheer force of well. The aura dominations Angel and encourages her to keep working herself up. She explodes into an orgasm to coat Harry's tool with her juices. It only opens the door up for Angel to drive herself further down onto Harry.

She drags Harry back onto the bed so she can ride him more properly. Angel slams down on Harry and grabs his head before giving him one of the most sizzling kisses imaginable. Their lips burn at the sheer lust exchanged between them. Harry positions himself for the kill.

Harry takes control of Angel's breasts and gives them a very hearty squeeze. Her pussy clutches him and sends more juices in. Harry dives in face first to suck her breasts and make Angel moan and thrash all over his lap. His cock grows moist from her juices and slides into her even quicker and faster.

Another orgasm from Angel rocks her mind. She clutches Harry and works him over. Harry pushes into her as far as possible with those balls coming very close to giving way and sending their treat deep into Angel. Angel holds onto Harry with a tight and warm clutch.

"Ready to go again?" Harry asks her.

Angel catches her breath and bounces on Harry. She leans back to allow Harry to see her bouncing breasts. Harry's outstretching hands grab onto them and squeeze them. The tight grip sends more of Angel's juices down to the base of Harry's cock and coats him all the way to the edge. Angel bites down on her lip with a few more shoves down onto him.

"Cumming again," Angel purrs with her eyes shifting back. "Oh, fuck, this is…this is the best!"

Harry knows it and smiles when driving deep inside of her. The moans increase the deeper Harry pushes into her. And the deeper her goes, the bigger he swells and the closer he gets.

"I'm going to make this cock feel so good…by cumming so…hard!"

Speaking of cumming hard, Angel reaches the points. Harry touches her and makes her eyes shift back. Her nipples stand out for Harry to play with and so he plays with them. The hard nubs increase their arousal in the palm of Harry's hand.

Angel's sweat drenched face and bouncing breasts makes Harry intense with desire. He pushes his hands on her chest and sends a couple of jolts rippling through her chest. Angel rises up and crashes down onto Harry's lap with a few more thrusts.

"Again!"

She starts cumming again. Harry manipulates her body to the edge and results in Angel flying completely over to a new brink of pleasure. He holds and cups Angel's perfect chest to make her
crash down hard and achieve unmistakable blasts of pleasure.

"Time to finish you off," Angel moans while driving her pussy down onto him.

Harry's muscles tighten and shoot his cum into Angel's tight pussy. She milks him completely dry. The sensation of a well-earned release makes Harry relax and feel really good.

Angel stretches her pussy over his cock and takes more of Harry's cum into her. He splatters her insides with a few more thrusts before he pulls out.

The two shift away from each other. Harry spoons his body against Angel and is ready to slip into her.

"That's just the warm up," Angel tells him.

"Of course it is."

She rubs against him to get the necessary reaction before it's off to the races one more time.

End.

Perfect Treatments(Mercy)

Another blog exclusive chapter featuring Silver Banshee from Supergirl is up on the blog. Head to the Page of Important Links, Web of Chaos Archives, and either the Breeding Ground or Blog Exclusive archives. It's titled "Tamed". Thanks and let the shameless smut commence.

Perfect Treatment(Angela Ziegler/Mercy from Overwatch)

'Any landing you walk away from, it's a pretty good landing.'

These thoughts creep into the mind of Harry Potter. He rests in a hospital bed after a horrific spill. Not really too injured, at least not as much as many would be in this situation. Annoyance of the injury putting him in a bed fills the body and the mind of Harry Potter. He shifts as much as possible.

'At least the hospital room gives me a good view.'

Harry shifts as much as the restraints on the bed allow him. Funnily enough, the restraints are the only thing which keep Harry back onto the bed. He draws in a deep breath with hair flipping down against his face and eyes. A couple of seconds pass with Harry drawing in the deepest of deep breasts.

Footsteps approach. The door of the hospital swings open next to give Harry a better sight than the sunset outside of the window. A gorgeous blonde woman steps into the room. An eye-popping nurse uniform catches Harry's attention and stirs his interest something fierce. And a slight stirring comes from underneath the covers of the bed when he gets a good look at her. Her chest practically spills out of the uniform. The skirt appears an inch or two tighter than normal and rather snug against her hips.

Angela Ziegler, codenamed Mercy, steps across the room. She flashes Harry a smile when approaching him from across the room. She climbs onto the bed with Harry and straddles him. A second passes with her pausing and frowning.

"I'm not hurting you, am I?" Mercy asks him.

'You have to be aware of what you're doing to me,' Harry thinks.

"No, I'm fine," came Harry's external response.

"I'm just here to make sure you're back to your normal self," she tells him. "And I think that I should start by checking your temperature."

Angela cups his forehead and feels it with her bare hand. Her other hand holds his face secure so she can spend some time feeling his temperature. Angela leans over and plants a kiss on his mouth. Her tongue wedges underneath Harry's tongue.

It's the oddest way for someone to check out another person's temperature, but Harry goes with it. His arms remain fastened on the bed, otherwise, he would wrap them around her ass and pull the woman closer into him. The kissing deepens with Harry attacking her sultry delicious lips with his own.
"I need to check more," Angela replies. "I need to test how you react to certain stimuli."

She undoes the top further and more of Harry's attention fixates on her chest. She sticks it out for a second and allows Harry to see her heaving cleavage and also one of her nipples pops out. The cool air of the room stands it up and straight. Harry's gaze falls upon it with hunger dancing in his eyes. He wants nothing other than to pop it into his mouth.

Then, Angela flips the script and hikes her skirt up to show Harry her thong clad ass. She rubs herself on the bed and then roles the skirt completely up so Harry can see all of her. Harry's eyes draw to the pussy lips.

"I'm most certainly reacting to that," Harry tells her. "Maybe you should test to see if my arms are working as they should be releasing them."

Angela's smoky smile reflects through the hospital room window. "Silly me. Of course I should."

The arms come undone from the bed. She remains straddling on Harry's crotch and pokes her ass against it. Harry reaches up on the bed and starts to feel her body. Angela catches his fingers and starts massaging them. She writhes against his crotch and vibrates with a few twists against him. She turns around on the bed and notices the tent popping up against the bed sheets.

"Swelling like that is best kept down by something warm," Angela tells him in a professional voice.

She peels back Harry's bed sheets and reveals his mighty cock. It twitches with each touch. Mercy shows little mercy to his cock by grabbing it and giving it a large hard pump which stretches it further into the palm of her hand. Angela palms the edge of his cock and allows Harry to throb even more when she touches him.

"Mmm, baby, like this."

Angela climbs onto the top of his cock. Her legs spread and she's ready to mount him. Harry's free hands wrap around her back as she drives her hot love box over the tip of his cock and slides down the base. Angela's eyes pop out slightly and her tongue tags against her lips.

He undoes the rest of her top to allow her breasts to pop out. Harry's hands greedily grope at her chest. Then, he dives face first and starts sucking on her breasts.

"At least…you're appetite…is what it should be!"

Angela tilts back her head and moans even more. Those roaming hands send so many thoughts through her mind. She holds Harry's head steady and makes sure he keeps sucking on her warm, inviting breasts. He's pretty much healed and ready to go.

'The rest of the girls…will be pleased. But I get to have my fun with him…for now.'

Angela's warm vice closes and opens around Harry's tool. She feels the rising orgasm go into her. Angela sees a flicker of starts in her eyes. She shakes them off to focus on Harry.

The focus on Harry is all over the beautiful and smoldering body of this babe who rides him. Her pussy and chest is better than any medicine. Harry raises up from her and grabs her before attacking her mouth with a sensual kiss. Angela returns the fire. Both receive bruised, puffy lips from their intense session. The inside of their mouth buzz with delight with Angela sending herself down onto her lover's pole.
Her hot box squeezes Harry the deeper he pushes into her. His balls slap against her and Angela feels the desire to push into him. Suddenly upon the first sign of the orgasm, Harry rolls her over onto the bed.

'His legs are free.'

Angela's legs lift up into the air for them to be elevated over Harry's shoulders. Harry grabs them and spreads them a little bit. He slams down into her and makes her see a flash of light. Harry's huge cock pulls out of her. He touches her, teases her before moving it in.

Harry holds onto Angela and keeps working her over. Her tight pussy closes in on Harry and releases it. He slowly builds himself up for her. He slowly enjoys the feeling. She bridges up off of the bed and this allows Harry more leverage to pound her like she deserves.

"Keep with me," Harry breathes. "I'm feeling much better. This is the best therapy."

Angela rakes her nails down Harry's shoulder and coos at him with hunger. Her eyes glaze over from Harry's attentions to her body. She pumps up and down on his big meaty cock allowing it to slide into her body. He teases her ass and Angela's entire body warms up with delight.

"Oh, you're going to make me cum soon," Harry groans.

She increases her friction on him and bridges up. Angela's legs now wrap around Harry's ass as he fucks her and fucks her hard. His fingers touch her sides with each push inside of her body. Harry rises up and falls into her on the bed. His balls swell with so much cum Angela becomes even hornier at the thought of Harry seeding her.

Closer Harry gets to spilling his massive load inside of her. Angela's tight cunt stretches around him with each push. His balls slap against her which make delightful sounds escape her mouth. These sounds only spur Harry on and ensure he remains steady against her. Their warm bodies collide with the most delicious friction possible. Harry rises up and drops down into her with a few hard pumps of his cock inside of her.

"Yes," Angela purrs while digging her nail into Harry's shoulder. "YES!"

Harry jams his hard cock inside of her perfectly tight and pussy. He rises up and drops down into her to take as much of himself into her as humanly possible. He reaches closer to his orgasm. The build-up in him makes him feel much closer to spilling each drop of seed inside of her perfectly tight body. Harry pulls out of her almost all the way and then shoves more of himself inside of her.

"Closer," Harry groans when shoving his hard cock inside of her perfectly body.

"YES!" Angela screams out at the top of her lungs. "YES!"

He drills himself into her. Harry's clenching balls reach their payload until the moment where he drives himself into her. He tightens and releases his seed inside of her body.

Each warm blast of cum makes Angela jolt up in time to receive it. The combination of sexual juices only increase with each moment Harry penetrates her. He pulls almost all the way out of her and pushes into her. His eyes flash over.

Angela's mouth hangs halfway open. A drop of drool spills from her mouth. She absent mindedly lifts a finger up and touches it to the side of her mouth. A smile passes over her.

A warm breath comes onto her ear. "I'm not finished with you yet."
One of Harry's fingers slip into her tight asshole to make Angela tense up completely. Harry's finger pushes in and out of her asshole, loosening it, and lubricating it for what's to come.

"You're so hot, I have to," Harry tells her.

"Yes, you do," she agrees with him.

His big meaty cock, now hard again, brushes against her asshole. The woman known to Overwatch as Mercy bites down onto her lip and awaits Harry for entering her. His massive cock comes a half of an inch away from slipping inside of her tight ass. Harry squeezes her cheeks and pulls back from her to allow Mercy to breath in.

Then, his cock finds its way nestled in between her perfectly tight ass cheeks. Angela flexes her asshole around Harry and takes him as much and hard as possible inside. Harry pulls almost all the way out of her and then drives back into her.

He's inside of her ass, a place which many men would love nothing better than to be. The feeling, the warm and perfect feeling, builds Harry up. He skims her body and makes Angela lose it with a couple of soft moans. He plants his cock deep inside of her.

"Fuck..fuck..fuck…my ass! HARD!"

Harry grabs onto her as hard as possible and hammers her warm hole for everything he's worth. Angela's tightening butt cheeks clamp down onto him as Harry feeds her his enormous cock. He pulls completely out of her and touches the inside of her asshole with his hard prick. He pulls almost out of her and then shoves more of himself inside of her to really stretch her out.

She really feels the burn and the lust growing inside of her. Harry puts her through the paces and makes her cum from his cock in her ass.

Shifting his position, Harry lays himself against Angela's back, pressing against her. His hands ensnare her breasts to grab them and to increase her pleasure. Harry channels magic through her nipples. Both lie on their sides when Harry hammers her perfect ass like its always meant to be.

One hand alternates between rubbing her breasts and the other hand attacks her already damp pussy. The sensations building in Angela cause her to almost black out from the pleasure. No one forgets that huge cock wedging deep inside of her ass as well.

"And to think…you're the one in need of some attention to make you feel good."

"Yes," she agrees. "YES!"

She almost peaks. Harry slows her down to appreciate the feeling inside of her.

"I think we can both agree that I'm one hundred percent healthy and ready to go."

"YES!" she screams at the top of her lungs. "YES!"

Harry plants his hard cock inside of her warm anal passage and makes her cry out in glee. She clutches his cock and fingers, where they are. Harry removes his fingers from her pussy and shoves them into her mouth. The greedy sucking Angela performs on him only makes Harry drive his cock deeper inside of her ass.

"All good things come to an end eventually," Harry breathes. "And I'm getting close."
He slows down just enough to appreciate this ass. Now both of his hands cup the juicy cheeks while he drives into her puckered back passage. Angela's warmth sucks him in. His balls keep slapping against her the deeper Harry drives inside of her.

"Cum in my ass," Angela breathes. "Please….I want…"

She gives way to a moan and Harry holds onto her chest now. He attacks the back of her neck with kisses and makes Angela's mind go on a roller coaster ride. She crashes down in her own mind the deeper Harry plants himself inside of her tight body.

"Oh, don't worry, honey," Harry tells her with a nip on her ear. "I'll give you everything that you want…and so much more."

The healer craves her patient's cum. She wants it to soak his ass. Harry keeps planting inside of her warm hole with a few more thrusts. Those balls swell nice and big for the end and the end comes closer for her. Harry pulls away from her, tip of his cock inside of her before he bottoms out in her ass.

Then, the cum spills into her. Thick white globs of semen shoot into Angela's ass. It overflows before Harry gets done pounding it. He keeps grinding into her and pushing into her. His hands move faster than a blur.

Angela entertains a thought it's almost like he has six of them. Harry pulls completely out of her with the last push and then rolls over onto his back. Her head drops onto his chest.

"Diagnosis is that you're good to go," Angela manages after coming down from a sexual high. "But I recommend a follow up example just to be on the safe side."

"If you think that's for the best."

Harry runs a finger down her back which causes a chill to roll down her spine. Other than that small, distracting moment, they have time to rest until the followup.

End.

All artists end up as their own worst critic at the end of the day. Rachel Elizabeth Dare paces back and forth. The red-hair girl chews down on her lip in a nervous way. The very important and rich man she did a portrait is about to show up. And her mind bombards with a number of very frustrating and hard thoughts.

'What if it's not good,' she bemoans to herself with a couple of deep sighs coming through her body. 'It has to be good, all of the time, but what if it's not up to his standards.'

Rachel presses the soles of her boots into the carpet and hears the sound of a door shooting. She chances a glance outside of the door. Her palms heighten with sweat for a few seconds.

'Okay, relax, just imagine him in his underwear.'

Her mind drifts to imagine her employer in a whole lot less. The twenty-year old Artist's eyes flush over. She snaps back and vows to remain professional. Just in time to see a handsome man appearing with features chiseled out of stone. He resembles a Greek God and Rachel wonders sometimes about that fact.

"Hey, Doctor Potter!" Rachel calls in a chipper voice.

"Rachel, I told you to call me Harry," he tells her.

"Right," she says, shifting in nervousness. "Well, you're here to see your painting, the one you paid a lot of money for…and the one I really did try my best in doing, so I'm not sure if you're like it, but we won't know until you see it, right?"

Harry gives her a smile which sends all of the tension going to her loins. It does not help at all the number of times Rachel wakes up with sticky sheets after a particularly powerful and imaginary encounter with this man who she spent a lot of time with, getting right, and framing his portrait. It inspires her in some twisted way.

The portrait is revealed. Harry studies the portrait, which brings out his chiseled features. His black hair sticks out in the portrait just as much as it does in real life. His green eyes shine and it shows him standing there with a smile on his face. There's a hint of allure in the eyes and a smile which makes most women wet where it counts.

Harry whistles when looking at the portrait. Rachel throws her hands down.

"Good whistle, or bad whistle?"

He looks over her with a smile which matches the one in the portrait. Harry puts a hand on the shoulder of the frustrated artist and makes her once again shift.

"Relax, you've done an excellent job," Harry answers. "I won't deny there's room for improvement. And I think you know that there is….but there's a lot of people who struggle with getting my eyes the right shade of green. And you've done a good job in getting them the closest anyone's going to get them."
"Really?"

Her confident boosts up a little bit. Honestly speaking, those eyes gave Rachel fits for days and days. He brushes his hands against Rachel's wrist and pulls her closer towards him.

"It's going to be hung in a place of honor where all of the people who go through Horizon can see your work," Harry answers. "You'll be known for a while and this could be the big break you've been waiting for."

"Thank you!" Rachel yells throwing her arms around him. "So, that means you like it?"

"Well, I hang only the best in the lobby," Harry tells her. "And you should keep it up. You're going to get a lot of bumps on the way, but…"

Without any hesitation, Rachel tightens the hug around him. She realizes this might be considered a bit unprofessional. Yet, Harry's arms tighten around her and restrain her towards him. Rachel makes no efforts to break free from Harry or his grip around her waist.

"It's just the matter of the rest of your payment," Harry tells her.

"It's…it's not a big deal," Rachel remarks with a small flicker of energy coming between them. "You know…I'm just happy to help you out and get you the best portrait possible. And you paid me already, sir…Mr. Potter….Harry?"

Harry says nothing and only cups her face. Rachel wonders if this is the part where she gets taken on a thrill ride and then wakes up having to wash her bedsheets again. Harry's right hand cups her face and his left hand moves down to the small of the back bringing her in close to him.

"Such good work requires a substantial bonus."

He leans in and kisses her firmly on the lips. Rachel freezes for a second and then returns the kiss. She explores Harry's muscular arms and then goes down his back. She daringly even squeezes his ass. Harry's hands wrapping around her is the same thing.

Harry smiles when the attractive artist returns the kiss. Her pent up emotions pop over to the surface. Harry reaches in to unbutton her jacket and slide it off her body. Rachel's white tank top is slightly splattered with bits of paint. This does not distract from the fact her nipples stick out from her top.

"Let me arrange for the bonus part of your commission," Harry tells her.

She slides back onto the couch and Harry slides her jeans off of her body. Her legs spread to show a pair of red panties underneath. Harry touches her between her legs and makes Rachel leap up halfway off of the bed. His fingers keep dancing against her mound.

"Oh, I think I'm going to enjoy my bonus," she breathes.

"We've just barely begun with the payment process."

Her panties come off to reveal her pussy. Rachel soaks the couch with Harry leaning down between her legs. He tastes the inside of her thighs to get the juices. Harry speeds up his movement with tongue dancing against the entrance to Rachel's heavenly box. The sent allures Harry for a few seconds before he drives himself inside of her tongue first.

Rachel holds onto the back of her lovers head. The oral attentions she receives are more intense
with anything she's ever received by her own fingers. Harry's fingers keep dancing on her thighs and making her rise up and down with a couple of fluid motions.

She throws her head back and cums all over his face. Harry rises up just in time to kiss Rachel and make her taste her own juices off of his mouth and lips. Rachel sucks on his lower lip and sighs.

Harry now pushes underneath her top and gropes her breasts. Rachel throws her hips up and grinds up against him. His cock pushes through his pants.

"Why don't I help you a little bit, boss?" Rachel asks with a grin on her face. "I think I should look at some true art up close."

She makes sure Harry's on the couch and she undoes his pants. Boxers come off next and Harry's massive cock springs out in front of Rachel's line of sight. She wraps a hand around it and pushes it up and down. She plays with his cock and balls for a second before planting a kiss on it.

The artist manipulates Harry's cock with a few pumps. Harry looks down to her and smiles.

"You're looking to paint your face, are you?"

Rachel's lips ensnare Harry's crown for a second and she grabs the base of his cock. She pumps him up and down to increase the tension in him. His presence guides her to do amazing things to him and keep playing with the older man's stiff prick.

"Good, good," Harry groans as her soft hand caresses him all the way.

"I'm going to get a big payment, aren't I?" Rachel asks him with a couple of intense pumps. His balls give way to her ministrations.

Harry grunts when shifting his cock up towards her. Rachel's hand works him over. She sucks on him a little bit before returning back and grabbing the underside of his balls. She squeezes Harry and ensures his manhood pops up from this particular position on the bed.

"The biggest!" Harry confirms with the loudest grunt. "Right on your face if you're not careful!"

The tension leaves way and Harry's exploding cock paints Rachel's face with his cum. He covers her face with white-hot semen. Each explosion sends more cum in her face and hair and dribbling down her messed up shirt. Rachel jerks him off to ensure every drop of cum. She moves in to taste the final few blasts.

Rachel licks his cock to get some of the dribbling cum off of the bed. She looks him right in the eye while sucking him and making sure his cock is nice and hard.

"You're too good to me, Harry," she tells him. "I'm going to have to do more projects for you if this is your idea of payment."

Rachel turns herself away from Harry and bends over at the table. Those strong hands grab Rachel's hips and position her against the table.

"I'll keep you in mind. But I'm not finished with you yet."

Tiny touches bring Rachel's mind into a never ending cascade of lust the more Harry works her over. He keeps her going with several more touches. Rachel bites down on her lip.

Harry pushes himself against her. He makes sure Rachel is nice and ready for instruction, to take
her. Harry touches her body and causes her liquids to pool all over the floor.

Rachel grasps the edge of the coffee table just as Harry parts her lips and slides into her. The first half of his massive member parts her. Rachel grabs the intruding organ hard. Harry returns fire by pulling out of her and then driving into her sending a little bit more.

"You're getting a bonus," Harry groans. "Are you enjoying your bonus?"

Each pump drives Rachel insane. Her legs wobble and it takes more effort to grab on the table without her hands shaking. Harry holds her up straight to properly hammer home his payment bonus for the commission.

"Yes, sir!" Rachel breathes. "Mmmm!"

The tension inside of the frustrated artist increases. Upon an orgasm this big, Rachel braces herself to wake up in her bed. Harry drives his cock inside of her clenching womanhood. Her toes curl, and Rachel's explosion comes very close.

She gushes all over Harry while he stretches her insides. Her tightening walls hug Harry. Two sacks of flesh slap against her. Rachel closes her eyes and snaps them open preparing to wake up in her bed.

Rachel Elizabeth Dare is still bent over the coffee table. A cock still works its way through her orgasm riding it out and working her slowly to another. She's still awake which means only one thing and one thing alone. She hardly can even muster up the energy.

'Not a dream. Oh, gods, not a dream.'

The tightness in his lover only increases the deeper Harry plants himself inside of her. He pulls almost out of her. Harry smiles, aware of all of the erotic dreams she's had. As Aphrodite's champion, it's hard not to be aware of such things. Harry makes all of her dreams come through in reality. The latest orgasm coming from Rachel fuels Harry.

Rachel's hands slip off of the table and she almost falls to the ground. Harry holds her and gives Rachel time for her hands to move to the carpet. He never once breaks his momentum and shifts her into a wheelbarrow position before fucking her that way.

The soft, gurgling moans of his latest lover indicate that Rachel's still with it. And Harry remains with her every step of the way. He keeps driving inside of her.

"Oh, you're so close again?" Harry asks. "Don't worry, baby, it's not a dream. This is real, and I am fucking you. And that's what you really want, is it?"

"YES!"

She tightens around Harry with a couple of hard thrusts inside. Harry pulls closer out of her and then jams himself deep inside of her. Harry holds the grip inside of her and then keeps up the process until he's almost finishes inside of her.

Not until Rachel finishes first though. The girl presses her face against the carpet. Sweat and drying up cum coat it, it was a long time since Harry splattered all over her face. And each orgasm she receives drives in the reality. Harry teases her with touches in between them to get her motor running again. And then Harry plants himself harder inside of her.

Harry's drive increases to anoint her with her seed. His throbbing balls come close to bursting the
deeper he slams into Rachel. Harder, faster, with a growing feeling rising in him.

"And now, here's your tip!" Harry groans.

Harry plants himself deep inside Rachel. Each push makes his balls grow even stiffer. He pulls out of her and then drives himself inside of her one more time. He holds on for the ride.

The two lovers cum together, with several blasts of cum firing into Rachel's body. She lets it all out with a high-pitched cry of fulfillment the deeper Harry pushes inside of her body. He bathes her with his seed and empties a huge load inside of her cum.

Harry finishes riding her, feeling the warmth of her. He gets a boost of power. Weeks, she's had a lot of tension, then again most artists, writers, and musicians did. And Harry is able to relieve her of this to a great reward on his part.

Rachel finally collapses onto the ground. Harry reaches down to help her up and help her down the hallway into the bathroom to clean up.

"It's been a pleasure doing business for you."

She holds tightly onto Harry as he carries her to the shower. "Anytime."

End.

Next Chapter: 1/10/2018.
Out of the Box(Rias Gremory)

Out of the Box(Rias Gremory from High School DxD)

A waving hand sweeps away a large cloud of blinding dust. A buxom redhead with blue eyes stands at the end. She dresses in a tight red top with the fabric stretching to just barely contain her breasts. One overlook the gorgeous face the woman boasts of in the face of two of her prolific features. Her uncovered stomach showcases not one ounce of fight. A tight and short skirt stretches down slightly. Stocking clad legs with heeled shoes comes forward.

Rias Gremory's eyes adjust the new blinding blast of light. One thought comes through her mind.

'Sometimes a bust is more than what it seems.'

The power reacts to hers when a dark figure appears from the shadows. A dark haired gentlemen with piercing green eyes stares up from her. Rias stares him down. He has a useful face and his body is very athletic, it a bit thinner than one might expect. One part of him catches her attention. A gaze drifts down to his crotch. Rias fixates on the size of him even when not stiff. She puts a hand out to see if the figure would react.

"You're the one who freed me."

"What…who are you?" Rias asks. "Why are you in there? What…just how did you become trapped inside of that bust."

"Those who don't like what they are unable to understand put me there," he comments. "But, I'm not surprised it ended like that. I've had plenty of time to think about what I might have done differently. But…it's in the past, much like they are. And that's the way it should be."

Rias nods unable to take her eyes off of the man. The glow coming from his body unleashes the very subtle muscles. Two gorgeous green eyes come open and pull Rias in hypnotically towards him.

"I've been known for many things. But, you may call me Harry Potter. And it's only fair I know the name of the person who saved me from that bust."

And speaking of bust, Harry's eyes drift down to the large one Rias Gremory boasts of. It's a gaze magnet for men and women the first thing she lays waste on him.

"Rias Gremory…do you need anything? You must be hungry."

Harry smiles at her compassion and shifts behind her. "I have not fed in a very long time. I've been trapped in limbo for centuries until you've freed me. I don't know how you've accomplished it….."

He spins Rias around. Arms ensnare the buxom beauty and holds her in completely. The chesty redhead takes a deep breath and almost strains the fabric the rest of the way. Harry holds his grip around her.

"But, I thank you. And you've earned my gratitude. And my gratitude can be prolific."

Rias allows Harry to kiss her. She ensnares his mouth with a warm kiss which Harry returns. Harry holds onto her lower back and pulls her in for a warm gaze. That strong tongue invades her mouth
and tastes all of them. Her lipstick marks cling to the side of his mouth just as much of Harry's hand clinging to her mouth.

Something slips underneath her skirt. Rias closes her eyes. Harry squeezes her rear and sends a warm blast between her legs. Juices spill onto the ground from Harry increasing his touches.

"We're having fun. But, I want you to be comfortable."

Harry tears open her shirt to unleash Rias's enormous breasts to the entire world. He touches the fleshy mountains and squeezes them as hard as possible. Warm lips find her and sucks hard on her breasts.

"OOOH!" Rias screams. "You're...hungry for something, aren't you?"

She pants when Harry's mouth works over her breasts. His hand rolls down her back and drives her completely over the edge with pleasure. It's almost like the spots he can touch at once increases.

Harry enjoys her breasts swelling up in her mouth. The magic he channels through the body of this gorgeous creature makes his cock throb in anticipation and in need. He holds onto vixen's chest the deeper she pushes in. Harry sucks harder and harder on her throbbing nipples until the second Rias loses herself.

Warm milk spills from Rias Gremory's breasts into the mouth of the mysterious gentlemen she rescued. Harry appears to drink off the energy from her and makes her feel lust burning through her. Harry holds onto her tight ass and gives it a very hard squeeze to make her lose it even more.

"Yes," Harry tells her with a big grin popping over her mouth. "I hope that you're ready for me to feed. Because, I'm not stopping, no matter what."

Harry pinches the breast of the woman next to him and drives her closer to the edge. He keeps rubbing Rias's mighty mountains. The constant stimulation causes her to breath.

Then, Harry pushes her back onto a bed which just seems to appear out of thin air. The red sheets kick up into the air along with the lady's feet. Harry climbs on top of her. He teases Rias for a few seconds. His cock guides close to her entrance and pulls out for the last possible second.

"I NEED YOU!"

Harry just smiles and climbs on top of her. Rias wraps her large breasts around Harry's throbbing cock. His fingers dig into them. He gives a good push to enter the pillowy heaven. A soft moan comes from Harry's latest partner. He rolls against Rias and throws himself into her.

Twelve inches, maybe more, of throbbing male meat pushes deeper inside of her cleavage. Rias throws herself over them.

"Does the lady want me to paint her breasts?" Harry asks her. "I bet you want all of my thick seed all over your breasts...so you can taste how it goes with the milk I made you squirt out of them?"

"I NEED IT!" Rias shouts at the top of her lungs.

Harry digs his fingernails into the woman's round breast and keeps hammering the beauty as hard as possible. His cock appears almost out from between her cleavage and then pushes deep inside of her one more time. His balls size up to get close to spilling. He holds on just in time.

Rias soaks the bedsheets the harder Harry pushes into her. He slows down the hammering for a
second. It leaves her breasts aching and enjoying the feeling. He pushes out of her and Rias teases a
taste of his cock to speed up the process.

"Naughty girl trying to get an early sample."

An intense amount of tit-fucking increases as time ticks on with the powerful entity shoving his
cock between the gigantic chest mountains with increasing thrusts. He holds back and then rams
himself into her. Each thrust drives Harry further and deeper into her chest.

"I'm so close," Harry grunts. "Do you want a face full of my cum?"

"YES!" Rias shouts with hunger burning through her eyes. "YES!"

Rias clamps her chest down onto Harry and enjoys first him painting her chest. Then, glops of cum
shoot into her face and leave it coated with Harry's very virile juices. He slams deep inside of her
cleavage and keeps driving himself far and hard into her.

He finishes up and slides back on the bed. Not much time passes until Rias scoops up one of her
tits. She leans in and drinks Harry's cum from it. Rias feasting on her own chest makes Harry hard
as a rock and ready to fuck her raw. He soaks in the show despite primal urges nearly getting the
better of her.

"I'm going to lay back and you're going to worship my body with yours. And then you're going to
ride me."

Harry flops down onto the bed. Rias bites down on her lip and slowly crawls over him. Her head
brushes against Harry's lap before she leans up and kisses his stomach. Rias straddles over Harry's
waist and leans down to press her breasts against his body.

Rias runs her fingers through his hair and plants a series of kisses down Harry's face. She turns
over and sits on Harry's crotch. Rias grinds her ass up and down on the crotch of her lover. She
turns around and then presses herself against Harry. Their flesh burns against each other with Harry
touching her and bringing Rias deep inside of her.

The few light touches from Harry's fingers set the loins of the vivacious redhead on fire. Rias
throws her head back with a light moan. She holds onto Harry's shoulder and guides closer towards
his manhood. Rias guides Harry inside of her entrance.

"Do it."

Harry's cock slips inside. Rias rises up and drops down onto him. She starts slow and steady at
first. Then Ria rises and falls on him. She crashes down onto Harry. Their bodies mold together
from this attack.

The hungry gaze of the powerful young man follows the progress of Rias's gigantic breasts in front
of them.

"Take them, please!" Rias yells at him. "Take my breasts and touch them. Make me feel really
good and make me cum all over your cock."

Harry holds out and grabs her chest. He touches them from the right angle and coaxes Rias to drive
down onto him. Their loins connect together with Rias pushing up and down onto him. Their
bodies combine together in one large dance of lust and passion.

"OOOH, HARRY!" Rias moans from Harry's touching. "I can't hold back."
"Cum for me," Harry tells her. "Look me right in the eye when you cum."

Her eyes open up and Harry notices the lust burning through her eyes. He holds onto the breasts of this bouncing goddess and causes her to cum even harder on her.

Rias enters a thrill ride and cums all over the hard cock of the man underneath her.

"You're ready to go again?" Harry asks her.

He gropes Rias to get her attention. She throws her head back and allows a nice moan to pop out of her body. Rias rises up and down on Harry. His hard cock enters her well lubricated hole. Harry holds onto her and forces her down onto him.

It's not too soon before Rias cums again. The peak builds up through her body. Harry holds onto her chest and makes her cry with pleasure. Harry sits up and dives between her cleavage. Magic channels through Rias's breasts and causes her to cum all over him one more time.

Harry pulls out of her and leaves Rias with a voice. He flips her over onto the bed and lines himself up for Rias. Her legs spread for him.

"Tell me what you want?"

Rias tries to lift up and drags Harry closer towards her. Harry holds her down to the bet and touches the vivacious woman to make her cream over the sheets. The simplest of touches set Rias off into a puddle of sexual lust due to Harry having her so riled up. He's in control, she knows it, and loves it.

"Inside me," Rias breaths. "Finish inside of me."

A slap against her thighs jumps Rias off of the bed. Those balls, full of seed, tempt her and make her want to know what it is.

"If that's what you want."

"That's what I want!"

Harry holds her chest and guides himself down into her. Their bodies squash together on the bed. Rias curls her leg up and brings it against Harry's back. Harry pulls himself up off of the bed and drives his thick cock inside of her. The two meet together on the bed.

It's what she wants, needs, and desires all at the same time. Harry maps out a course on Rias. Hips, breasts, ass, legs, face, neck, stomach, all of them receive the devotion and the attention.

"I know what makes you tick," Harry tells her. "And I know how to make you cum."

The toe curling signifies what she feels. Harry drives himself cock first into her tight vice of a pussy. He pulls nearly all the way out of her. A swollen head parts Rias one more time and fills her up again. Harry's balls slap down onto her and keeps filling her up.

"OOOH, YES!" Rias cries out and touches Harry's back. "OOOOH, YES!"

Harry holds onto her with a few deep thrusts of her body. The closer Harry reaches to his orgasm, the more Rias thrashes upon the bed. He drives himself deep inside of the temptress with a few more thrusts. She wraps her arms and legs around Harry to make sure to hold him in tight.

"I'm going to seed you," Harry tells her. "Your breasts are going to be even bigger when they swell.
I'm going to grant you the gift of my daughter. And you're going to teach them how to pleasure their man. And there's only one man who will be strong enough to satisfy their desires."

He holds onto Rias and plants himself into her. Rias clutches him hard and releases him just a little bit. The first trickles of cum trails into her body. Rias senses her womb starting to prepare itself to be seeded. Harry turns them to the side where she can feel his balls about ready to empty inside of her.

"They have more than enough to seed an entire village,' Rias breaths.

Harry holds back from the payload just enough to feel Rias tightening around him. He pushes almost out of her and spills himself inside of her.

The sweaty sensual woman on the bed keeps working herself. She milks Harry while seeing sparks of line. Strands of energy bind Rias to her new lover. Every time she touches her, content fills her body. Rias thrashes up to enjoy how restrained she is.

Harry's cock shoots high and deep in her. He spends time tempting her body. A rapid fire stream of orgasms suck Harry's cum into Rias's waiting womb. He leans in to her and kisses the woman's lips. She responds with eagerness and gratitude at the gift he bestows upon her.

"Don't worry. This was only the beginning."

Rias loses his cock after it finally finishes. Harry smiles and turns over on the bed. He presses against her back with his organ close to her. His arms snake around her body. Rias leans into him, his body beginning to envelope hers completely with arms and legs touching her.

He could slip inside of Rias anytime and take her again. Harry rests his hands on her chest while the two lovers drift off to signify the new connection they have.

Who knew such a mundane artifact could lead to such a life changing experience.

---

End.

Next Chapter: 1/12/2018.
Triumph puts Hela in a pretty good mood. She has all and will stand tall over here. There's no one who can dare stand up to her. The dark-haired temptress leans back on the throne. There always will be resistance against her, but that resistance will fade when they should have the power.

"Congratulations."

Hela stands up straight. Someone dares intrude on her time with herself. The figure moves in the shadows with a sweeping motion. She senses someone of great power which puts on her guard.

"I know what you are."

"I prefer you know who I am. And I'm called many things. Many of them which should not be said in polite company. But, you may refer to be as the name most know me as. Harry Potter...we'll normally people think my first name is Curse You or my middle name is Fucking, but it's the thought that counts."

Hela finds herself standing tall with a very powerful gentlemen. She puts herself completely on guard.

"You've come to challenge me?"

"Do you sweet talk all men this way? I can sense in your eyes you desire someone to rule by your side but there's a lack of options. And it just so happens that I've had my eyes on this realm for some time. It's just you got around to moving your plans forward before I could manage. So we could have a problem."

"It is a problem when you're buried under foot."

Hela withdraws two daggers from her hand. Harry just smiles in amusement as she moves towards him. The mist flickers out of the air and Harry comes from behind her. His touch causes her stance to weaken along with her knees.

"I prefer to earn my conquest. It's a common flaw in me. I could just sneak in when you're the least guarded and take you, but what would the fun in that be?"

The Incubus next to her puts Hela completely on guard. She sees him partly as a threat to take down and also a curiosity. Something which she intends to tame or destroy. Both feelings tear her completely. She moves in for another attack and comes very close to hitting him.

The moment they touch hands, Hela pulls back. A being of such great power getting in her head is not a very good idea. Hela draws in a deep breath and comes back around.

"Surely a woman of your caliber can do better than that."

She stabs at him. The blades hit the platform Harry stands on just a second over.

"When this is over, you will kneel before me!"

A chuckle follows from Harry. He can see her move in for what could prove to be a deadly attack.
against a much lesser opponent. The problem for her is Harry's a fair bit stronger than most of the
adversaries she's gone up against. He dodges the blade as it comes inches away from piercing the
side of his head.

The next thing Hela knows the top half of her outfit snaps off. Her breasts come out into the open
air. Firm pale breasts with nipples standing out show to Harry's benefit. To her credit, Hela only
regards her state of partial undress as a momentary distraction.

"I'm going to mount you and stuff you on my wall for your impudence, Dragon."

Hela holds back and comes an inch away from hitting him. The holographic duplicate disappears
and she turns to Harry sitting on the bench and casually eating grapes.

"I normally do the stuffing, I'm afraid."

She dives at him and the two tussle for a couple of minutes. Harry's hand moves over her breast
and causes Hela a momentary distraction. She flips him down onto the ground.

Harry rolls into position and she rips Harry's pants off from the battle. Harry stands before her,
bare from the waist down.

"Fair is fair."

Hela keeps her gaze firmly upon Harry's eyes. Not that it does her much good, as those eyes are
enchanting. Every so often, something brushes against her when she gets into closed quarters.

"I did not know me defeating you would cause you to grow so hard, Dragon."

"Defeat, just keep telling yourself that."

Harry moves behind her and the crotch of her pants rip. His fingers press firmly against her and
send a shockwave over Hela's body. Harry pulls back from her and smiles at her.

A deep breath comes from the powerful warrior. The oldest child of Odin cannot and will not be
taken down. She pushes forward and almost stabs her enemy.

He's not there one more time. Instead his arms push her against the wall and start attacking several
points of her body. Hela closes her eyes. His fingers perform their magic and cause her body to
squirm against the very obvious erect pressing against her lower back.

"You...you...you..."

He pulls away right before Hela can climax properly. The feeling rushing through her body fades
and the rage returns. She pushes herself back into the confrontation with her adversary. Harry
moves to the right and moves to the left to avoid her attacks.

Each second drives Hela more over the edge with rage. She comes close to bringing Harry down
and then he comes from behind her.

"I'm going to take what's mine!"

Harry's shirt starts ripping off stitch by stitch. He moves in and Hela dives at him. Her legs wrap
around his body. Harry turns her around and smashes her against the wall. She drips wet and since
Harry's hard, there's no reason for foreplay at the moment. Unless one counts their battle as
foreplay.
Deep and burning desire to mount herself on this prime piece of manhood hits Hela. Harry gives it to her by shoving his hard cock into her tight pussy. It never stretches like this. She screams in mounting pleasure when Harry rams his cock into her. He deeply thrusts into her and then pulls almost all the way out of her.

"It's what you really want. You want someone to take control of you."

"I'll be in control and having you beg to cum."

"Hmm, we'll see."

Harry squeezes one breast and makes Hela shift over against him. Her tightening vice closes around Harry and releases him. He pulls almost all the way out of her and slaps his balls against her. She clutches the back of his neck and drags her nails down his back.

Everything builds into her with one steady explosion. The strong body presses against her sensual one. Hela's dark hair flips onto her face.

Harry smiles. Watching a woman succumb to his affections always causes him great enjoyment. Willingly, and without any shame makes it even more so. Hela holds against his back and moans. Her legs tighten around Harry's ass and squeezes him along with his cock.

"You're going to break, Dragon! And then I'll have...you..."

A touch on her clit sends pleasure spilling over Hela's body. Her clenching cunt grabs onto Harry while he thrusts deep into her. Those balls, filled to the brim with virile seed, sends a flare of excitement through her body. Hela holds the back of the head of her lover and moans when taking him deep into her body.

"You're...you're...you're...!"

Harry pulls out of Hela and leaves her breathing. He pushes her down onto the throne and climbs onto her mount.

"Mounted and now stuffed."

Twelve inches of cock find their way burying back into Hela. Her hips shoot up just in time to hit him. Her body becomes a living outlet for pleasure. He rises up and stuffs her completely full of his cock. She holds the back of his neck.

"Fuck me! Take me! Make me yours! I never thought I needed something like this!"

"Sometimes you just need the right guidance."

Her sinfully tight pussy closes down on Harry's massive rod. Two heavy balls slap against her. Harry holds himself down onto her body and makes sure to indulge himself on it. Her womanly curves pressing against his manly body makes things even better.

The rise of her arousal and her cumming ensures Harry drives his cock deep inside of her. His balls slap against her thighs with a rapid fire series of thrusts. Hela closes her hips around him and deepens the moan into his ear.

Much to her frustration, Harry pulls out. His cock, dripping wet with her juices, slaps Hela in the face. Her lips part in surprise and she moans. Harry turns her over onto the chair. Her hands press and she's on her knees.
"You know not the kneeling position I expected. But it works very well. It works nicely. And it's a nice spot, nice and tight, but it will do nicely."

Harry slides his cock inside of her from underneath. Her sexy back ripples with Harry moving down. The woman moans the deeper Harry pushes into her tight pussy. Harry pulls out of her almost all the way and buries deep inside of her. He enjoys the woman's body and she enjoys him just as much.

Never in her life does Hela really think that something like this can happen. A rough grab of her breasts only lights a fire underneath her. For the first time, she feels completely fulfilled and not just because Harry Potter stuffs her completely full of his cock.

"Let it all out!"

A finger strokes Hela's nipple and sends her flying over the edge with pleasure. Harry slams into her and the slap of flesh on flesh makes Hela see stars.

"I want to feel you cum on me again! Until you can't take any more!"

The thought is tantalizing to Hela. Her body warms up with so much pleasure and Harry just gives her that much more. More she can feel. His hard cock pushes into her deep inside and fills her up in one of the more amazing ways possible. Hela clutches his wrist and gives him a passionate moan.

"Don't stop."

No worries as Harry indulges her powerful body. Hela's legs ensnare him to ensure Harry does not pull away. And he does not pull away. Rather he keeps nailing her hard. She grabs onto his back and encourages him to keep working his way to their mutual end.

Everything just pushes Harry further along in ramming himself into her body. The two join together with a meeting of their bodies. They wrap their arms and legs around them. A battle of a different kind takes place, the battle which Hela tries to make Harry cum before she does again.

It's a battle she loses, although to be fair not that much. She lubricates Harry's long pole the further it shoves deep inside of her body. He keeps driving in and out at a rapid fire rate.

"My turn."

Hela opens herself up in anticipation for the seed which is to come. Harry wastes little time in filling her up. Her body sizes up and releases herself onto him one more time as Harry pumps into her.

The powerful milking of his most prominent muscle ensures Harry's climax is very powerful. The energy coursing off of Hela's frame intoxicates him. He keeps pushing inside of her and buries his cock inside of her body. The two join together in a very fluid and intense encounter.

Hela pushes her hips a bit closer to the lover in front of her. Harry's frame pushing against her just makes her that much more excited and willing to take him. She curls her toes and pushes Harry a bit closer around his back. Hela mewls in pleasure with her breasts bumping up against his chest when he slams into her body.

The two join each other with an explosion of Harry's seed into her body. Hela firmly squeezes him to milk as much cum out of his balls as she deems necessary and possible. Hela closes her nails onto the back of Harry's neck and gives him a heavy moan which shows how much she's getting out of it.
The dust settles after both of them finish. Harry pulls back and Hela stands to her feet. She grabs him and kisses him on the lips. Harry's now the one sitting on the throne and Hela's on his lap. His cock, hardened once again based off of their skin to skin contact, move towards each other.

The underside of it graps and Hela peers at him with seductive eyes through the curtain of black hair. She smiles at him.

"I need you. Badly. Please indulge your partner."

A backhanded acknowledgment of Hela acknowledging Harry as an equal brings a knowing smile to his face. He looks an arm around Hela and pulls her in close. His cock just bumps against her belly and brings her up with pleasure. Harry parts her thighs with his fingers stroking the inner most part of her thigh.

"Happily, and as much as you want. And as much as you really need."

Harry rolls Hela back and she slides almost down onto him. The first couple of inches come into her and the rest of it follows. She faces Harry, hands resting on his abs. The two move in to kiss each other with Harry planting his cock firmly inside of her dripping, tight, hole.

The heat coursing between their bodies add to the allure the two of them feel. Hands tangle in hair and tongues match each other. Hela works Harry's muscle into her body. The powerful man fills her up and makes her extremely ready for everything that she wants to receive.

"Mmm, it's what I've never thought I'd needed until now."

She never knew what pleasure brings her. She slaps down on him. Harry pumps into her and sends her spilling onto him. Her overflow of juices only makes her this much more wanting of him. Of everything Harry gives her, she takes. His hands worship her along with her mouth.

The response is just as much of Hela. Her legs tighten their grip around him. She makes a movement like a pogo stick when sliding up and down on his cock. The moisture clamps down on Harry and releases him from inside. Then back down Hela goes when she measures her dance on his cock.

Hela grabs onto the man's shoulders and breaths into his ear. She feels so good and there's only one thing she wants now. The desire to close down onto him and explode with pleasure.

"Go with it then. You're so close. You can feel it build up in your body. And just let it go. Can't you? Don't you? Won't you?"

Harry pinches her nipples and sends sparks coursing through them. Hela holds herself down onto his lap and keeps riding him. Her rotating motions envelope the weapon which has slain many women in the past and proves to be Hela's undoign in the now.

The inching deeper inside of her causes Hela's tightening walls to really work Harry's organ over. He pushes against her back and makes her explode all over his hard cock.

"I...I will!"

Hela slams down onto him. The feeling of his balls, swollen once again, causes a pleasurable buzz to come through her body. It all settles in her pussy, one area which Hela knows is the cause of his control and the cause of her growing pleasure!

A slam down onto Harry's pelvis causes the feeling of his balls to rise. The desire to explode
reaches ever so closer. He holds Hela against his body as the sexy woman keeps her walls closing down around him.

The two enter another mutual orgasm. The time which passes after the last one becomes lost to them. Harry grabs her chest and invites Hela to sink down onto his cock. She closes tighter and tighter until she milks him down to the last spurting drop of seed.

The dust settles and Hela collapses on Harry. She smiles and nuzzles his chest when resting on him. She tries to pull away, but cannot bare to leave this delicious hunk of man meat before her.

"That worked out better than I anticipated."

End.

Next Chapter: 1/15/2018.
Bonnie Rockwaller marches down the hallway towards the office of a man she needs to speak to immediately. Last year, Bonnie came so close for her squad to place in the nationals, but someone snatched it away from her. This year, she wants to let Director Harry Potter, know how much she wants to win and how she would do anything to win.

"Doctor Potter will see you now," the pretty blonde receptionist outside of his desk states.

"Thank you," Bonnie tells her.

The moment Bonnie steps inside of the office, she comes across something which brings a sour taste to her mouth. Her Midtown high school rival, Liz Allan, casually reclining on the side of Harry Potter's desk. She's the reason why Middleton did not win last year despite all the time, work, and energy Bonnie put in to make sure her squad was the best.

"What's she doing here?"

Liz smiles at the girl. "I'm just here to commend Doctor Potter on what a great job he's doing. And making sure he got the donation my parents send every year to Horizon."

"Oh, see," Bonnie tells her. "Mommy and Daddy are bribing you because you can't get anything done yourself."

"I can assure you that's not the case, Ms. Rockwaller," Harry tells her. "Both of you have performed well. It's going to be hard for me to choose one of you."

With a wink and a lick of her lips, Liz locks eyes on Bonnie. The hot-blooded girl curls her fists and looks dead on into Liz's eyes.

"You're sucking his cock," Bonnie says practically fuming. "You're sucking his cock, aren't you? Aren't you, you useless whore?"

"Ah, I think someone's still upset about her routine not being completely in sync last year," Liz tells her. "And...if I am...it's not like you can do it any better."

"Ladies, please, settle down," Harry tells them.

Bonnie's fuming, almost smoke coming from her eyes. She can see Harry rise to her feet. Bonnie grabs the older man and kisses him on the lips and hard. Her tongue tries to force its way into Harry's mouth. Harry grabs her by the back of the head and pulls her off.

"What has gotten into you?" Harry asks her.

"I hope you're going to get into me soon, sir," Bonnie tells him. "I'm much better at her, in
anything, whether it's cheerleading, or other activities...if you want a demonstration, I can show you."

"Oh, this should be good," Liz tells her with a slight roll of her eyes. "Try not to choke like you did last year at the end of your routine."

"That was not my fault!" Bonnie snaps when she tears Harry's shirt from his pants and then goes to work his belt over. "Are you ready to see how good I can be with my pole routine?"

Harry just smiles with one of his most casual and nonchalant smiles. "Perhaps you will impress me yet, Ms. Rockwaller."

Bonnie intends to impress him and takes Harry's cock out of his pants. She tugs on his cock and the most intimidating piece of meat sticks out. The fleshy pole slaps into Bonnie's face.

"I had no idea you were this big, sir," Bonnie informs him.

"Did you think I had a small cock?" Harry asks her casually.

"NO!" Bonnie yells. "It's just...this is...this is...this can't be real...but it is, because I'm seeing it, I'm feeling it, and I'm touching it."

"And soon you'll be sucking it," Harry tells her. "Providing you can handle this nice big cock inside of your hot little mouth."

"I don't know if she can take it, sir," Liz tells him with a taunting smile directed at Bonnie's general direction.

Bonnie drops to her knees and gropes Harry's balls. She squeezes Harry hard and then moves over to give him a sloppy blowjob. Her work's not as refined as she wants. Bonnie sucks his head for a second and enjoys the feeling of the cock growing inside her mouth. She cups Harry's cock around the base and keeps guiding it closer to her lips. Bonnie's warm lips form a very tight seal around Harry. She cups his balls, sucking on the head and guiding Harry deeper inside of her mouth.

The warmth of Bonnie's mouth surrounds him. Harry leans down and grips the top of her scalp.

"You really know how to work a pole," Harry tells. "But, can you finish your routine in time before you burn out."

Liz watches the slut on the ground suck the cock of her man. A hand slips beneath Liz's skirt and finds her pussy, rubbing it. She wears some skimpy black thong panties underneath, just like Harry likes. The spicy Latina works over her pussy at Bonnie.

"Choke her out with that cock, sir," Liz breaths.

Harry holds onto the back of Bonnie's head and keeps burying himself inside of her mouth. The cheerleader's lips keep popping up and down on him. His throbbing cock reaches the back of her mouth.

Bonnie's eyes water when feeling this cock in her mouth. She's never had anything this big jammed down her throat. Harry' stretches her out and she starts to cough. Seeing the smug bitch on the desk redoubles Bonnie's resolve and makes her suck Harry's hard cock.

Competition is such a good thing, and cases like this, Harry finds himself the real winner. He jolts his cock forward into Bonnie's throat and keeps stretching her out all the way. Harry pulls almost
out of her and slides himself deeper inside her throat.

"You're almost finished with your routine, aren't you, Ms. Rockwaller?"

Bonnie thanks the heavens above she can hold on and suck him. His balls strain underneath Bonnie's grip. He pushes deep inside of her mouth and starts to explode. Cum cakes the inside of her mouth.

She manages to hang on for a time. Unfortunately, the sheer abundance of Harry's baby making fluids cause some of it to spill out of her nose and some of it to splash onto her face.

"Well, choked at the end again," Liz tells her.

"Oh, like you can do any better, you tramp," Bonnie tells her.

Liz leans over and brushes her finger against Bonnie's face to scrape the cum off. She slowly feasts on the same cum which previously cakes Bonnie's sweaty face. Bonnie grows more hot and bothered as Liz leans in to lick her on the face.

"Stop!" Bonnie shivers and almost giggles.

Liz pops her lips together. "Mmm…bitch sweat and man cum are a nice taste…but I'm going to have to show you how to really work a pole."

She pulls off the top to reveal her dark breasts, topping off with two round, chocolate nipples for Harry to look at. Bonnie's eyes fall onto Liz's breasts, jealous at how large and perky they were. And finding herself studying the quality of the chocolate skin on it, how smooth it looked. How, Bonnie wants it in her mouth, burying her lips against those nipples.

Liz grips Harry's iron pole and gives it a hard squeeze. She descends onto him with a smile and takes the first few inches of Harry's cock inside of her.

Harry grabs her back and adjusts his grip around Liz's lower back. He squeezes her well-toned ass. The nice booty bounces up and down with Harry grabbing onto it. The fiery Latina cheerleader unclips her hair and allows it to flow upon bouncing on Harry.

Twelve inches of hardened cock slips between Liz's thighs and finds their way inside the cheerleader. Bonnie follows the progress, almost jealously, of Liz driving herself up and down on her.

"Oh, of course, you got it, you have practice," she mutters for a few seconds.

"I can make him feel good," Liz breaths. "Oh, yes, those breasts, they belong to you sir. Take them! Squeeze them! Suck on them."

Harry buries his face in Liz's bouncing chest and makes her cry out in pleasure. Her pussy throbs every time Harry touches her. All Liz wants to do is make sure Harry's face stays in her breasts. Sucking them this hard moistens Liz's pussy and allows her to slide more of Harry's cock inside of her.

He's all over the athletic cheerleader. Every movement draws Liz closer to the edge. She wraps around Harry and pulls on him before descending down onto him. Their thighs smack together from Liz rising and falling upon him. Harry gets closer to the end and drags Liz closer to him.

A slap to Liz's hide end encourages her to drive herself onto them.
"Oh, Ms. Allan, your pussy feels so good around my cock," Harry groans. "It's time for you to cum."

Her dark thighs slam down onto Harry's. The sound of sinful flesh drives both of them to lust. And Harry hears the barely restraining breath of a third party all the way across the room. He flashes a smile over his shoulder towards where Bonnie is waiting.

Bonnie hates it. She hates how this display makes her feel so horny. The prideful teenager pushes her panties aside and starts playing with her pussy. Liz tosses her head back and spares Bonnie a moment to grin. This introduces a very frustrating combination of arousal and annoyance deep inside of Bonnie.

'OH YOU BITCH!' Bonnie thinks in fury while furiously masturbating herself.

A squeeze of Liz's ass drives the beautiful woman down onto Harry. Dripping cum coats Harry's throbbing hard prick. He pushes inside of her and then almost pulls all the way out. Harry pushes deep inside of her. Those balls fill up with cum.

Harry sucks Liz's nipple hard and drives her over the edge. She cums harder than ever before and saturates Harry's cock from the tip to the base with her honey. Liz clamps down onto Harry with hunger filling her body. He touches her in all of the right places.

It's Harry's turn as he drives deep inside of Liz. Her tight pussy walls close around Harry and milk his hard prick as much as possible. He pushes inside of her like.

Like a well-practiced routine, Harry fires his cum inside of Liz's pussy. The athletic legs of this Latina bombshell squeeze Harry while pumping down on him. Blasts of cum saturate the inside of Liz's walls. Harry groans when finishing inside of her.

"Do you have an answer for that, Ms. Rockwaller?"

Bonnie strips her shirt and skirt completely off. She stands next to Harry with her shaven mound, perky teenage breasts, juicy ass, and thick athletic body before him. The beauty curls her lips in a smile when approaching the man in front. Bonnie reaches between Harry's legs and grabs onto his cock tightly before standing it up to full attention. She leans down and then kisses him down the length.

"Watch and earn, Lizzie," Bonnie tells her.

The Middleton cheerleader turns around as Liz is on the desk. Her sweet pussy is overflowing with so much Harry cum it tantalizes Bonnie when she positions onto him. The tick of his cock comes close to entering inside of her.

"Are you sure you're ready for this routine?"

Bonnie's enjoyment increases when Harry's chair folds back into a makeshift bed. This allows Bonnie to straddle Harry's right leg with it bend, while his left leg extends straight. Hunger flashes through her eyes.

"I'm going to show why I should have won last year."

She takes Harry's cock inside her warm teenage snatch. The lengthy flesh organ stretches Bonnie out. She bobs up and down on Harry's cock and shifts a little bit. Harry samples her ass.

"You're got the right attitude to go far, but how far are you willing to go?"
Bonnie bites down on her lip and does a back bend to slightly look Harry in the eye. "I can really go all of the way. Anything to win, sir, anything at all."

Harry chuckles at the vigor in her. The spirit of competition is alive as Bonnie spreads her legs to take more of Harry's cock inside. Juices flow and coat Harry's cock. The combined juices of both cheerleaders open up Harry for his path inside of Bonnie's body.

"I see you work hard for your craft."

His hand reaches Bonnie's butt and gives it a squeeze. She rises up and drops down onto it with a crack. The shudders comes through Bonnie when rising up and down on Harry to push inside.

Bonnie notices Liz's pussy open up and ready. She sticks a finger inside of Liz to jolt her into a certain position on the desk.

Liz's hips arch back to keep meeting Bonnie's intruding fingers. She shoves it deep inside of Liz and clamps down on it. Bonnie's nubile form rises up off of Harry and extends ever so slightly to touch lips with Liz's nether region.

"Well, at least you're about as useful as Sally Avril," Liz tells her.

Bonnie's eyes storm over at being compared to that particular bitch. With a mixture of anger and lust, Bonnie forces her tongue inside of Liz's pussy. She munches down on Liz, never once leaving the point of Harry's cock.

"Oh, damn it, Ms. Rockwaller, you're going that extra mile," Harry breathes. "It's not all the way in you and if you're going to go full marks, you're going to have to go all the way."

Never one to let a meal go unfinished, Bonnie finishes up with Liz and pulls Harry's cock out of her. She turns to Harry and straddles the older man. Bonnie reaches down and drags a nail down her body.

"I'm just warming up, sir," Bonnie tells him with a burning smile. "And I'm ready!"

Bonnie bounces up and down on Harry's cock. Her breasts dance in front of Harry's face.

"Go, ahead, sir, shake my pom-poms!" Bonnie encourages him.

"Are you fucking serious?" a disgusted Liz asks.

Harry just smiles and grabs Bonnie's firm tits. The juicy ass bouncing on him and her tight pussy enveloping him tight as a vice only gives Harry further incentive to move on so he can keep driving deep inside of her. Bonnie clutches Harry deep and hard.

"Oh, fuck, you're going for the highest score possible," Harry groans. "Keep it up, and don't lose your focus!"

Bonnie refuses to lose focus. Not when she's so close and not as long as this cock parts her. She rises up off of it and slams it down into her. Her head tilts back with lust burning deeper inside of her. Harry touches her all over and makes her feel really good.

The tight pussy sliding up and down of his hard cock makes Harry groan loud and pump his hard cock inside of her. Bonnie fills up on Harry's massive cock. She slides up off of him and drives down onto him. Those swollen balls close in on him.
"OOOH!" Bonnie screams at the top of her lungs. "I think I'm getting close."

"Take it all in, make sure it's all in you! Take it all! If you think you can handle it."

She handles it. Her gushing pussy slams down onto Harry. Bonnie clutches on for a ride. Only determination to outshow Liz and prove why she's the best pushes her forward. It's an adrenaline behind anything else. Harry sits up and Bonnie coaxes him into her chest.

One orgasm chains off another one. Bonnie clutches onto him. Harry attacks her chest with a primal fury.

On the desk, Liz observes Bonnie throwing herself onto Harry's cock. Tight walls milk Liz's probing finger. Another hand reaches up to tug on her nipples. Liz eats up the eye candy and eats up Bonnie's tight ass. A malicious smile pushes over her.

Seconds later, Bonnie feels something wet shove into her asshole. Liz's probing finger shoves deep into her hole, slicken with pussy juices. Bonnie tries to say something cutting. Only for her sounds to come out in a gurgle the deeper Liz times her finger with Harry's cock.

It was not the first time the two work together to make another cheerleader cream themselves. Bonnie oozes all over Harry's cock. She leans in for Harry to touch her and make her cum all over Harry's prick. The twelve inches of hardening flesh parts her warm lips.

"We're almost there," Harry tells her. "I just need you to hold on a little bit longer we can properly assess your abilities."

A drool bubble breaks all over Bonnie's face. It's not exactly becoming of her. She cares very little with taking Harry's long cock inside and out. Bonnie pumps Harry inside of her. Her stomach extends and takes much more of Harry's cock inside.

"Getting close," Liz taunts her. "Are you going to break before it's over?"

"NEVER!" Bonnie shouts while gaining a second wind and pushing Harry inside of her.

Harry's balls almost burst upon entering this female sheath of flesh. She stretches all over Harry from the tip all the way down to the base. A long spill of juices come down to the base and then stretches down onto him. Liz smacks down and releases him with a couple more pumps.

"Never…going to stop…until he does," Bonnie pants.

"Well, I'm almost ready," Harry tells her with a playful squeeze of her teenage tits.

Bonnie throws herself back onto Harry. She stuffs so much hard cock inside it almost splits her in half. The tempting teenager rises and falls repeatedly on Harry. She shoves more and more inside until Bonnie is this close to breaking free from the throbbing cock inside of her.

One more time she cums and it leaves the floodgates open for Harry to push himself inside of her. Bonnie stretches out on Harry. He pushes in and out of her with a rapid fire flurry.

"And now, for the finale."

Bonnie spreads herself far and ride ready to take the contents of Harry's balls inside of her. She clutches Harry's shoulder and pushes down to milk him. Those balls burst one more time and starts bathing Bonnie's insides with cum. Harry fills Bonnie with Liz fingerling her fellow cheerleader's anal hole until complete.
The two detach from each other. Harry pulls a water bottle off of his desk and hands it to Bonnie. She hydrates with a loopy smile on her face. Liz stands on the other side and does nothing until Bonnie's eyes are in her. Then, Liz slips a finger into her mouth and licks Bonnie's ass from it.

"Shameless whore," Bonnie pipes up.

"Now ladies, play nice," Harry warns them. "Time to kiss and make up."

An aggressive kiss follows. Harry watches to see if they play nicely.

If not, given his position of authority, discipline is sure to follow.

End.

Next Chapter 1/17/2018.
Clothes drop to the floor and signify the return of Susan Bones to the Potter Mansion. She sighs in relief at the exams from hell finally being over. Susan turns her head back a little bit. The Ministry currently is undergoing some changes with Harry Potter leading the way. A lot of old purebloods dig their heals in as usual, but unless they move forward, their race would wither and die pretty soon.

They wait for the old crowd to die out. The Ministry moves closer and works closer to the Muggle government. One gets the sense that the masquerade is uncovering the more advanced non-magical advances get. Susan is not completely ignorant to them, although there are some holes in it.

One thing she enjoys is the hot tub, a magnificent invention Harry introduces to her not so long ago. It is perfect for a relaxing day at work. The nude witch walks across the floor. Her body is stunning and is something that would make many Playwizard models envious. And Susan needs no enhancement charms or potions to get her assets. Her large breasts monument her magical prowess.

"Room for one more?"

Susan barely sinks into the hot tub and looks up to see Harry Potter standing before her. Several witches after the war move in to Harry's place and he puts them under his protection. There are many benefits to being in Harry's house and Susan remembers learning them quite well.

Harry drops his robe to reveal his very toned body. Susan tries not to drool but it's hard not to at Harry's rock solid body. The god of a man drops into the hot tub. Susan shifts her legs slightly so he can properly get in. Then, Susan drops her legs onto his crotch.

"So, busy day for you?" Susan asks him.

"More of the usual," Harry tells her. "I'm just glad to be home in the midst of such lovely company. I hope that we can enjoy the time we spent together."

Susan already enjoys the time with Harry. Namely the fingers creeping up the side of her leg and getting preciously close to reaching her inner thigh which sends chills down her body. Susan enjoys the feeling and decides to shift forward and start rubbing her foot.

"More of the same for me," Susan casually comments. "I've just got the exams done. By the end of the month, I should get my accreditation."

She acts like her toes do not wrap around Harry's prick. And she tries to play it cool from Harry's hand creeping up to touch her pussy. His light fingers keep dancing against Susan's warm womanhood. Harry pulls away from her and then drags his fingers up to his mouth.

Harry cleans the fingers with a couple of sucks. Susan breaths in heavily with those nipples extending out. They scream to be sucked and played with. Harry ignores the call and goes back to feeling up her legs.

"Well, you're here for some tension relief," Harry groans.
"Oh, I can feel you have a lot of attention, Mr. Potter."

Susan's arches rub against Harry's cock from underneath the hot tub. The warm jets of water shooting into the tub makes this a more pleasurable experience. Harry moves his cock against her arches and then reaches underneath the water to caress her toes.

"Baby, oh fuck," Susan breaths. "Your cock feels so good between my feet."

"It does, Miss Bones. And the feeling is mutual!"

Harry rubs the side of Susan's ankle and starts playing with it. The back of her knee receives an ample amount of attention. Susan continues her ministrations and pumps Harry's cock deep between her toes. She grabs it and releases it with so much hunger flashing between her eyes.

"It's so good," Susan moans.

Harry shoves a finger between Susan's thighs. She squeezes him when he enters her pussy. Harry pulls it out from underneath the water and then turns his attention to her. Her feet let go of Harry's prick. Harry slides into position in the hot tub.

Those breasts call for Harry and instead, Harry ignores them. This frustrates Susan to no small degree. He focuses on everywhere but her breasts. Harry kisses the side of her neck and then runs a finger down the back of it. Their lips meet suddenly and hungrily.

Harry indulges in the mouth and lips of this stunning witch. Susan holds onto Harry's hair and guides her tongue into his mouth. Their bodies practically mold together. Susan's legs fold over the top of Harry's. Harry pulls her away from the hot tub wall just enough to grab the underside of Susan's ass. He squeezes the meaty ass.

Twelve inches of meat brush against Susan's tight and toned stomach. She throws her head back and allows Harry further access to it.

"I want you," Susan mewls in his ear.

Harry touches her waist and brings her closer towards him. His cock brushes against her wet center. It is almost inside of Susan. Her wet pussy grabs onto Harry and he comes close to entering her from this particular position in the hot tub.

Susan lifts her hips up and sinks down onto Harry's hard cock. The sorcerer throws his himself up and touches Susan. The horny witch growls in frustration when Harry's fingers explore her body and just miss her breasts.

Harry smiles and feels her frustration. She wants her breasts touched and fondled. Yet, Susan never is going to say it outright. He feels a sense of duty to make her voice what she wants. Harry moves his hands into positon onto her stomach. He edges closer and closer to her breasts.

Anticipation grows with healthy vigor deep in Susan. Harry brushes her stomach and then keeps working his way. He's almost at her breasts.

Suddenly, Harry's hands shift to the side of her neck. Susan throws her head back and is frustrating.

"Morgana's spoiled cunt!" Susan growls.

"Language," Harry teases her. "And her cunt's only spoiled because of me."
Her tight wet pussy wraps around Harry. As much as she enjoys it, the friction of the hot tub catching her hard, Susan really wants Harry to grab her breasts. She wants him to suck them and to make them his own personal toys. Harry holds himself against Susan and pushes into her.

The orgasm within the witch pushing against the side of the hot tub builds up. Harry pulls himself out of Susan and then slides his cock back inside of her. His hard balls slap her thighs and drive her completely to the edge of pleasure. Harry leans in and kisses the side of her neck.

"Tell me what you want, Susie?"

Any other person calling her that name, and Susan would hex them into the next century. Harry's the only one to allowed to get away with it.

"Harry, you know what I want!" she yells in frustration.

Harry keeps worshipping Susan's body while driving his cock into her. His feet push against the hot tub. Hers are now touching his ass.

"Do I?" Harry asks Susan with a smile. "I'm gifted with many abilities. But…maybe you should give me a hint of what you want."

A scream of intense pleasure passes through Susan when Harry hits the proper spot inside of her body. Her entire body receives a good working over except for one very prominent part. Susan grabs Harry's head and tries to push them towards her breasts. Harry stops her from doing so.

The hands of Susan Bones hold firmly on the back of her head. Harry pumps deep inside of her. He is careful not have their chests touch together too much when fucking. Harry smiles at the sight of Susan's nipples getting stiffer and stiffer the more he fucks her. They practically have a life of their own.

Harry gropes Susan's ass and pulls her up completely. He lifts her almost up off of his cock and then impales her back down onto the stiffening prick. Susan throws herself back up and down on him. She keeps bouncing on him and the touches grow more intense.

"You're going to make me beg, aren't you?" Susan manages.

"Beg for what?" Harry innocently asks.

He throws his cock inside of her. Harry pulls all the way out of her until his head is resting against her entrance. Harry runs a finger down the small of her back in time to drive his hard cock back inside of her body. The two join together with a pleasurable mixture of juices swimming between their bodies.

It takes a minute before Susan returns back down from her high. She looks Harry dead on in the eye.

"Suck my tits."

She speaks in such a small and little girl voice that Harry barely hears her. He understands what she says, but at the same time, Harry cannot help just drive the screws of her anticipation in.

"Susie, you're going to have to speak up. I can't hear you over the sounds of the water."

"I SAID SUCK MY TITS, YOU WANKER!"
Harry smiles at her for a second and then pauses.

"Ask nicely," Harry teases her with his hands on her ribcage and not coming up to meet her tits.

"Please, suck my tits, you wanker," Susan amends.

Harry just smiles and reaches his hands over. The minute Harry's hands touch Susan's round and needy breasts her body cheers in delight. Her pussy tightens and soaks Harry's cock from the tip all the way down to the base form Harry's actions.

The Boy-Who-Lived does not dive in straight away. He plays with the breasts and treats them like the find art they are. The mold into his hands and drives Susan beyond the edge. He can hear from the moans and he's just barely fucking her now Only touching her tits.

Susan throws her head back. Sweat rolls down her neck, past her shoulder, and down her back. Her toes curl from Harry working himself into her tits. And how he sucks on her nipples. Susan throws her head back with Harry working pure magic all over them.

"Harry!" Susan moans. "OH FUCK!"

She loses it a little bit with warm milk coming out of her tits. Sometimes, powerful witches lactate when they are excited. And Susan's breasts swell even more when Harry's face disappears inside of the funbags. Susan throws her head back.

"Oh, baby, drink from my big titties," Susan breaths hungrily. "Oh, fuck!"

Harry holds around Susan's waist and shoves his cock inside of her. His face is pretty much engulfed in her large chest now. The warmth of the breasts coax Harry and ensure that he would never go hungry for as long as he's here. Harry touches and rubs the underside of Susan's chest.

"Baby," Susan mewls over her.

She cums harder than ever before, with her toes curling over. Susan rises up and drops down onto Harry's massive prick. She shoves more cock into her body than ever before. Susan stretches over him and shoves more cock inside of warm sheath.

"Yes, right there," Susan groans with hunger dancing through her body.

Screams echo throughout the room. Harry keeps driving his cock inside of Susan's tight and warm pussy. She hugs Harry and milks him. Harry pulls almost out of her body and then rams his thick cock deep inside of the woman's warm depths.

Finally, Susan Bones throws herself back. The man of her dreams sucks on her breasts while fucking her in this hot tub. It's a hell of a way to get relaxed. Harry drives his fingers all around her and takes one more path around her body to allow Susan to just gush all over him.

Harry comes up from her breasts long enough to smile at her. Milk drips down from her nipples and rolls down. Harry leans down to lick it off of her swollen nipples.

Susan screams in pleasure when Harry bottoms his cock into her. His swollen balls tease the possibility of a huge load spilling inside of her body. Susan tenses up around him and milks him. She wants the explosion to coat the inside of her body.

"Closer," Harry grunts. "One more time."
A squeeze of Susan's massive chest gets the pressure necessary for her loins to explode all over Harry's invading cock. It intrudes inside of her body with Harry holding onto her. He stretches Susan out until she cums all over his big cock. Over and over again, until Harry reaches her center.

"My turn."

Susan tingles in anticipation of being filled up with Harry's magically potent seed. The taboo feeling of maybe forgetting her contraceptive potion in the chaos of the morning excites her. Not as much as the massive amount of cum filling inside her body. Harry holds back and slams himself inside of her tightening pussy.

The screams fill the air with Harry holding his hands around her and spearing Susan's pussy on his massive rod. He fills her up with his baby making juices.

"Oh, you can just go on," Susan breaths.

Harry smiles and pulls away from Susan's oozing cunt. He is certain that Fleur, Nym, Daphne, Tracey, Astoria, Gabrielle, and all of the other girls would want some relief when they got home from work.

He helps Susan out of the hot tub so she does not pass out and crack her head open. A bench on the side allows Susan time to catch her breath.

End.

Next Chapter: 1/19/2018.
There's a new blog exclusive chapter with Catwoman and Huntress. Head to the Page of Important Links, the Web of Chaos Archives, and either the Breeding Ground or Blog Exclusive Chapters. It's titled, Double Appointment.

---

A Simple Measure( Brunnhilde/Valkyrie from Thor Ragnarok)

The pinkish-purple sky of the planet the great warrior stands on makes her wonder what kind of prize her contact alludes to. The planet is rocky with very little signs of life on it. The only sign of potential habitation is a series of crudely made structures, almost like someone cobbles them together. Then there's the large dark building with no windows in it.

Brunnhilde keeps a hand on the blade she wields. She walks into uncertain territory, so naturally it may be an ideal thing to keep her wits about her. Each step sends her ever so closer to where she needs to go.

Bright blue lights illuminate the hallway. She notices several cells and then one at the end. Instead of the bars at the end of the cell, it's a clear glass cage. She walks forward to further investigate and sees a handsome man with the most vibrant green eyes. He dresses in fairly elegant clothes of the finest silk although one can see his strong body.

Brunnhilde most certainly cannot believe her eyes.

"When my contact told me that he had something big, I had no idea it would be you. It's you! The Dragon."

A smile pops over the face of Harry Potter.

"Yes, it's me. Congratulations, you've scored the biggest prize possible. It's...interesting to see how we're here and I wouldn't believe my eyes if I didn't see you myself. A living breathing Valkyrie, right before me. It's very impressive."

"Yes. But, I'm certain that bringing you back to the Grandmaster will make his day. Now how to open this cell?"

Harry casually swipes his finger against a rune stone on the cell. The invisible barrier fades and he steps out. Brunnhilde stands up to realize the prisoner's out.

"It opens from the inside. I think we can both agree that whoever created this prison most certainly deserves to be shot."

An attempt from Brunnhilde to physically attack Harry becomes futile. Harry holds her arm and turns her around. He pushes her up against the wall.

"You're curious now that you're here, aren't you?"

"I'm curious to why you didn't escape when you had the chance. What is your game?"

"Well, I'm sure you've heard the stories. I've been all over the realms, bedding some of the most powerful and beautiful women imaginable. My wives always encourage the continue spread of my
seed across the nine realms. And when I heard that someone of your caliber worked for the Grandmaster and was to collect powerful warriors, well I knew that this would get your attention."

A frown crosses over Brunnhilde's face. She does not attack at least not yet. Sudden realization dawns upon you.

"You were the one who was my mysterious contact."

"Yes. Forgive me for the cloak and dagger, but I had to verify that the rumors were true. And they are."

The two stand face to face with each other for a very long moment. Brunnhilde finds herself less inclined to attack him now, at least not until there are some answers.

"And now that my curiosity has been satisfied, I'm sure you want yours. You want to know if the rumors, the stories, the legends spread throughout the universe are true. Don't you?"

She maintains a battle stance and for a second Harry just grins at her.

"You made a mistake if you think that I'm not going to do everything in my power to take you back to the Grandmaster. I have a job to do."

"And you do it well."

She blinks and now Harry's behind her. He does not touch her in any way. His presence is so overwhelming and powerful that Brunnhilde almost wonders if there's some kind of force sapping her self control. The strong Valkyrie stands tall before him and tries not to lose herself in him and most certainly lose herself in those vibrant eyes which continue to sap her self-control.

"And I do many things as well."

Brunnhilde turns around and she grabs him intending an attack. Instead, she smashes her lips onto his with an aggressive kiss. Pent up sexual frustration hits her full on. She pushes up against his body and tries to back him up against the wall.

Harry smiles, he prepares for everything and most certainly prepares for that. Roaming hands tug on each other's clothes and begin to tear them off when their lustful encounter reaches a boiling point.

A feeling of deep lust hits Brunnhilde head on. Her flesh sings for the touch of this powerful man. A man who makes women succumb to him. She never thought something deep down would hit her this hard. And yet, there's a very potent desire to have him and have him have his way with her in every single way possible.

The position reverses with Brunnhilde pressing against the wall. Her clothes come off with Harry running a hand down her dark skin which taints with sin and sweat. The beauty of her cannot be denied, and it matches her fierceness. The two of them grab at each other with one of Brunnhilde's legs sliding him his side to grab onto him.

"I must see you!"

Brunnhilde rips at his belt and his pants. She can feel a promising start of this warrior exposing himself. The Dragon's massive cock comes out into her hand. It's long and thick and she decides to grab onto it with both hands to tug on it to make it grow to its full size.
A groan follows with Brunnhilde stepping up the actions of her hands against his cock. Both stand before each other. Their slightly torn and mangled clothes lay on the ground. Brunnhilde jumps at Harry and wraps her legs around his waist. Harry holds onto her strong and firm legs and causes a pleasurable scream to come out of her throat.

Then, without any other preamble, Brunnhilde sinks down onto him. The tightness of her pussy closes around her lover's hard cock. Which only seems to expand and fill her completely, in the way which she wants it to. His hands rest on her back the second Brunnhilde spikes down onto her. "It must have been a long time for you."

"YES!"

"Go ahead. Have me. Take me in the way you want."

Brunnhilde takes his cock deep inside of her body. She squeezes it between her pussy walls and releases it. Harry grabs onto her and pushes her down onto him. Her breasts dance in front of Harry's face.

Those dark nipples bouncing in front of Harry's face beg to be sucked and beg to be touched. They call out for attention and Harry lavishes them with all of the attention they desire. The cries of content coming from the woman shows she enjoys it. Harry's strong legs hold them both up as she rides the standing man.

Brunnhilde throws her head back. Engaging in the sins of the flesh is not something she expects. And yet, given all of the stories regarding how the Dragon's able to charm himself between the legs of even the most frigid women, she suspects it's only inevitable. And her body calls out for more. More touches and a greater sampling of the power of the Dragon.

She tightens the grip around him. Harry refuses to break first. He can tell she's not experienced any pleasure.

"I'm going to make you recall what it's like to live, Valkyrie! You're going to feel every moment of this. And you're going to want to feel it all over again."

No doubts, only pleasure, for this moment, Brunnhilde's contentment reaches a new level. She finally feels alive for the first time in the long time. The pleasure accounts for a drug that numbs the pain of a life of tragedy, but perhaps it's time for her to move forward or at least latch onto something which makes her feel real good.

The tightening of her loins shows how much she wants it. The Dragon goes deep inside of her with those balls promising a load to be deposited inside of her strong body.

Those dark thighs contrast with Harry's in the most beautiful way possible. He holds onto her tight ass and guides her down onto his cock. A soft moan comes from her body the deeper she clamps down onto his massive tool. Her body pressing up against his most certainly lights a fire in Harry and causes him to keep touching her in all the ways which light her up.

Everything lights up inside of Brunnhilde. She completely stuffs the object of her affection deep inside of her. It touches all the way on the inside the second it squeezes her. Powerful squeezes send her flesh spiraling out of control. Years of pent up sexual aggression return themselves. She tightens her legs around her man while also sliding down onto him.

"You should just let this go. It's not good to be this pent up. Trust me."
Brunnhilde trusts him and cums for him. She cums all over his invading tool and allows her body to just size up in a constant wave of pleasure. He's constantly pounding her from the inside and reducing her insides of jelly.

She reaches around and grabs his neck. His face disappears inside of cleavage. The nibbles and sucks set a fire underneath the Valkyrie. The likes of which she's never really felt in her life, at least in a long time. There's a cloud which shifts from her mind and the feeling that something is going to break.

Harry can feel her going with him and clutching onto him. Soon, she bends finally, and she releases herself. His cock receives a coating of cum which causes it to slide into her with ease. He pounds her more deeply for the second round. The feeling of her nails brushing him and encouraging him to go on only causes Harry to do that and so much more.

He reaches behind and clutches Brunnhilde's hips to properly drive her wet pussy down onto his cock. She smacks down onto him and a moan follows from her. She's slowly losing a bit of the moment from earlier given the second huge orgasm racks her body.

The pleasures of the flesh become very likely the deeper Harry drops Brunnhilde down onto his hard cock. A couple more pushes bottom Harry out inside of her. She smacks down onto his balls with desire going through her.

"I must have all of you!"

The primal scream follows Brunnhilde sinking his cock deep inside of her body. She refuses to become broken and weak even at such a powerful entity. She becomes more of a believer with each pump the stories of the Dragon are true and likely understated. His touch sends her into fits of pleasure. It's a high which cannot be described by mere words.

It brings her a level of fulfillment Brunnhilde shuts herself off from a long time ago.

The sounds of flesh smacking about flesh continue. Her thighs smack down onto his balls. The squishy and delightful sound of her wet pussy taking in his rod and clutching onto it for dear life feels so good. Their bodies merge together. One leg drops to the ground. Harry holds onto the other leg and hammers her until she reaches another peak.

Each climax shows just how much he gives to her. The desire from the Valkyrie makes her want to give it back and then some more. Her hands hold onto the back of Harry's neck and he keeps pumping his way inside of her.

The positions switch and now Harry backs her up against the wall. One leg drapes over his shoulder and the other rests firmly on the ground. He leaves her body, something that he can tell she intends to correct in due time. Teasing her is the order of the day right before she loses it.

"I can't...I need you!"

"What?"

"I NEED YOU INSIDE ME!"

A smile crosses Harry's face. Her thighs spread. The arousal shows how much she wants it and Harry finds himself back between her legs. The meeting of their two powerful sets of loins only increases the lust both lovers share with each other. Harry pulls almost completely out and drives into her.
Finally, they meet again. Brunnhilde finds her entire body just shoot with pleasurable spasms. Harry backs her against the wall and the thought he could easily put her through this wall when fucking her really accelerates her desire. She moves a bit closer to the edge and moans in his ear.

Their bodies meet several times. Flesh meets flesh and Harry moves his hands all over her body. He always keeps this woman, or any woman, guessing with the touches. Her tantalizing chest sticks out for Harry to fondle and make her breath heavily in his ear.

The continuing indulgence in each other spark a lust which neither can hold back from. The position shifts ever so slightly for Harry to gain the leverage to drive his hard cock into Brunnhilde's tight pussy. She clamps down onto him and gives a moan of pleasure. Harry puts a finger on the back of her neck and keeps going to town inside of her.

Her skin burns and calls for something. She can feel the release coming along. And she needs him to release just as much as Brunnhilde suspects this great warrior needs to release himself.

"Yes, I'm close. But, are you going to earn your true prize?"

A prize more valuable than anything she hopes to go for, the seed of the Dragon. Brunnhilde's head snaps back. He holds her firmly and kisses the woman. She returns with a hungry kiss. Their tongues jam together in a furious duel for domination. Harry wins the battle as per usual.

The breathing increases with the next orgasm striking the woman.

"You held me back!"

These last few words end up being the last coherent words the Valkyrie speaks before sexual bliss explodes through her body. Harry impacts her hard and deep with constant thrusts.

The final prelude to his orgasm shows just how much pleasure she needs to feel. Harry soaks in the strong warrior just finally giving into her more primal nature and cumming hard all over him. Harry slides himself inside of her. Her legs lift back up and lock Harry into place to ensure he does not leave.

Never does the thought cross the mind of this powerful warrior. His eyes flash as the edge comes and her intense orgasm milks one of his own inside of her.

"It's time."

Her hips thrust up to make sure his divine rod sheaths inside for the milking process. The first splatter of seed lights the fire once again. Several more pumps bury a virile load of seed inside of her hungry womb. Brunnhilde throws her head back and moans as he buries his seed inside. His hands hit all of the itches as well and touch her body all over in a way which it longs to be touch. She becomes just as sensitive in the act of carnality as she is strong in the art of battle.

Finally, Harry finishes and he allows the warrior to drop to the ground. Another woman drops to the ground with satisfaction on her face which only grows.

The question of what will happen now comes to mind.

End.

Next Chapter: 1/22/2018.
Essential Lessons (Cassie Sandsmark and Donna Troy)

There's another blog exclusive Breeding Ground, featuring Illyana Rasputin and Kitty Pryde. Now it's easier to get there then ever before, as I added a direct link to the Blog Exclusive Chapters on my profile. I case I decide to remove it sometime in the future, you can still go through the Page of Important Links, the Web of Chaos Archives and either the Blog Exclusive Chapters or the Breeding Ground Chapter Archives. It's called Sharing Experiences.

---

Essential Lessons (Donna Troy and Cassie Sandsmark from Wonder Woman)

Cassie's eyes screw over in frustration when rushing towards the older girl. She's long since given up on a more cerebral action. Donna blocks her hand almost casually and flips Cassie over onto the ground. The sixteen-year-old girl flips down onto the ground.

Donna smiles, a long time ago, she was Cassie and Diana was Donna. The frustrated teenager trying to find a way to beat the more skilled opponent. Hell, even today, Diana just feels miles and miles ahead of Donna. However, Donna grows more comfortable in her own skin. The two circle around each other with Cassie swinging back her arm. The hand blocks with Donna blocking it. Cassie staggers back. Donna grabs her from behind and wrestles Cassie down to the ground.

"Okay, and stop."

Harry stands at the edge. Donna smiles at her father and lets Cassie up to her feet. One might think from the look on his face that Harry's only in his twenties. The truth is, he's centuries old with all of the experience which goes along with that.

"Cassie, I understand you want to beat Donna," Harry tells her. "But, you're doing well enough. You just need more experience and a little more patience."

Cassie throws her arms together and sticks out her lip in a pout. Harry leans over and puts a hand on her shoulder for a second.

"Why don't you get washed up for dinner?" Harry asks her. "And your mother will be here to visit you in the morning."

"Yes, Dad," Cassie tells him with a smile and leans in to hug him before kissing on the cheek.

Despite the fact Cassie's father is Zeus, or so the bastard claims, she does not acknowledge it as such. She spent most of her time while her mother was away at Harry's Penthouse in Metropolis, along with Artemis, Jade, M'gann, and many other girls who have made the Penthouse their home. Cassie sees Harry as more of a father than Zeus was and her mother sleeps with Harry, so it's just perfect.

Donna waits for Cassie to leave. Then she throws herself at Harry and almost shoves her tongue into his mouth with a kiss. Harry pulls her away for a second. Her bright blue eyes twinkle when coming away from her.

"I'm ready to play, Daddy," Donna tells him.

Donna runs a hand down on Harry's chest and then moves in to squeeze his package. She undoes Harry's shirt and kisses him. The older man pulls Donna's hands away from Harry.
"I can't believe that bastard Zeus tried to claim that Cassie is his daughter," Donna remarks. "I think it's time to show her who her Daddy really is."

A few pushes and Donna has her father's cock out of his pants. The Amazon Princess smiles at the marvel which the Amazons would line up every day to worship. And it's all hers, without Diana or Lyta here to hot the fun. The middle child of the Amazon royal family squeezes him.

"Then again, maybe you should fuck his wife while he's forced to watch again," Donna remarks. "I'm sure that fucking cuck would get off on it."

"And where did you learn that word?" Harry asks.

"Fucking?" Donna asks while squeezing on Harry's cock. Harry reaches over and grabs Donna's ass. The ageless princess smiles. "You know the filth that spills out of Diana's mouth when she talks..."

"Not that word," Harry groans when Donna bends down to greet his cock head with a kiss. "The other one...."

"Lois," Donna remarks with a wide grin on her face.

Why was Harry not surprised? Actually, he was not surprised at all and also not surprised to see his lovely daughter drop to her knees and begin to worship his cock. Harry grabs the back of Donna's head and guides her mouth deep upon his pole.

She makes loud and lewd sucking sucks all over Harry's big cock. Donna pulls all the way and pumps him.

"I bet you'd like to fuck me right now, wouldn't you?" Donna asks him.

Donna rises to her feet and pulls down her toga. Two well-rounded breasts come out for Harry's viewing pleasure. Her wet pussy flashes in front of Harry's face and Harry approaches her with a smile dancing on his face. He touches between Donna's thighs and starts rubbing her. Donna throws her head back with a hungry moan dancing through her legs.

Outside, Cassie could kick herself. She forgot a bracelet that Diana gave her. It had sentimental value. The girl moves over and peeks in the door to come across a sight which takes her aback. Donna's thighs stretch out with Harry burying his face between them. He eats out Donna's pussy and makes her scream in lust.

"YEAH, DADDY! You own know all of the perfect spots to make me fucking horny! Make me nice and wet so you can fuck me hard! OH YES, DADDY! DADDY, RIGHT THERE!"

Cassie stands transfixed. She knows it's not polite to watch. Yet, she watches and then starts to play with her nipples through her top.

Harry engulfs all of Donna's body. Her legs spread for Harry to press down onto them. Cassie views Harry's toned ass and his muscular legs. What really catches her off guard is the big cock readying to descend down and fill Donna up. Cassie pulls back the fabric of her toga and finds her pussy to rub one out.

Twelve inches of hard cock slide inside of Donna's tight pussy. The Amazon legs wrap around Harry and pull him in closer towards her. Donna pushes up and down to engulf more of her father's throbbing hard prick inside of her body.
"Oh, baby, you're fucking tight," Harry groans.

"I always work hard to stay tight," Donna moans. "So, I can make Daddy's big cock feel good… oooh, Daddy, keep fucking me. Keep making your little girl feel really good. I like how you touch my breasts."

"Because, I can only make you feel good by touching them, right, Princess?"

Donna nods eagerly and takes more of her father's cock inside. The two join each other with Donna's first orgasm of hopefully many building up. Harry only stalls very shortly and then drives down into her. His balls keep slapping all over Donna and drive her further to the edge.

"You…can only make me feel so good, Daddy!"

A frantic teenager rubs herself out outside and starts moaning. Cassie barely bothers to stifle the moans. The thrill of getting caught excites Cassie.

"And just think, when it's Cassie's turn, I'm sure she'll love this cock just as much as I do!"

Cassie freezes and wonders if there's any possible way Donna could have heard this. The sound of Harry's balls slapping down on Donna's meaty thighs directs Cassie's attention back to the pavilion. The statues of the goddesses look on in more ways than one.

Or maybe it was just Cassie's imagination running completely wild. Not running as much as her juices. Cassie picks them up and tentatively tastes herself. She finds enjoyment out of the taste and shoves it inside of her.

The sense of an extra set of eyes other than a few goddesses reaches Harry. He pulls out of Donna. Donna senses his wants and she moves towards the window to the pavilion. Harry climbs closer towards Donna and guides his cock inside of her smoldering hole.

"DADDY!"

Donna's cries mingle with Harry's large cock throwing into her. Their bodies just meld together. Harry pulls almost all the way out of Donna and drives his huge cock inside of her with a couple more thrusts. His balls keep dancing against Donna's warm thighs the harder he pushes inside of her.

The Amazon against him grips Harry's cock hard and milks it in time with his thrusts. Harry holds Donna's round breasts and gives them a couple of squeezes.

"You like that. You like when I fuck you from behind. You like it when I grab your breasts. Your perfect breasts. They're just for Daddy to grab and touch, aren't they?"

"Yes," Donna murmurs. A small drool bubble comes out of her mouth. Harry jolts her back to life by touching them. "Sooo…good!"

Harry directs Donna's face towards the window where a figure not so discreetly steps back. He pounds Donna with her screams of pleasure encouraging him to go on to fill her up.

Cassie catches sight of Donna's face drenching in sweet. Her fingers experiment with what works well and what does not work well. She turns back to see the swinging breasts of Donna receiving attention from Harry. Cassie's lust only increases the more Harry pleasures Donna.

"Shoot your cum in my womb! Yes, Daddy, fuck your daughter. Put your baby batter in her fertile
womb! Knock me up with a daughter…so I can teach her when she's old enough what a really man is like."

Harry lifts Donna's legs into the air and drives inside of her from behind. The two combine with a series of powerful and potent thrusts. Harry groans and he can feel his balls about ready to tense. He stalls just enough for Donna to cum before shooting himself in.

The scent of sex coming from the pavilion almost knocks Cassie over. She cums just as much as Donna and Harry does. Her hand cups and squeezes her pussy. The juices coat her hand. Cassie throws her head back in a daze and keeps working herself to a pleasurable end.

"Yes, baby, it's so good," Harry groans when finishing up Donna with his cock. The last few blasts of cum saturate her pussy.

He pulls out of Donna and allows her to fall underneath the eyes of the goddesses. Harry puts a hand on his daughter's back and flashes a smile towards the direction of the window.

"Cassie, come in."

The doors swing open to allow the dazed looking woman to walk into the room. Harry raises to his feet and Cassie cannot keep her eyes off of his cock. It's still half hard and saturated with Donna's juices.

"So, do you like something you see?"

Something makes Cassie just nod. She feels like a puppet and her own sexual desires, her lust, manipulates the teenager. Cassie steps over. She realizes her pussy is out in the open. Harry leans down and kisses Cassie on the lips. Cassie grabs onto the back of her father's head and kisses him back.

The two engage in each other with a few more long kisses. Donna wraps her arms around Cassie and presses her tits into her back.

"Time for you to learn a very important lesson. One that's been seriously lacking in your education, Cassie."

Harry passes Cassie over to Donna. Donna reaches into her pussy and pulls out fingers containing juices. Donna places her clean hand onto Cassie's mouth and opens it. Donna slips her juice coated fingers into Cassie's mouth.

The teenager's eyes widen over from the taste. Then after a few seconds, she enjoys the taste. More enjoyment follows from Donna toying with all of the spots. Cassie's breasts come out and touch Donna's. They go nipple to nipple to each other when the two make out.

"Good, you're ready."

Donna motions for Cassie to move over. She moves over and climbs on top of Harry's lap. His hard cock pushes against her. A cock comes close to penetrating her for the very first time. Harry runs his nails down Cassie's body and tempts her. Her nipples stick out for Harry to bury his face in and suck on them.

"Do you want me inside you?" Harry asks.

"Yes!" Cassie breathes.
Harry backs off and lays Cassie down onto the cold stone. He climbs on top of her. The legs of the demi-goddess spread to take her father's divine cock. Harry lifts her leg up into the air. Cassie's glad she's in gymnastics and pretty flexible. Because, she is going to need all of the flexibility to take Harry's cock.

"Harry, please."

Donna leans over Cassie, grips her hair, and hisses in her ear, "Call him Daddy."

"Please, Daddy," Cassie amends to herself.

Another daughter comes close to succumbing to Harry's hard cock. He inches inside of Cassie's warm body. Her divine body rises up and down to meet Harry. He pierces Cassie with twelve inches of cock for the very first time. Her warm walls hug onto it.

Cassie purrs underneath Harry's touches and underneath his cock. He rises up and drops down onto Cassie. His throbbing balls strike her. She warms up and feels so much pleasure. Donna occasionally touches her alongside of Harry and drives her to the edge.

"Just let it go, honey," Harry breathes her.

Another tight pussy clamps on Harry. Her bare walls hold onto Harry's cock tight and hard. Harry slams himself into her and makes Cassie's stomach ripple so full of cock.

Donna grins when looking at her sister's glazed over eyes. "I bet you want some more of my cum, don't you? A pretty little mouth like yours is perfect for sucking cock and eating pussy."

Cassie tries to protest, but Donna stands up. She enjoys having a slight position of power over another person for the moment. Every time, she's with Diana and Harry, she's the personal bitch of both of them. Donna cannot count the number of times Harry and Diana spitfire her and fuck both of her holes, leaving her drooling and ready for more.

The youthfully flexible tongue of Cassie pushes deep inside of Donna and eats her pussy. She tastes the combining juices of Harry and Donna from a more directed source. Lust burns through her.

Harry drives his cock deep inside of Cassie's body. He slows down to allow Cassie to appreciate the pleasure. He runs his fingers down Cassie's lifted legs and kisses them. Harry leans in and suckles Cassie's toes while fucking her.

Cassie never thought she would enjoy someone playing with her feet until now. Her entire body raises up to meet Harry and coax him into her playing with her soft, succulent legs some more. Cassie rises up off of the bed and takes as much cock into her pussy as possible.

"You're going to cum," Harry informs her. "And I want you to cum. I want you to cum hard. Just let it go and feel it when I fill you up."

Each touch drives Cassie further over the edge. Harry rises up almost out of her body and then shoves himself down inside of her with a couple more thrusts. Harry's throbbing balls keep smacking Cassie on her thighs and drives her beyond insane with pleasure.

"Grab my ass and feel the back of my legs," Donna encourages her.

Cassie does as Donna asks and works over her older sister's ample backside while eating her. Those juices flow into Cassie. She slurps them up without any abandon.
Not as hard as her perfectly tight pussy slurps up Harry's encouraging cock. He pulls almost out and then shoves more of himself inside. Harry rises up and slaps her pussy with his balls. He darts deeper inside and holds himself at her gates before shoving inside of her.

She loses it and sucks Harry's cock into her warmth. Those big bloated balls keep dancing all of Cassie's soft thighs. She rises up to get more of Harry. Harry pushes deeper inside of her with a few more shoves. His balls rise up and drop down to touch her.

"Feels good, doesn't it?" Harry asks her. "Feels good...to cum for me."

Cassie cums all over Harry's meaty prick. He shoves it deep inside of her moist cavern and stretches her completely out. Harry plants himself deep inside of her and pulls almost all the way out of her. Their bodies connect together with a few more pushes.

Finally, Cassie lets it go one more time. She crushes her tight walls around Harry. Harry pulls out and plants more of himself inside of her. His balls slap down on her to leave their marks. Cassie breathes in and out the deeper Harry plows inside.

"Good, good," Harry breaths while caressing Cassie's leg. "You're almost there. We're almost there...your sister's about ready to cum all over her face."

A rush of cum coats Cassie's face. She inhales Donna's drippings where it almost choke her. The only thing keeping her going was Harry bringing new life into her. Donna pulls away from Cassie. Feminine juices paint Cassie's face with delicious stickiness. Donna leans in and cups Cassie before kissing her on the side of the face. She sucks Cassie's ear lobe, and then her face, following by her lips.

Each lovely yelp of pleasure makes Harry push himself deeper inside Cassie. His balls grow with their need to seed the inside of another nubile female. Soon, Harry spoils her for life with his cock. And soon she appreciates the feeling joining Harry in bonding.

"Daddy, please, more," Cassie breaths when Donna paints Cassie's face with salvia.

Harry tugs on Cassie's perky little nipples and drives her to further fits. Her tightening vice forms a seal around Harry's cock to drive it down. Their bodies mold together with Harry getting further and further. He ensures his bloated balls touch Cassie's thighs.

"I'm going to cum in you. But, you need to cum for me first. Can you do that?"

Cassie's legs spread apart for Harry to grab onto and shove himself into her. The combination of the two joining together with Harry's hands roaming endlessly over Cassie's body. Energy surrounds them from each thrust. Harry buries inside Cassie until the end.

The budding warrior cums one more time. Her slick juices coat Harry's cock and guide him deeper inside. They press faster and harder together. Cassie's nipples stick up at attention from Harry going inside of her.

In a blink of an eye later Harry drives himself in and cums inside. His thick cum spills into Cassie. The bonding process grinds to a close as Cassie is that much closer to Harry. She grips Harry's arm to encourage him to keep going in and to never stop fucking her.

"Daddy," Cassie purrs.

Harry pulls out of her to leave cum rushing out of her like a waterfall. Donna smiles and leans over to Cassie. She tugs Cassie's hair to return the younger girl to reality.
"And that was lesson number one."

End.

Next Chapter: 1/24/2018.
A world of darkness gives way to a world of bright light. Harry Potter sits in the middle of a room with soothing music surrounding him. He soaks in the calming blue atmosphere of the room. He sits on a soft bench with pillows surrounding him. Symbols cover the blue walls and resemble the symbol of the Deathly Hallows. Harry raises an eyebrow and the music relaxes him. Very few questions enter Harry's mind. Although the most pressing one continues to rear its ugly head.

Why was Harry here? And more importantly, why was he naked? Harry fails to get an answer to these questions. Perhaps, the owner of the soft set of footsteps approaching the door comes with answers for Harry Potter. Harry lifts an eyebrow and peers out the window for the person who is walking towards him.

"Harry Potter."

A woman, equally naked, slips into the room. Harry's eyes fall on her and she is gorgeous beyond all belief. Silky black hair hangs in a ponytail down the side of bare shoulder. Starling blue eyes shine bright. A face which appears to be carved out of stone with thick looking red looks flashing out in front of him. Her slender neck curves down. Two large melon sized breasts stand on her body, with a waist which curves out at the most enticing angle. Then those hips they stick out with a thick ass. Long legs water Harry's mouth and a perfectly bare pussy.

"Yes," Harry breaths.

His mouth is dryer than normal. The woman smiles and crosses the room. A single finger extends and touches Harry's shoulder. This gesture makes him stand up in attention. Not that this woman's body fails to do the job otherwise.

"You have tapped into more power than you ever realized. And soon, more of your gifts will be unlocked. You have done what few men dare to even dream about. You've united all three of the Deathly Hallows. And it allows you access to Death in its many forms. And it will give you strength in your life."

"So, you're...a goddess which represents....."

"Very astute," she says with a smile. "My name is Izanami. And it's a pleasure to meet you, Master of Death."

The woman runs her hand down Harry's body and wastes no time grabbing his cock. His thick, erect member sticks up. The soft, but skilled, manipulations cause all of the blood to rush out of Harry's hand. Izanami drags a tongue over her lips which makes Harry's cock shoot up a little bit more.

"I knew you would be gifted," Izanami breaths. "I just did not know how gifted you would be."

Izanami straddles Harry's waist and gives him a kiss. Harry reaches behind her and returns the kiss. It's unlike anything ever. Harry watches his entire life flash before him and more importantly, all of the attractive women in his life flash before him. Izanami's nails dig down Harry's face. The two lovers pull away with a small strand of salvia building between their mouths.
"We'll get to your collective soon enough," she comments. "Now, we need to bond as master and servant. And I'm not the only servant you will have. "But, I hope to be a memorable and enjoyable one."

Those juicy legs find their way around Harry's waist and squeezes him. Harry groans and decides to return the favor by touching her ass. His lips move over and start kissing her.

"You're too good to be true," Harry groans.

Izanami grins at him. "Oh, I'm good alright, and I'm very real."

Harry cups the underside of her breasts and squeezes them. The thick sacs of flesh give Harry a lot to work on them.

"I wish I could have my cock wrapped in these," Harry idly says.

"Your wish is my command."

Without any further argument, Izanami drops down to her knees. Her large breasts move out and wrap Harry's massive cock around them. The juicy tits engulf Harry and he groans when feeling the warm breasts push their way around him. Harry throws his head back with a slight groan. Izanami grins at him and wraps her breasts around him just a small bit more.

Now, Harry's twelve inch cock appears and disappears between Izanami's sensual chest mountains. The two round breasts suck Harry's cock in between them.

"That feels so good," Harry groans.

Harry grabs her breasts and then squeezes them. It becomes clear that thanks to his mastery of the Hallows, he's in control of her now. He pushes his massive cock between her gorgeous tits.

Izanami throws her head back. The others will be jealous when they realizes she has the first crack at him. However, she's just more proactive on this occasion. Harry lays some worship into her perfect tits. He drags his nails against them.

The warmth of Izanami makes Harry's balls throb with need and want. He keeps working himself to a fever between those succulent breasts. Every push drags Harry closer to the edge and closer to unleashing himself all over her.

"I can't help it!" Harry yells. I'm about ready to cum!"

"Cum all over my nice big tits!" Izanami yells at the top of her lungs. "CUM ALL OVER THEM!"

Harry pushes his cock in her valley. He fondles the juicy flesh when pulling all the way back and then slamming it deep inside of her breasts. Harry holds on for the ride. A few more twitches of his balls makes him nearly ready to explode and to lavish Izanami's perfect breasts with his love juices.

He loses it, all over the goddess's chest. Izanami throws her head back with a loud moan after Harry shoots his load all over her. A built up of thick cream paints her breasts.

"Delicious.

Izanami pulls back and then pulls up a breast. She shoves her tit into her mouth and cleans it of Harry's breasts. The Japanese goddess remains eye contact to Harry.

"Go over there," Harry tells her. "And get on your hands and knees so I can see your ass."
Izanami walks over. She swirls her hips around in the most alluring manner. Harry's cock stands up straight despite nutting all over Izanami's breasts. He moves over towards the goddess. Her skin is perfectly with blemishes and her hair smells heavenly. Harry reaches over and touches her sides.

"Take me in any way you want me," Izanami encourages him. "I've been waiting for this for an eternity."

Every touch Harry offers her only serves to rile Izanami up something fierce. Harry grips the underside of the woman's tit and releases him. Harry's massive cock pushes against the back of her leg. Izanami lifts a leg up on instinct and Harry grabs it before sliding down to touch her pussy.

"You're wet for me. You're a horny goddess."

"Yes, baby! I am! I need to be fucked. Feel this pussy?"

Harry indulges Izanami on her request. Her pussy calls for Harry. It calls to be touched and to be played with. Izanami throws her head back with a very intense moan.

The talented hands of the wizard run all over the back of her legs and then move to touch her chest. Izanami throws her head back and moans. One hand reaches between her thighs and strokes her pussy. The other hand moves up and down her body. It finds her ass and gives it a couple of solid spanks which drives the point of pleasure home inside of Izanami.

"Yes," Izanami breaths with pleasure flooding all over her body. "Yes, fuck me! Please, fuck me!"

Harry drives his fingers deep inside of her tight cunt for a few minutes and gets it nice and prepared for the end. Harry pulls back from her and positions himself. His cock slides in her with ease.

"Fuck, you're tight," Harry groans.

"Only as tight as you want me to me," she informs Harry. "Oh, yes, touch me all over. Put that big cock in my tight pussy and show me why you've mastered death!"

She cries out in pleasure the harder Harry throws himself into her. Those balls start to swell and slap against her. Harry explores every lovely curve of her body when slamming into her from behind. Harry pulls completely out of her body and then back into her.

The warmth of Izanami's pussy sucks Harry inside of her. Harry pulls all the way out and shoves his mighty cock inside of Izanami one more time. He stretches out the goddess with a few pumps of his cock. He throws himself into her. His fingers brush the underside of her nipples and makes her moan.

"Do that again!" she breathes.

Harry complies and pushes a finger deep inside of Izanami's tight hole. He fingers the woman's ass he fucks. The Master of Death and the Goddess indulge in each other. Harry plants his hard cock inside of her body. He runs his fingers down her body.
Her breasts receive a nice and eager round of massaging. Izanami throws herself back and takes more of Harry's cock inside of her. She gets close to reaching the edge of an orgasm. She tightens around him. Milking Harry until her orgasm hits.

Harry buries himself inside of her.

"Oh, it feels good to be inside of you when you're cumming," Harry breaths. "That's it! Cum for me. Oh, I like this tight warm pussy wrapped around my cock."

Harry plays with her breasts some more. Each touch strengthens Izanami's resolve to take more of Harry's thick cock inside of her tightening pussy. The groans continue the deeper he pushes inside of her. His thick balls repeat their slapping motions against the back of her thighs.

"You're so good," Harry tells her. "But, I want to see your face the next time you cum."

Izanami loses Harry's cock. He sits down on the bed in front of her. Izanami crawls over towards her and puts her hands on Harry's shoulders. The two exchange an extremely sensual kiss while Izanami pushes her legs around Harry. Her deliciously long legs wrap around Harry's chest.

Two hands gripping Izanami's lower back drive her down. Her breasts smack into Harry's face. They are now clean of Harry's cum he unloaded on them earlier. Now they bounce in Harry's face. Harry reaches and touches the underside of her breasts to make her moan.

Stars flash from behind Izanami's eyes from Harry grabbing the underside of her breasts. She rises up and drives down onto Harry. Twelve inches of amazingly thick prick parts her wet inner walls and stretches the woman. Harry touches her all over and makes her body prepare for another orgasm.

Those breasts dance in front of Harry. They are almost hypnotic, but only Harry can hold them and tame them. And he does so. He touches the underside of her breasts and dives face first. Harry attacks the tit flesh with great hunger and causes his Japanese goddess lover to throw her head back with a loud moan. Her tightening walls close around his big cock.

"MORE!" Izanami yells.

She bounces up and down to suck all of Harry's cock inside of her. She feels Harry's tension building. Izanami touches the back of her master's ear and leans down to whisper in it.

"I'm sure there will be more cum. Why don't you put that load inside of me? I want you to cum inside me, master. It would make me so happy."

Not as happy as if Harry would conjure tentacles out of mid-air and violate every other hole in her body as he fucks her, but Izanami suspects they should keep something in the bag for later. And Harry's hands keep rolling over her body and tempting the sultry goddess.

Her perfect body, much like an idol, arches back with perfection. Every touch makes Izanami quiver on the insides.

Harry mumbles through her tits. Izanami pushes the mountains of flesh deep into her masters face while hammering herself down onto him.

"Cum for me! Please!"

She cums for him and this is the door which needs to be opened for Harry. Harry digs his fingers deep into Izanami's lower back and shoves his big cock inside of her tight warm pussy. She closes
down on him and releases Harry's prick with a furious rise and a delicious fall. Her thighs slap onto him and take him inside of her.

Harry grabs Izanami and shoves more of his cock inside of her. He stretches out the goddess and makes her cum all over his big cock one more time before shooting his load inside of her.

Both lovers see stars. Izanami bites him on the neck and then throws back her head with moan. Harry throws himself up into her and fills her pussy with so much cum that it causes her stomach to swell. It's worth it for Harry to fill her with so much cum.

Harry indulges in her until his balls finally deflate and his cock finally softens. His face presses into her chest before he yanks away and looks into Izanami's eyes. They shine with affection for him and Harry smiles. She leans in and kisses Harry's lips. Hot fire passes between the lovers.

"See you soon, lover."

Harry rolls over in his own bedroom. The intenseness of that dream really causes his body to buzz. He reaches up and feels the bite mark on his neck.

'Well, that's my life.'

End.

A Strong Urge(Sara Lance from DC Legends of Tomorrow and Alex Danvers from Supergirl)

"So anyway, if you can believe it, I'm busy fighting those middle aged bandits who got their hands on future technology because of the time shift. And where is he? I'll tell you where he is. He's there, balls deep in Cleopatra!"

Three figures sit around in a steam room with amused expressions on their face. The first of which is Harry Potter, who dresses in a nice green robe and nothing else. The second is Sara Lance in a white robe which does little to conceal the very nice assets she holds. The other is Alex Danvers who favors a black robe which covers her body. All three of them break out into grins and laugh at the conclusion of that story.

"You would have done the same thing if you were in my position. And you were in her position later that night."

Sara gives Harry a mock look of indignation.

"That's not the point and you know it."

"Well, what about the time you went on those ship and I caught you with those female pirates?"

"I had to get close enough to grab onto their booty?"

Alex finally snaps back into the conversation and decides to contribute.

"By booty do you mean treasure or by booty do you mean...?"

She trails off as if catching herself. Sara just flashes a smile at the other woman. She looks quite fetching in the robe. Harry agrees by the way his eyes trace over the side of her body.

"All of the above really. Of course, I had to send them back to their own time, but only after we plundered their booty, didn't we?"

Harry just smiles knowingly at Sara. Some interesting times to be had by both of them and by the looks of things Alex thought so as well because she looks on with interest. Anyone who reads body language and Harry's at the top of this list, knows she wants to ask a question. Harry and Sara lock their gaze on Alex?

"So, when did the two of you meet?"

"We met when I was dead."
This kind of response ranks pretty low on the list of what Alex expects. She opens her mouth as if trying to formulate a response. Harry breaks out into a smile and puts a hand on Sara's knee.

"That always stops a conversation when you bring it up that way. Well, Sara...she died, and we met when I was walking the crossroads between life and death as I am to do. I have a tendency to run into females there when they die or they have a near death experience."

"Okay, what are you doing on the crossroads between life and death?"

"He's the Master of Death. And by Master of Death, I mean in the bondage way. Because, Death's this really cute goth chick."

This statement causes Alex to break out into one of the most evident sighs possible. It takes a while for her brain to comprehend what's going on and she still cannot believe it even some time later. Sara catches her thoughts and decides to frown.

"Your sister is an alien, your boss is a Martian, and you work with a lot of weird stuff. So why prey tell is the entire master of death thing weird? And for the record, I got better. And I was pulled out of the afterlife when Harry was giving me the ride of my life. I was this close to killing my sister for throwing me in that pit, but Harry talked me down from that one, thankfully."

Alex just blinks. There's a lot of it which is weird. There's a lot of about her life which is weird. She turns and feels a sharp pain which does not go unnoticed by either Harry or Sara.

"Sorry. It's just that I dinged my shoulder and my neck a lot harder than I thought I did."

Sara smiles and leans over to put a hand on Alex's inner thigh. Alex shifts a bit at Sara's very casual movement.

"You're in luck, girl. Harry has magical hands and he'll make you feel really good. Nice little neck massages and a shoulder massage, and you'll be good to go. If that's okay with Harry?"

"If it's okay with Alex?"

Alex just smiles and turns around to expose her neck to Harry. She slides the robe down just so slightly to allow him to get some access. Harry puts his hands on her neck and starts rubbing it. Instantly the warmth spreading from his fingers reaches down her spine and starts to relax Alex. Harry keeps rubbing her neck up and down to the point where Alex's mind wanders and she wonders what else Harry can do with those hands of hers.

The light moans coming from Alex causes a grin to come over Sara's face. She's not unaware of how much she's getting into the neck rub from Harry. His fingers manipulate the nerve endings to eliminate the pain and cause pleasure. Sara locks eyes with her companion and makes a motion as if she's pulling a fish in to a boat.

Pulling the front of Harry's robe open gives her access to his cock. While Alex's back turns to them, Sara grabs the base of his cock and starts pumping. Harry gives her the side eye and Sara just smiles while releasing Harry. She produces a small bottle and applies oil to the palm of her hand. She slides it down Harry's cock and works his muscles.

In her own dream land, Alex closes her eyes and allows Harry's fingers to start dancing down the back of her neck. Alex breaths in and breaths out when Harry keeps working her over.

"You okay?"
"Yes...but, I think the pain is spreading a bit further down my back."

"Well, maybe you should get that robe off and allow Harry to get to work."

Alex, completely ignorant to what action Sara performs to Harry behind her back, shucks her robe off the rest of the way. Every inch of her beautiful toned body comes in front of them. Sara licks her lips from behind while giving Harry's cock a nice pump.

Harry says nothing and instead he works his hands from her shoulders down her back. Alex leans back a little bit. She does not look behind her, otherwise Sara pumping Harry's cock will become completely obvious.

"Further down."

Alex turns on the bench and lays face down on it so Harry can maneuver his way down her back. Harry rotates his motions and keeps massaging Alex. He holds back the grunt coming from Sara manipulating the muscles in his cock as only she can. The talented and nymphomaniac assassin pumps him.

"Further!"

Alex yelps out as Harry works her lower back. Consciously, or maybe subconsciously, Alex spreads her legs for Harry. It just feels right with Harry's fingers moving down to caress her nude body. Oils come onto her body which causes pleasure to cascade down her muscles.

"My thighs are sore too come to think of it."

Sara cannot help and smile with an evil thought crossing her mind.

'Oh, you just wait, Ms. Danvers?'

Obliging the woman is the top of Harry's mind. He repeatedly and endlessly massages Alex's thighs just as Sara grabs his balls while pumping on his cock. Harry rubs between her and goes a bit further to test the depths she will allow him to go.

"Keep...going."

Alex, through a fog of pleasure, wants nothing more than to see the full extent of what his hands can do for her. A finger slips deep inside of her and this causes Alex to enter an entirely new world of pleasure which makes her question everything. No time to really react now to that as Harry works a finger deep inside of her pussy and then a second finger. A third finger adds and all pretext to what this really is is now dropped.

"She really did need the deep massage, didn't she, Harry?"

Sara straddles Harry's right leg and her robe is off completely. Harry takes the hand which does not finger Alex to give Sara's right breast a squeeze. He moves down to worship his companion's body. The ability to multitask hits Harry hard. She starts pumping his cock and just allows it to slap against her toned stomach.

"We're almost done, aren't we, Alex?"

"YES!"

She lets out the scream with Harry going in deep inside of her. Burning, primal pleasure hits Alex's
body with Harry fingers her into submission. She cannot believe how shamelessly she submits to Harry and his hands, his fingers, all of them dipping further down between her legs.

Sara teases Harry sliding into her before pulling back. She sinks down onto the ground and puts her mouth around Harry's cock. A loud suck follows with Sara taking Harry into the back of her throat in a way which is blatantly obvious. There's no way Alex is not going to pick up on what Sara's doing. Harry leans down and pushes his fingers against the back of Sara's head with another long and deep pump.

"Mmm!"

Alex collapses from the orgasm to end all orgasms. The second Harry pulls out of her, Sara springs up with Harry's hard cock dancing in the air and ready for attention. Harry's fingers cross the room and Sara captures them in her mouth. She sucks Alex's juices off of her fingers.

Alex turns around in a daze just to see Sara naked and Harry naked. Harry's cock is out and she cannot keep her eyes off of it. It's so big and thick and throbbing, ready for her. She turns her attention to Sara's beautiful body as well which each inch of it more stunning then the last.

Sara turns around and grins at Alex. She leans over and kisses Alex on the mouth. Alex wraps her hand around Sara's head and tastes the sweet juices which just ran out of her.

"You know you like something that you see. And you know you want Harry's cock. No woman can resist it."

"But, it's...I'm..."

Alex's protests fade into oblivion when she looks at Harry's cock. The dark thoughts entering her mind make only one thing very obvious. She wants some of that, she needs some of that. Her pussy burns for it.

"No different from any other woman. You see, it's unfair to compare Harry to other men because he's different. The right one hasn't caught your fancy yet."

Sara shifts behind Alex and feels up her body. Alex feels a bit anxious and also increasingly aroused. She never experiences a cock inside of her body just yet and now Alex lusts for the very best. Sara feeling her up and kissing the back of her neck also increases her lust.

"Maybe you should show her how it's done?"

"A demonstration...yes, I think that will be great."

"No, I can...I can handle it."

"Oh, this tight little hole might be overwhelmed by such a big spear. Best to leave it to someone who knows what she's doing...or I can help you get loosened up a little bit."

A skilled finger slides into Alex's hole. She mewls at what Sara's doing to her. Harry and Sara both penetrate her holes tonight with their fingers and cause a fire to her. Sara fixes to stretch out her hole with a finger going deep inside of her. Her crotch rubs against Alex's backside teasingly.

Harry walks over to Alex and pinches her nipples. Alex cannot stand it anymore and she attacks Harry with a kiss.

"Good girl. Give into your impulses. It's unwise to hold up these pent up feelings."
Alex gives in and she likes it. Likes Harry's strong manly body over her. Maybe she is bisexual, but more inclined towards women. Just the right men. Sara and Harry hit her buttons, although in different ways.

The man can kiss and can really rile Alex up. His hands skim her tight body and make her feel good. The fact they're barely just getting started makes things good.

"Are you willing to try his cock?"

Sara lets Alex go and she backs Harry up against the wall. She feels Harry's hard cock pushing against her stomach.

"Yes! I'm ready for him! I want him! I need him."

Harry puts a hand on the small of Alex's back and something shoots down her body. Sweat and not because of the steam either. She jumps Harry and wraps her legs around him. His cock closes in on her pussy. The closer it goes, the more Alex tingles into it.

Finally, the last remaining barrier breaks and Harry enters her. His cock is inside of her, pumping inside of her pussy and going deeper than Alex ever knows. She opens up and takes his cock deep inside of her.

Sara smiles, at Harry very generously giving Alex momentary control to get her comfortable with him. She sits down to enjoy the show and enjoy Alex dropping herself down on Harry's cock. Harry holds his hand against her back and guides it all the way over her body.

Every ripple of Alex's tight, athletic body, calls to Harry. Their skin touches together with Harry grabbing her firm breasts between them and squeezing it. He starts massaging them and it results in Alex throwing her head back. She just bounces on his cock.

"Girl, you're a natural. You'll fit in nicely, about as nicely as Harry fits in with you."

The double meaning of Sara's words cause Alex to just ride Harry with more determination. Her tight walls close in on Harry's hard cock. She wants to milk a load out of those balls.

Harry's restraint hits when he fills Alex with his cock. It may not take much to get him to burst after Sara's handjob and blowjob got cut short earlier. Still, he holds on for the ride and puts Alex down onto his cock. The beautiful woman keeps riding and keeps bouncing.

The benches in the room shift so Harry can lay down on them. He watches as Alex sinks down onto his cock. She bites down on her lip hard.

"No holding back from you!"

Sara joins them and grabs Alex's jaw. She kisses her with force and fierceness. The aggressive kiss sparks something into Alex and she screams out in pleasure.

"Oh, fuck! I want your cock so bad! Why do you have to do this to me? I'm supposed to be into girls, and you're making me a slut for your cock!"

Alex's very unconventional, and likely Tumblr unfriendly, dirty talk, causes Harry to push up deeper into her. He feels the tightening of Alex's snug pussy around his throbbing cock. She keeps bouncing up and down.

"It's a gift I have."
"You aren't the first who Harry subverted."

Not exactly the word Alex thinks of using, but she'll allow it. And speaking of allowing things, her body allows an orgasm several times stronger than anything she's ever felt in her life. She pushes Harry deep into her body and releases him nice and hard.

Harry fills her up all of the way. Alex's lust further burns when she watches Sara slide her fingers between her legs. The honey catches on Sara's fingers. Alex bends down to taste Sara's pussy juices and this just gets harder.

"Alex, I'm getting close."

Those magic words hit Alex and she just squeezes him even harder. She can feel her own orgasm hitting once again and rocking every fiber of her body.

"You did want to be a mother, didn't you? Well, it looks like Harry's going to make your dreams come true."

"Knock me up with your child! Make me a Mommy the old fashioned way!"

Alex keeps dropping down onto her. Harry's really big balls show how much seed he has to fertilize her and likely a dozen other women as well.

The warmth and the very powerful magic hits Alex completely on. She takes Harry deep inside of her body. Her desire finally is going to be reached with Harry repeatedly driving his cock inside of her. His balls dance ever so closer to their end and prepare to shoot that warm seed into Alex's waiting womb.

Sara smiles as she watches Harry perform a spell to make sure Alex's body ovulates to give her what she wants. Harry spears his cock inside of her pussy and injects his cum into her womb. Alex keeps bouncing and clutching on him to make sure the life bringing fluids knock her up.

Alex feels herself positively glow with Harry's fertile cum injecting her womb. She pulls away from Harry with a goofy smile on her face.

"So, do you think that Harry knocked me up?"

A small smile passes with Sara moving over and brushes a finger down Alex's belly before giving her a kiss.

"I know he did. I saw him perform the spell. Master of Death has many perks. One is being able to pick or choose whether or not he impregnates his partners. There are no accidents, it's all calculated."

"So, do the two of you..."

"One daughter, Lily Laurel Potter. She's visiting with her godmother, Thea, right now. But, never mind that."

She turns around with a smile on Harry. Lust burns through Sara's eyes when she moves over. She turns to sit on Harry's lap so a recovering Alex can see her. She winks at Alex before spearing herself down on Harry's cock which brings itself back to life of seconds.

"Just wait until I tell Kara the news she'll be an aunt."
Sara smiles when bringing herself down onto Harry. She'll get to Kara at another date. She's busy moping around about whatshisface now, which Sara seems is unfair. The idiot didn't impress Sara from what she heard and Kara deserves so much better. Harry likely is able to snap her out of that, but right now, Sara feels like it's important to have some fun with Harry.

Granted, Harry and Sara already slept with about eight versions of Kara Zor-El, along with two clones, already, but what's one more?

'One problem at a time.'

The bouncing of Sara's beautiful body on his lap causes Harry to twitch into her. He feels up Sara's curves, even more beautiful after she had their daughter, and pumps his way deeper into her body. Harry enjoys his indulgence on Sara and feels her body up.

Alex enjoys the show and also watches Sara's face when she rides Harry's cock with an old pro. The thought of her baby, put there by Harry, growing inside of her, makes her smile. Harry's going to be a part of the family and she will introduce Kara to him soon enough.

And more importantly, his twelve inch cock, which Kara desperately needs right now. Alex smiles, she's such a loving older sister.

"Oh, babe! I like it! I like how you stretch me out like nothing else! Keep jamming your big cock inside of me! I want to feel it in me, stretching me!"

"I swear, you were built for sex."

"No, I just have a healthy appetite. Sex makes the world go around. And makes everything so much better!"

Sara bottoms out on Harry's cock the deeper it pushes into her body. She motions for Alex to come over and Alex crawls over. She kisses Sara and then kisses Harry over Sara's shoulder. Their bodies all join together in this lovely romp, with Harry reaching around and feeling up both of his partners in this three day dance.

Harry goes into Sara pretty deeply. He shifts out and pokes his cock at her entrance. He jams into her which causes Sara to let out a cry of passion and energy. The juices trickling down Sara's body show how evident her arousal.

"You really got to have two, you know?"

A squeeze of Sara's nipple causes her to look at Alex with a very smoky gaze. One sentence comes from her.

"Maybe...later!"

She rams down onto Harry's hard cock and fills her up with so much Sara thinks she's going to split in half. The last thing she wants to do is steal Alex's thunder.

Bottoming out on Harry's cock sends Sara into a fit of pleasure. Alex pulls away from them and watches both of them with a smile on her face. Harry crams deep into her about ready to lose it and lose it very well.

His cock bubbles to the surface and starts to spurt cum out of it. Sara holds onto Harry and takes a huge load inside of her body. Harry fills up her pussy with his cock and makes Sara cream all over him. Their juices intermingle together with Harry finishing into her.
Not even a moments rest, before Harry finds Alex's mouth on his cock and she sucks it without any hesitation.

"You really are such a shitty lesbian."

Sara's teasing tone causes Alex to give her such a mock glare. She releases her mouth from Harry's cock.

"No, I'm a brilliant bisexual."

"Better update your status then."

Alex rolls her eyes and goes back to sucking Harry's cock. Sara joins her and both of the lovely ladies give Harry's loins a good working over with more fun on the way.

End.

This part of town is not one of the more appealing ones for a sixteen year old girl. She wears a black leather jacket, a midriff bearing top which stretches tight against her chest, and a pair of tight leather pants which appear to be painted on. The girl's vibrant red hair is a contrast to her beautiful pale skin. Two vibrant green eyes flash back. The woman is fit, a very evident pinnacle.

And Carin Taylor finds herself standing outside of the door of one of the most eccentric billionaire inventors in this part of the world. With a problem, she only can hope he can help with. Carin lifts a hand and wonders if Harry Potter can help her. People call him crazy and some call his inventions so out of this world they might be magic.

Yet, Carin's all out of options, and she knocks on the door. The door opens and Harry Potter opens the door. He wears only a pair of pants when he opens the door and stands shirtless. This causes Carin's eyes to fall on his muscular arms and chest. She tries to focus, but it's hard.

"Ms. Taylor, what a pleasant surprise," Harry comments as if he does not stand before her shirtless. "Why don't you come in and have a seat?"

Carin steps into the room and slips off the leather jacket to drop it down on the ground. She drops down on the chair.

"I have a problem," Carin tells her. "A serious problem, it's just that I'm out there, and I can't seem to focus on everything. My mind's used to processing all of these thoughts because of my speed. And there's some kind of, I don't know some kind of….."

She struggles to find the right words. The brilliant and quite handsome scientist is able to point it out.

"Logjam?" Harry finishes for her.

A nod signifies her agreement with that word. "Yeah, there's some kind of logjam or something. It's like all of my thoughts come in at once. I nearly…well I nearly got hurt out there."

"Well, there's many reasons for this," Harry tells her. "Are you easily distracted by attractive people around you?"

"Kind of, I guess," Carin agrees with him. "I mean, I guess there are times where my mind is somewhere else other than it should be."

"Do you think about being with them in a sexual way?" Harry asks her.

She goes a little bit red for a second. Carin almost stands up, but Harry just gives her a stern look. This makes her sit back down as suddenly as she rises up. A couple of deep breaths come from her. She takes a few seconds and nods in response.

"And there's this weird dream I've been having," Carin tells her. "There's this guy who pulls me in the room. I struggle, but…he overwhelms me. And then makes me feel really good. He pushes me against the wall and he pulls out…well anyway he….."
"Fucks you against the wall until you cum," Harry tells her.

"Yeah, I guess that covers it," Carin agrees, gaining a bit bolder. "He shoves me down after that and shoves his cock into my mouth. It's too big to fit, but I can't stop trying. He chokes me out with his cock and then, he drag me across the room and throws me down on the table before fucking me right there. And he leaves me in a pool of my own juices and that's when I wake up."

Harry nods and makes a couple of notes. His fingers reach up to grab Carin's wrist and get her attention in any way possible.

"Describe this man for me."

This is where Carin gets very embarrassed. She throws her head back.

"Um, he has dark hair, green eyes, well built like a Greek God. He's handsome, and he's the type of guy that you could just run your fingers over for hours. And he can keep going. It's like… it's like… well come to think of it, he has a scar just like yours."

"You're going to have to be more specific," Harry tells her.

"The lightning bolt," Carin confirms for him. "He has a scar that looks like that. He has a scar that looks just like that."

"I see."

The next thing Carin knows, Harry pulls her off of the chair. His strong arms engulf her and then Harry leans in to dominate her with a kiss. For a second, Carin pushes away. Everything in fantasy starts to rear as Harry reaches behind her and grabs her bubbly bum from behind.

His tongue shoves deep into Carin's mouth and he pushes her through the open door into the lab. Carin squirms underneath, but the more she struggles, the harder Harry persists in feeling up her body. And it excites her to feel these strong hands working her over.

"It's obvious what we must do."

Harry plants a couple of kisses on the side of Carin's neck and then bites her ear. It makes her moan from the touches coming from him. He runs his finger down her flat belly.

"We're going to have to make your dreams a reality. That's the only way you can get any kind of focus."

He grabs Carin's jaw and gives her a very rough kiss. Carin enjoys it, enjoys a man taking charge and enjoys having her body taken over. Harry kisses the side of her neck and bites down on it. The speedster's toes curl in her boots when Harry keeps kissing her.

A hand brushes against her flat stomach. Harry tears the crotch of her leather pants and pulls them off. Her panties fly off and exposes her wet, bare cunt for Harry.

"A nice wet pussy shows how sexually pent up you are. You're dripping, Carin. When's the last time you've had sex?"

"I…don't remember," Carin breaths. "Maybe never."

She can't think straight due to Harry shoving his fingers inside of her pussy against the wall. Three fingers work their way inside her tight pussy. Carin throws her hips back against Harry's hand.
Harry palms it and makes her breath heavily.

Carin's breasts strain against her top. Harry leans in with a smile. The girl's lust builds up to a fever pitch the deeper Harry rams his fingers inside of her and then rips her top off. Harry grabs her chest and molests her juicy tits.

"OOOH, GOD!" Carin groans.

She's being completely attacked from all sides, and being taken advantage of by this older man. And Carin loves it. Weeks, maybe months of dreams finally comes forward.

"You have a nice tight pussy. It just demands to be fucked."

Harry's cock comes out of his pants. It's nice, long, and thick, and just by looking at it, it makes Carin's thighs spring apart to take it. Harry rams her into the wall and then shoves his big hard cock inside of her tight little pussy.

Carin clamps down on Harry hard. Her pale skin coats with sweat. Carin's hands pin back behind her head the deeper Harry rams himself into her body. Carin takes Harry's long cock inside of her with repeated pushes.

"OOOH, YES!" Carin shouts at the top of her lungs. "MORE! GIVE ME MORE! FUCK ME HARD!"

"Oh, you're a naughty bitch," Harry groans.

The teenager's body belongs to the older gentleman. Harry plants his thick cock deep inside of her tight, sixteen-year-old, pussy. Each push drives him further into her. His hands touch her body and Carin leans into the wall. Harry holds himself against her and squeezes her ass.

Carin's eyes flash over with lust. It is just so great to feel Harry's big cock driving inside of her at repeated and never ending thrusts. Harry pulls completely back out and teases her. Then, he pushes inside of her.

Carin's pussy is perfectly tight and the friction it gives is very perfect as well. Harry slides into her and can feel her walls clenching him. He guides the orgasms through her young body and overwhelm her young body with inexperienced emotions.

"Mmm," Harry breaths. "You're so fucking hot. I should keep you around.

The sorcerer pushes deep inside of her. Carin breathes in and then throws her head back. Light moans fire from the girl before one of the greatest orgasms ever fills her. Her pussy juices coat Harry's massvie rode when he shoves it inside of her.

Harry holds her leg up for more leverage. The milky flesh molds underneath Harry's hand. He spears Carin so hard the impact causes her large breasts to jiggle. Harry pulls out of her and then drives inside of her. A repeated amount of thrusts drive Carin to the edge.

Carin cums all over Harry's cock one more time. His balls push against her. Any thought of protection fly out the window to good old fashion animalistic lust. Both lovers pump themselves against each other. Harry drives in and then the end hits for them.

Two large balls expand and fire inside of Carin. Carin holds onto Harry and runs over his muscular body with grabby hands. His cum fires inside of her and starts to seed her. Carin throws her hips back up to take more of Harry's throbbing cock inside of her tight box.
Harry pulls out of the speedster and leaves her to drip with his cum. Carin holds herself up against the wall with a smile on her face.

"And then I forced you to your knees, correct?"

Rhetorical question is obvious and Harry shoves Carin to her knees before him. She opens her mouth and sees Harry's cock hardening again. It pushes against the entrance of her tiny mouth. Carin's eyes widen as do her lips and instinctively start to allow Harry inside of her.

Harry grabs Carin's flaming locks and shoves more of his cock into her mouth. His monster cock slowly, but surely, invades the girls tiny and tight mouth. Harry keeps ahold of her and pulls back from Carin. His massive cock head brushes against her lips and makes her throw back towards him.

"Take my cock like you always were meant to."

Carin opens wide for the very big surprise. Harry's cock pushes into her lips and stuffs her throat. Carin gags. Instinctively, her hands run down her thighs at hyper-speed and rub her clit. Harry holds the back of her head and forcefully drives his cock into her.

Harry smells the fact this teenage minx enjoys his cock being rammed into her mouth. Harry rans deep inside of her mouth.

"Oh, that's it, you underage whore," Harry groans. "You've been dreaming about taking my experienced cock inside of your little inexperienced mouth. Why would you think you can handle such a big cock?"

Carin puts a hand against Harry's base and starts rubbing him. Harry pulls himself in and out of it. The teenage dream on her knees takes more and more of Harry's cock. Sweat and tears roll down her face the deeper Harry pushes his cock inside of her.

"Oh, you're going to get my cum, in your mouth," Harry tells her. "And you better swallow it. You better not waist a drop of it."

Those balls smack her square in the chin. Carin places a hand on Harry's ass and encourages him. She wants Harry to know how ready and willing she is.

Harry slams her mouth and then pulls back almost all the way. His balls give way and shoot cum inside of the mouth of his lover. Harry works up a steady speed and drains the content of balls.

A moment passes as Carin struggles to take all of his cum. Some of it oozes out of her mouth and covers her face. Harry leans down and picks up her panties off of the ground before dabbing her face.

"Messy, messy, girl."

Harry's hand wraps around her and Carin already feels his cock, hard once again, just pushing against her thigh. Harry shoves her panties into her mouth as a makeshift gag. She moans when Harry clears a table and pushes Carin onto it. Carin lays on her side and Harry lifts her leg up.

Twelve inches of meaty cock work its way inside of Carin Taylor. Harry rams himself into her tight pussy. His cock fills and empties her as she stretches out. The moment Harry pulls out of her, the implants inside her heal Carin. Only for Harry to take her re-tightened pussy all over again.

The set of cum-soaked panties in Carin's mouth muffle the sounds. Harry understands about as much. He runs down her body and grabs her nipples before pulling on them. Harry leans in and
puts his mouth around Carin's beautiful nipple and sucks it. The sweat coating her body gives an exotic taste.

"You're going to be much more focused no," Harry tells. "You've been thinking about my cock and what it can do for you for months. You're addicted now, aren't you?"

Carin nods her consent and moans harder. Harry takes her body in several different ways. She always comes back for more and squeezes on Harry's arm and his back to encourage him to keep going deeper.

The sex god pounds the pussy of the hyper-sexual teenage speedster underneath him. Harry rises up and slams his rod down into her body. Harry pulls out of her and leaves her to wither on the table underneath him.

The next thing Carin realizes, she's standing on her hands with Harry holding her up. Harry comes down onto her pussy and spears it when she does a hand stand. Her tightening walls grip Harry. Harry reaches down to touch her. Some force holds Carin's hands to the table. Her legs pump in the air like riding a bicycle the deeper Harry drives inside of her.

"MMM, MMM!" Carin moans through the panties.

Harry holds onto her with a few more pumps. His throbbing cock opens the door for Carin to explode with a very intense orgasm. She does it again and again. Every time Harry gets into her, her pussy feels good. It's vibrating against him and making Harry push deep inside of her.

"Oh, I'm getting close," Harry breaths.

There's a small part of Carin who is relieved, because she is not sure how much more she can take. Harry's hard cock works her pussy over hard. She's feeling rather drained after being fucked. Now Harry presses her down on the table and is on top of her. He's smothering her body when fucking her.

Carin's legs snake around Harry. Harry leans in to attack her breasts and suck on her standing nipples. Carin comes up off of the table with Harry spending time mapping out a course. He commits to memory each spot which drives Carin completely insane with lust.

"This is it. Just a little bit longer."

Carin cums for Harry first and keeps coating him with her clear juices. Her snug walls squeezes his cock which is swollen with desire and the need to fill her completely up.

Finally, Harry drives himself into Carin. His balls unload a thick flood of cum inside of her. Carin clamps down onto him and takes every thrust into her tight and warm pussy.

Much like her dream, Carin is left in a puddle of her own juices and the juices of her lover. Only this time, instead of waking up with soaked bed sheets and clothes, Carin blacks out with a small smile on her face.

Harry pulls out of her and gently scoops her up before putting Carin in the guest room to rest. Then, he moves off to prepare plenty of food for her to recharge her energy.

Speedsters loved two things from Harry's experience. Lots of food and lots of sex, and he was happy to provide the lovely girl with both.
End.

Harry Potter pops into the fireplace of his house. After all of these years, he finally gets about as much of a hang of the Floo Network as anyone is going to get. Despite feeling a little bit sore, Harry feels pretty good about himself. He just returns from collecting a bounty of a particularly slippery devil. The Ministry always hates paying Harry the reward money for his captures. However, Harry's success rate is far higher than the entire Auror Department's beyond.

Being a freelance bounty hunter gives Harry far more freedom to do what he wants and to track down the criminals he wants as well. At one time, being an Auror sounds pretty attractive to Harry. Up until the point where Harry realizes all of the petty, useless criminals he has to track down.

"Hello, Daddy."

Harry turns to see the vision of beauty which was his daughter, Lily Luna Potter, standing next to the fireplace. She wears only a transparent nightgown which shows her sexy teenage body off to him. Harry drinks in the beautiful sight of his temptress of a daughter.

"Lily, what are you doing up?" Harry asks.

Lily moves over and Harry finds his eyes drawn to her swaying and bouncing breasts. They tantalize him and stick out for Harry to touch. He tries to resist the sweet temptation of those amazing, delicious breasts. It's hard for Harry to resist though no matter how hard he tries.

"I can't go to bed without getting my good night kiss," Lily tells him.

The gap closes for Lily to throw her arms around Harry's neck. The cinnamon scent passing coming from her hair makes Harry smile and he tastes her lips. They taste of the sweetest sin. Harry kisses his beloved daughter. Her lips nibble and tongue dances across his mouth.

Harry wraps an arm tighter and reaches behind Lily's back. Her lower back receives a light massage from Harry's fingers. Lily deepens the kiss and runs her nails down her father's biceps.

"Mmm, Daddy, you're so strong," Lily purrs in Harry's ear. "I want you to show me what a true man does to a woman. Remind me again!"

Harry scoops Lily off of the ground and she giggles. He marches her up the steps towards the master bedroom. Lily's intoxicating scent hardens Harry in his pants. He wants nothing better than to take his cock and drive it into her until she cums for him and he cums inside of her.

The moment Lily settles onto the bed, her night dress flips over. Two delicious D-Cup breasts shine in the moonlight, with perky nipple nipples. They are large, firm, and round, and ready for Harry to touch them. Harry touches Lily's orbs.

Harry pushes his face into his daughter's chest. He motorboards Lily which causes her to moan out in pleasure.

"Daddy, no other boy compares to how happy you make me feel!" Lily cheers him. "Oh, suck my nice round titties..oh it feels so good to have them in your mouth baby!"
Harry squeezes Lily's chest and makes his baby girl whimper. His shirt comes undone and Lily longs to reach up to run her hands over Harry's muscular chest. She eyes his crotch and drools with the size which is about to burst through her father's pants.

"Baby, you're so hot it should be illegal," Harry breaths and kisses Lily's moist lips one more time.

"Mmm, Daddy," Lily breaths. "The first time you fucked me, it was kind of illegal. But, I didn't mind...I loved how your big cock speared into my tight little virgin pussy. You hammered me all night long. Then you took my jailbait ass and made it yours!"

Harry's cock throbs at Lily's sinful reminder of how he took her one time in the night. To be fair, as a wise man once said, if there's grass on the field, then it's time to play ball.

"It made me feel so good! I want you to feel good as well."

Lily flips her father over onto the bed. She's grateful he allows her to do this. Lily climbs on top of him and undoes his pants. She pulls him down and sees the tent pitching in his pants. Lily grins when looking at the tent and kisses him through the front of his pants.

Harry groans as her precious daughter tortures him with her warm mouth through his pants. Lily's green eyes stare at him and she peals the cock out of its. Lily molds his cock like a sculpture working with a piece of clay. Harry shifts underneath Lily the more she tugs on him.

The more Lily works on Harry, the better everything feels. A tongue keeps sliding over Harry's cock head.

"I like your cock, Daddy," Lily breaths. "I bet Rose or Tori or any of my other cousins like your cock when you deflowered them as well. Didn't they? But, I'm sure you showed them why nothing else compares."

Lily pumps Harry's cock up and down. The teenage temptress keeps using her fist as a constant piston when sliding down onto him.

"Such a bad Daddy, taking advantage of poor impressionable teenagers. They never had a chance against you. The moment they see your big cock, they turn into jelly, don't they?"

She keeps pumping Harry and fondling his balls. Lily's eyes shine bright with a small glint and her lips pop together constantly.

"I want to ride you, Daddy!" Lily cries.

Harry watches Lily mount him and his cock slide against her slick opening. The first few inches slide inside of Lily. Her breasts jiggle when her pussy slides against her. Her strawberry blonde hair forms a curtain around her face. One seductive green eye locks perfectly onto Harry.

The wizard holds Lily into place and guides her wet pussy down onto his massive cock. The first couple inches of cock slide their way into Lily's tight pussy and make her scream out loud. The massive cock edges Lily down onto him. She moves around with her head whipping back.

"Damn it, Lils! Your pussy feels so good!"

Lily throws herself up and down on her Daddy's massive rod. She feels so good to have it slam into her. Every time Harry's cock enters her body, it feels like he takes Lily's virginity like he did years ago. She runs her nails down her father's muscular chest and smiles.
The feeling of the tight teenage pussy wrapping around his big cock is a sight to see. Harry watches Lily rise up and drop all the way down onto him. His fingers touch Lily's chest and squeeze it. Lily throws her head back and moans in pleasure.

"Fuck!"

Lily throws her head back and then keeps driving her pussy down onto Harry's hard cock. She receives Harry's tender fingers stroking against the sides of her feet and making her moan even louder. Lily smacks her warm pussy down on her father's invading rod.

"Daddy, Daddy, oh fuck, Daddy!"

"Cum for me, baby girl," Harry breathes.

The sound of her father's sexy voice sets off a chain reaction in Lily. She spills all over Harry's big cock and keeps riding him. She slams her wet pussy down. Her ass grinds against Harry's balls which start to fill up and make Lily's lust for her Daddy's rod increase. She throws her head back and plays with her engorged tits with a moan passing through her body.

Harry lays back on the bed and moves his hips up to meet Lily's descending form. The two lovers match each other on the bed. Harry grips Lily's chest and makes her cum all over him one more time.

Lily starts to lose some steam despite her best efforts. Several orgasms hit her, one after another. Lily hangs on wanting to ride Harry's big cock.

"Getting tired, Princess?" Harry asks. "You know, Rose can ride this a lot longer than you can."

This causes Lily's teeth to grit and she has a second burst of wind. Lily brings Harry's huge cock inside of her moist pussy and drops down onto him.

A constant and never ending workout with Lily driving her pussy down onto his hard cock makes Harry's cum bubble to the surface. His daughter's beautiful body ascending and descending on his hard cock inspires Harry to push himself to the brink and push himself deeper inside of Lily.

Lily cums harder than ever before. She's long since past words and only delves into the deepest moans and screams. She keeps running her wet walls down Harry's pole and releases him from her.

She leans forward a little bit and Harry takes two handfuls of his daughter's ample breasts. The nice large breasts feel warm and delicious in Harry's hand. Lily's eyes widen with lust the harder Harry works them into her.

"Oh, I'm getting close," Harry breaths.

"Me too, Daddy!"

Father and Daughter work with each other in a very practiced rhythm. Harry drives his thick cock further into Lily's warm pussy. She grips him and then releases her womanly juices all over the bed and all over his cock.

Harry holds his daughter closer and slams his cock into her. The monster between Harry's legs works its way into Lily's clenching core. She moans louder the closer Harry gets. The lust burning through his darling daughter's eyes only serves to push Harry deeper inside of Lily.

Everything reaches the end sooner rather than later and the end is Harry releasing his cum deep
inside of Lily. Lily throws her head back and screams in pleasure from Harry planting his thick seed inside of her body.

Rope after rope of sticky, warm seed, floods Lily's pussy. She keeps rising up and ensuring her pussy remains tight around Harry. She drains him and the rush of cum going into her body makes Lily's excitement only hit a fever pitch.

Seconds later, Lily pulls away from Harry and gets on her hands and knees. One look at Lily's tight asshole as she bends down on the bed sends Harry's cock to full alert.

A warm rush of oil coats Lily's asshole and the tip of Harry's cock. His fingers manipulate her warm asshole.

"Oh, Daddy, last time we did this, I wasn't able to sit straight for a week," Lily murmurs.

Harry grins evilly against is daughter and plants kisses down against the back of her neck. He positions Lily where she presses on the bed but her ass sticks up and ready for Harry's cock to be penetrated.

"I know, Princess. Doesn't it excite you!"

"YES!"

The thought of her Daddy's hard cock working into her asshole and pounding her from behind titillates Lily. She enjoys the feeling of his hands rubbing and squeezing her ass in a way where only Harry can. She throws her head back and Harry leans in to plant some kisses down on her until putting the tip against her ass.

Harry soaks in the feeling of Lily's tight ass slowly working against his hard cock. The wizard pushes his cock deep inside of her. His balls start rubbing against her pussy the further Harry pulls out and then drives his massive cock deep inside of Lily's bowels.

"SO GOOD!" Lily screams.

She melts underneath Harry's touch and the cock shoving deep inside of her ass. Harry rises out of her and then shoves more of his cock inside of her tightening asshole. Harry leans back and then pushes further inside of her. His balls keep slapping against her the further Harry pushes.

The warm asshole grips Harry and releases him. Lily's nice tight anal muscles form a tight seal around Harry's cock. His roaming hands touch Lily's body and come up just in time to smack Lily's perfect ass. A whimper of delight comes from her. Harry spanks her again and excites the woman underneath him.

His constant thrusting drives Harry balls deep into Lily's tightening ass. He pulls out of her and then shoves more of himself into her. He pushes his fingers between her legs and smiles.

"Dirty little girl, you're cumming again. Do you like my big cock in your teenage ass? I bet most boys your age wouldn't know what to do with an ass like this, would they?"

"No, they wouldn't! They wouldn't know the right spots to touch. Oh! They wouldn't know how to make me feel so good! Make your little slut princess feel good!"

Harry drives his cock into Lily's tightening asshole. Her face presses down into the bed and occasionally springs up to give a scream of delight. Harry punishes Lily from behind. His big balls slap against Lily and show her how much cum he has for her.
"I have enough to go all night long," Harry tells her. "I'm going to take this ass... no man can master this ass, can I? Fuck, Lils! You're cumming again, you filthy little slut daughter!"

Lily's eyes widen as she smiles.

"Yes, I'm Daddy's little slut," Lily says in a breathy little girl voice.

This makes Harry throb and only encourage him to take Lily's ass to slam town even harder. He pushes deeper into the warm asshole. Harry pulls as far as possible and dances his swollen cock head against her warm anal passage. He buries inside of her again.

Lily's entire body flares up in delight. She cannot register how much this feels good to have a real man taking her in every possible way on the bed. Two large throbbing balls continue to dance against Lily's ass the further and faster Harry drives down inside of her. He pulls back and then drives into her.

She cums for him again. Harry runs his hands down Lily's back and then hits a spot on her neck Harry knows sets her off. This touch rewards Harry with a scream.

Harry lasts a long time in Lily's ass to make her cum, scream, and squirm. All good things, and this was a damn good thing, have to cum to an end. Harry gets his money's worth by planting his cock deeply into Lily's ass.

Lily's ass blisters from Harry's grabbing and spanking hands. It serves to get her off, and what gets her off even more as the thought.

"Cum for me," Lily pleads with him. "Make it flow through both holes! DADDY! CUM!"

Harry smiles as his beautiful slut daughter begs for him to cum. Repeating thrusts drive Harry's cock deep inside of her warm asshole. Harry pulls completely out of her and then drives into her one more time.

One more massive trust sets the chain reaction into place. Lily cums all over the bed. Harry responds by shooting his cum into her warm asshole.

Harry throws himself deep into Lily. His balls churn and drain their fluids into Lily's tight asshole. He shoves deep inside of her and rams her until his balls keep unloading inside of her.

Lily collapses down onto the bed to become the recipient of the gift of her father's seed inside of her tight ass. Harry constantly unloads his semen inside of her tight little asshole with repeating thrusts until pulling completely away from her.

The aftermath of a good round of sex continues. Harry slides back and Lily pulls herself on the bed. She winces when her ass and the bubbling seed cumming out it comes down on the bed.

"Thanks, Daddy," Lily moans. "I love you."

"I love you too, Princess," Harry remarks.

Lily collapses on Harry's chest and drifts off to a good night's rest. Her hand squeezes Harry's thigh in her sleep when she drifts off to sleep.

---

End.
Two figures back off into the room. A beautiful brunette woman kisses a handsome dark-haired man on the lips. The only clothes the two wear are undergarments. The man dresses in a pair of black silk shorts which very scarcely hides what he offers, with the woman wearing a lacy purple bra, garter belt, stockings, and thong, the full set of lingerie. A shirt, pants, and a purple dress along with heels lay forgotten on the hotel room floor.

The gentleman, Harry Potter, kisses the woman's lips while also rubbing his hands all over her body. Paige Dineen responds by depending the kiss eagerly. His powerful frame pushes against her sensual one. Their lips, their tongues, their hands, move all over their bodies. They make it across the room and barely avoid knocking over a lamp.

Harry dances his fingers up the leg which crawls up his sides. Soft and covered with stockings, Paige most certainly brags of a nice set of legs. He uses his other hand to stroke her hair and causes a light moan to pass from her lips which still glue to his. Her mouth comes off of his after a moment.

"We did it."

"I know. And now we're doing this."

Another kiss follows with Harry knowing how much he sends this woman into a fit of pleasure. Moving his touch from the back of her leg all the way to her lower back most certainly sparks a primal need in her, it sparks a primal need in both of them. Harry pulls his tongue away from her mouth and then darts it back in. Another smack of lip upon lip action follows with Paige delving her tongue as deep in as possible. She goes as deep as it can go.

Harry lays back on the bed and allows her to get on top of him. Paige presses on his body and gives him an affection kiss on the side of his neck and then his ear. She sucks on Harry's neck while running her hands down his chest. She works one hand down his front and then moves down his body to reach the treasure she seeks.

At first, a tentative stroke follows with Paige nuzzling her face into Harry's shoulder. She pushes him a bit down on the bed while she moves on. Harry places a hand on the back of her neck.

"Go for it."

Paige removes the final piece of clothing on her and the instant she does, a marvel of manhood goes before her. She grasps the base with two of her fingers and leans on in.

Tonight's a night for her to let her hair down. Harry's more than willing to help her and he helps her in other ways too, in ways which she cannot even fully tell him. It makes her feel like a teenager again to be making out with this man, who is several years her junior. His exact age, well it's a cause of mystery. The only thing she gets out of Harry is that he can legally give consent and that's good enough for her.

Another long kiss follows with Paige rubbing her fingers against his rod. It grows and makes her even wetter. The feeling of Harry's hand creeping up her body adds excitement.
"You're ready for this, aren't you?"

She realizes how much she rubs against him in response to the arousal. Harry's fingers reach around and unclasp her bra. He sits up from the position the bed and takes one of Paige's breasts in hand. She can hardly believe the pleasure this touch brings her.

"You..."

Paige loses herself to thoughts of pleasure with Harry's mouth delving onto a nipple and sucking on it. A finger parts the back of Harry's head when he dives in to her breasts. She almost forgets about the cock in her hand given the pleasure Harry sucking on her nipples brings.

The reminder of something very hard and throbbing in her hand snaps Paige out of her thoughts. She positions herself with her panties sliding off. The stockings and garter belt remain in place, but she thinks it only adds to the allure of the situation. She guides Harry's manhood closer towards her needy slit.

Something this big never enters her body, but the overflow of lust visiting Paige makes her want to try. She wants to try and tame this beast and ride him all night long.

The sexy woman throwing herself over the edge to abandon with the amount of affection she gives him through caresses and kisses causes Harry to stand up even more. Her pussy lips slowly slip around his cock.

"Go for it. Oh, damn, your pussy is so tight."

"Mmm, it's because...it's been a long time."

Paige slides her wet pussy down onto Harry's hard rod which fills her up. Each inch of his cock slides into her wet and tight hole. The feeling of her box taking him in, slowly, but surely. This MILF really wants to ride and Harry wants to indulge her in this practice. He reaches up and then swipes one finger over her nipple.

"Ooooh!"

Harry stops the action of channeling just a small bit of magic over her nipple. Paige clamps her legs around his hips and arches herself back. She feels out her body, going over her breasts, down her stomach, and then to stroke her clit to give Harry a hell of a show. She rises and descends onto him with a slow moan coming from her.

She looks like an angel, and it's always those you may not expect who hold the deepest sexual desires. Paige rams her wet pussy around Harry's big cock. She fills up on him and then holds onto him. Paige really shows her vigor when slamming her wet box down onto Harry's massive rod. She moves up and descends down with the lust just building over her body.

The truth is, Paige cannot believe this happens, but she's most certainly not complaining about it. The depths Harry can get inside of her and the depths she pushes him inside of her both shock her. The shock to her system makes Paige just shake all over. Harry places his hands on her side and guides her even more.

She rides Harry for all of he's worth. No words come out of her mouth. Paige's lips pop together with the soft sounds of pleasure. Her handsome younger lover matches her motions and then at certain points thrusts a little harder than her. Paige never can measure when these thrusts happen, unfortunately.
All she knows is every single inch of her skin calls for the attention. Those hands create a discharge which Paige cannot even fully explain. It makes her body sing and makes her feel like a teenager, just craving what is to come next.

"I think...I'm close."

Paige manages these words in a soft voice. She realizes the arousal point hits her about as hard as humanly possible. Harry works his stiff rod into her slick center and almost pulls out before pushing into her again. Paige slaps her thighs down onto him.

"I know. Why don't you do it? Why don't you cum for me?"

Those words serve as a dinner bell to Paige. His hands do the rest of the work of pulling her over the edge. The pleasurable twitches start at the tips of her feet, which she realizes Harry's rubbing a hand over now that she positions just ride. It just explodes all over her body and makes her feel so warm and so good.

Finally, the release and the ride just rushes all over Paige. She drives down onto Harry and takes more of him inside of her then she thinks should be possible. Her pussy almost opens up like a gate which just needs a little oil to function. And Harry makes her rush like an overflow. He never once stops riding out the wave and she never stops riding him all the way through this orgasm.

The wet thighs smacking down at him at an accelerated rate make Harry feel really good. Another push causes his balls to swell. Paige tightens her grip on him and milks his rod.

"Good...you're so beautiful. I can watch you ride me all day...or just watch you at all."

Paige smiles and she shifts just enough to lean down. The two make out hotly and fast with Paige keeping a tight grip on Harry's cock. Harry tells from the look in her eyes that she wants to do everything possible to keep Harry at hand or at least between her legs.

Harry will not leave anyway. He works a finger down and flicks a spot on Paige's neck. She responds with a very deep moan with Harry filling her up and then almost sliding out before filling her again. Harry reaches down to play with a neglected part of the overall package, squeezing her ass and feeling it up.

A hand cups Paige's ass and a finger briefly teases her asshole. Confusion and wonder spread over Paige's eyes before she accepts what is going on with a soft moan.

"Oh, you kinky boy. Mommy likes."

The reminder of their age difference results in Harry pushing his manhood deep inside of her tight wet hole. Granted, it is more like an older sister-little brother type age difference, but why mess with something that gets him so hard? Harry pounds Paige so deep and so hard in her hole while also playing with another hole, he gets her going and wet again.

Paige raises up and balances her hands on Harry's chest. She rides him and takes more of his cock inside of her. His spear enters her body as another orgasm approaches.

At first, she isn't that sure about the anal play, but she admits, it has a certain spike. Harry's magical fingers make her consider the thought of trying to fit his cock back there.

Maybe not today, but maybe in the future, at least it's what Paige wants to think about. Paige pushes more of her tight box around Harry's big cock and rides him for everything she's work.
"Mmm, you really can go for a long time. Are you close?"

"Close enough. But, I want to feel you cum again."

Paige knows she works up to that point and she just keeps driving down more onto Harry in the process. His long rod spears her tight box and then pulls out of it. She teases the tip of it and rubs her clit against it to inflame her desires. She resumes the old position and drops down onto Harry. The rise and the fall drops her down onto Harry.

Closer, closer, Paige feels like she's about ready to reach the top of a roller coaster. Where the drop is very intense from the height she reaches. Her heart rate speeds up and palms cake with sweat. She grabs Harry's shoulder and rocks herself down onto his rod to fill up him. Her new drug, her new addiction, the man she knows can be there to scratch primal itches which she keeps under wraps, even to those closest to her.

Harry pushes up on the bed and keeps working his way into her. Flesh keeps smacking when Paige drives down. She can feel him tense up.

"I need you to do it inside me. Please. Don't pull out!"

Those words only cause Harry to fuck Paige even more vigorously. Her body descends down onto his cock in a repeating action. Paige screams out in pleasure. She takes the full cock inside and will not let go. She will not let go until the cum fires into her.

The two meet and everything stops shortly. Harry reaches up and grabs her before they aggressively kiss each other. Their passions inflaming by the mutual climax which is about to take place.

The first burst of warm cum makes Paige just clench down onto him hard. She tightens her legs around his body as well. His hand moves against her stocking clad leg and really grinds against it to make her orgasm intense. His other hand moves at a sudden blur, everywhere around her and Paige means everywhere.

Harry repeats his actions and spears into her. The tension releasing in his body sends his cum into her. The fact he makes her feel really good in the process with the pleasure he can bring causes him to just slam deep into her. Cum spills into Paige's womb.

Paige grabs onto Harry's shoulder and sinks down onto him to make sure not a single drop of cum is lost. Her wet thighs pounding down on Harry make him just enter her. He sees stars as does she from the amazing climax.

Then, the end happens. Paige drops down onto Harry's chest and the invader leaves her body, but leaves the results of what it does behind. She brushes strands of messy hair away from her face while pulling up. Their eyes lock into place.

"Thank you."

"The pleasure is all mine."

Paige almost rolls over off of him. Harry wraps an arm around her and pulls her closer towards him. Paige sizes when the two spoon against each other, in a position where Harry can take her again if he so pleases.

"I hope your friends enjoy the information I got them as well."
"They still don't know where you got it. All of the records were ash, and yet you got it to them pristine as ever."

"Well, we all have our secrets."

A gust of air on her ear sends another wave of passion through Paige. She's only a mortal woman and can take so much before she needs a rest. Still, Harry's able to relax her with his strong hands. Almost like magic, as cliché and corny as it may sound.

End.

Sealing the Bargain (Azula and Ty Lee)

So, as you may know, the real world Breeding Ground was regulated to the blog. So there will be exclusive chapters there from time to time. This time out, we return to the wild and wacky world of professional wrestling, where Harry goes one on one with the current (as of February 2018) WWE RAW Women's Champion Alexa Bliss. Check it out by heading to the Real World Breeding Ground archive link on my profile page and clicking on "All the Right Moods." Every single other Real World Breeding Ground chapters is there if you want to read it. Or if you seeing a fictional wizard boning real life women squicks you out, then don't.

And now onto your feature presentation.

Sealing the Bargain (Azula and Ty Lee from Avatar: the Last Airbender).

Harry sits across the room towards the elegantly dressed woman in front of him in red and her aide dressed in white. Princess Azula's hair pins back into a ponytail which flips down her back. A smile spreads over her face when she looks over the terms for the agreement Harry drew up for her.

"Hmm," Azula murmurs underneath her breath.

"So, do you find those terms agreeable, Princess?"

Azula nods in response. It is pretty much everything which is previously agreed upon and her emotions enter a state of intrigue of where this one is going to go.

"Well, Dragon, I would have to say these terms are quite agreeable. There's just one thing I am curious about. Ty Lee returned to me during your initial meeting and she would not shut up about your abilities."

This causes Ty Lee to shift over. Her legs cross over. Azula gives her a warning look and Ty Lee says absolutely nothing in response.

"I want to see if you are equipped as she says," Azula tells him.

"You mean you want to see…."

Azula reaches in and puts a hand on his lap. Her hand steadily slides up and rubs Harry through his pants. Harry maintains eye contact with the Princess despite feeling her fingers tenderly stroke his manhood through his pants.

"Well, I'm sure seeing is believing."

"Yes," she agrees. Another stroke runs down his pants. "I want to see the merchandise and I want to see if it's as advertised. So, let's get you out of those pants so I can get a closer look."

Azula tapers off as she already feels something large and throbbing pushing against her hand. Perhaps it is worthy as advertised. She pulls down Harry's pants to reveal the first few inches of his throbbing cock. Azula places her hand on the meaty stick and raises an eyebrow. She remains cool under fire despite him packing a very impressive piece of equipment underneath his shorts.
"So far, so good," she tells him. "But, there are many men out there who have large spears and don't have the technique to use them. Therefore, I'm going to have to see how good your technique is and how well your spear withstands….a structured attack."

Azula slides her hand from the tip of Harry's cock all the way down to the base and squeezes it. Harry stops her and pulls her arm away. He yanks Azula into a kiss. This particular gesture is one that very few men will have the balls to do. Harry not only kisses Azula, but also forces his way into her mouth. She puts a hand to his jaw and almost acts as if she forces him away. Then, Azula clamps her hand around Harry's cheek and kisses him harder. Those lips meet together with a hungry kiss.

A couple more strokes and a tug of his cock pushes it against her. Harry pulls away from Azula to leave her lips all puffy. Ty Lee shifts her legs over and watches, both awed and really turned on by someone getting the better of Azula, even in some small way.

"I've showed you mine. Now it's time to see yours."

Harry pulls open the buttons of the shirt and allows the very expensive garment to pool to the ground. Azula's ample chest fills up a lacy red bra. He moves down to comb a finger over her toned belly and then down between her legs. Harry's fingers work down her garment and leave Azula in a skimpy red pair of undergarments. They are made of the most elegant material and Harry cups her down between her legs.

"Perfect," Harry says. "You were saying something about testing the durability of a spear?"

A wicked smile goes over the face of Princess Azula. She turns around, hair flipping and locks eyes with Ty Lee. Her hand grips Harry at the base.

"Don't move," Azula warns Ty Lee. "Not until I tell you. Understand?"

Ty Lee confirms with a nod. Azula, with a smile, moves around and grabs Harry by his cock. The hard cock pushes down. Azula reaches down to grope Harry's balls and give them a hard squeeze. Azula comes down, lips snaking around Harry's head with a suck on the top of his head. She pulls away and then licks him from the face all the way to the balls and sucks on them.

A groan passes between Harry's lips. Azula's moist lips worship his balls and start sucking on them. Her hand moves up and down to pump his cock with a slow and sensual handsome in time with sucking on Harry's balls. Azula climbs up and worships Harry's hard cock. She keeps giving his cock the royal treatment and gets him nice and wet before slipping into her mouth.

Azula puts her hand on the underside of his cock. She pulls all the way off of Harry and takes him into her mouth. Azula coughs for only a second. She maintains the actions and the hard sucking on Harry.

Ty Lee observes Harry's hands guiding to the back of Azula's head. She keeps her hands pressing down upon her thighs. Ty Lee follows the order of Azula, knowing full well there will be consequences. Harry smiles over at Ty Lee, who returns the smile nervously.

Then, with Harry making eye contact with the silent observer, Harry rams his cock deeper into Azula's mouth and causes her to gag. Azula's nails rake Harry's leg to the point where they will draw blood on a normal person. Ty Lee bites down on her lip and keeps a scream from coming out of her.

Harry pulls his cock out of her mouth and shoves it deep inside of Azula's warm oral hole.
"I always knew you would have the perfect mouth for taking a real man's cock."

Azula says nothing in response. She just keeps sucking. The fact this stud among men does not succumb to the warm pleasures of her royal blowjob. Azula runs her fingers against Harry's balls and tugs on them. A couple of sucks bring him closer.

"Stop."

Azula, with regret, pulls herself up. Harry reaches in and takes the bra strap. Azula's round breasts pop up with perky nipples and they stand firm and round. Harry reaches down and slides her panties off. A small strip of dark hair lays between her. Harry grabs her and feels a lot of round flesh to grab on.

"You want my cock inside of you," Harry breaths.

"Yes," Azula tells him. "I'm going to fuck all of the cum out of you, and there's nothing you can do but sit there and take it like a good little dragon."

She coos in his ear and Harry just humors her. Azula climbs on Harry's lap and positions his cock towards her entrance. The first three inches of Harry's cock enters her. Azula rolls her fingers against Harry's shoulder and drops down onto him. His balls smack against her ass when Azula rises and drops onto him.

A new fire hits Azula and her breasts start to bounce. She throws her head back and moans.

Ty Lee's fingers tremble as she shifts the front of her komodo open. She sneaks a small caress of her breasts, a small swipe of her pussy, and a small flick of her clit. Like a little kid trying to sneak sweets before dinner, Ty Lee tries to see how much she can get away from.

"YES!" Azula moans. "You do know how to use this...oooh, I can't fucking believe how deep it is in me. I bet you'd give me such strong and beautiful daughters...with your cock and your cum!"

She tightens her grip around Harry's waist and keeps bouncing up and down. The formerly proud Princess succumbs to the spear which drops many women down to the ground. Harry tilts her back and kisses down her neck. Harry licks down her ear and then moves over to attack her breasts. His hands roam on her lower back and then Azula's ass. He's touching her all over and making her feel so good.

The snug tightness of Azula's perfect pussy wraps around Harry's long cock and makes him push up into her. His hips push up to meet her constantly. Her body is a wonderland Harry pushes.

"Does that feel good?" Harry asks with a squeeze of her breasts.

"Yes! Do it again! AGAIN!"

Azula's commanding tone entices Harry to do just that again. His cock swells the deeper he pushes into Azula's warm womanhood. He pushes up and down.

And Ty Lee chances a moment to slide her fingers into her tight pussy while Azula rides Harry's cock with no shame. And Ty Lee has about as much shame while furiously masturbating her own pussy. She slides those fingers in and out at a rapid fire rate. She hungrily keeps throwing her head back in stark relief. Her neck rolls back and around and more moans come out.

The two lovers meet with each other with the delightful smack of firm flesh crossing around the room. Azula's thighs keep smacking down onto Harry's balls. Harry pushes up and ensures that his
lover feels his cum.

"I demand your seed."

Harry grabs a hearty handful of Azula's perfect ass and drives her down onto his cock. She sees stars from cumming so hard. Another rise and another fall drives more pleasure through her loins. Azula moans and thrashes down onto him.

"One more time," Harry groans.

He is very close. Harry just wants to feel Azula's warm pussy wrap around him one more time and pump his hard cock. She slides down to the base and then stretches down onto him.

Azula cums first all over Harry. She sees stars and yet keeps riding her orgasm all the way to the end. Harry's thick, potent balls keep slapping down on her body. Azula tightens her pussy around Harry's hard cock and rises almost all the way up before dropping all the way down onto him.

"Baby, it feels so good," Azula moans in Harry's ear with a nail digging into the side of it.

Now, Harry has to rise up and drive his huge cock into her warm pussy. Azula closes around him and then releases him. Harry keeps planting his rod inside of her.

"It would feel even better if you came for me."

"I'm on my way."

The two lovers scream and a third just barely stops herself from letting out a scream. Harry drives his big cock hard into Azula's tightening pussy. She stretches around Harry the deeper he pushes into her and then he pulls completely out of her before going into her again.

The large blasts of cum shakes Azula's body. Harry only doubles down on the worship of her breasts. Azula's tightening, warm pussy clamps down and milks Harry. She shakes and sees stars when Harry fills her up with so much cum.

A second passes before Azula pulls away from Harry. She turns around and catches Ty Lee diddling herself. Azula's eyes narrow and she crosses the room.

"I told you not to move."

Azula grabs Ty Lee's hand and pulls it away from her.

"Please, Azula," Ty Lee breaths. "I can't help it. It was so ho...."

Her words give way to a moan with Azula slipping Ty Lee's cum soaked fingers into her mouth and sucking on them. Azula works her hands over Ty Lee's body and keeps sucking her fingers. The rest of Ty Lee's garments fall to the ground. She pulls away from and motions for Ty Lee to stand. Like the obedient pet, Ty Lee rises to her feet with shaky knees.

Harry's cock rises up and Azula backs up into her. Her ass rubs against his cock while the Princess fondles the chest and ass off her aid.

"I guess I'm going to have to hold your hands every step of the way," Azula breaths. "You're just a slut who can't help herself."

"Yes, I'm your pet slut," Ty Lee reminds her.
"Don't forget it."

Azula mounts Harry's cock while also holding Ty Lee's hands and grasping them tight. She sinks down onto Harry's cock while facing Ty Lee. She makes sure the girl's eyes are locked onto Azula's pussy sliding up and down Harry's pole. Ty Lee gives up a hot and frustrated moan the deeper Azula pushes her way down Harry's pole. The smacking of flesh entices her.

Harry reaches in and touches the ass of the sexy woman driving herself down onto her. His hands move up and then gropes her chest. Azula's hair flips back and Harry attacks the back of the neck. Azula rewards the actions of her lover by the milking of his love muscle with her warm, velvety walls.

"Don't be too hard on her. You are hot riding my hard cock. And it feels so good to have it inside of you. Knowing especially that it restored to life so quickly."

Sweat rolls down Azula's face. Yes, it is hot and it is also hot to have his fingers on her nipples. Her pussy, already loaded with cum, receives the huge intrusion. Those balls swell up and are a further indication of the man's prowess. And his hands roam all over her body and touch Azula in ways she can only dream about. She tightens her grip on Ty Lee's hands and force them to the ground.

"She'll get my hard cock in a minute. After I'm done with you. After, she kneels between your legs and sucks my cum out of your pussy like a good little pet."

Ty Lee's thighs rub together and there's no other way to relieve herself. She doubts its going to be merely a minute. The greedy look and the moans cumming from her. Azula places one hand on her chest and Ty Lee wastes no time squeezing the large breast.

"Good, worship those tits like you never worshipped anything before."

Harry groans at the display in front of him. Azula's pussy clutches him tighter than before. His balls keep slamming against her wet pussy, repeating their actions driving against her walls. Azula stretches against him and then snaps back around him.

The Princess throws her head back and cums hard around Harry's cock. She coats it with her juices. Then, Harry pulls himself out of her and pushes inside of her. Balls slap Azula's thighs hard and fast with Harry repeating the ritual until he leaves marks on Azula's taut thighs.

"Keep it up!" Azula moans. "Cum for me! Oh fuck, cum for me!"

Azula cums one more time and soaks Harry's cock from the tip all the way down to the base with her womanly juices. The fire in her eyes reflects in the mirror and she's glad Harry keeps going on. He keeps driving this hard cock inside of her in different ways, and makes her body feel really good.

Two swollen balls dance against Azula's warm entrance and start to demand they serve her. Harry clutches her shoulder and then squeezes her ass with his other hand. His balls lurch up and start to fire inside of her. For the second time, a load of cum coats her.

Azula's constant state of orgasm fills her body up with a burning pleasure. Harry touches her and makes her moan and bounce on his hard cock. Her tightening walls keep releasing and squeezing him with a constant state of repetition until Azula slumps forward on Harry. Harry holds her up.

Now, Azula lies on the couch, legs spread, and cum flowing out of it like a river. She looks up and meets Ty Lee's gaze. Ty Lee smiles and licks her lips at the river of cum bubbling from between
Azula's legs.

"Don't worry, I'll clean up your mess."

She crawls to lick the strand of cum on Azula's leg and keeps moving down. Her perfect ass sticks up for Harry to reach out and grab. The skilled woman keeps moving down and keeps licking the dribbles of cum away from Azula's thighs.

Azula shifts herself off to one side and Ty Lee now buries herself face down into her pussy. It was not the first time Ty Lee performs this action, although the first time she does with cum oozing between Azula's thighs. The act of obedience sends a buzz through Azula.

Not to be denied, Harry crawls over to Ty Lee and puts a hand on her back. Her pussy is very wet from all of the playing. The heat calls Harry in. He touches his hard cock against Ty Lee's warm slit.

"Oh, I've missed this," Harry groans.

Harry plows Ty Lee with one small shove. She just demands to be fucked and is built for his cock. Both girls are made to take his cock and Harry gives them what they desire, what any able-bodied woman he meets desires. Harry pushes himself inside of Ty Lee's snug pussy and works into her. His balls keep dancing against her thighs from the constant repetition of Harry working in and out of her.

Azula's pussy throbs at the moans Ty Lee is making. She just lost Harry's cock, but now wants it again. Ty Lee keeps up with the pussy licking and ensures Azula is not too bored waiting for her turn again. Two very skilled legs push around Ty Lee's head and keep working her down into her pussy.

Ty Lee throws her head back for a second and makes sure it does not stray. The inside of her body bursts with sexual vigor the deeper Harry slams his hard cock inside of her. Harry fills up her pussy and then empties her out. His balls keep slapping her warm thighs and give her the promise of the load to come.

The twelve inches of cock bury inside of her body. Ty Lee clutches her hands against the side of Azula's leg and moans out loud in pleasure. Every time Harry hits her, it's good.

"You're going to cum hard for me. Aren't you?"

Ty Lee agrees to him and accepts his cock inside of her tight body. Her pussy closes in on Harry. He pulls almost out of her and then rams into her harder than ever before. The twelve inches of throbbing male endowment keeps its work inside of Ty Lee.

"Keep licking," Azula demands of Ty Lee.

Obedience hits the woman extremely hard. Harry's balls slapping against her from behind and his hands exploring her body drive her completely mad with lust. Her breasts position themselves perfectly for Harry to squeeze and he does not disappoint. He works Ty Lee's generous melons over with his hands with a couple more tweaks of her nipples. He pulls out of her and slams into her hard.

The ride ramps up and Harry ensures that Ty Lee cums hard for him on a constant and repeated loop. He draws out the orgasms a little bit more before sliding his big cock inside of her waiting pussy. Harry pulls from her and drives himself hard into her one more time.
"Again," Ty Lee moans, begging for his cock with lust burning through her eyes. "Please!"

"Your mouth should be busy," Azula tells her sternly.

"So…"

Those hands grab Ty Lee's head and force her to keep eating Azula out.

Harry moves himself up and drives his hard cock down inside of her juicy pussy. His hands squeeze her tight ass and give it a tight slap before working inside of her on a constant basis. He keeps filling her up with so much cock that she feels like it's going to pull her apart.

The end comes for Harry. He rams into Ty Lee and then fills up her body. Several blasts of warm cum spill into her and coat the walls of his sexy young lover. Harry rises back and drives inside of her tight body. Repeating thrusts inside of her body empties Harry's balls inside of her tight pussy.

Harry pulls out and allows Ty Lee to drop down on the couch. The very second Harry's out, Azula pulls herself over to him and takes her breasts before wrapping them around Harry's cock. She rubs her tits up and down the pole to get Harry up to full mast in no time.

"I want more," Azula demands of him.

"Of course, someone like you always needs more."

Princess Azula smiles, glad he gets the message. And soon, she'll get his cock again.

---

**End.**

**Next Chapter: 2/7/2017.**
Something Hard(Rangiku Matsumoto)

There's another blog exclusive chapter, featuring Barbara Gordon and Mary-Jane Watson. Head to Blog Exclusive Chapter Archives by either the direct link on the profile page or the Page of Important Links, the Web of Chaos Archives, and either the Blog Exclusive Chapter or Breeding Ground Archives. It's titled "Fiery."

And now with the shameless smut.

Something Hard(Rangiku Matsumoto from Bleach)

The door to a luxury suite bursts open. Two figures, unable to keep their hands off of each other, run their hands over the others bodies. The woman of the two gasps in the air when the gentleman runs his fingertips over the edge of her breasts and causes her to mentally break with a couple of moans.

A shaking hand finds the light switch to put both of the figures into process. The man props the woman against the wall and runs his hand down her stocking clad leg and disappears underneath her dress. A gasp and a moan follows with the man rubbing against her entrance through her panties.

Rangiku Matsumoto dresses in a very form fitting red dress. Her large chest threatens to overflow through the fabric of the dress. It does not help when the man tugs at the straps and lets the dress drop. Her strawberry blonde hair sticks to her face and her blue eyes peak out alluringly from it. The handsome man leans in and kisses her.

Harry Potter attacks the neck of this goddess who he picked up at the bar. He reaches behind the space between them and the wall. He pulls Rangiku away slightly to squeeze her. Harry squeezes her ass and then moves down her body.

"You came here for a couple of hard drinks. And you're going to get something else hard."

Rangiku's panties fly off and Harry touches her between her legs. She shifts her thighs together only to accept Harry's fingers between them. She feels something hard pressing against her belly. Harry lifts one leg up and then plants some kisses down it.

Harry zeroes in on that particular part of her body. He hikes her dress up and zeros in. The warmth starts to draw Harry's big cock inside of her body. Harry holds the back of her thighs and closes in deeper inside of her. Harry pulls almost all the way and then shoves himself deep inside of her.

"OOH!" she screams. "You're so big."

It's true, the biggest, hardest cock she's ever felt pierces Rangiku's warm canal. The love rod keeps working its way inside of her. His hands are moving over her body.

Harry's driven completely around the bend. This woman has a body built for sin and more importantly, built to get one thing inside of her. His hard cock slams deep into her body. Ragniku throws her legs around Harry to make sure he is closer towards her. He keeps working his way into her inviting center with a constant barrage of thrusts inside of her. She throws her head back and gives a very hungry moan.
"These babies need room to breathe."

Two very round, obscenely large, perfectly shaped breasts pop out of her dress. Harry runs his fingers over her nipple and he can feel her toes curling against his lower back. Harry takes further attention and surveys her chest. She throws her head back.

"Are there even letters in the Alphabet to describe how large these are?"

Rangiku throws her hips back and accepts more of Harry's massive cock inside of her tight canal. Every time Harry shoves inside of her, there's a little bit more desire building in her. She holds onto Harry and gives his ass a very intense squeeze with her legs.

Harry grabs her hard tits and then buries his face between them as much as he buries his cock inside of her. These increasing sensations only makes Rangiku throw her head back and want even more. She throws herself up towards him and inhales all of Harry's cock inside of her very tight canal. Harry works his way inside of her tight pussy and pulls back before slamming into her.

"Ohhh!" she breaths hungrily. "More…bite me right there."

Harry nibbles on her cleavage and then licks it. The rush of juices squiring out of Rangiku only makes Harry drive himself into her harder. He pulls out of her and then drives inside of her one more time. Harry plants his thick cock inside of her.

"Baby, oh fuck me," Rangiku breaths in his ear. "That's….that's what I want you to give me. Give me…give me your cock…right here…right now!"

Harry plunges hard inside of her. His balls swell from the feeling of Rangiku tightly hugging him. His fingers pull on the nipples and then sucks on them. He spends some time really exploring her body. Every tantalizing curve is more delicious than the last one. Each curve calls to Harry. Each curve entices Harry to further explore and further touch the woman.

He's getting very close and he can feel Rangiku tightening against him. Harry pulls almost out of her warm pussy, but not for long. The wet, tight, and very hot sexual sheath drives Harry back down into her. The sound of his hard balls smacking against her firm thighs increases.

Every inch of Rangiku's body is completely on fire. She touches Harry's body completely and takes a couple of deep breaths the harder Harry plunges inside of her body. Her hands are shameless with what they gran and his cock is never ending.

This round of intense love making comes to an end soon enough. Harry slams himself into Rangiku. Her tight walls clamp down onto him and milk his cock. Harry pushes almost all the way out of her. His swollen cock head touches her womanhood before shoving inside of her. His balls keep slapping against her the harder Harry goes and the harder he reaches her end.

"Yes," she manages with a couple of light whimpers coming from her body.

"My turn," Harry warns her.

She's not going to relinquish this piece of art from inside of her. Harry pulls back and slams into her. The churning of his cock and balls fills Rangiku with an overflow of cum. The juices shoot inside of her and begin to spill inside of her warm pussy.

Rangiku holds onto Harry and makes sure he does not leave her. His massive cock spears its way inside of her tight pussy with a couple more pushes. Harry pulls out of her almost all the way and then plunges inside of her. Rangiku throws her head back and enjoys the last few pushes of Harry's
throbbing cock entering her perfectly warm cunt.

"Mmm, it's so good, isn't it?"

Harry pulls his way out of Rangiku and allows her to drop down onto the ground a little bit. He decides to make her way to the bed.

"I'm not finished yet."

This was the attitude Harry hopes for. Rangiku rushes over to the bed and throws her legs over Harry's hips. She pushes her lips against his with a very intense kiss. Her nails start to run down Harry's body. Harry puts his hand underneath her ass and gives it a squeeze.

"I should hope not."

Rangiku drops down with a small gesture. She scoops up her large breasts and then puts them on either side of Harry's cock. Harry's cock enters the valley between her breasts. The pure warmth and mountains of flesh comes close to driving Harry behind the end.

"I could fuck these titties all day."

The invitation to do is so inviting Harry has to take the woman up on them. These mountains of tits grab Harry in them and swallow him up. Harry holds onto her and pushes more of his cock inside of her warm breasts. Harry pulls all the way out of her and then pushes him back into them.

"I want to feel your cum all over them," Rangiku breathes.

His cock pops out of the massive mountains every now and then. They feel so firm as Harry pushes away on these natural big tits. His balls start swelling underneath the touch and he pushes himself back towards her. He grabs her breasts from where they are and digs his nails into them.

Rangiku almost protests. Pleasure overwhelms her with Harry touching her. Her leg almost crumples. Harry holds onto her breasts and starts really going to town on them. Those big balls striking her chest show Rangiku how she's made the right choice about the man to take home and fuck tonight.

And Harry finds himself glad for her earlier dragging him up the stares while promising to do sinful things to him and allow sinful things to be done to her.

"Oh, they're just too much," Harry groans.

Rangiku throws her breasts around Harry's massive cock and feels how rock-hard it is inside of her cleavage. She throws herself up and down and takes more of Harry's hard cock inside of her. She bounces up and down until she gets what she wants.

And what Rangiku wants is Harry's big load painting her tits. She throws her breasts down and then stretches out over Harry. Harry throws his head up and accepts her big heavenly chest dropping down on him. He plants his big cock inside of her warm cleavage. The depths of which Harry goes is stunning and then he cannot hold back much longer.

He unleashes glops of cum all over Rangiku's chest and paints it completely white. He throws his hands back against her and crushes her warm chest within him. His cock spurts like a fountain to send its cum all over her chest and all over her face.

Her next action makes Harry as hard as a rock one more time. Rangiku drags her breast up to her
mouth and sucks the cum which hangs from her nipple off. She throws her neck back in stark relief and moans before turning away from Harry. Her ass pokes out of her garment and Harry grabs ahold of it.

"Come here!"

Harry lays back on the bed and Rangiku crawls where her legs are pressed on top of Harry's. His cock slaps against her opening and threatens to go inside for the invasion of her perfectly tight pussy. Harry's hands roll over her lower back and dance up and down her.

Two strong hands cupping her ass gets Rangiku all riled up for the cock going inside of her. He treats her body like his own personal fuck toy and she loves it.

Her pussy juices already spill over his cock before its inside of her from this position. Harry groans and enjoys how tight her pussy is going to feel from this particular angle. His cock angles its way closer towards her and pushes against Rangiku's wet opening. He throws himself back and drives his cock a few inches inside of her before pulling back and then taking the plunge.

It's so good, so much cock entering her body from this particular angle. Harry pulls out of her almost all the way and shoves his big cock inside of her tight opening. Harry holds his hands against her backside and moves against her. His cock shoves deep inside of her body.

"Take me, harder!" Rangiku yells.

She gets on her hands on the bed to allow Harry better access to her breasts. She grabs the edge of the bed from what Harry is doing. Harry is working himself deep inside of her.

"You can't help, and cum for me," Harry tells her without any shame in his voice. "You can't help, but lose yourself when my cock enters your slutty little pussy!"

Rangiku cannot help and moan when Harry fills her tight pussy with his massive cock. It stretches her and makes her lose it completely. Harry rams his big cock inside of her on a constant and repeated basis. He stretches her out and then pulls out of her before pushing into her.

The very amazing warmth Harry feels keeps bringing his cock inside of her. His balls keep throbbing the harder he pushes inside of her.

Coherence falls by the wayside to Rangiku moaning. She's given herself to this main and his train of a cock which gives bringing her to orgasms. He stuffs it into her pussy which tightens around him. Now that he's already cum twice tonight, it appears he has even more in the tank. And even more time to toy with Rangiku's sinful body. Each touch drives her beyond mad.

"Good, good girls get what they need. And bad girls get something else."

Harry smacks her bubble butt hard. The sound of hand smacking against firm and ample flesh only makes Harry more willing to take her on the bed. She throws her head back and moans. Harry manipulates her body by touching all of the spots which drive her over the bend. Harry plants his hard cock repeatedly inside of her.

He spends the next little while indulging in a very willing bed pet. Every time he introduces new pleasures into Rangiku's mind and touches her to the depths which she does not dream, she comes undone just a little bit more.

Rangiku throws her head back and loses it. She can feel Harry's thick spear piercing her in so many ways possible. The hard throbbing cock shoves deep inside of her body. Harry touches her ample
ass and squeezes it. A finger pushes inside of her warm asshole and she tenses against him.

"And it's now your turn again."

Harry fills her up all the way. He presses his body against hers and really gets into the tightness of her pussy. Rangiku closes her walls around and clutches onto the bed. Harry pulls out of her and drives his massive prick inside of her tight body.

Finally, Harry gives way and sends another load inside of her. He presses against Rangiku and rides her out. He can feel the pleasure of his body releasing the build-up inside of her. His hands keep working over the body of the goddess and makes her moan. He indulges in the warmth for as long as possible.

A few final thrusts to leave her dropping down onto the bed with a smile crossing over her face. Rangiku throws her head back and rolls over. She opens her legs up and sees Harry descend to the top of her once again. His cock is hard and ready one more time.

"Give me that cock," she demands of him.

Harry spreads her legs and pushes them into the air before shoving himself in them. The lust burning through this woman only increases with Harry rising up and dropping down into her. Tonight was far from over. It only just begins.

End.

"Easy does it, it's a bit of a sprain. I think you just overdid it."

Kimberly Hart closes her eyes as she leans against the handsome young man holding her up. Putting weigh on her ankle at this particular point is a bit difficult to her to do. The only saving grace is it could be a whole lot worse than it really is. The athletic brunette walks on her ankle with her trainer, Harry Potter, walking her into the shower room to take a pretty good look at it.

She dresses in a pink tank top and a pair of tight black spandex shorts which fits her body in all of the right places. To be honest, Kimberly hopes this workout goes a bit better, but overdoing it causes her ankle to be hurt. She closes her eyes, grits her teeth, and more importantly takes a deep breath.

Kimberly plops down on the bench outside of the showers so Harry can look her over.

"You think it's not too bad?"

Harry shakes his head.

"No, it's a pretty common injury. I have to admit, things could be a lot better for you. All I have to do is apply the right amount of pressure to it...if you don't mind."

"Go for it."

Kimberly trusts Harry knows what he's doing. His hand touches the back of her foot and it causes a few shivers to come down her spine with his fingers stroking her ankle in all of the right places. A warmth comes up her body and it makes her feel so much better.

"Yes. That is much better."

She lets out this sound in a breathy tone. Harry's fingers strokes all the way up the back of her legs and then pulls away from her.

"Try and stand on it, please?"

Kimberly gets up to her feet at Harry's question. She's a bit ginger with her movements. All and all, the ankle really feels much better. It wasn't too bad, but things could be worse. She turns to him with a smile.

"It's a bit shaky, but I think I'm on the road...I can hit the showers...but...do you think you could join me?"

This question causes Harry to raise an eyebrow. Kimberly looks back at him with a smile crossing her face. She extends a hand on his shoulder.

"It's just, that I would hate to see my ankle go out from underneath me when I was in the shower. You know how embarrassing that would be. If you were there, then things would be alright."

Kimberly gives Harry one of those smiles and hopes to encourage him or entice him. She stands up and wraps her arms around him.
"Besides, someone like you, you must work out a bit of a sweat, with these women all day. I mean, being their personal trainer...and it will conserve a lot of water."

Harry just smiles and steps back away from her. Kimberly turns to the shower and slips off her tank top and then unclips her bra. She allows both garments to fall to the floor. Then she slips off her shorts and leaves her thong. Without any shame, she pulls the thong down her legs and allows it to hit the floor.

If she's perfectly honest and most times Kimberly is, she's been looking to get naked with Harry for quite some time. And speaking of naked, Kimberly turns around and sees him in all of his glory. His toned and muscular body makes Kimberly drool in more ways then one. Her thighs rub together with a growing amount of friction and her desire for him only increases.

A certain part of him catches her attention.

Harry smiles and looks at Kimberly's nice athletic body in all of it's splendor. She's not the first person to take the job. Nice breasts, a tight stomach, wide hips, and long legs, with dripping lips and a nice covering of pubic hair over her nether lips, she looks like a wet dream.

The shower comes on and Kimberly enters the shower. Harry comes in and enters the shower to get with her. The water covers her body with droplets coming down on it. Kimberly takes a deep breath and starts lathering her body up for him, taking time to move the soap around her lovely frame in circles. The dripping of the soap catches Harry's attention.

"Get my back?"

Harry wastes no time in putting the soap on his hands and running his hands down Kimberly's fine body. He goes down a bit further and he hears some soft moans coming from her body. His cock pushes against the back of her leg and this does not cause her to protest. It only causes her to lean in more so he can get her ass and the back of her legs. He takes plenty of time getting her body.

"I should...do you next."

He turns around with Kimberly pushing her hands against his muscular chest and then move around to wash his back. The beautiful brunette works his body over with subtle circles and then drags her nails completely down. She pulls away with a smile, showcasing her hungry desire for him.

Kimberly squeezes Harry's firm ass underneath the pretext of washing it. She slips a finger in between his ass cheeks and then leans before to kiss him on the side of his neck. Her other hand moves against him and then grabs onto a certain part of his body. She strokes his cock with the soap lubricating her hand.

"Mmm, make sure everything is clean, right?"

Harry turns around with Kimberly's hand still clenching his cock. The two move in to each other and kiss the other on the lips. Their firm and tender kiss follows through, with Harry grabbing Kimberly's hips and pushing her into the wall. The sexy woman takes a deep breath.

A leg lifts up and wraps around Harry's waist. Kimberly pulls Harry into her more closely than ever before. Her other leg joins her.

"I want you...ever since we've been working together, I hoped you would fuck me."

The limber girl slides her legs up and shows her flexibility by spreading out as far as possible.
Harry puts a hand on both of her ankles to steady her. His cock slides against her entrance and it's about ready to take him in. So much desire spreads between then.

Harry feels up her athletic body before driving his cock into her.

"Baby, you feel so good! Get in deeper with me."

His cock is so big and Kimberly cannot even begin to process. It's the biggest cock ever, but it makes sense given there's so much about Harry that's larger than life. Her hand presses against Harry's neck and encourages him to shove into her body.

The slapping of wet flesh grows. Harry makes sure to cause the shower to become less than slick with a handy little spell when also driving his full length into Kimberly. She hangs onto him with moans only escalating the deeper Harry plants his rod into her.

"Harry...I don't...OH FUCK!"

Kimberly clamps her walls around him and encourages Harry to go in a little bit deeper. His balls keep slapping against her thighs and show just how full they are. Sparks of energy surround them and weeks, months, of sexual tension comes to a bubbling head. Harry touches her in all of the right places.

He pulls out for a tease and slides his cock head against her wet pussy lips. Harry drives his big cock into her tightening pussy and keeps working away at her. Kimberly breaths in and breaths out. He pulls out of her completely and leaves her panting against the wall.

"Turn around."

Obedience happens and Kimberly presses herself against the wall. Harry's fingers caress over the woman's body and keeps lifting her up. His fingers keep stroking her.

"I think you deserve a reward for all you've done."

That comment strikes Kimberly as strange. Does he...how can he? Nothing other than Harry's powerful hands stroking her enters Kimberly's mind. Harry rolls his hands up, back, and forth over her body. His cock dangles between her legs and rubs against her entrance.

Kimberly tries to spread her legs in encouragement. She wants Harry deep inside of her. She wants this cock burying into her body and stretching her out in pretty much every single way possible. Harry cups her juicy ass and pushes against her. The feeling of lust building in Kimberly's body shows just how much control Harry holds over her arousal.

"I'm going to make you want me forever."

Harry tells her this in the most matter of fact manner possible. There's no question about it. What Harry wants, Harry will have at this particular point. He sends his cock pressing up against her entrance and almost pulls out from her. His meat spear gets ever so close to entering her wet hole.

"Yes, please."

A hand caressing Kimberly's back makes her body just size up with increasing pleasure. The amplification causing by his hands over her back all over her ass, and then grinding between her legs pretty much causes Kimberly to lose it.

Then, Harry goes in deep inside of her. Very deep, to the point where it just fills her up beyond
anything she ever can comprehend.

"You're so wet, it's almost obscene. I wonder how many times you thought about this. Well, don't worry, I've always wanted this as well. The minute I saw you, I knew that I had sample your beauty up close and personal."

The hot woman writhing against the shower law while Harry controls her arousal is a pretty good feeling. He keeps rocking against her.

Harry drives his big cock into her on a repeated and never ending loop. He stretches out her pussy and makes Kimberly just squirm against the wall. The deeper he rams into her, the more she feels. The more she feels, the faster Harry drives himself into her tightening womanhood. He really causes her to lose it on the alter of his big, meaty cock.

The feelings of fulfillment hit Kimberly. He pulls her against the wall and then pushes her back in. It's only inevitable what is about to happen. His balls keep slapping against her thighs from behind. Harry pulls almost completely out of her and just lightly taps her clit.

This one shot causes Kimberly to almost collapse. Harry holds her up firmly and then pushes her back against the wall. The sensitivity in her body is at a heightened pace now. Every time Harry touches her is like she gets stuck with something which increases her pleasure tenfold.

Harry touches her a lot and manipulates her arousal to a new height. Her body becomes his to grab and to manipulate. Every inch of flesh becomes a lightning rod for his fingers.

The tight, wet squeezing of his cock brings Harry closer to his edge. He slaps his large balls against Kimberly when driving into her. The Pink Power Ranger's body becomes his. He pulls her up against the wall to touch her breasts.

"You like this. You like being my own personal fuck toy. Don't you? It turns you on. Don't lie to me. It turns you on to be dominated like this by me."

Kimberly's mouth hangs open. This powerful man having his way with her in the shower, which she invites him in, it makes her feel so alive. And it feels so good to have him touching her and stretching her pussy out on his cock. Harry pulls away from her and then puts his cock into her.

"No need to answer. I can tell more than enough by your state. And these hard nipples. This sweaty body...and this tight, dripping pussy. You really are something, aren't you?"

His fingers dance their deadly symphony all over Kimberly's body. The lightening rod escalates her feelings and increase the pleasure over her. Harry presses his mouth over her neck and sucks on it. He keeps drilling her even more.

"Are you close? Because I am as well."

"Keep going to the end...please. Fuck me raw! Cum in me! Cum in me and make me yours forever."

"You are mine."

Harry holds onto her waist and jackhammers his cock into her. It reaches the point where Kimberly's tight hole just gives way to his massive thrusts. He cannot hold on for much longer. All he can do is keep fucking her into a dripping puddle of nothing. He pulls out of her and pushes into her.
She sizes up around him and they both know their mutual orgasm is here. Harry plants himself against her and drills her into the shower wall. The streaks on the wall show where her hands clench when she tries to gain some level of grip on the wall.

Finally, it happens with Harry spearing into her one more time. An explosion follows with Harry spilling his seed into the body of yet another willing womb and willing her completely out. He keeps holding Kimberly's body and keeps driving himself into her.

The first blast of seed brings a taboo pleasure within Kimberly. More following just light her up. She holds onto Harry and milks his cock just as much as he manipulates her body. Each spurt of seed spills her her at a measured rate. Kimberly cannot hold on for too much longer.

"Mmm, I love...I love this."

Harry pushes his finger down onto her nipple and then releases her. Kimberly almost slides down the wall before Harry pulls her up and finishes her off.

The two part ways with each other. Kimberly turns around, a huge glop of cum just flowing out of her. Her nipples still stick up hardy. Harry reaches in and pinches one which sends her to attack his lips with a passionate kiss and feeling up his balls.

It's back to the races once again as something triggers in Kimberly's mind. An itch which Harry scratches for her repeatedly.

And Harry's right there to give Kimberly everything she wants. It's the best way to heal. A fog of pleasure fills her before Harry's cock finds her hole for round two of many.

End.

Next Chapter: 2/12/2018.
Misconduct (Komand'r/Blackfire from Teen Titans)

An expensive sports car blasts down a road and causes wind to blow. The driver, an attractive dark haired woman with orange skin, green eyes, and a fabulous figure drives down the road like a maniac. She pumps her fist in the air and throws a beer bottle out of an open window before going down the road. She turns around the corner.

Suddenly, the sounds of police sirens kick up. The woman behind the wheel of the car groans in frustration and turns her attention to the car approaching her from the other side. It's the police. The woman grudgingly pulls over to the side of the road, almost crashing into a pole in the process.

The cop car comes to a complete stop. An attractive gentlemen in his early twenties comes out of the car, dressing in a police uniform. His dark hair and green eyes along with his handsome face and chiseled arms stops the heart of the woman. She rolls down the window.

"What seems to be the problem, Officer?" she asks.

"License and registration please, M'am," he tells her.

The woman gives a shaky smile and motions how she's reaching for the glove box. She pops open the glove box.

"My license is in my purse, sir," she says.

"Get it out and show it to me," he tells her.

"Right," she starts before pausing to read the name tag on the officer. "Officer Potter."

She licks her lips at the handsome man and reaches into her purse. The woman grabs the license and puts it into his hand. Officer Potter frowns when staring at the license.

"It says this license expires six months ago," he tells her. "Ms. Komi Anders?"

"Yes, sir," she tells him. "And...I was meaning to get it renewed, I just...well I didn't think it would be a problem. I mean, I can handle a car. I don't see why I have to keep proving myself and keep renewing my license."

"Ms. Anders, you were going thirty miles over the speed limit. You hurled beer bottles out of the car, violating this city's strict anti-littering ordinance. And you have several containers of booze in the car, some of them are opened. And I can smell it on your breath."

"It's not that bad."

"Step out of the car, Ms. Anders."

The woman steps out of the car and almost stumbles. The tight white top and skin-tight black leather shirt she wears leaves very little to the imagination. She grabs onto the arm of the handsome officer who pulled her over. Officer Potter reaches and grabs Komi's arm before holding her up straight. She takes a couple of deep breaths while locking eyes upon him.

"You're so strong," Komi says in a breathy voice. "I bet you can handle all of the women who give
you trouble. Give them some hard times, don't you?"

Komi tests her luck by running a finger down the officer's chest. He grabs her hand and Komi shudders at how strong and how forceful he is. He marches her over to the cop car. He opens the car and pulls out a machine. Komi recognizes it as one of those breathalyzer test machine deals.

"Blow," he commands her.

"Oh, are you sure you don't want me to blow something else other than that nasty breathalyzer test?"

She struggles a few seconds with Officer Potter holding her up. She brushes a hand against him. The warm palm hits the officer and makes the area in his pants very uncomfortable. Never the less, her persists in bringing Komi over to take her test and to blow.

"It says that your several times over the legal limit, Ms. Anders. And between your speeding, driving with an expired license, and your littering, I'm afraid I'm going to have to get it. Bend over the trunk of the car."

Komi bends over the truck of the police car. Her short leather skirt rides up to reveal her tight thong panties stretching against her body. The officer looks over the woman's delicious frame for a second and has to adjust his trousers not to make his erection completely obvious.

"Why don't you check me for concealed weapons?"

"Of course. We wouldn't want you to be a danger to me."

Officer Potter runs his fingers down the criminal's neck and keeps rubbing all over her body. His hands go underneath her top and feels her chest.

"I see too very big weapons here," Officer Potter tells her. "I'm afraid I'm going to have to take off your shirt."

Officer Potter turns around the very willing woman. Komi smiles and Potter pulls her shirt off. She's not wearing a bra and two round breasts stick out. Those nipples stand out at attention. The Officer runs a finger between her cleavage.

"I have to make sure you're not smuggling cocaine," the Officer tells her.

"Not today, Officer," Komi says before she shudders. "But, we should really make sure…because you never know what might be between my…juicy, tasty tits."

"I'm going to have to verify your claims as accurate, Ms. Anders."

A squeeze of her tits drives Komi completely over the edge. Officer Potter squeezes the warm breasts and releases them. Another couple of cups of her tits makes Komi moan in his ear. The strong officer squeezes her cleavage together and sucks her tits.

Officer Potter holds onto her mountains of flesh and works them over. His palms squeeze and release them and drive Komi beyond insane with the increasing pleasure. He wraps a finger around a nipple and tugs on it before the nipple sticks in his mouth. Harry leans in and sucks on it hard to drive her completely mad with pleasure.

"OFFICER!" Komi yells at the top of her lungs with pleasure building through her body.
"We should attempt a full cavity search as well."

He pulls her skirt off and then her thong panties drop to the ground. Two fingers probe Komi’s warm pussy and pull out of her. His fingers drive in deep to make sure there is no concealed weapons. Her warm pussy sucks in his fingers. The Officer pumps his fingers deep inside of her body.

Komi’s head whips back the deeper the Officer rams his fingers deep inside of her. She moans and then drops down against the car. He pushes her back up for a second to finger-fuck Komi to an orgasm. Her thighs close together and indulges him all the way to the end.

"Sir, oh fuck!"

"Such language is not becoming of a fine young lady."

The officer pushes her to the ground and starts unbuckling his pants. Komi's eyes widen as the throbbing hard cock of the man coming out in front of her.

"Are you going to beat me with your billy club, officer?"

Twelve inches of throbbing penis swings and smacks Komi directly in the cheek. He swings again and smacks her in the face against his cock. Officer Potter turns around and hits Komi in the lips a few times with his cock before shoving inside of her mouth.

"That's the only place a mouth like yours is good for. Around my big cock. How do you like that? How do you like that?"

Two hands roughly grab the back of her hair and force-fully shoves the cock into Komi's face. He pushes deep inside and chokes the kneeling criminal with his cock. It was about time these criminals show some respect. Komi moans around his cock with repeating thrusts inside of her.

"Bitch, you're going to choke on my cock. I bet you're used to choking on it. I bet you love choking on it. You were slutting yourself out in front of me. And now you're sucking my cock. How do you like that? Oh, you can't answer, because your mouth is full of my cock."

Those inches stretch out Komi's mouth. Her cheeks hallow out and eyes water, yet her pussy throbs with more hunger, wanting this monster inside of her. She wants it now.

"You don't deserve to taste me. Not yet."

Officer Potter's cock rips from her mouth. Komi loops up to see his throbbing meat jerking over her face. His gun is about ready to go off in her face.

"Hands up, don't shoot!" she yells.

It's too late as the discharge hits Komi directly in the face. The large white glops of cum keep firing in her face. Komi's mouth is held shut to prevent her from tasting the cum. The cum paints her face, her forehead, her cheeks, gets into her hair and dribbles into her cheeks.

The next thing she knows, the Officer drags her up and forces her over the hood of the car. His hard cock shoves between her thighs. Komi has no idea how it gets so hard so fast, but the constantly recharging cock turns her on and makes her feel really good.

"I'm going to take this pussy and make it my own," he tells her. "And you're going to take your punishment. Maybe, I'll convince them to go easy on you if you're a good little girl."
"Oh, I hope you don't go easy on me, Officer," Komi breaths. "I'm a bad little girl. I need some hard times!"

"Well, you should know when you take a trip down to Cobb County, Georgia, you better read the signs and respect the law and order, or you will in some hard times."

The officer buries his throbbing cock inside of the tight snatch of Komi. He feels pleasure beyond everything when her snug twat sucks him in. She's very good and he indulges in her.

"Call me, Harry when you scream my name."

"HARRY! FUCK ME! TAKE MY PUSSY!"

Harry repeats his ritual by driving down hard inside of Komi's snug pussy. He pulls almost all the way out of her before driving his cock deep inside of her. Harry's massive cock shoves deep inside of her body. The handsome officer keeps burying himself into her snug twat.

"Oh, I bet you were trying to get someone's attention so you would give you cock. Good thing it was me and not one of those other officers. They might be less lenient on you. And they might not give you exactly what you need."

Komi's hands clutch the side of the car. Her breasts hang out for Harry to touch and grab. She feels excitement building from the other end. Her loins keep closing down on Harry, with instant pumping deep inside of her body. His big swollen balls slap against her thighs the deeper Harry shoves deep inside of her tightening pussy. Harry pulls out of her and drives deep inside of her body. He keeps working her body over.

"You need a hard cock inside of you to straighten your act up. And my balls are about ready to put something else in you. You're going to give me something, if you want me to get out of the ticket."

"Oh, are you going to knock me up, Officer?" Komi asks. "Are you going to make a MILF out of me?"

Those bloated balls keep dancing against Komi's thighs from behind. The sheer size and mass of them drive her insane. What is more insane is Harry's touches combing and caressing over her body. He really masters her body in ways Komi cannot imagine. Her toes curl inside of her boots the deeper and harder Harry drives inside of her.

Harry fills up her tightening cunt with his cock. The promise of being knocked up excites this woman. Harry rams deep inside of her with a few more shoves inside of her body. He pulls completely out of her.

"Oh, put your baby in me, Officer! This is a gross case of police misconduct, to take advantage of a law breaker like this! Oh, if the liberal media gets ahold of this one, they'll have a fucking stroke! I love it!"

Komi's nails rake the side of the hood. This causes Harry to grab her hair and pull her up.

"You're going to pay if you scratch up that paint job."

"I'm sure you'd take it out of my ass, officer!" Komi encourages him.

Lustful screams come from Komi the deeper Harry shoves his cock inside of her tight canal. She can feel him building up and wonders if he's going to cum inside of her. She prepares for Harry to knock her up. Twelve inches of mighty cock drives deep inside of her body.
He reaches almost the end. His balls throb when working deep inside of Komi's tight pussy. Harry rises up and drops his cock down inside of her body. The squeezing of her pussy lips against him and her tight walls taking him in makes Harry only work harder to fill her tight little pussy with his throbbing long cock.

Finally, Komi's walls clench Harry and milk him. He sends cum inside of her body. Harry's hands roll over the body of the woman bouncing on the hood of the car. Harry slaps her ass several times while his balls drench her in his cum. Harry pulls out and goes into her one more time.

Komi drops down onto the hood of the car. Cum leaks out of her. A smile presses over her face. She rises up and grins before looking at Harry.

"That was fun," Komi answers.

"Yes, well I should endeavor to top it next time."

Komi turns around to see another figure watching from the shadows.

"Dream on, sis."

"Oh, maybe I should top you next time then?"

Harry chuckles. He is really looking forward to seeing what devious thoughts Kori has in mind to top her sister's. But, that might be something for another time down the road.

End.

Next Chapter 2/14/2018.
Astoria Greengrass walks into the Hogwarts Library, where the fifteen year old girl comes face to face with Harry Potter, who is sitting alone at the table in the library, looking for something. Astoria finds herself rather surprised that he's alone, but decides to take the opportunity to cross the library and sit down at the table across from him. He looks up from the book.

"You don't mind if I sit here, do you?" she asks him.

Harry looks up to her. She's a blonde wearing the Hogwarts school uniform. The white button up top has the first couple of buttons undone to give her room to breathe. The short skirt snugly fits around her pleasantly shaped ass and a set of legs go on for what seems like miles wearing white stockings. Her beautiful face shines out, with green lip stick making her lips stand out in prominence.

"Of course not," he tells her. "You're, Daphne's sister right?"

Astoria smiles, well it's kind of obvious isn't it. She's a bit shorter than Daphne, and has slightly smaller breasts, even though they are still a handful. Astoria thinks her legs and ass might be a touch nicer than her sister's.

"Yeah," Astoria tells her. "I've been just preparing for my OWLs, and it's a pain in the arse. If I want to do get a good job, and not be some trophy wife for some pureblood pounce, I'm going to have to crack down and study. It's just been…well, I wonder how well some of the teachers have prepared us for the OWLs."

"I'm sure if you applied yourself, you'll do well," Harry tells her.

Astoria looks over her shoulder and sees there's no one really around. She slips her shoes off underneath the table.

"You've done pretty well on your Defense Against the Dark Arts exam last year," Astoria comments very lightly. "And I'm struggling with a couple of things on the exams. There's just a couple of defensive spells I can't just get right, and I think I'm a bit nervous."

A foot brushes up Harry's leg from underneath the table and causes him to shift ever so slightly. Astoria smiles and rubs her foot up against his leg.

"I hope you can help me," Astoria says while leaning over the table.

Harry catches a glimpse of Astoria and realizes she's wearing no bra underneath the top. The blood diverts from his brain to another part of his body as Astoria rubs her stocking clad leg.

"You're pretty good at Defense. And I'm sure I can really entice you to help me, if I just used the right methods."
Now, Astoria's stocking clad toes strokes Harry's erect cock underneath the table. His erection bumps the table. Astoria gives him a smile and a wink when rubbing her toes around the head of his cock and then going all the way down to the base. She traps Harry between her soles and tugs on him to allow him to groan from the methods she works him over and those methods are immense.

"So, why don't you help me Harry?" Astoria asks him with a thinly veiled grin popping over her face. "And I'll help you release some of the tension I'm sure you've build up over the years."

Now, Astoria's stocking clad feet rub Harry. Harry reaches underneath the table and puts his hands on her ankles. He feels up her legs and they feel very nice.

"What do you think about that, Harry?" Astoria asks.

"I think….I can help you," Harry breaths. "If you can help me."

"Good boy," Astoria says with a grin on her face.

She pumps Harry's large cock with her feet. Astoria slips a hand underneath her skirt and starts playing with her pussy when giving Harry an under the table foortjob in the Hogwarts library.

"I've been thinking about you for a long time, Harry," Astoria breaths. "I get really excited thinking about how much power you have out there. I mean you beat a Basilisk, you beat Dementors, you beat a dragon, and you beat Death Eaters, and you lasted four times against Voldemort himself."

Astoria continues her footjob in the library. A couple of students come in, but this only fuels her passions. She wants to make Harry cum and stain the underside of the table.

"So, when do you think you can cum?" Astoria asks. "I mean to say, what time do you think you can come and pick me up for some private tutoring?"

"How about after dinner tomorrow?" Harry asks her.

"That's nice," Astoria comments.

"But, if you work really hard, I could cum sooner," Harry tells her.

Astoria rubs her soles up and down the length underneath the table. She feels up Harry's massive cock between her soft soles and keeps pumping him harder and harder underneath the table. Astoria's excitement reaches a fever pitch the more her soles work Harry over and she can feel his swelling.

Clutching the side of the table, Harry uses pretty much every tool in the playbook to keep from groaning out. Astoria rubs his cock nice and hard underneath the table until she pulls away from him and then pushes her stocking clad feet against him.

White streams of hot cum fire underneath the table and coat it. Harry's spunk fires out from his balls with Astoria rubbing him up and down as fast as she can go. Astoria speeds up her feet's actions and ensures that Harry will cum and keep cumming.

"I'm glad you could come sooner," Astoria tells her. "Oh, shit, dropped my pen."

The pen flies underneath the table and Astoria disappears. A few seconds pause passes before a warm hand starts rubbing Harry's thigh and then moves up to his balls to squeeze them. Two hands from underneath the table jerk his cock off and then a hot mouth wraps around it.
Harry flips open the boot he's reading and puts his head down to look at the pages. This hides the look of pure lust erupting in his face from the sexy minx underneath the table sucking him off. Astoria slobbers all over his cock and gets him a very messy and intense blowjob. Her hands squeeze his cock.

The lips keep popping around Harry's length from underneath the table. Astoria works him over with her mouth, tongue, and nips on him a little bit with her teeth. She pulls away from him and plants marks with her green lip stick all over Harry's cock before shoving it back around his cock. She sucks on him hard and brings Harry's hands into the table.

The blowjob goes on for some time. A couple of students stop for a few seconds, but they decide to go on. The sucking and lewd sounds underneath the table are bound to draw some attentions. Harry waves his hand to give them a bit more privacy at least he hopes so.

He scoots back and looks underneath the table. Astoria presses her face against Harry's crotch and takes his cock into her mouth. She leaves lipstick marks on the base of his cock, along with salvia. The messy blowjob continues to escalate.

Every single inch of Harry's cock is worthy of worship. The rumors of what they say about powerful wizards are true, although the only true living wizards who have Harry's level of power are Dumbledore and Voldemort, and Astoria wouldn't even touch either of them with Draco Malfoy's dick. She cups Harry's balls and squeezes them to milk them.

"Astoria," Harry growls at her underneath the table.

Astoria's ministrations on his balls proves to be the downfall as for the second time, Harry cums. Astoria pulls away and jerks Harry's cock hard to allow him to cum all over her face. She is going to walk to the Slytherin common room wearing Harry Potter's cum and cause an uproar.

She smiles and rises to her feet. Harry grabs her by the wrist.

"We're not done here," Harry tells her.

Astoria's pussy throbs at him taking charge. His hard cock pushes against her thigh. Wait, it's hard already? Astoria's thighs open up just a little bit more at him recharging almost instantaneously. Was he even human? Whatever he is, he's all man.

"No we're not," Astoria breaths. "Take that big cock and ruin me forever, stud."

Harry rips off Astoria's uniform top and reveals her chest to him. Those nipples stand out, begging for attention, and Harry gives them the proper attention they deserve. His charms hold on, as a few students walk past, and act like a sixth year Gryffindor grabbing the chest of a fifth year Slytherin is one of the most normal things in the world.

A surprising addiction causes Harry pause, and he notices Astoria's pierced navel. He smiles and she notices he notices it, especially the shape of the earring, that on a lightning bolt.

"Half of the girls in this school wear them in their ear," Astoria remarks. "I decided to do something different….Daphne thought I was fucking nuts piercing my navel."

"It suits you," Harry says. "Makes you look sexy."

He kisses down her chest and then stomach, making Astoria squeal. His hands rub down the legs of the beautiful Slytherin fifth-year. Her pussy begs for Harry and he's going to give it to her in no time. He pushes her up so she's balanced on one of the empty shelves, legs spreading for Harry to
dip behind them.

"Harry, fuck me!" Astoria begs him.

In due time, Harry believes. He runs his fingers down Astoria's thigh and makes her tremble. He knows she craves his cock inside of her.

"Fuck my tight little pussy with your nice big cock," Astoria begs him. "I want to walk back to the Slytherin common room with your cum rolling down my thighs and all over my face. I want to tell everyone how Harry Potter fucked me and how no Slytherin matches up to him."

"Is that what you want?" Harry asks her.

"Yes," Astoria breaths.

"I'm going to fuck so hard you're going to remember this for the next week," Harry tells her.

"Oh, I'm sure," Astoria breaths. "Show me what a real wizard does to a kinky little witch who needs cock. I'll be your fuck toy anytime, Chosen One!"

Despite how much Harry hates that term, he can't help but find Astoria pushing herself against the shelves, asking to be taken and to be fucked hard by him more than appealing. His massive cock head brushes against her opening. Her legs close around him, her stocking clad feet digging into his ass. Her breasts bounce up when Harry runs a hand down her leg.

"Get inside where you belong," Astoria says.

"Be patient. Good things come to those who wait."

The first six inches of cock slides inside of Astoria's wet canal. She stretches for Harry and adapts well to him. Harry groans when feeling Astoria's tight walls inside of her.

"Daphne took my virginity with a strap on, but it was nowhere as big as this and it was not as good as it."

Harry commits the mental image of the sexy Daphne Greengrass driving a strap on into her hot as fuck little sister only makes him want to drive his cock into her even harder and fuck her brains out. Harry smiles when driving himself deeper into Astoria.

Finally, Astoria receives the huge cock of Harry Fucking Potter inside of her body. She squeezes him tight and there's really no room for her to move. Astoria clutches him tight the deeper Harry pushes inside of her and he can go very deep inside of her tight pussy. Astoria holds onto Harry's shoulder and moans out in pleasure the deeper Harry plants his hard cock inside of her body.

"Cum for me," Harry orders her. "I want to feel that slutty little pussy tighten around my cock. Make my cock wet with your juices, Astoria."

Harry slides a hand up her leg and hits Astoria's buttons all the way. He holds her hips and forces his cock into her, making her squirt cum all over it. Astoria throws her head back, thanking the fact for a witch's ability to recharge herself after an intense orgasm.

More cock buries inside of Astoria's pussy. She's so wet it makes sliding into her tight center very easy. Those slick walls milk Harry the deeper he pushes inside of her. He pulls almost all the way out and touches the hard cock tip at her entrance. Harry pulls from her and slams his hard cock inside of her body. Astoria whips her neck back and allows a moan to fill the air.
"I want to feel that tight cunt grab me and milk me. Do you feel my cock inside of you?"

"It feels so good!" Astoria pants. "Bloody hell, it's so fucking deep! I love it….I'm nothing but a shameless whore for your cock Harry Potter!"

Harry slams Astoria into the shelves. Madam Prince walks past them without missing a beat and seeing Harry fuck his partner against the shelves. She just calmly puts the books back on the shelf across them and moves back.

Astoria wets the tip of her partner's cock when it slides out and then the rest of it pushes inside of her. He holds her legs up and keeps touching them. His mouth attacks her neck and breasts as well. Astoria's face, smearing with the cum he shot all over it earlier, covers with sweat. Her mouth opens up and Astoria lets it go with a scream while digging her nails into Harry's back.

"Damn, you're a nympho," Harry growls in her ear. "Just like your sister."

"What did you do with Daphne?" Astoria asks.

"Maybe if you're lucky, I can show you one time."

Astoria remembers the days where Daphne seems to be in a better move than her usual bitchy, snarky self, and finally puts the pieces together. And she feels it's a pretty good reason. Harry bottomed his cock inside of her and makes Astoria scream for the heavens.

This gift to witches everywhere makes her cum so hard and so many times, Astoria loses count. He reduces her to a pile of whimpering mush. Every nerve ending in her body sings.

"Getting closer," Harry grunts in her ear.

"Cum in me," Astoria purrs in his ear.

Astoria clutches Harry's bag.

"OOOH, YES! CUM INSIDE ME! OH YOU FUCKER, YOU BETTER CUM INSIDE ME! PAINT MY FUCKING PUSSY, SHOOT YOUR CUM IN MY WOMB! OH MERLIN'S THIRD NIPPLE, THIS FEELS SO FUCKING GOOD!"

Harry hammers Astoria harder and harder when his climax reaches. Her moaning and sweet sinful words are in her ear. She raises her hips back. The fertile young witch squirms in his grip and makes sure his cock is buried inside of her. The tip kisses her womb and Astoria's hips shove against Harry's.

She stretches so hard, and Astoria feels his power build up. She tastes the cum earlier, and now she wants it buried inside of her. Astoria clamps her nails down onto him.

"Ready or not," Harry groans.

"I'm fucking ready alright."

Both lovers see stars when Harry drives his cock into Astoria. Astoria clutches him tighter with Harry's love muscle discharges its bounty inside of her. Splatters of seed fire into her and inject into her womb. Astoria clamps down tighter on him and milks him, making sure the cum fires where it should be. Such a treasure should not be wasted.

Harry groans while pressing against Astoria's beautiful body and burying his seed into her willing
womb. The witch takes a full load of cum inside of her, with Harry injecting and sending his potent cum into her very fertile womb.

"Thank you," Astoria breaths.

Did she beat Daphne with something? Well only time and pregnancy tests would tell. Astoria slumps over, with Harry pulling her up. He summons her clothes and repairs the damage done for them.

"See you tomorrow after dinner," Astoria says. "I'm sure you have plenty to teach me."

Astoria grabs his ass and puts her panties in Harry's hand before leaving. She cannot wait to rub this in the face of that bitch Parkinson, and all of the other cunts who thought they were all that.

End.

Next Chapter: 2/16/2018.
There's another Blog Exclusive chapter, starring Gwenog Jones with Harry. It's titled "Hook Up." Head over to the Blog Exclusive Chapter Archives to check it out. Link is on the profile page.

Royal Treatment(Shuri from Black Panther)

One of the Death Eaters moves towards a crate only to find an obstruction in his pathway. The dark-skinned woman jumps into the air and slashes at the man's face. He tries to pull a wand on her. The warrior dodges the attack and kicks her adversary right in the face. The attack drops him down.

Off to the other side, Harry Potter pulls two other Death Eaters down to the ground. The other one turns around and blocks a stunning spell. A glare of purple light comes close to blasting Harry. Harry deflects it back and disappears into a fade of light and comes behind the creature.

His companion jumps in and clocks the enemy in the back of the head. Harry raises an eyebrow in response.

"I had that one."

A smile pops over the face of the woman who drops her enemy.

"And I had him quicker...and you just had that one."

A blast of light flies over her shoulder and catches one of the enemies flush in the face. The attack drops him down to the ground. Harry pulls the Death Eater up and slams him through a glass door to take him out. He turns to his partner, smiling.

"No kidding, Shuri, that's all of them."

The Princess of Wakanda steps on top of the face of one of the Death Eaters. She pulls him up and makes sure they stay secured. She turns to the crate and opens it up. Shuri takes her time to bend over at the crate and give Harry a nice view.

"So, that's everything?"

"Yes, it is. I have to admit, I had some doubts about you but you've done rather well. I'm impressed."

Harry smiles when she turns around. Shuri reaches in and grabs his hand.

"You're nothing like I expected. You could have turned away and instead, you helped me get back an item which could have benefited you by creating more powerful wands and other magical artifacts."

"They would have caused too much damage. And the people who would have used it would have harmed countless. Sometimes, we're just not ready to have nice things."

Shuri shakes her head.

"If there's more people like you, you might be closer than you think."
The two move in closer with the Princess looking the Wizard in the eyes. There's something enchanting about him which draws her a bit closer. She takes the plunge and kisses Harry on the lips lightly.

Harry finds himself a bit taken aback by the fact the Princess of Wakanda kisses him. A hand puts on the back of Shuri's head and deepens the kiss. The stroke of his bicep and then his shoulders show much how she wants it. Harry deepens the kiss and grabs her ass to push her in harder.

She pulls away from Harry with a small smile on her face.

"Do you mind taking this elsewhere?"

Harry wraps an arm around her and then they disappear with a pop. They end up in a bedroom and Shuri already backs away from Harry. She slips his robes off and then takes his shirt off. His muscular body causes Shuri to smile. The perfection on him makes a tingle rise through her.

"Let's see all of you."

Shuri removes his belt and pants. She pulls them down and then leans down. A pair of boxer shorts come off and reveal Harry's cock to the world. She eyes it with appreciation.

"Yes, I can work with it."

Shuri slips off her skin-tight outfit to reveal a perky set of dark breasts, a flat stomach, and a very tight looking pussy, along with long athletic legs which stretch down forever. She turns around so slightly and enjoys Harry's view going on her ass. His hands press against her back when he leans in.

"Getting a bit bold, are we?"

It's not a challenging voice much like a teasing or a playful voice. Harry leans in and kisses Shuri's neck. He can tell that the Princess enjoys this just as much as he enjoys touching her body. A soft and not so subtle amount of torment cascades over every inch of her body.

"Don't you like that?"

"Yes! I do."

Harry feels up Shuri's athletic body. The perfection caressing underneath his nails riles him up. He turns her around so the two of them go face to face. Harry's hand moves behind Shuri's head and he leans in to kiss her. The kiss is something she returns with ravenous glee.

The powerful wizard's touch sends Shuri into a new world of pleasure. He rolls his hands all over Shuri's body. Every touch drives her to pleasure. Harry reaches underneath her chest and cups it.

Turning slowly, Shuri puts herself chest to chest with Harry. One of her legs lifts up and Harry leans in with a deeper kiss. Shuri's warm tongue caresses the inside of Harry's mouth and deepens the kiss.

He guides Shuri down onto the bed. Encouraging, and at times challenging, eyes come out. Harry leans in and kisses the Princess of Wakanda on the side of the head. His touch moves down to her body and caresses her. Her nipples stand up and Harry grabs them.

A lovely squeeze sends Shuri further into this world of pleasure. His hands, despite the cheesiness of the statement, are pure magic. He keeps moving closer and closer to her. Each kiss down her
body brings Harry closer to a certain point which stimulates Shuri and makes her body call for him.

"Taste me."

The half-command and half plead sends Harry's tongue into her. The moment Harry starts working his magic on her, with his tongue vibrating, Shuri just wants to pass out with the pleasure.

A hand pins the back of Harry's head in place. Tasting Shuri only encourages Harry to go in further to sample the juices flowing. He wants to get her working up.

"Again! More!"

A smile passes over Harry's face. He lightly caresses the inside of Shuri's lips and then goes to the outside.

"Getting pretty pushy, aren't we, Princess?"

A finger flicks down onto Shuri's clit and sends pleasure firing through her body. Harry teases her and then goes back to eating her. The energy coursing through her loins brings Shuri into a wave of pleasure as she's about ready to cum and cum hard. Harry edges her a bit closer, drawing out every moment.

"I know...what I want!"
