The Breeding Ground

Summary

Various one shots Harry's various naughty adventures (or misadventures, depending on your angle), with women. Not for children.
Birthday Surprise(Ginny and the Patil Twins)

So, I have a list of Harry Potter related women at my disposal. I will pick a random number between one and four. Then I will pick names off the list at random with a randomizer. Then, I'll try to write some kind of little lemony one shot around it. I will say the random number gods were pretty favorable on this one.

Wild cards (aka girls not in the Potter fandom) may be added in future chapters to the Potter list, but not for the first few rounds. This really isn't a new story, just one shots I write for the sake of writing something different than my usual stories, put together for your convenience. So updates will be...spaced. Sometimes, you might have two a week. Other times, you might not have one for a month if you're lucky.

Birthday Surprise.

Ginny Weasley thought about it long and hard, and wondered what to get Harry for his birthday. What did you get for the man who had pretty much anything? For several weeks, Ginny thought about it, fished for suggestions and came up short.

The answer to the question to what to get for the man who has everything is something extremely practical. The youngest Weasley smiled and waited for Harry to return home. In their bedroom, Ginny stored a surprise which would knock Harry's socks off. Along with the rest of his clothes, if Ginny could say so herself.

The attractive redhead pushed her hair back and smiled. Ginny slipped on an extremely comfortable nightdress, which fit around her curvy frame. Her round, firm, breasts pressed against the dress, at least enough to show she didn't wear a bra underneath. A second later, Harry arrived outside of the door.

"Hi, Harry!" Ginny exclaimed.

Harry raised his eyebrow, and seconds later, Ginny pounced into his arms, wrapping her arms around him. She kissed him as hard as possible. Harry reminded her not to overstep her bounds, pushing his tongue into her mouth, before forcing her against the wall. Harry pinned his hands behind her head.

"What did you do?"

The forceful nature of Harry's voice caused Ginny's nipples to harden along with her loins to moisten. Regardless of the fact Harry pinned her against the wall, eyes scanning over her like an interrogation, Ginny tried to give him a winning smile.

"I don't know what you're talking about, Harry."

Harry smiled and denied Ginny's attempts to lean forward with another kiss.

"You have a look on your face like you committed some kind of crime," Harry said.

"Well, it's not technically a crime, per say," Ginny said.

Harry ran his hands down Ginny's body, rolling over her shapely hips, before squeezing her cute butt through her night dress. Harry continued to roam down Ginny's thighs, but stopped short from
hitting her.

"No panties," Harry said.

"Come on, you know how much they get in the way."

"Which means you've been a really naughty girl," Harry said. He cupped her inner thigh for a moment and leaned in towards her, smiling. His breath hit the feisty girl's neck. "And you know what happens to naughty girls."

"Yes, sir, naughty girl's get spanked, and fucked in the ass," Ginny said.

Harry smiled at her.

"The paddle is where you left it, love," Ginny continued, trying to give her hips as much of a seductive sway she could when pinned against the wall.

"Well, I'll keep it in mind," Harry said. "When you tell me what you've done."

Ginny blinked and experienced his power rolling over her. Ginny wanted him so badly, but managed to keep calm enough. He squeezed her in his hand.

"Damn it…it's a surprise, Harry," Ginny said. "Happy, birthday."

Harry smiled and licked the side of her neck, before pulling back.

"So, where is, my surprise?" Harry asked.

Harry reached up, tracing his finger over Ginny's cheek and caused her to shiver. He smiled, and waited for the vixen to answer.

"Well, Ginny, I'm waiting."

"Up in your master bedroom, Mr. Potter," Ginny said. "I spent some time making sure they were in working condition."

Harry understood exactly what Ginny meant. He leaned in closely, licking Ginny briefly behind her ear lobe, causing her to shudder.

"I bet you did."

Harry punctuated the husky tone with a slap to Ginny's rear, which caused her to squeal in response.

With eagerness in her eyes, Ginny watched her boyfriend ascend up the stairs of their house, licking her lips in anticipation.

Harry swung open the door to be greeted by a sight. Two nearly identical Indian twins laid on the bed, tied against the bed. Parvati Patil dressed in a red top which strained against her body, with a red veil draped over her face, and tight red pants, with bracelets on her ankles and feet. Her feet looked completely bare. Padma wore the same attire, only instead of red, she wore blue attire.

A sweep over their bodies caused Harry to smile. He noticed Padma looking a bit more into this than Parvati was. Of course, it didn't mean Parvati wasn't into it.

'You know what they say about the quiet ones.'
Harry smiled and removed the gags from both of their mouths.

"Hello Harry," Parvati said. "Happy birthday."

"So, did Ginny abduct you two?" Harry asked.

"Well, she convinced us to help....prepare for a surprise party," Padma said. She smiled and looked at him. "We had no idea bondage was involved."

"Although, we've done this all the time at home, with each other," Parvati said.

A certain part of Harry's body pretty much said "tell me more."

"Master, could you please untie us so we can wish you a happy birthday?" Padma asked.

"Please, sir, we'd make you feel so good," Parvati said.

Harry smiled and waved his hands, causing the ropes to disappear from the Patil twins, and Ginny to be bound to a nearby chair in the room.

"HARRY!" Ginny yelled. Despite her protest, her nipples grew so hard at being tied up and forced to watch this spectacle.

Before Harry could respond, the Patil twins pretty much jumped him. Harry caught Parvati in his arms, and she kissed him full on the lips. Her legs wrapped around him, with Padma dipping behind him and kissing him behind the back.

Harry smiled and withdrew the kiss. Padma already removed Harry's shirt and started to kiss the back of his neck, with a smile on her face.

"Why don't you take off my pants? They're feeling a little bit tight."

"Yes, sir," Parvati said with a smile on her face.

Parvati kissed Harry's chest. Her hot tongue lingered down Harry's abs, before she worked his pants off, and pulled his underwear down.

"Mmm," Parvati said. She wrapped her hand around Harry's throbbing cock and started to pump it up and down.

Harry smiled, and ran his hands over Padma's body while Parvati worshiped his cock. The young woman swirled her tongue around all of Harry's length, licking him all over.

Padma gushed from what Harry did. Each little caress of her body sent chills down the spine of the Ravenclaw Patil.

Parvati stroked his cock three times in succession, before giving it a long lick.

"Do you think you can get it in your mouth, love?" Harry asked. Parvati smiled when she swirled her tongue around Harry's throbbing manhood, licking all the way around him.

Padma leaned back on the bed, pulling her pants off, to reveal her dripping mound, with a strip of black hair on it. The sexy girl bit down on her lip.

"Would you like a taste, master?" Padma asked.
Harry couldn't respond right away, on the account of Parvati sucking his cock. Her tongue swirled around his manhood, licking him all over, covering him with spit.

"Yes," Harry said. He shifted himself, towards Padma's waiting pussy.

Harry's tongue extended a few inches as he slipped it inside of Padma's dripping center. He swirled his tongue around her pussy, prompting Padman's thighs to push up.

Parvati slurped away at his tasty cock. She couldn't wait to get his seed.

'Being such a powerful wizard....he must have some really tasty seed.'

Parvati kept slurping his manhood again. Harry smiled and leaned down, while making sure her eyes locked on her sister's pussy.

Padma screamed at the top of her lungs, when Harry used his tongue to trace the alphabet inside her. The woman breathed heavily with Harry pushing his tongue into her, making a zagged Z inside her pretty pussy.

Letting her go, Padma's pussy arched up and down, spilling he juices on the bed.

"Suck my cock like it's your job, pet."

Parvati leaned in, bringing her hot mouth around his throbbing hard manhood. The woman kept swirling her magnificent cock.

Harry groaned and fired the contents of his balls into Parvati's waiting throat. The young man unloaded stream after stream of delicious cum into Parvati's waiting mouth.

"Go share your prize with your sister."

Parvati smiled and beckoned Padma forward. Padma walked over to Parvati, with the two of them approaching each other. Their arms wrapped around each other and both leaned forward into a steamy embrace. Pressing their breasts against each other, the two twins snogged, swapping seed between each other.

Harry smiled and pushed them on the bed. He relieved both of them of their clothes, which caused them to be as naked as the day they were born.

"Whoever cums first, gets my cock last."

Harry smiled and closed his eyes. His tongue split in half thanks to a nifty little charm. Half of his tongue brushed against Padma's pussy while the other half brushed against Parvati's pussy.

"No fair, I have...more," Parvati said.

"No, you don't!" Padma yelled, reaching over to grab her hair.

"Cheater!" Parvati said. Her sister knew how much having her hair pulled turned her on.

'Ladies, behave, and neither of you will win.'

Ginny's amusement almost outweighed her frustration at what happened. She watched both of the girls struggle.

Parvati's competitive spirit rolled over. She would not be outlasted by some bookworm like her
sister. Even if she was adept with the handcuffs, old habits died hard. Parvati screwed her eyes shut, thinking of anything gross she could manage. Snape in a thong, Dumbledore doing a pole dance, Umbridge and Filch making out.

Nothing, Harry's skilled tongue caused Parvati to break.

Padma just let it ride out, knowing her orgasm would be slowed if she didn't fight it. Parvati didn't learn the lesson quite yet.

"Oh…yes…almost…can't…let….."

"Don't you want to cum, Pad?" Parvati asked in a taunting voice.

"Too slow, little sister," Padma said.

"Hey, you're only older than me by thirteen seconds…."

Parvati experienced a heavy peak and it all came crashing down on her. Her mind exploded into a cascade of pleasure. The frustration of losing almost was blocked out by the pleasure of cumming.

"You lose," Padma said.

"Barely," Parvati said.

"You can go play with Ginny until I've taken your sister."

Parvati smiled and she flipped her hair, sweat rolling down her face, along with her juices rolling down her legs.

"So, what do you want me to do to her, sir?" Parvati asked.

"Use your imagination," Harry said.

Parvati returned her gaze for Ginny with a wicked grin and walked over towards her. Ginny almost experienced terror, but why was she so horny?

"Payback time."

Harry smiled and spread Padma's legs. He started to kiss her up and down her body.

Padma twitched, each kiss caused her to become hornier. Her pussy grew so damp she could soak entire oceans. The woman's pussy moistened the closer Harry grew down.

"Do you think you're ready for my cock?"

"Please, Harry, fuck my brains out," Padma said.

Harry chuckled.

"Well, good thing I can go a long time," Harry said.

"Yes, good thing."

Harry slid his cock into Padma's tight pussy, causing her to close her eyes. For the briefest second, Padma experienced pain. Harry grabbed her firmly by the hips.

"It's like pulling a band-aid off…hurts a lot less, if it's over…quickly."
Padma screamed when her hips rose up into the air. The first real cock speared into her pussy. Her tight cunt stretched around him.

"Parvati never penetrated you, did she?" Harry asked.

"No, you're my first…came close, but I…chickened out," Padma said.

Harry smiled and rolled his hands all over Padma's sexy little body, cupping her breasts. Her nipples stood out, begging for attention.

Parvati shoved a dildo deep into Ginny's pussy.

"Not as big as Harry, why are you bawling like a baby?" Parvati asked.

"Please, Parvati…I just…"

"If you would have told us, this would have been a lot easier," Parvati said. She pushed the dildo into Ginny, transfiguring it to cause it to swell in her and contract like a real cock pumping inside her. "Come on, scream for me."

"Fuck you."

"Maybe later," Parvati said with a wink.

Parvati forcefully kissed Ginny and she returned the favor, shoving her tongue into Parvati's mouth. The two girls swapped spit, as Ginny tried to dig for the remnants of Harry's cum.

"Yes, Harry, deeper!"

Padma screamed for the heavens, placing her hands on Harry's back. He bottomed out in her pussy.

"Such a good girl like yourself shouldn't be this horny," Harry said.

"No, I'm not a good girl, Harry, I'm a really naughty girl," Padma said. Her hair flipped about her face, with a grin on her face. "I'm going to cum around your big cock. Can I please cum, sir?"

"Yes, you can," Harry said. "Go ahead and cum, cum like the dirty little slut you are."

Padma pushed her hips around Harry and allowed her cum to be soaked out. She collapsed to the bed, the shock from the cum around her.

Harry waved his hand to get the attention of Parvati and Ginny, both who looked very busy.

Parvati jumped halfway up the air, when a tentacle appeared to brush against her opening. Harry used the invisible tendril to pull Parvati forward.

The other Patil twin approached Harry, his cock aimed for her opening. Parvati's pussy opened up towards him and Harry's cock shoved inside.

"Just like old times, Harry?" Parvati asked.

"Yes, your pussy is as tight as ever," Harry said. He pushed into her.

"Your cock is the only one that feels right," Parvati said. Her hips clenched him.

The warm velvet center pressed against his massive prick. Parvati squeezed and released him.
Harry allowed himself to be engulfed with her glorious friction.

Ginny realized the dildo left inside her had been hooked up to Parvati's pleasure centers thanks to the magic of magic. She really wanted to reach up and caress her breasts, her thighs, and her butt, along with everything else, but one problem, her hands were still tied, and she was pants at wandless magic.

Parvati bounced up and down on Harry's cock, riding it hard. Despite the fact Harry permitted her to be on top, his hands guided how fast or how slow she bounced. The soreness spread between Parvati's thighs, but the pleasure exploding through her body made her feel so amazing.

Harry smiled and looked into Parvati's eyes. He grabbed her breasts, squeezing them. They were a bit firmer than Padma's, but just a little bit. Harry would need to explore it.

"Damn, you're going to make me cum."

"It's the general idea, sweetie," Harry said, his hot breath hitting her ear.

Parvati's body pressed down against his manhood, releasing her juices onto him. She must have came hard at least twice straight in a row. Maybe one really big orgasm hit her. With Harry, she found it hard to tell.

Harry pulled out of Parvati and smiled. He walked over to Ginny, her battered pussy dripping with juices for him.

"You've been wanting this, haven't you?" Harry asked.

"Harry, you motherfucker, don't tease me," Ginny said.

Harry swirled his thumb against her and smiled.

"You will not jump me when I loosen these ropes."

"Yes, sir."

Harry caused the ropes to loose, testing Ginny's obedience. He transformed the chair into something a bit more softer and tore Ginny's night dress.

Ginny restrained herself from shoving Harry's face into her breasts. He cupped them and played with them.

"You're making it so bloody difficult for me not to jump your bones," Ginny said through gritted teeth.

"It's worth the wait."

Harry brought his throbbing cock against Ginny's hot dripping pussy, and she almost sucked him in through either magic or just plain horniness. Regardless, Harry explored her extremely tight pussy.

"Remember, this belongs to me," Harry said.

"Never doubt," Ginny said.

The Master of Death squeezed Ginny's breasts and ass, signaling pretty much what else belonged to him. He swayed his hips back and forth, pushing his massive cock deep between Ginny's thighs.
Each thrust drove Ginny absolutely nuts, given her hands were tied, figuratively speaking, at least for the moment. Harry pushed deeper into her depths.

Ginny allowed herself to lift her hips, pushing his cock inside her. She matched Harry one hot stroke, after one hot stroke.

"You're almost done already?" Harry asked.

Padma and Parvati rested on the bed next to each other, engulfed in an enthralling embrace. They pushed their nipples together, rubbed their pussies together, and spanked each other.

Ginny tried not to cum, but damn it, Harry's cock proved to be extremely hard to resist. Especially with his hands rolling over her extremely firm peaks. The young man entered and exited her, pounding her pussy.

"YES!"

Ginny's tight pussy came around Harry's cock. Her loins wrapped around his massive cock in an attempt to milk Harry. The attempt fell short when Harry's still throbbing cock slid out of her and Ginny slid down to the ground. Harry prevented Ginny from hitting her head.

Harry turned his head around and he viewed some perfectly prime Patil pussy, where he could finish the job in.

Parvati eagerly anticipated round two, with Harry pushing inside her.

"I bet one of you girls would like a reward, wouldn't you?"

Parvati answered with an eager nod. Her pussy tightened around his cock.

"Padma!" Parvati whined.

Padma started to lick and suckle at her twins nipples, causing her to scream in pleasure and frustration. Her pussy tightened much faster around Harry's cock.

"She isn't up for it, sir," Padma said. She rolled over onto her hands and knees, waving her tight ass at him. "I've got the perfect place to put your cock."

Harry situated his hands around Padma's hips and pushed into her from behind. Her moist center squeezed his cock. Harry gripped her hips and slipped almost out of her, before slamming into her body.

Parvati looked up, in a haze, and jealousy. The orgasm she should have gotten had been jilted out of her by Padma. When she got her sister alone, Parvati was going to have to spank the greedy bitch. Always thinking she deserved more because she was thirteen seconds old.

"Your pussy feels so fucking hot, Padma," Harry said. "But, do you think it's worthy of storing my seed?"

"Oh yes, sir, shoot your cum into my womb, paint my walls white with your jizz!" Padma said. She spoke in a hot, sultry voice.

Harry pushed into her a few more times, thrusting deep into Padma's depths. The young man penetrated Padma hard and his muscles tightened.

Padma experienced a boost of energy and power, when the powerful sorcerer shot his cum inside
her. Her pussy muscles tightened around him, careful not to miss a drop.

"MMM, YES!"

The extremely passionate yell she gave from her orgasm caused Parvati's jealousy to increase.

"It should have been mine," Parvati said.

Harry smiled, pulling out of Padma. Her pussy overflowed with the cum he shot into her pussy. He smiled and turned to Parvati.

"Well, ladies, I have a three day weekend...so I really hope you're not going to disappoint me."

End.
Cho Chang made her way back from a late night stay at the library. NEWT year meant she spent a lot of time in the library to study. The uncertainty of the war made her wonder what kind of future she would have, but if there was a future; Cho wanted to be the best.

She half paid attention to where she traveled, when she almost ran into someone in the hallway.

"Sorry."

Cho’s eyes snapped up when she realized who she ran straight into.

"Um, hey, Harry."

Harry gazed about Cho. Her skin shined in the moonlight when she looked at him. He hadn't really seen her much or really talked to her since they had a falling out last year. To be honest, Harry thought the relationship wasn't the best thing for either of them at hindsight.

The most chaotic force in the universe played their nasty role in driving Harry towards her. Teenage hormones brought Harry to Cho; even though the nagging thoughts a relationship wouldn't be the best. Especially with the baggage which dogged both them. Cho dated Cedric and Harry saw him die.

One look at Cho showed Harry why he pushed any objections in her mind. Her silky black hair shined in the light. Her bright brown eyes looked at him with warmth. Her soft lips and elegant cheek bones showcased her beautiful face. Her robes parted down to show an abundant amount of cleavage.

No one could take away from Cho’s legs, which Harry thought were her best feature. Strong and beautiful, and a nice rear to match.

"Cho," Harry said.

"So, what are you doing out here?" Cho asked.

"I wanted to go for a walk and clear my head," Harry said.

Cho nodded in response.

'Given how much he has on his mind, who could blame him?'

"Harry, I need to talk to you…about last year," Cho said. "Do you think you can….."

"I know of a place where we can go," Harry said. Cho raised her eyebrow. "Actually, I've been meaning to talk to you after last year as well….because our relationship….."

"It didn't work," Cho said.

She waited to see where Harry led her off towards. Harry grabbed her arm and lead her down a corridor. They made several turns.
Cho blinked. Seven years of Hogwarts and she never made her way down this corridor.

'Given the adventures he's been though, of course he's seen areas of this school where only half of us will ever dream of,' Cho thought. 'And I bet anything the truth is a lot stranger than fiction.'

The eighteen year old Ravenclaw shook her head. She allowed the Boy-Who-Lived to lead her into a classroom.

"They haven't used these classrooms in years," Harry said.

"I wonder why," Cho said. She shrugged. "Guess your guess is as good as mine."

Harry nodded and led her inside.

Cho wondered if she was quite ready to face the music. A huge part of her did like Harry.

'You never realize what you have until you buggered it up beyond all belief.'

'Harry, I was completely and utterly unfair to you last year," Cho said.

The truth set people free and the fact she blurted this out made Cho feel a bit relieved.

"I should have….I should have known what a sore spot talking about Cedric was," Cho said. She took a deep breath. "He was killed in front of you by….V-Voldemort."

She couldn't believe she said the name. Harry saying it inspired a lot of them to get over the fear of the name. Fear the man most certainly, but fearing the name was silly.

"We shouldn't have even been in a relationship," Harry said. "It just happened so fast."

Cho agreed it happened so fast. Too fast for her liking and it was over before she knew it and there were a lot of hard feelings involved and many nights where she stayed up all night, depressed about her life. She managed to pull herself together over the summer and throughout this year, but it was hard.

The only thing she couldn't do was look Harry in the eye.

"I kissed you, and then we were dating…and…..well, I just wanted some level of stability to cling onto," Cho said. "And I did like you...I do like you...."

Cho wondered if she stood too far.

"You could have asked me out to the Yule Ball and I would have said yes, if you had just done so before he did," Cho said. "We weren't really dating until after the Ball you know."

"I didn't know," Harry said.

"Of course, I didn't tell you anything, I just assumed," Cho said. "I assumed you knew everything….don't you see….a relationship can't work like that….a relationship shouldn't work like that….and I thought….well I always jumped to the worst conclusion. And there's the thing with Marietta….I acted go at the wrong person."

Harry almost could tell Cho wanted to get this off of her chest.

"I should have never made her come to the meeting," Cho said. "If I didn't..."
Harry pressed his finger to her lip.

"We couldn't be hung up on what might have been," Harry said. "Dumbledore….I don't agree with him on everything, but…he told me that, and he makes sense."

Cho nodded, she agreed.

"I strung you along to…"

"I was your rebound," Harry said. "Your outlet, wasn't I?"

"Yes," Cho said.

"You were confused," Harry said. She nodded. "I was confused….we both didn't know what the hell we were doing."

"I knew better than you did….no offense."

"Believe me, none taken," Harry said. "I thought you'd been avoiding me all year, because you were mad at the breakup."

Cho shook her head.

"If I was mad about anybody, it's me," Cho said. "And I really want to make it up for you…I treated you like a replacement gold fish…and it wasn't fair."

Cho stood up straight and looked Harry directly in the eye. The Boy-Who-Lived stared back at her.

"I really want to make things right."

"Yes, Cho, I do too."

Harry and Cho leaned forward and their lips met together with an intense kiss. This wasn't like the wet embarrassment they shared in the Room of Requirement this year. Cho had no guilt for what she was doing, at least not as much as she did the last time she kissed Harry.

This time, Harry actually kissed Cho back and didn't stand there like a deer in the headlights. He had a lot of time to think about what he would have done differently. His tongue worked his way slowly into Cho's mouth on pure instinct. Cho moaned into his mouth and returned.

Cho couldn't believe she had been kissed like this. A far cry for the diabolical of a kiss she experienced last year. She wondered if Harry picked up a bit more experience along the way. She couldn't be bothered to ask because the Ravenclaw feared the answers.

The pretty seventh year broken away from Harry. Her lips looked swollen and her face looked flushed.

"Better than last year?" Harry asked.

Cho nodded for a second. She tried to come to her senses.

"Harry, I know how this could end….you're a powerful wizard, and I'm a witch in need of….a good shagging," Cho said. She started to peel her robes off. "But, we really should stop right now."

Harry watched her robes removed. She wore a blouse which she filled quite nicely. The skirt looked about as short as Hogwarts would allow. It fit swiftly around her tight ass. Her long, tanned,
legs begged to touched, caressed, and played with.

"Why are you taking your clothes off?"

Cho realized she started to unbutton the top couple of buttons of her blouse. She realized Harry slipped out of his robes as well before her.

"It's getting hot in here," Cho said.

Cho allowed herself to be swept off her feet with a kiss one more time. Harry released her lips and started to attack her neck.

Cooler heads had been knocked out of the equation by raging hormones. Harry's hands started to roam over her body. His hands worked all over her legs.

Harry massaged Cho's flesh. Her legs were so soft and smooth. He couldn't get enough of touching them. The rest of her looked rather well as well.

"Look me in the eye, and tell me you want to stop," Harry said.

"We shouldn't….but I want to!" Cho yelled.

"Well, don't worry about what we shouldn't do then," Harry said. He parted her thighs. He ran his fingers all over her lacy black panties. They soaked with the obvious signs of arousal. "And you're wet."

Cho flushed for a second. She couldn't deny how wet she was. The Ravenclaw rose her hips which allowed Harry to slide her panties off of her.

"Just one night," Cho said.

"Just one night," Harry said.

'Oh for the love of Ravenclaw, please let this not be a dream.'

"This isn't a dream, Cho," Harry said. He started to massage her legs. "You won't be waking up with sticky panties this time…this is the real deal."

Cho wondered how Harry knew what she thought and how her dreams about him ended. She could feel him slowly kiss up her leg and work underneath her skirt.

Harry's head disappearing underneath her skirt made things feel all this more naughty for Cho. His tongue slowly traced her dripping hot slit. He kissed the lips and sucked on them, before slipping the tongue deep inside her center.

"Morgana's tits!" Cho screamed. She placed her hands on the back of Harry's head, but she could barely move.

He worked her up to an intense orgasm. Harry manipulated the inside of her cunt like an artist. She was his canvas and his tongue was her tool.

Harry traced letters in Cho's pussy with his tongue. The tongue rattled inside her. The woman gushed when Harry drove her to an orgasm.
Cho's hips bucked wildly. The first orgasm flowed through her body. She worked all of the buttons of her blouse open and her bra started to slip off.

"HARRY!"

Harry buried his face between Cho's thighs. He licked her sweet juices. They tasted like lemons and he couldn't get enough of sucking them down. Cho lifted her hips and came in his mouth. He licked the sweet juices off of her and rose to his feet.

"Tell me you don't want me to fuck you."

Cho shook her head. Why would she tell him something like this? She rose to her feet.

"Why should I have all of the fun?" Cho asked. "Why should I get all of the pleasure?"

Cho threw herself at Harry and kissed him with intensity. She tasted her juices on Harry's lips. This taste prompted Cho to attack his lips even more and wrap her legs around him.

The dark-haired vixen removed Harry's shirt to reveal his toned body. She hated Hogwarts robes sometimes. Cho ran her hands around his body.

"That's it, worship me."

Cho worshipped him with a series of kisses to his chest and made her way down to his abs. She planted a series of intense kisses all over his body. She teased his pants line and started to remove his pants. The bulge in his boxers caused Cho's lips to water.

One more tug brought down his boxer shorts and brought his massive cock out into the open. Cho's eyes widened when she looked at the thick and long cock before her.

'Guess what they say about wizard's and their power are true...at least in Harry's case.'

Cho wrapped her hand around him to test the length in her hand. She stroked up and down and worked him over.

"Good, but don't you want to have my hard cock in your mouth?" Harry asked.

Cho flushed, she wanted just what Harry suggested. The raven-haired beauty dropped to her knees on her cloak. She took his large cock into her mouth and started to worship her god.

Harry closed his eyes and placed his hands on the back of Cho's head. He guided his thick cock into her mouth. The manhood pierced into the back of her throat with each hard and intense thrust.

"You're a good little cock sucker, Cho," Harry said. He placed his hands on the back of her head. "Keep it up....keep it up nicely."

Cho pushed her lips around him and took his length further into the depths of her mouth. She wrapped her hand around his balls and started to stroke them.

The lewd sound she made with her lips drove Harry further to the brink. Her throat felt like a perfect little fuck hole around him. The Chosen One shoved his mighty rod down the throat of the older girl. She took it into her throat like the perfect goddess she was.

"Suck me, Cho, suck me like your life depends on it."

Cho rocked forward and took his length into the back of her throat. Desperation filled her body.
She didn't want to disappoint it.

"You're doing a good job in making things up to me….you feel guilty because you were trying to use me last year, weren't you?"

Cho sucked his cock even harder yet to make things up for it. She ran her fingers between her legs and gained relief. The thing tool stuffing her cheeks caused her to lose her mind.

"And now you're going to take a big load of cum down your hot little throat," Harry said. "But, I bet you like it…I bet you get off on it…don't you? Because you're such a brilliant cocksucker."

Cho didn't know what came over Harry, but she liked it. She liked the fact she dominated his face.

Harry smiled. Practicing on those bitches on Privet Drive came in handy. He would have to thank the Dursleys for giving him a criminal reputation. They didn't realize hot bitches dug bad boys.

Cho worked her mouth around Harry's massive rod. She could taste him and wanted even more of him. Cho's hand stroked around his balls and started to stroke him. The cream coaxed closer towards the edge of her mouth. Cho took him into the back of her throat.

"Close, you're going to get a treat."

Cho sucked him even harder. Harry enjoyed her hot throat working him over. Her lips, her tongue, everything worked over his massive rod. She worked him over well.

"Don't waste a drop."

The eighteen year old witch intended not lose a drop of it. She twisted the part of his cock which was not in her mouth and licked and suckled him.

Harry grunted and slammed into her throat. Cho almost gagged on his full cock inside her throat. She managed to hold and accept the huge load spilling down her throat. Harry pumped the load into her mouth.

Cho slurped down the warm seed. Her body heated up and now she had this cock inside her mouth, she wanted it inside her body.

Harry pulled away from her and summoned a large comfortable chair. The sorcerer sat down on the chair.

Cho pulled off her bra and revealed her full, round breasts. Her nipples stood up.

"I'm going to suck your tits," Harry said.

He pulled Cho forward. Not a request, not he would argue. The Chosen One buried his face in Cho's chest. Cho rolled her head back and moaned, with his fingers questing against her.

"Please, Harry," Cho said. His finger brushed against her anus and caused her more pleasure than she thought she would have. "Please….really….please….PLEASE!"

Harry pushed her lips open and started to rotate his thumb inside her.

"Please what?"

Cho couldn't believe what he did to her. Her entire body hungered for him. Harry manipulated her insides and sent a little bit of magic on her clit.
"Fuck me…fuck my brains out!"

Harry positioned her onto his lap. Cho's wet pussy grinded up against Harry's cock. The young man inched into her and almost parted her hips.

Cho closed her eyes and felt the pleasure. Her mind drove wild with hormones.

"It's only half in," Harry said. "Surely you don't want to give up."

Cho refused to give up. She refused to be anything less than the best. She would take this entire cock inside her body and be fucked extremely hard. The Ravenclaw drove herself down on Harry's cock and felt him spread inch by inch inside her body.

"Bloody hell, you're inside me!"

Cho dug her nails into Harry's shoulder. The teenage witch started to bounce up and down on Harry's cock. She took him into her body and stretched herself out.

"Good job, Cho, five points to Ravenclaw."

Cho snaked her arms around her back. She brought the point of her pussy down onto his thick rod. Cho felt his cock bursting on him.

"Don't stop, it will hurt more if you stop," Harry said. "Ride me."

Cho kept riding him up and down. His cock buried into the depths of her body. The raven-haired goddess brought her hips down onto his manhood.

Harry ran his hands over Cho's gorgeous body. She bounced up and down on his manhood. The sultry vixen drove him up and down on his prick.

"How is this making you feel, Cho?" Harry asked.

"Good….so good!"

She slid her pussy down onto his cock. Her love box clutched him. Cho wondered when she would come. Harry's hands cupped her breasts and made her bring down onto him.

"Do you want to cum?" Harry asked. He leaned in and nibbled her neck. He moved down and planted kisses on Cho's neck and on her collarbone. He attacked her chest.

Cho couldn't answer. The back up in pleasure in her body caused Cho to bounce higher. The thick tool had been brought into her body.

"Yes, Harry, please."

Harry toyed with her a little bit more. He pounded her. Her beautiful pussy tightened around him. He manipulated Cho's sexy body and managed to channel it like a G-spot. He bombarded her with the pleasure.

Cho's body tensed around him. She flooded his cock with her cunt juices. Her dark hair clung to her face which drenched in sweat along with the rest of her body.

"Oh, Rowena, how the fuck can I let you get away!" Cho breathed.

"Not so smart for a Ravenclaw, is it?"
Harry’s hands cupped Cho’s firm ass. She brought her hot hips down onto his manhood.

"It was for the best in the end," Harry said. "And I still got to fuck your hot, tight, pussy!"

The young man buried his rod into her and Cho's nerve endings hit another bombardment. His hands rolled all over her body. His hands roamed over her body.

The pleasure Cho felt fueled Harry on. He received a nice little boost of power by making her submit to him. It would serve him well nice.

"Guess heroes do get their prize after all."

Cho couldn’t really respond to this. She had been driven to another orgasm which cascaded over the Ravenclaw’s body. Cho never wanted to stuck fucking him.

"I control your orgasms now."

To demonstrate, Harry ran his hands down her legs and thrust into her. Every seven thrusts, Cho gushed with pleasure when Harry slammed into her body. The orgasm hit her with all of the force of a bludger. Her body brushed against his. Her soft body pressed against his when she rose up and brought down onto him.

"See my point," Harry said.

Harry’s hands cupped her and Cho gasped in pleasure.

"I want it….I want your seed," Cho said.

The lust of pleasure and power going through her. Harry smiled when he brought her down onto him.

"Don't worry…charms!"

Cho managed to articulate what she wanted. A part of her wondered if any contraceptive spell would win the rock, paper, scissors game of magic with the person who survived the Killing Curse from Lord Voldemort. She got wetter at the thought of Harry Potter knocking her up.

"Very well," Harry said. He smiled and pounded her pussy with a series of thrusts.

Cho screamed when Harry worked her pussy over with a series of hard thrusts.

'If this is one night…..my best night.'

"I wonder if you've earned my seed," Harry said. He teased her with a few more strokes. "Maybe I should see if your body can handle one more orgasm."

His finger’s traced down her spine. Cho’s wet cunt slammed down onto him and her body thrashed up and down onto him. Her mind exploded with pleasurable sensations. The eutrophic spreading over her body couldn’t be described. She hit her peak and came down onto him.

Harry drove his face between Cho’s tits and thrust into her body. He came inside her with an amazing fury. Harry buried several thick spurts of seed into Cho’s cunt.

Cho came multiple times before Harry buried all of his thick seed inside her pussy. Her cunt squeezed and tried to milk his balls drive.
The Ravenclaw collapsed on Harry's shoulder and looked at him with a dazed expression.

"Better not be a one time thing."

Harry smiled and kissed her behind the ear. Cho shivered when Harry hit her weak spot.

"Any time you want, love."

The End.
Gabrielle Delacour graduated with top marks out of her year, and she could pretty much have any job in the world. And not because of the fact she was a pretty face either. The eighteen year old Veela princess had golden blonde hair, a soft complexion with soulful blue eyes. Her sizeable breasts squeezed into a tasteful white blouse, which came down to the plaid skirt she wore. She wore white stockings over her long legs which stretched down for miles.

The Veela Princess could have any job she wanted in the world with a combination of qualifications, connections, and her beautiful looks, but she chose a job where she could do something in the world.

Harry Potter had been a target. He had a tendency of ruffling some rather important feathers and pissing off some extremely dangerous people. Most of them had friends in low places.

Thanks to her qualifications, Gabrielle acquired a position as the nanny of Harry Potter's twin daughters. The money was more than good, not she needed it. The fact she owed Harry her life caused her to jump on the job.

And want to jump on him, if she had half the chance.

Veelas could be extremely fierce and protective of those underneath their care. Gabi was no exception. She proved herself from saving the twins from a kidnapping attempt. The poor kidnapper was currently in the long term spell damage ward, covered in burns.

The girls had been set down for a nap. Gabrielle decided to kick back and relax for a seconds. The security had been upped around the home since the near kidnapping attempt, which was about nine months ago. No one dared try, but Gabi dare not relax her vigilance.

The door opened. Gabrielle rose up to her feet, and paused, before smiling.

"Mr. Potter, I didn't expect you would be back so soon," Gabrielle said.

"My business meeting ended early," Harry said. "So, how are my girls?"

"They're perfect little angels," Gabrielle said, smiling at her employer.

"Which means they've finally crashed, haven't they?" Harry asked.

Gabrielle smiled and allowed herself a musical round of laughter. She frowned when she saw pretty much how stressed Harry looked.

"Sir, is there a problem?" Gabrielle asked.

"Just dealing with politicians all week," Harry said.

Gabrielle reached forward and patted him on the hand in a sympathetic manner. She did in fact understand where he was coming from. Her family was in the thick of political turmoil far too often.
"I'm stubborn, they're stubborn, you could imagine how well this goes," Harry said.

Gabrielle walked behind Harry and started to use her hands to massage his shoulders.

"Ms. Delacour….."

"You look tense, sir, and it's my job to help you out in any way I can," Gabrielle said. "Your wife….made it clear what all my responsibilities are."

Gabrielle continued to massage Harry's shoulders. Her breasts pressed against him.

"I'm here to help, Mr. Potter," Gabrielle said.

She moved around and smiled, running her hands down Harry's front. Her blue eyes looked into his. Her crotch pressed against his.

"After the week, I've had, I need you to help me all you can," Harry said, his hands wrapping around her slender waist.

"Oh, believe me, Mr. Potter, I intend to help you all night long," Gabrielle said, with a smile on her face.

She undid Harry's belt and pulled down his pants. Gabrielle licked her lips when she saw the tool which she had to work with. It caused her nipples to grow in front of her shirt.

" Seems like there's…a lot of tension down there," Gabrielle said.

"Well, why don't you do your job, and take care of this tension?"

The teenager smiled and descended down on her knees in front of the older man. She unveiled his huge cock to the entire world. Gabrielle wrapped her fist around him and started to pump him and down.

"Yes, Ms. Delacour, help me out a lot."

Gabrielle wrapped her cherry red lips around his swollen head. She gave it a long and sloppy kiss before pushing his manhood into her mouth.

"Are you sure you can handle helping me this much?" Harry asked, putting his hands on the back of her head.

Gabrielle descended down onto his cock throat first like the wonderful sex goddess she was. The back of her throat squeezed his manhood when she pushed deep inside him.

"You're such a good little helper," Harry said.

She bobbed her head up and down on his manhood. She suckled and released him. The Veela Princess wrapped her hand around his cum-loaded balls and started to rub them hard. Her fingers brushed against him.

Harry closed his eyes, feeling her warm mouth. Her throat felt extremely tight around his manhood. He grabbed onto her face and pushed into her mouth.

Gabrielle cooed at her employer's large cock pierced down her throat. Her warm lips captured his massive prick deep inside her mouth. Her throat expanded and relaxed around him.
"Getting closer," Harry said. "Hopefully you're ready for your reward."

Oh, Gabrielle was ready alright. She bobbed down on his manhood harder and faster, taking his thick prick deep into her throat. She could taste him, into her throat.

Harry pushed into her mouth. Another push launched the contents of his cock into her mouth. Gabrielle tilted her head back in time to accept all of his cum.

She rose to her feet, and smiled. Gabrielle unbuttoned her blouse to reveal her large tits in a nice white bra. The transparency of the bra gave Harry a perfect view of her nice nipples. She shimmied her skirt off to reveal her soaking white panties to him. She turned around for a second and bent over at the table, showing her thong to Harry.

"Looks like you need to help me now, sir," Gabrielle said.

Harry pulled her panties down to reveal her hole. The young man shoved his fingers inside her depths and started to pump her. Gabrielle cooed when Harry pushed his fingers deep inside her. He put one finger, then two, and then three, all pumping into her gushing pussy in succession.

"You've done such a good job, I think I will help you," Harry said. "Your pussy is so tight. Is this the first time you've been fucked?"

"By...a man, yes," Gabrielle said, closing her eyes.

"Who was the lucky girl?"

"My...my sister."

Harry smiled, the possibilities looked to be quite nice. He knew Veela were very much more liberated than more people, embracing the fact sex was a natural part of life.

"Well, pet, I hope you're ready for this."

Her tits fell out of her bra as Harry pushed Gabrielle into the coffee table. He rubbed the thick tip of his cock against her dripping slit and inched himself into her pussy.

Gabrielle almost lost her mind with Harry sliding inch by inch into her. He stretched her out.

"Only halfway."

This news caused Gabrielle's center to really gush around Harry's massive prick. The rest of him pushed inside her and caused her to moan with pleasure.

"Sir?"

"Yes, Ms. Delacour?"

"Please, more!"

Harry smiled and grabbed onto her hips. He felt up her ass underneath his hands. The firmness of her delicious rear made Harry want to explore it later. Right now, he settled for submerging his cock inside her tight teenage snatch.

Each time he slid inside her, Gabrielle saw a few more stars. She clenched onto the table. All of her energy concentrated to the area between her thighs. Harry gripped onto her hips and pounded her from behind harder.
Harry smiled, ramming into her again and again. His fingers traced patterns around her body. Every time he touched her, Gabrielle erupted with a little moan and more warm juices trickled down her thighs. Harry decided to play with her mind a little bit more, and start rolling his fingers down her body.

A certain spot on the back of her neck caused Gabrielle to become undone. Harry paid special attention to it and to her, teasing the beautiful goddess beneath him.

"Don't worry, you'll cum soon enough."

The small teases of orgasm caused Gabrielle to almost lose her mind. She tried to regain control of her own inner muscles. The fact this powerful young man dominated her, a Veela, caused her to clench him extremely hard.

"Just relax, it's coming soon," Harry said. "Focus on how good it makes you feel."

"IT FEELS SOOO GOOD!" Gabrielle moaned at the top of her lungs.

"I'm sure it does, let it go."

On cue, Gabrielle's loins started to erupt with pleasure. The pleasure spread all the way around her body and caused both of them to be surrounded by a momentary shield of fire.

Harry wasn't so deterred by the momentary spontaneous combustion. He kept with a steady pace to pound her from behind. His throbbing manhood slammed into her from behind. Another huge thrust rocked her body extremely hard.

Her sticky loins tried to clench out of him. Much to the Veela's dismay, Harry pulled out of her.

"No more."

She whined at the loss she experienced. Harry turned her around and pulled her to be on the couch with him.

"I want to see the pleasure in your eyes."

Gabrielle smiled, feeling his cock rubbing against her belly. She spread her legs and brought herself all the way down onto his cock. She rose up and bounced down onto him.

Harry observed the teenage goddess bouncing up and down on his throbbing cock. He enjoyed the help she gave him, her tight, wet, warm help. Her vaginal walls spread out and clenched him hard.

Gabrielle mewled because of Harry's touches.

"How, do you like this?"

She whimpered when Harry used his hands to massage her breasts. The more attention he paid to her nipples, the more Gabrielle lost herself with the lust she was feeling.

Harry drove his face between her creamy globes, suckling on the firm flesh between them. Gabrielle clutched onto the back of his head.

"They're yours…take them!" Gabrielle yelled, feeling more pleasure with his mouth working over her breasts.

Magic spread through her body. His hand moved behind her and he started to play with her ass.
Harry worked around and slipped a finger inside her ass.

Gabrielle cursed in French when he finger-fucked her ass, and drove his pulsing member into her. She never experienced anything so erotic in her life. His mouth also paid her breasts an ample amount of attention.

Harry smiled, burying his face between sweet heaven. Gabi's insides started to stroke his manhood and pump him even harder. The moaning of the riding goddess caused him to smile.

Gabrielle's body shook when another amazing orgasm spread through her body. The trickling waves of pleasure coursed through her body. Harry's fingers hit all of the right buttons.

"Give me all your seed, sir."

The sexiness of her French accent slipping out made it very hard to say no. She clenched around him, and gave another shriek of pleasure. Harry returned fire, by shooting his load inside her pussy.

Gabrielle tightened around him and rolled her hips down onto him. She bucked down on him, clawing his back like an animal in heat. She looked intense, moaning. Her hair stuck to her face the further she came down onto his thick tool.

She slid back out of him, full of his cum. Gabrielle watched the load he fired inside her drip from her pussy. The French vixen reached between her legs and brought up her fingers to taste herself.

"There's one more hole I just want to try."

Gabrielle smiled, turning over to show her ass towards him. She wiggled her sexy rear at him and slapped it.

"This ass belongs to you."

Gabrielle teased Harry's cock with her stocking clad toes for a moment. When his cock was nice and hard, she moved over. Gabrielle positioned herself over his cock.

Harry allowed himself to be submerged into the pleasure of a French Veela's ass. Her mouth was amazing, her pussy was perfect, but this defied all explanation. Her ass felt as hot as a burning star, and Harry's cock ached when she worked herself down onto him.

"Mmm, you feel so good," Gabrielle said. "I've got a big cock up my ass….I won't be able to sit down for a while."

Harry smiled and grabbed her breasts, squeezing them hard. Gabrielle screamed when his hands handled her tits with a few squeezes.

"It will be…worth it," Harry said.

Gabrielle agreed for it one hundred percent. Her tight cheeks spread around his manhood. She impaled her sweet and sinful ass around him over and over again.

The bucking and moaning Veela pushed his throbbing manhood into her ass. She bottomed him out in her ass.

Harry closed his eyes, her ass really tested his self control. He didn't pride himself with being a powerful wizard for nothing, however. He kept himself going inside her.

Gabrielle saw stars. She touched herself and made her cum faster.
"You're making me sweat," Gabrielle panted, rolling her hands over her breasts and clit.

"Yes," Harry said, enjoying her ass too much to pay this fact much this little tidbit

"Veelas, don't...sweat," Gabrielle said, pushing herself down onto him. She took his entire massive cock into her back entrance.

Harry smiled, it was an achievement he could take to the bank. He focused on her ass. He managed to block the cum from coming up. A huge load filled his balls.

The warm cheeks spread with Harry's tool slamming into her. Gabrielle closed her eyes, bringing herself into him.

"Don't hold back," Gabrielle said. "Cum in my tight ass!"

The warm rear wrapped around her made Harry's balls come close to popping around her. He reached in and played with her breasts. It fueled his fire when she moaned underneath her touch.

The Veela submitted to her master and would not lose herself. She wanted to have her master's seed in all of her holes, to cement their relationship.

Harry finger fucking her almost felt like he drove a second cock into her. His finger appeared to swell inside her, and stretched her dripping cunt out wider.

The contents of Harry's balls erupted a while later. He spilled his contents inside Gabrielle's tight rectum. He spilled his seed deep into her guts so much it started to trickle out.

Gabrielle savored him emptying the contents of his balls into her ass. She came all over his probing fingers and nearly lost her balance, before he caught her from coming off of the couch.

She pulled away from him, her ass sore from being fucked by such a big cock. She winced when she sat down after a moment. Gabrielle wrapped her arms around him and nuzzled her neck against his chest. His fingers rested underneath her breasts, teasing them just enough to drive her wild all over again.

"I think I should help out more often."

"Well, we have to maintain a close employer-employee relationship," Harry said.

"And sex builds trust, yes," Gabrielle said, with a smile as Harry played with her hair.

The End.
Harry Potter decided to head to one of Professor Horace Slughorn's, despite the older professor having the air of a mad collector who wanted a rare and mint condition Harry Potter to his collection. He figured it would be a nice change of pace from the routine he experienced at Hogwarts over the past six years.

'It can't be all escaping with my life by the skin of my teeth.'

Harry made his way into the party not knowing what to expect. A small and intimate gathering of the chosen elite of Hogwarts gathered around. Harry turned on, only to see Horace Slughorn make his way into the picture.

"Harry Potter, my dear boy!" Horace yelled. "So, glad you could make it."

"Well, I heard these parties are the place to be," Harry said. A lot of people would give their right arm to get an invitation, you know."

Slughorn chuckled, he did get this impression sometimes.

"Come in, then, make yourself at home," Slughorn said. "And if there's anything I can get you, don't hesitate to ask. The skies the limit…especially if you have a fraction of your mother's talent."

Harry smiled, the fact Slughorn knew his mother caused him to be intrigued. All he heard about his mother was the fact Harry shared her eyes and she performed some advanced charm work which prevented Harry from dying at the wand of Voldemort.

"Hey, Harry!" Ginny called from the other end of the room. "So, Slughorn finally twisted your arm, didn't he?"

"Figured, I'd see what's up," Harry said.

"Some good food, good music, better company," Ginny said, with a smile when she looked over Harry. "You'll have a great time…if anyone deserves a night to unwind, it's you."

Harry smiled when stepping back to allow the party atmosphere to soak in. With Voldemort loaming on the horizon and NEWTs coming up, Harry didn't have too much time to kick back and relax.

He dodged a discussion with Cormac McLaggen, who wanted to try and get into Harry's good graces. His attitude proved to be a distressing problem, and the only thing Harry could think of him which would be appropriate on the field would be as target practice for the Bludgers. McLaggen had a thick enough head where there wouldn't be much damage.

"Hey, Potter…"

"McLaggen, I need to get something to drink….but I think that girl over there is trying to catch your eye."

Harry pointed in a vague direction and the older student turned around to chase some phantom girl
who Harry said would catch his eye.

"How very Slytherin of you, Harry Potter."

Harry turned his attention towards a girl who leaned against the side of the table. Her dark hair tied back in a ponytail and her bright blue eyes were shown. She wore some emerald green dress robes which fit around her curves nicely. She was a seventh year, by what Harry could tell.

"I just wanted to….."

"Cause that prat to buzz off," another girl, who looked like the other's twin, said, walking over towards other side. "You're far more craftier than people give you credit for…"

"You could have been in Slytherin," the first girl said.

"You were under the hat for a long time," the second girl said. "That only happens when the hat is debating with a student which house they should go into."

Harry didn't expect this conversation to go in this direction. These two attractive girls, twins by the looks of things, looked at him like they were hunting for fresh meat.

"You can tell us, Potter, we won't judge," she said.

"You know who I am….."

"You'd have to be living underneath a rock not to know who Harry Potter is," she said. "Or at least hit over the head with one."

"Yes, I figured you'd know who I am," Harry said. "But, I don't have an idea who you two girls are.""

"Well, this could be a problem," one of the girls said. "My name's Hestia Carrow….."

"And I'm Flora Carrow," the second girl said. "And….we're Slytherins, seventh year."

Harry relaxed a little bit. None of Malfoy's gang of douchebags cut the mustard at the Slug Club meeting, and from what Harry saw, Malfoy looked pretty butthurt about the entire mess.

"So, were you almost sorted into Slytherin?" Hestia asked.

"Or somewhere else?" Flora asked. She received one of those looks from her sister. "He doesn't have to be an almost Slytherin, he could be a Ravenclaw…or a Hufflepuff….."

"Harry Potter, a Hufflepuff, perish the thought," Hestia said. "Granted, there's nothing really wrong….."

"Hard workers in Hufflepuff, a bit too loyal for their own good," Flora said.

Harry cleared his throat at both of the girls. They turned towards him with indetical smiles on their face.

"You really want to know if I was almost in Slytherin?" Harry asked.

"We do," Hestia said, looking at him. She fluttered her eyelashes and leaned forward, to give her a look at her cleavage. Harry noticed she was a bit more well-endowed than her sister.
"So, could you tell us, please?" Flora asked.

"We'll….do anything if you tell us," Hestia said.

"Really, anything?" Harry asked.

"Yes, anything," Flora said, pressing on the one side of Harry.

"We just want to know," Hestia said. "We've waited for six years to get you alone to ask you….because…..well we just want to know."

Her breasts pressed against Harry's shoulder. He noticed the two twins started to slowly edge him out of the side of the room.

"The Hat wanted me to be in Slytherin, but I chose to be in Gryffindor," Harry said.

"Why would….one of Dumbledore's stooges got to you ,didn't he?" Flora asked.

"Harry Potter has to be the leader of the light, so he has to be in the house of the light," Hestia said.

"Even though Gryffindor has had a few dark witches and wizards," Flora said, with a sigh.

"Well, I was under the impression everything from Slytherin was evil," Harry said. "I was eleven….the world was a lot more simpler back then."

"To be fair, Malfoy and his crew doesn't exactly help with our public image," Hestia said. "You met him, didn't you?"

"Yes, on the train," Harry said.

Hestia and Flora positioned themselves on Harry's arms on either side and walked him over to the office.

"And by being in Gryffindor, there was a huge part of your magical education which was severely lacking," Flora said. "I'm surprised someone didn't jump you and pull you into your closet the first day you were here still….."

"I don't think no one could get close to me," Harry said.

Hestia, Flora, and Harry made their way to an empty classroom.

"Look, Harry, mind if I call you Harry?" Hestia asked.

"No problem," Harry said.

"There are a lot of people who were curious about you, when you defeated He-Who-Must-Not-Be-Named," Hestia said. "There was something special inside of you…..and…you never got a chance to fulfill it yet, have you?"

Hestia slid off her robes to reveal she wore a white blouse with a couple of buttons undone. A green lace bra could be seen on the other side of the blouse. Her short skirt showed a nice and dazzling set of legs.

Flora slid off her robe as well, revealing similar attire towards him.

"Things could have been different," Hestia said. "But….ever since our third year, we've been
mourning a missed opportunity."

"What?" Harry asked.

"Remember during the dueling club, where it came out you were a Parseltongue?" Flora asked. Harry paused for a second, and nodded. He did wish this little tidbit hadn't made its way out into the open, but what was done was done.

"A lot of people don't realize the skills a Parseltongue has to please a woman," Hestia said, with a smile when she looked at Harry. "And we could have helped educate you...."

"Although there was a line of Slytherin upper year females far as the eye could see," Flora said. "They built a shrine towards you and hoped one day they could get ahold of you."

"Are you kidding?" Harry asked.

"Snape was furious when he saw it and demanded we take it down," Hestia said. "He didn't want you to get an inflated head."

"But, it's what we Slytherins wanted," Flora said. "We want you to get an inflated head....we want you see....if the rumors are true."

"The talent in the Slytherin house is lacking," Hestia said. "We wanted to catch you before you left Hogwarts....succeed where all of the girls above us failed."

"So, you wanted to drag me into a classroom and seduce me?" Harry asked.

"Very good, Harry," Hestia said, with a smile. "Will you let the naughty little snakes play?"

She looked at him with a saucy little smile on his face. Harry reached around and grabbed her around the waist. He pulled the older girl into him and found her lips with an extremely passionate kiss.

Hestia closed her eyes and allowed him to explore the inside of her mouth. He was a bit tentative at first, which showed her how ignorant the Gryffindors were about true power.

'Oh well, you snooze they lose.'

Harry reached around and cupped Hestia's arse daringly through her skirt. He ran his hand over her.

"Don't let my sister have all of the fun, Harry."

Flora nudged Hestia out of the way and she threw herself onto him with a kiss. Her lips suckled his, before Flora started to plant a series of kisses down the side of his neck.

Both Carrow sisters worked Harry's robes off to reveal his school uniform.

"I think someone is exciting to play," Flora said, rubbing Harry's package.

"Are you just going to play with it, or are you going to suck it?" Harry asked.

Hestia helped her sister remove Harry's trousers and pull down his underwear. Both sisters looked on in numb shock, drool forming on their chins when they looked at his cock.

"You're such a big boy, Harry Potter," Hestia said. "I need to have you in my mouth."
Hestia and Flora started to lick Harry's cock on either side. Both twins slurped and suckled on the side of Harry's manhood.

"You better suck my cock, suck it like you've always wanted to suck it."

Hestia wrapped her plump lips around his head and started to tease it with a small suck. She ran her fingers down his manhood further, teasing the length.

Harry allowed himself to be submerged in pleasure when Hestia leaned forward to wrap her hot lips around his massive tool. The hot seventh year Slytherin brought herself down onto Harry, worshipping her new god with her throat.

Flora leaned down and caressed Harry's balls.

"He's going to pack a huge punch too," Flora said, giving Harry's balls a firm squeeze. "Hope you can handle all that cum in your mouth, Hestia."

Flora made sure Harry's eyes were on her. She unbuttoned her shirt to reveal her perky breasts in a top. They weren't as large as her sisters, but they were still quite nice. Harry's eyes traveled down her trim stomach.

Hestia ensured all the attention was on her. She brought her mouth down onto Harry's thick rod, suckling him hard. She rubbed his thighs and caressed his balls.

Harry grabbed onto the back of Hestia's head to steady her. The seventeen year old girl's nose brushed against his pubic bone which caused him to twitch forward. His balls ached with the need for release.

"Damn, woman," Harry said.

Hestia redoubled her efforts to get his big cock to cum in his mouth. Flora joined in on the fun, kissing her sister on the mouth and dragging her tongue down on his manhood.

Harry's balls ached with the need for release. After a couple more minutes of intense sucking, he achieved his climax. He fired his into Hestia's mouth, shooting his thick seed into her mouth.

The seventh year Slytherin tipped back her head to drain his seed into her mouth. Hestia pulled back and showed Flora Harry's seed on her tongue.

"I want some of it," Flora said, pouting.

Hestia smiled with an evil grin on her face and grabbed Flora around the face. She gave her sister an extremely passionate kiss, her tongue crashing into Flora's mouth.

The moment Flora tasted some of Harry's seed, Hestia climbed up onto the desk. She slid off her panties and tossed them at Harry. Harry caught them to get a hint of arousal.

"Harry, please, eat my horny little pussy," Hestia said. "It wants you….and I know you're hungry for it."

Harry walked forward, instinct driving him. The scene of the horny older girl drove him mad.

Hestia gushed with anticipation when Harry's face came closer towards her cunt. Soon she would get the fabled talents of a Parseltongue.

Harry's lips pressed against her nether lips. The sorcerer's mouth wrapped around it and suckled
them, causing her to whimper in pleasure. Hestia wanted even more, but he teased her.

'Damn, he's not going for the main event straight away.'

Hestia's walls dripped with pleasure and anticipation. Harry hovered over the edge of her pussy, and slowly teased her with a few strokes.

Flora kept a close watch on her sister's face, while casually diddling herself. The more pleasure which spread over Hestia's face, the more Flora enjoyed watching. Harry dive between her sister's legs and slowly nibbling the area between her thighs.

Hestia closed her eyes to really enjoy the pleasure of what Harry was doing her. He only briefly teased the entrance to her lips.

"Use...use your tongue!" Hestia said, breathing heavily in pleasure.

Harry smiled when he trailed his tongue over the inside of her opening. He tempted her a little bit. The delicious juices trickling down between her legs prompted Harry to keep up with what he was doing. Every time he pushed into her body, Hestia's body responded to the swift strokes he caused.

With a blink of the eye, Harry moved in for the kill. He used his tongue inside her, tracing the letters of the alphabet inside her pussy with a vibrating motion.

"MORGANA'S CUNT!"

Hestia experienced sparks of energy flowing between her legs. Her hips lifted up to meet Harry's tongue. His extremely able tongue delved into her pussy.

"Damn, Flora...oh god...he's everything I've ever wanted...he's everything they...they say he could be!" Hestia managed, before she succumbed to the lust.

Harry's strong and well trained hands started to caress the insides of her thighs. Hestia lifted her hips up and sent a flood of juices towards Harry's mouth. He lapped it all up with is tongue, his vibrations increasing in her. The pleasurable sensations caused Hestia to start breathing up and down.

"Oh, Harry!" Flora called, putting herself on the desk. She leaned back and opened her thighs. "Do you want some of this?"

Harry stepped over and kissed Flora on her lips, allowing her to taste her sister's juices. Harry slowly kissed down her body and started to tease her. His heightened senses picked up more of her pussy juices when he edged closer between her legs.

The sorcerer parted her thighs and pushed his finger between her legs to tease it.

Flora's hips rolled up to meet Harry's tongue when he probed her insides. He kept licking her pussy. Each swipe of the tongue drove her even more insane with pleasurable sensations.

Harry knew where he had her and started to head in for the kill. His tongue dove between her sweet lips. The older Slytherin girl experienced a rush of lust in her body when her pussy exploded into pleasure.

'Oh god, he's not letting up,' Flora thought, lifting her hips up closer towards him. 'This is so...fucking good...he's really fucking amazing.'
Harry smiled when dove his tongue into her. Another orgasm filled Flora's body and caused her to shake all over. Harry pulled up from her, her juices dripping from her face.

"We need to be fucked, badly," Hestia said, throwing her arms around Harry and pushing her breasts against him. "Please, Harry, would you fuck both of us?"

"I'll fuck you so hard you'll never want to be fucked by anyone again," Harry said, squeezing her ass which caused her to moan. Harry pushed Hestia down on the desk next to her recovering sister.

Harry ran his hands over every supple curve of the older girl, worshipping her body. His fingers traveled all down her body. The girl lifted her hips up in an attempt to bring Harry's manhood inside her. Harry swooped down and stopped her from doing so.

"Patience," Harry said, leaning down and kissing her on the lips.

Hestia whined she didn't want to wait, she waited a long time to be made into the sex slave of this powerful wizard. Her hips rose up towards the god before her.

Harry slid his manhood into her body. The moment he touched her insides with his cock, the swift thrusts reduced Hestia to butter. The seventh-year Slytherin watched his throbbing cock push inside her.

"I can't believe it's inside me," Hestia said.

"Only half of it is," Harry said.

"Fuck, this, give me all of it!" Hestia yelled.

Harry smiled and positioned himself above her for leverage. He lifted almost all the way out of her and slammed into her body with a hard thrust. Hestia's eyes closed as his manhood started to stretch her pussy, pushing all the way into her.

"I thought you said you wanted it all," Harry said.

For as much as it hurts, Harry's throbbing manhood inflamed her pussy and wanted it even more. Harry pushed into her and bucked his hips into her.

"Yes, I want it, I want fucking everything!" Hestia yelled. "Take your big fat cock and wreck my tight pussy!"

Harry decided to give her everything she asked for. He marveled at how tight and wet her pussy was. Harry plowed her body with a large thrust into her body which spread her thighs apart. Each thrust caused Hestia to lift her hips up and moan.

"Take me, I'm nothing but your naughty little whore!" Hestia yelled

"I did charm your pussy with your language," Harry said.

Harry smiled and started to drill her pussy with a few thrusts. He kept drilling her tight little cunt with each thrusts.

Flora decided to give Hestia's mouth something constructive to do. The Carrow sister rubbed her pussy over her twin's mouth. Getting the hint, Hestia worked her tongue into Flora's pussy.

"Yes, sis, you know what I like!" Flora yelled, with Hestia slurping her.
Harry grabbed onto Hestia's breasts and squeezed them. The moaning, despite buried underneath Flora's pussy, was hard to ignore. Harry picked up the pace and kept plowing into Hestia's tight pussy.

"Look Harry, she likes it, oh yes, she likes it!" Flora yelled, riding her sister's pretty face. "She's nothing but a dirty little snake."

"You're one too," Harry said, reaching forward to touch Flora's perky breasts. "You're the dirty little snake who likes her sister eating her sweet little pussy!"

"Yes, oh, Morgana, yes!"

Flora kept bucking her hips up and down her sister's face. She wanted to achieve a wonderful climax with her.

Hestia could feel dazed. Harry's manhood kept burying into her and stimulating her entire body with each thrust. Her body heated up. She wanted his cum inside her so bad, she could taste it.

Harry sensed his partner's pussy tense up around him. He eased her over to an orgasm. She came a couple of times already, but she hadn't really cum. Harry pushed his hands on her breasts and tensed them around her tits. A few long thrusts caused her wet pussy to twitch around him.

"Getting close," Harry said.

Hestia realized her body had never been pleasured with anything this amazing. His cock hit the right spot and it was a domino effect of pleasure spilling through her body. Her loins sized up with pleasure. Harry held onto her hips and pushed into her with another long thrust deep into her hot depths.

Flora closed her eyes, her sister's hot mouth brought her to pleasure. She kept riding Hestia's face. The sister's eyes opened and watched Harry's cock twitch inside her sister's pussy. She followed the progress of his cock inside her.

"Don't worry, you're next."

Flora heated up with anticipation, she could hardly wait. She occupied herself with Harry plunging his thick manhood into Hestia's stretched out cunt.

"Get ready, here it comes."

Hestia's pussy tightened around Harry's probing rod. The powerful young man lifted up almost all the way out of her and sank down into her overheated pussy. Each thrust brought an increased amount of pleasure into her heated loins.

She wanted this so bad, she wanted this worse than bad.

Flora grinded herself on her sister's face and enjoyed the attention Hestia's mouth gave her. The Slytherin started to drive her hand on her sister's face, closing her eyes. She experienced pure bliss in her face.

Hestia clenched Harry's walls.

"Go ahead honey, cum, cum for me," Harry said. His fingers tempted and toyed with her body. Her gushing center rose up to grab his cock deep inside her depths.
Hestia lost herself to the pleasure and furiously started to milk Harry for all of his seed. The young woman pumped her walls around him to allow his thick seed to spill into her body.

Harry grunted when he unleashed the contents of his balls into her pussy. It gushed while Harry planted load after load of seed into her body.

Flora smiled, yanking herself off of her sister's face.

"Sister, you're leaking," Flora said.

"Why don't you be a good sister, and clean her up?" Harry asked.

Flora scooted her body all over Hestia's. Her breasts pressed against Hestia's larger ones. The Slytherin vixen's lips pressed against Hestia's with a really heated kiss, which grew more intense the more she pushed her lips against Hestia's.

Hestia moaned under Flora's able assault. She could sense her lips rather closer.

"Looks like being eager runs in the family," Harry said, cupping Flora's pussy. "I have to sample the set after all."

His fingers caressed her womanhood which turned Flora into a gushing mess. She managed to keep her mind on the prize between Hestia's thighs.

Harry smiled and teased Flora a little bit more. He kept working his hands between her thighs and started to rub her pussy lips to make sure she was nice and moist.

The moment Harry stopped rubbing, Flora moaned at a loss. Her moan had been stopped with Harry keeping his throbbing manhood against her dripping hot pussy. He pushed his cock into Flora's eager depths, taking his entire length inside her tight sheath.

"So tight, and so fucking wonderful," Harry said.

Flora couldn't really say anything due to the fact her mouth was occupied by her sister's pussy. Hestia prompted her sister soldier on and keep licking her moist cunt.

"Now we're having some fun, aren't we?" Harry asked, leaning down to nibble on the back of Flora's neck.

Flora would have to agree to be honest. She marveled out how much he stretched her overtaxed pussy out. Each thrust was like receiving a new gift on Christmas morning, wonderful and exciting.

'He must be either experienced, or a natural.'

Flora thought either possibility was wonderful. He kept touching her body.

"You're mine now," Harry said. "Every time you go to sleep, you're going to be thinking of me fucking you both."

"Oh, yes, we are," Hestia said, rubbing her breasts the moment to the lovely picture of Harry nailing her twin from behind. She watched his cum bloated balls hit Flora's thighs with a few long thrusts.

Flora agreed as well. Harry's hands tempted her breasts, her ass, and pretty much ran all over her body. Each caress lead up to an orgasm. He fucked her into her sister's pussy. Every moment she felt was extremely wonderful; Flora couldn't think of anything better than this sensation.
"Damn, you're fucking great," Harry said, pinching her nipples. He tweaked them a bit more. "I wonder if you're going to cum harder than your sister. Maybe you don't want this as much as her."

"She's a far bigger slut than I am," Hestia said.

Flora attempted to protest this slander had been stopped by a mouthful of her sister's sweet pussy. Her dripping pussy convulsed and squeezed Harry's tool, working into Flora's center.

"Go ahead, cum," Harry said.

She obeyed his words. Her pussy clenched his rod.

"It's going to be my turn, isn't it?" Harry asked. "Hope you're ready."

After seeing the load Harry put in Hestia's pussy, Flora prepared herself for more cum than she could ever want in her life. Her hips pushed back, wanting it, and anticipating what would happen next.

Harry could feel the heat pumping from between her legs. He held onto her and sawed into her. Her walls expanded just enough, but contracted in an attempt to milk it.

"Mine."

Harry leaned in and nibbled on Flora's neck, marking her for his own.

"You came again, you really are a horny little snake."

"Yes, we're your horny little slutty snakes!" Hestia yelled. "You dirty fucking dark wizard, you enchanted us with your evil Parseltongue magic."

Harry grinned when he planted his thick rod inside Flora's wet womanhood. He kept pushing into her with a few rapid fire thrusts, at least until his balls could not take no more.

With one final thrust, Harry let Flora have the contents of his balls. Her cunt clenched and came to open the door for Harry spilling an immense amount of his thick seed into her body.

Flora's body heated up and she felt a charge of magical energy which could only come by being seeded by a powerful wizard. Several spills of hot seed shot into her body.

Harry pulled out, causing Flora to slump forward. He caught her with a smile on her face.

"So," Hestia said, with a grin on her face. "Same time, same place, next week?"

Harry smiled when he looked both of them.

End Snippet.
Briefing(Daphne Greengrass and Andromeda Tonks)

Briefing:

Daphne Greengrass tapped her fingers on the edge of the table. The witch smiled, waiting for her partner to arrive. He had never been late for an appointment as of yet. She looked at the clock and realized there was still time for him to show up.

The twenty-one year old witch casually reclined on the desk. She clipped her hair back to avoid it going into her face. She dressed in a green and black set of elegant robes which stretched over her body. The robes only partially hid her abundant curves.

The door opened. Daphne smiled when she saw Harry Potter walk into the office.

"So, is everything in order?" Harry asked.

"I think we have a pretty slam dunk case here," Daphne said, putting the information down on the table. "I'm sure you're going to be happy to finally throw the book at Malfoy."

Harry took the information his partner acquired for him. He flipped through the information in the folder. The Boy-Who-Lived's expression grew more vibrant when he looked it over. The evidence all danced in front of him.

"We finally got him, we finally got the smut bastard," Harry said. "He won't be able to buy his way out of this one."

"No, given how much the Confederation frowns on trafficking," Daphne said. "We just follow the paper trail and bring them home."

Muggleborns disappeared underneath their nose. Some of them had been sold into slavery in other countries. Some might not have even made it this far. The potions Lucius sold and purchases were highly frowned upon and would net him some uncomfortable time even without the trafficking.

"This time, he's not going to be able to cry Imperius," Harry said.

For years, Harry and others wanted Lucius Malfoy to get put away for good. For the past year, Harry searched dead end after dead end. Some of Lucius's old contacts either went under ground or died underneath mysterious circumstances.

"If this is the sparking wand you think this is….."

"It is," Harry said.

Daphne's face cracked into a bright smile.

"Then, I'll copy this and said it off to Andromeda," Daphne said. "You know she'll be like a dog with a bone with this."

Harry smiled, Andromeda would be pleased for sure. He was rather pleased as well. The sorcerer closed in on Daphne, with a smile on his face.

"You've done excellent Daphne, I'm really proud of the work you've done."
Daphne tried not to seem too pleased with herself. Her head wouldn't be able to fit inside the room. She leaned over her desk and started to copy the necessary files. Daphne hoped Andromeda would appreciate the present she would send her.

"The Confederation will nail Malfoy's head to a pike," Daphne said, with a smile on her face. "If we can only get his spawn of a son on something too, we'd be rid of the bastards."

"Patience, Daphne," Harry said, turning her around. "Good things come to those who wait."

Daphne about ready opened her mouth to protest, what if she didn't want to wait. Harry never really gave her a chance to talk, on the account he pressed his lips onto her.

Harry smiled, his lips finding Daphne's with an extremely passionate and lustful kiss. Daphne closed her eyes, with Harry pushing his tongue into the depths of her mouth. She returned fire after being caught off guard for a moment.

Daphne had been backed into the desk. Harry slowly pulled away from her, slowing kissing the side of her neck and face, showing her he was in the mood for some fun.

"Here, seriously?" Daphne asked. Her loins grew hot at the thought of being fucked at work, and anyone walking in on her and Harry.

"Yes, Daphne, seriously," Harry said, undoing the clasp on her robes. "You've done a good job on this case, and you deserve to be rewarded."

Harry pulled Daphne's robes off. He revealed her wearing a nice button up green blouse which matched Harry's eyes. The first two blouses came undone to expose a nice little dose of Daphne's cleavage. Harry's eyes traced down to look at her hourglass figure, with her smooth stomach, curvy hips, and legs which stretched on for miles.

"Want to see a magic trick, Daphne?"

Harry pressed his mouth against Daphne's ear. He waved his hand which caused her panties to spring off her body. Harry ran his hand down, feeling her smooth cunt lips underneath his hands. He slowly eased his fingers between the wet folds, causing her to moan in pleasure.

"Harry, mmm Harry!" Daphne yelled. One of Harry's fingers slipped inside her, followed by a second one. The woman grabbed onto the edge of her desk. "More….stretch out my cunt with your fingers!"

Harry worked a third finger inside of Daphne's pussy. He could see the look of pleasure dancing in her eyes. Harry toyed with her.

"You sure you weren't coming here to jump me when we were done?" Harry asked, running his fingers against her pussy lips. Daphne breathed heavily, feeling his right hand's fingers inside her, while his left hand massaged her inner thigh. "Because, you seem pretty pent up….and pretty horny."

"Yes, I hoped I would…fuck you today," Daphne said. "I need to cum….please."

"Patience."

Daphne almost growled, but Harry's talented fingers cut her off at the pass. He channeled a heavy amount of energy through her body.
The buttons on Daphne's blouse started to pop open. The tops of her large breasts spilled out. Large bust size was a key component for magical power among witches and Daphne had a nice set of knockers.

Harry smiled when he brought Daphne closer towards the edge. His fingers pushed into her womanly depths. Every time he reached into her, Daphne gave a whimpering moan of delight.

"I have you now," Harry said. "You're mine."

Harry withdrew his fingers from Daphne's cunt and caused her to collapse onto the desk. The powerful young man smiled and pulled down his pants.

Daphne drooled both on the higher and lower end of her lips. Harry's prick protruded outward. Her cunt almost tried to suck him into her.

"I think I'll take your nice tits first."

Harry pulled her bra out. Cool air rolled off of Daphne's nipples, causing them to harden in the air. Harry put his finger on one of her hard nipples and twisted it.

"You dirty girl, you like me playing with your tits, don't you?" Harry asked. "Are you sensitive right there?"

Harry continued to rub her right nipple between her fingers. He channeled the right amount of magic to fuel her flames while wanting her to get more. He leaned towards her, brushing his throbbing cock against her smooth belly.

Every time Harry's cock touched her in any way, Daphne almost lost her mind. She would like nothing better than to have his cock deep inside her body. Her hips bucked up for a moment.

Harry smiled, taking Daphne's breasts and wrapping them around his cock. He shoved his cock between her large breasts, slamming in between her gorgeous melons.

"Your tits were made for fucking, weren't they?" Harry asked. His large balls brushed against her chest. "Do you want me to cum all over your tits?"

"Mmm hmm!" Daphne moaned, leaning her head up so Harry's cock can touch her lips. She tasted the savory taste dripping off of his cock.

"Do you want me to cum all over your sexy pureblood face?" Harry asked, hammering her tits.

"Oh…..ah…..YES!" Daphne yelled.

Harry squeezed her globes around his cock and pounded her. His hands clenched her breasts, channeling an immense amount of magic through them.

"Say it…explicitly," Harry said, exerting his dominance over the former Slytherin queen bee.

"Harry, I want you to fuck my tits, spray your thick seed all over my big breasts!" Daphne yelled. Her words were rewarded by Harry slamming into her. "I want you to take your big cock and spray your seed all over my fucking face….paint like I'm your high class whore. I want to be covered in your baby juices"

Harry held onto Daphne's breasts, working an even more steady pounding in between her glorious globes. The throbbing prick hit Daphne's chin when it slid out of her breasts. Any second now it
would expel its creamy delights in her face and all over her tits.

One final grunt caused Harry to expel his load onto Daphne's face and breasts. The heavy amount of cum caused Daphne's face and breasts to be coated completely in his seed. Harry pushed forward, emptying the contents of his balls onto her breasts and her ass.

Daphne closed her eyes, feeling the warm and delicious seed hitting her mouth. She licked her lips hungrily when Harry coated her face in his spunk.

A wicked grin crossed Daphne's face as she turned over. Harry smiled and walked behind her on the other side of her desk. He saw Daphne's heart shaped ass positioned up at him in the air. Her legs spread to expose her pussy lips.

"When you fuck me, I want the first thing anyone sees when they walk in to be my cum-soaked face," Daphne said.

The minx wiggled her ass which got Harry's motor running. He reached forward and cupped one of her tits, still sticky with his cum.

"Harry, fuck me," Daphne begged him. "Put your big cock inside my tight pussy, and wreck the shit out of me!"

Harry slipped his manhood into the cunt of the horny little snake. Her walls closed around him and encased his manhood. Despite all of the flaws with magic, powerful witches remained rather tight and horny. Her slick walls caressed his manhood when he spiked into her.

"You're hoping someone walks in, don't you?" Harry asked. "Because you can't get fucking off unless you give someone a show, can you?"

"No, honey, I can't," Daphne said, feeling his manhood slide into her body. "Pound me into jelly...wreck my pussy!"

Harry decided to go with her suggestion. He kept firing a series of hard thrusts inside Daphne's pussy. Each time he hit her insides, more screams came from her body. She really got off on the fact someone, anyone, might walk into the room and see Harry plowing her into the desk.

His cock hardened at the danger of the situation. He continued to fill the pussy of his kinky little minx.

"Oooh….I think I'm cumming!" Daphne yelled.

Her pussy tightened around Harry and squeezed him. His aching balls pushed against her. Harry paused for a second and continued to pound her.

"I wonder how many more times I can get you to cum," Harry said.

"Loads, hopefully," Daphne said, turning around to show Harry a sultry grin. The sweat and cum dripped from her face.

"Well, given I can get you to cum for doing this," Harry said, nibbling her on the side of her ear.

Daphne cursed when Harry tapped into her pleasures spots, prompting her pussy to start spilling their juices around her. He nibbled her right ear and the back of her neck, all spots which were really bloody sensitive and caused her to get horny. And Harry knew it and reduced her into jelly because of him.
"I think you're breaking aren't you," Harry said, holding onto her with a few thrusts.

"Yes, yes, I am," Daphne said to him. "Harder, please!"

Harry decided to give her everything she wanted with a few huge thrusts. The sorcerer picked up the pace, manipulate the energy around her. He shoved himself into the depths.

"You're going to cum again, already?" Harry asked.

"YOU BASTARD!"

Harry chuckled at the sensation of her cunt squeezing him, desperately trying to milk him. He used his caresses to cause the tension of her body to heighten even more.

Daphne thought she would black out before Harry came inside her. Her strong resolve pushed her on. Even if she couldn't walk in the morning, the boost of power she received from her seed.

Her entire body became an instrument of pleasure for Harry. He shoved his way inside her dripping pussy.

"And again," Harry said.

Daphne's walls tensed around Harry and released her juices. This time, Harry didn't let up on her. He made her sweat and made her orgasm extremely hard.

The door of their office opened up. This action didn't cause Harry to slow down, rather it caused him to speed up.

"Hello, Andi, I'll be finished in a little bit….if you needed to talk to me."

Andromeda Tonks stood in the back of the desk. The MILF witch watched Harry's cock perform its own magic. One minute it slid out of Daphne's pussy and the next minute it went into her pussy. The oldest Black sister started to remove her robes to reveal her elegant business attire underneath. Her D-Cup breasts strained against the cups of her bra and nipples poked out. Harry's actions caused her pussy to soak through both her panties and skirt.

The oldest Black sister tried to reconcile the fact she should have been the adult in this situation and reprimanded Harry and Daphne for their inappropriate behavior. She just couldn't find herself able to do such a thing.

Daphne's pussy got wetter at the thought of having an audience. The fact this audience was their boss, and she looked torn between giving them a stern lecture or jumping in made Daphne all the more excited.

The older of the two Greengrass sisters looked up and started to wiggle her tongue at Andromeda. Andromeda stared back at her with a look which stated "you kinky bitch."

Harry slapped Daphne on the ass and continued to pound her pussy. He made sure her full attention was on the fucking her gave her.

"Don't forget, I'm not done with your body," Harry said. He ran his hands up her abundant curves, stroking them all. "But, I'm about ready to cum."

Daphne's pussy twitched around Harry's thick cock. He pushed his manhood into her depths with a few more thrusts. He made sure she came before him.
"Ready?" Harry asked.

"Cum in me, please," Daphne said, biting down on her lip.

Harry held her shapely hips and plowed into her body. He kept plowing into her. Each time he spiked her body, Daphne wrapped around him, tugging and releasing him.

The end hit Harry in a flood. The contents of his heavy balls spilled into Daphne's center. He launched several large splatters of cum into her body.

Andromeda watched Harry drain his balls into Daphne's pussy so hard and so fast, the cum started to leak out of her womanhood. The woman lifted her hand up and started to cup her breast, but realized Harry locked eyes with her.

"Mr….Mr. Potter," Andromeda said. "I must say, your behavior is highly inappropriate."

Harry pulled his cock out Daphne's pussy which caused her to collapse on the desk. His cock still was half-hardened and Andromeda stepped closer.

"Oh, and would you mind reminding me of the appropriate behavior?" Harry asked.

He didn't move, but his cock grew in anticipation. Andromeda realized she lacked the aura of intimidation or authority with hardened nipples and a soaked skirt. The pureblood vixen's eyes locked on Harry's hard organ.

"It's inappropriate to leave a mess behind, Miss Greengrass, and Mr. Potter."

Andromeda cupped Harry's balls in her hand and moved her hand up to caress his manhood. She found herself surprised to see how thick his cock was. She couldn't even stretch her fingers around the head and it grew thicker on the way down.

The sexy hotter woman brought her mouth down onto the cock of a young man old enough to her son. Harry smiled when her hot mouth came down onto him. Andromeda bobbed her mouth up and down on his cock, taking all of him into her throat.

"Oh, this is appropriate, Barrister Tonks?" Harry asked. "Why don't you educate me on how proper workplace conduct really works?"

Andromeda responded by giving Harry an extremely sloppy blowjob. She used her mouth and tongue to fully stimulate Harry's member. Her hands rubbed his cum loaded balls, almost trying to eagerly get his cum into her mouth. The pureblood heiress stopped.

She released his cock from her mouth with a solid pop. She grabbed her wand and waved her hands. The oldest Black daughter dressed in an extremely lacy one piece lingerie set with her breasts spilling out of the top. Harry viewed her nipples poking out from behind the top.

"It's against workplace etiquette to tease your boss with cock…." Andromeda said, sliding her pussy against his hardened manhood. She slid the fabric back and positioned herself. "And not deliver."

Harry smiled when he could feel his cock press against her eager folds. She looked to be in heat, which made Harry wonder how long it had been for her.

"Well, I wouldn't want to be in violation."
Harry held her hips down and pushed her onto his cock. The MILF stretched out onto his throbbing manhood. Andromeda held onto his shoulders and started to bring her hips down onto his massive manhood.

"Yes, you strapping young stud, give your boss your big cock!" Andromeda yelled, wiggling her hips down onto him. "I think you might be in for a raise."

"Oh, I'm giving you a raise alright," Harry said, thrusting into her. Her mature breasts spilled out for Harry to touch and squeeze.

Despite being on the North end of fifty, Andromeda kept in shape. She put many women in their thirties and even some women in twenties to shame. A huge part of it was the prowess of magic, but another huge part of it was her working out every day. Purebloods who didn't work out didn't understand how much it extended the already decent benefits magic gave her.

Speaking of being stretched out, Andromeda stretched out on Harry's thick cock. She brought her hips all the way down onto him, riding Harry.

Daphne could barely move after the rogering Harry gave her. This wasn't the first time she played a spectator to Harry fucking some other women, the fact he made their boss ride him was hotter.

Andromeda regressed from a sophisticated pureblood woman into a mewling woman spurned by lust. He kept running his hands down her.

"Touch me, and it'll drive me insane," Andromeda said, leaning her chest towards him.

Harry thought of something which could really cause her mind to be driven wild. He buried his face between her supple, mature melons. Harry bit and chewed on her breasts to leave a series of love bites on them.

Andromeda never had anyone attack her breasts with such a fury. She never knew she enjoyed having her breasts feasted upon until Harry actually did it. His hands exploring her body and thrusting into her.

"You're earning your keep, Mr. Potter," Andromeda said, rocking her hips down onto the hips of her younger lover. "With interest."

"And here I thought you loved me for my mind," Harry said.

"Best of both worlds."

Andromeda rode Harry's tool. Each time it spiked into her body, sensations not felt since the time she had sex for the very first time spread through her body.

Harry squeezed her tight rear to encourage Andromeda to keep riding up and down on him.

Daphne stroked her pussy. She figured Andromeda would look good with her face buried between Daphne's thighs while Harry took her into the desk.

'Save something for the future, I guess.'

Andromeda pushed her thighs around Harry and brought him into her. She rode him like the stallion he was; knowing soon even he would pop.

The first wave of many orgasms struck through Andromeda. The true nature of Harry's power
caused her mind to be sent on a pleasure trip. Nothing else mattered other than riding this cock and satisfying her own pleasure. The MILF brought her hips down again as she impaled herself on him.

Harry squeezed her ass and pushed into her. His balls started to ache. Harry made sure to lead Andromeda over the edge one last time before he came.

"Jesus fucking Christ!" Harry yelled, marveling at how her pussy milked the contents from his balls.

"No, you're better," Andromeda said, pushing her hips down onto him. His seed spilled into her. "I'm getting all of your fucking seed, Mr. Potter."

She tried to maintain control even though his cock enslaved her body with more pleasure than Andromeda felt in her life. Harry finished inside her body.

Andromeda pulled herself to her feet, barely able to stand up right. Her thighs most certainly felt the results of the heavy pounding. She looked from Harry to Daphne.

"I expect you my office first thing tomorrow morning….for further de-briefing."

MILF for Christmas:

Snow fell down from the skies on December 24th. Seventeen year old Harry Potter watched the fields of Godric's Hallow outside of the Potter Residence get covered. The young man smiled and saw this year would be a white Christmas. Slowly turning around, Harry backed off from the window. He cleared up some of the books and clothing which littered the floor.

A soft knock on the door brought Harry's attention out of the cleaning. He slid the books onto the desk and turned his attention towards the door.

"Come in."

The door opened and Lily Potter stepped into the room. Harry looked up and watched his beautiful mother enter the room. She dressed in a nice green dress which her ample curves poured into. A slit cut down the right dress on one slid and showed her gorgeous legs off. The legs covered in red stockings. Lily wore a bow on the top of her head.

"Hey, Mum," Harry said. Lily threw her arms around him with a smile around her face and pressed her breasts against her son's muscular chest.

"Hello, Harry," Lily whispered in his ear. "I've been thinking…..do you want your Christmas present early?"

Harry raised his eyebrow at his mother. The redhead vixen smiled back at him with her fingers starting to trail down his chest.

"Sure, where is it?" Harry asked.

"I'm right here," Lily said, with a giggle to her voice. "Why don't you unwrap me, honey?"

Lily wrapped her arms around Harry's neck and leaned closer towards him. She planted her lips onto his with an extremely hungry kiss. Harry returned the kiss, holding his mother's head towards his. He smashed her lips into hers. Harry's tongue eagerly sought Lily's mouth.

The kiss had been returned with Lily shoving her tongue into Harry's mouth. Harry reached up and removed the bow from the top of her head. The bow fell down to the ground.

"Mmm, Harry, you know how to please Mummy," Lily breathed, with Harry's mouth wrapped around the side of her neck and suckling on it. "Why don't you unwrap your present?"

Harry grabbed the straps of the dress and pulled it down. He revealed a red transparent bra with green bows on it. Harry grew hardened at the sight of her hardened nipples through her top. Her large breasts threatened to burst out. Lily's toned tummy had been revealed and the dress pulled down to reveal the red lacy thong with a matching green bow on it.

"Mum, you're so fucking hot," Harry said.

"Thank you Harry," Lily said, running her fingers down his stomach and unbuckling his belt. "I see you have a present for me as well."
Lily worked Harry's trousers down towards his ankles and then his boxer shorts. Harry's thick cock sprang out towards Lily. Lily wrapped her hand around Harry's manhood.

"And it's just the size I wanted."

Harry shuddered with Lily teasing his swelled head with a few licks. Lily started to lick him around the head before bringing him and down his throbbing cock.

Lily smiled as she tasted her son's beautiful cock. The wrongness of the act really turned on her. She brushed her tongue against Harry's slit and then run her tongue all the way around Harry's thick manhood. Lily reached over and squeezed Harry's balls, before her hand grabbed his ass.

"Damn, Mum, you're so fucking kinky!" Harry yelled.

Lily grinned when she gripped onto Harry's ass and kept sucking her son's monster cock. The redhead MILF brought her throat down onto his throat. Her lips and throat kept suckling his manhood and pumped his length all the way down inside her.

Harry leaned back against the wall, grabbing one hand across the back of his mother's head. The lewd sounds she made caused Harry to pump her into her head.

"I'm going to cum," Harry warned her.

Lily didn't back off, wrapping her hand around him and started to stroke his balls, milking him for everything he was worth. The sultry redhead kept suckling his manhood bouncing up and down and taking his complete length into her.

The cream flowed from Harry's balls down Lily's throat. Lily suckled her son's manhood and started to suck him all the way down. She milked his cum.

"Mmm, Mummy's so glad she tasted your milk," Lily said, giving her son's cock a loving squeeze and she started to kiss the side of his neck. "Why don't you return the favor and unwrap the rest of your present?"

Harry unsnapped Lily's bra to free her large breasts. Her nipples bulged out into the picture. Harry reached underneath her breasts and squeezed her funbags causing her to moan. He guided Lily back to the bed and kissed her breasts and then her cleavage, before working down.

Lily gasped and breathed underneath her son's efforts. Harry reached between Lily's thighs and squeezed her. He lifted Lily's sexy leg up and started to pepper her right leg with kisses. He moved over to the leg and did the same. His nose only brushed against her clit for a little bit and teased her womanhood.

"Not nice to tease your Mum," Lily said.

Harry bit down through her panties which caused Lily to moan. The sorcerer teased his mother's pussy through her panties. He removed the panties and revealed her swollen pussy lips. Harry decided to kiss them.

Each kiss caused Lily's hips to jump up and want even more. Harry reached and started to rub her clit as well. The hyper stimulation of pleasure.

"Feed me."

Lily spread her legs and Harry pushed his face between her legs. Lily gasped when Harry went
down on her. He was always such a good pussy eater.

"Make sure to finish all of Mummy's honey," Lily said, with her hands placed on the back of Harry's head in encouragement.

Harry went down on his mother like a good son. Lily's moans inspired Harry to go deeper down into her. Her legs spread and his tongue extended to kiss her ovaries.

"You're making Mummy cum so much," Lily breathed. "Make me cum over your handsome face. Oh my big boy knows how to make his mother cum!"

Harry drove his tongue into her even more. He started to trace patterns in her pussy which did the trick. Lily thrashed her hips up to allow the cream to start flowing out.

Lily collapsed down on the bed and looked up smiling. Harry's face was covered with her juices and the thought just made her horny. She played with her pussy before rolling over onto her hands and knees.

"Harry, Mummy needs a big manly cock in your sticky little twat," Lily said, with a smile on her face. "Do you think you could be a good boy and help you?"

"Yes, Mum, you know I'm a very good boy."

Harry pushed his cock into his mother's soaking wet pussy. There's no place like home and Harry pushed his manhood into the depths of Lily's womanhood. Her warm pussy pumped around him. Harry could not get enough of his mother's pussy and had to keep fucking her hard.

Lily closed her eyes and experienced everything she ever wanted in a man in her son. His heavy balls slapped against her thighs and Harry crammed his cock into her womanhood hard. Every single inch of his prick drove into Lily.

"Give me all your cock, love," Lily breathed, grabbing onto the sheets. Sweat rolled down her face.

Her son's big meaty cock pierced her womanhood hard. Lily slowly experienced the rush down her body. Things grew even more intense the moment where he gripped her breasts and squeezed them.

His muscular chest pressed against Lily's back when Harry drove in towards her. His cock pumped into her pussy. Harry reached around and played with her breasts. The moment he touched his mother's nipples, she squealed out in pleasure.

"I bet you like your baby boy rubbing your breasts," Harry said. "They're so big, I need to have them."

"They're yours, baby, yours!" Lily moaned. "Fuck me with your mighty staff, Harry. Split Mummy open! Make her cream all over your big manly cock!"

Harry continued to squeeze Lily's right breast with one hand before sending a jolt of energy through her body. Lily's pussy clamped down on Harry to milk his rod with a few thrusts.

Lily's body convulsed around Harry's cock. She wanted to suck his rod deeper and deeper into her until he spilled all of his baby batter into her womb. Lily's pussy clenched at the thought of the naughtiness of her son knocking her up, especially on Christmas Eve.

"You're such a kinky little mix, taking your son's cock," Harry growled. He marked Lily on the side of his neck.
"Yes, I want all of your cock!" Lily moaned. "And I want you to fucking blow your load in me. I want you to put your load in my pussy. All of it, all of your thick cum! Put a bun in my oven! Knock me up with your baby!"

Harry's balls twitched at how outrageously his mother spoke.

"You want it baby, give me your cum," Lily said, working her muscles around him to milk him. "Impregnate me, Harry….any child of ours will be so fucking powerful!"

Harry speared into his mother from behind.

"You want it, don't you?" Harry asked. "You want me to impregnate you…you kinky little slut. You want to have a taboo baby by your own son?"

"Oh, it's so hot…watching my breasts fucking swell knowing we've made something wonderful," Lily said. "I love you Harry…let me show you how. Give me a little girl Christmas, Harry!"

Harry groaned and lost his load inside his mother's pussy. He fired his load inside Lily's pussy. Each burst of his cum fired inside his mother's pussy.

Lily spread her legs to ensure his cum coated the insides of her womb. His viral seed spilled inside her fertile womb. Lily sighed in content.

Harry pulled out of her. Lily turned around and grabbed his cock, playing with his head when she talked to him.

"Your mother's a horny bitch when she's ovulating, isn't she?" Lily asked, turning around, rubbing her tummy. She pressed her arms around Harry. "But….I'm still in the prime of my child bearing years….and you're a powerful wizard….who demands several children….likely daughters."

Lily smiled when she stroked her son's cock hard. She reached over towards the table and found her wand around her clothes.

"I want to give you your first," Lily said, smiling, running her finger against his head. "But, I still want to have some more fun."

Lily took her wand and tapped it to Harry's cock.

"What was that, Mum?" Harry asked, feeling his cock expand and stretch. The sensation of her hand on his cock caused Harry to nearly lose his mind from the pleasure.

"Something to make you feel really good," Lily said. She tapped her wand on her. "And something to make me feel really good."

Lily's breasts swelled a couple of cup sizes for Harry. He watched and Lily pushed Harry back onto the bed. The foxy redhead straddled Harry and ran her pussy lips over Harry's newly sensitive cock. Each sensation brought pure bliss into Harry's mind.

"Harry, suck my breasts, please," Lily said.

Her large globes jutted out. Her nipples stuck out for Harry. Harry leaned his face between her large funbags and captured one of the nipples. He was surprised by a taste in his mouth.

"Harry, good boy, only the best of Mummy's milk for my big boy," Lily said, stroking Harry's tool when Harry sucked her breasts.
Harry eagerly sucked his mother's lactating breasts. He dug his nails into Lily's back and buried his face between her breasts. He startled to suckle and squeezed her breasts.

Lily rose up on his lap and started to tease herself with the prospect of his cock. The charm might have added a couple of extra inches to Harry's generous length. The MILF's cunt moistened at the thought of having him inside her.

Harry buckled his hips up when his mother's warm pussy drove down onto him. She spread her legs and brought his thick, throbbing cock inside her.

"Ride me, Mum," Harry said. He squeezed her breasts and touched them. "Fuck my balls dry, you slutty pregnant MILF."

Lily was about ready to say it wasn't one hundred percent certain Harry knocked her up. After this round, she might be. His hands and mouth mauling her overly sensitive and large breasts removed any sense of coherence.

The warm pussy of his mother wrapped around Harry's throbbing tool. She bounced higher into the air and brought her hips down onto him. The base of her pussy slid around his balls dripping her juices onto him.

Lily bucked her hips down riding Harry like a stallion. Sweat rolled over her body. Her hair draped over her face and her body gave a glow like a particularly naughty angel on top of a Christmas tree. Only instead of the tree, she perched on Harry's cock.

"You're so fucking hot," Harry said, squeezing her milk bags. Lily gasped and milk leaked out. "I'm going to make sure your so full of my cum, you're going to have twin girls!"

Lily's cunt dripped onto him. Harry touched her hyper-sensitive G-spot. Lily rocked her head back with a moan when she kept pushing her hips up and down onto him.

"Time for you to cum now," Harry said. He squeezed Lily's breasts. "And I'm going to make you cum by squeezing your big milky tits."

Harry sucked more milk from her breasts. Lily pushed her nipple into Harry's mouth when his cock buried deep inside her. The siren's hand wrapped around him.

"HARRY!" Lily screamed. "You're....making.....Mummy....gush!"

Lily's pussy released a flood around Harry's thick tool. She lubricated his pole and brought herself down onto him. He kept working over her breasts.

Harry's balls ached with one of the biggest loads he ever felt. Lily's hot walls rubbed his cock over and started to build up more cum.

"Don't worry, you'll get your release in time," Lily said, panting when she bounced down on Harry's cock. "And it's going to feel sooo good!"

She punctuated those last few words with an orgasmic shriek with Harry pushing his thumb into her rear. He stimulated Lily's sensitive ass even more.

More cum bubbled into Harry's balls. At least five orgasms worth of release stored in his heavy balls. Lily brought her ass down onto his balls when she fucked him. It didn't make things any better.
"Damn, Mum, you're so fucking naughty," Harry said.

"Oh, I'm a naughty slut!" Lily yelled. "Taking my son's cock for Christmas, craving his cum, wanting to be knocked up until I'm knocked out with his babies."

The MILF buried Harry's face between her tits. Warm heaven covered Harry's face. He drank the milk from his mother's bulging breasts.

"When am I going to cum," Harry said, pumping his cock into his mother's over heated pussy.

"Soon, baby, soon," Lily said, going down onto him with a few more thrusts. "It's going to feel really good."

Harry closed his eyes, with Lily riding him like a prized bull. His thick cock spread in between her walls and the swell of cum in balls began to build. Lily's legs clamped around him when she milked him harder and harder.

"Soon," Lily said, pushing Harry back onto the bed. She smiled when he played with her ass and her breasts pressed against his chest. "Soon, baby."

"Mum, I'm going to bury so much cum in you," Harry said.

His hands massaged her legs. Lily gasped when she brought her slick walls down onto her son's probing prick. Her breasts were nice, but her legs and ass should never be neglected as well. Lily was a perfect ten, but there was only one man who could satisfy her. The man currently with his cock buried in her.

"Harry, it's time," Lily said. "Cum in your Mum!"

Lily bounced onto him, rubbing her legs against his waist to stimulate him even more. Her ass slapped against his swollen balls.

"Damn!" Harry groaned, holding onto his mother when he pushed into her.

His cock released like a cannon and caused Harry's entire world to be stimulated with even more pleasure. The seed spilled into her body. The sensation of Lily's warm, wet, pussy tightening around him and releasing him made things even more intense.

Lily rode him all the way through the orgasm. Most of his cum found its way inside her. She rode him all the way through the climax, squeezing his cock until it started pumping seed into her body. She received an orgasm or two on the way.

Both mother and son sighed at the mutual orgasms. Lily pulled her hyper sensitive pussy off of his tool and leaned back on the bed. She invited Harry to join her and she wrapped her arms around him. Harry's head rested in the valley between her breasts.

"This is going to be the best Christmas ever, Mum," Harry said.

"Yes, Harry, it is," Lily said, running her hands through her son's hair. "And we're not done yet."

Harry caught sight of the naughty look in the MILF vixen's eyes, and he wondered what else she had in mind.

End.
Lisa Turpin could not believe she agreed to do this. It all started out innocent enough as a friendly game of truth or dare. Her and her dorm mates played. The magical bottle landed on her. She decided to go for "dare" Mandy decided to dare her to break into the room of one of the most prominent students in her year and drop off a pair of panties on his face while he was sleeping, without being caught.

Her roommates had some pretty perverted minds to be honest. Lisa could not break into the room of someone easy, no she had to break into the room of Harry Potter. The Boy-Who-Lived, the Chosen One, the Emerald Eyed Enchanter, he had more than a few names Lisa knew off of the top of her head.

Lisa Turpin stepped forward. She wore a pair of glasses balanced on her beautiful face. Her chocolate brown curls hung over her head. She wore a nice blouse over her perky breasts. Her skirt spread across her shapely thighs. The stockings she wore covered legs which stretched out for miles.

'Okay prove you're a Ravenclaw.'

Lisa took out her wand and opened the door. She wondered what kind of security would be around this room. She noticed a couple of monitoring runes. Thanks to her talent in the art, Lisa froze them. They would start back up in less than two minutes which gave her just enough time.

It astonished her the security around Harry Potter's bed was some lax. Then again, the real security was around Hogwarts. Nothing really wrong went there.

Other than a troll being let in the school. And the Chamber of secrets being opened and four students being petrified. And Dementors storming the castle. And the entire mess with the Triwizard Tournament. Other than those relatively minor things, Hogwarts was perfectly safe.

Lisa stopped and looked at Harry who laid in his bed. She noticed he seemed to be having a very pleasant dream given the state he was in. The brainy girl stared at it, surveying him over her eyes.

She managed to reboot her brain enough to grab onto her panties. It couldn't be a pair of panties which she pulled out of the drawer. It had to be the pair she waved.

Lisa almost tripped in her haste to pull her panties off. She caught her balance with her hand resting on Harry's crotch.

'Really?'

Lisa slipped her panties all the way off. She decided to set them down gently on Harry's face and bolt towards the door.

The second Lisa did the deed, a strong hand grabbed her by the wrists. A pair of panties, damper than Lisa thought they were, laid on the face of a now suddenly awake Harry Potter.
Lisa Turpin wanted to crawl in a hole and die. Harry smiled when he woke up.

"I'm normally used to girls throwing their panties at me," Harry said. "But, they usually have the common courtesy to do so when I'm awake."

Lisa flushed at his casual words. He rose to his feet and looked towards her.

"There's...there's a good reason why I'm in your room, um, Harry," Lisa said, wondering what shade of red her face turned now.

"Well, I'm all ears," Harry said, rising to his feet.

Lisa almost squeaked feeling such a powerful young man closer to her. Her heart beat against her chest the closer Harry edged towards her.

"Myself and my doormats...we were playing Truth or Dare," Lisa said. "It was myself, Mandy, Padma, Su, and Morag....well I had been picked, and Mandy decided to send me into your room."

"And she told you to drop your panties on my sleeping face and run," Harry said.

"Mmm, hmm," Lisa said.

"Well, you made a mistake," Harry said. "You wasted too much time...and you're going to have to suffer the consequences because of it."

Lisa could feel his eyes lock onto hers. Fear spread through her mind as she wondered what Harry Potter could do to her. He fought a dragon without blinking. He fought a two hundred foot long snake. He ran Dementors off the grounds with a single Patronus.

She tried to squeeze her legs together to get some relief. Harry put his hands down on her hips.

"Please, Harry...I didn't mean...I know how...how you must have problems with stupid fangirls sneaking in your room," Lisa said. "I'm not one of those...sure I think you're hot...but it doesn't mean I want to sneak in your room on purpose, you know."

"You think I'm hot?" Harry asked.

"Well, you're very good looking and any witch would be lucky to...be had...to have you!" Lisa yelled, going redder in the face.

Words, they failed her. Lisa wondered if she could make any more of a pig's ear out of this situation.

"I think this situation demands adequate payment," Harry said, with a smile leaning towards her. "And think a part of you hoped I'd wake up."

Harry reached towards her hand and rested it upon his crotch. Lisa couldn't believe the touch of his thick tool underneath her hand. It almost pushed out of his trousers to touch her hand.

"It didn't finish before you woke me up," Harry said. "What would you propose we do, Miss Turpin?"

Lisa managed to tap into her Ravenclaw spirit and attack this problem logically.

"I can try and suck it," Lisa offered.
"Five points from Ravenclaw."

Lisa's knees grew weak when she dropped to the ground. Her trembling hands hooked onto Harry's trousers and she pulled them from his body. The moment she pulled down his boxer shorts, she could see his thick, juicy, cock. It was the things legends were made of.

Chang really was an idiot to pine over Diggory over this. Oh well, her loss. Lisa took his cock in her hand, barely able to fit her fist around it. The sixteen year old brainy beauty gave him a few more tugs and strokes.

"Surely you aren't going to let your mouth go to waste?"

Lisa didn't want to do this. Her lips reached forward. It was almost like his cock grew to touch her lips sooner. Lisa pushed further and wrapped her lips around Harry's thick prick.

The moment his head touched her lips; Lisa lost her mind to the lust. Her lips wrapped around his cock. It took a moment for her throat to adjust to his thick tool spearing down it.

"Good girl, Lisa," Harry groaned.

Lisa smiled, bringing her lips and throat down onto Harry's manhood. She intended to give him the most pleasurable time she could. This was the first time she sucked a cock.

"Use your tongue a little bit more."

Lisa took Harry's advice and worked over his shaft with her tongue. She bobbed and suckled all over him, causing spittle to land on his cock.

Harry smiled. He would have to give her a passing grade on energy. Her technique could be fine-tuned, but the sheer determination to please made him very excited. The loud sloppy slurping sounds Lisa's mouth made when they wrapped around his cock made him ache.

"Suck it, my little Raven," Harry said.

Lisa didn't answer, on the account of having her mouth filled up with so much cock. She hummed when working him over. Lisa's nipples hardened a little bit more and her bare pussy dripped with more juices.

"Hope you enjoy your very first load," Harry said.

Lisa attempted her best to stay the course. She watched when Harry's prick pounded her tight mouth. He stretched out the back of her throat. The first taste it her tongue.

Unfortunately, for Lisa, she couldn't hold on for too long. Some of his cum hit her mouth, while other spurts of cum fired into her face. A particularly big glop hit her square in the right lens of her glasses. Some of them hit her cheek and her lips as well.

"Sorry," Lisa said.

She took off of her glasses. A naughty idea hit her head. She started to lick the dripping cum off of her glasses. Lisa locked eyes to Harry and watched his cock rise as she used her tongue to feast his cum off of her glasses. She placed them back on.

Harry wrapped his arm around her waist and pulled her in close.

"You hot piece of ass," Harry said, squeezing her ass for emphasis. "I want you so badly."
"Not as badly as I want you," Lisa said. After the sucking, she wanted his throbbing meat inside her body. She almost choked for it.

Harry reached up and pulled her blouse off. The Boy-Who-Lived almost removed her bra in the process. Lisa's perky breasts spilled out. Her nipples hardened for it, tempting Harry. Harry reached over and cupped her breasts.

Lisa enjoyed the most powerful man in their world pawing at her breasts. Harry squeezed and caressed her breasts, running his hands all over her body. He touched her stomach and caressed the area between her legs to tease her even more.

"I just can't keep my hands off of you," Harry said.

"Please, I need….I need your hands on me, all over me."

Lisa's skirt rode up and exposed her cunt lips. She situated herself closer towards Harry's manhood. His manhood touched her lips and almost slid inside her.

"Say what you want, and I'll be there," Harry said.

"I want your cock in my body," Lisa said.

Harry obliged her request with style. He hoisted up Lisa by her hips and pushed her down onto his manhood. The more of his meat slid inside her, the wetter Lisa became.

Lisa looked at him with an adoring look behind her glasses. At first, she didn't know what to do with this cock inside her. This time, Lisa brought her hips down onto Harry's thick prick. Lisa decided to go for a ride and work her hips onto the meat.

Harry watched as she bounced more and more. The look of pleasure behind those glasses got Harry excited.

"Look how wet you are," Harry said, brushing his fingers over her nipples. "Your nipples, they feel like they can poke through glass."

Lisa wanted to take Harry's word for it. The only thing which stopped any further thought was Harry diving between her breasts and suckling them. Harry's talented mouth lavished her nipples with attention. Lisa thought she about died and went to heaven.

Harry enjoyed the sensations of her walls massaging him. Each time he pushed inside her, she hugged him with increasing passion. The little spurts of orgasms only fueled her towards a bigger one. Harry pushed his fingers behind her and kept her riding.

"Spread them as far as you can, baby," Harry said, cupping Lisa's breasts.

Lisa's eyes glazed over, but she nodded. The Ravenclaw brought her hips down onto Harry's thick tool. She wanted the full experience and even more.

"It's so big…it feels so good," Lisa said. "I bet the girls line up to polish your wand."

"Oh, and more," Harry said, cupping her sweet ass from behind to encourage Lisa to bring herself down onto him. "Time for you to feel what it's like to really cum."

Lisa assumed she already came and came hard. Harry did the best to destroy the assumptions. A rush of energy spread through the body of the Ravenclaw. Her glasses almost dangled off of her
face when her head began bobbing. Harry caught the glasses and prevented them from falling off.

"This adds to your appeal," Harry said, shifting his cock into her. "Bet you didn't expect this to happen, did you?"

"NO!" Lisa yelled.

"Good thing you chose dare, wasn't it?" Harry asked.

Lisa nodded feverishly. Another orgasm crossed her body when she bounced higher up into the air and came down on Harry's body. She could feel the young wizard's cum loaded balls press up against her thighs. She knew he grew closer, and Lisa knew she had to have it.

"You're going to make me wait for it, aren't you?"

Harry only responded with a soft and subtle biting on the side of her neck. This action caused Lisa to come undone.

She almost lost her balance. Harry shifted positions and had her pressed against the bed. The Chosen One straddled Lisa and started to pound her cunt with a few rapid fire thrusts prompting her to scream to the heavens.

"Oh, you haven't felt anything yet, have you?"

Lisa almost lost herself in Harry's rapid fire thrusts. The Chosen One worked his generous prick into her dripping, hungry, pussy. Lisa hung onto him, her back arching.

Harry decided to switch to another play, elevating her legs all the way up towards his shoulders. Lisa screamed when Harry pierced her womanhood. Each thrust caused her pussy to drip with hunger when his rod spiked into her womanhood. His hands caressed her legs to allow him to touch the beautiful skin on her legs.

Lisa whimpered every time he planted his thick manhood into her body. She thought this was the best consequences to a dare ever. She encouraged him to bury his rod into her body, and Harry answered her encouragement with every single step along the way.

"More one more time for good measure."

Harry pounded Lisa's damp pussy with a series of rapid fire thrusts which caused her to be driven mad like a wild animal in heat. She didn't want this intense fucking to stop.

The Boy-Who-Lived marveled at her. Her glasses hung skew from face when Harry pounded her extremely hard from above. Her wet cunt milked his prick every step through towards the end. He knew she wanted it and Harry happily gave it to her.

"One more time," Lisa begged him.

Harry decided to oblige her words by thrusting his thick prick into her wet womanhood. Lisa twitched around him. He stuffed her completely full of his engorged prick.

"I wonder if you're becoming addicted," Harry said. The Chosen One started to caress and touch her. She mewled underneath Harry's talented hands. "Every time I do it, it's like magic."

In another time, Lisa would have groaned at the corny nature of what Harry said. Only this time, she couldn't do anything other than cum and cum hard. Every time Harry sank his prick into her
body, she responded by contracting her walls around him to milk him.

Harry brought her to another mind-shattering orgasm. Feeling the heat rise form her body, Harry assaulted her with a series of rapid fire thrusts. He punished her pussy with a huge amount of deep thrusts.

"My turn," Harry said.

Lisa anticipated Harry's load to go inside her. He rose almost all the way out of her and slammed into Lisa's dripping pussy. Each time he planted his thick prick inside her body; Lisa's pussy stretched out even further. She waited for the final climax to happen.

One final thrust brought Lisa to a spectacular peak. Her hips bucked up to take his manhood into her womanly depths. The Ravenclaw witch saw an amazing amount of stars.

Harry finished inside her body. The thick, creamy, seed spilled into Lisa's body. He launched an immense load into her.

Each time Harry pumped into her, Lisa lost a little more of her. His cumming reduced her to a bucking, moaning, animal.

Everything eased to a stop as Harry pulled out of her. He smiled when he looked down at her body. Lisa smiled back, thinking she'd still feel Harry between her thighs for months to come.

"Yes, choosing dare was the right thing."

Fixing Leaks (Charlotte Granger)

If there was ever blatantly shameless porn (to quote Kara Zor-El/Supergirl in Calendar Girls), this is most certainly a shameless example of shameless porn. I shamelessly admit it.

Fixing Leaks.

Charlotte Granger tapped her fingers on the edge of the table and waited for the repairman to arrive. Her washing machine wasn't working as well as it should and she didn't know what went wrong with it. Given her ex-husband picked it out, it was likely a cheap piece of junk. She wanted to know whether or not it was beyond repair.

The woman tapped her fingers, before stopping. The dark haired vixen looked at the clock. Technically the repairman was not late. She was just impatient. The dark haired woman smiled.

Her chocolate brown locks draped down over her face. Her blue eyes shimmered brightly in the light of the sitting room area. She dressed in a bathroom which had been fastened over her large breasts. Her curvy body came down to a toned stomach with an ass which could stop traffic. Charlotte's legs stretched down for miles and a pair of high heel shoes covered her feet. Her toes painted with a coat of red nail polish. She started to lift her foot in and out. Her arches were perfect and elegant.

The door bang rang and Charlotte bounced up to her feet. The brunette stepped over towards the door and opened it up.

The mature woman smiled and saw the young man on the other end of the door. His handsome face greeted her with beautiful green eyes and unruly black hair.

"Hello, you must have been sent here to fix my washing machine," Charlotte said with a smile. She gave his body the once looking over. She drank in the eye candy with every rake of her eyes. "I'm Charlotte…Charlotte Granger, and you are….."

"Harry Potter," the young man said.

"It's a pleasure to meet you, Harry," Charlotte said. She turned around. "Why don't I show you where the washing machine is?"

"Lead the way," Harry said.

Charlotte led the way down the hallway. Harry followed her with a smile on his face. Her robe rode up a little bit with each step and gave Harry a hint of her lacy black panties.

'So many of my house calls end with a bang'

Charlotte smiled and readjusted her bathroom. She could feel Harry's eyes on her ass. So many men stared at her ass, she developed a sixth sense about it.

"It's right down here in the basement."

Charlotte walked down the stairs and clicked on the light. She walked over towards the washing
machine and pointed it out.

"It's leaking all over the floor," Charlotte said. "My husband bought it, years ago….and this isn't the first time I had problems with it….the washing machine I mean."

Harry smiled when he looked at her.

"Of course," Harry said.

"I was wondering if I should trade in for a younger model, or try and live with it," Charlotte said. She reached over and placed a hand on his shoulder. "Take a look at it, and see what you think."

Charlotte stepped back to allow Harry to work his magic. She could see his tight ass in his uniform and she smiled. She wondered if the front view was about as good as the back.

"Did your husband try and repair this before?" Harry asked.

"Ex-husband," Charlotte said. He ran off two years ago and she hadn't been too displeased to see the back of him. "And yes he did….he never the handiest."

"I can see it," Harry said, with a frown. "I can see what I can do, but I might be able to buy you only another year or so. I'd trade in with a new model."

"Well, some things just can't be helped," Charlotte said.

She watched Harry get to work. Charlotte watched him work with a smile.

'Nothing like seeing a man who knows what he's doing with his hands get down to work,' Charlotte thought. She smiled and slowly undid the sash on her robe in an absent minded manner.

His hands moved like magic and did a series of actions which Charlotte didn't really understand. She knew he knew what he was doing.

"So, I think I've got it fixed," Harry said. "At least for now."

Harry moved his way over and grabbed the laundry which was in the basket. He put it into the machine and started to wash them.

"It's the best it's run in years," Charlotte said. She smiled looking at him. "In fact, it's the best it's ever run. It's like magic."

Harry smiled in a knowing manner before he stepped closer towards the beautiful divorcée.

"It's more than fine," Harry said. He walked closer towards him with a grin locked onto his face. "I'm used to picking up the slack from husbands who just can't cut it."

"Oh, I bet you can," Charlotte said. "So, how much is this going to cost me?"

"I'm not sure," Harry said. "The company will send you a bill in the next few days, and….if you have any problems, you just call them."

"Oh, well, I think you deserve something a little extra for your effort," Charlotte said. She smiled when she walked against him. She backed him up against the wall. "You've done such a good job, you deserve a nice tip."

Charlotte wrapped her arms around him. The robe worked its way open as she rubbed up against
the crotch of the handsome young man before him.

"It's been a long time since I've been with a man who could really handle a woman," Charlotte said. She leaned closer towards him.

Harry reached around and grabbed Charlotte by her ass. She squealed when he squeezed her ass. He smiled and leaned closer towards her.

"Oh, you want to be handled, do you?" Harry asked.

The two of them met face to face. Harry pressed his lips against Charlotte's with a forceful kiss. The beautiful older woman returned the kiss with hunger, shifting it into his mouth.

Charlotte leaned back and allowed the robe to drop to the ground. Her large breasts almost spilled out of a slightly transparent black bra. Her bountiful curves were on display for Harry. A wet spot came out from the other end of her lacy panties. A pair of sheer black stockings and a garter belt added to her. She rose up on the pair of high heels she wore as well.

"You're beautiful," Harry said.

"You're delicious as well," Charlotte said. She unzipped the edge of his uniform. "Let me tip you."

She revealed his muscular chest underneath the uniform. Charlotte placed her hands on his firm chest and started to massage it. Her hands wrapped around the back of his neck and she smiled.

Harry closed his eyes to allow Charlotte to run her hands all over his body. She rose up with a smile on her face, rubbing her sensual body all over his, worshipping him.

"Oh, isn't this a nice little surprise?"

Charlotte undid the bottom half of the uniform and pulled down the boxer shorts underneath. The breath had been knocked out of her body when she saw the throbbing veiny cock of the young man before her. She couldn't even wrap one hand around her.

"You're so big," Charlotte said.

"Bigger than your ex-husband?" Harry asked her.

"Yours is a masterpiece, his is a drunken doodle on a used napkin," Charlotte said. She smiled and could feel the thick cock throb.

The horny older woman leaned over and placed her tongue over his head. Charlotte covered his swollen head with her salvia. She worked over his base.

"You're so fucking good," Harry said.

Charlotte smiled and squeezed his thick balls. She could feel all of the cum which slowly began to build up for yours.

"Hope you can re-load these pretty quick after I'm done sucking you," Charlotte said.

The sexy minx sucked his swollen balls before making her way down to his thick tool. She popped his throbbing manhood into her warm and wet mouth. Her juicy lips wrapped around him and bobbed onto his sizeable manhood with hunger in her eyes.

"You're a really good cock sucker," Harry said. "You're going to take all of my cock into the back
of her slutty throat!"

"Mmm," Charlotte moaned, taking him into the back of her throat.

Charlotte brought herself all the way down onto him. Her throat stretched out to bring him deep into her. Charlotte stayed the course.

The beautiful slurping sounds caused Harry's balls to throb. Charlotte reached around and squeezed his throbbing balls. She massaged his testicles.

"You're going to make me cum soon," Harry said.

Charlotte looked up at him, smiling when she rubbed his balls and sucked him off. The gorgeous woman brought her nose down onto his pelvic bone and inhaled his cock into her mouth.

Harry's muscles tightened and he spilled his load into the warm and waiting mouth of the woman he brought to her knees. He held onto her face and pushed himself into her mouth, sending his load into her.

Charlotte ruined her panties the moment the warm hot seed touched the back of her throat. She started to suck the seed from him, rubbing his balls.

A pop released him from her mouth. Charlotte rose up to her feet with a smile.

"You're delicious, love," Charlotte said. She turned around and walked over towards the washing machine.

Harry noticed Charlotte casually shoved her panties to the side. Her dripping wet cunt exposed itself to him. He reached over and placed his hands on the side of her waist.

"I must have mixed this leak," Harry said, pushing his finger into her dripping cunt from behind.

"Oh, my, it's dripping all over the floor," Charlotte said. She could feel him slip another finger into her pussy and a third finger. "Oh, that's the ticket right there."

Harry unclipped her bra strap with his free hand. Her large breasts spilled out of her top. Harry cupped her right tit in his hand and squeezed it.

"Oh, baby, more," Charlotte said.

Harry rubbed her pussy with one hand and played with her breasts with the other hand. The sexual moans given by the woman made Harry smiled. He leaned closer towards her and started to nibble on the back of her neck.

"Enjoying yourself, aren't we?" Harry asked. "This is what you wanted isn't it? This was what you hoped for when you answered the door, didn't you?"

"I don't….know what you're talking about," Charlotte breathed. Harry delved his fingers between her wonderful thighs.

"Oh, I think you do, dressing in the minimal amount of clothing possible when I answered the door," Harry said. "The washing machine doesn't the only thing needing to be fixed, was it?"

Harry pulled his fingers from her, denying her an orgasm. Charlotte breathed heavily and Harry smiled when he backed away from her.
"Yes, I was hoping they'd send a nice stud I could seduce and fuck," Charlotte admitted.

"I know you were," Harry said. "I'm sure you want more than my fingers in you. You want my cock drilling your slutty cunt, don't you?"

Charlotte nodded in response, and Harry spun her around. He pushed her back so she was pressed against the washing machine. Her thighs spread apart to reveal her delicious center which dripped towards him.

"You want me to be inside you, don't you?" Harry asked. He played with her nice tits.

"Oh, I love you playing with my big tits," Charlotte said. "Squeeze them, honey, suck on them…fuck me hard!"

Harry straddled her and rubbed his throbbing cock against her toned stomach. He eased his way down and teased her for a moment.

"I'm burning up," Charlotte said. His head touched her inner thighs but did not slip inside her. Charlotte tried to raise her hips up towards him, but Harry pinned her down. "Give me…give me your cock!"

Harry leaned in and wrapped his lips around her nipples. He bit down on it and caused her to moan. He squeezed her right tit while suckling on her left one.

The duel sensations bombarded Charlotte. His cock came preciously closer towards her hungry cunt. The young man almost touched her outer lips to enter inside her.

"Please!" Charlotte said. "Please, master….give me your cock."

"I'm your master, and you're my pet, aren't you?" Harry asked. He stroked her thighs with his hands and teased her a little bit more.

"Yes, sir, please, give me your big cock," Charlotte said. She lifted her hips up. "Fuck me against the washing machine."

Her large breasts squashed against Harry's muscular chest when the handsome younger man leaned down against her. His thick throbbing cock pushed against her.

"YES!" Charlotte yelled. She spread her thighs to allow his larger intruder inside her.

Harry grunted when Charlotte's hot heat wrapped around his thick manhood. She grabbed onto his ass and encouraged Harry to plow into her.

"You haven't been fucked for a really long time," Harry said. "Your pussy is so fucking tight."

"Oh, yes, it's tight," Charlotte said. She shifted her hips up towards him. Charlotte wrapped her legs around Harry's waist and held him in closer towards her. "Loosen it up a little bit baby."

"Oh, I'll make your cunt mine," Harry said. "I can feel how much you love me fucking your snug twat!"

Harry rubbed down her legs. Her soft skin pressed underneath his palm. He plowed deep into her body and almost came out of her before he pushed completely into her depths. He rose up and slammed himself into her.

Charlotte rocked her hips up towards him. The mature babe rose her hips up towards him. Her hips
rolled up to bring him deeper into her. She could feel it, in her body. He brought her to an orgasm with the power of his cock. Charlotte gasped when he stuffed her full.

Harry leaned down and buried his face between her breasts. Charlotte wrapped her arms around him and held his head against her breast. His mouth and tongue lavished her, eating her.

"Love, you're so good," Charlotte said. "Mmm, oohhh….ah."

Her pussy flowed rather nicely. Harry kept rocking his hips back into her. Now her pussy moistened completely it allowed her to plow against her tight walls even more. Charlotte arched herself back to allow him to push into her. The head of his cock buried deep inside her body.

Harry relaxed himself to all her walls to contract around him. He could feel her insides. The heat touched him and he sought even more of it. He plunged into her.

"Enjoy cumming for a real cock?" Harry asked.

"Oh, yes, baby," Charlotte said. "Stuff my naughty twat with your big fat prick."

Harry smiled when he continued to play with her legs. He enjoyed how sexy her toned legs looked with the sheer stockings. He brought himself down onto her.

Charlotte gasped when her belly had been stuffed with his large cock. The signs of release crept up her body. He pushed himself into her.

"Cum."

One word whispered into her ear. Charlotte obeyed the words of this younger, forceful man. Her pussy twisted around him and kept launching her hot juices around him. Harry continued to push into her. He leaned down with each thrust and teased her nipples with her teeth.

"Master, please, cum inside me," Charlotte said.

He fucked her vigorously against the washing machine. Charlotte never could believe anything like this could happen in real life, but she couldn't have enough of it. She rose her hands up and dug herself into her.

"You're an animal, pet," Harry said.

"Yes, fuck me like one!" Charlotte yelled. "Bury your prick inside me and make sure everyone knows a hung stud drilled me! FUCK ME! FUCK ME HARD!"

Harry rammed himself into her depths. Charlotte's heated core stretched around him. He pushed into her. The cunt stuffing actions brought the cum to the point of his balls.

"One more time," Harry said. He leaned towards her and bit onto the edge of her ear.

Charlotte thought she would lose it. She milked him with the hard thrusts. Again she saw stars and again Harry plowed into her. His cum heavy balls slapped against her thighs.

"One more time," Harry said. He leaned towards her and bit onto the edge of her ear.

Charlotte thought she would lose it. She milked him with the hard thrusts. Again she saw stars and again Harry plowed into her. His cum heavy balls slapped against her thighs.

Her body shuddered to stop and Harry plowed inside her. He fucked her pussy raw, hammering her. Charlotte hung onto him, moaning, squeezing his bicep. Harry could feel himself be brought to the edge.

Her shriek brought another orgasm. Her walls clamped down onto him with Harry slamming into her body. His nerves fired with pleasure and the point of his cock launched into her body. The hot
and warm seed spilled into her body. Harry held into her hips slamming deep into her womanly depths.

Charlotte shuddered with a stop with Harry emptying the contents of his balls into her body. She couldn't believe his balls held this much seed. He overflowed her and filled her body with so much cum.

Harry pulled away from her and surveyed the latest results. Charlotte smiled when she ran her fingers over her body. Her stomach rose and fell. She felt stuff full with his cum flowing from her.

"Well, at least it's structurally sound," Charlotte said. She tried to stagger to her feet with a smile. The bountiful brunette almost collapsed forward into Harry's arms.

"Yes, it is," Harry said, squeezing her ass when Charlotte pressed her breasts into his face. He squeezed her again which caused her to gasp. "Yes it is."

Charlotte's loins tingled and she wanted even more. The fact this stud was willing to give her everything she needed was music to her ears.

"Let's see how loud I can make you scream."

**End.**

*Just because she's been retired from ever appearing in my stories again, doesn't mean her mother should be punished. Don't ask, just don't ask. So, wild cards will be included rather soon, although there will still be Potter women exclusive chapters. Will the next chapter be one of those with a Potter woman, or a woman from another fandom? (I know, because the next chapter is already written).*
Who Broke Who? (Narcissa and Bellatrix)

I've decided to put what women will be featured next to the chapter titles. It kind of ruins the element of surprise, so sorry about that. You can feel free to skip past the bold type, and not ruin the surprise. I feel when the wild cards get figured in in future chapters, I'll need to put the character and the fandom they are from anyway. So if people want to research them before they go into the chapter, they can do so. Also, the list is growing on the blog. Nowhere near complete. Well, Marvel, DC, and Harry Potter are mostly complete, but the other lists...not as much.

Anyway, I've babbled enough, and I doubt only half of you have listened to a word I said. Or read read with a word I said.

Who Broke Who? (Bellatrix Black-Lestrange and Narcissa Black-Malfoy from Harry Potter)

Harry Potter reclined as much as he could against the dungeon walls of the Malfoy family dungeon. The Boy-Who-Lived found his wrists shackled to the wall. His legs had been spread apart on the wall. A few scratches and bruises covered his face.

Twelve Death Eaters it took to bring him down. Harry was certain he brought a handful of them down in the process and left many others with injuries to remember him by. The plan looked a bit better on paper, than it did actually playing out in practice. Harry deepened his smile. He was positive he could salvage this one.

The doors opened up and a refined woman descended down the stairs. Bellatrix Lestrange approached the steps, a scowl on her face. Her silky black hair shined in the dim light of the dungeons. Her soft and refined face returned to its full luster after being out of Azkaban for a few years. Her exotic violet eyes shined in the light. Her lips curled down, coated in dark lipstick, plump and perfect for all kinds of oral talents. Her robes stretched over her body, hiding a lot of what was underneath. Bellatrix dressed in a pair of fingerless black gloves with her nails painted black.

Harry believed she was rather well endowed indeed, thanks to her magical prowess. Bellatrix walked over towards him. The scowl on her face was quite fetching on her.

"Well, well, well, Potter, look what the cat dragged in," Bellatrix said.

"Hello, Bellatrix, how's my favorite psychopath?" Harry asked.

"Better than you are right now, I can tell you," Bellatrix said. She looked like a predatory who stalked her prey. "You've been a naughty little boy, Potter. Constantly meddling in the Dark Lord's schemes."

"My day's not complete unless I ruin Voldemort's," Harry said.

"You speak his name," Bellatrix said.

"Well, it's not his name, mainly some title he gifted himself," Harry said. "His real name is Tom Marvolo Riddle. His father was a common Muggle. His mother was barely above the level of a filthy squib."

Bellatrix's rage bubbled over to the service.
"And to think, only a select few know his name, his real name," Harry said. Bellatrix pulled out her wand and pointed at her adversary. "But, perhaps you know. Perhaps you know Voldemort is the bastard son of a squib and a Muggle."

"It's lies Dumbledore has told you, Potter," Bellatrix said.

"Well, Dumbledore has lied many times, but…your master told me himself," Harry said. "I stared him in the eye when he admitted who his father was…nothing but a filthy Muggle. Useful in death, because his bones allowed your master to cling onto his pathetic existence called life."

"The Dark Lord is more powerful then you will ever be, Potter," Bellatrix said.

"Oh, you've tasted my power full on, haven't you?" Harry asked. "When I gave you the Cruciatues Curse in the Department of Mysteries. Remember Bellatrix."

"You didn't cause me pain," Bellatrix said. "I told you, Potter, you didn't mean it."

"Oh, naïve, Bella, I obviously didn't cause you pain," Harry said. "Magic is all about intent. I've performed the sister curse to the curse by pure accident, and….you were in desperate need of a change of panties, weren't you, Bella?"

Bellatrix returned fire with a glare of her own. He did cause her sexual stimulation, as if by accident. She tried to hide it underneath her demeanor, and thankfully the Dark Lord turned up and drew attention off of her.

"The mirror of pain is pleasure," Harry said. "I get it, you want to be a tough girl. And you can be dangerous…you're extremely bad, Bella. You're a naughty little vixen, who thinks she can have her way with the naïve Gryffindor."

Bellatrix locked eyes with him. She tried to show no fear.

"Deep down, you get off on it, you get off on the idea of submitting to a wizard who society things is beneath your standards," Harry said. "And deep down, you know about Riddle. And you continue to throw yourself at him….but he doesn't want anything to do with you, does he?"

Bellatrix hated how close to home he struck her. She stepped towards Harry and placed her hands on either side of her face. The nails of the dark witch dug into Harry's face.

"Shut up, Potter."

The dark goddess moved her hips against Harry so she could press against him. She squashed her breasts against him when against the wall.

"You think you're so big, Potter?" Bellatrix asked. "You think you got the better of me."

"I did get the better of you, and I got the better of you now," Harry said. "The state of you tells me as such."

Bellatrix stepped back to cup her breasts. Her nipples hardened through the other side of her robes.

"And the moment I get out of here, I'm going to treat you like the whore you've always wanted to be," Harry said. "I'm going to make you scream my name, and you're going to have a new master."

"You think so, don't you, Potter?" Bellatrix asked. The Chosen One's eyes locked onto her with a smile and Bellatrix removed her hand from her breast to stare at him. "I'm going to break you. I've
bet you've never experienced a real woman."

"Take your best shot, Trixie."

Bellatrix raised her wand and started to slice off Harry's robes. The tattered remains of his robes fell to the floor. She ripped his shirt off to reveal his muscular chest. The scars covering his athletic upper body didn't detract from the experience. Bellatrix slowly ran her hands over the scars, tracing patterns on them.

"One would think you're getting into this," Harry said.

Bellatrix realized what she was doing and stopped.

"We'll see how tough the great Harry Potter is," Bellatrix said.

Bellatrix undid Harry's trousers and pulled them down. The only piece of clothing left to block her sight from the promise land was a pair of boxer shorts. She could see Harry's tent being pitched.

"Auntie Bella wants to play," Bellatrix said, squeezing his package in her hands. The dark witch removed her hands and worked Harry's boxer shorts down over his ankles.

Seeing his naked cock out in front of her caused Bellatrix to gasp. Most purebloods didn't measure up to this at all. The thick cock standing in front of her caused Bellatrix to step back and gasp.

"Ah, what's the matter?" Harry asked, doing a perfect imitation of her baby voice. "Ickle Trixie afraid of big bad Harry's big cock?"

Bellatrix squeezed Harry's balls forcefully. She could feel how thick and heavy they were and ran her hand down them. A fire burned through her eyes when she leaned down. The thick swollen head greeted her. Bellatrix leaned forward and touched her lips to his cock. She slid her tongue against it.

The sexual stimulation was about to begin. Harry watched Bellatrix ease her mouth open and lower herself onto his cock. The dark witch came closer to bringing him into her mouth.

Bellatrix inhaled Harry's cock with one fell swoop. She brought her lips down onto his cock, dragging it up of the edge and tonguing out of his slit. The warm taste of his pre-cum hit her tongue.

Harry closed his eyes. Bellatrix used her tongue, teeth, and throat to give his cock a full stimulation. She went to town on his cock, with all of the talented precision of a top dollar war. The vixen's tight throat contracted around his cock and started to suck him down. Bellatrix refused to let go of the throbbing tool placed in her tight throat.

Bellatrix sucked him into the back of her throat. Feeling his heavy balls, Bellatrix tingled in excitement for the amount of cum to her. The suction sound made sure his entire cock would be feeling this, when Bellatrix left him nothing, but a broken man, with a sore cock and an empty, drained, sac.
"Whore, Death eater slut," Harry growled. "But, I've bet you've never had a cock this big in your throat."

Bellatrix groped his sac and started to rub him violently. The dark witches's nails sank into Harry's hairy balls when she brought him. Bellatrix milked him like a cow, and she would get all of his fucking milk.

Harry thrust his hips forward and choked Bellatrix on his erupting cock. The cream coated the back of her throat firing into it with the precision of a firehouse. Bellatrix clutched onto his balls and stroked them, milking all of the cream from his balls down her throat.

The witch rose to her feet, a dazed expression on her eyes. Bellatrix knew one thing for sure, she never took this much cum into her mouth. A bit of a cocky smirk returned to her face when she stared at Harry.

"Guess you aren't so....." Bellatrix said. She stopped the moment something else rose to the occasion. "How are you still hard?"

Bellatrix's eyes looked at Harry's cock. It remained erect despite just seconds earlier her giving him a sloppy and sexual blowjob which drained his balls.

"Guess, you're not as good as you think you are," Harry said with a smile. "I'll give you an EE, there's most certainly room for an improvement."

Bellatrix removed the clasp on her robe and pulled it down to the ground. She revealed a tight black halter top where her breasts almost spilled down them. The abundance of womanly curves stretched into the shirt. A tight black leather skirt stretched down until a little bit past her knees. Her legs covered in ripped fishnet stockings and black leather high heeled boots.

"Not too bad, Trixie," Harry said. "You'd look good hanging out on a corner in Knockturn alley."

Bellatrix gritted her teeth when looking at him. Yet, there was another part of her who got off on getting demeaned on him. She removed her halter top and revealed her large breasts. The globes rested high and firm on her chest. Harry received a visual buffet of big areolas, and juicy, erect nipples. Bellatrix pushed her large tits in his face.

"Suck it, you little bastard," Bellatrix said.

Harry bit down onto her nipple which caused her to gasp in pleasure. The Boy-Who-Lived's mouth treated her sensitive nipples extremely roughly. Bellatrix groaned the more Harry buried his mouth over her nipple.

"Oh, fuck, bite my nipples, maul my breasts with your mouth," Bellatrix said. She reached between her thighs and started to rub her cunt. The juices stuck to her fingers. "Feel this, you little cunt warmer, feel what you're doing to me. You naughty boy."

Bellatrix removed her breasts from Harry's suckling mouth and tried to forcefully shove her juice stained fingers Harry's mouth wrapped around her fingers and inhaled them. Bellatrix groaned when Harry bit down onto her finger.

"I'm going to ride you into the ground, Potter," Bellatrix said.

"Do you think your cunt can handle me?"

Bellatrix ripped her skirt off to reveal her cunt. Her pink lips beckoned out for Harry with a strip of
dark hair down it. The dark witch straddled Harry's hips and pushed her cunt closer towards his thick manhood. Bellatrix grinded up and down on his thick cock, almost ready to shove him all the way inside her.

"Damn, you're the tightest whore ever," Harry said.

Bellatrix wrapped her legs around Harry's hips with a crushing force. The nymphomaniac death eater pushed her hips down onto Harry's thick cock and slid all the way down her pole. His cock entered her tight cavern.

Harry grunted when Bellatrix impaled herself onto his pole. Bellatrix Lestrange's big tits smacked into his face. Harry took the creamy globes into his mouth and started to suck them.

"You bastard, you're going to make me cum," Bellatrix said.

"Oh, my poor cock sleeve, you have no idea what you've gotten yourself into, have you?" Harry asked.

"No, but you've gotten yourself into me, Potter," Bellatrix said, squeezing her thighs closer to milk his probing prick. It seemed to grow and swell by each thrust.

Bellatrix leaned down and bit down onto the side of Harry's neck, drawing a little bit of blood. His cock pushed deeper into her.

The heat from her loins surrounded Harry's cock. He rose his hips up and brought all twelve inches sthick into the dripping hot womanhood of Bellatrix. Bellatrix grinded down onto him pushing onto him.

Bellatrix's body erupted into a pleasure. A pair of strong hands gripped her on the ass and squeezed it to push it into her.

Wait a minute, hands, loose, on her ass, roaming all the way down the back of her legs, and up her body to touch her breasts. A hazy conclusion reached Bellatrix.

A crack echoed and Harry brought Bellatrix across the room. The Death Eater couldn't fight it, or care too much about the fact Harry Potter was loose. The only thing mattered was she came all over his cock.

Restraints strapped around her and the next thing she knew, Bellatrix found herself strapped to a torture rack in the dungeons. The restraints were fastened tightly around her, and Bellatrix couldn't be any more horny than Harry left her now.

"A big rack for a big rack," Harry said as he pawed her tits, having pulled completely out of her. "Let's see if I could stretch you out."

Harry rubbed against the entrance of the woman. Juices collected on the tip of his cock. The number of juices coating Bellatrix thighs allowed him for an easier move.

"Stick it in me, Potter, you're making me crazy," Bellatrix said.

"Just now," Harry said. He played with Bellatrix's right breast and started to squeeze them.

"Harry, please, I need your cock inside me," Bellatrix said. "My pussy is on fire."

Harry smiled and edged his cock against her, sinking into her dripping hot pussy one more again.
The sound of the moans in his ear prompted Harry to bring his entire weight down into his cock. Harry pushed his hips against her.

Bellatrix gasped when their pelvic muscles met together. His cock stretched her out on the rack. His hands started to maul her tits and rubbed them hard.

"You can drown a man, Trixie," Harry said.

"All the better…for you to fuck my brains out," Bellatrix said.

The door on the stairs opened and Narcissa Malfoy stepped down. She went down to check to make sure her sister didn't get out of control with interrogating Potter for information. Bellatrix could go over the top a lot of the times.

Narcissa heard moans, which she expected. What she didn't expect was there were Bellatrix's moans. Narcissa opened up the door and saw a sight she never thought she would see in her life.

Harry Potter violated Bellatrix repeatedly with his….gifted equipment. Narcissa watched him, thinking she should intervene, but Narcissa couldn't bring herself to do so. She couldn't look away from the tawdry scene next to her. Like a disgusting broomstick crash, Narcissa knew the spectacle would be a big much.

And speaking of broomsticks, Harry penetrated Bellatrix and started to cause her to scream. Narcissa reached up and undid the front of her robes slowly. She trailed her fingers down.

Bellatrix tried to lift her hips as much as they could. A rush spread through her body. Every single part of her body had been attacked by Harry.

"Having fun?" Harry asked. "Time for you to cum again."

Bellatrix tried to exert some kind of self control. It didn't happen for long, but Bellatrix made the effort to do so. Harry brought his thick manhood into her.

"Just look at you, the state of you," Harry said. Her legs had been released, allowing Bellatrix’s fishnet clad legs to wrap around him. He could feel her legs up. "You're a bad girl, lusting after the cock of your master's most hated enemy."

Bellatrix gasped with a pleasurable moan. Harry brought the point of his throbbing penis into her body. Bellatrix wrapped her thighs around him and started to pump him.

"And look at you, you're cumming again….I don't even need to say anything do I. I just have to touch your nipples."

Harry flicked her nipples to prove his point. Bellatrix overflowed and sent her into a gushing rush of pleasure. His cock pushed into her depths, stuffing her completely full.

The moment Bellatrix came down, Harry pulled out of her. He knew she wouldn't move now.

Narcissa Malfoy stopped, eyes widened. Her robes were opened with her skirt rolled up and her panties rolled up.

"Hello, Mrs. Malfoy, long time, no see," Harry said.

"Mr. Potter," Narcissa said, trying to look casual.

"I'm guessing Lucius hasn't been….quite living up to standards," Harry said. He made sure
Narcissa stepped completely into the room, locking the door behind both of them and casting a spell so no one could bother them. "But if he's anything like his demon spawn of a son, there's some pretty low standards."

"Potter, you're…you're not going to do this to me, like her," Narcissa said. She backed up against the wall.

"Do what?" Harry asked. He lightly touched his fingers on the edge of the wall and pinned her back.

Narcissa's cheeks grew with the heat. The thought of this powerful young man being up close to her dried her mouth.

"She means you're not going to fuck her like a high class whore," Bellatrix said. "She means you're not going to pin her down to the ground, rip open her blouse and suck on her giant tits, while shoving your cock into her underused cunt. The only thing she's had it was barely bigger than a pin."

"Bellatrix, you're….."

"It's not like Potter can handle both of us," Bellatrix said. "Your cunt's tighter than mine. He'll burst in it."

Harry backed Narcissa against the wall. He could hear her heartbeat against her chest. Harry smiled when he pushed up against her.

"Potter, don't…..please," Narcissa said.

"Are you afraid of me, Narcissa?" Harry asked. "Are you afraid you can't handle a real man's cock?"

"No, I'm not afraid, Potter," Narcissa said.

"Then prove it," Harry said.

Narcissa threw her arms around Harry's neck and pushed her rosy lips around his. The two of them exchanged a passionate kiss with each other. Harry's tongue went into her mouth.

"Yes, give in, embrace your inner whore, little sister!" Bellatrix said, cackling.

Narcissa stepped back and wrapped her hand around Harry's thick cock. Narcissa could feel flushed when she rubbed her future lover's pipe in between her fingers.

"Are you going to do anything?" Harry asked. "Or have you forgotten?"

Narcissa waved her wand, and transformed one of the chairs into something more comfortable. She backed Harry onto the love seat and looked at his thick prick into the air.

"I love your big cock, Harry Potter," Narcissa said. "You're the chosen one…chosen to fuck me."

Narcissa kissed the tip of Harry's thick prick and pushed her lips around it. She brought his cock into her mouth. Narcissa tasted his cock.

"Oh, Narcissa, don't you realize you're sucking his cock with my juices staining it?" Bellatrix asked.
Narcissa wasn't deterred. Harry reached around, threading his fingers on the back of her golden blonde hair. Harry pushed his thick prick into the back of her throat.

His cock stuffed her cheeks and the back of her throat when Harry started to face fuck the mother of one of his school yard rival. Narcissa's wet heat of her mouth inhaled and released his cock.

Harry pulled his cock out of Narcissa's mouth. She looked up at him with a smile on her face. Narcissa rose up and grinded her wet pussy against his cock.

"Inside me, Mr. Potter," Narcissa said.

"Yes, Narcissa," Harry said with a smile.

Narcissa positioned her heated mound against his thick cock. She pushed his cock inside her, straddling Harry's hips and bringing him inside her. The sexy MILF wiggled her hips down onto him.

"Oh, Narcissa, Bellatrix was right!" Harry groaned, her pussy enveloping his thick cock. "You're really fucking tight!"

Narcissa positioned her pussy down onto him. Her almost virgin tight pussy wrapped around his thick cock. Despite giving birth to her son, magic made her pussy extremely tight because of underuse.

"Going to cum yet, Chosen One?" Narcissa asked.

Harry removed her blouse to reveal her creamy, delicious, tits. He leaned in and took Narcissa's rosy nipple into her mouth. Narcissa wrapped her arms around Harry's head and pushed them into her creamy breasts.

Narcissa couldn't believe this. No one worshipped her breasts like Harry did. His mouth stimulated her and caused an eruption of pleasure to go down her body.

"Faster, Narcissa, drill your cunt over his big half blood dick!" Bellatrix yelled. Her hands had been freed by Harry, but she wasn't to move. The dark witch masturbated herself raw.

Narcissa hung onto his neck. Her wet cunt brought down onto his thick manhood. Tingles pushed into her. She could feel his cum swollen balls going up into her cum.

"Cumming, so hard, Bellatrix," Narcissa said.

"Just the first one, first of many," Bellatrix informed her. "Does your entire body feel like he transfigured it into a G-Spot?""

"Yes!" Narcissa screamed at the top of her lungs. She pushed her hard nipple into Harry's mouth. Narcissa's snug cunt squeezed Harry's cock like a python. The glorious heat wrapped around him and sank down onto him. The woman's hair stuck against her face.

Harry motorboated her breasts. Her heat pumped down around her, with Harry shoving himself into her. Narcissa gasped when Harry shoved his thick prick into her body. His balls swelled when her hot anus pushed down onto them.

"Spill your seed into me, Harry," Narcissa breathed. "Put your seed into me. Breed my pureblood womb!"
"Oh, I knew you were a slut!" Bellatrix yelled. Her masturbating got even more hungered, at the thought of the Boy-Who-Lived knocking up her younger sister and knocking her up. They would need to kidnap Andromeda and complete the cycle, providing they could walk again when Potter was done with them.

"Yes, I'm the slut, the slut of the Chosen One," Narcissa said.

"What about the Dark Lord?" Bellatrix asked.

"Did the Dark Lord ever do this to us?" Narcissa asked.

"No, he hasn't, he'd rather spend time with other men kneeling before him," Bellatrix said.

Harry gripped Narcissa's delicious ass and continued to allow her to ride onto him. The pureblood vixen kept riding onto him. His balls started to churn with cum inside her.

"Please, Master, give me your seed….I'll carry your heirs!" Narcissa yelled.

"Not if I don't carry them first," Bellatrix said.

"But, you couldn't finish the job," Narcissa said. "I guess years in Azakban have made you soft, Bella."

"Are you willing to forsake the Dark Lord for me?" Harry asked, looking up from Narcissa's breasts to stare at Bellatrix.

"Yes, I'll willingly betray the Dark Lord for your cock!" Bellatrix yelled.

Harry smiled, he supposed it was the thought which counted. He pushed his cock into Narcissa's extremely willing pussy. Her cunt pumped up and down onto him.

"Yes, I'll take your cock, I'll kill my husband for your seed!" Narcissa yelled.

"Aww, I wanted to kill your husband!" Bellatrix whined.

Harry's thick cock started to pierce her. Narcissa summoned all of the power to her pussy and tried to squeeze him completely hard. She wanted to feel him knock her up. Her breasts swelling with milk for her master to feed on.

"Give your pet your cum, Master," Narcissa said. Harry nibbled on her breasts to leave love bites on him.

"Oh, are you receiving your new mark, Cissa?" Bellatrix asked, having conjured a magical vibrator and shoved it into her pussy.

Harry smiled and decided to give Bellatrix an orgasm from across the room. Her hips bucked up and down, slamming into the invisible air as the magically simulated cock speared into her.

"You might burn out, Narcissa."

"I won't."

Narcissa lifted her hips down onto him. She allowed him to touch her ass and cram his cock into her pussy. So much cum, she was pretty sure he used a charm to prevent himself from cumming inside her.
Bellatrix collapsed into a drooling state, resembling one of her past victims. Narcissa left.

"Do you swear to follow me, no matter what?" Harry asked

"Yes, I'm loyal to only you," Narcissa said.

Harry smiled, her legs were amazingly soft, as her were her breasts and pussy. Her ass looked to be delicious as well and he couldn't get enough of it. Harry pushed deep into Narcissa and pummeled her.

"Don't worry, Voldemort will be dead momentarily."

Bellatrix would have asked what Harry meant, had she functioning brain cells which hadn't been fucked into a stupor. Her pussy kept humming from the results of the series of orgasms Harry channeled through her body through the body by the sheer force of well.

Pleasure racked Narcissa's body and it increased when the contents of his balls spilled into Narcissa's body Harry fired the contents of his balls into Narcissa's womb.

"Did it Bellatrix," Narcissa breathed, making sure all of his cum filled her pussy. She could feel her master knocking her up with a child, a child which would be more powerful than the disappointment Lucius gave her.

"Only because I got the ball rolling," Bellatrix said. She rose up to the table and walked over, almost collapsing to her knees.

"Don't worry, there's more where that came from."

Harry smiled; he used Bellatrix's dark mark as a conduit for a sexually charged ritual to kill Voldemort and his followers. He saved Bellatrix from this fate by binding her to him as a sex slave, and he added Narcissa as a lovely door prize.

All was well.

The End.
Well here begins the official inclusion of the Wild Card chapters. Well technically, last chapter was the official start, but it came up as Harry Potter in the entirely complicated way I decide these things. Anyway, enjoy, or don't.

Across the Realms (Awryn from Sojourn)

A rumbling sound echoed in the distance. A hideous creature guarded the edge of the temple. All who had tried to get past it to get the treasure inside had been slain. The treasure laid in the dominion of a sorcerer who intended to use this particular magical artifact to enslave the people and bring a new age of darkness to the kingdom.

A statuesque blonde dressed in green stepped into the picture. She dressed in a lacy tied up green garment and tight silver pants. Her soft face was a contrast to the intensity blazing through her eyes. The woman slung a quiver over her shoulder and a bow in her hand.

"No more, no more will suffer," the woman said. "This will end tonight. Your master will fall, and you along with him."

The creature responded with a loud growl. The archer loaded her bow and fired the arrow. The arrow caught him directly between the eyes. One shot with the arrow only served to enrage the beast.

Several more arrows unloaded into the creature's chest. They were designed to drop him to the ground, but instead, the creature remained standing on his feet, blood dripping down from his chest.

A flash of light appeared over the archer's head. Her eyes opened when a striking young man fell from the ceiling at her feet. He dressed in a black uniform with the slight hints of silver. His green eyes distinguished him the most with an unruly head of black hair which one could run their fingers through for a long time. The lighting bolt mark on his forehead had some significance. He strapped a sword over his back, which the archer could tell was more for show than anything.

The visitor opened his palm and fired a blast of light towards the creature. The creature dropped down onto the ground and howled.

"His weak spot is the right side of his neck," the traveler said. "Do you think you can hit it?"

"Yes," the archer said, aiming back her bow.

One arrow fired the right side of his neck and the creature howled in agony. The enchantment which bound him to this location had been compromised by the arrival.

"It's inside, isn't it?" the traveler asked.

The archer responded with a nod and watched the creature vanished from the realm. Rushing inside, she snatched the item out of the box.

"The key, it's here, he had it," she said.
"An army will be sent, you've triggered the enchantments," the traveler said. "You need to leave."

"I will see him dead," the archer said. "Even if it means my demise"

The army approached and they were in great numbers.

"Your demise isn't something I'm willing to do after if I saved you," he said. "And I'll save you one more time."

The archer braced herself for a fight, but it did not come. The army stopped outside.

"I have shielded this place from the eyes of your enemy….." the handsome traveler said. "Even if I do not know his name, I know he is of great power."

"Mordath," the woman said, great venom dripping from her voice.

"Yes, I can tell you have a history," he said.

"History, he killed my family, he killed others which held dear to me, and if I perish, I hope to take him with me," she said.

"Yes, a suicidal attitude, it's a common virtue of the noblest warriors….Miss….."

The noble young man left the name dropped. The archer smiled when she looked at him.

"Arwyn, my name is Arwyn, I was once one of the Royal Archers," the woman said.

The sound of the army had been replaced by the sound of a storm. It looked like unless the army discontinued their search immediately. Given the dangerous man they worked for, neither held any love loss.

"Arwyn, it's a beautiful name," he said. "Fitting for the woman it belongs to."

The woman smiled when she looked him over. The gentleman looked like he took care of himself.

"And who you are…noble knight?" she asked with a smile crossing her face.

The savior chuckled in response. To be honest, he had been called a lot in his day. Noble knight was quite frankly a new one.

"I wouldn't call myself a knight, more like a humble traveler, who is drawn to women in peril," he said.

Arwyn folded her arms underneath her chest which did a good job in enhancing it. Something about his aura seemed enchanting to her. She drank him in like a rare wine.

"I was not in peril, the situation would have been…dealt with, had you not intervened," Arywn said. "But, I do thank you for assisting me and for…misdirecting Mordath's followers….and again, I do not have your name, so I cannot properly thank you."

"Harry Potter," he said.

"Yes, a name worthy of nobility," she said. "You sound like someone who would be a resident of this realm, but yet, you are not around here."

"I'm a traveler, I walk amongst worlds," Harry said. "I seek out the most beautiful of all of the
creatures in the universe."

"And these are?"

"Women," Harry said.

Arwyn heard his self-assured voice. His eyes locked onto her face, never studying her body, but he didn't need to. Once glance into his eyes told her all she needed to know.

"And I've been drawn here by your plight," Harry said. "And trust me when I say I've been in your position. Lost friends, family, all because of an evil dark wizard who would have liked to see the world burn. But in the end, you always find another reason to fight. You find another reason to get out of bed another day."

"I'm finding it difficult," Arwyn said. "And I thank you for your help, Harry Potter, but I must be departing."

Arwyn found her self-control waver the longer she stood here in this place. The thoughts of what might happen to her, because of him haunted her mind and her thoughts.

"You shouldn't leave, noble archer," Harry said. "The storm is not fit."

"I will brave it."

Arwyn stepped closer outside, but took one look at the storm. A hideous wind and snowfall kicked up outside in the place. The temperature dropped several degrees and was dropping once again. She would not be able to make it to the edge of the village by nightfall, much less make it back home.

"We better find wood to start a fire, then," Harry said. "Because, we're in for a long night."

"I'm afraid a fire would be out of the realm of possibility," Arwyn said. "The wood in this forest, it burns cold…even if there is some in the sitting area."

Harry walked out and picked up a chunk of wood in his hand. Arwyn sat down on the couch and rubbed her hands together in an attempt to gain friction.

"You're right," Harry said, after testing starting a fire. The embers flickered and the flames crashed. "Maybe I should try a warming charm?"

Arwyn blinked and could feel the frigid chill spread through her body even more. The young man raised his hand and performed the spell.

"Anything?" Harry asked.

"Still nothing," Arwyn said. "It was a powerful bit of magic, but the ancient runes buried deep within this village has prevented you from generating any warmth. Mordoth uses them to keep us weak and cold…no doubt he has devised a way to counteract them."

"It seems to be the case."

Arwyn looked at the traveler. Her eyebrow raised at his lack of reaction.

"Aren't you cold?" Arwyn asked.

"No, I'm not as cold…but I've trained myself to resist cold temperatures," Harry said.
Arwyn could feel a chill go across her body. There had to be some clothes around here. The search of the archer was fruitless and the temperature around here seemed to drop. Soon, it would be unbearable. She needed to keep moving.

"There's one way where we could generate heat," Harry said. He placed his hand on her shoulder.

Arwyn turned around. The archer's beautiful face contorted into a smile. He was rather handsome and she was rather cold. And it had been a long time since she had intimate contact with a male.

"Please, I'm cold."

"Let me warm you up."

The two touched together, their lips meeting into a passionate kiss. Arwyn could feel his warm lips touching her chilled ones and something spread through her body. The archer's shapely hips pushed forward and touched her hips towards Harry's pelvis.

Harry wrapped his arms around her, pulling her tight into him. The archer's shapely and firm breasts pressed against him. Arwyn made a moaning sound, when Harry ran his hands all over her body generating friction.

For a few seconds, Harry recognized reluctance. Then he recognized compliance with the necessity. It was in his nature to help women in need, and this women would freeze to death.

"Are you feeling warmer now?" Harry asked, kissing her on the side of the neck.

"Yes," Arwyn said. She pushed her hips towards him, smiling. "Share all of your heat with me, noble traveler."

The archer fumbled with the clasp of his uniform and pulled down the bottom of it. Arwyn let out a startled gasp when his thick manhood revealed itself towards her. She drooled when seeing it.

"We need to be on even ground for this to work," Harry said.

"Take my pants off, but keep rubbing against me," Arwyn said. Her breasts swelled and fell against her top.

Harry did as she asked him. The archer rotated her hips against Harry's when her pants had been pulled down. Her lacy green panties clung towards her pussy.

"Warm you up a little bit more," Harry said. He touched his fingers between Arwyn's needy lips. She gasped the more Harry played with her dripping slit towards her panties. "It's been a long time for you, hasn't it?"

"More than long enough," Arwyn said.

Harry's right hand cupped and squeezed her ass while his left hand played with her pussy. Both actions caused friction to rise from the beautiful blonde.

"Bed me," she begged him, biting down on her lip. "Make me yours, Harry."

"Looks like you're giving me plenty of heat in return."

Harry cupped her pussy and started to squeeze between her legs. Her panties soaked completely through before Harry removed then. He revealed her pussy with a strip of blonde hair trimmed in the shape of an arrow.
"Cute," Harry said.

"I need you inside me," Arwyn said.

A fantastical need to be stuffed full of this throbbing manhood filled the archer. She wanted him, even if it wasn't necessary for her survival to get fucked by him.

Harry pushed her back against the couch and straddled her hips. He undid her undergarment and smiled.

Arwyn's D-Cup breasts spilled into the air. The young man smiled when he squeezed her gorgeous globes in his hands.

"Don't worry, I'll keep you plenty warm," Harry said. His top was off and he pressed his muscular chest down on her breasts. Her hard nipples pushed into Harry's chest.

Arwyn panted. The powerful visitor's hands cupped and touched her chest. He seemed to hit all of her buttons at once. The archer privately wondered if he was secretly an incubus who had been sent here to steal her soul through sex magic.

'Far worst fates,' Arwyn thought in a lustful haze.

"Are you ready for my cock to be inside you?"

"Yes, make me, make me yours, lover," Arwyn breathed, trying to lift her hips up.

The fact Harry forced her down and made her wait for the end caused her cunt lips to moisten. She wanted him so badly, and the fact he controlled her made her.

Harry pushed his swollen head up against her entrance. The heat the archer generated made him feel really good. Harry pushed himself into her, burying his cock into her.

The first few inches of Harry's cock pushed into her moist center caused Arwyn to lose her mind. Every single inch of his thick tool buried into her moist cunt. The stars she saw were amazing and beyond all recognition. It was like someone had taken her innocence all over again.

"Time for more heat."

Harry stuffed her pussy with a few thrusts. The sounds the woman made were beautiful. He buried himself into her waiting heat which caused Arwyn's breasts to bounce up and down.

"OOOOH, AHHH!" Arwyn yelled.

The archer reached a peak she had not reached in an eternity. The tip of his manhood struck her G-Spot. Her legs locked around him when she clenched.

"You're doing it, you're making me cum!" Arwyn yelled, feeling Harry bend down towards her.

Harry played with her breasts and kept up the effort. He rammed his cock into her at an intense speed. He though for a moment it had been too much, but Arwyn held onto him.

"Destroy me, break me, break my cunt!" she yelled at the top of her lungs.

The proper demeanor faded. Arwyn's hair plastered against her face and pure lust radiated from her eyes. Harry's hands kept exploring pretty much every inch of her body.
"You're cumming, again," Harry said.

Arwyn held onto him, pushing her hips up against him. Her pussy clamped around him and relaxed around his prick. A few more thrusts caused her to rear back her head with a moan.

Harry stopped ramming his cock into her body and pulled out of her. Arwyn whined in agony, having lost her favorite toy. Harry smiled and pulled her up to a sitting position.

He leaned in and dragged her towards him. Arwyn perched herself over Harry's lap. The heat of her love box teased the throbbing staff of the enchanter beneath her. Harry could feel the heat kiss him and wanted to push into her.

Arwyn gained a bit of control and she relished it for a moment.

"I'm going to ride you, and I'm going to give every single last drop out of you," Arwyn said. She cupped his balls when hovering her dripping opening over him.

"Hopefully you can make the shot," Harry said.

Arwyn gave him a sultry smile. The archer pushed her hips over his thick head and brought down onto her hips onto his cock. The archer's hips pushed down onto hip and she kept up the momentum.

"Great ride, oh this is a great ride," Arwyn said, rising her hips up into the air and bringing herself down onto the point of his thick cock.

The archer's tight love box clamped down onto Harry. She generated a lot of each down. She brought her thighs down onto his and his cock deep inside her pussy. The sensation of her tight ass slapped down onto his cock filled balls.

"You're warm enough, but you're fucking me."

"Don't want to lose it."

Harry smiled, he couldn't argue. Arwyn's bouncing breasts taunted Harry, it would be rude to leave them go, leave them keep bouncing in his face without any recourse.

"Mmm," Arwyn breathed, feeling her lover's talented mouth suckling the generous flesh. A tongue swirled around her nipples.

Arwyn could feel his fingers questing on her body. Each of her sensitive spots had been struck with precision. The archer kept bucking her hips down onto Harry's thick manhood. Every single inch of his cock pushed into the depths of her dripping hot cunt.

The pussy contractions brought Harry closer into her. Arwyn sucked him in. Her fit body built for fucking pushed down onto him.

Arwyn kept her stride. Her thighs rubbed against him. The veiny cock rubbed against her velvet walls. The buxom blonde's pussy throbbed at the thought of a lover who was durable enough to match her needs.

"You want me for your collection?" Arwyn said, playfully biting her lover on the neck. "You can have me...if you keep bringing me to ends like this."

Speaking of an end, Arwyn's pussy clenched around him. The archer's eyes met Harry's when he
looked up from her breasts. Arwyn attacked his lips with a kiss. A tongue shoved into Harry's mouth and mapped out the insides. Harry returned, pushing his tongue into hers.

The bodies of the two fit lovers melded together with a passionate dance of fury. Their loins became one when pushing back and forth.

"You're going to be mine," Harry said.

"I am yours forever, if you give me the same love," Arwyn panted. "Bed me nightly."

"More than nightly," Harry said.

"Add me to your collection, lover," Arwyn said. "Paint my insides with your strong seed. Our children will be beautiful."

Harry held onto her hips. Her legs wrapped around him to keep him closer, to eliminate the danger of pulling her out.

"This escalated quickly," Harry said.

"Why wait for something worthwhile?" Arwyn asked, feeling him touch her breasts. Her nipples ached and needed more attention and he gave it to her.

Harry's mouth wrapped around her right nipple which seemed to be a bit more responsive then her left.

"No reason," Harry said. Love bites marked the side of Arwyn's neck and her breasts as well. "I want everyone to see I have the most beautiful woman in the realm."

"None but you will see half of where you mark me," Arwyn said. "But it's the thought….."

A nerve racking orgasm fired through the young woman riding his cock. Her legs tightened around him and brought down onto her hips. Arwyn milked the young man.

Harry could tell his end was at near. The seed building would find a new home and into her body.

The first shot of cum inside Arwyn's body caused her to cum once more. Pleasure spiraled through her body. Every fiber of her being, every nerve ending fired to full cylinders.

Harry experienced the familiar sensation of a woman binding to his being. The two shared the tantric energy swelling from Harry when their loins met. More cum shot into Arwyn's stretched snatch and traveled down her birthing cannel.

Arwyn moaned at the sensation of her tight stomach swelling with his cum. Harry's cum started to hit her womb and filled it up completely. Some of the thick creamy fluid oozed from her.

Harry caught Arwyn before she collapsed. The blonde's eyes flickered open with contentment when Harry pressed against her chest.

"You said you look for reasons to live," Arwyn said. "I've found mine."

Harry pressed his lips towards hers.

The whirlwind courtship process aside, Arwyn's confidence swelled.

'This will work nicely,' she said, casually brushing against Harry's cock with her hand. 'Very nicely.'
"The storm doesn't look to be subsiding," she added coyly, with a push of hips into Harry's. "We're going to need to keep the heat going if we're going to sleep the night."

Harry wasn't about to tell Arwyn thanks to the bond they shared, she had a few gifts. Including his immunity fro intense could.

'Something tells me, it wouldn't change a thing.'

Arwyn impaled cunt first down on Harry to ride out this wicked storm. Grabbing onto his newest wife's bouncing breasts, Harry rode out the storm along with the buxom archer.

The End.
A figure crept onto a balcony overlooking a populated city in the dark of the night. The woman dressed in a red body suit which hugged every single curve of her body. One of the top assassins in the world knew exactly how to maneuver into the right situation. And after several failed assassination attempts on this particular target, some very important people contracted her for this job. These people were the type to pay very big dollars when the job was done.

And only when the job was done. Any failure would mean a lack of payment and likely a contract out on the assassin's head. The crafty ninja moved towards the only unguarded entrance, almost ten stories above the payment over a very narrow balcony.

A slender hand belonging to the world class assassin Elektra Natchios opened up the latch. The latch opened and allowed her entrance into the penthouse. The ninja traded softly and stuck to the shadows. Two dishes laid out on the table, indicated the person in question ate.

Harry Potter, a business rival of her employee, was Elektra's target. Several assassins went after Potter and all of them suffered their set of calamities. Misfortune visited each and every one of them.

Elektra snorted when recalling the multitude of injuries. The assassin placed a hand to the thigh and retracted a blade from the sheath. Around any corner, the woman's pray could come.

The two plates indicated the ninja's target may have either had a visitor, or one still was inside this penthouse somewhere. Elektra stepped casually; not wanting to use lethal force against one who was not subject to the contract. Death was useless without a point.

'And yet, if the guest intervenes, there will be few options,' Elektra thought.

Elektra walked around the corner to the bedroom and stood against the wall. Coming from the bathroom, the young man with green eyes and dark hair walked from the bathroom to the bedroom.

The lavish bed impressed Elektra. Clearly a man of impeccable taste and clearly someone who enjoyed the final things of life. And clearly a man Elektra regretted someone wanting to kill.

Elektra leaned back against the side of the wall. Quick and clean, without giving subject of the contract a chance to recover.

The door swung open without any noise. Elektra perched in the shadows. Harry Potter returned to bed and rolled over to return to sleep.

'Alone, perfect.'

Elektra tightened the grip around the sword and jumped into the air. The steel of the sword stabbed through the bedsheets and came down through it.

The splatter of blood which Elektra expected did not come. The woman backed off for a second and ripped back the bed covers.
No body, in fact there was nobody in the bed. Elektra turned around, confused.

"Not too bad."

Elektra blinked and came face to face with Harry Potter. Harry stood there and casually wore a pair of silk pajama bottoms with no top. Elektra's eyes traced down the young man's chest. The definition and the scars both showed the Greek assassin a warrior.

"Most certainly the best looking on the eyes who have been sent after me."

Elektra tried to pounce for the sword. The second the blade came towards him, an invisible force blocked the attack. Elektra gasped the second Harry pushed back.

"And you're skilled as well as beautiful," Harry said, a blade now in his hand. "Have to say, a good battle gets the blood pumping."

Elektra wasn't in the mood for pleasantries. The assassin stabbed the blade towards the enemy. The subject of the contract dodged to one side to block the attack. Another stab with the sword had been avoided and the curtain slashed underneath the sword.

Harry watched the movements of the latest assassin. The mask came down to reveal the woman's beautiful face. The burning blue eyes locked into him and the sword threatened to stab him again. Harry turned around and deflected each of the attacks.

"Why must we be enemies?" Harry asked.

"It's the contract, they want you dead," Elektra said.

Elektra hesitated for a moment which allowed Harry to blast the blade back against the wall. The blade clattered against the wall. Harry grabbed Elektra and the two tusseled the old fashion way. The two ended up on the ground and Harry ended up on top, restraining Elektra in a reverse choke. The two continued their battle.

"Yes, the first few assassins gave me the idea."

Harry flipped over and watched Elektra withdraw a sai. The sai blocked from Harry's attacks.

"Surely a beautiful women like yourself has some more…interesting itches to scratch," Harry said.

One more time, Harry reached behind her and gripped Elektra by the waist. Harry's hands quested up to touch the underside of the ninja's firm breasts before she broke free. Elektra landed hard to the side of Harry and returned fire to the attack.

Two more stabs were dodged. Each time the steel came closer to hitting Harry, the skilled gentleman moved out of the way. Catching Elektra by the hand, Harry flipped the Greek beauty down onto the bed.

The moment Elektra hit the bed, Harry was on top of her. The presence Elektra's latest target exhibited showed the assassin an attempt of what he had in store.

"If I give you a night you'll never forget, will you abandon the contract?" Harry asked.

Despite the fact Harry's body rubbed up and down against Elektra's; the assassin failed to give up and break. Nipples poked excitedly out of her skirt and the bodysuit strained two sizes too small. Heat pumped between the Greek warrior's thighs to only be quenched by one thing.
"They'll kill me, if I fail," Elektra said.

"Well, they'll be a tad bit preoccupied."

Harry stepped back to allow Elektra back to a standing position. The woman stood in a battle stance. Elektra eyed him for a few seconds and the moment of truth crept closer.

Elektra pounced to jump onto Harry. A pair of well-defined Greek thighs wrapped around Harry and a pair of arms tightened around the former target's neck. Rosy lips pressed against Harry's.

A tongue shoved into Harry's mouth to explore the insides of it. Elektra positioned them, kissing Harry as fiercely as the two of them fought just a few moment. The gorgeous Greek's tongue shoved down Harry's throat and massaged the insides of his tonsils.

Elektra pulled away from Harry, lips still swollen from the efforts of the kiss. One more nibble on the lips before Elektra yanked away from Harry.

"How long has it been?" Harry asked.

"Too long."

Elektra removed Harry's pajama bottoms and boxer shorts. With a smile, Elektra ran the point of the thumb down Harry's pulsing prick. The woman's thumb swirled around the head with a few moments.

The soft hand pumped Harry's manhood a few times. Elektra geared up for the next movement. The juicy lips pushed around the edge of Harry's cock and gave him a few intense sucks. Elektra eased all the way down the pole to bring Harry's manhood.

"Show me your as good of a lover, as you're a fighter," Harry said. "Take it all in your mouth. Use your throat to worship me!"

Elektra could not believe the cock of the man she intended to kill was being shoved into the depths of the assassin's hot throat. A powerful suck brought the thick meat down into the back of her throat.

"Suck me…harder…oh yes…harder!"

Elektra tasted the cock and the pre-cum oozing from the tip. A wet tongue dragged around the throbbing vein on the underside. Elektra came all the way down and touched the point of

Harry groaned at the sucking which followed. The enchanter preferred having his cock sucked to being killed. The beautiful woman put a talented mouth and juicy set of lips to good use.

"The perfect cock sucking lips," Harry said.

Elektra impaled down onto Harry's thick shaft with a few more sucks. A swift hand found her way to his balls and started to fondle them. Elektra weighed the thick sack and found the testicles to be swelling with cum. Cum about ready to be fired down Elektra's throat.

Harry bucked his hips up to slam home into Elektra's waiting and inviting throat. The warm insides caressed Harry just as much as Elektra's soft hand did. A firm squeeze coaxed the cum towards Harry's balls.

"Going to get your first dose of my cum, and it won't be the first of hole I fill."
Elektra ran a free hand down her curvy frame and briefly touched herself. The sensations escalated all over. The skilled warrior's body hungered for this thick cock to be inside her.

Harry enjoyed the ride and tightened his fingers into Elektra's cheeks to make sure not a drop was wasted. A look of intense surprised opened the door to acceptance.

"Your mouth is my little fuck hole, and you're going to get a good dose of cum in your throat," Harry said.

Elektra's throat opened on its own accord to accept the sticky load. Several thick strands of cum pumped into Elektra's throat. The woman pumped her mouth up and down Harry's generous fuck stick. The excessive load coated the back of her throat.

A few more sucks brought Elektra sitting up. The woman reached to the top of the body armor and pulled it down. A bountiful set of breasts popped out, tapped with juicy areolases and nipples standing out. Elektra smiled and pulled down the garment the rest of the way. The gorgeous Greek revealed her wet pussy, smooth and shaven. Long, tanned, steams stuck out.

Harry drank in every single each of the body of this living Greek goddess. The sweaty, tanned body shined in the moonlight coming from Harry's window. Elektra's body boasted of a sensual combination of feminine and muscular. The type which could either crush a man into submission, or just simply fuck him dry.

"I hope you're ready to fill all my holes."

Elektra turned around, sticking her ass towards. Harry. A tight slap of it caused Elektra to smile. The dangerously beautiful woman pushed the dripping lips of her slit in a reverse cowgirl motion.

Turning around, Elektra peered over her shoulder to stare down Harry. A curtain of jet black hair draped over the face of the gorgeous woman. Pouty lips curled with a devious smile.

Harry's throbbing meat slid into Elektra's sheath. Elektra could feel her lover buried inside. Deep inside. Elektra gained some momentum, bringing the point of her hips down onto Harry's.

"Damn, you're so tight, and so lovely," Harry said.

Elektra tried not to lose her mind at Harry's efforts. A round breast cupped into the palm of an extremely strong hand. Elektra responded to his touch with bouncing up and down.

"Faster," Harry said, squeezing Elektra's breasts.

Elektra peaked before bringing dripping thighs down onto Harry's cock. She sank down onto Harry's cock.

"You're going to make me cum," Elektra said.

"Oh, like this?"

Harry illustrated these words by wrapping one hand around Elektra's breast and using another hand to force her hips down onto them. The duel sensations prompted Elektra's moans to get deeper and hungrier.

"Mmm, yes…like this," Elektra agreed, moaning.

"Isn't this much better than trying to kill me?" Harry asked, pinching Elektra's nipples and twisting
The assassin nodded vigorously when riding Harry reverse-cowgirl style. In the mirror, Harry caught a reflection of Elektra chewing her lip. The action proved to be quite delicious. Harry pushed into Elektra's womanly depths with a huge thrust.

"Yes!" Elektra moaned. The talented woman kept riding Harry, bringing the point of his cock deep into her moist vagina. Every time Elektra rose up, Harry filled the vixen even more.

Harry appreciated the heat pumping from her pussy. Despite the fact Elektra rode him, Harry controlled the tempo of the woman's movements. The vixen kept bringing her hips down onto Harry's cock, stuffing the thick shaft deeper inside. More thrusts brought Harry's manhood into Elektra's extremely tight center.

"You can't help yourself, can you?" Harry asked with another firm squeeze of the ninja's breasts. The tanned skin pushed into Harry's hands to fondle them. "You keep creaming yourself with me playing with your breasts."

Elektra hit an amazing peak. Elektra's entire body rose high and pushed down onto Harry's cock. The thick shaft filled Elektra. Juices pumped out of Elektra the more Harry shoved it into her tight quim.

The squelching sound of a cock being removed from a pussy caused Elektra to gasp. Harry rolled Elektra over onto the bed.

"My turn."

Harry lined up his prick with Elektra's opening and shoved the meaty organ inside her. Elektra stretched around him. Clenching the dark haired beauty's hips, Harry rocked back and forth. The rocking was slow at first, but picked up momentum with greater speed and intensity.

"BATTER MY PUSSY, BATTER IT!" Elektra yelled, digging her nails into the side of Harry's shoulder. Harry pumped down into Elektra's slick and sensational quim.

Harry grunted when Elektra's pussy contracted and released around him. Each time Harry speared his thick manhood into Elektra's waiting cavern, the woman positively dripped.

"When's the last time you've been fucked?" Harry asked.

Elektra only responded by gripping onto Harry's muscular forearm. Fingernails dug into Harry's arm to encourage him to push deeper into Elektra's pussy. Receiving the hint, the dark haired enchanter pounded Elektra's pussy like it owed him money.

"Stretch me out on your horsecock!" Elektra said. "Rut me like a slut!"

"Oh, you enjoy being fucked into a drooling state, don't you?" Harry asked.

Elektra pushed her hips up to meet Harry's. The woman scissored her firm legs around Harry's waist to further put him inside her. Harry returned the fire with a huge thrust.

Harry observed Elektra's beautiful, muscular, tanned, body rise and fall onto the bed. Attacking Elektra's breasts returned quite the impassionate response to Harry. Licking and biting Elektra's nipples brought her to the edge of a pleasurable edge.

Elektra hoped Harry never stopped bringing his cock into her body.
"Are you going to cum?" Harry asked. "Do you get off in me jamming my big juicy cock in your tight holes? You must train your body every day to take a cock like mine."

Elektra matched Harry's actions, but slowly, thrust by thrust, the vixen succumbed. The athletic assassin pushed her boundaries with Harry's cock buried deeper into her.

"Yes, you're beautiful," Harry said, nibbling Elektra's ear. "And you're mine now."

"Yes, I'm your slut," Elektra said, crossing one ankle over the other to pull Harry into her. A pair of hands grabbed Harry's firm ass to bring him to Elektra's depths.

The dirty talk intended to make Harry cum did the voodoo on Elektra. The vixen's pussy tightened around Harry in tune with him planting a series of deep thrusts. Elektra moaned in appreciation with him filling her up.

"Now, it's my turn."

Elektra clenched around the tight prick again. The contents of Harry's balls fired into Elektra's hot pussy. The lady hung onto Harry's ass to clench him close to her. A spewing of seed sprayed into Elektra's pussy.

Harry grunted with a thrust to empty the contents of his thick balls into Elektra's waiting and needy pussy. Thrust after thrust spurt into Elektra's pussy. The contents shot past her and spilled into the depths of the athletic assassin's body.

Pulling out of Elektra allowed Harry a chance to survey some wonderful handiwork. A combination of both of their juices spilled from the cunt of the woman contracted to kill Harry several hours ago.

Elektra spread her legs instinctively to show a great amount of flexibility. The woman tried to move, despite being stuffed full of the man's seed. Locking eyes with Harry, the gorgeous Greek started to touch the area between her legs. Pussy lips ached the more Elektra pressed her fingers down onto the hot and juicy folds.

A finger pressed against Elektra's anus. She gasped when Harry pushed into her tight buns. Harry rutted back and forth into Elektra with his finger, leaning down with a smile.

"Would be a shame to deny a Greek girl," Harry said, leaning down and kissing Elektra on the lips and the side of the neck whilst still fondling the beautiful and firm ass beneath him. "Of some Greek loving."

Elektra clenched at the thought of having such a work of manhood into her pussy. The folds moistened and seconds passed. Elektra's heart skipped a couple of beats.

"Do you think you can handle it?" Harry asked.

The head of Harry's cock knocked on the entrance of the Gorgeous Greek's back door. The emerald-eyed enchanter grinded up and down on Elektra's ass, teasing her welcoming opening.

"Please, put it in my ass."

Harry accommodated the quest by sliding his throbbing manhood into the ass of the beautiful Greek assassin. A sensation of pulsing heat surrounded Harry's cock. Touching Elektra's hips, Harry rose in and pushed out of the delicious heat. More pumped around the wizard's hardened staff the more he pushed into her.
"Yes," Elektra said, the hole clenched around Harry's probing manhood. "More."

"Damn, your ass is so tight," Harry groaned.

Harry drilled Elektra's ass with a few fluid motions. The more Harry pushed inside the tight hole, the more it clenched the mage's prick.

Elektra's lover rubbed his fingers all over her clit when fucking the woman's tight asshole. A gasp escaped the throat of the assassin and more cock speared into the heavenly buns. The tightness clenched Harry, determined to get every single drop.

Roaming hands moved from Elektra's clit up to the Greek's stomach. Harry touched the woman's breasts and cupped them while pistoning inside the tight asshole. A firm grab prodded Harry to slide in and out of Elektra.

Elektra's dazed and pleasurable moans continued. Every single inch of Harry pushed into her tightest hole with a calculating furry. Harry's big balls pushed against Elektra's tight asshole.

"Fuck…fuck me," Elektra said.

"Harder?" Harry asked.

"As hard as you can," Elektra said, the beautiful woman's tightest and hottest hole stretching in entirely different ways from Harry pumping down. "Wreck me….make me…make me yours!"

Harry obliged with another series of deep thrusts to bury into Elektra's hole. Every time Harry pounded the bedded lady, a pulse of heat enveloped the invading cock. Tight buns squeezed around Harry to try and milk him.

"You want my seed inside your hole, don't you?" Harry asked, pushing deeper into Elektra's tight hole. "Tell me how much of an anal slut you are?"

Harry yanked Elektra's hair for leverage to continue the rough anal sex. The moans coming from the woman showed Harry precisely how much she enjoyed the hard and fast rutting into her tightest hole.

"Yes, yes, I'm your anal slut!" Elektra yelled, enjoying how Harry drilled all twelve inches into her most taboo hole. "Take a big cock and ram it into my tight ass….make it so everyone knows you fucked me!"

"So everyone knows you've been fucked by the best?"

Elektra agreed Harry was the best. The humbled assassin's body shook all over with the cock buried deep. Harry held onto the steamy vixen's hair before continuing the intense anal fucking.

"Look at how much you're cumming from me fucking you?" Harry asked "In your ass even."

Elektra's pussy gushed from the hard fucking. Juices coated the tanned thighs of the gorgeous assassin. Sweat continued to coat the beauty's breasts with each powerful pump.

"Nothing, but a proper anal slut, good for big cocks!"

Elektra accepted a fate of being used by the more powerful man.

"Cum again for me, cum because of my cock in your sexy Greek ass!"
Hips bucked up and down to send juices flying to the air. Some of Elektra's pussy juices squirted into Harry's. Undaunted, the British gentlemen licked the juices from his face.

"Cum in my ass?" Elektra asked.

"Oh, don't worry," Harry said, slowing the thrusts, but only for a moment. "There's a big load of cum for you. You want me to empty my giant balls in your tight asshole."

Elektra wanted to feel the sorcerer's seed spurt out of both holes. The powerful young man sped up the thrusts to go deeper inside Elektra's tight ass. Each time Harry penetrated Elektra's sweet ass, a sharp tingle wiggled through the young man's balls. Something would have to give sooner or later.

"Here it comes."

Elektra's asshole opened up in anticipation to receive the thick load of cum into it. Harry bucked forward to shoot a sticky load to Elektra. Every spurt caused Elektra's pussy to clench together. The assassin touched it to feel tender juices just ooze from the dripping hot cunt.

Harry pulled out of Elektra's puckered hole. A thick string of cum hung from Elektra's ass. The woman used quick reflexes to catch the dripping cum onto her finger.

Elektra lifted a finger and placed it into her mouth. Harry viewed Elektra sucking the seed down with a set of juicy hot pussy lips displayed for the taking.

"Let me clean you up."

Harry's re-hardened cock found a new home inside Elektra's warm throat. More sucking and more fucking was on the table for this evening.

After all, Elektra had to re-coup the money lost for the failed contract.

End.
Lillian Moon stepped outside to the edge of the forest and took in all of the nature around her with a smile on her face. Even when Lillian was a child, the former Slytherin loved the outdoors. Something about the unrestrained and primal feel of nature brought brand new life to her. Tingling filled the woman's fingers.

The young blonde had her blonde hair tied back in a ponytail. She wore an elegant silk blouse along with a plaid skirt which stretched down to her knees. A pair of sheer white knee high stockings had been added. Lillian kicked her shoes off, not much liking them. Brown eyes twinkled into the sunlight.

A pair of footsteps came from behind Lillian. She turned around and saw the young man standing before her in the moonlight. Despite all of the wonders of nature, Lillian thought they might be the most beautiful thing.

Despite most people assuming her name had been shortened to Lily, Lillian didn't agree with this particular name shortening. It drew the inevitable comparisons to Lily Evans-Potter, who history fondly judged to be a true hero, thanks to the efforts of her son. Who just happened to be the man standing next to her.

"Beautiful night, isn't it, Ana?" Harry asked.

"Oh, it is, isn't it?" Lillian asked, smiling. It was an unconventional way to shorten her name, although magic users were among the unconventional.

The blonde turned around and looked into Harry's handsome face.

Harry smiled. It was interesting how they came to be together. Harry was outside for one of his regular ill-fated trips into the Forbidden Forest, when he had gotten locked out of the school. Lillian was outside the school as well, having wandered outside. One thing lead to another and they talked, until finding a way inside the school the next morning. Being a Gryffindor and a Slytherin, they were not considered to be a conventional friendship by any means.

"So, how long until the moon comes up?" Harry asked.

"A few hours," Lillian said, leaning back against Harry.

"I brought you a present, Ana,' Harry said. "Don't worry, it's not silver."

Ana smiled and saw a beautiful diamond and gold bracelet being latched onto her wrist.

"It's beautiful," Lillian said with a smile.

"Just like the girl who wears it," Harry said.

Lillian responded with one of those smiles, edging even closer towards Harry. The golden haired blond answered with a grin.
"Just wait, Mr. Potter, the full moon is coming, and….well my kind have fun out here," Lillian said.

Around Harry, Lillian Moon was normal around this time a month.

"Don't worry, you're beautiful," Harry said. "And unique."

Lillian grabbed Harry by the tie and pulled him into a forceful kiss. The two sets of tongues started to entangle each other.

Harry felt his beloved Ana's tongue shove deep into his mouth. The two lingered together. Harry reached around and grabbed her blonde hair. The former Slytherin started to grind her crotch over Harry's to increase the heat between the two of them.

The two broken apart for a moment, but not for long. Lillian unbuttoned her blouse and pulled it out to reveal a lacy green bra containing her perky breasts. Harry's eyes traveled down her toned and athletic stomach. The former Slytherin shimmied her skirt off to reveal a matching pair of panties.

Harry reached towards Ana and cupped her pussy. The beautiful Lillian Moon gasped when Harry grabbed onto her pussy.

"You're in heat, aren't you?" Harry asked.

"Yes," Lillian said, giving her mate a playful nip on the neck, before ripping off his shirt. "And there's only one thing which can stop it, don't we?"

The feisty female's able hands removed Harry's pants down and pulled out his throbbing cock.

"Seems like I'm the only one who won't have a hunger tonight, Mr. Potter?"

Lillian teased Harry's length for a few strokes, but an intense look showed in her eyes.

"Fuck me against the tree."

Harry grabbed Lillian and shoved the girl's eager body against the tree. The Boy-Who-Lived revealed her of the bra and panties in a short order. Ana's nipple stuck out and Harry captured it in his mouth.

Ana gasped, feeling so good from what Harry did to her. The emerald-eyed enchanter applied the right amount of pressure, biting down on Ana's nipple and causing her to juice between her legs.

"I bet you want me, inside you, don't you?" Harry asked. "You want me to make you my bitch."

"You've already made me your bitch, Har," Ana moaned, feeling Harry's able lips work over her nipples and thick head brush against her opening. "My heat, it's sucking you in, isn't it?"

Harry couldn't deny how good Ana's heat felt around his approaching cock. Only one thing to do now and it was to slip inside the goddess pinned against the tree.

Lillian Moon screamed when Harry's thick cock pushed deep inside her. Every single thrust buried into her body. Lillian reached up and dug her nails into Harry's manhood.

Harry grunted, Ana's cunt crushed down onto him.

"Better let me finish, before the moon comes up," Ana breathed, a spike of pleasure flowing...
"Don't worry, it will be fine," Harry said.

Ana wondered what it could mean. Time had been lost to her through the thrusts. Harry rose almost out of her and slammed into her. Ana's back scraped against the tree. The lust increased with several large thrusts.

Harry grunted and held onto Ana. The strong legs of the beautiful former Slytherin scissored around Harry, ensuring he did not stray far from home for too long. Harry wasn't about to do so. He pushed into Ana, seeking the delicious heat.

Ana's hips bucked up. Two small orgasms broke up the floodgates to two rapid fire ones.

"Harry, the moon," Ana managed, feeling her body shift.

"Just hang on, Ana."

Ana wondered if this was healthy for him to be inside her when the changes happened. On one hand, Harry was stronger than the average wizard. On the other hand, the body contorting in such a manner could crush him.

"Ana, just embrace it...don't try and hold it back."

Harry's pelvic reason crushed against Ana's, and another mind rattling orgasm caused the girl to lose her mind.

The werewolf moaned in pleasure when Harry pushed into her body. Ana's body covered with thick, silky, fury. Her eyes grew a more prominent shade of brown.

"Harry, I'm not...completely changed."

Ana knew she could keep her mind thanks the advances in the potion. But the only difference between Ana and her human self was the added body hair. The hair which was more soft, and not as ragged, not as coarse as well. Ana touched her breasts and marveled at how soft her fur felt.

Harry smiled. Ana's soft fury legs pushed against his waist and her slick pussy enveloped Harry with each hard thrust. Wolf fur brushed against Harry's balls when he pushed into her.

"The present, it prevents a full change," Harry said, nibbling at the wolf girl's neck.

"Oh, you and your fetishes," Lillian Moon breathed.

Lillian realized being fucked underneath the full moon left her body more responsive and more eager to Harry's deep and powerful thrusts. Her breasts started to twitch and grow even larger because of the transformation.

Harry held on and drilled his thick cock hard into the busty wolf girl. Ana's claws sunk into Harry's back, leaving very noticeable marks on his back. She clawed Harry, marking him while in this form.

The wolf sensed a powerful Alpha male and Ana submitted to the thick manhood which swelled inside her. A deep rooted need to be bred filled Ana, one she didn't have when Harry fuck her in fully human form.

Ana's tight pussy clenched down on Harry's invading rod. The werewolf lifted her hips forward to
meet Harry's incoming and deep thrusts. Each time Harry penetrated the wolf's body, she could feel a spiking inside her.

Harry smiled, her soft, warm, pussy clenched his rod. Reaching down, Harry cupped her breasts, the fur pressing against the palms of his hands. Lillian's beautiful eyes opened up, looking more exotic in this form.

"Harry, I'm going to lose it," Ana said. "I need your seed."

"And you'll have it....when we have some fun," Harry said.

Ana's legs tightened around Harry, ensuring the powerful sorcerer didn't stray from her. Each series of thrusts brought Ana closer towards new pleasure. An orgasmic feeling filled her body.

Harry reached behind her and grabbed Ana by the tail gently, but firmly. This gave him some more leverage.

Ana gasped when Harry clenched her tail. The added nerve endings Harry stimulated caused a spike of pleasure to go down the legs of the furry vixen. The wolf girl kept slamming her hips closer towards Harry.

"You're soaked," Harry said. "You're going to make your fur all sticky if you're not careful."

Ana panted when Harry's hand clenched another handful of delicious tit flesh. Each thrust caused Ana's heart start to beat at a quicker rate.

"Your fault...always your fault," Ana breathed.

"Yes, it's my fault," Harry said, holding onto Ana's hips when pushing inside her. "It's my fault you're cumming so hard and can't keep yourself from cumming."

Ana's trained muscles clenched around him. She gave a howl, almost embarrassing herself in the process. No time for embarrassment as more hot juices trickled down her body.

Harry pulled out of her and Lillian slid down against the tree. Her larger than normal chest heaved up and down to catch the breath. The werewolf girl reached between her thighs and started to feel it. Sure enough, the fur between her legs was sticky.

"Turn around, so I can see you properly."

Ana did as Harry told her. The girl flipped over to show her full ass, with wide hips and an ample rear sticking out. Harry reached down and touched Ana's tail, flipping it out from between her legs. Harry's thick manhood inched towards Ana's entrance.

Harry inhaled the scent of a wolf in heat. His bitch started to pump a lot of heat between her legs.

"Harry, need it!" Ana wailed.

Harry shoved all twelve inches inside her cunt with one fell swoop. Ana's sweet cunt closed around Harry's thick manhood with Harry pushing into her and going deep inside her.

Underneath the moonlight, Harry drilled into his lover's pussy extremely hard. The magic creature's cunt started to contract and squeeze around him. The manhood slipped deep inside her.

"Fuck," Ana breathed. Harry reached down and tweaked her nipples. Her large breasts jiggled, with Harry brushing the fur and her nipples underneath his fingers.
"You like that, babe?" Harry asked.

The state of Ana answered the question more than enough. Harry reached down and tugged on Ana's tail a little bit, giving it the leverage to slam into her pussy.

Ana's walls opened and shut on Harry's cock, milking him all the way through. The sensations of such a prime piece of meat pumping into her hard from behind drove the werewolf to moan. Harry pushed himself into Ana and pushed the wolf girl down onto the ground. Being fucked out here in the middle of nature, was far more bearable.

Harry could feel the slick lubrication increase in Ana's pussy. The wet walls opened up, contracting all around him.

"Just let it go, embrace what you feel," Harry said.

Harry's fingers quickly swiped over every last inch of Ana's body. A thousand pleasurable caresses hit the werewolf in the most sensitive spots which caused a combination of a moan and a howl.

Ana's fur coated with a nice shiny coat of sweet. The woman could feel a rush going through her loins. A heated pulse continued to escalate within her.

"And here you go, cumming again," Harry said.

"I'm your slutty little wolf, who likes her master's cock inside her!" Ana yelled. "And I want my master's cum inside my body….I want every last drop from your balls into my slutty, transformed body."

Ana's human body was beautiful, but she did look drop-dead sexy with the curves which came with the transformed body. The bracelet held true and Harry kept pounding Ana's pussy. Cum built even more from his balls.

"Please, love, give me it," Ana said.

"Relax, you'll have your gift soon enough," Harry said, clutching Ana's swinging breasts and squeezing the furry melons in his hand.

Lillian Moon thought she would be a few seconds away from losing her mind. She lost herself in pure lust with Harry's long cock burying inside her. The thick manhood stretched out her needy pussy.

Another burst of pleasure followed with Harry dragging his finger down the back of Ana. The finger traveled down the wolf's spine and caused her to shriek. Harry hit the most sensitive spot on her lower back and caused her muscle muscles to clench.

"Naughty little puppy, cumming again," Harry said, nibbling the back of Ana's neck. "You must really want my seed."

"Yes!" Ana howled, clutching her claws into the ground at the sound of Harry drilling his cock into the transformed witch's heat pussy. "Put your seed in me! Put all of it….my slutty pussy is hungry for your fucking seed. I'm nothing but a supernatural slut, who needs cum, so give it to me! GIVE ME YOUR CUM!"

Harry's balls ached when he could see how burning with lust Ana was. Speeding up the thrusts, Harry pushed deep inside her body.
"One more time."

Ana hated the torture coming, but accepted it. Harry's hands hitting all of those hot spots made the crawl to her latest orgasm inevitable. Ana pushed her hips back.

First the werewolf girl came undone extremely hard. A heavy amount of her juices exploded out between her thighs to ensure they remained sticking together.

Now, it was Harry's turn and Ana's walls opened up. She didn't want to waste a drop of the most valuable seed in the world.

"And now, I've tamed the naughty little wolf," Harry said. "Time for you to get your reward, pet."

Ana's cunt twitched at being called pet. The tight vice contracting around Harry's prick. The contents from Harry's bloated balls shot inside the inviting pussy of the former Slytherin. The coating of the cum shot deep between her legs and kept firing with each long and powerful thrusts.

Harry kept pushing inside Ana, depositing all of the seed inside her. A few more thrusts followed before Harry pulled completely out.

Ana rolled over, smiling and pushing herself over Harry's lap when he sat in the middle of the forest.

"The moon is still full, handsome," Lillian said, playfully running one of her claws over Harry's chest. "And your naughty little puppy wants to play."

Ana slipped her sopping folds onto Harry's re-hardened clock, looking up at the moon with a feral grin. Harry held onto her ass and pumped inside her.

The two met once again in the most carnal and natural dance in nature.

End.
Harry Potter swung the Sword of Godric Gryffindor and decapitated a zombie with a full swing. The zombie's head ripped off and caused a shower of maggots to spray in the ground. The screams of horror followed and Harry turned his head to the side to watch the innocent bystanders scramble off fast as their feet could carry them. Why would they not bother to run before the zombie apocalypse started Harry never knew? Harry long since stopped trying to figure out the logic of people.

The powerful enchanter cast a shadow over all which he ran into. Wearing a black trenchcoat, black shirt, and black leather pants, along with a black rimmed cowboy hat, Harry peered into the darkness. Eagle eyes surveyed the situation, and it all seemed dire.

The area around him was rather silent, but it didn't mean anything. Harry stepped further onto the blacktop, seeing the carnage of fallen bodies. Not all of these bodies were human beings either. Harry checked for signs of life, and being the Master of Death, he would know better than most how to check for them.

Not a creature stirred, neither living or dead, at least in this area. Harry double checked for signs of life.

Zombies were a notoriously grey era for the Master of Death. The souls belonging to the bodies technically already moved on to the other side, so the walking manifestations of death were just the tool of some dangerous force. Harry recalled much evidence of people trying to raise a loved one which went extremely wrong.

Harry's enhanced sense of smell zeroed in on the rotting flesh. Another step forward moved Harry closer. The doors swung open in the school. The Master of Death hoped for the sake of everyone involved they found a way out. Otherwise, they would be acquainted by Harry's humble servant sooner rather than later.

'Let's step in and see what trouble I can find today,' Harry thought.

A sound of a heartbeat, an alive heartbeat could be heard. Harry figured without acting, it wouldn't be alive for much longer. The Master of Death and the Slayer of the Undead, took a step into the gym. He could smell gasoline and….hear a chainsaw?

How peculiar, well this entire adventure just rose with an entirely new mess of layers. More layers than an onion, or alternatively an ogre, because ogres had plenty of layers, as did onions. What this had to do with fighting the manifestation of rotting flesh and horror, Harry didn't really know.

The loud "rat-a-tat-tat" type sound brought Harry out of his mind. Without fear in his eyes, Harry blasted open the door, and entered a gym area. He stopped short for a moment.

Harry's mouth hung open. Out of all of the things he expected to see, this was pretty much low on the list. A pair of emerald eyes followed the progress of a blonde teenager in a cheerleader outfit with a chainsaw.

Mentally checking to make sure he got this right, blonde, teenager, cheerleader outfit, with a chainsaw, yep, yep, yep, Harry got all of this. He mentally scratched another mark off of the list of
things Harry never expected to see.

The blonde's clothes had been slightly ripped on the battle. She did a flip in the air which gave Harry quite the eyeful. Purple panties flashed in his mind's eye. Something a bit more unsettling replaced this vision from Harry when the blade of the chainsaw came down across the head of the monster.

A pounding could be heard and several more monsters ruptured through the bleachers. Harry got involved, rushing into the gym.

"You need to get out of here!" the girl yelled, noticing the new occupant.

Someone else trying to be a hero was the last thing she needed right now. Unfortunately, this new (and handsome) visitor to the gym didn't come unprepared.

"Don't worry, I'm here to help!" Harry yelled, hacking the sword down across the head of one of the zombies. "Duck!"

The girl ducked, and Harry swiped the sword. Magical energy blasted from the sword and cleaved a hot path through the zombies. The entrance where the zombies had poured in.

"Where did you get the sword?" the cheerleader asked, using the chainsaw to hack one of the zombies in half.

"I pulled it out of a hat," Harry said, doing another side-swipe to a zombie who hung from the basketball hoop, either in an attempt to get away and attack. "Where did you get the chainsaw?"

"Internet," the cheerleader said in a distracted voice before whirling around. The chainsaw hacked the zombies in half and caused them to drop down onto the ground. "So, um…what's your name?"

"Harry Potter," Harry said, unable to believe he was having this conversation with in the middle of zombie apocalypse with a hot blonde cheerleader, wielding a chainsaw. "And who might I ask are you?"

"Juliet Starling…and…I really hate my homecoming dance being ruined by a zombie invasion!" the cheerleader yelled, hacking the zombies into a million maggot invested chunks.

"Yes, that's a problem," Harry said, smiling and deciding to further drive the zombies back.

Harry made contact with enough of them to push them back at the source. The swirling of magical energy wrapped around Harry's sword. Puffing his chest out, Harry locked onto the power.

"Stand back, things are going to get a bit ugly right now," Harry said. Juliet raised her eyebrow, with a look at her new partner in zombie slaying crime. "And by getting ugly, I mean more so than usual."

Juliet could see where he came from with this one. A rush of energy came through the gym. The girl opened her mouth, seeing the pure power rising from the handsome and exotic older man before her. The energy started to vibrate from the sword and shoot a beam of purple energy towards the zombies.

The energy struck the zombies and caused them to be ripped apart. The backlash of energy rocked the entire gym. Juliet put down the chainsaw for a moment.

"We better leave now!"
Juliet was about ready to ask exactly where they were going to go. Harry, without any warning, wrapped his arms around her and the two vanished in a flash of light from the gym. Juliet experienced a sensation like being sucked through some kind of tube where she couldn't quite fit, but the suction of gravity pulled her through.

The two dropped down for a second. Harry's hands rested on Juliet's bare stomach for a moment, feeling the soft and tender flesh on it. The girl's skirt rolled up and her purple panty clad ass brushed against Harry's crotch.

"I think we're safe," Harry said, retracting his arms.

Juliet's body shivered at the lost for warmth.

"Yeah…well, there goes homecoming," Juliet said, with a frown. "But…that was kind of fun….wouldn't you agree?"

Harry looked at the girl. He didn't know how many girls would consider mauling a bunch of rocking corpses with a chainsaw to be stimulating. Or receive hardening nipples which stuck out from underneath the girl's cheerleader top.

Granted, Harry knew a few, because he encountered some wild women in his day.

"Yes, it's a living for me," Harry said.

"More like a hobby for me," Juliet said, smiling when looking over him. Harry placed his hands on hers and checked for something. "Um, what are you doing, dude?"

"Checking to make sure you hadn't been infected," Harry said, casually running his fingers across the girl's arms and becoming one with her.

Juliet felt as if something probed into her very being. The girl's cheeks reddened the moment she realized how dirty this sounded. And how exciting it sounded as well. Harry's hands moved away from the girl's arms and briefly brushed against her breast. Only for a second, only for long enough to cause a tantalizing hint of pleasure to spike through her body.

"Relax, it can be a bit stimulating," Harry said.

The fact he acted like he wasn't doing this on purpose made the perky blonde hitch in a breath. Strong fingers drummed across her stomach. The young man brushed against the underside of her skirt for a moment and continued the trip around her soft, firm thighs down to her knees.

Harry continued to feel every inch of her body. The hotness coming from between her thighs was second nature for Harry. So far, so good, every inch of her checked out. Harry thought he would be getting through this one without any problems.

Juliet breathed heavily when Harry's fingers came completely close to her treasure.

"You're all clear," Harry said.

"You're going to have to dig deeper for this to work," Juliet said. The girl offered him a bubbly little smile. "How can you be sure I'm completely okay if you don't go deeper?"

Juliet reached between her legs and slowly slid her panties to the side. The girl moved, breasts heaving when her nipples poking out.
"After all, I could be infected more deeply," Juliet said, brushing her finger against her opening. "And it would be a shame if you missed something because you wouldn't give me a full exam."

Juliet hoped to fluster him. Instead, he reached between her legs and cupped the girl's pussy. Juliet gasped when Harry's hands toyed with her sopping folds. The brush against her inner thighs were brief, but exciting. Sexual stimulation spread over the girl's loins at the panting.

"Do you think I'm going deep enough?" Harry asked, slowly working his finger inside the girl's pussy.

Juliet bit on her lip to stifle the obvious moan. The zombie hunting cheerleader casually lifted her hips to meet the handsome man's probing finger.

"A little deeper!" Juliet said, bucking her hips up. "YES…RIGHT THERE!"

All pretext this was anything but what this was had been dropped. Harry slowly worked his finger into the blonde woman's snatch. He smiled feeling the moisture collect on his digits.

'Wouldn't be a day in my life if it wasn't for another eager young woman wanting to jump my bones.'

The ageless wizard started to push into the young and moist snatch. Juliet's breathing increased with each thrust. Slowly, Harry eased her towards the point of climax. The girl lifted and lowered her hips the more Harry pushed inside her.

"Almost there," Harry said. "We're almost finished."

"I know, ooooh…I think I'm feeling pretty good!" Juliet said. The girl's eager cunt sucked in Harry's fingers with each probing thrust. Her breasts bounced up and down when she rode his hand.

The dam inside Juliet's body broke. A flood of clear juices coated Harry's hand. The vixen rode his fingers all the way to climax. Harry pulled them out of her greedy pussy and placed them to his mouth. Harry slowly licked the teenage juices off of his face.

"It's in my own professional opinion you're good," Harry said, smiling when he placed a hand on her thigh. Harry gave her a firm squeeze to get her attention.

Juliet felt the strong desire to suck on something nice and hard. The girl lifted a hand up and placed a hand on Harry's stomach, smiling when her smoldering gaze fell on him. The girl looked at Harry with hungry desire flowing in her face and licked her lips.

"I love sucking on lollipops," Juliet said, with a sultry little smile, running her hands down the young man's firm abdomen. Her pussy moistened even more when feeling the muscles underneath his shirt. "But, I…lost mine in the middle of the fight, and I don't have any more. Do you think you can help me, Harry?"

Juliet's fingers brushed against Harry's bulging crotch. The ageless sorcerer wondered what game the cheerleader played. He decided to play along with her.

"I'm afraid I don't have any lollipops," Harry said, barely able to get out this last word.

"Oh, I think you do," Juliet said, pulling down his trousers a little bit. "You've been holding out on me, baby. You have a big lollipop in your pants."

Juliet pulled down Harry's pants and the boxers followed seconds later. The bubbly cheerleader
prepared to see what would await her. What awaited her caused the girl's heart to almost stop. The flood of lust continued to go down her legs.

'Oh my God!'

The thickest, longest, juiciest penis stuck out. The head bulged angrily. Juliet's eyes traveled down the base of the cock to see how thick and veiny it was. Drool dribbled down the mouth of the cheerleader which she quickly wiped around. His large and hairy balls showed how much they could hold.

"You have a nice lollipop." Juliet said, finally managing to find her voice in the middle of the lust. "You have a nice, really big lollipop."

Juliet traced a finger down Harry's vein. She started to breathe heavily and move closer towards examine it.

"I wonder how many licks it takes to get to the creamy treat in the center," Juliet said, a wide grin going over her face.

"Why don't you find out?" Harry asked.

Juliet decided to find out by swirling her tongue all around the older boy's head. The perky blonde drew her tongue up and down the base of the sorcerer. The boy's cock started to throb even more with Juliet using her tongue to lather him up in spit.

Harry closed his eyes and enjoyed the bubbly blonde giving him a full service job. She pulled up and kissed Harry on the top of her head. The girl's wet and hot tongue brushed against his slit, before running down Harry's vein. A series of hot and passionate kisses lathered Harry's cock with her spit and lipstick.

"You're so talented," Harry said. "And you're so hot."

Juliet formed more kisses around the base of Harry's cock. She went down between Harry's legs and took his bloated balls into her hand. The cheerleader latched onto Harry's testicles and applied a heavy amount of suction on them.

"Damn!" Harry groaned. Juliet's warm mouth continued to service his testicles. "You must have really wanted to suck on something."

Juliet retracted from his balls and kissed all the way up Harry's shaft. The moment the cheerleader hit the top of Harry's prick, she paused. Juicy red lips touched the tip of Harry's cock.

Harry groaned when the bubbly girl made out with his cock. She wrapped her lips around the top of the swollen head and slowly pushed down him.

"It's good," Harry said, threading his fingers against the back of her head. "It would be even better if I could fuck your hot little throat. Do you think you can fit my large cock into your tight throat, baby?"

Juliet rose to the channel and impaled Harry's cock down her throat. The girl gagged around the thick manhood stretching her throat. The cheerleader's fingernails dug into Harry's thighs until she gained a steady moment. A slurp followed when Juliet gained even more momentum.

Harry leaned back and enjoyed the ride. Juliet took his entire cock into her mouth and released it. The warm and tight heaven caressed around Harry's throbbing prick.
Juliet never thought she would have anything this delightful inside her mouth. The powerful young man made her hopeless addicted to his cock.

"Good girl, good cock-sucking cheerleader!" Harry said, placing his hands on the back of her head and pushing into her mouth. "I'm about ready to choke you with my cum. You'd like that, wouldn't you?"

Juliet responded to his words by happily swirling his tongue around the head of his cock. The girl's hot tongue gave Harry's cock a full service job. Harry pushed into her mouth balls about ready to burst.

Harry clutched to her face to keep fucking her mouth like a vagina. One more thrust opened the flood gates for Harry to flood her mouth with his thick and juicy sperm.

Juliet gasped when Harry's cum spilled into her mouth. The cheerleader bobbed her head up and down to lap up every single last drop of the seed spilling from Harry's balls into her mouth. His cum tasted of chocolate, something which Juliet could not get enough of. She sucked it down like an addict.

Seconds later, Juliet thought Harry finished and popped his cock from her mouth. The girl gasped at the mistake when his cock mimicked a fire hose and kept going off. Several spurts of thick and hot cum fired into Juliet's face. The girl's face, hair, and neck had been covered by Harry's thick spunk.

Harry finished unleashing his one man bukkake on the cheerleader's face. Juliet moaned in contentment with the cum covering her face. The creamy treat flowed down her face and started to smear her makeup. The girl lifted a pair of hands up and cupped her face to scoop the cum off.

Juliet practically devoured the cum which spilled off onto her hands. Every single slurp and suck caused Harry to wave her with lust.

"Soooo, good!" Juliet moaned, using her free hand to rub her aching right breast. The taste of the cum ignited a new fire within her. "Oooh, you taste so good!

The fire coming from her pussy could only be quenched by one thing at all. Juliet balanced herself on the edge of the bed with her legs spread.

"Do you think you can fuck me?" Juliet asked. "Do you think you can impale my tight little pussy with your big cock like you impaled those big nasty zombies with your sword?"

Juliet lifted her legs up to spread them wide. Her knees bent back and Harry marveled at the flexibility.

'Then again, cheerleader,' Harry thought, smiling. The young and dripping snatch awaited for his large cock.

Harry pushed himself head first inside her. Juliet gasped and tried to stretch to accommodate his manhood. Her pussy squeezed around his cock when Harry worked to get it all inside.

"Oh, that's it, you can do it...you can do it!" Juliet yelled, waving her hands around. Her breast bounced from underneath her top and smacked into Harry's face. "Give me your cock...give it in me...give me...."

"I'm going to give you my big cock," Harry said, grabbing her by the hair and forcing her cum stained face to look into hers. "You've been asking for it all day, haven't you? Jumping around in a
Juliet breathed at the sensation of their loins connecting with each other. Every time Harry shoved into her, it brought another point of pleasure.

"Seeing how strong you were makes me so hot," Juliet said, lifting her top to flash Harry her breasts. The firm and juicy teenage globes bounced. "Do you like fucking my young…tight…eighteen year old pussy?"

"Yes," Harry grunted, pushing into her. "I like fucking young pussies. I've been doing it for centuries!"

"Oh, you're such a dirty old man, taking advantage of young, impressionable teenage girls with your years of experience!" Juliet yelled, feeling the huge cock stretch into her.

Harry squeezed Juliet's tits. The Master of Death paid special attention to her nipples.

"Yes, I love your young pussy, it's so sweet," Harry said. "So sweet to know no other cock is going to feel right inside me, isn't it?"

"So big, nothing will ever feel right," Juliet said.

Juliet raised her legs and balanced them onto the back of Harry's head. Her hot snatch sucked him in completely. Juliet wasn't sure if he was as ageless as he said. The way his hands touched and tormented every inch of her body made her feel good. Harry hit all of the right spots, even though he didn't linger.

"Look, you want to cum, but you can't, can you?" Harry asked, pushing inside her. His mouth caught one of her peach colored nipples in her mouth.

The cheerleader's shirt rode up over her breasts. Juliet leaned in to watch Harry's big cock disappear underneath her skirt, feeling every single moment of it.

"How much do you want to cum?" Harry asked.

The pressure built up in Juliet's loins. The release didn't come any time soon. Harry reduced her into a panting wreck. She refused to back down, wanting even more.

"I want to cum really bad," Juliet said, raising her hands up and digging a set of well-trimmed fingernails in the back of Harry's neck. "REALLY, REALLY, BAD!"

"How bad do you want it?" Harry asked, kneading her tit flesh when he squeezed it.

"Really, really badly," Juliet responded with puppy dog eyes in response.

Harry pushed inside her one more time. The force caused the pressure of her loins to release. Juliet's sweat juices flowed and coated Harry's cock with her cum.

Juliet breathed up and down feeling the intense feeling of a well-earned orgasm. She wanted even more. The fit teenager's hips pushed up in a thrusting motion.

"Now, I'm going to really take your pussy," Harry said.

Juliet braced herself for impact. Harry slammed her pussy hard. Juliet refused to be one to break underneath the pressure. Every time Harry's cock impaled into her smoldering core, Juliet returned fire with a series of hot thrusts up and down.
"You like being pounded don't you?" Harry asked, running his hands all over her body.

"Yes…oh yes….mmm, yes…yes," Juliet said, breathing heavily. "Give me more of your big cock…I can feel it inside me….shove it deeper!"

Harry bottomed out in the flexible cheerleader's pussy. She got every single last inch of his cock inside and joined the list of the elite girls who could do this. Juliet mewled and hung onto Harry's thick manhood.

The tight vice grip of her pussy squeezed him. Juliet kept rising and lowering to pump his prick in tune with her thrusts. The pleasure kept spreading through her hot body. Harry nibbled her nipples and neck to hit all of the sweat spots.

Another explosion of bliss filled Juliet's body. Harry smiled looking at how much her body anticipated he orgasm and the delight which spread over her face.

"Oh, this feels so good, but aren't you feeling left out?" Juliet asked, pumping around his thick and meaty pole to bring him inside her. "Don't you want to cum inside my pussy? Fill me up with so much of your thick seed."

"I'm going to give you up soon, don't worry," Harry said, pushing inside her. "I just enjoy you cumming around me too much…you really were built to fuck."

Juliet's legs clenched around her lover. The girl's dripping hot pussy grabbed onto him with a few thrusts and tried to milk him dry.

Multiple orgasms later before Harry moved his prey in for the kill. Juliet's pussy stretched around his cock and fulfilled his desires for this adventure. The thick orgasm bubbling within his balls would be more than enough to drive her absolutely insane.

"Cum for me," Harry said, biting her on the side of the neck. "Cum for me hard."

Juliet's hips rose and fell to a lovely rhythm. The moans coming from her body almost sounded like a cheer, even though it wasn't of any coherent language Harry knew.

Harry unleashed himself inside her pussy. Cum fired into Juliet's pussy.

Juliet's thought she was fucked raw and would be out for the night. The thrusts recharged the cheerleader. More orgasms rolled through her body when Harry launched the cum inside her body.

Harry pulled from Juliet. The combination of pussy juices and cum drained from her pussy. She resembled a particularly naughty angel laid back with her legs spread.

Juliet turned over and presented her backside towards him. Harry thought it would be difficult to say no to such a young temptress especially one who still had something left to give him.

End.
Narcissa Black, no longer Narcissa Malfoy thanks to the untimely demise of her husband in recent months, sat in the sitting room of the former Malfoy manor, tapping her fingers on the table in patience. The last few months had been quite turbulent for the former wife of Lucius Malfoy.

Lucius suffered an unfortunate accident at the hands of a botched Floo travel. The odds of him suffering such an accident amounted to one and a billion. Ludo Bagman wouldn't have even been bold enough to take the bet. Lucius became the one to succumb odds when a trip to Knockturn Alley resulted in him getting crushed in a void within the Floo Network. The experts managed to recover enough of Lucius's charred remains to bury him.

Draco experienced a more grisly fate. A trip abroad(a trip Narcissa warned him not to go on) turned south when magical bandits came across Draco. The bandits were not impressed by the name of "Lucius Malfoy" and as a result they slaughtered Draco for his insolence. The investigation was ongoing, and the witnesses were not forthcoming.

After these misfortunes, Narcissa decided to form an alliance with the newly named Lord Black, Harry Potter. In exchange for swearing their loyalty to him, Harry allowed Narcissa and Bellatrix to reclaim the Black name. The two also educated Harry on both pureblood heritage and where a lot of the skeletons were buried with some of the so called ancient and noble families.

Narcissa thought about the other matter. Harry reinstated Andromeda into the family after Narcissa's aunt threw her off the tree in a fit of rage. Her uncle, being spineless, catered to his wife's every single whim. Andromeda returned the Black family line and Nymphadora would follow her.

One problem, and Narcissa prepared to address the matter right now.

"Nympahdora, welcome."

Narcissa ignored the look her niece gave her at the particularly lovely name Andromeda gifted her daughter. Nymphadora dressed in a white cotton blouse with a tie and a plaid skirt. Her hair pinned back and at the very least, Nymphadora didn't decided to make her hair different colors. Andromeda's daughter settled on a very practical shade of dark brown.

'Perhaps she is not beyond all hope just yet.'

"Hey, Auntie!" Nym said.

Narcissa surveyed her niece with a raised eyebrow. Nymphadora sat down in front of her aunt.

'And perhaps her vernacular could use a slight amount of work.'

"Good afternoon," Narcissa said. "I wish to speak to you for a few minutes about something extremely important."

Nym wondered what her aunt was talking about. The Metamorphmagus figured if she would just sit back and pay attention to Narcissa, maybe she would learn something.
'Worth a shot, guess.'

Narcissa smiled, pleased her niece's full attention directed towards where it should be presently. The youngest of the three sisters poured the two of them a cup of tea a piece.

"Thanks to our brand new lord, and head of the most ancient and noble house of Black, your mother has been reinstated into the house," Narcissa said. "And thanks to her reinstated, you have been included as well, rejoining the Black family tree."

Nym answered her aunt's words with what she thought was a respectful nod. The ancient and noble house thing few over her head. It made those who used it sound a little bit pretentious in her mind.

"And while your mother has been briefed on certain lessons, you have not," Narcissa said.

"What lessons would that be?" Nym asked.

"Your duty to the head of your house and your duty to the Black family," Narcissa said with a firm look on her face. "There are certain lessons on being a proper lady which you must learn."

Nym snorted in a very un-lady like manner. A perfect lady, her, well this was something which did not compute at least the mind of one Nymphadora Tonks.

"You will have to demonstrate your loyalty to the newly named head of the Most Ancient and Noble House of Black," Narcissa continued. "We did not have to perform this loyalty test to Sirius, due to his imprisonment. And by the time he had been released from Azkaban, the ship already sailed on anything of that nature with him."

"Because the Dementors caused him not to be able to get it….."

"Yes, Nymphadora, we're both aware of what happened," Narcissa said. "Our new head will be arriving here momentarily. You will conduct yourself as a lady and in a matter fitting this family. And you will allow him to use you as he sees fit."

"So you want me to be a whore for Harry?" Nym asked.

"I expect you to do as he tells you, and if he decides to treat you like a Knockturn Alley street walker, then you will spread your legs with a smile and refer to him as sir, or my lord," Narcissa said. "Unless he explicitly gives you permission to act differently. And if he does, all of the rules out. Your mother expects you to be one with him."

A soft knock on the door caused Narcissa's eyes to turn towards him.

"It's unlocked, my lord."

The one and only Harry Potter stepped into the room. Nym took one look at the young man and his mere presence took her breath away. The tall and elegant young man with his messy dark hair and burning green eyes made her ache between her legs in need. An elegant and athletic body built for either sport or intense fucking awaited them. Nym tried not to be too obvious with the undressing of Harry's body with her eyes.

Harry cast one look towards her, a knowing smile popping over his face. Nym looked a fair bit flushed.

"Nymphadora, has Narcissa told you want to expect?" Harry asked.
"Yes, my lord,' Nym said. "I'm to be tested to see if I'm worthy of inclusion to the Most Noble and
Ancient House of Black. I'm to conduct myself as you require and I'm at your disposal."

Harry motioned for Nym to rise to her feet. He got a good look at this current form. Silky black
hair came down past her shoulders. Blue eyes sparkled with a sense of wonder and an even greater
sense of naughtiness. The pair of pink lips moistened and Harry knew one thing such a plump pair
of lips were useful for. D-Cup breasts strained against the top, and thanks to Nym's gifts, she could
make them as large and firm as she wanted to. The skirt came down to showcase a never ending
pair of legs encased in silk stockings.

"Kiss me," Harry said.

Nym walked over and snaked her arms around Harry.

"Always allow your lord to lead the kiss and follow his cue," Narcissa said.

Nym didn't really have much of a chance to say any differently. Harry pressed his lips against hers.
Nym opened her mouth to accept the entry for his tongue. The two sets of tongues tangled
together.

Harry tasted the sweet sensations of Nym's lips, wondering if she could make them taste any way
she wanted thanks to those powers. The Boy-Who-Lived mapped a path on the inside of her mouth.
The girl pushed against him as much as she dared. Friction appeared when two sets of hips pushed
against other, grinding back and forth with hunger.

Nym gasped into the kiss when Harry groped her supple rear underneath the skirt. Everything he
wanted, she would be his.

The eager witch leaned into Harry's hands when he explored every single inch of her body. Nym
could feel a draft and before she knew it, Harry unbuttoned her blouse. Seconds later, her skirt
came off.

Harry stepped back to take a good look at Nym. Nym tried to strike a pose to show off everything
she had in her lacy green bra and panties. Narcissa smacked Nym on her panty clad ass.

"Hey!" Nym yelled.

"You are not acting very lady like, Nymphadora," Narcissa said.

"Narcissa," Harry said when looking at the mother of his late number one schoolyard annoyance.
"I'll take it from here, thank you very much. Only instruct her if you feel it to be necessary."

"Of course, sir," Narcissa said. "My apologies."

"As long as you do not overstep your bounds again, you will go without punishment," Harry said.

A small part of Narcissa craved to be punished by her lord. A feeling of wanton dampness erupted
between the youngest Black sister's thighs.

"Nym, to your knees and remove my pants."

Nymphadora Tonks dropped to her knees without any word. Her fingers unbuckled Harry's belt and
removed in with a solid swing. Next came the trousers. Nymphadora's fingers brushed against
Harry's crotch.
The next line of defense came with Harry's boxer shorts. Nymphadora gave an "eep" when Harry's cock slapped her in the face.

"Remain composed," Harry said. "It's not fully erect."

Nym tried not to roll her eyes. How did one not be composed because of that? Nym tried to grab it and shove it all of her mouth.

"I do hope you don't intend to shove him all in your mouth," Narcissa said. Harry gave her one of those looks and the pureblood heiress shot off. "And I apology for overstepping my bounds again, master."

Narcissa wondered if her niece ever so much as serviced a wizard. The fact Harry would be her first would be appropriate.

"Take my head, and savor the moment," Harry said.

Nym wrapped her juicy lips around Harry's head and slowly worked her lips around it. She wondered when it would be time to get a little bit more.

Harry looked down to see the sight of Nym's eager lips wrapped around his cock's head. The mind tease caused his cock to grow and by some form of magic, it started to push its way past her lips deep into her mouth.

"Now, you're going to get a little bit more," Harry said, stroking her hair. "If you don't open up wide, I'll be displeased, and your night will be a very dry one, Nym."

Harry's fingers traveled down Nym's slicky black hair and pushed his cock into her mouth. Nym gasped when Harry's thick phallus worked its way past the witch's lips into her throat. A gap could be heard before Nym expanded the muscles in her throat to allow him inside just a little bit.

"Perfect," Harry said, looking down at his little cock-sucking half-blood whore. "And now, you're going to show me what skills you've learned with your throat."

Nym contracted her throat around the length of Harry's cock and allowed it to spear into the depths of her throat. She rocked back on his manhood.

The hot smacking of Nym's delicious lips caused Harry to grunt. The Boy-Who-Lived hung onto Nym's head to piston his thick manhood into her mouth and use it as his own personal fuck hole. Nym brought the point of her throat down into his thick tool with a few more long and deep sucks.

"You're going to get the first part of your reward for being such a good cock sucker," Harry said.

Nym decided to try something else. She extended her tongue and wrapped it around the length into her mouth. The tongue lavished every single inch of the underside of Harry's cock at once.

"Putting all of your talents to work. I like that....I like that a lot! And now you're going to get something for your trouble."

Nym mewled at the point of his cock pushing down deep. Harry unloaded his thick seed into the back of the throat.

"Remember, not to waste a drop."

Nym didn't intend to. This delicious seed firing into the back of the throat caused a buzzing feeling
to raise through her body. Each inch of Nym's hot body hungered for even more. This seed firing into the depths of her throat caused a multitude of pleasure to rise deep within her.

The moment Nym sucked the last drop, a popping sound followed. Harry waved his hand and motioned for Nym.

"On your hands and knees now."

Nym obeyed and showed Harry her wide ass. Harry smiled and couldn't wait to get a taste of her in more than one ways. The skilled sorcerer performed a magic trick and caused Nym's panties to disappear.

A talented tongue replaced the feeling of Nym's bare cunt being released in the wild. Harry slowly slipped his tongue down the edge of Nym's nether lips. Nym gasped every time his tongue brushed against her. Juices started to trickle downward and started to coat the edge of Harry's mouth.

Harry decided to work her up a little bit more. His mouth lightly nibble Nym's nether lips. Harry gripped and released Nym six or seven times in succession. Each one causing a moan to go.

"H…my lord, I need my pussy eaten!" Nym said, feeling tension going. Every single time Harry captured her nether lips in his mouth, Harry held them a bit longer, before releasing them.

Harry decided to have his fun for a little bit longer. The wizard's tongue shoved into the depths of Nym's white hot pussy, causing her to gasp with a sensual moan. Harry worked his tongue inside her.

Narcissa locked onto the look of pleasure forming on her niece's face. Nym's firm biting down down on her lip when Harry used his mouth and tongue to stimulate the younger girl's sex sex caused Narcissa's to grow all hot and bothered. The pureblood witch dropped her robes to the ground and slowly began to unbutton her blouse to gain better access to her needy breasts.

Harry worked Nym slowly up. The vibrations of his tongue caused her to become undone.

'Alright, you're going to cum, and you're going to cum all night long for me,' Harry thought, when he continued to trace tongue patterns in her.

Nym couldn't tell what he did to her pussy. The positively sinful feelings caused pleasure to rise from her loins and the woman's heart to start beating.

Orgasm hit and coated Harry's face with the juices of the older woman. Harry worked his tongue back and forth to stimulate further orgasms.

"Time for the last lesson," Harry said. "You're plenty wet enough."

"Yes, she is!" Narcissa yelled, rubbing her fingers up and down. The pureblood witch showed a lack of shame by masturbating herself through her panties.

Harry flashed her a smile and waved his hand with a stern glare dancing in his eyes. Narcissa yelped in surprise when ropes wrapped around her body, along with a gag in her mouth. Her hands had been tied.

"Just sit, and watch," Harry said, flicking his finger within Nym's dripping hot opening. "And know it's going to be your turn sooner or later."

Harry's thick head pushed through Nym's hot walls. The Metamorphmagus moaned when Harry
invaded her walls. Every inch brought a new pleasure into her.

"So tight," Harry said, hand flying towards her breast and squeezing it in his hand. "Let's see if we can loosen you up a little bit, Nym."

Nym thought she died and went to heaven. His thick cock pushed her apart. Nym tried to gain some control over her pussy. Harry's pushing into her tight crevice caused Nym to be worked apart. Every last inch of him pushed inside her.

Harry placed a finger on the curve of Nym's spine and slowly ran it down. Each time he brushed closer towards her ass, Harry pushed into her even more. His thick cock speared into her from behind. The pleasure coursing between Nym's legs spurred Harry to go onto greater heights.

"Look at you," Harry said, leaning down towards her. He nibbled the back of her neck. "Look at the state of you."

Nym breathed heavily with Harry nipping on the back of her neck.

"You're going to cum for me, aren't you?" Harry asked, using his tongue to move down the back of Nym's neck. "You're going to gush for me aren't you?"

Nym couldn't say anything other than moan like the perfect witch in heat. Harry pushed himself deep inside Nym's womanly depths, experiencing the sensation of her cunt against him.

"Go ahead, Nym, let it go. Cum for me, let it all go."

Harry's hands flew to her breasts and squeezed them. These actions didn't give Nym much of a hope. Her body tightened around the edge of Harry's thick tool.

Nym's vision flashed with stars. The orgasm to end them all caused her to cum. One look at her aunt's frustrated and horny face caused Nym to lose herself even more.

Harry pulled out of her and left her panting, wanting more.

"I need more," Nym said, watching Harry turn her over. Harry leaned down and pushed his muscular chest against her breasts, squashing them. "Please sir, stick your big gorgeous prick into my tight body. Take me and wreck me...fuck me all night long!"

Harry eased his way against Nym's dripping hot pussy lips. The thick engorged head of Harry's prick almost shoved inside her wet center.

"Yes, I'm going to pin you down, and take your pussy over and over again," Harry said, grinding against her pussy with each word. "I'm going to pin you down, and you're going to beg me to be your bitch."

"I am...I am your bitch," Nym said, almost pushing her hips up. Harry blocked them. "And I'm in heat."

Harry grinded his cock against Nym's over heated crotch. The heat pumped up and threatened to engulf Harry's cock. Harry pushed his head further against her and slipped it inside her a tiny bit.

"Yes, I can tell," Harry grunted, holding onto her hips. "It's time for you to get your reward, are you ready?"

Nym nodded her head, biting down on her lip with a pleading look in her eyes. Harry grabbed her
breasts and squeezed them. This action tightened Nym's pussy around Harry's half submerged cock. "I need it, I need it all the way!" Nym yelled.

Harry smiled and made sure his eye contact locked onto Narcissa. Narcissa watched her master's cock enter Nym's pussy. Despite not being able to do anything to relieve her frustration, Narcissa watched on.

Nym rose her hips up to meet the incoming thrust of Harry's big, thick, organ. Every single inch speared into her pussy. Nym's pussy expanded to allow Harry's cock to enter new depths. Their pubic bones touched each other.

The friction excited Harry. The young man grinded his pelvic bone against his lover's. Nym responded by pushing her legs up and wrapping them around Harry's waist.

Harry touched his thumb to the side of Nym's leg. The sorcerer started to run his hand up and down Nym's leg. Nym rocked her hips up to meet Harry's thrusts and moaned.

"Your legs are so soft," Harry said, smiling and running a hand down Nym's legs. "You like me playing with your legs?"

Nym's moans increased with each passing thrust. The Metamorph loved Harry playing with her legs very much. The legs extended, growing smoother and more sensual with each passing brush. The perfect and lovely flesh molded into Harry's legs.

Harry grunted when Nym's pussy contracted around him. The witch's orgasm coated Harry's throbbing pole inside her pussy. The two met heat to heat with Harry's throbbing cock sliding inside her wet womanhood.

Nym thought she would break from the mere force of Harry's cock slamming inside her. Every time the Boy-Who-Lived buried his pole inside her, she lost herself.

"And you're going to cum for me again, and harder this time," Harry said, cupping the witch's tit in his hand. "You can't help, and cum, can you? You can't help, and obey me, can't you?"

Nym shook her head. Her entire body lost itself to the pleasure of Harry shoving every last single inch into her. Harry manipulated her very core with this.

"No, I can't!" Nym yelled. The panting increased with Harry leaning down and nibbling on Nym's sweet nipples. Nym gasped with Harry wrapping his mouth around them.

"You can't, you want this," Harry said, holding onto her hips. Harry pumped up and down into her. "And I'm going to give you everything you need. One of the best orgasms you've ever felt in your life."

Harry channeled power through Nym with her breasts being used as a conduit. The horny witch racked with a million little bursts of pleasure coming up and coming down. Her body road a roller coast of highs and lows with Harry pushing into Nym's depths with several rapid fire thrusts inside her body. The beauty's cunt expanded and contracted around Harry's thick rod, in an attempt to milk the seed from the point of his balls.

"You're going to take this, every last inch of my cock inside your body," Harry said. "And you're going to take my cum inside you. And when the last dose of cum hits your womb, you're going to be mine forever."
Harry sped up the thrusts and reduced Nym to a moaning wreck. She pushed up and went down.

"Who does your pussy belong to?" Harry asked.

"You...my lord, it belongs to you," Nym said, pushing her walls around Harry's engorged pole. "Shoot your seed inside me...make me yours. Put your child inside my womb!"

"Maybe if you're fortunate," Harry said, with a smile, caressing her right leg one more time and then the left leg. These actions drove Nymphadora Tonks beyond wild.

Harry continued a steady and swift path into Nym's center. The contents of his balls spilled into Nym's body. Spurts of seed buried inside Nym's tight center and buried deep inside her womb.

Nym almost blacked out from the pleasure bombardment of the orgasm. Harry pulled down and raked his eyes down the goddess on the bed, smiling at his handwork.

A pair of vibrant green eyes locked with those of Narcissa's. Harry waved his hand and pulled Narcissa up to her feet. Narcissa's bound and nude body pressed against him. The woman stared at him with wanton eyes.

"I can feel how hard you wanted to get off," Harry said, grinding his cock against her. Harry's cock still dripped with the combination of his and Nym's juices. Now Narcissa's had been collected on top of those. "You want this inside you, don't you? You wanted my thick manhood buried inside your juicy center, don't you?"

Narcissa's body crushed against the wall. The woman spread her legs as much as it could be allowed in this current predicament.

"I'll take this as a yes."

Harry spiked his cock inside Narcissa's sweet pussy. The walls hugged around Harry's manhood and started to caress his thick, veiny, cock. He grunted and pushed inside her body.

"Yes, this feels so good," Harry said, rutting against Narcissa. He took her breasts in hand and squeezed them. "Knowing you had to sit there the entire time when I fucked Nym."

Harry smiled, pushing himself into her. The gag removed from Narcissa's mouth so Harry could shove his lips over hers with a mouth bruising kiss. The two of them connected with this sensation combination of spit.

"My lord, please," Narcissa said, no sooner did he release her lips so she could talk. "Make me cum."

"I'll make you cum harder than ever before," Harry said, capturing a juicy nipple inside his mouth.

Narcissa gasped when Harry bit down upon her nipple. Harry stimulated her nipples.

"Mmmm, ah...ooohh!" Narcissa breathed, feeling Harry's cock spear into her and stimulating her to another amazing orgasm.

Harry worked over Narcissa's breasts which caused her to lose all sense of her mind. The pureblood noble's pussy and body succumbed to Harry's thick manhood. A few long thrusts buried inside Narcissa's wet pussy and brought her closer to the edge.

"Go ahead, let it go."
Narcissa's pussy clenched Harry again. Harry drove her more wild, nibbling the side of Narcissa's neck. The wizard suckled on the pulse point of her neck and switched over to between her breasts. Harry's tongue trailed down between her sweaty cleavage and spiked her pleasure to another level.

Harry slowed down the thrusts to make each moment leading to a big orgasm mean something. The orgasm sunk into Narcissa's brain completely before he led her to another one. Harry grinded inside her.

"Master, please," Narcissa said. She didn't know how much longer she could hold together. Harry's able hands worked her body, causing torture. Pure magic rushed through her body and loins.

Harry built up his orgasm and buried his cock deeper. The build-up in his balls became so big and so hard it almost hurt.

"Do you want my, cum, pet?" Harry asked, fingers prodding Narcissa's thick cheeks and smacking onto it.

Narcissa pushed her hips closer towards Harry. The orgasm started to roll over her loins and make her want things even more. The connection sparked pure magical energy between the two sides. The thick cock buried inside Narcissa's juicy womanhood.

"Yes, I need it," Narcissa said, taking advantage of the master untying her hands. Narcissa placed her hands on either side of his ass and started to piston inside her. "I need it…all of it inside me."

One more orgasm exploded through Narcissa. Harry's path towards her center became easier. The contents of his balls started to churn up the side.

Harry allowed Narcissa one more orgasm before he planted his seed inside her. The noble woman turned into a shrieking whore when Harry fired his seed into her. Harry thought this was the greatest magic trick he could have performed.

Narcissa's walls parted to accept his cum pumping inside of her pussy. Each drop spurting in her caused her body to buzz.

Harry allowed her to drop, sliding to the ground. Narcissa's legs remained spread. Her cunt made like a bubbling river with the seed dripping and oozing out of it.

'Well, the etiquette lessons broke down in a hurry.'

"Come here, Nymphadora for your next lesson."

End.
Harry Potter walked down a long and winding hallway in a top-secret government facility and not for the first time in his life either. There always seemed to be a war with the various alphabet soup government organizations when they attempted to one-up each other. It almost amused Harry, not as much as it frustrated him. Everyone had their secrets, and no one wanted to share those secrets.

The young man turned around the corner and waited for his partner to come to meet him. This organization was called ARGUS and they overstepped their bounds a little bit. Harry Potter worked for the DEO as a consultant and did his job about as well he could be expected. Being a consultant and not being a full time member allowed Harry to get a lot more of the room.

"The security system is down, we have ten minutes to get in and get out."

A dark haired woman turned around the corner. Her bright brown eyes shined out. The agent dressed in a sleek tight black tactical suit which fit into every one of her curves.

"Ten minutes," Harry said. "Way too much time to do what we're going to do."

Alexandra Danvers rolled her eyes. Leave it to Harry think an absurdly small window was way too much time. The two of them made their way down the hallway.

"Watch my backside, I'm going in," Harry said.

"Gladly," Alex said, eyes firmly glued on his backside, and she shook her head. Her handsome partner walked in. He had a magnetic appeal which attracted women. Despite her bravado, Alex was no exception to this obvious rule.

Harry stepped inside to the room. He made his way through the hard copy filing cabinets, or so it seemed. Shoving back the cabinets, Harry found his way into an alcove which shifted back. The elevator brought Harry down to the bottom and to the computer system.

"Let's just see how secure you are," Harry said, plugging in the drive in the computer and started to work his magic. This was a far more dangerous power than any magic in the world, his hacking ability. Which had gotten better after some early attempts.

"Harry, five minutes," Alex said, warning him.

"Don't worry, just keep watching the doorway," Harry said, putting the information. He wanted to see what was so important ARGUS wanted to keep it from the DEO.

A patient moment followed when Harry finished downloading the information onto the drive. Harry rocked himself back onto the heels of his feet.

"Okay, I'm done, and I'm coming down the hallway," Harry said.

Harry made his way around the corner. Alex kept covering him. Her mouth almost opened up for a long second. The two agents made their way around to the stairwell.

"I'm cutting it close," Harry said, walking up the steps and pausing for a long moment. "But, it's not
as close as a lot of the times, is it?"

Alex smiled. Harry really did cut things close. It caused her adrenaline to be heightened up to another level. The two of them made their way up the set of stairs. All they needed to do to get onto the roof and things would work out for the best, at least in her mind.

'Well, here goes nothing,' Alex thought. She paused for a long moment and looked around.

"Alex, we better move," Harry said, looking at the palm computer. "Someone turned on the security system."

"That's impossible," Alex said. Harry grabbed her by the hand and lead her to another direction. "That's not the way up to the roof either."

"No it isn't," Harry said, hearing the pounding of people down their way. "We're going to have to find an alternate way out of here."

Alex pulled out her side arm, clicking it into place. She didn't want to really attack to be honest. The agent prepared herself to fight and make their way out of the building.

It was a common occurrence when she partnered up with Harry. He was both the most capable hand they had, and the most frustrating to team up with.

"Okay, this way, hurry!" Harry yelled, gripping Alex by the hand and leading her down the hallway. "Don't attack unless they do so first."

Alex couldn't really fire off any kind of response. Harry made his way to an elevator and pulled them both inside. Harry punched in a series of codes on the elevator.

"I'll find a way to get us out of here," Harry said. The elevator started to ease up to the tip-top of the building. In the office building which had been built over the top of the building.

Bare bones crew in an attempt to throw people off of the entire building. Harry waved his hand and caused Alex to switch out of her tactical gear. She dressed in a black button up top and a nice skirt. The skirt stretched down and showed her legs off. The pair of high heel shoes caused her to balance.

Alex looked up and saw Harry dress in a nice button up shirt and a pair of dress pants as well. He looked like someone who had been trapped in the office building up there.

"Harry…what….."

Harry leaned forward and pushed his lips over Alex's. Alex gasped in surprised and only fought the kiss for a couple of seconds before returning the entire kiss.

The elevator doors slid open. Harry and Alex jumped up in surprise as the ARGUS agents entered the elevator. The two agents backed off.

"Clear out of the area, you two," the agents said. "There are a couple of dangerous spies who compromised the security of the building."

Alex touched her hand towards her leg and prepared to pull out her gun to take them out. Harry reached and grabbed Alex around the wrist lightly to warn her. The young man switched angles to grab Alex's hand tightly.
"Oh, well that's really bad," Harry said, without missing a beat. "We're just leaving for a coffee break, and the elevator sealed us inside."

"Yes, coffee," the agent said. "The two of you better get out of our way…return to your office…this entire building will be on lock down. They can't have gotten far."

Harry and Alex walked past the guards, almost expecting some kind of trouble to happen. The guards didn't do anything.

"Our secondary extraction plan won't kick in for another hour," Alex said out of the corner of her mouth. "Some good, and quick thinking…way to think on your feet."

The two made their way towards an abandoned office. It was bare bones, nothing other than a desk and a couch in it. The two agents entered inside.

"All communications outside of the building are being monitored," Harry said.

"Can't you just teleport us out of the building?" Alex asked. Harry gave her a long look. "I know, there's a reason why you haven't already, but I just had to ask."

"They have magic monitors on the building, if anyone leaves the building that way, they'll know it," Harry said. "It's hard to shut them down without them knowing."

"Right, ARGUS pretty much polices the magical users in the United States, I forgot," Alex said. "So, we're stuck in this office for an hour?"

"At the very least," Harry said, taking a seat on the couch and inviting Alex to sit down next to him.

The sound of guards moving around them caused Harry and Alex to settle in. The two of them looked at each other. Alex kicked off her shoes and propped up her feet on the couch.

"What?" Alex asked. Harry gave her a knowing smile. "We're going to be in here for a long time, especially if the extraction team runs into trouble. Unless you can find a way to extract us without tipping off any sensors."

"Believe me, I'm thinking of every angle," Harry said. "Losing those three minutes really timed the entire mission off. I want to really know what went wrong."

Alex's stocking clad foot moved around the edge of Harry's crotch in an absent minded manner. Harry looked towards her and she smiled back at him.

"Why don't we make the wait inside the office a bit more interesting?" Alex asked, smiling and working his pants open with her feet. "I know you can't get enough of my legs and my feet."

"The rest of you isn't anything to sneeze at either," Harry said, feeling Alex's foot put a little pressure on him when she pulled his pants down.

"Thank you," Alex said, smiling. "And you're pretty handsome yourself…and I'm curious to see what you have in your pants…someone as confident as you has nothing to be ashamed by."

"Why don't you take a look for yourself?" Harry asked.

"I think I will," Alex said, pulling down the fabric to allow Harry's cock to spring out and face her. "Oh my god."
Alex touched her toes against the edge of Harry's cock to feel how veiny and thick it throbbed out for her. She watched it mesmerized, with a bit of drool coming down her mouth. She rubbed her foot up and down his cock.

"You're huge," Alex said. "It must be at least a foot long."

"It's as big as you want it, sweetie," Harry said. Alex didn't have the time to comprehend this situation in her mind. "How about you give me a footjob?"

Alex thought this was a good idea. She tried to ignore her throbbing cunt to focus on this big cock in front of her. At first, Alex used her big toe to stroke up and down Harry's cock. The beautiful agent used her toes to rub the veiny underside, before placing her sole his cock and rubbing it.

Harry enjoyed the soft feel of Alex's soles placed on either side of his cock. It felt so good to feel her feet wrapped around it.

"I'm going to make you cum over my feet, stud," Alex said, rubbing her feet up and down his cock in a pumping motion. "And then we can see what other fun we can have."

"Looking forward to it, honey," Harry said, feeling her silky soles rub them up and down. "Oh, your feet feel good, and your legs are so smooth, I love them!"

Harry pushed his fingers up Alex's legs. Every single inch of her extremely soft legs squeezed underneath his fingers. The coos of delight cumming from the mouth of his lover spurred Harry to go on.

Alex worked her feet over Harry's cock. The excitement of the DEO agent grew the more Harry's cock throbbed between her feet. Alex's heels brushed against his cum bloated balls. Alex tested and teased him, knowing the big load of see which was about ready to spurt out of his cock and splatter her feet. She couldn't wait for it. This would be the moment she had been waiting for.

"Oh, I need this!" Alex yelled. "All your thick and juicy cum all over my feet!"

"I'm going to cum all over your perfect feet, all over your wonderful arches!" Harry said. "Do you see the power your feet has over me."

"Don't you see the power your cock has over me?" Alex asked.

Harry's cock spurted their load onto Alex's delicious feet. It started to splatter against her feet, ankles, and legs all the way. Some of the cum went so high it splattered against the ceiling, leaving stains.

Alex enjoyed out the shine had been given to her feet and legs thanks to his cum. The sexy agent's long stems looked even more vibrant than ever before.

"Come here, you minx and give me a kiss," Harry said, grabbing Alex around the waist and pulling her onto his lap.

Harry pushed his mouth onto Alex with one of the most mind-blowing kisses anyone could ever imagine. Alex happily reciprocated the kiss, working her tongue into his mouth. Alex turned so she could straddle Harry. The stud's cock slipped underneath her skirt and brushed against Alex, hitting her through her panties. Pleasure waves connected to her.

"You know what you want now," Alex said, slowly unbuttoning her blouse.
"Is it the same thing you want?" Harry asked, reaching around to cup the ass of this vision straddling his lap. "I know I want to fuck you."

"Harry," Alex mewled, feeling his hand move up and go between her legs "Take me, take me right here. I don't care if there are cameras...if there are, then give me a show."

Harry slid Alex's panties down her legs and could feel her smooth pussy. Her lips beckoned to be played with and Harry did just as they required. The soft folds brushing against his fingers made Harry feel really good.

Alex slid her blouse down her shoulders to reveal her firm breasts pushed up in a lacy blue bra with an intricate design.

"Do you want to see them Harry?" Alex asked, smiling and playing with her bra strap. "Do you want to suck on them...make them yours?"

"Yes, I want to take your tits, suck on them, make them mine, and make you scream for more," Harry said, using his free hand while one diddled her pussy.

Alex closed her eyes and could feel her bare breasts let out into the wild. Her B-Cup breasts ached with Harry kissing them and paying tribute to the firm breasts.

"Yes, suck on my perky breasts, Harry," Alex said, humping his hand for encouragement.

Harry worked his fingers in between Alex's hot and lovely walls. Fingers worked between her. He could feel how wet she was and knew she would be perfectly lubricated for his cock.

"Oh, you're making me cum so hard," Alex breathed heavily.

"You're so wet, so tight, I can't wait to have my cock inside you," Harry said, pushing his fingers in and out of you. "You haven't had a real cock inside you, have you?"

"No, nothing...nothing like yours," Alex said, heaving her chest out. Harry switched from one breast to another breast, sucking on the hot nubs and driving her wild.

Harry smiled and made her cum all over his hand. The squeezing of her cunt around his fingers made it an extremely tight fit indeed. Harry anticipated greatly what his cock would feel like buried into her tight walls.

The moment Harry withdrew his hand from her pussy, he touched it to Alex's mouth.

"Taste yourself."

Alex never tasted her own pussy juices before. The very taste of them drove her completely wild and made her extremely hungry for more.

"Do you see it?" Harry asked, feeling Alex rise up against him. The babe's pussy hovered inches away from his cock. "Do you taste how horny you are?"

"Yes, I'm a horny slut who needs a big cock inside her virgin-tight pussy," Alex said, biting down on her lip in the sexiest manner possible. "Will you help stretch my tight cunny out, Harry?"

"I think I can arrange it," Harry said, with Alex's pussy lips rubbing up and down on his cock. His cock twitched a little bit and came close to sliding into the sexy agent. "My god...you're so hot."

"Oh, I'm really hot," Alex said, pushing herself a little bit further down onto Harry's cock. "And I'm
Harry grabbed her hips and forced Alex down. Alex experienced a brief second of pain which had been replaced with an even greater amount of pleasure with Harry sliding into her.

"YES!" Alex yelled.

Harry groaned when her tight pussy wrapped around her. The agent showed how much she worked out by bouncing on Harry's cock. She stretched her legs out far and wide to accommodate his thick manhood going into her dripping hot snatch. The brunette's walls closed around his tool.

"Right there, there's a good spot," Alex moaned, leaning back so Harry could have full access to her breasts.

Harry accessed her breasts quite nicely. The young man licked and nibbled at Alex's nipples. These hardened nubs responded to his tongue. The pink flesh worked into Harry's mouth.

Alex placed her hands on Harry's head and made sure her lover's mouth didn't stray far from her breasts. The brunette panted with each rise and each fall.

"You're going to make me cum," Alex said, pussy twitching around Harry's cock. "Nothing has ever made me cum as hard as your big, thick, cock. I love feeling it jammed in my pussy, stretching me out. Making me yours, making me yours forever. Oh yes, this the best….oh god, I'm so good. Fuck me harder baby. Really make me cum."

Harry switched his hands to Alex's bum and caused the woman to push down onto his cock. The agent drove herself down on Harry's cock. The force of her orgasm rippled around him.

Alex's entire body shook with pleasure. She didn't want to stop even if every nerve ending sang in pleasure. Harry held onto her hips and rocked her up and down.

"I bet I can make you cum more than you ever could have dreamed," Harry said.

"Please do," Alex said, pressing her hands onto Harry's chest and rising up. Harry pushed into her cunt before she lowered down. The pleasure burst between her loins rocked her body.

Alex worked her hips up and down on Harry's cock. Juices trickled down between the toned agent's thighs. Harry held onto her hips and brought her down.

"I want to fuck you from behind," Harry said, nibbling on Alex's ears. "I can show you how much power I have over you, how much pleasure I can bring you. If you just let go."

Alex finished off riding her latest orgasm. Juices trickled down her pussy. Lips spread hungrily. Alex turned around and placed her hands on the desk. The agent's ass stuck in mid-air. The thighs of the dark haired babe spread.

"Put it in me, Mr. Potter," Alex said, swaying her rear enticingly.

Harry's cum bloated balls slapped across Alex's right hip which caused excitement to spread through the woman's body. He situated himself closer towards her. The tip of his cock slid in.

"Please, I'm dying," Alex said. A fire rose through her pussy. "My pussy feels so empty without your cock in it. I need your big cock in me!"

"Ask and you shall receive," Harry said, slapping her on the ass once. The movement caused juices
to trickle down Alex's pussy.

Harry slid inside Alex without any problem. The two lovers worked back and forth against each other. Harry bent Alex over the desk and thrust into her pussy.

Alex groaned the moment when Harry speared deeper inside her. He touched her in new places for sure. Alex wasn't sure how far he went. The comment about him being as big as she wanted him to be resounded in her mind.

\[I'm \ going \ to \ have \ to \ ask \ him \ sometime.\]

Harry's hands molded Alex's firm body. Each time he touched her, Alex gave a lovely little sound. Her body responded to his touches just as well as her pussy did to his cock.

"Time for you to cum for me again," Harry said.

Alex couldn't argue. Her walls slid back against Harry and released their juices onto his pole. Harry responded by pounding her, never letting up. The never ending bombardment of orgasms caused her to lose her mind.

"Yes, fuck me, harder, more! "Alex yelled. "I want everyone to know you fucked the ever living hell out of me and battered me."

"Now this is a hell of a way to wait for extraction," Harry said, hands running down every nook and cranny of Alex's body.

"Yes, and you better not extract your cock from my pussy!" Alex yelled, feeling each thrust bury into her.

Alex's orgasms grew more intense, more close together, and longer in duration. The addiction to this piece of meat Harry used to stretch her out grew.

"Don't worry, I won't," Harry said, feeling up her body. A few more pushes inside her body. "And soon it will be my turn."

Alex's pussy heated up at the thought of Harry's cum spilling inside her body. The thrusts inside her grew more intense and the orgasms followed even more so. Sweat rolled down Alex's body when she clutched onto the desk for leverage. Harry pushed his thick rod into Alex's hot depths.

Harry could feel the pleasure about ready to rise from his balls. Seconds from now, Harry would have his seed completely inside her.

"Together," Harry said, cupping her firm breast lovingly.

Alex breathed heavily. Harry's eyes locked onto her ass when he fucked her caused her to get excited. Her walls clamped around him and would not let go until every bit of seed spilled inside her body.

Harry gave one more grunt and pushed inside Alex. The mutual orgasm caused both of the parties to see stars with each other.

The two paused for a moment. Harry's cock pulled out of Alex. He walked over to check something.

"Looks like they're going to be a little late."
Alexandra Danvers rolled over onto the desk and spread her lovely legs for Harry to see all of her dripping pussy.

"Well, looks like we have plenty to do to keep us occupied then."

Harry walked over towards her. He stepped over with Alex wrapping her legs around him and holding Harry in closely. His cock approached her pussy.

"If I knew my partner was such a nympho, these missions would have been a lot more interesting," Harry said. "Especially the flight to and the flight back."

"Just shut up and fuck me," Alex growled.

Harry laughed and pushed his cock into her pussy. The warm vice closed around him. The two of them rocked back and forth with each other.

Their lips met and their tongues wrestled for dominance as well. Harry gained some momentum and prepared for a couple more rounds with Alex. His magic causing time to run a bit slower in this room to give the more time.

Alex sighed. She didn't give a damn how late the extraction team was. She wanted Harry to fuck her and keep fucking her all night long until she was too sore to continue. Being in such good shape made her keep up with Harry.

Harry buried himself balls deep in Alex's pussy. She matched him well, which was good. They did have some time to kill.

The End.
Harry Potter started to stir awake in the early morning feeling a warm and soft hand start to rub against abs. His eyes flickered open and he saw a head of red hair near him. The bright blue eyes looked at him with a smile on her face.

"Good morning, Harry," Susan Bones said, pulling back and running his abs and going down to rub his crotch for a few seconds. "I'm hungry."

Susan moved over. The redhead goddess looked down at Harry with the transparent night gown hugging around her ample curves. Her D-Cup breasts strained from the other end of the night dress to show she wasn't wearing a bra underneath. Susan's nipples stuck out. The gown flipped to show her flat stomach and wide hips. A black thong came down to cover her hips, with only the smallest amount of material covering her crotch. A pair of sheer stockings.

"Oh, are you?" Harry asked.

"Yes," Susan said, placing her stocking clad foot on Harry's erect cock and rubbed it up and down. The redhead beauty started to rub his crotch up and down with the point of her foot.

Harry groaned, feeling his lover's foot grind against his thick manhood. It pulsed underneath Susan's dainty little foot for a moment. Susan ran her toes up and down his thick throbbing manhood.

"Oh, god, you're so good," Harry groaned. "Why don't you suck my cock? I'm sure you'll be well fed there"

"I thought you'd never ask," Susan said, giggling for a moment. Her hand wrapped his cock and pumped the manhood. His crotch rose into her hand.

Susan's tongue swirled around the head of his manhood. The redhead applied a series of hot kisses onto the manhood. She loved the way it twitched near her mouth. Susan looked up and looked him directly in the eyes.

Harry grunted when Susan pushed her lips around his cock. The beautiful witch took his cock into her mouth with a loud slurping sound. She resembled a high class-whore when pushing her mouth deep down her throat. Susan bobbed deep down and took Harry's cock deep into her throat.

"Oh, really, it's really good," Harry said, closing his eyes and grabbing the back of Susan's head. "I love fucking your mouth."

Susan slurped hard on his cock. The manhood twitched into her mouth. The beautiful witch tried to get him deep inside her mouth.

Twenty minutes of intense slurping caused Harry's cock to start twitching in her mouth. Susan pulled back from him, not allowing him to cum in her mouth.

"Susan," Harry said, grabbing her by the shoulders.

"You know you want it," Susan said, licking her lips. "You want to fuck my tits, don't you?"
Susan pulled off her night dress to reveal her ample and firm tits. Harry growled and pushed his thick cock against the edge of her cleavage. He plunged between her breasts and started to rut in and out of them.

"Oh, yes, fuck my tits!" Susan screamed at the top of her lungs, with Harry hanging onto them. "Fuck me so hard!"

Harry did as she asked. The warmth of her large breasts wrapping around his cock caused him to twitch deep inside her. Pretty soon he would cum all over her face and tits. Harry held onto her.

Susan could feel a warmth start spreading between her body at the thought of being covered in Harry's magically powerful cum. The witch grabbed her globes and squeezed them.

"Cum for me, cum for me so hard!" Susan yelled.

Harry slid in and out of her cleavage. The contents of his balls trickled out. One more thrust and the contents of his balls spilled onto Susan's tits and face. The Boy-Who-Live coated the witch in his cum.

Susan closed her eyes, feeling the hot cum spill over her. Her skin glowed from the impact of the cum. Susan rode out his orgasm to the end point.

"So good," Susan said, turning over.

Harry squeezed Susan's ass, before pulling back her thong to reveal a dripping hot and tight hole.

"I'm going to fuck your brains out," Harry said, growling. He pushed against her and almost slipped inside. Harry stopped and grabbed Susan's swinging tit to squeeze it.

"Oh, I hope so, baby," Susan said, the sensation of Harry's questing figures working underneath her nipples. He squeezed them. "Go ahead and put your big, thick cock inside my tight little pussy."

Harry took a few minute tour of Susan's body. He caressed pretty much every single curve she had. Each of these caresses caused Susan's eyes to close. Harry gripped the underside of her breast. Her breasts, ass, hips, and legs all gave him an enjoyable feeling. He wanted nothing better than to push his thick rod inside her body.

'Patience, Potter.'

Harry decided to wind her up to massage the smooth and milky flesh underneath his fingertips. The breathing of the Bone heiress encourage.

Susan thought this to be torture. Torture which made her feel wonderful beyond all belief granted, but still, torture was torture. Harry's fingers warmed her up. A couple of times his cock head came close to entering inside her.

"HARRY!" Susan screamed at the top of her lungs. In response to Harry's eager actions, she pushed her hips back to get some traction. "Please, I need it, and I need it now."

Harry smiled and continued his tour over her body. He really was going to make Susan beg for it. Her soft curves molded around his hands. Harry cupped her ass and grinded up against her opening. The magnificence of her could not be stated enough. The juices flowed freely the closer Harry became to penetration. He almost reached the edge. Sensations would bring him to an amazing height.
Susan lost all sense of sanity. Harry tormented her to the edge. Seconds before she begged again, Harry moved in for the kill. An orgasm nearly caused her to die of pleasure.

"Good things come to good little girls who wait," Harry said. His firm grip remained on her hips and thrusts buried deep into her body. "Deep underneath that sweet and little Hufflepuff demeanor, you're nothing, but a kinky little bitch who can't get enough cock."

"Yes, yes, yes!" Susan Bones yelled. "I'm you're Hufflepuff Slut….just take your big cock and beat the hell out of my pussy! Please Harry, I can't fucking stand not having your cock inside me, stretching me all to hell. Oh god, wreck me!"

She could get pretty vocal. Harry took her words as encouragement and held on for leverage. He pulled almost all the way out of her and slammed into her. The force of these hard thrusts resulted in a marvelous effect. Susan's large breasts jiggled with each thrust. Harry caught her.

"Those slutty tits," Harry said, leaving his words hanging enough. The words hung as much as her tits, which Harry cupped in his hand. "They're mine….always, and forever."

"Yes, the most powerful wizard…needs my powerful tits," Susan said.

The bigger the tits, the more magic a witch possessed to use at her disposal. Rowena Ravenclaw put across this theory a long time ago and it proved to be true. Harry grabbed Susan's magically enhanced funbag.

"Yes, your big magical tits are mine, just like your pussy is!" Harry growled, nipping Susan on the back of the neck. "Just think, now I'm marking you…do you like that, Sue?"

"Yes, baby, fucking fill me up with your cock and grab my huge tits," Susan said, eyes and mind both clouded over with an insane amount of lust. "They belong to you, baby, they all belong to you!"

Harry took complete dominion over Susan's funbags and gave them a squeeze. He really knew what could get her going and what got her cumming.

Susan closed her eyes and enjoyed the sensation of Harry's hands all over her tits. He molded them into her hands. His fingers caressed them in all of the right places.

Harry appreciated the ample flesh in his hands, giving it more squeeze. Her pussy squeezed him back in response. The sorcerer's balls started to fill up.

"Cum for me," Harry said. "And it will be my turn."

Harry's fingers brushed against Susan's hot nipples. Her hips squeezed and relaxed him. The hot redhead's screams continued. They weren't coherent.

"Look how hard you're cumming," Harry said. "You're really getting off on my hard cock pounding into you, aren't you?"

Susan continued to pant in pleasure with Harry's thick cock shoving into her dripping twat. The chesty redhead experienced Harry's hands all over her to bring her to the edge of pleasure. Harry slid deep inside Susan.

"I can feel you in my stomach," Susan said. "Put all of your cum in there….all of it!"

Harry squeezed Susan's nipples hard, and thrust even harder. Her pussy closed around Harry's cock
the more. Harry groaned to feel the sensation in his balls. He rode her all the way to an amazing orgasm. A twitch in his cock put him on the path to cumming inside Susan.

The first blast of hot cum fired into Susan's body. The beauty experienced Harry's magical cum filling into her body. Each hard thrust brought more and more cum inside her body.

Harry pulled completely out of Susan and watched his handiwork leak out of Susan's dripping pussy. He turned Susan around and smiled.

"Do you have one more round in you?" Harry asked, giving Susan's tits a nice squeeze to get her attention.

"Depends," Susan said, grinding her pussy against Harry's cock and pushing her over the top of him. "Do you?"

Harry smiled and pushed Susan on top of his erect cock. The pleasure of the redhead increased the deeper she pushed down onto Harry. Her tight cunt muscles flexed around him and released his cock.

"Yes, always for you," Harry said, slapping her on the ass. Susan moaned with Harry slapping her again.

Susan closed her eyes, experiencing more enjoyment from Harry's thick cock inside her. Her glorious breasts bounced up and pushed into Harry's face.

"You're just asking for it, aren't you?"

The Bones heiress didn't have a chance to ask Harry what she was asking for. Her answer had been given when Harry buried his face between her. Susan wrapped her hands around him and panted. Harry took her tits, and motor-boarded the hell out of them. This action prompted Susan to ride up and down on her.

"Yes, blow on my titties, suck them, bite them, take them, take my tits!" Susan yelled, anticipating how Harry would make the best of this situation and enjoying every single second of it.

Harry enjoyed her warm, soft, tits pushed into his face. The glorious flesh found its way into Harry's mouth. The buffet was almost too much. His balls grew heavier.

Susan made sure not to allow Harry's head to leave the area between her breasts. Each little love bite and suck on her breast resulted in a miniature orgasm spreading through Susan's body. The former Hufflepuff bounced on his lap, burying his cock into her. More seed for her and more cum to enter her body.

Harry didn't neglect her ass. It got less attention than her large tits, but was never the less extremely lovely as well. Susan pushed down onto Harry's thick rod to bury herself down onto his hard rod.

Susan came over and over again, moaning in Harry's ear when he sucked on her tits. The gorgeous redhead kept working him deep inside her dripping hot cunt.

The connection between the two of them, in addition to the heat on their loins. Harry held Susan's hips and forced her down onto him.

"Harry, mmm…Morgana's tits!" Susan said, with Harry's fingers drumming into the inside of her anus.
"No, I'll just settle for your tits," Harry said, giving them a few more parting bites.

Harry sucked hard on Susan's eager nipple. This action resulted in Susan coming down cunt first onto Harry's cock. Her wet vice clutched him, anticipating more of Harry's magical seed to be spilled inside her womb.

The Boy-Who-Lived could not hold back long with Susan's cunt milking him. An orgasm hit his body just as another one hit hers.

"YES!"

Susan experienced a burst of pleasure through her loins. The thick contents of his ball sac buried in Susan's pussy and straight into her womb.

Harry buried his second load inside her. Susan fell forward, with Harry balancing her up. She perched on his lap and Harry's face pressed into her breasts.

"How was that?" Harry asked.

"Perfect," Susan said. "But, you know I want more."

"Of course you do, and you'll get more, my little Huffleslut," Harry said, squeezing her rear, and letting her slide onto the bed. Harry laid back, using her ample melons as a pillow.

Susan needed to take a breath after Harry put her through the paces. Then more fun would be had. The night was still young.

**End.**
Barda strayed a bit from her female Fury roots after breaking herself free from Granny Goodness and her little army of sycophants. The woman stood extremely tall and proud. Her battle attire had been changed out for a red top. The red top fit over Barda's ample breasts which stood both firm and large thanks to her enhanced Apokolipian genetics. Her toned body gave the perfect combination of feminine and muscular all together. Her bottoms only came down to her hips and showcased a pair of long toned legs which could crush boulders with their strength. She stood over seven feet tall of pure womanhood.

Her companion stepped towards her. Harry Potter, also known as Har-Zod to many and likely many other unflattering names which could not be repeated in polite company, stepped towards her. One appreciated how tall Barda was when she towered over this tall man. The Kryptonian sorcerer stepped towards her and had to stretch up to properly meet her eyes.

"They didn't really have a chance, did they?" Harry asked.

"No," Barda said. "I almost felt sorry for them, how pathetic they were."

"You feel sorry for an enemy?" Harry asked with a smirk appearing on his face.

"I did say almost," Barda said with a predatory smile like someone who was willing to go on the hunt for anything they wanted. A tongue flickered across the woman's lips. She touched her hands to Harry's waist and leaned down. "You were magnificent out there...it's very becoming of you to see you take them down and make them beg for mercy."

"And the looks on their faces when they realize I'm lacking it?"

Barda's lips twitched into a smile when she leaned closer towards Harry.

"Perfect," Barda said with a smile.

She leaned down and captured Harry's lips with a sudden and intense kiss. The woman of Apokolips attacked Harry's lips with the same fury she would an enemy of battle. Such a kiss had the capability to crush the mouth of a normal man. Harry retired fire with his tongue seeking her mouth to invade it.

Harry could feel Barda's hands gripping his cheeks, digging the nails in, in a sexually aggressive manner. Their tongues battled together in an intense fashion.

The kiss concluded and Barda turned to the side and favored her right shoulder.

"Is there a problem?" Harry asked.

"I bruised it in battle," Barda said, closing her eyes. "I think I may have punched my final enemy so hard something had been knocked out of place."

Harry smiled. Barda would be the type to injure herself, even in a minor way, because she kicked too much ass.
"Why don't you lay down on the table and I can see if I can take care of it?"

Barda smiled. Harry's magical hands pretty much had been well known by women the universe over. The injury wasn't as bad as it was annoying. Barda wasn't going to turn down a free massage especially since she had a shrewd idea how these things normally escalated.

Harry watched Barda settle herself down on the table, angling herself for Harry to have full access of. Her backside lurched in the air and gave Harry a nice view of it. He took a second to calm down.

"Tell me where the tension is," Harry said, running his fingers gently down Barda's arm. He gained a little bit of momentum.

"A little bit more…yes right there," Barda said, feeling his hands against her arm. He massaged her shoulder and caused a gasp of pleasure to escape through Barda's mouth. "Perfect."

She couldn't deny how perfect this was. Harry's hands proved how able and willing they were. He placed them on her shoulders and started to massage.

"I'm going to have to remove your top to get better access," Harry said.

"By all means," Barda said, only barely holding a smile. Harry removed her top and Barda's large breasts pressed across the table.

Harry decided to angle himself behind Barda. His hips pressed against hers when the woman spread her legs. Harry reached up and ran his hands up and down her shoulders. He kneaded and squeezed the flesh on the shoulder to get all of the tension knots out.

Barda could feel his hands mold and become one with her body. He pushed them onto her shoulder blades and kept squeezing them. The more Harry touched them, the more enjoyment Barda received from these efforts. Her heated thoughts escalated every single time Harry worked her over.

"I think I need a full body massage," Barda said, the moment Harry's hands ran over her shoulders. "Just to make sure….just to make sure all of the tension is out."

Harry smiled and decided to edge a little bit down. He ran his hands over Barda's back. His hands strayed further down to her sides and kept running his fingers down. They strayed underneath Barda's tight little bottoms.

"Remove them," Barda said, enjoying the bliss spreading through her body. "Everything, I need everything."

Harry decided to wait a minute on it. A bottle of massage oils, heated up, filled his hand. Harry tipped the bottle to pour the hot massage oils all over Barda's lower back.

Barda closed her eyes to experience the pure sexual bliss with the oils melting into her back. Harry's hands followed and touched her lower back, running up and down it. She breathed in and out heavily with these strokes of her back. Harry's hands worked the oils around the area of her back and shoulders. The oils saturated deep into her skin and simulated the Apokolipitian's nerve endings.

A rush of warm passed between Barda's thighs and Harry exposed the tender flesh between her legs. Harry's hands started to work over her legs and rolled over them. The muscles which knotted up became flexible and more rigid.
Harry marveled at how soft her legs were despite being so muscular and so firm. And speaking of firm, Harry ran his hands over Barda's firm glutes. The powerful warrior enjoyed the feeling of the former Female furies ass in his hands when he oiled it up.

"Yes," Barda breathed, smiling when his hands pinched her ass and prodded it to work the oils into it. The oils acted like a partial aprodiastic to cause her pleasure to heighten. "Don't forget the inside of my thighs….they're really tense."

"I'm certain."

Harry slipped one of his able hands in. He stopped short from entering Barda with his fingers. He worked into the inner thighs. Every time he pinched and prodded more of Barda's flesh, she enjoyed it.

"Turn over so I can get your front."

Barda slowly turned over without any hesitation. He caught a full sight of her breasts with nipples poking out at him. The hard and juicy nipples begged to touched. The large breasts begged for attention. Harry's eyes traced down Barda's toned abs and down to the garden of wonders between her legs. Dark curls of hair glistened with juices between her legs. Barda kept herself neatly trimmed, but not shaved completely. This allowed Harry to take a long look at her.

Harry draped his hips over Barda's. The friction caused allowed Barda's growing arousal to soak through Harry's pants. Reaching over, Harry cupped the massage oil in his hand and tipped it onto Barda's collar bone. His able fingers started to work the oils into the side of Barda's neck.

"Mmm, right there," Barda said, enjoying the message on the side of her neck and down her collar bone. Harry's fingers strayed closer towards her jutting breasts.

Harry cupped one of her breasts in his hand and squeezed it. The massage oils worked onto her breasts. He rubbed his hands in to saturate her breasts into the oils. Seconds passed of work and Barda's large breasts dripped with oil.

Barda closed her eyes to enjoy the effort and attention his hands paid her. Her breathing increased every second Harry brushed his hands over. The talented hands cupped and squeezed Barda's breasts and ran down her body. The magical hands traveled down between her legs and started to rub the area between the thighs.

"How's this?" Harry asked, massaging Barda's inner folds. Liquids started to pool between her legs.

"Yes," Barda said closing her eyes. "Perfect…right there….there's a good spot, right there."

The moment Harry was done, Barda grabbed Harry around the neck and turned him over. She ripped his clothes off to reveal his naked body. Each inch of body was on display for her.

"Roll over," Barda said, putting the oil all over her hands. "I need to return the favor."

Harry did as she asked him. It took every sense of self control in his body not to have an awkward time laying down on his front. Somehow, beyond all reason, Harry allowed himself to do it. Barda's hot and able hands started to run all over Harry's back and kept going down his body.

Barda returned the favor and rubbed Harry's back. She massaged between her shoulders. Her pussy pressed against his ass when she rubbed against him.

Harry enjoyed every moment of it. Barda's large breasts pressed against his back. The friction of
her breasts rubbing against his back almost felt like she was giving him a going over with her breasts. She combined with her hands and her breasts as well.

"Let me get your lower half now, and then you can turn over."

Barda's hot breath hit Harry's ear and he couldn't go much lower. The warrior woman used her hands to work the oils into him. She rubbed Harry's inner thighs and started to brush against his testicles. She massaged Harry's ass for a moment and looked to be going down.

'Damn you, woman,' Harry said, feeling her hot breath against his balls. It was starting to be a bit....difficult to be on his front.

He could almost feel Barda smiling on the other end. The smile increased and Barda touched her hands on Harry's shoulder blades.

"Okay, you may now roll over."

Harry turned his attention over towards Barda. In an instant, Barda straddled him. They were one wrong(or right) movement away from Harry pushing himself inside her.

"Oh, you're pretty tense now," Barda said, pressing her chest against him and rubbing her hands all over her lower body.

Harry groaned at her wet center brushing against the tip of his cock. Her breasts smashed against his chest and slowly ran down his body. It went from his chest to his abs and stopped at his crotch.

"Oh, I think I've found the tension," Barda said, reaching between his legs and groping his balls. "Some real tension."

"It would be a shame if we didn't....work the tension out," Harry said, with Barda squeezing his balls hard.

"Yes, it would," Barda said, wrapping her oiled up breasts around Harry's long manhood.

Harry's large and thick cock disappeared between Barda's breasts. She wrapped her breasts around him and started to pump up and down the rod. The slick oil rubbed up and down his deliciously hard manhood.

Barda rocked herself up and down on him, allowing his cock to be pushed between her breasts. She got off with this thick manhood pushed between her breasts.

"Yes, really work it, work it hard!" Harry groaned.

"Don't worry," Barda said, squeezing her breasts against Harry's cock. "I intend to."

Barda could feel her pussy heat up with desire. She wanted nothing more than to have Harry's thick cock inside her and pounding away. In time, she would. Now, Barda settled for working her breasts against him. Harry's hips rose up, burying himself further into her cleavage. Every now and then, a bit of his head slipped out. Barda licked the head to get a taste of the glorious surprise which was to come.

"Yes, oh yes, mmm, yes," Barda said, pushing her breasts up and down against him. "Go for it Harry, cum all over my big tits!"

All pretext dropped. Harry jackhammered Barda's tits from above. His balls got heavier and heavier
"I'm going to cover your tits, and face your face!" Harry growled. "And you're going to get it…you're going to get every single last drop of it all over your face, your tits."

"Shower me in it, darling!"

Harry's balls tightened in desire. He rocketed his cum into the air. He watched with greed and glee as it showered Barda's face. The thick seed coated Barda's face and breasts.

Barda's body shook with a miniature orgasm from Harry cumming all over her breasts. She pulled back, the moment his cock stopped shooting over her face and breasts.

A moment passed before Barda locked eyes with Harry and made sure his eyes were on her. Barda's hands started to rub all over her breasts. Her strong hands wiped over the cum coated breasts. The white spunk saturated into her breasts.

Harry watched her, his cock getting harder by each moment. Soon he would not be able to hold back. One look at Barda's face, covered in sweat and cum, along with her body covered in oil and cum, showed she didn't want to.

Barda gasped when Harry pushed her down upon the slab so hard it almost cracked underneath their weight. Harry's re-hardened cock pushed inside her and stretched out her pussy.

"YES!" Barda yelled, the moment Harry's cock pushed inside her. He stretched her out.

"This is what we've been leading up to," Harry said, pounding inside her. Each clenching of her tight pussy made his cock feel like it was being worked over in an entirely different way. "You want my big cock inside you, pounding your raw."

Barda stopped herself from answering this question. Harry's hands clutched her large breasts in his hands. The sensation of his hands working over her breasts while getting pounded caused vibrations to rise up and down through her loins. Her pussy rose up.

"Harder, pound me harder!" Barda yelled. "And I wanted you to pound me raw!"

Harry doubted he would do anything to hold back with her. The fierce woman's tight cunt contracted around his rod for a moment before releasing it during the next moment. The control she had over her body allowed Barda to train herself to an immense fighting style.

'She might have a little bit of control,' Harry thought, pushing himself inside her. 'But, I have even more than her…she'll see it….and she's feeling it now.'

Barda's eyes closed to enjoy the flooding of pussy juices coating Harry's cock when it entered and exited her. The first orgasm with Harry's cock inside her was more than intense.

"Go ahead, and cum," Harry said, smacking her right breast hard. This caused Barda to squeal and push her hips up.

"Harder, I can take it!"

Harry gripped her hips for leverage and did as Barda requested. His cock pounded her into the rock. The two of them moved back and forth with each other.

Barda experienced their joining. Her heated loins pressed against his when he drove his thick
manhood deep inside of her pussy. Barda held onto his ass to ensure he pushed inside her.

Harry didn't slow down even more. He watched Barda rise and fall with another orgasm and then another one. Each time her large breast shook, still oiled up and covered in Harry's cum. Harry responded by squeezing them.

Barda clamped down onto him. Her body needed his seed inside her. The seed of the powerful warrior who conquered her body was a delightful one indeed.

Harry closed his eyes and enjoyed Barda's hot walls pumping into him. He held back, knowing she wanted it. And the more he waited, the more it would feel amazing to her when he gave it to her.

"I'm going to save a really big load for you," Harry said, squeezing her breasts again. "First, I want you to cum for me again."

Barda came on cue for Harry. Her slick walls enveloped Harry's huge prick the deeper he pushed inside her. The contents from his balls came closer to going inside her.

"I bet you can't get enough of it," Harry said. "You do a good job in conquering my rod. This is the one rod you can't conquer!"

"One day, one day!" Barda said, losing her mind and allowing the breath to pass through her body.

The two lovers created a huge crater in the planet. Barda refused to step back no matter how hard or how fast Harry fucked her into the ground. His hands gripped her hips the more Harry pushed inside her.

Harry drove himself into Barda and Barda into the ground. She held onto him tighter. Arms wrapped around him, pushing himself into her as far as he could go. Harry pushed himself balls deep into this fine Amazon.

Barda's sex crazed moans prompted Harry to pump his way into harder. His balls tightened up the further longer he pounded her.

Multiple orgasms racked Barda's body all in a row. Never once did she lose sight of the prize she sought. Barda channeled all of her strength into a milking motion through her inner cunt muscles.

"Well, you're working hard for it," Harry said. "And I've had you worked hard for it. Time for us to join together one more time."

"Inside me, put your seed inside me!" Barda yelled, tightening her legs around the fellow warrior.

The yellow sun beat down upon their backs and fueled Harry. His balls bloated the further he pushed deep inside Barda. The contents from them came close to coating Barda's insides.

The first splash of cum hit Barda's insides. Her pussy twitched and more followed. A rapid fire series of seed shots spilled inside her.

Harry pushed hard inside her, digging his nails into her hips for the needed leverage. She enjoyed it, so Harry kept it up. He emptied the contents of his balls into her pussy with a sensational and animalistic fury.

A moment passed with Harry removing himself from Barda's pussy to survey his hand work.

"And how do you feel now?" Harry asked.
"I think we still have a couple of kinks to work out."

Barda rolled over onto her hands and knees. A strand of mixed juices hung from Barda's pussy and broke off, hitting the ground.

"Drive me down straight to the planet's core, Har-Zod."

End.
The roar of the crowd echoed all around from the world they could see. One of the biggest and most impressive victories in the entire history of Professional Quidditch occurred with Harry Potter capturing the snitch, avoiding two of the best beaters in the lead and horrific weather conditions, in time before the other team could score to push them ahead. It was extremely amazing.

Harry dropped down to the ground. People threw their arms into the air and were excited. They only stopped short of hurling babies in the air which showed they had a lot of dignity.

He made his way into his private lockerroom where the rest of the team soaked in the cheers from the crowd. Harry intended to celebrate in a different way.

Harry noticed a gorgeous brunette girl waiting for him. She dressed in a professional looking blouse and suit combination. The first couple of buttons of her blouse unbuttoned to reveal her generous cleavage. A mini-skirt came down to a couple of inches past her upper thigh. Black stockings covered the girl's legs. The girl topped off the hair fit with hair clipped back and a pair of glasses which made her look extremely naughty.

"Hello, Mr. Potter," the girl said. "Megan Jones, Sports Reporter for the Daily Prophet. And I have to say, that was an amazing catch."

"It was nothing really," Harry said, sitting down on the bench.

"Oh, I'm sure you're more than enough," Megan said, placing a hand down on Harry's knees. She started to stroke up down his knee. "I'm sure no matter what, you'll always score."

Megan unbuckled Harry's pants, the roar of the crowd continuing outside of Harry's private locker room.

"Oh, yes, I always get what I want," Harry said.

"Mmm, I'm sure you are," Megan said, pulling down his pants with one hand and rubbing the bulge from the other side of Harry's pants. "I'm sure you're going to get another million endorsement deals."

Megan fished Harry's cock from her pants. The horny brunette wrapped her hand around Harry's cock and started to stroke him up and down.

"Well, I've had my ups, and my downs," Harry groaned, the tightness of Megan's hand wrapped around his tool. "Mostly, it's been up though."

"Wouldn't you say you will rise to the occasion?" Megan asked, the ruby red lips closing in on Harry's cock.

"Always," Harry said, enjoying the moment when Megan planted a kiss on the tip of his cock. She suckled his head the few times. "I'm sure everyone has their fill of me by now."

Megan wrapped her mouth around Harry's cock. Her hot throat pushed down on Harry's engorged tool. The fact anyone could walk in on them at any moment caused her excitement to grow.
"And I'm sure you can see how enjoyable this can be for me," Harry said, gripping the back of Megan's head. "Where I have many perks and benefits, but don't think I'm going to take. I can give a lot. Wouldn't you agree?"

Megan responded with a solid "mmm hmm" while having her mouth full of Harry's cock. Her mouth accommodated Harry's cock and pushed deep into her mouth.

"I'm sure you're going to get everything you want when you came to talk to me," Harry said, holding his hands on the back of her head. Harry thrust deep into Megan's throat. "How do you like your exclusive, Ms. Jones."

Megan showed Harry how much she liked exclusively having his cock down her throat now. The horny Hufflepuff pushed deep down on his tool. The sucking sounds brought Harry closer towards the edge.

Harry took a deep breath, drawing out the pleasure. He could see Megan redouble her efforts and try and draw the cum out of him. Megan's soft fingers tickled his balls and raked them. Harry held onto the back of the vixen's head and thrust deeper into it.

"You wanted a taste of me, didn't you Ms. Jones?" Harry asked, holding onto her. "Here we go, you're going to get a taste….a really big taste to be honest."

Harry's thick balls slapped against the edge of Megan's chin. The contents of his balls spilled into Megan's mouth. Megan wrapped her hot lips around him and sucked hard on him.

The contents of Harry's balls shot into Megan's throat. Megan brought her mouth down onto Harry's rod and sucked him dry. She pressed down onto his pubic bone and inhaled the contents of his cock. Megan cradled his balls and rubbed them with hunger. The girl's eyes watered slightly.

"Damn, Megan," Harry said, breaking "character" for a moment.

Megan released his cock and kissed Harry's testicles. She suckled on the swollen balls and pulled to her feet.

"Turn around, Ms. Jones," Harry said. Megan did as she had been tolled. The brunette vixen's skirt rolled open to show she wasn't wearing any panties. Harry reached up her skirt and cupped her cunt in his hand. "No, panties?"

"Never," Megan said, chewing down on her lower lip, hunger spreading through her body. "Are you going to fuck me?"

Harry slapped her bare ass which caused a trickle of cum to roll down her legs. The sorcerer reached around and unbuttoned the rest of her shirt. The bra pulled off and released Megan's breasts into the wild.

"Turn back around," Harry said, rolling Megan's skirt up and pressing against her.

Megan moaned, Harry pushed against her. Her C-Cups breasts pressed against Harry's chest. Harry kissed down her body, teasing her. Harry suckled the side of Megan's neck, hitting her pulse point.

"Oh God," Megan said, enjoying Harry's mouth going down her neck and to her collar bone.

"You're too kind," Harry said, kissing back on her neck and suckling behind Megan's ear. "I'm going to make beg for my cock, and you will be begging for it."
Harry's fingers traveled down her collarbone and brushed down Megan's breasts. The enchanting gentleman brushed his fingers down Megan's belly and traveled down to between her legs.

Megan thought she would pay for the earlier fun. Harry's fingers slowly teased the entrance to her pussy. The brunette's hunger flashed through her eyes the further Harry tried to work his way into her.

Harry inched closer towards Megan's sweet opening. One finger brushed against the inside of her core. The heat of her core sucked him in, sensing his power. Harry crooked his finger inside Megan. Harry looked up at his lover and the Hufflepuff bit down on her lip with hunger.

"Just scream," Harry said, thrusting his finger into her. "I'm going to hit your breaking point sooner or later."

Megan screwed her eyes shut long enough to feel the sweat rolling down her face. Harry pushed his thick digit inside her womanhood. Megan's hips lifted in an attempt to engulf Harry deep inside her.

"A little bit further, and you're break," Harry said. "Come on, Ms. Jones, just let so. You want to cum, don't you?"

Another finger slipping past her gushing entrance caused Megan to get absolutely lusts. Harry tortured her with two fingers thrusting inside her. The squishy sounds her pussy made increased Megan's hunger.

Harry pulled away from her before Megan had been brought to the edge. Megan closed her eyes, having been denied an orgasm.

The next thing Megan knew, Harry pushed her up the wall, making her spread eagled. An invisible force stuck Megan to the wall and exposed her pussy. Harry rubbed against the edge of her outer lips.

Harry licked the edge of Megan's lips for a moment. She couldn't do anything other than accept what he did. Megan found herself pushed against Harry's mercy and the full force of his tongue when it touched up against her. The Hufflepuff squirmed underneath Harry's tongue and mouth. The full heat rising from her body turned into something completely and utterly unbearable.

"One might think you're about to break," Harry said, squeezing Megan's breast. Megan panted when Harry came back down and licked around her thighs.

Harry pushed between Megan's pussy. He buried his face between Megan's thighs and prompted a pleasurable gasp. Megan's hips pushed up as much as they could be allowed against his face.

"Please, give me, more!" Megan begged him, enjoying the worth of his mouth inching closer towards her. Harry sucked her clit briefly.

Harry buried himself between Megan's soaking thighs and proceeded to devour her womanhood. The hints of womanly juices pumped out of them.

Megan groaned when Harry munched on her carpet. Every single nip of his mouth over her womanhood brought her closer and closer to the edge of the climax. A little more would push her over the edge. Megan could feel it building up inside her.

Harry started eating her out before the climax and caused Megan to fall back down to her earth. Sweat rolled down the Hufflepuff's body and a disappointed moan followed. Harry brought her to
the highest of highs, and just pulled away.

"An orgasm well-earned feels more pleasurable than the rest," Harry said, running his hands down Megan's body and caressing every bit of it. Her soft, sweaty, body molded nice into him. "And I think you're going to agree when I finish you off."

A small and foggy part of Megan's body realized he was right. The thick and swollen head pushed up against the entrance of her pussy. Megan's breath escaped her body the further Harry attempted to work inside her. Soon he would be inside her and he would have her pussy for his own.

"Take me," Megan said.

"Of course," Harry said.

Megan's thighs parted to allow Harry's thick manhood all the way inside. The moment his cock stretched into her pussy, Megan had been overwhelmed by the pleasure. He held onto her hips and kept pushing into her.

Harry's hands continued to explore every inch of Megan's gorgeous curbs. The reporter's pussy closed around his thick tool and tried to milk it for all of it was worth. He reached around and grabbed her ass.

Megan really wanted her hands to be freed so she could place them on Harry's ass and encourage him to fuck inside her. All she could do was moan and try and push her chest into his.

"Feels good," Harry said.

"Mmmm, hmm," Megan said, sweat rolling down the body. The cock of her lover speared into her body.

"I bet you'd want to cum, don't you?" Harry asked, placing his lips on the side of her neck and kissing downwards. Each kiss reached perilously close to worshipping Megan's breasts. "I bet you want to cum and hard, don't you?"

"Yes, your slut wants to cum for your gigantic cock!" Megan yelled. "Oh, it feels so good being fucked by such a gorgeous prick. You're amazing, it's like a fucking work of art. Use it to paint my insides….make me cum for you."

Harry grabbed onto her hips and pounded her even harder.

"You better be careful what you ask for," Harry said. "You want to cum? I'll make you cum harder than anyone ever has before!"

Tension rose through the depths of Megan's body. She received one of the more intense orgasms ever. The backed up teasing and denial really caused it all to rush out.

"Your slutty little reporter body belongs to me," Harry said. "Why did you come in here?"

"I wore a short fucking skirt, and no panties!" Megan yelled in bliss. "I came in here, and expected to get fucked. And you're taking your thick cock inside my body and fucking my mother fucking brains out!"

"Why are you come in here like that, Ms. Jones?" Harry asked.

"Because, I'm a dirty slut who wants cock, who loves the cock of world class Quidditch players
inside her pussy!" Megan yelled, pussy clenching Harry once again. "And you know what else I want? I want everything in your balls buried in my womb! Destroy me Harry. Wreck me for other men forever!"

Harry smiled and leaned closer towards Megan.

"The moment my cock touched your lips, you were ruined for other men forever, Ms. Jones."

"Which lips, sir?" Megan asked in a sultry tone.

Harry grinned at her and kept working his way deep inside her depths. Every time Harry entered her, Megan's cunt refused to let go of Harry's prick without a fight. Her clenching turned even more prominent when Harry toyed with her tits and also her amazing legs as well. Those couldn't be denied as well.

Lust flooded Megan's mind and made her susceptible to an amazing orgasm which was about ready to come. She could feel his cock buried deep inside her, touching her womb. The head of his cock kissed her ovaries and made her gasp in pleasure.

"I'm as deep inside you as I can go, Megan," Harry said, prodding her flesh. "And it's time for me to give you what you've wanted. You came in here for cum, and you're going to leave here filled with mine."

Megan's pussy clenched from the desire of her wizard's cum buried inside her. Harry held onto her and kept pushing his way deep inside her depths.

"Just a little bit closer, baby," Harry encouraged her with a firm squeeze of Megan's ample breast. This resulted a light moan escaping from her throat.

"Fill me, fill me with your cum!" Megan yelled.

The contents of Harry's balls emptied in Megan's womb. He didn't just inject her with a few pumps. Several deep pumps filled up her womb with the contents of his balls. Megan's pussy contracted and milked him. Her body craved more than a sufficient amount of cum to impregnate a woman.

Whether or not she was on any sort of potion, well that would be telling.

Harry finished emptying his balls inside Megan's pussy. Megan closed her eyes to enjoy the last of the cum. The sticking charm released and caused her to slump to the ground. The combined juices fell to the floor.

"What a mess," Megan said.

Harry reached down and pulled his lover up. The two of them exchanged a passionate embrace.

"The shower's right there, so we can get cleaned up."

Megan smiled, and noticed the door cracked open. The fact someone could see her being ravished by Harry turned her on. The two made their way into the shower for some good clean fun.

End.
Temptation

Kitty Pryde smiled in her usual devilish manner. The brunette woman knew what she wanted and knew exactly how to get into position to get it. All she had to do was wait for him to get here and it would be for her. Kitty barely held back from licking her lips in anticipation. Kitty thought she came a long way over the past ten years from the stumbling thirteen year old who fell through the floor when she had been embarrassed. She turned into a completely lovely young woman and changed from the slightly more innocent wardrobe in those earlier years. The type of clothes Kitty wore today would give her parents a stroke.

The mutant's brown hair flowed down over her face to showcase an alluring look in the twenty-three year old's soft brown eyes. Her heart shaped face looked like the personification of beauty with high cheek bones, soft skin, and pouty lips which currently had been done in a shade of red lipstick. She dressed in a black leather jacket which could slide underneath her. A tight leather vest rode up to show Kitty's flat stomach. The vest allowed a full view of Kitty's generous cleavage. A pair of low riding black pants showed the hints of a black G-string underneath. The boots topped off the outfit and made her look like a confident woman.

The footsteps came around the hallway. Kitty tried not to get too excited. She rehearsed this moment for a long time. Unfortunately for her, despite the clothes there was still a small part of the awkward thirteen year old girl which rested upon the recesses of her mind. She waited for the man of her dreams, seven years her senior, to come inside.

'Okay, just don't act like a spaz, and you'll be fine,' Kitty thought, breathing and breathing out. 'Imagine him in his underwear....which shouldn't be a problem, because you've imagined him in a lot less.'

The door opened and Kitty's mouth hung open. Harry Potter always cast a presence to him. He stopped for a moment and looked at Kitty.

"Wow, Kitty, you look beautiful," Harry said, with a smile.

Kitty was glad Harry noticed.

"It's good to be noticed," Kitty said, with a smile. Harry reached over and grabbed her hand for a briefest moment. Kitty thought she would die because of the moment of skin to skin contact. Greater frustration came in when Harry broke free.

"Believe me, I've noticed," Harry said. "Anyone who didn't notice would have to be pretty blind, or pretty dense."

Kitty's libido did a happy dance. She summoned up the strength to take a closer step towards Harry.

"Seriously?" Kitty asked, daringly putting her hands on his hips.

A long smile happened when Harry's green eyes came down to meet Kitty's brown eyes. A lump entered Kitty's throat and swallowed for a moment.
"Yes, seriously," Harry said with a smile. "So, are you all dressed up to go to a party, or something?"

Kitty thought now was the moment of truth. Butterflies entered the stomach of the mutant. Twenty-three years old and now she wanted to make the mood she wanted to make for a long time. The moment since Harry came to the Institute many years ago Kitty wanted to make her mood.

"Actually, I'm hoping the two of us can hang out," Kitty said, smiling. "I'm sure there's a lot of fun which can be had here."

"Oh, I'm sure we can find something here to entertain ourselves."

Kitty leaned forward and kissed Harry on an impulse. Time started to freeze the moment Kitty's lips pressed Harry's. The brunette almost pulled away from him. Harry hung onto the back of Kitty's head and made sure it didn't leave. His tongue sought entrance into the inside of Kitty's mouth.

Harry smiled, wondering when she would get to the point. It would be up to Kitty to make the move. Harry almost took pity on her and decided to make the first move. Kitty's stalling almost annoyed him. He mapped out a path in the inside of her tonsils and caused the brunette to lose her mind.

Kitty could not believe it. She kissed him. Harry kissed her back. Harry's tongue overwhelmed Kitty and backed her against his wall. His hands caressed her body and started to touch her. Every single touch caused a new heat to raise through Kitty's body. The moment Harry placed his hands behind her and cupped her bum, Kitty almost went through the wall in surprise.

"Easy, take it easy, relax," Harry said.

Kitty screwed her eyes shut and nodded. Harry gave her another kiss and lead Kitty over towards the bed. The brunette placed her hands on her knees.

"I want you to feel what you've done to me, Ms. Pryde."

The fact he took out a "stern disciplinarian" tone caused a heat to rise through Kitty's loins. Harry placed Kitty's hand on top of his lap. The brunette's fingers quested on his lap and went deeper into him.

Kitty's hand turned intangible and slipped through Harry's hand. She wrapped her hand around the tight rod. Kitty's eyes closed.

"I want your eyes open when you do this," Harry said and he leaned in to kiss Kitty.

Kitty accepted his powerful experienced lips on her younger ones. He connected with her lips and caused a hot fire to rise. The fire burning through Kitty turned even more intense.

Harry groaned at Kitty's eager hand. Her hand squeezed and rubbed down his cock. He could see a look of lust burning through the yes of the beautiful mutant. She pumped up and down on it.

"Oooh, you're cock feels so big," Kitty said, pulling Harry through the pants by the cock.

"Be careful," Harry warned her.

Kitty only half paid attention to Harry's warning. She looked at his thick cock before her. A little bit of drool spilled from Kitty's mouth onto his cock.
"I have to suck on this," Kitty said. She closed her eyes. "I'm not even sure if I can fit all of it in my mouth."

"Think outside the box Kitty, I'm sure you can figure out a way."

Kitty re-doubled her determination in an attempt not to disappoint Harry. His cock extended to the air and almost beckoned for her lips. Kitty drew herself down towards Harry's aching cock. Harry soaked in the sensations of Kitty's hot mouth wrapping around his aching cock. The brunette's able lips came down around his thick and throbbing cock.

"Good girl, you're doing it."

Harry placed his hands on the back of Kitty's head and guided her down. Inch by inch, his cock went down her throat. Kitty relaxed herself to get all of his cock into her. She slurped his cock into her mouth.

Kitty bobbed up and down on Harry's aching prick. Every time it hit the back of her throat, Kitty thought all of her wet dreams came to life at once. Harry's hands guided her through each step of the way of her task.

"I bet you wanted to suck my cock for a long time."

Harry's cock twitched at the beautiful sight of it being inside Kitty's mouth. Her beautiful brown eyes gazed towards Harry. Eye contact with a cock inside her mouth made Kitty look hot.

"You're a beautiful woman, Kitty."

Kitty smiled. She would become a woman in every sense of the world when Harry was done with her. She sucked him hard a couple more times.

Harry slowed his breaths to savor the sensations of Kitty's hard suckling. The beautiful lips pumped a heated action around his throbbing cock. Harry closed his eyes and guided himself into Kitty's mouth.

Kitty knew what she wanted and had a pretty good idea how to get it as well. She serviced the strong cock before her.

"Close, Kitty," Harry said. "Open up wide, and take it in your mouth. You're going to get it all down your throat. All of my cum. But, that's what you want, isn't it?"

Kitty responded with a hungry nod when she brought the full point of Harry's engorged prick into her mouth. This was exactly what she wanted. The feisty brunette came down onto Harry with a few more sucks.

One more thrust into her mouth caused Harry to send the contents into Kitty's mouth. Kitty hung onto Harry's thighs in time to experience the joy of Harry spilling his seed deep down her throat.

Kitty hummed hungrily and pulled her lips away from Harry. The brunette slowly drew her tongue over her lips and smiled.

"How do you like that Harry?" Kitty asked.

"Pretty good," Harry said. "Why don't you get against the wall so I can fuck your tight little pussy?"
Kitty thought this was an excellent idea. Her lower lips dripped with hunger. She wanted Harry's large throbbing cock buried inside her in the worst way.

Harry put his hands on Kitty's lower back and slowly trailed them down her. He urged her to shift from her clothes. Kitty did as Harry requested and exposed her dripping wet center towards Harry.

"Harry, please!"

The fingers toyed with Kitty's opening. She knew he drove her crazy on purpose. Kitty started to chew hungrily on her lips. The sensations pulsing between her legs made the need to be filled even more.

Harry touched the tip of his cock to the edge of Kitty's pussy lips. Her moist lips almost sucked him in. Harry grabbed Kitty's shapely hips and pushed in.

"Fuck!" Harry groaned. "You're so tight!"

Kitty's toned body stretched for a moment and wrapped around Harry's engorged prick. The feeling of Kitty's hot pussy around his throbbing prick made Harry groan with pleasure. He took a moment to adjust to Kitty's tightness before he pushed himself in and out of him.

"Yes, I'm really tight, but you're doing a good job at stretching me out."

Kitty closed her eyes. The throbbing piece of meat pushing inside her made her entire body shift with an increasing amount of pleasure. Harry pushed deep inside her. The contents of his balls slapped against Kitty's thighs.

"You're doing a good job in taking my cock inside your tight pussy," Harry said. "It was like it was meant to always be stuffed inside your dripping hot twat."

"Always!" Kitty yelled.

Harry kicked up a generous pace with a few long thrusts. He put his thick manhood deep inside Kitty's cunt. His fingers traveled over Kitty's soft flesh. He roamed all over Kitty's tight belly.

Shivers flew down Kitty's spine. The contents of Harry's thick balls slapped against her.

"I'm going to fuck you through the wall."

Kitty clenched around him.

"With my powers… I don't…oh Harry, drive your cock inside my cunny, make me cream all over it!" Kitty yelled.

Her fingers slipped through the wall for a brief moment. Kitty tried with all of her might to re-double all thoughts. Harry continued to saw away at her. Her pussy closed around him and opened with each incoming thrust.

"You're losing control, aren't you, Kitty?" Harry asked. He pressed his hands on either side of the brunette's tight body.

"No, no….."

"Are you sure?" Harry asked, cupping Kitty's firm tits.

Kitty clenched around him. Pretty much every thrust caused Kitty to almost be pushed through the
wall. Harry kept rocking his hips deep inside Kitty's body.

"You're going to cum, and there's nothing you can do about it," Harry said.

Kitty took the full brunt of Harry buried inside her. He turned her entire body into one never ending cascade of pleasure. Harry's hands knew where they needed to be at all times to make Kitty feel like her body was struck on fire.

Harry enjoyed the tight clenching of Kitty's moist center. He pushed deeper inside Kitty with a series of rapid fire thrusts to bury inside her.

Kitty enjoyed the sensation of Harry deep inside her. Another sensation added on top of it which further caused Kitty's concentration to be broken.

"Harry, what are you doing?"

Harry rotated his finger slowly in Kitty's tight ass. The breathing coming from the girl made Harry go even further inside her.

"What you want me to do?" Harry asked. "Tell me you don't like it, you naughty little girl?"

"Sir, I do like it!" Kitty yelled. "Are you going to put...your cock in there later?"

"Only when you've cum nice and hard for me," Harry said with a large thrust.

One more good orgasm would prove to be Kitty's undoing. She tried not to lose all sense of herself. One more nudge would bring her deep over the edge.

Harry understood where Kitty was coming from. One more shove would bring Kitty directly over the edge. He grabbed her hips and pulled almost all the way out. A huge shove brought Harry's full cock inside Kitty's tight body.

Kitty screamed when Harry forced her through the wall. The two of them landed in the hallway. Harry held onto Kitty and pumped his way inside her super snug cunt. He fired a few more thrusts inside her dripping hot cunt.

"Mmmm, you're so good, so wonderful," Harry said. "And now I've opened you up to give you my cum."

Kitty's pussy opened wider to accept Harry's thick cock. Dream come true didn't even begin to describe the sensations coming from Kitty's mind. Her cunt clenched around Harry the moment he almost pulled completely out of Kitty and pushed directly back into her again.

The brunette's pussy muscles flexed around Harry in a delicate and amazing milking motion, bringing the bubbling sensation up from Harry's balls.

"Good, you're going to receive my cum," Harry said. "Are you ready?"

"Yes, put it inside me, all of your cum inside me!" Kitty yelled. "I want my belly to swell up because of your cum."

"Naughty girl," Harry said, pushing deep inside her. "You've waited a long time for it."

Harry gave Kitty's ass a few spanks. Her pussy responded by clenching around Harry's incoming rod and milked it. Harry grunted and pushed inside Kitty. The contents of his balls spurt deep inside Kitty's pussy.
The sensation of cum spurting inside her body exhilarated Kitty. She soaked in the experience of Harry's cum filling up her womb and using it. The cum sprayed into the brunette's body.

The moment Kitty came down from her post orgasmic bliss, she slid off of Harry. She positioned her asshole.

"One more hole, Professor," Kitty said. "I'm sure you know how to get this one."

Kitty being his former student caused this entire affair to add another layer. Her asshole inched towards him. The tight hole would bring his thick manhood deep inside the depths of her ass. Harry reached around and squeezed her breast. This caused Kitty to allow a sensual moan.

His cock extended up and Kitty pushed her hot ass down around him. At first, Kitty could feel pain as Harry's cock intruding her ass.

"Just relax yourself, and enjoy it," Harry said with a light nibble on her neck.

Kitty did as Harry requested and came down onto him. His hand grabbed her cheeks and guided Kitty deeper down onto him.

"Oh, god, I didn't know….mmm, it feels so good," Kitty said.

"You look like you're at home taking a cock up your ass," Harry said. "Then again, you've been always a kinky little girl with a nice ass."

Harry's fingers teased her aching pussy. Kitty took this as encouragement to bring herself down. She soaked in the moment of Harry entering balls deep inside her tight ass.

"Oh, you enjoyed my ass ,don't you?" Kitty asked. She drove herself down onto Harry's throbbing cock.

"Your ass gets full marks, Ms. Pryde," Harry said.

Harry hung onto Kitty's glorious hips and brought her down ass first onto his cock. The brunette's ass kept driving deep down onto his thick throbbing cock.

"Are you going to give me your seed?" Kitty asked.

The furnace like feel of Kitty's tight ass coming down on Harry's engorged prick made it extremely hard to say no. The girl pushed in and pushed out. His cock trapped between those supple cheeks.

"You've had a lot of it today, haven't you?" Harry asked.

Harry pounded Kitty's ass hard. Her moaning and grinding on him made a tingling feeling rise through Harry's balls. The young man continued the steady pounding inside Kitty's tight ass.

Kitty's pussy twitched at the sensation of Harry's cum swollen balls pushing against her. She would have all of it in her ass in a moment. The thought of having all of Harry's thick cum deep inside her ass would be glorious beyond all belief. Kitty wiggled her tight rear down onto Harry's engorged manhood.

"Mmm, yes," Kitty moaned.

Harry came deep inside Kitty's deep bowels. He fired a sticky load inside her. Each time he jumped more cum spilled into ass.
Kitty came just as hard as well. Her pussy made a squelching sound when she finished.

The white hot goodness both of them felt was perfectly. Kitty took a moment to pull herself up to her feet. Harry's cum dripped from Kitty's ass and pussy with a smile on her face.

"Oh, I'm going to be feeling that for a long time," Kitty said. "I'm going to need a shower."

Kitty reached forward and wrapped Harry's cock.

"Care to join me?" Kitty asked, squeezing him.

"I'd be insulted if you didn't ask."

Kitty pumped him a couple more times and turned around. Her ass swayed as the two walked their way to the shower rooms.
Harry Potter returned from taking a long and steamy shower. Few things like a nice shower to get Harry bright and ready for the morning. He walked down the hallway and thought of all of what he wanted to accomplish this morning. Harry had a few schedule on his plate to be perfectly honest.

The emerald-eyed sorcerer's traveler made his way through the palace. He walked about shirtless with a shirt tucked underneath his arm. He was about ready to slip his shirt on properly.

Sounds coming from across the hallway caused Harry to stop short. He stopped short. His bedroom door had been cracked open. Harry frowned when moving closer towards it. The shining light beckoned him forward.

'Very odd,' Harry thought. 'I could have sworn the door had been locked before I left for the bathroom.'

The numerous movements of the other occupants of the palace made it very difficult to keep track of these things. Harry was about ready to let the matter drop.

The sounds of a female giggling lightly prompted Harry to stop. The girlish giggle and a half-hearted plea to stop caused Harry to frown. He thought about knocking on the door.

The door swung open on its own accord. Harry watched the scene playing out of his bed with amusement. Two sisters were in his bed. Granted, this wasn't an uncommon occurrence to be honest.

Elsa, the oldest of the sisters, had her icy blonde hair mussed about the edge of her face. It clung to the side of her face with shiny blonde eyes. The blue material of her night dress came down and showed a transparent quality. Her nipples stood a little bit erect from the other end of the shirt. A pair of blue panties covered her modesty.

Anna, her younger sister, sat with a green night dress. Her firm breasts pressed out against it. Her sister's finger lightly traced down her cheek and caused Anna to breathe heavily.

Harry cleared his throat for a moment. The two girls looked up at each other with a faux innocent look on their faces. Harry didn't buy it for a moment.

"And how my two favorite princesses doing today?"

Both of them responded with smiles towards Harry.

"You know, we're just waiting around, hoping you'd show up," Anna said.

Both of them eagerly ate up the eye candy of a shirtless Harry who approached them. Harry could tell where they're minds are.

"We figured you'd be around soon," Elsa said with a smile. "And we could….have some fun before breakfast."

"You know, maybe a little bit of dessert," Anna said.
The sweet little smiles coming from both of the girls caused Harry to smile. He walked over to meet both of them. The relationship between the two sisters had been unconventional for some time, even before inviting Harry into the mix. He was the only man who could satisfy their carnal desires.

Harry leaned down to look at both of them with a smile.

"You know having dessert before breakfast is something naughty girls do," Harry said. "Maybe we should do something about that?"

"We're just a pair of spoiled princesses," Elsa said with a smile. She turned around ever so slightly and made sure to present her panty clad ass towards Harry. The transparent blue panties stuck out towards him. "Maybe you should spank us?"

Harry thought about it. Anna lifted her hand and swatted Elsa on the ass.

"I meant Harry, not you," Elsa said in a gasp.

"You moaned out like you enjoyed it," Anna said, rising up to her feet. "So, would you like to play with us, Harry?"

Anna placed her hand on Harry's torso and started to drag her fingernails over his chest to draw some patterns. Harry groaned at the sensational feeling of her hand going against it.

"We've gotten better at sharing," Anna said. She cupped her hand around his crotch and squeezed it. "And you have a really big popsicle to share."

Harry gripped Anna's waist and landed forward. He kissed the princess on the lips. Anna closed her eyes and hungrily shifted her tongue deep inside Harry's mouth.

Elsa turned on the bed and watched her sister and Harry make out. She watched Harry's questing hands roll over every single tantalizing inch of Anna's body.

Anna pushed herself into Harry's hands. They resulted in tingles spreading through her body. The skilled touches caused her breasts, stomach, and ass to all be pleasured.

Harry continued to indulge himself in the horny princess and the long kiss. Anna nearly had been kissed breathless.

The moment Anna had been released, Elsa rushed towards Harry. She threw her arms around Harry and kissed him on the lips. Her sweet lips pushed against Harry.

"You are impatient," Anna said. "So hot though."

Harry trailed his fingers down Elsa's body and came down her body. The dressing gown slipped off to reveal Elsa's breasts. The princess's tantalizing breasts pressed against Harry's chest.

Anna decided to recover from the momentary dizziness. She pulled Harry's pants off the rest of the way. One more piece of clothing released Harry's cock. It sprung out and hit her in the face.

Harry pushed his hips forward to allow Anna to roll her tongue all over Harry's throbbing phallus. The princess's able tongue traveled around Harry's engorged prick.

The moment Anna had been done traveling all the way down Harry's rod with her tongue she came down and took his balls into her mouth.
"Mmm, that looks like fun."

Elsa pulled away from Harry and started to kiss down his chest and abs. The ice princess traveled all the way down Harry's body. His torso had been lathered with kisses.

The tip of Harry's cock met the edge of Elsa's lips. She pushed Harry's rod into her mouth. A hungry suck brought the point of Harry's cock directly into her mouth.

"Real fun," Harry said. "Just think about how much fun when it's inside you."

Elsa gave Harry a few deep sucks before trading off with her sister. Anna's technique was a bit more different than her sister's. Hers was more passionate and more frantic. Elsa favored a more deliberate and methodical method of cock sucking.

"I'm going to blow if you two aren't careful," Harry said.

Elsa settled in for the long haul to suck Harry. She locked eyes with her sister when Anna went between Harry's legs and took his balls into her mouth. Anna stroked the heavy sac between her fingers.

Anna kissed up the part of his length which was not submerged in Elsa's mouth. She returned fire by kissing all down Harry's balls.

"Damn, you're going to really make me blow," Harry said. "That's what you naughty girls are after though, aren't you? You want your faces painted white."

"Sounds like fun, doesn't it, Elsa?" Anna asked.

Elsa gave her jaw a rest before pumping Harry's cock a few more times and pulling away from him.

"Yes."

Harry grabbed Anna's head and guided his cock inside her mouth. The redhead princess took his thick prick inside her mouth and swallowed him whole.

"How...how?"

Elsa blinked and looked both jealous and aroused. She never quite managed Harry's entire cock into her mouth. Anna came all the way down on his throat. She looked extremely beautiful with this thick hunk of meat buried into the depths of her throat.

Harry held onto Anna's head and started to rock further into the back of her throat. The warmth and frantic nature of her blow job caused Harry to reach closer to the edge.

"You're a really good cock sucker," Harry said.

Elsa frowned, and intended to show her sister up later. Her sister's pouty lips slid all the way down Harry's cock before grabbing his cock.

Harry grunted to feel the release. Anna jerked his cock and caused the thick seed to spray on Elsa's face. She allowed some of it to hit her mouth as well.

"Oh, he has a lot of it!" Anna giggled, jerking his cock. "Enough for two greedy princesses, and more left over to spare!"
Anna pumped Harry's cock to a conclusion. The younger sister turned around and noticed the older sister wearing a gooey facial. The thick juicy seed rolled down the ice princess's face, lips, neck, and also partially covered her breasts.

Elsa glared at her sister through the semen mask. Anna reached forward and pressed her lips against Elsa's. The two sisters exchanged a passionate kiss.

Harry's cock hardened even more at these two naughty sisters kissing. The sound of them sucking face followed by Anna licking Elsa's face clean caused a vivid picture to be played.

"Anna!" Elsa moaned loudly.

Anna responded with a wicked grin and fired more kisses down her older sister's body. Like a good baby sister, Anna licked Elsa clean, enjoying more of the taste of Harry in her mouth.

The younger princess flicked her finger over Elsa's nipple which hardened underneath Anna's hand. She tweaked it and wrapped her lips around it.

"Now, that really does look like fun."

Elsa thought she would explode with pleasure from Anna sucking on her nipple hard. Harry grabbed her right breast and joined in with a sucking. Her thighs rubbed together.

"No fair, ganging up on me!" Elsa pouted.

"Ah, but that's half the fun," Anna said.

Elsa closed her eyes. The stroking caused the area between her legs to start to moisten. The hunger and the lust burning through her body couldn't be blocked by any means.

Harry guided her back towards the bed. The blonde's thighs spread for Harry. His cock pushed against the edge of her entrance.

Elsa lifted her hips in an attempt to guide her lord inside him. Harry's thick tool came close to penetrating her love box. She closed her eyes and squealed with excitement.

This squeal prompted Harry to push his full thickness inside the tight cavern of the delicious beauty. He held onto Elsa's hips and started to ride into her. He slowly gained a little bit of momentum with the rapid fire thrusts.

"You're making me feel so good!" Elsa yelled.

"I know I am," Harry said. "And you know what would make you feel even better?"

Elsa cutely bit down on her lip and shook her head in response.

"If you got more of my thick cock inside your tight little pussy."

The ice princess blanched when she realized Harry's complete tool wasn't buried completely inside her. She perked her head up to see half of his cock stuffed inside her.

"Would you like it all inside you?" Harry asked. "Would you like my entire huge cock inside your tight pussy?"

Elsa nodded vigorously in response. Harry held onto her hips and almost slid completely out of her. Anna took her fingers and dragged them across Elsa's slit which caused her to shudder.
"I know how much she likes this," Anna said before popping those fingers into her mouth. She pushed her tongue around her fingers. "And I know how much I like this."

"Oh, and I know how much you're going to like something as well you kinky girl."

Elsa's fingers created a particular large dick shaped icicle and rammed it into Anna's twat. She screamed when the large phallic like object rammed completely into her depths.

Harry showed Elsa what he thought of this hot sisterly bonding by ramming hard into Elsa's pussy. He rose almost all the way out of her and crashed inside her.

Elsa tried to maintain her concentration. It was extremely difficult to stay focused given how deep and how hard Harry went inside her.

"I feel it inside me!" Elsa yelled. "I'm going to cum so hard."

Elsa's right hand held onto Harry's waist to encourage his thrusting. The left hand remained pushed the makeshift dildo into her sister's pussy.

"It's melting already!" Anna yelled.

Elsa pulled out the half melted dildo and placed it in her mouth to suck the rest of it off like a popsicle. Her tongue twirled around it.

"Oh, that's really hot," Harry said.

Elsa's pussy clenched around Harry's cock. Her honey covered Harry's cock from the tip all the way to the base. It allowed him to slide inside her even more.

"Mmm, I bet she's covering your big manhood with her nasty juices," Anna said. "And soon it will be my turn. I can't wait."

Elsa's womanhood stretched all the way around Harry's throbbing rod and buried inside her body.

"You're too coherent."

The dildo which Elsa slid inside of Anna's dripping cunt earlier had been replaced by a second one. She pushed the icicle dildo deep inside her.

"You're making my popsicle melt, Anna," Elsa said.

"Just like you're melting in Harry's hand," Anna fired back. "You're going to cum aren't you. Come on Elsa, let it go….

She hit a high note when Elsa shoved the frigid dildo into Anna's dripping hot pussy.

Harry grunted at the sensation of Elsa's pussy clenching around him. The contents from his balls were about ready to come out and spill inside her. One more huge thrust pushed himself into Elsa's hot depths.

Elsa came just a few seconds before Harry. Their orgasms were so close together it might as well have been shared. Harry held onto her hips and pumped the thick and hot seed inside her.

Every time their juices molded together it could feel spectacular. Elsa arched her hips in time.

"Put it all inside me," Elsa said.
"I know you won't waste a drop," Harry said. "And you're making it snow."

Elsa tried to focus for a moment. Harry's huge prick burying inside her prevented any thoughts or attempts to focus. He held onto her and buried all twelve inches into her.

Harry finished unloading the contents of his balls into Elsa's pussy. The moment he wrapped up with her, Harry pulled away from her with a smile on his face.

Elsa took a couple of moments to adjust to the sensations coming through her mouth. Harry pulled out of her and had been replaced by a new and wonderful sensation.

Anna gave her sister a mischievous smile the moment her tongue took a tour around Elsa's hot womanhood. The combined taste of both Harry and Elsa caused her to hungrily bury between her thighs.

"You taste so good," Anna said.

Anna swirled her tongue inside Elsa's cunt. She took a couple more passes.

Elsa tried to think of some way to make this all better. She threaded her fingers in the back of Anna's head and allowed her younger sister to keep suckling the juices from her pussy.

Anna could feel something poke the edge of her lips. She gave a gasp when an ice-dick rose from Elsa's pelvis. The cute redhead wrapped her lips around Elsa's ice phallus and tasted the delicious popsicle having been made from her sister's juices.

"Tasty," Anna said.

Harry placed his hands on Anna's hips and started to rub his fingers down her. The friction caused Anna to gasp and moan.

"Don't want you two girls to forget I'm still here."

Harry slipped his very able tongue between Anna's thighs. He could tell how she melted two popsicles with her center. The heat was pumping out between her legs. Harry started to push his tongue deeper inside her. The tasty juices trickled onto her hand.

Anna closed her eyes and went down throat first onto the ice-dick. Her abilities got even more frantic with Harry munching on her pussy from behind. His talented tongue kept swirling within her hot pussy.

"I wonder how many licks you can take to get to the center," Harry said.

Harry buried his face between her thighs which encouraged Anna to keep eating her sister. Anna pushed back. Harry's hands ran over Anna's hot body and grabbed her breasts with a squeeze.

Elsa placed her hands on the back of her sister's heads with a series of large pumps. The ice-dick pushed deep inside Anna's mouth. Anna almost sucked her down to the core with her frantic licking and suckling.

Anna smacked her lips together with a delicious "mmm" as she started to taste more of her sister. Elsa's hips bucked closer towards Anna's mouth and released a torrent of cum into her mouth.

Harry enjoyed the taste of Anna's juices. He slurped the juices up towards her.

Anna collapsed down onto her sister's pussy. Elsa's breathing became rather ragged from the
constant orgasms she had experienced. The younger sister rose up and grinded herself against something which started to poke her in the backside. Anna responded with a grin and turned around towards Harry. Her arms wrapped around Harry's neck and leaned towards him.

"I'm not done playing," Anna said, straddling Harry's lap.

She teased the tip of his cock inside her dripping hot pussy. Anna lowered down and kissed Harry on the mouth. The two tasted each other with a long and sensational kiss.

Anna shifted her hips down pussy first onto Harry's cock. The redhead vixen pushed her hot hips down onto Harry's throbbing cock. Anna wrapped her legs around Harry's waist and started to ride his manhood.

"Feels so good!" Anna yelled.

Harry grabbed her breasts and made Anna rock down onto his prick. The tight and nubile woman started to drive herself down onto him. Harry's hands covered her sweaty, sexy body.

"I'm going to have to suck on those beautiful tits," Harry said.

"Mmm, you're so naughty," Anna said. "Not as naughty as my sister though."

Harry snuck a look at Elsa who started to pump another dildo creature from her fingertips. She created miniature icicles on her finger tips and fucked herself into a stupor.

"Yes, she's pretty naughty," Harry agreed, cupping Anna's tight rear. "It runs in the family, doesn't it?"

Anna slid herself cunt down onto Harry's tool and experienced the sensational rush deep inside her. The redhead princess worked her hot hips down onto Harry's thick, throbbing tool.

Harry buried his face between Anna's breasts and started to nibble on her. The princess screamed out in pure bliss when Harry left some love bites all over her cleavage. She started to bring herself down cunt first onto Harry's throbbing hard prick.

"More, Harry, I want more!" Anna yelled.

The princess clutched her hands onto the back of Harry's head. Harry continued with the intense nibbling of her nipples. Anna dragged her pussy up and down on Harry. She trapped his cock inside her.

The contraction and releasing of her hot pussy brought Harry closer to the edge. He pumped inside her and battered Anna's cunt.

"You can't stop yourself from cumming all over my big cock," Harry said. "Over and over again."

Harry pushed her breasts together and buried his mouth against her tongue. Anna's wet pussy squeezed him and tried to milk him.

"Fuck her cunt harder!" Elsa yelled. "Make my sister scream. Batter her naughty little pussy, and make her scream."

"Such language is unbecoming off...oh yeah, right fucking there!" Anna yelled.

The most innocent of girls ended up turning the naughtiest when their lust overwhelmed them. Harry grabbed Anna and pushed her down inside her. The woman's glorious tightness came around
him.

Anna's entire body shook with the pleasure. Her mind almost came down from a hell of an orgasm. Harry kept pumping inside her with a series of powerful and swift thrusts which brought her body to the edge.

All fun ended up grinding to the end. Anna hung onto Harry. His cum-loaded balls pushed against her.

"Is that all for me?" Anna asked, biting down on her lip.

"Yes, if you've been a good girl," Harry said.

"Yes, I've been a good girl," Anna said, grinding her pussy across Harry's cock and squeezing him. "Can't you feel how good I am?"

"Oh, you're good at being naughty," Harry said.

Anna rode out another orgasm on Harry's throbbing prick. Suddenly, something brushed inside her asshole.

"Elsa, that's....."

"Did her pussy clench against you?" Elsa asked.

Elsa pushed against Anna from behind, slammed into her tight ass. The hard nipples pushed against Anna's back and caused her to gasp.

"Yes, her pussy clutched me, hard," Harry said.

"Maybe not as tight as her ass is," Elsa said.

Anna closed her eyes. This was almost too much. A hard human cock in her cunny and a hard ice cock deep inside her butt, from her sister was too much for Anna to handle.

"I can melt in your mouth and your ass," Elsa said. "And you're going to cum again, aren't you?"

The ice shoved into Anna's ass. She couldn't feel anything other than the greatest pleasure from this. Harry's thrusting inside her added the body heat to both of them.

Anna's pussy twisted around Harry's hard cock. Harry thrust deep inside her.

"Am I going to melt first, or is Harry going to pop?" Elsa asked. "What do you think, sis?"

"Don't care?" Anna asked. "OOOOH, I feel so good."

Elsa and Harry sandwiched Anna between their two cocks. The ice melted in Anna's ass. Elsa still grinded against her sister and humped her ass.

This increased the friction of Anna against Harry's cock. Harry pushed his rod up into the air and the contents of his balls came closer to being injected into her.

Anna grabbed onto Harry's shoulder and screamed. The rush of pleasure came through her pussy and launched her hot juices down onto Harry's engorged manhood. She slid all the way down onto the base of his cock and coated him with her clear cum.
"My turn."

Anna thought it was about time. Harry's cock pushed deep inside her. She could feel his cock inside her.

An explosion came between the three of them when they came all at the same time. Harry shot the stored contents of his balls and fired inside Anna.

Elsa placed her fingers on Anna and collected some of the overflowing cum from her after Harry pumped her sister full of his seed.

"My favorite treat," Elsa said before popping the fingers into her mouth and suckling the cum dry.

Anna collapsed completely from the double-penetration from both of the parties.

Elsa smiled and wrapped her soft fingers around Harry's cock and started to stroke him.

"Maybe I can get some more from the source though."

Harry's cock stood up in attention for this. The ice princess leaned forward and kissed Harry straight on the head of his cock.

End.
Septima Vector walked down the hallways of Hogwarts in a half distracted gaze. She returned from the weekly staff meeting. As usual, the staff meeting ended about as productively as possible, which was not at all. Pretty much just a report of how all of the classes were going, whether or not there were any problems. Said problems were put into consideration and they would be delved into during future staff meetings.

The problems never had been delved into future staff meetings.

The twenty-seven year old Artimancy professor figured she didn't have the seniority of a McGongall, Flitwick, or even a Sprout. She figured her thoughts should be both heard and considered just as much as any teacher. All she had was consideration and the fact her complaints had been brushed off by Septima in a pretty bad state.

She stripped off the Hogwarts robes. Underneath she wore a blouse which buttoned up over the top of her considerable bust. The skirt came down to showcase her wide hips and modestly covered her lover half. Sheer stockings covered the long and dazzling legs. The robes of Hogwarts pretty much covered up what a gorgeous woman she was. While anyone could see her from the neck up because of her silky blonde hair, bright blue eyes, and soft elegant lips, it only showed a fraction of the story.

"Rough night."

She turned around and could see him standing in the office. He stood a few inches above her. His hair came down and stuck up in every direction. Septima wasn't bothered by this at all. The messiness of his hair added to an allure he held. The young woman took one look into the green eyes of the man ten years her junior and smiled.

'Those are the green eyes which make women moist in their panties.'

Harry Potter, the Boy-Who-Lived, stood in the office in front of her. Septima knew he would be here tonight, and she felt a bit guilty about keeping him waiting for her.

"No, more like a boring night," Septima responded. "Hogwarts staff meetings are not exactly the most conductive way to spend three hours. Especially considering I don't think we have had much of anything done."

"You're in luck," Harry said. "I'm here to make your night a bit more interesting."

"Mmm, I'm looking forward to it," Septima said.

She pounced Harry like a lioness looking for her next meal. The teacher wrapped her arms around the student and pulled him into a hot and intense round of kissing. She seemed intent to shove her tongue deep inside Harry's mouth.

Harry grabbed her hips from the other side and pushed her back onto the desk. Fingers teased the side of Septima's stocking clad legs. She closed her eyes the moment Harry pulled away from him.

"You were pretty pent up," Harry said.
Septima responded with a shifty smile and grabbed Harry's shirt. She pulled it over his head to reveal his toned chest and abs. One look at it made Septima's thighs stick together.

"Why are you so hot?" Septima asked.

She spoke these words while tracing patterns on Harry's chest and abs. Harry responded by undoing the bottom two buttons on her blouse. The Arithmancy's fit and firm stomach exposed to Harry. Harry started to trace his fingers down and push his fingers closer down to the promised land.

"I ask the same about you," Harry said.

Harry's hand disappeared beneath Septima's skirt. His hand pushed the small bit of fabric to the side.

"Harry," Septima said. The brushing of Harry's fingers against the edge of her opening caused the professor to lift her hips up to meet the fingers of the teacher. "Inside me, I need them inside me."

"One minute," Harry said.

Harry pressed his lips behind Septima's ear and gave her a few tender sucks. A nibbling on the back of her ear prompted the Professor to gasp. Harry kept nibbling on the side of her neck.

Septima's hips shifted up and down. Harry hit all of his weak spots. The young man started to push his finger deep inside her which caused her to clench him a bit harder.

"How do you feel now?" Harry asked.

"Good, so good," Septima said.

Her body clenched Harry's finger the moment it slipped inside her. It turned a little bit and channeled sparks of energy through her.

"I bet I can make you feel even better than you do now."

Septima's silent question had been answered with a second Harry finger inside her. The woman's hips rose up and down with Harry pushing them into her.

Harry explored the inside of her pussy. The Arithmancy teacher started to grind her hips up and down, pumping her hips down against his powerful fingers.

This affair started two years ago. A series of tutoring sessions had grown steamy. Septima fell for the power of the young man and sought to educate him in other ways. He educated her in many ways before. The age thing wasn't as much of a problem in their society as it was in the Muggle one. It was frowned on and not something they made public, but there were no laws against each.

Now, Septima found herself at the mercy of the powerful fingers of the Boy-Who-Lived. A third finger slipped inside her dripping hot pussy.

"You're feeling good," Harry said. "I make you feel really good, don't I?"

Septima bit down on her lip and nodded in response.

"Yes, you make me feel good!" Septima yelled.

"And you're getting off on the fact you're feeling this pleasure because of a student," Harry said.
"And you know someone can walk in at any time and you can get in so much trouble. And the entire fact is making you hot."

The danger factor did make this so much hotter. Septima's wet pussy clenched around Harry's fingers and started to soak them. Harry rammed deep inside her cunt and pulled them from him.

"Taste how horny you are," Harry said.

Septima obediently took Harry's fingers into her mouth. She was a good pet and sucked the juices off of him. The moment she sucked, Harry took his free hand and undid her blouse the rest of the way. Her red bra had been removed to cause her large D-Cup breasts to spill out for his consumption.

"You know what these breasts are good for, don't you?" Harry asked.

Harry gave Septima's breasts a few squeezes. She nodded in response and got down onto her knees. The woman unbuckled Harry's pants and pulled them down past his ankles. His boxer shorts had been pulled down.

Septima saw this marvelous cock so many times. No matter how many times she saw Harry's cock spring out to face her, it never failed to astound her how big and thick it was. She was wet at the thought of it being rammed into her cunt until she was fucked raw.

"Are you going to stare or are you going to give me pleasure?" Harry asked.

Septima took her large breasts and placed Harry's cock around them. The warmth of her breasts pressed against his cock and started to pump him up and down. Harry enjoyed the mature breasts sliding up and down his thick rod. The teacher's breasts kept rubbing up and down on his manhood.

"Your tits feel so good," Harry said. "I can't wait to cum on them."

Septima couldn't wait for him to cum on them as well. She would settle for his cock giving her breasts a nice pounding. The sexy teacher rocked her breasts up and down on him.

"Oh, I want that too, Harry," Septima said. "I want your sticky spunk all over my face, my tits, and in my mouth. I want your warm cum all over my nice soft tits. Feel them, they're soft are they?"

"Yes, they are," Harry said.

Harry reached around and pushed Septima's tits against the rod. His rod pushed out on the other side of the cleavage.

The older witch smiled when Harry plunged his thick cock deeper inside her cleavage. It stuck out and Septima swirled her tongue around the edge of his cock head.

Harry enjoyed her talented tongue and large soft breasts pressing on other side of his cock. She slid her breasts all the way down his thick and throbbing cock.

Septima tipped back just in time to receive the first spurt of cum. Harry's cock spewed his cum all over her with a series of rapid fire shots.

The explosion of cum fired her in the face. The powerful man's cum stuck to her forehead, her cheeks, and into her mouth. Harry coated her breasts with his sticky seed. Harry rocked his thick
cock as far between Septima's milking tits as he could manage.

The contents of his balls covered her. Septima pulled away and held out her hands to allow it to drop onto her hands.

Harry smiled and observed his teacher slowly licking her hands clean. She drank up his seed like it was her lifeblood. The eyes of Septima Vector clouded over. Hunger continued to dance through her eyes. The women sucked her fingers dry.

"How do you want me?" Septima asked.

"Wet and bent over the desk," Harry said her.

"One part's done and as for the other part….

Septima turned around and showed her bare pussy towards Harry. Harry hung over her and pushed the tip of his head against her hot entrance.

"I'm going to fuck your brains out," Harry said.

Harry's exploring hands sent jolts of energy through Septima's body. The powerful young man inched closer towards her womanhood and pushed the edge of his thick head against her pussy.

Septima stretched around him. His thick and veiny cock shoved inside her deep. Septima could feel his manhood slide deep inside her depths and start stuffing her deeply.

"Mmm, always such a tight pussy," Harry said.

"Your big cock is perfect for it."

Harry speared into her. The heat around her center squeezed Harry. The nerve endings started to rise up with pleasure and Harry spiked himself deep inside her.

Every single spike into her loins caused Septima's hot walls to contract around him. She pushed herself into him, milking him hard. She longed for every single drop of cum buried inside her.

"Someone is going to cum."

Septima cooed in delight and gasped when Harry's mouth started to lavish the back of her neck. The love bites sparked new feelings of desire and lust.

It took her a moment to come down from her pleasure to realize Harry slowed down his spikes inside her. He pulled almost all the way out of her and pushed deep inside her. Septima stretched out onto him.

"Do you want to cum?" Harry asked.

"YES!" Septima yelled. "You're going to get full marks for this if you keep this up, Mr. Potter."

"I'm sure," Harry said.

He squeezed Septima's nipples and gave them a light twist. This twist drove her nuts. Harry switched tactics by squeezing Septima's generous globes in his hand. A light squeeze caused her to moan.

Harry switched tactics to a more firm squeeze against her tit. Septima's hips bucked back and
started to milk Harry's incoming thrusts. Harry pushed inside her with another long and powerful thrust which buried inside her body.

"And now, you're going to explode," Harry said. "Time to take this up to the next level."

Septima learned what the next level was. Harry started at the back of her hips and dragged his hands all over her body when he shoved inside her. Harry's hands lingered on her breasts one minute, her hips the next, and then down her legs.

Harry slapped her ass. The response of Septima's pussy clenching him made Harry want to drive himself into her depths even more. The contents of his balls threatened to spill out into her.

The moment Harry stopped, Septima's pussy ached with need. She needed him even more.

"Harry, please."

Harry pulled all the way out of her and sank back onto Septima's chair. He tilted it back, cock extended up in the air.

"Turn around."

Septima did as Harry told her. His swollen cock stood into the air. The throbbing manhood dripped with her juices. The sight of her own juices coating Harry's thick prick got her hot and heavy.

"You know what to do now, don't you?"

Septima crawled onto the chair to join Harry. The sexy teacher straddled Harry's lap. He reached in front of her and grabbed her breasts.

"You're mine," Harry said.

"YES!"

Septima slid down Harry's pole and buried him balls deep inside her pussy. The Arithmancy Professor rose all the way up and slammed down onto her.

Harry enjoyed the sensation of Septima's pussy wrapping around him. The heat pumping from her made his cock feel so amazing. He swelled and the tightening of his muscles started to reach further inside her. His cock pushed deep further into her.

A pair of powerful hands cupped Septima's generous melons and encouraged her to slide all the way down on his tool. She squeezed his love muscle hard.

"Look at you, you're cumming again," Harry said. "You're addicted to my cock, aren't you?"

"For two years," Septima said with a length sigh.

She loved this pinnacle of manhood buried inside her. Not to mention the fact Harry's hands worshipped every inch of her body. Her breasts, her ass, legs, and flat stomach, his hands moved quicker than the eye. They all touched those places which drove Septima absolutely nuts.

The vixen drilled her pussy down onto Harry's cock. She panted and grew heavier with desire. The thick manhood buried deep inside her dripping hot pussy.

"I know you're addicted, and I know you can't get enough of me," Harry said, giving her ass a nice little pinch. "And you're going to cum all over my cock, aren't you?"
Septima couldn't deny her desire. She came all over his cock again.

"I want your cum inside me," Septima said.

"Good things come to those who wait.

Harry massaged her legs while thrusting up at her at the same time. The combination drove Septima further towards the edge. His big manhood buried into her stomach and stuffed her so hard.

Septima's wet walls contracted around him. The orgasm exploded through her body and coated him. This allowed Harry to push himself further around him.

The perfect goddess rode up and down Harry's pole working herself closer to another orgasm. Harry held onto her ass and pushed her down onto him.

"As promised."

Septima's pussy dampened in anticipation of what was to come. Harry didn't disappoint. The first burst of cum struck in the back of her womb. Septima clutched the side of his shoulder and pushed her pussy down onto his throbbing manhood.

Harry enjoyed the feel of her pussy contracting around him and milking every drop of his seed. He spilled the seed into her womb while enjoying her breasts and legs against his body.

The moment Harry finished, the two of them came down from the mutual pleasure from each other.

"So, same time tomorrow night?"

---

End.
The eyes of Caitlin Snow flashed forward. The girl's blonde hair stuck to her face as she peered out the containment cell. The blue eyes looked outside. The fit woman lifted her hand in an attempt to access her powers, only to find out she was restrained.

She wondered where she was and how she got here. And more importantly, how would she escaped?

"Show yourself!" she yelled at the top of her lungs.

"So, is telling you to cool down a bit too soon, or not?"

Caitlin's eyes flashed to the other side of the cell. She came face to face with a young man with starting green eyes. It caused her to step back a moment. The green eyes melted her heart the moment.

"You were left for dead," the young man said. "And I rescued you."

"Oh, and I suppose I should be grateful you did, putting me in this cell like an animal," Killer Frost said.

"Caitlin, I think you'll….."

"Don't call me that," Caitlin said. "I've grown to hate that name….."

"Oh, Caitlin, I know how much you have, because it represents the failure you feel you've had," the young man said. "You see, my doctorate is in psychiatry, and I've made it my business to know how the female mind works."

"Men have been trying to do that for years, and they've failed," Caitlin said.

"I'm no mere man, Doctor Snow," he said. "I know there's no way to make you normal. You've accepted who you are in some ways. And you didn't accept who you are in other ways."

"If he finds out I'm alive, he'll kill me," the woman said.

"No, I don't think he will, he has other concerns," he said.

"Just who are you?" Caitlin asked.

She found herself lost deep within his eyes and hated every last moment of it. This little encounter prompted her heart to beat heavily against her chest. The young man paused for a long second and smiled at her.

"I'm someone who scouts the multiverse for some of the most brilliant and beautiful women," he said. "The type of women who have lost their purpose, and lost everything, and really, you have lost everything, haven't you, Caitlin?"
"I told you that….

"Killer Frost is a mask you wear, because you're afraid what happens when you've faced your failures," he said. "Oh, and my name is Harry Potter."

Caitlin, Killer Frost, blinked for a long moment. The cell opened up and it allowed her unrestrained access.

"You must not be as smart as you think you are if you're going to let me go," Killer Frost said. "It's a shame I have to mangle your pretty face."

Killer Frost raised her hand and a swirl of Arctic energy flowed between her fingers. Harry reached out and blocked her hand before she could attack. He leaned forward and kissed her straight on the lips.

The ice themed villainess was surprised by the kiss. She could feel his body energy coursing through her. It resulted in a ripple effect through her body. Caitlin hung onto his face and stuck her tongue deep down his throat.

A moment later, the two of them broke away. Harry stood on his feet while Killer Frost still tasted the warmth of his mouth on her lips. She stared at him for a long moment, unable to figure out what happened.

"You kissed me, and you're not dead," she said. The scientist still buried deep down underneath the woman's homicidal mind was curious. "How did you do it?"

"It's a secret," Harry said. "Aren't you curious to see how far we can go? You need body heat to sustain yourself, don't you? You don't kill because you have to. You kill out of necessity."

"You don't know that," Killer Frost said for a moment.

Harry pushed her up against the wall and pinned her hands back. The brunette turned blonde struggled against his grip. He came closer towards her. A hint of his body heat hit Caitlin's body. He didn't edge too close towards her.

"I have figured you out," Harry said. "And it terrifies you doesn't it?"

This powerful man bent Killer Frost at his will.

"I can help you," Harry said. "And I think you'll get something out of this arrangement as well. You're not completely cold to the world, no matter what you're powers are like."

This time, she kissed him in response. The glorious heat coming off of her body made her feel a bit more normal, a bit clearer of the mind. Her hands started to trail over his body.

"Mmm, you're so hot," Killer Frost said. Her fingers started to stroke over his body. "Pun intended."

Harry smiled when she worked his shirt off. The woman's hands trailed down his chest and started to run down his body. She explored the area all over his body. His glorious toned abs molded underneath her hands.

"You know, there's something of more interest you might enjoy a bit further south."

Killer Frost gripped onto Harry's belt and undid it. The pants rolled down past his ankles. His
underwear pulled off next.

"Oh, I think there's plenty of heat down there," Killer Frost said. Her cool hand wrapped around Harry's extended prick. "Wouldn't you say, handsome?"

"I agree," Harry said with a grunt.

The chilling villainess stuck out her tongue. She brought it down the full length. It traced a pattern down the vein of his cock. She came back up and swirled around the edge of his cock.

Harry enjoyed the feel of the brainy beauty's mouth. Despite the nature of her powers, her mouth was so warm and lovely. Her lips teased the edge of his cock.

Killer Frost shoved most of Harry's twelve inches down her throat. Her throat clenched around him and she gagged.

"If you want the heat, you're going to have to take tall of it."

The bad girl brought her mouth down onto Harry's cock and started to slurp it. Harry closed his eyes and enjoyed the woman giving him a full service blowjob. She teased every inch of him. Her hands cupped and squeezed his balls. The soft and cool feeling of her hands prompted Harry's cock to jump further into the back of her throat.

Killer Frost enjoyed the taste of his cock inside her mouth. Her tongue swirled around him. The warm nectar started to ooze out of him. The beauty kept up the movement.

"Oh, bad girls are always so good," Harry said.

She released his cock and gave him a sexy, sultry glare, through her eyes.

"I know, we are," she said, squeezing his cock before kissing the tip of it. "And you're a very bad boy, trying to take advantage of us troubled girls like you are."

This time, Killer Frost deep-throated him with one solid suck. Harry saw stars with her intense cock-sucking. He held onto the back of the icy beauty's head.

She hummed and sucked on it. The manhood spiked the back of her throat. Killer Frost stared up at him with a hungry look in her eyes. Her hands rested on his stomach the more she came down on the back of his throat. Hunger went through her body.

The thick cock pushed deeper into her mouth. She sucked him deep and hard, cradling his balls.

"You're going to get all of the heat you need," Harry said. "I hope you're happy."

Killer Frost's eyes looked up towards Harry. Her mouth was full his huge cock. Several messy slurping sounds showed how much she was into this fun and games.

The sensations of what she did beneath his waist caused Harry to buck his hips towards. Harry grabbed the back of her head and rocked into her. She held onto his balls and fondled them. The cum would spurt out into her mouth one way or another.

The goddess on her knees before him kept sucking his cock. Harry couldn't hold back any longer. He would have to give Caitlin pretty much everything she wanted along with a little bit more. One more thrust brought it into her mouth.

The young man's cock spurted the seed into the waiting mouth of the icy vixen. Killer Frost blew
him extremely hard, making sure not to waste a single drop of this seed.

Killer Frost brought her mouth down onto him and drained every last drop from his balls. The warm liquid spilled into the back of her throat.

"So, delicious, stud," Killer Frost said, hand still wrapped around his prick and rubbing it up and down. "I know someone like you has more though."

"Oh, believe me, I have more than you can handle."

The confidence burning through his voice caused the meta-human to get wet. The two of them backed off into Caitlin's former cell. A perfect good bed waited for them. It would be a shame to let it go waste.

"Come here, I want you, so badly," Killer Frost said. She licked her lips and started to unbutton her shirt.

Caitlin's shirt had been pulled off to reveal her round, creamy breasts with her pale nipples. Her nipples stuck out for Harry's consumption. She undid the bottom half of her uniform and exposed her pussy. She looked like she was soaked. Caitlin ran her hands all over her sexy body and looked into Harry's eyes with a smoldering gaze. Her tongue trailed over her lips and hunger danced through her eyes.

"Come on, baby," Caitlin said, smiling with a wicked glint in her eye. "I know you want some of this, and I know you can take it."

She turned around and got on her hands and knees. The naughty girl showed everything. Harry reached around her and grabbed her breasts. His able hands explored her body. Caitlin's breath came through her body.

"Look, you're wet," Harry said, smiling. "And so hot."

"Well, you better keep me warm before it freezes up," Caitlin said.

Harry's throbbing cock pushed against her entrance. He pushed inside her and allowed her willing walls to clench him forward. His warm body pressed against hers.

"You need heat, don't you?" Harry asked.

"Oh, yes, baby, lots of heat," she said. "It helps keep me...stable."

The tight walls of the vixen clenched around Harry. Her strong lover pushed around her.

"Feel my breasts, and grab my ass!" Killer Frost encouraged him. "Fuck me so hard I'll be feeling it for the next week."

"Oh, I'll make you feel it," Harry said. "I don't even think your powers are going to numb it."

His throbbing balls pushed against her. Her walls clenched into him. Harry kept going, never slowing down. He thrust deep inside his icy lover to give her more body heat.

Killer Frost could feel Harry's finger brush down the wall of her back. The finger traveled all the way down her body and stopped short of her ass. Harry teased the edge of her hot opening and smiled.

"Do you want this inside you?" Harry asked, with a hard pump inside her. "Do you want me to
finger your dirty ass, until you cum?"

"Yes, please," Killer Frost said.

Her body felt things she never thought were possible. Even before Caitlin became Killer Frost, she never felt this good. The emotions coursed through her body. Her loins continued to throb and encourage more of them.

Harry smiled and pushed his finger into the ass of his lover. He pumped it in her and pushed it out of her. The intense combination of lust spread between the two of them.

The walls of his lover pumped around him. Harry eased her closer to a spectacular orgasm. The handsome gentleman thrust inside her.

"You're going to cum, and it's going to be hard," Harry said. He reached around and cupped her breast. "Go ahead, baby, cum for me, cum for me hard."

Caitlin bit down on her lip and gasped in pleasure. The trickle of juices coming down her legs lubricated Harry's pole when it made its way deep inside her nether lips. He made her feel so good with these rapid fire thrusts. Each time he buried his prick into her, Caitlin's walls grew a bit tighter.

Harry released her into an orgasmic fit of pleasure. The villainess pumped her hips back against him.

"Caitlin, you're so amazing, look at you, you're cumming so much," Harry said.

Killer Frost tried to protest the usage of her name. All twelve inches of prime man meat shoved inside her and forcing her to cum made her rethink it. She held onto the walls causing them to freeze around her. The area around them were warm even though the rest of the room cooled off into a chilling degree.

"You're mine now, Caitlin," Harry said.

"Don't…"

"You crave me, don't you?" Harry asked with a long and deep thrust into her. "Your body is mine to do with as I please. You can't handle it, can you? All you can do is just sit back and enjoy the pleasure I allow you."

Harry pushed deep inside the body of her. The villainess melted, figuratively speaking, underneath his rapid fire thrusts. Her eyes glazed over the more Harry pumped inside her.

"You want my seed, don't you?" Harry asked.

Harry empathized his words by groping Caitlin's swinging breasts. The experiment caused them to be enhanced. They were extremely firm and surprisingly soft in his hands.

For Caitlin Snow, in his hands, her superpowered tits were extremely sensitive. Every touch shot fire through her body and almost caused her to feel normal again. Before, she had been numb, and now Harry was hitting her with every suppressed enough at once.

"Yes, your seed is strong," Caitlin said. "Put it in my womb….shoot all of your baby making juices in my body."
The accident left her barren as the Arctic wasteland. Yet, given Harry was able to resurrect other aspects of herself, Caitlin briefly wondered if he was going to defy all science.

"Oh, you'll get my seed, and maybe it will reignite certain biological functions in you," Harry said. "Perhaps not….it's all about trial and error, isn't it, Doctor?"

She really got into the role she played. It slid into her and slid out of her.

'It should be a shame if he got frostbitten.'

"Don't worry, I won't," Harry said.

Caitlin wondered how he could have known what she was thinking. Another orgasm hit her body and mind hard, thus making it more than difficult to really think. Her eyes faded over with an intense amount of breathing.

"Just release it," Harry said. "And I'm sure you'll assist me in experimenting to see if we can get this working."

"Yes," Caitlin said. "Oh, yes, I will."

Harry's hands moved over towards her hips and gave some leverage. He pushed into her extremely hard with a super powerful thrust. His balls pushed against her backside, about ready to unload.

"Give me it all, we'll start now!" Caitlin yelled.

Her entire body felt more normal than it would have before. She had control, but this was a different level of control. Harry plowed her body with his huge cock.

"Here it comes," Harry said. "Are you ready to get it all?"

"Yes, I'm ready to get it all," Caitlin said. Her tight walls closed around his body. "Put all of your seed in me. Fuck my pussy raw when you drain your balls into my womb. Grab my breasts and squeeze them so fucking hard!"

"Oh, I'm going to fill up your body with all of my cum, and you're going to be addicted to it," Harry said.

A shove forward caused Caitlin to see stars. The body of the villainess shook with pleasure. Harry held onto her hips and rocked his thick rod into her body.

Harry pushed his cock into her body. His balls sized up and released their cum into Caitlin's waiting body. The young man fired a heavenly load inside her. Each burst of cum filled Caitlin all the way up.

Caitlin held on to enjoy him pumping every drop of his seed into her. She collapsed with a sigh and a shudder, the fulfillment of being filled up.

"So, are you ready to go?" Harry asked.

The nude woman pulled herself to her feet and smiled, cupping Harry's balls and squeezed them. She gave him a hungry kiss in response.

"If, I'm going to get more of this, you can take me anywhere you want," Caitlin said. She leaned towards him and pressed her still erect nipples against him. "And you can do anything you want to me."
Harry smiled and leaned towards the sultry woman.

"Dangerous words, dangerous, dangerous words."

End.
Harry Potter lived a rather interesting existence. Many people beloved him and just as many people hated him and everything he stood for. This caused him to receive his fair share of death threats and a couple of close attempts to his life. While Harry found himself as a survivor, those close to him would feel a lot better if he had some formidable security.

After some thought, Harry intended to hire someone he trusted, someone he knew for years to watch his ass and help maintain the security.

"Reporting for duty, sir."

A gorgeous woman with purple hair coming down past her shoulders and shining violet eyes which made her look exotic stepped in. She wore a white tank top which stretched down to her stomach. She had her navel pierced, and that wasn't the only part of her she had pierced. Hip hugging leather pants came down past her.

"Hello, Ms. Tonks," Harry said. "It's been too long."

"It has," she said with a smile. "All of the people you could have hired, and you hired me."

"Well, you can be pretty discreet when you want to be," Harry said. He pulled out a chair and invited her to sit down. "Wouldn't you agree?"

"Yes, when I want to be," Nym said with a smile. He turned towards her. "And I was….interested in some of the perks this job offer had."

Nym smiled when she looked at Harry. He might have been a number of years younger than her, but he was far more mature than many men twice his age. The fact his dazzling green eyes and messy hair along with his handsome looks left women moist in their panties, if they had been wearing any that was.

"Yes, Nym, mind if I call you, Nym?" Harry asked.

"No, sir," she said with a smile.

"Excellent," Harry said. "So, I was wondering if there were any limitations to your powers?"

"The only limitation is my imagination, sir," Nym said. "Well, there is one thing. I can't change my body into an inorganic substance. So I can't change my fists to solid metal and pummel the person who looks at you cross-eyed."

Harry smiled when he looked at her. He thought about as much.

"Don't worry, I'm sure you can think outside of the box enough," Harry said.

"Oh, there is one thing," Nym said, almost forgetting. She could have kicked herself. "If I shrink myself in height… the excessive mass has to go somewhere and well….."

Nym stuck out her already sizeable chest out for emphasis. Harry smiled when he got a full view of her cleavage.
"Interesting," Harry said.

"Which is why I stay the same height or grow taller when I'm in disguise," Nym said. "Otherwise, it's hard to be discreet when the girls stand out."

Harry smiled he could see so.

"So, what about your natural form?" Harry asked.

"Seriously, you're going to go there?" Nym asked.

"Sorry, just curious if you had one," Harry said. "Sorry if it offended you."

Nym's smile softened for a moment. She placed her hand firmly down onto Harry's lap. She resisted any naughty impulse she had, even though she imagined copping a feel. And Harry punishing her by taking her over this desk and having his wicked way for her.

"It's fine, it's just...bad memories," Nym said. "See, there were a lot of boys when I went to Hogwarts, who thought they could get in my panties by wanting to see me in my natural form. It was shameless and kind of desperate to be honest. And really, what's the point in having these powers if I can't have a little bit of fun with them?"

Harry could have sworn Nym shrank a couple of inches and her shirt in response got taller. All of the excessive body mass went exactly where she said it would.

"There was a form I was born in," Nym said, leaning form. "According to my mother, I was shifting in the womb. It gave her a really bad case of indigestion from what I heard. I can just imagine how cranky she was. My poor old Dad."

Harry leaned closer towards her.

"If you don't mind me asking one more personal question," Harry said.

"Well, it depends on what it is, whether I'd mind it or not," Nym said. Her lips curled into a smile when she locked eye to eye with Harry.

"Did you take this job so you could get close enough so I would fuck you?"

Nym had almost jumped up because of his frank and brazen words. A flush appeared through her cheeks as Harry pulled her back down into the chair.

"A simple question, Nym," Harry said.

"I'm not sure if this is professional, Mr. Potter," Nym said, thoughts crossing her mind which were anything but professional.

"There's no need to be so formal, until we're actually having sex," Harry said. "You can call me sir or Mr. Potter then all you want. Until I actually have you bent over that table there, it's just Harry."

"Right, um, Harry," Nym said.

She appreciated the honesty of his intentions. It really got her hot and bothered, given she did in part take this job to get close to him.

"Good girl," Harry said. "And you didn't answer my question."
"Yes, I was hoping….well I was hoping to get a chance," Nym said.

Harry saw her nipples stick out from the other side of her tank top. He rose to his feet where he was above her and leaned down.

"You're not wearing a bra, are you?"

Nym shook her head, biting down on her lip.

"No, I don't….well, I don't care for underwear," Nym said. He leaned closer towards Nym and locked eye to eye with her. "It makes it harder to shift with underwear….given I ended up ripping it half of the time."

Harry smiled and had the lovely mental image of Nym destroying several pieces of underwear in an attempt to get her powers under control before foregoing it all.

"And I'm sure it's easier when you wear clothes which can magically adhere to your skin," Harry said. "Well, today is your lucky day, because we're here, alone in this office, and you want this. And I want this."

Harry pulled Nym up to her feet and pushed his lips onto hers with a passionate kiss. The woman responded in earnest. Harry's hands combed over her body and felt her body. Her breasts smashed against his body.

Nym could not believe this. This was the thing which normally lead to her waking up with sticky sheets and a sweaty face. He kissed her until her mind went numb and chills went down her spine. Nym's knees would have collapsed had Harry not cupped her firm ass in his hands.

"Oh do you want to drop to your knees?" Harry asked. "Good plan….I love the look of your mouth, because you can make it into anything you wish."

"Any requests?" Nym asked.

"Well, you might want to widen your throat cavity a little bit," Harry said. "I would hate to see you choke on your first day on the job….but first….."

Nym's beautiful face looked up when she eagerly worked Harry's pants off. She could see his boxer shorts pitch a tent.

'Better be careful, don't want to lose an eye,' Nym thought. 'Even if it got be a bitching magical eye on Moody's still….'

Harry's hardened staff stuck out. Nym leaned towards it, and the third eye almost stared down at her. It almost beckoned her to take some decisive action.

Her rosy lips wrapped around them. She made them extremely soft and wet when she wrapped them around Harry's head and sucked it.

"Yes, those lips were made for sucking cock!" Harry yelled. "Make your hair a little longer so I can have a better grip."

Nym did as her boss said. Harry grabbed onto her hair to use it as a handle and start pumping his prick into her waiting mouth. Her throat opened up to allow him inside and closed around him.

"I'm going to take your hot little throat, and show you what's going to happen to your pussy later,"
Harry said.

Nym's throat tightened up a little bit and milked his thrusts inside her. She looked up at Harry.

Harry wasn't going to lie. Looking down at Nym with her mouth full of his cock caused him to get hot. Harry pushed his prick deeper into the back of her throat and began to plow into her mouth.

"Keep it up, and you're get a little treat," Harry said.

Nym decided to extend her tongue and push it down Harry's cock, causing the entire length to be serviced. She traced a pattern on the veiny length with her slimy and wet tongue. She pushed all the way out and ran it all over.

"So amazing," Harry said.

He gripped the back of Nym's head and pumped his rod into the depths of her wet and willing throat. Nym sucked down onto his rock-hard pole the deeper it buried itself into her tight and willing throw. Harry hammered Nym's tight throat with a series of rapid fire thrusts.

"I'm getting close," Harry said. "I'm going to pop, and you're going to get all of my cum deep into your amazing throat!"

Nym re-doubled her efforts with a series of hard sucks. The manhood pushed into the back of her throat. Nym wanted his seed in the worst way possible. Her soft fingers caressed his balls.

Harry grunted with a long thrust forward. He pushed against the edge of Nym's mouth and rocked himself closer towards her mouth. Harry reached his edge.

The first volley of cum fired deep inside Nym's mouth. She tilted back and took all of the cum. Several long thrusts pushed into her.

Harry enjoyed the ride with every second from Nym. She sucked him completely dry, caressing his balls all the way to the edge of his pleasure.

"Mmm," Nym said.

"You enjoyed that, didn't you?" Harry asked. "Why don't you take off your clothes and we can have some fun?"

Nym slipped her shirt off to reveal the round and large, yet still perky, breasts she had. A nipple ring stuck out of it. Nym placed her hands on either side of her hips and started to shimmy from those tight leather pants. The woman's smooth body devoid of any tan lines had been revealed.

"Make yourself shorter," Harry said, smiling. "I want to see all of that access mass go to your breasts."

Nym shrunk down a little bit and her breasts swelled in response. Harry took her breasts in his hands and squeezed them. It caused her nipples to grow thicker and harder. Harry took one of the points into his mouth and sucked down onto it.

"Turn your hair blonde," Harry said. "With only a small strip of hair down on your pussy."

Nym did what she had been told.

"Long, or short?" Nym asked.
"Medium length and curly," Harry said.

Nym smiled once more and shifted her hair so it could turn curly. A sultry smile appeared on the face of the shape shifter the moment she looked back at Harry. She shifted more of her weight, widening her hips, while flattening her stomach. Her legs extended a little bit while keeping her DD-Cup breasts nice and full.

Harry ran his hands over Nym's flat stomach and started to feel it. She gasped the more Harry started to explore her body.

"Do you think you can make your ears pointed?" Harry asked.

Nym closed her eyes and made her ears look elven. She smiled and watched as Harry sat down onto the chair. The gorgeous shape-shifter made her way onto his lap.

"Looks like you're not so little friend is ready again," Nym said, straddling Harry's lap. "Why don't we give him some attention?"

Nym's large funbags pressed against Harry's face. Harry closed his eyes and enjoyed her pussy when it slowly teased the head of his cock. It threatened to invade her dripping womanhood. Harry leaned back onto the chair and waited for Nym's hips to lower over the tip of his cock head.

Seconds passed before Nym lowered herself onto Harry's extended cock. The witch breathed in heavily when she filled his body.

"Yes!" Nym moaned. "This feels so good."

Harry enjoyed the sensation of her tight cunt pushing around him. Even without her powers, Harry had the sense she was pretty tight because of the shape she kept herself in. She manipulated his penis and gave it a hell of a workout the more she pushed up and down onto him.

"Yes, it does," Harry said.

Harry said these words and cupped Nym's large breast. He had more than a mouth full of tit flesh and sucked on it. The sexy girl pushed her hips up and down on him in response.

Nym thought she had practically died and gone to heaven. Harry's mouth made this experience all this much more enjoyable. Her hot walls slid almost all the way down onto him. She held onto his hips and pumped almost all the way down onto him.

"You're going to cum, aren't you?" Harry asked.

Harry's hands traced patterns on Nym's soft legs. This only prompted her to rise all the way up and push down onto Harry's throbbing prick. The hot older woman rocked her hips down onto him in an attempt to ride out her own orgasm on his prick.

Nym enjoyed something powerful between her thighs. Harry's thick tool gave her the relief and the pleasure she wanted. His hands also cupped and caressed her breasts.

"Mmm, cumming, really hard."

Her muscles tightened around them. For a second, Nym thought she was going to crush his penis between her thighs. Harry kept pumping into her and manipulated her muscles.

"Oh, I love it when a man takes control," Nym said. "Fuck my slutty body, drill me hard….oh,
"Take my ass."

"You have such a nice ass," Harry said.

Nym closed her eyes. Harry ran his hands over her ass and started to squeeze it. He did this at the same time as pushing his face between Nym's breasts and motorboarding her nice and hard.

The Metamorphmagus pushed her hips all the way down onto his rod. Her slick center drove all the way down onto him with a series of rapid fire pumps.

Harry enjoyed the feeling of Nym. He tilted her back and practically leaned her back against the desk. He rose up and pushed her back onto the table.

"Figured, you could use a break," Harry said. "Your thighs have to have become sore by now."

Harry pulled almost all of the way out of her. He smiled and motioned for Nym to turn around. Nym did exactly what Harry had told her. Her hands pressed against the desk and legs spread. Harry pushed his hands against either side of Nym's cheeks and gave her a squeeze.

"I hope you're looking forward to me bending you over this desk and fucking your brains out."

Nym's hair extended for Harry to get a handle.

"The sooner you drive this handsome cock into me the better," Nym said. "Feels so empty."

Harry brushed his thick prick against her entrance. The heat coming from between Nym's legs made Harry want to drive himself into her and stretch her completely out.

"You want it, you got it."

Harry positioned himself against Nym's entrance and pushed deep inside her. The shape-shifting Auror clutched the side of the desk the second Harry buried his full length inside her tight twat. His balls pushed up against her as Harry held onto her. He pushed in of her with one thrust and out of her with another thrust.

Nym clutched onto the desk when Harry fucked her over the edge of it. His hands moved up and grabbed her breasts. The talented young man channeled a small bit of energy through her melons. The resulting impact caused her loins to reach down.

Harry banged Nym's slutty body over the desk. The woman's sexual moans and encouragement made Harry push himself even deeper into her. He stretched her pussy out.

"You're doing such a good job," Harry said. "I'm sure you'll do a good job in making sure no one threatens me as well."

Harry held his hand on Nym's round breast and squeezed it. He took his hands down her body and pumped into her. The rougher he fucked her, the louder she became. His balls swelled up with more.

Constant orgasms racked through Nym's body. Harry only allowed her enough time to process one before processing the other. Her pussy tightened and breasts swelled the more Harry plowed into her.

His sexual dream bent over his desk made Harry want to plow her even more. All great men reached their limits.
"I'm going to drive my cock into you," Harry said. "I'm going to drive it into you so hard all of my seed is going to spill into you."

Nym could feel his cock inside her. The excitement of being swollen up with the seed of such a powerful man, and potentially impregnated had her all hot and bothered. The thick manhood pushed into her body.

Every clench of her pussy around his throbbing cock made Harry throb even more. He came close to burying his seed inside her tight snatch and draining his cum inside her body. One more thrust would bring her closer to the edge.

"Here it comes," Harry said, slapping her on the ass.

"Put your cum in me!" Nym yelled. "Bury your seed inside me!"

Harry pushed all the way inside her body. The contents of his balls shot inside her body. A few pumps brought the contents of his balls inside her body.

Nym almost fell back onto the desk. Harry caught her and pulled her back onto the desk before rolling her over.

"So, did I get the job?"

"Yes," Harry said. "Keep up to these standards, and you can keep it."

END.
Elena Gilbert shifted against the warm body which lay beneath her. She didn't really want to move from her position. The dark haired vampire knew out of necessity she would have to. A breath escaped from her body. She dressed in the most minimal amount of clothing possible for this situation. It was really a wonder she wore anything at all to be honest, although it did add an amount of allure and anticipation to the situation.

The dark haired beauty opened her eyes. The see through material covering her body threatened to give way. She wore a pair of panties underneath the silky see through top. The handsome green eyed man beneath her started to wake up.

"Hey," Elena said. "Harry?"

"Mmm," the voice of Harry Potter said.

"I'm hungry," Elena said with a smile. "And I don't mean for your blood this time."

When Harry Potter gave his blood willingly to you, good things happened. When someone took his blood from him without his consent, bad things happened. Extremely bad things, the likes of which made people shudder when thinking about it. It really depended on the gender of the person.

Harry reached up and grabbed onto Elena's hips before rolling her over onto the bed. He smiled with a predatory smile.

"I would have thought after last night you would have been sated," Harry said.

"You know me, I'm never satisfied," Elena said, reaching up and running her fingernail down his chest with a smile. "I might have taken a shower last night and….slipped into something a bit more comfortable."

"I thought something was missing last night," Harry said.

"Well, I was, and you could have joined me," Elena said, cupping his face and smiling. She leaned down towards her. "But, now I want you, master."

It had been a little running joke between the two of them for Elena to call him master. To be honest, it was fitting given Harry had mastered a lot of magical creatures of various sorts, and brought them into his harem.

Well, technically collective, Harry frowned upon the use of the H-word. Regardless, the beautiful brunette pushed her lips down onto Harry's and started to kiss down on them.

Harry smiled through the kiss. This was the ideal way to wake up. His hands moved over Elena's amazing body and started to stroke every inch of her skin. He could sense her arousal through him.

Elena slid her body down his, worshipping every inch of Harry's with her scantily clad body. Her breasts brushed against his manhood which almost stuck out from the other side of his boxers.

"I don't think we'll be needing this anymore," Elena said with a saucy smile and she squeezed his
manhood through his shorts. "Do we?"

"I don't think so either," Harry groaned, feeling her able fingers going down between his legs. Harry continued to shift a slight amount.

His cock sprang out for them. Elena gave him a wicked smile and leaned down. The beauty pushed her lips down onto his manhood, inhaling it all into her mouth.

Harry looked at his lover with the seductive naughtiness dancing within her eyes. She cupped his balls and started to work all the way down onto him. She practically inhaled his cock with fever and hunger.

Elena sucked his manhood a few more times. She brought it into the back of her wet throat. A few more passes and Elena pulled herself off.

"Might as well," she said, shrugging off her nice dress.

Harry stared down her beautiful body. Her firm breasts with tanned nipples stuck out from him. Her flat stomach and curved hips went all the way down. She pulled her panties down to reveal a pink, dripping mound with only a scant bit of dark hair.

Elena smiled and turned around, showing Harry her ass.

"It's rude to not give you a chance to eat."

Harry grabbed Elena's hips and pushed it down onto his face. He teased the outside of her lips seconds before delving into the inside of them with his tongue.

Elena managed to keep herself mentally in charge. His thick cock stood up from her. Elena popped her lips and resumed sucking it.

The two lovers laid in the sixty nine position. Harry enjoyed the feel and the taste of his lover's pussy while she tried to suck on his cock and get the cream inside of it.

Elena closed her eyes and the warmth of his tongue buried inside her made things even more intense. She ground her hips up and down on Harry's face in an attempt to get him to go down further into her.

Harry rose to the occasion, wanting to make Elena to cum over his face. He gave her a tongue lashing, using the talents he had been born with.

Elena gasped when he hit all of her sweet spots. She brought his cock far into her throat in response. Her thighs clenched and released an immense amount of juices directly onto Harry's face.

The response of her doing this forced Harry to bring the point of his cock deeper into her throat. His hips bucked up and released their juices. She clenched onto him and sucked it all down, releasing every single inch of it inside her.

The taste of Harry's seed into her throat prompted Elena to smile. It caused her hips to grind more on his face and give him more of her pussy juices. The sensation of his tongue inside her and erupting cock buried deep into her throat forced her body to size up.

Lust burned through Elena's body, the moment she retracted herself from Harry. She wrapped her fist around Harry and pumped him up.
"Patience is not your virtue," Harry said.

"Not when there's something worth waiting for," Elena said, smiling. Her tongue trailed around her lip to get some of the excess cum off.

A jolt came through Harry's balls the second Elena perched herself onto him. She gave him a cute little smile, baring her fangs at him playfully. Her nails dug down into Harry's chest.

"On top, but you know you're not going to be in control for long," Harry said, his hands taking their place on Elena's body.

"Let me have my moment," Elena said.

Elena positioned herself up over the top of Harry's eager rod. It prepared to engulf her entire body. She craved it and needed it inside her more than life itself.

Harry experienced the feeling of Elena pushing herself down onto him. The tightness of the woman kept down around him.

"How do you stay so tight?" Harry asked.

"Are you complaining?" Elena asked.

Harry reached up to meet her breasts and squeezed a handful of them. She pushed her hips closer down onto him.

"No, heavens, no," Harry said. "Just a bit curious."

"It's a perk," Elena said, rotating her hips around the edge of Harry's manhood. Every single inch of him pushed deep inside her.

Harry decided to rotating his hands around Elena's body. He pressed his palms onto her breasts and gave them a light squeeze. He moved down and started to touch her body. The softness of her flesh made Harry want to pump his rod into her body even further.

Elena bit down on her own lip. The pleasure coursed through her loins the further she worked herself down onto Harry's throbbing rod. One inch at a time his manhood pushed inside her tight body. The woman's loins kept pushing up and down on him.

"Yes, your hot body is a perk," Harry said. "I agree, and it belongs to me."

"Yes, master, please master, harder."

Harry pushed himself up into her tight cavern. Elena's sweet pussy closed down onto him and tried to milk out a premature orgasm.

"You should know by now I'm anything, but premature," Harry said, hands roaming behind her. He placed them on her back and started to roll them down on her.

Elena's entire body shivered in response. He sent more jolts of pleasure all the way down her body. It was far more than she ever thought she could experience.

"No, you're not premature, you're amazing," Elena said.

"Feel your body tensing up?" Harry asked. "Feel the release coming to you."
Elena nodded. She knew Harry wouldn't grant it to her right away. Elena intended to work for it though. Every step of the way she would work for it. Hot walls brought down onto his manhood. Elena tried to channel the energy and bliss through her cunt muscles.

Harry traced patterns all over her body. He marveled how soft and firm her flesh was. What spots inflamed his lover's passion the most and how he could spark this particular level of passion within her. Elena rose all the way up on his manhood and pushed it deep inside her body.

Elena enjoyed the tempting touches he delivered to her. He knew what spots drove her to greater passion and knew how to deliver this particular level of passion through her.

The release had been allowed. Elena threw her head back with a primal shriek of pleasure and drove herself onto Harry's cock to ride out her orgasm. Each jolt coming through her body added to the pleasure and the fun. Elena kept bringing herself up and down on him.

Harry held her hips down onto him. She looked down at him with a passionate look in her eyes. Harry marveled at the stamina.

Elena didn't have to take too long to catch her breath. Her tight loins pushed all the way up on Harry and started to bounce up and down on him once again. She pushed all of Harry's hard cock.

"You want more," Harry said, smiling.

"Yes, I always want more," Elena said, rocking her hips down onto him. "I need you inside me, deeply inside me. I can't get enough of it."

Elena's eyes closed shut. Harry's hands once again hit the pleasure spots when he explored her body. He knew the right spots to drive her nuts and to cause her body.

Harry enjoyed exploring her body every single second she bounced up and down on his throbbing hard cock. Elena's slick walls were a treat the further they came down onto him. Harry touched her breasts and gave them a firm squeeze on the way down.

Another orgasm fired through the woman's body. She brought herself down and impaled herself onto his cock. Several other miniature orgasms exploded through her body every single second Harry teased her skin and caressed her lovely nipples.

"Mmm, so good," Elena said.

"I know, you're always so good," Harry said.

Elena bent down and gave Harry a playful bite on his neck. Her pussy exploded with a gushing feeling when Harry invigorated her through her body.

Harry marveled at her stamina. She kept pushing down onto him.

Elena smiled and slid off of him. She left his cock, dripping with her juices, standing up. Elena turned around on the bed and spread her legs. She showed Harry her dripping hot pussy and ass. It beckoned for him and was ready to receive the attention they both though it deserved.

"Figured you could use a change of positioning."

Harry mounted her from the backside and slid inside Elena. Elena's hot wet pussy closed around him. Harry's hands cupped her nice breasts and gave them a squeeze.
Elena's entire body shook from the sensation of him driving his cock into her. For some reason, it always was so much bigger drilling into her from behind. Then again, Harry always found his way to stretch out her body in new and extremely pleasurable ways.

"You crave it don't you?" Harry asked.

"Yes, I want your cock, give it to me, baby!" Elena yelled, clutching onto the sheets.

The sexy brunette bit down on her lip. Harry smiled when he ran down on her body. The heat pumping from her grew rather intense. He kept thrusting inside her.

"Time for you to be released again," Harry said, bringing his finger around. He caressed Elena's nipple and gave it a light twist.

The sexy girl's hot loins caressed Harry's cock in response. The orgasm started and spread through her body. It caused a sensation of pleasure all the way from the top of her head all the way down to the tips of her toes.

Elena gasped when Harry rubbed his thick tool up and down against the edge of her dripping slit.

"I bet you want it harder."

"Yes, master," Elena said. "Please, drive it into me harder."

Elena's mouth bit down onto the sheets. The sheets had been released from her mouth when Harry gently gripped the back of her hair.

"I want to hear you scream when my cock drives into your tight body," Harry said. "Do you understand?"

"Yes," Elena said, loins pushing down against Harry's cock when he drove it inside her body. His balls pushed against her, growing a bit swollen with arosual. "Do it, give it to me. Give me your entire large cock. Bury it inside my body!"

Harry buried himself balls first into her body. Elena's walls stretched around him when he rocked inside her. The warm and sweet heaven of the vampire's lovely snatch clutched around him.

Elena marveled at Harry's stamina. She could feel his cock swell inside her and bury inside her burning womb. Elena screamed out in pleasure. Her eyes rolled back. The lust boiled through her body.

The contents of Harry's balls started to swell the more he pushed into the body of this sweet and sexy girl. He knew he couldn't hold back too much longer.

"I'm going to cum," Harry said, catching her ear lobe with his mouth.

Elena closed her eyes and started to nod. Her legs spread to allow him to go deep inside her as possible. Each time he buried inside her, Elena's hips gave a little twitch.

Harry marveled at how wet she was. It allowed him to bury deep inside Elena's sweet snatch. He pumped inside her at a rapid fire amount.

Elena pushed back, making sure his cock put inside her.

"Put it inside my body," Elena said, her entire body twitching around him. "Give me all of your seed. Bury it inside my body, make me swell up."
She could sense the level of cum inside her.

"I've got a big load for you," Harry said. "It's a load which belongs in your sweet, slick, pussy. I'm going to bury everything in your womb."

Elena's entire body shifted. Her heat sought Harry's cock and sucked it inside her. One more orgasm cascaded through her body and closed around him.

The tight vaginal walls milked Harry. Harry held onto her hips and pumped himself into her. The young man drilled inside her hot cunt and emptied inside her.

"Oh, your cum feels really good being buried inside my body!" Elena yelled.

Harry smiled and continued to bury his cum inside her body. The young man finished riding Elena, pressing himself against her back and cupping her breasts while finishing his cock pumping inside her. His hands brushed all the way and pulled out of her.

Elena collapsed to the bed, a smile of contentment. She turned around and pulled herself up towards Harry. She draped herself over his waist and started to kiss his abs some more. Elena traveled all the way down his body and captured his cock inside her mouth.

"Ready for more?" Harry asked.

Elena squeezed his swollen prick and licked the excessive juices off of it. She smiled when tasting the combination of their juices before pushing his cock inside her mouth to give it a few more hard sucks. She pulled herself up and stood, legs spread over the top of Harry.

"This answer your question?"

Elena's hot walls pushed down Harry's extended prick and buried him completely inside her tight body. She closed her eyes tightly and smiled in pleasure and passion.

Harry enjoyed her bouncing up and down on him like there was no tomorrow. He always enjoyed a fit girl with a lot of stamina and the hunger in her eyes made Harry want to pump her pussy full of a second load of cum.

"You're so hot," Harry said.

"Mmm, I know," Elena said. "Hot for you, lover."

Elena wrapped her hot walls deep around Harry's throbbing manhood. They had a long weekend ahead of them, three day weekend in fact, and Harry had a good idea where they were expending it.

The tight sensations of his lover's cunt trapping and releasing his cock while Harry explored her body made him think this was going to be a really good weekend to say the least.

"Hope you didn't have any plans today," Elena said. "Because I'm really hungry."

"Oh, I think I'll adapt," Harry said.

Elena's walls pushed all the way down on him with a few more pumps and the two went to another round of sweaty love making which would happen again and again throughout the weekend.

End.
Kara received a text message which intrigued her, especially given the person who had sent it her. The fact he wanted to meet her in the CatCo headquarters of all places made Kara all this more the curious. It was well after midnight here.

The Girl of Steel placed her hand on the edge of the door, only to find out it was unlocked. The young woman walked inside and could hear a light round of music coming from inside Cat's office. Whoever broke into Cat's office and started playing office really had quite the set on them. Kara blushed, knowing this particular person did have quite the set on him, in more ways than one.

Kara slipped the glasses on the bridge of her nose and frowned. The fact he wanted to meet her as Kara and not Supergirl made her extremely curious to be often.

"So, you wanted to meet me here?"

Kara came face to face with Harry Potter, who casually sat at Cat's desk.

"Yes, I have something for you," Harry said. "Coffee?"

Kara smiled and sat down at the desk in front of Harry. The handsome and enigmatic young man sat at the desk and fixed the cup of coffee for her.

"Thanks," Kara said. "Do you mind explaining why you wanted to meet me here in all places, in Miss Grant's office?"

"Cat has a nice office," Harry said.

"Don't you have a nice office as well?" Kara asked.

"Well, yes, but it's currently going under renovations," Harry said. "It's a long story…needless to say I've ruffled a few feathers…and some of those powers have access to a lot of fire power."

Kara smiled, it made sense to be perfectly honest.

"And, you know, the job is still on the table, if you want it," Harry said. "I think you really deserve better, Kara."

The most powerful woman in the world shouldn't have settled for fetching coffee for some woman who could not even bother to say her name properly. And Harry did respect Cat's work, as much as he enjoyed busting her figurative balls.

"You know, I'm thinking about it somedays," Kara said. "Especially with the awkwardness lately but….I'm not here to talk about my problems. You said you had some information for me. Unless you did call me into Cat's office at the middle of night to offer me a job."

"Well, it has good dental, that's not the point," Harry said. "I have something for you…..I believe it's one of those rogue Phantom Zoners are causing problems….and I think this looks like a job for Supergirl."

"I can't believe you said…really? "Kara asked. "You sounded like a cheesy fifties radio show."
"Maybe, but it's fitting for someone like you," Harry said. "The world's a lot better off since you put on this costume. You inspired hope, and you've given my bitter ass a reason to actual feel some hope for the world."

Kara smiled. The first time she met Harry, he seemed like a bit cool. She heard of ice princesses, but never an ice prince. The more she learned about Harry though, the more she knew understood why he had been put in such a dark place. He pulled himself up from the darkest hour.

"Why give it to me, why not the DEO?" Kara asked.

"There's a lot Supergirl can do which the DEO couldn't do," Harry said. "And it's my way of thanking you for making sure the transmitter didn't fall into the wrong hands. You showed me why I need better security."

"To be fair, you helped me out as well," Kara said. "And now, thanks you, the Kryptonite won't affect me anymore."

"So the shield works like a charm?" Harry asked. Kara raised her eyebrow. "Sorry, bad pun."

Kara laughed and placed a hand on top of Harry's. She leaned forward towards him.

"It works well," Kara said. "I ran into a chunk of Kryptonite as large as this desk last week and I didn't even feel it."

"Good, I'm happy to help," Harry said.

"I never had a chance to really thank you," Kara said.

Kara paused for a brief second. She had wanted to do something for a long time, ever since she knew Harry. Now was the time. She leaned in and stalled for a minute.

"You were about to do something, weren't you?" Harry asked.

"What, no, I wasn't....."

Harry captured Kara's lips into a kiss in response. She gasped when his tongue sought entrance into his mouth. Kara proceeded to do the only thing which made sense and kiss Harry back with intensity and passion. Their lips molded together like this was the most natural thing in the world.

Kara could not believe this was happening. She could not believe it at all. The proof was there. She kissed this extremely attractive man and he kissed her back.

Harry smiled and parted away from her. Kara slid back and gasped in response. Anticipation of what might happen next went through her body. A fire the likes of which she never felt before coursed all the way through her.

"Someone has been holding back their feelings," Harry said.

Kara smiled and leaned towards him, almost pushing him back into the chair. She straddled Harry's lap and started to kiss him madly. Her lips found his neck, face, and other parts of his body with the constant peppering of kisses. Kara grew mad with trying to cover his face and mark him with her lips, her mouth, and everything else.

Harry closed his eyes and experienced the joy of her warm and powerful lips continuing to pleasure him. The feelings of them pressing all over the side of his neck escalated him even more.
"You're so handsome," Kara said. "I've dreamed about you."

"Oh, I'm sure you have, Ms. Danvers," Harry said.

He cupped Kara's bum through her skirt. She breathed heavily with Harry leaning on in and kissing her a few more times across the face.

The part of Kara's mind which processed logic and reason as opposed to emotion started to kick in. Which was hard due to the face Harry's palms found residence on her lower back and he pushed his hands against her, teasing her rear.

"There's a few reasons why we shouldn't do what we're about to do," Kara said.

Harry leaned her back onto the desk, Cat Grant's desk, and smiled. He leaned down onto her and kissed Kara on the lips even more. He captured them. She sucked back on them hungrily.

"Oh, there might be a few reasons why we shouldn't do what we're about to do," Harry said. "And even more reasons why we should."

Harry's fast hands worked over the buttons of Kara's blouse and exposed her chest in a bra. His eyes locked into the visual buffet of her smooth and untainted skin. Her skirt came down and Harry could see Kara subconsciously lifting her hips towards him, as if begging for attention.

"You're Supergirl," Harry said, kissing the side of her neck. He bypassed her breasts and continued to kiss all the way down her body. "Key word being girl, even though you're pretty super."

Kara's hips lifted and allowed Harry to remove her skirt. She made sure Harry to see how soaked he made her panties.

"And to be more accurate, you're a woman," Harry said, kissing her stomach and lingering on her flat tummy. "And you have the desires. And you shouldn't hold back from them."

"I'm afraid….I could get excited and hurt someone," Kara said.

Harry's started to kiss down Kara's legs. He could feel her skin heat up when he worshiped every single inch of her body.

"Don't worry, Kara, you're not going to hurt me," Harry said. "Whether or not, I hurt you...well it depends on how much you can really take."

Kara wondered what he meant by this. Not too much time to think when a cool rush of air spread down between her legs. Kara closed her eyes and enjoyed Harry's lips traveling down.

He made her feel so good and he moved closer and closer to her. Harry kissed around the inside of her thighs. He moved from the left and then to the right. Harry didn't even hit the center point of Kara's womanhood. She breathed in heavily and out heavily.

"I bet you taste as good as you look."

Kara's cheeks reddened when Harry kissed closer to the center. She gasped when Harry bit her love button. A jolt of pleasure came through her body.

"I can feel….I can feel everything you're doing," Kara said.

"Of course, you can," Harry said. "Your body deserves the same pleasure as every other woman."
Harry leaned down between Kara's thighs and prepared to worship his personal hero. The honey dripping down Kara's legs ensnared Harry and intoxicated him to move closer. He pushed his nose against her and then took her lips into his mouth.

"Great Rao!" Kara breathed, pushing her hips forward.

Harry captured Kara's nether lips between his own and started to suckle at them. He teased and tasted the inside of her lips. Kara could not believe someone devoured her womanhood like she was the last meal on Earth.

The exotic taste coming from Kara made Harry want to taste even more of her. The taste rising between Kara's loins made Harry want even more of what she had to offer. Harry's tongue circled around Kara's walls and started to bring the juices from between her legs.

"I'm feeling really good," Kara said, bra sliding off. She responded by cupping her own firm breasts and breathing in and out.

The feeling of her sizing up made Kara's juices spurt into Harry's mouth. Harry wrapped his lips around hers and started to suck her. The taste of her caused Harry's pants to become restricted and make him throb. As good as she tasted, Harry could feel how warm she was.

Kara could feel it inside her. His tongue toured the inside of her womanhood. It made Kara's intense sensations rise through her body. No one treated her in this way before. She masturbated before and played with other girls, her adoptive sister being among them, but this lead her to an entirely different level. Harry sensed what she wanted and delivered it.

Harry could tell from Kara's body language and a few projected thoughts what she wanted. His tongue mimicked a vibrator when it coursed in and out of Kara in a rapid fire degree.

Kara closed her eyes. Her entire body sized up with a burst of pleasure coming through her loins. Every single time Harry buried his tongue inside her, she thought it was going to die.

He manipulated Kara's core and caused her to explode with a rapid fire series of orgasmic sensations bursting through her body. Kara's hips rose and fell repeatedly.

"Why don't you return the favor?"

Kara closed her eyes and sat up on the desk. Harry's crotch was now eye level to her where she was. She unbuckled his belt, feeling him.

The moment his trousers came down, Kara could see him poking out from underneath. She couldn't believe it.

"That can't be real," Kara said.

"Why don't you pull down my pants and find out?" Harry asked.

Kara took the invitation and pulled down his boxer shorts. She gasped in pleasure. Her legs clenched together and started to rub her thighs together.

All twelve inches of his cock stuck out in front of Kara. Kara wrapped her fist around his manhood and started to stroke it up and down.

"I'm sure your lips are going to feel good around it," Harry said. "Why don't you give it a try?"
Kara did as he had asked. Her lips moved forward and wrapped around Harry's lips. She suckled the head a few times and tested him, by twirling her tongue around. Kara tested out what she saw on video's she saw online.

Could she get it all into her mouth?

"Just relax, and let it go inside," Harry said.

Harry's hands pushed on the back of Kara's head and she leaned back. She took Harry's large and juicy cock deep between her lips and down into her throat. The feeling of Harry throbbing in her mouth caused Kara to close her eyes.

"Nice and slow at first, get used to it," Harry said.

Kara gained some momentum when sucked him. She expanded her throat to allow the large intruder to push into the back of it. She bobbed forward and brought her mouth all the way down onto his manhood.

Harry closed his eyes and enjoyed the vacuum tight seal of her mouth and throat. Kara's lips wrapped around his tool and she gave him a series of deep and passionate sucks.

"Mmm, mmm," Kara moaned.

She enjoyed the taste of this prime hunk of manhood into her mouth. It caused her entire body to heat up. Harry's balls pressing against her chin was a nice touch as well.

A wicked idea entered the back of Kara's mind. She reached between Harry's legs and started to play with his throbbing balls. Her hand squeezed him and fondled his swinging testicles.

"Keep this up, and I'm going to cum in your mouth," Harry said.

Kara's beautiful mouth worked around his body with a few more sucks. She wanted to taste him, to see what he had to offer. Kara gripped his swelling balls with a fair group.

"You're so good, your mouth is warm as I thought it would be," Harry said. "Your throat is tight, it feels so good. You deserve a reward for being such a good little girl. It's time for the heroine to get her reward."

Kara tasted his meaty spear a few more times. His hips started to buck forward. Kara could taste the first bursts of cum spilling from the head of his cock. Kara leaned back and wrapped her hot lips around him. A few more sucks brought Harry's throbbing cock into her mouth. His balls followed with a few more deep and powerful thrusts.

Excitement grew through Kara's body. She couldn't wait to taste all of her lovers spilling from his balls. Kara leaned her head back and inhaled his manhood as far as it could go into the back of her throat.

The first blast of cum connected with the back of her throat. She gasped the moment Harry deposited it into the back of her throat. The taste of it caused her nipples to grow hardened and the area between her legs to stick together.

Harry held onto Kara's face and rammed his cum deep into her mouth. She looked up at him with a smoldering gaze from the other side of her glasses and did not waste a drop of cum.

Kara almost fell back onto the desk, Cat's desk, and started to breath heavily. Harry pressed his
hands on the side of her face and smiled.

"Ready for the main course," Harry said.

Kara could feel his flaccid cock rub against her flat belly. She breathed heavily when Harry made his way closer between her legs.

"Yes," Kara said.

"Is this your first time?" Harry asked.

Kara bit down on her lip anxiously for a moment. Harry's hands teased her opening and started to rub her. These powerful fingers pushed against the edge of her entrance.

"Yes, with a man," Kara said.

Harry smiled, this was oddly specific. He would have to get full details on this later. For now, Kara's walls parted for him. Her beautiful and pink pussy radiated so much heat Harry could not slide in.

"You're going to get the full experience now," Harry said. "I hope you're ready."

Kara held onto Harry's arm to encourage him she was ready. Harry planted some kisses on her body and started to go down. He wrapped his lips around her perky nipple and gave it a suck.

"Please, Harry," Kara breathed. Hunger danced through her eyes. "I need you inside me."

She dreamed about this for a long time. Kara really hoped she wouldn't be waking up in the middle of her apartment with sticky sheets and the need for a long shower.

"Oh, no, Kara, this is very real," Harry said. "Nothing is going to make you feel this good."

The area between Kara's thighs heated up. Harry positioned his prick perfectly on the other side of Kara's entrance. Her legs spread for him and there was only one thing she could feel right about now.

It went inside of her. Kara could not believe it. Harry pushed deep inside her all of the way. At first, her body protested at the thought of having something this large inside her.

"Just close your eyes, and let it all the way in," Harry said. "We're only halfway there."

Kara reached around and placed her hands on Harry. His ass was about as firm as it looked in those tight pants. This pleased Kara behind all belief. Harry rose almost all the way out of Kara's body and then pushed himself deep inside her.

The first thrust inside her caused Kara's hips to jolt up. Her legs made their way up to Harry.

Harry smiled, the feeling of her soft flesh wrapped around his waist encouraged him to soldier on through. Her pussy lips caressed him on the inside as well. Harry thought it would only be fair if he would place his hands on either side of Kara's legs and begin to caress them in response.

Kara's moans grew a fair bit deeper in response. Harry pushed his manhood deep inside her loins. The heated center pushed all the way up to meet Harry's incoming thrusts.

"So good," Kara said. "It feels so good!"
Kara's warmth enveloped Harry. His hands caressing her legs made her buzz with excitement. Kara knew a lot of people stared at her legs when she flew past. The fact this handsome man paid them attention and worshipped them.

"You're a goddess, Kara," Harry said. "You deserve to feel good. Do you want more?"

Kara smiled at the compliment and nodded. She raised her hands and encouraged Harry to pump inside her a little bit more.

"Let's test the structural integrity of this desk."

Harry rose his manhood all the way up and brought it down into Kara with a bit force. He had no doubt Cat Grant would have the best and most structural sound desk, well other than him of course. Or she would have the best pile of toothpicks after he got down with it.

Kara could not believe this. Trespassing, technically speaking, and getting nailed on her boss's desk. Kara knew if she had been caught, she might end up being fired, if she was lucky.

'So worth it.'

Harry plowed his thick manhood deep inside Kara's hot body. The walls stuck all the way around him and milked it. He could feel the pulsing coming from the hot loins sticking towards him. Kara's entire body was tensing up for an orgasm.

"You're cumming."

"I'm cumming!" Kara yelled.

"Yes, you are, your tight little pussy is cumming over my big cock."

Kara's entire body inflamed with desire. The pleasure centered to her loins. Harry pushed into her and rode her all the way to the first orgasm with a real living cock inside her. She had a few toys inside her, but this paled in comparison to what was happening to her now.

"Maybe you should pull out," Kara said as she remembered what happened to her first toy.

"Kara, I'm not going to break, trust me."

Kara would have to take Harry's word for it. Right now, he pushed deep inside her with a long and powerful thrust. The two of them met stroke for stroke with each other. Harry pushed himself inside her hard.

The first rush of orgasm spread through Kara's body when Harry penetrated her hard. Her entire body seized up around Harry's cock and clamped down onto them. Her thrill increased when Harry's pole pushed into her core despite the powerful force emitting from her loins.

"How did you....."

"I'd say magic, but it sounds cliché."

Kara was about ready to say it was because he was magical anyway. She breathed in and out heavily with Harry pushing his way deep inside her body. The thrusts turned into a long and hard bombardment of Kara's slick chamber and made her feel so good.

Harry enjoyed the feeling of her pussy wrapped around his cock and legs wrapped around his waist. The moment she came down from the first orgasm, Harry lead her down another path to
another orgasm. He struck his manhood deep inside her walls.

The hot feeling of her loins stroking him encouraged Harry to speed up.

"Yes!" Kara yelled.

"I bet you wish this happened ages ago," Harry said.

Kara nodded vigorously and soaked in the full appreciation of him pumping the inside of her body. Her walls tightened around for another orgasm. It was so soon after the first one. The energy and natural stamina pumping through her body allowed her to reach a new peak.

The sensation of the latest orgasm squeezed Harry. She attempted to coax the seed from his balls. Harry held onto her and pushed into her depths with a vigorous and extremely fluid pump.

"You really want your reward, don't you?"

"You said I deserved a reward," Kara said. Her fingers trailed down Harry's back and clutched his firm ass tightly to encourage him to bury deep into her.

Harry pushed balls deep into Kara's sweet and savory pussy. A huge amount of rapid fire thrusting made Harry enjoy all she had to give him.

The end would be about to come. Not before Harry brought his heroine to the edge of her peak and made her feel everything she deserved. The rising energy from Kara's body circled Harry's cock along with her thick juices.

The third amazing orgasm in many minutes passed through Kara's body. She became a slave to the sexual energies surrounding the air. Kara pumped her hips up and pushed Harry's thick tool into her depths.

Multiple orgasms rattled Kara's body before Harry was ready. His balls swelled up and the end had been reached.

"One more time," Harry said.

The hot and sexy breath hitting Kara in the back of her ear prompted her hips to jerk up. A deep thrust pushed Harry hard and deep inside her.

"Yes," Kara agreed.

Their orgasms ended mutually with each other. Harry pounded her all the way to the edge and shot his cum inside her.

The warm fluids splashing into Kara's body made her body tingle with excitement. Harry had kept a heavy load from her. A never ending supply of cum fired into her and made Kara's walls slide up and push down onto the invading prick pushing into her depths.

Harry enjoyed the sweet and wet pussy closing around him. His sweet angel collapsed in sweat pile on her boss's desk.

Kara looked up at him, biting down on her lip when viewing him through adoring blue eyes.

"You have no idea how long I've wanted this," Kara said.

"I can start guessing," Harry said.
Both of them laughed before Kara grew suddenly serious.

"Why don't we clean up and finish this at my place?" Kara asked.

Harry responded with her request with a kiss. She wasn't sure if she could make it back home at the rate Harry was going. His hands were all over her body and her hands were all over his.

"Okay, one more for the road, then we really got to leave."

The End.
Harry Potter sat behind the desk at his penthouse office. Given the nature of his work and the organization he headed, he had people coming through his door offering questions to solve numerous problems which had frustrated them. Many of these problems, Harry didn't have the slightest problem in solving. There were other problems though, which were a bit less cut and dry.

He did leave his door open to females in distress though. Harry allowed them into his office so they could consider their options.

A knock on the door could be heard. Harry looked up from his desk. "Enter."

The door opened and quite a vision of beauty entered the office alright. Harry smiled when a beautiful blonde entered the office. She dressed in a green blouse with the top couple of buttons undone. Her abundant curves were on full display. A leather skirt came down to her thighs and showed a hint of her creamy stocking clad legs. The high heel boots she wore made the woman's legs seem to stretch on for later.

"Hello, Miss Greengrass," Harry said. "Thank you for coming here today."

"Well, I went to all of the trouble in making an appointment," Astoria said. "Therefore, it would be rather rude if I didn't show up after you squeezed me into your schedule."

Harry waved his hand and a comfortable chair appeared in front of his desk. Astoria made herself at home on the chair. Her palms flatly pressed against the desk.

"So, why are you here?" Harry asked.

"I'm here for the same reason why many other witches pass through your office door," Astoria said. "I have a problem, and I hope we can make an arrangement for you to solve it."

Harry smiled and signaled for Astoria to continue. The younger of the two Greengrass sisters continued.

"And my older sister, Daphne, she recommended me to you after you solved her problem," Astoria said. "I'm sure as you know, I was forced into a marriage agreement with Draco Malfoy underneath the Magical Heritage act."

"Yes, it's an act which has brought me a fair amount of business," Harry said. "The Ministry has not bothered to figure out whether the partners are compatible. And given how the males in this generation.…well the pickings tend to be slim these days."

Astoria thought Harry spoke far more kind about this situation than she would have in this case. Regardless, she lowered her head down and flashed him a smile.

"And my…assigned spouse, may have fallen into his old habits," Astoria said. "If he does get convicted of a crime, I'll go down with him. I'll be out on the street, without any purpose. I'll be a disgraced witch."

"Yes, this could be a problem," Harry said. "I'm sure you want the usual regarding Draco, do you?"
"Yes, I have a life insurance policy out on him," Astoria said. "It's only covered in the events of an accident or natural causes. And it's magically enforced so I can't directly kill you. So do you think you can…"

Harry held his hand out which prompted her to be silent. The witch smiled at him. The look in his eyes made her feel slightly at ease and confident this was going to work out well.

"With all due respect, Miss Greengrass, I'm the best in the world at what I do," Harry said. "And I'm a professional…..Theodore Nott was taken care of for your sister. Marcus Flint was another who suffered an unfortunate accident regarding a faulty Floo Network. I'm sure the same will happen to dear Draco."

"Yes, I'm certain you're the best," Astoria said. "And Daphne was pleased with your results, and also…she was quite pleased about how the payment process went as well after your work is done."

Harry responded with a smile and looked Astoria right into her eyes. The haunting blue eyes the young girl flashed towards him spurred certain thoughts in the back of Harry's head.

"So, Daphne told you about that, did she?" Harry asked.

"Yes," Astoria said. "And I'm willing to give you a downpayment. Consider it an incentive for the job well done."

"There's no need for it, Astoria," Harry said.

He knew now better than anyone else, a witch who was denied tended to be twice as aggressive in getting what they want. Harry pretended to play hard to get.

"Are you certain, sir?" Astoria asked. "I'm sure I can convince you accept my down-payment."

Astoria unbuttoned another couple of buttons on her blouse to reveal Harry a healthy amount of cleavage. The young girl stepped towards him with a grin on her face when she looked down at Harry.

Harry took a long look at Astoria's endowment and she displayed her cleavage for him. It was obvious by now the Greengrass sisters were extremely powerful given how stacked they were.

"I'll make you really happy, sir," Astoria said. "After all, we have to work together for this to go smoothly, don't we?"

Astoria pushed Harry back into his chair and straddle his lap. Harry closed his eyes and he realized something.

"You're not wearing any panties underneath your skirt, are you?" Harry asked. His hand slipped underneath Astoria's skirt and cupped her ass to get her attention.

"No, Mr. Potter, I'm not," Astoria said.

Harry's hands teased her a little bit. Astoria grew a little bit hot at the thought of what this powerful young man could do to her and for her.

Astoria took her moment and pushed her lips against Harry's with an intense kiss. Their eager mouth's molded together. Harry's tongue sought entrance and Astoria opened her mouth in anticipation. His tongue pushed into the back of her throat and made sweet love with her tonsils.
Harry enjoyed Astoria's sexy frame pressed against him. Malfoy most certainly got above his standards. Given the rumors about Malfoy, he doubted very much the little prick enjoyed this too much.

'Given what I heard, little prick is likely very accurate.'

"Oooh, is this for me?" Astoria asked.

Astoria took his package into her hand and squeezed him through it. Harry grunted the second Astoria squeezed him through his pants. He closed his eyes with Astoria starting to push her fingers deep underneath his pants. She unbuckled Harry's pants and fished him out of his pants.

The younger Greengrass sister looked down on Harry's hard cock. Her tongue trailed over her lips to see the perfect pinnacle of manhood.

"Daphne didn't exaggerate," Astoria said.

Astoria took his cock into her hand and dragged her tongue all the way over it. The younger sister tasted this cock. The scent coming from him inflamed her passions.

Harry enjoyed the passionate slurping and playing Astoria delivered to his manhood. She leaned down towards him and captured the head of his cock into her mouth. Astoria started to suckle on his head and brought it deep inside her mouth.

"You're so good!" Harry yelled.

Astoria swirled her tongue over the tip of his cock with a smoky look in her eyes. She leaned up, opened her mouth wide, and took Harry into her tight mouth.

Harry groaned and was in heaven the moment Astoria brought her hot mouth down onto his cock. The sensations she brought down to his crotch made Harry want to explode. And he would explode, deep inside her mouth, if Harry had his way.

"You really must want me to do a good job," Harry said. "Don't you?"

Astoria didn't say anything. She kept slurping all the way down Harry's mighty rod. She covered his staff with her spit. A few deep sucks had been delivered. Astoria dragged his cock out of her mouth and wrapped her hand around him. A few cock pumps followed before Astoria brought her mouth all the way down onto his tool with more sucks.

"You're going to make me cum."

Astoria smiled. The fact she would have the cum of this powerful wizard spewing in her mouth a couple of moments later made her all hot and horny. She could not wait to have this inside her, touching her in ways which could not be done.

The cum-swollen balls clutched in Astoria's hand. Harry closed his eyes and forced himself into her mouth. Astoria brought her lips around his hard cock.

"Oh, you're such a hot bitch," Harry said. "A filthy little ferret like Malfoy doesn't deserve the honor to look at you, much less get married to you."

Astoria continued to bring Harry's cock deep into her mouth. The hot and passionate sucks brought this pinnacle of manhood into the deep of her mouth.
"I'm going to cum in your mouth," Harry said. "I hope you're ready to swallow it all."

Astoria thought it would be rude not to swallow it. Her nails dug into the side of Harry's legs. His cock buried deep into her throat.

Harry held onto Astoria's head and pumped his load into her mouth. A few deep thrusts into her mouth launched the heavy load into her mouth.

Astoria could not believe the amount of cum spilling into her mouth. She needed to get some of this cum inside her pussy. It was extremely powerful and likely would give her a magically strong child."

Harry watched the younger Greengrass sister pull herself up to a standing position. Astoria turned around and allowed her skirt to hike up. She allowed Harry to see her pussy and her ass. Both of them looked really tantalizing to him.

"Please, Mr. Potter, I need you to fuck me, hard," Astoria said. "You said you would never turn down a witch in need. And I'm in need. In need to be fucked hard."

"Yes, you need to be fucked hard," Harry said.

He grabbed her blouse and ripped it off. Astoria's bra clad tits revealed themselves for the world and more importantly for Harry's consumption. He grabbed Astoria's bra and pulled them off.

Harry's strong hands grabbed onto Astoria's tits. He pressed his palm up against the juicy D-Cup melons and squeezed them. Astoria closed her eyes to experience a burst of magical energy coming through her breasts. Harry's hands rotated around Astoria's breasts.

"You can't get enough of me, can you?" Harry asked. "You're a repressed slut, who needs a real man to take her into line."

"Yes, I'm a naughty bitch," Astoria said. "Why don't you bend me over this desk and take me into line, Mr. Potter?"

Harry ran his hands down her body and enjoyed every single inch of her sinful skin. He grinded against her. Harry's cock hardened and pushed against her wiling lips.

"I'm going to fuck you until you can't take any more," Harry said. "I wonder how tight your pussy is….I doubt you've even let him so much as kiss you."

"As if," Astoria said.

To be fair, Draco didn't ask, and she most certainly didn't offer. Her pussy opened up and dripped with molten moisture at the thought of being fucked by a real man.

This real man plunged his throbbing hard rod into Astoria's tight vice. Astoria closed up around him the second Harry plunged inside her body.

Harry enjoyed how tight she was around his cock. Her walls closed around him and hugged him. Astoria's pussy seemed inclined to squeeze him.

"You're fucking horny and tight," Harry said. "I'm going to drive my cock into you, and make you my slut."

Astoria hoped so. Harry hit all of the right buttons and pushed inside her. He pumped in and out of
her body at a rapid fire rate. His balls pushed against her.

"Right here!" Astoria yelled. "Hit me right here….this is the perfect spot….drive your cock inside my pussy and split me in half!"

Harry held himself back and plowed into her. Her pussy squeezed him and released Harry in one fluid thrust. Harry pushed into her with another rapid fire pump.

"Yes," Harry said. "You will bend to me….your pussy belongs to me now."

"Oh, you can have it!" Astoria yelled. "If you keep fucking me like this, it belongs to you!"

Harry smiled and started to roam Astoria's body. He paid clear attention to all of those spots which drove her over the edge and a little bit beyond.

"Yes, your pussy belongs to me," Harry said. "And it's time for you to cum for the first time with a real cock inside you."

Astoria stretched on Harry's cock before she tended up. The juices flowed onto Harry's cock. He pumped her pussy in a rapid fire rate thanks to the slick path which had been created.

Harry enjoyed the sweet and savory warmness from Astoria. He pumped into her a few more times before pulling back and out of her.

Astoria's entire body complained about the loss of his cock. Harry flipped over the younger woman and spread her legs. He leaned down towards her and started to place his mouth on her neck.

"I'm going to need a charm to cover this up," Astoria said.

Harry smiled and kept kissing down her neck. He captured her neck with a long and powerful suck before kissing all the way down her neck and then taking her breasts in his mouth.

Astoria leaned back and enjoyed the sensation of his mouth working over her tit flesh. He bit down on her breasts and ran his hands all over her body. His fingers teased her dripping wet pussy.

"I want you to see what I'm doing to you along with feeling it," Harry said.

"And you're going to see the pleasure in my eyes when you drive your thick cock inside me," Astoria said. "Please, Mr. Potter, put your big cock inside my pussy. Wreck me! Wreck me!"

Harry decided to go for it. His cock hovered over Astoria's entrance before Harry slipped inside her. Her wet pussy lips caressed him the second Harry shifted inside. She rubbed him when he went inside her.

The sensation of Harry spearing his thick rod inside her caused Astoria's body to swell up with pleasure. Her mind had been bombarded with an orgasm. His hands all over her body resulted in numerous orgasms.

"This is a hell of a downpayment," Harry said.

Astoria's legs had been teased by Harry as well. He ran up and looked down at her.

The younger Grenggrass sister bit down on her lip. She observed Harry's cock pushing in and out of Harry. A few more thrusts inside her caused her body to tighten and rise up.

Astoria's sweet snatch milked Harry's probing rod. He became close to burying his seed deep inside
her. All he needed was a couple more thrusts and he would be all the way inside her.

"Take me," Astoria said. "Put your cum inside my body! Drain your balls inside my sweet, warm, pleasant, snatch!"

Astoria kept pumping her hips up for Harry. Harry enjoyed her engulfing him.

"Are you enjoying this?" Harry asked. "I bet your husband won't make you feel this good."

"No…he's not a really man, he's just…." Astoria said.

The words about Malfoy faded off into an ear piercing moan. Harry hit her sweet spots, all of them. He would not stop fucking her.

Orgasm followed by orgasm bombarded Astoria. Her walls clutched him. Harry knew the end would be here soon and he would have to bury his seed inside her.

"I hope you're ready," Harry said. He nibbled the side of her neck. "Here it comes."

"Don't….hold back!" Astoria begged him.

Her nails digging into his back gave Harry all of the fuel he needed. Harry hammered her pussy with a few more hard thrusts.

Harry's cock swelled with desire from her tight pussy. The wet walls closed around him and prepared to milk out her prize. Harry pushed into her and buried himself balls deep inside her.

Astoria tensed up when Harry buried his face down into her sweaty rack. The sex-starved witch wrapped her legs around Harry's body and held him close. Harry pumped his cum into her body.

"Sweet, Morgana, knock me up!" Astoria yelled.

Harry fired his cum inside Astoria's womb. She could feel her stomach swell up by the sheer amount of cum buried deep inside her body.

Astoria collapsed on the desk, a smile on her face.

"Well, I'll take the rest of it when I've finished the job," Harry said.

He gave Astoria's ass a squeeze which made her legs squeeze together and a miniature orgasm spread through her body. She received the message loud and clear.

End.
Lara Croft stepped into the bright sunlight outside of the entrance of a bright temple. The explorer's brown hair tied up in a ponytail and a pair of sunglasses covered her eyes. Her gorgeous face shined in the sunlight. An elegant neck came down to a pair of toned arms. Her black tank top stretched over an ample pair of breasts. The shirt rode up with certain movements to expose a taut and toned midsection. Her wide hips came out and she squeezed into a pair of tight shorts. Her dazzling legs came down and her elegant feet had been exposed with a pair of sandals.

The explorer stood at the edge of the cave and tipped a drink of water into her lips. This did a remarkable job of helping wet her lips. Lara's tongue traveled over her lips when she pushed the door back.

Dust came up to meet her face. Lara didn't back off. Dust had been a part of her life. Some of the areas she went not been visited.

"Nobody has been here for an extremely long time," Lara said.

She paused and looked over her shoulder. The explorer could have sworn there was someone in the room. She didn't know how this could been given the fact no one entered the room with her and if anyone had been in this room, they would have long since have been dead.

Lara stopped at the edge of the room and continued to peer off to one side. Not a creature stirred in this room, not even a rodent of any type.

The shelves hanging from the edge of the room had been left in pristine order, even though the books located on the shelves had been in less than pristine order. A cracked jar positioned itself on the shelf.

Lara turned her attention towards a strange marking on the wall. A jagged lightning bolt symbol flashed on the wall in front of her. She frowned and touched the lightning bolt symbol.

"Bloody hell," Lara murmured.

The lightning bolt flashed on the wall and caused a spark of electricity to flow through her. No more than the normal static cling you would get from laundry. It still took Lara aback.

Lara reached forward and pressed her hand against the wall once again. The same energy didn't spark from the wall this time as it did the last time. The explorer placed her hand on the wall one more time.

Something grinded to life within the wall, and Lara stepped back. She half expected the wall to cave in or something along those lines.

It didn't happen. The wall started to slide apart and reveal a secret room. The wall gave away.

Something prompted Lara to enter the room. She made her way into the room.

The rest of the temple was dusty and filthy. Someone must have maintained this room. This was the only explanation Lara could have for this night and pristine room. She shifted forward, hips
swaying the moment she entered the room. The tomb raider stepped in.

A lavish bed sat in the middle of the room. Lara pressed her hand on the bed and marveled how soft it was. She looked up skyward and spotted several chains hanging from the ceiling. Lara's cheeks grew a bit flushed. The presence of these particular chains most certainly caused certain implications to enter her mind.

A scent caught Lara's attention. A candle burned bright on the shelf. Lara stopped and paused. She looked at the statue which caught her eyes.

An extremely handsome young man stood in front of her. She could see his entire body and the fact he had been a pinnacle of manhood. Lara's eyes skimmed down his body and noticed he had been sculpted naked.

'And thank God for that.'

Lara could not believe she thought this. Her eyes focused on the young man in front of her. Lara's lips smacked together when she looked down the body. His muscles sculpted and Lara resisted the temptation to run her hands over them. She moved down his body to see his toned abs and then eyes went downward.

The stone cock in front of her drew Lara's eyes to it like a magnet. The explorer smacked her lips together a few times and looked it straight in the eye. The cock had been attached to a firm buttock and a muscular set of legs as well.

The scent coming from the candle inflamed Lara even more. She moved over to get a closer look at the statue, for science naturally. She noticed a little color in it. Some burning green eyes which moistened her panties.

Lara noticed the same lightning bolt mark on the man's forehead which she noticed on the wall outside of the temple.

'Touch it.'

Lara shook her head. The lightning bolt mark she needed to touch. Lara reached up her hand and touched it onto the man's forehead.

Another spark spread through her. The high level of energy made Lara's legs squeeze together and she breathed in heavily. Lara moved her hand together and cupped the flesh of the young man's face.

'Wait a minute?' Lara asked. 'Flesh, and not stone.'

Lara's hands nervously traveled down for a second. She ran down his formally stone chest. No less sculpted, but most certainly flesh right now. Lara's hands moved all over his body and traveled down his abs.

'He's getting more color.'

Lara's hands stopped and rested on his abs. She wondered what else to do. The explorer didn't dare move from her position. Something thick and hard pressed against her inner thigh. Much harder and thicker than the stone model at had been. The already well-endowed cock had extended by a few inches.

His eyes flashed to light and the young man smiled. He raised his hands up and placed them on
Lara’s face.

Lara tilted her head back and accepted a kiss. A bombardment of energy flowed through her body. Her nipples hardened against her shirt and more hormones flowed through her body.

Harry Potter started to stir back to life. He recalled how a bunch of angry wizards tracked him down and managed to put him underneath a curse. Revenge for the fact they couldn't cut it, and for Harry "stealing their women."

He didn't steal anything. Sexually frustrated women jumped into his bed. Harry realized he had been here for a very long time in this temple.

Lara slowly came back to her senses the longer this statue turned man kissed her. His hands explored her body. They made their way down her lower back and took a handful of ass.

"You're alive," Lara said, pulling away.

"What do you think?" he asked.

Lara noticed his massive rod pushing up against her leg. Statues couldn't….well they couldn't do this, even in her experience.

"I have to say, it's been a long time, and this was the perfect way to wake up," Harry said. "And I have to say, you woke all of me up."

She took a step back.

"Are you okay?" Lara asked. "How long have you been down here?"

"What year is it?"

"2016," Lara said.

Harry smiled. So nearly twenty years he had been trapped in this petrified form, and sealed off from any female attention.

"Twenty years," Harry said. "It seems like just yesterday I had been trapped down here….but at the same time, it's been too long."

Harry stepped over towards the bed. Lara’s eyes plastered on his ass and sure enough, the back end was just as well as the front end.

"Are you going to join me?" Harry asked. "Sit down….you must have come a long way, haven't you?"

Lara answered with a brisk nod and sat down on the bed next to Harry. Her entire body burned up. It didn't help his cock was hanging out, begging to be sucked.

Harry took a look at the woman. Her beautiful face, nice juicy lips, large breasts, tight toned body, and legs inflamed Harry's instincts to mate.

"My name is Harry Potter," Harry said.

"Lara Croft," she said. "How did this happen…"

"Bunch of jealous bastards who couldn't measure up put me underneath a curse and tried to seal me
"away," Harry said. "I'm guessing they're all dead by now...."

Harry figured their wives, girlfriends, or whoever killed the "men" in their life when they realized their sexual hookup had been taken away. It had weighed heavily on Harry's heart they likely had also likely given up out of despair.

"What did you do?" Lara asked. "To piss them off."

"Only give out the gift of mind-blowing sex," Harry said.

Lara had been struck dumb by this. She returned her gaze to his cock.

"It's not an enchantment, merely what I was born with," Harry said. "Would you like to touch it and find out?"

Lara's instincts brought her hand down onto the thick cock of this well-hung stud. She wrapped her fist around him and started to pump him up and down.

"It feels real," Lara said.

"If you're going to suck it, then suck it," Harry said.

"I'm an explorer," Lara said. "I'm exploring it to see what you have to offer."

"You can just as easily explore it with your mouth."

The cock throbbed and grew another inch in Lara's hand. The tantalizing thought entered the mind of the explorer. Her lips popped together with a solid smack. She gave him a few more strokes before Lara bent down.

Harry looked into her bright eyes and seconds later, Lara's hot lips wrapped around the head of his cock. She took his throbbing tool into her mouth with a massive suck. She released his cock and drove down mouth first onto it. She engulfed him into the back of her throat.

The mysterious and powerful force compelled Lara to go down throat first onto this hard manhood. He grabbed her around the back of the head to make sure she didn't stray it.

"You're so hot," Harry said. "And so beautiful. Go had, explore....taste every single inch of my cock."

Lara worshipped the man she assumed was a god until he had told her differently. Given the power and will this gentleman exerted over her, Lara wasn't so sure. His hands placed on the back of her head. He didn't force his cock down her throat, even though he could have without any protests.

The heaven surrounding Harry's thick tool made him buck his hips upwards a couple inches. Lara's wet lips closed around him and gave him another couple of intense and sensual sucks. The hot and tight throat of the explorer came down.

"Good, very good," Harry said. "Keep sucking my cock, like my seed nourishes you in this harsh desert. You're going to get a reward if you kept it up. Go ahead, feel my balls."

Lara did exactly what Harry requested. She clenched his balls to weigh the heavy amount of seed. To think these balls fixed to shoot a heavy load down into her throat. Lara came all the way down onto him and almost released his cock. She shoved it deep into her throat and flexed her throat muscles.
Harry's balls throbbed. He would be ready to cum in her throat. The vixen beneath him gave him a sultry glare from her eyes. Harry knew the instant those bright eyes locked onto him, he had her. The taste of his cock ensnared her just like it had so many women.

"Getting close," Harry said.

The low growl hit Lara's ears and prompted her to redouble her efforts. She showed no sign of slowing down despite having sucked him hard for several minutes. She hummed a tune the moment his cock went into the back of her throat.

All good things came to an end. A cock sucking this good almost reached its end. Harry tilted his head back and shot his load deep into Lara's throat.

The first blast of warm cum shook Lara's entire body up. More blasts of cum fired into her throat and caused her to grow in excitement. Harry blasted several long and powerful spurts of seed down her throat until at least the point where her throat had been bombarded with his cum. She swallowed every single dose of cum like it was her own lifeblood.

Harry finished spilling his seed into Lara's waiting throat. She gulped up the cum and caressed his balls to ensure she caught all of the cum into her throat. Harry clenched onto the back of the tomb raider's head and made sure he fired every single last drop of his seed down her throat.

"Good mouth, good blowjob," Harry said.

Lara almost collapsed down onto the ground from Harry emptying his seed into her mouth. Harry grabbed Lara and pulled her up to a standing position.

Harry caught a nice glimpse of the woman. Her breasts strained against the tight top and nipples poked out so hard they could poke a person's eye out. Harry ran his hand down the woman's flat stomach and made his way between her legs.

"I wonder if your pussy is as sweet as you are," Harry said. "I bet it is."

Lara's shorts pulled down. The panties underneath her shorts stuck to her skin. The amount of cum firing down her throat made Lara hot to trot and now she wanted him inside her. The fingers rubbed her from the outside of her panties and prompted Lara to shift her hips up.

"Why don't we find out?"

Harry peeled back the final labor and exposed Lara Croft's dripping hot pussy. A small strip of dark hair covered her otherwise clean and smooth womanhood. The pubic hair stuck with her juices. Harry stroked down her body and massaged her soft outer folds. The moaning coming from her was rather intense.

Lara closed her eyes. His hands came up from her pussy and teased her breasts. Then they came all the way back down her body. He planted a series of kisses on the healthy womanly flesh covering her ribs and made his way down.

Harry smiled and planted a kiss down between the explorer's thighs. He loved the taste of pussy, especially one which dripped as wet as this one had.

'It's been too long."

Harry teased both himself and Lara. She gasped one more time before Harry pushed him into her.
"Yes, give me a proper tongue lashing!" Lara yelled. "Drive your tongue into my dripping twat and make me cum all over your face."

Harry curved his tongue off to one side and decided to give Lara the tongue lashing she desired. His ran back and forth in the dripping hole between her legs.

Lara rocked her hips up and down. Harry's tongue buried inside her and became a harbinger to what was to come. His tongue showcased better skills than any vibrator. It buried deep between Lara's dripping thighs at a super intense speed. He rotated his tongue around her insides and pushed inside her with a few more amazing swipes.

Harry prepared to bring the lovely lady in for the kill. Her moans caused his cock to throb completely and he couldn't wait to drive it inside her tight body. He completed his tour and made sure he hit all of the spots necessary.

"YES!" Lara yelled. "YES!"

Lara never intended to get the best oral sex in her life the moments she entered this temper. This god explored her tome with a few deep swipes of her dripping hot pussy. She reached up and grabbed his hand to guide it between her folds.

Harry munched on the delicious pussy. He took it into his mouth and drove into her. Lara's hips jerked up. Harry drove his mouth down to devour the rest of her womanhood. The pussy juices flowed into his mouth and made his cock throb even more.

"Damn."

Harry smiled and he pulled himself up. He took in Lara's body. Her pussy gushed and had been prepped for intrusion.

"I think I'm going to see all of you now," Harry said. "Take off your shirt."

Lara didn't waste any time. She pulled off her tank top and allowed her breasts to flow freely. The tanned and sweaty orbs stuck out for Harry. Harry reached in and grabbed them which caused her to breath out heavily.

"Every single inch of this sexy body belongs to me," Harry said. "I'm going to fuck you long into the night, and you're going to scream over and over again, until you orgasm over my cock."

Harry's hands traveled down Lara's supple flesh. He ran his hands over her hips, up her tummy, and over to her breasts. Harry leaned forward and buried his face between Lara's rack for a few seconds. Her firm and soft breasts pressed against this face.

"Yes," Lara said. "Do, whatever you want to me…just fuck me…fuck me hard!"

Harry fingered Lara's pussy and then moved over to toy with her clit. He rolled Lara over onto the bed and explored the backside of her.

Lara shifted herself and a jolt of excitement spread over her body. Harry's cock crept up to her entrance and demanded intrusion. The strong and skilled hands kept running up Lara's body and teased pretty much every inch up her body. They lingered on her ass for a moment.

"Soon."

Harry parted Lara's thighs. The heat coming from her pussy made Harry eager to intrude her. All he
needed to do was push his thick tool inside her wet and willing pussy. It would be his and he couldn't wait to be inside her.

"Finally," Harry said.

Lara concurred with his statement. He parted the walls and pushed deep inside her. Lara stretched and he edged into her inch by inch.

"Not nearly enough of me in you yet, is there?" Harry asked. "You want more, don't you?"

Lara enjoyed his tool inside her so much she barely registered how much he said. The moment it hit her.

"Exactly how much is…inside me?" Lara asked.

She both anticipated and feared the answer. Harry placed his hands on either side of Lara's rear and slowly worked his way inside her.

"Barley half."

This revelation caused Lara's pussy to twitch and bring another inch of his glorious prick inside her. She couldn't believe this.

Harry enjoyed how much her walls caressed him. A second passed when he pushed a little bit even more inside her. Her walls stretched around and squeezed him. Her toned body hugged his cock and made him grunt with the effort. He worked inside her tight pussy.

"More," Lara said.

"More?" Harry asked.

"YES MORE!" Lara yelled.

Any pretext of dignity had been lost from her. His hands found their way on her breasts. A perfect place for them to go in Lara's mind, these calloused palms pressing firmly against her breasts. Just as his cock penetrated her more fully than ever before.

Harry enjoyed the warmness of her flesh. He rode in against her and drove himself deep inside Lara's dripping hot cunt. The sensation of her squeezing him hard and releasing him made Harry close his eyes. He wanted more of a feeling of her wet center stretching around him.

"It's time for you to cum, now."

Lara's mind channeled this not as a suggestion, rather a statement of fact. His words had their own power on her pleasure centers. Some mysterious force channeled all over the energy through her and caused Lara's entire body to hyper stimulated.

Harry continued his stride with a series of hard thrusts. Her wet core milked him. The impulse of her body to mate reached a fever pitch.

"Yes," Harry said. "You can't help but cum all over my cock. You live for my cock, don't you, Lara?"

"Yes," Lara said. "Ram your big fucking prick into my pussy! Make it so wet it can bring life to a dying village! Pound me…ruin me for all other cocks!"
Harry rode out her orgasm all the way. The squishing feeling of her amazing cunt clenched around him. He held onto those breasts and also ran all the way up onto her body.

The moment Harry pulled out of Lara, her entire body protested the loss. She could not believe she had lost him.

Seconds later, Lara had been backed up against the wall. Her legs had been spread. Instinct hit through her body as she raised one of her legs up so it balanced on his hip. Harry responded by running his hand along her leg. She reached forward and could feel his still hard cock rubbing against the sensitive flesh of her stomach.

"Get ready," Harry said. "I'm going to wreck you further."

"Please do," Lara said.

Harry edged his way inside her pussy. Lara's dripping hot lips sucked him in. The explorers brilliant and toned legs wrapped their way around Harry's waist and held him in.

Lara arched back to allow Harry's cock to impale her. He brought the tip of it into her before he pulled back and slammed the entire length. Lara's pussy gobbled onto him and started to push in and out on her.

"Fucking suck my big tits!" Lara moaned in Harry's ear.

Harry's face buried deep into Lara's sweaty chest and started to suck on her. Her encouraging and sultry moans allowed Harry to keep pumping his rod into her. He wouldn't give up, or let up even if she requested it. And Harry knew in the back of his mind, she wouldn't even dare request it.

Lara ran her hands down the muscled back and grabbed his firm ass to encourage him further. His cock stuffed into her body and prepared to mark his territory for all to see. Lara's dripping womanhood pressed against his rod.

"Going to make me cum again," Lara said. "Mmm, I love how you feel inside me….I bet your cum would be so good inside my tight body."

Harry kept pumping into this sexy woman. Her entire body was made for getting pumped inside it.

"I bet your cum will be so fertile inside me," Lara said. "I bet it will fill me all up and cause me to swell, cause my tits to grow bigger, as you put your baby in my body. I can't wait for your divine seed to blow me up completely."

Harry wrapped his mouth around one of her tits and started to suck on it. Lara closed her eyes and started to enjoy the ride, in more ways than one.

"Go ahead, baby, knock me up! "Lara yelled. She nibbled and sucked on his earlobe when he did the same with her breasts. "Fill me with your cum….shoot your spunk inside my slutty pussy. I'm yours, I'll be your breeding whore."

Harry pushed himself into her with a series of hard and powerful strokes. Lara's wet pussy closed around his thick cock and squeezed him. He held onto her hips and kept rocking his way inside her with a series of rapid fire thrusts.

"Ooooh, yes!" Lara yelled at the top of her lungs. "Do it, put your seed inside me! Fill me up!"

The scent coming from the candles inflamed Lara. All inhibitions had disappeared and all had been
left were the most primal desires.

"No one can resist my power," Harry said. "And now, you're mine."

Lara's entire body agreed she was his. He pushed into her womb and prepared to seed her. The
tomb raider's nails dug into the back of his leg.

"Nothing else will feel good other than me," Harry said. "You're such a hot slut, and you'd look
good filled with my cum."

"Yes," Lara said. "Pump all of your nasty seed into my pussy. Knock me up, Harry! Impregnate me
with your child!"

Their loins joined together. Harry pressed against her and Lara held onto him. She didn't want him
to leave and he had no intention of leaving. His bloated balls prepared to give their gift, inside her
this time.

The warm paradise and willing woman with a fertile womb ahead of him caused to tense up and he
fired the first shot of cum in her.

"Yes, yes!" Lara yelled, holding onto him. "Give me all of your seed….ALL OF IT! KNOCK ME
UP!"

He pushed enough cum inside her to knock an entire army of tomb raiders up several times over.
Lara could feel the warm splash of cum shoot through her body. Lara's wet walls held onto him
and kept allowing the cum to shoot inside her body.

Lara had been stuffed full of his cum. Harry rode out their orgasms all of the way. Her pussy
clenched around him all of the way.

"Mmm, your pussy feels so good," Harry said.

Lara gave a contented sigh. Overall, she would say this trip would be a rousing success.

The End.
Laura Kinney stretched out in the gym and looked towards the bag. She dressed in a tight sports bra and showed off her toned abs without an ounce of fat. Her shorts stretched over her tight and firm ass. Legs stretched all the way down. Thankfully, in her looks, she took after her mother, with long dark midnight black hair which shined into the darkness and bright blue eyes which showed intensity. There was almost a slightly haunted look in her eyes.

The clone daughter of Wolverine stretched out and started to hammer on the back. The repeated and rapid fire blows hit at a rapid fire degree. It took her a long second to realize the door opened up. She turned around.

"Good, you're standing back."

One of the most gorgeous women Laura ever laid eyes on turned up. Her red hair had been tied back into a ponytail. Her soft face came down with high cheek bones, brilliant green eyes, and soft lips. Her slender came curved down to a tight white tank top stretching over her D-Cup breasts and coming down to show her toned stomach. Her hips curved out in an alluring manner and the jean shorts she wore stopped below her knees.

"After what happened last time, I don't want to get in your way," Jean said. "Trust me, it could be hazardous to your health….mind if I join you."

"Go ahead," Laura said, without missing a beat.

Jean turned around and did some stretching exercise. Laura's eyes followed the progress of Jean and the way she stretched out. The soft body made Laura's animalistic lust become heartened.

"Oh, Harry, will be joining us in a minute," Jean said. "He just had to finish up some paperwork."

"I don't envy him," Laura said.

"Comes with the territory, and the responsibility Harry had," Jean said. "I'm sure he would like to work on the new maneuver he was trying to teach you."

Laura smiled, she knew for a fact pretty much how hands on Harry could get. A powerful man who could tame many women excited her to be perfectly honest.

"Maybe the two of us can roll around on the mat for a little bit?" Jean asked.

Laura's mind drifted off into an interesting place with what Jean said. Regardless, Laura decided to test her abilities against Jean.

Jean smiled, she figured this would be the best way to test her abilities out there. Her powers put her among one of the strongest mutants on Earth. In recent months, Jean stepped out on her sparring abilities though. She figured there will be instances where her powers would be locked or Jean fought someone more powerful than she was.

"If you want to," Laura said. "Go for it."
Jean smiled and circled around Laura. The two of them moved in for the sparring session. Jean had a few inches on Laura, due to being older. Laura, however, had advantages which height was not necessarily. The powerful telepath made her way in.

The two of them locked up and in an instant, Laura pushed Jean back. Laura tried to nail Jean with a punch. Jean dodged out of the way. Another attempted attack and Jean avoided the attack. She tried to grab Laura underneath her waist and push up.

Jean tried not to let the triumph soak in too much when she pushed Laura into her back in a double-leg. Laura grabbed Jean and flipped her over onto the ground. The two of them scrapped together on the ground.

Laura smiled. She managed to get an ample base on Jean and have her down on the padded pants. They pressed together on the mat. Laura blocked the thoughts she was having out of her mind.

Jean caught Laura's thoughts and this flustered her slightly. Laura leaned closer towards her.

"No fair, reading my mind," Laura said. "Did you find anything disturbing in there?"

Laura took a brief sniff of Jean and smiled. She could sense the arousal of the sexy telepath. The daughter of Wolverine licked her lips and pressed herself down onto her body.

"The two of you just can't start without me, can you?"

The door opened up and Harry stepped into the room. Jean looked up, still squirming underneath Laura. Laura only looked over her shoulder halfway while the other half kept her eyes on Jean.

"How long have you been there?" Laura asked.

"A little bit," Harry said. "It looks like I'm here just in time."

Harry made his way over towards the top of them. Laura looked towards Jean and smiled. She had her pinned down to the ground and pretty much at her mercy. One could see Jean shuddering with her nipples hardening underneath her top at her.

"Do it?" Jean asked. Her eyes closed and breath lifted her chest up and rose it down.

"In a minute," Laura said. "Patience, my dear, Phoenix, you're get pretty much everything you want and then some more."

Laura leaned down and kissed Jean on the lips the moment she was certain Harry's full and undivided attention was on them. Jean's lips tasted of the best things in the world and Laura couldn't wait to indulge in them.

Jean could not believe Laura had managed to put her in this position. A position she wanted to be in, granted, a position she needed to be in. Jean's heart started to beat heavier.

"And Harry, why don't you assist us with our work out?" Laura asked.

Harry's eyes followed the progress of Laura pulling Jean's shorts down to reveal her wet snatch. Juices started to trickle down her pussy and Laura smiled. She squeezed Jean's pussy.

The next thing Laura did was pull down her shorts next. Her pussy, tight as ever, beckoned towards Harry. A small strip of black hair covered it. She took care to keep it shaven every day, otherwise it could get out of control thanks to Logan's genetics. And no one wanted to get lost in a jungle when
they went down on her, whether it was Harry or one of her roommates, or Jean in a minute.

Harry's lips found her upper ones with a passionate kiss. Laura moaned into his mouth and his tongue pushed deep into his throat in response. She leaned back and enjoyed the sensation of him mapping out a math in the back of her throat.

Jean could not have been denied either for long. Harry's hand started to travel down her body. He teased the flesh on her stomach and slowly went down her legs. Jean's clit pinched between Harry's fingers and prompted her to give a gasp in pleasure.

Harry smiled when he kissed Laura and teased Jean's outer folds. His finger started to push deep into her and then pulled almost all the way out of her. Both of the girls had needs and mandated a lot of sexual release. Harry was the only being powerful enough to give them this.

"Mmm, play with my pussy too, Harry," Laura said.

Harry switched over to kiss Jean. One of his hands squeezed her breast as well. He slipped his other hand over and played with Laura's dripping pussy.

Laura closed her eyes. The first of many orgasms started to flow through her body. Harry worked her up to a certain point and Laura thought she would come close to losing her mind. Harry's finger started to turn into her and manipulate her inner folds very slow at first. He pumped his finger inside Laura faster.

Harry leaned back and worked his fingers into both sets of pussy. His right hand pumped into Jean and his left hand pumped into Laura. Those fingers worked their magic.

"Oh, Harry, you spoil us," Jean said.

Jean's mind locked onto Laura's mental state and the lustful thoughts entering her mind. They were both about Jean and Harry. Both sets of thoughts inflamed Jean's passions and made her get ever so closer to the edge and ever so closer to cumming very hard.

"Yes, I know I spoil you," Harry said.

"Oooh, spoil me spoil away!" Jean yelled. "Spoil me hard!"

Harry's fingers worked their magic within Jean. She was the avatar of the Phoenix force and Harry manipulated her all of the way with several long and powerful pumps inside her. Jean's pussy oozed underneath her powerful pumps.

"Yes, spoil both of us hard!" Laura yelled.

Every single pump inside her brought Laura closer to a spectacular edge. Harry's rapid fire pumping made her want to explode. Her hips lifted up to meet his hand.

Harry smiled and was this close to having the juices of two of his favorite girls on his hands. The two of them clenched around his hands.

"Time for you to cum," Harry said.

Jean's entire body sized up. She experienced an orgasm which inflamed not only Laura, but also pretty much every girl. If she hadn't been distracted by her own pleasure, Jean would have heard every mutant at this school broadcast how they needed a sudden change of panties.
Laura's entire body tensed up and the orgasm filled her body. So good, her nipples grew extremely hard. Her top clung to her body and Laura lifted her hand. She ripped it off and allowed her large and supple breasts to bounce out into the wilderness.

Harry enjoyed their pussies pumping his fingers. Each time he inserted a finger into them, both of them grew more intense and more delirious. The moaning increased and Harry worked them over the edge. He dragged them a step or two further over the line.

He withdrew his fingers from both sets of needy pussies. Harry's fingers coated with both sets of heavenly juices. He smiled and pushed the Laura covered fingers in Jean's mouth and the Jean covered fingers in Laura's mouth.

Laura received a taste of the Phoenix force and smiled. She could not wait to get more juices directly from the source. This time, she would suck Harry's fingers dry. Her lips manipulated their way around Harry's digits and started to suckle every last drop of juices from them.

Jean enjoyed the same savory taste as well. She tilted back and sucked on Harry's fingers more.

"You girls are so naughty," Harry said. "I may have to spank you later."

Laura worked her tongue all the way around Harry's finger and pushed it into her mouth. She started to suckle on it with a hungry and efficient little move. Laura's breathing escalated with a couple more pumps.

"I bet you'd like to eat her sweet pussy," Harry said. "You've always wanted to eat it, haven't you?"

Laura released Harry's fingers from her mouth and responded with a sultry grin.

"Of course, I did," Laura said, trailing her tongue over her lips. "Who wouldn't want to bury their face between Jean's gorgeous thighs?"

"Like father, like daughter, seems like you have the same tastes," Harry said.

"Well, let's hope our tastes are exactly the same," Laura said. "Otherwise, this would…raise some unsettling questions."

Laura smiled and she closed her eyes to squeeze Harry's crotch for a moment. She looked at his thick rod when it lengthened in his pants. She slowly pulled down his pants and trousers. Laura savored the moment when she treated herself to the generous flesh rod buried underneath Harry's pants.

"I'm sure you received your taste of man from your mother and your taste of women from your father," Jean said.

"Yes, I'm certain you're correct," Laura said. She released Harry's cock after giving it a parting kiss and moved in for the attack.

Laura pressed her hands on either side of Jean's thighs and started to stroke the flesh between her thighs. The dark haired mutant started to lick Jean's pussy and her tongue started to twist around her nether regions.

Jean gasped at the swipes, the tongue pushing into her pussy. Laura's tongue kept attacking her dripping hot pussy. Jean held both hands onto the back of Laura's dark hair and kept her inside. Laura pushed herself deep into Jean's hungry twat. Her lips caught Jean around the lips and started to make out with her nether lips.
The sensual slurps caused Harry's cock to extend. Laura's thighs spread out and Harry could see her slit beckon to him. Harry only had one recourse to go through. Her pussy looked so inviting and so nice, so warm. Harry couldn't wait to penetrate Laura.

"Fuck her, it will feel so good when you fuck her," Jean said. "Just like when you fuck me."

"We might have to put your mouth to better use later," Harry said. "For now."

Harry's thick cock ran over Laura's hot lips. Laura's pussy lips almost engulfed Harry the moment he pushed inside her. He held onto her hips and with one fluid push filled her.

Laura's healing factor worked in all facets. Every time Harry penetrated her, he took her physical virginity one more time. Harry ran his hands up to meet her and hold onto her breasts. He pumped his way inside her.

"Damn it!" Jean yelled.

The chain reaction of Laura's tongue pushed into her pussy unraveled Jean enough as it is. The low and powerful moans Harry inspired caused Jean's pussy to gush even more. Laura worked her way into her with a few sweeps of the tongue.

Laura thought she would lose it. Harry's manhood filled her in and a different and amazing way pretty much every single time it penetrated into her depths. Harry's hands cupped her ass and he continued to work inside her.

Harry in the meantime worked Laura up to an orgasm. The sorcerer used his powers to sync both of the orgasms of the girl. Harry rocked deep inside her with a thrust.

"Time for you to cum."

Laura's body obeyed Harry. Her walls clenched around Harry the second he plowed inside her. Harry pulled almost all the way out of her and shoved himself inside her. Laura's walls closed and opened around him.

Jean's mind had been lost in the pleasure. Her hands rested on the back of Laura's head and made her devour her pussy. The warm energy washed over Jean and made her orgasm quite the bit more spectacular. Her hips bucked up high and far to send the liquids into Laura's mouth.

Laura tasted the juices coming from Jean's pussy. Her tongue started to swirl around them. She pulled up all of the way to allow Harry to hear her moans. The moment Laura pulled herself up, she pushed herself back in between Jean's thighs and ate her something fierce one more time.

"This is so hot," Harry said. "Suck her pussy dry....while I make your pussy wetter."

Harry's forceful hands grabbed her. Laura's body reacted to the Alpha male behind her. He pushed his cock into her with a series of repeated and powerful thrusts. The young man almost slid all the way out of her and spiked into her with a huge push.

"OHHH, MMMM, AWWW!" Jean yelled.

Laura pulled away from Jean's pussy for a brief second and attacked her breasts. The daughter of Wolverine pushed her mouth around Jean's nipple and started to suckle on it like a nursing babe.

"She can really suck a tit, can't she?" Harry asked.
"YES!" Jean yelled. "OH YES!"

Jean's pussy pushed up. Harry ran his fingers inside it and collected the juices from it. He pushed the right amount of stimulation onto Jean.

"Fuck me like an animal!" Laura yelled. "Show me you're the dominant male….show me how strong you are!"

Harry showed his strength and shoved his thick cock into Laura. Her pussy had been battered so much.

"I'm going to make you feel this, even with your healing factor!" Harry yelled. "How do you like me pounding you like this?"

"Oh, I like this!" Laura yelled. "I like this a lot!"

Harry's thick balls sized up. Laura's pussy heated up and Harry pounded her even harder. He wanted to bring her to the peak several more times.

Jean's eyes followed the thick rod inside her body. She caressed his balls a little bit with her telekinetic power.

The combined power of Jean's mind and Laura's pussy made Harry's balls throb. He wanted to bring Laura to one more orgasm before he launched his rod into her. The orgasms reached the dozens, but he wanted to hit her with the big one.

Laura dug her claws into the ground and damaged it. She did not really care to be honest. Her walls clenched around Harry's thick rod.

'Go ahead, cum, I know you want to,' Jean thought.

Laura's entire body swam with lust. Her body had been bombarded with some many orgasms it left her a bit winded. She just needed to catch her breath.

Harry's heavy balls pushed against Laura. He wanted to give her the biggest load ever. Laura's walls parted all the way so his cock could touch her womb.

The woman's animal instincts craved the most potent amount of seed for her body. Harry pulled almost all the way out of her and slammed back into. Laura sensed his orgasm and did everything in her power to bring the seed inside her body.

"Yes," Laura said. "Inside me, you better do it inside me. I need every drop of seed you have in my balls."

Harry cupped her breasts and rammed into her from behind. Three ended up being the magic number for this time. The third long thrust expelled Harry's seed into Laura. Her pussy muscles tightened and an orgasm rode out against Harry's long and powerful rod.

Laura experienced the joy of Harry's cum filling her body completely up to the brim. Harry pushed himself against her. His balls released their seed into her wet and willing body. Harry held onto her.

The moment Harry released himself from Laura's pussy, Jean crawled over for her knees. Jean wrapped her hand around his cock and pushed her mouth around him.

"Mmm," Jean said.
"Oh, Jean," Harry groaned.

Jean swirled her tongue around the length of Harry's member. It pushed into the back of her throat. Jean closed her eyes and sucked Harry hard and often. She made sure his cock was fully extended.

She lifted herself into the air and Harry hovered next to her. Harry's thick tool extended out and Jean lowered herself down onto him.

"Yes, this is the ultimate ride," Jean said.

"You're not kidding!"

Jean's wet hot pussy slid all the way down to Harry's pole. She engulfed it inside her. Harry enjoyed the feeling of her pressing against him. The power and the fact he could control her urges like anyone else put Harry into the driver's seat.

Harry pushed his thick rod into her. Every single time Harry pushed inside her, Jean's passions spiked.

"Harder, good, this feels really good," Jean said. "Oooh, this feels really good, you don't know how good this feels for me."

"I have an idea," Harry said. "Let's see how much I can make you scream."

Jean hung on and enjoyed the ride. She tilted back and Harry worshiped her breasts. The Alpha Male's talented mouth lavished every inch of Jean's generous tit flesh. Harry pushed himself between her breasts and ran his hands all over Jean's body.

"Yes, give me more," Jean said. "I feel good….I'M CUMMING!"

Harry pumped his cock all the way into Jean's sweet and hot pussy. She closed her eyes and brought all the way down into her. Every time her cunt lips started to stir around him, Harry felt really amazing.

Jean allowed Harry's hands to explore every single last inch of her body. Harry cupped her breasts and gave them an ample squeeze. Her hot walls tensed around him.

"You're going to cum again, and again," Harry said. "And I'm sure everyone girl is going to not like the fact you ruined their panties."

"Good, don't care," Jean said.

Harry's head fell into Jean's breasts and started to suckle up on them. Jean enjoyed the sensation of Harry's face buried into her breasts. She reached up and pushed his head deeper into her glorious tits. Jean breathed in and out with a few heavy pants. The more Harry pushed his face between her breasts, the more hungry and hot Jean had gotten.

Speaking of hungry and hot, Laura rolled over. Her pussy ached.

'Ooh, you want to be let in on the fun, don't you?'

Jean used a telekinetic bolt to drill into Laura. She could feel the pleasure coming from the mutant every single moment.

"Oh, it's really hot when you mind fuck someone."
Harry came up from her warm and large breasts just enough before suckling on them. Jean pressed her hands onto the back of Harry's head.

"Yes, I know it is," Jean said. "Oh, how do you like that, how do you like that, Laura? Do you like me fucking your slutty cunt with my mind?"

Laura's breathing heightened and she started to moan heavily. Jean pushed the bolt down into her pussy and made her hips rock up and down with a series of pushes.

"Yes, I'm sure you like all of this, don't you?" Jean asked. "Go ahead, scream for me. Tell me how much you want me to fuck you? I bet you want me to fuck you hard and make you drool, don't you?"

"Yes!" Laura yelled.

Jean smiled and pushed a jolt of energy between Laura's dripping hot pussy. She took her pussy all the way down on Harry's cunt all the way.

"I'm going to cum again," Jean said. "Mmm, suck my breasts, Harry, suck on them hard."

"I'm going to suck on your big tits, and make you scream," Harry said. "And I know how much you like me playing with your ass when I fuck you."

Jean nodded in response. Harry's hands cupped her ass when he continued to bite and squeeze her breasts. Pulses of pleasure fired through Jean's body. Jean almost lost her mind from a spectacular orgasm.

"Oh, it's so hot," Laura said.

Laura's words took a more literal meaning the moment Jean enveloped both Harry and herself in fire. The two pumped back and forth against each other. Multiple orgasms hit Laura despite the fact she was the most obvious target.

Harry enjoyed the pleasure of Jean's hot pussy closing him around him. His balls ached and he almost needed to push their contents into her body.

The two rocked back and forth. Jean's pussy closed around Harry. The molten hot heat hugged his hot rod. Harry pushed inside her.

"Go ahead, Harry, cum in me," Jean said.

"Oh, I'm going to cum inside you, I'm going to make your pussy flood so much," Harry said. He shoved his thick cock into her with a few more thrusts.

Jean smiled and grinned. She looked over towards Laura's whose hips kept bucking up and down. Her juices flowed between her legs and hit the ground.

"Oh, I'm sure you are," Jean said. Her legs wrapped around Harry's torso and she encouraged him to pump into her.

Harry held back a little bit. He couldn't hold back from Jean's sweet and powerful pussy. The tension released in him and the two of them had an orgasm.

The combined force of Jean and Harry cumming rocked Laura's body. Her pussy squished together in a heavy way. Her hips twitched together and the breathing continued to the point where she had
been let down on her orgasm.

The big bang created on the release brought Jean down to the ground. Jean smiled. Several drops of cum dripped from her pussy when she hit the floor.

"Laura, are you there?" Jean asked.

"Fuck me, again," Laura said.

"Well, we wouldn't to disappoint her, would we?" Harry asked.

He was ready to insert himself to Laura again.

The End.
Amanda Potter paced around to the point where her sister glared at her back. This glare occurred for several minutes until Emily lifted up the pillow sitting on one of their beds and lopped it at the back of her sister's head.

"Emmy, why did you do that?" Amanda asked.

"You know why," Emily said. "You've been pacing around for about ten minutes. It's starting to drive me mad. Harry said he would get here when he gets here, and not a second before. So why don't you just settle down and wait for him to get here? We both know it will be more than worth the wait."

Amanda's arms crossed underneath her chest and she stuck out her lip in a furious pouting expression. She did know her sister was right.

Both Potter twins dressed in their school uniforms, having just returned home a couple of hours ago. They wore tight white blouses which barely contained their ample chests, a plaid skirt which came down to their knees. Stocking clad legs stretched on for miles. Emily was taller than her sister and her legs stretched on a bit longer. Amanda's bust curved out about a cup size more and her ass was a bit firmer.

Amanda stretched back and her shirt rolled up to reveal her midriff. Toned, cream flesh had been revealed. She could see her sister's heated gaze worked upon her. Amanda stared back at her twin sister.

"I know, the clock is not going to change when we keep looking at it," Amanda said. "But, I swear, Mum's charmed the clocks in this house to make them go slower, whenever we look at it."

Emily cast her sister a devious little smirk. Knowing her mother like she did, Emily Potter would not have been surprised if this was the case. She could see her sister about ready to get up and pace about the room again.

Footsteps approached from the other end of the hallway. Amanda smiled and realized what this meant. He was hear and a couple of minutes early. She unbuttoned the first few buttons of her blouse to reveal her cleavage further and hiked up her skirt a little bit.

Emily responded by shaking her head. She smiled though. She hoped Harry liked her new stockings.

"Hi, Harry, I'm glad you're here," Amanda said.

Harry Potter only had a few seconds to register the door opening and Amanda threw herself at him. He did register the fact his sexy younger sister wasn't wearing a bra underneath her top. Harry smiled and grabbed her ass to get her attention.

"It's nice to see, you two, Mandy, you as well, Emmy," Harry said. "Happy seventeenth birthday to both of you today."

"Yes," Emily said with a smile. She puckered her lips and looked at Harry. "I'm sure you have a
birthday present for the both of us."

"Hopefully something nice and hard," Amanda said.

Emily could have smacked herself. Her sister had absolutely no sense of being subtle whatsoever.

"I have something for both of you, something the two of you need today," Harry said. "Why don't the two of you get on your hands and knees on your bed and we can get started?"

The authority Harry projected from his voice ensured the twins complied with his thoughts. Amanda made her way to the bed and her skirt rode up to reveal the thong she wore. Emily's lacy panties also fit nice and firm around her tight teenage ass.

"Let me hike those skirts up a bit further so I can see what I'm doing."

The sound of Harry's belt being removed prompted a twitch between Amanda's legs. She wanted him between her legs and hard.

"Time for your birthday spankings."

Amanda breathed out heavily and Harry smacked her on the thong clad ass. The forceful hand resounded through the room and made her pussy twitch.

"Count them out, or it doesn't count," Harry said. He slapped her ass again.

"One, Two," Amanda panted. "Three…oh god….four….five….Jesus Harry!"

"Jesus Harry is not a number," Harry said. "Maybe I should…start again."

Her thong pulled down further and revealed her juicy ass. Harry spanked her hard and Amanda moaned out the numbers one at a time. His cock throbbed with each moan and each time his sister's ass twitched. He looked at her tight asshole, the one hole which he saved for this occasion.

"Oh, spank her slutty ass!" Emily yelled.

"Fifteen, sixteen, seventeen!" Amanda yelled. She could not believe how hard her nipples got from being spanked.

"You made a mess, you naughty girl," Harry said. He turned to Emily. "Your turn."

"Please, sir," Emily said.

The little girl voice and the lip biting made the space in Harry's pants become pretty restricted. Harry raised his hand and smacked Emily's ass a couple of times.

Amanda thought she was done for the night. Harry's belt levitated in the air and whipped Amanda's ass.

"Oh, Harry, no…..OOOH YES!" Amanda yelled. Her pussy clenched together and caused more juices to spill onto the bed.

"Fourteen, mmm….Fifteen, ohh…Sixteen….one more Daddy!" Emily yelled out. "SEVENTEEN!

Harry's hand's power hit Emily in the ass and caused her walls to start leaking an immense amount of cum out on the bed. Harry smiled having left his sister's in a state of arousal. He knew what was going to come next.
"Time to get the other part of your birthday present," Harry said. "And you're going to want it nice and lubricated for when I stick it in your ass."

There were lubrication spells. Harry preferred to do this the fun way though. Amanda slid off of the bed and tugged Harry's trousers down all of the way. Her brother's cock almost took her eye out.

"Careful, Mandy, you're shoot your eye out," Emily sang.

"Very funny, now come and take your share," Amanda said. The bustier of the two Potter twin's took her tongue all the way down to the base of Harry's cock and licked him all over.

Emily joined her sister on the floor. The two twins ignored the soreness in their asses. Amanda and Emily lavished Harry's cock. Both of them licked him up and down like his cock was an oversized popsicle.

Amanda popped Harry's cock between her lips and shoved him deep into her throat.

"Just like your mother," Harry said.

Amanda took this as a compliment. She shoved all of Harry's cock in the back of her throat and did not gag once. His thick cock speared into her throat. Amanda's throat muscles relaxed around him and squeezed his cock. She tried to push him into her mouth.

"Let your sister have a turn," Harry said.

Amanda gave Harry's throbbing manhood a few more sucks. She pulled away from him and left his cock dripping with her salvia.

"Think you can do a better job," Amanda said.

Emily raised her eyebrow and smirked. She grabbed Harry's cock and gave it a lingering kiss on the head. She swirled her tongue around Harry's swollen head while teasing the veins on his cock with her soft fingers.

Harry enjoyed his sister's teasing. Emily opened her mouth wide and took all twelve inches into her mouth. Her warm and hot sucks created lewd sounds. Harry's cock stretched to meet the heat in the back of her throat.

Amanda could see her sister had Harry's full attention.

"So, who does the better job?" Amanda asked.

"Needs, more experimentation," Harry said.

Amanda pulled off her shirt the rest of the way and fondled her breasts for Harry to watch. The firm D-Cup tits stood tall and proud.

"I bet your cock would enjoy being between these," Amanda said. "And just think, they're only for you, big brother. No one else can make us happy like you can."

Amanda pushed her breast up into her mouth and gave it a nice suck. She made sure Harry's eyes were locked onto her.

Emily gave Harry's cock a few more long sucks. Her jaw started to hurt a little bit from the exertion she had. The temptation of cum shot down her throat made Harry push his rod deep into her mouth. She hungered for it.
"Ah, are you getting tired?" Amanda asked. "I want my birthday surprise."

Emily pulled out of the way with frustration. Amanda made her way next to Harry's body and wrapped her large breasts around Harry's cock.

"Damn, these feel so good, Mandy," Harry said.

"Of course, Harry, they do," Amanda said. "And your cum is going to be all over them."

The warmth of Amanda's tits caressed Harry's cock. His vixen of a younger sister took his cock between her breasts and pushed them almost all the way up. She clenched and released cock with a few steady and swift pumps.

Emily watched Harry's cock push in and out of Amanda's breasts. Her breasts weren't small by any means, a healthy and high C-Cup set. However, Amanda's were a set above the rest.

"Double the trouble?" Amanda asked.

Emily smiled and unbuttoned her top. She had an extra bit of clothing to take off. The lacy green bra matched her eyes. Emily reached behind her back and unclipped the bra. Her firm breasts bounced out to play.

"Get down on your knees, and help your sister pleasure me," Harry said.

Emily already sank down onto the carpet before Harry had gotten the declaration out. Amanda shifted a little bit and the two of them pressed their tits together with Harry's meat trapped in the middle. The two rocked their actions in harmony with each other.

"Yes, you're going to get all of the cum you've ever wanted!" Harry groaned. "All of my cum, your tits, your face, everything is going to be covered by it."

Amanda smiled. She certainly hoped so. Wizard's cum was healthy for witch's skin and even more so when it was a powerful wizard like Harry.

"It's our birthday," Amanda said. "Give us a shower, Harry. Splash your cum all over our bodies."

Harry's balls tensed up and fired up into the air. The cum spurted on the tits of both Amanda and Emily. Some of it splashed into their faces and all over their shoulders. Harry's balls kept expelling a never ending stream of cum onto both of his sisters.

Amanda and Emily both squealed in excitement when the contents from their brother's balls fired onto them. Harry showered both of them in a never ending supply of cum and covered their sexy young bodies with the contents of it.

"Oh, what a mess," Amanda said. "Let me clean you up, Emily."

Emily would not protest this for a moment. Amanda leaned towards her and pressed her lips onto her twins. The two of them engaged into a heated round of kissing. Amanda's tongue grazed over Emily's face and started to suck the contents of her brother's balls from her sister's face.

The sensual sucks and breasts pressing together caused Harry's cock to throbb one more time. He stepped back and sat himself on the bed. His cock extended high and proud in the air and waited for intrusion.

Emily returned the favor. She licked all the way down her sister's neck and sucked on it. A firm
grip found its way onto Amanda's waist. Emily backed her forward and buried her face into Amanda's tits.

"Oh, nice and warm there, isn't it?" Amanda asked.

Emily pressed her face against Amanda's breasts and started to play with her ass. She slipped one of her lubricated digits inside Amanda's ass.

"Oh, Emmy, you know what I like," Amanda moaned. Her sister continued to lavish attention towards her breasts.

Emily peaked out from the other side of Amanda's breasts with a grin. She backed her twin over and Harry's cock was there.

"She's all yours, Harry," Emily said.

Harry grabbed Amanda's hips and worked her over. His cock pushed against the entrance of her virgin ass. He thrust forward and took Amanda's anal virginity in one fell swoop.

"Morgana's hairy cunt!" Amanda yelled.

"Actually, she's well shaved," Harry said.

"Less talking, more sodomy," Amanda said.

Harry agreed to his sister's request. He positioned his throbbing hard cock at her entrance and shoved himself all the way into her ass. Amanda's tight rear squeezed against Harry's prick and the heat surrounding him showed an interesting intensity.

"Right there, in my ass, like this!" Amanda yelled. "Yes, right there."

Emily smiled. Her sister apparently was quite the vocal one. Emily shut up her sister with a kiss on the lips. Amanda returned the kiss and the two twins battled for dominance. Amanda's hard nipples pushed against Emily's and the two of them rubbed together.

Harry pumped further into Amanda's hot ass. His fingers made their way towards his younger sister's slit and started to rub circles around it. Harry made sure his fingers slipped inside and caused Amanda to squirm.

"Damn, fuck, so good," Amanda said the moment Emily released her lips and started to travel down south.

Emily planted kisses down her sister's perfect body. She descended down and latched onto Amanda's pussy lips. Emily dug her nails into Amanda's thighs and started to make out with her sister's heated nether region while Harry plowed her ass.

Amanda descended into heaven every single second Emily pounded her tongue between her legs. The combination of her brother fucking her ass and sister munching on her cunt caused her pleasure. Harry reached up and squeezed her.

"I'm going to shoot all of my cum ass," Harry said. "And I bet you're going to get off on Emily eating my seed from your ass."

Amanda could not deny this fact. Her ass tightened around Harry. The powerful cock plowed into her with a few more rapid fire thrusts. Another orgasm rode through Amanda's body.
"Oh, I won't be able to sit for another week," Amanda said. "Pound me though….pound my tight little ass."

Harry caressed those supple curves and continued to rock into her. Her ass pushed further down onto Harry's prick and Harry knew his balls would not be able to hold back his cum even more.

Amanda looked down at her sister's beautiful face buried between her thighs. It was quite the feeling to be honest. Amanda shakily placed her hands down onto Emily's face. She rose her chest into Harry's pawing and prying hands. A burst of pleasure continued to fire through her entire body.

"Good, I'm glad I'm going to make you cum over and over again," Harry said. "So do it, cum on your sister's face."

Amanda's body jerked her hips up and sent the juices down into Emily's face. Emily's pretty face had been coated with her cum.

Harry thrust all the way up. He savored Amanda's ass. Her hips grinded back onto him. The heat pumped all the way down on his cock. The anal ring squeezed around Harry's thick rod and pumped all of him inside her.

The first hot splash of cum hit Amanda's bowls. Amanda worked herself all the way down onto Harry's rod. She closed around him and released his thick cock with a couple of fluid pumps. More pumps fired into her body.

The moment Harry finished unloading his balls into her, Amanda rose up from his cock. The bedside desk slid over so Amanda could bend over it and allow Emily easy access.

Emily and Harry made out with passion. Harry tasted Amanda's juices on Emily's lips and face. The savored combination made Harry's cock rise to the occasion.

With a wicked grin on her face, Emily positioned herself so her face was pointed towards Amanda's ass. She watched Harry's cum draining from Amanda's ass. Emily buried her face between Amanda's ass and started to lick her cum out.

Amanda clutched onto the desk until her knuckles turned white. Emily hit all of the sweet pressure points in Amanda and made her pussy drip with desire. The hunger spreading through her body grew a tad bit more intense the more Emily poked her tongue into her ass.

Emily finished sucking the cum from her sister and turned around with a dirty smile on her face to match the dirty actions.

"Oh, fuck your little sister's virgin ass," Emily said. She wiggled her ass and smacked it.

Harry's cock twitched and Emily positioned herself all the way on top of Harry. Her ass cheeks spread and allowed him inside.

The sinful warmth of his sister's ass caused Harry to groan the second Emily lowered herself all the way down onto Harry. His throbbing manhood enjoyed being engulfed.

"Mmm, I love your ass," Harry said.

"Is it better than my sist…AH!"

Emily's question had been cut off. Amanda buried herself between her sisters thighs and started to eat her out. This caused her to drive herself all the way down on Harry's cock, lubricated from the
fun and games earlier.

Harry steadied his sister's hips and allowed her to drive her ass all the way down onto him. His throbbing manhood pushed all way inside her ass. She squeezed him a tight manner possible.

"Yes, oh yes, Mandy, keep licking my pussy!" Emily said. She grabbed onto her sister's head. "Harry, harder, faster…my ass can take more than hers could."

Emily forced Amanda's hand into place before she could protest and say anything. The juices fired out into Amanda's mouth and Amanda took them all into her mouth.

Harry could feel his balls about ready to burst. Emily's ass really gave him a work out. He gave her body a work out as well by caressing her firm breasts and rolled his fingers down her flat stomach. Harry traveled down and rubbed her clit up and down to increase the burst of pleasure deep inside her.

Emily thought she had just died and gone to heaven. Everything Harry did to her made her body feel inflamed with pleasure.

"Mmm, oooh...,mmm," Emily breathed.

"Going to get another birthday surprise," Harry said. "Are you ready?"

"Mmm, hmmmm."

Emily's pussy shot up with a spasm and soaked Amanda's face with her cum. Amanda rolled up and licked the cum from her face.

"She's really getting off on this," Amanda said. She brushed the juices onto her fingers and sucked them. Her fingers on her free hand rubbed down.

Harry's hands kept pressing on Emily's breasts and clenched them. The delightful little moans coming from her allowed Harry's cock to pump even further into this sinful pleasure of her ass.

"Getting close," Harry said.

Emily encouraged him to go. Amanda returned to suck on her right nipple and shoot more pleasure through her body. Her sister's mouth nursed on her breast.

Harry's cum swollen balls helped part his sister's back entrance. He was about ready to fill her up from behind. His balls throbbed when he recalled how he took his sisters anal virginities, both of them. Harry pumped into her and pounded into her with more hard and powerful thrusts.

"Yes," Emily said. "Please, Harry, shoot your seed in my ass."

"Of course, but I want you feel you cum one more time," Harry said.

Emily's body had been enslaved to Harry's will. His thick rod pushed into her ass and pumped all the way inside her. The tightness of her body squeezed Harry's thick rod when he ventured further into her.

Harry soaked in the sexual energy coming from his younger sister. He could not hold back on his pleasure no matter what he wanted to do. His balls tightened up and fired their gift into Emily.

The first burst of cum hit Emily hard in her ass. She started to spasm and enjoy the cum fired into her ass. The pleasure spots Harry hit in her ass made her rise up and down with increasing pleasure.
"Yes, ooh, yes," Amanda yelled. "Damn, Emily, you're really cumming."

Her entire body rose up and down for a moment more until it finally relaxed. All was calm and Harry pulled it out.

"We better clean up our mess," Amanda said.

She popped her mouth around Harry's cock and started to suck him off without any shame. It was obvious they were not done and neither was Harry.

Emily finally stopped cumming several seconds later. Arousal crawled up her body the moment she saw her twin sucking off her older brother.

The End.
Throwing Down the Gauntlet (Faith Lehane from Buffy the Vampire Slayer).

Throwing Down the Gauntlet (Faith Lehane from Buffy the Vampire Slayer).

Faith dropped down to one knee and took in a breath. Her beautiful face had been plastered with sweat and she started to breath in a heavy manner. And the two of them had not gotten to the really fun part yet. She looked up at the young man who stood in front of her.

"Very good," Harry said.

"Oh, are we done yet?" she asked.

"You can't be tired already, can you?" Harry asked. "I know your stamina is impeccable….especially when you have the proper amount of motivation, Ms. Lehane."

A shudder went down Faith's spine despite her defiant look directed towards Harry. He taught her a lot about enhancing her abilities, but their relationship veered a lot deeper than that. The Slayer smiled when she looked towards him.

"Believe me, I can go all night long," Faith said. "But, why go through all of these drills I've mastered a hundred times before when we can do something a bit more interesting and a bit more stimulating?"

She pressed herself next to Harry. Harry smiled when he looked down at her. She really did have some fun in pushing his buttons. The only thing was Harry had just as much fun in pushing hers. The white tank top strained against her breasts and the outline of them showed her lack of bra. The tight yoga pants molded towards her bottom half like a second skin.

"Do you think you can keep up?" Harry asked. He cupped her ass from behind and squeezed it. "Last time, I reduced you to nothing, but a drooling, dripping wreck."

Faith smiled. She recalled how she couldn't walk straight for an entire week. It had been so worth it though. Nothing beat what he had his pants. The dark haired vixen placed her hand on his chest and started to trail all the way down.

"You caught me off guard last time," Faith said. "You couldn't dominate me like that again."

Harry smiled a predatory smile. He grabbed Faith around her waist and pushed her against the wall. He caught her with a powerful kiss. He pushed and grinded up and down against her body. Faith's nipples poked out harder from underneath her top the more Harry started to play with her, and make her his.

Faith closed her eyes. The kiss pooled the juices between her thighs. She tried to push up against him. He held her back against the wall and pried her mouth open. The tongue worked its way into Faith's mouth and pinned her tongue back. The two of them continued the heavy and intense kiss with each other. Harry's tongue worked into her with precision.

The next thing Faith knew, Harry had his hands on her shirt and yanked it up over the top of her head. Her supple breasts, smooth flesh, and toned stomach all had been revealed for Harry. Harry returned back to the kiss and ran his hands down her bare body. His nails dug in slightly.

Faith returned the favor and reached up to grab his face. The Slayer dug her nails into the side of
Harry's face and forced the kiss to deepen. Her legs kicked up and wrapped around his body the moment.

Harry pulled himself away from her and kissed her on the side of the neck.

"Oh, fuck you," Faith said. He hit one of the pleasure points and caused her to shudder.

"One moment, love," Harry said.

Faith closed her eyes and enjoyed Harry trailing kisses down her collarbone and then his mouth teasing her breasts. His lips tugged on her nipples and caused her to be pleasured.

Harry scooped up Faith with the authority she expected from him and marched her over to the bed on the side of the training room.

'Given how many of our sessions end this way, of course there's a bed nearby,' Faith thought with a hazed smile.

Harry threw Faith onto the bed and crawled on top of her. Faith smiled when Harry's shirt had been pulled off and she got view of his drooling inducing physique.

"Fuck the foreplay, I need you in me now," Faith said.

"Ah, I'm afraid I'm going have to have some fun first," Harry said. He leaned down and wrapped his mouth around her ear to suckle it.

Faith tensed up. Harry suckled the brunette slayer's ear lobe and started to make his way down with another series of kisses down the side of her neck. Harry's mouth tensed around her and drew his mouth against her neck. He left his mark against her neck one more time.

Harry slipped Faith's pants down. Her soaked black panties had been revealed. Harry smiled and continued an exploration down Faith's hot and horny body. His lips pressed against her belly button for an extended time and made his way closer down between her thighs.

"Damn it, stop teasing me," Faith said. "Please, Harry, I'm serious, I think I'm going to burn up if....."

"You need to learn control," Harry said. "I think I've had to reinforce these lessons with you many times. It's time for a reminder."

Her panties had been pulled back. Faith's dripping pussy lips stuck out and demanded all sorts of attention from Harry. Harry smiled when he leaned over the top of them and pressed his lips onto them with a long and lingering kiss. He could taste how horny she was and his cock throbbed because of it.

Faith closed her eyes. Harry's mouth nibbled on her hot nether region. Her entire body tensed up. The heat pumped into her body and centered around her smoldering core. Harry's tongue brushed against the inside. She knew his tongue inside her would be pure magic.

The wait dragged on until Harry pushed his tongue inside. The talented tongue slithered almost all the way up and all the way down.

"Mmm," Faith said. Her entire body had been wrecked with an attempt of an orgasm.

Harry tasted the sinful juices coming from his student. The savory taste of them made him smile
and cock throb. Harry knew in teasing Faith, he teased himself a little bit as well.

'So worth it in the end to hear her scream.'

Faith's hips lifted up off of the bed and tried to bite down her lip. She would not allow him the satisfaction of hearing her scream, not if she could help it.

Harry smiled and started to work his tongue into her. Parseltongue worked at a higher frequency than any vibrator and would break anyone including Faith.

Faith tried to ignore the shoots of pleasure coming from her loins. Harry pushed his tongue into her and continued to vibrate deep into her depths.

"Mmm, ooh….YES, HARRY EAT MY PUSSY, MAKE ME SCREAM!" Faith yelled. "Munch my hot little cunt and make me cum all over your face, you gorgeous fucking stud!"

Faith's entire body thrashed up and down at the swipes of Harry's tongue. He hit all of the right buttons and got her motor running. Her pussy soaked wet and was ready for penetration.

Harry smiled and rose up from her thighs. His face dripped with her juices. He crawled on top of Faith and draped his body on top of hers. Her breathing continued to heighten the moment Harry pressed himself on top of her body.

"You do realize this is highly inappropriate, don't you?" Harry asked. "This relationship between the two of us?"

Harry pressed himself on top of her body even stronger. Faith's entire body heightened with pleasure. Every single nerve ending possible looked about ready to crack. Her nipples pushed against Harry's muscular chest. His pants were off and the head of his cock scraped against her entrance.

"Yes, you using your authority to take advantage of me," Faith said. "And you know what, I can't help myself. You with your green eyes, muscular body, tight ass, and twelve inch cock, the moment you whipped it out, I didn't have a chance with you. You were going to plow me until I came all over your cock."

"Yes, you walked in for your first lesson with me, with a tight skirt, and a top with her nipples sticking out," Harry said. "And you didn't think I noticed."

"Oh, I knew you would notice," Faith said. "Just like you knew I would notice when you brushed up against me with your big cock when you trained until I begged for you to push it in me."

Harry smiled and pressed down. The heat spilling from her body made his cock throb. He wanted to push it inside her.

"You're going to beg for this cock, or you're not going to get it," Harry said. "You're going to have to convince me you need it, or you aren't going to get anything?"

Faith leaned up and guided Harry's face to between her breasts. Her breath hit the back of Harry's ear when she spoke.

"Is this tight pussy not enough convincing for you, big boy?" Faith asked. "I don't know how much more convincing you need other than a nice tight pussy which you can ram until I cum all over your thick and juicy cock."
Harry smiled and rubbed his manhood down her stomach. She felt supple.

"I keep myself in good shape, knowing I have to stay tight, for this cock," Faith said. "Do it, put your big cock into me. Please, sir, I need your cock. Such a beautiful thing needs a home where it can keep warm on these long, winter nights."

Faith started to nibble on his ear and kiss on the side of his neck. Her fingernails placed on his back and started to trace patterns around it.

Harry smiled and pushed his cock against her entrance. Her pussy lips rubbed against him and the heat almost sucked him inside. His cock throbbed and the primal need to bury himself inside Faith's pussy heightened with each passing moment.

"Take your big cock and ravish me," Faith said.

Harry pushed his throbbing cock into her tight sheath. Her pussy greeted him with its warm caress when he pushed inside her.

Faith closed her eyes and moaned "about time!" Harry's cock speared into her body. His toned and sexy body was amazing when pressed against hers. She continued to moan in his ear the more Harry worked himself down onto her.

"You know I couldn't resist this pussy for long," Harry said. "It's perfect, it feels really good around my cock. I can't hold back from it much longer. It's so amazing, so good, I have to fuck it all night long."

"Yes, baby, I know you do," Faith said.

"You're going to wish you hadn't been so cocky earlier," Harry said.

Faith grinned at him. Not much time for her to really response given how far Harry plunged into her body. The thrust into her caused her to shake up and bring his cock deeper inside her.

Harry hammered away at her tight pussy. The walls hugged him as tight as ever.

"You're going to cum now, and you're going to like it when I make you cum over and over again until you beg me for mine," Harry said. "And I may give you my cum, if you earn it."

"I will earn it, you can't hold back forever," Faith said.

"Hmm, we'll see," Harry said. "Cum."

The word spoke with such force and authority Faith did not really know what happened. Her hips started to jerk up and down to push his rod deep inside her.

Faith lifted up her legs in an attempt to hold Harry in for longer so she could squeeze him. Harry's intense pussy pounding caused her to struggle to keep her head above the water and Harry pummeled away at her.

"Mmm, more, I can take more," Faith said.

"Yes, I know," Harry said. "I've been going easy on you."

Harry's hands grabbed Faith's hips and shifted behind her to squeeze her ass. The Slayer's legs scissored him and Harry used the leverage to pound her pussy without mercy.
"Yes, mmm, yes, pound my pussy, pound it hard!" Faith yelled. "Drill me, you call that a…"

She was about ready to protest the lack of hard and fast pounding. Harry held onto Faith's hips and pounded her even harder. Her body tensed up around his cock and when he pushed all the way inside her.

Faith's orgasm rose in her body. He slowed down just enough to make it back off and then started to pound her harder than ever before. The desire she felt after the denied orgasm made her squeeze him even harder. Her hands rested on Harry's lower back and made sure to encourage him inside.

Harry grunted when he pushed himself down. He nipped at the top of her breasts with each thrust. Faith's heat encouraged him to pull him in. He could see the lust burning through her eyes.

"You'll cum when the time is right," Harry said. "And the time is right…now."

This word hit the back of Faith's ear. Her wet walls squeezed his cock and tried to get him to cum alongside with her. Harry did not back off. He rode out one orgasm in his partner and lead her down the direction to the other.

"Did you really think it would be this easy?" Harry asked. He held onto her hips and pushed into her. "I'm going to tell you what's going to happen. And you're not going to stop it. I'm going to fuck you long and hard into the night."

Harry pushed into her. Faith's entire body tensed around him.

"And you're going to scream in my ear for more," Harry said. "You're going to beg me to take you in every way possible."

For her next orgasm, Harry lifted Faith's legs and spread them. He took advantage of her flexibility. He grabbed onto her and pounded her pussy. Her tight body constricted around them.

"Never stop, don't you fucking slow down!" Faith yelled. "I want your cock to rip me in half! I want you to pound me all night long"

Harry positioned her where Faith could see his cock spear into her. The juices trickled from her pussy and allowed him a quicker and easier path to the center of her body.

"No, don't worry, I won't slow down," Harry said.

Faith thanked all of her lucky stars, including the ones she saw, for this intense orgasm. Harry lifted his hips up and plowed into her body. He pounded her harder than ever and made her wetter than ever.

Harry worked through another orgasm on her apart. Faith coated his huge cock with the molten hot juices pumping from her. Her cunt hugged him on the way down. He could feel her body mold against his, intention to bring his cum into her body.

The moment Harry pulled out, Faith glared up at him. He smiled and leaned back onto the bed.

"If you think you can handle riding it, then go for it," Harry said.

Faith gave him a predatory smile when she crawled across the bed. Dark hair flipped over her face and formed a seductive curtain.

"Oh you better believe I'm going to ride you," Faith said. She reached in and squeezed his cock.
"I'm going to ride you so hard your balls are going to be drained. And I'm going to ride you even more."

Faith popped her mouth around his cock to taste her juices on them. The full thought of how much she came reached through Faith's body. She pushed almost all the way down on his tool and took him into the back of her hot throat.

"Delicious," Faith said. She licked her lip with a smile.

Faith positioned herself onto Harry's lap and dragged her pussy against him. She could feel the tip of his head against her entrance.

"Lot bigger when you're on top of things, aren't you?"

"I can handle it," Faith said.

Determination spread through her. She bit down on her lip and took the plunge. His cock filled her body most of the way. Faith stretched her legs back and pushed almost all the way up. She pushed down onto his cock with one more huge and fluid pump.

Harry enjoyed the sensation of her sweet pussy wrapped around his throbbing pole. Faith rose up and sank down from him.

"You're so hot bouncing up and down on my cock like this," Harry said.

Faith smiled. She rode his cock up and down. Faith tried to control all of her strength through her pussy muscles to squeeze her a good dose of cum.

"Your balls feel like they've been storing a lot of cum for me," Faith said. "Good, I'm going to get a nice big load."

"I'm sure it's going to feel good when your pussy squeezes me pump for pump," Harry said. He clenched her breasts. "While you cum over and over again."

Harry held his hands on her chest and squeezed these breasts. Faith's body tensed up around him when she rode him up and down.

Faith smiled when she did her lower body work out while Harry worked her upper body. Each time he hit her insides, a cluster of nerve endings had been shot on fire. The dark-haired Slayer pumped her walls around Harry's throbbing prick.

Harry smiled. This tight pussy made his cock throbbed. He leaned in and bit on her neck. She moaned when he marked her neck.

"Making the world know who you belong to," Harry said.

"Oh, you bad boy, getting so territorial," Faith said.

She plunged all the way down on Harry's cock and enveloped his throbbing manhood deep on his thick and swollen pole.

"It's your fault for being such a hot piece of ass," Harry said. "And I'm going to mark that too eventually."

Harry's fingers groped Faith's rear. She breathed heavy. Harry rolled his hands over every inch of her body. Every single lovely inch of her flesh burned underneath Harry's hands.
Faith pushed herself up and down Harry's cock. His erection pulsed all the way inside her. Faith's slick center enveloped Harry with another pump inside her. She held onto him. Orgasm after orgasm racked over Faith's body and she could feel her end as well.

"Go ahead, I know you want to cum," Faith said. "Oh, cum in me, give me that big load of cum.....shoot it in my pussy.....feel this tight pussy. You want to cum in it don't you baby? You want to befoul my body with your magical seed, don't you?"

Faith grinded her pussy up and down on them.

"Yes, I'm sure you want my cum just as much as I want to cum," Harry said. "And I've got a big load saved up for you. I'm going to give you so much cum, you'll be stuffed full."

Faith flashed a sultry smile.

"Time to drain those big balls into my tight pussy," Faith said. "I'm going to feel this one, for a long time, aren't I?"

Harry held onto her hips and held her close. She pushed all the way down onto him. Faith held the position so Harry remained balls deep and crammed into her pussy. His balls throbbed with the remnants of his load.

Faith rubbed herself up and down Harry's aching shaft. She smiled at the sensation of what was to come. Harry's hands found their firm grip upon her hips and forced her all the way down onto him.

"After you."

She tried to hold back the orgasm only to find it had rocked through her body before Faith could even protest. Harry grabbed onto her back and pushed her all the way down.

Harry's turn followed soon after. The first burst of cum shot into Faith's pussy. The woman's walls splattered nice and hot with the cum. Every single spurt which followed caused her to drive her hot walls all the way down on Harry's hard cock.

"Yes, give me it, give me all of your seed!" Faith yelled. "Give it all to me, shoot your cum inside me... give it all to me!"

Faith's walls tensed around him with a few more clenches. She milked all of the cum from his balls and made them drain inside her body.

Harry lifted his hips and concluded firing his seed inside her body. Several dozen pumps later, he spilled the gift into her. The two of them came down with a series of pleasurable shudders from their combined orgasm.

Faith turned around and spread her legs. The glops of cum spilled between her legs. Faith arched her ass in the air.

The sight of Faith on her hands and knees got Harry's motor running one more time. He positioned himself at Faith's entrance with a re-hardened cock.

The intrusion caught Faith off guard. Harry grabbed her waist and hammered into her from behind her.

"Remember our most important lesson," Harry said. "Be on guard for anything."
Harry's cock resurrected itself from the depths and drilled her with passion. Faith held onto the bed and was not going to tap out. She was determined to take this thick rod even harder inside her.

End
Harry Potter swung open the doors leading to his dining room in his mansion and found himself greeted to one of the most magnificent sights he could think about. Fleur Delacour's thong clad ass stuck up in the air when she kneel down on the floor and scrubbed it. His eyes traveled down the back of her legs, up to the back of them. She wore a pair of high heel shoes which dangled on the ground from her lacy white stockings.

Fleur dressed in a sexy French Maid's outfit. The skirt shortened several inches past what considered to be decent. It showed her panties, or what passed for panties in this situation. Harry watched her turn. Her breasts fell out of the top and showed the lack of bra underneath. He caught sight of Fleur's gorgeous face covered in sweat with her blonde hair on her face. The collar she wore around her neck added to the fun.

"Hello, Master," Fleur said with a smile. "I'm doing some house cleaning this morning."

She turned around and Harry watched her ass sway. Fleur continued to crawl around on her hands and knees and taunt Harry with this gorgeous and tantalizing ass. It swayed back and forth for Harry.

"You're doing an excellent job," Harry said. He approached her from behind. "Keep it up, and you're going to get a reward for your work."

Fleur smiled and closed her eyes the second Harry placed his hands on her sweet ass. She shivered the second Harry started to play with her ass through her robes.

"Keep it up," Harry said.

Fleur kept scrubbing underneath the table. Harry responded by kneading her ass and grinding up against it. She made the floor all nice and clean.

"Good, turn around, my pet."

Fleur turned around with a smile. Her red lips parted into an impish smile. Already, Harry unbuckled his pants and sent them down past his ankles. His underwear came down and cock sprung out. All twelve thick and throbbing inches shoved out.

Harry looked at her gorgeous face, magnificent cleavage with tits spilling out from the slightest of moments, and skirt riding up to show her panties. Harry wanted her in the worst way.

"It's time for your reward," Harry said. He grabbed onto Fleur's mouth and shoved his cock past her lips and into her mouth.

Fleur opened her throat wide and swallowed her lover's engorged prick. Harry held onto the side of her face and delivered a few slow and sure pumps into her. Fleur's wet mouth closed around him and opened with each thrust. She sucked him hard.

Harry enjoyed the feeling of Fleur's beautiful lips wrapped around his tool. Her tongue worked
around the edge of his cock and brought it all the way down. The moistness of this tongue pleasured his cock.

"Good, good, take my cock like a good little French whore," Harry said. "You like feeling my cock down your throat, don't you?"

Fleur nodded in response. She inhaled this throbbing cock the longer it passed through her lips. Harry held onto the side of her face and rammed his thick tool into her throat. Every single time he hit the back of her throat, Fleur thought she would lose her mind.

"Yes, go ahead, take my cock," Harry said. "You're so hot down on your knees like this. Taking my entire cock down your throat."

Fleur submitted to her master's desires. She shook in pleasure. His cock left her mouth. Fleur looked at the size it and licked it all the way around before Harry shoved himself into the back of her throat.

Harry gripped the back of Fleur's head and throat-fucked her. Fleur rested her hand on his balls and encouraged him to do more. The sensation of her hot and able hand touching his balls made Harry just drill her with more vigor.

"Good, you're going to make me cum, aren't you?" Harry asked. "I've saved up a nice big load for you…but there's more where that came from."

Fleur re-doubled her efforts and took Harry far into the back of her throat. His engorged balls clenched in her hand. Fleur breathed in and out.

Harry grunted and pushed forward. He thrust his cock into Fleur's mouth and sent the contents of his balls into her mouth. He fired a huge load into her throat.

Fleur sucked him to a conclusion. She took great care not to waste a single drop of his cum.

"Good girl, you didn't make a bigger mess," Harry said. "At least not yet, but you will….get to your feet."

Fleur jumped to her feet. The moment she jumped up, the top half of her uniform released her DD Cup tits for Harry. They stood firm and perky for Harry. He reached forward and squeezed them. Fleur closed her eyes.

"I know your tits are so sensitive, but you enjoy them being squeezed, don't you?" Harry asked.

Harry's palms pressed onto Fleur's breasts and gave her another squeeze. Juices pooled between her legs and soaked her panties through. Harry pushed her against the table and straddled the top of her. He squeezed her breasts.

"These are mine," Harry said. "They exist for my pleasure, don't they, my little pet?"

"Yes, Master, please," Fleur said.

"And you deserve another reward," Harry said. "And doesn't my nice large cock deserve a nice warm home?"

Fleur nodded vigorously. Harry climbed on top of her and positioned his cock in the valley of her cleavage. He slipped his throbbing cock in between her breasts and pushed them all the way out. She breathed in pleasure the moment Harry passed through them.
Harry grabbed onto Fleur's breasts. He watched his large cock disappear in between them. He kept pounding away at her with a couple of long thrusts.

"Looks like I'm going to make another big mess for you to clean up, aren't I?"

Fleur's hands found Harry's hips and she encouraged him to keep pounding those tits. The soft breasts squeezed him when Harry's cock slipped in and slipped out. He rocked his way in between Fleur's juicy tits.

"Yes, good, it feels good," Harry said. "You're going to make me spill my seed all over your big, juicy, tits, aren't you?"

Fleur could not hold back. She let Harry keep pounding her tits while her pussy oozed more than enough cum to flood the entire dessert. Harry rested his hands on her breasts and continued to pump in her.

"Taste my cock again," Harry said. Fleur obeyed and licked his cock when it pushed out between her breasts.

Harry clutched Fleur's breasts and kept pumping his thick prick in the middle of them. His cock snuck out of them and touched her lips every time.

"Prepare yourself, because I'm going to cum," Harry said. "All of your face, all over your tits, and all over your sexy body. Your body is so fucking sexy, I can't hold back."

"Don't hold back!" Fleur begged. "Give me a big mess to clean up. Blow your load all over my tits, all over my face, and in my mouth, blow your entire load into my mouth, please!"

Harry gave a grunt and pumped his way between those soft orbs. Fleur's breasts caressed him the more Harry rode her chest. The sweetness of those breasts caressed the thickness of her cock.

Fleur's body jolted in surprise at the first blast of cum hitting her. The cum splattered her chest and her face as well. The girl caught the cum on her tongue and sucked it down with a wicked smile on her face. More cum continued to fire all over her face.

"I like being covered in your cum!" Fleur yelled.

Harry emptied the contents of his balls down onto Fleur's body. Fleur used her breasts to milk every single drop out of Harry's testicles onto her body. He covered her face, breasts, and the cum started to roll down her stomach.

He finished to pump between her breasts and finished off. Harry pulled away from her and looked at her.

"Clean yourself up."

Fleur shuddered. So forceful, she had to obey. The Veela's body swelled up with sexual energy. Her hands skimmed over her body and caught the cum from her hands. Fleur pushed her fingers inside her mouth and started to suck them. The amount of cum coated to her fingers made Fleur even more hungry. She pushed those fingers into her mouth and sucked them dry.

"Good girl," Harry said. "Bend over the table."

Fleur obeyed her master and anticipated what came next. She flipped over onto the table. Harry flipped up Fleur's skirt and revealed her thong. Two fingers shoved in the thong and pulled it down
to reveal Fleur's smooth, dripping womanhood.

Harry grinned when pressing his finger against Fleur. A Veela's clit had more of a chance of stimulation. A few rubs would get her to cream all over the table. Harry put the right amount of pressure against. He enjoyed making her squirm and cream all over the table.

"I bet you'd like my cock inside you," Harry said. "I bet you'd like it buried inside you when you cum over it. Your body racking with pleasure when you cum again and again. Begging for my seed buried inside your body. Stuffed full of so much of it until you can't handle it."

"Yes, give me more cum I can handle, please," Fleur said. "My pussy was made for your cock."

"I know," Harry said. He touched his fingers against the inside of her pussy and worked them inside. "Good things come to those who wait though."

Harry slipped one digit inside her. His finger teased the inside of Fleur's wet walls. They remained tight even against his finger. Harry knew how to manipulate them for the best fit and the best ride around his cock. His finger situated and shifted back a tiny bit and pushed into her one more time. Another thrust and it burned Fleur up with a long pump.

"Good girl, you want this finger inside you," Harry said. "I bet my pet would like a second finger."

Fleur bit down on her lip in the most alluring manner possible and nodded. Harry slipped another finger inside her. The two combined digits tortured the Veela and brought her to the edge of madness.

Harry added a third finger. The wetness and the tightness of these walls prompted Harry's cock to start throbbing. He worked his fingers between her with a couple of long and powerful thrusts.

"I bet you can't hold it back," Harry said. "I know you're going to cum for me, aren't you?"

Fleur responded with a nod. The pleasure started to bubble up her body. No matter how much she restrained herself, Fleur's body enslaved itself to the powerful man pushing inside her. He eased her body to the orgasm before letting it go.

Harry soaked in the sensation of Fleur's pussy closing around his cock and clenching his fingers. The heat increased with a force which caused Harry's fingers a pleasurable heat. He kept pumping his way into her core.

The moment Fleur's orgasm concluded, Harry pulled his fingers out. Fleur saturated them with her nectar. Harry knew one thing to do. He slipped those dripping digits into his mouth and tilted his head back to suck on them.

The taste of Fleur's honey made Harry's cock grow even harder. He needed to put in the source.

"Good, this pussy is nice and ready," Harry said. He reached around and grabbed Fleur's breasts to get her attention. He ran his hands down her body and moved around to rest his hands on her ass. "You're all nice and ready to get fucked."

Harry's throbbing head lingered at the edge of Fleur's entrance. The intense heat of her pussy beckoned Harry inside. His balls ached with the need for release. Only one step left to take. He positioned himself closer and took the plunge.

Fleur dug her nails into the table and clawed the hell out of it. Her pussy filled up with a prime male organ. Lust spread through her body and only increased with his hands toying with every inch
of her soft body.

"Yes, you're feeling so good, aren't you? "Harry asked. "You like this, you like me driving me cock into your tight body. You love your entire body racking in pleasure. You like my strong hands making your body mine, don't you?"

Harry empathized this point by rolling said strong hands over inch of Fleur's hot body. He kept working those hands all over her and caused her to moan in pleasure every time he drove himself into her.

"Yes, yes."

Harry held onto Fleur's juicy nipples and pinched them as hard as possible. Her moist center tensed around his cock. The warm and hot juices trickled onto him and made his path to her core be even more fluid and responsive.

Fleur bit down on her lip and positioned towards the mirror. The Veela wanted to her master to see the look on her face.

"Pull my hair and drive your cock into me, please!" Fleur yelled. "Pound my pussy into jelly….pound it!"

Harry grabbed onto the back of Fleur's head and continued to pump all the way inside her. Her wet and moist cunt squeezed him the further Harry buried himself. He held onto her silky blonde hair with these long and powerful thrusts. Each time he buried inside her, a jolt spread through her body.

Fleur enjoyed being dominated by this powerful man. Energy spread all through her body. His hands coaxed more pleasure every time they skimmed all over her body. Harry cupped the underside of her breasts and worked a deeper path inside her.

"Mmm, yes, oooh, mmm, yes," Fleur said. "Harder, please, make me your bitch. Fuck my cunt until it comes all over your throbbing, hard….cock!"

Fleur's breathing increased with every single hard thrust Harry delivered to her wet and juicy center. His cock slid almost all the way out of her and then spiked back inside her. The hard thrust continued with Harry.

"Cum for me, Fleur," Harry said. "Cum for me hard."

Fleur obeyed her master's will and Harry continued to thrust into her. His balls struck up against the side of her thighs. The molten hot pleasure gave Harry a steady path inside her.

"Mmm, so hard, so, good," Fleur said. "Take me harder, further….harder!"

Fleur's breathing continued with Harry punishing her pussy with constant thrusts inside her. His swollen balls pushed up against her with each thrust. Harry rose almost all the way back and plowed Fleur into the table. His hands found their way onto her hips and gave him extra leverage.

"One more time," Harry said.

Fleur's entire body tensed up. The moist center grew even wetter in anticipation of accepting the gift of her master's sticky seed. The French goddess clawed the table and gifted her partner to the pleasure of some bilingual cursing.
Harry only had the slightest idea what Fleur said. A fair amount of it seemed rather hot and made his balls throb. He continued to pump into Fleur from behind with a couple of long and powerful thrusts. He held onto her hips and reared back.

"Are you ready to get it, my love?" Harry asked.

"Yes," Fleur said.

Harry held back for as long as he could. He stored a big load in his balls to give this French goddess. He pushed into her and watched Fleur's beautiful face screw up in a pleasurable way.

His hands roamed down Fleur's back and touched her soft skin all the way down. Harry gave one last tour of her body before giving her the gift of her cum.

Every single touch caused Fleur's orgasm to return in full force. Some small ones, and some big ones, and Harry guided her to the big one.

"Here we go, together," Harry said.

Fleur's core heated up to its highest. The wetness caressed Harry's cock and pulled it into her. Her womb braced itself for intrusion. Harry held onto her hips and pumped all the way back into her.

The first pump brought his thick cum into Fleur's wet pussy. Another few pumps later and Harry spilled the contents of his cum into Fleur's body.

Fleur gave a low purr the moment Harry injected his cum inside her. He injected a sticky load into her body and filled her womb up. The cum stuck to the inside of her when Harry pushed in and then pulled all the way out of her.

The moment Harry pulled out and sank onto the nearest chair, Fleur crawled off of the table and slunk down to the floor. She wrapped a hand around Harry's cock.

"Let me clean up this mess," Fleur said.

Fleur swallowed Harry's cock. She took all twelve inches into his mouth with the precision of a goddess. The warmth surrounded Harry's thick manhood when she sucked him all the way up to full mast. Her fingers tickled the inside of his balls.

The moment his cock was nice and wet with her spit, Fleur turned around and stuck her ass out. Harry spanked it to prompt juices to spill down Fleur's thighs and lubricate her center.

Harry watched her hot asshole inch closer towards his cock. He smiled and waited for Fleur to reach him. Her asshole pushed over his cock head and she slid down onto him without a second thought.

"Mmm, yes," Fleur said. "Right there's the spot!"

Fleur's ass surrounded Harry's cock. Her lovely cheeks squeezed him when going all the way down onto him. Harry held onto her hips and started to raise them to pound her ass.

"Take it, pound my ass!" Fleur yelled. "Feel my thick ass, and fuck it hard….ram your cock into me….oooh, yes, you're going to make me cum."

Harry jammed one set of fingers into Fleur's cunt and rubbed her breasts with the other. The combined stimulation made the Veela buck up and down on his cock with all of the precision of a
wild animal. Harry continued to play with every hot inch of Fleur's skin.

"Yes, it's my ass," Harry said. "And you're going to earn another load in your ass."

His mouth nibbled Fleur's neck. The soft skin molded underneath his mouth. Harry turned over and rubbed his hands over Fleur's breasts. He gained traction and made her nipples stand out underneath his fingers. Harry pressed on in and pressed her buttons as well.

Fleur sank into this combination of sensations along with her ass pushing all the way down on Harry's thick manhood. Her hips rose up and bucked down. The Veela's face glazed over when unmistakable pleasure flowed through her body.

Harry worked over her ass. He could pound it all day long, but even he had his limits. Fleur rose and lowered herself. The warmth of her rear came down onto Harry's balls and coaxed the cum out from underneath them.

Fleur reared back her head and screamed. Harry bit down on her neck and hit those sensitive spots even greater. Her ass clenched down on his cock along with her pussy around his fingers. A white light flashed in front of Fleur's mind as her entire body heated up on Harry's lab.

The warmth around them caused Harry's manhood to tense up. Cum churned up in his balls and he had no choice other than to bring it into Fleur's ass.

The two reached the state of passion with their orgasms together. Harry pumped his load into Fleur's ass with a series of long and potent thrusts. He grunted and continued to work her over the edge and beyond with this powerful orgasm.

Fleur shuddered in pleasure.

"Magnificent," Fleur said. "Even though I think I've made another mess I need to clean up."

Harry kissed her on the side of face and allowed Fleur to slink onto the floor, cum dripping from both between her legs and from her asshole. This hardened Harry in a moment.

The Veela sex drive could be intense, but it fed into Harry's own unique magic.

End.
Sara Lance crouched down and closed her eyes. A couple of deep breaths came through her body. The fit blonde dressed in a black sports bra which only just covered what needed to be covered. Her toned abs came down to a pair of tight shorts which fit around her ass and also showed up her dazzling legs. It had been a few months since she had been brought back from death, again.

'Jean Grey has nothing on me,' Sara thought.

She had undergone an interesting form of therapy to keep the blood rage at a minimum. It actually worked well in clearing her mind. When thoughts of rage filled with other, more enticing thoughts, Sara did not really have any complaints regarding how it happened.

A pair of strong hands had Sara. She slowly turned around and saw the brilliant green eyes of her a-hem, therapist. The dark hair, the green eyes, and the Adonis looking features made Sara smile. Harry Potter had his hands on her waist and he planted a kiss on the back of her neck.

"Hey," Sara said with a smile. "I'm really glad to see you because….well, you can never be too careful."

Harry's hands rested about an inch underneath her breasts. They did not slide up and cup her. Sara whimpered at the touch of Harry. She wanted him and wanted a lot more than him.

"Oh, have the urges returned?" Harry asked. He smiled and pressed against her.

"Not the bad kind of urges, the good kind of urges," Sara said. She enjoyed Harry's strong and warm hands being rested on her bare skin. "Of course, if we keep the good kind of urges at bay, then the bad kind of urges go away."

"Win-win, then?" Harry asked.

Sara turned around to face him proper. The blonde stepped forward and kissed him. He returned the kiss and cupped her face. The two of them indulged each other in a long kiss. Harry reached in and cupped her ass to pull her in.

Harry enjoyed the curves of Sara's ass and rolled them down to her. He let go of her and Sara gave him a wicked smile.

"Yes, win-win," Sara said. "The exercises have helped to be…centered to myself. It took a while….when you get pulled back from the brink of Death, it takes a long time to get your footing."

"Yes," Harry said. "I know the feeling."

"I'm sure there's another feeling you like," Sara said. "And I like it too….are you going to….."

Harry responded with another kiss directed at Sara. She melted underneath the grip of him. Harry backed her up against the wall. Sara's legs wrapped around Harry's waist the second he passed her against the padded wall. Harry's hands stroked all the way down the back of her legs.
"The two of you are not going to start without me, are you?"

The door swung open when they were indulged in each other. A short-haired brunette girl stepped in. Mischief danced through her eyes. She slipped a jacket off to reveal a black tank top which rode to show a toned midsection. Tight leather pants stretched over the legs of the brunette.

"Of course, we won't," Harry said. "Come in Thea, make yourself at home."

Thea Queen stepped over and decided to walk over to make herself at home. Sara stepped out of the way, and watched with a smile. Thea dove into Harry's arms and kissed the hell out of him. Harry worked his hands down her body and kissed her.

The kiss brought Thea back and caused her to pant in response.

"Good, I wouldn't want to intrude on anything it's just….it's been a couple of days, and we don't want to run any risks of something bad happening, do we?" Thea asked. She approached Harry with a slick little smile on her face and leaned closer towards him.

Thea gave Harry another kiss in response. Harry returned it and more passionate fire connected between their lips. Harry wrapped his arms around her.

"No, we don't," Sara said. "And you know what they say, the more the merrier."

"Good, I'm glad you're not too bothered by this," Thea said.

Sara stepped forward and made Thea back against the wall. Her hands pressed on the wall and boxed Thea in. Sara smiled.

Why did Thea feel like the prey of a predator who was going to eat her up, and in a good way at that?

"Given how well you eat out my pussy while Harry fucks you, I don't think I have any right to complain," Sara said. She walked closer to Thea and looked into her eyes. "At all."

Sara pressed her lips onto Thea's with a stunning kiss. The blonde used her tongue to invade Thea's tonsils and essentially molest them. The brunette hung onto Sara's waist and moved on to touch her ass. She cupped it in her hands.

"Always going for my ass," Sara said. "Both of you."

Thea laughed and Sara nibbled on the side of her neck. The laugh had turned into a shudder. Sara's finger ran down Thea's arm and caused her to shudder.

"It's so squeezable though," Thea said. She pinched Sara's ass to empathize.

Sara countered with a pinch of her own and caused Thea to shudder in response. The brunette slumped against the wall. A predatory smile crossed over her face.

"And now, I'm hungry," Sara said.

"Help yourself," Harry said.

"Mmm, I think I will," Sara said. She took Harry's shirt and tugged it off. Her hands ran down his muscular chest and started to rub around him.

Sara dropped to her knees and undid his pants with her teeth. She pulled his boxers off as well and
stroked the area between Harry's thighs. She started to kiss him over and over, until she reached his balls. Sara kissed between his legs and brought up. Her eager lips found their way towards him.

"Well, since you're later for training, I get a piece of Harry first," Sara said. She held Harry's cock between her fingers and gave him a long and sensational lick "Don't worry, I'll let you lick the bowl."

Sara swallowed his entire cock in one fell swoop. Thea watched Harry's cock go into Sara's mouth and disappear completely between her lips. Sara rolled back and came all the way down to her, showing her skill one more time.

"Damn, oh, that's still so hot," Thea said. "Yes, suck is cock hard."

Those leather pants already got even tighter. Thea decided to slip them off and sit there with nothing on beneath the waist other than a pair of thong panties.

Sara slurped Harry's cock and introduced the most pleasurable sensations. The devoted and hungry look in Sara's eyes set Harry's loins on fire. She took him into the back of her throat hot and hard, with her hands dug into Harry's hips.

"Yes, Sara, your mouth feels so fucking good," Harry said.

Sara bobbed her mouth up and down on Harry's cock. The sight of Sara's pretty face buried between his legs and sucking his hard cock made Harry's loins simmer. He grabbed onto the back of her head and encouraged her to go down even more.

The skilled ninja showed her skills were a worth a lot more than to kill people. She touched Harry's balls and squeezed them to feel how much cum was in them. Cum Sara intended to have down her throat and gag on before it was all said and done. Another long slurp and Sara wrapped her tongue around him and licked his entire cock when sucking on it.

"Damn, she's really fucking good," Harry said. "She has the perfect mouth for cock sucking."

"Yes, her mouth is good," Thea said. "Does her hot little mouth feel as good around your cock as my pussy does? Or her pussy…..her pussy feels really good."

Harry thought of Sara's tight cunt and almost came in her mouth. She went down on him with a look in her eyes which seemed more potent than any dirty talking in the world. This girl radiated sex and Harry wanted to stuff his cock down her throat until she gagged.

Sara played with her clit at Harry plowing his cock into the back of her throat. An orgasm rose up her body at the thought of Harry spilling his seed into her throat.

"Yes, it feels really good," Harry said. "Damn it, Sara, if you keep it up, I'm going to lose it in your mouth if you're not careful."

Sara sped up the cock sucking. Her wet and hot mouth inhaled Harry's cock. Her hands hit all of the pleasure points of his balls just like she learned a long time ago. The cum started to bubble within his thick balls.

"I think she wants you to lose it," Thea said. She shoved her fingers into her pussy and diddled herself at what Sara did.

"Damn, Sara, here it comes, I'm going to….God," Harry said.
Harry pushed into her mouth and fired an immense load of cum into Sara's throat. Sara tilted her head back to accept it. Her lips remained sealed around his thick prick and milked every drop out of his cock. Sara's fingers coaxed even more.

Sara accepted every last drop of cum from her god. She worshipped every inch of his cock until it went temporarily flaccid. Not for long though, because Sara was ready for it to be hard and ready to ride. She knew the exactly way to get it back to life too.

"Mmm, delicious," Sara said. "Want a taste Thea?"

Thea rose to her feet and Sara grabbed Thea around the face. The two girls exchanged a very sloppy French kiss with each other. Their hands combed each other's body. Sara shared Harry's gift with Thea like good friends did.

Sara's fingers clutched the side of Thea's shirt and pulled it over her body. Her perky breasts came out in a lacy black bra. Thea returned the favor and stripped Sara's sports bra off. Her healthy breasts and hardened nipples came down.

Thea's bra had been lost next and the two girls continued to kiss, touching nipple to nipple and soon soaked panty crotch to soak panty crotch.

"The two of you are asking for it," Harry said. "You're asking for it big time."

Harry pulled down both sets of panties and shoved a finger in Sara's cunt and a finger in Thea's cunt. He worked over both of their wet snatches. Their tight hips grinded forward with Harry's actions.

Sara panted in pleasure. Every single time Harry's digit penetrated her, it made her hot. It made her wet, perfect for his large cock to slip into her tight pussy later. Sara could have lost it all over Harry's protruding finger.

"Mmm, I think we are asking for it," Sara said. "I think we're asking to be fucked hard. And I think Thea needs a reminder about how good my mouth could go."

Harry released both of the girls, saving the really big one for later. Sara took down Thea by the legs and pinned her down to the mat. The two girls pushed down on the ground. Sara landed on top of Thea and straddled her hips. Sara grinded her pussy down on Thea's.

"Oh, you bitch, that's not fair, you know my weak spots!" Thea whined.

"Oh, you mean here?" Sara asked. She kissed the spot behind Thea's ear. "Oh how about here?"

Sara took Thea's right nipple into her mouth and started to suck on it even more. She kissed all the way down Thea's body. She loved the feeling of Thea's toned flesh and the little sounds Thea made.

"Oh, I can eat you all up, baby," Sara said. She stroked Thea's outer folds. And I'm sure you're going to enjoy my mouth all over your pussy."

Sara reduced Thea into a whimpering wreck and kissed her on her clit before giving it a suck. She came closer to penetration and hung back. Legs spread and Sara looked over her shoulder.

"There you have it Harry," Sara said. "I want your big cock into this nice hot pussy….ram me, abuse my pussy and make me scream in pleasure."
Harry rested his hands on either side of Sara's hips. Her dripping hot lips beckoned for his cock. Harry knew what to do now. He pushed his cock inside it.

"Oh, you're really asking for it now," Harry said. "I'm going to fuck you and make you cum until you pass out."

Sara hoped so, she really did. Harry held onto her hips and speared inside her. Sara's cunt stretched out to accept his cock before relaxing around him in a tight, wet, and hot grip.

Harry pumped himself into her slow at first. Sara flexed her pussy muscles around Harry and communicated without words. Harry ran his hands up and touched all of Sara's curves.

Sara's face disappeared between Thea's thighs and showed her oral skills. The tongue scraped and them drove deeper. She buried herself into Thea's pussy and felt it.

"Mmm, yes, oh God, oh, Sara….oh….YES!" Thea yelled.

Sara nibbled on Thea's sweat little pussy and brought more slick juices into her mouth.

"And here I thought your sister was the screamer," Harry said as he rested his hands on Sara's hips and pumped into her from behind.

Sara could not come up with a witty response on the account of having her pussy stuffed so full of Harry's cock she thought she would explode. His thick cock buried inside Sara's wet pussy and worked her up to another orgasm.

"Oh, yes, she's is….it runs in the family!" Thea yelled.

Sara's pussy eating brought Thea up to another orgasm. She could only turned a little bit to watch Harry's thick cock spear inside of her.

"Cum for me again," Harry said. "Go ahead and cum for me. You can't get enough of me stuffing my thick cock into your perfect pussy."

Sara responded with another vocal scream before going down on Thea and devouring her pussy. This caused a whimper of pleasure to come from Thea as well.

"I bet you're nice and wet too, Thea," Harry said. "Don't worry, I'll get to you next."

Thea could hardly wait to be honest. Sara's tongue tortured her to the edge of another orgasm. She had way too much experience with eating pussy and manipulated Thea in so many ways. Her body racked in a constant state of arousal and orgasm.

Harry slapped Sara's ass when he pushed into her. He ran his hands all over Sara's body. Each sweaty, toned, curve molded into Harry's hands. His balls throbbed at how tight her body ended up. Harry pumped deep inside Sara a few more times.

"One more time," Harry said. "And then you're going to get your reward. I hope you're ready."

Sara's wet cunt gave Harry a squeeze. Harry could tell from the tightness and warmth from her pussy what she wanted. He slid all the way inside her and worked into Sara with rapid thrusts.

"DAMN IT, SARA!" Thea yelled.

Thea's body thrashed with what Sara did to her. She hummed something from her throat and the vibrations struck Thea hard. And here Thea thought she was at the mercy of Harry's magical
Sara's body tensed up with another orgasm. The blonde beauty channeled every bit of energy through her tight cunt in an attempt to coax Harry's seed from his balls. He pushed into her.

"After you," Harry said.

Sara tensed up around him. A jolt of energy spread through her body and seconds later, her orgasm followed. Harry's followed after hers.

Every nerve ending in Harry's body exploded with pleasure. He buried himself into Sara's tight body and the seed into her womb. The beauty's cunt clamped down around him and squeezed him into submission. He shot an immense load into her pussy.

Sara sighed, at the feeling of contentment. Her lust had been satisfied by a big load and multiple orgasms for now.

Thea pulled herself up the second Harry pulled his cock out of Sara. She eyed it and grabbed Harry's cock in her hand.

"I need your fucking cock!" Thea yelled.

Harry swept Thea down onto the mats and pinned her onto the ground. The brunette's wet pussy lips spread eagerly for penetration. Harry crouched over the top of her and hovered his prick over Thea's entrance. It hardened as quickly as it expelled its load into Sara thanks to the magic of magic.

"I beg your pardon?"

Harry's hot breath hit Thea's ear and she came in response. His third eye stared down her pussy, and it did not slide inside her right away.

"I need your fucking cock….please," Thea said with lust burning through her eyes.

Harry ran his cock all the way down the front of Thea's body. Her toned abs brushed against his cock when Harry made his way closer towards her center. He reached down and grabbed Thea's firm breasts giving them a squeeze.

Thea's hips jumped up from Harry playing with her breasts. Her pussy almost sucked in Harry's cock.

"Put your cock inside my dirty little pussy," Thea said. "Fuck me like your little slut. Make me your bitch, Harry."

"Oh, I think I've already made you that, Ms. Queen."

Harry took the plunge into Thea's tight pussy. Thea clenched down onto Harry's thick manhood the moment he penetrated her. Harry pushed deep inside Thea with a series of rapid fire thrusts.

Every single ripple of his cock buried inside her pussy made Thea scream. Harry's fingers raked down her and grabbed her ass. She returned fire by groping his when the two of them kissed and fucked each other.

"Mmm," Sara said.

She rolled over and started to play with her pussy at Harry driving his cock into Thea's pussy. The
rich girl succumbed to the thickest, juiciest cock any of them ever played with.

"Oh, you want to play with yourself….well, I'll give you something really to scream about." Thea said.

Thea gave Sara's pussy a rough fingering. Sara's wet pussy clamped down onto her finger. Thea could feel the warmth and the remains of Harry's cum oozing out of her.

"Yes, oh, damn, Thea….oh fuck!" Sara yelled. "Harry, she's doing so good, drive your cock into her. Make her cum all over your cock."

Harry manipulated Thea's body as if it was a well-played instrument. He buried all twelve inches of himself inside of her with a long thrust. He pushed almost all the way out of her and slammed back into her with more thrusts.

"Yes, I'm cumming…all over your big fat cock!" Thea yelled.

"Harder, you're going to cum harder when I'm doing with you," Harry said. "Keep fingering Sara, make her cum all over your fingers."

Thea obeyed Harry's words, not having a question about it. She kept working her fingers into Thea. Harry matched her motions so it was worth Thea's while to pump into Sara past.

"Oh, you rich cunt, you're nothing, but a slut!" Sara yelled. "A dirty slut who is nothing, but having her brains fucked out."

"You didn't mind eating my dirty slutty pussy earlier!" Thea yelled.

Harry pumped into her pussy. Her tight walls closed around Harry. He grunted and almost pulled all the way out of Thea. He slid into her and slammed down hip to hip onto Thea. The woman's wet walls closed up around Harry and released him again.

"One more time," Harry said.

Thea's hips bucked up to allow Harry to drive all of his cock inside her. Harry pumped down into her and allowed her pussy walls to close up around him. Harry pushed into Thea's wet pussy with a couple of long thrusts into her.

"Cum for me again," Harry said. "Cum for me, and you're going to get your gift."

Thea's pussy moistened in anticipation. Harry rode her to another orgasm. She never stopped fingering Sara despite the overwhelming feelings of lust burning through her bodies. Her body craved having Harry's seed being buried inside her.

"Yes, mmm, yes," Thea said. "Cum for me…cum inside me. You know you want to, you know you can't resist this tight, juicy, pussy."

"You've tempted me with your tight pussy, and you're going to make me cum inside you," Harry said. "Well, you better be careful what you wish for….when you get a nice big load in your nice…tight…pussy."

Harry pumped his load inside Thea with a couple of long thrusts. The contents of his balls exploded into Thea.

Thea's hips twitched up and took Harry's warm cum inside her. Every single drop of the delicious
seed spilled into her body and filled her up all the way.

"Oh, yes, yes, right there, right there, it's so good!" Thea yelled. She hung onto Harry's arm when Harry pumped into her.

Thea's pussy filled up with cum. The moment Harry slid out of her, cum started to spill out of her, until Sara found her way between Thea's legs and started to lick the dripping seed from her.

"I really hate to see perfectly good cum go to waste," Sara said. "Even if I'm sure Harry has a couple more big loads to spare us."

To Be Continued.
The statuesque dark haired stunner stretched her arms into the air. The body suit stretched around every inch of her body and left very little to the imagination. Her large breasts pressed against suit and threatened to spill it. It split right near her stomach showing her toned belly. Her legs stretched on for what seemed like miles.

"Well, that was fun," she said.

The dark haired young man stepped inside. His green eyes shined with mischief when he approached the beautiful woman. They had just returned from a day of kicking demon ass. Just a simple, normal, day without many problems.

"Yes," Harry said with a smile. "And you know we can have some more fun, don't you?"

The woman, Bayonetta, smiled. She stepped closer towards her lover and wrapped a set of arms around him. Their bodies pressed together. Her bodysuit was as soft as her hair, mostly because it was made from her hair. She enjoyed the questing of Harry's hands over her body before he reached behind her and cupped her ass.

"Yes, I have a pretty good idea," Bayonetta said. "And those pants…while they look good on you, they get in the way of my view as well."

The witch ripped off Harry's pants. Lust burned through the woman's eyes. Her fingers skimmed down towards Harry's waist and started to touch him on the way down. More lust burned through her eyes when she came down further towards Harry. Her lips found the side of Harry's neck and she planted a series of light kisses on the side of it.

"Oh, I see you're nice and hard for me," Bayonetta said. "Good, you know I can't wait for something I want…and you know how we can work some real magic."

"Talk is cheap," Harry said.

"Well, you know I'm anything, but cheap."

Bayonetta's kisses lingered further down and touched the edge of his cock. She pushed the throbbing manhood between her lips and pushed it into her mouth. Harry groaned the second her hot mouth surrounded his throbbing prick.

"Yes, it feels so good….really good!" Harry groaned.

Bayonetta worked her lips around him with a few more sucks. She did not want him to explode just yet. No matter how good he tasted, no matter how much she wanted to drink from his balls, she had much more fun. She relaxed her grip around his cock and sucked him really hard.

Harry closed his eyes enjoyed and placed the hands on his lover's head. The young man pushed deeper into her mouth with a couple of sick and deep pumps into her. Harry's thick balls slammed into her chin.
"You're such a good cock sucker," Harry groaned.

"Mmm," Bayonetta said. She sucked him a few more times and caressed his manhood. The dark haired beauty's soft hand caressed him slightly and made every moment out to be pleasure. "I could be too good, and waste the gift you give me before it's time."

Bayonetta turned around and turned away from Harry. A bed waited for both lovers through the next door. She got on her hands and knees and spread her thighs. She knew Harry would receive the hint especially when the bodysuit retracted.

Her smooth pussy revealed for Harry. Harry leaned in and kissed her nether lips. His tongue brushed against the inside of her.

"Yes, I hope we could have a nice leisurely afternoon!" Bayonetta yelled. "There's the spot…right there….make me cum all over your tongue."

Harry dove into her. The energy surrounding her pussy tasted pretty forbidden and Harry delved deeper to get some of those slick juices onto his tongue. He swirled around her insides and licked until bringing her to a peak.

Her pussy juices trickled down between her thighs. Harry pulled away and Bayonetta smiled. She smacked her lips and leaned forward. She touched lips with Harry in a playful moment. Their lips molded together in a passionate kiss.

Bayonetta stroked Harry's cock a little bit more. Harry responded by running it on her body. His hands felt her marvelous legs, but his cock had a slightly different destination. He crept up and put his manhood in between those round, perfect breasts.

"Are we having fun?" Harry asked.

Bayonetta enjoyed the feeling of Harry's cock thrust between her breasts while he squeezed them together. The witch responded with a nod. The power swam through her body and hit the loins hard. She gave a lustful and throaty moan at the sensation of Harry's cock buried between her breasts.

Harry pumped his rod in between the breasts of the dark haired beauty. Her lips kissed his cock the moment they reached them. The fact she wore a pair of glasses made her look even more sexy.

"Guess, you're going to get a big load all of your tits now," Harry said. "Don't worry, there's plenty more where that came…from."

Harry pumped his rod between Bayonetta's breasts. He pumped his rod deep in the valley and the added pump resulted in cum spilling from Harry's balls. The white cum splattered against her tits, face, and all over her glasses. Harry rode the orgasm all the way out, nestled between her tits.

"Yes, right there, right all over my face!" Bayonetta yelled. "Cum all over my pretty face….cover it in your nasty spunk!"

Harry rammed his rod deep between Bayonetta's cleavage and rode out her breasts all the way to the end. The warmth of her breasts squeezed him all the way to the end.

"Mmm, delicious," Bayonetta said. She slid the glasses off and put them on the other side of her face. Her tongue licked the thick seed off of her glasses.

Her right hand found Harry's cock and stroked him. The organ twitched in Bayonetta's hand and it
was only a matter of time before it hardened enough to slip inside her. Harry crawled down her body and held onto her. Her smooth pussy pressed against his cock.

"Fuck me," Bayonetta said, running her foot against Harry's ass to encourage me. "Fuck me until I'm nothing other than a pile of drool."

Her hormones always rose after a battle. Harry's thick cock pushed in between her lips and slammed inside her body. Bayonetta's back arched back, nails dug into Harry's shoulder and she screamed. Sparks of sexual energy shot all the way through her loins and filled her from head to toe with sparks of pleasure.

Harry thrust into her tight pussy. The wet walls closed around Harry's probing prick. The tightness made him groan. Harry re-doubled his thrusts into her. The nails of his lover dug into his back when Harry pumped inside her.

"A hell of a way to unwind after a day of battle," Harry groaned.

Bayonetta's moan showed him she agreed. Harry filled her up with a large thrust. He pressed against her body and rubbed up against her. The warmth of her mature body against him caused Harry to continue to thrust into her body. His thick balls pushed against her.

The raven-haired beauty wrapped her fingers around Harry's shoulder and moaned in his ear to give further encouragement. She wanted Harry to give her pretty much everything he had. His thick cock penetrated her inside with a long and deep thrust.

"Harder, please," Bayonetta said. "Harder, faster, please, oh, Harry, I'm cumming so hard…so hard!"

Her slick walls caressed him and then tightened around him. The warmth of them hugged Harry's cock and made him feel really good. Every one of his nerve endings along his body had been caressed along with his cock. He grabbed Bayonetta around the shoulders and fucked her harder all the same.

Bayonetta held onto Harry's shoulder and moaned. His face buried between her breasts, now clean of all cum. Harry's hands massaged every inch of her hot body. He squeezed her breasts.

"You're making me cum again, oh you stud, make me cum harder!" Bayonetta said. Her nails pushed into the back of Harry's neck.

"I'm making you lose your mind, aren't I?" Harry asked.

"Worse ways to do it."

Bayonetta thrust her hips up and tightened the grip those long lovely legs held around Harry's waist. This allowed him to pump down into her. Harry's cock touched places which had been through the wildest wet dreams. She held onto his back and encouraged him to push deeper into Harry.

Harry held onto Bayonetta and drilled away at her pussy. She clenched his invading rod and inhaled and exhaled.

"Look, you're going to cum again," Harry said. He slowed down the pounding of her to a torturous crawl.

"No, please don't stop," she begged him.
Harry responded with a smile and stroked every inch of her flesh. The flesh had been inflamed by Harry's fingers which stroked every inch of her.

"Yes, I won't stop, but you can't help it when I touch you," Harry said. "You can't help and get wet…so it makes it a lot easier for me to take you and hard."

Harry enhanced the last word by slamming himself into Bayonetta. Her arms and legs wrapped as tightly around his body as this dripping hot pussy wrapped around his cock. Harry enjoyed the sensations of her pumping all the way around his prick. The young man kept working at her with deep and strong thrusts.

Bayonetta's wet pussy stretched around this pounding cock. Her hips rose and lowered the more Harry pushed into her. She held onto him and moaned with a lustful groan. The back of her throat encouraged Harry to bring himself into her with deeper and more powerful thrusts. She hung onto Harry and squeezed his arm.

"More, do more," she begged him.

"Don't worry, you'll get more," Harry said. "You're going to get more cock than you've ever handled in your life, I wouldn't worry."

Bayonetta hoped as much. She had cum all over his cock several times.

"You really can get wet when you're dominated," Harry said.

"It's your…fault….Alpha factor," Bayonetta said.

His cock speared into her pussy with a squishing sound. Harry's thick tool pushed into her insides and stretched out every lovely inch of this perfect pussy. Harry rose almost all the way out and plunged back into her.

Harry sped up the thrusting inside his hot lover. She clenched around his tool and brought Harry deeper into her depths. The wonderful feeling of his thick cock buried inside her made Bayonetta tense up around him.

"Are you going to cum again?"

Bayonetta's wet walls told the store. He pumped deep into her. Harry built up his load through a sense of concentration and experience. He wanted it to be a big one. Caressing her legs caused Harry's balls to ache with another sense.

"How long can you hold out though?" Bayonetta asked.

Harry grinned when he looked down at her. Hands dragged over the hot body of his lover. Her pussy pumped more over his cock when he pumped into her in response.

"Maybe a few more rounds," Harry said. "You're about to cum again….I can taste it."

Harry licked behind Bayonetta's ear. She tensed up around him and juices dribbled onto his cock. He slammed into her core. The head of his cock kissed the womb of his lover who wrapped around him.

The latest orgasm had been reduced. Harry pulled all the way out of her. Bayonetta could not believe the loss and her pussy complained about it.
"Why?" Bayonetta asked.

"Nothing personal," Harry said. "I just want to explore this from a different angle."

Bayonetta turned onto her hands and knees to face away from Harry. Her juicy ass stuck up into the air to face Harry. Harry gave it a couple of slaps and left his mark on it. Harry rolled his finger against her dripping slit.

"I figured you'd be dripping," Harry said. He waved his hand and a mirror hovered in mid-air. "I want to see how you look when I ram my cock into your cunt."

Bayonetta positioned face first in front of the mirror. This throbbing hunk of manhood brushed against the woman's entrance and Harry held onto her hips.

"Oh, you feel even bigger from back there!" Bayonetta yelled.

The dark-haired temptress clutched on the side of the bed to experience these huge and powerful thrusts buried deep inside her body. A moan escaped from her lips when Harry rested those strong hands down upon her hips and rocked into her. One deep thrust caused Bayonetta to moan in pleasure. Those thick balls pushed against Bayonetta.

Harry rode out the gorgeous woman beneath him to an orgasm. One look inside the mirror encouraged Harry to deepen and speed up those hard thrusts.

"So, hot, so very hot."

Everything got hotter. Harry wrapped a hand around Bayonetta's breast and gave a light little squeeze. The juicy nipple pushed against the skilled man's digit. Hands roamed all over Bayonetta's body which prompted those pussy walls to wrap around him.

"Yes, you get me so hot," Bayonetta said. "I'm cumming again."

She came one more time around Harry's cock. The lubrication led to a quicker path and thrust to the center. Balls slapped against the woman.

Harry built up an immense load with these deep and swift thrusts. The young man reached around and cupped Bayonetta's swinging breasts. A squeeze caused delightful moans spreading through the vixen. Harry sped up with another long and powerful thrust. Balls slapped against Bayonetta the second Harry worked into her again. A long thrust buried the thick cock inside her body.

Orgasms built up with both of the lovers. Harry cupped every inch of the delightful toned body laid out on the bed. Harry plunged into the depths of the tight pussy.

"Your pussy is so tight," Harry said. "I can't wait to cum inside it. I can't wait to fill up every inch of it with my seed."

"Don't wait then, do it!" Bayonetta cried.

An eruption of heat spread through Bayonetta's thighs and she spread said thighs to allow Harry to fill her to the hilt. Every thrust brought her closer to a passionate edge. The woman's heart raced a little bit the instant Harry rocked back against Bayonetta's dripping hot opening.

"Here it comes," Harry said. "I hope you're ready."

Bayonetta's walls tensed up around Harry. The vixen redefined the term ready. Those wet walls
clenched around Harry and prepared to bring the young man to the edge of an orgasm.

"Yes, ready, born read," Bayonetta said. "Give me all of it, because there's more to come."

Harry smiled when the feeling spiked up through the balls of this horny lover. Bayonetta's pussy squeezed him hard. Those awesome vaginal muscles put the pressure on Harry's cock. One more thrust pushed Harry over the edge and a sticky climax into Bayonetta.

Bayonetta's entire body shook in pleasure. She opened up to accept the load of cum deposited inside. The long thrust buried the sticky seed inside.

Harry slid from Bayonetta with a content smile. He leaned back and Bayonetta found a position pressed against his chest. The woman's fingers stroked Harry until they prepared for the next round.

Which judging by the look in her eyes, would be rather soon.

The End.
Harry Potter smiled when looking outside of an imperial palace over one of the most beautiful areas in the world. The light sky shined brightly on this night. The flowers looked perfect, the garden looked wonderful. All of the sights, the sounds, the smells of this place tickled the senses. Olympus filled with wonders and Harry could not wait to indulge in all of those grand wonders over the next couple of seconds.

A figure approached him. A pair of hands placed on Harry's waist. Harry turned his head around with a smile and indulged in one of the best looking wonders imaginable. The beautiful woman in front of him boasted of the perfect features which many women would kill for. Blonde hair which looked flawless and full volume framed a seductive looking face with vibrant violet eyes. A sexy face followed by an elegant neck. Her toga came down to expose a small amount of cleavage with round, full, and large breasts. The abundant amount of curves could be shown without an ounce of fat on her body. A sexy ass and a nice pair of long legs enhanced the view.

"So, are you enjoying the view?"

"Now more than ever," Harry said.

Aphrodite, the goddess of love, smiled and cupped her hands in Harry's face. The two of them exchanged a brief kiss.

Harry spent a fair amount of time trying to see how much he could tap into the power of love. Albus Dumbledore, who had too many middle names and titles for his own good, claimed the power of love would be the method to take down Voldemort.

In Dumbledore's wildest dreams, Harry doubted very much the Headmaster would have thought Harry would have channeled the power of love in this way. Namely, by becoming the high priest of the Goddess of Love with all of the perks and benefits, including a significant enhancement of power and the ability to charm girls out of their panties.

The kiss caused bright lights to shine in Harry's head. The two of them backed forward.

"You defeated Voldemort and reduced his followers to next to nothing," Aphrodite said. "Wouldn't you say it's a cause for celebration, my love?"

Aphrodite's soft fingers worked Harry's top open. She smiled the second the muscular and well-toned abs and chest revealed itself to her line of sight.

"You can't have enough of me, can you?" Harry asked.

"No," Aphrodite said with a smile. "Could you blame me?"

Harry could not blame her at all. Aphrodite guided Harry back to the light bed and removed those cumbersome pants of his. A nice large cock stuck out in the air. The goddess of love wrapped her hands around it and gave a nice kiss.
The feeling of Aphrodite's lips planted on his prick caused fire to spread through Harry's loins. He lifted those hips up to meet Aphrodite's lovely lips against the swelling point of his cock. She continued to plant kisses all over the head and took a little bit of his head into her mouth.

"So…good," Harry said.

Aphrodite sucked on this thick tool. The manhood struck the back of the goddess's throat. Harry placed a pair of hands down on the back of Aphrodite's head to allow the vision of beauty to continue her ways.

"Want to taste you now," Harry said.

Aphrodite smiled. She taught him how to use several techniques to bring a woman to her feet.

"Just enjoy the show, love," Aphrodite said.

The goddess's hips swayed a little bit. Harry followed the motions of her dance, cock throbbing all of the way. The silky material of the toga slipped down to reveal Aphrodite's large breasts. They stood perky and high and bounced to push against Harry's face. Aphrodite grinded up and down on Harry's crotch.

More hot skin revealed with Aphrodite showing a toned stomach. Harry could drool at the lovely sight presented in front of him. Wet pussy lips brushed against Harry's extended prick. A small strip of blonde hair added to the beauty and those legs came down.

Aphrodite smiled and leaned back on the bed. The legs of the goddess spread wide and pussy had been exposed for Harry's consumption. Those juices rolled down and Aphrodite touched her fingers to them. The goddess slipped the moist digits between a divine and juicy set of lips and sucked the cum down.

Harry paid tribute to another set of lips. A couple of kisses peppered Aphrodite's divine navel before going down between the goddess's legs. Harry's face disappeared between Aphrodite's thighs and tongue slipped inside the hot sheath.

"Mmm, you know how to please a woman."

Harry's tongue turned around in a corkscrew motion and lapped up the inner juices. A deeper push caused Aphrodite's hips to rock up. Harry went back and forth in a swiping motion.

The talented tongue pushed back and forth. Aphrodite breathed in to allow Harry's tongue to work some sinful magic on her hot slit. Harry rose to the occasion and drove a skilled tongue inside the horny goddess. The tongue rattled back and forth with a fast flurry.

"Right…right there, keep it up, right now!" Aphrodite yelled.

The divine woman ensured her lover's face did not stray. Those juices lapped up with Harry swirling the tongue back and forth and all around. An orgasm spread through Aphrodite's hot body with hips bucking up.

"Make me cum!" Aphrodite said. "I want to taste my cum all over your handsome face!"

Harry drove deeper tongue first into Aphrodite. Sparks flew through their bodies. The goddess of love ensured Harry lapped up every last bit of those juices. The divine juices spilled further into Harry's mouth with each swipe inside.
Aphrodite's entire body shook up and came all over Harry's face. Harry lapped up what spilled out of Aphrodite to incite several more orgasms.

The goddess of love collapsed back on the bed. Harry climbed on top of her in an instant and kissed the daylights out of the goddess.

Harry enjoyed the feeling of Aphrodite's perfect body underneath him. A right hand gripped Harry's cock and guided it to its home.

Aphrodite held onto Harry and moaned the second Harry filled inside her. Harry rose up and pushed down into her. He pumped down into Aphrodite's dripping cunt in a rapid fire succession. The moment the momentum had been established, Aphrodite kicked back and enjoyed a hell of a ride.

The warm and wet paradise wrapped around Harry's cock sheathed and unsheathed him with a couple of huge pumps. Harry kicked up his momentum.

"Harder love, I'm ready," Aphrodite said. "I'm nice and wet for you."

The juices pumping out of Aphrodite's pussy allowed Harry to push deeper inside it. Their hips pressed down with an intense coupling between the two of them.

"Are you ready to cum?" Harry asked. "I bet you'll cum faster if I start playing with these juicy tits, won't you?"

"Nice and big, just like how you like them," Aphrodite said. "I bet you want to suck on them as well."

Harry pushed between Aphrodite's ample chest and sucked the ample sacks of flesh on them. The goddess pushed Harry's head into them.

"I'm going to cum with your big fat cock buried in my pussy, and your handsome face buried in my nice big tits!" Aphrodite yelled. "Here it comes….I hope you're ready….I know I'm ready!"

Aphrodite clenched down on Harry and squeezed hard. Harry rode out this orgasm and lead her all the way to another one. The goddess of love pressed on Harry's ass to encourage more deeper thrusting yet.

Harry got the message loud and clear.

"Oh, did you think it would be that easy to get my seed?" Harry asked.

"I would have…questioned my teaching, if it was."

Harry focused on bringing Aphrodite to another orgasm. Several deep breaths allowed him to increase a pace where this goddess screamed in pleasure.

Aphrodite saw stars the moment the orgasm flooded her body. Harry continued to hang on and push deeper into the woman. The sensation of all twelve inches stretching Aphrodite's body and flooding her belly increased the desire she had for him.

Orgasm after orgasm struck Aphrodite's body. The goddess of love thrashed about the bed and flexed those beautiful muscles around Harry's invading prick. The load inside him built up to a fever pitch.
"Give it to me, lover," Aphrodite said. A few light nibbles lined Harry's neck. "You know you want to give it to me. You know you want to give me all of your cum. That thick load inside your balls, it would go perfect inside my pussy."

Harry sped up with Aphrodite's walls stretching and then wrapping around him. The silky smooth walls caressed every inch of Harry's cock. The seed would be manipulated out of it one way or another. Harry pumped harder with those balls getting closer to expelling the load.

"You've finally got what you wanted," Harry said. "All of my seed, buried inside you. It's what you want, isn't it?"

Aphrodite responded with the sexiest moan in the world in Harry's ear. This brought Harry over the edge and beyond. Muscles tightened and expelled the seeds.

The goddess of love smiled in wicked triumph. The cum churned up from his balls and filled the insides of Aphrodite's body. The divine woman's body twitched and relaxed around him to milk the rest of the seed out until Harry rolled to a stop, spilling all of his cum inside Aphrodite's body.

The sensation of release hit Harry. His cock shuddered to a stop. Aphrodite smiled the second Harry pulled out and scooped some of the dripping cum from between her thighs.

"The best taste," Aphrodite said.

Aphrodite made Harry's cum taste like the thing which delighted his partner the most of all. The love goddess took advantage of this by sampling her lover's cum on a daily basis.

"Did you really think I would be satisfied with just one load inside me?" Aphrodite asked.

Harry rolled over onto the bed and Aphrodite mounted the top of Harry. The thick rod pushed against the waiting walls of the goddess.

"There's plenty more where that came from," Aphrodite said.

Aphrodite's soft breasts pressed down onto Harry's chest when she nipped her priest's neck a couple of times. Pussy grinded against cock back and forth until cock hardened enough.

"Why don't you ride me?" Harry asked.

"Good idea," Aphrodite said.

Pussy slipped over Harry's aching cock. The warmth of Aphrodite's perfect cunt spread around Harry's cock and the goddess of love bounced up and down.

Harry enjoyed the show of the perfect woman bouncing up and down on his rod. The sight caused Harry to swell further inside Aphrodite. Those curves covered in sweat made him ache even more inside the goddess. This body meant to be worshipped and Harry raised those hands up to touch pretty much every single delightful curve.

Aphrodite pushed up and down. Harry's hands resting on every fraction of her body caused the love goddess to tingle with excitement. The heat spreading through her loins increased Aphrodite's movements. She rose up and pushed down onto Harry and rode him for everything she had.

"Good, good, it's what I want," Aphrodite said. "Give it to me….squeeze my breasts."

Harry's hands rested on Aphrodite's breasts and gave them a firm squeeze. Her loins closed around
Harry's prick the second he pushed up into her.

"Faster, ride me faster."

Aphrodite rose up and drove her love box down on the sorcerer's staff. The meat buried into Aphrodite's body and brushed against her divine womb. One day, Aphrodite may open it up to have his divine children. Their daughters would be beautiful.

'Maybe today,' Aphrodite thought.

Harry's hands reached around to squeeze Aphrodite's ass. The tension in her pussy accelerated and squeezed down on Harry's massive rod. It almost slid out from the immense lubrication for Aphrodite steadied herself.

Aphrodite balanced on Harry's thick cock. She pushed all the way down on Harry's throbbing cock with a few long pumps down into her pussy.

"Cum for me," Harry said.

Harry's hands moved over and gripped Aphrodite's juicy tits with a nice little squeeze. She closed her eyes and brought the hot point of her pussy lips down onto Harry's throbbing cock.

The sensation of Aphrodite's pussy working down onto Harry's pole prompted him to push up into her. He bucked up into her pussy. The friction became glorious and Aphrodite leaned down to kiss Harry on the lips.

The moment the love goddess retracted from him, Harry grabbed clenched her breasts. A nice sensation spread through the juicy orbs in Harry's hands.

"So soft, so lovely," Harry said.

Aphrodite rocked back with a series of sensational moans. Harry kept working those breasts with every single touch. She could feel the juices flowing and the lubrication continued.

"You make me cum so hard, look I'm cumming again."

Tight vaginal muscles squeezed Harry's prick hard. His balls throbbed the second Aphrodite clutched and released him. The cum did not spill out into her, although it came close. He took in deep breath with another soft squeeze which caused pleasure to spread through his body.

Aphrodite clenched and released all twelve inches of Harry's cock. The blonde bucked up and down on Harry. Her entire body shuddered with an orgasm and Harry's able hands all over her divine body made things go even more intense.

"Look out how wet you are," Harry said.

"Better for you to slide into me."

Aphrodite pumped all twelve inches of Harry's cock inside her tight body. The slick walls pumped deep into her walls with a solid pump. The busty babe's walls clenched around him and released him.

Harry grew so close to releasing his seed into Aphrodite's tight body. The sexy body bounced up and down onto Harry's hips. All twelve inches shoved into her.

"I can feel it," Aphrodite said. "Oh, you're close….but you can reload quickly, stud, so just let it
Aphrodite's cunt muscles squeezed around Harry and tried to work him into submission. He lifted up to explore every inch of her frame.

Harry groaned from the sizzling sensations of Aphrodite's body. Every inch of her hot flesh burned up Harry's body. The hot cum churned up through Harry's balls and bubbled to the surface.

Aphrodite admired Harry for his stamina. It made her hot and make her want to cum again. Which the goddess of love did, pumping those juices down Harry's probing pole. She slammed down hard cunt first onto Harry one more time.

"Cum for me, I know you want to," Aphrodite said. "Give me your gift…..and I'll give you even more."

Aphrodite's slick juices coating Harry's cock prompted his hips to jerk up. The tightening of Harry's balls signaled the beginning of an orgasm. The soft body pressing against him, licking him, kissing him, fucking him, made Harry push a bit over the edge.

The love goddess smiled when Harry's cock buried deep into her and shot a load into the goddess of love. Her tight cavern squeezed Harry and took a full load of cum into her womb. Aphrodite grinded down onto him.

The hot heaven Harry experienced resulted in an excessive amount of cum spilling into Aphrodite. Her body made Harry to twitch and inject the load. Each pump milked Harry's balls in a never ending stream of endless ejaculation.

"Mmm…keep going…keep cumming," Aphrodite said. She gave Harry full access to her breasts.

Harry's volume of cum sparked another set of spectacular orgasm in the body of the love goddess. The endless stream of cum continued to shoot into Aphrodite.

Many pumps and many orgasms from the love goddess later, both sighed with a content sigh. Aphrodite rolled over, pussy over stuffed with Harry's load. The love goddess smiled.

"Good," Aphrodite said. "The rituals have spiked your levels and the ability to produce even more."

Aphrodite's soft hand found Harry's cock and balls with a nice squeeze. Harry groaned. Her hand had been replaced by those round tits. Aphrodite pumped Harry a few times and his cock strengthened to full length in no time.

"You just want it all," Harry said.

"Yes," Aphrodite said turning around on her hands and knees and wiggling her ass. "Don't you want to fuck me even more, Harry?"

Harry shoved into Aphrodite without too much prompting. The thrusts bucked forward into Aphrodite and worked her another huge set of orgasms.

Aphrodite smiled. If Harry had limits, they had not found them yet. She was willing to dedicate time to test them through….for science, naturally.
The End.
Shayera stepped into the bar. The crowd around her looked to be the rough and tumble type who looked for a fight at the drop of a hat. They were her type of people. The redhead beauty walked inside would not look out of place in a biker rally. A leather jacket stretched over her body, with her wings clipped back. It took a lot of effort to conceal them in public. Thankfully though these days they lived in a word of technological achievement and wonder. The white shirt she wore stretched up so one could view her toned midriff as needed. Leather pants looked painted on to the winged warrior.

The woman craned her neck and saw a young man off to the side of the bar. The same young man she had been meeting up for during the last couple of months. The man's green eyes dazzled Shayera a mile away and he had the type of easy going smile which even tempered the warrior spirit of this particular woman. Shayera closed the distance between the two of them.

"Right on schedule," the young man said with a smile.

"Just like I've been every Tuesday, Thursday, and Saturday for the past month, "Shayera said. "How are you tonight, Harry?"

"About as good as I normally am every Tuesday, Thursday, and Saturday," Harry said with a smile. "How about you?"

"The same," Shayera said. "So the usual?"

"Yes, the usual," Harry said. "How about we make this more interesting than money this time?"

Shayera readied herself for a nice game of pool for their usual monetary bet. The redhead turned towards Harry and smiled. The warrior spirit within Shayera excited her and made the Thangarian curious enough to ask him.

"What do you mean more interesting?" Shayera asked.

The smile on her face told Harry she was game for anything. Harry leaned closer towards her. The two of them locked eyes with each other.

"The loser does whatever the winner wants?" Harry asked.

"Anything?" Shayera asked.

"Yes, anything," Harry said. "If you want me to pay your bar tab, then by all means, I'll do so."

Shayera looked towards this handsome young man and tried to figure out the game. No one was this confident unless they had some kind of trick up their sleeve. Not that he was wearing sleeves, as Shayera caught a brief glimpse of the man's sleeveless shirt and smiled.

"Color me intrigued," Shayera said. "And those are dangerous words you know….give I've been known to rack up quite a bar tab on a slow night."

Harry smiled in response. The two intense warriors took a couple of seconds to engage in their own
thoughts with each other. Harry pushed forward with one more statement.

"So, are you in, or are you out?" Harry asked.

"Yes, I'm in," Shayera said.

The gauntlet tossed down and the two of them prepared to go so. Shayera invited Harry to go first and she mentally thanked herself he did not say lady's first. Given the number of fights Shayera got into at this very bar, it had been established already how she was anything other than a lady. The winged warrior lined up the shot and made it. The sound of pool balls clicking together echoed.

"Not too bad," Harry said. "Now it's my turn."

Harry's shot was decent, although not spectacular. Shayera watched him move in those tight pants which threw her off of the game. The redhead vixen paused a couple seconds to collect those thoughts. Harry stepped back and allowed Shayera to take the next shot.

"You better step up your game if you're going to win," Shayera said.

She bent over the table to get a better shot. The thoughts of those tight leather pants which left absolutely nothing to the imagination flooded Shayera's mind and the balls cracked on the edge of the table. The woman stepped back and breathed heavily.

"Sure you aren't getting a bit sloppy?" Harry teased her.

"No, I'm not sloppy," Shayera said. "Why don't you try it?"

Shayera would be the last person to admit something distracted her. Every time they had been meeting here and the last couple of times, Shayera had some very pleasant dreams. Normally bashing some skulls with her mace caused the sexual frustration to fade away. This time though, Shayera thought these frustrations would be hit back at the different way.

Harry lulled Shayera into a false sense of security and now he managed to spank her, in the figurative sense. Maybe literal later.

'Damn it, focus,' Shayera thought.

"I think you're about ready to lose," Harry said. "Or maybe not….after all, if I get what I want, then maybe you can finally get what you want…what you've been depriving yourself for months."

Shayera missed and lost one more time. The redhead woman turned around for a second and Harry wrapped his arm around her waist. For a moment, Shayera tried to make excuses about why this would have happened.

"Instinct can rule over logic any time," Harry said. The warrior's body reacted to Harry's body brushing down her toned abs. "Trust me, I know."

Shayera's mind clouded over in a numbing amount of lust. Harry's fingers brushed over the dripping slit and closed in closer towards the dripping arousal. Harry's hand buried deep between Shayera's thighs and two fingers worked against her.

"Is it true your species are as passionate lovers as they are fierce fighters?" Harry asked.

Harry's two fingers inserted into Shayera and a third finger slipped inside a fraction of a second later. All three fingers pumped into Shayera's pussy.
"Yes, yes, oh god yes!" Shayera yelled. "Great….mmm…YES!"

Harry brought Shayera to an orgasm without getting her out of those tight leather pants. His fingers jammed in tight which added even more to the erotic appeal. He removed said fingers from Shayera's oozing cunt and smiled.

"You need to be fucked," Harry said.

Shayera's pants peeled from her body and panties had been removed next. Harry bent Shayera over the pool table. A curtain fluttered over, both preventing anyone from seeing what was going on. At the same time, the curtain made it like anyone could pop in and take a look at them at this time. The thought of which caused fluids to spill between Shayera's legs. These fluids collected on Harry's fingers as he stroked Shayera's dripping cunt.

"Harry!" Shayera yelled. "Harry!"

Harry smiled and ripped off her shirt, revealing Shayera's round, full, breasts. A squeeze told Harry how firm they want.

"How would you like to be fucked?" Harry asked.

"Hard," Shayera said.

Harry smiled. This really worked out well. He freed his throbbing cock and lined it up against Shayera. Harry rested his hands on Shayera's bare lower back with balance. His meat missile sought the dripping hot heat with a long thrust into her.

"Mmm, yes!" Shayera yelled. "Hit me with everything you have, right there….inside me!"

The heat pumping around this tight pussy made Harry rock back into Shayera. Her walls closed around Harry and milked him when going inside her. Harry cupped Shayera's ass and gave it a firm squeeze before pumping inside her deep and fast.

"You're getting everything you could have ever dreamed of, don't you?" Harry asked. "You're going to cum, cum all over my hard cock. Cum like you always do in your dreams, Shayera."

Shayera's muscles tightened and released all over Harry's cock. He did not slow down which Shayera expressed her gratitude. She wrecked the table when Harry took up speed.

Harry indulged himself in the thrusts of the woman. Shayera's moans grew harder.

"Give me the good hard fucking I've always needed!" Shayera yelled. "Wreck my tight pussy….make me cum again!"

Harry shot his hands all over Shayera's body. Each time Harry's hands cupped Shayera's hot body, another blast of juices coated his cock. This allowed Harry a full access of this tight and hot body. Balls started to push back against Shayera's dripping hot thighs.

Another stiff plow caused jolts of energy to fire through Shayera's body. These thick balls dribbled against her. Shayera guessed how much cum they filled with and how much he could push into her. The thought made Shayera's pussy twitch and clench around him.

"Good things come to those who wait," Harry said. "But, first I think you need to cum again."

Harry guided Shayera to the most potent orgasm yet. This only increased Harry thrusting. The
sorcerer's own climax raged nearer. Harry worked his hands underneath Shayera's breasts and clench them. A tweak of her nipples resulted in Shayera's liquids pooling deep down.

"Go ahead, cum," Shayera said. "I need your cum….I want your cum…..PLEASE CUM!"

Harry could not say no. His balls clenched and started to fire into Shayera's body. The seed splashed into the waiting womb of the warrior woman.

Each hot splash of cum coated Shayera's inside, with the warrior clenching Harry and releasing him. Each hard thrust penetrated Shayera's body with Harry finishing inside her.

The moment Harry pulled from Shayera, she turned around and showed Harry her dripping pussy. The warrior reached around and kissed Harry with a full tongue kiss. The jacket slid off and Shayera's wings unclipped.

"I hope you're not done paying up," Shayera said, stroking Harry's cock with her hands.

"Do I look done?" Harry asked.

Harry's cock re-grew despite injecting a heavy load into Shayera's body a second ago. The redhead woman looked towards the window and Harry smiled.

"Lead the way."

Shayera grabbed Harry's hand and pulled him out the window. The two naked lovers sailed into the sky and moved high. Shayera pulled Harry close by. The two balanced high above the air as Shayera prepared to join the mile high club without use of an airplane.

The juicy box slid down onto Harry's pull when in mid air. Soft wings and toned legs wrapped around Harry's body. Breasts pushed deep into Harry's face. Harry grabbed one of Shayera's breasts and gave it a light squeeze. The moan entered Harry's ear.

The two generated a breeze with some not so gentle rocking in the air. Those who did not know would think there was a hell of a wind storm brewing tonight.

Shayera ached back in mid-air. Harry slid almost all the way out and then plunged all the way back in. He repeated this action a number of times. Shayera dug her nails into Harry's shoulder.

Harry pushed deep down into Shayera. Those balls pushed against Shayera with a long thrust into her. The redhead's breathing escalated.

"Now, this is an orgasm," Harry said. "I can really feel it, you've dreamed about this, haven't you?"

Shayera nodded in response. Harry clenched two hands full of juicy ass and pumped Shayera down onto him. Their organs slid together and connected with each other. Harry pushed deeper into Shayera each step of the way.

"Harry, you're…."

Harry could tell how much she wanted this by how hard Shayera clenched when he entered. A long and fast thrust rocked the woman in mid-air. Shayera held onto the back of Harry's head and enjoyed the point of this thick cock buried deep between her legs.

Shayera never thought this would end. Her muscles clenched together with Harry and the two of them descended to the earth. She moistened at the thought of being slammed into the ground with
a deep thrust.

Harry pulled back a second later and attacked Shayera's breasts. The hawk warrior's fingers dug into the back of Harry's head. Harry buried himself into her with another thrust.

"Soon," Harry said. "Just enjoy the ride."

Shayera clenched hard around Harry. She milked every thrust and they rose even higher than before Harry started this descent. Harry's fingers massaged every inch of her frame. More passionate moans hit the back of Harry's ear with some thrusts deep into Shayera's cunt.

They descended once again and again, Shayera's body tensed up. Her wings retracted and then a moment later, Harry pulled Shayera back up.

"You're....way too much," Shayera said. Her nails dug into Harry's shoulder with a deep breath.

Harry smiled and pumped into Shayera a little bit more. They swayed back and forth in the middle of the air, above the sky. Harry rose all the way up out of her and pushed deep into her.

Shayera thought she would lose it one more time. The fact she soared high above the sky and got fucked hard gave these feelings of liberation. She hung onto Harry's shoulder.

Harry smiled, experiencing the peak spreading through Shayera's loins. He pushed inside her pussy, sliding in and out with a series of rapid fire thrusts into her body. Shayera returned fire to match Harry's strokes and bring him hot into her body.

"We're getting close."

Shayera's nails dug into the side of Harry's neck and she squirmed underneath him. Harry descended them both to the ground, towards a field a little bit away from them. This time, the two of them struck the field with Harry planting Shayera into the ground and planting his cock inside her deep and wet insides.

"YES!"

Shayera's wet vice clenched around Harry. She held onto the back of Harry's neck and brought his groin against hers. The two of them rocked back and forth against each other.

The feeling of those wings, those legs, wrapped around Harry's body made him want to push into Shayera even further. The redhead winged warrior's hips bucked up and took all of Harry's long cock.

"Are you done yet?" Shayera yelled.

"What's the rush?"

Harry leaned down and nibbled the side of his lover's neck. The gorgeous redhead continued to sway her hips back and forth underneath Harry's pushing thrusts. The young man fired a series of rapid thrusts into Shayera. She hung onto Harry, pushing those nails into his back and moaned deep and hard into Harry's ear. Harry rocked down and in hard against Shayera with one more plunge.

Shayera did not think there was any rush. The pleasure coursing through her loins made Shayera's walls clench around the probing prick. Those throbbing balls pushed against him.
"No….I want it, though," Shayera said. "I want your big load."

The two of them ascended off of the ground. The air spreading between the two of them resulted in Harry's rapid fire pummeling into her. Shayera had been brought to another orgasm which resulted in her sultry moans in Harry's ear.

Harry pushed deep into Shayera and buried his thick cock inside her tight sheath. The wet walls clenched around Harry and then released him with a few more hot pumps. He knew the end reached with each trust. Harry rocked down into Shayera with a thrust. Those thick balls swelled up.

"Good things come inside those who want it bad," Harry said.

Shayera tensed up around Harry. Stars exploded in the back of the warrior's eyes when the peak hit again. Harry pushed into her with a long and powerful thrust. Two more thrusts brought Shayera to the edge and then Harry followed with an edge of his own.

The thick cum churned all the way up the base of Harry's cock and fired inside her. Shayera hung on when the lovers exchanged their body fluids.

Harry grunted when burying this cum inside her. The seed sprayed into Shayera and coated her walls. The two of them descended to the ground and landed on the edge of a balcony on the outside of the city.

The moment Harry pulled himself from Shayera, she slumped against the wall. A sweaty flood splashed from the redhead's face and resulted in her breathing in response.

"So, we both got what we wanted, didn't we?" Harry asked.

"Who says we're done?" Shayera asked. "Let's go for something more conventional when I catch my breath."

Harry thought this was a change from her usual tactics.

"The only problem is someone is going to find my clothes in the bar and….." Shayera said. She stepped a moment later and saw her crumpled clothes piled a chair the moment the two entered her apartment.

"You were saying?"

Shayera responded with a heated kiss and pushed Harry back onto the bed. The redhead impaled down cunt first onto Harry and rode him into the bed. Months of pent up lust spread through both lovers.

---

The End.
Harry's interest piqued from a message which he had been sent by his new Gryffindor Team Captain, Angelina Johnson. He raised his hand and knocked on the door three times. Harry waited for the door to open.

Angelina opened the door with a smile on her face.

"Hello Harry," Angelina said with a smile on her face. "I'm so glad you can join us today."

"Well, with such an invitation, how could I say no?" Harry asked.

Angelina responded with a dry chuckle and escorted Harry into the room. Harry got a good look at her body and he never hated Hogwarts robes even more. She wore a white tank top with the material on it expanding and showing the outlands of her round breasts. The tank top rode up to show a healthy amount of dark flesh and the short shorts she wore stretched over to show her long and toned legs.

"No, I think you'll be very glad to come here," Angelina said with a smile, looking over Harry. "Katie, Alicia, our guest is here."

Alicia stepped into the room and she dressed in a robe, not a Hogwarts robe, but a bathrobe. Harry viewed the front of the robe where it flipped open to reveal Alicia's large breasts and toned body. The bottom of it flipped open to reveal a hint of her firm thighs.

Katie stepped in, her blonde hair tied back into a ponytail which allowed Harry to see her gorgeous face and moved done towards an elegant neck. She dressed in a blouse which looked about a size or two too small. It robe up to show Katie's flat stomach, and her hips curved in the most elegant way. Harry caught sight of all of their bodies.

"Well, Harry, we're all glad to see you can make it," Katie said.

"So, what's the deal?" Harry asked. "What did you girls want?"

"Well," Alicia said, twirling a long of dark hair. "We want you."

Harry had dreams which started like this, and he almost had to pinch himself. Katie smiled and walked over towards Harry, wrapping her arms around his waist to pull her in closer. She pinched him on the ass which caused him to jump.

"What?" Katie asked. "You wanted to pinch yourself to see if you were dreaming, and I did it for you."

"Maybe you should do it one more time to make sure he realizes this is for real," Alicia said.

Katie smiled and pinched Harry one more time. Harry reached around behind her and responded by grabbing a handful of her ass which caused her to gasp and moan.

"Turnabout is fairplay, Ms. Bell," Harry said in a breathy tone of voice.
"So it is," Katie said, licking her lips with hunger dancing in her eyes. "Anyway, we made a pact a long time ago, and that is, if we found a man worthy enough for any of us, we'd share him."

"The moment we saw you, we knew you could be the one," Angelina said with a smile on her face. She leaned out and took Katie's place next to her. "Plus, you've been having a very rough year."

"Which is understandable, given the fact the Ministry dressed a toad in pink, and decided to make her a teacher," Alicia said.

Harry's lips curled into a smile in response. Angelina was stripping Harry of his robes and revealing his undershirt and his pants. She ran her hands down his body.

"It's my duty as captain to make sure you're...getting all the stress relief you need," Angelina said. "And a powerful wizard like yourself needs a lot of stress relief. It's just standard biology and standard common sense as well."

Harry enjoyed the feeling of Angelina's hands all over her body. Alicia slipped herself behind Harry and wrapped her arms around Harry. The sensation of Alicia's soft and large breasts pressed against his body made him feel really good.

"Yes, I'm sure," Harry said.

He reached up and grabbed Angelina's face, cupping it. He could feel the softness of her flesh and he leaned in to give her a powerful kiss.

Angelina enjoyed the sensation of his lips pressed upon hers, taking her. His tongue worked deep inside her mouth and mapped on the insides.

Alicia worked her hands up Harry's body and started to unbutton the shirt buttons. Her fingers dragged up his toned body, feeling the toned part of it.

Katie stepped forward and leaned to meet Alicia with a kiss over Harry's shoulder. The third of the Gryffindor chasers stroked Harry's abs and worked her way down his body.

"I think we're going to enjoy this," Katie said, slipping her hand down Harry's trousers and finding his erect cock.

Angelina shifted off to the side and kissed the side of Harry's neck and Alicia found her way to Harry's other side. Both of the Chasers lathered Harry's face, neck, and chest with kisses, while Katie made her way kissing Harry's toned abs.

Harry's hands found Angelina and Alicia's bodies, feeling them up. The older girls appreciated the sensations the sorcerer gave to them. Harry worked his right hand down the front of Alicia's panties and found her pussy.

"Yes, Harry, please!" Alicia breathed.

Harry's fingers pushed deep inside Alicia's pussy. He stroked his index finger inside her body and started to manipulate her core.

"You're so hot, and wet as well," Harry said. "You've dreamed about this for a long time."

"Yes, we've dreamed about riding your broom for a very long time," Angelina said. "My pussy wants some attention as well, give me the same you are Alicia."
Harry smiled and pulled down Angelina's shorts and revealed she wore no panties. Her pussy lips dripped hot and Harry ran his fingers against the edge of it.

"Mmm, this is a big broom!" Katie yelled.

Katie pulled out Harry's cock completely, making sure it was erect. The feisty blonde swirled her tongue around Harry's manhood, pumping it around her. Katie leaned forward and pushed her juicy lips around the head of his cock.

"Damn, Katie," Harry said. "You have the perfect lips for sucking cock."

Katie grinned, and she pushed this cock into her mouth. The goddess pushed his entire cock down into her throat, giving Harry a few hard sucks. She pushed out of him and licked him, suckling on the head, before deep throating him one more time. She did it a few more times in succession.

Harry pumped into the juicy pussies of Angelina and Alicia. He leaned over to one side when Alicia pulled open her robe and revealed her breasts to him. Her round orbs stuck out with erect nipples. Harry buried his face between her tits and started to suckle on them.

"SUCK MY FUCKING TITS!" Alicia yelled, looping her fingers around Harry's messy hair.

Katie suckled on Harry's cock and brought herself all the way down. Her nose hit Harry's pelvic bone. Katie flexed her throat muscles around Harry's throbbing cock before pulling all the way back and drove herself down throat first. A sensual moan came from her throat.

"Damn, I want some of that," Angelina said.

Katie spent a few more minutes sucking Harry's cock and pulled away from it. Angelina took her place down onto Harry's knee.

Harry moaned hotly into Alicia's breasts when Angelina's hot mouth wrapped around his tool. Her entire mouth enveloped him all the way around. Her hands groped his thick balls and stroked them while bobbing up and down on her.

"Oh, I feel left out," Alicia said, breathing. "But not too much."

Harry stroked her pussy, sucked her tits, and she could not wait to have him inside her. Alicia's entire body shivered with Harry playing with her all the way.

Angelina drew her sucks out long and hard. A pleasurable moan came through her body. She could feel Katie's fingers down between her thighs.

"You've always had a juicy pussy, Angie," Katie said, stroking Angelina's pussy lips. "And it's so wet, knowing Harry's nice and big cock is going through it.

Harry rested a hand on the back her head and pumped into her. His balls grew heavier with their cum. He held back though, knowing Alicia wanted a turn in sucking on his cock.

"Mmm, it's my turn," Alicia said, giving Angelina a not so subtle nudge to get out of the way.

Alicia dropped down to her knees before Harry and removed her robe to reveal her naked body for Harry. She had the perfect hourglass figure, all of the girls were well toned and fit as well. Hogwarts robes did all of them a great disservice, as magical charms downplayed their natural talents.
"I bet you'd like to fuck these, wouldn't you?" Alicia asked, cupping her breasts.

Harry responded by grabbing her breasts and slipping his cock between the giant breasts. He pumped inside them.

"Damn, I love your breasts!" Harry said. "They feel so good!"

"Your cock feels so good between them," Alicia said, leaning down and licking the head of it. 
"Good, fuck them, fuck my bit titties!"

Katie decided to pass the time by diving between Angelina's thighs and started to eat her pussy out.

"Yes, oh, Katie, I love your tongue!" Angelina yelled. "Put it inside me, lick my pussy out!"

Harry fucked Alicia's breasts even harder because of erotic action. Katie slurped Angelina's pussy loud and sensually which prompted Harry to fuck those large breasts even faster. His balls started to load up and get ready.

"I'm almost there," Harry said.

"Give me your cum, put it all over my face, and my titties," Alicia said, grinding her breasts up and down on Harry's tool.

His balls sized up with Harry pumped them up between them. The huge tracts of land squeezed him and Harry launched one more thrust up in the air.

The shower of cum splattered all over Alicia's face and breasts. She moaned when jerking his cock up and down between her breasts. The dark haired Chaser started to rock her breasts all the way down on his cock.

"Mmm, you taste so good," Alicia said, catching Harry's cum on her tongue like falling snowflakes.

She pulled away from Harry and Katie found herself behind Alicia. The blonde spun the brunette around and stuck her tongue down Alicia's throat. She caught some of the cum.

"Mmmm!" Alicia breathed.

Angelina stood up and grabbed Alicia's large breast. She squeezed it and licked the seed off of Alicia's tit. Alicia responded by moving her hand up, and squeezing Angelina's ass before moving around and cupping Angelina's chocolate orbs. She gave it another squeeze.

Katie pulled away from Alicia and noticed Harry laying back on the bed. Was it there a moment ago? Katie couldn't tell, but she was not complaining. Especially since any attempt to bring logic into her mind was distracted by Harry's large cock.

Harry reached in and pulled Katie into him. Katie's body pressed against his and Harry's hands grabbed every inch of her body.

"I want a piece of this," Katie said. "You don't want to know how much I want to beat them to being the first to ride your mighty broom."

"Talk is cheap," Harry said.

Katie smiled and shoved her breasts into Harry's face. Harry attacked them with vigor and then rolled her over onto the bed. Harry lavished her body with kisses.
Every inch of Katie's hot body tempted Harry. She was toned and athletic, and by the looks of things, quite flexible. Her leg bent off to the side and she spread wide.

"My pussy is hungry," Katie said, lifting her hips up and touching the juicy lips to Harry's cock.

"Well, it would be a shame if we left it neglected," Harry said. "You're so hot, Katie, all three of you, I've always wanted to fuck you."

"Never thought it would be at once, did you?" Katie asked, biting down on her lip. "Go ahead, big boy, I can take your cock."

Harry smiled at her and rammed his cock into her sheath. Her pussy stretched and tightened around Harry.

Katie gasped when Harry filled her. She moaned which caused Alicia and Angelina to look up from their entanglement.

"Finally, I beat both of you bitches!" Katie cheered. "How do you like that?"

Angelina shook her head. Katie's moans filled the air when Harry spiked his cock inside her. He rode Katie into the bed.

"You might have gotten there first, but you won't be standing last," Angelina said.

Katie wrapped her legs around Harry along with her arms, grabbing his ass. Harry lifted up and drove down into her pussy. Katie's snug pussy wrapped around him and milked his thrusts with each push of his cock.

"Mmm, yeah, I love this, I love this big cock!" Katie yelled. "Make me cum all over your big cock, big boy!"

Harry smiled and cupped Katie's breasts. She breathed heavily when Harry played with her nipples. Harry continued to toy with every single bit of her hot flesh, making Katie moan the longer Harry drove his thick cock into her waiting and willing pussy.

"Stuff me so full of your big fucking cock!" Katie yelled. She flexed her muscles around him.

"You can't get enough of me!" Harry yelled. "You enjoy me pounding your pussy into a fine jelly, don't you?"

"Yes, baby, I do, fuck me, fuck me harder!"

Angelina and Alicia finger-fucked each other to Harry riding Katie into the bed. The bitch deserved to be stuffed with a large cock. His balls slapped against Katie's thighs, with Katie wrapping her hand around Harry's bicep.

"I'm going to give you a big load," Harry said. "But not before you cum for me."

Katie's inner walls twitched around Harry and milked his thick and throbbing cock. Harry pushed into her depths riding her to one of the most spectacular orgasms possible. Her hips twitched around Harry, pushing all the way up against him.

"Yes, I'm cumming so hard!" Katie yelled, hanging onto Harry's shoulder. Harry plowed her body with a series of rapid thrusts into her. "Cum with me Harry, cum with me so hard."

Harry grunted when he pushed into Katie's wet pussy. She clamped down onto Harry, tensing
around him. He pushed into her and his balls gave way.

Katie screamed, scratching up Harry's back. The healing properties of his body worked well with Katie scratching up Harry's back when he pounded her. She had been reduced to something moaning and primal. Harry pushed into her, emptying his heavy balls into her body.

Each burst of cum inflamed Katie's pussy. Katie held onto him and pushed him inside her. He emptied his thick balls into her pussy.

The moment Harry finished emptying his load inside Katie, he turned his head to the side. He turned around in time to see Angelina and Alicia finishing a game of rock paper scissors.

Angelina jumped in Katie's pussy, causing him to gasp. Alicia jumped on top of Harry, pressing her D-Cup breasts against his chest. Harry smiled when Alicia pushed her dripping slit against him.

"I hope there's more in the tank," Alicia said. "Although I'm sure these balls can fill up pretty fast."

Alicia brushed her fingertips against the bottom of Harry's balls and guided his throbbing cock inside her pussy. She brought her hot hips down onto his throbbing cock and ensured he entered her completely and fully. Alicia moaned when coming all the way down on the point of Harry's cock, driving him into her depths.

"Yes," Alicia said, biting down on her lips. "This is such a perfect fucking fit."

"I'm glad you approve," Harry said.

"Oh, yes, I do stud, I really do," Alicia said. She bent down with a smile. "I'm wet and ready to ride."

Alicia brought her hot hips down onto him and rode him like she would any broomstick. Alicia bounced up and down on Harry's prick, driving it into her. She could feel his cock going deep inside her. His powerful cock pulsed and touched her womb. This action trickled juices down onto Harry's cock.

Harry enjoyed her powerful pussy muscles flex against them. She had such wonderful thighs as well, from riding all of those broomsticks. She bounced up and down onto Harry.

"The best thing I've ever rode," Alicia said, running her hands down on Harry's chest and then leaning down. She grinded herself down onto his cock and pushed her hard nipples down on Harry's muscular chest. "Trust me."

"I do," Harry groaned.

Harry cupped Alicia's breasts and gave them a few firm squeezes. She brought her love box down onto his throbbing tool and rode him all the way.

Angelina lapped up the juices trickling down from Katie's thighs. She sucked Harry's gift out of her teammate. The taste between the two of them made her hungry for more. Angelina reached between her legs and toyed with her clit while she kept eating Katie out.

"Angie, Angie, Jesus Christ!"

Katie's hips jumped and splashed more of her juices on Angelina's face. Angelina continued to eat her out.
Alicia bounced her hot body up and down on Harry's cock. His hands squeezed and manipulated the flesh of her breasts. Harry's hands sent magical flares throughout her body, when she kept bouncing and rising all the way up higher.

Harry gasped when her wet box wrapped around him. Alicia panted when coming hard against him.

"You're so fucking hot," Harry said. "Go ahead, cum for me, keep cumming….keep cumming until you barely can breath."

Alicia's pussy contorted around him. Harry's hands swirled over her body at the speed of light. The flash of Harry's hands playing with her flesh, cupping it, made Alicia all hot and bothered. She came all the way down on his tool and drove it inside her.

Harry enjoyed the feeling of this tight pussy. His balls filled back up.

"Looks like you're going to get the big load you wanted, Alicia," Harry said. He twisted her nipples and leaned up to bite down on them. "You get off on that, don't you?"

"Mmm, yes I do," Alicia said. "Please, give me your cum, Harry."

Alicia bounced up and down on Harry's hips. She took her pussy around Harry's cock and milked him in tune with him. Their hips joined together with an orgasm.

Harry pushed the contents of his balls deep into Alicia's smoldering and dripping depths. He injected her with a steady and never ending stream of cum, splashing into her body. Harry launched the content of his balls inside her.

Alicia bounced higher and higher, milking Harry's balls all the way. The contents of the cum filled her.

She pulled Harry's cock out of her, almost collapsing. Alicia leaned down and gave Harry a parting kiss on the head of his cock, causing it to twitch.

"Oooh, Harry," Angelina said, swaying her ass to the side. "You know you want this."

Harry did know what he wanted. Angelina's wet pussy spread towards her. Harry walked over and pressed himself against Angelina.

"Hope those two bitches didn't drain you too much," Angelina said.

"You'll find it won't be so easy to drain me," Harry said. He teased Angelina's curves, running his hands all over her beautiful chocolate body.

Angelina gasped when Harry's hands ran all over her body. He tweaked her nipples, ran his fingers over her toned stomach, and went behind Angelina's body, before cupping her ass. He pulled back and slapped Angelina's ass.

"Harry, stop teasing me," Angelina said. "Put your cock inside me."

"It will mean a lot more when I do, if you want it badly," Harry said. "I want you dripping for it."

Angelina tried to protest dripped hard for him already. Harry's fingers quested between Angelina's thighs and started to rub in circles around it. She gasped the moment Harry started to penetrate her. He pulled away from her a moment later.
"Oh, I'm dripping, baby," Angelina said. "Put your cock inside me and ride me all night long."

Harry put his swollen head in between Angelina's dark thighs and shifted against her. His cock pushed between Angelina's hot thighs and penetrated her.

Angelina gasped the moment Harry's throbbing cock entered her. It slid in between her body. Harry rose all the way up where only the head of his cock was out of her. He plowed even further into her before.

"You really are dripping," Harry said. "So easy to slide inside you….so easy to fuck your pussy."

Angelina closed her eyes and became enraptured with his thrusting cock. He drove himself into her, riding Angelina' from behind.

Harry shifted himself over to the side. Katie sat down on Alicia's face, and leaned down to eat her pussy. Both of the girls slurped each other out.

"That's so fucking hot, isn't it," Angelina said. "Fuck me, take your big fuck stick and drive it into my nasty pussy. Make me cum so fucking hard, baby!"

Harry bucked his hips hard and fast in between Angelina's thighs. He rode her wet pussy and did so hard. A couple of thrusts buried into her body. His throbbing balls filled up with their cum and threatened to expel all of his seed into Angelina's tight and willing body.

"I'm getting closer," Harry said. He pumped faster into her. "I'm getting so close, I'm almost there. You're not slowing down, are you?"

"Not at all," Angelina said.

Harry slapped her ass and pounded her pussy even harder. His hips turned into a blur when driving himself further and further into her. Her tight and toned body squeezed him and intended to bring yet another load out of her.

Angelina gripped onto the bedsheets, biting down on her lips. She could not believe what was happening. It excited her just a little bit. Harry burying his cock into her so deep and so hard from behind. Her pussy flared up, squeezing around Harry and pumping his thick rod deep inside her.

She came first and then repeatedly. The rapid fire and constant thrusts inside Angelina's tight cunt made her moan. Harry pushed himself into her depths, allowing his balls to fill up when he filled her with his hard and throbbing cock.

"Here it comes," Harry said.

Harry caught Angelina's swinging breasts in his hand. More moans came from her when Harry pushed into her. Her skin covered with sweat with a series of long thrusts. Harry rode into her with constant plunges and thrusts. His balls sized up with a swell of cum. Harry pushed forward almost all of the way.

Angelina's body racked with orgasm after orgasm. Harry filled and emptied her. The wet pussy licking over to the side made her tense up.

His hands explored every inch of Angelina's hot body. The pussy of the Gryffindor Quidditch Captain twitched when it had been filled and emptied by her Star Seeker.

"I'm going to have the biggest load for my Captain," Harry said, squeezing her ass when thrusting
into her from behind.

"As it should be," Angelina said. "Give me your seed, plant it in my nice, tight, pussy."

Harry plowed the athletic girl from behind, riding her almost all the way into the bed. He held onto Angelina's hips and shoved his cock into her. His balls sized up and sent a steady shower of cum into Angelina's body.

He planted those thick spurts of seed into Angelina's body, filling her up and emptying his thick balls into her body. Harry plowed her body, with Angelina squeezing his throbbing cock.

Angelina's body experienced the rush of release and the rush of Harry putting his juicy cum inside her warm and tight cunt.

Harry pulled himself out of Angelina and allowed her to collapse on the bed. His cock left her body and Angelina responded with a soft smile, the wonderful sensation of release having hit her body fast and hard.

Katie and Alicia pulled themselves away from each other and they moved over, starting to lick Harry's abs and cock when he reached over and finger fucked them furiously.

"It's a long weekend," Katie said with a grin.

That it was. That it was.

End.
Harry Potter rolled his head off to one side on the bed and began to hit something soft and large. A pair of elegant hands skimmed through the side of his head, moving down his hair. A second pair of hands moved down Harry's body waking him further from his slumber.

The wet sensation around his nether regions woke him up even more. A pair of hot lips wrapped around his cock and sucked him off hard. Harry's hips rose up when his eyes opened up. He saw a curtain of purple hair attached to a very elegant mouth. His head also had been propped up on a nice and round set of breasts.

"Hello, Harry," a sultry Scottish voice purred. "Sorry, we couldn't wait, we wanted to give you your wakeup call. And we've decided to skip breakfast this morning, and go straight to dessert."

Harry smiled and allowed the beautiful woman to get into his line of sight. Her face radiated beauty so much it almost hurt. She had soft looking lips and gorgeous eyes, along with an elegant neck. Her body curved in the most alluring manner. Her large breasts sat atop her chest, perky and high, defying gravity in a way which almost screamed magic. Her toned stomach did not have an ounce of fat on it and her hips curved out in a shapely way, with a pair of long legs attached to elegant feet. A curtain of green hair stuck down one side of her seductive face.

Morrigan Aesland was a succubus with an insatiable sexual appetite. Her fingers stroked Harry's chest, and it can only be fulfilled by one man. She looked down and smiled.

The younger Succubus wrapped around Harry's cock had no intention of letting go. For all intents and purposes, Lilith was Morrigan's sister. Purple hair framed around the area of her face, which was beautiful. Right now her pouty lips were busy at work sucking Harry's cock nice and hard. Her soft hands stroked his balls. She had the same beautiful face. Lilith had slightly smaller breasts, but they were still a handful, along with a flat tummy, and curvy hips, with a sexy ass just like her sister. Her long legs stretched on forever.

"While my sister's having her breakfast, I think you should have yours," Morrigan said.

Harry smiled.

"I wouldn't complain," Harry said. "I always want to eat your sweet pussy."

Morrigan smiled and Harry grabbed onto her hips when she mounted his face. The moment his tongue hit her sweet inner walls, electricity spilled between Morrigan's thighs. She rose all the way up onto Harry's face and brought herself down, to allow Harry to lap up her juices.

Harry smiled when he inhaled her sweet set. He licked her, using his talented tongue to bring the Succubus above him to moans. The wonderful sensations before the area of his cock.

Lilith went down on Harry's cock, inhaling it with hunger. She smiled when his balls filled full of cum for her. She craved the sticky seed more than life itself. The younger succubus bobbed her head up and down yes.

"Yes, this is a ride!" Morrigan yelled at the top of her longs. She enjoyed how Harry's tongue mapped out a place all around her pussy. "Go ahead, honey, get a nice taste of his cock, because
I'm taking a ride soon enough."

Harry enjoyed the fact Lilith re-doubled her efforts by going down on Harry. She continued to suck his cock nice and hard. The smacks of lips around his tool made Harry bring his thick prick deeper into Lilith's inviting mouth. She hungered for him and Harry satisfied this hunger, doing pretty much everything he could for her.

Lilith cradled Harry's balls in her hand and enjoyed the sensation of them slapping up against her chin. She impaled Harry's thick cock all the way down her throat.

Morrigan gasped when Harry's tongue stretched and worked further into her depths. Her entire body heated up and soaked Harry's face with her wonderful juices. She bounced up and down on his face. Harry's fingers knew where to be, just like his tongue knew precisely where to be.

Harry enjoyed the sweet and tender sensations of Morrigan's beautiful pussy when it kept pumping juices into the depths of his mouth. He hungered for them and she delivered them right to him. His balls swelled up as well from Lilith's talented cock-sucking.

Lilith enjoyed the first blasts of cock inside her mouth.

"Shoot all your cum into my sister's mouth!" Morrigan encouraged. She bucked her hips down wildly upon Harry's face. "Fucking choke her out with your oversized prick, you sexy beast!"

Every work caused Morrigan's hips to twitch and she brought her love juices down onto Harry's face, coating them all over it.

Morrigan pulled off of Harry's face to view her handiwork. Her love juices coated all over Harry's face, saturating it. Lilith pulled herself up.

"Nothing like a well-balanced breakfast," Lilith said. She leaned in and kissed Morrigan on the lips.

"Damn," Harry said.

The sultry Succubi sisters exchanged kisses with each other. They traded Harry's seed between their lips like it was a hot comedy.

The moment they were done, their breasts pressed against either side of Harry. Their fingers stroked his flesh and they started to lick his flesh.

"We really hate to leave a mess," Morrigan said.

"Yes, all of this sweet cum on your face, it must be a bother," Lilith said. "No matter how good it's for your complexion."

"I'm going to fuck both of you," Harry said.

"At the same time?" Morrigan asked. She smiled and moved her hand down to squeeze Harry's prick. It pleased her how erect it had become. "I'd like to see this."

Harry smiled and a flash of light appeared behind him. A magical spell created a hard light magical duplicate of Harry. Hard being the word as it pressed against Lilith's entrance. Her dripping pussy accepted his hard cock.

"Thanks for the charge," Harry said, running his hands all over Lilith's sultry body.
"Anytime, love," she said with a smile. "Are you going to fuck me with that hard cock?"

She knew the hard-light holograms were like the real thing and connected to Harry's nervous system. The processing power of his mind was amazing because Harry could control many of them at once, if he chose to. His thick aching cock moved towards Lilith's pussy and pushed inside.

"I guess it leaves me to play with the prime model," Morrigan said with a playful straddle of his hips.

"Yes, it does," Harry said, going behind her to cup Morrigan's sultry ass. "I can feel you, I know what you want."

"Oh, you do, don't you?" Morrigan asked.

Her hot pussy lips dragged across Harry's aching cock. She wanted to take him inside her in all of the worst ways. Morrigan rose halfway up off of the bed and began to position herself, ready for some nice and long penetration. Harry's cock positioned closer towards her entrance.

"Yes, I do," Harry said. "Show me what you have."

Morrigan flexed her wet pussy muscles and brought the point of them down into Harry. Her tight, hot, box stretched around Harry's tool. The wetness of her pussy clenched around Harry's throbbing tool when she slid all the way down onto them.

"Yes, a perfect fit as usual," Morrigan said. "You're so big love."

"You're so hot, so tight, and a tight, hot piece of Succubus ass only has one place," Harry said. He reached up to grab her breasts and squeeze them.

Morrigan smiled when Harry played with her breasts, channeling his magic through them. She could feed off of his sexual energy, and he would never even feel a case of the chills. Needless to say, this quality was the thing wet dreams were made of for a Succubus.

Harry squeezed Morrigan's breasts. The four hundred plus year old succubus had no hint of sag, owing to her nature as a sexual being. Each touch of her breast inspired Morrigan to rise her hips and lowering them on Harry's aching cock.

Lillith gasped when Harry brought his throbbing cock inside her. He penetrated her tight walls and caused her core to stretch. His hands stroked her young and supple body.

"You're enjoying this, aren't you?" Harry asked Lillith. He rose all the way back out and speared himself into Lillith's tight cunt. "You like my cock giving your tight cunny a nice, hard, pounding. It's what it deserves."

"Mmm, hmm, yes," Lilith said, a smile crossing over her face. "You know how to touch me, in all of the right ways. And you know how to make me feel really good when you fuck my nice tight pussy. So fuck me, fuck me harder!"

Harry grabbed Lillith's supple orbs and gave them a nice squeeze. He rocked himself hips first into her tight sheath, being milked by her all of the way. Harry pushed deeper into her, riding her pussy hard and fast into the bed.

Morrigan's eyes glazed over and she leaned down to drive her hips down onto the prime copy. Her tight walls clenched around Harry. The succubus bent down and pressed her nipples down onto Harry's hard chest and rubbed her breasts down on them.
"Go ahead, my love, feed off of them," Morrigan said. "They're yours to suck on, for however long you want."

Morrigan's walls manipulated Harry's intruding member. Her breasts pressed against Harry's face. Harry buried his face between her nice round breasts.

Harry enjoyed the taste of them. The sinful feel of Morrigan's erect nipple in his mouth made Harry hunger for more. His cock throbbed into her insides.

A series of small orgasms racked Morrigan's body. She rewarded Harry's actions by milking his cock into her body harder and faster. Her wet walls grinded up and down on Harry's aching prick, bringing him into the depths of her womanhood.

"Good spot," Morrigan said, bringing herself down onto Harry's prick. "Go into me further, deeper….fuck my pussy!"

Morrigan's eyes moved over and could see the duplicate ramming his rod into Lillith. A squelching sound happened when Harry drove his cock inside her.

"And again," Harry said, squeezing the purple haired girl's nipple between his fingers.

Lilith's walls clenched around him and she received another orgasm. The sticky sensations racked her body.

Morrigan rose all the way up and clenched Harry's cock. She hovered in the air, before bringing herself down onto his hips. She repeated this motion a few more times.

"Damn, you really want my seed," Harry said.

"Not yet, baby," Morrigan said, nibbling on his neck, marking him. He returned the fire, doing the same to her. "I want those balls to fill up nice and full, then I want your seed."

She drew a pattern on Harry's chest with her fingers. Morrigan smiled when she brought herself all the way down on the young man.

"I want to see how far I can push this," Morrigan said. "Don't worry, I don't think I can take you all the way."

Harry's own reserves were infinite. She rode him all the way, until Harry grabbed her hips to stop her from riding him.

Morrigan rolled over onto the bed and Harry mounted her hips before he speared his large cock down onto the bed. He pinned Morrigan down onto the bed, hammering her pussy for everything.

"Yes, yes, yes!" Morrigan yelled, digging her nails into Harry's shoulder.

Her entire body sang when it soaked up the sexual energy. Harry's magic pulled some back into him. This combination of energies between both of them made for a very sticky and intense encounter. Harry brought himself into her depths.

"Mmm!" Lilith said. She dipped down to kiss her sister on the lips to add to the hotness factor here tonight.

Harry gripped Lilith's hips to spear into her. His cock pushed into her depths, with balls filling completely up to the hilt. Her body racked in a constant state of orgasm and Harry needed to keep
Morrigan pumped Harry's throbbing cock inside her body, squeezing every single inch of his throbbing tool with her tight and wet pussy muscles. She breathed hungrily with each thrust of penetration.

"Cum for me," Harry said.

He tweaked Morrigan's breasts and she moaned in tune with her milking of Harry's thrusts. Harry brought his throbbing cock deep inside her.

Lilith fed off of her sister's own sexual energy. Her own sexual energy accelerated in response.

"Yes," Morrigan said. Harry's loins pushed down onto hers. "Harder, harder, make me cum again."

She grabbed onto Harry's back to push him inside her. Harry pushed all the way into her, and started to stretch out her pussy with a few long and hard thrusts. His balls pushed deep inside her body, rocking inside the body of the succubus.

Harry rode Morrigan into a repeated orgasm. Her legs tightened around Harry, working him into her smoldering depths. She started to breath in response, clenching around Harry's hard cock with a few tight squeezes.

"We're getting close," Harry said. "Are you ready for my cum?"

Morrigan's hot and sweaty body pressed around Harry. Harry rode her into the bed, working her orgasm to another orgasm.

"Please," Morrigan said.

Lilith's body melded around Harry's cock. She kissed her sister one more time and molded her breasts with a few squeezes. Her pussy jerked around Harry's cock with the penetrating getting deeper and deeper.

The duplicate could feel himself reaching the end and it would be a spectacular one when he rode Lilith all the way into a smoldering and hot orgasm. He punished her pussy with long and potent thrusts, slapping his balls against her thighs.

"Here it comes," Harry said. "I hope you're ready for it."

Lilith moaned happily. Her pussy muscles wrapped around Harry and she could tell all three, technically, four of them would explode at the same time.

First, Morrigan and Lilith's pussies clenched around their partner's protruding prick. The duplicate of Harry rocked into Lilith and his balls swelled even heavier with cum.

One more pump into Lilith's wet pussy resulted in Harry driving himself into her body. His balls sized up and sent the fluids into her body. Harry splashed into Lilith's body with a few splatters into her tight body.

Lilith collapsed on the bed when the duplicated faded into the distance. A sensual sigh faded from her body.

Now Harry and Morrigan were alone, she drew her full allure towards him. Harry's head
disappeared between Morrigan's breasts and suckled on them when pumping inside her. Morrigan's wet pussy clenched him and wanted the full load.

Morrigan's body hungered for the powerful sorcerer's cum when it pushed deeper into her. Harry rose almost all the way out of her and repeatedly slammed into her.

Harry's fingers ran down Morrigan's legs, feeling her soft flesh. Another orgasm racked through her body from the long and powerful thrusts. Harry kept riding into her, bringing his thick cock into her. He rose all the way up and rode her pussy all the way down.

"Mmm, yes," Morrigan said, grabbing onto his biceps. "Harder, please."

His balls bloated with their cum. Morrigan knew Harry would inject her full of fluids. Her body craved more sexual energy. She ran her hands over Harry's well-toned body.

"Closer," Harry said. "One more time."

Morrigan's pussy tightened around Harry's probing rod. She intended to milk every single drop of cum out of his balls and into her body. Harry rose all the way up and brought his thick cock inside Morrigan's perfect pussy.

Harry rode out Morrigan's orgasm all of the way before he brought himself into hers. His balls expanded and exploded into her.

"Mmmm!"

Morrigan gave a hungry moan, pulling Harry into her. His cock pumped their dripping juices into her body. Morrigan's wet walls stretched. The velvety heaven clamped back around Harry's cock.

Harry drained the contents of his balls while feasting off the breasts of the Succubus. She grinded her pussy back against him, channeling a little bit back into him.

"I've only begun to play," Morrigan said, placing her hands on his ass.

Harry's cock grew and pushed into her body one more time, to continue the pumping.

"Feel free to join us at any moment, sweetie," Morrigan said, licking Lilith behind her ear from her position.

Lilith gained the energy to return, with her sister's fingers penetrating her giving the added incentive to push on.

The End.
Harry knew he would do well. He knew he would do better than well. He just didn't know he would do this well to be honest. The grades had been in his hand, and a smile had been brought onto his face. The sixteen year old wizard could not help, but keep the smirk off of his face when looking over the grades flashing in front of him.

He turned his attention towards Lily, his mother. Lily made her way to breakfast, dressed in a bathrobe. The robe flipped up to allow Harry a view of his mother's creamy thighs, which made him smile. Harry and his mother had a pretty close relationship, where they were comfortable with each other and their sexuality with each other. Lily guided her son through the intense rigors of magical puberty, for lack of a better term.

"They've arrived, Mum," Harry said.

Lily smiled, as excited as her son was to see the fruits of their hard work. She removed Harry from Hogwarts after two months, following a fiasco regarding a troll. She was less than pleased Dumbledore openly talked about a corridor which would any students would meet a most painful and unfortunate death should they travel down it.

Why not put a sign on it which said "Idiots: Please Enter."

Lily decided to school Harry herself. Harry took more rigorous exams then most of the students at Hogwarts, receiving his OWLs at fourteen, and now his NEWTs at sixteen, being able to sit exams in subjects which were not taught at Hogwarts, not since they had been removed. The NEWT exams were available upon request, one of them being magical law.

"Well, let's see them, Harry," Lily said, leaning forward to gave her son a glimpse of her generous cleavage.

Harry shook his head, after taking a peak at his mother's large breasts. He slid the paper out on the table. Lily responded with a whistle.

"Twenty-One Outstanding NEWTs," Lily said. "Very well done Harry, I knew you could do it."

"All to the most brilliant witch in the world," Harry said.

Lily smiled at the term of endearment, she moved from her seat and decided to take a seat in her son's lap.

"Harry, you've done so well, better than anyone else in history," Lily said. She leaned closer towards him and gave him a painful nibble behind his ear. "I think you deserve a reward for all of your hard work, wouldn't you agree?"

"Yes, Mum," Harry said, wrapping his arm around his mother. "I think after all of that hard work, I deserve a reward. And you do as well..."
Lily leaned in for a kiss for Harry. Her son returned a kiss. Their lips molded together as if this was the most natural thing in the world. Harry wrapped his hands around Lily's rear and gave it a nice squeeze to encourage the kiss.

The kiss lasted several minutes, Lily accepting the intrusion of Harry's tongue into her mouth when he mapped out the inside of her mouth. She undid the sash on her robe and stepped back a couple of moments later.

The robes dropped to the ground to reveal Lily's beautiful body. The sexy MILF had a body which put a lot of women half of her age to shame. Beautiful, creamy skin without a flaw, with a face so beautiful it made Harry throb. Those pouty lips were perfect for many wonderful things. Her neck looked elegant and her arms had a sensual amount of muscle on it, along with the rest of her toned body. A pair of large breasts stood on Lily's chest, DD cup, an example of her prowess as a witch. Toned abs which tempted Harry to run his hands over it. Womanly, and wild hips with a shapely ass, and long legs which stretched down for miles.

Lily sat down on the table and ran one of her perfect feet around the length of Harry's bulge. He felt so trapped in his pants.

"I think he wants to come out to play," Lily said, popping her lips together with a smile. "Why don't we let him join us?"

Lily bent down and grabbed Harry's pants, tugging them down. His boxers came down and revealed twelve inches of thick and juicy cock. Lily wrapped her hand around Harry's cock.

"Does it feel good, Harry?" Lily asked. "Does it feel good when Mummy strokes your big, throbbing cock like this?"

"Shit, Mum, yes," Harry said. "It feels really fucking good."

"Mmm, I know it does," Lily said. "I want you put your big cock in my hot mouth and suck on it, hard."

Lily's lips kissed Harry on the cock and inch by inch, she slipped down onto him. She popped her hot lips around Harry's thick tool and brought her throat down onto him.

"Mum, I love your throat," Harry groaned, putting his hands on the back of Lily's head.

Lily resembled a naughty angel, taking Harry's throbbing manhood deep into the back of her throat. She sucked on her son's cock, hard and fast. A series of loud and passionate slurps could be heard when Lily bobbed down onto her son's baby-making rod.

The door opened up, and Lily's younger sister, Harry's aunt, Rose, stepped into the room. She dressed in a lacy green bra which had an intricate design on the cups. A pair of lacy green thong panties had been revealed, which were getting wet when she watched her older sister bob her head up and down on her son's rod.

Not a strange sight in this house, and Rose watched Lily's mouth work up and down on her son's rod. She brought her fingers down her sexy and sultry body, looking like she could be her sister's twin, except she was a couple of inches shorter.

"Hello, Aunt Rose," Harry groaned, grabbing his mother's head with one hand and fucking her throat. "I got my NEWT results."

"Oh, how did you do?" Rose asked, as if she couldn't tell by her older sister inhaling Harry's cock.
"Twenty One NEWTs," Harry groaned. "All Outstanding."

Given how the most NEWTs someone could get at Hogwarts, and that was by busting their ass, was twelve, Harry naturally set himself above.

"That's great," Rose said. Harry lifted a finger and beckoned for Rose to walk forward.

"Why don't I say good morning to you, auntie?" Harry grunted, when Lily gave a particularly vocal slurp of her son's throbbing cock.

Rose walked towards Harry and the two kissed passionately. Harry's free hand roamed all over Rose's body when the sparks of electricity fired through her body.

Her loins heated up with increased pleasure. Harry slid her panties down past her thighs and exposed Rose's dripping hot slit for the world to see. He smiled, still kissing her, and feeling how wet she was. Harry slipped one of his fingers inside her. Much to his pleasure, Rose clenched his finger like she did not want to slip it away.

Lily was only barely conscious of the fact her baby sister joined the proceedings. All she cared about was sucking her son's big cock and getting as much of his cream down her throat. One hand grabbed Harry's firm ass and pushed his cock further into her mouth. The other hand cradled Harry's ball sac.

Everyone's mouths had been pretty occupied. Lily bobbed herself down further on Harry's cock. She weighed his balls, feeling them filling up and swelling.

Harry indulged himself in his aunt's sweet and sticky pussy, twirling his finger deep inside her pussy. Meanwhile Lily used her full mouth to stimulate Harry's groin. His balls loaded up with a lot of cum.

Rose watched with a hazy vision, Lily's mouth going down her nephew's large cock. She envied her older sister and not for the last time either.

"Here it comes," Harry groaned, pulling himself away from Rose. "You're going to get your reward for being such a good tutor!"

Lily's thighs clenched, juices trickling down her smooth pussy lips. She could not wait to drive her dripping hungry cunt onto Harry's massive rod. Now though, she would settle for sucking his balls dry of his cum.

Harry shifted himself forward and brought the first bursts of cum into Lily's waiting throat. She took every last drop of cock with pure divine pleasure. He launched a rush of seed into Lily's waiting mouth and coated the back of her throat.

Rose's knees almost wobbled from the force of Harry's own finger fuck. Harry pulled his fingers away from her and used his hand to hold his aunt up, squeezing her ass.

The moment Lily pulled away, she licked her lips and looked towards her sister. Her eyes traveled to Rose's dripping pussy with lust.

"Come on, Rose, give your big sister a good morning kiss," Lily purred.

Lily wrapped her arm around Rose, unclipping her bra to allow Rose's large breasts to bounce free. The two Evans sisters kissed.
Their relationship had not been the same, ever since Rose accidentally knocked up Lily with their twin daughters through some well intentioned charm work. Actually, there had been a fair bit of sexual tension between the two of them.

Lily slipped Rose some of the creamy goodness she had in her mouth. Both Evans sisters continued their steamy make out session, hard nipples rubbing together, fingers toying with each other's holes.

Harry's cock throbbed and he pulled his mother way, before pushing her onto the table.

"Harry, fuck your mother," Lily said, with a playful smile.

Harry ran his cock over Lily's dripping entrance. His throbbing cock pushed against Lily's hungry lower lips, which teased gobbling him up. Harry aimed his cock closer towards her dripping insides.

Lily rested her hands on his lower back to encourage him, to entice him, and that's what she did. Harry's cock slammed into Lily, and mother and son moaned when their loins joined together in passionate and taboo love.

Rose moved over to join, only to find herself in a chair, and bound to the chair. A ball gag had been placed in her mouth.

Lily responded with a grin. Her grin turned into a sultry smile when Harry grabbed Lily's nipples and squeezed them. She clenched him hard.

"Rose, you're going to enjoy the show, and maybe if you sit there and watch like a good little girl, you might...right there Harry!" Lily moaned, when her magically potent son licked and bit on her right nipple. "If you...well if you be a good little witch, you'll get a nice big wand in your pussy."

Rose shifted and all she could do was watch Harry's thick cock piece Lily's pussy.

"Mum, you're so fucking hot," Harry said. "I can fuck your hot body all day."

"Oh, and I'd let you," Lily said. "My handsome son...fuck your Mummy's tight pussy, make her cum all over your throbbing rod....ooh, you know how I like it when you play with my legs and pin me down and make you your slut."

Harry grabbed two hand's full of Lily's hair and pushed his hard and toned body down onto her hot body. All of Lily's curves pressed into Harry's body and enticed him to drill his throbbing rod deeper inside Lily's depths.

"More, more, fuck me, fuck your mother, you motherfucker!" Lily yelled.

"Yes, that's what I am," Harry said. "And I'm bloody proud of it."

Harry's rod slammed into Lily's pussy. Her orgasm was at hand. She clawed Harry's back, moaning in his ear, spurring him on.

"Yes, baby, Mummy's going to cum all over your big cock....you're such a good son," Lily said, running her hands all over Harry's back.

Rose's pussy ached and she couldn't even properly rub herself against the chair to get some relief. All she could watch was her nephew thrusting Harry's cock.

Her hips gave a jolt, an invisible finger pushed into her. It was fleeting, teasing, and then it
stopped.

"Mmm, bite on my tits, suck on them, they're all for you Harry," Lily said. "No one has ever made me feel this good."

Harry smiled when making his mother feel good. His throbbing cock pushed into her depths and the clenching of her pussy encouraged Harry to go deeper into her.

Lily pushed her hips all the way up to ensure she got all of Harry's cock inside her. Her body stretched out for him.

"You never know," Lily said, suckling on Harry's earlobe. "Today might be the day where I forgot the contraceptive charm."

Lily's sultry hint gave Harry an incentive to further pound his mother's pussy. She ran her fingers up his bicep as well and caused him to pump deeper inside. His mother's legs wrapped around Harry's hips, making sure to keep him close by.

Rose watched Harry's throbbing cock penetrate her older sister's pussy. Every so often, the invisible finger caressed her loins and caused Rose to twitch her hips up and down. She breathed, moaning in a more heavy way than possible.

"Mum, you're cumming so hard," Harry said. "It feels so good to feel you cum all over my cock."

"Yes, baby, it does," Lily said, nibbling on her son's earlobe, while taking extra care to torment her sister. "Put your cum inside my pussy.....fill me up.....drain your balls into my tight pussy."

Lily's walls clutched Harry's throbbing cock, pushing him all the way into her. The two of them rocked together, matching each other stroke for stroke. Lily hung onto Harry, moaning into his ear.

The moment Lily's cunt clamped down onto Harry's intruding manhood, he could not hold back his desires much longer. His balls filled up and pushed deeper into Lily. He pumped into Lily's depths, penetrating her deep and fast. He rocked his balls against Lily's thighs, smacking them against her.

"Yes, baby, fuck me, fuck your mother harder!" Lily said.

"Mum, I'm going to cum," Harry said.

"Cum for me, honey!" Lily said. "Cum in your mothers pussy. Shoot all of your seed into your mother's nice and fertile womb...fuck me, fuck me hard!"

Lily dragged her nails down Harry's back to encourage a more rapid fire stream of thrusting. Their hips pushed together when Harry rode Lily into the table. She hung onto him, moaning hard. One more hard thrust would bring Harry to the edge.

His balls twitched and fired their load inside Lily. She tightened around him and milked Harry's throbbing cock. Harry spilled his thick and potent seed into his mother's canel.

Lily moaned, enjoying the feeling of Harry's cum splattering on her insides. He painted her walls white. Lily grinded up against Harry and took him into her. She emptied his balls into her.

Seconds later, Harry collapsed on his mother's chest. The large, pillowy, breasts pressed against Harry's face. He sucked on those juicy nipples while Lily played with his hair.

"Wonderful, darling," Lily breathed in Harry's ear, causing his cock to twitch inside her. "But, I
think your poor auntie wants to play. We've been torturing her for so long. It's starting to drive her mad."

Rose realized Lily transfigured the chair into a bed and she had now been restrained to the bed, spread eagle. She watched when Harry's large cock, dripping of his mother's juices, pulled out her. Despite injecting his mother with a heavy load of cum, Rose realized her nephew's cock was so hard.

"Do you want my cock inside you, auntie?" Harry asked.

Rose gave a muffled moan, the ball gag still in her mouth. Her entire body exploded with sexual energy, trickling down between her legs. Those thighs spread, waiting to be fed with Harry's cock. Harry approached Rose's enter, pushing his hard cock against her entrance.

"Do you want to be fucked?" Harry asked her, pushing his hips against her. "Do you want to be a fucked hard and fast?"

Rose's thighs spread, threatening to take Harry's cock inside her.

"This might help," Lily said, waving her finger.

The ball gag had been removed from Rose's mouth. Rose gasped at the sensation of Harry's cock against her dripping entrance.

"Yes, Harry, fuck me," Rose said, lifting her hips up. "Fuck me like you fucked your mother. I need your cream in my pussy."

Rose tried to lift her hips to encourage Harry. Harry held them down, causing Rose to wine in frustration. Harry rose up and spiked his cock into her.

Harry soaked in the pleasure of Rose's tight sheath wrapped around his throbbing cock. He rose almost the wall out of her and pushed into her with a rapid fire thrust. Rose's wet pussy walls clenched around him when Harry rode her.

"Yes, Harry, ride your auntie's pussy!" Rose said, moaning. "Ride her….ride her all night long baby! Fuck me, fuck me hard!"

Harry smiled when leaning down and he played with Rose's breasts. She moaned and took her nephew's cock inside her. Harry kept pounding away at Rose's pussy.

Lily smiled, and lifted one of her thighs, before balancing on Rose's face. A large strand of cum broke from her pussy and landed on Rose's lips which the younger Evans sister lapped up with hunger.

"You like taking my son's cock like a common whore," Lily said. "Why don't you clean his cum from my pussy while you're at it?"

Rose took her older sister's pussy and started to lick it. She could feel the combination of delightful juices trickling down and Rose could hungrily take them into her mouth like no one's business.

"She's always been such a good pussy eater!" Lily cried, working her hips all the way down on Rose's tongue. "Yeah, right there, more lick my pussy out, you little slut!"

"Damn, Mum," Harry said.
"Harry, keep fucking her," Lily encouraged him. "I bet Rose would like to be knocked up with a taboo child of her own."

Harry rode his aunt's pussy faster. Given the rate she clenched his cock, preventing it from sliding out of her body, Harry guessed she wanted this more than anyone else. Harry held onto Rose's thighs and started to bring his throbbing hard cock into her.

"Yes, oh, she's so tight," Harry said.

"But, I bet her tight pussy feels so good on your big, manly cock," Lily said. She drooled when watching her son's cock hammer her baby sister's pussy.

"Mum, it feels so fucking good," Harry said. "Feels even good when she cums over it."

Rose's womanly juices coated Harry's prick when he buried himself further into her. His balls throbbed when bouncing all about Rose. Her thighs ached when Harry rode her all the way to a climatic and very delicious end.

"Yes, I'm sure she feels really good," Lily said. "Keep licking me, Rose!"

Rose, not wanting to disappoint her older sister, lapped up the combination of pussy juices. Lily made Rose eat her face.

Harry reached the edge after riding Rose through several orgasms. Her pussy flooded the makeshift bed Lily created. He stole a look towards his mother, who arched back, her breasts coated in sweat.

Like a good son, Harry grabbed her breasts which begged for attention. Lily shoved her chest into Harry's hands and gave a sultry and hot moan in response.

"Fuck me, you're hands feel so fucking good," Lily said. "Squeeze my breasts…..suck on them too….."

Her handsome son's face buried between Lily's breasts while he fucked her baby sister. Rose still moaned in Lily's pussy.

"Yes, cum for me, auntie," Harry said. "And if you cum really good, I'll give you a big load of your own for being so hot."

Harry's cock buried deep into Rose's depths. Her pussy walls closed, the biological need to be seeded by such a powerful wizard coming to light. Her sister's never ending flood of pussy juices caused Rose's body to be hyper-stimulated.

Lily leaned back with a hot moan, feeling her sister's hot tongue work her over. She would have her fun, and then a little bit more. There was nothing which could deny her the pleasure which will be coming through soon.

"Fuck, so good, Rose," Lily said.

"Here it comes," Harry said.

Rose's womb practically opened up for intrusion. Harry pumped into her hard and the feeling of his balls against her thighs told Rose all she needed to know. The cum would pour into her hot and fast and at an amazing volume.

Harry plowed into her, giving a satisfied grunt. His balls emptied into his aunt's body. The first
fertile dose of cum hit her waiting and willing womb. Rose's hips jerked up and she pumped Harry.

"Your pussy feels so good," Harry said. "Does my cock feel as good when I'm knocking you up, Rose?"

Rose's pussy clenched Harry to ensure not a drop of baby batter had been wasted. She jerked his cock and drained it into her pussy.

The moments their orgasms came through, Harry laid back on the bed, with two sexy redheads pressed on either side of him. Lily stroked her fingers down Harry's abs, while Rose nibbled on his shoulder.

"Mmm, I think he has more," Rose said, her hand cupping Harry's balls and squeezing them.

"A job well done deserves multiple rewards," Lily said, leaning over to wrap her warm lips around her son's cock.

"Jesus, Mum," Harry said.

Lily swirled her tongue around Harry's head, grinning. She was far from done, and she did not have her fill just yet.

END.
Daphne Greengrass stepped past a doorway into a room surrounded by candles. The blonde witch turned her head a couple of inches to one side and then turned around to the other side. Her heart started to beat when continuing her trip forward.

She dressed in a silky white blouse which had been buttoned up over her large breasts. The front of the blouse flipped up with every step, showing her flat and toned stomach. The black skirt stretched over her wide hips and her long legs stretched down for miles. Daphne balanced herself on the heels, walking a couple of inches forward. She chewed down on her lip.

"It's good to see you here in the flesh at last, Ms. Greengrass."

Daphne's gaze followed the beautiful blonde who stepped forward. She dressed in a white corset light top which contained her large breasts. The bottom of the corset curved to show her stomach with a healthy amount of womanly flesh. She dressed in a white thong which Daphne noticed the hints of her delicious pussy lips. Thigh high white stockings covered her luscious legs. The fingerless white gloves added to the fun.

"Very good, indeed," the figure said.

"Thank you, Ms. Frost," Daphne said.

"Now you're a part of the Hellfire Club, you may refer to me as the White Queen."

Daphne shuddered when she caught a glimpse of the riding crop in the hand of Emma Frost. Her heart started to race when looking at the gorgeous Ms. Frost. Her heart skipped a couple more beats when moving forward.

"Don't be afraid," Emma said. "You've been brought into our society under the highest of recommendations. Our Black King has watched you and has seen your potential from afar. You've done a lot, out of very little, and I'm pleased by what you've accomplished."

"Thank you," Daphne said.

The Greengrasses always managed to adapt to pretty much every situation they encountered. Many of these situations put them in a bad place.

"Will I see him?" Daphne asked.

"In one minute," Emma said. She crooked her finger and motioned for Daphne to come to her. "Join me in a glass of wine."

Daphne took a tentative step forward. Normally, she would not accept a drink, but if she had to play the game, she would. Daphne approached the taller blonde. The corset really empathized Emma's breasts and drew Daphne's tender gaze towards her.

Emma smiled, noticing the lingering gazes the younger girl continued to give her. She tried to keep herself rather calm.
"Here you are," Emma said. "A toast to greater times ahead, and greater associations."

Daphne took the wine to her lips and indulged herself in it. She would have been lying if she thought it was nothing other than wonderful. She could see Emma's gaze lock onto her and Daphne responded with a light little shudder, before shaking her head to clear it.

"Yes, I can drink to that," Daphne said, biting down on her lip to leave an imprint in them. "The Hellfire Club has been stepping up its game as of late."

"Well, when our new leader took control, we've had underwent a few renovations of the club," Emma said. She leaned closer towards Daphne, their lips coming a few inches apart, before she pulled back as a tease. "Some of the old guard did not want to let go of their positions of power. He convinced them though, it would be best to move aside, or they would be moved aside."

Daphne crossed her legs with a thoughtful expression on her face.

"Some people are stubborn to a fault," Daphne said. "The people who need to be out of power are often the last to get out of power, wouldn't you agree?"

"Yes, darling, I'll concede this point," Emma said. She tipped the glass of wine closer to her lips and smiled. "But, true power can be difficult to let go of."

Emma's hand rested on Daphne's warm thigh and gave it a subtle little squeeze. The fingers of the White Queen inched up Daphne's leg, feeling the silken material of her panties.

"There can only be one king in this club, and I think you'll find him more than able to fulfill all of your needs," Emma said. "All of your desires."

Daphne knew what she desired. The former Slytherin tried to maintain some degree of dignity and not lift her hips to meet Emma's intruding fingers. It was extremely hard. Emma did not slip inside her. Rather, she danced her finger tips on the entrance of the Slytherin, almost slipping in, but not quite.

'Bloody hell, this is torment,' Daphne thought.

Emma smiled. She was primed and wet. Given the choices she had back home, Emma could hardly blame her for not seeking out some companionship. She kept dancing her fingers across the edge of Daphne's panties.

"In the Hellfire Club, your carnal desires can be fulfilled," Emma said. "And every single woman in this club, they've lined up to meet their king."

Emma's gaze flickered in the direction of the door. She trailed her tongue over her lips when the door swung open to reveal a tall, dark and handsome young man. His messy black hair, enchanting green eyes, and sculpted physique haunted the wet dreams of all women.

Daphne's mouth opened up and she came face to face with the young god. Harry Potter approached her, in the flesh. It had been five years since she saw Harry, he disappeared after the death of Lord Voldemort. The Ministry scrambled to find him for up to a year later, but something backed them off and new problems had been brought to them.

"Hello, Daphne, it's good to see you again," Harry said.

"So, this is what you've been up to since you've left?" Daphne asked.
"I've defeated your Dark Lord, it's up to you whether or not you sink or swim from there," Harry said. "But, judging by what I've heard, a lot of you have sunk."

Daphne responded with a sigh. Damn if this wasn't true. They had sunk, big time. Really big time, to be perfectly honest, but that was beside the point.

"You're a survivor," Harry said. "You and your sister, and a few others….you'll always be able to adapt to change."

Harry motioned for Daphne to walk over towards him. Daphne stepped towards Harry, her legs had been compelled by the amazing and mysterious force of Harry Potter.

He wrapped an arm around Daphne and pulled her in close to him. Daphne's warm body pressed against Harry's and one hand wrapped around her rear, giving it a nice squeeze. She gasped at the touch.

"You never had a man, at least one like me," Harry said.

"No, I've just had a bunch of little boys trying to chase after me," Daphne said. "I put them in their place."

Harry smiled, he figured about as much. A woman such as Daphne Greengrass deserved, demanded, the very best, and Harry was going to give her better than the best. He leaned closer towards her and pressed his lips down onto hers with a passionate kiss.

The kiss set Daphne's loins ablaze with passion. She returned the kiss, working her fingers down the back of Harry's arm. She pushed Harry into her, grinding her hips against his.

The next thing Daphne knew, Harry guided her through a set of doors, through a rather lavish bedroom. The skilled young man did not break the kiss, even more one second. He backed Daphne back and dropped her onto the bed.

Emma joined them a second later. Harry spread Daphne's legs for a moment and turned his thumb on the growing wet spot on her panties.

"You want me badly, don't you?" Harry asked. "Are you going to show how badly you want me?"

Daphne reached forward and started to unbuckle Harry's pants. She pulled them down below his ankles and then pulled his pants all the way down to reveal his cock for her consumption. Daphne's lips moistened at the thought of having this large piece of meat lodged down your throat.

"Are you going to stare, or are you going to touch?" Harry asked.

Daphne shook her head and started to stroke Harry's cock. It amazed her how much he grew and swelled up at her touch. The former Slytherin leaned forward and planted a kiss on Harry's swollen head. It twitched and touched her lips.

Harry enjoyed the sensation of Daphne's wet and talented tongue swirling around his cock. She licked him from the head all the way to the base. The moment Daphne finished up tasting every single inch of Harry's throbbing cock, she moved herself into position. Her hot lips wrapped around Harry's swollen head and she drove all the way down onto him.

Daphne choked for a moment, ramming his throbbing cock down her throat. She felt a pair of firm and soft hands easy on the back of her head.
"Ease yourself into it, darling," Emma said. "It's not a sprint, it's a marathon, and you're going to be in it for the long haul."

Daphne regained her composure and started to bob herself up and down on Harry's cock. His cock speared into the back of her throat. She sucked on him and hard.

"You're so beautiful with my cock in my mouth," Harry said.

"Yes, she's a vision," Emma said.

Emma moved down to fondle Harry's balls. She licked his balls, worshipping her king's bloated testicles like a good queen. She ran her finger down the vein, tickling Harry's balls with everything she had.

Harry looked down at the two beautiful blonde vixens, suckling and pleasuring every inch of his cock. They were delightful. He could tell Emma was feeding Daphne not so subtle suggestions, although Daphne was picking up on things rather fast.

Daphne smacked her lips around Harry's cock. He tasted so good, so good she could not help herself to be honest.

A new sensation visited Daphne. Her hot thighs parted and something throbbing and hard poked between her thighs. Her thighs spread out for intrusion.

"Just making sure you're nice and open for the second part of your initiation," Emma said.

She shoved the huge dildo into Daphne's pussy and pumped her hard. She smiled at the effort it took to work this throbbing cock inside Daphne.

"Just think, what you're sucking is going to be much more pleasurable than what I put into you," Emma said. Her free hand fondled Daphne's round breast.

Daphne's juices trickled nice and freely at the thought of having Harry's manhood shoved into her cunt. The Greengrass heiress bobbed up and down on Harry's prick, taking the huge hunk of manhood into her throat.

Harry held onto Daphne's face.

"You've dreamed about me shoving my fucking cock down your throat for some long," Harry said. "You might have been cold at school, but you're just another whore who wanted nothing but my cock being shoved into every single hole."

Harry pounded Daphne's tight throat and she moaned with delight. The few little tastes of cum came out and Daphne re-doubled her efforts, going all the way down on Harry like it was her job, her calling in life to suck his cock dry.

Emma smiled and gave her lover's balls a squeeze. She enjoyed feeling how heavy they were with cum and this cum would pour down the throat of your newest recruit.

"I'm about ready to cum."

Emma squeezing his balls helped accelerate the process. Daphne working his cock with her throat and tongue made it even more intense.

The hot burst of cum shot down Daphne's throat. She took all of the cream into her mouth and
down her throat. Harry held onto her face and pumped his huge load into her throat.

Harry felt Daphne's warm throat to be a perfect vessel for his release. He rocked her face, his heavy balls draining into her mouth. The moans hitting his cock from the back of throat caused more cum to fire down her throat.

Emma smiled, working the dildo into Daphne's pussy at a quicker pace yet. She stretched the womanhood of the woman.

Daphne pulled back, and no sooner did she have a chance to catch her breath, Emma's lips found hers with another passionate kiss.

The White Queen shoved her tongue down the throat of the younger girl. Daphne responded with the kiss eagerly and through Emma's encouragement, her hands started to explore. Daphne and Emma grinded their hot bodies together with a sizzling series of kisses.

Daphne almost forgot about the dildo Emma shoved deep inside her cunt. Emma would not allow her to forget such an intrusion, working it deep inside her. Daphne's thighs clenched at the intrusion.

'Now, you can cum,' Emma thought.

Emma reached behind her and stroked Harry's cock lovingly, not wanting her king to feel neglected. She put most of her attention on putting their new recruit's hot body in a state of constant and never ending orgasm.

Daphne almost collapsed down onto the ground. Emma positioned her towards the bed, her legs spread and willing.

The dildo extracted from Daphne and Emma looked at the amount of juices which had been collected from it. She started to lick the juices off of them, before taking the dildo and shoving it deep into her throat, sucking it clean.

Harry gave Emma one of those looks as if to say 'I'll get to you later'. He turned his attention to Daphne and pounced on top of her.

"Harry!" Daphne moaned.

Her blouse pulled open to reveal her large breasts incased in a lacy green bra. Harry made quick work of his bra to inspect her breasts.

"Well, you're certainly up to Hellfire Club standards," Harry said. He gave her breasts a nice squeeze, which caused Daphne to gasp in response.

Harry smiled and played with her breasts, while teasing her body with his cock. Every single moan coming from Daphne proved to be music to his ears. He could smell her pussy and smell how much she wanted him. The arousal caused spots to appear on the bedsheet.

"Tell me what you want, my dear," Harry said. "Use your words."

"I want you to fuck me," Daphne said. "I want you to drive your big cock into my tight pussy, and I want you to fuck me until I can barely breath. And then I want you to keep fucking me. I want you to fuck me so hard I cum all over your big cock.

Harry squeezed Daphne's breasts and played with her nipples. The moans coming from the back of
the girl's throat rewarded Harry. He shifted halfway down and positioned his throbbing prick closer towards Daphne's waiting entrance.

"Please, Harry," Daphne begged him. "I need you inside me. I need you fucking me. I need you more than I've needed anything else in my life."

Her loins burned with passion. Harry leaned down and kissed down her stomach. She gave a shiver when Harry kissed her navel and went between her legs to attack her womanhood with his tongue.

Harry's tongue vibrated inside Daphne, causing her to give a fit. The gift of Parseltongue had been well and alive, despite mistaken rumors it disappeared after Harry defeated Voldemort. And to that extent, Daphne had been satisfied.

Emma stripped off all of her clothes, positioned herself in the chair, and mentally locked herself into Daphne's nervous system. Her legs spread and the dildo pushed against her dripping lips.

Harry ate Daphne through several spectacular orgasms. Her entire body twitched and her pussy flooded with juices.

"Please, Harry, I can't stand it any more."

Daphne looked up. Her thighs spread out even more to accommodate Harry when he put his big prick at the edge of her entrance. Daphne breathed in, feeling the slow and subtle moments of penetration when Harry inserted himself inside her.

"Yes!" Daphne yelled.

"Damn, you're really tight baby," Harry said.

"Told you," Emma said, feeling Harry's cock sliding into Daphne. It did not beat the real thing, but it would do in a horny pinch.

Harry rested his hips on top of Daphne's, holding his cock inside her, savoring the moment. Then he pulled almost all the way out of her and plunged back into her. Their loins met together in a fiery dance of passion.

Daphne thought she had died and gone to heaven. Actually, if this was heaven, she was glad she lived a life good enough to get her to this point. Harry's fingers danced on her flesh, and brought her to several miniature orgasms which preluded the big one.

"Now, you belong to me," Harry said, smiling. "Your pussy, your tits, your ass, they all are property of your Black King."

"Yes, sir, they are," Daphne said.

Harry ran his fingers down her stocking clad legs and caused Daphne to respond to a shiver. He had her underneath his thumb, or to be more accurate.

"Yes, love, harder, fuck her young cunt hunger," Emma said. She stroked her clit while pounding her own pussy with the dildo, matching Harry's motions. "Treat her like your whore!"

"You mean treat her like you."

Harry leaned down and grabbed Daphne by the hair, pulling on it. The pureblood heiress enjoyed being treated like this, as long as hard and pleasurable fucking was to follow. And Harry gave her
what she wanted.

Daphne's hips pushed up, squeezing Harry's manhood. The pleasure coursing through her loins lubricated Harry's tool and brought it into her. She could feel his manhood when he pushed all the way inside her.

"Time for you to cum," Harry said.

Daphne had no choice in the matter. Her body submitted to the will of her new master. The wet pussy clamped all the way down onto his probing prick.

Harry speared deep into Daphne. Her wet and tight pussy hugged his pulsing manhood the further Harry buried himself into her. He held onto Daphne's hips, working him into it.

Emma's pussy clenched in tune with Daphne's. She imagined the large dildo in her hand as Harry's cock which kept piercing and spreading her walls out with each thrust into her.

The moment her orgasm came down, Daphne breathed. Harry was not done though, far from it. He pounded into Daphne's pussy and led her to another orgasm.

Harry prepared to bring pleasure beyond anything Daphne ever imagined into her. His cock buried its way into her walls, feeling them pump around her. The never ending stream of orgasms increased by the fact Harry continued to bury his thick rod into the center of the delicious looking woman who laid beneath him.

"Mmm, yes!" Daphne moaned.

"You want my cock," Harry said. "You can't help and keep cumming all over my gigantic cock. You can't help, and keep from exploding all over it. You can't help yourself. You want it, you want it deep and hard inside you, don't you?"

"Mmm hmm!" Daphne moaned, clamping her hand down onto Harry's shoulder. She received one of the biggest orgasms ever.

Harry's balls swelled with their seed and started to tighten. He spent the next couple of minutes indulging himself in Daphne's sweet and dripping pussy. His hips pushed down, rocking inside Daphne's body. Her hot hips pushed up to meet Harry with each push inside her.

"You're going to explode," Harry said. "You can't stop yourself. You can't help yourself."

Daphne's wet walls kept clamping down on Harry's rod. She milked him, wanting nothing more than Harry's seed blasted inside her. Harry sped up, reaching the end. He rode out Daphne, orgasm after orgasm.

Harry grunted when he gave a couple more powerful pushes into Daphne. His bloated balls found their way down upon Daphne's thighs. They slapped against her hard, beginning to fill up with their cream.

He pushed into Daphne with a couple more pushes inside her. Harry rode her pussy all the way to the edge of an orgasm, and then his balls contracted before firing into her.

Daphne held onto Harry all the way, moaning in his ear. His balls contracted and started to fire a potent amount of seed. Daphne felt a warm rush fill her body, when this powerful young man expanded and shot his heavy load into her. She hung onto Harry's shoulder, scratching him up, and moaning deep into his ear.
Harry stuffed Daphne completely full of his seed. His balls drained into Daphne's wet and willing womanhood. Her pussy finally released him.

"Excellent, fucking excellent, filling her pussy up."

Harry turned his attention to Emma Frost, the lovely White Queen having spread her thighs on the chair. Her pussy dripped with juices and she smiled, beckoning towards Harry in an inviting way.

"Harry, it's time for you to fill me up," Emma said. She started to rub her pussy lips for him.

Harry tilted back the chair with Emma on it, spreading her legs. Her wet pussy looked about ready to suck in his throbbing cock. Harry positioned himself and pushed into her.

Emma held onto Harry, breathing heavily. Harry's thick cock pierced her tight, pussy.

"I bet you're getting off on me fucking you like a common whore," Harry said. "How did you like how I broke in the new recruit?"

"Very good, love," Emma said. Her pussy clenched Harry's throbbing hard cock pushing into her. "But, I can assure you it doesn't pale to the feeling of a real, life, cock pounding my pussy."

Emma loved cock so much, Harry's cock anyway. He pushed into her, spreading her walls apart. Harry really stretched her out. Her hot pussy tightened around him.

Harry stopped her orgasm from happening. He smiled and ran his fingers up Emma's sultry body. Her eyes glazed over and a pouty moan followed. Harry smiled and kissed her on her lips, forcefully pressing his onto hers, showing her who ruled this dance.

"You're cum, when I'm ready to have you cum," Harry said. "Tell me what you are."

"I'm your little cock sleeve," Emma said, trying to tighten her pussy walls around Harry's cock. "My cunt is built for your enjoyment, and built to be fucked hard."

Daphne's pussy started to buzz. Her hand lifted up and she summoned up the strength to rub her pussy lips back and forth. The circular motions caused a blissful feeling to explode through her loins, which continued to escalate with each stroke and each swipe.

"Yes, you are," Harry said. "You like when I slap my balls against you. You like how they fill up against your thigh."

Harry rode Emma into the chair and leaned forward. He devoured her ample chest. Emma reached down, placing her hands on the back of Harry's head and encouraged him to continue the fucking of her pussy.

"Yes, fuck your little rich slut!" Emma yelled. "Fuck her harder…..pound my pussy! Show me what a big strong man you are and make me cum all over it over, and over again. Until you shoot a big nice load in my whore pussy, while you play with my big slutty tits!"

Harry pushed deeper inside of the White Queen. His hands caressed Emma's sinful body and he thrust deeper into her. His balls kept slapping against Emma when he rode her, pushing himself almost all the way into her and sliding out of her. He slammed back into her.

"Harry, fuck me like a two dollar whore!" Emma shrieked in his ear.

Daphne diddled herself. It was almost like her pussy felt how hard Emma's was being founded. It
turned her on. It was like she was a voyeur with a very interactive and sexy experience. Her pussy stretched out by some kind of invisible force.

Emma bucked her hips like a wild woman and pushed them around Harry's intruding tool. She sensed even Harry reached his limit.

Harry battered Emma's pussy with a series of rapid fire thrusts. He ran his hands all over the White Queen's sexy body. He kept working her, pounding her pussy harder.

Emma enjoyed Harry banging her almost into a drooling mess. She wanted something from him, something nice and sticky to be poured into her pussy. She hung onto Harry's arm and moaned with a sensual whisper.

"Harry, it's time."

Harry smiled, and squeezed Emma's breasts. He would be the one to tell her it's time and not just a second before.

"Oh, ladies…"

"I'm not a lady, I'm a slut, your slut," Emma said, massaging Harry's bicep with a sexual smile. Her hips grinded against him to encourage Harry to push on through. "But, I'd happily lead the way."

Emma's legs tightened around Harry's hips and held him in close to her. Her cunt muscles squeezed the intruding manhood.

Emma's orgasm opened the door for Harry to push his hard and throbbing cock inside her, emptying his balls in her sweet and savory snatch. Harry came hard and fast inside Emma, her eager cunt milking up every drop he had.

Daphne collapsed in a moan. She drooled from two different months.

Harry pulled out of Emma, leaving her slumping back on the chair. He turned back to Daphne on the bed, legs spread, cross eyed, and drooling. Her pussy dripped like a broken faucet.

"Emma, did you forget to disconnect yourself from Miss Greengrass?"

Emma managed to pull herself away from the sexually bliss she felt to look at Daphne and the state, the dripping, drooling state, she found herself in. In her haste to get fucked, Emma neglected to do something.

"Whoops," Emma said, in a sheepish voice. "Don't worry, she's still breathing."

Harry shook his head and sighed.

'Good thing I know how to revive someone.'

Harry's hard cock gave Daphne's nervous system the jolt it needed for her to return to the land of the consciousness.

End.
Aspen Matthews looked at the view of the ocean from the beach house she shared with her lover and smiled. The dark haired female was a pinnacle of beauty with her tanned and healthy skin. Her white tank top spread over a pair of perfectly formed breasts which caught the eyes. It stopped a few inches from her waistline to show off her well-toned abs, and then she wore a pair of short shorts which barely qualified as such. They did a wonderful job of showing off her ass and legs. She moved around the area, in bare feet which could be felt underneath the sand.

The world had been as beautiful as she wanted it to, but Aspen had one of the wonders of the world coming towards her. The tall, dark, and handsome young man, known as Harry Potter, with his dark hair sticking up in a messy manner and his bright green eyes shining. He walked around without a shirt, wearing nothing, but a pair of swimming trunks. Aspen smiled when she looked over his physique, tall, toned, and tanned. Not an ounce of fat on this young man's body, he kept up with plenty of cardio.

"Good morning, love," Harry said. "Are you enjoying the view."

"Especially now," Aspen said.

Aspen walked towards Harry, with a smile and wrapped her arms around him. Her large breasts pressed against Harry's muscular chest and she leaned in for a kiss. Harry returned the kiss. The two young lovers spent a fair bit of time.

"So, I'm going to be leaving in a couple of hours for a long trip," Aspen said, her fingers trailing down Harry's abs and she smiled. "But, I don't think it would be right, if I didn't have a chance to say goodbye."

"I agree," Harry said, wrapping his arms around her and pulling Aspen's hips into his. "It would be very bad form if you left without saying goodbye."

She smiled when Harry's lips pressed up against hers with another kiss. Her hands explored his body without shame and he returned the favor on her. Every time Harry's hands brushed against her hips, legs, back, and every thing else, Aspen twitched forward.

"Nothing relaxes me more than getting nice and wet," Aspen said, giving him a few playful kisses behind his ear. Wouldn't you agree?"

She extended her hand forward and caused water to appear in the air. Aspen splashed her white shirt. It had a transparent appeal, showing the outlines of her breasts.

"Maybe I should have taken this shirt off before I got it all wet," Aspen said, with a mocking little pout. "Maybe, you could help me get out of it."

"It would be an honor."

Harry pealed her wet shirt off of her, revealing her large, tanned, breasts. They were a pinnacle of womanhood. The nipples stuck out firm and erect, begging to be suck. One of them looked
particularly inviting.

A large tent formed into Harry's pants at his lover's untamed, perfect breasts, having been revealed. Aspen ran her fingers down her body and stopped short of her shorts.

"Not wearing any panties," Aspen said. "You know how they always get ruined anyway."

Harry smiled in response and Aspen locked her eyes on the massive bulge in Harry's pants.

"You must be so uncomfortable," Aspen said. "Why don't I make it better?"

She peeled down Harry's pants and his throbbing manhood stuck out for her. He looked all swollen and angry. Aspen decided to soothe the savage beast.

"Aspen," Harry groaned.

Aspen took Harry's manhood into her wet and hot mouth and started to give him a magnificent blowjob. It was her regret she did not have a chance to wake him up like this morning. She actually intended to go back in and do so, but Harry had woken up before she had a chance to return to the house.

Harry looped his fingers against Aspen's locks. Her beautiful face looked particularly erotic when she speared Harry's massive tool down her throat. The woman's hand cupped and clenched Harry's balls, playing with them all the way.

Aspen's wet lips started to smack and slurp all over Harry's tool. She hungered for him in all of the worst ways and the blowjob grew even more intense the further Aspen went down onto Harry. She brought his cock into the depths of his mouth.

Several long minutes later, Aspen dove in further, wanting her prize.

"I'm going to cum," Harry groaned.

Aspen re-doubled the efforts of her blowjob, going all the way down onto Harry. She sucked and slurped his hard manhood, rubbling his balls.

Harry tensed up and fired his load down the throat of the beautiful woman on her knees before him. And she sucked down all of his cum, hungrily slurping it up.

The moment Harry finished draining his balls into Aspen's mouth, she pulled herself up, grinding on Harry all the way up she did. She pulled her shorts down, revealing her wet pussy to Harry.

"Look at what you did," Aspen said, looking a hand on Harry's ass and giving him a firm squeeze. "Look at how wet you made my pussy."

Aspen spread apart her pussy lips, showing them to Harry. She leaned in closer towards to him and rubbed her pussy lips against him.

"Good, you're nice and hard for me."

Harry reached on to her and gave her breasts a firm squeeze. The woman's moans grew more intense when Harry kept squeezing her breasts.

"Yes, time for us to play!" Aspen cried. "I love playing before I go to work."

The marine biologist's hips rose up to meet Harry's throbbing manhood. He pushed his hips
towards her, touching her hips.

Aspen manipulated the water vapor in the air to give Harry something to lean her back. His cock tapped at her entrance and Aspen's breathing increased.

"Do it, baby," Aspen said. "Fuck me so hard….I want you to get me wetter than the entire ocean."

Harry smiled, brushing the tip of his swollen head against Aspen's womanly lips. Her hips rose up to try and coax his throbbing manhood inside her.

"You don't want much, do you?" Harry asked.

Aspen turned to putty underneath his touch. Harry's hands rested firmly on her hips, teasing her and tormenting the beautiful young woman. Her hips tried to raise up, but Harry was not ready to take the plunge.

He plastered kisses all over her body. Aspen's body started to thrash and moan in pleasure. Harry's cock was almost in her, but not quite.

"No, I don't want much," Aspen said. "Well, I guess you're a lot, a whole lot."

The thought of Harry's throbbing cock pushing into her had pushed all of Aspen's buttons and got her motor running like one wouldn't believe. Harry edged closer towards her, and almost took the plunge into her body.

"Right here, baby," Aspen said, spreading her legs. "I want you to fuck me and fuck me hard. Fuck my brains out."

Harry's manhood pushed further inside Aspen. Her wet walls spread in response and allowed Harry to slip inside her. Her pussy practically saturated his cock and allowed Harry to slide into the depths of her core with no problem.

The powerful sorcerer manipulated the young woman. To the naked eye, Harry fucked her on air, and it would be an enticing enough thought, so much so, Harry did not spend too much time picking nits about the science of the matter.

"Harder, harder, right here, harder!" Aspen moaned in his ear. She grabbed onto the side of Harry's neck to encourage him to take the plunge inside. Her wet walls tightened around Harry, dragging his thick cock into her depths.

Harry continued to ride her, hard and fast, making sure she became wetter than anything ever. Aspen's walls clenched around Harry, milking his throbbing thrusts into her depths. Harry pounded her pussy with everything he had.

"Damn it, you're so tight, and so hot," Harry said. "And your breasts are so beautiful, I'm going to have to keep playing with them."

Harry's strong hands palmed Aspen's breasts, which caused her to moan in delight. Her wet walls clamped down onto him, milking his throbbing cock all the way inside her. Harry rose almost all the way up and pushed further down into her.

"Yes, harder, fuck me harder!" Aspen said. "Play with my tits, bite them, lover, do whatever you want to with them."

Things were getting rather well. Harry aimed his cock and pushed into Aspen. Several long and
deep thrusts brought her to more passionate moans and thrusts. Harry pushed into her pussy, hammering it with every single movement he could manage.

Aspen wrapped her arms and legs around Harry, ensuring his cock never strayed any further from her dripping center. Harry hammered her pussy even harder.

The first big orgasm of this session hit Aspen. Her hips rose almost all the way up. Harry plunged his throbbing manhood into her, riding out the orgasm all the way.

"More, I'm not done yet," Aspen said. "Oooh, yeah, baby....."

Harry reached behind her and grabbed one of Aspen's juicy ass cheeks and gave it a squeeze. He paid special attention about how his lover enjoyed having her ass toyed with. Harry rose almost the way out of her and thrust deep into her.

Aspen encouraged her lover's behavior even more because it made her feel so good. Harry plunged into her. Every plunge was eagerly accepted by Aspen. Her powers kept her canal nice and moistened for the thick rod to keep spearing inside her.

"You're cumming harder," Harry said. "I notice every time I flick your nipple, you ooze."

Case in point, Harry's tongue brushed against Aspen's nipple. Not even a scant second later, her hips jerked up to meet Harry's intrusion in response. Harry pushed back against her, riding her harder into the air.

"I'm making you feel so good..."

Harry nibbled on her breasts, causing Aspen to gasp in pleasure. He made her feel so good, so good, really good, better than she could feel. His cock hit places inside of her which brought more pleasure. It kept her guessing in the different ways.

"Really good!" Aspen moaned. Her hands rested on Harry's back and encouraged him to pump inside her. "Please, cum for me, I need your seed inside my body."

"Soon," Harry grunted.

Harry rode out another one of Aspen's orgasms. His cock soaked wet with pussy juices, perfect for the main event as far as he concerned. His hard thrusts continued to drill his cock hungry lover on the beach.

The tidal waves slapped against the rocks angrily, when Aspen lost all control of her senses. The only thing mattering to her was Harry's thick and throbbing cock piercing herself. Her love box had been penetrated and she could feel his balls filling up.

"One more time," Harry said. "Then you'll get what's cumming to you."

Aspen tightened her grip on Harry, both with arms and legs. Harry's muscular body pushed up against her sensual, and womanly curves. He gripped onto her hips and pounded her. Aspen tightened around him, more spurred on than ever by the promising of a load of cum buried deep inside her womanly depths.

"Mmm, yes, fuck yes!" Aspen moaned in Harry's ear.

Harry continued to drive himself deep into Aspen's center. He rode out her orgasm and his balls started to twitch for one more of his own.
"Harder, baby, give me your seed," Aspen purred. "Put your cum inside my pussy, fill me up….give me your nice, heavy, load."

"I'm going to give you more than your fair share," Harry growled.

The sexual energy coming off of him made Aspen wet. He gripped her hips and rode her with a series of rapid fire thrusts until the end approached.

The first volley of cum splashing into Aspen caused her walls to clench down onto Harry. Her walls pumped the cum out of him and into her body.

The life bringing fluids splashed into Aspen's body. She moaned when her body started to get filled up with Harry's hot and sticky seed.

Harry enjoyed the way her walls clenched and released him. A seemingly endless supply of cum filled Aspen up all the way and caused her to arch herself back with moans. The cum splattered into her with Harry nearly draining his balls inside her body.

Aspen gasped at the sweet sensation of her partner's release inside her. Harry's balls emptied into her body.

"Don't worry, we're not done yet," Harry said, with a smile and he kissed the back of her ear. "I hope you're ready for the main event."

Aspen's pussy dripped with hot fluids, realizing what was going to come next. He pulled her closer towards her.

"Do it," Aspen said. She could feel Harry's fingers teasing her already wet pussy. She rose up her hips with a few pushes. "I want you inside my ass."

Her cheeks spread apart to allow the tip of Harry's throbbing cock against the edge of her back entrance. Harry's hands rolled all over her body and spread her cheeks further. His cock pushed through her and slammed into her.

Harry groaned when Aspen's tight anus wrapped around Harry's throbbing manhood. He rolled his hips back into her and drove inside, into the depths of her ass.

The tightness of her ass clenched and released Harry. He worked himself inside her, burying his hard cock into her tight ass. Harry rolled the point of his fingers over her body.

"You feel so good," Harry said. "I like how your ass feels around me."

"I like you fucking me in my ass!" Aspen said.

Harry explored her anal passage all the way with his balls loading up. He managed to make her cum in pleasure. His fingers started to stroke her slit and felt her orgasm's to splash from her loins, lubricating Harry's probing fingers.

"I'm cumming!" Aspen yelled.

Harry drilled her tight ass hard while pumping her pussy in tune with the thrusting. The combination of both of holes being drilled made the loins trickle with cum. Harry started to roll his hands all the way down her trim stomach as well, coating it with her cum.

Aspen panted when Harry's thick tool rammed into her body. Harry pushed deeper into Aspen's
body, with her anal muscles working Harry's cock all the way into her.

Their hips molded together with Harry ramming into her ass. He could feel Aspen's tight ass clamp up and down around him. Hands caressed every inch of her hot and sultry body. His hands cupped her breasts and gave them a squeeze.

"Look you're soaked," Harry said. "And soon it's going to be my turn."

Harry pushed his fingers into the water bending woman's pussy. She channeled a lot of moisture through her loins and kept pushing further into Harry's fingers. The fingers had been saturated for her dripping juices.

Aspen enjoyed his fingers inside her. Her pussy clenched his fingers when they kept probing all the way into her.

The balls slapped against Aspen's ass and kept loading up with pleasure. He rode her ass harder and harder.

"Here it comes."

Aspen's wet walls clenched his finger and pumped it inside her. Her back entrance had been pushed forward with his throbbing hard cock. Harry kept riding into her with deeper thrusts yet before.

His balls swelled and released a flood of cum into ass one spurt at a time.

Aspen's ass milked Harry's cum into her. Her pussy oozed with delight when Harry plowed deeper inside her. The contents from his swollen testicles emptied out on her.

The two of them descended down onto the beach. Aspen's breasts pressed against Harry's chest when she straddled the top of him. He reached around and cupped the woman's ass. The two of them enjoyed their moment with each other.

Water rose out of the air and Aspen cleaned herself off. Now she straddled Harry, large breasts dripping with water. The cool water sensually rolled down her body.

"Guess I'm going to be late."

End.
Susan Bones returned from a rigorous set of exams to get her certification in magical law. The only exams which were more strict happened to be the exams where people sat to be a healer and then the exams where people sat to become an Auror. Still they were up there and Susan could not help, but be pleased at the performance. She blanked only once, which was far less than she did on her average Hogwarts examinations.

She could not wait and tell her aunt the good news. Susan dropped her cloak on the chair.

"Aunt Amelia, I'm home!" Susan yelled. No answer just yet, but perhaps Amelia was upstairs in her study and one of her offices.

The busty former Hufflepuff smiled. She knew how Aunt Amelia could get into her work and did not want to be distracted at any time. Susan bounded up the stairs and certainly enough, the study door had been half ajar.

Susan stepped to and opened the door. Out of all of the things she expected to see, the very thing she came across floored her. The only reason Susan didn't scream was because of the fact the breath had been knocked out of her body.

Amelia Bones kneeled on the ground in front of a young man. The large cock of this young man pushed out of her aunt's mature mouth and Amelia made a series of loud sucking sounds.

Susan watched when her aunt went down on the biggest, thickest, phallus the eighteen year old witch had ever seen in her life. She viewed her aunt's juicy lips go up and down and give this young man a full service job.

The surprises continued when Susan saw who the large cock was attached to. She saw from her vantage point Harry Potter.

Her aunt dropped to her knees in front of the most powerful young wizard in their country to service him. Her aunt, the Minister of Magic, sucked Harry Potter's big throbbing cock.

Her aunt dropped to her knees in front of the most powerful young wizard in their country to service him. Her aunt, the Minister of Magic, sucked Harry Potter's big throbbing cock.

Susan's knees wobbled together. By some coincidence, a chair appeared underneath her. Susan Bones flopped into the chair, light headed and driven beyond breathless.

"Good, girl, Amy, show me who your master is," Harry said.

Amelia's juicy lips sucked the throbbing phallus of the young man. Harry's fingers entangled through her red hair.

Harry grunted when Amelia continued to suck him off. The talent witch's hands groped and caressed Harry's balls and tried to coax the load out of it.

Amelia weighed Harry's balls in her hand and appreciated the huge load which would to come. The witch's knickers soaked.
"To think what the press would say if they saw you acting like a common whore, sucking off a man young enough to be your son," Harry said. "But, you look so fucking good sucking me off."

Amelia smiled. She gave the most powerful wizard in Europe a full service blowjob he would never forget. Her tongue swirled around the head and the shaft. She cradled Harry's balls and played with them. She tasted the first hints of sweet and savory sweet on her tongue and wanted more.

Harry groaned when feeling the warmth and tightness of Amelia's mouth. She cradled his balls in her hands.

A grunt followed and the contents of Harry's balls splashed down her throat. Amelia sucked his seed all the way down when several thick and potent spurts fired its way down her throat. She fed off of his semen, sucking his balls completely and one hundred percent dry.

The moment Amelia finished, Harry pulled her up. She had been pushed back against the desk and Harry pulled up her skirt all of the way.

"You're soaked."

Harry played with her pussy through her panties. Amelia breathed when the skilled enchanter's strong hands caressed her thighs and lips. Her hips rose up and down to meet his caresses.

The redhead vixen's melons spilled out of her top. Harry caressed them. They were perky and supple as they were when she was at Hogwarts. The only change were they were bigger.

"Play with them," Amelia said. "Squeeze them! Fucking twist my nipples."

"Of course, Minister," Harry said with a smile.

Susan could not believe her aunt. Her knickers soaked completely through. She reached in to pull her knickers away from her dripping pussy. The eighteen year old witch pushed her fingers into her dripping gash and stroked her insides to the moans from her aunt.

Harry played with the generous melons of this goddess. He squeezed them and she gasped.

"Inside me," Amelia said.

"You want my hard, young cock in your dripping mature pussy."

Harry's hands teased every inch of the mature body of the Ministry of Magic. He kept winding her up with these moves. His hands and mere touch resulted in her pussy creaming itself.

One throbbing hard cock positioned against Amelia's tight entrance. Harry pushed his head inside and entered her. Several inches of hard cock filled the Minister.

Harry groaned and enjoyed how the older woman's delightful pussy locked onto his massive cock. He rose almost all the way up and then slammed back down. Their hips met in a dance of unmistakable passion. Harry pulled almost all the way out of Amelia and then sank back down into her one more time.

Amelia's loins had been set aflame by these swift and amazing thrusts. His body pressed against hers. His muscular chest touched her large breasts. His hands caressed Amelia's firm and tight stomach and caused jolts of pleasure through her body.
"More?" Harry asked.

Amelia almost came undone from Harry's tongue circling around her ear. She held onto him, wrapping her legs around him.

"Yes, more," Amelia said. "Harder, more!"

Harry gave her what she wanted with a switch and hard fucking into her pussy. He could feel Amelia's wet walls tighten and rub on him. Each tug brought Harry closer to the edge of his release.

"You'll get more, you'll get everything you've ever dreamed of," Harry said. "I'm going to pound your pussy until you scream you want me to cum inside you."

Amelia's hands rose up and dug her nails into Harry's back. She encouraged the young stud to continue to give her pussy a stiff pounding.

"Cum, cum hard for me."

The older witch obeyed her master's words. The young stud above her rose almost all the way up out of her and pushed back into her. Those throbbing and full balls filled up for her and soon the contents will be in her pussy.

Amelia's pussy tensed all over Harrys invading rod.

"You want to be pounded harder, don't you?" Harry asked. Amelia looked up at him with a smoldering gaze of lust and responded with a nod. Harry chuckled. "Who am I to deny the lady what she wants?"

Amelia screamed out in pure lust. Harry's muscular body pushed down onto her breasts when he pushed up and pounded into her. She accepted her god's tool inside her to give her pussy a real good going over. She heated up and another orgasm had been released.

Speaking of orgasms, Susan diddled herself for one. The fact her stern and strong aunt had been dominated got her hotter than anything else. She envisioned herself bent over the desk with Harry taking his thick cock inside her body. He would drive her to orgasm after orgasm like Amelia was.

Harry nibbled Amelia's generous breasts. Amelia clamped her hands down onto the back of Harry's head and arched herself. His cock filled her and emptied her with a series of rapid fire thrusts.

"Cum for me," Harry said. "Cum hard for me all over my cock. Because you can't help yourself from cumming, can you?"

Amelia's entire body filled with the rush of pleasure. Harry's cock touched her womb and her body heated up in excitement. His fingers brushed against her legs and sent shivers down her spine.

"Do you want me to cum inside you?" Harry asked.

"Yes!" she moaned in his ear while his face buried between her breasts. "Give me your cum, put your viral seed inside my nice fertile womb. Knock me up."

"What a scandal, the Minister knocked up by Harry Potter," Harry said. He sped up his thrusting inside her.

"I don't fucking care!" Amelia yelled. "Put all of your cum inside me. Knock me up with your child! I bet she'd be powerful!"
Harry had no doubt about it. His balls swelled and he reached the edge of himself. Amelia's pussy tensed around him and sensed the load which was to come. Harry sped up the process. Amelia's hot and sweaty body coaxed him further to the edge.

Amelia's entire body prepared itself for the load of fertile cum which was to cum. He pushed into her. His cock made her stomach bulge and soon her stomach would bulge for other reasons.

Harry's cock muscles tensed up and he fired a load of cum inside her body. He shot spurt after spurt of savory seed inside Amelia.

"You can feel yourself being knocked up, can't you?"

Susan's hips gave a jolt. She found herself jealous of her aunt for a moment. She pulled out one of her breasts from her unbuttoned top and rubbed it with her right hand. Her left hand circled around her clit and she moaned.

"Fuck me!" Susan yelled before she could help herself.

She gulped when something pulled her inside of the study. Harry pulled out of her aunt. Cum drained from Amelia's pussy and her belly looked pretty swollen from the cum.

"Since you asked so nicely," Harry said. "How are you doing, Sue, long time no see?"

Susan realized Harry stood before her naked and very erect. His throbbing prick pointed towards her and he walked towards her. His cock slipped underneath her skirt and touched her womanhood.

"I'm pretty good," Susan said.

Harry smiled and placed a hand on the small of Susan's back. His hand touching her bare flesh caused a jolt to go through her body and loins like pure fire.

"Are you now?" Harry asked. "I'm glad you're feeling good….are you really feeling good though?"

Susan whimpered when Harry's hand caressed her ass underneath her skirt. His cock touched her lips.

"When's the last time you've gotten laid?" Harry asked. He gave her ass another casual squeeze. "It must have been a long time."

"Too long," Susan said. She tried to rub her thighs together to block out the pleasure from her mind. The only problem was the pleasure hit her hard and fast.

"It has been a long time," Harry said. He pressed his lips onto hers with a sensual kiss.

Susan moaned into Harry's mouth. His fingers teased her body and she could feel a draft. The rest of her clothes faded from her body and ended up on a chair.

Harry smiled and looked at Susan. Her red hair came down onto her freckled face. Her D-Cup breasts stood up with erect nipples, nice a proud for Harry to suck. Her stomach was toned and her hips curved at a lovely manner. Red hair covered her crotch. Susan's legs were long and beautiful as well. People neglected to see just how lovely her legs were, with their attention being drawn north. And her ass wasn't half bad either.

"Sue?"

"Yes, Harry," Susan said.
"Go and lick your aunt's pussy for me."

Susan walked over without a sound thought. Amelia's legs already spread for her niece and Susan bent down. Her warm tongue started to swirl over Amelia's dripping hot cunt.

"Yes, darling, lick your auntie!" Amelia yelled. "Make me cum, and you'll be rewarded!"

Susan took her tongue into Amelia's pussy and tasted the combination of juices. She could not believe it. Did her future cousin get conceived today? Susan would find out in a matter of months no doubt. Now, she contented herself in licking her out.

"You've always been a good girl," Amelia said. "My pussy tastes good. You want to eat it out, don't you? Make your aunt cum like a good girl."

Susan was a very good girl and she would show Aunt Amelia how really good she could be. The juices started to trickle on Susan's face spraying it.

Harry turned Susan around and smiled when he saw her beautiful face soaked with Amelia's cum.

"Naughty girl," Harry said. He put an erect nipple between two fingers on his right hand. "You enjoyed that, didn't you?"

Susan's nipple twisted and she closed her eyes. The moan followed a second later. Harry smiled and motioned for Susan to bend over the desk.

"You wanted me to bend you over the desk and fuck you," Harry said. "This is what you want, isn't it?"

Susan wondered how he could have known. She nodded and spread her legs when bending over the desk. Her juicy ass jiggled and Harry smacked it hard. She moaned when Harry spanked her a couple more times in succession.

"Sorry," Harry said. "But, I couldn't resist."

Susan was certain Harry could not resist nor did she blame him for not trying to. She experienced the sensation of Harry's throbbing cock at the edge of her womanhood.

"Inside me!" Susan begged him. "Please, I need you inside me."

Harry teased the busty Hufflepuff for a few more seconds and made sure to position her face towards her aunt.

"Your aunt is going to see what a slut you are. How do you like that, Sue?"

Susan's pussy clenched up. She got off on this. Harry dominating her body, his hands touching every single inch of her body. He claimed her as his.

Harry plunged into Susan's dripping hot cunt. Her wet pussy clenched him and showed how much she wanted his cock. Harry gave her all she ever wanted.

Amelia shifted herself to watch her niece fucked over the desk by Harry. Her pussy burned with desire when Harry pushed himself into Susan in a loop of never ending fucking. Every now and then he slapped Susan on the ass.

Harry smiled. The tension around his cock in the form of Susan's dripping hot pussy made Harry anticipate what was going to come next. He could hardly wait to push himself over the edge. He
rocked into Susan with a long and hard thrust.

"Cum."

The word hit the pleasure centers of Susan's brain and her body reacted appropriately. Her wet walls clamped all the way down on the thick pole invading her.

Harry enjoyed the warm feeling. Susan's pussy squeezed him and the warm heaven loaded his balls up.

"Finger yourself," Harry said.

Amelia's fingers pushed inside her and she fingered her hot pussy. It was sore from the hard fucking. Damn it though, she was so horny she could not believe it.

"Watch your aunt, does that turn you on?" Harry asked. "Does it, pet?"

"Yes, it makes me so hot!"

Susan could not deny her aunt was a hot piece of ass, even at her age. Her pussy, her tits, her legs, her ass, all of those features made Susan drool. The fact Amelia diddled herself made Susan's pussy inflame and squeeze around Harry's cock.

"Good, you're hot, and you're ready," Harry said. "You're ready to join your aunt. Your body is mine, and don't you forget it?"

"Are you going to knock me up, Harry?" Susan asked.

"Mmm, wouldn't you like to know."

Susan felt conflicted. She wondered if she wanted it. On the other hand, her body betrayed her thoughts and logic. Her womb opened up and prepared to accept the thick load. Those balls carried a big load and the cock pounded her.

"Cum in me!" Susan yelled. "Knock me up then, if that's what you want to do."

"That's what you want as well," Harry said.

Harry's thick balls prepped for launch inside Susan's warm canal. He pushed himself to the edge and rocked inside her. Several hard and fast thrusts brought him closer to a pleasurable end.

"Almost there," Harry said. "After you."

Susan closed around him. Her orgasm hit hard and milked Harry's cock. Susan summoned all of her power to drain his thick balls inside her wet and willing cunt. She could feel him when he rode out the orgasm into her.

"So close," Harry said. "Get ready, because here it comes."

Harry cupped one large breast and squeezed it just as hard as ever before. His prick sank inside Susan and kept riding her all the way to the edge.

Susan's body heated up with another orgasmic burst of energy. Harry pushed into her and emptied his thick cock inside her. The contents of his balls spilled into Susan. He kept pushing into her and drained himself down to the very last drop.
Harry emptied his load inside of Susan. Her body filled up and she received a swollen belly full of seed.

He stepped back to review his hand work. Susan rested her head on Amelia's breasts. Harry looked at both of them, dripping with cum which had filled their stomachs.

"Oh, and I did well the exam."

"Good girl," Amelia said. Her hand rested on Susan's swollen belly and went down. "I think we should reward you a little bit more. Wouldn't you say so, love?"

"I agree."

Susan gasped when her aunt's fingers intruded her sore pussy and started to rub it. Amelia fingered Susan's pussy until she had been prepped for another ride from Harry.

The End.
Harry Potter reclined back in a chair. The French country side relaxed Harry a fair amount for numerous reasons. One of those reasons ended up being the sights and the sounds. The country air made Harry smile and relaxed him beyond all belief.

Speaking of sights, the lovely librarian made her way. Harry could tell she had a love for literature the moment she entered the library. She flashed a smile towards her. Her brown hair pinned back to show her beautiful place. She wore a nice button up blouse which shifted open to show the smallest, most tantalizing hints of cleavage. The pencil skirt shifted to show her stocking clad legs. She placed a pen in her mouth in an absent minded manner.

Harry caught her eye and she sauntered over, a hand on her hip with a smile crossing over her face.

"Hello," she said. "You're back here."

"I'm sure you're disappointed to see me here," she said.

"No, not at all, Lord Potter," she said. "You've left an impression of some of ladies in this city."

"I have," Harry said. "Is this your coffee break?"

"Yes," she said. "You don't mind, do you?"

Harry's lips curled in a smile.

"Not at all, Belle."

The young woman sat down on the desk right across from Harry. Her heel slipped off. She had been on her feet all day, so it was time for her to have a nice and relaxing moment. She reached over and took a long drink of her coffee.

"Glad to see you've come back," Belle said. "And I apologize for what happened the other day. You shouldn't have been harassed here. Security has doubled over, and it won't happen again."

"I'm glad," Harry said.

A foot brushed against Harry's inner thigh. He spent a moment looking at Belle who raised an eyebrow. The hint of a bemused smile spread over Belle's face.

"I would hate to see you scared off," Belle said. "And I wouldn't be the only one. There's a lot of girls in town who wouldn't mind you sticking around after your business is done."

"Are you among them?"

Belle shifted in her chair and the soft foot shifted up Harry's inner thigh. He spent a moment looking at the woman across the table.

"Yes, I am," Belle said. "Sorry, if I....."
"Don't worry, you aren't," Harry said. His hand rested on her ankle and smiled. "And I thought you were more of the subtle type."

Belle opened the clasp of Harry's pants and removed them. She looked over towards him with a mostly innocent look on her face. A bit of a mischievious grin flashed over her face. Belle's stocking clad soles.

"You're pretty naughty, aren't you?" Harry asked.

"You should keep your voice down in the library," Belle said. She teased him with another slow stroke of his hard cock with her foot.

Belle rubbed her foot up and down Harry's thick cock. She had spent all summer trying to sum up the courage to jump Harry. If he denied her this, then she would slump back into the back of the library, ashamed and defeated.

"Do you like this Harry?" Belle asked.

"You're very good, but it would be better if you use both of your feet."

Belle doubled up on the action, literally. She rubbed her soles up and down Harry's cock. She gave him an amazing footjob. The feeling of his throbbing cock against her soft feet made her feel good.

Harry grunted, placing his hand on her ankle to encourage her to rub him up and down. Her toes stroked the length of his cock for a few seconds before her soles pressed against either side of his foot.

"I've read books, where the innocent girl does something naughty," Belle said. "I always liked those books….it was exciting…"

"I'm sure it left you with some sticky sheets," Harry said.

"Oh, my sheets aren't going to be what's sticky this time," Belle said. Her tongue continued to roll over her lower lip and she grinned. Her feet kept up the intense rubbing of Harry's manhood. "It feels so big….I wonder how it would feel in my mouth."

"Finish me off, and find out."

Belle continued the foot job, speeding it up. Her heels brushed up against the thick balls and she rubbed him up and down with her feet. She took a long drink from her coffee, acting like she wasn't doing anything. Not there was anyone in the library to see her right now.

"So close," Harry whispered.

Belle pumped him with her toes and caused his muscles to strain. His manhood shot up and splashed the underside of the table with a series of rocket powered cum blasts. Her toes had been coated in the seed.

She reached underneath the table and grabbed a string of the cum. It wrapped around her finger and she slipped her fingers deep inside her mouth. She suckled the cum from her fingers and moaned with a hungry glint in her eyes.

"Delicious," Belle said. "I want more."

She reached underneath the table and squeezed Harry's balls.
"Do these have more cum for me?" Belle asked.

Belle disappeared underneath the table. The beauty moved underneath the table and placed her hands on Harry's thighs. She started to stroke him, exploring every inch of his cock first with her hands and then with her tongue.

Harry reached underneath the table and placed his hand on Belle's hair. Her mouth wrapped around Harry's thick cock and took him into her. The brunette goddess sucked on him from underneath the table.

The blowjob started slow and increased with passion when she worked him over underneath the table. She gave Harry a few warm sucks and removed his cock from her mouth. She licked Harry and shove it into her mouth. She repeated this process several times.

"Good girl," Harry said. "You're doing really good. It feels so good."

Harry pumped himself into Belle's hot throat. Her cock hungry actions proved it was always the innocent ones who were the feistiest in bed.

Bella repeated her ritual several more times. She licked, sucked, and jammed Harry's thick juicy prick down her throat. The taste of it got her so horny. She played with his balls a little bit as well which she sensed his approval of.

"Keep going," Harry said. "I'm going to blow."

Belle wondered what a huge load of cum would taste like in her mouth. She practiced the techniques she once did on a banana. It proved to do the trick. She licked his manhood and cradled his balls. He pumped into the side of her mouth.

Her mouth enticed him to the edge of the orgasm. Harry's muscles tightened and he knew he did not have too much time left before the explosion occurred. He closed his eyes, placing his hands on the top of her head.

"Here it comes."

Belle sucked him even harder. The first blast of cum fired into her mouth. Dozens more followed and filled her mouth with nothing but the white stuff.

She sucked his cock and milked his balls all the way to a pleasurable end. Belle did not waste a single drop of him.

The moment she took a good enough look at him, she gasped. His cock throbbed for her still. It had been coated in her spit.

"You're still hard?" Belle asked. She weighed his balls in her hands. "There's still more."

"Yes, there's still more," Harry said. "I guess you didn't get it all. There's still a good load in there."

She sat down on Harry's cock. Her wet pussy grinded against him through her panties and Harry reached around to steady her waist. No one could quite see what they were doing from their vantage point, unless they were peering over the shelves of books.

"What are you going to do about it?"

"There's only one thing I can do," Belle said. She leaned forward and whispered in his ear hotly.
"We're going to have to fuck.

Her panties slid down and revealed her bare pussy. The lips slid over Harry's cock. Belle closed her eyes and eased herself down onto him. She opened her mouth for a moan. Harry stopped it from getting out by clapping a hand over her mouth.

"No talking in the library," Harry said. "Remember."

Belle could not forget. She suckled on his fingers when working her hips up and down onto him. Every time Belle lowered down onto him, her pussy felt up.

Harry worked her back against the table to gain moment so he could thrust upwards. Her tight pussy clamped down onto him and released him. Belle's tight inner muscles wrapped around him when she squeezed him over and over again.

"It feels so good," Belle moaned in his ear. "We better be careful....."

Harry pumped up into her. He drove himself into her body fast and hard. Belle bit back some moans. The pleasurable look on her face when she struggled not to scream out looked extremely sexy and Harry could not wait to fuck her even more.

"It's time for you to cum for me," Harry said. "Are you going to do it? Do you want to cum for me?"

Belle bit down into his shoulder and nodded. Her body reacted to his thrusts and reacted to the pleasure which had been pushed into her. She could not hold back any longer. The pleasure threatened to assault every inch of her being.

"Go ahead, don't hold back."

She didn't. The vibration of the moan hit her shoulder. Belle pumped up and down on him, riding his cock all the way to the orgasm.

Belle bounced up and down having the ride of her life. Harry's cock hit her in places which made her feel extremely amazing. Harry wrapped a hand around her ass and squeezed it in response.

"One more time."

Now Harry took control and started to work his cock into Belle's tight pussy. She gasped at how much he made her feel good.

"Never stop, please, never stop," she begged him.

"I'll only stop when you're ready," Harry said. "You want it harder, don't you?"

"YES!" Belle yelled, forgetting she was in the library for a moment.

Harry smiled and shoved Belle's panties in her mouth to gag her. She tightened around the intruding rod inside her body. His pumping increased in intensity and continued to work into her. His balls slapped against her thighs when Harry drove himself into her further and further.

"Again, you're cumming," Harry said. "Do you like it when I bite on your breasts?"

Belle nodded. Her top had been worked open and her bra opened to reveal her perky breasts. Harry gave a series of love bites to it.
"Time for you to cum again," Harry said. "And again, you must have been dreaming about my cock all summer."

Belle enjoyed the feeling of Harry's strong hands all over her body. She could not deny his statement about her dreaming about this all summer. Her stocking clad legs squeezed Harry and encouraged him to continue his thrusting inside her.

Harry got the message loud and clear. He stuffed her tight pussy with a few hard thrusts. His balls grew heavier and harder with the load they build up. He leaned down and pressed his chest against hers with a hungry smile.

"I wonder how many times I can make you cum, before I give you what you want. You want this big load, don't you?"

Belle tensed around him. She gave a muffled moan through the gag Harry shoved into her mouth. Her own sticky panties muffled the moans in her mouth.

"I take it as a yes….well we still got time. Lunch isn't over….and you're going to get plenty of dessert now."

Harry pumped himself into her. He continued the ritual of entering and exciting Belle's hot pussy. She squeezed and released him as well.

Belle's body heated up with the promise of a spectacular orgasm. Harry's hands really worked their magic, not to mention his manhood pumping almost into her smoldering hot depths.

"Here it comes," Harry said. "Are you ready?"

What kind of question was that? Belle braced herself for one of the biggest loads possible. She spread herself far and wide to show Harry how ready she was.

Her pussy squeezed him hard. Harry could tell how much Belle wanted this big sticky load. His balls grew heavier and he took extra care to push them against the brainy brunette's thighs.

Belle took extra notice to his heavy balls pushing against her thighs. Her pussy moistened at the thought of him buried deep inside of her. Those thrusts grew in extra prominence and she could not believe how close she was to getting the pleasure she deserved.

"After you, my dear lady."

Belle tightened up around him. Harry pushed his fingers down her stocking clad legs and made sure to play with them. She grew wild with lust when Harry massaged her legs when he hammered her hard.

Harry pulled all the way up out of her and slammed into her. He rode out her orgasm before a bubbling feeling appeared in his balls. He grew closer towards the edge. He could feel it. His orgasm tickled through his balls when he thrust deep inside of Belle's body.

"Here it comes," Harry said. "I hope you're ready for it."

Belle was ready for it alright. She clamped down on him and encouraged Harry to push himself deep inside of her.

Harry unloaded his load into Belle's body. The beauty experienced a warmth spread between her loins the second Harry injected her with his heavy balls.
Belle lifted her hips up and down to pump him dry of his load. Dozens of thrusts followed when Harry pulled out of her.

She slid back onto the chair across from Harry. Her thighs really did feel like they had been founded and very nicely as well. Belle turned towards Harry and looked back at him with a soft smile on her face. She casually pulled her panties off and threw them at Harry.

"Keep them," she said with a smile. "Lunch break is the same time for me tomorrow, will you be here?"

"I wouldn't miss it for the world," Harry said. "What about your panties….."

"Oh, when you're around, I keep a couple of fresh pairs at hand," she said with a wink. She gave him a parting squeeze. "See you tomorrow."

"I wouldn't miss it."

End.
Many alien worlds had beauty which could be barely comprehended by most beings throughout the universe. Some of them, even when they were mostly devoid of all life, had these eerie beauty qualities stronger than ever before. Even if this particular world was not a planet anyone wanted to visit when they were marooned in the middle of the universe, with a damaged ship.

A one in a million fluke of the ship's engine brought them down on the planet. The green-eyed young man exited the ship. He looked around and could see there was no one around for miles. His traveling companion exited the ship. She wore a skin tight black and white bodysuit which fit around her nice curves. Her silky black hair, bright eyes, and beautiful face with juicy lips added to the appeal.

"Harry, can we salvage the engine?"

Harry finished performing the scans of the engine. Her turned towards his traveling companion with a frown in response.

"Sorry, we can't," Harry said after a moment's pause. "We're stuck here, until the rest of the crew tracks us down. It shouldn't be too long now."

The dark haired woman turned towards him for a moment. She knew when Harry figured it was a lost cause, something was a lost cause. There were far worst worlds to be marooned in she supposed.

"So, should we do a look around, Miranda?"

Miranda Lawson responded with a smile and nodded in response. She lead the way towards the planet.

"This isn't cataloged, in anything," Miranda said. "Can you believe we stumbled upon some new world, not known about the rest of the universe?"

"Well, I'm not sure if there's much to this planet," Harry said. "There's no signs of life. Not even primitive forms of life."

Miranda came to the same conclusion. She noticed no structures for dwelling, not even a cave or a hut, nothing primitive at all. At least not at first, as they moved around to a dusty valley, and around some rocks before they reached a grassier section of the planet.

"We spoke too soon," Miranda said.

"I guess we did," Harry said. He crossed towards the planet with a smile. "It's a new form of plant life….I've never seen anything like this in my life."

Miranda looked at the plants, and frowned. The plants did not look hostile, and believe her, she encountered some hostile alien plants who were more vision. Appearances could in fact be very deceiving.
"Miranda, stand back," Harry warned her.

Miranda took a step back and watched one of the pods swell up. They backed up a couple more feet to avoid the pods which combusted. A cloud of orange gas filled the air before it disappeared.

"Please tell me you didn't breathe in any of it," Miranda said.

"No, I didn't did….."

Miranda coughed for a couple of seconds. She staggered back a couple of inches and acted rather light headed. She fell against Harry.

"Are you alright?" Harry asked. "Miranda, talk to me…"

"I'm just a little light headed," Miranda said.

"I better get you back to the ship to make sure."

Miranda almost slumped over and landed on Harry's shoulder. Harry scooped up the woman in his arms and spirited her over to the chest. Miranda wrapped an arm around Harry and pressed her breast against his cheek.

"Harry, there's really no need to worry, I'm fine," Miranda said. "I'm feeling really great."

The slurred sound of her voice showed she was not quite alright. Harry hoped the worst which happened is Miranda got drunk off of some kind of alien pollen.

"Just sit down and I'll be with you in a minute," Harry said. He put Miranda on the operation table. "If you're fine….it will pass in a couple of minutes. If you've been poisoned, there's trouble."

"Well, if I've been poisoned, then you can help me sweat it out," Miranda said. She gave him a sultry smile and pressed her thighs together for a second before she leaned back on the table and spread them apart. "Why give me some boring scan, when you can give me a full physical?"

Her professional demeanor faded quicker than Harry could realize. He performed the scans on Miranda and frowned.

'She's completely fine except…..'

A pair of arms wrapped around Harry's waist and a pair of breasts pressed against his back. The soft and fleshy orbs pressed against his back made it very hard for Harry to concentrate. Speaking of hard to concentrate, Miranda's fingers skimmed down.

Miranda's hand wrapped around Harry's aching tool and pumped him up and down. She squeezed him and released him.

"Miranda," Harry groaned.

"Relax, we can have some fun while we wait for the others to arrive," Miranda said. She pumped him several more times.

Harry decided to go with it. The pheromones from the alien plant made both of them extremely horny and willing to go with this. Miranda tightened her fist around Harry's thick cock and continued to stroke him.
She had Harry's pants completely down over his ankles and the beautiful woman continued to play with his cock. Her hands cupped his balls and squeezed them. The amount of cum building up in these balls pleased Miranda and she continued to stroke him.

"Do you want me to suck your cock, baby?" Miranda asked.

Miranda moved from behind Harry and dropped down to her knees. Harry's large cock shifted to in front of her face. Miranda stuck her tongue out and dragged it underneath the underside of Harry's cock, licking him up and down.

"Yes, suck it!" Harry groaned.

Miranda swirled her tongue around Harry's cock several times. She tasted every single inch of the manhood. She gave Harry a long kiss on his cock head which made it twitch inside her mouth. Miranda's warm and wet lips wrapped around Harry's thick tool and took it into the back of her hot throat.

Harry groaned when his cock pushed all the way down Miranda's throat. His balls hit the beautiful woman's chin when she went all the way down on him.

"Suck my cock, suck my cock baby!" Harry groaned. "Harder, suck it hard!"

Miranda enjoyed the taste of the stud's cock. She pushed it into her mouth and pulled it out. A long licking followed with Miranda swirling her hand all the way around his cock three times, before pushing his throbbing cock in between her lips.

Harry's throbbing prick encased on Miranda's hot mouth. He grabbed Miranda's head and pushed into her.

"I can't wait to cum in your mouth," Harry said. "Do you want it? Do you want to taste my cum?"

Miranda massaged Harry's balls in response. He pushed deeper into her throat with a couple of hard thrusts. Her throat squeezed him.

"Here it comes"

Harry pushed deeper into the hot woman's throat and spilled his load into her. Miranda tilted her head back to swallow and sucked down the buckets full of cum which came from Harry's balls.

"Mmm, I always knew you would have a big load."

Miranda squeezed his balls when she rose to her feet. She undid the front her suit and made sure Harry kept his eyes on her body when every single inch of it had been revealed.

Harry watched with Miranda's slender neck being revealed. Her bra clad supple breasts had been revealed next. Harry's eyes followed the mouth watering sight of her smooth stomach. Miranda smiled, halfway through her stripping and placed Harry's hands on her breasts.

He squeezed Miranda's breasts. She moaned and ground up against his crotch. Harry responded by placing his hands on the bottom half of her suit and revealed the rest of her. It pushed over her shapely and curvy hips and her long legs. Her perfect feet had been revealed.

"Aren't you glad we're playing?" Miranda asked. Her eyes shined in a violent hue of unmistakable lust.
Harry started to move his hands down her body, her toned tummy molded underneath his hands. He kept moving down and pulled Miranda's panties down. Her smooth and dripping sex revealed itself to Harry. Harry kept massaging her folds and she pushed her hips into him.

Miranda enjoyed the sensation of Harry's fingers rolling over her pussy lips. The juices dripped down and collected on Harry's thighs.

"Put your nice hard cock inside my pussy," Miranda said. She wrapped her arm around Harry. "You know, I'm still your superior, technically, so that was an order."

Harry smiled and backed her up against the operating table. He leaned against her body and rubbed his cock all the way over her body. Each time caused Miranda's pussy to jolt up. He unveiled her breasts and squeezed her tits. Harry twisted Miranda's nipples and squeezed them.

"You want my cock, don't you?" Harry asked. "You think you can just demand it, can you?"

Harry squeezed Miranda's ass and she gave a moan of delight. He squeezed her ass a couple more times before putting his cockhead against Miranda's dripping wet pussy. He could tell she wanted this.

"You're not going to make me beg, are you?" Miranda asked. "I just want your big cock inside my tight pussy. Is that too much of a crime? Is that really too much for me to ask?"

Harry smiled, and pushed the throbbing head of his cock against Miranda's wet pussy. She almost sucked his cock inside of her. He could tell with a few mere touches how much she wanted this badly and Harry would not deny her what she wanted. His throbbing hard cock touched against her entrance and he edged closer inside her.

"No, it's not," Harry said. "And since you asked so nicely, I'm going to fuck your brains out right here and now."

Miranda's smooth leg found it's way around Harry's thigh. He responded by running his finger down it and he could tell Miranda enjoyed it.

The dark haired woman looked up and smiled when Harry's throbbing cock approached her moist womanhood. Her wet walls opened up for Harry's intrusion. He held onto her hips and sunk all the way down on her, filling her up.

"There's the spot, right here!"

Harry rested his hands on Miranda's hips and rose almost all the way up of her. He ensured his cock head only just barely touched her nether lips. Miranda rose her hips up to try and coax Harry's manhood inside her.

"All the way in."

Harry buried himself balls deep inside Miranda's pussy. The warmth made it a very enticing proposition for him to stay. He held onto her hips for the leverage needed to extract himself from her and enter her body with a couple of swift and powerful thrusts.

Miranda arched her hips back a slight amount. She wanted nothing more than Harry to push into her, penetrate her, stretch her out in anyway. He started slow and picked up speed. Her insides craved Harry's massive cock.

"Harder!" Miranda yelled. She pinched Harry's bicep and encouraged him to go deeper inside her.
He pulled almost all the way out of her and pushed into her.

Harry allowed himself to be enraptured with the tight and moist nature of her pussy. His balls brushed up against her thighs when Harry pushed into her.

Miranda placed her hands on Harry's back and encouraged his swift and hard thrusting into her.

"I think we're sweating out the toxins," Miranda said. "But your cock is making me hornier than ever."

"If you have an itch, we should scratch it," Harry said.

Harry plowed her pussy. Her hips squeezed and released him. Her tight muscles flexed around Harry's probing organ. His balls started to fill up with their gift and Miranda could not wait to have it all inside of her. Her hands rested on his back.

"I'm cumming!" Miranda yelled. "I've never came this hard."

Her entire body acted like one giant pleasure point. Harry drove his face down on her breasts and started to suckle her nipples. Miranda's tight pussy released and milked him.

She realized the fire could only be stopped by one element. Her pussy needed to be filled by a huge, heaping helping of Harry's seed. Her walls tensed up around him and focused on milking his cock for everything it was worth.

"Hope you don't mind," Miranda said, rolling him over. "I'm ready to go for a ride."

She ran her thumb down his vein and caused his cock to throb even harder. Miranda leaned down and planted some hot kisses on his cock all the way. The beautiful woman clenched Harry's cock in her hand and pumped him several more times.

Harry groaned, feeling the pleasure of his hard cock standing at attention, ready for the wet and warm attention of Miranda's pussy. The black haired woman looked extremely lovely when dripping with sweat. Her nipples stuck out to be sucked on.

Miranda mounted herself on top of Harry's cock and pushed him almost all the way inside of her. He was so much bigger on the top. Her pussy grinded to moisten the tip and slip enough of him inside of her to make her feel really good.

"It feels so good!" Miranda yelled. "Are you ready for a really excellent ride?"

Harry could not deny the wetness of her pussy rubbing up and down on him. Her legs squeezed his waist when she bent all the way down. He grabbed two hands full of her breasts and squeezed them. Miranda leaned down and grinded her moist cunt lips all over Harry's throbbing cock.

Miranda worshipped her lover's body with every inch of hers. He gave her just as much as return. His hands touched her breasts, moved down to caress her belly, and to her hips, and legs and to grab her ass.

Harry groaned when Miranda's tight pussy caressed him. His balls loaded bigger with a heavier load. Miranda had the time of her life bouncing up and down on his cock. Her face was full of so much lust, Harry's balls throbbed.

"Yes, you're so fucking hot!" Miranda yelled. "Go ahead Harry, pound my tight little pussy, pound it hard! Shoot your cum inside it, that's what you want, isn't it?"
Harry's balls ached, it was what he wanted more than anything else in life. He slid almost all the way up into Miranda. Her wet walls caressed him.

"Go ahead, cum for me," Miranda said. She bounced up and came down onto his cock. "I can't wait!"

She bit down on her lip which almost made Harry come undone. He grabbed her hips and forced her down onto him. Miranda's walls clamped over Harry and pushed against his rod. He arched up and pushed into her depths.

"There's the spot, right there!" Miranda begged him, biting down on her lip.

Harry took full advantage of her encouragement. He pushed himself into her and pounded her from beneath. He wanted to prove to her despite being on top, it did not mean she was in control. Not in the slightest, not if Harry could help it anyway.

Miranda worked her wet walls up and down on Harry's throbbing hard manhood. She was close to working him into what she saw to be a spectacular orgasm. Her loins ached and she required a nice steady dose of cum splattered inside her.

"Please, you're not going to hold out on me, are you?" Miranda asked. She squeezed him and pushed all the way down onto his aching rod.

Harry's balls finally gave way to temptation and Miranda's pussy. He grabbed her ass and injected her with a huge load. The contents of his balls pumped inside of her.

Miranda's wet walls closed around him when she took Harry's most savory fluids inside her pussy. She rode him almost all the way up and came down onto him. She pumped herself full of his seed.

Harry thought she had it out of her system. His cock still grew half hard as he watched her slide back. The load drained from her pussy when Miranda perched herself back. She leaned back and moved her finger down past her clit.

Miranda slipped one finger deep into her ass and smiled at him.

"Harry, there's one more hole we haven't explored," Miranda said. "You're not about to back off on it now, are you?"

Miranda fingered her hole and Harry positioned his cock towards it.

"I'll give you something better than your finger up there."

Harry's lubricated cock penetrated Miranda's tightest and most private hole. Her asshole clenched Harry when he entered inside of her.

Miranda closed her eyes when Harry took her anal virginity something fierce. She could feel his thick balls loading up when he penetrated her snuggest hole yet.

"I've save it for the best," Miranda said. She worked her ass against him when Harry plunged into her.

Harry ran his hands down her body and caressed her ample tits before moving down towards her stomach.

"Harry quit teasing me," Miranda begged him. "Put them inside of me."
Harry's fingers gave some solid sparks when they caressed Miranda's womanhood. She rose her hips up to have them inserted into her. Her wet walls opened up for Harry.

The duel combination of penetration caused Miranda's mind to be blown. Harry's fingers were about as good as the average cock, and his cock was far better than anything else. It kept penetrating her ass with a rapid fire.

"I've always wanted to pound your tight ass," Harry said. "Do you enjoy it, baby? Do you enjoy my hard cock in your ass?"

"Yes!" Miranda yelled. "HARDER!"

She bit down on her lip before throwing all caution to the wind. Harry's cock penetrated her ass and caused a feeling of intense pleasure to explode through her body. These feelings pretty much defied all belief and brought Miranda to the point where she could not describe how she felt other than really good.

Harry's balls started to load open. He held back as much as he could even though this ass tempted him to just unleash every drop of cum he had into it.

"Harry, don't you dare hold back!" Miranda yelled. "Cum in my fucking ass…..make me your anal slut! I'm your bitch! Pound me in the back door!"

Harry thrilled further and pummeled Miranda's tight ass. The beautiful woman started to moan and Harry felt her orgasm tense up around her fingers. It was more potent than ever before.

"Here it cums."

"Put all your sticky cum in my ass."

Her tight ass proved to be way too much for Harry. He spent a sufficient amount of time exploring every nook and cranny of her body before he had lost all sense of himself.

Harry's balls tightened and shot the motherload of cum inside Miranda's ass. She clenched him and rubbed his balls with her fingers to encourage the load being put where she thought it belonged. Harry pulled almost all the way out of her and pushed back in.

He unloaded inside of Miranda and never once broke his moment. He would ride her ass all the way home. Harry's balls drained inside her tight ass.

"The pollen finally wore off," Miranda said. "So, that happened."

Miranda looked over her body which now dripped in slip and sexual fluids.

Harry wrapped an arm around her. Miranda did not pull away.

"Did you regret it?"

"The pollen only enhanced what was already there," Miranda said. "What do you think?"

She wrapped her hand around Harry's cock and started to stroke him.

"No one came to look for us," Miranda said. "Not much to do on this alien world."

"Guess, we only really have one way to pass the time."
Miranda didn't respond on the account of having her mouth open and full of Harry's cock.

End.
Pansy Parkinson tip toed around the darkened corridors, thinking if she slipped up one time, she would get caught. She was both afraid of being caught and excited of the prospect of being caught. It lead to some kind of duel thought in her mid.

The seventeen year old witch turned around the corner. Her dark brown hair had been done up to allow her one hundred percent visibility against any enemy. Her face softened over the years and looked as elegant as her pureblood breeding would state. While she did not have the bust Daphne did, or the ass and legs Tracey did, she was still confident her looks could turn heads.

Only it turned all of the right kind of heads. Pansy scoffed when she realized her budding looks had caught all of the wrong kind of attention. The little boys who lacked any kind of staying power, but would brag to anyone who would listen how they bagged another witch.

Pansy sighed and made her way into the partially lighted corridor. Her heart raced with several more beats per minute than recommended. No one just yet, and the prospect of running into someone had caused her to quicken the pace. Her adrenaline had been hit.

A hand gripped her by the shoulder which caused Pansy to gasp.

"Well, what do we have here?"

Pansy turned around. She grouped the people she could have run into in two separate categories. There were people who she could run into which would blackmail her for what she was doing. And then there were people who would just simply turn her in.

She came face to face with a fellow student in her year, Harry Potter. Pansy scoffed at her own initial thoughts. Harry Potter was more than a fellow student in her year at Hogwarts. He was only the most famous seventeen year old wizard in Europe.

Harry Potter happened to the object of obsession for every heterosexual witch over the age of eleven and many witches who weren't normally heterosexual, but would make an exception for the likes of Harry Potter.

He looked at Pansy with a raised eyebrow.

"Pansy Parkinson, the Queen Bitch of the Slytherin Senior Class," Harry said.

"Hello, Potter," Pansy said. "What are you doing out here?"

"I could ask the same thing of you," Harry said. "Especially since this is a long way from the snake den."

Harry caught Pansy red headed. He could have turned her in and left her at the mercy of the teachers. Given, Harry Potter did not fancy dealing with authority himself, due to how many times it let him down, she figured he was not going to do so.
"You better be careful, these hallways can be dangerous," Harry said.

"You'd know all about how dangerous these hallways are," Pansy said. "Seen any three headed dogs lately?"

"Not as of late," Harry said. He stepped closer towards Pansy and he could sense the heartbeat of the attractive brunette. "I've seen a couple of snakes though who would be in a lot of trouble if they had just come out of the Restricted Section of the library after hours."

Pansy frowned.

"Those who live in glass houses shouldn't perform hexes," Pansy said.

"Quite right," Harry said. "Slytherin's reputation has gone down the tubes though. The most vocal members of your house putting their support behind a homicidal half blood doesn't really do you any favors."

Pansy could see his eyes on her. She swallowed and wondered what happened next. It would suck if she had been expelled two months before she finished Hogwarts. Especially, considering how hard she studied to get top marks in her NEWT classes. She wouldn't get top of the year, or even top in her year for Slytherin. Daphne had it all locked up on both accounts.

"Potter, I'll do anything if you don't tell anyone what I've been up to," Pansy said. She leaned forward and pressed a hand on his chest. "Anything?"

Her statement intrigued Harry. He raised an eyebrow.

"Anything?"

Pansy realized what she said and winced. She just made a magically binding contract to a very powerful wizard. Harry could make her his personal bitch and all she could was sit there and like it.

'There are far worse fates.'

"You did say anything?" Harry asked. "Didn't you, Parkinson?"

She did not like the look in his eyes, as if he knew what she did and she knew he knew what she did. Pansy tilted her head for an instant and responded with a reluctant nod. Harry gripped her hand and smiled.

"Follow me."

Pansy's legs moved in an obedient manner when she followed Harry. The two of them slipped down a corridor Pansy didn't even know was there.

"Hogwarts has a lot of secrets," Harry said. He looked over at Pansy. "If you know how to explore her, you can find out many of them yourself."

Pansy agreed and she followed Harry into a secret room, which no one apparently new of other than him. She was really glad Harry wasn't the type to kill innocent women to get his jollies, because he had the perfect place to hide the body.

Was he? Could the golden boy act be a façade?

'Being a Slytherin has made you properly paranoid, Parkinson,' a mocking voice said.
"Get on your knees."

Harry spoke with such a command, Pansy did as she was told. She dropped down onto her knees in front of him and reached over, to unbuckle his trousers.

"I didn't even have to tell you what to do?" Harry asked. "Are you really that big of a slut you just assume it?"

Pansy stopped and frowned. She wondered if she made the wrong kind of assumption. She already had Harry's pants down and she noticed his cock, which was pretty large despite not being fully erect.

"Since you seem so eager, it would be a shame to let this mouth go to waste," Harry said. "And you've dreamed about a chance. Every time you've been acting like a bitch, you've been lusting after my cock, haven't you?"

Pansy tried to deny it. The state of her pretty much betrayed her lust to Harry, to the point where she could not argue. She eyed his throbbing cock with a hungry look dancing through her eyes.

She licked the head of his cock and decided to go a bit more. She gave him a full licking from the head all the way to the base. She wrapped a hand around him and pumped him to make sure he was nice and hard to go into her mouth.

The warmth of Pansy's mouth surrounded Harry's throbbing cock. He gritted his teeth the second her throat surrounded his aching rod. Pansy went almost all the way down onto his manhood and took him deep inside her throat. She moaned in content and started to bob her mouth up and down on him.

"Suck my cock, my little snake!" Harry yelled. "Suck it like it's your job. Suck it like my cum is the only thing you have left to live for."

Pansy deep throated Harry, as much as she could of him anyway. Her hand grabbed Harry's balls and squeezed them. She stroked his bloated testicles and became wet at the thought of him spilling the contents of his balls down her throat.

Harry noticed the lust in Pansy's eyes and decided to give her what she wanted. He grabbed her face and forced his cock into her mouth.

Pansy moaned in delight and Harry used her mouth as his own personal fuckhole. Pansy responded with some deep sucks.

"You like being used a slut, don't you?" Harry asked. "You like me using your mouth? I bet you're going to get off on choking on my cum, aren't you?"

Pansy reached up to grab his swollen balls and squeezed them. She wanted his seed poured down her throat.

Harry hung onto her hair and pumped his cock into her mouth. Pansy hummed and accepted his thick and throbbing tool to go in and out of her mouth. He pushed into her throat.

"Your tight throat feels so good," Harry said. "I'm going to choke you on my cum. But, you'd get off on that, wouldn't you, you little Slytherin slut?"

Pansy's thighs rubbed together at the humiliation from Harry. Harry choked the snake with his snake and his balls fired their load into Pansy's waiting throat. She sucked it all up with hunger
dancing from her eyes. Harry grabbed onto her head and spilled his waiting load into her throat.

She sucked up the contents of his balls with hunger. The lust would not leave her body. Now it grew the more cum she tasted.

Harry pulled his cock away from her lips. Pansy licked some of the dribbling cum off of her lips and showed Harry the cum before she swallowed it. Harry motioned for her to stand to her feet.

"Remove your skirt and panties," Harry said. He watched Pansy did as she was told. Harry cupped her pussy in his hand.

Pansy gasped when Harry manipulated her folds with his fingers. Her inner folds had been rubbed and Harry worked his finger into her better than most men could work a cock. She tried to grind on him to get an orgasm.

Harry pulled away from her with a smile. His fingers coated with her trickling juices. He pointed them towards her mouth.

"Suck them."

Pansy took Harry's fingers into her mouth and sucked them hard. She tasted herself and it only inflamed her pussy even more.

Harry withdrew his fingers from her mouth and Pansy looked up at him. She unbuttoned the rest of her top and revealed her perky breasts to him, where they would remain for some time thanks to the magic of magic.

"You're a Parseltongue," Pansy said.

"Very good, Parkinson, five points for Slytherin," Harry said. He swatted her on the ass. "I bet you'd want me to eat your pussy, wouldn't you?"

"Lick my dirty pussy out," Pansy said. She rode her own fingers, until Harry pulled them away.

"Only I'm allowed to make you cum from now how," Harry said. "You'll have pleasure only from me, and I control when you orgasm and how many times. Is that clear?"

"Yes, master," Pansy said.

A flash of light enveloped her body. Her nipples stood up and Harry reached over. He pinched one of her hardened nubs and sent a jolt of energy flashing through her body.

Harry moved down towards the promise land and started to lick Pansy's pussy. He wound her up for what he assumed would be an amazing conclusion. His tongue rotated around her insides and brought some juices out of her.

Pansy enjoyed the tongue, even though she wished he would make with more of the Parsel. He still was good though.

In an instant, without warning, Harry's tongue began to vibrate. It hissed in Pansy's pussy and caused her orgasm to rise into her body.

"Not yet."

Harry pulled away from her and pulled her away from the edge. Pansy whined and Harry responded by running his fingernail across her body. His finger brushed against her lips which was
He repeated his actions several times. Harry enjoyed the control he had over Pansy. He brought the bitch closer towards an orgasm each time, only to yank it away from her.

Pansy could not believe the power Harry held over her. Each orgasm, she thought this would be the one, and she learned something new. How close her body could size up until the release, only for it to stuck.

Harry's tongue struck her nerve endings after almost an hour of constant tease and denial. Pansy's body shuddered with the pure force of multiple backed up orgasms. Her hips vibrated to coat Harry's face with her sticky juices.

He pulled away with her and smiled. Pansy's swollen lips pointed up towards Harry and they spread, begging for intrusion and attention. Harry pressed his fingers against her dripping entrance and caused her to gasp the more he played with her center.

"You want to be fucked, don't you?" Harry asked. "And hard?"

Pansy wondered what kind of stupid question this was. She was about to say as much. She remembered though she came face to face with someone who could make it a very dry day for her if he decided to. Harry hovered over her and his cock positioned over her entrance.

"Don't you?" Harry asked. "Tell me how much you want to be fucked?"

"Often," she said. "And hard."

Harry slammed his cock into Pansy. Despite her pussy being so wet it could bring life to a desert which had been around with a year without rain, she could feel the intrusion from Harry. His thick cock speared into her wet pussy and rose almost all of the way out of her. He plunged in and out of her with an immense force.

"Good, I'm glad you want my large cock. You live for nothing, but my huge cock, don't you? I can feel your pussy lips drooling for me. I can feel you wrapped around me. It feels so fucking good to be fucked cross-eyed, doesn't it?"

Pansy dug her nails into the side of Harry's shoulder and nodded. Harry penetrated her with a few hard thrusts which worked into her body. Her wet walls closed around him.

The orgasm almost reached her. Harry pulled away from her, denying it. Pansy almost moaned in response. Harry placed a hand on her mouth.

"No whining," Harry said. "I'm the one who controls your pleasure. Do you understand me?"

Pansy could not deny Harry a second longer. She nodded and knew she would get an orgasm, eventually. It would only be on his terms and her entire body submitted to him.

Harry punished Pansy's entire body for her sins, relishing the opportunity as he did so. His balls filled up with the contents which would be brought into her body. He could feel himself growing even harder the further he pushed himself into her body.

"Yes, I'm glad you understand me," Harry said. He nibbled the side of her ear. "You understand who is in control, don't you? And you know it's not you, don't you?"

Pansy answered with a deep moan to both of these questions. Harry brought her to another orgasm,
almost the edge and he almost pulled out of her.

Harry waited for Pansy's body to settle and slamming into her again. He worked her to the edge of another orgasm and pulled out again. Harry repeated this process so many times.

Pansy had been reduced to nothing but a whimpering, mewling wreck. Would he allow her orgasm next time? She did not know and the fact terrified her.

Harry's balls grew heavy and his cock throbbed because of how much he worked Pansy over. Her tightness closed around him. Harry rose higher out of her and pushed into her, to the point where his balls throbbed.

"Almost there," Harry said. "So close."

Again, Harry denied her the pleasure. Pansy's body could feel the backed up orgasms which had been denied. She realized Harry would do something in a matter of moments which will really blow her mind.

"Bloody hell," she moaned in his ear. "Fuck me senseless."

"I never thought you had much sense," Harry said. "But, I'll knock whatever it is out of you."

Harry's balls swelled and he knew his orgasm would be at hand soon enough. He decided to slowly crack the dam inside of Pansy's being and release the flood gates.

Pansy hung onto Harry and screamed so loud she was pretty sure they could hear her at the other end of the castle. So many backed up orgasms hit her body at once, the force of many rolled all into one.

Harry rode Pansy's dripping wet cunt to a completion and started to fire his load into her when her orgasm reached the midway point.

Pansy's entire body sized up when Harry's huge load entered her body. It filled her up so much. Pansy was glad she was on a potion.

'What if it isn't enough with his magical powers?' she thought to herself, with both fear at being knocked up and excitement of being knocked up filling her body.

Pansy's thoughts had been knocked out of her with a hard and fast fucking. Those balls sent their heavy load into her body and filled her up so much her pussy leaked before Harry pulled her up.

"I expect you here every night at ten, so we can reinforce your punishment."

Pansy nodded in response. She had brought this upon herself.

'Far worse fates.'

The End.
Harry Potter stretched up and down when he stood in the middle of a gym set up in the middle of a clock tower in the midst of Gotham City. He stationed himself at the Clocktower, doing a favor for a friend who was out of town and would be out of town for the next couple of weeks, visiting friends and just taking a vacation away from Gotham City.

She did pick the right week to take a vacation away from the insanity of Gotham City. Everything had gone rather quiet and Harry spent some time, keeping his ear to the information network. He decided to get up for a quick stretch and a quick workout to get the blood flowing. The pitter patter of the rain was the only sound which came up anywhere nearby the Clocktower. No police sirens, gunfire, screams of blood curdling terror because of the latest Arkham reject who had terrorized the city, everything sounded quiet and content.

Appearances deceived even the best of people though. Harry sensed something coming around. He closed his eyes and acted as if no one could disturb his workout. Harry continued to work through the martial arts drills which put his body and mind at such a heightened and constant state of alertness. He waited for the right movement.

Harry spun around and grabbed the figure around the arm. She backed off a few inches and smiled before she sent a roundhouse kick at Harry's chest. Harry arched down to duck it. His attacker kept throwing fire in the form of a series of martial arts kicks. Harry dodged all of them and avoided the kicks.

The dark haired woman who attacked him kept calm and fired a palm strike. Harry blocked it and flipped her down onto the ground. She landed down and did a nip up to land on her feet.

The eighteen year old Eurasian assassin kept up with multiple kicks which almost knocked her enemy back. Harry grabbed one of her arms and lightly flipped her to the ground. She flipped out of the arm hold and landed to a standing position. The warrior did a rather impressive looking battle stance. She tried to nail Harry on the back swing. Harry blocked her hand and grabbed it in a nice and efficient manner.

"Looks like I have you now," Harry said. He pushed her up against the wall.

Cassandra Cain smiled and reached up to grab her lover's face. Her eyes looked towards her. "We differ."

The dark haired assassin leaned in and kissed Harry on the lips. Her warm and moist lips met Harry's, and he responded by deepening the kiss. His arm wrapped around the waist of the young assassin and ensured she did not stray away from him.

The two had broken apart from each other. Cassandra tried to take Harry down. Harry flipped her over onto the mats.

"I'm ready for anything," Harry said. He stepped back to allow Cassandra to get her stance. "Don't worry, you came closer than you did the last time."
Cassandra smiled even though she remained heightened with a battle stance which showed she was ready to fight. Harry waved her over towards the couch where the two of them sat down.

"How was patrol tonight?" Harry asked.

The assassin looked towards him and decided to tell him the truth. "Uneventful."

Cassandra Cain did not mean uneventful in the sense when something in Gotham City was uneventful. She did not even run into a pickpocket, or a carjacker on patrol. The only people she saw was a group of teenagers wearing the latest fashions and really that was not a crime she could bust them for.

She already stripped out of her costume and wore a tight black tank top which showed an abundant amount of cleavage and a tight black skirt with her athletic toned legs coming down. She neglected to wear shoes for a simple reason. Cassandra showed how skilled she was with her feet by undoing Harry's pants with her toes.

"Cass?" Harry asked.

Cassandra responded with a grin. She spent a couple of minutes rubbing Harry's crotch through his pants with her elegant foot. She made sure to hit all of the points she knew were meant for pleasure. All the while, undoing Harry's pants with her feet and a second later, she removed Harry's throbbing hard cock from his pants.

Harry groaned at the sensation of Cassandra rubbing her soft feet up and down his cock. His cock had been trapped between both feet and she jerked him off with her soles, and then she did the same thing with her toes.

Cassandra could feel the pressure building in the man's testicles. All she needed to do was to hit the right point and Harry would explode for her. She could hardly wait for it to happen.

"Hungry," Cassandra said, licking her lips.

Harry knew exactly what Cassandra meant by these words and he enjoyed the feeling of her feet rubbing his throbbing hard cock up and down. He groaned when her feet pressed up and down against his groin and kept pumping him.

"Don't worry, you'll get your fill….."

Harry's balls tightened and exploded to bring the cum up into the air. They splattered Cassandra's sexy feet and legs, leaving her legs soaked in Harry's white and sticky fluids.

Cassandra withdrew her feet from around Harry's cock and smiled. She lifted one foot up and made sure Harry's eyes locked on Cassandra licking her toes clean.

She was about to make her next move when a third party arrived. Cassandra's eyes turned off to one side and saw Stephanie Brown make her way into the main chambers of the clocktower. The beautiful blue eyed blonde stepped forward, hair dripping wet from the showers. She almost stepped back in shock when she realized Cass was here

"Cass….."

Cassandra crossed the room and grabbed Stephanie around the waist. She pulled her beautiful blonde teammate closer towards her and Stephanie gasped when Cassandra pushed her up against the wall.
"You're naughty, Steph," Cassandra said with a smile. "You hoped to jump Harry, just like I did."

Harry smiled, he figured this would escalate, but he did not know this would escalate about as quickly as it did. He watched Cassandra who cornered Stephanie like a hungry lioness hunting her prey.

Cassandra grabbed the towel and without a further pause snapped it from Stephanie's body. The garment fell to the ground and revealed Stephanie's perky teenage breasts, shaven pussy, long legs, sexy ass, and toned body. Also her beat red face, as being unveiled in such a manner.

"We've both seen you naked before," Cassandra said.

"I know, I know!" Stephanie yelled, almost squealing in frustration. "But, it hasn't been, like this….not like this at all."

Stephanie had been caught so off guard. She got easily flustered when she was out of control.

Cassandra smiled and leaned closer towards Stephanie. She swallowed and grabbed Stephanie by the hand. Her team mate had been lead over to the couch where she came full force to Harry's cock which had been put out in the open.

"Hello, Steph," Harry said. He rose up to a standing position and wrapped his arm around Stephanie's slender waist pull the teenager near him. "How nice to see you?"

Harry's eyes raked over her body and Stephanie tried to close her legs together to avoid being aroused too much. He leaned over and kissed her. Stephanie froze up in response and then returned the kiss when her brain had a chance to register. She moaned and ground her naked crotch against his. Stephanie's mind ran wild of Harry fucking her against the control console, until she came over and over.

"Please," Stephanie said before she could help herself. She looked Harry in the eyes.

"Please, what?"

"Fuck me," Stephanie said.

Harry smiled and leaned in for another hungry kiss. He could feel her body squirm against him when he lead Stephanie back onto the couch. Her legs spread for him and Harry crouched down above her. His throbbing cock touched the edge of her entrance and he almost slipped inside.

Stephanie's cunt started to drip with their delicious juices. She wanted him to slide into her easily. Harry rose all the way up, putting the tip of the cock inside her. Harry held onto Stephanie's hips and rose almost all the way out before he plowed inside her dripping hot pussy. Her wet walls closed around Harry and started to squeeze his cock the more he spiked inside of her.

"Yes," Stephanie said.

Harry enjoyed the warm and snug sensations of her sweet pussy. He rose all the way up and plunged into her. She gave a lovely move and wrapped a leg around him. Harry felt up her soft flesh and continued to work her over.

"About ready to cum?" Harry asked. "All ready?"

His tone sounded a bit teasing, but Stephanie couldn't help it. Her pussy gushed with the thought of what Harry would do to her. He rose almost all the way out of her and pushed his hard cock inside
her dripping insides. Stephanie's wet pussy clamped down onto him and sent her juices out.

Cassandra responded with a knowing smile. She knew Stephanie wanted this and just seeing the look of pleasure on her friend's face made Cassandra rip off her skirt. She pulled down her panties to reveal her dripping hot pussy.

Stephanie could not believe Cassandra's dripping hot pussy lowered over her mouth.

"Lick."

Steph had no choice to get breath. She dragged her tongue around Cass's pussy and caused her to moan. She gained a fair bit more confidence and started to lick Cass's inner lips. She tried to drink up the dripping juices from Cass's pussy.

Cass enjoyed the sensation of Steph's tongue. It wasn't the first time the feisty blonde at her pussy. Each time brought new sensations of pleasure in Cass's body.

"Damn," Harry said. "She must be eating you good…and she must like it, I can feel how hot her pussy is."

Stephanie's pussy moistened the tip of Harry's rod. He pushed deep inside her and rode Stephanie to another orgasm. Her wet walls tightened around Harry the further he pushed himself into her. His balls sized up when he rode her tight, teenage pussy.

The crime fighter could feel Harry's cock spearing deeper into her. She could not help, but imagine what would happen when he emptied the contents of her balls.

Cass's pussy could not be neglected. Steph licked her pussy out, twirling her tongue around it. She hungered for the juices which spilled down into her mouth.

"There you go, there's the spot, right here!" Cass yelled. "Cumming!"

She could get a little bit more vocal on the edge of an orgasm. Harry noticed this the more he rode her tight pussy. Steph's wet walls contracted around him the further he got inside her. His balls tightened and he knew the end was here.

Cass rubbed her pussy lips off of Stephanie's face and slid back to admire her handiwork. The blonde's face had been soaked with the arousal.

"She did a good job, ride her!" Cass encouraged Harry.

"Do you want my cum, Steph?" Harry asked.

Harry groped one of her firm breasts and leaned down to suckle on the nipple. He nibbled on it and he heard the moans of pleasure. Stephanie worked her hips up and down towards Harry's cock. She kept pumping herself and encouraging him. She wanted it so badly she could taste it.

"Please, Harry," Steph moaned. She grabbed him and pushed Harry deeper into her dripping hot depths. "I need you, so bad, I need your cum!"

"Hold on, you'll have it," Harry said.

He rode Stephanie's pussy and the cum loaded up his balls. The tight teenage pussy closed around Harry and milked his hard rod the further he pushed inside of her.

"Yes!" Stephanie moaned in her ear. "Cum for me, Harry!"
Harry held onto her hips and hammered her hot cunt with everything he had. His balls started to load up with a heavy amount of cum. He watched how her stomach bulged from the thick phallus which fired into her.

Stephanie could not believe how deep she was. He buried himself inside of her womb. She wrapped her arms around him and scissored his waist.

"I hope your body is ready for the big load," Harry said.

Steph's sultry moans indicated she was ready for the biggest load she could hold. Harry held onto her hips and kept riding her with passion and a flurry of thrusts.

"I'm going to put my cum in your barely legal womb," Harry said. "Would you like that, Steph?"

Steph imagined herself being knocked up by Harry and her pussy moistened to lead Harry into her deeper. His cock hammered her with more rapid fire thrusts than she could imagine.

"YES!" Steph screamed.

Harry held onto her and unleashed his load into her. The contents of his balls spilled into Stephanie's body. The warm and wet squeezing of her pussy showed how much she wanted what he had to give her.

Stephanie thought she would die from the sheer volume of orgasms which racked through her body. Never mind the sheer amount of cum which spilled inside her womb, both of the volumes were insane, when Harry extracted himself from her. He left Stephanie falls back onto the bed.

Harry turned his attention to Cassandra or rather she turned her attention to him. She leaned down and captured his cock in her mouth. She licked the dribbling juices off of his cock.

Cass thought his cock contained a delightful combination of juices. She pulled her mouth off of it and leaned down towards Steph. Harry noticed right away Cass clutched an object in her hand.

Steph's eyes widened and she looked about ready to protest. Cass leaned down and planted her lips on Steph. The two of them kissed each other and looked a bit heated in doing so.

Cass turned around and saw Harry's throbbing cock standing up. He wrapped his arms around Cass and pulled her onto his lap.

"I'm wet," she told him.

Harry smiled when he wrapped his arms around Cass and she rose up. She took her pussy down and slammed onto Harry's cock. The precision could feel really good when she rose up and worked her thighs down onto him.

Cassandra knew this was where her pussy belonged, wrapped around the mighty tool of this mighty warrior. She leaned back so Harry could have full access to her breasts and she was not disappointed with Harry diving between her breasts, licking and kissing her. He brought one of her nipples into his mouth and suckled on it.

A moan passed through Cassandra's mouth the second Harry took her nipple into his mouth. She felt extremely good and could not wait for Harry's mouth to bring her more pleasure.

Stephanie shifted on the expanded couch and she came over to Cass's skilled hand. Cass clutchéd a dildo in her hand and rammed it into Stephanie. Her entire pussy had been filled.
The moans of both the girls filled the air. It encouraged Harry to pump himself up further inside Cass's pussy. He ran his hands over her toned body and could feel the scars. He lightly ran his finger across her scars.

Cass smiled when Harry touched her and made her feel loved. Harry leaned up from her breasts and started to bite her.

'Not fair to neglect Steph.'

Cass worked her fingers over and pinched Steph's clit. Her hips started to buck with the dildo still rammed inside of her.

"Damn you!" Stephanie yelled.

"You're welcome," Cassandra said in between orgasms.

She focused on Harry marking his territory and leaving love bites on every inch of her body. His hands cupped her ass and made her bring her hips all the way down on Harry's throbbing tool. The next orgasm spread through her body.

Harry enjoyed Cassandra riding his cock up and down. She always knew to hit the pleasure points, and knew when to stop to make sure Harry did not burst before she was ready for him. Combined with his own self control.

"You like this, don't you?" Harry asked.

Harry pushed one his fingers in Cass's tight rear. She reacted to him with a sultry moan which hit the back of his ear. Her hips wiggled down onto him.

Cass could not believe how much she gushed at Harry finger-fucking her ass.

"Oh, she likes her ass being fucked, does she?" Steph asked. She held the dildo against Cass's rear entrance. "Let's see how much she likes this?"

Harry retracted his finger from Cassandra's anal passage so Steph could slip the dildo inside. He took one look the face of Cassandra.

"Yes!" Cassandra yelled.

"Do you like it?" Steph asked. "Do you like being fucked in your tight little assassin ass?"

"YES!" Cassandra yelled.

Stephanie smiled and pumped the fake phallus into the backside of Cassandra. She made sure it penetrated her nice and deep with a couple of hard pumps.

"I like seeing you getting fucked in there." Stephanie said. She pressed her soft breasts against Cassandra's back. "Is she cumming all over your big cock?"

She directed this question at Harry. Cassandra's wet walls clamped down onto Harry's throbbing hard tool when she rose almost all the way up and brought herself all the way down onto him.

"Yes she is!" Harry groaned.

The juices tricked down Harry's throbbing hard cock. Cass wiggled her hips all the way down onto his tool and brought him deep into her body.
Steph smiled and fucked Cass with a few pushes of the dildo. The moans of the normally stoic girl caused Steph's pussy to drip with juices. She wanted to be fucked in the worst way.

Harry slid one of his fingers between her thighs and fingered her forcefully. Stephanie Brown bucked her hips forward and panted in pleasure when Harry drilled inside her.

He pulled his fingers from her pussy and fed the juices to Cassandra. She suckled on Harry's fingers when riding his cock all the way to the edge of an orgasm. Her tight walls closed around him.

"Mmm, yes," Cassandra moaned in Harry's ear. "Are you cumming soon?"

"In a minute."

Cassandra rode up and down on Harry's cock. His balls started to ache underneath her tight body. Her firm legs squeezed Harry's hips and ensured he would not stray too far from her.

His balls tensed up and splattered his seed into her insides. The immense load from his balls coated Cassandra Cain's insides and filled her up.

Cassandra worked Harry's cock up and down and ensured she could get every last drop of her see. The two of them came together for the long haul.

She slid off of Harry a moment later, and Stephanie removed the dildo from Cass's ass only to shove it between her dripping thighs.

"Finally, I have you at a disadvantage!" she cheered.

Cass looked up with a smoky expression in her dark eyes, and a smirk spread over her face. "Cherish the moment."

Steph wasn't going to argue with her, she was going to cherish this moment. She could feel her legs spread and realized who controlled both of them.

Harry once again finger fucked Steph to another orgasm before sliding his re-hardened cock inside her. Her warmth spread against his hard cock and he pumped into her from behind.

Stephanie moaned until Cassandra stifled the moan before forcing her pussy into her mouth.

"You were saying?" Cass asked.

The rain continued to pour down, but the streets weren't the only thing getting wet.

End.
Penelope Clearwater thought not much had been changed about Hogwarts. A lot of it had been destroyed after the final battle with Lord Voldemort which resulted in the deaths of many. Five years passed since then, and nine years had passed since Penny left Hogwarts. The brunette witch smiled when she recalled why she was here.

Professor Flitwick decided he was winding down his career as a teacher. After almost half a century of distinguished service in Hogwarts, Flitwick decided enough was enough and it was time for him to stepping back. He hired an assistant to teach the first four years of class, while Flitwick handled the last three. In time, the assistant would be groomed to teach these classes.

Penelope was glad she had been chosen out of all of the qualified candidates. It was the day before the latest schoolyear. She made her way down the hallway towards the Staff Room for the pre-school meeting. The Ravenclaw entered the staff room and came face to face with someone who she had not seen in years.

"Well, well, Harry Potter," Penelope said.

She had not seen the young man since his third year, and he had been kind of cute then. Granted, every witch dreamed of getting a few moments with Harry Potter, even when he was younger. It was kind of creepy when she thought back on it in hindsight.

"Assistant Professor Clearwater," Harry said. "Filius told me he needed to hire someone to take care of the younger classes….it's been a really long time….you look nice."

Penny smiled when she looked at him. She wore the conservative Hogwarts robes. Even then though, one could see her ample bust if they looked close enough, along with her shapely hips. Her curly brown hair formed a nice curtain around her soft face, with gorgeous looking blue eyes.

"Thanks, you don't look too bad yourself," Penelope said. She smiled when walking towards him. "So, you're teaching Defense Against the Dark Arts?"

"Yes," Harry said. "Only until the Headmistress finds someone who can take over from me."

"From what I hear, you're the best man for the job," Penelope said.

"Well, I'm the only man for the job, given people still think there's a curse after five years," Harry said. He responded with a sigh. "The curse….well I'm pretty sure it got broken."

Harry took a moment to invite her to sit down on the couch. The fireplace had not been lit. The windows in the staff room had been cracked open.

"When he was killed?" Penelope asked.

"Yes," Harry said. "It's funny, when Dumbledore was Headmaster, he could always find someone…anyone, even if was someone like Lockhart."
Penelope pulled a face when remembering that particular ponce. She could not believe half of the girls in her year had a crush in her. Ravenclaws, they were supposed to be smart, they were not supposed to be blinded by the looks. Anyone with half of a brain figured out Lockhart's books didn't add up when you made a timeline.

The fact he got his information through memory charms raised a lot of unsettling questions.

"The one year he didn't, we got saddled with Umbridge," Harry said. "The less said about her, the better."

Penelope didn't have the pleasure of going to school when Umbridge was there. She heard plenty of horror stories about her, and the fact she was dead pretty much did the Wizarding World a great service.

"I've heard things about her," Penelope said. "So, there's no….hearing about it with you…you were there…I don't know how you came out with your sanity intact, if half of the stories were true."

"It wasn't easy," Harry said. "I'm curious to see why you came back here….after all that's happened."

Penelope shook her head. A fair bit did happen to her. One of the biggest things which happened to her was during her second year when she had been petrified by the Basilisk. Her parents had only barely acknowledged the fact something was wrong with their daughter, and in fact, they did not appreciate the fact Penny went to a school "created by devil worshippers". She had a roof and food and clothing until she was seventeen.

Then she had to be on the run thanks to the Muggleborn Registration Act after Voldemort took over. She just finally put her life back together.

"Yes," Penelope said. "I've come back….because….well….nowhere else for me to be."

"Your family weren't the type to like what you were, were they?" Harry asked.

Penelope received a sympathetic smile from Harry and he wrapped his arm around her, pulling her closer onto him on the couch. Their warmth had been shared.

"So, when's the staff meeting supposed to start?" Penelope asked.

"In about two hours," Harry said. "Did you want to be a bit early to get a good impression, or did you mistake the time?"

"A little bit of both, actually," Penelope said, with a shrug.

Penelope decided to push herself closer towards Harry. She could not believe how handsome he grew up. Those green eyes enchanted her and bewitched her.

"Are you upset you're stuck here with me until the rest of the staff arrive?" Harry asked.

"No," Penelope said. "It's nice to be with an old friend…and actually, I've been meaning to say something to you….it's about nine years overdue."

Penelope smiled when she looked towards Harry and moved closer towards him. Perhaps she had been caught up in the moment, but her entire life had been all about making careful, logical decisions.
"Thank you for taking out the Basilisk," Penelope said. "I was….well I was lucky not to die…everyone was lucky not to die."

Penelope leaned closer towards Harry and her lips met Harry's with a kiss. The witch could feel a burst of energy going through her body at the satisfying of beginning to settle a longstanding debt.

'And interest must have built up.'

Harry smiled, and pulled her onto her lap. He had been on this couch with a few other female staff members over his time at Hogwarts. Septima and Aurora had regular meetings in here with him.

His tongue curled underneath Penelope's and the most mind blowing kiss ever. His hand moved down the back of her leg and started to result in more pleasure coursing throughout her very being.

Penelope could not deny it. Harry Potter could really kiss and his kiss caused her mind to go absolutely numb behind belief. Her mind had been blown by one simple action.

Harry delved his tongue in between her lips and pulled away from her. The former Ravenclaw leaned back onto the couch, her mind completely blown from the kiss. Her eyes moved forward in a rapid fire blinking motion.

"Are you still with me?" Harry asked.

"Wow," Penelope said. "I had no idea…"

"My tongue is good for a lot of things," Harry said. He smiled when looking at her. "Maybe I should give you a little demonstration. Would you like that?"

Penelope responded with a brief nod. She had become a little bit hot underneath the collar and something told her it wasn't because of the weather either. She started to tug the material of her robes off of her to reveal her white blouse which had a couple of buttons undone to reveal her ample bust. The front of her blouse flipped a bit to show she had a toned stomach. Her skirt almost rode up on its own accord.

Harry drank in the hint of her stocking clad thighs. Penny looked like she was on wobbling legs. She leaned in and grabbed Harry. Her hand grasped his crotch and she looked at him with a hungry smile.

"Remember, during your third year when I wanted to hold your broomstick?" Penelope asked.

Her fingers brushed against Harry's crotch. She started to work her hand over him and caused his bulge to start to Harden a slight amount in his pants.

"Well, guess what, I want to do that again," Penelope said. She swirled her tongue. "And I don't mean your Firebolt either."

"Yes, I gathered."

Penelope already unbuckled Harry's pants and pulled them down over his ankles. His boxer shorts with a throbbing hard cock on the other side had been shown. The tent Harry pitched looked magnificent and Penny could not wait to run her hands over it. She pulled his boxer shorts back and revealed his throbbing hard cock.

"Not bad," Penelope said. She wrapped her hand around the base of his cock and started to pump in. "Nice and solid…and you have plenty of quality wood."
A naughty expression appeared in the eyes of the older witch when she leaned down and pumped Harry's cock a couple more times. She leaned down and kissed Harry on the head of his cock. Her tongue flickered around the head of his cock and pulled away from him.

"Keep it up," Harry said. "Why don't you put it in your mouth? It's good for you."

Penelope read a powerful wizard's cum was healthy and gave a witch a nice little boost. She thought there was no one more powerful and desirable than Harry. She placed her hands on Harry's legs and moved her mouth closer towards his cock. She took him into her mouth with one hard and potent suck.

Harry groaned when Penny's lip wrapped around his hard tool. He grabbed onto the back of her head and pushed his cock into her throat. Penny gave in a solid suck.

Penny took Harry into the back of his throat. She never experienced something which made her feel so naughty. The fact anyone could walk in and see her servicing Harry made her even more daring.

"Go ahead, suck me harder," Harry said. He touched his hands on the back of her head. "Suck it hard. Keep sucking me, be a good girl and suck me off...suck me off you naughty witch."

The curly haired witch bobbed her head up and down on Harry's tool. She worked her hands between in between his legs and stroked his balls. She tried to get his seed inside of her mouth.

"Mmm," Penny moaned when she sucked him even harder. Her throat worked further down onto his tool.

"There it goes, right now," Harry said. He held onto the back of her head. "Keep sucking me, that's it."

Penny kept sucking him alright. She could feel his balls and feel the big load which was about to go down her throat. She made sure his cock was sealed tight inside.

Harry leaned in and pushed himself hip first into Penny's face. He fucked her mouth and released the cum down her throat. She leaned back and took every single last drop of his seed.

She pulled back after completion and licked her lips. Harry motioned for her to sit down and she did as she was asked. She sat down on the couch and spread her legs for Harry. Her panties pulled down.

Harry brushed his fingers against her dripping hot mound. He could not wait to be inside her. First though, he wanted to taste her before going into her.

"Harry," Penny gasped.

Harry kneeled down between her legs and started to lap up her womanhood. Penny's thighs pushed almost all the way up and Harry licked her dripping hot box. He twirled his tongue into her molten gash with a series of swift licks.

Penny thought he was not exaggerating with the pleasure his tongue brought. He went inside her and started to shift back and forth. Her insides opened up so he could lick her even more.

Harry took the tangy juices from her pussy. He made sure to send a jolt from his tongue into her. More juices had been lapped up. She tasted of honey and Harry could not get enough of the nectar dribbling down between her legs. He wanted to lick her dry as he could manage.
"Harry," Penny panted. She held onto the back of his head and encouraged him.

The sight of his handsome face buried between her thighs and lapping her up made Penny squirm more than she thought she would.

'\textquote{Cum.}'

Harry's vibrating tongue hit the pleasure point inside of the former Ravenclaw. She bucked her hips up and enjoyed Harry's tongue inside her.

'\textquote{Now I know why Parseltongues are considered evil by the average wizard,' Penny thought to herself. Her nipples grew harder at the thought of being impaled by the tool.

Her canal moistened enough for him to slip in with ease. Harry swirled his tongue around her one more time and extended a little bit. He shifted back and forth.

Penny collapsed on the couch and Harry rose up to his feet. He reached up and unbuttoned the rest of her top. He exposed her sky blue bra with a transparent window on the cups. Her nipples poked out through the other side and demanded attention. Harry crouched over her hips.

"So, you wanted to hold my broomstick, didn't you?" Harry asked. "Didn't you, you naughty witch?"

"Yes," Penelope said with a smile.

"Do you want to go for a ride on it?"

Penelope rose up to her feet and could see Harry sitting on the couch. His cock stood at attention for her and Penelope's lips dripped with the thought of sliding them down Harry's hard and throbbing pole.

"Yes," she said with a smile.

Penelope straddled Harry's lap and he unclipped her bra. Her large breasts spilled out and Harry grabbed the firm orbs before squeezing them. She grinded up against him.

"Go ahead, and ride it," Harry said. He slapped her on her firm ass which prompted a squeal from her.

Penelope lined up her dripping cunt over Harry's massive prick. She could not wait to have him all the way inside her. She was sure he would fill her up so good, she could barely even think about it. She aimed herself towards his hard tool and pushed all the way down onto his rod.

"Yes!" Penelope moaned. Harry pushed into her and filled her completely up. "OHHH YES!"

Penny rose almost all the way up onto Harry's throbbing hard rod and then sank down. Her dripping box pushed up and down on Harry's veiny tool.

"Go for the ride of your life," Harry said. He squeezed her breasts and flicked his tongue against her nipples, really getting her hot and wild. "I bet no one has ever touched you like this before, have they?"

Penny shook her head and bounced up and down on Harry's throbbing manhood. It filled her pussy far and deep, to the point where she had been stuffed forward. Harry grabbed her hips and decided to thrust up to meet more of her. She never had her pussy filled so far and wide.
Harry smiled and could sense the pleasure going through the mind and body of the witch. He ran his fingers down her spine and she whimpered in pleasure.

"Cum for me," Harry said. He nibbled on her earlobe.

Penny could not deny her lover any more. She took her hot box all the way down on Harry's throbbing tool and pushed her lips against him.

"Yes, mmm, yes….oooh God!" Penny yelled. Her wet vice clamped and released Harry's meat pole.

She came hard and Harry only thrust into her even harder. His hands found every single inch of her body and tempted her. Penny reared herself back and dropped down herself cunt first down onto Harry's large pole. She rose almost all the way up and dropped down onto him again. She bounced high and fast, their thighs slapping together in a fevered motion of love making.

Harry sucked on her nipples and really got her going. He always enjoyed making older witches cream themselves over and over again. The fact her juices coated his pole showed how horny she is.

"Are you ready for the big one?" Harry asked. He licked behind her ear which caused Penny to lose it even more.

Penny nodded when her gushing cunt squeezed and released Harry's iron prick. She wanted the creamy treat.

"Ride my broomstick harder, my sexy vixen," Harry said. "I'm sure you've dreamed about this for years….now all of your dreams are going to come true."

Penny would be lying if she did not. She rode his throbbing cock into her body.

"I need your cum," Penny said. She squeezed him with as much strength as she could summon. "I need it more than life itself."

"Good things come to those who wait," Harry said. "Be patient…and all of your dreams will come true."

Penny was not sure if she wanted to be patient for very long. Regardless, she kept riding Harry and pushing her dripping wet walls against his massive prick. He grabbed her hips.

Several orgasms passed through the Ravenclaw. She moaned in Harry's ear and kept egging him on. Harry wasn't about to deny such a lovely witch her pleasure. He buried himself into her wet vice in a constant series of thrusts. Each of them went deeper and buried himself into her even further.

"Yes, cum for me, honey."

Penny's thighs closed around him and released him. She could not even function more than just riding for him.

"Please, Harry," Penny said.

Harry's balls throbbed and ached to release their contents into Penny. He lead her through one more amazing orgasm before he decided to fire.
The cum entering Penny's womb caused her to nearly lose her mind. The sticky seed coated her walls. The Ravenclaw worked herself down onto Harry's hard pole with everything she had to give him and then some more.

Harry enjoyed the sensation of the lovely older woman milking him. Her breasts bounced up and down in his face and Harry gave them a few more sucks when she finished her broom ride.

Penny pulled herself away from him and turned on the couch, showing Harry her pussy which still dripped with their combined juices.

"I guess I'm going to have to come to staff meetings earlier," Penny said. "Because, I get to have a far more interesting staff meeting."

Harry smiled and saw there was still time to sink his re-hardened cock inside Penny's willing pussy from behind.

"After the meeting, feel free to come up to my private quarters for tea," Harry said as he pounded away at her sweat pussy.

After their staff meeting, and broom ride, Penny would be up for a spot of tea.

End.
Harry Potter smiled when the attractive scantily clad brunette stepped closer towards him. A look of pure primal lust entered her eyes and Harry could not argue with giving her what she wanted and what she wanted was right in front of her. She stepped closer towards Harry, a swift smile crossing over her face.

"Finally," Sara Pezzinni muttered. She was a New York Homicide detective by day, and she had been bestowed one of the most awesome weapons in the world, the Witchblade.

It wasn't easy keeping all of the supernatural power in check. She did try her best though and she had something, or rather someone who could help her keep it in check.

"You don't waste any time, don't you?" Harry asked.

"No, I don't," Sara said. She could feel his strong arms wrap around him. The two of them met in the middle for a passionate kiss. They were in the back room of a club. They had went out for some dinner and dancing, a night on the town, a night away from all of the insanity.

Sara, however, had something else other than dinner and dancing on her mind. Her hands skimmed over Harry's firm and toned body. She liked what she saw and she knew what she wanted. She unraveled his shirt and revealed his muscular chest.

"You're impatient," Harry said.

"No, just horny," Sara said. Her hips grinded against his to get some traction and to tease her a little bit. "There's a different, as I'm sure you can tell."

"Oh, there is?" Harry asked. He turned her around and backed her against the wall. His hands cupped her firm rear from behind and squeezed it. "Enlighten me."

Sara pushed her hips forward into Harry. He pulled her bottoms down and found her dripping hot pussy. A small strip of brown hair stuck out against her tanned skin. Harry pushed his fingers between her pussy lips and she grinded against him.

"Did I enlighten you enough?" Sara asked. She purred in his ear. "Do you think I need to give you a little bit....extra enlightenment to how horny I am and how I want your cock inside me in the worst way?"

Sara did not wait for the answer. She seized the moment or rather she seized Harry's pants, yanking them down over his ankles. She exposed his throbbing cock for the entire world to see.

"It's larger than I remembered," Sara said. She cupped his balls in her hands and felt them. The amount of cum which would slowly build for her made her excited. "And you weren't small to begin with."

Her perfect juicy lips kissed Harry's throbbing head. Harry rested one of his hands on the back of her head. He wasn't about to stand in the way of a horny woman with a dark magical artifact which allowed her to tap the supernatural and what she wanted. And what she wanted was his cock.
Sara's wet and willing tongue serviced every last inch of Harry's throbbing manhood. She licked him from the tip of the head all the way down to the base of his cock. Sara swirled her tongue all the way down him and made him nice and wet. What she had in mind, it was going to have to be nice and wet.

Her perfect, round, tanned breasts stuck out towards Harry. Her juicy orbs prepared to make a sandwich with Harry's aching and oversized prick.

"Finally," Sara said. "I'm going to give you the tit fuck you deserved forever."

"Don't let me stop you," Harry said.

Sara's large breasts closed in around Harry's throbbing hard tool. He groaned the moment his cock filled up the valley in between her breasts.

"Yes, there you go," Harry said. "I love your breasts."

"I know you do," Sara said. She squeezed her breasts in and pushed his cock in between the valley of them. "And I know how much you love fucking my big juicy tits. You make me feel really good….it feels really fucking good to have your throbbing cock buried between my breasts."

Harry groaned and worked his manhood further between her breasts. The tanned orbs squeezed him and released him. Sara occasional serviced the head of his cock with a light little lick.

"I'm going to make your big cock cum all over my nice, juicy, titties," Sara said. "How would like that? I bet you would like that a lot, wouldn't you?"

"Yes," Harry groaned. "I would like that….a whole lot."

"Mmm, I sure you would," Sara said. She pumped her breasts down onto Harry's prick and milked him with everything she had. "I'm going to enjoy milking your balls down to the very last drop. I'm going to enjoy when you give me all of your seed. I want it all over my big, juicy, breasts!"

His cock made several more passes between her breasts. Sara's tits squeezed him. The sight of himself buried between such lovely sheaths of flesh caused Harry to groan.

"Cum for me, lover," Sara said. She tongued his cock with hunger dancing in her eyes. "Go ahead, and cum for me….I want your seed….I want every last fucking drop from your balls!"

"Here it comes," Harry groaned.

Sara jerked his large cock with her breasts. He saw her beautiful face and her large tits. Harry could not hold himself back any more. He needed to cum and he would do so hard, and fast. The contents of his balls shot up and nailed Sara in the face. Every last drop of his cum shot into her face.

The heavy amount of cum saturated Sara's face and breasts. She drained his throbbing balls with her gorgeous tits. A few more thrusts into her and Sara soaked in the shower of cum. Her heart beat even quicker with each single drop of cum spilling all over her body.

"Delicious," Sara said. She licked her breasts and made sure Harry kept his eyes on her. She sucked her own nipples.

Harry could see her pussy poking out and ready to have attention. He pushed her up against the wall, his cock throbbing, and pushed between her thighs.
"Oh, I feel something naughty," Sara said. She grinded her pussy against him in a circle motion. "You want to put your cock into me, don't you, Harry?"

"Yes," Harry said. He pushed his hard cock into her.

Sara's legs spread for Harry. Her dripping hot pussy invited him to slam into her hard. So he did, and he rocked into her body, pushing her against the wall.

"Fuck me hard, stud!" Sara yelled. She had been pushed against the wall with a brushing voice. The gorgeous tanned skin detective experienced a jolt of pleasure.

Her leg tightened around his hip, and the look in the face of the homicide detective turned supernatural heroine showed Harry what she wanted.

Harry held onto her hips and spearheaded himself into her with an amazing force. She clenched around him and tightened her pussy around his throbbing manhood. His meat stick spearhead between her molten walls with an amazing force. The contents of his balls built up with every single thrust.

Sara's entire body shook from the impact of one large, throbbing cock pushing between her high thighs. She clamped down onto him and milked him for everything he was worth. Her hunger increased when Harry plowed into her tight vice.

"Keep it up," Sara moaned. She nibbled on Harry's ear in response. "Fuck me, fuck my brains out….FUCK ME HARD!"

Harry decided to give her pretty much what she wanted. Some long and powerful thrusts buried Harry's massive rod into her dripping pussy. She clenched around him as hard as possible and drew him inside her.

He varied the speed of the thrusts into her, to make sure she had been keep guessing every time he buried himself into her. The thrusts grew a bit faster the further Harry delved into her dripping cunt.

"Mmm, yes," Sara breathed in his ear. "Pound me harder, stud!"

Harry did not have to do anything else other than slam himself into Sara's willing pussy. Her cunt closed down onto Harry's rod and tried to milk every single last drop out of his aching prick. All Harry did was hang onto her and plunge himself about as far into her depths as he could manage.

"Your pussy is getting the work it needs," Harry said.

Sara clenched him harder. Her moans increased when Harry explored her fit body while burying his cock into her depths. Her legs tightened around Harry's hips and continued to encourage him inside of her.

A spectacular orgasm rattled through her body. Harry's hands continued to bring pleasure to all of her spots, and the cock piercing her insides doubled the pleasure beyond anything Sara ever imagined in her life.

Sara squealed in passion when Harry cupped her ass.

"Soon," Harry said.

Sara's pussy clenched in anticipation of Harry burying his cock inside another part of her body, and her pussy walls clenched around him in anticipation.
"My pussy is burning for you, it needs your seed," Sara said. She licked him behind the ear and started to suckle on his earlobe. "Are you going to give me what I want, Harry?"

Harry indulged himself in her tight pussy and fucked her against the wall as hard as possible. The way her hips thrust out and encouraged him to bury his cock into her showed Harry how much Sara wanted this. Her lust increased when Harry kept pounding away at her tight pussy, never once letting up on the action.

Sara thought she would explode from the lust. His hands all over her legs while he fucked her caused her to grow needier for his cum.

A constant state of orgasm wrapped Sara's pussy around Harry's cock. Her warm and wet vice was snug around him and Harry kept fucking her for everything he had to give her. And judging by the way his balls filled up, he had a fair lot to give her. He held onto her hips and plunged himself into her.

"Mmm, give it to me, baby," Sara moaned in his ear. "Give me your seed….put it in me….I need it….more than life itself…..I need it bad!"

"Be careful what you wish for," Harry said.

His heavy bloated balls slapped against her thighs. Their sweaty bodies melded together in a passionate dance and Harry pushed himself against her, feeling her breasts press against her body. The energies swapping between the two of them caused sparks to fly in the air and the lights in the room to begin flickering on and off.

The holder of the Witchblade gave in to her passions, and experienced one of the greatest, mind blowing orgasms of her entire life. Her walls tightened on Harry's rod and pushed him inside of her.

"Mmm, yes," Sara breathed in his ear.

Harry plunged into her and decided to cum with her this time. His balls clenched and released their bounty into Sara's dripping hot pussy. He plunged into her and shoved almost all the way out of her. Harry's continuously thrusting into her released the full contents of his balls into her.

Sara milked Harry's gift into her body. His balls tightened and released an excessive amount of cum into her body. Her body started to glow with primal energy. She placed her hands on Harry's rear end and pushed him inside her, so he could empty the full contents of himself into her. Those thrusts grew long and powerful, emptying every single last drop of Harry's cum into her body.

Harry pulled out of her and smiled, surveying his handiwork. Sara smiled at him as well and lifter her leg. Her soft, elegant toes rubbed up and down the length of his cock, bringing him back to life.

"We're not done yet, stud," Sara said. "Why don't you take a seat?"

A soft chair appeared next to Harry and he took a seat. A seat appeared underneath Sara and she continued her footjob, stroking Harry's hard cock with her elegant toes. He groaned when he grew in volume for her.

"Finally, I've been waiting for this for a long time," Sara said. "And I know you have as well."

Sara turned around and stuck her ass out for Harry. Her hole looked tight and her cheeks were ample, and firm. Her entire body looked toned and her ass especially so.

The exotic woman stepped over towards Harry and started to grind her ass down onto Harry's tool.
She teased both herself and him with her ass rubbing up and down the length of Harry's tool.

Harry groaned when his tool started to stand up a little bit. She reached her hand behind her back and put Harry's cock in a reverse hold before stroking him up and down. Another groan passed through Harry with Sara stroking him hard.

Turnabout was fair play, with Harry grabbing one of Sara's firm breasts and squeezing it. She smiled and started to move closer towards him.

The tip of his cock brushed against Sara's puckered hole. Harry smiled when he drank in the curves of this lovely woman and placed his hands on her hips.

"Ms. Pezzini, it's time to get the pleasure you've always wanted," Harry said.

Sara grinded her rear up and down Harry's cock. His hands moved from her breasts and touched her hips. He made sure her asshole had been opened and most importantly prepped for what was to come.

"I'm ready for you," Sara said. She gave Harry a sultry smile and wiggled her bum close to his face, intending on making him want her even more.

Sara positioned her ass right next to Harry's cock and took his hands. He was about ready to release the tension both of them had built up one final time, and this time, he was going to release it in Sara's ass. Her tight hole pushed closer towards his rod, and he smiled when looking at her.

The dark haired temptress lowered herself down onto Harry's throbbing hard prick and filled her ass. Every single last inch of his cock filled her up and stretched her ass.

"Damn, girl, your ass is so fucking tight!" Harry groaned.

Sara wiggled herself up and down. She watched with lust, driving her ass onto Harry's cock. His meat stick buried itself balls deep into her.

"Feel free to go anywhere," Sara said. "I don't mind….it's pretty hot actually, you having your way with me."

"Oh, you mean like this?"

Harry squeezed one of her round tits and he could see the look of lust spreading over Sara's face. Her tight ass clenched around him and milked him for everything he was worth. Harry returned the favor for such pleasure, rubbing down her body. He found her clit and touched it.

Sexual electricity spread through Sara's body the second Harry touched her clit. He toyed with her, causing hunger to spread through her body.

"Do it again!" Sara yelled.

Harry pinched her clit and she moaned. Her ass continued to work Harry's cock while his fingers started to massage her clit, bringing an increasing amount of passion through her body.

"You haven't even begun to scream yet," Harry said. He slid a few fingers into Sara's dripping pussy and pumped his way into her.

Sara thought she died and went to some place she pretty sure she wasn't going in the afterlife. Heaven actually didn't begin to describe what Harry brought her to.
Harry smiled when he drank in her pleasure. Her ass milked his rod and her pussy milked his fingers. The combination was really excellent to be honest. He buried his throbbing cock into her ass as far and deep as well.

"Keep fucking me," Sara said. "I'm your little anal slut….I can't have enough…of your throbbing cock in her ass."

By trying to dominate Harry, she had become very submissive. Harry's fingers continued to bring her pleasure along with his cock. The constant bombardment of orgasms resulted in her entire body becoming inflamed with more passions, delight beyond all measure.

Harry kept hammering her ass. He never wanted to break the moment. Her tanned ass ramming down onto his throbbing cock made the contents build it.

Several jolts of power launched through Sara's clit. She leaned back with a moan when Harry massaged her breasts with one hand and her clit with another . Her body melded against his, her ass squeezing his cock.

Harry's aching balls pushed against Sara's needy tight hole and he knew pretty much from his feeling he could not hold out much longer. And he would not hold out much longer, not if he could help it. He kept working himself inside Sara's tight ass and spear deeper into her.

"Further," Sara moaned. Harry's fingers pinched her nipples. "Mmm, take me, take me in the ass….it's no less than I….mmm…it's everything I deserve."

Harry fucked her ass harder. Their bodies dripped with sexual fluids the further Harry rammed himself into her. He knew for a fact he was reaching the pleasurable end and he could not resist her much longer.

"Soon," Harry muttered. He nibbled the side of her neck and caused a jolt to spread over her body.

"Yes, baby, soon," Sara agreed. "Cum in my ass….put your load into my ass…..I want to feel your cum draining from all of my holes…"

Harry's thick balls ached at her words. He decided to explore her lovely frame one more time. The tension bubbled to the surface and threatened to spill down to the very last drop into her tight rear.

"Fuck me you stud, fuck me raw!" Sara encouraged him. She worked her ass down onto his tool. "Pound my ass and drain your balls into it…that's it…..right there!"

Harry pumped his rod into her tight ass far and wide. He could not resist. Her ass was going to push around his rod and milk him down to the last drop.

Sara grinned when pushing her tight ass down onto Harry's aching tool. She intended to drain him to the very last drop, not carrying who knew it. His balls pushing against her ass made things feel rather good.

"Fuck, it feels so fucking good!" Harry groaned. "I'm going to cum in your ass, I hope you're ready for it."

"Yes, baby, I'm ready," Sara said. "Shoot your cum into my tight ass….fill it with your cum…..I need it badly!"

Harry pushed himself into her and let his balls size up before spilling their contents into her. Sara wrapped her ass around him and bounced up and down onto him.
The gorgeous vixen glowed when she rode Harry's cock, sending the cum spurting into her ass. She made sure his cock drained into her asshole.

The two of them basked in the relief. Sara rested her hand on Harry's shoulder, when he casually played with one of her breasts. She smiled and the two locked eyes onto each other.

Sara pulled herself away from Harry and slid down between his legs. She decided to clean off his cock with her mouth.

"You never get enough, do you?"

One look said more than any word.

'Never.'

Harry could live with that. She finished cleaning him off and started to suck him. She took him deep into her throat, with all of the skill he expected from her.

End.
The vampire made her way into the shadows and took a long look around to see what was going on around her. Selene's dark hair shined in the moonlight with her beautiful face shining out, even though her lips curled into a scowl. The black bodysuit clung to every curve she boasted on like a second skin. She moved with grace and precision towards the general direction of her target. He was close, she could feel it.

And yes, the ageless beauty could almost taste it, or rather taste him.

"I know you're here," she said. The woman looked up. "You've been out there for the past three nights, and I'm curious as to why."

"The hunt is on, that's why."

Selene frowned when looking at the gentleman from the shadows. She could only see the slightest hint of him out there, and her frown grew deeper, more prominent. She had been hunted a couple of times before, but many more times, she had become the hunter.

"If you think I'm easy prey, then I'm afraid you're mistaken," Selene said. "But, come out and face me."

The figure chuckled and slipped from the shadows. Needless to say, Selene had been caught off guard by the presence of this particular gentleman. He cast quite the presence on her. His long dark hair was slightly unruly, and his green eyes which shined out, eerily, but at the same time so sexy. His body was hot enough to melt butter off of and she took a long look at him.

Familiarity struck her.

"I've met you before," Selene said.

He moved with a surprising speed and ended up behind her. She turned around, poised to strike. He caught her arm.

"I'm glad you remember me," he said, smiling. "Our meeting was brief, but never the less, it was pretty eventful, wouldn't you say?"

Selene's mind flash back to the young man and their meeting. To say it was eventful would be a pretty blasé understatement. Her body tingled from the thought of the meeting, and also the fact his hand rested on her waist, while holding her other hand. Something she did not manage to correct, or even care about doing so.

"I recall," Selene said. "You're out in the darkness….are you afraid of getting bitten?"

Her fangs bared for him for a second.

"I know exactly how to handle someone like you," he said. "I'm sure you recall, even if it's been several centuries since we've had the pleasure of sharing a bed."
Selene responded with a smile when she looked him straight in the eye. Her hands found their way around the ageless man's waist when looking at him.

"I recall every moment, Harry Potter," she said. "But, you should know I was younger, less in tune to both who I was and who I could be, and I've grown in strength over that time, and…"

Harry moved his hand up her waist and placed it on her shoulder to get Selene's attention. The dark haired vixen looked at him with a smile on her face, enjoying this despite being at a bit of a disadvantage.

"Do you really think I was just sitting at home, twiddling my thumbs?" Harry asked. He locked eyes with Selene and a long moment passed before she shook her head in negative. "I thought so…..I've been growing in strength, ready to make my move, and ready to take what I want."

Harry's arms wrapped around her waist and made Selene look at him.

"And I've decided to visit an old friend," Harry said. "And I can see how you've wrapped yourself up in your crusade, of revenge. Revenge can be satisfying for maybe a day, but it's barren."

"Why do I think you speak from experience?"

Harry leaned closer towards her. The gap had been closed between the two of them. They were so close, so close they could kiss. Or Selene could bite his nose off, whatever they preferred. He was not going to make the first move, rather the ball was in her court.

"I've lived many lives," Harry said. "Some of them rather unremarkable, and a few of them tainted by the prospect of revenge. The only thing which can bring me pleasure is a lovely woman wrapped around my waist, and I'm sure you can agree….in that small part of you who remembers how to feel, sex is the ultimate reward."

Harry's hands did not dip lower than her waist, even though the temptation was there. Selene's shapely bum beckoned to him, almost begging for him to have his fun. Temptation would hit Harry in the worst possible way, and he thought, he longed to play, even though he decided in the end not to go there.

"Fuck it!"

Selene almost pushed Harry back into the wall, and she wrapped her arms around his neck. Her tongue demanded entrance into his mouth and Harry was more than happy to oblige her. Their kiss increased in passion. Selene's nails dug into the back of Harry's neck when her body grinded up against his.

Harry thought this would go in one way and one way only, and he was happy for it to go there. Her kiss gave him the encouragement to explore and Harry did. His hands rubbed against every curve in that skin tight outfit. He cupped her ass.

Selene's nipples hardened from the other side and she tried to gain a little bit of friction when rubbing herself against Harry. She needed him, in the worst way possible.

A flash of light brought them into a rather familiar looking bedroom. Selene did not break the kiss. The vampire guided Harry down to the bed and started to reveal him of his body. Damn, it was as toned as she remembered it from some time ago. Her hands explored his body and then planted a series of kisses down his body.

Harry's cock sprung out of his pants and Selene wrapped her hand around him. All twelve inches
stood proudly and Selene could not wait to have it inside her in every way possible. She leaned down and licked the head. She teased Harry, swirling her tongue around the head.

"Nice to see you haven't lost your touch," Harry groaned.

Selene reached up and slowly unzipped herself. Her breasts, still perky after all of these years, revealed themselves to Harry, contained in a lacy black bra. The cups grew transparent and showed her nipples, and juicy areola to Harry. Selene ran her hands down her body, smiling as her lover ogled every bit of her. Her taut stomach was well defined, down to her wide hips and ass, which had been encased in a small lacy black thong. She placed her finger against the front of the thong and snapped it against her, making sure Harry's eyes had been locked onto her at all times.

"Damn."

Her legs were nothing to sneeze at either. Long, gorgeous, toned legs which stretched down for miles, with thighs which would soon be around Harry's face.

"I believe you know what I want."

Selene spread her legs for Harry, and Harry pulled down her thong. Her trimmed, dripping pussy stuck right in front of Harry's face. Harry leaned in and started to kiss her slit. He swirled his tongue around it, and made Selene moan in pleasure, working his tongue inside her dripping hot gash.

The vampire decided it would be unfair for her to get all of the pressure. She added to the other half of the sixty nine position by taking Harry's throbbing hard cock into her mouth.

Harry buried himself between the thighs of the lovely Selene. He reached his tongue into her depths and licked her. He could already tell by how wet she was getting, she dreamed of this for a long time.

'Time to make all of your dreams come true.'

Selene rewarded Harry's servicing of her pussy by taking his cock further into the back of her throat. She opened up her throat to accommodate the manhood. Her hands reached between his legs and grabbed his swollen balls. She squeezed them and appreciated the volume of cum building up in them.

Harry flicked his tongue inside her and decided to kick up the pace. He reached over and found her clit. Harry touched it and sent a jolt of energy through it.

Selene's hips bucked into Harry's face and she drove the immortal man's cock further into her throat. Her throat clenched around Harry and started to work him deeper into her mouth.

'Fuck,' Selene thought to herself. 'It's almost torture with his tongue...and his fingers are just as good.'

Selene unleashed her juices onto Harry's face after he found her sweet spot. She gushed all over his face, and Harry lapped up every sweet, savory drop of her juices.

'Good, good, I feel good, but now it's your turn,' Selene said. She pushed her hips all the way down onto Harry's face and saturated his face while sucking his cock.

Harry grunted when he bucked up into the back of Selene's throat. His balls threatened to burst. Selene's silky fingers wrapped around them, squeezing Harry's balls and massaging them, with an
immense heat causing Harry to groan in pleasure. He could barely hold back from launching his full load down into her throat.

Selene would not let him hold back, not in the slightest. His balls bucked and shot their load. Selene's throat opened up to drink up the cum which Harry put into her mouth. She did not waste a single drop of the creamy goodness from flowing freely.

Harry's eyes rolled back when he continued to unload his creamy goodness into the woman's waiting mouth. His balls tensed up when working into Selene's mouth. She drained every single last drop of cum from his balls with her sucking, knowing there would be more later.

Selene gave a grin in response. She licked her lips from the cream and pulled her pussy away from Harry's face. She rubbed it all over Harry's body, before she turned around. She straddled Harry's hips and leaned down. She undid her bra and allowed her perfect breasts to fly into his face.

"Time for us to have more fun."

She leaned down and started to use her body as a vessel to worship Harry's. Her hot frame rubbed up and down Harry, working him over with over. Her breasts pressed against his muscular chest when their flesh met. She rubbed herself against him with hunger dancing in her eyes.

Selene leaned closer towards Harry, her fangs bared. They scrapped against his neck, giving him a playful bite. His magically powerful blood was an addiction, and not one she minded holding to be honest.

"You couldn't resist?" Harry asked.

"You're very hard to resist," Selene said. "Centuries has not dulled that….hopefully we don't spend centuries apart before our next encounter."

Harry wrapped his arms around her waist and made sure her eyes locked onto him.

"Maybe before we plan our next minute, we should finish this one first."

"Yes," Selene agreed. Her hips grinded against his. "Maybe we should."

Harry's cock throbbed and Selene reached between her lover's thighs to hold it into place. The cock stood rigid and ready to be mounted. Selene's lips smacked together with a hunger which could not be beat.

"Finally," Selene said. She shifted her hot lips against the edge of his cock and slowly lowered herself down onto him. "It's been way too long."

Harry penetrated her body. Selene worked herself all the way down on his pull until her hips touched his. All twelve inches of his cock buried into her.

"Tight, so fucking tight," Harry groaned. Selene wrapped around his cock when she looked down at him with a sultry and predatory smile made his balls throb. He reached around and caressed her body. "Just the way I like you."

"Just for you, darling."

Selene grinded all over Harry's aching pole. She remembered this cock and how much it stretched her out. And how many times it could refill. She never quite tested its capabilities, how far it could go before it deflated. Selene would be lying if she wasn't the least bit curious.
Harry looked up at the gorgeous creature bouncing up and down on him. Her face shined in the light. Her silky hair drew his attention towards her and her body was so elegant, so perfect, with beautiful womanly curves on display. Harry reached up and decided to pay special attention to some of those curves.

Selene smiled when looking down at her lover. She took Harry into her depths with a few pumps.

"Ride me," Harry said to her.

"You crave my pussy wrapped around your cock, don't you?" Selene asked. Her voice was low and hungry. She leaned down and nibbled on his neck. "You.....crave it...don't you?"

"About as much as you crave my cock."

Selene spread her legs and buried Harry inside of her. His throbbing balls almost hit the side of her entrance. Selene didn't want to back off for any reason. She wanted to ride Harry until she could not ride him anymore. If it meant burying his cock inside her until all sense had been lost, then so be it. She would gladly do so.

"Mmm, I'm glad you crave me," Selene said. She worked all the way down onto Harry. "And I'm going to drain you...down to the very last drop."

Selene's pussy grabbed onto Harry's cock. He allowed her to get a moment of dominance, to set her up to be dominated even harder later on.

"We'll see," Harry said. "Isn't it time for you to cum."

One word worked Selene's mind. Harry played her rather nicely. Her pussy twitched and tensed, releasing her juices. Harry pumped up into her and brought his throbbing cock into her pussy.

Selene rode him into an amazing state of bliss. Her entire body tensed up and she squeezed his cock before sliding all the way down onto his pole. She wanted him bad.

Harry smiled when he could feel Selene's body releasing her tangy juices onto his cock. She rode him with reckless abandon, bouncing up and slamming down onto his thick prick. She was so wet, her pussy almost slid off from around his cock. Harry grabbed her hips to make sure her ride reached a conclusion.

"So, are we having fun?"

Harry touched Selene's nipple which caused a spark of fire to spread through her body. Selene's eyes closed when feeling the ultimate rush of pleasure.

"Yes," she said in a breathy tone.

Harry responded by accelerating the pace of his thrusting. Selene matched his motions and the two of them exchanged a passionate round of love making.

Selene thought the orgasms never would stop coming. They hit her body with a passionate force. She rocked her hips down onto him and rode them out. His balls filled with more seed the more she rode him.

Harry reached up and cupped her breasts. She reared her head back with a moan when Harry started to play on her nipples.
"You're not the only one who can bite."

Harry wrapped his mouth around her nipple and caused her to nearly lose it. He bit down on it. The venom coursing through Harry's body could be transferred by salvia, ether killing the person in question, or bringing them to unmistakable pleasure. Selene experienced pleasures and her pussy juices even more of her clear juices down Harry's pole.

Selene slid off of Harry a few times and she could not keep herself sitting straight. Harry took pity on her and slid out of her. He motioned for Selene to get on her hands and knees.

Harry's toned body pressed against Selene's back. He caressed her breasts and the moans showed Harry how much she liked it. His cock, still dripping from the juices which Selene's pussy spilled, rubbed up against her entrance. Selene spread her thighs far, accommodating Harry.

"Please!" she begged him.

"Please what?"

Harry stroked her flesh and resulted in moans of despair and pleasure coming from the sultry immortal vixen. Harry tapped his cock against the edge of her entrance.

"Fuck me!"

Harry aimed his cock at her entrance and slammed into her. Selene's pussy hugged him, pleased to have his cock back inside her.

'It feels so empty without his cock."

Harry held onto Selene's hips and spiked himself into her. The strokes were a bit slower, more teasing, at least at first. They grew in frequency and intensity the more often he buried his cock into her wet sheath.

Selene dug her fingernails into the bed, appreciating what he gave her and wanting even more. His balls slapped against her and she could feel how much cum they held for her.

"HARDER!" she yelled.

"Impatient," Harry said. He teased her with more caresses and did the opposite of harder, he slowed down his thrusts. He stopped before an orgasm hit her body.

The vampire panted when Harry pulled out of her. He nibbled her neck some more and another jolt of that venom spread through Selene's body.

Harry had her right where he wanted her and where he wanted her was underneath him, getting her brains fucked out. He sped up his thrusts. Every single time he drove his hard cock into her womanly depths. Selene screamed. She begged for more, begged to get all of Harry's cock buried deep inside of her.

"You're about ready to break, aren't you?" Harry asked. "You can't handle it, you're going to cum for me again….."

Harry slapped her rear which really got Selene's motor running. His forceful, but loving presence, set a fire in her body which had not been lit for quite some time, since the last time they shared a bed. Selene's body tensed up around him and another orgasm worked over the tool penetrating her. She thought she would lose it and lose it hard. Harry's thrusting increased in frequency.
Every single trick in the book had been used by Harry to hold himself back, hold himself back until he was done with Selene. Oh, she would feel the pleasure alright, but it would be on his terms.

"And again," Harry said, running a finger down Selene's spine, and causing her body to gush for him.

Selene's body tightened around Harry's throbbing cock the more he pounded into her from behind. He experienced the snug tightness of her pussy and knew from the pleasure of it wrapped around him, she was near again.

The sexy vampire dug her nails into the bed when Harry rode into her from behind. Every time his cum loaded balls slapped her from behind, Selene's eyes faded over. She could not get enough of him or his cock.

"My turn."

Selene milked his incoming thrusts. The heaviness of his balls slapped against her. He buried into her deep and fast. His cock stretched her out inside, and made Selene's entire existence one never ending amount of pleasure. Her heart sped up with Harry's cock aimed into her dripping hot cunt.

"Fuck me, harder!" Selene yelled. "Cum inside me, I need it inside me!"

Her stomach bulged and she experienced Harry's cock buried inside her, buried deep inside of her womb. Selene could not hold on for much longer. Another orgasm rocked her body from head to toe.

Harry rode out the orgasm, knowing his was pretty close. He enjoyed her warmth, pounding her from behind. A grope of her breasts resulted in a sultry moan coming from Selene's throat.

"Cum inside me," Selene said. "PAINT MY WALLS WHITE WITH YOUR CUM!"

The mutual orgasm the two of them shared were more intense than anything they had ever experienced up until this point. Harry's balls fired their immense load into Selene's pussy.

Selene spread her legs and Harry spilled inside of her. His balls kept spilling spurt after spurt of seed into Selene. Selene milked him down to the very least drop.

Harry pulled out of her and Selene rolled over on the bed. She smiled, spreading her legs and showing Harry the cum draining from her legs. She grinned when looking up at him and pulled Harry on top of her. The two of them kissed with passion.

"We better keep this up," Selene said. "I have hundreds of years of sexual aggression to work out."

"Well," Harry said. He touched her hips and positioned his re-hardened cock at her. "We best not keep you waiting."

Selene smiled and tightened her silky legs around Harry. He massaged her legs and held onto her hips before he speared into her.

"The gift which keeps on giving, and giving, and giving!" Selene moaned.

Harry pushed into her and the two would be at it for some time. The Incubus had a heavy amount of stamina, and Selene appreciated how they had all of the time in the world, being immortal.
End.
Lucretia Malfoy broke out into a smile when she waited for him to arrive. She turned around to check herself out in the mirror. Her elegant face with high cheek bones, pouty lips, and blue eyes shined out. A silky black bathrobe wrapped around every inch of her figure and flipped up to show her stocking clad thighs.

"For the record, you look the same you did about five minutes before, and five minutes before that….and fifteen minutes before that."

Lucretia turned her attention to go eye to eye with her cousin, Vega Lestrange. The dark haired girl was about a head shorter than Lucretia and approached her. The fishnet body stocking clung around her body, showing her skimpy black bra and thong combination underneath. It was a wonder why Vega wore anything.

"You have to be perfect when our lord arrives," Lucretia said. "He demands our very best, and he gives it to us….we have to give it to him."

"The two of you, honestly."

Their cousin arrived, Nymphadora "don't call me Nymphadora" Tonks arrived. She wore a pouty expression along with a black tank top and a pair of jean shorts which showed her ass and legs. An immense amount of cleavage spilled underneath her tank top which she drew more attention to with her arms folded underneath her chest. She decided to go with green hair, both on top of her head and elsewhere, which really went nicely with the exotic violet eyes.

"Aw, Nymmy, you look good enough to eat," Vega said. Nym raised an eyebrow when looking at her cousin. "But, don't worry, we're not going to be the ones who are going to eat you….rather that will be the honor…your honor I'm sure though…of our new Lord Black."

Lucretia smiled. She had already had a taste of him previously, and could not wait to sample the entire package. Her thighs moistened at the thought of him.

'A good thing I didn't wear panties, otherwise they would be soaked,' Lucretia thought to herself.

"You better stick around, you don't want to miss any of this," Vega said. She spoke apparently to the mirror.

"Vega, who are you talking too?" Lucretia asked. It wasn't the first time she feared for her cousin's sanity. Given who her mother was though, that wasn't really that much of a stretch.

"You'll see," Vega said in a sing-song voice. She clapped her hands over to her hips. "It's a surprise….you don't want me to spoil the surprise do you?"

Lucretia wondered if she really wanted to know. She locked eyes with Nym, and Nym shook her head.

'Best not to think about it.'
The door swung open and Harry Potter walked inside. All three of the Black cousins looked towards him, with smiles on their faces. They approached him, with Vega dropping to her knees right before him, showing no shame whatsoever.

"My Lord, it's an honor to serve you," Vega said.

"Yes, it's quite nice to see you again," Nym said, trying to show a little bit more dignity.

"Hello, Nymphadora," Harry said. He stepped a bit closer towards her and smiled. "It's nice to see you as well."

Harry wrapped his arms around the older witch and drew her into him for a sizzling kiss. Nym's eyes snapped over when Harry pushed his tongue deeper into the back of her throat. She could not believe how far or how fast he pushed his tongue into the back of her throat.

All she could do right now was to return the favor, placing her hands onto the back of Harry's head. They deepened the kiss, with Harry's hands moving down to cup Nym's ass. He pushed his crotch towards her and their hips grinded together, allowing a slight amount of friction to rise between them.

"Nymmy, share the wealth!" Vega whined.

Lucretia shook her head. She wondered if she was the only one in this generation of Blacks to have any amount of subtly. Her cousins most certainly were not subtle, and her obnoxious younger brother wasn't subtle in the slightest.

"And Vega, it's nice to see you as well," Harry said.

Vega smiled and finally took her spot next to her master. Harry grabbed her face and gave her a passionate kiss. Vega's entire body twitched underneath him. After Nym and Lucretia talked him up, she could not wait to get a piece of the new Lord Black.

Her father might have died, but Harry was her Daddy now. And if she was a bad girl, he would no doubt discipline her. The thought of this caused her mind to almost melt.

'Damn,' she thought to herself when the kiss had been broken.

"My dear, Lucretia, hello," Harry said.

Lucretia smiled, she had pretty much corrupted Harry from the beginning, something she took great pride for. She was the Head Girl in Harry's first year at Hogwarts, and after chasing off her brother and his two boyfriends, Crabbe and Goyle, she decided to give Harry a warm and wet welcome to Hogwarts.

"Hello, love," Lucretia said.

"How is your mother?" Harry asked.

"She's well, as you know, given how you ravished her just last night," Lucretia said with a sultry smile.

Lucretia decided to outdo both of her cousins by kissing Harry full on the lips and shoving her tongue down his throat, while slowly unbuttoning his shirt and undoing his pants.

"She looks like she's going to worship him right now," Nym said.
"You mean just like she did," Vega said. "She's the one who corrupted a poor eleven year old boy…..and she has the gall to get on me for not being proper."

Lucretia had Harry almost out of his pants, but she backed off. She turned towards her cousin with a narrowed eye and Vega almost shivered because of Lucretia's look.

"He was very mature for his age," Lucretia said without missing a beat.

"Right, of course," Vega said. She smiled at her cousin. "So, am I going to actually see the greatest work of art?"

"It's only fair she goes first given she hasn't gone at all," Lucretia said with a sigh.

Nym was ramped up and about ready to ride Harry. She was about ready to whine, until Lucretia slapped her on the ass.

"Actually, I have a solution," Harry said. He pulled out a necklace with a rune stone on it. The stone had a weird runic symbol on it, which none of the girls recognized. "My mother made this years ago for purposes like this….to help tame multiple girls at once."

Harry muttered "three" underneath his breath when touching the symbol. He divided into three identical copies. The only different between the two were a solid glow which surrounded the two duplicates.

"So, your mother invented something where you could have sex with multiple women?" Vega asked. "I approve….but I call Prime!"

Lucretia and Nym looked at each other and just decided to let it go. Vega positioned herself on her knees in front of Harry, a smile over her face.

The work had been done for the most part by Lucretia. All Vega had to do was pull Harry's pants down and finish the job she started. She squeezed his package and her heart raced. Harry's boxers followed next and his huge throbbing cock sprang out and hit her in the face.

"You are a big boy," Vega said. "Guess what they say about magical power is true….for the women, it goes to their chest, and for men it goes to their…mmmm."

Vega wrapped her lips around the head of Harry's cock and gave it a couple of sucks. She pulled back and swirled her tongue around Harry. Vega's violet eyes burned with passion when she kept licking him from the head, all the way down to the base of his cock.

"Fuck, that feels so good," Harry groaned.

Nym closed her eyes and caused her breasts to grow so large they ripped out of her shirt. Between her large breasts, green hair, and soft looking face, she looked like a treat indeed. Nym dropped down to her knees and took the cock of her master between her tits.

Harry felt the combination of Nym's tits and Vega's mouth wrapped around his cock. Most wizards would not have been able to handle the pleasure of one, never mind two of them. Lily warned him about not making more than a handful of duplicates, otherwise he would have been driven into a coma.

Vega pushed her mouth all the way down onto Harry's cock. She took him into her throat and gave a rather loud and passionate suck. Her mouth worked him over, fondling Harry's balls when she sucked him and hard.
"Damn, girl, are you trying to drain me?"

One look through Vega's passionate eyes showed Harry this was what she intended.

Lucretia grabbed her copy of Harry and ran his hands over his body. She flipped him onto the bed and mounted the top of him. Her robe flipped open, exposing her creamy tits when she mounted Harry.

Harry only had one thing to do and that was to grab Lucretia's round breasts and squeeze them. She reared her head back with a moan. Lucretia's wet pussy grinded against Harry's throbbing cock.

"You don't waste any time, do you?"

Lucretia smiled and positioned Harry's cock at her pussy. She positioned herself all the way on top of him. The tip of his cock teased her pussy and she spiked down on him.

Harry enjoyed the warmth of Lucretia's dripping wet pussy sliding all the way down onto his cock. He grabbed her hips and encouraged her to work herself up and down. Her breasts bounced before him and Harry had no choice, but to squeeze them. They were both so tempting and so wonderful.

The Malfoy heiress started to rock her hips up and down on Harry's cock. She buried his throbbing manhood deep inside of her body. Every time he filled her, Lucretia's pussy clenched.

"I'm going to fuck you until you can't see straight," Harry said, grabbing onto her tits and squeezing them. They still were outrageously huge thanks to her powers.

"Do it," Nym said. "Fuck me, just like you're going to fuck my baby cousin later."

Said baby cousin occupied herself with the prime copy. She slobbered and sucked on Harry's knob. She went to town on his manhood, enjoying the taste of him. Vega squeezed his balls and was about ready to enjoy the drink coming from an extremely powerful man.

"Damn, I'm going to blow in your mouth," Harry said.

Vega kept working her hands and mouth around Harry. She needed every single drop of the seed. Her hard and hot sucks rewarded her with a small taste, but now she wanted more, she wanted even more.

Harry grunted and fired the warm, hot, seed from his balls. He shot those sticky, juicy contents all the way down Vega's throat. Vega tilted her head back, sucking on him, while squeezing and milking his balls. She made his cock feel warmth and pleasure when he fired down her throat.

"You take a cock down your throat better than your mother did the first time," Harry told her.

Vega approved of doing something better than her mother. She rammed throat first down onto him. Every last drop of seed had been spilled down her throat.

Lucretia continued to ride on Harry's cock. She impaled her hot cunt all the way down on his massive tool. Her heart started to beat in pleasure.
Seconds later, she watched when Vega approached her. Vega smiled, sticking out her tongue to show the load which she grabbed from Harry. This amazing sight of her cousin having her mouth stuffed full of their load's cum only encouraged Lucretia to ride Harry's cock even harder.

Vega climbed up on top of the copy of Harry which Lucretia was riding and leaned forward. She pressed her breasts against Lucretia, rubbing her pussy against Harry's face, while getting eaten out.

"Don't worry, cousin, I'll share the wealth."

She opened Lucretia's mouth and shoved her tongue into the blonde heiress's mouth. Each push of cum prompted Lucretia to drive herself down cunt first onto Harry's prick, hungrily trying to milk the cum out of his testicles.

"YES, POUND ME, FUCK ME LIKE I'M AN ANIMAL!"

Nym's screaming increased with Harry resting his hands on her hips. He slammed his cock into her in a repeated fashion. Her tight pussy wrapped around him.

He watched, in amusement, as her hair turned multiple colors. Harry fucked her so hard, her powers were going a bit out of control. Nym's hair shifted from green to purple to pink to blue, and all the way around. To her credit, she managed to still make the carpet match the drapes all the way through.

He pulled out of her and turned her over onto the bed. Harry rubbed his cock against Nym's hot entrance. Nym tried to push her hips all the way up to meet his throbbing hard cock. It pushed into her and brought sexual passion through every last inch of her body. Harry held onto her and kept pounding way at her wet, sopping hot pussy.

Harry decided to allow himself another play, and bury his face between Nym's large pillows. He sucked on her nipples and her screams increased.

"Time for you to cum, Nymphadora."

Normally she disapproved of the name, but it was so sexy coming from Harry. So her walls clenched around him and milked his cock while her juices covered his cock.

Vega had been turned around and shackled, facing the wall. Her legs had been spread. The entire steamy realization hit her. She had been bound and at the mercy of her master and her master's large cock.

"Time to really break you in," Harry said.

Vega's pussy dripped the moment Harry dragged his throbbing hard cock against her entrance. Her loins moistened with excitement the further Harry attempted to push inside her. His cock was about at her gates and Vega could not wait for him to push inside of her.

"Do it, now, master."

Harry pushed his throbbing hard cock inside of her. Her tight pussy snugly fit around him.

"Your pussy feels so good," Harry said. He pressed against her body and grabbed one of her perky tits. "And just think, it's going to be mine to fuck forever, and as many times as I want to...how do you like that?"

The state of Vega answered the question for Harry better than anything else. He plunged himself
Harry explored her body. Every single curve molded underneath his skin, and her soft body was wonderful to be explored underneath his.

"Who will fuck your brains out, and make you drool?" Harry asked.

"Who is going to make you cum?"

The word proved to be a trigger within Vega. Her hips thrust out and squeezed around Harry. Harry held onto her and kept plowing himself into her body. He hit all of the points.

"HARRY FUCKING POTTER!" Vega yelled. "You are my fucking master….now master my pussy…master it….fuck me….fuck me so fucking hard!"

Vega panted when being pushed hard against the wall. Harry's massive prick spiked into her body and spread pleasure all over her loins. Screams followed Harry fucking her into an orgasm.

The copy of Harry glowed with pure white light when he plowed into Nym on the bed. Her tight pussy continued to wrap around him. The snug tightness caused Harry's entire body to fill up. He knew the end was here, at least for this particular copy.

"Oh, God….."

"Glad to see you've agreed with those terms," Harry said. He cupped Nym's ass and grabbed them. "Are you ready for your big score?"

Nym's wet pussy tightened around him. Her body was ready, he could feel it. Was she really ready for the end? His cum bloated balls continued to slap against her thighs. He pushed into her, slamming into her from behind. Harry rode himself into her tight pussy, and grabbed her breasts. He squeezed them, and molded them into his hands, making them his and his alone.

"You're going to cum so hard," Harry said. He smiled when squeezing her nipple between his fingers. "I hope you're ready….because I'm not going to show your pussy any mercy."

Nym made a silent plea for him to bring it. Harry brought his huge cock inside of her dripping, wet, cunt. He stretched her with a series of hard thrusts into her body.

Harry's body illuminated with a bright light and he slammed into Nym's body one more time. His balls tensed up and he knew it would come.

Nym's pussy closed around Harry's rod and the first blasts of cum coated her insides. He emptied the contents of his balls deep inside her body.

He kept cumming, filling her pussy up with so much cum it drained from Nym's cunt. He kept
pushing into her, and Nym could not believe how much he filled her with. Every time her pussy had been overstuffed, an orgasm rocked her body.

A blinding bright light surrounded Nym's body. Harry's duplicate exploded into a shower of cum. Nym was surprised when her body had been soaked by cum from head to toe. She was sure had she looked in the mirror, she might not have been able to recognize herself. She rolled over and scraped some of the explosion of cum off from her chest. She slid those fingers into her mouth and sucked her fingers dry, humming when she licked those digits clean.

"Damn!" Lucretia moaned. She rode her stud hard and fast. "I need myself some of that…

"Don't worry, you'll get what cumming to you soon."

Harry grabbed Lucretia's tight ass and made sure she slid all the way down onto his cock. Her wet walls caressed his manhood when working all the way down on him. Harry continued to pump his way into her from above. Not once did he stop fucking her pussy, knowing how much it drove her completely wild.

Speaking of getting driven wall, the prime copy of Harry brought Vega to another mind shattering orgasm. She craved every single touch he could give her.

"Such a loyal servant."

"Yes, I belong to you," Vega said. "Fuck my tight little pussy….fuck it until it cums all over your big, juicy….prick!"

She flexed her walls around him and started to breath in increasing intensity. Harry spiked his way inside her and made sure she was close to coming undone.

"Just think of how many times I made you cum," Harry said. He caressed Vega's body which resulted in the witch shuddering. "And just think of how much cum is building up in my balls, to put inside your tight little body."

Lucretia thought about it alright. She bucked her hips down onto the duplicate of Harry on the bed. His hands remained on her juicy, round, breasts. He squeezed them and caressed them.

"Are you getting close, honey?" Lucretia asked. She rode the duplicate to Harry, wanting to get to the creamy center sooner rather than later. "I want you….I want you to cum all over me….I want to me dripping in so much of your fucking cum, I look like a used cum!"

She pushed herself down onto Harry's cock. His hands touched her and brought Lucretia to pleasurable heights. Speaking of heights, she rose all the way up and came down onto his prick. Her tightening cunt against his cock made it hard.

"After you."

Lucretia gushed all over him. She held her hands on his muscular chest and continued to ride her stallion all the way to the edge. Her thighs smacked against him.

"Oh, I love how your nice, big, cock fills me up!" Lucretia yelled. She caressed her body, showing every shimmering curve to Harry. "Defile my pureblood body with your sticky seed!"

The daughter of Lucius and Narcissa Malfoy brought her love box all the way down on Harry's throbbing tool. She could feel him, the orgasm was almost here!
Harry plowed into Vega against the wall. He could feel the tightness of two pussies. He focused on the one he was experiencing in real time, even though Lucretia was making it borderline difficult for him to focus on it.

"Pound me!" Vega whined.

Harry obliged her by pounding way at her pussy. He worked the contents of his balls to a fever pitch. He made sure the heavy balls slapped against Vega's thighs, knowing it would drive her completely and utterly insane with passion.

Vega's walls tightened around Harry. She wanted every single last drop of cum from those balls and would not stop at anything to get them. Her heart raced the more Harry aimed his cock into her.

"Soon, good things come to those who wait."

Lucretia slammed herself down on Harry's cock. She rode herself all the way to an orgasmic pleasure. Her hips pushed all the way down onto Harry and squeezed him.

"Yes, I'm going to cum," Harry groaned. He squeezed Lucretia's ass and pushed up into her. "Are you ready for your shower?"

Lucretia tightened around him. She was ready. The first blast of cum fired up inside of her pussy and coated the inside of her walls. Harry's throbbing balls connected with Lucretia's waiting womanhood.

She watched the glow of his body increase. The same thing happened to Nym, and now it was going to increase.

"Time to burst," Lucretia said. She pushed her body down onto his and gave him some added incentive. She grinded against his pumping cock to add to the incentive and also make him fill up her body with even more cum.

Another duplicate was about ready to give way. The duplicate exploded and launched cum into the air. It covered Lucretia's body. It rolled down her face, down her breasts, down her firm stomach, and she sat in a pool of it where Harry once was. Some of the cum dribbled into her hands before she licked herself clean.

"Mmm," she moaned, licking her fingers completely clean without another thought or problem.

Lucretia stole a look at Nym, and Nym extended her tongue so she could lick herself clean. She smiled and walked over towards her cousin. Lucretia dropped down onto Nym, straddling her hips and leaning down towards her with a smile locked onto her face. Their pussies locked into a scissor motion and started to rub against each other.

Vega would have slumped down had the chains not held her up. Harry repeated his action of ramming into her. Her body rode in a never ending state of intense orgasm. The shakes coming through her body made Vega even more excited for what was about to happen.

"Mmm," Vega moaned.

"You're finally going to get your reward," Harry said. He could tell how excited she was by now hard she clenched him. "I'm going to fill you full of my cum….so much cum you will be dripping for weeks."
"Good, I'm glad," Vega said.

Harry thrust into her wet and hot pussy. He pushed her against the wall. His hands firmly grabbed her hips to show Vega who she submitted to. Not she needed much of a reminder.

Even Harry's stamina had his limitations, and after he drove Vega into orgasms well into the double digits, he knew his time was at an end. He rode her pussy through one last orgasm, before blowing his load inside her.

Vega's body flashed and it had been super charged by a wave of magic. She bound to Harry. The spilling of seed in her body cemented Harry as her lord and master, and the man who mastered her pussy. He rode her for several more moments, filling her pussy with a never ending shower of cum.

She sighed in content, wondering if someone else had learned a lesson today.

Draco Malfoy's eyes remained open, mostly because his cousin kept them pried open with coat hanger wire and secured his head from attempting to look away. After he complained about being denied the Lord Black status, Vega promised to show Draco why he would not be able maintain the responsibilities of being Lord Black and how Harry Potter was better at him in any way.

Malfoy would never admit she was right, even under penalty of torture. But was right.

Draco faired a bit better than his father. Lucius seemed to have lapsed in a drooling state and may have succumbed to a stroke in seeing his daughter covered in Potter's cum like a Knockturn Alley streetwalker.

Narcissa, meanwhile, watched the show, still recovering from her meeting with Harry last night. She tipped back her drink, and looked at her husband and son with a smile.

Meanwhile, Bellatrix laughed like a hyena on laughing gas at the horrified look on the face of her nephew, and the state of her brother-in-law. Her new master certainly knew how to break a woman and she took great joy in watching him break her smug shit of a daughter.

She got that from Sirius, she was sure.

End.
Kara Zor-L of Earth Two known in her civilian life as Karen Starr, also known as Power Girl, struggled to pull herself out of the chains. She wore her normal costume, the white one piece suit with the famous window to allow her luscious breasts to remain on display. She had been forced forward so her tight ass stuck up in the air. Her long and muscular legs stretched down for miles. She looked up and realized she had nowhere to go. Her powers were useless against these chains.

"Hello, Power Girl."

Karen looked up and saw her captor standing above her. She tried to break free from the chains, but the chain refused to break.

"You…what do you want?" she asked.

"I think that's obvious," he said. "You fly around in that costume, showing your tits, it riding up your tight ass. I can see your pussy from certain angles. Is it just me, or have you made your costume tighter?"

Karen struggled to break free. She knew sooner or later, she could get free.

"You've been trying to get my attention for some time," he said. "You have it now, don't you?"

The man walked forward and cupped Karen's cheek. She looked at him with anger, with a small bit of lust flowing through her eyes as well.

'Great, Rao, he's handsome,' Karen thought to herself. She struggled in her attempts to buts free from the chains. 'And well hung if the rumors are true….it's a shame…he's quite evil.'

"Far be it to not give a woman what she wants," he said. "But, I think you need a little help….therefore, the collar on your neck will help….make up your mind."

She shook her head, wondering what he strapped onto her.

"It helps regulate impulse control and also increase the hormonal sensors in your brain," he said. "Or to put it in laymen's terms, it will make you so desperately horny you'll jump the first cock you see."

"No….."

"You've wanted to fuck me, didn't you?" he asked.

Karen hung her head down and admitted in her shame, yes she did want to fuck him. She was curious to see if the rumors about his cock were true.

"Well, let me help you out, Power Girl," he said. A button had been pressed and the fact her nipples stuck out from underneath her suit show him his little collar worked. He reached over and pushed another button which freed her from the chains. "Now, I'm going to ask you one question, who do you want?"

"I want you, Harry Potter."
Harry grinned when looked down at the beautiful girl in all of her glory and it was pretty glorious. Her breasts almost hung out from her suit and she wanted some badly.

"Now, would you have wanted me with the collar?" Harry asked. "Or would you have wanted me even if I didn't mess with your brain?"

"Oh, I've always wanted to fuck you," Karen said. "I dreamed about your big, evil, cock being shoved down my throat while you made me your personal cum dumpster."

"And to clarify, that's not the collar talking, is it?" Harry asked. He looked Karen straight in the eyes and she responded by a shake of her head. "Good girl, come to me."

Harry beckoned towards Karen and Karen extended her knees, dropping down to worship her God. Harry motioned for her to get up to her feet.

"No, we're going to take this my way, one step at a time," Harry said. "Give me a kiss first."

Karen grabbed Harry's face and shoved her tongue down his throat. Their tongues battled with domination as Karen almost put Harry against the walls with an aggressive kiss. Harry enjoyed her attempts to clean his tonsils out, and he responded in kind by squeezing her ass. Their hips bumped up against each other.

The busty Kryptonian survivor wanted this, she wanted his tongue, and she got it, down her throat. The two of them exchanged an extremely passionate kiss. They might have been on opposite sides of the hero/villain divide, but it didn't matter. Karen was sick of doing what was right, she wanted to do what she wanted.

"Okay." Harry told her. He pulled out a chair. "I want you to give me a sexy dance in that costume."

Karen started to sway her hips to some imaginary music. Harry watched her motions. Her breasts somehow managed to stay shoved in her costume and did not fall out. Harry commended her for such an effort and hoped she would continue. Her hips rocked from one side to the other. Karen started to bounce up and down, looking Harry straight in the eye.

She turned herself around and stuck her ass into Harry's line of sight. Harry spanked her tight ass and Karen looked over her shoulder, giving him a sultry smile. Harry spanked her ass a couple more times and Karen wiggled her rear. She turned around and straddled his waist, grinding on his crotch.

"I feel something," Karen said. "Do you want me to suck your cock now, Master?"

"Keep going," Harry grunted. He reached behind Karen and squeezed her rear.

Karen pulled herself away from him and decided she was going to give her master a bit more incentive. She slowly pulled off her gloves and showed her slender hands. She unclipped her cape.

"The only people who wear capes are whores and heroes," Karen said. "I guess I can be both."

She turned around and removed her cape to show Harry a full and uninhibited view of her tight ass. Her cheeks threatened to spill out on the other side of her costume and Harry could not get enough.

Karen placed one of her feet on top of his crotch and slowly unzipped her boot. She revealed her perfect foot. Her arches made her foot stood out elegantly. She had such sexy toes which she wiggled and grinded over Harry's crotch. Harry reached over and could feel her soft soles. He
rubbed her foot.
"Master," Karen breathed.

"You like having your feet played with, don't you?" Harry asked. "I wonder if the other one is just as lovely."

"Why don't we wind out?"

Karen unzipped her other boot and placed it on Harry's crotch. She smiled when looking at him. She hovered in the air and rubbed her feet against his lap, seeing his large cock.

"I want to make you cream in your pants with my feet," Karen said. She was pleased to get a little bit of control, even though she fully expected her master to take full control. "May I do that, sir?"

Harry ran his hands up her muscular legs and smiled.

"Maybe later, but you have a dance to finish."

Karen nodded and yanked herself away from Harry. She took the strap of her outfit and pulled it down. She started to reveal her breasts on the other side of her outfit. She made sure Harry's eyes locked onto her at all times.

Why would Harry's eyes be anywhere else other than her large breasts? They were truly one of the wonders of the world? Those large, round, fleshy globes had been revealed. She would have had her bra made to hold such wonderful sacks of flesh. Her nipples stood out large.

"I bet you'd like to fuck them, wouldn't you?" Karen asked. "Because, any man who is breathing would like to fuck these puppies."

Karen wanted someone to shove their large cock between her breasts and fuck her until her face and tits were covered in so much cum it was obscene. She knew it had to be her master.

"Those are amazing," Harry said. "But, the rest of you aren't anything to sneeze at."

Karen revealed her toned abs for Harry, and a bit further down. Her hips looked wide and perfect. She had the perfect body for hard and rough fucking, even though there were very few people who could last a long time. Her pussy had a strip of blonde hair down it. Her lips opened and were set. Her legs were already on full display.

"Get me out of these pants," Harry growled.

"Yes, that does look painful."

Karen unclipped his pants and pulled them down. She yanked down his boxer shorts to reveal his huge cock. He looked so thick and vainly.

"There's some oil on the table," Harry said.

Karen smiled and grabbed the bottle. She poured the warm oil over Harry's cock which caused his manhood to get even more large. She placed some on her hand.

"Your buddy looks angry, I don't think he's getting enough attention," Karen said. She wrapped her hand around him.

"Take care of it, my Power Pet."
Karen jerked her master off. His cock grew in her hand, so much so she needed to use two hands. She wrapped one hand around the base and another around the time head. She jerked and twisted him.

"Going to need more than your hands to break me, Kara."

She smiled and leaned forward to give Harry’s head a lip. She took the throbbing head between her lips and made sure her bright blue eyes had been locked onto his green eyes. Karen grabbed onto Harry's thighs for leverage and drove her throat down onto Harry's throbbing hard cock.

Harry groaned the second Karen pushed her mouth all the way down onto his tool. His phallus rammed into the depths of her throat and Karen wouldn't back off, not even for a second. She bobbed up and down, taking his cock into the back of her throat with several long and potent sucks.

"Go ahead, and suck my cock, suck it harder."

Karen blew Harry with passion. She took his long cock all the way down her throat. The Kryptonian survivor longed for his heavy balls to launch all of the cum.

Harry watched Power Girl's mouth drive all the way down onto his throbbing cock. The Superheroine had such a warm and talented throat. He decided to help her out.

Karen could not believe how much she had been debased and Harry thrust his throbbing cock into her mouth. All twelve inches of goodness shoved down Karen's throat. Karen wrapped her fingers around his balls and fondled them.

"Good, baby, take your mouth, and put my cock down your tight throat," Harry groaned. "Just a little bit more….I'm going to make you suck down my seed…you're going to take every last drop down your whore throat."

Karen bobbed her mouth further down Harry's throbbing manhood. She wanted to taste his cock and have it all drained down her throat. Her hand cupped Harry's balls and gave them a nice little squeeze. She fondled them a bit more when driving her mouth all the way down upon him.

"Good, just a little bit more," Harry groaned. "Take your lovely mouth around my cock......I want to shoot my seed down your throat....I'll give you so much cum you're going to be choking on it....that's what you want, isn't it?"

Karen kept sucking him down. She wanted every last drop of seed inside her mouth and would get it, no questions asked.

"You better not waste a drop."

Karen did not intend to. She intended to please her master and drain him down to the very last drop. She looked up at him with a wanton look in her eyes, and mouth rammed full of twelve inches of huge cock. She sucked Harry hard and swiftly as she could, humming when she sucked his cock deeper into her mouth.

"Here it comes," Harry grunted. "I hope you're ready to get your reward."

Karen's throat opened for Harry. She wanted his seed and in every single way possible. Harry held her face and fucked her throat as forcefully as he could.

The contents of his balls emptied into Karen's throat. To the credit of the super heroine turned sex pet, she did not waste a single solitary drop. She drank his balls down to the very last drop.
Karen pulled up and showed him the large glop of cum on her tongue and swallowed it.

Harry watched Power Girl savor his seed like it was the last meal on Earth. Her eyes glazed over and a wicked smile crossed over the face of the sultry heroine. She placed a hand on Harry's thigh and made sure his attention had been locked fully and completely on her.

"Are you ready?" Power Girl asked. She stepped closer towards him and picked the oil off of the table. "You want to go where no man has ever gone before?"

She squeezed the bottle out and oiled up her large breasts. Power Girl's nipples stood proud and Harry could not keep his eyes off of her oily, large, natural breasts. Karen dropped down to her knees, about ready to take his cock between her breasts.

"I'm going to fuck your big tits, and I'm going to paint them with my cum," Harry said. "When I'm done, everyone will know you're my whore, and you belong to me."

"Yes, master," Karen said. She slid Harry's cock between her tits. "It sounds exciting.....my big slutty tits were made for a gigantic fuck stick like yours."

Harry found himself in a place where many men would give their right nut for. His cock had been nestled firmly between Power Girl's oily breasts. She rubbed up and down on him, making sure his cock grew and hardened with each push.

"Fuck, it feels so good to have your throbbing meat," Karen said. "I wonder how it's going to feel when you shove it in my twat, and fuck my brains out."

"Why don't you find out?" Harry groaned. "Your tits are so good.....so warm.....I enjoy them wrapped around my big cock, and how well you fuck it."

"I know you do, baby," Karen said. She slid further down onto him. "I know you'd like to cum all over them, won't you?"

Harry grabbed his lover's breasts and speared his cock between them. Her breasts crushed around his cock. This warm, womanly flesh had been meant for him all this time.

"Mmm, I needed a real man to control me, to fuck my slutty tits!" Karen yelled. "Just think about how full they can get of milk, when you fill me up, and I have your babies.....how you can suck them dry.....when you fuck me some more. Would you like that, Master? Do you want to use my body to be your breeding whore?"

Karen wrapped her breasts around Harry's tool and jerked his prick up and down. She licked his head when it popped out.

"I'm going to use your body and fill it up with so much of my seed, you will be feeling it for weeks," Harry said. "But, it's time to make my mark on your gigantic tits."

"Paint them, put your signature on them!"

The magnificent breasts of Power Girl brought Harry's balls to their second explosion. So much cum loaded into those balls, and even more would be to come.

Harry slid his cock between her tits and fired. The first splash of cum hit her in the face and painted her tits. Harry brought his throbbing manhood further and faster between her breasts. He continued to ride out the spectacular orgasm.
Karen’s entire body twitched when he unloaded on her tits. He splashed a heavy load. The moment she pulled away the cum dribbled from her. Karen caught the cum on her fingers and slid them into her mouth, suckling on them.

"You're a slut, you can't get enough of your own cum," Harry said.

"Yes, I'm a slut, your slut, your Kryptonian cum dumpster," Karen said. She cupped Harry's cock and jerked it, making sure it stood up. She took her other hand and shoved one of her nipples into her mouth. She sucked on her breast and licked the juices off of it. "Do you want to fuck me?"

"Yes," Harry said. "I want you riding me, so I can see your big firm breasts bouncing in my face."

"Yes, Master, I figured as much," Karen said.

Power Girl hovered with her legs spreading in the air. Her pussy dripped and sent juices onto Harry's throbbing cock. She smiled.

Harry had enough of waiting. His cock extended up with a stiff pole. Harry grabbed Karen and pulled her down, pushing her cunt first down onto his cock. Her pussy scorched with heat when he drove the busty blonde down onto his aching tool.

"MMM, FUCK YES!" Karen moaned. She brought her pussy down onto his throbbing hard tool. "You know what I want, and you know what I need…..I need your big throbbing dick stuck inside my pussy!"

Karen hovered halfway up into the air where she positioned herself over Harry's wonderful, throbbing prick. She rammed herself all the way down onto him again, making sure his cock filled her completely up to the brim.

"Yes, oh yes, oh more!" Karen moaned.

Harry held onto her hips and made sure her legs wrapped around him. Her hot slit grinding up against his tool was amazing.

"You're going to cum when I say you're going to cum, do you understand?"

"Yes, just fuck my pussy, and fuck it hard!"

Harry dug his nails into her lower back to encourage Karen to continue to ride him. She still dripped with Harry's fluids and rode his cock will well practiced ease. She rose almost all the way up and drove her dripping cunt down onto Harry's massive rod. She pulled almost all the way up again and drove herself all the way down onto him again.

"Stay with me," Harry informed her.

"Yes, I will," Karen murmured. She held onto the back of Harry's neck and continued to drive herself further down onto his stiff tool. She wanted to have the ride of her life and would not stop at anything to get it. "I'm going to enjoy every single moment of this…..every last moment of your cock inside me….burying into my cunt."

Karen wrapped her slippery walls around Harry and drove all the way down onto his rod. His cock speared inside her and made her entire body size up with more pleasure than she could ever.

"Now, you may cum."
Karen’s body reacted to Harry. Her tight pussy clenched around his veiny rod and sent her juices down onto them. Harry made sure she rode out her entire orgasm.

"Mmm, you make me feel so good, Master."

Harry played with Karen's tits and gave her a not so subtle reminder who her amazing flesh orbs belonged to. Karen brought her tight center down onto his cock.

"Yes, I know I make you feel good," Harry said. "No one makes you feel good like I do, do they?"

Karen nodded and she received another orgasm for her troubles. Her wet core squeezed around her Master's tool and longed to have his cum inside of her. The thought of him shooting his potent seed inside of her and giving her pleasure caused more pleasure than one could even describe.

Harry encouraged her to come up and drive herself further down onto his manhood. He grabbed her tight ass and pinched it with a nice little squeeze.

"So, close," Harry groaned. "Cum one more time, and you'll get your prize."

Karen spread her legs and buried Harry's cock all the way inside her smoldering hot depths. She cupped her breasts and bounced even further down upon Harry's tool. She gave him a sultry little grin, encouraging his behavior. He grabbed her ass and pinched it.

"Please!" Karen yelled.

Harry's balls tensed up and fired into her. Karen bounced down onto his prick and milked him. More cum fired into her willing body. Harry held her hips and held her down to allow her walls to keep lovingly caressing Harry until he climaxed inside of her body.

Karen tightened her grip around him. She did not want his cock to leave her insides. She wanted his cock shooting into her womb and coating her insides with every last drip.

"I….MMMM"

Harry finished draining his balls in Karen and pulled out of her. She slid down between Harry's legs and stroked his manhood, ready for more. She looked up at him with burning lust in her eyes.

"Such a good, pet," Harry said.

"I live to serve my master," Karen said. She squeezed his cock and balls and licked the excess juices dribbling down from his head. She popped his cock into her mouth and downed him with a sultry hum.

"And I just wonder how compliant you would have been had I actually activated your collar."

Girls from Chapter 51 through 55 Revealed:
http://webofchaos.blogspot.com/2016/06/breeding-grounds-chapters-51-through-55.html
Harry Potter sank into the blissful state of being where a person was not quite awake, but not exactly asleep other. The fact a certain part of him was very awake caused the rest of his body to register what was happening beneath his waist.

A warm and wet mouth wrapped around Harry's nether regions. He could feel juicy lips planted around his cock, with a third body buried underneath the sheets. Harry lifted the sheets back and smiled when he revealed the culprit of his current state.

Gabrielle Delacour lingered underneath the covers. Her warm lips wrapped around Harry's throbbing hard head. The French Vixen wrapped her lips around her. She brushed her tongue against Harry's slit and continued to suck against her swollen head. She resembled an angel in the position where she was, hands grasped on Harry's thighs. She bobbed a little bit more down and took a little bit more of Harry's cock into her mouth.

Harry groaned at the feeling and the joy of how he was being woken up. He ran his hands through Gabrielle's silky blonde hair to encourage her activities. She didn't waste any time working him over a little bit.

"Morning, love," Gabrielle said with a smile. She ran her fingers down Harry's toned abs with a smile. "I think I better wake my sister up as well….it would be a shame if Fleur slept through all of this."

Harry smiled a roguish little grin.

"Yes, a real shame."

Gabrielle positioned herself right between her sister's thighs as she laid next to Harry on the bed. She frowned. Fleur always had been a bit of a heavy sleeper. She pulled the sheets back to reveal Fleur's nude body. The younger Veela drank in every single inch of her sister's body. Her perfect large breasts which Gabrielle longed to squeeze, with flawless skin as far as the eye can see. Her flat stomach and perfect navel drew Gabrielle's eyes down her sister's figure. Her pussy dripped with the hints of arousal and Gabrielle could see her sister was having very pleasant dreams.

The younger Veela's eyes looked towards her sister's beautiful face. Her silky blonde hair dropped down onto Fleur's face and formed an amazing curtain. Gabrielle trailed the point of her tongue over her upper lip and gave a grin before moving down to take in Fleur's eye watering feet, elegant feet, with perfect toes Gabrielle longed to suck and lick.

The eighteen year old Veela put herself between the legs of her older sister. She started a series of kisses down Fleur's body, starting on her lips. Gabrielle moved down, catching Fleur on the neck and then her collarbone.

Harry watched the cock-hardening sight while balance on his elbow. He didn't want to intervene on something so beautiful, so perfectly like a younger sister sharing her devotion for the older one. Therefore, he was content to be a spectator at least for the moment.
Gabrielle dove into Fleur's breasts and started to suckle on them for a moment. Fleur managed not to stir, at least not yet. Her sister slept like a rock.

'Oh, just wait.'

"Gabi!" Fleur moaned.

Gabrielle thought her sister had caught her in the act for a second, but she realized Fleur was in the midst of a very pleasant dream.

"So, you have naughty dreams about your baby sister?" Gabrielle asked. "Naughty girl….maybe she should be spanked."

Harry smiled at her, and Gabrielle kissed down Fleur's body. She gave the older Veela's body the worship she thought it deserved. Gabrielle planted a multitude of kisses when continuing to head further down her body.

The second Gabrielle reached Fleur's beautiful navel, she tongued it and made her way down. She stopped at the forbidden zone.

Harry observed Gabrielle's legs spreading. She presented a dripping hot pussy for him. The teenager's thick ass stuck in the air, waiting to be played with. Harry reached over and grabbed Gabrielle's ass, squeezing it and giving it a soft swat.

Gabrielle smiled when Harry played with her ass and dangled his finger closer towards her pussy. The Veela trailed her tongue against the edge of Fleur's outer lips while bringing her legs as far apart as they could go to encourage Harry's penetration.

Harry smiled and ran his hand all over Gabrielle's body. He tempted her round breasts. They were a size smaller than her sister's, but still ground and lovely, perfect to slip his cock between and tit fuck her until she screamed for more.

One finger slipped between Gabrielle's thighs. This particular act of sex encouraged her to go forward. She barely bit out her moan and focused on the promised land currently located between Fleur's legs. She bent down and kissed Fleur on the legs.

Fleur opened her eyes and saw her sister between her legs, sucking on her nether regions. The older Veela put a firm hand on the back of Gabrielle's head.

"If you're going to do it, you should finish the job you started," Fleur said. "Have, I taught you nothing?"

Gabrielle remembered the lessons from both Fleur and her mother just as well. The younger Veela slipped her tongue into the pussy of the older one. The taste of honey and lemon entered her mouth when sucking her sister's pussy.

"Now, that's hot!" Harry groaned. Gabrielle's snug little cunt flexed around Harry's finger when he pushed it in and her.

"Yes, it is!" Fleur breathed. She reached up and fondled one of her large breasts and squeezed it. The Veela showed her talents by pushing one of her tits into her mouth and sucking on it.

Harry managed to bend over, making sure to brush his hard cock against Gabrielle's thigh to stir her up. He grabbed Fleur's round breast, the one which she wasn't playing with and gave it a couple of squeezes.
Gabrielle lapped up Fleur's juices. Her tongue formed circular motions around Fleur's dripping slit. Gabrielle dragged it back and forth over it while Harry fingered her behind her.

"I think she deserves another finger," Harry said. He worked his finger inside the tight passage and kept working her deeper. "Wouldn't you say so?"

"YES!" Fleur yelled. Harry's magical fingers worked their magic on her nipples.

Harry almost chuckled at her passion. He slid a second finger into Gabrielle, experiencing the purely magical tightness. His two fingers worked in and out of Gabrielle's tightness, working them deeper inside her gushing cunt.

"I'm going to make you cum," Harry said. "And then you're going to submit to my cock while you lick your sister's dirty cunt clean. You might find a treat from last night in there."

Gabrielle's inner muscles tensed around Harry. He forcefully fingered her. All three fingers manipulated the insides of the sexy French witch. He worked deeper inside her.

"Fuck her, fuck her hard!" Fleur yelled. "Just think about how fucking hard you can ram your cock inside her tight pussy, stretching her out, and filling her womb with your cum. Fuck her harder….make her scream!"

Harry turned his fingers deeper inside of her. His fingers rammed further inside of Gabrielle and stretched her out.

"Mmm, so good," Harry said underneath his breath. He nibbled Gabrielle on the neck for a brief moment and detached his hand from Fleur's breasts. He pulled his cum soaked fingers out of Gabrielle's sticky twat. "I think she's nice and ready."

Harry raised his fingers and lowered them upon Fleur's juicy lips. She took the digits inside of her mouth and started to suckle on them. Fleur hummed while wrapping her lips around Harry's fingers and tasted her little sister's lovely juices off of him.

"Primed and ready to fuck," Fleur said. She gripped the back of her sister's head to make sure she was held in close.

Harry touched the tip of his cock head against the edge of Gabrielle's pussy. She was sopping wet and it was very ease to slide inside of her. The warmth of her pussy surrounded Harry's cock on all sides when pushing deeper inside of her.

"Mmm!" Gabrielle moaned.

"Keep focused, Gabi," Fleur ordered her sister.

Gabrielle twirled her tongue around the inside of her big sister's twat. She continued to lick her older sister to the edge with a few more swipes.

"So hot," Harry groaned.

Gabrielle's inner muscles tensed around him. Harry teased her with a few slow strokes and brought his hands in a never ending tour of her supple female flesh. Harry reached underneath Gabrielle's breast and gave it a nice little squeeze. He squeezed the round breast.

The young Veela's center tightened around Harry when he accelerated his thrusts inside of her. Those balls slapped against her thighs and showed her the pleasure of which was brought into her.
Her entire body tensed up and the warmth spread through her thighs.

Fleur's tasty cunt also beckoned Gabrielle over. She was a good little sister and ate out her big sister's twat.

"Good, so good," Harry grunted. The contents of his balls began to swell the further he pushed into her. "Won't be long before you cum for me."

Harry dragged one of his fingers down Gabrielle's breasts. The softness of her flesh always marveled Harry. He wasted little time exploring every single supple inch of her body.

On cue, Gabrielle's wet snatch snugly fit around Harry's throbbing cock. He hung onto her and sped up the thrusts, riding out of her orgasm. He rode her from one orgasm straight to the next one. Harry drove himself further and further into her, balls deep into the teenage Veela's sweet snatch.

"Mmm, she's so good," Fleur said. "I bet her pussy feels almost as good as mine wrapped around your big cock."

Gabrielle was about ready to protest the almost. Fleur managed to hold her head down and keep licking her pussy. Gabrielle's scorching tongue drove into her.

"You're both good, but who is the best?" Harry asked. "Going to have to run some more experiments...for science."

"Yes," Fleur said with a sultry smile. "For science."

She observed Harry's cock drill further into her baby sister's tightening twat. She could not wait to wrap herself around that particular cock and drive herself down onto him, riding him all night long.

Harry brushed his fingers underneath Gabrielle and twisted her nipples. She squealed with Harry's fingers continuing to put a multitude of pressure on her.

"Soon," Harry said. "Feel that, feel what you're going to get?"

Gabrielle felt every bit of it. Those cum bloated balls slapped against her. Harry sped up and so did the rate of the orgasms. His hands were everywhere at once, and yet didn't linger at one place for too long. His mouth marked the back of her neck and made sure the entire world knew he was.

Fleur's pussy was on fire, and while Gabrielle's tongue was more than sufficient, she wanted one thing. She watched Harry ram his cock into her sister. Every time Harry's cock slid out of Gabrielle, Fleur's thighs became even more inflamed and the lust spread over her body.

"Make her pass out!" Fleur yelled. "You're going to make a Veela pass out! It's going to be so hot when she blacks out because she can't even handle your cock forever."

Gabrielle tasted Fleur's pussy for a few more seconds. She couldn't hold out forever, no matter how much she wanted to.

"Fuck her!" Fleur screamed at the top of her lungs.

"Just wait," Harry growled. "See what I'm doing for your baby sister? I'm going to pin you down on the bed and drive my cock into you, until you can't take any more."

Gabrielle's walls tightened around Harry. Her bitch of a sister deserved to be dominated because she could be a bit of a snotty brat at times. The fact Harry would dominate Fleur got Gabrielle's
motor running even more than his magical hands and equally magical cock.

Harry held onto Gabrielle's hips and pushed further into her. Each time his cock plunged into her tight body, Gabrielle squealed due to the action of him pushing inside of her. Harry pushed further into her with a series of rapid fire thrusts.

The Boy-Who-Lived rode out the Veela's latest orgasm and kicked up an excellent pace. He pushed further inside of her body and rode her out.

"So close," Fleur moaned underneath her breath. Her hips rolled up and pushed more of her pussy into Gabrielle's questing mouth. "Finish her off…my love."

Fleur pretty much growled out this particular point feeling the vibrations of Harry bringing his thick cock into Gabrielle's waiting pussy. He pushed deeper inside of her with a couple more thrusts, finishing himself off.

The first blast of cum splashed inside Gabrielle's waiting body. Harry's balls strained and released their juices inside Gabrielle. He hung onto her and brought an immense load of cum deep inside of her body. His hands kept onto her hips.

Gabrielle's milked Harry all the way to the end. The vibrations of pleasure came through her body when Harry rode out both of his orgasm. Her entire body shot through with pure ecstasy when Harry finished shooting his load inside of her.

A satisfied feeling spread through Harry's body when he pulled out of Gabrielle. His cock dripped with her juices.

Fleur gave a soft smile and rolled her sister's head off of her hip. The Veela crawled over and wrapped a hand around Harry's cock. She pumped him a couple of times.

"Couldn't get enough last night, could you?"

Fleur's sultry smile was followed by her planting a kiss on the head of his cock. Harry groaned when the heat pumping from her mouth encircled his cock head. The Veela rose up and gave him a couple more kisses and swirled her tongue around Harry's head.

The Veela Princess encircled her tongue around Harry. She tasted every bit of the combined juices between her sister and lover. Fleur brought the head of his cock into her mouth and tasted him some more. She stroked her hand down the base of his cock.

"I love your cock," Fleur said. "And you know where I love it?"

Harry wasn't going to argue. Fleur's gorgeous globes pressed on either side of his cock. The friction from her tits slid all the way and pushed down onto his base. Harry groaned at the feeling of her wonderful breasts pushed between them.

Fleur savored the feeling of her lover's cock buried between her breasts. She pushed him deep inside of her, squeezing her breasts together to firmly encase his cock between them. Harry reached over and grabbed her.

"You're asking for it," Harry muttered to her.

Fleur fluttered her eyelashes with a look which made her seem like she was playing coy with Harry. Harry leaned her back on the bed and pushed between her breasts. She squealed when Harry rammed his cock between her breasts.
Harry groaned at the delightful warmth of Fleur's nice tits wrapped around her. Her beautiful face and juicy nipples, large breasts, they were a delight to be honest. Harry rammed deeper inside of her, striking the head of his cock against her chin when pushing into her.

Fleur wondered if Harry would spill his seed onto her. She gasped the further Harry had his way with her large breasts.

The soft warmth squeezed around Harry. Fleur cursed out in French. Harry smiled, he got the general gist of it, if nothing else through her tone.

"Cum on my pretty face!" Fleur shouted, this time in English.

Harry rammed himself between her breasts. The warm flesh squeezed between him. Harry leaned down and looked at her with a half wicked grin.

"You'd like that, wouldn't you?"

Fleur allowed a whine to pass through her body the second Harry slid out from between her large breasts. She could not believe how close she was to having her tits covered in Harry's cream.

Harry riled up Fleur some more, dragging his cock all over her body. He covered her warm body in kisses, sucking on her tit flesh, before going up and kissing on the side of her neck. He bit down on the side of her neck.

"Damn it!" Fleur yelled. She dug her nails deep into Harry's lower back. "I need….I need…"

Harry licked the sweat from her belly button, knowing how sensitive she was down there. He spent a moment toying with Fleur's navel and her panting increased.

"What do you need?" Harry asked.

"Your cock, I need it inside my pussy," Fleur said. She held onto him. "Please, it was made for me……it needs a good warm place, where it can feel at home."

Harry pushed the head of his cock. Her lower lips parted. The warmth almost sucked him inside her tight pussy. Harry dragged his finger over Fleur's leg. Her soft, firm, leg had her juices rolling down them. The sorcerer ran his hand down between her legs and rubbed between her legs, feeling the warmth spread to his hand.

The teasing ended when Harry took the plunge. Her pussy clamped down, as if afraid he would pull out of her.

Gabrielle rolled over to get a better look. She watched Harry's hands press firmly on Fleur's hips. He rose up and stuffed her completely full of his cock. Her belly had been stuffed completely full.

"Is this what you want?" Harry asked. He teased her nipple and suckled on it. Harry rose up and brought himself into her with a slow stroke. Harry started to play with her legs. "I wonder what it would be like if I pulled out of you and if I left you hanging."

"NO!"

Fleur shrieked almost in fear. Another slow stroke teased her. Harry leaned down and clutched her breasts, giving them a squeeze. He brought his cock into her.

Harry could feel Fleur's hips rise up. He rubbed her legs, massaging the flesh while slowly
ramping up the tempo of the thrusts. He learned a long time ago how to push Fleur's buttons and make her submit to him. Her pussy hugged his cock, out of fear it would be pulled out.

A few more thrusts inside Fleur before Harry really went to town on her. Every time he plunged into her, he experienced a greater warmth and wetness. She rose up to meet his thrusts. Harry buried his cock deep inside of her.

Fleur closed her eyes. A part of her wanted to watch this, but she tried to bring herself back to Earth, not to be overwhelmed by the pleasure. Her lover rammed his throbbing cock deeper into her.

"Cum."

Harry's firm order resulted in Fleur's hips jerking up and down, squeezing Harry's cock. His thick balls continued to slap against her thighs the further Harry pushed himself into her. He hung onto her and rode out the climax with each thrust.

"Again," Harry said.

Fleur came again. She could feel something warm and wet go down her legs.

"Gabi!" Fleur exclaimed in surprise. Something might have felt so wrong, but at the same time, it was beyond so right. Gabi's talented tongue pushed Fleur's toe into her mouth and sucked on it, bringing her pleasure to greater heights.

Gabrielle sucked and licked her sister's feet, before kissing on the side of her leg. She eyed Harry's cock. The younger Veela watched Harry's hard cock penetrate Fleur. He sent her through a chain of orgasm which appeared to be never ending.

Harry pushed down into her and pushed a tongue deep into Fleur's mouth. Their tongues entangled with one of the hottest and most passionate kisses the Veela could manage. Arms, legs, they all wrapped around Harry's body, while his face moved down and pushed between her breasts.

"More!"

He obliged her, kissing and suckling on her large nipples. They always begged to be sucked, to be played with. Harry took them in his mouth and took one of them deeper between his lips. He closed his mouth around them and gave one of them one of the hungrier sucks he could manage.

"Yes!" Fleur cried.

Her entire body inflamed with pleasure. Her sister leaned over and Gabi pressed her breasts into Fleur's breasts. Fleur caught one of Gabi's nipples into her mouth and sucked and licked on it while Harry did the same thing on her. Her fingers trailed down Gabi's firm body and fingered her tight little pussy, still dripping wet with the combined juices.

Gabrielle's body inflamed in passion from Fleur slipping a finger between her thighs. She rode her sister's finger as vigorously as Harry rode her sister on the bed. And now one of Harry's hands found its way on her rear. Harry slid a finger in her back passage.

The younger Veela cursed out, a feeling of pure passion striking through her body.

Harry hammered Fleur upon the bed and continued to ride the sultry vixen down onto the bed. Her soft, but firm legs, managed to keep him from straying too far from her pussy. Harry continuously pounded on her, balls filling up.
Veelas had a sixth sense about when their partner was going to reach a climax. They hit a more primal state, and Fleur wrapped her free arm around Harry, the one which did not finger her baby sister.

"I need it," Fleur breathed. "My love, I need it….inside me….fill my pussy up…..I want it….."

Harry looked down at her vibrant eyes and the flare of lust going through them. His hand slid up her leg and reached her breasts fondling them.

"Ladies first," Harry said.

"Oh, you and your chivalry," Fleur breathed. Her wet cunt clenched down around him. Harry shoved his cock deep inside her.

Despite her statement, Fleur's body tensed around him. Harry brought his thick manhood deeper inside of her body and continuously rode her to a grand climax. Her wet walls tensed around his hard cock and squeezed him to the latest climax.

"Yes, and don't forget it," Harry said. He pushed his fingers between her nipple and squeezed it. His lips wrapped around her stiff nipple, suckling on it on the way down. "And here's your treat."

Fleur opened herself wide open for the pure flood. The first hot blast of cum hit her womb. Several more followed to allow Harry to drain his balls deep inside her body.

Harry grunted when he rode the Veela vixen's pussy to completion. She moaned and encouraged him on in both French and English, most times a mangled mix as she had been blinded by her own lust. Harry took his cock into her.

Moments passed before Harry finished draining his load inside of Fleur's pussy. He pulled out of her and left her to fall back on the bed, a dazed and mangled mess.

He rolled over, and Gabrielle rolled over to meet him. Her hot mouth lowered over his cock and ensnared him with a deep and sensual little suck. She looked down at him, bobbing down on his hard cock.

"Just can't get enough of it, can you?"

Gabrielle's sultry expression told more than enough of the story. She couldn't get enough of Harry's cock and would take it in her mouth, all night long. The fact Fleur's juices coated Harry's cock was just an added bonus in her book.

Harry rested his hands on the back of Gabrielle's head. Far worse ways to spend a Saturday morning.

The End.
Cry Hard(Black Siren)

Dinah Laurel Lance, the meta-human known as Black Siren, never was one to look a gift horse in the mouth, or in this case, an open door. A way to get out of this prison, a hole in the wall of sorts, and she didn't feel inclined to stick around, rotting for the best years of her life.

The bright light surrounded her. The woman's dirty blonde hair flipped into her face. The shade of dark lipstick covering her lips made her stick out prominently. She dressed from head to toe in black leather, including really tight pants which fit around her shapely ass.

"Okay, color me intrigued," the Black Siren said. She leaned forward which gave whoever sprung her a nice, longing look at her cleavage. "You busted me out….I'm guessing you're not Zoom."

"Oh, he's yesterday's news actually….the time wraiths got him."

The Siren just shrugged, unconcerned about the fate of her former employer. Given how trigger happy he tended to be with those who failed him, it was better off he was gone. She got her kicks, had some fun, and now she apparently was in the company of someone new.

"Just who are you?" Black Siren asked. "You went to all of the trouble of busting me out of prison….how did you do that anyway?"

She found herself curious could be. The man in the shadows responded with a knowing chuckle.

"Come on, my dear Siren, you wouldn't give a complete stranger all of the secrets of your powers, would you?"

The Black Siren smiled her devious, but sexy, smile. She would have been lying if she would have given someone all of the secrets of her powers. Regardless, she observed him stepping out into the light. Tall, dark, and handsome pretty much described him. He dressed in a black top with a pair of form fitting black pants. His messy hair offered a certain allure, and she could drag her fingers through it for days. Those green eyes on the other hand, they were something haunting.

"Hello, Ms. Lance, it's good to see you," he said. "My name is Harry Potter."

"Well, thanks for busting me out," she said. "If you can't tell me how you did it, could you at least give me the reason why you did it?"

Harry walked closer towards her. Laurel's heart beat sped up a little bit. He towered a little bit over her, not just in height, but in sheer presence and aura as well.

"I'm a collector," Harry said. "I collect those who….are in need of being liberated. Those who haven't had the opportunity to reach their full potential, I collected your counterpart when she was an inch from death, I collected a couple other of your associates from Earth Two, and managed to fake their deaths as well, and now I have you."

"You do, do you?" she asked. "You'll find I'm pretty hard to pin down."
"I sure hope so," Harry responded. "I like a challenge."

The Black Siren smirked when looking towards him. She raised a hand and touched his chest.

"You seem like you've been a very busy boy," she told him when giving him a visual eye fucking. "When's the last time you've had some real fun?"

"When's the last time you've enjoyed pleasures yourself?" Harry asked. He reached over and put his hands on the walls on either side of her. He didn't touch her.

Harry didn't need to touch her. The fact he drew in so close burned her skin completely up. The stunning Siren tried to calm herself down.

"You've been a puppet for a megalomaniac for so long, I think you've forgotten certain aspects about what true fun is," Harry said. "And it's cost you a lot."

"More than you ever know," the Black Siren murmured when looking towards him. Her eyes met his, with mischief.

Harry sensed her arousal and was about ready to give the misplaced villainess a night she would never forget.

"You've been a very bad girl though, haven't you, Dinah Laurel Lance?" Harry asked her.

Very few people had used her full name and even less people had made it sound so sexy. His finger's brushed through her hair and the Earth Two woman responded with a shudder. Harry leaned closer towards her, grinning when looking over her.

"Yes, I'm bad," Laurel said. "I'm so bad….I'm really bad at being good, but I'm….soooo good at being bad!"

The Black Siren lifted her hands on the side of Harry's face and leaned towards him. Her warm lips pressed against his with an extremely passionate kiss. The Black Siren tried to force her tongue deep into the young man's mouth, the mouth of the man who saved her.

Harry grabbed her face and regained dominance with a hungry kiss. The two of them swapped salvia for a moment. Harry's hands explored her body, toned and tight from her line of work. Dressed in that black leather, she was extremely sexy, and he couldn't wait to explore her.

Laurel moaned in her lover's mouth. She tried to keep her Canary Cry at bay, not wanting to shatter her soon to be lover's neck while kissing him. He was making it very difficult, especially considering he pulled up the top of the outfit and started to run his hands over her toned stomach.

She felt something poke against her thigh. Something extremely hard, something which caused her loins to be set on fire.

"Oh, that looks like it hurts," the Black Siren said, pulling away. She motioned for Harry to stand out. She ran a hand down his body and cupped his crotch. "Poor thing, it needs some air…"

She unbuckled Harry's pants, while lavishing hot kisses down his abs. She continued to work down, and pull out a large cock.

"I love cock," she muttered. "But, I've never seen anything quite like this."

She licked his head, causing a tingling feeling to rise through Harry's loins. Laurel smiled, and
licked him again. Her tongue tasted every inch Harry had to offer her.

Harry leaned against the wall, letting her warm tongue worship his entire cock. She licked the head and went down, working down the length. She ended up encircling her entire tongue around his shaft and came down briefly to lick his balls before she returned back to him. She looked at him with a smile.

Laurel could feel her body heat up every time her tongue passed over Harry's long cock. She never thought she would debase herself like this, but the naughty feeling of worshipping this cock which seemed to grow bigger on her whims made her really excited.

"You know what would be good," Harry said. "If you put my cock in your mouth."

Laurel tongued the slit of Harry's cock while wrapping her lips around the head. She wrapped a hand firmly around Harry's base and started to work the young man's aching prick further into her mouth. She slid out of him, wrapping her lips around the tip before once again easing him back into her.

Harry grabbed onto the back of her long hair. The naughty vixen slurped at him. The loud noises indicated a sloppy blowjob, and she covered Harry's cock with her salvia and lipstick. She brought him into her mouth, pumping her hand alongside the shaft.

"Good, keep going my pet, and you'll get a reward. You'll get something you never knew you wanted. But you always had."

The gentle, but firm grasp on her hair prompted Laurel to look up at him. She motioned grabbed his free hand and placed it on the side of her face.

"Oh, you naughty bitch," Harry groaned. He moved his hand with a bit firm grip on the side of Laurel's face.

Laurel tilted back, showing her neck strength and ability to take his cock further into her mouth. The tip of his cock hit the back of her throat. Her entire mouth had been filled with cock. She looked up at her lover with lust, the tingling feeling spreading through her body when he used her mouth as his own personal fuck hole.

Harry looked down at the gorgeous woman. She kept up with the throat fucking, never once breaking. She continued to stare him in the eyes, as if demanding more. Harry gripped her hair and pushed him into her mouth.

"I'm going to choke you out on my cock," Harry said. "I bet you always wanted a big throbbing cock down your throat, taking it like the bitch you are. Don't you, you slutty little bitch?"

Laurel's eyes burned with lust when he fucked her mouth. She wanted more than his cock in her mouth. Her throat burned with pleasure and she hummed a song to really blow his mind, along with a few other things.

"Damn, your throat feels so fucking great!" Harry said. "I'm going to cum, and you better not waste a drop. Do you hear me?"

Laurel shook her head, keeping her mouth firmly placed around his cock where she thought it belonged. She cupped his balls and squeezed them. The huge load in them heightened her passions and she squeezed him and sucked him.

Harry watched the erotic sight of his cock in the mouth of this sultry villainess. His balls started to
clench when she pushed her hand around them and squeezed them.

A moan of pleasure came from the back of Laurel's breath. The minor vibrations from her throat appeared to stimulate Harry's cock as opposed to shatter if as she feared. Harry rode his orgasm out into her mouth and filled her with so much cum she almost gagged.

Harry's balls released their creamy delight deep into the waiting mouth of the Black Siren. He clutched the side of her face with a handful of hair. He face-fucked her to the finish. Laurel's eyes looked up at him with a half-lidded, sultry expression.

"Baby, you're doing good, I think you deserve more of a reward," Harry said. He pulled out of her mouth and slapped his cock against her face, to send a few droplets of cum onto it.

The Black Siren rested a hand towards Harry's half-hard cock and smiled, using it as a handle to pull herself up. She jerked Harry's cock a few times and it grew harder.

"Doesn't take much," she muttered, feeling the iron bar in her hand. She tasted the firmness with a squeeze.

"Are you complaining?" Harry asked.

He reached around and gave her a firm squeeze, hand touching her leather clad ass. The vixen's eyes flashed towards him.

"Fuck no," she muttered. "What does my new master want his little sex nymph to do now?"

"Ms. Lance, I want you to assume the position."

"Oh, you're going to frisk me," she said. She turned towards the wall and placed her hands onto the wall. Her legs spread a little bit.

"Yes."

Harry slowly kissed the back of her neck. His hands found her front and started to rub her underneath her body. He reached down and grabbed a handful of the vixen's ample chest.

"Well, you seem to be concealing weapons," Harry said. "I'm afraid you're going to have to strip for me."

Laurel turned around from the wall. She bit down on her lip, with the most blatant cum hither look in her eye. Her eyes burned with lust.

"Of course," she said, sliding the jacket down. Her toned arms were the first thing Harry saw. Her shirt rode up a little bit to expose her taut stomach, without an ounce of fat. In fact, Harry didn't see an ounce of fat on her body.

She undid the zipper on her shirt and slowly stripped off. The Black Siren pulled it over her head and revealed more of her toned skinned. A pair of nice firm breasts came out and hit Harry in the face.

"Are these what you found?" she asked, cupping her breasts in her hands. "Be careful, they can be pretty dangerous."

Her very erect nipples poked out for Harry. One of his hands lifted up and cupped the breasts of the stunning woman. His finger rolled over the breasts when he tested them out. He squeezed them
several times in succession.

Laurel's breathing intensified when Harry's fingers rolled down her breasts and made his way towards her toned stomach. He worked his fingers through her tight leather pants and pulled them down to reveal a lacy black thong which soaked through her skin. The only thing which was on was her boots and thong for the moment.

"Take off your boots," Harry told her.

Laurel smiled and lifted one of her legs. She rested it on Harry's thigh, and reached over for the zipper of it. She unzipped the first boot and slowly exposed her foot for Harry. Her elegant and soft soles rested on his bare leg.

Harry closed his eyes when her toes stroked him, and worked down the length of his cock. She showed excellent balance, holding onto the wall. She lifted her other foot up, and unzipped her other foot. A second foot slipped out and slipped on the other side of Harry's rock hard cock.

"You must like my feet," Laurel said. She clenched onto the wall while rubbing her sexy toes down Harry's shaft. "I don't blame you, they're pretty amazing."

She spent a couple of moments teasing Harry with her soft soles. Harry grabbed onto her legs and started to stroke her toned legs, once again, not an ounce of fat on them. His fingers slowly slipped up between her legs and felt the material.

"Going to need to give you a deeper search," Harry said.

Laurel lifted her hips in Harry's general direction. The soaked crotch of her panties beckoned for Harry. Harry grabbed onto the fabric and slid it down her hips to reveal her center, shaved and smoothed for him. It also dripped for him. Her bare mound looked delicious.

Harry placed his finger on her belly button and dragged it down to her center. His finger touched her heated surface, and pushed further inside her. The vixen's hips kept rising in the general direction of Harry's finger.

"You're going to make me scream," she breathed.

"I can take it," Harry said. "I wonder if I'll make you scream so hard you'll pass out."

Harry mapped out a path with his finger, and lifted one of Laurel's legs up so they balanced on his shoulder. He planted a multitude of kisses on the side of the neck, and the breasts of the beautiful woman. He eased his way down and continued his tore.

He slid his tongue into her pussy and vibrated into it. His tongue made several passes, tasting her and taunting her.

"Ohhh…..mmmm…don't stop!" Laurel breathed. His oral skills passed with top marks, and despite the fact she wanted his cock inside, she wasn't in any hurry.

"You're divine, Ms. Lance."

Harry leaned up and kissed her on her lips. They exchanged a passionate lip lock, with Harry scooping up his new conquest and making his way over.

A bed appeared, as if by magic, at least she didn't notice before it. The Black Siren didn't care right about now. All she cared about was Harry throwing her on the bed. He crawled on top of her and
pinned her hands behind her head with one hand.

His mouth explored every nook and cranny on her sweaty, sultry, body. Every single curve, every single glorious inch of flesh, Harry kissed. He was starting to drive the woman nuts. Biting down on her lip stifled the scream, but Harry was making her.

He let her go and the siren flipped over onto the bed. Laurel spread her toned thighs, and reached behind her, slapping herself on the rear.

"Master, I need it," Laurel said. She spread her out her thighs for him, showing Harry how wet her pussy was.

Harry lined himself up for the intrusion, reaching towards her face. His fingers trailed down her soft face, still dripping with her juices. Harry pushed them deeper into Laurel's mouth. She swallowed them with a hungry suck, slurping on his digits covered in her juices.

Laurel took his fingers inside her mouth. She moaned when sucking on his dirty fingers. That cock danced at the edge of her and she opened herself up before him.

Harry slid into her wet center, hard cock deep inside of her body. Questing hands moves all over Laurel's sultry body and he rammed into her speeding up.

"More, fuck me….fuck me MORE!" she yelled, screaming out the last world and causing the lights in the room flicker.

Harry trailed over her breasts.

"This is mine now," Harry said.

"Whatever you want," she said, turning her face towards the mirror. Hopefully she didn't let out another scream to break it. "Just fuck me!"

Harry viewed her face in the mirror. She looked like a particular devious angel. The beauty's pussy contorted around him with Harry bringing his cock deeper into her. He stretched her out.

Laurel never knew something to feel so good. She clutched onto the breath.

"Harder, damn it, I want to be pounded by your hard fucking cock!" she yelled at the top of her lungs. "Take that big beautiful prick, and rock my world. Make me scream so fucking loud, I break every single window in this city! I want you be feeling this, pound me raw!"

Harry grabbed her hips and slammed his full force into Laurel's hot cunt. The first of many orgasm flew through her body.

"Feel your body warm up, feel the pleasure," Harry said. He licked his lover through the ear. "She loved it just as much."

"My doppleganger?" Laurel asked. "Please, I can take more than her….give me everything….use me like you want to….fuck my mouth, fuck my cunt….fuck my ass, put your cock anywhere you want to!"

Harry dug his nails into her lower back and fucked her with more vigor than any before. He leaned in and continued to bite and nibble on the back of her neck.

"I'll keep that in mind."
The Black Siren let out another scream, her cry causing the wall in front of them to crack. She realized he must have reinforced the room. Harry plowed her even more, never once missing a beat. He rode her through orgasm after orgasm.

Harry's balls weighed heavily. He could hear the beautiful sounds coming out of the mouth of this wicked goddess when plowing into her. He leaned forward towards her.

"Ready for your next reward?" Harry asked.

"Don't you dare pull out," she breathed. "Make me yours….make me yours forever….cum in me….put your fertile cum in me….KNOCK ME UP!"

Laurel's pussy clenched at the suggestion. Harry rode her from behind, pounding into her dripping hot hole from behind. His cock slammed into her, riding out another orgasm.

"You're inside me…you're inside my womb, I feel your cock all the way inside, oh dear God, I can't believe how much I want this!" she breathed. "Go ahead and finish the job, stud!"

Harry's balls clenched and fired his load inside of her body. She let one high pitched scream causing the entire wall to shatter when Harry rode out her orgasm, his balls slapping against her all of the way. The balls got a little less heavy with each slap, emptying their life fluids into her womb.

She knocked out the entire fourth wall with her scream of passion. The rubble flew through the room, and stopped short of hitting both of them.

The Black Siren could feel his mighty rod impregnate her. He owned her, dominated her, and now there was only one thing left to do.

"One more hole," she said, collapsing on the bed. "And we still have three walls and a ceiling standing as well."

Harry pulled from her, and Laurel turned herself, positioning her pink asshole towards Harry's hardening prick. She grinded her tightest most taboo hole over him. Harry's cock pushed inside of her.

"I can't way to feel this in my ass," Laurel said. "Show me a good time, baby….really make me scream….I know you can take it."

"Don't hold back?" Harry asked.

"I want to think of you every time I sit down," she said.

Harry worked his massive rod deep into her tightening asshole. The woman's warmth surrounded his cock when he pushed into her tight hole. He groaned out how well her firm ass squeezed him. He gripped her firm cheek, and rammed into her.

"That's it…right there….RIGHT THERE!"

She screamed again when Harry drove himself deeper into her bowels. The glass light above them shattered. A dim blue shield appeared around them to block the glass coming down, and cutting them. Harry wasted no time, no motion, just pounding her ass.

Harry rammed his hard cock into her ass. One hand rested on her ass, squeezing it, and encouraging her to keep grinding down on him. The other hand found its way on her body, while he kissed her neck. He caressed her neck, breasts, flat stomach, and pussy, before rubbing
frantically on her clit.

The increase simulations drove the Earth Two Version of Dinah Laurel Lance completely beyond the bend. She wanted him to finish in her ass, make both her pussy and ass dripping with his impressive cum.

"Fuck me, fuck me, cum in my ass," she begged him. "Do it, please."

"You're such a slut," Harry said. He grabbed her hips and worked his cock into her. "You've taken my cock in your ass without any protest."

"I love a big cock in my ass, showing me who it belongs to!" she moaned, making sure his cock didn't stray from her. "Ram it into me…show me whose boss…..oh shit….I'm cumming!"

Laurel turned around and made love to Harry's tonsils with her tongue while he fucked her ass. The two lovers continued this passionate exchange of flesh, the most sinful display possible.

Harry smiled when he ran his hands down Laurel's body, feeling every inch of that toned flesh. The beauty glowed when taking Harry's cock deep into her forbidden hole. Harry rammed her ass.

Laurel closed her eyes, moaning in passion in Harry's mouth. It all was so good, and she was cumming so hard, harder than she ever had done in her entire life.

"Now, you'll be mine, forever."

Harry's balls slapped against the Black Siren's back passage a couple more times, before he unleashed the cum into her tight hole. He fired several doses of cum into her ass.

The warm hot fluids brought Laurel great joy when they painted the inside of her hole, and started to drip out. Harry pulled out of her with a smile. She collapsed on the bed, turning over, with a satisfied smirk.

"Does my sultry little Siren love her gifts?"

"Yes, boss," she said with a smile, rolling over on her back. Her thighs spread for him. "I want more though."

"You metas are all the same," Harry said, but he obliged her, sinking himself into her tight pussy.

The End.
Claire Bennet chewed down on her lip in the most nervous manner possible before turning around the corner. She dressed in her cheerleader uniform when walking up. Her red and white top moved up to show her toned midsection. Her skirt came up a little bit, maybe a couple of inches shoulder than regulation. She had socks pulled up over her feet, and wore a nice pair of shoes.

She walked over towards the door with the name plate of "Coach Potter" on it. She raised her hand and knocked on the door.

Claire wouldn't lie, she was a bit nervous, and not just because of the fact she was up for this hearing, she had been nursing a little curse on the coach. Every time she saw him, he sent her heart a flutter. Harry Potter was a handsome older man, and Claire had a few dreams which left her with sticky sheets, and a lot of frustration.

"Come on."

Claire swung the door open and stepped inside. She walked towards the front desk and saw Harry Potter. He dressed in a nice tank top with his jacket slid off. She drank in the sight of his muscular arms and the shirt fit his body like a shirt. The pair of jeans he wore made Claire wonder what laid underneath. She shook her head.

'I'm in more than enough trouble as is,' she thought to herself.

"You wanted to see me, sir?" Claire asked.

"Yes, Ms. Bennet, please take a seat," Harry said. He motioned towards the chair and she sank down on the chair. "Well, you've turned a few heads lately, haven't you?"

"Um, sir?" Claire asked.

"I'm a bit concerned about the quality of your performance," Harry said. He peered over his glasses to give her a searching look. "Out on the field."

"You think I'm not showing enough school spirit?" she asked. "I thought….I thought I was doing a rather good job."

"You aren't lacking in school spirit," Harry said. He gave her a smile. "There are other concerns though, the fact you're….directing way too much attention away from the game with your antics."

"Sir?" Claire asked in confusion.

"I'm referring to your uniform," Harry said. "I'm very well aware how young girls dress, and I understand why some of them have a need for a little skin. And if it acts as motivation to inspire the team, then I won't have any problems with it."

"I'm….you have a problem with my uniform?" Claire asked, leaning forward. She placed her palms on his desk and leaned forward. It allowed him the perfect view of the front of her uniform, with
her lacy red bra underneath.

"Personally, no, but some members of the team, claimed you were being a bit distracting," Harry said.

"Well, maybe they should keep their eyes on the ball, and not elsewhere," Claire said. "I'm sure you've told them about as much, Coach."

"I have, and it's their own faults they can't focus properly," Harry said. He looked at her with a raised eyebrow. "Still, there have been a few complaints about the length of your skirt as well, from the staff at this school, and from the parents."

"Are you saying I'm going to be kicked from the Squad?" Claire asked. She hitched in a breath and stared Harry down.

"I'm just saying you might want to take some time away, perhaps not wear such a short skirt, such a tight top," Harry said. "People can see your panties when you are lifted in the air."

"Why, were you looking, sir?" Claire asked. She received a stern look from the coach, prompting a shudder in response. "Sorry, sir, if I seem so forward, so inappropriate, but…..."

"I'm more than willing to speak up in your favor," Harry said. Claire swallowed and responded with a nod. "Providing you do something for me."

"Please, anything," Claire said a moment later. She bent back in the chair, pulling down the skirt. She didn't want to get in any more cover. "I'll do anything, just…what do you want me to do?"

Harry rose up to his feet and walked over to the office door. He clicked it lock in response.

"The times you've looked at me has not gone unnoticed, Ms. Bennet," Harry told her. "You've been staring at me, undressing me with your eyes, when you think I'm not looking. And flashing you my panties, and making it out to be an accident."

Claire flinched underneath this particular gaze. She couldn't deny it.

"You've frustrated me," Harry said. "Do you think it's easy to remain professional when a hot piece of teenage ass is flaunting herself at me?"

"No, sir… I'm…. I didn't mean to cause any trouble," Claire said. She looked at him. The stern look on his face caused her to melt and thank herself she was sitting down.

"You've frustrated me," Harry said. "And I want to know what you're going to do about that frustration, Ms. Bennet?"

Claire looked at him and wondered if he was implying what she thought he was. The handsome older man gave her another look which opened the gateway to the utter ruination of her panties.

"Stand up," Harry said. "Let me look at you…. don't try and pull your skirt down. You didn't seem have a problem with showing me your panties all season."

Claire dropped her hands to her side. Her skirt came up to reveal her black panties. She wore it a bit short, this skirt actually was the same one she had been wearing since she was on the JV squad, and now, she had shot up a few inches, and her legs had grown longer. The same amount of material had to cover a lot more.
"Is that gum?"

Claire looked at him with a nod.

"Yes, sir," Claire said. "Sorry, when I'm nervous, I need something in my mouth…helps me….."

"Please, get rid of it," Harry said. He held out a trash can before her to spit her gum out. "I have something more constructive for you to do with that mouth of yours."

Claire wondered what he was going for. The gum was out of her mouth, and Harry pushed his lips onto her mouth, backing her back onto the desk.

The pretty blonde's breath had been taken completely out of her body. Harry leaned her against his desk and kissed her. Her mouth opened like an obedient little pet, allowing his tongue to slip deeper into her mouth. His tongue mapped out a path on his mouth.

The kiss lasted maybe a minute in total, but it resulted in the most mind blowing experience Claire ever felt. He released her mouth and Harry stepped back.

"I want you to do something to ease my frustration," Harry said. He peered down at her, corking one of his eyebrows. "Do you think you can do that for me, Ms. Bennet."

"Of course, sir," she said, dropping to her knees without a second thought.

Claire fumbled with his belt, pulling it off. She managed it after a couple of tries and then pulled his pants down. She saw a pair of boxer shorts on the other side. The Cheerleader couldn't help, and lick her lips when she saw the big bulge.

"That's all because of me?" she asked in a little girl voice.

"Yes," Harry told her. "You made a mess, what are you going to do about it?"

"Oh, I don't think I'm done making messes yet," she said. She grabbed his boxer shorts and pulled them down, freeing the monster inside.

Harry's cock smacked her on the cheek when it had been freed from its prison. The beautiful blonde wrapped a hand around Harry's tool and pumped him.

"I've always wanted to suck this cock," Claire said. "Can I put it in my mouth now, sir?"

Harry leaned back and placed a hand on the top of her forehead. He looked into her deep blue eyes and smiled.

"I won't stop you," Harry said. "Do it, now."

Claire leaned in, pleased to see his cock was as big as she imagined it. Hell, it might have been even bigger than she imagined it. Her tongue extended forward and started to lick the head, as if giving him a taste test.

"You're not helping with the frustration," Harry said. "You said you wanted something in your mouth. Well, I'm offering you something to replace your gum, and I think you can agree it has a much better….taste."

Harry hissed out the last word at the mouth where Claire wrapped her juicy lips around Harry's cock. She took his cock into her mouth and started to bob down onto it.
Claire took Harry's cock into her mouth. She made sure to taste every single square inch of him. It grew in her mouth and caused her mouth to be completely full. She enjoyed a full mouth, and enjoyed the taste of what he was going to give her.

"Do you know how many times I've thought of you doing this?" Harry asked. She made a few slurping sounds, making several passes. "Do you know how many times I wanted you to drag you into my office, and force you to suck my cock for being such a tease?"

Claire bobbed her mouth down on the older man's cock, and pulled away from him. She gave him a little smirk.

"Load, I hope," Claire said. She fondled his balls and then pushed his cock back into her mouth for more intense sucking.

"Too many to count," Harry said, holding onto the back of her head and guiding his naughty little angel. "As many as I'm sure you dreamed about sucking my huge cock."

Claire nodded, driving her hot mouth around his probing tool. She couldn't really hold back her desires much longer. She blew the older man, taking his massive cock into the depths of her warm mouth.

"You're going to get that replacement for that gum," Harry said.

Claire was sure what she was going to get rhymed with gum. Therefore she redoubled her efforts to give Harry's pole a complete going over. The fact he had a position of authority on her which he shamelessly abused made this all the much more exciting.

Harry rode himself out to an orgasm in Claire's wonderfully, tight mouth. Her lips continued to smack around him, hunger dancing in them when she kept suckling on him.

"Good, we're getting really close," Harry said. "You're going to make me cum. I bet you're getting off on that, aren't you?"

Claire popped her lips around Harry's throbbing prick and smiled. She kept sucking on him, bringing his cock further into her mouth each time he passed between her lips.

Harry fired his load into the teenage girl's mouth. She took a huge big load into the mouth. His cock slipped out when she thought he was done, and she received a nice facial of cum. Harry's spunk splattered all over her face.

"Now you've got my cum all of your face," Harry said. "That won't do at all…you should clean it off, young lady."

Claire smiled and reached over. Harry grabbed her wrist to stop her.

"With your fingers," Harry said. "Wipe it off of your face with your fingers and lick yourself clean."

Claire swiped the thick white fluid off of her face, and shoved those soaked fingers into her mouth. She looked towards Harry, eyes glazed over in passion.

"Get on my desk, and spread her legs," Harry said.

"Do you want me to take my uniform off?" Claire asked.
"No, leave it on," Harry said. "On my desk, please."

Claire turned around and decided to crawl onto the desk facing away from Harry. Her skirt flipped up to show her ass, clad in those lacy panties. Harry slapped her on the ass to cause a whimper before she turned over, laying back on the desk.

Her skirt rode completely up making sure Harry saw her panties. Claire spread her legs far, showing how flexible she could be, how far she could spread for Harry.

"How's this, Coach?" Claire asked.

Harry gave her one of those smiles which caused girls to moisten between their thighs. He leaned down and slid her panties back.

"Perfect."

Harry leaned down and gave Claire a long and lingering kiss on her lower lips. She hitched in her breath. He sucked away on the outer lips and then moved up to lick her thighs briefly, before swirling his tongue around her.

He received a good taste test of her dripping hot pussy. It was so tight, she tasted so wonderful. Harry licked her outside and buried his tongue into her, licking her core as much as he could reach.

"Mmm, that feels so good, Mr. Potter!" Claire breathed, grabbing onto the back of his head.

Harry's handsome face buried underneath her skirt, between her thighs, moistened her center even more. Claire caressed her hands up her fit body, feeling the pleasure from Harry's questing tongue. It kept working its way deeper into her.

"I'm sure you enjoy this," Harry said. He tasted her a little bit more to encourage Claire to practically cream herself. "You taste good, like sweet honey."

Harry licked her honey pot a little more. Every time his tongue buried into Claire's body, electricity shot through the cheerleader's body. Her hips bucked and coated Harry's faces with her juices. She held onto the back of his head and kept bucking up.

"Keep eating me, please," Claire said. Her crush ate her pussy like it was the most divine meal on Earth, showing her how a real man went to work.

Harry pulled away from her, smiling in response. His throbbing cock had been primed and ready to go. His fingers rubbed Claire's slit and the scorching, wet, heat encouraged Harry to do one thing.

"Ready for the main course?" Harry asked. "Let's see how flexible you really are."

Claire's pussy was born for this. Her entire body lit up in passion. The older man's hands rested on her cunt, rubbing in.

"Please, sir, fuck me," Claire said. "I need you in me….sooo bad!"

Harry smiled and straddled her hips for a brief tease. His hard cock brushed against her entrance when he leaned over to kiss the side of her neck.

"All you Cheerleaders are the same, so easy."

Harry pulled her shirt back and played with her perky breasts a little bit. His hands skimmed down her body. He paid special attention to her face. The anticipation, the little gasps of pleasure, she
really didn't hold back from showing her passion towards him.

"So easy."

Claire would have protested for a moment. She couldn't lie to herself or to him. Claire Bennet craved his touch.

"Mr. Potter, I'm so wet," Claire said. "Please, fuck me sir."

Harry's cock pushed on the outside of her pussy. The first few inches slipped underneath her skirt and inside her pussy.

Claire bit down on her lip. She tried to push up, feeling the pain spread through her body when he fully pushed past her barrier inside her body.

"Only five inches, and you're already crying like a poor little baby," Harry said. "I must say, I'm disappointed, Ms. Bennet, I know Freshmen who can take more than you can."

Claire closed her eyes and tried to push herself on, ignoring the slight.

"It's just so big!" Claire cried out, unable to believe there was only five of his twelve inches inside of her tight pussy. "You're breaking my tight virgin pussy, Mr. Potter!"

"I thought you wanted my help," Harry said. Her bra had been pulled down and her perky tits, firm and defying gravity stuck out. Her cute little pink nipples stuck out and Harry licked them. "Didn't you want my help?"

"Yes," Claire panted, almost cumming right from the friction of his mouth over her nipple.

"Then, you better help me," Harry said. "Don't you want to help me?"

Another inch slid into her when Claire thrust her hips up towards him. Her hands cupped his bum when pushing into her.

"I want to help you, hard!" she begged him.

Claire summoned all of what she could do, spreading her legs as far as possible, so Harry could finishing submerging his rock hard rock inside her body.

"Then just relax, and take my cock," Harry said.

Claire relaxed and more of his cock slid inside of her. The pain slowly faded from her, when Harry kissed her neck, her collarbone, and her breasts, every lovely inch of her breasts. Harry pushed into her, sliding into her.

"Good girl," Harry said to her. "You want to be a good girl for me, don't you?"

"I can be a very good girl," Claire said, biting on her lip. "OOOH…this feels so good…feels so good…..mmmm….feels good!"

Claire made a lot of sounds of content. Harry pushed all the way into her and almost pulled out of her. The tip of his cock rested at her dripping entrance. Claire didn't worry about the sheer length hurting her, she anticipated it. He opened both Claire and her pussy up to new, wonderful experiences.

"Sweetie, we've only just began to make you feel good," Harry said. He plunged into her. "You're
going to be my own personal cheerleader when this is over…..how would you like that?"

Claire would have thought of a snappy retort, but she couldn't.

"Give me an O!" she yelled.

"Oh, no problem," Harry said.

The moment Harry said these words, he rammed his cock deep inside Claire's tight pussy and signified the orgasm to end all orgasms. The moment the orgasm hit, Harry pounded her tight little pussy.

Her moans encouraged Harry to keep up what he was doing. Orgasms chained together in such a rapid fire succession, Claire thought she would lose it.

Harry pulled himself out of her, and the loss of his cock caused a soft whine to be issued by Claire. She turned around to see Harry leaning back on his elbows, cock pointed in the air. His man pole twitched and beckoned her over.

"Let's see if you can take me from a different position."

Claire crawled over him for a moment, pushing her breasts into his face for a little tease. She stroked the older man's chest, running her fingernail down it. A sultry little smile spread over the face of the beautiful blonde cheerleader.

"I just love bouncing up and down," she said, fluttering her eyelashes at Harry. "Want me to show you how much spirit I have?"

"I don't think it's the lack of spirit that's a….ahhh….problem."

Claire's wet pussy slid down onto Harry's pole. This time, she took the cock into her with greater ease, more pleasure, than pain. She drove her love box down onto Harry's generous sized fuck stick.

"I love cock just as much," Claire said. She pounded her pussy with Harry's length. "We should have been doing this for ages."

"Yes, we should."

Claire bent down and kissed him. His hands trailed over every inch of her sexy little body. The tight teenage cunt drove itself down onto his cock, tempting him, and teasing him.

"Mmm," she moaned, slipping a finger into her mouth.

Harry thought she looked very fuckable in that uniform and was glad she kept it mostly on. He rested his hands on the thighs of the younger girl. He brought her dripping hot cunt down onto his cock, making her rise all the way and lower herself down it.

"Good girl, very good," Harry groaned. Her tight pussy clamped down onto him. "You're doing….really good….it feels really good."

"Feels better to have a nice big cock inside me," she said. "You're making me cum again, sir!"

The wet fluids coated Harry's cock to make Claire's descent on him a bit easier. His hands explored her body, worshipping every inch of the cheerleader.
"Keep this up, and I might call in a favor, and make you the Head Cheerleader," Harry told her with a smile, squeezing her ass.

"I wonder why," she murmured. "I'm so close!"

Harry steadied the pace and worked into her like a machine. His hips thrust up to meet hers when they came down. They met in a sexual frenzy of energy. Hands felt each other, every single part, their bodies molding together in lust.

"Don't hold back," Harry said. "I'm nearly done…"

"Don't pull out of me, please!" Claire yelled.

"I had no intention," Harry said. "You're going to take all of my cum in your body, and like it. Maybe you'll have a little reminder of our little meeting."

Claire grabbed onto his shoulder and encouraged him to keep going into her. She could feel how heavy his balls were. Her body heated up with more thoughts of what might happen should his load spill into her. Intensity spread through their.

Their loins met in the age old dance of passion. Harry came all the way down into her, her hips sliding pretty much all the way up to meet his hard throbbing cock. Those balls were so full of cum, and soon she would be as well.

"Please," Claire murmured sexily in his ear. "Show me how manly you are, those little boys on the field can't compete with you, Coach!"

Harry smiled and hammered her pussy even harder, feeling the tension rise in his balls. Her latest orgasm squeezed him, resulting in him losing his load inside her.

The first warm splash of cum caused Claire's hips to twitch up and ram against his. She thrashed, squeezed, and milked the seed from his aching balls. An immense amount of cum spilled inside her body, coating her womb.

"It's so much!" Claire yelled.

"Of course it is, that's how much cum a real man has," Harry said. "And now, I've made you a woman, my woman."

Claire hung onto him and milked his orgasm down to the very last drop. He spilled inside of her.

The moment Harry finished inside of her, he pulled out of the cheerleader.

"So, how was it, honey?" Harry asked her.

"Good," Claire said. She sat up and wrapped her arms around Harry, resting her head on his chest. "So…..are you serious about your office door being always open?"

"Always," Harry said. "If you ever need anything….."

"I'll march my ass up here," Claire said. "And next time, you can take that too."

End.
Bellatrix Lestrange realized one thing. If she wasn't in trouble, then she must have not been breathing. One of the most high profile prisoners found herself in solitary confinement. Which was less like punishment, and more like relief, given she had been away from the shrieking harpies which she wanted to stab in their sleep, slowly and repeatedly.

The woman's dark hair had been cut shoulder length. Her pale face was offset by the most exotic set of violet eyes imaginable. Her body was still fit, she had to be fit if she wanted to survive in this place. More often than not, Bellatrix won her fair share in prison yard brawls. The top half of the grey uniform came down, parting at her large breasts, full and still perky as they were when she was a teenager, despite being at the north end of Forty. The normally drab grey half of the uniform fit around her ass and showed it was in fit shape as well.

She made prison attire work, somehow. Regardless, she spent her time, drumming those fingers against the bench, waiting to be let out of solitary confinement. Her twenty four hours should have been up pretty soon.

'Really wish they would have left a book,' Bellatrix thought. She closed her eyes. 'This place is too clean for a prison, no cockroaches to kill.'

The door of the prison cranked open and Bellatrix stood halfway up to see the imposing figure of the Prison Warden staring her down. Bellatrix could have swallowed the lump in her throat. Hell she would have liked to swallow a few other things of her own.

Harry Potter, the Warden, always had an air where once he was disappointed in you, he made someone feel like a little girl who had her hand caught in the cookie jar.

"Ms. Lestrange?" Harry asked.

"Is my time up, Warden Potter?" she asked him.

"Yes, it is," Harry said. "But, before I return you to your cell, you're going to have to go to my office."

Bellatrix looked at the Warden for a moment. She recalled several other inmates of this prison being lead to Warden Potter's office after acting up. They returned and walked a little funny. She used her dirty imagination as to the reason why, but she wouldn't dare think about it.

He crooked a finger and motioned for Bellatrix to follow him. She rose to a standing position and followed him down the hallway. The two of them went around a corner, walking towards his office.

"Do you know why you spent some time in solitary, Ms. Lestrange?" Harry asked.

"It was because I shanked some dumb bitch named Dolores," Bellatrix said.

Harry reached up and pinched the bridge of his nose. He could tell this was going to be rather
interesting. And the funny thing was, he didn't blame Bellatrix for doing what she did.

"She was treated for injuries, and she'll….well she's alive," Harry said.

Bellatrix held her tongue. She must have been using her touch.

"So, is she coming back?" Bellatrix asked.

"She's being transferred, it's for the best," Harry said. He opened up his office door and guided them both inside.

Bellatrix noticed several handcuffs laying on the Warden's desk, and she could have sworn she saw a ball gag in the office, along with some whips and chains. Her overactive imagination almost went wild until Harry cleared his throat.

"Have you learned your lesson?" Harry asked.

"Yes, sir," Bellatrix said. She frowned when looking at him. "It's just….she was….."

"I'm quite aware of the circumstances," Harry said. He looked at her. "I'm trying to rehabilitate you women….but in her case, she was doomed from the start. She was attempting to stage a coup to take over the prison, wasn't she?"

"Yes, sir," Bellatrix said. She placed a hand on his shoulder, but didn't move it. What she was doing was daring in the first place. "Some of us respect your authority. You might have taken a firm hand with us, but you had our best interests in mind."

"While we won't have to worry about Dolores any more, I'm afraid I can't let this go unchecked," Harry said. "You understand why you're going to have to be punished?"

"Of course, sir, we need to respect your authority," Bellatrix said, realizing he had backed her up against the desk. Either hand touched the side of the desk. "And I'm willing to be a team player, and take one for the team."

Harry's lips curled into a smile. She would be taking something alright, but he was getting head of herself.

"What are you waiting for?" Harry asked her. He motioned to her. "Turn around, assume the position."

Bellatrix turned around and pressed her hands on the Warden's desk.

"No, behind your head," Harry told her. "Put your hands behind your head, Ms. Lestrange."

Bellatrix lifted her hands up and placed them behind the back of her head. A clinking sound showed her the handcuffs put her hands into place behind her head. Then Harry's hands reached on her body and cupped her breasts and fondled them really hard. He pushed the top of her uniform off, to grab her large, firm, tits with a squeeze.

Harry rolled his fingers down towards her covered ass. He pulled down the drab prison uniform bottoms to reveal her bare ass.

"I always thought you've had a nice, tight ass," Harry said. He raised his hand and slapped the plump flesh which caused it to jiggle.

Bellatrix bit down on her lip. His strong hand rose up and slapped her ass giving her a firm harm
spanks. His firm disciplinary hand slapped her across the rear several times.

Harry listened the moans coming from her. He figured she was someone who got off on such things, got turned on. He reached into the box on his desk and pulled out a whip.

"Let's see if we can increase your punishment to the next level," Harry said. His hand ran across Bellatrix's blistered bum. "To see if it enforces."

Gary whipped Bellatrix's bare backside several times. Every time the leather struck against her backside, her hips shifted up and released a steady amount of clear juices down onto the side of the desk. The juices dribbled down the desk.

"No, sir, please, don't stop!" Bellatrix yelled.

Harry responded by only spanking her even further. He blistered her bare bottom several times with the strap, leaving it quite red by the time he was finished.

Bellatrix almost jumped up in the air when his hand brushed against her cheek. Harry's finger nails brushed down them, resulting in a whimper coming out of her body. He continued to work all the way down her ample cheek, giving her a squeeze.

"Don't want to do the time?" Harry asked her. "Then don't do the crime."

Harry spanked Bellatrix's hot ass a couple more times and caused it to grow even redder. He smiled and flicked her hair away from her eyes. He reached over and put his finger against her mouth.

"Make sure you get it nice and wet," Harry said.

Bellatrix's juicy lips wrapped around Harry's index finger and began to suck. The slurping sounds caused a certain part of Harry to extend.

He reached over and undid the belt of his pants, before dropping it down onto the ground. His boxers strained with a huge bulge. Harry slipped the boxers down over his hips and pushed a throbbing cock against her thigh.

Bellatrix gasped at the feeling of the hard rod rubbing against her. The tip of him brushed against her pussy lips. She remained steady despite the fact it was so tempting to slip this cock inside of her and have him pound her brains out.

"Almost done," Harry said.

Bellatrix licked Harry's finger as if it was a cock. His finger had gotten nice and wet, properly lubricated before he pulled it out of her mouth.

Harry touched his finger at her back passage. He pushed it inside of her.

"Fuck!" Bellatrix moaned.

Harry leaned down with a smile, working her tightest hole open with one finger. He kissed the back of her neck and then bit down on her neck which prompted a gasp. Harry's tongue brushed all over the back of her neck.

One of his finger's slid into her ass, with his hand palming it all the way inside. He took his free right hand and brushed it down Bellatrix's body. He stopped, to squeeze her breasts The delightful
moans coming from her body made Harry continue the travels down her body. He stopped at the
dge of her belly button and touched the inside of it.

Bellatrix didn't know how he knew her navel was such a sensitive spot. He only spent a couple of
moments there, before sliding his fingers against her dripping hot slit. Harry rubbed the slit,
creating a nice amount of friction.

"You're really soaked," Harry said. "And it's just because of one finger in your ass."

Bellatrix argued it was more than just one finger. It was a skilled finger which worked her tight,
forbidden hole with circular motions.

"Imagine what it would be like if there's more than a finger inside your ass," Harry said. He leaned
closer towards her and smiled. "Imagine what it's going to be like when I push my huge cock into
your ass."

"Fuck me!" Bellatrix yelled.

Harry smiled, feeling the pressure of her inner muscles coming down on him. He pulled his fingers
out of her vaginal muscles. The inside her ass on the other hand remained. Harry turned it around
and buried it deeper inside her anal passage.

Bellatrix screamed when Harry worked his finger into her tight, forbidden, warm, hole. She
couldn't wait to have his cock buried into her ass and ramming it inside of her. She could feel the
hot breath against the back of her neck.

"I wonder how much I can make you scream," Harry said. His hand worked between her thighs and
rubbed her. "Am I making you hot? You wouldn't be enjoying your punishment, would you?"

"No, I know it's…necessary," Bellatrix said. Harry's fingers pushed against her clit and sent sparks
of energy through it. "Don't stop….oooh….DON'T STOP!"

Harry rotated his finger, slipping it inside her. Her back passage was almost ready. He coated his
fingers with the dripping juices coming from her pussy. He marveled at how wet Bellatrix became
for anticipation of his cock going in her tight hole.

"You act up, and you're going to do some hard times," Harry said. He pushed his cock between her
thighs and touched her pussy ever so briefly. He lubricated the tip with the juices dripping out of
her pussy.

Bellatrix nodded, biting down on her lip. She leaned back, receiving Harry's finger cramped into
her back passage. Harry spanked her three more times.

"Cum for me," Harry said. "You can't deny it, you can't deny what you want."

Bellatrix couldn't. Her entire body shook in pleasure. She almost fell over with Harry grabbing a
hand around her waist and holding her up so she couldn't tip over.

The moment she recovered, Harry pulled his finger out of her. He put it inside Bellatrix's mouth.

"Taste your ass."

Bellatrix slipped a finger into her wet mouth and sucked it in. She got off on the taste of her own
ass, where the Warden's cock would be a couple moments later.
Harry reached over and squeezed her breasts, before leaning against her. His cock brushed against her warm and willing asshole. Harry slid into her tight asshole.

Bellatrix tried to block out the pain. Her asshole had been split open due to the thick cock penetrating her insides. She had loved it, loved it from the moment he buried himself into her tight ass. Harry held onto her hips and pushed all the way out.

"I hope you're ready."

The dark haired prisoner responded with a nod. Her asshole was more than ready to take his heavy pounding. He started to speed up a little bit, working his thick cock deeper inside of her ass.

Harry thought this particular form of discipline left a more lasting impression on the prisoner. And when the ass was something that begged, demanded to be fucked, it was almost the batter. His fingers skimmed all over her body, with his right hand continuing the tour. His left hand rested firmly upon her ass, as he thought it should have been.

"Drill me!" Bellatrix screamed at the top of her lungs. His thick balls slapped against her thighs the further he buried himself into her. "Wreck me. Fuck my ass with your fucking cock, sir!"

Harry continued to squeeze her breast, alternating between left to right, while fucking her ass. Her ass clenched onto him, almost afraid of what might happen if his cock slid out of it. Harry managed to hold onto her and keep working her into a frenzy.

"You're afraid of what happens if I pull out of you," Harry said. "I think you've suffered enough punishment….

"NO!" Bellatrix yelled, afraid he would pull his cock out of her. "I mean….I've been very bad, I think I need to get punished more, harder."

"So you do," Harry answered, a dry chuckle coming from him. He unclipped the handcuffs from the back of her head. "Do you think I can trust you to behave?"

"No promises," she muttered, more to herself than Harry. She turned around, her pale ass completely red. Harry was on the chair.

"Have a seat then."

Bellatrix didn't have to be asked twice. She took her seat, managing to drive herself ass first onto his dick. The massive manhood stretched her out, with her legs resting on his shoulders, so he could see her pussy rise up in the air when she brought herself down onto his ass.

"Such a tight little cunt for such a slut," Harry said. He pushed his finger against her. "Too bad that's not where we're heading today."

"Maybe some other time," Bellatrix said, watching as Harry dragged one finger nail up her body.

Harry closed his eyes to come back to light. His balls filled up with more seed than he could ever imagine. It took his resolve and self-control to keep from losing himself inside of her tight ass. It wasn't easy, it was the hardest thing he ever had to do.

He reached up and cupped her swaying breasts. They were two large handfuls of wonderful, warm flesh. Harry squeezed and felt the warmth underneath his palms.

Bellatrix closed her eyes. She was having the time of her life, bouncing up and down on that thick
cock which speared into her ass. She could feel his bloated balls.

"I should make you walk naked back to your cell block with my cum dripping from your ass," Harry said. He gave another firm squeeze of her breasts. "Then, maybe it would teach you a lesson about behaving."

"Maybe…maybe it would," Bellatrix said. She took her ass all the way down on his throbbing cock, riding it into her from behind. "Maybe….it would!"

She screamed out one more time, taking her thick, reddened ass off of her. Harry's hands were everywhere at once. She could feel something bury inside of her pussy, teasing her.

"Not this time," Harry said, pulling away from she reached a spectacular enough orgasm.

Bellatrix whined, but the whine had been replaced by his fingers shoved into her mouth. She sucked the few juices she collected. He buried deeper into her back entrance. Liquids trickled down Bellatrix's thighs, wanting his cock to finish inside of her.

Harry held onto her hips and continued to work his throbbing cock into her tight asshole. She worked herself down onto him.

His balls finally lost themselves. They buried a thick and creamy series of cum blasts into her ass. Her tight rear hole pushed down onto Harry and injected his sticky seed into Bellatrix's back passage.

She collapsed on him, an orgasm spreading through her body from the sheer force and volume. She heard rumors, and finally, she was able to verify the people who talked about him was understating them.

Bellatrix knew she wouldn't be able to sit for about the next month without thinking of him. But damn, it was worth it.

End
Harry Potter could not believe the rather interesting position he found himself in. He only did this as a favor to a friend, who had pretty much begged and pleaded for him to model some men's underwear for her. The first male model she hired, he actually had to cancel due to a family illness. The backup male model she hired was a bit of a prima donna, and he wasn't attractive enough to mandate the headache.

Therefore Janet Van Dyne, the owner of a very successful line of fashion for both men and women, decided to turn towards one of her business partners, Harry Potter.

"We just need a few more shots," Jan said. "Thank you for being such a good sport."

"Hey, if you fill in when one of your girls goes down with an illness, or can't make it, it's the least I can do," Harry said.

Jan spent the better part of the afternoon alone with Harry Potter who was wearing nothing other than his underwear. Distraction didn't even begin to describe who she felt. Jan managed to keep her mind from going around the twist when looking at him.

'Normally when you're nervous, they say just imagine someone in their underwear,' Jan said. 'But, there's really no need of imagination.'

He wore the silken pair of black boxer shorts rather well. Jan's gaze traveled over every inch of Harry's toned abs. He worked out and the results showed. Her tongue trailed over her bottom lip.

"Thank you again," Jan said. "Do you think you can move just a little bit to the left? This is going to be it, this is going to be the money shot."

Jan watched when Harry posed in the new line of men's underwear on the couch. She was particularly proud of the design. Clothes made the man nine times out of ten. This one time however, Jan conceded these clothes were being made by Harry.

"How's that?" Harry asked.

"Perfect," Jan said.

Harry gave her a smile which made her heart melt just a tiny bit. Jan closed her eyes and made a brief decision about what she wanted to do.

"You know, for helping me today, I figure I can show you a couple of things," Jan said. "They won't be coming out for a couple of months, but....I'm pretty sure I can give you a sneak peak of what's to come soon."

"I'd like that," Harry informed her.

"Great," Jan said, her usual bubbly demeanor boiling over towards the surface. "So, you just sit tight, and I'll be back in a couple of minutes."
Harry chuckled. If the treat was half as good as she hinted, he would be a fool not to stick around. A couple of moments passed. He knew Jan wanted to look her very best.

Jan stepped outside and wore a long overcoat which covered her body. The pair of black boots covered her legs, and Harry could see a hint of elegant stockings.

"Nice boots," Harry told her.

"Thanks, I thought they were some of my best work," Jan said. "And the coat is pretty nice too….although, I won't lie, I'm kind of partial to what I have on underneath."

Jan slowly unbuttoned the coat, swaying her hips in a teasing way. She pushed the jacket down over her shoulders and allowed it to fall to the ground. The sheer body stocking covering her body brought Harry's eyes towards her. Jan's full breasts stretched against the sheer material. Her hips curved and he could see her flat toned stomach. On the other side, her trimmed pussy beckoned for Harry, along with those wide hips and legs. She stepped closer towards him, a smile.

"I want to really thank you," Jan said. She took another step closer towards Harry, sauntering with one hand on her hip. "Why don't we say we have a private shoot."

Jan's hand rested on Harry's lap and her breasts placed firmly against his face. Harry smiled and raised to his feet. He was a head taller than Jan. He leaned down and ensnared her into a hug. Leaning down, Harry's lips smashed over Jan's with a sensual, mind blowing kiss which she had no real choice other than to return.

Harry's hands looped around Jan and gave her a firm squeeze on her rear. She pushed her hips forward to meet his and they continued the heated, steamy embrace and make out session. Their tongues twirled together in their mouths.

Jan decided the boxers were in the way of what she wanted to do. She gave Harry a playful shove and once again he was back down on the couch.

"I want to see if the equipment is in order," Jan said. She pulled the boxer shorts down and tossed them into the clothes basket off to the side. She placed herself between Harry's knees and smiled when seeing his throbbing hard cock stand up at attention. "Yes, it's in order."

Jan slowly bent down and gave Harry's head a long kiss. She tongued the edge of it before running both hands up the massive iron rod she had to work with. The Fashion Designer smiled when working her hands all the way up his cock, and stroking all the way down on it as well.

"Jan," Harry groaned.

Jan's hot lips wrapped around the tip of his cock head, and she sucked it. Her warm mouth worked slowly down. She savored every single inch.

Harry savored the warmth of her mouth. He ran his hands through Jan's silky brown hair. She worked further down on him. Jan's warm throat wrapped around Harry's throbbing hard cock and filled the back of her throat with his generous and huge piece of meat.

"Mmmm!" Jan moaned. She brought her throat further down on it.

"That's it, let's see if we can take this shoot to the next level," Harry said. He looked down in her beautiful face.

She came down to the base of his cock and gave it a loving kiss. Jan's mouth wrapped around him
before she released with a solid pop, before coming down all the way onto his cock with another few slurps, repeating the ritual several times.

Harry enjoyed the sensation of Jan's perfect tongue making a complete trip around his cock. He held his hands on the back of her head and continued to guide her all through every single inch of his cock.

Jan smiled. As much as she enjoyed driving Harry's cock into the back of her throat, she had another idea. She pulled away from his cock and smiled. She gave it a couple more soft kisses on the tip of the head before smiling.

The super heroine leaned down and started to unzip her boots. She threw them off and revealed her bare feet. Her perfect soft soles and wiggling toes were out. She lifted one foot and rubbed it against the edge of Harry's cock, tickling his thick rod.

Harry groaned the second she removed her perfect foot from the edge of his cock. He wanted another piece of her, her to continue to rub those fabulous souls all over his cock.

She closed her eyes and started to shrink until she was about a foot tall. She smiled, and stood at the base of Harry's cock. Jan wrapped her legs around the base of his cock and started to rub up and down on his cock with her entire body.

"Jesus, Jan," Harry groaned, feeling every inch of her hot body, all twelve inches of it, do a full service job on his cock. She came up to the point of the head and licked it, twirling her tongue around the swollen head.

Jan smiled. His already massive cock was already more massive now she had shrunk down.

'With my powers, I redefine the term getting into someone's pants.'

Harry enjoyed the feeling of Jan's warm, fit body rubbing all the way down his cock. He closed his eyes, when she climbed up onto the top of his cock. She made out with the top of Harry's head and ran her fingers down him.

Jan decided to kick this one a notch. She took her foot and ran it down the head of Harry's cock. Jan leaned back and wrapped her other foot around him. Her toes rubbed the tip of Harry's cock, increasing friction.

"You like that," Jan said. She stood on the tip of his extended cock, soles pressed on it and rubbing it. "Are we going to have a good shoot, Harry?"

"Yes," Harry said. She could stimulate more precise nerve endings on his cock now Jan had shrunk.

Jan could see the pleasure. She continued to stimulate the nerves on the top of his cock. She slid all the way down him, feet still hooked to his cock. She rubbed him against the soles of his cock.

"Damn, I'm getting close," Harry said.

Jan continued to play with his cock and caress it with her tiny little feet and toes. She rubbed him all the way up. His cock felt even more massive. She needed to map out an entire path on his cock.

She stroked the tip of his cock with a frenzy, trying to get him to cum. Jan hoped to get up close and personal for this particular shot.
Several moments of Jan using her feet and the rest of her body to coax the cum from Harry's balls resulted in them straining. He grabbed the base of his cock, looking at Jan's beautiful face, when stroking it.

The volley of cum shot up in the air and hit Jan straight in the face. It continued to rain down on her, quite literally from the position. Her face had been coated in the cum. Jan stuck out her cum to catch the droplets of cum like a fallen snowflake.

Jan slowly increased her body pass inside. Her tongue stuck out still when looking at Harry. Harry's cock hardened the moment he saw Jan's tongue sticking out with so much cum coating against it. Her steamy gaze made him twitch.

"You want all of this, baby?" Jan asked. She ran her hands over the body stocking which had ripped slightly. Her nipples poked out from the other side. "You want to fuck your perfect little cum doll!"

She made a production of swallowing Harry's cum. Harry grabbed her and ripped the crotch of her bodystocking open. Seconds later, Harry drove his tongue into Jan's body, resulting in her screaming pleasure.

"Eat that fucking pussy!" Jan yelled. She placed a pair of hands on the back of Harry's head and making sure his face stayed pressed in between her warm thighs and tongue stayed buried inside her needy pussy.

Harry moistened her wet canal with his tongue. Every time he pushed inside of her, Jan's hips gave a leap to encourage him to not stop eating her. He pulled it out of her and placed his mouth on the outer lips. He licked and sucked Jan's nether lips before driving his tongue back inside of her. Her hips leaped up again to meet Harry's mouth.

"Damn it, keep it up!" Jan yelled.

Harry's tongue turned around and rattled inside Jan's pussy. She held onto the back of his head, almost afraid his tongue would pull out of her.

The nectar coming between her thighs spilled out. Harry lapped up all of the wonderful, womanly juices, sucking Jan dry to the very last drop.

The moment Harry finished Jan off, he smiled, watching her thighs spread. Jan ran her hands down her body and smiled when her lover oogled her.

"That big cock is so hard for me again," Jan said. She ran her hands down her flat stomach and touched it, before rubbing her pussy. "I wonder what we're going to do about it."

"I have some ideas," Harry said. He touched the tip against her hot entrance. "Do you?"

Harry reached over and pulled down the top of her costume. Jan's breasts increased in volume, thanks to her powers. Harry leaned down and ran his mouth against her glorious funbags. He licked around the edge of it before kissing on the flesh and taking the nipple into his mouth.

"Harry, don't tease me, please," Jan said. She hooked her legs around Harry's hips, almost afraid he would stray. "I need you inside me."

It was just as well because Harry needed to be inside of her pussy.

Harry spent another moment teasing her, before he delved in between her wet, needy pussy lips. His cock pushed into her, feeling the warm flesh wrap around it. His hands moved up to further rip
the body stocking so he could grab onto her ample tit flesh.

Jan's eyes screwed shut. She raised her hips up to meet the thrust of Harry's cock. All twelve inches of his manhood buried its way inside her tight, womanly hole. Jan lifted her hips up further to meet Harry the second he shoved his cock deeper inside of her.

"Yes, oh fuck, yes, that is really good!" Jan moaned.

Harry was glad she appreciated it so much. Her warm pussy was very appreciated from him. He sped up, causing her to grab onto her body and return the favor with the gentle caressing, and warm groping. Her fingers kept brushing against every single inch of Harry's body, ensuring his hard rod didn't stray too far from her womanly opening.

"Harder, faster, please, for me," Jan begged him. Her hands tightened around Harry, almost afraid of what might happen if he had pulled himself out of her.

Harry didn't dare wait a second. He pushed down inside her body with a huge thrust. Their loins met together with the delicious friction intermingling them.

"You're excited about the shoot, aren't you?" Harry asked. His hands ran down her smooth legs when she wrapped them around his body. Her hips rose to encourage the deep, sexual pleasure between the two of them.

"Yes…very excited baby," Jan said. She bit down on the side of his ear with lust burning through her body. "Do it….pound my pussy….make it feel really good."

Harry took her encouragement as a sign she wanted this cock buried deeper inside of her. He pounded the Fashion Designer and Superheroine as hard as possible. Her warm pussy tugged his cock further into her. Harry's balls started to size up. He knew the pleasure would be shooting through his loins in a matter of moments. He needed to keep this up, he had no choice other than to keep fucking her for everything that she was worth.

Jan's encouragement rose up along with her hips. She took the entire length of his cock inside her tight pussy. She closed around him, moaning in his ear.

Their bodies melded together. Their greedy hands touched the warm flesh which melded together. The heat rising between them grew more intense.

Harry buried his face deeper between Jan's enlarged breasts. She really had used Pym Particles in a way the inventor never really imagined them in his wildest dreams. He explored her large mountains, running his hands over them.

The larger Jan made her tits, the more sensitive they became. Harry's strong hands grabbed around them and gave them a squeeze. She continued the encouragement, kissing on the ear, while running those fingers down his back. She stopped short of Harry's ass, cupping around the other side of it. He pushed all the way inside of her.

Harry sped up his thrusts at further encouragement from his lover. His thick balls almost constricted and shot their load. He managed to hold back.

Jan appreciated him holding back. She wanted to ride this train all the way to the station. She decided to flip Harry over so she mounted the top of him.

Harry feasted in the generous sight of lovely female flesh. Jan's large round breasts bounced when she rode his cock like a stallion. She pushed her fingers between her nipples and tugged him them,
"Do you want these, honey?" Jan asked. She bit down on her lips, looking sultry and needy. Her large breasts weighed in her hands. She bent down and teased Harry with the full formed breasts cupped in her hands. "Go ahead, baby, suck on my big titties. They're all for you."

Harry took them already. He squeezed those glorious sacs of flesh with a heavy hand on them. The harder he squeezed them, the more Jan brought her tight pussy down onto his pole. Her tanned flesh slid all the way down to the base of his cock.

"Mmm, yes, feels so good," Harry groaned. He grabbed Jan's large breast and gave it another squeeze. "Do you like that, honey? Do you like me squeezing your big tits? Making them all mine?"

"It's making me cum so hard!" Jan yelled. She drove herself down onto him and made sure Harry's face didn't stray. She buried it deep between her bouncing breasts.

Harry thought he didn't have too much more time. He was willing to make the most of it though. Reaching behind Jan, he grabbed the woman's tight ass. She gasped as he used her ass for leverage to pound her.

Jan's entire body shook underneath the pleasure she received from her passionate lover. Her loins exploded against his cock, coating it with so much cum, she thought it was almost obscene.

Harry buried himself inside Jan. His balls grew heavier as he lifted himself off of the bed. A soft hand reached between her meeting loins and gave him a squeeze.

"Mmm, the perfect shoot," Jan said. She breathed in his ear. "Go ahead, Harry, I'm ready."

Jan brought her hips down onto the point of his cock. She bounced upon him so hard her large tits smacked in Harry's face. Harry held onto them to weigh the glorious feeling funbags in his face and then sucked on her eager nipples.

The muscles in his groin grew very tense. She rubbed down onto him. The friction, her breasts in his face, all of it was almost too much for Harry to bare.

Finally, after Jan drove herself further down onto the base of Harry's cock, he began to strain. He shot his thick and creamy load deep between Jan's thighs. He held onto her hips and pushed a potent load of his seed inside her body.

Jan slid down his throbbing hard pole and pushed his cock further into her hot pussy. The vixen bounced faster to make sure every single drop of cum spilled from her body.

Harry grunted. The warmth of Jan's tight cunt squeezed his cock and milked the seed from his balls. He held onto her hips and spilled the contents from his balls inside of her body.

She smiled when slowing down her motions. She slid his cock out of her, smiling when she saw his half-hardened cock still coated with her juices. The couch had been stained by their love makings.

"A nice shoot," Jan said. "But a redo is in order because practice makes perfect."

Jan leaned down and touched her lips down to the side of Harry's cock and started to worship it, bringing it fully back to full mast and the fun continued from there.
The End.

Breeding Grounds 56 through 60 Girls:

http://webofchaos.blogspot.com/2016/07/breeding-ground-chapters-56-through-60.html
Harry Potter sat down at the breakfast table for a nice relaxing morning. His wife, Ginny, was away on tour with the Holyhead Harpies, and would not be returning for another week. His daughter was visiting a friend of hers, and would not be returning to the weekend. This particular arrangement left Harry alone in the house, well for the most part.

The Potter family had a guest for the next couple of weeks. Said guest sauntered down the stairs, dressed in a transparent night-dress which showed her creamy, ample breasts, and rather elegant looking body. They came up just an inch above her thighs, just enough for Harry to realize something very important.

'She isn't wearing any underwear, or a bra either for that matter.'

"Good morning, Harry," Luna said. "Something smells good….mind if I….."

"Help yourself," Harry said.

Luna had crashed with the Potters after the Tasmanian Devil demolished her house. Anyone else in the world, Harry would have been hard pressed to believe it. Apparently, Luna came across the guy on one of her many trips out in the wild and tried to take him home as a pet. Ginny and Harry tried to get Luna to part, but it wasn't until Taz wrecked her house, Luna decided it was best to let the guy back into the wild.

Harry shook his head. Just to think, if his life was a movie, it would be panned for being too unrealistic. And that wasn't even compared to what Luna got up to in her free time.

"This looks good," Luna said with a smile. She walked over and started to dig into the pile of bacon on the table. She leaned over to face Harry, giving him a nice little hint of her ample cleavage. "Sorry, if I'm….well, sorry if I'll be here for a while. My house is being completely redone, magical and all. I think we learned a valuable lesson, and that is the Tasmanian Devil doesn't make a very good pet."

"Well, I'd imagine," Harry said with a smile.

He watched the cleavage Luna displayed. She reached over to the shelf and picked up a bottle of lotion, rubbing it on the bottom of her feet. Harry watched Luna's smooth, perfect feet, with her toenails perfectly groan.

"So, Ginny left this morning?" Luna asked.

"Yes, and she'll be gone for the next week," Harry said.

"Oh, well it's a shame she wouldn't be able to join us for the weekend," Luna said. She gave a sweet little smile and bent across the table to grab the syrup. "I'm afraid she's going to miss out on something interesting."

Harry wondered what Luna was talking about. Suddenly, he felt a soft foot from the direction
underneath the table brush on the inside of his tie. Said foot slowly moved up towards Harry's crotch and rubbed against it.

Luna whistled in the same nonchalant manner a person would whistle when they were trying to fool someone into thinking they weren't up to something, but yet, they were.

Harry let this go on for close to two minutes. His cock hardened underneath Luna's actions with him looking at her. Luna whistled a tune and reached across the table for a banana.

"Uh, Luna...."

"Yes?" Luna asked. She had his cock in between her toes and was slowly beginning to pump him up and down to harden him even more. She rubbed her foot and toes all the way down the length.

"Is there any particular reason you're giving me a hand job?"

"Because, Ginny said I could."

Luna acted so nonchalant jerking Harry's cock up and down underneath the table in between her toes. She would soon have it jammed between her well-lubricated feet. She unpeeled the banana, an impish smile touching on the corners of her lips.

"Ginny, said you could?"

Harry wasn't really surprised Ginny had pulled this, given the fact Ginny had managed to entice several women into Harry's bed, to begin with, because it was her major turn on to see her husband dominant women. It allowed her to rub it in the face of other men, her brothers especially, that Harry was the strongest, most dominant male, capable of satisfying women.

"Hmm, mmm," Luna said. She took the banana towards her mouth and gave it a tentative lick. Her right foot joined her left foot in working over Harry's cock. "I even got it in writing, you want to see it?"

A very official legal document appeared in front of Harry. The moment Harry caught a pretty good look at the document, he was very glad he wasn't drinking anything at the time. He turned back to Luna, who swirled her tongue around the banana and closed her eyes. She took a small bite and took it into the inside of her cheek.

"Luna, did you read this before you signed it?" Harry asked.

"Yes, I did," Luna said.

Luna's feet sliding up and down Harry's aching shaft made it very hard for Harry to concentrate. He managed to return to the contract and make sure he didn't read what he thought he read because of some lust produced haze of wish-fulfillment.

"Because it says here you've agreed to become my personal cum dumpster," Harry said.

Luna responded with a nonchalant nod and just kept working over the impressive cock between her feet. She continued her erotic eating of the banana, eyes locked firmly upon Harry.

"I read everything Harry, including the very fine print," Luna said. "See, right here, it says you can bend me over the counter any time you wish, and sodomize me, and all I can say is "thank you, sir, may I have another?"
Luna sped up the footjob on Harry. She brushed her heels against his cum bloated balls, feeling everything they had inside them. She knew Harry's end would be near and she could not wait to have a full load of cum all over her feet. Nine out of ten healers agreed a powerful wizard's seed was very healthy for smooth, flawless skin.

"Do you like my feet, Harry?" Luna asked.

"Damn, they feel so good," Harry groaned.

"I know, I'm glad I'm flexible," Luna said. "That way, I can put my foot in my mouth and suck all of my toes. They taste pretty good, maybe you should try it sometime?"

Harry's cock jumped at the erotic thought Luna put in his head. The banana hung between her lips when she continued to lick and slowly eat the banana in the most erotic way possible. She deep-throated it for a brief instant.

"I bet you can reload your balls fast," Luna said. "Because, if you can put it in my mouth, in my pussy, or in my ass, or you can just cum all over me until I look like a used condom. Wouldn't that be nice, Harry? Wouldn't you like to see me dripping in your cum from head to toe?"

Harry nodded in response. He should have known Luna would be a kinky girl because of all of her eccentricities.

"Let's start with the toes."

Luna reached the climax of her banana eating and it looked like she was going to reach Harry's own personal climax as well. Her toes slid down the hardened cock. She sandwiched Harry's feet between her nice and well-lubricated soles.

"Yes, let's."

Luna smiled and worked Harry to a climax. She could feel the big load he would have for her and she couldn't wait to have Harry's cum splatter all over her feet. She continued to work on his cock with her feet and worked him over to the end.

His muscles strained and shot an immense amount of cum up into the air. Harry's cum showered into the air and splattered over Luna's toes. Luna smiled when she finished working.

Luna pulled away from him, shifting her chair ever so slightly so her nightdress can roll up and show Harry a hint of her wet, pink pussy. The blonde showcased her flexibility by lifting one foot up to her mouth and licking the excess amount of cream off of her feet. She took her big toe into her mouth and looked at Harry with widened eyes. Luna sucked the cum off of her own toes, eying Harry in response.

Harry's cock grew harder after Luna made him cum after the footjob. Luna dropped one of the feet on the ground and lifted the other up to do the same thing. Her warm and wet tongue licked and sucked all of the cum off of her feet.

"Well, this has been a stimulating morning so far," Luna said. "Breakfast was good, but I think I'm in the mood for dessert."

Luna reached over and grabbed Harry's iron hard cock. She squeezed it and used Harry's own fluids, along with the lotion still on her hand from earlier to give him a handjob.

"Ginny brings home women often for you, doesn't she?" Luna asked. She slid her hand down to the
base of Harry's cock and continued to give him a handjob. "I bet you find them tied up in your bed the moment she has it. Does she still have that whip? She used it on me every time when we….had our fun at Hogwarts."

Harry's cock hardened as Luna stroked him even more. She leaned down and gave Harry a long kiss.

"Let me guess a few of the girls she brought into your bed," Luna said. "I know the Patil Twins have found their way there, they're quite lovely. And there's Fleur…of course, who wouldn't want to plow her tight little French pussy? Is it true a Veela always stays virgin tight, no matter how many times you drive your big, hard, cock into her?"

"She does, her pussy and her ass," Harry said. Luna tightened her grip around Harry's cock and kept jerking him off.

"Yes," Luna said. "And then there's Nymphadora….and from what I've heard her name is appropriate."

"Every time I go into the office, she pulls me into the Minister's office," Harry said.

"Oh, workplace sex in the boss's office," Luna said. She stroked him. "Didn't know you had it in you…but then again she had it in her, your cock that is….let's see who else did you have?"

"Lavender, don't forget about Lavender," Harry groaned.

Luna snaked her hand further around his throbbing hard pole and smiled, giving him a few more strokes. She leaned down and sucked him for a moment before responding.

"I wouldn't forget about Lavender," Luna said. "Ronald's wife…..not that he's ever had a chance to consummate the marriage…..Ginny's such a good sister-in-law to ask you to go up there, and fuck Lavender unconscious on her wedding night while Ron's passed out on the couch, drunk off of his ass."

Luna jerked Harry's cock a couple more times.

"Then again, Ronald's not really the brightest, still can't figure out his own daughter looks like a carbon copy of Lily Evans when she was a teenager," Luna said as she brought Harry close to his climax before pulling away. "And, speaking of Lily, your daughter, have you broken in your daughter's sweet virgin cunt yet?"

"Not until she's sixteen," Harry said.

Luna kneeled down before him and licked Harry's throbbing cock until she completely coated it with her salvia.

"Well, there's a very sweet sixteen right there," Luna said.

Harry bounced up and grabbed her, before shoving her onto the table.

"You have a nice sized cock, Harry," Luna said. Said cock brushed up against her wet, tight, pussy entrance. "It might take some accommodation to get used to, but as they say, practice makes perfect."

Luna squeezed Harry's bicep. Harry ripped open the front of her nightdress. Her two round orbs, perfect C-Cup breasts which looked larger on her slender frame, came up before him. Her pink
nipples stuck up for him. Her pale creamy orbs begged to be sucked on, to be squeezed, so Harry did.

The tip of Harry's cock touched Luna's entrance. He did not push it in, not yet anyway. He really wanted her to think about it.

Luna's mind almost went haywire. Ginny warned her there would some pretty intense sensations before Harry was done with her. Needless to say, Ginny proved to be more than right. Harry's warm mouth latched onto her nipple and gave it a suck.

"Harry, oooh…Harry, please."

Luna thought, unless she was mistaken, she was about to be educated why most wizards thought Parseltongue to be completely evil.

Harry's tongue touched at the edge of her lips. Luna's hips jumped to get more of his tongue inside of her. He continued to tease her core, taking the very sweet juices. The honey lemon taste dripping from Luna's pussy made her very enticing indeed.

Luna's cunt set ablaze with lust, the second Harry pushed his tongue into her hot and smoldering depths. She placed her hands on the back of Harry's head and guided him deeper inside her pussy. Harry's tongue flickered into her.

Harry went down as far into Luna's pussy as his tongue could reach. He licked up the tangy juices and enjoyed how nice and sweet she tasted. He couldn't get enough of her and it took everything to prevent him from pulling his tongue out of her. '

Luna gently placed her hands down on the back of Harry's head. She only did it just enough to encourage him, not too hard to make it stop. Harry's tongue hit all of those hot spots which made life worth living. All sense of control exited Luna's body and her pussy splashed the juices onto Harry's face.

Harry lapped it up, the moans coming from the girl encouraged him to keep going to the edge. He watched Luna's hips lift off of the table and fall down onto the ground. The moment Harry finished up, he licked his lips.

"I'm going to have to have this topping more often with my breakfast," Harry said. He saw Luna's legs spread apart.

Luna's inviting pussy beckoned Harry's cock. He would drive it into her, and pound her to a fury of screaming pleasure if that's what she wanted. Harry edged closer towards her and moved on top of her.

"I bet you've been dreaming about my cock for years," Harry said to her.

"Yes," Luna said. She smiled when his fingers pinched her nipple. It caused her to get excited and more juices to drip down her thigh. "Are you going to make all of my dreams cum true, Harry?"

She looked at him with a wonderful expression on her eyes, biting her lips. She tried to get Harry to drive his cock into her sticky twat in the most alluring way possible.

Harry mounted her hips and hovered over the top of her scorching slit. Her pussy practically sucked him in. Harry tried to hold back from going inside her. He brushed the cock all the way up and down her pussy.
"All that, and more."

Harry held on the table and drove himself inside of Luna. Luna lifted up off of the table, his cock pushed into her extremely tight, wet cunt. Luna's hands pressed on the small of Harry's back when he rose up and pushed into her.

"Mmm, yes, that feels so good, baby," Luna said. "Harder, please, I'm so wet….you're going to make me flood your house if you aren't careful."

Harry experienced the tight warmth of Luna's pussy wrapping around him. He managed to hit a steady pace which felt good to him and got her squealing underneath him. Harry's hands rested on her hips when pushing deeper inside of her.

Luna's orgasm trickled up from her body. She ran her hand down the side of Harry's shoulder and encouraged him in her own way. Luna could feel herself being spread and stretched the further he entered inside of her.

"Just let all out, and feel the pleasure."

Luna felt the pleasure alright, so much pleasure. The tension within her loins squeezed and released. Her sopping wet juices coated the edge of Harry's cock and allowed him to continue to drive himself deeper inside her. He held Luna's hips and pushed deeper into her.

Harry enjoyed the sensation of the first orgasm. The sultry look dancing in Luna's devious little eyes made him want to give her more. Harry held onto her hips and drove his hard cock deeper into her tight body.

"Give me everything!" Luna yelled. "Mmm, Ginny was right, you are hung like a Hippogriff!"

Harry would take this statement as a compliment. Luna's wet cunt spread more fluids than Harry could ever know. He kept pounding away at her, pushing his throbbing hard cock deep inside of her warm depths.

Luna hooked her heels onto Harry's backside to encourage him. Those strong hands of Harry's caressed her legs. Luna gasped when she realized how sensitive her skin was when someone was playing with her legs. Harry realized that it seemed.

"Well, we wouldn't want to break that contract, would we?" Harry asked her.

"Morgana….no!"

Luna hit a peak after Harry drove his hips down onto hers. Their two loins pushed together in a rapid-fire flurry of thrusts. Harry kept pushing deeper inside of her.

Harry buried his face, with a little assistant from Luna, in the midst of her supple chest. Luna stroked the back of his head.

"Suck them," Luna said. "Imagine them bloated and full of milk, when you're done with me today….oh fuck!"

Luna's hot hips rose to squeeze his throbbing cock. She continued to stroke the back of his head and enjoy having her nipples sucked. Orgasm after orgasm pushed through her body with Harry fucking her like a well-oiled machine.

To be honest, Luna stopped keeping track after about twenty. And to be fair, it was hard to chart
when one stopped and the other started.

"It's almost my turn," Harry said.

Luna squeezed her hips against his and made sure he could push far inside her as possible. The tip of his cock practically touched the inside of her womb. She wanted Harry there.

"So, if Ginny gets off on you fucking women in front of her, dominating them with your monster cock, how does she feel when you knock them up?" Luna asked.

"She gets pretty horny," Harry admitted.

"Mmm, it's a pity she can't…see this right about now," Luna said. Each time Harry's cock stuffed into her.

"Don't worry, they're cameras all around, so we're recording every single moment of this," Harry said. "She'll be able to watch it at her leisure when she returns."

The Ravenclaw in Luna wanted to ask a million questions about how Harry managed to get security cameras to work in a magical household. Especially with all of the sex magic in the air could, in fact, short them out.

The horny bitch inside Luna, the more dominant of the two Lunas right now, was just more excited.

"Hi, Ginny, your husband's about to put a baby in me!" Luna yelled, with a bright smile "Love you!"

Harry's balls twitched at how hot and horny Luna was getting at this. It was making it hard to hold back. He wanted to bring her to another orgasm before firing his massive load inside her.

"Yes, Ginny, I'm going to shoot a big load of cum into her fertile womb," Harry told his wife over the camera. "And knowing this kinky little pixie, she likely used a fertility charm on herself to makes sure the job was done right!"

Luna's pussy tightened around Harry's hard throbbing pole when he rammed himself deeper inside of her. Luna breathed heavily every time Harry's throbbing hard cock slammed into her body and drove deeper into her. She could feel him buried inside of her womb and about ready to seed her.

Harry sped up his pounding of Luna's pussy. She grabbed onto him, encouraging him to keep his cock balls deep inside of her. Those throbbing balls were about ready to release their seed. Harry rode her to what he thought would be a very pleasurable climax.

He groaned at the tightening of his balls which started to fire inside of Luna's dripping hot cunt. He fired an immense load inside of her.

Luna held onto him, milking his throbbing rod into her. Her breasts bounced when he drove into her and he leaned forward to bury his head into her sweaty chest. Luna encouraged Harry to drive his cock and inject her womb with his burning, potent seed.

"YES!" Luna moaned, enjoying the sensation of his cock buried inside of her. Those thick balls shot an amazingly thick load inside of her and her womb just drank up the potent juices which spilled inside her. Harry held onto her and kept driving his cock inside of her.

The two joined together at their mutual orgasm. Harry pulled out of her with a smile, and Luna
rubbed her swelling belly before turning around on the table, getting on all fours. She showed her dripping pussy.

"Ginny, I hope you can see my face when Harry drives his cock into me."

Harry took the hint and the plunge.

The End.
Some Side Effects May Occur (Claire Redfield)

Harry Potter looked out the window into the chaos. The brutality which had taken place from these monsters resulted in Harry's lips curling into the very obvious frown. Some really good people had been infected, and some people who weren't as good, but they didn't deserve anything like this. Harry would hardly wish such a horrific, monstrous fate on anyone, even his worst enemy. He rested a hand on the edge of the window and kept moving with a very light tapping of his finger. His frown grew even more prominent when he looked outside.

He turned around and saw the woman who stirred. She dressed in a black tank top which stretched across her ample and toned upper body. The tank top came up for Harry to get a clear view of her fit stomach. The black shorts came down all the way to show a pair of amazing legs. The boots had been taken off, and her bare feet were completely on display. The red haired beauty's eyes slowly began to open and she frowned.

"Doctor Potter?" she asked him with a frown. "Am I….."

"You're perfectly safe," Harry said. "The cure took some time to take effect, but I believe once I've taken a sample of your blood and taken a few tests, you'll be as good as normal. How are you feeling, Claire?"

Claire Redfield rose to her feet. She was on spaghetti legs when getting to her feet. Harry reached over and stopped her from falling onto the ground. She pressed against his body, feeling rather warm. She took a deep sigh when looking at him.

"Your blood was the key, then?" Claire asked.

"As I suspected," Harry agreed. "I think when we test you for side effects, you'll be free to go and we'll be free to spread the blood. There's only one problem though."

Claire realized the problem straight away.

"The cure only works on females, doesn't it?" Claire asked. She turned towards Harry who answered with a brisk nod.

"Don't worry, once we've figured out how this cure is going to work, we're going to get together a sample which will work on men," Harry said. He stepped closer towards her, slightly closing the gap which had been created between the two of them. "I have to ask you how you're feeling?"

Claire didn't know what to make of the question. A buzzing feeling resulted in her barely being able to stand on her feet. Harry reached over and placed a calming hand on the small of her back to allow her to stand up.

"I'm a bit warm, but better than the alternative," Claire said. "We should get….."

Harry turned around for a moment. Claire's eyes followed the doctor and she could see him. She knew he was handsome, and someone any woman with a pulse craved. However, Claire Redfield never noticed how handsome he was and how dreamy she was. She licked her lips, and the hunger
continued to spread through her body.

"You mentioned there would be some side effects," Claire said. She stepped a little bit closer to the doctor, about as much as she allowed herself to. She found herself pressed very close towards his back, her hands about ready to reach up.

"Yes, I mentioned side effects," Harry said. "To cure the infection, certain biological functions needed to be heightened."

"Mmm, "Claire said.

"You may experience heightened levels of hormones, and the desire to…"

"Well, that does explain a lot of things," Claire said. She turned him around and slowly undid his tie with a smile on her face. "Tell me, Doctor Potter, do those hormones get even more heightened when the subject already has an attraction to the person in question?"

Claire dragged her fingernails down Harry's chest and looked towards him with a bright smile on her face. She chewed the bottom of her lip, staring down at him, playing with the buttons on his shirt. She ran her fingernail around the side of his shirt.

"It's highly possible," Harry said, maintaining a straight face. "You would have the heightened levels of attraction until the cure spreads it's course through her body."

Claire warmed up and reached over to pull off her tank top. Harry caught sight of her bra covered breasts and they were quite lovely.

"Aren't you going to give me a full physical examination?" Claire asked him. She grabbed his hand and placed it on her breast. "You can stop now, to make sure they're still in working order."

Harry caressed her breasts. Her sultry demeanor and burning gaze encouraged Harry to keep rubbing on her breasts. He reached behind her and unclipped her bra to reveal a pretty nice set of globes. He took the firm flesh in his hand and started to squeeze it in response.

Claire's eyes closed when the doctor felt her up. His hands brushed all over her body.

"Don't be shy," Claire said. "After all, I want to know if we can have….solid doctor patient relations."

She turned around, making sure Harry's hands did not linger from her breasts. She backed him up against the table and grinded her ass against the bulge in his pants. Harry closed his eyes at Claire rotating her ass against his hardening cock.

"I'm thinking your side effects are contagious," Harry said. He pushed down her shorts and she wore nothing but a pair of slick black panties from the waist down. "I wonder what you'd do to return the favor, mmmm."

One of Harry's fingers pushed between Claire's sopping folds. His digit worked into her and slowly worked her up into a fever. One hand manipulated her pussy and the other hand caressed and squeezed her breast. Both actions were amazing and Claire's loins had been caught on fire from the mass amount of pleasure.

"I'm going to…suck your big cock," Claire said. "You know you'd like my hot mouth wrapped around your big cock."
She turned around, Harry's fingers sliding from her center. Claire reached up and held Harry's hand with the fingers dripping with her juices.

"See these lips," the red-haired temptress said, puckering them up for Harry to see. She dragged her tongue against them. "These were perfect for sucking cock."

She demonstrated her technique by taking Harry's fingers into her mouth and sucking them dry of her juices one by one. She smiled when feeling up the hardening of Harry's cock against the palm of her hand. She really had him in the palm of her hand.

Harry groaned when Claire sucked her own juices off his fingers. Her hand undid his pants and pulled them down.

Claire finished cleaning off her juices and descended to her knees on the pile of clothes on the floor. She pulled down his pants. A massive cock sprung out and nearly hit her in the face. Claire licked her hand, getting it nice and lubricated. She wrapped her hand around the base.

"Mmm, I like how it just grows in my hand," Claire said. She stroked Harry's cock and made it even harder. "Do you like that, Doctor Potter? Do you like my soft hand stroking your big cock? Are you getting harder knowing how hopelessly wet it's made?"

"I'm getting harder thinking about what it would feel like to drive my cock into your tight little pussy," Harry growled.

"That sounds pretty good," Claire said. She wrapped her hand around his throbbing cock and stroked it a little bit more. She leaned in and gave it a kiss on the head of the cock.

Her perfect mouth and tongue caressed the head of Harry's cock. He enjoyed the pleasure she was about to bring when she stimulated the head of his cock.

"But, I think first I'm going to suck your big fat cock," Claire said. She cupped Harry's balls in her hand, feeling how big they were and smiled.

Harry wasn't about ready to stop her. Claire opened her mouth nice and wide and brought herself down on Harry's iron hard pole. Her warm lips came down and slid down further until she kissed the base of Harry's cock. His cock had been taken into the back of her throat. She pulled out until her lips were on the tip of his cock. Her tongue swirled around at least one time in succession before she cupped Harry's balls and went all the way down on his stiff iron pole.

"Yes," Harry groaned. Claire's lips encased his hard cock with a deep and passionate suck. She slid all the way down onto him and cupped Harry's balls in between her fingers.

Claire bobbed her hot mouth all the way up off of him and all the way down. She tasted his throbbing hard cock in her mouth when she kneeled down in front of him while he sat on the operating table. Her nails dug into the side of Harry's leg with the hot and passionate cock sucking continuing to reach a fever pitch.

The moment Claire covered his hard cock with her salvia, she pulled herself to her feet. She wrapped her legs around his hips and pushed her breasts into Harry's face. She rubbed against Harry's throbbing hard cock.

The hard cock trapped between their bodies. The hard tip of it rubbed against the warm, toned flesh of Claire's stomach. Harry reached around and cupped the redhead's ass to encourage her to do even more. She ground up against him.
Claire pulled herself back in time to see the gigantic prick stick out. She wrapped her hand around him and pumped him some more. She lead him off of the table, cock still wrapped around her fist.

Harry enjoyed her soft, warm hand pumping around him. She looked him right in the eye when jerking him off.

"I bet you wanted me to jack off your nice big cock and suck on it some more," Claire said. She sat herself down on the table and leaned over.

Her tongue twirled against the swollen head. Harry breathed when her warm tongue and mouth gave him one of the better goings over he had in his entire life. Her fingers tickled his balls.

"Damn, you're so good," Harry said. "I'm going to fuck your brains out."

Claire perched herself on the table. Her smooth, shaven pussy flashed out in front of Harry's face when she spread her splendid sighs. The finger of her free hand trailed over her body, brushing against her nipples, stomach, and clit and bringing her juices onto her fingers.

"Sounds really good," Claire said. She released Harry's cock.

Harry grabbed her by the shoulders and bent her down on the table. He bit her on the side of her neck which resulted in a gasp. Harry's hot mouth suckled the flesh on Claire's neck. Claire closed her eyes and allowed herself to be enthralled by Harry's hot mouth taking a tour down the side of her neck, all the way down and past her nipples.

One nipple captured inside her mouth and Claire pushed her breast deeper into Harry's waiting mouth. She ensured it remained pushed into her mouth.

"Suck on them, they're all for your, and no one else!" Claire breathed. She stroked the back of Harry's head.

Harry traveled down and kissed her stomach and licked her navel. Claire's hips jumped up when Harry's strong hands massaged her thighs. He was giving her body the full go over. Her legs spread, in time to be rode and bred by this stallion.

"Just think, you're going to have to give all of the females the same treatment when you cure them," Claire said. She brushed her hips up to meet his throbbing cock.

The first few inches of Harry's cock slipped between Claire's wet lips. She rubbed him when pushing all the way up on him. She gasped at the sensation of Harry almost slipping deep inside of her.

Harry pulled away at the last second so their loins did not properly join together. Claire looked towards him with the sultriest smile possible.

"Fuck me."

She spread her legs in encouragement for Harry to take her. Harry's hard cock rested at the edge of her entrance and danced against the edge of her lips. He would take her and would take her as hard as possible.

The first few inches of Harry's cock shoving inside her body almost caused Claire to black out from way too much pleasure. She guided him inside of her tight body.

The warmth surrounding his cock gave Harry more than enough of an incentive to drive his thick
prick inside Claire's womanly body. She lifted her hips all the way off the bed to join him when Harry pushed inside of her.

"Right there, your cock, it goes right there, inside my pussy!" Claire mewled. She drug her nails against the small of Harry's back. "I can feel those balls, they're so thick with your cum."

Harry bent down and sucked the side of her neck some more. Licking behind her ear caught a pleasure area and Claire moaned while bringing her hips up.

"You're so fucking wet," Harry said. "But, I'm not complaining about it. I should have fucked this pussy a long time ago."

Harry brought himself into Claire's depths. She held onto him when their hips met. Red hair draped against her face which dripped in sweat as their bodies met together again and again.

"Making up for lost time!" she moaned in Harry's ear. "This cock was more than worth the wait….."

She stopped her speech on the account of cumming so hard around Harry's iron pole. His balls slapped her thighs again. Every time they struck her it just reminded Claire how much cum they stored and how much she would love his big load inside her.

"You're going to earn this load," Harry said with a smile.

Claire looked at him with lust, tightening the grip of herself around him. She worked herself up and down on him. She braced a nice pair of hands on the side of his neck and moaned when driving herself down onto him.

The tightness of her almost caused Harry to lose it. He held onto her and brought Claire's moist center deeper around him. Those tantalizing breasts pressed against his face, and he had no choice other than to bury his face between them.

"Mmm, ooh, you make me so hot!" Claire said. She dug her nails into the back of Harry's head and encouraged him to keep sucking on her nipples.

Harry buried his face deep between Claire's smoldering hot cleavage. He couldn't have enough of his face buried in between her soft breasts. It was just amazing how they felt pressed up against his face, and how he could suck on them all day long, for as long as he thought he could.

"Keep it up," Claire said.

Harry kept it up alright and buried himself into her. His full length pushed deeper into her body. Every time he hit her insides, she hugged him. She wanted his cum, well she was going to earn it.

Claire didn't have any desire to slow down and wasn't afraid to work for a nice sticky load of seed inside of her. She brushed her hot thighs up against Harry's aching prick and gave him a squeeze. She moaned into his ear.

"Come on, fuck me, fuck me so hard," Claire said. "I like your big cock, it was made to tear women apart. Nothing feels better than this, put your seed in me, make me feel really good."

Harry held onto her hips as the constant stream of dirty talk continued in his ear. Harry pushed his hips further up to meet Claire's. The two of them combined in a lustful encounter with each other. Claire tensed and released around him.
The sensation of her tight pussy milking his cock made it feel really good. Harry's hands were all over her body, and she positioned herself where she rode him while bending down and rubbing her breasts all over Harry's body, and using her hands to caress his muscular frame. Her pussy did the job on his groin and made him tense up more.

"I've wanted to fuck your pussy for a long time," Harry said.

Claire drove her hips down onto Harry's. Their loins met and the tension in Harry's balls were about to give way. She could feel it, driving as much of his thick prick into her moist cavern as possible. It was so wet she could slide anything in there without protest.

Thankfully, she shoved the one thing she wanted in there.

"I know, I can feel your cock throb in me," Claire said. She grabbed Harry's shoulders and bounced up and down on him, breasts smacking in his face. Harry sucked her nipples on the way down. "Don't hold back, cum for me."

An amazing orgasm hit Claire completely and hard first. Her sticky walls clamped down against him and milked Harry.

The unbearable heat made Harry want to drive his cock with her and empty his balls into her. He held out through one more spectacular orgasm. The sensual screams coming from her when she repeatedly drove herself down made Harry ache all over.

Claire's entire body warmed up. The hyper stimulation made it feel like her entire body had been set on fire. Harry converted her entire body into a G-Spot. He stimulated every nerve ending at once and made them all feel better than the last.

"Stay with me if you want your present," Harry said. He ran his thumb down her back and brushed against her anal entrance.

Claire wanted her present alright. Her thighs closed down onto Harry and milked him deep inside of her. She pushed down on him three more times before his balls finally lost themselves in her tight pussy.

Harry shot his load into her. The warmth made Harry's entire cock feel really good. She milked his cock with tense strokes of her muscles. She rode out an amazing climax, and coaxed the seed from his bloated balls into her.

Claire didn't know what to make of all of this. He had so much cum inside of her, it was just elevating her horniness. Harry emptied a bucket load of cum inside her warm, wet vice.

She collapsed down the moment Harry finished injecting his seed into her. She felt invigorated after Harry injected her more.

"Are you feeling better?" Harry asked.

"You better stick around, in case I have a relapse," she said.

Claire's dripping hot thighs spread open, and it was hard to deny this particular request.

The End.
The mansion of the world famous Harry Potter held many secrets and it had been a fortress which many few people penetrated, not without his express consent and knowledge. It took close to six months for them to even get close enough to get inside.

Abbey Chase and Sydney Savage managed to get inside the system, and managed to find a way inside. A large mansion like this required a fair number of maids, attractive females who had been paid well.

It had been very difficult for them to slip inside. Abbey checked the dress on the maid outfit. She wore a crisp little hat and the plunging neckline of the cleavage showed what she had to offer. She balanced in the high heels. The dress rode up to show her stocking clad legs which went on forever. Her blonde hair clipped back to be underneath the outfit.

She watched as Sydney balanced on the heels. It was not as easy as it looked to maneuver in such an outfit. These maid uniforms had been designed for women who had assets which were much more minor compared to the two spies. The brunette's DD cup breasts almost spilled out of her top when she moved with each stope. Her dress rode up if she was not careful.

"Not exactly the best fit," she muttered. "But, we're desperate enough to do this."

Sydney placed one hand on the back of her dress, to avoid flashing her black panties. She turned towards her partner in crime.

"I'll check the bedrooms on the floor above, you check the bedrooms on the floor above," Sydney said. "He's downstairs being entertained by the ambassador's daughter right now, so we should be able to be up here for a while. Still, make it back here in an hour."

Abbey responded with a nod and watched Sydney disappear up the stairs. Those heels and stockings made her legs look amazing.

'Let's start with this one I guess,' Abbey thought.

Abbey took out a rather low tech device for such an important operation, a hair pin. She put it inside the lock and manipulated it until she opened.

She entered a well maintained bedroom. There wasn't a spot of dust on it, which meant the maid staff much have already went through this one. Abbey turned on the lights and moved over towards his desk to rifle through the papers.

Just ordinary and boring papers, nothing which indicated anything was off kilter here. Abbey didn't give up though and she opened up the desk drawer to rifle through those papers.

More of the same actually, and she turned towards the wall. She pulled back a portrait and expected to find a hidden compartment. Sometimes, a portrait on the wall was just a portrait on the wall.
The sound of footsteps outside of the hallway caused Abbey to tense up. She didn't think Sydney found anything yet. Sydney didn't give the signal, and it was much too soon, way too soon as well. Abbey turned away from the book shelf and made her way towards the window.

The window was locked and there was no time for it. The door swung open in response and she came face to face with Harry Potter.

The photographs didn't do him any justice at all. He was tall, tanned, and handsome with green eyes which melted the heart of every single woman who had been caught underneath her gaze. Abbey closed her eyes and put her hands on the back wall to steady herself.

Harry showed up after wrapping up his meeting with the ambassador's daughter. He stepped into the bedroom and found one of the maid's standing there.

"Can I help you?" Harry asked.

"Don't mind…don't mind me, sir" Abbey said. Her knees trembled. "I'm just doing some cleaning in here."

Harry stepped closer towards her and backed her against the wall. Abbey could have escaped and maybe fought him off, but she didn't want to.

"It looks pretty clean," Harry said. "I think we know the real reason why you're here, don't you?"

"Um, sir?" she asked.

"You're here to fulfill the terms of your employment agreement," Harry said. He looked at her with a smile.

Harry personally thought replacing the house elves with a staff of attractive maids was a significant upgrade. He stepped closer towards this one with a smile on her face.

"Sir?" Abbey asked towards him.

Harry pressed her up against the wall and caught her with an amazing kiss. She almost shoved him away, but then something snapped inside of her mind. Abbey returned the kiss with a great fever, her tongue shoving deep into her mouth. Her fingers caressed his body and looked rather hot.

He reached towards the top of her maid uniform and pulled it out. Abbey's breasts clad in a blue bra revealed to him along with her well-toned stomach and curvy hips. The girl's heart stopped.

"You wanted this for a very long time, haven't you?" Harry asked. "Just think, of what might have happened if I didn't catch you here, waiting for me in my room."

Harry reached down and slipped down the maid's panties. Her dripping hot pussy exposed towards him. Harry pushed a finger deep inside her gushing cunt and slowly worked his way into her.

Abbey thought it would be a lot easier to fight this if he hadn't been so skilled at giving pleasure to females. All of the stories would have checked out. Harry slipped a second finger towards her and a third finger in succession.

"Are you feeling good?" Harry asked.

He pushed his fingers deeper inside her. Abbey's hot pussy clenched down around his fingers. They tickled every part of her inside and seemed to just expand, to touch her insides. Abbey held onto
Harry's hand and pumped it closer.

Harry smiled when the beautiful blonde maid released her juices upon his hand. He yanked a hand from her and slowly sucked his fingers dry. He looked her in the eye and flashed a not so subtle grin directly at her.

Abbey pressed herself against the wall. Harry cupped her chin and made her look him in the eyes.

"I think it's only fair you do something for me."

Abbey dropped to her knees without much prompting. She would do anything to him, especially if it was to gain his trust and his confidence. She unbuckled his pants and tore them down. She pulled down his boxer shorts.

A massive throbbing cock struck him in the face. The spy reached up and stroked his massive pr. She smiled it grew in her hand.

"You're really good at this," Harry informed her. "But, it'd feel even better to have your pretty little mouth wrapped around it."

She agreed with him. The tip of Harry's cock pushed against Abbey's wet lips and she eased into him. The taste of his cock caused juices to spill down and stain the carpet. Harry threaded his fingers in the back of her head and slowly started to push his manhood deep inside her.

Harry looked down at the beautiful woman. He smiled, triumph in his face when pushing his cock into her hot mouth. She only gagged once and instead stayed the course of the hot, immense round of cock sucking.

Abbey brought his cock into her mouth so deep, deeper than she ever managed to bring anything. Then again, there was so much thick juicy cock to suck. Her hot lips smacked and pushed around this throbbing palace.

Soft fingers tickled Harry's balls. The strain of cum churned up his cock and threatened to fire all the way out of his balls and down her warm and willing throat, and the harder he pumped, the more he experienced this pleasure. He rested his hands on the back of her head.

The first burst of cum shot into Abbey's mouth. She squeezed those bloated balls and smiled when Harry pushed his warm load into her. She brought her mouth down and sucked him, trying to drain his thick, manly balls of every last drop.

Abbey slid back and Harry wrapped his arms around her. He pulled her to her feet and gave her another one of those looks.

"On the bed."

He wasted little time throwing the sexy blonde down on the bed. Her soft and smooth thighs spread apart, dripping down. Harry walked over and placed his hands on the side of her body, and ran them up towards her breasts which hung out of her top.

"Are you ready to take my cock?"

Abbey wondered what kind of stupid question that was. Her pussy ached for him, she was born to take this thick cock into her hot depths. She didn't know any other reason not to take it.

The tip of Harry's thick prick touched at her sopping hot entrance. Abbey drew in a warm breath
with Harry slipping an inch of his cock inside of her. He touched her hot moist lips and slid further inside of her, filling her up.

He didn't just ram it in, even though he could, and she would take it. Abbey felt every single inch spreading out her legs.

"I'm sure you didn't count on this did you….Ms. Chase?"

Abbey only just barely registered Harry Potter had just said her name. His thick cock penetrated her wet center. It was too late, her lust had been given.

"You've been such a naughty girl, and you know what naughty girls get, don't you?" Harry asked. "They get a hard fucking!"

Abbey nodded and clutched onto the side of the bed. She took his hard throbbing cock deep inside of her body. The thrusts started slow and steady before speeding up and the increased tempo made the warmth exploded through her body.

Harry reached around and touched every single last inch of her toned body. For six months, he knew they were coming, and he dragged it out. The other one was upstairs, but Harry would deal with her soon enough.

Abbey screamed at Harry's cock piercing her.

"MORE!" she yelled. "FASTER!"

Harry only slowed down and left her whining. He plunged into her. He wanted to explore every single inch of her delightful body. Her pussy drew him in and she wanted more. Harry would give her more.

Abbey's screams increased when Harry filled and emptied her with a series of hard thrusts. She clutched onto the bed. Harry's hands touched the bottom of her breasts and squeezed them. A burst of pleasure came all the way through her loins.

"Built to fuck, and born to fuck," Harry said to her. He cupped her ass and smiled, before giving it a tight squeeze and a firm spank.

Sydney made her way down the steps. She heard Abbey's screams coming from the master bedroom and was about ready to break down the doors. Only, she didn't need to. The door swung open and revealed an erotic sight.

The brunette vixen stepped back and watched Harry Potter's gigantic penis plunge into her partner's sopping wet cunt. Sydney ran her fingers down her body and breathed in and out. She wanted a piece of that action.

"Feel free to join us, instead of just staring."

Sydney walked over and sauntered over. Every time she walked, her thighs rubbed together and dripped with pleasure.

Harry reached out with his free hand, the other balancing on the side of Abbey's hip. He flipped the front of Sydney's dress up and stared directly at a pair of lacy black panties which had been soaked completely through.

Sydney pushed her hips up so Harry could gain better access. Her greedy eyes followed the thick
cock sliding in and out of Abbey's tight cunt.

Harry brushed against her heated mound underneath her panties. He looked up towards her and managed to keep fucking Abbey while tormenting Sydney.

"I'll be the judge of that," Harry said. "Did you really think it would be here? Right out in the open where anyone can slip on a too small maid outfit and find it?"

"Our intelligence stated….."

Harry's finger slipped into Sydney's moist inside. The digit manipulated her. He played her like a puppet on a string. Those moans increased the more Harry worked his finger deep inside her with a few long thrusts.

"Yes, I wondered if you would take the bait," Harry said. "The two of you are very useful for me, and you're going to help me… and you'll find I'm not the villain here. Rather your bosses are, and they've been blinding you with lies."

Abbey wanted to ask about this, but she was too busy cumming. She looked up at the erotic look on Sydney's face and it caused her loins to inflame.

"Your new lives as my agents are going to begin today," Harry said. He slowed down the push of his finger inside of Sydney and slowly pulled it away.

Sydney's pussy ached at the loss of Harry's strong finger. She would give her right arm to have this finger back into her.

"Yes, anything, anything you want," Sydney said. "Just promise to fuck me as hard as you're fucking her."

Abbey held onto the bed to enjoy the depths his cock would plunge inside of her. Harry brought her to multiple orgasms, each of them more spectacular that the last. She would do anything for him, even if it meant more of this.

Harry drew out the next two, making the explosion of pleasure at the end of the tunnel more than worth it. He leaned down and licked Abbey behind the ear. Her pussy clenched around him and saturated his aching prick with juices.

"It's not fair you're getting all the fun, are you?" Harry asked. "Why don't you show me what how much you like your partner's tasty little pussy?"

Abbey smiled, that sounded rather delightful to be honest. Sydney's pussy was delightful and she could not wait to stick her tongue into it.

"Treat her like someone who you would seduce to get information out of."

Abbey leaned over and touched her tongue towards the outside of these sopping hot pussy lips. Her tongue dragged all the way over the moist and hungry looking slit with a few pushes of it inside her. She smiled when hearing the gasp of pleasure coming from Sydney's direction.

Sydney's mind struck down by the fact the beautiful blonde buried her face in between her thighs. The sound of firm flesh smacking against each other just directly out of her line of sight made everything just that much better.
Every lick, every brush, every tongue inside Sydney's pussy, Abbey savored it. She prepared to get Sydney's pussy nice and wet for her new master. Harry's hands encouraged her, touching every single last part of her body.

"Jesus, Abbey!" Sydney breathed at the top of her lung.

Harry smiled and held onto the firm ass of the sexy spy and looked down at another one. Her tits bounced when she rocked her hips up. It amazed Harry how they only barely slipped out of the way too tight maid's uniform.

"I'm going to take your tits, and I'm going to suck on them, and then I'm going to stick my cock in between then and fuck them until I cum all over your pretty face," Harry said. "When you look in that mirror, all you're going to see is evidence I violated you like the little cum slut you are."

Sydney's body heated up at the thought, combined with Harry's ramming of Abbey. They had went in here with the intention of getting some incriminating evidence on him, and now Harry Fucking Potter seduced them into being his own personal fuck toys.

Harry bounced his balls against Abbey's wet thighs. He could feel her pussy clench up against him. No matter what, Harry sensed the end and he was willing to ride out her final orgasm.

Abbey's entire body opened up in anticipation for Harry's seed. The girls underwent bio-implants to ensure they didn't get impregnated.

"And for the record, those bio-implants in your body?" Harry asked. "I can disable them just in a blink of an eye, if I chose to...and you never know if I already have."

Abbey's pussy clenched up when the sexy thick stud behind her rammed into her. Her pussy juices allowed him a perfect passage all the way to her womb. All she could do was bury her lust and her face inside Sydney's pussy.

Harry groaned, his balls aching and the first of several blasts of cum fired inside of her.

Sydney knew Harry had started to cum, but he must have emptied buckets full of cum inside of Abbey's tight pussy to the point of it being overstuffed. The sound of the screams and the slapping of flesh brought Sydney's hips up to the point where she soaked Abbey's face just as much as her pussy.

Harry smiled when he pulled out of Abbey and caused her collapse down on the bed. He looked down at Sydney's body, dripping with sweat, with the sweet smell of set. She had a body bred for rough fucking, nice large tits, a toned body, and wide hips along with long dazzling legs.

"You can't accuse me of one thing and not being a man of my word."

Sydney didn't even put up any protest. Harry reached over and yanked down the front of her dress to expose her nice large tits for him. They were primed and ready for sucking. Harry smiled when taking a closer look at those mouth-watering mountains of succulent flesh. He placed his thumbs on top of them and brushed his fingers off of them.

"Please, suck them!" Sydney yelled. "Oh, I'd do anything for you, just suck them and fuck them."

Harry gripped one of those generous mountains in his hand and leaned forward. He sucked one of the warm nipples. She breathed and he switched from one side ot the other, never really breaking his side at all.
Abbey pulled herself over and retook her spot between Sydney's legs. She made sure her new master's seduction struck with a heavy round of pussy eating. She wrapped a hand around Harry's cock, lubricated with their combined juices.

Sydney put her hands on the back of Harry's head, but he blocked it and sucked on her tits at his own pace. He sucked and released one of her aching nipples from his mouth before switching to the right one. Back and forth, and Sydney experienced his pleasure.

"Oooh, you're making me feel so damn wet!" she moaned.

Harry smiled when he pulled away from her and cupped those nice breasts. He gave them a few more licks before leaning forward. He rubbed the head of his cock against those nipples to tease them.

"What do you want me to do?" Harry asked.

"Fuck my tits," she said, biting down on her lip. "Please, take your big cock and fuck my tits until I pass out."

"No, I want you still awake for the main event," Harry said. He pushed his hard cock in between the warm valley of her breasts.

Harry's massive cock disappeared between her breasts, quite the feet. He pushed his hands on Sydney's perfect breasts and rammed it into the brunette agent.

"You thought you could get the better of me, think you could trick me, think I wasn't fully aware of everyone who walked in my house, and knew every single maid intimately," Harry said. "Deep down, I think you both knew that, you're hoping to get caught."

Every time Harry's cock slid in between her breasts, Sydney thought she was going to die. He pulled the cock out to slap it against her face.

"Stick out your tongue," Harry said.

Sydney could feel the first trickles of pre-cum against her tongue when he slapped it against it. She didn't have much time to register it or the fact Abbey slipped her tongue into an entirely different hole.

Harry held onto her chest and slid deep in between her breasts. She squeezed them together and looked up at him with a smile.

"You're going to get everything you've came for," Harry said. "And more than you've bargained for."

A few more thrusts deep inside her warm cleavage before Harry started to fire his cum into Sydney's face and all over breasts. The white, sticky fluids shot all over her face and breasts and never started pouring all over her.

Sydney watched as the never ending shower of cum spread across her face. She tasted it and she couldn't get enough of it. Harry emptied his heavy balls all over her face and chest.

"Abbey."

Abbey climbed on top of Sydney at Harry's words. The blonde smiled and squeezed Sydney's chest before she licked and sucked the cum off of her chest. Sydney gasped when Abbey's talented...
mouth and tongue lavished her breasts.

Then, her tongue licked the dripping cum off of Sydney's face. Abbey smile when swirling her tongue around the edge of the fact of this particular woman.

"She's ready," Abbey said.

Sydney could feel something hard press against her rear entrance. She watched when Harry slowly eased his cock into her firm ass.

"It's so amazing how such a tight fucking hole can take such a big cock," Harry groaned.

Sydney couldn't believe his thick cock was balls deep into her ass. She had never taken anything this big up her ass, or anything which had felt so good.

A dildo found its way into Abbey's hand. She smiled and slid it deep into Sydney's gushing pussy, while Harry fucked her ass hard. The duel penetration resulted in the spy nearly losing herself.

Harry held onto Sydney's legs. One of them lifted up, and Harry slowly licked and sucked on the firm flesh on the back of her leg. It was extremely amazing to feel such a warm and firm hole wrapped around his cock. He groaned when almost pulling out of her and pushed back into her with a solid thrust. His balls slapped against her tight hole.

"Again!" Sydney breathed.

Harry had no idea who she was referring to, but he was happy to oblige by pounding her tight back entrance with more thrusts. His eyes watched the dildo which Abbey jammed into Sydney's pussy. It had been charmed to connect to his nerve endings and it was swelling with its own load as well.

The girls would be in for a very interesting surprise.

"You're so hot," Abbey said with a smile. "Do you like that? Do you like how I fight your tight pussy? I bet you like that almost as much as Harry fucking your slutty ass."

Sydney slowly became addicted the feeling of Harry's hard cock jammed into her tightest hole. Her pussy clenched around the dildo as well. Abbey leaned down and started to pepper kisses on the side of her neck and the top of her cleavage, leaving her more than hot and bothered.

"Yes…YES!" Sydney yelled.

Harry's hands squeezed those firm tits and got her even hotter. He kept up with the intense plowing of her tight ass. Those balls hardened and grew even heavier with cum. They slapped against her.

"Just imagine the big load that's about ready to go in her ass," Harry said. "But, first…"

Harry rewarded Abbey for her good work by slipping one finger between her thighs. Abbey's hot thighs pushed closer into Harry's hand and trapped his finger in between them. A second finger added to give her another spark.

Abbey happily rode his fingers to another orgasm while feeling the dildo expand in her hand like it was a real cock. It only made her want to jam it into Sydney's tight pussy even further, and even deeper. She couldn't even begin to describe the wonderful feelings she had been feeling when ramming it deep inside of her lover.

"Ooooh, this is so good!" Sydney murmured underneath her breath.
"I'm about ready to cum," Harry groaned. "And I know you are too....."

Harry slammed himself into her firm ass one more time. First the dildo inside of her exploded and brought a dripping of hot juices deep inside Sydney's greedy cunt.

Sydney's pussy burned at being filled with cum to the brim. She closed her eyes and rubbed her tits quite nicely. She waited for the nice and warm load to shoot its way into her tightest hole.

Abbey came next all over Harry's fingers. Harry pulled the fingers from her pussy and placed them into Sydney's mouth. Sydney's warm lips wrapped around Harry's fingers to suck Abbey's juices completely off of them.

Harry rode her ass as fast and furious as she sucked his fingers.

"This ass belongs to me, along with the rest of you," Harry said. "You might as well tattoo the property of Harry Potter on both of your hot asses."

Sydney's pussy throbbed and a little bit of cum spilled out. Harry's hard balls slapped against her backside with a few more heavy thrusts. He was getting very close to losing himself deep inside of her. She couldn't hold it out, not for much longer anyway.

Harry popped inside of her next. She submitted quite nicely to his cock when pouring the contents deep inside of her.

The moment Harry pulled out of Sydney, he smiled, seeing her holes dripping wet with his cum. He turned the tables on both of them.

Both of the hot women turned over on their hands and knees and looked up towards Harry.

"What do you want from us now, sir?" Sydney asked.

Harry smiled, he did have his ideas.

End.
Madam Rosemary Rosmerta of the Three Broomsticks looked outside at the snow falling down in Hogsmeade. Most of the people who visited her inn would have been gone, and the Dementors would be coming down the street pretty soon.

The vast majority of the Hogwarts students who had been there for Hogsmeade weekend wasted little time getting back into the school to avoid the crowds of Dementors and the goers of the village made their way inside, locking their doors and windows.

Rosmerta surveyed the shop. They would be patrolling the main streets, and it was just much safer to stay away from the windows and doors.

She had been at this place for as long as she could remember. Her mother owned the inn for years, and the moment Rosmerta finished Hogwarts, she worked underneath her mother, starting at the age of seventeen back in early seventies. She finished Hogwarts as part of the class of 1970, and went to work shortly thereafter. By the end of the decade, her mother retired due to her failing health, and Rosmerta took control of the pug. She had been there ever since, and had blossomed in more ways than one.

Not many people knew her first name, and she had the fair share of strange looks at being called Rosemary Rosmerta, but her mother thought it would be adorable to name it like it. Then again, her mother, rest her soul, had a rather twisted sense of what was adorable.

The curvy barmaid poured into a tight dress which had been held up by magic, and she wasn't being figurative either. Her ample figure required her clothes to be custom made. Her silky tresses came down to her face. The dress came down her knees to show a pair of firm, curved legs as well. She stepped forward in a pair of open toed shoes, showing her elegant toes painted in a shade of red. She walked with a lot of grace.

'Hogsmeade weekends, they're nice…although the cleanup is a bit much,' Rosmerta thought.

She turned around into the corner and bumped into something. Rosmerta took a step back and could hear something fall back with a clatter.

It was rather strange given she was the only one inside the pub at the time. Rosmerta looked over her shoulder, and then looked to the ground. She saw a hand, visible, and frowned.

Rosmerta reached down and grabbed the hand to stop it, and slid down the cloak. She came face to face with one of the last people she ever thought to see lurking around in her pub in an Invisibility Cloak. She looked down and spied Harry Potter.

"Are you okay?" Rosmerta asked.

Harry looked up, he had almost been out of here, and he thought he wasn't going to bump into anyone. He did bump into someone, the attractive barmaid of the Three Broomsticks. Who leaned down towards him and had her cleavage pointed directly at his face.
"Um, I'm...fine," Harry said.

He tried not to look down the front of her dress, despite the pull towards her cleavage being very magnetic.

"Mr. Potter, I would think you would be more careful given the circumstances," Rosmerta said when pulling him up to her feet. "Sirius Black is...."

"Yes, I know he's after me but....."

"You snuck out to Hogsmeade underneath your father's old cloak," Rosmerta said. She placed a hand on her hip and looked down at him. "Yes, I know about it, your father and his friends used to sneak out to this place all of the time. I first met them when I was in my third year running the Three Broomsticks, and...."

She sighed for a moment and helped Harry to his feet. He looked just like James, but he had Lily's eyes, and that proved to be a dangerous combination.

'He's also thirteen,' Rosmerta reminded herself. 'No matter how mature he might seem for his age.'

"I didn't mean any trouble," Harry said. "I just wanted to see Hogsmeade."

"I understand," Rosmerta said. "But, we have a serious problem....you can't get back up to the school now, because...they're here."

Harry groaned when seeing the Dementors from the window. They did not target him directly.

"I need to take the passage out of Honeydukes to get back," Harry said.

"You mean you didn't take the passage from behind my inn to get here?" Rosmerta asked. "Wait, there's a passage inside Honeydukes as well?"

"I guess so," Harry said. "Wait, there's one back there....that's not on the.....I don't know about that one."

Rosmerta motioned for Harry to join her in the back room.

"They're on the other side of the village after midnight," Rosmerta said. "It won't exactly be pleasant though, but you're going to have to hurry."

"You mean you're not going to turn me in?" Harry asked.

"No," Rosmerta said. "I didn't turn in your father all of the times he snuck around the village with his friends, so I'm not about to stop with you. And if I had a galleon for every time I caught those Weasley twins sneaking around out of bounds in the village, I'd make Lucius Malfoy look like a pauper."

Plus, they were her best customers, so obviously Rosmerta wasn't about to turn down their business. She move Harry and offered him a seat. Harry sat down.

"My eyes are up here, you know," Rosmerta teased.

"Right," Harry said. "Sorry, it's just that.....it's....."

"No need to apologize, I'm used to it," Rosmerta said. "And I have to say I might...play it up a little bit than I should. But, you know what they say, sex sells. The good thing is I know a few stinging
hexes, in case people get a little bit fresh."

Harry could only begin to guess where the stinging charms had been directed.

"Most of the men, and a few of the women always look at these," Rosmerta said. She cupped her chest in emphasis. "They look nice, don't they, Mr. Potter?"

"Yes, um…they're, very nice."

Harry could feel an uncomfortable restriction in his pants. Rosmerta's eyes looked down towards the bulge in his pants and smiled.

"I'm sure you're used to it though," Rosmerta said.

"Used to what?" Harry asked.

"Well, I'm pretty sure an older girl must have dragged you into a broom closet, and made your day by now," Rosmerta said.

"No, I…well I never…they've never…" Harry said.

Rosmerta frowned and she placed her hand rather close towards Harry's crotch. She bent down, her breasts inches away from his face.

"Are you trying to tell me you've never had sex with a woman?" Rosmerta asked.

Rosmerta frowned at how this could be possible. When she attended Hogwarts, broom closets were opened at your own risk and what happened in the Astronomy Tower stayed in the Astronomy Tower. Thanks to magic, they can have sex all day every day, without restriction, and the teachers couldn't really stop it.

'Did they slip something in the pumpkin juice?" she thought.

"You mean to tell me you've never had a girl pull down your pants," Rosmerta said. She pulled down Harry's pants to emphasize. "And pull your big cock out before she started to…stroke it!"

Rosmerta's focus almost broke because she pulled out a cock which was surprisingly large for someone Harry's age. Then again, he had enough power to defeat He-Who-Must-Not-Be-Named, so he would have been well endowed. She wrapped her fingers around him and started to pump Harry up and down.

Harry didn't know why she was doing this, but he wasn't about ready to complain about it. Rosmerta's warm hand wrapped around his cock and felt his cock extend larger. This felt so much better than when he did it, to fantasizing about the Patil Twins or Susan Bones or Lavender or even Professor Sinistra.

Rosmerta caressed this throbbing cock in her hands. It had been a very long time for her. The power coming from Harry intoxicated and made her feel really good, make her forget how long this was.

"You have such a nice, hard, cock, Harry," Rosmerta said. "I want to put it in my mouth…do you think I can put it in my mouth?"

Harry nodded in response. Rosmerta lowered herself down and her hot lips touched the head of his cock. Her tongue flickered out around his throbbing, swollen head. The warmth spreading around Harry's head made him feel really good.
Rosmera wrapped her right hand around the base and felt it when taking the top head into her mouth. The left hand made its way towards her balls and started to tickle them. She squeezed and stroke them.

Harry hadn't felt anything like this before. Rosmerta was skilled, swirling her tongue around his cock, and making sure to hit all of the points which brought her pleasure.

"Madam Rosmerta, keep…sucking my cock."

She had no intention to stop sucking him off. Her hands caressed him, mouth sucked him, and brought increasing amounts of pleasure.

"I'm going to….I can't hold it….I'm….."

Harry grunted, but Rosmerta didn't stop. She double downed on the oral service, and kept slurping on him, while squeezing his heavy balls. They held a surprisingly abundant load for her.

He groaned and started to fire the load deep inside of her mouth. Rosmerta brought her lips further down and sucked his cum down into her mouth. She swallowed the warm load. He pumped maybe a half of a dozen loads before settling down.

Rosmerta pulled away from him, and touched her thumb across his cock. She gave it a light and loving caress, before reaching up.

"I know what you want," Rosmerta said. "It's what all men want…."

Rosmerta pulled down the front of her dress and freed her large, round breasts. The succulent, mouth watering flesh struck Harry in the face. Harry captured the round orbs in his hand and touched them.

"Play with them," Rosmerta encouraged him. "Suck on them, they're all yours, baby."

Harry's face disappeared into the generous mountains of flesh. Rosmera stroked his cock while he sucked his tits. His mouth was all over her, and she spent a bit of time guiding his head. By trial and error, Harry picked apart all of the spots which made her feel so good.

The young wizard could not believe it, he had his face buried in the chest of an older woman, and it felt so good. It was so abundant.

"Good, mmmm, very good, "Rosmerta said. "You're so good, but I think I know how we can have even more fun."

Rosmerta slipped off her dress the rest of the way. She wigged out of it, her wide juicy ass pushing out of it. She wore nothing other than her stockings and shoes when on the ground.

"Harry, I've heard gossip last year you're a Parseltongue," Rosmerta said. She squeezed his cock and smiled.

"I'm…"

"Don't worry, I want to try something, and I think you're really enjoy this as well," Rsomerta said. She gave his cock a few more squeezes. "Do you think you can get between my legs, close your eyes, and pretend you're talking to snake when you lick me?"

"You want me to lick….."
Rosmerta pulled Harry away and leaned back on the edge of the bar, her legs spread. Harry caught a hint of her womanly scent and saw how she dripped wet with moisture. Her pussy lips were slender and looked pretty tight, tighter than anything Harry imagined.

"I want you to use that nasty little evil tongue, and make me cum," Rosmerta said. "Please, Harry, I'm so horny."

Rosmerta stroked her lips, until Harry grabbed her hands and pried them away. He leaned in and swirled his tongue around the outside of her lips. He caught some of the nectar on her lips and brushed it up.

"That's it!" Rosmerta breathed.

Primal instincts hit Harry when he continued to swirl his tongue. He brushed against the outer lips. Slowly, Harry slipped in all the way past the folds.

Harry's tongue twirled inside of her. He closed his eyes and imagined talking to a snake. The tongue shifted around and vibrated when Harry began to recite the Hogwarts school song to the eating of this sweet, mature pussy.

Rosmerta's hips bucked up to hit Harry in the bridge of the nose. His tongue started to dance against her cavern and licked her.

"Morgana!" Rosmerta breathed.

Her hips struck Harry in the face. The skilled young wizard munched on her pussy. Every time Rosmerta thought she had hit the ultimate height of pleasure, a new even more pleasurable wave hit her.

Harry went down deep between her dripping hot thighs. He had a pretty good idea what he was doing now, the more he went to town on her. A primal force drove him forward, with the licking and suckling deep between her legs. She placed her hands on the back of his head.

A rush of hot liquids splashed Harry in the face. He drove deeper down in between her thighs and lapped up even more juices.

Rosmerta never expected this to go this far. Some pull of magic lost all control of her inhibitions. His magic had been raw and untrained, pulling her in. She shuddered to think what he might have been able to do with these magic energies if he had gotten older and had ended up more refined. The very thought of her resulted in a shudder of pleasure spreading over her thighs.

"I'm ready," Harry said when he pulled out of her.

"To fuck me," Rosmerta managed. "I'm not sure if…"

Harry looked towards her with a gaze from those burning eyes. Any hint of backing out had left her. Harry's power, whether knowingly or not, spread over Rosmerta. She turned over and pressed her hands and knees up against the bar. Her thighs spread far and wide.

"If you want me, come and get me," Rosmerta said. "Please, Harry, fuck me, I'm so wet."

Harry ran his hands over her curvy flesh and moved down. He smiled at the breath she hitched in when taking a nice firm grasp around her ample butt cheek. Harry rose his hand off and slapped it against her.
"Harry!" Rosmerta yelled.

She was pretty sure many men imagined bending her over the bar, flipping her dress up, and spanking her firm ass until raw. The fact Harry did it, and more importantly she allowed him to do so made her wonder what the hell was going on.

"You're not exactly protesting," Harry said.

Harry's throbbing hard rod pushed against Rosmerta's lips.

"Do you enjoy being my first?"

Rosmerta nodded. To be the first of such a powerful wizard was something she couldn't even describe. The raw untamed power swelling from his being intermingled with her magic and their loins sucked together. Harry almost slipped deep inside of her.

"Good, I'm glad," Harry said. "So, hot…so tight…"

Harry eased inside of her. Rosmerta held her hands against the bar.

"Honey, I want you to take me," Rosmerta said. "Hold nothing back, please….and I won't breath a word of this to anyone."

"Oh, you'd have some explaining to do if you did," Harry said. He had gained confidence a little bit, the more he indulged himself in this older woman. "Wouldn't you, Rosmerta?"

Harry ran his fingers down her spine. Despite his teasing words, he obliged her. One long thrust brought the point of his cock deeper between her legs. Those thick throbbing balls smacked against her thighs. Harry held onto her and smacked inside of her again.

"Yes, I…do…have some explaining to do," Rosmerta gasped. Harry clutched her hips and continued to rock, increasing the tempo inside of her. "But, don't care, because it feels so good…"

"It does feel so good, to be so bad," Harry said. "So, how many Hogwarts students have you taken into your backroom?"

"I've teased….many, but…never did anything," Rosmerta said. "Well, any male students… anyway….."

Harry's interest had been increased. So she didn't get with any wizards during her time at Hogsmeade, that was very interested.

"So, you're just a tease, aren't you?" Harry asked. "Or have you been waiting for a special moment?"

Rosmerta's breast had been squeezed underneath the palm of Harry's hand. He manipulated the supple flesh and made her moan. The pleasure she felt rewarded Harry with a steady heat pumping through his loins. Harry balanced on her and rocked inside her.

"I've…..oooh…"

She came, boy did she ever cum. Harry smiled when picking up the pace, riding her orgasm for everything she was worthy. Harry drilled her pussy without any mercy.

"This is what you want, isn't it?" Harry asked. "This is what you need?"
Rosmerta nodded in response. His cock pushed deeper inside of her. It lengthened and pressed into the inside of her womb. Perhaps it had been her own lust added imagination, but Rosmerta could have sworn his cock extended, getting longer the more he pushed inside of her. Her breathing intensified the further Harry pushed deeper inside her.

Harry rode out the next orgasm and just hammered her harder in response. He enjoyed the feel of her pussy wrapped around his cock when injecting her juices around him. Harry wanted to feel the warm feeling, the warm sensation once again. His fingers caressed the underside of her breasts, and started to rub against her nipples.

"I can't pull out," Harry said. "I guess I'm going to finish."

"Oooh, you're going to cum inside me?" Rosmerta asked. "You naughty little boy, first you sneak in out of bounds, when you're not supposed to be in Hogsmeade, and then you seduce me with your big cock, and then you fuck....my brains out."

Rosmerta barely belted out those last few words on the account of Harry plunging his thick rod deeper inside of her. Those hard balls slapped against her thighs, several smacking sounds followed Harry's actions. He rode her to a spectacular conclusion.

"I'm almost there, don't worry, you're going to get everything which is coming for you," Harry said. "You corrupted me, I'm just an innocent third year."

"Right," Rosmerta managed. "You're really innocent."

The sarcasm had been lost by the fact Harry plunged into her and struck a pleasure chord. Rosmerta's wet walls collapsed down onto him. Her body racked up and down in a constant state of orgasm. This did not help by the fact Harry squeezed her delightful breasts against the bar.

Harry's balls tightened. He couldn't hold back much longer, not that he wanted to. He slammed into the wet and hot hole. The cum churned up and the load finally had been lost.

Their orgasms met mutually in the middle. Harry held onto Rosmerta's soft tits, to keep prodding her insides with his huge, thick penis. The heavy dosage of cum fire inside of her.

Rosmerta's entire body swelled up to accommodate the huge load of cum. Harry pushed her against the bar, slamming against her. Their hips worked against her from behind. Harry's hands ran all the way underneath her body.

Harry pulled out of her and allowed Rosmerta to slide back onto the bar stool. Cum sloshed out between her legs.

"Looks like they're still out there," Rosmerta managed.

"Not midnight for a couple more hours," Harry said. "Guess you're going to have to entertain me."

The End.
Amelia Pond, better known as Amy to well mostly everyone, reclined on the couch and waited for him to come home. The attractive redhead kicked her boots off already. She dressed in a modest looking white blouse which only had the first couple of buttons undone. She dressed in a black skirt to show her nice long legs.

'Almost time.'

Harry was never late. He was always on time where he needed to be, and most importantly where he needed to be. And sure enough, he made his way home with a smile on his face. He dropped the case down on the table and walked over towards her.

"Busy day?" Amy asked.

Harry reached over and pulled her off of the couch, wrapping his arms around her with a smile. The two of them kissed each other with heated passion.

Amy could only begin to guess how long Harry had been gone when he had went on his little missions. It was less than a day, maybe a couple of days, or a week depending on the period in time he had been shuttled off to, at least on her account. On his account, it would have been much longer.

The kiss blew her off of her feet and curled her toes. Amy watched when Harry turned her around. She leaped into his arms when he continued the kiss and brought her over towards the couch and set her down smile.

"You don't want to know how long it's been," Harry said.

"Oh, I can guess, just a little bit," Amy said. "But, it's been almost a day for me, and that's way too long….do you think I'll be able to come along with you someday?"

"You're nearly ready," Harry said. "Just keep up with your training….it's not easy."

"No, it isn't, but for you, I'll spare all of the time in the world to learn," Amy said. She could see Harry's eyebrow crinkle up. "Sorry, love, I won't say the T word when you're off of the clock."

"Just another rampaging nut job trying to wipe out a timeline," Harry said, answering the unasked question.

Harry sat down on the couch and Amy draped her legs over his lap. Harry smiled when placing his hands on her feet and started to lightly massage them.

"Oooh, I missed this," Amy said. And she meant it, because the jolts of pleasure coming up through her toes amazed her beyond all wonder. Harry's fingers always had the magic touch.

"You can't get enough of it," Harry said. "And I can't get enough of those cute little feet and toes of yours either, along with your beautiful legs…where do they ever end?"
Amy smiled when she could feel her soul mate's hands rolling up her legs. She might have lost a little bit in life, but she regained it back. Harry's fingers rolled up the side of her ankle and then back to massaging her foot.

"You spoil me way too much," Amy said. "And you're the one traveling for….I don't even want to know how long…and I really hoped you continued your collecting along the way."

Harry smiled when rolling his fingers down the side of her leg. He didn't confirm or deny any answer to her question. He kept feeling up her legs and then bent down to fire a few small kisses on her toes, and the side of her ankle.

"Well, you're the crown jewel, "Harry said.

"Really?" Amy asked. She shuddered when Harry licked her toes. It felt so good.

"Yes," Harry said. "Aren't you glad I found you?"

Amy responded with a nod, she was glad she came across Harry in one of his many Adventures in Time, and was persistent in falling him back to his ship. And she ended up in the midst of this castle, which held so many secrets, wonders, and perhaps things which the human mind was not meant to comprehend.

"I'm very glad I'm found you, and I'm sure you are as well."

Amy's worked over Harry's trousers with her toes and could feel the growing length of his cock.

"You're hard from just kissing my legs and feet, and sucking my toes?" Amy asked.

"They're a work of art, love," Harry said.

Amy grinned when fishing out his large throbbing cock. She took her foot, slick with Harry's salvia and rubbed her big toe against the length of his throbbing cock.

"You're so big," Amy said. She smiled when brushing those toes against his throbbing hard penis. "And I love it when it goes between my toes….in my hand….in my mouth….when it's jammed deep in my cunt."

She spoke the word with such elegant sweetness Harry just had to smile Amy stroked him some more with her beautiful toes and smiled. Harry rewarded her actions by rubbing and playing with her legs.

"You've been gone for so long, I need to welcome you home in style."

Amy wrapped her feet around Harry's long cock and rubbed them up and down his length. Her slick feet brushed against the throbbing manhood.

"Damn, they're so soft, they're so beautiful."

Harry groaned at the sensations of Amy's toes and feet rubbing up against him. His hands explored her gorgeous legs without any abandonment.

"Just like you're thick, prick," Amy said. "Are you going to cum over my soft soles? Are you going to cum all over my pretty toes? I painted them red just for you, just the way you like it."

Amy vigorously jerked off Harry with her feet. His hands rewarded her efforts with a massage. Select jolts of magic spiked up through her and struck Amy firmly in her loins. Her pussy vibrated
underneath what Harry was doing.

"You're so good, you're better than perfect," Amy said. She squeezed those feet around the area of Harry's cock.

"I can't hold on much longer…."

"Then don't," Amy said. "All this pent up cum…it's not healthy for you love, and I'm always looking out for your best interests."

Amy concluded her foot job and got a nice little reward by having Harry's cum shoot up and splatter all over her feet and her legs. His cock squeezed and contracted against her feet.

The soften heaven between her soles rode out Harry's first of many orgasms. He shot his load up and splattered all over Amy's perfect feet.

"Mmm," Amy said. She ran her fingers across her sperm covered legs and them held up the dripping digits before shoving them in her mouth.

The leggy redhead indulged herself in Harry's seed, swirling her tongue, and licking off the final traces of sperm. She sucked them dry with a sultry look in her eyes.

Amy got on her hands and knees, with her skirt flipping up, showing her panties. Harry smiled when he saw the black panties covering her amazing ass. The powerful young man reached over and cupped his hands over the top of Amy's ass and gave it a tight little squeeze.

"I'm going to reacquaint myself with all of my favorite parts."

"I'm sure you are," Amy said.

Harry flipped up her skirt to further have access to her ass and pulled down her panties. Her soft, pale ass looked rather inviting with a tight little rosebud. Harry placed his face against her cheek and pressed against her asshole, inhaling her lovely scent. His fingers rested on her clit and tongue shoved up her asshole.

Amy gasped and held onto the couch. Harry's tongue pushed deep into her asshole, and got her nice and wet. Her lubricated back passage dripped from Harry's long term efforts. He brought the tongue further into her tight hole and swiped his tongue through it.

"Oooh, Harry," Amy breathed at the top of her lungs.

Harry brushed her clit while munching on her tight ass. Amy's hot body spread with the pulses of her nerve endings. He brushed against her several times while the continued worshipping of her ass continued. Amy grinded her tight bum against Harry's face and he kept eating her out.

"You're making me cum," Amy said.

"Such a dirty girl, cumming from me licking her ass," Harry said. "But, I don't blame you, and it tastes so good."

Amy rolled over so she could properly face Harry. Her moist holes pushed open on display. Harry reached down and unbuttoned her blouse. More of her matching lacy black bra exposed and Harry fired those kisses down the side of her neck, down to her collar bone and kept kissing on her.

Harry planted his mouth and marked the territory on the side of her neck and down to her cleavage.
He pulled the strap off and released her perky breasts. Harry ran his hands down them and cupped the handful of flesh on them.

Amy closed her eyes and clenched her thighs. A few trickles of fluid came down onto the couch cushions. Harry's fingers kept brushing over her opening and felt her up. One finger slipped deep inside of her.

"It doesn't take much to get you going."

Amy lifted her hips up to meet Harry. One hand finger brush against her inner slit, the other hand brushed against her pubic hair. She was getting hot and bothered.

"No, and….I want you in me," Amy said. She bit down on her lip.

Amy's thighs spread and Harry mounted on her. He brushed the tip of his cock against her firm stomach and brushed down. Her sweet little pussy lips, thin and tight, was about ready to claim his cock. Harry placed his cock.

Every time they were done, Harry reversed time on her body, and took her virginity all over again. And each time, it had been amazing. He brushed the head of his cock against the proof of her innocence.

Amy's skin boiled the second Harry pushed all the way into her. Her legs wrapped around his thighs and hands pushed against Harry's firm ass. She reached up and pulled off his shirt the rest of the way. His muscular chest came down and pushed against her lovely breasts in response.

"Thank you, my husband," Amy breathed. Her nails ran down his back when Harry kept bringing his cock deeper inside of her body.

He pushed down inside of her. Only half of his length spread between her thighs. More went inside of her tight pussy. Amy rubbed up against him, practically purring in his ear, and running her fingers down his back.

"Soooo good, honey ,so good," Amy said. She nibbled on the side of his earlobe.

"I've been waiting a long time for this," Harry said. "I know you've stayed up at night, waiting for me to return, hoping I would take you in your sleep, and take your innocence all over again."

An explosion came from the leggy redhead's loins. She pushed up against Harry's probing penis when it shoved deeper inside her. She wanted more. The cock going hard and fast into the depths of her made Amy lose all of her sense.

Harry worked her up to an orgasm. He started playing with her legs, marveling at how wet it did. His meat missile sought the intense heat pumping from her.

"Go ahead, love, let it go," Harry said.

"Yes, I'm cumming!"

Amy's accent became more pronounced when Harry drove his cock into the tight body of his sultry little vixen. The fiery redhead kept encouraging him to drive more into her. He brought his hips down onto her and plunged deeper into her tightness.

"Mmm, you're so good, I love this!" Amy breathed. She panted when feeling Harry's hips crush down upon hers, never once letting up on his intense thrusting.
"Just wait," Harry said.

Harry's strong loins brought themselves down on Amy's body. He pushed against her. The bodies of both of the lovers met in the center with each other.

Amy's entire body reached an increased state of stimulation. Harry pushed all of the right triggers in her mind and brought her hips further up to meet him. Harry slid out almost all of the way and left the tip of his cock against her lower lips.

Harry crashed down inside of her, those hips meeting together at a certain point. Amy's fingers pushed against Harry. The continued rocking and grinding of hip on hip action made Amy close her eyes and come closer to losing her mind.

The latest orgasm slickened the path between her legs. He slid all the way out of her and inside of her. Harry drove down into the tight pussy of his companion, rocking deep inside of her.

"Don't hold back, really give me everything you've built up," Amy said. "Breed me, I love you, Harry Potter….put a baby in my womb!"

Harry pushed deeper inside of her. Their bodies connected with each other in the never ending, always increasing dance of passion. They rocked up and down on each other. The increased pitch between the two of them reached an end.

"You're going to get everything what you wanted, Amelia Pond," Harry said.

Amy's pussy clenched and pushed him deep inside her. She rubbed her legs against his body, while running her hands against his lower back, his ass, everything to keep Harry inside her, and fucking her closely.

"Yes, baby, give me one, "Amy breathed. "I'm so horny, ohhh, I think I'm in heat!"

"I've noticed."

Harry's full length pushed deeper in between her smoldering thighs. The wetness of her squeezing pussy prompted Harry to rise up almost out of her and push himself deeper inside her body. He worked his hips in and out of her in quicker succession.

Her tight cunt squeezed Harry's thick, pulsing rod. Amy's breath increased with Harry going deep and far inside her. He jammed his thick cock inside her dripping hot pussy, working into her with a steady flourish of sharp pushes.

"Harry, please, I need…..mmmmm."

Harry's balls clenched no sooner than she had been brought to her latest orgasm. The pressure in Harry's balls released and started to spill their contents deeper inside her pussy. Harry groaned when rising almost all the way up out of her and pushing deeper inside of her.

Amy clenched him hard. Those juices spilled inside her womb as fast and fluid as possible. Harry worked deep inside of her, fertilizing her eggs with his dripping hot cum.

Harry rammed into her with a few more thrusts. Their hips met together when the contents of Harry's balls drained into her.

"Don't stop fucking me until I'm good and pregnant," Amy breathed in his ear. "Please, honey, keep it up, don't stop, please don't stop."
Harry finished injecting his life bringing fluids deep inside of her. He pulled completely out of her and pointed his cock towards her. Their combined juices drained off of it.

"It would be a shame," Harry said. "If this went to waste."

Harry lubricated her back entrance with a finger and pushed it inside of her. Amy's eyes closed when Harry's finger pushed into her tight ass.

"It would be…a real shame," Amy said. "I need you to fuck me in the ass, more than life itself…please…"

Amy recalled how big Harry felt jammed into her ass and also didn't care. Harry took the edge of his prick and inched it closer towards her tight, puckered hole. He eased himself deeper inside her back entrance and moved into her each by inch.

Both savored the moment. Harry played with those legs and lifted one of them up to start planting little kisses down the back of her leg. He licked her, and caused her to shudder.

"You're in there," Amy said. "I can't believe how deep you are."

Harry swirled his tongue around the back of calf and brought his cock in and out of her ass at a steady pace, building up a pleasure.

Amy's fingers reached down and touched her body. He was getting her so hot, and she couldn't have enough of him. Harry rose almost all the way up and slid deeper inside her body. Every time his balls struck her ass, Amy's pussy jumped up.

"Now, you're squirting."

"That's what you're doing to me, bugger me!" Amy yelled.

"Yes, dear."

Harry pushed himself into her ass. He had to feel up what he was fucking, and her ass was so soft, so warm, so supple. The flesh fit in his hand in the most tender, and amazing way possible.

His crotch met a certain point on her ass. Amy's breathing increased the more Harry pushed deeper into her. He had her right where he wanted her. His thick cock pushed further into her ass with each push. He kept pushing deeper inside her every second of his hard thrusting.

"So, good, this is so good," Amy murmured, letting out a pleasured breath.

Harry would have to agree. He drove her to lustful madness, and his balls were about ready to pop. He rested those hands against her thighs, keeping up with his pushing inside her. Those balls slapped her firm ass one more time.

So much pleasure, Amy thought she would die from the overstimulation of her body. Harry's hands continued their pleasured worship of her leg while fucking her ass.

She almost blacked out one more time. A steady ram into her ass woke Amy up before Harry pulled all the way out of her until the tip was in her ass. He drove into her one more time, sending his cock into her warm depths.

"I just can't help myself, your ass is so hot," Harry said.

"Don't worry, I know, but I'm not going to be happy until you put your hot, thick seed in between
"my buns," Amy said. "Would you do that for me, baby? Would you?"

Harry groaned up a yes when penetrating her with another deeper thrust. He rested his hands on her thighs and continued to thrust inside her.

The molten liquid flooded Amy's taboo hole. He rode her ass all the way to completion, riding her ass to completion. Those balls grew with a little less volume.

Harry pulled out of her ass after fucking it raw and Amy winced when her ass hit the couch cushions.

"Worth every moment."

**The End.**

---

Ginny Weasley knew being caught out of bounds in this day and age with the current Hogwarts regime was essentially suicide, especially with the toad who had taken control of Hogwarts. She thought Filch was bad, well he still was, but Umbridge made Filch look like a guy you would like to hang out to enjoy cookies and tea. She tried to push the image out of her head no sooner than the thought crossed it.

She dressed in a casual black jumper and blue jeans when peering around the corner. She could have sworn Umbridge's goon squad had been around her this way. Malfoy and his chums really relished the opportunity to be more obnoxious than usual. Ginny really wished to get close enough to hex the bastard.

"Over here."

A voice pretty much hissed in Ginny's ear. Ginny stood up straight and she frowned. No one was in the direction where the voice was coming from. Yet, she could have sworn she heard Crabbe and Goyle's voices from up the haul.

She really didn't want to chance running into those two gorillas.

'I'm pretty sure I can outsmart them if their handler isn't with them,' Ginny thought.

Something, or someone grabbed her by the arm. She turned around, and whipped out her wand. The person who pulled her into another room held onto her arm.

"You want to alert Umbridge you're here?"

It clicked with Ginny exactly who had pulled her into the room. She looked off to the side of the slightly fogged window. She was pretty sure Crabbe and Goyle couldn't see inside. Then again, they were looking around and one of them peered underneath a rug, as if finding someone to be there.

"Harry?" Ginny asked.

The cloak came down and she came face to face with the handsome face, and vivid green eyes of Harry Potter. His hair looked as unruly as usual, and yet Ginny wanted to run her hands over through it.

"What were you doing here?" Ginny asked. "I thought….remedial potions had been cancelled."

"They did," Harry said. "But, let's not talk about that….I want to know why you're here."

The youngest of the seven Weasley siblings frowned. She wondered if Harry had detention again with Umbridge. A quick glimpse at his hand showed there were no scars.

"Umbridge is ramping up her detentions, anyone who is caught after dark is going to get sent to Filch….with his new privileges," Harry said. "What were you doing outside?"
"I was taking a walk," Ginny said. "I have a lot on my mind….how about you?"

"The same thing," Harry said. He walked over to the back of a classroom and drug out a desk. A book in the shelf pulled out and swung open to reveal a long and dark passageway. "We should be fine here….this is a straight shot back into the Gryffindor Common Room."

Ginny trusted Harry enough not to steer her wrong. He fought a Basilisk on her account, the stupid eleven year old girl who had decided to spill all of her secrets to an invisible stranger. It still vexed her how she could have missed the obvious.

"So, thank you," Ginny said.

"Hey, not a problem," Harry said. "Just…be careful next time…..I know, one of the last things someone like me should be saying, you know."

Ginny almost snickered in amusement.

"Well, why are you out there if you know the risks?" Ginny asked. "It's….you've been victimized just as much as anyone else because of Umbridge. She has it out for your personally….did your father stand her up or something?"

"I don't even…why would you have a thought like that?" Harry asked pulling a face. "I'd like to think my father, despite….his faults, wouldn't even consider asking someone like Umbridge out for a date. Even if it was to pull a prank."

"Good point," Ginny said. The two of them exited the passageway and a section of the wall slid out. "Well, it looks like the coast is clear, isn't it?"

"Wait a minute," Harry said.

Harry could never be too careful. These days, he pretty much looked around every corner. His time at Hogwarts was rather limited. It would only be a matter of time before Umbridge threw him out on some kind of trumped up charges.

"For the record, I don't think Umbridge and Fudge are going to expel you," Ginny said. Harry turned towards her with a raised eyebrow. "They might act like it, but I think they're trying to get you to drop out of school so they can further shame you. If you get expelled….another school is just going to recruit you."

"Where were these other schools five years ago?" Harry asked.

"Don't know," Ginny said. "Maybe Dumbledore wrote them a letter, saying you had already been accepted into Hogwarts, or something."

Harry's expression darkened a second later. He had no idea whether or not another school would have been better, but he would have at least liked a chance to explore his options. Ginny reached over and grabbed onto his hands.

"He really didn't have any right," Ginny said, sensing what Harry said. "Dumbledore…..well, he's used to everyone worshipping the ground he walks on, I think he's beginning to believe his own hype."

Ginny soured a tiny bit on Dumbledore after the entire incident with the Chamber of Secrets. At the very least, he wasn't this magical demi-god that everyone thought he was. He was just as human as anyone else, because if he did know what was going on with Ginny and the diary, like he
was supposed to know everything else inside this school, it raised his questions.

"Well, he's gone and we have Umbridge," Harry said. "Can't say that's a good thing to be honest… no matter what Dumbledore's keeping from me."

Ginny smiled at the balanced perspective Harry said. They stood in the middle of the Common Room. She had been spurred on, she wanted to try something daring.

"Three years ago, you saved me," Ginny said. "From the Basilisk in the Chamber of Secrets….and that was more amazing than any fictional story which people could invent about you."

"I've never read any of those stories written about me," Harry said. "I know exactly what happened with my life, why would I need to read about it?"

Ginny chuckled when resting her hands on Harry's hips and moving closer towards her. Harry caught the scent of her perfume. She really grew up in the past year or so, her face softening with all of the baby fat driving way, her curves growing more abundant, and shooting up in height a fair bit, most of that accounting for the lengthening of her legs.

"That's a good point," Ginny said. "Trust me when I say, you wouldn't want to read anything that tacky."

"How tacky is it?" Harry asked.

"Well," Ginny said in deep thought. "They make Lockhart's book look like the work of that Shakespeare bloke the Muggleborns talk about."

Harry rolled his eyes. He could only imagine how tacky magical fiction was. Actually, a brief glimpse of the Daily Prophet, or what was in the books.

"My point is, you don't get thanked often enough," Ginny said. "Because, you risk your neck to the point of insanity, even though you don't need to."

Ginny's warm lips pressed against Harry's in a passionate kiss. Harry could not believe she kissed her. Hell a year ago, even when getting away from the initial awkwardness she felt towards him, he wouldn't have thought it. It had been the furthest thing from her mind.

"I've might have gotten over the entire legend of Harry Potter thing," Ginny said. She smiled tracing patterns on Harry's abdomen with her fingers. "But, I think the hero which I've experienced up close and personal to is more than anything a children's story can fabricate."

Ginny's hand started to move down from his abs and start to move down towards him. Harry's hips pushed forward instinctively when the younger girl started to rub his crotch. Harry placed his hand on hers, and looked towards her with a smile.

"We're getting a big bold, aren't we?" Harry asked.

Ginny tried to act innocent, although such innocence was something which didn't come by easily with her. Harry's eyes peered down into hers. Those green eyes locked onto her brown eyes and resulted in a shudder coming through her body.

"I just want to give you everything you deserve," Ginny said. "Is that too much to ask?"

Harry smiled when he looked at her. He could see her breasts pushing on the other end of the blouse. He grabbed Ginny by the hair, a primal force overwhelming him, and he kissed her hell.
Ginny wouldn't have tried this a year ago, tried anything with Harry. She managed to muster up enough confidence. The fact there were less chances of one of her brother's coming across her having her fun also made Ginny a bit more confident.

The only one still here was Ron, and he was about as intimidating as a wet kitten who had been declawed. Ginny reached down and started to feel around.

"Let's see what you have underneath those trousers," Ginny said. "A powerful wizard has to wield a big wand."

Ginny pulled down his pants and revealed a large thick piece of meat. A small amount of drool dripped down Ginny's lips when she looked at it. She put her hand underneath her mouth, capturing the drool on her fingers. She smiled and dropped down to her knees before Harry. The thick cock pointed out and she wrapped her hand around him.

"This is the first one I've ever touched," Ginny said. She looked at him, her hair flipping against her face in a half innocent and half seductive expression. "I hope this is okay I thank you like this, for everything you've done for me….for everyone."

"Of course," Harry groaned.

"And it's no less than deserve after putting up with a foul hag like Umbridge all year," Ginny said. She used both of her hands to jerk Harry off and leaned forward, kissing the head of his manhood.

Harry groaned at Ginny's wet mouth working over his head. She spent a fair amount of time worshipping his head. Her wet tongue swirled around Harry's swollen cock head. More of his length pushed closer towards her puckered lips.

"Hope you enjoy this," Ginny said.

She slurped as much of his cock she could fit into her mouth. The warmth and wetness of her mouth surrounded Harry's manhood. The sorcerer in question groaned when Ginny pushed her lips further down on him. He reached back and captured the back of her head.

Ginny looked up, mouth full of Harry's cock, hunger dancing in her eyes, when bobbing her mouth up and down on Harry's aching phallus, wanting to get as much of his cock into her mouth as possible. She stroked it as much as she could.

"Damn," Harry said. "Ohhh, this feels so good."

Ginny smiled, glad to give Harry the pleasure he had been missing for a long time.

"Anything for you Harry," Ginny said. She popped him out of her mouth and slurped him. "Anything at all….I can never thank you enough. Just….say the word, and I'll do anything for you. I don't care what it is, I want…to show how much I appreciate you."

Those last few words had been cut off by Ginny's wet mouth wrapping around Harry's long, throbbing cock. She looked straight up to them, brown eyes flaring up with lust. Her hand reached down and cupped Harry's balls and gave it a squeeze. She tested to see how much he had in the tank and to be honest, she appreciated all he had to offer.

Harry groaned. Ginny's hot mouth stimulated his nerve endings. Her silky fingers brushed against his balls. Who knew the youngest Weasley could have such natural skills? He placed his hands on the back of her red hair and saw how smooth it was.
Pleasure churned up from Harry's balls all the way up his cock. He looked down at Ginny who had been blowing him with expert skill. She took more of his cock down her throat. A couple of times, she gagged, but she managed to stay the course.

Ginny thought all the times she went over to Luna's house and practiced on Luna's mother's collection of toys prepared her to worship her lord and savior, for the most part. Nothing Luna's mother had in her collection compared to Harry.

"Damn, Ginny, I hope you're ready," Harry said. "I can't hold back any longer."

Ginny groped his balls and squeezed them hard. She looked at him with a challenging gaze. Those lips wrapped around him and released him. She licked the nerve endings around the head, trying to ensure she would get all of the reward.

Harry's balls clenched up. He was going to lose his load inside Ginny's warm and wet mouth, whether he had been prepared to do so or not. Her hot throat closed around him.

"Fuck!" Harry yelled.

The first blast of cum pushed into the back of Ginny's throat. It opened up a volley of never ending cum, which Ginny was intent to finish off. His balls held an enhanced amount of cum and it made Ginny's body seize up from the warmth of just tasting it.

Harry continued to unload in Ginny's mouth. The redhead nymph continuously slurped him. She tried to drain every drop of cum from his balls. She pulled away from him and allowed a few small droplets of cum to dribble on her tongue like wintertime snow flakes.

"Delicious," Ginny said. She licked her lips.

Harry motioned for her to stand to her feet. She stuck out her tongue to show the excessive amount of cum. Ginny made a production of swallowing the cum until he grabbed her by the waist and pulled the jumper roughly over her head.

"Oh, Harry, you're such an animal!" Ginny cried, hoping some girls up the stairs had heard her. "I hope you take your big cock and shag my pretty little brains out!"

Ginny's large breasts bounced out encased in her bra. She was very pleased at their growth upon her second magical maturity when she turned fourteen this past year.

'I imagine how big they will be when I hit the third maturity,’ Ginny thought to herself. She got wet at the very thought.

Harry tore off her jeans and revealed a matching black thong. Ginny smiled when turning around so Harry got a good look at her.

"Take off your bra and panties," Harry said.

Ginny smiled, flipping her red hair against her face. She did a sultry little sway of her hips in the moonlight, and turned around. She faced away from Harry, her bare, freckled back against him. Her bra unclipped and dropped down to the ground.

Harry spotted Ginny turning around, arms folded over her ample chest. Ginny smiled when pulling her arms down to allow Harry to see her bouncing breasts in all of their glory. She reached in and grabbed Harry's hands. Harry didn't waste any time in giving her breasts a tight squeeze.
"There's no enhancement spells here, see!" Ginny exchanged. She bounced her large breasts into Harry's hand. "They're completely real."

Ginny reached over and pulled her panties down to reveal her dripping wet snatch. She spread her thighs to show Harry how smooth they were. Her red pubic hair had been shaved into a lightning bolt. Harry raised his eyebrow and snorted.

"It's not like ninety five percent of the girls in the school don't have their public hair shaved in the same way," Ginny said, putting a hand on her hip. "But, don't take my word for it….why don't you see for yourself?"

Harry turned her around and bent her over the table in the Gryffindor Common Room. The moment someone came down those steps, the first thing they would see was Ginny's face racked in never ending pleasure. It was just as Harry wanted. It would be just like he needed.

Ginny closed her eyes and could feel Harry's strong hands run over her body. His magic coursed over Ginny's body and only encouraged her to spread her thighs more. She wanted this big cock buried deep inside her.

"It's your fault I want to bend you over this table, and fuck you so bad," Harry said. "If you weren't out of bounds and I didn't save your ass, this wouldn't happen."

Harry squeezed her ass in response and Ginny let out a pleasurable shriek. The powerful hands of Harry Potter grooped and squeezed at her ass.

"And now your ass belongs to me," Harry said.

"Whatever baby," Ginny said. "I want something else though. I want your cock inside me, and I want you to fuck my brains out."

"Oh, you think you get what you want?" Harry asked. He brushed the cock head against her entrance. "Maybe I just want to tease you until you're a blubbering wreck, and then leave you dripping and frustrated."

Fear gripped Ginny. She didn't even consider the fact she would be riled up, and she and Harry wouldn't actually get to have sex.

"Please don't," Ginny said. She could feel those hands move up from her ass, all over her slender waist, and move to grope her funbags in her hand. "Please, Harry, I need…..I need your cock. I'll….I'll do anything you want."

"Anything?" Harry asked.

"YES!" Ginny cried out loud. "If you want me to stun Fleur Delacour and bind her and deliver her to your bed for you to fuck her senseless, I'll do it. Just please fuck me!"

Harry smiled and pushed the head of his cock against Ginny's dripping entrance. He teased her, not going inside her just yet.

"Hmm, be careful what you promise," Harry said. He leaned down and nibbled on the back of her neck. "I might have to take you up on that."

Harry lost so much control this year with Umbridge, and with Dumbledore keeping him in the dark, he was glad to get a little bit of it back. If Ginny was willing to give it to him, Harry wasn't going to complain.
"Hope, you're ready."

Ginny's wet lips slurped on Harry's cock the second he eased inside of her. Her body both protested and welcomed his immense girth at the same time. She clutched onto the side of the table, scratching the oak finished. She sent forgotten homework and books flying everywhere, with ink spilling onto the floor.

Harry hung onto Ginny by the hips to slam himself into her. The sound of firm flesh smacking against her firm flesh. She had a beautiful, athletic body, and Harry couldn't wait to work himself into her.

Ginny's eyes closed shut. Her own imagination ran wild with the pleasure coming from Harry when he slammed into her. All of her dreams were coming true, and she wondered how far he would go, and how long this would last.

"So did any of your little children's stories go like this?" Harry asked.

"No, they didn't have…this much action!" Ginny yelled. "I told you…tacky!"

Harry drove deeper into Ginny's wet pussy. She tightened around him hard. The silken embrace of her wet walls made Harry only ride her harder with lust.

"Well, I have a feeling our story is going to have a much more exciting climax."

Harry pushed against Ginny. The almost fifteen year old witch experienced sexual bliss untamed and untapped. The word "climax" brought Ginny to hers. Her pussy contracted around and expanded towards him. The path to her womb had been uninhibited.

The orgasm spread through her body. Harry rode out Ginny's warmth and sank himself into her. His balls built up a steadier stream of seed. He wondered how long it would take before he lost himself.

"One," Harry said. He pulled out of her. "Turn around."

Harry sat on a chair over by the fire. His cock stood up high and proud. Ginny walked over towards him with a smile and rose up on the top of him.

"It feels like it's getting bigger!" Ginny yelled.

The silencing charms prevented any of the boys from hearing her, but the girls in Gryffindor heard plenty. Ginny couldn't really think about what the opposite of a silencing charm was, on account of having her pussy filled with so much wizard cock.

"As big as you want to."

Harry reached over and cupped one of Ginny's large breasts to encourage her to bring herself down. Her hips slammed down onto Harry and rode down onto him. The redhead's desire increased, even more when Harry's tongue brushed against her.

The oral actions on her nipples made Ginny's skin boil just a little bit more. He pressed his face between her heaving breasts.

Ginny rode down onto him. His mouth and tongue were very talented, especially his mouth. Ginny pushed further down onto him to encourage him, shoving more of her tits into Harry's face.
Harry experimented with Ginny to see how much he could get her to scream and squirm. He noticed her left nipple grew more sensitive than her right nipple. So Harry flickered his tongue against it, rattling it against her breasts.

"Are you using Parseltongue on my nipples?" Ginny asked.

Her own magic flared up and caused milk to drip from her nipples knew to the hyper-stimulation. Ginny read that could happen with powerful witches sometime, even when not pregnant. Veela milk tasted the best, or so Ginny heard. It would take a powerful wizard to get that kind of simulation.

"It's obviously working, given how you're dripping milk," Harry said. He sucked on her nipple like a nursing babe and Ginny gasped.

"Yes, drink up," Ginny breathed. She could feel another burst of energy spreading through her body when Harry sucking the magically created milk from her breasts. "DRINK UP!"

Ginny pushed further down on Harry's aching cock and took him deeper into her pussy. She had been stretched out so wide it was almost intoxicating to feel what he had in store for him. She kept bouncing and grinding all over his cock.

Harry could feel the moisture of her pussy. Ginny rode him, clawing on his shoulder like a cat in heat. She breathed heavily encouraging him to suck her nipples some more. A complimentary amount of fluids trickled down her pussy and covered Harry's cock, coating it all the way.

"Damn, Ginny, so good," Harry groaned. "I'm so close, do you want me to…." 

"No, charm, fine…every witch is on one, unless they perform counter spell," Ginny said. "Performed every year…reinforced every year…..!"

Ginny descended into full incoherent babbling. All she cared about was Harry filling her pussy with his comb. His potent cum splashing against her, and wouldn't it be something if the charm which had been put on all of the witches, by decree of the Ministry failed?

'No chance...just like surviving the killing curse...throwing off the Imperius, creating a Patronus.....throwing off a Veela allure, and.....slaying a Basilisk,' Ginny said. 'About as impossible as...those things.'

Ginny tightened her grip around Harry's hips.

"It's impossible for you to knock me up!" Ginny yelled. "Just like it's impossible to survive a killing curse....throw off the Imperius....um create a Patronus.....not react to the charms of a Veela, and....kill a Basilisk when you're twelve years old."

"Really, that fool proof?" Harry asked. He thrust into her.

Ginny had been driven mad about the lust. She slammed down against his throbbing hard cock.

"You can't hold back, even you can't, not much longer," Ginny said, closing her eyes. "Go ahead, and cum in me. You can't do it, you can't do the impossible, and bypass the charm....that fucking charm was invented by Rowena Ravenclaw herself....it's fucking impossible for any wizard to bypass!"

Ginny throbbed at the thought of Harry bitch slapping another law of magic, especially when it came from the godmother of magic herself.
Harry groaned and pushed into her. His magic saw it as a challenge. He pushed further into her and fired the cum inside of her.

Warmth spread all through Ginny's body. She continued to bounce onto him, squeezing his cock. The cum fired past her and splashed deep inside of her body. She kept bouncing onto him, not wanting to waste a single potent drop inside her.

The sheer force of Harry's magic burned past the magically created barrier and fired directly into Ginny's womb, coating her eggs with his powerful cum.

"Impossible!" Ginny yelled.

"Yes, just like all of those other things I did," Harry said dryly.

He drained his balls into her and pulled out of her. Ginny slid back onto the couch, stomach swollen from the excessive amount of cum. She pulled herself up and collapsed down, stuffed so full of his cum. Along with the satisfaction of every girl in Gryffindor heard what Harry did to her.

And soon, thanks to Lavender and Parvati, every single girl in Hogwarts would learn all too well what Harry was capable of. Ginny squeezed Harry's cock one more time and gave him a kiss. She consulted the time.

'\textit{That long already.}'

"Well, see you tomorrow night," Ginny said. "And bring that big cock with you."

"Ginny?"

Ginny turned around and smiled.

"Do you think I broke Rowena's charm?" Harry asked.

The redhead just flashed an impish smile.

'\textit{If anyone can.}'

End.
General Astra In-Ze waited in her private quarters with a stoic look on her face. She had been a few minutes earlier to this meeting. The dark haired woman's intentions had been misread on Krypton, and thus the Council had her sentenced to the Phantom Zone. The most stinging prospect was they used her own sister as pawn, and it was only through sheer luck she escaped from the Phantom Zone.

Now, her niece was the only blood relative she had left on this new world, and Astra wanted to ensure all of her best interests were at hand. The young man who was her intended would be no exception. Give the young man's Kryptonian father, she had her misgivings. She had no clear cut idea or opinion about his Earth parents.

From what she had been able to find out, Zod sent a crystal along to Earth where the mother found it and injected his DNA into her body. The next time she had intercourse with her lover, she would have been pregnant with Zod's son, although technically the young man would have four parents, both his Earth parents and his Kryptonian parents.

The door opened and Astra caught the sight of this young man up close and personal for the first time ever. She acknowledge his presence with the nod.

"General," the young man said. "I understand you wanted to see me regarding an urgent matter."

"Yes, I did, Har-Zod," Astra said. She took a moment to take in his body with a simmering gaze before pulling herself back into reality. "I understand you're in the process of courting my daughter."

"We have been dating for six months," Harry said. "And I think Kara is pretty happy with the relationship."

"Yes, my niece is very kind, and she likes to think the best of people," Astra said. "And I'm sure you intend to get married sooner or later. But Kara is my last surviving blood relative….and while this union is necessary to preserve both of our lines…."

Astra took a second collect her thoughts. A couple of seconds passed before Astra returned back to the conversation at hand.

"Given what your father ended up becoming, I don't think you could fault me for being slightly concerned," Astra said. "I want you to understand, this is not done out of malice….just out of concern."

"I'm not Zod," Harry told her calmly. "I have no interest in seeing other men kneel before me. I'd like to think I take more after my Kryptonian mother."

Astra raised an eyebrow at that curious statement. She decided to not say anything.

"I will make you a deal, Har," Astra said. "And I think it's more than fair….if you satisfy me, I will give you no further protest to marry my niece. I only want Kara to have the very best."
"I understand," Harry said. He beckoned for her to come closer towards her.

Astra thought at the very least, he was very appealing on the eyes. Perhaps this test would not have been so bad, in fact, it might actually have been quite nice.

Harry smiled, this older woman had an icy demeanor. Well, it was time to give her an evening which she never forgot. Kara gave him the heads up this might have been coming, and suggested he should blow her aunt's mind, just like Harry did to Kara's adoptive mother and sister.

Astra waited for the kiss to come, and he slowly eased in, and pressed his lips firmly onto hers. He held onto her waist and pressed their bodies together. His tongue tickled the outer edge of her lips, and slipped further inside. Astra experienced something she had not felt in a rather long time.

Her mouth opened up, and accepted Harry's tongue. She allowed his hands to linger down her body, mostly because she was too busy feeling him up as well. The General growled when realizing the clothes would impede her exploration of Harry's form.

"Step back," Astra said, breaking the kiss. "I wish to see you as bare as the day you were born….because I have to examine every inch of you. Your clothes are an impediment."

"Of course," Harry said.

Harry slipped off his shirt for a moment. Astra's eyes dipped down to take in his sleek physique, with a toned chest, and abs. She wanted to run her hands all over that muscular upper body of Harry. Her heart raced at least until Harry cleared his throat.

"My eyes are up here."

"Yes, I know," Astra said. "The rest of your clothes, please."

Astra watched when his pants pulled down to reveal a toned set of legs. Her eyes trailed up for the prize anyone woman sought. Astra's tongue traced around her outer lip, and it took every fiber of her self-control not to lean forward and tug Harry's pants down.

The pants came down and Harry's thick cock came out. Astra's eyes shot towards the thick organ. She could hardly believe what she was seeing. It was large, throbbing, and she couldn't wait to have it. She mentally measured it's thickness, size, and recanted the fact it was fully erect.

"Well…anyone can have a large cock," Astra said. "It's your stamina which I'm concerned about."

Harry chuckled about her façade breaking, almost. She reached down and grabbed his cock into her hand. Astra gripped the tool of her desire tightly and squeezed it. Her hand wrapped around him.

Never in her life, she had never seen a cock this magnificent. Astra wondered if Zod, in his madness, had been onto something for once, mixing science and magic. Her hand tightened and pumped the young man. This particular thick cock swelled even stronger in her hand.

"Time to take things to the next level," Astra said. "And I'm going to see how long you can really last."

Astra dropped to her knees before Harry. That cock stretched out and touched her lush lips. She stuck her tongue out and dragged it against Harry's slip. One hand cupped Harry's balls and gave them a squeeze, running her fingernails down them. She tickled the supple flesh in her hand.
The older woman looked up at Harry, hot lips wrapped around his cock. She brought herself all the way down onto him. What she couldn't fit in her mouth, Astra wrapped in her hands.

"I can see where Kara gets it from," Harry said.

Astra cursed the thought of her niece having her throat rammed hard with this particular cock. She cursed the fact the thought enticed her so much. She took out those frustrations by taking more of this thick rod down her throat in a sloppy blowjob.

Harry groaned at what Astra was doing to his throbbing hard cock. She sucked and licked his cock, caressed his balls. She had been lost in the pleasure of his blowjob.

"So, do you like sucking your son's cock?" Harry asked her.

Astra paused for a moment. Harry gripped the back of Astra's head and continued to guide her through the blowjob.

"Zod wanted the strongest, and even he conceded you were much more brilliant than he was," Harry said. "His wife was wrecked after the birth of their first child.....and he saw how strong you were. And now, you're sucking the cock of the son you never thought you had."

Astra had high expectations for this, if this young man was her flesh and blood. Granted, there were certain similarities between herself and Har, but she just passed those off as a coincidence.

"Kara knew she was my cousin," Harry said. "But, you don't have a problem with that, do you? Just like you don't have any problems with sucking my cock."

Harry continued to hold Astra's head in place and she sucked him pretty hard. Her throat bobbing into him created pleasurable warmth around his manhood.

"You might act surprised," Harry said. She just sucked away at him faster. "But, you've figured....you called me here today....hoping to clarify, didn't you?"

Astra conceded a small part of her thought of it. Only a man truly worthy of her could be created of her own flesh and blood. She looked up at him with a smile.

"What Zod contributed was very minor," Harry said. "If your troops can only see you now. Especially the females who you made kneel between your thighs. I wonder what they would think if their General is just a slut who likes sucking her only son's cock."

Astra would never have let any other man talk to her like that ever. She couldn't help, but be turned on by how she was being talked to. She kept bringing a throbbing hunk of manhood into her mouth and inhaled it deep down her throat.

Harry continued working away at Astra's mouth. She grew more frantic, and wetter with every time she tried to make him blow.

'His stamina is perfect,' Astra said. 'Kara....should understand the need for him to have a few mistresses....in fact, I'll insist upon it. '

Astra worked further around his pole. The blowjob lasted longer than she would care to admit. All men had their breaking points eventually.

"You'll get the first taste of my cum," Harry said. "Be warned, you'll always want a little bit more when you've had it in your mouth."
Astra's throat opened up and Harry spilled his juices into her. She gave his balls a tight squeeze to allow more of those juices to keep spilling down her throat. The General slurped them all off.

Harry pulled away from her. His cock still dripping with small amounts of cum. A large strand of it hung from his cock head. It began to break off to the floor.

Astra placed her index finger underneath the falling cum and caught it. She pulled it away and slipped an index finger into her mouth.

Harry grew harder when she sucked her finger. She reached over and grabbed his rehardening tool. She used his cock to lubricate her handjob.

"So, you've confirmed it for me," Astra said. "Yes, only a specimen such as yourself could be born from my loins…it must have been after the battle of Kandor when Zod stole my egg for his little experiment…..I was….not that sound."

Astra stroked him.

"He robbed me of a chance to teach my son everything he knows about being a man,“ Astra said. Her hand tightened around Harry with a grip. "But, perhaps you can show me now, and I can fill in any gaps in your education."

Astra pulled away from Harry. His cock sprung back. Astra smiled and stepped over. She undid the clasp of her body suit and pulled it down.

Her dark hair flipped over Astra's alluring face. The bodysuit slipped further down her body and revealed her large supple breasts to him. Astra's stomach looked juicy, with toned, beautiful curves. Her hips stuck out to show an amazing ass. Her pussy had been shaved with a small strip of black hair. The perfect legs came all the way down to the ground.

Astra stepped closer towards him, and smiled.

"Do you like what you see, Har?" Astra asked. Her arms tightened around him.

Harry smiled and guided his Kryptonian mother down on the bed. His hands roamed Astra's body without abandon when he began to kiss and suckle on the side of her neck. Astra closed her eyes, enjoying the feeling of this young man when he kept suckling on her neck.

"Very much so," Harry said. He rolled over and straddled her hips. "Get ready."

Harry kissed behind her ear and suckled on the side of it. Astra gasped when Harry kept kissing down her body. He moved down her body, hitting her neck, collarbone, and kissed right between her cleavage. He took her right breast and squeezed it.

"So good, you're so…good," Astra said.

Harry's cock brushed against her toned stomach for a moment. It teased her moistening juices when Harry further kissed down. Every inch of Astra's body felt really good underneath him. She personified womanhood and Harry could not get enough of her.

Astra gasped when Harry's tongue touched her navel. He hit a really sensitive spot when worshipping her navel. Harry rubbed the inside of her thighs and kissed her navel.

"This poor pussy, it looks so unloved," Harry said.
Harry kissed her nether lips. Astra shifted her hips up to enjoy more of it. He swirled tongue first into her pussy and Astra encouraged him.

His oral skills were perfect. No one had ever done this well with her. Astra's hips pumped into his mouth. She encouraged his tongue to take her.

Astra leaked cum all over her thighs. Harry was right there between her legs, and scratching all of her hungry itches. He went all the way down in her and the tongue extended deeper into her.

Harry came up from Astra and allowed the woman to savor the orgasm. He was about ready for her. He climbed on top of her.

Astra wrapped an arm around Harry and flipped him over. She returned the favor, planting kisses all over every inch of Harry. At times, her kisses lingered and she moved down.

Harry savored the moment. A pair of large breasts slammed into his face when she teased him. She reached in and grabbed Harry's throbbing cock.

"Time for the ultimate test," Astra said. "Just sit back, and we'll see how long you last when Mommy gives you all her love."

Astra's wet lips caressed Harry. He slipped inside of her, surrounded by the pleasurable heat. The sound of Astra slapping down on him made him want to raise up on the bed. Those fingernails pushed against his shoulder blades and the continuously riding started.

Harry looked up, watching Astra when she rose and fell. His Kryptonian mother ground down onto him and took him deep insider of her.

"Such a big boy, I'm glad to see you've been eating right!" Astra yelled.

"Mostly your niece, and her mother and sister," Harry groaned.

Astra threw her head back and gasped. Harry's length pushed her thighs apart. Astra came halfway up off of him and eased herself back in. She leaned down and made sure her breasts slapped against Harry when she rode them.

"Go ahead, play with them," Astra said. "Take them in your hands…..squeeze them. Make your mother feel so good!"

Harry grabbed a hearty handful of Astra's chest and gave it a squeeze. She bounded up and down, shoving more length inside of her. The moisture of her pumping thighs made Harry only want this even more. He leaned up and sucked her nipple.

"Making up for lost time," Astra said. She stroked Harry's hair. "Good boy, you're making me cum…..so hard…and you've just gotten warmed up, haven't you?"

Harry smiled, face pressed between Astra's breasts. He gave them the attention they deserved. Astra clenched Harry's scalp and forced him deeper in between the warmth of her breasts. She rewarded him by driving her hips down upon him. The throbbing young man pushed deeper inside of her.

Astra lost track of how many times he had made her cum, but one thing was for certain, he had not cum inside her, at least not yet. And it just made her crave her son's seed, along with the potential taboo consequences which it may have.
"Put your hands anywhere you want to," Astra said. "I want you to enjoy my body.....all of it."

Harry slapped his palms down across Astra's waist and moved a few inches south. He cupped her delicious rear and continued his encouragement of her hard and fast riding. Astra slid him deeper inside of her with a few more hard pushes.

Time passed when Astra continued to ride. She could feel her son's heavy balls slap against her every time.

"Baby, that feels painful, storing up all of that cum," Astra said. "Why don't you allow me to take care of some of your burden?"

Astra tightened her grip around him. Floods of white hot cum pushed down on him. The General, all dignity lost, drove herself down onto him.

"You're more than worthy of Kara," Astra said. "I may have to test her to see if she's worthy of you....but don't worry, you can supervise that encounter."

Harry throbbed at the images of niece and aunt strengthening their family bonds in a very sweaty way. It only forced him to delve deeper into Astra. She squeezed and released him, encouraging him.

"Don't worry, baby, cum for me," Astra said. "There will just be plenty more later....."

She didn't want to say she was slowly losing her stride. Harry held tight around her hips and pushed the General down. It encouraged her to go all around him with a few more hard lowers and drops. Thighs slapped together when the riding continued.

"There always is," Harry said. "And there will be more than enough to handle."

A jolt spread up Astra's spine from the top all the way to bottom. The stimulation coming from her released a flood around the organ penetrating her. She continued to hang on all the way with an intense ride.

"Good things come to those who wait," Harry said. "Unless you want to surrender."

"That word holds no meaning for me."

Astra's eyes narrowed and deepened the strides. The pushes of a rock hard cock pushed deeper into the body of the Kryptonian General. She craved the seed and almost saw it as a challenge to milk the final drop out of Harry.

"You're close," Harry said. "You're so close....."

Adrenaline spiked Astra hard, not as hard as Harry, but pretty hard. One final nerve racking orgasm struck through her. They came faster, more intense. Harry rubbing her sensitive nipples did not help with any impulse control she had had.

"My turn."

'Rao be praised,' Astra thought in a daze.

Harry drained himself deep within Astra. Those throbbing balls shot an intense load deep inside her. Harry held onto her waist tight and hammered her from above on the bed.

Despite being on top, Harry controlled her descent all the way down. He filled her up all the way.
to the level. Thoughts, consequences, of what would happen raced from the mind of the General. 'Prolonged exposure to the Phantom Zone must have made me sterile.'

An excessive amount of seed pumped Astra full. Sparks flew through her body, like something else had been ignited. The never ending flood of white fluid coated Astra on the inside and only shuddered to a stop moments later.

Astra pulled away from Harry and saw the results of what happened. Her insides had been packed with life bringing fluids. Her Kryptonian forefathers would be outraged to think such a barbaric practice such as intercourse would even be used as leisure time.

"You shattered all expectations," Astra said. "I have no concern."

"The test isn't done yet," Harry told her.

"I beg your pardon?"

"You said to test my worthiness to Kara, and there's one vital area which we've both neglected."

Astra frowned. Harry smiled, and decided to enlighten her. He reached over and cupped a handful of her shapely rear end.

"This is what I want," Harry said. "This tight little underused hole.....well it won't be so underused by the time I'm done with it."

"You want to have anal sex with your mother?" Astra asked.

"Is that where you draw the line?" Harry asked. "You took a load of my cum in your mouth, and enough cum to impregnate an entire army of Kryptonians in your pussy, and you draw the line there?"

Astra looked towards him, almost ashamed. Did she disappoint her son?

"Alex took my cock in her ass," Harry said. "You know, Kara's adoptive sister. She's a mere human, and she took my cock in her ass without any protest."

Astra scowled. She would not have been shown up by any human.

"Take my ass, and take it harder than you did to that...that...human!" Astra growled.

She presented her rear, fingering her rosebud as if to tell Harry where his cock should be. Harry smiled when waving his hand and coated it with warm oil. The oil allowed him to slide even into the tightest holes and Astra's hole was on the top of the list.

Harry eased himself inside her tight ass. The warmth of her ass spread around him.

Astra blocked out the pain. She absolutely point blank refused to scream bloody murder at the cock inside of her, no matter how part it was ripping her tight rear passage apart. Harry pushed further inside her, and worked against her with a steady thrust. The thrust grew more steady.

The pain grew away to pleasure. Astra comforted herself with the fact this thick pinnacle of manhood shoved deeper inside of her.

"It's so good," Harry said. "Is this the first time you've been fucked in your ass?"
"Never would have allowed anything substandard near this hole," Astra said.

Harry smiled, running his fingers down Astra's body. Cum still dripped from her from how much he fired into her nether passage. He held onto her and drove into her. Every time Harry hit her anal passage, a scream of pure lust spread from Astra.

The warmth of her tightest hole continued working around Harry's thick, throbbing cock head. It penetrated her hot, asshole. The last virginity, her anal virginity, had been pushed away. Her son's hard cock pushed into her anal depths and it was brilliant. It was really amazing, so amazing she could not even let out the scream of passion she received.

"Fill it up, just like you did my other holes," Astra said. "Every time I sit down, I want to remember this moment. Harder, fuck me harder!"

Harry obliged the request with a little added vigor. He beat a path into her. The tightest hole proved to be a big test for Harry's stamina, and one he achieved.

"More than worthy!" Astra yelled. "More than worthy!"

She chanted some more and Harry pounded her. The steady stream of cum built up. He slapped her ass to make the flesh even rawer. He picked up the pace and fucked Astra in her back passage with a couple of long, powerful strokes.

The time ticked on. Harry had his way with the perfect ass underneath him. Harry gripped Astra by her hips and slammed deep inside her.

"It's time," Harry said. "Are you ready to see real stars?"

Harry converted every single fiber of the beautiful woman underneath him into one large pleasure point. Her entire body shook and encouraged a deeper thrust of Harry. His hard cock worked deeper, harder, and faster. He reached further inside Astra. He would wreck her when the time came for the end.

"Don't hold back, never hold back," Astra begged him. The encouragement increased as Harry continued his throbbing thrusts inside her.

Harry unloaded inside of her when the greatest orgasm in the history of the galaxy concluded. He planted thick burst after thick burst of potent cum. The sticky white hot seed filled Astra up to the brim. Harry rode her all the way to the end and finally pulled out.

Cum dripped from both of the General's holes. Harry pulled out of her. He saw someone hovering outside of the window in the corner of his eye, and she sped off.

'I wonder what the world would think if they knew Supergirl used her powers for voyeurism.'

End.
Hera thought she had an infinite amount of patience. One could argue in fact she had the patience of a goddess regarding the misdeeds of her husband, the king of the gods himself, the one and only, almighty Zeus, and his unfortunate attitude towards her.

Patience only stretched so far. Centuries wore down Hera and caused her to become more agitated with her husband and his various misdeeds. It would not have been so bad if she had not had to deal with the headaches caused by some of his bastard children. They had severe abandonment issues, and took it out on the world. When they received their god like powers, it was even more so.

The woman's gorgeous face crunched into a smile. She had reddish brown hair which framed around her face with curves. She had a body which men would die for, maybe not like Aphrodite, but still rather stunning. Not she allowed her husband to touch it after the first incident with one of his demi-god children.

Zeus had learned the wrong lessons all of the time.

Hera had it up to her neck with what her husband was doing and knew there was going to be some changes. She tapped her foot on the ground and waited for him to step right into her trap.

"Let's see how he likes it when the shoe is on the other foot."

No sooner did Hera finish that thought, a flash of light erupted in the area around her. A loud groan followed and Hera spotted Zeus who had been stuck. His eyes, all seeing, remained locked on, but he couldn't do anything.

"I knew what I was getting into for years, and I enabled it, to show an example," Hera said. "When we united in marriage, it was disgraceful for a woman to leave her husband. Marriage until death do us part. And for immortals, you know no matter what, that would be a very long time."

Zeus wondered where this was going.

"Over the centuries, sensibilities have changed," Hera said. "Marriage is not the union it used to be. Divorce is not only common, but accepted."

Zeus remained frozen and was unable to say anything.

"I've tried to set an example for women everywhere by being loyal to you," Hera said. "If you had to commit infidelity, then so be it."

Zeus relaxed for a second. For a moment, he thought his wife was really mad at him.

"You could have chosen not to impregnate your conquests!" Hera yelled at him. "But, you decided to do so, because you had your stupid little contest, where you had to impregnate the most mortals with your spawn. And most of the time, your bastard spawn, they cause chaos amongst the mortals"
Zeus tried not to smile. Those were his boys, making sure to keep the mortals in line.

"And the most galling thing is, you think it's amusing," Hera said. "I've had it up to here with your nonsense. How would like it if you saw me commit the same sins you have?"

Zeus bugged out his eyes but his mouth remained shut. The horror spreading through his body.

"Are you scared?" Hera asked. "Are you scared I might find someone who has surpassed your so called prowess in every single way?"

Zeus responded with a violent shake of his head. He was not scared. He was Zeus, the King of All Gods. No mere mortal could outshine him.

"You go around, giving mortals the most disappointing two minutes of their life, and leaving them with your spawn, to deal with," Hera said. "How would it be if I just went down, and took my fancy with the first handsome stud I sank my eyes on?"

"Mother, is there something a matter?"

A gorgeous brunette girl dressed in a white toga stepped into the room. She stopped a couple of inches and saw her father frozen. Boy, she didn't look too happy.

"No, Hebe," Hera said "Your father and I were having a discussion about his many indiscretions."

Hebe shook her head. Zeus really was an idiot sometime.

"How about we go and visit that young man you've had your eye on for sometime?" Hera asked. "We can reward him for his recent burst of heroics."

"Yes, he is very valiant," Hebe said with a sigh. "All of the goddesses are conspiring to see whether or not they can get a piece of him."

Hera answered with one of her knowing smiles. She made sure to have her eyes locked onto the King of the Gods who stewed in his own juices, along with the containment field.

'Thankfully, Circe owed me a favor,' Hera thought.

"Honey, we're going to have to reward him," Hera said.

Zeus fumed, anger flaring up at the worst possible time. There was no way any mere mortal was going to touch one of his daughters. The moment these thoughts crossed his eye, Hera locked eye to eye with Zeus.

"Let me tell you something, sweetie," Hera said, almost spitting out the word with sarcasm. "There's very little that's mere about this particular mortal."

Zeus could only look with those angry eyes. Hera was doing this to him on purpose. What did he ever do to deserve this?

"So, honey, are you ready?" Hera asked.

Hebe nodded with a smile and took her mother's hand. A very pissed King of the Gods had been left in their wake.

X-X-X
Harry Potter collapsed down on the nice soft bed. For once, he had ended a battle against the forces of evil in his own bedroom, and not inside the hospital wing. He had more than enough of the inside of hospitals for the rest of his life.

He drifted off into sleep, or so it seemed. Harry opened his eyes, and found himself sitting next to a lavish pool. A brunette girl who looked around his age splashed the water, giving a playful smile to him. The water bubbles covered all which needed to be covered.

"Hello, my darling hero," the girl said, biting down on her lip. "Why don't you come and join me? This water, it's very nice."

Harry pulled off his shirt and pants to reveal nothing other than a pair of swimming trunks. He had been prepared for the occasion. He jumped into front of the girl and swam up towards her.

The girl smiled and swam across the swimming pool. Her arms wrapped around Harry's waist and her bare chest pressed against Harry's muscular chest. The soft fleshy orbs pushed up against him.

"Oh, I feel something," she whispered excitedly. "Is that something for me, my darling hero?"

"It's for you, if you think you can handle it," Harry said.

Harry could have sworn he glimpsed this cute girl in his dreams before. She had a divine aura about her. It was amazing because he didn't see her in the real world.

The mystery beauty thrust out her chest and allowed Harry to explore the fleshy orbs without abandon. She grabbed his bulge through his pants and gave it a nice little squeeze. The tension between his legs knotted up, and she squeezed it again.

"You're really big," she said. "It's going to need some air though."

Harry's boxer's slip down and she grabbed his cock. The mysterious brunette gave Harry a slick handjob underneath the water. He groaned when the slickness of her fingers coursed him. She stimulated every single nerve ending.

The brunette gasped when Harry touched her tender nipples. It was a really good touch and got her excited.

"I'm wet," she told him with another pump of his cock. "And I don't mean because of the water either….ooops…"

She engulfed his cock in a pleasurable heat which caused several ropes of cum to fire all over her toned belly. The dream girl watched with glee when the cum covered her. She scraped it from her and sucked her fingers dry.

"Yummy," she said. "I wonder what other fun we can get to."

She rose from the water which gave Harry a full view of her nice, round ass cheeks. They wiggled when walking forward, showing Harry a taste of what she had to offer. Harry followed directly behind her, smiling she rolled over and showed her completely bare pussy, dripping with juices from him.

"It appears it's time for your next lesson, my daughter."

Harry turned around and saw in the distance a beautiful brunette. The first few buttons of her blouse had been unbuttoned to reveal a display of cleavage. She wore glasses and hair stuck back in
a proper bun. The skirt came down only slightly past her thighs where Harry realized she was wearing no panties.

It clicked to Harry.

"You're Hera, the Queen of the Goddesses," Harry said.

Hera smiled, figuring taking her most known to mortals form, after dressing herself up a little bit would be good. She stepped closer towards Harry and dropped down to her knees.

"Such a brilliant young man, with a noble heart and a big cock to match," Hera said. "And this is my daughter, Hebe. She just turned sixteen, and instead of getting a car, I decided to give her a ride on something a bit more mentally stimulating."

Hera grabbed Harry's cock and looked him straight in the eye.

"First, let's take this for a test spin," Hera said.

Hera took Harry into her mouth for a moment and gave it a taste test. Her divine lips wrapped around Harry's cock and gave him a thrill which the young man never thought he had.

Harry wondered what the hell inspired this dream, but he wasn't going to ask too many questions. All he hoped for was it to play out to it's natural conclusion.

It was funny, he normally woke up after cumming for the first time, yet the dream continued. He didn't have much time to think about it because Hera inhaled his cock. Harry threw back his head at exactly what the Queen of the Goddesses was doing to his groin. It was something he never thought would happen.

Hera went to town on the biggest, thickest, juiciest cock she could ever see in her life.

Hebe followed the progress her mother was making at this juicy chunk of manhood. She had been driven completely mad by what was taking place. The young goddess followed the progress back and forth, her mother taking Harry into her mouth.

Hera took him out of her mouth and squeeze his balls. They slowly filled with cum.

"When you want to please a man, your mouth is much more sufficient than your hand," Hera lectured. "However, there's a couple more holes that are even better than that."

Hebe smiled and spread her pussy lips towards Harry. Her nice firm teenage breasts stuck out, ready to be sucked, to be squeezed, for Harry to do any matter of things.

"My little girl is ready to be deflowered," Hera said. She gave Harry's cock an encouraging squeeze.

Harry walked forward with a smile. The young goddess looked at him with a firm combination of innocence and seduction, and Harry could hardly wait to bury himself in between those firm thighs. They looked like a treat for him.

"Please, my darling hero," Hebe said. "Fuck me."

Hebe's moist, tender, virgin pussy spread for him. Harry pushed back the chair so he could properly get on top of her. Hebe rubbed her nipples down onto Harry's chest and moaned when he slid his cock inside of her.
"Mother, it's so big."

"You need to relax, sweetie, and let him take his course," Hera said.

Harry's thick cock head pressed against Hebe. Her virginity faded away without any pain. A swirl of energy spread through both of them when Harry pushed closer into her.

"More, I need more," Hebe said.

"I'm not sure...many girls can't take the whole thing," Harry said.

"I'm a goddess, I'll find a way to make it fit," Hebe said. She leaned up and gave him a tender kiss on the lips.

Harry drew all caution to the wind and sank his throbbing meat staff into Hebe. The goddess of youth spread her legs and took every single inch of prime Potter prick into her.

"So good, so good," Hebe said.

Her body sized up with pleasure. Her first orgasm with an actual cock inside of her spread. Harry hung onto her and drove into her body. Every time he touched the insides of her, fire spread through her body.

"Yeah, that's right, feast your eye on that, you son of a bitch!" Hera muttered, rubbing her pussy. "See that cock that's in your daughter's pussy. Well, it's going to be in mind....that's right, you dumb fuck, watch your daughter be flowered by a mortal who is more of a god than you ever will be!"

Harry focused on plowing Hebe. The young goddess's breasts bounced in his face. Harry bent down and licked from them. Ambrosia flowed from her aching nipples when Harry sucked on them.

Hebe breathed heavily. Harry made her leak so hot the drink of juice of the divine flowed from her nipples. Everything about him was wonderful. The way his cock penetrated her was on fire.

Coupled with the fact of her mother furiously masturbating off in the corner, Hebe kept thrusting up to meet Harry when he drove down into her. Her body sized up and pleasure spread through her. The goddess squirmed underneath Harry when he pumped inside her body.

Harry never felt a pussy this tight, a couple close, but nothing this tight. He figured a goddess could make her pussy anything she wished. Harry hung onto her hips to push deep inside her and hammered her with a fluid amount of thrusts inside her body.

"Right there, so good....harder....mmmm...harder!" Hebe breathed in his ear. She worked her nails into the back of Harry's neck when forcing him to pump down into her.

Even the divine reached their limits. Hebe's hips grinded to a stop when another orgasm racked through her body. Harry penetrated her, but she slowed down to a sputtering stop.

"Well, that can happen unfortunately," Hera said. She almost smiled. "You fucked my daughter so hard she lapsed into a catatonic state....it was her first time so...she couldn't have been prepared."

Hera smiled when seeing Harry pull out of Hebe. Hebe collapsed down, pussy coated with juices. The Queen of the Goddesses licked her lips when taking a long look at Harry's prick. A decision formed in her mind.
"I'm going to have to pick up the slack, I imagine," Hebe said. She turned around to face away from Harry. A bed appeared and Hera descended down onto it. She pulled her skirt up to show Harry what she worked with.

Here's state made Harry walk over towards the bed.

"I just hope I last long enough," Hera said. "It's been a while since I've received pleasure."

"You're married the Zeus, the King of the Gods, aren't you?" Harry asked.

"Yes, and your point is?" Hera asked. "Never mind him, focus on how tight my pussy is, and fuck me harder than my precious daughter."

Hera invited him over and Harry could not say no. He walked over and sank his cock inside Hera's wet, smoldering snatch.

"Damn it, you're really tight!" Harry groaned.

Hera clamped down around the intruding manhood inside of her. Harry held onto her hips to steady himself before he slowly worked his way inside her.

"My husband is the only one so far which has been inside me," Hera said. The cock pushed already further inside her than Zeus managed. "And he has a penis which matches his maturity level."

Harry thought he learned more about the equipment of the King of the Gods than he wanted to know. He focused on burying himself inside Hera's underused pussy. She clamped down onto him with every time he thrust into her.

Hera allowed herself to enjoy sex as something other than a duty of marriage for the first time in her divine life. Harry hit brand new spots and ever so slowly, more of his engorge cock pushed into her.

Her blouse ripped open the rest of the way and one round fleshy orb spilled out. Harry took a handful of Hera breast and squeezed it. She clamped down onto them.

"Touch them, all yours, never anyone else's," Hera said. "Defile my goddess pussy….ram it….harder….make sure my husband can see everything you're doing. How much your man's cock is violating me!"

"You thought you could just come here, and take my cock inside your goddess pussy," Harry growled. He pushed into her. "It feels so good to ram your pussy as hard as I can!"

"Oooh, yes, it does!" Hera yelled. "Just think, I'm sure when you've satisfied me you'll be getting many more visits from the lovely ladies of Olympus…..wanting a piece of your divine rod."

Harry pushed deeper into Hera. To think he would have been getting more visits, from more goddesses.

"This isn't a dream," Harry said.

"Oh, it is for me, to be fucked by a man of your caliber!" Hera yelled. "You're making me cum….he never did that either….he was two shots and it was straight to sleep, leaving me to diddle myself until I was raw….wishing I could have a man like you!"

Harry mapped out a course on every inch of Hera. The warm, the divine skin molded nicely
underneath his palms when rubbing it down. He moved back to her hips and gained the leverage to plow her all too willing center. Between her thighs laid some pretty divine power, and Harry could not get enough in fucking it.

"Mmm, that's so good."

Hebe joined them off to the side of the bed. She watched Harry plow her mother and furiously masturbated to her motions in tune to what was happening. Her mother motioned for Hebe to come over.

"Come over to the bed and let me take care of that, darling."

Hebe would not be one to tell her mother no. She rolled over towards the bed and positioned herself with thighs spread directly underneath Hera's face. The Queen of the Goddesses gave one of her calculating smiles and gripped onto Hebe before beginning to eat out her daughter.

Harry held onto Hera and continued to plow her. Things got even hotter with the mother munching on her daughter's pussy. He could only fuck Hera harder while caressing her body.

Hera drove forward the encouragement and her tongue in her daughter. Every time Harry struck the inside of her, it was like hitting an entirely new level of pleasure.

"I hope you're paying attention," Hera said. She kissed her daughter between her thighs. "I want you to learn to do the same thing, because when Harry puts his cum inside my cunt, I want you to lick it out. Do you understand me, sweetie?"

"Yes!" Hebe piped up.

Hera rewarded her daughter's good behavior with a slick tongue lashing. Hebe thrust up and met these actions. She could not believe how far her mother would go to make her so happy.

Harry hammered Hera through multiple orgasms. He was pretty sure he drove her to more orgasms than she received from a partner during her entire time of marriage. The goddess wrapped around him. Her pussy walls, so tight, so warm, hungered for his cock.

"So much cum, let's put it to good use," Hera said.

Harry plowed Hera. The tension clamped over his balls. The first blast struck the insides of the woman. Several more blasts of the sticky life bringing liquid followed with Harry hanging on to her with each hard thrust.

Hera took the thick amount of cum inside her body. She looked up from Hebe and made sure she focused the look on her face in the right direction. The pleasure coursing through her very body resulted in her tightening around him. This allowed more pleasure to course between her loins and more cum to fire deep inside of her body.

Harry emptied his balls into Hera. The beautiful goddess screamed and squeezed him. She looked determined to take everything, and Harry was determined to give her pretty much everything.

The Queen of the Goddesses rolled over onto the bed, and Hebe smiled when crawling over towards her mother. She drove face first Hera and ate her out. She tasted a delightful combination of slick juices, both belonging to her mother and lover.

"Good girl, you learned your technique well," Hera said. "And I think you'll have plenty more chances to redefine your techniques."
They both turned around towards Harry and watched when his throbbing cock stuck up. It only injected an entire load of cum inside Hera and now it grew, ready to give more pleasure.

Hebe took the head while Hera took the length. Both mother and daughter licked the juices which had been left on Harry's cock.

"Don't worry, my love," Hera said. She squeezed his balls. "We have plenty of time, and a young man like yourself has plenty of stamina to spare."

Hera and Hebe tag teamed Harry's cock and got it as hard as possible for a further intrusion. The next thing Harry knew, Hebe straddled the top of Harry.

"Are you sure you're ready for round two?" Harry asked.

"I've got my second wind," Hebe said. "And I'll be damned if I let my mother get the better of me."

Hebe sank down onto Harry. His prick engulfed inside her womanhood. Harry squeezed the nice breasts which slammed into his face when slamming down.

"He's the ultimate alpha male, always ready for more," Hera said. "He doesn't need to deceive women with promises he won't fulfil, does he? Now that's a true man!"

Hera turned off to the left with a smile, while Harry buried himself further into Hebe. The daughter screamed when she came up and slammed down.

---

End.
Prue Halliwell frowned, the protection spell should have worked, but nothing happened. She closed her eyes and started to mutter underneath her breath, redoing the chant, making sure it was correct. Her sisters were currently in the room next door, and this was most certainly a dry run.

The oldest sister's eyes closed shut when she sensed something, a presence, in the room. Did the spell not work as intended?

She looked up to face a handsome young man who was sitting cross legged in the middle of the floor. He had a small strip of clothe covering his waist, but otherwise, his skin was completely bare. Every single inch of said skin had been well defined. His face had a regal quality to it, and his hair hung out above his face. His entire body was firm, and Prue looked down towards the clothe which jutted out.

The eye lids slowly lifted up to showcase green eyes with radiated with power. Prue locked eyes to him and took a couple of steps forward towards him.

"Can you hear me?" she asked.

Prue braced herself for any kind of attack, and he rose to his feet to face her.

The last thing Harry Potter's conscious mind remembered was being sent through the veil. Memories returned from his mind, where the trip from the veil awakened his true heritage, even though he was now very weak. The lack of nourishment in limbo made it very hard for him to concentrate.

The gorgeous witch in front of him caught Harry's attention. He turned towards her. Lips tugged to form a slight smile and he approached the woman with a couple more steps.

"You didn't intend to summon me, did you?" Harry asked.

The woman in front of him shook her head.

"No, I intended to perform a spell of protection…but….something went wrong," she said.

"I would argue something went right," he said. "The magic intermingled with something else and brought me here."

The tingling feeling spread over Prue's spine. She realized a second later what she summoned and backed off a moment to prepare to banish him.

"You're an incubus," she managed in a breathy voice.

"Yes," Harry said. He grabbed her hand and his fingers touched them. "But, you don't want to get rid of me. My kind is a creature which is designed for pleasure, and…..I'm sure you're lacking in pleasure yourself right now."

"This is a trick, you can't fool me," Prue said. She stepped back a little bit further.
"My name is Harry, and it's been a long time," Harry said. "And I can tell deep down, despite how your eyes are trying to say otherwise, you want this as well."

Prue closed her eyes, trying to argue. Harry backed her against the wall. It shouldn't be a hard enough spell to banish him, especially given the fact he was weak, and obviously hadn't had any sex in a long time.

"What is the name of my savior?" he asked.

"Prue….Prudence Halliwell," she managed, feeling compelled to answer the question.

"Excellent," Harry said. "I'm not here to drain you to death, I'm here to give you unremarkable pleasure. After all, the more pleasure my girls receive, the more powerful I get…and the more powerful you get as well."

Prue didn't know what to say about that. He leaned closer towards her. Their bodies came within an inch away from touching each other. Harry worked his hand against her hip and pressed it in hard. Prue closed her eyes and could feel him edge just that much more closer.

The witch caught the lips of the incubus against hers. They met together with a passionate kiss, and what a kiss it was. The kiss sent chills of electricity spiraling through Prue's spine, the more he leaned into her. The deeper and more passionate of a kiss this was, the more Prue wanted everything he could give him and judging by what he was doing, he could do a whole lot.

Harry removed Prue's bottom garments, leaving her bare from the waist down. He traced down her legs and reached towards the dripping wet mount. Harry went to work and showed how skilled his fingers could be. He jammed them inside and made Prue squirm against him.

Prue gasped and realized exactly what this pleasurable little encounter was doing to her. Her nipples stuck out from the other end of her shirt. He had managed to get the better of her.

"Just a taste."

Harry pulled those fingers away from Prue. Prue slumped against the wall, both invigorated and breathless. He tasted Prue's juices and smiled. They energized him and he walked towards the chair. Harry waved a hand and transformed the chairs and tables into a very lavish bed.

"Not bad," Prue said.

"It does the job," Harry said.

The Charmed One's lips puckered, and she licked them so they were nice and wet for what they were about to do. She descended to her knees right at Harry and grabbed onto the cloth. Harry watched her in amusement when she struggled to pull the cloth off.

"I have to see it!" Prue shouted. She almost hurled her hands into the air like a kid being denied their favorite sweet. It caused Harry to chuckle.

"Patience, you and your sisters, they'll both be well acquainted for it soon enough," Harry said. "When I give the signal, you will summon Piper and Phoebe into the room…but keep them out until I'm ready for them to see what you've summoned."

Prue nodded. She had questions about how Harry learned about the identities of her sister. The creature looked down upon her with a smile. His mere gesture resulted in more waves of pleasure cascading through Prue. All of the right buttons had been hit.
"And now, time for your prize, your reward for summoning me," Harry said.

Harry unveiled the object of Prue's desire. The cloth was deceptive. More and more of the cock grew in front of her. Prue reached in and clasped it. She pumped the object up and down and studied it with curiosity and intensity. Hunger spread through her.

'I can't wait to get this inside me,' Prue thought.

"Suck," Harry told her.

Prue swirled around the head and kept licking down the base. She wanted to make sure to catch every single last inch of this mecca of manhood with her warm and wet tongue. No inch should be left uncovered.

Harry leaned back on the bed, and enjoyed the heat coming from her mouth. The oldest sister balanced upon Harry's legs and looked down at him. She flicked her tongue across the head to tease him. She slid over from the leg to clasp Harry's balls and slowly run up to meet the head. She pressed thumb down onto him.

"You want me to blow your mind, fae?" she asked.

"Well, you're going to blow something."

Prue engulfed him between her lips. She had to ease herself around it. He had packed some serious heat, behind anything Prue ever noticed in her life. She eased, ever so slowly, around him, not wanting to choke about this massive fuck stick.

The moment she came down onto him, Harry held onto the back of her head to steady her. The witch proved to be more than up for the daunting task of taking his throbbing cock into the depths of her throat. Harry closed his eyes and enjoyed the pleasurable nature of her mouth coming further down onto his prick.

"Right there, that's good, that's very good," Harry encouraged her.

Prue smiled for a brief second before returning to the blowjob. She could feel the warmth spreading through her body. The sexual energies through the air made her wonder how her sisters didn't feel the energy. She looked up at Harry while continuing her job.

Harry pulled himself from the pleasure of her mouth and smiled.

"Don't worry, they're aware of it, although they won't understand the circumstances for quite some time," Harry said.

Prue cupped Harry's balls when continuing the blowjob. She turned fairly obsessed and insistent in taking every single last drop of cum he had in store for her. It didn't matter how hard or how deep she had to drive herself down onto him.

Harry reinforced his stamina. This was very pleasurable, and as a mere mortal he would have seen this even more. The magic swirling in the air, and the anticipation of being taken by him made Prue just go down even further and harder on him. The warmth and speed continued.

"And stop."

Prue pulled away from him. She coated his entire cock with salvia. It dripped down from him in such an obscene manner. It was more than enough to slide into her, and ravish her.
"What now?" she asked him. "Are you going to fuck me now?"

"I want to taste your pussy to see if it's as good as it smells," Harry said. "Get on your hands and knees for me."

Prue stripped off her top and gave Harry a full access view of her breasts before getting on the bed. Her breasts slapped against the bed and her bottom half, inhibited by anything stuck out on the bed. The small, neatly thinned strip of black pubic hair stuck out between her lips.

Harry crawled up behind her and wrapped his arms around her. He tightly gripped the witch around her waist and started to kiss all the way down the back of her neck and all the way down her spine. The travels were getting even more prominent.

Prue dripped in anticipation. Harry reached in between her thighs and used his fingers to drive the pleasure point further home within her. He disappeared between her thighs while grabbing her ass.

"Jesus!" Prue yelled.

Harry slowly pleasured her lips, not going too fast, but just fast enough where she didn't know what to expect. He worked some more magic. The tongue pushed deeper inside her and mapped out an entire point of the inside of her.

Prue grabbed onto the side of the bed, and dug her knuckles in. He could move his tongue like a vibrator. It sounded like a snake when it slithered into her. The course of magic spread through her body, and more pleasure came when Harry drank the nectar coming from her.

Harry finished his meal and smiled. He leaned up and performed a smell which caused a mirror to rise up. It gave him a full view of Prue's face. It already looked sweaty and rife with orgasmic glee. Harry chuckled when closing in behind her.

"We've just begun," Harry said.

Harry pushed against her lips and they spread, accommodating his length without any difficulty whatsoever. He pushed inside of her and could feel her body accept the newest intrusion deep inside of her.

Prue's entire mind shot down. The true power of this incubus buried between her firm thighs, with Harry rising all the way out of her. The scary thing was he was not at full strength, although after he was done taking her and her sisters.

"I shouldn't….why did….

"Because you're only human, and you want pleasure," Harry said. "To be fair, this isn't a human thing. We all crave pleasure and will give ourselves up to receive it."

Prue gasped in more pleasure when Harry pushed deeper inside of her. She did want this, and wanted to be violated by this massive rod. He packed a huge punch with his thrusts and never laid up all the way through to the end.

Harry smacked against her firm thighs and buried further into her. He decided to make his next move.

"Upon your first orgasm, I want your sisters in here," Harry said. "Do you understand?"

"Yes, they….should see this," Prue said.
Prue spread her thighs to take more of the massive girth inside of her. The mighty staff drilled inside her the entire way. She worked her thighs apart to accept him and the further in he became, the more she wanted this. The more she wanted to accommodate every last inch of him.

"Yes, they should," Harry said. He nibbled the side of her neck. "Get ready, because you're about to feel something you've never felt before. You want to cum, don't you?"

The tension backed up deep within Prue. Every fiber of her being had been inflamed by a never ending amount of lust. Every time those balls hit her, they seemed a bit heavier, and a bit more potent.

"There's enough to go around, don't you worry," Harry said. "The time has come, cum for me."

Harry released the tension from Prue's body.

"It would be greedy not to share this experience with your sisters, wouldn't it?" Harry asked. "Allow them to come in now."

The door swung open. Harry held onto Prue and rammed into her. The scream followed.

Piper and Phoebe rushed into the room. The two witches figured something had gone wrong. They stopped short of the bed, which hadn't be there before. They looked right into Prue's pleasure ridden face and at the person who was giving her pleasure.

"Incubus…and Prue…..," Phoebe said, almost breaking down for a moment.

"Maybe if we get him at the same time, we can take him down, and save her," Piper said.

Phoebe took one look at her sister and had been distracted. The force of the cock ramming into her body, Phoebe wasn't entirely sure Prue needed to be saved. She watched the massive organ at least until Piper grabbed her around the arm.

"He's trying to distract us, he's already…"

Several slimy vines rose up over the floor. Phoebe struggled when they wrapped tightly around her. The thorns on the vine began to shred her clothes in very suggestive places. One look at Piper showed she received pretty much the same treatment.

"Unhand her, you…you don't…" Piper said.

Harry shifted a smile at both of the other sisters. He continued his penetration. Their pants and shirts had been torn apart and their nipples were now both very visible and harder.

"Look at your sisters, you'd think they're getting turned on by me fucking you," Harry said. "Prue, say hello."

"Hello," Prue managed. Another amazing orgasm cascaded through her. She held onto the bed to receive more of her pleasure. "Harry….I freed him…and he's just thanking me for the assistance."

The younger sisters had been struck numb between words. They were horrified about the long term consequences of an incubus being let out in the wild.

"I only want to give pleasure, does that make me evil?" Harry asked. "No, I can tell both of you want just as much as your sister is getting."

Phoebe nodded a second later. Her face flushed and grew redder at the thought of what might
happen to her when he had his way with her. Those vines brushing against her wasn't exactly unpleasant either. They knew all of the right buttons to push.

Piper answered with a nod, conceding.

"Prue knows what she's doing, and if she thought there was any danger…it's fine….I need that," Piper said.

"I need that too," Phoebe said, a second later.

"When I'm done, you can have all you want," Prue said.

Another orgasm hit her. The thought of her sisters being taken and violated by her supernatural lover made her even hotter. She smiled and crooked one of her fingers towards the vines which hung loosely from the ground.

"Devious," Harry said with a smile.

He plowed into her one more time.

Piper breathed in pleasure. Something crept up the side of her leg and came closer to going between her legs. She looked down to reveal the vines had turned into a tentacle of sorts. The tentacle slipped further between her legs and she grinded her hips down against it when it intruded inside her.

Phoebe watched her sister riding on the slimy, thick vine. She rubbed her thighs together, only to realize the vines shifted up. They rubbed the ends of it against her nipples and the friction resulted in pleasure. Another vine slipped behind her and teased her puckered hold.

"So hot," Harry said.

"Just figuring they deserve a little warm up before you take them," the oldest sister managed. "Am I finally going to get that big load?"

Harry just remained going forward with a steady tempo, not bothering to slow down. He knew if he slowed down, everything would be lost.

Prue's body racked in a never ending state of orgasm. Harry touched all of the right places, all of the places. The anticipation of him taking both sisters made it awesome. She continued to guide those tentacles into the dripping wet holes of Phoebe and Piper.

A warm load waited for her from those balls. The sound of firm flesh slapping against firm flesh resulted in more pleasure. Harry made sure to caressed every devious inch of her skin which shined with a heathy amount of sweat.

She grew stronger, and with that an addiction grew through Prue. The next orgasm seemed like a lifetime away from her. She held onto the bed to receive the next slam into her. He could be as fast or slow as he wanted, and Harry always mixed it up to keep her on her toes.

"Here it comes," Harry told her. "I think I've tormented you long enough."

"Not to mention those two, they're very tormented right now," Prue said.

"Pick one," Harry breathed in her ear.

Prue closed her eyes for a second and pointed towards one of her sisters. No sooner did that
happen, the latest orgasm hit and with that followed Harry dumping his sticky load inside of her body. She held onto the bed with Harry spilling his seed deeper inside of her.

The moment passed when the orgasm ended. Harry waved his hand and released Phoebe and Piper from their containment.

"You said if you both attacked at once, you might have a chance," Harry said. "Well, let's put that to the test, shall we?"

Twelve inches of prime cock stuck against the face of both of these charming sisters. Phoebe gave him a delicious smile before sliding forward and grabbing him. She took her lips around his cock and started to lick her older sister's juices from off of the head.

"Hey, don't hog," Piper said. She leaned down and slurped at the base, while nudging her sister out of the way.

Both of the sisters came down on the other side and planted kisses and licks on him. Eventually, they established a pattern with the tandem blowjob. Phoebe sucked him for minute, while Piper licked the base and caressed the balls. The two of them switched back and forth.

"Good sisters know how to share," Harry said. "And you're being very good sisters now, aren't you?"

Piper smiled and licked him some more before backing off. She passed the length off to Phoebe and did the same thing. This happened for several moments and several more tradeoffs before Harry shot the full load inside Piper's mouth.

She took his cum without any protest. Phoebe massaged Harry's balls to allow the rest of it to just shoot down Piper's throat.

The two sisters rose to her feet, and some of Harry's gift dripped from Piper's mouth. Phoebe put her sister in a liplock and the two of them shared the gift which the powerful demon had given them. Their tongues pushed further into the back of their mouths, swapping the seed with each other.

"Why don't the two of you give your sister a kiss for also setting this up?" Harry asked.

"Yes, thanks for fucking up the protecting spell," Phoebe said. She walked over towards her older sister and kissed him firmly on the lips.

Harry watched Piper do the same and the three sisters exchanged a three way hug. Piper and Phoebe pushed Prue back into the bed with a smile, and then Phoebe turned her attention towards Harry.

"Guess it's my turn now," Phoebe said.

"Actually, its Piper's," Harry said. He crooked his finger and motioned her to come towards him.

"Wait, who said….."

"I'm perfectly fine with this," Piper said. She wrapped her arms around Harry and pressed her nude body against his.

"I asked Prue to choose, she choose Piper, so take it up with her."
Phoebe turned around and grabbed Prue before pinning her down on the bed.

"You smug little bitch, you chose Piper over me!" Phoebe yelled. "You think because you're the perfect little witch…and even your accidents end up working out for the better because you summoned sexy Incubus when you were aiming for a protection spell…you really think…"

Prue was smiling on the bed. Phoebe pressed her hands down upon the bed and stared point blank into her eyes.

"What the hell is so funny?" Phoebe thought.

"The fact you thought you were going to dominate…"

An invisible object rammed hard into Prue. Phoebe smiled when getting on top of her sister and forcing their hips together not to mention their lips. She shoved her tongue deep into Prue's mouth with a very angry and lusty kiss.

Piper gasped when Harry marked the side of her neck, and then her collarbone. He kissed her nipples which grew even more sensitive before working a path steadily down between her legs. He worshipped Piper's nether lips.

"Please, don't tease me," Piper said. "Phoebe's going to kill Prue...so it's best you get this cock in me, and fuck my brains out."

Harry looked at Phoebe who grinded down hip first into Prue and just smashed those hips down onto Prue's. She essentially hammered the pussy of her older sister and she had to take it.

"Nah, she's just going to fuck her unconscious," Harry said.

"This is all your fault," Piper said.

"Yes, and so is this."

The next thing Piper knew, he filled her up with his thick and throbbing cock. It didn't seem as big when she was sucking it or as big when she watched him ram it into Phoebe the moment she showed up.

Piper tightened the grip her legs had around Harry. He responded by playing with her legs and bending down to lavish her breasts. Every time his mouth or hands touched her, new sparks spread. The base of her spine had been enraptured with pleasure.

"Why would someone like you be sealed away?" Piper asked.

"Ill equipped men can get very jealous," Harry said. "They don't like the competition."

Something about that statement resounded with Piper. The hot brunette pushed hip first up towards him and encouraged Harry's further intrusion inside her. He kept going to town on her.

And speaking of going to town, Phoebe continued to vent her frustrations on Prue. She knew it would be her time to have a turn with their new lover.

"I'm glad you're enjoying this," Phoebe said. "Don't you realize how long I've wanted to pin you to this bed, have my way to you? Fuck you until your mind is numb?"

Prue only could respond with a nod. Her sister returned to molesting the back of Prue's throat with her tongue. All Prue could do was sit back and take the tongue lashing Phoebe gave her and think it
did feel so good to be underneath for once, to concede control of the situation.

Piper throbbed the second Harry drove deep inside of her. It was obvious why, the load which he could hold in those balls made her wonder if they bare his children before this was all said than done.

"You would be the perfect vessels my succubi daughters, but not just yet," Harry said, picking up the place. "You need to be strengthened before you reach that point….and….don't worry you will be."

Piper dug nails first into the back of the creature which gave her such pleasure. Actually calling him a creature would be an insult. He was just made for sex and pleasure. And her pleasure continued to heighten every time he worked into her.

"So close," Harry said.

He sucked her earlobe which made Piper hotter than ever before. Her body was ready. The orgasm drained her body for a few seconds, but the sexual energy sustained her even more. The sexual healing spells from the amplified magic made Piper stay away long through so many orgasms she would have been put to bed.

Harry connected with her hot thighs and pressed chest to chest against her. They exchanged a series of hungry kisses with each other, the lust spreading from the room.

"Phoebe's about ready for me I think," Harry said. "And I think we don't want to give you too much of a good thing."

Piper tensed around him. She wanted never to stop getting fucked, but she knew if Phoebe had been kept out of the loop for that much longer, it would not end well. They would have to sweep up the sticky pile of sexual goo which was once Prue.

Harry spilled his essence into Piper's waiting body. She accepted the kind gift from the alluring creature above her.

Piper shuddered to a complete stop when he finished emptying his cum inside her body. The treat warmed her up and Harry pulled out of her.

Phoebe pulled away from Prue and turned around with a smile when she shifted herself towards Harry. She wrapped an arm around Harry, and balanced herself on his knees with a smile.

"Well, it looks like it's just you and I now, isn't it?" Phoebe asked.

Harry took a long look at Phoebe and took in every inch of her tantalizing body. Her beautiful face with tanned skin pointed towards him. Dark hair flipped down across her face and alluring eyes dripping in a cloud of pure lust. A pair of round supple breasts stuck out and pressed Harry's chest. They were firm and perfect with juicy nipples just ready to be sucked. Her trim toned belly brushed against the edge of his growing cock, and her pussy lips were thin, with fluids dripping down on them. It pooled down on the bed between herself and Harry.

"Yes, it is," Harry said. He grabbed a handful of sexy witch ass and pulled her in with a kiss.

Phoebe met him with a passionate kiss. She swirled her tongue into the inside of his mouth. He explored every taut, firm curve around her body. She rose up and pulled away from him. He sucked on her breasts which got her all wet and willing.
"All for me," Phoebe breathed. "That's good…you sinful creature…suck on my breasts. Make me feel really good."

Prue and Piper had been brought out of commission, leaving the two of them alone. Phoebe rose up against him and trickled her juices teasingly on his cock. She slid down on him and engulfed his cock in between her breasts.

Harry's balls and cock twitched with Phoebe's firm and delicious tit job. Her breasts amazingly fit around his throbbing manhood. Every time his cock head disappeared out of her flesh, she licked it, and caused him to twitch.

"Mmm," Phoebe said. "It feels so good, doesn't it? And now, I can't wait to have it inside me."

"Why wait?"

"True," Phoebe said. She released Harry's cock from its pillowly home and tested the thickness and the hardness. "My pussy is pretty tight, and your cock is pretty big. I can't wait to have it inside me, pumping up and down on it, while you pump your Incubus cum into my pussy. I can't wait to feel it inside me. I just can't wait."

She pumped his cock with a sultry expression dancing in her eyes. She gave it a nice going over and a few more licks, before bending down and kissing on his chest.

"Just relax, and let your new servant show her devotion towards her," Phoebe said. "My sisters, they were the appetizers, and I'm the main course."

"Are you going to back up what you're saying?" Harry asked.

She responded with a firm squeeze and a flirty smile. This horny witch climbed over the top of him and lowered herself down onto Harry. The intensity of her lust increased Harry's abilities. He reached up to grip her hips, making sure to spend some time with her breasts and flat stomach before reaching his final destination. Her body shimmered with fluids.

"All you want and more," Phoebe said. "Enough talk, now it's time to fuck."

The moment the head touched her pussy lips, Phoebe's nipples hardened. He leaned in to suck on them and encourage her to go all the way down. He tightened the grip on her lower back so more cock could slide into her. Her warm pussy experienced the organ which drove her sisters nuts for the first time.

The warmth engulfing Harry just egged him on and made him continue the exploration of the stunning witch's body. He reached up to cup Phoebe's ample chest and squeezed them. She looked down at him with a sultry smile and leaned in closer.

She peppered the side of Harry's mouth and face with kisses. She pushed all the way down onto him to worship his body, with her mouth and then with the rest of him. His muscular chest received an ample amount of attention.

Phoebe bounced higher and came down lower on his cock. She had a feeling like she flew through the air. The moisture caressed him and she could see her two sister's stirring a little bit. This only exceeded her pleasure because the first thing they would see was her riding Harry like a bucking bronco.

"You beautiful creature," Phoebe said. "And such a beautiful, hard cock to match…and I bet it doesn't even get soft, doesn't it?"
Harry smiled when he shifted his grip over towards her breasts and just squeezed them harder. He leaned up towards her and whispered in her ear when she came down.

"Not when there's sexy witches around," Harry said. "You ladies have the magic touch."

"I'll become your favorite," Phoebe said. She smiled and brought her hips down onto them.

Her entire body lit ablaze. Harry channeled energy through her breasts and it caused Phoebe to shake up and down. All she could do was bounce upon his thick manhood and bring him deeper inside her.

Harry smiled. Her lust was really contagious. She took his fingers and playfully suckled on them when bouncing up and down, going higher and higher.

Phoebe needed something to grip on and her hand rested in between Piper's thighs. She shifted her fingers inside and twisted them to push her fingers into her.

Harry watched as Phoebe grabbed onto her sister's pussy while sucking on his fingers. She looked completely blitzed with lust and it continued. His cock swelled more with pleasure. Her center grew wetter, warmer, and squeezed him. So much energy spreading through her.

"Why have one, when you can have both?" Harry encouraged her.

Phoebe slipped her free hand in between Prue's thighs. She dug herself knuckles deep into her sister's pussies when riding up and down upon Harry. Harry held onto her waist to increase the trouble.

This nymphomaniac on top of him proved a sufficient amount of lust to fuel Harry's powers and regain most of his strength in the eternity which he had been locked away behind the veil. She continuously hammered herself upon his cock.

Those juices coated him. Phoebe took in the enticing sight of both of her sisters rising their hips up, wanting more of her finger fucking action. Phoebe made sure to drive them into a conclusion before pulling her hands back.

Harry got a nice view of Phoebe pushing her fingers into her mouth and sucking the cream from her sisters from them. This erotic sight caused Harry to get bumping deeper inside of her. His balls strained and release was almost inevitable.

Phoebe racked with a constant state of orgasm. The state of pleasure on the face of her master made her even more excited. She met him pelvic bone to pelvic bone. The magic allowed her pussy to accommodate his cock while maintaining the lovely tightness around it.

Harry watched her impale herself on her cock for a little bit longer. He gave her enough magic to go the distance, but in the end, it was time.

Cum blasted Phoebe and slammed straight into her womb. She kept going all the way down on his cock to drain it of it's bounty. Her body sized up and released more orgasms than ever before.

Harry pumped her full of his semen, pushing it on the inside of her. The goddess above him crammed down onto him one more time and pumped the last batch of this round of cum out of her.

Phoebe fell back and saw stars. And she also saw Piper and Prue crawling over her like a pair of hungry lionesses with smiles etched on their faces.
"Payback can be sweet," Prue said.

"But not as sweet as you," Piper said.

They walked over to get a taste of Harry's seed. Harry in the meantime had his pick as the other two charming sisters were ready to go.

The End.
Harry opened up the door to enter the workout area which had been set aside for the Gryffindor Quidditch Team. The door swung open and he caught a rather alluring sight right next to him.

Katie Bell bent over and stretched, showing her ass in a pair of nice tight spandex shorts when she stretched. The backs of her well-toned legs were shown. She stripped off her shoes and socks for the workout. She turned around a slight fraction of an inch. A tight white sports bra showed an ample amount of cleavage with her round, firm, breasts. She wasn't wearing anything underneath the sports bra. She had a toned set of abs and a beautiful looking navel.

Noticing Harry standing there for the first time, Katie looked up towards him. Her beautiful face shined towards Harry. Her blonde hair tied back in a ponytail and her hazel eyes looked up toward him.

"Hey, Harry," Katie said. "I'm just doing some stretches before my work out. Would you care to join me?"

Katie flashed a knowing smile at her teammate and Harry walked over towards her. She smiled when seeing him walk over towards her.

"I didn't expect anyone else to be here this early," Harry said. "You caught me off guard."

"Well, you get up bright and early every morning to work out, and I figure, why spend half of the morning lazing around in bed when I could be here?" Katie asked. She smiled and looked towards Harry's toned arms and body.

Robes really didn't do much to do the people at Hogwarts justice, at least in Katie's mind. She continued to trace patterns over Harry's body and smiled turning around.

Katie bent down in front of Harry. Those shorts were pretty tight and the more she stretched, the deeper the spandex stretched against her. Harry viewed her ass when it bounced up and down. He decided to join her in her stretching exercises.

The Chaser turned and did some squats down on the ground. Her ass bounced when going up and down. Harry closed his eyes and she looked like she was riding something. Off to the side, Harry could also see her breasts bouncing up and down when she continued her squatting on the ground.

"Looks like you're stretching out very nicely too well," Katie said.

She turned around and shamelessly stared at the bulge in Harry's pants. She walked over and grabbed him, cupping his crotch. She gripped him tightly with one hand.

"Katie, I….."

"How nice of you to bring the equipment I need for the workout," Katie said. She pulled down his pants and boxer shorts to reveal his thick, juicy cock. She tried not to drool too much at this lovely sight which presented itself. "Ah, it's perfect."
Katie sat down on the bench on the side of Harry and grasp his cock firmly. She began to do some arm curls, pumping Harry's cock nice and hard.

"Five, six, seven, eight," Katie said. "Do you think you can count them out for me Harry?"

She pumped him every time with every number. Harry looked towards her with barely restrained lust through his eyes and nodded.

"Nine, ten….eleven," Harry said. She brought her hand all the way down to the base before pulling up. "Twelve, thirteen, fourteen….fifteen….seventeen…..eighteen, nineteen, twenty."

Katie smiled and switched hands to pump him twenty times with her left hand now. She looked up and caught the look of bliss on Harry's face. She would give her Star Seeker a workout he'll never forget if she had her way with it.

"Feel the burn, Harry," Katie said. "I've got to work out my legs though, do you think you can take a seat?"

"Sure," Harry said. His cock throbbed from the loss of Katie's hand, but it was going to be replaced by something else.

Katie smiled and positioned herself in front of Harry. She lifted her leg, capturing his cock in between her toes. She smiled when making sure to look Harry in the eyes. She lifted up her leg and pumped him with her toes simultaneously.

Harry enjoyed the soft warm feeling of Katie's toes rubbing against him. His cock throbbed even more when she used his stiff iron bar as part of her workout. She worked him up and down for thirty reps with her toes, before switching around.

"Good, it's not going to wear out on me any time soon," Katie said.

Katie did the same thing with her foot. Harry's cock throbbing was good. His hands rested on her legs and slowly moved its way up.

"Almost there, Katie," Harry groaned.

Katie smiled and grabbed a bottle of lotion. She lathered her feet with them, before slipping Harry's cock in between them. She gripped the bench and started to rise up and down while pumping Harry's cock in between her feet.

"Are you feeling it?" Katie asked.

Harry responded with a nod. Her soft, smooth soles rubbed down the sides of his cock. Katie brushed a toe down his cock head every once and a while. A small trickle of pre-cum oozed from him. Katie slowed down her rubbing of his cock, and smiled when pulling away from him.

"It's important to keep my neck nice and strong so I can see when the Quaffle is coming at me," Katie said. "Wouldn't you agree?"

Harry responded with a nod when Katie descended to her knees before Harry. He could see all of her beautiful face thanks to the hair being tied back. The Chaser walked over on her knees and took Harry into her mouth. She took him into her mouth, working her neck when pushing down onto him.

Katie bobbed up and down on Harry at a steady rate. He reached up and grabbed onto the back of
her head to guide her. Katie smiled.

"Twenty-five, twenty-six," Harry said. He hissed the last word. "Twenty-seven, twenty-eight….twenty-nine….thirty….."

Katie gave him a few more sucks before pulling away from him. His cock was coated with salvia. She smiled and rubbed her thumb against the head.

"Lie back on the mats, please," Katie said. "I want to work out my thighs."

Katie smiled when Harry was now on the mat. She climbed over the top of him, not slipping down her shorts, at least not yet. She straddled over Harry's extended cock and pushed him slightly against her where his cock rubbed against the outline of her pussy lips through her shorts.

Harry groaned at the feeling of Katie when she brushed up against her. She was going to tease him a little bit, but that was fine. He reached behind her and grabbed her ass to squeeze it.

"Just making sure you stay steady," Harry said. His finger brushed towards the waistline of her pants and slipped dangerously close to a certain hole.

"Thank you," Katie said. She humped his cock. His throbbing manhood pushed closer towards her. She wanted to rip these shorts off and drive herself onto him.

Katie worked herself up to a frenzy and pulled herself up. She slowly stripped her shorts off, making sure Harry had a good look at what he had to deal with.

Harry watched her pussy slowly being revealed to her. Those slender, wet pussy lips showed themselves towards Harry. He smiled when looking towards them. Her golden curls resting between her legs added to the fun and games.

"Time for the deeper, inner thigh exercises," Harry said.

Katie smiled and took a second teasing Harry with her dripping hot lips. She waited for him to ease closer inside her. Katie balanced herself on the top of him and then sank down for the first time.

"Damn," Katie moaned when coming down on his cock. "It feels so good, doesn't it?"

"Hope you're feeling the burn," Harry said.

He held onto Katie's hips when she worked up and down upon him. She stretched herself out on his intruding member. She bounced even higher. Those breasts looked amazing in that bra, with all of the cleavage on display, but Harry needed them more.

"We've neglected your upper body, Ms. Bell," Harry said. "Why don't we fix that right now?"

Katie closed her eyes, enjoying the pleasure. She realized Harry stripped off her sports bra.

"Why don't you work out, strengthen your hands?" Katie asked. "I have a couple of things you can squeeze…good practice for when you catch the snitch."

"I don't know," Harry said. He groped one of her breasts. "These are much bigger than the Snitch."

He squeezed one of the juicy melons one more time. Katie rewarded him by taking him further into her moist canal. A throbbing spread through Harry the further she worked her way down onto him. She slid up and down his pole.
"Yes, they are, and you like to hold them even more," Katie said.

Katie bounced up and down on him. She knew coming in for an early workout was more than worth it and she was making things very much worth it. She drove all the way down onto his throbbing manhood. Katie's wet pussy closed in around him with Harry holding onto her with a squeeze.

"Fuck," Katie said.

"Just keep working out," Harry said. "Don't lose your momentum, or anything."

Katie wasn't about to lose her momentum. She kept plowing down onto his thick and amazing rod. Every time it filled her body, it brought her to greater pleasure. She could hardly wait how deep or how far she could bring this rod.

Harry viewed Katie driving her beautiful body again and again down on him. She was the pinnacle of health, otherwise she might have burned herself up. The sexy Chaser rose all the way up on her and those breasts pushed further down into his grip. He molded them into his hand.

"That's the spot, give them a good workout!" Katie yelled.

Katie experienced a rush of a good workout. Not even the vibrating broomsticks they sold could compare to the rush she felt the deeper the golden haired chaser brought herself down onto him. She really did get stretched out.

Harry worked her breasts. He kneaded and squeezed them. Some small amounts of magic stimulated her nipples. This only encouraged Katie to rise up higher and crash down further onto him. She clamped down onto him.

"You're not getting tired, are you?" Harry asked.

"No, but….I think we're reaching the end, aren't we?"

Harry had to admit she was right. Her toned body and perfect, tight, pussy worked him into submission. His cock throbbed the deeper Katie brought herself down onto his rod. She had him right where she wanted him, and it would be difficult to argue with someone this tight.

The first blast of fluids sprayed inside Katie's hole. She sped up a second later to work deeper inside of him. She needed every last drop.

"Need to get my protein," Katie said, grinning when coming all the way down on Harry.

Her breasts bounced and Harry squeezed them. A few more sucks and licks followed. Harry spent an insane amount of time feasting on her wonderful tit flesh.

Katie dropped down a few more times, getting the most of Harry's load. She made sure to get every single last drop before pulling away from him.

She rolled over onto the ground, on her hands and knees. The stunning Chaser presented her juicy rear towards Harry.

"We're not done yet,' Harry said. "There's one part of your body that you're neglected…..and we want to make sure this keeps nice and firm."

Harry empathized the word "firm" with a nice little squeeze. He brushed his fingers and slipped
one of them inside her tight rectum.

Katie shifted herself so Harry could have unrestricted access to her tight rear. Harry eased one finger inside her, and Katie bit down on her lip the second Harry intruded inside her. He really had her where he wanted her. A finger slipping into her ass from behind made Katie gasp and moan in pleasure.

"Bugger me," Katie said.

"Soon enough," Harry said.

A warmth spread through Katie from head to toe. His skilled hand worked in her ass and squeezed her cheeks together. His finger swirled inside her before brushing all the way out.

Harry brushed down to Katie's dripping slit to collect lubrication. He pushed his well lubricated finger inside her back passage and worked deeper inside of her. He fingered her ass a couple of times to get her going.

"You must be excited," Harry said. "Every time you sit on a broomstick for the next week, you'll be thinking about this work out."

The thought of Harry fucking her ass so hard she would be thinking about it when at Quidditch Practice made Katie even hornier and even needier for his cock. He situated his fingers closer inside her back passage then ever before. He wanted to make her feel this all night long.

"Yes, you're excited, aren't you?" Harry asked. "Time for the last and most important stage of our workout. You're going to really feel the burn in this one."

Harry pushed his swollen head against her tight rosebud. The protest of her asshole against his cock was short, but Harry eased his way inside. He waited for her to relax and allow him to slip deep inside of her.

"SO BIG!" Katie yelled.

"What's a little gain without any pain," Harry said. "Come on, Bell, I thought you were working out."

Harry pushed closer inside Katie. Her tight hole grabbed him and took him deeper into her tight ass. She grabbed onto the edge of the mats when he pushed into her.

He finally set up a step pace of hammering into her ass. Katie tensed further up against him every single time Harry pushed deeper into her asshole.

"So good," Katie said. "Harder, please…..it feels really good."

Harry gripped Katie by the waist and pushed deeper inside her. He pummeled her tightest and most taboo hold. He caressed every inch of her body, paying attention to all of the places which made her excited. He would have her underneath him, right where he wanted her.

Katie clenched her fists against the ground and waited for Harry to bury himself into the depths of her tight, tight, ass. He did not disappointed and continued the heavy working out of her ass. She had been stretched to her limits and then some.

Harry rolled his fingers down Katie's soft sweaty body. Every single spot he touched, it was the right spot given the gasp spread through her. He worked closer towards the navel. It was a very
sensitive are which Harry paid extra close attention towards. He kept brushing into her navel and send sparks.

"Keep with me," Harry said.

Katie could hardly stand the pleasure. He shifted those hands between her thighs and rubbed her clit. The intense rubbing continued when Harry pushed into her. Every time Harry drilled into her, Katie enjoyed him further into her depths.

"I'm going to try!" Katie yelled. "But, you're making it very hard…so much pleasure."

Harry bit the back of her neck and that triggered a gasp from her. He massaged all her and returned to her clit. He pinched it in turn of ramming her ass. The juices spilling from between her thighs made it really good to be honest.

He rammed Katie hard and fast from behind. Kate took as much of his cock as she could inside her tight rectum. He bombarded her with a series rapid fire thrusts and ensured she was cumming and could keep cumming nice and hard.

Katie really didn't know what time of the day it was. The workout started before sunrise and the sun was mostly up now. Harry showed no signs of slowing down.

"We're almost done," Harry said.

Katie reached the edge of her limits. She didn't know how much more she could take. All she knew was his cock was about ready to deposit its gift.

Harry held on and pushed himself into overdriving. His hard thrusting increased. He took as much of her hole as he could. She encouraged him with moans. Her hair came out of the ponytail sometime during the fucking and he rammed her so hard which Harry pushed into her asshole. Those thick balls were about ready to give their gift into her.

"So hard, so good," Katie said.

Katie dripped hot and fast. He made her cum so many times in the past hour or so, it was almost obscene. He raised his hand and Katie licked her juices from his hand. She got off on her own taste.

Harry finally lost himself to her. He planted a heavy load into her tight back entrance. His thick juicy cum emptied into her warm bowels.

Katie squirted several more times at the sensations of the hot cum spilling into her ass. He finished riding her through his orgasm while fingering her all the way through hers.

The two of them separated. Katie tried to pull himself up, but collapsed from the exhaustion. Harry tossed her a water bottle, magically kept cold. She took a swig of the fluids and smiled.

"Nothing like a good workout to really get you going in the morning," Katie said. She licked her fingers clean and looked towards Harry. "So, how about hitting the showers?"

---

And everyone put your hands together one more time for the lovely star of tonight's show, Miss Zatanna Zatara!

The people in the audience clapped loudly and some of them whistled from the crowd. A dark haired woman in her early twenties smiled when the applause continued to go. She dressed in her usual attire of a top hat, a tuxedo top, and a pair of extremely tight black shorts which barely qualified as shorts. The real magic trick was the fact they could even fit over her juicy ass. Fishnet stockings covered her amazing tanned legs, and she wore a pair of black heels over the top of them.

She smiled and waved through the silky white glove. This entire tour had been all across the United States for the past three months. Zatanna performed in several major cities and now after a short break, she was ready to kick back and relax.

'At the rate this is going, they might still be applauding by the time my next tour is due to start,' the magician said.

"Thank you, thank all of you, and I will return to Vegas in the not so distant future!" she yelled at the top of her lungs.

Zatanna stepped back and the applause finally started to taper off at least past a certain point. She turned around and made her way up the steps towards her dressing room. It was a long night, and she could not wait to kick back.

The magician opened the door and prepared to get settled in. Someone approached her and knocked on the door. Zatanna spun around to see the handsome young man who was waiting for her.

"Harry, hey!" Zatanna said. "I thought I saw you in the audience, but I wasn't sure."

"I wouldn't have missed this for the world," Harry said. He stepped closer towards the young woman and approached her. "You had even the most hardened of skeptics converted tonight. Congratulations, you had them eating out of the palm of your hand."

Zatanna smiled and approached Harry. She swooped down and planted a kiss on his lips before leading him over to the couch. The two of them settled in.

"Really wish the people over in Europe could get to see your show," Harry said. "Statute of Secrecy Regulations are a bitch to get though."

Zatanna rested a hand on Harry's knee and leaned closer towards him.

"They are," Zatanna said. "I went up before them until I was blue in the face, and told them it was just a show, and it has always been promoted as such. It's not really blowing the fact they have a secret world, but they refuse to do anything."

"Oh, well, it's there loss," Harry answered.
Zatanna knew there were acts, but they were Muggles who were very quick with their hands and very crafty. She performed real magic and it was rather skillful. Sometimes she had a couple of miscues, some on accident, and some by design to keep people guessing.

Really the miscues made everything more realistic.

"How long are you here?" Zatanna asked.

"I'm in Vegas for the next few days on business, but I made to come and see your show," Harry said. "And you did promise we would get together the next time I was in town, and you weren't in the middle of a tour."

Zatanna smiled. She did recall the promise. As always, after a show, she had been pretty much on a high, and it was excitement. She made her way towards him.

"Well, Mr. Potter, why don't we have a bit of a private show backstage?" Zatanna asked. She leaned forward, the first couple of buttons stretching open. "Between just you and me."

"I would be disappointed if we didn't," Harry said.

Zatanna took a half of a step back and waved her hands. The buttons on the top came undone to reveal a nice corset top covering her round breasts. Her curves filled into the garment. Zatanna smiled and placed her hands on her hips. Her shorts regressed into something more comfortable, and a nice thong. She turned around and placed her finger against the material of the thong.

The thong snapped back against her firm flesh. Zatanna turned slowly to face the man in front of her and smiled.

"I see the engorgement spell is taking effect," Zatanna said. "And for my next spell, I believe we should perform banishment."

Zatanna wiggled her fingers and muttered "STNAP EB ENOG". Harry's pants shredded off of his body and revealed his throbbing manhood underneath it. The dark haired woman stepped on in and slipped her glove to reveal her smooth hands.

She gripped Harry around the thick pole. Zatanna worked her hand all the way down to him.

"As you can see, I have diverted all of the blood to a certain part of your body," Zatanna said.

"It's incredible, and no smoke, and no mirrors needed," Harry said, playing along.

"No, it's merely all in the hand motion," Zatanna said. She grinned when jerking him off. His cock swelled and pushed deeper into her. "But any magician can use banishment. It's conjuration which is the lifeblood of any performance."

Zatanna rolled her head back while stroking Harry. Her left hand inched down to the base and the right hand went between Harry's legs. She squeezed the hard balls and dug her nails into her balls. Zatanna milked Harry, slowly, and surely.

"Yes, I'm all.....I'm ready."

"STIT TUO!" Zatanna cried.

Her corset slid down and two large breasts found their way out. Zatanna smiled when she moved leaned in. Harry got a small taste of her round breasts popping into his face. Zatanna stroked him so
"You have a nice big wand, sir," Zatanna said. "A wand is a tool, and when used right, it can create some real magic. But, there's something important you should know."

Zatanna sped up the pumping of Harry's cock. She used both hands to caress and squeeze his manhood, working all the way down. She leaned down and gave the head a couple of kisses. Pre-cum stuck out to her tongue.

"It needs the proper holster," Harry managed.

"Yes, exactly," Zatanna said. "And it's important for the holster to be nice, warm, and fits the wand perfectly."

Zatanna came down and took Harry cock first between her breasts. Her round orbs pushed down onto Harry when going up and down on him. Zatanna squeezed her warm breasts against him to encase his full cock flesh in between her large breasts.

Harry looked down to see Zatanna descend and ascend. Every time she stroked his cock, it was beyond amazing. She had him placed right where she wanted him and would give him everything. The warm flesh squeezed him. It wouldn't be the only warm place Harry had tonight.

"And you can see how my breasts are clean," Zatanna said. She cupped Harry's balls to give them an encouraging squeeze. "Now, they're going to be covered by a thick, milky fluid once I count to five."

Zatanna worked her breasts down and pumped Harry with each other.

"One, Two," Zatanna said. She sped up and increased the friction. "Three….four….and five!"

Zatanna tickled the underside of Harry's balls. He unloaded the seed in the valley of her breasts. The cum launched into the air and fell down in a repeated series of thrusts. Her chest and face covered with the thick semen.

The performer pulled back and smiled. She cupped a breast, semen dripping onto the carpet onto the ground. Zatanna ran a finger down her body while running her finger closer towards her womanhood.

"Looks like it got on more than your breasts," Harry said.

"An unfortunate side effect," Zatanna said.

Zatanna made sure Harry locked his eyes on her before pushing up a breast towards her mouth. The magician leaned closer and wrapped her mouth in gorgeous, juicy tit flesh. She closed her eyes tightly and hungrily manipulated the flesh for everything it was worth.

The sucking and slurping returned Harry back to his former state. He looked towards the gorgeous woman who continued the glorious sucking of tit flesh. Her thong slid a little bit when her movement and a hint of juicy lips underneath.

Harry smiled when pulling her back. Her dripping cunt lips stuck out. Harry held onto Zatanna and leaned closer towards her. He planted a kiss on her nether regions while Zatanna licked the cum off of her breasts.

"Oh, you're so good," Zatanna said, almost breaking character.
Harry squeezed and kneaded the warm, fishnet clad flesh the most he could. The scent of her pussy made him want to eat her out even more. So he did, and went down on her. Harry stretched his tongue to go way deep inside of her.

Zatanna suckled her own breasts and took in the full feeling of Harry when he continued his quest on every inch of her body. The Magician worked her hips at a hyper speed to meet Harry and his able tongue.

"Mmm, right there, lick me, right down there!" Zatanna encouraged him.

Harry conceded with her and kept licking at her. The sounds of her lips suckling on her breasts made Harry only go down on her first.

The moment Zatanna received an orgasm, she staggered back about a half of an inch. The table behind her turned into a nice table and she fell backwards onto it. Zatanna collapsed, legs spread, and body coated in sweat.

Harry advanced on her with a smile and climbed on top of Zatanna. He straddled the sultry Magician when going closer towards her. He leaned in and pressed his mouth on top of hers. Zatanna's shoes fell off in the process of falling back. She placed a pair of fishnet clad feet on either side of Harry to look him into place.

"Want to see a magic trick of my own?" Harry asked her.

Harry empathized this point by running his finger down from Zatanna's lips, all the way down her neck, and past the cleavage to her belly button. Ever so briefly, Harry touched her clit and sent sparks flying through it. Zatanna lifted her hips up in an attempt to receive Harry.

"Go on," Zatanna said.

"I'm going to make my staff disappear before your very eyes," Harry said.

Harry put the point of his rod up against her entrance. Zatanna lifted her hips up to meet the intruding manhood. It inched into her. Every single inch, energy sparked through her body. Zatanna held onto the young man's back when pushing deeper into her.

His swollen cock pushed into her tight gates. The warmth surrounded Harry. Harry held onto her, pulling almost out of her and sliding deeper into her. The two met hip to hip. Their heated loins kept pushing together, with Zatanna leaning up to steal a nice kiss from her lover.

Harry grabbed a hold of her luscious breasts and fondled them. Every time he rolled his hands over her nipples, Zatanna squealed from what Harry did to her. He twisted and squeezed every glorious inch of her tanned, firm breasts.

The wizard took in every inch of the delightful body of the Magician who was at his mercy underneath him. Her hips squirmed up to begin to take more cock inside of her. Her body was delicious, perfect in every well. Tanned, with no lines, with supple breasts, a toned body, a plump ass, and long smooth legs, legs currently covered with fishnets and drove him wild.

Zatanna's pleasure heightened. Her hips pushed up further to take every single last inch of Harry's magnificent rod into her. Their hips met each other in a dance of furious passionate. Zatanna hung onto Harry, enjoying the length going deeper into her.

"I feel you, you're so deep inside me," Zatanna said.
Harry shifted the grip from her leg to her backside. He clenched it and kept plowing deeper into her. Harry planted a series of long thrusts into her. Zatanna returned fire, another orgasm filling the magician's body.

"That's the greatest magic of all," Harry said.

Zatanna nibbled his lip, before allowing him to explore her breasts, now cleaned of all mysterious fluids. The only thing which had been visible was his mouth biting on her. Every time Harry scraped his teeth against her nipple, sucked it, or licked it, jolts of every spread through her.

"Again, again, more!" Zatanna yelled.

Harry decided to give her exactly what he wanted. He rod Zatanna into the bed. She wrapped around him, arms and legs brushing against his body. Her succulent chest pressed against Harry and gave him more than enough flesh to indulge himself in.

Zatanna encouraged Harry indulging in her body. Her hips twitched almost all the way up to meet the intruding rod. He pushed down into her, those balls full of something.

"After you, my dear," Harry said.

Zatanna didn't even have a chance to request. All she could do was hold on for the ride. Harry penetrated her center with more rapid fire thrusts. Zatanna kept meeting him, when he thrust into him.

Harry rode out her latest orgasm. His own would be following soon, but he wanted a few more one.

"It's almost time for your grand finale, Zee," Harry said. "First here come the fireworks."

Zatanna clench onto Harry, pushing up towards him. The greatest magic of all swirled deep into her body. Harry pressed further down onto him with multiple thrusts, each of them getting even closer.

The sound of firm wet flesh smacking against each other only encouraged Zatanna to take more of Harry inside her. Zatanna held onto the back of Harry's neck and moaned in his ear.

The orgasm exploding through her from head to toe and back up to her loins made Zatanna get inflamed. She increased the passionate of her exploration on Harry's back and also squeezed his ass with one hand. She managed to press on the back of his head when Harry pounded deeper into her.

"Soon enough," Harry said. "One more time…if you can handle it."

Zatanna held onto Harry, never once breaking up what she was doing. Harry plunged deeper into the heated slit. His missile sought the heat when combing over her body. More of a load built, swelling his already swollen rod even more.

"Always, I can handle it all," Zatanna said. I always finish a performance…..always!"

Zatanna dug her heels into him to make sure he was here at the end. The two of them crossed either other, going hip to hip with each other. Harry tore at Zatanna's fishnet covering her legs in a fit of lust. This only burned her up even more.

The next orgasm opened up the door for another. Harry impacted his cock into her when shoving into her. Her pussy created a flood of fluids, never once giving up. She could bring life to a dry land with how much leaked from her pussy. Harry's cock almost slid out of her through the
lubrication. The sorcerer redoubled his actions and planted himself into her.

His cock planted into her and lead to one final orgasm which resulted in the end. Zatanna tightened and milked his thrusts which slowed down to give her frustration. Her moist walls squeezed him.

"That fluid which appeared on your breasts and face earlier?" Harry asked. He once again traced patterns on her front side. "It's about to be between her legs.

Harry had his limits. Hands firmly locked on Zatanna's body, her heels digging into his backside, Harry rose up one more time and jammed into few more times.

Zatanna spread far and wide to receive Harry's gift. Her tightening pussy drained every single drop of cum from Harry. Harry pushed further into him with a few thrusts deeper and faster into her.

"Mmm, yes, right there, inside me!" Zatanna said. "Give it all to me….more of it's appearing all over my legs and all over the bed."

Harry rode Zatanna until empty. He emptied every last drop before pulling out of her.

The tension settled, and Zatanna rolled over. She cupped Harry around the length and smiled.

"So, are you glad to end this tour with a bang?"

"Oh, I think we can manage more than one," Zatanna said, with a few pumps.

The magic of Zatanna's mouth visited Harry's engorged prick one more time. He grabbed onto her silky black, if not slightly sweaty hair, and enjoyed Zatanna's oral talents.

End.
Harry Potter sat at his desk and studied papers. It had been a rainy day outside so it was the absolute perfect day to grade papers. The students at the Charles Xavier Memorial School for the Gifted pretty much stayed out of trouble, at least nothing the other members of the faculty could not handle on their own. Harry smiled and looked over the assignments which had been completed.

A knock on the door brought Harry out of his monotonous grading for the day.

"Come in," Harry said.

A sixteen year old girl stepped inside. She wore her blonde hair in pigtails and a look of deceptive innocence crossed her soft looking face. She coated red lipstick over her lips which puckering them. Her slender neck covered in a silver necklace with a charm on it. The charm directed attention towards her cleavage. A slightly unbuttoned white top covered her body, stopping at the midriff.

Her navel caught the eye of any woman who saw it, and her stomach was flat and firm. She sauntered closer into the room, with a short skirt which stopped just short of her knees. The teenager covered her legs in a pair of sheer white stockings which clung to her fit and firm legs.

"Miss Rasputin, what can I do for you?" Harry asked.

"Well, I hoped to have a word with you, Mr. Potter," she said. Illyana Rasputin smiled. Only less than a month ago, at least according to the present world, she had been an innocent six year old. A lot had changed in that amount of time, after she had been drawn into an alternate dimension known as limbo. Close to a decade passed for her, until Harry and his staff had been able to find her, and deal with the menace known as Belasco before bringing her own.

"I was working on my English a little bit," she said, still a bit of a Russian accent to her words, and a sultry one at that. Not as sultry as the Black Widow, but it was the kind of voice which prompted men to do what we wanted. "And I was wondering if I was getting this phrase correctly."

"Of course," Harry said. "What are you having to trouble with?"

"Well, can I suck your cock?"

Illyana's casual statement caused Harry to look up from his desk. She positioned herself at the desk with legs dangling over it. Illyana leaned down so Harry looked up at her tempting teenage body.

"Do you understand what you just said?" Harry asked.

"I believe it means you give a male companion oral pleasure," Illyana said. "I overheard it on one of those videos Tabby downloaded off of the Internet, and I was wondering if...I was correct in saying it....maybe I should repeat it given you're quite speechless."

Harry closed his eyes. It was hard to reconcile the fact she was six years old less than a month ago.
"Can I suck your cock?" Illyana asked.

"You said it properly, although I don't think you should be saying it to proper company," Harry said. "Men might get the wrong idea."

"Oh, they might think I would want to drop to their knees, pull down their pants, and put their big hard cock in my mouth," Illyana said. She dropped her voice lower and her blue eyes darkened a shade of lust. "I might do something like this to them."

Illyana took the lollipop in her hand, clutching on it tightly. She swirled her tongue across the head of the sucker and locked her eyes onto Harry with a smile. She serviced the lollipop in a very sensual manner.

Harry found his pants no longer fit quite as well.

"Is it right, or isn't it?" Illyana said. She tested out the words. "Can I suck your cock?"

Illyana shifted over slightly, with her legs spreading towards Harry. Harry looked at the teenage temptress before him. Her lacy panties showed her crotch, and the black material soaked through to make out the outline of her thin, tight looking lips.

"It's just a function of biology," Illyana said. She licked the lollipop again.

"Only when you're the age of consent," Harry said.

"Yes, well, in Russia, I'm technically the age of consent," Illyana said. "Physically and biologically, I'm sixteen, nearly seventeen years ago."

"Legally, you're still six," Harry said.

"Well, that's because SHIELD is slow in filing the proper paperwork," Illyana said. She frowned pushing her sucker deeper into her mouth and giving it a brief deep throat.

Harry watched what those plump, juicy, soft lips did to the head of the sucker. He envisioned holding the back of the teenager's head and shoving his engorged prick into her tight throat, using it as his own personal fuck hole.

He shook his head and tried to avoid the temptation. Harry provided himself with his will power.

"And it doesn't matter what some silly little law says we should do," Illyana said. "It's what the heart wants. You don't seem to have a problem with sleeping with half of your students. Why should I get special treatment?"

Harry figured Illyana called his bluff.

"You're afraid you might actually enjoy it, don't you, sir?" Illyana asked. Her lollipop slipped from her hand and down her shirt.

She slowly fished the lollipop from her cleavage. Illyana encircled the thick head of the sucker with her tongue, closing her eyes and giving a soft little moan. It slowly worked it's way down.

"How many six years old you know who have these?"

Illyana cupped her ample breasts and showed Harry them. Her perfect D-Cup breasts almost fell from her top. She ran her hands down and turned over to cup her ass.
"Or something like this," Illyana said. "A nice tight ass which is round and supple….am I using the right words, sir?"

"You're using accurate language," Harry said. "But it's not really the point!"

"Is it?" Illyana asked.

Without any shame, Illyana slowly removed her panties from underneath her skirt. She slowly twirled them in the air and snapped them like a rubber band. The panties flew in Harry's face and landed on it. He had no choice other than to inhale the scent of them and get a small taste of her lemony scent.

"No one has these things, because I'm sixteen years old, and I have needs like every sixteen year old girl on the planet," Illyana said. "If it's wrong, then that just make its hotter. And that's what makes you want it more….I see you catching a glimpse at my ass or my tits just like anyone else. And they can be yours, Professor."

Illyana spread her legs, now completely devoid of any panties. She hiked her skirt up to reveal her dripping moist cunt.

"You're out of line, Ms. Rasputin."

Despite Harry's stern look, he was smiling. She only hiked her skirt further up to make sure he could see her entire pussy, and then turned around to show her bare ass to him.

"I'm being a bad girl, aren't I?" she asked. "Maybe you should punish me."

Harry grabbed Illyana by the arm and pulled her off of the desk. The Russian Girl landed, her bare ass touching his leg, her dripping pussy grinded against his crotch. Her soft breasts shoved into his face for Harry to inhale, to feel, to touch.

"Yes," Harry said. "I want you to demonstrate exactly how you would suck a real man's cock. That's your punishment."

"Oh, tough, but fair," Illyana said.

The half-demon smiled, her base desires having been fulfilled. She would have the cock of her dreams in no time. Pulling Harry's pants down, Illyana almost drooled at the size of his stiff rod. She ran up of the base, testing it out.

Harry could hardly believe how sinfully soft Illyana's hand felt when they gripped him. The silky smooth skin caressed his love organ and made him swell with taboo, sinful desire.

"We should learn to be closer together, despite language barriers," Illyana said. "And one way we can get closer together is through sex. It's a universal language we can all understand."

Illyana serviced Harry from tip to base just like she did the lollipop. She had to devour his cock. She had to drink his entire cum. She needed to have Harry pin her down on the desk and screw her brains out until she dripped in both of their fluids.

"I have to devour your cock," Illyana said. "I have to put my lips all over your head. I'm going to squeeze your balls. Are they full of cum?"

Harry was pretty sure Illyana expanded her English vocabulary through watching Internet porn. She squeezed them and smiled. Illyana continuously stroked him, her soft hand pleasuring Harry's
iron hard rod. He pushed more of his throbbing manhood closer towards her hand.

"They are nice and full for me," Illyana said.

Illyana wrapped her lips around Harry and sucked him. The fact she wore the pigtails made things a bit more scandalous. The sexy Russian devoured Harry's manhood without any mercy. The hotness of her mouth made Harry groan.

"This is your fault, you're making me enjoy this," Harry said. "This is so wrong for me to enjoy this. Just a month ago, you were this sweet little six year old Russian girl….now you're a naughty little cock sucker."

Illyana cradled a cum filled set of balls. She pushed deeper onto him, making sure Harry pierced the back of her throat with his generous looking fuck stick. Every time he pushed the back of her throat, Illyana thought she would fade into blissful pleasure.

The delightful Russian slipped away from Harry and sucked on his head a couple more times. She planted an intense kiss on Harry's cock head and worked her tongue around him.

"Are you going to pin me down now on your desk?" Illyana asked. "Are you going to hold me down and fuck my lights out?"

Illyana smiled when crawling back onto the desk. Her skirt ripped off and her shirt bunched up. The only thing she wore was her stockings and the charm necklace around her. The arrow pointed down from the charm towards her center giving Harry a not so subtle hint of what she wanted.

"It's going to be a pretty tight fit," Harry said.

"Well, if we work together in cooperation, we can make it happen," Illyana said.

Harry prodded Illyana in her scorching slit with his aching cock head. He maneuvered closer into the forbidden zone. Her pussy was virgin tight, a bit surprising since she spent ten years in a realm with demons who didn't really have any inhibitions.

"Belasco wanted to have this, but he could never take it," Illyana said. "I'm offering it to you, sir. Are you going to give me your cock?"

The first two inches of Harry pushed into Illyana's gate. The tight little teenage pussy sucked him in. Harry bent down to squeeze her breasts and encourage her to spread her legs further to ensure Harry would be all the way inside. He did push closer into her.

"These breasts pushed me over the edge," Harry said. "You teenagers are the same, always flaunting your bodies, hoping to get fucked."

"Yes, but I can do anything they can do better," Illyana said.

Harry pierced her, only half of his cock was inside. Her walls only parted just enough to allow him to delve further inside her. Illyana kept the tightest grip possible and hugged Harry in a velvety center. He bent down and cupped a handful of her breasts.

Illyana enjoyed their bodies joining together. It had been a long time coming to have such a prime pinnacle of male perfection driving himself into her. He lifted almost all the way out of her and slammed deeper inside of her.

The beautiful Russian encouraged him to go down onto her. Her legs rubbed down Harry's sides to
show him how tender and soft her flesh was. How she wanted him to explore.

Harry took up Illyana on her invitation and explored her firm teenage flesh. Every time he brought his hard rod down into her, she rose up to meet him. He pushed from her breasts and ran his fingers down her stomach. Her belly button looked even good enough to lick and worship.

Illyana thrust her hips up. The Alpha Male above her brought his hard cock into her body. Every time they met, she felt more sparks of energy.

"What's this wonderful feeling?" Illyana asked.

"It's called an orgasm, and you better get used to them because you're going to have many."

Illyana looked forward to it. She pushed Harry up closer towards her and took his cock deeper into her pussy with a few deep thrusts.

"Yes, that seems nice," Illyana said.

"I wonder what we're going to do about those shorter skirts you favor," Harry said.

"I'm more worried about where your cock is going to be when it's done fucking my pussy raw," Illyana said. The thrusting sped up and Illyana received another spectacular blast of energy through her. Her nipples hardened and Harry attacked them. "Why don't you grab my hair, and pin me down, and tell me how I'm your little Russian slut?"

Harry grabbed Illyana's hair and gave her a sultry growl. The girl twitched her hips up to take more of Harry's engorged manhood inside her.

"You're nothing, but a little slutty tease," Harry said, letting the moment get the better of her. "Well, if you're going to tease me with your short skirts, with your cleavage….with your panties, you're going to get nothing but a nice big cock jammed into you!"

"Yes, more, it feels so good!"

Illyana marked up Harry's back with her longer fingernails. He slammed as far into her as he could. She enjoyed the feeling of his thick cock penetrating her and stretching her all the way out. Illyana lifted her hands and placed them onto Harry to push him into her.

Harry pushed into this sinful pussy. Every time he rose all the way out of her, all he could do was plunge back into her. He rocked her again and again.

"I'm such a dirty little girl, aren't I?"

Harry throbbed inside of her. Her pussy sucked him in and milked him with each probing orgasm. Harry held onto her and kept riding her.

"You certainly love me fucking that tight little cunt," Harry said.

He rode her even faster and harder with each thrust. The tightness of her teenage cunt caressed him when going into her.

"My cunt, my quim, my pussy, my twat…did I miss any words?" Illyana asked. "No matter what you call it, I just want it fucked and fucked hard."

She creamed underneath the intrusion from Harry. He switched up to slower thrusts to make Illyana want it more. She locked around his hips and forced him to drive down onto her. Illyana
brought her hands up and pushed him further inside of her. She took him cock first into her pussy, every single last inch penetrating her to the absolute depths.

"You got them all," Harry told her. "You got every single last word….just like you're going to get every single last drop."

"Those balls are so angry right now," Illyana said.

They slapped against her thighs when Harry pushed into her. Illyana tightened around him like a vice and ensured he would not stray too far from the intrusion.

"So big, so angry," Illyana moaned. "They're so mad they're going to explode."

Harry buried himself into her and buried his seed along with it. Illyana came at the same time. He passed the point of no return, firing the cum into her.

Illyana held onto Harry to ensure not a single drop of cum was wasted. All of the cum spilled into her fertile womb.

"You little kinky bitch, I bet you hope I impregnate you," Harry breathed.

"Oh, I've been a bad girl, a really bad girl, coming in and seducing you like this," Illyana said. "Wearing my slutty little skirt, my kinky little top with my tits everywhere, my panties hanging out, and sucking on your big cock. Making sure your cum pours into my womb, knowing full well it's nice and fertile."

Illyana smiled and licked his ear with an extended tongue when Harry finished injecting her with his baby making fluids.

"See, I'm going to prove to you I'm all women and I'm not that little girl who was here last month," Illyana said.

"You're all women," Harry said.

"And you're all man, who can handle a real woman," Illyana said. She slid away and turned around to get on her hands and knees, wiggling her ass in his face. "Why don't you show me how I'm your woman? Why don't you shove your cock in my ass and fuck that raw too?"

"I was finished, and now you've made me hard again," Harry growled. "Just for that, I'm going to fuck you rass so hard you won't sit down for a week!"

"I hope so."

Harry fingered Illyana's tight hole with a finger before he positioned himself closer. The thick cock head pushed against the half-demon sorceress's back entrance. The heat pumping against her was among the most hot ever.

'And here I thought Jubilee and Kitty had tight asses,' Harry thought.

Harry pushed his manhood closer towards the hot blonde's puckered hole. He pushed deeper inside of her.

"Deeper, ohhh….I can feel it in me!"

Illyana clutched onto Harry and ensured her ass lined up perfectly for him. Her tight rear end wrapped around him. She accelerated the descent down and stroked her womanhood. Illyana took
more of his cock into her.

"You feel like a bloody furnace….."

"You wouldn't going around fucking furnace," Illyana said. "But you would fuck my ass, wouldn't you, sir?"

Harry pushed himself deeper into her. Illyana's breasts bounced when she descended onto him. Harry took the lovely round orbs of flesh and squeezed them to ensure he would have something resting in his hand. Illyana bounded up and down onto him, bringing more of him inside of her.

"No, I wouldn't," Harry said.

Illyana enjoyed his fingers moving over her front while his cock sped up its pushing into her back. The teenager wouldn't have guessed anyone could truly enjoy having something rammed in their anus like this, although after seeing it on the Internet, she just had to try once.

She would be trying again all too soon.

"You're so beautiful, it's a sin you're this beautiful."

"Oh, sin just makes things even sexier, sir," Illyana said. "Fucking my ass, knowing I'm one of your students. You've taught me how to speak English, and now you're just furthering the next step of my education."

Illyana threw her head back to give a sultry moan which passed through the heavens. Harry worked down her body, hitting all of her hot spots. She picked up the pace when ramming down onto him. The thick manhood pushed deeper into her.

The two met each other with Illyana speeding up what she was doing. Harry brushed against her clit, hitting the sensitive nerve spot on her. Illyana continued to rock on him.

"I'm wearing you down," Illyana said.

"Yes, I'm going to cum in your ass."

"Oh, you've been in there for a while," she said. "All good things must come to an end though."

Resigned to this particular fact, Harry rode out her for a little bit longer. He popped and sent his load of cum into Illyana's ass.

The sorceress pumped his thick load into her. Every time his balls sized up, they fired an insane load into her ass. Illyana smiled when ascending and descending.

The two collapsed back on the desk, and Illyana regretfully pulled Harry's cock from her ass. She snapped her fingers to clean the cum from her and put herself in a black tank top and a pair of extremely tight spandex shorts.

"So, I understand naughty girls get detention," Illyana said. "I'll see you after school on Monday."

Illyana gave Harry a passionate kiss before walking out. Ass swaying all the way. She stopped at the door to look over her shoulder and flickered her tongue.

"We should make it all week, you learn your lesson," Harry said.

"Of course , sir," Illyana said. "You have authority over me, and you should reinforce that."
Illyana swayed her ass one more time before disappearing down the hallway.
Harry soaked up some sunrays, sitting back on the beach after a very long day. It had been rare for him to have downtime these days, but now, he had a chance to just kick back and hopefully not worry about having to perform daring feats of heroics.

"Finally relaxing and enjoying your vacation?"

Kidagakash Nedakh, Kida to most people, stepped over. The dark skinned woman might have been royalty, but she was not afraid to fight for what she believed in and would not be afraid to get down in the dirt.

"Yes, it seems like you should be enjoying one as well," Harry said. "Would you care to join me, Kida?"

"Of course," she said. She sauntered over and bent down.

Harry dressed in nothing other than a pair of swimming trunks so it showed his upper body. Every single muscle, every single ripple, every single swell of his toned body had been put on display. Kida had been up close and personal with that over the years.

He smiled, and Kida placed a hand on his thigh, before leaning in and meeting Harry for a kiss. She broke away for him and joined him. Her head rested on his shoulder as they enjoyed the serene beauty around them. Kida moved her hand slowly down him.

"Why don't I put some lotion on you?" Kida asked. "You wouldn't want to burn."

Harry decided not to let her in on the simple fact his skin had been immune to the harmful effects of overexposure to the sun given his heritage. He would be a fool to turn down a hot woman feeling him up.

"Turn over onto your front," Kida said.

Kida motioned for Harry to do so. She cupped her hand and squirted the lotion out. She smiled and placed her hands on the back of the young warrior's neck. She rubbed the lotion into Harry's neck and then down his back. She worked it into his back like a passage.

Harry could feel her soft hands manipulating every inch of his body. He leaned in, enjoying her hands all the way, and given by the little moan she let slip out, she enjoyed it just as much. She reached down and did the back of his legs, working down his inner thighs.

"I'm going to need to remove your trunks, so you can keep that all over tan," Kida said. She slowly eased her hand up through the left leg and skimmed his balls briefly.

"By all means," Harry said.

Kida removed said trunks and continued her application of lotion uninhibited. She stroked every inch of Harry's muscular flesh. Her hands slipped between his legs a little bit more. A hole
appeared in the lawn chair to allow Harry room to expand.

"Almost done, and you can flip over, and show me what else I have to work with," Kida said. She ran her finger up his ear and smiled. "Okay, flip over."

Kida slid back to allow Harry to flip over. The young man rolled over onto his back and Kida smiled when he saluted her. She cupped his inner thigh teasingly. Her nipples grew stiff underneath her thin blue top and she not wait for him.

"Just relax, baby," Kida said.

Kida crawled over on top of Harry. She straddled his hips. Harry reached behind her and encouraged her to move further up. She grinded against him, when applying the lotion to his face, and running down the front of her neck.

The exotic beauty trapped Harry's hardening rod between her. It flicked against her flat and toned stomach a few times. Kida sensually worked in the lotion on his shoulder and ran down his chest. She massaged him even more.

Kida dripped through her panties the more she felt him up. She could not wait to have him inside of her, but that would have to wait right now. All she could do was keep massaging and feeling up this flesh. She moved from chest to abs and really worked it in.

"All over remember," Kida said with mischief dripping from her voice.

"Yes, I remember," Harry informed her.

Her lubricated hands moved past Harry's abs to his pelvic region. She rubbed the lotion on him. Kida tickled the length and left droplets of lotion on him.

"Looks like I used too much," she said.

Kida licked her uncovered by lotion hand. She rubbed the hand against Harry and stroked his manhood to slip off the excessive bits of lotion. They had been removed in no time by her actions.

She moved down and finished off Harry, working her hands down his legs. Kida smiled when stroking up against his flesh, and the grin deepened the further she made her way up towards him.

"Now it's my turn."

Kida turned around and unclipped her top allowing it to fall to the ground. All Harry saw was her bare back. Harry walked when she slipped her bikini bottoms down her legs and showed an unrestricted view of her round, juicy ass.

The beautiful woman descended to her hands and knees, pressing her breasts against the chair. Harry summoned the bottle of lotion and cupped it in his hand. A squirt of lotion dripped in his hand. He started at the back of her neck and rubbed down her shoulder blades.

"Oh, you really know how to do this," Kida said. "It's been a long day, work out all of the tension in my muscles!"

Harry knew there would be some tension worked out in another way. In the meantime, Harry kept going to work on her beautiful, muscular, body, leaving pretty much no bit of her unattended to.

He reached a point he looked forward to. Harry rubbed the lotion into her ass and spanked her firm
bottom to really work it.

"Don't miss a spot," Kida encouraged him. "Get between my thighs as well."

Harry lathered up and started to rub between her thighs. Every time his fingers brushed closer towards her hole, Kida spread her legs a little bit more. She wanted him to delve inside of her.

Kida dropped down head first to bite the blanket on the lawn chair to prevent a scream from going through. She could feel Harry getting closer towards her central core. Every time Harry touched her, Kida enjoyed another spark deep inside her body.

Harry moved down the back of her legs and started to rub the soles of her feet and her toes. He knew how much a good foot massage turned her on.

Kida realized the moment she turned over, the dripping on the chair would be obvious. Harry rubbed the soles of her feet and it caused her to grind up against the chair.

"Turn over."

It was so nonchalantly Kida shivered. She turned over, without any shame.

Harry got a full view of the beautiful woman. Her platinum blonde hair was a nice contrast to her dark skin which shined bright. Her cheek bones defined royalty, with a cute nose, and juicy lips. She had a rather slender neck and toned arms when they can down. Her upper body was toned and showed how strong she was. A pair of breasts jutted out, with juicy caramel colored nipples.

He reached down and rubbed the lotion on the side of her neck before bending down and kissing her on the lips. Kida accepted the kiss with pleasure and pushed her hips up further to meet Harry. Harry shifted away so his cock was out of reach.

"In due time," Harry said.

Harry cupped the beautiful woman's breasts in his hand and started to squeeze them. He rubbed the lotion in and made sure to run his fingers over her firm nipples when massaging them. He looked at the pure look of enjoyment on Kida's face and saw she enjoyed what he was doing very much. Harry really had no choice other than to keep it up and keep doing what he was doing.

Kida thought she was going to die when he massaged her breasts and even more so, when he started to run his hands from them. He ran down her front and every inch he got closer towards her pussy was where more sexual fire just built in her body.

Harry admired her muscular body. Her navel looked particularly delicious, and Harry ran his finger down it all of the way, before moving down towards her central body.

Kida shifted and squirmed at the sensations. Harry really went to work on her inner thighs and made her explode into a shower of lust. Every time he skimmed the inside of her thigh, Kida thought she was going to lose her mind.

"Yes," Kida said. "Yes."

Harry brushed against her dripping lips before moving down to feel up her legs. Soon these legs would be wrapped around his waist, he had a feeling. He needed to move down and make sure her entire body was given over.

He spent a little more time massaging her feet. Kida continued to moan and thrash. She wanted a
huge piece of him and Harry would give her everything she wanted in due time.

The moment Harry finished, Kida sat up. She grabbed Harry and threw her arms around his neck before giving him a blistering kiss. The Atlantean pushed him back onto the chair.

"Foreplay's finished, I want your cock," Kida said.

Kida lined herself up for his manhood to be pushed deep into her. Harry lifted his hands up to steady her waist so she didn't slide off due to the lotion to cover both of them.

Her dark hips worked their way down onto Harry's engorged prick. Kida tilted her head back and gave a passionate moan when working hips down onto Harry's engorged cock. She pushed almost all the way up and brought herself down onto him again.

"Having fun?"

"I've wanted this cock in my all weekend," Kida said. "Finally, I have it, and I'm not going to let it go until I'm done."

Harry smiled when reaching up and cupping the face of the sexy warrior woman. She leaned down when riding him and the two of them kissed one more time. She traced patterns down the side of Harry's face and he did with hers.

"Hopefully you're not done before I am," Harry said.

Kida smiled and bent down to rub her nipples about Harry's body. She used her entire body to worship the stud beneath her. Harry slid deeper into her pussy. The two met hip to hip when connecting with each other.

Harry watched her pull back and breasts bounce up. They almost smacked him in the face. Kida's hair flew against her, untamed and wild, and that made her sexy. The warrior dripped with pleasure when driving her hips down onto him.

"Harder, right there," Kida breathed. Harry held onto her and pumped into her. She hit a pleasurable rush every time he entered her.

Harry made sure he drove his thick rod into her harder and faster. Every time their bodies joined, electricity shot through the air. Her wet pussy made this a rather pleasurable encounter, more so than he could every describe.

"So god damn hot," Harry said.

Kida smiled and continued to ascend and descend upon the engorged fuck rod of her lover. She wanted to take herself into him as far as his cock could go. It filled her up all of the way and never ceased to amaze her how good it was.

Harry reached up to worship her breasts. Kida enjoyed this more than anything and shoved more of her ample chest into Harry's waiting grip. He squeezed them orbs and she responded with a gasp of lust. More and more she brought her hips down onto him.

"I'm cumming," Kida said.

"Keep on doing it, then," Harry said.

Kida tightened around him and brought her juices down. The warm juices spilled down Harry
when she kept riding him over and over again. For a second, the orgasm winded her. A second wind followed and Kida just kept driving herself down.

The tight, warm sensation of a well placed orgasm allowed Harry to keep pushing himself deeper into her. Every thrust met he could drive himself into her wet pussy. He switched tactics and enjoyed other parts of her body. Her firm breasts, toned body, and long legs, not to mention her ass, all of them were subject to Harry's explanation.

Her dark skin coated in a nice sheen of sweat made her superhot. Kida kept working onto him and leaning down to plant a couple of kisses. She licked his lips and pushed further around him.

The warm pussy continued its descent around him. Harry could feel her ass slapping against him when driving down. It was only fitting Harry took a handful of her juicy globes and squeezed them.

"Your ass is nice," Harry said.

"Mmm, I bet you love squeezing it," Kida said, hazed over with so much lust it wasn't even funny.

"I prefer to be diverse in what I squeeze," Harry said. He switched his attentions to her breasts and teased them for a brief instant with a lick. "I find it keeps you on your toes, makes you wonder what's coming next."

"I'm sure," Kida said. Her entire body shook when coming down onto Harry pussy first. Every time she connected with him, it felt like fire spread through her legs.

"I know it works like that," Harry said. "And now, I think you're going to cum for me again."

On cue, the built up sexual energy within Kida had been released. She kept bouncing, breasts swaying up and down. Harry grabbed a handful of delicious flesh and squeezed them. This encouraged Kida to keep up with her descent and bring herself all the way down onto him.

"And I thought you wouldn't be finished this soon," Harry said.

Kida reached down, grabbing Harry and shoving his face in between her breasts. She made sure he sucked on and worshipped her breasts. This passionate play of control backfired on her when Harry suckled and licked her breasts, and made her whipper.

"By the Gods….oooh, he's so good!" Kida moaned. "I'm cumming so much, I can't even…..I can barely think."

Harry thought that was pretty much the idea. He drove her to a shuddering pile of cumming and cumming hard. She rose and fell onto him, but it got even slower, at least for a moment.

Kida realized she had been losing ground and would not have it. She sped up her motions, determined and ready to get Harry to cum inside of her.

"I'm not leaving here without your seed," Kida said. "And I'm going to have it."

Harry's response had been lost in the mouthful of breast he indulged himself in. Kida brought her hips up to create a lot of delightful wet friction between their sides. She bounced a bit higher and came down closer towards him. Harry reached behind her and squeezed her ample ass cheek to ensure she kept riding him with all of the pleasure she needed.

Kida thrilled herself with the prospect of receiving his potent seed buried deep inside of her womb. The dark haired woman sped up, the thought, the taboo notion of being knocked up here on the
Harry knew her continuous driving on him meant she wanted his seed in every way possible. He wouldn't deny her, not yet. He could have given her plenty of time to just mull this one over.

"Patience," Harry said.

Kida tightened the grip around his cock with her inner muscles. She growled and bent down to give him one of the more forceful kisses a woman ever did. Harry matched her forcefulness and it was a duel to overwhelm each other.

A trickle of cum spilled from between Kida's thighs. She kept rocking down upon Harry. All twelve inches of thick cock pushed deep inside of her and Kida rode him out.

Kida brought herself down onto him with rapid fire orgasms. She pulled away from him to give a scream to the heavens, to thank them for this blessing of manhood parting her walls. Nothing ever would feel as good inside of her again as Harry.

"I take it you're almost finished with my cock," Harry said.

"Just cum," Kida said. "Please, you know you want to, don't…torment me like this."

Her body bounced a little more, coated with sweat and more evidence of their intense love making on the beach on this warm and wet afternoon.

"Well, since you asked so nicely," Harry said. "I'll let you lead."

Kida realized how many of her orgasms had been stalled or backed up by Harry when every bit of pleasure from this afternoon hit her teen fold. She trashed and came down onto Harry, saturating him with every last drop of her pussy juices.

Harry thought it was now time to wrap this up and in the nicest way possible. The beauty rose up and brought herself down onto him.

He unleashed a flood into her. Thick white fluids spilled into Kida. Kida forced herself down onto him, bottoming out to ensure he would spill every last drop of cum into her. She gripped Harry by the face and gave him a sexually aggressive kiss which Harry returned.

Every storm subsided eventually, and the sexual wave crashing through their bodies had been finished. Harry pumped the last few doses of cum before Kida pulled away from him. She rolled over onto her back.

"So, are you coming to bed with me tonight, Harry?" Kida asked.

She spread her legs to show the cum dripping from between them and also wore a very inviting smile.

"If you think you'll be ready by them."

Kida only answered with one last kiss, smiling as she indulged herself in her high priest a little more.

End.
Fay Dunbar hated the week before exams with a passion. She received the highest possible marks for the exams, but this year, the teachers seemed intent to torture them. Sixth year exams had been crammed between OWL and NEWT level examinations and they seemed to be just a waste.

Her older sister remarked in the grand scheme of things, the OWLs and the NEWTs were really the only exams that mattered for future employment. Half of the students in her year planned to give a half arsed effort in the exams and save themselves for NEWT year.

Fay had two older sisters and both of them were the top of their chosen fields. One was a brilliant potions mistress and the other was a brilliant mistress of charms. Both of them had received the highest marks in their exams and it made Fay frustrated on these huge shoes she was going to have to fill. She tilted her head back, feeling the frustration course through her body.

"I think you might need a break before you throw your books into the fire."

Fay snapped up, and relaxed when she saw Harry standing there.

"I don't know how you do it, keep calm with exams, and everything else going on in your life," Fay said.

"Practice, plenty of practice," Harry informed her. He held a bag in his hand. "I come bearing pastries."

"Chocolate?" Fay asked, sound rather excited about the prospect. Harry answered with a nod. "I love you."

She took the treat, thinking a good snack would keep her level. Chocolate had certain effects on witches who were under immense amounts of stress and pleasure.

"You love me so much you almost took my hand off to get the pastry," Harry said.

"Oh, don't worry, I'll make it up to you later," Fay said. "So, anyway, how have your….lessons with Dumbledore been going?"

"Haven't had one for a long time," Harry said.

"One would think he would be able to teach you amazing magic, Dumbledore is the type who has forgotten more than most people remember," Fay said. She slowly at the pastry, and licked the cream from her lips.

She had been sparked with another idea, having cream of a different type on her mouth.

Harry watched his girlfriend eat the chocolate and she was slowly savoring each moment. Much to his surprise, Fay worked open a button.

"You'd think they would be able to figure out better temperature regulation spells than this," Fay said. She frowned when looking towards Harry. "Maybe I should write to Kayla, ask her if she
could get on that….of course that job is not nearly as glamorous as they thought."

"Well, she has to deal with the Ministry regulations, doesn't she?" Harry asked.

"Mmm, yep…and they haven't really changed," Fay said. She shook her head and smiled. "Maybe when we're both Aurors, we can lead the change, or something. Or be buried to death underneath paperwork."

"I'm guessing the second one is more likely, unfortunately," Harry told her.

"Yep," Fay said. "I know I'm supposed to be on a diet….but can I have another one?"

"Well, you're just going to have to work off all of those added calories," Harry said.

"Oooh, don't worry, I intend to," Fay said. "It's really hot in there…..I think when they added all of the security spells for Riddle and his Death Eaters…it really messed up with the temp regulations."

"I don't know, it's possible they did," Harry said.

Fay started to unbutton her top further, and showed a slight hint of a lacy black bra underneath her top. She stopped before sliding the top down her shoulders.

"You don't mind, do you?" Fay asked. Harry shook his head. "You've seen them plenty of times, so I figured you wouldn't."

Harry smiled and watched his girlfriend's bra clad breasts revealed to him and toned stomach. Despite having a healthy appetite, she did have a pretty high metabolism, even though for a witch. She flipped her black hair out of her face.

"I just hope you can get through this year….without any trouble," Fay said. She looked at Harry who looked pretty amused to be honest. "But it's….whoops!"

The chocolate treat slipped out of Fay's hand and flew onto Harry's lab. Fay reached down and pulled the treat off of his pants, frowning when looking it over.

"Oh, damn, I'm really sorry, it's….I'm such a klutz sometimes," Fay said. She tried to rub the stain off of his pants.

Harry groaned when Fay rubbed his crotch through his pants in an attempt to get it clean. All she did was cause Harry's pants to become even more restricted and stretching against it.

"I think you're making it worse," Harry answered her.

Fay shook her head. She was going to have to get his pants off of course. She reached in and unbuckled the pants. It was a struggle to get the pants off and pulled them down to his ankles. The dark haired witch frowned.

"It stained to the other side….well, I'm going to have to take the boxers as well," Fay said. She pulled the boxers down and Harry's cock sprung out. It was stiff and erect and she stopped.

"Look what you did now," Harry said.

"It's….that's my fault," Fay said. She eyed her boyfriend's stiff cock. No matter how many times she saw it up close and personal, it caused her to grow aflutter. "I need to help you, don't I?"

"Yes, help me as much as you want to," Harry said.
"I'm always able to help you, Harry, I'll be here for you," Fay said. She squeezed Harry and ran her hand down him. "I bet you always enjoy my help, my nice, warm, wet kind of help."

Fay wrapped her lips around Harry's thick rod and hummed when driving her mouth down onto him. She clutched his balls when rising up and down with a couple of heavy pushes. The cock pushed further into the back of her throat.

Harry unclipped Fay's hair and caused her long hair to fly out and smack him across the keys. He ran his fingers down her beautiful hair and allowed her to keep sucking on him.

Fay worked about all of Harry's thick prick she could between her lips and down her throat. She burned with passion, stroking the part of it she could not get in his mouth. Fay fondled his balls as well and gave them a nice little squeeze.

The sucking continued for a very long time. Harry enjoyed the warmth of Fay when she brought her mouth further down onto him. The sucking continued in passionate circles around him, and worked Harry to a frenzy.

"You're going to make a bigger mess now," Harry said.

Fay did not really bother to answer his question. She instead picked up the pace and swirled her tongue against the length. Every time she encircled him, she sensed the end would be now.

Harry grunted after a long time of immense sucking. He shot a sticky load into the back of Fay's throat. His balls drained when she continued to suck her.

"That was a good chaser for the dessert," Fay said.

Fay pulled herself up and turned around to push the books out of the way. The moment she turned around, she performed a very subtle charm to cause her skirt to ride up a little bit. Her panties, stretched about the area of her ample ass showed towards Harry.

Harry came back to life very soon after being sucked off. He approached her and took charge by grabbing Fay's panties and pulled them down.

"Oh, I really love how forceful she can get."

Harry jammed his fingers into her dripping cunt and bent down to whisper in her ear. "I like how wet you can get…but I bet you're going to get wetter."

Harry bent Fay over the table and stroked the inside of her pussy with a few long and powerful thrusts. His fingers pushed into her depth. He added a second and a third.

Fay threw her head back and screamed to the heavens. Harry really knew how to manipulate a pussy and make a girl feel simply amazing. His fingers delved deeper into her with multiple slick thrusts.

"Right there, right there….."

"So, are you relieving all that exam tension now?" Harry asked.

Fay nodded and lost Harry's fingers inside of her. The girl whined at the loss of something amazing, but something more so had been replaced. Harry danced his tongue over the edge of her gates.
Harry swiped his tongue against the dripping slit and took the honey as much as he could. Fay dripped for him and he had her right where he wanted to. His hungry swipes of his tongue continued to reach further into her.

"Morgana!" Fay moaned at the top of her lungs. "That's…the perfect spot, right there."

Harry only responded by licking out her insides and making her feel all of the wonderful things that drove a witch wild. The pleasure of her body being pushed to the limits resulted in Fay's knees shaking. Fortunately, Harry grabbed onto the back of them and ran his hands up. He grabbed her ass while eating out her pussy.

Every time Harry tasted this beautiful womanhood, it made him throb hard. He knew how tight her pussy was and could not wait to hear her scream and beg for his cock when pounding onto it.

"Mmm, yes, baby," Fay yelled. "This is….very good….you really know how to use that tongue….yes…that's the spot, right there….keep it up….please don't stop."

Fay held onto the table and gave another passionate moan. Harry pumped his tongue deeper between her legs and ensured she was screaming. He led her through another series of orgasms, with different variation. Sometimes he used Parseltongue, and sometimes he utilized standard pussy licking without all of the bells and whistles.

Harry had Fay right where he wanted to and he dragged her over the edge. He continued to go down on her.

Fay never thought this day would come, and each time, she thanked all of her lucky stars that Harry Potter was eating her pussy, and it was like a dream come true.

The moment it ended, she almost collapsed on the table. Harry turned her around and dragged her off. Harry collapsed down on the chair.

"You're nice and wet, and you've made me hard again," Harry said. "What are you going to do about that?"

Fay launched herself onto Harry, and gave her lover a sloppy French kiss. Salvia intermingled with the two of them. Fay continued the exploration of her lover, running her fingers through his hair and sucking on the side of his neck. She moved down to stroke the back of his neck.

Harry reached down to stroke Fay's hair as well and go down her sensual body. She was curvy and fit in all of those amazing places. Her hips fit nicely into his hands and he gave them a squeeze which caused her pussy juices to drip on his stomach.

He calmly scrapped them off, with his cock brushing against her briefly. He offered Fay a treat and she took it, sucking him clean of her pussy juices.

"I have to fuck you," Fay said. "I want to ride you until I pass out."

"That sounds like a good way for you to sleep soundly," Harry said.

Fay nodded and wrapped her legs around Harry. She almost wobbled back. Harry caught her and positioned her above his engorged prick. It stood up, taunting her, tempting her. Fay needed it within her, there was no question how deep she wanted to drive herself upon this pole.

"When you're ready."
Fay pushed herself down onto him. The first few inches sent pleasure through her loins. There was much more to come and Fay tried to push herself to the limits.

"Is it just me?" Fay asked. She panted when bouncing up and down on her boyfriend's engorged prick. "Or does it seem to get bigger every time I take it in me."

"Hmm, it's only as big as you want it to be."

Fay breathed heavily when she pondered that question. Harry made sure to hold her close into him. His muscular body pushed against hers. The two kept themselves in pretty good shape and it wasn't due to their fairly regular cardio workouts.

Harry made sure to take a nice little handful of the lovely Ms. Dunbar's ass when she ascended on him and descended on him. Every time she pushed her hot hips around him, he entered warm heated bliss.

"Feel all of the frustration you've felt, and channel it into one amazing orgasm," Harry said.

"I can be very frustrated during exams," Fay said.

Fay plunged down onto Harry. The throbbing hard rod continued to fill her. Harry really drove her wild by sucking on her ear and the side of her neck. Running a finger down the small of her back when they fucked also got Fay's motor revving.

"Well, channel all that frustration," Harry said. "Just channel it all, right onto my cock, and release it into one glorious climax."

Fay nodded, biting down with a moan. Harry made sure she kept up the pace. His hands touched different points on her back and also her front as well. They moved to attack her breasts. Fay threw back her head with another spectacular moan. Every time Harry touched her, it was like unbridled passion just shot through her body.

"I'm really feeling it now," Fay said. "I'm feeling how good your thick cock feels when you drive it into my tight pussy.....I don't think I'll ever get enough of this."

"I don't think you ever will," Harry informed her. He kissed the side of her neck. "Just relax and release all of your tensions. Just take it all in and feel the pleasure."

Fay agreed, feeling more pleasure than ever before. From her head to her toe, everything tingled. She drove down onto Harry even harder. The sixteen, almost seventeen year old witch, brought herself further down onto Harry.

Harry groaned. The tightness of this hot witches pussy lead to an even more intense throbbing within him, and he could only just hold back so much before it could come.

Each and every orgasm brought unprecedented warmth around his aching rod. Fay drove herself onto his cock, driving all thoughts of exams out of her mind. He reached to toy and tempt her breasts. The nipples brushing underneath his fingers resulted in more moans. Harry kept up the passionate play and encouraged her to ride it on through.

"You are so close, just a little bit further," Harry informed her.

Fay threw her head back with a moan. She just loved where Harry put his hand on her breast at that angle. She slapped down, wet thighs coating Harry's length. The two fused together in the age old passion of love.
"Yes, so close," Fay said. "I want all of your cum in me."

"Dreams do come true," Harry said.

Harry pushed further into her. Fay summoned all of the energy she had sustained, and drove down onto Harry. She would have him, fully and completely, it was going to end. Harry buried his face in her breasts and brought her up even more intensely.

The girl above him was about ready to break. Harry drove himself into her, balls deep into her pussy. The witch came down onto him from her eye and screamed again.

Fay clenched down on Harry, hard, and this proved to be the driving force. Harry slammed deep into her and caught her with a flood of hot seed spilling into her. He injected more cum into her than Fay knew what to do with her.

So much cum flooded her, Fay thought she was going to burst. It did splash out of her when she moved and tried to push more into her already overstuffed pussy. Harry always had given off an obscene amount of seed and never was truly drained.

Harry stopped and smiled. Fay pulled off of him and turned around, pressed against Harry, smiling.

"Do you want me to carry you up to your room?" Harry asked.

"Depends, do you want to go sliding?" Fay asked.

"Oh, well there are ways around that," Harry said.

"You've figured out a way to get around that charm?" Fay asked. She got wet at her brilliant boyfriend outsmarting the Hogwarts founders. "Finally, you can sneak into my room and fuck me senseless."

Harry had to say his girlfriend had her priorities in order.

End Chapter.
Annabeth Chase ventured into the pavilion and took a deep breath. The island was an extremely beautiful place, but the temple was one of the more amazing places she ever had the pleasure of seeing. She could hardly wait to get a greater tour around the area.

The blonde girl tied her hair back and wore a black tank top over her ample chest. A pair of black shorts came down to show her long legs. She walked around completely bare foot. Annabeth walked over towards the statue and smiled.

"Pretty good likeness I'd have to say. Although they got the nose off center."

Annabeth turned around and came face to face with the one and only Harry Potter. He dressed in a pair of silky trunks and didn't wear a short. Annabeth didn't have much to undress with her eyes. She absorbed his tanned, toned body, with muscular chest, arms, and legs. Every single inch of Harry just rendered Annabeth completely breathless. She stepped closer towards him.

"It's not perfect," Annabeth said. "Mother told me you wanted to meet me here."

"Your mother told me the same thing about you," Harry said. "And I think we both know the reason why you should be here right now."

Annabeth was the daughter of Athena, so naturally she had a fair amount of wits about herself. She crossed the room and placed a hand on Harry's shoulder and smiled.

"This is a place of worship," Annabeth said. "And many women consider you to be a god. Greater than most gods in fact."

"Much to the chagrin of many gods, I'm more sought after," Harry said.

"Well, to be fair, you have divine lineage running through your veins," Annabeth said. "And when Aphrodite picked you as her chosen herald, it wouldn't be too long before the women flocked to you. Let's be honest, who wouldn't want a piece of you?"

Annabeth closed the gap between the two of them with a passionate kiss. It had been something she had meant to do for a long time. Circumstances and stubbornness both prevented her from doing so. Harry wrapped a tight arm around her and pulled her closer towards her.

"Any woman who resists this is beyond hope," Annabeth said. "Or I guess one hundred percent lesbian."

She raked her nails down Harry and worked a hand down his shorts. Annabeth gripped his tool and began to pump it. She leaned closer towards her and stroked him. The two met together with a very passionate kiss with each other.

"I'm going to have to need more room," Annabeth said.

"Well, you know what to do," Harry said.
Annabeth educated herself well on what to do next, although she was excited to put this into a practical endeavor. She tugged down Harry and exposed his cock for her. She eyed the handsome piece of meat with a lick of her lips.

"We're going to enjoy this, I think."

Annabeth punctuated these words by sliding her hand all the way down his tool. She stroked him long and hard. Harry noticed from one look at Annabeth, the demi-god didn't wear any bra underneath her top. Her nipples stuck out for him and started to look transparent.

"You're cock is so big," Annabeth said. "I'm going to need to use both of my hands to properly service such a divine rod."

Annabeth wrapped her right hand around the base and used her left hand to stroke the head. Her soft, tight grip made Harry buck forward a little bit into her hands.

"This is a place of worship," Harry said. "And you should be down on your knees when servicing me."

Annabeth smirked and dropped down her knees. The Daughter of Athena rubbed his manhood which lengthened in her hands. She could hardly believe how thick and hard Harry just grew in her hands.

"Why don't you suck on it?" Harry asked. "I can see it in your eyes. You want to suck my big cock, don't you, baby?"

"Oh, yes, I want to suck your big, godly cock," Annabeth said. She smiled and licked her lips.

Her hands dropped from Harry. The large rod sprung in the air and almost smacked Annabeth in the chin. She smiled and rubbed the head against her soft face before rolling it over. She encircled the base with a couple of licks. Annabeth stroked his length while licking the head.

Harry found himself entering a state of bliss. Annabeth dragged her tongue along the huge vein, making sure to give Harry the fullest, most amazing service job. She looked either to pleasure.

Annabeth slid down to his balls and squeezed them as hard as possible.

Annabeth took the tip in between her lips and sucked him extremely hard. She brought her tongue down around Harry and encircled his cock even more, working another couple of inches into her mouth. She took the part of him she could not shove in her mouth and stroked it with her hand.

The demi-god descended to her knees and worshipped Harry. A hungry series of sucks escalated with Annabeth trying to blow Harry for everything he was worth and to her, he was worth a whole lot. She placed her free hand between her legs and started to rub through her shorts.

'Good thing I'm not wearing panties,' she thought, a naughty sparkle in her eyes.

"I'm going to blow if you're not careful," Harry said.

Annabeth re-doubled her efforts. She needed Harry to fire a warm sticky load down her throat. Annabeth slurped his manhood and tasted the first few trickles of pre-cum spilling from his cock head. All she could do was keeping it up and keep sucking.

Harry grabbed her ponytail and shoved more of his cock into her mouth. Annabeth moved to his balls and cradled them. Her silky fingers coaxed the thick cum from his balls and sent it shooting down his cock, with it's final destination being through the back of her throat.
Annabeth made certain to get her money's worth when she drained Harry's balls of her fluids. She stroked them and coaxed every single last drop of cum.

"This can get highly addictive," Annabeth said.

Her entire body burned up and she knew the only cure was to get those clothes off. She wiggled the tank top over her head and freed her ample bust into the wall.

"And you've brought me a gift," Harry said. He grabbed one of Annabeth's breasts and squeezed it. "How nice of you to pay tribute?"

Annabeth tried to remove her shorts with shaking hands. It was hard to keep calm when Harry worked a breast with his hands and a second breast with his mouth. His skilled mouth and hands brought Annabeth into fits of pleasure. He had one hand freed and it traveled closer down to between her legs. Annabeth almost lost herself in pleasure when Harry worked her shorts down from this position.

"By the Gods!" she moaned.

Harry brought her shorts down to expose Annabeth's dripping, freshly shaven cunt. He ran his finger down her clit and slowly brought her to passionate pleas.

Annabeth leaned back against one of the pedestals to ensure she did not fall back. Harry rubbed her pussy and clit, making her feel so good.

Harry detached from her breast and started to plant kisses all over Annabeth's warm body. He pushed her back onto the pedestal and smiled when moving down past her stomach.

"Don't say I never put a woman on a pedestal," Harry told her.

Annabeth only could respond with a groan and she spread her legs. Harry paid tribute to her sex. Every moment his lips lingered made more sparks spread through her. Annabeth had been driven beyond the pale into pure sexual bliss and madness.

"Eat me," Annabeth said.

Harry teased her with a lick. He timed the licks to be few and far between at first. He gained a tad bit more momentum and encircled her pussy with a couple more swirls of the tongue. Annabeth lifted her hips and ensured Harry would bury his tongue into her this time. She clutched the back of his head.

"Yes, right there, that's the spot!" Annabeth cheered. "Don't…don't give up….just eat my fucking wet pussy!"

Harry smiled and edged closer down between Annabeth's dripping hot thighs. He knew what he wanted and he knew exactly how to get it. Annabeth held onto the back of the young man's head and encouraged him to go down deeper into her.

His tongue serviced her better than any toy. The vibrations spread through her body. Annabeth continuously moved her hips up and down to receive Harry. She came here to worship him, and he paid tribute to her.

Harry worked his way into one of the wonders of the world, divine pussy. Annabeth would not start squirming and in a few seconds, she would start squirting. Harry ate her out, making sure her pussy would be warmed up for the main event.
Annabeth almost blacked out from the amazing orgasm. She willed herself back to a state of consciousness in order to receive more of this goodness. Harry went down between her legs and continuously ate her pussy.

Harry pushed himself deeper into her. He could indulge in her pussy all day long. The taste and the scent hardened Harry and made him want to do nothing other than pin her down onto the table and fuck her until she was cross-eyed. The very thought of it just made Harry throb a little bit.

He released Annabeth and leaned down towards her. His body pressed against hers. Those beautiful pillows pressed against his muscular chest. Harry leaned down and planted a kiss on the side of her neck while pushing at the pulse point.

Annabeth held onto Harry. He marked her neck for himself, for all of eternity. Annabeth could feel his cock dancing against her inner walls. It was pretty close towards her. Harry pulled away from her and she whined.

"Not yet," Harry said. He crawled up her body. "I have some tension your sweet pussy can relieve, but I think it would be much better."

Harry massaged Annabeth's beautiful breasts. She panted when Harry kept squeezing them.

"You have the endowment of a goddess," Harry said. He continued to play with them and make them him. He pointed his cock closer towards her. "And you know my endowment speaks for itself, wouldn't you agree?"

"YES!" Annabeth screamed. "Just fuck them, do whatever you want with them."

Harry straddled Annabeth and slid the point of his cock between her round breasts. He slid between them and experienced a very glorious feeling of warmth. His throbbing manhood worked between her nice breasts with a few thrusts.

Annabeth closed her eyes and could feel his cock rubbing against her. The tip came out and dribbled onto her face. Annabeth licked her face and encouraged him to keep going forward. Every time he spiked into her breasts, it was really good.

"This is so amazing," Annabeth panted.

"I can tell, you're so wet I think you can bring life to a desert," Harry said.

Harry took a couple of thrusts into her. Annabeth clamped her large breasts around him and squeezed his prick. She wondered how her breasts would look covered in cum.

Annabeth thanked everyone who would listen for this gift. Every moment Harry shoved into her, those balls slapped against the bottom of her breasts when his cock went in. She leaned up and licked around the head.

The pleasure rolled up Harry from the base all the way to the tip. All he could do was keep up what he was doing. He would explode given enough time and effort. He pushed further between Annabeth's ample cleavage and continued thrusting deep in between her womanly orbs.

"Fuck, so good, so fucking amazing!" Annabeth cheered at the top of her lungs.

"I'm sure it's amazing," Harry informed her. "And what you're going to get now is even better."

A shower coated Annabeth's chest with white spunk. Her body twitched the more Harry fired his
thick, divine seed all over her body. He had a never ending supply, and Annabeth only just squeezed her fun bags together to ensure more would spill out.

The emptying of Harry's balls finished up. Annabeth sat up to allow the cum to roll off of her chest. She raised one of her feet and placed it on Harry's lap.

Harry had been bombarded with the duel effect of watching Annabeth feed off of his cum when it drained from her tits. She ran her foot down Harry's hard length with long strokes. She made eye contact with him and made sure his cock was really hardened.

She finished cleaning off her breasts. Nipples throbbed with want when she dragged herself over towards Harry. Annabeth moved closer towards her lover and pushed her hips against Harry when climbing on top of him. They were hip to hip, almost pushed together. Annabeth smiled and approached Harry with so much hunger dancing through her eyes.

"Now, it's time," Annabeth said. "You wouldn't want to disappoint me after I've come all this way."

"You'll be leaving with everything you wanted, and then more."

Annabeth rose up and sank down onto Harry. Her tight love box wrapped around Harry's mighty rod, when rising and lowering on him. Her breasts remained eye level with Harry when she descended and rose teasingly out of sight.

The warmth of such a divine and tight pussy resulted in Harry groaning. He reached up and started to pinch her hardened nipples. It was such a nice target it would be almost rude not to. Annabeth responded with a breathy moan and continued her riding towards him.

"It's everything I've ever wanted," Annabeth said.

She spread as far as could go and took an ample amount into her. Every inch of her body burned up and an orgasm threatened to burst out at any moment. Harry did not help her, working her breasts with a couple of nice squeezes.

Annabeth picked up a steadier pace with a couple of raises and descents, putting her walls against his massive cock. She panted when pushing up and down on him.

"Everything you've ever needed, isn't it?" Harry asked.

Annabeth responded with a nod, biting down on the young man's neck. She kept pushing down onto him with a few long thrusts. Her tits swayed when bouncing higher and higher. The orgasm hitting her made Annabeth scream out in pure bliss, there was really nothing better than this, nothing better that she could think of at least. She hung onto the back of Harry's neck and worked all the way down.

The warm pussy sliding up and down on him made Harry fully aware he would lose it sooner rather than later. He had a couple more tricks up his sleeve. A nice working down of her legs made Annabeth squirm and squirt against him. She slid down to him with greater ease.

Panting increased through the demi-god when she sped up her actions. The long cock speared into her body when rising and falling. The thickness of Harry's manhood penetrated her insides.

"Just wait, you haven't felt anything yet."

Annabeth became both excited and scared at the same time because of these words. Her entire body rushed to meet Harry. She bounced higher and higher. The next orgasm rattled her body. A
third orgasm in such a short time made her clutch onto Harry.

Molten passion spread from Annabeth’s love box. He had her dripping wet now and Harry pushed himself as far into her. He held back what was going to fire out from his thick balls. He just kept thrusting up into her, reaching a passionate series of thrusts into her.

It just kept going on and on with Annabeth racking with a constant chain of orgasms. It turned into an infinite loop with no real end in sight. It was how she wanted it. It was how she desired it and needed it as well. She bucked down onto Harry.

Everything rolled to a high point. Harry touched all of the places which brought even more fire through her. Annabeth rammed down onto her.

"It's always the brainy ones who turned into sex crazed maniacs," Harry said.

Annabeth was about to argue against this point, but her mind had been so muddled. So much pleasure should be against the law. All she could do was keep riding Harry until her thighs were raw and her pussy ached. Any thought of removing herself from Harry's mighty fuck rod made her body protest.

"Just so close," Harry informed her.

Annabeth tightened her squeeze and ensured she would keep riding. Another climatic finish made things even more sticky and sweaty. Her nerve endings sang with pleasure and wanted even more. Annabeth pushed closer down his rod.

"Really close now."

"For me…or for you," she managed.

The answer had been given. Annabeth brought herself down onto Harry. Her body warmed up and started to gush. She continued to ride out of instinct and out of how good this made her feel.

Harry relished the feeling of being balls deep in her. Said balls threatened to give out. Harry pushed deeper into her one more time, before giving up.

"Now, my turn."

Annabeth anticipated the huge load which spilled into her body. It was the greatest gift. His cum tasted wonderful. The addiction spread from her mouth all the way to her pussy. She tightened her hips around him.

"Don't you dare pull out," she said.

"Wouldn't dream of it."

Harry picked up a steadier pace and sent the first warm blast into her. Annabeth clamped on him. The force of which he came into her triggered an orgasm which hugged his injecting rod.

The two perfect bodies pulled together when their orgasms continued. Annabeth rode out Harry's and her own before injecting into her.

The daughter of Athena took a deep breath and slid off of him. She had been fucked brainless and yet still felt as horny as fuck.

"The only cure is for me to shag you into a coma," Harry said.
Annabeth rubbed her tender lips where his cock penetrated and would have to agree. No wonder the goddesses favored him. She had been pounded raw and she still wanted more.

"Take me anyway you want, great one."

Harry did.

End.

Harry returned home after a very long day. After the day he had, needless to say he was very glad to have returned home. And the first sight greeting him on the other side of the door only increased Harry's desire to be home. He saw her from across the hallway and smiled.

One of his divine wives, Hestia, walked around the kitchen, and wore nothing other than an apron and high heel shoes which she balanced on. Her flaming red hair clipped back into a ponytail. Her beautiful face could been seen, with her brown eyes, delicate cheek bones, and ruby red lips. The apron tied behind her neck and when she bent down, her cleavage could be seen. One of her nipples stuck out from behind the apron.

The apron came down to just a few inches away from her womanhood. It was obvious from how the apron flipped when moving she didn't wear anything underneath the apron. Her legs looked like sculpted brilliance when moving around.

The Goddess of the Hearth and Home turned around and smiled when seeing Harry.

"Hello, honey," Hestia said. "Why don't you take a seat, and I'll be ready for you in a minute?"

Harry did just that. He watched his wife move around and put the finishing touches on dinner. She moved towards him.

"It will be ready in a few more minutes," Hestia said. She moved closer towards him and threw off her heels. She climbed onto the couch next to him and propped her feet up onto his laps. "So, how was your day?"

"Very busy," Harry said.

"A long day of being a hero," Hestia said. "So, did you deflower any maidens today?"

"A couple," Harry said.

"Good," Hestia said. She ran her fingers down the back of Harry's neck and started to massage him. "You've had a long day, haven't you? With a lot of tension....oooh dinner is ready."

Harry made a move to help her. Hestia held up one hand and put the other on her hips. She frowned when looking at Harry.

"No, I'll do it," Hestia said. "You've had a long day, and it's my job to make sure the house is in order for you and our other wives."

Hestia sauntered over towards the stove. She did not bother to pull down the back of her apron which rode up. Harry took a long look at her round ass which flashed. It was so beautiful, so well formed. Harry imagined walking over and bending her over the counter.

Nothing stopping him right away, but the distraction of food delayed Harry from slamming his goddess wife against the counter to fuck her cross eyed. She sauntered over, a plate of food on.
Hestia balanced the plate, and picked up a piece of steak before dipping it in the sauce.

"Here you go, love, enjoy," Hestia said.

She fed her husband the pieces of meat one by one. Her hand trailed down, and started to give a few slight brushes to another piece of meat located underneath Harry's trousers.

Despite the good tasting food, which Hestia fed herself a few pieces along with Harry, he was fully aware of his wife easing down his pants and starting to toy with his hardening member. Hestia bent over.

"You got something on your chin," Hestia said. She wiped the sauce from Harry's mouth. She licked her fingers clean, locking eyes with Harry.

"Hestia," Harry said.

"Nothing wrong with my dinner, is there?" Hestia asked.

"No, of course not," Harry said. "It's the best, like it always is."

Hestia smiled and she slowly took her free hand to unbutton Harry's shirt.

"You look like you need a good massage," Hestia said. "After a long day of slaying monsters, saving cities, and deflowering women, it's time for you to relax. And it's my duty to make sure you get that tension released."

Her warm hands rubbed circles around his shoulder. The heat generating from her body into his made Harry feel really good. Hestia kept rubbing her hands up and down, moving closer down the small of his back.

"Why don't we do the front?" Hestia asked.

"That would be fair."

Hestia ran her hands further down Harry's chest. She rubbed more circles down his chest, reaching closer. Hestia could feel what she sought, but must not go there yet. She did remove his pants to get full access to his legs.

Harry groaned. Hestia's hands played with all of those wonderful spots. The goddess knew how to hit all of the pleasure points. His boxers became really tightened and he wondered if the fabric was going to rip through.

"Oh, that looks uncomfortable," Hestia said. "Why don't you let your wife take control?"

She took Harry's boxers and tugged them off. He lifted his legs and smacked her in the face with his lengthened prick. Hestia pulled his boxers all the way up.

"All of the tension in your body has moved from here," Hestia said. She wrapped a hand around Harry and started to rub him. "We need to get this out. This much tension is not healthy, especially from someone this powerful."

The heat from her hand made the handjob extremely pleasurable. Every four or five pumps, Hestia leaned down and swirled her tongue all around the head. She licked him while stroking him. The combined sensations thrilled Harry and he lifted his hips to get her further pleasure.

Harry breathed in and then out before following it. Hestia continued to jerk him off. The lust boiled
through his body the more the goddess worked him over. The warmth coming from her body, along with the scents of warm honey coming her body made Harry lift him off.

Hestia continued to work Harry's tension out. It had been a couple of days since had the time to properly play with her husband. The goddess gripped him tight and pumped him.

"Damn!" Harry groaned.

"I hope you're feeling better," Hestia said. "I hope I'm doing my job. I hope you like your hot wife giving you a handjob."

Hestia stuck her tongue out no sooner than Harry launched into her face. She caught some of the sticky seed onto her tongue. Harry fired out of her. Hestia didn't relax the grip, she just kept jerking Harry and making sure he unloaded completely out her.

Harry groaned when Hestia sped up to get all of the cum out of her. One of her warm hands cupped him while the other jerked them. It caused his warm sticky seed to fire all over her tongue, lips, and cheeks. She looked so beautiful wearing his seed as facepaint.

"Now you've got me all tense," Hestia said. "And horny…..and…"

The apron burned from Hestia's body. The ashes fell to the floor and revealed her inhibited body. Her creamy, toned frame stood out in front of Harry. Her nipples stuck out, erected, and begging to suck, and Harry pushed his eyes down to her navel which glowed with a warm heat and dripped in delicious sweat. Her bare, dripping sex dripped for him.

Harry rose to his feet and grabbed Hestia. Her pussy was pretty hot and he jammed his finger inside there. He leaned in and kissed Hestia on the side of her neck. The warm sweat coating her skin tasted really good, like honey. Her walls contracted around him when Harry kissed her. He pumped into her, the heat pumping through her body.

"OOOOH!" Hestia screamed at the top of her lungs.

He slowly backed her off against the counter. Hestia knew what was coming next, actually she was one to think of it. Her hips jerked up when Harry made quick work. He slowed down at the peak and drew out the last few minutes of the orgasm. He brought her to a second and to third, taking her down to the counter.

Harry pulled away from Hestia. He took one look at her body, coated with sweat. Her nipples stuck out, pointy and proud. Harry pulled his fingers from her and took in the scent. Her drippings tasted of Ambrosia. He licked his digits clean one at a atime.

Hestia breathed heavily, when Harry leaned down and started to kiss her. Every time his kiss caught her, her body flared with a powerful wave of energy. He kissed all the way down and got closer towards her center. Her level of pleasure surprised even her.

Harry smiled and knew what Hestia wanted. He would give it to her given the right time. He teased her inner thighs with his fingers while kissing her warm belly button. He licked the delicious sweat off of her body. Hestia lifted her hips off of the counter, and spread her legs, hoping Harry would take the plunge.

He licked down from her belly button all the way down on her dripping slit. The warm fluids pumping from between her legs only prompted Harry to drive his tongue further into her. He kissed and sucked her dripping slit.
"OOOOH!" Hestia moaned at the top of her lungs.

Harry only continued to go down on her with a couple more licks. He had her right where he wanted her. The pleasure continued to increase the further Harry went down on her.

Hestia breathed in and out. She reached up to cup a breast and give it a squeeze. The goddess saved herself for years for the right man and there was no question about it how Harry was the right man.

"I can't take it anymore!" Hestia cried. "I'm burning up inside. If I don't have your cock soon, I'm going to go crazy!"

Harry smiled and held himself closer towards her. His cock head touched her lips and came closer to parting her. Hestia spread herself a fraction of an inch.

"We wouldn't want that, would we?" Harry asked her.

"No, we don't want that!" Hestia begged him. She parted another half of an inch to take him inside her. "Please, I'm begging you, take me! I can't….I can't stand waiting anymore!"

Harry pushed his throbbing head into Hestia. She spread further towards him and moaned. Harry's hands working their magic on every part of her body made her even hotter. His finger brushing against the crack of her knee resulted in her hips shoving up to take more of him.

"I can tell," Harry said. "You're hot enough to burn Olympus."

Hestia would take this as a compliment. Harry eased deeper into her. She pushed her legs up to take Harry into her. She locked her heels on his backside and pushed him into her.

Harry pushed himself in the obscenely tight and hot goddess. He held her hips and started to slowly rock into her body. Hestia pushed her fingers into the back of Harry's neck and breathed hotly into his ear. Harry returned fire, in every sense of the word by rising up and out of her. He plunged into her depths with a couple of long thrusts.

"Right there!"

Harry complied with her. He made sure to drive deep down into her far enough to make her cry out in lust. Hestia reached up to grab Harry and encourage him to keep going into her.

He slowed down just enough to cause Hestia to dig her burning fingers into the back of his neck. Harry wanted to make her work for this first orgasm, the first of many. He took his hand and slowly formed patterns down her. He spent time encircling her hardened nipple with his finger, and then with his mouth.

Hestia pushed more of her breast into Harry's mouth. She made sure to lock a hand on the back of Harry's head. She calmed herself down not enough to burn his hair off. It would be a bit of a mood killer, if he could grow it back in seconds.

The thrusts grew faster. Hestia put her lips towards Harry's ear and playfully tongued the inside of his ear.

"Harry, please, make me feel so good!" Hestia yelled.

Harry intended to make her feel good. The scorching slit brought hot, sticky liquids out of her. She was dripping and nearing her first big orgasm. And Harry had no mistake about it, it was going to be a big one. He made sure to slowly push in, pull out, and push back in. His balls pushed against
Hestia's cunt every time.

Hestia bent her back to take more of him. Harry's free hand reached underneath her body, between the gap of the counter and her. He played with the small of her back and made her shiver. Harry reached down and took a handful of her ass to squeeze it.

Those sensations resulted in Hestia having a bit of a break. Harry took her to the edge, and a little bit beyond. Her hips cranked up and took his cock into her body.

"YES!" Hestia screamed. She took her fingers into the side of Harry's shoulder.

Harry could see her first orgasm being a success.

"Just think, you must have waited centuries for someone like me," Harry said. "And now you know why, don't you?"

"No man…would give me this pleasure," Hestia said.

A goddess's virginity was a gift. Many, both divine and mortal, tried to court her. Hestia waited around for the right offer and she got it from Harry. Her stallion kept riding her and pumping himself into her body.

"I want to ride you, my stallion," Hestia said. Her lip quivered. "Please, do you think I can ride you?"

Harry finished bringing her to another orgasm, and slid out of her. He held onto Hestia's waist and teleported both of them.

The two of them dropped down into the bedroom. They were on a lush bed, surrounded by a room of amazing Greek Architecture. Hestia sat at the foot of the bed, and Harry sat against the lush pillows on the back door. Hands propped behind his head, he drew one finger towards his cock.

Hestia drooled at the sight of it. It dripped wet with her juices. The fiery goddess climbed onto him and prepared to mount her stud. She prepared to perform another one of her duties as a wife.

Harry laid back and enjoyed the show. Hestia's hair came unclipped and her fiery hair wrapped around her face. The burning gaze combined with her burning hair and smoldering hot body made Harry harden. Hestia brought herself down on Harry.

Hestia drove down onto Harry. He filled her so much. Harry found her body and started to play with every inch. Every time his fingers explored her, Hestia only bounced high. Her hair smacked in her face when she rode him.

"So, amazing," Harry said.

Hestia did not have time to thank him for the compliment. He squeezed her breasts and this encouraged her to ride him faster, harder. Another orgasm spread through Hestia. Harry only squeezed her breasts harder and encouraged her to drive down onto him.

Harry worked her warm, soft, pillows. He bent in and sucked on her nipples. The warm honey dripping from them energized Harry. He had one free hand and rested it on her ass.

"Baby, that's so good," Hestia said. "God, this is so good!"

Pleasure points rippled through her body. Harry pushed deeper into her with a longer thrust to
respond. They combined together with more fluid motions.

"I know you feel really good, but it's going to get even better when I'm done with you," Harry said. He squeezed her rear one more time. "Are you ready?"

Hestia obeyed his actions. She gave him another flood of juices. His cock must have been soaked with her warm juices. Hestia worked up and down on him, riding him to the edge.

Harry slapped her ass. The sound of his hand hitting her hot ass only prompted Hestia to ride.

"Again," Harry said. He slapped her ass and twisted her nipple in response.

Hestia panted. Her body quivered and released the tension on Harry. Her wet juices came down onto him, coating him when driving all the way down on him.

"And again," Harry whispered to her.

Again, Hestia came. Harry continued to reward her by touching her in all of the spots. She wondered when Harry would give her his gift. She braced herself for being brought over the edge. Harry picked up the thrusts, going deeper into her body. Hestia closed her eyes.

"One more time."

Hestia tensed herself up. She could hardly wait for what was going to happen. The pleasure went through her body. Hestia bounced up and down onto him to ride him to another one of her rapid fire conclusions.

Harry was now ready to finish off this round. He lead her all the way up to the edge a couple of times. Harry took a second to take in her beautiful body coming on the way onto him.

"My turn."

Hestia speared down onto him and took the full length into her. It contracted and released. Hestia arched back and moaned when his life bringing fluids sent into her body. She made sure he remained buried in her body, and didn't slide out into he finished launching his seed into her.

Harry caressed her body at the pumping of his manhood into her. She milked him, every last drop firing into her body. The two swapped juices with each other when their warm bodies pressed together in a dance of love.

"So, much….oooh, it's all inside me," Hestia said.

"All for you," Harry said.

He drained the remainder of the cum, finishing many moments later. Hestia pumped him all the way down until he deflated to what passed as flaccid.

Hestia pulled away from him and laid down onto him. She rested on his shoulder. Harry wrapped an arm around her and stroked her red hair with a smiled.

"You always know how to treat me after a long day," Harry said.

"Well, you do your job," Hestia said. "Therefore, I should do mine."

Hestia rubbed up against him and could feel something hard poking against her thigh. She smiled.
'A wife's work is never done.'

End.
Harry Potter leaned back against the wall, his pants pulled down past his knees. His throbbing hard cock struck out, and a hand wrapped around it. The hand stroked his manhood and started to pump it up and down.

Cho Chang kneeled down before Harry and stroked his manhood. The seventh year Ravenclaw, and Head Girl, leaned forward, preparing to earn that title in an completely different way. She gave a couple of kisses the head of the rod and smiled when it twitched.

"Are you ready to prefer your duties?" Harry asked her.

Cho smiled and took the first couple of inches of Harry's rod between her lips. She stroked the shaft when slowly slipping more of him into her mouth. She bobbed her head up and down and sucked on his manhood. She could not get enough of this long, throbbing cock.

Harry placed his hand down on the back of Cho's head. He stroked her long silky black hair. The Eurasian goddess pushed more of herself down onto his throbbing rod. Harry leaned back and enjoyed her warm mouth and soft hands which took the time to caress his balls when she couldn't push his full length into her mouth.

Cho speed up on the sucking when she heard Harry's groan. She placed a hand underneath his balls and squeezed them. Her finger ran up Harry's muscular legs on the other side.

"Damn, Cho, no wonder you're the Head Girl," Harry said. He smiled when her beautiful brown eyes looked at her. "Keep going, and you're going to get a reward. Do you want a reward, honey?"

Cho swirled her tongue against Harry's length and indicated that was what she wanted, one hundred percent. She encircled all of Harry's cock and lavished his manhood with her drool. Cho continued to worship it, sucking on him hard.

Harry took the warmth of her mouth. He could feel something begin to bubble up his cock. Cho stroked his balls with her slender fingers, stroking all the way down him. She ran down the throbbing vein and squeezed him hard.

Cho spread her thighs and tried to perform a vibrating spell on herself to ease the burden until Harry could take her as she was always meant to be. She moaned when Harry took her mouth and drilled it like it was always meant to be drilled.

"You better be careful," Harry said. "Or I'm going blow in your mouth."

He grabbed onto the back of Cho's hair to show she got the message. She did in fact. Cho kept driving her mouth down on him and just sucked him harder. She knew what was coming and anticipated it one hundred percent of the way. Harry gripped her hair tight and pounded her mouth.

The first dose of warm fluid spilled into Cho's mouth. Cho opened her lips wide and stroked Harry's balls to coax the seed. She took dose after dose of thick, warm cum into her mouth. Harry held onto the back of her head and sent it firing into the back of her throat.
The moment Harry emptied his balls down the Ravenclaw's throat, Cho pulled away from him. She rose to her feet, shirt buttons coming off to show her bra clad breasts. The shirt rode up to show her toned stomach as well. The skirt rose up to give Harry a tantalizing hint of her panties.

"You should be a part of every witch's diet," Cho said. She smiled and swayed her hips. She brought her fingers underneath her skirt briefly and then ran them up. She sucked on them.

Harry grabbed Cho and tore her shirt off. The Ravenclaw gave a surprising scream of delight when Harry pulled her shirt off and then released her of her bra. Cho's round, perfect, tanned globes pushed out.

"At last," Harry said. "You really do fill out your bra well, don't you, Ms. Chang?"

"Yes, and you know what to do with them," Cho told him.

Harry squeezed those full luscious breasts to show her he knew exactly what to do with them. Cho reached down and shrugged the skirt off of her body while Harry massaged and gripped her round orb.

"More!" Cho breathed.

"Oh, I'll give you more alright."

Harry alternated between breasts with his right hand. He used his left hand to reach for her panties and peel them off. Cho's dripping sex came into view, and Harry massaged her nether lip with his fingers. He encircled around her and rubbed the lips before moving up and pinching her clit.

Cho thought she would die. Harry stimulated her body so nicely, and he wasn't even inside her just yet. That was the most amazing part. Harry cupped sex and rubbed it before moving behind her and pinching her ass.

"Am I making you hot?" Harry asked. "Would you like my cock?"

"As your Head Girl, I insist you pin me against the wall, and fuck my brains out," Cho said. "Failure to do so will require me to report you for misdeeds!"

Harry smiled and grabbed Cho, backing her against the wall. His hard organ rubbed against her flat stomach and down between her lips. Those lips threatened to open up and take his cock inside her body. Cho lifted her hips up.

Cho received a forceful squeeze from Harry's hands. She melted underneath his grip with Harry squeezing her a couple more times. She breathed in heavily when Harry pinched her tight ass one more time.

"Here you go."

Harry slipped inside of her. Cho found herself stretched all new from him. All she could do was wrap one leg around his hip and hope he held her in tight. Harry pressed against the wall and brought flesh rod into her body. He pumped into her several times in succession.

The seventeen-year-old beauty held onto Harry and moaned in his ear. She wanted more of him, and who was Harry to turn her down. He slowly worked her up to a full orgasm. While he explored every inch of Cho's body, far better than what he started dreaming about in his third year. He squeezed Cho's luscious breasts hard and made her moan into his ear one more time.
Cho grabbed onto Harry with her inner muscles. He emptied and filled her so fast she thought she was going to explode. Harry worked into her and thrust deeper into her body.

"Mmm," Cho breathed. "I forgot how amazing this was."

"Well, time to reinforce it."

Harry picked up the pace a little bit more. Cho only could enjoy Harry's hard cock working a heavy path into her pussy. She clenched down onto him and released her juices onto his invading rod. The warmth built up through her body with bringing up to an orgasm.

She hit an amazing gusher, and hung on for another one. Cho raked Harry's back in response.

"You really can't have enough," Harry said. "You want more, and I'm just the person to give it to you."

Harry really gave her more, so much more. Cho worked her hips up against him to receive more of Harry's hard cock pounding into her. She caressed him and took him deeper into her.

"Sorry, I just need your cock, and I need it more than I ever thought!" Cho yelled at the top of her lungs. She grabbed Harry's shoulder and encouraged his further thrusting.

"Well, I'm going to give you more," Harry said. "Do me a favor though, and show me how much you want this cock. Come for me."

Cho's wet walls clamped down onto him. She screamed so loud Harry had almost been taken aback. He pushed his hands onto her mouth to silence her. He released her face and Cho gave another light moan when Harry continued to pound her.

"What do you two think you're doing?"

Cho came down from her orgasm, and Harry slowly pulled out of her. He turned around and saw Penelope Clearwater, the Assistant Muggle Studies Professor, standing in the hallway. She was a seventh year when Cho was in her fourth year and Harry was in his third.

Even with those robes, the brunette looked to have an amazing figure. Her face was beautiful with soft features, elegant, and rosy lips. Her hair shined bright with perfect volume. She had a perfect hourglass figure, having grown into an abundance of curves. She crossed her arms underneath her breasts which just did a perfect job of showcasing them.

"What are you doing?" Penelope asked.

Harry turned around, and Penelope caught a full look of Harry's long, thick, erect cock. She almost gasped in surprise because of it.

"Harry was giving me an orgasm," Cho said in a simple manner.

"This is behavior unbecoming of a Head Girl," Penelope said, wearing a frown.

"Oh, I think Harry would testify I was being a very good Head Girl," Cho said.

"Yes, she was," Harry said.

Penelope looked very cross. She tried to look Harry in the eyes, but her eyes, almost drawn by magic kept looking down at Harry's cock. She shifted her gaze up and looked him in the eyes. The knowing look on his face made her hot and bothered.
"I think I know what you're problem is," Cho said. "You don't know what a real man is like. I mean, the only man you ever dated is Percy Weasley. Are you still dating him?"

"No, we broke up a few months after we left Hogwarts," Penelope said.

The less space in her memories Percy Weasley occupied, the better off her life was. She thought very little about him.

"So, you haven't had a real man, unless you have another boyfriend we don't know about," Cho said.

"I don't think she has," Harry said.

"My love life is not up for conversation," Penelope said. "The two of you are out of bounds, and I'm afraid, I'm going to have to….."

"You want to be a good girl and do your job, right?" Harry asked.

"Yes, I'm sorry, but I took an oath to uphold the interests of the Hogwarts students and this entire school," Penelope said.

"Seems to me that you aren't doing a very good job, given you stopped Harry from giving me another orgasm, and that isn't holding up my interests too well," Cho said. "So, are you going to turn us in to Flitwick and McGonagall?"

"I'm sorry, Cho," Penelope said.

"What if Harry gives you an orgasm?" Cho asked.

Penelope almost stopped short. Even Harry raised an eyebrow.

"If Harry blows your mind, you'll let us off the hook," Cho said. "In other words, when Harry gets you off, you let him off."

Penelope frowned. She heard Cho's screams which alerted her to this steamy little encounter. She stopped at the door for a couple of moments and observed the situation before going in. She was a Ravenclaw, so she needed to study the scenario after all.

"You can't look me in the eye, and tell me you don't want me," Harry said.

"You're a student, I'm a professor…"

"Assistant Professor," Harry corrected her.

"Well, it would be unethical…"

"Just like it is because you keep staring at my cock when you think I'm not looking," Harry said. A smile spread over his face. "You have your desires, Penelope. I understand it as much as the next person. You wonder what it would be like to have this in you."

Cho reached and grabbed her wand. She pointed it towards Penelope when she was distracted. The robes disappeared from her body and left her standing in the middle of the room in her undergarments. Penelope grew red and she turned to Cho, staring daggers at her.

"Ms. Chang, you're already in….."
Harry grabbed Penelope and shut her up with a kiss. The former Ravenclaw shut up in an instant when feeling Harry's mouth shoved onto hers. His tongue delved between her lips and kissed her like no man had ever before.

Penelope thought comparing Harry to Percy would be comparing a Renaissance Artist to a Toddler doing fingerpainting. He pushed her back against the desk and she tried for one more token protest on the kiss.

She gave up and just enjoyed the kiss. The Assistant Professor enjoyed everything. His strong hands, talented mouth, and the fact Cho sat on the chair to the side, and fingered herself to what they were doing.

Harry knew he had the older woman underneath his grasp. He down her bra and revealed her juicy breasts.

"They're quite lovely, Penny," Harry said. "Five points to Ravenclaw."

He squeezed them hard and she breathed in pleasure. Harry ran his hands down her body, and caressed every last inch of it. He could feel her wanting even more. And Harry would be rude not to give her everything she wanted.

Penny felt something she never felt before. She pleasured herself with her own fingers, toys, even with the help her roommates. Percy convinced her they should wait until marriage, but Penny broke it off when she realized Percy's balls belonged to the Ministry of Magic.

"Harry!" Penny yelled. "Mr. Potter, you better make me cum, or I'll throw you in detention."

Harry slipped in between her thighs and fingered her. Penny breathed when Harry pushed into her. He penetrated her with a few long thrusts. Every now and them, he gave a little nip, a little kiss to her breasts.

Penny's lust boiled over. Harry really was bringing her to the edge, and she knew she could not wait for too long. He had her right where he wanted her.

"Almost."

Harry dragged Penny to the edge of her orgasm. She shuddered when Harry pumped into her. Every time he pushed between her thighs, it was like she felt the greatest rush of pleasure in between her legs.

He released her, oh Morgana did she ever feel a release. Penny bucked her hips up to Harry's fingers. She gushed all over his fingers.

Harry pulled out of her and turned to Cho who stood perched over towards him with a grin on her face. Harry offered his hand and she took the juices. Cho rubbed her lips when sucking the juices of the older Ravenclaw.

"You really did get her off Harry," Cho said. "But, now you got me addicted, I need some more."

Cho climbed between Penny's thighs and crawled between them. She leaned down and licked the sweat from her belly button. She licked all the way down her and reached between her legs to rub her nether lips.

"Let me keep her warm for you," Cho said. "So, you can finish what we started before we rudely interrupted."
Cho forcefully raked her nails down Penny's legs to show who was the dominant female in this room, even though all were submissive to Harry.

"Oh, I think I can finish you before I finish her," Harry informed Cho.

Cho anticipated him sliding between her thighs. He positioned himself at Cho's backside. The throbbing cock, ready to be back inside a nice, warm pussy, pushed closer between Cho's thighs, and it was getting very close to slipping inside of her. Harry gave a push and filled Cho up completely.

Harry settled a nice rhythm of pounding Cho from behind. He pushed deeper into her body with a couple of long thrusts. Her warm vice clamped down onto him when Harry pushed into her.

Penny tried to grab onto the back of Cho's head. Cho pushed her hands away, showing her she would not have that kind of luxury, at least not now. Cho went down onto her and brought her to new heights. The forceful pussy licking only heightened Penny's emotions and made her whine and moan for more.

A look towards Harry's intruding and pounding Cho showed Penny a hint of what she was going to get sooner or later. She breathed and bit down on her lip.

Harry could feel Cho's latest orgasm creeping around the corner. He was feeling his balls strain, but he pushed on. He wanted to reach his edge just as well. He pushed forward, brushing Penny's clit a tiny bit. What he could not reach, he stimulated with magic. He summoned enough of his power.

Penny entered a never ending train of orgasms. She pushed her hips up and made sure Cho went down on her. She hoped Harry finished up soon.

"I think she's going to die," Harry said. "I better finish you off."

Cho knew this was going to mean a harder, and more rapid fire fucking. And she anticipated what Harry would do to her. He accelerated the pace of his long and hard fucking. Ecstasy exploded through her. Harry gripping her hips and pounding her pussy brought even higher passions through Cho.

Harry worked his way into Cho. His balls filled up, and he intended to empty himself into her. He wanted to start anew with Penny.

"This load is just for you, baby," Harry said. "I hope you're ready."

Cho was ready for his climax. The balls of a really powerful wizard could store a lot of cum, and she would be stuffed completely full, and it would still be leaking out of her. She would feel where he brought his cum into her.

Penny watched and caught a glimpse of Cho's eyes. The look in them were pure, unbridled sex. The kind of look which Penny hoped to see reflected in her eyes. Cho dove down in between her thighs and went down onto Penny even further.

"Fuck!" Cho moaned.

Harry reached the point of release and fired his load into Cho's body. He grabbed onto her hips and pounded her, unloading his cum into her body. Every drop of seed spilled into her center, flooding her insides. Harry gripped her, working further into her with a series of thrusts.
The moment Harry pulled out of Cho, Penny spread her legs. Cho slid away from him. Harry held Cho move over towards a chair on the other end to recover him.

Penny looked up in time to see Harry Potter hovering over him. His cock dripped the combination of juices between both Cho and himself. She could not help but see his hard cock looked ready to penetrate her and bring her to the edge of pleasure. He crawled closer towards him.

Their warm bodies touched each other to the point where they burned each other. Harry lowered himself onto Penny and gave her a kiss which she returned. He took some time to explore every inch of her body.

Penny enjoyed the kiss, and the feeling of Harry's hands touching every single inch of her body. She wanted more than a kiss though. She wanted the full package. All of Harry inside her, she needed it, wanted it, wanted every last inch Harry had, plunged deep between her thighs.

"Don't tease me," Penny begged him. "Please, fuck me."

"Patience," Harry told her. "Good things come to those who wait."

Penny didn't want to wait. She wanted Harry right now. She wanted him buried between her thighs. Her pussy ached and felt so empty. It needed him, it needed him back.

Harry could tell by his senses how much she wanted it. The smell of arousal penetrated the air. Harry heard her heart beating and wanted to push into her. He reached behind her and massaged her skin. She felt so good, so soft, and Harry knew how much she wanted him.

"Don't worry, I want you as much as you want me," Harry said. "And you're going to get everything you want and so much more."

Penny gasped the second Harry parted her nether lips. He came an inch away from pushing past her lips and deep between her thighs. She grabbed the back of Harry's head and encouraged him to go further into her.

"Please," Penny begged him. "Don't…hold back."

"Don't worry, I won't," Harry told her.

Harry slipped all the way inside of her. The first inch penetrating Penny's body caused her to see stars. Another couple of inches later and Penny lost herself in her.

"He's really good," Cho muttered. "How does a real man feel?"

Penelope Clearwater thought she was going to overdose on the pleasure. She clung to Harry in every way possible, fearing.

"I wonder if you'd die if I pulled out right now," Harry said.

Penny gasped and clutched onto Harry tighter. Harry didn't pull out of her despite the tease. For a close minute, Penny thought he was going to detach from her. Harry just kept working her over.

Faster, harder, those thrusts pushed into her. Penny could feel a boiling feeling of lust going through her. Harry really pushed all of her buttons, going into her depths.

"I think I'll keep you."

Those words from made Penny clench up against him. The younger man had her right where he
wanted her. Every touch, every thrust, everything just made her feel weak. It made her feel like a shy, timid, girl, uncertain. She discovered how much she enjoyed being pushed.

"Yes, please!" Penny begged him.

Harry knew how much she appreciated it. He doubted Penelope knew what she was getting herself into.

"All they need is one taste, and they're hooked for life," Cho said. She managed to weakly lift a hand and stroke her outer lips. Her juices collected on her fingers.

Harry agreed full and one hundred percent. Penny hit her peak one more time, and Harry wanted to bring her to the edge one more time.

"Bet you didn't expect this," Harry said. "But, you know what, I'm sure you're glad you didn't turn us in. And now, you know you can't, because you'll get in trouble."

Despite having no intention of turning them in, Penelope understood where they were coming from. Her body sized up and released. More warm juices pumped from around Harry and his aching prick delved further into her. Penny just clutched him and panted.

"So much more," Penny begged him. "Everything you can give me, I need it, and more!"

Harry sent Penny on a course of pleasure. He knew she would want his seed, and it would be rude not to give her everything she ever wanted.

"Well, you're going to get more than you can handle," Harry told her. "Hope you're ready."

Penny nodded in response. She intensified her grip on Harry and he responded by pushing into her. The Assistant Muggle Studies Professor pushed her hips up towards Harry. She squeezed him and coax ed him into her.

Harry enjoyed this tight, perfect pussy while bending down to suck on her breasts. She put her hand onto his hair and caressed it, ruffling his messy hair even more. He could feel from the shakes coming from her body she was getting closer. And so was Harry. He was getting so close to the edge.

"Right there, that's the spot," Penny said.

"Oh, you mean here?"

Penny came apart at the seams. Her orgasm opened up the door for Harry's. The warmth fluid spilling into her body made her feel really good. She came undone a couple more times before Harry was finished. Each orgasmic explosion resulted in fireworks going off between her eyes.

Harry emptied the contents of his balls into her tight center. Penny gripped him and encouraged him to finish up inside of her. He emptied the complete contents of his balls into her wet pussy.

"Very good," Harry informed her. He bit down onto her.

Penny smiled when the sweet pleasure of their mutual release visited her. She watched when Harry pulled out of her. She rubbed her belly, feeling how full he stuffed her.

"We shouldn't really tell her that we should be in the same place tomorrow night, should we, Harry? "Cho asked. She whispered, but loud enough for Penny to hear.
"Might not be a good idea," Harry said.

Penny responded with a knowing smile.

"Well, I hoped…you two learned your lesson, and I better not catch you out," Penelope said.

Cho and Harry smiled and leaned down to kiss their mutual lover.

End.
Rey threw her hands over her head. The scavenger pushed her way through the storm on the desolate and sandy world. She had been forced to make an emergency landing to get supplies. This location didn't have enough supplies. She continued to push through the storm.

Said storm refused to let up even for a moment. For a moment, Rey thought the winds and the gusts of sand would blow her away. She adjusted herself to the ground and made her way through a jagged set of rocks. There was a pretty long drop on the way down. On the bright side though it would prevent her from getting swept up in the storm.

Rey swung her legs over the top and landed on the ledge. The first two drops weren't too far together. The third drop was a bit steeper and the rocks almost slid out of the wall. Rey looked up to see a vortex of sand swirling around her. She looked down at the darkness in the bottom.

Darkness which now had been illuminated by some kind of glowing green light. Rey steadied herself and took in a long and deep breath. All she needed to do was make the final drop and she would be down. The scavenger leaned back and fell onto the ground.

The clay dirt squashed underneath her feet. She spit out a mouth full of sand. The inside of her mouth dried up. Rey reached into her garments and pulled out a canteen to take a drink of water.

'There must have been an underground city down here years ago,' Rey thought. She hunched over for a second and caught her breath. 'This is amazing, unbelievable even.'

Rey steadied herself and noticed where the crystal glowed. It jutted out from a structure in the wall. The crystal had been connected to a large tower which stretched almost to the sky.

She came to the realization someone was down here with her. Who was it? Rey didn't know. All she could do was turn around and see who crept in the shadows. Rey looked for something to pick up and defend herself.

"What are you doing here?"

Rey stopped for a second. The hideous creature she expected to see was a young man with dark hair. She found herself taken out by his handsome features. Her heart skipped a beat when he walked over. He dressed in a uniform of some sort. Black on one side, silver on the other, with a crest on the middle, a jagged marking on the side.

"Sorry, is this your home?" she asked.

"Just merely a place for me to settle down and wait out the storm," he said. "I've had to deliver some supplies to some friends of mine. Unfortunately my friends aren't the only one who wants the supplies."

"Bandits?" she asked.

"I'm afraid so," he said. "My name is Harry."
"Rey," she responded.

"So, you're a scavenger?" Harry asked. She raised an eyebrow and Harry decided to clarify his response. He stepped forward and gripped Rey's hand before leading her to safer ground.

"How could....."

"The moment you dropped down here, I saw you immediately look around," Harry said. "The only other thing on this planet is my ship which is parked at the other end of the planet. It's busy recharging it's fuel cells and won't be done for several solar cycles."

"So, you're stuck here?" Rey asked.

"It's not too bad," Harry said. "I've had my emergency kit, and also my secondary scouter ship allowed me to have a look around the planet until the storm hits. Although I hope it stops soon because I don't really want to be stuck down here forever."

Rey answered with a nod. The two of them entered the small scouter ship. For a ship, it looked pretty spacious, much larger on the inside than it looked on the outside.

"If you need to clean up, the shower is down the hallway," he said. "I think we can find you some clothes that might fit you as well."

"Thanks, I appreciate it," Rey said. "I thought for a moment you were going to attack me when I fell down there."

"You can't be too careful these days," Harry said. "While I'm sure you can handle yourself, I didn't see you as a threat."

"What if you did?" Rey asked.

"We wouldn't be having this conversation right now."

Rey shook her head. He seemed nice enough to be honest. Very attractive as well, with a sculpted body, hair she thought she could run her fingers through for days, and those eyes. Those eyes were just a real heart stopper. Rey couldn't really even begin to describe how they made her fell. She stepped closer towards the shower and stripped her clothes off.

"How long have you been down here?" she asked when slipping into the bathroom.

'Wait, did I just strip down in front of a complete stranger?' Rey asked. She shook her head.

"Not too long," Harry said. "The storm is going through the worst part of its cycle. It should be done by the time the planet completes another cycle, two at the most."

Rey thought that was nice to know. She didn't know why, but she figured it would be best to stick around. If she hadn't stumbled into this hole, and stumble upon this Harry, she might have had a day end less than ideal if she was perfectly honest. She removed the dust and grime for her hair and frowned.

She flicked one of the flowers off of her hair which got stuck to it somehow from the wind. The flower hovered in front of her before releasing a small amount of dust in her face. Rey staggered back in surprise, and had been caught off guard by the dust in her face.

A sneezing fit followed. Rey closed her eyes.
Rey felt her body get hot so she switched on the cold water. The water must have been ice cold but she still felt like her skin was sizing up for something.

"I….hate to bother you," Rey said. She stuck her head out of the bathroom door. She watched while Harry was making dinner.

Something smelt good. Not as good as he looked, Rey would agree. She twirled her tongue around her lips and thought about what to do.

"No bother at all," Harry said.

Harry caught a glimpse at the girl who walked out of the bathroom without any clothes. Her dark hair dripped with water and flung past her shoulders, looking rather untamed. Her beautiful face shined as a beacon of light. Her lips pursed towards him. Harry paid special attention to her round breasts which drew him in like a sweet fruit. Her nipples stuck out. Her toned stomach was about as drool worthy as well. Her long legs hypnotized any man who saw them. Her sweet ass and tight looking pussy topped off the package.

"You saved me," Rey said. She flushed and looked towards him. "You're a hero."

"I've been called that," Harry said.

Harry thought she had been acting strange. He took in her erect nipples and dripping pussy. The fact her fingers brushed against her body which dripped in sweat despite just coming out of the shadow. Rey pursed her lips and stared at Harry with bedroom likes.

"Heroes have a right to take their reward," Rey said. "And I'm sure you're a nice……strong man who could teach me something."

Rey reached in and grabbed Harry's shirt. She ripped it off in the process. The shirt had been reduced through threads. Rey wrapped an arm around Harry and gave him a long and passionate kiss.

Harry returned the kiss. This sexy young woman wanted to violate his tonsils, but he was going to make her work for it. It wouldn't be the first time a woman threw herself at Harry as thanks. Harry put his hands on her body and could feel how warm she was. His theory continued.

Both of the soon to be lovers exchanged salvia with each other. Harry reached down and squeezed Rey's ass to get her attention.

"I hate pants," Rey said, tugging at Harry's belt and biting down on her lip in frustration.

"Rey, I need to ask you a question?"

"Can it wait?" she asked.

"Did you inhale any of the blossoms on this planet?" Harry asked her.

Rey wondered what kind of question that was. All she cared about was getting Harry's pants down. She yanked his boxer shorts down as well. Rey eyed the largest, thickest, male reproductive organ she ever set eyes on. Books did not do it justice. It was big, throbbing, and made her hungry.

She dropped to her knees and stroked Harry's long prick. She gripped the base with her right hand.
and rubbed the head with her right hand. She moved down to squeeze his balls.

"Stop," Harry said.

"What?" Rey asked. "Do you want to mate with me? Don't you want to take your prize?"

"I need to know whether or not you inhaled any of the blossoms," Harry said.

"Yeah, one of the flowers blew dust on me in the shower, I started to sneeze," Rey said. She stroked his manhood as if not concerned by this.

Rey leaned in and put a hot little kiss around Harry's head. She swirled around him all of the way. Every taste just made her horny. She needed this organ buried down her throat, inside her pussy, and even inside her ass.

"You're going to be hopeless horny until you receive the cure," Harry said. "If you inhaled the blossoms."

"Well, I thought you were hot, and I was thinking about thinking you before that stupid flower even exploded," Rey said. She licked him some more and kissed down his manhood. "I just was too afraid to actually do anything with you…but now….I can do anything and everything I ever wanted."

Rey dragged her fingernail down Harry's lengthy vein. He groaned at the sensation of Rey's finger brushing down him.

"I'm going to have to cum inside your mouth, your pussy, and your ass to stabilize you," Harry told her.

"Good thing you're going to be able to do just that."

Rey empathized her words by squeezing Harry's balls. She felt how much cum was in them for her and she drooled one more time. She took Harry into her mouth and sucked him hard.

"You're hot," Harry said. "Your lips are perfect for sucking dick."

Rey looked up at the older man next to her. She descended down and too more of him into her mouth. Harry threaded his fingers on the back of her hair and kept her driving her mouth down on him. Rey continued her actions of sucking him.

Harry thought being stranded would be boring. This hot young thing dropping down in front of him made Harry realize this mission was worth it. Her mouth felt so good, but as good as her mouth was, Harry could not wait to sample the rest of her. He worked into the back of her mouth.

Rey choked almost from the large rod driving into the back of her throat. She steadied herself and took him into her mouth. Every now and again she touched his balls. She brushed against them and stroked them. All of the cum would flood out of her and buried into her ass.

"You're such a vixen," Harry said. "I'm ready, you better be ready to take it."

Rey enjoyed having her oral virginity being taken from her. The other virginities would be soon to follow. For primal instinct guiding her, she thought she did a pretty good job. The Scavenger pushed towards him and took the first blast into her mouth.

The warm seed filled Rey's mouth up when Harry continuously fired inside her mouth. Rey tilted
back to take more of the cum down her throat.

"So good," Harry told her.

Rey finished sucking the last few drops down. The taste only made her way even more. Rey ascended to her feet and looked towards Harry with pure want in her eyes.

One little flicker of his finger replaced the table with a nice luxurious bed. Rey fell back onto the bed sheets and could feel the softness of the sheets push against her back. She closed her eyes and gave a light sigh at the feeling.

"Please, get in me," Rey said.

"In one moment," Harry said. "You need to appreciate the moment, and anticipation."

Harry crawled on top of Rey. He pinned her down onto the bed. Every inch of her burning flesh brushed against Harry when he climbed on top of her. The lust burning though her eyes looked pretty contagious and Harry took in every inch of her body.

"Yes, I'm appreciating anticipation alright."

Harry found the side of her neck with kiss. Rey almost lost herself in Harry's passionate kissing. He kissed and nibbled the side of her neck when working down it. He used his fingers to pay attention to her nipples and squeeze them. They ached underneath him.

He pushed a bit closer. Harry's swollen length brushed against her thighs. The moisture kept trickling down her body. He leaned down her body and kissed on it. Every time he kissed her, he received a moan in reward from the kiss. The moans were something Harry appreciated.

Harry brought her to increased pleasure. His kissing continued to explore every inch of Rey's warm, sexy, body. Harry kissed her some more and she twitched even more underneath his questing mouth.

"Yes," Rey panted.

Harry smiled and kept kissing away at her. He ran a hand down between her legs and could feel how much pleasure she was giving off. One hand rubbed her breast and the other hand took pleasure in rubbing her smoldering sex. Harry bent down towards her.

"Time for me to see the rest of you."

Harry pulled away from Rey. She summoned the strength to roll over and present a nice rear view to Harry. Her ass stuck in the air, primed and ready to fuck. Harry reached in and took both of the juicy cheeks in hand. He squeezed then and fondled them.

"I wonder how it tastes."

Rey didn't think a tongue was supposed to go back there. She was not sure about this.

"Harry, do you really think you should….mmmmm."

All protests cut off completely when Harry shifted his tongue into Rey's sweet little rose bud. The taste was better than one would expect. Harry swirled his tongue between her and squeezed her. He wanted to get her nice and ready for him.

Rey enjoyed the feeling of his fingers dancing on the other side of her. She wanted them buried
deep inside her, but she would settle for what Harry did right now.

"Next we go for anal," Harry said.

"But, it's so big," Rey protested. "Are you sure it will fit in there?"

"If you work for it, it will."

Harry squeezed Rey's nice ass a couple more times for good measure. He closed in closer towards her. Her warm hole dripped with Harry's salvia. He put the point of his cock on the other side and almost eased himself between those tight round warm globes.

Rey experienced the joys of anal sex for the first time. His cock pushed deeper into her back entrance. She clenched onto the bed and she began to protest the intrusion.

"Relax," Harry said. "Just focus on how good you're feeling, and how good you're going to feel. Just calm down and relax."

Rey calmed down, relaxed, and accepted his length into her backside. He held onto her and started to gently rock back and forth. He pushed into her depths when plowing into her from this particular position.

Harry found himself inside many female asses. This would felt particular tight and sweet. He could not stop pushing into it. Every now and then, he explored other parts of Rey's soft, beautiful body. He pushed deeper into her.

"Oh, I don't think I'll be able to sit down!" Rey yelled.

"Every time you try, you'll think of me," Harry said. He spanked her tight rear. "How does that make you feel?"

Rey couldn't do anything other than moan and clench Harry when he rode her ass. He slipped deeper into her. That long mating rod pushed deep into her ass. She never thought it would have such a purpose, but yet it was good.

"You have a nice ass, a beautiful ass," Harry said. "And I think an ass like this deserves to be fucked."

Rey would have to agree. She received a light spank to it. This action prompted a gasp from the attractive brunette. Harry held onto her and kept working himself into her.

"Mmm, it feels really good!" Rey yelled. "I never thought something like this would feel this good."

"I'm happy to shatter all of your expectations."

A mind shattering orgasm hit Rey hard. Harry accomplished this just by ramming into her back passage. He took her harder and harder, letting the fluids in his balls expand. He reveled in the tight ass which was in front of him.

Rey whimpered at the long thrusts. She could not wait for Harry to take her last hole and to finish off the cure. Her body didn't feel like it burned up too much anymore.

'Still, best to get through the whole cure so I don't have a relapse,' Rey thought to herself.

Harry took a second to really feel her body. He took her harder and faster, ramming her ass as much
as he could allow himself to. Every time he hit it, it caused an aching feeling to spread all the way through Harry's genitals. He knew he didn't have much time left.

A splash of warm fluids coated the inside of Rey's hole. Harry pushed himself deeper into her and rode out his orgasm all the way through her hole.

Rey clutched onto the bed and anticipated Harry. Every blast inside her vibrated her body. Rey reached between her legs and rode her own fingers.

"Let me taste them."

Harry pulled out of her ass and took Rey's fingers into his mouth. She shivered when Harry licked her dripping juices from them.

"You're really horny," Harry said.

"I just can't wait for you," Rey said.

"I wonder how wet you'll be if my cock is actually inside you," Harry said. "But first, I need you to clean me up. You made a horrible mess, you dirty little girl."

Rey pounced on Harry. She swallowed his long cock with a long slurp. Tasting her anal passage all over his cock got her hotter than ever. She bobbed up, cleaning Harry with her mouth and tongue.

The Scavenger pulled free and made sure she picked Harry's hard cock clean. It stuck up in the air and glistened with her salvia. Rey eyed him, not able to pull herself away from him.

"It's all for you, if you want it."

Did he even have to ask the question? Rey climbed onto Harry and straddled him. She now had the control, if she could call that, and mounted the top of him. The long male organ came closer towards her lips. She felt him in her mouth and in her back passage. Now the two of them needed to meet together.

Harry always appreciated a nice, tight, pussy with the minimal resistance Rey had fading away. She pushed all the way down onto him.

"Here, relax, just take it all in," Harry said.

Rey eased herself down. Her feet firmly placed on the bed with legs spread. She rose all the way up and pointed her breasts in Harry's direction. She didn't have to beg this time. Harry reached for her large pillowy globes and gave them a squeeze. Rey breathed at the sensations.

Harry grabbed her breasts and waited for Rey to come almost all the way up, and descend all the way down on him. She picked up her pace a slight bit when riding on him.

"Yes, take it all in," Harry said. "Take it all in."

Rey took a good chunk of her lover's long rod inside of her. She shifted up and down on the bed. Her thighs smacked down against his. She was warm but for a different reason. He went deeper into her then she ever could before.

Harry took her nipples and pinched them. Rey bit down on her lips.

"Just relax, learn control," Harry said. "You can master this?"
The younger girl lifted herself up and came down onto him. Her well lubricated walls coated Harry when coming up and down. She shifted against him with each bounce. She grinded down onto him with a warm tingle spreading through her body. The first orgasm with someone buried inside of her.

"You're so deep inside me," Rey moaned.

"I'm in your womb," Harry said. "That's where my seed is going to go when I cum."

Rey thought for a brief moment about the consequences of pregnancy. Despite the consideration, she couldn't stop riding him. In fact, the thought of him impregnating her only made her ride his powerful rod even faster.

"There's going to be a lot of seed," Rey said. "Ahhh."

Harry smiled. He increased his thrusting until she breathed in and out. Rey held onto Harry's chest and accepted his long and powerful thrusts, penetrating her body. Every time he pushed into her, it felt so good. She came so hard and the warmth surrounding his cock only increased Harry.

Rey closed her eyes. She didn't think stumbling onto a strange planet and being out in the middle of a storm would end this well. She kept riding him. Every time she bounced, he rewarded her breasts with a nice little squeeze. It only encouraged him to squeeze her breasts eve more.

The hours ticked by and the orgasms ticked by.

"You can't feel anything better that this," Harry told her. "This pleasure, it's all for you. You're all mine. I want you to know that."

"Yes!" Rey panted. "When is it going to be your turn?"

"Soon," Harry said.

The trigger in Rey's head ended up causing her wet walls to close down onto him. She released herself down onto his rod with several long thrusts. She just rode him until she could not ride him anymore.

Harry followed a second later. He fired into her and pumped his load into her. Rey didn't stop. She rode him through several more orgasms and put Harry's long throbbing rod into her body.

"Yes, don't stop, please, don't pull out until you're done."

Rey soaked in his life bringing fluids firing into her body. He kept touching every inch of her hot body.

The young woman shuddered. She pulled off of him, and could see how much of his fluids dripped down her. She felt so much better. With a smile, she collected the fluids and licked them clean.

"The storm's not over," Harry said.

"Well, then we're going to have to keep busy somehow," she said.

The two cemented their new union throughout the night, and even long past when the storm had finally subsided.
End.
Harry Potter touched the edge of the balcony and looked over to the bright lights visible from where he stood. Fireflies glistened in the darkness. They allowed him additional light to see the garden which was above. The luscious, green, garden brought a new smile towards Harry's face. He just leaned over the ledge and allowed the breeze to blow into his face.

The doors off to the side opened. The sound of footsteps only caught Harry's attention so far. The figure moved towards him. Her blonde hair hung loosely down past her back. Her pointed ears stood out, along with her beautiful face. She wore a glistening purple night dress which flipped to give a small hint of her flat stomach and her silky looking thighs.

Princess Zelda frowned when looking at her lover. She placed a gentle hand on his shoulder.

"I thought you were resting," Harry said.

"I'm better now," Zelda said. "It's been a long day."

"Yes, pretty much," Harry said. "I've just decided to get a look at the view. It's been a long time since I've been up here. You know, have a chance to take it all in."

Zelda could see why anyone would come up here and be tempted to look down at the very. It was completely beautiful to be honest. She took another step and there was now very little space between Harry and the edge of the balcony.

"I woke up, and you weren't there," Zelda said. "Thought something might have happened where you needed to leave. A man of your position has way too many responsibilities….you need to learn how to relax a little bit more."

She pushed her arm around Harry and leaned closer towards his ear. Zelda came a precious inch away from it, smiling. She could see Harry peer into her eyes. Zelda shifted away.

"What about you, Princess?" Harry asked her. "You can be a bit high-strung sometimes."

"Well, people wanting to put my people in danger, and trying to kidnap me, and sometimes succeeding can be…a pain," Zelda said. "Still, you've done well, and I think it's time for me to think about increasing the terms of your payment."

"It's nothing…"

"Oh, I disagree," Zelda said. She moved her finger down Harry's cheek, stroking him all of the way. She moved down towards the night silk shirt she wore. "I would be rule if I didn't thank you for all you've done for me. And since you're here, and I need some relief….maybe we can help each other."

Zelda unbuttoned Harry's shirt at these words. She stroked his muscular chest, a smile popping over her face. One look at Harry pretty much showed he was close to being in her hands.
Harry grabbed her firmly by the back of her hair. Zelda almost jumped up in surprise. No one would dare, but Harry always was bold. And that much excited her. The two of them met with a kiss, which caused Zelda's toes to curl. She tightened her arms around Harry and deepened the kiss.

The two of them exchanged their passionate display for a couple more minutes. Zelda wanted to enjoy this kiss and make it last. She took a deep breath through her nose to allow her more energy.

Harry enjoyed the exploration of her soft lips. Her tongue demanded entry, and Harry allowed it, for a moment. He reached down further and rested his hands on her lower back. He dared travel a little bit lower. Harry cupped her right cheek and squeezed it.

Zelda gasped at where's Harry's hands went. She felt very amazing. So amazing she thought she might fall over. Zelda enjoyed another long kiss from Harry where he delved his tongue deeper into her mouth and stroked the back of her hair. Every time he kissed her, it was beyond magic.

The Princess had been released from Harry. She slid down the straps of her nightdress. She wore silky purple undergarments underneath, bra and panties. She grabbed Harry's hand and guided it between her legs.

"Feel that," Zelda said. "Feel what you've done to me."

"Oh, I have?"

Zelda nodded. Harry moved his hand in circular motions around her. Zelda almost gasped and closed her eyes tightly. The feeling this was going to get better increased through her. Harry stroked her nether lips through her panties.

Harry really felt how wet she was getting. The panties formed a barrier between the two of them. A barrier which he teased removing, but didn't. He eased a finger almost into her through the panties and pulled back. Harry repeated the ritual three times in succession and made Zelda gasp every time he did so.

"Damn," Zelda breathed. "That's the spot, right there."

"I'm sure it is," Harry said. "Why don't we see how much more fun we can have?"

Zelda staggered back and dropped down on a padded bench on the balcony overlooking the garden. Harry took hold of her panties and pealed it off. He slowly removed them, and Zelda's sexual tension increased. Her wet, dripping lips looked towards him.

"Looks like you shaved for me," Harry said.

"Naturally, royalty must look her best," Zelda said. "And cleanliness is important for leading a good example."

Harry took in her beautiful pussy. The thin lips made her look extremely tight. Her entire body was sexy as well. He could see her look towards him with lust burning through her eyes. Harry didn't have a shadow of a doubt in his mind that this princess wanted this for a very long time.

Why would Harry hold back from giving her what she wanted? There was really no reason for him to do so. Harry cupped Zelda's pussy and started to rub her lips. It resulted in her moaning in pleasure when he prepared to pay worship to her lower lips.

"Harry, please eat me," she begged him.
Zelda had many dreams which started like this. Harry taking her above the garden in any single way possible. She hoped this was not a dream she would be soon waking up from.

Harry lowered himself between her legs and started to worship her. He licked the gushing slit. Zelda responded with a hungry moan. Harry swiped his tongue within and around her slit several more times. He tasted the honey coming from it and it tasted really good.

Zelda thought she never felt anything this good in her life. This powerful sorcerer buried his face between her thighs and was going down on her. Every time he slipped into her, a tingle spread through Zelda. She could not believe how much he brought her to pleasure.

A sensation of pleasure spiked Zelda's body. Not only was Harry eating her out, he also ran his hands all over her legs. Those strong hands rubbing her legs brought Zelda to a more heightened amount of pleasure. She pushed her hips all the way up and then further into Harry's mouth.

Harry continued to taste the Princess. Her drippings made him light headed and his cock throbbed within his pants. He pushed the thoughts of what happened beneath his belt out of his mind. He continued to eat out the Princess. His tongue shifted even deeper.

"I don't know what...you're doing!" Zelda managed, barely getting out her words. "Just...keep...doing it....!"

Zelda managed to belt out this pleasurable thought when Harry kept eating her out. He introduced his vibrating, probing throb into her womanly depths. Zelda was learning much about how the serpent tongue could be gifted. All she did was stroke Harry's hair and continue him.

Harry put her through the paces and only just with his tongue. He could not wait to imagine how much she would be getting off when Harry used other parts of himself to drive her mad.

A couple of licks brought Zelda to her nearest peak. Harry slowly and swiftly pulled his tongue away from her and made her collapse down onto the bench. She started to breath in response. Harry looked over her with a smile.

Zelda looked at Harry's bulge, quite shamelessly in fact.

"I want that," Zelda said.

"Help yourself."

Zelda pulled Harry's pants down and then his silken undershorts to reveal his long, throbbing cock. It was fit to be worshipped by royalty. Zelda gripped it, as if testing out the size.

"I'm going to need to put both of my hands around this," she said in awe. She wrapped her hands around Harry and stroked him hard.

Harry enjoyed both of her hands tugging and squeezing his manhood. Zelda really went to town on him, and gripped his throbbing cock between her hands. She squeezed him. A smile crossed over the face of the beautiful princess at what she was doing.

Zelda decided to unclip her bra. Her breasts fell out. The warm orbs found their way around Harry's cock. She squeezed them tightly and rocked up and down. Her breasts engulfed Harry with his large head pushing out between them. She gave them a lick.
"You're amazing," Harry said.

Zelda smiled and worked her large breasts around him. She wanted to test him, to see if he could last the distance. Not she had any doubts about his longevity, but you could never be too careful. She pushed him and used her warm breasts to give him a workout. She spiced things up by licking his head long and lovingly before returning his cock in between her breasts. She pushed deeper into her.

Harry indulged himself in her breasts. He wanted to fuck them, and he did. Zelda allowed him to drive his hard cock into her breasts.

"I hope you're going to give me something warm and sticky soon," Zelda said. "I'm hungry."

"Well, I hope you're going to leave room for seconds," Harry said.

He pounded her tight cleavage. The warmth of her breasts squeezed him. Harry continued to push his way deep between her generous globes. Every time he went though, he teetered ever so closer to the edge. He thought he was going to lose it before Zelda finished him off.

"Yes, plenty of room," Zelda said. She looked at him with a challenging smile. "Give me everything you have, honey."

Harry appreciated her encouragement. The first twitch of his cock preceded his warm cum spilling out. He shot a massive load all over Zelda's face. He coated her face, her hair, her lips, and her cheeks with so much seed, she was beginning to get drenched in it.

He unloaded onto Zelda, emptying the full contents of his balls all over her breasts and face. Buckets full of thick sperm drenched the Princess. She held out her tongue to catch them like they were falling snowflakes.

Zelda pulled away and could still see Harry was hard. She could not believe it, and at the same time, she was excited. Zelda smiled and scooped the dripping cum off of her chest. She took her hands and licked them clean. Her hair flipped back and eyes glazed over with a moan.

Harry watched Zelda feast off of his cum. His cock hardened and was about ready to be put somewhere warm and wet. He watched when Zelda grabbed him and pushed him back onto the bench. The bench converted into a makeshift bed when it bent back.

Zelda moved over to straddle Harry's stomach. She bent down and gave him some kisses to the side of his head. Her warm body rubbed against Harry when crawling all over him. Harry, not wanting to miss out on the fun, reached up to grip her back. He stroked the flesh behind her and stopped to pay extra attention to her backside.

"There's nothing like ending a long stressful day with a nice, long, hard, ride," Zelda said. With each word, she stroked her nether region against Harry. She teased both him and herself.

"I'd agree," Harry said. Zelda's breasts slapped him in the face.

"And I have a nice big stallion beneath him who is ready to be ride, all night long."

Zelda spread her legs far and showed her flexibility. The sexy princess rose almost the way the way up. Her dripping, moist lips dribbled down on Harry's aching cock head. She came close to bringing herself all the way down onto his manhood. Zelda closed her eyes, rising all the way up, and sinking down onto him.
The tightness of her brought pleasure to Harry. He roamed without abandon against her body. He touched every portion of her hot body with Zelda slowly rising herself up and down.

"So, big, I didn't realize how big you would be when you were on top," Zelda said.

"I thought you wanted to ride me all night long?" Harry asked. "Or can the Princess not handle a stallion this big?"

Zelda shook her head. She was going to take him. She could feel Harry twirling his fingers around her hair. The Princess did not know why, but having someone play with her hair got her off. Her pleasure doubled when Harry started to flick his finger against her pointed ears.

Harry took in the treat of the beautiful princess. She rose almost all the way up on him and brought her tight box down around his throbbing manhood. He breathed in heavily when Zelda took him inside of her. Every time he filled her, it was like being squeezed for fresh juice. He wasn't about to give her what she wanted this easily.

"You know you want to," Harry said to her.

Zelda leaned down to look into his eyes. He responded by catching her ears, and neck with his nibbling. Tremors spread over Zelda. Every inch of her turned into a pinnacle of pleasure. All she could do was keep up on him, keeping riding him. She kept pushing into him.

'He's right, I want to.'

Zelda tried to lose all sense of dignity.

"I hear you talk in your sleep, about how you want me to pound you until you pass out," Harry said. "I think all of your dreams are cumming true."

The fact Harry knew about all of the dirty little dreams she had about him only made Zelda even hotter. The Princess impaled her center down on Harry. He filled her up completely with the magnificent rod.

"You're amazing, I can't help myself," Zelda said.

Harry cupped her breasts and gave them a couple of squeezes. She gasped and only could keep riding him like there was no tomorrow. The Princess looked seconds away from losing herself from the lust engulfing her body.

"I know, you can't help cumming," Harry said.

The word triggered Zelda. She rocked down upon Harry. Their sweaty bodies swayed in an even more passionate matter. Harry reached around and dragged his fingernail down her back. She shivered one more time before he returned to caressing her breasts.

Harry pumped into her body. Her warm insides caressed every inch of Harry's throbbing invader when he pushed into her. His balls slapped against her when pushing deeper into her body. Zelda locked her legs around Harry and encouraged him to go deeper into her.

"No, I can't really help it," Zelda cooed. She ran a finger down the back of his neck.

She couldn't help it so much, another orgasm hit her. This one increased the intensity of the one she felt before. Harry only grabbed her hips and sped up his long, and intense thrusting. Zelda gripped onto Harry when he kept shoving his length into her warm, wet center.
Harry knew Zelda only felt a small portion of the pleasure she could. She bounced higher on him when Harry rose his hips up to meet her. Their sweaty bodies joined together more. Salvia dripped down Zelda's mouth. The drool from her increased.

"Are you still with me?" Harry asked her.

Zelda snapped herself back out of the pleasure. She eyed Harry for a moment.

"I wouldn't…miss a moment of this for the world."

She tried to take control of him. Harry distracted her by stroking her outer thigh while driving himself in between her inner thighs. Zelda shook with pleasure and almost slid out of Harry. Her pussy damped so much it was hard for her to keep Harry from sliding out of her.

Another intense orgasm spread all over her body. Harry made sure she kept bouncing, kept riding, and kept taking his big cock into her body.

Zelda slid off of him after another orgasm. She staggered and had to turn around to grip the side of the bench.

"And on your hands and knees like a servant," Harry said, shaking his head.

Harry firmly grasped Zelda around the waist and pushed into her one more time. He drilled her when she was on her hands and knees.

"No, like a bitch," Zelda told him with a breath. "I want you to make me your bitch."

"I think it's obvious you are," Harry told her.

Harry took Zelda's hair and pulled on it. The action only made Zelda clamp down on him. Harry drilled her wet cunt for everything it was worth.

Anyone who looked up from the garden would see the Princess with a look of pure bliss on her face when her handsome sorcerer ally fucked her from behind. Harry held her hips, and jammed into her. Zelda closed her eyes and could feel it spreading through her one more time.

"Again," Harry said. "It's almost like you want my cum."

"I do," Zelda begged him.

"In one moment."

He nibbled her ear. Zelda lost it once more. Her body gushed and stained the bench and the pavement below the bench. She held onto the edge for dear life.

The balcony railing held, otherwise Harry's thrust might push both of them over to the side. Palace safety regulations were a must, especially when fucking almost a hundred feet above the ground. Zelda didn't really have nothing else to add other than a moan when Harry struck the nerve.

Harry pushed himself balls deep into Princess Zelda. He was in a spot where many people would give their organs for. He pushed deeper into Zelda and rested his hands on either side of her hips. He pushed further into her with a long, powerful, and very strong thrust.

Zelda came undone more time having been sent beyond words. Harry pounded her hard from behind. He took his long cock into her and made her see the stars around her. She chewed on her lip when Harry worked her over.
"Almost there," Harry muttered in her ear.

Zelda really didn't register those words to be honest. All she thought about was what Harry did to her. He planted his throbbing cock between her thighs with multiple hard thrusts.

The first gush of cum spilled into Zelda and more warm blasts followed. She tightened around him with another orgasm when Harry pushed into her. He pounded Zelda, and in response, she milked his orgasm. She drew strength and cum from him.

Harry groped and squeezed every glorious inch of the Princess's tight body. He brought his throbbing manhood further into her, riding her to the edge. His balls kept firing a never ending stream of warm seed into her.

Zelda collapsed down the moment Harry pulled out from her.

"Are you there?" Harry asked.

Zelda smiled, and sat up. She swung her legs off of the bench and wobbled a little bit, on weak knees after Harry pounded her so hard. Harry swung behind her and held her up before Zelda fell over.

"Yes," Zelda said.

"I'm going to take you back up to your quarters, my lady," Harry said to her.

Zelda would have protested she could walk on her own normally. The fact was she just couldn't put a stop to that. Harry scooped her up into his arms and made his way safely from the balcony to the winding steps.

"I'm not sure how much sleep I'm going to get when you're there."

"You didn't have enough?" Harry asked.

"Hardly," Zelda said.

He brought her to her bedroom, the short walk giving them time to recharge before they continued the next round of passionate love making.

End.
The first rays of sunshine came through the window of the penthouse. Harry Potter stirred in his bed and had pulled himself out of a very relaxing dream. It took him only seconds to realize something was going on other than the sun coming out which woke him up.

A nice heat surrounded his erect manhood. A couple of sucks spread around his manhood. Harry grabbed the covers and pulled it back. He looked down towards the figure who kneeled between his knees. A short blonde haired girl bobbed her head up and down, taking his cock deep into the back of her super powerful throat. A pleasure coursed through Harry's body when looking towards the woman.

"Morning, Tea," Harry said.

Galatea finally released his long, throbbing cock from between her lips. She took a moment to look at him and squeeze his cock. She had been created from Supergirl's DNA, only she was aged up about seven years older than Supergirl. Her short hair came down to her shoulders. Her muscular beautiful body allowed the perfect spot for her round breasts, which needed a costume made bra to hold them, although she most certainly wasn't having them.

"Good morning," Galatea said with a smile. She stood up and gripped his cock before pumping it. Her breasts swayed when she continued to stroke it. "I really hope you enjoyed your wakeup call."

"Loved it," Harry groaned.

He looked at the small strip of blonde hair between Galatea's thighs. It made him drool and made him want to take a nice taste between it.

"Good, I'm glad," Galatea said.

Galatea took her breasts and wrapped them around Harry's long cock. His throbbing cock wrapped in massive breasts made Harry feel really good. Hell it made Galatea feel really good. She pushed her breasts around his throbbing hard cock with a couple of long pumps around him.

She shoved his manhood between her warmth, round globes. Every time his cock poked from her breasts, Galatea licked his manhood. She swirled her tongue around him with a couple of long licks. The Kryptonian clone sucked and licked his manhood.

"I love fucking your tits," Harry said.

"What man wouldn't?" Galatea asked. "What woman wouldn't want a piece of these either?"

Harry could think of anyone who wouldn't want a piece of these. He shoved his cock between them and pumped off of the bed. He had been rewarded with Galatea swirling her tongue around the
pulsing rod. The two of them spent a couple of moments playing until Galatea removed her breasts from him.

"We wouldn't want you popping too soon," Galatea said. She leaned down and kissed him on the head which caused him to twitch.

Galatea briefly returned to sucking his cock. She situated herself where her pussy was now aimed towards Harry's face. Harry got the hint right away. He grabbed Galatea by the ass.

"Make sure to really shove your tongue in there, and get in there nice and deep," Galatea said. "I don't want to be able to think by the time you're eating me out."

Harry dug his nails into Galatea's hips and first tickled her dripping slit. The moment he finished mapping out her slit, Harry eased his tongue between her thighs. She shifted herself down, hips grinding against Harry. Harry took her deeper into his mouth and started to eat her out.

"Oh, right there, so much right there!" Galatea breathed in heavily.

Galatea took Harry back into her mouth and sucked him. Her lips moved as far as she could. The Kryptonian made sure to give Harry a blowjob he would never forget. Galatea serviced every inch of him with her lips. The sucking deepened and her mouth pushed further down on him.

"Yes, good, very good," Harry groaned.

Galatea pushed almost all the way down. Harry clenched her ass when encouraging her to drive her hips deeper into his mouth. Harry licked her a couple of times, not once breaking her momentum. She responded to his actions by deep-throating Harry. Harry drove his tongue into her, it vibrating.

She took more of him into her mouth and sucked him extremely hard. He responded by eating her out with a flurry and causing her to go completely numb in pleasure. The two of them tried to make the other explode first.

Harry, with his great stamina and control, one the day. His ability to magically stretch his tongue and reach points where most men could not reach also set Galatea off. Galatea saturated Harry's face with her juices. She squeezed her powerful thighs around his head to release the juices from it.

Galatea let up and turned back to admire her handiwork, and smiled at Harry's face. It completely soaked with her juices. Galatea swirled her tongue around her lips and edged closer towards Harry.

"Let me clean that up for you."

Galatea licked her juices from Harry's face. She left hot, and passionate kisses on him. Galatea sucked on the side of Harry's neck and left some red lip stick marks on it. Her hand reached up and stroked his massive rod hard.

The Kryptonian clone turned around. Harry got a nice view of her perfect round ass. The sight only made Harry's cock throb a little more. Her pink asshole pushed apart and Galatea spread her legs to reveal all of her dripping pussy. Harry reached between her legs and rubbed between her.

"See how empty I am without your cock," Galatea said. "I've really missed it….having to live without it. Fuck me as hard as you can."

Harry took his time rubbing his hands all the way down Galatea's body. He squeezed her breasts to cause a moan to come out of her body. Another squeeze and Harry moved himself closer between her legs. His throbbing cock moved between her hot thighs and almost slipped into her.
Galatea clutched onto the bed and waited for the intrusion. Harry's thick manhood danced against her juicy lips. Harry gripped her and pushed inside of her. Her pussy protested the length and then accommodated it seconds later. Harry held onto her and slowly rocked his manhood between her warm, moist, hungry thighs.

"This is making you feel really good, isn't it?" Harry asked her.

"YES!" Galatea yelled. She grabbed onto the bed. "Harder, I'm not going to break. Hit me harder!"

Galatea longed for those big, heavy balls to slap against her cunt. Harry pushed against her with a more rapid fire speed. Her walls clamped to take him inside of her. Harry coursed magic all through her body. He ended with her nice large breasts and gave them a nice squeeze.

"Mmm, we're cumming," Galatea said.

Harry noticed the pronoun slip, but said nothing. He sped up the pace and rammed deeper into Galatea. He pushed himself against her, driving her into the bed. He cupped a large breast in one hand and squeezed it. The gasp continued and more cum trickled down his cock.

Galatea could feel the pleasure flowing through her body. She panted when feeling the heavy pounding increase. The slap, slap, slap of Harry's balls continued. He switched from one breast to the other before moving down to keep pounding her from behind.

Harry plowed Galatea harder from behind. The Kryptonian Clone appreciated him.

"Yes, Daddy, your little girl has been naughty, pound her pussy from behind!" Galatea yelled. She scratched the bed and ripped the sheets.

"If you set my room on fire again, you won't have sex for a week," Harry said.

That type of punishment made Galatea gasp in horror, but she managed to close her eyes and regain control. She only responded in a little girl voice.

"Yes, Daddy."

Harry picked up the pace with more heavy thrusts into her. His balls grew heavier when he pushed into Galatea faster. He ran his hands over her toned body. The sweat dripping down onto the bed from the two of them joining each other made it feel really good.

Galatea collapsed on the bed. Harry pulled out of her which made her whine in frustration. He flipped her over onto the bed and spread her legs. Galatea primed herself for Harry to intrude between her thighs one more time. The head of his cock danced against Galatea's dripping hot thighs.

"Be ready," Harry told her.

Galatea bit down on her lip and nodded. Of course she was ready. Ready for anything Harry had to give her. Harry slowly slipped his cock back in between her smoldering lips. Galatea grabbed Harry around the shoulder and encouraged him. Her legs tightened their grip around him.

Harry picked up the pace and started to rock down onto Galatea. He took her breasts and squeezed them. Galatea cried out in passionate screams when Harry played with her large, sensitive breasts.

"Squeeze those big titties," Galatea begged him. "Daddy knows how to make his little girl feel really good!"
Harry smiled and squeezed her breast even more. He pumped between Galatea's thighs. Galatea responded by pushing up and taking more of Harry deep inside of her. She held onto him, moaning and thrashing underneath him on the bed.

Every time Harry entered her body, electricity filled Galatea's body. Her head to her toes all tingled. Harry worked into her. He pounded her with the force of a truck. The bed almost gave way from the force. Galatea wrapped her hands around him, and kept her legs.

The two hovered about twelve inches off of the bed. Galatea arched her back in air, the only thing which supported her was Harry's hands on her back. Harry pushed into her and stretched her completely out. He licked her sweaty cleavage and Galatea breathed again.

Galatea mentally locked onto the feedback loop where the pleasure of two simultaneous orgasms hit through their body. Harry pushed into her and rode it out, one after another. The orgasms chained together and Harry only rode her faster than ever before. The balls swelled even more.

"So, close," Harry muttered.

Galatea tightened her grip around Harry. She could not wait to see what he would do inside of her. Those big balls had cum stored in them, all for her. All she could do was hold onto him and hope the end would be here soon. For now, Harry pounded her all the way through another orgasm.

Harry rode the sweet, tight Kryptonian pussy in the air above them. He heard a second, identical moan to Galatea, almost halfway across the city after she got through with her orgasm. Harry worked her to another one.

"You left the link open, didn't you?" Harry asked.

Galatea closed her eyes and responded with a nod. Harry finished pounding her even harder to another orgasm. What orgasm was this? Galatea honestly lost count of this point. All she cared about was cumming, all that mattered to her was Harry bringing her over the edge.

Harry allowed her dreams to all come true. Her pussy squeezed his cock. The pressure finally allowed Harry to go though. The contents spilled from his balls. Harry fired every last drop into her warm and wet body. Galatea milked him and brought all of what he had into her. Harry groaned, resting his head on her ample breasts at the end. His balls tightened around finished spraying the last drop into her.

Galatea fluttered down onto the bed. Her pussy overflowed with a nice combination of their juices. The Kryptonian Clone closed her eyes and only sighed in response.

No sooner did Galatea finally come down from her eye, a figure flew down from the sky. Her long blonde hair soaked with sweat and came out in disarray. Her face flushed a little bit red. Her uniform top soaked completely though. Her skirt bunched up and when it flapped up, one could see how her red panties underneath soaked.

"Hey, Kara," Galatea said.

Kara Zor-El, the Girl of Steel, Supergirl, folded her arms and looked at her clone. The two of them mostly made peace after a few encounters which ended in a fair amount of property damage and a decent amount of clothing damage.

"You just couldn't wait, couldn't you?" Kara asked. "You just couldn't wait for me to get home, could you? You had to fuck our husband's brains out like a common slut....."
"Hey, you're the one to get on with acting like a slut, Ms. Mini-Skirt," Galatea said.

Kara simply folded her arms and scowled at her sister. She had at least a dozen orgasms from halfway across the city, including one that almost caused her to do a headfirst plunge though LuthorCorp Towers.

"If you were in my position, you'd want to get a jump on things," Galatea said.

Kara shrugged, not really denying her point. Galatea rose up to the bed and smiled. She moved in and grabbed Kara around the back of the head before shoving her tongue into the other girl's throat.

The two sister clones kissed. Galatea hoped to ease Kara's tension for a moment. Kara returned fire by digging her nails into the back of Galatea's back. Galatea reached underneath Kara's skirt and started to feel how wet she was. Kara allowed her ot have her fun.

'Soon, I'll be having my fun,' Kara thought to herself.

Harry watched this cock hardening sight before him. Galatea shrugged off her sister's clothing and soon Kara stood there in a red bra and panties set. Her breasts didn't have the size of her sisters, but they were still fairly large.

A snap of metal brought Galatea out of her senses. She realized Kara fastened her against the wall.

"Now, turnabout is fair play," Kara said. She leaned in and gave Galatea one more mocking kiss. Galatea could only sit there and take it like the good little submissive. She took Kara's tongue down her throat and also allowed her sister to molest her body.

Kara finished by putting a blindfold on Galatea's eyes. It had been lined with a small amount of lead so she would not be able to see through it.

"There," Kara said. She smiled. "You'll be able to feel what happens, but you won't be able to see it."

Kara turned away from Galatea and walked over towards Harry.

"Sorry, to keep you waiting," Kara said. "You wouldn't think there would be this many bank robberies this early in the morning. And there's also the classic kitten up a tree thing."

"Well, you're just going to make up for it, aren't you?"

Kara descended to her knees before Harry. His rod, dripping with Galatea's juices, stuck out. Kara took it into her hand and squeezed the manhood to make sure it returned to as large it was going to be. She took him into the depths of her mouth and started to suck his rod.

"Oh, Rao!" Harry groaned.

Kara's beautiful eyes looked up towards him, with lust and mischief. The nineteen year old college student by day, superheroine by night, took more of him into her mouth. It looked so hot to see Kara going to town on Harry's cock with such reckless abandon, without even bothering to back off.

"Mmm," Kara moaned. She slurped him.

It tasted so good, deep in her mouth. The combined tastes of both her clone and husband made Kara weak with anticipation. She shoved more of his manhood into her mouth and slurped onto it.
Harry locked a grip around Kara's beautiful blonde hair. He pushed deeper into her mouth and formed a slow, but steady jack-hammering effect into it. Kara took him deeper and sucked him harder. She looked towards him, wanting his load in her mouth.

Kara bobbed down onto Harry at super speed. She gave him an extremely fast and extremely pleasurable blowjob which assaulted all of Harry's nerve endings at once. He grabbed Kara around her hair and pushed deeper into her. His balls throbbed and the end was going to come.

"Kara, this is….I think I'm going to….."

Kara's head turned into very fast blur. Harry's balls released their impact and sent his cum flooding down into her throat. The alien temptress only slowed down her actions so she could fully savor the blasts of cum coating the back of her throat. Harry pushed deeper into her.

Harry smiled and pulled away from her. Kara gave him a couple of light strokes and turned over with a smile.

Galatea breathed in and out. Kara walked over and took Galatea's breasts in hand. A couple of squeezes caused her moan. Also, by squeezing Galatea's breasts, Kara enjoyed pleasurable vibes coming from hers. This made pleasuring her clone just that much more important. Kara rubbed Galatea's slit and collected the juices.

"If you're dripping because of that, I'm sure you're going to be gushing beside of this."

Kara cleaned her fingers off. She took her bra and panties off and floated in the mid air. She reclined in the air above the ground, legs spread.

"I want you."

Kara looked into Harry's eyes before traveling down to see how nice and hard he was. Harry hovered over her and the two bodies pressed together in the air. Both made a frantic, grabby motion at each other trying to get either of them. The touches increased with Harry running his fingernail down Kara's back to increase the pleasure both of them felt.

"You have me."

Harry positioned himself at Kara's entrance. She opened herself up and Harry entered her. The familiar, tight sensations of her tight pussy made Harry feel really good. He pushed deeper inside her.

Kara hung onto Harry and made sure he did not slip too far away from her. Sensations spread through her body and they felt so good. Harry pushed deeper into her and pounded her. He guided her to that first orgasm. Kara hung onto him and shifted herself up and down towards him. He slowed down for a moment, and then sped up.

Harry alternated the pattern of his thrusts. The moaning of both of his wives did encourage him to speed up what he was doing. He held Kara into him tight and pushed down onto her. The two of them joined at the hip with Harry pushing further into her. They met with a frantic series of thrusts.

"Yes, more, harder!"

Two voices spoke this in unison. Harry smiled.

"Well, majority rules."
Galatea tried to push her hips out, as if that would make Harry go in further on Harry. She refused to let go of the link formed between her and Kara. Instead, she embraced it and embraced everything. Her pussy stretched by some invisible force. Every now and then her hips twitched, and dribbled juices down on the floor.

Kara allowed her orgasm to reach a natural conclusion. She pulled Harry over and flipped them so he was floating on nothing in the air. Kara clench him and held him up. She gained speed and increased the tempo with a nice long ride. Her hips pushed up and caught Harry.

Harry caught a glimpse of Kara. She moved up and rose up so high her head touched the ceiling before pushing back down. The Girl of Steel repeated this ritual. Harry marveled her sweaty, toned body, and felt it. He squeezed the flesh, which only made him hunger for even more.

"I always can't wait to suck on these," Harry said.

Kara's breasts might have not been as prominent as Galatea's, but they were still a nice mouthful. Harry took the warm sacs of flesh into his mouth and kept sucking on them. Kara stroked his hair while pumping him and encouraged him to keep going on. Her moans escalated in her ear.

"The harder you suck, the more she loses it," Kara said. "That's right, that bitch is about ready to choke for it…she's about ready to lose her mouth."

Kara understood the never ending feedback loop this entire situation could cause. She heavily embraced it. One stolen look showed how Galatea thrust herself against the air.

Harry turned his finger and pushed something between Galatea's thighs. Galatea thrust the air when the blast of energy stretched her out.

"Baby, I felt that one," Kara said.

"And you're going to feel this one."

Harry caught her flush with this one alright. Kara sized up and released herself onto him. Her orgasm intensified when riding Harry in mid-air. The small booms echoed when their hips met together.

'Good thing we're not on the bed,' Kara managed. 'It would be dust by now.'

Kara stroked Harry's chest to feel the strong muscles off of them. She bent down to kiss him while sliding her love box up and down on him. Harry found her ass just as nice as the rest of her and squeezed it. Kara responded by giving him a more frantic kissing.

"Finish me off," Kara said.

Kara could feel the big one coming. An orgasm more intense than anything she ever experienced in her life, and ever would experience ever again. She pushed down onto Harry.

Harry could tell she was getting to a peak. He waited for Kara to rise up and she brought herself down. Warm juices saturated Harry's pelvic region. The two of them stuck together when Kara released her fluids onto him. She squeezed him in response and Harry felt a tingle. Then he lost himself inside her.

Kara and Harry rocked back and forth in the air, sharing the mutual release of orgasms between the two of them.
Galatea slumped against the ground, still handcuffed, still blindfolded. Sweat still dripped down her face when breathing. The panting continued. Torture didn't even begin to describe this. It felt so good.

Kara descended down to the ground. She noticed a puddle of fluids trickling down Galatea's face. The younger Kryptonian pulled off the blindfold of the older Kryptonian.

"You've been a very bad girl," Kara said. "Clean up your mess."

Galatea descended to the ground and licked the carpet with her fluids staining it. She was on her hands and knees, ass presented. Kara smiled and stared at her ass. She turned back to Harry, who had himself fixated on the same exact part. Kara flashed him a knowing smile.

"It depends to be fucked, doesn't it?" Kara asked him. "Well, who are we to deny her?"

Kara grabbed Galatea and she almost protested. She scooped up Galatea and moved her over towards Harry.

"He's going to fuck you ass," Kara said. "And while he's fucking her ass, I'm going to take your dirty pussy and clean it out."

Galatea didn't protest. All she could do was see Harry's cock aim closer towards her. It looked much larger now it was about ready to find its way to her back passage.

"I can't wait," Harry said. "You're not going to be able to sit down without thinking about my cock being up your ass."

Galatea wasn't about ready to lie. She clenched at the thought. And speaking of clenching, Galatea's ass primed to do that around Harry's cock. A nice lubrication charm got her nice and ready for the intrusion.

Kara blocked out the sensations which spread through her body from feeling Galatea's pleasure of having a large cock in her ass. She bounced down upon Harry's lap and took it inside of her. It also left her dripping soaked thighs open and ready for Kara to dive down onto her.

"Damn, your ass is tight and fuckable," Harry breathed. "I'm going to drill it all night long."

Galatea thought it was a good thing she had healing abilities underneath the yellow sun. Otherwise having a large cock being pushed between her.

"Don't worry, sweetie, Mommy's going to make that nasty little cunt feel all better," Kara said.

Galatea gasped when the younger model pushed her tongue deep into her. Kara ate her out like there was no tomorrow. Each time, Kara went a little deeper, and eat time, Galatea grew a bit hornier at what was going on around her.

"Fuck, this is so good!" Galatea moaned. "Harder, so much harder…lick me…faster…"

Kara licked her. Galatea almost forgot about the cock wedged between her asscheeks. Not completely though, because Harry only sped up his tactics.

"Don't worry, didn't forget, just distracted."

Harry anointed her body with his grip. Every time he squeezed her, Galatea felt the sensations. His hands moved through her hair, on her neck, legs, side, and of course, her breasts. No one could
forget about those perfect breasts, which Kara had moved from her pussy to suck.

"Just seeing what I have to work with in a few years," Kara said. She sucked them a few more times.

Harry tried not to lose himself in Galatea from what Kara was doing. She sucked the older girl's breasts for a little bit and then returned back down to her pussy.

Galatea shifted herself down onto Harry. He continued to push himself further into her back passage. Every time Harry buried deeper into her, Galatea shook with pleasure when the energy of a well done orgasm coursed through her body.

Kara drank up Galatea's fluids, tasting them. She rubbed herself off when eating her out, knowing she was going to need get fucked again.

One more intense orgasm from Galatea made Harry's balls throb. He could feel her entire body vibrate. Her ass tightened down onto him.

"Now, it's my turn."

Galatea anticipated what would happen next. A nice and sticky load buried into her ass was coming. Harry pounded her ass like it owed him rent money. Every time he hit her, she gasped.

Harry deposited a sticky load into Galatea's ass. He held onto her when emptying himself into her. He groaned and pushed into her with a few more thrusts.

Kara drank up Galatea's juices and pulled away from her with a smile. Galatea pulled away from Harry, her ass blistered red and asshole dripping with cum.

"Again, I'm going to have to clean up your mess."

Harry looked up in time to see Kara shove Galatea against the wall and bury her face between her clone's ass cheeks. This proved to be more effective than any other stimulate. Kara tonguing Galatea's ass brought Harry's cock up.

Kara reached behind her, and stroked Harry while also licking the cum from her sister's crack. The day had just begun, and all three of them were not in danger of burning out any time soon.

The End.

Chapters 76 through 80 Girls:

Gotten Off(Romilda Vane and Potter Twins)

Gotten Off For Bad Behavior (Romilda Vane from Harry Potter and Amanda and Emily Potter, the OC Twin Sisters of Harry Potter).

Romilda Vane fluttered her eyes opened and groaned. The last thing the fourth year Gryffindor remembered was a party with her roommates. They gossiped and talked about which boys in Gryffindor were the hottest. One of the names which came up commonly was Harry Potter, and it wasn't just because he was famous either. It didn't hurt that he was famous, but that wasn't the only reason why they talked about it.

The girls talked and gossiped and plotted the best way to get Harry Potter into their beds though means both fair and foul. None of them were going to take things too seriously though, it was just a bunch of silly little girls getting hopped out of their minds of firewhiskey. Romilda did give Harry those chocolates, but so far there had been no indication he ate them so far. It was just a harmless means to get his attention.

Romilda shuddered when rolling over. The top half of her uniform hung open, with the tie on the uniform edging between her breasts. Romilda realized, when finally sobering up just enough to have a coherent thought, she had no bra. Romilda flipped over to try and roll out of bed.

A rope snapped back and Romilda shuddered one more time on the bed. Someone bound her to the bed. Romilda caught a glimpse of her wand on the shelf, just out of arm's reach. It almost taunted her.

A gust of cool air snapped between Romilda's thighs. She didn't wear any panties which just topped off the embarrassment. A flushed feeling spread over the face of the fifteen year old girl. Her large breasts squashed against the bed with nowhere to go.

"Well, Ms. Vane, you seem to be in a pretty tricky situation."

Romilda heard the voice of one of Harry Potter's sisters, she didn't remember which. Both Amanda and Emily Potter were a year ahead of Romilda. They both spent half of their time getting into all sorts of trouble.

"Poor dear, your panties seem to have gone missing," one of the twins said. "Which is a shame. Good thing we made sure you didn't go anywhere."

The second twin picked up where the first one left off. "It's unwise to wander the halls without one's knickers in such trying times."

The twin who spoke first walked in front of Romilda. Romilda assumed Amanda, due to the fact she had shoulder length hair, while Emily had longer hair which tied back in a ponytail.

"We're glad you're here, Ms. Vane," Amanda said. "Because, we have a confession to make."

"Yes," Emily said. "We can't live the lie anymore."

Romilda wondered what those twin terrors thought about. Did one of them just brush against her pussy? One of them did shove a finger in between her thighs and started to pump into the fifteen-
year-old girl's depths.

"What do you….mean?" Romilda asked.

The last word breathed it in a breathy hiss. Amanda smiled and ran a finger down the back of Romilda's neck before leaning towards the young girl who had been trapped on the bed.

"We can't live the lie anymore," Amanda repeated. "We're completely and truly madly in love with you….we want to have your babies, even though it's biologically impossible."

Amanda raked down Romilda's back. She shuddered when moving down her body. Emily buried her fingers between Romilda's thighs and fingered the younger girl.

"It's really funny, we didn't come to this conclusion until we ate those chocolates which you gave to Harry," Amanda said. "Funny how that works, isn't it?"

Amanda took Romilda's aching nipple between her fingers and gave it a light little pinch. Romilda closed her eyes tight and breathed. Two words echoed through her mind though.

'Oh shit.'

The twins kissed her body. They did a good job at stimulating Romilda's body. Emily worked at the lower half of her body and Amanda reached underneath. Amanda cupped the larger breasts of the fourth year Gryffindor and leaned towards her. The two of them kissed, with a trail of salvia connected between the two of them.

"We just want to make you happy," Emily said.

Romilda closed her eyes. The sensation of her clit being pinched rocked her body from head to toe. And speaking of head, Amanda perched herself at the edge of the bed. Skirt flipped up and pussy revealed.

"If you do a good job, I'll get you a reward," Amanda said. "Go ahead, honey, eat my pussy."

Romilda buried her face in Amanda's cunt and went to town on her. The fifth year encouraged Romilda's deviant behavior and the girl going down on her with more fever and passion than she could even manage. Romilda wrapped her legs tighter around Amanda's head and pushed her deeper in the area between her thighs.

The sounds of hot slurping and hungry licking followed. Emily buried her tongue between Romilda's legs to work her pussy with a few more thrusts.

"Go ahead, make me cum!" Amanda yelled. "Make me cum, and you'll get what you really want!"

Romilda didn't know what Amanda meant by that. All she could focus on was going down on her. The dark haired witch lapped up the dripping cum with a few more swirls.

Amanda smiled. She knew the little tease would be a good lay, and it was very easy to manipulate her. It was time to set her up.

"Just think, you're going to our brother's newest piece of pussy," Amanda said. "That's what you want, isn't it? You want Harry's big long cock driving into her tight cunt, pounding you until you can't breath."

Emily fingered and licked Romilda. She tasted the heavy amounts of juices trickling down between
the dark haired beauties legs. Those lips ached for one thing.

"The little bint is gushing something fierce," Emily said. "I think she needs to be shagged cross-eyed. Might teach her some manners, for once in her worthless life.

"Yes," Amanda said. "Make me cum again!"

Amanda ordered Romilda with force. She obeyed the shorter-haired Potter twin.

"Serves the tart right, really," Amanda said. "Maybe we should make her wait on Harry. Keep her as our own personal sex pet, and break her properly. We'll give her to Harry on his birthday."

"Should give us a good ten months to make her the obedient little pet," Emily said.

"Please!" Romilda yelled. "Look, I'll make you cum as many times as you want. But I really want to fuck Harry. You're not going to….."

Amanda shoved Romilda's face back between her thighs. Romilda opened her mouth and sucked the juices down in response.

"Less yapping, more licking," Amanda ordered.

Amanda looked towards the corner of the room and flashed a smile. A figure came into prominence, an invisibility cloak dropping down to the ground.

Harry Potter walked out into the room, watching the show He walked over towards Emily who spread her thighs and presented herself for her brother while eating out Romilda's sticky snatch.

"Keep eating my pussy until I tell you otherwise," Amanda warned Romilda. "Or you won't get anything."

Harry smiled and walked over. He slowly caressed Emily's body and stopped between her thighs. The young man's fingers caressed Emily's nether lips and pushed them apart. Harry lined up his throbbing cock at the edge of her and slipped inside the snug tightness.

Emily squeezed tight at her brother's intrusion. He made sure to caress every part of her body while pushing deep inside her. Harry pushed into her with a couple of thrusts and smiled.

"The two of you can't stay out of trouble for long, can you?" Harry asked.

Harry reached over and took Emily's breast. He squeezed it which resulted in spikes of sexual pleasure. The Boy-Who-Lived kept moving his hand to the back of Emily's head and caressed the redhead's hair. He smiled when pushing further into the dripping cunt beneath him, enjoying the feel of it squeezing him tight when pushing in.

Emily gasped. She never once let up on Romilda's pussy. It dripped with tender honey. She also took a moment to indulge the taboo feeling of her older brother.

"She's getting me nice and wet for you," Amanda said. "Aren't you, pet?"

Romilda delved into Amanda without any pause. She was fully aware Harry pumped into Emily from behind. That cock was so close to her that she gushed at the hips. She didn't dare.

"So, is she up to your standards?" Harry asked.

"She could use some work," Amanda said.
Amanda's eyes followed the progress of Harry when he drove into their sister from behind. For such a good girl, Emily took a hard cock into her pussy just as much as the next person. Amanda shifted her fingers to her nipple and squeezed it.

"Well, it will be up to you, to keep her on a really short leash," Harry responded.

Harry squeezed Emily's hips to gain the leverage and plowed into her. He gazed at the look of pleasure on the face of his shorter haired twin. The passionate gaze reflected back at Harry only made him slam into Emily harder and faster. Emily's latest orgasm clamped down onto Harry's aching hard cock.

"Almost there," Harry said.

"Maybe if you're good, we'll let you have a little taste of Harry when he's done with my twin," Amanda said. "Make this one good."

Romilda sped up her movements to reach all of Amanda's pleasure points. She swirled deep into the dripping hot witch and hungrily slurped those walls. The hunger only increased when Amanda pushed up even more. Her legs wrapped around Romilda and trapped her head, ensuring there was no place to go.

Harry pushed into Emily with a couple more thrusts. His muscles tightened and shot the immense load into her. Harry hung onto Emily and lost his load into her sister's warm and very willing pussy.

Emily twitched and clenched when Harry unloaded inside of her. The firm flesh of her brother pushing against her made her body heat up. Harry paid special attention to her ass when pushing into her. All of her brothers warm fluids found their destination inside her womb.

"Very good," Harry said. He drew back, nibbling on Emily's ear.

Emily collapsed and rolled over to show what her pussy had. Amanda finished bucking her hips up and splattering her cum all over Romilda's face.

The dark hair rolled away, her face sticky. She turned to another dripping hot pussy. The only difference between the two was this one dripped of Harry's cum. Romilda stood, licking her lips so much they moistened.

"You're get a small reward, but you better treat my sister good," Amanda said. "Or, you'll be pushed."

Romilda clenched and dripped at the thought of her new mistress enacting punishment. The images flashed in the mind of the young witch and enticed her senses. She crawled towards Emily. Emily responded by binding Romilda's hands behind the back of her head, with a shifty little smile in response.

"Here you go," Emily said.

Just as Emily rammed Romilda's face into her cunt, Amanda crawled over towards Harry. She took one look long look at Harry's cock which had been coated with Emily's juices. The mess dripped on the ground. Amanda reached in and grabbed her older brother's thick tool. She squeezed him and stroked the aching manhood until leaning forward with a smile.

"Looks like I'm going to have to clean up the mess Emily left behind."
Harry smiled. "Looks like it."

The Boy-Who-Lived gripped the back of his sister's head and positioned her mouth right over his cock. She swirled around the head with a smile dancing over her face.

"Why don't you put that hot mouth of yours to better use?" Harry asked her.

Amanda didn't need to be told twice. She hovered over Harry's engorged cock and slipped the thick tool into the depths. The familiar and lovely taste of her brother's cock warmed her body. Amanda bobbed all the way down onto Harry to tease both him and herself, hunger flashing through her eyes.

Harry responded by gripping the back of Amanda's head and making sure she kept sucking him. Amanda squeezed his balls in response to get a nice little preview of what buried between them. Harry encouraged this behavior by threading his fingers through the back of Amanda's head.

"Suck my cock," Harry said. "Suck it like it's your responsibility."

Amanda, being a good younger sister, obeyed, and drove down mouth first around Harry. She sucked Harry just as much as possible. Eyes flooded over when keeping onto his thick, aching manhood.

"Fuck," Harry breathed.

Emily leaned back onto the bed.

"For a little tease, you really know how to eat a pussy," Emily said. "But, I'm guessing you practice with all your little year mates…don't you….stick your tongue deeper, I want your pretty little face buried between my legs. Do you hear me, Romilda? I want you to swallow my cum so much you're still spitting it up tomorrow?"

Romilda obeyed the words of her one of her new mistresses, half wondering how she got into this particular mess. All that mattered was eating out Emily.

Amanda finished blowing Harry. The redhead balanced herself, straddling Harry. Harry took her breasts in hand and squeeze them. The busty redhead passionately moaned with each pinch and squeeze of her nipples. She rubbed down onto Harry's aching tool and positioned herself on top of him.

Harry played with his sister's chest to really get her going. It didn't really take much to get Amanda going though. Amanda just balanced with entrance dripping down on him. The juices coated the head of Harry's cock. Amanda slowly sank onto him.

"Damn, your cock is so fucking good!" Amanda yelled.

She punctuated the words good by driving down onto Harry. The redhead bounced, slow at first, but gained a bit of momentum. The witch never wanted her brother's big, meaty, prick from being that far away from her.

Harry touched the side of Amanda's leg and ran down it. Amanda moaned when drilling herself cunt first down onto him. Harry reached in and squeezed her cheek which only encouraged Amanda to drive down faster onto his prick. The feeling of his sister's pussy wrapping around his aching pole only made Harry attack her breasts with more fever.

"Yes, suck my tits, they're all for you, brother!" Amanda yelled.
Amanda gripped Harry's head and shoved him face first into her breasts. He sucked them as hard as possible and bit down on them. These actions caused an energy to spread though Amanda. The apex of said energies reached her thighs when she came down onto him. She gripped Harry's long cock to squeeze it within her. Harry picked up the pace and bombarded her with as many thrust as possible.

"Yes, you're so good," Harry informed Amanda. "You're very good, you really feel good. I can't stop fucking you."

"Then never stop," Amanda said. "Please, never stop, I need you inside me, coating my walls. Making me feel so good because of your cum."

Amanda's sexy ass smacked against him. Harry returned the favor by spanking Amanda and making her cream all over him. After having his fun with the spanking, Harry returned to driving himself into her. Another orgasm spread through the body of the Potter girl. She bucked up and down on him.

"She's so good," Harry breathed.

Emily let the feeling of Romilda eating her out like a good little pet. Her pussy oozed when Romilda shifted her tongue.

"You must really want my brother's big cock if it makes you feel this good," Emily said. "Just keep eating, and maybe I'll let all your dreams come true. Maybe you'll get everything you've ever dreamed of, you kinky little bitch."

Romilda wanted to protest how much she wasn't a kinky bitch. It was very hard to have such an argument when she went down on pair of twin sisters. Not only did Romilda go down on them, but she went down on them in the hope their older brother fucked the fourth year senseless. While the twins watched Harry Potter do so.

The fifteen year old girl gushed and stained the bedsheets at the thought of this.

Sweat dripped down Amanda's beautiful face. Harry caressed his sister's face before the two siblings shared a kiss of love and passion. Amanda drove down onto him.

Every time her big brother's cock pierced her tight little pussy electricity coursed through Amanda's body. Her nipples hardened, begging to be sucked, played with, manipulated. Anything, they just begged to be touched. Harry's hands agreed to do the touching.

"Your pussy is so good, Mandy," Harry said. "Are you going to cum for your big brother again?"

Amanda pushed away from Harry's shoulder, which she had been biting down on. Emily make sure to hold Romilda's head up so the little tart could hear Amanda's screams when Harry shagged her. The redhead stuffed as much full of Harry's cock.

"I bet that bitch won't know what to do when she has a real cock in her," Amanda said. "She thinks she's entitled to it….maybe you should give her more than she could handle."

"Maybe," Harry said. "First, I'll give you everything you can handle."

Amanda agreed with this. She tightened around Harry and brought dripping juices down onto him. The redhead worked herself over the edge of an amazing ride. The two of them shared this combination with each other.
Harry's cock coated with Amanda's juices which allowed him to slip into her tight cavern with ease. Her warm pussy squeezed Harry before he bury slid out. Harry responded by pushing back in. Each time, a twitch spread over his balls. Right into the moment Harry buried into Amanda and shot his load into her.

Amanda clutched onto the bed, not bothering to mask her screams.

"KNOCK ME UP RIGHT IN FRONT OF THIS BITCH!" Amanda yelled.

Both of the twins had been told by their mothers they were to be under charms until they finished their NEWTs, and they weren't about to risk the wrath of Lily or Rose. Still, Harry pumping Amanda with enough cum to impregnate every witch in Hogsmeade and Romilda's frustration got Amanda off a whole lot.

Amanda waited for Harry's cock to finish pumping her full of cum. It was only polite to do after all. She smiled.

Emily allowed Romilda to drop on the bed. A quick flick of her wrist added a ball gag in Romilda's mouth along with the fact she was bound and gagged.

"Well, do you think she's done a good job?" Harry asked.

"She's fair, although I'm not sure how much I can forgive the entire love potion thing," Amanda said.

"To be fair, I wouldn't have been effected by it anyway," Harry said.

"That doesn't really matter," Amanda said. "And we know you can throw off love potions, along with the Imperius Curse, and the charm of Veelas."

"He can throw off the charms of Veelas so he doesn't act like a drooling idiot," Emily said. "It doesn't stop him from shagging said Veela cross-eyed."

"Yes, dozens at the same time," Amanda said.

"An entire coven of them," Emily added.

Amanda finished with a shifty smile. "Taking the Queen in front of her subjects and making her scream and cream for you was my favorite. Right after you take her nieces and sister in front of her. It's perfect."

Romilda almost passed out from the thoughts. The rumors were true about Harry Potter shagging any entire village of Veelas until they could take no more was true. She needed his cock into her badly. Any woman would need Harry's cock in her. Romilda just needed his cock a little bit more.

"I think we broke our new toy," Amanda said.

"A pity, guess she doesn't have any replay value at all," Emily said.

Amanda shoved her fingers deep inside Romilda.

"No, there's still some signs of life left in her."

A few more pumps occurred before Amanda yanked her fingers away from Romilda. She offered them as tribute to Harry who licked them in response.
"I'm going to fuck you until you can't take any more," Harry said. "Is that clear?"

Romilda consented with a lustful nod. She didn't care how hard he hammered her. Only that they combined their juices in a very sexual manner. She couldn't wait any more.

"I think she agrees," Amanda said.

Harry smiled and positioned himself for Romilda's pussy. It was obvious the girl was a virgin. Well, Harry knew she was going to be ruined for life for other men. She wouldn't be the first either.

The first few inches slid into Romilda. She couldn't clutch down on the bed due to her hands being tied. Harry rested on her side and pushed more of his length rod into her.

"Look at this!" Amanda yelled. "She doesn't even have half of it in, and she already has tears coming down her face."

Amanda shook her head in mock sorrow. Harry smiled and held onto Romilda's side, pulling almost all the way out of her and then he pushed more of himself into her tight pussy. Her walls resisted the large throbbing intruder for a minute until Harry pushed deep into her.

Emily shoved her fingers deep inside in tune for Harry thrusting deep into Romilda. She watched, greed dancing though her eyes when Harry pushed deeper into her body.

"You just can't wait, can you?" Amanda asked.

Amanda grabbed her sister's long hair and pulled Emily to a standing position. The two twins shared a blistering case while feeling each other's paled toned bodies up. Emily gripped Amanda's ass cheeks with a hearty squeeze.

"We better keep focused," Amanda said.

Emily thought focusing was a lot easier said than done especially with her sister's tender kissing. Those warm kisses connected with the side of her neck. Amanda ran a hand down Emily's back and slipped between her thighs. Fingers wiggled into Emily's dripping pussy. Her hips pushed deep into Amanda's questing hands.

Romilda almost lost all sense of herself. Harry rode into her from behind and did not stop. He almost exited Romilda completely and forced frustration inside the girl's body. The moment the frustration almost passed, Harry drove himself down into her. The ritual had been repeated a couple more times.

Amanda sensed when Romilda's body sized up. She whispered something in Emily's ear while also stroking her twin's pussy. Emily smiled and nodded with an eager grin on her face.

Harry looked up from drilling Romilda into the bed. He looked towards the twins with devious grins etched on their faces. Both of his sisters could be pretty cruel when they needed to be, especially when they thought their brother had been wronged in some way.

"I think you're in trouble," Harry said. He grabbed two hands full of Romilda's hair and forced her to look towards the twins while ramming into her.

Romilda took one look towards the twins. The girl's body sized up in desire. Trouble wouldn't be the half of it, she suspected. Harry pieced her body.

Amanda slipped a belt around her. The belt grew transparent and a large throbbing cock rose in
between Amanda's legs. It was a produce every witch required when at play with their roommates.

"Dirty sluts like her only are good for one thing," Amanda said. "She's good to get fucked in the ass."

Amanda slowly shifted into Romilda's back passage.

"She clenched me hard," Harry said. "I think she wants you to fuck her in her ass."

Amanda offered a grin before squeezing Romilda's meaty cheeks. Harry shifted position just enough for Amanda to slip in. Both Potters were about ready to double penetrate Romilda in both of her holes.

'Morgana's throbbing clit, I can't believe this is happening,' Romilda thought.

Romilda's puckered back entrance spread apart. Amanda slipped a finger between the girl's cheeks and fingered Romilda in her tightest hole. The moment the hole had been loosened, Amanda slipped herself into Romilda's tight ass and shoved deep into her.

"Damn, she really has a tight ass!" Amanda yelled. "Good thing you didn't fuck this yet, Harry. You'd rip her apart!"

Both Potters double stuffed Romilda on either side of her. They smacked against her holes, driving their organs into her. Sweat flowed down the face of the girl when their questing hands squeezed and rubbed every last inch of the girl. Harry took Romilda by the right tit and squeezed it.

She came really hard around Harry. Harry hung on and pushed into her. The cum bloated balls slapped against her with each thrust. Harry buried himself deeper into her.

Amanda was a little bit slower than her brother. She pushed deeper into Romilda. The ball gag caused her screams to be muffled. The body language was more than enough to tell them what she was feeling and what she was doing. Amanda plowed Romilda as hard as she could in the back passage.

"She's feeling good," Amanda breathed.

Emily took a position on the other side of Romilda. One swift motion transfigured the ball gag into a very realistic dildo. Emily added a charm to combined the two of them.

Romilda's pleasure hit another peak. She looked up to see Emily driving her cock into Romilda's mouth. The dark haired girl breathed heavily when Emily choked her out on the magically created phallus.

"That's right, maybe you'll learn some respect."

All three Potters plowed Romilda in her holes. The Alpha Bitch experienced more pleasure than she ever experienced in her life. Her wet dreams about being forced to submit to Harry Potter paled with what was happening now. Harry Potter and his twin sisters took turns taking Romilda in her holes and spiking into her depths.

"She's being taught a lesson in manners!" Harry groaned.

Romilda closed down around Harry. Harry picked up his thrusts into her. Every time he went into her, an increasing pulse of warmth spread around him. Harry pushed deeper into her with a couple more thrusts. He smacked Romilda's hot flesh with a couple more thrusts.
"I'm so close," Amada said. "I don't know how much more I can take out this tight ass."

"I'm going to choke her out with my big cock as well," Emily said.

Emily gripped Romilda by the face and forced the magical penis down her throat. It expanded and stretched the girls throat. The warmth of her mouth sent tingles over Emily's body.

Romilda dripped with drool, sweat, and cum when the Potters increased their thrusts into her. All three of them gang-banged her and put her in her place.

"I'm getting really close now!" Amanda yelled. "How about you Harry?"

"Ladies first!" Harry groaned.

Romilda gripped him tighter. The younger girl ran off of instinct and Harry took himself into her warm depths about ready to finish her off forever. He made sure see felt his balls slap against her cunt. Every drop of burning seed would be spilled into her body.

"Chivalrous prick," Amanda growled.

Amanda groaned at these final words and the magical cock channeled the juices. The shorter haired Potter twin came hard into Romilda's ass. She drilled the Alpha Bitch hard before emptying her.

Emily gagged Romilda with a similar amount of seed. The moment Emily pulled away, seed dribbled out of Romilda's mouth and nose.

"One more time."

Harry locked onto Romilda's hips and rode out the final orgasm which flowed through her body. He savored every single inch and knew how much he controlled the girl's release and pleasure. Seven more thrusts caused a series of miniature orgasms to fire through Romilda.

Romilda was only just conscious for what happened next. Harry held onto her hips and pushed into her. His balls sized up and Harry unloaded inside of her.

"So good!"

Harry finished emptying his balls inside Romilda. Many pumps later, he pulled out of her to survey the damage on the bed.

Romilda laid down face down in drool, cum, and sweat on the bed. She did her best impression of a Knockturn Alley prostitute with the fluids dripping out of her holes.

Harry released her bindings and conjured a towel to throw down at her.

The twins turned towards Harry and pressed on either side of him.

Amanda leaned in and practically purred in Harry's ear. "So, shower?"

Harry wasn't going to argue with them. He surveyed the handiwork the Potters left behind. Another Alpha Bitch put in her place.
The End.
The brunette girl leaned back against the wall. The cool surface of the wall brushed against the girl's palms. She dressed in a button up white top which only came up halfway to her midriff. Tanned and toned, an abundance of skin allowed anyone to see it. A red and black plaid skirt came down to the apex of the girl's thighs. Thigh high white stockings adorned her legs. The shoes dangled from her feet when pulling them up and coming down. The attire gave her the impressive over a schoolgirl, but the outfit also made her feet really good and more comfortable.

Those eyes looked up and waited. Countless fragments rattled the back of her head. The poor girl had an identity crisis, and had been sent to this location to be sorted out by an expert.

The doors opened up. A handsome dark haired man stepped in front of the captive girl's eyes. A visual undressing followed when looking up and looking back. Brown eyes met these piercing green eyes. The man dressed in a lab coat which opened up. A nice button up shirt followed, with dress pants. The man carried a clipboard and walked towards the patient.

"They tell me you were first called Caroline Farrell," he said. "Your official designation is Echo, due to your ability to retain certain aspects of the personalities which have been imprinted on you."

"Yes," she said. "But, my life is a mix of fragments, so…I'm not sure what I am right now, or what I can be."

"I'm here to help, my name is Doctor Harry Potter," he said. "I specialize in the therapy of women who have lost their way."

She was in at least a dozen minds to ask more. Harry crooked a finger and convinced the girl to stand up straight. Once again, she smiled. Harry slid off his lab coat and dropped it to the ground. The shirt sleeves came up just enough to see a pair of toned arms.

"Well, they said you would come to help me," Echo said.

"Yes," Harry said. "But, I can't help you, if you don't help me."

The patient in question didn't know what to feel about what he said. All she could do was step forward in front of the young man. His gaze penetrated the young girl. It was almost like he looked into her very soul.

"How are you feeling?" Harry asked.

"I….I don't know," she admitted.

Harry motioned for her to come closer to him. He took the girl into his arms. Echo gasped when feeling the young man tighten the embrace around her. They came an inch or so closer together.

"I don't know, what to say about this," Echo said.

"This is a very hands on exercise," Harry said. "If, you're not comfortable, we can try something
else. Although, we might not get the same results."

Echo took a moment to close her eyes. A part of her became excited at the possibilities. Several thoughts ran wild at what this Harry Potter was capable of.

"No, I need this," Echo said.

The brunette babe didn't know what she wanted. Harry took Echo close in and the two of them met lip to lip. Echo, defensively, started to raise her hands up. Harry only deepened the kiss in response.

Echo placed her hands on the man's cheek. Instead of shoving him away, she simply dug her nails in closer and kissed Harry deeper. Their warm lips met together in a passionate dance.

Harry's hands roamed without abandon. Slow at first, but picked up. It encouraged Echo to delve into feelings which she hadn't properly explored in a long time. Feelings which she had not been programmed to explore, unless it served a purpose, but most of the time, the purpose had been artificial.

This was more real. The kisses continued, and Harry pulled away from her. Salvia dripped from the girl's lips. Another couple of kisses, this time trailing down her jaw line. Echo encouraged Harry to continue with light moans.

Harry couldn't believe how surprising soft the girl's skin was. He kept kissing her, and bringing passionate plays. The vixen continued to level some breaths until Harry finished off with those kisses directed towards her.

The activity continued for a bit more. Harry analyzed the look of wanton lust through the girl's eyes. He sparked a fire in her.

"The subject appears to have the desired results," Harry said. "But, I want to know, how are you feeling now?"

"Wet," Echo said. "And really horny."

Echo's skirt rolled up to show Harry a pair of lacy red panties. She gripped the waistband and snapped the panties against her flesh. The panties showed the outline of her lips.

"I can see," Harry said.

A blink of an eye resulted in her panties wiggled down closer. Harry brushed against her navel which resulted in a gasp. He pushed down and reached her.

"Make sure you tell me everything you feel," Harry said.

Echo parted her thighs for intrusion. Harry pushed one finger into her depths. The warmth spread apart Harry at each pump. The flesh contracted around him.

"It feels so good," Echo breathed. "I can't have enough, I want even more."

The dark haired girl wiggled her hips up towards the doctor. The medical examination continued when Harry pushed a finger inside of her. He leaned in and gave her a kiss. Echo anticipated these kisses.

Harry touched his lips against her warm lips while playing tribute to another set of lips. He rubbed Echo's pussy and clinched her around the clit. Echo leaked juices down on him.
Echo reached around, to feel up on Harry just as she did. Her hand stopped at a very prominent bulge which was growing. Echo reached in his pants and squeezed it.

"Oh, you're excited as I am, aren't you, Doctor Potter?" Echo asked. "Why, don't I return the flavor from earlier? Make you feel as good as you made you feel?"

"Now, Ms. Farrell, this is out of the scope of our examination."

Harry knew this would make her want him and his cock any more. Echo descended to her knees and pulled Harry's pants down with practiced ease. His thick, cock sprung out for her.

"Don't worry," Echo said. "I won't tell anyone, this will be between you, and me."

Succulent red lips surrounded Harry's manhood. Echo got a good grip on the young man's backside. Passionate brown eyes met Harry's with the sucking.

"This makes you want to put my cock into your mouth, doesn't it?" Harry asked. "I wonder if we'll be exploring other areas tonight."

Echo intended to explore other areas. A clenched hand weighed Harry's balls. She enjoyed the immense weight those balls filled and knew from shattered memories it would taste really good once she emptied them. But, did she want this load down her throat? Or did Echo save it for later?

Harry flickered through Echo's silky dark hair. The doll rose up and brought more of Harry's engorged manhood into her mouth. Harry was very pleased how she was being cultivated, being liberated enough to want to serve only one person.

"Just be honest with your feelings," Harry said.

Echo lavished Harry's cock with more spit than she thought anyone could ever imagine. The manhood left her mouth only to lick around it before popping it inside. Echo wanted to spend a lot of time sucking on it. She didn't really want Harry to lose it just yet.

Harry fastened a tighter grin on the back of Echo's head. The young man pushed into the mouth of the cock-sucking goddess. Echo grabbed Harry and took as much cock as any one woman could manage. It was pure sexual lust with how much she went down on him.

"Mmm," Echo breathed.

"Keep doing what you feel is right," Harry encouraged her.

Echo pulled away from him. The brunette rose up to her feet and balanced on the bed in the medical area. The brunette positioned on her hands and knees when showing Harry a delicious dripping slit. Harry smiled and approached the woman.

"Oh, there's something burning in me, and I don't know what could cure it."

The doll shamelessly shoved three fingers inside herself. The juices collected upon the fingering. Echo explored her depths before retracting the fingers from within.

"That didn't help at all," Echo said. "Doctor, I don't know what we should do. Surely, you have something that can cure my burning….passionate….desire!"

Echo swatted her backside with a solid spank. The sound of hand against flesh made Harry grow hard.
"There's one thing," Harry said. "The process of injection might hurt at first. But, don't worry. Just hang on and you're going to feel wonderful."

Harry positioned himself behind Echo. The mirror on the wall showed the anticipation dancing in the girl's eyes. Harry lined his hard cock up at Echo's entrance. He gripped the girl's hips and positioned closer to the other side. Harry groaned when sliding into her.

The tightness of her pussy was like pure magic around him. Harry slid into her. Echo's passionate moans followed. Harry slid into her and out of her.

Echo grabbed onto the bed. Harry split her apart, and Echo could not get any more. Her mind was more clear now than ever before. Harry gave her one singular focus, how great this sex was. The never thrusting set Echo's motor cunning.

"You're right!" she screamed. "It feels good."

"See, your doctor knows best," Harry said. "And you feel really good as well."

Echo was sure he was the perfect fit for her. Every time the handsome doctor filled Echo up, new pleasure coursed through the doll's body. The front of her top ripped open and Harry cupped the woman's free breasts. The hands squeezing her glorious flesh made Echo increase in excitement.

Harry guided Echo to one of the most potent orgasms possible. The thrusts started at a slow and steady beat. Echo's moans increased when Harry's thrusts increased. He paused to feel up the girl's body.

"More, please, harder!" Echo yelled.

Harry tightened the grip and plowed into the dark haired girl. Echo's head snatched to look into the mirror. Harry could see the woman's passion increase. Harry reared back and plowed the doll again and again.

"Yes, this is my purpose!" Echo yelled. "To be plowed, by your thick, massive cock… I bet you leave all of the girls screaming, begging for more, don't you?"

The emerald-eyed gentleman simply grinned at the words of the beautiful woman he plowed. Echo started a bit reluctant, but the more Harry buried into her, the more she craved everything Harry could give. Harry could give a whole lot. Every inch buried into Echo. Thick balls full of cum.

Echo wrapped around the bed while feeling Harry pounding inside from behind. Every inch of that massive rod sent fire spreading through her. The doll's nipples grew rock hard and she became hard.

"So, that's what you are," Harry said. "You were born to be fucked by me. Are you cumming for me often?"

"Yes," Echo said.

Thrust, thrust, thrust, Harry pounded the brunette. He decided now Echo was ensnared to move in for another kill. A twist of Echo's hard nipples caused the woman to scream and cream. Another twist followed by more rapid fire thrusts on the part of Harry.

"Would you like to cum more often?" Harry asked.

"Yes," Echo begged him. "I didn't know this…could feel so good. I hope this won't be our only
"Oh, don't worry, we've just begun," Harry said.

Harry stimulated Echo's nerve endings all at the same time. The flare shot through the body.

"What do you want?" Harry asked. "What do you really want? Tell me your greatest desires, and we can make them happen."

Echo looked pretty cute when chewing down on her lip while deep in thought. Harry slowed down the thrusts to give Echo some breathing room.

"I want you to watch me bounce on your big fat cock," Echo said. "Please let me…I bet it's bigger when I'm top. You should really see my face when it enters me…you know for science."

Harry teased Echo with a few more thrusts and reached underneath to touch the girl's clit. He pulled out of her and smiled.

"Turn around, and let's do this…no, crawl for me slowly, savor the moment."

Echo dropped to her hands and knees and crawled towards Harry. The throbbing cock stood up and it looked much bigger than it felt inside. Echo walked over and teased Harry, and herself with a few kisses. The warm kisses caught Harry on the rod, and took his head into her mouth. Echo slowly took more of Harry into her, and hummed, very lightly.

Harry motioned for Echo to climb onto his hips to straddle. Echo did so. The warmth and softness of her flesh made Harry hunger for more. All twelve inches positioned towards the beauty's entrance. The dripping pink pussy lips intended to gobble up every inch of Harry's cock.

A soft moan erupted when Echo came down onto Harry. She bottomed up on Harry's cock. Her tanned thighs pressed up against his when rising and falling up and down.

Harry enjoyed the feel of the soft, tight, flesh squeezing around his pulsing member. Echo settled into a rhythm while bouncing up and down. More of Harry worked into the sexually starved brunette. Red fingernails raked Harry's shoulder with a hum cumming out of the mouth of the goddess.

"Just take your time," Harry said. "Savor the moment. Savor life's pleasures."

Echo savored every single inch of this particular pleasure. The girl's momentum increased every time when Harry brought her deep into her body. Echo increased with passion and pleasure. The panting female rose and fell. Every time Harry shoved into her, sparks of excitement spread over the beautiful girl's body.

Harry touched every single savory inch of the brunette's beautiful body. Echo came almost all the way up and slid more of Harry's thick tool inside. She rose up and came down with a couple of long thrusts. Echo slapped down onto Harry with a couple of long, and hungry thrusts. Harry reached in and gripped the girl by the ass to encourage more steady bouncing.

"I'm feeling a release," Echo said. "It feels so good….please, don't stop, make me cum hard."

Harry smiled and took further control. Hands rested on Echo's sweaty lower back. The brunette rebounded up and dropped down Harry. Each and every thrust made her feel good.

"Who do you belong to, now?" Harry asked.
"You," Echo said. "Because, you're the only one who can make me feel this good, so fucking good. I don't think I can…..mmmm….yeah!"

Echo crashed down onto Harry and brought more of the thick aching tool into her. The walls of the woman closed down and milked away at Harry. Harry responded by holding the bouncing breasts. More caresses came through and more tingles came down the spine.

Harry indulged into this body. Those juices trickled down Harry's pole and allowed the thrusting up to be even harder. Harry kept rocking down into Harry, burying inside her.

"Yes, more, I need more, please," Echo moaned.

Harry smiled and nibbled the side of the girl's neck. Echo's passions became completely unbridled. Harry switched the side of the year, tasting the very sweet flesh.

"You'll have more for me every day," Harry said. "We'll do this every day, if you're just to come with me."

The double meaning of Harry's works broke something in Echo. A clenching went through the doll's body. Head to toe experienced a burning pleasure. Harry put his hands on her back and encouraged Echo to go down deeper, further. More aching cock spread between Echo's dripping thighs. Harry bounced into the goddess on top of him.

"Yes, I'll come with you anytime!" Echo yelled.

Harry knew he could count on this. A squeeze of Echo's hips increased the girl's frantic bouncing on top of him. The girl built up even more tension which was going to be released pretty soon.

Echo never really felt anything better than what was going through her body now. Every single thrust brought new levels of passion. Sweat coursed over the girl's body. The sex crazed vixen kept riding Harry and took as much of him inside as possible. A part of her feared once the pleasure stopped, there would be trouble.

Harry brushed down Echo's back to encourage the girl from riding up. Overall, everything went as planned. The beauty bouncing up and down him caused a twitch to go through Harry. Harry smiled and explored the front of the girl's body. She bounced even higher.

"You know how to make me feel the best," Echo panted.

"We're almost there," Harry said. "You've been very helpful at helping me, help you."

Echo increased the help all the way through another powerful orgasm. Those slick thighs came down onto Harry. A couple of long thrusts brought increased passion.

"I'm going to cum inside you, but you can't stop yourself, can you?" Harry asked.

A small part of Echo whispered to pull away. A larger, more vocal part told her to keep riding on top of Harry. The throbbing iron pole pierced the woman deeper into the sexy woman. She craved what lingered between those balls. The balls Echo felt brush her thighs every time when coming down. The girl knew what they held. Burning lust exploded.

"You crave something more tangible for your life," Harry said. "And you're going to get my cum, and that will complete this session."

Echo wanted to drag out the thrusting, but didn't back off. All she could do was bounce up and
down faster and faster with those thrusts. She craved so much cum. All of it would be inside now. The cum would flood from those thick balls and pump her until Echo couldn't take any more.

"Yes…mmmm…YES!" Echo breathed.

Harry made sure to meet Echo. The tip of Harry's cock pressed against the womb of the body. The sorcerer prepared to seed Echo, and give her a permanent roll in his life.

"Caroline, I need you to cum one more time."

Echo smashed those warm hips down onto Harry. A few more thrusts came down closer onto Harry while bouncing high, up and down. She slapped those hips down onto Harry's throbbing manhood and kept up with the thrusts.

Harry spent some time familiarizing himself with the skin one more time. Echo thrust down onto him. The tight squeeze of an orgasm well-earned brought pleasure all the way through her. Harry planted himself into Echo and started to plant the first rushes of seed into her.

Echo's desires had been fulfilled with something warm and sticky exploding into her. She drove down onto Harry with a couple of thrusts and milked the thrusting organ to completion.

"Give it all to me, don't hold out!" Echo begged.

Echo intended to get her money's worth, scratching Harry's chest. She drove down onto Harry's hips and gave a passionate kiss to the handsome man while getting cum pumped between her thighs.

The completion of Harry's orgasm lasted for several minutes. The sorcerer pumped Echo full of his semen and made her his for a very long time.

Harry pulled out of her and left the girl smiling after completed.

"So, do you want me to help you take care of the guards?" Echo asked.

"Do you think you can do so in your state?" Harry asked.

"Yes," Echo said. "And thank you for coming back for me."

The two exchanged a kiss. Both of them pulled away all too briefly, having plenty of work to get done.

End.
Amora the Enchantress never once backed down from a challenge. The arrogance of the woman could not be denied no matter what. The woman clipped her blonde hair back. She dressed in a green outfit which had been cut out the cleavage, and also showed her long legs. A green headpiece added to the outfit.

The figure in front of her smiled. The woman's purple hair tied back in a side ponytail. The goddess dressed in a skin tight purple dress which came down at the apex of her thighs. The woman's lips puckered together with a nice shade of purple lipstick. The woman walked forward and stared down at Amora, eying her.

"Circe," Amora said.

"My dear Enchantress," Circe said. "So, it appears you haven't come to terms with I'm superior to you in every single way."

"Oh, I disagree," Amora said. "There's nothing you can do to make me admit that. You have given me no evidence. There's not a man in the nine realms who would concede you're better than me. Not if they have had a taste of me."

"Oh, I don't care about an opinion of just any man," Circe said. "I want the opinion of a real man."

Amora smiled when looking towards Circe. The mischief dancing through the eyes of the goddess showed Amora she had something crafty in store for this particular wager.

"Oh, and where do you expect to find a man who would be able to given an even perspective?" Amora asked.

"What makes you think I don't have a perfect man in mind," Circe said. "Or are you too much of a coward to concede you're going to lose this bet."

Amora shifted into one of her more devious smiles. The woman extended a hand and touched the girl upon the shoulder.

"What do you have in mind for our wager this time?" Amora asked. "The last wager didn't end so well….it was funny how a vengeful army of elves attacked when you were about ready to lose the challenge."

Circe refused to back down from the gaze. She leaned closer towards Amora and flicked the tongue on her lips.

"We remember things differently," Circe said. "This time there will be no excuses. Whoever loses this challenge, will be the pet of the loser for a period of thirty days. Unless, you think you can't match up to my experience."

"Yes, your experience, I've heard the stories of you," Amora said. "And where is this unbiased
judge of our prowess?"

Circe snapped her fingers. A flicker of light appeared. The one and only Harry Potter appeared, with a knowing smile when he looked towards both of the women.

"So, the two of you can't settle your grudge against each other," Harry said. "You've cause so much chaos when attempting to judge who the better person is."

"It was all in good fun," Amora said. "She started it most of the time."

The deceitful Greek Goddess shook her head towards the enchanting Asgardian Goddess.

"Again, we have a different perspective," Circe said. "Regardless, I'm most certainly glad Harry has come before us….we've had a taste of him at different times in the past."

"And he's tasted us as well, well he's tasted me," Amora said.

"He has with me as well," Circe said.

Both of the women remembered those encounters quite fondly. Harry cleared his throat. Amora decided to take advantage of her proximity towards Harry and draw first blood. The Asgardian stepped in a kiss and slowly eased the tongue inside Harry's mouth. Harry returned fire and embraced Amora tightly, increasing the depth of the kiss.

Circe waited for Amora to finish.

"Well, you had to save the best for last," Circe said.

Circe took a kiss from Harry. She ensnared Harry in a lengthy embrace. Harry responded by dipping behind Circe and holding the woman close to him. Circe moaned and anticipated more of the kiss. Harry was amazing.

Harry tasted Circe's sweet lips. The cinnamon taste coming from those lips were intoxicating. Harry could also feel a couple of kisses delivered to the back of Harry's neck.

Amora didn't want to keep Harry's attention on Circe for too long. The Asgardian's slender fingers rubbed against Harry's abs and slowly pulled down his pants.

"Don't mind if I do," Circe said.

"You have five minutes a piece," Harry said. "With your mouth, with your breasts, with your pussy, and with your ass. Obviously, if either of you can get me to cum, you win the competition."

Circe descended down before Harry. She gave him a squeeze and Harry swelled for her. Circe leaned in to take in Harry's cock.

"Just remember, if she wins, it's because I got the ball rolling."

The goddess inhaled Harry's cock with one fell motion. Every inch slowly worked between Circe's perfect cock sucking lips. Harry held onto the goddess's head and the very familiar warmth started.

Circe didn't want this to end at the first hurdle, but at the same time, she also wanted to defeat Amora. The Goddess didn't just want to humiliate the Enchantress. No, humiliating that bitch wasn't enough, the Enchantress needed to be humble. Circe slid her tongue over Harry's head and then swirled further down the length. Circe gripped the part of the cock which would not fit into her mouth.
Amora watched Circe service their fellow lover. The Enchantress danced against her entrance, but stopped short at slipping those fingers inside. It wouldn't be good form to show herself diddling to Circe giving Harry a blow job.

Harry tightened his grip around Circe's hair. The sound of balls slapping against chin made it feel so much good. Harry groaned when Circe took him deep into her throat. Several slurps made Harry try and hold on. Harry held onto Circe and continued to slide into the woman's mouth.

"Two minute warning," Harry warned Circe.

Circe cupped Harry's balls and proceeded to suck him as hard as possible. The woman had an insane amount of momentum behind the blowjob. Her fingers encircled his sack.

Despite Circe's best efforts, there was no way she could have finished Harry off in time. And to be honest, it was a good thing she couldn't finish him off like this.

"Time."

Circe put in one more hard suck before pulling away from Harry. She turned around and gave the most evil eye possible towards Amora. The Enchantress responded by sauntering over and looking at Harry's cock, dripping with salvia. The woman smiled and grabbed Harry by the throbbing cock to pump him a few times.

"Well, you've had the rest, now it's time for the best."

Amora descended to her knees.

'If I'm going to be a whore, you better believe I'm going to be the best damn whore possible.'

Amora inhaled Harry's hard length with one fell swoop. The Enchantress brought as much of Harry's length down her throat as possible. Every time the tip of this long cock struck the sorceress's throat, Amora just sucked him even more. Her silky fingers brushed Harry's balls and gave the heavy balls a nice squeeze.

Harry watched as Amora's golden blonde hair unclipped. The woman looked up towards him with her eyes, with such wanton lust. The Enchantress blew Harry as hard as possible. Every suck, every slurp, the warmth of her mouth could not be stopped. Harry gripped Amora's face and pounded her mouth.

'Yes, use my mouth like your own personal fuck hole!' Amora mentally encouraged Harry.

The Master of Death pounded Amora's mouth. The beautiful heat surrounding Harry's massive rod could not be stopped. Harry clutched Amora's beautiful hair and pounded the woman's mouth without any abandon. Every time Harry drilled Amora's mouth, she responded with a pleasurable gasp. These gasps increased the more Harry plowed Amora's warm, hot, throat with everything he could do to her.

"Mmm!" Amora moaned around Harry's cock.

Circe watched how much Amora had her mouth abused.

'Bitch deserves it,' Circe thought.

"Getting close…for your time to be up," Harry said.
Amora figured the challenge would not be over after the first round. She gave it the old try. Fingernails raked Harry's thighs before moving up. Those heavy balls offered a preview of the treat which would soon pour down Amora's throat, if she had her way, that was. The Enchantress kept sucking Harry, hungrily taking more cock into his mouth.

Harry regretfully pulled away from Amora when she finished sucking Harry off. He turned around for Circe, who already kneeled before Harry. The purple haired goddess cupped her breasts and sauntered over towards Harry. A smile spread over the face of the goddess.

"You're eager."

"Of course," Circe said. "What goddess wouldn't want your divine rod shoved between her large breasts?"

Circe took Harry's well lubricated cock and slid it between the valley. The goddess could feel his head poking out, throbbing. She licked the head. Breasts squeezed together.

Harry took in the warmth of Circe's beautiful breasts. They encased Harry's tool nice and tight. Harry enjoyed the feeling of her large breasts around them. He couldn't take any more and had to take them. Harry thrust up between her breasts and started to fuck the glorious melons as hard as possible. The breathing Circe gave him showed how much she enjoyed it.

Circe lost herself to the passions. An energy rod appeared and shoved between the goddess's legs. The goddess shoved the magic dildo deep inside her core. Every spike of energy resulted in an orgasm. The pleasure increased when Circe synchronized the orgasms in time for Harry's thrusting.

"You have such, big, warm tits," Harry said. "I could bury my cock in these all day, but you have another minute to get me off."

Circe tried to push things. Had it been a minute already? Circe tightened the grip of her tits and jerked the young man up. He would reload fast, and she could win the challenge. The intrigue of Harry spill his thick cum all over her face and tits excited Circe to no agree.

Amora stripped off the top and waited her turn. Circe's tits weren't bad, to be fair.

"Well, it's my turn," Amora said. "Why don't you take a look at these nice, firm breasts? They're much better, and softer than here's...here."

Amora grabbed Harry and guided him in between her tits. Harry responded by sucking on the nipples briefly and rubbing his face against them.

"They are pretty soft, and pretty big," Harry said. "Not to mention pretty firm."

"Very firm," Amora said. "And they're the perfect fit for your massive cock. Why don't you put it there? That's where it should go, Harry."

Harry rubbed his cock head against Amora's nipples. They stuck out. The Enchantress laid down on the ground. Blonde hair rested on the woman's face in curls. Harry slipped between those large tits and started to go to town on the Enchantress.

Amora took the large cock between her breasts. Harry pounded those breasts like he owned him, and in Amora's mind, she did. Amora gave a few light moans, and coos.

"Cum all of my chest, Harry," Amora breathed. "Paint your whore...make sure she knows who you belong to."
"If you think your tits are going to finish him off…before he gets inside my tight pussy, then…you're mistaken," Circe said.

Circe's fingering brought forth a nerve racking orgasm. Her tits were still tender from Harry fucking them. Amora looked to be going the same way. Harry's rapid fire thrusting increased.

"So close, but so far," Harry said.

Amora tried to make as much of the remaining few minutes by increasing her friction. More of those round tits took Harry deeper between her breasts. Harry wouldn't stop though.

Harry pulled out of her breasts. It was a shame he had to leave, but those were the rules of the challenge. A nice lavish bed appeared off to the side, and Circe propped up on it. Her legs spread for Harry. Harry could see her pussy drip for him. Those pink lips, outlined by purple pubic hair, beckoned Harry.

"Time for me to remind you how nice and tight my pussy is," Circe said. "Come and get it, stud."

Harry positioned in front of Circe's dripping womanhood. The young woman spread further and beckoned Harry to enter her. So he did, and every single inch of his cock spread Circe apart.

"Damn, you're right, you're tight as always," Harry groaned.

The thrusts started with Harry rising up halfway and then burying more of his thick length inside of Circe. Circe responded by grabbing into Harry and encouraging the young man to stuff her full of even more cock, more cock than any pussy could receive.

Harry grabbed Circe's breasts and squeezed them. The goddess rose her hips up and met Harry with each thrust. The two matched each other's momentum. Circe squeezed and could feel the tingles of the first orgasm inside her. Harry thrust deeper into the goddess. Every single inch had been explored.

Circe did not know how the pleasure increased. Harry buried more of his manhood inside of Circe's wet pussy. The woman clamped around Harry and took more of him inside of her. The mighty rod speared into Circe's wet cunt. Every time it went into the goddess, the woman clamped down onto him, heels digging into Harry's ass.

"Getting closer," Harry said. "To your time limit."

Circe almost lost it and held onto the back of Harry's neck when he continued to slam her. The teasing increased. Harry took those nipples and sucked on them. The only thing Circe could do to encourage Harry was to grab his hair and encourage the tit sucking.

The seconds of Circe's allotted time.

"You can't get enough," Harry said. "It's a shame I can't give you any more."

Circe protested Harry being extracted from her. All good things had to come to an end, she just didn't want this to come to an end this time.

Harry turned around in time to see the glorious sight of Amora on her hands and knees. The round ass swayed in front of Harry. Amora looked over towards Harry with a sultry gaze and a nice slap to her toned ass. Amora's tongue flickered to encourage Harry to go over.

One throbbing cock pushed between Amora's toned thighs. The Asgardian could feel the woman's
wet pussy contract around him. Harry reached around to explore all of her tender body while slowly gaining some momentum around him.

"I wonder if you're going to give a pretty good go of it," Harry said. "Yes, I can see how wet, and eager you are."

Harry pumped deeper into Amora with a couple more thrusts. The Enchantress kept up with the moans. Every time those balls slapped against Amora, a tingling feeling spread through the loins of the goddess. Harry really was doing a good job in keeping up.

"Yes, you're...so amazing," Amora said. "I would love it if you gave me the blessing of your cum.....every single drop."

The warmth and tightness would have brought down a lesser man. Harry held himself on and pounded Amora. Two orgasms piggy backed off each other. The pleasure waves caught the Enchantress flush with more desire than anyone could describe. Harry reached underneath and cupped one generous breast of the Enchantress before squeezing it. The moan increased with Harry plunging into her.

"You're getting so close I can feel it," Harry said. "Can't you feel how much I like fucking your tight cunt? I want to feel your juices run down my thick, throbbing cock!"

Harry plowed deeper into Amora with every fluid motion. Those balls kept slapping against the Enchantress. Harry filled and emptied the beauty.

"Yes, my stud, I know!" Amora yelled. "Please, Master, give me your gift...give me the gift of your cum!"

The Master of Death only responded by plowing the tight pussy. One look at that tight asshole made it certain what Harry needed to come for. The seconds ticked by and the thrusts grew deeper.

Harry pulled out just when Amora reached the apex of the orgasm. One could see how much juices she left on his cock. The activity left Harry well lubricated for the main event, well part one of the main event anyway.

Circe positioned her asshole out in the open. The hot, pink, hole shoved open for Harry. The woman's lips licked when looking towards Harry.

"Come and get it!" Circe beckoned.

Harry positioned the tip at the sorceress's reach entrance. The tight, extremely tight asshole was a tight fit for such a nice cock. Circe screamed when Harry pushed into her.

"Damn, fucking as hot as a furnace back here," Harry said.

"Trust me, master, things are going to get hotter."

Harry reached between Circe's legs and stimulated the sorceress's clit while thrusting deep into the woman's back entrance. A heavy pounding resulted in Circe giving a deep and hot set of moans. Harry thrust inside a bit slow at first, but given how much Circe deserved a hot and fast pounding, he gave her one.

Circe entered heaven, which was amazing for someone of her nature.

"Just proves you're nothing, other than a big slut who likes to get pounded in the ass," Harry said.
"You like taking a big cock into your ass like this, don't you, baby?"

Circe moaned in response. The time was ticking away, and it was her last chance.

"What do you expect, I'm a Greek Goddess," Circe said.

Harry only smiled and continued the heavy pounding. Circe's tight hole had been violated with the seconds ticking down. It was going to be a close one. Harry couldn't really figure out how close it would be. All he could do was keep pounding her hard and fast.

Amora sucked her finger and then inserted one finger into the back passage. The Enchantress fingered her ass in response to what Harry is doing.

"Well, that's a shame, but we're about done," Harry said. "You got pretty close now."

Circe collapsed, the best thing she could hope for was Amora didn't win the battle either. The goddess looked over towards Amora's dripping ass and if she was honest, she wanted to tongue the fuck out of it.

Every ounce of self-control Circe had needed to be taken not to do that little thing.

Amora rode her own finger until it was time for Harry to come over. Harry positioned over the back passage of the goddess who spread her cheeks out for him to get into her tight, dripping wet hole.

"Warmed myself up for you," Amora said.

"Yes, I can see that."

Harry slipped into Amora's forbidden hole. The warmth of such a glorious, tight, hole made it very hard for Harry to keep himself above the water. And speaking of very hard, he plowed himself very hard into Amora's hot, tight ass. The thrusts started slow, and then sped up, increasing all the way.

Amora screamed in pleasure with Harry working away at the goddess. The Asgardian held herself against the side of the bed and accepted more of engorged prick into her back entrance.

"Plow me, make me think of you every time I sit down!" Amora yelled.

Harry didn't contest these thoughts. He picked up the pace and anally fucked the golden haired goddess. Amora's body coated in a nice sheen of sweat, which added the beauty's appeal. Harry took the large breasts which she thrust out willingly and used them as a balance to plow the tight, golden ass beneath him.

Amora savored the moment and savored this long, thick, juicy, cock plunging into her back entrance. Harry really knew how to make her feel good. Not only did her ass get the pounding, energy spread through the Asgardian's pussy. The pleasure increased from head to toe, and Harry made sure to pay attention to those tits.

"Two minute warning."

All was fair and love and war, and this was both, so Amora decided to throw in a little of the charm.

"Please, beloved, you want to cum in my ass," Amora begged. "It would make you feel so good… it would feel so amazing if you blew your sticky load in my nice, perfect, round, juicy ass!"
Harry slammed Amora's ass upon each word. A little whimper coursed out of the woman. Her lubricated ass allowed Harry to slide in deeper.

"Nice try, but I'm afraid your little enticing tricks won't work," Harry said. "And just for that, I'm not certain if I should allow you one final orgasm...."

Amora pumped higher and wanted more of this cum. She would do anything for Harry, anything at all. Hips clenched down and took more of Harry's throbbing phallus in between her ass.

"Time's up!"

Amora collapsed down onto the bed. Circe sat up, watching as a frustrated Enchantress thrashed around the bed.

"As much as seeing her in that frustrated state is a win for me....." Circe said. "I'm afraid we have no...."

Ropes snapped around both of the women and tied them spread eagled right next to each other on the bed. The ropes dug into their aching nipples and dripping, throbbing pussies. Metal clips pinched their nipples with a chain hanging from them. Both of them attired in chokers, with a chain hooked to them end of them and both had matching, sparkling ball gags.

"Oh, neither of you have won, and now both are you are going to suffer the consequences of your loss," Harry said.

Both pussies ached with need. Harry stood over both of them and prepared to pick his poison. The chain hooked the nipple clips held in either hand and Harry gave it a firm tug which caused both of them to gasp.

Amora and Circe spent a fair amount of time trying to get Harry's favor.

"You're bad girls, and you're going to be punished," Harry said. "Thinking you can use my cock as a pawn in your competition."

Harry pushed inside Amora and grabbed onto her hips, while also threading the chain. Harry pounded Amora's tight, dripping pussy without even letting up. The Enchantress clenched Harry when he pushed into her. Every single thrust brought pleasure coursing through the loins of Amora.

"Yes, very bad girls, who are demanding to be punished."

Harry pounded Amora with numerous thrusts, and whipped her bottom with the chain hooked to her nipples after every time. He reached some kind of number.

"I wonder if either of you are going to be worthy of my cum," Harry said. "Maybe, Diana or Sif would appreciate it more when I've had my fill with you."

Both Amora and Circe looked horrified at the thought of Harry denying them a gift, and instead giving it to one of their mortal enemies.

Harry took turns slamming and spanking both of the women. He could tell how much they were turned on by the fact he controlled them and could control their pleasure. The wicked women had their fun, and Harry humored their competition, but it was time to remind them.

"Maybe, I'll send for Sif or Diana, or maybe both," Harry said. "Maybe, I can bend them over the table right there and fuck them right in front of you. Make you watch as I fuck the daylights out of
them, and fill their pussies right in front of you with my cum."

Harry whipped the bottoms of both of the women and plowed their pussies, seven times in succession and several spanks in succession, before switching. He blocked their healing magic to really make them feel it.

"Make you helplessly watch, as I give them a load of cum you so desperately crave," Harry said. "Given them something you unworthy sluts crave, but can't have…"

Amora clenched Harry's rod inside her at being demeaned and owned so much. The Enchantress would happily be lead around the nine realms in a collar and chain like a common pet, if it meant having an hour with Harry's cock inside her, fucking her from every position.

"But, you'd get off on that."

Circe tried to act better than that. Her gushing pussy clenched at the thought of Harry fucking the entire Amazon Royal Family, Diana, her younger sister, and her mother, all in front of her, while Circe had forced to bare witness. The goddess's imagination ran while, as Harry fucked all of the other Amazons, and all of the Goddesses got a turn.

"Yes, I know you will, there's no use in dying it."

Harry spent a long time alternating between pounding them. Sweat, drool, and cum spilled out of the girls. Their asses reddened and their pussies had been beaten raw. Harry made sure to use their bodies to fulfill his full pleasure.

"Maybe, you'll receive a nice surprise, one of you," Harry said. "Maybe…we'll just have to wait and see."

Harry switched from one tight pussy to another. He varied the patterns, never once backing up. Both women wanted his favor and most importantly his seed.

Circe thought it had to be her, it just had to be her. She done more to deserve Harry's cock than that tart Amora did. Harry grabbed everything when pounding Circe. Circe could only lay back and take the heavy cock.

Amora wanted Harry's seed overflowing from her. Every single thrust increased the wishes. Harry tugged on the leash hooked the choker and made Amora look at him. Amora only turned wetter.

'Treat me like your own personal cum rag.'

Harry alternated the thrusts and could tell it was about time to finish them off. Both of the goddesses wanted his favor, but he was going to twist around their expectations.

"One or both of you might get my gift," Harry said. "Once I pound you into submission you will… or maybe I'll decide to leave both of you dry, frustrated, and lacking my cum."

The mind numbing orgasm rendered both Circe and Amora unconscious. Harry rode out the last few moments leading up to his orgasm in the pussy of the lucky goddess.

Harry plunged into her and the heavy load which had been built up over the past several hours finally spilled into one of the naught goddesses. Thick cum churned from Harry's balls and into the lucky winner of this contest.

The Master of Death pulled away to survey his handiwork with a smile.
End.
A bright light flashed through the sky and a doorway opened through it. A figure flew out head first and tried to fly down onto the ground the grace one would expect from her royal being. Instead, she landed in the middle of a puddle of water.

Alia of Themyscira, born as Alexandra Potter, tried to pull herself to her feet. She slipped down and fell down to a position on her hands and knees. The Amazon's round ass, fit in her tight black pants, stuck in the air, presented for anyone who came around from the brush of bushes.

The demi-goddess's black hair unclipped from the ground. The girl's beautiful face with soft features, high cheek bones, a cute little nose, and rosy lips, along with wide expressive emerald eyes, fixed into an expression of discontent. The front of her top ripped. The wardrobe malfunction threatened to expose her massive breasts. The woman turned her head around, hair flipping against the Amazon's face.

Alia could have sworn she was not alone. The magic mirror, Alia and her sisters came across, had been an artifact used by one of their many magical enemies to try and unleash some kind of dark creatures.

'Really, just another Thursday.'

The Amazon made another attempt to rise to a standing position. Alia pressed against the wall and took a deep breath to look forward into the shadows, and see something come back. Alia reached to her side, and much to her agitation, her weapon was gone.

Alia still had her magic, but without a weapon, she felt naked and not in a good way either. The Amazon craned her neck to try and look for the person who she sensed from the shadows. One of Alia's gifts had been able to pick out dark creatures who lurked in the shadows around her.

"Hello?" Alia asked. "Anyone there?"

A sound of rustling from the shadows caused Alia to standing up straight. Hairs prickled the back of the woman's neck when edging closer to the shadows.

"You're not from around here, are you?"

Alia looked up and saw a young man approach her. His black hair came down and displayed a figure which was like a Greek God. She really hoped the man's personality was a bit more appeasing than a Greek God. Alia had more than her fair share of run ins with some of the Greek Gods, mostly Zeus and his bastard sons, to make her stomach turn. They didn't dare try anything other than general harassment.

"Just who are you?"

The Amazon looked towards the young man's burning green eyes. A bit of her defensive stance faded when one point became clear. Those eyes were just like hers.
"What in the name if Hera is going on here?"

The young man stepped closer towards her. Alia stood, ready to fight.

"My name is Harry, Harry Potter."

Alia blinked and could feel a rush of energy flow over her body. The Amazon Princess stood up straighter, her heart skipping several beats in a simultaneous way. She recognized his tactics. They were one Alia used against women to calm them down. Alia tried to fight against the pheromones but the Princess feared a losing battle was being fought.

"Potter, you said?" Alia asked.

She took a step forward, and her ankle rolled underneath the pathway. Harry reached over and grabbed Alia around the waist to prevent the Princess from sliding back. She felt his muscular body against hers, how firm it was and shuddered at the thought.

Alia never saw much of anything in men. She didn't really hate them, well unless they did something stupid to get her to hate them, but for the most part, she didn't really give them much of the time of day.

"Yes, Potter," Harry said. "It's funny, I've only seen eyes like that from one other person, and that was my mother."

"Was your mother named Lily?" Alia asked.

"Yes," Harry said. "Where did you come from?"

Alia hesitated. She knew all about the multi-verse and traveled through a few of the worlds. Never had she traveled to a world where there was an opposite sex counterpart.

"Why don't we get you patched up, and then we can talk about it," Harry suggested. "I'm sure you've had a long journey wherever you've come from."

Harry encountered several opposite gender counterparts of himself. This girl appeared to be another one. The two made their way up the steps, with his alternate universe twin leaning up against him when the two made their way up the steps.

"My name is Princess Alia of Themyscira," Alia said. She picked up on the sudden realization dawning on her face. "Do you know of such a place in your world?"

Harry answered with a smile, and Alia could almost tell he had right away. The two of them walked inside of the house, and Harry lead Alia towards a guest room.

"Yes, I've heard of it….I'm well acquainted of some of the occupants on the island," Harry said.

Alia would have sensed bullshit from such claims from any other man. She looked Harry in the eyes and saw there was absolutely no bullshit coming from him. She could feel a heated feeling from her loins.

"I came through here in a magic mirror," Alia said. "The sorceress who tried to access it, she opened up a portal to your realm, or dimension or your version of Earth…we are on one of the Fifty-Two versions of Earth, aren't we?"

"Yes, Earth Seven," Harry said. "At least, based on my research, and comparing the harmonic
alignments."

Alia would have liked to compare notes, but she had dripped in muck and mess.

"You don't mind if I have a shower," Alia said. She reached and saw her bag was missing as well. "Um, this is embarrassing, but do you have a spare change of clothes here?"

"I believe one of the girls can loan you some," Harry said.

Alia smiled, taking note of the fact there were many girls. The Amazon, without really thinking to the contrary, pulled the tank top off of her body. Her round breasts with dark tanned nipples bounced freely. They rested on her muscular frame, with a perfectly toned stomach without an ounce of fat.

The Amazon wiggled down her bottoms, pulling them down over her tight ass. A strip of black hair danced in front of Harry's face with a pair of tight looking lips. She had very toned, very juicy looking thighs, and a pair of legs with stretched on for miles. The most enticing feature of her was her ass, wide and forming a perfect bubble shape.

Alia looked towards Harry, who had his eyes glued on the woman. The beautiful Amazon witch adopted the classic hands on hips motion.

"And here I thought you saw a naked woman before," Alia said.

"I just feel all things being equal, I'm a bit overdressed," Harry told her.

Alia smiled and invited Harry to take off his clothes. She was rather curious to herself. The young man pulled off his shirt to reveal a very toned upper body. His pants came off next to reveal muscular legs. His skin had a few scars covering it, but those scars just added character.

The Amazon's wide eyes drank in Harry's muscular body. The aura he gave made him so much more attractive. Alia looked up towards his handsome face. Butterflies fluttered in her stomach.

"Well, aren't you going to go all of the way?" Alia asked.

Harry smiled and pulled down his pants. The next sight resulted in Alia stepping back and holding onto the wall. She locked eyes with Harry's long cock being presented for the entire world to see. The moment she realized it was not fully erect, a fluttering coming through her body.

"So, I guess we're even," Harry said. "Have fun taking your shower…"

Alia reached in and grabbed Harry before pulling him through the door. The Amazon showed her forcefulness by trying to push Harry against the tile of the bathroom. Harry reached up and grabbed her hand and positioned her for a second, pushing her against the wall.

A shudder spread over Alia's body. A swollen tip brushed against Alia's flat, toned stomach. Juices collected towards him.

"I can't believe how much I want this," Alia said. She lifted her legs up and squeezed them around Harry's toned waist.

Harry smiled, sensing how much she wanted this. He wanted to make the moment last and savor it. He leaned closer towards Alia and caught her lips with a kiss.

Alia receive a kiss from her twin. Electricity exploded over her body. Alia's loins dripped. Harry's
magical tongue went further inside the back of the girl's throat. Alia reached up and grabbed onto that messy hair, making it even messier. Harry responded by ruffling Alia's hair.

Harry experienced the forcefulness he expected from an Amazon Warrior. He planned to tame Alia just like he tamed many others like her.

Alia whimpered when Harry pulled away from her mouth. The kissing increased with Harry leaning on in and suckling the pulse point on the side of the girl's neck. Alia arched her hips up and Harry caught her tender skin between her teeth. His mouth marked the side of her neck.

Harry backed away and looked at Alia, who panted with pleasure.

"You know you want to get down on your knees," Harry said. "You want my cock, don't you?"

Alia never kneeled before any man. She tried to remain proud, despite the lust burning through her body. Harry just flashed a smile and reached behind Alia. His fingers brushed a spot on the small of Alia's back. Tingles shot down Alia's spine and made her pussy twitch. Harry's opposite hand ran down Alia's front.

Harry rubbed Alia's rock hard nipples and twisted them. Every time he touched a different spot, the enchanting sorcerer paid attention to the pleasure. She was used to being the aggressor with sex, and the fact he was able to take her off balance was very appealing.

"Are you going to yield?" Harry asked. "Are you going to kneel before me?"

Alia tried to fight out of pride. Suddenly, her knees bended on her own accord, sinking down to the soft carpet of the bathroom rub in front of Harry. Her pussy dripped down on the carpet leaving some wet spots on it.

Harry's long hard cock extended out and touched Alia on her lips. Alia gripped Harry and ran a hand down him. She leaned in and licked Harry. Her tongue swirled around the head while jacking the length. The Princess rewarded herself with a taste of pre-cum dripping down Harry's lengthy, throbbing tool.

Alia needed this cock rammed down her throat in the worst way. The complete size of it.

"I wonder if you can take the entire thing in one go," Harry said.

Alia used her abilities to expand her throat cavity a little bit. The Amazon grabbed Harry's hips and started at the tip of his cock. She slowly worked his monstrous manhood down into her throat. Alia took the cock with grace. She pushed it in and out, sucking deep and hard on him.

Harry gripped his twin's hair to ensure the efforts. The dark haired vixen slid completely down on Harry's massive tool and came down onto him. Her tongue encircled Harry.

Alia tasted every single inch of Harry's rock hard cock. She needed to have this in her, but for right now, Alia settled in sucking him off. She tried to switch tactics. Her tongue vibrated about Harry when encircling the length of his cock!

"Mmm, you're so fucking good," Harry groaned.

Alia used her talented tongue to give Harry a very steamy Parseltongue blowjob. The twisting and rattling weapon of pleasure stimulated Harry's nerve endings. Alia increased the pleasure by cupping Harry's balls and ramming more of his cock down her throat.
The Amazon squeezed the thick, swollen balls and sucked Harry completely off. Alia slurped him, hard and fast. She wanted more of Harry down her throat, and also wanted the seed.

"Damn, baby, you really know how to hit all of the right spots," Harry said. "I'm going to lose it if you're not careful."

Alia sped up the Parseltongue love. It took a bit longer to get used to sucking a cock as opposed to eating out a pussy. The Amazon managed to get the hint of it. Harry grabbed the back of her head and held in close. Alia's face had gotten fully and completely fucked, her throat engorged with heavy thrusting action.

Harry groaned. The tingling coming through his balls were getting to be pretty close. All he needed to do was a few more thrusts and fired his load.

Alia accepted her first taste of semen. She gulped it down with glee. Harry's spunk tasted better that the combination of chocolate and ambrosia, which she suspected had to do with the magic of the situation.

A few more sucks and caresses allowed Alia to drain this load. She rose up to her feet. Alia made eye contact with Harry and licked her lips.

"I hope you're ready and able to return the favor," Alia said.

Harry motioned for the ledge of the tub. "Take a seat."

Alia sat down on the edge of the tub and spread her thighs apart for Harry. Harry leaned down and started to kiss down her front. The Amazon's moaning increased when Harry kissed down her neck and then made his way in. He grabbed her large breasts and started to suck on them.

Harry buried his face between her breasts and sucked on them. He moved a hand between Alia's thighs and could feel her dripping for him. He alternated between one nipple to the other, suckling on them.

"Yes, Harry, right…there!" Alia moaned.

Harry took a nipple into his mouth and sucked on it, before kissing down. The sweet sweat dropping down her stomach made Harry smile. He worked a tongue into her navel and licked down between her thighs. The green-eyed sorcerer indulged himself into her sweet flesh.

Alia waited with a deep breath held in. Harry got closer to the center hole. A long kiss planted on her nether lips. Harry found her clit and rubbed it, slowly at first, and sped up. Alia dripped her hips up and down. Harry slipped between Alia's thighs, and licked her insides.

"Harry, please, don't tease me!" she yelled.

Her alternate dimensional counterpart slowly slipped inside Alia's pussy. His tongue worked into her, slowly licking inside of her. It extended several times the natural length to tickle the insides of Alia's body. She reached down and held Harry's head, making sure he stayed buried between her toned thighs.

'Please be a Parseltongue, please be a Parseltongue,' Alia thought, taking in a nice and deep breath.

Harry caressed Alia's thighs and delved closer into her. He almost pulled out, nose bumping against Alia's pubic bone and then pushed between her legs even more. The scent of this beautiful woman
made Harry delve deeper into her. Harry licked the juices from her.

He could see the apex of an orgasm coming through Alia. Harry only had one thing to. He started to speak the Alphabet backwards, while imagining she talked to a snak.

Alia bucked up into Harry's mouth. The vibrating tongue spread her inner lips and tongued her completely out. The Amazon wrapped her legs around Harry's neck and bucked up. The vibrating tongue dug deeper inside of Alia. She twitched up and shoved more into his mouth.

"Yes, you're so good, I'm so fucking horny!" Alia yelled.

Alia wanted more of Harry. She stroked the back of Harry's hair, before running up and down, breathing. Harry shoved deeper inside Alia and tongued her out. Many orgasms came through her. Alia ran back and up down Harry's hand, breathing and moaning from the thrusting of Harry's tongue.

"MORE!" Alia yelled. "I need more…please…give me so much fucking more!"

Harry didn't deny the lady she wanted. He ate the woman out and excited her down to the complete depths. He took his reward, when licking her out.

Another orgasm, and Alia could barely balance herself on the ledge of the bathtub. Harry rose up, face dripping from her juices. Harry held Alia's hands and prevented her from falling back.

Alia took a couple of breaths, and turned around, balancing herself on her hands and knees. The Amazon's wide ass smacked Harry's face. She spread her legs and ensured Harry saw all of her.

"Harry, I need you," Alia begged Harry. Her thighs spread apart. "Please, I'm burning up, I need your big cock!"

Harry rose up to Alia's level and grabbed her hips to position the Amazon in precious. The sorcerer leaned in and planted his lips on the back of her neck. The sorcerer leaned closer and leaned towards Alia's ear. He kissed and nibbled the girl's ear, brushing his tongue against it.

"Yes, I'm sure you need it," Harry said. "And why wouldn't I give it to you?"

Alia parted her thighs and could feel him inside her. It would have been the biggest thing she had shoved inside her.

"Get ready for the thrill of of your life."

Harry brushed through Alia's hair. Alia suckled Harry's finger and could feel Harry's long prick against the edge of her entrance. He explored her curves and grabbed a handful of Alia's chest. Alia passionately screamed when Harry pushed between Alia's lips.

"Please," Alia said. "I need you to fuck me."

Alia's lips moistened and opened the door for Harry's tip to slide inside. He pushed into her and stuffed her full of his cock. It felt really big shoving inside of her.

Harry could feel the tightness of her pussy. He had some pretty tight, hot pussy before. This particular pussy took the case. He gripped and pushed into her. The right amount of traction needed to be gained for Harry to keep up the pace. He started slow and gained momentum on her moaning and encouragement.
"Yes, that's so good!" Alia yelled.

Alia dug her nails in to hold the grip. Harry bent her over the ledge of the tub and rammed into her body. Every time Harry pushed in, his hands raked up Alia. Tingles burst over the body. Her nipples hardened until they found a way behind Harry's fingers. Harry pinched Alia and twisted the nipples.

"Oh, you're going to cum soon, and it's going to be better."

Harry could feel Alia's pussy throb underneath him. She sucked his cock between her thighs.

"For your first cock, your such a natural," Harry said. "Unless you've always dreamed about having a male alternate taking you and making you his."

Alia couldn't deny this fact. All she could do was taking more of his engorged length inside her. Harry sped up the thrusts and buried the full length inside her. She clutched the side of the ledge and accepted more of Harry's engorged cock inside her. He sped up with more thrusts.

"So close," Harry said. "You're close to cumming, and you really want to cum for me, don't you?"

Harry brushed Alia's nipples and picked up the pace. He hammered the doppleganger with deeper thrusts into the Amazon's body. His balls slapped against her thighs.

"Yes, I want to cum!" Alia squealed at the top of her lungs. "Please….let….me…CUM!"

Alia screamed in response. Harry grabbed Alia's breasts and slammed into her. The orgasm spread through her loins and shot a warm rush of cum over. Harry's cock coated with her cum. He slid into her, feeling the warmth of her pussy squeezing into her.

Harry rocked back against Alia and drilled her even harder to bring her to another orgasm. He slipped so easily into her with a series of huge pumps. The young sorcerer pounded Alia as hard as possible. Harry grabbed her breasts to squeezing them. The Amazon responded by clamping her pussy with a couple of long and hard thrusts.

"Mmm, that feels so good," Alia breathed. "Making me cum so many times. You're going to drive me crazy."

"I know what my sister wants," Harry said.

Alia smiled, her loins caught on fire. This was either incest or an extremely elaborate form of masturbation, or maybe both. Either way you cut it though, it was just plain hot. Harry picked up the pace to drill Alia's pussy with more of a fever, slapping her ass in response.

Another orgasm occurred before Harry slid out of Alia. She almost slipped over. Harry rolled her over, and made Alia hover up in the air.

"I want to see your face when you cum next time."

Harry climbed over Alia's body. The wizard brushed against her lips which leaked with so much cum. Harry wanted his pace back into her.

Alia wrapped her legs around Harry. The two of them hovered above the air. Alia tightened the grip around Harry's upper back with her hands. Harry slid deeper into Alia and submerged inside completely into him.
The sexy warrior woman pushed her heels against Harry's back side. Harry rose up and plunged into Alia. His thick balls slapped against Alia's thighs when coming into her. She moaned and dug deep into his back.

"You just can't get enough, can't you?" Harry asked. "Good, because it's time for you to cum again."

Harry ran a fingernail down Alia's long leg. Alia's wet walls tightened around Harry and milked him another orgasm. She really wanted his cum bad, really bad. Alia gripped Harry around the neck and moaned in his ear, taking the length of his hard cock inside her with a few hard pumps.

"Yes, I need more, I need everything!" Alia yelled. "Make me cum, make me cum so hard!"

Alia clenched and released Harry's cock with a couple of encouraging pumps. The sorcerer pushed deep into her body. Their loins met together.

"Cum again," Harry said to her.

The dark haired woman's walls clenched around him and squeezed Harry. Harry pounded as deep inside the hot dark haired woman. Her loins moistened Harry all the way in. He pushed balls deep into the goddess from above.

"When is it going to be my turn to get your cum?" Alia asked. She raked a nail down the back of Harry's neck and kissed the side of the sorcerer's neck.

Harry smiled and groped the woman's lovely chest. He buried his face in between Alia's massive breasts and squeezed them. He sucked them for a moment before returning back towards her.

"Soon enough," Harry said. "Just keep calm, and you'll get everything you want. Don't worry, you'll feel everything that you want."

"I…can hardly wait," Alia said. She grabbed onto Harry's shoulder and he hammered into her with a series of thrusts into her body.

The throbbing balls slammed onto Alia's thighs. Those heavy balls touched her and could feel everything kick up. Alia grabbed onto Harry's shoulder and moaned even more.

"Please, oh….please cum for me."

Alia's body tightened around Harry. Her legs wrapped around Harry's waist just as tight as her pussy squeezed his cock. Harry enjoyed her Amazonian strength pleasurably drilling her harder. The dark haired woman grabbed Harry and pushed him into her. He slid deeper into her.

"Yes, it's so close, I can feel…..oooh….you're going to make me lose my mind."

Harry smiled and held her in close. Their warm bodies melded together. The twins, separated by a mirror universe, pushed into each other. Harry stretched out Alia's pussy which clamped down onto him. The latest orgasm inspired Harry to push into her. He made sure Alia's latest orgasm reached its peak before unleashing himself.

Alia grabbed onto Harry and took more cum into her. The contents of Harry's balls spilled into her with an immense amount. The warm seed spilled into Alia's body and overflowed inside of her. She grabbed Harry, giving a heavy moan of lust with Harry keeping it up inside of her.

Harry finished draining his balls into her. He pushed into her and drained the contents of his balls
into her body with multiple rapid fire thrusts.

The two pulled apart. Alia could feel her womb being stuffed full of Harry's dripping hot cum.

"Good thing I didn't take that shower until now," Alia said. "Care to join me?"

"You know, we might have to take another one later," Harry said.

Alia smiled and looked towards her. "I sure hope so."

The Amazon would need to figure out a way to return home, although that could wait until later. Given Harry's hints, she was certain he could help her…and perhaps make it so they could visit each other's dimensions without problem.

'Wishful thinking.'

Harry started to rub down Alia's back with the soap and caused her to shudder. His hand came all the way down to her lower back and started brushing against her taboo hole.

---

End.
Harry returned from a very long day of observing a charity shoot featuring all of the attractive women he worked for him. Money had been raised for a very good cause, and it was a very rewarding activity even though the entire endeavor resulted in some pretty long days, and keeping an eye out for some crazed people who wanted to get a little too up close and personal with the models involved.

Also, many of those people wanted to get very up close and personal with Harry. Harry entered his suite and slipped off the tie, before unbuttoning his dress shirt and throwing it down into a pile on the chair in the corner. He undid his pants and slid them down. Harry kicked off his shoes and socks, leaving nothing other than a pair of boxer shorts in.

Harry considered sinking down on the bed and collapsing. The door opened up and a giggling woman entered the room.

Beatriz Da Costa, a beautiful Brazilian woman, entered the room. She wore a nice transparent robe which fit over her body. Beatriz wore a lacy green bra with transparent cup. Her tanned skin was on display nicely, stopping it a lacy green thong which left every little to the imagination. She managed to balance in a pair of high heels through the sheer force of good luck.

The woman was a vicious of beauty, with tanned skin, dazzling green hair with matching green eyes, large breasts, a toned stomach, and wide hips with an ass which could stop traffic. Her long legs came down for miles. The Brazilian's curves drew the attention of any man who would see her.

"Hey, Bea," Harry said. "Get the wrong room."

"Oh, no, honey, I've got the right mood," Beatriz said.

The Brazilian sauntered forward and reached to grab Harry. The fiery Latina kissed Harry. Bea attacked his tonsils with a wild and sloppy kiss, while reaching behind him and giving Harry a squeeze of the ass.

Harry responded by fighting fire with fire, no pun intended. The two of them kissed heatedly with Harry reaching around and grabbing Beatriz around the ass. He squeezed the delicious rump and the spicy Latina woman responded with a not so subtle grinding of her hips up and down Harry's crotch.

"I'm so glad, you're not overdressed," Beatriz said. "I don't think I could handle getting you out of all of these clothes."

Harry imagined so. Beatriz pushed Harry back on the bed and crawled on top of him, peppering Harry with a series of kisses to the face, neck, and down his chest. Every time her lips hit him, Harry could feel a tingle of pleasure. She reached down and grabbed his boxers and pulled them down.

Beatriz watched Harry's prick rose into the air. She drew a tongue over her lips, coated with green
lipstick. Beatriz leaned down and started to tongue around him.

"I'm hungry for this cock," Beatriz said. "Do you want this, baby? Do you want me to suck your cock? I'm sure you're frustrated, having to be around hot women all day, dressed in next to nothing, and not having a chance."

"I won't say no."

Beatriz figured he might not. The green haired goddess descended on Harry's neck and licked him from the head, all the way down to the base, and squeezed Harry's balls. She lavished his manhood with worship, kissing, and licking on him, making sure his cock throbbed.

Harry closed his eyes and threaded his fingers through Beatriz's full volume green hair. She brushed against Harry's balls, before going down onto him with a couple of hard sucks, and kissed around the head. She made a mess on his cock, with lipstick and salvia before sucking down on them.

"Suck it," Harry said "Suck it like you mean it."

Beatriz came down around Harry's manhood and encircled him with her lips to give him a long suck. She bobbed up and down on Harry's engorged prick. She took him as deep into her throat while stroking the few inches she could not fit. Harry's cock stretched out the back of her throat.

Harry looked into Beatriz's eyes, clouded over with drunken lust, when sucking down on him. Her nails raked down Harry's balls and gave them a squeeze.

"Damn girl, are you in heat?"

Beatriz kissed down Harry's cock and came off him for a minute to look at him. "Always."

The Brazilian goddess stripped off her robes and unclipped her bra. Her full, round breasts with dark nipples came up. She leaned over towards Harry and returned to kiss him.

Harry reached behind Beatriz's back and snapped her thong against her. The sound of the thong snapping against Beatriz's skin caused her to moan. She pushed forward and buried Harry's face between her breasts. The green-eyed enchanter experienced Beatriz's warm breasts pressed against Harry's face. She grabbed the back of Harry's head and stroked it a few seconds later.

"Yes, right there," Beatriz moaned. "Suck those tits...suck them hard, baby!"

Harry smiled with Beatriz enjoying the sucking and the nibbling on her warm, nipples. She could feel an orgasm slowly build through her.

Beatriz pulled away from her. She was very horny and needed more.

"I can't wait for your cock inside me," Beatriz said. "I need you now."

The Brazilian wiggled the thong down her hips and slowly exposed herself to Harry. Her shaven pussy came in front of Harry's view. She smiled and slapped her ass before climbing over the top of Harry.

Harry looked up to see a golden glow surround Beatriz's body. Things were about to get pretty hot, in one way. Beatriz's inner lips brushed against Harry.

"I can't wait to fuck your nice, tight, pussy," Harry said.
"You forgot hot."

Harry didn't see how he could. Beatriz stretched down for Harry coming down onto his aching hard cock. Her warmth surrounded Harry. Beatriz slowly rubbed down Harry's length and worked more of it inside her. A wicked grin spread over Beatriz's face when coming up and dropping down onto him.

Beatriz rose and fell on Harry. She looked down at the handsome man, the man which every woman here talked about how they wanted to get him alone. She did it. Beatriz smiled, watching Harry look at her. She grabbed Harry's hand and put the finger into her mouth. A suck on his finger increased the heat of the situation.

Harry rose up towards Beatriz and worked into her. He took the hand she did not sucking.

"You're so lovely," Harry said. "You were built to be fucked."

"Yes, I need a cock like yours in me, to give me everything I've ever needed," Beatriz said. "Oooh, I'm feeling so good!"

Harry hung onto Beatriz's hips and pumped deeper into her. Those warm thighs made the greatest pleasure erupt down Harry's body. He pumped deeper into the goddess with a couple of long thrusts, burying more of Harry deeper inside of her. She rose up and pushed him deeper inside of her.

Beatriz bounced up and down on him. The warmth spread over her body with a couple of long thrusts. Beatriz grew needier.

"About to cum?" Harry asked her.

A moan showed Harry she wanted it. Beatriz rose up and dropped down. She rode Harry's cock like no tomorrow. Harry reached up to take her curvy body into his hands. Beatriz breathed and came down onto him to milk him.

Beatriz wanted to enjoy the ride for as long as she can. Harry's talented fingers proved to be just as good as advertised. It resulted in tingling through Beatriz's body. She rammed down onto Harry with rising and falling, taking more of Harry inside her tight body. She rode him harder and faster, cumming hard over Harry's cock.

"Now, please, it's your turn," Beatriz said.

Harry smiled and ran hands down Beatriz's bouncing breasts. She gasped when Harry sent pleasure jolts through her. Green eyes met green eyes when the two of them indulged in each other.

"Yes, in a minute, maybe, but….after you."

Beatriz would have made a comment about his chivalry. Warmth came all the way down her loins when spiking down onto Harry. She rode an orgasm all the way to the end down onto Harry. Beatriz pushed deeper down onto Harry, rocking her hips down onto him with a few more thrusts.

"Mmm, right there….that's….that's what I need," Beatriz moaned.

Harry buried his face in her chest. Beatriz stroked Harry's hair and enjoyed his indulging. Those love bites marked up her chest and showed the entire world who she belonged to. Beatriz buried Harry's cock into her depths.
"Getting close, aren't we?" she teased him, breathing in Harry's ear. "Don't worry, I'm sure someone a stud like you will reload soon enough….but, I need your cum, for me."

Beatriz leaned closer towards Harry and kissed the side of his ear, flicking her tongue. She drove her body down onto him, using every single hot inch to work over Harry. Harry reached behind her and the two of them matched each other with long thrusts with each other.

Something had to give, and Harry gave free from her. She drove as much of Harry inside her and kept him pinned between her warm thighs. Harry fired into Beatriz and shot cum into her womb. He fired into her, coating the inside of her pussy with his cum.

Their warm juices mixed. Beatriz continued to bounce higher on Harry. He pinned between her hot thighs, when bouncing down onto him. Beatriz milked Harry.

Beatriz slid off of Harry and leaned down, to see Harry's cock. It still grew half-erect. Beatriz leaned closer towards Harry and kissed the tip of his cock.

"You ready for another round?"

Beatriz kissed Harry's cock back to life. It extended up. Beatriz reached over and stroked him to get him bigger, thicker. His long cock stretched longer. Beatriz leaned down and wrapped her large breasts around his manhood.

Harry groaned at the sensation of her juicy tits. The warmth of her breasts pushing down Harry's long throbbing cock. She rubbed up and down onto him.

"What do you think?" Harry groaned.

Beatriz rubbed his throbbing hard cock with her breasts. She teased him and could feel him get thicker together. Beatriz smiled and flipped the hair away from her face.

"I thought you might," Beatriz said. "I'm sure Tora is going to appreciate it next time, but maybe….she should get a better view."

Harry looked up, raising an eyebrow in confusion. Beatriz moved over and showed her thick ass. The toned, tanned ass squeezed together, and brushed against Harry's hard cock. She leaned closer towards the door.

"Tora, come in, darling, no need to be shy."

Beatriz pushed her tight asshole against Harry's throbbing hard cock. She pushed against him. The heat of her asshole surrounded Harry when coming down to her.

Harry could see from the mirror off to the side, a beautiful blonde woman of Norwegian descent enter the room. She had creamy skin, about as pale as the winter snow. She dressed in a blue tank top which moved up to show a nice toned amount of skin. She wore a pair of lacy blue panties, and slippers when stepping inside.

"Bea, what are you…doing?" Tora asked.

Tora tried to act like her hand had not just got wedged down her panties when watching Beatriz ride their boss.

"I'm getting my ass fucked," Beatriz said, rolling her eyes. "You should get laid….it would really make you less uptight….in fact, why don't you come here and lick my pussy while Harry fuck's my
Tora looked reluctant, but her nipples stuck out from the front of her top. It wasn't just because of the air conditioning in the hotel set too low either.

Beatriz kept driving down onto Harry's cock, impaling her ass on his throbbing hard manhood. She bounced to take more and more cock deep into her ass. She turned her finger and motioned for Tora to come over.

The Norwegian girl stepped over. Bea reached over and grabbed the back of Tora's head and pulled her into a kiss. She knew Tora could still taste Harry's cock on her mouth.

Tora enjoyed the taste of Beatriz's list, and it took her a moment to realize. She still rose up and down on Harry's cock.

Harry heard the shameless display of both women kissing, while Beatriz rammed herself ass first down on his cock. The sorcerer grabbed a handful of Beatriz's hair before grabbing her and running up and down.

"Right there….mmm, Tora, yes, Harry!" Beatriz breathed.

Tora couldn't resist any longer. She took a mouthful of Beatriz's breasts. The dark nipple stuck into Tora's mouth. She sucked it, hard, feeling hunger when sucking on her.

"Just get a little lower," Bea breathed.

The Norwegian beauty couldn't hold back from her own lust, her own pleasure. She started to kiss further down, taking in Beatriz's sweaty body. It was a bit difficult to maneuver when sucking on her large breasts, but Tora just about managed it, the hunger dancing in her eyes. She latched onto Bea's pussy, to taste the combination of Harry and Bea's juices dribbling out of the woman's pussy.

'So fucking good,' the woman thought.

Bea moaned hungrily, the sensations of a large cock being jammed into her tight ass and Tora's able tongue brushing against her pussy. It was so good, she was going to exploded with pleasure.

Harry kept pumping into Bea's rising and falling ass. The increased pleasure surrounding his throbbing cock almost made Harry lose it into her depths. He managed to hold on to it, thrusting deeper into her. Bea's ass slapped down onto Harry's throbbing balls when rising up and down onto him.

"So close, "Bea said.

Tora licked out the sweet juices, and indulged herself into the warmth of her pussy. She kissed and licked the thighs which squeezed her face. Tora couldn't believe how shameless Bea was with her lust.

Beatriz let it all go, with her orgasm cumming through. Tora hung onto her and lapped up the juices. Every swipe of the tongue made Bea drive her hips further into Tora's questing mouth.

"Fuck, this is so great!" Bea moaned.

Harry groaned and could work his way deeper into Bea's beautiful bowels. His balls slapped against the delicious rump. Harry spanked the tight ass, causing the flesh to jiggle when thrusting into it. He was getting closer, closer to cumming inside her ass.
"Damn, it, I'm going to….."

"Shoot that cum into my ass, baby," Bea said. "Don't hold back….I want my holes dripping with your cum. Do me a favor and give it to me, give it to me as hard as you can!"

Bea slammed her ass down onto Harry's cock. Tora's licking also made her excited, but the real pleasure Bea wanted was Harry shooting his thick, hot cum into depths of her ass. She squeezed his throbbing prick as much as possible when coming down onto him.

"Yes, it's so close," Bea breathed. "Please, I need all that cum."

"Well, you're going to get more than you can handle."

Harry succumbed to her tight ass. It clenched Harry hard when he shot a sticking load inside of her ass. She drove down onto him, to milk his prick.

Bea screamed, hitting her peak. She grabbed Tora's scalp to make sure the girl gave her all of the pleasure possible when receiving the orgasm. Her entire body shook up when driving deep into Tora's mouth.

"Yes, oh, fuck, yes!" Bea moaned, growing deeper with her pleasure.

Harry finished cumming inside her ass. His cock buried into her clenching hole. His balls kept shooting a sticky, never ending amount of seed inside her. Harry groaned when he finished firing inside her. His balls spilled their contents deep into her.

Bea pulled off of Harry, her ass finally releasing him. She smiled when turning around, and pushed Tora's face away from her.

"Why don't you help me clean up?"

Harry's pleasure increased when he had not one, but two beauties kissing and licking his cock, which came back to life. Tora's actions were a bit more slow, deliberate, while Bea's were hot, sloppy, and frantic. Then again, one could see how it would be come.

"Would you like him to do it?" Bea asked. "Would you like Harry to take his big cock, and fuck your brains out?"

Tora rose up from Harry and took one look at his cock, throbbing. Harry's third eye almost stared her down. Tora could feel it hot.

"Here, baby, let me help you out of those clothes."

Bea took off Tora's tank top to reveal her round breasts and erect nipples. Tora's breasts were fairly large, even though a slight bit smaller than Bea. Bea pulled down Tora's panties to reveal her dripping hot pussy on the bed.

"It's so big," Tora said.

"Of course it is, did you expect anything else?" Bea asked. "You can handle it, can't you?"

Tora took one look at Harry's long cock and nodded. She could take it. Her pussy had been prepped from all of the fingering done outside of the room. The blonde beauty looked towards Harry.

"Help yourself," Harry said.
Tora smiled and crawled over towards Harry on the bed, with a stare of hunger in her blue eyes. She crawled on top of him and pushed her hips on the top of his. Harry reached up to cup her breasts. Tora breathed, eyes heavily lidded over with pleasure when almost lowering down onto Harry. Harry's throbbing hard cock pushed at the inside of Tora's tight, thin lips.

"Yes, I can't….I can't believe this," Tora moaned.

"Believe it," Harry told her with a smile. "You wanted this, time to get what you wanted."

Bea grabbed Tora's hips to help ease the length inside of her. The mirror off to the side on the dresser reflected the look of pleasure in her face when more inches of Harry slid into her.

"How much is there?" Tora asked.

"More than enough to make you cum all night long," Bea said.

Harry ran his hands down Tora's body. She shuddered when coming down on top of him. Her pussy wrapped around his tool and took Harry deeper into her.

"Fuck," Tora moaned.

"Yes, that's what you're doing," Bea said, licking Tora behind the ear when pressing her breasts into the other woman's back.

Tora gained some more momentum and shoved more of Harry's throbbing cock deep inside of her body. The blonde rose up and drove down onto Harry, taking more of him inside her. She could feel a tingling feeling through her body. More tingles came through her body where Harry cupped her breasts and gave them a squeeze. Tora panted when coming up and down with rises.

"Go, ahead, just let it go," Harry said.

Tora let it go, so much pleasure exploded through her loins when rising up and falling down on Harry's crotch. She sped up her thrusts down onto him. The orgasm made her feel really good in response. Tora's walls clamped down onto him.

"It feels so good," Tora said.

Bea slid back to watch Tora rise and fall. Her own pussy throbbed at the sight of Harry's cock inserting into Tora's pussy. In and out it went when she pushed up and down. Bea slipped her fingers inside and diddled herself to the tone of Tora riding Harry's large, hard cock inside her.

Tora screamed when Harry licked her breasts. Harry flicked a hard nipple over Tora's nipple, and ran a finger down the girl's spine.

"Are you feeling good?" Harry asked, releasing her nipple.

Tora bit down on her lip and nodded. Harry delved deeper between the valley of her cleavage. Tora rose her hands up and grabbed the back of Harry's hair, running her hands down them. Her breathing increased when Harry pushed deeper inside her cleavage.

"Oh, yes, right there," Tora said. "It feels so good….it feels so good….."

Bea pushed deeper inside of her pussy. She really wanted Harry's cock back in her, but she could wait. She watched Tora rise almost all the way from Harry's cock. Her wet walls slid around Harry's body.
"Fuck me, fuck me harder, make me feel really good!"

Harry's grip slipped down to Tora's hips. He obliged her by rocking his hips up and down with a couple of times. The tightness squeezed Harry with enthusiasm and so much heated passion, amazing giving her abilities. Harry leaned in and licked her nipples. They remained hard and Harry sucked the hard buttons.

"Yes, fuck her really hard," Bea said. "Finish her off so you can fuck me hard any more!"

Bea slipped deeper and fisted herself, eyes rolling back in pleasure. She eyed Tora's hips rising and falling. Her asshole opened and unprotected. The Brazillan turned over and slipped over behind her, getting a naughty thought in her mind.

Tora gripped Harry's shoulder. Another orgasm clasped through her body. She pushed onto Harry. Her wet thighs lubricated Harry to go into her. The tip of his cock brushed against her, kissing her womb more or less. His cock twitched into her.

Something brushed against her tight asshole. Tora responded with a grip of the top of Harry's head. She mussed his hair, screaming.

"Bea, that's too much....."

Bea just responded by tongue fucking Tora's tight asshole. Her rear slapped Bea on the face, they pressed cheek to cheek.

Tora moaned in Harry's ear in response to the young man applying pressure on the pleasure points of her nipples. Her dripping cunt slid down Harry's cock. More pleasure churned up Harry's cock when she slid up and down on them.

Bea slid down Tora's asshole and licked Harry's balls before he rose back up. The fiery Latina alternated between licking Harry's ballsack and Tora's crack.

"Mmm...ahh....oohhh....mmmm!" Tora moaned. Her thighs slapped up and down with Harry's cock thrusting deep into the woman's body.

Tora grabbed Harry's shoulder and slammed down onto him. She wanted his cock inside her, she wanted his cum shoved into her.

"Fuck, fuck, fuck," Tora chanted. "My God, it's so good..."

Harry squeezed Tora around her lower back and came down to touch her ass. The sexually charged woman pushed deeper into Harry's hard cock. She buried herself down onto him.

"Almost there," Harry said.

Tora nodded. She could hardly wait. Her wet pussy clamped down onto Harry, wanting his cum buried deep into her. She could feel how much was in those balls, even after Bea had her feel.

Bea buried her tongue deep inside Tora's asshole when Harry buried his cock into the Norwegian. Tora bounced higher, up and down, squeezing his cock with everything.

Harry slammed deep into Tora and he spilled his seed into Tora. Tora came as well with him, squeezing and squealing when she came down onto him. Her grip around his shoulder increased, along with her grip around Harry's body.
Bea smiled, and watched as her friend had been buried full of Harry's seed, to the point where it was overflowing. She licked her lips at the sight of it.

Tora gripped on Harry and rode out the end. Both of them shared a combination of pleasure and bodily fluids between the two of them. Harry nibbled on her nipples a couple more times before she came down.

Harry watched when Tora slid off of him and collapsed down onto the bed. A sultry smile spread over her face.

"Oh, Mr. Potter, I don't think we're done for tonight."

Beatriz sank to her hands and knees on the bed. Her thighs had been spread, showing her smooth dripping pussy and tight ass. Beatriz flipped her green hair over her face, half of it looking seductive. Beatriz fingered her pussy.

Harry's cock rose in response, ready to plunge into the Brazilian Beauty again.

End.

Katniss frowned when standing on the outside of the door leading to the man she wanted to visit. His assistance would be very invaluable. It could be done on her own, it just would be done a lot faster with his help. And run a lot less of a risk of something really messing up.

'Here goes nothing,' she thought tensely.

Katniss knocked on the door and a long pause occurred before the man on the other end of the door answered.

"The door's unlocked."

She clicked the door opened and stepped inside. Katniss faced his bare muscular back when entering the room. A line of scars came down the man's back, one of them coming down his shoulder as well. He was well toned, deceptively strong as well. The young man's past was an enigma to many people. Katniss was glad to be one of the fortunate few to get his backstory, albeit in some tiny fragments. Enough to realize the life he lived was pretty rough before coming in here.

Harry Potter rose to his feet, wearing nothing other than a tight pair of leather pants. Katniss found her eyes locked onto the handsome young man in front of her. She seen him in a whole lot less, but the aura he gave off made the headstrong woman grow weak in the knees.

"I'm just here to remind you….."

"It's tomorrow, I know," Harry said. "The fate of many people hinges on this campaign….we can't fail….we won't fail."

Harry crossed the room in a blink of an eye. Katniss looked up, just in time to see his hands. They didn't quite touch her, but they were close enough to cause a heartbeat to go faster. Her gaze lingered in those green eyes from afar, not really knowing what to do, what to say even.

"We're not going to fail," she told him. "Not with you on our side."

He reached in, and grabbed Katniss's hand. The two locked eye to eye.

"No," Harry said. "I'm just the insurance here. You're the spirit, you're the one who has inspired these people…and I know this because you've inspired me. I willingly came here over the alternative….expecting this would be my final days here. But it seems like Death has a pretty bad track record of getting to me."

"Maybe, you've just found something worth living for," she responded. "Maybe, deep down, there's something inside you, that you forgot you had."

"Hard to say I've forgotten," Harry said. "You know these scars on my back….I could heal them at any time. I just keep them as a reminder of where I've come from, and what didn't kill me."

Katniss placed her hand on Harry's back and the two of them moved closer together. They went
nose to nose with each other, smiling.

"Don't really mind too much, it adds character, and personality," she said.

Harry took a good look at her. She looked beautiful, fierce, and strong, as well. Her brown hair clipped back to reveal her gorgeous place and mystifying blue eyes. She dressed in a tank top which showed her physique off quite nicely, and a pair of tight leather pants. Her hand slowly moved down.

"If we're going out, I think it would be a good idea to remind each other what we're return to," Katniss said. Her finger ran down Harry's abdomen and slipped down the front of his pants.

Harry grabbed her and pulled her into an embrace before kissing her. His hands cupped her delightful rear, when pushing Katniss against him. His hands cupped the tight rear and slowly worked behind her to pull her shirt off. Her breasts bounced out from underneath her shirt.

Katniss closed her eyes tight, enjoying the moment of Harry pushing himself against her chest and sucking at her nipples. His mouth resulted in more pleasure than could be described from mere words. He kissed, licked, and nibbled on her round breasts, sucking them as hard as possible. Katniss put her hands down on the back of Harry's head and guided his face into her.

Harry tasted her breasts and ran his hands over her body. Her pants were in the way of where Harry wanted to go next. He worked her pants down, and exposed her dripping pussy towards him. Harry pushed a finger inside her while sucking on her breasts.

Katniss pushed forward to properly indulge in the feeling of Harry's fingers.

"Oh, that's good….I forgot how good," Katniss said. "It's been a while since I've had a chance to see….

Katniss didn't say anything, she just unveiled Harry, and pulled out his throbbing hard cock. It stood erect, long, and thick, throbbing. She wrapped a hand around it and stroked it while Harry responded with some heavy duty fingering. She pushed herself back.

Harry traveled all over Katniss's body with a series of intense kisses. Every time he kissed her.

"Please, I need you," Katniss said.

For a moment, she experienced weakness, but only to get herself in position to get something she wanted. Harry's fingers moved everywhere and brought her to a climax.

Katniss stroked Harry a couple of more times and smiled before sauntering over to the bed. She sat back on the bed and spread her warm, inviting thighs for Harry. The fierce warrior beckoned him forward, a sultry smile on her face when she waited for Harry to approve him.

Harry stepped over and straddled Katniss at her thighs before bending over at the bed. He leaned in and kissed her. Her warm breasts pressed against his chest. The woman's fingers reached up to grab Harry around the back and slowly brush against him. The thickness of his cock brushed against her dripping hot opening, getting very close to slipping inside of her.

He pulled back a second later.

"Give me some inspiration," Katniss said.

Harry's mighty spear rested at her front entrance before pushing inside. Her wet center closed
around his cock when pushing inside of her. Katniss gripped his back and encouraged him to go further into her.

Katniss imagined this was like a drug to her, feeling Harry's large cock buried deep inside of her. The well-endowed gentleman rose almost out of her and pushed deeper inside between her thighs. He rose in and pushed deeper into her with a few more thrusts.

"How are you feeling?" Harry asked.

"Good, really good," Katniss said. "You really know how to relieve stress."

Harry picked up a bit steadier of a pace, working his immense length between the woman's thighs. He could feel the warmth spread around him. Her body was very tight, very toned, and her cunt matched that tightness. He pushed up and rose down into her.

"Good, I can tell," Harry said. "You're getting close."

Katniss enjoyed the thrill, her adrenaline pumped inside as fast as Harry's cock. The seconds ticked by, and the thrusts grew faster. The orgasm spread over Katniss's body, making her hungry for him, hungry for even more.

"Very close," Katniss said. "I love it…"

"I can tell," Harry said. "I guess even you have your weakness."

Katniss was glad she was on Harry's good side, because he could bring her to a kneeling position in a good way, or in a bad way. Right now, Harry pushed deeper into her and spread her out. Katniss pushed against him, taking his full length into her.

"Let's test your stamina, let's test how much you can last," Harry said. "Let's see how much you can take."

"I can take everything," Katniss said. "You're not going to outlast me, not again."

Harry slowed down the thrusts just enough to allow the latest orgasm to sink in. He pushed further down into her and kissed Katniss on the back of the ear and sucked on it. More pleasurable shivers shot through the woman's body. He leaned down and whispered in her ear.

"We'll see."

The forcefulness of Harry's words made her hips rise up. She took Harry's hard cock into the depths. She squeezed and milked him with the first orgasm giving way to a second orgasm. Harry pushed deep into her, roaming aimlessly on the woman's body. He cupped Katniss's face and kissed her on the side of the neck before coming up to her mouth.

Hands gripped the back of Harry. Their bodies pressed together in a warm dance. Harry fondled and massaged Katniss's warm, toned body, with sweat moving down it. She looked her in the face, a sultry smile appearing on her face with her face coating with sweat.

"I want…to ride you," Katniss said.

"Next time," Harry said.

He took a nipple in hand and squeezed it. Katniss clenched around Harry, pushing his cock deep into her. He pushed up and rocked down into her. Their loins connected together in a passionate
display of pleasure.

A fiery kiss connected. Katniss slipped her tongue inside, and practically fucked Harry's tonsils with it. She grabbed his face to increase the sexually aggressive kiss. Their tongues clashed together, with Harry giving pretty much as good she took.

Their loins connected together. Harry cupped the underside of her breasts with his hands and pushed into her. The throbbing manhood penetrated Katniss so far she almost lost her mind. Her eyes closed tight, with nails digging into the back of Harry's shoulder. She mewled in hunger when feeling Harry bury deep into her.

Another fiery explosion of an orgasm caught through her body. Katniss clenched and released Harry. She took a moment to flip him over and push him on the bed onto his back. She pinned Harry on the bed, pussy ground up against his cock.

"Good, you've got me," Harry said.

"I told you I wanted to ride you,' Katniss said. "I want to ride you so hard, I drain your ball…drain your balls of all of its thick, juicy cum."

Katniss grabbed Harry's balls and squeezed them before leaning in for another kiss. Their tongues ensnared together with Harry reaching behind her, pushing more of her into him. Her nipples brushed against his chest as well. Dripping pussy lips slid up and down on his cock.

"Dangerous desires," Harry said. "You might be on top, but…are you really in control?"

Katniss spread her legs wide and brought herself down onto Harry. The emerald-eyed gentleman's manhood slowly disappeared into her. Katniss took him deeper inside, feeling his manhood stretch her out. She almost came undone the second it pushed inside her. Katniss gripped Harry around the shoulder and pushed up and down.

"We'll see," Katniss said, rising up a little bit and falling down on him. "We'll see."

She sunk down on him, taking Harry deep inside her cunt. A nice squeeze brought more of Harry inside her. She closed her legs around Harry's waist when rising up and down around him. Every single inch of Harry slid deep into her. Katniss rose up and pushed into her. Her walls lubricated around Harry, while pushing deeper into him. The sorcerer pushed himself into her, with a few long thrusts.

The wetness of her pussy pushed deep down onto Harry. Harry reached behind her and traced patterns down the back of her toned, sexy body before pushing into the woman from underneath. Katniss reacted to his touches, and Harry touched the spots which caused her to grow more pleasurable.

Harry sat up and put his head on her chest, sucking them. He licked those rosy nipples, and sucked on them. Katniss ran her fingernail down the back of his head when bouncing up and down on him. Her thighs slapped down against him when pushing back down her.

"Perfect spot," Katniss said.

A rattling tongue pushed around her nipple and sucked the woman's nipple against her. Katniss rested her hands on the back of Harry's head. So much of him buried deep inside of her, with Harry hammering into her. The connection of their loins going together made things rather hotter.

"Yes, I know," Harry said. "I know how to push all of your buttons."
Harry reached behind Katniss and squeezed the woman closer towards her. Their loins connected with each other. Every time Katniss slipped down around Harry, she lubricated more of Harry's shaft into her.

"Get ready."

Katniss wondered what Harry said she would get ready for. His throbbing hard cock slammed deep into Katniss deep into her. Katniss wrapped around Harry him, squeezing him. Their loins connected together. Katniss grabbed Harry around his neck down onto the groin pushing deep into her.

The two of them connected with each other. Katniss squeezed his waist with her legs and rose up before bringing her onto her. Harry leaned towards her, by brushing the beautiful woman's clit. He squeezed it, the woman's lips brushed against him.

Katniss came so many times she thought it would be amazing. She pushed down onto him and squeezed his cock. The dark haired warrior wanted his cum so bad, so bad.

Harry looked in her wanton eyes, when she rode him extremely hard. Her hot thighs pushed down onto Harry. He grabbed her and brought Katniss down on his crotch. The two of them connected with each other, with Katniss wrapping her hot walls closing around him.

"More, more, more!" she chanted.

Harry smiled, pushing deeper into her. He pushed into her. Every time he pushed into her, she squeezed hard in response. The scorching warrior's eyes looked down at him, hungry for him, hungry for his cum. Harry grabbed Katniss's thighs before pushing into her. Her walls slammed around him.

"Yes," Harry said. "Soon you'll get what you wanted."

Katniss could hardly wait to be honest. She sped up the rises and followings, bringing him into her. Katniss summoned all of the power into her body and squeezed down onto him. A few more thrusts before her loins exploded onto him. Katniss pushed down onto him, filling herself completely with her pussy.

"Your turn," Katniss said.

Legs ensnared around Harry along with her pussy. The woman's hot body rose and fell on him, milking him extremely hard. Harry grabbed onto her and squeezed her, pushing deep into Katniss. His balls grew heavy with wanton lust, pushing his throbbing cock into her.

Harry drilled her, spilling the contents of his balls into her. Their bodies connected together. The two of them connected together. Katniss squeezed him.

The first bursts of cum hit her nice and hard. Katniss pushed deeper onto Harry, filling her cunt with the contents of his balls. She squeezed Harry as much as possible, with her dripping wet pussy. Her hunger increased when pushing down on Harry.

Katniss pulled away from him, with a smile on her. She turned around, getting on her hands and knees. Her legs spread to allow the combination of juices dripping out of it.

Harry took one look on her hands and knees. His hard cock stiffened when moving towards her. He rose up towards Katniss and positioned behind her. His cock pushed between her hot thighs, spreading her out with his long, hard, cock. He held onto her.
"You're just the gift that keeps on giving!" Katniss yelled.

Harry only responded by pounding deeper into her. The throbbing balls pushed against her. Harry held her and fucked her hard and faster. Her loins connected around him.

"Yes, I know," Harry said.

He leaned in and cupped Katniss's breast. Those nice breasts cupped in his hands. He moved down her sweaty, beautiful body when stuffing her so full of him.

"I thought I milked you dry," Katniss breathed.

"You should know by now," Harry said.

Katniss hung onto the bed. Harry rammed her hard from behind and pushed into her. He raised a hand and slapped her on the ass. He leaned in and kissed her on the back of the neck. His mouth worked her, along with his throbbing cock and able hands. All of those body parts working in harmony just made Katniss up to pleasure.

"Yes….I should….HAVE!"

She clamped down onto him and another orgasm, this one more amazing than before, shot through her body. Harry plunged into her, balls slapping against her.

"Good, I'm glad you realize that," Harry said.

Harry reached up to cup her face, running his fingers down it. Katniss took his fingers into her mouth, tasting the salty taste in response. He hung onto her hips, pushing deep into her. A few more huge thrust brought a long and hard cock slamming into her.

Katniss closed her eyes, panting with pleasure. So many orgasms had been pleasured. Harry ran his hands all over her, squeezing her ass, and spanking it a couple more times. Her pussy clenched together.

"I wonder if you can take a dose of cum," Harry said. "Another one at least, I filled your pussy pretty full."

The dark haired woman's eyes closed together. Her hands clenched the bed when pushing back.

"Go for it," Katniss said. "Go for it, I dare you….I DARE YOU!"

Harry took the challenge and pounded her as hard and fast as possible from behind. He rammed deeper into her, every time he pushed into her, she clenched around him. Harry slid out of her, only to slam into her. Katniss's orgasms milked him all the way.

"Don't worry, I will."

Harry made sure to hold back enough of his cum to make it feel really good when he emptied himself inside Katniss. Her encouraging moans made Harry only drill her hard.

Katniss wiped the drool off her lips Harry caused her. She stood tall and proud, but Harry was the one force on earth which could back her down. He needed to work for it, break her down hard.

"So much, so wet," Katniss said. "I'm going to be feeling this for a long time."

"Want to remind you what's to come after," Harry said. "And I want you to cum one more time, as
hard as you can."

Katniss breathed in to try and regulate the speed of how fast she was cumming. Harry reached around her and his fingers continued their tour of her body. Hips, breasts, side of her neck, her ass, those fingers were everywhere and sparked pleasure through her.

Harry worked his way into her from behind. The sun was going to rise in a little bit, and both of them needed a few moments to recover. Harry worked himself into her.

The two of them exchanged their pleasure. Katniss received one of the more spectacular orgasms possible. It heightened her adrenaline and lubricated her center to allow Harry to push deeper into her. He sped up the thrusts to go into her.

Harry rode out the orgasm all the way and pushed into her all the way. Katniss gripped the side of the bed, biting down on her lip when Harry pushed into her so hard. His balls slapped against her when going into her so deep and so fast all the way.

"Here it comes," Harry said. "One more time."

Katniss lost track of the number of "one more times" she received. It didn't matter because the hyper-stimulation of her body spread over her. Her loins longed each of those thrusts. Every time Harry pushed into her it brought her to more pleasurable ends.

Harry rode out the final orgasm. The tight grip coaxed the seed from Harry's balls. One more thrust buried Harry completely into Katniss and filled her up with the second load of the night.

Katniss tensed up at the grip Harry had on her hair which allowed his leverage and to pound into her. Her pussy filled up. She received more orgasms before Harry finished up emptying his balls from her.

The two of them collapsed on the bed. Katniss smiled and pressed herself against Harry.

"I don't know about you, but I'm pretty motivated now," Katniss said.

"Well, sometimes you need a reminder which puts things in perspective," Harry said. "So, you ready, honey?"

Katniss leaned in to kiss Harry. The saliva connected their lips even after Katniss pulled away. Her fingers twirled around Harry's hair and she kissed him one more time before finally giving an answer.

"Born that way."

They would continue this later. It was time to leave, right before sunrise and meet with the others.

End.
Vega Lestrange wore a wicked grin on her face as she lead Harry Potter into the kitchen of her manor house. She dressed in a tight black blouse with the first couple of buttons undone, and a short plaid skirt which only seemed to get shorter by the second, almost like by magic. From certain angles, Harry had full view of her lacy black panties underneath the skirt, with the black garter belt and a pair of stockings topping it off.

She turned around and leaned against the edge of the kitchen table with a smile.

"So, I thought you said you were hungry, and you wanted to get something to eat," Harry said.

"Oh, I am," Vega said. "But I thought I'd skip straight to dessert, because that's the main attraction."

The witch, three years older than Harry stepped towards him and caught him with a passionate kiss. Her hands groped aimlessly when squeezing Harry from behind. Harry decided turnabout was fair play. He reached behind her, squeezing her ass, and smiling when she ground down upon him.

The two of them had sex in pretty much every room in the Lestrange manor house, why wouldn't they have sex in the kitchen? The only thing which shocked Harry about this was they didn't get around to doing this much sooner. Vega's hands moved around and undid Harry's pants.

She allowed his pants to fall from the ground. The kitchen floor had been cleaned, not by house elves, but by a crew of maids. Her mother kept on a crew of young, beautiful, maids. Bellatrix mentioned she kept them around for her own purposes.

Vega could only imagine how her mother rewarded the maids for a job well done, or punished them. Regardless, she pulled Harry's throbbing cock out.

"I like how you're always hard and ready for me," Vega said.

Harry enjoyed the feeling of her warm mouth wrapped around him. She worshipped every aching inch of his rod with kisses, and also reached between his legs to cup his heavy balls. Vega squeezed it, before leaning closer. Her tongue swirled about the length, taking more of the thick, juicy rod in her mouth.

"It's hard to say no."

Vega found it very hard to argue, mostly because she shoved about as much of Harry's cock into her mouth. She could take a lot, but he had more than enough to give. Harry Potter was the wet dream of a pureblood woman everywhere, with his thick cock, and balls full of cum, ready to burst. After they worked for it first.

Harry held onto Vega's hair while she slurped him. The matter of lewd sounds she made was amazing, the warmth of her mouth spreading against his massive tool added to the amazing feelings Harry could feel. She could suck a cock like no one's business, going down on them.
"You naughty bitch, you're going to make me blow."

Vega worked over every last inch of Harry's aching rod and put his manhood deep into her mouth. Hunger increased the further she went down onto him, suckling his thick, throbbing cock. She took more of him into her mouth than most women could take, on their best day. Her eyes bulged and the cheekbones did as well.

Harry sank his nails into the back of Vega's head and face-fucked her like there was no tomorrow. He buried himself into her cock.

"You want to get my cock shoved down your throat every morning?" Harry asked. "Well, you're going to take it...you Death Eater spawn slut!"

Vega was about ready to say she was a reformed Death Eater spawn slut, thank you very much, but the sheer amount of cock Harry shoved into the back of her throat prevented any kind of coherent conversation from being done. Harry held onto her and rocked in the back of her head.

Harry's balls sized up and started to fire. Vega leaned back and took the overflow of cum. She sucked him for a very long time and now the rewards were going through her throat.

"Hope you're glad for your daily nourishment," Harry said. "Granted, you take several loads a day."

He spilled a thick amount of cum down Vega's throat. She drank up the warm goodness, groping his balls while Harry punished her mouth all the way. Harry held onto her and fucked her mouth hole all the way.

Harry pulled out of her, and slapped her in the face with his cock. Vega smiled and climbed up onto the table, rolling over to flip her skirt up. Harry grabbed her panties and pulled them off, lining his cock up with her.

"You get the cock in you, you've been choking for," Harry said. "How do you like that?"

Harry lined up his cock with Vega's slit and Vega's face with the kitchen door. The first thing anyone would see when walking in the door was Vega's face, her screaming, cheering for Harry to fuck her harder. Harry reached underneath her shirt to grab Vega's breasts before lining up and slamming into her pussy.

Vega enjoyed the rough fucking of Harry driving his massive cock deep into her pussy. Every touch it touched the inside of her, it filled her up completely full. She didn't think there would be any more room.

"You know you want to scream how much you love my cock," Harry said.

"Oooh, you're cock is the biggest, best thing in the world!" Vega yelled at the top of her lungs. "I don't know what I would do without it, being rammed in my pussy. I want you to pound it so hard, every time I sit down, I still feel it ramming into me. Fuck me until I pass out!"

Harry groped every inch of Vega's hot body while slamming into her as hard as possible from behind. He pushed himself into her, making sure to slam his thick balls into her dripping hot pussy. He spanked her ass when driving into her which only got her wet.

"The rougher I treat you, the more sopping wet you are," Harry said.

Another screaming orgasm spread over Vega. Harry grabbed two hands full of hair and drilled her
into the depths of her. She stretched out, so wet, and was kind of glad magic allowed some kind of mild restorative healing properties. He pushed into her hard.

Bellatrix stepped out of the kitchen door, wearing a silky black robe. She paused for a couple of seconds and looked at the view on the table.

"Well, there's a surprise," Bellatrix said. "My daughter is being fucked like a Knockturn Alley whore by Harry Potter on the kitchen table."

The former Death Eater, now current Harry Potter cum dumpster, stepped over and casually made herself a cup of coffee. She moved over and sat on the chair, right across where she got a full eye view of Vega.

"Look, your mother is right there, and I'm fucking you like a whore in front of her," Harry said. "But, I bet that turns you on, doesn't it?"

Vega couldn't agree any more. Harry grabbed onto her and pushed himself into her as hard and as fast as he could. His throbbing cock shoved into her body so deep it was really amazing.

Bellatrix casually watched Harry drill her daughter from behind. The dark witch showed her ability to multi-task by drinking a cup of coffee, while also fingering herself.

"Take that little slut, and drill her cunt, make her beg for your cum," Bellatrix said. "I want her to really feel it."

Bellatrix got into the round pounding her daughter received while on the kitchen table. She got into it so much, she wondered how it would feel. Bellatrix's nipples hardened and she had to set down her cup of coffee to properly deal with this problem.

Vega watched her mother's face get off on the fact her only daughter was getting pounded from behind. Harry only hammered her harder.

"You're such a slut you're turning your mother on."

"Well, we're purebloods…that's kind of how we….." Vega said.

Harry leaned in closer and nibbled on the side of her neck. Vega clamped down harder onto him with Harry pushing deeper into him.

"Pureblood or not, a slut is still a slut," Harry told her. "And I'm going to treat you like one, but that's how you want to be treated, isn't it?"

Vega answered in affirmation. Harry handled her breasts quite roughly by squeezing them. Her entire body flared up with pleasure. Harry only increased the pleasure with the rough pounding. Every time he pushed into Vega, she clamped down onto him harder.

"Slut, you want this cock, and you'd do anything for it," Harry growled. "You're nothing, but a cock whore, getting off on getting fucked with your mother."

"Yes, I'm you're pureblood prostitute!" Vega yelled.

Bellatrix slipped her robes off in front of her daughter to reveal an eye catching set of lacy black lingerie. Her large breasts almost spilled out it, and she already slid it back. Bellatrix levitated the cup of coffee out of the way, and positioned herself on the table, legs spread, pussy prepared for Vega.
Vega received the hint immediately. She leaned down and spread Bellatrix's legs apart. Once her pussy opened up for exploration, Vega leaned down and started to explore, licking. She could still feel Harry fucking behind her.

Bellatrix reached down to dig her nails into Vega's scalp. "It's rude to talk with your mouth full."

Vega tried to correct this behavior as soon as possible. She kept licking her mother, taking the taste into her pussy. All the while Harry fucked her.

"You can go home again," Bellatrix said. "How does it feel to go down on the same place you came out of?"

She looked up to watch Harry's massive cock appear and disappear out of her daughter's pussy, which left stains on the antique table Harry fucked her into. Bellatrix encircled her rosy red lips when watching Harry pound away at her daughter with his massive, engorged cock. She needed to see this piece of manhood penetrate Vega for everything she was worth and a little bit more.

"Fuck her, fuck her brains out," Bellatrix said to Harry.

Harry held onto Vega and proceeded to fuck her even faster.

"Don't think you're not next," Harry said. "I'm still going to punish you."

Bellatrix twitched in response to these words. Her pussy hungered the punishment for the naughty, naughty things she did in the past. She envisioned this huge cock plowing into her body, making her feel every inch of Harry when he drilled her hard.

"I can't wait…but make sure she still feels it later," Bellatrix said. "I bet she dragged you in here, and ripped your clothes off, by shoving your cock down her throat like the little slut she is."

"Pretty close."

Harry groaned with Vega clamping down onto him. Her wet inner walls pushed around the probing wizard. His balls grew even closer to cumming undone, but he wanted to drive Vega to the edge as much and often as possible. He kept going, and kept fucking her hard.

Vega only moved around her mother's pussy on instinct. She licked it around, feeling more of her body grow number when Harry pounded his way into her. The deep, long thrusts stretched her apart. Multiple orgasms flooded her inner chambers.

"The harder I pound her, the wetter she gets," Harry said. "I guess this is your fault....."

"Well, that's what I get for getting sent to Azkaban," Bellatrix said.

"Oh, I know," Harry said.

Harry brought Vega to another nerve racking orgasm. His balls swelled up with the contents of them, and it would only be a matter of seconds before he pushed himself into her. He kept working over Vega, pushing her beyond the edge, and himself beyond the edge.

"The sooner you finish her, the sooner you get to finish me," Bellatrix said.

Enticing words coming from the re-formed Death Eater, or so Harry believed. The latest orgasm made Vega so hot and made her clench him so tight there was only so much Harry could do to hold back from cumming inside her. Harry's own iron will could only make him last so long in the face
of a certain, squeezing hot pussy. He held onto Vega tight and pushed deeper into her, working his way into her as fast and as fluid as possible.

"Very close," Harry said.

Vega relaxed her grip around Harry and started to take all of his cum inside her body. Harry spilled seed inside her body with a few more pushes.

Bellatrix's hips rose, seeing how much seed Harry could push in Vega.

"Hopefully, Narcissa taught you all about contraceptive spells," Bellatrix said. "Because, I'm much too young to be a grandmother."

Vega was pretty sure she remembered that particular spell. She was too fucked senseless to really care. Harry finished emptying into Vega. She felt stuffed full of his cum, and when she turned over, it drained.

"All over the kitchen table, you sloppy girl," Bellatrix said, shaking her head. "Guess Mummy is going to have to clean up your mess. Kids these days."

The words coming from her mother could be barely registered by Vega. Her mother's hot tongue catching the cum dripping from her pussy was even better. Bellatrix made a very audible display of the cum dripping from her mother's pussy when dropping on the table. She didn't stop licking, she just kept licking.

Harry waited for Bellatrix to have her fill. The dark-haired woman turned around, looking at him with bedroom eyes. Her breasts hung out over the top of the lingerie she wore. Harry decided to rip off the lingerie, revealing Bellatrix's large melons.

"You just are shameless," Harry said. He squeezed her.

"Of course, I'm nothing, but a dirty slut," Bellatrix said. "Molest my breasts, squeeze them, bite them, do whatever you want to, they belong to you….the spoils of war, Master."

Harry worked over Bellatrix's aching hard nipples and twisted them. The pleasure flooded over her eyes the more Harry worked his way over her. Nipples hardened against his hand every time Harry pushed it and tweaked it. His cock, primed and ready to go danced at the edge of Bellatrix's walls.

"Do it," Bellatrix said. "Fuck me."

The dark witch buried Harry's face into her sweaty chest, and he responded by sucking her tits. His hands roamed up on the side of her legs. Bellatrix rose up, feeling his hard cock pressing up against the side of her thigh. It almost made its way inside her.

"Harry, drill me like the slut I am."

Harry aimed for her pussy and slipped deep into her. Bellatrix's walls were perfectly lubricated. She dripped with moisture when entering her. He could have slid an iron bar into her without any difficulty given how wet she was.

Bellatrix remained hot after watching Harry humiliate and demean her daughter. He rose up even more.

"Vega might be a slut, but you've had a lot more experience to be one," Harry said. "Do you like having my half-blood cock inside you? Knowing that your kind considers me to lesser….does it get
you off to be demeaned, to be dominated by someone of lesser blood?"

Bellatrix had to admit, those of greater blood didn't quite have the equipment. Was it due to his heritage on Lily's side? Perhaps, Bellatrix didn't know. All she knew was Harry buried himself into her. He could fuck her as fast or slow as he wanted, and all Bellatrix had to do was lay back and take it like it was no one's business.

"Yes, take that big cock and drill me, drill me so fucking hard!" Bellatrix screamed. She reached up to grab Harry in the back of her neck. "I want to feel it....MAKE ME FEEL YOUR HUGE FUCKING COCK!"

She screamed at the top of her lungs. Harry leaned down and took her nipples forcefully into his mouth, suckling on them all the way. She screamed, grabbing the back of Harry's head the further down he buried himself into her. Every time, she clenched him even tighter.

The middle of the three Black Daughters placed her fingernails on Harry's back and raked down it with about as much force as she could manage. Her fingers kept pushing down the muscular back, rubbing circles down it. Bellatrix pushed up, wrapping her legs around Harry when shoving more of him inside her.

"Yes, right there, that's the spot, right there," Bellatrix moaned.

Harry picked up his pace with a couple more thrusts into her. His thick balls slapped against her. He really wanted to make her cum and be for it.

Vega looked over for a second. A bolt of energy shot through her loins. The energy channeling through her body increased her own natural lust at watching her mother being drilled into the table as hard as possible.

Bellatrix wrapped herself around Harry. Her legs squeezed his chest and her pussy squeezed Harry's incoming cock. He rose and lowered into her, speeding it up.

"More, hit me with more," Bellatrix mewled in his ear. She touched the back of his body.

Harry pressed his body against her beautiful body. A pair of large round breasts showed how magically powerful a witch was and Harry could feel how powerful Bellatrix happened to be while she pressed against him. Those large melons squashed against his muscular chest. Harry took his fingers and brushed down her sides.

Bellatrix thought she would lose it. His mouth and fingers trigged several pleasure spots, just as much as his cock triggered different levels of lust elsewhere in her body. She held onto him, while being plowed harder, if at all possible. Thick, juicy balls slapped against her womanhood while Harry drove into her.

"We're getting close," Harry said. "I wonder how close you are to breaking."

Bellatrix was going to argue she didn't bend nor break no matter what. The state of her body showed something very differently. It showed just how much Harry could give to her, how much he could drive his thick cock into her. How much Bellatrix wanted him, buried into her depths. She held onto Harry, moaning deeply in pleasure the further Harry pushed into her.

"Close it is," Harry said.

Vega found herself being pleasured. It was almost like her mind combined with Bellatrix's to give each other a loop of pleasure. Given she already got off a lot on Harry drilling her mother to begin
with, the combined pleasure caused her to go over the edge. She tried to get some more relief, but rubbing herself didn't get the same level of pleasure she wanted.

Bellatrix arched her back to take more of Harry's cock inside of her. It buried into her to the hilt. Every time those balls slapped against her, it brought her to more pleasure.

"Cum for me, please," Bellatrix said. "Please, cum for me…"

"Hmm, I wonder," Harry said.

He didn't confirm or deny how close the orgasm was. Harry just plowed Bellatrix and reduced her pussy into jelly with a multitude of thrusts. She hung onto him, grasping him around the shoulder. Bellatrix pushed her nails into Harry's shoulder, ensuring he plowed her hard and fast. The pounding increased, and resulted in Bellatrix hanging onto him, taking him deeper into her.

Bellatrix really wanted him, so much inside her she could feel it. Her tight pussy closed around him and milked his incoming cock. Orgasms racked her, with Harry sucking on her breasts, and roughly drilling her pussy. The combinations made Bellatrix lose her mind.

"Yes, oh, make her scream," Vega murmured.

In the ultimate moment of irony, Vega screamed as well. Her hips bucked up high off of the table, wetness dripping from her pussy lips. Everything made her hungry, hungry for more.

Harry smiled and drilled into Bellatrix. He pulled herself up.

"Remember, your pleasure belongs to me," Harry said. "I can make you really happy, or beyond frustrated. Don't forget that, never forget that."

"Yes, Master."

Harry rewarded Bellatrix's acknowledgement of his authority with an orgasm. Her body racked in such a state, dripping in sweat, salvia, and juices only encouraged Harry. He buried into her. Bellatrix responded by hanging onto Harry, pushing her nails into Harry's lower back, and grinding them across his shoulder blade.

"So close," Bellatrix mewled. "Very close, I don't think I can….."

Bellatrix came one more time. Her walls closed around Harry to milk him deeper into her. Harry responded with her actions by matching them. He thrust into her, until something had to give.

The first warm rush of cum flooded inside of her. Bellatrix took Harry and tried to squeeze him into submission. Harry clutched the vixen's hips and used her to spill his seed inside her. Harry groped her body and made her rack up in pleasure, so much pleasure she would lose it.

Her warm, tight sheath made a perfect ending for Harry. He spilled into her with multiple thrusts. Splashes of cum kept firing into her. He drained the contents of those swollen balls into her. Bellatrix reached up and held onto Harry, squeezing his shoulder.

Harry finished emptying himself into Bellatrix's warm pussy. His balls drained of all seed before he pulled out of her, leaving her on the bed.

"Lick each other clean," Harry ordered both of them.

Mother and daughter complied. Harry watched the spectacle unfold before preparing to take his
next move to reassert his domination against them.

End.
Harry returned after an extensive, and quite frantic mission. Nothing too major, just stop the world from being destroyed, it was pretty much just another Tuesday. He made sure there was no major injuries, spent some time getting patched up, took a shower, and got dressed.

He walked up the hallway, down the doors. The other members of the team settled in for the night as well. Harry had a couple of things to do in his office, before hitting the gym, and heading off to bed. Something outside of one of the doors caused Harry to pause.

Super sensitive hearing picked up the movements of someone, this particular person moved pretty quick, and Harry looked down. He walked to a landing on the steps, and frowned, when seeing absolutely nothing.

A pair of soft hands grabbed Harry from behind and pulled him into the room. The person showed great reflexes by throwing Harry against the wall. Very few people could get the better of Harry, especially in a situation like this. The person who grabbed him pinned Harry against the wall and shoved her tongue into his mouth with a very aggressive kiss.

The woman ripped at his shirt in response. It had just been changed, and now it was being shredded from Harry's body. She reached around and slowly traced patterns down Harry's back, chest, and abs, before reaching down with her free hand. She cupped him from behind.

The two of them broke apart mouth to mouth. Harry saw the sixteen year old girl right across from him, Laura Kinney, better known as X-23. Her dark hair shined as bright as midnight, with a pair of blue eyes which indicated she was always on the hunt, and tonight she was on the hunt. Despite the look of intensity she had, she had a soft looking face, with pouty lips. Her body was toned. A black vest came slowly open to show a nice amount of cleavage, and came down to show her abs, which didn't have an ounce of fat on them. The tight leather skirt she wore added, and it shifted up just enough to reveal she didn't have anything. Combined with the amazing ass, and a pair of legs which stretched down for miles, Laura was a sight to see.

"Good evening, Laura."

"You know why I'm here, so we don't have to waste any time with talking."

No sooner did these words leave Laura's mouth, she pulled on the belt of Harry's pants and started to bring them down over his ankles. The boxers stretched over Harry's throbbing hard cock. She smiled and squeezed the package through his pants, feeling it swell against the palm of her hand.

Laura made quick work of Harry's boxers and pulled them all the way down. Twelve inches of thick, juicy meat appeared down for Laura. She dropped to her knees and stroked him. Her right hand squeezed Harry's shaft, while the left hand snaked underneath to cup her balls.

Harry leaned back in the wall to enjoy the work she done. Laura worked his cock and balls with expert precision, and made sure they throbbed. The woman in question leaned closer, rubbing his balls, and then giving them a couple of squeezes to ensure they were close to hand.
Laura leaned in and kissed the tip of his head. Her tongue swirled against the tip of his cock. The swollen head slipped between her lips right before Laura pushed him into her mouth.

"Damn, girl," Harry groaned.

Laura smiled, pleased to how her mate felt. He was an Alpha, capable of attracting the most powerful, and beautiful of all women. Pleasing him would in turn please her. She tasted the throbbing hunk of meat, pushing it deeper between her lips. Laura hummed and worked him into her mouth, working more of this throbbing manhood down her throat.

Harry reached back behind Laura and grabbed the back of the head of his lover. He pumped into her mouth. The sexy mutant didn't back off. She kept slurping at him, trying to relieve the tension she felt after a long hard battle.

It was funny, the more Laura relieved her own tension, the more the tension between Harry's legs grew. She kept sucking him and looking up at him, mouth full of his throbbing hard cock. Harry grabbed Laura's head and increased the thrusts. She looked up, leaning in and put more of Harry's cock deep into her mouth.

"Mmmm….mmmph!" Laura moaned, taking the throbbing manhood deeper down her throat.

Harry grabbed the back of Laura's head and plunged his throbbing manhood deep down her throat. The woman sucked him, taking more of Harry down her throat. As much as possible, she took, hungrily wrapping her lips around Harry when going down on him.

"That's it, right there," Harry told her. "Suck my cock. Suck it like your life depends on it."

Laura made sure to take his entire cock into her mouth.

"You want to jump me, take this entire cock down your throat, and drink up everything in my balls!" Harry yelled at her.

Harry gripped Laura's hair and face-fucked her even harder. Those balls slapped her chin. Harry jack-hammered inside Laura's mouth. Her pussy grew even warmer at the thought of what he did. Her mate showed how feral, how primal he could be when the situation pushed for it. And the situation pushed for it.

The beautiful mutant on her knees before him ensured Harry would keep hammering the woman's hot throat. The hunger through her eyes made everything feel so much better. Harry grabbed onto the back of Laura's head and slammed almost all the way down her throat.

A few more thrusts later, and Harry spilled the contents of his balls down Laura's throat. Laura gripped onto Harry's taking him for everything she thought he was worth. Her eyes closed showed when taking the cum. Every last drop, she slurped down.

"Don't waste a drop," Harry warned her.

Laura pretty much had no desire to squander such a precious commodity. All she could to do was take Harry's length down her throat. Harry pummeled the back of her throat without any pause. She responded by sucking every last drop of cum down into her mouth.

The warmth kept spilling into her mouth. Laura's breathing increased when accepting what Harry had to offer. The balls finished draining.

Laura pulled herself up. The warm cum spilling down her throat only served to inflame the
woman's passions. Her vest tore off to reveal a pair of large breasts with nipples erect, begging to be sucked. The moment Harry rose to his feet, Laura grabbed him around the head and shoved his face in between her warm cleavage.

Harry brought his mouth around the heaving chest of the sexy mutant. Her hand found his cock one more time. Harry buried his face between Laura's tits just as she stroked him. Harry swelled, his cock brushing against the flat, toned abdomen of the sexy mutant and against her inner thigh.

"I can't wait for you to fuck my brains out," Laura said. "How many times am I going to cum tonight?"

The sorcerer released his grip from Laura's tits and leaned back. A smile spread over his face, and Laura would be lying if she didn't shudder by those eyes locked onto hers.

"As many as you can last," Harry said. "We'll see how long you can go the distance."

"Oh, I hope you can take me to the edge, and drag me all the way off," Laura said.

Harry pushed Laura back onto the bed. The sexy mutant landed on the bed, legs spread, and ready to be penetrated. Her lip chewing made her look innocent, or about as innocent as the daughter of Wolverine could look.

He wasn't about ready to slide his cock inside her, at least not yet. Harry wanted to make Laura want this even more.

'And let's face it, no matter how much she wants it now, she's going to want it even more by the time I'm through with her.'

Harry pinned Laura down on the bed. She tried, with all of her might, to push her hips up, and to shove just one inch inside her. Harry leaned in and matched her aggression by kissing her.

"If I mark you, they'll know who did it," Harry said.

Laura's nipples grew as hard as diamonds.

'Emma Frost eat your heart out.'

Harry leaned down closer and nibbled the side of her neck. Laura shuddered when Harry kissed the side of her neck, licking down it. He traced his tongue down her collarbone and moved his way down her body. Every time Harry kissed and sucked her nipples, they grew harder than ever before.

"Yes."

He smiled, spending a lot of time with her breasts, before moving down. Harry planted kiss after kiss on her belly button. The juices coming from her enticed Harry and triggered his own primal instincts. Harry just avoided the promise land just barely, making Laura want even more.

Laura could feel him alternate between kissing and licking down her legs. Some of the juices coming from between her thighs trickled down her leg and Harry cleaned it up. Laura shuddered the further Harry continued his tour down the side of her leg.

"Yes, right there," Laura begged him.

Harry smiled and kissed the side of her leg, before moving down and reaching her ankles. His
hands rubbed the soles of Laura's feet, and he sucked her pretty little toes. Laura's screaming increased, before Harry made his way onto her body.

Laura thought she would almost die of overwhelming lust. Harry laid on top of her, their skin touched. They were joined, other than the most important part. Laura found it within herself to lift her legs and push Harry closer to her body. She sucked the side of the year.

"I'm going to lose it in a minute," Laura said. "Please, don't….don't hold back."

Harry grabbed onto Laura's hips and positioned himself closer towards her hot dripping center. A few inches away from meeting her, for penetration. Laura held onto his hips and pushed him closer towards her.

"Fuck me, fuck me hard!" Laura begged him.

Harry thought it would be kind of rude to turn her town. He positioned himself in front of Laura, cock touching against her dripping slit. She rose up further to meet him, hungrily looking into his eyes. Harry inched closer towards her and came an inch away from penetrating her.

"Since you asked so nicely," Harry told her.

Laura did ask so nicely. She wanted Harry buried deep inside her. The two of them met hip to hip with each other. Harry pushed his long and engorged prick into her. The two of them connected at the hip. Harry's thrusts became slow, but Laura wasn't having any of that.

"You know, trying to maul my back like a wild animal isn't going to help you any," Harry told her.

Laura dripped at him taking such a firm stance with her. She gripped him hard, but relaxed with the finger nail digging into her.

"I want you to take me, and fuck me hard, fuck me like I am an animal!" Laura encouraged him. "Please, do it, please take your big cock, and drive it deep inside my body."

Laura encouraged him, and Harry rose all the way up, before plunging deep into her body. Her pussy tightened around Harry, squeezing him before releasing him. Harry picked up the pace with a couple of long thrusts which grew even harder, and faster.

"Yes, right there, fuck me right there, and fuck me hard!" Laura encouraged him.

Harry wasn't about ready to hold back from what she wanted to do. She wanted a hard fucking, she was going to get one. Harry picked up the pace and drove himself deeper into her. Her legs tightened around Harry. Harry ran his fingernails down her legs while his balls slapped onto her firm thighs.

"This is what you want?"

Laura answered by biting down on her lip. Oh yes, this was what she wanted. Never in her life had she wanted anything other than to have such a thick, throbbing cock push between her walls. The two of them connected with each other, with Harry pounding her all the way to a great edge. Laura held onto Harry, and encouraged him to go further into her with moans.

"Yes, please, more, that's what I want!" Laura yelled at the top of her lungs.

Harry smiled when pushing himself to the edge. Laura took Harry between her thighs and squeezed him. Harry hung onto her and pushed into her. Those thrusts grew more dominating.
Laura finally was able to receive what she wanted. The tension in her body released in one solid flood of orgasmic bliss. She extended her hips up, taking more of Harry inside her every time he slid into her. The two of them met hip to hip when the thrusts increased.

"Deeper!" she begged him.

Harry wasn't about to deny Laura exactly what she wanted. He hung onto her and plowed deep inside of her. The feeling of such a tight pussy made him groan.

Laura marveled at her healing factor. Every time she had sex with Harry, it was like he penetrated her for the very first time. And yet, the feeling was as familiar and wonderful as it was every other time. Laura reached up and pushed more of Harry inside her.

"Mmm, yes, right there, deeper, harder!" Laura begged him.

Harry wasn't going to deny her. He spread Laura's legs wide and gained the leverage to pound into her. Her cunt clamped down onto him.

"It's not going to be that easy."

Laura figured it wasn't going to be easy, and she would be kind of disappointed if Harry allowed her to finish him off easily. The throbbing rod spiked into her body and set her loins on fire.

Harry smiled to feel the warmth around him. Laura really was attempting to coax Harry's cum from his balls. He wasn't about ready to be broken down that easy.

"I want you to feel the rush many more times….because after today, you have a lot of tension to release."

Another blast of orgasm released Laura's tension through her body. She held onto Harry, feeling when he stretched her. Harry rode out her latest orgasm to its most logical state. The two of them collided hip to hip with each other, with lots of pleasure involved.

"Yes, I do, but you're helping."

Harry rode out her latest orgasm. Her channel lubricated with juices to allow Harry a strong passage. He pushed into her, feeling her insides. Her muscles contracted around him. Laura's nice tight body gripped Harry's cock when it pushed into her insides.

Laura closed her eyes and could feel the burn of his cock plunging deeper into her. Those thick balls dribbled across her outer walls. She wanted more of Harry, as much as possible. Those thick, swollen balls would feel good burying their contents inside her waiting body.

"Want more, need more," Laura panted.

Harry smiled when pushing deeper into her. He sped up the thrusts after her latest orgasm. This process lead Laura over the edge all the way to the next orgasm. Her hips rocked up and down to milk Harry's thrusts in a great rhythm.

The mutant's bliss increased. This high was greater than anything. Harry's hands worked her pleasure spots, along with lips as well. He came face down in between her breasts and suckled them as hard as possible. He bit down, making her feel the pressure around her nipples.

Harry smiled at the reaction Laura gave to him. His tongue flickered over the stiff nubs, and he kissed down onto them. Their bodies intermingled with sweat and fluids when pushing down.
Harry smiled when looking at Laura, a small amount of drool dripped out of her mouth.

"Keep going," she encouraged him.

"Oh, I'm going to take you beyond the edge."

Harry banged Laura with a fury which could not be unmatched. The beautiful woman underneath him felt pleasure like none other. Harry gave her something which she had been robbed of for so long. He managed to stimulate all of the parts which made her very wet and allowed him to hammer her deeper.

"Yes, ooh, yes, right there!" Laura screamed.

Her wet walls clamped down onto him. Harry pushed deep into her. He caused Laura's stomach to bulge when his cock pushed into her womb.

"You're so close, you're going to get my seed."

"Seed me, then," Laura said.

Harry could feel Laura press against him, and encourage the seed to come out of his balls, spilling into her tight body. The momentum increased with more slams.

"One more time."

Laura grabbed onto the back of Harry's neck and encouraged him to keep it up. Her pussy muscles expanded and contracted around Harry to push him deeper into her.

She came, and came hard. Harry rode her out all the way to the end until it was time for him. The tension in his loins burst and shot the thick juicy cum into her. Laura gripped him when draining all of the cum out of his balls, shooting her up with everything he had.

Both of them came down onto each other, with Harry filling her up. He rode her out to the end with Laura receiving two more orgasms. She held onto him, never once letting go of what she was doing.

Harry pulled out of Laura. She dripped with the combination of juices. Laura shifted off to the side, and squeezed her ass. Her hole opened for penetration.

"Come on, big boy," Laura said. "You know you want to tap this."

Harry smiled when he pushed his cock head against the tight, snug opening. It was rather tight, not that Harry hadn't penetrated it before.

"You sure you can handle it?" Harry asked.

Laura responded with a self-assured smirk. "Please, I'm the best in the world at what I do."

"Including taking a cock up your ass?"

Harry pushed his swollen head past the lubricated opening. He grabbed Laura's hips and pushed more of himself into her. Harry worked his way past her opening, inside her tightening asshole. She closed around him, with Harry sliding back and then pushing back into her.

It took a couple of moments for Harry to establish any kind of momentum. He did after a moment, pushing his hard cock into her ass. The warmth spread around him.
Laura rubbed herself raw at Harry burying himself into her back door. Another pair of fingers
joined Laura in stroking her clit and sending jolts of pleasure up her walls. A second hand slapped
her on the ass and rammed her ass as hard as possible with his cock.

"Right…harder….there!" Laura panted.

Harry smiled when picking up the pace. He wanted to make sure Laura didn't get let up on for a
minute. Every time he entered her ass, it gripped him.

Laura rose herself up to take more of Harry's hard, throbbing cock between her tight as cheeks. She
felt like it was the only thing in the world that matter. Her body tensed up, and juices flooded down
on her. Harry shoved his fingers between her legs.

His fingers shoved between Laura's thighs and cock buried deep into her ass. Laura gripped him
hard on both ends, the pleasure of double penetration increasing.

"You are that good, taking a cock up your ass," Harry said. "But, you'd just sooner take my cock
anywhere I put it."

Laura smiled when squeezing him. Her juices came out, surrounding his fingers. He pumped
deeper into her and collected the juices on her fingers.

The immense amount of juices from Laura's latest orgasm stuck to Harry's fingers. He hovered
those fingers over her and placed them over her mouth. She licked his fingers in response, sucking
on them. Rosy red lips licked them clean, and she dripped when tasting herself.

Harry enjoyed the snug fit of her ass around him. Every time Harry pushed into her body, he was
getting closer to being pulled over the edge. His balls throbbed the deeper Harry plowed into
Laura. Her ass clenched him as hard as possible when going into her.

"You're just too much."

"Don't hold back, just cum in my ass," Laura said. "I know there's going to be plenty more."

Harry was the gift which kept on giving, something Laura grew increasingly excited about. Those
balls bloated with so much cum. All she needed for them was to release and fire into her ass. It
would be more than great if Harry could release himself deep into her ass.

"Yes, there's going to be more than even you realize," Harry said. "And I'm not done with
you….not even after this."

Harry plunged himself into Laura's inviting bowels. The tightness of her ass finally made Harry
give up. He pushed into her rear passage and drained the contents of his balls into her.

The warm and inviting fluids splashed through Laura's ass. She felt her backside flood and it was
dripping with as much fluid as the front side.

Laura smiled when Harry pulled away. Her fingers swiped against her ass and took some of the
warm juices from it. Laura shoved her fingers between her lips and sucked to suck them dry.

Harry watched Laura lick the cum from her fingers, which once had been buried deep in her ass.
He only had one thing to say.

"Dirty girl."
Laura smiled and turned around. She leaned down to lick Harry's cock to get it clean with her tongue. The taste of her ass on Harry's cock made things really nice.

A passionate blowjob followed, as Laura was going to go through the cycle again, until either one or both could not longer sustain. And given their restorative abilities, both could go for a while.

End.
The summer went about the usual way for Harry Potter. He mentally counted down the days until school started, to get away from his relatives. The less time he could spend near them, the better. Their relationship had been chilly at best this summer, and they pretended Harry did not exist most of the time. It suited Harry behind, even though the toxic atmosphere of Number Four Privet Drive made it hard.

Harry had taken to go to a café a few miles away from his home. He sat down and waited to be served. A smile popped over Harry's face, when his favorite waitress was there. He looked up and saw her, with a sunny smile which brought Harry's mood to a better place, despite the trauma of the past year.

The dark haired woman stepped towards Harry, wearing a casual black blouse with the first couple of buttons unfastened. A tease of her bountiful cleavage could be seen. She wore her dark hair pinned back in a clip, which showed her face. Behind a pair of glasses on her nose showed the most exotic pair of eyes. She wore a skirt of modest length, but also one which showed off her legs. The moment the waitress turned around, Harry could see a nice view of her backside.

"Hi!" she exclaimed in a bubbly voice. "You're here on top, just like you are every day."

"Hey, Gali, how are you today?" Harry asked.

The girl, Gali, smiled when she looked at him. "Oh, it's a great day whenever I see my favorite customer…..so can I get you the usual?"

"That would be great," Harry said.

"Just hold tight," Gali said. "I'll be back in a couple of minutes."

Gali sauntered off and Harry caught full view of her round ass when she moved. She had been pretty flirty and there were times where Harry noticed her ass swaying, almost on purpose. It was very hard not to take a look at such a pinnacle of womanhood.

"So, I'm back," Gali said. "So, you're going back to school next month?"

"Yeah, I am," Harry told her.

"Well, I'm sure you're going to have to fight off all of the girls who want a piece of you," Gali said.

Harry smiled, wasn't that the truth? There were a fair share of admirers who wanted a piece of him.

"And I can't say you would blame them," Gali said. "So, I'll see you in a bit, okay?"

Gali dropped a napkin down on the table. Harry thought at first this was accidental, but at the first glance, he noticed some writing scrawled on the back of it. Curiosity got the better of many people, and it most certainly got the better of Harry Potter. He scooped up the napkin to see the writing.

*Break in ten minutes….hope to see you in the store room….across from the bathrooms.*
Harry looked at the note, and wondered if he read too much about this. The perky waitress caught Harry's eye all summer, and she had been hitting on him, sometimes quiet blatant in fact. There had been a couple of times where she kissed him on the cheek even.

The Boy-Who-Lived finished his meal, deep in thought of what to do. He decided, when an attractive woman gave an invitation like that, it would be rude. He rose to a standing position and looked around, so far, no one was around, so no one would see him slip into the storeroom.

Harry walked to the storeroom with the door opened. He stepped inside, just as Gali stood back against the wall. A couple more buttons on her blouse opened up and the skirt rolled up a tiny bit when she leaned back. Her breasts almost hung out of her shirt.

"Hey, honey," Gali said. "It's been a long shift, I was hoping we would have some fun."

Something about Harry drew Gali to him. She required cosmic energy to survive, and most of the time, that energy had to be gained by feasting on the cores of planets. At least, that's what her father did. It wasn't something he really wanted to do, but it was necessary for survivor.

Gali tried to get away with that, going to Earth, and trying to avoid her urges. She wore a disguise of an attractive human female, and integrated into society. She went to school, got a part-time job, had a social life.

"I want to tell you a secret," Gali said. "I've wanted you for a long time."

The attractive brunette wrapped her arms around Harry. Harry responded to the embrace and also the feel of her round breasts brushing up against Harry's chest. Harry reached behind Gali and cupped her tight ass which caused her to squeal.

"You've been giving me enough hints all summer," Harry said.

"And I look at you, and you can use a little bit of fun in your life," Gali said.

She pinched Harry's ass playfully, and leaned towards him. The two met lip to lip in a kiss. Gali drank in the power from him, it was so intoxicating and also replenishing pretty quickly. Gali's fingers traced down his back before coming up towards his neck, and moaning into his mouth, with a hungry kiss. Her tongue tasted every single inch of her mouth.

Harry never quite had a kiss like this. It felt like she drank in his very essence, and hungered for even more. The intensity made Harry's pants become very comfortable.

Gali breathed heavily when she felt something brush against her. She pulled back from the kiss and looked at Harry. The tent in his pants resulted in Gali licking her lips.

"Let me take care of that, baby."

Gali smiled and pulled down Harry's pants to give his manhood room to breathe. The busty brunette wrapped her hand around Harry's cock and pulled it.

"I know some of the boys like this."

"I know I do."

Gali jerked Harry's cock, feeling it in her hand. She moved down to test the length of it and cupped
his balls. More of the cosmic energy had been stored in his balls. Gali needed a way to get it out and taste his very essence.

Remembering a video she watched on some Earth mating habits, Gali dropped to her knees before Harry. His hard cock stuck out in front of her. Gali trailed a tongue long her lips and leaned even closer. One fell swoop later, she took Harry's throbbing cock between her lips and sucked him hard.

Harry looked down at the curvy beauty's cheekbones, which hallowed out and could feel his cock stretching them. The back of her throat had an unbearable heat. Gali gripped onto his backside when she pushed him into her mouth.

"You're amazing, Gali," Harry breathed.

Gali brought more of the hardened rod into her mouth. A swirl of her tongue down onto his rod made Harry push harder into the back of her throat. She managed to take control of every inch of Harry's hardening rod, making sure he pushed deeper into her mouth.

"Oh, this feels good," Harry groaned. "It feels really good, I'm about ready to….."

Gali knew what was about ready to happen and couldn't hold back any longer. She re-doubled the efforts and encircled his cock with a couple more frantic sucks. She needed the cum to fire out of his balls and bury itself down into her throat. Gali hung onto him, humming hungrily when bringing his rod into her mouth.

'Cum for me,' Gali thought to him desperately.

The energy stored in Harry's balls needed to be hers and hers alone. Gali wouldn't settle for anything less, not if she could help it. She popped around him, while fondling those heavy balls.

Harry gripped the side of Gali's face and shot a load of cum in her waiting mouth. She drank up the cum without any hesitation. The sticky seed entered the back of her throat.

Gali cupped his balls and ensured all of the cum flowed from its home, into its new destination down her throat. She sucked him with more hunger.

Harry closed his eyes. She intended to suck him pretty dry, drinking up the cum in his balls by the bucketful. Harry grabbed the back of Gali's head to pound into her mouth, launching even more cum into the back of her throat.

Gali released his cock and leaned in to give it a kiss, while licking him. She stood up straight.

"That was just a taste."

Harry realized her soft hand wrapped around his cock and stroked him one more time. Gali made sure his cock also brushed against her thigh. The woman turned around, still with cock in hand. She did a reverse stroke.

"Tell me if that feels good," Gali said.

Harry's eyes glued to Gali's ass clad with a pair of lacy purple panties. It looked so nice, so soft, and yet so firm. The heat coming from her asshole compelled Harry and made him grow harder. Gali reverse stroked him and made him even harder.

"It feels great."
Gali released his hard rod, and slowly unbuttoned the rest of her shirt. She smiled and allowed her breasts. They were pretty large, and yet they defied gravity, sitting firmly on the chest. The round boulder sized breasts with juicy, purplish-pink nipples which looked like candy stuck out.

"You know what else would be great," Gali said.

She put Harry's hands on those very juicy, round breasts. Harry started to explore them on his own accord. They were more than a handful, and he couldn't help but squeeze them, lick them, bury his face in them.

Her nipples tasted of the sweetest honey. Harry gripped the side of one of her round breasts and gave them a squeeze.

"Good, baby, we're having fun now," Gali said. "And you're going to need any more fun."

Gali pulled out a padded chair from the store room and backed Harry up against it. He sat down on the chair. Gali straddled on his lap, her breasts hit him in the face. Harry reached up and grabbed her tits.

The lacy purple panties were the only barrier for the two of them. Harry leaned forward and squeezed, fondled, and nibbled her breasts.

"You can't have enough, can you?" Gali asked. "You doing that to me, it makes me so wet….let's see if we can have some real fun."

Gali rose up and backed from Harry. His face pulled away from Gali's breasts, making him disappointed. Gali pulled her skirt down to properly reveal her purple panties. The lacy covered her and stuck to her. Gali wiggled the panties off.

Harry's eyes shifted down from her breasts, to her pussy lips. The black pubic hair shaved into a lightning bolt. Harry looked up, and raised an eyebrow towards her.

"I was feeling inspired," Gali said.

Gali walked towards Harry and positioned on the other side of Harry's lap. His long cock extended above her. Gali grabbed him and stroked him. He was hard and aligned with her. The only thing they could do was connect, and Gali felt the electricity.

The first few inches slipped inside Gali's tightening core. Harry could feel pleasure shoot up the nerve endings around his cock. Gali cooed, and lifted herself almost up, before bringing down onto him. Her warm thighs clamped down on Harry and squeezed his long hard cock. Her legs scissored around Harry and pumped him deeper into her body.

"That feels so good," Harry groaned. "Your pussy is so tight….."

"You're making it a little less tighter," Gali moaned in his ears. "You're out of this world, I've seen wonders, but you really are better than them all."

Harry didn't know quite what to make of this. He really wished for an extra set of hands to feel all of the soft, curvy flesh of this beautiful woman. She had an unlimited amount of energy, bouncing up and down on his cock. Every time those hips squeezed down on him, Harry could feel the rush of fluids draining down onto the base.

Gali closed her eyes and enjoyed the way Harry's hands explored. Each squeeze of her breasts served as inspiration for Gali to bounce higher and harder, bringing her tight hips down around
Harry's massive tool. She took him deeper inside, and pulled up, before pushing all the way down.

Then, a twitch came inside of her. She released onto Harry's hard rod and bounced even higher. Fluids spilled all over him when coming up and down.

"I think I'll keep you," Gali said.

Harry smiled at the joke. The two of them met in the center. Gali brought her hot hips down onto Harry's mighty rod and pushed deeper inside her. He could feel the tension slowly build up. Harry managed to hold back, not wanting to leave her warm pussy any time soon.

Gali threw her head back at the sensation of Harry burying inside her body. The two of them connected with each other. Loins rose up and down, with Gali milking Harry's mighty rod.

"I'm sorry," Gali said.

"For what?"

"For not doing this sooner."

Gali bit down on Harry's shoulder to avoid too many people from hearing her pleasure. If she didn't show some kind of self-control, not only the people inside the café would hear her, but her father, from all the way across the universe, he would hear her.

Harry leaned back before leaning forward to get full access to her breasts. Every nibble, every lick, every moment his hands were all over her, it just made her feel extremely great. Gali pushed herself up and down on Harry, ramming her tight vice down onto him.

She milked Harry's rod. The two of them joined together, with Cosmic energies encircling both of them. Gali pulled Harry's manhood into her. She moaned in his ear.

"Yes, baby, give it to me, please," Gali said. "There will be plenty more, but I need it down. I need you inside me, I need you to spill your cum inside me right now, please, Harry, for me!"

Gali nibbled the side of Harry's neck while bouncing up and down onto him. She gripped Harry hard, and milked him. The warmth of her breasts pressed against Harry's mouth. Harry suckled the round orbs while feeling a twitch in his loins and a release being near.

Harry shoved himself into Gali and spilled his seed deep inside the woman. She clenched and milked Harry. Harry blasted seed into Gali's womb. The Cosmic Being pushed further down on Harry, hungrily milking him all the way to the edge. Her tight walls closed around him all the way.

The two swapped their fluids, and Gali pulled away from Harry. She smiled, and looked towards Harry, turning around. Her tight ass and dripping pussy made it hard for Harry to concentration.

Harry grabbed her from behind and pushed her against the wall. His cock lined up against her dripping entrance one again.

Gali giggled, when Harry prepared to shove inside her. "Aren't we being daring today?"

"I need to fuck you again," Harry growled, kissing the back of her neck and marking her ear. His hands reached around and cupped Gali's breasts.

Gali spread her legs to accommodate Harry. His thick girth pressed against her lips and parted them. Harry reared back and pushed deeper inside her. Gali spread apart and took the full length of
Harry's cock.

Harry didn't know what came over him. This point though, all he cared about was plowing Gali, and burying his thick manhood in between her lips. She squeezed Harry and ensured he wouldn't slip away from her. Thrust after thrust, Harry put his hard cock in between her lips and hammered away at her feverishly. His hands gripped and squeezed her breasts.

"I can't have enough of you," Harry growled.

"Good enough....I can't have enough of you either," Gali said. "Harder, harder!"

The slow pace of the first round was nothing compared to the primal pounding Harry gave her. Every time Harry buried into her, Gali pushed herself against the wall. His hands roamed without aim, as he gained a bit more momentum.

"You've been hitting on me all summer, I bet you hoped I dragged you into the backroom and fucked your brains out, didn't you?"

Gali wasn't going to lie, that was exactly what she wanted, and more importantly exactly what she needed. She needed a huge, pulsing cock, pushing inside the depths of her hot loins and pounding all the way to the end. Gali closed around Harry and released him. She milked his thrusts in time, enjoying the pounding.

"Yes, I've wanted that," Gali said. "More, please, more."

Harry gave her more, giving her everything she could ever wanted. Gali found it very hard to hold back the screams. Especially when Harry spanked Gali's ass while pulling back and slamming into her. Each thrust, combined with an able sway on her tight ass.

Every time her pussy clenched her, Harry felt more excited. He pulled Gali back slightly, to get access to her breasts.

"You really love those," she breathed.

"They're pretty sensitive," Harry said. "I like how soft they are, and how every time I touch them right here, your pussy gives me a death grip."

To illustrate his point, Harry held Gali's breasts and twisted the woman's nipple, before pulling away. He rubbed her nipple in response, and she panted. Harry took all of the pleasure spots, and drove her to the edge.

One small moment later, and Gali lost her. She let out a scream which carried, not only through the café, but potentially all the way to the depths of space.

'Of course, I doubt I'm the first person to get my brains screwed out in this back room,' Gali thought in a very hazed manner.

Harry pushed himself into her. The Boy-Who-Lived wanted to bury his thick cock inside her pussy all day long. Gali's walls caressed him, the velvety tight walls grinded against Harry's probing penis and made it feel really good. Harry pumped his way into her with several hard and fast pounding motions.

Gali clenched and released him all the way. She could feel a big one, the one which would be better than any others. Harry rode her all the way to the edge.
"You're going to lose it," Harry said.

"Yes," Gali murmured.

"Good, I'm going to lose it soon as well."

One more squeeze of those breasts, Harry had to have them. The round, beautiful, soft breasts, pillows which he could bury his face in and suck all day long, and he would be sucking on them again when he fucked Gali. Judging by the pleasure coming through her face, this would be more.

"Lose it, lose it in me."

Gali's body prepared itself for something amazing. Every time Harry's balls slapped against her, it would feel amazing. He sped up the thrusts. Gali's toes curled with the feeling. Harry ran a finger down the small of her back all the way to her ass crack and it caused her to shiver before tightening around him.

"Maybe something for next time."

Gali smiled. "Oh, I'm sure….I can't wait for next time."

The Daughter of Galactus braced herself to feel this time. Her pussy soaked Harry's cock and lubricated the way into her insides. Harry pushed further into her. Gali lost count of the number of orgasms, only how good they felt.

'Yes, I'm keeping him. '

Gali prepared herself for an extra helping of cosmic energy. She didn't want to become a glutton, but with Harry, it was hard not to be one.

The final orgasm pushed Harry over the edge as well. The energies swirled between both of them. Harry impacted her and pushed his pelvis against hers while emptying a heavy amount of cum. The sticky amount of seed spilled into her body and surrounded her.

Gali closed her eyes when the seed shot into her womb. An immense amount of cosmic energy filled up in her abdomen, and Gali sensed new life forming deep inside.

Harry pulled out of her, the pleasure of release hitting him.

"Amazing," Gali said. "I'm off tomorrow, so if you want to swing by my apartment.…"

Gali squeezed Harry's ass in encouragement and gave him another kiss. He hardened against her thigh and Gali grinned through the kiss.

End.
Ty Lee shivered when climbing up a large mountain towards a temple. She dressed for the weather, but it was becoming very hard to be able to climb up to this current destination. She gripped onto the mountain. Azula sent her along, to negotiate, because quite frankly, she could be a bit of a sadist when the mood struck.

The perky girl made her way up the mountain. A couple of guards stood in front of her. She frowned when looking at them.

"I'm here to see the Dragon," she responded towards them. "My name is Ty Lee, I come on behalf of Princess Azula, please let me in, he knows I'm coming."

One of the guards chuckled. "Women always come for the dragon. I'll see if he's available."

The guard turned around and looked into the shadows.

"Yes?" he asked.

"My lord, there is a female who calls herself Ty Lee, she claims she is here on behalf of Princess Azula," the guard said. "Should I send her inside, or should I have her detained and brought to the dungeons?"

"Mind your matters, and send her in."

The guards parted their way and Ty Lee stepped inside. She had been blown away by the amazing amount of artifacts which hung from the wall. They were the spoils of war from the various people the Dragon had conquered during his time. He took entire armies of me, and kept both artifacts and women for the spoils of war.

Harry Potter looked down at the beautiful woman who had come before him. She dressed in a heavy cloak, but even underneath the cloak, one could see she had an amazing figure, one which caught the attention of anyone involved. Harry motioned her forward.

"It's good to finally meet you," Ty Lee said. "My name is Ty Lee, and you are…"

"Yes, Azula mentioned she would send someone, although I'm very disappointed she didn't make the trip herself," Harry said. "It's almost as if she's avoiding me after what happened the last time we met."

Ty Lee wondered what could have happened. The Princess never mentioned a previous encounter with this man, and what a man indeed. She looked towards him. Those green eyes burned with both passion and power when he descended down the stairs to get a closer look towards her. Ty Lee's heart skipped a couple of beats

Suddenly, it got hot, and she started to unclip her Traveling Clock. She wore a nice silk shirt, with a couple of buttons undone, and a pair of tight leather pants which fit around her nicely. It was made from some of the finest materials money could by.
"You're going to have to make up for her absence, Ty Lee," Harry said.

She stepped towards him. "Princess Azula told me to give you whatever you want."

Harry raised an eyebrow and leaned towards her. "Anything?"

Something about his tone caused Ty Lee to rub her thighs together. She returned to the conversation, not wanting her hormones to get the better of her.

"Yes, anything, and I'll apologize to you if….if I offended you in any way," Ty Lee said. "My attire, it doesn't offend you, does it?"

Ty Lee bent over to allow Harry a full view of her cleavage, under the pretext of Harry looking over the attire.

"It's fine," he responded. "Follow me."

The traveler hated to have walked any more, but she didn't doubt any complains might cause offense, and this was pretty much the last thing which she wanted when walking down the hallway. The boots were good for navigating the terrain, but they were about a size too small.

Her winces must have gotten very loud, when the sorcerer turned around and looked Ty Lee straight in the eye. "You've had a long journey, haven't you?"

"Yes," she admitted. "It's been…rough, and…"

"Your feet are sore," Harry said. "Come in here, and sit down."

Harry opened up the door and Ty Lee stepped into a lavish room. She sat down on the bed Harry motioned for Ty Lee to sit down on the bed. She did, feeling the softness of the sheets underneath her hands. Ty Lee wanted to fall back and rub the side of her face against the bed, it was so soft and fluffy.

He took a foot in hand and unzipped Ty Lee's boot, slipping it off over her feet. The sock followed, and Harry frowned, when he slowly ran a hand down the sole of Ty Lee's feet. The other boot and sock met their mates on the ground. Harry waved a hand and banished the items in question over to the corner. He pulled over a bench and put Ty Lee's feet on her lap.

"When's the last time you got a foot massage," Harry told her.

"Never?" Ty Lee asked.

Harry rubbed her foot, the sides, the sole, and ran down the toes before moving down to massage her hands. His fingers gently caressed the blisters forming on the feet. A small amount of healing magic resulted in the blisters fading away. Harry encircled her feet, and rubbed the toes.

Ty Lee thought she would pass out from how good this was. He made circle motions around her feet. The pleasure coursing through her foot spread up. She realized if he looked up from her feet, Harry would see a pair of nipples sticking out from the other side of the shirt. He worked the right foot and then switched from the left foot, reducing her feet back to their normal softness.

Harry raised her leg in the air and put her foot to his cheek.

"I'm sure that feels much better," Harry said.

"Yes," she said. "It feels a lot better…but, I think my legs are sore as well."
The girl slowly slipped out of the leather pants to reveal a nice pair of satin white panties underneath, and they soaked through to reveal her dripping hot sex underneath. She placed her feet on Harry's lap and smiled, wondering how daring she would be allowed to get before being smacked down.

"Rub my legs, they're sore, and as you said, I've had a hard journey."

Harry smiled, she really thought was seducing him, not realizing Harry already seduced her when coming in here. Wet panties and erect nipples showed more than enough. Harry put his hand underneath her leg and rubbed the back of it. Her bare, soft flesh felt like smooth silk underneath it. The warm skin felt good with Harry massaging the legs.

The traveler hitched in a breath, chest rising and falling. Ty Lee unfastened a couple more buttons of her shirt, until it had been pulled off. She sat in nothing other than her bra and panties while rubbing circles around the growth inside his pants.

Harry rubbed Ty Lee's thighs, feeling how smooth they were. His fingers dipped underneath her panties, and shifted fingers underneath them. The little moans coming from the woman only encouraged him. Every time he slipped underneath, she bit down on her lip. It looked rather adorable and pretty hot to be honest.

"You're….this is no fair," Ty Lee said. "Your clothes must be getting pretty tight by now, and you must be getting hot."

Well, there was no getting about it, but there was that. Harry stopped massing Ty Lee's inner thighs and stepped back.

"Why don't you help me out of my clothes?"

Ty Lee grabbed Harry's shirt and pulled it off. The shirt did wonders in hiding that physique, with broad shoulders, a muscular chest, and a toned abdomen without an inch of fat. Ty Lee rubbed her hands down him, encircling a finger in Harry's chest hair before going closer down. Her fingers teased the edge of Harry's belt.

"That looks tight," Ty Lee said. "Why don't I let you have some air?"

She pulled down Harry's pants and gasped at the size of him. The pair of shorts underneath practically stretched all out of shape because of his massive tool. Ty Lee reached up and tugged it the rest of the way. She had to dodge it, for if she didn't.

"You can put someone's eye out with that thing," Ty Lee said. "Did you?"

"Not that I can recall," Harry told her. "But you were pretty close to being the first."

Ty Lee greedily grabbed onto his cock like a child snatching her first present on Christmas morning. She pumped the throbbing manhood while leaning forward. She passionately kissed him, nibbling on his lip while shoving her tongue deep into her mouth. The inside of his mouth tasted sweet as well. She didn't get allowed to explore without any inhibitions for too long, because Harry pushed his way back inside of her mouth. Their tongues dueled each other, neither backing off from each other.

The two broke away from each other. Ty Lee unclipped her bra and released her large breasts out into the wild. Harry smiled and reached in to squeeze them while she stroked him.

Ty Lee brushed her foot down the side of his leg while laying back on the bed. She enjoyed the
feeling of his strong hands caressing and squeezing her breasts. It was beyond so good to feel what he was doing to her. A small amount of drool dripped from her lips when lying back on the bed.

"Please," Ty Lee begged him. "I don't think I can wait any longer."

Harry smiled and pushed his cock in between her gorgeous orbs of flesh. The young girl gasped when feeling him push between her. He shoved deep inside the valley of her cleavage and started to rock inside her. Ty Lee gave a passionate gasp and leaned in to lick the cock head when passing in between her breasts. Every time Harry pushed in between them, she could feel something beyond lust.

Those breasts were amazing for Harry to have wrapped around his cock. He couldn't wait much longer. Harry had to take them, push in between them, and make those round gorgeous flesh sacks his.

"She brought me the best peace offering ever," Harry said. "But, we've just got started, I hope you know that. I don't think you're going to want to leave without experiencing how true the legends are first hand."

Ty Lee could hardly wait to see how true they were. All twelve inches of his phallus buried between her breasts and the head of his cock bumped up against her chin. Her lips wrapped around him every time Harry pushed completely out. She tasted him and this caused her heart to race even faster than ever before. Pleasure beyond all imagining would follow.

Harry held himself back. He could see by the look in the traveler's eyes, she wanted Harry to cum all over her chest and face. Harry would like nothing better to unload a gigantic load on both of these beautiful body parts, but not yet.

Much to the chagrin of the girl underneath him, Harry pulled out of her breasts. She was about to protest, until Harry hooked his fingers underneath her panties and slid them down her legs. Ty Lee bit down fiercely on her lip the more the panties pushed down, to expose a dripping wet sex underneath. The girl's heart raced even faster when he encircled them.

"Look, you can barely contain yourself," Harry said. "You want me, you want this inside you."

Harry empathized his words by running the length of his cock down Ty Lee's body and brushing against her soft center. She twitched underneath Harry. Harry reached between her legs and started to stroke her, feeling the dripping hot juices coming out.

"You want me to ride you until you pass out," Harry said. "I bet you're dripping at the thought of me taking my big cock inside you, and me screwing you until you can't take no more. You want to scream your pretty little head off, while taking my cock shamelessly, don't you?"

"Mmm, yep," Ty Lee moaned.

Harry rotated his finger deep inside of the horny beauty. Her hips clenched around Harry when he pushed deeper inside her. Ty Lee extended her grip on him, and milked Harry's probing fingers, until they pushed further inside her. Her heart raced and Harry could feel he had a grip on her.

"Good girl," Harry said.

Ty Lee almost received an orgasm, but then had been released. She looked up and saw Harry taste the juices.

"Sweet, like freshly plucked fruit from the vine," Harry said. "Cherries, with a lemony taste....have
Ty Lee blushed, and could not lie. She licked the toys clean after Azula used them on her.

Harry smiled, he could tell from the moment she walked in here how Ty Lee was a perfect little sub, and Azula likely sent her here knowing precisely what would happen. He bent down on her and caressed the girl's round breasts. She gasped when those fingers pushed up against him.

"Please, I'm burning," Ty Lee said. "I need you....in me.....do whatever you want to me."

Harry brushed down her slit and then switched up to the clit. He pinched it and brought unmistakable pleasure through Ty Lee's being. Her heart hit a fever pitch. Harry crawled on top of her. Their bodies touched each other. Harry enjoyed the feel of her hard nipples buried into his muscle chest.

"Be warned, those can be dangerous words."

Ty Lee traced circles around the Dragon's back, and cupped his ass. This throbbing hard cock brushed against her flat stomach. She wondered what would happen when it buried inside her, and shot what was in those big, swollen balls inside her body.

"I don't care," Ty Lee said. "You're going to kill me, I'm going to die of being so horny."

Harry smiled and squeezed her chest one more time. He positioned right neutral to Ty Lee's entrance, and shoved inside her. Her walls stretched for a moment before closing around him. Harry grabbed her hips and pumped inside the beautiful woman. Ty Lee clenched around him.

"You're so horny," Harry said. "I like that from a woman like you."

Ty Lee grinned, and enjoyed the feeling of this man among men burying himself inside her. Her thighs clenched together and took him deep inside her body. The heel and sole of her foot wandered aimless, brushing against his balls before they slapped against her thighs.

"Thank you for this blessing," Ty Lee said.

She reached up and grabbed onto Harry's back. His throbbing cock speared into her womanhood when he rose up and pushed down into her. The two of them matched their motions. Harry pulled almost out of her and then brought himself deeper inside of her.

Ty Lee thought the journey would have been more than worth it to feel this wonder. Every single nerve ending made her feel pleasure beyond all place. All of the legends, the rumors, whatever else you wanted to say, they were all true. This remarkable man was able to push into her.

The first of hopefully many organisms shot through her boy. Ty Lee pumped her walls around him and let the juices squirt out to cover his cock. The lubricate allowed the green-eyed sorcerer to keep working inside her. He pummeled her pussy with several long thrusts. Ty Lee reached up and gripped the back of Harry's neck, moaning when he buried himself further inside her.

"Oh, you thought that was amazing, just wait for this."

Harry sped up the thrusts underneath the beautiful woman. She clenched down around him. Her toned, perfectly body wrapped around his cock and she squeezed him, pushing Harry deeper inside her. Every time Harry pumped into her body, she contracted around him.

"I wonder if you'd cry if I pulled out of you now."
Harry slowly teased pulling out of her. Ty Lee gasped and tried to hang onto him. Her legs ensnared him. All but Harry other than his head slipped out of her. Her pussy hummed and tried to push out but he pulled away.

"I need you back inside me," Ty Lee said. "I'm so horny, I'll lose it if you aren't in me...please, please, I can't stand it!"

Harry turned and kissed down her leg when it balanced down. He spread Ty Lee's thighs far and pushed deep into her. Her cunt happily took the entire length when Harry pushed into her. The feeling of her body squishing underneath him and pussy clamping on him made momentum.

Ty Lee rose up to meet Harry when going all the way down into her. He bottomed out inside her pussy. Every inch pushed deeper into her body. The sound of hot flesh connected with each other. Harry rose almost all the way out of her, pulling her off of the bed almost before descending back down.

Questing hands rolled down every single inch of Ty Lee's hot body. He gripped the breasts and squeezed them together before taking the hard nipples. One hand cupped a right breast and Harry sucked the left breast. He alternated back and forth and pumped inside her even faster.

"I can suck these juicy tits all day," Harry said. "Would you like me to do that?"

Ty Lee nodded feverishly, licking her lips. The two of them connected lip to lip with a very passionate kiss. She squeezed Harry's hips and allowed him to drive deeper inside her. The two of them connected together, kissing each other while Harry also paid tribute to Ty Lee's nether lips.

The most amazing orgasm connected. Ty Lee ran her fingers down Harry's back to encourage him to delve deeper into her. Their loins connected together in a heated motion. The two of them rocked back and forth against each other, gaining the momentum necessarily to bring a very pleasurable end, at least in Ty Lee's mind.

She came one more time and brought Harry deeper inside of her. Their bodies melded together in a dance of passion. Her hips grabbed him and pushed Harry inside.

"So, close, aren't we?" Harry asked.

"Aren't you?"

Ty Lee imagined the rush of his warm seed feeling here. Despite the harsh journey, it made her way here.

"I think this will be the first step of cementing a greater alliance," Harry responded. "But, first I need you to come for me, and cum for me hard."

The woman beneath him grabbed Harry and squeezed him hard. Harry held onto her hips and picked up the pace. The two of them met each other in the center.

The final orgasm from Ty Lee proved to be the one to send Harry over the edge. He slammed inside the beautiful woman and filled her up with an excessive amount of seed. An insane amount filled Ty Lee completely up. She clutched Harry, the warm seed blasting inside of her.

The two of them pulled away. Ty Lee ran a finger nail over her stomach, bloated with the amount of seed inside of her.

"When you return, tell Azula I will agree to an audience, but she's going to have to...negotiate
terms in detail," Harry said. "But, I do believe you shouldn't leave before morning, because there's a storm brewing tonight."

Ty Lee rolled over and squeezed Harry's shoulder with one hand and played with his hair with the other. "Well, I guess you're going to have to keep be entertained."

"What kind of host would I be if I didn't?"

The night was still just beginning, and Harry was far from done with her.

End.

The entire mess with the Triwizard Tournament happened so fast, it caused the sixth year Hufflepuff, and apparently one of the Hogwarts champions, Chloe Diggory's head to spin. The funny thing was, she really didn't have any intention to enter the tournament to begin with. Her father really had a lot of mileage about how she was the only Seeker to beat Harry Potter to the Snitch, despite the rather unfair way she did so. Chloe didn't consider it a victory when those Dementors.

She could only imagine how insufferable her father would be, should she win the Triwizard Tournament. Chloe figured he should be proud of what she did. Between him and the people in her year, egging her on, she decided to enter the tournament. Chloe didn't feel she was worthy enough to enter the tournament though, but it was as much of a surprise to her as anyone else she entered the tournament.

For a brief fleeting second, Chloe was as shocked as anyone else. Shock doubled when Harry Potter entered the Triwizard Tournament, and it was much to his shock as well. Harry claimed he didn't enter the tournament and Chloe, believed he was telling the truth even though the fellow members of the Hufflepuff house didn't, other than a select few.

The beautiful brunette's bright brown eyes narrowed in frustration. It took every single fiber of her being not to scream out in frustration. Boy, did Chloe really want to scream though, and throw her hands into the air. She maintained some dignity thought, if barely.

'I can't believe these people sometimes,' Chloe thought. 'He stole my personal glory, he stole Hufflepuff's chance of glory, I can't believe they would be like that. Being a Hufflepuff isn't about the glory.'

They forgot what being a true Hufflepuff was all about, and they didn't learn their lesson from two years ago. Two years ago, they turned on Harry when there were rumors he might be the heir to Salazar Slytherin and might have opened the Chamber of Secrets. Pardon Chloe's language, but that was utter bullocks.

'People never learn from their mistakes, and they always think the worst of people.'

Chloe almost came around the corner and ran into Harry Potter himself.

"Hey," Chloe said.

Harry stepped back from her.

"Sorry, I wasn't watching where I was going."

Chloe waved off his apology. "No, there's no need to apologize. I was...just as much as fault for this."

The two of them stared at each other for a long moment. The moment increased in length when both of them looked at each other, neither of them knowing what precisely to do in a situation like
"No one believes me I didn't enter," Harry said.

"Well, I wouldn't say no one believes you," Chloe said. "I just think everyone's caught up in the madness of this tournament, and the excitement. The Hufflepuff house is no different, I'm sad to say."

Harry detected a very obvious note of disapproval in the girl's voice. He looked up at her for a moment.

"So, you believe me?" Harry asked.

"Yes," Chloe said. "You keep to yourself a lot of the time. Why would you want to be in a tournament which brings you out into the spotlight?"

The two of them walked down the hallways of Hogwarts and turned around the corner. Harry was pretty satisfied she believed him, at least someone believed him in a situation like this. Maybe there was some hope the rest of the school would come around.

"The truth is, I didn't expect to get into the tournament either," Chloe said. "My friends, they convinced me to enter. I suspect my father's going to be over the moon with him. You know how he is, you've met him at the Quidditch World Cup."

Harry looked towards Chloe for a moment and nodded.

"Yes, I met," Harry said. "He seemed pleased you beat me in Quidditch."

"You fell off a broom because soul sucking monsters invaded the Quidditch pitch," Chloe said. "I was looking forward to the rematch this year, you know, so things could be fair and square."

"Guess, that got cancelled," Harry said.

"Well, I've got one more year," Chloe responded. "Let's hope we have a chance to go out there next time."

The two of them walked down the hallway and turned around. They made their way to a more private area, an un-used classroom.

"I wouldn't pay anyone any mind," Chloe said. "I'm going to have to have a talk with the Hufflepuffs to back off, and leave it be. They shouldn't be blinded by the glory. It seems like a Slytherin thing to do."

"It's a Gryffindor thing to do as well," Harry said. "And here I thought the Hufflepuffs were supposed to be the nice ones."

Chloe chuckled in response. She placed an arm around Harry's shoulder and pulled him in.

"Most of the time we are, but we sure have our moments," Chloe said. "This Triwizard Tournament mess isn't the shining hour for the Hufflepuff house. And I think the way they're acting, it's just….well, even though you're used to it after your second year, it doesn't make you right."

The beautiful girl leaned back against the wall, almost lazily. She could see Harry's eyes drift to a certain part of her body. Chloe smiled, this had been frustrating for them, and with Harry being a powerful wizard.
"I'm really sorry," Chloe said. "For my father and the way he acted at the Quidditch World Cup. He should have never rubbed what happened in your face. I really like to make it up to you, if you want to."

"You shouldn't apology for him, you didn't...you weren't the one bragging about what happened," Harry said. "You looked embarrassed, and looked like you wanted to jump into a hole."

Chloe barely kept a smile off of her face. That was exactly what her father did. It really was embarrassing when seeing him brag about it.

"What I want to know is how I can enter a magically binding contract if I never put my name into the Goblet?" Harry asked. "Couldn't that be abused?"

"I don't know," Chloe admitted. "I'm really not an expert on this. You should really ask Susan, her aunt is the head of the Department of Magical Law Enforcement. If anyone should know, it would be Amelia Bones."

Harry looked a bit apprehensive. Chloe bent down and put a hand on Harry's shoulder.

"She's one of the good ones,' Chloe said. "Trust me, she's sensible enough to understand you wouldn't have put your name into the Goblet. It does raise a lot of questions."

The older girl sighed.

"And I'm sorry I didn't come and visit you in the Hospital Wing to check up on you after what happened," Chloe said. "That was poor sportsmanship on my part, and I was just in shock with what happened. I don't even know what came over me....and I can't even imagine what you would have seen."

Chloe could have figured it was something awful. The taller girl leaned forward and pulled Harry into a hug, pressing him up against her.

"Sorry, figured you need a hug," Chloe responded. "Um...."

Chloe could feel something hard press up against her and pulled away. The older Hufflepuff realized Harry's face pressed up against her breasts and he looked rather flushed.

"Sorry," Harry said.

"No, that's perfectly naturally," Chloe said. "And as a prefect, it's my responsibility to help a fellow student in need, and you are in need, Harry."

Harry wondered what she meant by that. She pulled Harry's trousers down over his ankles in a blink of an eye. His boxer shorts stretched over his cock and Chloe pulled them down to release him out into the wild. Her heart skipped a beat when she saw it.

And it was only after the second maturity.

"So, have you ever been with a witch, Harry?" Chloe asked.

Harry shook his head in response. "I..."

"I'm really surprised, " Chloe said.

Chloe wondered if this was by design. She wasn't going to lie, the fact she was about to take the virginity of Harry Potter was more appealing than beating him at Quidditch, or being in the
Triwizard Tournament. She would be the envy of any witch.

Poor Cho thought she would be the one to do it, and they both feared that Veela champion being the one to get first crack, when she got over herself and realized there was a wild Harry Potter in her midst.

Chloe grabbed Harry's cock and squeezed it hard. The despite him being three years her junior, he was rather well endowed. She leaned in and kissed Harry on the lips.

Harry thought this was a dream. But if it was, boy was this an interesting one. Chloe squeezed his cock and caressed his balls, while leaning in with a kiss. The two of them encircled their tongues around each other. Harry copied what he did, with pure instincts.

"Relax, and let me do my duties as a prefect," Chloe said.

"If you keep this up, you might be a good Head Girl," Harry responded.

"Oh, I think I have the fundamental skills down pat already."

Chloe descended down to her knees with one throbbing long cock outstretched in front of her. The tip of Harry's cock touched her rosy red lips and she kissed it. Her hand caressed the solid length and made it extend, growing between her lips. Chloe worked her lips and tongue slightly over him.

Harry closed his eyes and could feel the pleasure. Her wet mouth wrapped around Harry. The older Hogwarts champion went down on the throbbing cock of the younger one, slurping his manhood. Her fingers brushed against his balls and squeezed them, caressing them.

Chloe worked more of Harry's long, cock inside her. Her panties stuck to her. The house elves would most certainly have a fun time getting them clean. She reached around and gripped Harry by his ass before pumping the long cock into the back of her throat. Chloe flicked and slipped her tongue across Harry. His lengthy tool slapped against her tongue the further she went down on them.

"I….I feel…."

The bubbling in his balls ensured Harry was going to cum sooner rather than later. Chloe ensured it would be sooner by servicing his cock. She had to taste his potent and powerful semen right now. Chloe worked her mouth down on him. Harry started to get into it, pumping his cock into her throat.

Harry had been hit with the wildest and most primal urges. He fucked Chloe's tight throat and eventually something had to give. What had to give was a solid amount of seed spraying down her throat.

Chloe tilted back to accept the rush of cum spilling into the back of her throat. She pushed Harry further down her throat and swallowed more cum than she ever could accept in her life.

She pulled back and released his cock. Chloe licked her lips and slowly rose to her feet. The robes slipped off her shoulders to reveal her usual Hogwarts school girl uniform. The skirt slid up just a slight bit and revealed her stockings and a small hint of nickers.

Chloe reached up and unbuttoned the top of her blouse. Her breasts spilled out. Harry watched the cleavage being released to him. His hungry eyes stared towards her and he smiled when more of them got revealed. Chloe reached down and pulled her skirt up. Then it dropped to the ground, revealing she wore nothing other than a pair of panties, and a pair of lacy stockings underneath.
The older girl unclipped her bra and allowed it to drop to the ground. Her perfect, round breasts, with perky little nipples stood erect towards them. Harry looked towards them and reached towards him. He hesitated for a moment. Chloe reached over and grabbed his hand, holding it over her breasts. She gave him a very accommodating smile in response.

"Go ahead, Harry touch them."

Harry reached over and caressed one of those round breasts. A look of pleasure washed over Chloe's face. Harry alternated between breasts. He decided to get a bit more daring and squeezed one of them. He pushed the nipple into his mouth and started to experiment with it, sucking on it.

Chloe closed her eyes and saw Harry's erection come back to life. The mark of a powerful wizard showed how much they refueled really quickly. Chloe gripped Harry's throbbing member and pumped it as hard in response. She squeezed him and pumped him to life.

"Soon, you'll be inside me," Chloe said. "You want to feel my pussy?"

Chloe stepped back and slipped her panties down. Her heated, dripping mound appeared in front of Harry's eyes. Harry looked at the slick slit which beckoned him. He reached towards Chloe and brushed his fingers against her slit. The juices trickled down.

She backed up and balanced on the desk. Chloe spread her thighs to Harry, showing her smooth center which dripped.

"Go ahead, Harry, help me, help you," Chloe said.

Harry walked over towards Chloe and grabbed onto the desk. His cock lined up with her pussy. Chloe hooked her heels on the back of Harry and pushed him in closer. He came closer towards her.

The thick head pushed against Chloe. He entered her and the sensations pushed deeper inside. Chloe's hands hung onto Harry and pushed him into her.

"You're a good fit!" Chloe yelled. "Oooh, that feels so good...thank you for sharing this with me."

Magic encircled both of them. Harry picked up a steady pace and gained a bit of momentum, not to mention a bit of confidence. His head rested on Chloe's chest for a couple of minutes. The moment Harry pulled away, he licked her nipples. A couple of sucks to them brought Chloe to a pleasurable moment.

Chloe grabbed onto his back. It was funny how a chance encounter lead to something like this. She looked up towards Harry's eyes. Those eyes were sure something. Her loins clutched around him.

"This feels good," Harry said.

Her muscles tightened and contracted around him. Harry could feel himself strain and it was very hard not to lose it inside Chloe. Harry reinforced his will and drove more of himself inside the tight Hufflepuff. Her pussy stretched around him with a series of hard thrusts into her body.

"Yes, it does," Chloe said.

Chloe reached up to grab Harry around the waist and squeezed him with her legs. The two of them connected with each other. Harry entered her and stretched her out. She rode the train all the way to the station of another orgasm. He really knew how to touch all of the spots.
He reached around and gripped Chloe's round breast, before pushing deep inside the brunette. Those throbbing balls smacked against her. Chloe responded by digging her nails into Harry's shoulder.

"Yes, mmm, go ahead baby," Chloe said.

Harry rose up and pounded deep into her. She squeezed Harry. The length of his manhood had been caressed. Chloe reached up and pushed down onto her. Harry pummeled her even harder. The silky sensation of her walls rubbing him made Harry even hotter and even harder.

"I can't believe this is actually happening," Harry said. "You really are one of the hottest girls in Hogwarts."

Chloe thought that was high words of praise from the Boy-Who-Lived. The seventeen year old Hufflepuff received a hard pummeling of his long cock inside her body. Chloe gripped Harry and pushed him back inside her. Those walls gripped Harry even harder when he pumped inside of her.

More orgasms followed with Chloe clenching onto him. She closed tightly around him, and pushed Harry inside her. His massive manhood parted her thighs with multiple thrusts. Chloe grabbed Harry hard around the back and encouraged him to go even further inside her.

"Yes, right there, harder!"

Harry could not believe how passionate the normally reserved Hufflepuff could get. It made him feel rather hard and throbbing. He pulled out and slammed inside her body. Chloe clenched him hard and released him.

He slipped outside of her, or rather Chloe pulled away. Chloe flipped over towards him and got on her hands and knees. The brunette showed her perfect ass and spread her legs.

"Take me however you want."

Harry wasn't going to deny this particular invitation. His cock, still dripping from Chloe's juices, grabbed Chloe's hips. He positioned Chloe and slipped inside of her. Her walls stretched and closed around him when he pounded her from behind.

"Spank me, please."

This statement caught Harry completely off guard, especially when coming from the girl.

"Slap my ass!" Chloe begged him, a little more forcefully.

Harry heard people talk about how the quiet ones were always the kinky ones. He wasn't sure if it wasn't true, given the evidence. The point was, Chloe's round, juicy ass was very spankable. He raised a hand and spanked Chloe while pushing into her with a long thrust.

He kept the momentum with a few more spanks and rammed deeper into her with long thrusts. Chloe's walls tightened around him.

"Spank me harder!" Chloe yelled. "I've been a naughty Hufflepuff!"

Harry spanked her ass even harder.

"Seducing a fourth year?" Harry asked. "Abusing your power as a prefect? I think you have."

Chloe and Harry both knew that wasn't the case. It was a simple apology which had gotten very
heated. They got into their roles. Harry really went into his power and buried himself into Chloe. The closer he edged towards the orgasm, the more he forced his way into her.

Harry could feel a clenching come up over his balls. It would happen sooner or later, where he would unleash himself inside Chloe.

"Please, cum inside me," Chloe said. "It's fine….all of the girls are on a potion, unless they chose not to be."

The Pumpkin Juice had been laced to prevent any surprises which would disrupt the Hogwarts education. Of course, Chloe did wonder if someone with strong enough magic and strong enough will, would be able to override it. Harry pushed deeper inside Chloe and rammed her tight pussy. She could feel him buried as far inside her as he would go and that shot pleasure down her body.

"I'm getting close, are you sure you….."

"Finish, you need to finish, it's good for your health," Chloe begged him. "I'm just looking out for the benefit….of the younger years."

Harry rode her pussy to the edge. The insides squeezed him. Harry pulled almost out of her, and then planted his rod deeper inside of her. He slapped Chloe's round ass when he continued to ride her all the way to the end. She wrapped around Harry and grabbed him as tightly as possible.

"You're going to make me lose it," Harry said. "I'm going to…"

Harry spanked her very tight ass one more time. The pressure in his balls finally released and sent his cum spraying inside Chloe's body. Her wet pussy grabbed him hard. Harry emptied his essence inside her all the way. He drained every single last drop of cum inside her.

Chloe could feel her body crash. The warmth of his seed spilling inside her resulted in Chloe breaking out into a brilliant smile. He finished her off a few more long thrusts, running his hands all over her body. He explored every glorious inch of flesh.

The two of them pulled away from each other, and in a mad dash to find their clothes. Both couldn't believe things escalated to this point, although neither was sad it would.

Harry broke the silence. "So, I'll see you around?"

"Yeah, you will."

End.
Su Li felt a stiffness in the side of her neck when trying to move around on the neck. It took her seconds to realize, after returning from her deep slumber, she had been stripped of her knickers and tied and bound to the bed. The lights in the room flickered on and Su turned her attention to Luna Lovegood, who sat at the side of the bed, a big smile broke out over her fast.

"Hello," Luna said. "Congratulations, you've been chosen."

The sixteen year old Ravenclaw looked at the girl a year beneath her and wondered why she had been chosen. Luna dressed in a white blouse and a silver skirt which light bounced off. She got on her hands and knees at the foot of the bed. Her blonde locks brushed against the leg of the Ravenclaw who shuddered in response.

She looked up towards Luna with imploring eyes, who responded with a very sunny, but rather devious grin. Luna's finger lightly brushed across her leg and moved up.

"Nice and smooth, perfect," Luna said. She puckered her lips and leaned closer towards a smile. "You'll do nicely."

Su Li wondered what she was talking about.

"I'm sure you're wondering what I'm talking about," Luna said. "It's very simple actually, in it's devious, as you know, Harry Potter has to train to defeat a certain Dark Lord. I think we all know him, he has a couple of titles which has way too many hypens in them."

Luna brushed her finger across Su's nipple which stuck through her bra. She doubted it was because of the cool air either. In reality, she had enjoyed being bound to the bed. The feeling of the ropes pushing against her skin was amazing to be honest. It was hard for her to keep her eyes upright, and her breathing escalated. Those fingers pushed down and gripped Su's nipple, running a finger over it lightly.

"And we've researched numerous rituals, and it turns out, Harry's powers can get a boost when he is bonded with a sufficient number of witches," Luna said. "And Padma Patil informs me you moan his name regularly. To be fair, you are the only one, but you fingered yourself raw when you imagined Harry pinning you down to the bed and having his way with you, didn't you?"

The young Ravenclaw gasped and could not deny. The ropes continued to push against her and inflame her desires. The thought was she wanted to be taken, to be drilled into the bed by Harry in every single way. Her thighs moistened when these thoughts entered her mind.

"Don't worry," Luna responded with a smile. "I can help you, get what you wanted. You just have to pledge yourself to Harry Potter, as a member of his collective."

Luna and Ginny had also been having an informal competition to see who could collect the most girls. Luna started to trace a pattern on Su's mound. She flicked her finger against Su's clit. Her panties stuck to her loins and formed a little bit of moisture.
"Do you agree?" Luna asked. "Do you agree to serve Harry Potter, and join the cause? Would you like this?"

The Ravenclaw couldn't do anything other than nod due to how the ropes bound her into place. Her heart skipped several steady beats when rocking back and forth on the bed.

"Well, magic is all about your intent, and I can see your intent to be true," Luna said. "Harry, she said yes."

Harry stepped over. Both Ravenclaws followed Harry, when he wore a bathrobe entering. They could tell he wore nothing underneath it.

"Let me prepare you for the bonding ritual, my lord," Luna said.

Harry smiled and motioned for Luna to walk towards him. "Remove your clothes."

Luna swayed her hips to imaginary music. It was best to have bare skin make contact. She unbuttoned the top few buttons of her blouse and allowed the garment to flow to the floor. Her bare breasts came out to the air. Luna's pale skin shined in the room. She wiggled off her skirt to reveal a lacy green though which matched Harry's eyes. The girl teasingly turned around and bent over the bed.

"We're going to need to demonstrate how I want her to take me," Harry said. "So, it's best if I see if you're warm and wet as well."

Luna bent over the bed and pulled her thong down. Harry slipped one finger inside of her dripping mound. Luna's pussy saturated with their warm juices. Harry pumped one digit in and out. Luna rolled back on the bed, and she closed her eyes.

Harry fingered her to an orgasm. The moment he finished, he slipped out of Luna's finger. He made sure she turned around in time to see Harry lick his finger clean of her clothes. He offered it to Luna in tribute and she kissed and sucked his finger, before untying the sash of his robe.

Su's eyes widened at the look of Harry's throbbing hard cock. Luna wrapped a hand around Harry's manhood and started to pump it. It swelled and grew with no end seemingly in sight. Her mind went wild, imagining her lips and cunt wrapped around it, and maybe even Harry burying it up her ass.

Luna smiled.

"Watch closely."

The blonde went down around Harry's cock and inhaled him into the depths of her mouth. Luna’s fingers gripped Harry's waist and she pushed down onto him. Harry held onto her blonde hair and threaded his fingers through. He rocked deep into Luna's throat and hungrily pushed down into her mouth.

"Fuck, you have such a good mouth."

Luna smiled and kissed his cock. "Well, that's why they call me Lovegood."

She pulled herself up, and laid back on the bed. Her thighs spread for Harry. She made sure Su Li's eyes were locked onto her pussy. The moment she noticed the other Ravenclaw looking over her, Harry walked towards her. He pushed his hands on the woman's hips.
Harry's cock pushed at the edge of Luna's entrance and he pushed inside her. Luna's walls gripped him tightly and her hands rose up. Her smooth, silky legs wrapped around Harry and pushed him inside. Harry gained some momentum and buried inside of her.

"Harry, that's so good," Luna mewled.

"Did you doubt it?"

Luna unleashed a scream. The silencing spells indicated only those within these bed chambers could hear it, but boy, did those people inside the bed chambers hear it already. Harry rocked his way inside Luna's sticky, eager pussy. She closed her walls around him, and hummed, with hunger dancing through her eyes. Luna pulled Harry closer inside her and the two of them worked against each other.

Harry plunged his rock hard cock inside Luna's tightening quim. It felt really good to have such a sheath of womanhood wrapped around him when he rose up and plunged down into her. He kept working his way inside Luna.

The captive Ravenclaw watched Harry slip and disappear out of her. She wondered how that piece of meat would fit into her. Su's pussy dripped at the thought of being violated to be honest. She tried gain some traction by thrusting at the air.

Luna experienced the rush and the gush of her pussy. Harry slammed into her one more time with a huge plunge. His cock spread her legs out when going into her. Those thick balls slapped against her thighs with each rise and each fall.

She squeezed him hard and those warm walls squeezed him hard. Harry pushed into her and rocked his hips against her. Luna grabbed onto him and moaned hungrily the deeper Harry's massive prick speared inside her. He filled and emptied her several times.

"Oh, and stop, she's ready!" Luna yelled.

Harry rode out the rest of Luna's orgasm before he slipped out of her. Luna took a moment to recover and when she did, she quickly undid the gag around Su Li's mouth.

The dark haired beauty looked up with her wide eyes. Harry's large cock pushed against her lips. Su opened her mouth to properly take her medicine and take his large cock down into her throat. It coated with Luna's juices when entering her mouth which gave it an amazing, exotic taste.

"That's right, suck my cock, suck it for everything you've got," Harry told her.

Su worked her warm lips around him and sucked him. She eagerly and greedily tasted every single inch of Harry. The normally quiet girl made all kinds of sounds and moans.

"Let me help you," Luna said cheerfully.

She pushed Su down and caused her to momentarily gag on Harry's cock. His massive meat spear spread into her throat when she sucked down onto him.

Luna smiled and fondled Harry's throbbing hard balls, and squeezed them. She wondered if Su would be able to take the massive load, or if she would have cum coming out of her nose, ears, and mouth, like the first time Luna sucked Harry's cock.

Or rather, Ginny forced Luna's face down onto it, but why quibble with details.
Harry could feel the warmness of her mouth. The Ravenclaw's body was lithe, and tight, with perky breasts, and a nice ass as well. He could not wait to bring her. First, he wanted to finish inside of her mouth.

"Keep sucking, you kinky little Claw," Luna whispered in Su's ears. "Our fun is just starting. I hope you know that."

Su did understand that. Her sucking increased, with working more of Harry's massive tool into the back of her throat. She responded with a very hot hum when taking Harry's massive rod down her throat. He speared into the back of Su's throat and hungrily went down on him.

"Mmm, mmm…mmm," Su moaned.

Harry enjoyed these sounds she made when going down on him. He was about ready to explode into her mouth and kept working into the mouth of the woman. He could feel a rush coming from him.

"Those balls are nice and full, don't waste your treat," Luna said.

Su didn't intend to waste her treat. She kept sucking Harry down, taking more of him inside of her. The woman would not be denied. Her tongue traced around him and tasted him. She tried to use her throat muscles to squeeze the cum out of her.

"God, she's good," Harry said.

"Figured she would be," Luna said. "It's always the quiet ones."

"You would know."

Harry grunted those words out before plunging into the back of Su's throat. He spilled his seed and coated the back of Su's throat with his sticky, juicy cum. She pushed down onto him.

To the credit of the Ravenclaw, every single last drop shot down her throat. She sucked it down.

"She's such a good little cum guzzler," Luna commented.

She stroked Su's hair, marveling on how soft and smooth her silky hair was. Harry unloaded the last drops of cum and a little bit dribbled at of Su's mouth, but not too bad.

"Much better than my first time."

The moment Harry's cock pulled out between her lips, Luna moved on in and kissed her on the lips. Their tongues ensnared together. Luna wrapped her tongue around Su's to properly taste Harry's cum which coated it. The two beauties sucked and slurped each other's mouths.

Su shuddered as Luna's nails raked down her face. Her fingers pushed and the aggressive kiss continued. Luna really knew how to map out a path in the other girl's mouth, slurping and sucking on every single inch.

Harry motioned for Luna to pull away and to flip Su over on the bed. Su had been flipped over, spread egged and on her front on the bed. Her ass stuck up in the air and was really amazing. Harry leaned down and gave Su a spank on the tight ass.

He pulled her panties down and revealed Su's mound. He brushed his fingers against the mound and worked a digit in between those thighs. Harry pumped deep inside her and could feel how tight
"Don't…tease," she begged.

"That makes you want it even more."

Harry leaned in towards her ear and kissed her on the side of it before suckling on the ear lobe. Su almost lost all sense of herself with Harry's suckling and licking behind her ear. His large cock came closer to slipping between her dripping thighs as well. Su moaned when he pushed himself in every closer.

"It's going to be a tight fit," Harry groaned.

"Well, you're going to have to try really hard."

Harry slowly teased Su's body. The little moans coming from the lithe Ravenclaw and her lubricating just spilling from her legs made Harry want to drive his cock into her tight body even more. He pushed inside Su's body and she squeezed down tight onto him in response.

"Fuck!" Su moaned.

"Oh, such a mouth!" Luna yelled. "Maybe we should find a way to keep that naughty little mouth occupied."

Luna slid in front of Su and grabbed her head. She pushed Su's face down onto her pussy. Su had to open her mouth and tried to breathe. She sucked in some juices when Luna forced her head down on her face.

Harry worked his way into Su. It was a very tight pussy he worked with, so it was hard for him to work his way in right away. His cock ached and his balls swelled. Harry hung onto her and worked his way into her even further. He pounded Su all the way. Her tight cunt gripped him as hard as possible and released him through every single thrust. Harry wasn't going to back up, he was going to ride this pussy all the way.

Su thought her dream was going to come true. Harry stuffed her completely hard with that swollen cock. He pushed deep inside Su, ramming into her. Harry's balls slammed against her every time he pulled almost out of her and then pushed back into her. Harry gained some momentum.

Harry enjoyed the feeling of her body. She rose up the bed a little bit and Harry pushed his hands underneath her. He rubbed Su's sensitive breasts. He noticed how hard she clenched when the nipples got tweaked. Harry only kept that one up.

Luna knew Harry put Su through the paces and how. Every time Su's tongue pushed between Luna's legs, it gave a nice little flick in vibration. Luna shoved her nails into the back of Su's hair and made her eat her even more.

"Oh, good pick," Harry said.

"Thanks, am I ahead on points?"

Harry didn't answer straight away. He was pretty sure no matter what happened in this little competition between Ginny and Luna, Harry would really be the winner. And with tight, willing pussy like this, he knew he was the winner. Harry picked up the pace and pounded her hard.

Su could not believe how hard he could go without stopping her. His cock never slowed down for a
moment. He pushed further inside her. Every inch of her tight body filled up with Harry's long and throbbing cock. Harry gripped her hips and plunged into her.

"Damn, girl."

The normally quiet girl gave a passionate scream inside of Luna's pussy with Harry picking up the pace inside her. He rose up into her and drilled into her. Every single thrust brought her to pleasure.

Harry didn't really slow down although her pussy really clamped down onto him. A swelling feeling of cum filled his balls. He made sure to return to the nipples and twist them. Harry almost pulled out and rammed deep inside of her. His balls swelled even more.

Orgasms flooded her inner walls. Su Li had hit a pinnacle of pure bliss she didn't think would happen ever again. Harry gripped her and plunged into her.

"Almost there."

Harry's fingers brushed against the back of her neck and down Su's back all the way. He tormented those pleasure spots and got her hot and bothered.

"Yeah, me too!"

Luna bucked her hips up and made sure to fill Su's mouth with these juices. Su sucked up all of Luna's essence, swirling her tongue around when taking more of Luna into her mouth.

Harry made sure to allow one more orgasm to flood through the beauty beneath him. She clenched Harry and Harry unleashed himself inside her. His balls twitched and fired inside Su's warm and wet depths. He held onto her hips and unloaded his way inside her. Every time his balls twitched, they released a steady stream of cum inside her body. Harry held onto her.

Su collapsed onto the bed, the juices oozing from her cunt after Harry filled her. Luna pulled away from her.

"One more hole."

She wasn't going to lie, apprehension and excitement hit at the same time. Harry's finger pushed inside her back entrance.

"You're...going to rip me apart," Su begged.

"It might hurt for a couple of minutes," Luna admitted. "But, when it's done...it's going to be the best sex you'll ever have in your life."

Luna reached over and gave Su's left cheek a firm squeeze.

"And a tight ass like yours, you're born to be buggered up the bum."

Su shifted herself her hips apart and juices oozed. Luna smiled and reached over to the side on the bedside table. She pulled the vial into her hand.

The contents of the vial would have to wait. Harry's throbbing head, rubbed up against her ass. He pulled Su's cheeks apart and pushed against her puckered hole. Su closed her eyes, and slowly, inch by inch, Harry filled her ass with his long and throbbing cock.

Luna proved to be spot on, as usual. The first moment, Su Li could feel like she was being ripped apart. The next moment passed, and pleasure beyond all comprehension hit her.
Then, pleasure hit Su hard, not to mention Harry's cock hitting her hard.

Harry could feel her ass against him. He had many tight asses wrapped around his cock over the last couple of years, but the lovely young Ravenclaw might have been one of the tightest and most delicious asses to ever find their way around her. He rested a hand on Su's hip while plunging into her. He kissed the back of the girl's neck.

"Oooh, yes, right there," she moaned.

Su Li experienced a rush of pleasure. She then could feel a pair of larger breasts pressing against her. Luna's nipples grinded against hers and something slipped inside her.

It took Su one hazed moment to realize what that potion had been before Luna's new cock pushed into her wet walls. It was as long as Harry's.

"Ooh, you're right Harry, she is very tight," Luna said. "I'm not sure how long this potion is going to last now."

Luna shoved her rod inside of Su's tight pussy. The two of them connected with each other. Su pressed against Luna as Harry pressed against her.

Harry smiled, the lithe Ravenclaw pushed between them. He took out a lot of aggression her ass, while also stroking her smooth hair. The hair on her head was the only hair on her body, and it was so smooth and silky. Harry smiled when kissing her on the side of her face, while Luna kissed her on the lips.

Su Li screamed in increasing waves of pleasure. She had been sandwhiched between two beautiful people, and received pleasure beyond anything she ever experienced. Her pussy clenched Luna and her ass clenched Harry. She anticipated getting two big loads of cum into her.

Luna rode out the first orgasm cumming from Su. Her nerve endings adapted nicely to the new addition on her when pushing herself deeper inside Su. Her heart skipped a couple of steady beats when rising up and sliding down into her. The two connected with each other, a hot combination of movements increasing when they matched each other.

Harry could tell Luna was about ready to lose it. He tightened his hold on Su and plunged into her. Her ass gripped him hard when he pushed into the bowels.

Su lost it with a screaming orgasm. She clenched around onto Luna and dug her fingers into the back of the younger blond.

"Thank you, thank you," Su breathed.

Luna smiled, that kind of respect deserved a reward. She picked up the pace and hammered Su even harder. Her wet walls clenched Luna. Luna's was about ready to burst in more ways than one. She pushed inside Su and hammered into her as hard as possible.

The shower of cum spilled inside of Su's waiting quim. Luna rocked into her when the cock exploded and showered cum. The cum rolled down Luna's thighs as well. Luna rolled off of him.

It was between Harry and Su Li's ass. Her ass was going to make Harry pop, and he wasn't going to pull out of her. Harry plowed inside her ass as hard as possible. Those balls loaded up with cum.

Harry shoved his fingers inside Su and pumped her cunt while pumping the woman's ass.
"You're mine."

Su nodded, succumbing to her new master. The energy surrounded around her. Runes briefly drew on her breasts, ass, and cunt before fading off into the darkness. Harry's heavy balls slapped and they started to drain with the next thrust.

Harry filled Su up, pounding her ass all the way to the end of the orgasm. His thick balls sprayed inside her.

All three collapsed down on the bed. Luna smiled.

"Another one off of the checklist."

Luna rolled over and then, out of boredom, started to suck Harry's cock.

End.
Harry broke out into a smile when his girlfriend's excitement bubbled over. Megan Jones was a beautiful curvy brunette with large breasts, and a toned body, along with a dazzling ass and long legs. She dressed in business attire, with a buttoned up blouse and a modest length skirt which poked down to expose her stocking clad legs. Her ass had the most amazing shape ever.

"You know, you're going to tear my arm out before we get in there."

Megan released the grip of his arm and smiled. The young reporter leaned towards him and smiled. Megan looked into his eyes.

"Sorry, I have this interview backstage, and I can't wait," Megan said. "You'd think it wouldn't be this hard to get an interview with your sister, but it's like pulling teeth."

"The Harpies are in high demand," Harry said.

"Tell me about it," Megan said in obvious exasperation. "Gwenog cleared some time though when I mentioned I would want to bring you along. She's wanted to meet you for some time. Guess you do have your uses after all."

She smiled, the mischievous twinkle sparkling through her eyes. Harry gripped Megan around her waist and pushed her against the wall. Megan gasped when feeling Harry press up against him. His lips inched towards hers before pulling back.

"I'm going to pay for that later, aren't I?" Megan asked.

"Mmm, what do you think?"

Megan accepted a rough kiss form Harry. Their tongues entangled together for a moment before they pulled away. The reporter and her boyfriend edged back from each other and moved their way to the backstage area. A surly looking security guard looked towards them. Megan and Harry showed their passes. The guard broke out of his surly mood to look towards him.

"Yeah, I have a live Harry Potter, and I'm not afraid to use it," Megan said. "Could you please move? I'm sure Ms. Jones wouldn't be happy if you kept us waiting."

The guard shifted over to one side and allowed Harry and Megan to cross over. The two of the made their way backstage through the area of the Holyhead Harpies training camp. They were always looking for new recruits.

"Megan, hey!"

Megan smiled when she turned towards a tall black girl with her hair done up in a ponytail. She dressed in a sports bra which showed off an amazing amount of her well-endowed cleavage. Her beautiful toned abs were on display, and she wore a pair of very tight yoga pants. She looked pretty good for her age, looking like a women in her mid-twenties as opposed to someone who was much older. This was part of the magic of magic.
The girl rushed over and hugged Megan in response. The two gave each other a very friendly
greeting, which made Harry very curious what went on in the Jones house hold. Megan leaned up and
kissed her sister on the lips. Harry shifted herself.

Megan smiled, her and Gwenog shared the same father, but they had different mothers, due to
Gwenog's mother dying, and marrying the woman who would be the woman of Megan, and her
other older sister, Hestia. Still they were related close enough to make it come.

"Gwen, this is Harry Potter," Megan said. "I'm sure you might have heard about them."

"Oh, we met a few years ago, remember, at one of old Sluggy's parties?" Gwenog asked. She
smiled and looked towards the young man. "It's been a while, but it's good to see you again…wow,
your third maturity has done you a lot of good."

Gwenog's eyes trailed off of his body. Harry wasn't a stranger of getting the attentions of an
attractive older woman. Megan cleared her throat.

"You look good yourself," Harry said.

"Right, thanks, I've been trying these new work out techniques, and have been putting the rest of
team through the drills," Gwenog said. "As the Captain, I have to make sure my team is in the tip-
top condition and their stamina is on point."

Megan smiled. "Are we going to find out what goes on in the Holyhead locker room after dark?"

"Well, that would be telling," Gwenog said, almost teasing when she looked at them. "You don't
mind if I finish my cooldown stretches while I'm here, do you?"

"Not at all," Harry said.

"No, I don't have a problem."

Gwenog turned around and she bent over to stretch herself. Harry got a nice look at Gwenog's tight
ass in those pants. Her butt bounced when she moved up and down. She spread her legs and
squatted down on the ground before pushing up and down. She rose and lowered down on the
ground, spreading her legs. The way she stretched put certain thoughts in Harry's mind.

The sound of something getting unzipped caught Harry's attention. Megan undid his pants and
pulled them down a little bit, so she could have access to his boxer shorts. Harry looked at her in
surprise, keeping half of an eye on Gwenog who continued her stretching machines. Her beautiful
dark-skinned body kept moving in tone of the stretches.

Megan put one finger to her mouth and went "shh" as quietly as possible. She fished Harry's erect
cock out of his pants and leaned down. She kissed his manhood, before swirling around him.
Megan grinned before slipping more of his cock into her mouth and making a slight slurp, testing
her daring.

Harry couldn't believe how brazen his girlfriend was, but at the same time, he really could believe
it. Megan always pushed the boundaries and tried to get what she wanted. Her hot mouth wrapped
around Harry's aching tool when she sucked.

Gwenog moved around, and she frowned. She heard something behind her. The Holyhead Captain
turned around to see her sister kneeling before Harry and sucking his rod. The woman's heart raced
when seeing her sister take this big fleshy rod in her mouth and squeezing his balls.
Despite her pussy throbbing so hard, Gwenog had to let out a reprimand for her sister.

"Megan!"

Megan pulled away from Harry and left a mess of salvia all over his cock. It ached red and Harry groaned when Megan stopped serving his cock.

"Sorry, I'm rude, I should have offered you the first lick," Megan said.

"I don't know about this....."

"Gwen, look me in the eye, and say you've never dreamed about sucking Harry Potter off," Megan said.

Gwen couldn't look her sister in the eye. Then again, her eyes had been drawn to something. The forbidden fruit, so to speak, that long and throbbing cock, it was the most amazing thing she ever saw. Gwenog Jones stepped over and placed her hand around his cock to give it a stroke.

Harry watched as the beautiful Quidditch player descended to her knees before him and replaced her sister by taking Harry's cock between her lips. She looked up towards him with beautiful brown eyes and sucked Harry's hard cock inside her mouth. She looked hungry when bombing up and down on her throat.

"See, I told you it runs in the family," Megan said.

The Boy-Who-Lived increased his grip on the back of Gwenog's head as she worked herself around him. Her loud and passionate slurping started. Harry's balls slapped against her chin the more she worked his manhood into her mouth. Gwenog hungered with pleasure.

Gwen wanted to taste and take every inch of this massive cock. It gave off a certain sense of power. Her lips wrapped around him and took the hardening rod deeper down her throat. Harry reached back and gripped the back of Gwen's head before pushing into her.

"Damn, she's good," Harry said.

Megan smiled and joined her sister. She took Harry's balls and sucked them, before caressing them. The combined action of both of the sisters made Harry groan. A warm feeling rushed through his balls. Harry grabbed the back of the head of each sister and encouraged them to perform these ministrations. He would never back off from what happened, not if Harry could help it.

Both Megan and Gwenog worked over Harry's throbbing hard rod with their magnificent mouths. Everything was reaching a boiling point.

Gwen reached between her legs and rubbed herself. The taste of such a beautiful cock made her light up in excitement. Her nipples pushed against her top. The two of them worked in tandem on Harry's cock.

"Get ready."

"She'll be ready," Megan said.

The sexy brunette rubbed Harry's balls. She wanted this thick, amazing load to be shot down her sister's throat. Megan really wanted it and really wanted it bad, to see her sister choke on this cum.

"Cum down her throat, make her find out what a real man tastes like," Megan said.
Gwen redoubled her sucking, knowing the end would be here. The beauty ran her tongue down him and sucked Harry down hard. It hit the back of her throat and the first blast of cum lubricated her tonsils. More blasts of cum followed behind. Gwen rode him out.

Harry enjoyed the warmth spilling down Gwen's throats. He grabbed her by the face and shoved it into her. The Holyhead captain gave him some amazing head, sucking him dry. Her tongue brought all of the cum from Harry's cock and cleaned him.

The two of them broke apart. Gwen smiled and licked her lips.

"Better than any sports drink," Gwen said.

Gwen closed her eyes and could see Megan look at her with a predatory look. Her sister could be a bit of a nymphomaniac, she needed sex to mentally function in life. Thankfully, someone of Harry's prowess and power was a perfect match for Megan.

Megan unbuttoned her blouse and let it fall to the ground. She pulled off her black bra and exposed her nice breasts. Her dark nipples suck out enticingly and she motioned for Gwen to come to her. Gwen slipped off her sports bra and the two met to the center.

Their hard nipples rubbed together along with their tongues. Gwen and Megan grabbed each other hair's each and gave each other an aggressive kiss. Megan reached behind and cupped Gwen's ass. The older woman squealed into the kiss of the younger woman. The two of them kissed harder with each other.

Gwen returned fire and rubbed Megan's stiff nipples in response. Her heart started to hammer faster when the two of them turned to make sure Harry could see their lesbian show.

Harry's cock rose pretty quickly. So much beautiful flesh was on display and even more was on display as well. The sound of Megan spanking Gwen's firm ass in response made his cock throb even more. Megan slapped Gwen's ass a couple more times.

Megan slipped a finger between Gwen's thighs and started to rub between her thighs. She pulled back towards Gwen.

"Oh, you're not stretched enough, poor baby," Megan said. "Why don't we fix that?"

She motioned for Gwen to turn around. Gwen bent over the bench and Megan pulled her pants down. Her round ass sprang out. Megan smiled and ran her hand down Gwen's ass. Her legs spread out nice and wide for Megan to have access.

"Harry, do you think we can help my sister get nice and stretched?" Megan asked.

"It wouldn't be a problem."

Harry brought his long and throbbing cock over towards Gwenog who spread out. Her beautiful pussy look nice and tight. Harry knew she had the stamina to catch up. The young man grabbed her hips and pushed against her opening. Every few inches pushed deeper inside Gwen and he spread her out. Her wet walls closed around Harry when he pulled and pushed out of her.

"Are you getting stretched now?" Megan asked.

Gwen responded with a nod. Harry held onto her hips and moved up to squeeze her ass. She didn't really blame it as it gave him the base needed to shag her vigorously. Every single stroke of Harry pushed into her. This was a dream come true, to be bent over something and pound into Harry
Harry had himself in a position which many wizards would give their right nut for. He pounded the Holyhead Harpy Captain from behind. Her wet pussy clamped down on Harry. Gwen expanded and released.

"She's in need of a good stretching," Harry said. "So, tight."

Harry leaned in and twisted Gwen's nipples. Her chocolate nipple hung between Harry's finger and he rubbed her. Harry pulled almost out of her and pushed back into her. He twisted her nipple one more time and enjoyed the sensations of her warm pussy closing around him.

Megan fingered herself as fast as Harry fucked Gwen. She enjoyed her boyfriend dominating another woman. Her eyes closed when pushing her fingers into her dripping hot cunt.

"Fuck my sister's cunt raw!" Megan screamed.

Harry smiled at Megan's passion and kept driving into her older sister. His balls grew heavy with their cum. Gwen's heated encouragement coupled with Megan egging him up made things even greater. Harry squeezed her tight ass and slapped it a couple of times before pounding deeper into her.

"Yes, I love this tight pussy, I can fuck it all day," Harry said. "And I bet you'd like me to, I bet you'd like me to fuck it all day. You diddled yourself to sleep thinking about what would happen if I bent you over a bench and shagged you senseless."

Gwen had dreams like that. Her tight pussy closed around him. Megan told her this would be an encounter she would never forget. Harry pushed inside her. His cock pushed deep inside of her. It drove into the tight body before his balls clenched together and started to fire deep inside her.

Harry pushed the contents of his balls deep inside Gwen's tight body. The Holyhead Captain squeezed his manhood and milked him for every single last drop of his aching balls. He pushed deeper into Gwen and buried himself into her. He went balls deep into the most desirable women in the magical women.

He filled her cunt up with his seed and no sooner did Harry pull out, Megan crawled over towards him, holding her tits out. She wrapped his cock up in generous tit flesh and pumped all the way up.

Megan smiled, performing her favorite magic trick and helping Harry's cock swell back to life. She took him between her breasts. Megan squeezed her breasts around the throbbing manhood. She leaned down and kissed Harry's hard cock. She licked around the young man's head.

The young woman pulled away from him and eyes locked on Gwen when she hung over the bench. She rubbed her pussy and the cum continued to drip out from between her.

"You have to do it," Megan breathed.

Harry smiled, and grabbed Gwen by the hand and pulled her away. Gwen wondered what was happening. The feeling of Harry's throbbing cock against her puckered hole made her size up in pleasure. She couldn't believe this was about to happen, only she was going to enjoy it.

"We need to make sure all of your muscles are stretched," Harry said.

Gwen agreed. She wanted Harry to bugger her in the worst way. Her warm brown cheeks spread apart and took Harry's hand. Her ass muscles were perfect and strong. Harry slipped deep inside of
Gwen's tight ass.

"You feel even bigger back there!" Gwen yelled. "How is that any possible?"

Harry kissed and sucked the side of the woman's neck. Gwen brought her asshole down onto Harry's throbbing cock. Cum still drained from her.

Megan frowned, she didn't want all of this cum to just go to waste on the floor. She leaned in and licked Gwen's pussy while Harry plowed that tight ass. It bounced up and down on him.

The panting and the pleasure increased. It wasn't enough Harry Fucking Potter pounded her ass, Gwen was all over that. Her baby sister showed just how talented she was by sucking and licking her cunt. Those swollen lips pushed into Megan's mouth when she kept working over Gwen.

"Damn, Meg, you're too much," Gwenog moaned.

"Yes, she is," Harry groaned.

Megan enjoyed the taste of both Harry and Gwenog combined. It was two of her favorite things in the world mixed up into one, so to be honest, it was not a bad deal. She rubbed through Gwen's pussy.

Harry gripped Gwen's chests and squeezed the fleshy orbs. They formed more than a handful of solid, warm flesh. Harry pumped into her, drilling the hot Holyhead Harpy to the sounds of her younger sister refining an already refined oral technique on her.

"Yes, fuck, mmm, yes," Gwen mewled.

He worked into the beauty's tight ass. Gwen milked his rod all the way up. Such a perfect ass, and Harry couldn't hold out much longer. His balls throbbed. The warmth spread around his hard cock when pushing into her.

"Almost there."

Gwen grabbed onto the side of the bench. She looked down at Megan's beautiful face. Gwen almost passed out from the duel pleasure of Megan and her boyfriend combining the pleasure. Harry's lengthy rod slid deep into the beauty's ass. His cock stuck deep into her bowels.

Megan drove deeper into Gwen's body and pulled back at her. She bit on Gwen's nether lips and sucked them until they throbbed.

The sounds of Megan making love to Gwen's nethers with her mouth was almost enough to send Harry flying straight over the edge. He fired his load into her seconds later. Harry spilled his essence into her and fired blast after blast of cum into her tight anal region.

Gwen shuddered and another orgasm struck her when Harry pumped a sticky load into her ass. The cum drained from her ass with each thrust, pounding her hard and fast. Gwen's ass squeezed Harry as hard as possible.

The moment Harry pulled out, Megan bounced on his cock. The horny brunette cleaned Harry up with her tongue and then sucked him to make him rise up to full mast.

"Why don't I show my sister how good I am at riding a broomstick?" Megan asked. "A nice, big, stiff broomstick….rammed between my thighs….riding it until I'm completely raw."
Megan smiled and spread her legs. Her tight hole mounted over the top of Harry's cock. Megan bit her lip with a smile and lowered herself down onto Harry.

"You know, I always want something hard buried between my legs."

"You're too much."

Megan lowered down onto Harry. Her bounty breasts spread up. Harry reached up held them in hand and felt them up. Megan bounced even more, and her breasts jiggled in Harry's hand. Harry clenched onto her and allowed her wet pussy to close and open around him. She milked his rod in time with what she was doing. Megan closed her eyes

"You're amazing as well."

Gwen rolled over and watched her sister bounce on the cock. It looked even larger from this position. Gwen's thighs moistened when the dirty thoughts of riding it like her sister. She caressed her body and smiled when breathing heavily. Gwen's lips parted and she pushed a finger into her.

"Fuck me."

"Oh, you wait your turn!" Megan bellowed.

She came down on Harry's cock. It was remarkable how much of him she was able to get into her. A witch could take a lot though if she put her mind to it. Megan took the engorged rod into her. Her warm thighs slapped up and down on Harry when riding him faster, and more fluid with each push.

Harry looked up at his bouncing girlfriend. She kept bringing the tightness down onto him. Her beautiful body descended down on him. Megan resembled an angel riding his cock, a naughty seductive, dirty angel. She reached behind and fingered her own tight bum while riding Harry. She pushed a breast into Harry's hand. Harry squeezed her breast and clamped it.

"Fuck, fuck, fuck!" Megan yelled.

Megan worked her tight hips up and down on him. Her body exploded when more of Harry's lengthy cock pushed into her. His manhood filled up her womb all the way. Harry pawed her breasts and she encouraged this behavior, feeling his warm hands caressing and touching him. So much power, and it was being driven into her.

The true power of the universe rested between Harry Potter's thighs and now it was being rammed through her eyes. Megan bit her lip and let out an explosive scream when bringing her cunt down onto him. She slid up and down on Harry, rocking more throbbing rod inside her body.

"So close, I'm almost there, almost there," Megan breathed. "Are you close?"

"Good things come to those who wait, and good girls," Harry said.

"Oh, I'm not a good girl, I'm a naughty kinky bitch who craves the cock of Harry Potter!" Megan shouted.

Megan's hair flipped over her face and the beautiful woman rebounded down on him. She crammed more of Harry's long and throbbing cock into her. Every time, Megan stuck more of him inside her. Megan picked up the pace and rocked down onto him.

"Yes, right there, right in my pussy!" Megan yelled. "Stuff me, fuck me raw. Cum in me, suck my
tits. My body belongs to Harry Fucking Potter!"

Harry's face pushed between her breasts and he sucked her hard. Megan clenched and pumped into her. The two of them connected with a flurry of pleasure. Megan's loins released their juices onto his mighty rod, which filled her up completely.

He bottomed out inside her and released a heaping healthy of seed. Megan spread her legs and pumped Harry. She wouldn't rest until all of that cum had been buried inside her womb.

Harry watched her body lower and rise. He sucked her tits hard and made sure Megan finished cumming hard while he did.

Gwen turned over on her elbow and crawled towards Harry, a predatory smile on her lips. She needed more of both of them. Megan looked at the greed in her sister's face when she approached Megan's pussy. The diabolical grin of the Harpy increased.

"What, it runs in the family?"

Gwen dove in and made sure she was easily accessible for Harry when he was ready. And she hoped it would soon, because her pussy needed a pounding.

End.
Demelza Robins was very happy she, out of several people, managed to make it onto the Gryffindor Quidditch team. The dark-skinned fifth year Gryffindor idolized the Gryffindor Chasers, and how they worked in unison. Angelina and Alicia left Hogwarts, thus leaving the Chasers spots open. Ginny Weasley pretty much had one open for her, and Katie returned to the team after a spectacular tryout.

She was very nervous to be honest when going out of the field. Quidditch had been a passion of hers, and she wanted to play on the team. And she wanted to play on a team with Harry Potter, for at least one year. Demelza was relieved when she got the spot on the team to be honest.

"Hey, congratulations."

Demelza turned around and saw Katie standing behind her with a smile. To be talked to by one of the legendary Quidditch players, it caused Demelza's heart to go all a flutter.

"Thanks, I didn't…..I was nervous for a little bit," Demelza said.

Katie put a hand on Demelza's shoulder. "Hey, relax, you did pretty well out there."

"Yes, you did," Ginny said. She walked over with a smile. "Congratulations, Demelza, you were pretty good out there. I think you'll work well with the team."

"Well, Harry seemed to think so," Katie said. "I'll be honest, I have more to prove than the two of you. I'm the senior member of the Chasers now, and….well, I just hope I don't ruin Angelina and Alicia's legacy."

Ginny leaned towards Katie and looked into her eyes. Brown eyes met bright blue eyes. "Hey, don't worry about it. You were part of their legacy just as much as they were. Gryffindor wouldn't have done nearly as well if it was just Alicia and Katie. It takes three to tangle."

Katie responded with a nod. She did prove a lot, both to herself and to the members of the Gryffindor team. She walked with a spring in her step and a smile on her face.

"Oh, and Harry wants to see the three of us," Ginny said.

"Well, it would be bad if we kept the Captain waiting," Demelza said.

She wanted to make a good first impression to be honest. Ginny put a hand on Demelza, and the two girls lead her into the Gryffindor meeting room, which was directly in the center of the Boys and Girls lockerroom. The three chasers stepped inside.

Katie looked towards Ginny and saw the smile on the younger girl's face. She recognized that smile, it was one Fred and George had when they knew something, the rest of the team didn't. It was a Weasley family trait, well with some of them anyway.

"What are you smiling about?" Katie asked.
"Oh, why shouldn't I smile, it's a beautiful day," Ginny said.

"I've played on a team with your brothers for years," Katie said. "I know that smile, and I know there's something brewing."

"Fine, maybe there is," Ginny said. "But, I wouldn't want to spoil the surprise."

Katie looked towards Demelza who responded with a shrug. The new trio of Chasers stepped in to see the one and only Harry Potter standing in the room in front of them. He wore a sleeveless top which fit around him and a pair of tight pants. Katie and Demelza looked towards him.

Was it getting a bit hot in here, or was it just them? Ginny shrugged off her robes at first and revealed the fact she wore a nice black sports bra and a tight of spandex black shorts underneath.

"The heat sensor charms are not working again," Ginny said. "So, I guess you're going to have to get comfortable this way, aren't you?"

Katie believed it, there had been times where the heating and cooling charms didn't work as they should. She slipped her robe down and allowed it to drop down on the ground. She dressed in a nice tight spandex sports bra and a tight pair of spandex shorts. She took her hair out of the ponytail to allow it to flow down easier in front of her face. Blonde curls bounced up.

Demelza decided since it was fine for them, she pulled off her robe. She pushed the robes off of her body, to reveal a tank top underneath which slid up a little bit to expose her toned stomach. Her shorts came down to her thighs and showed her long legs. Her ass was perfectly formed as well. She could see Harry look into her eyes and briefly check out her body.

"Congratulations to all of you," Harry said. "Katie, and Ginny welcome back, Demelza welcome to the team."

"Thank you," Katie said. "Thank you for giving me a chance to prove myself."

"Yes, thank you," Ginny said. "It's going to be an honor to play with you."

Demelza looked up towards him. "I'm glad you gave me a chance. I've wanted to be on the team for years, it's just…"

"Hey, relax," Harry informed her. Demelza looked up towards him, a little bit nervous. He motioned for her to step forward and so the woman did. "You're going to do great. I saw your tryout, you were amazing. I wouldn't have put you on the team if you didn't do well."

Demelza responded with a smile and leaned closer towards him.

"Thank you," Demelza said. "You have beautiful eyes, did anyone tell you that?"

The younger girl pulled back, almost pulling back.

"Yes, there his mother's eyes," Ginny responded with a smile. "Only thing left to do is tradition….where we get to break the newbie in to the team."

"Tradition?" Demelza asked.

"Yes, we need to trust each other, and sex is the best way to earn trust with each other," Ginny said.

Katie frowned, this was the first she ever heard about it.
"And I think, the Chasers need to learn how to work in unison, even before we get out on the field," Ginny said.

"I agree," Harry said. "And the best way do that is to find a common goal."

Demelza looked on, surely they couldn't be implying she thought they implied? Ginny smiled and nudged her, casually sending her into the arms of Harry.

Harry smiled and wrapped his arms around her waist before pulling Demelza in with a long kiss. The two of them met into the center. She have a yelp in surprise when Harry pushed into her. Their tongue connected together, and Demelza's hands traveled, feeling up Harry's bicep, before going down and feeling up how firm the rest of Harry was.

Katie and Ginny met in the center. Ginny gripped Katie and pulled her into a kiss. This wasn't the first time she kissed the older girl, hell all of the Gryffindor Chasers trained her in certain acts. The two of them met together in a very passionate makeout sensation, with Katie running her hands through Ginny's hair.

The two of them pulled back from each other, and Katie whispered in Ginny's ear.

"We both know there's no such tradition."

"All traditions have to start somewhere," Ginny said.

Katie couldn't really argue with this lock hard logic. The two of them worked together to slide some benches together into a makeshift bed before really getting down to business. Ginny slid her finger down Katie's toned belly and moved past towards her short. She rubbed against Katie and slipped some fingers between her.

Demelza leaned back to allow Harry to peel her tanktop out. Her round, chocolate, orbs bounced out. Harry smiled and gave her breast a squeeze, before running down her body. He started to rub between her legs. Demelza leaned her hips back and took more of Harry. She really wanted to see what his fingers could do. Her excitement hit a fever pitch the more he worked between her legs.

Harry groped and sucked the girl's perky breasts. One caramel covered nipple stuck out and Harry flicked his tongue out on it. He pulled her shorts down to reveal a perfect thong clad ass. Harry pushed the lacy material from the thong back.

"Do you think…you can eat me….using your….well…um….Parseltongue."

Ginny shook her head, after Katie spread her legs and went between them.

"Of course he can, why do you think wizards think Parselmouths are evil?"

Demelza spread her thighs very eagerly. Harry grabbed Demelza's thighs and started to lick her outer lips. He leaned into her and kissed the woman's woman's nether lips. The little squeals she gave off was very perfect. Harry flicked and swished his tongue inside her, slowly working his way towards the main event. The juices spilling from her thighs gave Harry a magnificent taste which made him throb and want to push himself deep inside her depths.

The young Chaser clenched her thighs on his head. She could feel Harry work into her. The tongue vibrated inside her core and made Demelza lift herself up and down. This defined feeling good, so good and so amazing. Every time Harry shifted into her, she thought she was going to die.

"Just wait until he kicks it up to the next level," Ginny said. "Right there, Katie, don't stop!"
Katie wasn't going to stop. She ate Ginny's sweet and savory pussy. Despite being older, she was submissive to the girl two years younger than her. The only one Ginny subbed to was Harry.

Demelza saw stars the moment Harry went to town. Nothing ever would feel this good again. She wore out several vibrators over the summer months. The accidental magical discharge burned them out beyond repair. This however, this tongue inside her was far better than any sex toy.

"Oh God!"

"He will be," Ginny said smugly.

Every single tongue push inside her made Demelza's pussy throb. She wanted more of this perfect tongue inside her. The ebony beauty gushed at the thought of having Harry's cock inside her and shagging her until she passed out. Harry worked into her pussy.

The sweet taste of Demelza's pussy encouraged Harry. He pushed her back and she screamed, whimpering, urging Harry on. Harry took his frustrations out on her sweet tight pussy. He could not wait to have his cock wrapped around her sheath.

One more circle around her cunt and Demelza screamed hard. She gripped Harry's head with her hips bucking back and forth. She held onto Harry and shuddered.

Harry pulled off of her and he stood up. She looked at his pants stretching and the huge tent being pitched into it. Drool came down from her in more sense than one. Demelza wanted him and wanted him so badly. Her pussy throbbed for the thought of Harry being in her.

Ginny allowed Katie to finish her off and rose up to her. She motioned for the older blonde to walk towards her. Ginny and Katie sauntered over towards Harry and pulled his pants down.

Demelza's eyes widened when seeing Harry's long cock being exposed to her. It looked so big and she wondered how it would fit in her.

"One inch by one inch at a time," Ginny said. She squeezed Harry's throbbing manhood and pumped it, making it grow in her hand.

Ginny descended down before her god and made sure Harry's cock extended. The throbbing manhood touched Ginny's lips. She slowly edged down Harry's cock and took it into her mouth, sucking down on it.

Demelza watched, unable to believe Ginny serviced Harry's cock so good. It was starting to make her very hot and horny. Her finger's pushed between her pussy, but Katie blocked her fingers and got on top of her.

"Let me get you warmed up," Katie said. "Relax, it's what's team mates do."

Katie wrapped her thighs around Demelza and could feel her perfect, untainted pussy under hers. Well, soon she was about to get broken in more ways than one. She gave a passionate scream when Katie came down on Demelza and slowly rubbing against her.

Demelza gripped on Katie's body. She couldn't believe one of the legendary Crimson Vixens were having some fun with her like this. Katie's wet cunt grinded over Demelza's and could cause a rise of pleasure to go through her body.

Harry looked down to see Ginny's expressive eyes blink up at him. The redhead vixen wrapped her lips around Harry's hard cock and continued to suck him.
"Careful, Ginny, you wouldn't want to spoil the show."

Ginny released Harry's cock and gave it a kiss on it.

"Just making sure it's nice and hard for a fresh pussy."

Katie pulled back from Demelza. Ginny walked over with a grin on her face.

"Okay, time to break you in, newbie," Ginny said. "Turn over."

Demelza turned over, getting on her hands and knees. Her ass and pussy were both presented. Ginny looked at her rounded ass. It always gave a very presentable little rounded bulge when she walked down the hallway. Ginny raised a hand and slapped Demelza's rear.

The two girls alternated between spanking and fingering the newest member of the Quidditch team. Harry watched the show and could see his cock grow harder. Finally, it was time to take control of this situation being a captain. The Boy-Who-Lived cleared his throat.

"Join her."

Katie and Ginny stripped off the few remaining undergarments they had and got on the bed on either side of Demelza. Harry reached behind them and squeezed both of their tight asses before spanking them.

Now, Harry turned his attention to the fresh pussy presented on the bed in front of him. Her legs spread for Harry. Harry reached over and grabbed her hair to pull her up. He ran down her toned body, and could feel the firmness of her body. He squeezed Demelza's ass and pushed his throbbing hard head at the entrance.

"Oooh, that's too much!"

"Just relax, it will a lot harder if you don't."

Demelza could feel his cock pushing through her. He worked into her slowly, as her pussy accommodated to the newest length. He reached underneath her and grabbed her breasts, squeezing them. Harry tugged on Demelza's nipples and worked himself into her with a couple of steady pushes. His long cock shoved inside her depths. Demelza wrapped around his long cock and released it.

"How about that, are you feeling good now?"

Harry levitated two dildos in the air. He jammed them inside the cunts of Katie and Ginny in time to fucking Demelza.

"The Gryffindor Chasers should be able to work as one," Harry informed them all. "Be able to cover for them."

Harry worked Demelza up to her very first orgasm with a cock buried inside her. The fit young woman took a cock inside her. Her wet walls closed around him and milked the probing prick inside her. She kept doing this when the orgasm went through her.

"It's so good."

"Yes, it is," Katie moaned.

Katie was losing it just as much as Ginny was. Harry really refined his technique over the years,
since the first time she slept with him, along with Angelina and Alicia. It was a celebration of winning the Gryffindor Cup in Harry's third year, Katie's fourth.

But why leave for the orgasms of yesterday, why you can enjoy the orgasms of today? Harry pushed into both of the other girls while pummeling Demelza.

"Are you still with me?" Harry asked her.

"Yes!" Demelza begged him. "More, please more!"

Harry rode the beautiful young girl. She so eagerly took his cock and gripped it so hard. As much as she gave Harry pleasure, the emerald-eyed sorcerer gave her just as much pleasure in return. It was a combination of impressive moves with Harry pounding his way inside her. Her tightening pussy worked Harry's rod inside her body. A few thrusts brought Demelza to the edge of passion.

"Good, I intend to make you scream all night long," Harry said. "You better get ready because here comes another one."

Demelza lost it in a flood of pleasure. Her loins locked onto Harry. He rode her to another orgasm and another, and way too many for her to count. Each one put her in a more blissful mood than the last.

Ginny pumped around the dildo. Thanks to the magic of magic, it felt just like Harry's cock driving into her body. Maybe not exactly the real thing, but it was close enough. The visual of Harry pounding this young girl into submission made her hot either.

"If you need me to fill in, just say the word," Katie said. "After all, Chasers should cover for each other."

Demelza nodded her head when collapsing down on the bed. Harry pulled out of her and could see Katie on the bed. The beautiful Chaser's firm thighs had been spread. Harry crawled on top of her body and gave Katie a passionate kiss. He could still taste Ginny's juices all over Katie's lips and that just made him feel even more. Katie put her heels into Harry just as he slipped inside her.

Katie's walls gripped Harry. It had been a long time since she had this long cock inside her, pushing into her body.

"I missed this!" Katie moaned.

Harry worked himself inside of her body. Her tightness released and squeezed Harry. He pushed over and over into Katie with a few more pumps.

"I can tell," Harry told her.

Katie hung onto Harry and the two of them met each other in the middle. They worked back and forth against each other and exhibited a nice amount of friction. Harry's hard cock penetrated her.

Ginny could feel the cock still pumping into her. She situated herself over, and pulled into position between Demelza's spread thighs. Her hands brushed between the newest Chaser's legs.

"I wouldn't want you to get too relaxed."

Demelza shuddered from the sensation of Ginny's tongue slowly raking up her back and all the way down to her. She kept moving down her, before Ginny started to tongue Demelza's ass crack. She buried her face between Demelza's dark cheeks.
Harry leaned down and cupped Katie's breasts while licking it. She grabbed the back of Harry's head and pushed into her. The two of them worked each other. Katie held Harry closer towards her and breathed in his ear.

"Don't stop….I'm almost there."

Katie knew this would be the first of many orgasms. He pushed deeper into her. Katie gripped Harry and grabbed onto him. Her walls squeezed and released him.

"Cum for me again."

Katie came again. Harry always knew the right spots to touch to get her gushing. Then again, she taught him well, her and the other Chasers did. Some days though, the students suppressed the teacher. It didn't help that he got some lessons from a Veela on the side.

'Not that I'm complaining.'

Katie raked Harry's back and continued to moan hotly. His massive prick extended and pushed into her. They met together at the loins again. She pumped him, hoping for the cum, but knowing Harry had a few tricks to make any load received well earned.

Demelza's eyes glazed over in pleasure. She might have lost Harry's cock, for a moment, but Ginny was really making her feel really good. The woman slipped her fingers between Demelza's gushing legs.

"I have to keep you nice and ready for when Katie's had her fill with Harry….although I might have some fun later as well," Ginny said. "But, don't worry, we're not done breaking you in…..you're not ready, are you?"

Demelza's thighs clenched Ginny's fingers. Her heart skipped a couple more beats every time Ginny pushed inside her. Ginny finally retracted her fingers, and pulled Demelza up before turning her over.

The nymphomaniac redhead climbed onto Demelza's hips and straddled them. Ginny extended her fingers.

"Taste them."

Demelza grabbed Ginny's fingers and sucked her. She grew even hornier tasting the fingers of the redhead on top of her. Ginny refused to let go, grinding herself all over Demelza's hips. Their pussies rubbed together in heated passion.

"I have you now, and so does Harry."

Katie spread out her thighs to receive a deep pounding. Harry sped up for this latest round to lead towards Katie's orgasm. Despite the hard pounding, he also managed to regulate her orgasm. He pushed the boundaries. Katie extended her hips up and down, pumping inside of her.

Harry released her and Katie collapsed down onto the bed. He pulled from her and turned towards Ginny.

"Time for us to switch."

Ginny moved over, but not before grabbing Harry's cock and sticking it into her mouth. She just had to indulge herself in Katie's juices.
The two broke apart and Harry moved closer towards Demelza. She slumped back on the bed, lips curled into a rather devious smile. Her thighs pushed apart and pussy had been at the ready. Harry knew she wanted one thing and that was his long cock buried inside her.

"Take me, please," Demelza said.

Harry smiled and moved over towards her. He was going to take her one more time. The most desired wizard pushed his length into her.

Demelza clamped down onto him. Every inch of his lengthy prick filled her up. The dark skinned beauty lifted her hips off of the bed.

"I want to see your beautiful face," Harry said. "I want to see your face when you scream, what your face does when I ram my cock in like this."

Demelza's lips pursed. She breathed heavily. Harry's hands reached up and he caressed her breasts. The two of them met each other with a kiss which was very divine.

Her warm, young body writhing underneath him felt good. Harry smiled, he chose right for the team, in more ways than one. Demelza was very qualified for the team. More so than most of the jokes who showed up. The face she was gorgeous made her fit in even more.

Harry rammed deep into her. Her tight walls clamped down onto Harry. Demelza could feel Harry stretching around her when pushed into her body. Demelza grabbed Harry.

"Just wait, you haven't felt anything yet."

Harry pushed into her with a force. He wasn't holding back this time, nor did Demelza want to.

Ginny sat down onto Katie's face and leaned down onto her. Both of the girls licked each other. More of Katie's juices swirled into Ginny's mouth. Both girls grew hornier at the sounds and the moans Demelza made with Harry pushing his throbbing hard cock inside of her.

Demelza's hips rose up and took more of Harry inside her tight body. Her hips received a nice pounding the more Harry pounded inside her. She wanted to never stop feeling Harry inside her.

"Please, don't stop."

"I'll go as long as you want me to."

Demelza's hands pressed onto Harry and pushed Harry into her. The two of them matched each other. Demelza's determination to pleasure her Captain stoked her competitive fires. She squeezed Harry's hips to encourage him to go inside of her.

Harry pushed into the tightness of her body. Every time Demelza gripped and released him, it was amazing. Harry pushed into her. He smiled when hearing the lovely sounds she made when Harry's balls slapped against her thighs. He sped up and pushed into her. Every time Harry speared into her body, Demelza worked her hips up around him.

"Getting close," Harry told her.

Demelza realized she was going to get a present many witches dreamed about. Harry's seed was seconds away from being spilled into her body. The horny witch pushed more of herself up against Harry. Her tight walls gripped Harry hard.
"Are all of our work outs like this?" Demelza managed.

"Only between the Chasers and the Captain," Harry said. "So, one more time before the big one?"

Demelza knew what the big one was and accepted him. She accepted his stiff rod pulsing into her at a rapid rate. Her body clenched tight around him. Her inner walls closed and then expanded. Demelza's spread her legs to allow Harry to bury himself balls deep.

Harry smiled, looking into her eyes. So much lust burned through those eyes. It didn't take much for some people, to unlock their true selves thanks to sex and a lot of it. Demelza continuously raked her fingernails and encouraged Harry. He rose and fell into her.

"It's time."

Demelza clamped down onto him. The first blasts of warm seed filled her body. Harry pushed into her and emptied himself into her. Demelza hung on, not wanting Harry to leave her. Not until she received every last drop of Harry's warm, sticky juices. Demelza closed around him.

"Thank you, thank you..."

"No problem," Harry said. "I just want you to feel welcomed to the team."

After today, Demelza was very much welcomed. Harry stuffed her pussy full of an insane amount of seed. He spilled inside her and only just now pulled out of her. Her pussy overflowed with so much seed she twitched.

Ginny and Katie pulled away from each other. Their faces had been covered with the juices from each other's pussies. Both of them moved over towards Harry and they dropped down and sucked and lick at his cock. Both of them tasted the combined juices of Demelza.

The redhead Chaser pulled up with a grin locked on her face. She gripped Harry's cock and rubbed it.

"Now it's my turn," Ginny said.

"You've been waiting for this all day."

Ginny smiled and pulled herself up. Her tight pussy hungered for one giant cock inside her, and the only piece of meat which would ever satisfy her was between Harry's legs. Harry grabbed Ginny and pushed her on top of him. She balanced on his cock and slid into her.

Harry groaned when Ginny rose almost all the way up and slid her wet walls down onto his throbbing hard manhood. It filled her up completely. The familiar sensation of Ginny's snug pussy wrapping around his cock.

"It makes me so hot to see you fuck another woman," Ginny said. "It just reminds me how much you're the most powerful wizard in the world."

Ginny closed her eyes and enjoyed the sensation of Harry around her. He cupped her breasts and squeezed the juicy mounds. Ginny rose up and down on him. She bounded down onto Harry's lap and took more of Harry's long length inside her body.

"Yes, I know how much it turns you on," Harry said. "How much it drives you nuts to have to wait for my cock. Don't worry though, all of your dreams are coming true now."
Ginny agreed. She couldn't have enough of him. He stretched her out and the first of hopefully many amazing orgasms spread over her body. The redhead rose up and bounced. Harry took her chest and ravished it. She marveled out how insatiable Harry was and how much Harry wanted. Not she had any room to talk.

Katie leaned between Demelza's thighs and licked her. The combination of the younger girl's juices combined with Harry proved to be an inspiration. Her nails dug into Demelza's thighs and Katie brought her tongue deeper inside Demelza.

Ginny drove down onto Harry. He stretched her out. Her tight pussy ground against him. Harry pushed onto her.

"You better cum for me, and you better cum hard."

Harry smiled, pleased Ginny didn't need much prodding. All the prodding she needed was his hard cock inside her body. The two of them met each other, pushing loin to lok together.

"Yes, I'm cumming for you, baby," Ginny said. "It's what I need. Pound my little pussy, pound it raw!"

Harry smiled and continued to feel Ginny's wet walls caress against him. She pumped up and down onto him with more fluid motions.

A gushing flood came out of Ginny. She pushed down onto him again. Ginny grabbed onto her stud of a wizard and pushed down into her. He broke in a brand new teammate, and was reminding her of all of the ways to he pleasured her very nicely.

Ginny tightened around him and Harry knew she wanted his cum. He buried inside her tight little body. Ginny large breasts pushed into Harry's face. He dove between the large fleshy mountains and paid the proper amount of tribute. Heated passion increased between two of them.

More orgasms than Ginny could count coursed through her body. She tightened around Harry and pushed more down onto him. She slid down Harry's mighty rod which buried into her.

"So close," Ginny said. "Cum for me….please."

Harry smiled and ensured Ginny rocked her thighs down onto him. He made sure she bottomed out on his cock. The moment twelve inches of long cock buried into Ginny's molten hot sheath, she started to shudder, and then started to cum hard.

He followed moments later and filled Ginny with the seed she desired. Ginny worked her hips down onto the divine rod beneath her. She moaned, paying tribute to Harry as any witch worth their salt should at this particular point.

"Thank you," Ginny mewled in hunger.

Harry slid out of Ginny and she crashed back. Demelza and Katie descended on her like a pair of hungry lionesses as the fun was just about to continue.

End.
Parvati stepped into the middle of the room. She could feel some strange energy around her when stepping inside the room. Her heart beat faster when stepping closer into the center of the room. The sights, the smells, and the sounds, both in the realm she was in and beyond the visual realm hit her pretty much as hard as she could.

The eighteen year old witch dressed in a lacy green corset which shoved up her breasts. The corset came down to split at the side showing her toned stomach. She wore a lacy green thong beneath the waist, and a pair of sheer stockings which covered her feet. She bit down on her lip lightly when moving forward with a little sway.

"Are you ready?"

Parvati feverishly nodded. She stepped inside to see a woman with fiery red-hair step forward. She wore a pair of red glasses over her eyes, which had been adorned like spider webs. She dressed in a silky green bathrobe which came down to her hips. It flapped open when moving and showed Parvati a nice view of her waste.

She could not believe this was happening, to see if she actually had these gifts, the gifts to see beyond the physical world.

"So, do you think I can do this?" Parvati asked.

"Sit down," the woman said.

Julia Carpenter, better known as Madame Webb, offered the woman a smile. The woman was forty years old, but was better looking than a lot of women half of her age. She was the legal definition of a MILF, with melon sized breasts, a toned stomach without an inch of fat on it, a fit ass, and long legs which were smooth as silk. She stepped forward and walked towards Parvati.

The two women met with a kiss. Parvati had been surprised by the forward action of her teacher, but not at all displeased. The older woman's talented tongue pushed deep inside Parvati's mouth. She opened her mouth to accept the point of her tongue.

"We have a guest."

Parvati broke away from the kiss. She turned around to see a very familiar young man with green eyes staring at her. Parvati's heart grew aflutter when looking towards the one and only Harry Potter. It had been a long time since she saw him. His green eyes, messy hair, and toned body caused Parvati to wonder if she would need a change of panties by the time this was all said and done.

"Harry….it's been too long….."

"It has," Harry said. "How are you doing, Parvati?"
"Oh, I'm fine," she piped up in a bubbly voice. "What are you doing here?"

"I'm here to help you."

Parvati had been surprised as much as anyone else had by Harry's words. She looked at him, a frown crossing over her face.

"Don't take this the wrong way but you've never been the keenest on Divination in the past."

Harry turned towards Julia who smiled when sensing him. She could most certainly feel the powerful energy coming off of him when he approached.

"Why don't you explain to her, Julia?"

"It would be a pleasure," Julia said. "Harry doesn't have the gifts, but he is a conduit of energy which you can focus on to see if you can tap into your gifts."

"Right," Parvati said.

It really did make all kind of sense. She took a deep breath. Her chest inhaled and exhaled out. Parvati decided to sit down and take in the scents coming in through the room.

"Remember to do your deep breathing exercises," Julia commented. "Focus on the power which is swimming through your body. Focus on what comes in and what comes out. Just tap into the energy and make sure it flows within your body."

Julia smiled when she approached Harry.

"Focus on only what goes on through your mind, Parvati," Julia said. "If you have a vision, you should follow it to its conclusion."

Julia reached over towards Harry and pulled him into a kiss. The two of them swapped their tongues with each other. Harry gripped the back of Julia's hair and pushed his tongue deeper into her mouth. The two of them worked each other over going tongue to tongue with each other. Julia was following her vision earlier to its most logical conclusion.

The MILF pulled back from Harry. She undid the sash of her robe and showed Harry her body. She dressed in lacy red lingerie. The red bra she dressed in just barely covered her round breasts. Her red nipples stuck out from the other end. She wore a pair of see through panties which became even more so. A garter belt and red stockings set up the set.

Parvati closed her eyes and suddenly, something in the air happened. She envisioned herself being bent over the table in front of her, her knickers pulled down to her ankles. Harry pulled out his cock and….Parvati shuddered when thinking about what he was going to do to her next.

"Stay focused."

Julia unbuckled Harry's pants and dropped them down to the ground. She dragged a thumb down Harry's length before dropping down to the ground to worship the mighty tool. Julia's lips parted and took Harry's immense length inside her mouth. Harry held onto the back of the woman's head and pumped his way into her mouth.

"Mmm!" Julia moaned.

Parvati started to breath heavily. She saw Julia and she saw Harry. Her eyes were still shut, but it
didn't stop her from seeing the debauched actions going on. Harry gripped Julia's face and shoved his huge cock down her throat. Parvati tried to hold herself back from the self-pleasure. It was hard to do.

Harry looked down. He heard moans coming from Parvati. Parvati's hands had been clenched to the side of the chair when she tried to remain focus on her visions. Harry wondered what she was envisioning. All he could do was hold onto Julia's head. Julia worked on his cock, giving him an amazing blowjob. Her tongue, throat, and teeth worked in tandem to give Harry the most pleasurable.

"I bet you saw me shooting a big load down your throat."

Harry whispered so only Julia could hear him. She cupped Harry's large swollen balls and gave them a caress. Julia did what she could to encourage her dreams, visions to become a reality.

Julia's throat opened up for the rush of cum to fire within it. Harry held her head and pumped his sticky load down Julia's throat. Julia leaned back, accepting a rush of sticky fluids. The never ending explosion of cum coated the back of Julia's throat. She sucked him down hard, finishing Harry off.

The redhead MILF pulled away from Harry. She dropped her bra to reveal a pair of breasts which Harry had to grab and squeeze. His eager hands gripped Julia's large tits and squeezed the melons. Julia moaned hungrily and slid down her panties.

Their sexes met together. Julia wrapped her legs around Harry and pushed him back onto the couch. She dangled back, before sliding down his cock. The manhood pierced her body.

Harry squeezed Julia's hips to encourage the MILF to continue her riding. She rode him with all of the passion of a woman half of her age. Those breasts bounced up and down when she drove down onto Harry.

Parvati put herself into the moment. Harry was all over her in his vision, ramming his cock inside her cunt. Julia sat on her face and made Parvati eat her pussy. The more she focused on the situation, the more Parvati could almost taste Julia's juices. She saw Julia's pussy dripped with a combination of Harry's juices.

"Remember….FOCUS!"

Julia said this word when driving herself down on Harry's hardening rod. The stiff meat filled her up.

"You're getting close, aren't you?" Harry said. "You cream yourself when I play with your breasts, don't you?"

Julia answered with a nod. She found it hard to focus herself. Most of the time, visions of what Harry would do to her popped into her mind. Despite the fact Julia saw it coming all of the time, Harry kept her cumming, and kept the pleasure being poured on.

Harry smiled, feeling her nibble down on his neck to stifle the screams. He rubbed down her back and then grabbed a handful of her meaty ass. Harry squeezed her a couple of times when going up and down on her.

"Cum again any time."

Julia shuddered and saturated his manhood with her womanly juices. She slid down to the base of
his cock, those balls pressing against her. Julia pumped him up and down, taking more of Harry's rod inside her. Harry gripped her breasts and gave them a hearty squeeze. She responded by holding onto Harry's cock with multiple pumps.

Another shuddering orgasm made Harry push deeper inside of her tight body. Julia stretched around his cock and felt so good. Harry pumped himself inside her warm MILF body. The redhead rose and lowered herself with pleasure dancing. Her hips came down onto Harry and milked him all the way to the edge.

"We're getting very close," Harry said. "It won't be long now."

Parvati's breathing increased on the other end of the room. Her hands started to shake. The Indian Witch could really feel the vibrations coming through her. She was deep into a vision, and in her vision, Harry was balls deep in her. Parvati closed her eyes.

"Don't worry, you're almost there."

Julia came down onto Harry. Her hips connected down upon him in a more feverish flurry than before. She milked Harry for everything he was worth. Those hands worked her, touching breasts, stomach, hips, face, anything they could grab. The constant motion heated up Julia and made her drive down onto Harry's rod.

Her juices released on Harry's thick phallus. The two of them connected together, juices trickling down on Harry. Harry reached up and pushed into Julia, shoving his rod all the way inside her sticky canal. His fingers pushed through.

"So, did you see me knocking you up?"

Julia couldn't say anything. Her warm pussy gushed around Harry at the hard pounding. She grabbed onto Harry's thighs and crammed all the way down on him. All she could do was moan and moan some more.

Harry smiled, it would be worth it to figure that out later. Now, the gushing feeling from his balls released and fired inside Julia. He coated the inside of her body with a never ending shower of cum. The sticky fluids sprayed her body completely and coated her insides. Julia came down on him, pumping Harry's hard rod all the way to completion.

She stopped a moment later, feeling the sheer volume of cum Harry shut into her body. Julia ran a hand down her swollen stomach and responded with a nod.

The two of them broken apart from each other and turned their attention towards Parvati. She was in a trance and every now and then, she broke the trance before letting out a moan or two. Harry flickered into a smile and approached her.

"Parvati, I need you to get up."

Parvati still remained in a haze when getting up. She walked over to the table, instincts guiding her. Parvati grabbed onto her thong and slid it down. The sexy witch spread her legs, bent over at the side of the table, legs spread.

A pair of soft, womanly fingers slipped between Parvati's thighs. They slid into her depths and then pulled out. The fingers worked inside her.

"Yes, I can feel the vibrations here," Julia said.
Julia extended her fingers. Harry leaned in to lick Parvati's juices off of them. His tongue swirled around the soaked digits and Julia gave him a knowing smile.

"Do you think you could do me a favor, and help me pleasure how potent the vibrations are?"

Parvati wondered if her vision would play it as intended. It was all over the place, but this was just a trial run. The one thing she knew was Harry's hard cock pushed up against her entrance. Her walls parted slowly to feel Harry penetrate her. Once inch at a time, his massive rod pushed into Parvati's tight body.

The dark haired witch could feel his hands moving up. She slid back, and Harry slid the corset down. Her breasts spilled out. Harry grabbed one of her round, juicy breasts in hand and squeezed it. He leaned closer towards Parvati and slowly edged into her more.

"Hold the pose, concentrate on the energies."

Parvati gasped the second Harry buried himself into her tight body. She could feel something course over, but it most certainly wasn't any energies. It was something hard, rock-hard in fact. Harry pulled back and pushed deeper into her. The rod pushed into her body a couple more times and slowly gained some momentum.

"Are you doing it?" Harry asked. "Are you concentrating?"

Parvati answered with a nod, biting down on her lip. The concentration increased with Harry's long and hard thrusts inside her body. He pushed deeper into her, penetrating Parvati with his pulsing penis.

"Yes, I can feel it, the energies, they are strong!" Julia cried.

Harry pumped inside Parvati's pussy with increasing frequency. Her cunt gripped him hard. Harry ran his hands all the way up her body.

"Do you have the readings?"

Julia answered with a nod.

"Her energies are over the map, they're going to need more focus," Julia said. "She most certainly has the sight, and I can teach her much beyond they can at Hogwarts."

Harry gave Parvati a few more pumps and rode her out of an orgasm. She gripped the table and scratched it up. Harry spiked inside her and as a result, pleasure waves exploded through Parvati. Her moist loins clamped down on Harry's rod when he finished her off.

"Good."

He pulled out of Parvati and left her hanging after just one orgasm. She wanted even more.

"We have to measure it from other angles, just to make sure."

Harry smiled and rolled Parvati over onto the table. Her legs spread and slightly dangled off to the side. Harry mounted the top of her and leaned Harry.

"Morgana's tight cunt!" Parvati screamed.

Harry used his talented tongue to make her breasts feel really good. The tingling going through Parvati's body could not be described beyond being good, so good. So good her body felt like it had
been one endless conduit of sexual stimulation.

He cupped Parvati's breasts and sucked on them. One of the most beautiful girls during Harry's time at Hogwarts creamed underneath him, with her body begging for his cock.

Harry and Julia exchanged a smile. They knew what would happen next.

"Please, I need this," Parvati begged.

Right on schedule, Harry thought it never failed. He massaged Parvati's inner thighs to get the horny witch more excited. One hand brushed against her warm thighs, collecting the juices which already dripped down them. The other hand alternated between rubbing Parvati's horny nipples. He grabbed and tweaked them.

Parvati thought she was going to die without the vision coming through. Several throbbing inches danced at the edge of her pussy. She spread her thighs about as invitingly as possible to try and get Harry inside as quickly as possible. She rested a hand on Harry's back.

"I need this, bad!" Parvati begged him.

"Don't worry," Harry said. "All good things come to those who wait."

Parvati spread her thighs wider and this time, Harry indulged her by pushing his throbbing cock inside her. The beautiful witch squealed underneath him. Every single inch went through her.

"You're pulsing, you're really becoming one with your vision."

Parvati wondered if this was another vision, if this was really happening. If Harry Potter was really fucking her. Parvati tightened her grip on Harry, fearful his cock would stray far from its new home in her pussy.

'This better not be a trick of my mind!'

Harry rose up and pumped inside her. Her wet center grabbed around on Harry and pushed more of his rod inside her. Parvati squeezed Harry's thighs and made sure he would not stray too far away from her. The beautiful woman screamed to the heavens.

Julia smiled and crawled over towards Parvati. She made the girl, young enough to be her daughter, look up towards her.

"You know, you should use that mouth for something more productive, Miss Patil."

The scent coming from Julia's cunt made Parvati fell weakened and weary. She had to have a taste, a very big taste as it turned out. Her lips smacked together. Parvati trailed her tongue against Julia's lips to taste more of the juices.

Harry rose up and worked his way inside of Parvati's moistening center. Her pussy juices lubricated Harry to the center. He pushed out and slammed back into her. He took her to a one way trip to a
pleasurable end. Parvati clasped him very hard.

Every single inch of her beautiful, perfect skin soft underneath his fingers. Harry leaned in and twisted her nipple. The dark nipple rose, dripping with fluids. Harry leaned in and kissed her, sucking the warm fluids dripping from it.

"I think she's really feeling the pulse now," Harry said.

Julia nodded. She sensed Harry running his hand down Parvati's leg when it rose into the air. Her ankle rested on Harry's shoulder. She envisioned Harry slowly kissing his way down Parvati's leg and then back up while pounding her. He ran his hands down her leg and assaulted her clit.

The more the seer locked onto to what was happening, the more she could feel Harry's hard rod pushing inside her body. Harry picked up a steadier pace and rammed into her body.

Julia balanced both her pleasure and Parvati's pleasure through her mind. The heat was almost unbearable. She kept working herself down Parvati's face.

Harry worked himself into Parvati. Another orgasm rocked through the witch beneath him. Harry didn't give up and rode her orgasm all the way to the edge. The moment she shuddered, Harry resumed the slow rubbing of her clit in time with his rock hard rod slamming into her.

Parvati could barely keep herself coherent. No matter how many times Harry penetrated her pussy, her body turned into pleasure.

"You haven't felt anything yet, you know that?"

Parvati's legs spread out wide, and Harry rose up before forcefully fucking her pussy. The force he drove into her pussy made Parvati's entire body vibration. Her tongue slid deep inside of Julia's sticky cunt with each push as well.

"Keep doing it!" Julia yelled.

Harry kept doing it alright. He rode Parvati's orgasm train all the way to the station. The contents of Harry's own balls bounced onto her.

Parvati's inner eye clouded from the pleasure, but she didn't need foresight to know Harry was about ready to bury an entire load of potent semen within her womb.

"Congratulations on the twin girls, Harry."

Julia said these words with her glasses dangling from her face. The Seer continued to ride Parvati's tongue when she licked the center walls.

Parvati clenched him hard. The thought of being knocked up by a powerful wizard and having twin girls excited her.

'Now, Padma, don't worry, you're next.'

Parvati's mind flashed through with a vision of Harry giving Padma the same treatment. He pushed her against a shelf of books at the library and drilled her, fucking her until she was nice and pregnant, with twin girls of her own.

Regardless, Parvati focused on the orgasms of the present. She clutched Harry.

"It's time."
Harry spurted thick cum inside of Parvati's body. His cum fertilized her body. Parvati clamped down onto him to accept the full burst of cum being buried inside her womb.

Parvati collapsed down on the table.

Julia turned around, slowly crawling off the table. Her round ass and dripping pussy flashed in Harry's line of sight. Julia looked over towards Harry's shoulder, the horny MILF giving him a predatory smile.

"Rachel would like a younger sister. And I can see it being pretty probable if you fuck me one more time."

Julia envisioned her barely legal daughter also being fucked and impregnated by Harry, but one thing at a time.

End.

Freya Beauchamp made her way back to the house she and her boyfriend shared after a very long day at work. The dark haired witch dressed in a simple button up blouse and a skirt which fit nicely around her tight rear end. She topped off the outfit with a pair of thigh high boots.

She opened the door for a moment. The house was rather clean, which was good because it had been a long day at work.

"Harry, are you home?" Freya asked.

Harry walked up the stairs from the gym with a smile on his face. He wore a pair of tight workout pants and a tank top which caused Freya to smile when she oogled his body. The woman stepped forward and reached Harry, ensnaring him in a long hug before kissing him on the lips. Harry grabbed the back of her head, and continued the kiss. Her tongue shoved down Harry's throat in time with the long and passionate feeling up on his toned body. Freya pulled away for a moment.

"Caught you in a middle of a workout," Freya said. "I would have liked to join you."

Freya lead Harry over to the couch and pushed him over to the couch. The feisty brunette straddled Harry's lap when looking down at him. She smiled.

"I think you have a different kind of work out in mind," Harry said.

Freya smiled and traced her fingernail down the side of Harry's neck. She leaned closer towards Harry and pressed her lips against his with another kiss. Her tongue slowly edged into the side of Harry's mouth and they tangled together with a long kiss with each other. Harry held the back of her head.

"You better believe it," Freya said. "I've had a long day, and...I hope you're ready to help me unwind."

"Always."

Freya took Harry's crotch and rubbed him. His manhood started to stretch through the tight spandex workout pants. It looked pretty comfortable. Freya licked her lips, before tugging at his pants.

"My favorite wand," Freya said.

The witch pulled his pants down further. Harry's body shined in a sheen of sweat from his workout, and his cock stuck out. Freya wrapped a hand around Harry's throbbing hard. She slid a hand up and down Harry's manhood which kept throbbing in her grip. Freya pumped up and down Harry's hard cock and made it grow.

"It feels good, baby," Harry said.

"Mmm, I'm glad."

Freya's red lips pressed against Harry's cock. She indulged in every inch of this throbbing
manhood. The kisses increased when traveling all the way down this hard, throbbing cock. Freya rubbed her hand down the cock while kissing the head and then kissing the shaft. The witch stuck her wet tongue and licked Harry extremely hard, before pulling up.

Harry leaned back on the couch. His long throbbing cock pushed into Freya's mouth. The beautiful dark haired witch took Harry into her mouth and started to suck him. She went down on Harry's hard cock with a few long sucks, and kept working down on him.

"That's the spot!"

He reached up, grabbing Freya's hair. Freya smiled and looked up towards Harry with a mouth full of cock. Her tongue licked up and down, servicing his cock all the way. She popped him out of her mouth and sucked it in.

Boy, could Freya suck him off in all day on. His cock tasted perfect and fit the back of the witch's throat. Freya gripped Harry's balls before squeezing him. The hot witch came down onto Harry's throbbing hard cock, and continued sucking him off hard.

"Right, that's it, I'm….."

Freya popped his cock out of her mouth. She passed over Harry's throbbing rod a few more times and saturated him with her salvia. Her warm hand rubbed Harry's shaft but also clenched him.

"I don't think we want this to end too early," Freya said. "It's been a long day….and I have energy I need to discharge."

Freya rose up to her feet and turned around. Her skirt flipped up and revealed a pair of lacy panties to Harry underneath it. The sexy magic-user ground her pantie clad ass up and down Harry's erection. She enjoyed the feeling of the hard cock pushing against her ass hole. Freya rolled her ass hole over Harry's massive prick, the panties the only place with they were released.

Harry smiled, turnabout was fair play after all. He unbuttoned a few buttons and revealed a lacy black bra. Harry ran his fingers down her upper body and pulled back the bra, releasing her perky breasts in the world. Her nipples stuck out and Harry grabbed them, before rubbing down on them.

Freya continued to work her ass up and down on Harry. She turned around with a smile, breasts bouncing up. Her pussy throbbed with need, throbbed for the thought of Harry being inside her. She leaned towards him and peppered Harry's face with multiple kisses.

The woman looked down at him lovingly. Harry reached up to grab her breasts. A jolt of energy surrounded Freya's body. She ground about him.

"I want you, so bad."

"Patient, we wouldn't want this to end too early."

Harry encircled her nipple with his finger, and rubbed it. Freya smiled, Harry really did take her works and throw it back to her. He gripped Feya's ass and slowly slid her panties down.

A cool rush of hair spread through Freya's thighs when more of her dripping sex exposed to the world. Harry leaned back onto the couch with Freya crawling on top of him. Her pussy aligned with Harry's mouth. She turned around, making sure her ass pointed towards Harry's face along with her pussy.

Harry's throbbing cock stuck up as well. Freya leaned down, she rubbing her pussy lips against
Harry's face. She captured Harry's cock in her mouth, sucking it some more when Harry started to eat her out.

The sorcerer marveled at the feeling of Freya's warm thighs wrapped around his face. The feeling of tight ass and toned legs made Harry explore her. Harry pushed deeper inside Freya's hot cunt. Freya rubbed back and forth against him, while also lavishing Harry's hard cock with her spit.

The two lovers pleasured each other. The discharge of magic fired through her bodies. Harry shoved deeper down inside Freya's dripping hot cunt, eating her.

Freya bottomed out throat first onto Harry's hard cock. The witch took Harry deep into her throat and sucked her hard. Harry's throbbing balls had been squeezed and fondled. A jolt came through Freya's body when Harry licked her out. His tongue swirled deep into her.

The witch closed her eyes and enjoyed going down on Harry's mighty rod when the tingling spread between her thighs. An amazing orgasm was about ready to explode through her, she could feel it. Her loins became even more sticky the more Harry pushed deeper inside, between her legs. Harry encircled her insides and kept licking to the point where Freya thought she might lose it.

Lose it she did. An explosive gush of juices fired on Harry's face. Harry wasn't going to leave her hanging. He moved in to lap up the juices. Freya brought her face down on his crotch as he went down on her pussy.

The two of them parted ways for a moment. Freya gripped Harry's cock and it still was as rock hard as she wanted it. She pulled away from him and laid on top of him. Their firm bodies pressed together with a smile.

"I want you inside me."

"I thought you'd never ask," Harry said.

Freya spread her thighs and aimed towards Harry. His hard cock proceeded to penetrate her. The moment his throbbing head hit the inside of her slit, Freya gushed. The witch worked herself around him, before pulling up. She aimed his cock and pushed into her.

The warmth surrounding Harry's cock made things rather good. Freya slowly worked herself up and down Harry's body. The feisty witch indulged herself. Her nipples stuck out, like candy for Harry to put in his mouth and suck on them.

"Suck them!" she demanded.

Harry teased them with a flick of his tongue. He wanted to drive Freya completely made before going in for the main course. One of his hands rested on Freya's thigh and pushed the brunette down onto his hard rod. Harry penetrated inside of her tight core when Freya slid up and came down onto him. His hard balls slapped against her.

An acceleration of pleasure coursed through Freya's very body. Harry teased her nipples while those strong hands molded her flesh. Harry pumped inside her. The two of them joined each other at the hip. The heated connection made them feel really good.

Harry knew where all of Freya's hot spots were, and there was a particularly juicy spot located on the side of her back. Harry pushed his finger deep inside her crack and started to rub on it, before running down her spine.

"Just too much!" Freya yelled.
Harry smiled and pushed into her. His rock hard cock had been hugged by her warm and wet walls. The feeling of an orgasm well-earned passing through the horny witch riding his cock made Harry very excited. He pushed inside her with another long and hard pump. He spread her thighs apart when she rocked up on Harry and came down on him with another hard pump.

"Yes, but you like it, don't you?" Harry asked.

Freya wasn't about to argue to be honest. She bit down on her lip, before throwing all caution to the wind and just spreading. She almost slid down Harry's cock because it had been so lubricated. Harry held onto her and kept pushing her down. Freya kept her feet firmly planted on the couch when rising and lowering on him.

"I love it, I love it!" she chanted when burying Harry inside her.

Harry could feel how much she loved it. This warm pussy was like a wonderland to him. His cock throbbed when Freya kept pushing the boundaries of what she could do. The horny, sexy witch rode his cock with all of her might, screaming out in passion.

"Oooh, Harry, yes!" she moaned.

Freya drove down onto Harry's hardening rod. She loved every single moment. The burst of energy caressed her loins along with Harry's cock. Harry placed his hand down the front of her body and started to torment every single pleasure spot. His fingers paused right before her clit.

"Please, do…"

Harry jolted a sensational amount of energy directed at Freya's love button. Pleasure shot through her loins when the witch continued to ride Harry up and down. She spread far and wide, bringing more of Harry inside her. Her loins stretched and caressed Harry with a few long pumps. His cock just pushed into the depths of her body, hunger increasing with each descent.

"You're losing it, aren't you?" Harry asked. "You can't hold back? You want this, you want more of this, don't you?"

Freya knew Harry slowed down the progress of the orgasm. His hands reached her chest and caressed it. The tease of his tongue against her nipple made Freya's tension increase. It would not be released just yet. Her wet walls closed down around Harry.

"Please, I want more, please."

"Good, I'm glad you want more, and I want to help you. So, cum."

Freya's body heated up and released the energy discharge. She pumped Harry up and down. Every time his hard cock penetrated her body, it felt so very good.

Harry smiled, and enjoyed the smooth feel of her pussy. The power and juices gushing out of her brought Freya all the way down to the base of Harry's crotch. She pumped inside, felling the burn. Harry pumped inside her, drinking in the woman's pleasure.

The two separated a moment later. Freya whined when Harry had been pulled away from her. He motioned for Freya to turn over on the couch.

"I can see some tension in your body."

Freya closed her eyes. The only reason she was feeling some tension was the most amazing thing in
the world had been pulled away from her warm thighs. She turned around and got on her hands and knees. Harry pushed against her, but he was not inside her.

Harry drank in the sight of Freya's beautiful toned body. Her perfect silky black hair came down, with her toned, and tanned skin. Harry enjoyed how smooth it felt underneath its touch. Her breasts gave him a nice handful, before he moved down towards her stomach. Her legs willingly parted for him. Harry rubbed the back of her legs, while also grinding against her.

"Are you trying to drive me insane?"

Harry leaned in and slowly encircled his tongue around the tip of her ear. The woman in question shuddered hungrily the moment Harry licked her across the back of the ear. Her ear lobe had been put in Harry's mouth and released. He nibbled on it before moving down to her neck and leaving a long love bite on the side of it.

"What do you think?"

Freya spread further for Harry. His long throbbing cock knocked at the entrance. She wanted him inside, until they both finished.

"I bet you want my long cock in you. Stretching out your perfect, tight pussy, making you feel so good. I bet you want your nerve endings racked with so much pleasure, until you cum all over my cock, when I drive it into you more."

Harry's hands caressed Freya's body and all of the stored energy through her swirled towards one particular energy. Her core heated up in preparation for the divine rod.

"And let's face it, you can't wait until I drive my hard cock into you so hard you're sore, but you can't help and want more. You can't help, but be addicted to it. You can't help it because it's a drug to you. You want me to drive into you so hard you pass out, and cum over my cock until I shoot my big load of seed. Do you feel it my balls rubbing up against your cunt right now?"

"Yes, it's a big load, and it must hurt so much," Freya said. "Please, put it inside me….put your big sticky load inside me, please."

Harry smiled when pushing his hands all over her body. He could not resist giving her ass a couple of firm squeezes, before going underneath her. Her navel had always been a spot of pleasure for Freya. He encircled a finger deep inside her. Freya continuously gasped the more Harry teased her.

"I'm going to fuck you into the night," Harry said. "You're going to go into work tomorrow, and walk a little funny. I wonder if everyone will figure out why?"

"I sure hope so."

Freya spread her thighs to give Harry all of the invitation any man could have ever wanted. Harry took some time to caress her body, feeling the warmth. His chest pressed against her soft back, running his fingers down the smooth skin. Harry lined his cock up against her.

The two of them joined together as it had always been meant to be. Harry pulled almost all the way out of Freya the first time. He sheathed his hard cock inside her. Her warm pussy clamped down on Harry with each push inside her. He grabbed her firm ass and kept pounding away at the witch.

Freya closed her eyes to indulge in the first volley of pleasure. Her pussy perfectly lubricated for Harry with every single thrust. Harry held onto her, and gave Freya's firm ass a long squeeze before spanking it. He then moved in to play with her breasts.
"I really like it, if I had a chance to ride you later," Freya murmured.

"Oh, don't worry, there might be time."

Freya’s abundance of energy communicated to Harry how much she needed a long hard cock rammed inside her. His powerful staff worked into her body. Every single slide into her brought Harry deeper inside her warm and eager pussy. She clamped down onto it.

Harry drove her to increasing and multiplying levels of orgasms just as he promised. He wouldn’t back up from her, not if Harry could help it. His iron rod spiked Freya’s wet walls. She released and held him with increasing frequency. Every now and then those balls touched her and it only moistened Freya. It guided Harry’s tip inside her. He brushed up against her.

"Good, you're doing good, almost there."

Freya’s body became enraptured with pure sexual energy. Harry drove himself inside the horny witch. He buried his hard cock into her sheath. The warmness of her increased. She grabbed onto the couch cushions and caused them to be unraveled.

Harry’s hands rested on Freya’s back before moving to the horny witch’s hips. He clenched and squeezed Freya’s body and pounded into her.

"And again."

She obeyed Harry by clenching him with another orgasm and released him. This particular ritual would increase as long as Harry wanted. Each orgasm had a bit of an extra kick which was more prominent than the last. He built her up for a huge one later on, Freya was sure.

Freya slid completely away from Harry. Power shined through her eyes, and she grabbed Harry, tackling him on the bed. His hands pinned back and Freya rubbed her pussy lips down onto him, hunger dancing through her eyes.

"I want to ride you so more!" Freya yelled. "I need something rock hard between my legs, you have no idea how bad I do!"

Harry smiled, he had an idea. Freya spread her legs deep and slammed herself down onto Harry. She already shook with the pleasure. The paint on the walls started to peel and change colors from the discharge of magic. The expelling energy encircled their joined loins and increased the stimulation of their pleasure centers.

Freya bounced up and down on Harry's hard cock like she was some kind of Nymphomaniac cowgirl. She brought herself up and down and leaned forward to attack Harry's body, neck, face, and everywhere her lips could reach with hungry kisses. Harry reached around her, smiling. The added energy towards him stimulated both of the pleasure centers of the lovers.

The heat increased around them as time passed by. Freya's wet walls closed around Harry, rubbing him. His hard cock penetrated her depths and made Freya's pleasure increase beyond anything she could have ever felt in her life. Her legs pumped up and down to ride Harry even more. She wanted to take this hard cock into her and ride him all day and all night long.

"You're perfect, you're…great," Freya said. "You really are so great, I can't even…..mmm…so good!"

She managed to slide all the way back and push herself onto Harry. The two of them connected with each other when the ride connected.
"You're beautiful as well," Harry said. "It's so hot to see your body just driving down on my cock."

Freya impaled down onto his cock. The jolt coming through her body was pleasure. Harry held down on her hips and slowed the woman's descent. He also proved who had the control. Freya submitted to Harry with every time he buried himself into her. Those throbbing balls looked to release an amazing load inside her gorgeous body.

"Fuck me raw."

Harry intended to be honest. Her thighs were going to be pretty sore, at least for a little bit. The recovery powers of magic-users were an interesting thing, however. They were going to start up this same dance all anew the next day, and the next day after that.

"Keep it up, please," Freya begged him.

She came hard on Harry and clamped down. The hard milking of Harry's rock-hard cock had been continued with a more fluid motion. She picked up the riding Harry and burying his cock inside her. Freya clutched Harry's shoulder and another orgasm fired through her.

Freya reached the apex of her pleasure. She knew the moment Harry buried a load inside her, she would really lose it.

Harry worked into his girlfriend's wondrous center. She clenched him with pure silky wetness. Harry kept rocking into her, reaching the edge, almost.

The two of them connected with each other. Freya drove her hips down onto Harry and pumped him so hard, he almost filled her up. Those throbbing balls came close to bursting. She worked down onto him.

"Don't you want to cum in here," Freya said. "Don't you want to shoot your sticky cum into a nice, wet, pussy, who is hungry for it?"

Freya caressed herself lovingly, making sure Harry watched her pussy gobble up his rod when going into her. Intense really didn't describe what Harry felt. She caressed Harry hard and fast, pumping him inside her.

Harry lost it. He discharged inside Freya. Her walls clamped down on him. Harry drove into her and made sure his balls completely fired their load inside her.

Freya bounced higher and happier. Harry stroked her body when she finished him off, and felt several more orgasms pass through her body when she collapsed down.

"Perfect, love you," Freya said. She kissed Harry on the tip of his cock. "Oh, and I love you too, Harry."

She gave him a grin, and Harry pulled him towards her.

"Love you too, even if you can be a handful sometimes," Harry said. Her hand caressed Harry's cock and got it back up to hardness. "You just can't wait for more."

"With you, I know there always will be more."

Harry wasn't going to argue with a beautiful woman who never got tired of wanting him in every way.
The End.
The aftermath of a battle occurred, and Mera looked over. There would be a long cleanup and a long recovery ahead just like there was pretty much every time a battle like this occurred. Atlantis and Asgard were attacked by the same entity who intended to subject both of the kingdoms to his rule.

The forces of the two combined, along with their ally, made this man think twice. He had been imprisoned forever, at least Mera was under the assumption he would not be getting out any time soon. This fact caused her to lean back and close her eyes, feeling the rush of energy go through her body.

The redhead woman's hair pinned back in a more casual manner to show her beautiful face. She dressed in a sleek green body suit which covered every inch of her body. The suit melded into her body like a secondary skin, putting every single curve on display for her. Mera stepped closer into the room and the smile on the beautiful woman's face deepened at the chance to look around.

She turned around and saw a tall, dark haired goddess stepped towards her. She dressed in battle attire, but there was no hiding how lovely she was. The scratches on her face due to battle only enhanced the beauty she had been in. Mera's green eyes met the blue eyes of the long lady goddess known as Lady Sif. Mera smiled and invited her into the room.

"So, it's been a rough last couple of days," Mera said.

"Indeed," Sif said. "It would have been rougher had Asgard not been alerted to his schemes."

Sif stepped forward towards Mera.

"He intended to use the emerald to bring Asgard to its knees, and he would subject both our kingdoms to his harsh rule," Sif said. "And what is to stop him from going further than that."

Mera's chest heaved up and down in a very obvious sigh. That was a huge problem, there was absolutely nothing stopping this monster from gaining control of Asgard, Atlantis, and anywhere else he chose. The unlimited power made him a god, and he wouldn't stop.

"Thankfully, we had an ace in the sleeve."

No sooner did Mera say these words, a handsome young man exited through a flashing portal. He was the object of desire for most women who laid eyes on him. Dark hair, green eyes, a toned physique without an ounce of fat on him, he was truthfully the epitome of tall, dark and handsome.

"Harry, I thought you would rest after such a battle," Sif said.

Harry smiled and took a step towards the beautiful Asgardian. The two of them had stood shoulder to shoulder in battle numerous times, and they also celebrated the aftermath of a battle well won.

"I wanted to check up on you two," Harry said. "I know the energy levels have gone down, but….."
Sif walked closer towards Harry. Her blue eyes met his green ones. The Asgardian stood up taller when looking down at Harry.

"They have gone down, the crisis has been averted, at least for now," Sif said. "The world has been saved, thanks to your assistance. I don't think we could thank you enough, no matter how much we try."

Sif's lips twitched into a nice little smile when she approached Harry. She placed a hand on his shoulder when moving closer.

"But, I think we can agree if it wasn't for you, both Asgard and Atlantis would have been at forfeit."

The Asgardian stepped forward and threw her arms around Harry. She pulled him into a kiss. Harry returned the kiss, and backed her off. Sif leaned against the wall, and could feel Harry's hands expertly run down her body. They lapsed into such a routine so many times, they almost forgot about the Queen of Atlantis.

The two broke apart. Sif looked towards Mera. The redhead kept eyeing Harry in interest. Her lips moistened when looking towards him.

"I think the Queen would like to thank you as well."

Mera offered a tiny amount of hesitation. Harry moved over towards her and cupped her hand. Mera looked towards Harry, a frown popping over her face when staring him down.

"It's been a long time since your husband died," Harry said. "It happened last year, didn't it?"

Mera remembered the valiant battle where Arthur sacrificed himself to save all of Atlantis. She tried to honor her late husband by making sure the kingdom didn't fall into the hands of the people who would disgrace it. Mera stepped closer towards Harry.

"Closer to two years, actually," Mera said. "I often lose track."

Harry squeezed her hand.

"I understand, but I think it's time for you to feel again, feel the pleasure of life."

Mera would be lying if her marriage wasn't anything but purely politically, to save two kingdoms from going to war. She respected Arthur, and he respected her, but the spark many times wasn't there. They kept up appearances for the kingdom, for their daughter. Things grew distant after the death of their son at the hands of Black Manta. Arthur blamed himself, having lost his hand in the process.

Her green eyes met Harry's. Harry leaned closer and kissed Mera on the lips. She didn't fight the kiss, rather returned it. Harry's able tongue and lips brought a feeling inside Mera she didn't experience for a very long time. And it was good, even though she also felt some guilt in the process.

Guilt would have to fade away through. Harry's strong hands cupped her backside and moved up the back of the Queen. He started to undo the garments.

Sif moved over to assist Harry in stripping Mera bare. The Asgardian Warrior showed how talented she could be in methods other than battle by kissing and suckling Mera's neck. She licked Mera behind the ear, and suckled her ear lobe.
Harry smiled and took Mera's breasts in hand to feel them up. She moaned when Harry pushed his hands against her, rubbing her nipples. He rubbed them, making sure to excite Mera. Her nipples hardened underneath Harry's able fingers. He rubbed and twisted them.

"It feels so good."

Sif moved her hand between Mera's legs and started to rub her lips. The Queen of Atlantis experienced the royal treatment of Sif's fingers delving into her.

The Asgardian smiled, she would need to get Mera's pussy nice and wet, for Harry's cock to slide into it with ease. She wanted Mera to feel.

"I want you to bed me," Mera said.

Sif wiggled a finger inside. Harry moved a hand down from Mera's breast and traced down. His finger slowly flicked the inside of her navel and moved down. Harry kissed Mera, and she accepted the kiss.

Harry moved down her body, kissing all the way down the side of her face, down her neck. Harry kissed her collar bone, and then went down to kiss her breasts. A fair amount of time had been spent for Harry to worship them. Her hardened nipple stuck in Harry's mouth. Mera caressed Harry's hair and continued to encourage him to shove more of her aching nipple into his mouth.

This action happened for a few more seconds, along with Sif fingering Mera to an orgasm. Her walls clenched around Sif's probing fingers. Sif pulled back with a smile and kissed Mera a couple more times across the back of the neck. She smiled and licked Mera's ear lobe before sucking on it.

Mera pulled away from Harry and grabbed him by the shirt.

"As my guest, it's my duty as Queen to treat you."

The fiery redhead tore Harry's clothes from his body and backed him off onto the bed. Mera's groping hands greedily felt on Harry's toned body, when she unraveled the prize sought this entire time. Mera's hand gripped around Harry's firm cock and squeezed it.

"You're big," Mera said. "The legends are true, I have to have this in my mouth."

The Queen demanded no less than the very best, and what she demanded was twelve throbbing inches of Harry Potter.

"Damn, you're good," Harry said.

Mera was able to control her throat muscles, it was a natural gift. She had decent oral skills practicing on some of her female aides. Tula was one she laid with especially a lot. However, experiencing a cunt and experiencing a cock were two different things. Mera adjusted her momentum and sucked more of Harry's long throbbing tool down her throat. The cock hit the back of her throat with a huge thump.

Sif pulled off her clothes and laid down on Harry, naked. Her large breasts pressed against Harry's shoulder when her perfectly trimmed fingernails ran against his chest. Sif moved over, to show a strip of hair down between her legs. Her body was toned and primed for two things, fucking and fighting. She just did one of those things, and now she was willing to do the other.

Harry closed his eyes and received the royal treatment in the form of a wet, and messy blowjob from Mera. Her tongue wrapped around Harry, servicing every inch. She was one of the best, but
Sif was not to be outdone. Sif sucked his balls, squeezing them.

The two of them came up after several minutes. Mera and Sif leaned over and met in the center of Harry's cock. Their lips met with a passionate kiss, and Harry twitched when seeing these two beautiful women make out just inches about his throbbing manhood.

Sif wrapped a hand around Harry's cock, gripping it firmly. She stroked Harry up and down, pumping Harry until he grew larger and harder. The manhood throbbed inside Sif's hand and it got larger, harder.

"Let's take this to the next level."

Sif wrapped her breasts around Harry's cock, and Mera followed her lead. Four healthy, firm, breasts wrapped around Harry at the same time. Harry's cock fit in well in between the breasts of these beautiful women.

"Damn."

Mera smiled, happy for the review. His cock rubbed in between her tits, getting her hornier than any animal in the see. Sif rubbed her tits against Harry and against Mera's as well. The two beautiful women pumped and squeezed Harry until his cock started to throb.

Harry laid back on the bed, having the time of his life. Both of these beautiful women knew what they were doing. They were pleasuring Harry beyond all belief. Harry's thick tool pushed between their warm, squeezing cleavage. Every time Harry appeared in between their breasts, it was like a wonder.

All good things came to an end though. The bubbling feeling building in Harry's balls reached an apex after a long and vigorous tit fuck because of both girls. Harry's balls erupted and shot a sticky load all over them. Mera and Sif had been covered, bathing in Harry's cum.

Both of the beauties pulled themselves up. Sif gripped Mera's face and licked the few droplets of cum off of her face. She squeezed one of the Queen's round breasts and leaned in, kissing down her throat. Mera gasped when Sif kept kissing her down her neck, suckling the pulse point.

"Yes, right there, that's the spot."

Harry watched when the two beautiful women cleaned each other up. He needed to fuck both of them, and they knew it. They licked and caressed their sweaty, sticky flesh, making slurping sounds. They certainly made a rather vocal presentation out of it. Harry's hard cock throbbed even harder. It needed to be inside one of them.

Mera pulled away. Her red hair flipped and a sultry smile spread her the face of the woman. Her pussy throbbed and there was only one thing in the world which could feed her hunger. The Queen propped herself on the bed, thighs spread firmly apart, and she bit down on her lip while looking at Harry.

"Oh, you're asking for it there."

The Queen smiled, realizing that was the point. Harry walked towards her, and put his throbbing head at her entrance. Mera grabbed his lower back to encourage Harry to push inside her. Her walls stretched, around Harry's cock.

Harry closed his eyes, Mera must have only had sex to conceive her children, because her pussy felt really tight. He reared back and pushed into her almost virgin tight pussy. It clamped around Harry.
and he pulled back out of her.

"You've never had a real cock in you for a long time."

Mera shook her head. She was always the one doing the toy play, and even then, false imitations never quite lived up to the real thing. Harry pumped and stretched her. Every twitch, every squeeze, every jolt of his muscular cock penetrated Mera. She rolled her hips off of the bed, taking more of Harry inside her.

Every moment burned through Mera. Passion increased through her. She ran her nails down Harry's back and encouraged him to fuck her.

Sif received a front row seat. She pushed her fingers into herself and stroked herself. Harry ramming much well needed cock inside of the Queen of Atlantis made her hot, horny, and ready to unload. She stroked her lips, getting even hornier by the second.

"Right now, right there," Sif breathed.

She watched Harry continue to drill into her from above. Sif's wet walls closed around her fist. She moved in and out, fisting herself.

"Don't worry, your time is coming."

Sif smiled, and rubbed her nipples. She could hardly wait for the thought of having Harry pound inside her. The horny Asgardian grew even more so when pushing her fingers inside her. Sif imagined that long cock ramming into her with the same force of Mera.

She imagined Harry taking her in every position she had before, and a few positions he hadn't as well. It would strain the ability of her body to take such a monstrous organ.

Mera spread her legs as far as she could and kicked them in the air. Harry latched onto her leg and ran a hand down it. He slowly kissed down the side of Mera's leg and caused her to start twitching. Harry buried more of his hard rod into her when also kissing her leg, Harry moved up to suckle her toes when pushing down in her body. His other hand, the one which hadn't been holding her right leg, moved in fondle her breasts.

Harry soaked in the sensation of a hot pussy pumping around his engorged rod. Every time he rose and fell inside Mera, those balls slapped against her tight and tender flesh. Harry continued his momentum, bringing himself to the edge, and then to another edge. Harry pushed the pace heavier, while rocking inside Mera. Mera's wet walls clamped down hard against Harry, squeezing him.

"Fuck me….."

Sif moved on top to crouch down on Mera's face. She turned, ass facing towards Harry and pussy driven into Mera's mouth. She would give that wonderful mouth something productive to do and boy was it productive. Sif judged Mera at having a sufficient enough ability to use her mouth well.

Harry saw the view had gotten a lot better. Sif's perfect ass stuck up in the air, primed for the spanking. Harry gave it a few more slaps when pushing deep inside of Mera's body. Her walls clenched and released him. The moisture lubricated Harry when reaching for the end.

Mera's body had been overwhelmed by so many successions. Harry gave her so much orgasms she thought it was going out of style. He picked up the pace, and rammed into Mera's deep, hot pussy. Her body closed around Harry and pumped him deeper inside her.
"Fuck me harder."

She was allowed these words to get out, before Sif slipped her pussy away from Mera's mouth and then positioned her. Sif rode Mera's tongue with the same skill Harry rode her pussy. Both of them were feeling good.

Sif reared her head back, primed and ready to cum. Her eyes closed to feel an abundant amount of pleasure exploding over her loins. More pleasure coursed through her body.

"Harder, ooh baby, harder," Sif said. "Spank my ass!"

Harry knew feeling Sif's ass along with Mera's clenching pussy would work him to the edge. He tried to hold back at least through a couple more orgasm. Mera's heated cunt pumped around him.

Mera rose her hips up and down. She had never felt so much in her life, at once. Years of sexual repression burst through her, and Mera never wanted to be this repressed again.

Sif knew Mera had some frustrations to work out, and Sif could take it. Stamina was one of things an Asgardian prided themselves on above all else. The pussy juices squirmed out.

Harry's balls reached their breaking point at the apex of Mera's latest clenching orgasm. He held onto her and fired seed inside her body. Mera closed around him, squeezing and spurting inside her.

The three of them shared a potent orgasm all at the same time. Harry filled up Mera with much of his seed and Sif came so hard she slid down the edge of the bed and nearly came off. She just barely avoided taking a nasty spill all the way down to the end.

Harry pulled himself away and looked forward. There it was, some prime Asgardian pussy just waiting for him. Sif positioned herself, legs spread. Harry hardened and moved over towards him.

Sif pounced first through. She grabbed Harry's cock in one hand and attacked his lips with a kiss. She made sure Harry was hard enough to ride. The Asgardian woman shoved Harry down underneath her with the force which would break the ribs of many men.

"You don't know how long I've waited for this."

Harry smiled, he could have an idea. Sif dragged her lips along the head when it throbbed. The Asgardian spread her legs tight and spiked down onto Harry. The tightness of her divine cunt caressed Harry. Harry grabbed her back and pushed more of himself inside her.

"Long enough."

Sif smiled and placed her hands down on Harry. She lovingly stroked his hair while slowly gaining momentum. The Asgardian Warrior threw herself down on the bed and parted Harry's lips with a passionate kiss. The two of them shoved their tongues against each other, each trying to gain momentum on the other.

Harry exerted dominance well. Sif pulled back, licking her lips. She arched back to moan to give Harry full access of her chest. Harry grabbed it and indulged himself in those round breasts. He kissed them, and could feel the energy coursing between them. Harry pushed between her loins when she kept riding them.

The goddess guided Harry's hungry mouth over her nipples, and Harry sucked them just as hard. She pulled herself away and their hips met together in a passionate exchange of energy. Sif started to release her juices so she could slide down Harry.
"I love to feel you cum," Harry said.

"Don't worry, it will be your turn," she said, playfully throwing the words from earlier back at him.

The warrior rode her favorite toy hard and fast. Sif spread herself out, looking across the bed at a recovering Mera. Her hands started to move and play with herself at the show. Sif decided to give her a show, bouncing herself up and down on Harry's cock even harder.

Harry adjusted Sif on top of him. The last thing he wanted was for Sif to burn herself out before she was completely ready. Harry reached in and grabbed the woman's hard nipple, squeezing it. Sif smiled and brought more of her divine walls down onto Harry.

"Take me, harder, right there," Sif mewled.

Harry pushed inside of her. The swelling coursing through his balls could not be described as anything other than amazing. It was so amazing to feel so much of Sif's divine walls stroking him to an amazing end.

"I'm really close," Sif managed. "I mean it, I'm really, really close."

Harry knew it, respected it. He touched her warm breasts and squeezed them harder. Then, without warning, Harry slipped out of her. He knew it was unwise to deprive an Asgardian goddess of her cock, but Harry needed to switch the play.

He moved Sif over onto the bed, putting her on her hands and knees on the bed. Sif spread her thighs out.

Harry rammed Sif in her cunt, hard. Her wet walls closed around Harry and released them. Harry gained more momentum, riding her walls. Sif released fluids down all over the bed. Harry picked up his pace, and rocked into her hard, faster, with more momentum than ever before.

Sif grabbed onto the bed sheets. Try as she might not to tear them up too much, she couldn't. Her passions increased when Harry's hands just seemed to be everywhere at once. And maybe with magic, they could be everywhere at once. She didn't really know. It was just a suspicion to be honest.

Harry rocked deeper inside of her. He could not get enough of this warrior woman. Every time she took his cock, it was like every single nerve ending was being simulated at the same time. She took him as hard as he wanted to go, and could keep up with him like few women could.

The number of orgasms racked around Harry's hard cock grew more intense.

"You're going to make me lose it," Sif said.

"Good, that makes us even."

Harry spent more minutes tempting Sif's body. Her wetness caressed Harry the deeper her pushed into her. His balls were close to giving some kind of discharge into her. Harry held onto her and mentally counted the pushes inside of her until it took for Sif to cum.

Sif's body soaked with numerous fluids, which looked good on her. He caught sight of the face of the woman when she looked up towards the mirror. His balls ached.

The Asgardian knew it would not be long. She didn't want to rush it, but nothing felt better than seed being buried inside her body.
Harry discharged the seed inside of her body. He filled Sif up with her walls squeezing and caressing Harry. He finished pumping her until his balls had been drained.

At least for now, but the thing about Harry Potter was he could recharge pretty fast.

End.
Lucius Malfoy groaned, despite the agony of the situation, he knew there was nothing to fear from this particular predicament. He escapade more incriminating situations in the past and would continue to do so in the future. His son might not have been so lucky, but it was time for Draco to learn a valuable lesson about his carelessness. In the game of life, sacrifices must be made to ensure victory.

"You might have noticed you're not at the Ministry of Magic."

Lucius came face to face with Harry Potter, the Boy-Who-Lived, but he was no boy. He was a man, and a very angry man. One look at those green eyes reminded Lucius of the death curse. For a moment, he feared his death, but decided Potter was one of the pillars of virtue in the magical world. Therefore, he might torment him for a bit, but Lucius would be released to the Ministry so Potter could show how much better he was.

"Yes, Potter…"

"You and your demon seed have really done it this time," Harry said. "You poison my wife, and you put my daughter in danger, and you really think you were just going to get away with it, didn't you?"

The captive man stared at Harry. He tried to avoid showing any fear. Fear would lead to problems, and Lucius refused to allow himself to succumb to such weak emotions.

"Ginny will make a full recovery, and so will Lily," Harry said. "Your son is currently being held in containment. He'll go through the veil, should he be found guilty. Unless, you want to admit you're the mastermind behind this entire plot."

Lucius was angry to see the half-blood and the blood traitor would recover. He intended to send a message to Arthur Weasley to go after his youngest, which backfired in the worst way. Arthur was a pushover though, a puppet, and he wouldn't seek vengeance. He had been bullied by his own wife into submission, and even when Molly died, Arthur still didn't bother to grow a spine.

"I regret what my son has done, the curse he put on your child, and the fact he poisoned your wife," Lucius said. "Had I known what his intentions were, I would have discouraged him."

"You know Draco doesn't use the loo without consulting with you first," Harry said. "This time, you won't be able to talk your way out of trouble."

"Then send me to the Ministry, let them judge what I've done," Lucius said.

"You'd like the Ministry, wouldn't you?" Harry asked. "You might get a few months in Azkaban, but it's a vacation after the Dementors disappeared. Money talks with you, Lucius. It's the same bullshit excuses you've had."

"You can't hold me here," Lucius said. "You can't hold me as a captive, a prisoner of my own house. And we both know you won't kill me."
"Death, oh, I know there are things which will destroy a pureblood narcissist like you more than a
swift death," Harry said. "The loss of your self-respect, and the loss of control. Both of those
things, you value above all else. It still burns you up inside to think you were the bottom to the
bastard child of a non-magical and a common mundane man."

Harry picked up Lucius's trademark walking stick and whacked him across the face with it. Lucius
experienced the ultimate indignity of getting pimp slapped by his own pimp cane.

"You know, your wife is like a fine wine," Harry said. "She only improves with age. Then again,
most powerful witches to so, they have a prime which far exceeds yours, and someone of
Narcissa's stature, she has cravings which you simply can't match."

Lucius understood what Potter was talking about instantly.

"You better stay away from my wife, Potter," Lucius said. "If it's gold you want....."

"I have gold," Harry said. "I could suck your bank account dry knut by knut, but that wouldn't
balance things. To see my wife in those anxious moments as they transfused fresh blood into her
body, waiting to see if she's fine. You wonder what it's like. Maybe I should show you, maybe I
should arrange for your son to have an accident, and you can watch him slowly die."

A long pause indicated Harry knew exactly what was going through Lucius's mind.

"But, you wouldn't care, because you don't care about your son," Harry said. "You see him as
nothing but an extension of your own ego."

He smiled, and looked towards Lucius.

"I'm going to make you watch what a real man can do with a woman," Harry said. "You're going to
watch me go into the next room, where Narcissa is waiting for me. Waiting for me to tell her
what's going to happen with her son, and with you. A mother would do anything to help her child,
even throw away her marriage."

Harry looked towards Lucius for a moment.

"She'll do anything," Harry said. "She didn't seem too happy with you. Who do you think let me in
the Mansion so I could get the drop on you?"

"Stay away, she's my property!" Lucius yelled.

Harry chuckled, he wondered if it ever clicked in Lucius's minuscule mind Narcissa could hear
every word he said, amplified through the house.

He stepped back and activated a charm, making sure Lucius could see them, but Harry couldn't see
him. It would kill the mood of Harry could see Lucius. The sorcerer stepped out to see Narcissa.
She wrapped in a silky red bathrobe which did absolutely nothing to hide those curves. She dressed
in a pair of lacy red stockings as well, and slippers. She slipped her elegant foot out of the slippers.

"Hello, Narcissa, it's been a long time," Harry said.

The woman, beautiful as ever, stepped towards him.

"Mr. Potter....."

"Remember, it's Harry," Harry said.
"Right, my apologies," Narcissa said. "My son, is he...he didn't put up too much of a fight?"

"He was belligerent as usual."

Narcissa sighed, etiquette had not been Draco's best subject. She really wished those lessons sunk in, it got into trouble.

"I'm sorry this happened, and I'm pleased to see Ginny and Lily will make a full recovery," Narcissa said. "My son...he's..."

"He's looking at the veil."

Narcissa breathed in and out. Putting an eight year old child under a dark spell was worthy of execution. She commended Harry for not ripping Draco limb for limb. Had it been her daughter, well, Narcissa believed there would not be enough of that person left to bury in a matchbox.

"They regrew his vertebrae eventually," Harry said. "It was agonizing, but they did it. And he's awaiting his fate...your husband refuses to speak on his behalf."

A soft hand touched Harry's.

"I don't want Draco to go free, but.....I want to know if there's another sentence possible," Narcissa said. "I hope to ask you a favor....I don't want to see him ever go free, ever to harm someone else again, but.....perhaps a harsh punishment other than death."

Harry took a moment to look at Narcissa. He prepared for this, and to be honest, he thought being shoved through the veil was too painless of a death for the little tosser.

"There's an alternate sentence, but it may be worse than death," Harry said. "He will have his ability to perform magic bound and forced to live in exile among the non-magicals."

Narcissa spent a moment realizing the implications of that. She stepped closer and placed a hand on Harry's heart.

"To someone of Draco's temperament it's a fate worse than death," Harry said.

"I know," Narcissa said. "But, he'll live, and maybe he'll learn the lesson."

She slowly ran a finger down Harry's chest. Narcissa could feel the pull of Harry's powerful magic draw her in. She felt the same pull that night in the Forbidden Forest, at the Battle of Hogwarts, and it took every bit of self control she had not to act on it.

Now, Harry's power was more refined, stronger than ever before.

"Just, give me this chance, to repent, without his magic," Narcissa said. "I'll do anything for you."

Narcissa ran a hand down Harry's chest and she lightly brushed across his crotch.

"Anything," Narcissa whispered.

Harry reached up and grabbed the back of Narcissa's head. He kissed her in a way which he was pretty sure the pureblood witch had not been kissed before. Narcissa returned with her kiss. The two of them exchanged their passionate actions, tugging at each other's clothes.

Narcissa wrapped her legs around Harry and backed him off towards the head. A tingle of pleasure shot down her spine when moving Harry closer. The pureblood witch pulled back from Harry. She
kissed Harry across the side of the mouth a couple more times.

"I think I know how to make this worth your while," Narcissa said. "And also apologize for the acts of my son and my worthless husband."

The witch undid her robe and allowed it to fall to the ground. A red corset pushed up Narcissa's ample breasts. She smiled when moving in, and showing Harry she wore a nice lacy red thong to match. The woman's round breasts, flat stomach, and curvy bum were the envy of women her age.

"Why don't we give you some room to breathe?"

Years and years of sexual repression spread through Narcissa. She undid Harry's pants and exposed him. She looked towards him with awe and saw the biggest, thickest, juiciest cock she ever had the pleasure to lay her eyes on. Narcissa's blue eyes locked onto his head and her lips moistened when puckering together.

'Yummy, Mummy likes.'

Narcissa wrapped her hand around the base of Harry's cock to feel how rock hard it was. Her soft fingers ensnared Harry when stroking him up and down. Narcissa slowly felt up Harry's cock while leaning in to kiss him on the lips. She left red lipstick marks all over him.

"Better than your husband."

The sexually-frustrated MILF jerked Harry's cock and looked over at him with a frown.

"To compare, would be like comparing a napkin doodle to a masterpiece."

Narcissa dropped to her knees to allow Harry a nice view down her corset at her ample breasts. They were still very abundant and perky for someone who was Narcissa's age. Her body really was the envy of someone. She grabbed Harry and started jerking him off with both hands.

Harry leaned forward, making sure to make eye contact with the one way mirror every now and again, to show Lucius the effect his wife was having on him.

Narcissa wrapped her warm lips around Harry's cock. She just had to have it. The MILF inhaled the sent and the magical power of pushing her lips up and down Harry's cock. Harry grabbed the back of her head, and guided Narcissa down on his manhood.

The loud slurping sounds around Harry's cock showed how much of a production Narcissa wanted to make out of sucking her young lover's engorged tool.

She pulled up from him and kissed Harry on the cock. Narcissa pulled her corset down, and showed Harry her round breasts. Narcissa's chest melons gave Harry more than enough. He squeezed them, feeling how firm, how soft they were. He rubbed at her nipples which grew more erect.

Harry's free hand slipped down Narcissa's trim stomach. She kept herself in good shape, and looked much younger, even beyond the magically slow aging. He slipped between her cunt lips and slipped behind her.

Narcissa guided her young lover's face between her breasts. Harry's tongue slid down her hard nipples and sucked away at her. Jolts of pleasure shot through Narcissa from behind to toe. Everything centered around her loins, which begged for something long and hard to be shoved between them.
The witch pulled Harry away from her and smiled, climbing onto the bed.

"Fuck me right here on my marriage bed," Narcissa said.

Narcissa spread her thighs for Harry. Her juicy plump thighs with her pussy, perfectly trimmed into one strip of blonde hair. Harry walked over towards her, cock extended.

"You're never going to forget this."

Narcissa smiled and put her feet on Harry's back to encourage him. She tickled his balls through his legs with the soles of her feet.

Harry thought this beautiful MILF was too much. He needed to be inside of Narcissa. Her thin pussy lips dripped. Narcissa spread them out invitingly with Harry walking closer towards her.

The first couple of inches of hard cock pushed inside her. Harry closed his eyes when pushing into her. Narcissa grabbed onto him in response.

"Really, fucking tight!" Harry groaned.

Narcissa smiled when raising her hips up and down to take as much of Harry's cock inside of her. His manhood stretched her out in ways she could only dream of.

"Well, it hasn't been used properly," Narcissa said. "Why don't you show me what a real man does?"

Harry gripped Narcissa's leg, and started to push into her. The wet walls closed around Harry and released him. Her moisture caressed Harry's manhood.

Narcissa lifted her hips up off of the bed to try and get more of Harry inside of her. The long and hard cock shoved deep inside her clenching pussy.

"How does it feel, to be fucked by a real man?" Harry asked.

"So, good!" Narcissa yelled.

She and Bellatrix indulged in each other before and after Bellatrix's time in Azkaban, so Narcissa wasn't without companionship for her entire marriage. However, the fact this long cock filled her up and emptied her so fast, it made her want to experience more.

"Ginny thinks I should have a Mistress," Harry said. "If you're interested…"

Narcissa hear rumors about Ginny Weasley's fetish of seeing Harry dominate other women, but to hear Harry say it explicitly got her a little hot and bothered.

"You're making a pretty good argument for that," Narcissa said.

Narcissa wrapped her legs around Harry to take him deeper inside. Every time Harry's hard cock pushed past her depths, new sensations hit her hard. The only time she had been with a man was Lucius, and he technically wasn't a man. It took many potions for Lucius to get himself interested enough to last long enough to impregnate Narcissa with his spawn, and it took some potions for Narcissa to sedate herself so she didn't laugh at what Lucius had to offer.

This time, with what Harry did to her, it was like the first time. No other time counted in Narcissa's mind. Every inch of Harry touched her insides in a brand new way. She grabbed on him, caressing Harry's strong body. She squeezed Harry's firm ass to encourage him to bury deep inside of her.
Harry drove deeper inside of Narcissa. Every time her skin touched his, it was like pure heaven. He wasn't just shit-talking Lucius earlier about Narcissa improving like fine wine. He didn't appreciate that, only seeing Narcissa as a means to continue his own family line.

"His loss, my gain."

"Get ready, you're going to feel something you've never felt before."

Narcissa braced herself and for the first, and hopefully not the last time, she climaxed with another man's cock driving inside of her. Harry sped up his thrusts into her to accelerate the rate of the pleasure which coursed through her. The orgasm exploded through Narcissa's loins.

She squeezed Harry hard. Harry enjoyed the feeling of her silky walls gripping him. It was almost like she feared Harry would pull out before she had her fill.

"Two pumps and done…"

"I've learned far more about Lucius today than I wanted to, thank you very much," Harry said.

"Right, my apologies," Narcissa said.

Harry smiled and kept working over Narcissa. Her screams grew louder and louder. The room Lucius had been put in amplified any sound coming into it. Therefore, no matter how much he wanted to turn away, not listen, he was going to hear Narcissa's screams.

"Shag me senseless, stud!" Narcissa yelled. "Give me all your love, Harry….I've had over thirty years to make up for."

Narcissa grabbed Harry and pushed more of him inside of her. Her body bubbled with anticipation. Harry slid inside of her and stuffed her full of this hard, throbbing cock. Narcissa took him harder.

Harry pulled out of her after riding out her latest orgasm. An evil grin spread over his face, when he walked Narcissa over to the two way mirror.

Narcissa dripped all over the carpet when Harry put her up against the mirror. She couldn't see Lucius on the other end, but Lucius could see all of it. Harry's cock aimed towards Narcissa's wet pussy.

"I'm going to take what he could never please," Harry said. "Give your husband a nice big smile, Cissa. Make me see what happens when his wife gets neglected."

Narcissa answered with a sultry smile with Harry spreading her out. He grabbed and spanked her thick ass. Narcissa's flesh jiggled when Harry rubbed against her. His cock found her scorching slit.

Harry hammered Narcissa without any pause. He needed this tight pussy and needed it in the worst way possible. His thick balls kept slapping against Narcissa, getting more momentum along the way. She was so wet, it was very easy to slide into her.

The two lovers connected each other. Harry brought himself deeper inside of Narcissa. His balls slapped against her thick thighs with a heavy pumping. Harry reached behind her and squeezed Narcissa. Her wet walls tightened around Harry.

"Mmm, yeah, baby, right there," Narcissa begged him.

"Who does your pussy belong to?" Harry asked.
"Harry….Potter," Narcissa said.

Harry kept hammering said pussy. He went into Lucius's own house, and fucked his own wife. And the humiliation was only just beginning, as far as Harry was concerned.

"Do you hear your wife, you prick?" Harry asked. "Do you hear her scream when I drive my twelve inch cock inside her underused pussy? Do you not understand how powerful I am? And how many times your wife has came?"

Harry pushed inside of her. His balls ached, but he must not, not yet. He brought Narcissa to her peak.

"Tell dear Lucius one more time who you belong to because I don't think he heard you."

"Harry Potter, everything, Harry Potter!" Narcissa mewled.

"Everything?"

Harry squeezed her fun bags and rubbed her aching nipples.

"Yes, everything, my lips, my tits, my cunt, my ass, everything belongs to Harry Fucking Potter!" Narcissa screamed. "He's everything a witch dreams about."

"Are you willing to make it up to my daughter by giving her a half-sister?"

Harry's thick balls slapped against Narcissa to give her a preview of what was to come. His seed would almost shoot out of his loins and coat Narcissa's insides. She gasped and took more of Harry inside her every time he parted her insides.

"Yes," Narcissa said. " Knock me up, in front of my husband!"

Harry almost came undone because of that. His hands rested on Narcissa's hips when he drove himself inside of her. Narcissa's vaginal walls gripped at the thought of being impregnated. A witch had a greater window of safely having a child than a non-magical did because of their enhanced age.

Her slickness engulfed Harry while he continuously worked Narcissa over the edge. She grabbed onto Harry and he almost pulled all the way out of her. Harry pushed deep inside of her with a few more thrusts inside her wet cunt. Harry was reaching the end.

"Put your cum in my womb," Narcissa said. "Breed your pureblood whore in front of her husband! Knock me the fuck up, put a baby in me!"

Narcissa grabbed Harry's cock hard and milked him. Harry pushed into her and buried inside of her. The feeling of his balls clenched and released, splattering his seed inside Narcissa. His potent cum hit her fertile womb when Harry unloaded inside of her.

It took dozens upon dozens of pumps before Harry had been completely drained. Narcissa reached a release three more times before Harry finished releasing his cum inside her. Harry grabbed her waist and prevented her from going to the ground.

Harry smiled. On the miniscule chance Lucius would avoid being sent up the river this time, he would be forever known for the rest of his disgraced life as the wizard who allowed another man to enter his home, hold him captive, and fuck his wife while he watched, with impregnating him. He would be disgraced among pureblood society.
Narcissa draped over Harry, her body glowing when slowly running at her stomach which swelled up from Harry pouring his seed inside her. She knew, they succeeded, but why leave anything to chance?

In her mind, Lucius hadn't suffered enough, and she had thirty years of frustration to make up for.

End.
Princess Koriand'r of Tamaran, known to most of the general world as the Teen Titan Starfire, stepped towards the bedroom dressed in a purple bathrobe. Today had been a long day of fighting bad guys and saving the day, and now she was looking forward to some much needed relaxation with her lover. She walked over and waited for Harry to come back up from the shower. The alien princess briefly entertained the thought of joining Harry in the shower, but there was plenty of time to do that later.

'Af ter all, we're getting pretty dirty later on.'

Kori struck a devious little pose combined with her smile. She waited for Harry to come back around. The moment the door opened, Kori saw Harry dressed in a towel. He dripped wet and looked very sexy, which made her lick her lips.

"Harry, I'm so glad you joined me!" Kori exclaimed in an excited voice. "But, do you think you might be a little bit overdressed for the occasion, mmm."

Harry laughed. He appreciated the very liberated values Kori had and also her beautiful. Her flaming red hair stretched down to her ass, and her bronzed skin shined in a light which intoxicated any man who laid sight on her. Her toned, tall body was a marvel, with large breasts which Harry would put at the top of the heat. She was up there in the top five of best breasts with Power Girl and Wonder Woman, and playing third fiddle to them, there was really now shame. Her robe flipped to show her toned thighs, and also long toned legs. Kori's legs looked smooth and firm, and also they were powerful enough to crush a car into a cube if she exerted enough force.

"You think so, don't you?"

Kori smiled and placed a hand on his abs before lightly tracing down them.

"It's okay, you're not the only one who is a bit overdressed tonight," Kori said. "But, we'll fix that in a moment?"

Kori pressed Harry's firm body against her curvy one and kissed him. Harry didn't need too much encouragement to kiss back and also to explore the abundant curves the Princess boasted underneath those robes. He kept feeling up every inch of tantalizing flesh, making her gasp and whimper underneath his fingers.

"You're going to lose it, aren't you?" Harry asked. "Not yet."

Harry pulled away from Kori and she undid the sash of her robes. She dressed in a lacy purple negligee underneath her robes, breasts threatening to burst out from the fabric. Her nipples stuck out to demand attention. She wore a purple thong and knee high stockings.

As alluring as this outfit was, it was still a bit more conservative than the attire she wore on the field each and every day. Harry chalked it up to differing values. Regardless, he celebrated the Princess's attire by pulling her into a kiss and this time, he became a little more adventurous in his exploration.
Kori mapped out the inside of Harry's mouth with her tongue and every time they pushed further in, their hips met together. The only barrier was her underwear and his towel, and one of those barriers would be moved in a couple of minutes when Kori had her say. She flicked the towel off of Harry and allowed it to fall down onto the ground without any problem.

The redhead vixen stepped back to admire Harry's cock when it grew. She lusted for the piece of meat between Harry's legs. Kori wrapped around the throbbing tool and jerked on it to make it grow even larger in her hands. Harry pushed his hips back and she stroked Harry even more.

"I need this."

"Good, because I need these."

Harry slipped down the straps of her top and exposed Kori's round, eager breasts to the entire world. He rubbed them and was rewarded by some very sexual moans coming from the redhead goddess. She closed her eyes, whimpering every time Harry rubbed and squeezed her tits.

Kori tried to remember what she was doing. She cupped a hand around Harry's balls and wrapped the other hand around his throbbing staff. She worked him over, trying to get him harder. Her thighs tingled at the thought of having this hard cock penetrating her, making Harry hers.

The two of them kissed while fondling each other. Harry worked Kori back towards the bed. She stroked his cock for a few more moments until Harry switched the play.

Kori jumped up in surprise, her arms and legs had been tied onto the bed. Momentarily, she was spread eagled and in position before Harry. Harry kneeled over the top of her, rubbing his hard cock across her toned stomach. Kori gasped the second Harry came in contact of her dripping slit.

Harry reached down and fondled Kori's breasts before kissing her. He grounded against her molten mound. The heat pumping out made it very enticing for Harry to slip inside, but he neglected to do so. He released from Kori's mouth and started to kiss all the way down on her. He sucked Kori's neck and made his way further south.

Kori closed eyes and enjoyed so much pleasure. The fondling and suckling of her breasts sent Kori to another plane of pleasure and Harry continued to work further down, lathering her nipples with his love. Kori pushed a nipple up into Harry's mouth when he kept suckling on it.

"Please, continue, more, please," Kori begged him.

Harry squeezed a breast with one hand and the one he wasn't squeezing, he just sucked. Kori's sensitive nipples shot pleasure through her body and Harry knew all of the spots which would make her happy. He grinded his hard cock against her lower body for the next few minutes. The heated center rose up to meet Harry a second later.

The young wizard pulled down and kissed Kori's sweaty body all the way down. He paid special attention to Kori's navel and slowly ran his tongue down into it. Kori's body thrashed up to meet Harry when he moved down.

"I think you want me in here, don't you?"

Kori gasped and started to covey to Harry without words she wanted his tongue buried into her pussy at the very least. Harry brushed his tongue against Kori's dripping slit and licked the warm juices out. The spicy taste of her cunt showed Harry how exotic this alien beauty was. He grabbed Kori's thighs and rubbed them. She mewled underneath Harry the more he lapped up juices inside her.
"Oooh, baby, that's a good spot!" Kori begged him.

Harry knew that was a good spot and he continued to work over Kori without any pause. He encircled Kori's sticky slit and made her gasp for pleasure. He buried deeper inside her wet dripping cunt. Kori tightened her grip around Harry and pulled him inside her.

"I know it is, and I know you can't handle much more, you're about to come undone."

Harry buried one vibrating tongue inside Kori's wet pussy. Her walls cranked up and sent their juices onto Harry's face. He made her cum constantly, in a never ending state.

His throbbing cock was ready to get a piece of her pussy. Harry pulled himself on top of Kori and kissed her one more time to make sure Kori tasted the fruits of Harry's labor.

Kori tasted herself on Harry's lips and this fact got her hotter and hornier than anything. The two of them made out with Harry feeling up Kori. Her body heated up more and more. Harry knew what he was doing to her and wanted Kori at her most passionate.

She really wished she could grab Harry, hold him, and feel up his muscular body, but her hands had been tied. The fact they had been tied back only made Kori want Harry even more. She wanted Harry buried inside her depths until he fucked her senseless.

"Baby, please," Kori breathed.

"You really want me," Harry said.

He massaged Kori's thighs and cupped her pussy. It was so hot and sticky, Harry could hardly wait to push inside of horny Princess underneath him.

"Harry, I need this, please, mate with me again!"

Harry smiled, and he knew Kori in this state was a very horny woman. The only reason she hadn't broke free of the ropes was because she submitted to Harry's will and knew he was in control. More kisses followed when Harry ran his cock from her navel all the way down to the promise zone right between Kori's moist, strong thighs.

Finally, Harry entered Kori, and it felt so fucking good to feel him inside of her. His throbbing hard cock pushed into Kori. She lifted up about as much as the ropes would allow her.

Harry eased himself out of Kori and slipped into her. His thrusts were slow and while he did not thrust, he caressed Kori's body, hitting all of those spots which drove the alien babe nuts. He wanted to make sure she felt his cock when it buried into her tight cunt.

"Harry, Harry, mmmm, Harry," Kori panted. "Please, Harry, deeper, harder, more!"

Harry pushed into her, his balls dribbled against her wet pussy. She squeezed and released Harry with each pump. Harry was having the time of his life, riding this very warm pussy. She squeezed Harry with her legs and made sure he slipped inside of her body.

The first orgasm came through and Harry decided to release Kori from her ropes. Kori's legs lifted up and she squeezed Harry with her legs. Harry took his hands over these soft, strong legs, and started rubbing on them.

Kori enjoyed it when Harry worshipped her legs like this. Her gushing body pushed up to take more of Harry inside her. The latest orgasm built up to a fever pitch. Kori moaned hungrily
wanting more.

"You just can't have enough, can you?"

Kori shook her head. Harry kept playing with her stocking clad legs and it moistened the canal. Harry's cock pushed deep inside of her. Her pussy tightened, gripping him, hoping for more.

"Go ahead, let go."

Kori's inhibitions, not that there were many, released in a flood of cum. She coated Harry's massive rod the second he slid inside of her. Those hard balls rocked down on Kori and pushed deeper inside her. Kori gripped Harry tightly with those legs and pushed more of him inside of her.

"Baby, so good, want so much, want everything," Kori kept begging him.

Harry wasn't about to let her down. He rose up and shoved more of himself inside her. She gripped him and released Harry.

Kori came crashing back down. The two of them surrounded by hot fire, which tended to happen when Kori had a particularly amazing climax. Harry didn't back down, pushing into her.

"Your hot pussy feels so good," Harry said. "It's not just hot, it scorching."

The feeling of her warm, molten juices around his cock made Harry experience more pleasure. The robes around Kori's wrists burned. She was only barely aware of it when Harry rose up and crashed down into her even more.

Kori came down from her latest orgasm and Harry wasn't about to back off from her. He just returned fire and kept pummeling Kori. She wrapped around Harry. Those balls were filled with cum, and they had to belong to Kori.

"Mmm, I love you," Kori said.

"I love you too, you're so hot, so tight," Harry said. "And I can't wait to spill my seed inside your body."

Kori's body reached the ideal state for breeding and she was excited to share this for Harry. Their daughters would be so beautiful, given their combined heritage. And they could learn so much from their father when they became of age. Kori gripped Harry hard and pushed him further into him.

Harry's hard rod penetrated Kori and he could feel the rush of cum churning up from his balls. He held onto the princess beneath him and shoved deeper into her. He buried balls deep inside her.

"I'm getting close, and I know you are as well."

Kori only just heard Harry's statement, given how much pleasure exploded through her body. Harry worked inside of her with more rapid fire thrusts than before. She held onto Harry to drag his hard cock into the depths of her warm, molten pussy.

"Don't hold back," Kori said. "I need your cum, I want your cum, please….don't hold back!"

Harry smiled, not holding back for a second. He pushed deeper inside Kori and buried more of his thick cock inside her warm, willing body. Kori held onto Harry and squeezed his rod as hard possible. Soon, he would bury this seed inside her, and Kori waited for the moment it would
happen.

The two of them met at the hip and kept pumping against each other. The delightful friction surrounding Harry increased. His balls ached and needed released.

Kori arched her back to make sure Harry shoved completely inside of her. His cock kissed her womb before releasing the seed inside of her. Kori grabbed onto Harry and held him close making sure he didn't stray before her.

The discharge of the warm milky fluid pushed inside Kori's insides. The Princess wrapped around Harry and pumped more of his fluids inside of her. The moisture of her walls squeezed Harry the second he pushed his rod into her. Kori grabbed onto Harry, the moan increasing every time he entered her.

Harry pulled out of Kori, and she flipped him over onto the bed, straddling him. Kori leaned down and kissed Harry with a fierceness which showed how hot blooded this alien beauty could be. Harry wrapped his hands around her and she grinded against him.

"I know you're capable of more, and I want more of your seed."

Kori grabbed Harry's hard cock in a firm grip and made sure to tug it to firmness. While she stroked Harry, Kori kissed away at Harry's body. She covered Harry's body in marks, smiling when she tasted the sweat coming off of his sexy body.

The worshipping Kori did to Harry's body make his cock grow rock hard. Kori slipped Harry between her thighs and lowered down on him. She filled her thighs with Harry's long cock.

"Yes, baby, that's the spot, right there!" Kori moaned.

Harry reached behind Kori and pushed her down onto his hard rod. Kori rose almost up from her position and sank down onto Harry. Her walls squeezed Harry and pushed more throbbing hard cock inside her.

Kori bounced up and down on Harry's mighty rod. Every time she rose she lowered down smacking her ass against Harry's balls. Harry smiled and rose up to grab Kori's hard nipples, squeezing them. Her body rocked down onto Harry and brought his throbbing hardness inside her. Kori squeezed Harry with everything she could do. Those wet walls caressed Harry and brought him further inside her.

"Good, that's very good," Kori moaned.

Kori could ride Harry all day long. She lowered down onto his pelvic body and squeezed his hips in between her firm thighs. Harry thrust up towards her. His hands grabbed Kori's juicy ass and squeezed it. She clenched him when feeling Harry play with her ass.

The beautiful feeling of Kori pressing down onto Harry's hip bones made it very hard for Harry to not lose it. Her tightness and warmth would break most men. She squeezed his cock with her inner thigh muscles and Harry's body exploded into unmistakable lust from the pleasure. He was glad of being made invulnerable to most of anything, and it allowed him to indulge in women many would not.

Harry's toying of Kori's breasts caused her to explode into a fist of lust. Her hips pushed down and pumped Harry. She could feel much his balls filled up. Kori alternated between wanting to drain him right away, or to just want to draw it out. The conflict in her body made things even more intense.
There might not be a choice though because Harry ran his finger down the small of Kori's back. Kori exploded down on Harry's hard throbbing cock and it buried inside of her deeper. More thrusts brought Harry's hard cock into the molten depths.

Harry smiled, it always excited him when seeing a powerful woman begin to succumb to him. Kori rose and dropped onto him, filling herself up and emptying herself. Harry ran a finger down her sultry body, from the back and then to the front. Her long, fiery hair wrapped in Harry's fingers and he gently tugged on it to increase Kori's sultry bouncing.

Kori found herself brought into a passionate dance. Harry's penetration of her depths made it very hard for her not to lose it. She rode down onto Harry's might rod, when it pushed into her. Kori felt more orgasms explode through her when rocking down on it.

She already got a full load of seed, but there was always room for more. Harry gripped her nipples which dripped with a milky fluid. Harry grabbed onto the alien's lactating nipple and sucked on it. The warm fluid was quite the taste.

Kori whimpered her body being brought to new heights with Harry feeding the warm milk from her nipples. Harry smiled when flicking her nipple and licking her lips. The two of them kissed in passion when Kori rolled her hips down onto Harry. She clenched and released him every ten seconds to repeat the cycle.

Harry wasn't going to admit when it was time to lose it. Kori's pleasurable heat made a normal man lose it.

"Go ahead, just let it go."

Kori screamed to make sure Harry knew how much she loved it. She swore out her passion in a number of different alien languages while bouncing on Harry's cock. She rode Harry's cock like it could cure everything and anything.

The two of them met together at the hip with Kori rising and lowering on him. Her body felt a rush of energy. Harry's hands seemed to be everywhere at once, but the alien princess chalked that up to the magic of magic. His skilled hands rubbed her nipples and tweaked them.

"Yes, I'm....so good," Kori mewled when coming down on Harry's agonizing rod.

Harry smiled, he figured as much. Kori pumped Harry inside of herself. Harry held onto Kori and kept rocking more of his rod inside of her tight body.

"Good, I'm glad you are," Harry said. "It won't be long now."

Kori readied herself for another injection of seed. Their two bodies connected with each other. Harry came close to burying inside of her.

First, the Princess came undone with a shrieking orgasm. Her moist walls slid down to milk Harry. Harry held her and pushed into her.

Seven pumps later, Harry's balls let go and he pumped many more times. He flooded Kori's womb with semen to make sure he would finish the job from earlier.

Kori felt herself getting knocked up by Harry's mighty rod. Yes, it was a really good feeling. Her body clenched and released Harry when riding all the way down. Those balls shot the life bringing load inside of her.
The bed was very warm and Kori pulled away from Harry, pushing her head onto him. Her fingers traced down Harry's arm.

"That's the perfect way to end the day," Kori said.

Harry smiled and pushed his alien goddess towards him. Kori stroked Harry's hair and the two settled into a pattern.

"Sorry, to make you dirty so soon after your shower," Kori said. "But, I'd like to make it up to you by getting clean together….using the soap you can help me get some of the hard to reach places and some of the easy to reach ones as well."

Harry smiled and Kori rose up, her pussy dripping from the bed. Her round ass swayed and it was hard to turn down an invitation.

He doubted very much they would stay clean for long.

**End.**
Demeter decided to take up a hobby to line up with her domain and the best way to do this was to keep an garden to grow crops. The weather shined down nicely on her. The goddess had her dirty blonde hair clipped back to allow her to be able to see. She dressed in a white tank top which stretched over her breasts. She dressed in a tight pair of faded sweat pants which was useful for gardening. She wore gloves to allow her to maneuver around in the dirt, and also sandals which showed the tops of her elegant feet and beautiful toes.

She made sure to spread out the harvest as much as possible, bending over in those tight pants. It was best to plant these when the sun was off of the garden, which she did.

The door of the house she stayed in these days opened. Demeter almost forgot, although not really, Harry Potter, the high priest of the Greek Goddesses, was staying with her this week. All of the goddesses took turns with this young man, boy did they ever take turns.

Harry stepped out of the house to see Demeter now down on her hands and knees dealing with a particularly stubborn plot of dirt. Her ass presented itself towards Harry and it was hard not to watch it when she shifted the dirt around.

"Morning," Harry said with a smile.

Demeter turned around and looked towards Harry who sat at a chair at the edge of the garden.

"Good morning, just trying to get some gardening done," Demeter said. "You'd think this would get any easier because this is my domain I'm working in, but every year, I swear, it's just getting a bit harder."

"You want to do it the old fashioned way though?"

Harry had a pretty good point. Demeter good use a little of her goddess charm to make the gardening a lot easier, but what would the fun in that be.

"Have you ever had a garden, Harry?" Demeter asked. "Because, you know there's nothing better than seeding your plants come to life and flourish with a harvest."

Demeter moved around, her ass wiggling when she tried to unearth the ground. She could see Harry's eyes glued on it, and smiled. She would deal with him in a minute. A devious idea already entered the mind of the goddess of the harvest.

"I've never had a chance, well Aunt Petunia made her take care of her flower garden," Harry said. "She couldn't grow anything anything more complicated than weeds though."

'Figures,'

Demeter turned around so Harry could see down her tank top. It was sliding down thanks to the work she was doing. She moved over towards Harry and placed her hands on the chair so she could look towards him. Harry could see down her shirt with her position.

"It's all about having that perfect touch," Demeter said. "You have to have a green thumb to have
things grow to their full height."

Speaking of thumbs, Demeter rolled her thumb over Harry's crotch and his erection started to bulge. She slid off one of her gardening gloves to work over him properly. He was hard.

"You need to also give your plants plenty of room to breathe, so they can flourish, so they can grow nice and big."

She slipped down Harry's pants and then his boxer shorts. Demeter took his cock in hand and slowly began to pump it up and down.

"You need to give your plants the tender lover care they need, making sure to give them plenty of love, and attention."

Demeter leaned down and kissed Harry on the tip of his cock when stroking it hard. Harry closed his eyes and leaned back in the chair. Her very soft, very divine hand worked Harry over. His erection hardened when Demeter worked him over.

"Caring for them seems very important…"

"Especially when you want to prune your plants for seed for the next harvest," Demeter said. "You need to really work at it every day to make sure it grows and says tall and firm."

Demeter pumped him with every word. The goddess had a naughty look in her eyes and she leaned down, wrapping her warm lips around Harry's massive prick. She sucked him hard while working up and down on them. Harry grabbed the back of her head, and she drew her lips around them.

Harry knew all of the goddesses seemed to be in a game of topping each other, to see how they could bring their chosen champion the most pleasure. Harry gripped the back of Demeter's head and pushed his throbbing cock into the back of her throat.

"You seem like someone who is going to take very good care of their plants, making sure they grow," Harry groaned.

"Yes, very good care," Demeter said. She kissed and slurped Harry before bringing him deeper into her mouth. She sucked him harder, and further into her mouth.

She sucked him for a moment before stopping.

"And they also say that singing to your plants can be very healthy for them."

Harry's pleasure increased when Demeter went all the way down on his cock and stuffed him down her throat. She hummed hungrily sucking Harry in the back of her throat, making a humming noise which sent vibrations of pleasure down Harry's shaft. He grunted the more she worked him over.

She alternated between sucking and pumping him, but suddenly, Demeter pulled away from his cock.

"You want to give the plant all of the care, but proper planting of the seed is also essential. If you don't put your seed in the right place, then what chance do you have to grow an abundant crop?"

Harry didn't think there was any chance. Demeter slipped her glove back on and walked over towards a vacant plot of land at the garden. She placed her hands on the ground.

"You need to make sure your crops are planted firmly in the ground, and make sure the ground is
bare of any obstructions."

Harry got the hint instantly. He walked over and pulled down Demeter's sweat pants. He saw her field had been completely stripped bare of any grass, and it was pretty smooth. It dripped with moisture when Harry ran his finger down.

"Is the field ready to plant?" Demeter asked.

"Yes."

"Good, then spread out the field, and slip your tool inside to plant your seed."

Harry grabbed Demeter and spread her feet. Her hands clutched firmly to the ground. Harry's swollen cock head came pretty close to penetrating Demeter. Her moisture made it easy for him to slip inside.

Demeter clutched onto Earth beneath her. Harry planted his cock firmly inside her pussy. His hands ran over her body, and reached in front of her, squeezing her breasts while also thrusting his cock in and out of her gushing vagina.

"That's it, make sure the ground around you, works nice…and GOOD!"

Harry grabbed onto Demeter's firm hips and pumped himself into her. He pulled her shirt up to access her ample breasts and squeezed them. They practically bloomed like ripe fruit begging to be plucked off the vine. Harry clutched her breast.

"It's also good to have the ground nice and moist when you plant your seed inside….work the dirt, make it nice and wet."

Demeter's legs shook when she almost had been driven down to the ground from the sheer force of Harry's cock. His massive member shoved into her. Aphrodite really taught him well, almost too well. The goddess of the harvest felt her garden being plowed over and over again. And she also got plowed into her garden.

Harry gripped Demeter's waist to hold her up on the ground. Gravity almost made Demeter its bitch, but it was Harry's job to make her his bitch. He pushed inside her with more rapid fire thrusts. His balls swelled more, but he wanted to make sure her ground was nice and moist before he planted himself into her.

Demeter closed around Harry and pumped him.

"Yes, get the ground loose, spread it out!" Demeter yelled. "You have to stretch out where you plant, otherwise it won't plant. The crops will…choke each other out."

Harry gripped Demeter and rubbed her. He twisted her nipple and caused more juices to spill down her. Harry rammed her tight pussy with his cock.

"You're pretty wet, perfect to plant some seed now," Harry said. "We wouldn't want it to wash away, would we?"

Harry gripped Demeter's juicy ass for emphasis and kept working her over. Demeter's really felt good wrapped around Harry and he knew how to make this far better than it was. He worked against her, and rammed his throbbing hard rod inside her. Demeter gripped him, working Harry inside her body. Harry held onto her and pumped his rod inside her with more thrusts than ever before.
"Yes, harder, right there."

The hair clip pulled out and Demeter's hair flew out into place. She looked so sexy and wild with Harry grabbing into her. He gripped her hair and rammed into her. Demeter's knees quivered and she barely had been able to hold herself down onto the ground.

Harry sank his cock inside of her. He was getting close, the boiling feeling of pleasure.

"I think the Earth is nice and prepped," Demeter said. "Shoot your seed….in me, please."

Demeter almost broke character. Harry playing with her hair while thrusting inside her made her go nuts with more pleasure than before. Harry's balls slapped against Demeter's center with more thrusts.

Harry sized up, clenching hard. He knew he would not be able to last too much longer. This divine pussy demanded a tribute of his seed. Harry was going to give it to her, give it to her hot and fast. He slammed his cock inside her, gripping Demeter.

The first burst of warm seed splashed inside Demeter. Demeter almost dropped to the ground. Harry held her up like she was a wheelbarrow by the legs while ramming inside of her. More of his seed fertilized her garden. Demeter closed her eyes feeling Harry bury more seed inside of her than she had a chance to know it.

Demeter slid down onto the garden, thanking herself she landed in a place where there were no crops for her to ruin. Harry held onto her and buried his throbbing hard cock into her until his balls expelled the last of their load inside her.

Harry pulled out of Demeter and watched when his seed dripped out of her. The goddess sat down on the land, legs spread, and dripping with the combination of seed. Her breasts bared, hair flying everywhere, and lust burning in her eyes.

Demeter breathed in and out. Her pussy was full of cum, but she was still hornier than ever, despite her garden being worked over. Still, there was more than one way to satisfy an itch.

"We shouldn't forget about crop rotation either."

Demeter sat down in the garden, her ass presented for Harry in the perfect position.

"It's important to rotate where you plant your seed, so other areas of the garden can have a rest, so they don't get too used up, and to worn down. So they can replenish."

Demeter licked her finger and ran it down her body before slipping it into her tight hole. Harry watched the progress of her finger ass fucking herself. He looked down at her, growing even harder at the moment.

"Well, of course," Harry said. "You should mix things up, shouldn't you? You know, for the sake of the other all health of the garden."

The Goddess of the Harvest parked herself down on the ground, ass cheeks spread nice and firmly apart. She wanted Harry to get a pretty good look at what he worked with. Harry walked over towards her, close to slipping inside of her. The tip of his cock touched her warm asshole and he slipped inside.

Harry worked into a new, untapped area, and made sure to properly break it in. It was harder to work.
"You just have to make it…work!"

All composure nearly flew out the window when Harry worked his throbbing cock, still dripping wet from Demeter's pussy fluids, into her tight, back entrance. He pushed deep inside of her.

Harry pushed himself into Demeter, stretching her tight ass around his hard cock. He bottomed inside her tight ass, pushing himself inside her. Those balls of his throbbed when working deeper inside her ass. Demeter stretched out on Harry every time he pushed inside her ass.

"Yes, make it work, make it work good!" Demeter begged him. "You might need to pat down the ground to make it work, to make sure everything is even."

Her implied suggestion hit Harry. Harry raised back and swatted her ass while fucking it. He alternated between two spans and three thrusts. He also took his free hand and alternated between Demeter's breasts before slowly working his way down her body.

Demeter throbbed in every way possible. Twelve inches of hard, throbbing cock rammed into her tight, aching hole. Harry's balls slapped against her every time they entered her. Demeter wanted more of his cock inside of her and she took him like a champion would. She breathed heavily and more of Harry's long cock parted her tight asshole. Harry pushed inside her with long thrusts.

"Fuck, so fucking good," Demeter breathed.

"I'm working this part of the garden good….but maybe I should tend to the rest of it."

Harry's fingers traveled down past Demeter's navel. He stroked her clit and made her breath in response when Harry prodded and pinched her.

Demeter allowed the pleasure to explode through her body with the dual assault being delivered. And boy was it ever being delivered. Harry buried his hard cock inside her tight asshole while diddling her pussy. The heat flowing through her body when she was being rammed into her own garden made Demeter really thank herself for this blessing, and thank herself that it was her turn.

Harry groaned, wanting to ride out her ass for as long as possible. His balls ached though. He slowed down even though his lust burned hot and he wanted to ram Demeter until his balls emptied completely. Harry pushed deeper inside her with a series of long, hard thrusts.

"Getting close, just a little bit more," Demeter said.

Demeter wanted this area of her garden overflowing just like the other one is.

"The ground's ready, time to treat it well," Demeter said. "Make sure to spread out that seed, nice and….good."

Harry grunted when working into her.

"I'm about ready to plant, but I think the ground needs to be worked a little bit more," Harry said. "Don't you agree?"

Demeter wasn't about to complain about his cock being buried inside her longer and deeper. His throbbing balls struck her from behind, ramming inside her.

"Yes, I agree….one hundred…..OH….HARRY!"

Harry didn't slow down, who would with such a divine ass. He worked inside Demeter and kept
working her over. He wanted his balls to be emptied inside her. Harry grunted and worked into her, burying more of himself deep inside her. Demeter clutched him when Harry worked him over.

"We're getting pretty close," Harry informed her. "It won't be too long now."

"Good," Demeter murmured underneath her breath. "I'm glad."

Demeter lost herself to the lust. Harry rubbed her pussy lips raw while pounding her ass. Goddess or not, she wouldn't be able to sit down for a week without thinking about where Harry had been, and this was perfectly fine. Harry almost pulled out of her all the way before ramming into her.

All good things had to come to an end. The sun beat down on both of them and the prime planting hours were almost over. And Harry was about to finishing his planting.

The load of seed planted inside of Demeter's ass made her hot. Harry rammed his cock into her tight bowels and shot more pleasure in her body. His balls expelled more seed than she knew what to do with.

Harry made sure not a drop of seed was wasted as he finished emptying himself in Demeter. He pulled out and watched, as she pulled to her feet. Demeter barely could stand straight. She collapsed into Harry's arms and he pulled her into an embrace. The two of them kissed.

"We have a few more areas to tend to, but that can't wait until later…..let's go clean up after a long day of gardening."

Demeter wrapped her arms around Harry as she walked a little funny. It was worth it.

"And it's also important to conserve water….."

"Believe me, I know all about the need for water conversation," Harry said.

Harry cupped her bum and lead her back into the house so the two of them could clean up after their romp in the dirt.

Kim Possible attempted to remain professional even in the face of the really awesome situation she found herself dealing with. She teamed up with the legendary super spy known as Harry Potter. To describe Harry Potter in a few words, would not do him justice. Kim guessed the best way to describe Harry would be to compare him to James Bond, only real, very real, and also extremely hot.

Granted, she only thought this fact because you would have to be blind not to know Harry Potter was so hot you could melt butter on his abs. His green eyes, messy black hair, and toned physique, in that skin tight leather made any woman want more. Plus he was an older man and being taught a few things by him sounded pretty appealing to Kim.

The teenage heroine found herself seeing him in action, and also had a chance to get in on the act herself. The net result ended up being several bad guys having been taken out and the world saved yet again. Really this adventure amounted out to just your average Friday evening for Kimberly Anne Possible.

She frowned when watching Harry bent over the Doomsday device. How could these leather pants get this tight, she wondered? Oh best not to overcomplicate things, just go with it, and see where it would go. Kim watched as Harry turned around.

"So, is it disabled?" Kim asked.

"Yes," Harry said. "You did amazing out there. I had my doubts, but hey, you did good, I guess the reporters underplayed you in anything."

"Well, you know what they can say, I can do anything."

Harry appreciated the confidence on a young woman. Not to mention the skin tight black shirt which showed off her midriff, which was well-toned, her blooming breasts stretched against the shirt. The tight Cargo pants fit around Kim's lower body and showed off she had a well-toned set of lab.

"I believe it, because I've seen you in action," Harry said. "So, we should finish off here?"

"Yeah," Kim said. "So, who was behind this?"

"Oh, it's any of the major Alphabet Soup organizations of criminal super spy networks," Harry answered. "There are way too many of them to keep track of these days."

Kim responded with a nod and the two of them searched around the area of the lab. There had been no nasty surprises to be honest, and no other goons moving around. Harry disabled their Doomsday device and they secured the goons, getting ready for pick up.

The redhead heroine looked forward and moved her way down the hallway. She didn't notice this room. Harry walked in behind her.
"Maybe there's something in here?" Kim asked.

Kim took a step inside and spent some time looking around. She realized there was nothing nefarious in there, just some kind of super villain sauna. The steam had been left on in the room.

'Well, I guess the bad guys have to have their downtime too.'

The door blew shut behind them. Harry moved over and grabbed onto the door, and tried to nudge it open. The door remained stubborn.

"Well, this is pretty embarrassing," Harry said.

Kim couldn't help and laugh at the situation. The great Harry Potter, with all of his great triumphs, had been stopped short because of a door. It was actually kind of funny to be honest. She wouldn't laugh because it was a situation.

"It's a door which appears to only open from the outside," Harry said.

"Maybe this is some kind of plot to kill us in the steam room?" Kim asked. "I don't know about you, but I would be steamed if that was the case."

Harry raised his eyebrow when looking towards the younger girl. Kim answered with a sigh.

"Too soon?"

"Yes," Harry said. "All we have to do is wait for my back up to get here, and they're going to have to let us out."

Kim closed her eyes and nodded. It was a good thing all of her running around stopping bad guys, and also her cheerleading kept her in tip top shape. Still, the steam room grew even hotter. She could feel her shirt start to cling to her body.

She snuck a look at Kim, being in the steam room, wearing tight leather must not be very comfortable. She could see the sweat rolling down Harry's brow.

"You know, if you want to take some of that off, I won't be offended."

Kim struggled not to chant at him to take it off like some horny sorority girl at a male strip club. Harry smiled and slowly undid the front of the costume. His muscular, well defined chest exposed for her. Kim kept her eyes glued on him, and her mouth hung open a fraction of an inch. She wasn't going to lie, seeing his chest and abs added moisture to her body which wasn't sweat.

Harry worked his pants down, and she could see him in a pair of boxer shorts. Kim wished she could see what was underneath the boxer shorts. She panted like a dog hanging outside of the window.

"Maybe you should take off something too," Harry said. "You've seen mine, and we're supposed to be equals here."

Kim answered with a nod and she slowly pulled her top over her. She had to peel it off due to the sweat clinging to her body. Her breasts, contained in a white bra had been exposed. The sweat caused her bra to turn transparent with nipples sticking out. The sweat rolled down her belly.

Harry locked onto her perky little nipples, and smiled. He intended to wait until they got back to base to reward Kim for her good work on this mission.
"Why don't you get the pants off too?" Harry asked. "Here, let me help you."

Kim thought she was going to die. Harry's hands ran down her sides, brushing against her tender flesh and helped her out of her pants. He was obviously very experienced in helping women out of their pants. She stood there dressed in her transparent bra and a thong to match.

"They don't show lines."

Harry smiled and grabbed Kim into his arms, wrapping them around her. The sexy redhead pressed her toned body against his and leaned in for a kiss. Her mouth pressed against his, lust burning through her eyes. They were plenty sweaty, well it looked like they were going to get even more sweaty than ever before.

His tongue pushed against the side of Kim's mouth, and down into her throat. This older man really knew how to kiss a woman and he was really causing her pleasure. Kim wrapped one leg around his hip and could feel something hard grow against her thigh.

Kim pulled back and yanked down Harry's boxer shorts to get a closer look. The biggest, thickest, most wonderful cock she ever laid eyes on in her life pointed directly towards her. Kim could not believe how big he was, and she wanted a piece of that.

"It's all for you, if you can handle it."

Kim smiled, she could do anything. She wrapped a hand around the throbbing cock.

'I'm jerking off Harry Potter....I better not wake up with sticky sheets.'

It had happened before. Kim worked her hand up and down the man.

"Use both hands if you have to."

Kim did so, stroking and squeezing his cock. It swelled and grew even bigger. She leaned in and Harry kissed her one more time. She leaned back to give Harry access to the side of her neck. Kim closed her eyes and hummed hungrily every time Harry kissed the side of her neck.

So good, just like this cock was so good. Kim pushed herself down to the ground before him and released it. The cock smacked her in the cheek. Kim gripped Harry hard and started to rub against her softened cheek.

"Go for it."

Kim went for it, slipping the first few inches into her mouth. Harry guided her through him. For a moment, Kim gagged on his cock, but then, Harry held her in tight. His manhood pushed further into her throat, almost parting it. She arched her neck back.

All of those neck exercises came in handy when Kim was able to lean back and take Harry's hard cock into the back of her throat. She gripped Harry's swinging balls and gave them a nice little fondle. It took a moment for her to get into what she was doing.

The eager teenager worshipped Harry's cock.

"Good job, you'll get extra marks for this," Harry said. "Naturally though, this is just a bonus, but still keep it up."

Kim kept it up, her hungry sucking increased. She managed to work her tongue around Harry's
manhood. Harry pumped deeper inside of her throat.

"Good, very good, keep it up, really use your tongue, tickle the head."

Kim did as she was told and gave Harry's massive tool a full service job. Her hands gripped Harry's heavy balls and squeezed them tightly. Harry pushed into the back of her throat, further working himself to the edge. Kim arched her neck back and took more of Harry inside the back of her throat.

Harry was far from done. He closed his eyes and buried his cock down Kim's throat. Her hot little mouth was perfect, and she had the perfect lips for sucking cock. Harry held the back of her head and rocked inside her more times than he could count.

The feeling of his balls about to size up and shoot a huge load inside Kim's mouth made Harry only want to work further into her throat. He closed his eyes and kept shoving more cock inside of Kim's tight throat. Kim accepted him, with passionate hunger going through her.

She sucked and worked Harry over some more. Her hand cupped Harry's balls, squeezing them. The full volume of cum building up in them made her want to have cum buried down her throat. All of her wishes came true in a flood of cum. Harry reached to the back of her head and pumped his load down.

"Swallow it all."

Kim wasn't about to let her hero down. She sucked him completely dry, working his balls over. Her mind was not on the fact she had been trapped inside of some kind of supervillain sauna.

Harry pumped himself, and Kim rose up. She showed Harry the cum on her tongue, before swallowing it. The redhead pulled up and collapsed on the bench. Kim pushed her thighs apart, and her panties stuck to her pussy.

"Let me help you out of those."

He removed Kim's panties and exposed her hot snatch which dripped with juices. Harry leaned in closer towards her and smiled, touching her slit. Electricity coursed down Kim's loins the second he pleasured her. Harry pushed more pleasure down between those thighs.

Kim breathed heavily the more Harry toyed with her dripping hot mound. She couldn't even begin to explain how much pleasure Harry would give her now. All she could explain was she wanted his fingers to perform that magic trick again.

"Please, more."

Harry smiled and started to rub her nether lips. Kim clenched his fingers, almost afraid of what would happen. He leaned in and kissed the side of her face, going down to her neck and sucking it. Her collarbone, breasts, and sexy navel were what Harry did. He made the younger girl mewling underneath him in time.

"I'm going to take this."

He cupped her pussy and then started to rub her thighs. Kim closed her eyes and moaned. Her nipples grew hard underneath her soaked bra, the only article of clothing she had.

Harry spread Kim's thighs to expose her. She gushed like a faucet. Harry wasn't about to let her down. He leaned down and kissed her. He bit down on Kim's nethers and released them with his
mouth. The moment she almost blacked out, Harry brought his tongue inside her.

Kim wrapped her legs around Harry's neck and pulled his face between her legs. She died and went to heaven, the heat made her so delirious she could only moan. Harry's cum hydrated her, behind all scientific logic, and she wanted even more.

Something wonderful happened between Kim's thighs. Harry started to move his tongue almost like he vibrated it.

"Damn, you're…you're…"

Words failed her when her orgasm took over. Harry leaned in towards her and sucked her pussy, licking it, and just making it feel really good. Actually, it felt beyond good, it felt so fucking amazing.

Harry drank in Kim's heavenly juices. She kept encouraging him to go inside of her. He also had a preview of just how tight she was and the thought of this teenage cunt wrapped around his throating hard cock made Harry excited indeed. His fingers traced down her thighs, and ran up to caress her toned abs, rubbing them. Not an ounce of fat and Kim's squeals of excitement showed Harry how sensitive her perfect navel was.

Kim thrust up. She thought about this more, and realized she needed Harry's long cock buried inside her in the worst way. Her thighs ached with the thought to have him buried deep inside of her, stretching her apart. She just gushed at the thought of having him inside of her.

"Please, Harry, I need you."

Her breathing increased. This older man brought her to pleasures that no one else, no other toys, or her self could ever bring Kim to. Kim realized the stories were true, and if nothing else, a bit underplayed.

One more orgasm for the road and Harry released Kim. The pleasure of several orgasms close together hit Kim at once. Her body had a rush of energy through it when bouncing up and down against the table. Her breathing increased along with her moans.

"Yes, I'm sure you need me," Harry said.

He smiled and took a seat right next to her. Kim could see his hard cock stand at attention.

'I want that. I need that.'

Kim wasn't one to be shy about her wants though, and never one to hesitate. She climbed over Harry. Harry unclipped her bra and the final article of clothing between the two of them. Kim's perfectly perky breasts bounced into the wild and Harry gripped them.

The grind of her dripping cunt felt nice. Harry held her, touching her lower back. The two of them made out, with Kim working her legs apart, showing the great flexibility.

Kim did the splits, putting Harry's cock inside of her body.

"It's in me, it's inside me….damn it's so big!" Kim yelled.

Harry smiled and squeezed her breasts.

"You're so tight," Harry said. "I like it, I like how tight you are. It feels so good to have something
so tight wrapped around me."

The feeling of Kim's tight teenage twat wrapped around him made Harry just want to pummel her even faster. Harry grabbed Kim and she worked up and slid down on him. Her walls contracted around Harry and pushed down on him. He felt her close around him, with more pumps than ever before.

Kim bit down on her lip to take more of Harry inside her. Her walls clamped down onto Harry with her bouncing increasing with each passing moment. Her hips dropped down onto Harry, rising and falling with each moment. Her heart raced.

"Bounce higher, show me how much you want my cock."

"I really want it!"

"Show me."

Kim arched back and bounced about on Harry. She took his hard cock inside her moist pussy. Harry stretched her out, never giving her room to move. Harry worked inside of her, pounding her pussy even harder. Their loins met together with Kim bringing herself up and crashing all the way down onto Harry. She stretched out further onto him, taking more of Harry's hard cock inside her.

"Yes, there's a good spot, right there," Kim mewled.

Harry smiled, he could see how much Kim wanted this, and who would be to deny her what she wanted? Kim's sexy bouncing made Harry want to drive more of himself inside her.

The feeling of the orgasm spreading through her with Harry's long staff burying into her made Kim almost lose her mind. She let out a shameless scream, only barely realizing there would be bad guys in the next room who would have a hell of a story to tell.

"You just can't get enough, can you?"

Kim shook her head, no never enough, not from Harry. She bounced even more. Harry took her breasts in hand and squeezed them. His rubbing made Kim shake in bliss. Her eyes screwed shut with the bouncing growing even more frantic.

Both lovers exchanged strokes.

"I need to go on more missions with you," Kim managed through her pleasure.

"Oh, don't worry, we will be doing more," Harry said. "And I might come and see you off of the clock."

Kim wouldn't mind this fact to be honest. She focused on the now and focused on this big cock shoved inside her body. She could feel her belly bulge when Harry stuffed her completely.

Harry smiled, another convert to the cult of Potter. Teenage girls could be pretty easy sometimes. Then again, it didn't take much given his reputation. He pushed inside Kim, stretching her cunt out. Her juicy ass bounced off of his balls and they tingled. Harry took this part of her body in hand and squeezed it.

"We have much more ground to cover but….the rest of my team should be coming."

Kim nodded and knew Harry gave her a challenge to finish him off. She saw stars from the latest
orgasm and she slowed down. She might be walking funny the rest of the week, but Kim kept pushing her boundaries.

Harry could feel the girl's passionate grip around him. She really was something, really hot, and sexy, and also willing to please him. These were good qualities in a girl. He cupped Kim's face and kissed her passionately when thrusting up pinto each other. Their limbs tangled each other when they engaged in the age old dance.

Everything would grind to a halt eventually. Harry's hands roamed everywhere the moment the dance grinded down. Kim pushed her hot pussy down onto Harry and rode him out.

The end would be so amazing. Kim wrapped her legs around Harry and her pussy around his cock. Harry's hands ran down her thighs as well. It was a hell of a feeling, bodily fluids swapped between the two of them.

Her orgasm, more passionate than ever before, caused Kim to moan in Harry's ear.

"Cum, I need it."

Harry gave one more push into her tight, well-trained body. His balls shot their immense load inside of Kim. She grabbed onto him and pushed down onto his hard rod. Kim bounced all the way down onto Harry.

So much cum, and Kim could feel herself be filled up to the brim. She rode him out, getting a few more pumps.

The door opened up just as Kim pulled off of Harry. She looked like a deer in the headlights, standing there, naked, with like a deer in the headlights and a red face. The dark haired woman who entered the room looked at her for about ten seconds, smiled, and turned towards Harry, as if this was nothing out of the ordinary.

"So, did you find the place okay, Daisy?"

End.
The aptly named Nastily Exhausting Wizarding Tests wrapped to a conclusion. Padma Patil worked as hard as the next person to excel her exams, but the moment the very last exam ended, she could just collapse from it all. Two of the most agonizing weeks of their life passed.

The exams were far worse than OWLs, given NEWTs were like six weeks of OWLs in a two week period. The term nastily exhausting had to be defined and redefined. The pleased Miss Patil walked over towards the lake to join her boyfriend.

The Hogwarts Head Girl smiled when waiting for the Hogwarts Head Boy to follow her out. The famous Harry Potter, tall, handsome, with dazzling green eyes, and black hair. He had a physique to die for, one which Padma intimately got to know over the years. He carried a basket in his hand and also dangled a blanket to put on the ground.

Padma smiled and slipped off her robes. She dressed in a more casual black top which bared her midriff and a casual black skirt which came up. She took the blanket and put it down on the ground.

Harry observed Padma getting down on her hands and knees to smooth out the blanket on the ground. He watched when the skirt stretched over her tight ass, moving the blanket on the ground. The shift, and Harry could see Padma's lacy knickers.

"Well, take a seat," Padma said.

She fully knew where Harry's eyes diverted.

"Finally, we're done," Harry said. "And we never have to take NEWTs again."

"Well, unless we fail," Padma said. Harry gave her one of those looks. "What, too soon?"

Harry smiled and sat down next to his girlfriend. She kicked her shoes off and removed her socks as well. She put her soft, feet on Harry's lap. She shifted towards the basket and pulled out a sandwich, throwing the other to Harry.

Padma's soles slowly worked up and down Harry's lap when she ate the sandwich, savoring every single moment of the taste. She licked the mayonnaise from her lips when looking towards Harry.

"Oh, you packed deserve as well," she said in an excited voice.

Padma moved over to lift the basket up and open it open. A tin of strawberries and a tip of whip cream also had been put inside. Padma put those out and helped herself to a banana inside the crate.

Harry smiled, eating the sandwich. Padma slowly unpeeled the banana, and put her lips on the tip, licking it to test to see if it was any good. She was and slowly savored the taste of the banana, while also rubbing Harry with her foot.

Something hard rubbed against Padma's foot, but she just smiled innocently when rubbing Harry
through his pants. She pushed more of the banana in her mouth, sucking on it hard. The smoldering gaze locked onto Harry when she shifted more of the banana deep into her mouth.

Padma finished her banana, rolling the piece inside of her cheek. She banished the banana peel with a smile, and moved over to open up the tin of strawberries.

"Freshly picked, just how you like them," Harry said.

He just kept his composure with Padma rubbing him through his pants. She smiled and slipped one of the strawberries into her mouth, looking towards Harry. They parted the sexy dark-haired girl's lip. She closed her eyes and smiled, savoring the taste.

"Very good."

Padma dipped another strawberry and moved in to feet Harry. She wrapped her toes around the bulge in Harry's pants very casually and pumped him while feeding him the strawberry.

The dark haired goddess kept working his cock with her toes, not even bothering to remove his pants, at least not yet. Her toes went down between Harry's spread legs and tickled his balls. Padma really worked him over, not once backing off from her position.

"Padma, you're so good," Harry managed.

Padma smiled, glad her work was appreciated. She rubbed her sole down in between Harry's legs. She dipped more strawberries, alternating between feeding Harry and herself. She dangled the strawberry between her fingers and then it slipped, sliding between her cleavage.

"Whoops," Padma said, with a soft smile.

She finished the strawberry out of her cleavage and popped it into Harry's mouth. Harry smiled when he tasted it, his cock getting harder.

The two Heads of Hogwarts continued this ritual.

"Harry, you brought something else I want to taste."

Padma removed Harry's pants and undershorts to released his long throbbing cock into the wild. It ached for fresh air and Padma smiled, when putting her hands on Harry's thighs.

"Yummy."

The Ravenclaw girl took Harry's hard cock between her lips and pumped it inside of her mouth. Padma worked down, rubbing Harry's balls and suckling the head. The young woman pushed herself to new boundaries, fondling Harry, caressing him, making him feel really good in the process.

Harry enjoyed the warmth of Padma wrapping her hungry lips around him. It was so good to be honest. Padma took Harry into her warm mouth, sucking on him.

She gave him a few more sucks, but then pulled away from Harry. Padma squeezed his cock and gave him a kiss.

"We better save some of that for later," Padma said. "Now it's your turn to have some nourishment. You must be famished."

Padma pulled off her tank top to reveal her breasts clad in a green bra. Her nipples poked out.
Padma smiled and pulled off her bra. The devious witch picked up a tin and smeared whip cream all over her breasts, covering them.

"Dig in."

Harry wasn't going to need to be told twice. He grabbed Padma's round orb and pushed her aching nipple in his mouth. He started to suck and lick her breast, tasting the whip cream and the warmth of her flesh at the same time. He throbbed, wanting to be inside her.

Padma stroked Harry's hair to encourage him to keep suckling on her breasts. The witch grew rather hot and horny by the fact Harry literally feasted on her breasts. The thought of it made her want him, so bad, and so much.

"Harry, more, please!"

Padma encouraged her boyfriend to keep doing so. Her nipples being played it made her wet and ready to ride. Padma just barely managed to hold back her own inhibitions, the own desire to feel even more. Harry's strong hands caressed her backside and encouraged her to go forward. Every single time Harry licked and nibbled her, Padma had never felt more alive than she was now. All she could do was encourage Harry to keep doing what he was doing.

And he did keep doing what he was doing. Padma's round nipple shoved between Harry's mouth and he sucked on it, hard. He enjoyed the taste even after the whip cream had been licked clean. He did want her though.

Harry came up from her, and Padma smiled before sliding back. She slid her skirt and panties off to reveal her dripping mound towards Harry. Padma rubbed her pussy to encouraged Harry, to tell him what she wanted.

The Boy-Who-Lived moved in and pulled Padma's hands away from her. He climbed up top of her, feeling up her body. Her curves melded up against Harry. The powerful and very horny witch wanted Harry.

She might have been quiet in her studies, but it was different in other matters. Padma's nails raked against Harry's back when he aimed for her. She gave him screams of increasing urgency. Harry brought the head of his cock against her dripping hot pussy.

Padma's hot legs wrapped around Harry's thighs and gave him one more push of encouragement. Harry took the plunge, shoving more of his throbbing hard cock inside of the lovely Indian witch. Her dark skin shined when Harry pushed deeper inside of her.

"Damn, Padma, you always feel so good."

The witch gave him a grin and could feel his hands slowly explore her body. Every time he touched one of her curves, Padma's hips did a slight jump and took more of Harry inside of her. He pushed down into her and rocked her body. Padma wrapped tighter around him.

Harry could slide into her a little bit easier as their coupling progressed, although as always, her hot pussy clamped down onto his manhood when pushing up and down inside of her. Padma grabbed Harry and put him inside of her body.

"Give it to me, right there, harder Harry, as hard as you can!" she begged Harry.

Padma pushed her fingernails into the back of Harry's neck when he shoved more of his hard cock inside of her body. Those thick balls carried so much cum which would be all hers if Padma had
her say. And there would really be no reason for Padma not to have her say to be honest.

Harry bounced into her harder. Thick throbbing balls slapped against her. He moved down to rub a certain spot on Padma's leg which he knew grew her wild. Padma melted like butter underneath her.

"You're the real feast."

Padma smiled, and her legs spread further for Harry, as far as she could manage. She wasn't as flexible as Parvati, but her ass was slightly more rounded. Also there was a birthmark on her cheek which distinguished her from her sister, although only Harry and her sister could see it.

Harry pushed deeper inside Padma. The two of them molded into each other to exchange their pleasure, and the tingles spread over their bodies. Harry pushed into Padma. Her pussy made a lovely sound, sloshing him with juices every time he took the plunge. Padma raked his back and smiled.

"You're...really too much!" Padma squealed.

Harry now had been nibble on the side of her ear when she sat up. That little spot behind her left ear, it drove her completely nuts. His never ending attention on the parts of her where most wouldn't even think about it. He rubbed the crack underneath her knee join. Sensitive to be honest.

Those breasts stuck out, just begging for attention. Harry would be rude if he didn't give Padma the proper worshipping she deserved. The goddess's round breasts stuck out for Harry to grab and to mold as he saw fit. Padma closed her eyes to feel Harry's tender affections. His hands caressed her nipples, rubbing them to their firmest point. He took Padma's aching nipples in hand and squeezed them.

"Yes, I know I'm too much, but that's why you like it?"

He filled Padma with an increasing frequency. He held out her leg and kissed down it while fucking her. They tilted to the side so Harry could get access to Padma's leg and also to her feet, and sexy toes which drove him so nuts earlier.

As much as Padma pushed Harry's buttons during the lunch portion of this little date, he pushed all of her buttons now. Harry rubbed Padma's feet, and caused explosive tingles to shoot all over her body. Harry held her legs out, kissing down the side of her leg and down to her ankle before sucking her toes.

Padma gushed so hard she resembled a malfunctioning fountain. Harry rammed into her with more thrusts. Padma gripped him hard.

Time ticked by and a never ending train of orgasms struck Padma. Harry pushed inside her wet pussy, cramming his hard cock inside of her. The two of them worked against each other. Padma took her feet leg, the one which Harry wasn't assaulting with his affects and pushed him inside of her.

"Need it, need it so bad."

Her pussy burned for Harry's seed. Padma clamped down on him. Harry pushed more of his lengthy rod inside of her, and pulled completely out of her. His tip rubbed against her and he slid into her one more again.

Harry rode out all of Padma's orgasm when she ran her toes down his back from her right foot
while Harry caressed her leg.

"You want this so bad, don't you?"

Padma wondered why he even asked. Actually, all her mind wanted was his cum and he wanted it buried inside of her.

Harry enjoyed Padma's soft legs, and also her beautiful feet. They were model worthy, all of her was model worthy. Which was why Parvati and Lavender hounded Padma about joining the modeling agency they were thinking about starting up after Hogwarts; so far though, she remained rather cold.

Regardless, her pussy gripped Harry and he knew there were only a few more seconds before he spilled his sticky seed inside of Padma's tight, willing walls. She clutched and released Harry. His balls throbbed when working inside of her at a quicker fever than before.

One more orgasm did the trick when Harry shoved his throbbing length inside of Padma's welcoming sheath. She wrapped and milked Harry's throbbing rod. A nice feeling churned from his balls before he started to flood Padma with his tight seed.

Padma was so empty before, now Harry filled her up. A powerful wizard's seed was good for the longevity and health a witch. Assuming that fact to be true, Padma Patil thought she might just be in very good health indeed. He pumped inside of her.

A few seconds passed and Harry pulled out of her. Padma dropped down on the bed, her body shaking with bliss. Harry smiled when looking down towards the divine goddess before him. He smiled.

"I want more."

Padma didn't really know what to make of this. She just broke into a blissful grin, anything Harry wanted, she would give him. Harry smiled and motioned for her to turn over. Padma flipped over without any question, sticking her ass in the air for him. He squeezed Padma's tight ass and gave it a tight spank.

Something cold and creamy spilled inside of Padma's asshole. Harry leaned in and started to lap up the whipped cream dripping from her ass. The dark haired witch could feel burying his tongue inside of her asshole.

Harry lapped Padma's hot asshole up of the cream, getting it nice and lubricated. The taste of her asshole made Harry's cock re-hardened in an instant. He pulled out of her and smiled.

"I love this ass."

Padma smiled, she was glad Harry loved it. She loved having it fucked by him. Having Harry slide that big cock between her ass cheeks, deep inside her gave her a thrill. Harry's fingers danced on her front side from one hand while his cock aimed towards her ass. Her most taboo hole grew slick and ready for Harry to penetrate.

"Yes, give me that, right there," Padma begged him.

Harry smiled, he was going to give her the penetration she wanted in her very tight hole. Harry held her ass and squeezed it hard. Padma gasped the moment Harry pushed his hard rod against her asshole. He almost slid into her, fast and deep.
Her ass was even tighter and Harry liked it. He could bury himself inside her tight ass for days, working faster inside of her body.

Padma stretched out for Harry. Her warm cheeks squeezed around him. Harry slid into her ass with ease. He was able to stimulate her nerve endings rather well. He picked up the pace, rocking more of his hard throbbing cock inside her tight, tight, asshole.

"Fuck, fuck me," Padma mewled at the top of her lungs.

Harry smiled when feeling Padma's tight body reacted. His fingers caressed her dripping slit, collecting the juices.

"Just wait, I'm going to give you a nice creamy filling you're just dying for."

Padma didn't doubt it. Harry filled up her ass with a nice, long thrust. Every moment Harry buried inside of her body, it was very much inside her. Those throbbing balls struck her and filled up Padma. Padma grabbed onto the side of the bed and accepted more of Harry inside of her.

Harry wanted to ride this one out for as long as he could go. He pumped Padma's pussy while ramming her ass hard. The pleasure increased.

Padma smiled when all of the tension she had of an exhausting two weeks of NEWT exams started to boil out. Her Head Boy showed her affection when pushing deeper inside of Padma. Harry kept driving deep inside of her, and hit new points of pleasure.

The brainy witch accepted this huge cock being buried inside of her. More deeper thrusts, and Padma was close to coming undone from Harry. She was not going to back down, not for a second. Harry would drive into her and she would accept even more from him.

The two of them worked themselves to the end. All good things would come to an end eventually, and this one ended with a bang.

Padma's juices soaked Harry's fingers. He kept rubbing her while drilling her ass so hard. Padma clenched him with her tight anal muscles.

"Nice, tight, and you're going to get even more," Harry told her.

Padma liked it, she liked Harry's hand clutching her ass cheek and giving it a squeeze, before spanking her. More spanks had been followed with Harry working her body into a feverish motion.

Her body shook and exploded into a shower of cum. The drippings coated Harry's fingers. He rode out to the end of his own orgasm, jamming into her tight ass.

Harry rammed into her ass and spilled his hot seed inside of Padma's warm, inviting bowels. He injected so much cum inside of her ass, she was oozing with the cum down her front.

He finished riding out his own orgasm and then pulled out of her, with a smile on his face. He squeezed her tight rear and gave Padma a nice little swat, while pulling back. Harry watched when the cum rushed out of her ass and pussy, the compliments of a job well done.

The two of them rested on the blanket, just pressed against each other, enjoying the moment. And knowing there would be several more to come.
End.
Okay, fine, get it out."

These words came from Danielle Moonstar, a beautiful Native American female, and member of the X-Men, with the codename of Mirage. She had her hair pinned up in a loose ponytail, dressed in a black tank top which showed off her toned arms, and a bit of her back. She dressed a pair of shorts to showcase her legs and a pair of open toed sandals which showed off her magnificent and well-formed feet. Danielle leaned against the wall and looked at her companion.

Kitty Pryde, one of the senior members of the X-Men, leaned against the wall. She dressed in a black half-shirt which showed her toned stomach, and also a pair of shorts as well. She dressed in a pair of sandals and sunglasses topped her eyes. Right now, she looked at a statue of a handsome warrior, one who resembled someone both girls knew all too well.

"So, what's the story all about?" Kitty asked.

"There's this legend he came from the sky one day, and saved us from the evil sorcerer who tried to enslave us, "Danielle said excitedly. "And my ancestors pledged him all of the women in this tribe, should he ever want it, as payment."

Kitty could have broken out in a fit of giggles. She looked in the statue, the statue looked pretty uncanny. She turned to Dani, who shrugged.

"I'm pretty sure you wouldn't believe it, unless I showed it to you," Dani said. "And I'm sure Harry wouldn't believe it, unless he saw it either."

"I wouldn't believe what?"

Harry turned up, frowning. He and Kitty were taking the junior class at the Xavier Academy, dubbed the New Mutants, on this field trip to the Native American monument. It was a peace of American history which had been mostly untouched by the outside world.

The young man showed up and stopped. He looked at the statue. It was almost looking at a mirror.

"Not a bad likeness," Harry said. "Whoever crafted this statue might have put a lot of time in it."

"Yeah, they put a lot of time, they worshipped you….him…as a god," Dani said. "So, do you think there's any relation….I mean, you look just like him, so there might be some kind of relationship…. maybe….I don't….."

Dani stammered over her words, and grew red in the face. Kitty patted the other girl on her back.

The statue reacted to Harry when he walked towards it. Dani almost fell over when she saw the very obvious reaction to it.

"The legends state the statue would flash when he returned," Dani said. "My God, you are him, aren't you?"
Harry only smiled a mysterious smile. He did a lot of time travel, and according to Selene, he would do a lot more time travel, and would leave his mark out through history. He met several of his daughters already, who would like to know their father really well, really, really, well.

"Well, what do you think, Ms. Moonstar?" Harry asked.

Danielle moved over and almost dropped to her knees before him.

"Great one, it would be an honor to…..if you would let me," Harry said.

"Well, it's not like Harry wouldn't have gotten around to screwing your pretty little brains out anyway," Kitty said, with a smile. "It's just going to speed up the process."

The deep, mysterious, and mystical magic in the temple inflamed Dani's mind. The promise made by her tribe years ago for all of the women to serve the mysterious Traveler, it had struck her hard. She was on her knees and undoing Harry's pants with an intense skill. She worked his pants off and over his ankles, smiling when working them off around his ankles.

His boxer shorts were next and Dani saw the very object which made people smile. She wrapped her hands around it tentatively.

"Well, what kind of teacher would I be if I didn't give you a practical lesson?" Kitty asked. "Move over, Dani, and watch closely."

Harry watched when Kitty dropped to her knees. She looked very comfortable in the process, and grabbed Harry's throbbing balls, squeezing them, before moving her hand up. Kitty's warm mouth edged closer towards Harry, and she kissed the head. Her little tongue danced around Harry's head.

Kitty tasted Harry's cock, it had been a couple of days since she had a chance to wrap her lips around it. The eighteen year old girl wrapped her warm lips around Harry, making sure the sixteen year old Native watched very closely. Kitty's tongue danced around Harry, swirling around his cock.

She took Harry's cock inside of her mouth. Harry gripped onto the back of Kitty's hair and pushed himself inside the back of her mouth. He struck the back of Kitty's throat, more of his hard, throbbing cock connecting with her. Kitty sucked him, harder.

"Good, I like how you use your tongue."

Dani watched very closely. She rubbed her crotch through her pants, wondering what it would be like to have Harry's throbbing hard cock ramming into her repeatedly. Dani closed her eyes, moaning, twisting her nipples, and just having a great old time when she imagined Harry having his way with her.

"Yes, more," Harry said.

Kitty finished sucking Harry and pulled away from him. "Why don't we let the newbie take a crack at things? Just do what I do. Remember, there may be a quiz later."

Kitty's joke caused Dani to smile. Her hair was clipped back, which was good because Dani didn't want it to flip in her face.

Harry grabbed the back of Dani's head gently, to guide her closer towards him. The girl's lips parted very eagerly when she crawled on her knees towards Harry. Her lips wrapped around Harry and pushed more of his hard cock between her lips than most could take.
Dani gagged for a moment. She pulled back and took a little bit less, so she could properly work with what she had. Dani began to worship her god, feeling hornier the more she drew his cock in her mouth. Her tongue worked in zig-zag patterns to lick Harry.

Harry grabbed the back of the head of her. Her eyes looked up at Harry, sucking on him.

"So beautiful."

Dani smiled when running and lightly stroking his balls. She watched when Kitty dropped down.

"Pretend I'm not here, just keep doing what you're doing," Kitty said. "When giving a man a blowjob, no one else matters, other than the twelve inches in front of you."

Dani doubted many were like Harry, this cock was the most wonderful thing she ever had rammed in the back of her throat. She grabbed Harry's thighs and pushed more of her hot mouth around him. She took Harry deeper inside her throat, suckling him as hard as possible.

"Good, good, excellent," Harry told her. "Keep doing what you're doing."

Pleasing her god was the most important thing in the world to Danielle Moonstar. She kept sucking on Harry and bringing his manhood deeper inside of her mouth. She could feel the warmth and could feel a pair of hands coming up between her legs to stimulate her womanhood.

"Focus on Harry's cock."

Dani thought it was very hard with Kitty diddling her like this, but she was the experienced woman, so Dani diverted to her. She looked up towards Harry, to play with his dangling balls. She squeezed them, feeling how much cum they had stored in them.

Harry pushed his member inside Danielle Moonstar's throat and exploded. The discharge from his balls fired down Dani's throat and coated her tonsils with his warm, fluids.

Dani closed her eyes and worked more of Harry down her. Some of the cum dribbled on her chin when she released Harry too soon.

Kitty smiled and waited for Dani to get to her feet. She wiped Harry's dribbling seed from Dani's chin.

"It's fine, sometimes you make a bit of a mess," Kitty said. "It's good to have a friend who is willing to help you clean up afterwards."

Kitty feasted on the seed which once rested on Dani's chin. Dani shuddered and Kitty made her way behind her.

"And it's good to have your friend help you get nice and moist….for the big cock inside you soon."

Kitty's fingers shifted underneath Dani's underpants thanks to her power. Her knickers became properly soaked thanks to Kitty's very talented fingers.

Harry watched at the moans of pleasure coming from Dani. His cock grew harder. Kitty decided to help Harry by wrapping her hand against him. Her fingers became intangible to stimulate the nerve endings of Harry's cock better. One of the many benefits of her powers, pumping Harry.

"Kitty, I think we should show her how she should take a cock properly," Harry said.

Kitty left Harry hanging and hard with her pumping and smiled. She turned around and slipped out
of her shorts, bending over against the pedestal to show Harry her thong clad ass. She pushed her finger against the thin strip of fabric and snapped it back against her. Kitty shuddered.

"Why don't you, love?"

Harry pulled Kitty's tongue back to reveal her smooth pussy for him. All she had to do was to make it bare was to become intangible, leaving the hair on her cunt behind. Harry stroked her wet pussy lips, rubbing his finger against it. He wanted to warm her pussy up.

Dani sat down on the ground, after Kitty rocked her for an orgasm. She made her way up to the monument, sitting on the edge. She watched the progress of how Harry pushed his hard cock inside of Kitty's tight, wet, pussy. Dani almost squealed in surprise.

"How, am I going to take that?" Dani asked.

"One inch…at a time," Kitty breathed.

She remembered her first time, it was pretty painful to get Harry's thick log buried inside of her body. It felt extremely good a little bit later. Harry rested his hands on her backside and pushed inside of her. His throbbing balls danced about Kitty's moist cunt, shoving more of himself inside of her.

"It's the best way to take it," Harry said.

Dani nodded and took mental notes. Her lips, both of them, moistened when watching Harry's hard cock shove deeper inside of Kitty's moist, wet cunt every time. Harry pushed into her, riding her to a pure wave of pleasure.

Kitty knew this was just a practical lesson, but as always, Harry's hard cock rammed inside of her.

"Just a word…of the wise, his cock can feel much bigger when you're on top," Kitty said. "You should….let the man take control until your pussy is used to him….because if you try to take control, you'll be only burned out."

"And how much experience do you have, because you still let me take control?"

"Well, to be fair, there's really no allowing, and….I love to be dominated," Kitty admitted.

"Yeah, I know."

Harry pushed himself deeper inside of Kitty, stretching her moist walls around him. He held onto her and drove his hard cock deeper inside of her. Those throbbing balls slapped against Kitty's wet pussy when he pounded into her. He rammed inside of her.

"One more time, and it's going to be Dani's turn."

Kitty protested. Harry's hands cupped her perky breasts and he squeezed them. The brunette mutant's moist center relaxed around Harry and squeezed him. His hands pushed around her, rubbing all over her bod with a flurry of thrusts burying is hard cock inside of her body.

The orgasm was drawn out, but unfortunately, all good things reached their end sooner rather than later. Harry pumped himself into her, riding out her orgasm.

Harry smiled and looked towards Dani. She sat on the bench, legs spread for Harry. The look on the dark skinned girl's face showed Harry how much she wanted him. The nipples sticking out
from the other side of her shirt reinforced it. Harry walked over towards her and pulled her shirt off.

"This might hurt at first."

"I'm ready, please," Dani said.

The hard cock tapped on her entrance. Dani spread her thighs to get Harry's hard cock inside of her body. She wanted it, wanted it so bad her pussy could taste it. It pushed inside of her, her innocence being sacrificed for the god her people worshipped.

Harry slowly worked his way inside of Dani's pussy. Her barrier moved around and the pain faded. Dani wrapped her legs around Harry. He touched and teased her nipples which caused the mutant to breath in and out.

Kitty watched Harry's long and throbbing cock enter a fresh pussy. Another New Mutant down, they were certainly getting to know their teacher pretty well. Harry pushed deeper inside of Dani, working his throbbing hard cock inside of her slick cavern.

Dani rocked her hips forward. Everything she ever dreamed about, with Harry, was only more intense now this was the god she was dedicated in worshiping. Her hands caressed Harry's muscular body when he pushed himself deeper inside her. Harry stretched her moist cunt out, and rocked his balls down onto her. Dani rocked her walls up and down onto him.

"Yes, mmm, baby, that's good," Dani breathed. "Give me more of that big cock, I want to feel it all inside of me, great one, please."

"Since you asked so nicely."

Harry drilled himself into her. Dani could not believe how good the point of his hard cock burying inside her felt. Dani worked her hips up, further shoving more of Harry inside of her. The two of them matched their motions, connecting with each other in a flurry of pleasure. The exchange exchanged between the two of them continued, with Harry driving his hard rod inside of her body.

Intense was the word to describe what Dani felt. Every single nerve ending inside her body exploded into a cascading effect of pure fire. She would get his cock inside her. Her pussy pumped it, being overstuffed by Harry's throbbing hard tool. She moaned when feeling more of Harry pushed inside of her.

"Mmm, baby, so good, give me more," Dani squealed.

Dani rocked her hips up to take more of Harry inside of her body. The two of them connected with each other.

"Fuck her, fuck her tight little pussy until she can't take any more," Kitty encouraged him.

The next orgasm resulted in Harry speeding up. Dani made screams and praised the god beneath her in the language of her ancestors. She took Harry deeper inside of her, stretching out her dripping hot pussy. Harry's balls slapped against her working into her.

Harry smiled, boy she wanted his cock so bad, didn't she? He worked his hips against her, rocking his manhood down inside of her body. Dani's moist, wet, pussy grabbed onto him with a few more thrusts, every time, he sucked it on her. He touched every inch of Dani's body.

Dani's next nerve racking orgasm spread through her body. He pushed into her with a never ending
series of thrusts.

Kitty watched, face dripping with sweat when she watched. The mystical energies around the temple resulted in Kitty's horniness to increase. Good thing she came prepared. Kitty shifted through her bag and pulled out a long dildo to jam into her cunt and fuck herself raw while waiting for another turn.

Dani's hair came unclipped and her eyes burned with more passion. Harry pumped his rod inside Dani's moist center, working her up to the edge. Dani arched herself up and took more of his cock inside her body.

"Fuck," Dani breathed heavily.

Harry smiled when working his rod inside of her body. He worked her pussy, stretching it out.

"Yes, honey, and we've only begun," Harry said. "You're going to report to my office after lessons every day for further lessons. There's so much more I can teach you."

Dani pumped herself around Harry. The teenager succumbed to the cock of the older man. Her wet, overstretched pussy stretched and released Harry's cock. She wanted the seed she tasted earlier.

"Inside, please, deeper," Dani said. "All women have pledged their wombs to their savior…if he should want it."

"Maybe, if you're blessed."

Dani had been left hanging with the possibility she would be the first of her people to bare a child for their savior. The thought of which made her drip. Harry shoved his rod inside her dripping hot pussy, with Dani stretching around her.

Kitty worked her dildo into submission along with her pussy. Something about the tantric energy of this temple made Kitty want to get gang-banged by dozen Harry Potter duplicates.

'Maybe, another day,' she said. 'Good idea though for later.'

Dani almost burned out. She hung up, just barely out of sheer determination to receive her god's gift.

"Almost there."

An orgasm the likes of which Dani never felt in her life exploded through her body. Harry shoved himself inside of her body deep and hard. Dani worked her hips around him, pushing Harry deeper inside of her.

The end would come and it would be glorious. Harry pumped his rod inside her several times at a rapid fire rate, the seed in his balls bubbling, threatening to come undone. He was so close to pushing his cum inside of her, draining his balls inside of her willing, perfect cunt.

The explosion and the exchange of juices happened next. Dani gripped Harry hard and made sure not to waste a drop this time, as it slammed inside of her. She sighed at the content of having Harry bury his warm seed inside of her pussy.

Harry finished riding Dani to completion. His balls squeezed and released their juices inside of her. He pumped Dani completely full.
"Thank you for the blessing," Dani said. "I'll be sure to continue to show my faith."

Harry smiled and could see Kitty, who looked towards him with a very predatory look. She dove at Harry, wrapping her legs around him.

"You're the gift that keeps on giving," Kitty said.

Harry took more control of her body, so she didn't burn herself out in a rapid display of lust.

"You better learn your own lessons, Ms. Pryde," Harry said.

Harry rubbed a spot on the small of her back, and Kitty shuddered. Her legs wrapped around Harry and she shoved his hard cock inside of her.

Kitty decided to have the time of her life, driving her dripping hot cunt around Harry. She rose up and slammed herself down with a constant barrage of shoves on him. Her nipples stuck out for Harry to grab and Harry did grab them.

The energy in the temple, Harry noted, increased the natural horniness of any women. Given how Kitty was a known nymphomaniac, it would prove to be an interesting result. Harry touched her body, and she mewed in encouragement, rocking her warm hips down onto Harry, riding him. She pushed more of Harry inside of her body, being stretched completely out.

"I love riding this big cock," Kitty said. "I'd also like another cock in my ass, and another one in my mouth right down."

Harry sighed, she really was pushing it. It wouldn't be the first time Harry called upon some duplicates.

"Now…..Danielle, if you can still hear me….this is a very advanced lesson, one you might not be able to do for a while, but….we're going to give you a sneak peak."

Danielle looked up with blurred vision. Two more versions of Harry Potter showed up. One of them grabbed Kitty's face and shoved a throbbing hard cock between her lips.

Another version of Harry appeared behind Kitty and rubbed his cock against her tight asshole before slipping inside of her. Dani gulped when she saw Harry's hard cock shove deep between Kitty's backside. Three versions of Harry fucked three different holes on Kitty.

Dani wondered if her rear entrance could even take Harry's cock. She dripped and looked over, to see Kitty's dildo. She managed to slide over to pick the sex toy up. Dani picked the dildo up and licked Kitty's juices off of it. Not exactly hard to do because the dildo had been saturated for them.

Kitty saw two more versions of Harry Potter appear, and she took their cocks in her hand and started to pump them. She was getting drilled by all angles. Her body took in more cock than it should. She sucked his manhood when the Harry in front of her face fucked her.

She would be paying for it in the morning, but damn it, it was worth it now. Those hard cocks rammed into every single inch of Kitty's body, and stretched her out.

Harry's pleasure amplified from several angles. He tried to focus on Kitty's cunt, where the prime version of Harry was fucking.

"Damn, Kitty, oh this is so hot."
One of the Harry duplicates already exploded and sent a flood of cum inside of Kitty's mouth. He exploded into a further shower of cum, getting his sticky juices in Kitty's hair and face.

Dani's eyes widened, she had no idea Harry's duplicates did that when they finished. She ran the dildo against her pussy lips and rammed it inside her. Her mind went wild.

Her powers created illusions of an army of naked Harry Potters, made real by the temple around her. They surrounded Dani at all angles, their cocks hard and waiting for her. They all moved in towards her and Dani started to stroke and suck them off.

"Well, she's a pretty fast learner," Kitty said. "Bonus points for a creative use of her powers."

The cocks in Kitty's hands combusted and more cum showered her. She worked her hips down on Harry, now with only the cock in her pussy and ass remaining.

Harry could feel the combustion. He watched when Dani passed out from an over stimulation, and with it all of the holograms disappeared.

Kitty received a shower of cum inside her ass and all over her back when the final duplicate exploded.

"There can only be one," Kitty murmured.

Cum saturated Kitty's body, and she looked like an overused condom. There was only one place on her body where there wasn't cum, inside her pussy, and she would rectify it right away.

Kitty phased down onto him, working his cock harder and deeper than any normal woman could do in these circumstances. She milked Harry's rod to the brink of explosion. Those balls sized up and would soon spill their contents inside her.

"Go ahead, almost there," Kitty said, panting with a devilish look on her face.

Harry smiled and released his cum into Kitty upon her next orgasm. He spilled his essence inside of her body, draining his balls.

Kitty slid off of Harry, soaked from cum to head to toe. She was going to have to find a way to clean off, thankfully, there was a spring close by where she could skinny dip in and be good as new.

Dani laid on the ground, a smile on her face, while in a catatonic state of pleasure. Kitty crawled over towards Dani and flicked her tongue inside Dani's opening.

The Native American woman shuddered underneath Kitty's tongue.

"Yep, still signs of life."

End.
In the spirit of Inner House Unity, Potions class partners were randomly drawn for this term. Tracey knew she wasn't going to get someone in the Slytherin house. She and Daphne worked as a tandem pretty well, but she supposed it wouldn't be too bad to mix things up.

Tracey had gotten Harry Potter as a partner for Potions Class, who wasn't known as being the best student in Potions Class. The fifth year Slytherin wasn't an idiot though, far from it, she was in the top five of her year in Potions, and got pretty good marks in the other classes as well. She saw the main problem was the fact Harry didn't have the right incentive to do well in Potions class.

Snape didn't like Harry because of some old grudge he had against James Potter. No one quite knew why, but Tracey suspected it was something petty. Tracey and some other Slytherins thought it was borderline childish to keep an old rivalry going based on what happened years ago, and when the man in question was dead.

Regardless, Tracey suspected Harry wasn't as good as he could be in Potions. She looked back through the records. Lily Evans was one of the top students of her year in Potions, and James Potter was pretty damn good. There were other areas Harry shined in, like his mother did, like Charms and Defense Against the Dark Arts, but Potions was one area which he had a very unfortunate blind spot in.

Tracey got sorted in the Slytherin house for a very good reason. She was able to make a plan, scheme with the best of them. And she knew what she had to do to make sure Harry met with her. She just hoped Harry would meet a Slytherin, and not been poisoned against them. Tracey hated Draco Malfoy with every fiber of her being, because he made such a spectacle out of himself and inspired a lot of the hatred the rest of the school had Slytherin. Draco and the spawn of the pardoned Death Eaters were most certainly the most vocal, and made people think Slytherin were Death Eaters.

'Bloody wanker,' Tracey thought.

The brunette Slytherin stood around, dressed in the standard white blouse. She had a button unbuttoned and the tie hanging between her breasts to draw attention to them. Her skirt fit around her hips, it was actually last year's uniform. Sheer white stockings covered her shapely legs.

Tracey turned around and saw Harry walking towards the unused classroom. He carried a bag.

For a brief moment, Harry's eyes had been drawn to the skin-tight uniform covering Tracey's body. He managed to shake his head and clear his throat.

Tracey just simply smirked. She was glad she got Harry's attention, now keeping it was another matter entirely.

"Davis," Harry said in a calm voice.

"Hello, Potter," Tracey said. "We've been chosen to be partners in Potions class this year and…..I
know you're not too fond of this, and I'm really not too fond of it either, but it's the hand we've been dealt with. And your Potion skills leave a lot to be desired."

Harry blinked and could not believe how blunt Tracey was in her words. She wasn't done though, far from it.

"It's almost like you haven't read Horace Slughorn's rudimentary guide to Potions," Tracey said.

"What?" Harry asked. "Why haven't I heard about this?"

"Well, it's a book which every pureblood is expected to read," Tracey said. "And it's assigned on the school list to the Muggleborn students."

Harry didn't know of such a book.

"Ah, I see," Tracey said, picking up on it immediately. "You're of magical blood, so they neglected the assign the book to you as an oversight.

There had been a lot of oversights involving Harry, he bitterly noted. There was a lot of information many people took for granted which would have been useful. Harry supposed he only had himself to blame, but they should not have assumed he knew everything just because of the scar on his forehead.

"And now, I'm going to explain to you the most simple part of Potions, it's all about relaxing," Tracey said. "If you're not relaxed, if you're angry, or frustrated, or nervous, your performance is going to suffer."

Tracey leaned closer towards Harry, pointing her cleavage directly towards Harry's face. Harry's eyes had been drawn to it.

"And I'm going to help you get relaxed," Tracey said. "If we're going to be partners this year in Potions, we're going to have to learn to trust each other. I know, you don't like Slytherins, because of what Draco Malfoy and a few other obnoxious jerks can be. However, I can assure you not all of us are like that. We can be pretty cunning, but it's not maliciously so."

Tracey touched a finger down Harry's cheek and smiled.

"Kiss me," Tracey said.

"What?" Harry asked.

"Oh, come on, you're Harry Fucking Potter," Tracey said. "You've fought trolls, dragons, basilisks, and you've dealt with Ronald Weasley's deplorable table manners. You can't tell me you're scared to kiss a girl."

Harry spent some time looking towards Tracey, her face was gorgeous, with dark eyebrows, and bright brown eyes. Her thick, juicy lips were so kissable, and Harry imagined them doing other things, other than kissing. He looked towards Tracey, wondering, if it was possible.

"Some Gryffindor you are," Tracey said.

Finally, something inside Harry rose up. After the year he was having so far, topped off with someone dressing a toad in pink and calling her a woman, Harry could not resist. He grabbed Tracey by the arms and shoved his mouth onto hers. He kissed her.
Tracey grabbed onto Harry's shoulder to continue to encourage him to deepen the kiss. And it was quite the kiss. Tracey's hands grabbed Harry's shoulder and kissed him even harder. She drank in the power surrounding him.

His upbringing might have left him rather ignorant to some traditions of the magical world, and she was sure being in Gryffindor kept him sheltered just as much, with the people he surrounded himself with. Tracey vowed to do her duty as a witch and educate Harry Potter on the things he really needed to go.

The two of them pulled away with puffy, swollen lips. Tracey undid Harry's robes and slid them down before going down and working his trousers.

"I see what they say about wizards and magical power is true."

Tracey pulled Harry's trousers down over his ankle. Harry watched when the brunette dropped down to her knees.

"Davis, what are you…"

"I'm relaxing you, dunderhead," Tracey said. "I told you, if you want to be able to excel in Potions, you need to relax."

Tracey started to rub Harry's thighs and she moved up to cup his balls, before starting to slowly stroke his shaft.

"Your cock is so nice," Tracey said. "So, thick, so veiny…I'm going to suck it hard….and you're going to feel so fucking good."

Harry could not believe a hot Slytherin was on her knees before him. Her warm lips parted around Harry's hard cock and shoved around them. Her lips worked down around him.

Tracey was pleased to feel Harry's hands exploring her hair, running his fingers down it. He certainly was pretty repressed, but Tracey aimed to help fix it. She worked her lips around Harry's massive, throbbing tool.

"Damn, you're so good," Harry said.

She figured Harry didn't have anything to compare it to, but Tracey thought her oral skills were pretty good, although this was the first actual cock she wrapped her lips around. Her tongue got plenty of a workout between Daphne and her younger sister, Astoria.

Harry experienced sensations far more wonderful than anything he had ever received in his wife. Tracey Davis sucked his cock rather hard and on the list of things Harry expected when going to meet with the Slytherin, this was very low on the list to be honest.

She pulled away from Harry's cock and squeezed it with a smile. Harry groaned.

"Not yet, big boy," Tracey said. "You're getting me hot and bothered….you don't mind if you let me get a little bit more comfortable?"

Harry shook his head and didn't mind at all to be honest. Tracey rose to her feet and undid her blouse the rest of the way. Harry saw a pair of round, succulent breasts exposed to him encased in a very lacy black bra. He moved down to show her toned stomach which was the evident of her working out.
"Touch me," Tracey begged him.

Harry reached over and squeezed her bra clad breasts. Tracey moaned, liking what she saw.

"You want more of them, take it…it unclips in the back."

Tracey wondered how long it would take for him to figure out how to unclip her bra. From what she heard, the bra clip in the back baffled a lot of wizards. All Tracey would have to do is wait to see what would happen next. She looked behind her and saw Harry’s questing hand reach behind her.

Harry unclipped her bra and allowed it to drop down to the ground.

'A wizard who actually can figure out the workings of a bra? Oh yes, he's a keeper.'

Two succulent jugs appeared before Harry's consumption. Tracey's body was tanned and beautiful, without any lines. Harry reached over and cupped Tracey's breasts in his hand, feeling them up, exploring them.

"Go ahead, touch them, feeling them, anything that it takes to get you nice and relaxed."

Tracey pushed Harry's face in between her breasts and he started to suck on them. The Slytherin reached between her legs and started to rub herself. Harry really managed to figure out what spots she liked to be sucked and fondled, and attacked them. His hands also reached around to cup her ass through her skirt.

"That can be yours, too," Tracey moaned.

Deep down within Harry's mild mannered demeanor, there was a sexual stallion just ready to burst out and take what he wanted. Tracey was glad she played some small part in dragging out this quality from Harry. He kissed her nipple, taking it into his mouth.

"Harry, sometimes it's custom to return the favor of a witch after she sucks your cock…so lower….lower….perfect."

Tracey intended to tutor him on potions, but this was much more practical. Plus, if she could get him relaxed and willing to learn, then the Potions would kind of work themselves.

Harry pulled back the thin strip of fabric, and pulled back Tracey's panties. He looked at her pubic hair which had been shaved in a lightning bolt. Harry raised his eyebrow when looking at Tracey.

"It's a very popular style," Tracey admitted. "But, before you go down on me, I'd like you to close your eyes, and think….imagine if my pussy was a snake you were talking to. Then I want you to stick your tongue in there, and talk to my pussy."

Harry had been surprised at this request.

"Is this supposed to be relaxing?" Harry asked.

"Trust me, it will be, for the both of us."

Tracey hoped her theory was right, because if it was, then every Slytherin girl would never give Harry a moment's of piece.

Harry's tongue parted Tracey's moist lips and slipped inside her heated mound. Tracey gasped the moment Harry poked his tongue inside of her and it started to shift around. It rattled, and it
vibrated.

"OOOH, SO FUCKING GOOD!"

Tracey's wet cunt squeezed Harry's tongue and he lapped up her juices. He started to speak, just anything which came to mind.

"You taste so good," Harry managed to hiss out, before doing the Alphabet, backwards, when eating her out.

Tracey started to thrash on the bed. Harry gave her pussy quiet the work out. His tongue stretched to areas where even Daphne could not go, and she was a good pussy eater, very good in fact.

"Morgana's dripping snatch, you're fucking amazing!" Tracey yelled.

Harry went down on Tracey who was screaming her head off from what he was doing. He shifted a tongue deeper inside of Tracey and kept licking her, making her feel really good.

He finished going down on Tracey, and pulled away from her. His face dripped with her juices. Harry wiped them up his face and tasted them. He looked down at the bed and down at Tracey, who looked up towards him with a devious grin on her face.

"There's only one thing you need to do, and we both know it," Tracey told Harry. I want you to take that big cock and fuck my brains out. Please, do it, you know you want to!"

Harry moved over towards Tracey and her pussy was ready for him. He leaned towards her, and put his hands on Tracey. His cock slid against Tracey's warm, willing slit. He gained a bit more daring.

"Just take it slow, because my pussy has never taken anything that big in there," Tracey said. "Unless, I tell you to fuck me hard, and then you better fuck me hard."

Harry smiled when lining up with Tracey.

"If I didn't know any better, you brought me here just to seduce me, and to have bragging rights of being my first," Harry said.

There had been a couple of times where Harry had come close to getting with someone, but someone always came by to ruin the mood. This time, Harry was at the edge of her pussy, ready.

"I've put charms around this room, no one is walking in until I'm done with you," Tracey said.

Harry took her word for it and also took the plunge inside her moist, wet snatch. Her tight cunt gripped Harry when he moved one inch at a time.

Tracey really wished she measured Harry's long cock, but she was pretty sure it was significantly above average. She wrapped her legs around him and her answered this daring little play by rubbing them.

"Davis, your legs are so soft," Harry said.

"I know," Tracey said. "Daphne says the same thing."

"As in Greengrass….are the two of you…"

"Wouldn't you like to know?" Tracey asked. "Just fuck my brains out….I better lose some bloody
Harry smiled at her words, and plunged his throbbing rod inside of the witch's heavenly sheath. Every time she squeezed him, Harry could feel something, a rush of energy, surging through his loins. He worked up and drove down inside of her.

"Yes, more, give me everything," Tracey begged him.

Harry most certainly wasn't one who would back down from a request. He cupped Tracey's magnificent breasts in his hands and gave them a squeeze. Tracey closed her eyes and legs around Harry, drawing him deeper inside of her. Harry deepened the thrusts with his balls rocking against her moist cunt.

"Right there, more, more baby, just more, a lot more!" Tracey begged Harry.

Harry smiled when shoving his thick rod inside of her. He wanted her pussy to hug him so tight, so he could feel it all night.

"You really like my cock," Harry said.

"What witch in her right mind wouldn't?" Tracey asked.

The two of them met together. Harry rocked himself down onto the desk and buried his thick, throbbing manhood inside of Tracey's pussy. She looked up towards him.

"Damn, Davis, are you in heat?" Harry asked.

"Call me, Tracey, you're fucking my pussy, we're on a first name basis, I think," Tracey said. "Oh sweet Morgana, I've never came this hard."

Harry didn't need Tracey to tell him that. Her hot walls collapsed around him.

"Harry, keep it up, don't you dare stop, don't you stop until you cum inside me," Tracey said.

She was on a potion, at least she thought she was. Tracey couldn't really recall anything with those throbbing hard balls bouncing off her gates. Tracey rose up further off of the table.

Harry wasn't intending to stop. She was like a drug, he had to indulge in. More thrusts inside of her body. He leaned up and kissed down her neck, while also pleasuring other parts of her body. His mouth returned to Tracey's breasts, taking them deep into his mouth.

Tracey gasped when Harry sent a few miniature climaxes through her body.

"Hope you're relaxed, baby," Tracey said. "Let all that tension out, please."

Harry's long rod penetrated, spearing deep inside of her body. Tracey could feel him stuff her. Her walls closed around Harry. Her feet rested at the small of Harry's back to encourage him.

"See all that tension built up, you need to get that treated," Tracey said. "It's what's making you so stressed out, but I can help you out, trust me."

Harry trusted Tracey. He aimed inside her pussy, with Tracey squeezing him so hard and fast. The two of them connected together with a pleasurable example.

"Yes, I know, and do you really want me to go all the way?"
"Yes, and more."

Tracey raked Harry's back and almost collapsed in a state of fitful pleasure. Harry's hands were everywhere at once, stimulating her body down to the nerve endings. She wondered if the Boy-Who-Lived knew exactly what I did to her.

"In me, I need your cum inside me."

Every time a wizard came inside a witch, it gave them a slight boost, or an even greater one, depending on how powerful he was. The untapped raw power inside of Harry would be a treat, as he continued to drive into Tracey, ramming inside her, and fucking her pretty raw.

Harry pushed his body onto her beautiful tanned body. He drank in the beautiful sight of the mewling goddess before him. Slytherins weren't so bad, especially when they were like Tracey, and maybe a few others.

So, maybe this school unity thing would be pretty good after all.

"I'm getting….oooh…"

Harry's magic held him back from cumming until the right time. Tracey exploded into a gusher around his cock and lubricated him. The path cleared for Harry to fire an immense load inside of Tracey's womb.

Tracey orgasmed hard with Harry absent mindedly playing with her legs and kissing her nipples, worshiping them like they were some divine entity. What really set her off was Harry attacking the spot on the side of her neck. Tracey gushed and relaxed Harry.

"Here it comes, oh baby, here it comes, right there!"

Harry's entry into Tracey's room was uninhibited, and the wizard expelled his seed inside her. The two teenage lovers went back and forth, with Harry expelling his seed inside of her.

The two of them pulled away from each other. Tracey rubbed her belly, and moved down to see how her thighs were sticky, along with the desk.

"I'd like to meet you every day before break on Potions, so we can get you nice and relaxed before class," Tracey said. "And if you perform well….in Potions, I'll make it worth your while."

"What do you have in mind?" Harry asked.

"Well, that would be telling," Tracey said. "But, I'm sure you'll like it."

Tracey smiled and kissed Harry on the lips. She could not wait to tell Daphne about her little tryst with Harry Potter.

Granted, Tracey wouldn't rub it in Daphne's face she got a piece of Harry before she did.

Okay, maybe a little bit.

End.
The second task of the Triwizard Tournament ended, and more than a few people questioned the wisdom of having a tournament task where barely anyone could see what was going on. The first task had been exciting, with the champions going against dragons. It was a very visual task. This task on the other hand, paled in comparison.

Eight years ago, France experienced a strange event the likes of which the country never saw in its life. A meteor shower which left the country shaken, but the most interesting item had been found by Appoline Delacour, that being a mysterious vessel containing a thirteen year old girl who was shaken and lost her home planet. Appoline took the girl in, as if she was her own daughter, and Kara was grateful, for having two sisters, even though she lost so much.

Kara arrived to watch the second task of the Triwizard Tournament. She had been interested in one particular young man, the youngest champion in fact who competed in the tournament. Something about this young man seemed very familiar to her, and his green eyes most certain enchanted her. They might have been seven years apart in age, but such relationships were not uncommon either on her home planet.

Fleur had lost in the task, and Kara almost freaked out. She had to be held back not to go into the lake herself to save her younger sister. Despite the fact she had been assured the task was safe, nothing was for sure.

Then he emerged from the lake, with Gabrielle underneath his arms, and Kara saw how he positively glowed with power. She saw how mature he was beyond all age. Kara had to get a closer look and also thank him for saving her sister. And Fleur would agree.

She dressed in a button up blouse which contained her large breasts, flourishing underneath the yellow sun. She wore a flowing black skirt as well which covered her stocking clad legs. Her legs and ass were in wonderful shape, Kara worked out a lot, even though she didn't need to. She would always be young and beautiful underneath the yellow sun. The size of her breasts showed how much power she had.

A light knock on the door followed. Kara answered it and found herself disappeared when it was only Fleur on the other end. Fleur dressed in a tight black robe, and Kara would be foolish not to acknowledge her younger sister was drop dead gorgeous. She had the perfect hour glass shape, breasts even larger than Kara's, although by her calculations, Kara would bloom even more. Her blonde hair shined, skin very flawless, and bright blue eyes which just burned with passion. Her legs were toned and silky smooth, because Veela only grew hair on their head. They were bare anywhere else.

"Fleur," Kara said.

"Hey, sis," Fleur said.

Fleur leaned in and gave Kara a kiss, which she returned. The two of them wrapped up in each
other, using their tongues to greet each other.

"You almost disappointed to see me?" Fleur asked.

"No, actually, I hoped Harry would accept my invitation," Kara said. "I want to thank him for saving Gabrielle."

"Well, great minds think alike," Fleur said. "I want to thank him and….also we might need his help with a little problem…..Gabi is going through the change."

Kara raised an eyebrow in surprise. Their mother was currently in what she figured was a heated argument with Albus Dumbledore and Cornelius Fudge about the task. Given how the enchanted sleep spell failed just before Harry pulled Gabrielle out of the water, Appoline was on the war path, and Kara hoped she didn't start throwing fire.

"The change, already, she's not fourteen for another few months," Kara said.

All Veelas looked like children until they could fully tap into their powers. Many mistook Gabrielle for an eight year old girl, something which annoyed the younger Veela like you wouldn't imagine.

"I know, but she's going through it," Fleur said. "I don't know what to do."

A knock on the carriage door caused Fleur to jump up. It was him, he was here, Harry Potter.

"I think he did it, when he rescued her," Fleur said. "He caused the change to happen prematurely…."

"Not bad for a leetle boy, huh?"

Fleur groaned, Kara would never let her live it down. Her older sister answered the door and saw Harry Potter standing on the other end of the door.

Harry thought about this task in the Triwizard Tournament, and how this entire mess of a year. He went down to the lake, and saw Ginny, Cho Chang, an eight year old girl who he knew was Fleur's sister, and one of Krum's friends down in the lake. The other champions were late, and Harry just couldn't leave them behind.

"Thanks for coming," Kara said. "My name is Kara, I'm Fleur and Gabrielle's older sister, and I'm so happy you saved Gabrielle."

Harry entered the room and pretty much came up to her breasts and they were a nice pair of breasts. It showed how tall Kara was as well.

"It's nice to meet you," Harry said, managing to look up from her breasts and look her from the eyes. "Fleur."

"Hello, Harry."

Harry tore his eyes away from Kara, and noticed Fleur dressed in a silky robe and he wondered how much else. Fleur closed her eyes and walked towards Harry.

"We want to thank you for saving our sister."

"She didn't need much saving, because….."
"Actually, right before you pulled our sister out of the lake, the sleep spell failed," Kara said. "So, you did need to save her."

Harry had been surprised by it.

"And we really want to thank you," Kara said. "May I?"

Fleur shrugged. "Age before beauty, sis."

Kara scoffed, her sister could be something else. Regardless, she moved towards Harry and leaned down before pushing him against her and giving him a kiss.

Harry had been surprised, he assumed Kara was a Veela, she was most certainly beautiful enough to be one. She didn't give off the same aura to be honest. Harry reached behind her and started to feel up her body. It wasn't the first time he had been with women. The Gryffindor Chasers dragged him off after winning the Quidditch Cup during his third year. Then there was Penelope Clearwater, who while drunk on wine and frustrated Percy didn't make a move, jumped him.

There were a couple of other decisions, but why worry about that right now, when there were two beautiful girls ready to give themselves to you right now.

Kara could feel his hands on her ass, and she smiled. His grip was strong, and she pulled away from Harry.

Fleur, anxious to outdo her sister, almost backed Harry against the wall and shoved her tongue down his throat with a very passionate kiss. The two of them met mouth to mouth with each other. Harry held the back of Fleur's head and shoved his tongue down her throat.

The passion increased between the two of them. Kara moved over towards the bed, unbuttoning her blouse, and letting it fall down onto the floor. She pulled off the strap of her lacy bra and allowed her bountiful breasts to come out into the wild.

Fleur pulled back from Harry and slipped off her robe, letting it drop to the ground. Kara removed her skirt as well, wearing only stockings, panties, and a garter belt.

Harry looked from both of them, Fleur dressed in lacy white lingerie which barely contained her large breasts while Kara dressed in red. Both of the sisters smiled and grabbed a hand before guiding Harry on the bed.

"This overdressed, you could get burned up," Kara said. "Plus, you want to get these clothes off as soon as plausible, because you wouldn't want Fleur to burn them from your body."

The two girls slowly and sensually stripped Harry. They kissed him on the side of the neck and also on the face, before working down his body. These warm lips and mouth ventured further down. Harry watched when they pleasures, worshipped his body.

Two older babes, hotter than the sun, sucking and licking every inch of his skin, boy did his saving people think come in hand sometimes. Both of them stripped off Harry's pants and took turns licking his abs.

"Wow, impressive for a little boy, wouldn't you agree, sis?"

Fleur rolled her eyes and took look at Harry's large, throbbing cock. It pointed out for her, and Fleur couldn't even, she just had to. It was so wonderful, her lips smacked together. Her lips needed to be around that massive, hardening rod.
'My god.'

He would be her god when he was done with her. Fleur's lips wrapped around Harry's manhood and she sucked him deep inside of her mouth, taking the first few sucks.

"Damn, that feels so good!" Harry yelled.

He never felt something so hot, so wonderful in his life. Fleur bobbed down onto his mouth and gave him a very audible blowjob. She slurped his manhood.

"We just want to thank you for saving our adorable little sister's life," Kara said.

Kara squeezed Harry's balls and weighed them in her hand. She moved down and licked Harry, running her tongue down. She took those swollen balls in her mouth and suckled on them. Kara batted her tongue against his ample balls before squeezing it hard and firm.

Harry took a deep breath, unbelievable this actually happened. Kara really showed how much she wanted to thank Harry, worshiping him, bringing those balls on their mouth.

Both sisters took turns licking Harry's extended cock like a popsicle. Kara ran her tongue over the head while Fleur licked the shaft.

"He's very hard, he'll feel really good," Fleur said. "Whoever makes him pop gets first dibs?"

"You're on."

The competitive nature between the two sisters proved to be Harry's gain. Kara bobbed her throat down onto Harry's. Harry marveled at her neck muscles and throat strength. She could take him pretty deep inside her throat. Kara bottomed out his cock.

Not to be outdone, Fleur sauntered over towards Harry and took his manhood deep within her waiting throat. She popped him into her throat, slurping him down. Fleur needed more of Harry than ever before down her throat. She bobbed up and down on him, running her tongue down his hard cock o the way.

Both of them worked his cock, sucking for several minutes before trading off. They enjoyed Harry's great stamina, it proved well.

Suddenly, a third set of lips found their way around Harry's cock. Harry had been taken off guard, as had the two other sisters. This girl looked up, the beautiful, naughty nymph she was. She rose up and down on his cock. Feathers fell off of her face, and a brighter, perfect skin appeared.

She was completely naked as well, not clad in lingerie. She took Harry's cock in her throat, worshipping him and also squeezing his balls hard. The sorcerer closed his eyes and his balls clenched when shooting a thick level of cum in her face.

Fleur and Kara looked on, in awe, and also a bit of irritation, when the third girl rose to her feet. Her breasts were smaller than her sisters, but no less perky. She had a flat, smooth stomach, with a nice hip to waist ratio, and long legs, with a thick, juicy ass. Her cunt had been bare of any hair.

"Hello, Harry," she said. "My name is Gabrielle, thanks for saving me."

"Wait, you're Gabrielle?" Harry asked.

Didn't she look like she was eight years old not even six hours ago? Now, she looked like she was
sixteen, maybe seventeen years old, only slightly less mature than her two sisters.

"Yep," she said. "You see, when puberty hits Veela, it hits them rather hard and fast…"

Gabrielle stroked Harry's cock and brought it up to full hardness. She showed Harry the seed spilled on her tongue before making a production out of swallowing it.

Harry looked at the sultry vixen, the young girl in the lake which he saved in the lake, turned into a young woman. She moved towards him.

"I wasn't due to go through the change for another five months, but I'm not a patient girl. And I take what I want, whenever I want it."

Gabrielle moved closer towards Harry, wrapping her legs around his thighs and beginning to grind her dripping cunt down on his extending prick. He swelled and eased ever so closer to penetrating Gabrielle's tight hole. It lubricated Harry's length with her juices, rubbing up and down on them.

Kara and Fleur realized they had been outfoxed by their younger sister. They would let her have her moment, given it was best to let her go through the final stages of the change.

Fleur looked towards Kara, seeing her sister's beautiful breasts out there ready to grab. She tried to use her Veela allure to entice Kara.

Kara looked towards Fleur, and Fleur backed off. She had the same innocent look on her face like she did whenever her mother caught her trying to sneak in some pre-dinner sweets.

"Fleur, what did we tell you about trying to use your Veela allure on your sister?" Kara asked.

Fleur realized she would pay for it. Kara grabbed Fleur by the face and gave her a sensual kiss, before dragging her onto the bed. Kara pinned Fleur down on the bed.

"While Gabi's having her fun, I'm going to have my fun," Kara said.

Kara rubbed her sister's pussy lips, picking up an amazing amount of friction. Fleur's tight, smooth snatch was ready for him.

Harry rubbed Gabrielle's lips and parted them before she lowered him. The most pleasurable sensation ever surrounded Harry's cock when Gabrielle's pussy slipped down onto him. The beautiful, untainted Veela lowered down onto him.

"Nice to see my two sisters are able to keep themselves busy, until they get their turn."

Gabrielle's soft legs wrapped around Harry's waist and she slid more of his cock inside of her. The feeling of her moist vice closing around him made things really good as far as Harry was concerned.

Fleur had been rolled over on her hands and knees for Kara. Kara pushed her fingers deep inside Fleur and finger-fucked her at super speed. Fleur grabbed onto the bed, groaning and thrashing.

The warmth of her sister's gripping cunt made Kara only more intense. She reached over and grabbed Fleur's breast with a free hand, giving it a nice squeeze. Fleur gasped in pleasure when Kara gave it a squeeze.

"Right at my mercy, like you want, isn't it?"

Fleur answered with a nod, having no choice but to accept it. Kara took her fingers deep inside of
Fleur and rubbed her completely to the point, but then pulled out before Fleur could have her climax.

Harry caught a bit of the show which heated up. Nothing compared to Gabrielle's moist, warm, cunt sheathing his cock deep inside of her. The goddess brought the tip of his cock deeper inside, and rose up, before driving her hot lips down on him. Harry reached up to caress her breasts. Gabrielle bit down harder on her lip and brought him deeper inside of her.

"Yes, right there, play with those breasts, they belong to you, my love," Gabrielle said.

The feeling of mating to a powerful wizard excited Gabrielle, but one fact excited her even more. The powerful wizard was going to mate with two Veela and a Kryptonian all in the same night. It was not bad work if you could get it.

Kara rolled Fleur over on the bed. Fleur tried to gain some semblance of control, but it was obvious where they both stood, who had been on top of this relationship. Their cunts ground together.

"Eat my pussy."

Suddenly, in a blink of an eye, Kara's dripping wet pussy shoved over Fleur's eager mouth. Fleur grabbed Kara's hips and pushed her womanhood into her mouth. The warm, taste of these juices spilled into Fleur's mouth. She extended her tongue, showing how flexible it could be. Another perk of being a Veela, able to contort your tongue in those places which drove their lovers nuts.

Kara thought her sister deserved a reward and leaned down. They completed the sixty-nine position, with Kara sliding her tongue back and forth over Fleur's gushing slit.

"They're hot, aren't they?" Gabrielle asked.

Harry couldn't argue, but Gabrielle demanded a lot of attention. Her fingernails dug into Harry's back, drawing blood when she drove higher and higher down on him. Gabrielle's wet snatch squeezed Harry and the orgasm was even more vocal than ever before.

"I knew you'd have a big cock all for me," Gabrielle said. "Stretch my tight little veela body out….shoot your seed in me, I'm yours."

Harry smiled when leaning in and getting access to Gabrielle's neck. Gabrielle closed her eyes and allowed Harry to kiss and suck the side of her neck. Very few wizards could leave a lasting mark on a Veela.

"Mark me, I want every to know I'm the property of Harry Potter!"

Gabrielle gasped out his name when a hell of an orgasm entered her body. She drove herself down onto Harry. The moment he came inside her, she would lose it.

Harry held Gabrielle tight to him. He stretched out the beautiful blonde when she bounced on his cock. Every inch of her body was soft, and he just had to play with the skin.

"You've grown up, nicely, Gabi."

"I know," Gabrielle said.

She continued to worship her hero with her body, rubbing her breasts against Harry's chest and then bouncing them in his face. The young Veela squeezed Harry's hips.
"I'm thirteen by the way," Gabrielle sent. "Well, in human years at least, but we're anything but human."

Harry would have to agree, the sensation of her tight cunt squeezing and milking Harry's rod deep inside of her body was beyond anything Harry could ever feel in his life. He worked inside of Gabrielle, bringing his throbbing balls against her.

"Yes, I can see," Harry breathed.

She stretched around Harry, bringing his throbbing hard cock inside her body with one more drop. Gabrielle bounced up and down to take Harry into her.

"Don't hold back, just let go," Gabrielle said. "There will be plenty more...for Fleur and Kara."

Gabrielle's body entered a loop of orgasms. Every time the pleasure hit her body, it was very intense. Harry grabbed Gabrielle's thick rear and squeezed it. She brought her full body down on Harry's shaft and dropped down upon his balls.

Every single pump brought more of Harry's long rod inside of her tight, smooth womanhood. The wizard rubbed Gabrielle's nipples and squeezed them.

"Please, cum inside me."

Gabrielle reached the highest peak and slammed down on Harry. Energy from her loins surrounded him. Her muscles squeezed Harry very tightly.

Harry could feel a pleasure beyond anything when Gabrielle stimulated every single nerve ending in his body, spreading out with his cock with her pussy. The pleasure of his body surrounded with one orgasm.

"Just one of the many benefits of a Veela, they can make you feel really good, even when your day has been pretty shitty," Gabrielle murmured.

Harry just rolled with it, rolling his fingers over her breasts and squeezing them. Gabrielle bounced further down onto Harry's hard, throbbing pole when it shoved inside her body.

Almost there, Gabrielle could feel it. Her warmth surrounded Harry rocking inside of her body.

Kara climbed on top of Fleur and jack-hammered Fleur's pussy with hers. Fleur could take the friction of being drilled hard. Her pussy might have gotten fucked raw. Kara reached down and threaded her hairs.

"You're next, to get that big cock inside you," Kara said. "Hear much Gabrielle is screaming when she's coming?"

Fleur heard it and her sister in the moment made her horny. It wouldn't surprise Fleur if Gabrielle's aura was actually stronger than Fleur's. The very thought just made Fleur's nipples stand up at attention. Kara helped her and kissed them.

"Our little sister has turned into quite the minx, over night," Kara said.

Fleur would have made a comment about how this could be made very literal, but she couldn't. Kara suckled her nipple, and slid her tongue over it.

The moment Kara finished off Fleur, she watched the last few seconds. Gabrielle drove herself
down on Harry's crotch and those balls finally gave way.

The feeling of cumming inside a beautiful woman like Gabrielle defied all explanation. Harry grabbed her and thrust into her, riding out his orgasm. Gabrielle encouraged him with light, sensual moans when coming down on his cock. She pumped him, grabbing him.

Gabrielle intended to drain every single last drop of cum from Harry's balls before she burned out. She got pretty far, but it was still rather new to her, despite the natural instincts ingrained in a Veela mind. She pumped Harry a few more times before sliding back from him.

Kara moved back from Fleur and grabbed Harry's cock, which was still half-hard. The beautiful blonde used her sister's juices as lubricate to give Harry a handjob.

Harry looked up and saw Kara, stroking his hard cock.

"Oh, I'm not next, just helping speed along the process," Kara said. "You remember what Fleur told you...the night of the Goblet of Fire drawing?"

Kara's sensual, strong hand worked Harry's love muscle. She briefly ensnared his cock inside her warm breasts to speed up the process.

"She called you a little boy," Kara said.

"I'm sure she was upset..."

"I love my sister, but she needs to learn how to show the proper respect to her superiors sometimes," Kara said. "Go over there, and show her how much of a little boy, you aren't. Drive that big...manly cock in her snug cunt, and make her cry your name until she passes out."

Kara finished pumping Harry's cock and pulled away. She left him very horny.

"And after you're done fucking her senseless, it will be my turn," Kara said. "Don't worry, I'll help Gabi clean up...I'm used to cleaning up after the mess my younger sisters left behind."

Kara got on her hands and knees and Harry saw an unrestricted view of Kara's round, luscious, bum. He looked and saw Fleur on the bed, spread eagled, pussy lips primed for him.

Harry decided to have his fun with Fleur first. He climbed on top of the Veela vixen, his hard cock brushing against her stomach.

"Harry, don't tease me, I'll die without your cock."

"Well, Fleur, surely you don't need a little boy to help you get off."

Fleur knew that comment, made out of anger because she was frustrated how she worked hard in the Triwizard Tournament, preparing for two years, and then Hogwarts got two champions. After she cooled down, she realized who she just insulted, and she was very mortified.

"Harry, I'm sorry," Fleur said.

Harry's fingers lightly caressed her body and shivers spread down Fleur's spine. He slipped his fingers beneath the small of her back. He saw it was a sensitive spot so he kept rubbing his fingers.

"Really, you've had four months to apologize to me, and you didn't now?" Harry asked. "Maybe, my cock isn't good enough for you. Maybe I should just fuck Kara while you watch."
"No, your cock is good enough for me!" Fleur yelled. "It's better than good….better than I deserve….I want it so bad….I need it…please Harry….please fuck me!"

Harry felt almost bad at making a Veela beg, almost driving her to tears. Almost, but she did blurt out the little boy crack, and Harry wasn't going to let her get away without her.

"I'll be yours, to do anything you want to me, for however you want," Fleur said. "I'm really sorry, my mouth says the most stupid things….now please, fuck me."

Harry pushed his throbbing cock head against Fleur's dripping entrance. The Veela's pussy stretched out to engulf all of Harry's throbbing hard cock.

"YES!"

The Veela closed her eyes and could feel the sensation of a nice, thick, throbbing cock being buried inside of her warm sheath. Harry grabbed her hips and kept working his way inside of her. Every time his cock touched her insides, it was like pure magic to Fleur.

Harry smiled, feeling this warm, tight sheath of flesh around his cock was better than most things. He picked up the pace and tortured Fleur with a few slow thrusts. Fleur closed her eyes and showed her very obvious pleasure.

"Maybe I'll release your arms and legs, but not until later."

Fleur didn't care now, all she cared about was Harry using her pussy as his own personal pleasure outlet. Every time he rose up, those thick balls slapped down onto her pussy.

"Mmm, mmm."

Kara parked herself in front of Gabrielle and slid her finger inside the tight pussy of the youngest of the three sisters. Young did not mean she wasn't dripping with lust though. Kara slowly scooped out some of the juices and sucked them down.

"A pretty good taste," Kara said.

Gabrielle moaned when Kara kept working her finger inside of her dripping hot pussy. The super-fast finger flicking made Gabrielle's hot walls expand and contract around him.

"Yes," Gabrielle mewled. "Please, sister…"

The hard pounding of Harry's cock buried deep inside of her only stoked Gabrielle's hunger, it only increased her lust. She wanted more, she had to have more. Kara pushing her finger deep inside of Gabrielle was intense.

Kara decided to give her younger sister all the love she could and shove another finger inside of her. Gabrielle's wet walls closed around Kara's probing digits. A few pumps inside of her later, and Gabrielle really was screaming.

The screams coming from Gabrielle because of Kara's pleasure had nothing on the screams coming from Fleur. Harry pushed deeper inside of her pussy and slowly worked her up to the edge of an amazing orgasm. His throbbing hard balls bounced off of her.

Fleur wished she could wrap her legs around Harry and encourage him to bury his amazing, his hard fuck-stick inside of her. Those thick juicy balls filled up with so much cum Fleur almost broke because of the thought of having it buried inside of her. Harry held onto her and started to slam into
"Pretty good for a little boy?"

The Veela didn't answer on the account of Harry now grabbing her large melons and giving them a nice squeeze. The moment Harry started playing with her nipples, her pussy grew tighter and snugger. Harry held on for the ride, pumping his immense length deeper inside of Fleur.

Her back arched and their hips met together. The friction between the two of them grew more heated. Harry had Fleur at the edge and would not let her slide off this easily. His mouth and hands caressed her breasts while squeezing on it.

Gabrielle found herself under the mercy of Kara's vibrating tongue. The horny Veela wrapped her strong legs around her sister's head to encourage this behavior. She watched Kara and Fleur have their fun in the past, and now Gabrielle was getting some of what she always dreamed about.

The peach taste coming from Gabrielle's dripping hot snatch made. Kara's tongue rotated deeper inside of Gabrielle and got out more than the forbidden tastes.

The fact their sister cursed up a storm in French as Harry drove his thick rod inside of her made things more intense.

"You've been a good girl," Harry said. "You may have your arms back."

Fleur's arms released from the bed, thinking this was far better than she expected. She reached up and ran her hands down the back of Harry, to feel the muscles. His young body kept pushing onto hers.

Harry smiled when feeling Fleur work the muscles in his back and also move around to cup his ass. Soon, she might get the use of her legs back.

Fleur thought every time Harry bottomed out in her, she felt new pleasure. There were spots which she didn't know made her feel this good which ended up getting simulated. Harry's finger encircled her breast before he pushed the stiff, juicy nipple into her hands.

The small bit of warm milk spilling into Harry's mouth was surprised. He recalled reading, somewhere, Veelas lactated when excited. Harry grabbed her round breast and sucked down the juices from it. Fleur closed her eyes, working her breast into Harry's mouth.

"Keep sucking them, they belong to you."

Gabrielle fell back onto the bed, and Kara took her round breasts in hand and squeezed them.

"Puberty has been kind to you, little Gabi," Kara said. "Would you like your big sister to suck on your nice plump titties?"

Gabrielle nodded eagerly, and smiled. Kara held onto Gabrielle's breasts and squeezed them. She breathed heavily, and Kara leaned in, teasing her nipples with a light flicker of the tongue. The young Veela's body warmed up in excitement the more Kara played with her stiffening nipples.

"Yes, Kara..mmmm."

Kara wrapped her mouth around Gabrielle's right breast and suckled in it. She wanted to make her excited enough so she could taste her Veela milk. Kara squeezed Gabrielle's breast.
"I want to…suck yours too, Kara."

Gabrielle thought Kara's breasts were beautiful and she fantasized about burying her face in between them for hours while her big sister pleasured her.

Harry released Fleur's legs so they could wrap around him. Her soft smooth legs wrapped tighter around Harry the further he pumped inside of her. He ran a finger down her thigh which made her shiver in response.

"Yes," Fleur murmured.

The Boy-Who-Lived paid special attention to Fleur's legs, knowing how silky and smooth they felt underneath his hands. He rose up and pushed himself into her while running his strong hands down them. Every part of her flesh was so soft, and Harry needed to kiss the back of her legs while they kicked in the air, so he did.

"Baby, keep it up…RIGHT FUCKING THERE!"

The sensitive spot on the back of Fleur's leg resulted in a hell of a gusher. Fleur never had an orgasm this intense before, and the fact Harry brought it to her made her just feel that much hornier. Harry rammed his thick rod inside of her.

Harry worked himself inside her harder, and harder. His balls throbbed ad were about ready to release their essence deep inside of her. But, not yet. Harry vowed to ride Fleur through several more orgasms, exploring her warm insides as much. The pleasure rubbing down on his cock made things really good though.

Fleur's limits would be tested today, and nothing got a Veela more wound up than having someone who could bring them through multiple orgasms.

Gabrielle sat on Kara's lap when having her breasts pushed into her mouth. Those warm breasts got suckled on from the Veela, who looked determined to show her love towards her adoptive older sister.

"Baby, go ahead and suck them all you want," Kara said.

Kara watched lazily, seeing Harry drive into Fleur. Fleur's body squirmed and creamed underneath Harry. Those big thick balls danced all over Fleur's entrance.

'It won't be long until he's inside me now.'

Harry steadied himself and drove into Fleur. He pounded her pussy like it owed him money. Fleur responded by raking her fingernails down the back of his neck and arching her back. More screams came every time Harry rocked her tight, young body.

"Yes, oh, yes, baby, give me all you have," Fleur breathed.

"After you."

Fleur came hard and squeezed Harry's cock. She wanted to milk the seed for everything it was worth. The best thank you she could think of for saving her sister's life.

Harry rode out the orgasm and could feel his balls twitch. He buried himself inside Fleur and came undone. The milky discharge started to fill her pussy. Harry grabbed onto her, and pumped his load inside, each blast of seed spraying Fleur's warm, tightening womanhood.
The two of them exchanged warm bodily fluids. Harry continued to pump inside of Fleur, driving her to orgasm after orgasm. An insane amount of seed flowed through Fleur.

One Triwizard Champion dropped down from the bed, eyes glazed over, and panting in pleasure. Milk dripped from her aching nipples with seed spilling from her cunt.

Harry pulled out of her, his cock coated with Fleur's juices.

Kara smiled, finally, what she wanted. No one could accuse her of not being a giving older sister for not letting her sisters have a chance.

"Gabi, go play with your sister," Kara said.

Gabrielle smiled, play had a different meaning now she went through the maturity.

Kara smiled and seductively crawled towards Harry. She moved closer towards him, resting a hand at the base of his balls.

Harry watched when the seductive blonde edged closer towards Harry. Her warm lips encircled his head and she sucked him. Kara fed off of her sister's juices, wrapping her tongue around him. The warm and wet tongue made Harry's cock harden even more.

Kara smiled when feeling Harry's hands take hold of her blonde locks. His cock came inches close for parting her lips. Kara didn't want it to, well not yet anyway. Sooner or later, Harry's cock would find a home inside of her wet pussy.

"Show me what you got."

Kara turned around, and showed her ass and pussy to Harry. The wizard hardened when going over towards Harry.

"Go ahead. I need you to fuck me. I need it worse than anything else."

Harry walked over towards Kara, her pussy primed. It looked pretty tight, and he wanted to be inside of her. He pushed into Kara, instantly loving how her cunt squeezed him.

Gabrielle crawled on top of her older sister, and smiled. She put her mouth on Fleur's hardened nipple and sucked it, smiling.

"You're a mess, aren't you, flower?" Gabrielle asked. "Harry wrecked you pretty good…..but you like it, don't you?"

Fleur gasped when Gabrielle put a surprising amount of pressure on her nipple. Milk oozed out and Gabrielle leaned in.

"For all you act like you're the Alpha Veela, you love being on the bottom," Gabrielle said. "You love being dominated, don't you?"

Gabrielle raked her hands down on Fleur's body and then moved them up to her face. Her legs scissored around Fleur's when giving her a sexually aggressive kiss.

"No need to say anything," Gabrielle said. "You're a bottom who pretends she's a top. But, it's fine, when you're in public, I'll humor you."

Gabrielle smacked Fleur's bottom which caused her to drip.
"Behind closed doors, it's another matter entirely."

The newly mature Veela exerted her dominance over her older sister. Fleur submitted to Gabrielle's actions, begging her, in muttered French. Gabrielle's tongue shoved deeper into Fleur's mouth and she ground up against her pussy. The Veela Alure Gabrielle forced onto Fleur almost made her feel like she was being split in half by a huge cock just by Gabrielle shifting herself over Fleur.

Harry worked a steady momentum inside of Kara. She clamped down onto her.

"I can do this all day," Kara moaned.

He cupped one generous breast and leaned up. Kara turned around and met Harry with a passionate kiss when he plowed inside of her. She wanted him to bring his cock even deeper inside of her.

"I hope so," Harry said. "Your sisters are having a lot of fun."

"Yes, it's how Veelas roll," Kara said. "But never mind, fuck me hard….really work my tight cunt."

Harry gave Kara a workout she wasn't going to forget for a very long time. He speared into her. Every time he went inside of her, her sheath encircled him. Harry's balls throbbed harder. Kara was hotter than anything ever experienced, and tight as well.

Kara grabbed onto the edge of the bed. She smiled when Harry's hands grabbed her toned ass before shoving into her body. His hard cock pushed into her hard. Her friend Diana and her collection of toys, never once set up Kara for what was coming next.

The sorcerer almost pulled out of Kara and then plunged inside her. He rode out her pussy until it started to squeeze him tight. Harry could feel pleasure beyond anything. He shoved into her tight, warm, sheath.

"So good, you feel so good," Harry said.

Harry's hands explored everywhere on Kara's nice, toned body. He reached underneath her and squeezed Kara's breasts. Her nipples fit nice between Harry's fingers. He shoved deeper into Kara. He welcoming cunt grabbed onto him, and held him very tight.

"I know, I feel good, you feel so good as well," Kara told him. "Just keep it up, please, don't slow down. I don't want you to slow down, ever."

Harry had no intention of slowing down. He sped up and drilled Kara harder than ever. His balls throbbed. Kara's warm fluids coated his already well lubricated cock. He pushed deeper inside of her.

Kara thought he was gaining more momentum. Those balls sure felt nice brushing against her, and it gave her an idea of what was to come.

Gabrielle matched Harry's motions in Kara on Fleur by driving herself in. Fleur grabbed onto the back of her sister's head and tried to push it into her breasts.

"It's cute how you think you have control."

She flickered Fleur's nipples before pinching them hard. Gabrielle twisted Fleur's hardening nipples and then leaned in, to suck them hard. The warm milk cascading from the made Gabrielle grow extremely horny. She licked Fleur's nipple and kept sucking the fluids down.
"Mmm, yes, right there," Fleur mewled.

Harry pushed his rod into Kara on the edge of the bed. A wicked idea entered Kara's head.

"Harry, please, pull out of me, and lay on your back," Kara said. "Trust me, it will feel good."

He slipped out of Kara and rolled onto his back. Kara slid on top of Harry, making sure her legs secured him by the hips. Kara reached up and lined her dripping hot pussy down on him.

So far, so good, with Kara driving herself pussy first down onto Harry's extended cock. Kara held onto Harry and pumped him up and down.

Harry enjoyed having her riding him, especially when it gave Harry access to her breasts. He reached and squeezed them. Kara shoved more of her chest into Harry's hands.

"Take them, and fondle them, make them yours, baby," Kara said.

Kara prepared for the main event.

Harry looked up in surprise and found himself off of the bed. His body laid, held straight in between Kara's thighs. She pumped his cock in mid air. The friction of the air resulted in an amazing feeling Harry never thought he would have in his life.

Then, Kara descended down onto the bed, with Harry. She brought herself down onto him and caused every single nerve ending in Harry's body to explode into a cascading effect of pleasure.

"Feels good, doesn't it?" Kara asked.

"Yes."

Kara smiled when she guided her young lover towards her round breasts to have them sucked. Harry dug into them and feasted on Kara's juicy nipples like a starving man. She encouraged the behavior by stroking Harry's hair.

The two of them lifted off of the bed one more time, with Kara grabbing Harry's hips and rocking them up and down. His hands moved down to her side and thrust up into Kara. Kara had to take extra care not to drop Harry the hard way. The intensity of being screwed this hard when hovering up against the ceiling made Kara's nipple harden even more in Harry's mouth.

Gabrielle pulled away from Fleur momentarily to watch the show. The two of them flipped over, with Kara and Harry dangling upside down in mid-air. Kara and Harry exchanged thrusts. Both sisters watched eagerly, before Kara turned Harry around.

Both descended down on the bed again. Kara brought Harry up a slight amount and shoved down onto him. Her moist pussy closed around him.

Harry looked up towards Kara who was rising and falling on him. Every time she wrapped around him, he twitched, getting harder inside of her.

He wouldn't dare cum inside of her without getting another chance to feel up every inch of Kara's nice, warm body. His hands raked over her nipples and he touched them. He squeezed them in hand, and Kara gasped, moaning the more Harry ran his fingers over them.

"Yes, right there, there's a good spot, keep it up," Kara panted.

Kara had been wound up so much she almost lost it. Energy surrounded her core to pleasure the
hard breeding rod inside of her. Harry pushed up even more.

Finally, Gabrielle returned to Fleur and assaulted her sister with a series of thrusts inside of her, using her fingers and tongue. All Fleur could do was scream and squirm.

Fleur didn't know why it turned her on to be dominated this much, but she wasn't going to question it, not wanting the orgasms to stop coming.

Kara bounced even higher on Harry. She could feel him throb inside of her. The Kryptonian survivor craved the seed burying inside of her.

"I can't thank you enough," Kara said. "And with how long you're holding out, I don't think I can ever thank you enough."

The sexy smile Kara flash punctuated this statement and almost caused Harry to become undone. He pushed into her. Kara threw her head back and moaned several more times. Harry pawed her breasts and just got more intense.

A man with the strongest will had his breaking point, sooner rather than later. Harry pushed his hard manhood into Kara. Her sheath clamped down and released him.

The two exchanged one more orgasm. Harry came so hard, white spots appeared in his eyes. Judging by the moaning coming from Kara when she bottomed out on him, the orgasm was similar to her.

Kara's body rocked when her pussy had been stuffed full of Harry's dripping hot cum. She rode Harry until completion. Her warm muscles milked Harry's hard cock until completion. Kara saw constellations when coming down from a sigh.

The oldest sister dropped down onto the bed, with a smile, her pussy dripping with cum, stuffed full of some of the thickest, juiciest seed known to magical kind.

"I don't think we can ever thank him enough," Gabrielle said. "But, we don't want to thank him too hard, do we?"

"No, we shouldn't break him," Fleur said. "But, good thing he's pretty durable."

The three sisters encircled Harry and gave him light kisses, caressing his muscular body, until it was time to have their fun once again.

---

End.

Final Chapter of 2016. More to come in 2017. I think it's a pretty good spot to end for 2016, with Chapter 100.

Alice waited patiently for her mysterious suitor to arrive, as he did every two weeks, exactly on the dot, and exactly at midnight. The ageless vampire looked on, beautiful, stunning, with dark hair which shined underneath the moonlight, and a beautiful face. Her firm body slipped inside of a sheer negligee, which had been topped off by a lacy black thong, a garter belt, and stockings.

The vampire watched the final embers of the fire burn off, waiting for what would be an interesting evening. He would arrive at midnight, sometimes a few minutes before, but rarely after. He never was late. Alice's touched the side of the chair she sat into.

A flicker of light in the darkness appeared. She saw the young man, green eyes shining in the shadows. Alice smiled when walking towards him. The gentleman's aura pulsed and would ensnare any woman, whether she be human or otherwise, in a trance.

"Harry," Alice said.

She only knew this marvel as Harry Potter.

"I told you I'd be back," Harry said.

Alice moved closer towards him, ensnaring him in a burning kiss. Their tongues met together hungrily, and Harry moved his hands down to touch her lower back. Then they shifted a little bit further, not Alice minded. His hands manipulated her body like physician doing surgery. She wanted even more, needed even more.

Harry backed Alice closer towards the bed, and he moved back. He dressed in a nice silk shirt and a pair of tight leather pants which were very fetching on him.

"Yes, you keep your promises, "Alice said. "And yet, every two weeks, no matter how good you treat me, you always keep me wanting more."

Alice only had the slightest idea what he was. Amazing was a pretty good word. Harry sat down next to her on the bed and grabbed her hands before moving in and kissing her hard. Harry moved his attentions to the side of her neck, suckling on the flesh.

The vampire sighed when the powerful gentleman marked the side of her neck, with sucks, and love bites. His tongue kept brushing against her flesh. Alice's nipples hardened underneath her night dress. Harry leaned her back on the bed and kept suckling on the side of her neck.

"Yes, right there," Alice murmured underneath her breath. "Take me, right there."

Harry continued to suck the side of her neck, and then moved down to kiss her collarbone. Harry could not have enough of this very lovely flesh. He kissed her, and could feel the passions just burning off of her. Harry reached in and pulled down the straps of her top.

Cool air blew over the tips of Alice's nipples. Harry leaned down and captured one of them in his mouth, suckling on the hard nipple. Alice sighed when Harry suckled on her nipple, and then
moved down, brushing his fingers against her firm stomach.

"Harry!" Alice moaned out.

Harry reached between the legs of the immortal beauty and started to rub her pussy. Energy sparks shot through Alice's body. She never felt so alive. Harry pleasured every inch of her body, and it was just the preliminaries to be honest.

The moment Harry pulled away, Alice collapsed on the bed. Left in daze for a moment, Alice managed to just pull herself up. She attached her fingernails to the front of Harry's shirt and pulled it off. She wrapped her stocking leg legs around Harry's thighs, straddling his lap. Alice leaned in with hunger dancing through her eyes and began to kiss Harry on the lips, suckling them.

Harry secured the back of Alice's head and pushed his tongue into her mouth. Their salvia intermingled together with a nice kiss, with Harry rubbing the back of Alice's neck. Alice shifted against Harry, smiling, and pulling away from him.

A strand of salvia tantalizingly connected with their lips. Alice leaned down and kissed Harry down on the side of his neck. She sank her fangs into the side of Harry's neck, giving him a very loving bite, when Harry brushing down on the back of her neck.

It was a sigh of trust Harry allowed Alice to suck his neck like this, and she appreciated the nourishment. Nothing made her feel so good, with Alice pulling away from him, and then licking her lips, before moving down. She kissed Harry's abdomen, working further down.

"There's something else I want my lips wrapped around."

Harry chuckled. "Help yourself."

Alice undid Harry's pants and pulled them down. She slowly, sensually, slid his boxer shorts down. Alice looked up towards him with hunger, her eyes flashing. Her pouty lips wrapped around the head of Harry's cock, tasting it. The fluids coming out of it made Alice feel even better. She worked further down onto Harry, wrapping those warm lips around the tip of the head, and starting to suckle Harry.

"Right there, good job."

Harry leaned in to enjoy Alice's lovely lips engulfed around his cock. He threaded his fingers through the back of her dark hair and encouraged her to further bring her mouth down on his cock. She did, bringing his hard cock into the depths of her warm, wet, willing throat.

He grunted, when feeling Alice working over him like it was no one's business. Alice slurped, sucking him harder. Harry leaned in, grabbing the back of Alice's head and shoved an immense amount of cock into the back of her tight throat.

Alice sucked him, even harder. She reached down and cradled his balls for a few seconds. The vampire's body hummed, wanting the seed to be shot down her throat. She would not back off for any reasons.

"Keep sucking, you're about to get your reward."

The beautiful brunette redoubled her efforts, sucking Harry down. Alice gripped Harry's throbbing hard balls and squeezed them. She wanted his seed very badly.

Harry leaned back and allowed her to go to town on his cock, like a starving woman trying to get
something to eat. The build-up in his balls would be a very interesting surprise for her. He brought his thick rod deeper into Alice's throat, stretching out her hot throat.

"Better get ready, I can't hold out much longer," Harry told her.

Alice engulfed the base of his cock, and sucked him even deeper. She wanted every inch of his juicy cock submerged in the back of her mouth and throat.

"Mmm, mmm, mmm," Alice moaned, sucking Harry down.

Harry held onto the back of Alice's head, and rocked his throbbing length into her mouth. The build-up in his balls nearly hit a fever pitch.

Alice knew the end was here, she could sense it and she re-doubled the intense cock-sucking. His throbbing cock almost burst in her mouth from the efforts given by the vampire. Her fingers brushed against his manhood.

"Here it comes," Harry said.

Several spurts of cum blasted inside of Alice's mouth. His hips struck against her jaw, and Alice just kept sucking him down, like it was her last meal. The tasty seed made her entire body light up with pleasure, and made her want to be stuffed full of cum even more.

Harry enjoyed the feelings of lust cumming off of this sexy vampire. He took the back of Alice's head and rocked deeper into her mouth. Alice looked up towards him, hunger dancing into her eyes.

She pulled off, running her fingers down Harry's chest, before slowly running a finger down his length. She collected droplets of cum on her fingertip and turned it around. Alice brought the finger into her mouth and sucked it down, smiling. Her tongue twirled against her finger.

Alice climbed on top of Harry to straddle him. She gripped his cock with a smile.

"I need this inside me."

Alice would burn up like a super nova if she didn't have her lover's cock inside of her right now. Harry took Alice's hips and guided her on top of her.

"I wouldn't dare.....pass up a chance to fuck your tight pussy."

Harry grabbed onto Alice's hips and shoved her moist womanhood down onto her. Alice wrapped her legs around Harry, rubbing them down his side. Harry returned the favor by stroking her through the stockings.

"They feel so amazing," Harry said.

Alice bounced on Harry, smiling, driving his thick cock into her. She leaned in to nibble on his shoulder and neck when bouncing up and down on him. Harry grabbed her and guided the descent and ascent. Alice brought herself up and down on Harry.

She loved the ride, and he loved her riding him. His strong cock pierced into Alice's very tight sheath. She was super tight, then again, it had to do with what she was. Harry ran his fingers down her back and made sure to touch all of those spots which got Alice's motor running.

Alice threw her head back off of Harry's shoulder and let out a very unrestrained moan. No one
would be around for miles, not that it mattered with what Alice did. Alice bounced up and down.

Harry enjoyed her, slowly working into her with thrusts. She clung onto him, almost afraid of what happened if Harry's rod left the inside of her body. He pushed deeper inside of Alice, rocking his hips up and down inside her body.

"Right there, harder, please, harder," Alice chanted.

Alice brought her nails down onto the back of Harry's neck, riding him like there was no tomorrow, and for her, there might as well have not been one. All she could do was bring her slick walls further down on Harry's rock hard rod.

The orgasm coming through her body coated Harry's hard cock with Alice's slick juices. He hung onto the beautiful creature of the night when she went up and down on them.

Three orgasms changed in succession, with Harry manipulating her pleasure now. He was like an artist, and her body was the canvas to work on. Alice drove herself down onto him, legs gripping his waist. Alice wanted the full pleasure, the full experience.

She wouldn't burn herself out, although there were some times where Harry tested her.

"And here you go, time for you to cum harder than you ever came before."

Harry pulled the right string. Warm juices fired through Alice's wet pussy. She clamped down onto Harry, bringing her hips down onto Harry. More pumps brought Harry deeper inside of her body.

"There it is, right there, you know what I like," Alice said.

"Yes, I know what you like, and I know you can't have enough of it," Harry said.

Alice came down from her orgasm. Harry sped up for the next volley of thrusts. Her tight, wet walls milked Harry when coming up and down at an immense speed.

"Yes, baby, right there," Alice responded to him.

The pace had been picked up with Alice rising and dropping down on Harry. Her slick walls closed in around Harry, and sucked more of his throbbing length inside her body.

"You can never have enough of me," Harry said. "Incredible….but it's to be expected."

Alice nodded in confirmation, it amazed her just as much as it did Harry. His hands grabbed the small of her back and kept guiding Alice up and down. She pumped Harry further inside of her.

"Get ready, here it comes."

Harry sped up to the next level. Alice hung on to enjoy the ride with her pussy being hammered at hyper-speed. Every wave of pleasure shot through Alice's body. Harry held onto her hips, ramming her tight womanhood as hard as possible.

Alice rocked her hips down on Harry. These bi-weekly meanings always pushed her to new pleasure. Harry's fingers rested on her hips now and slowly encouraged her to go the extra mile. Her body went into overdrive, rocking up and down on Harry.

She came harder one more time. Harry held onto her tightly, pushing Alice to the brink of pleasure.

Everything reached the edge, and Harry was about ready to send his gift into Alice.
"Harry, don't hold out on me," Alice said.

Harry wasn't going to hold out on her. She didn't slow down either, running her slick walls down onto Harry. Alice tried to pump him inside of her, milking him out.

A tightening of Harry's balls showed the orgasm was here. He sprang back and fired, firing his thick load inside of her.

The warm rush of fluids sent Alice spiraling into a wave of never ending pleasure. She rode up and down to milk Harry down to the very last drop. He shot seed into her, with it overflowing inside of her loins.

The vampire slid off of him, crawling backwards so she could catch sight of the cum. The sultry creature leaned down on the bed to catch the seed and taste herself on Harry.

Alice's thighs spread when lying back down on the bed. Harry climbed up on top of her body, his hard cock against her entrance.

"You always have to tempt me."

Alice grinned when feeling Harry's strong body pressed against hers. His cock head tickled her navel before going down to brush against her. Harry decided to spend some time toying with her breasts. Those hardening nipples caused Harry to smile when working them over.

"I'm going to fuck you until you pass out."

"Please."

Harry smiled and grabbed Alice's hips. It would take a lot to wear her out, but Harry had her set up for the kill. His hands held her hips tightly.

Alice waited for Harry's hard rod to penetrate her walls. The manhood slipped inside of her, stretching out her womanhood. Alice leaned back on the bed, taking more of Harry's long throbbing length inside of her.

The thrusts started slow as usual. Every now and then, Harry forced himself inside of her with more force with jolted Alice. It also caused her to run her nails down Harry's back to make her want more. Her mouth watered at the sight of Harry's cock sliding out of her before slowly working its way back into her.

Harry lengthened the torment, making sure she felt every single inch when it slid into her. Alice reached up to grab Harry's shoulder when he pushed into her.

Faster, Harry went faster after the first orgasm in this position. Her legs spread out well which allowed Harry to reach down and start to stroke them. Harry pushed deep into her, ramming his hard cock inside her.

Alice could feel herself tested to the limits of what anyone should be able to go. Harry's long cock shoved deeper inside of her womanhood. The two of them worked up against each other.

"You think that feels good?" Harry asked. "You've seen nothing yet.....I'm really going to make you feel this one for the next two weeks."

Alice really wished it would be sooner. Still, anticipation made her feel so good, and the mind-blowing sex was ten times better when she anticipated in for two entire weeks, which sometimes
felt like two years given how good it was. Harry pushed his manhood inside of her, and worked her further.

"Until I make you feel it all again."

A moan indicated she got into this rough, hard, plowing. Harry rose almost all the way up from her and drove his hard manhood deep inside of Alice's gushing cunt. He kept working her to a fluid, fever pitch, never one backing up from where he was.

"Yes, make me feel it again!" Alice yelled. "Make me feel your hard cock all night long!"

Alice locked her legs around Harry's hips, and he increased the fluid thrusts inside of her. She rose up higher to meet Harry's hard cock when it penetrated her, with a constant flurry of thrusts.

"How's that?" Harry asked.

"It's wonderful!" Alice yelled at the top of her lungs. "More, I need more, please!"

Harry wasn't going to deny her what she wanted. He pinned Alice down on the bed and fucked the ever living daylights out of her. Her body thrashed underneath. Alice's hands grabbed onto Harry, and she pushed his face closer towards her breasts. Harry took the greedy nipples into his mouth and sucked them hard.

Pleasure cascaded through every nerve-ending of the vampire's body. Alice worked herself, closer to the edge. Soon, she would come, and it would be very spectacular when she did so. She held onto him.

"You're going to get more," Harry told her. "You're going to cum hard, harder than you ever thought you could?"

Alice leaned into the bed, feeling Harry spike into her pussy. He gave new meaning to the words cumming hard. Harry pushed deeper inside of Alice, firing his hard rod inside of her very moist, tightening womanhood.

Harry wasn't kidding about how he wanted to fuck her senseless. He didn't need to hold back on Alice. The sexual energy cascading from her body fed from Harry. He drank it up like mother's milk and reversed the pleasure back into Alice.

The Incubus enjoyed these bi-weekly encounters. He thought about making them more often, but there were many other lovely ladies who deserved attention. So, it wouldn't be prudent for him to play favorites.

Alice thrashed up and down on the bed. Every time Harry buried his length into her, she moaned in his ear.

"Hopefully, you keep up with me until the end."

Orgasms chained together and bombarded Alice like it was no one's business. He also worshipped every inch of her body within reach with a series of intense kisses. Alice brought her hips around Harry, taking him into her.

Harry eased up for a moment before going back in for the kill. He pushed himself further, all the way to the edge, and beyond as well.

Alice saw stars from her latest orgasm. Her body warmed up with passion and gushed. The vampire
saturated Harry's cock with her warm nectar.

Their time, unfortunately, ran short. Harry wasn't going to leave Alice hanging though. He decided to bring forth the force of every single orgasm she felt tonight. Alice's core grew scorching hot and she released enough juices to flood a desert.

Harry brought his cock into Alice, shooting his load into her. Their juices combined with each other in a lovely batter. Harry rode out all of her orgasms, and pumped her full of a thick supply of cum.

As good as Alice felt, and as hard as he fucked, she might be sitting her drooling two weeks later, ready for the cycle to continue.

Harry pulled from her, and leaned down, kissing her on her warm lips, before fading off into the night.

Alice's pussy twitched and gushed with an overflow of cum, having blacked out with a wide grin on her face.

End.
Daisy allowed the leather jacket she wore to drop to the ground. It left her wearing nothing other than a form fitting tank top which stretched over her ample breasts and a pair of very tight yoga pants. She stepped into the middle of the sparring room.

Harry stepped into the room and wore a tight tank top which allowed Daisy a nice view of his chiseled arms. The view caused Daisy to start drooling, no matter how much she tried to keep her eyes on the prize. The form fitting pants he wore also showed his body. His dazzling green eyes and messy black hair made Harry irresistible to most women.

"So, are you ready?"

The SHIELD agents snapped out of her thoughts, which did not involve the sparring session. Daisy responded with a nod, her face contorting in a very obvious smile when the two of them crossed into the center of the room. She put her hands on her hips and leaned closer towards him.

"Yeah, bring it."

Harry smiled, pleased to see how anxious Daisy was. The two agents circled each other and she went for the first punch, an uppercut. He caught her arm and slipped behind Daisy. He grabbed her in a waistlock and pushed her back down onto the ground.

The biracial SHIELD agent closed her eyes, feeling Harry taking her down into the ground in a back mount position. It was very hard for Daisy to concentrate with how Harry gripped her waist and also where he put his hands. He stepped back and allowed her to get up.

"Okay, that was just a warm up."

Harry smiled and Daisy locked him in a grapple type position. He put his foot underneath her ankle and swept Daisy down to the ground. He climbed on top of her, pinning down to the ground. Harry leaned in and put his hands around the back of her head, pressing against her.

Daisy knew if Harry moved close, he could feel her nipples stabbing out through the edge of her shirt. She wasn't wearing a bra and this point could be obvious if Harry saw her. He backed up from Daisy and allowed her to stand back to his feet.

"A warm up?"

Daisy moved around, trying to slid between Harry's legs. Harry caught her and held Daisy's head into place, pushing her back down. He pushed his hand down onto the side of her neck and Daisy realized how close her face was to his crotch. She let go and Daisy bounced up. She managed to take him down. Daisy straddled the top of Harry, holding him down.

"Now, I've got you now."

Instinctively, Daisy rolled her hips down on top of Harry's. Harry looked up with a slight smile crossing over his face, grabbed Daisy and flipped her over onto the ground. He reversed the
position, hooking himself around Daisy and pinning her down to the padded mats.

"Oh come on!" Daisy yelled.

"You're just going to have to switch up your tactic's, Agent Johnson. Get creative….use your full skill set to defeat your opponent."

A naughty idea flew through Daisy's mind. So he wanted her to use her full skill set to defeat him? Well, Daisy had an idea, a brilliant idea. Dare she try and pull it off? It was worth a shot though. Daisy climbed up to her standing position and motioned for Harry to come at her one more time.

The two of them locked up into place, with Daisy dropping down. She hooked the edge of Harry's pants and pulled them down. His already half-hardened penis came out and hit Daisy right in the face. Daisy grabbed it in her hand and squeezed it.

Harry admired her daring and also her tongue encircling his throbbing manhood. Daisy's warm and wet mouth wrapped around his hard tool. She worked him inside of her, the tip of his cock brushing against the back of her throat. Daisy held onto Harry and pushed further down onto Harry's magnificent rod.

Daisy enjoyed the taste of Harry's cock, and if she needed to suck it to get an upper hand, then so be it. Harry grabbed the back of Daisy's hair and pushed his manhood deep inside of her mouth. The length slid into her. Daisy slid further down, her nose touching his pelvic bone.

Her throat vibrated slightly and sent pleasurable jolts up Harry's long cock. Harry held the back of Daisy's head and shoved more of his long rod down her throat.

"Having fun?" Harry asked her.

Daisy bobbed up and down on his manhood, feeling him. She cupped those big balls and gave them a nice squeeze. Harry pushed himself into the back of her throat. The tip of his cock touched her when his balls kept smacking against her chin.

Harry held on to use Daisy's throat as his own personal fuck hole. He shoved the full length inside of her tight throat for a couple more minutes, pounding the back of her throat. Harry held onto her hair and shoved his long cock inside of her womanly hole.

Suddenly, Harry's balls released their cum inside Daisy's throat. The warm liquid flooded her. Harry held onto her cheeks which looked overstuffed from the sensation of Harry driving his mighty tool deeper inside of her mouth.

Daisy sucked down the warm fluids and her body buzzed. Harry pulled her up to her feet with a smile and grabbed the underside of her shirt. Harry yanked it up to allow Daisy's breasts to bounce into the wall. He gripped the underside of them and squeezed her nipples, before running a finger down them. He moved closer towards the edge of her pants.

"Expect anything."

Harry rolled Daisy's tight pants down to reveal a pair of black thong panties. He turned Daisy around and started to feel up her warm, firm body. Her sensual, fit body worked well. Harry stopped to cup her ass which had been covered through the thong. He locked one of his fingers into the small string of fabric and snapped it.

The crack resulted in Daisy's pussy throbbing. Harry pulled down her panties and exposed her shaven mound out to the air. He brushed his finger down before leaning in and kissing the back of
Daisy's neck. He marked Daisy, for his own. Daisy leaned in, breathing in pleasure.

Daisy felt his fingers inside her when she pressed against the work out bench. A long throbbing cock brushed against her smooth thighs as well.

"I'm going to eat your pussy," Harry said. "And then, I'm going to fuck you until you black out."

Daisy wasn't going to have any problems with Harry doing that. He spread her legs and started to eat her out. Harry dove in and really caught every inch of her with his talented tongue. He nibbled the outer lips before entering her and licking out the core. Her insides had been pleasured and Daisy had been driven completely nuts.

Harry drank in the lemony taste from Daisy. Her pussy gushed a lot, and Harry kept running his fingers on the outside. He touched her clit. The barest of brushes resulted in Daisy becoming undone and Harry slurping her womanly juices out of her.

"Harry, Harry, please," Daisy panted.

It was so go to be eaten out. Daisy had been driven to the edge of multiple mind numbing orgasms. Harry pushed his face in between Daisy's moist thighs and went deeper into her. His tongue reached the edge, slurping the juices from between her legs.

Harry smiled and pulled away from her after having drunken his fill from her pussy. He grabbed Daisy's thighs and spread them apart. Her hands pressed down on the workout bench. Harry reached behind her and grabbed her breast, squeezing it.

"Please," Daisy begged him.

Daisy's knees buckled underneath her from Harry pushing a throbbing head against her entrance. The swollen manhood pushed deeper into Daisy. Her walls spread out to accommodate him.

Harry closed his eyes, holding onto Daisy's lower back. He pushed deep inside of her and stretched out her pussy with his engorged manhood. He rocked back an inch before pushing himself deeper into Daisy. He pushed her back against the wall.

Her body covered with a shine of sweat. Harry pulled almost out of her and shoved his length back into her. Harry's balls throbbed when touching her pussy lips. He buried deep inside of Daisy with a couple of long thrusts, working himself further into her.

Daisy rocked herself back, in more ways than one. The ground started to shake a little bit as did the walls. Harry leaned in to grab her hair to make her focus while ramming into her.

"And that's why we remove all of the breakables from the walls before we do this."

The Inhuman just grinned when receiving the full blast of Harry's cock buried inside of her body. He held onto Daisy and rocked his way into her body. He sped up on each orgasm. Daisy clenched and released him the deeper Harry brought his large cock inside her body.

"Yes, yes, it's all your fault....."

It was all his fault Daisy experienced a toe-curling orgasm which rocked her to the very being in more ways than one. Harry's fingers dancing up her body in time with his cock being inside of her made Daisy be dragged closer towards the edge. One more thrust, and she would lose it.

Harry was well aware how much Daisy would lose it. Also, the little spot behind her ear was
particularly sensitive. Harry lightly nipped on it and caused her pleasure.

Daisy groaned, Harry's hands and mouth were just too much sometimes. It didn't even have anything to his cock. His big throbbing veiny cock coupled with balls so swollen, Daisy thought she could drown on the contents if she wasn't careful.

The clenching feeling around Harry made him know he was getting progressively closer to finishing Daisy off. He wasn't going to back off from her though. He just kept moving forward, and bringing himself manhood first into her wet womanhood.

"Closer," Harry told her.

"I know," Daisy said.

Daisy wondered how many more orgasms she would get before Harry filled her completely. She knew it came closer. The body of the beautiful government agent sized up and began to release a swelling of energy. Harry picked up the pace and brought his hard cock inside of her. Those big balls rocked her insides and made Daisy feel really glad she got a piece of Harry.

"Almost there," Harry informed her.

Daisy wondered if he talked about her or him. It didn't really matter at this point. He hammered her cunt and brought a feeling of great lust through Daisy's body. Her nipples hardened with Harry lavishing the attention on them. He cupped and rubbed her breasts while pushing deeper inside of her.

"Yes, yes, yes!" Daisy mewled at the top of her lungs.

Harry worked his rod into her tight body. Every single thrust brought those hardening balls deeper inside of her willing, waiting, and tightening cunt. He pushed almost all the way out of her and then brought his hard cock inside of her body with a lengthy thrust.

Ladies first, with Daisy's body sizing up around his manhood. She milked him, moaning loudly against the wall. The orgasm caused her body to rock not to mention the entire room.

The green-eyed sorcerer held on for the ride, planting his hard cock inside of Daisy's clenching womanhood. He pulled almost out of her and then planted back into her. His manhood pushed deeper inside of her, riding her to the edge of at least two orgasms.

He lost it. Harry lost it and just let it go. His balls contracted and released to fire the seed inside of her clenching hot womanhood.

The first bursts of cum struck Daisy and filled her womb up with his seed. She grabbed onto the table, submitting to a tactic which no woman could resist. Harry pounded her until the edge, riding out both of their orgasms.

The two of them separated, and Harry sat down on another bench. Daisy pulled herself off of the workout bench, and climbed over on top of Harry. Her dripping pussy rubbed over Harry's cock when she moved closer towards her. She gripped Harry by the back of his head and moved closer towards him.

"I think you're good for a couple more rounds, stud."

Harry smiled, he should have known Daisy wasn't just going to tap out after one round. Daisy slid herself on top of Harry, her wet pussy grinding up against Harry. She started to bounce up and
down Harry's lap for a moment until the very instant where Harry slid inside of her.

Her womanhood clamped down onto his large manhood. Harry grabbed Daisy's waist to hold her into place. It took almost a moment for her to settle in bouncing up and down on Harry's manhood. She rode up and pushed down onto him.

Harry leaned Daisy back while she bounced. She tilted back just enough for Harry to gain access to the side of her neck and breasts.

"You're just…so much," Daisy said.

"I have to be to keep up with you," Harry said. "I wonder what spot is going to drive you the most wild? Is it there?"

Harry brushed a finger down the small of Daisy's back which caused her to whimper.

"Or is it elsewhere?"

A hearty squeeze of her juicy rear made Daisy bring herself down. Harry cupped her ass to encourage Daisy to ride him.

The well lubricated pole shoved between Daisy's very moist and very hungry thighs. The Eurasian girl bounced down on his throbbing pole and pushed Harry deeper inside of her. She rose almost all the way up and lowered down onto him.

"You're the perfect size," Daisy breathed.

"I'm glad I meet your standards."

Pleasure rocketed through Daisy when he rose up completely into her. She rewarded Harry for making her feel so good by worshipping the sexy wizard beneath her cunt with her lips and also her breasts. Daisy kissed every inch of flesh she could find. Harry returned by massaging her back and down her legs.

She squeezed Harry very hard when coming up and then dropping down. The twelve inch rod being worked pushed deeper inside Daisy. Harry held onto her, his fingers pushing against her when she came up and down on them.

"Suck my tits," Daisy said. "Suck my tits because it feels so good….spank my ass while you suck them too!"

Daisy panted at Harry slapping her ass. It just encouraged Daisy even more to ride her stallion until he buried into her body. She clenched and released Harry in steady motions to work out her cunt muscles.

Harry found himself happily buried between Daisy's breasts when he guided him in. Those warm round robs tasted salty and Harry could not wait to lick them.

"So tight," Harry groaned. "I wonder how you stay this way."

"Inhuman genes," Daisy said. "They can be pretty useful sometimes. But…enough talk, more fuck."

Daisy milked his rod in time with her pumps. She rose and lowered down on Harry. His mouth worked her breasts and encouraged more of this behavior. Harry caught Daisy in a very sensitive
spot on her right breasts and it opened the floodgates in many senses of the world.

The lovely juices trickled down Harry's cock. He dug his nails into her lower back and squeezed her ass, the further Daisy pushed down onto him.

"You want to finish in my ass?" Daisy asked. "Go ahead, honey, it's all yours….nice and easy."

Daisy shifted herself and opened her nice, asshole for Harry. Her cheeks slid down Harry. His cock already had been well lubricated by her juices.

A very height, tight hole surrounded Harry's cock. He grabbed Daisy's juicy cheeks for momentum and slid his tip into her. Every inch pushed deep inside of her.

"Damn, you have such a sexy ass," Harry said. "You're not going to be able to sit down for a week when I'm done with it."

Daisy held on, trying not to fall back. She turned around to face away from Harry, before sliding his cock back into her ass. Those balls rested on her pussy when the cock shoved into her ass.

Harry leaned back on the bench, her furnace of an ass clenching around him. He dug his fingers inside of her ass. He always liked a girl with a nice, sexy ass. And Daisy's ass looked pretty good, especially when she wore SHIELD's uniform.

"Fuck my ass raw!" Daisy encouraged him.

"Don't worry your pretty little head off," Harry said. "I'm going to make you really feel what it's like to have your ass worked over."

Harry pushed himself deep inside of Daisy to the point where most men would have popped. His will had been reinforced just in time to shove more of himself into her body. The momentum increased.

Daisy breathed in, biting down on her lip. Eventually, all of her thoughts turned to pure lust. The ground shook beneath them as Harry pounded her ass. Daisy slipped a finger inside her which vibrated very so slightly. It rocked her loins and brought her an increasing amount of pleasure.

The pounding grew more intense when the time ticked up. Harry worked over Daisy's ass like it owed him money. Daisy closed his eyes.

"Take out all of your stress on my ass!" Daisy yelled.

"Who does your ass belong to?"

"My ass is the sole property of Harry Potter!" Daisy yelled. "Harder, fuck me harder."

Harry's fingers touched her dozens of places at once, he went deeper into her ass, and brought Daisy to a fitful orgasm. All of these pleasures at once would have broken a normal human mind, but thankfully Daisy was inhuman. She knew what it was like to feel too much pleasure.

"Shit, it's so fucking good!" Daisy yelled. "Ram my ass, with your throbbing hard cock. Drill me deep in my ass….make me cum all over your thick fucking fingers."

Daisy succumbed to the pleasure of another mind numbing orgasm. She rocked up and down on Harry to slide his cock inside of her cheeks.

Harry prided himself of having great self-control. Great self-control or not, even he had his limits,
and Daisy Johnson's glorious booty was one where it tested his limits even more.

"Here I come."

Daisy's pussy leaked all over the bench. Harry scooped up the juices to force feed them to the woman. She sucked them off of his fingers eagerly, her entire body shaking.

'Good thing we pull off of the breakables off the wall.'

Harry tightened hard into her and plowed into her ass. His balls shot their load into her ass. Daisy's tight muscles clenched and released Harry until he was done.

Daisy turned around, wincing at her ass aching. It was worth the pleasure.

"So, same time tomorrow?"

"I think we should bump up to twice a day," Harry said. "If you're game for it?"

Daisy answered Harry's question with a very passionate kiss. Her tongue slid out from Harry's mouth.

"You know, I am."

End.
Aurora Sinistra let out her breath with a sigh and smiled very deeply. Tonight had been a nice night, clear skies, which allowed her to view the stars. Astronomy classes for the evening just wrapped up, and she wanted to unwind with a bottle of wine. Her office had a nice view of all of the stars. Many didn't appreciate the stories they told.

She slipped out of her teaching robes into something more casually. She wore a lacy black bra, a pair of lacy black panties, a garter belt and stockings. She slipped on soft bathrobe. The robes of Hogwarts hid the abundance of curves Aurora boasted of someone, although she still got a couple of appreciative stares from the people around her. And some of the male students weren't half bad, although there was one who she had her eye on to be honest.

And it wasn't like any other witch who had been old enough to know what sex was didn't have their eye on him as well. Aurora referred to Harry Potter. He was extremely handsome, tall, very fit, with his messy green hair. Aurora had been tempted several times to ask him to stay behind after class, or to oversee a more personal detention regarding him.

A naughty thought entered Aurora's mind when she downed a few swigs of wine. The boy's magical prowess was strong, and every witch knew powerful wizards were well equipped where it mattered. Aurora gave a smile when thinking about her fantasy with the young student. Her nipples hardened out just how gloriously taboo the thought was to be with Harry Potter.

She imagined taking him onto her desk and sucking his cock before riding him into an orgasm. Then, Aurora imagined him pinning down on the desk and dominating her with his big cock while Aurora screamed out his name. Her fingers dipped underneath her panties, between her thighs. Aurora started to pump herself.

She heard a noise, someone was lurking around the Astronomy Tower. It wouldn't be the first time someone snuck around. There had been rumors about the fabled late night shagging sessions up in the Astronomy tower. Aurora agreed they had been blown completely out of proportion, however she had caught students up here, obviously intending to take full use of the spacious area.

Aurora stepped forward and heard something, actually she bumped into something, very solid.

Now, she was able to put two and two together, being a very brilliant woman. Severus Snape complained about how Harry Potter had an invisibility cloak. Most of the times, the staff trained themselves to black Snape's words out of their mind, but this fact stuck with Aurora for some reason.

"Mr. Potter, you can come out now."

The cloak slipped off, almost in shock. Aurora saw Harry Potter's face, who looked like a dear caught in the headlights.

"Trespassing after hours is very dangerous," Aurora said.

"Professor, I can…."

"Mr. Potter, you can come out now."

The cloak slipped off, almost in shock. Aurora saw Harry Potter's face, who looked like a dear caught in the headlights.

"Trespassing after hours is very dangerous," Aurora said.

"Professor, I can…."
"You can explain?" she asked with a smile. "Oh, they all say they can explain. And I'm sure you have a pretty good explanation why you're lurking in the Astronomy tower at three in the morning."

Harry never meant to be caught. Sinistra seemed very fair most of the time.

"Mr. Potter, come with me."

He followed the woman into the tower. It didn't escape Harry's attention she dressed in a very a bathrobe which the bottom half flipped every time. Harry caught a hint of Sinistra's dark thighs.

"I can turn you in to the Headmistress, but I think we both agree, we'd like to avoid Professor Umbridge," Sinistra said.

"Yes, I've seen too much of her," Harry said. "Sorry, Professor…"

"No, need to apologize, I perfectly understand," Sinistra said. "You're here though, and I think I can let you off with a warning, if you do something for me."

"What?" Harry asked.

Aurora stepped closer towards Harry and placed a hand on his chest. She brushed a finger up against Harry, leaning very close to him.

"I'm a very lonely woman, trapped in the castle, for ten months," Aurora said. "I love my job, don't get me wrong? But, the lack of social life can be a killer."

Aurora placed her hands on Harry's shoulders and pulled him in closer towards her.

"And I remember how stressful OWL year could be, and given your circumstances, it's even more so," Aurora said. "I think the two of us can help each other relieve the stress…..."

Aurora ground her hips down onto Harry's. Harry groaned and she took his hands before placing them on her ass. Harry squeezed her firm bum with a little bit of encouragement.

"Would you help me, Mr. Potter?"

She reached up to cup Harry's face and leaned in. Her warm mouth engulfed Harry's with a hungry kiss.

Harry returned the kiss, his brain completely went on autopilot. His horny Astronomy professor offered herself up and he lived every school boy's fantasy to shag a sexy teacher.

Aurora stroked Harry's body and brought him closer into her. The two of them entered a passionate make out session with each other. Aurora pushed Harry towards her desk and straddled his lap. The two of them kissed each other.

"Let me slip into something more comfortable."

Something more comfortable involved Aurora taking off her robes and stripping to her lingerie. Harry watched her delicious, ebony body being revealed for him. Her nice breasts were just barely covered by a bra. Aurora reached behind her and unclipped her bra to release those round, tits out into the world.

Harry leaned closer towards her and took a handful of her breast. He squeezed Aurora's breast on his own accord. The left got attention first, and then the right.
"You like how nice they feel," Aurora said. "You like how soft they are, don't you?"

Aurora stepped back to both allow Harry further access to her breasts. He took in one of the caramel flavored nipples and sucked deep onto it. Harry sucked her right nipple before stroking her right breast.

"Let me help you."

Harry could feel his pants being unbuckled, dropping all the way to the floor. His boxer shorts came off, and Aurora smiled. She pulled out his piece of meat, wrapping it in her hand, and firmly squeezing it. She started to stroke Harry, and felt him grow in her hand.

"You have a nice size," Aurora said. "I can't wait to have it inside me."
