Stopping the Spiral

by Merfilly

Summary

Padmé chooses differently.

The war had kept them apart, too long, given how pregnant she was, but it did not take long to see that the madness begun on Tatooine had taken a firmer hold of her husband.

Padmé listened to every complaint, edged with the duality of both loving and hating Obi-Wan so much, seeing the breaking point just around the corner. This spiral downward was not something she could cure with love. There was something rotten in the core of Anakin's psyche, something she had been confronted with more times than she cared to count.

The poison was quick and painless.
